The Gender Studies Program explores, across disciplines and cultures, the changing roles, functions and images of women and men from feminist perspectives. The undergraduate major focuses on the evidence and argument about what the places of women and men are in culture and what they should be. Course offerings include interdisciplinary core courses, selected cross-listed classes in more than 20 departments and the upper-division community internship and senior seminar. Majors work with program faculty, in conjunction with USC Dornsife College Advising, to develop a four-year program designed to meet their individual needs. The program also offers a minor and a graduate certificate for students majoring in other disciplines.

## Requirements

### Requirements for the Bachelor of Arts in Gender Studies

For the lower division, one of the following courses may be selected as the requirement: SWMS 210 Social Issues in Gender or SWMS 215 Gender Conflict in Cultural Contexts. For the upper division, 32 units of SWMS courses, including SWMS 301, SWMS 311 and SWMS 410, are required.

### Honors Program Requirements

The Gender Studies Program offers a two-semester honors program, in which qualified students spend their first semester in an honors track in an upper division seminar, usually SWMS 410 Senior Seminar. During the second semester, all honors students are required to take SWMS 492 Honors Thesis, in which each completes a thesis project on a topic of his or her choosing under faculty direction. Contact the departmental honors director for further information. To graduate with honors, department majors must have a minimum GPA of 3.5 in their major course work.

### Gender Studies Minor Requirements

The program offers a minor for students specializing in other disciplines. Twenty units of course work are required for completion of the minor in gender studies: SWMS 210 or SWMS 215; SWMS 301; SWMS 410; and two additional 4-unit upper division SWMS courses. Since many SWMS courses are cross-listed, the two elective upper division courses must be from two different departments.

### Graduate Certificate Program

Graduate students intending to concentrate in gender studies must be admitted to a USC graduate or professional program. While meeting the requirements for a departmental graduate degree, they may earn a certificate of competency in gender studies. To earn a certificate, students must take SWMS 560 and other courses from the SWMS list of graduate level courses, 500 and above, to a total of at least 12 units. No more than four units of directed research may be taken and those units must be taken as SWMS 590. Each academic department will determine

the number of units completed which may be applied to the student's graduate degree in that department.

In addition to the completion of course requirements, students must include a focus on gender as part of their major department master's thesis, doctoral dissertation or law review note. Or they may take an oral examination on three research papers they have written within the areas of gender studies and on relevant graduate work pertaining to the field of gender studies. The oral exam will be administered by members of the Gender Studies faculty. A Gender Studies faculty member will be assigned as an adviser for each student. Gender Studies faculty will be responsible for judging the adequacy of the gender studies analysis in the student's thesis, dissertation or oral examination.

## Courses of Instruction

### GENDER STUDIES (SWMS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### SWMS 140g Contemporary Moral and Social Issues (4) (Enroll in PHIL 140g)

**SWMS 210gm Social Issues in Gender (4, FaSp)** Multidisciplinary survey of gender assumptions in relation to sexuality, mental health, social and political relations, and artistic expression. *Concurrent enrollment:* WRIT 140.

**SWMS 215g Gender Conflict in Cultural Contexts (4, Fa)** Identification and examination of social and cultural conflicts through the lens of gender, and comparison of such conflicts across cultures, regions, and historical periods.

**SWMS 225 Gender, Sex, and Science: A Gender Studies Approach (4, FaSp)** Study of sex, gender in relation to science and social sciences; survey of scientific methods, approaches, current research; investigation of gender influences on scientific research.

#### SWMS 245gm Gender and Sexualities in American History (4) (Enroll in HIST 245gm)

**SWMS 300 Women in Antiquity (4)** (Enroll in CLAS 300)

**SWMS 301m Introduction to Feminist Theory and the Women's and Men's Movements (4, FaSpSm)** Theories of feminism; historical, social and cultural perspectives of the women's movement in America, Europe, and in developing countries; men's roles in the feminist movement.

**SWMS 302 From Sappho to Stonewall: Lesbians in History (4, Sp)** (Enroll in HIST 302)

**SWMS 303 From Goddesses to Witches: Women in Premodern Europe (4)** (Enroll in HIST 305)

**SWMS 304xm Italian Renaissance Art: Old Masters and Old Mistresses (4)** (Enroll in AHIS 304xm)

**SWMS 305 Childhood, Birth and Reproduction (4)** (Enroll in ANTH 305)

**SWMS 307 Women in Medieval Europe, c. 1000-1500 (4, Fa)** (Enroll in HIST 307)

**SWMS 311 Gender Studies and the Community: Internship (4, FaSpSm)** A combination of internships in the community and an intensive seminar on the relationship of the students in the academic community with the larger urban community of which it is a part.

**SWMS 316 Gender and Global Issues (4)** (Enroll in IR 316)

**SWMS 320 Male and Female in Pacific Society (4)** (Enroll in ANTH 320)

**SWMS 321 Gender and Judaism (4)** (Enroll in JS 321)

**SWMS 324 Women in Medieval and Renaissance Europe (4)** (Enroll in COLT 324)

**SWMS 330 Culture, Gender and Politics in South Asia: Afghanistan, India, Pakistan, Nepal (4)** (Enroll in ANTH 330)

**SWMS 335 Gender, Religion, and Sexuality (4)** (Enroll in REL 335)

**SWMS 336 Health, Gender and Ethnicity (4, Sp)** Cross-cultural notions of the body, health, and healing; historic and cultural variability of ideas of reproduction, birth, sexuality, mental illness, and disability.

**SWMS 345 Men and Women in United States History from the 1920s to the Present (4)** (Enroll in HIST 345)

**SWMS 347 Race, Gender and Power in Francophone Literature (4)** (Enroll in FREN 347)

**SWMS 349 Women and the Law (4, Fa)**  
Discussion of the relationship between women and the law in light of feminist jurisprudence, U.S. Supreme Court decisions, and cross-cultural perspectives.

**SWMS 355 Transgender Studies (4, Sp)**  
Analysis of transgender behaviors, from androgyny and transvestism to transexuality. Discussion of changing laws, representations, medical standards, and social attitudes towards transgender and intersex people.

**SWMS 363m Race, Gender and Sexuality in Contemporary Art (4)** (Enroll in AHIS 363m)

**SWMS 366m Chicana and Latina Sociology (4)** (Enroll in SOCI 366m)

**SWMS 369 The Family in a Changing Society (4)** (Enroll in SOCI 369)

**SWMS 370 Family and Kinship in Cross-Cultural Perspective (4)** (Enroll in ANTH 370)

**SWMS 372 Human Sexuality (4)** (Enroll in PSYC 372)

**SWMS 374gm Women Writers in Europe and America (4)** (Enroll in COLT 374gm)

**SWMS 375 Women and Gender in China: Past and Present (4)** (Enroll in EALC 375)

**SWMS 377 The Image of the Journalist in Popular Culture (4)** (Enroll in JOUR 375)

**SWMS 380 Sex and Gender in Anthropological Perspective (4)** (Enroll in ANTH 380)

**SWMS 381 Sex, Power, and Politics (4)** (Enroll in POSC 381)

**SWMS 382 Political Theories and Social Reform (2 or 4)** (Enroll in POSC 380)

**SWMS 383 French Women Writers (4)** (Enroll in FREN 383)

**SWMS 384m Gender, Social Inequality, and Social Justice (4, Fa)** Analysis of the most effective strategies and techniques for reducing prejudice against racial/ethnic minorities, women, gays and lesbians, and others subjected to stigma.

**SWMS 385m Men and Masculinity (4)** Interdisciplinary examination of social, personal meanings of masculinity; variety of male experience by social class, race, sexuality, and age; emerging masculinities of the future.

**SWMS 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SWMS 395m Gender, Media and Communication (4)** (Enroll in COMM 395m)

**SWMS 402 Human Trafficking (4, FaSp)** (Enroll in SOCI 402)

**SWMS 410 Senior Seminar in Gender Studies (4, Fa)** Study of a selected problem, period, or theme in the study of women and men in society by integrating perspectives from cross-cultural and interdisciplinary studies.

**SWMS 412 Gender, Sexuality and Media (4, max 8)** (Enroll in CTCS 412)

**SWMS 415 Ecofeminism (4, Sp)** Examination of the philosophy and politics of Eco-feminism. It will critique the ideologies that link the oppression of women to the exploitation of nature. *Recommended preparation:* SWMS 210 or SWMS 301.

**SWMS 420 Woman, Nature, Culture: The Behavioral Ecology of Women (4, FaSp)** Analysis of theoretical perspectives and empirical data from biology, psychology and anthropology that relate to women's physiology and behavior.

**SWMS 425 Queer Los Angeles (4, Sp)** Interdisciplinary study of queer Los Angeles through examination of histories, memoirs, essays, fiction, poetry, documentaries, narrative films, and local archives.

**SWMS 426 Gender, Family and Society in Europe and the United States, 1500-Present (4)** (Enroll in HIST 426)

**SWMS 434m Women and Aging: Psychological, Social and Policy Implications (4)** (Enroll in GERO 435m)

**SWMS 435m Women in Society (4)** (Enroll in SOCI 435m)

**SWMS 437m Sexuality and Society (4)** (Enroll in SOCI 437m)

**SWMS 440 Women's Literature in Germany I (4)** (Enroll in GERM 440)

**SWMS 442m Women's Spaces in History: "Hussies," "Harems," and "Housewives" (4)** (Enroll in ARCH 442m)

**SWMS 445 Studies in Gender and Feminism (4)** (Enroll in FREN 445)

**SWMS 455m Gender and Sport (4)** Sport as an institutional locus for construction of gender relations; lives of female and male athletes; issues of sexuality, violence, racism, spectatorship, and media.

**SWMS 456 Women in International Development (4)** (Enroll in POSC 456)

**SWMS 465 Gender in Media Industries and Products (4)** (Enroll in COMM 465)

**SWMS 467 Gender and the News Media (4)** (Enroll in JOUR 467)

**SWMS 469 Women in English Literature before 1800 (4)** (Enroll in ENGL 469)

**SWMS 470 Women in English and American Literature after 1800 (4)** (Enroll in ENGL 470)

**SWMS 476m Images of Women in Contemporary Culture (4)** (Enroll in ENGL 476m)

**SWMS 478m Sexual/Textual Diversity (4)** (Enroll in ENGL 478m)

**SWMS 490x Directed Research (2-8, max 8, FaSpSm)** Independent research and readings. Not available for graduate credit.

**SWMS 492 Honors Thesis (4, Sp)** Writing of the honors thesis; for students in the Gender Studies Honors Program. Open only to gender studies majors. *Recommended preparation:* SWMS 410.

**SWMS 499 Special Topics (2-4, max 8)** Study of a selected problem, period, or theme through interdisciplinary approaches.

**SWMS 504 Theories of Race, Class, and Gender (4)** (Enroll in ENGL 504)

**SWMS 505 Seminar in Feminist Theory and Art History (4, max 8)** (Enroll in AHIS 505)

**SWMS 507 Gender and International Relations (4, Irregular)** (Enroll in IR 507)

**SWMS 508 Ethics of Liberation Theology (4)** (Enroll in REL 508)

**SWMS 509 Culture, Gender, and Global Society (4)** (Enroll in IR 509)

**SWMS 516 Seminar: Feminist Theory and Communication (4, 2 years, Sp)** (Enroll in COMM 516)

**SWMS 544 Feminist Theory for Historians (4, Fa)** (Enroll in HIST 544)

**SWMS 546 Comparative History of Women and Gender in the West to 1800 (4, Fa)** (Enroll in HIST 546)

**SWMS 548 Fertility Control Policies (4)** (Enroll in SOCI 548)

**SWMS 550 Gender and Education in the Third World (3)** (Enroll in EDPA 550)

**SWMS 551 Studies in the History of Women, Gender and Sexuality (4, max 8)** (Enroll in HIST 550)

**SWMS 552 Sex and Gender in Society (4)** (Enroll in SOCI 552)

**SWMS 554 Women in Global Perspective (4)** Women and immigration, employment, and household and family relations in the context of the global economy; women's social and political movements in diverse cultural contexts.

**SWMS 556 Seminar on Women and the Family in China (4)** (Enroll in EALC 556)

**SWMS 560 Feminist Theory (4, FaSpSm)** History of feminist theory and major perspectives of current feminist theory: liberal feminism, socialist/Marxist feminism, radical feminism, psychological feminism, spiritual feminism, and ecological feminism.

**SWMS 575 The Ethics of Women's Liberation (3)** (Enroll in REL 575)

**SWMS 577 Therapy, Gender, and Ethnicity (3)** (Enroll in SOCI 577)

**SWMS 588 Seminar in Gay, Lesbian, Bisexual and Transgender Studies (4)** Interdisciplinary cross-cultural, historical, psychological, sociological, and contemporary political perspectives on female and male homosexual eroticism, and the emergence of gay, lesbian, bisexual, and transgender identities.

**SWMS 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SWMS 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**SWMS 599 Special Topics (2-4, max 8)** Seminar in selected topics relating to gender and feminism.

**SWMS 621 Gender Discrimination (1-4, FaSp)** (Enroll in LAW 621)

**SWMS 623 Family Law (3 or 4)** (Enroll in LAW 623)

**SWMS 630 Studies in Gender (4, max 12)** (Enroll in ENGL 630)

**SWMS 650 Seminar on Women's and Family History (4, max 8, Sp)** (Enroll in HIST 650)

## Courses of Instruction

### GEOGRAPHY (GEOG)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**GEOG 255 American Environmentalism (4, FaSm)** Geographic and historic approach to the growth of environmental awareness in the United States from Colonial times to the present. Extensive use of case materials.

**GEOG 257g Environment and Ethics (4, SpSm)** Examination of ethical issues in environmental context: systematic analysis of problems associated with protection and use of selected environments. *Concurrent enrollment:* WRIT 140.

**GEOG 260Lg Natural Hazards (4, FaSp)** The nature and time/space distribution of extreme geophysical events (e.g., floods, droughts, earthquakes), and the range of individual and social adaptations to the resulting hazard.

**GEOG 345 Conservation of Natural Resources (4, Fa)** Interaction between resource conservation and people based on recent advances, current developments, and future resource utilization. Special attention to the western United States. Field trips.

**GEOG 360 Environmental Disasters (4, Sp)** Evaluates the causes, effects, and responses to international environmental disasters. Emphasis is on contemporary case studies in a theoretical context.

**GEOG 390 Special Problems (1-4, FaSp)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**GEOG 393 Field Techniques (4, Fa)** Field exploration of physical and cultural aspects of different regions, with emphasis on rural California. Field methods, especially mapping and interviewing.

**GEOG 397 Geography Internship (2-4, max 4, FaSpSm)** Intensive experience in local public agency, private firm, or non-profit agency engaged in applied geographic work. Graded CR/NC.

**GEOG 431 California's Changing Landscapes (4, Sp)** Type study of a region; distribution of physical and cultural phenomena; delimitation into natural regions; analysis of human-environment interaction in regions of the state. Field trips.

**GEOG 482L Principles of Geographic Information Science (4, Sp)** Introduction to evolving science, technology and applications of GIS. Laboratories provide experience with computer processing of geographic information using several GIS software and programming languages.

**GEOG 490x Directed Research (2-8, max 8, FaSp)** Individual research and readings. Not available for graduate credit.

**GEOG 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**GEOG 599 Special Topics (2-4, max 8, Irregular)** Seminar in selected topics in geography.

**GEOG 681 Environmental Modeling with GIS (4, 2 years, Sp)** Advanced topics related to the collection, analysis, modeling, interpretation, and display of environmental information using GIS and related technologies. *Prerequisite:* graduate standing and prior GIS experience equivalent to GEOG 482L.

**GEOG 682 Health and Place (4, Sp)** Examines the relationship between health and place and how geospatial approaches to analyzing and visualizing spatial data may advance our understanding of disease systems. Graduate standing.

**GEOG 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**GEOG 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

### Faculty

See also Slavic Languages and Literatures, page 465.

*Emeritus Professor:* Gerhard Clausing, Ph.D.

*Emeritus Associate Professor:* Cornelius Schnauber, Ph.D.

The USC Dornsife College of Letters, Arts and Sciences offers a variety of courses from basic and advanced language classes to literature classes and general and cultural topics.

Note: Students are no longer being admitted as majors in German.

### German Minor Requirements

REQUIRED COURSES, LOWER DIVISION		UNITS
GERM 101	German I	4
GERM 102	German II	4
GERM 201	German III, Conversation and Composition	4
GERM 221	Conversational German IV, or the equivalent by test	4

### REQUIRED COURSES, UPPER DIVISION

REQUIRED COURSES, UPPER DIVISION		UNITS
Four courses — 16 units in the two areas of concentration.		
One course from the following:		
GERM 310*	Business German I	4
GERM 311*	Business German II	4
GERM 470	Advanced Composition and Stylistics	4

\*Prerequisite: GERM 201 or the equivalent by test.

Three elective courses from the following (only one course each from HIST and IR may be counted toward the minor):

GERM 320	Composition and Conversation on Contemporary Affairs	4
GERM 325	Composition and Conversation in Cultural History	4
GERM 330	Introduction to Literary Studies	4
GERM 346	German Folklore and Popular Culture	4
GERM 352	Colloquium on Poetry	4
GERM 353	Colloquium on Prose	4
GERM 360	20th Century German Prose: Texts and Films	4

GERM 410	Profile of German Literature I	4
GERM 420	Profile of German Literature II	4
HIST 323	The Holocaust in 20th Century Europe	4
HIST 414	Contemporary Europe	4
HIST 427	The German Question: Nation and Identity in Modern Central Europe	4
HIST 428	Life and Death in Nazi Germany	4
HIST 445	Comparative History and Theory of Fascism and Nazism	4
IR 369	Contemporary European International Relations	4
IR 385	European Foreign Policy and Security Issues	4
IR 468	European Integration	4
POSC 463	European Politics	4

## Courses of Instruction

### GERMAN (GERM)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### GERM 020x Course in Reading German

**(2)** For graduate students who wish help in meeting the German reading requirement for the Ph.D. degree. Emphasis on development of reading skills. Not available for degree credit. Graded CR/NC.

#### GERM 025x Course in Reading German (2)

Continuation of 020x. Reading selections appropriate to candidate's major field. Not available for degree credit. Graded CR/NC.

**GERM 101 German I (4)** Introduction to modern German. Oral practice, listening and reading comprehension. Basic structures necessary for simple spoken and written expression.

**GERM 102 German II (4)** Continuation of German I. Introduction to German culture. *Prerequisite:* GERM 101.

**GERM 201 German III, Conversation and Composition (4)** Intermediate German. Increasing emphasis on listening and speaking skills and a review of basic structures of German. Discussion of cultural aspects. *Prerequisite:* GERM 102.

**GERM 221 Conversational German IV (4)** Conversational German in a variety of topical settings and vocabulary domains. *Prerequisite:* GERM 201.

**GERM 310 Business German I (4, Sp)** Introduction to German business language structure including correspondence and oral communication. In German. *Prerequisite:* GERM 201.

**GERM 311 Business German II (4, Fa)** Continuation of GERM 310. Terminology and style of commercial and legal texts, analyzed and applied in oral and written work. In German. *Prerequisite:* GERM 201.

**GERM 320 Composition and Conversation on Contemporary Affairs (4)** Practice in oral and written German, emphasizing contemporary cultural and social developments in the German-speaking countries of Europe. In German. *Prerequisite:* GERM 221.

**GERM 325 Composition and Conversation in Cultural History (4)** Practice in oral and written German, emphasizing the cultural history of the German-speaking countries of Europe. In German. *Prerequisite:* GERM 221.

#### GERM 330 Introduction to Literary Studies

**(4)** Review of essential literary terms, concepts, and critical methods through analysis and discussion of selected primary and secondary works. In German.

**GERM 335 Applied German Drama (4, max 8)** Works of a German playwright in their social and cultural context, leading to a dramatization of one of the works. In German.

**GERM 340 German Prose Fiction from Goethe to Thomas Mann (4)** Examines German prose fiction from the late 18th to the early 20th centuries, with particular emphasis on how narrative texts are constructed. In English.

**GERM 346 German Folklore and Popular Culture (4)** Survey and analysis of folklore and cultural phenomena, including tales, legends, and myths; folk and popular music; beliefs and customs. In English.

**GERM 351 Colloquium on Drama (4)** German drama from the 18th century, with emphasis on modernism (since Büchner) and the 20th century avant garde styles: Expressionist, Epic, Grotesque, Documentary, and Sprechtheater. In German.

**GERM 352 Colloquium on Poetry (4)** Definition and analysis of lyric genre through a study of major poets, such as Goethe, Schiller, Heine, Rilke, and Hofmannsthal; poetic traditions from the 17th century to the present. In German.

**GERM 353 Colloquium on Prose (4)** Study of German prose from the 18th century to the present; emphasis on narrative and thematic perspectives in relation to social change and on modernism since Kafka. In German.

**GERM 360 20th Century German Prose: Texts and Films (4)** Aesthetic and historical analysis of major German 20th century novels, complemented by brief study of cinematic adaptation of each text. Texts in English; films with subtitles.

**GERM 370 Literature and Culture in Vienna at the Turn of the Century (4)** Literature, culture, and society in Vienna 1890-1925; works by figures such as Schnitzler, Hofmannsthal, Kafka, Musil, Kraus, Schönberg, Kokoschka, Freud, Wittgenstein, and others. In English.

**GERM 372 Literature and Culture in Berlin of the 1920s (4)** Literature, culture, and society through works by figures such as Kaiser, Toller, Brecht/Weill, Piscator, Th. Mann, Doebelin, Lukacs, Heidegger, etc. Films: *Caligari, Metropolis, Berlin, M, Blue Angel*. In English.

**GERM 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**GERM 410 Profile of German Literature I (4)** Survey of major trends in German literature within their historical and cultural contexts from the beginnings to the Baroque period. In German.

**GERM 420 Profile of German Literature II (4)** Survey of major trends, figures, and authors in German literature and culture of the 18th and 19th centuries within the European context. In German.

**GERM 430 Age of Goethe (4)** Background and significance of the period; lyrics, major dramatic and prose works from 1770-1832; Storm and Stress; Classicism; Goethe and Schiller. In German.

**GERM 440 Women's Literature in Germany I (4)** Reading and analysis of medieval texts from German-speaking countries, written by and about women: science, love, poetry, letters, drama, mysticism, romance. Conducted in German.

**GERM 445 Europe and the Writing of Others (4)** (Enroll in COLT 445)

**GERM 460 Expressionism to the Present (4)** Representative authors and works since 1910; World War I, Expressionism, New Objectivity, World War II; literature after 1945: East and West, Swiss and Austrian.

**GERM 465 Germany East and West (4)** Study of the ideological, economic, social, and cultural differences between East and West Germany between 1945 and 1990 and their impact on today's unified Germany. In English.

**GERM 466 The German Speaking Nations (4)** Focus on the culture, history, and society of Austria, East and West Germany, and Switzerland. In German.

**GERM 470 Advanced Composition and Stylistics (4)** Development of competence in written expression; fundamentals of style in expository writing. In German.

**GERM 490x Directed Research (2-8, max 8)**  
Individual research and readings. Not available for graduate credit.

**GERM 499 Special Topics (2-4, max 8)** Intensive study of selected topics or regions.

**GERM 508 Bibliography and Research Techniques (4)** Bibliographic sources, reference works and periodicals, standard bibliographic formats; research methods and the writing of genres, stylistics, and textual interpretation.

**GERM 510 Methods of Literary Criticism and Linguistic Analysis (4)** Historical perspective on critical methods such as genre poetics, hermeneutics, Marxist and Freudian theories, structuralism, reception-aesthetics, literary semantics, pragmatics, and text linguistics.

**GERM 581 Weimar Culture (4)** A historical topic-oriented exploration of cultural activities in Weimar Germany. Examination of reflections of the social-political experience of the period in literary (essay, cultural critique, investigative reporting) and pictorial (painting, sculpture, photography, film) discourse.

**GERM 590 Directed Research (1-12)**  
Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**GERM 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**GERM 595ab Directed Readings (2-4, 2-4)**

**GERM 599 Special Topics (2-4, max 8)**  
Special topics such as concepts of government, roots of fascism, and ideologies of Hegel, Marx, Wagner, Nietzsche in German literature.

**GERM 637 Seminar in Brecht (4)**

**GERM 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**GERM 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Health and Humanity

Department of Anthropology  
Grace Ford Salvatori 120

Email: jsilverm@usc.edu

### Bachelor of Arts in Health and Humanity

The Bachelor of Arts in Health and Humanity is a liberal arts degree. It is intended for students interested in fields that inform the health professions and in related questions about health and human experience. Courses in this interdisciplinary major meet many of the requirements for admission to the professional programs in medicine, nursing and other fields, but do not meet all of those entrance requirements. Some electives in this major have prerequisites in mathematics and physics that cannot be counted toward the 36-unit requirement in major electives. Students should consult their academic advisers for precise information on prerequisites and admission requirements for specific health fields.

#### Summary of Requirements

Core: 24 units; experiential learning: 1-4 units; major electives: one thematic module 16-20 units, other electives 16-20 units; total requirements: 61-64 units including at least 36 upper-division units plus prerequisites for certain electives.

CORE (16 LOWER DIVISION, 8 UPPER DIVISION)		UNITS
ANTH 300	Evolution, Ecology, and Culture	4
BISC 120L	General Biology: Organismal Biology and Evolution, or	
BISC 121L	Advanced General Biology: Organismal Biology and Evolution	4
BISC 220L	General Biology: Cell Biology and Physiology, or	
BISC 221L	Advanced General Biology: Cell Biology and Physiology	4
BISC 320L	Molecular Biology	4
CHEM 105aLbL	General Chemistry, or	
CHEM 115aLbL	Advanced General Chemistry	4-4
EXPERIENTIAL LEARNING (1-4 UNITS)		UNITS
Choose one course. A health-related internship is required:		
AMST 365	Leadership in the Community	4
GERO 495	Practicum in Geriatric Care	4
MDA 250	Internship for Liberal Arts: Work and Career — Theory and Practice	1-2, max 4
POSC 395	Directed Governmental and Political Leadership Internship	4
SWMS 311	Gender Studies and the Community: Internship	4

MAJOR ELECTIVES		UNITS
Choose one complete thematic module from the list below (16-20 units). Then choose additional electives from the list of modules to equal nine courses (36 units) in all. No more than two courses may be lower-division (100 or 200 level). At least two courses must come from Group A and two courses from Group B.		
Group A		
<i>Bioethics Module (16 units)</i>		
ANTH 305	Childhood, Birth and Reproduction, or	
POSC 333	Stigma and Society: Physical Disability in America, or	
SOCI 475	Medical Sociology	
GERO 475	Ethical Issues in Geriatric Health Care, or	
OT 375	The Narrative Structure of Social Action: Narrative, Healing and Occupation	4
REL 319	Religious and Ethical Issues in Death and Dying, or	
REL 341	Ethics in a Technological Society, or	
REL 360	Ethical Issues in the New Medical Revolution	4
REL 460	Senior Seminar: Medical Ethics	4

*Emeritus Professors:* Gordon M. Berger, Ph.D.; Roger Dingman, Ph.D.; Charlotte Furth, Ph.D.; Paul W. Knoll, Ph.D.; Ernest B. Koenker, Ph.D.; Franklin D. Mitchell, Ph.D.; A. Lloyd Moote, Ph.D.; D. Brendan Nagle, Ph.D.; Edwin J. Perkins, Ph.D.; Charles R. Ritcheson, Ph.D., Litt.D.; John E. Wills, Ph.D.

*Emeritus Associate Professor:* Terry L. Seip, Ph.D.\*

\*Recipient of university-wide or college teaching award.

The Department of History offers courses in ancient, medieval and modern European history, including Russian history; in both North and Latin American history; in the history of East Asia; and in world history.

## Undergraduate Degrees

### Advisement

All history department majors should consult with the department student adviser. Students should seek an appointment early in each semester so that an advisement file may be established for each student. The file will be kept current.

### Major Requirements for the Bachelor of Arts in History

Ten courses in history are required, three at the lower division level and six at the upper division level along with HIST 300 Approaches to History. The three required lower division courses must include one from the 100 level and one from the 200 level, and each of the three must be from a different geographic category. The department will accept scores of 4 or 5 on either Advanced Placement European History or Advanced Placement American History as a substitute for one requirement at the 100 level. At the upper division, majors are required to take a minimum of three courses in a thematic, temporal or geographic concentration they articulate under the guidance of faculty; they must also take at least two upper division seminars, approved by the department, including one in their concentration. No more than 4 units of HIST 490 Directed Research may be counted as satisfying the upper division seminar requirement.

For geographic breadth, at least one of the 10 courses must be taken from approved course work in each of the three following areas: Asia and Eurasia, Europe, and North and Latin America. For temporal breadth, at least one of the 10 courses must be taken from approved course work in each of the three following time periods: before 1300, 1300 to 1800, 1800 to the present. Students must consult with

Some of the department's courses are chronological, some national or regional and some are thematic, with special strengths in gender, race and ethnicity, popular culture, medicine and urban history. The faculty is committed to continuous review and revision of the department curriculum, as student needs and professional emphases shift. Many departmental courses meet general education requirements, and various programs for majors and non-majors are available.

The department offers an honors program for qualified seniors. Honors programs are individually arranged through consultation with the honors director, and completion of an honors thesis is required.

a department adviser in order to determine which courses meet these requirements.

### Bachelor of Arts in History and Social Science Education

This degree is designed for students who are interested in a career in secondary school teaching. The courses chosen reflect the content of subjects taught in high schools and middle schools in California and therefore should be useful for those contemplating the profession of teaching history and social studies. It does not, however, provide a waiver of the CSET examination.

REQUIRED COURSES		UNITS
ECON 203	Principles of Microeconomics	4
ECON 205	Principles of Macroeconomics	4
HIST 240	The History of California	4
HIST 300	Approaches to History	4
HIST 349	Colonial North America 1600-1760	4
HIST 360	19th Century U.S. History	4
HIST 361	20th Century U.S. History	4
HIST 440	Early Modern World History	4
HIST 441	Modern World History	4
At least one of the following:		
HIST 101	The Ancient World	4
HIST 102	Medieval People: Early Europe and Its Neighbors, 400-1500	4
HIST 103	The Emergence of Modern Europe	4
HIST 180	The Middle East	4
HIST 275	The Worlds of the Silk Road	4
HIST 335	History of Japan to 1550	4

### Degree Programs

The Department of History offers the B.A., a minor, the M.A. and Ph.D. in History.

### Honor Society

The department sponsors its own local chapter of Phi Alpha Theta, the national history honor society. Phi Alpha Theta provides opportunities for students to take their interest in history beyond the classroom and to cultivate their intellectual pursuits in a community setting.

Membership is open to history majors and other interested students with a 3.33 GPA in history courses and a 3.0 overall GPA. For more information contact the honors director.

HIST 338	China to 960 A.D.	4
HIST 339	China, 960-1800 A.D.	4

At least one of the following:

HIST 104	Modern Europe	4
HIST 280	The Modern Middle East	4
HIST 333	Korea: The Modern Transformation	4
HIST 336	History of Japan, 1550-1945	4
HIST 340	History of China since 1800	4

At least one of the following:

HIST 369	Aztecs, Mayas and Other Indigenous Peoples of the Americas	4
HIST 370	Spanish America, 1492-1821	4
HIST 372	Modern Latin America	4

One of the following:

POSC 100	Theory and Practice of American Democracy	4
POSC 300	Principles, Institutions, and Great Issues of American Democracy	4
POSC 340	Constitutional Law	4

### Required Capstone Seminar

A capstone seminar, HIST 488 Teaching History in the Secondary Schools, will be taught by a member of the history department and will focus on the ways in which historical research is brought into middle and high school curriculum. Seminar participants will examine textbooks and other materials designed for history instruction; engage in independent research; write curriculum and/or classroom units or lesson plans; and visit classrooms to assist with history instruction in the schools.

**Bachelor of Arts in Middle East Studies**

See the Department of Middle East Studies, page 412, for a complete listing of requirements.

**Minor in History**

The minor in history is available to students in all schools and departments. The study of history deepens our understanding of peoples and societies and expands our knowledge of important issues operative in the world today. History minors will strengthen their skills in critical thinking, assessing evidence, and formulating clear and persuasive arguments both oral and written. History is essentially a laboratory of human experience, and students from a wide range of disciplines can discover new perspectives on their own intellectual interests through the study of the past.

*Prerequisites:* cumulative GPA of 2.0 or better and approval of a minor plan of study by the department's undergraduate adviser.

*Requirements:* 20 upper division units, including a minimum of 16 upper division units from Department of History offerings. Up to 4 upper-division units from outside department offerings may be included with the approval of the undergraduate adviser.

An appropriate capstone course chosen from HIST 300, HIST 440, HIST 441 and HIST 494 must be included in the proposed program as part of the departmental work. The capstone course will normally be the last (or among the last) courses taken for the minor.

**Honors Program**

The department offers a two-semester honors program, in which qualified students spend their first semester in an honors track in an upper division seminar or take HIST 490 Directed Research in their concentration. During the second semester, all honors students are required to take HIST 492 Honors Thesis in which each completes a thesis project on a topic of his or her choosing under faculty direction. Contact the department honors director for further information. To graduate with honors, department majors must have a minimum GPA of 3.5 in their major course work.

**Teaching Credential Requirements**

Credential requirements in California and elsewhere are complex and changeable. Students interested in preparing for public school teaching should contact the Credentials Office, Rossier School of Education, and the undergraduate adviser, Department of History, for up-to-date information.

**Interdisciplinary Minor in Early Modern Studies**

This minor brings together the resources of the departments of English, History and Art History to study the literatures and cultures of Europe and the Americas from the late medieval period to 1800. For a complete listing of requirements, see Department of English, page 340.

**Interdisciplinary Middle East Studies Minor**

See the Department of Middle East Studies, page 412.

**Interdisciplinary Race, Ethnicity and Politics Minor**

See Department of Political Science, page 439.

**Interdisciplinary Russian Area Studies Minor**

See Department of Slavic Languages and Literatures, page 466.

**Interdisciplinary Law and Society Minor**

See Department of Political Science, page 439.

## Graduate Degrees

The graduate program in history provides advanced training in historical research and writing leading to the Doctor of Philosophy degree. Once admitted to the Ph.D. program, a student in exceptional cases may work for a Master of Arts degree, but the department does not accept applicants for an M.A. For further information, contact the director of the graduate program for the Department of History.

**Admission Requirements***Prerequisites*

An applicant should have an undergraduate degree or an M.A. degree in history or a related discipline. Promising students trained in other fields will also be considered.

*Criteria*

All applicants must take the general test of the Graduate Record Examinations. The subject test in history is not required. In addition, applicants must submit at least three letters of recommendation from college-level instructors and a sample of written work from a college-level history, social science or humanities course. This material should be submitted to the director of the graduate program for the Department of History.

*Procedure*

For complete information on the doctoral programs, prospective applicants should address inquiries to Graduate Admissions, Department of History, SOS 153, University of Southern California, Los Angeles, CA 90089-0034. Information on the programs is also available online at [www.usc.edu/schools/college/history/programs/graduate](http://www.usc.edu/schools/college/history/programs/graduate).

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

**Master of Arts in History**

The department does not accept applicants for a Master of Arts degree in history. The M.A. degree is intended only as a transitional degree in the process of completing requirements for the Ph.D. in history.

*Foreign Language/Research Tool Requirement*

Students are required to demonstrate competence in one foreign language, with the exception that none is required of majors in United States history.

*Course Requirements*

All students must enroll in HIST 500 Introduction to Graduate Historical Studies, and it is recommended that it be completed in the first year of residence.

*Thesis Plan*

Students must take a minimum of six graduate courses, including HIST 500 plus HIST 594ab Master's Thesis. No more than two 400-level courses may count toward this total. A thesis must be written and defended.

*Comprehensive Examination Plan*

This plan requires the approval of the student's guidance committee chair to substitute a comprehensive examination for the thesis.

If approved, the student completes eight graduate level courses, including 500, with no more than two 400-level courses counting toward this total, plus written exams in three fields, one of which may be in another department. Examinations are normally offered in October and April. An oral examination may be given at the discretion of the guidance committee. Examinations are graded on an honors, pass or fail basis. Any student who receives a grade of fail in two examinations is considered as not having qualified for the degree. A student who receives one fail must retake an examination in that field at the next scheduled examination period. An examination cannot be retaken more than once.

### Doctor of Philosophy in History

Application deadline: December 1

The history profession nationwide combines a traditional emphasis on geo-temporal fields (e.g., U.S. in the 19th century; medieval Europe) with a new emphasis on transnationalism, comparative history and interdisciplinary investigation. The USC program is at the forefront of these trends. Following the traditional emphasis, each graduate student must declare a major field in a geo-temporal area at the time of application to the program. Major fields of study include: China, Japan, Korea, Latin America, Middle East, American/United States, medieval Europe, early modern Europe and modern Europe. The purpose of the major field is to prepare students broadly for teaching and research.

By the beginning of his or her second year in the program, each graduate student must declare a minor field and an area of specialization. The minor field is intended to broaden skills beyond the geo-temporal boundaries of the major field; the area of specialization is intended to deepen the student's scholarly training in the chosen area of the dissertation. The minor field may be chosen from the list of major fields (i.e., a student entering the program with American/U.S. as a major field might select "modern Europe" as a minor field), or it may be conceived comparatively, thematically or cross-disciplinarily. Possible minor fields include: Latin America; pre-modern Japan; the colonial Americas; gender and sexuality; visual culture; and anthropology. Possible fields for the area of specialization include: 19th or 20th century U.S. intellectual history; visual culture of the 20th century; modern European cities; and the American West. These lists are not exhaustive and are meant to suggest only possible courses of study.

For the major field, each student must take a minimum of four courses; for the minor field two courses; for the area of specialization three courses. Either the minor field or the area of specialization must be outside the major field of study, transnational or outside the discipline of history. Each student must consult with his or her adviser in putting together these fields of study.

#### *Foreign Language/Research Tool Requirements*

Students are required to demonstrate competence in two foreign languages to be selected in consultation with the faculty adviser. Students in United States history may substitute competence in quantitative methods for one foreign language. The requirements in this category must be met before a student is eligible to take the qualifying examination.

#### *Course Requirements*

All entering students (including those with M.A. degrees) are required to take HIST 500 in their first semester of study. All students are required to take two 600-level research seminars in the History Department. At least one of these seminars must be in the major area of study. Students must complete a minimum of 60 units of course work. No more than 8 units of the 60 may be in HIST 794 (dissertation writing). Students must complete at least 30 units of graduate course work within the History Department.

#### *Screening Procedures*

The performance of every doctoral student is formally evaluated by the full faculty of the History Department, normally at the end of the spring semester and before a student has completed 24 units toward the degree. Unsatisfactory progress toward the degree requires either remedy of the deficiencies or termination of the student's graduate program. After successfully passing the screening procedures, each student establishes a guidance committee which then supervises preparation for the qualifying examination.

#### *Guidance Committee and Qualifying Examinations*

Each student must set up a guidance committee by the end of the third semester in residence. It includes at least five members, at least three of them from the History Department, and at least one of them from outside the History Department (this person must be a tenure-track faculty member from a Ph.D. granting program). The guidance committee will oversee the student's written and oral qualifying examination, which should be taken by the end of his or her fifth semester in residence and no later than the end of the sixth semester. The examination

covers the major field, minor field and area of specialization. Students prepare for these exams by developing, in collaboration with their guidance committee, reading lists for study in their major field, minor field and area of specialization.

The qualifying examination consists of two parts: (1) Three four-hour written responses, based, respectively, on the major field, the minor field and the area of specialization; (2) a two-hour oral session, which may include some discussion of the written exam. Students with one fail or more than two low-pass grades on the written responses will not be permitted to sit for the oral segment of the examination. The guidance committee determines whether a student may retake any parts of the examination graded low-pass or fail.

A student must wait at least six, but not more than nine, months to retake any part, or all, of the qualifying examination. No part of the examination can be retaken more than once.

#### *Dissertation*

After students have successfully completed their qualifying examinations, they will select a dissertation committee consisting of at least three members, including at least two from the History Department. These individuals will be in charge of guiding the dissertation to completion. Within six months of passing the qualifying examination, students must submit a formal dissertation prospectus to all members of the dissertation committee and pass a one-hour prospectus defense convened by that committee. Some students (e.g., those whose major field is East Asia) can, with the approval of their dissertation committee, petition the Graduate Studies Committee for an extension of this six-month deadline. After passing the dissertation prospectus defense, a student is admitted to candidacy for the Ph.D. degree. The student will thereafter concentrate on the dissertation. After a student becomes a doctoral candidate, he or she must register for HIST 794 Doctoral Dissertation each semester thereafter until the dissertation is completed.

#### **Advisement**

Students should seek advice on their program of studies from the director of the graduate program, the professor in their major field of study and other members of their guidance committee.

## Courses of Instruction

### HISTORY (HIST)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**HIST 100gm The American Experience (4, FaSpSm)** Patterns of American development from Colonial times to the present.

**HIST 101g The Ancient World (4, Irregular)** Achievements of the near East, Greece, and Rome with emphasis on the development of ideas, arts, and institutions which have influenced modern man.

**HIST 102gm Medieval People: Early Europe and Its Neighbors, 400-1500 (4)** Early Europe, c. 400-1500, with a focus on Europe's diverse communities, cultural interactions among them, dealings between conquerors and conquered, and European contacts with non-Europeans.

**HIST 103g The Emergence of Modern Europe (4, Fa)** Political, intellectual, and cultural developments in Europe, 1300-1815. Renaissance and Reformation; absolute monarchy, scientific changes, and Enlightenment; French Revolution and Napoleon.

**HIST 104g Modern Europe (4, Sp)** The Enlightenment, French Revolution, industrialization, Darwinism, socialism, nationalism, technological revolutions, mass culture, imperialism, race, fascism, communism, world wars, genocide, migration, the Cold War, terrorism.

**HIST 105g The Korean Past (4)** A topical and chronological study of the major political, social, and intellectual forces that have shaped the history of Korea.

**HIST 106g Chinese Lives: An Introduction to Chinese History (4, FaSp)** Study of the lives of selected individuals who have helped to shape Chinese politics and culture.

**HIST 107g Japanese History (4, FaSp)** Japan from the earliest times to the present; social, cultural, and political dimensions.

**HIST 180g The Middle East (4, Sp)** Introduction to the history and the study of the Middle East from ancient to modern times.

**HIST 195 Selected Themes and Topics in History (4, Irregular)** Study of special historical themes and topics through readings, lectures, discussions, and supervised writings.

**HIST 215g Business and Labor in America (4, Fa)** Expansion of business enterprise from colonial merchants to modern corporations; evolution of the labor force from artisans to skilled and unskilled industrial workers. *Concurrent enrollment:* WRIT 140.

**HIST 225g Film, Power, and American History (4, Sp)** U.S. motion pictures as both a response to and comment upon major events, problems, and themes in 20th century America. *Concurrent enrollment:* WRIT 140.

**HIST 235g War and the American Experience (4, Fa)** Comparative historical analysis of the American experience of war: war decision-making processes; evolution of strategy and tactics; the political, economic, and social effects of war. *Concurrent enrollment:* WRIT 140.

**HIST 240g The History of California (4, Fa)** A thematic approach to California history from precontact to present; focus on peoples, environment, economic, social, and cultural development, politics, and rise to global influence. *Concurrent enrollment:* WRIT 140.

**HIST 245gm Gender and Sexualities in American History (4)** An investigation of the nature of femininities and masculinities over the course of U.S. history; including topics like women's rights, birth control, abortion, and gay/lesbian liberation. *Concurrent enrollment:* WRIT 140.

**HIST 255g The Evolution Debates (4, Fa)** Historical perspective for current debates on evolution, investigating the contexts for the emergence and development of evolutionary theory and its subsequent impact on society.

**HIST 265g Understanding Race and Sex Historically (4, Sp)** To introduce students to historical consideration of the difficult contemporary topics of sexuality and race globally. *Concurrent enrollment:* WRIT 140.

**HIST 266g Business and East Asian Culture, 1800-Present (4, Sp)** Business history of East Asia (China, Japan, Korea, Taiwan, and Hong Kong) as related to culture, politics, and society.

**HIST 271g Early Native American Stories (4, Sp)** An exploration of the history of Native America peoples and the ways they understood and explained the changes in their lives from 1492 to 1840.

**HIST 273g Colonial Latin America (4, Sp)** Introduction to Colonial Latin America; native American peoples, themes, issues, and evolution of Spanish and Portuguese colonial rule to ca. 1800.

**HIST 275g The Worlds of the Silk Road (4, Sp)** Exploration of the two millennia of economic exchanges and cross cultural interaction between Asia and Europe.

**HIST 280 The Modern Middle East (4, Sp)** The interplay of local, regional, and international forces and broad themes in the history of the Middle East from 1500 to the present.

**HIST 300 Approaches to History (4, FaSp)** Approaches to history; intellectual and personal dimensions of the historian's work. Required of all history majors.

**HIST 301 Religions of Ancient Egypt and the Near East (4)** (Enroll in REL 302)

**HIST 302 From Sappho to Stonewall: Lesbians in History (4, Sp)** The cultural, social, and personal meanings of same-sex relations between women in Europe and the United States, from archaic Greece to the 1960s.

**HIST 303 Barbarians, Romans, and Christians (4, Fa)** Exploration of the dynamic transformation of the social, political, religious, and intellectual landscape of the Mediterranean during Late Antiquity, c. 200 – c. 700 AD.

**HIST 304 Archaeology of Egypt and the Near East (4)** (Enroll in REL 394)

**HIST 305 From Goddesses to Witches: Women in Premodern Europe (4, Sp)** Social, cultural and political contexts of women's spiritualities in Europe from the Paleolithic to the Reformation. Topics include: goddess-worship; Christian and Jewish contexts; male attitudes. (Duplicates credit in former HIST 270.)

**HIST 306 The Early Middle Ages (4)** Survey of European civilization in the Early Middle Ages.

**HIST 307 Women in Medieval Europe, c. 1000-1500 (4, Fa)** The influences of cultural, social, economic, familial, religious, and political factors on medieval women, as well as consideration of differences among them.

**HIST 308 Britain and Ireland to 1200 C.E. (4, Fa)** Anglo-Saxon and Celtic societies from the Iron Age to the Norman Invasions. Topics include: King Arthur, epics, sagas, Christianization, kingship, women, economic development and Vikings. (Duplicates credit in former HIST 430.)

**HIST 309 Britain and Ireland, 1100-1500 C.E. (4, Sp)** English and Irish culture, economics, and politics during the expansion of the Norman-English kingdom, the colonization of Ireland, and subsequent development toward the English nation-state.

**HIST 312 The Age of the French Revolution and Napoleon (4, Fa)** Europe in the Old Regime; causes and course of the French Revolution; rise of Napoleon; revolutionary impact on Europe, 1715-1815.

**HIST 313 France and the French from Napoleon to Mitterand (4, Irregular)** Social, cultural, and political history of France from 1789 to the present.

**HIST 316 The Renaissance (4, Irregular)** The flowering of arts, literature, and learning at the end of the Middle Ages.

**HIST 317gm North American Indians in American Public Life (4, Irregular)** (Enroll in ANTH 316gm)

**HIST 318 Early American Indian History (4, Sp)** Relations of European settlers with native Americans from the 16th into the early 19th centuries; cultural contacts, trade and eventual conflicts.

**HIST 320 Russian and Soviet Rebels: The Moral Dilemma and the Continuity of Dissent (4, Irregular)** The ethical foundations and the intellectual dimensions of philosophical, social, religious, artistic, and political dissent in Russia from the 14th century until the present.

**HIST 323 The Holocaust in 20th Century Europe (4, Sp)** The origins and development of anti-Jewish persecution in Germany, resulting in the systematic mass murder of Europe's Jews during World War II.

**HIST 324g Islam in Russia and the Soviet Union (4, Sp)** Cultural cohesiveness and ethnic diversity of Islam in the USSR; nature and effect of government policies aimed at the integration of Islam into the state.

**HIST 325 Early Modern Britain (4, Sp)** A survey of one of the most pivotal eras in British history: reform, regicide, and revolutions; new ideas, new religions, and new worlds.

**HIST 326 The Victorians (4)** Britain in the 19th century, politics, industrialization, and imperialism, change and continuity in social and cultural aspects, especially class, gender, and race relations. (Duplicates credit in the former HIST 433.)

**HIST 327 Twentieth Century Britain (4)** The rise and decline of modern Britain as a global political and economic force, social and cultural change, emergence of a multiracial and multiethnic society. (Duplicates credit in the former HIST 434.)

**HIST 328 Poland and the Western Tradition (4, 2 years, Irregular)** Polish civilization from the 10th century to the present, with special emphasis upon the participation of Poland in the currents of the European tradition.

**HIST 329 Madness and Society in the Modern Age (4)** The shifting place of insanity and "the mad" in Europe and the United States from the French Revolution to the anti-psychiatry movement.

**HIST 330 Drugs, Disease, and Medicine in History (4, Irregular)** An overview of the role played by disease and the health sciences in history.

**HIST 331 The British Empire: 1588-1834 (4, Sp)** Emergence of the British Empire, emphasizing colonies in the Americas; the development of imperial economy, imperial wars, slavery and abolitionism.

**HIST 332 British Empire from the Mid-19th Century (4, FaSp)** Political and economic development of the British Empire since Victoria; rise of the British Commonwealth.

**HIST 333 Korea: The Modern Transformation (4, Sp)** Examination of selected topics on Korea's transition to the modern era; focus on the traditional roots of 20th century developments.

**HIST 334 History of the Samurai (4)** Development of the Samurai from a warrior elite to political hegemony between the 8th and 12th centuries; use of primary sources, introduction to divergent historiographies. *Recommended preparation:* a course in Japanese history.

**HIST 335 History of Japan to 1550 (4, Irregular)** Growth of Japanese civilization from the mythological "age of the gods" through the feudal "age of the samurai"; foundations of a great Asian power.

**HIST 336 History of Japan, 1550-1945 (4, Irregular)** Development of Japan as a modern world power; tradition and change in Japanese life; impact of Western culture, politics, and diplomacy from 1550 to 1945.

**HIST 337 Japan since 1945 (4, Irregular)** Survey of the impact of World War II, American occupation, and rapid economic growth on Japan's politics, society, economy, and culture; Japan as a post-modern nation.

**HIST 338 China to 960 A.D. (4, Irregular)** The origins of China's distinctive civilization; cultural and political ferment in the late Chou; the greatness of Han and T'ang.

**HIST 339 China, 960-1800 A.D. (4, Irregular)** Politics and culture under the Sung; Mongols, Manchus, and other invaders; the golden autumn of a great civilization.

**HIST 340 History of China since 1800 (4, Sp)** Western impact and dynastic decline; problems of the Chinese Republic; nationalism and communism.

**HIST 341 American Social History (4, Irregular)** The social history of the American peoples from Colonial times until the 20th century, to include industrialization, urbanization, women, families, workers, immigration, ethnicity, racism, radicalism.

**HIST 342 Love and Politics in America, 1750s to 2050s (4, Fa)** An analysis of the intersections of love and politics, private and public, in fiction, non-fiction, and film in America from the Enlightenment into the future.

**HIST 343 Work, Leisure, and Violence in Industrializing America (4, Irregular)** Rise of industrial America from 18th to 20th centuries: changing work ethics, rise of factories, women workers, mass leisure, consumer culture, urban and industrial violence.

**HIST 344 The Vietnam War, 1945-1975 (4, Sp5m)** Analysis of causes, conduct, and consequences of war in Southeast Asia; of participants' experiences; and of post-war debate.

**HIST 345 Men and Women in United States History from the 1920s to the Present (4)** Investigation of the roles and relationships of men and women in American society and culture from the era of the "flapper" to the era of the "yuppie."

**HIST 346 American Intellectual History (4, Sp)** Study of major American ideas and values as reflected in philosophy, political and economic thought, religion, and social movements.

- HIST 347 Urbanization in the American Experience (4, Irregular)** The American city in interdisciplinary perspective; emphasis on growth and change in relation to architecture, urban planning, demography, and ethnic politics.
- HIST 348 The Dynamics of American Capitalism (4, Irregular)** Economic growth and institutional change in American capitalism from the Colonial era to the present.
- HIST 349 Colonial North America 1600-1760 (4, Fa)** Colonial history of United States area, Canada, and Caribbean to 1760; Indians, European migration, plantation complexes, Puritan colonies, African slave migration, creole culture, borderlands, wars for empire.
- HIST 350 American Standard of Living: 1600 to the Present (4, Fa)** Socioeconomic history of material life: Indian experience, colonial diet, urbanization and slums, industrial households, 1920s durables revolution, installment credit, Depression, postwar boom, advertising, international comparisons.
- HIST 351 The American Revolution (4, Fa)** Origins, course and consequences of the American Revolution; the post-war establishment of the Constitution.
- HIST 352 The American Civil War (4, Irregular)** The causes, course, campaigns, and consequences of the American Civil War, 1861-1865.
- HIST 353m Race and Racism in the Americas (4)** (Enroll in AMST 353m)
- HIST 354 Mexican Migration to the United States (4, 2 years, Fa)** Mexican migration from the 1850s to the present, emphasizing labor migrants to the United States.
- HIST 355 The African-American Experience (4, Fa)** An historical and social analysis of the African-American experience from Colonial times to the present. (Duplicates credit in former HIST 250).
- HIST 356 The Old South (4, Irregular)** The South from Colonial days to 1860; slavery, the plantation system, politics; important social and economic problems.
- HIST 357 The New South (4, Irregular)** Economic and political change, racial problems, society, and culture in the American south from 1877 to the present.
- HIST 360 19th Century U.S. History (4, Sp)** The social, political, and economic history of the United States from the formation of the Constitution to 1900.
- HIST 361 20th Century U.S. History (4, Fa)** Critical turning points in the 20th century; sources of major social and political change. Course materials include primary documents and historic radio/television recordings.
- HIST 363 Foundations of American Foreign Policy, 1776 to the Present (4, Sp)** Evolution of American principles, roles and policies in international relations from the founding of the republic to the present.
- HIST 365 The Second World War (4, 2 years, Sp)** Comparative analysis of the Second World War as a major transforming event of the 20th century. Its causes, conduct, and consequences for humanity.
- HIST 366 The People's Republic of China (4)** Politics, economy, society, and culture from 1949 to the present including the role of the communist party and the experiences of ordinary people.
- HIST 369 Aztecs, Mayas, and other Indigenous Peoples of the Americas (4)** Introduction to Pre-Columbian Mesoamerica and the Andes, the causes and consequences of the Spanish conquest, and the establishment of colonial societies and economies.
- HIST 370 Spanish America, 1492-1821 (4, Sp)** Topics in Spanish colonialism in Americas, with a focus on how religious, sexual, and racial differences shaped colonial policies and practices.
- HIST 372 Modern Latin America (4, Sp)** Exploration of major themes and events in Latin American history from independence to the present. Upper division standing.
- HIST 373 History of the Mexican American (4, FaSp)** (Enroll in AMST 373).
- HIST 374 History of Mexico (4, Fa)** The native cultures of Meso-America; colonial government, economy, and society; independence and 19th century liberalism; the Mexican revolution, 1910 to 1950. (Duplicates credit in former HIST 450.)
- HIST 376 U.S.-Japan Encounters: War, Trade, and Culture (4, Fa)** (Enroll in IR 376)
- HIST 378m Introduction to Asian American History (4, FaSp)** (Enroll in AMST 378m)
- HIST 379 Arabs in America (4, FaSp)** (Enroll in AMST 379)
- HIST 380 American Popular Culture (4, Sp)** Rise of popular culture (sports, amusement parks, movies, and television) and its significance in American society from mid 19th century to the present. (Duplicates credit in former HIST 255.)
- HIST 381 Cinema and History (4, Irregular)** Examines film as a means to narrate the past; treats the question of genre: epic, docudrama, the biopic, the music, adaptation, and such issues as authenticity and infotainment.
- HIST 382 The Middle East, 500-1500 (4)** Major topics, themes, and representative writings in the history and literature of the Arabic and Islamic World during the Medieval period.
- HIST 384 Popular Culture in the Middle East (4, FaSpSm)** Examination of the Middle East through the prism of its popular cultures; emphasis on audio, visual, and literary representations in relation to colonialism, nation-building, and globalization.
- HIST 385 Anglo-American Law before the 18th Century (4)** The evolution of discourse, practices, and institutions in Anglo-American legal history from the later Middle Ages to the 18th century.
- HIST 386 American Legal History (4, Sp)** An introduction to the study of law from a historical perspective; explores the interaction of law, culture, and politics from the Revolution through the New Deal.
- HIST 388 Women and Gender in North American History through 1920 (4)** Roles and relationships of women and men in North America from first contact to the 1920s, with special emphasis on race, marriage, and political culture.
- HIST 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.
- HIST 401 The Roman World (4, Fa)** Rome at the crossroads of Europe and the Mediterranean; the rise of Rome to world power; social, cultural and political history of Republic and Empire.
- HIST 403 Carolingian Europe (4)** Political, religious, and intellectual culture of Europe in the 8th and 9th centuries.
- HIST 404 Seminar in Korean History (4, Irregular)** Exploration of issues and sources in Korean history; work on an individual research paper through an incremental process.

**HIST 406 Special Periods in Medieval History (4, Irregular)** Intensive study of selected periods.

**HIST 407 Europe in the 10th Century (4)** Political, religious, and intellectual culture of Europe in the 10th century and beyond.

**HIST 408 Everyday Life in Chaucer's England (4, Sp)** Readings and research on English social history between 1300 and 1550; emphasis on family structures, demography, gender relations, and class divisions.

**HIST 409 The Norman Conquest of England, 1066 (4)** Political, religious, and intellectual culture of England and the continent in the 11th and 12th centuries.

**HIST 410 The Age of Humanism and Reformation (4, Irregular)** The thought, art, politics, and religion of western Europe in the 16th and 17th centuries; emphasis on the contribution of Christian humanism.

**HIST 413 The Age of Revolution (4, Irregular)** The French and industrial revolutions and their interaction in 19th century Europe.

**HIST 414 Contemporary Europe (4, Irregular)** World War I and its aftermath; challenge of new culture values; World War II; problems of postwar adjustment.

**HIST 415 Medieval and Early Modern Russia (4, 2 years, Fa)** The politics, society, and culture of medieval and early modern Russia; the emergence of empire and the roots of its Eurasian identity.

**HIST 416 History of Imperial Russia: 1689-1917 (4, Sp)** The evolution of imperial society, politics and culture from Peter the Great to the Bolshevik Revolution. The dilemmas of identity in a multinational empire.

**HIST 417 History of Soviet Russia: 1917-1991 (4, 2 years, Fa)** The birth of the totalitarian regime, the emergence of the superpower and the socioeconomic, political and cultural developments that culminate in its demise.

**HIST 419 Poland and Its Neighbors in the Middle Ages (4, 2 years, Sp)** Polish politics, society, and culture in relation to its regional neighbors, especially Bohemia and Hungary, from the 10th to the end of the 15th century.

**HIST 420 European Intellectual and Cultural History: The 19th Century, 1790-1870 (4)** Intellectual and cultural trends of 19th century Europe, including Romanticism, Conservatism, Liberalism, Socialism and Evolutionary Theory.

**HIST 421 European Intellectual and Cultural History: The Turn of the Century 1880-1920 (4)** Intellectual and cultural trends of turn-of-the-century Europe, including the avant-garde, the crisis of positivism, psychoanalysis and gender theory.

**HIST 422 European Intellectual and Cultural History: The 20th Century, 1920 to the Present (4, Irregular)** Intellectual and cultural trends of contemporary Europe, including Dadaism, Surrealism, Western Marxism, Fascism, Existentialism and Structuralism.

**HIST 424 Family, Work, and Leisure in Russian History (4, Irregular)** Children and parents, love and marriage, work and leisure in the Russian village and city before and after the Revolution.

**HIST 425 The Era of the First World War (4, FaSp)** The background, causes, course, and aftermath of the First World War, with attention to the events in the United Kingdom and continental Europe. *Prerequisite:* HIST 104g, HIST 413, HIST 414 or departmental approval.

**HIST 426 Gender, Family, and Society in Europe and the United States, 1500-Present (4, 2 years, Sp)** Changing social, economic, and cultural functions of the family and the roles of men, women, and children from pre-industrial times to the present in Europe and the United States.

**HIST 427 The German Question: Nation and Identity in Modern Central Europe (4)** A seminar on the making, unmaking and remaking of the German nation-state, with particular attention to issues of race, class and gender in German identity.

**HIST 428 Life and Death in Nazi Germany (4)** Social, cultural and medical history of Nazi Germany, emphasizing the Nazi vision of a racially pure national community. *Recommended preparation:* some European history.

**HIST 429 Street Life: Urban Culture in Modern Europe (4, Sp)** The 19th and 20th century European city as social artifact, cultural setting and object of fascination for its contemporary inhabitants.

**HIST 432 Britain in the 18th Century (4)** Political, social, and cultural aspects of British life from the accession of George I to about 1820.

**HIST 437 Seminar in Modern Chinese History (4, max 8, FaSp)** A readings and research seminar dealing with one topic in the history of China since 1600. Topics will change each time the course is offered. *Recommended preparation:* a class in Chinese history.

**HIST 438 Seminar in Pre-Modern Japanese History (4, max 8, FaSp)** A readings and research seminar dealing with one topic in the history of Japan before 1550. Topics will change each time the course is offered. *Recommended preparation:* a course in Japanese history.

**HIST 440 Early Modern World History (4, Fa)** Comparative patterns of historical change around the world, from ca. 1500 to ca. 1800.

**HIST 441 Modern World History (4, Sp)** Comparative patterns of historical change around the world, from ca. 1800 to the present.

**HIST 444 Mass Violence and Comparative Genocide in Modern World History (4)** Systematic exploration of origins, developments, forms, and aftermath of mass murder of large population groups, one of the dark elements of modern world history.

**HIST 445 Comparative History and Theory of Fascism and Nazism (4, Fa)** Analysis and comparison of Italian Fascism and German Nazism in national and international contexts; recent historiographic debates.

**HIST 451 The Mexican Revolution (4, 2 years, Sp)** The roots, trajectory and outcome of the Mexican revolution of 1910.

**HIST 452 Beauty and the Body in Historical Perspective (4, Sp)** Cultural constructions of the body and beauty from gender, ethnicity, age, and disability perspectives in Europe and the United States from 1800 to the present.

**HIST 455 Advanced Topics in African-American History (4, Sp)** Exploration of African-American history through primary and secondary sources employing a colloquium format with an emphasis on shared responsibility for comprehensive discussion and analysis. Upper division or graduate standing.

**HIST 456 Race, Slavery, and the Making of the Atlantic World (4, FaSp)** Introduction to the literature of the Atlantic World with a focus on slavery and its role in the emergence of the modern era. Seminar enrollment limited to 15 students.

**HIST 457 The American West (4, Irregular)** The nation's westward movement from Colonial times to the present, with emphasis on the frontier's effect on American life and institutions.

**HIST 458 History of California (4, Fa)** Exploration, colonization, and development of Hispanic California; coming of the Americans; political, economic, and cultural development of California since its acquisition by the United States.

**HIST 461 19th Century American Thought (4, Fa)** Major American thinkers from Emerson and Margaret Fuller to William James and W.E.B. DuBois, with emphasis on race, religion, politics, and gender.

**HIST 462 20th Century American Thought (4, Fa)** Major American thinkers from John Dewey and Jane Addams to Martin Luther King and Richard Rorty, with emphasis on race, religion, politics, and gender.

**HIST 464 Culture, Money, and Power: Japanese-American Relations since 1853 (4, Sp)** Examination of the role of cultural, economic, and military forces in shaping relations between two of the most important nations in the Asia/Pacific regions. *Recommended preparation:* HIST 363 or appropriate International Relations course.

**HIST 465 America in the Cold War World, 1945-1991 (4, Fa)** America's role in the Cold War and the impact of that conflict on its people, society and culture.

**HIST 470 The Spanish Inquisition in the Early Modern Hispanic World (4, 2 years, Fa)** The Spanish Inquisition in Spain and Colonial Latin America, major theories and interpretations. Junior or senior standing recommended.

**HIST 473 Colonial Latin America Seminar (4, Sp)** The history of colonial Latin America, focusing on the transformation of native Americans and Europeans into participants in a new colonial tradition. Upper division standing. (Duplicates credit in former HIST 371.)

**HIST 474 Sex, Gender, and Colonialism in Latin America, 1492 to 1820 (4, 2 years, Sp)** Seminar overview of the historical literature on women, gender, and sexuality in colonial Latin America.

**HIST 478 The United States, 1789-1850 (4, Irregular)** The nation during the first six decades; development of American institutions; constitutional growth, expansion, sectionalism, and the Mexican War; the Compromise of 1850.

**HIST 480 Seminar in Middle East History (4, max 8)** A readings and research seminar dealing with one topic in the history of the Middle East. Topics will change each time the course is offered.

**HIST 481 Producing Film Histories (4, Sp)** History of film form and its institutions. Students will produce an original written or multimedia research project.

**HIST 482 Jesus in American History and Culture (4, Sp)** The place of Jesus Christ in diverse American cultures from colonial times to the present: Jesus as cultural icon, secular inspiration, Christian Son of God.

**HIST 484 The United States, 1919-1939 (4, Irregular)** Postwar reaction and the Twenties; the Great Depression and the New Deal; diplomacy between the wars.

**HIST 487 The United States since 1939 (4, Irregular)** A survey of the accelerating changes that transformed the nation's domestic life and revolutionized America's role in world affairs.

**HIST 488 Teaching History in the Secondary Schools (4, Fa)** Seminar in research methods, textbook and online research and teaching materials, and instructional approaches for teaching history in secondary schools.

**HIST 490x Directed Research (2-8, max 8, FaSp)** Individual research and readings. Not available for graduate credit.

**HIST 492 Honors Thesis (4, Sp)** Writing of the honors thesis; for students in the History Honors Program.

**HIST 493 Quantitative Historical Analysis (4, Sp)** Reading and doing quantitative research with historical data. Covers research designs, appropriate statistical analysis, and software packages for the use of historians.

**HIST 494 Seminar in New Historical Writing (4, 2 years, Fa)** Historical writing experiments combining historical specificity with more fluid approaches to time, characterization and objectivity associated with 20th century artists.

**HIST 495 American Lives: Biography and Autobiography in the United States Past (4)** The history of the United States seen through the lives of individuals, including Thomas Jefferson, Jane Addams, Malcolm X, and Marilyn Monroe.

**HIST 497 Senior Seminar in Early Modern Studies (4, Sp)** (Enroll in ENGL 497)

**HIST 498 Seminar on Selected Historical Topics (4, max 8, FaSp)** Advanced study in historical analysis and writing on selected topics and themes. Seminar enrollment limited to 15 students. *Recommended preparation:* HIST 300.

**HIST 499 Special Topics (2-4, max 8, Irregular)**

**HIST 500 Introduction to Graduate Historical Studies (4, Fa)** Techniques, theories, and sub-disciplines of history.

**HIST 505 Studies in Early Medieval History (4, Irregular)** Intensive study of subjects selected from the early Middle Ages, emphasizing source material, bibliography, and historiographic problems.

**HIST 506 Studies in Later Medieval History (4, Irregular)** Intensive study of subjects selected from the later Middle Ages, emphasizing source material, bibliography, and historiographic problems.

**HIST 508 Studies in the Renaissance (4)** Europe in the Renaissance: sources; secondary bibliography; and historiography.

**HIST 509 Studies in the Reformation (4)** Readings, reports, and discussions of major problems, issues, and interpretations of the Reformation.

**HIST 510 Studies in Early Modern European History (4, Irregular)** Readings of major interpretive studies on the 17th and 18th centuries.

**HIST 511 Studies in Early Modern British History (4)** Readings of major interpretive and historiographical studies on 16th and 17th century British history.

**HIST 514 Studies in Modern European History, 1789-1914 (4, Fa)** Readings and current bibliography in the history of Europe from the French Revolution to the outbreak of World War I; emphasis on cultural history approaches.

**HIST 515 Studies in Modern European History: Europe's 20th Century (4, Fa)** Readings in the history and historiography of Europe in the 20th century.

**HIST 517 Studies in Russian History (4, Irregular)** Readings, discussions, and student papers in modern Russian history.

**HIST 520 Modernity and Its Visual Cultures (4, Sp)** Western visual culture 1850-1930: historical background of changes in high and popular culture, technological reproducibility, display and spectacularization; recent literature and theoretical approaches.

**HIST 525 Studies in British History (4, Irregular)** Selected topics in English and British Empire history with emphasis on the 19th and 20th centuries.

**HIST 535 Studies in Japanese History (4, Irregular)** Selected topics in historical problems dealing with Japan.

**HIST 536 Studies in Chinese History (2 or 4, Irregular)** Selected topics in historical problems dealing with China. *Prerequisite:* HIST 340.

**HIST 540 Studies in Modern East Asian History (4, max 8, Irregular)** Readings and analysis of a particular theme in modern Asian history, focusing on broad comparative issues like cultural identity, colonialism, nationalism, revolution, or interstate relations.

**HIST 544 Feminist Theory for Historians (4, Fa)** Readings in contemporary feminist theory, focused especially on theories that address the construction, writing, and general practice of history. Open only to graduate students.

**HIST 546 Comparative History of Women and Gender in the West to 1800 (4, Fa)** Topically-focused readings in the comparative history of women and gender in Europe and the Americas before 1800. Open only to graduate students.

**HIST 550 Studies in the History of Women, Gender and Sexuality (4, max 8, Irregular)** Readings and current bibliography in the history of women, gender and sexuality.

**HIST 554 Readings in Chicano/Latino History (4, FaSp)** (Enroll in AMST 554)

**HIST 555 Studies in the American West (4)** Zones of contact — physical, economic, political, ecological, symbolic, cultural, metaphorical — between peoples “west” of the Eurasian land mass since the rise of capitalist global expansion.

**HIST 561 Historiography of Colonial Mexico (4, Fa)** Introduction to the historiography of Colonial Mexico from 1500 to 1821.

**HIST 565 Studies in American International History (4, FaSm)** Readings and analyses of American policies, roles and principles in their interaction with peoples and nations of the world.

**HIST 566 Historical Scholarship on North America to 1800 (4, Fa)** Introduction to research in the fields of American Indian, colonial America, Atlantic world, and the early United States. Open only to graduate students.

**HIST 567 Historical Scholarship on 19th Century America (4, Sp)** Introduction to historiography and research in the political, economic, social, cultural, and intellectual history of the 19th century United States.

**HIST 568 Historical Scholarship on 20th and 21st Century America (4, Sp)** Introduction to historiography and research in the political, economic, social, cultural, and intellectual history of the 20th and 21st century United States.

**HIST 575 Studies in 19th Century United States History (4, max 8, 2 years, Fa)** Intensive readings and bibliography in the Early National, Jacksonian, Civil War, and Post-Civil War periods.

**HIST 583 Studies in Urban History (4)** Readings and analyses in the rise of the city and the impact of urbanization from the colonial era to the present.

**HIST 584 Seminar in American Social History (4, Irregular)** Creation of communities and societies; industrialization, urbanization, working class life; families, women, ethnicity; immigration; racism; mobility; reform and radicalism, leisure.

**HIST 585 Studies in 20th Century American History (4)** Readings and analyses in social and political problems, movements, and issues.

**HIST 587 Studies in the Politics of American Popular Culture (4)** Selected themes, theories, and key works in the politics of American popular culture.

**HIST 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**HIST 592 Historiography (4, Sm)** Historical criticism; form and mechanics of presenting research; writers of history, their works and philosophies; theories of historical development.

**HIST 593 The Art of Historical Writing (4, Sp)** An analysis of conventional forms of historical representation and the artistic and scientific challenges to them. Laboratory training in innovative forms of historical writing will be stressed.

**HIST 594abz Master's Thesis (2-2-0, FaSp)** Credit on acceptance of thesis. Graded IP/CR/NC.

**HIST 595 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**HIST 602 Seminar in Ancient History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 605 Seminar in Medieval European History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 608 Seminar on Premodern Europe (4, max 8)** Directed research on topics from late antiquity to the 18th century. Students will work with both their faculty advisers and the course instructor.

**HIST 610 Seminar in Early Modern European History (2 or 4, max 8, Irregular)** Directed research in historical problems concerning the 17th and 18th centuries.

**HIST 615 Seminar in Modern European History (2 or 4, max 8, Irregular)** Directed research in historical problems dealing with Europe since 1789.

**HIST 617 Seminar in Russian History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 620 Research Seminar on Modern Visual Culture (4, Fa)** A research seminar focusing on Western visual culture since the mid-18th century. *Recommended preparation:* HIST 520.

**HIST 630 Seminar in Japanese History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 635 Seminar in Chinese History (2 or 4, max 8, Irregular)** Directed research in historical problems. *Prerequisite:* HIST 340.

**HIST 650 Seminar on Women's and Family History (4, max 8, Sp)** Readings, discussions, and directed research on women's and family histories.

**HIST 655 Seminar in Western American History (2 or 4, max 8)** Selected topics in the history of the American frontier and the West.

**HIST 670 Illness and Healing in the Modern World (4, Sp)** Illness and healing in Europe and the Americas since 1492, especially the changing clinical and cultural definitions and responses to disease and ailments.

**HIST 673 Seminar in Early North American History (4, max 8)** Primary research on issues related to the history of the colonial and early national periods with an emphasis on areas that became the United States.

**HIST 675 Seminar in 19th Century United States History (4, max 8, 2 years, Sp)**

Research in historical problems of the Antebellum, Civil War, and Post-Civil War periods.

**HIST 680 Seminar in 20th Century United States History (4, max 8, 2 years, Fa)**

Directed research in historical problems of the Reform, World War I, interwar, World War II, and Post-War periods.

**HIST 700 Historical Explanation and Research Design (4)**

Designed for all doctoral candidates in their last year of course work, this practicum helps students define a dissertation topic and produce a prospectus. Graded CR/NC. Open only to graduate students.

**HIST 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**HIST 794abcdz Doctoral Dissertation**

**(2-2-2-0, FaSp)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Interdisciplinary Studies

College Academic Services Building  
(213) 740-2961

FAX: (213) 740-4839

Email: [fliegel@college.usc.edu](mailto:fliegel@college.usc.edu)  
[dornsife.usc.edu/interdisciplinary-studies](http://dornsife.usc.edu/interdisciplinary-studies)

Faculty Director: Thomas Gustafson, Ph.D.

Director: Richard Fliegel, Ph.D.

**Interdisciplinary Major**

The interdisciplinary major allows students to create an individual, original major. It is a flexible option available when a combination of existing majors and academic minors does not adequately fulfill a student's educational goals. With close advisement, students can build their own programs of study.

The interdisciplinary major is an intensive research program for students with a focused interest in a topic that requires study from more than one disciplinary perspective. Interdisciplinary majors are usually self-motivated students with good writing skills and an intellectual passion for a particular area of inquiry. Course work is selected to lead to a thesis project integrating the areas of research comprising the interdisciplinary major.

**Admission**

Admission to the interdisciplinary major is by application. Applications, which may be obtained from the program office, are considered by a special admissions committee. Interested students must have a GPA of 3.0 (A = 4.0) or above; those with less than a 3.3 are the exception. No one is usually admitted after the end of the first semester of the junior year.

**Program Requirements**

Students in the program must meet all graduation requirements of the college. When admitted, students establish an academic "contract," which outlines each semester's

course of study through graduation. The contract includes a minimum of nine (four unit) upper division courses, distributed in at least two fields. The primary focus of the major should be in the USC Dornsife College of Letters, Arts and Sciences. These areas of concentration must then be combined in a senior thesis or project, written under the guidance of a faculty committee.

**Restrictions**

Course prerequisites cannot be waived; admission to courses restricted to majors is subject to availability and direct negotiations; admission to departments and/or schools which have their own admission requirements must be processed separately.

**Bachelor of Arts in Narrative Studies**

See English, page 338, for a full description of the major.

**Minor in Critical Approaches to Leadership**

This minor is offered by faculty from several disciplines whose perspectives are brought to bear on issues and questions that should inform the judgements of capable, ethical leaders. Students are introduced to theoretical and historical models of leadership, engage in case studies of modern leaders, select critical electives that explore ethical and social considerations of leadership, examine professional applications of leadership principles, and integrate what they have learned in a capstone course. The emphasis of the minor is on leadership as expertise in community-building and takes advantage of USC's programs in community service, including the Joint Educational Project, the Jesse M. Unruh Institute of Politics and other internships available through the Division of Student Affairs.

Five upper-division courses, totaling 20 units, are required.

CORE COURSES		UNITS
Choose two:		
CLAS 370	Leaders and Communities	4
CLAS 375	Alexander the Great: Leadership, Personality and World Conquest	4
PHIL 335	Theoretical Models of Leadership	4
MDA 325	Case Studies in Modern Leadership	4
CRITICAL ELECTIVES		UNITS
<i>Group A — choose one</i>		
PHIL 337	History of Modern Political Philosophy	4
PHIL 437	Social and Political Philosophy	4
PSYC 355	Social Psychology	4
REL 341	Ethics in a Technological Society	4
REL 360	Ethical Issues in the New Medical Revolution	4
REL 375	Conflict and Change and the Ethics of Business	4
SOCI 320	Social Psychology	4
<i>Group B — choose one</i>		
IR 303	Leadership and Diplomacy	4
MOR 470	Global Leadership	4
POSC 365	World Political Leadership	4
POSC 423	Presidents and the Presidency	4
CAPSTONE COURSE		UNITS
AMST 365	Leadership in the Community, or	
MDA 365	The Art and Adventure of Leadership, or	
MDA 475	The Future of California	4

## Courses of Instruction

### INTERDISCIPLINARY MAJOR PROGRAM (INDS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**INDS 100 Topical and Multidisciplinary Seminars (1-4, max 12, FaSp)** Small group investigation from an interdisciplinary perspective.

**INDS 101 Directed Research and Tutorials (1-4, FaSp)** Research and study with L.A.S. Faculty Associates and other faculty.

**INDS 102 Field Study (1-4, FaSp)** In-service experience in a variety of off-campus institutions under the supervision of an L.A.S. Faculty Associate.

**INDS 300 Topical and Multidisciplinary Seminars (1-4, max 12, FaSp)** See INDS 100 for description.

**INDS 301 Directed Research and Tutorials (1-4, FaSp)** See INDS 101 for description.

**INDS 302 Field Study (1-4, FaSp)** See INDS 102 for description.

**INDS 400 Topical and Multidisciplinary Seminars (1-4, max 12, FaSp)** See INDS 100 for description.

**INDS 401 Directed Research and Tutorials (1-4, FaSp)** See INDS 101 for description.

**INDS 402 Field Study (1-4, FaSp)** See INDS 102 for description.

**INDS 494 Senior Thesis (1-8, FaSp)** Writing the IDM senior thesis under the supervision of a faculty guidance committee.

*Director:* Robert English, Ph.D.

### Faculty

*Robert Grandford Wright Professor in International Relations:* Laurie A. Brand, Ph.D.\*

*Professors:* Jonathan D. Aronson, Ph.D.\* (*Communication*); Manuel Castells, Ph.D. (*Communication*); Nicholas Cull, Ph.D. (*Communication*); Patrick James, Ph.D.; David Kang, Ph.D.; Steven L. Lamy, Ph.D.\*; Gerardo Munck, Ph.D.; John S. Odell, Ph.D.\*; Michael Parks (*Communication*); Philip Seib, J.D. (*Communication*); Mary Elise Sarotte, Ph.D.; Edwin M. Smith, J.D. (*Law*)

*Associate Professors:* Robert English, Ph.D.; Jacques Hymans, Ph.D.; Saori N. Katada, Ph.D.; Daniel Lynch, Ph.D.; Brian Rathbun, Ph.D.; Carol Wise, Ph.D.

*Assistant Professors:* Andrew Coe, Ph.D.; Mai'a Davis Cross, Ph.D.; Benjamin Graham, Ph.D.; Nicholas Weller, Ph.D. (*Political Science*)

*Professor of the Practice of International Relations and Economics:* Lord John Eatwell, Ph.D.

*Professors of the Practice of International Relations:* Gary W. Glass, Ph.D.; Geoffrey Wiseman, Ph.D.

*Associate Professor (Teaching) of International Relations:* Pamela K. Starr, Ph.D.

*Assistant Professors (Teaching) of International Relations:* Douglas Becker, Ph.D.; Andrew Manning, Ph.D.

*Robert F. Erburu Chair Emeritus in Ethics, Globalization and Development:* Abraham F. Lowenthal, Ph.D.

*Emeritus Professors:* Peter A. Berton, Ph.D.\*; Michael G. Fry, Ph.D.; Ron Steel, M.A.; Rodger Swearingen, Ph.D.

\*Recipient of university-wide or college award for teaching or research.

### Degree Programs

The School of International Relations (SIR) offers a B.A. in international relations; a B.A. in international relations (global business); a progressive degree in international relations; a dual M.A. in international relations/Juris Doctor offered with the USC Gould

School of Law; a dual M.A. in international relations/Master of Planning and a dual M.A. in international relations/Master of Public Administration offered with the Price School of Public Policy; a Master of Public Diplomacy; and a Ph.D. in politics and international relations offered with the Political Science Department. The SIR also offers minors in global communication, international relations, international policy and management and international urban development.

The SIR encourages undergraduate double majors, especially with economics, environmental studies, geography, history, journalism, foreign languages, political science and sociology. Programs are flexible, allowing students to gain a broad background in international studies and, at the same time, to specialize in a particular area. Minors in international relations; international policy and management; international urban development; and global communication, as well as interdisciplinary minors in nonprofits, philanthropy and volunteerism; and Russian area studies are also offered.

## Undergraduate Degree

### Major Requirements for the Bachelor of Arts in International Relations

The International Relations major requires a minimum of 40 units. All majors and minors must complete IR 210 International Relations: Introductory Analysis. All majors must complete an additional methodologically oriented course: either IR 211 International Relations: Approaches to Research or IR 212 Historical Approaches to International Relations or IR 213 The Global Economy. Normally IR 210 should be completed before attempting 400-level courses.

Four semesters of a single foreign language are required. All majors are encouraged to obtain as much foreign language training as possible either through a major or a minor in a foreign language or through a study program abroad.

Beyond IR 210 and IR 211 or IR 212 or IR 213, international relations majors are required to take eight additional courses. Majors must choose two, three-course concentrations. One of these should be from the following: Culture, Gender and a Global Society; Foreign Policy Analysis; International Political Economy; International Politics and Security Studies; Regional Studies (Europe; Russia, Eastern Europe and Eurasia; Latin America; the Middle East and Africa; or Pacific Rim). The student may design the second concentration with the support of a regular faculty member and approved by the International Relations Curriculum Committee. Every concentration must include at least one international relations course, typically the introductory course.

#### *International Politics and Security Studies*

War and peace are at the heart of relations among nations. These courses investigate defense analysis, arms control, peace-building and strategic studies. The domestic, technological and international factors influencing defense and arms control policies and negotiations are considered. The World Wars, Korea, Vietnam and the numerous crises of the Cold War are the backdrop in these courses. Required course: IR 307 or IR 381. Additional courses are: IR 303, IR 304, IR 309, IR 310, IR 318, IR 382, IR 383, IR 384, IR 385, IR 386, IR 402, IR 403, IR 422, IR 427, IR 445, IR 483, POSC 366 and POSC 448ab.

#### *International Political Economy*

These courses focus on what used to be considered "low" politics, but which have become key issues. Money, trade, investment, development, the environment and foreign economic policy are examined. Required course: IR 330. Additional courses are: ECON 338, ECON 450, ECON 452,

IR 305, IR 309, IR 323, IR 324, IR 325, IR 326, IR 337, IR 363, IR 364, IR 439, IR 454, POSC 430 and POSC 431.

#### *Foreign Policy Analysis*

This area examines the external relations of states, particularly the domestic and international factors that influence the formulation and implementation of national foreign policies. Factors within states (leadership, small group dynamics and domestic lobbying groups) and factors between states are stressed. Required course: IR 341 or IR 343. Additional courses are: IR 303, IR 309, IR 346, IR 365, IR 368, IR 385, IR 403, IR 441, IR 442, IR 443, IR 445 and IR 465.

#### *Regional Studies*

The regional studies field focuses on geographic regions, such as the Pacific Rim, Latin America, Europe, the Middle East and Africa. These courses test general theories of international relations within the framework of a specific region. The economic, political, ethnic and social history of a region are examined to help explain current developments and interstate and domestic policies and issues within a region.

*Europe:* Required course: IR 369. Additional courses are: ANTH 326, FREN 400, FREN 410, GERM 465, HIST 312, HIST 313, HIST 332, HIST 414, HIST 422, HIST 427, HIST 434, IR 368, IR 369, IR 385, IR 468, POSC 370, POSC 371, POSC 463, SPAN 320 and SPAN 350.

*Russia, Eastern Europe and Eurasia:* Required course: IR 345. Additional courses are: HIST 320, HIST 328, HIST 416, IR 346, IR 438, IR 439, POSC 464 and SLL 330.

*Latin America:* Required course: IR 364. Additional courses are: ANTH 328, ANTH 425, GEOG 335, HIST 372, HIST 374, IR 337, IR 365, IR 465, IR 466, POSC 350, POSC 430, POSC 431, SPAN 320 and SPAN 481.

*The Middle East and Africa:* Required course: IR 362 or IR 367. Additional courses are: ANTH 327, ECON 342, IR 362, IR 363, IR 364 and POSC 351.

*Pacific Rim:* Required course: IR 358 or IR 360. Additional courses are: ANTH 323, ANTH 324, EALC 340, EALC 345, EALC 350, EALC 375, ECON 343, HIST 333, HIST 337, HIST 340, IR 333, IR 361, IR 384, IR 442, POSC 352, POSC 355, POSC 356, POSC 377 and POSC 453.

#### *Culture, Gender and Global Society*

This field explores identities and interests shaping the politics of intellectual global society. Required course: IR 305 or IR 316. Additional courses are: EALC 375, IR 303, IR 306, IR 309, IR 310, IR 315, IR 318, IR 344, IR 382, IR 403, IR 422, IR 424, IR 438, IR 444, POSC 456, PPD 382, SOCI 335, SOCI 435, SOCI 445, SOCI 460 and SOCI 470.

If a student chooses a regional studies concentration, then his or her foreign language requirement should be in a language appropriate to that region. Four semesters of a single foreign language are required. Foreign language units do not count toward the minimum total of 40 units for the international relations major.

The student must take at least 32 units of international relations courses, including the two 200-level IR courses. Additionally, he or she must take at least eight upper division courses from the above curriculum, including at least one regional course and one 400-level course.

#### **Honors Program**

The honors program centers around IR 494 Honors Thesis Seminar that culminates in a thesis based on original research. In the spring of the junior year, students who have earned a GPA of 3.5 in the major and an overall GPA of 3.3 submit an application, two letters of recommendation and a research proposal that identifies the thesis topic to the student affairs office. Upon admission to the program, the student identifies an appropriate faculty member to co-supervise the thesis and, in the fall of the senior year, enrolls in IR 494. If the program is completed successfully (a B+ or better in IR 494, a major GPA of 3.5 and an overall GPA of 3.3 [A = 4.0]), the transcript will read "with Honors."

#### **Bachelor of Arts in International Relations (Global Business)**

The B.A. in International Relations with an emphasis in Global Business will give students the opportunity to pursue a degree in international relations and acquire specific skills in one of four concentrations in international business: international finance, international financial management, global marketing or global management. Students who have earned a GPA of 3.0 or above and a "B" average in IR 210 International Relations: Introductory Analysis and a second 300-level or above IR course are eligible to apply during their sophomore year. In addition to the IR requirements, students need to

complete the following prerequisite courses: ECON 203 Principles of Microeconomics, ECON 205 Principles of Macroeconomics, MATH 118x Fundamental Principles of the Calculus and MATH 218 Probability for Business before they can begin this program. The international relations course work consists of 28 units: IR 210, a regional course, a 400-level course, an international political economy course (IR 324, IR 325, IR 326 or IR 330) and three upper division electives.

Course work at the Marshall School of Business consists of ACCT 410x Accounting for Non-Business Majors or BUAD 250a Core Concepts of Accounting Information and 20 units in the respective areas of concentration. *International finance*: BUAD 215x Foundations of Business Finance, BUAD 310 Applied Business Statistics, BUAD 350 Macroeconomic Analysis for Business Decisions or ECON 305 Intermediate Macroeconomic Theory, FBE 462 International Trade and Commercial Policy and FBE 464 International Finance; *international financial management*: BUAD 215x Foundations of Business Finance, BUAD 310 Applied Business Statistics, FBE 432 Corporate Financial Strategy, FBE 436 Financial Management of Multinational Corporations, FBE 462 International Trade and Commercial Policy; *global marketing*: BUAD 307 Marketing Fundamentals, BUAD 310 Applied Business Statistics, MKT 450 Consumer Behavior and Marketing, MKT 465 Global Marketing Management and MKT 470 Marketing Research; *global management*: BUAD 304 Leading Organizations, MOR 431 Interpersonal Competence and Development, MOR 462 Management Consulting, MOR 470 Global Leadership and MOR 492 Global Strategy.

### Bachelor of Science in Global Health

The Bachelor of Science in Global Health is a multidisciplinary degree of the Keck School of Medicine's Department of Preventive Medicine. Students complete course work in Health Promotion and Disease Prevention Studies. For degree requirements, see Preventive Medicine, page 792.

### Progressive Degree Program in International Relations

This progressive degree program permits superior students to complete all requirements for both the B.A. and the M.A. degrees in international relations in five years. Students may apply on completion of 64 units of course work, but not later than the end of their junior year (or the completion of 96 units). To be eligible for admission, students must have at least a

3.5 overall GPA and a 3.75 major GPA and must have completed IR 210 International Relations: Introductory Analysis and IR 211 International Relations: Approaches to Research, or equivalent courses, as well as at least two upper division IR courses with at least one at the 400 level. The application for admission to a progressive degree program must be accompanied by an approved course plan proposal and letters of recommendation from two USC faculty members in the School of International Relations. The requirements for both the B.A. and M.A. degrees must be satisfied. Further details about progressive degrees can be found on page 87.

Students enrolled in a progressive degree program are encouraged to pursue minors in either foreign language, economics, public policy or regional studies to attain regional and functional expertise in addition to their training in international relations.

### Minor in International Relations

The minor in international relations allows students to develop a specialty in the field without a full major. Requirements are: IR 210 International Relations: Introductory Analysis and four upper division courses including at least one regional course and one 400-level course. Students planning to minor in international relations should see the School of International Relations advisers in Von KleinSmid Center 301.

### Minor in Global Communication

The rise of global firms and international changes that followed the end of the cold war raise new opportunities and challenges. This minor provides students from fields such as business, journalism, engineering and political science an understanding of the dynamic nature of global relations, communications and technology. The global communication minor consists of six 4-unit courses, three from International Relations and three from Communication.

REQUIRED INTERNATIONAL RELATIONS COURSE	UNITS
IR 305 Managing New Global Challenges	4

INTERNATIONAL RELATIONS REGIONAL COURSES (SELECT ONE)	UNITS
IR 303 Leadership and Diplomacy	4
IR 325 Rich and Poor States in the World Political Economy (departmental approval)	4
IR 326 U.S. Foreign Economic Policy	4
IR 327 International Negotiation	4
IR 330 Politics of the World Economy	4
IR 333 China in International Affairs	4

IR 345	Russian and Soviet Foreign Policy	4
IR 360	International Relations of the Pacific Rim	4
IR 361	South and Southeast Asia in International Relations	4
IR 362	The International Relations of the Contemporary Middle East	4
IR 363	Middle East Political Economy	4
IR 365	Politics and Democracy in Latin America	4
IR 367	Africa in International Affairs	4
IR 368	French Foreign Policy: 1945 to the Present (offered in Paris only)	4
IR 369	Contemporary European International Relations	4
IR 383	Third World Negotiations	4
IR 384	Introduction to Asian Security	4
IR 385	European Foreign Policy and Security Issues	4
IR 403	Transnational Diplomacy and Global Security	4
IR 439	Political Economy of Russia and Eurasia	4
IR 442	Japanese Foreign Policy	4
IR 468	European Integration	4

### IR ELECTIVE

Select one 300 or 400 level IR course

REQUIRED COMMUNICATION COURSE	UNITS
COMM 487 Communication and Global Organizations	4
COMMUNICATION ELECTIVES (SELECT TWO)	
COMMUNICATION COURSE	UNITS
COMM 324 Intercultural Communication	4
COMM 339 Communication Technology and Culture	4
COMM 345 Social and Economic Implications of Communication Technologies	4
COMM 371 Censorship and the Law: From the Press to Cyberspace	4
COMM 385 Survey of Organizational Communication	4
COMM 430 Global Entertainment (Prerequisite: COMM 300)	4
COMM 431 Global Strategy for the Communications Industry	4

Total units: 24

### Minor in International Policy and Management

The minor in international policy and management brings together courses from the School of International Relations, dealing with the new global challenges, specific regions of the world and international

organizations and policies, and the Price School of Public Policy dealing with core management skills and public policy processes. Students will gain an understanding of the changes and challenges transforming the world and a taste of the policy and management skills to deal with them. To increase their understanding of the context and application of these concepts, students must complete a semester-long internship either in Washington, D.C. or Los Angeles with an organization that has an international focus.

Students take three courses in international relations, including the gateway course, IR 305 Managing New Global Challenges, three courses in public policy and management, and an approved internship through the School of International Relations (IR 491x).

*Required Courses from International Relations:*

IR 305; one regional course selected from: IR 333, IR 345, IR 358, IR 360, 361, IR 362, IR 363, IR 365, IR 367, IR 369, IR 383, IR 385, IR 439, IR 442, IR 468; one course from either the regional course list or the following: IR 306,

IR 307, IR 310, IR 315, IR 316, IR 318, IR 323, IR 324, IR 325, IR 326, IR 327, IR 330, IR 341, IR 343, IR 344, IR 381, IR 382, IR 427, IR 441, IR 444.

The public policy component requires the completion of the following three options:

*From Public Policy:* PPD 225; two additional courses from the following: PPD 357, PPD 371, PPD 373, PPD 476 or PPD 482; or from Public Management: PPD 402; two additional courses from the following: PPD 313, PPD 407, PPD 411a, PPD 476.

*Internship*

Each student is required to complete an approved internship with an international focus. Students take a two-unit internship through the School of International Relations (IR 491).

**Interdisciplinary Nonprofits, Philanthropy and Volunteerism Minor**

See the Price School of Public Policy, page 875.

**Interdisciplinary Russian Area Studies Minor**

See Department of Slavic Languages and Literatures, page 466.

**Advisement**

Advisement is required for all majors and minors. Students are encouraged to meet with School of International Relations advisers at least once a semester to review the direction of their individual programs. Students are also encouraged to seek the advisement of faculty members whose specializations are appropriate to their programs of study.

**Academic Specialization**

Students majoring in international relations who wish to develop their own specialization or emphasize a particular regional area may establish with a faculty adviser, or with School of International Relations advisers, an academic program that will accomplish the students' objectives.

## Graduate Degrees

The School of International Relations offers graduate curricula leading to several different graduate degrees. With courses and faculty renowned for their strengths in a great variety of fields — culture, gender and globalization, political economy, foreign policy and security, regional studies — our graduate international programs generally emphasize training for careers in advanced research and teaching. The school also welcomes professionally oriented students with related interests in fields such as law, communication, economics and business and public policy.

The School of International Relations has programs leading to a progressive B.A./M.A. in international relations; a dual M.A. in international relations/Juris Doctor offered with the USC Gould School of Law; a dual M.A. in international relations/Master of Planning and M.A. in international relations/Master of Public Administration offered with the Price School of Public Policy; Master of Public Diplomacy; and a Ph.D. in political science and international relations offered with the Political Science Department.

**Admission Requirements**

The School of International Relations welcomes talented candidates from a variety of academic backgrounds. Admission decisions are based on consideration of applicants' prior academic performance, as reflected in course grades and letters of recommendation.

Applicants also are strongly encouraged to submit a sample of their written work in English, preferably a research-oriented paper. The committee also considers the potential for success in a graduate program based on Graduate Record Examinations scores. Business, government and other practical experiences related to international relations also are taken into account.

It is strongly recommended that master's and doctoral degree candidates should have completed at least one undergraduate course in statistics or quantitative methods and at least one course in economics before enrolling for graduate study. A course in social or political theory or international history also is highly desirable. The faculty may admit promising students who lack one or more of these courses. Students with this preparation tend to be more successful in the program and more likely to prosper in an academic or research setting afterwards.

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

All graduate students are required to maintain regular contact with the graduate coordinator to assure compliance with departmental regulations.

*Foreign Language Requirement*

Students in the progressive B.A./M.A. and joint M.A./J.D., M.A./MPI and M.A./MPA master's programs must show proficiency in at least one foreign language at the fourth semester level. In special instances a doctoral student's dissertation guidance committee may require a student to show research competence in one or two foreign languages. International students whose native language is not English may satisfy this requirement by submitting proof of their ability to read and understand social science materials in their native language where appropriate, or in another language in which significant social science material is available.

*Substantive Paper Requirement*

Students in the progressive B.A./M.A. and joint M.A./J.D., M.A./MPI and M.A./MPA master's programs must submit a substantive paper or alternative project. This requirement is meant to encourage students to polish articles that may ultimately prove suitable for publication, to develop materials that will display their talents for doctoral and graduate

school admission committees or prospective employers, and to begin to develop dissertation proposals early in the graduate education process. A student may submit a revised version of a research paper or a detailed policy memorandum along with a copy of the original paper for which he or she received a grade of B+ or better in one international relations graduate class. Students may also submit a paper or project based on other original work. A two-person faculty examining committee, which must consist of School of International Relations faculty members, will evaluate the substantive paper or project and may, at their discretion, call the student for an oral examination on the project. The student may add a third outside member to the committee. They may also choose to examine the student on his or her course work in international relations.

#### **Master of Arts, International Relations Requirements**

Students who have the degree objective of joint M.A. programs (Master of Arts, International Relations/Juris Doctor; Master of Arts, International Relations/Master of Planning; and Master of Arts, International Relations/Master of Public Administration) must apply for an M.A. in International Relations. Students pursuing these joint programs must refer to the specific course requirements outlined for each program.

#### *Advisement*

Students should consult with the school's faculty adviser each semester before registering for courses for the next semester. Students also are encouraged to seek advice from other faculty who work in areas related to their interests. Students may, if they wish and if a faculty member agrees, select a different faculty adviser from among the school's faculty. Consult with and inform the Office of Student Affairs regarding changes in faculty advisers.

#### **Master of Arts, Political Science and International Relations**

Only students who have a degree objective of obtaining the Ph.D. will be admitted into the Political Science and International Relations program. However, interested students can obtain an M.A. degree while pursuing the Ph.D. The degree is awarded upon successful completion of (a) 28 units, including three of the five courses in the program's theory and methodology sequence, a master's thesis and registration in POSC 594ab or IR 594ab; and (b) the approval of the master's thesis by the thesis committee.

#### **Master of Arts, International Relations/Juris Doctor**

The USC Gould School of Law and the School of International Relations jointly offer a three-year program leading to the J.D. and M.A. degrees. (Students may extend the dual degree program to four years.) Applicants must apply to both the law school and the School of International Relations and meet requirements for admission to both. In addition to the LSAT, students interested in this program are required to take the Graduate Record Examinations (GRE). Law students may apply to the School of International Relations during their first year at the law school.

In the first year, students take their course work in the law school exclusively. The second and third years include 24 units of courses in international relations and 40 units of law. Students pursuing the dual degree must complete LAW 662 or LAW 764 and one additional international law course. To earn the J.D., all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year. The associate dean may make exceptions to this rule for students enrolled in law school honors programs.

Students pursuing the dual degree must complete 24 units within the School of International Relations at the 500 level or above. These students are required to successfully complete IR 500 International Relations Theory, either IR 513 Social Science and Historical Research Methods or IR 517 International Policy Analysis, and two domain courses selected from among IR 502 Conflict and Cooperation, IR 509 Culture, Gender, and Global Society, IR 521 Introduction to Foreign Policy Analysis and IR 541 Politics of the World Economy. Like all other international relations master's degree programs, students in the dual degree program must complete a substantive paper or alternative project. The requirements, standards and evaluation procedure for the substantive paper are identical to those listed above for all M.A. students except that one member of the examining committee must come from the law school.

#### **Master of Arts, International Relations/Master of Planning**

The Price School of Public Policy and the School of International Relations jointly offer a three-year program leading to both M.A. and MPI degrees. Applicants must apply to the Price School of Public Policy and the School of International Relations and meet the requirements for admission to both. Students interested in this program are required to take the Graduate Record Examinations (GRE).

Requirements for the completion of the dual degree program are 56 units, including 24 units in the School of International Relations and 32 units in the Price School of Public Policy as follows:

INTERNATIONAL RELATIONS		UNITS
IR 517	International Policy Analysis	4
	one course that focuses on a specific region	4
	one functional course from the following:	4
IR 502	Conflict and Cooperation	
IR 509	Culture, Gender and Global Society	
IR 521	Introduction to Foreign Policy Analysis	
IR 541	Politics of the World Economy	
	Three IR electives	12
PLANNING		UNITS
PPD 500	Intersectoral Leadership	2
PPD 501a	Economics for Policy, Planning and Development	2
PPD 524	Planning Theory	2
PPD 525	Statistics and Arguing from Data	2
PPD 526	Comparative International Development	2
PPD 527	The Social Context of Planning	2
PPD 529	Legal Environment of Planning	2
PPD 533	Planning History and Urban Form	2

Note: 2-unit courses may be offered in seven-and-a-half week blocks.

*Planning Studios:* PPD 531L (4, 4) to total 8 units. Students must complete 8 units of domestic or international planning studies under PPD 531 (4) to satisfy this requirement. A maximum of 12 units may be taken.

*Electives:* 8 units of elective courses in planning (including one methods class) taken within the Price School of Public Policy.

Dual degree students, like all other MPI students, must take a comprehensive examination and fulfill the internship requirement. Students in the dual degree program must complete a substantive paper or alternative project. The requirements, standards and evaluation procedure for the substantive paper are identical to those listed for all International Relations master's program students except that one member of the examining committee must come from the Price School of Public Policy.

### Master of Arts, International Relations/ Master of Public Administration

The Price School of Public Policy and the School of International Relations jointly offer a three-year program leading to both M.A. and MPA degrees (students may extend the dual degree program to four years). Applicants must apply to the Price School of Public Policy and the School of International Relations and meet requirements for admission to both. Students interested in this program are required to take the Graduate Record Examinations (GRE).

#### Requirements

Students pursuing the dual degree must complete the degree requirements at the Price School of Public Policy and at least 24 units within the School of International Relations. For a complete listing, see Public Policy (page 901).

### Master of Public Diplomacy and Master of Public Diplomacy (Practitioner and Mid-Career Professional)

These degrees combine the resources of the Annenberg School for Communication and Journalism and USC Dornsife College of Letters, Arts and Sciences' School of International Relations. The Master of Public Diplomacy is designed for students who already have a substantial undergraduate background in social sciences or relevant professional experience in subjects such as communication, film and media studies, journalism, political science, public relations and international relations. The Master of Public Diplomacy (Practitioner and Mid-Career Professional) is designed for students who have at least five years experience working in

public diplomacy. See Annenberg School for Communication and Journalism, page 498, for degree requirements.

### Doctor of Philosophy in Political Science and International Relations

See Political Science and International Relations, page 445, for degree requirements.

## Courses of Instruction

### INTERNATIONAL RELATIONS (IR)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### IR 100xg The United States and World Affairs (4)

The changing character of contemporary international political issues from the Cold War to the future and U.S. foreign policy options for the future; exploration of competing perspectives. Not available for major credit. *Concurrent enrollment*: WRIT 140.

#### IR 101xg International Relations (4)

Basic concepts of world affairs for non-majors. Development of competency to understand and critically evaluate global relations and international events, stressing empirical approaches. Not available for major credit. *Concurrent enrollment*: WRIT 140.

#### IR 210 International Relations: Introductory Analysis (4)

Comprehensive introduction to contending theoretical and analytical approaches; development of critical, evaluative, cognitive, and analytical competencies regarding historical and contemporary issues. (Required for all IR majors and minors.)

#### IR 211 International Relations: Approaches to Research (4)

Introduction to theoretically oriented research approaches and designs, emphasizing the logics of argumentation involved. (Required for all IR majors.) *Prerequisite*: IR 210.

#### IR 212 Historical Approaches to International Relations (4)

Introduction to historical research methods, emphasizing historical texts and modes of discourse. *Prerequisite*: IR 210.

#### IR 213 The Global Economy (4)

Economic concepts necessary to understand modern global economy. Topics include transition economies, global inequality, environmental issues, international political economy, trade and the international financial system. *Prerequisite*: IR 210.

#### IR 302 International Relations of the Great Powers in the Late 19th and 20th Centuries (4)

Introductory analysis of the interactions of the great powers during the period; initial focus on Europe, with expansion to include global relations.

#### IR 303 Leadership and Diplomacy (4)

The role of leaders, diplomatic leadership and creativity in statecraft, providing a deep understanding of the theoretical and practical dimensions of diplomacy.

#### IR 304 Espionage and Intelligence (4)

The role and evolution of espionage and intelligence as tools of statecraft are examined. Open, covert, clandestine, counterintelligence programs and oversight processes are considered.

#### IR 305 Managing New Global Challenges (4)

Examines strategies for managing global issues in the post Cold War period. Explores ways that international institutions, national governments and non-state actors work separately and together to provide order and control over complex international issues areas. Issues that will receive attention could include financial and monetary relations, trade and foreign investment, preservation of the environment, the spread of weapons of mass destruction, population and migration, terrorism and ethnic strife.

#### IR 306 International Organizations (4)

The emergence of international organizations as a permanent feature in world politics; role of the United Nations organization as well as regional international organizations.

#### IR 307 Contemporary International Politics (4)

Recent events, forces, and conditions in the international political system. Basic organizing concepts used in the analysis of the data of international politics.

#### IR 308 Globalization: Issues and Controversies (4)

People, money, things, information, and ideas flow across national borders. How can we understand globalization, its consequences, and how to manage it? Multimedia training is provided.

#### IR 309 Global Governance (4)

Introduction to global governance structure and institutions. Exploration of the appropriate role for states, international organizations, civil society and individuals within the global governance structure.

**IR 310 Introduction to Peace and Conflict Studies (4)** Interdisciplinary study of the pursuit of peace, including causes of wars, arms races, conflict resolution, peace movements, domestic violence, nonviolent resistance, and peace with justice.

**IR 315 Ethnicity and Nationalism in World Politics (4)** Ethnic identity and nation formation in the global society of states; nation-states; conflict or political accommodation within multinational states; impact of dispersed nations on interstate relations.

**IR 316 Gender and Global Issues (4)** An examination of the role women have played in world politics focusing on issues of war and peace, the environment and the global economy.

**IR 318 Conflict Resolution and Peace Research (4)** Processes of conflict, violence, change, integration, stability, and peace in world society, analyzed primarily through the literature of the peace research movement.

**IR 323 Politics of Global Environment (4)** Examines the politics of managing the global environment. The nature of ecosystems, common problems, population and resource utilization problems along with biodiversity and global governance are emphasized.

**IR 324 Multinational Enterprises and World Politics (4)** Political implications of interactions between different types of multinational enterprises and all levels of U.S. government, other industrial nations, and less-developed countries.

**IR 325 Rich and Poor States in the World Political Economy (4)** Dynamic inequality in relations between rich and poor; contending views on causes; legacies of imperialism; ameliorative strategies of poor states; responses of richer states.

**IR 326 U.S. Foreign Economic Policy (4)** The U.S. economy and political-economic institutions in comparative perspective; economic diplomacy and policy; role of trade barriers, exchange rates, foreign aid, energy, foreign investment.

**IR 327 International Negotiation (4)** A practical course designed to improve your negotiation skills. Ideas for diagnosing situations and identifying strategies, which you apply in case studies and personal exercises. (Duplicates credit in former IR 405.) *Recommended preparation:* two IR courses.

**IR 330 Politics of the World Economy (4)** Introduction to the relationship between political and economic development and ideas concerning the origins and behavior of capitalism and its impact on international relations.

**IR 333 China in International Affairs (4)** Economic reform, the open door, and China's changing role in the international system. Relations with the United States, Japan, and other key powers in Asia. Tensions between the interests of American business and the human rights community over China policy.

**IR 337 The Impact of Remittances on Development in Mexico (4)** Examines the nature of remittances and their effects. Can remittances promote development? Explores policy making focused on improving the quality of remittance expenditures in Mexico. *Recommended preparation:* working ability with Spanish.

**IR 341 Foreign Policy Analysis (4)** Basic concepts and analytical approaches in the study of decision-making at the international level. This is a case-based class, requiring participation of students in interactive discussions of decision forcing and retrospective foreign policy cases.

**IR 343 U.S. Foreign Policy since World War II (4)** Analysis of U.S. foreign policy since 1945 as a basis for understanding significant new trends. Explanation of contemporary issues in U.S. relations with other nations.

**IR 344 Developing Countries in World Politics (4)** Origin, concepts, realities, and ideals of the non-aligned movement, focusing on the United States' role in the developing world.

**IR 345 Russian and Soviet Foreign Policy (4)** Overview of Soviet and Russian foreign policy in the 20th century. Review of the diplomatic history of the period and introduction to models of foreign policy used to analyze Soviet and Russian behavior.

**IR 346 Foreign Policy of Eastern Europe and the Balkans (4)** Analysis of contemporary foreign policy issues in East-Central Europe, including inter- and intra-state conflict, peacekeeping, NATO and EU enlargement, cross-border minorities and refugees.

**IR 358 The Asia Pacific in World Affairs (4)** The cultural, political, economic, and social aspects of the Asia Pacific's rise to prominence in world affairs. Reasons for the "successes" of many Asian economies and the environmental and social problems accompanying their rapid transformation. The difficulties of interaction in complex cultural situations illustrated by participation in a computer-assisted simulation.

**IR 360 International Relations of the Pacific Rim (4)** Political, economic, military, and territorial issues in East Asia and the Pacific and the role of the United States, Russia, China and Japan.

**IR 361 South and Southeast Asia in International Affairs (4)** The historical, cultural, and political reasons for Asia's dramatic transformation into a powerful engine of world economic growth. The secondary consequences of economic growth for environmental protection, gender relations, ethnicity, and military tension.

**IR 362 The International Relations of the Contemporary Middle East (4)** Introduction to problems and issues in the Middle East today: religio-ethnic rivalries, conflicting nationalisms and ideologies, the Arab-Israeli conflict, Middle East oil.

**IR 363 Middle East Political Economy (4)** Examination of general economic development issues: population, agriculture, industrialization, trade, oil, etc. Several Mideast case study countries are then explored in depth.

**IR 364 The Political Economy of Latin American Development (4)** The main economic development themes and strategies in Latin America over the past century. The interplay between domestic and international variables, and the resulting dynamic changes.

**IR 365 Politics and Democracy in Latin America (4)** Examines Latin America's experience with democracy emphasizing events since the 1980s. Analyzes the roles of interest groups, ideology, domestic politics, bureaucratic processes, perceptions and analogical reasoning.

**IR 366 Mexico and its Relations with the United States (4)** Analysis of Mexico and U.S.-Mexico relations, both historically and in the present day, to understand better the challenges in this key bilateral relationship.

**IR 367 Africa in International Affairs (4)** General overview of main historical, political, and economic issues as they affect Africa, focusing on nationalism, development, and superpower competition in Africa.

**IR 368 French Foreign Policy: 1945 to the Present (4)** Introduction to historical, thematic perspectives of French foreign policy since 1945 including review of external and internal constraints influencing foreign policy.

**IR 369 Contemporary European International Relations (4)** European interstate conflict and cooperation since 1945; history of Western European integration during the Cold War; the European Union in post-Cold War Europe.

**IR 371 Global Civil Society: Non-State Actors in World Politics (4)** Examination of diplomatic and moral relationships between sovereign states and transnational non-state actors, both benevolent (humanitarian groups and philanthropies) and malevolent (mercenaries, pirates and terrorists).

**IR 376 U.S.-Japan Encounters: War, Trade, and Culture (4)** The significance of U.S.-Japan relations is addressed through historical and policy analysis of America, Japan, and the Asia-Pacific region.

**IR 381 Introduction to International Security (4)** Alternative conceptions of security; evolution of nuclear strategy; efforts to control the development and spread of nuclear and conventional weapons; current security issues.

**IR 382 Order and Disorder in Global Affairs (4)** Modern and post-modern perspectives on changes in the inter-state system, relations among cultures and civilizations, the conditions of ecologically sustainable human development. *Prerequisite:* IR 100x, IR 101x or IR 210.

**IR 383 Third World Negotiations (4)** Origins, intensity, management and/or resolution of regional conflicts in developing countries and the role and intervention of great powers.

**IR 384 Introduction to Asian Security (4)** Introduction to key security trends in Asia-Pacific, emphasizing strategic competition between U.S., Russia, and China; regional military capabilities; rise of neutrality politics.

**IR 385 European Foreign Policy and Security Issues (4)** Western European foreign policy and defense issues; consensus and trends underscoring political and strategic change and policy alternatives in postwar European alliances. Course will rely heavily on case teaching approach.

**IR 386 International Terrorism and Liberal Democracy (4)** Examination of the nexus of terrorist threat and governmental response. Specifically, the class analyzes both terrorism's effectiveness as a means to achieve political change and the challenges faced by the liberal democratic state in responding to international terrorist campaigns.

**IR 389 Islam in France (4)** (Paris Semester only) Historical overview of interactions between Muslims and Europeans. Islam: origins, history and circumstances that led to its revival. France's immigration policy.

**IR 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**IR 401 The United Nations and World Order (4)** The contribution of the United Nations to world order, focusing on its history, principal organs, relationships with global actors, and prospects for reform.

**IR 402 Theories of War (4)** Theories of war tested in historical cases; the obsolescence of war as a rational choice, and problems that still result in war. *Prerequisite:* IR 210.

**IR 403 Transnational Diplomacy and Global Security (4)** Explores emerging "diplomatic" relations between nation-states and transnational (non-state) entities, such as non-governmental organizations (NGOs), in the development of global peace and security policies. *Recommended preparation:* IR 303.

**IR 404 International Relations Policy Task Force (4)** Addresses unfinished question of public policy. Provides experience in interviewing and field research, oral presentation and collective discussion and deliberation. Open to juniors and seniors only.

**IR 406 Ethics and World Politics (4)** Exploration of the relationship between ethics and politics. Special focus on religion, violence and human rights in international relations

**IR 408 Global Democratization (4)** Exploration of the global experience with democracy. Meaning of the term "democracy," explanations of the rise and fall of democracy, its current trends and future challenges.

**IR 422 Ecological Security and Global Politics (4)** Should environmental issues be treated as threats to security? Survey of recent literature explores global environmental politics using a security framework. *Prerequisite:* IR 210 and/or environmental studies course work.

**IR 424 Citizenship and Migration in International Politics (4)** Changing notions of citizenship in the context of history, and of economic, political and sociological theories of international migration; diaspora and migration case studies.

**IR 426 Trade Politics in the Western Hemisphere (4)** Focus on the dynamic process of trade integration that has occurred since the mid-1980s in the Western Hemisphere.

**IR 427 Seminar on Economics and Security (4)** Introduction to important economic issue areas that are understood as security-related in the contemporary world: food, trade, debt, etc.

**IR 430 The Politics of International Trade (4)** Economic approaches and political processes are used to explain observed international trade policy choices. Topics covered include globalization, regionalism, labor standards, the environment and sanctions. *Recommended preparation:* ECON 450, IR 330.

**IR 438 Nationalism and Ethnic Conflict after Communism (4)** Explores origins and nature of ethnic strife among post-socialist states (ethnicity and national revival, modern histories of East-Central Europe and Russia, problems and conflict resolution).

**IR 439 Political Economy of Russia and Eurasia (4)** Interaction of politics and economics in the former Soviet Union and its component republics; the historical planned economy, the politics of reform and the political economy of former Soviet foreign relations.

**IR 441 Comparative Analysis of Foreign Policy (4)** Comparative analysis of foreign policy determinants and decision-making; empirical emphasis.

**IR 442 Japanese Foreign Policy (4)** Economic, political, territorial, and security issues; foreign policy decision-making; relations with major powers and neighboring states.

**IR 443 Formulation of U.S. Foreign Policy (4)** Critical discussion of alternative approaches explaining the formulation and implementation of U.S. foreign policy: domestic politics, organizational processes, group dynamics, individual personality and perception.

**IR 444 Issues and Theories in Global Society (4)** Why the world is organized into sovereign nation-states. The challenges to nation-states in the 21st century from globalization, democratization, revolution, technology, and new forms of cultural identity.

**IR 445 U.S. Defense and Foreign Policy: Nonproliferation and Weapons of Mass Destruction (4)** Policies and programs aimed at stopping the spread of weapons of mass destruction. Presentations by executive/legislative officials involved in formulation and implementation of non-proliferation. Junior or senior standing required.

**IR 454 The International Political Economy of Development (4)** Provides a critical introduction to scholarship on international political economy (IPE), the interaction of states and markets in a global context.

**IR 463 Islam and Arab Nationalism (4)** Historical, sociological and political processes that have shaped the emergence of and relationship between Arab nationalism and political Islam since the early 20th century.

**IR 464 U.S. Policy Towards the Middle East: 1950 to the Present (4)** The role of the United States in Middle Eastern affairs after the creation of the state of Israel.

**IR 465 Contemporary Issues in United States-Latin America Relations (4)** Examines major issues in the relationship between the United States and the countries of Latin America and the Caribbean, including trade and financial questions, security, immigration, the environment, narcotics, etc. Major bilateral relations (especially with Mexico, Brazil, and the Caribbean Basin countries) are emphasized, as are regional and multi-lateral relationships.

**IR 466 Contemporary Issues in Latin American Politics (4)** Focus on current politics in Latin America. Address a range of themes: electoral democracy, citizenship, political inclusion, human rights, corruption, economic inequality.

**IR 468 European Integration (4)** Research on the European Union's role in European international relations; internal EU developments since 1985 as an actor in the world economy.

**IR 470 Comparative Regionalism (4)** Analysis of the factors that provide different forms of regional arrangements in different parts of the world. *Prerequisite:* IR 210.

**IR 483 War and Diplomacy: The U.S. in World Affairs (4)** Perspective on recent American foreign policy; a case study of conflicting literature on the origins, development and legacy of the Cold War.

**IR 484 American Religion, Foreign Policy and the News Media (4)** (Enroll in JOUR 484)

**IR 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**IR 491x Field Study (1-8, max 8)** Local, national, and international internships. Not available for graduate credit.

**IR 494 Honors Thesis Seminar (4)** Preparation and oral defense of senior honors thesis before supervising faculty and fellow honors students. (Duplicates credit in former IR 493b.) Senior status and acceptance to program required. *Prerequisite:* IR 210, IR 211.

**IR 499 Special Topics (2-4, max 8)** Selected topics in various special areas within international relations, which may vary from semester to semester or within semesters.

**IR 500 International Relations Theory (4)** Development of organized knowledge of international relations. Main currents of thought and varieties of current literature.

**IR 501 International Relations Theory: Advanced (4)** Examines the specialized nomenclature of international relations and the varied interpretations of basic concepts of international theory; conceptual analysis and criticism.

**IR 502 Conflict and Cooperation (4, Fa)** Against the background of 20th century history this course introduces the major literatures on the causes, strategy, practice, and future possibilities of war and peace.

**IR 503 Theories of Diplomacy (4)** Investigation of international relations through the lens of diplomatic theories, considering the limits and potential of diplomacy and how thinking about diplomacy has evolved.

**IR 507 Gender and International Relations (4)** An examination of gender and culture in world society. Feminist perspectives on and critiques of various approaches to international relations theories.

**IR 509 Culture, Gender, and Global Society (4)** Cultural and gendered responses to economic globalization; topics include culture and security, identity politics, clashes of and accommodations among civilizations, modernity, post-modernity and world society.

**IR 512 Linkage Politics (4)** (Enroll in POSC 512)

**IR 513 Social Science and Historical Research Methods: Introduction to Research Design (2 or 4)** Introduction to problems in philosophy of science, epistemology, historical and historiographical inquiry, leading to development of elementary research design capabilities.

**IR 514 Multivariate Analysis (4)** Causal inference and modeling in international relations and political science; assumptions and problems of multivariate regression analysis in both cross-sectional and time series cases.

**IR 515 Qualitative Research Design (4)** A practical seminar in which to develop a dissertation proposal. Covers casual inference and comparative case study designs; single-case designs; selecting cases; interviewing; combining quantitative and qualitative methods. *Recommended preparation:* IR 513, one course in statistics, and enough substantive study to identify a likely dissertation topic.

**IR 516 Advanced Research Methods: Text, Talk and Context (4)** Text and discourse analysis methods and strategies. Themes include the roles of ideas, identities, policies and interests in various institutional contexts. *Prerequisite:* COMM 550, IR 494, IR 513, POSC 500, PUBD 500 or PUBD 502.

**IR 517 International Policy Analysis (4)** Game theory and other methodologies applied to the study of international relations. Topics include global and regional public goods, collective action, externalities, treaty information, market failures.

**IR 519 Field Research Methods in Comparative Politics and International Studies (4)** Intended for graduate students planning social science research projects in a foreign country. Primary goal is to assist students to prepare the design for their dissertation research.

**IR 521 Introduction to Foreign Policy Analysis (4)** Survey of principal theoretical and empirical approaches to foreign policy analysis; bureaucratic politics, cybernetics, game theory and options analysis, comparison, design theory, simulation.

**IR 522 United States Diplomacy since 1945: Issues and Decisions (4)** An analysis of United States foreign policy with emphasis on the origins and structure of the cold war, decision-making, the role of ideology, containment and imperialism, and issues of the post-bipolar era.

**IR 525 State and Society in International Relations (4)** A readings seminar that assesses the challenges to nation-states and world order presented by trans-border cultural flows, new technologies, and changing patterns of political participation.

**IR 526 Migration and Diaspora in International Politics (4)** Examines issues of migration, the relationship between citizen and state, economic factors triggering emigration/immigration, transnationalism, and explores the phenomenon of diasporas.

**IR 531 Strategy and Arms Control (4)** Impact of nuclear weapons on U.S. and U.S.S.R. postwar military policies and strategies; evolution of postwar deterrence postures; development of superpower arms control since 1945.

**IR 534 East Asian Security Issues (4)** Security politics of China, Japan, ASEAN states, and Southwest Pacific nations; their strategic relations with the superpowers; regional security initiatives: nuclear-free zone politics, ZOPFAN, and indigenous military capacities. *Prerequisite:* IR 531.

**IR 539 Seminar in International Politics – Conflict Processes (4)** Advanced seminar in international conflict, crisis and war. General perspectives on factors that bring about war and promote peace, with priority given to ethnopolitics. Open only to graduate students.

**IR 540 Seminar in International Politics – Religion and Conflict (4)** Advanced introduction to how religion has emerged as a powerful force in politics. Conflict resolution, fundamentalism, terrorism, war, American foreign policy and global civil society. Open only to graduate students.

**IR 541 Politics of the World Economy (4)** Survey of approaches to international political economy. Intellectual roots; the management of collective goods; North-South relations are examined.

**IR 542 Foreign Economic Policies of Industrial Capitalist States (4)** Seminar comparing policies of Britain, France, Germany, Japan, and the United States; evaluation of alternative research methods and theories; design and execution of an original project.

**IR 543 Politics of International Monetary and Trade Relations (4)** Political analysis of international monetary and trade relations; emphasis on interactions among industrialized nations.

**IR 545 The International Political Economy of Development (4)** The political aspects of economic growth, efficiency and distribution are explored for underdeveloped nations in an international relations context.

**IR 547 Political Economy of Global Space and Environment (4)** Regimes in an anarchic world will be examined to assess ways oceans, atmosphere, outerspace, and other unowned spaces or resources are and can be used.

**IR 550 Economic Bargaining Theory and Practice (4)** Development of analytical skills and strategies for negotiations over economic and political problems, through study of recent cases and participation in bilateral and multilateral exercises.

**IR 551 International Political Economy of the Pacific Rim (4)** Introduces issues related to political economy of the Pacific Rim; trade, investment and development strategies of these countries. The role of Japan's increasing economic power and that of the changing U.S.–Japan relations and their implications to the rest of the Pacific Rim region.

**IR 553 Political Economy of Global Telecommunication and Information (4)** (Enroll in COMM 553)

**IR 556 Latin America and U.S. Foreign Policy (4)** Latin American challenges to U.S. policymakers; U.S. success in achieving its goals; alternative explanations of U.S. behavior.

**IR 557 Africa and U.S. Foreign Policy (4)** Research problems on international issues arising from the emergence of Africa.

**IR 561 Japanese Foreign Policy and International Relations of East and Southeast Asia (4)** Research problems in political, economic, and security issues in East and Southeast Asia, with special emphasis on the role of Japan.

**IR 563 Chinese Foreign Policy (4)** Research problems in political, economic, military, and ideological issues.

**IR 581 International Relations of the Middle East (4)** Salient issues in regional politics such as colonialism, nationalism, identity, religion, development, and war are examined.

**IR 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**IR 591 Field Study (1-12)** Study of contemporary institutions in selected regions of the world. Maximum units which may be applied to the degree to be determined by the department.

**IR 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**IR 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**IR 599 Special Topics (2-4, max 8)** Subjects specifically relevant to an international relations field, sometimes conducted as intensive short-courses.

**IR 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**IR 791 Advanced Studies (2-4, max 12)** Subjects specifically relevant to an international relations field; conducted for Ph.D. students, sometimes conducted as intensive short courses.

**IR 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Joint Educational Project

**Joint Educational Project House**  
801 W. 34th St.  
(213) 740-1834  
FAX: (213) 740-1825  
Email: [tanderso@usc.edu](mailto:tanderso@usc.edu)  
[dornsife.usc.edu/jep](http://dornsife.usc.edu/jep)

*Executive Director:* Tammara Anderson

The Joint Educational Project (JEP) places university students in field assignments in more than 40 community sites (including neighborhood schools, non-profit organizations and governmental institutions) primarily near the University Park Campus. Students participate in projects that seek to discover or implement solutions to problems that have

been identified by the community. In the process, students learn how to develop and apply knowledge, work in diverse social settings, become engaged in civic affairs, explore possible career paths and make professional contacts. "JEP" following a section number indicates that the professor will possibly offer JEP as a course option.

Based in the USC Dornsife College of Letters, Arts and Sciences, JEP places university students in supervised, service-learning positions as a part of their academic course work. Students registered in certain classes in the Departments of Biological Sciences, Earth Sciences, Geography, Sociology, Spanish and other disciplines are assigned to neighborhood schools, social

service/governmental agencies, and hospitals and health clinics, where they assist professionals, teach, translate, and make other contributions to the community. Students are required to submit weekly reflective essays to help them make connections between their academic course work and their experiences in the community. Work-study students work in conjunction with JEP through the USC Readers Plus program. Students assist K-9 children in the university's "Family of Schools" in the areas of math and reading, allowing USC students the opportunity to serve in the community while gaining experience in an urban school environment.

## Judaic Studies

**Hebrew Union College-Jewish Institute of Religion**  
3077 University Ave.  
Los Angeles, CA 90007  
(213) 765-2113  
FAX: (213) 747-6128  
Email: [louchheim@huc.edu](mailto:louchheim@huc.edu),  
[hochman@huc.edu](mailto:hochman@huc.edu)  
[www.huc.edu/louchheim](http://www.huc.edu/louchheim)

*Chair:* Leah Hochman, Ph.D.

*Registrar:* Carol Sofer

### Faculty

*Professors:* Reuven Firestone, Ph.D.; Bruce Phillips, Ph.D.; Steven Windmueller, Ph.D.

*Associate Professors:* Sarah Benor, Ph.D.; Sharon Gillerman, Ph.D.; Joshua Holo, Ph.D.; Dvora Weisberg, Ph.D.

*Assistant Professors:* Joshua Garroway, Ph.D.; Leah Hochman, Ph.D.; Adam Rubin, Ph.D.

*Adjunct Associate Professor:* Yaffa Weisman, Ph.D.

*Lecturers:* Rivka Dori, M.A., M.S.; Hagit Arieli-Chai, M.A.Ed.

Judaic Studies is offered by the Hebrew Union College-Jewish Institute of Religion, an independent college adjacent to the USC campus. Students registering for classes in the program do so through the regular USC registration process. They receive regular course credit and their degrees from USC. Hebrew courses may be used to fulfill graduation requirements in a foreign language; courses which meet humanities general education requirements may be used as electives or may be used for major credit with the approval of an adviser.

### Bachelor of Arts in Religion with Emphasis in Judaic Studies

A Bachelor of Arts in Religion with an area of emphasis in Judaic Studies is offered cooperatively by the School of Religion and Hebrew Union College-Jewish Institute of Religion. Program requirements are listed in this catalogue under Religion, page 460.

The Ph.D. program in Religion and Social Ethics, offered at USC through the School of Religion, may be taken with a concentration in Judaic Studies. Applicants for the joint Ph.D. program in Religion and Social Ethics with Hebrew Union College should apply to USC; applications are considered jointly with Hebrew Union College. Applicants are

required to demonstrate proficiency in Hebrew. See the School of Religion section in this catalogue (page 462) for more information.

### Bachelor of Arts in Middle East Studies

See the Department of Middle East Studies, page 412, for a complete listing of requirements.

### Minor in Judaic Studies

The minor in Judaic Studies provides the opportunity for in-depth study of Jewish thought, ethics, history, literature, tradition, spirituality and women's studies using approaches developed through the academic study of religion. It is an interdisciplinary program that challenges and stimulates students to examine and learn about Judaism as a topic of scientific interest.

For the minor, 20 units in Judaic Studies and Religion are required. The following courses are required: REL 301 and JS 180. Three additional courses may be chosen from among JS 321, JS 340, JS 361, JS 375, JS 382, JS 383, JS 415 and REL 312. Successful completion of five 4-unit courses or the equivalent in Jewish American Studies is required to qualify for the minor.

**Minor in Jewish American Studies**

The minor in Jewish American Studies offers the opportunity to study the experiences and cultures of the American Jewish community in relation to those of other American peoples. For the minor, 20 units of American Studies and Judaic Studies are required.

CORE REQUIREMENTS		UNITS
AMST 202	Interethnic Diversity in the West	4
JS 300	American Jewish History	4

Three courses from the following:

AMST 301	America, the Frontier, and the New West	4
AMST 350	Junior Seminar in American Studies and Ethnicity: Theories and Methods	4
JS 330	Jewish Power, Powerlessness, and Politics in the Modern Era	4
JS 381	The Jew in American Society	4
JS 382	Judaism as an American Religion	4

JS 383	Jews in American Popular Culture	4
JS 415	The American Jewish Experience in Film	4
JS 428	Blacks and Jews: Conflicts and Alliances	4

**Minor in Middle East Studies**

See the Department of Middle East Studies, page 412.

## Courses of Instruction

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**HEBREW (HEBR)**

**HEBR 120 Hebrew I (4, Fa)** Modern spoken and written Hebrew with emphasis on the principles of grammar.

**HEBR 150 Hebrew II (4, Sp)** Continuation of modern Hebrew I.

**HEBR 220 Hebrew III (4, Fa)** Continuation of Hebrew II; stress on grammar, composition, and conversation.

**HEBR 315 Biblical Hebrew Literature**

**(Hebrew IV) (4, Sp)** Introduction to biblical Hebrew style through reading of selected biblical texts; examination of linguistic and literary aspects. *Prerequisite:* HEBR 220.

**JUDAIC STUDIES (JS)**

**JS 100g Jewish History (4, Fa)** Major ideas, personalities, and movements in Jewish history from antiquity to the present in light of the interaction of the Jews with the general culture.

**JS 180 Introduction to Judaism (4, Sp)**

Jewish beliefs, practices, and history from the biblical period to the present; Judaic contributions to Western civilization.

**JS 211g The Holocaust (4, FaSp)** Historical background and responses to the Holocaust, with special emphasis on ethical implications. *Concurrent enrollment:* WRIT 140.

**JS 214 Zionism, Israel, and the Modern**

**World (4, Fa)** Ideas about nationalism, Zionism, and society-building; emphasis on self-definition in the Jewish state.

**JS 300 American Jewish History (4, Fa)**

Patterns of immigration, acculturation, religious forms, and ethnic expression in America from the colonial period to the present.

**JS 321 Gender and Judaism (4, FaSp)**

An investigation into the ways in which gender has structured Jewish religious, social, political and intellectual life from the Biblical period through the present.

**JS 330 Jewish Power, Powerlessness, and Politics in the Modern Era (4, FaSp)** Explores the relationship between the Jewish people and political powers. Topics include politics in exile, changing relationships to power, and relations with the modern nation-state.

**JS 340 Modern Jewish History (4, FaSp)**

A survey of the major trends and themes of modern Jewish history. Examination of Jewish culture, society and politics from the Spanish Expulsion to the Second World War. *Recommended preparation:* JS 100.

**JS 360m Identity, Community, and Service: Jews and Other Americans (4)** Examination of relationships between identity, community and service by investigating ethno-religious organizations' attempts to serve members of their group and confront issues of injustice in society.

**JS 361 Scripture and Polemic in Judaism, Christianity and Islam (4, FaSp)** Origins of Scriptures and their polemical environments in earliest Judaism, Christianity, and Islam. Scripture as polemic and legitimation, and cross-religious/cross-cultural interpretation and argument based on scriptural themes.

**JS 375 Issues of American Jewish Literature (4)** Issues-oriented study of the human experience in America as expressed in the fiction, poetry, drama, memoirs, and literary criticism of America's Jews, using a dual approach incorporating both literary history and specific issues.

**JS 378 Jewish Magic in the Ancient World (4, Sp)** A cross-cultural examination of different kinds of magical literature that describe miraculous practices in Jewish mainstream and marginal life in the ancient and classical periods.

**JS 379m Mixed Matches: Inter-marriage and American Society in the 21st Century (4, Sp)** An investigation into inter-ethnic, interracial, and inter-religious marriage in the 21st century.

**JS 381 The Jew in American Society (4, FaSp)** The changing sociological profile of the American Jew and changing organization of the American Jewish community as they developed over the 19th and 20th centuries.

**JS 382 Judaism as an American Religion (4)** The development of American expressions of Judaism as part of the American religious context, from the perspective of the social scientific study of religion.

**JS 383 Jews in American Popular Culture (4, FaSp)** Social and cultural history of American Jewish contributions to the arts, science, literature, economics and politics.

**JS 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**JS 415 The American Jewish Experience in Film (4)** A survey of American Jewish history through the medium of film, with particular emphasis on the experience of the post-war generation.

**JS 428 Blacks and Jews: Conflicts and Alliances (4, Sp)** Examination of the relationship between the American Jewish and African-American communities and what it teaches about race and coalition politics in American society.

**JS 467 Modern Jewish Thought (4, Sp)**

Foundations of modern Jewish thought from the Western European Enlightenment to the present.

**JS 490x Directed Research (2-8, max 8)**

Individual research and readings. Not available for graduate credit.

**JS 499 Special Topics (4)** Selected topics in Judaic Studies.

**JS 501abc Bible Texts (4-4-4, FaSp)**

*a:* Advanced grammar and reading. An introduction to principles of form criticism as applied to selected narrative and legal portions of the Pentateuch. *b:* A critical evaluation of the biblical books of Amos and Hosea with a view to gaining an appreciation of the prophets' literary skill, their religious motivations, and the originality of their thought. *c:* Critical readings in each of the biblical books of Ruth, Lamentations, Ecclesiastes, Esther, and Song of Songs, with a view toward gaining an appreciation of their literary and religious values. Knowledge of Hebrew required.

**JS 504 Modern Hebrew Literature (3, Fa)**

Reading of unvocalized texts primarily from modern Hebrew literature. A survey of the development of modern Hebrew literature, with an emphasis on short story and poetry. Knowledge of Hebrew required.

**JS 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**JS 680 Boundaries of Jewish Normative Behavior (4, Sp)** Institutions claiming Jewish authenticity and their treatment of Jews perceived to be deviant.

## Kinesiology

Physical Education Building 107

*Chair:* Casey Donovan, Ph.D.

**Faculty**

See faculty listing for Biological Sciences  
(Human and Evolutionary Biology)

**Academic Program Staff**

*Director of Instructional Laboratories:* MaryAnn Bohland-Matveyenko, Ph.D.

*Student Services Adviser:* Laura Ames, M.Ed.

The Department of Kinesiology offers undergraduate and graduate degrees in the scientific study of human movement. The undergraduate curriculum is designed to provide a broad and comprehensive understanding of the human body at work. This includes studies of basic underlying parameters, as well as applications relevant to understanding human movement. The course work necessarily derives from a variety of disciplines, including physiology, anatomy, biochemistry, biomechanics, nutrition and psychology. As such, an undergraduate degree in kinesiology or human performance provides excellent

training for students wishing to pursue further graduate or professional studies in health-related fields.

At the graduate level students are expected to specialize in one area, i.e., exercise physiology or biomechanics. These represent areas of active research by department faculty. The focus is on preparing individuals who will contribute to research and scholarship in their chosen discipline.

## Undergraduate Degrees

**Bachelor of Science in Kinesiology**

The Department of Kinesiology offers a course of study that leads to a B.S. degree. As with any degree in the USC Dornsife College of Letters, Arts and Sciences, students are required to complete all applicable general education, writing, diversity and language requirements. Specific degree requirements include 24 units of required core courses within kinesiology and 24 units of required collateral courses within the sciences. Students must also complete 16 units from a restricted list of electives. While restricted to the sciences, the electives allow students to tailor the degree to their individual needs. In addition to specific course work, students have several options for acquiring

practical experience and/or participating in ongoing research efforts of the faculty.

*Pre-health:* Kinesiology is an ideal course of study for students wishing to enter the health professions, e.g., physical therapy, medicine, dentistry and occupational therapy. Along with the required core and collateral courses, the elective units allow sufficient flexibility to complete course prerequisites for any of the health fields. Our academic adviser can provide direction in planning course selections toward specific fields.

REQUIRED CORE COURSES		UNITS
EXSC 200L	Nutrition: Macronutrients and Energy Metabolism	4
EXSC 300L	Physiology of Exercise	4
EXSC 301L	Human Anatomy	4
EXSC 405L	Applied Systems Physiology	4
EXSC 406L	Exercise and Energy Homeostasis	4
EXSC 408L	Biomechanics	4
REQUIRED COLLATERAL COURSES		UNITS
BISC 120L	General Biology: Organismal Biology and Evolution	4
BISC 220L	General Biology: Cell Biology and Physiology	4

CHEM 105aLbL	General Chemistry, or	
CHEM 115aLbL	Advanced General	
	Chemistry	4-4
MATH 108	Precalculus	4
PHYS 135aL	Physics for the Life	
	Sciences	4

In addition, a minimum of 16 units is required from the list of science courses that follows.

The choices from this list would depend upon the student's future course of study.

ELECTIVES		UNITS
BISC 307L	General Physiology	4
BISC 320L	Molecular Biology	4
BISC 330L	Biochemistry	4
BISC 421	Neurobiology	4
CHEM 322abL	Organic Chemistry	4-4
EXSC 203L	Individualized Exercise Prescription	2
EXSC 250	Drugs and Ergogenic Aids in Sport and Weight Control	4
EXSC 310	Sociopsychological Aspects of Sport and Physical Activity	4
EXSC 350	Nutrition: Micronutrients and Homeostasis	4
EXSC 400L	Principles of Perceptual-Motor Learning	4
EXSC 409	Metabolic Diseases	4
EXSC 439L	Human Performance and Bioenergetics	2 or 4
EXSC 441L	Prevention of Athletic Injuries	4
EXSC 442L	Advanced Prevention and Care of Athletic Injuries	4
EXSC 490x	Directed Research	2-8, max 8
EXSC 491L	Laboratory Experience in Kinesiology	2 or 4, max 4
EXSC 499	Special Topics	2-4
GERO 310	Physiology of Aging	4
GERO 437	Social and Psychological Aspects of Death and Dying	2 or 4
ITP 101x	Introduction to Information Technology	4
MATH 125	Calculus I	4
PHYS 135bL	Physics for the Life Sciences	4
PSYC 274	Statistics I	4

**Bachelor of Arts in Human Performance**

The Department of Kinesiology offers a course of study that leads to a B.A. degree. As with any degree in the USC Dornsife College of Letters, Arts and Sciences, students are required to complete all applicable general education, writing, diversity and foreign language requirements. Specific degree requirements include 24 units of required core courses within kinesiology and 12 units

of required collateral courses within the sciences. Students must also complete 8 units from a restricted list of electives. While restricted to kinesiology, the electives allow students to tailor the degree to their individual needs. In addition to specific course work, students have several options for acquiring practical experience and/or participating in ongoing research efforts of the faculty.

Human performance is an ideal course of study for students interested in establishing a strong science background and/or pursuing careers in teaching, coaching, sports management, sports law, athletic training, sports communication, sports journalism and many other sports-related professions. Along with the required core and collateral courses, the elective units allow sufficient flexibility to complete course prerequisites for any of the graduate health fields. Academic advisers can provide direction in planning course selections toward specific fields.

REQUIRED CORE COURSES		UNITS
EXSC 202L	Principles of Nutrition and Exercise	2
EXSC 203L	Individualized Exercise Prescription	2
EXSC 250	Drugs and Ergogenic Aids in Sport and Weight Control	4
EXSC 301L	Human Anatomy	4
EXSC 310	Sociopsychological Aspects of Sport and Physical Activity	4
EXSC 400L	Principles of Perceptual-Motor Learning	4
EXSC 401L	Kinesiology	4

REQUIRED COLLATERAL COURSES		UNITS
BISC 220L	General Biology: Cell Biology and Physiology	4
MATH 108	Precalculus	4
PSYC 274	Statistics I	4

In addition, a minimum of 8 units is required from the list of kinesiology courses that follows. The choices from this list would depend upon the student's future course of study.

ELECTIVES		UNITS
EXSC 200L	Nutrition: Macronutrients and Energy Metabolism	4
EXSC 300L	Physiology of Exercise	4
EXSC 350	Nutrition: Micronutrients and Homeostasis	4
EXSC 405L	Applied Systems Physiology	4
EXSC 406L	Exercise and Energy Homeostasis	4
EXSC 408L	Biomechanics	4
EXSC 409	Metabolic Diseases	4
EXSC 439L	Human Performance and Bioenergetics	2 or 4

EXSC 441L	Prevention of Athletic Injuries	4
EXSC 442L	Advanced Prevention and Care of Athletic Injuries	4
EXSC 490L	Directed Research	2-4
EXSC 491L	Laboratory Experience in Kinesiology	2 or 4, max 4
EXSC 499	Special Topics	2-4

**Grade Point Average Requirements**

Students must obtain a minimum GPA of 2.0 or better (cumulative) for the required core requirements, the required collateral courses, and the 16 units of required electives. In addition, a minimum grade of C- (1.7) will be allowed for each of the courses in the required core courses. This requirement will be effective for incoming students (freshmen or transfers) as well as for graduation from USC.

**Minor in Kinesiology**

For students who would like to obtain basic knowledge of kinesiology but are majoring in another area, a minor in this field is offered. The minor may be ideal for someone pursuing a career in the management area of health and corporate fitness.

A minor in a health-related science may also be desirable for those in engineering or the physical sciences. Students pursuing a teaching or coaching career at the secondary school level may also benefit from knowledge in this area.

REQUIRED COURSES, LOWER DIVISION		UNITS
EXSC 202L	Principles of Nutrition and Exercise	2
EXSC 203L	Individualized Exercise Prescription	2
MATH 108*	Precalculus (or equivalent)	4
PHYS 135aL	Physics for the Life Sciences	4

\*MATH 117 Introduction to Mathematics for Business and Economics, MATH 118x Fundamental Principles of the Calculus or MATH 125 Calculus I are acceptable equivalent courses for MATH 108 Precalculus.

REQUIRED COURSES, UPPER DIVISION		UNITS
EXSC 300L	Physiology of Exercise	4
EXSC 301L	Human Anatomy	4
EXSC 405L	Applied Systems Physiology	4
EXSC 407aL	Advanced Exercise Physiology	4
EXSC 408L	Biomechanics	4

A total of 28 units is required for the minor in kinesiology.

## Graduate Degrees

The Department of Kinesiology offers graduate curricula leading to the M.S., M.A. and Ph.D. degrees. The program is designed to prepare students to conduct research in their chosen area of specialization. Specialization areas include exercise physiology or biomechanics.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Science in Kinesiology

The department does not accept applicants for a Master of Arts or Master of Science degree in kinesiology. The M.A. and M.S. degrees are intended only as transitional degrees in the process of completing requirements for the Ph.D. in kinesiology.

#### *Degree Requirements*

A total of 32 units including eight units in directed research, in addition to EXSC 594ab Master's Thesis (2-2), is required. An approved thesis on the results of an original investigation and a final oral defense of the thesis are also required. The final defense is made while the thesis is in final draft form. At least 20 units of graduate level study must be taken in residence at USC. No more than four units with superior grades may be transferred from graduate work taken elsewhere.

### Master of Arts in Kinesiology

Students are required to pursue a designated area of specialization. Two options are offered.

#### *Thesis Option*

A total of 32 units including 14 units in a specialization area, 10 elective units and EXSC 591 Research Seminar, in addition to EXSC 594ab Master's Thesis (2-2 units) is required. At least 20 units of graduate level study must be in residence at USC. No more than four units with superior grades may be transferred from graduate work taken elsewhere.

#### *Non-thesis Option*

A total of 32 units is required with a comprehensive examination. The selection of the non-thesis option requires unanimous approval of the student's guidance committee. Sixteen units in a specialization area and 16 elective units are required. At least 20 units of graduate level study must be in residence at USC. No more than four units with superior grades may be transferred from graduate work taken elsewhere.

### Doctor of Philosophy in Kinesiology

#### *Screening Examination*

Examinations are administered during the spring semester by the departmental graduate degree commission, upon application to the student's major academic adviser. A screening examination may be given during the summer only at the discretion of the department chair.

Students who have completed their master's degree at USC must apply for selection procedures in the first semester following completion. Students completing a master's degree elsewhere may not apply until they have completed one semester of study at USC. Courses taken in the semester at USC can be applied toward the 24 unit minimum required after admission to the doctoral program. Students entering the doctoral program directly from a bachelor's degree must complete a minimum of 60 units for the Ph.D.

The decision to recommend or deny admission to the Ph.D. program is made by the graduate degree commission. If admission is denied, the student may, at the commission's discretion, apply again not less than six months no more than 12 months following the first examination; however, the evidence of intellectual and professional growth during the elapsed period must be presented. After formal admission to the program, the student may apply for the appointment of a guidance committee via the appropriate form.

#### *Course Requirements*

In addition to approved graduate level work taken prior to admission, requirements include: groups of courses which support the student's specialization and establish two sub-specializations; a minimum of one independent research project completed while registered in EXSC 790 Research; a minimum of two graduate level courses from two different doctoral specialization areas within the department; independent reading and directed research (EXSC 590, EXSC 690); two courses in statistical method; and one course in research design.

#### *Foreign Language Requirement*

The department has no formal foreign language requirement. However, an individual guidance committee may require competency in a foreign language if this is relevant to the student's area of research.

#### *Guidance Committee*

The student's entire program of studies is under the direction of the guidance committee; an area of specialization will be selected, along with two areas of sub-specialization or one sub-specialization and one supplemental area. The committee chair will outline the courses and experiences to be included in the doctoral program, indicating which courses should be completed before the student applies to take the qualifying examinations.

#### *Qualifying Examinations*

Admission to candidacy depends upon the results of the qualifying examinations, which must be taken prior to completion of the fifth semester of graduate standing or prior to completion of the fifteenth graduate course. The examinations will consist of a series of written and oral examinations through which the student's comprehension of areas of specialization and sub-specialization will be assessed. The guidance committee will determine the specific nature of the exercises after the evaluation of the written portion of the examination and will administer the oral portion.

#### *Doctoral Dissertation*

The guidance committee will approve the dissertation proposal, after which its membership will be reduced to three members who will serve as the dissertation committee. One member must be from a department other than kinesiology. The committee has jurisdiction over the completion of the student's program.

#### *Defense of the Dissertation*

Upon completion of the dissertation, the committee conducts an oral examination, in which the candidate will be asked specifically to defend the dissertation as a scholarly research project. The examination also will include, in general, discussion of the candidate's areas of specialization and sub-specialization.

## Courses of Instruction

### EXERCISE SCIENCE (EXSC)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**EXSC 200L Nutrition: Macronutrients and Energy Metabolism (4, Fa)** Gastrointestinal physiology and energy metabolism as it relates to macronutrient intake. Theories and principles of regulation of energy status and acute and chronic effects of exercise. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* BISC 220L or BISC 221L.

**EXSC 202L Principles of Nutrition and Exercise (2, FaSpSm)** Fundamental knowledge of proper nutrition for optimal health performance. Concepts of weight loss, gain; understanding of cardiorespiratory functioning. Laboratory experiments; body composition evaluation, energy metabolism. Lecture, 2 hours; laboratory, 2 hours.

**EXSC 203L Individualized Exercise Prescription (2, FaSp)** Principles and theories related to exercise prescription; programs of weight-training, circuit-training, aerobics, flexibility, high and low-intensity training guidelines; safeguards and effectiveness. Lecture, 2 hours; laboratory, 2 hours.

**EXSC 205Lxg The Science of Human Performance (4, FaSpSm)** The physiological and nutritional basis of human performance. Factors that facilitate and limit athletic achievement. Lecture, 3 hours; laboratory, 2 hours. Not available for major credit. (Duplicates credit in EXSC 300L.)

**EXSC 250 Drugs and Ergogenic Aids in Sport and Weight Control (4, Sp)** Evaluation of drugs, nutritional supplements, and ergogenic aids and their effect on human athletic performance, weight and fat loss. Lecture, 3 hours; discussion, 1 hour.

**EXSC 300L Physiology of Exercise (4, Sp)** Analysis of the neuromuscular system (anatomy, development, biochemistry, physiology and mechanics). Theories and principles of neuromuscular adaptations associated with acute and chronic exercise. Lecture, 3 hours; laboratory, 3 hours.

**EXSC 301L Human Anatomy (4, FaSp)** Introduction to the fundamental concepts and interactions of the biology and mechanics of human motion with emphasis on musculoskeletal anatomy. Analysis of tissues and cells and the nervous, cardiovascular, and respiratory systems included. Lecture, 3 hours; laboratory, 3 hours. (Duplicates credit in the former BISC 212.) *Recommended preparation:* high school biology.

**EXSC 310 Sociopsychological Aspects of Sport and Physical Activity (4, FaSp)** Examination of the individual in a social environment related to sport and physical activity; personality, motivation, attitude, and group behavior viewed in physical activity contexts.

**EXSC 350 Nutrition: Micronutrients and Homeostasis (4, Fa)** Theories and principles of regulation of vitamin/mineral metabolism as it relates to homeostasis of organ systems. Effects of acute and chronic exercise. Lecture, 3 hours; discussion, 1 hour. *Prerequisite:* EXSC 200L.

**EXSC 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**EXSC 400L Principles of Perceptual-Motor Learning (4, Fa)** Theories and principles of learning applied to gross motor performance; analysis and evaluation of variables affecting learning and performance in exercise, games, sports, and dance. Lecture, 3 hours; laboratory, 3 hours.

**EXSC 401L Kinesiology (4, Fa)** The study of human movement including (1) terminology, structure and function of muscle and bone, as well as endocrine systems and (2) effects of exercise and training on those systems. The basic laws of motion and analysis of sports locomotion, exercise movements and pathokinesiology. *Prerequisite:* MATH 108.

**EXSC 405L Applied Systems Physiology (4, Fa)** Cardiovascular, pulmonary, and renal systems in exercise. Lecture, 3 hours; laboratory, 3 hours. (Duplicates credit in former EXSC 407aL.) *Prerequisite:* BISC 220L.

**EXSC 406L Exercise and Energy Homeostasis (4, Sp)** Regulation of metabolic pathways and endocrinology in acute and chronic exercise. Lecture, 3 hours; laboratory, 3 hours. (Duplicates credit in former EXSC 407bL.) *Prerequisite:* EXSC 200L.

**EXSC 408L Biomechanics (4, Fa)** Kinematic and kinetic analysis of human motion; emphasis on performance enhancement and injury prevention. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* EXSC 301L; MATH 108 or MATH 125; PHYS 135aL or PHYS 151L.

**EXSC 409 Metabolic Diseases (4, Fa)** Examination of the etiology, prevention and treatments of metabolic disorders such as diabetes mellitus, insulin resistance, metabolic syndrome and obesity as major threats to public health.

**EXSC 439L Human Performance and Bioenergetics (2 or 4, Sp)** Application of physiology, biomechanics and perceptual-motor principles to the study of skill acquisition and human performance. Four units – Lecture, 3 hours; laboratory, 3 hours. Two units (kinematic analysis only) – Lecture, 1 hour; laboratory, 3 hours.

**EXSC 441L Prevention of Athletic Injuries (4, Fa)** Application of scientific principles to conditioning, protecting, and rehabilitating the athlete. Laboratory, 2 hours. *Prerequisite:* EXSC 301L or BISC 312Lx.

**EXSC 442L Advanced Prevention and Care of Athletic Injuries (4, Sp)** Athletic injury assessment; principles, techniques and effects of therapeutic modalities and rehabilitative exercises. *Prerequisite:* EXSC 441L.

**EXSC 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**EXSC 491L Laboratory Experience in Kinesiology (2 or 4, max 4, FaSpSm)** Practical laboratory experience in basic and applied exercise physiology, biochemistry and/or biomechanics. Emphasizing development of laboratory techniques. *Prerequisite:* EXSC 200L, EXSC 203L, EXSC 300L, EXSC 301L.

**EXSC 499 Special Topics (2-4, max 8)** Selected topics in kinesiology.

**EXSC 570 Scientific Integrity (2)** Contemporary issues relating to ethics and responsible conduct of research including guidelines instituted by the Federal Government. Course fulfills requirements imposed by national funding agencies.

**EXSC 580abcd Experimental Studies of Human Performance II (4-4-4-4, 2 years, FaSp)** *a:* Force and kinematics; *b:* neuromuscular control of multijoint movements; *c:* kinetics; *d:* advanced kinetics.

**EXSC 587L Seminar: Advanced Exercise Physiology (4)** Body at work, energy liberation and transfer, muscular contraction, neuromuscular function, cardiovascular and pulmonary response, energy cost, nutrition and environmental adaptation. Primarily for master's students. Laboratory, 3 hours. *Prerequisite:* EXSC 300L.

**EXSC 588L Seminar on Lipid Metabolism and Exercise (4)** Metabolism and utilization of lipids and fatty acids in skeletal muscles with applications to exercise. *Prerequisite:* EXSC 405L; *recommended preparation:* EXSC 300L.

**EXSC 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**EXSC 591 Research Seminar (4)** Study of research design; critical analysis of specific techniques applied to student interests, including problem rationale, selection, development, organization, and data analysis.

**EXSC 592ab Seminar in Exercise Science (a: 2, Fa; b: 2, Sp)** Scientific presentations by graduate students and invited speakers on selected topics in the areas of biochemistry, biomechanics, physiology and psychology.

**EXSC 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**EXSC 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**EXSC 595 Seminar: Analysis of Human Motor Performance (4)** Application of mechanical principles of motion to the study of sport, exercise, and dance, utilizing cinematographic and related techniques.

**EXSC 627 Quantitative Electromyography in Physiology of Exercise (4)** Electromyographic techniques for measurement of relaxation and muscle spasm; estimation of strength, fatigue, and muscular endurance from submaximal efforts.

**EXSC 640L Neuromuscular System in Physiology of Exercise (4)** Gross structure and ultrastructure of muscle tissue, nervous system control of muscle function as related to exercise physiology. Laboratory, 3 hours. *Prerequisite:* EXSC 300L, EXSC 301L; BISC 306Lx and BISC 312Lx.

**EXSC 690 Directed Readings (1-8, max 8)** Graded CR/NC.

**EXSC 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**EXSC 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Learner Centered Curricula

Richard Fliegel, Ph.D.  
(213) 740-2961  
Email: fliegel@usc.edu

### Collaborative Learning Projects (CLP) and Individual Programs of Study (IPOS)

A research university provides many opportunities for undergraduates to learn in settings that suit a wide variety of learning styles, talents and professional aspirations. Beyond the classroom lie opportunities for individual and collaborative research projects, creative literary work, the plastic and performing arts, service learning and internships, distance and distributive learning, overseas study and a range of other activities. To track an idea from its genesis in research to its application as the solution of a contemporary problem, students must be able to take advantage of all these learning modalities.

For that reason, the USC Dornsife College of Letters, Arts and Sciences offers two curricular structures that enable non-traditional learning experiences to be credited across institutions. In both of these options, students work with a faculty committee to create individual learning opportunities suited to their personal academic interests and professional aspirations. The first allows self-motivated, independent learners to combine resources in a particularly rich learning experience, while the second promotes collaborative learning across several aligned modalities.

### Collaborative Learning Projects

The USC Dornsife College of Letters, Arts and Sciences offers a curricular construct (MDA 460) designed to promote collaborative learning. Two or more students may propose a research project or other collaborative program, with specified learning objectives; a faculty committee will review each proposal to decide if it comprises a well-conceived educational experience and determine the unit values to be awarded, either collectively or to each student who participates. Collaborative Learning Projects award only credit or no credit grades.

### Individual Programs of Study

Individual Programs of Study (IPOS) allow individual students to design a "curriculum" of 2 to 18 units, including directed research, service learning and internships, creative artistic production and any other educational experiences that might be relevant to the proposed academic program.

An Individual Program of Study (MDA 450) might be created for an entire semester's work, including directed research, an internship and a distance learning course. Or, a more modest proposal might include 4 units of original artwork plus service learning.

Individual Programs of Study encourage students to design educational experiences that inspire them, prompting a profound engagement with a learning environment ideally suited to their individual talents. Individual Programs of Study may include a wider array of educational contexts, experiences and

opportunities for nontraditional learning than are generally available for credit at most institutions of higher education. Individual Programs of Study are letter graded.

### Review Process

Students who are interested in proposing either an Individual Program of Study or a Collaborative Learning Project must complete an application that includes:

1. A full description of the project, including information about all courses, internships, and other academic activities that will be involved;
2. A statement explaining why these activities could not be accomplished within the context of existing course work and directed research;
3. A proposal for assessing the work that is to be completed for the project beyond that associated with graded courses;
4. The endorsement of a faculty member who will serve as sponsor for the project. This faculty member will typically lead directed research associated with the project and award the final grade for the entire project;
5. A sign-off from the student's major department is also required; and
6. The student's STARS report and transfer credit statement, if transfer courses are relevant.

These materials will be reviewed by three faculty members comprising an Independent Study Committee, which will consider the student's academic record and decide whether to allow the project, how many units to award and other relevant conditions.

Members of the Independent Study Committee are appointed by the vice dean of academic programs of the USC Dornsife College of Letters, Arts and Sciences for an academic year; they consult with a

representative of the Registrar's Office on articulating credits. If a member of the committee wishes to serve as the sponsor for a project, the vice dean will appoint an alternate to serve on the committee and consider that student's proposal.

Credits count as elective units, unless individual departments choose to apply some or all of the units toward major or minor requirements. A student may count no more

than 18 units toward the degree through a combination of Individual Programs of Study and Collaborative Learning Projects. Upon completion of the project, the student's transcript reads "Individual Program of Study" or "Collaborative Learning Project," with the units awarded and the titles of any courses included in the program. See Multidisciplinary Activities, page 414, for MDA 450 and MDA 460 course descriptions.

*Assistant Professor (Teaching):* Tok Thompson, Ph.D. (*Anthropology*)

\*Recipient of university-wide or college award for teaching or research.

### Master of Liberal Studies

A multidisciplinary degree program, the Master of Liberal Studies (MLS) is designed for motivated, college-educated individuals who wish to further their intellectual growth and pursue graduate work part-time or full-time in the evenings.

The program centers on the major forces that are revolutionizing the way we conduct our professional lives, rather than on the individual liberal arts disciplines. In this way, subjects covered in the program's courses have immediate relevance to the problems and challenges of contemporary society. In particular, the program emphasizes some of the most fundamental dynamics shaping the contemporary world: urbanization and globalization, changing cultural landscape, and technological and environmental transformations.

The MLS is a year-round program consisting of nine 3-unit courses. The degree requires a core course and a summative project. Seven elective courses are chosen in consultation with the student's adviser and/or MLS program director.

### Admission Requirements

Admission to the program is based upon possession of a baccalaureate degree from an accredited college or university, with a minimum 3.0 GPA. When possible, interviews will be conducted with applicants. Two letters of recommendation, a writing sample and a personal statement of purpose are required.

### Degree Requirements

*Course and Summative Project Requirements*  
Nine courses (27 units), including the core course, LBST 500 (3 units), and the summative project, LBST 585 (3 units), are required.

## Courses of Instruction

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

### LIBERAL STUDIES (LBST)

**LBST 500 Introduction to Liberal Studies: Methods of Knowing (3, Sp)** Introduction to research methods in the social sciences, humanities, and natural sciences; then methods for applied interdisciplinary research.

**LBST 503 Self-Justifying Fictions (3)** Theoretical approaches to the study of literature, including formal and cultural analysis and the ethics and social impact of the humanities.

**LBST 505 East Asian Humanities: Classics of China, Korea, and Japan (3)** Examination of major themes in East Asian culture through primary texts in translation.

**LBST 507 Great Western Cities (3)** Examination of Western civilization in the urban context, focusing on several great cities in their “golden age” of creativity, accomplishment, and influence.

**LBST 510 Cities and Globalization (3)** Contemporary urban theory and comparative urban analysis. Emphasis on the role of globalization in shaping urban form and problems.

**LBST 512 Language in a Globalizing World (3)** Examination of the relationship between language and geopolitical change, endangered and minority languages, and the public policy implications of multilingualism and multiculturalism.

**LBST 514 Ideas of Nature in American Culture (3)** Examination of how Americans have used nature to think about themselves, environmentalism, American identity, gender/class relations, the American West, and the mythology of Los Angeles.

**LBST 516 Urban Conservation Biology (3)** Analysis of plant and animal distribution in urban landscapes. Exploration of major threats to urban biodiversity and nature conservation controversies and successes.

**LBST 520 Tradition and the Modern World (3)** Studies the continuing interplays between tradition and novelty; between locale and globalization; and between heritage and post-modernity with a focus on a specific locale.

**LBST 525 The Revolution That Made America (3)** Ideas and politics of the world’s first modern revolution, which transformed 13 colonies into a nation.

**LBST 527 Information Systems From Libraries to the Internet (3)** History and sociology of information systems. Philosophical and literary implications of writing, archives, libraries, printing, and publishing from the ancient world to the Internet age.

**LBST 530 Portraits of Leadership (3)** Analysis of different forms of cultural leadership in their historical, literary, and philosophical context.

**LBST 531 The Hero/Heroine in History (3)** Analysis of human agency in history and whether individual men and women are capable of altering the course of history by their actions.

**LBST 532 Ideas on Trial (3)** Examination of great trials in history as indicators of changing social and cultural attitudes.

**LBST 535 Great Works, Great Challenges (3)** Analysis of works of literature, drama, and poetry and their relationship to their historical contexts.

**LBST 537 Empire and Social Reform in America 1890-1917 (3)** Analysis through literary and historical texts of American public life, culture, and social justice during the era of U.S. ascendancy as a world power.

**LBST 540 Hell, Purgatory, and Paradise: Dante’s *Divine Comedy* (3)** In-depth reading and analysis of *Divine Comedy*, in order to develop appreciation for changing values from medieval, to Renaissance and contemporary culture.

**LBST 541 Opera, Culture, History, and Thought (3)** Analysis of cultural, historic, philosophical, political, and literary movements and themes through the medium of opera.

**LBST 542 The Culture of Comedy (3)** Historical and synchronic ideas of comedy. Ways in which philosophers, artists, and everyday individuals adapt in our ever-changing world.

**LBST 544 Representations of Los Angeles (3)** Study of literary, artistic and/or dramatic expressions of Los Angeles and its inhabitants in modern and historical literature, art, photography, film, television, and architecture.

**LBST 545 Imagining the American West (3)** Explores Western myths and realities through literature, history, film, and painting. Examines why American culture places questions about national pasts and futures in the West.

**LBST 547 Acts of Interpretation: Literature, Film, and Methodology (3)** Analysis of literature, film, and methodologies for approaching issues of interpretation, readership, and spectatorship. Examination of how interpretation varies across gender, race, class, and sexuality.

**LBST 550 Theories and Methods of Analysis in Cultural Studies (3)** Development of cultural studies as a fast-growing area of intellectual inquiry. Case study analysis of race/ethnicity, history and memory, space, post-modernism, globalization, censorship, and originality.

**LBST 555 Constructions of Childhood (3)** Analysis of the concept of childhood from its 18th-century origins. Applications of age studies, language, and cultural construction through fiction, history, film, and other media.

**LBST 560 Effects of Traumatic Life Experiences (3)** Examination of the psychological and emotional effects of extreme trauma and survivor consequences.

**LBST 570 Ecology of Night (3)** Explore the world of night. Human perception of the stars and the role of night in history. Impact of artificial lighting on non-human species and habitat.

**LBST 571 Food, Fashion and Furniture: Commodities in the Global Economy (3)** Analysis of commodities from origin to consumption illustrates the global impact of everyday choices.

**LBST 572 Controversies in Science, Medicine and Ethics (3)** Focus on how scientific developments drive ethical issues in medicine. Exploration of ethical dimensions of issues such as stem cells, genetic engineering and reproductive technology.

**LBST 574 Advances in Genetics and Evolutionary Biology (3)** How DNA directs an organism’s development and how our DNA can be “read” to understand human diversity, diseases, defects, and evolution.

**LBST 585abz Master’s Project (3-3-0, FaSpSm)** A summative research project completed in consultation with the student’s committee. Departmental approval. Graded IP/CR/NC.

**LBST 590 Directed Research (1-12, max 18, FaSpSm)** Research leading to the master’s degree. Maximum units which may be applied to the degree to be determined by the department.

**LBST 599 Special Topics (2-4, max 8)** Current issues, trends, and developments in liberal studies.

## Linguistics

*Chair:* James T. Higginbotham, Ph.D.

### Faculty

*Distinguished Professor and Linda MacDonald  
Hilf Chair in Philosophy:* James T.  
Higginbotham, Ph.D. (*Philosophy*)

*Professors:* Hagit Borer, Ph.D.\*; Dani Byrd,  
Ph.D.; Louis Goldstein, Ph.D.; Audrey Li,  
Ph.D. (*East Asian Languages and Cultures*);  
Shrikanth Narayanan, Ph.D. (*Electrical  
Engineering and Industrial and Systems  
Engineering*); Andrew Simpson, Ph.D.; Maria  
Luisa Zubizarreta, Ph.D.; Bruce Zuckerman,  
Ph.D. (*Religion*)

*Associate Professors:* Elena Guerzoni, Ph.D.;  
Hajime Hoji, Ph.D.; Elsi Kaiser, Ph.D.;  
Toben Mintz, Ph.D. (*Psychology*); Roumyana  
Pancheva, Ph.D.; Barry Schein, Ph.D.; Rachel  
Walker, Ph.D.

*Assistant Professors:* Khalil Isakrous, Ph.D.; Karen  
Jesney, Ph.D.

*Lecturer:* Sandra Disner, Ph.D.

*Emeritus Professor:* Edward Finegan, Ph.D.\*

\*Recipient of university-wide or college teaching  
award.

### Degree Programs

The Linguistics Department offers undergraduate (B.A.) and graduate (M.A. and Ph.D.) programs. A wide range of courses allows students to study formal grammar (syntax, morphology, phonology, semantics); phonetics; psycholinguistics (natural language processing, first and second language acquisition, language disorders); sociolinguistics (discourse, quantitative approaches to style, linguistics and law); universals and typology; historical linguistics and Indo-European; East Asian linguistics (Chinese, Japanese, Korean); Germanic linguistics; Hispanic linguistics; Romance linguistics; Semitic linguistics; and Slavic linguistics.

## Undergraduate Degrees

The Linguistics Department emphasizes the study of language both as an abstract system and in its psychological and social contexts. In addition to introductory linguistics and courses in linguistic analysis, students take courses in psycholinguistics (language acquisition, processing, and language disorders) and/or sociolinguistics (language and society). The undergraduate major in linguistics focuses on how the human mind structures, processes and acquires language as well as how similar communication goals are met by diverse means in the languages of the world. Students are encouraged to pursue combined majors in Linguistics/Philosophy, Linguistics/Psychology and Linguistics/East Asian Languages and Cultures, as well as double majors with computer science or a language department. Please contact the department adviser for more information.

### Major Requirements for the Bachelor of Arts in Linguistics

For the lower division, LING 210 is required. For the upper division, the following courses are required: LING 301 and LING 302; four upper division courses from the following: LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 450, LING 466 and LING 485; an additional upper division course in linguistics

or a related field to be chosen in consultation with the department adviser.

### Linguistics Major with Honors

The linguistics major with honors requires the student to complete the requirements for the major with a GPA of 3.5 or above and to complete in addition LING 497 Honors Thesis with a grade of B or better. Intent to complete the linguistics major with honors should be registered with the undergraduate adviser no later than the second semester of the junior year.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and Philosophy

For the lower division, LING 210 is required. For the upper division the following courses are required: LING 301 and LING 302; PHIL 350 and PHIL 465; two courses selected from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485; and three courses selected from PHIL 450, PHIL 460, PHIL 462 and PHIL 470.

### Combined Major in Linguistics and Philosophy with Honors

The combined major in linguistics and philosophy with honors requires the student to complete the requirements for the major with a GPA of 3.5 or above and to complete in addition LING 497 Honors Thesis or PHIL 494 Senior Thesis with a grade of B or better. Intent to complete the major with honors should be registered with the undergraduate adviser no later than the second semester of the junior year.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and Psychology

For the lower division: LING 210, PSYC 100 and PSYC 274 are required. For the upper division the following courses are required: LING 301 and LING 302; PSYC 314L; two courses selected from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485; three additional courses selected from LING 406, PSYC 301L, PSYC 326, PSYC 336L, PSYC 337L, PSYC 424 and PSYC 433.

### Combined Major in Linguistics and Psychology with Honors

The combined major in linguistics and psychology with honors requires the student to complete the requirements for the major with a GPA of 3.5 or above and to complete in addition either LING 497 Honors Thesis or PSYC 380 Junior Honors Seminar and PSYC 480 Senior Honors Seminar, with a grade of B or better. Intent to complete the major with honors should be registered with the undergraduate adviser no later than the second semester of the junior year.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and East Asian Languages and Cultures

For the lower division, LING 210 is required. For the upper division, the following courses are required: LING 301 and LING 302; EALC 470; two courses from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485; two courses selected from EALC 304, EALC 306, EALC 315, EALC 317, EALC 320, EALC 322, EALC 400, EALC 402, EALC 406, EALC 407, EALC 412ab, EALC 413, EALC 415, EALC 417, EALC 422, EALC 424 and EALC 426; one EALC literature, civilization or thought course from EALC 332, EALC 335, EALC 340, EALC 342, EALC 345, EALC 350, EALC 352,

EALC 354, EALC 355, EALC 365, EALC 380, EALC 386, EALC 452, EALC 455 and EALC 460; two additional EALC courses from category IV or V. (After consultation with a department adviser, students may petition to use EALC courses not listed toward this requirement.)

### Bachelor of Arts in Interdisciplinary Archaeology

See Religion, page 460, for a complete listing of requirements.

### Bachelor of Arts in Middle East Studies

See the Department of Middle East Studies, page 412, for a complete listing of requirements.

### Linguistics Minor Requirements

Lower division: LING 210. Upper division: LING 301 and LING 302, one course in psycholinguistics (LING 405, LING 406 or LING 410) or in sociolinguistics (LING 375), and one additional upper division course from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485.

### Arabic and Middle East Studies Minor

The undergraduate minor program gives students the opportunity of supplementing their major with an emphasis in Arabic and Middle East Studies. The 20-unit interdisciplinary

minor is designed for students who want to explore and develop a critical understanding of Middle East history, culture, religion and global issues as well as acquire excellent knowledge of the Arabic language.

REQUIRED COURSES, LOWER DIVISION		UNITS
MDES 252	Arabic IV	4

REQUIRED COURSES, UPPER DIVISION		UNITS
ANTH 327	Anthropology of the Middle East and Islam	4
POSC 351	Middle East Politics, or	
IR 363	Middle East Political Economy	4
REL 315	Thought and Life of Islam	4

One course from the following:\*

IR 362	The International Relations of the Contemporary Middle East	4
IR 363	Middle East Political Economy	4
POSC 351	Middle East Politics	4

\*Cannot replicate IR 363 or POSC 351

### Middle East Studies Minor

See the Department of Middle East Studies, page 412.

## Graduate Degrees

The graduate program in linguistics trains individuals to engage in the scientific study of human language. Course work emphasizes the structural aspects of language and the mechanisms of language change. Students work closely with faculty members on problems in linguistic theory, the description of particular languages, and variation across different users and contexts, focusing on their implications for understanding social and cognitive structures.

### Admission Requirements

Applicants for admission to the graduate program are expected to have a bachelor's degree in linguistics or other appropriate field and knowledge of at least one foreign language. At the least, applicants are expected to have completed an introductory course in general linguistics. Other requirements for admission include: a detailed statement of purpose with specific information about interests and goals, scores from the General Test of the Graduate Record Examinations (GRE), and at least three letters of recommendation from academic sources.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in Linguistics (32 units)

The department does not accept applicants for a Master of Arts degree. All graduate work in Linguistics at USC is taken as part of the Ph.D. program, and the M.A. in Linguistics is intended only as a transitional degree in the process of completing requirements for the Ph.D.

A student admitted to the graduate program may choose later to earn a terminal M.A. degree, or may be invited by the department to attempt a terminal degree.

Students pursuing the Ph.D. program in linguistics are required to complete 32 units of course work toward the M.A. degree. The choice of courses is subject to approval by the Graduate Studies Committee. In addition, students must satisfy one foreign language or research tool requirement. (See Foreign Language/Research Tool Requirement.)

### M.A. Research Paper

In addition to course work and the foreign language/research tool requirement, students are also required to write one research paper the contents of which represent a distinct area. The completed paper must be submitted to the Graduate Studies Committee no later than the student's fourth semester of graduate study by the deadline established for that academic year. Following submission of the research paper, each student will conduct an oral defense of his or her work.

**Doctor of Philosophy in Linguistics**

Application deadline: December 1

Students pursuing the Ph.D. in Linguistics are required to complete a minimum of 60 units of course work beyond the baccalaureate. In addition to the 32 units completed toward the M.A., students are required to take three 600-level seminars in linguistics and a minimum of four units of 794ab Doctoral Dissertation. No more than eight units of 794 may be applied toward the Ph.D. degree. A maximum of 30 transfer units, approved by the university and the department may be applied to the Ph.D. degree.

After successfully completing the screening procedure, students will establish a guidance committee to determine a Ph.D. course program in preparation for the dissertation. This course program must be approved by the Graduate Studies Committee.

Students seeking the Ph.D. in linguistics must demonstrate knowledge of two foreign language/research tools with at least one of them falling under Option A. One of these two foreign language/research tools is satisfied as an M.A. requirement. See Foreign Language/Research Tool Requirement.

**Advisement**

The student in his or her first semester will have the option of either selecting a faculty adviser or postponing such a selection until, but no later than, the last day of classes of the first year in the program. The Graduate Studies Committee (GSC) will serve as a provisional adviser until the student makes a selection.

The student has the option of changing advisers at any time without the need to seek the original adviser's approval. The student should inform the GSC and the previous adviser of the change.

At the beginning of the second year of graduate study, the faculty adviser will assist the student in planning a program of study appropriate to the student's interests leading to the screening procedure.

**Required Core Courses in Linguistics**

Students pursuing the Ph.D. program in linguistics are required to complete 32 units of course work toward the M.A. degree. See Waiver and Substitution of Course Requirements (page 88) for possible exceptions.

REQUIRED COURSES		UNITS
LING 530	Generative Syntax	3
LING 531a	Phonology	3

**THREE COURSES FROM THE FOLLOWING (TO BE COMPLETED BY THE END OF THE THIRD YEAR) UNITS**

LING 512	Linguistics Variation and Language Changes	3
LING 534	Logic and the Theory of Meaning	3
LING 576	Psycholinguistics	3
LING 580	General Phonetics	3

**Screening Procedure**

Before a doctoral guidance committee can be established for applicants to the Ph.D. program, a student must pass a screening procedure. This procedure consists of a review of the student's graduate work at USC by Linguistics Department faculty. The review will be based on the following criteria: course work completed, including grades and papers; faculty recommendations; and evaluation of both the student's M.A. research paper and a Ph.D. screening paper. The M.A. research and Ph.D. screening papers must be in two different sub areas of linguistics, for example: syntax and psycholinguistics, or phonology and semantics, or sociolinguistics and typology.

The M.A. research paper must be completed and defended prior to the end of the fourth semester of graduate study, and the Ph.D. screening paper must be completed and defended prior to the end of the fifth semester. The set of courses leading to the M.A. research paper and the Ph.D. screening paper are determined through recommendation of the screening committee and approval of the Graduate Studies Committee.

**Guidance Committee**

Following the successful completion of the screening procedure, the student will establish a five-member guidance committee. The guidance committee is composed of at least five members; a minimum of three, including at least one tenured member, must be from the Linguistics Department and one must be a faculty member from outside the Linguistics Department. The Associate Vice Provost for Graduate Programs is *ex officio* a member of all guidance committees. (Refer to the Graduate School Policies and Requirements for instructions on forming a guidance committee, page 102.)

The Request to Take the Qualifying Examination Form is the means by which the guidance committee is formally established. This form should be filed with the guidance committee and the Graduate School the semester prior to taking the qualifying examination but no later than 30 days before the date of the student's written examination. In order to take the written examination, the student must submit a dissertation prospectus and an original research paper to each member of the guidance committee.

**Qualifying Examination**

The examination qualifying a student for candidacy for the Ph.D. degree is comprehensive in nature, partly written and partly oral. Prior to taking the qualifying examination, the student must have met all of the departmental requirements for doing so and have the recommendation of the guidance committee. The committee will determine and administer the written examination.

The written examination consists of a limited number of questions in the fields related to the student's research. Students will receive the written examination two weeks after submitting the qualifying paper and will have 30 days to complete the questions. An oral examination will be scheduled by the guidance committee two weeks after the written examination has been submitted.

The successful completion of the qualifying procedure is represented by the approval by the guidance committee of (1) the prospectus, (2) the original research paper, (3) the written examination, and (4) oral defense.

**Dissertation**

The final stage of the program is the submission and defense of a dissertation that makes an original and substantial contribution to its field of study. Refer to the Graduate School section of the catalogue for the policies and procedures governing the submission of a dissertation, page 104.

**Doctor of Philosophy in Linguistics (Hispanic Linguistics)**

Application deadline: December 1

For M.A. students pursuing an area of emphasis in Hispanic linguistics 12 of the 32 required units should be in Hispanic linguistics. Students should complete these 12 units by the end of their sixth semester of graduate study. Choose four courses from the following courses (12 units): LING 538, SPAN 513, SPAN 514, SPAN 515, SPAN 516, SPAN 517, SPAN 518, SPAN 590, SPAN 652, SPAN 672, SPAN 674, SPAN 676, SPAN 677, SPAN 678.

In addition to the 32 units of course work toward the M.A. degree and the M.A. research paper, students must also satisfy one foreign language or research tool requirement, which is the same as in the general program.

For Ph.D. students, at least two 600-level Spanish seminars are required, one of which can overlap with the student's M.A. course requirement. (Choose from the 600-level courses listed above.) In addition, Ph.D. students are required to complete four units of LING 794ab Doctoral Dissertation.

### Doctor of Philosophy in Linguistics (Specialization in East Asian Linguistics)

Application deadline: December 1

Students interested in East Asian linguistics take the Doctor of Philosophy in Linguistics with a specialization in East Asian linguistics. In addition to all requirements for the Ph.D. in linguistics, the following courses are required: four courses or 15 units related to East Asian linguistics that are approved by the Graduate Studies Committee (GSC), which may be chosen from the following list: EALC 537, EALC 547, EALC 557, EALC 558, EALC 560, EALC 561, EALC 580, EALC 620 and LING 539. Upon approval by the GSC, other courses may be substituted. In addition, one of the two screening papers, the research paper associated with the qualifying examination and the doctoral dissertation must deal with at least one East Asian language. Students must also take LING 794ab Doctoral Dissertation. Students must pass the reading examination in one East Asian language.

### Doctor of Philosophy in Linguistics (Specialization in Slavic Linguistics)

Application deadline: January 1

Students interested in Slavic linguistics take the Doctor of Philosophy in Linguistics with a specialization in Slavic linguistics. In addition to all requirements for the M.A. in Linguistics, the following courses are required: LING 542; SLL 510, SLL 512, SLL 514 and SLL 516; three LING 600-level seminars; and 794ab Doctoral Dissertation. Students must pass reading examinations in one Slavic language and either French or German.

### Foreign Language/Research Tool Requirement

The Foreign Language/Research Tool requirement may be satisfied by choosing from the following options:

(A) Demonstrate a working knowledge of a second language by:

1. Passing a department internal written translation examination administered by a qualified faculty member, or
2. Demonstrating native speaker competence in a language other than English.

(B) Demonstrate a working knowledge of statistics and experimental design by passing, with a grade of B or higher, LING 501a (or its equivalent) and a second course, such as LING 501b or its equivalent, where this knowledge is applied to a linguistic research problem.

The prior approval of the Graduate Studies Committee will be required to complete courses other than those listed above.

(C) Demonstrate the ability to use the computer as a research tool by passing, with a grade of B or higher, LING 585 (or its equivalent) or by completing a programming project related to linguistics; this should be equivalent in scope to a term project for a semester course.

The prior approval of the Graduate Studies Committee will be required to complete a course other than the one listed above.

## Courses of Instruction

### LINGUISTICS (LING)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**LING 110Lg In a Word (4, FaSp)** Words as a gateway to the human mind. How words are stored, comprehended and retrieved. How words are constructed. Word and concepts. Words and social constructs. The processing and the acquisition of words in normal and atypical children and adults.

**LING 115g Language, Society, and Culture (4, FaSp)** Discourse patterns among diverse social groups in institutional and interpersonal settings; interrelationships among language practices and gender, socioeconomic status, ethnicity; social structures and cultural values as reflected in language policies and practices. *Concurrent enrollment:* WRIT 140.

**LING 125 Hindi I (4, Fa)** Introduction to current Hindi. Oral practice, listening and reading comprehension; grammar necessary for simple spoken and written expression. Lecture, classroom drill, laboratory practice.

**LING 155 Hindi II (4, Sp)** Continuation of LING 125. Reading of simple Hindi prose, practice in pronunciation, the grammar essential for reading comprehension and writing. Lecture, classroom drill and laboratory practice. *Prerequisite:* LING 125.

**LING 210 Introduction to Linguistics (4)** Empirical study of the sounds and structures of human language; syntax and semantics; language change; linguistic universals.

**LING 255 Hindi III (4, Fa)** Continuation of LING 155; intensive work in listening comprehension, oral communication, reading and writing short essays; introduction of readings and periodicals related to Hindi culture and civilization. *Prerequisite:* LING 155.

**LING 275Lg Language and Mind (4, FaSp)** Language within cognitive science: speech physiology and acoustics, language acquisition, reading, language disorders, perception and mental representation of words, linguistic diversity and computer analysis of speech.

**LING 285Lg Human Language and Technology (4)** Study of human linguistic competence and technologies that simulate it. Grammar, parsing, text generation; semantics, pragmatics, sense disambiguation; phonetics, speech synthesis, speech recognition.

**LING 295g The Ancient Near East: Culture, Archaeology, Texts (4)** An investigation of the peoples of the ancient Near East, focusing upon the writings which they produced, their languages and scripts, and their archaeological remains. *Concurrent enrollment:* MDA 140.

**LING 301 Introduction to Phonetics and Phonology (4, Fa)** A survey of topics in phonetics and phonology. (Duplicates credit in former LING 401a.) *Prerequisite:* LING 210.

**LING 302 Introduction to Syntax and Semantics (4, Fa)** A survey of topics in syntax and semantics. (Duplicates credit in former LING 402a.) *Prerequisite:* LING 210.

**LING 374 Language and Society in East Asia (4)** (Enroll in EALC 374)

**LING 375 Sociolinguistics (4)** Linguistic and cultural pluralism in the U.S.; distributional and structural characteristics of selected urban and minority dialects; the relationship between dialects and "media standard." *Prerequisite:* LING 210.

**LING 380 Languages of the World (4)**

Introduction to the world's linguistic diversity; number of languages spoken and where; grammatical structure and social function of selected languages.

**LING 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**LING 401 Advanced Phonology (4)** Advanced study of topics in phonology. (Duplicates credit in former LING 401*b*.) *Prerequisite:* LING 301.

**LING 402 Advanced Syntax (4, Sp)** Advanced study of topics in syntax. (Duplicates credit in former LING 402*b*.) *Prerequisite:* LING 210, LING 302.

**LING 403 Advanced Semantics (4)** Topics in the theory of meaning in natural language (Duplicates credit in former LING 201.) *Prerequisite:* LING 302.

**LING 405 Child Language Acquisition (4)** Universal characteristics of child language; stages of acquisition of phonology, syntax, semantics; processes and dimensions of development; psychological mechanisms; communicative styles. (Duplicates credit in former LING 395.)

**LING 406 Psycholinguistics (4)** Experimental and theoretical aspects of how spoken and written language is produced and understood, learned during childhood, and affected by brain damage. *Prerequisite:* LING 210 or PSYC 100.

**LING 407 Atypical Language (4)** Analysis of atypical language and language pathologies throughout the lifespan and their relevance to current linguistic and cognitive science theory. *Prerequisite:* LING 210 or PSYC 100.

**LING 409 Linguistic Structure of English (3)** An overview of the syntactic, semantic, pragmatic structures of English as they relate to the theoretical literature on language acquisition.

**LING 410 Second Language Acquisition (4)** Theories of second language acquisition in children and adults; comparison of first and second language acquisition including psychological, social, and individual factors. (Duplicates credit in former LING 396.) *Prerequisite:* LING 210.

**LING 411x Linguistics and Education (4)** Practical classroom approaches to children's language; relationships between writing, reading, and speaking; social and regional dialects; traditional, structural, and generative-transformational grammars. Not available for major or minor credit.

**LING 412 Linguistic Interpretation of the Law (4)** Principles of semantics; analysis of speech acts including informing, promising, threatening, warning; linguistic analysis of consumer contracts and advertisements; readability studies.

**LING 415 Phonetics (4)** Familiarization with the articulation and transcription of speech sounds. Also vocal tract anatomy, acoustics, speech technology, non-English sounds, perception. Includes laboratory exercises.

**LING 422 Language Contact and Language Acquisition (4, Sp)** The emergence of new languages, known as Creoles, in socio-historical situations where linguistic input is degraded and insufficient to support the ordinary language acquisition process.

**LING 433 Children's Learning and Cognitive Development (4)** (Enroll in PSYC 433)

**LING 450 New Horizons in Forensic Speaker Identification (4)** Overview of methods used to identify voices on the basis of their characteristic speech patterns.

**LING 465 Philosophy of Language (4)** (Enroll in PHIL 465)

**LING 466 Word and Phrase Origins (4)** Introduction to historical-comparative word study; history of ideas concerning language relationships; types of semantic change; hidden metaphors in English word-stock.

**LING 480 Linguistic Structures (4)** Analysis of grammatical structures of an individual language.

**LING 485 Field Methodology (4)** Elicitation techniques and methodological principles; recording and analysis of phonological, syntactic, and semantic structures; practical approaches to procedures used in urban, rural, and "primitive" settings.

**LING 490x Directed Research (2-8, max 8, FaSp5m)** Individual research and readings. Not available for graduate credit.

**LING 497 Honors Thesis (4, FaSp)** Writing of the honors thesis. Registration is restricted to honors students.

**LING 499 Special Topics (2-4, max 8)** Investigation of selected topics in linguistics.

**LING 501ab Experimental Methods in Linguistics (3-3)** *a:* Univariate and bivariate statistical methods with applications to linguistic research; introduction to statistical computer packages. *b:* The application of advanced multivariate statistical methods to linguistic research. (Duplicates credit in former LING 601.) *Prerequisite:* LING 501*a*.

**LING 505abc Seminar in Linguistics (1-1-1)**

*a:* Exploration of the professional world of linguistics for first semester graduate students. *b:* Preparation and presentation of M.A./Ph.D. screening papers; discussion of student research. *c:* Colloquium for presentation and discussion of student research paper. Graded CR/NC.

**LING 512 Linguistic Variation and Language Changes (3, Fa)** Linguistic relationships among various correlates of variation: social, psychological, and chronological. Focus on dialectal, registral, and historical variation; the constraints of production and perception in different modes and situations.

**LING 513 Spanish Morphology and Phonology (3, FaSp)** (Enroll in SPAN 513)

**LING 514 Spanish Syntax (3, FaSp)** (Enroll in SPAN 514)

**LING 515 Spanish Grammar in Discourse (3, FaSp)** (Enroll in SPAN 515)

**LING 527 Second Language Acquisition (3, Sp)** Concepts and issues in theoretical approaches to the study of non-primary language acquisition; e.g., linguistic and processing universals, language transfer, language learnability, fossilization.

**LING 530 Generative Syntax (3)** Introduction to syntax; transformational-generative syntax.

**LING 531ab Phonology (a: 3, Fa; b: 3, Sp)** Traditional views of phonology; generative phonology; current developments in phonological research and theory.

**LING 532 Current Issues in Syntactic Theory (3)** Original literature, focusing whenever possible on issues in comparative syntax and their implications for universal grammar. Course complements LING 530.

**LING 533 Language Universals and Typology (3)** Introduction to language universals and typology.

**LING 534 Logic and the Theory of Meaning (3)** An introduction to logic in preparation for advanced work in semantics and linguistic theory.

**LING 535 Syntax and Grammatical Theory (3, Sp)** Principles and comparison of modern theories of grammar with special reference to syntax.

**LING 536 Semantics (3, Sp)** Current linguistic approaches to the semantics of natural language; analysis of concepts of meaning and reference.

**LING 537 Advanced Syntax (3, max 9)**

Topics in advanced formal syntax; current literature leading to open questions in research; survey of important and controversial issues of current theoretical relevance.

**LING 538 Selected Topics in Romance Syntax (3, max 9, Sp)** Overview of selected topics in Romance Syntax within a comparative perspective and their contribution towards the understanding of a general theory of grammar.

**LING 539 Japanese/Korean Syntax and Theoretical Implications (3, max 9)** Critical discussion of selected papers and dissertations on Japanese/Korean syntax and consideration of their theoretical implications.

**LING 540 Field Methods in Linguistics (3, max 6, Sp)** Recording and analysis of a living language as employed by a native speaker of that language.

**LING 541 Field Methods in Second Language Acquisition (3)** Research design and methodology; data collection, coding, and analysis; ethical considerations.

**LING 542 Historical Linguistics (3, 2 years, Sp)** Principles of language change; the comparative method; structural and social factors in language change.

**LING 546 Comparative Indo-European Linguistics (3)** Analysis of the phonological, morphological, and syntactic structures of Proto-Indo-European, and its development in the various branches of Indo-European.

**LING 547 Morphology (3, max 12, FaSpSm)** Introduction to morphology: words versus sentences, the grammar of words, the various notions of "lexicon," the architecture of the phonological component. This course is in preparation for advanced work in linguistic theory.

**LING 548 Lexical Semantics (3, Sp)** Languages group meaning elements together in different ways to form words. Consideration of how to identify these elements and how speakers map them into lexico-syntactic units.

**LING 550 Advanced English Linguistics (3)** The analysis of problems in the grammatical description and history of English.

**LING 555 Comparative Germanic Linguistics (3)** Nature and relationship of changes that led to the differentiation of the individual Germanic languages.

**LING 557 Structure of the Chinese Language (4)** (Enroll in EALC 557)

**LING 561 Topics and Issues in East Asian Linguistics (4, max 12)** (Enroll in EALC 561)

**LING 573 Sociolinguistics (3)** Theoretical approaches to language in social context; discourse analysis, ethnography of communication, variation theory.

**LING 574 Advanced Sociolinguistics (3, max 9)** Current issues in sociolinguistic theory.

**LING 576 Psycholinguistics (3)** Theories of acquisition; sentence and discourse processing; language and thought.

**LING 579 Child Language Development (3, Sp)** Acquisition of grammatical, discourse, and conversational competence; strategies and structures.

**LING 580 General Phonetics (3, Sp)** Familiarization with articulation, transcription, production, and acoustic analysis of the speech sounds found in the world's languages. Also speech technology, perception, and disorders. Includes laboratory exercises.

**LING 581 Topics in Advanced Phonology (3, max 9)** Topics in advanced formal phonology; theoretical issues in the interface of phonology with other areas of linguistics; literature study on themes of current theoretical relevance. *Recommended preparation:* LING 531*ab*.

**LING 582 Experimental Phonetics (3, FaSp)** Source-filter theory, acoustic correlates of speech sounds, vocal tract and auditory physiology, coarticulation and motor coordination, speech technology including synthesis and recognition, experimental design and statistics, and speech perception. *Prerequisite:* LING 580.

**LING 585 Computational Linguistics (3)** Using hands-on and research techniques, study of the role of linguistic knowledge and the procedures that implement it in computational systems that process natural language.

**LING 586 Advanced Psycholinguistics (3, max 9)** Current issues in psycholinguistic theory.

**LING 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**LING 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**LING 595 Directed Readings (1-4, FaSpSm)** Maximum units which may be applied to the degree to be determined by the department.

**LING 599 Special Topics (2-4, max 8, FaSpSm)** Research trends as reflected primarily in the current periodical literature.

**LING 602 Seminar in Experimental Methods in Linguistics (3)** Topics in quantitative methods in linguistics research, e.g., covariance structure analysis, multi-dimensional scaling, log linear model, meta-analysis.

**LING 610 Seminar in Linguistic Theory (3, max 12, Sp)**

**LING 615 Seminar in Linguistics Structures (3, max 12, 2 years, Fa)** Analysis of the synchronic or diachronic phonology, morphology, and syntax of individual languages.

**LING 627 Seminar in Second Language Acquisition (3, max 12, FaSp)** Readings in second language acquisition as the framework for a discussion and research-oriented seminar.

**LING 631 Seminar in Phonological Theory (3, max 12, Fa)**

**LING 632 Seminar in Phonetics (3, max 12, FaSp)** Readings in phonetic theory and current research as the framework for a discussion-oriented class. *Prerequisite:* LING 580.

**LING 635 Seminar in Syntax (3, max 12, FaSp)**

**LING 636 Seminar in Semantics (3, max 12, Fa)**

**LING 645 Seminar in Language Change (3, max 12, Sp)**

**LING 675 Seminar in Sociolinguistics (3, max 12, Sp)**

**LING 676 Seminar in Psycholinguistics (3, max 12, Sp)**

**LING 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**LING 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

# Mathematical Finance

Kaprielian Hall 108  
 (213) 740-2400  
 FAX: (213) 740-2424  
 Email: njamison@usc.edu

Codirector: Michael Magill, Ph.D. (*Economics*)

Staff Contact: Nicole Carr

## Minor in Mathematical Finance Kaprielian Hall 108 (213) 740-2400

This interdisciplinary minor was created for students in business, economics and mathematics, whose majors already require some of the introductory course work. Students in other programs are welcome but should expect the minor to require more units than it does for students in those programs.

As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (which may be the same four courses). Finally, students must select four courses outside their major department. Economics majors must choose four courses outside of economics; math majors must choose four courses outside of math; business majors must choose four courses outside of the Marshall School of Business. These may be the same courses used to meet the first two conditions.

REQUIREMENTS		UNITS
ECON 203	Principles of Microeconomics, and	4
ECON 205	Principles of Macroeconomics, or	4
ECON 351x	Microeconomics for Business, and	4
ECON 352	Macroeconomics for Business	4
Choose one of the following two sequences (8 units):		
ECON 303*	Intermediate Microeconomic Theory	4
ECON 305*	Intermediate Macroeconomic Theory, or	4
BUAD 350*	Macroeconomic Analysis for Business Decisions	4
BUAD 351*	Economic Analysis for Business Decisions	4

Choose two courses, one from each of the following pairs (8 units):

MATH 118x	Fundamental Principles of the Calculus, or	
MATH 125	Calculus I	4
MATH 218*	Probability for Business, or	
MATH 407*	Probability Theory	4

Choose two courses from the following list (8 units):  
 MATH 126 or MATH 127; MATH 225 or MATH 245; MATH 226 or MATH 227; MATH 408 or MATH 467

Choose one course from the following list (4 units):  
 BUAD 306, BUAD 310, ECON 350\*, ECON 357\*, FBE 441\*

Choose one course from the following list (4 units):  
 ECON 452\*, ECON 457\*, FBE 324\*, FBE 421\*, FBE 443\*, FBE 445\*, FBE 459\*, FBE 462\*, FBE 464\*

Choose one course from the following:  
 ITP 109x, ITP 110x, CSCI 101

\*Prerequisite required

Total requirements, for students with no prior course work: 42-43 units

Students majoring in business administration, economics or mathematics can meet many of these requirements with course work that also satisfies their majors. In addition to those classes, students in those majors must complete the following requirements:

- Business majors satisfy 24 units with course work that is also required for the major and need to complete only 18 units in MATH, ECON and ITP or CSCI
- Economics majors satisfy 20-24 units with course work required for the major (including one major elective), needing only 18-22 units in BUAD, FBE, ITP or CSCI and MATH
- Mathematics majors satisfy 16 units with course work required for the major, needing only 26 units in BUAD, ECON, FBE and ITP or CSCI

## Progressive Degree Programs in Mathematics

See Mathematics, page 404, for progressive degree requirements.

## Master of Science in Mathematical Finance

The objective of this master of science program is to produce graduates with a rigorous foundation in the economic theory and mathematical modeling of financial markets. The program creates an integrated curriculum spanning four disciplines: economics, mathematics, econometrics/statistics and computational/numerical analysis. The program is designed for recent graduates in the fields of applied mathematics, physics and engineering — or for graduates in economics, business and finance with strong mathematical backgrounds — who wish to pursue high-tech finance careers in financial institutions, industry or government.

### Admission Requirements

Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue for general regulations (page 97). All applicants must take the GRE General Test. Complete transcripts of undergraduate and any graduate level courses are required, as well as a statement of purpose and three recommendation letters. A substantial undergraduate background in mathematics is required, which should include one semester of real analysis or advanced calculus, one semester of linear algebra and one semester of advanced probability/statistics. Candidates with weaker backgrounds may be required to take mathematics classes prior to admission to the program. An undergraduate knowledge of microeconomics and of macroeconomics, and partial differential equations is helpful, although it is not required for admission. Some experience in Matlab and C/C++ programming is also useful.

### Foreign Language Requirement

There is no foreign language requirement.

### Course Requirements

Thirty units of course work are required, six core courses and four to five elective courses. Students are required to satisfy a summative experience for degree completion. This will be in the form of registration in 1 unit of MATH 590 Directed Research with a summative report at the end of the term.

Topics of research will be determined by the program director. The program consists of:

**REQUIRED CORE COURSES (6 COURSES, 18 UNITS) UNITS**

Mathematics and Mathematical Finance:

MATH 530ab Stochastic Calculus and Mathematical Finance 3-3

MATH 512 Financial Informatics and Simulation (Computer Labs and Practitioner Seminar) 3

MATH 590 Directed Research 1

Financial Economics and Econometrics:

ECON 613 Economic and Financial Time Series 4

ECON 659 Economics of Financial Markets I 4

**ELECTIVE COURSES (4 COURSES, 12 UNITS) UNITS**

Computational and Empirical Finance (must take at least 2 courses)\*:

FBE 535 Applied Finance in Fixed Income Securities 3

FBE 554 Trading and Exchanges 3

FBE 555 Investment Analysis and Portfolio Management 3

FBE 559 Management of Financial Risk 3

FBE 589 Mortgages and Mortgage-Backed Securities and Markets (FBE 555 highly recommended) 3

Statistics\*:

MATH 541ab Introduction to Mathematical Statistics 3-3

MATH 543L Nonparametric Statistics 3

MATH 547 Methods of Statistical Inference 3

Numerical/Optimization/Other Methods\*:

MATH 501 Numerical Analysis and Computation 3

MATH 502ab Numerical Analysis 3-3

MATH 504ab Numerical Solution of Ordinary and Partial Differential Equations 3-3

MATH 505ab Applied Probability 3-3

MATH 508 Filtering Theory 3

MATH 509 Stochastic Differential Equations 3

MATH 585 Mathematical Theory of Optimal Control 3

Computational and Financial Economics:

ECON 614 Economic and Financial Time Series II 4

ECON 652 Economics of Financial Markets II 4

PM 511ab Data Analysis 4-4

Prerequisites for any of the above courses can be waived based on students' knowledge of the subject area. Approval from the program director is required.

\*The elective courses in statistics/numerical/optimization/other methods and computational and empirical finance have to be approved for each student by the program directors. Other electives, not on this list, may sometimes be approved after consultation with program directors.

## Mathematics

Kaprielian Hall 104

FAX: (213) 740-2424  
Email: mathinfo@dornsife.usc.edu

Chair: Francis Bonahon, Ph.D.

### Faculty

University Professor and USC Associates Chair in Natural Sciences: Michael S. Waterman, Ph.D. (Biological Sciences and Computer Science)

University Professor and Andrew and Erna Viterbi Chair in Communications: Solomon Golomb, Ph.D. (Electrical Engineering)

Dean's Professor of Mathematics: Eric M. Friedlander, Ph.D.

Gabilan Assistant Professor of Mathematics: Sami Assaf, Ph.D.

Professors: Kenneth Alexander, Ph.D.; Richard Arratia, Ph.D.; Peter Baxendale, Ph.D.; Francis Bonahon, Ph.D.\*; Susan Friedlander, Ph.D.; Jason Fulman, Ph.D.; Larry Goldstein, Ph.D.; Robert Guralnick, Ph.D.\*; Nicolai T.A. Haydn, Ph.D.; Ko Honda, Ph.D.; Edmond A. Jonckheere, Ph.D. (Electrical Engineering); Sheldon Kamienny, Ph.D.; Igor Kukavica, Ph.D.; P. Vijay Kumar,

Ph.D. (Electrical Engineering); Ching Chieh Jay Kuo, Ph.D. (Electrical Engineering); Charles Lanski, Ph.D.; Sergey Lototsky, Ph.D.; Jin Ma, Ph.D.; Feodor Malikov, Ph.D.; Remigijus Mikulevicius, Ph.D.; M. Susan Montgomery, Ph.D.\*; Paul K. Newton, Ph.D. (Aerospace and Mechanical Engineering); Wlodek Proskurovski, Ph.D.; John E. Rolph, Ph.D. (Information and Operations Management); Gary Rosen, Ph.D.; Robert J. Sacker, Ph.D.; Hubert Saleur, Ph.D. (Physics); Alan Schumitzky, Ph.D.; Fengzhu Sun, Ph.D. (Biological Sciences); Simon Tavaré, Ph.D. (Biological Sciences); Zdenek Vorel, Ph.D.; Nicholas P. Warner, Ph.D. (Physics); Chunming Wang, Ph.D.; Mohammed Ziane, Ph.D.

Associate Professors: Ting Chen, Ph.D. (Biological Sciences); Jianfeng Zhang, Ph.D.

Assistant Professors: Aravind Asok, Ph.D.; Sami Assaf, Ph.D.; Jay Bartroff, Ph.D.; Aaron Lauda, Ph.D.

Professors (Research): Leonid Piterbarg, Ph.D.; Alexander G. Tartakovsky, Ph.D.

Assistant Professors (Non-Tenure Track): Chinmaya Gupta, Ph.D.; Brendon P. Rhoades, Ph.D.; Rongjie Lai, Ph.D.; Joseph A. Ross;

Ph.D.; Heather M. Russell, Ph.D.; Walter Rusin, Ph.D.; Thomas B. Williams, Ph.D.; Konstantin Zuev, Ph.D.

Professor Emeritus: Edward K. Blum, Ph.D.

\*Recipient of university-wide or college teaching award.

### Degree Programs

The Department of Mathematics has designed its major to give students an understanding of the several areas of mathematics. The program of study allows students to use electives to prepare themselves for a specific field, whether in industry, teaching or advanced graduate research. The faculty is engaged in a wide variety of research activities and offers courses in many areas.

The department offers the B.S., B.A. and minor in mathematics; B.S. and B.A. in applied and computational mathematics; B.S. in mathematics/economics; progressive degree programs in mathematics; M.S. in applied mathematics; M.S. in mathematical finance; M.S. in statistics; M.A. in mathematics; M.A. in applied mathematics; M.S. in computational molecular biology; Ph.D. in applied mathematics; and Ph.D. in mathematics.

## Undergraduate Degrees

### Advanced Placement Examinations in Mathematics

The university grants four units of credit in mathematics for scores of 4 or 5.

### Pre-major Requirements

MATH 125, MATH 126 or MATH 127, MATH 225, MATH 226 or MATH 227 are required.

### Major Requirements for the Bachelor of Arts in Mathematics

Six math courses at the 400 level or above including MATH 410, MATH 425a and either MATH 434 or MATH 435, are required.

### Major Requirements for the Bachelor of Science in Mathematics

Eight math courses at the 400 level or above, excluding MATH 434 and MATH 450, but including:

REQUIRED COURSES		UNITS
MATH 410	Fundamental Concepts of Modern Algebra	4
MATH 425ab	Fundamental Concepts of Analysis	4-4
MATH 471	Topics in Linear Algebra	4
REQUIRED PHYSICS COURSES		UNITS
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

Four additional courses in natural sciences or computer science, but excluding courses in mathematics, are required. At least two of these must be upper division courses, and each of the four courses must be acceptable for the Bachelor of Science degree in the department in which it is offered.

### Major Requirements for the Bachelor of Arts in Applied and Computational Mathematics

*Pre-major requirements:* MATH 125, MATH 126, MATH 225 or MATH 245, MATH 226.

*In mathematics:* MATH 407, MATH 458.

At least four more courses from the following: MATH 370, MATH 408, MATH 410, MATH 425a, MATH 430, MATH 432, MATH 435, MATH 445, MATH 466, MATH 467, MATH 471.

*In computing:* At least one programming course such as CSCI 101L, ITP 109x, ITP 110x, ITP 150x, ITP 165x or other programming courses approved by the program advisers.

*Electives:* At least three additional courses with significant quantitative content, in mathematics, natural sciences, computer science, engineering, economics or other fields approved by the department. At least two of these must be outside the mathematics department; moreover, at least two of these three must be in the same department, one of which must be an upper division course.

### Major Requirements for the Bachelor of Science in Applied and Computational Mathematics

*Pre-major requirements:* MATH 125, MATH 126, MATH 225 or MATH 245, MATH 226.

*In mathematics:* MATH 407, MATH 408, MATH 425a, MATH 458. At least three courses from MATH 370, MATH 410, MATH 425b, MATH 430, MATH 432, MATH 435, MATH 445, MATH 466, MATH 467, MATH 471.

Students contemplating a graduate degree in mathematics are advised to take MATH 410, MATH 425b and MATH 471.

*In computing:* At least one programming course such as CSCI 101L, ITP 109x, ITP 110x, ITP 150x, ITP 165x or other programming course approved by the program advisers.

*Electives:* At least five additional courses with significant quantitative content in mathematics, natural sciences, computer science, engineering, economics or other fields approved by the department. At least three of these must be outside the mathematics department; moreover, at least three of these must be in the same department, and at least two must be upper division courses.

### Grade Point Average Requirements

For each undergraduate degree an overall GPA of 2.0 in all upper division courses taken for the degree is required. In addition, any upper division course specifically listed as required must be passed with a grade of C (2.0) or better (e.g., MATH 410, MATH 425ab and MATH 471 for the B.S. degree).

### Minor in Mathematical Finance

This interdisciplinary minor was created for students in business, economics and mathematics, whose majors already require some of the introductory course work. Students in other programs are welcome but should expect the minor to require more units than it does for students in these programs. For more information, see Mathematical Finance, page 401.

### Minor in Statistics

Kaprielian Hall 104  
(213) 740-2400

This interdisciplinary minor should appeal to students from any discipline who are interested in acquiring a basic understanding of the mathematics underlying modern statistical analysis and inference techniques, in learning how to handle and analyze large data sets, and in gaining insight into the applications of modern statistics. Students who complete this minor should be able to critically interpret statistically based conclusions, should be viable candidates for entry level positions requiring some knowledge of modern statistics and data analysis, and should be prepared to enter a graduate-level program in applied statistics. The only prerequisite for this minor is one semester of elementary calculus.

As with all minors, students must include at least four upper division courses and four courses dedicated exclusively to this minor (which may be the same four courses). Finally, students must select four courses outside their major department. These may be the same four courses used to meet the first two conditions. Note that Math B.A. and B.S. economics/mathematics students may complete this minor by taking MATH 407 and MATH 408 and at least 16 additional upper division units approved by the Department of Mathematics, which are not in their major department and not being used to satisfy a requirement for their major. Note also that if calculus must be taken to satisfy the prerequisite for MATH 307, 20 units would be required to complete the minor.

REQUIREMENTS		UNITS
MATH 307	Statistical Inference and Data Analysis I (prerequisite: MATH 118 or MATH 125), and	4
MATH 308	Statistical Inference and Data Analysis II, or	4
MATH 407	Probability Theory (prerequisite: MATH 226) and	4
MATH 408	Mathematical Statistics	4
Electives*		8
Total		16 units

\*Electives may be any upper division or graduate level classes involving the theory or application of statistics approved by the Department of Mathematics. The department maintains a list of currently pre-approved courses that students may choose from. Potential courses include: BISC 478 Computational Genome Analysis (4 units), ECON 414 Introduction to Econometrics (4 units), ECON 419 Forecasting (4 units) and PSYC 421L Applied Multivariate Statistical Methods (4 units).

#### Mathematics Minor Requirements

MATH 125, MATH 126 or MATH 127, MATH 225 or MATH 245, MATH 226 or MATH 227 and four math courses at the 400 level or above, one of which must be from MATH 410, MATH 425a, MATH 435, MATH 440 or MATH 471. These four courses at the 400 level or above must total at least 16 units.

## Graduate Degrees

#### Admission Requirements

All applicants must take the Graduate Record Examinations General Test.

#### *Master of Arts and Doctor of Philosophy in Mathematics and in Applied Mathematics*

A substantial undergraduate background in mathematics which includes one year of real analysis (MATH 425ab), one semester of abstract algebra (MATH 410) and one semester of upper division linear algebra (MATH 471) is required. Students enrolled in one of the department's master of science or arts programs must complete the Ph.D. screening procedure prior to admission to a Ph.D. program.

#### *Master of Science in Applied Mathematics, in Statistics and in Computational Molecular Biology*

A substantial undergraduate background in mathematics which includes one semester of real analysis or advanced calculus and one semester of linear algebra is required.

#### Honors Program in Mathematics

##### *Admission to the Program*

The honors program is available for mathematics majors. A student must apply to the department for admission. A minimum grade point average of 3.5 is required in the first two years of university work as well as in the lower division mathematics courses MATH 125, MATH 126 or MATH 127, MATH 225 and MATH 226 or MATH 227.

##### *Requirements*

The students must complete all requirements for the degree program in which they are enrolled. MATH 410, MATH 425ab and MATH 471 are required. The remaining courses at the 400 level or higher must be acceptable for the B.S. degree.

In addition, students in the honors program must register for at least four units of MATH 490x Directed Research. The student must have an overall GPA of at least 3.5 in all courses at the 400 level or higher.

#### Combined Mathematics/Economics Major Requirements for the Bachelor of Science

Students are required to take seven courses in economics, seven courses in mathematics and one course in computer programming languages.

*Pre-major requirement:* MATH 125.

*In economics:* ECON 203, ECON 205, ECON 303, ECON 305, ECON 414 and at least two other ECON courses at the 400 level or above.

*In mathematics:* MATH 126 or MATH 127; MATH 225 or MATH 245; MATH 226 or MATH 227; MATH 407, MATH 408 and at least two other MATH courses at the 400 level or above.

*In computing:* At least one course chosen from ITP 110x, ITP 150x, ITP 165x; CSCI 101L.

Electives must be approved by the program advisers.

#### Language

Those students intending to go on to graduate school should satisfy the language requirement in French, German or Russian.

#### Progressive Degree Programs in Mathematics

Outstanding undergraduate students may apply for a master's degree in any area for which their major is relevant. If accepted into the master's degree program, the student may work simultaneously toward their bachelor's degree and the master's degree. To apply for a master's degree, a student must have completed at least 64 units, but fewer than 96 units, toward their major. The application requires two letters of recommendation from USC faculty, at least one of whom must be in the department of the student's major. For more information on progressive degree programs, see page 87.

Regular admission pending completion during the first year of graduate studies of prerequisite undergraduate mathematics may be considered for applicants who otherwise qualify for the program.

#### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

#### Master of Science in Applied Mathematics

This program is intended for individuals who are seeking or currently hold positions which involve mathematical applications, or for mid-career people wishing to improve their skills in applied areas. Specific options in the program include: biomedicine, discrete mathematics, economics, finance and business economics, fluid dynamics, numerical analysis

and computation, and systems and control. In addition, students may design their own option to suit specific needs.

On admission to the program, each student is assigned an option adviser. The adviser serves on the student's guidance committee and assists the student in determining the courses of study in the selected option. Courses of instruction are drawn from the Department of Mathematics and other participating departments which include: aerospace engineering, biomedical engineering, civil engineering, computer science, economics, electrical engineering, business administration, mechanical engineering, physiology and biophysics, and preventive medicine.

REQUIRED COURSES	UNITS
MATH 501	Numerical Analysis and Computation 3
MATH 505ab	Applied Probability 3-3
MATH 570a	Methods of Applied Mathematics 3
MATH 601	Optimization Theory and Techniques 3

plus at least 15 units of elected option courses

In addition, registration in MATH 594ab and a master's thesis is required for all students. This thesis is the end product of a practicum in the selected option. The practicum is supervised by the student's guidance committee.

For this program students are not required to take the screening examination or to satisfy a foreign language requirement.

#### Master of Science in Mathematical Finance

See Mathematical Finance, page 401.

#### Master of Science in Statistics

The object of this program is to provide academic instruction in statistical theory with a solid mathematical foundation while emphasizing applications to real world problems. Some probability theory is included to provide a rigorous foundation. The program is intended for individuals who are seeking or currently hold positions that involve statistical methodology and practice. A student may orient his or her course of study toward a particular field of application through appropriate selections from the program listings plus elective courses from other disciplines.

#### Course Requirements

Thirty units of course work are required, including:

REQUIRED COURSES	UNITS
MATH 541ab	Introduction to Mathematical Statistics 3-3
MATH 650	Seminar in Statistical Consulting 3
and one from each of options A, B, C	
(A)	
MATH 505a	Applied Probability 3
MATH 507a	Theory of Probability 3

(B)	
MATH 542L	Analysis of Variance and Design 3
MATH 545L	Introduction to Time Series 3

(C)	
MATH 501	Numerical Analysis and Computation 3
MATH 502a	Numerical Analysis 3
PM 511a	Data Analysis 4

plus at least 12 units of adviser-approved courses

Students may opt for a master's thesis (and registration in MATH 594ab) or a written examination covering material from MATH 505a or MATH 507a, and MATH 541ab. The examination will normally be given at the end of the fall semester. Students must pass MATH 505a or MATH 507a, and MATH 541ab with a grade of B or higher. If a student receives a grade of B- or lower in any of these courses, the requirement can be waived upon passing the screening exam for the course at the master's level or higher.

#### Master of Science in Computational Molecular Biology

The computational molecular biology program is designed to attract recent graduates in either mathematics, statistics, biology or computer science, or scientists and engineers interested in retraining. A commercial or laboratory internship is required. Students will be prepared for employment in the rapidly expanding areas of computational molecular biology and bioinformatics. The program has two tracks, appropriate for different undergraduate backgrounds: biology and mathematical science. The required courses for each track are indicated below.

REQUIRED COURSES	UNITS
<i>Biological Sciences</i>	
BISC 403***	Advanced Molecular Biology 4
BISC 478**	Computational Genome Analysis 4
BISC 505*	Genomics and Molecular Genetics 4
BISC 542*	Seminar in Molecular Biology 3
BISC 577ab*	Computational Molecular Biology Laboratory 2-2
<i>Computer Science</i>	
CSCI 485**	File and Database Management 3
CSCI 570***	Analysis of Algorithms 3
<i>Mathematics</i>	
MATH 407**	Probability Theory 4
MATH 408**	Mathematical Statistics 4
MATH 505a***	Applied Probability 3
MATH 541a***	Introduction to Mathematical Statistics 3
MATH 578a***	DNA and Protein Sequence Analysis 3

MATH 592*	Computational Molecular Biology Internship 3
MATH 650*	Seminar in Statistical Consulting 3
Total units	32-33

\*Both tracks

\*\*Biology track

\*\*\*Mathematical science track

Students are required to demonstrate skill in C++, Java or Perl, and to demonstrate knowledge of molecular biology at the level of BISC 320L. A substantial report on the commercial or laboratory internship must be submitted (for which enrollment in MATH 592 is required).

#### Master of Arts in Mathematics and Master of Arts in Applied Mathematics

The objective of the Master of Arts program is to prepare students for research, teaching and other professional careers in mathematics and applied mathematics, respectively. In addition to the algebra requirement and differential geometry/topology option for the Master of Arts in Mathematics, the two programs differ in emphasis: the Master of Arts in Mathematics emphasizes the core courses in pure mathematics, and the Master of Arts in Applied Mathematics emphasizes courses in mathematics and affiliated fields that are fundamental in applied mathematics.

#### Relationship to Ph.D. Programs in Mathematics and in Applied Mathematics

The two year M.A. program is an expansion of the first year of graduate studies in the Ph.D. program in mathematics (respectively, the Ph.D. program in applied mathematics). The program provides a rigorous foundation in mathematics (applied mathematics) while affording students additional time for preparatory training. The comprehensive examinations for the M.A. program can serve as the preliminary qualifying examination for either Ph.D. program, and the written Ph.D. qualifying examinations serve as comprehensive examinations for the corresponding Master of Arts degree.

#### Requirements for the Master of Arts in Mathematics

At least 24 units are required, including:

REQUIRED COURSES	UNITS
MATH 510ab	Algebra 3-3
MATH 520	Complex Analysis 3
MATH 525a	Real Analysis 3

and one option from A, B, C or D

(A)	
MATH 535a	Differential Geometry 3
MATH 540	Topology 3

(B)			
MATH 555a	Partial Differential Equations	3	
MATH 565a	Ordinary Differential Equations	3	
(C)			
MATH 507a	Theory of Probability	3	
MATH 541b	Introduction to Mathematical Statistics	3	
(D)			
MATH 502ab	Numerical Analysis	3-3	

The degree is completed with either departmental examinations (two written examinations selected from the two required components and the optional component) or a thesis demonstrating research ability in pure mathematics (the thesis option requires four additional thesis units selected from MATH 594abz).

#### *Requirements for the Master of Arts in Applied Mathematics*

At least 24 units are required, including MATH 525a Real Analysis, and at least three from these courses:

MATH 502a	Numerical Analysis
MATH 502b	Numerical Analysis
MATH 505a	Applied Probability, or
MATH 507a	Theory of Probability
MATH 505b	Applied Probability, or
MATH 506	Stochastic Processes, or
MATH 507b	Theory of Probability
MATH 541a	Introduction to Mathematical Statistics
MATH 541b	Introduction to Mathematical Statistics
MATH 555a	Partial Differential Equations
MATH 565a	Ordinary Differential Equations

Other elective courses, including those from other departments, have to be approved by the program adviser.

The degree is completed with either departmental comprehensive examinations (two examinations, one covering the required component MATH 525a, and the second covering one of the elective MATH courses) or a thesis demonstrating research ability in applied mathematics (the thesis option requires four additional thesis units selected from MATH 594abz).

#### **Doctor of Philosophy in Applied Mathematics**

The program requires a maximum effort by the student for a minimum of four years of full-time work.

Application deadline: January 1

#### *Screening Procedure*

The screening examination consists of four one-hour examinations covering the subject content of: MATH 502a Numerical Analysis; MATH 505a Applied Probability (or, at the student's discretion, MATH 507a Theory of Probability); MATH 525a Real Analysis; and MATH 541a Introduction to Mathematical Statistics.

The department offers the examinations twice a year, at the end of summer and at the beginning of the spring semester. All four parts of the screening examination must be attempted by the end of the third semester (not counting summer sessions) in the program. The students may take each of the exams as many times as they wish, but three of the exams must be successfully completed by the end of the fourth semester (not counting summer sessions) and all four must be successfully completed by the end of the sixth semester in the program. The qualifying examination should follow two or three semesters after the successful completion of the screening procedure.

#### *Guidance Committee*

No later than at the end of the first semester after passing the screening procedure the student must form a guidance committee consisting of an adviser and four other faculty members, including at least one from another department.

#### *Qualifying Examination*

The written portion of the qualifying examination consists of a Ph.D. dissertation proposal. This document should include: introduction, statement of the problem, literature survey, methodology, summary of preliminary results, proposed research, references, appendix (including one or two fundamental references).

The oral portion of the qualifying examination consists of a presentation of the Ph.D. dissertation proposal. The student must demonstrate research potential.

#### *Course Requirements*

The student must complete, with no grade lower than B, a minimum of 60 units of courses carrying graduate credit and approved by the guidance committee. These must include MATH 794ab and six courses from the following: MATH 502b, MATH 504ab, MATH 505b, MATH 507b, MATH 509, MATH 520, MATH 525b, MATH 530b, MATH 532, MATH 541b, MATH 542L, MATH 545, MATH 555a, MATH 565a, MATH 574, MATH 576, MATH 580, MATH 585.

#### *Transfer of Credit*

No transfer of credit will be considered until the screening examination is passed. A maximum of 30 units of graduate work at another institution may be applied toward the course requirements for the Ph.D. A grade of B- (A = 4.0) or lower will not be accepted and, at most, two grades of B will be accepted. A Ph.D. candidate may petition the department for transfer of additional credit, after he or she passes the qualifying examination.

#### *Foreign Language Requirement*

The student must demonstrate a reading comprehension of mathematics in one language (other than English) in which there is a significant body of research mathematics (such as Chinese, French, German, Japanese and Russian) by passing a written examination, administered by the Mathematics Department, in translation of mathematical content.

#### *Dissertation*

Following passage of the screening examination and approval of a dissertation topic by the guidance committee, the student begins research toward the dissertation under the supervision of the dissertation committee. The primary requirement of the Ph.D. is an acceptable dissertation based on a substantial amount of original research conducted by the student.

#### *Research Areas*

Opportunities for research are available from the faculty in several areas of applied mathematics with an emphasis on: computational biology, control theory, financial mathematics, mathematical neurosciences, numerical analysis, optimization, scientific computing, statistical genetics, statistics and stochastic differential equations.

#### **Doctor of Philosophy in Mathematics**

The program requires the maximum endeavor by the student for normally a minimum of four years of full-time work.

The student must choose between two concentrations: Pure Mathematics or Pure and Applied Mathematics.

Application deadline: January 1

#### *Screening Procedure*

Appointment of a guidance committee and retention in the doctoral program are contingent on passing the preliminary qualifying examination by the end of the second semester. If a student fails the examination, the department, at its discretion, may permit the student to take it again during the third semester of graduate studies.

The preliminary qualifying exam is a written two-hour examination administered by the department. The student must choose between two options: analysis or algebra. Each option approximately covers the content of two one-semester graduate courses, with the precise list of possible topics made available to the student by the department.

#### Course Requirements

The student must complete with no grade lower than B a minimum of 60 units of courses carrying graduate credit and approved by the guidance committee.

#### Pure Mathematics Concentration

REQUIRED COURSES		UNITS
MATH 510a	Algebra	3
MATH 525a	Real Analysis	3
MATH 535a	Differential Geometry	3
MATH 794ab	Doctoral Dissertation	2-2

Five courses selected from the following:

MATH 507a	Theory of Probability	3
MATH 510b	Algebra	3
MATH 520	Complex Analysis	3
MATH 525b	Real Analysis	3
MATH 532	Combinatorial Analysis	3
MATH 540	Topology	3
MATH 555a	Partial Differential Equations	3
MATH 565a	Ordinary Differential Equations	3

#### Pure and Applied Mathematics Concentration

REQUIRED COURSES		UNITS
MATH 502a	Numerical Analysis	3
MATH 510a	Algebra	3
MATH 525a	Real Analysis	3
MATH 794ab	Doctoral Dissertation	2-2

Five courses selected from the following:

MATH 502b	Numerical Analysis	3
MATH 507a	Theory of Probability	3
MATH 520	Complex Analysis	3
MATH 525b	Real Analysis	3
MATH 532	Combinatorial Analysis	3
MATH 541a	Introduction to Mathematical Statistics	3
MATH 555a	Partial Differential Equations	3
MATH 565a	Ordinary Differential Equations	3

#### Transfer of Credit

No transfer of credit will be considered until the screening examination is passed. Normally a maximum of 30 units of graduate work at another institution may be applied toward the course requirements for the Ph.D. A grade of B- or lower will not be accepted, and, at most, two grades of B will be accepted. A Ph.D. candidate may petition the department for transfer of additional credit after passing the qualifying examination.

#### Foreign Language Requirement

The student must demonstrate a reading comprehension of mathematics in one language (other than English) in which there is a significant body of research mathematics (such as Chinese, French, German, Japanese and Russian) by passing a written examination, administered by the department, in translation of mathematical content.

#### Qualifying Examination

The written portion of the qualifying examination is comprehensive, consisting of two, two-hour examinations administered by the department. These examinations cover two out of the following five options, excluding

the option already selected for the preliminary examination: algebra, analysis, geometry/topology, probability/statistics, differential equations. Each option approximately covers the content of two, one-semester graduate courses, with the precise list of possible topics made available to the students by the department. The selection of options must be approved by the guidance committee.

The oral portion of the qualifying examination covers one topic selected from department research areas in mathematics and approved by the guidance committee. The student must demonstrate research potential in this field.

#### Dissertation

Following passage of the qualifying examination and approval of a dissertation topic by the guidance committee, the student begins research toward the dissertation under the supervision of the dissertation committee. The primary requirement for the Ph.D. is an acceptable dissertation which is based on a substantial amount of original research conducted by the student.

#### Research Areas

Opportunities for research are offered in the areas of algebraic geometry, arithmetic geometry, combinatorics, complex geometry, control theory, differential equations, differential geometry, dynamical systems, functional analysis, geometric analysis, group theory, K-theory, nonlinear analysis, number theory, numerical analysis, optimization, probability, representation theory, ring theory and topology.

## Courses of Instruction

### MATHEMATICS (MATH)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### MATH 040x Basic Mathematical Skills

(4, FaSp) Intensive review of arithmetic and algebra. Not available for degree credit. Graded CR/NC.

**MATH 108 Precalculus (4, FaSp)** Equations and inequalities; functions; graphs; polynomial and rational functions; exponential, logarithmic, and trigonometric function; analytic geometry. *Prerequisite:* MATH 040x or passing of placement exam.

#### MATH 116 Mathematics for the Social

**Sciences (4, FaSp)** Finite mathematics with application to the social sciences; elementary set theory and logic; counting techniques; probability; statistics; matrices and systems of linear equations. Selected topics.

#### MATH 117 Introduction to Mathematics for

**Business and Economics (4, FaSp)** Functions, graphs, polynomial and rational functions, exponential and logarithmic functions, matrices, systems of linear equations. *Prerequisite:* MATH 040x or math placement exam.

#### MATH 118x Fundamental Principles of the

**Calculus (4, FaSpSm)** Derivatives; extrema. Definite integral; fundamental theorem of calculus. Extrema and definite integrals for functions of several variables. Not available for credit toward a degree in mathematics. *Prerequisite:* MATH 117 or math placement exam.

**MATH 125 Calculus I (4, FaSpSm)** Limits; continuity, derivatives and applications; anti-derivatives; the fundamental theorem of calculus; exponential and logarithmic functions. *Prerequisite:* MATH 108 or math placement exam.

**MATH 126 Calculus II (4, FaSpSm)** A continuation of MATH 125: trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series; Taylor series; polar coordinates. *Prerequisite:* MATH 125.

**MATH 127 Enhanced Calculus I (4, Fa)** Applications of integration, review of techniques of integration, infinite sequences and series, some beginning linear algebra, ordinary differential equations. Designed for students who earn a score of 4 or 5 on the Advanced Placement Calculus AB Examination, or a score of 3 or 4 on the BC Examination. Admission to course by departmental approval. (Duplicates credit in MATH 126.)

**MATH 200 Elementary Mathematics from an Advanced Standpoint (4, FaSp)** An explanation of arithmetic and geometry, including the algebraic operations, number bases, plane and solid figures; and coordinate geometry. *Prerequisite:* MATH 040x or math placement exam.

**MATH 208x Elementary Probability and Statistics (4, FaSp)** Descriptive statistics, probability concepts, discrete and continuous random variables, mathematical expectation and variance, probability sampling, Central Limit Theorem, estimation and hypothesis testing, correlation and regression. Not available for major credit to mathematics majors. *Prerequisite:* MATH 118x or MATH 125.

**MATH 218 Probability for Business (4, FaSpSm)** Basic probability, discrete and continuous distributions, expectation and variance, independence. Sampling, estimation, confidence intervals, hypothesis testing. *Prerequisite:* MATH 118x or MATH 125.

**MATH 225 Linear Algebra and Linear Differential Equations (4, FaSp)** Matrices, systems of linear equations, vector spaces, linear transformations, eigenvalues, systems of linear differential equations. *Prerequisite:* MATH 126.

**MATH 226 Calculus III (4, FaSp)** A continuation of MATH 126; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. *Prerequisite:* MATH 126.

**MATH 227 Enhanced Calculus II (4, Sp)** A continuation of MATH 127; vectors and vector spaces, functions of several variables, partial differential equations, optimization theory, multiple integration; Green's Stokes', divergence theorems. *Prerequisite:* MATH 127 or MATH 225.

**MATH 245 Mathematics of Physics and Engineering I (4, FaSp)** First-order differential equations; second-order linear differential equations; determinants and matrices; systems of linear differential equations; Laplace transforms. *Prerequisite:* MATH 226.

**MATH 265 Mathematical and Computational Methods for Neuroscience (4, FaSp)** Differential calculus of multivariable functions, optimization, elementary linear algebra and matrix theory, principal component analysis, elementary differential equations, systems, qualitative theory, numerical methods, scientific computation. *Prerequisite:* MATH 125; *recommended preparation:* MATH 126 or equivalent or AP credit for Calculus BC.

**MATH 307 Statistical Inference and Data Analysis I (4, Fa)** Probability, counting, independence, distributions, random variables, simulation, expectation, variance, covariance, transformations, law of large numbers, Central limit theorem, estimation, efficiency, maximum likelihood, Cramer-Rao bound, bootstrap. *Prerequisite:* MATH 118 or MATH 125.

**MATH 308 Statistical Inference and Data Analysis II (4, Sp)** Confidence intervals, hypothesis testing, p-values, likelihood ratio, nonparametrics, descriptive statistics, regression, multiple linear regression, experimental design, analysis of variance, categorical data, chi-squared tests, Bayesian statistics. *Prerequisite:* MATH 307.

**MATH 370 Applied Algebra (4, Sp)** Induction, Euclidean algorithm, factorization, congruence classes, Rings, RSA algorithm, Chinese remainder theorem, codes, polynomials, fundamental theorem of algebra, polynomial multiplication, Fourier transform, and other topics. *Prerequisite:* MATH 226; MATH 225 or MATH 245.

**MATH 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**MATH 395 Seminar in Problem Solving (2, max 8)** Systematic approach to solving non-standard and competition level math problems on inequalities, infinite sums and products, combinatorics, number theory, and games. *Recommended preparation:* MATH 126.

**MATH 400 Foundations of Discrete Mathematics (4, Fa)** Methods of proof, predicate calculus, set theory, order and equivalence relations, partitions, lattices, functions, cardinality, elementary number theory and combinatorics. *Prerequisite:* MATH 225 or MATH 226.

**MATH 407 Probability Theory (4, FaSp)** Probability spaces, discrete and continuous distributions, moments, characteristic functions, sequences of random variables, laws of large numbers, central limit theorem, special probability laws. *Prerequisite:* MATH 226.

**MATH 408 Mathematical Statistics (4, Sp)** Principles for testing hypotheses and estimation, small sample distributions, correlation and regression, nonparametric methods, elements of statistical decision theory. *Prerequisite:* MATH 407.

**MATH 410 Fundamental Concepts of Modern Algebra (4, FaSp)** Sets; relations; groups; homomorphisms; symmetric groups; Abelian groups; Sylow's theorems; introduction to rings and fields. *Prerequisite:* MATH 225.

**MATH 425ab Fundamental Concepts of Analysis (a: 4, FaSp; b: 4, Sp)** *a:* The real number system, metric spaces, limits, continuity, derivatives and integrals, infinite series. *b:* Implicit function theorems, Jacobians, transformations, multiple integrals, line integrals. *Prerequisite:* MATH 226; MATH 425a before MATH 425b.

**MATH 430 Theory of Numbers (4, Fa)** Introduction to the theory of numbers, including prime factorization, congruences, primitive roots, N-th power residues, number theoretic functions, and certain diophantine equations. *Prerequisite:* MATH 126.

**MATH 432 Applied Combinatorics (4, Sp)** Mathematical induction, counting principles, arrangements, selections, binomial coefficients, generating functions, recurrence relations, inclusion-exclusion, symmetric groups, graphs, Euler and Hamiltonian circuits, trees, graph algorithms; applications. *Prerequisite:* MATH 225 or MATH 226.

**MATH 434 Geometry and Transformations (4, Fa)** Incidence and separation properties of planes and spaces. Geometric inequalities, models of Riemannian and hyperbolic geometry. Isometrics, Jordan measure, constructions, and affine geometry.

**MATH 435 Vector Analysis and Introduction to Differential Geometry (4, Sp)** Vectors, elements of vector analysis, applications to curves and surfaces, standard material of differential geometry. *Prerequisite:* MATH 226.

**MATH 440 Topology (4, Fa)** Cardinals, topologies, separation axioms. Compactness, metrizable, function spaces; completeness; Jordan curve theorem. *Recommended preparation:* upper division MATH course.

**MATH 445 Mathematics of Physics and Engineering II (4, FaSp)** Vector field theory; theorems of Gauss, Green, and Stokes; Fourier series and integrals; complex variables; linear partial differential equations; series solutions of ordinary differential equations. *Prerequisite:* MATH 245.

**MATH 450 History of Mathematics (4, Sp)** Evolution of mathematical ideas and techniques as seen through a study of the contributions of eminent mathematicians to the formulation and solution of celebrated problems. *Prerequisite:* MATH 225 or MATH 245; *recommended preparation:* upper division MATH course.

**MATH 458 Numerical Methods (4, Fa)** Rounding errors in digital computation; solution of linear algebraic systems; Newton's method for nonlinear systems; matrix eigenvalues; polynomial approximation; numerical integration; numerical solution of ordinary differential equations. *Prerequisite:* MATH 225 or MATH 245.

**MATH 465 Ordinary Differential Equations (4, Sp)** Linear systems, phase plane analysis, existence and uniqueness, stability of linear and almost linear systems, Lyapunov's method, nonlinear oscillations, flows, invariant surfaces, and bifurcation. *Prerequisite:* MATH 225 or MATH 245.

**MATH 466 Dynamic Modeling (4, Fa)** Formulation and study of models arising in population dynamics, growth of plankton, pollution in rivers, highway traffic, morphogenesis and tidal dynamics: stability, oscillations, bifurcations, chaos. The lab will consist of computer simulation of models using commercially available software. *Prerequisite:* MATH 225 or MATH 245.

**MATH 467 Theory and Computational Methods for Optimization (4)** Methods for static, dynamic, unconstrained, constrained optimization. Gradient, conjugate gradient, penalty methods. Lagrange multipliers, least squares, linear, nonlinear dynamic programming. Application to control and estimation. *Prerequisite:* MATH 226; MATH 225 or MATH 245.

**MATH 471 Topics in Linear Algebra (4, Sp)** Polynomial rings, vector spaces, linear transformations, canonical forms, inner product spaces. *Prerequisite:* MATH 225; *recommended preparation:* MATH 410.

**MATH 475 Introduction to Theory of Complex Variables (4, Sp)** Limits and infinite series; line integrals; conformal mapping; single-valued functions of a complex variable; applications. Primarily for advanced students in engineering. *Prerequisite:* MATH 226.

**MATH 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**MATH 499 Special Topics (2-4, max 8)** Lectures on advanced material not covered in regularly scheduled courses. No more than two registrations allowed.

**MATH 500 Graduate Colloquium (2)** Lectures directed to mathematics graduate students by faculty of the department and by outside speakers. Problem solving workshops. Graded CR/NC.

**MATH 501 Numerical Analysis and Computation (3, Sp)** Linear equations and matrices, Gauss elimination, error estimates, iteration techniques; contractive mappings, Newton's method; matrix eigenvalue problems; least-squares approximation, Newton-Cotes and Gaussian quadratures; finite difference methods. *Prerequisite:* linear algebra and calculus.

**MATH 502ab Numerical Analysis (a: 3, Fa; b: 3, Sp)** Computational linear algebra; solution of general nonlinear systems of equations; approximation theory using functional analysis; numerical solution of ordinary and partial differential equations. *Prerequisite:* MATH 425a and MATH 471.

**MATH 504ab Numerical Solution of Ordinary and Partial Differential Equations (a: 3, Sp; b: 3, Fa)** *a:* Initial value problems; multistep methods, stability, convergence and error estimation, automatic stepsize control, higher order methods, systems of equations, stiff problems; boundary value problems; eigenproblems. *Prerequisite:* MATH 501 or MATH 502a. *b:* Computationally efficient schemes for solving PDE numerically; stability and convergence of difference schemes, method of lines; fast direct and iterative methods for elliptic equations. *Prerequisite:* MATH 501 or MATH 502a.

**MATH 505ab Applied Probability (a: 3, Fa; b: 3, Sp)** *a:* Populations, permutations, combinations, random variables, distribution and density functions conditional probability and expectation, binomial, Poisson, and normal distributions; laws of large numbers, central limit theorem. *b:* Markov processes in discrete or continuous time; renewal processes; martingales; Brownian motion and diffusion theory; random walks, inventory models, population growth, queuing models, shot noise.

**MATH 507ab Theory of Probability (a: 3, Fa; b: 3, Sp)** *a:* Probability spaces; distributions and characteristic functions; laws of large numbers, central limit problems; stable and infinitely divisible laws; conditional distributions. *Prerequisite:* MATH 525a or MATH 570. *b:* Dependence, martingales, ergodic theorems, second-order random functions, harmonic analysis, Markov processes.

**MATH 508 Filtering Theory (3)** Theory of random differential equations and stochastic stability; optimum linear and nonlinear filtering, with discussion of asymptotic behavior of filter. *Prerequisite:* MATH 507a.

**MATH 509 Stochastic Differential Equations (3)** Brownian motion, stochastic integrals, the Ito formula, stochastic differential equations, analysis of diffusion processes, Girsanov transformation, Feynmann-Kac formula, applications. *Prerequisite:* MATH 505ab or MATH 507ab.

**MATH 510ab Algebra (a: 3, Fa; b: 3, Sp)** *a:* Group Theory: Isomorphism theorems, group actions, Sylow's theorems, simple and solvable groups; Field Theory: Galois correspondence, radical extensions, algebraic and transcendental extensions, finite fields. *b:* Commutative Algebra: Integrality, Hilbert Basis theorem, Hilbert Nullstellensatz; Modules: modules over PIDs, chain conditions, tensor products; Noncommutative Rings: Jacobson radical, Artin-Wedderburn theorem, Maschke's theorem. *Prerequisite:* MATH 410, MATH 471.

**MATH 511abL Data Analysis (4-4)** (Enroll in PM 511abL)

**MATH 512 Financial Informatics and Simulation (Computer Labs and Practitioner Seminar) (3, FaSp)** Experimental laboratory trading for financial markets using double auctions; handling statistical packages for data analysis. Practical training in virtual market environments, using financial trading system software.

**MATH 520 Complex Analysis (3, Sp)** Theory of analytic functions — power series and integral representations, calculus of residues, harmonic functions, normal families, approximation theorems, conformal mapping, analytical continuation. *Prerequisite:* MATH 425ab.

**MATH 525ab Real Analysis (a: 3, Fa; b: 3, Sp)** *a:* Measure and integration over abstract measure spaces, Radon-Nikodym theorem, Fubini's theorem, convergence theorems, differentiation. *Prerequisite:* MATH 425ab. *b:* Metric spaces, contraction principle, category, Banach spaces, Riesz representation theorem, properties of  $L_p$  Hilbert spaces, orthogonal expansions, Fourier series and transforms, convolutions. *Prerequisite:* MATH 525a.

**MATH 530ab Stochastic Calculus and Mathematical Finance (a: 3, b: 3, Sp)** *a*: Stochastic processes revisited, Brownian motion, Martingale theory, stochastic differential equations, Feynman-Kac formula, binomial models, basic concepts in arbitrage pricing theory, equivalent Martingale measure. (Duplicates credit in the former MATH 503.) *Recommended preparation*: MATH 225, MATH 407; *b*: Advanced topics in stochastic analysis, asset pricing in continuous time, stochastic control, Hamilton-Jacobi-Bellman equations, incomplete markets, American options, exotic options, term structure of interest rates. (Duplicates credit in the former MATH 506.)

**MATH 532 Combinatorial Analysis (3, Fa)**

Inversion formulas, generating functions and recursions, partitions, Stirling numbers, distinct representatives, Ramsey's theorem, graph theory, block designs, difference sets, finite geometries, Latin squares, Hadamard matrices.

**MATH 533 Combinatorial Analysis and Algebra (3, Sp)**

Advanced group theory; algebraic automata theory; graph theory; topics in combinatorial analysis.

**MATH 535ab Differential Geometry (a: 3, Fa; b: 3, Sp)**

Elementary theory of manifolds, Lie groups, homogeneous spaces, fiber bundles and connections. Riemannian manifolds, curvature and conjugate points, second fundamental form, other topics. *Prerequisite*: MATH 440.

**MATH 540 Topology (3, Sp)**

Initial and final topologies, function spaces, algebras in  $C(Y)$ , homotopy, fundamental group, fiber spaces and bundles, smash products, loop spaces, groups of homotopy classes, CW-complexes. *Prerequisite*: MATH 440.

**MATH 541ab Introduction to Mathematical Statistics (a: 3, Sp; b: 3, Fa)**

*a*: Parametric families of distributions, sufficiency. Estimation: methods of moments, maximum likelihood, unbiased estimation. Comparison of estimators, optimality, information inequality, asymptotic efficiency. EM algorithm, jackknife and bootstrap. *Prerequisite*: MATH 505a or MATH 407 or MATH 408. *b*: Hypothesis testing, Neyman-Pearson lemma, generalized likelihood ratio procedures, confidence intervals, consistency, power, jackknife and bootstrap. Monte Carlo Markov chain methods, hidden Markov models. *Prerequisite*: MATH 541a.

**MATH 542L Analysis of Variance and Design (3, Sp)**

Least squares estimation in the linear model, analysis of variance and covariance, F-test, multiple comparisons, multiple regression, selection of variables; introduction to experimental design. Includes laboratory. *Prerequisite*: MATH 225, MATH 226, and MATH 208x.

**MATH 543L Nonparametric Statistics (3)**

Distribution-free methods for comparisons of two or more samples, tests of randomness, independence, goodness of fit; classification, regression. Comparison with parametric techniques. Includes laboratory. *Prerequisite*: MATH 226, MATH 208x.

**MATH 544L Multivariate Analysis (3)** (Enroll in PM 544L)

**MATH 545L Introduction to Time Series (3, Fa)** Transfer function models; stationary, nonstationary processes; moving average, autoregressive models; spectral analysis; estimation of mean, autocorrelation, spectrum; seasonal time series. Includes laboratory. *Prerequisite*: MATH 225, MATH 226, and MATH 208x.

**MATH 546 Statistical Computing (3)** (Enroll in PM 546)

**MATH 547 Methods of Statistical Inference (3, Fa)**

Statistical decision theory: game theory, loss and risk functions; Bayes, minimax, admissible rules; sufficiency, invariance, tests of hypotheses, optimality properties. Inference for stochastic processes. *Prerequisite*: MATH 407 or MATH 408.

**MATH 548 Sequential Analysis (3)**

Sequential decision procedures: sequential probability-ratio tests, operating characteristic, expected sample size, two-stage procedures, optimal stopping, martingales, Markov processes; applications to gambling, industrial inspection. *Prerequisite*: MATH 407 or MATH 408.

**MATH 550 Sample Surveys (3, Sp)**

Theory of sampling and design of sample surveys; bias and precision; finite populations; stratification; cluster sampling; multistage, systematic sampling; non-sampling errors. *Prerequisite*: MATH 208x.

**MATH 555ab Partial Differential Equations (a: 3, Fa; b: 3, Sp)**

Second-order partial differential equations of elliptic, parabolic, and hyperbolic type; in particular, potential and wave equations. *Prerequisite*: MATH 425ab.

**MATH 565ab Ordinary Differential Equations (a: 3, Fa; b: 3, Sp)**

Existence, uniqueness and continuation of solutions, differential inequalities, linear systems, Sturm-Liouville theory, boundary value problems, Poincaré-Bendixson theory, periodic solutions, perturbations, stability, fixed point techniques. *Prerequisite*: MATH 425ab.

**MATH 570ab Methods of Applied Mathematics (a: 3, FaSp; b: 3, Sp)**

*a*: Metric spaces, fundamental topological and algebraic concepts, Banach and Hilbert space theory. *Prerequisite*: MATH 425a. *b*: Hilbert spaces, normal, self-adjoint and compact operators, geometric and spectral analysis of linear operators, elementary partial differential equations. *Prerequisite*: MATH 570a.

**MATH 572 Applied Algebraic Structures (3, Fa)**

Elementary predicate logic, model theory, axiomatic set theory; relations, functions, equivalences; algebraic and relational structures; graph theory; applications of lattices, Boolean algebras; groups, rings, field.

**MATH 574 Applied Matrix Analysis (3, Fa)**

Equivalence of matrices; Jordan canonical form; functions of matrices; diagonalization; singular value decomposition; applications to linear differential equations, stability theory, and Markov processes.

**MATH 576 Applied Complex Analysis and Integral Transforms (3, Fa)**

Review of basic complex analysis; integral transforms of Laplace, Fourier, Mellin, and Hankel; applications to solutions of ordinary and partial differential equations; Wiener-Hopf technique. *Prerequisite*: MATH 475 or MATH 520.

**MATH 577ab Computational Molecular Biology Laboratory (a: 2, Sp; b: 2, Fa)**

(Enroll in BISC 577ab)

**MATH 578ab Computational Molecular Biology (3-3, FaSp)**

Applications of the mathematical, statistical and computational sciences to data from molecular biology. *a*: Algorithms for genomic sequence data: sequence and map assembly and alignment, RNA secondary structure, protein structure, gene-finding, and tree construction. *Prerequisite*: CSCI 570; *recommended preparation*: familiarity with the concepts of basic molecular biology as covered in BISC 320. *b*: Statistics for genomic sequence data: DNA sequence assembly, significance of alignment scores, hidden Markov models, genetic mapping, models of sequence evolution, and microarray analysis. *Prerequisite*: MATH 505a, MATH 541a.

**MATH 580 Introduction to Functional Analysis (3)**

Basic functional analysis in Banach and Hilbert spaces. Weak topologies, linear operators, spectral theory, calculus of vector-valued functions. Banach algebras. *Prerequisite*: MATH 525ab.

**MATH 585 Mathematical Theory of Optimal Control (3, Fa)** Deterministic control: calculus of variations; optimal control; Pontryagin principle; multiplier rules and abstract nonlinear programming; existence and continuity of controls; problem of Mayer; dynamic programming. *Prerequisite:* MATH 570 and MATH 525a.

**MATH 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**MATH 592 Computational Molecular Biology Internship (3)** Industrial or genome-centered internship for students in the Computational Molecular Biology master's program. Real-world experience in applications. Open to M.S., Computational Molecular Biology students only.

**MATH 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**MATH 594abz Master's Thesis (2-2-0, FaSpSm)** Credit on acceptance of thesis. Graded IP/CR/NC.

**MATH 599 Special Topics (2-4, max 8, FaSpSm)** Course content will be selected each semester to reflect current trends and developments in the field of mathematics.

**MATH 600 Topics in Numerical Analysis (3, max 12)**

**MATH 601 Optimization Theory and Techniques (3, SpSm)** Necessary and sufficient conditions for existence of extrema with equality constraints; gradient methods; Ritz methods; eigenvalue problems; optimum control problems; inequality constraints; mathematical programming. *Prerequisite:* MATH 502ab.

**MATH 602 Galerkin Approximation Methods in Partial Differential Equations (3)** Galerkin methods of approximating solutions of elliptic boundary value problems in one and several dimensions; includes the use of spline functions and triangularizations.

**MATH 605 Topics in Probability (3, max 12)**

**MATH 606 Topics in Stochastic Processes (3, max 12, FaSpSm)** Theoretic and applied topics of current interest in discrete and continuous time stochastic processes and in stochastic differential equations. *Recommended preparation:* graduate level course in probability theory or stochastic processes.

**MATH 610 Topics in Algebra (3, max 12)**

**MATH 612 Topics in Commutative Ring Theory (3, max 12)** Localization, structure of Noetherian rings, integral extensions, valuation theory, graded rings, characteristic functions, local algebra, dimension theory. *Prerequisite:* MATH 510ab.

**MATH 613 Topics in Noncommutative Ring Theory (3, max 12)** Jacobson radical, nil radical, nil rings and nil-potence, chain conditions, polynomial identity and group rings. Goldie theorems, current research. *Prerequisite:* MATH 510ab.

**MATH 620 Topics in Complex Analysis (3, max 12)**

**MATH 625 Topics in Real Analysis (3, max 12)**

**MATH 630 Topics in Number Theory (3, max 12)**

**MATH 635 Topics in Differential Geometry (3, max 12)** Topics to be chosen from the following: geometry of complex manifolds, relations between topology and curvature, homogeneous spaces, symmetric spaces, geometry of submanifolds. *Prerequisite:* MATH 535ab.

**MATH 641 Topics in Topology (3, max 12)**

**MATH 650 Seminar in Statistical Consulting (3)**

**MATH 655 Topics in Partial Differential Equations (3, max 12, FaSpSm)** Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. *Prerequisite:* MATH 525a; *recommended preparation:* MATH 555a.

**MATH 665 Topics in Ordinary Differential Equations (3, max 12)**

**MATH 680 Nonlinear Functional Analysis (3)** Calculus in Banach spaces, degree theory, fixed point theorems. Study of compact, monotone, accretive and nonexpansive operators. *Prerequisite:* MATH 580.

**MATH 681 Selected Topics in Functional Analysis (3, max 12)** Course content will vary with professor and academic year offered. It will include topics of current interest in both linear and nonlinear functional analysis and their applications.

**MATH 685 Topics in Mathematical Control Theory (3, max 12)**

**MATH 689 Topics in Mathematical Physics (3, max 12)**

**MATH 700 Seminar in Numerical Analysis (3)**

**MATH 705 Seminar in Probability (3)**

**MATH 710 Seminar in Algebra (3)**

**MATH 725 Seminar in Analysis (3)**

**MATH 730 Seminar in Number Theory (3)**

**MATH 735 Seminar in Differential Geometry (3)**

**MATH 740 Seminar in Topology (3)**

**MATH 761 Seminar in Programming and Computability (3)**

**MATH 765 Seminar in Ordinary Differential Equations (3)**

**MATH 780 Seminar in Functional Analysis (3)**

**MATH 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**MATH 794abcdz Doctoral Dissertation (2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Middle East Studies

Taper Hall of Humanities 449

Director: Kevin van Bladel, Ph.D. (*Classics*)

### Faculty

John Elliott Chair in Economics: M. Hashem Pesaran, Ph.D. (*Economics*)

Robert Grandford Wright Professor in International Relations: Laurie A. Brand, Ph.D. (*International Relations*)

Professors: Hagit Borer, Ph.D. (*Linguistics*); Richard Dekmejian, Ph.D. (*Political Science*); Jeffrey B. Nugent, Ph.D. (*Economics and Business*); Azade-Ayse Rorlich, Ph.D. (*History and Slavic Languages and Linguistics*); Bruce Zuckerman, Ph.D. (*Religion and Linguistics*)

Associate Professors: Sarah Gulatieri, Ph.D. (*History and American Studies and Ethnicity*); Kevin van Bladel, Ph.D. (*Classics*); Ramzi Rouighi, Ph.D. (*History*)

Assistant Professors: Christelle Fischer-Bovet, Ph.D. (*Classics*); Olivia Harrison, Ph.D. (*French and Italian*); Megan Reid (*Religion and Gender Studies*)

Associate Professor (Teaching): Jamal Ali, Ph.D.

Assistant Professor (Teaching): Peyman Nojournian, Ph.D.

Lecturers: Lynn Swartz Dodd, Ph.D. (*Religion*); Fayeze Hammad, Ph.D. (*Political Science*); Rym Kaki, Ph.D. (*Public Policy*); Lina Kholaki, Ph.D.; Suzan Wali, Ph.D.

### Bachelor of Arts in Middle East Studies

This major is an interdisciplinary degree which draws on courses from anthropology, classics, economics, history, international relations, Judaic studies, linguistics, political science and religion. It offers students interested in exploring the richness and complexity of the Middle East, broadly defined as extending from Morocco through Iran, a framework for developing both expertise and wide-ranging critical perspectives on the region's past, present and future. The variety of courses will allow students to tailor their choices to a range of possible emphases. Two options are also available regarding language study. The first, which is strongly

recommended for all students, but especially for those who seek to pursue a career using Middle East studies, stresses the importance of a regional language (at this point, Arabic, Hebrew or Persian), along with other disciplinary offerings. The second allows students to gain an in-depth understanding of the region, but without the requirement of a regional language.

Requirements for the degree are: HIST 180 (an introductory survey course) which is a prerequisite for the major. Students must also take: a) seven more courses, six of which must be upper division courses, chosen from the list below; b) an eighth course, which may be either an upper division course from the list below or the fourth semester of Arabic or Hebrew for those studying a regional language.

No more than two courses may be counted toward this major and another major.

REQUIRED COURSES		UNITS
HIST 180	The Middle East	4
Seven of the following courses, six of which must be upper division courses:		
ANTH 327	Anthropology of the Middle East and Islam	4
ANTH 335	Comparative Muslim Societies	4
CLAS 360	Classical Arabic Literature in Translation	4
ECON 322	Economic History and Modernization of the Middle East	4
ECON 342	Economic Development of the Middle East	4
HEBR 315	Biblical Hebrew Literature (Hebrew IV)	4
HIST 280	The Modern Middle East	4
HIST 275	The Worlds of the Silk Road	4
HIST 324	Islam in Russia and the Soviet Union	4
HIST 382	The Middle East, 500-1500	4
HIST 384	Popular Culture in the Middle East	4
HIST 480	Seminar in Middle East History	4, max 8
IR 362	The International Relations of the Contemporary Middle East	4
IR 363	Middle East Political Economy	4
JS 214	Zionism, Israel and the Modern World	4

JS 361	Scripture and Polemic in Judaism, Christianity and Islam	4
JS 465	Medieval Jewish Philosophy	4
LING 295	The Ancient Near East: Culture, Archaeology, Texts	4
MDES 252*	Arabic IV	4
POSC 351	Middle East Politics	4
REL 315	Thought and Life of Islam	4
REL 317	Ancient Near Eastern Myth and Literature	4
REL 394	Archaeology of Egypt and the Near East	4
REL 494	Advanced Near Eastern and Mediterranean Archaeology	4

\*Counts as an upper division course

Students majoring in Middle East studies are strongly encouraged to study in the Middle East in one of USC's study abroad programs. USC currently has programs at the American University in Cairo, the Hebrew University (Jerusalem) and Tel Aviv University.

Unlike the other majors offered through the School of International Relations, advisement for the Middle East major is done through the Dornsife College Advising Office.

### Minor in Middle East Studies

Drawing on courses from nine different departments, this interdisciplinary minor offers students interested in exploring the richness and complexity of the Middle East, broadly defined as extending from Morocco through Iran, a framework for developing a basic but solid understanding of the region. Students may select courses that provide a broad introduction across disciplines, or they may choose courses that address a particular historical period or theme.

Twenty units (five courses) are required. All students must take HIST 180. To complete the minor a student must also take four upper division courses from the list below from at least three departments. Students who are also studying Arabic may substitute MDES 252 Arabic IV for one of the four upper division courses. However there is no language requirement for the minor.

REQUIRED COURSES	UNITS				
HIST 180	The Middle East	4	HIST 324	Islam in Russia and the Soviet Union	4
	Four of the following courses:		HIST 382	The Middle East, 500-1500	4
ANTH 327	Anthropology of the Middle East and Islam	4	HIST 384	Popular Culture in the Middle East	4
ANTH 335	Comparative Muslim Societies	4	HIST 480	Seminar in Middle East History	4, max 8
CLAS 360	Classical Arabic Literature in Translation	4	IR 362	The International Relations of the Contemporary Middle East	4
ECON 322	Economic History and Modernization of the Middle East	4	IR 363	Middle East Political Economy	4
ECON 342	Economic Development of the Middle East	4	JS 361	Scripture and Polemic in Judaism, Christianity and Islam	4
HEBR 315	Biblical Hebrew Literature (Hebrew IV)	4	JS 465	Medieval Jewish Philosophy	4
			MDES 252	Arabic IV	4
			POSC 351	Middle East Politics	4
			REL 315	Thought and Life of Islam	4
			REL 317	Ancient Near Eastern Myth and Literature	4
			REL 394	Archaeology of Egypt and the Near East	4
			REL 494	Advanced Near Eastern and Mediterranean Archaeology	4

Unlike the other minors offered through the School of International Relations, advisement for the Middle East minor is done through the Dornsife College Advising Office.

## Courses of Instruction

### MIDDLE EAST STUDIES (MDES)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**MDES 120 Persian I (4)** Introduction to contemporary Persian (Farsi). Oral practice, listening and reading comprehension, grammar and vocabulary necessary for simple spoken and written expression.

**MDES 122 Arabic I (4, FaSp)** Introduction to modern standard Arabic: Development of speaking, listening, reading, and writing skills in contemporary cultural contexts.

**MDES 150 Persian II (4)** Continuation of Persian I. *Prerequisite:* MDES 120.

**MDES 152 Arabic II (4, FaSp)** Continuation of Arabic I. *Prerequisite:* MDES 122.

**MDES 220 Persian III (4)** Intermediate Persian (Farsi). Building conversational skills, listening and reading comprehension, grammar and vocabulary necessary for intermediate level spoken and written expression. *Prerequisite:* MDES 150.

**MDES 222 Arabic III (4, FaSp)** Intermediate modern standard Arabic. Continued development of speaking, listening, reading, and writing skills. *Prerequisite:* MDES 152.

**MDES 250 Persian IV (4)** Continuing Intermediate Persian (Farsi). Building conversational skills, listening and reading comprehension, grammar and vocabulary necessary for intermediate level spoken and written expression. *Prerequisite:* MDES 220.

**MDES 252 Arabic IV (4, FaSp)** Continuation of Arabic III. *Prerequisite:* MDES 222.

**MDES 280 The Modern Middle East (4, Sp)** (Enroll in HIST 280)

**MDES 320 Advanced Persian I (4, FaSp)** Advanced verbal and written expression in Persian, including deeper understanding of Persian culture. *Prerequisite:* MDES 250.

**MDES 322 Advanced Arabic I (4, FaSp)** Advanced expression in written and spoken Arabic, including reading of original texts, understanding different registers, and exposure to modern Arabic cultures. *Prerequisite:* MDES 252.

**MDES 333 Colloquial Arabic: Regional Dialects (4, max 16, FaSp)** Introduction to a regional Arabic dialect, focusing primarily on verbal skills. *Prerequisite:* MDES 152; *recommended preparation:* MDES 222 and/or MDES 252.

**MDES 334 Media Arabic (4, FaSp)** Introduction and development of language skills encountered in print and broadcast media Arabic. *Prerequisite:* MDES 222.

**MDES 349 Ancient Empires (4, FaSpSm)** (Enroll in CLAS 349g)

**MDES 350 Advanced Persian II (4, FaSp)** Continuation of Advanced Persian I. *Prerequisite:* MDES 320.

**MDES 352 Advanced Arabic II (4, FaSp)** Continuation of Advanced Arabic I. *Prerequisite:* MDES 322.

**MDES 362 The International Relations of the Contemporary Middle East (4, Fa)** (Enroll in IR 362)

**MDES 363 Middle East Political Economy (4, Sp)** (Enroll in IR 363)

**MDES 382 The Middle East, 500-1500 (4)** (Enroll in HIST 382)

**MDES 384 Popular Culture in the Middle East (4, FaSpSm)** (Enroll in HIST 384)

**MDES 394 Archaeology of Egypt and the Near East (4)** (Enroll in REL 394)

**MDES 448m Islam in France (4, FaSp)** (Enroll in FREN 448m)

**MDES 454 Classical Arabic (4, max 20, FaSp)** Introduction to reading and interpretation of pre-modern, classical Arabic, including literature from the 6th to 19th centuries. *Prerequisite:* MDES 252.

**MDES 461 Topics in Ancient Iranian Languages and Cultures (4, max 20)** Studies and readings in one or more pre-modern Iranian languages and their cultural and historical contexts. Specific topics vary; may be repeated for credit.

**MDES 463 Islam and Arab Nationalism (4)** (Enroll in IR 463)

**MDES 464 U.S. Policy Towards the Middle East: 1950 to the Present (4)** (Enroll in IR 464)

**MDES 480 Seminar in Middle East History (4, max 8)** (Enroll in HIST 480)

**MDES 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not for graduate credit.

**MDES 499 Special Topics (2-4, max 8, FaSpSm)** Selected topics in Middle East studies.

## Multidisciplinary Activities

Richard Fliegel, Ph.D., *Associate Dean, Undergraduate Programs, USC Dornsife College*  
(213) 740-2961  
Email: fliegel@dornsife.usc.edu

Multidisciplinary Activities (MDA) courses are developed and taught by faculty from more than one program, department and/or

school. These courses exist because of the college's interest in supporting interdisciplinary teaching and research. A student's transcript indicates enrollment in a multidisciplinary activities course.

Students who enroll in MDA courses share a common interest in the subject matter, but are not necessarily majors in those disciplines.

These courses can be used as electives for certain degree requirements and, when indicated by the "g" suffix, for general education credit.

### Collaborative Learning Projects (CLP) and Individual Programs of Study (IPOS)

See Learner Centered Curricula, page 392.

## Courses of Instruction

### MULTIDISCIPLINARY ACTIVITIES (MDA)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**MDA 100abcd Introduction to the Health Professions (1-1-1-1, FaSp)** An introduction to the health professions, through lectures, discussions, clinical experiences, and visits to health care delivery sites; relationships with other clinicians and the community. Departmental approval required. Graded CR/NC.

**MDA 101x Health Professions: Prospects and Preparation (1, Sp)** Presentations by health professionals, introduced by faculty members from relevant academic units and followed by discussion with the speakers. Not available for degree credit. Graded CR/NC. *Recommended preparation:* BISC 120L or BISC 220L; CHEM 150aL.

**MDA 105g Cultural Forms and Values I (4, FaSp)** Norms and patterns of civilizations associated with the Greco-Roman and European traditions and the legacy of those traditions in North America.

**MDA 110 Contemporary Issues and Cases in Health Care (2, FaSp)** An introduction to the major areas of health care; the provider's relationship to choices in professional practice; ethics and historical context. (Duplicates credit in MDA 100abcd.) Graded CR/NC.

**MDA 125Lg Scientific Principles (4, FaSp)** Fundamental principles underlying a body of scientific knowledge and their evolution; the nature of scientific inquiry; how scientific knowledge is obtained and evaluated. A field experience or practical component required.

**MDA 140 Practicum in Multimedia Authorship (2, FaSp)** Introduction to the expressive potential of multimedia as a critical and creative tool, supplementing traditional forms of academic work. Graded CR/NC.

**MDA 155g Cultural Forms and Values II (4, FaSp)** Cultural norms and patterns of civilizations associated with Africa, Asia, Latin America, the Middle East, Native America, and elsewhere, alternative to those of the Greco-Roman and European traditions.

**MDA 165g Social Inquiry (4, FaSp)** Analyses of compelling local, national, and/or international issues; analytical tools examined systematically in a broad range of social phenomena. *Concurrent enrollment:* WRIT 140.

**MDA 167g Marginal Groups in America (4, Fa)** Sociological and historical analysis of marginal populations in American society, including racial and ethnic minorities, teenage mothers, drug abusers, criminals, and the mentally ill. *Concurrent enrollment:* WRIT 140.

**MDA 170g La Frontera: The U.S.-Mexico Borderlands (4)** Provides student with a multidisciplinary understanding of the U.S./Mexico border region. Topics to be covered include: space and place, internationalization, physical environment, gender relations and culture. *Concurrent enrollment:* WRIT 140.

**MDA 175Lg Science and Technology (4, FaSp)** The nature of science and technology, based on a focused study of a single area of research; scientific principles, their technological applications, and social significance.

**MDA 200Lg The Cutting Edge: From Basic Science to the Marketplace (4, Sp)** An introduction to the basic sciences of physics, chemistry, biology, and geology, examining the fundamental concepts, experimental approaches, and technological applications. Course will show the interrelationships among the fields and societal ramifications of these cutting edge technologies. (Duplicates credit in MDA 125.)

**MDA 205g Cities and Civilization (4, FaSp)** Origins of cities, patterns of migration and resettlement, civic identities and the invention of public culture, from ancient Rome to contemporary Los Angeles.

**MDA 250 Internship for Liberal Arts: Work and Career – Theory and Practice (1-2, max 4, FaSpSm)** Students explore different understandings of work and career in American society while testing theories in an actual work setting.

**MDA 310 Introduction to Peace and Conflict Studies (4, Sp)** (Enroll in IR 310)

**MDA 325 Case Studies in Modern Leadership (4, FaSp)** Study of a single leader or small set of leaders, including the strengths and weaknesses that distinguish them and the cultural forces that nurture them.

**MDA 330 The Armenian Heritage: History, Arts, and Culture (4, FaSp)** A multidisciplinary exploration of the Armenian cultural heritage through the ages – folklore, traditions, religious practices, literature, architecture, painting, sculpture, music, theatre, film and dance.

**MDA 333 Colloquium in Armenian Studies: Social and Cultural Issues (2, max 4, FaSpSm)** Analysis of political, social, and cultural issues by the instructor and visiting lecturers with expertise in specific areas of the Armenian Republic and Diaspora community.

**MDA 365 The Art and Adventure of Leadership (4, Sp)** Areas of knowledge and kinds of competencies that are fundamental to the study and practice of leadership in a variety of settings.

**MDA 399ab Team Research Communities (4-4, FaSp)** Cross-disciplinary inquiry in the liberal arts. *a:* Research methodologies. *b:* Individual student and group projects contributing to the team's collaborative report.

**MDA 450 Individual Program of Study (4-18, max 18, FaSpSm)** An individual educational project approved by a faculty committee, combining directed research with internships, service learning, artistic or literary production, and/or other relevant educational activities. Open only to students with sophomore, junior or senior standing.

**MDA 460 Collaborative Learning Project (4-8, max 8, FaSpSm)** A project approved by a faculty committee, requiring students to collaborate on research or an original work in the literary, plastic, or performing arts. Open only to students with sophomore, junior or senior standing. Graded CR/NC.

**MDA 475 The Future of California (4, FaSp)** Challenges facing California; options for governmental and constitutional reform; opportunities for economic growth; demographic and cultural changes; education, environment, and other policy issues. *Recommended preparation:* junior or senior standing.

**MDA 476 Policy Research on California (4, Sp)** Research and proposed solutions concerning problems, policies, structural and constitutional challenges facing California. Open only to upper division and master's students. *Prerequisite:* MDA 475.

**MDA 490 Directed Research (2-8, max 8, FaSpSm)** Individual research, reading, writing and project development.

**MDA 494 Directed Creative Project (2-4, max 4, FaSpSm)** Individual research, reading, writing and project development, guided by a faculty member with expertise in the area, who may be tenure-track or non-tenure-track. Open only to juniors and seniors.

**MDA 495 Interdisciplinary Honors Seminar (2-4, max 4, Fa)** The first part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Open only to juniors and seniors.

**MDA 496 Interdisciplinary Honors Thesis (4, Sp)** The second part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Open only to juniors and seniors. *Prerequisite:* MDA 495.

**MDA 501 Introduction to Visual Studies: Methods and Debates (4)** A critical introduction to the field of visual studies focusing on interdisciplinary approaches to images, objects, and visual technologies as well as key texts and interpretive debates. Students must be enrolled in a Ph.D. program at USC.

**MDA 593 Practicum in Teaching the Liberal Arts (2, FaSp)** Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Graded CR/NC.

**MDA 599 Special Topics (2-4, max 8, Fa)** The multidisciplinary, team-taught seminar addresses issues at the intersection of literary, visual, and material culture. The faculty team and specific topics studied will change each time the course is offered.

## Multimedia Scholarship

### Honors in Multimedia Scholarship

This program offers qualified undergraduate students an opportunity to approach their discipline(s) of study through the critical application of multimedia expression and scholarship. The student experience will be characterized by smaller classes taught by

leading faculty members and enriched by a program of lecture series, visiting scholars, symposia and conferences. For complete program requirements, see the School of Cinematic Arts section, page 224.

## Neuroscience

Hedco Neurosciences Building 120

[usc.edu/programs/neuroscience](http://usc.edu/programs/neuroscience)

Director: Pat Levitt, Ph.D.

Participating Faculty: See Biological Sciences, Computer Science, Biomedical Engineering, Philosophy, Psychology, Engineering, Gerontology, Medicine and Pharmacy in this catalogue.

### Bachelor of Arts in Neuroscience

Co-directors: Sarah Bottjer, Ph.D., and Irving Biederman, Ph.D.

Undergraduate Advisers: Lauren Evashenk, [evashenk@dornsife.usc.edu](mailto:evashenk@dornsife.usc.edu), and Jessika Hulewsky, [jbonds@dornsife.usc.edu](mailto:jbonds@dornsife.usc.edu)

#### Grade Requirements

A grade of C- or higher is required to count toward major requirements.

CORE REQUIREMENTS (32 UNITS)		UNITS
BISC 220L	General Biology: Cell Biology and Physiology	4
BISC 421	Neurobiology	4
CHEM 103Lx	General Chemistry for the Environment and Life, or	
CHEM 105aL	General Chemistry	4
MATH 125	Calculus I	4
NEUR 408	Systems Neuroscience: From Synapses to Perception	4
PSYC 100	Introduction to Psychology	4
PSYC 274L*	Statistics	4
PSYC 440	Introduction to Cognitive Neuroscience	4

\*An equivalent course may be substituted with permission.

(8 core + 4\* or 5\* elective: 48 units)

Four or five upper-division elective courses (minimum 16 units) from the following list are required. At least one course in the upper-division electives must carry a lab ("L") designation or be NEUR 490.

ELECTIVES (16 UNITS)		UNITS
ANTH 306	Primate Social Behavior	4
BISC 307L	General Physiology	4
BISC 313	Evolution and Population Genetics	4

BISC 320L	Molecular Biology	4
BISC 325	Genetics	4
BISC 330L	Biochemistry	4
BISC 403	Advanced Molecular Biology	4
BISC 406L	Biotechnology	4
BISC 410	Applications of Molecular Biology to Medicine	4
BISC 411	Cell Biology	4
BISC 422L	Neurobiology Laboratory	4
BISC 423	Epilepsy to Ecstasy: Biological Basis of Neurological Disorders	4
BISC 424	Brain Architecture	4
BISC 426	Principles of Neural Development	4
BISC 462	Seminar in Neurobiology	2, max 4
BISC 480	Developmental Biology	4
BISC 490x	Direct Research	4
BME 402	Control and Communication in the Nervous System	3
CSCI 460	Introduction to Artificial Intelligence	3
GERO 414	Neurobiology of Aging	4
GERO 415	Neuroaffective Disorders of Aging	4
MATH 265	Mathematical and Computational Methods for Neuroscience	4
PSYC 301L	Cognitive Processes	4
PSYC 304L	Sensation and Perception	4
PSYC 305	Learning and Memory	4
PSYC 320	Principles of Psychobiology	4
PSYC 326	Behavioral Neuroscience	4
PSYC 339L	Origins of the Mind	4
PSYC 404L	Psychophysiology of Emotion	4
PSYC 420	Animal Behavior	4
PSYC 425	Functional Imaging of the Human Brain	4
PSYC 426	Motivated Behavior	4
PSYC 438	Behavioral Genetics	4
PSYC 450L	Neural Network Models of Social and Cognitive Processes	4

A graduate class from the following list can be substituted for an upper division elective with permission.

BME 575L	Computational Neuroengineering	3
CSCI 564	Brain Theory and Artificial Intelligence	3
NEUR 524*	Advanced Overview of Neuroscience	4

NEUR 531*	Molecular and Cellular Neurobiology	4
NEUR 532*	Systems and Behavioral Neurobiology	3
PSYC 506*	Learning and Cognition	4
PSYC 510*	Visual Cognition	4
PSYC 540*	Cognitive Neuroscience	4
PSYC 544*	Psychophysiology	4
PSYC 545*	Neuropsychology	4
PSYC 547*	Functional Neuroanatomy	4
PSYC 551*	Decision Neuroscience	4

\*With minimum GPA of 3.3 and permission of co-directors and instructor

### Bachelor of Science in Neuroscience

Co-directors: Sarah Bottjer, Ph.D., and Irving Biederman, Ph.D.

Undergraduate Advisers: Lauren Evashenk, [evashenk@dornsife.usc.edu](mailto:evashenk@dornsife.usc.edu) and Jessika Hulewsky, [jbonds@dornsife.usc.edu](mailto:jbonds@dornsife.usc.edu)

#### Grade Requirements

A grade of C- or higher is required to count toward major requirements.

CORE REQUIREMENTS (56 UNITS)		UNITS
BISC 220L	General Biology: Cell Biology and Physiology	4
BISC 421	Neurobiology	4
CHEM 105abL	General Chemistry	4-4
CHEM 322abL	Organic Chemistry	4-4
MATH 125	Calculus I	4
MATH 265	Mathematical and Computational Methods for Neuroscience	4
NEUR 408	Systems Neuroscience: From Synapses to Perception	4
PHYS 135abL	Physics for the Life Sciences	4-4
PSYC 100	Introduction to Psychology	4
PSYC 274*	Statistics I	4
PSYC 440	Introduction to Cognitive Neuroscience	4

\*An equivalent course may be substituted with permission.

(14 core + 5\* or 6\* elective: 76 units)

Five or six upper-division elective courses (minimum 20 units) from the following list are required. At least one course in the upper-division electives must carry a lab ("L") designation or be 490.

ELECTIVES (20 UNITS)		UNITS			
ANTH 306	Primate Social Behavior	4	PSYC 540*	Cognitive Neuroscience	4
BISC 307L	General Physiology	4	PSYC 544*	Psychophysiology	4
BISC 313	Evolution and Population Genetics	4	PSYC 545*	Neuropsychology	4
BISC 320L	Molecular Biology	4	PSYC 547*	Functional Neuroanatomy	4
BISC 325	Genetics	4	PSYC 551*	Decision Neuroscience	4
BISC 330L	Biochemistry	4			
BISC 403	Advanced Molecular Biology	4	*With minimum GPA of 3.3 and permission of co-directors and instructor		
BISC 406L	Biotechnology	4	<b>Honors Program in Neuroscience</b>		
BISC 410	Applications of Molecular Biology to Medicine	4	An honors program is available to outstanding students already pursuing a B.A. degree in Neuroscience. This program offers students an opportunity to participate in undergraduate research, experience in writing an honors thesis summarizing the completed research and experience in an honors seminar. Honors students must register for NEUR 490x Directed Research, or an equivalent course in another department. NEUR 490x can replace one of the courses from either of the two lists above. Honors students are also required to take one semester of NEUR 494x or an equivalent course in addition to fulfilling all the requirements for the B.A. degree. Approval from the program in neuroscience is required before credit will be given for either of these two research-related courses in another department. The student earning honors in neuroscience must have a minimum overall GPA of 3.5 at graduation. This program leads to the designation on the transcript of Bachelor of Arts in Neuroscience with Honors.		
BISC 411	Cell Biology	4	<b>Minor in Neuroscience</b>		
BISC 422L	Neurobiology Laboratory	4	<i>Co-coordinators:</i> Sarah Bottjer, Ph.D., and Irving Biederman, Ph.D.		
BISC 423	Epilepsy to Ecstasy: Biological Basis of Neurological Disorders	4	<i>Undergraduate Advisers:</i> Lauren Evashenk, evashenk@dornsife.usc.edu, and Jessika Hulewsky, jbond@s@dornsife.usc.edu		
BISC 424	Brain Architecture	4	<b>Grade Requirements</b>		
BISC 426	Principles of Neural Development	4	A grade of C- or higher is required to count toward minor requirements.		
BISC 462	Seminar in Neurobiology	2, max 4	<b>CORE REQUIREMENTS (20 UNITS)</b>		
BISC 480	Developmental Biology	4	PSYC 274*	Statistics I	4
BISC 490x	Directed Research	4	BISC 421**	Neurobiology	4
BME 402	Control and Communication in the Nervous System	3	NEUR 408**	Systems Neuroscience: From Synapses to Perception	4
CSCI 460	Introduction to Artificial Intelligence	3	PSYC 440***	Introduction to Cognitive Neuroscience	4
GERO 414	Neurobiology of Aging	4	Electives	A 300- or 400-level course from the elective list for majors	4
GERO 415	Neuroaffective Disorders of Aging	4	*An equivalent course may be substituted with permission		
PSYC 301L	Cognitive Processes	4	**Prerequisite: BISC 220 or BISC 221		
PSYC 304L	Sensation and Perception	4	***Prerequisite: PSYC 100		
PSYC 305	Learning and Memory	4	Recommended but not required: CHEM 103Lx (or CHEM 105La) plus MATH 125.		
PSYC 320	Principles of Psychobiology	4			
PSYC 326	Behavioral Neuroscience	4			
PSYC 339L	Origins of the Mind	4			
PSYC 404L	Psychophysiology of Emotion	4			
PSYC 420	Animal Behavior	4			
PSYC 425	Functional Imaging of the Human Brain	4			
PSYC 426	Motivated Behaviors	4			
PSYC 438	Behavioral Genetics	4			
PSYC 450L	Neural Network Models of Social and Cognitive Processes	4			
PSYC 490x	Directed Research	4			

A graduate class from the following list can be substituted for an upper-division elective with permission.

BME 575L*	Computational Neuroengineering	3
CSCI 564*	Brain Theory and Artificial Intelligence	3
NEUR 524*	Advanced Overview of Neuroscience	4
NEUR 531*	Molecular and Cellular Neurobiology	4
NEUR 532*	Systems and Behavioral Neurobiology	3
PSYC 506*	Learning and Cognition	4
PSYC 510*	Visual Cognition	4

Students who have not already taken the prerequisites will need to take a total of 28 units to satisfy the requirements of a minor in neuroscience. The range of units will vary from 20 to 28 depending on a student's background.

#### Master of Science in Neuroscience

*Coordinator:* Norberto Grzywacz, Ph.D.

Enrollment of graduate students as master's degree candidates is not encouraged and is reserved for special, terminal circumstances. To satisfy the requirements for the M.S. degree the student must take all the course work required of Ph.D. students for a minimum of 24 units. Completion of the degree requires the submission of a short, formal paper of original research that is approved by three members of the neuroscience graduate program faculty. Students must also satisfy residency and other requirements of the Graduate School.

#### Doctor of Philosophy in Neuroscience

*Coordinator:* Norberto Grzywacz, Ph.D.

Application deadline: December 15

Breadth of interests and training are major features of the graduate program in neuroscience. Wide and varied skills in many research areas characterize the faculty of the program. Close contact between faculty and students is considered of major importance in this highly interdisciplinary field.

Training is given in several areas of specialization: behavioral and systems neuroscience, cellular and molecular neurobiology, cognitive neuroscience, computational neuroscience, neuroengineering and neuroscience of aging and development.

Applicants should normally have defined an interest in one or two specializations. A final choice of the specialization will be made during the first year.

#### Admission Requirements

A baccalaureate degree in a field relevant to the student's graduate goals is required.

Appropriate fields would include neuroscience, biology, chemistry, computer science, linguistics, psychology and many areas of engineering. Undergraduate study should provide evidence of proficiency in mathematics, including statistics. Students planning to enter the specialization in computational and mathematical neuroscience should have taken course work in calculus and, where possible, linear algebra and computer programming. Applicants who are accepted with minor deficiencies are expected to correct these during the first year.

Applications require forms from both the university and the program. These may be obtained from: Coordinator, Graduate Program in Neuroscience, University of Southern California, Los Angeles, CA 90089-2520.

#### Degree Requirements

These degrees are awarded under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

#### Advisory Committee

The student will be advised during the first year by the Graduate Affairs Committee. As soon as the student has selected a specialization, an Advisory Committee of appropriate faculty will be appointed. This committee will be chaired by the thesis adviser, when chosen. The purpose of the Advisory Committee is to help the student in the selection of courses and research; to monitor the student's progress; to insure preparation for the qualifying examination; and to administer that examination.

#### Course Requirements

A minimum of 60 units is required, consisting of formal courses, seminars and research credits. At least 24 of the 60 units are to be formal graduate course work (lecture or seminar courses). During the first year the student is expected to complete the core courses in neuroscience (NEUR 524), one key course, NEUR 538 Neuroscience Ethics

and Professionalization, and two semesters of NEUR 539. Other courses in the area of specialization may also be taken in the first year and will be taken in subsequent years.

**Core Course:** NEUR 524 Advanced Overview of Neuroscience (4 units), will be taken by all students in the fall of their first year to provide an integrated multilevel view of neuroscience. To take the core course, students should have mastered the material currently taught in BISC 421. (Students will be expected to review a detailed syllabus and reading list for BISC 421 to identify their level of knowledge prior to their arrival at USC and will receive advice at Orientation on whether to take BISC 421 or read recommended material to remedy their deficiencies.)

**Key Courses:** All students will be required to complement their thesis-directed studies with a "breadth with depth" requirement by taking three key courses, one each from three of the four tracks listed below. Each key course will be for 3 or 4 units. (At least one of these courses will serve to advance thesis-related study as well.)

CELLULAR, MOLECULAR AND DEVELOPMENTAL NEUROSCIENCE TRACK		UNITS
NEUR 531	Molecular and Cellular Neurobiology	4
BISC 426	Principles of Neural Development	4
COGNITIVE NEUROSCIENCE TRACK		UNITS
PSYC 540	Cognitive Neuroscience	4

COMPUTATIONAL NEUROSCIENCE AND NEUROENGINEERING TRACK		UNITS
BME 575L	Computational Neuroengineering	3
NEUR 535	Brain Theory and Artificial Intelligence	3

SYSTEMS AND BEHAVIORAL NEUROSCIENCE TRACK		UNITS
NEUR 532	Systems and Behavioral Neurobiology	3

All students are required to take NEUR 538 Neuroscience Ethics and Professionalization (1 unit).

It is required that all neuroscience Ph.D. students demonstrate competence in statistics in fulfillment of their Ph.D. requirements.

#### Qualifying Examination

The qualifying examination concentrates on the student's ability to demonstrate a grasp of the major area of interest chosen and its relation to other areas of training offered in the program. The examination is partly written and partly oral and is designed to test the student's ability to meet the demands of the profession.

#### Dissertation

An acceptable dissertation based on completion of an original investigation is required. The candidate must defend an approved draft of the dissertation in an oral examination.

## Courses of Instruction

### NEUROSCIENCE (NEUR)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**NEUR 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**NEUR 408 Systems Neuroscience: From Synapses to Perception (4, Sp)** Sensory systems to illustrate basic concepts regarding the functional organization of the brain, from the microscopic arrangement of neural circuits to global processes such as perception. *Prerequisite:* BISC 220 or BISC 221.

**NEUR 426 Principles of Neural Development (4, Sp)** (Enroll in BISC 426)

**NEUR 490x Directed Research (2-4, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**NEUR 494x Honors Thesis (2, FaSp)** Not available for graduate credit. Programmatic approval.

**NEUR 524 Advanced Overview of Neuroscience (4, Fa)** Study of the nervous system at multiple levels through the analysis of four themes: motor control; emotion, motivation, and decision-making; memory and learning; and vision. Open only to graduate students. *Prerequisite:* BISC 421.

**NEUR 531 Molecular and Cellular Neurobiology (4, Fa)** Introduces fundamental principles of advanced molecular and cellular neurobiology including proteins and nucleic acids, cell biology of neurons and glia, synaptic transmission and neuronal signaling. Open only to graduate students.

**NEUR 532 Systems and Behavioral Neurobiology (3, Fa)** Systems and behavioral neurobiology: hierarchical mechanisms controlling behavior, experimental techniques; perceptual (visual, auditory, somatosensory) systems; sensorimotor systems; motivated behavior; learning, memory and adaptation. Open only to graduate students. *Prerequisite:* NEUR 524.

**NEUR 533 Cognitive Neuroscience (4, Sp)** (Enroll in PSYC 540)

**NEUR 534L Computational Neuroengineering (3)** (Enroll in BME 575L)

**NEUR 535 Brain Theory and Artificial Intelligence (3)** (Enroll in CSCI 564)

**NEUR 538 Neuroscience Ethics and Professionalization (1, Fa)** Exposes students to ethical issues in scientific research, especially for neuroscience; scientific integrity and professional roles for the academician and neuroscientist. Open only to graduate students.

**NEUR 539 Seminar in Neurobiology (1, max 4, FaSp)** (Duplicates credit in former BISC 539.)

**NEUR 541 Neurobiology of Disease (3, Sp)** Introduction to the fundamental aspects of common diseases affecting the brain including clinical features, animal models, genetics, neuropathology, synaptic function, and therapeutic targets. *Prerequisite:* NEUR 524.

**NEUR 542 Hearing and Communication Neuroscience (4, Sp)** (Enroll in BISC 521)

**NEUR 599 Special Topics (2-4, max 8)** Special topics providing background for instruction and research in neuroscience through lectures, discussions, assigned readings, and student presentations.

**NEUR 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC. Open only to neuroscience graduate students.

**NEUR 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC. Open only to neuroscience graduate students.

## Ocean Sciences

Zumberge Hall of Science 117  
(213) 740-6106  
FAX: (213) 740-8801  
Email: waite@usc.edu  
[oceansciences.usc.edu](http://oceansciences.usc.edu)

*Director:* Douglas E. Hammond, Ph.D.

*Participating Faculty:* See Biological Sciences, Earth Sciences and Engineering in this catalogue.

Applications for the Ocean Sciences program should be routed through the affiliated departments and a separate letter sent to the Ocean Sciences Director, Douglas E. Hammond, USC Earth Sciences, Los Angeles, CA 90089-0740.

### Degree Programs

The Graduate Program in Ocean Sciences (GPOS) provides interdisciplinary education and training to prepare professional ocean scientists for careers in academia, industry, and state and federal government.

Students develop the ability to identify and solve significant problems in ocean sciences by using their training in several disciplines. They develop the ability to formulate and test hypotheses and integrate information and concepts about how the earth-ocean system is structured and how it functions. Training also is provided to develop skills in oral and written communication of technical and scientific information. Both M.S. and Ph.D. degree programs are offered; both require preparation of a thesis (M.S.) or dissertation (Ph.D.).

### Admission Requirements

All rules and regulations described in the Graduate School section (page 97) of this catalogue and Graduate Admission (page 80) apply to students in the GPOS.

Official acceptance by the GPOS Admissions Committee is based on the recommendation of faculty from an affiliated department. Acceptance depends upon the applicant's letters of recommendation, research experience, intended area of research, personal interview (whenever possible), and the availability of a faculty member willing to advise and sponsor the applicant.

A B.S. or B.A. degree in an appropriate field of natural science, engineering or mathematics is required for admission.

It is expected that applicants to the GPOS will have attained a scholarship average of at least "B" (3.0 GPA on a 4.0 scale) preferably in the natural sciences or mathematics. Applicants must have taken the GRE aptitude test (verbal and quantitative). Successful applicants typically score in excess of 600 on both verbal and quantitative parts of the exam.

Applicants should contact the GPOS office by email or phone for an admission package. The GPOS admits students for both the fall and spring semesters; however, applicants for assistantships are encouraged to apply for the fall semester.

## Graduate Degrees

### Degree Requirements

Advanced degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section (page 97) of this catalogue for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Science in Ocean Sciences

The program does not accept applicants for a Master of Science degree in ocean sciences. The M.S. degree is intended only as a transitional degree in the process of completing requirements for the Ph.D. in ocean sciences.

#### *Research Tool Requirements*

None required.

#### *Course Requirements*

The M.S. degree in Ocean Sciences requires at least 24 units of course work, including two core courses (OS 512 and 582). Four thesis units (OS 594) are also required. At least 16 units of course work must be at the 500-level or higher; no more than six units can be directed research (OS 590); a maximum of four units with superior grades in approved course work may be transferred from an accredited graduate school. Students are required to maintain an overall GPA of 3.0 in all graduate work.

#### *Thesis*

Students should arrange for the appointment of a thesis adviser and committee after the first semester, or at the latest, after the first year of graduate work. The thesis committee should consist of the adviser plus two other faculty members, all of whom are generally selected from GPOS faculty. Once the committee is arranged, the student may make formal application to the Graduate School for the M.S. degree.

### Doctor of Philosophy in Ocean Sciences

#### *Research Tool Requirements*

To be determined by guidance committee.

#### *Course Requirements*

The Ph.D. degree in Ocean Sciences requires at least 27 units of formal course work (including seminars) of the 60 total units needed. Two core courses are required (OS 512, OS 582). No more than 15 units of 400-level course work may be applied. A maximum of 30 units may be transferred from an accredited graduate school.

Students are required to maintain an overall GPA of 3.0 in all graduate work.

Students may request permission to take the Ph.D. qualifying examination on completion of 24 units of course work, including two core courses in Ocean Sciences.

#### *Screening Procedure*

Students in the Ph.D. program must pass the screening procedure before their 25th unit of graduate credit. Screening consists of a review of the student's progress and is usually done by the GPOS Review Committee following a written recommendation by the student's adviser(s). Screening occurs at the end of each semester.

#### *Guidance Committee*

The doctoral guidance committee is formed after the student has passed the screening procedure. The committee is appointed by the department with the advice of the student's research adviser. The five-member committee consists of the adviser, a minimum of three other members from the GPOS faculty, and one additional tenure-track faculty member. The committee must include faculty members from more than one academic department. A tenure-track faculty member must serve as research adviser or co-adviser. The committee consults with the student, recommends an appropriate program of study and administers written and oral qualifying examinations.

#### *Qualifying Examination*

The student may request permission to take the Ph.D. qualifying examination upon completion of 24 units of course work, including two core courses in ocean sciences. The qualifying examination consists of a written and an oral part, both parts prepared, conducted and evaluated by the student's examination committee. The written examination will consist of a number of questions given on two consecutive days. Questions will be comprehensive in scope with respect to the student's chosen area of specialization and will be designed to test the student's conceptual, analytical and integrative ability and preparation.

The written part of the qualifying examination must be taken before the oral examination. The oral examination will be in the area of the student's intended research and will be based on a research project selected and developed by the student into a written proposition. The oral examination will be conducted and evaluated by the student's examination committee. The oral examination must be taken within one month of the written examination.

#### *Defense of the Dissertation*

After the student has passed the qualifying examination, the guidance committee recommends to the Graduate School that the student be admitted to candidacy for the Ph.D. degree. Following admission to candidacy the student must register for OS 794 Dissertation every semester, except summers, until the degree is awarded.

Once the qualifying examination is passed, the student is required, as soon as possible, to appoint a dissertation committee, using an appointment of committee form which can be found on the Graduate School Website ([www.usc.edu/schools/GraduateSchool/](http://www.usc.edu/schools/GraduateSchool/)). All or some of the guidance committee may be nominated. Until a dissertation committee is appointed, the guidance committee will have responsibility for the student's program of study. The student must undertake an original investigation of a problem in ocean sciences. The topic must be approved by the student's dissertation committee and will usually be based on the written proposition presented in the qualifying examination.

A dissertation based on the student's research must be approved by the student's dissertation committee. The student must then defend the dissertation. The process for submission of the dissertation to the Graduate School can be found on the Graduate School Website under "Current Students – Thesis and Dissertations." This process should be started approximately one month before the defense, and the student must allow adequate time after the defense for final copy preparation.

The dissertation must conform to the general regulations described in *Regulations for Format and Presentation of Theses and Dissertations*, also available from the Graduate School Website. Additional regulations and information on the organization and preparation of the dissertation are provided in *Directions for Preparation of Dissertations and Research Reports as Required by the Graduate Program in Ocean Sciences* [University of Southern California, available in the GPOS office.

### Interdisciplinary Programs

The Graduate Program in Ocean Sciences is designed to be interdisciplinary, reflecting the nature of the field that combines principles of physical, chemical, geological and biological oceanography to solve relevant problems in the ocean environment.

## Courses of Instruction

### OCEAN SCIENCES (OS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**OS 512 Introduction to Chemical and Physical Oceanography (3, 2 years, Fa)** Principles of physical, chemical, and geological oceanography including discussions of air-sea interaction, biogeochemical cycling and the role of the ocean in modulating climate and atmospheric composition; discussion section will cover formulation of basic calculations that illustrate these principles. *Prerequisite:* CHEM 105*bL*, MATH 126.

**OS 582 Advanced Biological Oceanography (4, Fa)** (Enroll in BISC 582)

**OS 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**OS 594abz Master's Thesis (2-2-0, FaSpSm)** Credit on acceptance of thesis. Graded IP/CR/NC.

**OS 599 Special Topics (2-4, max 8, Irregular)** Course contents each semester will be selected to reflect current trends and new developments in the field of Ocean Sciences.

**OS 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**OS 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Philosophy

Mudd Hall of Philosophy

### Faculty

*Distinguished Professor and Linda MacDonald Hilf Chair in Philosophy:* James Higginbotham, Ph.D.\*

*Distinguished Professor:* Scott Soames, Ph.D.\*

*Provost Professor of Philosophy and Law:* Gary Watson, Ph.D.

*Professor of Philosophy and Maurice Jones, Jr. - Class of 1925 Professor of Law:* Andrei Marmor, LL.B., Ph.D.

*Professors:* Robin Jeshion, Ph.D.; Gregory Keating, Ph.D. (*Law*); Frank Lewis, Ph.D.\*; Sharon Lloyd, Ph.D.\*; Edwin McCann, Ph.D.\*; Kevin W. Robb, Ph.D.\*; Mark Schroeder, Ph.D.\*; Gabriel Uzquiano Cruz, Ph.D.; James Van Cleve, Ph.D.; Ralph Wedgewood, Ph.D.; Dallas Willard, Ph.D.\*; George Wilson, Ph.D.; Gideon Yaffe, Ph.D.

*Associate Professors:* Zlatan Damjanovic, Ph.D.; John H. Dreher, Ph.D.; Stephen Finlay, Ph.D.; Janet Levin, Ph.D.; Kadri Vihvelin, Ph.D., LL.B.

*Assistant Professors:* Andrew Bacon, Ph.D.; Kenneth Easwaran, Ph.D.; Shieva Kleinschmidt, Ph.D.; Karen Lewis, Ph.D.; Jacob Ross, Ph.D.

*Emeritus University Professor and Emeritus Dean of the USC Dornsife College of Letters, Arts and Sciences:* S. Marshall Cohen, M.A.\*

\*Recipient of university-wide or college teaching award.

### Undergraduate Programs

The School of Philosophy offers courses in most areas of philosophy, including philosophy of mind, philosophy of language, epistemology, metaphysics, logic, philosophy of science, political philosophy, ethics, aesthetics, the history of philosophy, phenomenology and existentialism. The major in philosophy is designed to acquaint students with the fundamental problems of Western thought and introduce them to the concepts and

techniques necessary for independent philosophical thinking; it is equally intended to provide a broadening perspective for the various areas of specialization in the natural and social sciences and in literature and the arts. The school also offers minors in: ethics and moral philosophy; philosophy; philosophy for business, law, and the professions; and theories of art.

### Graduate Programs

The School of Philosophy offers a Master of Arts in Philosophy, a Master of Arts in Philosophy and Law, a joint degree with the USC Gould School of Law and a Doctor of Philosophy in Philosophy.

## Undergraduate Degrees

### Major Requirements for the Bachelor of Arts in Philosophy

The School of Philosophy offers three major options: the major in philosophy, the major in philosophy with honors, and the major in philosophy, politics and law.

The major in philosophy requires eight courses in philosophy; six of these must be at the upper-division level. One of the eight courses must be a gateway course – PHIL 300, PHIL 315, PHIL 320, PHIL 340, or PHIL 360 – which must be taken before taking any 400-level courses. Students are strongly encouraged to take a course in logic: PHIL 250ab, PHIL 350, PHIL 351 or PHIL 352.

Distribution requirement: Students must take at least one course from each of the three categories listed below.

History of Philosophy: PHIL 315, PHIL 320, PHIL 345, PHIL 410, PHIL 411, PHIL 415, PHIL 421, PHIL 422, PHIL 423, PHIL 424, PHIL 427, PHIL 434.

Ethics, Law and Value Theory: PHIL 330, PHIL 335, PHIL 337, PHIL 340, PHIL 345, PHIL 430, PHIL 437, PHIL 440, PHIL 442.

Systematic Philosophy: PHIL 350, PHIL 351, PHIL 352, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 463, PHIL 465, PHIL 470, PHIL 480, PHIL 485, PHIL 486.

During the senior year, students enrolled in one of the three majors' programs in philosophy can take a capstone seminar. Students who are enrolled in one of the minors in philosophy may enroll in a capstone seminar only with the permission of the instructor. Enrollment in these seminars will not exceed 15 students. Students may enroll in a capstone seminar only if they have satisfied the following requirements: taken a course in logic (PHIL 250ab, PHIL 350, PHIL 351, or PHIL 352), taken at least one 400-level course in philosophy and have a GPA in philosophy of 3.0 or above.

### Double Major

Double majors are encouraged but a student must work in close consultation with the undergraduate adviser.

### Bachelor of Arts with a Combined Major in Linguistics and Philosophy

See Linguistics, page 395.

### Bachelor of Arts in Philosophy, Politics and Law

This interdisciplinary major combines, in a systematic and structured way, basic education in philosophy, political theory and elements of law. An interdisciplinary approach to the combination of these three disciplines may be of particular interest to students contemplating post-graduate work in law; those interested in a career in public service or politics; and those attracted by the rigor of philosophy and its attention to foundational issues, who are also interested in politics and law.

Students are exposed to a wider range of conceptual and methodological approaches than they would in any single discipline, while learning enough philosophy and political science to leave a choice of options for graduate schools. The major requires nine classes, one of which must be a gateway course – PHIL 300, PHIL 315, PHIL 320, PHIL 340 or PHIL 360 – distributed as follows.

REQUIREMENTS	UNITS
One lower-division class from the following:	
PHIL 135 Legal Controversies and Ethical Principles	4
PHIL 140 Contemporary Moral and Social Issues	4
PHIL 141 The Professions and the Public Interest in American Life	4
PHIL 262 Mind and Self: Modern Conceptions	4
POSC 130 Law, Politics and Public Policy	4

Students who satisfy one of their general education requirements by taking a core, thematic options course of comparable scope and content, can, at the discretion of the director of the School of Philosophy and the philosophy undergraduate adviser for this major, substitute that course for one of the above.

One course in logic:	
PHIL 350 Symbolic Logic	4
PHIL 351 Reasoning and Logic	4
PHIL 352 Logic and Language	4

One course in philosophy of law:	
PHIL 430 Philosophy of Law	4
PHIL 431 Law, Society, and Politics	4

Two courses from Categories A, B and C below. The two courses must belong to different categories, and one of these courses must be a gateway course: PHIL 300, PHIL 315, PHIL 320, PHIL 340 or PHIL 360. *Students are required to take a gateway course before enrolling in any 400-level course in philosophy.*

A. Moral and political philosophy	
PHIL 335 Theoretical Models of Leadership	4
PHIL 337 History of Modern Political Philosophy	4
PHIL 340 Ethics	4
PHIL 437 Social and Political Philosophy	4
PHIL 440 Contemporary Ethical Theory	4
PHIL 442 History of Ethics to 1900	4
PHIL 443 Value Theory	4
B. History of philosophy:	
PHIL 300 Introduction to the Philosophical Classics	4
PHIL 315 History of Western Philosophy: Ancient Period	4
PHIL 317 History of Western Philosophy: Medieval Period	4
PHIL 320 History of Western Philosophy: Modern Period	4
PHIL 423 The Critical Philosophy of Kant	4
PHIL 426 20th Century European Philosophy	4
PHIL 427 20th Century Anglo-American Philosophy	4
PHIL 428 Anglo-American Philosophy since 1950	4
C. Systematic areas of philosophy:	
PHIL 360 Epistemology and Metaphysics	4
PHIL 462 Philosophy of Mind	4
PHIL 463 Theories of Action	4
PHIL 465 Philosophy of Language	4
PHIL 470 Theory of Knowledge	4
One course in constitutional politics:	
POSC 335 Political Parties, Campaigns, and Elections	4
POSC 340 Constitutional Law	4
POSC 426 The United States Supreme Court	4
POSC 444 Civil and Political Rights and Liberties	4
One course in comparative or international politics and law:	
ANTH 345 Politics, Social, Organization and Law	4
POSC 345 International Law	4
POSC 440 Comparative Law and the Judicial Process	4
POSC 448a The Politics of Peace: Human Rights	4
One course in politics, law, and public policy:	
POSC 347 Environmental Law	4
POSC 395 Directed Governmental and Political Leadership Internship	4
POSC 443 Law in Film	4

POSC 452	Critical Issues in Law and Public Policy	4
SWMS 349	Women and the Law	4

One course in law:

LAW 300	Concepts in American Law	4
---------	--------------------------	---

Note: Students in the major may enroll in a capstone seminar in philosophy if they have satisfied the general requirements: a GPA of 3.0 in major course work; a course in logic, and at least one 400-level course in philosophy, taken prior to the capstone seminar.

### Philosophy Honors Program

Students who are considering the possibility of continuing their education at a graduate level in philosophy or similar disciplines, or students who wish to undertake a more intensive course of studies in philosophy, which includes original independent research, are strongly encouraged to take the major with honors.

The major with honors requires completion of the requirements for the Bachelor of Arts, with the following additional requirements:

(a) Students must take a capstone seminar, having completed the prerequisites for taking it.

(b) In addition to the required courses for the major, students must take PHIL 494 Senior Thesis during the fall term of their senior year. The senior thesis will be graded by the student's adviser and another member of the School of Philosophy, following an oral defense. The senior thesis must be completed with a grade of B or higher.

(c) Students must have a GPA of 3.5 or higher in their philosophy courses.

Students who intend to complete the major with honors are encouraged to enroll in the program during their sophomore year (but no later than the end of the first term of their junior year), and should consult about their studies with the faculty adviser for the honors program on a continuous basis.

### Minor in Ethics and Moral Philosophy

The aim of the minor is to provide students headed for medicine, biology, psychology and other health care professions with a broad humanistic perspective not found in professional education and the critical tools to deal with the ethical issues that may arise in their professional lives.

Students are required to take five courses in philosophy, at least four of which must be upper-division. Students must take at least one lower-division or 300-level course before taking any 400-level courses.

Students must take at least two courses from category one below, and at least one course from category two:

1. Ethics, History of Ethics and Value Theory: PHIL 140, PHIL 141, PHIL 340, PHIL 361, PHIL 430, PHIL 431, PHIL 440, PHIL 442

2. Systematic Philosophy: PHIL 262, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 465, PHIL 470

### Minor in Philosophy

The minor in philosophy requires the completion of five philosophy courses, at least four of which are upper-division courses. All minors must take a gateway course — PHIL 315, PHIL 320, PHIL 340, or PHIL 360 — before enrolling in any 400-level course.

Distribution requirement: Students must take at least one course from each of the three categories listed below:

History of Philosophy: PHIL 315, PHIL 320, PHIL 345, PHIL 410, PHIL 411, PHIL 415, PHIL 421, PHIL 422, PHIL 423, PHIL 424, PHIL 427.

Ethics, Law and Value Theory: PHIL 330, PHIL 335, PHIL 337, PHIL 340, PHIL 345, PHIL 430, PHIL 437, PHIL 440, PHIL 442.

Systematic Topics: PHIL 350, PHIL 351, PHIL 352, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 463, PHIL 465, PHIL 470, PHIL 480, PHIL 485, PHIL 486.

### Minor in Theories of Art

Theorizing about the arts takes place in the discipline of philosophy (aesthetics) as well as in all the individual disciplines concerned with the individual arts. Some of the issues involved (is perspective a matter of convention?; how does acting differ in cinema and in theatre?) are specific to a particular discipline or disciplines, but their discussion typically involves very general issues (in the cases mentioned, issues about the nature of convention or of artistic media) and many of the issues manifest themselves in all these disciplines (the relation of intention to interpretation; the epistemological and moral status of the arts; the nature of evaluative judgments). The understanding of these issues can be greatly enhanced by studying them as they arise in different arts and in different theoretical traditions. The minor should be of interest to students with an interest in philosophy, or students in any of the arts who are interested in their theoretical dimensions.

There are no entrance requirements for the minor, which requires six courses (23 or 24 units, depending on course selection).

All students must take PHIL 242 Theories of Art (4 units) and select five courses from the following:

AHIS 250	Modernity and Difference: Critical Approaches to Modern Art	4
ARCH 314	Theory and Criticism: Recent Trends and Developments	3
COLT 391	Literary Criticism from Plato to Postmodernism	4
COLT 454	Aesthetic Philosophy and Theory	4
ENGL 479	History of Literary Criticism	4
ENGL 480	Modern Literary Criticism: Theory and Practice	4
PHIL 445	Philosophy of the Arts	4
PHIL 446	Aesthetics and the Film	4
THTR 404	Acting Theory	4

### Minor in Critical Approaches to Leadership

See Interdisciplinary Studies, page 375.

### Minor in Philosophy for Business, Law, and the Professions

The aim of the minor is to provide students headed for business, law or the professions a strong set of critical, analytic and expository skills, while providing them with a broad humanistic perspective not found in professional education.

Students are required to take five courses, at least four of which must be upper division. They must take one course from each of the following categories (1-4), and one additional course from either category 2 or 3. Students must take at least one lower-division or 300-level course before taking any 400-level courses.

1. Logic: PHIL 350, PHIL 351, PHIL 352

2. Law, Leadership, and the Professions: PHIL 141, PHIL 330, PHIL 335, PHIL 430, PHIL 431

3. Ethics, History of Ethics, and Value: PHIL 140, PHIL 340, PHIL 345, PHIL 361, PHIL 440, PHIL 442

4. Systematic Philosophy: PHIL 262, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 465, PHIL 470

## Graduate Degrees

The objective of the graduate program in philosophy is to equip suitably prepared and talented students to function effectively as teachers, thinkers and writers on philosophical topics in the Western tradition. The program provides for a wide range of studies within philosophy, but emphasizes the history of philosophy, both classical and modern, along with the traditional core disciplines: ethics, epistemology, metaphysics and logic.

Because philosophy is as much a special manner of intellectual activity as it is a special subject matter, the graduate student is expected not only to master major works in the historical and contemporary literature of philosophical thought, but also to develop the ability to engage in the ongoing process of philosophical research and dialogue.

### Admission Requirements

An applicant for admission normally has an undergraduate major in philosophy, but programs may be arranged for promising students who do not. At least three letters of recommendation from the student's undergraduate teachers should be sent to the chair of graduate admissions of the School of Philosophy. All applicants are required to take the verbal and quantitative General Tests of the Graduate Record Examinations.

### Degree Requirements

These degrees are awarded under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in Philosophy

The department does not accept applicants for a Master of Arts degree in philosophy. The M.A. degree is intended only as a transitional degree in the process of completing requirements for the Ph.D. in philosophy.

A student may obtain an M.A. in philosophy by fulfilling the following requirements: a minimum of 36 units in the USC philosophy school, at least 24 of which must be at the 500 level. Requirements include: PHIL 500, PHIL 503 and a 500-level course in each of the following three areas: metaphysics and epistemology, ethics and other value theory, and history of philosophy. Of the remaining four required (4-unit) courses, only four units of PHIL 590 are applicable to the degree. A publishable research paper is also required.

### Progressive Degree Program in Philosophy and Law

The progressive degree program permits exceptional undergraduate students with a major or minor in philosophy to receive both an undergraduate degree and the Master of Arts in Philosophy and Law within five years. A minimum GPA of 3.5, two letters of recommendation and outstanding performance in philosophy courses are required for admission to this program. For other requirements of the progressive degree program, see page 87.

### Master of Arts in Philosophy and Law

A total of 36 units are required for the degree, including at least 24 units in philosophy. Twelve of these must come from completing the specialization and breadth requirements. The former requires students to take a 4-unit, 500-level course in philosophy on a topic spanning philosophy and law. The latter requires students to take PHIL 500 or PHIL 503, plus another 4-unit, 500-level course in philosophy on a topic that does not span philosophy and law, including but not limited to topics in metaphysics, epistemology, philosophy of language, philosophy of science, ethics, aesthetics and history of philosophy. Students must also demonstrate a basic proficiency in symbolic logic, typically by passing, at a sufficiently high level, one of a specified range of 4-unit courses in logic offered by the School of Philosophy. The law requirement for this degree consists of two courses in the Gould School of Law. The first must be either LAW 503 Contracts or LAW 509 Torts I. The second must be either LAW 504 Criminal Law or LAW 508 Constitutional Law. Students who elect to take LAW 504 would normally also take 1 unit of PHIL 590 as an accompaniment. Degree candidates must also write a master's thesis on some subject in legal philosophy. At least one of the thesis advisers must have an appointment in the School of Philosophy.

### Juris Doctor/Master of Arts, Philosophy

Students must complete 24 units in the USC School of Philosophy and 69 units in the USC Gould School of Law.

*First Year:* Required law school curriculum.

*Second and Third Years:* The School of Philosophy prefers that students take at least one philosophy course each semester. During the four semesters, students must take at least 16 units at the 500-level, including PHIL 450 Intermediate Symbolic Logic or PHIL 510 Philosophical Logic and PHIL 500, and PHIL 503, one 400- or 500-level course in ethics or social/political philosophy or aesthetics or philosophy of law; one 400- or 500-level

course in metaphysics or epistemology or philosophy of language or philosophy of science or philosophy of mind; one 400- or 500-level course in the history of ancient or early modern philosophy; passage of the second year review that shall include a research paper based on a completed seminar paper and completion of a publishable research paper. Students must also complete 36 additional law units.

### Doctor of Philosophy in Philosophy

Application deadline: January 1

#### Course Requirements

The minimum number of course credits required for the Ph.D. is 60 units. No more than 8 of these units may be from 590 courses and no more than 8 of these units may be from 400-level courses in the School of Philosophy. PHIL 450 does not count toward this maximum of 8 units of 400-level courses in the School of Philosophy. No more than eight of these units may be earned in 794 Doctoral Dissertation. Each student must pass PHIL 450 or PHIL 510 with a grade of B or better and must pass both PHIL 500 and PHIL 503 with a grade of B+ or better. PHIL 450 or PHIL 510 and both PHIL 500 and PHIL 503 must be satisfactorily completed by the end of the second year.

The student may take up to two courses in a field of study related to philosophy. The Ph.D. dissertation may be written in any area of philosophy for which adequate supervision is available from within the university. Ph.D. students are also required to show evidence of practical or editorial training, or their equivalent.

#### Foreign Language/Research Tool Requirement

A foreign language examination, specified by the school, in French, German, Latin or classical Greek is required. The faculty may approve a replacement of the language requirement by a research tool requirement, consisting of an approved course or examination in a subject essential to the student's research program. The course or examination must be passed before the qualifying examination is attempted.

There are three levels of evaluation in the Ph.D. program prior to the dissertation:

#### Distribution Requirement

There is a distribution requirement of six courses at the 500 level in the School of Philosophy, one each from the following six areas: (1) epistemology (broadly construed, including philosophy of science), (2) metaphysics (broadly construed, including philosophy of mind and language), (3) ethics, (4) other value theory, (5) history of ancient

philosophy, and (6) history of modern philosophy. PHIL 500, PHIL 503 and PHIL 590 courses cannot count toward this requirement. The courses in the systematic area will be taught in the tradition of Anglo-American analytic philosophy. For courses straddling two areas (for example, history of ancient philosophy and metaphysics; history of modern philosophy and ethics), instructors will indicate on the syllabus which requirement the course will satisfy. Courses dealing with subject matter within more than one of the six areas listed may be used to satisfy any of the areas encompassed by the course although no single course may be used to satisfy two requirements at once. All distribution requirements must be completed by the end of the fifth semester.

#### *Screening Procedure*

Students in the Ph.D. program must pass a screening procedure before undertaking their 25th unit (seventh course) of graduate credit. This will be based on a review of the student's work to date, and will take into account not only information acquired but also those intellectual qualities and capacities that are essential for good work in philosophy: the capacity to think and write on philosophical issues with clarity, consistency and thoroughness; the ability to understand in detail what is involved in the meaning and justification of philosophical claims or positions; the ability to recognize and to draw out fine conceptual distinctions and to perceive their logical relationships; and strong intellectual curiosity and independence of thought.

#### *Student Reviews*

Graduate student progress is reviewed on a regular basis each term. In addition, apart from the screening procedure, there are more formal reviews conducted at the end of the 4th and 6th semesters of study, as described below.

In the fourth semester of study, normally the spring of the second year, each student shall submit two papers, approximately 8,000 words each, in different fields of philosophy (ordinarily two substantially revised papers previously submitted in seminars).

The choice of papers should be made in consultation with the Graduate Adviser. The second year evaluation will be made on the basis of faculty review of the submitted papers and consideration of the student's total record.

For the review following the sixth semester of study, students are to select one from a list of pre-designated areas in philosophy and master the material on a pre-assigned reading list of important works in that area. At the beginning of the sixth semester, each student will take a written examination, designed by the faculty of the School of Philosophy, on the materials covered in the relevant reading list followed by an oral examination exploring their knowledge of the field. This examination must be passed by the end of the sixth semester. The examining committee for each student will consist of faculty conversant with the field and appointed by the school.

#### *Qualifying Examination*

This examination consists of a written prospectus of the proposed dissertation and an in-depth oral examination on the form and subject matter of the proposed dissertation. All faculty members may inspect the prospectus and be present at the oral, but evaluation of the qualifying examination is the responsibility of the student's guidance committee. The examination is not passed if two or more members of the guidance committee find it unsatisfactory.

The qualifying examination is not offered in the summer. Those who intend to take this examination must meet all the conditions specified in the section on general requirements for the Ph.D. Students are expected to pass the qualifying exam by the end of the seventh semester. Students who have not passed the qualifying exam by the end of the seventh semester will be subject to faculty review, and may not be allowed to continue in the program.

#### *Doctoral Dissertation*

When the student passes the qualifying examination, a dissertation committee (see Graduate Advisement), replacing the guidance committee, is appointed by the director of the school in consultation with the student and

the philosophy faculty. Normally, the guidance committee simply becomes the dissertation committee. This committee and the candidate will then agree upon how the dissertation is to be developed and written. The dissertation must be an original contribution to some well-defined area in philosophy, and must give evidence of the student's ability to do respectable, large-scale research, thinking, and writing in the field. The school requires the defense oral when the research and writing of the dissertation is substantially complete. Attendance at this oral examination is open to all members of the university faculty, but the examination is conducted and evaluated by the candidate's dissertation committee. The faculty normally works with the dissertations only in the fall and spring semesters, and the student should plan accordingly.

#### **Graduate Advisement**

In addition to the departmental graduate adviser, who has the formal role in graduate advising, each student will be matched with a personal adviser, who will share responsibility with the graduate adviser for monitoring a student's progress semester by semester. The graduate adviser is available to counsel any graduate student on all aspects of the graduate program. A student's personal adviser will consult informally with the student semester by semester on how to interpret his or her grades and especially the written reports provided by the instructor for each course in which the student is enrolled, discuss informally the student's selection of courses each semester, and generally keep track of the student's progress in the program. At the appropriate time, the student will consult his or her adviser concerning the appointment of a faculty committee for guidance and supervision. An official guidance committee will be appointed at the time the student passes the screening examination; for the rules governing its establishment and makeup, see General Requirements for the Doctor of Philosophy degree in the Graduate School section. The guidance committee will meet with the student soon after its appointment, and at least once each academic year thereafter.

## Courses of Instruction

### **PHILOSOPHY (PHIL)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**PHIL 101g Philosophical Foundations of Modern Western Culture (4)** The influence on modern Western culture of philosophical thought about reality, knowledge and morality as developed by such philosophers as Descartes, Leibniz and Kant.

**PHIL 115g Ancient Greek Culture and Society (4)** Focus on the literary achievement from the beginning of Greek literature to the fourth century with a special emphasis on the philosophers.

**PHIL 135g Legal Controversies and Ethical Principles (4)** Philosophical theories of law and applications to controversies of importance to society and our legal system, such as free speech, civil disobedience, and self-defense. *Concurrent enrollment:* WRIT 140.

**PHIL 137gm Social Ethics for Earthlings and Others (4, FaSp)** A systematic study of contemporary issues in social and political philosophy engaging multimedia works of science fiction to illuminate classic Western moral and political theories.

**PHIL 140g Contemporary Moral and Social Issues (4, FaSpSm)** Critical study of controversial social issues such as abortion, euthanasia, the death penalty, war and terrorism, pornography, and economic justice. *Concurrent enrollment:* WRIT 140.

**PHIL 141g The Professions and the Public Interest in American Life (4)** The study of the nature and role of professionals in life and society, forces that shape and direct them, foundations and applications of professional ethics. *Concurrent enrollment:* WRIT 140.

**PHIL 155g Modern Philosophy and the Meaning of Life (4)** Modern philosophical treatments of the problem of the meaning or purpose of human life; special attention to Existentialism.

**PHIL 220g Science, Religion and the Making of the Modern Mind (4)** Philosophical and religious implications of the scientific revolution of the 17th century and the Darwinian revolution in the 19th century.

**PHIL 225g Love and its Representations in Western Literature, Philosophy, and Film (4, FaSp)** Key works that have shaped the European and American cultural inheritance, with a special focus on the nature of love (and marriage or domesticity). *Concurrent enrollment:* MDA 140.

**PHIL 242 Theories of Art (4)** An introduction to general theories of art and to issues concerning particular arts such as literature and drama, photography and film, painting, architecture and music.

**PHIL 250ab Elementary Formal Logic (2-2, FaSp)** Critical reasoning skills and their many everyday applications; theory of logically correct reasoning and its associated formal techniques.

**PHIL 262g Mind and Self: Modern Conceptions (4)** Philosophical problems about the nature of mind associated with the rise of modern science; topics include the mind/body relation, personal identity, rationality and freedom.

**PHIL 285Lg Knowledge, Explanation, and the Cosmos (4, FaSpSm)** The nature and limits of knowledge and explanation, and challenges in understanding the origin of the universe and the place of intelligent life within it.

**PHIL 286Lg Issues in Space and Time (4)** Examining the nature of space and time, how they relate, and how material objects relate to them. Some included topics: substantivalism, temporal directionality, persistence, hyperspace.

**PHIL 300 Introduction to the Philosophical Classics (4)** An examination of philosophical works which have had a profound impact on the nature of Western thought.

**PHIL 315 History of Western Philosophy: Ancient Period (4)** Major figures in the history of Western philosophical thought from the pre-Socratics to the Hellenistic period; emphasis on Plato and Aristotle.

**PHIL 317 History of Western Philosophy: Medieval Period (4)** Central themes in Jewish, Christian and Islamic philosophy from late antiquity through the scholastic period.

**PHIL 320 History of Western Philosophy: Modern Period (4)** The development of philosophy from the 16th to the 19th centuries; emphasis on Continental Rationalism, British Empiricism, and the philosophy of Kant.

**PHIL 330 Theories of Law (4)** Examination of some of the major classical and contemporary theories of the nature and functions of law and of its relation to morality.

**PHIL 335 Theoretical Models of Leadership (4, FaSp)** Political philosophers and social theorists on leadership: political obligation; the art of government; leadership in civil society and counter-cultural dissent; models of cosmopolitan leadership.

**PHIL 337 History of Modern Political Philosophy (4)** Analysis of some of the main political philosophies of the modern era; emphasis on the ethical and metaphysical foundations of political philosophy.

**PHIL 338 Political Economy and Social Issues (4, Sp)** (Enroll in ECON 338)

**PHIL 340 Ethics (4, FaSpSm)** Study of major philosophical theories of moral right and wrong, such as utilitarianism, Kantianism, egoism, virtue ethics, and theological ethics.

**PHIL 345 Greek Ethics (4)** Examination of the progress of the ethical thought and legal and political institutions of ancient Greece with an emphasis on the Nichomachean Ethics of Aristotle.

**PHIL 347 Philosophy in Literature (4)** Philosophical content in representative European and American literature; philosophical problems about literature such as the nature of truth and meaning in fiction.

**PHIL 350 Symbolic Logic (4)** Introduction to basic techniques of propositional and quantificational logic, and elements of probability. Especially useful to philosophy, mathematics, science, and engineering majors.

**PHIL 351 Reasoning and Logic (4)** Study of reasoning as a strategy for arriving at knowledge in dependence upon logical theory. Logical theories are developed alongside historically influential strategies of reasoning. Not open to freshmen.

**PHIL 352 Logic and Language (4)** Introduction to modern symbolic logic, with applications to the philosophy of language, plus meta-logical and philosophical results about its scope and limits.

**PHIL 355 Existentialism (4)** A critical survey of major 19th and 20th century existentialist writers, including Kierkegaard, Dostoevsky, Tolstoy, Kafka, Nietzsche, Camus, and Sartre.

**PHIL 360 Epistemology and Metaphysics (4)** Examination of problems in metaphysics and/or epistemology. Conducted at the intermediate level.

**PHIL 361 Philosophy of Religion (4)** The existence of God; mysticism, miracles and the possibility of disembodied existence; the problem of evil; religion and morality; the meaning of religious language.

**PHIL 363 Philosophy of Perception (4)** Philosophical investigation of sense perception as it relates to issues in epistemology, metaphysics, the philosophy of mind, and the philosophy of science.

**PHIL 385 Science and Rationality (4)** Examination of the rationality of the scientific enterprise, and of the relation between science and human values.

**PHIL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PHIL 410 Early Greek Thought (4)** A study of the Greek thinkers from Homer to the age of Socrates; emphasis on the pre-Socratic philosophers.

**PHIL 411 Plato (4)** Detailed study of the evolution of Plato's thought as revealed in selected dialogues.

**PHIL 415 Aristotle (4)** Intensive study of selected topics taken from Aristotle's writings in natural philosophy, in metaphysics, and in other areas of philosophy.

**PHIL 421 Continental Rationalism (4)** Development of philosophy on the continent from the 17th to the 19th centuries; emphasis on the philosophical works of Descartes, Leibniz, and Spinoza.

**PHIL 422 British Empiricism (4)** Development of philosophy in Great Britain from the 17th to the 19th centuries; emphasis on Locke, Berkeley, and Hume.

**PHIL 423 The Critical Philosophy of Kant (4)** Intensive study of the philosophical works of Kant.

**PHIL 424 19th Century Philosophy (4)** Leading figures and movements in 19th century philosophy; works of such philosophers as Hegel, Schopenhauer, Mill, Nietzsche, and Bradley.

**PHIL 425 American Philosophy (4)** Leading figures and movements in American philosophy; works of such philosophers as Jonathan Edwards, Charles Peirce, William James, John Dewey, and C.I. Lewis.

**PHIL 426 20th Century European Philosophy (4)** Main philosophers and movements from 1900, including the major developments within phenomenology and existentialism, the emergence of structuralism and hermeneutics.

**PHIL 427 20th Century Anglo-American Philosophy (4)** The nature and function of analysis as a philosophical method; the development of major metaphysical, epistemological, and ethical views; Russell, Wittgenstein, Carnap, Quine and others.

**PHIL 428 Anglo-American Philosophy Since 1950 (4)** The maturing of the analytic tradition from the later Wittgenstein through Ryle, Strawson, Hare, Austin, Grice, Quine, Davidson, Kripke, and beyond.

**PHIL 430 Philosophy of Law (4)** Philosophical theories about the nature of law, relations between law and morality, and analysis of normative concepts central to law, such as responsibility, punishment, negligence.

**PHIL 431 Law, Society, and Politics (4, Fa)** A systematic presentation of the main philosophical perspectives on the interactions between law and the social-political aspects of our lives.

**PHIL 437 Social and Political Philosophy (4)** The nature of man and society, the nature and justification of state and government, political rights and political obligation, justice and equality.

**PHIL 440 Contemporary Ethical Theory (4)** Ethical theories in the 20th century; contemporary theories of value and obligation; meta-ethical theories; intuitionism, naturalism, and non-cognitivism; concepts of justice, human rights, and freedom.

**PHIL 442 History of Ethics to 1900 (4)** An historical and critical study of the great moral philosophers, including Plato, Aristotle, Aquinas, Kant, and the British moralists.

**PHIL 443 Value Theory (4)** The evaluation of individual and social ends; consideration of such topics as values and rational choice, the good of a person, hedonism, welfare, ideals, and utopias.

**PHIL 445 Philosophy of the Arts (4)** Principal theories of the nature of, and response to, art; examination of form and content in various arts; consideration of the role of criticism.

**PHIL 446 Aesthetics and the Film (4)** Problems in the philosophy of art raised by film, such as the notion of "cinematic"; the nature of interpretation of films; criteria for evaluating films.

**PHIL 450 Intermediate Symbolic Logic (4)** Systematic study of the metatheory of quantificational logic, with applications to questions of decidability and completeness of formal systems including Gödel's Incompleteness Theorems.

**PHIL 455 Phenomenology and Existentialism (4, Irregular)** Close study of major writings of Husserl, Heidegger, and Sartre.

**PHIL 460 Metaphysics (4)** Systematic introduction to basic concepts, including identity, difference, existence, individuals, substance, quality, and relation; emphasis on idealism, materialism, and the ontology of intentionality.

**PHIL 462 Philosophy of Mind (4)** Examination of contemporary theories of mind and its place in the natural world.

**PHIL 463 Theories of Action (4)** Systematic investigation of action, the mental states involved in action, the reasoning processes that lead to action, and related concepts including intentionality and free will.

**PHIL 465 Philosophy of Language (4)** The nature of communication, meaning, reference, truth, necessity, speech acts, convention, and language.

**PHIL 470 Theory of Knowledge (4)** Examination of contemporary accounts of the nature, scope, sources — and value — of human knowledge and justified belief.

**PHIL 471 Metaphysics and Epistemology (4)** Classic issues in epistemology and the philosophy of language, leading up to the application of context-sensitivity in language to the problem of skepticism. Open only to philosophy majors. *Prerequisite:* PHIL 250b or PHIL 350 or PHIL 351 or PHIL 352; *recommended preparation:* at least one 400-level PHIL course.

**PHIL 472 Moral Philosophy (4)** In-depth study of some important work from the last few decades concerning the nature and status of moral reasons, moral obligations, and moral discourse. Open only to philosophy majors. *Prerequisite:* PHIL 250b or PHIL 350 or PHIL 351 or PHIL 352; *recommended preparation:* at least one 400-level PHIL class.

**PHIL 473 Wittgenstein (4)** A detailed study of the philosophical works of Ludwig Wittgenstein.

**PHIL 480 Philosophy of Mathematics (4)** The nature of mathematical truth and the nature of mathematical entities.

**PHIL 485 Development of Physical Science (4)** Concepts central in the advance of physical science such as the concepts of space, time, mass, force; philosophical problems concerning quantum mechanics.

**PHIL 486 Methodologies of the Sciences (4)** Comparison of the methodologies of the natural, social, and/or behavioral sciences; consideration of such topics as the concept of scientific law, prediction, explanation, confirmation.

**PHIL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**PHIL 494 Senior Thesis (4)** Independent studies for philosophy majors, and guidance in the preparation of the senior thesis for students who wish to graduate with honors in philosophy. Not open to graduate students.

**PHIL 499 Special Topics (2-4, max 8)** Selected topics in various specialty areas within philosophy.

**PHIL 500 Introduction to Contemporary Philosophical Literature (4, Fa)** Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized.

**PHIL 501 Seminar in Recent Philosophy (4, max 16, Sp)** Contemporary philosophical issues and literature.

**PHIL 503 Introduction to Contemporary Philosophical Literature on Value (4, Sp)** Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized.

**PHIL 505 Pro-Seminar in Central Topics in Contemporary Philosophy (4, Irregular)** Key developments in central areas of philosophy are used to provide training in philosophical analysis, criticism, and the writing of precise philosophical prose.

**PHIL 510 Philosophical Logic (4, Sp)** Applications of logical theory to contemporary philosophical research. Elements of model theory, recursion theory; Goedel's Incompleteness results; modal logic and its interpretations. *Recommended preparation:* PHIL 350.

**PHIL 515 Studies in Ancient and Medieval Philosophy (4, max 16)** Problems in research in selected portions of ancient and medieval philosophy.

**PHIL 520 Studies in Modern Philosophy (4, max 16)** Problems in research in selected portions of modern philosophy.

**PHIL 525 Seminar in Phenomenology (4)** The origin, principles, and development of the phenomenological movement from Brentano to Merleau-Ponty.

**PHIL 530 Seminar in Philosophy of Law (4)** Theories of the nature of law; emphasis on recent writing; legal concepts such as rights, powers, liability, legal responsibility, law, and morality.

**PHIL 537 Seminar in Social and Political Philosophy (4, max 16)** Advanced literature on selected topics in social and political philosophy, including the nature of law, man, and society; ideals such as justice and freedom.

**PHIL 540 Seminar in Ethics (4, max 16)** Advanced topics and literature in ethical theory.

**PHIL 545 Seminar in Aesthetics (4)** Advanced topics in the philosophy of the arts. Contemporary views on such problems as the nature of art and the role of criticism.

**PHIL 550 Advanced Topics in Formal Logic (4)** Consistency and completeness of the predicate calculus; truth and validity; rudiments of model logic. *Prerequisite:* PHIL 450.

**PHIL 551 Seminar in the Philosophy of Logic (4)** Advanced topics in logic and/or philosophy of logic.

**PHIL 560 Seminar in Metaphysics (4, max 16, Fa)** Advanced topics in metaphysics.

**PHIL 565 Philosophy of Language (4, max 12, FaSp)** Philosophical issues in the empirical study of language concerning the relationship between linguistic meaning and the use of sentences to assert and convey information.

**PHIL 570 Seminar in Epistemology (4, max 16)** Advanced topics in epistemology.

**PHIL 585 Seminar in Philosophy of Science (4, max 16)** Advanced topics in the philosophy of science.

**PHIL 589 Writing for Publication in Philosophy (4, max 8, Sp)** Intensive writing seminar in which students read cutting-edge philosophy and take supervised steps towards crafting critical essays for publication. *Prerequisite:* PHIL 500, PHIL 505.

**PHIL 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHIL 593x Teaching Philosophy (2, Fa)** Basic principles of philosophical pedagogy, with emphasis on practical applications and the importance of career-long skill development. Required for first-semester teaching assistants in philosophy. Not available for major credit. Open only to philosophy doctoral students. Graded CR/NC.

**PHIL 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**PHIL 599 Special Topics (2-4, max 8)** Major trends of current thought; specific topics to be announced.

**PHIL 636 Seminar in Semantics (3, max 12)** (Enroll in LING 636)

**PHIL 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHIL 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Physical Education

Physical Education Building 108  
(213) 740-2488  
Fax: (213) 821-1058  
Email: [phed@dornsife.usc.edu](mailto:phed@dornsife.usc.edu)  
[dornsife.usc.edu/pbed](mailto:dornsife.usc.edu/pbed)

*Director:* Steve VanKanegan, M.S.

*Administrative Coordinator:* Amber Harris, M.P.W.

### Faculty

*Master Lecturer:* Steve VanKanegan, M.S.

*Senior Lecturers:* Timothy L. Burton, M.Ed.; Danielle Roman, M.S.

*Lecturers:* Steve Hsu, M.S.; John Jessee, M.S.; Jennifer Rooney, M.S.

The physical education program provides a variety of offerings in fitness and activities

classes designed to promote health and general fitness based upon individual goals and needs. Fitness classes focus primarily on development of muscle strength, muscle endurance, cardiorespiratory endurance, flexibility, general wellness principles and nutritional guidelines. Activities classes stress fundamental techniques, tactics, rules, etiquette and the importance of leisure time activities to physical, mental and social well-being.

**General Requirements**

No more than four units of physical education activity courses may be applied to a student's overall unit requirement, toward his or her USC degree.

Registration in courses PHED 102ab-160 is contingent upon assessment of students' knowledge and competence in performance

## Courses of Instruction

**PHYSICAL EDUCATION (PHED)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**PHED 102ab Weight Training (1-1, FaSp)**

*a:* Improvement of body shape, muscle endurance, and muscle strength; understanding of weight training and nutrition principles that can be utilized for future weight training development. *b:* Training techniques and application of advanced weight training principles through weekly workouts; personal trainer certification exam preparation.

**PHED 104ab Self-Defense (1-1, FaSp)**

*a:* Basic instruction of self-defense for beginners; strategies for standing and ground fighting situations with and without weapons. *b:* Intermediate instruction involving more advanced fighting strategies and techniques.

**PHED 106ab Physical Conditioning (1-1, FaSp)**

*a:* Improvement in cardiorespiratory endurance, body composition, muscle endurance and flexibility; running, circuit training, resistance exercises; fitness principles and nutrition to develop individualized program. *b:* Advanced training methods focusing on continuing gains in fitness level.

**PHED 108 High Stress Physical Conditioning (1)**

Rigorous physical conditioning with emphasis on distance running and development of cardiovascular and upper body strength. A challenging regimen to enhance stamina and endurance. *Prerequisite:* PHED 106*b* or permission of instructor.

**PHED 110ab Swimming (1-1, FaSp)**

*a:* Instruction and practice in basic strokes for beginners and intermediate swimmers; elementary springboard diving; water safety techniques; endurance training as a fitness program. *b:* Advanced instruction and practice of strokes; advanced endurance training.

during the first two class meetings. Students who wear glasses while participating in vigorous activities must secure departmental approval of provisions made for eye protection in courses PHED 140. Course PHED 165 is reserved for students who are reporting for regular freshman or varsity athletic squads.

**PHED 114 Lifesaving (1)** American Red Cross Senior Lifesaving. *Prerequisite:* PHED 110*ab* or ability to pass Skills Test II.

**PHED 115 Surfing (1, FaSp)** Fundamental instruction of surfing skills; water safety and etiquette; wave recognition and forecast interpretation; surf culture; board selection; surf related strengthening and stretching.

**PHED 120ab Yoga (1-1, FaSp)** *a:* Introduction to meditation, breathing techniques and postures as a means towards relaxation; increase muscle flexibility; understanding of basic anatomy and nutritional guidelines. (Duplicates credit in former PHED 120.) *b:* A continuing study of intermediate and advanced yoga postures, breathing techniques and meditation as a means toward relaxation and stress-reduction.

**PHED 124 Walking for Fitness (1, FaSp)**

Develop a strong fitness foundation through walking; fitness assessment and individualized programs; gait biomechanics and power walking; injury prevention; strategies for special populations.

**PHED 129ab Aerobics (1-1, FaSp)** *a:* Aerobic exercise focusing on cardiorespiratory endurance encompassing a variety of training methods such as high/low impact aerobics, body sculpting, circuit training and nutritional guidelines. *b:* Group exercise teaching techniques and application of fitness principles through weekly workouts; group fitness certification exam preparation.

**PHED 131 Step Aerobics (1, FaSp)** Development of physical fitness components through step aerobics; total body workout utilizing step movements and body sculpting exercises.

**PHED 133 Rock Climbing (1, FaSp)** Acquisition of basic rock climbing skills, muscle strength, endurance and balance, climbing safety, ethics and environmental considerations; understanding equipment, problem solving.

To obtain a prerequisite waiver to take a *b* class before having taken the *a* section, the instructor's approval and signature are needed. Students should be aware that in the future they cannot take the prerequisite course in the activity for credit after having it waived.

**PHED 139ab Volleyball (1-1, FaSp)** *a:* Introduction to beginning and intermediate volleyball skills, rules, game tactics, and strategies. Emphasis on the development of: passing, setting, hitting, serving, blocking, and digging. *b:* Advanced techniques; focus on offenses and defenses used in game situations.

**PHED 140abc Tennis (1-1-1, FaSp)** *a:* Fundamental instruction of basic strokes for beginners and intermediate players; rules, scoring, court etiquette, strategies; singles and doubles; practice and match play. *b:* Reinforcement of basic strokes and instruction of advanced strokes; advanced strategies; singles and doubles; practice and match play. *c:* Development of strokes and strategies for advanced tournament players; drills and matches.

**PHED 143ab Racquetball (1-1, FaSp)**

*a:* Instruction of basic stroke technique for beginners and intermediate players; rules, scoring, game tactics; practice of strokes and competition. *b:* Development of advanced skills and strategies; singles and doubles practice and competition.

**PHED 150 Table Tennis (1, FaSp)** Fundamental instruction of basic strokes for beginning and intermediate players; rules, scoring strategies; singles and doubles; practices and match play.

**PHED 154ab Soccer (1-1, FaSp)** *a:* Development of basic skills for beginners, intermediate and advanced players; rules, positioning elements of play, small group and team tactics; full field scrimmages. *b:* Advanced development of skills, positioning, tactics and conditioning.

**PHED 155 Golf (1, FaSp)** Basic skills development and knowledge in stance, grip and swing mechanics; course strategy; use of woods, irons and putting; history rules and etiquette.

**PHED 156ab Basketball (1-1, FaSp)** *a*: Basic skill development in dribbling, passing, shooting, rebounding and defense; rules, history, and etiquette; drills and full court games. *b*: Development of advanced skills; team strategy; offenses and zone defenses; drills and full court games.

**PHED 160 Stress Management for Healthy Living (2, FaSp)** Instruction on the effects of stress as it relates to work, sport and academics; coping strategies are discussed and applied through physical conditioning interventions.

**PHED 161 First Aid (1)** First Aid safety education and infant, child, and adult CPR; demonstrated proficiency and successful completion of exam prepares students for Red Cross certification. (Duplicates credit in former PHED 171.)

**PHED 165 Varsity Athletics (1, max 4)** Participation in the university's inter-collegiate programs as sanctioned and governed by the PAC-10 Conference and/or the NCAA. Graded CR/NC.

*Chair*: Hans Bozler, Ph.D.

### Faculty

*University Professor and Professor of Physics and Education*: Lloyd Armstrong, Jr.

*Presidential Professor of Physics and Medicine*: Murray Gell-Mann, Ph.D.

*Professors*: Itzhak Bars, Ph.D.; Gerd Bergmann, Ph.D.; N. Eugene Bickers, Ph.D.\*; Hans M. Bozler, Ph.D.; P. Daniel Dapkus, Ph.D. (*Electrical Engineering*); Werner Däppen, Ph.D.\*; Jack Feinberg, Ph.D.\*; Murray Gell-Mann, Ph.D.; Christopher M. Gould, Ph.D.\*; Martin A. Gundersen, Ph.D. (*Electrical Engineering*); Stephan Haas, Ph.D.\*; Robert W. Hellwarth, Ph.D. (*Electrical Engineering*); Clifford Johnson, Ph.D.\*; Darrell L. Judge, Ph.D.; Rajiv Kalia, Ph.D.; Vitaly Kresin, Ph.D.; Joseph Kunc, Ph.D. (*Aerospace*

*Engineering*); Anthony J. Levi, Ph.D. (*Electrical Engineering*); Daniel Lidar, Ph.D. (*Chemical Engineering*); Anupam Madhukar, Ph.D. (*Materials Science*); Aiichiro Nakano, Ph.D. (*Computer Science*); Dennis Nemeschansky, Ph.D.; Elena Pierpaoli, Ph.D.; Krzysztof Pilch, Ph.D.; Edward J. Rhodes, Jr., Ph.D.\*; Hubert Saleur, Ph.D.; Robin Shakeshaft, Ph.D.; Armand Tanguay, Ph.D. (*Electrical Engineering*); Priya Vashishta, Ph.D. (*Materials Science*); Andrey Vilesov, Ph.D. (*Chemistry*); William G. Wagner, Ph.D.; Nicholas P. Warner, Ph.D.\*; Paolo Zanardi, Ph.D.

*Associate Professors*: Todd A. Brun, Ph.D. (*Electrical Engineering*); Jia Grace Lu, Ph.D.; Richard S. Thompson, Ph.D.

*Assistant Professors*: Mohamed El-Naggar, Ph.D.; Christoph A. Haselwandter, Ph.D.; Michelle Povinelli, Ph.D. (*Electrical Engineering*); Susumu Takahashi, Ph.D. (*Chemistry*)

*Professors (Research)*: Leonid Didkovsky, Ph.D.; Geraldine J. Peters, Ph.D.; Chung-Yung (Robert) Wu, Ph.D.

*Assistant Professors (Research)*: Lorenzo Campos Venuti, Ph.D.; Loris Colombo, Ph.D.; Siyuan Lu, Ph.D.; Ken-ichi Nomura, Ph.D.

*Emeritus Professors*: Robert K. Cole, Ph.D.; Melvin A. Daybell, Ph.D.; Harriet H. Forster, Ph.D.

\*Recipient of university-wide or college teaching award.

### Degree Programs

The Department of Physics and Astronomy offers the Bachelor of Science in Physics, Bachelor of Science in Astronomy, Bachelor of Science in Physics/Computer Science, Bachelor of Arts in Physics, Bachelor of Arts in Astronomy, Bachelor of Science in Biophysics, Bachelor of Science in Physical Sciences, a minor in physics or astronomy, Master of Science in Physics, Master of Science in Physics for Business Applications, Master of Arts in Physics and Doctor of Philosophy in Physics.

## Undergraduate Degrees

### Bachelor of Science in Physics

This program is intended primarily for students who are interested in a career in physics.

REQUIRED LOWER DIVISION COURSES	UNITS
CHEM 115aLbL** Advanced General Chemistry	4-4
MATH 125 Calculus I	4
MATH 126 Calculus II	4

MATH 226 Calculus III	4
MATH 245 Mathematics of Physics and Engineering I	4
PHYS 161L* Advanced Principles of Physics I	4
PHYS 162L* Advanced Principles of Physics II	4
PHYS 163L* Advanced Principles of Physics III	4
PHYS 190 Freshman Colloquium	

REQUIRED UPPER DIVISION COURSES	UNITS
MATH 445 Mathematics of Physics and Engineering II	4
PHYS 304 Mechanics	4
PHYS 316 Introduction to Thermodynamics and Statistical Physics	4
PHYS 408ab Electricity and Magnetism	4-4

PHYS 438ab	Introduction to Quantum Mechanics and its Applications	4-4
PHYS 440	Introduction to Condensed Matter Physics	4
PHYS 492L	Senior Laboratory	4
PHYS 493L	Advanced Experimental Techniques	4
Total units		77

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

\*\*CHEM 105aLbL may be substituted for the sequence CHEM 115aLbL.

**Bachelor of Science in Astronomy**

This program is intended primarily for students who are interested in a career in astronomy.

REQUIRED LOWER DIVISION COURSES		UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L*	Advanced Principles of Physics I	4
PHYS 162L*	Advanced Principles of Physics II	4
PHYS 163L*	Advanced Principles of Physics III	4

REQUIRED UPPER DIVISION COURSES		UNITS
ASTR 400	The Solar System	4
ASTR 410	Stellar Astronomy	4
ASTR 420	Galaxies and Cosmology	4
ASTR 440	Astrophysics	4
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4
PHYS 438ab	Introduction to Quantum Mechanics and its Applications	4-4
PHYS 493L	Advanced Experimental Techniques	4
Total units		72

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

**Bachelor of Science in Physics/Computer Science**

This program is intended for students with dual interests in physics and computer science who wish to complete the essential courses for both majors within their normal four-year career.

**REQUIRED LOWER DIVISION COURSES**

	UNITS	
CSCI 101L	Fundamentals of Computer Programming	3
CSCI 102L	Data Structures	3
CSCI 200L	Object-Oriented Programming	3
CSCI 201L	Principles of Software Development	3
CSCI 271	Discrete Methods in Computer Science	3
EE 101	Introduction to Digital Logic	3
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 225	Linear Algebra and Linear Differential Equations	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4

**REQUIRED UPPER DIVISION COURSES**

	UNITS	
CSCI 303	Design and Analysis of Algorithms	3
CSCI 402x	Operating Systems	3
EE 357	Basic Organization of Computer Systems	3
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 408ab	Electricity and Magnetism	4-4
PHYS 438ab	Introduction to Quantum Mechanics and its Applications	4-4
PHYS 495	Senior Project	2
Total units		81

**Bachelor of Arts in Physics**

This program is intended for students with an interest in physics who may not intend to pursue a career in physics.

**REQUIRED LOWER DIVISION COURSES**

	UNITS	
CHEM 105aLbL**	General Chemistry	4-4
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4

MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L*	Advanced Principles of Physics I	4
PHYS 162L*	Advanced Principles of Physics II	4
PHYS 163L*	Advanced Principles of Physics III	4
PHYS 190	Freshman Colloquium	1

**REQUIRED UPPER DIVISION COURSES**

	UNITS	
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4
PHYS 438a	Introduction to Quantum Mechanics and its Applications	4
PHYS 492L	Senior Laboratory	4
Choose one:		4
PHYS 408b	Electricity and Magnetism	
PHYS 438b	Introduction to Quantum Mechanics and its Applications	
PHYS 440	Introduction to Condensed Matter Physics	
PHYS 493L	Advanced Experimental Techniques	

Total units 65

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

\*\*CHEM 115aLbL may be substituted for the sequence CHEM 105aLbL.

**Bachelor of Arts in Astronomy**

This program is intended for students with an interest in astronomy who may not intend to pursue a career in the field.

**REQUIRED LOWER DIVISION COURSES**

	UNITS	
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L*	Advanced Principles of Physics I	4
PHYS 162L*	Advanced Principles of Physics II	4
PHYS 163L*	Advanced Principles of Physics III	4

REQUIRED UPPER DIVISION COURSES		UNITS
ASTR 400	The Solar System	4
ASTR 410	Stellar Astronomy	4
ASTR 420	Galaxies and Cosmology	4
ASTR 440	Astrophysics	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 493L	Advanced Experimental Techniques	4
Total units		56

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

### Bachelor of Science in Biophysics

This program is intended for students with an interest in the interdisciplinary field of biophysics. The degree program provides the physics and biology background necessary for the field while simultaneously fulfilling medical school entrance requirements.

REQUIRED LOWER DIVISION COURSES		UNITS
BISC 120L	General Biology: Organismal Biology and Evolution	4
BISC 220L	General Biology: Cell Biology and Physiology	4
CHEM 115aLbL*	Advanced General Chemistry	4-4
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L**	Advanced Principles of Physics I	4
PHYS 162L**	Advanced Principles of Physics II	4
PHYS 163L**	Advanced Principles of Physics III	4

REQUIRED UPPER DIVISION COURSES		UNITS
BISC 320L	Molecular Biology	4
BISC 330L	Biochemistry	4
BISC 421	Neurobiology	4
CHEM 322abL	Organic Chemistry	4-4
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4

PHYS 438a	Introduction to Quantum Mechanics and its Applications	4
Total units		84

\*CHEM 105aLbL may be substituted for the sequence CHEM 115aLbL.

\*\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

### Bachelor of Science in Physical Sciences

This program is intended for students with an interest in the physical sciences. The program is designed to allow students interested in teaching at the secondary level to enroll in courses required for the California Single Subject Teaching credential offered through the School of Education.

REQUIRED LOWER DIVISION COURSES		UNITS
CHEM 115aLbL**	Advanced General Chemistry	4-4
GEOL 105L	Planet Earth	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

REQUIRED UPPER DIVISION COURSES		UNITS
Astronomy elective*		4
Chemistry elective*		4
Earth Science elective*		4
Physics elective*		4
Three additional electives from these fields*		12

\*Upper division courses must be applicable to majors in their respective departments.

\*\*CHEM 105aLbL may be substituted for the sequence CHEM 115aLbL.

OTHER COURSES		UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
Total units		64

### Department Requirements for a Minor in Physics

The physics minor is open to all students. Engineering students must take a minimum of three upper division courses unique to the minor.

REQUIRED COURSES		28 UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

ELECTIVES — CHOOSE 3		12 UNITS
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4
PHYS 438a	Introduction to Quantum Mechanics and its Applications	4
Total units		40

### Department Requirements for a Minor in Astronomy

The astronomy minor is open to all students. A minimum of three courses taken toward the minor must be unique to the minor.

REQUIRED COURSES		24 UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

ELECTIVES — CHOOSE 3		12 UNITS
ASTR 400	The Solar System	4
ASTR 410	Stellar Astronomy	4
ASTR 420	Galaxies and Cosmology	4
ASTR 440	Astrophysics	4
Total units		36

### Grade Point Average in Major Subject

A GPA of C (2.0) or higher is required in all upper division courses taken in the department for all of the above major degree programs. A grade of C (2.0) or higher is required in all courses in the department specifically listed as subject requirements.

**Advisement**

Advisement is required for all B.S. and B.A. degree candidates in the department. Students should meet with their departmental academic adviser at least once a semester to review the direction of their academic programs. Students who have not met with an adviser should contact the director of undergraduate affairs. Students are also encouraged to seek the advisement of faculty members

## Graduate Degrees

The Department of Physics and Astronomy offers graduate study at the master's and doctoral degree levels. The graduate program prepares students for professional careers in research, teaching and developmental applications of physics.

Entering students spend time in intensive course work providing a broad background in advanced physics regardless of degree objective. Subsequent study involves a mix of course work, practical training and independent research (depending on degree objective). The doctoral program affords exceptionally close collaboration between students and faculty.

**Research Areas: Experimental, Theoretical and Computational**

Opportunities for research are offered in atomic, molecular and optical/laser physics, astrophysics, elementary particle theory, string theory, quantum field theory, earthquake physics, helioseismology, condensed matter physics, quantum electronics/nonlinear optics, space physics and ultralow temperature physics.

**Degree Requirements**

Graduate degrees in the Department of Physics and Astronomy are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

Graduate study in physics is divided into three degree objectives:

**Master of Science and Master of Arts in Physics***Admission Requirements*

The prerequisite for admission for a master's degree in the Department of Physics and Astronomy is a bachelor's degree in physics or a related field. All applicants for admission must take the Graduate Record Examinations, including the Physics Subject Test. Transcripts of undergraduate records as well as transcripts of any graduate-level courses are required.

whose specializations are appropriate to their intended field of graduate study.

**Undergraduate Research Opportunities**

Students are encouraged to become familiar with the research programs of the faculty in the department. Students who intend to pursue a Ph.D. and a career in research in physics or astronomy following graduation are strongly

encouraged to become involved directly in one of the research programs, whether as summer research assistants or as part-time laboratory assistants during the academic year. Specific research opportunities will depend upon individual faculty research programs.

The TOEFL is required of international students applying for a teaching assistantship and is strongly advised for those applying for admission only. Applicants may be admitted as a degree candidate at the beginning of fall or spring semester.

*Residence*

All M.S. and M.A. degree students normally take at least three courses for each of two semesters. A total of 24 units of credit is required for graduation. Admitted students may transfer a maximum of 4 units of credit to apply toward the degree requirements.

*Foreign Language Requirement*

There is no foreign language requirement for the M.S. or M.A.

*Course Requirements*

*Option A* M.S. in Physics: The M.S. degree requires satisfactory completion of seven courses (exclusive of PHYS 500 and PHYS 594), of which no more than one course may be PHYS 590 Directed Research. In addition, satisfactory completion of a thesis (and 4 units of PHYS 594) is required.

*Option B* M.A. in Physics: The M.A. degree requires satisfactory completion of eight courses (exclusive of PHYS 500 and PHYS 590) plus a high level of performance on the comprehensive examination.

The required courses for either option are PHYS 504, PHYS 508a and PHYS 558a. For either option at least five courses must be at the 500 level or higher and remaining courses at the 400 level or higher; at least five courses must be in physics. All required physics courses must be passed with a grade of B- or better. No upper division courses required for the B.A. in physics at USC may be counted for credit toward the M.A. or M.S. degree.

*Comprehensive Examination*

All master's degree candidates are required to take the departmental screening examination not later than during their second semester (excluding summer). This examination serves as the required comprehensive examination

for the M.A. degree. A high level of performance is required for the M.A. degree, and a superior level is required for admission to (or continuation in) the Ph.D. program.

**Master of Science in Physics for Business Applications***Admission Requirements*

The prerequisite for admission to the Master of Science in Physics for Business Applications is a bachelor's degree in physics, chemistry, mathematics, engineering or related field. Applicants should have previous upper division course work in electricity and magnetism and quantum mechanics/modern physics. All applicants for admission must take the Graduate Record Examinations general test and are encouraged to take the Physics Subject Test. Transcripts of undergraduate records as well as transcripts of any graduate-level courses are required. The TOEFL is required of international students applying for a teaching assistantship and is strongly advised for those applying for admission only. Applicants may be admitted to the program at the beginning of fall or spring semester.

*Residence*

All full-time M.S. degree students are expected to take three courses toward the degree for each of the first three semesters. Part-time students are expected to complete at least three courses per calendar year. A total of 36 units of credit is required for graduation. Admitted students may transfer a maximum of 8 units of credit to apply toward degree requirements.

*Foreign Language Requirement*

There is no foreign language requirement for the M.S. degree.

*Computer Language Requirement*

By the end of the first semester in residence, students are required to demonstrate a skill level in programming in C or C++. This skill may be demonstrated by a practical exam or by passing a relevant computer language course.

*Course Requirements*

The M.S. in Physics for Business Applications degree requires completion of 36 units of course work plus satisfactory submission of a final technical report. The physics requirement is 17 units of courses, including PHYS 516, PHYS 518, PHYS 520, PHYS 558a, PHYS 650 and PHYS 692. The business requirement is 12 units of courses. Business courses may be selected from one of three tracks: Corporate Finance (GSBA 510, GSBA 548 and one of GSBA 518 or GSBA 543 are required with electives chosen from FBE 529, FBE 531, FBE 532 and FBE 562); Information Systems (GSBA 518 or GSBA 543 required with electives chosen from IOM 533, IOM 535, and IOM 540); or Operations Management (GSBA 518 or GSBA 543 required with electives chosen from IOM 525, IOM 537, IOM 581, IOM 582 and IOM 583). Alternative business tracks can be taken with departmental approval. An additional 6 units of technical electives are required, to be chosen from PHYS 408b, PHYS 440, PHYS 504, PHYS 510, PHYS 558b, MATH 407, MATH 408 or CSCI 480. Alternative technical electives can be taken with departmental approval. All required courses must be passed with a grade of B- or better.

*Final Technical Report*

All students in physics are required to submit a final technical report within one semester of completion of the internship PHYS 692. This report will be reviewed by the department to establish both its technical merit and the quality of written communication skills of the master's student. A grade will be registered for PHYS 692 upon satisfactory review of the final report.

**Doctor of Philosophy in Physics***Admission Requirements*

The prerequisite for admission to the doctoral program in the Department of Physics and Astronomy is a bachelor's (or master's) degree in physics or related field. All applicants for admission must take the Graduate Record Examinations, including the Physics Subject Test. Transcripts of undergraduate records as well as transcripts of any graduate-level courses are required. The TOEFL is required of international students applying for a teaching assistantship and is strongly advised for those applying for admission only. Applicants may be admitted to the program at the beginning of the fall or spring semester.

Application deadline: January 1

*Residence*

Ph.D. students in physics normally enroll in three courses for each of the first four semesters in graduate school. A total of 60 units of credit is required for graduation. Students admitted to the Ph.D. program may transfer a maximum of 30 units of credit to apply toward degree requirements. For students admitted with Advanced Standing (entry with an appropriate completed graduate degree from an accredited institution), a minimum of 36 units of course work beyond that graduate degree, exclusive of PHYS 794, will be required.

*Foreign Language Requirement*

There is no foreign language requirement for the Ph.D.

*Course Requirements*

The student is expected to have prepared for understanding all branches of physics. A minimum of 11 graduate courses in physics, excluding graduate colloquium, dissertation and directed research courses, taken at this university and elsewhere, is required. The required courses for the Ph.D. are PHYS 504, 508ab, PHYS 510, PHYS 518 and PHYS 558ab plus four elective graduate courses in physics. In addition, four units of PHYS 500 and PHYS 794 are required. All required physics courses (except 500 and 794) must be passed with a grade of B- or better. After passing the qualifying examination the student must register for PHYS 794 Doctoral Dissertation each fall and spring semester.

*Screening Procedure*

Any student proceeding toward the Ph.D. in physics must pass the departmental screening examination at a superior level. The exam must be taken not later than during the second semester (excluding summers, but including time in the M.A./M.S. program) in the department. New advanced students who have passed an equivalent comprehensive examination at a well-recognized research university with superior grades may apply to the departmental examination committee for an oral interview in order to be exempted from the written screening examination. A faculty member who supervises the research of such a student in the department must support this application.

*Guidance Committee*

The graduate adviser serves as adviser to incoming students and assists in the appointment of the guidance committee, which is formed after the screening examination has been passed. After the student passes the qualifying examination and a dissertation topic is approved, the five-member guidance committee becomes known as the dissertation committee and is responsible for monitoring the candidate's progress and for approving the final content and form of the dissertation.

*Qualifying Examination*

The qualifying examination must be attempted not later than during the fifth semester (or in the case of advanced students, the third semester) in the department (excluding summer). The Ph.D. qualifying examination contains a written part and an oral part. The written part consists of a critical review by the student of a published work selected by the guidance committee and of a research proposal prepared by the student on the area in which the student intends to do a doctoral dissertation. The oral part expands on the written part.

*Dissertation*

A doctoral dissertation in physics is expected to be an extensive description of original research carried out by the student. A complete discussion of reported research in relation to previous work by others is essential.

*Defense of the Dissertation*

The dissertation must be defended in a final oral examination. The candidate must be prepared to answer general questions in the field as well as specific questions regarding the dissertation.

## Courses of Instruction

### ASTRONOMY (ASTR)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### ASTR 100Lxg The Universe (4, FaSp)

Survey of the universe: planets, satellites, comets, stars, nebulae, galaxies. Practical component includes planetary observations and dark-sky field trip. Not available for major credit.

#### ASTR 104L Special Laboratory (1, FaSp)

Laboratory component for ASTR 100Lxg for transfer students with equivalent lecture credit from another institution. For transfer students only. Graded CR/NC.

#### ASTR 200Lxg Earth and Space (4)

Study of earth as a physical object and an object in space. Topics include seismic events, earth interior, other planets, formation of the sun and earth. Not available for major credit.

**ASTR 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

#### ASTR 400 The Solar System (4, 2 years, Fa)

Earth's motions; planets and their satellites; comets; meteorites; interplanetary matter; elementary celestial mechanics. *Prerequisite:* MATH 226.

#### ASTR 410 Stellar Astronomy (4, 2 years, Sp)

The nature and dynamics of the sun, stars, star clusters, interstellar medium, and the structure of our galaxy. *Prerequisite:* MATH 126.

#### ASTR 420 Galaxies and Cosmology (4, 2 years, Fa)

Galaxies and clusters of galaxies: their content, structure, dynamics, distribution, and motions; observational cosmology. *Prerequisite:* PHYS 153L or PHYS 163L.

#### ASTR 440 Astrophysics (4, 2 years, Sp)

Introduction to the theory of stellar structure, stellar atmospheres, the evolution of the sun and stars. *Prerequisite:* PHYS 153L or PHYS 163L.

#### ASTR 490x Directed Research (2-8, max 8)

Individual research and readings. Not available for graduate credit. *Prerequisite:* one upper division course in astronomy and departmental approval.

### PHYSICS (PHYS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### PHYS 051x Problem Solving in Mechanics and Thermodynamics (1)

Intensive practice in solving elementary problems within a student-centered learning environment. Not available for degree credit. Graded CR/NC. *Concurrent enrollment:* PHYS 151L.

#### PHYS 100Lxg The Physical World (4, FaSp)

The fundamentals of physics presented with emphasis on the structure and beauty of physical laws. Practical component will relate these laws to commonly encountered events. Not available for major credit.

#### PHYS 125Lg Physics for Architects (4, Sp)

Fundamental laws and principles of physics with emphasis on the application of physical principles to the problems of architecture. Lecture, 4 hours; laboratory, 3 hours. (Duplicates credit in PHYS 135abL.) *Prerequisite:* MATH 108.

#### PHYS 135abL Physics for the Life Sciences (4-4, FaSpSm)

Fundamental laws and principles of physics emphasizing areas related to life sciences; prerequisite for biological sciences, medicine, dentistry, and pharmacy. Lecture, 4 hours; laboratory, 3 hours. (Duplicates credit in PHYS 125L.) *Prerequisite:* Passing of Math Placement Exam or MATH 108 or MATH 125 or MATH 126 or MATH 226.

#### PHYS 151Lg Fundamentals of Physics I: Mechanics and Thermodynamics (4, FaSpSm)

Gateway to the majors and minors in Physics and Astronomy. Statics and dynamics of particles and rigid bodies, conservation principles, gravitation, simple harmonic oscillators, thermodynamics, heat engines, entropy. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* MATH 125 or MATH 126 or MATH 226.

#### PHYS 152L Fundamentals of Physics II: Electricity and Magnetism (4, FaSpSm)

Electrostatics, magnetostatics, electrical circuits, wave motion, sound waves, electromagnetic waves. Lecture, 4 hours; laboratory, 3 hours. *Prerequisite:* PHYS 151L, MATH 126; *corequisite:* MATH 226.

#### PHYS 153L Fundamentals of Physics III: Optics and Modern Physics (4, FaSpSm)

Geometrical optics, interference, diffraction, special relativity, quantum mechanics, atomic physics, solid state physics. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* PHYS 152L.

#### PHYS 161L Advanced Principles of Physics I (4, Sp)

Gateway to the majors and minors in Physics and Astronomy. Introductory treatment intended for well-qualified students. Dynamics of particles and rigid bodies, conservation laws, wave motion, thermodynamics, heat engines, entropy. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* MATH 125; *corequisite:* MATH 126.

#### PHYS 162L Advanced Principles of Physics II (4, Fa)

Electrostatics, magnetostatics, electrical circuits, electrical and magnetic properties of matter, Maxwell's equations, electromagnetic waves, propagation of light. Lecture, 4 hours; laboratory, 3 hours. *Corequisite:* MATH 226; *recommended preparation:* PHYS 161L.

#### PHYS 163L Advanced Principles of Physics III (4, Sp)

Interference and diffraction of waves, special relativity, quantum mechanics, atomic physics, nuclear physics, condensed matter physics, elementary particles. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* PHYS 162L.

#### PHYS 190 Freshman Colloquium (1, Fa)

Introduction to current research activities of the faculty of the Department, and topics of current and popular interest among the wider community of physicists. Graded CR/NC.

#### PHYS 200Lxg The Physics and Technology of Energy: Keeping the Motor Running (4, FaSp)

Investigation of energy technologies, including development and implementation issues. Topics include the industrial revolution, electromagnetic induction, power transmission, combustion engines, fission and fusion. Not available for major credit.

#### PHYS 304 Mechanics (4, Fa)

Dynamics of particles, kinematics of rotations, rigid body motion, Lagrangian and Hamiltonian formalism, theory of small vibrations. *Prerequisite:* PHYS 151L or PHYS 161L, MATH 245.

#### PHYS 316 Introduction to Thermodynamics and Statistical Physics (4, 2 years, Sp)

First, second, and third thermodynamic laws; thermodynamic potentials, applications; distribution laws, kinetic theory, transport phenomena, specific heats. *Prerequisite:* PHYS 152L or PHYS 161L, MATH 226.

#### PHYS 390 Special Problems (1-4)

Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PHYS 408ab Electricity and Magnetism**

**(a: 4, Fa; b: 4, Sp)** *a*: Electrostatics; thermal, chemical, magnetic effects of steady currents; DC circuits. *b*: Electromagnetic induction; AC circuits; Maxwell's equations. *Prerequisite*: PHYS 152L or PHYS 162L; *corequisite*: MATH 245 (for PHYS 408a), MATH 445 (for PHYS 408b).

**PHYS 438ab Introduction to Quantum Mechanics and its Applications (a: 4, Sp; b: 4, Fa)**

*a*: Concepts and techniques of quantum mechanics; free and bound states, the hydrogen atom. *b*: Relativity, atomic spectra, quantum statistics, nuclear models, nuclear reactions, elementary particles. *Prerequisite*: PHYS 304; *corequisite*: MATH 445.

**PHYS 440 Introduction to Condensed Matter Physics (4, Irregular, Sp)**

Crystal structures, x-ray diffraction, thermal properties of solids, diamagnetism and paramagnetism, free-electron model of metals, semiconductors, ferromagnetism, superconductivity, imperfections in crystals. *Corequisite*: PHYS 438a.

**PHYS 472 Introduction to Lasers and Laser Systems (3, Fa)**

(Enroll in EE 472)

**PHYS 473L Lasers and Optics Laboratory (3, Sp)**

(Enroll in EE 473L)

**PHYS 490x Directed Research (2-8, max 8)**

Individual research and readings. Not available for graduate credit.

**PHYS 492L Senior Lab (4, Fa)** Projects will include experiments in mechanics, thermodynamics, electricity and magnetism. Emphasis on laboratory work with discussion of theoretical background. Lecture, 2 hours; laboratory, 6 hours. *Prerequisite*: PHYS 152L.

**PHYS 493L Advanced Experimental Techniques (4, Sp)** Development of modern experimental techniques, including computer interface with data acquisition hardware and data analysis by software, applied specifically to experiments in modern physics. Emphasis on laboratory work with discussion of theoretical background. Lecture, 2 hours; laboratory, 6 hours. *Prerequisite*: PHYS 152L.

**PHYS 495 Senior Project (2)** An original project will be constructed applying computer technology (in either hardware or software) to produce a result useful in the physics classroom or laboratory.

**PHYS 499 Special Topics (2-4, max 4)**

Lectures and discussions on specialized topics in physics.

**PHYS 500 Graduate Colloquium (1, Max 4, FaSp)**

Topics of current research interest in physics and astronomy. Lectures directed to physics graduate students by faculty of the department and by outside speakers. Graded CR/NC.

**PHYS 502 Advanced Optics (3, Irregular)**

Interaction of light and matter; laser oscillation condition; optical resonators; spectroscopy; pumping mechanisms; characteristics of dielectric, semiconductor, gas, and liquid lasers; topics in nonlinear optics.

**PHYS 504 Advanced Mechanics (3, Fa)**

Newtonian formulation of dynamics; Hamilton's principle; Lagrangian formulation; rigid body motion; Hamiltonian formulation; Hamilton-Jacobi theory; vibrations.

**PHYS 508ab Advanced Electricity and Magnetism (a: 3, Sp; b: 3, Fa)**

*a*: Electrostatics, boundary value problems, multipole expansions, microscopic models of matter, magnetostatics. *b*: Maxwell's equations, potentials and gauge transformations; electromagnetic waves; wave guides; electromagnetic radiation; special relativity.

**PHYS 510 Methods of Theoretical Physics (3, Fa)**

Vector analysis; infinite, asymptotic Fourier series; complete sets; Dirac delta function; Fourier, Laplace transforms; Legendre functions; spherical harmonics; Sturm-Liouville theory; orthogonal polynomials; gamma-factorial function; complex variables.

**PHYS 514 Methods of Experimental Physics (3, Irregular)**

Techniques of general utility in contemporary physics research, with emphasis on the use of commercially available instrumentation.

**PHYS 516 Methods of Computational Physics (3, Sp)**

Introduction to algorithm development. Integration of ordinary differential equations; chaotic systems; molecular dynamics; Monte Carlo integration and simulations; cellular automata and other complex systems. *Recommended preparation*: ability to program in C or C++.

**PHYS 518 Thermodynamics and Statistical Mechanics (3, Fa)**

Principles of, and relations between, thermodynamics and statistical mechanics; ensembles, partition function formalism; quantum statistics of non-interacting particles; fluctuations.

**PHYS 520 Methods for Complex Systems (3, Fa)**

Probabilities, random walks, generalized central limit theorems, probabilities in thermodynamics, critical phenomena, self organized criticality, phenomenology of catastrophes, dynamical systems and examples from outside physics.

**PHYS 530 Relativity (3, Irregular)**

Fundamentals of the special theory and applications to classical and quantum physics; the principle of equivalence; tensor analysis and Einstein's theory of gravitation; relativistic cosmology. *Recommended preparation*: PHYS 504a, PHYS 508a.

**PHYS 540 Solid State Physics (3, Fa)**

Fundamental concepts and techniques in solid state physics; electron gas at metallic densities; semiclassical transport; crystallography; band structure; phonons; screening; superconductivity; magnetic ordering. *Recommended preparation*: PHYS 518a, PHYS 558a.

**PHYS 558ab Quantum Mechanics (a: 3, Sp; b: 3, Fa)**

*a*: General formulation of quantum mechanics with applications; theory of measurement; exactly solvable problems; angular momentum formalism. *b*: Approximation schemes and applications to atomic and molecular physics and scattering theory; identical particles; electromagnetic properties of atoms.

**PHYS 566 Neural Network Self-Organization (3, Sp)**

(Enroll in CSCI 566)

**PHYS 590 Directed Research (1-12)**

Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHYS 593 Practicum in Teaching the Liberal Arts (2, FaSp)**

(Enroll in MDA 593)

**PHYS 594abz Master's Thesis (2-2-0)**

Credit on acceptance of thesis. Graded IP/CR/NC.

**PHYS 640 Advanced Condensed Matter Physics (3, Sp)**

Magnetism, magnons; superconductivity; transport phenomena; many-body effects; interacting electron gas; Hartree-Fock theory; neutron and X-ray scattering; and other selected topics. *Recommended preparation*: PHYS 540, PHYS 558b.

**PHYS 650 Topics in Current Research (2, Fa)**

Course content will vary each year. It will include topics of current interest in research conducted in academia and industry.

**PHYS 668 Advanced Quantum Mechanics (3, Sp)**

Relativistic wave equations; second quantization of Klein-Gordon, Dirac and Maxwell fields; applications in quantum electrodynamics and condensed matter physics. *Recommended preparation*: PHYS 558b.

**PHYS 669ab Group Theory and Symmetries in Physics (3-3, Irregular)** *a:* Abstract group theory; representation theory; point groups; selection rules; crystal tensors; molecular vibrations; rotation group; SU(2); Wigner-Eckart theorem; crystal-field splitting; time-reversal symmetry; gauge invariance; SU(3) and quarks. *b:* Application of group theory in field theory and particle physics: Lie groups and representations, Young tableaux, Dynkin diagrams, Poincare group, classical groups and supergroups, gauge theories. *Recommended preparation:* PHYS 558b.

**PHYS 670 High Energy Physics (3, Irregular)** Elementary particles and the fundamental forces acting on them. Quarks, leptons, symmetries, gauge invariance, spontaneously broken symmetry, electroweak theory, quantum chromodynamics grand unified theory, strings. *Recommended preparation:* PHYS 668.

**PHYS 678 Relativistic Quantum Field Theory (3, Irregular)** Computational methods in relativistic quantum field theory: Feynman path integral, covariant perturbation theory, regularization, renormalization group, and non-perturbative techniques. *Recommended preparation:* PHYS 668.

**PHYS 680 Advanced Quantum Field Theory (3, Irregular)** Renormalization, quantization of gauge theories, non-Abelian gauge theories, quantum chromodynamics, spontaneous symmetry breaking, the standard model, anomalies. *Recommended preparation:* PHYS 678.

**PHYS 692 Internship (3 or 6, max 6, FaSpSm)** Field application of physics in a business or industry setting; part-time employment. Project to be jointly defined by student, employer and professor. Open to M.S. Physics for Business Applications degree candidates only.

**PHYS 710 Selected Topics in Experimental Physics (3, max 6)** Course content will vary yearly with current interest. Topics covered may include superconducting quantum interference devices, scanning tunneling microscopy, and laser cooling and trapping of single atoms.

**PHYS 720 Selected Topics in Theoretical Physics (3, max 6)** Course content will vary yearly with current interest. Topics covered may include field theory, many body theory, Green's functions, dispersion theory, and group theory.

**PHYS 730 Selected Topics in Particle Physics (3, max 6)** Various advanced phases of particle physics. Content will vary yearly; emphasis on superstring theories, advanced topics in quantum gravity, and field theory. *Recommended preparation:* PHYS 678.

**PHYS 740 Selected Topics in Condensed Matter Physics (3, max 6)** Course content will vary yearly with current interest. Topics covered may include theory of superconductivity, high temperature superconductivity, Green's functions in condensed matter physics, magnetism and transport in disordered metals.

**PHYS 750o Off Campus Studies (3, max 9)** Course work taken on campus at Caltech as part of the Caltech-USC cross-registration program. Graded CR/NC.

**PHYS 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHYS 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Political Science

*Interim Chair:* Dennis Chong, Ph.D.

### Faculty

*Rader Family Trustee Chair in Law and Provost Professor of Law and Political Science:* Lee Epstein, Ph.D.

*Provost Professor of Business, Law, and Political Economy:* Mathew D. McCubbins, Ph.D. (*Public Policy*)

*Professors:* Dennis Chong, Ph.D.; Terry Cooper, Ph.D. (*Public Policy*); Ann Crigler, Ph.D.\*; Richard H. Dekmejian, Ph.D.; Mary Dudziak, Ph.D. (*Law*); Susan Estrich, J.D. (*Law*); Philip Ethington, Ph.D. (*History*); James Ferris, Ph.D. (*Public Policy*); Elizabeth Garrett, J.D. (*Law*); Howard Gillman, Ph.D.; Elizabeth Graddy, Ph.D. (*Public Policy*); Thomas Hollihan, Ph.D. (*Communication*);

Jane Junn, Ph.D.; Sharon Lloyd, Ph.D. (*Philosophy*); Nancy Lutkehaus, Ph.D. (*Anthropology*); John Matsusaka, Ph.D. (*Finance and Business Economics*); Dan Mazmanian, Ph.D. (*Public Policy*); Edward McCaffery, J.D. (*Law*); Glenn Melnick, Ph.D. (*Public Policy*); Michael B. Preston, Ph.D.\*; Robert Rasmussen, J.D. (*Law*); Alison D. Renteln, Ph.D.\*; Stanley Rosen, Ph.D.\*; Eliz Sanasarian, Ph.D.\*; Edwin Smith, J.D. (*Law*); Shui Yan Tang, Ph.D. (*Public Policy*); Ernest J. Wilson III, Ph.D. (*Communication*); Priscilla Wohlstetter, Ph.D. (*Education*)

*Associate Professors:* John E. Barnes, Ph.D.\*; Ange-Marie Hancock, Ph.D.; Juliet Musso, Ph.D. (*Public Policy*); Leland Saito, Ph.D. (*Sociology*); Jefferey M. Sellers, Ph.D.; Janelle Wong, Ph.D.

*Assistant Professors:* Christian Grose, Ph.D.; Diane O'Brien, Ph.D.; Nicholas Weller, Ph.D.

*Professors of the Practice:* Mark Bernstein, Ph.D.; Bill Lockyer, J.D.

*Assistant Professors (Teaching):* Arthur Auerbach, Ph.D.; Anthony Kammass, Ph.D.; Andrew Manning, Ph.D.

*Assistant Professor of the Practice:* Daniel Schnur, B.A.

*Adjunct Assistant Professors:* William Fahey, J.D.; Keran Maddox, M.P.A.; George Newhouse Jr., J.D.; Olu K. Orange, J.D.; William Simon Jr., J.D.; Darryl Sragow, J.D.

*Emeritus Professors:* Carl Q. Christol, Ph.D., LL.B., LL.D. (Hon.)\*; John R. Schmidhauser, Ph.D.

*Emeritus Associate Professor:* Joseph L. Nyomarkay, Ph.D.\*

\*Recipient of university-wide or college teaching award.

The Department of Political Science divides political science into four broad fields: American politics, political thought, comparative politics, and law and public policy. The department offers regional specialization in six areas: Latin America, East Asia, Western Europe, Russia and Eastern Europe, the Middle East, and Africa. The Jesse M. Unruh Institute of Politics provides local internships

for students as part of their course work or as independent study (see page 447).

#### Degree Programs

The Department of Political Science offers: the B.A.; minors in political science; law and society; race, ethnicity and politics; human rights; and political organizing in the digital

age. The department also offers M.A. and Ph.D. degrees under the jurisdiction of the Graduate School, as well as a dual Ph.D. in Political Science and International Relations/Juris Doctor with the USC Gould School of Law.

## Undergraduate Degrees

### Advisement

The department has faculty and staff advisers who provide academic advisement, career counseling and advisement to pre-law students and those wishing to go on to graduate studies. All majors are encouraged to see their adviser.

### Major Requirements for the Bachelor of Arts in Political Science

Department majors are required to take nine courses (36 units) in political science. At least two of the nine courses must be selected from the four 100-level core courses: POSC 100 Theory and Practice of American Democracy, POSC 110 Ideology and Political Conflict, POSC 120 Comparative Politics, POSC 130 Law, Politics and Public Policy.

In addition, at least six of the nine courses must be at the 300-level or above, including at least one course in each of the following four fields: American politics, political thought, comparative politics, and law and public policy. No more than one course (or four units) of POSC 395 or POSC 490x may be counted toward the 36 unit departmental requirements.

Students who have a double major in political science and in another department in the social sciences, may, with prior permission of the department undergraduate adviser, substitute one upper division course from the second major for one upper division political science course. In the development of an undergraduate program, students should consult periodically with the political science undergraduate adviser and/or with departmental faculty.

### Area Specialization

While majoring in political science and fulfilling the department requirements, a student may elect to emphasize a particular regional area in the fields of comparative government, diplomacy and international politics. Regional specializations are offered in six areas: East Asia, Western Europe, Latin America, Middle East, Africa, Russia and Eastern Europe. With the approval of the faculty, a student may

organize an academic program in such a way as to fulfill the general education language requirements with the language or languages of the regional area specialization. In addition, it is assumed the student will fulfill other social sciences and humanities requirements and electives with courses focusing on the history and culture of the particular area of specialization. Such a pattern of courses at the undergraduate level will strengthen a student's qualifications for graduate-level area programs, as well as for various forms of foreign service.

### Bachelor of Arts, Philosophy, Politics and Law

This interdisciplinary program consists of nine courses chosen from PHIL, POSC, LAW and ANTH. See Philosophy, page 422.

### Political Science Minor

Students who minor in political science must take five courses, 20 units, in political science. Students can either pursue course work in a traditional subfield (American politics, comparative politics, law and public policy, or political theory) or in a specific issue area of concentration (civil liberties and human rights, race, ethnicity, and gender, urban political problems, Asian politics, etc.).

Those who focus their studies on a traditional subfield must take the lower-level introductory course in that subfield: POSC 100 Theory and Practice of American Democracy (American politics); POSC 110 Ideology and Political Conflict (political theory); POSC 120 Comparative Politics (comparative politics) or POSC 130 Law, Politics and Public Policy (law and public policy).

Students pursuing the minor must also take four upper-division courses, three of which must be in the chosen subfield. Students choose from a predetermined list of courses divided by subfield in consultation with and approval of the department's undergraduate student adviser.

Those who pursue a specific issue area of concentration are required to take the department's designated gateway course, POSC 120 Comparative Politics, and at least three upper-division courses in the issue area of concentration. A fourth upper division course must be taken in the issue area of concentration or a complementary area. The upper division courses are chosen in consultation with and approval of the department's undergraduate student adviser.

### Human Rights Minor

The protection of human rights has become a matter of international concern. Despite widespread media coverage of violations, flagrant abuses occur daily throughout the world. The human rights minor provides students with in-depth knowledge about various human rights issues.

Drawing together classes from a range of departments in and outside the USC Dornsife College of Letters, Arts and Sciences, this interdisciplinary minor will cover the theoretical foundations of human rights, historical and current developments, case studies and policies. Students will be required to take their learning outside the classroom through an internship or by teaching human rights in the community and will be encouraged to join relevant student organizations.

Total unit requirements for the minor are 18\*. Students take one core course in human rights, POSC 448a The Politics of Peace. In addition, the minor requires two courses dealing with international human rights, one domestic human rights related course and a community involvement experience through the Department of Political Science.

#### Required Courses (16 units)

POSC 448a

Two international human rights courses selected from:  
ANTH 330, HIST 456, HIST 365, IR 310, IR 315, IR 316, IR 318, IR 325, POSC 366, POSC 440, POSC 456, PPD 382, REL 335

One domestic human rights course selected from:

- AMST 348, COMM 412, FREN 370, GERO 435, JOUR 466, POSC 333, POSC 380, POSC 441, POSC 444, PPD 342, PPD 439, SOCI 356, SOCI 360

*Community Involvement (2 units)*

Students are required to take their learning outside the classroom through an internship with a focus in human rights, teaching human rights in the community or an independent project. Students who choose the internship must enroll in POSC 395 and those who choose do an independent project must enroll in POSC 490x. Approval is needed to enroll in POSC 395 and POSC 490x.

\*POSC majors must take four courses (16 units) outside of the Political Science Department for a total of 22 units.

**Law and Society Minor**

This interdisciplinary program focuses on the effect of law on society as well as the ways in which social forces influence the legal system. The idea is that students will understand the law if they look beyond “law on the books” to “law in action.” Thus, it is important to study key legal institutions such as the legal profession, the judiciary, juries, the police, legislatures, and administrative agencies. In addition, the minor introduces students to legal policies like plea bargaining and the death penalty, and the constitutional principles that underlie political debates about them, e.g., equal protection, due process and privacy.

The requirements for the minor include seven courses (28 units). All students are required to take POSC 130 Law, Politics, and Public Policy. Three component political science upper division courses are required, one from each category:

1. Core – POSC 130
2. Constitutional Law – POSC 340, POSC 426 or POSC 444
3. International Law – POSC 345 or POSC 448a
4. Policy Analysis – POSC 333, POSC 347, POSC 395, POSC 432, POSC 435, POSC 436, POSC 440, POSC 441, POSC 442, POSC 443, POSC 448b or POSC 452
5. Humanistic/Historical – PHIL 340, PHIL 430
6. Sociology – SOCI 351 or SOCI 353
7. Other – ANTH 345, COMM 421, ECON 434, LAW 200x or PSYC 355

At least four classes must be unique to the minor. Political science majors must take upper-division courses only from categories 5, 6 and 7. Non-political science majors must take at least one upper-division course from 5, 6 or 7.

**Race, Ethnicity and Politics Minor**

The interdisciplinary minor in race, ethnicity and politics helps students analyze and critically evaluate contemporary race relations and how race matters in politics today.

*Requirements: Five courses (20 units)\**

All students are required to take POSC 421 Ethnic Politics. In addition, students must also take one course from each category: Race and Gender in a Global Context, Comparative Racial Politics, Social/Historical (Racial Perspective) and Racial Formation. The following is a list of courses that fulfill each category.

CORE REQUIREMENT		UNITS
------------------	--	-------

POSC 421	Ethnic Politics	4
----------	-----------------	---

POLITICAL SCIENCE UPPER DIVISION COURSES		UNITS
--	--	-------

Choose one course from each of the groups below:

*Race and Gender in a Global Context*

POSC 350	Politics of Latin America	4
POSC 351	Middle East Politics	4
POSC 352	Politics of Southeast Asia	4
POSC 354	Japanese Politics	4
POSC 356	Politics in the People's Republic of China	4
POSC 358	Politics of Sub-Sahara Africa	4
POSC 430	Political Economy of Mexico	4
POSC 431	Political Economy of Central America	4
POSC 452	Critical Issues in Law and Public Policy	4
POSC 456	Women in International Development	4
POSC 464	Politics of Russia and Eastern Europe	4

*Comparative Racial Politics*

POSC 320	Urban Politics	4
POSC 328	Asian American Politics	4
POSC 424	Political Participation and American Diversity	4
POSC 427	Black Politics in the American Political System	4
POSC 428	Latino Politics	4
POSC 441	Cultural Diversity and the Law	4
POSC 442	The Politics of Human Differences: Diversity and Discrimination	4
POSC 444	Civil and Political Rights and Liberties	4

**ELECTIVES**

**UNITS**

Choose one course from each of the groups below:

*Social/Historical*

HIST 265	Understanding Race and Sex Historically	4
HIST 318	Early American Indian History	4
HIST 341	American Social History	4
HIST 347	Urbanization in the American Experience	4
HIST 357	The New South	4
SOCI 142	Diversity and Racial Conflict	4
SOCI 155	Immigrant America	4
SOCI 342	Race Relations	4
SOCI 432	Racial and Ethnic Relations in a Global Society	4

*Racial Formation*

AMST 301	America, the Frontier, and the New West	4
AMST 320	Social Construction of Race and Citizenship	4
AMST 365	Leadership in the Community – Internship	4
AMST 385	African American Culture and Society	4

\*Political science majors are required to take seven courses (28 units).

Political science majors must take four courses (at least three must be upper division) from the Social/Historical and the Racial Formation categories. At least four classes must be unique to the minor and not taken for additional major, minor or general education credit.

**Political Organizing in the Digital Age Minor**

The digital environment is changing the face of political organization, both in domestic American electoral politics and in the methods used by transnational social movements to call attention to problems around the globe. Howard Dean's use of the Internet to fund his 2004 presidential campaign has made other candidates aware of the political power of the Web in fundraising and grass-roots orchestration of local (and “global”) events.

This minor should be of interest to students majoring in international relations, political science or other programs who plan to use technology to affect contemporary national and international affairs. As with all minors, students must choose four courses dedicated exclusively to this minor and four courses outside their major departments. These may, but need not be, the same four courses.

This minor is intended to help students engage in domestic and international political organizing by creating Websites, podcasting and using other new technologies. It should help students secure internships and jobs with political and international organizations, and generally improve their abilities to change the world.

**COURSE REQUIREMENTS** **UNITS**

Choose one class from each of the following five lists:

*I. Domestic Political Organizing*

POSC 315	Regulation of Elections and Political Finance	4
POSC 335	Political Parties, Campaigns, and Elections	4
POSC 422	Political Attitudes and Behavior	4
POSC 424	Political Participation and American Diversity	4
POSC 437	Mass Media and Politics	4

*II. Transnational Social Movements*

IR 305	Managing New Global Challenges	4
IR 306	International Organizations	4
IR 324	Multinational Enterprises and World Politics	4
IR 371	Global Civil Society: Non-State Actors in World Politics	4

*III. New Technologies in Organizing*

ITP 304	Technologies for Building Online Political Campaigns	4
---------	--	---

*IV. The Context of Political Organizing*

COMM 321	Communication in the Virtual Group	4
COMM 489	Campaign Communication	4
IR 308	Globalization: Issues and Controversies	4
IR 325	Rich and Poor States in the World Political Economy	4
IR 330	Politics of the World Economy	4
IR 444	Issues and Theories in Global Society	4

POSC 300	Principles, Institutions, and Great Issues of American Democracy	4
POSC 345	International Law	4
POSC 371	The Non-profit Sector and the Public Interest	4
POSC 427	Black Politics in the American Political System	4
POSC 428	Latino Politics	4
POSC 451	Politics of Resources and Development	4
POSC 456	Women in International Development	4
PPD 372	Public Service in an Urban Setting	4

*V. Capstone Class*

The capstone class allows students to engage more deeply in one of the contributing areas of study.

COMM 487	Communication and Global Organizations	4
IR 327	International Negotiation	4
ITP 413x	Interactive Web Development	4
POSC 395	Directed Governmental and Political Leadership Internship	4

Total: Five courses, 20 units

**Interdisciplinary Russian Area Studies Minor**

See Department of Slavic Languages and Literatures, page 466.

**Critical Approaches to Leadership Minor**

See the Department of Interdisciplinary Studies, page 375.

**Political Science Honors Program**

The department offers an honors program for outstanding undergraduate students in the junior and senior years. The two semester program emphasizes a specialized topic (a different area each year) in political science. The organization of the course during the first semester follows the seminar model, emphasizing independent research, discussion, and oral and written reports. In the second semester, the student is required to write a thesis under the direction of a faculty member.

Students are admitted to the program after careful screening on the basis of their academic record and a personal interview. Classes are limited to about 10 students.

The department also offers an honors sequence for freshmen and sophomores, POSC 190ab. The first semester is a small seminar of about 10 students. The second semester is a continuation with a major research paper due as the final.

**Political Science Honor Societies**

There are two honor societies of special interest to political science majors. Pi Sigma Alpha stimulates scholarship and interest in the subject of government by providing tangible recognition to students who have excelled in the field. Political science majors are eligible to join after successful completion of at least three upper division courses in political science. An overall grade point average of 3.5 or higher is required, with a minimum of 3.5 in all political science classes.

The second honor society is Blackstonians. This is a pre-law honor society for undergraduate students designed to recognize academic excellence, assist the student in his or her preparation for law school, and expand the knowledge of the legal profession. Membership is restricted to students who have completed at least 32 units (16 of which must be from USC), but not more than 118 units, and have maintained at least a 3.5 grade point average.

**Mock Trial Team**

The department hosts the USC Mock Trial Team. This trial advocacy training program is designed to develop students' knowledge of substantive areas of civil law, criminal law and evidence. Additionally, public speaking skills are honed and societal mores are explored. Legal concepts, sociocultural theory and presentational skills are then applied through participation in courtroom advocacy competitions nationwide and local public interest advocacy assignments. Academic credit is earned through POSC 398. Membership on the team is required to enroll.

## Graduate Degrees

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

All graduate students are required to maintain regular contact with the graduate coordinator to assure compliance with departmental regulations.

**Master of Arts in Political Science and International Relations**

Only students who have a degree objective of obtaining the Ph.D. will be admitted into the Political Science and International Relations

program. However, interested students can obtain a M.A. degree while pursuing the Ph.D. The degree is awarded upon successful completion of (a) 28 units, including three of the five courses in the program's core theory and methodology sequence, a master's thesis and registration in POSC 594ab or IR 594ab; and (b) the approval of the master's thesis by the thesis committee.

### Juris Doctor/Doctor of Philosophy in Political Science and International Relations

Application deadline (for Ph.D.): December 1

The Political Science and International Relations program and the USC Gould School of Law jointly offer a dual degree program leading to the J.D./Ph.D. degree. Applicants must apply to the Political Science and International Relations program and the law school and meet the requirements for admission to both. In addition to the LSAT, students interested in this program are required to take the Graduate Record Examinations (GRE).

In the first year students take their course work in the law school exclusively. To earn the J.D., all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year.

The associate dean may make exceptions to this rule for students enrolled in law honors programs. The second and third years include a total of 40 units of courses in political science and international relations and 40 units of law. Students must complete a five-course core theory and methodology sequence. They must include a classics-oriented, two-semester political, social, comparative and international theory sequence (currently POSC 530 and IR 500), a multivariate statistics course (such as IR 514 or POSC 600) and a philosophies/methodologies in social inquiry course (IR 513 or POSC 500). Finally in their second, third or fourth year, they must take an approved advanced research methods course.

To obtain a Ph.D. in Political Science and International Relations, students must pass the screening process. After the completion of required field course work with a grade of B or better, a substantive paper or USC M.A. thesis relevant to the program, students must take a Ph.D. qualifying examination in two of their three fields of concentration. The third field will be completed by taking at least three courses and passing each with a grade of B or better. The final requirement, following successful completion of the qualifying examination, is a doctoral dissertation.

## Courses of Instruction

### POLITICAL SCIENCE (POSC)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**POSC 100 Theory and Practice of American Democracy (4)** Theoretical, institutional, and functional aspects of American national, state, and local government and politics; contemporary issues. Recommended for freshmen and sophomores.

**POSC 110 Ideology and Political Conflict (4)** Modern political ideologies; their assumptions, perceptions, and prescriptions regarding political stability and social injustice: anarchism, communism, socialism, liberalism, conservatism, and fascism.

**POSC 120 Comparative Politics (4)** Gateway to the major in political science. Comparative analysis of political institutions and processes in selected industrial, developing and socialist countries, in terms of contrasting ideologies, parties, elites, and economies.

**POSC 130g Law, Politics and Public Policy (4)** Interaction between law and politics; overview of the American legal system; value conflicts and public policy questions which arise within it. *Concurrent enrollment*: WRIT 140.

**POSC 165g Modern Times (4)** Explores the current major social and political issues that confront scholars, leaders, and citizens in today's modern world. *Concurrent enrollment*: WRIT 140.

**POSC 190ab Politics and Society (4-4)**  
*a*: Honors seminar for freshmen and sophomores. *b*: Continuation of work begun in first semester. Open only to freshman and sophomore Political Science majors only.

**POSC 201x Law and Politics: Electing a President (4)** (Enroll in LAW 201x)

**POSC 210gm Social Issues in Gender (4)** (Enroll in SWMS 210gm)

**POSC 220g Critical Issues in American Politics (4)** Examination of enduring political issues, as well as the political processes and institutions. *Concurrent enrollment*: WRIT 140.

**POSC 248g International Human Rights (4, FaSpSm)** Overview of human rights controversies across the globe. Introduction to techniques of analysis for social issues, interdisciplinary research methods, and interpretation of complex political problems.

**POSC 250 Critical Issues in Comparative Politics (4)** Critical analysis of major issues in comparative politics such as dependency, crises in political legitimacy, political violence and terrorism, political corruption, genocide, and comparative revolutions.

**POSC 255g Cultures, Civilizations and Ethnicities in World Politics (4)** Theories and case studies of conflict and coexistence between cultures, civilizations and ethnic groups in the context of the countervailing force of Western socio-economic globalization.

**POSC 260 Global Ethnic Politics (4)** A comparative analysis of multi-ethnic societies through case studies of inter-ethnic conflict and coexistence, conflict resolution, prevention of genocide and defense of human rights.

**POSC 265g Environmental Challenges (4, Fa)** Examination of the challenges of environmental problem-solving at the personal, local, national and global scales, focused on the issue of climate change.

**POSC 270 Introduction to Environmental Law and Politics (4, Sp)** Overview of environmental policy, law and politics at the international, domestic and local levels. Social science gateway to the environmental studies major. (Duplicates credit in POSC 347.) *Prerequisite*: ENST 100.

**POSC 300 Principles, Institutions, and Great Issues of American Democracy (4)** Underlying principles of American democracy; major issues of contemporary public policy in national and state institutions.

**POSC 311 Political Analysis (4)** Methodological and theoretical problems of micro-analytic studies in political science. Techniques of data collection and assimilation.

**POSC 315 Regulation of Elections and Political Finance (4)** The role money plays in elections and public decisions: disclosure requirements, limits on campaign contributions and expenditures, regulation of radio/television time, tax incentives, public funding.

**POSC 320 Urban Politics (4)** Evolution of contemporary institutions; differing views of community power; major policies; state and federal relations to local governments; metropolitan community problems.

**POSC 321 Urban Political Problems (4)** Social problems and governmental policy in the urban environment, emphasizing such problem areas as education, environment, race, police and the system of criminal justice, and poverty.

**POSC 322 Social Construction of Race and Citizenship (4, FaSp)** (Enroll in AMST 320)

**POSC 323 Applied Politics: Civic Engagement and Leadership (4, Sp)** Provides students with the knowledge and skills necessary to become active in politics based on understanding the history, theory, and practices of public participation.

**POSC 325 State Politics (4)** American state politics from a comparative perspective. Examines political processes, differing policy outcomes and the impact of social change on system performance.

**POSC 328 Asian American Politics (4, FaSp)** Examines political attitudes, behavior and participation of Asian Americans in diverse U.S. society.

**POSC 333 Stigma and Society: Physical Disability in America (4)** Political activity involving disabled persons; development of public policy regarding disabled citizens. (Duplicates credit in former POSC 233.)

**POSC 334 Interest Groups and Elite Behavior (4)** Introduction to interest group and elite views of the American system, including recent interest group theory and findings and the general critiques of power distribution in American society.

**POSC 335 Political Parties, Campaigns, and Elections (4)** Organization and function of political parties, nominations and elections, strategy and tactics of campaigning, professional candidate management finance, political machines, voting behavior.

**POSC 340 Constitutional Law (4)** Development of constitutional law by the courts; leading cases bearing on major constitutional issues; the federal system; powers of government; civil liberties.

**POSC 345 International Law (4)** Nature, origin, and development of international law; basic principles analyzed and illustrated with cases.

**POSC 347 Environmental Law (4)** Introduces students to central concepts and theories in environmental law and regulation; analyzes present environmental laws and regulations.

**POSC 349 Women and the Law (4, Fa)** (Enroll in SWMS 349)

**POSC 350 Politics of Latin America (4)** Theories of development and nation-building; revolutionary and evolutionary modernization; role of history, culture, socioeconomic conditions in affecting political structures and functions.

**POSC 351 Middle East Politics (4)** Political development in the Middle East, emphasizing historical, cultural, and socioeconomic conditions affecting political structures and functions; modernization and countervailing social, economic, and religious forces.

**POSC 352 Politics of Southeast Asia (4)** Theories of development and nation-building; revolutionary and evolutionary modernization; role of history, culture, socioeconomic conditions in affecting political structures and functions.

**POSC 354 Japanese Politics (4)** Contemporary Japanese politics, political economy, and political processes. How political systems are organized; roles of bureaucrats, politicians, interest groups, and social activists in policy-making. *Recommended preparation:* POSC 120.

**POSC 355 Politics of East Asia (4)** Institutions and processes of advanced societies; political culture, interest articulation and aggregation, the governmental process.

**POSC 356 Politics in the People's Republic of China (4)** The Chinese revolution; social, political, and economic developments in post-1949 China; China after Mao Zedong (Mao Tse-tung).

**POSC 358 Politics of Sub-Saharan Africa (4)** Theories of development and nation-building; revolutionary and evolutionary modernization; role of history, culture, socioeconomic conditions in affecting political structures and functions.

**POSC 360 Politics of Anglo-American Political Systems (4)** Institutions and processes of advanced societies; political culture, interest articulation and aggregation, the governmental process.

**POSC 363 Cities and Regions in World Politics (4)** Cities and the rise of states; globalization and localization; federalism and decentralization; comparative politics of urban regions in developed and developing countries. *Recommended preparation:* comparative or urban politics.

**POSC 365 World Political Leadership (4)** Comparative analysis of theories of power and leadership; application to leaders from western democracies, Third World, and socialist countries. Societal consequences of their policies.

**POSC 366 Terrorism and Genocide (4)** Comparative analysis of the determinants of political violence, terrorism, and genocide and their social and moral consequences; application of theories to contemporary case studies.

**POSC 370 European Political Thought I (4)** Basic concepts of Western political thought from Plato through the contract theorists.

**POSC 371 European Political Thought II (4)** Western political thought since the French Revolution. Rise of Marxist socialism, communism, anarchism, fascism, National Socialism, other doctrines; the democratic tradition; new theories of the state.

**POSC 374 The American Founders: Visions, Values and Legacy (4)** Analysis of the political thought of the American Founders; consideration of alternative visions of patriarchalism, republicanism, and liberal democracy; exploration of Founders' core values and their impact on issues of race, class, and gender.

**POSC 375 American Political Thought (4)** Historical and topical review of American political philosophy from the Puritans to the present. Special emphasis on such recurrent themes as equality, democracy, and racism.

**POSC 377 Asian Political Thought (4)** Major systems of political thought in Chinese, Japanese, and other Asian cultural traditions. Confucianism, Buddhism, Islam, and other classical systems and their present-day adaptations under the impact of communism and democracy.

**POSC 380 Political Theories and Social Reform (2 or 4)** Political theories and philosophies in modern times and their relation to public policy and social reform.

**POSC 381 Sex, Power, and Politics (4)** An evaluation of the ways in which different ideologies, institutions, and policies contribute to differences in political power between men and women.

**POSC 385 Population, Society, and Aging (4)** (Enroll in SOCI 385)

**POSC 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**POSC 391 Honors I: Undergraduate Seminar (4, Fa)** Selected topics in designated area of political science. Discussion of readings and presentation of papers.

**POSC 392 Honors II: Undergraduate Thesis (4, Sp)** Thesis written under supervision, based on research begun in Honors I.

**POSC 395 Directed Governmental and Political Leadership Internship (2-8, max 8)** Intensive experience in governmental and political offices. Minimum time requirement; evaluation by office and intern report required. Permission of the Director of the Institute of Politics and Government required.

**POSC 398L Trial Advocacy: Theory and Practice (1, 2, 4, max 8, FaSp)** Course covering substantive law, evidence, public speaking and use of societal mores in courtroom advocacy. Open only to Mock Trial team members.

**POSC 420 Practicum in the American Political Process (4)** Fieldwork in governmental institutions and processes.

**POSC 421 Ethnic Politics (4)** Analysis of the political behavior and roles of ethnic and racial groups in the American political system; public policy issues and patterns of political action are examined.

**POSC 422 Political Attitudes and Behavior (4)** The citizen's political world; political socialization, opinion formation and dissemination; development of political cultures and subcultures; political mobilization; personality and politics.

**POSC 423 Presidents and the Presidency (4)** Presidential coalition; sources of presidential power; recent leadership styles; decision-making within the presidency.

**POSC 424m Political Participation and American Diversity (4, Fa)** Examines how diverse groups in the U.S. interact with the American political system.

**POSC 425 Legislative Process (4)** Individual behavior and decision-making within legislatures; changing executive-legislative functions; legislative functions; relationships to political systems in comparative perspective.

**POSC 426 The United States Supreme Court (4)** Role of the court in American politics; overview of major decisions; the politics of appointment; the process of decision-making; impact of judicial decisions. *Recommended preparation:* POSC 130.

**POSC 427 Black Politics in the American Political System (4)** The effects of the organization of the American political system and its operations on blacks and other minorities.

**POSC 428 Latino Politics (4, Fa)** Analysis of the historic and contemporary roles of Latinos in the American political system; patterns of political participation and representation are examined.

**POSC 430 Political Economy of Mexico (4)** Examination of contemporary Mexico: the role of the state in the Mexican economy; development of the government party and opposition groups.

**POSC 431 Political Economy of Central America (4)** Focus on economic, social, and political structures and processes in the region and in specific countries, especially Guatemala, El Salvador, and Nicaragua.

**POSC 432 The Politics of Local Criminal Justice (4)** Roles and behavior of major legal and political participants in the criminal justice system including the police, the legal profession, judges, and the public.

**POSC 435 Politics and the Economy (4)** Major techniques, politics, and values involved in the allocation of social and economic resources. Includes such topics as determination of priorities in budgetary processes, economic regulation, control of environmental change, and policies for science.

**POSC 436 Environmental Politics (4)** The political realities of selected environmental issues; resolving and implementing social priorities; interests, attitudes, strategies, and tactics of pressure groups; institutional biases and opportunities.

**POSC 437 Mass Media and Politics (4)** Analysis of political content of mass media. Audience response to alternative sources of political information. Consideration of the institutional and economic as well as political aspects of the mass media.

**POSC 439 Critical Issues in American Politics (4)** Intensive examination of critical issues of particular interest in the field of American politics.

**POSC 440 Comparative Law and the Judicial Process (4)** Analysis of courts in comparative perspective; judicial decision-making and development of public policy through the judicial process; theories of law and jurisprudence. *Recommended preparation:* POSC 340.

**POSC 441m Cultural Diversity and the Law (4)** Jurisprudential approach to the study of cultural differences. Consideration of circumstances under which law should accommodate cultural diversity in the United States and abroad.

**POSC 442m The Politics of Human Differences: Diversity and Discrimination (4)** A comparative perspective on social and cultural forces that affect American laws and policies concerning discrimination on the basis of race or ethnicity, gender, sexual orientation, age, and disability.

**POSC 443 Law in Film (4)** Analysis of the depiction of law in film; use of film to explore topics in jurisprudence and the politics of law and courts. *Recommended preparation:* POSC 130.

**POSC 444 Civil and Political Rights and Liberties (4)** An examination of debates and controversies surrounding the nature and scope of civil rights and civil liberties. *Recommended preparation:* POSC 340 or POSC 440.

**POSC 448ab The Politics of Peace (4-4)** Issues of social justice, large-scale social change, high technology, impacts on human survival, and uses of national and international institutions. *a:* Human rights. *b:* Arms limitation, control, and disarmament.

**POSC 449 Political Psychology (4)** Psychological forces shaping politics and persons, processes and interactions; emphasis on political socialization and cognitive and affective orientations to politics.

**POSC 450 Political Development (4)** Choice of models in nation-building; party and other means of mass mobilization; elite recruitment and differentiation; peculiarities of cultures and subcultures; integration of ethnic and other minorities; political socialization and secularization; legitimization.

**POSC 451 Politics of Resources and Development (4)** Comparison of relationships between rich and poor countries involving political and economic resources and prospects for development; impact on industrialized states; interdependence; new international economic order.

**POSC 452 Critical Issues in Law and Public Policy (4)** Intensive examination of special topics in the field of law and public policy.

**POSC 453 Political Change in Asia (4)**

Modernization and political development in China and Japan; Asia's economic "miracles" (Taiwan, Japan, Korea, etc.); nationalism and communist movements in East and South-east Asia.

**POSC 456 Women in International Development (4)** How various developmental theories analyze the role of women as producers and how Third World women are increasing their role in development.

**POSC 463 European Politics (4)** Institutions, cultures and politics of western Europe, eastern Europe and Russia; internationalization; historical and contemporary political, economic, and social change.

**POSC 464 Politics of Russia and Eastern Europe (4)** Culture, society, and politics in Russia and in Eastern Europe. Contemporary political institutions and processes.

**POSC 469 Critical Issues in Comparative Politics (4)** Intensive examination of critical issues of particular interest in the field of comparative politics.

**POSC 476 Contemporary Political Thought (4)** 20th century political philosophy dealing with major movements in psychological, existential, socialist, and nationalist thought as they bear upon the crisis of political authority in our time.

**POSC 479 Critical Issues in Political Thought (4)** Intensive examination of critical issues of particular interest in the field of political thought.

**POSC 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**POSC 499 Special Topics (2-4, max 8)**

**POSC 500 Methods of Political Science (4)** Empirical political research: social science logic; theory construction; measurement; research design; sampling; data generation; secondary analysis; report and proposal writing; research ethics.

**POSC 510 American Politics and Policy Processes (4)** Survey of literature; examination of approaches, concepts, and issues in the field of American politics and policy processes.

**POSC 512 Linkage Politics (4)** Empirical and theoretical investigations of the points at which subnational, national, and international politics converge, overlap, or are otherwise interdependent.

**POSC 519 Field Research Methods in Comparative Politics and International Studies (4)** (Enroll in IR 519)

**POSC 520 Comparative Politics (4)** Survey of literature; examination of approaches, concepts, and issues in the field of comparative politics.

**POSC 525 Cities, Regions and Global Society (4)** Comparative and historical examination of cities and regions as political settings, as elements of states and international relations, and as sites of transnational economic and social change.

**POSC 530 Political Theory (4)** Survey of literature; examination of approaches, concepts, and issues in the field of political theory.

**POSC 535 Seminar in North African and Middle Eastern Politics (4)** Comparative and area study approaches, nation-building; political cultures; mobilization of human and natural resources; political recruitment, integration, socialization, and conflict.

**POSC 539 Political Economy and Public Policy (4)** (Enroll in PEPP 539)

**POSC 540 Law and Public Policy (4)** National and comparative approaches to law and politics in organized societies; law as a policy science; administration of justice; political forces influencing legal change.

**POSC 545 Critical Issues in Politics and Policy (4, Fa)** Selected topics in politics and policy; focus on current issues shaping the U.S. and the world.

**POSC 546 Seminar in Environmental Policy (4)** Issues and theories involved in the formulation, implementation, and effectiveness of different environmental policies.

**POSC 554 Women in Global Perspective (4)** (Enroll in SWMS 554)

**POSC 556 Seminar in Disability and Rehabilitation Policy (4)** Examination of physical disability as a policy issue from a cross-national and multidisciplinary perspective; attitudes toward disability; income maintenance, health care, and related programs.

**POSC 560 Feminist Theory (4)** (Enroll in SWMS 560)

**POSC 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**POSC 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**POSC 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**POSC 599 Special Topics (2, 4, 8, max 8, FaSpSm)** Subjects in one or more fields in Political Science.

**POSC 600 Seminar in Advanced Research Methods (4)** Multivariate analysis of data, computer applications, and research report preparation; multiple regression; analysis of variance; factor analysis and related techniques; time series analysis. *Prerequisite:* POSC 500.

**POSC 610 Seminar in Political Parties (4)** Parties and the political system; formal and informal organization and roles; comparative party systems.

**POSC 611 Seminar in the Executive and Legislative Processes (4)** Selected research topics; comparative analyses.

**POSC 612 Seminar in Urban Politics (4)** Problems of government and politics in urban, county, and metropolitan areas. Comparative community politics.

**POSC 618 Seminar in Problems of American Politics (4)** Theoretical and methodological problems in American politics with emphasis on emerging research paradigms.

**POSC 619 Seminar in Supreme Court Politics (4)** Role of the Supreme Court in the American political system. Influences on judicial decision making; appointment and decision making processes; scope of judicial power. *Recommended preparation:* POSC 540.

**POSC 621 Seminar in Public Law (4)** Problems and research in American constitutional and administrative law and in modern jurisprudence.

**POSC 622 Seminar in Political Attitudes and Behavior (4)** Determinants, nature, and consequences of political attitudes and behavior exploring psychological-sociological models, political socialization and learning, and factors affecting trends in attitudes and behavior.

**POSC 623 Seminar in American Constitutional Development (4)** Evolution of American constitutional law; the influence of social, economic, and political changes on constitutional interpretation. *Prerequisite:* POSC 510 or POSC 540.

**POSC 624 Seminar in American Constitutional Law and Theory (4)** Contemporary debates and research on the nature of constitutional interpretation, separation of powers, federalism, civil and political rights and liberties.

**POSC 630 Seminar in European Politics (4)** Selected research topics in comparative European politics; political culture, socialization, parties, legislative and executive processes.

**POSC 632 Seminar in Latin-American Politics (4)** Comparative analysis of the political structure and institutions of Latin America; participation and alienation; democracies and dictatorships; political forces.

**POSC 633 Seminar in East Asian Politics (4)** Comparative analysis of revolutionary and evolutionary modernization; the roots of political thought and behavior; peripheral area relationships; present-day political processes.

**POSC 634 Seminar in Southeast Asian Politics (4)** Comparative analysis of political forces, ideologies, processes, and institutions.

**POSC 636 Seminar in African Politics (4)** Comparative analysis of political forces, ideologies, and institutions in African nations south of the Sahara.

**POSC 637 Seminar in Chinese Politics (4)** Guided research and discussion on the governmental process in the People's Republic of China including leadership, ideology, and popular participation.

**POSC 640 Seminar in Problems of Comparative Politics (4)** Theoretical and methodological problems in comparative politics; approaches to comparative analysis; problems and trends.

**POSC 641 Seminar in Comparative Judicial Policies, Processes, and Behavior (4)** Cross-national and intranational comparative analysis of judicial policies and processes; legal and judicial elites.

**POSC 648 International Human Rights Law and Policy (4)** Historical and contemporary consideration of human rights issues in world politics. Examination of the philosophical foundations of human rights and the institutions that enforce international standards.

**POSC 650 Seminar in Western Political Philosophy (4)** Research and special problems.

**POSC 651 Seminar in Non-Western Political Philosophy (4)** Research and special problems.

**POSC 652 Seminar in American Political Philosophy (4)** Research and special problems.

**POSC 660 Seminar in Problems of Contemporary Political Thought (4)** Research and special problems.

**POSC 670 Seminar in International Law (4)** Topics and cases illustrating general principles and problems. Special research.

**POSC 695 Social Science Theory (4)** Philosophic foundations of social science, empirical theories current in social science; the relationship between empirical theory and social research.

**POSC 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**POSC 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Political Science and International Relations

Von KleinSmid Center 309  
(213) 740-6998  
FAX: (213) 740-8542  
Email: [skatada@usc.edu](mailto:skatada@usc.edu)  
[usc.edu/poir/program](http://usc.edu/poir/program)

*Director:* Saori Katada, Ph.D.

### Doctor of Philosophy in Political Science and International Relations

#### *Graduate School Requirements*

The Ph.D. degree is awarded to students who have demonstrated in-depth knowledge of the disciplines of political science and international relations and the ability to make an original research contribution. The degree requirements are fulfilled by successfully completing a minimum of 60 units beyond the B.A., the Ph.D. screening process, three fields of concentration, a substantive paper, a foreign language requirement (if applicable), qualifying examinations, a dissertation proposal, and a written dissertation and its oral defense.

#### *Admissions*

The faculty of the Department of Political Science and the School of International Relations welcome talented candidates from a variety of backgrounds. Although a prior degree in political science or international relations is not necessary, it is strongly recommended that applicants have completed at least some course work in related fields, including political theory, statistics and social science research methods.

Admission decisions are based on consideration of applicants' prior academic performance, as reflected in course grades, the results of the Graduate Record Examination, letters of recommendation, and a statement of intent that demonstrates a seriousness of purpose, a high level of motivation and a desire to benefit from our faculty's areas of expertise or interest. Applicants also are required to submit a sample of their written work in English, preferably a research-oriented paper. Business, government and other practical experiences may also be taken into account.

Applicants whose native language is not English must take the TOEFL examination.

#### *Screening Process*

Before completion of 24 units, students will be reviewed by a screening committee made up of the program director, one teacher of one of the core courses and one professor nominated by the student. This committee will review the student's progress, including grades and written faculty evaluations of course work.

The committee will be responsible for deciding, at an early stage in the student's career, if the student is likely to finish the Ph.D. program. After reviewing the student's record, the committee may decide to (1) continue the student, (2) not continue the student and admit the student into a terminal M.A. degree program, or (3) fail the student's performance in the screening process, i.e., not continue the student in either the M.A. or Ph.D. programs.

*Course Requirements*

All doctoral candidates must complete an approved sequence of four courses in core theory and methodology, including a classics-oriented course in political theory, a multivariate statistics course, a philosophies/methodologies of social inquiry course, and a course in advanced research methods.

The selection of additional courses should be guided by the distribution requirements of the Ph.D. program. The student will choose three fields of concentration. Each field of concentration requires completion of at least three graduate level courses, including the core course in standard fields, with an average grade consistent with university and program requirements. Additional courses necessary to complete the 60 units required by the Graduate School should be taken in consultation with faculty advisers and the *Guidelines for Graduate Study in Political Science and International Relations*.

*Fields of Concentration*

The standing fields of concentration include: American politics; comparative politics; international political economy; and international security and foreign policy. The candidate must satisfy two of these four standing fields by passing a written field qualifying examination. The student may satisfy the third field by completing three courses in one of these four, or may propose another customized field of study to be approved by relevant faculty and the Ph.D. program director and steering committee. For example, students can design a third field that cuts across disciplinary boundaries or focuses on specific areas of political science and international relations beyond the standing fields. The guidelines and program director can provide illustrations of this type of third field.

*Foreign Language*

The student is required to demonstrate intermediate proficiency in a language other than English if the student's primary field requires it. Students should consult the guidelines and the program director.

*Substantive Paper*

To show evidence of the capacity to conduct original research and before taking the qualifying exam, each student will submit a substantive paper. The student, in consultation with the chair of his or her guidance committee, will distribute the substantive paper to all members of the guidance committee at least 14 days prior to the oral defense of the qualifying examinations. The substantive paper should be presented and defended in the oral component of the qualifying examination as a viable journal submission to a peer-reviewed professional journal. It is strongly encouraged that the paper should be submitted to a professional journal approved by the student's adviser within one year of the defense.

*Qualifying Examinations*

Ordinarily, students will take the qualifying exams no later than the fifth semester in the Ph.D. program. Students will be examined in two of their three fields of concentration. The third field will be completed by taking at least three courses and passing them with an average grade consistent with university and program requirements. The guidance committee will evaluate the quality of these two written exams as evidence of the capacity to define and complete a Ph.D. dissertation.

The written examinations are closed book and will be administered over two days at least once per academic year. Examination questions will be written by a committee of the tenure track faculty in each field. The director of POIR graduate studies (program director), in consultation with the chair of the Department of Political Science and the director of the School of International Relations, will appoint one faculty member from each field to coordinate the writing of the relevant field exam. The field exam coordinators will then seek assistance from other faculty in their field, including those with whom the student has studied, to compose the written examination questions.

The oral portion of the student's qualifying examination will be administered by his or her guidance committee. The oral examination will be based on the student's two written field exams and the substantive paper.

The guidance committee will be made up of five members. Two members, one from each standing field, will be designated by the director of the Ph.D. program in consultation with the student's principal adviser. In consultation with his or her principal adviser, the student will select the other two field examiners and the outside member of the guidance committee. Final approval of the guidance committee requires the signature of the program director.

Students will pass the qualifying examinations if no more than one member of the committee dissents after reviewing the student's record at USC and performance on the written and oral parts of the qualifying exams. At the discretion of the examination committee, students who do not pass the exams may be allowed to retake the qualifying exams the next time they are offered. Students are admitted to candidacy for the Ph.D. when they have completed the university residency requirement and passed the written and oral portions of the Ph.D. qualifying examinations.

*Dissertation*

Upon completion of the qualifying examinations, the student, in consultation with the principal adviser, selects a dissertation committee in accordance with university rules. Within six months of completing the qualifying examinations, students should have a formal defense of the dissertation proposal before their dissertation committee. The Ph.D. is earned upon the submission of the written dissertation and its successful defense before the dissertation committee.

Consult the Requirements for Graduation section (page 86) and the Graduate School section (page 97) of this catalogue regarding time limitations for completion of the degree and other Graduate School requirements.

All graduate students considering an academic career should generally have research, teaching and advisement experiences as part of their program of study.

## Courses of Instruction

### **POLITICAL SCIENCE AND INTERNATIONAL RELATIONS (POIR)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**POIR 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

---

## Jesse M. Unruh Institute of Politics

---

Von KleinSmid Center 263  
 (213) 740-8964  
 FAX: (213) 740-3167  
 Email: [unruhins@usc.edu](mailto:unruhins@usc.edu)  
[dornsife.usc.edu/unruh](http://dornsife.usc.edu/unruh)

*Director:* Dan Schnur, B.A.

*Deputy Director:* Kerstyn Olson, M.A.

The Jesse M. Unruh Institute of Politics sponsors events designed to introduce students to the world of practical politics. Each semester, the institute facilitates internships with government, political and advocacy offices in the Los Angeles metropolitan area and beyond. The institute also sponsors a lecture series that brings prominent political and governmental leaders to USC to speak to small groups of students in an informal setting. In the spring, the institute organizes a seminar in Sacramento at which USC students meet with legislators, lobbyists and members of the media to discuss important issues in state politics.

### Political Student Assembly

The Unruh Institute of Politics works closely with the Political Student Assembly (PSA). PSA was formed in January 2006 as a division of the Student Affairs Program Board and seeks to actively involve students in campus, state and national political issues.

### Directed Government and Political Leadership Internship

Students volunteer to work in one of over 500 political and governmental offices throughout the Los Angeles area, in Sacramento and in Washington, D.C., enabling them to gain firsthand political experience. As interns, students acquire basic political understanding and skills in government, campaign, media or advocacy organizations. Through their assignments, students have the opportunity to develop an understanding of the many ways in which people are important to politics and politics to people.

By gaining hands-on experience in government and politics, student interns develop real-world political and job skills to assist them in their future careers. Many talented interns are fortunate enough to secure full-time employment based upon their internship experience.

Students enroll in POSC 395 Directed Governmental and Political Leadership Internship, for two to eight units. Students can enroll in POSC 395 during the fall, spring or summer. In the summer, students can apply for institute-sponsored fellowships to help defray tuition and living expenses.

### Unruh Undergraduate Scholars

Each semester, the institute accepts a select number of undergraduates to work closely with a faculty member in the Political Science Department on a research project. These students, known as Unruh Undergraduate Scholars, must be nominated by a faculty member to participate in this program. The program provides students with knowledge and research skills that will assist them in future careers in politics and government. At the end of the semester, fellows present their research at a special seminar.

Students enroll in POSC 490x Directed Research for four units.

---

## Professional Writing Program

### Office of Advanced and Professional Programs

Mark Taper Hall 355  
 (213) 740-1384  
 FAX: (213) 740-5002  
 Email: [mpw@dornsife.usc.edu](mailto:mpw@dornsife.usc.edu)  
[dornsife.usc.edu/mpw](http://dornsife.usc.edu/mpw)

*Director:* Brighde Mullins, MFA

*Lecturers:* Nancy Cohen, M.A.; Prince Gomolvilas, MFA; Danay Goodyear, M.G. Lord; Dinah Lenney, MFA; Gina B. Nahai, MPW

The Master of Professional Writing Program develops students' mastery of craft across multiple genres and prepares students for writing careers. It is designed for students who want to explore a range of writerly possibilities, and aims to develop writing and writers across genre, including fiction, nonfiction, poetry, new media, and writing for stage and screen. Program faculty are working writers who bring their expertise to seminars, lectures and workshops.

The academic curriculum includes a range of courses that focus on all aspects of the writing life, as well as one-on-one tutorials geared to the completion of a professional quality final project. Although students will ultimately focus in one genre, the degree is specifically intended for writers interested in exploring the connections to be found in literature, entertainment and art. Program graduates include television writers, screenwriters, writers and teachers of literary fiction and poetry, Web content providers and designers, editors, publishers, and technical writers.

### Admission Requirements

Admission to the program is competitive and is based on the following: possession of a baccalaureate degree from an accredited college or university with a minimum 3.0 GPA; respectable scores on the General Test of the Graduate Record Examinations; three letters of recommendation; a writing sample including at least 20 original pages. Applicants focusing in poetry or writing for stage and screen must also submit a short prose sample of at least five original pages; this may be a college paper, essay or excerpt of short fiction. Campus visits during regularly scheduled open-houses are encouraged, but not required.

### Degree Requirements

Thirty units of work are required to earn the MPW degree. MPW 500 Survey of Professional Writing (3 units) is required and should be taken in the first semester. Fifteen additional units must be earned in the student's major genre (fiction, nonfiction, poetry, or writing for stage and screen), including MPW 592abz Professional Writing Project or MPW 594abz Master's Thesis. While taking Professional Writing Project or Master's Thesis, with advisement from their faculty mentors, students will generate their master's professional projects in their respective

genres. These projects may be a full length novel, a collection of short stories, a nonfiction manuscript, a collection of essays, a collection of poems, or a full length screenplay or stage-play. The remaining 12 units consist of electives from the MPW curriculum, and students are encouraged to choose widely.

### Progressive Degree Program in Master of Professional Writing

The progressive degree program permits exceptional undergraduate students to receive both a Bachelor of Arts and a Master of Professional Writing within five years. It is intended for students with extraordinary MPW preparation and performance who demonstrate a superior level of overall scholarship.

### Admission

Applicants may apply after the completion of 64 units of course work applicable to their undergraduate degree since graduating from high school. (AP units, IB units and course work taken prior to high school graduation are excluded). Applicants must submit their applications before completing 96 units of course work. Normally, the application is submitted in the fall semester of the third year of enrollment at USC. The application

for admission to a progressive degree program must be accompanied by a departmentally approved course plan proposal and two letters of recommendation from USC faculty members in the Master of Professional Writing program.

### Awarding of Degrees

Progressive degree program students must fulfill all of the requirements for both the bachelor's degree and the master's degree, including a professional writing project or a master's thesis. The unit requirement for the master's degree can be reduced by as much as one-third. The degrees may be awarded separately, but the master's degree will not be awarded before the undergraduate degree.

### Time Limits

The time limit for completing a progressive degree program is 12 semesters.

Further details about progressive degrees can be found on page 87.

## Courses of Instruction

### PROFESSIONAL WRITING PROGRAM (MPW)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**MPW 500 Survey of Professional Writing (3)** Analysis of genres, characteristics of narration, stylistic editing, and the role of the writer in contemporary society. Required of all MPW majors. (Duplicates credit in former MPW 900.)

**MPW 510 Writers and their Influences (3)** Exploration of the notion of influence and its effect on generating new writing.

**MPW 511 Oral History: Witness and Writing (1, max 3)** Transforming oral history into works of fiction and nonfiction, with emphasis on honoring the source material in the construction of an original narrative.

**MPW 512 Writer's Marketplace (3)** A cross-genre investigation of publishing and the marketplace, with the goal of familiarizing students with the practical aspects of writing and selling creative work. (Duplicates credit in former MPW 910.)

**MPW 515 Functional Writing for the Marketplace (3)** Practical writing and editing skills, language mechanics, and document development techniques that can be applied to reports, grants/proposals, brochures, resumes, and other workplace materials. (Duplicates credit in former MPW 950.)

**MPW 520 Writing Humor: Literary and Dramatic (3)** Analysis of the specifics of humor — wit, irony, satire, parody and farce — through examples taken from various genres; discussion/workshop on incorporating humor in students' work. (Duplicates credit in former MPW 915.)

**MPW 525 Nonfiction Strategies in Poetry and Prose (3)** A workshop devoted to shared concerns and possibilities in poems and essays, and to the development of skills as enhanced by nonfiction techniques.

**MPW 526 Writing the Review (1, max 3)** An investigation of the evolving role of the critic, focused on reviews as essays, and criticism as essential to a rich popular culture and conversation.

**MPW 527 Mash-Ups: New Ways to Tell Stories (1, max 3)** An examination of innovative storytelling, in which old and new media in tandem can extend our narrative capabilities, and connect us across the world.

**MPW 530 Techniques of Fiction Writing (3)** A nuts and bolts approach to craft, aiming to identify the requisite tools, and to develop skills necessary for writing vivid and convincing fiction.

**MPW 535 Literature and Approaches to Writing the Novel (3)** Discussion and analysis of literary classics and their influences as applicable to the writing of today's novel; development of book-length fiction. (Duplicates credit in former MPW 940.)

**MPW 537 Fiction Writing Workshop (3, max 9)** Development and analysis of book-length fiction; concentration on narration, characterization, point of view, and clarity of style. (Duplicates credit in former MPW 960.)

**MPW 538 Approaches to Writing the Novel (1, max 3)** A survey of literary classics, focusing on recurring techniques, with the goal of identifying strategies to inform the student's approach to narrative and craft.

**MPW 540 Nonfiction Writing (3, max 6)** The investigation of various forms in the genre, with attention to the literary value of thinking and making connections on the page.

**MPW 541 The Nonfiction Experience (3, max 6)** Introduction to nonfiction from reviewing to reporting to the personal essay, with a view towards creating the community essential in the solitary writer's life.

**MPW 542 Writing About Place (3, max 6)** An exploration of environment as it informs literature, fiction and nonfiction, with the understanding that a vivid evocation of place will enrich prose across genres.

**MPW 543 Writing Science (3, max 6)** Introduction to science writing with a view towards broadening approaches to storytelling in all genres.

**MPW 544 New Media: Writing Online (3, max 6)** An examination of literary forms online. Students will emulate great print stylists, shaping narrative and cultivating voice with the possibilities of new media in mind.

**MPW 545 Memoir Writing (3, max 6)** A workshop designed to hone voice, and determine the best way to approach personal narrative in cultural and historical contexts.

**MPW 546 The Personal Essay (3, max 6)** A look at first-person narrative, from memoir to criticism, with a view towards cultivating favorite writerly strategies, and then trying less comfortable forms.

**MPW 547 Selling the Nonfiction Book (3, max 6)** From the proposal to the outline, a comprehensive look at selling a book-length work of nonfiction, including the completion of a first chapter and promotional précis.

**MPW 552 Principles of Poetic Techniques (3, max 6)** Beginning analysis and practice of poetic technique, including language and imagery; forms, devices, and conventions; developing voice; use of both traditional and open forms. (Duplicates credit in former MPW 970.)

**MPW 554 Poetry Hybrids (3, max 6)** Writing and reading poetry in combination with other genres. Forms may include prose poem, verse drama, verse novel, and epic.

**MPW 557 Advanced Poetry Writing (3, max 6)** Advanced topics in poetry, including wide reading in contemporary poets. Emphasis on the development of the individual voice and subject matter. (Duplicates credit in former MPW 980.)

**MPW 560 Principles of Dramatic Structure (3, max 6)** Analysis of techniques in preparing scripts for various media; practice in adapting materials from non-dramatic forms. (Duplicates credit in former MPW 920.)

**MPW 561 Writing for Stage and Screen (3, max 6)** A workshop that examines the art and craft of writing for stage and screen.

**MPW 562 Story Conference (3, max 6)** Writing the play, teleplay or screenplay, focusing on character development and scene structure, in collaboration with the workshop. (Duplicates credit in former MPW 930.)

**MPW 567 Screenplay Workshop (3, max 6)** Reading and viewing films with an eye toward the development and completion of the first 45–60 pages of an original screenplay.

**MPW 568 Screenwriting across Genres (3, max 6)** An investigation of varieties of storytelling through creative responses to both screenplay and non-screenplay forms.

**MPW 575 In the Room: The Craft of Television Writing (1, 3, max 6)** Introduction to television writing, from pitching to polishing, with all the responsibilities of a staff writer.

**MPW 585 Seminar in Professional Writing (1 or 3, max 6)** Seminar and workshop with adjustable focus on aspects of professional and creative writing in relation to the literary marketplace.

**MPW 589 Internship: Writers in the Field (1-3, max 3)** Practical experience in the writing world. Enables students to acquire skills and knowledge that cannot be gained in the classroom. Graded CR/NC.

**MPW 590 Directed Research (1-3, max 9)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the program director. Graded CR/NC.

**MPW 592abz Professional Writing Project (3-3-0)** Supervised preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Credit upon completion of project. Graded IP/CR/NC.

**MPW 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded CR/NC.

**MPW 599 Special Topics (2-4, max 8)** Studies in specific genres, techniques or aspects of the writing craft.

*Clinical Professors:* A. Steven Frankel, Ph.D.; Ernest R. Katz, Ph.D.; Jonathan S. Kellerman, Ph.D.; Richard Woodcock, Ph.D.

*Clinical Assistant Professor:* Marian Williams, Ph.D.

*Adjunct Professors:* Lynne Bernstein, Ph.D.; Elizabeth Susman, Ph.D.

*Adjunct Associate Professor:* Joanne Steuer, Ph.D.

*Adjunct Assistant Professor:* Jasmine Tehrani, Ph.D.

*Associate Professor (Research):* Susan Luczak, Ph.D.

*Assistant Professors (Research):* Karen M. Hennigan, Ph.D.; Jonas Kaplan, Ph.D.; Gui Xue, Ph.D.

*Assistant Professor (Teaching):* Ann Renken, Ph.D.

*Assistant Professors of the Practice:* Shannon Couture, Ph.D.; Danielle Kennan-Miller, Ph.D.

*Adjunct Professor (Research):* Nancy Pederson, Ph.D.

*Adjunct Assistant Professor (Research):* Monique Fleming, Ph.D.

*Lecturers:* C. Miranda Barone, Ph.D.; William Breland, Ph.D.; Viviane Seyranian, Ph.D.

*University Professor Emeritus and William M. Keck Chair Emeritus in Psychology and Biological Sciences:* Richard F. Thompson, Ph.D.

*Emeritus Professors:* Norman Cliff, Ph.D.; William W. Grings, Ph.D.; Albert R. Marston, Ph.D.; Sarnoff A. Mednick, Ph.D.

*Emeritus Associate Professor:* Milton Wolpin, Ph.D.

#### **Academic Program Staff**

*Clinical Associates:* Caroline Bailey, Ph.D.; Brian Baucom, Ph.D.; Barbara Cadow, Ph.D.; Kenneth Cole, Ph.D.; Vivian Fernandez-Credidio, Ph.D.; Beth Leedham, Ph.D.; Michael Maloney, Ph.D.; Karen Meiselman, Ph.D.; Pamella Oliver, Ph.D.; Berta Ortiz, Ph.D.; Cynthia G. Pearson, Ph.D.; Joanne Steuer, Ph.D.; Charles Weinstein, Ph.D.

\*Recipient of university-wide or college teaching award.

The Department of Psychology offers five topical areas: (1) Cognitive, which analyzes the biological and social bases of phenomena and abilities such as appetitive behavior learning, memory, perception, decision making, social understanding, emotion, intelligence, behavior disorders, language development and language comprehension — among humans and related higher animals; (2) Developmental, which studies changes in behavior — cognitive, linguistic, social and emotional — from childhood through adolescence and adulthood into old age; (3) Clinical, which focuses on the ways people cope, or have difficulty coping, with problems in behavior, emotions, social interaction, aging, health-related behavior, and substance use and abuse; (4) Biological, which examines the biological bases of behavior, including behavioral genetics, behavioral endocrinology, and cognitive neuroscience; and (5) Social, which examines normal human nature and conduct, develops and tests theories concerning the consequences of our social condition and its potential improvement.

In addition, the department offers a joint major in linguistics/psychology and participates in the Dornsife College's interdisciplinary program in neuroscience.

Research is integral to psychology; it enables the faculty to make contributions in the field and to be more effective teachers. Undergraduate students are encouraged to work with members of the faculty on research projects. The most direct way for students to participate in research is to enroll in a directed research course, but it is also possible to take part in ongoing research in less formal ways. Further options for research training include the honors program for psychology majors and the progressive degree program that permits students to complete all requirements for both the B.A. and the M.A. degrees in psychological science in five years.

## Undergraduate Degrees

### Major Requirements for the Bachelor of Arts in Psychology

#### Grade Requirement

A grade of C- or higher is required to count a class toward major requirements.

REQUIRED COURSES, LOWER DIVISION		UNITS
MATH 116*	Mathematics for the Social Sciences	4
PSYC 100	Introduction to Psychology	4
PSYC 274**	Statistics I	4

\*At least one math course of 2.67 units or more is required. MATH 116 or a course of a comparable or higher level is required. Students with a strong math background may profit from a more advanced class.

Thirty-two upper division psychology units are required, including:

REQUIRED COURSES, UPPER DIVISION		UNITS
PSYC 314L**	Research Methods	4
PSYC 316L	Non-Experimental Research Methods	4

\*\*It is recommended that no more than two upper division psychology courses be taken prior to the completion of PSYC 274 and PSYC 314.

One course from each of four of the following five lists is also required:

COGNITIVE		UNITS
PSYC 301L	Cognitive Processes	4
PSYC 304L	Sensation and Perception	4
PSYC 305	Learning and Memory	4
PSYC 440	Introduction to Cognitive Neuroscience	4

DEVELOPMENTAL		UNITS
PSYC 336L	Developmental Psychology	4
PSYC 337L	Adult Development and Aging	4
PSYC 339L	Origins of the Mind	4

CLINICAL		UNITS
PSYC 360	Abnormal Psychology	4
PSYC 361	Introduction to Clinical Psychology	4

BIOLOGICAL		UNITS
PSYC 320	Principles of Psychobiology	4
PSYC 326	Behavioral Neuroscience	4
PSYC 404L	Psychophysiology of Emotion	4
PSYC 420	Animal Behavior	4
PSYC 426	Motivated Behaviors	4

SOCIAL		UNITS
PSYC 355	Social Psychology	4
PSYC 359	Interpersonal Relations	4

Two 400-level psychology courses other than 490x totaling eight units are also required. PSYC 404L, PSYC 420 and PSYC 426 may not count toward this requirement if used to satisfy the biological category above.

An additional psychology course, either upper or lower division of at least 2.67 units is required.

### Bachelor of Arts, Social Sciences, with an Emphasis in Psychology Requirements

The required courses are: PSYC 100, one math class of 2.67 units or more (MATH 116 is recommended; students with a strong math background may profit from a more advanced course); PSYC 274; and eight upper division courses in departments in the social sciences, including five in the Department of Psychology and three outside the department but within the division. These may be any 300- or 400-numbered courses.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and Psychology

For the lower division: LING 210, PSYC 100 and PSYC 274 are required. For the upper division the following courses are required: LING 301 and LING 302; PSYC 314L; two courses selected from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 466 and LING 485; three additional courses selected from LING 406, PSYC 301L, PSYC 326, PSYC 336L, PSYC 337L, PSYC 424 and PSYC 433. See Department of Linguistics, page 395.

### Bachelor of Arts in Cognitive Science

*Director:* Toben Mintz, Ph.D.

Total required units for major: 43-48 units

Consisting of 16 core units, 18-20 flexible core units and 9-12 elective units.

Cognitive science is an interdisciplinary major that focuses on the mind and cognition from a variety of perspectives and approaches. The core and electives sample from courses from anthropology, computer science, linguistics, mathematics, philosophy and psychology.

The major consists of four fixed core courses, plus two tiers of flexible core courses. The first tier generally consists of more introductory courses and the second tier of more advanced courses, although there are exceptions, and some courses satisfy either tier. Students must take two courses from the first tier and three courses from the second. The purpose of the flexible tiers is to structurally implement interdisciplinary breadth with some degree of flexibility. The flexible core is a subset of the electives, from which students can choose in order to complete the required number of units.

Students may elect to focus their curriculum from one of three tracks, which are suggested courses of study for focusing on a particular theme in cognitive science. This may be accomplished through individual advisement: language, reasoning and decision-making, and the computational mind.

CORE REQUIREMENTS		UNITS
PSYC 100	Introduction to Psychology	4
PSYC 274	Statistics I	4
PSYC 301L	Cognitive Processes	4
PSYC 339L	Origins of the Mind	4
		16

FLEXIBLE CORE REQUIREMENTS (5 COURSES)		UNITS
Two courses from:		
CSCI 455*	Introduction to Programming Systems Design	4
LING 210	Introduction to Linguistics	4
LING 301*	Introduction to Phonetics and Phonology	4
LING 302*	Introduction to Syntax and Semantics	4
PHIL 250ab	Elementary Formal Logic	2-2
PHIL 262	Mind and Self: Modern Conceptions	4
PSYC 304L	Sensation and Perception	4
PSYC 336L	Developmental Psychology	4

Three courses from:

ANTH 306	Primate Social Behavior	4
ANTH 308	Origins and Evolution of Human Behavior	4
CSCI 460*	Introduction to Artificial Intelligence	3
LING 405	Child Language Acquisition	4
LING 406	Psycholinguistics	4
LING 407	Atypical Language	4
PHIL 350	Symbolic Logic	4
PHIL 422	British Empiricism	4
PHIL 462	Philosophy of Mind	4
PHIL 465	Philosophy of Language	4
PSYC 304L	Sensation and Perception	4

PSYC 336L	Developmental Psychology	4	PSYC 424	Neuropsychology	4
PSYC 401	Evolutionary Psychology	4	PSYC 425	Functional Imaging of the Human Brain	4
PSYC 420	Animal Behavior	4	PSYC 433*	Children's Learning and Cognitive Development	4
PSYC 422*	Human Judgment and Decision Making	4	PSYC 440	Introduction to Cognitive Neuroscience	4
PSYC 433*	Children's Learning and Cognitive Development	4	PSYC 450L	Neural Network Models of Social and Cognitive Processes	4
PSYC 450L	Neural Network Models of Social and Cognitive Processes	4	PSYC 454	Social Cognition	4
PSYC 454	Social Cognition	4			9-12
		18-20	*Prerequisite required		
<b>ELECTIVES (3 COURSES)</b>		<b>UNITS</b>			
ANTH 200L	The Origins of Humanity	4			
ANTH 306	Primate Social Behavior	4			
ANTH 308	Origins and Evolution of Human Behavior	4			
ANTH 406	Theory and Method in Biological Anthropology	4			
CSCI 101L	Fundamentals of Computer Programming	3			
CSCI 102L*	Data Structures	3			
CSCI 200L*	Object-Oriented Programming	3			
CSCI 271*	Discrete Methods in Computer Science	3			
CSCI 455x	Introduction to Programming Systems Design	3			
CSCI 460*	Introduction to Artificial Intelligence	3			
LING 210	Introduction to Linguistics	4			
LING 301*	Introduction to Phonetics and Phonology	4			
LING 302*	Introduction to Syntax and Semantics	4			
LING 405	Child Language Acquisition	4			
LING 406	Psycholinguistics	4			
LING 407	Atypical Language	4			
MATH 116	Mathematics for the Social Sciences	4			
PHIL 250ab	Elementary Formal Logic	2-2			
PHIL 262	Mind and Self: Modern Conceptions	4			
PHIL 350	Symbolic Logic	4			
PHIL 422	British Empiricism	4			
PHIL 423	The Critical Philosophy of Kant	4			
PHIL 462	Philosophy of Mind	4			
PHIL 463	Theories of Action	4			
PHIL 465	Philosophy of Language	4			
PHIL 486	Methodologies of the Sciences	4			
PSYC 304L	Sensation and Perception	4			
PSYC 336L	Developmental Psychology	4			
PSYC 401	Evolutionary Psychology	4			
PSYC 420	Animal Behavior	4			
PSYC 422*	Human Judgment and Decision Making	4			

Total units: 43-48

Note: A course that is listed in both flexible core categories can be taken in either one. Students must choose a minimum of 16 upper division units from the flexible core and electives lists.

#### Minor in Psychology

The minor requires six courses: PSYC 100 and five additional courses:

One course is required in each of three of the five topic areas listed under Major Requirements. PSYC 314L may be used to fulfill one of these topic areas.

Two elective PSYC courses. One must be upper division, 300-level or higher.

#### Limitations:

1. Students must complete at least 16 upper division PSYC units.
2. No more than four units of PSYC 490x is applicable to the minor.
3. Each of the six courses must be at least 2.67 units.

#### Minor in Psychology and Law

This interdisciplinary minor brings together courses in psychology that focus on the social, clinical, cognitive and societal aspects of psychology and how it relates to law. This knowledge is augmented with courses from the Gould School of Law that identify the relationship between mental health, social psychology and law.

Twenty-four units are required for the minor. A minimum of four courses (16 units) must be unique to the minor. Psychology majors and students majoring in social sciences with an emphasis in psychology may "double count" up to two courses toward the major and minor; however, they must take a minimum of four courses that do not apply to the major.

#### Required Courses

PSYC 100 or LAW 200 (PSYC 100 is a pre-requisite to upper division PSYC classes). Psychology majors must take both courses.

#### Elective Requirements

At least two upper division courses in Psychology taken from the following list: PSYC 301, PSYC 304, PSYC 355, PSYC 360, PSYC 454, PSYC 463, PSYC 465.

At least two upper division Law classes from the following list: LAW 402, LAW 403, LAW 404.

No more than one course from the following list may be used to complete the four unique courses requirement: ANTH 355, ANTH 371, SOCI 350, SOCI 351, SOCI 353.

#### Minor in Consumer Behavior

This interdisciplinary minor explores consumer thinking from the perspective of psychology, marketing, economics, anthropology, sociology and other departments interested in popular culture. Why do people form the attitudes and impressions they do? How do individual factors, culture, mass media, economics and social trends influence people's decisions? See Marshall School of Business, page 149.

#### Minor in Critical Approaches to Leadership

See the Department of Interdisciplinary Studies, page 375.

#### Honors Program

The department offers an honors program for outstanding students in the B.A., Psychology major who desire advanced research training in preparation for graduate work in the social sciences or in professional schools. The primary focus of the honors program is the completion of a research study under the guidance of a faculty adviser. Students are admitted to the program in the fall semester of their junior year. To be eligible for admission, a student must have an overall GPA of at least 3.5 at the time of application to the program. This program is not available to students majoring in Social Sciences with an emphasis in Psychology. Students in the honors program complete all major requirements, including PSYC 380 Junior Honors Seminar during the spring semester of their junior year and PSYC 480 Senior Honors Seminar during the spring semester of their senior year. Students complete an honors thesis proposal as part of the Junior Honors Seminar and must submit a completed senior honors thesis by April 1 of the senior year. Students are also expected to have an overall GPA of at least 3.5 at the time of graduation. For further information, contact the undergraduate adviser.

### Progressive Degree Program in Psychology

This progressive degree program permits superior students to complete all requirements for both the B.A. and the M.A. degrees in psychological science in five years. Students may apply on completion of 64 units of course work applicable to their undergraduate degrees since graduating from high school (AP units, IB units and course work taken prior to high school graduation are excluded), but not later than the end of their junior year (or the completion of 96 units). To be eligible for admission, students must have at least a 3.5 overall

GPA and must have completed PSYC 274 Statistics and PSYC 314 Research Methods with at least a B+ in each. The application for admission to a progressive degree program must be accompanied by an approved course plan proposal and letters of recommendation from two USC faculty members (at least one in the Department of Psychology who agrees to mentor the student). The requirements for both the B.A. and M.A. degrees must be satisfied. Further details about progressive degrees can be found on page 87.

### Psi Chi

Psi Chi is the national honor society in psychology. Membership is open to graduate and undergraduate men and women who meet the minimum qualifications. Psi Chi is a member of the Association of the College Honor Societies and is an affiliate of the American Psychological Association and the American Psychological Society.

## Graduate Degrees

The Department of Psychology offers an M.A. in Psychological Science and an M.S. in Human Behavior as well as a variety of programs leading to the Ph.D. degree. They fall within five major groupings: (1) clinical science, including specializations in adult clinical, clinical-aging and child and family; (2) developmental psychology, including child and adolescent development and adult development and aging; (3) brain and cognitive science, including cognitive neuroscience, behavioral neuroscience, clinical neuroscience and behavioral genetics; (4) quantitative methods; and (5) social psychology.

All of the specialty areas provide training for careers in research, teaching and applied work.

### Admission Requirements

Psychology courses required for admission are an introductory course, a course in statistics, a course in research methods or experimental psychology and at least one of the following: comparative psychology, physiological psychology, sensation and perception, learning and memory, motivation, and emotion; and at least one course from each of the following lists: (1) one or more of comparative psychology, physiological psychology, sensation and perception, learning and memory, motivation, and emotion; and (2) one or more of developmental psychology, social psychology, abnormal psychology, personality, and history of psychology. Additional courses are desirable, as is work in the biological, physical and social sciences, in mathematics and in philosophy. Students with less background in psychology but outstanding undergraduate records in related fields are also encouraged to apply.

Students are selected on the basis of undergraduate records, scores on the Graduate Record Examinations General Test, course background, letters of evaluation, personal statement of interests and goals and evidence of research skills or interests (e.g., publications or participation in research projects).

The faculty of each specialty area select the students to be admitted in that area. Because of this procedure, applicants should designate the specialty area to which they seek admission.

Application for admission in psychology requires submission of two sets of material: special departmental forms and university application forms. Students are admitted only for study beginning in the fall semester; both sets of completed application forms must be submitted by December 1 for admission the following fall.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in Psychological Science

The M.A. in Psychological Science is designed for superior students who wish to further their research training and to acquire the methodological background and hands-on research experience to define their scholarly interests and to pursue graduate education, professional degrees or careers requiring advanced skills in research and writing. This is a terminal degree. Students who wish to pursue their doctorate at USC should apply directly to the Ph.D. program initially.

### Admission Requirements

A minimum 3.5 cumulative GPA in the bachelor's degree and grades of at least B+ in an undergraduate statistics and an undergraduate methods course are required for admission. Students must also submit a statement from a proposed faculty adviser committing to mentor the student's research for the thesis requirement.

### Course Requirements

This program requires a minimum of 24 units at the graduate level. The student must complete one course in each of the following three areas and a fourth course in any one of the three areas.

#### Category A. *Statistics and Research Design:*

PSYC 500L (4), PSYC 501L (4), PSYC 502L (4), PSYC 503 (4), PSYC 504 (4), PSYC 520 (4), PSYC 524 (4), PSYC 575L (4), PSYC 577 (4), PSYC 578 (4), PSYC 616 (4), PSYC 621 (4), PSYC 622 (4)

#### Category B. *Biological Bases of Behavior* (physiological psychology, comparative psychology, neuropsychology, sensation and perception, psycho-pharmacology, behavior genetics) and *Cognitive-Affective Bases of Behavior* (learning, thinking, motivation, problem-solving):

LING 676 (3), PSYC 506 (4), PSYC 510 (4), PSYC 540 (4), PSYC 544 (4), PSYC 545 (4), PSYC 546 (4), PSYC 547 (4), PSYC 551 (4), PSYC 555 (4), PSYC 576 (3), PSYC 586 (3), PSYC 606 (4), PSYC 607 (4)

#### Category C. *Social Bases of Behavior* (social psychology, group processes, organizational and systems theory) and *Individual Differences* (personality theory, human development, abnormal psychology):

PSYC 512 (4), PSYC 514 (4), PSYC 533 (4), PSYC 534 (4), PSYC 612 (4), PSYC 660 (4), PSYC 680 (4)

The student must take 2 units of PSYC 590 Directed Research each semester under the supervision of a faculty member who has agreed to serve as the student's faculty mentor. An additional unit of PSYC 590 is required for each 3-unit course taken under Category B; alternatively, a fifth course may be taken by a student who takes one or more 3-unit courses under Category B.

*Thesis Requirement*

The student will enroll in PSYC 594a during fall semester and PSYC 594b during spring semester and will complete a final paper (either an empirical paper or an extensive review paper) that is written in publication format. The student will submit the thesis to the faculty mentor and two other psychology faculty members by March 1 and will schedule a one-hour committee meeting to defend the master's thesis prior to graduation.

**Master of Arts in Psychology**

The department does not admit students whose objective is this master's degree. However, if a student accepted in the doctoral program does not have a master's degree, the department strongly recommends completion of the requirements for the M.A. in Psychology in the course of work toward the Ph.D. degree. This involves 24 units of course work and a thesis.

**Master of Science in Human Behavior**

Seeley G. Mudd, Room 501

(213) 740-2222

Fax: (213) 746-9082

Email: [mhb@dornsife.usc.edu](mailto:mhb@dornsife.usc.edu)

[dornsife.usc.edu/mhb](http://dornsife.usc.edu/mhb)

*Program Director:* Ernest Greene (Professor, Department of Psychology)

The Master of Science in Human Behavior program (MHB) is designed for individuals who wish to pursue or advance a career in a non-academic field where knowledge of human behavior is essential to effective job performance. The program stresses practical applications of psychological principles, including attitude formation, persuasion, negotiation and job satisfaction.

The program is especially appropriate for those who have majored in a behavioral science field, e.g., psychology, sociology, political science or anthropology. These applicants must have received their baccalaureate degree by the semester in which they begin the program.

Applicants must apply for admission to the Graduate School, and satisfy all requirements for admission. Details on the method for applying, admission criteria and deadlines can be found at [dornsife.usc.edu/MHB](http://dornsife.usc.edu/MHB).

Thirty-four units of course credit is required for the MHB degree. These units are taken from an inventory of courses that are specified for the MHB program. The following courses are acceptable: PSYC 415L, PSYC 421L, PSYC 422, PSYC 451, PSYC 453, PSYC 454, PSYC 504, PSYC 505, PSYC 513,

PSYC 517, PSYC 550ab, PSYC 552, PSYC 554, PSYC 556, PSYC 590, PSYC 591, PSYC 592, PSYC 616, PSYC 622. No more than two 400-level courses can be applied toward the degree.

PSYC 592 is required of all students. PSYC 550ab and PSYC 591 will normally be required for students having less than two years of full-time work experience in a program-related field. The normal requirement for these students will be an aggregate of 8 units of internship upon completion of the program. However, the specific number of units taken in a given semester will depend in part on what options are available from internship sponsors. Based on the student's academic background, work experience and career goals, a contractual plan of study will be developed that details what other courses are required and/or available as electives.

The program for a given cohort of students begins in the fall semester. The normal expectation is that full-time students will take 12 units as a full-time course load in the fall, 12-16 units in the spring, and 4-8 units of internship together with PSYC 592 MHB Treatise (2 units) the following summer to complete requirements for the MHB degree. Part-time students will generally take one or two courses per semester, and must complete the program within five years.

**Doctor of Philosophy in Psychology***Residency Requirement*

A minimum of 24 graduate units at USC is required for the doctoral degree.

*Course Requirements*

Each student must take at least 36 substantive units in psychology at USC during the first three years. Students must complete one statistics and/or research methods course as well as a set of core courses that cover topics in brain and cognitive sciences and clinical, developmental and social areas, the specifics of which are provided in the department's handbook for graduate students. Additional course requirements vary according to specialty area.

*Research Requirement*

During the first and second year, students work on either a master's thesis or a research report of comparable scope and quality. A research project done at USC is required of all students (by the conclusion of the summer following the student's second year), regardless of prior graduate work.

*Screening Procedure*

The student's ability to master graduate-level course material is first evaluated after completion of no more than 24 units, and not later than the third semester of graduate work

at USC. The final screening procedure is the successful completion of a second-year project requirement. This evaluation is based on the student's performance in courses taken and on an evaluation of the student's research competence as reflected in the second year research project. The project is evaluated by a committee of three faculty, including the student's primary adviser.

Additionally, students are evaluated each year based on adviser input, course work and research progress.

*Guidance Committee*

In preparation for the qualifying examination, each student assembles a five-person guidance committee to direct the student's program of studies and evaluate research competence. The committee continues to serve until after the qualifying examination has been passed, the dissertation topic approved, and the student admitted to candidacy for the Ph.D. At that time the student assembles a dissertation committee of four or more members (usually consisting of members of the guidance committee, one of whom must be a faculty member from outside the department), who advise on and evaluate the dissertation.

*Qualifying Examination*

The qualifying examination evaluates the student's ability to conduct independent scholarship and research. The student is evaluated based on oral and written presentation of two elements: a written review paper or written exam and the dissertation proposal. The qualifying examination is planned, administered and evaluated by the student's guidance committee. It should be taken no later than during the fifth semester.

*Doctoral Dissertation*

A student is expected to engage in research activity throughout his or her graduate career, leading up to and culminating in the Ph.D. dissertation. The dissertation is based on an original investigation, usually involving empirical data.

*Defense of the Dissertation*

The student's doctoral dissertation is defended at either a defense oral, based on an approved preliminary copy of the dissertation, or a final oral, based on the final version of the dissertation.

*Advisement*

Each student has a major adviser who is usually in the specialty area. The guidance committee should be formed at least one semester before the student takes the qualifying examination. Advisement concerning graduate school requirements may also be sought from the staff graduate adviser and

the faculty member serving as director of graduate studies.

#### *Internship Requirement*

Students in the clinical science Ph.D. program need a minimum of three full-time in-residence academic years of graduate study plus one full year of internship at a facility approved by the clinical faculty.

## Courses of Instruction

### PSYCHOLOGY (PSYC)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**PSYC 100 Introduction to Psychology (4, FaSpSm)** Factors that influence human behavior, including learning, thinking, perception, motivation, and emotion; analysis of determinants of development, adjustment, and maladjustment.

**PSYC 165Lg Drugs, Behavior and Society (4, Irregular)** An integrative systems perspective of drugs; including their historical, economic, and cultural importance, psychopharmacology, addiction, relationship to crime, and therapeutic use in treating psychological disorders.

**PSYC 201Lg The Science of Happiness (4)** Evaluates scientific research on human happiness. Integrates research from psychology, economics, and neuroscience in the evaluation of personal and public policy choices.

**PSYC 210gm Social Issues in Gender (4)** (Enroll in SWMS 210gm)

**PSYC 248 Historical Foundations and Contemporary Trends in Psychology (2)** Career planning for psychology majors. Historical developments of the discipline, careers, and skills necessary for careers and graduate school. Graded CR/NC. *Prerequisite:* PSYC 100.

**PSYC 274 Statistics I (4, FaSpSm)** Introduction to the use of statistics in psychology: basic ideas in measurement; frequency distributions; descriptive statistics; concepts and procedures in statistical inference. *Recommended preparation:* PSYC 100, MATH 116

**PSYC 275Lg Language and Mind (4, FaSp)** (Enroll in LING 275Lg)

**Doctor of Philosophy in Psychology (Clinical) and Master of Public Health (Health Promotion)**  
Application deadline (for Ph.D.): December 1

The Ph.D./MPH dual degree combines knowledge of clinical psychology research and practice with an understanding of health

from a population perspective. The student enrolls primarily in the clinical science doctoral program, while taking additional course work for the MPH. During the second and subsequent years, course work is taken in both programs. The dissertation is undertaken through the Department of Psychology.

**PSYC 301L Cognitive Processes (4, Irregular)** Experimental and theoretical aspects of human memory, perception, thinking, and language. Lectures, demonstrations, and individual experiments. *Prerequisite:* PSYC 100.

**PSYC 304L Sensation and Perception (4, Irregular)** Receptor processes and stimulus organization; traditional topics in the perception of objects, space, time. Laboratory demonstrations and exercises. *Prerequisite:* PSYC 100.

**PSYC 305 Learning and Memory (4, Irregular)** Principles involved in classical and operant conditioning. Concentration on basic causes of behavior; consideration of the relevance of simple behavioral laws to complicated human behavior. *Prerequisite:* PSYC 100.

**PSYC 314L Research Methods (4, FaSpSm)** Experimental research methods in psychology; nature and concepts of scientific method. Lab exercises, data analysis and preparation of APA style empirical report. *Prerequisite:* PSYC 100 and PSYC 274.

**PSYC 316L Non-Experimental Research Methods (4, FaSpSm)** Non-experimental research methods in psychology. Observational, survey and data analysis exercises. *Prerequisite:* PSYC 100 and PSYC 314.

**PSYC 320 Principles of Psychobiology (4, Irregular)** The integrative study of bio-behavioral systems. Evolutionary, developmental, ecological, social, ethological, and physiological factors mediating representative behavioral and psychological phenomenon are examined in detail. *Prerequisite:* PSYC 100.

**PSYC 326 Behavioral Neuroscience (4, FaSp)** Neural bases of behavior. Concentration on sensory and motor processes and the interaction of neural, chemical, and hormonal systems. *Prerequisite:* PSYC 100.

**PSYC 336L Developmental Psychology (4, FaSp)** Child and adolescent behavior and associated theories; exploration of the continuity between child and adult behavior. Laboratory projects. *Prerequisite:* PSYC 100.

**PSYC 337L Adult Development and Aging (4, FaSp)** Genetic, physical, and social influences during adult years on perception, learning and memory, intelligence, personality, social roles, and normal and deviant behavioral patterns. Laboratory demonstrations and exercises. *Prerequisite:* PSYC 100.

**PSYC 339Lg Origins of the Mind (4, Sp)** Exploration of ancient philosophical questions concerning the origins of human knowledge through empirical studies of infants, animals, and adults from diverse cultures.

**PSYC 355 Social Psychology (4, FaSp)** Theoretical and experimental analysis of human behavior. Social processes involved in attitudes, conformity, compliance, interpersonal perception, liking, affiliation, aggression, altruism, and group dynamics. *Prerequisite:* PSYC 100.

**PSYC 359 Interpersonal Relations (4, FaSp)** Theories and research on person perception, attribution processes, interpersonal attraction and romantic love, freedom and causality, social comparison phenomena. *Prerequisite:* PSYC 100.

**PSYC 360 Abnormal Psychology (4, FaSp)** The commonly diagnosed behavior pathologies; biological, social, cultural, and developmental antecedents of abnormal behavior; principles of learning, perception, and motivation, as they relate to psychopathology. *Prerequisite:* PSYC 100.

**PSYC 361 Introduction to Clinical Psychology (4, Irregular)** Introduction to the scientist-practitioner model of clinical psychology, including research methods, psychological assessment and diagnosis, psychotherapeutic interventions, and treatment of special populations. *Prerequisite:* PSYC 100.

**PSYC 372 Human Sexuality (4, Sp)** Psychological and physiological base of sexuality; gender identity, childbearing, birth control, venereal diseases; dysfunctions and treatments.

**PSYC 380 Junior Honors Seminar (2-4, max 8, FaSp)** Advanced study of scientific inquiry in psychology with in-depth analysis of current research by faculty in the Psychology Department. Preparation for senior honors thesis research. *Corequisite:* PSYC 314L.

**PSYC 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PSYC 391 Directed Field Experience in Psychology (1-4, max 4, FaSpSm)** Individual field experience and independent study supervised by an on-site professional and USC faculty sponsor. Open only to psychology majors and minors. *Prerequisite:* PSYC 100; *recommended preparation:* minimum of three courses completed in psychology.

**PSYC 401 Evolutionary Psychology (4)** Evolutionary and genetic basis of human behavior, including intelligence, sexual behavior, criminal behavior, and violence. Etiology of human diversity, including sex, race, and individual differences. *Prerequisite:* PSYC 100; *recommended preparation:* PSYC 274.

**PSYC 404L Psychophysiology of Emotion (4, Irregular)** Introduction to the scientific study of emotional behavior. Emphasizes research into relations between physiological and psychological variables underlying emotional experience. Demonstrations and laboratory. *Prerequisite:* PSYC 100, PSYC 274, and PSYC 314.

**PSYC 405 Child Language Acquisition (4)** (Enroll in LING 405)

**PSYC 406 Psycholinguistics (4)** (Enroll in LING 406)

**PSYC 407 Atypical Language (4)** (Enroll in LING 407)

**PSYC 415L Psychological Measurement (4, Fa)** Classical and modern approaches to psychological measurement; scaling; test construction; true score reliability model; generalizability theory; validity; decision theoretic selection; item analysis; item response theory. *Prerequisite:* PSYC 314L.

**PSYC 420 Animal Behavior (4)** Exploration of human nature through studies of non-human animals, including topics of navigation, culture, object representation, social cognition, music, and morality. *Prerequisite:* PSYC 100.

**PSYC 421L Data Analysis for Psychological Research (4, max 8, FaSpSm)** Multivariate analysis emphasizing model estimation and testing; topics vary, e.g., multiple regression, logistic regression, factor analysis, multilevel linear modeling, structural equation modeling, multiway frequency analysis. *Prerequisite:* PSYC 314L.

**PSYC 422 Human Judgment and Decision Making (4, Sp)** Descriptive and normative models of decision making; topics include probability judgments, inference, correlation, emotion, mental accounting, decision analysis, lens model, equity, social dilemmas, time, risk. *Prerequisite:* PSYC 314L.

**PSYC 424 Neuropsychology (4, Irregular)** Effects of brain damage on human behavior and abilities, particularly language, memory, and emotion. Open only to junior standing or higher. *Prerequisite:* PSYC 100.

**PSYC 425 Functional Imaging of the Human Brain (4, Sp)** Introduction to the physical and physiological bases of Magnetic Resonance Imaging (MRI), and principles of functional MRI, safety, design and analysis of experiments, and operation. *Prerequisite:* PSYC 100, PSYC 274.

**PSYC 426 Motivated Behaviors (4, Irregular)** Social, environmental, and physiological influences on behaviors associated with aggression, eating, reproduction, and sleep. Will focus on behavioral disorders such as violence, anorexia/bulimia, sexual abuse, and insomnia. *Prerequisite:* PSYC 100.

**PSYC 430 Social Development of Infants, Children and Adolescents (4)** An analysis of selected topics and issues in child social development. *Prerequisite:* PSYC 100; *recommended preparation:* PSYC 274, PSYC 314L, PSYC 336L.

**PSYC 433 Children's Learning and Cognitive Development (4, Irregular)** Examination of contemporary psychological theory and research on the development of cognitive skills, including language, memory, reading, and mathematics. *Prerequisite:* PSYC 336L.

**PSYC 434 Intelligence, Problem Solving and Creativity (4)** Psychometric and experimental approaches to the study of intelligence, problem solving, reasoning and creativity, including analysis of mental test construction and validity. *Prerequisite:* PSYC 100 and PSYC 274.

**PSYC 437 Adolescent Development (4, FaSp)** The adolescent years from both an applied and a research-oriented perspective. Topics include physical, cognitive, and moral development; socialization; and sexual and sex-role development. *Prerequisite:* PSYC 100.

**PSYC 438 Behavioral Genetics (4, Irregular)** Inheritance and evolution of behavioral characteristics in man and other species. *Prerequisite:* PSYC 274.

**PSYC 440 Introduction to Cognitive Neuroscience (4, Sp)** Introduction to the major components of cognition (perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas. *Prerequisite:* PSYC 100.

**PSYC 450L Neural Network Models of Social and Cognitive Processes (4)** Introduction to using neural network or connectionist models to simulate cognitive, social, emotional and motivational processes. Introduction of basic concepts and tools in computational neuroscience. *Prerequisite:* PSYC 100; *recommended preparation:* basic knowledge of programming is helpful, but not required.

**PSYC 451 Formation and Change of Attitudes (4, Irregular)** Effects of socialization, personal influence, propaganda and social structure on private attitudes and public opinion. *Prerequisite:* PSYC 100 and PSYC 355.

**PSYC 453 Intergroup Relations (4)** Examination of the nature of relations between human groups and the psychological mechanisms relating to intergroup conflict, war, genocide, stereotyping, prejudice, and discrimination. *Prerequisite:* PSYC 355.

**PSYC 454 Social Cognition (4, Irregular)** Theory and research on cognitive processes in social behavior, to include social inference, cognition and emotion, the Self, social categorization, person memory, and attribution processes. *Prerequisite:* PSYC 100; PSYC 355 recommended.

**PSYC 456 Conservation Psychology (4, Fa)** Examination of theories, research, interventions regarding psychology of environmental sustainability including cognition, emotion, behavior, attitudes, persuasion, values, social identity, consumerism, and science of happiness. *Prerequisite:* PSYC 100.

**PSYC 462m Culture and Mental Health (4, Irregular)** The influence of culture, ethnicity, race and gender on human behavior. Mental health issues relevant to ethnic minorities in the U.S. *Recommended preparation:* sophomore standing or higher; PSYC 100.

**PSYC 463 Criminal Behavior (4, Irregular)** Genetic, biological, psychological, and sociological characteristics of those who evidence criminal behavior; theoretical formulations to be reviewed and appraised. *Prerequisite:* PSYC 100.

**PSYC 464 Psychology of Marriage and the Family (4)** Theories and research on family relationships across the life span, including research methods, cultural and developmental perspectives, communication, conflict, attachment, individual psychopathology and family violence. *Prerequisite:* PSYC 100.

**PSYC 465 Introduction to Forensic Psychology (4)** Survey of current topics, technologies and techniques. Students acquire a basic understanding of how forensic psychologists contribute their unique expertise to the American legal system. *Prerequisite:* PSYC 100.

**PSYC 469 Schizophrenia Research (4, Irregular)** Current research on possible causes of schizophrenia. Topics: history, diagnosis, genetics, neural development, obstetrics, psychosocial factors, brain imaging, psychopharmacology, premorbid signs and aging. *Prerequisite:* PSYC 100; *recommended preparation:* read current professional journals related to schizophrenia.

**PSYC 480x Senior Honors Seminar (2-4, max 8, FaSp)** Advanced study of empirical approaches in psychology. Progress presentations and evaluations of Senior Honors Thesis research. In-depth exploration of issues in science. Not available for graduate credit. *Prerequisite:* senior standing in Psychology Undergraduates Honors Program.

**PSYC 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**PSYC 499 Special Topics (2-4, max 8, FaSp)** Selected topics in the various specialty areas within psychology. Topic will vary from semester to semester. *Prerequisite:* PSYC 100.

**PSYC 500L An Overview of Quantitative Methods in Psychology (4)** Team taught introduction to analysis of variance, regression analysis, multivariate measurement, and significance testing. Computer laboratory linked to class material using SAS, SPSS, and R. Open only to psychology majors.

**PSYC 501L Statistics in Psychological Research (4, Fa)** Basic statistical principles and techniques as well as modern improvements on classic inferential methods.

**PSYC 502L Analysis of Variance and Experimental Design (4, Sp)** ANOVA, including three-way and within groups designs, multiple comparisons, ANCOVA, plus related methods based on robust smoothers and multivariate techniques. *Prerequisite:* PSYC 501L.

**PSYC 503L Regression and the General Linear Model (4, Fa)** Multiple regression as a tool in experimental and non-experimental data; analysis of variance and covariance as regression on coded variables. Computer applications Laboratory exercises. *Prerequisite:* PSYC 501.

**PSYC 504 Research Design (4, Sp)** Intensive review of research methods in the behavioral sciences. Problem analysis, formulation of research propositions, and procedures for research inference.

**PSYC 505 Research Methods in Applied Social Psychology (4, FaSpSm)** Various research techniques that are useful in a variety of different real world settings, such as business, governmental agencies and charities. Open only to Master of Human Behavior students.

**PSYC 506 Learning and Cognition (4, Irregular)** Survey of learning theory and research, including conditioning and information-processing approaches with human and animal subjects.

**PSYC 508 Historical Foundations of Psychology (4, Irregular)** History of psychology: clinical, cognitive, developmental, experimental, quantitative, and social; epistemology and philosophy of science as applied to psychology.

**PSYC 510 Visual Cognition (4, Irregular)** The behavioral, neural, and computational aspects of real-time shape recognition will be examined, along with implications for imagery, reading, concepts, and attention.

**PSYC 512 Seminar in Social Psychology (4, max 8, Fa)** Problems and theories of the person in the social context. Person perception, interpersonal relations, attitude dynamics, social systems.

**PSYC 513 Attitudes and Social Influence (4, FaSpSm)** Current theories of attitudes and behavior, measurement, attitudes as predictors of behaviors, effects on changing attitudes and behavior. Open only to Master of Human Behavior students.

**PSYC 514 Psychopathology (4, Fa)** Study of psychopathology: in-depth survey of theory and research concerning psychological disorders; introduction of diagnosis. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.)

**PSYC 515 Clinical Assessment (4, Fa)** Study of clinical assessment: test construction, measurement and prediction of behavior, major cognitive and personality assessment instruments. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.)

**PSYC 517 Group Dynamics and Leadership (4, FaSpSm)** Theory and research on effective teams and characteristics of strong leaders. Negotiation, morale-building, managing expectancies, utilization of cultural diversity as a strength. Open only to Master of Human Behavior students.

**PSYC 520 Fundamentals of Psychological Measurement (4)** Factor analysis; latent variable; scaling; test construction; classical true score reliability model; generalizability theory; validity; decision theoretic approaches to selection; item analysis; item response theory.

**PSYC 524 Research Design in Developmental Psychology (4, Irregular)** Review and practice in the analysis and design of experimental and quasiexperimental paradigms for research on ontogenetic age changes and generational differences in behavior.

**PSYC 533 Cognitive Development in Children (4, Sp)** Review of theories of cognitive development. Analysis of research on brain functioning, perception, memory, language, reasoning and academic skills from birth to adolescence. Open to graduate students in psychology.

**PSYC 534 Social and Emotional Development in Children (4, Fa)** Theories of social and emotional development, including socio-cultural perspectives. Analysis of research on temperament, social relationships, individuation and moral development from birth to adolescence. Open to graduate students in psychology.

**PSYC 538 Origins of Human Nature (4)** Exploration of the evolutionary and developmental origins of human nature. Topics include navigation, object and number cognition, culture, sexual behavior, cooperation, language, and morality.

**PSYC 540 Cognitive Neuroscience (4, Sp)** An examination of the major components of cognition (e.g., perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas.

**PSYC 544 Psychophysiology (4, max 8, Irregular)** Recent research on relations between basic psychological states (e.g., cognition, learning, emotion) and physiological response processes (e.g., autonomic responses, covert muscle activity).

**PSYC 545 Neuropsychology (4, Irregular)** Brain mechanisms underlying perceptual and cognitive functioning: brain damage, loss of function, and clinical assessment.

**PSYC 546 Current Topics in Cognitive Neuroscience (4, max 8)** Analysis of selected, recent advances of perception, memory, attention, and conceptualization, as revealed by neuroimaging; behavioral, drug, primate single-unit studies; cognitive deficits and evolutionary perspectives. *Recommended preparation:* some background in behavior science, neuroscience, or computational science.

**PSYC 547 Functional Neuroanatomy (4, Irregular)** Regional organization and systems of the mammalian nervous system and their functions.

**PSYC 550ab Proseminar in Human Behavior (a: 4, Fa, b: 4, Sp)** The nature of the human mind, social interactions, conflicts, cooperative behavior, mutual influence and effectiveness. Application of psychological principles to the dynamics of commercial entities. Open only to MHB students.

**PSYC 551 Decision Neuroscience (4)** Neuroscientific studies attempting to understand the neural basis of judgment and decision-making, social behavior, and market economics. *Recommended preparation:* PSYC 547.

**PSYC 552 Principles of Consumer Psychology (4)** Examination of the attitudes and decisions of consumers, and how to effectively reach consumers by using persuasion and proper positioning in the marketplace. Open only to M.H.B. students.

**PSYC 554 Application of Psychological Influence (4)** Examination of the psychological factors that make messages effective, which include preconceptions and biases of individuals and groups, universal and idiosyncratic motivations, hopes, and fears. Open only to M.H.B. students.

**PSYC 555 Introduction to Functional Magnetic Resonance Imaging (4, FaSp)** The physical and physiological bases of MRI and fMRI. Design and analysis of fMRI experiments. Operation of a magnetic resonance imaging system.

**PSYC 556 Psychology of Interactive Media (4)** Examination of the diverse methods of communicating with a target audience with a special emphasis on the newest computer-based tools for providing information and influence. Open only to M.A., Communication; M.C.M.; and M.H.B. students.

**PSYC 574 Topics in Engineering Approaches to Music Cognition (3, max 6)** (Enroll in ISE 575)

**PSYC 575L Multivariate Analysis of Behavioral Data (4, Irregular)** Multivariate statistical models and contemporary computer methods in multiple regression, multivariate analysis of variance, factor analysis, canonical correlation, repeated measures analysis, and structural equation modeling. *Prerequisite:* PSYC 500L.

**PSYC 576 Psycholinguistics (3, Fa)** (Enroll in LING 576)

**PSYC 577 Analysis of Covariance Structures (4, Irregular)** Multivariate analysis of non-experimental data, including structural equation modeling, path analysis, and confirmatory factor analysis. Computer applications using variety of optimization routines and purpose-written software. *Prerequisite:* PSYC 503.

**PSYC 578 Workshop in Quantitative Methods (4, max 8)** Practical, hands-on experience in the application of selected quantitative methods to empirical data. Includes training in use of relevant computer software. *Prerequisite:* PSYC 501 and either PSYC 502 or PSYC 503.

**PSYC 586 Advanced Psycholinguistics (3, max 9)** (Enroll in LING 586)

**PSYC 590 Directed Research (1-12, FaSp)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PSYC 591 MHB Internship (2, 4, 6, 8, max 8)** Internship in a non-university setting, such as business, governmental agency, or NGO. Graded CR/NC. Open only to MHB students.

**PSYC 592 MHB Treatise (2)** Requires a research paper of substantial length and high quality that integrates the Internship experience with concepts and principles of human behavior. Graded CR/NC. Open only to MHB students.

**PSYC 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**PSYC 594abz Master's Thesis (2-2-0, FaSp)** Credit on acceptance of thesis. Graded IP/CR/NC.

**PSYC 595 Practicum in Clinical Psychology (1-4, max 12, FaSp)** Supervised experience in interviewing skills and assessment, including psychological test administration and the preparation of reports. Graded CR/NC.

**PSYC 599 Special Topics (2-4, max 8)** Selected topics in the various speciality areas within psychology at the graduate level. Topic will vary from semester to semester.

**PSYC 606 Seminar in Learning and Memory (4, max 8, Irregular)** Basic problems and experimental data related to understanding the nature of learning processes.

**PSYC 607 Seminar in Behavioral Neuroscience (4, max 8, Irregular)** Selected topics considered in the contexts of recent experimental developments and current theoretical trends.

**PSYC 610 Seminar in Information Processing in the Nervous System (4, max 8, Irregular)** Current issues in research on short term retention, recognition, and recall; sensory filtering and attention; information processes in human skill; limits of capacity.

**PSYC 612 Seminar in Advanced Social Psychology (4, max 16, Irregular)** An intensive consideration of selected concepts, theories, and research problems in social psychology. *Prerequisite:* PSYC 512.

**PSYC 616 Research Techniques for Non-Experimental Social Science (4, Irregular)** Quasi-experimental designs; causal inference from correlational research, techniques for evaluating measures of attitude, personality, and social motives; observational methods; content analysis; sampling and survey techniques.

**PSYC 619 Psychological Intervention (4, Sp)** Study of clinical psychological treatment: research and theory about major psychological approaches to intervention. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.)

**PSYC 621 Seminar in Quantitative Psychology (4, max 12, Irregular)** Selected topics in mathematical psychology.

**PSYC 622 Decision Analysis and Behavioral Decision Theory (4, Irregular)** Normative and descriptive theories and research on human decision-making, with special emphasis on applications to real social decision problems.

**PSYC 660 Seminar in Clinical Psychology (4, max 8, Irregular)** Selected topics in clinical psychology.

**PSYC 663 Computational and Cognitive Neuroscience (4)** (Enroll in CSCI 663)

**PSYC 676 Seminar in Psycholinguistics (3, max 12)** (Enroll in LING 676)

**PSYC 680 Seminar in Psychopathology (4, max 8, Irregular)** Selected topics in psychopathology.

**PSYC 691ab Internship in Clinical Psychology (0-0, FaSp)** Supervised clinical work in an approved mental health setting. Graded CR/NC. *Prerequisite:* good standing in clinical program and departmental approval.

**PSYC 695 Advanced Practicum in Clinical Psychology (1-4, max 12, FaSp)** Didactic practicum combining theory and research on psychological intervention with clinical practice in assessment and treatment, focused on particular client groups or disorders. Graded CR/NC.

**PSYC 790 Research (1-12, FaSp)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PSYC 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSp5m)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Religion

Ahmanson Center 130  
(213) 740-0270  
FAX: (213) 740-7158  
Email: religion@dornsife.usc.edu  
www.usc.edu/dept/LAS/religion

Director: Duncan Williams, Ph.D.

### Faculty

*Myron and Marian Casden Directorship of the Casden Institute for the Study of the Jewish Role in American Life and Professor of Religion:* Bruce Zuckerman, Ph.D.\*

*King Faisal Chair in Islamic Thought and Culture and Professor of Religion and American Studies and Ethnicity:* Sherman Jackson, Ph.D.

*Knight Chair in Media and Religion:* Diane Winston, Ph.D. (*Communication and Religion*)

*John R. Tansey Chair in Christian Ethics and Professor of Religion:* Rev. Cecil (Chip) Murray, Rel.D.

*Alton M. Brooks Professor of Religion:* James Heft, Ph.D.

*Leonard K. Firestone Professor of Religion:* Donald Miller, Ph.D.

*Professors:* Lisa Marie Bitel, Ph.D. (*History*); Ronald R. Garet, Ph.D., J.D. (*Law*); Paul Lichterman, Ph.D. (*Sociology*)

*Associate Professors:* Sheila Briggs, M.A.; Lori Rachele Meeks, Ph.D. (*East Asian Languages and Cultures*); Duncan Williams, Ph.D.

*Assistant Professors:* David Albertson, Ph.D.\*; James McHugh, Ph.D.; Megan Reid, Ph.D.

*Lecturer:* Lynn Swartz Dodd, Ph.D.

*Adjunct Professors:* James Heft, Ph.D.; Katharine Harrington, Ph.D.; Cecil Murray, Ph.D.; Stephen Smith, Ph.D.

*Emeritus Professors:* Robert Ellwood, Ph.D.; Gerald A. Larue, Th.D.; John B. Orr, Ph.D.; J. Wesley Robb, Ph.D., LHD\*

*Emeritus Associate Professors:* John P. Crossley, Jr., Th.D.\*; William W. May, Ph.D.; Alvin S. Rudisill, Ph.D.

\*Recipient of university-wide or college teaching award.

The School of Religion offers undergraduate courses in biblical studies; ancient near eastern religion, east and south Asian religions, including Hinduism, Buddhism and Taoism;

religions in Latin America; contemporary North American religions; the histories of Judaism, Christianity and Islam; the sociology of religion; religion and gender; and topics in religious ethics. Courses are designed to facilitate a critical and comparative understanding of religious traditions in the light of the most current scholarship.

Students also have the opportunity to receive regular USC course credit for courses taken at Hebrew Union College. Students have the option to take occasional courses at Hebrew Union College or to declare an emphasis in Judaic Studies (see the requirements indicated below for more information).

### Degree Programs

The School of Religion offers the Bachelor of Arts in Religion, the Bachelor of Arts in Interdisciplinary Archaeology, a B.A. with an emphasis in Judaic Studies, a minor in religion, an M.A. and Ph.D. in Religion and Social Ethics, a joint Ph.D. with Hebrew Union College, and a dual degree with the USC Gould School of Law.

## Undergraduate Degrees

### Major Requirements for the Bachelor of Arts in Religion

The department major requires REL 301 Introduction to the Study of Religion (preferably taken at the beginning of the student's major courses) and REL 401 Seminar in Religious Studies. Further, students will select one or two lower-division courses and four or five additional upper-division courses from the lists below. The total unit

requirement for the major is 32 units (at least 24 to 28 units must be upper-division).

#### Lower-division Options:

REL 111, REL 112, REL 121, REL 125, REL 131, REL 132, REL 133, REL 134, REL 135x, REL 136x, REL 137, REL 140, REL 145, REL 150

#### Upper-division Options:

CLAS 323, COMM 425, COMM 426, EALC 431, HIST 482, JS 321, JS 361, JS 382, JS 467, REL 311, REL 312, REL 315, REL 316, REL 317, REL 319, REL 325, REL 329, REL 330, REL 331, REL 332, REL 333, REL 334, REL 335, REL 336, REL 339, REL 341, REL 360, REL 364, REL 366, REL 375, REL 394, REL 414, REL 415, REL 417, REL 433, REL 435, REL 440, REL 442, REL 455, REL 460, REL 461,

REL 462, REL 468, REL 469, REL 471, REL 473, REL 474, REL 479, REL 481, REL 483, REL 493, REL 494, REL 495, REL 499

Students who intend to do graduate work in some area of religious studies are encouraged to concentrate their course selections in the area of their preference and to begin learning the languages that are essential for study in that area. This includes modern languages such as French, German, Chinese or Japanese, and perhaps an ancient language.

#### Religion Major with Honors

Majors who wish to graduate from the university with honors in religion must achieve a minimum 3.5 grade point average in the major at the time of graduation. In addition to completing the required 32 units listed above, candidates for honors must register for REL 491x Undergraduate Honors Research, in which they must complete an acceptable senior honors project in religion. The total unit requirement to graduate with honors is 36 upper division units.

#### Honor Society

Theta Alpha Kappa is a national honor society for those involved in the study of religion at the undergraduate and graduate level. It is open to declared majors who have completed at least three semesters of college and at least 12 units of religion courses. Students must have a GPA of at least 3.5 in major courses and an overall GPA of at least 3.0.

#### Judaic Studies Emphasis Major

A Bachelor of Arts in Religion with an emphasis in Judaic Studies is offered cooperatively with the School of Religion and Hebrew Union College-Jewish Institute of Religion. Students will complete all requirements for the bachelor of arts in religion. In fulfilling these requirements, students who choose the Judaic Studies emphasis will select any three of the following courses: REL 312; JS 321, JS 361, JS 382, JS 467.

As a prerequisite for participation in the Judaic Studies emphasis, students must enroll in either JS 100 Jewish History or JS 180 Introduction to Judaism. In addition, students who elect the Judaic Studies emphasis must complete HEBR 120, HEBR 150, and HEBR 220, which may be used to fulfill the college's language requirement.

The total number of units to graduate with the Judaic Studies emphasis major is 36 units. This does not include the Hebrew language requirement.

#### Bachelor of Arts in Interdisciplinary Archaeology

*Director:* Lynn Swartz Dodd, Ph.D.

Students are given broad-based exposure to a range of methods by which archaeological data are retrieved and analyzed and theoretical paradigms and intellectual foci by and from which archaeologists interpret the past's material culture.

In addition to the general education requirements, the following courses are required:

REQUIRED COURSES, LOWER DIVISION		UNITS
ANTH 202	Introduction to Archaeology, or	
CLAS 212L	Archaeology: Interpreting the Past	4
AHIS 201	Digging into the Past: Material Culture and the Civilization of the Ancient Mediterranean, or	
LING 295	The Ancient Near East: Culture, Archaeology, Texts	4
Total lower division units		8

REQUIRED COURSES, UPPER DIVISION		UNITS
<i>Theory and Methods</i> (any two of the following three courses)		
AHIS 425	Interdisciplinary Studies in Classical Art and Archaeology: Research and Methodology	8

REL 494 Advanced Near Eastern and Mediterranean Archaeology  
REL 495 Field Methods in Archaeology

#### Interdisciplinary Perspectives

AHIS 321	Greek Art and Archaeology, or	
AHIS 322	Roman Art and Archaeology, or	
AHIS 384	Early Chinese Art, or	
AHIS 420	Studies in Ancient Art	4
ANTH 310	Archaeology of the Americas, or	
ANTH 311	Old World Archaeology	4
CLAS 323	Aegean Archaeology	4
REL 394	Archaeology of Egypt and the Near East, or	
REL 493	Art and Archaeology of Religion	4
Elective	Any 300 or 400 level course offered by the Anthropology, Art History, Classics, Linguistics or Religion departments	4

#### Capstone course

CLAS 465 Archaeology and Society 4

Total upper division units 32

#### Religion Minor

Students taking the religion minor must enroll in REL 301 Introduction to the Study of Religion. In addition, they must complete one lower-division course and three upper-division courses selected from those listed in the religion major requirements. The total unit requirement for the minor is 20 units; 16 of those units must be upper division.

Students who wish to focus their minor in Jewish studies must minor in Judaic Studies.

#### Judaic Studies Minor

See Judaic Studies, page 386, for a full description of the minor.

#### Critical Approaches to Leadership Minor

See the Department of Interdisciplinary Studies, page 375 for a full description of the minor.

## Graduate Degrees

The School of Religion offers graduate study at the master's and doctoral degree levels in the field of religion and social ethics.

Graduate work in religion and social ethics is designed to develop critical reflection upon problems of norms, values, social institutions and specific social issues within the framework of theological, philosophical and social scientific disciplines.

Graduate study in religion and social ethics is divided among three areas of concentration:

*Area I. Religious and Philosophical Approaches to Social Ethics* Studies the formation and historical development of social ethical traditions as they grow out of religious and philosophical commitments. Attends especially to such

issues as the relationship of religious faith to the moral life, the relationship between religious and philosophical ethics, foundational and non-foundational perspectives on social ethics, ethical absolutism and ethical relativism, and religious and philosophical visions of a just society.

*Area II. Religion and Culture* Focuses on the social and cultural contexts, both ancient and modern, within which religious faith and moral character develop and religious and moral decisions are made. Concerns itself with such issues as the role of institutions in mediating religion, community, human services, and perceptions of the good life and good society; how the religious and moral character of individuals and groups is formed in particular social and cultural contexts; and how and why norms and values change. Makes use of field studies and other empirical research methods.

*Area III. Ethical Analysis and Policy Formation* Develops the capability to make sound judgments about ethical issues and to relate these judgments to policy formation. Relates theological, philosophical, legal and social scientific theories and methods to the analysis of questions of justice and rights in society. Special emphasis is given to ethical issues in medicine, business and the impact of technology on society and culture. Utilizes the case study method along with more traditional models of decision-making, goal-setting and the devising of strategies for positive social change.

#### **Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School. Decisions regarding the number of transfer credits to be awarded will be made on a case-by-case basis by the faculty of the School of Religion.

#### **Core Course Requirement**

##### *General Requirements*

Doctoral students are expected to take three core courses, one in each of the three areas of concentration: Area I, 507 Social Ethics; Area II, REL 531 Sociology of Religion; Area III, REL 560 Normative Analysis of Issues. Master's students are expected to take two of the core courses offered during their year of residency. At least one core course is offered each semester. Students are expected to take one core course each semester until the core requirement is met.

##### *Normal Load*

A normal, full-time load is two or three courses (eight or 12 units) each semester.

#### **Master of Arts in Religion and Social Ethics**

The M.A. degree program consists of 24 units of graduate-level course work and either a comprehensive examination or a thesis. A maximum of one third of the 24 units may be taken at the 400 level. No foreign language is required for the master's degree.

Master's degree students are expected to take two of the core courses offered during their year of residency and four additional elective courses for a total of six courses. The comprehensive examination consists of two half-day, four hour examinations, primarily in the areas of two of the core courses offered in the year of a student's residency, but with some attention to the third area. The master's degree with comprehensive examination option may be completed in two semesters of full-time work (12 units each semester). The thesis option requires research on a specific topic and requires registration in REL 594ab Master's Thesis in addition to the 24 units of required course work.

#### **Doctor of Philosophy in Religion and Social Ethics**

##### *Course Requirements*

Sixty units of course work are required for the Ph.D. degree, including units of previous graduate work for which credit is allowed. Since students normally complete between 16 and 20 units a year, three years are required to complete the course work for students who have done no previous graduate study. Time of residency is contingent upon the background and preparation of the student.

In addition to the 12-unit core requirement, each student is required to take four elective units in each area of concentration. Students are also expected to take courses in areas which will support their dissertation work. Such courses may be offered in related departments in the university as well as in the School of Religion and should be selected in consultation with an adviser.

A maximum of eight units of 794 Doctoral Dissertation may be applied toward the 60 unit total requirement. A 3.0 GPA must be maintained in course work. Students are screened by a faculty committee after completion of 20 units (16 units for transfer students), and advised as to whether they should continue with the Ph.D. program.

Students with deficient backgrounds in the history of ethics are urged, after consultation with their advisers, to take one of the following three courses: PHIL 442 History of Ethics to 1900, REL 500 History of Theological Ethics or REL 504 Ethics in the History of Western Religious Thought.

##### *Foreign Language Requirement*

The School of Religion requires a reading knowledge of one modern foreign language. The student should pass the language examination by the end of the first full year of residency. The language requirement must be met before a student will be permitted to take the qualifying examination.

##### *Qualifying Examination*

A student is admitted to candidacy for the Ph.D. degree when the qualifying examination is successfully completed. The qualifying examination consists of five separate examinations: (a) three, three-four hour examinations in each of the three areas of concentration based on a combination of core bibliographies available for each area and student bibliographies. The Area III examination is a case study that deals directly with an issue that requires discussion of rights and justice, utilizes decision-making models and results in policy formation; (b) a three-four hour examination in the area of the student's special interests and/or dissertation area; (c) a two-hour oral examination in which the student is questioned about the written examinations.

Students whose preparation for the dissertation could be facilitated by a case study more extensive than is feasible for a three-four-hour in-house examination may avail themselves of the following option: Instead of taking the Area III examination (case study) and the special interest area examination as two separate examinations, students may collapse the two into a 72-hour, take-home case study in the dissertation area.

Upon successful conclusion of the qualifying examination, the student immediately forms a dissertation committee, and submits to the dissertation committee within one month a 10-12 page dissertation proposal. The dissertation committee discusses the proposal with the student, suggests necessary alterations and additions, and bibliography, and requires the student to submit a final proposal for approval within one month.

##### *Dissertation*

The final stage of the program is the submission of an acceptable dissertation based on original investigation. The dissertation must show technical mastery of a special field, evidence of independent research, and the analytical and interpretive ability expected of a scholar.

**Joint Doctor of Philosophy Program in Religion and Social Ethics with Hebrew Union College-Jewish Institute of Religion**

In conjunction with Hebrew Union College-Jewish Institute of Religion, the Ph.D. Program in Religion and Social Ethics may be taken with a concentration in Judaic Studies. Applicants should apply to USC; applications will be considered jointly with Hebrew Union College. Individual programs may be developed within the parameters for religion and social ethics set forth above.

**Dual Degree Program in Law and Religion and Social Ethics**

The School of Religion, in conjunction with the USC Gould School of Law, offers a dual degree in law and religion and social ethics. The goal of this program is to provide the highest level of education and academic preparation to students committed to both disciplines. Students completing this program will be fully prepared to function as practicing lawyers, as well as to teach. Requirements for this dual degree are listed in the law school, page 741. To earn the J.D.,

all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year. The associate dean may make exceptions to this rule for students enrolled in law school honors programs.

**Professional Ethics**

Students interested in bioethics, business ethics or professional ethics may develop an area of concentration in one of these fields. These fall under Area III.

## Courses of Instruction

**RELIGION (REL)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**REL 111g The World of the Hebrew Bible (4)** The Hebrew Bible in the cultural setting of the Ancient Near East; the formation of theological and ethical concepts which have shaped Western culture.

**REL 112g Religions of Egypt and the Ancient Near East (4)** Religions, cultures, and values of ancient Egypt and Near East (Iran, Iraq, Israel, Syria, Lebanon, Arabia, Turkey) and their legacies in contemporary society.

**REL 121g The World of the New Testament (4)** Historical investigation of New Testament characters, events, ethics and theology in relation to its social, intellectual, and religious contexts in the Jewish and Greco-Roman world.

**REL 125g Introduction to Christianity (4)** Survey of the changing beliefs and practices of the Christian religion from obscure origins to globalized present, with special attention to the varieties of Christian literature.

**REL 131g Religions of Asia (4)** Traces the development of religious thought in India, China and Japan, from earliest times to the present, paying attention to certain recurrent themes or motifs.

**REL 132g Religions of the West (4)** Examination of Judaism, Christianity, and Islam in their origins and their development in relation to Western civilization.

**REL 133g Religions of Latin America (4)** Examines the diverse and complex religious traditions of Latin America.

**REL 134gx Introduction to Buddhist Literature (4)** Focus primarily on works of Buddhist literature written in a variety of genres. Introduction of basic teachings that link Buddhist traditions across time and space.

**REL 135gx Religions of China (4)** Historical and thematic survey of Chinese religious history from earliest times to the present.

**REL 136xg Sense and Sensuality in Indian Religious Literature (4)** Exploration of the senses and the technologies of pleasure in India, relating this material to some fascinating examples of Hindu, Jain, and Buddhist literature. Not for major credit for Religion or Religion (Judaic Studies) majors.

**REL 137g Introduction to Islam (4)** Introduction to Islam, emphasizing its historical and cultural development since the seventh century C.E., and the basic teachings of Islam.

**REL 140g Religion and Ethical Issues (4)** How major Western religious orientations affect deliberation concerning issues such as reproductive technologies and abortion, physician-assisted death, civil disobedience, homosexuality, economic justice, and just war. *Concurrent enrollment:* WRIT 140.

**REL 145m Religion in Los Angeles (4)** Examines the variety of different religious groups and movements in Los Angeles, one of the world's finest laboratories for studying religious innovation, diversity, and pluralism.

**REL 150g Religion and Immigration (4)** Study of social and cultural consequences of immigration through the lens of religion. *Concurrent enrollment:* WRIT 140.

**REL 301 Introduction to the Study of Religion (4, Fa)** Analysis of alternative paths to spirituality, survey of major critics and interpreters of religious commitment. Majors should take at beginning of major course work.

**REL 302 Religions of Ancient Egypt and the Near East (4)** Religious experience and values of ancient Egypt and Near East through material culture, literature, art, and cultic practices; and their legacies in contemporary society.

**REL 311 The Bible in Western Literature (4)** Comparative analysis of biblical works and how they were employed by various writers in major works of Western literature.

**REL 312 Biblical Wisdom Literature (4)** Survey of and inquiry into the biblical wisdom literature; emphasis on the Book of Job.

**REL 315 Thought and Life of Islam (4)** History, thought, institutions, and religious practices of Islam.

**REL 316 Women and the Islamic Tradition (4, Fa)** Overview of social and legal status of women in Islamic society, past and present. Examination of social roles established both for and by Muslim women.

**REL 317 Ancient Near Eastern Myth and Literature (4)** A close consideration of ancient Near Eastern myths — especially those from Mesopotamia and Canaan — with special attention to their influence on the Bible.

**REL 319 Religious and Ethical Issues in Death and Dying (4)** Analysis of religious and ethical approaches to death and dying, including refusal of treatment for competent and incompetent patients, voluntary and involuntary euthanasia, and resuscitation.

**REL 323 Aegean Archaeology (4)** (Enroll in CLAS 323)

**REL 325 Religious Experience in the Greco-Roman World (4)** Varieties of religious experience as reflected in the literature, art, and cultic practices of the Hellenistic world.

**REL 328 Archaeology of Religion in the Greco-Roman World (4)** (Enroll in CLAS 328)

**REL 329 Themes in the Religions of China (4)** A study of selected themes in the history of Chinese religions and culture. Compares cases and materials from several historical periods and religious traditions.

**REL 330 Introduction to the Religions of India (4, FaSpSm)** History, teaching, and practice of Hinduism, Buddhism, and other religious traditions of India.

**REL 331 Religions of East Asia (4)** History, teaching, and practice of the religions of China, Tibet, and Japan.

**REL 332 Religions of Japan (4)** The development of religious thought and practice in the Japanese islands, with Buddhism and Shinto being the most prominent.

**REL 333 Religion in the Borderlands (4)** Survey of religious history of U.S./Mexico borderlands. Emphasis is given to definitions of place and transformations in culture and forms of belief.

**REL 334 Religion and Colonial Encounter (4)** Survey of religious responses to colonial encounter in the Americas. Emphasis given to study of religious innovations of Amerindians, Africans, and Europeans.

**REL 335 Gender, Religion, and Sexuality (4)** The construction of gender and sexuality in Western religious traditions; its continued impact on contemporary intellectual, cultural, and social life.

**REL 336m Re-viewing Religion in Asian America (4)** Interdisciplinary analysis of the religions traditions, institutions, and experiences of Asians and Pacific Islanders in the U.S.

**REL 338 Mysticism and Religious Desire (4)** How human appetites for sex, food, community or immortality are articulated as mystical desires in different religions, either within institutional structures or working against them.

**REL 339 Studies in the History of Christianity (4)** In-depth exploration of one of the pivotal moments in the history of Christianity and Western society.

**REL 341 Technology, Culture, and Ethics (4)** Examination of value questions arising from the impact of technology on individuals, social institutions, and culture.

**REL 360 Ethical Issues in the New Medical Revolution (4)** Multimedia-oriented analysis of issues; definition of life and death; research on human subjects, health care delivery, euthanasia, abortion, genetic counseling, behavior control.

**REL 364 Religion and Ethics (4)** Traces the development of how religious ideas have informed ethics, or accounts of the good life, including notions of justice, righteousness, virtue, duty, charity and happiness.

**REL 366 Religion and Social Change (4)** Empirical and theoretical analysis of social change and its effect on religious institutions as well as the impact of religious movements on society.

**REL 370 Religion and Visuality (4)** Examination of the deep connections between visuality and religions, including visions, controversies over religious images, and other connections between religion and visual art.

**REL 375 Conflict and Change and the Ethics of Business (4)** Impact of recent events and developments on the ethics of business, such as civil rights, affirmative action, professionalism, consumerism, ecology, changing life styles, and government regulation.

**REL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**REL 394 Archaeology of Egypt and the Near East (4)** Study of archaeology and excavated artifacts from Egypt and the Near East.

**REL 401 Seminar in Religious Studies (4, Sp)** Survey of methods and selected issues in the field of religious studies; required of all majors during their junior or senior year. (Duplicates credit in former REL 399.) *Recommended preparation:* REL 301.

**REL 414 History of Islamic Law (4, Sp)** Examines legal methods and religious sources used in Islamic law. Emphasis is placed on the way cultural developments affect legal thought and the administration of justice.

**REL 415 Seminar in Buddhism (4)** Seminar on selected aspects of the Buddhist tradition.

**REL 417 Seminar in South Asian Religions (4)** Exploration of particular themes and/or traditions in South Asian religions.

**REL 425 Communicating Religion (4)** (Enroll in COMM 425)

**REL 426 Religion, Media and Hollywood: Faith in TV (4)** (Enroll in COMM 426)

**REL 431 The Taoist Tradition (4)** (Enroll in EALC 431)

**REL 435 Religious Thought After the Enlightenment (4)** Changes in religious thought between the late 18th and early 20th centuries in the wake of the emergence of modernity in the West.

**REL 440 Christian Thought in the 20th Century (4)** Examination of dynamic new directions taken by Christian understandings of self, God, and salvation in response to the novel conditions of modern culture, politics and philosophy.

**REL 441 Origins of Modern Theology (4)** 19th century liberal, rationalist, and historical theology.

**REL 442 Religion and Science (4)** Explores whether religion and science offer competing or complementary models for understanding the world and the human place within it.

**REL 448m Islam in France (4, FaSp)** (Enroll in FREN 448m)

**REL 455 Philosophy of Religion: Bases of Belief and Disbelief (4)** Rational and empirical foundations for religious faith and for skepticism.

**REL 460 Senior Seminar: Medical Ethics (4)** Analysis of ethical problems related to new developments in medical science. Graded CR/NC.

**REL 461 Business and Society (4)** Theories of corporate social responsibility from contrasting points of view and the relation of social responsibility to theories of management ethics, utilizing case studies.

**REL 462 Religion and Violence (4)** Religious and moral perspectives on war, pacifism, violent and non-violent protest, and religion-based terrorism and militia.

**REL 468 Sociology of Religion (4)** The role of religion in modern society from the standpoint of sociological theory and research.

**REL 469 Black Religion in America (4)** Historical, sociological, and theological analysis of the nature and role of black religion in the American setting.

**REL 471 Jesus (4)** A study of major interpretations of the figure of Jesus, with focus on the interaction between religious traditions and culture.

**REL 473 Advanced Hebrew Bible Studies (4)** Consideration of specific topics in Old Testament studies; particular topics determined each semester.

**REL 474 Advanced New Testament Studies (4)** Consideration of specific topics in New Testament studies. Particular topics determined each semester.

**REL 479 Seminar in Christian Thought (4)** Studies a theme, period, or problem from the history of Christian thought within its intellectual and social context.

**REL 481 History of Religion in America (4)** Intellectual, institutional, and social history of religion in America from colonial times to the present.

**REL 482 Jesus in American History and Culture (4)** (Enroll in HIST 482)

**REL 483 Religion and Popular Culture in the United States (4, Sp)** Critical analysis of the relationship between religion, mass media, and popular cultural forms in the U.S. *Recommended preparation:* REL 301.

**REL 484 American Religion, Foreign Policy and the News Media (4, Sp)** (Enroll in JOUR 484)

**REL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**REL 491x Undergraduate Honors Research (4)** Individual research for honors in the major leading to a substantial project. Open only to religion majors at the junior or senior level.

**REL 493 Art and Archaeology of Religion (4, FaSp)** The history of religion through its material expression: art, architecture and artifact. Exploration of different themes and time periods.

**REL 494 Lab Methods and Theories in Archaeology (4)** Archaeological research design, data recovery, artifact analysis, interpretation and analogy, publication and ethics.

**REL 495 Field Methods in Archaeology (2-6)** Archaeological field study emphasizing current paradigms of data collection and evaluation; social scientific study of material culture and its relationship to religious expression.

**REL 499 Special Topics in Religion (2-4, max 8)** Selected topics in religious studies.

**REL 500 History of Theological Ethics (4)** The ethical thought of major theological thinkers in the patristic, medieval, Reformation, and modern periods.

**REL 501 Theories and Methods in Religious Ethics (4)** Classical and contemporary writers on the interpretation of religious ethics. Perspectives from the history, phenomenology and the social scientific study of religious ethics.

**REL 503 Theories of Rights and Justice (4)** Naturalist, utilitarian, contractarian, and Marxian conceptions of rights and distributive justice; their history and contribution to contemporary social ethics.

**REL 504 Ethics in the History of Western Religious Thought (4)** Ethics in the thought of key religious thinkers in Judaism, Christianity, and Islam from the first to the 19th centuries.

**REL 505 Contemporary Theological Ethics (4)** The current state of Reformation and Catholic ethics in comparison with current theological ethics influenced by the Enlightenment.

**REL 506 Tradition and Community in Western Religious Thought (4)** Analysis of how religious identity has been formed in Western history through the definition of tradition and community.

**REL 507 Social Ethics (4)** Major traditions of religious social ethics in the U.S. in their development from European antecedents to their current states. *Prerequisite:* graduate standing.

**REL 508 Ethics of Liberation Theology (4)** Analysis of a major movement in contemporary theological ethics in its societal context and relationship to the institutional church and traditional Christian ethics.

**REL 509 Early and Medieval Religious Thought in the West (4)** Religious thought in the West from pre-Augustine to post-Thomas Aquinas. Emphasis on primary texts: Augustine, Boethius, Anselm, Averroes, Maimonides, and Thomas.

**REL 510 Biblical Ethics — Old Testament (4)** Old Testament ethics, with emphasis on the historical, institutional, and literary context.

**REL 512 Biblical Ethics — New Testament (4)** New Testament ethics, with emphasis on the historical, institutional, and literary context.

**REL 515 Comparative Religious Ethics (4)** A comparative study of ethical thought and practice in cultures and of persons shaped by the major world religions.

**REL 516 Modern Continental Religious Thought (4)** The effects of the Enlightenment on Jewish, Catholic, and Reformation thought of the 19th century, and of the latter on 20th century religious thought.

**REL 520 The Christian Pragmatism of Reinhold Niebuhr (4)** Examination of Niebuhr's life and writings, critical analysis of significance regarding social gospel, Neo-orthodoxy, Marxism, New Deal, World War II, and the Cold War.

**REL 530 Social Theory in Religious Social Ethics (4)** Relationship of sociological theory and methodology to the normative analysis of social institutions, social policy, and cultural values.

**REL 531 Sociology of Religion (4)** Examination of major classical and contemporary theorists, the impact of social change on religious institutions, and the social role and function of religion.

**REL 532 Moral Issues in Urban Religion (4)** The history, theologies, and practices of urban religious institutions: an examination of moral issues in the changing interaction between religion and urban culture.

**REL 543 Radicalism and Reform in Religious Social Ethics (4)** Critical and historical analysis of radical and reformist themes in 20th century religious social criticism, particularly in the American situation.

**REL 544 Law, Politics, and the Religious Conscience (4)** 19th century backgrounds. Church-state issues; religious communities as political agents; religious rhetoric and public political rhetoric.

**REL 560 Normative Analysis of Issues (4)** Methods of case study analysis which identify and draw upon ethical theory and result in public policy recommendation.

**REL 565 Seminar in Bioethics (4)** Ethical issues in death and dying, human experimentation, genetic engineering, behavior modification, health care delivery, abortion, and others.

**REL 567 Seminar in Business Ethics (4)** Critical evaluation of ethical issues in the relation between business and society; focus on value conflicts in resolution of issues.

**REL 568 The Rights of Groups (4)** Legal and moral rights of religious, racial, ethnic, and communal groups; sources and criticisms of group claims in sociology, ethics, and jurisprudence.

**REL 570 Ethical Assessment of Technology (4)** Analysis of psychological, social, and cultural impact of technology; formulation of normative social policy regarding military, computer, communications, energy, pollution, and behavior control technologies.

**REL 572 Freedom, Justice and Order in Social Policy (4)** Significance of, and conflicts between central social values; their applications to specific contemporary social policy questions.

**REL 575 The Ethics of Women's Liberation (4)** The methodologies of feminist ethics, their emergence out of the academic disciplines and women's movement, and their applications to social policy issues.

**REL 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**REL 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**REL 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**REL 599 Special Topics (2-4, max 8)**

**REL 600 Advanced Seminar in Religious and Philosophical Approaches to Social Ethics (4, max 8)** Ontological and positivistic bases of social ethics.

**REL 602 The Evolution of Roman Catholic Thought (4)** The modern Roman Catholic description of the development of doctrine in the light of its ancient, medieval and modern sources.

**REL 626 Seminar in Jewish Ethics (4)** (Enroll in Judaic Studies 626)

**REL 630 Advanced Seminar in Religion and Culture (4, max 8)** Moral expression as critical of and shaped by institutions and cultures.

**REL 660 Advanced Seminar in Ethical Analysis and Policy Formation (4, max 8)** Ethical reflection on the making of private and public policies from a moral perspective.

**REL 790 Directed Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**REL 794abcdz Doctoral Dissertation (2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

*Emeritus Professor:* Anthony M. Mlikotin, Ph.D.

\*Recipient of university-wide or college teaching award.

### Undergraduate Programs

The Department of Slavic Languages and Literatures offers a major in Russian at the undergraduate level and minors in Russian and Russian Area Studies. The major combines thorough preparation in the Russian language with the study of Russian literature, art and culture. Particular emphasis is placed on developments in contemporary Russia.

Students are required to study four semesters of Russian language as a prerequisite to the major. The major itself requires an additional three semesters of language study, three semesters of an advanced seminar on Russian culture (with varying content), and two elective courses, either in Russian literature and culture (in translation or Russian, depending on course scheduling) or in Russian area studies.

### Graduate Programs

The Department of Linguistics offers, under the jurisdiction of the Graduate School, the Doctor of Philosophy in Linguistics (Specialization in Slavic Linguistics).

The Department of Comparative Studies in Literature and Culture offers, under the jurisdiction of the Graduate School, the Master of Arts and the Doctor of Philosophy in Comparative Studies in Literature and Culture (Slavic Languages and Literatures).

## Undergraduate Degrees

### Department Major Requirements for the Bachelor of Arts in Russian

REQUIRED COURSES, LOWER DIVISION		UNITS
SLL 120	Beginning Russian I	4
SLL 150	Beginning Russian II	4
SLL 220	Intermediate Russian I	4
SLL 250	Intermediate Russian II, or	
SLL 255	Business Russian	4
REQUIRED COURSES, UPPER DIVISION		UNITS
SLL 310	Advanced Russian in Popular Culture	4
SLL 321	Russian Culture, or	
SLL 330	Russian Thought and Civilization	4
SLL 340	Intercultural Communication in Russian	4
SLL 465	Seminar in Russian Studies (taken three times, with varying content)	4, max 12

And two elective courses approved by the undergraduate adviser.

### Minor in Russian

Lower division requirements for the major plus three upper division elective courses chosen from the following (at least two of the areas must be represented): Russian language (SLL 310, SLL 340, SLL 420); Russian literature and culture taught in Russian (SLL 321, SLL 465); Russian literature, art and culture taught in translation (SLL 330, SLL 344, SLL 345, SLL 348, SLL 378).

### Minor in Russian Area Studies

#### Lower Division Requirements

Four semesters of Russian language (SLL 120, SLL 150, SLL 220 and either SLL 250 or SLL 255), or its equivalent.

#### Upper Division Requirements

The core course, SLL 330 Russian Thought and Civilization; one course outside the Slavic department, from among the following: HIST 324, HIST 328, HIST 415, HIST 416, HIST 417, HIST 424; IR 345, IR 346, IR 439, IR 483; POSC 464; and one elective, to be chosen from among: any upper division SLL course in Russian literature, art or culture; HIST 320, HIST 324, HIST 415, HIST 416, HIST 417, HIST 424; IR 345, IR 346, IR 439, IR 483; POSC 464.

Note: the course taken to fulfill the requirement outside the Slavic department cannot also count as an elective.

## Graduate Degrees

### Master of Arts in Comparative Studies in Literature and Culture (Slavic Languages and Literatures)

See Comparative Studies in Literature and Culture (page 309) in this catalogue.

### Doctor of Philosophy in Comparative Studies in Literature and Culture (Slavic Languages and Literatures)

See Comparative Studies in Literature and Culture (page 310) in this catalogue.

### Doctor of Philosophy in Linguistics (Specialization in Slavic Linguistics)

Application deadline: January 1

See Linguistics (page 398) in this catalogue.

### Certificate in Foreign Language Teaching

The Certificate in Foreign Language Teaching provides certification in the theory and practice of second or foreign language teaching for student language teachers concurrently enrolled in graduate degree programs in foreign languages or related graduate programs

at USC; for graduates of such programs who are teaching languages; for external candidates concurrently enrolled in similar programs at accredited colleges or universities; or for graduates of such programs who are teaching languages. The certificate is meant to supplement graduate study in the literature or linguistics of foreign languages. It is also meant to supplement classroom teaching. Refer to the Department of Spanish and Portuguese (page 479) for course work requirements.

## Courses of Instruction

### SLAVIC LANGUAGES AND LITERATURES (SLL)

For the courses offered during any given term, consult the *Schedule of Classes*.

**SLL 020 Course in Reading Russian (2)** For graduate students wishing to use Russian as a scholarly tool. Emphasis on basic grammar and reading skills. Graded CR/NC.

**SLL 025 Course in Reading Russian (2)** Continuation of SLL 020. Reading of authentic materials from Russian press and students' areas of interest. For graduate students only. Graded CR/NC. *Prerequisite:* SLL 020.

**SLL 120 Beginning Russian I (4)** Introduction to the Russian language with emphasis on basic conversational skills, major points of grammar, and reading.

**SLL 122 Elementary Polish I (4)** Structure of the language, pronunciation, basic communication, and reading in modern Polish.

**SLL 130ab Elementary Czech (4-4) a:** Structure of the language, basic grammar, pronunciation, and oral communication. Readings in Czech; discussion of Czech history and culture. *b:* Continuation of SLL 130a. *Prerequisite:* SLL 130a.

**SLL 150 Beginning Russian II (4)** Continuation of SLL 120. *Prerequisite:* SLL 120.

**SLL 152 Elementary Polish II (4)** Continuation of SLL 122. *Prerequisite:* SLL 122.

**SLL 199 Chess and Critical Thinking (2)** Analysis of significant chess games, reflecting societal attitudes toward science, competition, art, gender, psychology, politics, and technology. Graded CR/NC.

**SLL 200 Russian Moral Dilemmas in the 20th Century (4)** Examines the primary moral experiences of Russian society in its transition from tsarism through communism and beyond.

**SLL 201 Contemporary Russian Culture and Society (4)** (SS only) Introduction to the culture, politics, and economics of contemporary Russia. Offered only as part of the International Summer Session in Russia. *Prerequisite:* SLL 120.

**SLL 210 Masterpieces of the Russian Short Story (4)** Critical reading of selected masterpieces of the Russian short story; works by Gogol, Turgenyev, Dostoevsky, Tolstoy, Babel, Pasternak, Solzhenitsyn, and others. In English.

**SLL 220 Intermediate Russian I (4)** Development of thematic conversational skills with emphasis on extended dialogue. Review of basic morphology with special attention to verbs of motion. Reading of authentic material is emphasized. *Prerequisite:* SLL 120, SLL 150.

**SLL 222 Readings in Polish Literature I (4)** Continuation of elementary Polish and introduction to outstanding works in Polish literature. *Prerequisite:* SLL 122 and SLL 152.

**SLL 250 Intermediate Russian II (4)** Continuation of SLL 220. Development of proficiency in conversation skills, reading, and writing. *Prerequisite:* SLL 220.

**SLL 252 Readings in Polish Literature II (4)** Continuation of SLL 222. *Prerequisite:* SLL 222.

**SLL 255 Business Russian (4)** Language and culture course for intermediate Russian level students interested in business. Prepares students to communicate in Russian-speaking business settings in a linguistically sensitive manner. *Prerequisite:* SLL 220.

**SLL 270ab Russian for Native Speakers (4-4)**  
*a:* For native Russian speakers who cannot read or write Russian. Emphasis on essentials of grammar, vocabulary, and orthography, and the reading and writing of simple texts in Russian. *b:* Continuation of SLL 270*a*.

**SLL 299 Chess – Advanced Thinking Techniques (2)** Development of advanced understanding of the game of chess. Critical analysis of games and of the problem-solving techniques applicable in various game situations. Graded CR/NC. *Prerequisite:* SLL 199.

**SLL 300 The Russian Novel (4)** The rise of the novel as the dominant form in Russian literature of the 19th century. Major works by Gogol, Turgenyev, Dostoevsky, Tolstoy, and others. In English.

**SLL 301 Russian Literary Avant-Garde (4)** Russian modernism and the avant-garde: development of modern sensibility in literature and the arts from 1880 to 1930. Readings in Chekhov, Sologub, Bely, Mayakovsky, and others. Conducted in English.

**SLL 302 Modern Russian Literature (4)** Survey of the major developments in Russian literature during the 20th century, from modernism to the post-Soviet era. Readings in English.

**SLL 303 Contemporary Russian Literature (4)** Developments in Russian Literature from the 1960s to the present. Literature of moral resistance directed against official cultural models. In English.

**SLL 310 Advanced Russian in Popular Culture (4)** Advanced conversation topics, readings and analysis of Russian press, films and other popular materials. Advanced grammar. Conducted in Russian. *Prerequisite:* SLL 250; *recommended preparation:* SLL 120, SLL 150, SLL 220.

**SLL 321 Russian Culture (4)** Survey of Russian civilization from the beginnings to the Soviet period focusing on major cultural and artistic trends. Lectures and readings in Russian. *Prerequisite:* four semesters of Russian.

**SLL 330g Russian Thought and Civilization (4)** Russian cultural identity from its beginnings until today. The Eastern Orthodox tradition, its traumatic confrontation with Western culture, and their continuous interaction. *Concurrent enrollment:* MDA 140.

**SLL 340 Intercultural Communication in Russian (4)** Advanced language training focusing on specific issues of communication with Russians. Analysis and translation of literary texts. Advanced syntax. Conducted in Russian. *Prerequisite:* SLL 250; *recommended preparation:* SLL 120, SLL 150, SLL 220.

**SLL 344 Tolstoy: Writer and Moralist (4)** Tolstoy's major works in the context of his ethical views. Readings and lectures in English.

**SLL 345 Literature and Philosophy: Dostoevsky (4)** Dostoevsky's novels as psychological and philosophical analyses of modern alienated man. Readings in Dostoevsky and selections from Gide, Kafka, Camus, and Sartre. Conducted in English.

**SLL 346 Russian Drama and the Western Tradition (4)** Representative plays from the 18th century to the present. Development of the Russian theater in the European context. Conducted in English.

**SLL 348 Nabokov's Novels: Art and Exile (4)** Survey of Vladimir Nabokov's novels written in Europe and America from the 1920s-1960s. Primary focus on the structure of the novels and their themes of art and emigration. Readings in English.

**SLL 370 Advanced Russian for Native Speakers (4)** For students with basic oral proficiency in Russian who need to develop native fluency in an array of genres and situations. Emphasis on advanced grammar, reading (literary and scholarly texts), written expression (scholarly, administrative, and business genres), spelling, and punctuation.

**SLL 378 Modern Russian Art (4)** Changing concepts of aesthetic value as expressed in the development of 19th and 20th century Russian art (painting and architecture).

**SLL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SLL 420 Seminar in the Russian Language (4)** Survey and detailed analysis of selected topics in the Russian language. *Prerequisite:* SLL 310 or SLL 340.

**SLL 465 Seminar in Russian Studies (4, max 12)** Readings and discussion in Russian of current topics in Russian culture, politics and society. Content varies each time offered. *Prerequisite:* SLL 250.

**SLL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**SLL 499 Special Topics (2-4, max 8)**

**SLL 500 Topics in Advanced Russian (2, max 8)** Study of Russian required for graduate work and professional activities. *Prerequisite:* four years of college Russian.

**SLL 501 Proseminar in Russian Literature (3)** Introduction to graduate study of Russian literature: research methods, bibliography, transliteration, development of critical writing skills.

**SLL 510 Old Church Slavonic (3)** Study of the earliest recorded Slavic language; linguistic interpretation of original texts; knowledge of a Slavic language or general linguistics will be helpful.

**SLL 512 History of the Russian Language (3)**

Phonetic, morphological, syntactical changes from common Slavic to the present. Russian literary language; influence of 19th century Russian authors and old church Slavic on contemporary Russian.

**SLL 514 Structure of Modern Russian: Phonology (3)**

Articulatory phonetics, phonemics, morphophonemics, and intonational patterns of modern Russia. *Prerequisite:* three years of college Russian.

**SLL 516 Structure of Modern Russian:**

**Morphology (3)** Essential issues in current linguistic description of the syntax and morphology of modern Russian. Considers word order, negation, verbal aspect.

**SLL 530 Early Russian Literature and Culture (11th-17th Centuries) (3)**

Major monuments of medieval Russian literature examined in their cultural, literary, and theological context, with special emphasis on issues of genre. Focus on problems of Russian cultural identity and Russia's complex relationship to Byzantine and Western traditions. *Prerequisite:* SLL 510 and SLL 514.

**SLL 532 18th Century Russian Literature (3)**

Major works and genres of the 18th century. The development of a "modern" literary tradition, focusing on problems of Russia's indigenization of Western literary movements (classicism and sentimentalism).

**SLL 542 Symbolism (3)**

Russian symbolist literature; cultural and philosophical background of this late 19th and early 20th century movement. *Prerequisite:* three years of college Russian.

**SLL 544 Russian Short Story (3)**

Pushkin, Gogol, Dostoevsky, Turgenyev, Tolstoy, Chekhov. *Prerequisite:* three years of college Russian.

**SLL 545 19th Century Russian Poetry (3)**

Analysis of major works of 19th century Russian poetry in the context of developing aesthetic principles and cultural history. *Prerequisite:* SLL 501.

**SLL 546 The Russian Novel (3)** Genre of the novel as exemplified in the works of one or more Russian authors. Readings from Gogol, Turgenyev, Tolstoy, Dostoevsky, and others.

*Prerequisite:* three years of college Russian.

**SLL 548 History of Russian Literary Criticism (3)**

History and principles of literary criticism in Russia with attention to major periods and movements from the early 19th century through the Formalists.

**SLL 555 Soviet Literature I (1917-1953) (3)**

The course surveys the major writers and literary schools of Soviet literature in the crucial period from the Revolution to the death of Stalin.

**SLL 557 Soviet Literature II (1953-present) (3)**

De-Stalinization of Soviet culture, the reappropriation of Russia's literary past, and new directions in contemporary literature.

**SLL 575 Socialist Realism (3)** The course examines the origins, doctrine, and ideology of socialist realism, the predominant, and officially prescribed, aesthetic of Soviet literature.

**SLL 584 Russian Fiction and the West (3)**

A survey of major Russian fiction in the context of Western European literary movements from the late 18th through late 19th centuries. The course presumes the students' basic acquaintance with the major monuments.

**SLL 585 20th Century Russian Literary Criticism (3)**

Relationship between practical and theoretical literary criticism: Formalism and Structuralism, Sociological school, and Bakhtin; theoretical approaches applied to specific literary texts.

**SLL 590 Directed Research (1-12)**

Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SLL 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)**SLL 599 Special Topics (2-4, max 8)****SLL 650 Seminar in Russian Literature (3, max 9)**

Detailed study of single literary period, movement or genre; two or more selected authors; specific school of literary criticism. May be repeated, with departmental permission, if content of the seminar is different. *Prerequisite:* three years of college Russian; *recommended preparation:* one year of graduate study.

**SLL 660 Seminar on a Single Author or Work (3, max 9)**

Theme varies from year to year. An author or major work will be selected for intensive study; research paper required. May be repeated, with departmental permission, if content of the seminar is different. *Prerequisite:* three years of college Russian; *recommended preparation:* one year of graduate study.

**SLL 665 Seminar in Russian Culture and the Arts (3, max 9)**

Subject varies from year to year. A trend or major figure will be studied in its cultural and artistic contexts. May be repeated, with departmental permission, if content of the seminar is different. *Prerequisite:* three years of college Russian; *recommended preparation:* one year of graduate study.

**SLL 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SLL 794abcdz Doctoral Dissertation (2-2-2-0)**

Credit on acceptance of dissertation. Graded IP/CR/NC.

### Faculty

*Ruth Ziegler Early Career Chair in Jewish Studies:* Dan Lainer-Vos, Ph.D.

*Professors:* Lynne Casper, Ph.D.; Sharon Hays, Ph.D.; Pierrette Hondagneu-Sotelo, Ph.D.\*; Paul Lichterman, Ph.D.; Michael Messner, Ph.D.\*; Rhacel Salazar Parreñas, Ph.D.; Merrill Silverstein, Ph.D.; John P. Wilson, Ph.D.

*Associate Professors:* Timothy Biblarz, Ph.D.\*; Nina Eliasoph, Ph.D.; Macarena Gomez-Barris, Ph.D.\*; Elaine Bell Kaplan, Ph.D.; Andrew Lakoff, Ph.D.; Leland Saito, Ph.D.

*Assistant Professors:* Amon Emeka, Ph.D.; Katie Hasson, Ph.D.; Jennifer Hook, Ph.D.; Alwyn Lim, Ph.D.; Veronica Terriquez, Ph.D.; Jody Agius Vallejo, Ph.D.

*Associate Professor (Teaching):* Karen Sternheimer, Ph.D.

*Professor (Research):* Jon Miller, Ph.D.\*

*Associate Professor (Research):* Richard Flory, Ph.D.

*Emeritus Professors:* Constance Ahrons, Ph.D.; Vern Bengtson, Ph.D. (*Gerontology*); Lamar T. Empey, Ph.D.; Malcolm Klein; Maurice D. Van Arsdol Jr., Ph.D.

\*Recipient of university-wide or college teaching award.

### Degree Programs

The Department of Sociology offers a departmental major and minor. The Department of Sociology also offers the Doctor of Philosophy in Sociology. Additional minors are also offered.

## Undergraduate Degrees

Students of sociology examine the patterns of social life, focusing on the relationship of individuals to society and the interaction of culture, economy and politics in shaping social life. The greater Los Angeles area provides a natural laboratory for students to explore such sociological themes as race relations, work and workplace, immigration, the family in a changing society, population trends, globalization, religion, and the criminal justice system.

Matching the special strengths of our faculty and cutting edge research in the discipline, USC's sociology program offers two central areas of concentration — social inequality, and social change and public policy. Many of our undergraduate courses include opportunities to engage actively with the community and to pursue multi-faceted independent research projects.

### Honors Program

Seniors with 3.5 GPAs in the major and 3.25 overall are encouraged to participate in the sociology honors program consisting of two intensive senior honors seminars (SOC 494 and SOC 495). Under faculty guidance, honors students design and complete a significant piece of original sociological research.

Juniors and seniors who have made substantial progress toward completion of the program and have achieved a 3.3 GPA in sociology and a 3.0 GPA overall are eligible for the Alpha Kappa Delta International Sociology Honors Society.

### Major Requirements for the Bachelor of Arts in Sociology

Nine courses (36 units) are required to complete the major.

All sociology majors must complete the four core courses of sociology:

CORE COURSES		UNITS
SOCI 200	Introduction to Sociology	4
SOCI 313	Sociological Research Methods	4
SOCI 314	Analyzing Social Statistics	4
SOCI 370	Sociological Theory	4

Five additional courses are required for the major. These are to be chosen from the elective upper division sociology courses grouped into two theme areas:

Theme Area I: Social Inequality

Theme Area II: Social Change and Public Policy

All students are required to take at least one course from each of the two theme areas.

All students must achieve an overall average of C (2.0) or better in the nine courses required for completion of the major.

### Theme Areas and Theme Area Specialization

Students who complete four upper division courses in a single theme area will receive departmental recognition and documentation of their "expertise" in their chosen area of specialization — social inequality, or social change and public policy.

*Social Inequality* — courses address the character, causes and consequences of social inequality, paying particular attention to immigration, race, ethnicity, gender, sexualities and/or class. These courses include:

SOCIAL INEQUALITY COURSES		UNITS
AMST 357	Latino Social Movements	4
SOCI 305	Sociology of Childhood	4
SOCI 342	Race Relations	4
SOCI 350	Social Exclusion, Social Power, and Deviance	4
SOCI 355	Immigrants in the United States	4
SOCI 356	Mexican Immigrants in Sociological Perspective	4
SOCI 360	Social Inequality: Class, Status, and Power	4
SOCI 366	Chicana and Latina Experiences	4

SOCI 375	Asian Americans: Ethnic Identity	4
SOCI 376	Contemporary Issues in Asian American Communities	4
SOCI 430	Work and the Workplace	4
SOCI 432	Racial and Ethnic Relations in a Global Society	4
SOCI 435	Women in Society	4
SOCI 437	Sexuality and Society	4
SOCI 460	Key Issues in Contemporary International Migration	4
SOCI 470	Development and Social Change in the Third World	4
SWMS 385	Men and Masculinity	4

Note: Honors students may substitute SOCI 494 Honors Seminar I for one social inequality course.

*Social Change and Public Policy* — courses address the character, causes and consequences of social change, paying particular attention to the role of human agency, grassroots organizing and/or political action, as well as the implications for public policy. These courses include:

SOCIAL CHANGE AND PUBLIC POLICY COURSES	UNITS	
JS 382	Judaism as an American Religion	4
SOCI 320	Social Psychology	4
SOCI 331	Cities	4
SOCI 335	Society and Population	4
SOCI 340	Organizations: Bureaucracy and Alternatives to Bureaucracy	4
SOCI 351	Public Policy and Juvenile Justice	4
SOCI 353	Public Policy and Criminal Justice	4
SOCI 365	Visual Sociology of the Urban City and Its Residents	4
SOCI 369	The Family in a Changing Society	4
SOCI 385	Population, Society, and Aging	4
SOCI 408	Volunteers, Non-Governmental Organizations, and Everyday Politics	4
SOCI 420	Sociology of Violence	4
SOCI 425	Crowds, Publics, and Social Movements	4
SOCI 475	Medical Sociology	4

Note: Honors students may substitute SOCI 495 Honors Seminar II for one social change and public policy course.

### Sociology Minor Requirements

Five courses (20 units) are required to complete the minor in sociology.

All minors are required to take at least two of the core courses in sociology:

CORE COURSES	UNITS	
SOCI 200	Introduction to Sociology	4
SOCI 313	Sociological Research Methods	4
SOCI 314	Analyzing Social Statistics	4
SOCI 370	Sociological Theory	4

The remaining three courses may be chosen from among the upper-division courses in the two theme areas — social inequality, and social change and public policy (see sociology theme areas listed above).

### Minor in Forensics and Criminality

The interdisciplinary minor in forensics and criminality was designed for students interested in the study of law, deviant behavior or careers in the criminal justice system. In this program, students study psychological and/or ethical issues related to criminal behavior, consider criminality in the context of social class analysis, and learn about the American system of criminal justice. Twenty units are required, 4 at the lower division and 16 at the upper division level. Contact Dornsife College Advising for further details.

Students should choose a curriculum for their minor based on their academic interests. Those students interested in white collar crime, for example, might choose POSC 130 Law, Politics, and Public Policy at the lower division level, REL 375 Conflict and Change and the Ethics of Business, SOCI 350 Social Exclusion, Social Power, and Deviance, PHIL 340 Philosophy of Law and PPD 342 Crime and Public Policy.

Those who are interested in the criminal justice system might choose LAW 200x Law and Society, REL 341 Ethics in a Technological Society, SOCI 351 Public Policy and Juvenile Justice, POSC 340 Constitutional Law and POSC 432 The Politics of Local Criminal Justice.

Those interested in individual and social determinants of deviancy might take PSYC 100 Introduction to Psychology, PSYC 360 Abnormal Psychology, or PSYC 463 Criminal Behavior, or PSYC 465 Introduction to Forensic Psychology; SOCI 360 Social Inequality: Class, Status, and Power, LAW 402 Psychology and Law and SOCI 353 Public Policy and Criminal Justice.

### LOWER DIVISION REQUIREMENT (4 UNITS) UNITS

Choose one course from:

AMST 101	Race and Class in Los Angeles	4
LAW 200x	Law and Society	4
PHIL 140	Contemporary Moral and Social Issues	4
POSC 130	Law, Politics, and Public Policy	4
PSYC 100	Introduction to Psychology	4
PSYC 155	Psychological Perspectives on Social Issues	4
PSYC 165L	Drugs, Behavior, and Society	4
SOCI 142	Diversity and Racial Conflict	4
SOCI 150	Social Problems	4
SOCI 200	Introduction to Sociology	4

### UPPER DIVISION REQUIREMENTS (16 UNITS) UNITS

Choose one course from each group below:

<i>The Individual in Society</i>		
PSYC 355*	Social Psychology, or	
SOCI 320	Social Psychology	4
PSYC 360*	Abnormal Psychology	4
PSYC 463*	Criminal Behavior	4
PSYC 465*	Introduction to Forensic Psychology	4
REL 341	Ethics in an Technological Society	4
REL 375	Conflict and Change and the Ethics of Business	4

\*Prerequisite: PSYC 100

### *Social Class and Criminality*

SOCI 350	Social Exclusion, Social Power, and Deviance	4
SOCI 351	Public Policy and Juvenile Justice	4
SOCI 360	Social Inequality: Class, Status, and Power	4

### *The System of Criminal Justice*

LAW 402	Psychology and Law	4
LAW 403	Mental Health Law	4
PHIL 430	Philosophy of Law	4
PHIL 437	Social and Political Philosophy	4
POSC 340	Constitutional Law	4
POSC 426	The United States Supreme Court	4
POSC 444	Civil and Political Rights and Liberties	4
PPD 340	The American System of Justice	4

### *Crime and Punishment*

POSC 432	The Politics of Local Criminal Justice	4
PPD 342	Crime and Public Policy	4
SOCI 353	Public Policy and Criminal Justice	4

Total requirements: five courses (20 units)

**Minor in Managing Human Relations**  
College Academic Services Building  
(213) 740-2534

This interdisciplinary minor is intended for students in all schools with an interest in human relations as a subject of study or professional goal. In addition to course work in organizational behavior, social psychology and management, this minor includes attention to questions of ethics and leadership.

As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (not used for credit toward a major, another minor or general education requirements). Finally, students must select four courses outside their major department. Students seeking the Bachelor of Arts in Sociology must choose four courses outside of sociology; those seeking the Bachelor of Science in Business Administration must choose four courses outside the Marshall School.

REQUIREMENTS	UNITS
Choose one course from the following (4 units):	
BUAD 304 Organizational Behavior	4
PSYC 355* Social Psychology	4
SOCI 320 Social Psychology	4
Choose one course from the following (4 units):	
MOR 431* Interpersonal Competence and Development	4
PSYC 457* Applied Social Psychology	4
SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy	4
SOCI 342 Race Relations	4
SOCI 345 Social Institutions	4
Choose one course from the following list of classes on leadership (4 units):	
CLAS 370 Leaders and Communities: Classical Models	4
IR 303 Leadership and Diplomacy	4
MOR 470* Global Leadership	4
MDA 325 Case Studies in Modern Leadership	4
MDA 365 The Art and Adventure of Leadership	4
PHIL 335 Theoretical Models of Leadership	4
Choose one course from the following list of classes on ethics (4 units):	
BUCO 425* Public Communication in Ethics and Research	4
MOR 421* Social and Ethical Issues in Business	4
PHIL 340 Ethics	4
REL 341 Ethics in a Technological Society	4
REL 375 Conflict and Change and the Ethics of Business	4

Choose one of the following three capstone classes (4 units):		
ECON 332*	Contracts, Organizations, and Institutions	4
ECON 471*	Economics of Labor Markets and Human Capital	4
MOR 471	Managing and Developing People	4
SOCI 340	Work and the Workplace	4

\*Course has prerequisite or corequisite

Total requirements: five courses 20 units

**Minor in Photography and Social Change**

This minor explores the potential of photography as an instrument of social change that allows individuals to document their circumstances, share their stories and change their lives. Students have the opportunity to examine the impact of images and the power of storytelling both in the classroom and in the field and study the issues raised by this kind of social exploration and commentary.

Students learn techniques of digital photography and theories of culture to help them understand diverse cultural phenomena and navigate their own cultural biases. In the field, students apply these techniques and theories by developing their own body of work. In addition, students can mentor individuals in the community to use photography and digital media to share their personal narratives, thus empowering community members to reflect critically upon their circumstances and to participate in their visual representation.

This interdisciplinary minor brings together students from schools and majors across the USC campus, allowing them to interact with one another and with scholars, artists and professionals associated with key organizations such as the Institute for Photographic Empowerment and Venice Arts.

LOWER DIVISION REQUIREMENT	UNITS
Select one course, based on prior preparation (4 units)	
AHIS 255 Culture Wars: Art and Social Conflict in the USA, 1900-Present	4
ANTH 240 Collective Identity and Political Violence: Representing 9/11	4
FAIN 210 Introduction to Digital Photography	4
SOCI 250 Grassroots Participation in Global Perspective	4

**UPPER DIVISION REQUIREMENTS**  
Select two courses in each category below, from different departments (16 units)

<i>Understanding Culture and Change</i> (8 units, in 2 courses – each from a different department)		UNITS
AMST 348	Race and Environmentalism	4
AMST 357	Latino Social Movements	4
COLT 303	Globalization: Culture, Change, Resistance	4
IR 371	Global Civil Society: Non-Governmental Organization in World Politics	4
JS 330	Jewish Power, Powerlessness, and Politics in the Modern Era	4
POSC 323	Applied Politics: Civic Engagement and Leadership	4
POSC 441	Cultural Diversity and the Law	4
REL 336	Re-viewing Religion in Asian America	4
REL 366	Religion and Social Change	4
SOCI 360	Social Inequality: Class, Status, and Power	4
SOCI 470	Development and Social Change in the Third World	4

<i>Media and Message</i> (8 units, in 2 courses – each from a different department)		UNITS
AHIS 373	History of Photography	4
AHIS 469	Critical Approaches to Photography	4
ANTH 472	Visual Techniques in Anthropology: Stills	4
COLT 487	Critical Image	4
COMM 366	Designing Media and Communication Projects for Social Change	4
COMM 451	Visual Communication and Social Change	4
FAIN 310	Digital Photo Studio	4
JOUR 422	Visual Journalism	4

Students in this program will also have opportunities for special access to USC Annenberg's Public Diplomacy classes.

Total requirements: 20 units

*University Requirements for All Minors*

To satisfy the university's minor requirements, students must choose at least four courses (16 units) outside their major department and at least four courses (16 units) of upper-division course work. In addition, at least four courses (16 units) must be dedicated to the minor (not counting for credit toward a major, another minor or USC core requirements).

**Minor in Managing Human Relations**  
College Academic Services Building  
(213) 740-2534

This interdisciplinary minor is intended for students in all schools with an interest in human relations as a subject of study or professional goal. In addition to course work in organizational behavior, social psychology and management, this minor includes attention to questions of ethics and leadership.

As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (not used for credit toward a major, another minor or general education requirements). Finally, students must select four courses outside their major department. Students seeking the Bachelor of Arts in Sociology must choose four courses outside of sociology; those seeking the Bachelor of Science in Business Administration must choose four courses outside the Marshall School.

REQUIREMENTS	UNITS
Choose one course from the following (4 units):	
BUAD 304 Organizational Behavior	4
PSYC 355* Social Psychology	4
SOCI 320 Social Psychology	4
Choose one course from the following (4 units):	
MOR 431* Interpersonal Competence and Development	4
PSYC 457* Applied Social Psychology	4
SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy	4
SOCI 342 Race Relations	4
SOCI 345 Social Institutions	4
Choose one course from the following list of classes on leadership (4 units):	
CLAS 370 Leaders and Communities: Classical Models	4
IR 303 Leadership and Diplomacy	4
MOR 470* Global Leadership	4
MDA 325 Case Studies in Modern Leadership	4
MDA 365 The Art and Adventure of Leadership	4

Choose one course from the following list of classes on ethics (4 units):	
BUCO 425* Public Communication in Ethics and Research	4
MOR 421* Social and Ethical Issues in Business	4
PHIL 340 Ethics	4

REL 341 Ethics in a Technological Society	4
REL 375 Conflict and Change and the Ethics of Business	4
Choose one of the following three capstone classes (4 units):	
ECON 332* Contracts, Organizations, and Institutions	4
ECON 471* Economics of Labor Markets and Human Capital	4
MOR 471 Managing and Developing People	4
SOCI 340 Work and the Workplace	4
*Course has prerequisite or corequisite	
Total requirements: five courses	20 units

**Minor in Science, Technology, and Society**

The beginning of the 21st century has witnessed a number of public controversies at the intersection of science, technology and society. Such discussions are characterized by divergent views on the role of science and technology in contemporary life. Over the next decades many of the most crucial challenges we face will require the integration of societal values with scientific and technological developments – whether in managing end-of-life care, preserving the environment, or continuing to nurture scientific innovation. This minor introduces students to a number of approaches to these questions, taking advantage of the diverse offerings in this area at USC.

*Lower Division Requirement (4 units)*

SOCI 210 Science, Technology and Social Conflict (4)

*Upper Division Requirement (minimum 16 units)*

Four or five\* classes, selected from at least two of the three categories:

SCIENCE AS A SOCIAL INSTITUTION	UNITS
AHIS 429 Studies in Art, Science and Technology	4
ANTH 373 Magic, Witchcraft, and Healing	4
CLAS 339 Ancient Science	4
HIST 329 Madness and Society in the Modern Age	4
HIST 330 Drugs, Disease and Medicine in History	4
PHIL 385 Science and Rationality	4
PHIL 486 Methodologies of the Sciences	4
REL 442 Religion and Science	4
SOCI 475 Medical Sociology	4

TECHNOLOGY AND MODERN LIFE	UNITS
COLT 474 Desire, Literature, Technology	4
COMM 306 The Communication Revolution, Entertainment and the Arts	4
COMM 340 The Cultures of New Media	4
COMM 345 Social and Economic Implications of Communication Technologies	4
CTCS 478 Culture, Technology and Communications	4
ENGL 375 Science Fiction	4
REL 319 Religious and Ethical Issues in Death and Dying	4
REL 341 Technology, Culture and Ethics	4
REL 360 Ethical Issues in the New Medical Revolution	4

**HEALTH, ENVIRONMENT AND SCIENCE POLICY**

HEALTH, ENVIRONMENT AND SCIENCE POLICY	UNITS
CE 469* Sustainable Design and Construction	3
CE 473* Engineering Law, Finance and Ethics	3
HP 412 Health Promotion and Prevention Policy	4
LAW 403 Mental Health Law	4
POSC 436 Environmental Politics	4
PPD 330 Introduction to Health Care Systems	4
PPD 360 Urban Transportation Planning and Policy	4
PPD 413 Administration of Health Care Organizations	4
REL 460 Senior Seminar: Medical Ethics	4

Total requirements: five or six courses (minimum 20 units)

\*CE 469 and CE 473 are 3-unit courses; choosing one of these courses requires students to take six total courses for the minor.

**Interdisciplinary Minors**

American Studies and Ethnicity (see American Studies and Ethnicity, page 259).  
Children and Families in Urban America (see Social Work, page 929).  
Law and Society (see Political Science, page 439).  
Race, Ethnicity and Politics (see Political Science, page 439).

## Graduate Degrees

The Department of Sociology offers programs of study leading to the Doctor of Philosophy degree. The Ph.D. is directed toward the training of theoretically and methodologically sophisticated sociologists who have an enduring commitment to the practice and teaching of sociology.

### Deadline

Applicants must complete their applications by December 1. Consideration for university fellowships is possible as early as November for students whose applications are complete.

### Prerequisites

All applicants must have a bachelor's degree, a GPA of at least 3.0, and one or more courses in either undergraduate statistics or college algebra.

### Criteria

Admission to regular graduate status ordinarily requires possession of a bachelor's degree, a GPA of at least 3.0, one or more courses in undergraduate statistics and/or college algebra, and three letters of recommendation. The GRE is also required; scores of 550 or better on each of the verbal, quantitative and analytic portions of the GRE are preferred. International applicants must also submit their score on the Test of English as a Foreign Language (TOEFL). Approximately 6-8 students enroll each year from the available pool of applicants. Each application receives careful attention and is judged in terms of the full set of criteria.

A limited number of graduate course units taken elsewhere may be considered for transfer into the graduate program. These units are transferred in on a course-by-course basis.

### Application Procedures

The following materials should be submitted to apply for graduate study:

1. an online USC application form (available at [www.usc.edu/admission/graduate/admission](http://www.usc.edu/admission/graduate/admission)) plus a check for the admission fee;
2. official transcripts of all undergraduate and graduate work;
3. the official results of the general aptitude scores of the Graduate Record Examinations (verbal, quantitative, and analytical);
4. for international students, a TOEFL score;
5. a completed Sociology Department Graduate Application form (please save and upload);
6. one example of written work (normally a paper written for a course) of no more than 20 pages;
7. three letters of recommendation from persons who can write about your academic performance and your potential as a social scientist;
8. a personal statement describing (1) your present sociological interest, (2) the instructors, books, and/or journals that have had the greatest influence on your interests in sociology, and (3) what you hope to be doing in the field of sociology 10 years after you receive your degree. Please include any other aspect of your experience that you want to include.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 84) and the Graduate School section of this catalogue (page 95) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Residence

All graduate students must be in residence and must take at least eight units of graduate work each semester (except during Advanced and Qualifying Examinations), prior to work on the dissertation.

### Master of Arts in Sociology

The department does not admit students whose objective is a master's degree. However, if a student accepted in the program does not have a master's degree, the department strongly recommends completion of the requirements for the M.A. in the course of work toward the Ph.D. degree.

### Doctor of Philosophy in Sociology

#### Course Requirements

A minimum of 60 graduate units is necessary for the Ph.D., among which are the following required courses: SOCI 510, SOCI 520, SOCI 521, SOCI 523 or SOCI 524, SOCI 610, and SOCI 621. In addition, each student must specialize in two subareas of sociology and must take at least 8 units in each area such as: urban sociology, complex organizations, stratification, ethnic relations, sociology

of aging, medical sociology, communication and culture, deviance, sociology of gender, demography, and so on.

#### Screening Procedure

Normally, students must complete the screening procedure during the third semester of enrollment. Students will have completed two full semesters of work by this point and, hence, will have taken no fewer than 16 and no more than 24 units, including at least three of the following: SOCI 510, SOCI 521, SOCI 523 or SOCI 524, SOCI 610, and SOCI 621. Students are evaluated on subject matter competence and satisfactory progress. When the screening procedure is successfully completed, the student has one semester in which to form a guidance committee.

#### Empirical Paper

Each student is required to complete an independent empirical research project which is approved by two members of his or her guidance committee. In some instances, this requirement may be met by acceptance of a satisfactory master's thesis from some other university.

#### Foreign Language Requirement

The department does not generally require proficiency in a foreign language; however, as with other courses outside the department, a student's guidance committee may in some cases require proficiency in a foreign language.

#### Qualifying Examinations

Following the completion of their empirical papers and most of their course work, students are required to take a written and oral examination in their two specialty areas. If the written examination is passed, the oral part of the examination can be devoted to a preliminary discussion of dissertation plans. When these are completed successfully, the student is advanced to Ph.D. candidacy.

#### Dissertation

After the dissertation is completed, the student and the dissertation committee, in conjunction with the department chair, may elect either a defense oral or a final oral examination in defense of the dissertation. The defense oral is normally chosen in sociology.

## Courses of Instruction

### **SOCIOLOGY (SOCI)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**SOCI 142gm Diversity and Racial Conflict (4, FaSp)** Introduction to the causes and effects of contemporary race relations in a diverse U.S. society. Exploration of racial conflict at the personal and institutional levels. *Concurrent enrollment:* WRIT 140.

**SOCI 150gm Social Problems (4, Fa)** Analysis of factors in current American social problems: crime, delinquency, prostitution, family disorganization, race relations, mental illness. *Concurrent enrollment:* WRIT 140.

**SOCI 155gm Immigrant America (4, FaSp)** Examination of the immigrant experience in the United States. Comparative analysis of social context of migration, formation of immigrant communities, and social integration of immigrants. *Concurrent enrollment:* WRIT 140.

**SOCI 169gm Changing Family Forms (4, FaSp)** The peculiarity of the “modern” Western family system in historical and cross cultural perspective; focus on the “postmodern” family crisis in the United States. *Concurrent enrollment:* WRIT 140.

**SOCI 200m Introduction to Sociology (4)** Basic concepts of sociology with special reference to group life, social institutions, and social processes.

**SOCI 210g Science, Technology, and Social Conflict (4)** Science and technology change society and how we understand ourselves. In turn, social struggles influence science. We will explore the interplay between these forces. *Concurrent enrollment:* WRIT 140.

**SOCI 220gm Questions of Intimacy (4, FaSp)** Analysis of conditions of intimacy and intimate personal relationships as lenses for understanding social inequalities of race, social class, gender, sexuality, and nation. *Concurrent enrollment:* WRIT 140.

**SOCI 250gm Grassroots Participation in Global Perspective (4)** Theory and history behind the ideal of “the local, grassroots volunteer”: a direct link between theory and research using Los Angeles as a case study.

**SOCI 275 Sociology of Everyday Life (4)** The social philosophy of understanding everyday life; describing and analyzing forms of interaction, emotions, knowledge, and the social self.

**SOCI 305m Sociology of Childhood (4)** Social construction of childhoods; children’s social relations and cultures; issues of child-care, poverty, violence, and children’s rights; effects of children on adults.

**SOCI 313 Sociological Research Methods (4, FaSp)** Logic of theory construction, research design, elementary data collection and analysis. Lecture and laboratory.

**SOCI 314 Analyzing Social Statistics (4, FaSp)** Sociological measurement, univariate description, elementary correlation, introduction to statistical inference.

**SOCI 315 Sociology of Sport (4)** Relationship between sport and politics, racism, and sexism; player and fan violence; sports for children; sport in the educational setting; drug abuse among athletes.

**SOCI 320 Social Psychology (4)** Process of interaction and communication by which persons influence and are influenced by others; development of self, role behavior, attitudes and values, social norms, cultural conditioning.

**SOCI 331 Cities (4)** Organization of urban society, including such topics as segregation, urban decay, local politics, residential change, and community conflict.

**SOCI 335 Society and Population (4)** World population trends and their consequences: determinants of fertility, mortality, and migration; development of elementary models of population change.

**SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy (4)** Importance of organizations in social life; techniques for using and changing organizations; examination of strategies for building and sustaining nonbureaucratic organizations.

**SOCI 342m Race Relations (4, FaSp)** Past and present relations between the White majority and the “conquered minorities” (Blacks, Chicanos, American Indians), as well as Asian immigrants; conflict vs. assimilation perspectives.

**SOCI 345 Social Institutions (4)** Cultural and interactional aspects of social institutions as complex social systems; religious, political, industrial, and familial institutions.

**SOCI 350 Social Exclusion, Social Power, and Deviance (4, Fa)** Current theories of origin, distribution, and control of deviant behavior; examination of processes involved in the career deviance of drug addicts, alcoholics, sexual deviants, gamblers, and mentally disordered.

**SOCI 351 Public Policy and Juvenile Justice (4)** Past and current theories of youth crime; gangs and other forms of youth deviance; the changing response of the police, courts, and public to these behaviors.

**SOCI 353 Public Policy and Criminal Justice (4)** Nature and trends in crime, policing, courts, and correctional agencies in relation to past, current, and prospective changes in society.

**SOCI 355m Immigrants in the United States (4)** Social construction of historical and contemporary immigration to the United States, including causes of migration, immigration policies, and the socioeconomic integration of immigrants.

**SOCI 356m Mexican Immigrants in Sociological Perspective (4)** Effects of class, global inequality, legal status, gender, racial/ethnic, and language differences in distinguishing Mexican immigrant populations from the U.S.-born population; differentiation among Mexican immigrants.

**SOCI 357m Latino Politics (4)** (Enroll in AMST 357m)

**SOCI 360m Social Inequality: Class, Status, and Power (4, FaSp)** Inequalities in wealth, prestige, and power in the United States; the American class structure and the extent of upward mobility in that structure.

**SOCI 364m Racial and Ethnic Women in America (4, FaSp)** (Enroll in SWMS 364m)

**SOCI 365 Visual Sociology of the Urban City and Its Residents (4, FaSp)** Integration of the production of visual representation into the disciplined study of social relations by using the camera as data gathering technology.

**SOCI 366m Chicana and Latina Sociology (4)** Sociological examination of Chicana and Latina experiences in the western region of the United States; issues of family, work, media, education and sexuality.

**SOCI 369 The Family in a Changing Society (4, Fa)** Changing family patterns; personality development; family unity, predicting success in marriage; the family in transition; crises such as economic changes, death, divorce; family reorganization.

**SOCI 370 Sociological Theory (4, FaSp)** Historical and contemporary approaches to sociological theory; analysis of conceptual frameworks applied to the study of society and social interaction.

**SOCI 375m Asian Americans: Ethnic Identity (4)** Cultural images and stereotypes, gender, immigration history, social class, politics, and social problems in Asian American communities.

**SOCI 376m Contemporary Issues in Asian American Communities (4)** Survey of current social and political issues facing Asian American communities with emphasis on Los Angeles region; design and implementation of community-based research projects.

**SOCI 379m Mixed Matches: Intermarriage and American Society in the 21st Century (4, Sp)** (Enroll in JS 379m)

**SOCI 382 Judaism as an American Religion (4)** (Enroll in JS 382)

**SOCI 385 Population, Society, and Aging (4, Fa)** Study of population characteristics related to the problems and processes of aging.

**SOCI 386m Men and Masculinity (4)** (Enroll in SWMS 385m)

**SOCI 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SOCI 402 Human Trafficking (4, FaSp)** Interrogates the social construction of the legal category "human trafficking," examining the ideological foundations, the social contentions, and political issues surrounding the issue.

**SOCI 408 Volunteers, Non-Governmental Organizations, and Everyday Politics (4, FaSpSm)** Theory, practice, and history of civic life. Examines communication, personal obligation, collective imagination, and political representation, in grassroots, state-sponsored, and non-governmental organization-sponsored civic associations around the world. *Prerequisite:* SOCI 370.

**SOCI 410 The Sociology of Popular Culture (4)** From the entertainment capital of the world, course surveys sociological research on artistic producers and critical theories of the connections between popular culture and society.

**SOCI 420 Sociology of Violence (4, FaSp)** Theoretical, conceptual and analytical skills in the study of collective violence, its legacies, and how society deals with it.

**SOCI 425 Crowds, Publics, and Social Movements (4, FaSp)** Spontaneous, expressive and creative forms that support or revolutionize society, including topics such as audiences, student unrest, tax revolts, patriotism, uprisings, and women's movements.

**SOCI 430m Work and the Workplace (4)** Contrasting views of work in contemporary societies; technological change in the workplace; opportunity, inequality, conflict, and alienation in different occupations.

**SOCI 432m Racial and Ethnic Relations in a Global Society (4, FaSp)** Examination of race/ethnic relations with U.S. and selected countries from a global perspective, causes and social effects of globalization on people's lives and on U.S. attitudes and political policies.

**SOCI 435m Women in Society (4)** Women today in the labor force, in politics, and in the family. Past and contemporary attempts to expand the position of women in society.

**SOCI 437 Sexuality and Society (4)** Historical and contemporary sexual issues (pornography, prostitution, rape) examined in light of Victorianism, Freudianism, Marxism, scientific sexology, feminism, gay liberationism, and sexual conservatism.

**SOCI 445 Political Sociology (4, Irregular)** Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economics in comparative and historical perspective. *Prerequisite:* SOCI 370.

**SOCI 455m Gender and Sport (4)** (Enroll in SWMS 455m)

**SOCI 460 Key Issues in Contemporary International Migration (4, Irregular)** Overview of contemporary patterns of international migration and its implications for receiving and sending countries, with a special emphasis on immigration to the United States.

**SOCI 468 Sociology of Religion (4)** (Enroll in REL 468)

**SOCI 470 Development and Social Change in the Third World (4)** Theories and case studies on social, economic, political, and cultural development and change in the Third World: Latin America, Asia, or Africa.

**SOCI 475 Medical Sociology (4)** Social and cultural factors in causation of disease, health care utilization and health care delivery.

**SOCI 480 The Sociology of Risk and Disaster (4, FaSp)** Is there such a thing as a "natural" disaster? Examination of both natural and technological disasters, and exploration of the centrality of risk in industrialized societies.

**SOCI 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**SOCI 494 Sociology Honors Seminar I (4, Fa)** Advanced seminar involving extensive reading, research and discussions. Selected subjects; offered in fall only and restricted to honors students. Acceptance into the Honors Program.

**SOCI 495 Sociology Honors Seminar II (4, Sp)** Seminar in workshop form to accompany completion of Senior Honors Thesis under faculty guidance. Acceptance into Honors Program. *Prerequisite:* SOCI 313, SOCI 494.

**SOCI 499 Special Topics (2-4, max 8)** An interdisciplinary examination of selected emerging issues.

**SOCI 510 Sociological Theory I (4, Fa)** Developments in sociological theory from the discipline's 19th century origins to World War II.

**SOCI 520 Qualitative Research Methods (4, Fa)** Seminar in epistemologies, ethics, and techniques of qualitative research. Critical reading and practice in social observation, interviewing, fieldwork, and research design. Preparation of IRB proposal.

**SOCI 521 Quantitative Methods and Statistics (4, Fa)** Introduction to the logic and methods of quantitative analysis in sociology; covers the basic elements of designing and research, summarizing and exploring patterns in data, and making generalizations about populations based on characteristics of samples.

**SOCI 523 Advanced Methods — Quantitative Research (4, Sp)** Advanced research methodology in survey technique, evaluation research, instrument construction, and demographic analysis.

**SOCI 524 Advanced Methods — Qualitative Research (4, Sp)** Seminar and practicum in conducting and interpreting original qualitative research. *Prerequisite:* SOCI 520.

**SOCI 525 Sociology Proseminar: Approaches to Sociological Research (4, FaSp)** Graduate students begin their customized literature reviews and develop a paper that will frame the research they pursue in the empirical paper requirement. Open only to Sociology doctoral students.

**SOCI 532 Seminar in Science and Technology Studies (4, max 8, FaSp)** Introduction to key concepts and theories in the interdisciplinary field of science and technology studies.

**SOCI 535 Sociology of Culture (4, FaSp)**

Cultural theories and forms of cultural analysis appropriate for sociological research; critical examination of theory and research on how culture relates to social structure, social inequality, politics, institutions, and everyday interaction. *Recommended preparation:* SOCI 510 or prior undergraduate or graduate course work in social science or communication studies.

**SOCI 537 Political Sociology: Politics, Symbols and Everyday Life (4, FaSp)**

Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economics in comparative and historical perspective.

**SOCI 540 Methods of Population and Ecological Analysis (2-4, Sm)**

Measures of population; ecological structure and change; life table methods; population estimates, projections, forecasts; distributional analysis and evaluation of demographic and ecological data. *Prerequisite:* SOCI 521.

**SOCI 544 Population Trends: Public and Private Policies (4, Sm)**

World and national population trends; causes and implications for economic, health, and social policies.

**SOCI 545 Seminar in World Population Problems (4)**

Demographic characteristics of the major regions of the world; social, economic, and political implications of population trends and methods of demographic analysis. *Prerequisite:* SOCI 335.

**SOCI 548 Fertility Control Policies (4, Sm)**

Fertility control policies, and their consequences, including family planning and other pronatalist and antinatalist programs.

**SOCI 549 Migration Policies (4)**

Analysis of migration and population redistribution; policies affecting such migration and redistribution.

**SOCI 550 Seminar in Organizational Analysis (4)**

Literature evaluation, theory building, and research in the area of large-scale organizations and other types of institutionalized groups. *Prerequisite:* graduate standing.

**SOCI 551 Seminar in Social Stratification (4)**

Critique of research literature and research methods in the area of social class and social stratification; major theories and theoretical implications of current research.

**SOCI 552 Sex and Gender in Society (4, Fa)**

The social organization of gender in the contexts of work, families, intimacy, sexuality, reproduction, violence. Variations by race, ethnicity, social class. Processes of social change.

**SOCI 554 Women in Global Perspective (4)**  
(Enroll in SWMS 554)**SOCI 555 Seminar in Race Relations (4, Sp)**

Current racial problems in the United States and other countries; critiques of race relations literature.

**SOCI 560 Feminist Theory (4)** (Enroll in SWMS 560)**SOCI 566 Seminar in Social Deviance (4)**

Deviance and social rules in groups and communities; contemporary social policies involving ethnic, cultural, and social factors.

**SOCI 571 Urban Sociology (4, FaSp)**

Examination of theories and research on cities in the United States, examining issues such as politics, race, development, and inequality. Open only to master's, professional, or doctoral students.

**SOCI 575 Seminar in Immigration (4, FaSm)**

Survey of key theoretical approaches and relevant issues in immigration studies. Themes include: transnationalism, globalization, gendered migration, segmented assimilation, immigrant labor markets, social incorporation and citizenship. Open to Ph.D. in Sociology students only.

**SOCI 580 Seminar in Aging (4)**

Research seminar to review identification of problems, issues of theory, and methodology and implications for research designs.

**SOCI 590 Directed Research (1-12, FaSpSm)**

Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SOCI 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)**SOCI 594abz Master's Thesis (2-2-0, FaSpSm)**

Credit on acceptance of thesis. Graded IP/CR/NC.

**SOCI 599 Special Topics (2-4, max 8, FaSp)**  
Seminar in selected topics in sociology.**SOCI 610 Sociological Theory II (4, Sp)**

Developments in sociological theory from World War II to the present.

**SOCI 621 Quantitative Methods and Statistics II (4, Sp)** Casual modeling and the inter-relationships among social phenomena: covers the basic elements of casual inference and generalizability, linear regressions analysis, and categorical data analysis. *Prerequisite:* SOCI 521.

**SOCI 628 Theories of Aging (4)** (Enroll in GERO 628)**SOCI 635 Seminar in Social Structure (4)**

Research and theory development on the interrelations among the various structures that comprise social systems. An examination of large societal units. *Prerequisite:* advanced graduate standing.

**SOCI 650 Topical Issues in Crime and Delinquency (2-4)**  
Seminar in selected topics in criminology.

**SOCI 664 Seminar in Advanced Methodology (4, max 8)** Issues and problems in advanced research design and data analysis.

**SOCI 790 Research (1-12, FaSp)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SOCI 794abcdz Doctoral Dissertation**

**(2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Sophomore Seminars

Sophomore Seminars focus on topics of current interest in research and scholarship. They are small classes that encourage close interaction between faculty and students.

During the fall and spring semesters, sophomores earn 2 units of credit through participation in these weekly seminars. During intensive special sessions, sophomores earn 1 unit

of credit. These courses emphasize active exploration of the life of the mind through a variety of classroom activities and assignments.

To encourage a relaxed interchange of information and ideas, each seminar is graded credit/no credit and limited in enrollment to 18 students.

Sophomore Seminars will be offered for the fall and spring semesters in a variety of subjects. They will also be offered during intensive special sessions. Individual topics will be indicated in the *Schedule of Classes* under the SSEM designation.

## Courses of Instruction

### SOPHOMORE SEMINARS (SSEM)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**SSEM 200 Sophomore Seminar (1-2, max 2, FaSp and Special Sessions)** Special seminar courses for sophomores; limited to 18 students; topics will vary; graded CR/NC. Open to sophomores only.

## Spanish and Portuguese

*Interim Chair:* Sherry Velasco, Ph.D.

### Faculty

*Professors:* Marsha Kinder, Ph.D. (*Cinematic Arts*); Alexander Moore, Ph.D. (*Anthropology*); Mario Saltarelli, Ph.D.; Carmen Silva-Corvalán, Ph.D.\*; Sherry Marie Velasco, Ph.D.\*

*Associate Professors:* Roberto Ignacio Díaz, Ph.D.\*; Erin Graff Zivin, Ph.D.; Teresa McKenna, Ph.D. (*English*)

*Assistant Professors:* Julián Daniel Gutiérrez-Albilla, Ph.D.; Samuel Steinberg, Ph.D.

*Assistant Professors (Teaching):* Marianna Chodorowska-Pilch, Ph.D.; Anahit Hakoupian, Ph.D.; Ana Teresa Martinez-Sequeira, Ph.D.; Andrea Parra, Ph.D.; Charles Paus, Ph.D.; David Zarazúa, Ph.D.

*Lecturers:* Vianey Cano Brito, Ph.D.; Carolina Castillo Larrea, M.A.; Marie Enright, Ph.D.; Maura Crowley, Ph.D.; Lorena Gallego, M.A.; Ivette M. Gómez, Ph.D.; Leah Kemp, Ph.D.; Veronica Medda, Ph.D.; Ellen Oliveira, Ph.D.; Sarah Portnoy, Ph.D.; Liana Stepanyan, Ph.D.

*Emeritus Professor:* Paul Ilie, Ph.D.

*Emeritus Associate Professor:* J. Ramón Araluce, Ph.D.

### Academic Program Staff

*Director of Spanish Language Program:* Gayle Fiedler Vierma, Ph.D.

\*Recipient of university-wide or college teaching award.

### Undergraduate Programs

The Department of Spanish and Portuguese offers both a major and a minor in Spanish, emphasizing the language, linguistics and culture of Spain and Latin America.

With an intellectual commitment to multiculturalism and interdisciplinarity, the undergraduate program actively explores the transnational intersection of various aspects of Spanish and Latin American culture, including literature, folklore, cinema, art, music and architecture. While living and studying in 21st century Los Angeles — the ideal site for thinking about the planet's increasingly trans-cultural condition — students are challenged to consider and reconsider a number of important issues: the growing importance of popular culture in Iberia, Latin America and Latino USA; the role of race, class and gender within Spanish and Latin American society; the crucial impact of diasporas and migrations on our contemporary cultural landscape; among many others.

The department encourages students to combine a Spanish major with a double major or minor in another discipline either within the USC Dornsife College of Letters, Arts and Sciences or other schools at USC. Faculty undergraduate advisers are available to help provide information and assistance to students wishing to explore these various options.

The department also offers basic language instruction in both Spanish and Portuguese through which students can satisfy their foreign language requirement.

## Undergraduate Degrees

### General Information

#### *Spanish Language Proficiency Examination*

Students with previous exposure to Spanish are required to take a placement test, administered by the Center for Testing and Assessment. Students with no record of previous exposure to Spanish are not required to take the placement examination and should contact the department for assistance.

#### *Courses in Spanish*

All courses at the 200, 300 and 400 levels are conducted in Spanish unless otherwise noted in the course descriptions that follow. Courses are kept small to allow for maximum interaction between students and professors.

#### *Advisement*

A college undergraduate adviser is assigned to provide academic advisement prior to registration and throughout the academic year.

### Major Requirements for the Bachelor of Arts in Spanish

REQUIRED COURSES – LOWER DIVISION (8 UNITS)*		UNITS
SPAN 260**	Advanced Spanish: Arts and Sciences	4
SPAN 261**	Advanced Spanish: Society and the Media	4
REQUIRED COURSES – UPPER DIVISION (16 UNITS)		UNITS
Four of the following courses:		
SPAN 301	Introduction to Hispanic Literature and Film	4
SPAN 310	Structure of Spanish	4
One other SPAN literature, culture, film course		4
One 400-level SPAN course		4

### Graduate Programs

The Ph.D. in Linguistics (Hispanic Linguistics) is offered through the Linguistics Department. See page 397 for degree requirements. The M.A. and Ph.D., Comparative Studies in Literature and Culture (Spanish and Latin American Studies) are offered through the Comparative Studies in Literature and Culture program. See page 307 for degree requirements.

Electives (16 units):

Four other upper division SPAN courses.

Only one section of SPAN 316x may be taken for major or minor credit.

### Honors Program

The B.A. in Spanish with Honors is available to students who have a GPA of at least 3.5 in courses counted for major credit and an overall GPA of 3.0 (by the time of graduation). Desire to complete the major with honors typically should be approved by a department faculty member no later than the second semester of the junior year. To complete the honors program the student must write an honors thesis in Spanish in conjunction with a 400-level course. The thesis, in the range of 25-30 pages (6,250-7,500 words), must be endorsed by a departmental honors committee by April 1 of the senior year.

\*Majors and minors may request a waiver of one or both courses (SPAN 260 and/or SPAN 261) if they meet one or more of the following prerequisites: a) a score of 5 on the Spanish language or literature advanced placement (AP) exam; b) a score of 6 or 7 on the Spanish International Baccalaureate Higher-Level exam (IBHL); c) a score of 800 in the Spanish SAT subject exam; or d) demonstrate advanced proficiency in spoken and written Spanish. Departmental approval is required in every case.

\*\*SPAN 260 and SPAN 261 may be taken concurrently. The second of these courses may be taken concurrently with a 300-level course.

### Spanish Undergraduate Students Association (SUSA)

Students majoring or minoring in Spanish are eligible to join SUSA, the Spanish Undergraduate Students Association. Each year SUSA sponsors a variety of activities which enrich the cultural, intellectual and academic experience of the undergraduate student.

### Minor in Spanish

REQUIRED COURSES – LOWER DIVISION (8 UNITS)		UNITS
SPAN 265	Spanish for Communication: Society and the Media	4
SPAN 266*	Spanish for Communication: Arts and Sciences	4
UPPER DIVISION (16 UNITS)		UNITS
Any four courses at the 300- or 400-level		
BASIC LANGUAGE **		UNITS
SPAN 120	Spanish I	4
SPAN 150	Spanish II	4
SPAN 220	Spanish III	4

\*The second 260-type course may be taken concurrently with upper division courses.

Majors and minors may request a waiver of one or both courses (SPAN 265 and/or SPAN 266) if they meet one or more of the following prerequisites: a) a score of 5 on the Spanish language or literature advanced placement (AP) exam, b) a score of 6 or 7 on the Spanish International Baccalaureate Higher-Level exam (IBHL), c) a score of 800 in the Spanish SAT subject exam or d) demonstration of advanced proficiency in spoken and written Spanish. Departmental approval is required in every case.

SPAN 265 and SPAN 266 may be taken concurrently. The second of these courses may be taken concurrently with a 300-level course.

**Minor in Latin American Studies**

The Latin American Studies minor recognizes the lasting importance of U.S.-Latin American relations. The overriding goal is to encourage students to learn more about Latin America by combining conceptual, area and language studies during their time at USC. The purpose of this 20-unit minor is to deepen students' knowledge of Latin America by offering courses from multiple disciplines within a context of close faculty guidance. The gateway requirement of one 4-unit course provides the student with options in both humanities and the social sciences, and the designated electives are similarly meant to allow students to blend these specialties.

For fulfillment of the requirements for the minor a student must choose four classes outside of his or her major department dedicated exclusively to the minor (which may be the same four classes). After the gateway course, these elective courses must be spread across at least two disciplines and/or departments.

*Required Courses*

One of the following 4-unit gateway introductory courses: REL 133, COLT 250, HIST 273, HIST 372, IR 364, IR 365, POSC 350.

If the student has chosen a lower-division (100- or 200-level) course among the introductory choices, all area electives must be at the upper-division (300- or 400-) level.

*Elective Requirements*

Four courses (16 units) from the following list: AHIS 127, AHIS 128, AHIS 318, AHIS 319, AHIS 411, AMST 448, ANTH 425, COLT 250, ECON 340, GEOG 335, HIST 272, HIST 370, HIST 371, HIST 372, HIST 374, HIST 451, HIST 456, HIST 470, HIST 473, HIST 474, IR 364, IR 365, IR 408, IR 426, IR 454, IR 465, IR 466, PORT 250, POSC 350, POSC 430, POSC 431, SOCI 366, SOCI 420, SPAN 320, SPAN 321, SPAN 372, SPAN 462, SPAN 495.

## Graduate Degrees

The Ph.D. in Linguistics (Hispanic Linguistics) is offered through the Linguistics Department. See page 397 for degree requirements. The M.A. and Ph.D., Comparative Studies in Literature and Culture (Spanish and Latin American Studies) are offered through the Comparative Studies in Literature and Culture program. See page 307 for degree requirements.

**Certificate in Foreign Language Teaching**

The Certificate in Foreign Language Teaching provides certification in the theory and practice of second or foreign language teaching for student language teachers concurrently enrolled in graduate degree programs in foreign languages or related graduate programs at USC; for graduates of such programs who are teaching languages; for external candidates concurrently enrolled in similar programs in accredited colleges or universities; or for graduates of such programs who are teaching languages. The certificate is meant to supplement graduate study in the literature or linguistics of foreign languages. It is also meant to supplement classroom teaching.

Therefore all candidates for this certificate are required to have taught a second or foreign language for at least one academic year at USC or elsewhere. At USC, this requirement and the course work requirements can be fulfilled concurrently, but external candidates are required to show proof of such teaching experience as a condition of admission.

In addition to teaching, certificate candidates must complete a minimum of four courses (minimum of 12 units) in four areas of study — linguistics, language acquisition, language teaching methodology, and the teaching of literacy or the literature or culture of a second or foreign language.

*Requirements for Completion*

The program consists of a practicum and a minimum of four courses: one each in linguistics, language acquisition, language teaching methods, and the teaching of literacy, literature or culture.

*Linguistics:* (minimum of 3 units) LING 411x Linguistics and Education or, with permission of instructor, an appropriate course in the linguistics of a particular language.

*Language Acquisition:* (minimum of 3 units) LING 527 Second Language Acquisition or an appropriate alternative course.

*Language Teaching Methods:* (minimum of 3 units) MDA 593 Practicum in Teaching the Liberal Arts or EALC 562 Teaching of the East Asian Languages or SPAN 511 Techniques and Procedures of Teaching Spanish as a Second Language or an appropriate alternative course.

*Literacy/Literature/Culture:* (minimum of 3 units) An appropriate course in teaching of the literature or culture of a particular language.

## Courses of Instruction

**SPANISH AND PORTUGUESE****SPANISH (SPAN)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**SPAN 020x Spanish for Reading Knowledge**

**(0)** Preparation for the ETS standardized examination, with readings related to the student's major area. Offered upon sufficient demand. Not available for degree credit. Graded CR/NC.

**SPAN 120 Spanish I (4)** For students with limited proficiency in Spanish. Practice in listening comprehension, oral communication, elementary reading and writing. *Prerequisite:* Spanish placement exam.

**SPAN 150 Spanish II (4)** Continuation of SPAN 120; increased emphasis on listening comprehension, oral communication, reading, and writing. *Prerequisite:* SPAN 120.

**SPAN 220 Spanish III (4)** Continuation of SPAN 150; intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Hispanic culture and civilization. *Prerequisite:* SPAN 150.

**SPAN 231x Spanish for Business Communication: The Job Search (2)** Four-skills language and culture course. Culminating tasks executed in Spanish; professional dossier, simulated job search, formal face-to-face job interview, and telephone job interview. Not open to Spanish majors. Not available for major credit to Spanish majors. (Duplicates credit in SPAN 250.) *Prerequisite:* SPAN 220.

**SPAN 232x Spanish for Business Communication: The Business (2)** Four-skills language and culture course. Culminating tasks executed in Spanish; written company profiles and a critical analysis of an NGO presented orally to the class. Not open to Spanish majors. Not available for major credit to Spanish majors. (Duplicates credit in SPAN 250.) *Prerequisite:* SPAN 220.

**SPAN 233x Spanish for Business Communication: The Case Study (2)** Four-skills language and culture course. Culminating tasks executed in Spanish; case studies analyzed and presented in writing and orally. Not open to Spanish majors. Not available for major credit to Spanish majors. (Duplicates credit in SPAN 250.) *Prerequisite:* SPAN 220.

**SPAN 240 Spanish IV (4, FaSp)** Intensive review of Spanish grammar with emphasis on four skills. Audiovisual materials and readings related to Hispanic culture and civilization. *Prerequisite:* SPAN 220.

**SPAN 245 Spanish Through Social Issues in Costa Rica (4, Sm)** (Costa Rica Summer Program only). Intensive review of Spanish grammar with emphasis on four skills. Audiovisual materials, guest speakers, and readings related to the history and culture of Costa Rica. *Concurrent enrollment:* SPAN 220.

**SPAN 250x Spanish for Business Communication (4)** Four-skills language and culture course for intermediate-high Spanish students interested in Business/Communications. Prepares students to communicate in the Spanish-speaking commercial market in a linguistically sensitive manner. Not available for credit to Spanish majors and minors. *Prerequisite:* SPAN 240.

**SPAN 260 Advanced Spanish: Arts and Sciences (4, FaSpSm)** Development of students' oral and writing skills using literary and scientific materials; grammar review. (Duplicates credit in the former SPAN 266.) *Prerequisite:* SPAN 220.

**SPAN 261 Advanced Spanish: Society and the Media (4, FaSpSm)** Analysis of cultural issues in the Spanish-speaking world. Discussions, presentations, writing assignments, and grammar instruction designed to improve students' proficiency in Spanish. (Duplicates credit in the former SPAN 265.) *Prerequisite:* SPAN 220.

**SPAN 280x Conversational Spanish (2, FaSp)** Discussions of short films, cultural and literary texts and other activities designed to improve conversational skills. Not for credit for Spanish majors. *Recommended preparation:* SPAN 220.

**SPAN 301 Introduction to Hispanic Literature and Film (4, FaSpSm)** Introduction to critical reading and interpretation of poetry, narrative fiction, drama, and film from Spain and Latin America. *Prerequisite:* SPAN 260, SPAN 261.

**SPAN 302 Survey of Film (4, FaSpSm)** A survey of Spanish and Latin American cinema from the silent film era to the present, acquainting students with various critical and theoretical approaches to cinema studies. *Prerequisite:* SPAN 260, SPAN 261; *recommended preparation:* SPAN 301.

**SPAN 304 Survey of Fiction (4, FaSp)** A survey of Spanish and Latin American fiction from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to narrative. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 306 Survey of Drama (4, FaSp)** A survey of Spanish and Latin American plays from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to drama. (Duplicates credit in former SPAN 305.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 308 Survey of Poetry (4, FaSp)** A survey of Spanish and Latin American poetry from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to verse. (Duplicates credit in former SPAN 305.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 310 Structure of Spanish (4, FaSp)** A systematic study of the structure of Spanish. Topics include fundamental aspects of the sound system; word classes; sentences and their meaning; linguistic change and variation; standard and colloquial usage. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 311 Advanced Spanish Through Contemporary Issues: Oral Emphasis (4, Sm)** (Summer sessions abroad) Advanced Spanish with emphasis on grammar and oral communication. *Recommended preparation:* SPAN 260 or SPAN 261.

**SPAN 315 Advanced Grammar and Translation (4, FaSp)** Contrastive study of Spanish and English structures designed to explore the similarities and differences between the two languages and to familiarize students with translation techniques. Emphasis on a variety of text types with the aim of increasing linguistic and cultural appreciation of the Spanish language. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 316x Spanish for the Professions (4, max 8, FaSp)** The language and culture of a particular area of study or profession, such as medicine and healthcare, political and social sciences, business and the law. Limited to 4 units for major or minor credit. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 320 Iberian and Latin American Cultures: Readings on Society (4, FaSp)** Introduction to the study of Iberian and Latin American cultural patterns through readings on such topics as history, gender, ethnicity, and politics. (Duplicates credit in former SPAN 360 and former SPAN 370.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 321 Iberian and Latin American Cultures: Readings on the Arts (4, FaSp)** Introduction to the study of Iberian and Latin American cultural forms through readings on the visual arts, cinema, architecture and music. (Duplicates credit in former SPAN 360 and former SPAN 370.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 341 Advanced Conversation and Culture (4)** (Madrid Summer Program) Conversation based on study of Spanish art and architecture. Field trips.

**SPAN 350 Cultural Cross-Currents of the Iberian Middle Ages (4, FaSp)** Selected readings from 1040 to 1499 examining the rich cultural diversity of the Iberian Middle Ages in the symbiosis of Christian, Moslem and Jewish traditions. (Duplicates credit in former SPAN 377 and former SPAN 450.) *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 352 The Transatlantic Golden Age: New Worlds Real and Imagined (4, FaSp)** Selected readings from 1500 to 1700 exploring Renaissance and baroque visions of the classical and new worlds. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 372 Modern and Contemporary Latin American Fiction (4, FaSp)** Study of major trends in Latin American fiction from the 1930s to the present with a focus on narrative experimentation. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 373 Modern and Postmodern Spanish Fiction (4, FaSp)** An exploration of the literary and filmic narratives of contemporary Spain focusing on the major historical and cultural movements of the 20th century. (Duplicates credit in former SPAN 378.) *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 375 Latin American Cultural and Literary Theory (4)** (Enroll in COLT 375)

**SPAN 380 Literature of Mexico (4)** Principal writers and their works from Colonial times to the present. Non-majors may write assignments in English. *Recommended preparation:* advanced comprehension of oral and written Spanish.

**SPAN 385 The Culture of Food in Hispanic Los Angeles (4, FaSp)** Experiential learning and project-based course designed to familiarize students with the food culture of Hispanic Los Angeles. Students create Spanish language blogs about their experiences. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SPAN 391 Introduction to Contemporary Spanish Literature (USC Madrid Center) (4)** Readings in contemporary Spanish literature. Includes lectures by recognized Spanish writers and scholars.

**SPAN 405 History of the Spanish and Portuguese Languages (4)** Development of sounds, forms, words, meanings and structures from their origins to modern Spanish and Portuguese. *Prerequisite:* SPAN 310 or SPAN 315.

**SPAN 412 Spanish Rhetoric and Style (4, FaSp)** Close grammatical and rhetorical analysis of a variety of text types (general, literary, technical, journalistic) as the basis for practice in advanced written and oral expression as well as translation. *Prerequisite:* SPAN 310 or SPAN 315.

**SPAN 413m Social and Geographic Varieties of Spanish (4, Fa)** Historical, social, and cultural elements represented in the dialectal diversity of the Spanish language; fieldwork in bilingual communities in the United States. Majors prepare assignments in Spanish, non-majors in English. Conducted in Spanish and English. *Prerequisite:* reading knowledge of Spanish.

**SPAN 420 Spanish Language Acquisition (4, FaSp)** A study of the bilingual acquisition of Spanish and English by children, and of Spanish as a second language by adults; focus on linguistic, psychological and social factors. *Prerequisite:* SPAN 310 or SPAN 315.

**SPAN 442 Advanced Reporting in Spanish (4)** (Enroll in JOUR 442)

**SPAN 455 Picaresque Itineraries: Empire and Its Discontents (4, FaSp)** A study of the rise of the picaresque novel in Spain and Latin America as a medium for social, political, and cultural criticism. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 460 Don Quijote: Text and Film (4, FaSpSm)** A close reading of Cervantes' masterpiece and analysis of film adaptations of the novel. *Prerequisite:* SPAN 301.

**SPAN 462 Literary Cartographies of Latin America and Spain, 1810-1898 (4, FaSp)** Comparative analysis of Spanish and Latin American literatures with a focus on trans-Atlantic relations and the rise of such movements as romanticism, realism, and modernismo. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 464 Introduction to Contemporary Spanish Theatre (4)** (Madrid Center only) Historical evolution of the contemporary Spanish theatre; readings of dramatic texts supported by attendance at live stage performances. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 465 Cultural Perspectives of the Iberian Peninsula (4, Sm)** (Madrid Summer Program) Study of cultural plurality in the Iberian Peninsula. *Recommended preparation:* SPAN 260 or SPAN 261.

**SPAN 466 Argentina, Society and the Arts (4, Sm)** Study of the arts in the cultural landscape of Argentina and in the context of developments in Europe, Latin America and the United States. *Recommended preparation:* SPAN 260 or SPAN 261.

**SPAN 470 Literature and Media in Latin America (4)** (Enroll in COLT 470)

**SPAN 481 Literature and Popular Culture (4, FaSp)** An examination of popular culture and literary genres with an emphasis on the evolving canons and identities of Latin America and Spain. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 482 Literature and the City (4, FaSp)** An examination of the literary representations of urban spaces and cultures within the context of Iberian, Latin American, and U.S. Latino societies. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 483 Literature and Gender (4, FaSp)** An examination of gender, sexuality, and power in Iberian and Latin American literatures and cultures. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 484 Studies in Visual and Material Culture (4, FaSp)** An examination of the role of visual and material culture in cultural and social context in the Hispanic world, focusing on a selected time period and geographical region. *Recommended preparation:* SPAN 260 and SPAN 261 if taken for Spanish major credit.

**SPAN 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**SPAN 495 Seminar for Majors and Minors (4)** Two options: (1) Study of a major work or writer, a principal literary theme or movement; or (2) a selected topic in Spanish language and linguistics. *Recommended preparation:* two courses in the upper division in the same area as the seminar topic (e.g., language or literature).

**SPAN 499 Special Topics (2-4, max 8)**

**SPAN 501 Cultural Narratives of Spain and Latin America (4)** Theoretical and methodological approaches to cultural narratives in Spanish and Latin American literary and cultural studies.

**SPAN 511 Techniques and Procedures of Teaching Spanish as a Second Language (3)** Practical classroom application of language teaching methods; evaluation of available textbooks; critique of master classes.

**SPAN 513 Spanish Morphology and Phonology (3, FaSp)** A survey of research on the interaction between Spanish morphology and phonology in light of critical readings and discussion of selected studies as contributions to the general theory of grammar. (Duplicates credit in former SPAN 512.)

**SPAN 514 Spanish Syntax (3, FaSp)** A survey of Spanish syntax in the light of critical readings and discussion of selected studies and their comparative contribution to grammatical theory.

**SPAN 515 Spanish Grammar in Discourse (3, FaSp)** Semantic and pragmatic approaches to the analysis of the structure of Spanish sentences and discourse.

**SPAN 516 Historical Aspects of Spanish and Portuguese (3, FaSp)** Processes of language change in the development of the Spanish and Portuguese languages from their origin in spoken Latin to their modern stage.

**SPAN 517 Spanish Applied Linguistics (3, FaSp)** Modern theories of first and second language acquisition and their application to Spanish.

**SPAN 518 Spanish Sociolinguistics (3, FaSp)** Principles of sociolinguistics and dialectology: sociolinguistic patterns in the Hispanic languages.

**SPAN 525 Medieval and Early Modern Spanish World (4, max 8)** Study of literature and other cultural artifacts pertaining to the Middle Ages in Spain and the early modern world in both Spain and the Americas.

**SPAN 529 The Transatlantic 19th Century (4, max 8)** Study of authors, texts and literary and cultural currents in Spain and Latin America in the 19th century.

**SPAN 539 20th and 21st Century Spanish Literature and Culture (4, max 8)** Study of cultural currents, authors, literary texts, films and other media in Spain in the 20th and 21st centuries.

**SPAN 545 20th and 21st Century Latin American Literature and Culture (4, max 8)** Study of cultural currents, authors, literary texts, films and other media in Latin America in the 20th and 21st centuries.

**SPAN 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SPAN 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**SPAN 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**SPAN 596 Research Methods in Spanish Linguistics (3)** Examination of various research methods as applied to the study of the Spanish language; mechanics of organizing, conducting and presenting research in Spanish linguistics.

**SPAN 602 Seminar in Spanish and Latin American Critical Theory (4, max 8)** Major developments in literary criticism in Spain and Latin America from the early modern period to the present.

**SPAN 603 Seminar in the Cultural History of Spain and Latin America (4, max 8)** Literary and cultural currents in Spain and Latin America, with varying focus on genres, periods, movements and problems.

**SPAN 604 Seminar in Gender and Sexuality in Spain and Latin America (4, max 8)** Construction and representation of gender and sexuality in Spanish and Latin American literature and culture.

**SPAN 606 Seminar in Visual Culture in Spain and Latin America (4, max 8)** Major currents in film and other media in Spain and Latin America.

**SPAN 650 Topics in Spanish and Latin American Literature and Culture (4, max 8)** Study of topics in Spanish and Latin American literature and culture across periods, genres and nations.

**SPAN 652 Seminar on a Major Topic in Hispanic Linguistics (3, max 9, FaSp)** Analysis of selected topics of current interest as reflected primarily in the most recent literature.

**SPAN 672 Seminar in Spanish Morphophonology (3, max 9, FaSp)** Selected topics in Spanish morphology and phonology.

**SPAN 674 Seminar on Spanish Syntax and Semantics (3, max 9, FaSp)** Detailed analysis of topics in modern Spanish syntax and semantics.

**SPAN 676 Seminar in Diachronic Aspects of the Hispanic Languages (3, max 9, FaSp)** In-depth analysis of a particular topic in the historical development of the Hispanic languages.

**SPAN 677 Seminar in Spanish Applied Linguistics (3, FaSp)** Critical study and analysis of major issues related to the teaching and learning of Spanish as a first or a second language.

**SPAN 678 Seminar in Hispanic Sociolinguistics (3, max 9, FaSp)** Selected topics in Hispanic sociolinguistics: social and geographic language varieties, language contact, discourse analysis, synchronic variation and processes of change in Spanish.

**SPAN 700 Colloquium in Hispanic Literature and Linguistics (1, max 3)** Discussion and presentation of papers on a variety of topics in the areas of Hispanic language and literature. Graded CR/NC. *Prerequisite:* any 600 level Spanish seminar.

**SPAN 790 Directed Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SPAN 794abcdz Doctoral Dissertation (2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

#### PORTUGUESE (PORT)

**PORT 120 Portuguese I (4, FaSp)** For students with no proficiency in Portuguese. Practice in listening comprehension, oral communication, elementary reading and writing.

**PORT 150 Portuguese II (4, FaSp)** For students with some language proficiency in Portuguese; increased emphasis on listening, comprehension, oral communication, reading, and writing. Students will be required to take a Portuguese placement exam in the Spanish and Portuguese Department.

**PORT 220 Portuguese III (4, FaSp)** Intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Portuguese culture and civilization. *Prerequisite:* PORT 150.

**PORT 240 Portuguese IV (4)** Four-skills course with review of grammar. Writing and reading intensive. Authentic materials related to Lusobrazilian culture and civilization. *Prerequisite:* PORT 220.

**PORT 250g Cultures of Brazil and Lusophone Africa (4, FaSp)** Comparative study of Brazil in the context of the Lusophone (Portuguese-speaking) world, especially Portugal's former colonies in Africa. Materials drawn from literature, visual culture, music and cultural theory.

**PORT 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PORT 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

## Spatial Sciences Institute

**Allen Hancock Foundation Building B55**  
(213) 740-5910  
FAX: (213) 740-9687  
Email: [spatialsciences@dornsife.usc.edu](mailto:spatialsciences@dornsife.usc.edu)

*Director:* John P. Wilson, Ph.D.\*

### Faculty

*Professor:* John P. Wilson, Ph.D.\*

*Professor of the Practice of Spatial Science:* Karen K. Kemp, Ph.D.

*Associate Professor (Research):* Travis R. Longcore, Ph.D.

*Assistant Professor (Research):* Daniel W. Goldberg, Ph.D.

*Assistant Professor (Teaching):* Jennifer N. Swift, Ph.D.

*Lecturers:* Yao-Yi Chiang, Ph.D.; Jordan T. Hastings, Ph.D.; Katsuhiko Oda, Ph.D.; Flora Paganelli, Ph.D.; Tarek Rashed, Ph.D.; Darren M. Ruddell, Ph.D.; Robert O. Vos, Ph.D.; Daniel N. Warshawsky, Ph.D.

\*Recipient of university-wide or college teaching award.

The programs and courses affiliated with the Spatial Sciences Institute explore the various ways in which space is used to acquire, represent, organize, analyze, model and visualize information. They seek to engage students enrolled in a range of academic programs in the natural and social sciences, the humanities and the professional schools.

The undergraduate minor in spatial studies explores how maps and related geospatial techniques may be used to describe, explore and interpret specific places and the natural and human processes.

The M.S. in Geographic Information Science and Technology provides state-of-the-art training in the core geographic information technologies (GIS, GPS and remote sensing, among others) and the underlying scientific principles and concepts that guide their design and use. This is an online program and may be taken by undergraduate students majoring in other disciplines as a progressive master's degree.

The Graduate Certificate in Geographic Information Science and Technology incorporates the same online core courses and electives as the master's degree and may be taken by master's and doctoral students majoring in other disciplines.

## Graduate Degrees

**Master of Science in Geographic Information Science and Technology**  
AHF B55B  
(213) 740-8298  
Email: [kkelsey@usc.edu](mailto:kkelsey@usc.edu)

*Director:* John P. Wilson, Ph.D.

The online M.S. in Geographic Information Science and Technology requires 28 units of graduate work and provides state-of-the-art training in the core geographic information technologies (geographic information systems, global positioning systems and remote sensing, among others) and the underlying scientific principles and concepts that guide their design and use. The individual courses incorporate multiple curricular pathways tailored to the increasingly diverse backgrounds, occupations and applications that rely on geospatial data, analysis and visualization.

### Course Requirements

Twenty-eight units of graduate work are required.

CORE COURSES (16 UNITS)		UNITS
SSCI 581	Concepts for Spatial Thinking	4
SSCI 582	Spatial Databases	4
SSCI 587	GPS/GIS Field Techniques	4
SSCI 594ab	Master's Thesis	2-2
ELECTIVES (12 UNITS)		UNITS
SSCI 583	Spatial Analysis and Modeling	4
SSCI 585	Geospatial Technology Project Management	4
SSCI 586	GIS Programming and Customization	4
SSCI 588	Remote Sensing for GIS	4
SSCI 589	Cartography and Visualization	4
SSCI 591	Web GIS	4

All electives are chosen in direct consultation with the student's academic adviser based on background, academic interests, etc.

The courses in this program are open to students living and/or working anywhere, including students at USC's Los Angeles, Orange County, Sacramento and Washington, D.C. centers. The master's program can be completed in two to three years as long as students take one or two courses in each of the fall, spring and summer semesters.

### Admission Requirements

Four groups of students are served by this program:

1. New students who wish to apply directly to the geographic information science and technology master's program.
2. Students currently enrolled in the geographic information science and technology graduate certificate program since this certificate program may serve as a possible "stepping stone" toward the master's program.
3. Students currently matriculated in a USC master's or doctoral degree program.

4. USC undergraduate students who want to stay for a fifth year and earn both bachelor's and master's degrees.

Candidates for admission among the first two groups of students must have: (1) a B.A. or B.S. degree or its international equivalent; (2) a minimum 3.0 GPA (A = 4.0). All course work taken at the undergraduate level is used to calculate the GPA. Exceptions will be made in cases of very high GRE scores or some other compelling evidence of potential to excel in graduate studies (e.g., outstanding letters of recommendation). Preference will be given to candidates with significant professional experience working with geographic information systems and related geospatial technologies.

#### *Application Procedures*

Applicants are required to submit the following documents: (1) completed application for admission, which can be found online at [www.usc.edu/admission/graduate](http://www.usc.edu/admission/graduate); (2) statement of purpose; (3) official transcripts from all schools previously attended; (4) two letters of recommendation; and (5) results of the GRE General Test. International students must submit TOEFL scores and are expected to achieve a minimum score of 100 on the Internet-based examination.

The statement of purpose should be uploaded into the online application. This statement should: (1) describe the student's motivation, field of interest and career goals; and (2) identify potential projects that the student might pursue for the master's thesis project.

The master's program utilizes rolling admissions and enrollment based on the standard academic calendar. This means that students may start the program in either the fall, spring or summer semesters.

Those interested in learning more about this program should contact Kate Kelsey, University of Southern California, 3616 Trousdale Parkway, AHF B55B, Los Angeles, CA 90089-0374.

### **Graduate Certificate in Geographic Information Science and Technology** AHF B55B (213) 740-8298

Email: [kkelsey@usc.edu](mailto:kkelsey@usc.edu)

*Director:* John P. Wilson, Ph.D.

The online Graduate Certificate in Geographic Information Science and Technology requires 16 units of graduate work and provides state-of-the-art training in some of the core geographic information science technologies and the underlying scientific principles and concepts that guide their design and use.

#### *Course Requirements*

Sixteen units of graduate work are required.

CORE COURSES (12 UNITS)		UNITS
SSCI 581	Concepts for Spatial Thinking	4
SSCI 582	Spatial Databases	4
SSCI 587	GPS/GIS Field Techniques	4
ELECTIVES (4 UNITS)		UNITS
SSCI 583	Spatial Analysis and Modeling	4
SSCI 585	Geospatial Technology Project Management	4
SSCI 586	GIS Programming and Customization	4
SSCI 588	Remote Sensing for GIS	4
SSCI 589	Cartography and Visualization	4
SSCI 591	Web GIS	4

The courses in this program are open to students living and/or working anywhere, including students at USC's Los Angeles, Orange County, Sacramento and Washington, D.C. centers. The certificate program can be completed in one to two years as long as students take one or two courses in each of the fall, spring and summer semesters. The graduate certificate program can serve as a possible "stepping stone" toward the geographic information science and technology master's degree program.

#### *Admission Requirements*

Two groups of students are served by this program:

1. New students who wish to apply directly to the geographic information science and technology graduate certificate program.
2. Students currently matriculated in a USC master's or doctoral degree program (other than the M.S. in geographic information science and technology).

Candidates for admission among the first group of students must have: (1) a B.A. or B.S. degree or its international equivalent; (2) a minimum 3.0 GPA (A = 4.0) undergraduate GPA. All course work taken at the undergraduate level is used to calculate the GPA. Exceptions will be made in cases of very high GRE scores or some other compelling evidence of potential to excel in graduate studies (e.g., outstanding letters of recommendation). Preference will be given to candidates with significant professional experience working with geographic information systems and related geospatial technologies.

#### *Application Procedures*

Applicants are required to submit the following documents: (1) completed application for admission, which can be found online at [www.usc.edu/admission/graduate](http://www.usc.edu/admission/graduate); (2) statement of purpose; (3) official transcripts from all schools previously attended. International students must submit TOEFL scores and are expected to achieve a minimum score of 100 on the Internet-based examination.

The graduate certificate program utilizes rolling admissions and enrollment based on the standard academic calendar. This means that students may start the program in either the fall, spring or summer semesters.

Those interested in learning more about this program should contact Kate Kelsey, University of Southern California, 3616 Trousdale Parkway, AHF B55B, Los Angeles, CA 90089-0374.

### **Sustainable Cities Graduate Certificate**

This multidisciplinary certificate program provides USC master's and doctoral students with a specialization in urban sustainability problems resulting from the growth of cities caused by natural population increase and massive rural-to-urban population flows. See the USC Price School of Public Policy, page 893.

## Courses of Instruction

### SPATIAL SCIENCES INSTITUTE (SSCI)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### SSCI 265Lg The Water Planet (4, Sp)

An exploration of earth's water, ranging from water properties, chemistry, and pollution, to groundwater dynamics, watershed processes, and oceanic-atmospheric circulation. Implications for past and future societies. Lecture and laboratory. (Duplicates credit in the former GEOG 265L.)

#### SSCI 490x Directed Research (2-8, FaSpSm)

Individual research and readings. Not available for graduate credit. Open only to juniors and seniors.

#### SSCI 499 Special Topics (2-4, max 8)

Intensive study of selected topics or regions.

#### SSCI 581 Concepts for Spatial Thinking

(4, FaSpSm) The unique characteristics and importance of spatial information as they relate to the evolving science, technology, and applications of Geographic Information Systems. (Duplicates credit in the former GEOG 581.)

#### SSCI 582 Spatial Databases (4, FaSpSm)

Design, implementation, and interrogation of relational, object-oriented and other types of geospatial databases. (Duplicates credit in the former GEOG 582.) *Recommended preparation:* SSCI 581.

#### SSCI 583 Spatial Analysis and Modeling

(4, Fa) Examination of the process of geographic abstraction and modeling in relation to the different data models and spatial analysis operations available in current GIS. (Duplicates credit in the former GEOG 583.) *Recommended preparation:* SSCI 581.

#### SSCI 585 Geospatial Technology Project

Management (4, FaSpSm) Concepts, principles, and use of project management tools and the people issues encountered running GIS projects. (Duplicates credit in the former GEOG 585.) *Recommended preparation:* SSCI 581.

#### SSCI 586 GIS Programming and Customization

(4, FaSpSm) Design, coding, and implementation of GIS-based software and models with Java and Visual Basic.NET programming languages. (Duplicates credit in the former GEOG 586.) *Recommended preparation:* SSCI 581.

#### SSCI 587 GPS/GIS Field Techniques (4,

FaSpSm) Field exploration of methods and problems of data acquisition and integration using GPS/GIS data collection systems at Wrigley Marine Science Center on Santa Catalina Island. (Duplicates credit in the former GEOG 587.)

#### SSCI 588 Remote Sensing for GIS (4,

FaSpSm) Principles of remote sensing, satellite systems, and role of remote sensing data in GIS applications. (Duplicates credit in the former GEOG 588.) *Recommended preparation:* SSCI 581.

#### SSCI 589 Cartography and Visualization

(4, FaSpSm) Principles of visual perception, spatial cognition and cartographic design and their contributions to the maps, animations, virtual reality and multimedia displays produced with modern GIS. (Duplicates credit in the former GEOG 589.) *Recommended preparation:* SSCI 581.

#### SSCI 590 Directed Research (1-12, FaSpSm)

Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

#### SSCI 591 Web GIS (4, FaSpSm)

Design, implementation, and technological building blocks (including GML) for distributed web-based services. (Duplicates credit in the former GEOG 591.) *Recommended preparation:* SSCI 581.

#### SSCI 594abz Master's Thesis (2-2-0, FaSpSm)

Credit on acceptance of thesis. Graded CR/NC.

#### SSCI 599 Special Topics (2-4, max 8)

Seminar in selected topics in the spatial sciences.

## Thematic Option

College Academic Services Building 200  
(213) 740-2961  
(800) 872-2961

Email: [thematioption@dornsife.usc.edu](mailto:thematioption@dornsife.usc.edu)  
[dornsife.usc.edu/tbematic-option](http://dornsife.usc.edu/tbematic-option)

*Director:* Penelope Von Helmolt, Ph.D.

Thematic Option, the university's general education core honors program, is an alternative to regular core general education requirements. The program is interdisciplinary and provides a strong intellectual community.

The program teaches students to formulate ethical questions, to analyze and understand the reasoning behind views that differ from their own, to recognize the roles that historical, political and social forces play in matters of personal choice, and to express their views coherently in writing. Thematic Option can be arranged to fit any major.

To maintain small classes and allow for extensive discussion, Thematic Option is limited to 200 students each year. Students must be highly motivated, with a record of academic achievement. The average Thematic Option student has cumulative SAT scores

above 2200 and an "A" high school GPA. The program is rigorous and requires extensive reading and writing.

### Program Requirements

The Thematic Option honors curriculum consists of four interdisciplinary core classes taught around distinct themes: CORE 101 Symbols and Conceptual Systems; CORE 102 Culture and Values; CORE 103 The Process of Change in Science; and CORE 104 Change and the Future.

CORE 111 Writing Seminar I and CORE 112 Writing Seminar II make up the eight units of writing to meet the university requirement. The classes are accompanied by individual, bi-weekly tutorials. CORE 111, which requires concurrent enrollment with an affiliated CORE 102, focuses on critical thinking and analysis, focusing on academic argument and reasoning through close reading of primary texts. CORE 112 teaches students to convey complex ideas and to advance sophistication of essay structure, grounded argument, and to identify and address specific audiences persuasively in academic discourse.

The core curriculum is supplemented by two theme courses — one in the natural sciences and the other in either the humanities or the social sciences — chosen in consultation with a Thematic Option adviser.

#### Liberal Arts Modules

Liberal Arts Modules are a college-wide honors opportunity that bring together students with substantial training in their respective disciplines to study a common subject area using multiple approaches while participating in a cross-disciplinary dialogue.

Liberal Arts Modules provide a unique opportunity for interdisciplinary study with peers and faculty from different disciplines. The themes and topics change each semester depending on faculty participation. Students are exposed to different approaches to societal issues, gain experience working collaboratively with peers from other academic areas, apply their knowledge to new subject areas and focus sustained critical attention on disciplinary methods of inquiry.

A typical module includes four classes: three small seminars and one CORE 498 course. The program requires simultaneous enrollment in one of the three seminars and in CORE 498, for a total of 8 units.

Students with at least junior standing and a major/minor GPA of at least 3.0 are eligible to apply. Preference is given to students pursuing double majors or other major/minor combinations in the liberal arts. Students graduating with a B.A. or USC Dornsife College of Letters, Arts and Sciences B.S. degree who complete a module and maintain a cumulative GPA of 3.5 will have “Distinction in Liberal Arts” listed on their USC Transcript.

#### REQUIREMENTS (8 UNITS)

Simultaneous registration in CORE 498 and a Special Topics 499 class that is part of the Liberal Arts Module.

#### Thematic Approaches to Humanities and Society Minor

The interdisciplinary minor in Thematic Approaches to Humanities and Society allows students to examine a range of thematic and theoretical approaches to understanding culture and society from multiple standpoints in the humanities. The minor is rich in course and schedule options, enabling students with an interest in the humanities to continue their studies. It also includes co-curricular events and advisement from Thematic Option staff. Thematic approaches to humanities and society builds on the intellectual community developed in the Thematic Option honors program and is open to all interested students.

The minor focuses on themes such as interdisciplinary perspectives and modes of inquiry; approaches to criticism and history; reification, ideology, contextualization; and knowledge, human diversity and social relations. Students choose six 4-unit classes, including one lower division elective, one upper division Thematic Option class (CORE 301 Modes of Inquiry), and four upper division electives. Students also complete a 2-unit reading salon (CORE 200 Liberal Arts Reading Salon).

#### REQUIREMENTS, LOWER DIVISION (CHOOSE ONE, 4 UNITS)

CLAS 150, CLAS 151, CORE 102, HIST 101, HIST 102, PHIL 115, REL 132

#### COURSE REQUIREMENTS (6 UNITS)

COURSE	REQUIREMENTS	UNITS
CORE 200	Liberal Arts Reading Salon	2
CORE 301	Modes of Inquiry	4

#### REQUIREMENTS, UPPER DIVISION (16 UNITS)

Enroll in four of the following, at least one from List A, one from List B and not more than one from List C. Not more than two may come from any one department. Courses must be chosen in consultation with a Thematic Option adviser.

#### LIST A

*Early:* CLAS 310, CLAS 320, CLAS 333, CLAS 470, EALC 340, EALC 345, EALC 350, EALC 355, EALC 365, PHIL 345, REL 311, REL 315, REL 317

*Modern:* COLT 426, COLT 445, EALC 332, EALC 335, EALC 342, EALC 352, EALC 354, FREN 446, GERM 370, GERM 372, PHIL 337, PHIL 355, PHIL 437, REL 340, SLL 330, SLL 344

#### LIST B

*Humanities and Society:* COLT 448, COLT 475, ENGL 473, ENGL 474, FREN 370, ITAL 340, REL 366, REL 462, SLL 345, SLL 348

*Critical Approaches:* CLAS 380, COLT 391, COLT 401, COLT 454, ENGL 472, ENGL 479, ENGL 480, LING 466, PHIL 361, PHIL 445

#### LIST C

*Social Science Approaches:* ANTH 372, HIST 300, HIST 329, IR 325, POSC 381, POSC 476, SOCI 350, SOCI 360

## Courses of Instruction

#### THEMATIC OPTION (CORE)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### CORE 101 Symbols and Conceptual Systems: Thematic Option Honors Program (4, FaSp)

Study of the structures through which we shape our experience in religion, philosophy, literature, music, and the visual arts, and of competing theories of interpretation. Students may not take this course on a P/NP basis.

#### CORE 102 Culture and Values: Thematic Option Honors Program (4, Fa)

Systematic reasoning about values and ways of living; close reading of major texts within the Western tradition; Biblical and classical through contemporary sources. Students may not take this course on a P/NP basis.

#### CORE 103 The Process of Change in Science: Thematic Option Honors Program (4, FaSp)

Critical problems in the development of scientific thought, studied as vehicles for understanding the content and structure of the sciences. Specific subject matter in selected scientific disciplines will be presented. Students may not take this course on a P/NP basis.

**CORE 104 Change and the Future: Thematic Option Honors Program (4, FaSp)** Analysis of historical change; social and political theory and revolutionary thought; introduction to competing images of future states of affairs; the continuing process of change. Students may not take this course on a P/NP basis.

**CORE 111 Writing Seminar I: Thematic Option Honors Program (4, Fa)** Students may not take this course on a P/NP basis.

**CORE 112 Writing Seminar II: Thematic Option Honors Program (4, Sp)** Students may not take this course on a P/NP basis.

**CORE 195 Summer Seminar (3, Sm)** An honors course for high school students in summer; each section focuses on a topic in the arts or humanities, social or natural sciences.

**CORE 200 Liberal Arts Reading Salon (2, FaSp)** Critical readings of a series of texts in the liberal arts designed to promote discussion of important themes, theoretical approaches, research directions, and interdisciplinary connections. Graded CR/NC.

**CORE 301 Modes of Inquiry (4, FaSp)** Modern tools of cultural and discursive analysis which seek to demystify “the natural,” as it appears in the formation of cultures, their institutions, and individuals.

**CORE 498 Honors in Liberal Arts (4, FaSp)** Advanced interdisciplinary course on the development of a general theme or topic. Critical analysis of the relation between modes of inquiry and objects of study. Students must be simultaneously enrolled in a selected special topics 499 course that has been approved as part of the College’s Liberal Arts Modules project.

**CORE 499 Special Topics (2-4, max 12)** Intensive interdisciplinary exploration of a selected theme, problem process, or period.

**CORE 601 Teaching Analytical Writing Through Readings in the Humanities (1, max 4, Fa)** Theories and practices in the university-level teaching of close-reading and analytical writing, using texts central to Western tradition. Graduate student professionalism through topical workshops and discussions. Open to assistant lecturers and teaching assistants only. Graded CR/NC.

## The Writing Program

Jefferson Building 150 (JEF 150)

Email: [writprog@dornsife.usc.edu](mailto:writprog@dornsife.usc.edu)  
[dornsife.usc.edu/writing-program](http://dornsife.usc.edu/writing-program)

*Director:* John Holland

*Associate Professors (Teaching):* Norah E. Ashe, Ph.D.; Diana Y. Blaine, Ph.D.; Stephanie L. Bower, Ph.D.; James O. Brecher, Ph.D.; Jerome J. Edwards, MPW; Kevin Egan, Ph.D.; Caley O’Dwyer Feagin, M.F.A.; William S. Feuer, Ph.D.; Phyllis J. Franzek, Ph.D.; Nathalie Joseph, Ph.D.; Stephen John Mack, Ph.D.; Matthew J. Manson, Ph.D.; Mark Christopher Marino, Ph.D.; Geoffrey Cole Middlebrook, Ph.D.; John R. Murray, Ed.D.; Erika Rachel Nanes, Ph.D.; Sandra Marie Ross, M.A.; Ronald D. Scheer, Ph.D.; Scott A. Smith, Ph.D.; Robert Rex Waller Jr., MPW

*Assistant Professors (Teaching):* LauraAnne Adler, Ph.D.; Lacey A. Donohue, Ph.D.; Jay T. Fisher, MPW; William Y. Wyatt, MPW

*Lecturers:* Michael T. Bunn, Ph.D.; Jeffrey A. Chisum, Ph.D.; James J. Condon VII, Ph.D.; Andrew M. De Silva, MPW; William T. Gorski, Ph.D.; Indra Narayan Mukhopadhyay, Ph.D.; Steve Gary Posner, MPW; Shefali Rajamannar, Ph.D.; Eric Rawson, Ph.D.; Shilarna Stokes; David Tomkins, Ph.D.; Ellen Wayland-Smith, Ph.D.

The goal of Writing Program courses is to develop the critical thinking, reading and writing skills that are necessary for success in all college work. Small classes and tutorials in the Writing Center enable students to receive frequent responses to their writing and highly individualized composition instruction. Students must complete WRIT 140 (or its equivalent) and an advanced writing course, WRIT 340, to meet the university’s writing requirement. In all of its courses, the Writing Program employs a rhetorically based process approach to writing instruction.

### Lower Division Requirement

WRIT 140 Writing and Critical Reasoning is offered in affiliation with courses from the “Social Issues” category of the General Education program. WRIT 140 focuses on the rhetorical principles and techniques necessary for successful college-level writing. Special attention is paid to critical thinking and reading, sentence-level fluency, research techniques, and the elements of academic argument and reasoning. In lieu of WRIT 140, certain students from the Schools of Architecture, engineering and music majors are permitted to take WRIT 130 Analytical Writing, a non-affiliated course with similar curricular objectives. Neither WRIT 130 nor WRIT 140 will satisfy this requirement if taken on a Pass/No Pass basis.

### Advanced Writing Requirement

All students at USC, except those who satisfy their general education requirements through the Thematic Option Program, must complete WRIT 340 Advanced Writing, an upper division course designed to help students write on topics related to their disciplinary or professional interests. Students usually enroll in WRIT 340 in the junior year, and may not take the course earlier than their sophomore year. Different schools within the university offer sections of this course. Students should consult their major departments to determine which version of WRIT 340 best complements their program of study. WRIT 340 will not satisfy the university’s writing requirement if taken on a Pass/No Pass basis.

All classes that meet the university’s advanced writing requirement teach students to write clear, grammatical, well-structured prose; to discover and convey complex ideas critically; and to appreciate the nuances of effective argumentation. The principal aim of the requirement is to develop a student’s capacity to formulate thoughtful and compelling writing for specific academic, professional and public audiences.

**Preparatory Course Work**

Some students are better served by taking a preparatory course before they enroll in WRIT 140. Entering freshmen who score below a specified level on the verbal portion of the SAT take the University Writing Examination. Based on the results of this examination, certain students enroll in WRIT 120 Introduction to College Writing or WRIT 121 Introduction to College Writing in a Second Language during their first semester at USC.

International students take the University Writing Examination after having completed any course work required by the American Language Institute.

**Transfer Credit**

Students may complete the lower division requirement by completing an equivalent second-semester composition course that is taken for a letter grade option (not Pass/No Pass) at another institution prior to enrolling at USC or after high school graduation. Equivalent transfer credit is determined by the university's articulation officer. The advanced writing requirement must be completed at USC.

**Time Limits**

Students should complete the lower division writing course requirement by the end of their first year at USC and must complete it before they enroll in their sixty-fifth unit. Transfer students who have not completed the lower division requirement prior to entering USC should enroll in WRIT 140 during their first semester at USC, and must enroll in WRIT 140 no later than their nineteenth unit (second semester) at USC.

## Courses of Instruction

**WRITING (WRIT)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**WRIT 095x Writing Tutorial (1, FaSpSm)**

Individualized instruction in writing to support instruction in WRIT 130 or WRIT 140. Graded CR/NC. Not available for degree credit. *Concurrent enrollment:* WRIT 130 or WRIT 140.

**WRIT 120 Introduction to College Writing (4, FaSpSm)**

Intensive instruction and practice in the writing process. Focuses upon the formal conventions and conceptual expectations of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Graded CR/NC. Limited to and required of students who score below specified level on the USC Writing Examination.

**WRIT 121 Introduction to College Writing in a Second Language (4, FaSp)**

Intensive instruction and practice in the writing process for non-native speakers of English. Focuses on the formal and conceptual conventions of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Graded CR/NC. Limited to and required of students who score below specified level on the USC Writing Examination.

**WRIT 130 Analytical Writing (4, Sp)** Focuses on analytical and argumentative writing skills requisite to academic and professional writing. Emphasizes logical analysis of texts and other data, effective use of evidence, ethical argumentation, and stylistic and grammatical fluency. Enrollment limited to specified groups of students. Students must achieve a satisfactory score on the verbal portion of the SAT, the USC Writing Examination, or credit for WRIT 120 or WRIT 121 before enrolling in WRIT 130.

**WRIT 140 Writing and Critical Reasoning (4, FaSpSm)** Focuses on analytical and argumentative writing skills requisite to academic and professional writing. Emphasizes logical analysis of texts and other data, effective use of evidence, ethical argumentation, and stylistic and grammatical fluency. Requires concurrent enrollment with an affiliated general education course in the social issues category. Students must achieve a satisfactory score on the verbal portion of the SAT, the USC Writing Examination, or credit in WRIT 120 or WRIT 121 before enrolling in WRIT 140.

**WRIT 340 Advanced Writing (3-4, FaSpSm)**

Instruction in writing for various audiences on topics related to a student's professional or disciplinary interests, with some emphasis on issues of broad public concern. *Prerequisite:* WRIT 130 or WRIT 140.

**WRIT 440 Writing in Practical Contexts (4, FaSpSm)**

Advanced training in analytical and argumentative writing for particular purposes, in professional and practical contexts. *Prerequisite:* CORE 112 or WRIT 340.

**WRIT 501ab Theory and Practice in Teaching Expository Writing (1-1, Fa)** Pedagogical application of rhetorical and linguistic theory to teaching university-level expository writing. Accompanies supervised teaching. Limited to assistant lecturers and teaching assistants. Graded CR/NC.

### Progressive Degree Program in Economics

The Economics department offers students who have demonstrated exceptional academic success the opportunity to earn both bachelor's and master's degrees in a progressive degree program. This program allows students to earn both the Bachelor of Arts and the Master of Arts degrees in five years. Students may also pursue the Bachelor of Science in Economics/Mathematics and the Master of Science in Mathematical Finance. Further details about progressive degree programs can be found on page 87.

#### Admission

Admission is available after the completion of 64 units of course work toward the undergraduate degree. Students must apply for admission to the progressive degree program after completing 64 units of applicable course work to their undergraduate program, but prior to the completion of 96 units of course work. The application for admission to the progressive degree program must be accompanied by a course proposal plan and two letters of recommendation from USC Economics faculty.

#### Awarding of Degrees

The bachelor's and master's degrees may be awarded separately upon completion of all degree requirements, but the master's degree will not be awarded before the bachelor's degree. Students who elect not to complete the master's must complete 128 units to earn the bachelor's degree.

### Requirements for the Bachelor of Science in Economics/Mathematics

Students are required to take seven courses in economics, seven courses in mathematics and one course in computer programming languages. Pre-major requirement: MATH 125 or equivalent.

*In Economics:* ECON 203, ECON 205, ECON 303, ECON 305, ECON 414 and at least two other ECON courses at the 400 level or above

*In Mathematics:* MATH 126 or MATH 127; MATH 225 or MATH 245; MATH 226 or MATH 227; MATH 407, MATH 408 and at least two other MATH courses at the 400 level or above

*In Computing:* At least one course chosen from ITP 110x, ITP 150x, ITP 165x; CSCI 101L

Electives must be approved by the program advisers.

### Minor in Economics

Students from all disciplines will benefit from an economics minor. The economics minor is offered in three tracks. Each track is designed to help the student explore a coherent area of economic thought and methodology. Students minoring in economics must maintain at least a 2.0 GPA (cumulative) in courses taken for the minor.

The minor includes the core courses ECON 203, ECON 205, ECON 303 or ECON 305, MATH 118x or MATH 125 plus three courses chosen from one of the following tracks:

#### Law and Political Economy

This track introduces students to the economic theory that underlies the economic choices made by individuals and the ways in which law and policy combine to regulate such behavior. Economic models of individual choice, contracts, and law are analyzed in courses in this track. Choose three courses from: ECON 317, ECON 330, ECON 332, ECON 434.

#### Finance and Money

This track guides students through the economic thought and theory that underlie the importance of money. Courses cover topics that shed light on the ways in which institutions, individual preferences and financial markets affect the allocation and investment of money. Choose three courses from: ECON 317, ECON 350, ECON 357, ECON 360, ECON 450, ECON 452, ECON 457.

#### International Economics

This track concentrates on the foundations, complexities and importance of the global economy as well as the role of economics and political economy in societies outside of the United States. Choose three courses from: ECON 317, ECON 330, ECON 340, ECON 342, ECON 343, ECON 346, ECON 450.

### Undergraduate Honors Program

The department offers an honors program. First and second semester seniors can enroll in ECON 495 Honors Thesis. Honors will be awarded upon completion of the thesis, an overall GPA of 3.0 or higher and a major GPA of 3.5.

### Department Policy Regarding Transfer Credits

Students who have taken courses equivalent to ECON 303, ECON 305, ECON 317 or ECON 414 from an economics department at another four-year college or from a program deemed comparable by the director of undergraduate studies, can earn transfer credits provided they received a B (3.0) or better in the courses.

## Graduate Degrees

The graduate program in economics is designed to prepare students for careers in teaching, research, industry and government. The department emphasizes economic theory and econometrics; applied economic analysis, including microeconomics, macroeconomics, international and development economics, urban and regional economics; and political economy.

### Admission Requirements

#### Prerequisites

The typical applicant for admission will normally have completed an undergraduate major in economics. Minimal prerequisites for admission to a master's degree program include

courses in intermediate microeconomic and macroeconomic theory, a year of calculus, and a semester of statistics. Applicants for the Ph.D. program are normally expected to have completed more than the minimum, particularly in the areas of mathematics and statistics.

#### Criteria

The Graduate Record Examinations General Test, three letters of recommendation and the student's statement of purpose are required. The letters and statement should be sent directly to the Director of Graduate Admissions, Department of Economics, KAP 300, University of Southern California, Los Angeles, CA 90089-0253. International applicants are required to take the TOEFL

examination. In addition, applicants for financial aid are advised to take the GRE Economics Subject Test and international students must have a TSE score of 200. Admission is based on the appropriateness and quality of completed course work, GRE scores and the letters of recommendation.

#### Procedure

Application deadlines for master's degrees are normally April 15 for the fall semester and November 1 for the spring. Completed doctoral fellowship and assistantship applications are due by December 1. Except for unusual cases, students are permitted to begin Ph.D. programs only during the fall semester.

**Placement Examinations**

Prior to registration, all entering graduate students are required to take the Economics Department placement examinations in general economic theory and the basic principles of algebra, calculus and statistics. Depending on the outcome of these examinations, deficiency course work yielding no credit toward graduate degrees may be required. Students whose native language is other than English will be required to take an English placement examination. Course work in English may be required.

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

**Foreign Language/Research Tool Requirements**

There is no foreign language requirement. However, competence in the use of one computer programming language is required for all graduate degrees offered through the Department of Economics, except the Ph.D. in Political Economy and Public Policy. Such competence can be demonstrated either by course work or examination. Students in master's programs must meet this requirement before starting the thesis or taking the comprehensive examination; students in the Ph.D. program must complete it before taking the qualifying examination.

**Master of Arts in Economics****Thesis Option Requirements**

At least 24 units (usually six courses; at least four must be in economics at the graduate level) and completion of an acceptable thesis accompanied by registration in ECON 594ab is required. Requirements include the following courses in economics:

REQUIRED COURSES	UNITS	
ECON 500	Microeconomic Analysis and Policy, or	4
ECON 503	Microeconomic Theory I	4
ECON 501	Macroeconomic Analysis and Policy, or	4
ECON 505	Macroeconomic Theory I	4
ECON 511	Econometric Methods, or	4
ECON 513	Practice of Econometrics	4
ECON 594ab	Master's Thesis	2-2

**Comprehensive Examination Option Requirements**

At least 32 units (usually eight courses; at least six must be in economics at the graduate level), and satisfactory performance on a comprehensive examination in economic theory is required.

REQUIRED COURSES	UNITS	
ECON 500	Microeconomic Analysis and Policy, or	4
ECON 503	Microeconomic Theory I	4
ECON 501	Macroeconomic Analysis and Policy, or	4
ECON 505	Macroeconomic Theory I	4
ECON 511	Econometric Methods, or	4
ECON 513	Practice of Econometrics	4

Not more than 4 units may be ECON 590; 590 units cannot be counted as part of the required minimum of graduate level courses specified above.

**Master of Arts in Economic Developmental Programming**

This degree program is designed to provide advanced training in the basic tools of development programming and their application to practical problems of developing countries. The program is structured to enable well-prepared students entering in May to finish the following summer. Requirements include the following courses in economics:

REQUIRED COURSES	UNITS	
ECON 401	Mathematical Methods in Economics	4
ECON 500	Microeconomic Analysis and Policy, or	4
ECON 503	Microeconomic Theory I	4
ECON 501	Macroeconomic Analysis and Policy, or	4
ECON 505	Macroeconomic Theory I	4
ECON 502	Mathematical Methods in Dynamic Economics, or	4
ECON 607	Topics in Dynamic Optimization, or	4
ECON 615	Applied Econometrics	4
ECON 511	Econometric Methods	4
ECON 513	Practice of Econometrics	4
ECON 523	Economic History and Development, or	4
ECON 537	Contracts, Organizations, and Institutions, or	4
ECON 541	Economic Development, or	4
ECON 634	Political Economy of Institutions, or	4
ECON 644	Economic Development Programming and Policy Planning	4
ECON 650	International Trade Theory, or	4
ECON 651	International Monetary Theory	4
ECON 590	Directed Research, or	2-8
ECON 692	Seminar in Economic Development	2-8

In addition, a total of three courses in one of several designated options in economics, international relations, law, urban planning and development, demography, or business administration is required. In certain cases units can be granted for internship work. The total unit requirements are 32-48, including a comprehensive examination or a thesis.

For a detailed description of the program and its requirements see *Master of Arts in Economic Developmental Programming*, available from the Department of Economics faculty adviser.

**Master of Science in Mathematical Finance**

The objective of this master of science program is to produce graduates with a rigorous foundation in the economic theory and mathematical modeling of financial markets. The program creates an integrated curriculum spanning four disciplines: economics, mathematics, econometrics/statistics and computational/numerical analysis. The program is designed for recent graduates in the fields of applied mathematics, physics and engineering — or for graduates in economics, business and finance with strong mathematical backgrounds — who wish to pursue high-tech finance careers in financial institutions, industry or government.

**Admission Requirements**

Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue for general regulations (page 97). All applicants must take the GRE General Test. Complete transcripts of undergraduate and any graduate level courses are required, as well as a statement of purpose and three recommendation letters. A substantial undergraduate background in mathematics is required, which should include one semester of real analysis or advanced calculus, one semester of linear algebra and one semester of advanced probability/statistics. Candidates with weaker backgrounds may be required to take mathematics classes prior to admission to the program. An undergraduate knowledge of microeconomics and of macroeconomics, and partial differential equations is helpful, although it is not required for admission. Some experience in Matlab and C/C++ programming is also useful.

**Foreign Language Requirement**

There is no foreign language requirement.

**Course Requirements**

Thirty units of course work are required, six core courses and four to five elective courses. Students are required to satisfy a summative experience for degree completion. This will be in the form of registration in 1 unit of MATH 590 Directed Research with a summative report at the end of the term.

Topics of research will be determined by the program director. The program consists of:

**REQUIRED CORE COURSES (6 COURSES, 18 UNITS) UNITS**

Mathematics and Mathematical Finance:		
MATH 530ab	Stochastic Calculus and Mathematical Finance	3-3
MATH 512	Financial Informatics and Simulation (Computer Labs and Practitioner Seminar)	3
MATH 590	Directed Research	1

Financial Economics and Econometrics:		
ECON 613	Economic and Financial Time Series	4
ECON 659	Economics of Financial Markets I	4

**ELECTIVE COURSES (4 COURSES, 12 UNITS) UNITS**

*Computational and Empirical Finance (must take at least 2 courses)\*:*

FBE 535	Applied Finance in Fixed Income Securities	3
FBE 554	Trading and Exchanges	3
FBE 555	Investment Analysis and Portfolio Management	3
FBE 559	Management of Financial Risk	3
FBE 589	Mortgages and Mortgage-Backed Securities and Markets	3
(FBE 555 highly recommended)		

*Statistics\*:*

MATH 541ab	Introduction to Mathematical Statistics	3-3
MATH 543L	Nonparametric Statistics	3
MATH 547	Methods of Statistical Inference	3

*Numerical/Optimization/Other Methods\*:*

MATH 501	Numerical Analysis and Computation	3
MATH 502ab	Numerical Analysis	3-3
MATH 504ab	Numerical Solution of Ordinary and Partial Differential Equations	3-3
MATH 505ab	Applied Probability	3-3
MATH 508	Filtering Theory	3
MATH 509	Stochastic Differential Equations	3
MATH 585	Mathematical Theory of Optimal Control	3

*Computational and Financial Economics:*

ECON 614	Economic and Financial Time Series II	4
ECON 652	Economics of Financial Markets II	4
PM 511ab	Data Analysis	4-4

Prerequisites for any of the above courses can be waived based on students' knowledge of the subject area. Approval from the program director is required.

\*The elective courses in statistics/numerical/optimization/other methods and computational and empirical finance have to be approved for each student by the program directors. Other electives, not on this list, may sometimes be approved after consultation with program directors.

**Juris Doctor/Master of Arts in Economics**

Students are required to complete 92 units of law and economics course work, four units of which must constitute a thesis acceptable to the faculties of the USC Gould School of Law and the Department of Economics. Before enrolling in economics courses, students must have completed an undergraduate course in probability and statistical inference (e.g., BUAD 310). Students with undergraduate degrees in such disciplines as business, economics, mathematics and psychology will usually have taken such a course as part of their undergraduate program.

*First Year:* Required law school courses.

**SECOND AND THIRD YEARS: UNITS**

ECON 500	Microeconomic Analysis and Policy	4
ECON 511	Econometric Methods, or	
ECON 513	Practice of Econometrics	4

*Two Additional Graduate-level Courses in Economics (eight units):* ECON 680 Industrial Organization and ECON 681 Economics of Regulated Industries are recommended, but the student is free to choose any graduate level courses other than ECON 590 or ECON 790 in consultation with the program adviser. ECON 401 Mathematical Models in Economics may be substituted for one of these courses, and ECON 417 Statistics for Economics or ECON 414 Introduction to Econometrics may be substituted for the other. (These three courses are applicable toward graduate credit.)

*Four Units of Thesis:* The thesis must be acceptable to both the faculty of the law school and the faculty of the Department of Economics.

*Thirty-nine Units of Law Courses:* including one course in a subject matter related to economics (including but not necessarily limited to Taxation, International Business Transactions, Natural Resources Law, Antitrust Law I, Antitrust Law II, Regulated Industries, Labor Law, Administrative Process, Taxation of Corporations or Land Use Seminar and Land

Finance Seminar). In addition to the LSAT, students interested in this dual degree program are required to take the aptitude and advanced economic portions of the Graduate Record Examinations (GRE).

**Dual Master of Arts in Economics and Master of Planning**

The Price School of Public Policy and the Department of Economics jointly offer a two-year program leading to the MPI and M.A. degrees. Applicants must apply to the Price School of Public Policy and the Graduate School and meet the admission requirements of both.

*Requirements*

Requirements for completion of the dual degree program are 58 units, including 24 units in economics and 34 units in planning. For a complete listing, see Public Policy, page 894.

**Doctor of Philosophy in Economics**

Application deadline: December 1

The Ph.D. in Economics requires 60 units of graduate level courses numbered 500 or higher (excluding ECON 500, ECON 501, ECON 590, ECON 690, ECON 691, ECON 692, ECON 693, ECON 694, ECON 790 and ECON 794).

**REQUIRED COURSES UNITS**

The following courses must be taken within the first 36 units of graduate level courses:

ECON 503	Microeconomic Theory I	4
ECON 505	Macroeconomic Theory I	4
ECON 511	Econometric Methods	4
ECON 514	Probability and Statistics for Economists	4
ECON 603	Microeconomic Theory II	4
ECON 605	Macroeconomic Theory II	4

**ADDITIONAL REQUIRED UNITS UNITS**

A minimum of 6 units selected from the following:

ECON 690	Seminar in Economic Theory	2-8
ECON 691	Seminar in Econometrics	2-8
ECON 692	Seminar in Economic Development	2-8
ECON 693	Seminar in Applied Economics and Public Policy	2-8
ECON 694	Seminar in Dynamic Economics	2-8

A minimum of 4 units of:

ECON 794abcdz	Doctoral Dissertation	2-12
---------------	-----------------------	------

Students must take a core theory examination immediately after the completion of ECON 503, ECON 505, ECON 603 and ECON 605 in order to continue in the Ph.D. program. There is also a breadth requirement, which may be satisfied by taking either ECON 523 Economic History and Development or ECON 527 Classical Economic Theory and Its Critics or ECON 538 Values and Social Analysis.

After passing the core theory examination, the student should consult the director of graduate studies on the appointment of a Ph.D. guidance committee. The student should complete two advanced fields of study with the approval of the guidance committee and the director of graduate studies. The requirements for completing each advanced field of study consist of (1) at least two courses numbered 600 or higher in that field with a minimum grade of A- in each, (2) satisfactory completion of one of the seminars related to the field and (3) presentation of a research paper in a class or seminar. In addition, the student should complete a minor field, which consists of a course numbered 600 or higher with a minimum grade of B. The signing of the student's Permission to Take the Qualifying Examination form will signify the satisfactory completion of the field requirements.

The remainder of the courses to total 60 units must be preapproved by the guidance committee. However, not more than four units of ECON 590 and/or 790 can be taken in each semester. Courses taken outside the department or USC cannot count toward the completion of a field and are not allowed before at least one advanced field is completed. Waivers to the course requirements based on equivalent work at another university may be made upon petition to the director of graduate studies up to a maximum of 12 units. Waivers for any other reason require the approval of the department graduate committee.

#### *Grade Point Average Requirements*

In addition to the Graduate School requirements, a minimum GPA of 3.0 on all course work taken toward the 60 units requirement must be achieved. ECON 615 or a higher level course in econometrics must be completed with a grade of B or better.

#### *Screening Procedure*

Students desiring the Ph.D. must undergo a screening procedure before completing more than 24 units of graduate level courses. The process involves a review of the student's course grades, performance on the core theory examination, and demonstrated research ability. Students who pass the screening procedure are permitted to continue studies toward the Ph.D. degree.

#### *Core Theory Examination*

Before beginning the third semester of graduate study, the student must pass a written examination in general economic theory including applications. A maximum of two attempts is allowed. Not taking the examination at a given due time is considered as failing the examination once. The core theory examination is offered twice every year during the summer session. Any exceptions are subject to approval of the director of graduate studies.

#### *Empirical Research Paper*

During the summer after the fourth semester of study, the student must submit an empirical paper using quantitative methods to the examination committee. The paper may use field, experimental or simulated data. In this paper, the student should demonstrate competence in using a computer programming language and software.

#### *Research Paper*

During the summer after the sixth semester of study, the student must submit a research paper to a committee of faculty. The paper must be of publishable quality.

#### *Seminar Requirements*

Every student is required to take and satisfactorily complete three, two-unit research seminars chosen from ECON 690, ECON 691, ECON 692, ECON 693 and ECON 694. The same seminar may be taken more than once. Before completing the dissertation, the student must present at least one original research paper in a seminar of the student's choice.

#### *Dissertation Proposal Preparation*

The student is required to write a research proposal on a topic suitable for a dissertation. Normally, the chair of the student's guidance committee directs this work. The written proposal is presented and critiqued during the qualifying examination.

#### *Qualifying Examination*

Upon successful completion of course and grade requirements, the paper requirement, and the core theory examination, the student takes an examination, which focuses on the presentation and defense of the written dissertation proposal. After passing this examination, the student is admitted to candidacy for the Ph.D. degree. This examination must be taken not later than the end of the seventh semester of study.

#### *Doctoral Dissertation*

After admission to candidacy, the student forms a dissertation committee composed of three faculty members, one of whom must be from an outside department. The chair of this committee is the dissertation supervisor. The student must register in sequence for ECON 794abcdz Doctoral Dissertation each semester, excluding summer sessions, until the dissertation and all other degree requirements are completed.

The dissertation is defended in an oral examination administered by the dissertation committee when the committee agrees that the student has completed the research and a satisfactory draft of the dissertation has been written. If the committee agrees to pass the student, all suggested extensions, modifications, and corrections are incorporated into a final draft, which must be approved by all members of the committee.

It is the student's responsibility to see that the proper paperwork is submitted to the Graduate School upon completion of each requirement for the Ph.D. degree.

#### **Doctor of Philosophy in Pharmaceutical Economics and Policy**

Application deadline: December 1

The Department of Economics and the Department of Pharmaceutical Economics and Policy (School of Pharmacy) jointly offer a program of study leading to the Ph.D. degree and to the M.A. degree in the process of work toward the Ph.D. degree.

Required courses include both core requirements and area requirements. Core requirements include courses in economic theory, econometrics, and research methods. Area requirements include courses in health economics, pharmaceutical economics, welfare theory and applied econometrics.

For a detailed description of this program, see the School of Pharmacy section of this catalogue, page 855.

## Courses of Instruction

### ECONOMICS (ECON)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### ECON 203 Principles of Microeconomics

**(4, FaSp)** Behavior of firms and consumers, functions of the price system, competition and monopoly, labor markets, poverty, government regulation, international trade, and the environment.

#### ECON 205 Principles of Macroeconomics

**(4, FaSp)** Unemployment, inflation and output determination and links. Effects of government taxation and spending on growth, investment, saving, consumption, and trade.

#### ECON 238xg Political Economy and Social Issues

**(4, Fa)** Contending politico-economic perspectives in modern Western thought: conservatism, liberalism, radicalism, and their relevance for contemporary policy issues including government and markets, class, race, gender, poverty and inequality. Not available for major credit to economics majors. *Concurrent enrollment:* WRIT 140.

#### ECON 303 Intermediate Microeconomic Theory

**(4, FaSp)** Decision-making by business firms, consumer preferences and behavior, uncertainty, competition, monopoly, labor and resource markets, efficient resource allocation, externalities, and government policy. *Prerequisite:* ECON 203; MATH 118x or MATH 125; *corequisite:* ECON 205.

#### ECON 305 Intermediate Macroeconomic Theory

**(4, FaSp)** The determinants of aggregate income, employment, and inflation; economic fluctuations; fiscal and monetary policy; financial markets; the national debt. *Prerequisite:* ECON 203 and ECON 205; MATH 118x or MATH 125.

#### ECON 317 Introduction to Statistics for Economists

**(4, FaSp)** Introduction to statistical methods appropriate for analyzing economic data: probability theory, random variables and probability distributions, sampling, estimation, statistical inference. *Prerequisite:* MATH 118x or MATH 125.

#### ECON 322 Economic History and Modernization of the Middle East

**(4, Irregular)** Economic history of the Middle East from the rise of Islam to the modern era. Roles of law, religion. Processes of institutional transformation, stagnation, modernization. *Prerequisite:* ECON 203.

#### ECON 330 The Political Economy of Institutions

**(4)** Social functions served by the rules, laws, regulations, and customs that constrain human activity. Processes whereby such institutions adapt, or fail to adapt, to changing circumstances. *Prerequisite:* ECON 203.

#### ECON 332 Contracts, Organizations and Institutions

**(4)** Contract law and economic organization, determinants of firm boundaries, transaction cost economics, agency theory, incomplete contracting, business strategy, bureaucracy, institutional environment, politics and property rights. *Prerequisite:* ECON 203.

#### ECON 338 Political Economy and Social Issues

**(4, Sp)** Contending politico-economic perspectives in modern Western thought and culture; absolutist, liberal, democratic, Marxist, anarchist, and other traditions, topics and issues. (Duplicates credit in former ECON 121x.) *Prerequisite:* ECON 205.

#### ECON 340 Economics of Less Developed Countries

**(4)** Causes of economic underdevelopment: historical, institutional, structural, ideological, technological, cultural. Patterns and theories of development. Role of government, international trade, and education in economic growth. *Prerequisite:* ECON 203 or ECON 205.

#### ECON 342 Economic Development of the Middle East

**(4, FaSp)** Contemporary economic problems of the Middle East: comparative and historical perspectives on issues of institutions, investment, oil, trade, migration, finance, inequality, labor and capital markets. *Prerequisite:* ECON 203; *recommended preparation:* ECON 205 and ECON 303.

#### ECON 343 Economic Development of East Asia

**(4)** Contemporary economic problems of East Asian countries: management, labor, technology, trade, investment. Determinants of their high growth rates in the late 20th century. *Prerequisite:* ECON 203 or ECON 205.

#### ECON 344 Economic Development of Sub-Saharan Africa

**(4, FaSpSm)** Contemporary economic problems of sub-Saharan African economies: policies and endowments. Focus on issues of poverty, agriculture, health, macroeconomy and political economy. *Prerequisite:* ECON 203 or ECON 205.

#### ECON 346 Economics of Transition and Development: China

**(4, FaSpSm)** A focus on the Chinese economy, its reform and transition to a market economy, its relation with East Asian countries and integration into the world economy. *Prerequisite:* ECON 203 or ECON 205.

#### ECON 348 Current Problems of the American Economy

**(4, Fa)** A comprehensive investigation of problems stemming from changing composition of the work force, urban decline, new technologies, inequalities, ethnic relations, government deficits. Prospects for continued growth. *Prerequisite:* ECON 203 or ECON 205.

#### ECON 350 The World Economy

**(4, SpSm)** International cooperation and conflict in the world economy. Global economic problems of growth and development, trade and finance, migration, economic stability, and the environment. *Prerequisite:* ECON 203 or ECON 205.

#### ECON 351x Microeconomics for Business

**(4, FaSpSm)** Development and business applications of: theory of the firm; theory of the consumer; intertemporal decisions; decisions under risk; market failures; industrial and enterprise structure. Not for major credit for: economics, economics/mathematics, social sciences (economics) majors. (Duplicates credit in former ECON 251x.) *Prerequisite:* MATH 118.

#### ECON 352x Macroeconomics for Business

**(4, FaSpSm)** Theoretical development and significance to business and markets of economic growth; inflation; unemployment; monetary and fiscal policy; business cycles; savings and investment; exchange rates. Not for major credit for: economics, economics/mathematics, social sciences (economics) majors. (Duplicates credit in former ECON 252x.) *Prerequisite:* MATH 118; *recommended preparation:* introductory economics course, high school math, and algebra.

#### ECON 357 Money, Credit, and Banking

**(4)** The money, bond, stock, and other financial markets; portfolio choice; determinants of asset prices and interest rates; inflation; interactions between financial markets and government policies. *Prerequisite:* ECON 203 and ECON 205.

#### ECON 360 Public Finance

**(4)** Role of the government; income and corporate taxation; direct versus indirect taxation; optimal tax structure; public goods; public sector pricing; public debt and macroeconomic stability. *Prerequisite:* ECON 203 and ECON 205.

#### ECON 366 Urban Economics

**(4)** Urban trends and problems, including changing urban form and function, urban public finance, housing, renewal, poverty, race, transportation, and the environment. *Prerequisite:* ECON 203 and ECON 205.

**ECON 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**ECON 395 Economic Policy Issues (4)**

Selected policy dilemmas, including welfare reform, urban renewal, government budget deficits, regulation and deregulation, environmental problems, immigration, and global development. Lectures by leading authorities and weekly discussion sessions. *Prerequisite:* ECON 203 and ECON 205.

**ECON 401 Mathematical Methods in Economics (4, Fa)**

Introduction to quantitative methods for analyzing economic equilibria; comparative statics and dynamics. Utility theory, consumer behavior, and profit maximization. Model formulation in micro and macroeconomics. *Prerequisite:* ECON 303.

**ECON 404 Games and Economics (4)**

Analysis of strategic economic interactions. Topics include bargaining, insurance, patents, voting, environmental depletion, strategic trade, learning, reputation, strikes, corporate takeovers, and the provision of public goods. *Prerequisite:* ECON 303.

**ECON 414 Introduction to Econometrics (4, FaSp)**

Application of statistical methods to economic data: estimating economic relationships using regression analysis, testing hypotheses involving economic behavior, forecasting economic variables. *Prerequisite:* ECON 317.

**ECON 419 Forecasting (4)**

Trends, time-series models, low-cost forecasting methods, regression models, evaluation and combination of forecasts. Applications in business and economics. *Prerequisite:* ECON 317; *corequisite:* ECON 417.

**ECON 432 Economics of Happiness (4)**

What is happiness? How does it vary by socioeconomic status and over the life cycle? This course will develop insight into the nature and determinants of subjective well-being. *Prerequisite:* ECON 303; *recommended preparation:* ECON 305.

**ECON 434 Economic Analysis of Law (4)**

Common law and property; rationing of justice, resource allocation between prevention and enforcement; division of decision making between public and private sectors. *Prerequisite:* ECON 303.

**ECON 450 International Trade (4)**

Determinants and economic consequences of international trade patterns; effects of trade restrictions and trading blocs; trade negotiations and arrangements. *Prerequisite:* ECON 303.

**ECON 451 The Politics of International Trade (4)** (Enroll in IR 430.)

**ECON 452 International Finance (4)** Consequences of trade deficits; theories of capital and currency markets, exchange rate regimes, and international monetary coordination. *Prerequisite:* ECON 305.

**ECON 457 Financial Markets (4)** General equilibrium analysis of economies with financial markets; decision making under uncertainty; methods of risk reduction; portfolio theory and valuation of securities; efficiency of security markets. *Prerequisite:* ECON 303.

**ECON 471 Economics of Labor Markets and Human Capital (4)**

A human capital interpretation of labor demand and supply; wage determination, differentials, and discrimination; job turnover and occupational mobility; unions and collective bargaining. *Prerequisite:* ECON 303.

**ECON 472 Economics of Medical Care (4)**

Health as an investment in human capital; analysis of the demand for and supply of health services and manpower; health insurance; cost-effectiveness analysis; market structures and the pricing of medical services. *Prerequisite:* ECON 303.

**ECON 480 Economics of Industrial Organization (4)**

Pricing and resource allocation in imperfectly competitive markets; monopoly regulation, collusion, cartels, mergers and antitrust; patents and development incentives; industry case studies. *Prerequisite:* ECON 303.

**ECON 487 Resource and Environmental Economics (4)**

Management and extraction of renewable and non-renewable natural resources; environmental externalities and regulation of air, water, and land pollution; market incentives versus direct regulation. *Prerequisite:* ECON 303.

**ECON 490x Directed Research (2-8, max 8, FaSpSm)**

Supervised individual research. Not available for graduate credit.

**ECON 495 Honors Thesis (4)**

Individual research supervised by a faculty adviser. Successful completion required for departmental honors degree.

**ECON 499 Special Topics (2-4, max 8, FaSpSm)**

Selected topics in economic theory, history, or policy.

**ECON 500 Microeconomic Analysis and Policy (4, Fa)**

Theories of the household and the firm; product and factor markets; perfect and imperfect competition; welfare criteria. *Prerequisite:* ECON 303 and ECON 305; *corequisite:* ECON 401.

**ECON 501 Macroeconomic Analysis and Policy (4, Sp)**

Theories of aggregate economic activity; design and use of macroeconomic models; stabilization and control of inflation, unemployment, and growth. *Prerequisite:* ECON 303, ECON 305, and ECON 401.

**ECON 502 Mathematical Methods in Dynamic Economics (4, SpSm)**

Movement of economic systems over time; differential and difference equations; introduction to the optimal control of economic processes; dynamic programming and optimal strategies; selected applications. *Prerequisite:* ECON 401.

**ECON 503 Microeconomic Theory I (4, Fa)**

Optimization of the consumer and the firm; duality and imputed value; perfect and imperfect competition in product and factor markets. *Prerequisite:* ECON 401; *recommended preparation:* ECON 500.

**ECON 505 Macroeconomic Theory I (4, Fa)**

Aggregate demand, supply and government policy; theories of economic growth and business cycles; static and dynamic implications of government policies. *Prerequisite:* ECON 401; *recommended preparation:* ECON 501, ECON 502.

**ECON 511 Econometric Methods (4, Sp)**

Review of statistical methods of estimation and inference, linear regression with multicollinearity and serial correlation; multivariate regression and simultaneous equations.

**ECON 513 Practice of Econometrics (4)**

Application of econometric tools using standard econometric software packages for microcomputers; empirical applications to selected economic problems of estimation and inference. *Prerequisite:* ECON 401.

**ECON 514 Probability and Statistics for Economists (4, Fa)**

Introduction to probability theory and statistical inference to prepare students for graduate courses in econometrics and economic theory; probability, random variables, distributions, estimation, testing, asymptotics. *Prerequisite:* MATH 226.

**ECON 523 Economic History and Development (4)**

Historical trends in developed and developing societies in various aspects of modernization such as human resources, capital, technology, resource allocation, income distribution, international relations. *Prerequisite:* ECON 303.

**ECON 527 Classical Economic Theory and Its Critics (4)**

Classical economic theory; its precursors, main contributors, extensions, and critics; focus upon the writings and ideas of Smith, Say, Malthus, Ricardo, Mill, and Marx. *Prerequisite:* ECON 303 and ECON 305.

**ECON 537 Contracts, Organizations, and Institutions (4)** Information, property rights, bargaining, transaction costs, incentives, free-riding and contracting in organizations; the nature of cooperation; bureaucracies. *Prerequisite:* ECON 303.

**ECON 538 Values and Social Analysis (4)** Factors that make values an essential feature of human society; how values develop, change, and are abandoned; role of values in economic development. *Prerequisite:* ECON 303.

**ECON 539 Political Economy (4)** (Enroll in PEPP 539)

**ECON 541 Economic Development (4)** Development, underdevelopment and the problems thereof; agriculture, industry, trade, population, human capital, capital formation; structural, technological, environmental and institutional changes; political economy of the state. *Prerequisite:* ECON 303 and ECON 305.

**ECON 580 Antitrust Economics and Competition Policy (4, FaSp)** Efficiency, market failure, government regulation, some basics for antitrust economics, competition policy analysis and collusion and agreements among competitors. *Prerequisite:* ECON 500 or ECON 513.

**ECON 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**ECON 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**ECON 594abz Master's Thesis (2-2-0, FaSpSm)** Credit on acceptance of thesis. Graded IP/CR/NC.

**ECON 599 Special Topics (2-4, max 8, FaSpSm)** Selected topics in economics as developed by the instructor.

**ECON 600 Economics of Choice (4)** Reviews the normative and positive theories of choice drawing upon recent theoretical and empirical work in cognitive and evolutionary psychology, artificial intelligence, linguistics and economics. *Prerequisite:* ECON 500.

**ECON 603 Microeconomic Theory II (4, Sp)** General equilibrium theory; existence, uniqueness, and stability; welfare economics; social choice; dynamic models and uncertainty; special topics. *Prerequisite:* ECON 503.

**ECON 604 Game Theory (4)** Strategies and equilibrium concepts; dynamic and repeated games; incomplete information and learning in games. *Prerequisite:* ECON 500 or ECON 503.

**ECON 605 Macroeconomic Theory II (4, Sp)** Macroeconomic theory based on the concepts of optimal growth and intertemporal equilibrium; overlapping generations models; recent developments in macroeconomic theory. *Prerequisite:* ECON 503 and ECON 505.

**ECON 607 Topics in Dynamic Optimization (4)** Theory and numerical methods for dynamic optimization and control; selected applications in economic analysis and econometrics. *Prerequisite:* ECON 502 and knowledge of FORTRAN.

**ECON 610 Quantitative Analysis in Macroeconomics (4, Sp)** Dynamic economics, applied general equilibrium models, computational and calibration tools, discrete-state dynamic programming, log-linearization of Euler equations. *Prerequisite:* ECON 505, ECON 605.

**ECON 612 Econometric Theory (4)** Inference and prediction, generalized and restricted least square, specification analysis, multivariate and seemingly unrelated regressions, simultaneous equations techniques, dynamic models, instrumental variable estimation. *Prerequisite:* ECON 511.

**ECON 613 Economic and Financial Time Series I (4, Fa)** Simultaneous equation models, dynamic structural econometric models, vector autoregressions, causality, forecasting, univariate and multivariate nonstationary time series, tests for unit roots, cointegration, autoregressive conditional heteroscedasticity models, time series models with changes in regime. *Prerequisite:* ECON 511.

**ECON 614 Economic and Financial Time Series II (4, Sp)** Stock returns, predictability and volatility, random walk and variance-bounds tests, estimation of capital asset, multifactor, and derivative pricing models, term structure of interest rates. *Prerequisite:* ECON 511.

**ECON 615 Applied Econometrics (4, Fa)** Use of quantitative models to describe and forecast economic activity; estimation and application of such models to selected policy problems. *Prerequisite:* ECON 511.

**ECON 616 Experimental Economics (4)** Laboratory methods for testing economic theory; experimental comparison of alternative market and non-market institutions; identification of behavioral responses to alternative regulations. *Prerequisite:* ECON 500 or ECON 503.

**ECON 633 Law and Economics (4, Sp)** (Enroll in LAW 633)

**ECON 634 Political Economy of Institutions (4)** The functions of laws, rules, customs, conventions, and other restrictions on economic and social activity. Theories of institutional evolution. (Duplicates credit in former ECON 534.) *Prerequisite:* ECON 500 or ECON 503.

**ECON 639 Contemporary Economic Policy: Theory and Practice (4)** History and analysis of the fundamental continuing policy issues: recession, inflation, public debt, regulation, international competition, energy resources and environmental issues, welfare and income distribution. *Prerequisite:* ECON 500 and ECON 501.

**ECON 641 Empirical Analysis of Economic Development (4, FaSp)** Theory and empirics of the sources of and barriers to economic development and the micro underpinnings of macroeconomic dynamics of growth, inequality, and productivity. *Prerequisite:* ECON 503, ECON 511.

**ECON 642 Poverty, Human Resources and Economic Development (4, FaSpSm)** Household production models and intra-household models of behavior and their empirical implementation, focus on poverty, human resource investments and their interaction with public policies. *Prerequisite:* ECON 501, ECON 511.

**ECON 644 Economic Development Programming and Policy Planning (4)** Model construction and application to policy and planning: open economy macroeconomics, trade and investment, institutions, technology, income inequality, environment, policy reforms, political economy. *Prerequisite:* ECON 501 or ECON 505; ECON 500 or ECON 503.

**ECON 645 Economic Growth (4, Fa)** Surveys theoretical and empirical developments in growth macroeconomics. To equip students to undertake frontier research and policy work to reduce global income inequality. Graduate standing. *Prerequisite:* ECON 505.

**ECON 650 International Trade Theory (4)** General equilibrium theory applied to theory and practice of commercial policy, economic growth, and trade. *Prerequisite:* ECON 500 or ECON 503.

**ECON 651 International Monetary Theory (4)** Balance of payments concepts and measures; price theory and the foreign exchange market; international monetary systems; adjustment mechanisms; speculation and official intervention. *Prerequisite:* ECON 500 or ECON 503 and ECON 501 or ECON 505.

**ECON 652 Economics of Financial Markets II (4, Sp)** Financial market equilibrium and partial equilibrium asset pricing in discrete and continuous time; properties of equilibria with and without complete markets; theory of option prices; Black-Scholes pricing formula; term structure of interest rates; hedging strategies and managing market risk using options, futures and swaps; hedging exchange-rates risks. (Duplicates credit in former ECON 700.) *Prerequisite:* ECON 503.

**ECON 653 Empirical International Economics (4)** Empirical treatment of advanced topics in international finance including the determination of real and nominal exchange rates; stabilization policies in developing currencies and currency crisis models. Econometric methods in analyzing foreign exchange data and in forecasting. *Prerequisite:* ECON 501, ECON 513; *recommended preparation:* ECON 625, ECON 651.

**ECON 659 Economics of Financial Markets I (4, Fa)** Equilibrium model of finance economy; absence of arbitrage; complete and incomplete markets; asset pricing theory; representative agent pricing. Capital Asset Pricing Model, martingale property of security prices. *Prerequisite:* ECON 503.

**ECON 671 Economics of Labor and Human Capital (4)** A human capital interpretation of labor demand and supply; wage determination, differentials, and discrimination; job turnover and occupational mobility; unions and collective bargaining. *Prerequisite:* ECON 500 or ECON 503.

**ECON 673 Program Evaluation (4)** This course first proposes various means of evaluating an economic program. It then applies the tools to specific problems. *Prerequisite:* ECON 500 or ECON 503; ECON 511.

**ECON 680 Industrial Organization (4)** Decision making, economic behavior and organization in firms; types of competition and market structure; property rights, nonprofit decision making. *Prerequisite:* ECON 500 or ECON 503.

**ECON 681 Economics of Regulated Industries (4)** Theories and methods of government regulation; effects of regulation on various industries; behavior of regulatory agencies. *Prerequisite:* ECON 500 or ECON 503.

**ECON 688 Empirical Industrial Organization (4)** Econometric analysis of industrial organization issues including industry regulation and deregulation, collusions and pricing in differentiated oligopolistic markets, entry and exit, auction mechanisms, contractual relationships. *Recommended preparation:* ECON 600, ECON 603, ECON 612, ECON 615, ECON 680. *Prerequisite:* ECON 503 and ECON 603.

**ECON 690 Seminar in Economic Theory (2, max 8, FaSp)** Current research in economic theory presented by faculty, students and outside scholars. Graded CR/NC.

**ECON 691 Seminar in Econometrics (2, max 8, FaSp)** Current research in econometrics presented by faculty, students and outside scholars. Graded CR/NC.

**ECON 692 Seminar in Economic Development (2, max 8, FaSp)** Current research in international, regional, and urban development economics presented by faculty, students and outside scholars. Graded CR/NC.

**ECON 693 Seminar in Applied Economics and Public Policy (2, max 8, FaSp)** Current research in applied microeconomics, macroeconomics and public policy presented by faculty, students and outside scholars. Graded CR/NC.

**ECON 694 Seminar in Dynamic Economics (2, max 8, FaSp)** Topics in dynamic economics involving business fluctuations, economic growth and development, micro-economic adjustments and market mechanisms; related quantitative and qualitative methods; empirical research involving economic change. Graded CR/NC.

**ECON 695 Internship in Mathematical Finance (4, Sm)** Internship for students in the Mathematical Finance master's program. Practical training in real market environments. Real-world first-hand experience in implementing trading strategies. Application of mathematical finance to real financial markets.

**ECON 696 Empirical Microeconomics Seminar (2, max 8, FaSp)** Presentations on current research in empirical microeconomics by outstanding scholars from leading economics departments and faculty at USC. Open only to economics Ph.D. students.

**ECON 715 Advanced Topics in Econometrics (4)** Time-series methods; aggregation; structural models and methods such as factor analysis and multiple indicator models; various special topics. *Prerequisite:* ECON 612 and ECON 613.

**ECON 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**ECON 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## English

Taper Hall of Humanities 404  
(213) 740-2808  
Email: [english@dornsife.usc.edu](mailto:english@dornsife.usc.edu)  
[dornsife.usc.edu/engl](http://dornsife.usc.edu/engl)

*Chair:* Margaret E. Russett, Ph.D.

### Faculty

*University Professor and Leo S. Bing Chair in English and American Literature:* Leo Braudy, Ph.D.

*Distinguished Professor:* Percival Everett, A.M.

*Aerol Arnold Chair in English:* James R. Kincaid, Ph.D.\*

*USC Associates' Chair in Humanities:* John Carlos Rowe, Ph.D.

*Dean's Professor of English:* Bruce R. Smith, Ph.D.

*Florence R. Scott Professor of English:* Tania Modleski, Ph.D.

*Barbra Streisand Professor of Contemporary Gender Studies:* Alice Echols, Ph.D.

*Judge Widney Professor of Poetry and Public Culture:* Dana Gioia, MBA

*Provost Professor of English and Art History:* Kate Flint, Ph.D.

*Writer in Residence:* T. Coraghessan Boyle, Ph.D.

*Professors:* Aimee Bender, MFA; Joseph A. Boone, Ph.D.; Joseph A. Dane, Ph.D.; Lawrence D. Green, Ph.D.; Judith Halberstam, Ph.D.\*; Peggy Kamuf, Ph.D. (*French and Italian*); David C. Lloyd, Ph.D.; Susan McCabe, Ph.D.; Carol Muske-Dukes, MFA\*; David Román, Ph.D.\*; Margaret Rosenthal, Ph.D. (*French and Italian*); Margaret E. Russett, Ph.D.; Hilary M. Schor, Ph.D.; David St. John, MFA; Daniel Tiffany, Ph.D.; David Treuer, Ph.D.; Marianne Wiggins

*Associate Professors:* Emily Anderson, Ph.D.\*; Judith Jackson Fossett, Ph.D.\*; Alice Gambrell, Ph.D.\*; Thomas Gustafson, Ph.D.\*; William R. Handley, Ph.D.; Mark Irwin, Ph.D.; Heather James, Ph.D.\*; Dana Johnson, MFA; Anthony Kemp, Ph.D.; Rebecca Lemon, Ph.D.; Teresa McKenna, Ph.D.; Viet Nguyen, Ph.D.\*; David Rollo, Ph.D.\*; Karen L. Tongson, Ph.D.

*Assistant Professors:* Michelle Gordon, Ph.D.; Devin Griffiths, Ph.D.

*Associate Professor (Teaching):* Michael Du Plessis, Ph.D. (*Comparative Literature*)

*Assistant Professors (Teaching):* Mary (Molly) A. Bendall, M.A.; Susan Segal, MFA

*Lecturers:* Richard Berg, Ph.D.; Thea Cervone, Ph.D.; Christopher Freeman, Ph.D.; Susan Green, Ph.D.; Cecilia Woloch, MFA

*Emeritus Leo S. Bing Professor:* Jay Martin, Ph.D.

*Emeritus Leo S. Bing Professor of English and American Literature:* Paul K. Alkon, Ph.D.

*Florence R. Scott Professor of English Emerita:* Marjorie Perloff, Ph.D.

*Emeritus Professors:* Charles B. Berryman, Ph.D.; Donald C. Freeman, Ph.D.; Max F. Schulz, Ph.D.; Virginia J. Tufte, Ph.D.\*

*Emeritus Associate Professors:* William H. Brown, Ph.D.; David Eggenschwiler, Ph.D.; Stephen C. Moore, Ph.D.

\*Recipient of university-wide or college teaching award.

## Undergraduate Degrees

### Undergraduate Programs

The Department of English offers a broad range of courses in English, American and Anglophone literature of all periods and genres, and in related areas such as creative and expository writing, literature and visual arts, ethnic literature and cultural studies, history of the English language and of literary criticism, and literary and cultural theory. Instructors assign extensive reading and writing in order to help students become perceptive readers, critical thinkers and strong writers. Class sizes are kept at 19 to enable full discussion in literature classes and at 12 in creative writing workshops.

### Advisement

All students meet with a faculty adviser before registering for courses each semester. Faculty advisers help students shape their majors according to their evolving interests and the requirements of the majors. Students should consult the the director of undergraduate studies and the undergraduate staff adviser about departmental clearances and course substitutions.

### Major Requirements for the Bachelor of Arts in English

Undergraduate majors in English are required to take 40 units (usually 10 courses) for a B.A. in English with an emphasis in either literature or creative writing. All majors must take

three introductory courses, including at least two from the survey sequence:

ENGL 261	English Literature to 1800	4
ENGL 262	English Literature since 1800	4
ENGL 263	American Literature	4
One introductory course may be from the genre sequence:		
ENGL 290	Cultural Studies: Theories and Methods	4
ENGL 298	Introduction to the Genre of Fiction	4
ENGL 299	Introduction to the Genre of Poetry	4

Students should take at least two introductory courses before enrolling in upper-division literature courses or creative writing workshops.

Majors emphasizing English literature must take seven upper-division courses, including two courses in literature written before 1800, one course in 19th-century literature, one course in American literature, and two electives.

Majors emphasizing creative writing must take seven upper-division courses, including two introductory creative writing workshops in poetry and prose, and a third workshop at the 400-level. The remaining upper-division courses must include one course in literature written before 1900, one course in literature written after 1900 and one elective.

All major students must complete ENGL 491 Senior Seminar in Literary Studies.

### Requirements for a Minor in English

The minor in English requires 20 units, or five courses, including at least two introductory courses (from among ENGL 261, ENGL 262 and ENGL 263) and at least three upper-division courses including one in literature written before 1800 and one in American literature. An English minor may enroll in no more than one creative writing workshop.

### Bachelor of Arts in Narrative Studies

Narrative studies prepares students for the development and evaluation of original content for novels, films, theatre and other narrative platforms, but recognizes that the range of professional opportunities in literature and the performing arts is much wider than the roles of author, screenwriter or playwright. To recognize a good story, to critique, help shape, realize and transform it, requires a background in the history of narrative, cross-cultural and contemporary models, and an understanding of the broader context of popular culture.

Narrative Studies assumes that an effective narrative will be adapted from the medium in which it first appears as new media become available. To prepare students for a future in which the platform is likely to change, the Bachelor of Arts in Narrative Studies allows students to study across the current platforms while concentrating on the techniques of effective construction common to them all.

In so doing, it draws upon course work from several schools of art but finds its home in the humanities. To help develop the flexibility necessary to understand how stories change across platforms, students are expected to complete at least three courses in literary and three courses in performance-based media. The remaining three courses may be chosen to reflect the student's personal preference and initial career aspirations.

MDA 490 Directed Research or MDA 494 Directed Creative Projects are capstone experiences: Students work under the guidance of a faculty member in a relevant discipline or professional field, which may include full-time faculty from the college or the participating schools of the arts. Projects intended for the stage should be done under the direction of School of Theatre faculty.

**REQUIREMENTS** **UNITS**

Nine or 10 courses totaling 36 units; no more than two at the 100- or 200-level, selected from the following lists.

*Introduction to Narrative Media (choose one course):*

COLT 101	Masterpieces and Masterminds: Literature and Thought of the West	4
CTCS 190	Introduction to Cinema	4
CTCS 191	Introduction to Television and Video	4
CTIN 309	Introduction to Interactive Entertainment	4
ENGL 261	English Literature to 1800	4
ENGL 262	English Literature Since 1800	4
ENGL 263	American Literature	4
ENGL 471	Literary Genres and Film	4
ENGL 481	Narrative Forms in Literature and Film	4
FACS 150	Visual Culture and Literacy I	4
PHIL 446	Aesthetics and the Film	4
THTR 125	Text Studies for Production	4
THTR 403	The Performing Arts	4

*Writing and Narrative Forms (choose one or two courses, totaling 4 units):*

CTWR 412	Introduction to Screenwriting, and	2
CTWR 415a	Advanced Writing	2
ENGL 303	Introduction to Fiction Writing	4
ENGL 305	Introduction to Creative Nonfiction	4
ENGL 405*	Fiction Writing	4, max 8
THTR 365	Playwriting I	4
THTR 366*	Playwriting II	4

*Popular Culture and Ethnicity (choose one course):*

AMST 200	Introduction to American Studies and Ethnicity	4
AMST 274	Exploring Ethnicity Through Film	4
AMST 285	African-American Popular Culture	4
ANTH 333	Forms of Folklore	4
COLT 365	Literature and Popular Culture	4
CTCS 192	Race, Class and Gender in American Film	4
CTCS 392	History of the American Film, 1925-1950	4
CTCS 393	History of the American Film, 1946-1975	4
CTCS 394	History of the American Film, 1977-Present	4
CTCS 407	African-American Cinema	4
CTCS 414	Latina/o Screen Cultures	4
ENGL 392	Visual and Popular Culture	4
HIST 380	American Popular Culture	4
MUSC 400	The Broadway Musical: Reflections of American Diversity, Issues and Experiences	4
MUSC 420	Hip-Hop Music and Culture	4
MUSC 460	Film Music: History and Function From 1930 to the Present	4
THTR 395	Drama as Human Relations	4
THTR 405	Performing Identities	4
<i>Narrative in Cross-cultural Perspective (choose one course):</i>		
ANTH 372	Interpretation of Myth and Narrative	4
COLT 264	Asian Aesthetic and Literary Traditions	4
CTCS 200	History of the International Cinema I	4
CTCS 201	History of the International Cinema II	4
EALC 125	Introduction to Contemporary East Asian Film and Culture	4
EALC 332	Korean Literature in English Translation	4
EALC 342	Japanese Literature and Culture	4
EALC 452	Chinese Fiction	4
EALC 455	Japanese Fiction	4
ENGL 444	Native American Literature	4
ENGL 445	The Literatures of America: Cross-Cultural Perspectives	4
FREN 320	French Cinema and French Society: 1900 to the Present	4

GERM 360	20th Century German Prose: Texts and Films	4
ITAL 446	Italian Cinema and Society	4
THTR 210***	Theory and Practice of World Theatre I	4
THTR 211***	Theory and Practice of World Theatre II	4
<i>Western Narrative in Historical Perspective (choose one course):</i>		
CLAS 325	Ancient Epic	4
CLAS 337	Ancient Drama	4
CLAS 380	Approaches to Myth	4
COLT 312	Heroes, Myths and Legends in Literature and the Arts	4
ENGL 423*	English Literature of 18th Century (1660-1780)	4
ENGL 424*	English Literature of the Romantic Age (1780-1832)	4
ENGL 425*	English Literature of the Victorian Age (1832-1890)	4
ENGL 426*	Modern English Literature (1890-1945)	4
ENGL 430	Shakespeare	4
ENGL 440**	American Literature to 1865	4
ENGL 441**	American Literature, 1865-1920	4
GERM 340	German Prose Fiction From Goethe to Thomas Mann	4
GERM 372	Literature and Culture in Berlin of the 1920s	4
SLL 302	Modern Russian Literature	4
SLL 344	Tolstoy: Writer and Moralist	4
SLL 345	Literature and Philosophy: Dostoevsky	4
SLL 346	Russian Drama and the Western Tradition	4
SPAN 304	Survey of Fiction (taught in Spanish)	4
THTR 301***	Greek and Roman Theatre	4
THTR 302***	Shakespeare and His World	4
<i>Contemporary Fiction and Drama (choose one course):</i>		
AMST 448	Chicano and Latino Literature	4
AMST 449	Asian American Literature	4
COLT 345	Realist Fiction	4
COLT 348	Modernist Fiction	4
COLT 351	Modern and Contemporary Drama	4
COLT 420	The Fantastic	4
COLT 472	Los Angeles Crime Fiction	4
COLT 475	Politics and the Novel	4

		<b>ELECTIVE COURSES</b>		<b>UNITS</b>
EALC 354	Modern Chinese Literature in Translation	4		
ENGL 375	Science Fiction	4		
ENGL 442**	American Literature, 1920 to the Present	4		
ENGL 447	African American Narrative	4		
ENGL 455	Contemporary Prose	4		
ENGL 463	Contemporary Drama	4		
FREN 347	Race, Gender and Power in Francophone Literature	4		
SLL 303	Contemporary Russian Literature	4		
SLL 348	Nabokov's Novels: Art and Exile	4		
THTR 300	Introduction to Modern Drama	4		
THTR 314***	Advanced Topics in Modern Drama	4		
Two additional courses (three if CTWR 412/CTWR 414 are chosen) (8 units) at the upper-division 300 or 400 level, from different departments, chosen from the lists above.				
<i>Capstone Enrollment:</i>				
MDA 490	Directed Research, or			
MDA 494	Directed Creative Project	4		
*Prerequisite required				
**Corequisite required				
***Recommend preparation suggested				
Total: Nine or 10 courses, including at least seven at the upper-division level, for a total of 36 units.				
<b>Minor in Cultural Studies</b>				
Cultural studies is an interdisciplinary field of study that examines a broad array of issues of culture, including popular culture, identity, subcultures, nationalism, global culture and ethnography. This minor is designed for students majoring in the humanities or in the professional schools who wish to complement their majors with courses that investigate the politics of culture and cultural negotiation. Students are required to have a minimum 3.0 GPA and the completion of 32 units for admission to the minor.				
<b>REQUIRED COURSES</b>		<b>UNITS</b>		
COMM 384	Interpreting Popular Culture	4		
CTCS 407	African American Cinema, or			
CTCS 411	Film, Television and Cultural Studies	4		
ENGL 392	Visual and Popular Culture, or			
ENGL 472	Literature and Related Arts	4		

		<b>UNITS</b>
Choose three courses from the following. Students must take two electives outside the department of their major. Students may not take any more than two electives from any one department or school.		
ANTH 263	Exploring Culture Through Film	4
AHIS 363	Race, Gender, and Sexuality in Contemporary Art	4
AHIS 469	Critical Approaches to Photography	4
CTCS 406	History of American Television	4
CTCS 407	African American Cinema	4
CTCS 478	Culture, Technology and Communications	4
COMM 339	Communication Technology and Culture	4
COMM 340	The Cultures of New Media	4
COMM 360	The Rhetoric of Los Angeles	4
COMM 370	The Rhetoric of Ideas: Ideology and Propaganda	4
COMM 395	Gender, Media and Communication	4
COLT 365	Literature and Popular Culture	4
ENGL 473	Literature and Society	4
ENGL 478	Sexual/Textual Diversity	4
FACS 350	Art Theory and Criticism	4
FREN 320	French Cinema and French Society: 1900 to the Present	4
HIST 225	Film, Power and American Society	4
HIST 255	American Popular Culture	4
PAS 400	New Models of Art in City-Space	4
SOCI 342	Race Relations	4

Total units: 24

For more information or to apply to this minor, contact the Department of English, USC Dornsife College of Letters, Arts and Sciences.

### Interdisciplinary Minor in Early Modern Studies

This minor brings together the resources of the departments of English, History and Art History to study the literatures and cultures of Europe and the Americas from the late medieval period to 1800. It draws upon courses from the departments of French and Italian, Spanish and Portuguese, Philosophy, American Studies and Ethnicity, the Thornton School of Music, and the School of Theatre.

The minor focuses on the interplay of literary and historical methodologies while promoting an area study in a wide context. Majors in any participating department can complement the strengths in their home department with courses in other participating departments; students with majors in most other areas should have room for the 20 units necessary to complete the minor.

The minor includes a capstone course, a senior seminar based on the resources of the Early Modern Studies Institute (a consortium between USC and the Huntington Library), which enables students to learn about current issues in this cross-disciplinary field and about research techniques employed to deal with those emergent issues.

Through its Early Modern Studies Institute, USC has recognized that the study of the literatures and cultures of Europe and the Americas prior to 1800 reaches beyond disciplinary boundaries. English studies are also historical, continental, multinational and multilingual. Historical studies are also literary and sociological. Both studies are enmeshed in art history and music. This cross-disciplinary understanding of early modern studies provides a model for research in many areas of the humanities and social sciences. Students who complete this minor will be able to use both literary and historical analyses to investigate other questions in which they are interested.

The minor requires 20 units. As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (not used for credit toward a major, another minor or general education requirements). Students must select four courses outside their major department.

<b>REQUIREMENTS, LOWER DIVISION</b>		<b>UNITS</b>
Choose one, 4 units:		
AHIS 230	Art and Culture in Early Modern Europe	4
ENGL 261	English Literature to 1800	4
HIST 103	The Emergence of Modern Europe	4

<b>REQUIREMENTS, UPPER DIVISION</b>		<b>UNITS</b>
Choose at least one course from each of the following four categories:		
<i>Literary Studies (4 units):</i>		
ENGL 420, ENGL 421, ENGL 422, ENGL 423, FREN 351, FREN 470, FREN 471, FREN 472, ITAL 350, ITAL 430, ITAL 435, SPAN 350, SPAN 352		

*Historical Analysis (4 units):*

AHIS 304, AHIS 343, AHIS 344, AMST 446, HIST 309, HIST 312, HIST 316, HIST 325, HIST 331, HIST 410, PHIL 320

*Case Studies in Early Modern Discourse and History (4 units):* AHIS 430, AHIS 433, AHIS 453, AMST 373, ENGL 430, ENGL 444, ENGL 461, ENGL 465, ENGL 469, HIST 307, HIST 318, HIST 349, HIST 351, HIST 370, HIST 408, HIST 470, HIST 473, HIST 474, ITAL 450, MPEM 450, PHIL 421, PHIL 422, PHIL 423, SPAN 455, SPAN 460, THTR 302, THTR 313, THTR 354, THTR 380

*Senior Seminar in Early Modern Studies (capstone):*  
ENGL 497 Seminar in Early  
Modern Studies 4

## Graduate Degrees

### Admission Requirements

Requirements for admission to study in the department of English include: scores satisfactory to the department in both the verbal and quantitative General Test and the literature Subject Test of the Graduate Record Examinations; evidence of competence in writing English and interpreting English literature, as demonstrated by two samples of written work by the applicant on literary subjects; a satisfactory written statement by the applicant of aims and interests in graduate work; letters of recommendation from at least three college instructors (English instructors preferred); and grades satisfactory to the department earned by the applicant at other institutions.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in English

The department does not accept applicants for a Master of Arts degree. All graduate work in English at USC is taken as part of a Ph.D. program, and the M.A. in English is intended only as a transitional degree in the process of completing requirements for the Ph.D.

A student admitted to the graduate program may choose later to earn a terminal M.A. degree, or may be invited by the department to attempt a terminal degree. The terminal M.A. in English may be earned by completing 30 units (normally eight courses) of graduate study in English or in other departments at USC (as approved by the graduate director) with an accumulated GPA of at least 3.0, and by passing the screening procedure.

### Double Majors

The department strongly encourages majoring in both English and in another department in the USC Dornsife College of Letters, Arts and Sciences or in another school of the university.

### English Honors Program

Candidates for the B.A. in English can receive a designation on their transcripts of departmental honors by successfully completing a senior honors thesis while enrolled in ENGL 496, and having a 3.5 final GPA. ENGL 491 Senior Seminar in Literary Studies is a prerequisite for ENGL 496. Students with a minimum GPA of 3.0 overall and 3.5 in English courses can apply for ENGL 496; application is due at the start of

A maximum of four units of 590 Directed Research and four transfer units may count toward the 30 units minimum required for the M.A. degree.

### Doctor of Philosophy in English

Students may earn the Ph.D. in English by successfully completing requirements in the English and American literature track.

### English and American Literature

Application deadline: December 1

This program prepares students for research and teaching in all areas of English and American literary studies. The program offers the study of texts in their historical and cultural contexts as well as theoretical, interdisciplinary and cross-cultural approaches to literature.

### *Graduate Curriculum and Unit Requirements*

The graduate curriculum is divided into 500-level foundation courses and 600-level advanced courses. The 500-level courses offer fundamental work in theory and in the history of British and American literatures and cultures. The 600-level courses feature advanced studies in theory, core requirements in film and literature, interdisciplinary studies, transhistorical studies in genres and sub-genres, individual writers, gender studies, multi-cultural literatures and societies, and special topics. Although students will normally take 500-level courses leading up to the screening procedure (see Screening Procedure) and 600-level courses thereafter, students, after consultation with their advisers, may be permitted to take 600-level courses in the first semesters of their graduate training.

fall semester of senior year. For additional information, contact a departmental adviser or the director of undergraduate studies.

### Teaching Credential Requirements

Credential requirements in California and elsewhere are complex and changeable. Students interested in preparing for public school teaching should contact the Credentials Office, Rossier School of Education (or refer to page 567), and the undergraduate adviser in the English department for up-to-date information. The English department usually offers courses that satisfy most, if not all, of these requirements.

Occasionally students who lack adequate undergraduate training in any given area may be required by the graduate director to enroll in appropriate 400-level courses.

The student's course work must total at least 64 units. No more than 8 units of 794 Doctoral Dissertation and no more than four units of 790 Research may count toward the 64 units. A maximum of 12 transfer units, approved by the graduate director, is allowed toward the 64 units minimum required by the Ph.D. (See Transfer of Credit, page 343.)

### *Advisement*

The student will be assigned a faculty mentor in his or her first semester in the graduate program and will be encouraged in subsequent semesters to begin putting together an informal guidance committee. The makeup of the guidance committee may change as the interests of the student change. The faculty mentor and informal guidance committee will assist the student in planning a program of study appropriate to the student's interests leading to the screening procedure.

### *Screening Procedure*

In the semester immediately following the completion of 20 units of courses, the students will be screened. Passing this procedure is prerequisite to continuation in the doctoral program. The faculty mentor will write a report summarizing the student's course work, grades and instructor comments. The graduate studies committee will consider the student's record and determine if he or she is qualified to go on to the Ph.D. On successful completion of screening, the student may apply for the transfer of graduate credit from other institutions, up to a maximum of 12 units.

*Guidance Committee*

Immediately following successful completion of the screening procedure, the student will nominate formally a five-member guidance committee, including a chair and three other members from the English Department who are in the student's areas of interest and an outside member from another Ph.D.-granting department. The committee must be in place and approved by the Graduate School at the time the student chooses a dissertation topic, writes the dissertation prospectus and schedules a qualifying examination.

*Field Examinations*

In the semester following the completion of courses, and before submission of the dissertation prospectus, the student must take the field examinations. These are take-home essays in three broad fields preparatory to the dissertation. The fields are chosen and the questions developed by the student in consultation with a committee of three examiners chosen by the student. The field examinations may be repeated once in the semester immediately following an unsuccessful attempt. The committee may ask the student to retake one, two or all three fields.

*Qualifying Examination*

Following completion of course work and the field examinations, the student must sit for a qualifying examination, at a time mutually agreed upon by the student and the guidance committee. This is an examination given in the subject of the student's proposed dissertation research. No less than one month before the qualifying examination, the student will submit to the guidance committee a dissertation prospectus. The prospectus, it is understood, will not be a polished dissertation proposal, but at a minimum it should display a strong knowledge of the subject, much of the relevant secondary material and other contexts crucial to the writing of the dissertation, and should present a workable plan of attack as well as a reasonably sophisticated understanding of the theoretical assumptions involved in the subject.

The qualifying examination will consist of both written and oral portions. It will focus on the dissertation area and its contexts with the specific format and content of the examination being negotiated among the student and all members of the examination committee. Upon successful completion of the qualifying examination, the student proceeds to the writing of the doctoral dissertation.

*Dissertation*

The final stage of the program is the submission of a dissertation that makes an original and substantial contribution to its field of study. Dissertations being written in the

department are now richly varied, and this diversity is encouraged.

*Foreign Language*

Ph.D. students are required to demonstrate proficiency in at least one foreign language. This may be demonstrated by completing a course in the literature of that language at the 400 or 500 level (with a grade of B [3.0] or better), or by passing a foreign language exam that tests proficiency in reading comprehension and translation. Ph.D. students may also be required to demonstrate proficiency in additional languages, as determined by the guidance committee in view of the student's proposed field of research.

**Doctor of Philosophy in Literature and Creative Writing**

Application deadline: December 1

The program provides dual emphasis in literature and creative writing, culminating in the dissertation, which combines critical analysis with creative originality. Roughly half of the dissertation is based on original research, that is to say, research contributing to knowledge which enriches or changes the field. Doctoral candidates not only read and write texts as finished products of scholarship in researching their creative work's literary and historical milieu, but also consider the text as writers create it, then compose texts as writers, a process that goes to the source of the study of literature and of literature itself. This integration of literature and creative writing is reflected in the structure of the dissertation, which introduces the creative work within a context of critical inquiry, bringing together the examination and embodiment of the literary act, a new model of scholarship and creative innovation.

Ph.D. candidates in literature and creative writing must pass the same departmental screening examination taken by Ph.D. candidates in Literature who are not working in the area of creative writing. The exam tests students in various areas of emphasis (British literature, American literature, poetry, prose, etc.) and literature and historical periods as a measure of their preparedness to undertake independent research.

The literature and creative writing student takes 64 units in all, 32 in literature, 24 in creative writing workshops and seminars and 8 units of dissertation studies credits.

*Admission Requirements*

Requirements for admission to study in the department of English include: scores satisfactory to the department in both the verbal and quantitative General Test and the literature Subject Test of the Graduate Record Examinations; evidence of experience and ability in creative writing, as demonstrated

by a creative writing sample; evidence of competence in writing English and interpreting English literature, as demonstrated by a sample of written work by the applicant on literary subjects; a satisfactory written statement by the applicant of aims and interests in graduate work; letters of recommendation from at least three college instructors; and grades satisfactory to the department earned by the applicant at other institutions. This program will accept applicants with B.A. degrees or transfer students with an M.A. or MFA in creative writing.

*Degree Requirements*

These degrees are under the jurisdiction of the Graduate School. Refer to the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

*Graduate Curriculum and Unit Requirements*

The graduate curriculum is divided into 500-level foundation courses and 600-level advanced courses. The 500-level courses offer fundamental work in theory and in the history of British and American literatures and cultures. The 600-level courses feature advanced studies in theory, creative writing seminars and workshops and special topics. Although students will normally take 500-level courses leading up to the screening procedure (see Screening Procedure) and 600-level courses thereafter, students after consultation with their advisers may be permitted to take 600-level courses in the first semester of their graduate training.

The student's course work must total at least 64 units. No more than eight units of 794 Doctoral Dissertation and no more than four units of 790 Research may count toward the 64 units. A maximum of 12 transfer units, approved by the graduate director, is allowed toward the 64 units minimum required by the Ph.D. (See Transfer of Course Work, page 85.)

*Advisement*

The student will be assigned a faculty mentor in his or her first semester in the graduate program and will be encouraged in subsequent semesters to begin putting together an informal guidance committee. The makeup of the guidance committee may change as the interests of the student change. The faculty mentor and informal guidance committee will assist the student in planning a program of study appropriate to the student's interests leading to the screening procedure.

*Screening Procedure*

At the end of the student's fourth semester (second semester for students who enter with an M.A. or MFA degree or near equivalent), the student will sit for a departmental examination, which is part of a comprehensive screening procedure. Rarely, and only with the approval of the graduate director and the graduate committee, will a student be allowed to postpone the departmental examination and the screening procedure, and then only for one year. Prior to the screening procedure, the student will be allowed to take a maximum of four units of independent study (ENGL 590), and that independent study will normally be used to prepare for the departmental examination; all other units must be in the 500- or 600-level seminar.

*Guidance Committee*

Immediately following successful completion of the screening procedure, the student will nominate formally a five-member guidance committee, including a chair and three other members from the English Department who are in the student's areas of interest and an outside member from another Ph.D.-granting department. The committee must be in place and approved by the Graduate School at the time the student chooses a dissertation topic, writes the dissertation prospectus and schedules a qualifying examination.

*Qualifying Examination*

Following completion of course work, the student must sit for a qualifying examination, at a time mutually agreed upon by the student and the guidance committee.

This is a field examination given in the subject of the student's proposed dissertation research. No less than one month before the qualifying examination, the student will submit to the guidance committee a dissertation prospectus. The prospectus, it is understood, will not be a polished dissertation proposal, but at a minimum it should display a strong knowledge of the subject, much of

the relevant secondary material and other contexts crucial to the writing of the dissertation, and should present a workable plan of attack as well as a reasonably sophisticated understanding of the theoretical assumptions involved in the subject.

The qualifying examination will consist of both written and oral portions with special emphasis areas in creative writing. It will focus on the dissertation area and its contexts with the specific format and content of the examination being negotiated among the student and all members of the examination committee. Upon successful completion of the qualifying examination the student proceeds to the writing of the doctoral dissertation.

*Dissertation*

The final stage of the program is the submission of a creative dissertation that makes an original, substantial and publishable contribution to creative literature: a book of poems, a novel, a collection of short stories.

*Foreign Language*

Ph.D. students are required to demonstrate proficiency in at least one foreign language. This may be demonstrated by completing a course in the literature of that language at the 400 or 500 level (with a grade of B [3.0] or better) or by passing a foreign language exam that tests proficiency in reading comprehension and translation. Ph.D. students may also be required to demonstrate proficiency in additional languages, as determined by the guidance committee in view of the student's proposed field of research.

**Common Requirements***Transfer of Credit*

A Transfer Credit Statement is prepared by the Degree Progress Department for students admitted to full graduate standing. The application of any available transfer credit is contingent on successful completion of the screening exam and is determined by the director of graduate studies no later than the end of the second year according to

the following guidelines: credit will only be allowed for courses (1) from accredited graduate schools; (2) of grade B (3.0 on a four-point scale) or better; (3) constituting a fair and reasonable equivalent to current USC course work at the graduate level and fitting into the program for the degree; and (4) approved by the Graduate School. Graduate transfer credit will not be granted for life experience, credit by examination, non-credit extension courses, correspondence courses or thesis course supervision.

The maximum number of transfer credits which may be applied toward the Master of Arts degree is four units. The maximum number of transfer credits which may be applied toward the Ph.D. degree is 12 units. The Graduate School stipulates that transfer units must have been completed within 10 years of admission for the doctoral program to be applied toward the degree.

*Experience in Teaching*

This requirement may be fulfilled by two to four years' service as a teaching assistant in the Writing Program or equivalent experience as determined by the director of the Graduate Studies Program.

*Graduate Activity and Support*

The English Department is committed to the development of its graduate students as professionals. To this end, the department provides a number of opportunities for professional activity. In addition, the Association of English Graduate Students (AEGS) hosts a variety of lectures, discussions and forums throughout the year. To support the student's professional activities outside of USC, the department also provides some funding for travel to conferences and professional meetings, along with a full range of placement, advising and support activities. Graduate creative writing students will host lectures, discussions and forums in poetry and fiction studies.

## Courses of Instruction

**ENGLISH (ENGL)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**ENGL 105x Creative Writing for Non-Majors (4, max 8, FaSp)** Introductory workshop in writing poetry, short fiction and nonfiction for love of the written and spoken word. Not for English major or English (Creative Writing) major credit.

**ENGL 250gm The African Diaspora (4, FaSp)** (Enroll in AMST 250gm)

**ENGL 261 English Literature to 1800 (4, FaSpSm)** Intensive reading of major writers to 1800.

**ENGL 262 English Literature since 1800 (4, FaSpSm)** Intensive reading of major writers, 1800-1950.

**ENGL 263 American Literature (4, FaSpSm)** Intensive reading of representative writers.

**ENGL 285m African American Popular Culture (4, Sp)** (Enroll in AMST 285m)

**ENGL 290 Cultural Studies: Theories and Methods (4, FaSpSm)** Introduction to the theories, methods, and history of cultural studies, with coverage of contemporary debates over censorship and the politics of authorship, seriality and originality.

**ENGL 298 Introduction to the Genre of Fiction (4, FaSpSm)** An introduction to the close reading of fiction and the understanding of the genre as an aesthetic and historical phenomenon.

**ENGL 299 Introduction to the Genre of Poetry (4, FaSp)** Historical survey of the traditions of lyric poetry from Shakespeare to the contemporary, examining the genre's multiple forms of literary, visual, and aural expression.

**ENGL 303 Introduction to Fiction Writing (4, FaSp)** Introduction to the techniques and practice of writing prose fiction.

**ENGL 304 Introduction to Poetry Writing (4, FaSp)** Introduction to the techniques and practice of writing poetry.

**ENGL 305 Introduction to Nonfiction Writing (4, FaSp)** Introduction to the techniques and practice of lyric essay, memoir, personal narrative, and scientific, medical, nature, culinary and travel writing.

**ENGL 350 Literature of California (4)** Novels, stories, essays, poems, and plays written in and about California from the Gold Rush to the present.

**ENGL 375 Science Fiction (4, FaSp)** Investigation of the scope and possibilities of British and American science fiction as a genre, with some attention to its historical development.

**ENGL 376 Comics and Graphic Novels (4, FaSpSm)** Introduction to issues in visual and popular culture, focused on critical and historical interpretation of words and images in comic books and graphic novels.

**ENGL 390 Special Problems (1-4, FaSp)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**ENGL 392 Visual and Popular Culture (4, FaSp)** Course in the theory and practices of "popular culture," highlighting modern and contemporary culture, film, video and popular music, as well as narrative forms.

**ENGL 395 Junior Honors Seminar (4, Sp)** Selected subjects; offered in spring only and restricted to honors students.

**ENGL 400 Advanced Expository Writing (2-4, Fa)** Intensive practice intended to develop a high level of competence in writing expository prose.

**ENGL 401 The Rhetoric of Written Composition (4)** Theories of rhetoric as they apply to written composition, with emphasis upon pedagogical applications. The course is designed for but not limited to prospective teachers of English.

**ENGL 404 The Writer in the Community (2-4, max 8, FaSp)** Apprenticeship with experienced writer-teachers, providing students with a pedagogical framework and practical experience for teaching creative writing in schools and community settings.

**ENGL 405 Fiction Writing (4, max 8, FaSp)** A practical course in composition of prose fiction. *Prerequisite:* ENGL 303 or ENGL 305.

**ENGL 406 Poetry Writing (4, max 8, FaSp)** A practical course in poetry writing. *Prerequisite:* ENGL 304.

**ENGL 407 Advanced Fiction Writing (4, max 8, FaSp)** *Prerequisite:* ENGL 405.

**ENGL 408 Advanced Poetry Writing (4, max 8, FaSp)** *Prerequisite:* ENGL 406.

**ENGL 409 The English Language (4)** Instruction in the major grammatical systems of the English language, with particular emphasis on their relevance to language activities in the elementary classroom.

**ENGL 410 History and Grammar of Modern English (4, FaSp)** History and grammar of modern English as described by current linguistics; comparison with traditional grammar; application of grammar to stylistic analysis.

**ENGL 412 Analysis of Written Persuasion (4, FaSp)** Persuasive discourse, including structure, intention, and figurative language; analysis of texts in various humanistic, scientific, and socio-scientific disciplines.

**ENGL 420 English Literature of the Middle Ages (1100-1500) (4, FaSp)** Selected studies in major figures, genres, and themes of Middle English literature to Malory, with special emphasis on Chaucer. *Prerequisite:* ENGL 261.

**ENGL 421 English Literature of the 16th Century (4)** Selected studies in the non-dramatic literature of Renaissance England, with emphasis on Sidney, Spenser, and Shakespeare. *Prerequisite:* ENGL 261.

**ENGL 422 English Literature of the 17th Century (4)** Selected studies of prose and poetry in the age of Bacon, Donne, Jonson, Herbert, Browne, Marvell, and Milton. *Prerequisite:* ENGL 261.

**ENGL 423 English Literature of the 18th Century (1660-1780) (4)** Selected studies in poetry, prose, and fiction of such writers as Defoe, Dryden, Fielding, Richardson, Pope, Swift, and Johnson. *Prerequisite:* ENGL 261.

**ENGL 424 English Literature of the Romantic Age (1780-1832) (4)** Selected studies in major writers, including Blake, Austen, Wordsworth, Coleridge, Byron, Mary Shelley, P.B. Shelley, and Keats. *Prerequisite:* ENGL 262.

**ENGL 425 English Literature of the Victorian Age (1832-1890) (4)** Selected studies in the prose and poetry of such figures as Tennyson, Dickens, the Brontës, the Brownings, Hopkins, Arnold, Ruskin, and Newman. *Prerequisite:* ENGL 262.

**ENGL 426 Modern English Literature (1890-1945) (4)** Studies in English literary modernism, including the prose of Conrad, Joyce, and Woolf and the poetry of Pound, Eliot, Yeats, and Auden. *Prerequisite:* ENGL 262.

**ENGL 430 Shakespeare (4, FaSp)** Major history plays, comedies, and tragedies.

**ENGL 440 American Literature to 1865 (4, FaSp)** American poetry and prose to the Civil War with special attention to Irving, Cooper, Poe, Hawthorne, Emerson, Thoreau, Melville, and Whitman. *Corequisite:* ENGL 263.

**ENGL 441 American Literature, 1865 to 1920 (4, FaSp)** American poetry and prose with special attention to Twain, James, Dickinson, Henry Adams, Crane, and Dreiser. *Corequisite:* ENGL 263.

**ENGL 442 American Literature, 1920 to the Present (4, FaSp)** American poetry, fiction, and drama since World War I with special attention to Eliot, Frost, Hemingway, Fitzgerald, O'Neill, Stevens, Faulkner, and Nabokov. *Corequisite:* ENGL 263.

**ENGL 444m Native American Literature (4, FaSp)** Survey of Native American literature, including oral traditions and print genres, such as short story, poetry, novel, and autobiography, from 1700 to the present. *Recommended preparation:* ENGL 263.

**ENGL 445m The Literatures of America: Cross-Cultural Perspectives (4)** Introduction to African-American, Chicano, Asian American, and Native-American literatures — and to the literary diversity of American cultures.

**ENGL 446 African-American Poetry and Drama (4)** Survey of black poetry and plays in America from the Emancipation to the present, with special emphasis on the new poets and dramatists of the current “Black revolution.”

**ENGL 447m African-American Narrative (4)** Development of the novel in African-American literature beginning with the anti-slavery fiction of William W. Brown and his pre-Emancipation contemporaries and concluding with the emerging novelists of the late sixties.

**ENGL 448m Chicano and Latino Literature (4, FaSp)** (Enroll in AMST 448m)

**ENGL 449m Asian American Literature (4, FaSp)** (Enroll in AMST 449m)

**ENGL 451 Periods and Genres in American Literature (4, max 8, FaSp)** A concentrated reading and criticism of the works of one period or one genre of American literature; for example, colonial literature, the American Renaissance, American poetry, American drama.

**ENGL 452 Modern Poetry (4)** Study of poetry written in English from 1900 to 1945, with special emphasis on American modernists of the first two decades. *Recommended preparation:* ENGL 262, ENGL 263.

**ENGL 454 Aesthetic Philosophy and Theory (4)** (Enroll in COLT 454)

**ENGL 455 Contemporary Prose (4)** Study of prose written in English since 1945, principally fiction of the past two decades.

**ENGL 456 Contemporary Poetry (4)** Study of poetry written in English since 1945, with special emphasis on the last two decades.

**ENGL 461 English Drama to 1800 (4, FaSp)** Representative plays, especially those of the Elizabethan, Jacobean, and Restoration periods. *Corequisite:* ENGL 261.

**ENGL 462 British and American Drama 1800-1950 (4, FaSp)** Representative plays of England, Ireland, and the United States, especially those written after 1890. *Corequisite:* ENGL 262.

**ENGL 463 Contemporary Drama (4)** Selected British, Irish, and American drama from the post World War II period (1945 to the present).

**ENGL 465 The English Novel to 1800 (4)** Theory and practice of fiction in works of writers such as Defoe, Richardson, Fielding, Sterne, Burney, and Smollett. *Corequisite:* ENGL 261.

**ENGL 466 The 19th Century English Novel (4)** Theory and practice of fiction in works of major writers such as Austen, Dickens, Thackeray, George Eliot, Meredith, and Hardy. *Corequisite:* ENGL 262.

**ENGL 467 The Modern Novel (4, FaSp)** Studies of the narrative experiments and innovations in fiction following the realist novel; emphasis on gender, empire and class and the pluralities of “modernisms.”

**ENGL 469 Women in English Literature before 1800 (4)** English poetry, plays, novels, and discursive prose by and about women from 1375 to 1800.

**ENGL 470 Women in English and American Literature after 1800 (4)** Women as writers and as subjects, with special emphasis on feminist and liberationist traditions and on changing female images after 1800.

**ENGL 471 Literary Genres and Film (4, FaSp)** Literary studies in the relationship between fiction and drama and their adaptation as films.

**ENGL 472 Literature and Related Arts (4, FaSp)** An examination of how literature and related arts intersect in a particular cultural milieu. Selected topics.

**ENGL 473 Literature and Society (4, FaSp)** Theoretical and applied studies of literature in English as social activity and cultural production; its expression of, and influence upon, social values, concepts, and behavior.

**ENGL 474m Literature, Nationality and Otherness (4, FaSp)** English literature written about or in the British colonies and their post-colonial nations, including African, Asian, Pacific, and American countries. Emphasis on texts by other than British and United States authors. Completion of general education literature requirement highly recommended.

**ENGL 475 Politics and the Novel (4)** (Enroll in COLT 475)

**ENGL 476m Images of Women in Contemporary Culture (4, FaSp)** Representations of women and gender relations in contemporary literature and mass culture, using the tools of feminist, literary, and political theory.

**ENGL 478m Sexual/Textual Diversity (4, FaSp)** Questions of gay and lesbian identity, expression and experience in a variety of literary and cultural forms; emphasis on sexual politics, equality and difference.

**ENGL 479 History of Literary Criticism (4, FaSp)** Philosophies of literary criticism from Plato to the end of the 19th century; the relationship between literary criticism and its contemporary literature.

**ENGL 480 Modern Literary Criticism: Theory and Practice (4, FaSp)** Analysis of philosophies and methods of modern schools of criticism; writing critical essays.

**ENGL 481 Narrative Forms in Literature and Film (4, FaSp)** Critical approaches to narrative form in literature and film; readings and films from several genres and periods, emphasis on gender, ethnic, and cultural studies.

**ENGL 490x Directed Research (2-8, max 8, FaSp)** Individual research and readings. Not available for graduate credit.

**ENGL 491 Senior Seminar in Literary Studies (4, FaSpSm)** Selected problems in literary history and criticism.

**ENGL 495 Senior Honors Seminar (4, Fa)** Advanced seminar involving extensive reading, research, and discussions. Selected subjects; offered in Fall only and restricted to Honors students.

**ENGL 496 Senior Honors Thesis (4, Sp)** Seminar in workshop form to accompany completion of Senior Honors Thesis. Bi-weekly meetings to complete thesis according to contract. *Prerequisite:* ENGL 395, ENGL 495.

**ENGL 497 Senior Seminar in Early Modern Studies (4, Sp)** Intensive engagement with current research, problems, and methodologies in Early Modern discourses and cultures. Required capstone seminar for interdepartmental minor in early modern studies. Open only to seniors; open only to early modern studies minors.

**ENGL 499 Special Topics (2-4, max 8, FaSp)** Studies in the works of one or more authors, or in the development of a theme or genre.

**ENGL 501 History of Literary and Cultural Theory (4)** The assumptions and practices of major theorists and theoretical schools from Plato to literary modernism.

**ENGL 502 Contemporary Literary and Cultural Theory (4)** The assumptions and practices of major post-modern theorists and theoretical schools.

**ENGL 503 Theories of History, Ideology and Politics (4)** The principal ways in which history, ideology, and politics have informed the study of literary and cultural discourse.

**ENGL 504 Theories of Race, Class, and Gender (4)** The principal methods and assumptions by which race, class, and gender have been studied in reference to literary and cultural discourse.

**ENGL 507 Rhetoric and Language (4)** Examination of critical and linguistic theories; may include the changing structures of English discourse, cognitive poetics, and discourse analysis.

**ENGL 510 Medieval English Literatures and Cultures (4, max 12)** Investigations of chivalry and romance, allegory, drama, popular literature in the Middle Ages, the reception of medieval literature, and other topics.

**ENGL 520 Renaissance English Literatures and Cultures (4, max 12)** Studies in poetry and patronage, the popular tradition in literature and drama, the social and sexual dynamics of comedy, historical and cultural uses of genres, among other topics.

**ENGL 530 Restoration and 18th Century British Literatures and Cultures (4, max 12)** Studies in prose, poetry, drama, and culture of the period 1660-1800.

**ENGL 535 Literatures and Cultures of the Romantic Period (4, max 12)** Studies in British literature and culture, from the 1790s to 1830s, including gender and genre, authorship and authenticity, "romance" and revolution, forms of belief and doubt, and other topics.

**ENGL 536 Literatures and Cultures of the Victorian Period (4, max 12)** Studies in British literature and society, 1837-1901, including gender and genre, industrialism, science and technology, empire and race, new forms of media and narrative, and other topics.

**ENGL 540 19th Century British Literatures and Cultures (4, max 12)** Studies in the Romantics and Victorians, gender and genre, the new woman and the novel, authorship and the marketplace, science, imperialism, the crisis of narrative, and other topics.

**ENGL 550 20th Century British Literatures and Cultures (4, max 12)** Studies in literary modernism, critical scrutiny and moral seriousness, poetry and politics, the Irish revival, and other topics.

**ENGL 560 Early American Literatures and Cultures (4, max 12)** Studies in the literature of discovery, exploration and conquest, the Puritan migration, literary genres in Colonial America, history and myth of American origins, and other topics.

**ENGL 563 Poetry and Prose Into Drama (4, Fa)** (Enroll in THTR 501)

**ENGL 570 18th Century American Literatures and Cultures (4, max 12)** Studies in the rhetoric, literature, and language of the pre-revolutionary and revolutionary periods, narrative and polemical writing, the American Enlightenment, and other topics.

**ENGL 580 19th Century American Literatures and Cultures (4, max 12)** Studies in canonic and non-canonic literature in the American Renaissance, cultural nationalism, the consequences of race, immigration, expansion, urbanization, science, and the marketplace, and other topics.

**ENGL 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**ENGL 591 20th Century American Literatures and Cultures (4, max 12)** Studies in rural and urban fictions, modernism, the shift from imagism and symbolism to confessional poetry, recovered writers, hemispheric traditions, literature and kindred arts, and other topics.

**ENGL 592 Contemporary British and American Literatures and Cultures (4, max 12)** Studies in contemporary women and ethnic writers, "extra-literary" forms (journalism, autobiography), the theatre of the absurd, post-modern fabulations, and other modes and issues since World War II.

**ENGL 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**ENGL 595 Literary Studies Across Cultures (4, max 12)** Studies in Empire and Commonwealth literatures, post-colonialism, American hemispheric connections, African-American literary discourse, Asian American writers, dialects and the folk, and other topics.

**ENGL 599 Special Topics (2-4, max 8)** Thematic, theoretical, or experimental studies in British and American literatures and cultures. (Duplicates credit in former ENGL 699.)

**ENGL 605 The History of Rhetoric (4, max 12)** Studies in European and American rhetoric and their contexts.

**ENGL 606 Rhetoric and the Teaching of Writing (4, max 12)** Studies in the rhetoric of written composition, critical theory and pedagogy, and other topics.

**ENGL 610 Theory and Criticism (4, max 12)** Studies in meaning and meaning-making, form, comparative theory, theories of history and culture, theory in the classroom, and other topics.

**ENGL 620 Literature and Interdisciplinary Studies (4, max 12)** Issues and theory of studying literature in relation to history, science, politics, psychology, religion, sociology, media, the visual arts, and other disciplines.

**ENGL 630 Studies in Gender (4, max 12)** History and ideology of gender studies, feminist theory, gay and lesbian discourse, and other studies in feminisms and masculinities in relation to literature.

**ENGL 640 Individual Writers (4, max 12)** Studies in major and minor, canonic and non-canonic writers.

**ENGL 650 Multicultural Literary Studies (4, max 12)** Theories of race and ethnicity, cultural imperialism, discourse of power and class, literatures of the Americas, and other topics.

**ENGL 660 Studies in Genre (4, max 12)** History, transformation, and theory of genre; studies in epic, lyric, drama, comedy, tragedy, the novel, biography, essay, and other forms.

**ENGL 678 Seminar in Film Theory and Medium Specificity (4, max 8)** (Enroll in CTCS 678)

**ENGL 679 Seminar in Genre and/or Narrative Theory (4, max 8)** (Enroll in CTCS 679)

**ENGL 695 Graduate Fiction Form and Theory (4, max 12)** Seminar. Studies in fiction form and function or critical theory.

**ENGL 696 Graduate Poetry Writing Workshop (4, max 12)** Intensive practicum in advanced level poetry writing, intended to develop high level creative compositional ability. Open only to Creative Writing Ph.D. degree candidates.

**ENGL 697 Graduate Fiction Writing Workshop (4, max 12)** Intensive practicum in advanced level fiction writing, intended to develop high level creative compositional ability. Open only to Creative Writing Ph.D. degree candidates.

**ENGL 698 Graduate Poetry Form and Theory (4, max 12)** Seminar. Studies in poetry form and function or critical theory.

**ENGL 700x Theories and Practices of Professional Development I (2, FaSp)** A structured environment in which to craft a research project, write a dissertation prospectus, and define areas of professional expertise. Graded CR/NC. Not available for degree credit. *Recommended preparation:* passage of screening exam.

**ENGL 701x Theories and Practices of Professional Development II (2, Fa)** This two-credit course helps ABD students craft their professional identities and placement materials as they make the transition from graduate school to their academic position. Not available for degree credit. Graded CR/NC.

**ENGL 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**ENGL 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Environmental Studies

Social Sciences Building B15  
(213) 740-7770  
FAX: 740-8566  
Email: [environ@dornsife.usc.edu](mailto:environ@dornsife.usc.edu)  
[dornsife.usc.edu/enviro](http://dornsife.usc.edu/enviro)

*Director:* James F. Haw, Ph.D.

### Faculty

*Professors:* Katrina Edwards, Ph.D. (*Biological Sciences*); Thomas Flood, Ph.D. (*Chemistry*); James Haw, Ph.D. (*Chemistry*); Mark Thompson, Ph.D. (*Chemistry*)

*Assistant Professor:* Roderick McKenzie, Ph.D.

*Associate Professors of the Practice:* Juliana Wang, Ph.D.; Yael Wolinsky-Nahmias, Ph.D.

*Lecturers:* Lisa Collins, Ph.D.; David Ginsburg, Ph.D.

*Adjunct Professor:* Matthew Cahn, Ph.D.

### Undergraduate Programs

The Environmental Studies program offers students either a B.A. or B.S. degree. Within each degree there are three concentrations, all built upon a central, interdisciplinary 48 unit core. The common core has three sets of components. Courses taught by environmental studies faculty provide opportunities for environmental studies majors to meet as a group throughout their undergraduate experience. A set of social science core courses focuses on environmental problems from political, legal, economic and international perspectives. Specially designed one-semester surveys of biology, earth science and chemistry provide the natural science competency for subsequent policy or science advanced course work in environmental

studies. The latter courses are taught to focused student populations including those who have secondary school preparations emphasizing social sciences more than the natural sciences. The three concentrations are: sustainability, energy and society; oceans, life and people; and climate, earth and environment. Each concentration culminates in the capstone experience of a senior seminar focusing on environmental problem-solving by interdisciplinary teams. A single 24-unit environmental studies minor is derived from the core major curriculum.

The Environmental Studies program emphasizes the interdisciplinary nature of environmental problems. Some of the major courses are team-taught by faculty with complementary backgrounds in science and policy. A number of opportunities are provided for field studies from the urban Los Angeles environment to marine protected areas on the coasts of the California Channel Islands. More intensive field study opportunities include "Problems Without Passports" courses with international components, and the Santa Catalina Island semester. Note that some of the field studies opportunities require travel to remote, rural locations and study under sometimes physically and mentally demanding conditions. These trips require a willingness to conform to the announced guidelines for conduct and safety.

All undergraduate Environmental Studies majors should complete at least 24 units of the core curriculum before attaining junior status. This should include satisfactory completion of at least two of the natural science core courses, ENST 100 and the statistics course.

### Graduate Programs

The Master of Arts degree program in environmental studies is also interdisciplinary and focuses on public policy and its related facets. Those who graduate with an M.A. in environmental studies are well prepared to pursue careers in policy, planning or management in the public, private or nonprofit sector in either this country or abroad. In addition, the curriculum provides students with a foundation for acquiring a Ph.D. in environmental studies or a related field, or a law degree. Individuals who are already employed in the pollution control and remediation field will find the M.A. degree attractive as well. Upon completion of the graduate program, students will possess extensive knowledge of environmental science, environmental statistics and economics, law and regulation, policy and planning, development and economic growth, and global issues and problems.

The Master of Science degree in environmental risk analysis focuses on providing advanced professional training for students with a B.S. degree in natural sciences or engineering. Students will pursue a core program encompassing science, engineering and finance supplemented with important skills courses in risk assessment, statistics and computer modeling and simulations. Those who graduate with the M.S. degree will be well prepared to pursue professional careers in business and industry, which build on their degrees in the natural sciences. This degree will produce individuals with the analytical and problem-solving skills of natural scientists combined with the necessary training in finance and management needed in the business world.

**Catalina Semester**

This expanded program is specifically designed for both environmental studies and biological sciences majors and for students in any field who want to minor in environmental studies. The semester is sponsored by the USC Wrigley Institute for Environmental Studies and held at USC's Philip K. Wrigley Marine Science Center on Catalina Island

each fall and spring semester. The courses are taught by USC faculty and are specialized to take advantage of the unique facilities and settings of Catalina Island. Students generally enroll in 16 units. Students will live on Catalina Island for the entire semester, and transportation back to the mainland is generally available on the weekends. Rates for

room and board at the USC Wrigley Marine Science Center are comparable to those on campus. For more information, students should contact their adviser or the USC Wrigley Institute Offices at Alan Hancock Foundation 410 on the University Park Campus, (213) 740-6780.

## Undergraduate Degrees

### Common Core Experience for All Undergraduate Degrees

REQUIRED CORE COURSES (48 UNITS)		UNITS
BISC 103Lx	General Biology for the Environment and Life	4
CHEM 103Lx	General Chemistry for the Environment and Life	4
ENST 100	Introduction to Environmental Studies	4
ENST 320ab	Water and Soil Sustainability; Energy and Air Sustainability	4-4
ENST 387x	Economics for Natural Resources and the Environment	4
ENST 495	Senior Seminar in Environmental Studies	4
GEOL 160L	Introduction to Geosystems	4
IR 323	Politics of Global Environment	4
MATH 125	Calculus I	4
POSC 270	Introduction to Environmental Law and Politics	4
PSYC 274	Statistics I	4

### Bachelor of Arts in Environmental Studies

*Concentration in Sustainability, Energy and Society (56 units)*

In addition to the 48-unit core:

TWO OF THE FOLLOWING COURSES		UNITS
ENST 370	Marine and Coastal Environmental Policy	4
ENST 450	Case Studies of Green Business	4
ENST 485	Role of the Environment in the Collapse of Human Societies	4

*Concentration in Oceans, Life and People (56 units)*

In addition to the 48-unit core:

REQUIRED COURSES		UNITS
BISC 427	The Global Environment	4
ENST 370	Marine and Coastal Environmental Policy	4

*Concentration in Climate, Earth and Environment (56 Units)*

In addition to the 48-unit core:

REQUIRED COURSES		UNITS
ENST 445	Earth Climate: Past, Present, and Future	4
GEOL 470L	Environmental Hydrogeology	4

### Bachelor of Science in Environmental Studies

*Concentration in Sustainability, Energy and Society (72 units)*

In addition to the 48-unit core:

TWO OF THE FOLLOWING COURSES		UNITS
ENST 370	Marine and Coastal Environmental Policy	4
ENST 450	Case Studies of Green Business	4
ENST 485	Role of the Environment in the Collapse of Human Societies	4

### FOUR OF THE FOLLOWING ELECTIVE COURSES

FOUR OF THE FOLLOWING ELECTIVE COURSES		UNITS
BISC 427	The Global Environment	4
ENST 445	Earth Climate: Past, Present, and Future	4
ENST 485	Role of the Environment in the Collapse of Human Societies	4
GEOG 255	American Environmentalism	4
GEOG 360	Environmental Disasters	4
GEOG 482L	Principles of Geographic Information Science	4
GEOL 450L	Geosystems	4
GEOL 470L	Environmental Hydrogeology	4
IR 422	Ecological Security and Global Politics	4
POSC 436	Environmental Politics	4
PPD 461	Sustainable Communities, Policy and Planning	4

*Concentration in Oceans, Life and People (72 units)*

In addition to the 48-unit core:

REQUIRED COURSES		UNITS
BISC 427	The Global Environment	4
ENST 370	Marine and Coastal Environmental Policy	4
FOUR OF THE FOLLOWING ELECTIVE COURSES		UNITS
BISC 315L	Introduction to Ecology	4
BISC 320L	Molecular Biology	4
BISC 447L	Island Biogeography and Field Ecology	4
BISC 456L	Conservation Genetics	4
BISC 469L	Marine Biology	4
ENST 485	Role of the Environment in the Collapse of Human Societies	4
GEOL 320L	Surficial Processes and Stratigraphic Systems	4
GEOL 412	Oceans, Climate, and the Environment	4
GEOL 450L	Geosystems	4
GEOL 470L	Environmental Hydrogeology	4

*Concentration in Climate, Earth and Environment (72 units)*

In addition to the 48-unit core:

REQUIRED COURSES		UNITS
ENST 445	Earth Climate: Past, Present, and Future	4
GEOL 470L	Environmental Hydrogeology	4
MATH 126	Calculus II	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4

TWO OF THE FOLLOWING ELECTIVE COURSES		UNITS
BISC 427	The Global Environment	4
ENST 485	Role of the Environment in the Collapse of Human Societies	4
GEOL 315L	Minerals and Earth Systems	4
GEOL 412	Oceans, Climate and the Environment	4
GEOL 425L	Data Analysis in the Earth and Environmental Sciences	4
GEOL 450L	Geosystems	4

### Progressive Degree Program in Environmental Studies

This progressive degree program allows superior USC undergraduates completing a bachelor's degree in a related natural science or environmental policy area to also complete a master's degree in environmental studies in as little as five years. An overall GPA

of 3.2 or higher in all courses taken at USC is preferred. A 3.2 GPA does not guarantee acceptance. For more information about progressive degrees, see page 86.

### Requirements for the Minor in Environmental Studies

REQUIRED CORE COURSES		UNITS
ENST 100	Introduction to Environmental Studies	4
ENST 320ab	Water and Soil Sustainability: Energy and Air Sustainability	4-4

### TWO ELECTIVE SOCIAL SCIENCES COURSES

CHOSEN FROM:		UNITS
ENST 370	Marine and Coastal Environmental Policy	4
ENST 387x	Economics for Natural Resources and the Environment	4

ENST 445	Earth Climate: Past, Present and Future	4
ENST 450 *	Case Studies of Green Business	4
IR 323	Politics of Global Environment	4

ONE ELECTIVE COURSE CHOSEN FROM:		UNITS
BISC 103Lx	General Biology for the Environment and Life	4
CHEM 103Lx	General Chemistry for the Environment and Life	4
GEOL 160L*	Introduction to Geosystems	4

Total units: 24

\*ENST 387x is a prerequisite for ENST 450. ENST 100 is a corequisite for GEOL 160L.

## Graduate Degrees

### Master of Arts in Environmental Studies

The master's degree program in environmental studies focuses on issues and problems concerning public policy. A main goal of the graduate program is to educate students who already have a good grounding in the natural sciences about central theories, concepts and principles in public policy. A minimum of 41 units is required to receive an M.A. in environmental studies.

All students have a common point of entry into the graduate program. ENST 500 Introduction to Environmental Studies is broad and interdisciplinary. It provides students with an introduction to the field and to the different concentrations in the program. POSC 546 Seminar in Environmental Policy represents the second required core course. It offers students an overview of environmental politics, policy and regulations. Environmental science courses — ENST 501, ENST 502, ENST 503 and ENST 504 — expose students to critical scientific principles, concepts and issues related to pollution control, remediation and ecology. Students must also obtain a background in statistics and economics by taking ENST 510 Statistics for Environmental Analysis (or an equivalent course in the social sciences) and ECON 487 Resource and Environmental Economics. Finally, all students must complete the capstone course, ENST 595 Graduate Seminar in Environmental Studies.

Students who enroll in the master's degree program must pursue one of three concentrations: global environmental issues and development; law, policy and management; and environmental planning and analysis. Each one differs in professional training and educational focus and, perhaps most importantly, exposes students to fields and areas of knowledge that are closely and critically connected to today's most vexing environmental policy problems.

The concentration in global environmental issues and development introduces students to the social, political and economic dynamics that underlie regional and global environmental problems and seeks to unravel the complex interrelationships between political economy, population growth and development in the Pacific Rim and elsewhere in the world.

The concentration in law, policy and management is intended for those who wish to work (or already work) in government agencies, private companies and non-profit organizations (e.g., environmental groups). Students learn about the interconnections that exist between law, public policymaking, management (i.e., the administration of human and financial resources) and environmental issues.

The third concentration, environmental planning and analysis, is for students who wish to study technical matters related to land use planning and analysis. This concentration seeks to train students who wish to work

(or who are already working) for planning departments, planning commissions and consulting firms.

A master's thesis is not required for the M.A. degree.

### Required Courses and Concentrations

A minimum of 41 units is required. All courses are four units unless otherwise noted.

CORE COURSES (14 UNITS):		UNITS
Core introductory course:		
ENST 500	Introduction to Environmental Studies	4
ENVIRONMENTAL SCIENCE		
ENST 501*	Environmental Science I	2
ENST 503	Environmental Science II	2
ENST 502	Environmental Science Seminar I	1
ENST 504	Environmental Science Seminar II	1
ENST 595	Graduate Seminar in Environmental Studies	4
Environmental regulation and policy course:		
POSC 546	Seminar in Environmental Policy	4

\*ENST 502 and 504 are corequisites for ENST 501 and 503, respectively, and ENST 501 is a prerequisite for ENST 503.

**SKILLS COURSES (8 UNITS):**

<i>Natural resource economics course:</i>		UNITS
ECON 487	Resource and Environmental Economics	4

*Statistics course: Students select one of the following:*

ENST 510	Statistics for Environmental Analysis	4
GEOG 592	Quantitative Methods in Geography	4
IR 514	Multivariate Analysis	4
POSC 500	Methods of Political Science	4
POSC 600	Seminar in Advanced Research Methods	4
SOCI 521	Quantitative Methods and Statistics	4

**Admission Requirements**

Students who wish to enter the Master of Arts program in environmental studies are expected to have a GPA of at least 3.0 (A = 4.0). Students with a baccalaureate degree in any major will be admitted into the program as long as they have completed a year of biology, a year of chemistry, a course in earth sciences and a course in each of the following areas: a course in either earth, life, or physical sciences or engineering; a course in statistics (or calculus); and an introductory human environment, social ecology or environmental studies course in the social sciences. It is recommended that students take a science course in ecology and a course in economics at the undergraduate level prior to applying for admission. The director of the Environmental Studies Program will consider relevant course work and work experience as a possible substitute for the required and recommended course work.

**Selection Criteria**

Selection for graduate study is based on letters of reference, the student's previous academic record, the Graduate Record Examinations and a statement of purpose for graduate study.

**Application Procedure**

Applicants should contact the Environmental Studies Program office for an admission package. All applicants should return their applications by March 1 for full consideration. The following components of the application are required: (1) a completed USC Application for Admission to Graduate Studies, (2) official transcripts of all undergraduate and graduate course work taken to date, (3) the results of the General Test of the GRE or notification of when it will be taken and that a request has been made to send the results to USC and (4) at least three letters of recommendation from persons directly familiar with the student's academic work and potential for successful graduate study.

**Advisement**

Advisement for the graduate program in environmental studies is viewed as an ongoing process. Before entering graduate school and during the first months of graduate school, each student should work with the director of the Environmental Studies Program on devising a plan for completing his or her course work.

**Degree Requirements**

The master's degree in environmental studies is under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degree must be courses accepted by the Graduate School.

**Master of Science, Environmental Risk Analysis**

The focus of the M.S., Environmental Risk Analysis degree is on advanced training for students with an existing science background. Students will enter the M.S. program with a B.S. degree in a core natural science field or in engineering, environmental science and certain fields of geography. Students take a core curriculum in science, engineering and finance, which is supplemented by important tools courses in risk assessment, statistics and computer modeling. Students learn about the basics of environmental science in a two-semester combination of courses and seminars (ENST 501, ENST 502, ENST 503, ENST 504). An advanced environmental science seminar (ENST 505ab) is offered in a two-semester sequence and ties together science, technology and finance with risk assessment and policy. The first semester of the course is devoted to analyzing case studies taken from business, industry and government. During the second semester students work on a project that employs the tools they have acquired in linking science, policy, technology and finance.

A master's thesis is not required for the M.S. degree. The M.S. degree in environmental risk analysis will give students the quantitative skills needed to understand and assess environmental risks and to use that information in business, industry, government and society.

**Required Courses**

A minimum of 48 units is required.

<b>ENVIRONMENTAL RISK ANALYSIS</b>		<b>UNITS</b>
ENST 530	Environmental Risk Analysis	4

**ENVIRONMENTAL SCIENCE**

<b>ENVIRONMENTAL SCIENCE</b>		<b>UNITS</b>
ENST 501*	Environmental Science I	2
ENST 503	Environmental Science II	2
ENST 502	Environmental Science Seminar I	1
ENST 504	Environmental Science Seminar II	1
ENST 505ab	Advanced Environmental Science Seminar	2-2

\*ENST 502 and 504 are corequisites for ENST 501 and 503, respectively, and ENST 501 is a prerequisite for ENST 503.

**NATURAL SCIENCE**

One graduate-level science course from outside undergraduate major and two graduate-level science courses

**FINANCE**

<b>FINANCE</b>		<b>UNITS</b>
GSBA 510	Accounting Concepts and Financing Reporting	3
GSBA 543 MOR 569	Managerial Perspectives, or Negotiation and Deal-Making	3
GSBA 548	Corporate Finance	3

**TECHNICAL SKILLS**

<b>TECHNICAL SKILLS</b>		<b>UNITS</b>
ENST 510	Statistics for Environmental Analysis	4
One modeling course		
Two technology/engineering courses		

**Admission Requirements**

Students who wish to enter the Master of Science program in environmental risk analysis are expected to have a GPA of at least 3.0 (A = 4.0). Students with a baccalaureate degree in the natural sciences, mathematics, environmental science, geography and engineering will be admitted into the program. It is recommended that students have completed an introductory human environment, social ecology or environmental studies course in the social sciences as well as a course in economics and/or environmental policy. The director of the Environmental Studies Program will consider relevant course work and work experience as a possible substitute for the required and recommended course work.

**Selection Criteria**

Selection for graduate study is based on letters of reference, the student's previous academic record, the Graduate Record Examinations and a statement of purpose of graduate study.

*Application Procedure*

Applicants should contact the Environmental Studies Program office for an admission package. All applicants should return their applications by March 1 for full consideration. The following components of the application are required: (1) a completed USC Application for Admission to Graduate Studies; (2) official transcripts of all undergraduate and graduate course work taken to date; (3) the results of the General Test of the GRE or notification of when it will be taken and that a request has been made to send the results to USC; and (4) at least three letters of

recommendation from persons directly familiar with the student's academic work and potential for successful graduate study.

*Advisement*

Advisement for the graduate program in environmental studies is viewed as an ongoing process. Before entering graduate school and during the first months of graduate school, each student should work with the director of the Environmental Studies Program on devising a plan for completing his or her course work.

*Degree Requirements*

The master's degree in environmental risk analysis is under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degree must be courses accepted by the Graduate School.

## Courses of Instruction

### ENVIRONMENTAL STUDIES (ENST)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**ENST 100 Introduction to Environmental Studies (4, FaSp)** Gateway to the majors and minors in Environmental Studies. Provides students with an overview of how government agencies and societal institutions address (or fail to address) the interrelated social and scientific aspects of environmental problems and policies.

**ENST 150xg Environmental Issues in Society (4, Fa)** Exploration of the major social, political, economic, religious, and philosophical disagreements that exist between scholars, leaders, and citizens concerning today's most serious environmental issues and problems. Not available for major or minor credit to environmental studies majors and minors. *Concurrent enrollment:* WRIT 140.

**ENST 201 Introduction to Applied Environmental Science and Engineering (4)** (Enroll in ENE 201)

**ENST 255 American Environmentalism (4)** (Enroll in GEOG 255)

**ENST 260Lg Natural Hazards (4)** (Enroll in GEOG 260Lg)

**ENST 270 Introduction to Environmental Law and Politics (4, Sp)** (Enroll in POSC 270)

**ENST 298L Introduction to Scientific Diving (2, Sp)** Extensive academic preparation in the physics, physiology, safety, and methodology for in-water scientific diving. Laboratory, 2 hours. *Recommended preparation:* Background in natural science and/or environmental studies is strongly recommended.

**ENST 320ab Water and Soil Sustainability; Energy and Air Sustainability (a: 4, Fa; b: 4, Sp)** Overview of issues related to water and soil sustainability including science, policy and business aspects. (ENST 320a: Duplicates credit in former ENST 420.) *Recommended preparation:* ENST 100. (ENST 320b: Duplicates credit in former ENST 430.)

**ENST 323 Politics of Global Environment (4)** (Enroll in IR 323)

**ENST 345 Conservation of Natural Resources (4)** (Enroll in GEOG 345)

**ENST 347 Environmental Law (4)** (Enroll in POSC 347)

**ENST 360 Environmental Disasters (4)** (Enroll in GEOG 360)

**ENST 370 Marine and Coastal Environmental Policy (4, Sp)** Survey of major environmental policies both international and domestic as they relate to fisheries, shipping, pollution, seaports and coastal management. *Recommended preparation:* ENST 100, ENST 387.

**ENST 387x Economics for Natural Resources and the Environment (4, Fa)** An introduction to the economic tools and issues that affect natural resource use and environmental management. Not available for major credit to Economics majors.

**ENST 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**ENST 396 Directed Governmental and Political Leadership Internship (2-8, max 8)** (Enroll in POSC 395)

**ENST 400 Environmental Engineering Principles (3)** (Enroll in ENE 400)

**ENST 422 Ecological Security and Global Politics (4)** (Enroll in IR 422)

**ENST 427 The Global Environment (4, Sp)** (Enroll in BISC 427)

**ENST 436 Environmental Politics (4)** (Enroll in POSC 436)

**ENST 440 Environmental Risk Assessment (4, Sp)** Assesses various potential environmental risks and examines how science, government, business, and industry measure and prepare for environmental risks. *Recommended preparation:* ENST 100.

**ENST 445 Earth Climate: Past, Present, and Future (4, Fa)** Introduction to the tools used to reconstruct past climate change and a thorough discussion of past climate changes on earth with an emphasis on the recent past. *Recommended preparation:* any introductory GEOL course.

**ENST 450 Case Studies of Green Business (4, Sp)** Introduction to the principles, drivers, and critiques of green business from the private perspective of profit maximization and the public perspective of environmental benefits. *Prerequisite:* ENST 387.

**ENST 456L Conservation Genetics (4, Sp)** (Enroll in BISC 456L)

**ENST 470 Environmental Hydrogeology (4, FaSpSm)** (Enroll in GEOL 470L)

**ENST 480 Integrated Ecosystem Management in Micronesia (4, SpSm)** Field studies in ecosystem management tools used to investigate complex environmental problems in Micronesia. Historical, cultural, and scientific topics, direct observations of biological, physical, and chemical conditions. *Corequisite:* ENST 298.

**ENST 485 Role of the Environment in the Collapse of Human Societies (4, Sm)** Field studies in the roles of environmental problems in the collapse of ancient civilizations and analogous problems facing contemporary populations in those same places. *Recommended preparation:* ENST 100.

**ENST 487 Resource and Environmental Economics (4)** (Enroll in ECON 487)

**ENST 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**ENST 495 Senior Seminar in Environmental Studies (4, Sp)** Students form multidisciplinary teams and are asked to study and resolve a major environmental problem facing a particular region or target population.

**ENST 499 Special Topics (2-4, max 8)** Selected topics dealing with environmental issues and problems.

**ENST 500 Introduction to Environmental Studies (4, Fa)** This course introduces students to the major environmental issues and problems society faces today. Business, industry, and government actions concerning these issues and problems are examined.

**ENST 501 Environmental Science I (2, Fa)** Exposes students to critical scientific principles, concepts, and issues related to pollution control, remediation, and ecology. *Corequisite:* ENST 502.

**ENST 502 Environmental Science Seminar I (1, Fa)** A series of biweekly guest lectures on critical scientific principles, concepts, and issues related to pollution control, remediation, and ecology.

**ENST 503 Environmental Science II (2, Sp)** A continuation of ENST 501. Exposes students to critical scientific principles, concepts, and issues related to pollution control, remediation, and ecology. *Prerequisite:* ENST 501; *corequisite:* ENST 504.

**ENST 504 Environmental Science Seminar II (1, Sp)** A continuation of ENST 502. A series of biweekly guest lectures on critical scientific principles, concepts, and issues related to pollution control, remediation, and ecology.

**ENST 505ab Advanced Environmental Science Seminar (2-2, FaSp)** Ties together science, technology, and finance with risk assessment and policy.

**ENST 510 Statistics for Environmental Analysis (4)** This course introduces graduate students to the various quantitative techniques and methodological approaches used in pollution control, natural resources management, and environmental protection.

**ENST 520 Environmental Law and Policy (4, Sp)** Introduces students to the central issues, concepts, and theories in environmental law and policy and analyzes present environmental laws and regulations.

**ENST 530 Environmental Risk Analysis (4, Fa)** Analyzes various potential environmental risks and examines how science, government, and business measure and prepare for environmental risks.

**ENST 536 The Landscape Planning Process (3)** (Enroll in ARCH 536)

**ENST 540 California Coastal Zone Science and Policy (4, Sp)** Science and policy issues used to characterize and manage California coastal resources. Key issues include: coastal pollution, public health, ecosystem management, and marine reserves. *Recommended preparation:* ENST 500.

**ENST 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**ENST 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**ENST 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**ENST 595 Graduate Seminar in Environmental Studies (4, Sp)** Addresses the obstacles to environmental policymaking and management by examining the interrelationships between science, technology, and social science. *Recommended preparation:* ENST 500, ENST 501, ENST 502, ENST 503, ENST 504.

**ENST 599 Special Topics (2-4, max 8)** Subjects specifically relevant to an environmental studies field, sometimes conducted as intensive short courses.

## French and Italian

Taper Hall of Humanities 155  
(213) 740-3700  
FAX: (213) 746-7297  
Email: french@dornsife.usc.edu  
dornsife.usc.edu/fren-ital

*Chair:* Natania Meeker, Ph.D.

### Faculty

*Marion Frances Chevalier Professor of French:* Peggy Kamuf, Ph.D.\*

*Professors:* Margaret F. Rosenthal, Ph.D.\*; Vanessa Schwartz, Ph.D. (*History*)

*Associate Professors:* Natania Meeker, Ph.D.; Panivong Norindr, Ph.D.; Antonia Szabari, Ph.D.

*Assistant Professors:* Olivia Harrison, Ph.D.; Edwin Hill, Ph.D.

*Professor of the Practice of French:* Alain Borer, Ph.D.

*Associate Professors (Teaching) of French:* Carol A. Hofmann, Ph.D. (*Director; French Language Program*); Beatrice Mousli-Bennett, Ph.D.; Chevalier de l'Ordre des Palmes Academiques

*Associate Professor (Teaching) of Italian:* Francesca Italiano, Ph.D. (*Director; Italian Language Program*)

*Assistant Professors (Teaching) of French:* Colin Keaveney, Ph.D.; Julie Nack Ngue, Ph.D.

*Assistant Professors (Teaching) of Italian:* Antonio Idini, Ph.D.; Francesca Leardini, Ph.D.

*Master Lecturer of French:* Atiyeh Doreen Showrai, M.A.

*Senior Lecturers of French:* Nathalie C. Burle, Ed.D.; Julia Chamberlain, Ph.D.

*Lecturers:* Paulette Chandler, Ph.D.; Alessio A. Filippi, Ph.D.

*Emeritus Professors:* Marie-Florine Bruneau, Ph.D.; Albert Sonnenfeld, Ph.D., Chevalier de l'Ordre des Palmes Academiques

*Emeritus Associate Professor:* Arthur E. Babcock, Ph.D.

**Associated Faculty**

*Professors:* Elinor Accampo, Ph.D. (*History*); Joseph Dane, Ph.D. (*English*); Eunice Howe, Ph.D. (*Art History*)

*Associate Professor:* David Rollo, Ph.D. (*English*)

\*Recipient of university-wide or school teaching award.

**Undergraduate Programs**

The Department of French and Italian offers majors and minors in both French and Italian. The study of French or Italian involves the mastery of the languages and their literary and cultural expressions in fiction, non-fiction, dramatic, cinematic and poetic texts, as well as the study of social and political institutions within the context of intellectual history.

The department offers a variety of classes in French and Italian, as well as some courses with readings and discussion in English to satisfy diverse needs. Topics range broadly from the study of a single author to a literary genre; from current events to cinema; from gender studies to literary criticism.

Courses are kept small to allow for maximum interaction between students and professors. Students in both French and Italian work closely with their advisers to develop an appropriate course of study. This often involves study abroad. The department runs summer programs in Dijon, France and Rome, Italy; students also attend semester-long programs in Paris and Florence or Rome.

**Graduate Programs**

The M.A. and Ph.D. degrees in Comparative Studies in Literature and Culture (French and Francophone Studies) are offered through the Comparative Studies in Literature and Culture program, as described on page 307.

**Undergraduate Degrees**

**Requirements for the Bachelor of Arts in French**

For the lower division, FREN 250 French IV is required. The upper division requirements include four core courses plus an additional five courses to be selected in consultation with the department adviser (no more than two of which may be in English) are required.

LOWER DIVISION		UNITS
FREN 250	French IV	4
UPPER DIVISION (9 COURSES)		UNITS
Required core courses:		
FREN 300	French Grammar and Composition	4
FREN 330	Writing about Literature	4
FREN 351	Early Modern French Cultures, or	
FREN 352	Modern French Cultures	4
Six upper-division French courses to be chosen from the following:		
FREN 310	French Pronunciation and Conversation	4
FREN 320	French Cinema and French Society: 1900 to the Present	4
FREN 347	Race, Gender and Power in Francophone Literature	4
FREN 351*	Early Modern French Cultures	4
FREN 352*	Modern French Cultures	4
FREN 360	Business and Technical French	4
FREN 370	Equality and Difference Around the Enlightenment	4
FREN 375	Global Narratives of Illness and Disability	4

FREN 381	Studies in an Author	4, max 8
FREN 383	French Women Writers	4
FREN 385	Colloquium: French Literature	4, max 8
FREN 386	Autobiographical Writing	4
FREN 400	20th-Century France	4
FREN 410	<i>Actualités Françaises</i> (Paris semester only)	4
FREN 432	French Theatre (Paris semester only)	4
FREN 445	Studies in Gender and Feminism	4
FREN 446	Contemporary French Thought	4, max 8
FREN 447	Decadence	4
FREN 449	Studies in French Civilization (Paris semester only)	4
FREN 464	Colloquium: French Civilization	4, max 8
FREN 470	Readings in Medieval and Renaissance French Literature	4
FREN 471	Readings in 17th Century French Literature	4
FREN 472	Readings in 18th Century French Literature	4
FREN 473	Readings in 19th Century French Literature	4
FREN 474	Readings in 20th Century French Literature	4
FREN 490	Directed Research	2-8, max 8
FREN 499	Special Topics	2-4, max 8

\*Elective if not taken as a requirement.

**French Minor Requirements**

The department offers a French minor for students majoring in other disciplines. University requirements for minors are described on page 62 of this catalogue. The department minor requirements are listed below. No more than one course conducted in English may be counted toward the minor.

LOWER DIVISION		UNITS
FREN 250	French IV	4
UPPER DIVISION (5 COURSES)		UNITS
Required core courses:		
FREN 300	French Grammar and Composition	4
FREN 330	Writing about Literature	4
Remaining three upper division courses to be chosen from the following:		
FREN 310*	French Pronunciation and Conversation	4
FREN 320	French Cinema and French Society: 1900 to the Present (in English)	4
FREN 347	Race, Gender and Power in Francophone Literature	4
FREN 351	Early Modern French Cultures	4
FREN 352	Modern French Cultures	4
FREN 360*	Business and Technical French	4
FREN 370	Equality and Difference around the Enlightenment	4
FREN 375	Global Narratives of Illness and Disability	4
FREN 381	Studies in an Author	4, max 8

FREN 383	French Women Writers	4
FREN 385	Colloquium: French Literature	4, max 8
FREN 386	Autobiographical Writing	4
FREN 400	20th-Century France	4
FREN 410	<i>Actualités Françaises</i> (Paris semester only)	4
FREN 432	French Theatre (Paris semester only)	4
FREN 445	Studies in Gender and Feminism	4
FREN 446	Contemporary French Thought (in English)	4, max 8
FREN 447	Decadence	4
FREN 449	Studies in French Civilization (Paris semester only)	4
FREN 464	Colloquium: French Civilization	4, max 8
FREN 470	Readings in Medieval and Renaissance French Literature	4
FREN 471	Readings in 17th Century French Literature	4
FREN 472	Readings in 18th Century French Literature	4
FREN 473	Readings in 19th Century French Literature	4
FREN 474	Readings in 20th Century French Literature	4
FREN 490	Directed Research 2-8, max 8	
FREN 499	Special Topics	2-4, max 8

\*FREN 310 and 360 cannot both be taken for credit toward the minor in French. No more than one course conducted in English may be counted toward the minor.

### Honors Program

The B.A. in French with Honors is available to students who have an overall GPA of 3.0 and a GPA of at least 3.5 in courses counted for major credit. To complete the honors program the student must complete three 400-level courses and write an honors thesis of 25-30 pages in French in one of the 400-level courses. The topic of the thesis must be agreed upon with the instructor.

### French Honors Society: Pi Delta Phi

#### Qualifications

Undergraduate students must have completed one semester of upper division French with a minimum GPA of 3.0 in French and overall. Graduate students must be candidates for advanced degrees in French.

### Sequence

A placement test is required of all students resuming French after high school courses in French.

### Major Requirements for the Bachelor of Arts in Italian

#### REQUIRED COURSES — LOWER DIVISION

	UNIT	UNITS
Some or all of these courses may be waived by examination.		
ITAL 120	Italian I	4
ITAL 150	Italian II	4
ITAL 220	Italian III	4
ITAL 224	Italian Composition and Conversation	4

#### REQUIRED COURSES —

#### UPPER DIVISION (6 COURSES)

	UNIT	UNITS
No more than two courses conducted in English may be counted toward the major. A maximum of three courses may be completed outside the department.		
Core course:		
ITAL 320	Writing About Italian Literature	4
Remaining 5 upper-division Italian courses to be chosen from the following:		
ITAL 330	Advanced Italian Composition and Style	4
ITAL 340	Italian Literature from Unification to Fascism (in English)	4
ITAL 345	Contemporary Italy (in English)	4
ITAL 350	Italian Renaissance Literature in Translation (in English)	4
ITAL 380	Italian Women Writers	4
ITAL 435	Ruins, Magic and Melancholy: Italian Literature 1600-1860	4
ITAL 440	Futurism and Fascism in Italy	4
ITAL 446	Italian Cinema and Society (in English)	4
ITAL 450	Dante	4
ITAL 461	Theatre, Spectacle, Drama and Performance in Italy	4
ITAL 462	The Novella Tradition: Fables and Stories	4
ITAL 470	Modern and Postmodern Italian Literature	4
ITAL 480	Perceptions of the Exotic in Italian Culture	4
ITAL 490x	Directed Research	2-8
ITAL 499	Special Topics	2-4, max 8

### Italian Minor Requirements

The department offers an Italian minor for students majoring in other disciplines. No more than one class conducted in English may be counted toward the major.

LOWER DIVISION		UNITS
ITAL 120	Italian I	4
ITAL 150	Italian II	4
ITAL 220	Italian III	4
ITAL 224	Italian Composition and Conversation	4

Some or all of these classes may be waived by examination.

#### UPPER DIVISION (4 COURSES)

Required core course:		UNITS
ITAL 320	Writing About Italian Literature (or equivalent)	4

Plus 3 upper-division courses to be chosen from the following:

ITAL 330	Advanced Italian Composition and Style	4
ITAL 340	Italian Literature from Unification to Fascism (in English)	4
ITAL 345	Contemporary Italy (in English)	4
ITAL 350	Italian Renaissance Literature in Translation (in English)	4
ITAL 380	Italian Women Writers	4
ITAL 435	Ruins, Magic and Melancholy: Italian Literature 1600-1860	4
ITAL 440	Futurism and Fascism in Italy	4
ITAL 446	Italian Cinema and Society (in English)	4
ITAL 450	Dante	4
ITAL 461	Theatre, Spectacle, Drama and Performance in Italy	4
ITAL 462	The Novella Tradition: Fables and Stories	4
ITAL 470	Modern and Postmodern Italian Literature	4
ITAL 480	Perceptions of the Exotic in Italian Culture	4
ITAL 490x	Directed Research	2-8
ITAL 499	Special Topics	2-4, max 8

## Courses of Instruction

### FRENCH AND ITALIAN

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

### FRENCH (FREN)

**FREN 020x Course in Reading French (2, FaSpSm)** For graduate students who wish help in meeting the French reading requirement for the Ph.D. degree. Synoptic presentation of French grammar. Emphasis on development of reading skills. Not available for degree credit. Graded CR/NC.

**FREN 120 French I (4, FaSpSm)** Introduction to current French. Oral practice, listening and reading comprehension; grammar necessary for simple spoken and written expression. *Prerequisite:* No previous experience or appropriate placement score.

**FREN 150 French II (4, FaSpSm)** Continuation of FREN 120. *Prerequisite:* FREN 120 or appropriate placement score.

**FREN 220 French III (4, FaSpSm)** Continuation of FREN 150. Review of structural patterns of French; selected cultural and literary readings; conversation and composition. *Prerequisite:* FREN 150 or appropriate placement score.

**FREN 235x Intermediate Conversational French: Culture, Society, and Communication (2, FaSp)** Designed for non-majors/minors interested in maintaining and developing French language competency. Builds vocabulary, ease of communication, and cultural knowledge through discussion of contemporary topics. Graded CR/NC. Not available for credit to French majors. Not open to French majors. *Prerequisite:* FREN 220.

**FREN 236x Professional Communication in French (2, FaSp)** Professional communication skills and cultural competency as preparation for working in an international environment. Not available for major credit to French majors or minors. *Prerequisite:* FREN 220.

**FREN 250 French IV (4, FaSpSm)** Introduction to French literature through the study of texts and audiovisuals organized around a central theme; develops close-reading techniques and discursive skills; reviews French grammar. *Recommended preparation:* FREN 220 or appropriate placement score.

**FREN 300 French Grammar and Composition (4, FaSp)** Grammatical structure and vocabulary building with practical application to written composition. Normally follows FREN 250. *Recommended preparation:* FREN 220.

**FREN 310 French Pronunciation and Conversation (4, FaSp)** Practice in sustained conversation. Emphasis on spoken sentence patterns. Normally follows FREN 250. *Recommended preparation:* FREN 220.

**FREN 320 French Cinema and French Society: 1900 to the Present (4)** Film-making in France from the earliest experiments to current trends. Emphasis on the political, social, historical context of French films. Taught in English. Reading knowledge of French recommended.

**FREN 330 Writing about Literature (4, FaSp)** Critical reading of literary texts; comprehensive analysis of difficult grammatical structures and stylistics; advanced composition. *Recommended preparation:* FREN 300.

**FREN 347 Race, Gender and Power in Francophone Literature (4, FaSp)** Study of post-colonialism as a ferment for literary creation in the literature of French expression from Africa, the Caribbean and Canada. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 351 Early Modern French Cultures (4)** Study of France's cultural development to the end of the Ancien Régime. Special attention to events, trends and ideas that helped shape today's France. Conducted in French. (Duplicates credit in former FREN 346.) *Recommended preparation:* FREN 300 or FREN 310.

**FREN 352 Modern French Cultures (4)** Study of the major intellectual, artistic and sociopolitical trends that have shaped French culture from the revolution to the present. Conducted in French. (Duplicates credit in former FREN 346.) *Recommended preparation:* FREN 300 or FREN 310.

**FREN 360 Business and Technical French (4)** Specific vocabulary and formulae used in international commerce. Attention given to developing vocabulary and standard forms appropriate to individual career objectives. *Recommended preparation:* FREN 330.

**FREN 370m Equality and Difference Around the Enlightenment (4)** 18th- and 20th-century debates around the idea of equality and the notion of difference. Relevance of the Enlightenment to contemporary discussions of identity, citizenship, and human rights.

**FREN 375m Global Narratives of Illness and Disability (4, Fa)** Study of difference as represented through French, Francophone and related narratives of disability and illness, with attention to race and gender. *Recommended preparation:* FREN 330.

**FREN 381 Studies in an Author (4, max 8)** Close readings in the works of a single influential French or francophone author. Focused study of style, creative developments, historical context. In French. *Corequisite:* FREN 330.

**FREN 383 French Women Writers (4)** Major figures and their role in French society and contribution to literature. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 385 Colloquium: French Literature (4, max 8)** Selected topics from literature of the French-speaking community. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 386 Autobiographical Writing (4)** Explores the complexities and challenges involved in writing and reading the autobiographical discourse, both as genre and literary theme in French writing. In French. *Corequisite:* FREN 330.

**FREN 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**FREN 400 20th-Century France (4)** French culture since 1900; emphasis on major intellectual, sociopolitical, and artistic trends, including cinema and television. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 410 Actualités Françaises (4, Sp)** Present day French life through readings in French periodicals and viewing of French films and art exhibits. Non-majors prepare assignments in English. Conducted in French. Spring semester in Paris only. *Recommended preparation:* FREN 330.

**FREN 432 French Theatre (4, Sp)** (Paris Semester only) A survey of French theatre from the 17th century to the present. Students read plays ranging from classical comedy and tragedy to modern movements. Live theatre performances will supplement class work. Taught in French. *Prerequisite:* FREN 330; *recommended preparation:* familiarity with French history since the Renaissance.

**FREN 445 Studies in Gender and Feminism (4)** Major feminist thinkers and writers seen in the perspective of the evolution of gender roles in France today. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 446 Contemporary French Thought (4, max 8)** Introduction to important trends in recent French philosophy, political and social theory, psychoanalysis, ethnology, semiotics, and media studies. Readings in structuralism, post-structuralism, feminism, and deconstruction. Conducted in English.

**FREN 447 Decadence (4)** Decadence in French literature and thought from 1650 to the present. Close textual analysis of works by Colette, Huysmans, Rousseau, Töcqueville, and others.

**FREN 448 Islam In France (4, FaSp)** Further enhancement of functional, advanced-level Mandarin proficiency for vocabulary, grammar, listening, speaking, reading, writing, and cultural awareness through selected Chinese-language films and television programs. *Prerequisite:* EALC 304, EALC 334.

**FREN 449 Studies in French Civilization (4, Sp)** (Paris Semester only) An analysis of the prestige of Paris, past and present, based upon close examination of literary texts and graphic materials, and visits to sites and monuments. *Recommended preparation:* FREN 300.

**FREN 464 Colloquium: French Civilization (4, max 8)** Selected topics such as the press, educational institutions, French cinema today, and French colonial history. Conducted in French. *Recommended preparation:* FREN 351 or FREN 352.

**FREN 470 Readings in Medieval and Renaissance French Literature (4)** Study of modernized versions of major medieval and Renaissance texts. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 471 Readings in 17th Century French Literature (4)** Close readings of texts by Descartes, Pascal, Corneille, Racine, Molière, La Fontaine, and others. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 472 Readings in 18th Century French Literature (4)** Study of the major figures of the Enlightenment: Prevost, Montesquieu, Voltaire, Diderot, Rousseau, and others. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 473 Readings in 19th Century French Literature (4)** Texts selected from the works of Balzac, Stendhal, Flaubert, Zola, Hugo, Musset, and Baudelaire, illustrating the century's major literary movements. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 474 Readings in 20th Century French Literature (4)** Representative novels, plays and essays exemplifying such movements as Modernism, Surrealism, Existentialism, the Theatre of the Absurd, and Post-modernism. Conducted in French. *Recommended preparation:* FREN 330.

**FREN 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**FREN 499 Special Topics (2-4, max 8)** Selected topics in French.

**FREN 500 Rhétoriques des Arts I (4)** Core seminar on the arts, especially writing, in French and Francophone traditions. Methodological emphasis. Texts by Paulhan, Baudelaire, and others. Topics will vary.

**FREN 502 Raison et Déraison I (4)** Core seminar on reason and unreason in literature and the arts in French and Francophone cultures. Methodological emphasis. Texts by Descartes, Foucault, and others. Topics will vary.

**FREN 511 Revolutions I (4)** Core seminar on concept of revolution in French and Francophone cultures. Methodological emphasis. Texts by Rousseau, Marx, and others. Topics will vary.

**FREN 551 Revolutions II (4, max 8)** Seminar on concept of revolution in French and Francophone cultures. Topics will vary.

**FREN 552 Raison et Déraison II (4, max 8)** Seminar on reason and unreason in literature and the arts and Francophone cultures. Topics will vary.

**FREN 560 Rhétoriques des Arts II (4, max 8)** Seminar on the arts in French and Francophone traditions. Topics will vary.

**FREN 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**FREN 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**FREN 600 Rhétoriques des Arts III (4, max 8)** Seminar on the arts in French and Francophone traditions. Topics will vary.

**FREN 601 Revolutions III (4, max 8)** Seminar on concept of revolution in French and Francophone cultures. Topics will vary.

**FREN 602 Raison et Déraison III (4, max 8)** Seminar on reason and unreason in literature and the arts in French and Francophone cultures. Topics will vary.

**FREN 695 Topics and/or Themes in French Literature (4, max 12)**

**FREN 696 Topics and/or Themes in Francophone Literature (4, max 12)** Advanced seminar with varying focus on the Francophone literature and culture of West Africa, North Africa, the Caribbean, Quebec and Southeast Asia.

**FREN 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**FREN 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## ITALIAN (ITAL)

**ITAL 020x Course in Reading Italian (2)** For graduate students who wish help in meeting the Italian reading requirement for the Ph.D. degree. Synoptic presentation of Italian grammar. Emphasis on development of reading skills. Not available for degree credit. Graded CR/NC.

**ITAL 120 Italian I (4, FaSpSm)** Introduction to current Italian. Oral practice, hearing and reading comprehension; grammar necessary for simple spoken and written expression. Lecture, classroom drill, laboratory drill. *Prerequisite:* Italian placement exam.

**ITAL 150 Italian II (4, FaSpSm)** Continuation of Italian I. *Prerequisite:* ITAL 120 or Italian placement exam.

**ITAL 220 Italian III (4, FaSpSm)** Continuation of Italian II. Review of structure of the language, drill in aural and reading comprehension, practice in oral expression. *Prerequisite:* ITAL 150 or Italian placement exam.

**ITAL 224 Italian Composition and Conversation (4, FaSpSm)** Practice in composition and conversation; organized around a set of themes; develops close-reading techniques and discursive skills; reviews Italian grammar. *Prerequisite:* ITAL 220 or Italian placement exam.

**ITAL 235x Intermediate Conversational Italian (2, FaSp)** Designed for students interested in maintaining and developing Italian language competency. Builds and reinforces vocabulary, idioms, communication skills and knowledge of Italian cultural aspects through discussion of contemporary topics. Graded CR/NC. *Prerequisite:* ITAL 220.

**ITAL 320 Writing About Italian Literature (4, FaSpSm)** Critical reading of literary texts; comprehensive analysis of difficult grammatical structures and stylistics; advanced composition. *Prerequisite:* ITAL 224.

**ITAL 330 Advanced Italian Composition and Style (4)** Original composition in Italian; written translation of English material; analysis of stylistic techniques of contemporary Italian authors. (Duplicates credit in former ITAL 444.) *Recommended preparation:* ITAL 220.

**ITAL 340 Italian Literature from Unification to Fascism (4, FaSp)** Reading of standard English translations of selected novels by leading Italian writers (1861-1945).

**ITAL 345 Contemporary Italy (4)** Italian literature and arts in Italy following World War II. Conducted in English.

**ITAL 350 Italian Renaissance Literature in Translation (4)** Readings of major texts of Italian literature of the 15th and 16th centuries, including works by Petrarch, the Humanists, Lorenzo de Medici, Ariosto, Machiavelli, Castiglione, and Tasso.

**ITAL 380 Italian Women Writers (4)** Selected poetry, prose, and drama by outstanding Italian women authors and their role in Italian society from the Middle Ages to 20th century. Taught in Italian. *Recommended preparation:* ITAL 320.

**ITAL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted.

**ITAL 430 Readings in Medieval and Renaissance Italian Literature (4)** Introduction to principal works and movements of Italian literature from 1226 to 1600. *Recommended preparation:* ITAL 320.

**ITAL 435 Ruins, Magic and Melancholy: Italian Literature 1600-1860 (4)** Introduction to principal works and movements of Italian literature from 1600 to 1860. *Recommended preparation:* ITAL 320.

**ITAL 440 Futurism and Fascism in Italy (4)** Literature, theatre, visual arts, and politics, from the Futurist Avant-Garde through the reign of Mussolini. *Recommended preparation:* ITAL 320.

**ITAL 446 Italian Cinema and Society (4)** Survey of Italian cinema in its relation to social transformation, from the silent era to the present. Weekly screenings, lectures, and discussions. Conducted in English. (Duplicates credit in former ITAL 346.)

**ITAL 450 Dante (4)** Analysis of the *Divina Commedia* and other works.

**ITAL 461 Theatre, Spectacle, Drama and Performance in Italy (4, FaSp)** Italian dramatic literature from the earliest written documents to the present. Reading and close textual scrutiny of plays by major dramatists from the Renaissance to the present. *Recommended preparation:* ITAL 320.

**ITAL 462 The Novella Tradition: Fables and Stories (4, FaSp)** Reading and close textual scrutiny of major short stories from Boccaccio's *Decameron* to the present. *Recommended preparation:* ITAL 320.

**ITAL 470 Modern and Postmodern Italian Literature (4, FaSp)** Reading and close textual scrutiny of works of the 20th century from Verga's *I Malavoglia* to the present. *Recommended preparation:* ITAL 320.

**ITAL 480 Perceptions of the Exotic in Italian Culture (4)** The "exotic" as a cultural concept in Italian literature, popular genres, and film. Conducted in Italian. *Recommended preparation:* ITAL 320.

**ITAL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**ITAL 499 Special Topics (2-4, max 8)** Special topics in Italian literature, culture, and society. Conducted in Italian. *Prerequisite:* ITAL 224.

**ITAL 590 Directed Research (1-12)** Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**ITAL 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

## Freshman Seminars

College Academic Services Building 200  
(213) 740-2961  
[dornsife.usc.edu/fsem](http://dornsife.usc.edu/fsem)

*Director:* Richard Fliegel, Ph.D.

Freshman Seminars introduce freshmen to the larger academic world they are now entering. These small group seminars address topics of current interest in contemporary research and scholarship.

Freshmen earn two units of baccalaureate credit through participation in these weekly seminars. Active exploration of the life of the mind is emphasized through a variety of classroom activities and assignments.

To encourage the relaxed interchange of information and ideas, most seminars are graded credit/no credit. Each seminar is limited in enrollment to 18 freshmen.

Freshman Seminars encourage the natural development of the mentoring relationship between faculty and students. An early start on building these connections enhances the opportunities for intellectual growth throughout the student's years at USC.

Freshman Seminars are offered for the fall and spring semesters in a variety of subjects.

Individual topics are indicated by parenthetical titles in the *Schedule of Classes* ([www.usc.edu/soc](http://www.usc.edu/soc)) under the FSEM designation or on the department's Website ([www.usc.edu/fsem](http://www.usc.edu/fsem)).

For further information, contact Richard Fliegel, Ph.D., (213) 740-2961, email: [fliegel@usc.edu](mailto:fliegel@usc.edu), or Marsha Chavarria-Winbush, (213) 740-2961, email: [chavarri@usc.edu](mailto:chavarri@usc.edu).

## Courses of Instruction

### FRESHMAN SEMINARS (FSEM)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**FSEM 100 Freshman Seminar (2, max 4, FaSp)** A seven-to-eleven week course offered for incoming freshmen; limited to 18 students. Graded CR/NC. A combined maximum of 4 units of FSEM 100 and FSEM 101 may be applied to the degree.

**FSEM 101 Freshman Seminar (2, max 4, FaSp)** A seven-to-eleven week course offered for incoming freshmen; limited to 18 students. Letter graded. A combined maximum of 4 units of FSEM 100 and FSEM 101 may be applied to the degree.

**FSEM 180 First Year College Seminar (2, max 4, FaSp)** A thematic seminar for entering students in the USC Dornsife College of Letters, Arts and Sciences, exploring an area of academic study, research, or creative work. Graded CR/NC.

FAX: (213) 740-6168  
Email: [gender@dornsife.usc.edu](mailto:gender@dornsife.usc.edu)

*Chair:* Alice Echols, Ph.D.

### Faculty

*Barbra Streisand Professor of Contemporary Gender Studies:* Alice Echols, Ph.D. (*English and History*)

*Professors:* Lois Banner, Ph.D. (*History*); Joseph Boone, Ph.D. (*English*); Judith Halberstam, Ph.D.\* (*English*); Sharon Hays, Ph.D. (*Sociology*); Michael Messner, Ph.D. (*Sociology*); Gloria Orenstein, Ph.D. (*Comparative Literature*); Sherry Marie Velasco, Ph.D. (*Spanish and Portuguese*)

*Associate Professors:* Sheila Briggs, Ph.D. (*Religion*); Ange-Marie Hancock, Ph.D. (*Political Science*); Tara McPherson, Ph.D. (*Cinematic Arts*); Karen L. Tongson, Ph.D. (*English*)

### Gender Studies Advisory Board

*Professors:* Elinor Accampo, Ph.D. (*History*); Judith Bennett, Ph.D. (*History*); Warren Bennis, Ph.D. (*Business*); Lisa Bitel, Ph.D. (*History*); David Cruz, Ph.D. (*Law*); Elizabeth Garrett, J.D. (*Provost*); Diane Ghirardo, Ph.D.

(*Architecture*); Pierrette Hondagneu-Sotelo, Ph.D. (*Sociology*); Janet Hoskins, Ph.D. (*Anthropology*); Eunice Howe, Ph.D. (*Art History*); Peggy Kamuf, Ph.D. (*French & Italian*); Mark Kann, Ph.D. (*Political Science*); Nancy Lutkehaus, Ph.D. (*Anthropology*); Susan McCabe, Ph.D. (*English*); Beth Meyerowitz, Ph.D. (*Psychology*); Justin Pearlman, Ph.D. (*Office of the Vice Provost*); Azade-Ayse Rorlich, Ph.D. (*History*); Eliz Sanasarian, Ph.D. (*Political Science*); Hilary Schor, Ph.D. (*English*); Ellen Seiter, Ph.D. (*Cinematic Arts*); David Sloane, Ph.D. (*Policy, Planning, and Development*); Melora Sundt, Ph.D. (*Education*); Ruth Wallach, MLS (*USC Libraries*); Holly Willis, Ph.D. (*Cinematic Arts*); Diane Winston, Ph.D. (*Journalism*)

*Associate Professors:* Marjorie Becker, Ph.D. (*History*); Bettine Birge, Ph.D. (*East Asian Languages and Cultures*); Tracy Fullerton, Ph.D. (*Cinematic Arts*); Alice Gambrell, Ph.D. (*English*); Sharon Gillerman, Ph.D. (*Hebrew Union College*); Kara Keeling, Ph.D. (*Cinematic Arts*); Paul Lerner, Ph.D. (*History*); Lori Meeks, Ph.D. (*Religion*)

*Assistant Professors:* Michelle Gordon, Ph.D. (*English*); Megan Reid, Ph.D. (*Religion*); Diana Williams, Ph.D. (*History*)

*Lecturers:* M.G. Lord, Ph.D. (*Professional Writing*); Amy Parish, Ph.D. (*Anthropology and Gender Studies*)

*Administrative Associates:* Susan Harris, Ph.D. (*Joint Educational Project*); Todd Henneman (*Center for Women and Men*); Danielle Lancon (*Center for Women and Men*); Brie Loskota (*Center for Religion and Civic Culture*)

The Gender Studies Program explores, across disciplines and cultures, the changing roles, functions and images of women and men from feminist perspectives. The undergraduate major focuses on the evidence and argument about what the places of women and men are in culture and what they should be. Course offerings include interdisciplinary core courses, selected cross-listed classes in more than 20 departments and the upper-division community internship and senior seminar. Majors work with program faculty, in conjunction with USC Dornsife College Advising, to develop a four-year program designed to meet their individual needs. The program also offers a minor and a graduate certificate for students majoring in other disciplines.

## Requirements

### Requirements for the Bachelor of Arts in Gender Studies

For the lower division, one of the following courses may be selected as the requirement: SWMS 210 Social Issues in Gender or SWMS 215 Gender Conflict in Cultural Contexts. For the upper division, 32 units of SWMS courses, including SWMS 301, SWMS 311 and SWMS 410, are required.

### Honors Program Requirements

The Gender Studies Program offers a two-semester honors program, in which qualified students spend their first semester in an honors track in an upper division seminar, usually SWMS 410 Senior Seminar. During the second semester, all honors students are required to take SWMS 492 Honors Thesis, in which each completes a thesis project on a topic of his or her choosing under faculty direction. Contact the departmental honors director for further information. To graduate with honors, department majors must have a minimum GPA of 3.5 in their major course work.

### Gender Studies Minor Requirements

The program offers a minor for students specializing in other disciplines. Twenty units of course work are required for completion of the minor in gender studies: SWMS 210 or SWMS 215; SWMS 301; SWMS 410; and two additional 4-unit upper division SWMS courses. Since many SWMS courses are cross-listed, the two elective upper division courses must be from two different departments.

### Graduate Certificate Program

Graduate students intending to concentrate in gender studies must be admitted to a USC graduate or professional program. While meeting the requirements for a departmental graduate degree, they may earn a certificate of competency in gender studies. To earn a certificate, students must take SWMS 560 and other courses from the SWMS list of graduate level courses, 500 and above, to a total of at least 12 units. No more than four units of directed research may be taken and those units must be taken as SWMS 590. Each academic department will determine

the number of units completed which may be applied to the student's graduate degree in that department.

In addition to the completion of course requirements, students must include a focus on gender as part of their major department master's thesis, doctoral dissertation or law review note. Or they may take an oral examination on three research papers they have written within the areas of gender studies and on relevant graduate work pertaining to the field of gender studies. The oral exam will be administered by members of the Gender Studies faculty. A Gender Studies faculty member will be assigned as an adviser for each student. Gender Studies faculty will be responsible for judging the adequacy of the gender studies analysis in the student's thesis, dissertation or oral examination.

## Courses of Instruction

### GENDER STUDIES (SWMS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### SWMS 140g Contemporary Moral and Social Issues (4) (Enroll in PHIL 140g)

**SWMS 210gm Social Issues in Gender (4, FaSp)** Multidisciplinary survey of gender assumptions in relation to sexuality, mental health, social and political relations, and artistic expression. *Concurrent enrollment:* WRIT 140.

**SWMS 215g Gender Conflict in Cultural Contexts (4, Fa)** Identification and examination of social and cultural conflicts through the lens of gender, and comparison of such conflicts across cultures, regions, and historical periods.

**SWMS 225 Gender, Sex, and Science: A Gender Studies Approach (4, FaSp)** Study of sex, gender in relation to science and social sciences; survey of scientific methods, approaches, current research; investigation of gender influences on scientific research.

#### SWMS 245gm Gender and Sexualities in American History (4) (Enroll in HIST 245gm)

**SWMS 300 Women in Antiquity (4)** (Enroll in CLAS 300)

**SWMS 301m Introduction to Feminist Theory and the Women's and Men's Movements (4, FaSpSm)** Theories of feminism; historical, social and cultural perspectives of the women's movement in America, Europe, and in developing countries; men's roles in the feminist movement.

**SWMS 302 From Sappho to Stonewall: Lesbians in History (4, Sp)** (Enroll in HIST 302)

**SWMS 303 From Goddesses to Witches: Women in Premodern Europe (4)** (Enroll in HIST 305)

**SWMS 304xm Italian Renaissance Art: Old Masters and Old Mistresses (4)** (Enroll in AHIS 304xm)

**SWMS 305 Childhood, Birth and Reproduction (4)** (Enroll in ANTH 305)

**SWMS 307 Women in Medieval Europe, c. 1000-1500 (4, Fa)** (Enroll in HIST 307)

**SWMS 311 Gender Studies and the Community: Internship (4, FaSpSm)** A combination of internships in the community and an intensive seminar on the relationship of the students in the academic community with the larger urban community of which it is a part.

**SWMS 316 Gender and Global Issues (4)** (Enroll in IR 316)

**SWMS 320 Male and Female in Pacific Society (4)** (Enroll in ANTH 320)

**SWMS 321 Gender and Judaism (4)** (Enroll in JS 321)

**SWMS 324 Women in Medieval and Renaissance Europe (4)** (Enroll in COLT 324)

**SWMS 330 Culture, Gender and Politics in South Asia: Afghanistan, India, Pakistan, Nepal (4)** (Enroll in ANTH 330)

**SWMS 335 Gender, Religion, and Sexuality (4)** (Enroll in REL 335)

**SWMS 336 Health, Gender and Ethnicity (4, Sp)** Cross-cultural notions of the body, health, and healing; historic and cultural variability of ideas of reproduction, birth, sexuality, mental illness, and disability.

**SWMS 345 Men and Women in United States History from the 1920s to the Present (4)** (Enroll in HIST 345)

**SWMS 347 Race, Gender and Power in Francophone Literature (4)** (Enroll in FREN 347)

**SWMS 349 Women and the Law (4, Fa)**  
Discussion of the relationship between women and the law in light of feminist jurisprudence, U.S. Supreme Court decisions, and cross-cultural perspectives.

**SWMS 355 Transgender Studies (4, Sp)**  
Analysis of transgender behaviors, from androgyny and transvestism to transexuality. Discussion of changing laws, representations, medical standards, and social attitudes towards transgender and intersex people.

**SWMS 363m Race, Gender and Sexuality in Contemporary Art (4)** (Enroll in AHIS 363m)

**SWMS 366m Chicana and Latina Sociology (4)** (Enroll in SOCI 366m)

**SWMS 369 The Family in a Changing Society (4)** (Enroll in SOCI 369)

**SWMS 370 Family and Kinship in Cross-Cultural Perspective (4)** (Enroll in ANTH 370)

**SWMS 372 Human Sexuality (4)** (Enroll in PSYC 372)

**SWMS 374gm Women Writers in Europe and America (4)** (Enroll in COLT 374gm)

**SWMS 375 Women and Gender in China: Past and Present (4)** (Enroll in EALC 375)

**SWMS 377 The Image of the Journalist in Popular Culture (4)** (Enroll in JOUR 375)

**SWMS 380 Sex and Gender in Anthropological Perspective (4)** (Enroll in ANTH 380)

**SWMS 381 Sex, Power, and Politics (4)** (Enroll in POSC 381)

**SWMS 382 Political Theories and Social Reform (2 or 4)** (Enroll in POSC 380)

**SWMS 383 French Women Writers (4)** (Enroll in FREN 383)

**SWMS 384m Gender, Social Inequality, and Social Justice (4, Fa)** Analysis of the most effective strategies and techniques for reducing prejudice against racial/ethnic minorities, women, gays and lesbians, and others subjected to stigma.

**SWMS 385m Men and Masculinity (4)** Interdisciplinary examination of social, personal meanings of masculinity; variety of male experience by social class, race, sexuality, and age; emerging masculinities of the future.

**SWMS 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SWMS 395m Gender, Media and Communication (4)** (Enroll in COMM 395m)

**SWMS 402 Human Trafficking (4, FaSp)** (Enroll in SOCI 402)

**SWMS 410 Senior Seminar in Gender Studies (4, Fa)** Study of a selected problem, period, or theme in the study of women and men in society by integrating perspectives from cross-cultural and interdisciplinary studies.

**SWMS 412 Gender, Sexuality and Media (4, max 8)** (Enroll in CTCS 412)

**SWMS 415 Ecofeminism (4, Sp)** Examination of the philosophy and politics of Ecofeminism. It will critique the ideologies that link the oppression of women to the exploitation of nature. *Recommended preparation:* SWMS 210 or SWMS 301.

**SWMS 420 Woman, Nature, Culture: The Behavioral Ecology of Women (4, FaSp)** Analysis of theoretical perspectives and empirical data from biology, psychology and anthropology that relate to women's physiology and behavior.

**SWMS 425 Queer Los Angeles (4, Sp)** Interdisciplinary study of queer Los Angeles through examination of histories, memoirs, essays, fiction, poetry, documentaries, narrative films, and local archives.

**SWMS 426 Gender, Family and Society in Europe and the United States, 1500-Present (4)** (Enroll in HIST 426)

**SWMS 434m Women and Aging: Psychological, Social and Policy Implications (4)** (Enroll in GERO 435m)

**SWMS 435m Women in Society (4)** (Enroll in SOCI 435m)

**SWMS 437m Sexuality and Society (4)** (Enroll in SOCI 437m)

**SWMS 440 Women's Literature in Germany I (4)** (Enroll in GERM 440)

**SWMS 442m Women's Spaces in History: "Hussies," "Harems," and "Housewives" (4)** (Enroll in ARCH 442m)

**SWMS 445 Studies in Gender and Feminism (4)** (Enroll in FREN 445)

**SWMS 455m Gender and Sport (4)** Sport as an institutional locus for construction of gender relations; lives of female and male athletes; issues of sexuality, violence, racism, spectatorship, and media.

**SWMS 456 Women in International Development (4)** (Enroll in POSC 456)

**SWMS 465 Gender in Media Industries and Products (4)** (Enroll in COMM 465)

**SWMS 467 Gender and the News Media (4)** (Enroll in JOUR 467)

**SWMS 469 Women in English Literature before 1800 (4)** (Enroll in ENGL 469)

**SWMS 470 Women in English and American Literature after 1800 (4)** (Enroll in ENGL 470)

**SWMS 476m Images of Women in Contemporary Culture (4)** (Enroll in ENGL 476m)

**SWMS 478m Sexual/Textual Diversity (4)** (Enroll in ENGL 478m)

**SWMS 490x Directed Research (2-8, max 8, FaSpSm)** Independent research and readings. Not available for graduate credit.

**SWMS 492 Honors Thesis (4, Sp)** Writing of the honors thesis; for students in the Gender Studies Honors Program. Open only to gender studies majors. *Recommended preparation:* SWMS 410.

**SWMS 499 Special Topics (2-4, max 8)** Study of a selected problem, period, or theme through interdisciplinary approaches.

**SWMS 504 Theories of Race, Class, and Gender (4)** (Enroll in ENGL 504)

**SWMS 505 Seminar in Feminist Theory and Art History (4, max 8)** (Enroll in AHIS 505)

**SWMS 507 Gender and International Relations (4, Irregular)** (Enroll in IR 507)

**SWMS 508 Ethics of Liberation Theology (4)** (Enroll in REL 508)

**SWMS 509 Culture, Gender, and Global Society (4)** (Enroll in IR 509)

**SWMS 516 Seminar: Feminist Theory and Communication (4, 2 years, Sp)** (Enroll in COMM 516)

**SWMS 544 Feminist Theory for Historians (4, Fa)** (Enroll in HIST 544)

**SWMS 546 Comparative History of Women and Gender in the West to 1800 (4, Fa)** (Enroll in HIST 546)

**SWMS 548 Fertility Control Policies (4)** (Enroll in SOCI 548)

**SWMS 550 Gender and Education in the Third World (3)** (Enroll in EDPA 550)

**SWMS 551 Studies in the History of Women, Gender and Sexuality (4, max 8)** (Enroll in HIST 550)

**SWMS 552 Sex and Gender in Society (4)** (Enroll in SOCI 552)

**SWMS 554 Women in Global Perspective (4)** Women and immigration, employment, and household and family relations in the context of the global economy; women's social and political movements in diverse cultural contexts.

**SWMS 556 Seminar on Women and the Family in China (4)** (Enroll in EALC 556)

**SWMS 560 Feminist Theory (4, FaSpSm)** History of feminist theory and major perspectives of current feminist theory: liberal feminism, socialist/Marxist feminism, radical feminism, psychological feminism, spiritual feminism, and ecological feminism.

**SWMS 575 The Ethics of Women's Liberation (3)** (Enroll in REL 575)

**SWMS 577 Therapy, Gender, and Ethnicity (3)** (Enroll in SOCI 577)

**SWMS 588 Seminar in Gay, Lesbian, Bisexual and Transgender Studies (4)** Interdisciplinary cross-cultural, historical, psychological, sociological, and contemporary political perspectives on female and male homosexual eroticism, and the emergence of gay, lesbian, bisexual, and transgender identities.

**SWMS 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SWMS 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**SWMS 599 Special Topics (2-4, max 8)** Seminar in selected topics relating to gender and feminism.

**SWMS 621 Gender Discrimination (1-4, FaSp)** (Enroll in LAW 621)

**SWMS 623 Family Law (3 or 4)** (Enroll in LAW 623)

**SWMS 630 Studies in Gender (4, max 12)** (Enroll in ENGL 630)

**SWMS 650 Seminar on Women's and Family History (4, max 8, Sp)** (Enroll in HIST 650)

## Courses of Instruction

### GEOGRAPHY (GEOG)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**GEOG 255 American Environmentalism (4, FaSm)** Geographic and historic approach to the growth of environmental awareness in the United States from Colonial times to the present. Extensive use of case materials.

**GEOG 257g Environment and Ethics (4, SpSm)** Examination of ethical issues in environmental context: systematic analysis of problems associated with protection and use of selected environments. *Concurrent enrollment:* WRIT 140.

**GEOG 260Lg Natural Hazards (4, FaSp)** The nature and time/space distribution of extreme geophysical events (e.g., floods, droughts, earthquakes), and the range of individual and social adaptations to the resulting hazard.

**GEOG 345 Conservation of Natural Resources (4, Fa)** Interaction between resource conservation and people based on recent advances, current developments, and future resource utilization. Special attention to the western United States. Field trips.

**GEOG 360 Environmental Disasters (4, Sp)** Evaluates the causes, effects, and responses to international environmental disasters. Emphasis is on contemporary case studies in a theoretical context.

**GEOG 390 Special Problems (1-4, FaSp)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**GEOG 393 Field Techniques (4, Fa)** Field exploration of physical and cultural aspects of different regions, with emphasis on rural California. Field methods, especially mapping and interviewing.

**GEOG 397 Geography Internship (2-4, max 4, FaSpSm)** Intensive experience in local public agency, private firm, or non-profit agency engaged in applied geographic work. Graded CR/NC.

**GEOG 431 California's Changing Landscapes (4, Sp)** Type study of a region; distribution of physical and cultural phenomena; delimitation into natural regions; analysis of human-environment interaction in regions of the state. Field trips.

**GEOG 482L Principles of Geographic Information Science (4, Sp)** Introduction to evolving science, technology and applications of GIS. Laboratories provide experience with computer processing of geographic information using several GIS software and programming languages.

**GEOG 490x Directed Research (2-8, max 8, FaSp)** Individual research and readings. Not available for graduate credit.

**GEOG 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**GEOG 599 Special Topics (2-4, max 8, Irregular)** Seminar in selected topics in geography.

**GEOG 681 Environmental Modeling with GIS (4, 2 years, Sp)** Advanced topics related to the collection, analysis, modeling, interpretation, and display of environmental information using GIS and related technologies. *Prerequisite:* graduate standing and prior GIS experience equivalent to GEOG 482L.

**GEOG 682 Health and Place (4, Sp)** Examines the relationship between health and place and how geospatial approaches to analyzing and visualizing spatial data may advance our understanding of disease systems. Graduate standing.

**GEOG 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**GEOG 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

*Emeritus Professor:* Gerhard Clausing, Ph.D.

*Emeritus Associate Professor:* Cornelius Schnauber, Ph.D.

The USC Dornsife College of Letters, Arts and Sciences offers a variety of courses from basic and advanced language classes to literature classes and general and cultural topics.

Note: Students are no longer being admitted as majors in German.

### German Minor Requirements

REQUIRED COURSES, LOWER DIVISION		UNITS
GERM 101	German I	4
GERM 102	German II	4
GERM 201	German III, Conversation and Composition	4
GERM 221	Conversational German IV, or the equivalent by test	4

### REQUIRED COURSES, UPPER DIVISION

REQUIRED COURSES, UPPER DIVISION		UNITS
Four courses — 16 units in the two areas of concentration.		
One course from the following:		
GERM 310*	Business German I	4
GERM 311*	Business German II	4
GERM 470	Advanced Composition and Stylistics	4

\*Prerequisite: GERM 201 or the equivalent by test.

Three elective courses from the following (only one course each from HIST and IR may be counted toward the minor):

GERM 320	Composition and Conversation on Contemporary Affairs	4
GERM 325	Composition and Conversation in Cultural History	4
GERM 330	Introduction to Literary Studies	4
GERM 346	German Folklore and Popular Culture	4
GERM 352	Colloquium on Poetry	4
GERM 353	Colloquium on Prose	4
GERM 360	20th Century German Prose: Texts and Films	4

GERM 410	Profile of German Literature I	4
GERM 420	Profile of German Literature II	4
HIST 323	The Holocaust in 20th Century Europe	4
HIST 414	Contemporary Europe: The German Question: Nation and Identity in Modern Central Europe	4
HIST 427	Life and Death in Nazi Germany	4
HIST 428	Comparative History and Theory of Fascism and Nazism	4
HIST 445	Contemporary European International Relations	4
IR 369	European Foreign Policy and Security Issues	4
IR 385	European Integration	4
IR 468	European Politics	4
POSC 463		4

## Courses of Instruction

### GERMAN (GERM)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### GERM 020x Course in Reading German

**(2)** For graduate students who wish help in meeting the German reading requirement for the Ph.D. degree. Emphasis on development of reading skills. Not available for degree credit. Graded CR/NC.

#### GERM 025x Course in Reading German (2)

Continuation of 020x. Reading selections appropriate to candidate's major field. Not available for degree credit. Graded CR/NC.

**GERM 101 German I (4)** Introduction to modern German. Oral practice, listening and reading comprehension. Basic structures necessary for simple spoken and written expression.

**GERM 102 German II (4)** Continuation of German I. Introduction to German culture. *Prerequisite:* GERM 101.

**GERM 201 German III, Conversation and Composition (4)** Intermediate German. Increasing emphasis on listening and speaking skills and a review of basic structures of German. Discussion of cultural aspects. *Prerequisite:* GERM 102.

**GERM 221 Conversational German IV (4)** Conversational German in a variety of topical settings and vocabulary domains. *Prerequisite:* GERM 201.

**GERM 310 Business German I (4, Sp)** Introduction to German business language structure including correspondence and oral communication. In German. *Prerequisite:* GERM 201.

**GERM 311 Business German II (4, Fa)** Continuation of GERM 310. Terminology and style of commercial and legal texts, analyzed and applied in oral and written work. In German. *Prerequisite:* GERM 201.

**GERM 320 Composition and Conversation on Contemporary Affairs (4)** Practice in oral and written German, emphasizing contemporary cultural and social developments in the German-speaking countries of Europe. In German. *Prerequisite:* GERM 221.

**GERM 325 Composition and Conversation in Cultural History (4)** Practice in oral and written German, emphasizing the cultural history of the German-speaking countries of Europe. In German. *Prerequisite:* GERM 221.

#### GERM 330 Introduction to Literary Studies

**(4)** Review of essential literary terms, concepts, and critical methods through analysis and discussion of selected primary and secondary works. In German.

#### GERM 335 Applied German Drama (4, max 8)

Works of a German playwright in their social and cultural context, leading to a dramatization of one of the works. In German.

#### GERM 340 German Prose Fiction from Goethe to Thomas Mann (4)

Examines German prose fiction from the late 18th to the early 20th centuries, with particular emphasis on how narrative texts are constructed. In English.

#### GERM 346 German Folklore and Popular Culture (4)

Survey and analysis of folklore and cultural phenomena, including tales, legends, and myths; folk and popular music; beliefs and customs. In English.

#### GERM 351 Colloquium on Drama (4)

German drama from the 18th century, with emphasis on modernism (since Büchner) and the 20th century avant garde styles: Expressionist, Epic, Grotesque, Documentary, and Sprechtheater. In German.

**GERM 352 Colloquium on Poetry (4)** Definition and analysis of lyric genre through a study of major poets, such as Goethe, Schiller, Heine, Rilke, and Hofmannsthal; poetic traditions from the 17th century to the present. In German.

**GERM 353 Colloquium on Prose (4)** Study of German prose from the 18th century to the present; emphasis on narrative and thematic perspectives in relation to social change and on modernism since Kafka. In German.

**GERM 360 20th Century German Prose: Texts and Films (4)** Aesthetic and historical analysis of major German 20th century novels, complemented by brief study of cinematic adaptation of each text. Texts in English; films with subtitles.

#### GERM 370 Literature and Culture in Vienna at the Turn of the Century (4)

Literature, culture, and society in Vienna 1890-1925; works by figures such as Schnitzler, Hofmannsthal, Kafka, Musil, Kraus, Schönberg, Kokoschka, Freud, Wittgenstein, and others. In English.

#### GERM 372 Literature and Culture in Berlin of the 1920s (4)

Literature, culture, and society through works by figures such as Kaiser, Toller, Brecht/Weill, Piscator, Th. Mann, Doebelin, Lukacs, Heidegger, etc. Films: *Caligari, Metropolis, Berlin, M, Blue Angel*. In English.

**GERM 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

#### GERM 410 Profile of German Literature I (4)

Survey of major trends in German literature within their historical and cultural contexts from the beginnings to the Baroque period. In German.

#### GERM 420 Profile of German Literature II (4)

Survey of major trends, figures, and authors in German literature and culture of the 18th and 19th centuries within the European context. In German.

**GERM 430 Age of Goethe (4)** Background and significance of the period; lyrics, major dramatic and prose works from 1770-1832; Storm and Stress; Classicism; Goethe and Schiller. In German.

#### GERM 440 Women's Literature in Germany I (4)

Reading and analysis of medieval texts from German-speaking countries, written by and about women: science, love, poetry, letters, drama, mysticism, romance. Conducted in German.

#### GERM 445 Europe and the Writing of Others (4) (Enroll in COLT 445)

**GERM 460 Expressionism to the Present (4)** Representative authors and works since 1910; World War I, Expressionism, New Objectivity, World War II; literature after 1945: East and West, Swiss and Austrian.

#### GERM 465 Germany East and West (4)

Study of the ideological, economic, social, and cultural differences between East and West Germany between 1945 and 1990 and their impact on today's unified Germany. In English.

#### GERM 466 The German Speaking Nations (4)

Focus on the culture, history, and society of Austria, East and West Germany, and Switzerland. In German.

#### GERM 470 Advanced Composition and Stylistics (4)

Development of competence in written expression; fundamentals of style in expository writing. In German.

**GERM 490x Directed Research (2-8, max 8)**  
Individual research and readings. Not available for graduate credit.

**GERM 499 Special Topics (2-4, max 8)** Intensive study of selected topics or regions.

**GERM 508 Bibliography and Research Techniques (4)** Bibliographic sources, reference works and periodicals, standard bibliographic formats; research methods and the writing of genres, stylistics, and textual interpretation.

**GERM 510 Methods of Literary Criticism and Linguistic Analysis (4)** Historical perspective on critical methods such as genre poetics, hermeneutics, Marxist and Freudian theories, structuralism, reception-aesthetics, literary semantics, pragmatics, and text linguistics.

**GERM 581 Weimar Culture (4)** A historical topic-oriented exploration of cultural activities in Weimar Germany. Examination of reflections of the social-political experience of the period in literary (essay, cultural critique, investigative reporting) and pictorial (painting, sculpture, photography, film) discourse.

**GERM 590 Directed Research (1-12)**  
Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**GERM 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**GERM 595ab Directed Readings (2-4, 2-4)**

**GERM 599 Special Topics (2-4, max 8)**  
Special topics such as concepts of government, roots of fascism, and ideologies of Hegel, Marx, Wagner, Nietzsche in German literature.

**GERM 637 Seminar in Brecht (4)**

**GERM 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**GERM 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Health and Humanity

Department of Anthropology  
Grace Ford Salvatori 120  
(213) 740-1902  
Email: jsilverm@usc.edu

### Bachelor of Arts in Health and Humanity

The Bachelor of Arts in Health and Humanity is a liberal arts degree. It is intended for students interested in fields that inform the health professions and in related questions about health and human experience. Courses in this interdisciplinary major meet many of the requirements for admission to the professional programs in medicine, nursing and other fields, but do not meet all of those entrance requirements. Some electives in this major have prerequisites in mathematics and physics that cannot be counted toward the 36-unit requirement in major electives. Students should consult their academic advisers for precise information on prerequisites and admission requirements for specific health fields.

#### Summary of Requirements

Core: 24 units; experiential learning: 1-4 units; major electives: one thematic module 16-20 units, other electives 16-20 units; total requirements: 61-64 units including at least 36 upper-division units plus prerequisites for certain electives.

CORE (16 LOWER DIVISION, 8 UPPER DIVISION)		UNITS	MAJOR ELECTIVES	UNITS
ANTH 300	Evolution, Ecology, and Culture	4	Choose one complete thematic module from the list below (16-20 units). Then choose additional electives from the list of modules to equal nine courses (36 units) in all. No more than two courses may be lower-division (100 or 200 level). At least two courses must come from Group A and two courses from Group B.	
BISC 120L	General Biology: Organismal Biology and Evolution, or		Group A	
BISC 121L	Advanced General Biology: Organismal Biology and Evolution	4	<i>Bioethics Module (16 units)</i>	
BISC 220L	General Biology: Cell Biology and Physiology, or		ANTH 305	Childhood, Birth and Reproduction, or
BISC 221L	Advanced General Biology: Cell Biology and Physiology	4	POSC 333	Stigma and Society: Physical Disability in America, or
BISC 320L	Molecular Biology	4	SOCI 475	Medical Sociology
CHEM 105aLbL	General Chemistry, or		GERO 475	Ethical Issues in Geriatric Health Care, or
CHEM 115aLbL	Advanced General Chemistry	4-4	OT 375	The Narrative Structure of Social Action: Narrative, Healing and Occupation
<b>EXPERIENTIAL LEARNING (1-4 UNITS)</b>		<b>UNITS</b>	REL 319	Religious and Ethical Issues in Death and Dying, or
Choose one course. A health-related internship is required:			REL 341	Ethics in a Technological Society, or
AMST 365	Leadership in the Community	4	REL 360	Ethical Issues in the New Medical Revolution
GERO 495	Practicum in Geriatric Care	4	REL 460	Senior Seminar: Medical Ethics
MDA 250	Internship for Liberal Arts: Work and Career — Theory and Practice	1-2, max 4		
POSC 395	Directed Governmental and Political Leadership Internship	4		
SWMS 311	Gender Studies and the Community: Internship	4		

*Emeritus Professors:* Gordon M. Berger, Ph.D.; Roger Dingman, Ph.D.; Charlotte Furth, Ph.D.; Paul W. Knoll, Ph.D.; Ernest B. Koenker, Ph.D.; Franklin D. Mitchell, Ph.D.; A. Lloyd Moote, Ph.D.; D. Brendan Nagle, Ph.D.; Edwin J. Perkins, Ph.D.; Charles R. Ritcheson, Ph.D., Litt.D.; John E. Wills, Ph.D.

*Emeritus Associate Professor:* Terry L. Seip, Ph.D.\*

\*Recipient of university-wide or college teaching award.

The Department of History offers courses in ancient, medieval and modern European history, including Russian history; in both North and Latin American history; in the history of East Asia; and in world history.

## Undergraduate Degrees

### Advisement

All history department majors should consult with the department student adviser. Students should seek an appointment early in each semester so that an advisement file may be established for each student. The file will be kept current.

### Major Requirements for the Bachelor of Arts in History

Ten courses in history are required, three at the lower division level and six at the upper division level along with HIST 300 Approaches to History. The three required lower division courses must include one from the 100 level and one from the 200 level, and each of the three must be from a different geographic category. The department will accept scores of 4 or 5 on either Advanced Placement European History or Advanced Placement American History as a substitute for one requirement at the 100 level. At the upper division, majors are required to take a minimum of three courses in a thematic, temporal or geographic concentration they articulate under the guidance of faculty; they must also take at least two upper division seminars, approved by the department, including one in their concentration. No more than 4 units of HIST 490 Directed Research may be counted as satisfying the upper division seminar requirement.

For geographic breadth, at least one of the 10 courses must be taken from approved course work in each of the three following areas: Asia and Eurasia, Europe, and North and Latin America. For temporal breadth, at least one of the 10 courses must be taken from approved course work in each of the three following time periods: before 1300, 1300 to 1800, 1800 to the present. Students must consult with

Some of the department's courses are chronological, some national or regional and some are thematic, with special strengths in gender, race and ethnicity, popular culture, medicine and urban history. The faculty is committed to continuous review and revision of the department curriculum, as student needs and professional emphases shift. Many departmental courses meet general education requirements, and various programs for majors and non-majors are available.

The department offers an honors program for qualified seniors. Honors programs are individually arranged through consultation with the honors director, and completion of an honors thesis is required.

a department adviser in order to determine which courses meet these requirements.

### Bachelor of Arts in History and Social Science Education

This degree is designed for students who are interested in a career in secondary school teaching. The courses chosen reflect the content of subjects taught in high schools and middle schools in California and therefore should be useful for those contemplating the profession of teaching history and social studies. It does not, however, provide a waiver of the CSET examination.

REQUIRED COURSES		UNITS
ECON 203	Principles of Microeconomics	4
ECON 205	Principles of Macroeconomics	4
HIST 240	The History of California	4
HIST 300	Approaches to History	4
HIST 349	Colonial North America 1600-1760	4
HIST 360	19th Century U.S. History	4
HIST 361	20th Century U.S. History	4
HIST 440	Early Modern World History	4
HIST 441	Modern World History	4
At least one of the following:		
HIST 101	The Ancient World	4
HIST 102	Medieval People: Early Europe and Its Neighbors, 400-1500	4
HIST 103	The Emergence of Modern Europe	4
HIST 180	The Middle East	4
HIST 275	The Worlds of the Silk Road	4
HIST 335	History of Japan to 1550	4

### Degree Programs

The Department of History offers the B.A., a minor, the M.A. and Ph.D. in History.

### Honor Society

The department sponsors its own local chapter of Phi Alpha Theta, the national history honor society. Phi Alpha Theta provides opportunities for students to take their interest in history beyond the classroom and to cultivate their intellectual pursuits in a community setting.

Membership is open to history majors and other interested students with a 3.33 GPA in history courses and a 3.0 overall GPA. For more information contact the honors director.

HIST 338	China to 960 A.D.	4
HIST 339	China, 960-1800 A.D.	4

At least one of the following:

HIST 104	Modern Europe	4
HIST 280	The Modern Middle East	4
HIST 333	Korea: The Modern Transformation	4
HIST 336	History of Japan, 1550-1945	4
HIST 340	History of China since 1800	4

At least one of the following:

HIST 369	Aztecs, Mayas and Other Indigenous Peoples of the Americas	4
HIST 370	Spanish America, 1492-1821	4
HIST 372	Modern Latin America	4

One of the following:

POSC 100	Theory and Practice of American Democracy	4
POSC 300	Principles, Institutions, and Great Issues of American Democracy	4
POSC 340	Constitutional Law	4

### Required Capstone Seminar

A capstone seminar, HIST 488 Teaching History in the Secondary Schools, will be taught by a member of the history department and will focus on the ways in which historical research is brought into middle and high school curriculum. Seminar participants will examine textbooks and other materials designed for history instruction; engage in independent research; write curriculum and/or classroom units or lesson plans; and visit classrooms to assist with history instruction in the schools.

**Bachelor of Arts in Middle East Studies**

See the Department of Middle East Studies, page 412, for a complete listing of requirements.

**Minor in History**

The minor in history is available to students in all schools and departments. The study of history deepens our understanding of peoples and societies and expands our knowledge of important issues operative in the world today. History minors will strengthen their skills in critical thinking, assessing evidence, and formulating clear and persuasive arguments both oral and written. History is essentially a laboratory of human experience, and students from a wide range of disciplines can discover new perspectives on their own intellectual interests through the study of the past.

*Prerequisites:* cumulative GPA of 2.0 or better and approval of a minor plan of study by the department's undergraduate adviser.

*Requirements:* 20 upper division units, including a minimum of 16 upper division units from Department of History offerings. Up to 4 upper-division units from outside department offerings may be included with the approval of the undergraduate adviser.

An appropriate capstone course chosen from HIST 300, HIST 440, HIST 441 and HIST 494 must be included in the proposed program as part of the departmental work. The capstone course will normally be the last (or among the last) courses taken for the minor.

**Honors Program**

The department offers a two-semester honors program, in which qualified students spend their first semester in an honors track in an upper division seminar or take HIST 490 Directed Research in their concentration. During the second semester, all honors students are required to take HIST 492 Honors Thesis in which each completes a thesis project on a topic of his or her choosing under faculty direction. Contact the department honors director for further information. To graduate with honors, department majors must have a minimum GPA of 3.5 in their major course work.

**Teaching Credential Requirements**

Credential requirements in California and elsewhere are complex and changeable. Students interested in preparing for public school teaching should contact the Credentials Office, Rossier School of Education, and the undergraduate adviser, Department of History, for up-to-date information.

**Interdisciplinary Minor in Early Modern Studies**

This minor brings together the resources of the departments of English, History and Art History to study the literatures and cultures of Europe and the Americas from the late medieval period to 1800. For a complete listing of requirements, see Department of English, page 340.

**Interdisciplinary Middle East Studies Minor**

See the Department of Middle East Studies, page 412.

**Interdisciplinary Race, Ethnicity and Politics Minor**

See Department of Political Science, page 439.

**Interdisciplinary Russian Area Studies Minor**

See Department of Slavic Languages and Literatures, page 466.

**Interdisciplinary Law and Society Minor**

See Department of Political Science, page 439.

## Graduate Degrees

The graduate program in history provides advanced training in historical research and writing leading to the Doctor of Philosophy degree. Once admitted to the Ph.D. program, a student in exceptional cases may work for a Master of Arts degree, but the department does not accept applicants for an M.A. For further information, contact the director of the graduate program for the Department of History.

**Admission Requirements***Prerequisites*

An applicant should have an undergraduate degree or an M.A. degree in history or a related discipline. Promising students trained in other fields will also be considered.

*Criteria*

All applicants must take the general test of the Graduate Record Examinations. The subject test in history is not required. In addition, applicants must submit at least three letters of recommendation from college-level instructors and a sample of written work from a college-level history, social science or humanities course. This material should be submitted to the director of the graduate program for the Department of History.

*Procedure*

For complete information on the doctoral programs, prospective applicants should address inquiries to Graduate Admissions, Department of History, SOS 153, University of Southern California, Los Angeles, CA 90089-0034. Information on the programs is also available online at [www.usc.edu/schools/college/history/programs/graduate](http://www.usc.edu/schools/college/history/programs/graduate).

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

**Master of Arts in History**

The department does not accept applicants for a Master of Arts degree in history. The M.A. degree is intended only as a transitional degree in the process of completing requirements for the Ph.D. in history.

*Foreign Language/Research Tool Requirement*

Students are required to demonstrate competence in one foreign language, with the exception that none is required of majors in United States history.

*Course Requirements*

All students must enroll in HIST 500 Introduction to Graduate Historical Studies, and it is recommended that it be completed in the first year of residence.

*Thesis Plan*

Students must take a minimum of six graduate courses, including HIST 500 plus HIST 594ab Master's Thesis. No more than two 400-level courses may count toward this total. A thesis must be written and defended.

*Comprehensive Examination Plan*

This plan requires the approval of the student's guidance committee chair to substitute a comprehensive examination for the thesis.

If approved, the student completes eight graduate level courses, including 500, with no more than two 400-level courses counting toward this total, plus written exams in three fields, one of which may be in another department. Examinations are normally offered in October and April. An oral examination may be given at the discretion of the guidance committee. Examinations are graded on an honors, pass or fail basis. Any student who receives a grade of fail in two examinations is considered as not having qualified for the degree. A student who receives one fail must retake an examination in that field at the next scheduled examination period. An examination cannot be retaken more than once.

### Doctor of Philosophy in History

Application deadline: December 1

The history profession nationwide combines a traditional emphasis on geo-temporal fields (e.g., U.S. in the 19th century; medieval Europe) with a new emphasis on transnationalism, comparative history and interdisciplinary investigation. The USC program is at the forefront of these trends. Following the traditional emphasis, each graduate student must declare a major field in a geo-temporal area at the time of application to the program. Major fields of study include: China, Japan, Korea, Latin America, Middle East, American/United States, medieval Europe, early modern Europe and modern Europe. The purpose of the major field is to prepare students broadly for teaching and research.

By the beginning of his or her second year in the program, each graduate student must declare a minor field and an area of specialization. The minor field is intended to broaden skills beyond the geo-temporal boundaries of the major field; the area of specialization is intended to deepen the student's scholarly training in the chosen area of the dissertation. The minor field may be chosen from the list of major fields (i.e., a student entering the program with American/U.S. as a major field might select "modern Europe" as a minor field), or it may be conceived comparatively, thematically or cross-disciplinarily. Possible minor fields include: Latin America; pre-modern Japan; the colonial Americas; gender and sexuality; visual culture; and anthropology. Possible fields for the area of specialization include: 19th or 20th century U.S. intellectual history; visual culture of the 20th century; modern European cities; and the American West. These lists are not exhaustive and are meant to suggest only possible courses of study.

For the major field, each student must take a minimum of four courses; for the minor field two courses; for the area of specialization three courses. Either the minor field or the area of specialization must be outside the major field of study, transnational or outside the discipline of history. Each student must consult with his or her adviser in putting together these fields of study.

#### *Foreign Language/Research Tool Requirements*

Students are required to demonstrate competence in two foreign languages to be selected in consultation with the faculty adviser. Students in United States history may substitute competence in quantitative methods for one foreign language. The requirements in this category must be met before a student is eligible to take the qualifying examination.

#### *Course Requirements*

All entering students (including those with M.A. degrees) are required to take HIST 500 in their first semester of study. All students are required to take two 600-level research seminars in the History Department. At least one of these seminars must be in the major area of study. Students must complete a minimum of 60 units of course work. No more than 8 units of the 60 may be in HIST 794 (dissertation writing). Students must complete at least 30 units of graduate course work within the History Department.

#### *Screening Procedures*

The performance of every doctoral student is formally evaluated by the full faculty of the History Department, normally at the end of the spring semester and before a student has completed 24 units toward the degree. Unsatisfactory progress toward the degree requires either remedy of the deficiencies or termination of the student's graduate program. After successfully passing the screening procedures, each student establishes a guidance committee which then supervises preparation for the qualifying examination.

#### *Guidance Committee and Qualifying Examinations*

Each student must set up a guidance committee by the end of the third semester in residence. It includes at least five members, at least three of them from the History Department, and at least one of them from outside the History Department (this person must be a tenure-track faculty member from a Ph.D. granting program). The guidance committee will oversee the student's written and oral qualifying examination, which should be taken by the end of his or her fifth semester in residence and no later than the end of the sixth semester. The examination

covers the major field, minor field and area of specialization. Students prepare for these exams by developing, in collaboration with their guidance committee, reading lists for study in their major field, minor field and area of specialization.

The qualifying examination consists of two parts: (1) Three four-hour written responses, based, respectively, on the major field, the minor field and the area of specialization; (2) a two-hour oral session, which may include some discussion of the written exam. Students with one fail or more than two low-pass grades on the written responses will not be permitted to sit for the oral segment of the examination. The guidance committee determines whether a student may retake any parts of the examination graded low-pass or fail.

A student must wait at least six, but not more than nine, months to retake any part, or all, of the qualifying examination. No part of the examination can be retaken more than once.

#### *Dissertation*

After students have successfully completed their qualifying examinations, they will select a dissertation committee consisting of at least three members, including at least two from the History Department. These individuals will be in charge of guiding the dissertation to completion. Within six months of passing the qualifying examination, students must submit a formal dissertation prospectus to all members of the dissertation committee and pass a one-hour prospectus defense convened by that committee. Some students (e.g., those whose major field is East Asia) can, with the approval of their dissertation committee, petition the Graduate Studies Committee for an extension of this six-month deadline. After passing the dissertation prospectus defense, a student is admitted to candidacy for the Ph.D. degree. The student will thereafter concentrate on the dissertation. After a student becomes a doctoral candidate, he or she must register for HIST 794 Doctoral Dissertation each semester thereafter until the dissertation is completed.

#### **Advisement**

Students should seek advice on their program of studies from the director of the graduate program, the professor in their major field of study and other members of their guidance committee.

## Courses of Instruction

### HISTORY (HIST)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**HIST 100gm The American Experience (4, FaSpSm)** Patterns of American development from Colonial times to the present.

**HIST 101g The Ancient World (4, Irregular)** Achievements of the near East, Greece, and Rome with emphasis on the development of ideas, arts, and institutions which have influenced modern man.

**HIST 102gm Medieval People: Early Europe and Its Neighbors, 400-1500 (4)** Early Europe, c. 400-1500, with a focus on Europe's diverse communities, cultural interactions among them, dealings between conquerors and conquered, and European contacts with non-Europeans.

**HIST 103g The Emergence of Modern Europe (4, Fa)** Political, intellectual, and cultural developments in Europe, 1300-1815. Renaissance and Reformation; absolute monarchy, scientific changes, and Enlightenment; French Revolution and Napoleon.

**HIST 104g Modern Europe (4, Sp)** The Enlightenment, French Revolution, industrialization, Darwinism, socialism, nationalism, technological revolutions, mass culture, imperialism, race, fascism, communism, world wars, genocide, migration, the Cold War, terrorism.

**HIST 105g The Korean Past (4)** A topical and chronological study of the major political, social, and intellectual forces that have shaped the history of Korea.

**HIST 106g Chinese Lives: An Introduction to Chinese History (4, FaSp)** Study of the lives of selected individuals who have helped to shape Chinese politics and culture.

**HIST 107g Japanese History (4, FaSp)** Japan from the earliest times to the present; social, cultural, and political dimensions.

**HIST 180g The Middle East (4, Sp)** Introduction to the history and the study of the Middle East from ancient to modern times.

**HIST 195 Selected Themes and Topics in History (4, Irregular)** Study of special historical themes and topics through readings, lectures, discussions, and supervised writings.

**HIST 215g Business and Labor in America (4, Fa)** Expansion of business enterprise from colonial merchants to modern corporations; evolution of the labor force from artisans to skilled and unskilled industrial workers. *Concurrent enrollment:* WRIT 140.

**HIST 225g Film, Power, and American History (4, Sp)** U.S. motion pictures as both a response to and comment upon major events, problems, and themes in 20th century America. *Concurrent enrollment:* WRIT 140.

**HIST 235g War and the American Experience (4, Fa)** Comparative historical analysis of the American experience of war: war decision-making processes; evolution of strategy and tactics; the political, economic, and social effects of war. *Concurrent enrollment:* WRIT 140.

**HIST 240g The History of California (4, Fa)** A thematic approach to California history from precontact to present; focus on peoples, environment, economic, social, and cultural development, politics, and rise to global influence. *Concurrent enrollment:* WRIT 140.

**HIST 245gm Gender and Sexualities in American History (4)** An investigation of the nature of femininities and masculinities over the course of U.S. history; including topics like women's rights, birth control, abortion, and gay/lesbian liberation. *Concurrent enrollment:* WRIT 140.

**HIST 255g The Evolution Debates (4, Fa)** Historical perspective for current debates on evolution, investigating the contexts for the emergence and development of evolutionary theory and its subsequent impact on society.

**HIST 265g Understanding Race and Sex Historically (4, Sp)** To introduce students to historical consideration of the difficult contemporary topics of sexuality and race globally. *Concurrent enrollment:* WRIT 140.

**HIST 266g Business and East Asian Culture, 1800-Present (4, Sp)** Business history of East Asia (China, Japan, Korea, Taiwan, and Hong Kong) as related to culture, politics, and society.

**HIST 271g Early Native American Stories (4, Sp)** An exploration of the history of Native America peoples and the ways they understood and explained the changes in their lives from 1492 to 1840.

**HIST 273g Colonial Latin America (4, Sp)** Introduction to Colonial Latin America; native American peoples, themes, issues, and evolution of Spanish and Portuguese colonial rule to ca. 1800.

**HIST 275g The Worlds of the Silk Road (4, Sp)** Exploration of the two millennia of economic exchanges and cross cultural interaction between Asia and Europe.

**HIST 280 The Modern Middle East (4, Sp)** The interplay of local, regional, and international forces and broad themes in the history of the Middle East from 1500 to the present.

**HIST 300 Approaches to History (4, FaSp)** Approaches to history; intellectual and personal dimensions of the historian's work. Required of all history majors.

**HIST 301 Religions of Ancient Egypt and the Near East (4)** (Enroll in REL 302)

**HIST 302 From Sappho to Stonewall: Lesbians in History (4, Sp)** The cultural, social, and personal meanings of same-sex relations between women in Europe and the United States, from archaic Greece to the 1960s.

**HIST 303 Barbarians, Romans, and Christians (4, Fa)** Exploration of the dynamic transformation of the social, political, religious, and intellectual landscape of the Mediterranean during Late Antiquity, c. 200 – c. 700 AD.

**HIST 304 Archaeology of Egypt and the Near East (4)** (Enroll in REL 394)

**HIST 305 From Goddesses to Witches: Women in Premodern Europe (4, Sp)** Social, cultural and political contexts of women's spiritualities in Europe from the Paleolithic to the Reformation. Topics include: goddess-worship; Christian and Jewish contexts; male attitudes. (Duplicates credit in former HIST 270.)

**HIST 306 The Early Middle Ages (4)** Survey of European civilization in the Early Middle Ages.

**HIST 307 Women in Medieval Europe, c. 1000-1500 (4, Fa)** The influences of cultural, social, economic, familial, religious, and political factors on medieval women, as well as consideration of differences among them.

**HIST 308 Britain and Ireland to 1200 C.E. (4, Fa)** Anglo-Saxon and Celtic societies from the Iron Age to the Norman Invasions. Topics include: King Arthur, epics, sagas, Christianization, kingship, women, economic development and Vikings. (Duplicates credit in former HIST 430.)

**HIST 309 Britain and Ireland, 1100-1500 C.E. (4, Sp)** English and Irish culture, economics, and politics during the expansion of the Norman-English kingdom, the colonization of Ireland, and subsequent development toward the English nation-state.

**HIST 312 The Age of the French Revolution and Napoleon (4, Fa)** Europe in the Old Regime; causes and course of the French Revolution; rise of Napoleon; revolutionary impact on Europe, 1715-1815.

**HIST 313 France and the French from Napoleon to Mitterand (4, Irregular)** Social, cultural, and political history of France from 1789 to the present.

**HIST 316 The Renaissance (4, Irregular)** The flowering of arts, literature, and learning at the end of the Middle Ages.

**HIST 317gm North American Indians in American Public Life (4, Irregular)** (Enroll in ANTH 316gm)

**HIST 318 Early American Indian History (4, Sp)** Relations of European settlers with native Americans from the 16th into the early 19th centuries; cultural contacts, trade and eventual conflicts.

**HIST 320 Russian and Soviet Rebels: The Moral Dilemma and the Continuity of Dissent (4, Irregular)** The ethical foundations and the intellectual dimensions of philosophical, social, religious, artistic, and political dissent in Russia from the 14th century until the present.

**HIST 323 The Holocaust in 20th Century Europe (4, Sp)** The origins and development of anti-Jewish persecution in Germany, resulting in the systematic mass murder of Europe's Jews during World War II.

**HIST 324g Islam in Russia and the Soviet Union (4, Sp)** Cultural cohesiveness and ethnic diversity of Islam in the USSR; nature and effect of government policies aimed at the integration of Islam into the state.

**HIST 325 Early Modern Britain (4, Sp)** A survey of one of the most pivotal eras in British history: reform, regicide, and revolutions; new ideas, new religions, and new worlds.

**HIST 326 The Victorians (4)** Britain in the 19th century, politics, industrialization, and imperialism, change and continuity in social and cultural aspects, especially class, gender, and race relations. (Duplicates credit in the former HIST 433.)

**HIST 327 Twentieth Century Britain (4)** The rise and decline of modern Britain as a global political and economic force, social and cultural change, emergence of a multiracial and multiethnic society. (Duplicates credit in the former HIST 434.)

**HIST 328 Poland and the Western Tradition (4, 2 years, Irregular)** Polish civilization from the 10th century to the present, with special emphasis upon the participation of Poland in the currents of the European tradition.

**HIST 329 Madness and Society in the Modern Age (4)** The shifting place of insanity and "the mad" in Europe and the United States from the French Revolution to the anti-psychiatry movement.

**HIST 330 Drugs, Disease, and Medicine in History (4, Irregular)** An overview of the role played by disease and the health sciences in history.

**HIST 331 The British Empire: 1588-1834 (4, Sp)** Emergence of the British Empire, emphasizing colonies in the Americas; the development of imperial economy, imperial wars, slavery and abolitionism.

**HIST 332 British Empire from the Mid-19th Century (4, FaSp)** Political and economic development of the British Empire since Victoria; rise of the British Commonwealth.

**HIST 333 Korea: The Modern Transformation (4, Sp)** Examination of selected topics on Korea's transition to the modern era; focus on the traditional roots of 20th century developments.

**HIST 334 History of the Samurai (4)** Development of the Samurai from a warrior elite to political hegemony between the 8th and 12th centuries; use of primary sources, introduction to divergent historiographies. *Recommended preparation:* a course in Japanese history.

**HIST 335 History of Japan to 1550 (4, Irregular)** Growth of Japanese civilization from the mythological "age of the gods" through the feudal "age of the samurai"; foundations of a great Asian power.

**HIST 336 History of Japan, 1550-1945 (4, Irregular)** Development of Japan as a modern world power; tradition and change in Japanese life; impact of Western culture, politics, and diplomacy from 1550 to 1945.

**HIST 337 Japan since 1945 (4, Irregular)** Survey of the impact of World War II, American occupation, and rapid economic growth on Japan's politics, society, economy, and culture; Japan as a post-modern nation.

**HIST 338 China to 960 A.D. (4, Irregular)** The origins of China's distinctive civilization; cultural and political ferment in the late Chou; the greatness of Han and T'ang.

**HIST 339 China, 960-1800 A.D. (4, Irregular)** Politics and culture under the Sung; Mongols, Manchus, and other invaders; the golden autumn of a great civilization.

**HIST 340 History of China since 1800 (4, Sp)** Western impact and dynastic decline; problems of the Chinese Republic; nationalism and communism.

**HIST 341 American Social History (4, Irregular)** The social history of the American peoples from Colonial times until the 20th century, to include industrialization, urbanization, women, families, workers, immigration, ethnicity, racism, radicalism.

**HIST 342 Love and Politics in America, 1750s to 2050s (4, Fa)** An analysis of the intersections of love and politics, private and public, in fiction, non-fiction, and film in America from the Enlightenment into the future.

**HIST 343 Work, Leisure, and Violence in Industrializing America (4, Irregular)** Rise of industrial America from 18th to 20th centuries: changing work ethics, rise of factories, women workers, mass leisure, consumer culture, urban and industrial violence.

**HIST 344 The Vietnam War, 1945-1975 (4, Sp5m)** Analysis of causes, conduct, and consequences of war in Southeast Asia; of participants' experiences; and of post-war debate.

**HIST 345 Men and Women in United States History from the 1920s to the Present (4)** Investigation of the roles and relationships of men and women in American society and culture from the era of the "flapper" to the era of the "yuppie."

**HIST 346 American Intellectual History (4, Sp)** Study of major American ideas and values as reflected in philosophy, political and economic thought, religion, and social movements.

**HIST 347 Urbanization in the American Experience (4, Irregular)** The American city in interdisciplinary perspective; emphasis on growth and change in relation to architecture, urban planning, demography, and ethnic politics.

**HIST 348 The Dynamics of American Capitalism (4, Irregular)** Economic growth and institutional change in American capitalism from the Colonial era to the present.

**HIST 349 Colonial North America 1600-1760 (4, Fa)** Colonial history of United States area, Canada, and Caribbean to 1760; Indians, European migration, plantation complexes, Puritan colonies, African slave migration, creole culture, borderlands, wars for empire.

**HIST 350 American Standard of Living: 1600 to the Present (4, Fa)** Socioeconomic history of material life: Indian experience, colonial diet, urbanization and slums, industrial households, 1920s durables revolution, installment credit, Depression, postwar boom, advertising, international comparisons.

**HIST 351 The American Revolution (4, Fa)** Origins, course and consequences of the American Revolution; the post-war establishment of the Constitution.

**HIST 352 The American Civil War (4, Irregular)** The causes, course, campaigns, and consequences of the American Civil War, 1861-1865.

**HIST 353m Race and Racism in the Americas (4)** (Enroll in AMST 353m)

**HIST 354 Mexican Migration to the United States (4, 2 years, Fa)** Mexican migration from the 1850s to the present, emphasizing labor migrants to the United States.

**HIST 355 The African-American Experience (4, Fa)** An historical and social analysis of the African-American experience from Colonial times to the present. (Duplicates credit in former HIST 250).

**HIST 356 The Old South (4, Irregular)** The South from Colonial days to 1860; slavery, the plantation system, politics; important social and economic problems.

**HIST 357 The New South (4, Irregular)** Economic and political change, racial problems, society, and culture in the American south from 1877 to the present.

**HIST 360 19th Century U.S. History (4, Sp)** The social, political, and economic history of the United States from the formation of the Constitution to 1900.

**HIST 361 20th Century U.S. History (4, Fa)** Critical turning points in the 20th century; sources of major social and political change. Course materials include primary documents and historic radio/television recordings.

**HIST 363 Foundations of American Foreign Policy, 1776 to the Present (4, Sp)** Evolution of American principles, roles and policies in international relations from the founding of the republic to the present.

**HIST 365 The Second World War (4, 2 years, Sp)** Comparative analysis of the Second World War as a major transforming event of the 20th century. Its causes, conduct, and consequences for humanity.

**HIST 366 The People's Republic of China (4)** Politics, economy, society, and culture from 1949 to the present including the role of the communist party and the experiences of ordinary people.

**HIST 369 Aztecs, Mayas, and other Indigenous Peoples of the Americas (4)** Introduction to Pre-Columbian Mesoamerica and the Andes, the causes and consequences of the Spanish conquest, and the establishment of colonial societies and economies.

**HIST 370 Spanish America, 1492-1821 (4, Sp)** Topics in Spanish colonialism in Americas, with a focus on how religious, sexual, and racial differences shaped colonial policies and practices.

**HIST 372 Modern Latin America (4, Sp)** Exploration of major themes and events in Latin American history from independence to the present. Upper division standing.

**HIST 373 History of the Mexican American (4, FaSp)** (Enroll in AMST 373).

**HIST 374 History of Mexico (4, Fa)** The native cultures of Meso-America; colonial government, economy, and society; independence and 19th century liberalism; the Mexican revolution, 1910 to 1950. (Duplicates credit in former HIST 450.)

**HIST 376 U.S.-Japan Encounters: War, Trade, and Culture (4, Fa)** (Enroll in IR 376)

**HIST 378m Introduction to Asian American History (4, FaSp)** (Enroll in AMST 378m)

**HIST 379 Arabs in America (4, FaSp)** (Enroll in AMST 379)

**HIST 380 American Popular Culture (4, Sp)** Rise of popular culture (sports, amusement parks, movies, and television) and its significance in American society from mid 19th century to the present. (Duplicates credit in former HIST 255.)

**HIST 381 Cinema and History (4, Irregular)** Examines film as a means to narrate the past; treats the question of genre: epic, docudrama, the biopic, the music, adaptation, and such issues as authenticity and infotainment.

**HIST 382 The Middle East, 500-1500 (4)** Major topics, themes, and representative writings in the history and literature of the Arabic and Islamic World during the Medieval period.

**HIST 384 Popular Culture in the Middle East (4, FaSpSm)** Examination of the Middle East through the prism of its popular cultures; emphasis on audio, visual, and literary representations in relation to colonialism, nation-building, and globalization.

**HIST 385 Anglo-American Law before the 18th Century (4)** The evolution of discourse, practices, and institutions in Anglo-American legal history from the later Middle Ages to the 18th century.

**HIST 386 American Legal History (4, Sp)** An introduction to the study of law from a historical perspective; explores the interaction of law, culture, and politics from the Revolution through the New Deal.

**HIST 388 Women and Gender in North American History through 1920 (4)** Roles and relationships of women and men in North America from first contact to the 1920s, with special emphasis on race, marriage, and political culture.

**HIST 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**HIST 401 The Roman World (4, Fa)** Rome at the crossroads of Europe and the Mediterranean; the rise of Rome to world power; social, cultural and political history of Republic and Empire.

**HIST 403 Carolingian Europe (4)** Political, religious, and intellectual culture of Europe in the 8th and 9th centuries.

**HIST 404 Seminar in Korean History (4, Irregular)** Exploration of issues and sources in Korean history; work on an individual research paper through an incremental process.

**HIST 406 Special Periods in Medieval History (4, Irregular)** Intensive study of selected periods.

**HIST 407 Europe in the 10th Century (4)** Political, religious, and intellectual culture of Europe in the 10th century and beyond.

**HIST 408 Everyday Life in Chaucer's England (4, Sp)** Readings and research on English social history between 1300 and 1550; emphasis on family structures, demography, gender relations, and class divisions.

**HIST 409 The Norman Conquest of England, 1066 (4)** Political, religious, and intellectual culture of England and the continent in the 11th and 12th centuries.

**HIST 410 The Age of Humanism and Reformation (4, Irregular)** The thought, art, politics, and religion of western Europe in the 16th and 17th centuries; emphasis on the contribution of Christian humanism.

**HIST 413 The Age of Revolution (4, Irregular)** The French and industrial revolutions and their interaction in 19th century Europe.

**HIST 414 Contemporary Europe (4, Irregular)** World War I and its aftermath; challenge of new culture values; World War II; problems of postwar adjustment.

**HIST 415 Medieval and Early Modern Russia (4, 2 years, Fa)** The politics, society, and culture of medieval and early modern Russia; the emergence of empire and the roots of its Eurasian identity.

**HIST 416 History of Imperial Russia: 1689-1917 (4, Sp)** The evolution of imperial society, politics and culture from Peter the Great to the Bolshevik Revolution. The dilemmas of identity in a multinational empire.

**HIST 417 History of Soviet Russia: 1917-1991 (4, 2 years, Fa)** The birth of the totalitarian regime, the emergence of the superpower and the socioeconomic, political and cultural developments that culminate in its demise.

**HIST 419 Poland and Its Neighbors in the Middle Ages (4, 2 years, Sp)** Polish politics, society, and culture in relation to its regional neighbors, especially Bohemia and Hungary, from the 10th to the end of the 15th century.

**HIST 420 European Intellectual and Cultural History: The 19th Century, 1790-1870 (4)** Intellectual and cultural trends of 19th century Europe, including Romanticism, Conservatism, Liberalism, Socialism and Evolutionary Theory.

**HIST 421 European Intellectual and Cultural History: The Turn of the Century 1880-1920 (4)** Intellectual and cultural trends of turn-of-the-century Europe, including the avant-garde, the crisis of positivism, psychoanalysis and gender theory.

**HIST 422 European Intellectual and Cultural History: The 20th Century, 1920 to the Present (4, Irregular)** Intellectual and cultural trends of contemporary Europe, including Dadaism, Surrealism, Western Marxism, Fascism, Existentialism and Structuralism.

**HIST 424 Family, Work, and Leisure in Russian History (4, Irregular)** Children and parents, love and marriage, work and leisure in the Russian village and city before and after the Revolution.

**HIST 425 The Era of the First World War (4, FaSp)** The background, causes, course, and aftermath of the First World War, with attention to the events in the United Kingdom and continental Europe. *Prerequisite:* HIST 104g, HIST 413, HIST 414 or departmental approval.

**HIST 426 Gender, Family, and Society in Europe and the United States, 1500-Present (4, 2 years, Sp)** Changing social, economic, and cultural functions of the family and the roles of men, women, and children from pre-industrial times to the present in Europe and the United States.

**HIST 427 The German Question: Nation and Identity in Modern Central Europe (4)** A seminar on the making, unmaking and remaking of the German nation-state, with particular attention to issues of race, class and gender in German identity.

**HIST 428 Life and Death in Nazi Germany (4)** Social, cultural and medical history of Nazi Germany, emphasizing the Nazi vision of a racially pure national community. *Recommended preparation:* some European history.

**HIST 429 Street Life: Urban Culture in Modern Europe (4, Sp)** The 19th and 20th century European city as social artifact, cultural setting and object of fascination for its contemporary inhabitants.

**HIST 432 Britain in the 18th Century (4)** Political, social, and cultural aspects of British life from the accession of George I to about 1820.

**HIST 437 Seminar in Modern Chinese History (4, max 8, FaSp)** A readings and research seminar dealing with one topic in the history of China since 1600. Topics will change each time the course is offered. *Recommended preparation:* a class in Chinese history.

**HIST 438 Seminar in Pre-Modern Japanese History (4, max 8, FaSp)** A readings and research seminar dealing with one topic in the history of Japan before 1550. Topics will change each time the course is offered. *Recommended preparation:* a course in Japanese history.

**HIST 440 Early Modern World History (4, Fa)** Comparative patterns of historical change around the world, from ca. 1500 to ca. 1800.

**HIST 441 Modern World History (4, Sp)** Comparative patterns of historical change around the world, from ca. 1800 to the present.

**HIST 444 Mass Violence and Comparative Genocide in Modern World History (4)** Systematic exploration of origins, developments, forms, and aftermath of mass murder of large population groups, one of the dark elements of modern world history.

**HIST 445 Comparative History and Theory of Fascism and Nazism (4, Fa)** Analysis and comparison of Italian Fascism and German Nazism in national and international contexts; recent historiographic debates.

**HIST 451 The Mexican Revolution (4, 2 years, Sp)** The roots, trajectory and outcome of the Mexican revolution of 1910.

**HIST 452 Beauty and the Body in Historical Perspective (4, Sp)** Cultural constructions of the body and beauty from gender, ethnicity, age, and disability perspectives in Europe and the United States from 1800 to the present.

**HIST 455 Advanced Topics in African-American History (4, Sp)** Exploration of African-American history through primary and secondary sources employing a colloquium format with an emphasis on shared responsibility for comprehensive discussion and analysis. Upper division or graduate standing.

**HIST 456 Race, Slavery, and the Making of the Atlantic World (4, FaSp)** Introduction to the literature of the Atlantic World with a focus on slavery and its role in the emergence of the modern era. Seminar enrollment limited to 15 students.

**HIST 457 The American West (4, Irregular)** The nation's westward movement from Colonial times to the present, with emphasis on the frontier's effect on American life and institutions.

**HIST 458 History of California (4, Fa)** Exploration, colonization, and development of Hispanic California; coming of the Americans; political, economic, and cultural development of California since its acquisition by the United States.

**HIST 461 19th Century American Thought (4, Fa)** Major American thinkers from Emerson and Margaret Fuller to William James and W.E.B. DuBois, with emphasis on race, religion, politics, and gender.

**HIST 462 20th Century American Thought (4, Fa)** Major American thinkers from John Dewey and Jane Addams to Martin Luther King and Richard Rorty, with emphasis on race, religion, politics, and gender.

**HIST 464 Culture, Money, and Power: Japanese-American Relations since 1853 (4, Sp)** Examination of the role of cultural, economic, and military forces in shaping relations between two of the most important nations in the Asia/Pacific regions. *Recommended preparation:* HIST 363 or appropriate International Relations course.

**HIST 465 America in the Cold War World, 1945-1991 (4, Fa)** America's role in the Cold War and the impact of that conflict on its people, society and culture.

**HIST 470 The Spanish Inquisition in the Early Modern Hispanic World (4, 2 years, Fa)** The Spanish Inquisition in Spain and Colonial Latin America, major theories and interpretations. Junior or senior standing recommended.

**HIST 473 Colonial Latin America Seminar (4, Sp)** The history of colonial Latin America, focusing on the transformation of native Americans and Europeans into participants in a new colonial tradition. Upper division standing. (Duplicates credit in former HIST 371.)

**HIST 474 Sex, Gender, and Colonialism in Latin America, 1492 to 1820 (4, 2 years, Sp)** Seminar overview of the historical literature on women, gender, and sexuality in colonial Latin America.

**HIST 478 The United States, 1789-1850 (4, Irregular)** The nation during the first six decades; development of American institutions; constitutional growth, expansion, sectionalism, and the Mexican War; the Compromise of 1850.

**HIST 480 Seminar in Middle East History (4, max 8)** A readings and research seminar dealing with one topic in the history of the Middle East. Topics will change each time the course is offered.

**HIST 481 Producing Film Histories (4, Sp)** History of film form and its institutions. Students will produce an original written or multimedia research project.

**HIST 482 Jesus in American History and Culture (4, Sp)** The place of Jesus Christ in diverse American cultures from colonial times to the present: Jesus as cultural icon, secular inspiration, Christian Son of God.

**HIST 484 The United States, 1919-1939 (4, Irregular)** Postwar reaction and the Twenties; the Great Depression and the New Deal; diplomacy between the wars.

**HIST 487 The United States since 1939 (4, Irregular)** A survey of the accelerating changes that transformed the nation's domestic life and revolutionized America's role in world affairs.

**HIST 488 Teaching History in the Secondary Schools (4, Fa)** Seminar in research methods, textbook and online research and teaching materials, and instructional approaches for teaching history in secondary schools.

**HIST 490x Directed Research (2-8, max 8, FaSp)** Individual research and readings. Not available for graduate credit.

**HIST 492 Honors Thesis (4, Sp)** Writing of the honors thesis; for students in the History Honors Program.

**HIST 493 Quantitative Historical Analysis (4, Sp)** Reading and doing quantitative research with historical data. Covers research designs, appropriate statistical analysis, and software packages for the use of historians.

**HIST 494 Seminar in New Historical Writing (4, 2 years, Fa)** Historical writing experiments combining historical specificity with more fluid approaches to time, characterization and objectivity associated with 20th century artists.

**HIST 495 American Lives: Biography and Autobiography in the United States Past (4)** The history of the United States seen through the lives of individuals, including Thomas Jefferson, Jane Addams, Malcolm X, and Marilyn Monroe.

**HIST 497 Senior Seminar in Early Modern Studies (4, Sp)** (Enroll in ENGL 497)

**HIST 498 Seminar on Selected Historical Topics (4, max 8, FaSp)** Advanced study in historical analysis and writing on selected topics and themes. Seminar enrollment limited to 15 students. *Recommended preparation:* HIST 300.

**HIST 499 Special Topics (2-4, max 8, Irregular)**

**HIST 500 Introduction to Graduate Historical Studies (4, Fa)** Techniques, theories, and sub-disciplines of history.

**HIST 505 Studies in Early Medieval History (4, Irregular)** Intensive study of subjects selected from the early Middle Ages, emphasizing source material, bibliography, and historiographic problems.

**HIST 506 Studies in Later Medieval History (4, Irregular)** Intensive study of subjects selected from the later Middle Ages, emphasizing source material, bibliography, and historiographic problems.

**HIST 508 Studies in the Renaissance (4)** Europe in the Renaissance: sources; secondary bibliography; and historiography.

**HIST 509 Studies in the Reformation (4)** Readings, reports, and discussions of major problems, issues, and interpretations of the Reformation.

**HIST 510 Studies in Early Modern European History (4, Irregular)** Readings of major interpretive studies on the 17th and 18th centuries.

**HIST 511 Studies in Early Modern British History (4)** Readings of major interpretive and historiographical studies on 16th and 17th century British history.

**HIST 514 Studies in Modern European History, 1789-1914 (4, Fa)** Readings and current bibliography in the history of Europe from the French Revolution to the outbreak of World War I; emphasis on cultural history approaches.

**HIST 515 Studies in Modern European History: Europe's 20th Century (4, Fa)** Readings in the history and historiography of Europe in the 20th century.

**HIST 517 Studies in Russian History (4, Irregular)** Readings, discussions, and student papers in modern Russian history.

**HIST 520 Modernity and Its Visual Cultures (4, Sp)** Western visual culture 1850-1930: historical background of changes in high and popular culture, technological reproducibility, display and spectacularization; recent literature and theoretical approaches.

**HIST 525 Studies in British History (4, Irregular)** Selected topics in English and British Empire history with emphasis on the 19th and 20th centuries.

**HIST 535 Studies in Japanese History (4, Irregular)** Selected topics in historical problems dealing with Japan.

**HIST 536 Studies in Chinese History (2 or 4, Irregular)** Selected topics in historical problems dealing with China. *Prerequisite:* HIST 340.

**HIST 540 Studies in Modern East Asian History (4, max 8, Irregular)** Readings and analysis of a particular theme in modern Asian history, focusing on broad comparative issues like cultural identity, colonialism, nationalism, revolution, or interstate relations.

**HIST 544 Feminist Theory for Historians (4, Fa)** Readings in contemporary feminist theory, focused especially on theories that address the construction, writing, and general practice of history. Open only to graduate students.

**HIST 546 Comparative History of Women and Gender in the West to 1800 (4, Fa)** Topically-focused readings in the comparative history of women and gender in Europe and the Americas before 1800. Open only to graduate students.

**HIST 550 Studies in the History of Women, Gender and Sexuality (4, max 8, Irregular)** Readings and current bibliography in the history of women, gender and sexuality.

**HIST 554 Readings in Chicano/Latino History (4, FaSp)** (Enroll in AMST 554)

**HIST 555 Studies in the American West (4)** Zones of contact — physical, economic, political, ecological, symbolic, cultural, metaphorical — between peoples “west” of the Eurasian land mass since the rise of capitalist global expansion.

**HIST 561 Historiography of Colonial Mexico (4, Fa)** Introduction to the historiography of Colonial Mexico from 1500 to 1821.

**HIST 565 Studies in American International History (4, FaSm)** Readings and analyses of American policies, roles and principles in their interaction with peoples and nations of the world.

**HIST 566 Historical Scholarship on North America to 1800 (4, Fa)** Introduction to research in the fields of American Indian, colonial America, Atlantic world, and the early United States. Open only to graduate students.

**HIST 567 Historical Scholarship on 19th Century America (4, Sp)** Introduction to historiography and research in the political, economic, social, cultural, and intellectual history of the 19th century United States.

**HIST 568 Historical Scholarship on 20th and 21st Century America (4, Sp)** Introduction to historiography and research in the political, economic, social, cultural, and intellectual history of the 20th and 21st century United States.

**HIST 575 Studies in 19th Century United States History (4, max 8, 2 years, Fa)** Intensive readings and bibliography in the Early National, Jacksonian, Civil War, and Post-Civil War periods.

**HIST 583 Studies in Urban History (4)** Readings and analyses in the rise of the city and the impact of urbanization from the colonial era to the present.

**HIST 584 Seminar in American Social History (4, Irregular)** Creation of communities and societies; industrialization, urbanization, working class life; families, women, ethnicity; immigration; racism; mobility; reform and radicalism, leisure.

**HIST 585 Studies in 20th Century American History (4)** Readings and analyses in social and political problems, movements, and issues.

**HIST 587 Studies in the Politics of American Popular Culture (4)** Selected themes, theories, and key works in the politics of American popular culture.

**HIST 590 Directed Research (1-12, FaSpSm)** Research leading to the master’s degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**HIST 592 Historiography (4, Sm)** Historical criticism; form and mechanics of presenting research; writers of history, their works and philosophies; theories of historical development.

**HIST 593 The Art of Historical Writing (4, Sp)** An analysis of conventional forms of historical representation and the artistic and scientific challenges to them. Laboratory training in innovative forms of historical writing will be stressed.

**HIST 594abz Master’s Thesis (2-2-0, FaSp)** Credit on acceptance of thesis. Graded IP/CR/NC.

**HIST 595 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**HIST 602 Seminar in Ancient History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 605 Seminar in Medieval European History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 608 Seminar on Premodern Europe (4, max 8)** Directed research on topics from late antiquity to the 18th century. Students will work with both their faculty advisers and the course instructor.

**HIST 610 Seminar in Early Modern European History (2 or 4, max 8, Irregular)** Directed research in historical problems concerning the 17th and 18th centuries.

**HIST 615 Seminar in Modern European History (2 or 4, max 8, Irregular)** Directed research in historical problems dealing with Europe since 1789.

**HIST 617 Seminar in Russian History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 620 Research Seminar on Modern Visual Culture (4, Fa)** A research seminar focusing on Western visual culture since the mid-18th century. *Recommended preparation:* HIST 520.

**HIST 630 Seminar in Japanese History (2 or 4, max 8, Irregular)** Directed research in historical problems.

**HIST 635 Seminar in Chinese History (2 or 4, max 8, Irregular)** Directed research in historical problems. *Prerequisite:* HIST 340.

**HIST 650 Seminar on Women’s and Family History (4, max 8, Sp)** Readings, discussions, and directed research on women’s and family histories.

**HIST 655 Seminar in Western American History (2 or 4, max 8)** Selected topics in the history of the American frontier and the West.

**HIST 670 Illness and Healing in the Modern World (4, Sp)** Illness and healing in Europe and the Americas since 1492, especially the changing clinical and cultural definitions and responses to disease and ailments.

**HIST 673 Seminar in Early North American History (4, max 8)** Primary research on issues related to the history of the colonial and early national periods with an emphasis on areas that became the United States.

**HIST 675 Seminar in 19th Century United States History (4, max 8, 2 years, Sp)**

Research in historical problems of the Antebellum, Civil War, and Post-Civil War periods.

**HIST 680 Seminar in 20th Century United States History (4, max 8, 2 years, Fa)**

Directed research in historical problems of the Reform, World War I, interwar, World War II, and Post-War periods.

**HIST 700 Historical Explanation and Research Design (4)**

Designed for all doctoral candidates in their last year of course work, this practicum helps students define a dissertation topic and produce a prospectus. Graded CR/NC. Open only to graduate students.

**HIST 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**HIST 794abcdz Doctoral Dissertation**

**(2-2-2-0, FaSp)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Interdisciplinary Studies

College Academic Services Building  
(213) 740-2961

FAX: (213) 740-4839

Email: [fliegel@college.usc.edu](mailto:fliegel@college.usc.edu)  
[dornsife.usc.edu/interdisciplinary-studies](http://dornsife.usc.edu/interdisciplinary-studies)

Faculty Director: Thomas Gustafson, Ph.D.

Director: Richard Fliegel, Ph.D.

**Interdisciplinary Major**

The interdisciplinary major allows students to create an individual, original major. It is a flexible option available when a combination of existing majors and academic minors does not adequately fulfill a student's educational goals. With close advisement, students can build their own programs of study.

The interdisciplinary major is an intensive research program for students with a focused interest in a topic that requires study from more than one disciplinary perspective. Interdisciplinary majors are usually self-motivated students with good writing skills and an intellectual passion for a particular area of inquiry. Course work is selected to lead to a thesis project integrating the areas of research comprising the interdisciplinary major.

**Admission**

Admission to the interdisciplinary major is by application. Applications, which may be obtained from the program office, are considered by a special admissions committee. Interested students must have a GPA of 3.0 (A = 4.0) or above; those with less than a 3.3 are the exception. No one is usually admitted after the end of the first semester of the junior year.

**Program Requirements**

Students in the program must meet all graduation requirements of the college. When admitted, students establish an academic "contract," which outlines each semester's

course of study through graduation. The contract includes a minimum of nine (four unit) upper division courses, distributed in at least two fields. The primary focus of the major should be in the USC Dornsife College of Letters, Arts and Sciences. These areas of concentration must then be combined in a senior thesis or project, written under the guidance of a faculty committee.

**Restrictions**

Course prerequisites cannot be waived; admission to courses restricted to majors is subject to availability and direct negotiations; admission to departments and/or schools which have their own admission requirements must be processed separately.

**Bachelor of Arts in Narrative Studies**

See English, page 338, for a full description of the major.

**Minor in Critical Approaches to Leadership**

This minor is offered by faculty from several disciplines whose perspectives are brought to bear on issues and questions that should inform the judgements of capable, ethical leaders. Students are introduced to theoretical and historical models of leadership, engage in case studies of modern leaders, select critical electives that explore ethical and social considerations of leadership, examine professional applications of leadership principles, and integrate what they have learned in a capstone course. The emphasis of the minor is on leadership as expertise in community-building and takes advantage of USC's programs in community service, including the Joint Educational Project, the Jesse M. Unruh Institute of Politics and other internships available through the Division of Student Affairs.

Five upper-division courses, totaling 20 units, are required.

CORE COURSES		UNITS
Choose two:		
CLAS 370	Leaders and Communities	4
CLAS 375	Alexander the Great: Leadership, Personality and World Conquest	4
PHIL 335	Theoretical Models of Leadership	4
MDA 325	Case Studies in Modern Leadership	4
CRITICAL ELECTIVES		UNITS
<i>Group A — choose one</i>		
PHIL 337	History of Modern Political Philosophy	4
PHIL 437	Social and Political Philosophy	4
PSYC 355	Social Psychology	4
REL 341	Ethics in a Technological Society	4
REL 360	Ethical Issues in the New Medical Revolution	4
REL 375	Conflict and Change and the Ethics of Business	4
SOCI 320	Social Psychology	4
<i>Group B — choose one</i>		
IR 303	Leadership and Diplomacy	4
MOR 470	Global Leadership	4
POSC 365	World Political Leadership	4
POSC 423	Presidents and the Presidency	4
CAPSTONE COURSE		UNITS
AMST 365	Leadership in the Community, or	
MDA 365	The Art and Adventure of Leadership, or	
MDA 475	The Future of California	4

## Courses of Instruction

### INTERDISCIPLINARY MAJOR PROGRAM (INDS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**INDS 100 Topical and Multidisciplinary Seminars (1-4, max 12, FaSp)** Small group investigation from an interdisciplinary perspective.

**INDS 101 Directed Research and Tutorials (1-4, FaSp)** Research and study with L.A.S. Faculty Associates and other faculty.

**INDS 102 Field Study (1-4, FaSp)** In-service experience in a variety of off-campus institutions under the supervision of an L.A.S. Faculty Associate.

**INDS 300 Topical and Multidisciplinary Seminars (1-4, max 12, FaSp)** See INDS 100 for description.

**INDS 301 Directed Research and Tutorials (1-4, FaSp)** See INDS 101 for description.

**INDS 302 Field Study (1-4, FaSp)** See INDS 102 for description.

**INDS 400 Topical and Multidisciplinary Seminars (1-4, max 12, FaSp)** See INDS 100 for description.

**INDS 401 Directed Research and Tutorials (1-4, FaSp)** See INDS 101 for description.

**INDS 402 Field Study (1-4, FaSp)** See INDS 102 for description.

**INDS 494 Senior Thesis (1-8, FaSp)** Writing the IDM senior thesis under the supervision of a faculty guidance committee.

## International Relations

*Director:* Robert English, Ph.D.

### Faculty

*Robert Grandford Wright Professor in International Relations:* Laurie A. Brand, Ph.D.\*

*Professors:* Jonathan D. Aronson, Ph.D.\* (*Communication*); Manuel Castells, Ph.D. (*Communication*); Nicholas Cull, Ph.D. (*Communication*); Patrick James, Ph.D.; David Kang, Ph.D.; Steven L. Lamy, Ph.D.\*; Gerardo Munck, Ph.D.; John S. Odell, Ph.D.\*; Michael Parks (*Communication*); Philip Seib, J.D. (*Communication*); Mary Elise Sarotte, Ph.D.; Edwin M. Smith, J.D. (*Law*)

*Associate Professors:* Robert English, Ph.D.; Jacques Hymans, Ph.D.; Saori N. Katada, Ph.D.; Daniel Lynch, Ph.D.; Brian Rathbun, Ph.D.; Carol Wise, Ph.D.

*Assistant Professors:* Andrew Coe, Ph.D.; Mai'a Davis Cross, Ph.D.; Benjamin Graham, Ph.D.; Nicholas Weller, Ph.D. (*Political Science*)

*Professor of the Practice of International Relations and Economics:* Lord John Eatwell, Ph.D.

*Professors of the Practice of International Relations:* Gary W. Glass, Ph.D.; Geoffrey Wiseman, Ph.D.

*Associate Professor (Teaching) of International Relations:* Pamela K. Starr, Ph.D.

*Assistant Professors (Teaching) of International Relations:* Douglas Becker, Ph.D.; Andrew Manning, Ph.D.

*Robert F. Erburu Chair Emeritus in Ethics, Globalization and Development:* Abraham F. Lowenthal, Ph.D.

*Emeritus Professors:* Peter A. Berton, Ph.D.\*; Michael G. Fry, Ph.D.; Ron Steel, M.A.; Rodger Swearingen, Ph.D.

\*Recipient of university-wide or college award for teaching or research.

### Degree Programs

The School of International Relations (SIR) offers a B.A. in international relations; a B.A. in international relations (global business); a progressive degree in international relations; a dual M.A. in international relations/Juris Doctor offered with the USC Gould

School of Law; a dual M.A. in international relations/Master of Planning and a dual M.A. in international relations/Master of Public Administration offered with the Price School of Public Policy; a Master of Public Diplomacy; and a Ph.D. in politics and international relations offered with the Political Science Department. The SIR also offers minors in global communication, international relations, international policy and management and international urban development.

The SIR encourages undergraduate double majors, especially with economics, environmental studies, geography, history, journalism, foreign languages, political science and sociology. Programs are flexible, allowing students to gain a broad background in international studies and, at the same time, to specialize in a particular area. Minors in international relations; international policy and management; international urban development; and global communication, as well as interdisciplinary minors in nonprofits, philanthropy and volunteerism; and Russian area studies are also offered.

## Undergraduate Degree

### Major Requirements for the Bachelor of Arts in International Relations

The International Relations major requires a minimum of 40 units. All majors and minors must complete IR 210 International Relations: Introductory Analysis. All majors must complete an additional methodologically oriented course: either IR 211 International Relations: Approaches to Research or IR 212 Historical Approaches to International Relations or IR 213 The Global Economy. Normally IR 210 should be completed before attempting 400-level courses.

Four semesters of a single foreign language are required. All majors are encouraged to obtain as much foreign language training as possible either through a major or a minor in a foreign language or through a study program abroad.

Beyond IR 210 and IR 211 or IR 212 or IR 213, international relations majors are required to take eight additional courses. Majors must choose two, three-course concentrations. One of these should be from the following: Culture, Gender and a Global Society; Foreign Policy Analysis; International Political Economy; International Politics and Security Studies; Regional Studies (Europe; Russia, Eastern Europe and Eurasia; Latin America; the Middle East and Africa; or Pacific Rim). The student may design the second concentration with the support of a regular faculty member and approved by the International Relations Curriculum Committee. Every concentration must include at least one international relations course, typically the introductory course.

#### *International Politics and Security Studies*

War and peace are at the heart of relations among nations. These courses investigate defense analysis, arms control, peace-building and strategic studies. The domestic, technological and international factors influencing defense and arms control policies and negotiations are considered. The World Wars, Korea, Vietnam and the numerous crises of the Cold War are the backdrop in these courses. Required course: IR 307 or IR 381. Additional courses are: IR 303, IR 304, IR 309, IR 310, IR 318, IR 382, IR 383, IR 384, IR 385, IR 386, IR 402, IR 403, IR 422, IR 427, IR 445, IR 483, POSC 366 and POSC 448ab.

#### *International Political Economy*

These courses focus on what used to be considered "low" politics, but which have become key issues. Money, trade, investment, development, the environment and foreign economic policy are examined. Required course: IR 330. Additional courses are: ECON 338, ECON 450, ECON 452,

IR 305, IR 309, IR 323, IR 324, IR 325, IR 326, IR 337, IR 363, IR 364, IR 439, IR 454, POSC 430 and POSC 431.

#### *Foreign Policy Analysis*

This area examines the external relations of states, particularly the domestic and international factors that influence the formulation and implementation of national foreign policies. Factors within states (leadership, small group dynamics and domestic lobbying groups) and factors between states are stressed. Required course: IR 341 or IR 343. Additional courses are: IR 303, IR 309, IR 346, IR 365, IR 368, IR 385, IR 403, IR 441, IR 442, IR 443, IR 445 and IR 465.

#### *Regional Studies*

The regional studies field focuses on geographic regions, such as the Pacific Rim, Latin America, Europe, the Middle East and Africa. These courses test general theories of international relations within the framework of a specific region. The economic, political, ethnic and social history of a region are examined to help explain current developments and interstate and domestic policies and issues within a region.

*Europe:* Required course: IR 369. Additional courses are: ANTH 326, FREN 400, FREN 410, GERM 465, HIST 312, HIST 313, HIST 332, HIST 414, HIST 422, HIST 427, HIST 434, IR 368, IR 369, IR 385, IR 468, POSC 370, POSC 371, POSC 463, SPAN 320 and SPAN 350.

*Russia, Eastern Europe and Eurasia:* Required course: IR 345. Additional courses are: HIST 320, HIST 328, HIST 416, IR 346, IR 438, IR 439, POSC 464 and SLL 330.

*Latin America:* Required course: IR 364. Additional courses are: ANTH 328, ANTH 425, GEOG 335, HIST 372, HIST 374, IR 337, IR 365, IR 465, IR 466, POSC 350, POSC 430, POSC 431, SPAN 320 and SPAN 481.

*The Middle East and Africa:* Required course: IR 362 or IR 367. Additional courses are: ANTH 327, ECON 342, IR 362, IR 363, IR 364 and POSC 351.

*Pacific Rim:* Required course: IR 358 or IR 360. Additional courses are: ANTH 323, ANTH 324, EALC 340, EALC 345, EALC 350, EALC 375, ECON 343, HIST 333, HIST 337, HIST 340, IR 333, IR 361, IR 384, IR 442, POSC 352, POSC 355, POSC 356, POSC 377 and POSC 453.

#### *Culture, Gender and Global Society*

This field explores identities and interests shaping the politics of intellectual global society. Required course: IR 305 or IR 316. Additional courses are: EALC 375, IR 303, IR 306, IR 309, IR 310, IR 315, IR 318, IR 344, IR 382, IR 403, IR 422, IR 424, IR 438, IR 444, POSC 456, PPD 382, SOCI 335, SOCI 435, SOCI 445, SOCI 460 and SOCI 470.

If a student chooses a regional studies concentration, then his or her foreign language requirement should be in a language appropriate to that region. Four semesters of a single foreign language are required. Foreign language units do not count toward the minimum total of 40 units for the international relations major.

The student must take at least 32 units of international relations courses, including the two 200-level IR courses. Additionally, he or she must take at least eight upper division courses from the above curriculum, including at least one regional course and one 400-level course.

#### **Honors Program**

The honors program centers around IR 494 Honors Thesis Seminar that culminates in a thesis based on original research. In the spring of the junior year, students who have earned a GPA of 3.5 in the major and an overall GPA of 3.3 submit an application, two letters of recommendation and a research proposal that identifies the thesis topic to the student affairs office. Upon admission to the program, the student identifies an appropriate faculty member to co-supervise the thesis and, in the fall of the senior year, enrolls in IR 494. If the program is completed successfully (a B+ or better in IR 494, a major GPA of 3.5 and an overall GPA of 3.3 [A = 4.0]), the transcript will read "with Honors."

#### **Bachelor of Arts in International Relations (Global Business)**

The B.A. in International Relations with an emphasis in Global Business will give students the opportunity to pursue a degree in international relations and acquire specific skills in one of four concentrations in international business: international finance, international financial management, global marketing or global management. Students who have earned a GPA of 3.0 or above and a "B" average in IR 210 International Relations: Introductory Analysis and a second 300-level or above IR course are eligible to apply during their sophomore year. In addition to the IR requirements, students need to

complete the following prerequisite courses: ECON 203 Principles of Microeconomics, ECON 205 Principles of Macroeconomics, MATH 118x Fundamental Principles of the Calculus and MATH 218 Probability for Business before they can begin this program. The international relations course work consists of 28 units: IR 210, a regional course, a 400-level course, an international political economy course (IR 324, IR 325, IR 326 or IR 330) and three upper division electives.

Course work at the Marshall School of Business consists of ACCT 410x Accounting for Non-Business Majors or BUAD 250a Core Concepts of Accounting Information and 20 units in the respective areas of concentration. *International finance*: BUAD 215x Foundations of Business Finance, BUAD 310 Applied Business Statistics, BUAD 350 Macroeconomic Analysis for Business Decisions or ECON 305 Intermediate Macroeconomic Theory, FBE 462 International Trade and Commercial Policy and FBE 464 International Finance; *international financial management*: BUAD 215x Foundations of Business Finance, BUAD 310 Applied Business Statistics, FBE 432 Corporate Financial Strategy, FBE 436 Financial Management of Multinational Corporations, FBE 462 International Trade and Commercial Policy; *global marketing*: BUAD 307 Marketing Fundamentals, BUAD 310 Applied Business Statistics, MKT 450 Consumer Behavior and Marketing, MKT 465 Global Marketing Management and MKT 470 Marketing Research; *global management*: BUAD 304 Leading Organizations, MOR 431 Interpersonal Competence and Development, MOR 462 Management Consulting, MOR 470 Global Leadership and MOR 492 Global Strategy.

### Bachelor of Science in Global Health

The Bachelor of Science in Global Health is a multidisciplinary degree of the Keck School of Medicine's Department of Preventive Medicine. Students complete course work in Health Promotion and Disease Prevention Studies. For degree requirements, see Preventive Medicine, page 792.

### Progressive Degree Program in International Relations

This progressive degree program permits superior students to complete all requirements for both the B.A. and the M.A. degrees in international relations in five years. Students may apply on completion of 64 units of course work, but not later than the end of their junior year (or the completion of 96 units). To be eligible for admission, students must have at least a

3.5 overall GPA and a 3.75 major GPA and must have completed IR 210 International Relations: Introductory Analysis and IR 211 International Relations: Approaches to Research, or equivalent courses, as well as at least two upper division IR courses with at least one at the 400 level. The application for admission to a progressive degree program must be accompanied by an approved course plan proposal and letters of recommendation from two USC faculty members in the School of International Relations. The requirements for both the B.A. and M.A. degrees must be satisfied. Further details about progressive degrees can be found on page 87.

Students enrolled in a progressive degree program are encouraged to pursue minors in either foreign language, economics, public policy or regional studies to attain regional and functional expertise in addition to their training in international relations.

### Minor in International Relations

The minor in international relations allows students to develop a specialty in the field without a full major. Requirements are: IR 210 International Relations: Introductory Analysis and four upper division courses including at least one regional course and one 400-level course. Students planning to minor in international relations should see the School of International Relations advisers in Von KleinSmid Center 301.

### Minor in Global Communication

The rise of global firms and international changes that followed the end of the cold war raise new opportunities and challenges. This minor provides students from fields such as business, journalism, engineering and political science an understanding of the dynamic nature of global relations, communications and technology. The global communication minor consists of six 4-unit courses, three from International Relations and three from Communication.

REQUIRED INTERNATIONAL RELATIONS COURSE	UNITS
IR 305 Managing New Global Challenges	4

INTERNATIONAL RELATIONS REGIONAL COURSES (SELECT ONE)	UNITS
IR 303 Leadership and Diplomacy	4
IR 325 Rich and Poor States in the World Political Economy (departmental approval)	4
IR 326 U.S. Foreign Economic Policy	4
IR 327 International Negotiation	4
IR 330 Politics of the World Economy	4
IR 333 China in International Affairs	4

IR 345	Russian and Soviet Foreign Policy	4
IR 360	International Relations of the Pacific Rim	4
IR 361	South and Southeast Asia in International Relations	4
IR 362	The International Relations of the Contemporary Middle East	4
IR 363	Middle East Political Economy	4
IR 365	Politics and Democracy in Latin America	4
IR 367	Africa in International Affairs	4
IR 368	French Foreign Policy: 1945 to the Present (offered in Paris only)	4
IR 369	Contemporary European International Relations	4
IR 383	Third World Negotiations	4
IR 384	Introduction to Asian Security	4
IR 385	European Foreign Policy and Security Issues	4
IR 403	Transnational Diplomacy and Global Security	4
IR 439	Political Economy of Russia and Eurasia	4
IR 442	Japanese Foreign Policy	4
IR 468	European Integration	4

### IR ELECTIVE

Select one 300 or 400 level IR course

REQUIRED COMMUNICATION COURSE	UNITS
COMM 487 Communication and Global Organizations	4
COMMUNICATION ELECTIVES (SELECT TWO)	
COMMUNICATION ELECTIVES (SELECT TWO)	UNITS
COMM 324 Intercultural Communication	4
COMM 339 Communication Technology and Culture	4
COMM 345 Social and Economic Implications of Communication Technologies	4
COMM 371 Censorship and the Law: From the Press to Cyberspace	4
COMM 385 Survey of Organizational Communication	4
COMM 430 Global Entertainment (Prerequisite: COMM 300)	4
COMM 431 Global Strategy for the Communications Industry	4

Total units: 24

### Minor in International Policy and Management

The minor in international policy and management brings together courses from the School of International Relations, dealing with the new global challenges, specific regions of the world and international

organizations and policies, and the Price School of Public Policy dealing with core management skills and public policy processes. Students will gain an understanding of the changes and challenges transforming the world and a taste of the policy and management skills to deal with them. To increase their understanding of the context and application of these concepts, students must complete a semester-long internship either in Washington, D.C. or Los Angeles with an organization that has an international focus.

Students take three courses in international relations, including the gateway course, IR 305 Managing New Global Challenges, three courses in public policy and management, and an approved internship through the School of International Relations (IR 491x).

*Required Courses from International Relations:*

IR 305; one regional course selected from: IR 333, IR 345, IR 358, IR 360, 361, IR 362, IR 363, IR 365, IR 367, IR 369, IR 383, IR 385, IR 439, IR 442, IR 468; one course from either the regional course list or the following: IR 306,

IR 307, IR 310, IR 315, IR 316, IR 318, IR 323, IR 324, IR 325, IR 326, IR 327, IR 330, IR 341, IR 343, IR 344, IR 381, IR 382, IR 427, IR 441, IR 444.

The public policy component requires the completion of the following three options:

*From Public Policy:* PPD 225; two additional courses from the following: PPD 357, PPD 371, PPD 373, PPD 476 or PPD 482; or from Public Management: PPD 402; two additional courses from the following: PPD 313, PPD 407, PPD 411a, PPD 476.

*Internship*

Each student is required to complete an approved internship with an international focus. Students take a two-unit internship through the School of International Relations (IR 491).

**Interdisciplinary Nonprofits, Philanthropy and Volunteerism Minor**

See the Price School of Public Policy, page 875.

**Interdisciplinary Russian Area Studies Minor**

See Department of Slavic Languages and Literatures, page 466.

**Advisement**

Advisement is required for all majors and minors. Students are encouraged to meet with School of International Relations advisers at least once a semester to review the direction of their individual programs. Students are also encouraged to seek the advisement of faculty members whose specializations are appropriate to their programs of study.

**Academic Specialization**

Students majoring in international relations who wish to develop their own specialization or emphasize a particular regional area may establish with a faculty adviser, or with School of International Relations advisers, an academic program that will accomplish the students' objectives.

## Graduate Degrees

The School of International Relations offers graduate curricula leading to several different graduate degrees. With courses and faculty renowned for their strengths in a great variety of fields — culture, gender and globalization, political economy, foreign policy and security, regional studies — our graduate international programs generally emphasize training for careers in advanced research and teaching. The school also welcomes professionally oriented students with related interests in fields such as law, communication, economics and business and public policy.

The School of International Relations has programs leading to a progressive B.A./M.A. in international relations; a dual M.A. in international relations/Juris Doctor offered with the USC Gould School of Law; a dual M.A. in international relations/Master of Planning and M.A. in international relations/Master of Public Administration offered with the Price School of Public Policy; Master of Public Diplomacy; and a Ph.D. in political science and international relations offered with the Political Science Department.

**Admission Requirements**

The School of International Relations welcomes talented candidates from a variety of academic backgrounds. Admission decisions are based on consideration of applicants' prior academic performance, as reflected in course grades and letters of recommendation.

Applicants also are strongly encouraged to submit a sample of their written work in English, preferably a research-oriented paper. The committee also considers the potential for success in a graduate program based on Graduate Record Examinations scores. Business, government and other practical experiences related to international relations also are taken into account.

It is strongly recommended that master's and doctoral degree candidates should have completed at least one undergraduate course in statistics or quantitative methods and at least one course in economics before enrolling for graduate study. A course in social or political theory or international history also is highly desirable. The faculty may admit promising students who lack one or more of these courses. Students with this preparation tend to be more successful in the program and more likely to prosper in an academic or research setting afterwards.

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

All graduate students are required to maintain regular contact with the graduate coordinator to assure compliance with departmental regulations.

*Foreign Language Requirement*

Students in the progressive B.A./M.A. and joint M.A./J.D., M.A./MPI and M.A./MPA master's programs must show proficiency in at least one foreign language at the fourth semester level. In special instances a doctoral student's dissertation guidance committee may require a student to show research competence in one or two foreign languages. International students whose native language is not English may satisfy this requirement by submitting proof of their ability to read and understand social science materials in their native language where appropriate, or in another language in which significant social science material is available.

*Substantive Paper Requirement*

Students in the progressive B.A./M.A. and joint M.A./J.D., M.A./MPI and M.A./MPA master's programs must submit a substantive paper or alternative project. This requirement is meant to encourage students to polish articles that may ultimately prove suitable for publication, to develop materials that will display their talents for doctoral and graduate

school admission committees or prospective employers, and to begin to develop dissertation proposals early in the graduate education process. A student may submit a revised version of a research paper or a detailed policy memorandum along with a copy of the original paper for which he or she received a grade of B+ or better in one international relations graduate class. Students may also submit a paper or project based on other original work. A two-person faculty examining committee, which must consist of School of International Relations faculty members, will evaluate the substantive paper or project and may, at their discretion, call the student for an oral examination on the project. The student may add a third outside member to the committee. They may also choose to examine the student on his or her course work in international relations.

#### **Master of Arts, International Relations Requirements**

Students who have the degree objective of joint M.A. programs (Master of Arts, International Relations/Juris Doctor; Master of Arts, International Relations/Master of Planning; and Master of Arts, International Relations/Master of Public Administration) must apply for an M.A. in International Relations. Students pursuing these joint programs must refer to the specific course requirements outlined for each program.

#### *Advisement*

Students should consult with the school's faculty adviser each semester before registering for courses for the next semester. Students also are encouraged to seek advice from other faculty who work in areas related to their interests. Students may, if they wish and if a faculty member agrees, select a different faculty adviser from among the school's faculty. Consult with and inform the Office of Student Affairs regarding changes in faculty advisers.

#### **Master of Arts, Political Science and International Relations**

Only students who have a degree objective of obtaining the Ph.D. will be admitted into the Political Science and International Relations program. However, interested students can obtain an M.A. degree while pursuing the Ph.D. The degree is awarded upon successful completion of (a) 28 units, including three of the five courses in the program's theory and methodology sequence, a master's thesis and registration in POSC 594ab or IR 594ab; and (b) the approval of the master's thesis by the thesis committee.

#### **Master of Arts, International Relations/Juris Doctor**

The USC Gould School of Law and the School of International Relations jointly offer a three-year program leading to the J.D. and M.A. degrees. (Students may extend the dual degree program to four years.) Applicants must apply to both the law school and the School of International Relations and meet requirements for admission to both. In addition to the LSAT, students interested in this program are required to take the Graduate Record Examinations (GRE). Law students may apply to the School of International Relations during their first year at the law school.

In the first year, students take their course work in the law school exclusively. The second and third years include 24 units of courses in international relations and 40 units of law. Students pursuing the dual degree must complete LAW 662 or LAW 764 and one additional international law course. To earn the J.D., all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year. The associate dean may make exceptions to this rule for students enrolled in law school honors programs.

Students pursuing the dual degree must complete 24 units within the School of International Relations at the 500 level or above. These students are required to successfully complete IR 500 International Relations Theory, either IR 513 Social Science and Historical Research Methods or IR 517 International Policy Analysis, and two domain courses selected from among IR 502 Conflict and Cooperation, IR 509 Culture, Gender, and Global Society, IR 521 Introduction to Foreign Policy Analysis and IR 541 Politics of the World Economy. Like all other international relations master's degree programs, students in the dual degree program must complete a substantive paper or alternative project. The requirements, standards and evaluation procedure for the substantive paper are identical to those listed above for all M.A. students except that one member of the examining committee must come from the law school.

#### **Master of Arts, International Relations/Master of Planning**

The Price School of Public Policy and the School of International Relations jointly offer a three-year program leading to both M.A. and MPI degrees. Applicants must apply to the Price School of Public Policy and the School of International Relations and meet the requirements for admission to both. Students interested in this program are required to take the Graduate Record Examinations (GRE).

Requirements for the completion of the dual degree program are 56 units, including 24 units in the School of International Relations and 32 units in the Price School of Public Policy as follows:

INTERNATIONAL RELATIONS		UNITS
IR 517	International Policy Analysis	4
	one course that focuses on a specific region	4
	one functional course from the following:	4
IR 502	Conflict and Cooperation	
IR 509	Culture, Gender and Global Society	
IR 521	Introduction to Foreign Policy Analysis	
IR 541	Politics of the World Economy	
	Three IR electives	12
PLANNING		UNITS
PPD 500	Intersectoral Leadership	2
PPD 501a	Economics for Policy, Planning and Development	2
PPD 524	Planning Theory	2
PPD 525	Statistics and Arguing from Data	2
PPD 526	Comparative International Development	2
PPD 527	The Social Context of Planning	2
PPD 529	Legal Environment of Planning	2
PPD 533	Planning History and Urban Form	2

Note: 2-unit courses may be offered in seven-and-a-half week blocks.

*Planning Studios:* PPD 531L (4, 4) to total 8 units. Students must complete 8 units of domestic or international planning studies under PPD 531 (4) to satisfy this requirement. A maximum of 12 units may be taken.

*Electives:* 8 units of elective courses in planning (including one methods class) taken within the Price School of Public Policy.

Dual degree students, like all other MPI students, must take a comprehensive examination and fulfill the internship requirement. Students in the dual degree program must complete a substantive paper or alternative project. The requirements, standards and evaluation procedure for the substantive paper are identical to those listed for all International Relations master's program students except that one member of the examining committee must come from the Price School of Public Policy.

### Master of Arts, International Relations/ Master of Public Administration

The Price School of Public Policy and the School of International Relations jointly offer a three-year program leading to both M.A. and MPA degrees (students may extend the dual degree program to four years). Applicants must apply to the Price School of Public Policy and the School of International Relations and meet requirements for admission to both. Students interested in this program are required to take the Graduate Record Examinations (GRE).

#### Requirements

Students pursuing the dual degree must complete the degree requirements at the Price School of Public Policy and at least 24 units within the School of International Relations. For a complete listing, see Public Policy (page 901).

### Master of Public Diplomacy and Master of Public Diplomacy (Practitioner and Mid-Career Professional)

These degrees combine the resources of the Annenberg School for Communication and Journalism and USC Dornsife College of Letters, Arts and Sciences' School of International Relations. The Master of Public Diplomacy is designed for students who already have a substantial undergraduate background in social sciences or relevant professional experience in subjects such as communication, film and media studies, journalism, political science, public relations and international relations. The Master of Public Diplomacy (Practitioner and Mid-Career Professional) is designed for students who have at least five years experience working in

public diplomacy. See Annenberg School for Communication and Journalism, page 498, for degree requirements.

### Doctor of Philosophy in Political Science and International Relations

See Political Science and International Relations, page 445, for degree requirements.

## Courses of Instruction

### INTERNATIONAL RELATIONS (IR)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### IR 100xg The United States and World Affairs (4)

The changing character of contemporary international political issues from the Cold War to the future and U.S. foreign policy options for the future; exploration of competing perspectives. Not available for major credit. *Concurrent enrollment*: WRIT 140.

#### IR 101xg International Relations (4)

Basic concepts of world affairs for non-majors. Development of competency to understand and critically evaluate global relations and international events, stressing empirical approaches. Not available for major credit. *Concurrent enrollment*: WRIT 140.

#### IR 210 International Relations: Introductory Analysis (4)

Comprehensive introduction to contending theoretical and analytical approaches; development of critical, evaluative, cognitive, and analytical competencies regarding historical and contemporary issues. (Required for all IR majors and minors.)

#### IR 211 International Relations: Approaches to Research (4)

Introduction to theoretically oriented research approaches and designs, emphasizing the logics of argumentation involved. (Required for all IR majors.) *Prerequisite*: IR 210.

#### IR 212 Historical Approaches to International Relations (4)

Introduction to historical research methods, emphasizing historical texts and modes of discourse. *Prerequisite*: IR 210.

#### IR 213 The Global Economy (4)

Economic concepts necessary to understand modern global economy. Topics include transition economies, global inequality, environmental issues, international political economy, trade and the international financial system. *Prerequisite*: IR 210.

#### IR 302 International Relations of the Great Powers in the Late 19th and 20th Centuries (4)

Introductory analysis of the interactions of the great powers during the period; initial focus on Europe, with expansion to include global relations.

#### IR 303 Leadership and Diplomacy (4)

The role of leaders, diplomatic leadership and creativity in statecraft, providing a deep understanding of the theoretical and practical dimensions of diplomacy.

#### IR 304 Espionage and Intelligence (4)

The role and evolution of espionage and intelligence as tools of statecraft are examined. Open, covert, clandestine, counterintelligence programs and oversight processes are considered.

#### IR 305 Managing New Global Challenges (4)

Examines strategies for managing global issues in the post Cold War period. Explores ways that international institutions, national governments and non-state actors work separately and together to provide order and control over complex international issues areas. Issues that will receive attention could include financial and monetary relations, trade and foreign investment, preservation of the environment, the spread of weapons of mass destruction, population and migration, terrorism and ethnic strife.

#### IR 306 International Organizations (4)

The emergence of international organizations as a permanent feature in world politics; role of the United Nations organization as well as regional international organizations.

#### IR 307 Contemporary International Politics (4)

Recent events, forces, and conditions in the international political system. Basic organizing concepts used in the analysis of the data of international politics.

#### IR 308 Globalization: Issues and Controversies (4)

People, money, things, information, and ideas flow across national borders. How can we understand globalization, its consequences, and how to manage it? Multimedia training is provided.

#### IR 309 Global Governance (4)

Introduction to global governance structure and institutions. Exploration of the appropriate role for states, international organizations, civil society and individuals within the global governance structure.

**IR 310 Introduction to Peace and Conflict Studies (4)** Interdisciplinary study of the pursuit of peace, including causes of wars, arms races, conflict resolution, peace movements, domestic violence, nonviolent resistance, and peace with justice.

**IR 315 Ethnicity and Nationalism in World Politics (4)** Ethnic identity and nation formation in the global society of states; nation-states; conflict or political accommodation within multinational states; impact of dispersed nations on interstate relations.

**IR 316 Gender and Global Issues (4)** An examination of the role women have played in world politics focusing on issues of war and peace, the environment and the global economy.

**IR 318 Conflict Resolution and Peace Research (4)** Processes of conflict, violence, change, integration, stability, and peace in world society, analyzed primarily through the literature of the peace research movement.

**IR 323 Politics of Global Environment (4)** Examines the politics of managing the global environment. The nature of ecosystems, common problems, population and resource utilization problems along with biodiversity and global governance are emphasized.

**IR 324 Multinational Enterprises and World Politics (4)** Political implications of interactions between different types of multinational enterprises and all levels of U.S. government, other industrial nations, and less-developed countries.

**IR 325 Rich and Poor States in the World Political Economy (4)** Dynamic inequality in relations between rich and poor; contending views on causes; legacies of imperialism; ameliorative strategies of poor states; responses of richer states.

**IR 326 U.S. Foreign Economic Policy (4)** The U.S. economy and political-economic institutions in comparative perspective; economic diplomacy and policy; role of trade barriers, exchange rates, foreign aid, energy, foreign investment.

**IR 327 International Negotiation (4)** A practical course designed to improve your negotiation skills. Ideas for diagnosing situations and identifying strategies, which you apply in case studies and personal exercises. (Duplicates credit in former IR 405.) *Recommended preparation:* two IR courses.

**IR 330 Politics of the World Economy (4)** Introduction to the relationship between political and economic development and ideas concerning the origins and behavior of capitalism and its impact on international relations.

**IR 333 China in International Affairs (4)** Economic reform, the open door, and China's changing role in the international system. Relations with the United States, Japan, and other key powers in Asia. Tensions between the interests of American business and the human rights community over China policy.

**IR 337 The Impact of Remittances on Development in Mexico (4)** Examines the nature of remittances and their effects. Can remittances promote development? Explores policy making focused on improving the quality of remittance expenditures in Mexico. *Recommended preparation:* working ability with Spanish.

**IR 341 Foreign Policy Analysis (4)** Basic concepts and analytical approaches in the study of decision-making at the international level. This is a case-based class, requiring participation of students in interactive discussions of decision forcing and retrospective foreign policy cases.

**IR 343 U.S. Foreign Policy since World War II (4)** Analysis of U.S. foreign policy since 1945 as a basis for understanding significant new trends. Explanation of contemporary issues in U.S. relations with other nations.

**IR 344 Developing Countries in World Politics (4)** Origin, concepts, realities, and ideals of the non-aligned movement, focusing on the United States' role in the developing world.

**IR 345 Russian and Soviet Foreign Policy (4)** Overview of Soviet and Russian foreign policy in the 20th century. Review of the diplomatic history of the period and introduction to models of foreign policy used to analyze Soviet and Russian behavior.

**IR 346 Foreign Policy of Eastern Europe and the Balkans (4)** Analysis of contemporary foreign policy issues in East-Central Europe, including inter- and intra-state conflict, peacekeeping, NATO and EU enlargement, cross-border minorities and refugees.

**IR 358 The Asia Pacific in World Affairs (4)** The cultural, political, economic, and social aspects of the Asia Pacific's rise to prominence in world affairs. Reasons for the "successes" of many Asian economies and the environmental and social problems accompanying their rapid transformation. The difficulties of interaction in complex cultural situations illustrated by participation in a computer-assisted simulation.

**IR 360 International Relations of the Pacific Rim (4)** Political, economic, military, and territorial issues in East Asia and the Pacific and the role of the United States, Russia, China and Japan.

**IR 361 South and Southeast Asia in International Affairs (4)** The historical, cultural, and political reasons for Asia's dramatic transformation into a powerful engine of world economic growth. The secondary consequences of economic growth for environmental protection, gender relations, ethnicity, and military tension.

**IR 362 The International Relations of the Contemporary Middle East (4)** Introduction to problems and issues in the Middle East today: religio-ethnic rivalries, conflicting nationalisms and ideologies, the Arab-Israeli conflict, Middle East oil.

**IR 363 Middle East Political Economy (4)** Examination of general economic development issues: population, agriculture, industrialization, trade, oil, etc. Several Mideast case study countries are then explored in depth.

**IR 364 The Political Economy of Latin American Development (4)** The main economic development themes and strategies in Latin America over the past century. The interplay between domestic and international variables, and the resulting dynamic changes.

**IR 365 Politics and Democracy in Latin America (4)** Examines Latin America's experience with democracy emphasizing events since the 1980s. Analyzes the roles of interest groups, ideology, domestic politics, bureaucratic processes, perceptions and analogical reasoning.

**IR 366 Mexico and its Relations with the United States (4)** Analysis of Mexico and U.S.-Mexico relations, both historically and in the present day, to understand better the challenges in this key bilateral relationship.

**IR 367 Africa in International Affairs (4)** General overview of main historical, political, and economic issues as they affect Africa, focusing on nationalism, development, and superpower competition in Africa.

**IR 368 French Foreign Policy: 1945 to the Present (4)** Introduction to historical, thematic perspectives of French foreign policy since 1945 including review of external and internal constraints influencing foreign policy.

**IR 369 Contemporary European International Relations (4)** European interstate conflict and cooperation since 1945; history of Western European integration during the Cold War; the European Union in post-Cold War Europe.

**IR 371 Global Civil Society: Non-State Actors in World Politics (4)** Examination of diplomatic and moral relationships between sovereign states and transnational non-state actors, both benevolent (humanitarian groups and philanthropies) and malevolent (mercenaries, pirates and terrorists).

**IR 376 U.S.-Japan Encounters: War, Trade, and Culture (4)** The significance of U.S.-Japan relations is addressed through historical and policy analysis of America, Japan, and the Asia-Pacific region.

**IR 381 Introduction to International Security (4)** Alternative conceptions of security; evolution of nuclear strategy; efforts to control the development and spread of nuclear and conventional weapons; current security issues.

**IR 382 Order and Disorder in Global Affairs (4)** Modern and post-modern perspectives on changes in the inter-state system, relations among cultures and civilizations, the conditions of ecologically sustainable human development. *Prerequisite:* IR 100x, IR 101x or IR 210.

**IR 383 Third World Negotiations (4)** Origins, intensity, management and/or resolution of regional conflicts in developing countries and the role and intervention of great powers.

**IR 384 Introduction to Asian Security (4)** Introduction to key security trends in Asia-Pacific, emphasizing strategic competition between U.S., Russia, and China; regional military capabilities; rise of neutrality politics.

**IR 385 European Foreign Policy and Security Issues (4)** Western European foreign policy and defense issues; consensus and trends underscoring political and strategic change and policy alternatives in postwar European alliances. Course will rely heavily on case teaching approach.

**IR 386 International Terrorism and Liberal Democracy (4)** Examination of the nexus of terrorist threat and governmental response. Specifically, the class analyzes both terrorism's effectiveness as a means to achieve political change and the challenges faced by the liberal democratic state in responding to international terrorist campaigns.

**IR 389 Islam in France (4)** (Paris Semester only) Historical overview of interactions between Muslims and Europeans. Islam: origins, history and circumstances that led to its revival. France's immigration policy.

**IR 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**IR 401 The United Nations and World Order (4)** The contribution of the United Nations to world order, focusing on its history, principal organs, relationships with global actors, and prospects for reform.

**IR 402 Theories of War (4)** Theories of war tested in historical cases; the obsolescence of war as a rational choice, and problems that still result in war. *Prerequisite:* IR 210.

**IR 403 Transnational Diplomacy and Global Security (4)** Explores emerging "diplomatic" relations between nation-states and transnational (non-state) entities, such as non-governmental organizations (NGOs), in the development of global peace and security policies. *Recommended preparation:* IR 303.

**IR 404 International Relations Policy Task Force (4)** Addresses unfinished question of public policy. Provides experience in interviewing and field research, oral presentation and collective discussion and deliberation. Open to juniors and seniors only.

**IR 406 Ethics and World Politics (4)** Exploration of the relationship between ethics and politics. Special focus on religion, violence and human rights in international relations

**IR 408 Global Democratization (4)** Exploration of the global experience with democracy. Meaning of the term "democracy," explanations of the rise and fall of democracy, its current trends and future challenges.

**IR 422 Ecological Security and Global Politics (4)** Should environmental issues be treated as threats to security? Survey of recent literature explores global environmental politics using a security framework. *Prerequisite:* IR 210 and/or environmental studies course work.

**IR 424 Citizenship and Migration in International Politics (4)** Changing notions of citizenship in the context of history, and of economic, political and sociological theories of international migration; diaspora and migration case studies.

**IR 426 Trade Politics in the Western Hemisphere (4)** Focus on the dynamic process of trade integration that has occurred since the mid-1980s in the Western Hemisphere.

**IR 427 Seminar on Economics and Security (4)** Introduction to important economic issue areas that are understood as security-related in the contemporary world: food, trade, debt, etc.

**IR 430 The Politics of International Trade (4)** Economic approaches and political processes are used to explain observed international trade policy choices. Topics covered include globalization, regionalism, labor standards, the environment and sanctions. *Recommended preparation:* ECON 450, IR 330.

**IR 438 Nationalism and Ethnic Conflict after Communism (4)** Explores origins and nature of ethnic strife among post-socialist states (ethnicity and national revival, modern histories of East-Central Europe and Russia, problems and conflict resolution).

**IR 439 Political Economy of Russia and Eurasia (4)** Interaction of politics and economics in the former Soviet Union and its component republics; the historical planned economy, the politics of reform and the political economy of former Soviet foreign relations.

**IR 441 Comparative Analysis of Foreign Policy (4)** Comparative analysis of foreign policy determinants and decision-making; empirical emphasis.

**IR 442 Japanese Foreign Policy (4)** Economic, political, territorial, and security issues; foreign policy decision-making; relations with major powers and neighboring states.

**IR 443 Formulation of U.S. Foreign Policy (4)** Critical discussion of alternative approaches explaining the formulation and implementation of U.S. foreign policy: domestic politics, organizational processes, group dynamics, individual personality and perception.

**IR 444 Issues and Theories in Global Society (4)** Why the world is organized into sovereign nation-states. The challenges to nation-states in the 21st century from globalization, democratization, revolution, technology, and new forms of cultural identity.

**IR 445 U.S. Defense and Foreign Policy: Nonproliferation and Weapons of Mass Destruction (4)** Policies and programs aimed at stopping the spread of weapons of mass destruction. Presentations by executive/legislative officials involved in formulation and implementation of non-proliferation. Junior or senior standing required.

**IR 454 The International Political Economy of Development (4)** Provides a critical introduction to scholarship on international political economy (IPE), the interaction of states and markets in a global context.

**IR 463 Islam and Arab Nationalism (4)** Historical, sociological and political processes that have shaped the emergence of and relationship between Arab nationalism and political Islam since the early 20th century.

**IR 464 U.S. Policy Towards the Middle East: 1950 to the Present (4)** The role of the United States in Middle Eastern affairs after the creation of the state of Israel.

**IR 465 Contemporary Issues in United States-Latin America Relations (4)** Examines major issues in the relationship between the United States and the countries of Latin America and the Caribbean, including trade and financial questions, security, immigration, the environment, narcotics, etc. Major bilateral relations (especially with Mexico, Brazil, and the Caribbean Basin countries) are emphasized, as are regional and multi-lateral relationships.

**IR 466 Contemporary Issues in Latin American Politics (4)** Focus on current politics in Latin America. Address a range of themes: electoral democracy, citizenship, political inclusion, human rights, corruption, economic inequality.

**IR 468 European Integration (4)** Research on the European Union's role in European international relations; internal EU developments since 1985 as an actor in the world economy.

**IR 470 Comparative Regionalism (4)** Analysis of the factors that provide different forms of regional arrangements in different parts of the world. *Prerequisite:* IR 210.

**IR 483 War and Diplomacy: The U.S. in World Affairs (4)** Perspective on recent American foreign policy; a case study of conflicting literature on the origins, development and legacy of the Cold War.

**IR 484 American Religion, Foreign Policy and the News Media (4)** (Enroll in JOUR 484)

**IR 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**IR 491x Field Study (1-8, max 8)** Local, national, and international internships. Not available for graduate credit.

**IR 494 Honors Thesis Seminar (4)** Preparation and oral defense of senior honors thesis before supervising faculty and fellow honors students. (Duplicates credit in former IR 493b.) Senior status and acceptance to program required. *Prerequisite:* IR 210, IR 211.

**IR 499 Special Topics (2-4, max 8)** Selected topics in various special areas within international relations, which may vary from semester to semester or within semesters.

**IR 500 International Relations Theory (4)** Development of organized knowledge of international relations. Main currents of thought and varieties of current literature.

**IR 501 International Relations Theory: Advanced (4)** Examines the specialized nomenclature of international relations and the varied interpretations of basic concepts of international theory; conceptual analysis and criticism.

**IR 502 Conflict and Cooperation (4, Fa)** Against the background of 20th century history this course introduces the major literatures on the causes, strategy, practice, and future possibilities of war and peace.

**IR 503 Theories of Diplomacy (4)** Investigation of international relations through the lens of diplomatic theories, considering the limits and potential of diplomacy and how thinking about diplomacy has evolved.

**IR 507 Gender and International Relations (4)** An examination of gender and culture in world society. Feminist perspectives on and critiques of various approaches to international relations theories.

**IR 509 Culture, Gender, and Global Society (4)** Cultural and gendered responses to economic globalization; topics include culture and security, identity politics, clashes of and accommodations among civilizations, modernity, post-modernity and world society.

**IR 512 Linkage Politics (4)** (Enroll in POSC 512)

**IR 513 Social Science and Historical Research Methods: Introduction to Research Design (2 or 4)** Introduction to problems in philosophy of science, epistemology, historical and historiographical inquiry, leading to development of elementary research design capabilities.

**IR 514 Multivariate Analysis (4)** Causal inference and modeling in international relations and political science; assumptions and problems of multivariate regression analysis in both cross-sectional and time series cases.

**IR 515 Qualitative Research Design (4)** A practical seminar in which to develop a dissertation proposal. Covers casual inference and comparative case study designs; single-case designs; selecting cases; interviewing; combining quantitative and qualitative methods. *Recommended preparation:* IR 513, one course in statistics, and enough substantive study to identify a likely dissertation topic.

**IR 516 Advanced Research Methods: Text, Talk and Context (4)** Text and discourse analysis methods and strategies. Themes include the roles of ideas, identities, policies and interests in various institutional contexts. *Prerequisite:* COMM 550, IR 494, IR 513, POSC 500, PUBD 500 or PUBD 502.

**IR 517 International Policy Analysis (4)** Game theory and other methodologies applied to the study of international relations. Topics include global and regional public goods, collective action, externalities, treaty information, market failures.

**IR 519 Field Research Methods in Comparative Politics and International Studies (4)** Intended for graduate students planning social science research projects in a foreign country. Primary goal is to assist students to prepare the design for their dissertation research.

**IR 521 Introduction to Foreign Policy Analysis (4)** Survey of principal theoretical and empirical approaches to foreign policy analysis; bureaucratic politics, cybernetics, game theory and options analysis, comparison, design theory, simulation.

**IR 522 United States Diplomacy since 1945: Issues and Decisions (4)** An analysis of United States foreign policy with emphasis on the origins and structure of the cold war, decision-making, the role of ideology, containment and imperialism, and issues of the post-bipolar era.

**IR 525 State and Society in International Relations (4)** A readings seminar that assesses the challenges to nation-states and world order presented by trans-border cultural flows, new technologies, and changing patterns of political participation.

**IR 526 Migration and Diaspora in International Politics (4)** Examines issues of migration, the relationship between citizen and state, economic factors triggering emigration/immigration, transnationalism, and explores the phenomenon of diasporas.

**IR 531 Strategy and Arms Control (4)** Impact of nuclear weapons on U.S. and U.S.S.R. postwar military policies and strategies; evolution of postwar deterrence postures; development of superpower arms control since 1945.

**IR 534 East Asian Security Issues (4)** Security politics of China, Japan, ASEAN states, and Southwest Pacific nations; their strategic relations with the superpowers; regional security initiatives: nuclear-free zone politics, ZOPFAN, and indigenous military capacities. *Prerequisite:* IR 531.

**IR 539 Seminar in International Politics – Conflict Processes (4)** Advanced seminar in international conflict, crisis and war. General perspectives on factors that bring about war and promote peace, with priority given to ethnopolitics. Open only to graduate students.

**IR 540 Seminar in International Politics – Religion and Conflict (4)** Advanced introduction to how religion has emerged as a powerful force in politics. Conflict resolution, fundamentalism, terrorism, war, American foreign policy and global civil society. Open only to graduate students.

**IR 541 Politics of the World Economy (4)** Survey of approaches to international political economy. Intellectual roots; the management of collective goods; North-South relations are examined.

**IR 542 Foreign Economic Policies of Industrial Capitalist States (4)** Seminar comparing policies of Britain, France, Germany, Japan, and the United States; evaluation of alternative research methods and theories; design and execution of an original project.

**IR 543 Politics of International Monetary and Trade Relations (4)** Political analysis of international monetary and trade relations; emphasis on interactions among industrialized nations.

**IR 545 The International Political Economy of Development (4)** The political aspects of economic growth, efficiency and distribution are explored for underdeveloped nations in an international relations context.

**IR 547 Political Economy of Global Space and Environment (4)** Regimes in an anarchic world will be examined to assess ways oceans, atmosphere, outerspace, and other unowned spaces or resources are and can be used.

**IR 550 Economic Bargaining Theory and Practice (4)** Development of analytical skills and strategies for negotiations over economic and political problems, through study of recent cases and participation in bilateral and multilateral exercises.

**IR 551 International Political Economy of the Pacific Rim (4)** Introduces issues related to political economy of the Pacific Rim; trade, investment and development strategies of these countries. The role of Japan's increasing economic power and that of the changing U.S.–Japan relations and their implications to the rest of the Pacific Rim region.

**IR 553 Political Economy of Global Telecommunication and Information (4)** (Enroll in COMM 553)

**IR 556 Latin America and U.S. Foreign Policy (4)** Latin American challenges to U.S. policymakers; U.S. success in achieving its goals; alternative explanations of U.S. behavior.

**IR 557 Africa and U.S. Foreign Policy (4)** Research problems on international issues arising from the emergence of Africa.

**IR 561 Japanese Foreign Policy and International Relations of East and Southeast Asia (4)** Research problems in political, economic, and security issues in East and Southeast Asia, with special emphasis on the role of Japan.

**IR 563 Chinese Foreign Policy (4)** Research problems in political, economic, military, and ideological issues.

**IR 581 International Relations of the Middle East (4)** Salient issues in regional politics such as colonialism, nationalism, identity, religion, development, and war are examined.

**IR 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**IR 591 Field Study (1-12)** Study of contemporary institutions in selected regions of the world. Maximum units which may be applied to the degree to be determined by the department.

**IR 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**IR 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**IR 599 Special Topics (2-4, max 8)** Subjects specifically relevant to an international relations field, sometimes conducted as intensive short-courses.

**IR 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**IR 791 Advanced Studies (2-4, max 12)** Subjects specifically relevant to an international relations field; conducted for Ph.D. students, sometimes conducted as intensive short courses.

**IR 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Joint Educational Project

**Joint Educational Project House**  
801 W. 34th St.  
(213) 740-1834  
FAX: (213) 740-1825  
Email: [tanderso@usc.edu](mailto:tanderso@usc.edu)  
[dornsife.usc.edu/jep](http://dornsife.usc.edu/jep)

*Executive Director:* Tammara Anderson

The Joint Educational Project (JEP) places university students in field assignments in more than 40 community sites (including neighborhood schools, non-profit organizations and governmental institutions) primarily near the University Park Campus. Students participate in projects that seek to discover or implement solutions to problems that have

been identified by the community. In the process, students learn how to develop and apply knowledge, work in diverse social settings, become engaged in civic affairs, explore possible career paths and make professional contacts. "JEP" following a section number indicates that the professor will possibly offer JEP as a course option.

Based in the USC Dornsife College of Letters, Arts and Sciences, JEP places university students in supervised, service-learning positions as a part of their academic course work. Students registered in certain classes in the Departments of Biological Sciences, Earth Sciences, Geography, Sociology, Spanish and other disciplines are assigned to neighborhood schools, social

service/governmental agencies, and hospitals and health clinics, where they assist professionals, teach, translate, and make other contributions to the community. Students are required to submit weekly reflective essays to help them make connections between their academic course work and their experiences in the community. Work-study students work in conjunction with JEP through the USC Readers Plus program. Students assist K-9 children in the university's "Family of Schools" in the areas of math and reading, allowing USC students the opportunity to serve in the community while gaining experience in an urban school environment.

## Judaic Studies

**Hebrew Union College-Jewish Institute of Religion**  
3077 University Ave.  
Los Angeles, CA 90007  
(213) 765-2113  
FAX: (213) 747-6128  
Email: [louchheim@huc.edu](mailto:louchheim@huc.edu),  
[hochman@huc.edu](mailto:hochman@huc.edu)  
[www.huc.edu/louchheim](http://www.huc.edu/louchheim)

*Chair:* Leah Hochman, Ph.D.

*Registrar:* Carol Sofer

### Faculty

*Professors:* Reuven Firestone, Ph.D.; Bruce Phillips, Ph.D.; Steven Windmueller, Ph.D.

*Associate Professors:* Sarah Benor, Ph.D.; Sharon Gillerman, Ph.D.; Joshua Holo, Ph.D.; Dvora Weisberg, Ph.D.

*Assistant Professors:* Joshua Garroway, Ph.D.; Leah Hochman, Ph.D.; Adam Rubin, Ph.D.

*Adjunct Associate Professor:* Yaffa Weisman, Ph.D.

*Lecturers:* Rivka Dori, M.A., M.S.; Hagit Arieli-Chai, M.A.Ed.

Judaic Studies is offered by the Hebrew Union College-Jewish Institute of Religion, an independent college adjacent to the USC campus. Students registering for classes in the program do so through the regular USC registration process. They receive regular course credit and their degrees from USC. Hebrew courses may be used to fulfill graduation requirements in a foreign language; courses which meet humanities general education requirements may be used as electives or may be used for major credit with the approval of an adviser.

### Bachelor of Arts in Religion with Emphasis in Judaic Studies

A Bachelor of Arts in Religion with an area of emphasis in Judaic Studies is offered cooperatively by the School of Religion and Hebrew Union College-Jewish Institute of Religion. Program requirements are listed in this catalogue under Religion, page 460.

The Ph.D. program in Religion and Social Ethics, offered at USC through the School of Religion, may be taken with a concentration in Judaic Studies. Applicants for the joint Ph.D. program in Religion and Social Ethics with Hebrew Union College should apply to USC; applications are considered jointly with Hebrew Union College. Applicants are

required to demonstrate proficiency in Hebrew. See the School of Religion section in this catalogue (page 462) for more information.

### Bachelor of Arts in Middle East Studies

See the Department of Middle East Studies, page 412, for a complete listing of requirements.

### Minor in Judaic Studies

The minor in Judaic Studies provides the opportunity for in-depth study of Jewish thought, ethics, history, literature, tradition, spirituality and women's studies using approaches developed through the academic study of religion. It is an interdisciplinary program that challenges and stimulates students to examine and learn about Judaism as a topic of scientific interest.

For the minor, 20 units in Judaic Studies and Religion are required. The following courses are required: REL 301 and JS 180. Three additional courses may be chosen from among JS 321, JS 340, JS 361, JS 375, JS 382, JS 383, JS 415 and REL 312. Successful completion of five 4-unit courses or the equivalent in Jewish American Studies is required to qualify for the minor.

**Minor in Jewish American Studies**

The minor in Jewish American Studies offers the opportunity to study the experiences and cultures of the American Jewish community in relation to those of other American peoples. For the minor, 20 units of American Studies and Judaic Studies are required.

CORE REQUIREMENTS		UNITS
AMST 202	Interethnic Diversity in the West	4
JS 300	American Jewish History	4

Three courses from the following:

AMST 301	America, the Frontier, and the New West	4
AMST 350	Junior Seminar in American Studies and Ethnicity: Theories and Methods	4
JS 330	Jewish Power, Powerlessness, and Politics in the Modern Era	4
JS 381	The Jew in American Society	4
JS 382	Judaism as an American Religion	4

JS 383	Jews in American Popular Culture	4
JS 415	The American Jewish Experience in Film	4
JS 428	Blacks and Jews: Conflicts and Alliances	4

**Minor in Middle East Studies**

See the Department of Middle East Studies, page 412.

## Courses of Instruction

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**HEBREW (HEBR)**

**HEBR 120 Hebrew I (4, Fa)** Modern spoken and written Hebrew with emphasis on the principles of grammar.

**HEBR 150 Hebrew II (4, Sp)** Continuation of modern Hebrew I.

**HEBR 220 Hebrew III (4, Fa)** Continuation of Hebrew II; stress on grammar, composition, and conversation.

**HEBR 315 Biblical Hebrew Literature**

**(Hebrew IV) (4, Sp)** Introduction to biblical Hebrew style through reading of selected biblical texts; examination of linguistic and literary aspects. *Prerequisite:* HEBR 220.

**JUDAIC STUDIES (JS)**

**JS 100g Jewish History (4, Fa)** Major ideas, personalities, and movements in Jewish history from antiquity to the present in light of the interaction of the Jews with the general culture.

**JS 180 Introduction to Judaism (4, Sp)**

Jewish beliefs, practices, and history from the biblical period to the present; Judaic contributions to Western civilization.

**JS 211g The Holocaust (4, FaSp)** Historical background and responses to the Holocaust, with special emphasis on ethical implications. *Concurrent enrollment:* WRIT 140.

**JS 214 Zionism, Israel, and the Modern**

**World (4, Fa)** Ideas about nationalism, Zionism, and society-building; emphasis on self-definition in the Jewish state.

**JS 300 American Jewish History (4, Fa)**

Patterns of immigration, acculturation, religious forms, and ethnic expression in America from the colonial period to the present.

**JS 321 Gender and Judaism (4, FaSp)**

An investigation into the ways in which gender has structured Jewish religious, social, political and intellectual life from the Biblical period through the present.

**JS 330 Jewish Power, Powerlessness, and Politics in the Modern Era (4, FaSp)** Explores the relationship between the Jewish people and political powers. Topics include politics in exile, changing relationships to power, and relations with the modern nation-state.

**JS 340 Modern Jewish History (4, FaSp)**

A survey of the major trends and themes of modern Jewish history. Examination of Jewish culture, society and politics from the Spanish Expulsion to the Second World War. *Recommended preparation:* JS 100.

**JS 360m Identity, Community, and Service: Jews and Other Americans (4)** Examination of relationships between identity, community and service by investigating ethno-religious organizations' attempts to serve members of their group and confront issues of injustice in society.

**JS 361 Scripture and Polemic in Judaism, Christianity and Islam (4, FaSp)** Origins of Scriptures and their polemical environments in earliest Judaism, Christianity, and Islam. Scripture as polemic and legitimation, and cross-religious/cross-cultural interpretation and argument based on scriptural themes.

**JS 375 Issues of American Jewish Literature (4)** Issues-oriented study of the human experience in America as expressed in the fiction, poetry, drama, memoirs, and literary criticism of America's Jews, using a dual approach incorporating both literary history and specific issues.

**JS 378 Jewish Magic in the Ancient World (4, Sp)** A cross-cultural examination of different kinds of magical literature that describe miraculous practices in Jewish mainstream and marginal life in the ancient and classical periods.

**JS 379m Mixed Matches: Inter-marriage and American Society in the 21st Century (4, Sp)** An investigation into inter-ethnic, interracial, and inter-religious marriage in the 21st century.

**JS 381 The Jew in American Society (4, FaSp)** The changing sociological profile of the American Jew and changing organization of the American Jewish community as they developed over the 19th and 20th centuries.

**JS 382 Judaism as an American Religion (4)** The development of American expressions of Judaism as part of the American religious context, from the perspective of the social scientific study of religion.

**JS 383 Jews in American Popular Culture (4, FaSp)** Social and cultural history of American Jewish contributions to the arts, science, literature, economics and politics.

**JS 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**JS 415 The American Jewish Experience in Film (4)** A survey of American Jewish history through the medium of film, with particular emphasis on the experience of the post-war generation.

**JS 428 Blacks and Jews: Conflicts and Alliances (4, Sp)** Examination of the relationship between the American Jewish and African-American communities and what it teaches about race and coalition politics in American society.

**JS 467 Modern Jewish Thought (4, Sp)**

Foundations of modern Jewish thought from the Western European Enlightenment to the present.

**JS 490x Directed Research (2-8, max 8)**

Individual research and readings. Not available for graduate credit.

**JS 499 Special Topics (4)** Selected topics in Judaic Studies.

**JS 501abc Bible Texts (4-4-4, FaSp)**

*a:* Advanced grammar and reading. An introduction to principles of form criticism as applied to selected narrative and legal portions of the Pentateuch. *b:* A critical evaluation of the biblical books of Amos and Hosea with a view to gaining an appreciation of the prophets' literary skill, their religious motivations, and the originality of their thought. *c:* Critical readings in each of the biblical books of Ruth, Lamentations, Ecclesiastes, Esther, and Song of Songs, with a view toward gaining an appreciation of their literary and religious values. Knowledge of Hebrew required.

**JS 504 Modern Hebrew Literature (3, Fa)**

Reading of unvocalized texts primarily from modern Hebrew literature. A survey of the development of modern Hebrew literature, with an emphasis on short story and poetry. Knowledge of Hebrew required.

**JS 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**JS 680 Boundaries of Jewish Normative Behavior (4, Sp)** Institutions claiming Jewish authenticity and their treatment of Jews perceived to be deviant.

## Kinesiology

Physical Education Building 107  
(213) 740-2492

FAX: (213) 740-7909  
Email: knsl@dornsife.usc.edu  
dornsife.usc.edu/kinesiology

*Chair:* Casey Donovan, Ph.D.

**Faculty**

See faculty listing for Biological Sciences  
(Human and Evolutionary Biology)

**Academic Program Staff**

*Director of Instructional Laboratories:* MaryAnn Bohland-Matveyenko, Ph.D.

*Student Services Adviser:* Laura Ames, M.Ed.

The Department of Kinesiology offers undergraduate and graduate degrees in the scientific study of human movement. The undergraduate curriculum is designed to provide a broad and comprehensive understanding of the human body at work. This includes studies of basic underlying parameters, as well as applications relevant to understanding human movement. The course work necessarily derives from a variety of disciplines, including physiology, anatomy, biochemistry, biomechanics, nutrition and psychology. As such, an undergraduate degree in kinesiology or human performance provides excellent

training for students wishing to pursue further graduate or professional studies in health-related fields.

At the graduate level students are expected to specialize in one area, i.e., exercise physiology or biomechanics. These represent areas of active research by department faculty. The focus is on preparing individuals who will contribute to research and scholarship in their chosen discipline.

## Undergraduate Degrees

**Bachelor of Science in Kinesiology**

The Department of Kinesiology offers a course of study that leads to a B.S. degree. As with any degree in the USC Dornsife College of Letters, Arts and Sciences, students are required to complete all applicable general education, writing, diversity and language requirements. Specific degree requirements include 24 units of required core courses within kinesiology and 24 units of required collateral courses within the sciences. Students must also complete 16 units from a restricted list of electives. While restricted to the sciences, the electives allow students to tailor the degree to their individual needs. In addition to specific course work, students have several options for acquiring

practical experience and/or participating in ongoing research efforts of the faculty.

*Pre-health:* Kinesiology is an ideal course of study for students wishing to enter the health professions, e.g., physical therapy, medicine, dentistry and occupational therapy. Along with the required core and collateral courses, the elective units allow sufficient flexibility to complete course prerequisites for any of the health fields. Our academic adviser can provide direction in planning course selections toward specific fields.

REQUIRED CORE COURSES		UNITS
EXSC 200L	Nutrition: Macronutrients and Energy Metabolism	4
EXSC 300L	Physiology of Exercise	4
EXSC 301L	Human Anatomy	4
EXSC 405L	Applied Systems Physiology	4
EXSC 406L	Exercise and Energy Homeostasis	4
EXSC 408L	Biomechanics	4
REQUIRED COLLATERAL COURSES		UNITS
BISC 120L	General Biology: Organismal Biology and Evolution	4
BISC 220L	General Biology: Cell Biology and Physiology	4

CHEM 105aLbL	General Chemistry, or	
CHEM 115aLbL	Advanced General	
	Chemistry	4-4
MATH 108	Precalculus	4
PHYS 135aL	Physics for the Life	
	Sciences	4

In addition, a minimum of 16 units is required from the list of science courses that follows.

The choices from this list would depend upon the student's future course of study.

ELECTIVES		UNITS
BISC 307L	General Physiology	4
BISC 320L	Molecular Biology	4
BISC 330L	Biochemistry	4
BISC 421	Neurobiology	4
CHEM 322abL	Organic Chemistry	4-4
EXSC 203L	Individualized Exercise Prescription	2
EXSC 250	Drugs and Ergogenic Aids in Sport and Weight Control	4
EXSC 310	Sociopsychological Aspects of Sport and Physical Activity	4
EXSC 350	Nutrition: Micronutrients and Homeostasis	4
EXSC 400L	Principles of Perceptual-Motor Learning	4
EXSC 409	Metabolic Diseases	4
EXSC 439L	Human Performance and Bioenergetics	2 or 4
EXSC 441L	Prevention of Athletic Injuries	4
EXSC 442L	Advanced Prevention and Care of Athletic Injuries	4
EXSC 490x	Directed Research	2-8, max 8
EXSC 491L	Laboratory Experience in Kinesiology	2 or 4, max 4
EXSC 499	Special Topics	2-4
GERO 310	Physiology of Aging	4
GERO 437	Social and Psychological Aspects of Death and Dying	2 or 4
ITP 101x	Introduction to Information Technology	4
MATH 125	Calculus I	4
PHYS 135bL	Physics for the Life Sciences	4
PSYC 274	Statistics I	4

**Bachelor of Arts in Human Performance**

The Department of Kinesiology offers a course of study that leads to a B.A. degree. As with any degree in the USC Dornsife College of Letters, Arts and Sciences, students are required to complete all applicable general education, writing, diversity and foreign language requirements. Specific degree requirements include 24 units of required core courses within kinesiology and 12 units

of required collateral courses within the sciences. Students must also complete 8 units from a restricted list of electives. While restricted to kinesiology, the electives allow students to tailor the degree to their individual needs. In addition to specific course work, students have several options for acquiring practical experience and/or participating in ongoing research efforts of the faculty.

Human performance is an ideal course of study for students interested in establishing a strong science background and/or pursuing careers in teaching, coaching, sports management, sports law, athletic training, sports communication, sports journalism and many other sports-related professions. Along with the required core and collateral courses, the elective units allow sufficient flexibility to complete course prerequisites for any of the graduate health fields. Academic advisers can provide direction in planning course selections toward specific fields.

REQUIRED CORE COURSES		UNITS
EXSC 202L	Principles of Nutrition and Exercise	2
EXSC 203L	Individualized Exercise Prescription	2
EXSC 250	Drugs and Ergogenic Aids in Sport and Weight Control	4
EXSC 301L	Human Anatomy	4
EXSC 310	Sociopsychological Aspects of Sport and Physical Activity	4
EXSC 400L	Principles of Perceptual-Motor Learning	4
EXSC 401L	Kinesiology	4

REQUIRED COLLATERAL COURSES		UNITS
BISC 220L	General Biology: Cell Biology and Physiology	4
MATH 108	Precalculus	4
PSYC 274	Statistics I	4

In addition, a minimum of 8 units is required from the list of kinesiology courses that follows. The choices from this list would depend upon the student's future course of study.

ELECTIVES		UNITS
EXSC 200L	Nutrition: Macronutrients and Energy Metabolism	4
EXSC 300L	Physiology of Exercise	4
EXSC 350	Nutrition: Micronutrients and Homeostasis	4
EXSC 405L	Applied Systems Physiology	4
EXSC 406L	Exercise and Energy Homeostasis	4
EXSC 408L	Biomechanics	4
EXSC 409	Metabolic Diseases	4
EXSC 439L	Human Performance and Bioenergetics	2 or 4

EXSC 441L	Prevention of Athletic Injuries	4
EXSC 442L	Advanced Prevention and Care of Athletic Injuries	4
EXSC 490L	Directed Research	2-4
EXSC 491L	Laboratory Experience in Kinesiology	2 or 4, max 4
EXSC 499	Special Topics	2-4

**Grade Point Average Requirements**

Students must obtain a minimum GPA of 2.0 or better (cumulative) for the required core requirements, the required collateral courses, and the 16 units of required electives. In addition, a minimum grade of C- (1.7) will be allowed for each of the courses in the required core courses. This requirement will be effective for incoming students (freshmen or transfers) as well as for graduation from USC.

**Minor in Kinesiology**

For students who would like to obtain basic knowledge of kinesiology but are majoring in another area, a minor in this field is offered. The minor may be ideal for someone pursuing a career in the management area of health and corporate fitness.

A minor in a health-related science may also be desirable for those in engineering or the physical sciences. Students pursuing a teaching or coaching career at the secondary school level may also benefit from knowledge in this area.

REQUIRED COURSES, LOWER DIVISION		UNITS
EXSC 202L	Principles of Nutrition and Exercise	2
EXSC 203L	Individualized Exercise Prescription	2
MATH 108*	Precalculus (or equivalent)	4
PHYS 135aL	Physics for the Life Sciences	4

\*MATH 117 Introduction to Mathematics for Business and Economics, MATH 118x Fundamental Principles of the Calculus or MATH 125 Calculus I are acceptable equivalent courses for MATH 108 Precalculus.

REQUIRED COURSES, UPPER DIVISION		UNITS
EXSC 300L	Physiology of Exercise	4
EXSC 301L	Human Anatomy	4
EXSC 405L	Applied Systems Physiology	4
EXSC 407aL	Advanced Exercise Physiology	4
EXSC 408L	Biomechanics	4

A total of 28 units is required for the minor in kinesiology.

## Graduate Degrees

The Department of Kinesiology offers graduate curricula leading to the M.S., M.A. and Ph.D. degrees. The program is designed to prepare students to conduct research in their chosen area of specialization. Specialization areas include exercise physiology or biomechanics.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Science in Kinesiology

The department does not accept applicants for a Master of Arts or Master of Science degree in kinesiology. The M.A. and M.S. degrees are intended only as transitional degrees in the process of completing requirements for the Ph.D. in kinesiology.

#### *Degree Requirements*

A total of 32 units including eight units in directed research, in addition to EXSC 594ab Master's Thesis (2-2), is required. An approved thesis on the results of an original investigation and a final oral defense of the thesis are also required. The final defense is made while the thesis is in final draft form. At least 20 units of graduate level study must be taken in residence at USC. No more than four units with superior grades may be transferred from graduate work taken elsewhere.

### Master of Arts in Kinesiology

Students are required to pursue a designated area of specialization. Two options are offered.

#### *Thesis Option*

A total of 32 units including 14 units in a specialization area, 10 elective units and EXSC 591 Research Seminar, in addition to EXSC 594ab Master's Thesis (2-2 units) is required. At least 20 units of graduate level study must be in residence at USC. No more than four units with superior grades may be transferred from graduate work taken elsewhere.

#### *Non-thesis Option*

A total of 32 units is required with a comprehensive examination. The selection of the non-thesis option requires unanimous approval of the student's guidance committee. Sixteen units in a specialization area and 16 elective units are required. At least 20 units of graduate level study must be in residence at USC. No more than four units with superior grades may be transferred from graduate work taken elsewhere.

### Doctor of Philosophy in Kinesiology

#### *Screening Examination*

Examinations are administered during the spring semester by the departmental graduate degree commission, upon application to the student's major academic adviser. A screening examination may be given during the summer only at the discretion of the department chair.

Students who have completed their master's degree at USC must apply for selection procedures in the first semester following completion. Students completing a master's degree elsewhere may not apply until they have completed one semester of study at USC. Courses taken in the semester at USC can be applied toward the 24 unit minimum required after admission to the doctoral program. Students entering the doctoral program directly from a bachelor's degree must complete a minimum of 60 units for the Ph.D.

The decision to recommend or deny admission to the Ph.D. program is made by the graduate degree commission. If admission is denied, the student may, at the commission's discretion, apply again not less than six months no more than 12 months following the first examination; however, the evidence of intellectual and professional growth during the elapsed period must be presented. After formal admission to the program, the student may apply for the appointment of a guidance committee via the appropriate form.

#### *Course Requirements*

In addition to approved graduate level work taken prior to admission, requirements include: groups of courses which support the student's specialization and establish two sub-specializations; a minimum of one independent research project completed while registered in EXSC 790 Research; a minimum of two graduate level courses from two different doctoral specialization areas within the department; independent reading and directed research (EXSC 590, EXSC 690); two courses in statistical method; and one course in research design.

#### *Foreign Language Requirement*

The department has no formal foreign language requirement. However, an individual guidance committee may require competency in a foreign language if this is relevant to the student's area of research.

#### *Guidance Committee*

The student's entire program of studies is under the direction of the guidance committee; an area of specialization will be selected, along with two areas of sub-specialization or one sub-specialization and one supplemental area. The committee chair will outline the courses and experiences to be included in the doctoral program, indicating which courses should be completed before the student applies to take the qualifying examinations.

#### *Qualifying Examinations*

Admission to candidacy depends upon the results of the qualifying examinations, which must be taken prior to completion of the fifth semester of graduate standing or prior to completion of the fifteenth graduate course. The examinations will consist of a series of written and oral examinations through which the student's comprehension of areas of specialization and sub-specialization will be assessed. The guidance committee will determine the specific nature of the exercises after the evaluation of the written portion of the examination and will administer the oral portion.

#### *Doctoral Dissertation*

The guidance committee will approve the dissertation proposal, after which its membership will be reduced to three members who will serve as the dissertation committee. One member must be from a department other than kinesiology. The committee has jurisdiction over the completion of the student's program.

#### *Defense of the Dissertation*

Upon completion of the dissertation, the committee conducts an oral examination, in which the candidate will be asked specifically to defend the dissertation as a scholarly research project. The examination also will include, in general, discussion of the candidate's areas of specialization and sub-specialization.

## Courses of Instruction

### EXERCISE SCIENCE (EXSC)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**EXSC 200L Nutrition: Macronutrients and Energy Metabolism (4, Fa)** Gastrointestinal physiology and energy metabolism as it relates to macronutrient intake. Theories and principles of regulation of energy status and acute and chronic effects of exercise. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* BISC 220L or BISC 221L.

**EXSC 202L Principles of Nutrition and Exercise (2, FaSpSm)** Fundamental knowledge of proper nutrition for optimal health performance. Concepts of weight loss, gain; understanding of cardiorespiratory functioning. Laboratory experiments; body composition evaluation, energy metabolism. Lecture, 2 hours; laboratory, 2 hours.

**EXSC 203L Individualized Exercise Prescription (2, FaSp)** Principles and theories related to exercise prescription; programs of weight-training, circuit-training, aerobics, flexibility, high and low-intensity training guidelines; safeguards and effectiveness. Lecture, 2 hours; laboratory, 2 hours.

**EXSC 205Lxg The Science of Human Performance (4, FaSpSm)** The physiological and nutritional basis of human performance. Factors that facilitate and limit athletic achievement. Lecture, 3 hours; laboratory, 2 hours. Not available for major credit. (Duplicates credit in EXSC 300L.)

**EXSC 250 Drugs and Ergogenic Aids in Sport and Weight Control (4, Sp)** Evaluation of drugs, nutritional supplements, and ergogenic aids and their effect on human athletic performance, weight and fat loss. Lecture, 3 hours; discussion, 1 hour.

**EXSC 300L Physiology of Exercise (4, Sp)** Analysis of the neuromuscular system (anatomy, development, biochemistry, physiology and mechanics). Theories and principles of neuromuscular adaptations associated with acute and chronic exercise. Lecture, 3 hours; laboratory, 3 hours.

**EXSC 301L Human Anatomy (4, FaSp)** Introduction to the fundamental concepts and interactions of the biology and mechanics of human motion with emphasis on musculoskeletal anatomy. Analysis of tissues and cells and the nervous, cardiovascular, and respiratory systems included. Lecture, 3 hours; laboratory, 3 hours. (Duplicates credit in the former BISC 212.) *Recommended preparation:* high school biology.

**EXSC 310 Sociopsychological Aspects of Sport and Physical Activity (4, FaSp)** Examination of the individual in a social environment related to sport and physical activity; personality, motivation, attitude, and group behavior viewed in physical activity contexts.

**EXSC 350 Nutrition: Micronutrients and Homeostasis (4, Fa)** Theories and principles of regulation of vitamin/mineral metabolism as it relates to homeostasis of organ systems. Effects of acute and chronic exercise. Lecture, 3 hours; discussion, 1 hour. *Prerequisite:* EXSC 200L.

**EXSC 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**EXSC 400L Principles of Perceptual-Motor Learning (4, Fa)** Theories and principles of learning applied to gross motor performance; analysis and evaluation of variables affecting learning and performance in exercise, games, sports, and dance. Lecture, 3 hours; laboratory, 3 hours.

**EXSC 401L Kinesiology (4, Fa)** The study of human movement including (1) terminology, structure and function of muscle and bone, as well as endocrine systems and (2) effects of exercise and training on those systems. The basic laws of motion and analysis of sports locomotion, exercise movements and pathokinesiology. *Prerequisite:* MATH 108.

**EXSC 405L Applied Systems Physiology (4, Fa)** Cardiovascular, pulmonary, and renal systems in exercise. Lecture, 3 hours; laboratory, 3 hours. (Duplicates credit in former EXSC 407aL.) *Prerequisite:* BISC 220L.

**EXSC 406L Exercise and Energy Homeostasis (4, Sp)** Regulation of metabolic pathways and endocrinology in acute and chronic exercise. Lecture, 3 hours; laboratory, 3 hours. (Duplicates credit in former EXSC 407bL.) *Prerequisite:* EXSC 200L.

**EXSC 408L Biomechanics (4, Fa)** Kinematic and kinetic analysis of human motion; emphasis on performance enhancement and injury prevention. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* EXSC 301L; MATH 108 or MATH 125; PHYS 135aL or PHYS 151L.

**EXSC 409 Metabolic Diseases (4, Fa)** Examination of the etiology, prevention and treatments of metabolic disorders such as diabetes mellitus, insulin resistance, metabolic syndrome and obesity as major threats to public health.

**EXSC 439L Human Performance and Bioenergetics (2 or 4, Sp)** Application of physiology, biomechanics and perceptual-motor principles to the study of skill acquisition and human performance. Four units – Lecture, 3 hours; laboratory, 3 hours. Two units (kinematic analysis only) – Lecture, 1 hour; laboratory, 3 hours.

**EXSC 441L Prevention of Athletic Injuries (4, Fa)** Application of scientific principles to conditioning, protecting, and rehabilitating the athlete. Laboratory, 2 hours. *Prerequisite:* EXSC 301L or BISC 312Lx.

**EXSC 442L Advanced Prevention and Care of Athletic Injuries (4, Sp)** Athletic injury assessment; principles, techniques and effects of therapeutic modalities and rehabilitative exercises. *Prerequisite:* EXSC 441L.

**EXSC 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**EXSC 491L Laboratory Experience in Kinesiology (2 or 4, max 4, FaSpSm)** Practical laboratory experience in basic and applied exercise physiology, biochemistry and/or biomechanics. Emphasizing development of laboratory techniques. *Prerequisite:* EXSC 200L, EXSC 203L, EXSC 300L, EXSC 301L.

**EXSC 499 Special Topics (2-4, max 8)** Selected topics in kinesiology.

**EXSC 570 Scientific Integrity (2)** Contemporary issues relating to ethics and responsible conduct of research including guidelines instituted by the Federal Government. Course fulfills requirements imposed by national funding agencies.

**EXSC 580abcd Experimental Studies of Human Performance II (4-4-4-4, 2 years, FaSp)** *a:* Force and kinematics; *b:* neuromuscular control of multijoint movements; *c:* kinetics; *d:* advanced kinetics.

**EXSC 587L Seminar: Advanced Exercise Physiology (4)** Body at work, energy liberation and transfer, muscular contraction, neuromuscular function, cardiovascular and pulmonary response, energy cost, nutrition and environmental adaptation. Primarily for master's students. Laboratory, 3 hours. *Prerequisite:* EXSC 300L.

**EXSC 588L Seminar on Lipid Metabolism and Exercise (4)** Metabolism and utilization of lipids and fatty acids in skeletal muscles with applications to exercise. *Prerequisite:* EXSC 405L; *recommended preparation:* EXSC 300L.

**EXSC 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**EXSC 591 Research Seminar (4)** Study of research design; critical analysis of specific techniques applied to student interests, including problem rationale, selection, development, organization, and data analysis.

**EXSC 592ab Seminar in Exercise Science (a: 2, Fa; b: 2, Sp)** Scientific presentations by graduate students and invited speakers on selected topics in the areas of biochemistry, biomechanics, physiology and psychology.

**EXSC 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**EXSC 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**EXSC 595 Seminar: Analysis of Human Motor Performance (4)** Application of mechanical principles of motion to the study of sport, exercise, and dance, utilizing cinematographic and related techniques.

**EXSC 627 Quantitative Electromyography in Physiology of Exercise (4)** Electromyographic techniques for measurement of relaxation and muscle spasm; estimation of strength, fatigue, and muscular endurance from submaximal efforts.

**EXSC 640L Neuromuscular System in Physiology of Exercise (4)** Gross structure and ultrastructure of muscle tissue, nervous system control of muscle function as related to exercise physiology. Laboratory, 3 hours. *Prerequisite:* EXSC 300L, EXSC 301L; BISC 306Lx and BISC 312Lx.

**EXSC 690 Directed Readings (1-8, max 8)** Graded CR/NC.

**EXSC 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**EXSC 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Learner Centered Curricula

Richard Fliegel, Ph.D.  
(213) 740-2961  
Email: fliegel@usc.edu

### Collaborative Learning Projects (CLP) and Individual Programs of Study (IPOS)

A research university provides many opportunities for undergraduates to learn in settings that suit a wide variety of learning styles, talents and professional aspirations. Beyond the classroom lie opportunities for individual and collaborative research projects, creative literary work, the plastic and performing arts, service learning and internships, distance and distributive learning, overseas study and a range of other activities. To track an idea from its genesis in research to its application as the solution of a contemporary problem, students must be able to take advantage of all these learning modalities.

For that reason, the USC Dornsife College of Letters, Arts and Sciences offers two curricular structures that enable non-traditional learning experiences to be credited across institutions. In both of these options, students work with a faculty committee to create individual learning opportunities suited to their personal academic interests and professional aspirations. The first allows self-motivated, independent learners to combine resources in a particularly rich learning experience, while the second promotes collaborative learning across several aligned modalities.

### Collaborative Learning Projects

The USC Dornsife College of Letters, Arts and Sciences offers a curricular construct (MDA 460) designed to promote collaborative learning. Two or more students may propose a research project or other collaborative program, with specified learning objectives; a faculty committee will review each proposal to decide if it comprises a well-conceived educational experience and determine the unit values to be awarded, either collectively or to each student who participates. Collaborative Learning Projects award only credit or no credit grades.

### Individual Programs of Study

Individual Programs of Study (IPOS) allow individual students to design a "curriculum" of 2 to 18 units, including directed research, service learning and internships, creative artistic production and any other educational experiences that might be relevant to the proposed academic program.

An Individual Program of Study (MDA 450) might be created for an entire semester's work, including directed research, an internship and a distance learning course. Or, a more modest proposal might include 4 units of original artwork plus service learning.

Individual Programs of Study encourage students to design educational experiences that inspire them, prompting a profound engagement with a learning environment ideally suited to their individual talents. Individual Programs of Study may include a wider array of educational contexts, experiences and

opportunities for nontraditional learning than are generally available for credit at most institutions of higher education. Individual Programs of Study are letter graded.

### Review Process

Students who are interested in proposing either an Individual Program of Study or a Collaborative Learning Project must complete an application that includes:

1. A full description of the project, including information about all courses, internships, and other academic activities that will be involved;
2. A statement explaining why these activities could not be accomplished within the context of existing course work and directed research;
3. A proposal for assessing the work that is to be completed for the project beyond that associated with graded courses;
4. The endorsement of a faculty member who will serve as sponsor for the project. This faculty member will typically lead directed research associated with the project and award the final grade for the entire project;
5. A sign-off from the student's major department is also required; and
6. The student's STARS report and transfer credit statement, if transfer courses are relevant.

These materials will be reviewed by three faculty members comprising an Independent Study Committee, which will consider the student's academic record and decide whether to allow the project, how many units to award and other relevant conditions.

Members of the Independent Study Committee are appointed by the vice dean of academic programs of the USC Dornsife College of Letters, Arts and Sciences for an academic year; they consult with a

representative of the Registrar's Office on articulating credits. If a member of the committee wishes to serve as the sponsor for a project, the vice dean will appoint an alternate to serve on the committee and consider that student's proposal.

Credits count as elective units, unless individual departments choose to apply some or all of the units toward major or minor requirements. A student may count no more

than 18 units toward the degree through a combination of Individual Programs of Study and Collaborative Learning Projects. Upon completion of the project, the student's transcript reads "Individual Program of Study" or "Collaborative Learning Project," with the units awarded and the titles of any courses included in the program. See Multidisciplinary Activities, page 414, for MDA 450 and MDA 460 course descriptions.

## Liberal Studies

*Assistant Professor (Teaching):* Tok Thompson, Ph.D. (*Anthropology*)

\*Recipient of university-wide or college award for teaching or research.

### Master of Liberal Studies

A multidisciplinary degree program, the Master of Liberal Studies (MLS) is designed for motivated, college-educated individuals who wish to further their intellectual growth and pursue graduate work part-time or full-time in the evenings.

The program centers on the major forces that are revolutionizing the way we conduct our professional lives, rather than on the individual liberal arts disciplines. In this way, subjects covered in the program's courses have immediate relevance to the problems and challenges of contemporary society. In particular, the program emphasizes some of the most fundamental dynamics shaping the contemporary world: urbanization and globalization, changing cultural landscape, and technological and environmental transformations.

The MLS is a year-round program consisting of nine 3-unit courses. The degree requires a core course and a summative project. Seven elective courses are chosen in consultation with the student's adviser and/or MLS program director.

### Admission Requirements

Admission to the program is based upon possession of a baccalaureate degree from an accredited college or university, with a minimum 3.0 GPA. When possible, interviews will be conducted with applicants. Two letters of recommendation, a writing sample and a personal statement of purpose are required.

### Degree Requirements

*Course and Summative Project Requirements*  
Nine courses (27 units), including the core course, LBST 500 (3 units), and the summative project, LBST 585 (3 units), are required.

## Courses of Instruction

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

### LIBERAL STUDIES (LBST)

**LBST 500 Introduction to Liberal Studies: Methods of Knowing (3, Sp)** Introduction to research methods in the social sciences, humanities, and natural sciences; then methods for applied interdisciplinary research.

**LBST 503 Self-Justifying Fictions (3)** Theoretical approaches to the study of literature, including formal and cultural analysis and the ethics and social impact of the humanities.

**LBST 505 East Asian Humanities: Classics of China, Korea, and Japan (3)** Examination of major themes in East Asian culture through primary texts in translation.

**LBST 507 Great Western Cities (3)** Examination of Western civilization in the urban context, focusing on several great cities in their “golden age” of creativity, accomplishment, and influence.

**LBST 510 Cities and Globalization (3)** Contemporary urban theory and comparative urban analysis. Emphasis on the role of globalization in shaping urban form and problems.

**LBST 512 Language in a Globalizing World (3)** Examination of the relationship between language and geopolitical change, endangered and minority languages, and the public policy implications of multilingualism and multiculturalism.

**LBST 514 Ideas of Nature in American Culture (3)** Examination of how Americans have used nature to think about themselves, environmentalism, American identity, gender/class relations, the American West, and the mythology of Los Angeles.

**LBST 516 Urban Conservation Biology (3)** Analysis of plant and animal distribution in urban landscapes. Exploration of major threats to urban biodiversity and nature conservation controversies and successes.

**LBST 520 Tradition and the Modern World (3)** Studies the continuing interplays between tradition and novelty; between locale and globalization; and between heritage and post-modernity with a focus on a specific locale.

**LBST 525 The Revolution That Made America (3)** Ideas and politics of the world’s first modern revolution, which transformed 13 colonies into a nation.

**LBST 527 Information Systems From Libraries to the Internet (3)** History and sociology of information systems. Philosophical and literary implications of writing, archives, libraries, printing, and publishing from the ancient world to the Internet age.

**LBST 530 Portraits of Leadership (3)** Analysis of different forms of cultural leadership in their historical, literary, and philosophical context.

**LBST 531 The Hero/Heroine in History (3)** Analysis of human agency in history and whether individual men and women are capable of altering the course of history by their actions.

**LBST 532 Ideas on Trial (3)** Examination of great trials in history as indicators of changing social and cultural attitudes.

**LBST 535 Great Works, Great Challenges (3)** Analysis of works of literature, drama, and poetry and their relationship to their historical contexts.

**LBST 537 Empire and Social Reform in America 1890-1917 (3)** Analysis through literary and historical texts of American public life, culture, and social justice during the era of U.S. ascendancy as a world power.

**LBST 540 Hell, Purgatory, and Paradise: Dante’s *Divine Comedy* (3)** In-depth reading and analysis of *Divine Comedy*, in order to develop appreciation for changing values from medieval, to Renaissance and contemporary culture.

**LBST 541 Opera, Culture, History, and Thought (3)** Analysis of cultural, historic, philosophical, political, and literary movements and themes through the medium of opera.

**LBST 542 The Culture of Comedy (3)** Historical and synchronic ideas of comedy. Ways in which philosophers, artists, and everyday individuals adapt in our ever-changing world.

**LBST 544 Representations of Los Angeles (3)** Study of literary, artistic and/or dramatic expressions of Los Angeles and its inhabitants in modern and historical literature, art, photography, film, television, and architecture.

**LBST 545 Imagining the American West (3)** Explores Western myths and realities through literature, history, film, and painting. Examines why American culture places questions about national pasts and futures in the West.

**LBST 547 Acts of Interpretation: Literature, Film, and Methodology (3)** Analysis of literature, film, and methodologies for approaching issues of interpretation, readership, and spectatorship. Examination of how interpretation varies across gender, race, class, and sexuality.

**LBST 550 Theories and Methods of Analysis in Cultural Studies (3)** Development of cultural studies as a fast-growing area of intellectual inquiry. Case study analysis of race/ethnicity, history and memory, space, post-modernism, globalization, censorship, and originality.

**LBST 555 Constructions of Childhood (3)** Analysis of the concept of childhood from its 18th-century origins. Applications of age studies, language, and cultural construction through fiction, history, film, and other media.

**LBST 560 Effects of Traumatic Life Experiences (3)** Examination of the psychological and emotional effects of extreme trauma and survivor consequences.

**LBST 570 Ecology of Night (3)** Explore the world of night. Human perception of the stars and the role of night in history. Impact of artificial lighting on non-human species and habitat.

**LBST 571 Food, Fashion and Furniture: Commodities in the Global Economy (3)** Analysis of commodities from origin to consumption illustrates the global impact of everyday choices.

**LBST 572 Controversies in Science, Medicine and Ethics (3)** Focus on how scientific developments drive ethical issues in medicine. Exploration of ethical dimensions of issues such as stem cells, genetic engineering and reproductive technology.

**LBST 574 Advances in Genetics and Evolutionary Biology (3)** How DNA directs an organism’s development and how our DNA can be “read” to understand human diversity, diseases, defects, and evolution.

**LBST 585abz Master’s Project (3-3-0, FaSpSm)** A summative research project completed in consultation with the student’s committee. Departmental approval. Graded IP/CR/NC.

**LBST 590 Directed Research (1-12, max 18, FaSpSm)** Research leading to the master’s degree. Maximum units which may be applied to the degree to be determined by the department.

**LBST 599 Special Topics (2-4, max 8)** Current issues, trends, and developments in liberal studies.

*Emeritus Professor:* Edward Finegan, Ph.D.\*

\*Recipient of university-wide or college teaching  
award.

### Degree Programs

The Linguistics Department offers undergraduate (B.A.) and graduate (M.A. and Ph.D.) programs. A wide range of courses allows students to study formal grammar (syntax, morphology, phonology, semantics); phonetics; psycholinguistics (natural language processing, first and second language acquisition, language disorders); sociolinguistics (discourse, quantitative approaches to style, linguistics and law); universals and typology; historical linguistics and Indo-European; East Asian linguistics (Chinese, Japanese, Korean); Germanic linguistics; Hispanic linguistics; Romance linguistics; Semitic linguistics; and Slavic linguistics.

## Undergraduate Degrees

The Linguistics Department emphasizes the study of language both as an abstract system and in its psychological and social contexts. In addition to introductory linguistics and courses in linguistic analysis, students take courses in psycholinguistics (language acquisition, processing, and language disorders) and/or sociolinguistics (language and society). The undergraduate major in linguistics focuses on how the human mind structures, processes and acquires language as well as how similar communication goals are met by diverse means in the languages of the world. Students are encouraged to pursue combined majors in Linguistics/Philosophy, Linguistics/Psychology and Linguistics/East Asian Languages and Cultures, as well as double majors with computer science or a language department. Please contact the department adviser for more information.

### Major Requirements for the Bachelor of Arts in Linguistics

For the lower division, LING 210 is required. For the upper division, the following courses are required: LING 301 and LING 302; four upper division courses from the following: LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 450, LING 466 and LING 485; an additional upper division course in linguistics

or a related field to be chosen in consultation with the department adviser.

### Linguistics Major with Honors

The linguistics major with honors requires the student to complete the requirements for the major with a GPA of 3.5 or above and to complete in addition LING 497 Honors Thesis with a grade of B or better. Intent to complete the linguistics major with honors should be registered with the undergraduate adviser no later than the second semester of the junior year.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and Philosophy

For the lower division, LING 210 is required. For the upper division the following courses are required: LING 301 and LING 302; PHIL 350 and PHIL 465; two courses selected from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485; and three courses selected from PHIL 450, PHIL 460, PHIL 462 and PHIL 470.

### Combined Major in Linguistics and Philosophy with Honors

The combined major in linguistics and philosophy with honors requires the student to complete the requirements for the major with a GPA of 3.5 or above and to complete in addition LING 497 Honors Thesis or PHIL 494 Senior Thesis with a grade of B or better. Intent to complete the major with honors should be registered with the undergraduate adviser no later than the second semester of the junior year.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and Psychology

For the lower division: LING 210, PSYC 100 and PSYC 274 are required. For the upper division the following courses are required: LING 301 and LING 302; PSYC 314L; two courses selected from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485; three additional courses selected from LING 406, PSYC 301L, PSYC 326, PSYC 336L, PSYC 337L, PSYC 424 and PSYC 433.

### Combined Major in Linguistics and Psychology with Honors

The combined major in linguistics and psychology with honors requires the student to complete the requirements for the major with a GPA of 3.5 or above and to complete in addition either LING 497 Honors Thesis or PSYC 380 Junior Honors Seminar and PSYC 480 Senior Honors Seminar, with a grade of B or better. Intent to complete the major with honors should be registered with the undergraduate adviser no later than the second semester of the junior year.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and East Asian Languages and Cultures

For the lower division, LING 210 is required. For the upper division, the following courses are required: LING 301 and LING 302; EALC 470; two courses from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485; two courses selected from EALC 304, EALC 306, EALC 315, EALC 317, EALC 320, EALC 322, EALC 400, EALC 402, EALC 406, EALC 407, EALC 412ab, EALC 413, EALC 415, EALC 417, EALC 422, EALC 424 and EALC 426; one EALC literature, civilization or thought course from EALC 332, EALC 335, EALC 340, EALC 342, EALC 345, EALC 350, EALC 352,

EALC 354, EALC 355, EALC 365, EALC 380, EALC 386, EALC 452, EALC 455 and EALC 460; two additional EALC courses from category IV or V. (After consultation with a department adviser, students may petition to use EALC courses not listed toward this requirement.)

### Bachelor of Arts in Interdisciplinary Archaeology

See Religion, page 460, for a complete listing of requirements.

### Bachelor of Arts in Middle East Studies

See the Department of Middle East Studies, page 412, for a complete listing of requirements.

### Linguistics Minor Requirements

Lower division: LING 210. Upper division: LING 301 and LING 302, one course in psycholinguistics (LING 405, LING 406 or LING 410) or in sociolinguistics (LING 375), and one additional upper division course from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 422, LING 466 and LING 485.

### Arabic and Middle East Studies Minor

The undergraduate minor program gives students the opportunity of supplementing their major with an emphasis in Arabic and Middle East Studies. The 20-unit interdisciplinary

minor is designed for students who want to explore and develop a critical understanding of Middle East history, culture, religion and global issues as well as acquire excellent knowledge of the Arabic language.

REQUIRED COURSES, LOWER DIVISION		UNITS
MDES 252	Arabic IV	4

REQUIRED COURSES, UPPER DIVISION		UNITS
ANTH 327	Anthropology of the Middle East and Islam	4
POSC 351	Middle East Politics, or	
IR 363	Middle East Political Economy	4
REL 315	Thought and Life of Islam	4

One course from the following:\*

IR 362	The International Relations of the Contemporary Middle East	4
IR 363	Middle East Political Economy	4
POSC 351	Middle East Politics	4

\*Cannot replicate IR 363 or POSC 351

### Middle East Studies Minor

See the Department of Middle East Studies, page 412.

## Graduate Degrees

The graduate program in linguistics trains individuals to engage in the scientific study of human language. Course work emphasizes the structural aspects of language and the mechanisms of language change. Students work closely with faculty members on problems in linguistic theory, the description of particular languages, and variation across different users and contexts, focusing on their implications for understanding social and cognitive structures.

### Admission Requirements

Applicants for admission to the graduate program are expected to have a bachelor's degree in linguistics or other appropriate field and knowledge of at least one foreign language. At the least, applicants are expected to have completed an introductory course in general linguistics. Other requirements for admission include: a detailed statement of purpose with specific information about interests and goals, scores from the General Test of the Graduate Record Examinations (GRE), and at least three letters of recommendation from academic sources.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in Linguistics (32 units)

The department does not accept applicants for a Master of Arts degree. All graduate work in Linguistics at USC is taken as part of the Ph.D. program, and the M.A. in Linguistics is intended only as a transitional degree in the process of completing requirements for the Ph.D.

A student admitted to the graduate program may choose later to earn a terminal M.A. degree, or may be invited by the department to attempt a terminal degree.

Students pursuing the Ph.D. program in linguistics are required to complete 32 units of course work toward the M.A. degree. The choice of courses is subject to approval by the Graduate Studies Committee. In addition, students must satisfy one foreign language or research tool requirement. (See Foreign Language/Research Tool Requirement.)

### M.A. Research Paper

In addition to course work and the foreign language/research tool requirement, students are also required to write one research paper the contents of which represent a distinct area. The completed paper must be submitted to the Graduate Studies Committee no later than the student's fourth semester of graduate study by the deadline established for that academic year. Following submission of the research paper, each student will conduct an oral defense of his or her work.

**Doctor of Philosophy in Linguistics**

Application deadline: December 1

Students pursuing the Ph.D. in Linguistics are required to complete a minimum of 60 units of course work beyond the baccalaureate. In addition to the 32 units completed toward the M.A., students are required to take three 600-level seminars in linguistics and a minimum of four units of 794ab Doctoral Dissertation. No more than eight units of 794 may be applied toward the Ph.D. degree. A maximum of 30 transfer units, approved by the university and the department may be applied to the Ph.D. degree.

After successfully completing the screening procedure, students will establish a guidance committee to determine a Ph.D. course program in preparation for the dissertation. This course program must be approved by the Graduate Studies Committee.

Students seeking the Ph.D. in linguistics must demonstrate knowledge of two foreign language/research tools with at least one of them falling under Option A. One of these two foreign language/research tools is satisfied as an M.A. requirement. See Foreign Language/Research Tool Requirement.

**Advisement**

The student in his or her first semester will have the option of either selecting a faculty adviser or postponing such a selection until, but no later than, the last day of classes of the first year in the program. The Graduate Studies Committee (GSC) will serve as a provisional adviser until the student makes a selection.

The student has the option of changing advisers at any time without the need to seek the original adviser's approval. The student should inform the GSC and the previous adviser of the change.

At the beginning of the second year of graduate study, the faculty adviser will assist the student in planning a program of study appropriate to the student's interests leading to the screening procedure.

**Required Core Courses in Linguistics**

Students pursuing the Ph.D. program in linguistics are required to complete 32 units of course work toward the M.A. degree. See Waiver and Substitution of Course Requirements (page 88) for possible exceptions.

REQUIRED COURSES		UNITS
LING 530	Generative Syntax	3
LING 531a	Phonology	3

**THREE COURSES FROM THE FOLLOWING (TO BE COMPLETED BY THE END OF THE THIRD YEAR) UNITS**

LING 512	Linguistics Variation and Language Changes	3
LING 534	Logic and the Theory of Meaning	3
LING 576	Psycholinguistics	3
LING 580	General Phonetics	3

**Screening Procedure**

Before a doctoral guidance committee can be established for applicants to the Ph.D. program, a student must pass a screening procedure. This procedure consists of a review of the student's graduate work at USC by Linguistics Department faculty. The review will be based on the following criteria: course work completed, including grades and papers; faculty recommendations; and evaluation of both the student's M.A. research paper and a Ph.D. screening paper. The M.A. research and Ph.D. screening papers must be in two different sub areas of linguistics, for example: syntax and psycholinguistics, or phonology and semantics, or sociolinguistics and typology.

The M.A. research paper must be completed and defended prior to the end of the fourth semester of graduate study, and the Ph.D. screening paper must be completed and defended prior to the end of the fifth semester. The set of courses leading to the M.A. research paper and the Ph.D. screening paper are determined through recommendation of the screening committee and approval of the Graduate Studies Committee.

**Guidance Committee**

Following the successful completion of the screening procedure, the student will establish a five-member guidance committee. The guidance committee is composed of at least five members; a minimum of three, including at least one tenured member, must be from the Linguistics Department and one must be a faculty member from outside the Linguistics Department. The Associate Vice Provost for Graduate Programs is *ex officio* a member of all guidance committees. (Refer to the Graduate School Policies and Requirements for instructions on forming a guidance committee, page 102.)

The Request to Take the Qualifying Examination Form is the means by which the guidance committee is formally established. This form should be filed with the guidance committee and the Graduate School the semester prior to taking the qualifying examination but no later than 30 days before the date of the student's written examination. In order to take the written examination, the student must submit a dissertation prospectus and an original research paper to each member of the guidance committee.

**Qualifying Examination**

The examination qualifying a student for candidacy for the Ph.D. degree is comprehensive in nature, partly written and partly oral. Prior to taking the qualifying examination, the student must have met all of the departmental requirements for doing so and have the recommendation of the guidance committee. The committee will determine and administer the written examination.

The written examination consists of a limited number of questions in the fields related to the student's research. Students will receive the written examination two weeks after submitting the qualifying paper and will have 30 days to complete the questions. An oral examination will be scheduled by the guidance committee two weeks after the written examination has been submitted.

The successful completion of the qualifying procedure is represented by the approval by the guidance committee of (1) the prospectus, (2) the original research paper, (3) the written examination, and (4) oral defense.

**Dissertation**

The final stage of the program is the submission and defense of a dissertation that makes an original and substantial contribution to its field of study. Refer to the Graduate School section of the catalogue for the policies and procedures governing the submission of a dissertation, page 104.

**Doctor of Philosophy in Linguistics (Hispanic Linguistics)**

Application deadline: December 1

For M.A. students pursuing an area of emphasis in Hispanic linguistics 12 of the 32 required units should be in Hispanic linguistics. Students should complete these 12 units by the end of their sixth semester of graduate study. Choose four courses from the following courses (12 units): LING 538, SPAN 513, SPAN 514, SPAN 515, SPAN 516, SPAN 517, SPAN 518, SPAN 590, SPAN 652, SPAN 672, SPAN 674, SPAN 676, SPAN 677, SPAN 678.

In addition to the 32 units of course work toward the M.A. degree and the M.A. research paper, students must also satisfy one foreign language or research tool requirement, which is the same as in the general program.

For Ph.D. students, at least two 600-level Spanish seminars are required, one of which can overlap with the student's M.A. course requirement. (Choose from the 600-level courses listed above.) In addition, Ph.D. students are required to complete four units of LING 794ab Doctoral Dissertation.

### Doctor of Philosophy in Linguistics (Specialization in East Asian Linguistics)

Application deadline: December 1

Students interested in East Asian linguistics take the Doctor of Philosophy in Linguistics with a specialization in East Asian linguistics. In addition to all requirements for the Ph.D. in linguistics, the following courses are required: four courses or 15 units related to East Asian linguistics that are approved by the Graduate Studies Committee (GSC), which may be chosen from the following list: EALC 537, EALC 547, EALC 557, EALC 558, EALC 560, EALC 561, EALC 580, EALC 620 and LING 539. Upon approval by the GSC, other courses may be substituted. In addition, one of the two screening papers, the research paper associated with the qualifying examination and the doctoral dissertation must deal with at least one East Asian language. Students must also take LING 794ab Doctoral Dissertation. Students must pass the reading examination in one East Asian language.

### Doctor of Philosophy in Linguistics (Specialization in Slavic Linguistics)

Application deadline: January 1

Students interested in Slavic linguistics take the Doctor of Philosophy in Linguistics with a specialization in Slavic linguistics. In addition to all requirements for the M.A. in Linguistics, the following courses are required: LING 542; SLL 510, SLL 512, SLL 514 and SLL 516; three LING 600-level seminars; and 794ab Doctoral Dissertation. Students must pass reading examinations in one Slavic language and either French or German.

### Foreign Language/Research Tool Requirement

The Foreign Language/Research Tool requirement may be satisfied by choosing from the following options:

(A) Demonstrate a working knowledge of a second language by:

1. Passing a department internal written translation examination administered by a qualified faculty member, or
2. Demonstrating native speaker competence in a language other than English.

(B) Demonstrate a working knowledge of statistics and experimental design by passing, with a grade of B or higher, LING 501a (or its equivalent) and a second course, such as LING 501b or its equivalent, where this knowledge is applied to a linguistic research problem.

The prior approval of the Graduate Studies Committee will be required to complete courses other than those listed above.

(C) Demonstrate the ability to use the computer as a research tool by passing, with a grade of B or higher, LING 585 (or its equivalent) or by completing a programming project related to linguistics; this should be equivalent in scope to a term project for a semester course.

The prior approval of the Graduate Studies Committee will be required to complete a course other than the one listed above.

## Courses of Instruction

### LINGUISTICS (LING)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**LING 110Lg In a Word (4, FaSp)** Words as a gateway to the human mind. How words are stored, comprehended and retrieved. How words are constructed. Word and concepts. Words and social constructs. The processing and the acquisition of words in normal and atypical children and adults.

**LING 115g Language, Society, and Culture (4, FaSp)** Discourse patterns among diverse social groups in institutional and interpersonal settings; interrelationships among language practices and gender, socioeconomic status, ethnicity; social structures and cultural values as reflected in language policies and practices. *Concurrent enrollment:* WRIT 140.

**LING 125 Hindi I (4, Fa)** Introduction to current Hindi. Oral practice, listening and reading comprehension; grammar necessary for simple spoken and written expression. Lecture, classroom drill, laboratory practice.

**LING 155 Hindi II (4, Sp)** Continuation of LING 125. Reading of simple Hindi prose, practice in pronunciation, the grammar essential for reading comprehension and writing. Lecture, classroom drill and laboratory practice. *Prerequisite:* LING 125.

**LING 210 Introduction to Linguistics (4)** Empirical study of the sounds and structures of human language; syntax and semantics; language change; linguistic universals.

**LING 255 Hindi III (4, Fa)** Continuation of LING 155; intensive work in listening comprehension, oral communication, reading and writing short essays; introduction of readings and periodicals related to Hindi culture and civilization. *Prerequisite:* LING 155.

**LING 275Lg Language and Mind (4, FaSp)** Language within cognitive science: speech physiology and acoustics, language acquisition, reading, language disorders, perception and mental representation of words, linguistic diversity and computer analysis of speech.

**LING 285Lg Human Language and Technology (4)** Study of human linguistic competence and technologies that simulate it. Grammar, parsing, text generation; semantics, pragmatics, sense disambiguation; phonetics, speech synthesis, speech recognition.

**LING 295g The Ancient Near East: Culture, Archaeology, Texts (4)** An investigation of the peoples of the ancient Near East, focusing upon the writings which they produced, their languages and scripts, and their archaeological remains. *Concurrent enrollment:* MDA 140.

**LING 301 Introduction to Phonetics and Phonology (4, Fa)** A survey of topics in phonetics and phonology. (Duplicates credit in former LING 401a.) *Prerequisite:* LING 210.

**LING 302 Introduction to Syntax and Semantics (4, Fa)** A survey of topics in syntax and semantics. (Duplicates credit in former LING 402a.) *Prerequisite:* LING 210.

**LING 374 Language and Society in East Asia (4)** (Enroll in EALC 374)

**LING 375 Sociolinguistics (4)** Linguistic and cultural pluralism in the U.S.; distributional and structural characteristics of selected urban and minority dialects; the relationship between dialects and "media standard." *Prerequisite:* LING 210.

**LING 380 Languages of the World (4)**

Introduction to the world's linguistic diversity; number of languages spoken and where; grammatical structure and social function of selected languages.

**LING 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**LING 401 Advanced Phonology (4)** Advanced study of topics in phonology. (Duplicates credit in former LING 401*b*.) *Prerequisite:* LING 301.

**LING 402 Advanced Syntax (4, Sp)** Advanced study of topics in syntax. (Duplicates credit in former LING 402*b*.) *Prerequisite:* LING 210, LING 302.

**LING 403 Advanced Semantics (4)** Topics in the theory of meaning in natural language (Duplicates credit in former LING 201.) *Prerequisite:* LING 302.

**LING 405 Child Language Acquisition (4)** Universal characteristics of child language; stages of acquisition of phonology, syntax, semantics; processes and dimensions of development; psychological mechanisms; communicative styles. (Duplicates credit in former LING 395.)

**LING 406 Psycholinguistics (4)** Experimental and theoretical aspects of how spoken and written language is produced and understood, learned during childhood, and affected by brain damage. *Prerequisite:* LING 210 or PSYC 100.

**LING 407 Atypical Language (4)** Analysis of atypical language and language pathologies throughout the lifespan and their relevance to current linguistic and cognitive science theory. *Prerequisite:* LING 210 or PSYC 100.

**LING 409 Linguistic Structure of English (3)** An overview of the syntactic, semantic, pragmatic structures of English as they relate to the theoretical literature on language acquisition.

**LING 410 Second Language Acquisition (4)** Theories of second language acquisition in children and adults; comparison of first and second language acquisition including psychological, social, and individual factors. (Duplicates credit in former LING 396.) *Prerequisite:* LING 210.

**LING 411x Linguistics and Education (4)** Practical classroom approaches to children's language; relationships between writing, reading, and speaking; social and regional dialects; traditional, structural, and generative-transformational grammars. Not available for major or minor credit.

**LING 412 Linguistic Interpretation of the Law (4)** Principles of semantics; analysis of speech acts including informing, promising, threatening, warning; linguistic analysis of consumer contracts and advertisements; readability studies.

**LING 415 Phonetics (4)** Familiarization with the articulation and transcription of speech sounds. Also vocal tract anatomy, acoustics, speech technology, non-English sounds, perception. Includes laboratory exercises.

**LING 422 Language Contact and Language Acquisition (4, Sp)** The emergence of new languages, known as Creoles, in socio-historical situations where linguistic input is degraded and insufficient to support the ordinary language acquisition process.

**LING 433 Children's Learning and Cognitive Development (4)** (Enroll in PSYC 433)

**LING 450 New Horizons in Forensic Speaker Identification (4)** Overview of methods used to identify voices on the basis of their characteristic speech patterns.

**LING 465 Philosophy of Language (4)** (Enroll in PHIL 465)

**LING 466 Word and Phrase Origins (4)** Introduction to historical-comparative word study; history of ideas concerning language relationships; types of semantic change; hidden metaphors in English word-stock.

**LING 480 Linguistic Structures (4)** Analysis of grammatical structures of an individual language.

**LING 485 Field Methodology (4)** Elicitation techniques and methodological principles; recording and analysis of phonological, syntactic, and semantic structures; practical approaches to procedures used in urban, rural, and "primitive" settings.

**LING 490x Directed Research (2-8, max 8, FaSp5m)** Individual research and readings. Not available for graduate credit.

**LING 497 Honors Thesis (4, FaSp)** Writing of the honors thesis. Registration is restricted to honors students.

**LING 499 Special Topics (2-4, max 8)** Investigation of selected topics in linguistics.

**LING 501ab Experimental Methods in Linguistics (3-3)** *a:* Univariate and bivariate statistical methods with applications to linguistic research; introduction to statistical computer packages. *b:* The application of advanced multivariate statistical methods to linguistic research. (Duplicates credit in former LING 601.) *Prerequisite:* LING 501*a*.

**LING 505abc Seminar in Linguistics (1-1-1)**

*a:* Exploration of the professional world of linguistics for first semester graduate students. *b:* Preparation and presentation of M.A./Ph.D. screening papers; discussion of student research. *c:* Colloquium for presentation and discussion of student research paper. Graded CR/NC.

**LING 512 Linguistic Variation and Language Changes (3, Fa)** Linguistic relationships among various correlates of variation: social, psychological, and chronological. Focus on dialectal, registrational, and historical variation; the constraints of production and perception in different modes and situations.

**LING 513 Spanish Morphology and Phonology (3, FaSp)** (Enroll in SPAN 513)

**LING 514 Spanish Syntax (3, FaSp)** (Enroll in SPAN 514)

**LING 515 Spanish Grammar in Discourse (3, FaSp)** (Enroll in SPAN 515)

**LING 527 Second Language Acquisition (3, Sp)** Concepts and issues in theoretical approaches to the study of non-primary language acquisition; e.g., linguistic and processing universals, language transfer, language learnability, fossilization.

**LING 530 Generative Syntax (3)** Introduction to syntax; transformational-generative syntax.

**LING 531ab Phonology (a: 3, Fa; b: 3, Sp)** Traditional views of phonology; generative phonology; current developments in phonological research and theory.

**LING 532 Current Issues in Syntactic Theory (3)** Original literature, focusing whenever possible on issues in comparative syntax and their implications for universal grammar. Course complements LING 530.

**LING 533 Language Universals and Typology (3)** Introduction to language universals and typology.

**LING 534 Logic and the Theory of Meaning (3)** An introduction to logic in preparation for advanced work in semantics and linguistic theory.

**LING 535 Syntax and Grammatical Theory (3, Sp)** Principles and comparison of modern theories of grammar with special reference to syntax.

**LING 536 Semantics (3, Sp)** Current linguistic approaches to the semantics of natural language; analysis of concepts of meaning and reference.

**LING 537 Advanced Syntax (3, max 9)**

Topics in advanced formal syntax; current literature leading to open questions in research; survey of important and controversial issues of current theoretical relevance.

**LING 538 Selected Topics in Romance Syntax (3, max 9, Sp)** Overview of selected topics in Romance Syntax within a comparative perspective and their contribution towards the understanding of a general theory of grammar.

**LING 539 Japanese/Korean Syntax and Theoretical Implications (3, max 9)** Critical discussion of selected papers and dissertations on Japanese/Korean syntax and consideration of their theoretical implications.

**LING 540 Field Methods in Linguistics (3, max 6, Sp)** Recording and analysis of a living language as employed by a native speaker of that language.

**LING 541 Field Methods in Second Language Acquisition (3)** Research design and methodology; data collection, coding, and analysis; ethical considerations.

**LING 542 Historical Linguistics (3, 2 years, Sp)** Principles of language change; the comparative method; structural and social factors in language change.

**LING 546 Comparative Indo-European Linguistics (3)** Analysis of the phonological, morphological, and syntactic structures of Proto-Indo-European, and its development in the various branches of Indo-European.

**LING 547 Morphology (3, max 12, FaSpSm)** Introduction to morphology: words versus sentences, the grammar of words, the various notions of "lexicon," the architecture of the phonological component. This course is in preparation for advanced work in linguistic theory.

**LING 548 Lexical Semantics (3, Sp)** Languages group meaning elements together in different ways to form words. Consideration of how to identify these elements and how speakers map them into lexico-syntactic units.

**LING 550 Advanced English Linguistics (3)** The analysis of problems in the grammatical description and history of English.

**LING 555 Comparative Germanic Linguistics (3)** Nature and relationship of changes that led to the differentiation of the individual Germanic languages.

**LING 557 Structure of the Chinese Language (4)** (Enroll in EALC 557)

**LING 561 Topics and Issues in East Asian Linguistics (4, max 12)** (Enroll in EALC 561)

**LING 573 Sociolinguistics (3)** Theoretical approaches to language in social context; discourse analysis, ethnography of communication, variation theory.

**LING 574 Advanced Sociolinguistics (3, max 9)** Current issues in sociolinguistic theory.

**LING 576 Psycholinguistics (3)** Theories of acquisition; sentence and discourse processing; language and thought.

**LING 579 Child Language Development (3, Sp)** Acquisition of grammatical, discourse, and conversational competence; strategies and structures.

**LING 580 General Phonetics (3, Sp)** Familiarization with articulation, transcription, production, and acoustic analysis of the speech sounds found in the world's languages. Also speech technology, perception, and disorders. Includes laboratory exercises.

**LING 581 Topics in Advanced Phonology (3, max 9)** Topics in advanced formal phonology; theoretical issues in the interface of phonology with other areas of linguistics; literature study on themes of current theoretical relevance. *Recommended preparation:* LING 531ab.

**LING 582 Experimental Phonetics (3, FaSp)** Source-filter theory, acoustic correlates of speech sounds, vocal tract and auditory physiology, coarticulation and motor coordination, speech technology including synthesis and recognition, experimental design and statistics, and speech perception. *Prerequisite:* LING 580.

**LING 585 Computational Linguistics (3)** Using hands-on and research techniques, study of the role of linguistic knowledge and the procedures that implement it in computational systems that process natural language.

**LING 586 Advanced Psycholinguistics (3, max 9)** Current issues in psycholinguistic theory.

**LING 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**LING 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**LING 595 Directed Readings (1-4, FaSpSm)** Maximum units which may be applied to the degree to be determined by the department.

**LING 599 Special Topics (2-4, max 8, FaSpSm)** Research trends as reflected primarily in the current periodical literature.

**LING 602 Seminar in Experimental Methods in Linguistics (3)** Topics in quantitative methods in linguistics research, e.g., covariance structure analysis, multi-dimensional scaling, log linear model, meta-analysis.

**LING 610 Seminar in Linguistic Theory (3, max 12, Sp)**

**LING 615 Seminar in Linguistics Structures (3, max 12, 2 years, Fa)** Analysis of the synchronic or diachronic phonology, morphology, and syntax of individual languages.

**LING 627 Seminar in Second Language Acquisition (3, max 12, FaSp)** Readings in second language acquisition as the framework for a discussion and research-oriented seminar.

**LING 631 Seminar in Phonological Theory (3, max 12, Fa)**

**LING 632 Seminar in Phonetics (3, max 12, FaSp)** Readings in phonetic theory and current research as the framework for a discussion-oriented class. *Prerequisite:* LING 580.

**LING 635 Seminar in Syntax (3, max 12, FaSp)**

**LING 636 Seminar in Semantics (3, max 12, Fa)**

**LING 645 Seminar in Language Change (3, max 12, Sp)**

**LING 675 Seminar in Sociolinguistics (3, max 12, Sp)**

**LING 676 Seminar in Psycholinguistics (3, max 12, Sp)**

**LING 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**LING 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Minor in Mathematical Finance Kaprielian Hall 108 (213) 740-2400

This interdisciplinary minor was created for students in business, economics and mathematics, whose majors already require some of the introductory course work. Students in other programs are welcome but should expect the minor to require more units than it does for students in those programs.

As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (which may be the same four courses). Finally, students must select four courses outside their major department. Economics majors must choose four courses outside of economics; math majors must choose four courses outside of math; business majors must choose four courses outside of the Marshall School of Business. These may be the same courses used to meet the first two conditions.

REQUIREMENTS		UNITS
ECON 203	Principles of Microeconomics, and	4
ECON 205	Principles of Macroeconomics, or	4
ECON 351x	Microeconomics for Business, and	4
ECON 352	Macroeconomics for Business	4
Choose one of the following two sequences (8 units):		
ECON 303*	Intermediate Microeconomic Theory	4
ECON 305*	Intermediate Macroeconomic Theory, or	4
BUAD 350*	Macroeconomic Analysis for Business Decisions	4
BUAD 351*	Economic Analysis for Business Decisions	4

Choose two courses, one from each of the following pairs (8 units):

MATH 118x	Fundamental Principles of the Calculus, or	
MATH 125	Calculus I	4
MATH 218*	Probability for Business, or	
MATH 407*	Probability Theory	4

Choose two courses from the following list (8 units):  
 MATH 126 or MATH 127; MATH 225 or MATH 245; MATH 226 or MATH 227; MATH 408 or MATH 467

Choose one course from the following list (4 units):  
 BUAD 306, BUAD 310, ECON 350\*, ECON 357\*, FBE 441\*

Choose one course from the following list (4 units):  
 ECON 452\*, ECON 457\*, FBE 324\*, FBE 421\*, FBE 443\*, FBE 445\*, FBE 459\*, FBE 462\*, FBE 464\*

Choose one course from the following:  
 ITP 109x, ITP 110x, CSCI 101

\*Prerequisite required

Total requirements, for students with no prior course work: 42-43 units

Students majoring in business administration, economics or mathematics can meet many of these requirements with course work that also satisfies their majors. In addition to those classes, students in those majors must complete the following requirements:

- Business majors satisfy 24 units with course work that is also required for the major and need to complete only 18 units in MATH, ECON and ITP or CSCI
- Economics majors satisfy 20-24 units with course work required for the major (including one major elective), needing only 18-22 units in BUAD, FBE, ITP or CSCI and MATH
- Mathematics majors satisfy 16 units with course work required for the major, needing only 26 units in BUAD, ECON, FBE and ITP or CSCI

## Progressive Degree Programs in Mathematics

See Mathematics, page 404, for progressive degree requirements.

## Master of Science in Mathematical Finance

The objective of this master of science program is to produce graduates with a rigorous foundation in the economic theory and mathematical modeling of financial markets. The program creates an integrated curriculum spanning four disciplines: economics, mathematics, econometrics/statistics and computational/numerical analysis. The program is designed for recent graduates in the fields of applied mathematics, physics and engineering — or for graduates in economics, business and finance with strong mathematical backgrounds — who wish to pursue high-tech finance careers in financial institutions, industry or government.

### Admission Requirements

Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue for general regulations (page 97). All applicants must take the GRE General Test. Complete transcripts of undergraduate and any graduate level courses are required, as well as a statement of purpose and three recommendation letters. A substantial undergraduate background in mathematics is required, which should include one semester of real analysis or advanced calculus, one semester of linear algebra and one semester of advanced probability/statistics. Candidates with weaker backgrounds may be required to take mathematics classes prior to admission to the program. An undergraduate knowledge of microeconomics and of macroeconomics, and partial differential equations is helpful, although it is not required for admission. Some experience in Matlab and C/C++ programming is also useful.

### Foreign Language Requirement

There is no foreign language requirement.

### Course Requirements

Thirty units of course work are required, six core courses and four to five elective courses. Students are required to satisfy a summative experience for degree completion. This will be in the form of registration in 1 unit of MATH 590 Directed Research with a summative report at the end of the term.

Topics of research will be determined by the program director. The program consists of:

**REQUIRED CORE COURSES (6 COURSES, 18 UNITS) UNITS**

Mathematics and Mathematical Finance:

MATH 530ab Stochastic Calculus and Mathematical Finance 3-3

MATH 512 Financial Informatics and Simulation (Computer Labs and Practitioner Seminar) 3

MATH 590 Directed Research 1

Financial Economics and Econometrics:

ECON 613 Economic and Financial Time Series 4

ECON 659 Economics of Financial Markets I 4

**ELECTIVE COURSES (4 COURSES, 12 UNITS) UNITS**

Computational and Empirical Finance (must take at least 2 courses)\*:

FBE 535 Applied Finance in Fixed Income Securities 3

FBE 554 Trading and Exchanges 3

FBE 555 Investment Analysis and Portfolio Management 3

FBE 559 Management of Financial Risk 3

FBE 589 Mortgages and Mortgage-Backed Securities and Markets 3

(FBE 555 highly recommended)

Statistics\*:

MATH 541ab Introduction to Mathematical Statistics 3-3

MATH 543L Nonparametric Statistics 3

MATH 547 Methods of Statistical Inference 3

Numerical/Optimization/Other Methods\*:

MATH 501 Numerical Analysis and Computation 3

MATH 502ab Numerical Analysis 3-3

MATH 504ab Numerical Solution of Ordinary and Partial Differential Equations 3-3

MATH 505ab Applied Probability 3-3

MATH 508 Filtering Theory 3

MATH 509 Stochastic Differential Equations 3

MATH 585 Mathematical Theory of Optimal Control 3

Computational and Financial Economics:

ECON 614 Economic and Financial Time Series II 4

ECON 652 Economics of Financial Markets II 4

PM 511ab Data Analysis 4-4

Prerequisites for any of the above courses can be waived based on students' knowledge of the subject area. Approval from the program director is required.

\*The elective courses in statistics/numerical/optimization/other methods and computational and empirical finance have to be approved for each student by the program directors. Other electives, not on this list, may sometimes be approved after consultation with program directors.

## Mathematics

Kaprielian Hall 104

*Chair:* Francis Bonahon, Ph.D.

### Faculty

*University Professor and USC Associates Chair in Natural Sciences:* Michael S. Waterman, Ph.D. (*Biological Sciences and Computer Science*)

*University Professor and Andrew and Erna Viterbi Chair in Communications:* Solomon Golomb, Ph.D. (*Electrical Engineering*)

*Dean's Professor of Mathematics:* Eric M. Friedlander, Ph.D.

*Gabilan Assistant Professor of Mathematics:* Sami Assaf, Ph.D.

*Professors:* Kenneth Alexander, Ph.D.; Richard Arratia, Ph.D.; Peter Baxendale, Ph.D.; Francis Bonahon, Ph.D.\*; Susan Friedlander, Ph.D.; Jason Fulman, Ph.D.; Larry Goldstein, Ph.D.; Robert Guralnick, Ph.D.\*; Nicolai T.A. Haydn, Ph.D.; Ko Honda, Ph.D.; Edmond A. Jonckheere, Ph.D. (*Electrical Engineering*); Sheldon Kamienny, Ph.D.; Igor Kukavica, Ph.D.; P. Vijay Kumar,

Ph.D. (*Electrical Engineering*); Ching Chieh Jay Kuo, Ph.D. (*Electrical Engineering*); Charles Lanski, Ph.D.; Sergey Lototsky, Ph.D.; Jin Ma, Ph.D.; Feodor Malikov, Ph.D.; Remigijus Mikulevicius, Ph.D.; M. Susan Montgomery, Ph.D.\*; Paul K. Newton, Ph.D. (*Aerospace and Mechanical Engineering*); Wlodek Proskurovski, Ph.D.; John E. Rolph, Ph.D. (*Information and Operations Management*); Gary Rosen, Ph.D.; Robert J. Sacker, Ph.D.; Hubert Saleur, Ph.D. (*Physics*); Alan Schumitzky, Ph.D.; Fengzhu Sun, Ph.D. (*Biological Sciences*); Simon Tavaré, Ph.D. (*Biological Sciences*); Zdenek Vorel, Ph.D.; Nicholas P. Warner, Ph.D. (*Physics*); Chunming Wang, Ph.D.; Mohammed Ziane, Ph.D.

*Associate Professors:* Ting Chen, Ph.D. (*Biological Sciences*); Jianfeng Zhang, Ph.D.

*Assistant Professors:* Aravind Asok, Ph.D.; Sami Assaf, Ph.D.; Jay Bartroff, Ph.D.; Aaron Lauda, Ph.D.

*Professors (Research):* Leonid Piterbarg, Ph.D.; Alexander G. Tartakovsky, Ph.D.

*Assistant Professors (Non-Tenure Track):* Chinmaya Gupta, Ph.D.; Brendon P. Rhoades, Ph.D.; Rongjie Lai, Ph.D.; Joseph A. Ross;

Ph.D.; Heather M. Russell, Ph.D.; Walter Rusin, Ph.D.; Thomas B. Williams, Ph.D.; Konstantin Zuev, Ph.D.

*Professor Emeritus:* Edward K. Blum, Ph.D.

\*Recipient of university-wide or college teaching award.

### Degree Programs

The Department of Mathematics has designed its major to give students an understanding of the several areas of mathematics. The program of study allows students to use electives to prepare themselves for a specific field, whether in industry, teaching or advanced graduate research. The faculty is engaged in a wide variety of research activities and offers courses in many areas.

The department offers the B.S., B.A. and minor in mathematics; B.S. and B.A. in applied and computational mathematics; B.S. in mathematics/economics; progressive degree programs in mathematics; M.S. in applied mathematics; M.S. in mathematical finance; M.S. in statistics; M.A. in mathematics; M.A. in applied mathematics; M.S. in computational molecular biology; Ph.D. in applied mathematics; and Ph.D. in mathematics.

## Undergraduate Degrees

### Advanced Placement Examinations in Mathematics

The university grants four units of credit in mathematics for scores of 4 or 5.

### Pre-major Requirements

MATH 125, MATH 126 or MATH 127, MATH 225, MATH 226 or MATH 227 are required.

### Major Requirements for the Bachelor of Arts in Mathematics

Six math courses at the 400 level or above including MATH 410, MATH 425a and either MATH 434 or MATH 435, are required.

### Major Requirements for the Bachelor of Science in Mathematics

Eight math courses at the 400 level or above, excluding MATH 434 and MATH 450, but including:

REQUIRED COURSES		UNITS
MATH 410	Fundamental Concepts of Modern Algebra	4
MATH 425ab	Fundamental Concepts of Analysis	4-4
MATH 471	Topics in Linear Algebra	4
REQUIRED PHYSICS COURSES		UNITS
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

Four additional courses in natural sciences or computer science, but excluding courses in mathematics, are required. At least two of these must be upper division courses, and each of the four courses must be acceptable for the Bachelor of Science degree in the department in which it is offered.

### Major Requirements for the Bachelor of Arts in Applied and Computational Mathematics

*Pre-major requirements:* MATH 125, MATH 126, MATH 225 or MATH 245, MATH 226.

*In mathematics:* MATH 407, MATH 458.

At least four more courses from the following: MATH 370, MATH 408, MATH 410, MATH 425a, MATH 430, MATH 432, MATH 435, MATH 445, MATH 466, MATH 467, MATH 471.

*In computing:* At least one programming course such as CSCI 101L, ITP 109x, ITP 110x, ITP 150x, ITP 165x or other programming courses approved by the program advisers.

*Electives:* At least three additional courses with significant quantitative content, in mathematics, natural sciences, computer science, engineering, economics or other fields approved by the department. At least two of these must be outside the mathematics department; moreover, at least two of these three must be in the same department, one of which must be an upper division course.

### Major Requirements for the Bachelor of Science in Applied and Computational Mathematics

*Pre-major requirements:* MATH 125, MATH 126, MATH 225 or MATH 245, MATH 226.

*In mathematics:* MATH 407, MATH 408, MATH 425a, MATH 458. At least three courses from MATH 370, MATH 410, MATH 425b, MATH 430, MATH 432, MATH 435, MATH 445, MATH 466, MATH 467, MATH 471.

Students contemplating a graduate degree in mathematics are advised to take MATH 410, MATH 425b and MATH 471.

*In computing:* At least one programming course such as CSCI 101L, ITP 109x, ITP 110x, ITP 150x, ITP 165x or other programming course approved by the program advisers.

*Electives:* At least five additional courses with significant quantitative content in mathematics, natural sciences, computer science, engineering, economics or other fields approved by the department. At least three of these must be outside the mathematics department; moreover, at least three of these must be in the same department, and at least two must be upper division courses.

### Grade Point Average Requirements

For each undergraduate degree an overall GPA of 2.0 in all upper division courses taken for the degree is required. In addition, any upper division course specifically listed as required must be passed with a grade of C (2.0) or better (e.g., MATH 410, MATH 425ab and MATH 471 for the B.S. degree).

### Minor in Mathematical Finance

This interdisciplinary minor was created for students in business, economics and mathematics, whose majors already require some of the introductory course work. Students in other programs are welcome but should expect the minor to require more units than it does for students in these programs. For more information, see Mathematical Finance, page 401.

### Minor in Statistics

Kaprielian Hall 104  
(213) 740-2400

This interdisciplinary minor should appeal to students from any discipline who are interested in acquiring a basic understanding of the mathematics underlying modern statistical analysis and inference techniques, in learning how to handle and analyze large data sets, and in gaining insight into the applications of modern statistics. Students who complete this minor should be able to critically interpret statistically based conclusions, should be viable candidates for entry level positions requiring some knowledge of modern statistics and data analysis, and should be prepared to enter a graduate-level program in applied statistics. The only prerequisite for this minor is one semester of elementary calculus.

As with all minors, students must include at least four upper division courses and four courses dedicated exclusively to this minor (which may be the same four courses). Finally, students must select four courses outside their major department. These may be the same four courses used to meet the first two conditions. Note that Math B.A. and B.S. economics/mathematics students may complete this minor by taking MATH 407 and MATH 408 and at least 16 additional upper division units approved by the Department of Mathematics, which are not in their major department and not being used to satisfy a requirement for their major. Note also that if calculus must be taken to satisfy the prerequisite for MATH 307, 20 units would be required to complete the minor.

REQUIREMENTS		UNITS
MATH 307	Statistical Inference and Data Analysis I (prerequisite: MATH 118 or MATH 125), and	4
MATH 308	Statistical Inference and Data Analysis II, or	4
MATH 407	Probability Theory (prerequisite: MATH 226) and	4
MATH 408	Mathematical Statistics	4
Electives*		8
Total		16 units

\*Electives may be any upper division or graduate level classes involving the theory or application of statistics approved by the Department of Mathematics. The department maintains a list of currently pre-approved courses that students may choose from. Potential courses include: BISC 478 Computational Genome Analysis (4 units), ECON 414 Introduction to Econometrics (4 units), ECON 419 Forecasting (4 units) and PSYC 421L Applied Multivariate Statistical Methods (4 units).

#### Mathematics Minor Requirements

MATH 125, MATH 126 or MATH 127, MATH 225 or MATH 245, MATH 226 or MATH 227 and four math courses at the 400 level or above, one of which must be from MATH 410, MATH 425a, MATH 435, MATH 440 or MATH 471. These four courses at the 400 level or above must total at least 16 units.

## Graduate Degrees

#### Admission Requirements

All applicants must take the Graduate Record Examinations General Test.

#### *Master of Arts and Doctor of Philosophy in Mathematics and in Applied Mathematics*

A substantial undergraduate background in mathematics which includes one year of real analysis (MATH 425ab), one semester of abstract algebra (MATH 410) and one semester of upper division linear algebra (MATH 471) is required. Students enrolled in one of the department's master of science or arts programs must complete the Ph.D. screening procedure prior to admission to a Ph.D. program.

#### *Master of Science in Applied Mathematics, in Statistics and in Computational Molecular Biology*

A substantial undergraduate background in mathematics which includes one semester of real analysis or advanced calculus and one semester of linear algebra is required.

#### Honors Program in Mathematics

##### *Admission to the Program*

The honors program is available for mathematics majors. A student must apply to the department for admission. A minimum grade point average of 3.5 is required in the first two years of university work as well as in the lower division mathematics courses MATH 125, MATH 126 or MATH 127, MATH 225 and MATH 226 or MATH 227.

##### *Requirements*

The students must complete all requirements for the degree program in which they are enrolled. MATH 410, MATH 425ab and MATH 471 are required. The remaining courses at the 400 level or higher must be acceptable for the B.S. degree.

In addition, students in the honors program must register for at least four units of MATH 490x Directed Research. The student must have an overall GPA of at least 3.5 in all courses at the 400 level or higher.

#### Combined Mathematics/Economics Major Requirements for the Bachelor of Science

Students are required to take seven courses in economics, seven courses in mathematics and one course in computer programming languages.

*Pre-major requirement:* MATH 125.

*In economics:* ECON 203, ECON 205, ECON 303, ECON 305, ECON 414 and at least two other ECON courses at the 400 level or above.

*In mathematics:* MATH 126 or MATH 127; MATH 225 or MATH 245; MATH 226 or MATH 227; MATH 407, MATH 408 and at least two other MATH courses at the 400 level or above.

*In computing:* At least one course chosen from ITP 110x, ITP 150x, ITP 165x; CSCI 101L.

Electives must be approved by the program advisers.

#### Language

Those students intending to go on to graduate school should satisfy the language requirement in French, German or Russian.

#### Progressive Degree Programs in Mathematics

Outstanding undergraduate students may apply for a master's degree in any area for which their major is relevant. If accepted into the master's degree program, the student may work simultaneously toward their bachelor's degree and the master's degree. To apply for a master's degree, a student must have completed at least 64 units, but fewer than 96 units, toward their major. The application requires two letters of recommendation from USC faculty, at least one of whom must be in the department of the student's major. For more information on progressive degree programs, see page 87.

Regular admission pending completion during the first year of graduate studies of prerequisite undergraduate mathematics may be considered for applicants who otherwise qualify for the program.

#### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

#### Master of Science in Applied Mathematics

This program is intended for individuals who are seeking or currently hold positions which involve mathematical applications, or for mid-career people wishing to improve their skills in applied areas. Specific options in the program include: biomedicine, discrete mathematics, economics, finance and business economics, fluid dynamics, numerical analysis

and computation, and systems and control. In addition, students may design their own option to suit specific needs.

On admission to the program, each student is assigned an option adviser. The adviser serves on the student's guidance committee and assists the student in determining the courses of study in the selected option. Courses of instruction are drawn from the Department of Mathematics and other participating departments which include: aerospace engineering, biomedical engineering, civil engineering, computer science, economics, electrical engineering, business administration, mechanical engineering, physiology and biophysics, and preventive medicine.

REQUIRED COURSES	UNITS
MATH 501 Numerical Analysis and Computation	3
MATH 505ab Applied Probability	3-3
MATH 570a Methods of Applied Mathematics	3
MATH 601 Optimization Theory and Techniques	3

plus at least 15 units of elected option courses

In addition, registration in MATH 594ab and a master's thesis is required for all students. This thesis is the end product of a practicum in the selected option. The practicum is supervised by the student's guidance committee.

For this program students are not required to take the screening examination or to satisfy a foreign language requirement.

**Master of Science in Mathematical Finance**  
See Mathematical Finance, page 401.

**Master of Science in Statistics**

The object of this program is to provide academic instruction in statistical theory with a solid mathematical foundation while emphasizing applications to real world problems. Some probability theory is included to provide a rigorous foundation. The program is intended for individuals who are seeking or currently hold positions that involve statistical methodology and practice. A student may orient his or her course of study toward a particular field of application through appropriate selections from the program listings plus elective courses from other disciplines.

*Course Requirements*

Thirty units of course work are required, including:

REQUIRED COURSES	UNITS
MATH 541ab Introduction to Mathematical Statistics	3-3
MATH 650 Seminar in Statistical Consulting	3
and one from each of options A, B, C	
<b>(A)</b>	
MATH 505a Applied Probability	3
MATH 507a Theory of Probability	3

<b>(B)</b>	
MATH 542L Analysis of Variance and Design	3
MATH 545L Introduction to Time Series	3

<b>(C)</b>	
MATH 501 Numerical Analysis and Computation	3
MATH 502a Numerical Analysis	3
PM 511a Data Analysis	4

plus at least 12 units of adviser-approved courses

Students may opt for a master's thesis (and registration in MATH 594ab) or a written examination covering material from MATH 505a or MATH 507a, and MATH 541ab. The examination will normally be given at the end of the fall semester. Students must pass MATH 505a or MATH 507a, and MATH 541ab with a grade of B or higher. If a student receives a grade of B- or lower in any of these courses, the requirement can be waived upon passing the screening exam for the course at the master's level or higher.

**Master of Science in Computational Molecular Biology**

The computational molecular biology program is designed to attract recent graduates in either mathematics, statistics, biology or computer science, or scientists and engineers interested in retraining. A commercial or laboratory internship is required. Students will be prepared for employment in the rapidly expanding areas of computational molecular biology and bioinformatics. The program has two tracks, appropriate for different undergraduate backgrounds: biology and mathematical science. The required courses for each track are indicated below.

REQUIRED COURSES	UNITS
<i>Biological Sciences</i>	
BISC 403*** Advanced Molecular Biology	4
BISC 478** Computational Genome Analysis	4
BISC 505* Genomics and Molecular Genetics	4
BISC 542* Seminar in Molecular Biology	3
BISC 577ab* Computational Molecular Biology Laboratory	2-2

<i>Computer Science</i>	
CSCI 485** File and Database Management	3
CSCI 570*** Analysis of Algorithms	3

<i>Mathematics</i>	
MATH 407** Probability Theory	4
MATH 408** Mathematical Statistics	4
MATH 505a*** Applied Probability	3
MATH 541a*** Introduction to Mathematical Statistics	3
MATH 578a*** DNA and Protein Sequence Analysis	3

MATH 592* Computational Molecular Biology Internship	3
MATH 650* Seminar in Statistical Consulting	3
<b>Total units</b>	<b>32-33</b>

\*Both tracks

\*\*Biology track

\*\*\*Mathematical science track

Students are required to demonstrate skill in C++, Java or Perl, and to demonstrate knowledge of molecular biology at the level of BISC 320L. A substantial report on the commercial or laboratory internship must be submitted (for which enrollment in MATH 592 is required).

**Master of Arts in Mathematics and Master of Arts in Applied Mathematics**

The objective of the Master of Arts program is to prepare students for research, teaching and other professional careers in mathematics and applied mathematics, respectively. In addition to the algebra requirement and differential geometry/topology option for the Master of Arts in Mathematics, the two programs differ in emphasis: the Master of Arts in Mathematics emphasizes the core courses in pure mathematics, and the Master of Arts in Applied Mathematics emphasizes courses in mathematics and affiliated fields that are fundamental in applied mathematics.

*Relationship to Ph.D. Programs in Mathematics and in Applied Mathematics*

The two year M.A. program is an expansion of the first year of graduate studies in the Ph.D. program in mathematics (respectively, the Ph.D. program in applied mathematics). The program provides a rigorous foundation in mathematics (applied mathematics) while affording students additional time for preparatory training. The comprehensive examinations for the M.A. program can serve as the preliminary qualifying examination for either Ph.D. program, and the written Ph.D. qualifying examinations serve as comprehensive examinations for the corresponding Master of Arts degree.

*Requirements for the Master of Arts in Mathematics*

At least 24 units are required, including:

REQUIRED COURSES	UNITS
MATH 510ab Algebra	3-3
MATH 520 Complex Analysis	3
MATH 525a Real Analysis	3

and one option from A, B, C or D

<b>(A)</b>	
MATH 535a Differential Geometry	3
MATH 540 Topology	3

(B)			
MATH 555a	Partial Differential Equations	3	
MATH 565a	Ordinary Differential Equations	3	
(C)			
MATH 507a	Theory of Probability	3	
MATH 541b	Introduction to Mathematical Statistics	3	
(D)			
MATH 502ab	Numerical Analysis	3-3	

The degree is completed with either departmental examinations (two written examinations selected from the two required components and the optional component) or a thesis demonstrating research ability in pure mathematics (the thesis option requires four additional thesis units selected from MATH 594abz).

#### *Requirements for the Master of Arts in Applied Mathematics*

At least 24 units are required, including MATH 525a Real Analysis, and at least three from these courses:

MATH 502a	Numerical Analysis
MATH 502b	Numerical Analysis
MATH 505a	Applied Probability, or
MATH 507a	Theory of Probability
MATH 505b	Applied Probability, or
MATH 506	Stochastic Processes, or
MATH 507b	Theory of Probability
MATH 541a	Introduction to Mathematical Statistics
MATH 541b	Introduction to Mathematical Statistics
MATH 555a	Partial Differential Equations
MATH 565a	Ordinary Differential Equations

Other elective courses, including those from other departments, have to be approved by the program adviser.

The degree is completed with either departmental comprehensive examinations (two examinations, one covering the required component MATH 525a, and the second covering one of the elective MATH courses) or a thesis demonstrating research ability in applied mathematics (the thesis option requires four additional thesis units selected from MATH 594abz).

#### **Doctor of Philosophy in Applied Mathematics**

The program requires a maximum effort by the student for a minimum of four years of full-time work.

Application deadline: January 1

#### *Screening Procedure*

The screening examination consists of four one-hour examinations covering the subject content of: MATH 502a Numerical Analysis; MATH 505a Applied Probability (or, at the student's discretion, MATH 507a Theory of Probability); MATH 525a Real Analysis; and MATH 541a Introduction to Mathematical Statistics.

The department offers the examinations twice a year, at the end of summer and at the beginning of the spring semester. All four parts of the screening examination must be attempted by the end of the third semester (not counting summer sessions) in the program. The students may take each of the exams as many times as they wish, but three of the exams must be successfully completed by the end of the fourth semester (not counting summer sessions) and all four must be successfully completed by the end of the sixth semester in the program. The qualifying examination should follow two or three semesters after the successful completion of the screening procedure.

#### *Guidance Committee*

No later than at the end of the first semester after passing the screening procedure the student must form a guidance committee consisting of an adviser and four other faculty members, including at least one from another department.

#### *Qualifying Examination*

The written portion of the qualifying examination consists of a Ph.D. dissertation proposal. This document should include: introduction, statement of the problem, literature survey, methodology, summary of preliminary results, proposed research, references, appendix (including one or two fundamental references).

The oral portion of the qualifying examination consists of a presentation of the Ph.D. dissertation proposal. The student must demonstrate research potential.

#### *Course Requirements*

The student must complete, with no grade lower than B, a minimum of 60 units of courses carrying graduate credit and approved by the guidance committee. These must include MATH 794ab and six courses from the following: MATH 502b, MATH 504ab, MATH 505b, MATH 507b, MATH 509, MATH 520, MATH 525b, MATH 530b, MATH 532, MATH 541b, MATH 542L, MATH 545, MATH 555a, MATH 565a, MATH 574, MATH 576, MATH 580, MATH 585.

#### *Transfer of Credit*

No transfer of credit will be considered until the screening examination is passed. A maximum of 30 units of graduate work at another institution may be applied toward the course requirements for the Ph.D. A grade of B- (A = 4.0) or lower will not be accepted and, at most, two grades of B will be accepted. A Ph.D. candidate may petition the department for transfer of additional credit, after he or she passes the qualifying examination.

#### *Foreign Language Requirement*

The student must demonstrate a reading comprehension of mathematics in one language (other than English) in which there is a significant body of research mathematics (such as Chinese, French, German, Japanese and Russian) by passing a written examination, administered by the Mathematics Department, in translation of mathematical content.

#### *Dissertation*

Following passage of the screening examination and approval of a dissertation topic by the guidance committee, the student begins research toward the dissertation under the supervision of the dissertation committee. The primary requirement of the Ph.D. is an acceptable dissertation based on a substantial amount of original research conducted by the student.

#### *Research Areas*

Opportunities for research are available from the faculty in several areas of applied mathematics with an emphasis on: computational biology, control theory, financial mathematics, mathematical neurosciences, numerical analysis, optimization, scientific computing, statistical genetics, statistics and stochastic differential equations.

#### **Doctor of Philosophy in Mathematics**

The program requires the maximum endeavor by the student for normally a minimum of four years of full-time work.

The student must choose between two concentrations: Pure Mathematics or Pure and Applied Mathematics.

Application deadline: January 1

#### *Screening Procedure*

Appointment of a guidance committee and retention in the doctoral program are contingent on passing the preliminary qualifying examination by the end of the second semester. If a student fails the examination, the department, at its discretion, may permit the student to take it again during the third semester of graduate studies.

The preliminary qualifying exam is a written two-hour examination administered by the department. The student must choose between two options: analysis or algebra. Each option approximately covers the content of two one-semester graduate courses, with the precise list of possible topics made available to the student by the department.

#### Course Requirements

The student must complete with no grade lower than B a minimum of 60 units of courses carrying graduate credit and approved by the guidance committee.

#### Pure Mathematics Concentration

REQUIRED COURSES		UNITS
MATH 510a	Algebra	3
MATH 525a	Real Analysis	3
MATH 535a	Differential Geometry	3
MATH 794ab	Doctoral Dissertation	2-2

Five courses selected from the following:

MATH 507a	Theory of Probability	3
MATH 510b	Algebra	3
MATH 520	Complex Analysis	3
MATH 525b	Real Analysis	3
MATH 532	Combinatorial Analysis	3
MATH 540	Topology	3
MATH 555a	Partial Differential Equations	3
MATH 565a	Ordinary Differential Equations	3

#### Pure and Applied Mathematics Concentration

REQUIRED COURSES		UNITS
MATH 502a	Numerical Analysis	3
MATH 510a	Algebra	3
MATH 525a	Real Analysis	3
MATH 794ab	Doctoral Dissertation	2-2

Five courses selected from the following:

MATH 502b	Numerical Analysis	3
MATH 507a	Theory of Probability	3
MATH 520	Complex Analysis	3
MATH 525b	Real Analysis	3
MATH 532	Combinatorial Analysis	3
MATH 541a	Introduction to Mathematical Statistics	3
MATH 555a	Partial Differential Equations	3
MATH 565a	Ordinary Differential Equations	3

#### Transfer of Credit

No transfer of credit will be considered until the screening examination is passed. Normally a maximum of 30 units of graduate work at another institution may be applied toward the course requirements for the Ph.D. A grade of B- or lower will not be accepted, and, at most, two grades of B will be accepted. A Ph.D. candidate may petition the department for transfer of additional credit after passing the qualifying examination.

#### Foreign Language Requirement

The student must demonstrate a reading comprehension of mathematics in one language (other than English) in which there is a significant body of research mathematics (such as Chinese, French, German, Japanese and Russian) by passing a written examination, administered by the department, in translation of mathematical content.

#### Qualifying Examination

The written portion of the qualifying examination is comprehensive, consisting of two, two-hour examinations administered by the department. These examinations cover two out of the following five options, excluding

the option already selected for the preliminary examination: algebra, analysis, geometry/topology, probability/statistics, differential equations. Each option approximately covers the content of two, one-semester graduate courses, with the precise list of possible topics made available to the students by the department. The selection of options must be approved by the guidance committee.

The oral portion of the qualifying examination covers one topic selected from department research areas in mathematics and approved by the guidance committee. The student must demonstrate research potential in this field.

#### Dissertation

Following passage of the qualifying examination and approval of a dissertation topic by the guidance committee, the student begins research toward the dissertation under the supervision of the dissertation committee. The primary requirement for the Ph.D. is an acceptable dissertation which is based on a substantial amount of original research conducted by the student.

#### Research Areas

Opportunities for research are offered in the areas of algebraic geometry, arithmetic geometry, combinatorics, complex geometry, control theory, differential equations, differential geometry, dynamical systems, functional analysis, geometric analysis, group theory, K-theory, nonlinear analysis, number theory, numerical analysis, optimization, probability, representation theory, ring theory and topology.

## Courses of Instruction

### MATHEMATICS (MATH)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### MATH 040x Basic Mathematical Skills

(4, FaSp) Intensive review of arithmetic and algebra. Not available for degree credit. Graded CR/NC.

**MATH 108 Precalculus (4, FaSp)** Equations and inequalities; functions; graphs; polynomial and rational functions; exponential, logarithmic, and trigonometric function; analytic geometry. *Prerequisite:* MATH 040x or passing of placement exam.

#### MATH 116 Mathematics for the Social

**Sciences (4, FaSp)** Finite mathematics with application to the social sciences; elementary set theory and logic; counting techniques; probability; statistics; matrices and systems of linear equations. Selected topics.

#### MATH 117 Introduction to Mathematics for

**Business and Economics (4, FaSp)** Functions, graphs, polynomial and rational functions, exponential and logarithmic functions, matrices, systems of linear equations. *Prerequisite:* MATH 040x or math placement exam.

#### MATH 118x Fundamental Principles of the

**Calculus (4, FaSpSm)** Derivatives; extrema. Definite integral; fundamental theorem of calculus. Extrema and definite integrals for functions of several variables. Not available for credit toward a degree in mathematics. *Prerequisite:* MATH 117 or math placement exam.

**MATH 125 Calculus I (4, FaSpSm)** Limits; continuity, derivatives and applications; anti-derivatives; the fundamental theorem of calculus; exponential and logarithmic functions. *Prerequisite:* MATH 108 or math placement exam.

**MATH 126 Calculus II (4, FaSpSm)** A continuation of MATH 125: trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series; Taylor series; polar coordinates. *Prerequisite:* MATH 125.

**MATH 127 Enhanced Calculus I (4, Fa)** Applications of integration, review of techniques of integration, infinite sequences and series, some beginning linear algebra, ordinary differential equations. Designed for students who earn a score of 4 or 5 on the Advanced Placement Calculus AB Examination, or a score of 3 or 4 on the BC Examination. Admission to course by departmental approval. (Duplicates credit in MATH 126.)

**MATH 200 Elementary Mathematics from an Advanced Standpoint (4, FaSp)** An explanation of arithmetic and geometry, including the algebraic operations, number bases, plane and solid figures; and coordinate geometry. *Prerequisite:* MATH 040x or math placement exam.

**MATH 208x Elementary Probability and Statistics (4, FaSp)** Descriptive statistics, probability concepts, discrete and continuous random variables, mathematical expectation and variance, probability sampling, Central Limit Theorem, estimation and hypothesis testing, correlation and regression. Not available for major credit to mathematics majors. *Prerequisite:* MATH 118x or MATH 125.

**MATH 218 Probability for Business (4, FaSpSm)** Basic probability, discrete and continuous distributions, expectation and variance, independence. Sampling, estimation, confidence intervals, hypothesis testing. *Prerequisite:* MATH 118x or MATH 125.

**MATH 225 Linear Algebra and Linear Differential Equations (4, FaSp)** Matrices, systems of linear equations, vector spaces, linear transformations, eigenvalues, systems of linear differential equations. *Prerequisite:* MATH 126.

**MATH 226 Calculus III (4, FaSp)** A continuation of MATH 126; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. *Prerequisite:* MATH 126.

**MATH 227 Enhanced Calculus II (4, Sp)** A continuation of MATH 127; vectors and vector spaces, functions of several variables, partial differential equations, optimization theory, multiple integration; Green's Stokes', divergence theorems. *Prerequisite:* MATH 127 or MATH 225.

**MATH 245 Mathematics of Physics and Engineering I (4, FaSp)** First-order differential equations; second-order linear differential equations; determinants and matrices; systems of linear differential equations; Laplace transforms. *Prerequisite:* MATH 226.

**MATH 265 Mathematical and Computational Methods for Neuroscience (4, FaSp)** Differential calculus of multivariable functions, optimization, elementary linear algebra and matrix theory, principal component analysis, elementary differential equations, systems, qualitative theory, numerical methods, scientific computation. *Prerequisite:* MATH 125; *recommended preparation:* MATH 126 or equivalent or AP credit for Calculus BC.

**MATH 307 Statistical Inference and Data Analysis I (4, Fa)** Probability, counting, independence, distributions, random variables, simulation, expectation, variance, covariance, transformations, law of large numbers, Central limit theorem, estimation, efficiency, maximum likelihood, Cramer-Rao bound, bootstrap. *Prerequisite:* MATH 118 or MATH 125.

**MATH 308 Statistical Inference and Data Analysis II (4, Sp)** Confidence intervals, hypothesis testing, p-values, likelihood ratio, nonparametrics, descriptive statistics, regression, multiple linear regression, experimental design, analysis of variance, categorical data, chi-squared tests, Bayesian statistics. *Prerequisite:* MATH 307.

**MATH 370 Applied Algebra (4, Sp)** Induction, Euclidean algorithm, factorization, congruence classes, Rings, RSA algorithm, Chinese remainder theorem, codes, polynomials, fundamental theorem of algebra, polynomial multiplication, Fourier transform, and other topics. *Prerequisite:* MATH 226; MATH 225 or MATH 245.

**MATH 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**MATH 395 Seminar in Problem Solving (2, max 8)** Systematic approach to solving non-standard and competition level math problems on inequalities, infinite sums and products, combinatorics, number theory, and games. *Recommended preparation:* MATH 126.

**MATH 400 Foundations of Discrete Mathematics (4, Fa)** Methods of proof, predicate calculus, set theory, order and equivalence relations, partitions, lattices, functions, cardinality, elementary number theory and combinatorics. *Prerequisite:* MATH 225 or MATH 226.

**MATH 407 Probability Theory (4, FaSp)** Probability spaces, discrete and continuous distributions, moments, characteristic functions, sequences of random variables, laws of large numbers, central limit theorem, special probability laws. *Prerequisite:* MATH 226.

**MATH 408 Mathematical Statistics (4, Sp)** Principles for testing hypotheses and estimation, small sample distributions, correlation and regression, nonparametric methods, elements of statistical decision theory. *Prerequisite:* MATH 407.

**MATH 410 Fundamental Concepts of Modern Algebra (4, FaSp)** Sets; relations; groups; homomorphisms; symmetric groups; Abelian groups; Sylow's theorems; introduction to rings and fields. *Prerequisite:* MATH 225.

**MATH 425ab Fundamental Concepts of Analysis (a: 4, FaSp; b: 4, Sp)** *a:* The real number system, metric spaces, limits, continuity, derivatives and integrals, infinite series. *b:* Implicit function theorems, Jacobians, transformations, multiple integrals, line integrals. *Prerequisite:* MATH 226; MATH 425a before MATH 425b.

**MATH 430 Theory of Numbers (4, Fa)** Introduction to the theory of numbers, including prime factorization, congruences, primitive roots, N-th power residues, number theoretic functions, and certain diophantine equations. *Prerequisite:* MATH 126.

**MATH 432 Applied Combinatorics (4, Sp)** Mathematical induction, counting principles, arrangements, selections, binomial coefficients, generating functions, recurrence relations, inclusion-exclusion, symmetric groups, graphs, Euler and Hamiltonian circuits, trees, graph algorithms; applications. *Prerequisite:* MATH 225 or MATH 226.

**MATH 434 Geometry and Transformations (4, Fa)** Incidence and separation properties of planes and spaces. Geometric inequalities, models of Riemannian and hyperbolic geometry. Isometrics, Jordan measure, constructions, and affine geometry.

**MATH 435 Vector Analysis and Introduction to Differential Geometry (4, Sp)** Vectors, elements of vector analysis, applications to curves and surfaces, standard material of differential geometry. *Prerequisite:* MATH 226.

**MATH 440 Topology (4, Fa)** Cardinals, topologies, separation axioms. Compactness, metrizable, function spaces; completeness; Jordan curve theorem. *Recommended preparation:* upper division MATH course.

**MATH 445 Mathematics of Physics and Engineering II (4, FaSp)** Vector field theory; theorems of Gauss, Green, and Stokes; Fourier series and integrals; complex variables; linear partial differential equations; series solutions of ordinary differential equations. *Prerequisite:* MATH 245.

**MATH 450 History of Mathematics (4, Sp)** Evolution of mathematical ideas and techniques as seen through a study of the contributions of eminent mathematicians to the formulation and solution of celebrated problems. *Prerequisite:* MATH 225 or MATH 245; *recommended preparation:* upper division MATH course.

**MATH 458 Numerical Methods (4, Fa)** Rounding errors in digital computation; solution of linear algebraic systems; Newton's method for nonlinear systems; matrix eigenvalues; polynomial approximation; numerical integration; numerical solution of ordinary differential equations. *Prerequisite:* MATH 225 or MATH 245.

**MATH 465 Ordinary Differential Equations (4, Sp)** Linear systems, phase plane analysis, existence and uniqueness, stability of linear and almost linear systems, Lyapunov's method, nonlinear oscillations, flows, invariant surfaces, and bifurcation. *Prerequisite:* MATH 225 or MATH 245.

**MATH 466 Dynamic Modeling (4, Fa)** Formulation and study of models arising in population dynamics, growth of plankton, pollution in rivers, highway traffic, morphogenesis and tidal dynamics: stability, oscillations, bifurcations, chaos. The lab will consist of computer simulation of models using commercially available software. *Prerequisite:* MATH 225 or MATH 245.

**MATH 467 Theory and Computational Methods for Optimization (4)** Methods for static, dynamic, unconstrained, constrained optimization. Gradient, conjugate gradient, penalty methods. Lagrange multipliers, least squares, linear, nonlinear dynamic programming. Application to control and estimation. *Prerequisite:* MATH 226; MATH 225 or MATH 245.

**MATH 471 Topics in Linear Algebra (4, Sp)** Polynomial rings, vector spaces, linear transformations, canonical forms, inner product spaces. *Prerequisite:* MATH 225; *recommended preparation:* MATH 410.

**MATH 475 Introduction to Theory of Complex Variables (4, Sp)** Limits and infinite series; line integrals; conformal mapping; single-valued functions of a complex variable; applications. Primarily for advanced students in engineering. *Prerequisite:* MATH 226.

**MATH 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**MATH 499 Special Topics (2-4, max 8)** Lectures on advanced material not covered in regularly scheduled courses. No more than two registrations allowed.

**MATH 500 Graduate Colloquium (2)** Lectures directed to mathematics graduate students by faculty of the department and by outside speakers. Problem solving workshops. Graded CR/NC.

**MATH 501 Numerical Analysis and Computation (3, Sp)** Linear equations and matrices, Gauss elimination, error estimates, iteration techniques; contractive mappings, Newton's method; matrix eigenvalue problems; least-squares approximation, Newton-Cotes and Gaussian quadratures; finite difference methods. *Prerequisite:* linear algebra and calculus.

**MATH 502ab Numerical Analysis (a: 3, Fa; b: 3, Sp)** Computational linear algebra; solution of general nonlinear systems of equations; approximation theory using functional analysis; numerical solution of ordinary and partial differential equations. *Prerequisite:* MATH 425a and MATH 471.

**MATH 504ab Numerical Solution of Ordinary and Partial Differential Equations (a: 3, Sp; b: 3, Fa)** *a:* Initial value problems; multistep methods, stability, convergence and error estimation, automatic stepsize control, higher order methods, systems of equations, stiff problems; boundary value problems; eigenproblems. *Prerequisite:* MATH 501 or MATH 502a. *b:* Computationally efficient schemes for solving PDE numerically; stability and convergence of difference schemes, method of lines; fast direct and iterative methods for elliptic equations. *Prerequisite:* MATH 501 or MATH 502a.

**MATH 505ab Applied Probability (a: 3, Fa; b: 3, Sp)** *a:* Populations, permutations, combinations, random variables, distribution and density functions conditional probability and expectation, binomial, Poisson, and normal distributions; laws of large numbers, central limit theorem. *b:* Markov processes in discrete or continuous time; renewal processes; martingales; Brownian motion and diffusion theory; random walks, inventory models, population growth, queuing models, shot noise.

**MATH 507ab Theory of Probability (a: 3, Fa; b: 3, Sp)** *a:* Probability spaces; distributions and characteristic functions; laws of large numbers, central limit problems; stable and infinitely divisible laws; conditional distributions. *Prerequisite:* MATH 525a or MATH 570. *b:* Dependence, martingales, ergodic theorems, second-order random functions, harmonic analysis, Markov processes.

**MATH 508 Filtering Theory (3)** Theory of random differential equations and stochastic stability; optimum linear and nonlinear filtering, with discussion of asymptotic behavior of filter. *Prerequisite:* MATH 507a.

**MATH 509 Stochastic Differential Equations (3)** Brownian motion, stochastic integrals, the Ito formula, stochastic differential equations, analysis of diffusion processes, Girsanov transformation, Feynmann-Kac formula, applications. *Prerequisite:* MATH 505ab or MATH 507ab.

**MATH 510ab Algebra (a: 3, Fa; b: 3, Sp)** *a:* Group Theory: Isomorphism theorems, group actions, Sylow's theorems, simple and solvable groups; Field Theory: Galois correspondence, radical extensions, algebraic and transcendental extensions, finite fields. *b:* Commutative Algebra: Integrality, Hilbert Basis theorem, Hilbert Nullstellensatz; Modules: modules over PIDs, chain conditions, tensor products; Noncommutative Rings: Jacobson radical, Artin-Wedderburn theorem, Maschke's theorem. *Prerequisite:* MATH 410, MATH 471.

**MATH 511abL Data Analysis (4-4)** (Enroll in PM 511abL)

**MATH 512 Financial Informatics and Simulation (Computer Labs and Practitioner Seminar) (3, FaSp)** Experimental laboratory trading for financial markets using double auctions; handling statistical packages for data analysis. Practical training in virtual market environments, using financial trading system software.

**MATH 520 Complex Analysis (3, Sp)** Theory of analytic functions — power series and integral representations, calculus of residues, harmonic functions, normal families, approximation theorems, conformal mapping, analytical continuation. *Prerequisite:* MATH 425ab.

**MATH 525ab Real Analysis (a: 3, Fa; b: 3, Sp)** *a:* Measure and integration over abstract measure spaces, Radon-Nikodym theorem, Fubini's theorem, convergence theorems, differentiation. *Prerequisite:* MATH 425ab. *b:* Metric spaces, contraction principle, category, Banach spaces, Riesz representation theorem, properties of  $L_p$  Hilbert spaces, orthogonal expansions, Fourier series and transforms, convolutions. *Prerequisite:* MATH 525a.

**MATH 530ab Stochastic Calculus and Mathematical Finance (a: 3, b: 3, Sp)** *a:* Stochastic processes revisited, Brownian motion, Martingale theory, stochastic differential equations, Feynman-Kac formula, binomial models, basic concepts in arbitrage pricing theory, equivalent Martingale measure. (Duplicates credit in the former MATH 503.) *Recommended preparation:* MATH 225, MATH 407; *b:* Advanced topics in stochastic analysis, asset pricing in continuous time, stochastic control, Hamilton-Jacobi-Bellman equations, incomplete markets, American options, exotic options, term structure of interest rates. (Duplicates credit in the former MATH 506.)

**MATH 532 Combinatorial Analysis (3, Fa)**

Inversion formulas, generating functions and recursions, partitions, Stirling numbers, distinct representatives, Ramsey's theorem, graph theory, block designs, difference sets, finite geometries, Latin squares, Hadamard matrices.

**MATH 533 Combinatorial Analysis and Algebra (3, Sp)**

Advanced group theory; algebraic automata theory; graph theory; topics in combinatorial analysis.

**MATH 535ab Differential Geometry (a: 3, Fa; b: 3, Sp)**

Elementary theory of manifolds, Lie groups, homogeneous spaces, fiber bundles and connections. Riemannian manifolds, curvature and conjugate points, second fundamental form, other topics. *Prerequisite:* MATH 440.

**MATH 540 Topology (3, Sp)**

Initial and final topologies, function spaces, algebras in  $C(Y)$ , homotopy, fundamental group, fiber spaces and bundles, smash products, loop spaces, groups of homotopy classes, CW-complexes. *Prerequisite:* MATH 440.

**MATH 541ab Introduction to Mathematical Statistics (a: 3, Sp; b: 3, Fa)**

*a:* Parametric families of distributions, sufficiency. Estimation: methods of moments, maximum likelihood, unbiased estimation. Comparison of estimators, optimality, information inequality, asymptotic efficiency. EM algorithm, jackknife and bootstrap. *Prerequisite:* MATH 505a or MATH 407 or MATH 408. *b:* Hypothesis testing, Neyman-Pearson lemma, generalized likelihood ratio procedures, confidence intervals, consistency, power, jackknife and bootstrap. Monte Carlo Markov chain methods, hidden Markov models. *Prerequisite:* MATH 541a.

**MATH 542L Analysis of Variance and Design (3, Sp)**

Least squares estimation in the linear model, analysis of variance and covariance, F-test, multiple comparisons, multiple regression, selection of variables; introduction to experimental design. Includes laboratory. *Prerequisite:* MATH 225, MATH 226, and MATH 208x.

**MATH 543L Nonparametric Statistics (3)**

Distribution-free methods for comparisons of two or more samples, tests of randomness, independence, goodness of fit; classification, regression. Comparison with parametric techniques. Includes laboratory. *Prerequisite:* MATH 226, MATH 208x.

**MATH 544L Multivariate Analysis (3)** (Enroll in PM 544L)

**MATH 545L Introduction to Time Series (3, Fa)** Transfer function models; stationary, nonstationary processes; moving average, autoregressive models; spectral analysis; estimation of mean, autocorrelation, spectrum; seasonal time series. Includes laboratory. *Prerequisite:* MATH 225, MATH 226, and MATH 208x.

**MATH 546 Statistical Computing (3)** (Enroll in PM 546)

**MATH 547 Methods of Statistical Inference (3, Fa)**

Statistical decision theory: game theory, loss and risk functions; Bayes, minimax, admissible rules; sufficiency, invariance, tests of hypotheses, optimality properties. Inference for stochastic processes. *Prerequisite:* MATH 407 or MATH 408.

**MATH 548 Sequential Analysis (3)**

Sequential decision procedures: sequential probability-ratio tests, operating characteristic, expected sample size, two-stage procedures, optimal stopping, martingales, Markov processes; applications to gambling, industrial inspection. *Prerequisite:* MATH 407 or MATH 408.

**MATH 550 Sample Surveys (3, Sp)**

Theory of sampling and design of sample surveys; bias and precision; finite populations; stratification; cluster sampling; multistage, systematic sampling; non-sampling errors. *Prerequisite:* MATH 208x.

**MATH 555ab Partial Differential Equations (a: 3, Fa; b: 3, Sp)**

Second-order partial differential equations of elliptic, parabolic, and hyperbolic type; in particular, potential and wave equations. *Prerequisite:* MATH 425ab.

**MATH 565ab Ordinary Differential Equations (a: 3, Fa; b: 3, Sp)**

Existence, uniqueness and continuation of solutions, differential inequalities, linear systems, Sturm-Liouville theory, boundary value problems, Poincaré-Bendixson theory, periodic solutions, perturbations, stability, fixed point techniques. *Prerequisite:* MATH 425ab.

**MATH 570ab Methods of Applied Mathematics (a: 3, FaSp; b: 3, Sp)**

*a:* Metric spaces, fundamental topological and algebraic concepts, Banach and Hilbert space theory. *Prerequisite:* MATH 425a. *b:* Hilbert spaces, normal, self-adjoint and compact operators, geometric and spectral analysis of linear operators, elementary partial differential equations. *Prerequisite:* MATH 570a.

**MATH 572 Applied Algebraic Structures (3, Fa)**

Elementary predicate logic, model theory, axiomatic set theory; relations, functions, equivalences; algebraic and relational structures; graph theory; applications of lattices, Boolean algebras; groups, rings, field.

**MATH 574 Applied Matrix Analysis (3, Fa)**

Equivalence of matrices; Jordan canonical form; functions of matrices; diagonalization; singular value decomposition; applications to linear differential equations, stability theory, and Markov processes.

**MATH 576 Applied Complex Analysis and Integral Transforms (3, Fa)**

Review of basic complex analysis; integral transforms of Laplace, Fourier, Mellin, and Hankel; applications to solutions of ordinary and partial differential equations; Wiener-Hopf technique. *Prerequisite:* MATH 475 or MATH 520.

**MATH 577ab Computational Molecular Biology Laboratory (a: 2, Sp; b: 2, Fa)**

(Enroll in BISC 577ab)

**MATH 578ab Computational Molecular Biology (3-3, FaSp)**

Applications of the mathematical, statistical and computational sciences to data from molecular biology. *a:* Algorithms for genomic sequence data: sequence and map assembly and alignment, RNA secondary structure, protein structure, gene-finding, and tree construction. *Prerequisite:* CSCI 570; *recommended preparation:* familiarity with the concepts of basic molecular biology as covered in BISC 320. *b:* Statistics for genomic sequence data: DNA sequence assembly, significance of alignment scores, hidden Markov models, genetic mapping, models of sequence evolution, and microarray analysis. *Prerequisite:* MATH 505a, MATH 541a.

**MATH 580 Introduction to Functional Analysis (3)**

Basic functional analysis in Banach and Hilbert spaces. Weak topologies, linear operators, spectral theory, calculus of vector-valued functions. Banach algebras. *Prerequisite:* MATH 525ab.

**MATH 585 Mathematical Theory of Optimal Control (3, Fa)** Deterministic control: calculus of variations; optimal control; Pontryagin principle; multiplier rules and abstract nonlinear programming; existence and continuity of controls; problem of Mayer; dynamic programming. *Prerequisite:* MATH 570 and MATH 525a.

**MATH 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**MATH 592 Computational Molecular Biology Internship (3)** Industrial or genome-centered internship for students in the Computational Molecular Biology master's program. Real-world experience in applications. Open to M.S., Computational Molecular Biology students only.

**MATH 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**MATH 594abz Master's Thesis (2-2-0, FaSpSm)** Credit on acceptance of thesis. Graded IP/CR/NC.

**MATH 599 Special Topics (2-4, max 8, FaSpSm)** Course content will be selected each semester to reflect current trends and developments in the field of mathematics.

**MATH 600 Topics in Numerical Analysis (3, max 12)**

**MATH 601 Optimization Theory and Techniques (3, SpSm)** Necessary and sufficient conditions for existence of extrema with equality constraints; gradient methods; Ritz methods; eigenvalue problems; optimum control problems; inequality constraints; mathematical programming. *Prerequisite:* MATH 502ab.

**MATH 602 Galerkin Approximation Methods in Partial Differential Equations (3)** Galerkin methods of approximating solutions of elliptic boundary value problems in one and several dimensions; includes the use of spline functions and triangularizations.

**MATH 605 Topics in Probability (3, max 12)**

**MATH 606 Topics in Stochastic Processes (3, max 12, FaSpSm)** Theoretic and applied topics of current interest in discrete and continuous time stochastic processes and in stochastic differential equations. *Recommended preparation:* graduate level course in probability theory or stochastic processes.

**MATH 610 Topics in Algebra (3, max 12)**

**MATH 612 Topics in Commutative Ring Theory (3, max 12)** Localization, structure of Noetherian rings, integral extensions, valuation theory, graded rings, characteristic functions, local algebra, dimension theory. *Prerequisite:* MATH 510ab.

**MATH 613 Topics in Noncommutative Ring Theory (3, max 12)** Jacobson radical, nil radical, nil rings and nil-potence, chain conditions, polynomial identity and group rings. Goldie theorems, current research. *Prerequisite:* MATH 510ab.

**MATH 620 Topics in Complex Analysis (3, max 12)**

**MATH 625 Topics in Real Analysis (3, max 12)**

**MATH 630 Topics in Number Theory (3, max 12)**

**MATH 635 Topics in Differential Geometry (3, max 12)** Topics to be chosen from the following: geometry of complex manifolds, relations between topology and curvature, homogeneous spaces, symmetric spaces, geometry of submanifolds. *Prerequisite:* MATH 535ab.

**MATH 641 Topics in Topology (3, max 12)**

**MATH 650 Seminar in Statistical Consulting (3)**

**MATH 655 Topics in Partial Differential Equations (3, max 12, FaSpSm)** Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. *Prerequisite:* MATH 525a; *recommended preparation:* MATH 555a.

**MATH 665 Topics in Ordinary Differential Equations (3, max 12)**

**MATH 680 Nonlinear Functional Analysis (3)** Calculus in Banach spaces, degree theory, fixed point theorems. Study of compact, monotone, accretive and nonexpansive operators. *Prerequisite:* MATH 580.

**MATH 681 Selected Topics in Functional Analysis (3, max 12)** Course content will vary with professor and academic year offered. It will include topics of current interest in both linear and nonlinear functional analysis and their applications.

**MATH 685 Topics in Mathematical Control Theory (3, max 12)**

**MATH 689 Topics in Mathematical Physics (3, max 12)**

**MATH 700 Seminar in Numerical Analysis (3)**

**MATH 705 Seminar in Probability (3)**

**MATH 710 Seminar in Algebra (3)**

**MATH 725 Seminar in Analysis (3)**

**MATH 730 Seminar in Number Theory (3)**

**MATH 735 Seminar in Differential Geometry (3)**

**MATH 740 Seminar in Topology (3)**

**MATH 761 Seminar in Programming and Computability (3)**

**MATH 765 Seminar in Ordinary Differential Equations (3)**

**MATH 780 Seminar in Functional Analysis (3)**

**MATH 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**MATH 794abcdz Doctoral Dissertation (2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

Director: Kevin van Bladel, Ph.D. (*Classics*)

### Faculty

John Elliott Chair in Economics: M. Hashem Pesaran, Ph.D. (*Economics*)

Robert Grandford Wright Professor in International Relations: Laurie A. Brand, Ph.D. (*International Relations*)

Professors: Hagit Borer, Ph.D. (*Linguistics*); Richard Dekmejian, Ph.D. (*Political Science*); Jeffrey B. Nugent, Ph.D. (*Economics and Business*); Azade-Ayse Rorlich, Ph.D. (*History and Slavic Languages and Linguistics*); Bruce Zuckerman, Ph.D. (*Religion and Linguistics*)

Associate Professors: Sarah Gulatieri, Ph.D. (*History and American Studies and Ethnicity*); Kevin van Bladel, Ph.D. (*Classics*); Ramzi Rouighi, Ph.D. (*History*)

Assistant Professors: Christelle Fischer-Bovet, Ph.D. (*Classics*); Olivia Harrison, Ph.D. (*French and Italian*); Megan Reid (*Religion and Gender Studies*)

Associate Professor (Teaching): Jamal Ali, Ph.D.

Assistant Professor (Teaching): Peyman Nojournian, Ph.D.

Lecturers: Lynn Swartz Dodd, Ph.D. (*Religion*); Faye Hammad, Ph.D. (*Political Science*); Rym Kaki, Ph.D. (*Public Policy*); Lina Kholaki, Ph.D.; Suzan Wali, Ph.D.

### Bachelor of Arts in Middle East Studies

This major is an interdisciplinary degree which draws on courses from anthropology, classics, economics, history, international relations, Judaic studies, linguistics, political science and religion. It offers students interested in exploring the richness and complexity of the Middle East, broadly defined as extending from Morocco through Iran, a framework for developing both expertise and wide-ranging critical perspectives on the region's past, present and future. The variety of courses will allow students to tailor their choices to a range of possible emphases. Two options are also available regarding language study. The first, which is strongly

recommended for all students, but especially for those who seek to pursue a career using Middle East studies, stresses the importance of a regional language (at this point, Arabic, Hebrew or Persian), along with other disciplinary offerings. The second allows students to gain an in-depth understanding of the region, but without the requirement of a regional language.

Requirements for the degree are: HIST 180 (an introductory survey course) which is a prerequisite for the major. Students must also take: a) seven more courses, six of which must be upper division courses, chosen from the list below; b) an eighth course, which may be either an upper division course from the list below or the fourth semester of Arabic or Hebrew for those studying a regional language.

No more than two courses may be counted toward this major and another major.

REQUIRED COURSES		UNITS
HIST 180	The Middle East	4
Seven of the following courses, six of which must be upper division courses:		
ANTH 327	Anthropology of the Middle East and Islam	4
ANTH 335	Comparative Muslim Societies	4
CLAS 360	Classical Arabic Literature in Translation	4
ECON 322	Economic History and Modernization of the Middle East	4
ECON 342	Economic Development of the Middle East	4
HEBR 315	Biblical Hebrew Literature (Hebrew IV)	4
HIST 280	The Modern Middle East	4
HIST 275	The Worlds of the Silk Road	4
HIST 324	Islam in Russia and the Soviet Union	4
HIST 382	The Middle East, 500-1500	4
HIST 384	Popular Culture in the Middle East	4
HIST 480	Seminar in Middle East History	4, max 8
IR 362	The International Relations of the Contemporary Middle East	4
IR 363	Middle East Political Economy	4
JS 214	Zionism, Israel and the Modern World	4

JS 361	Scripture and Polemic in Judaism, Christianity and Islam	4
JS 465	Medieval Jewish Philosophy	4
LING 295	The Ancient Near East: Culture, Archaeology, Texts	4
MDES 252*	Arabic IV	4
POSC 351	Middle East Politics	4
REL 315	Thought and Life of Islam	4
REL 317	Ancient Near Eastern Myth and Literature	4
REL 394	Archaeology of Egypt and the Near East	4
REL 494	Advanced Near Eastern and Mediterranean Archaeology	4

\*Counts as an upper division course

Students majoring in Middle East studies are strongly encouraged to study in the Middle East in one of USC's study abroad programs. USC currently has programs at the American University in Cairo, the Hebrew University (Jerusalem) and Tel Aviv University.

Unlike the other majors offered through the School of International Relations, advisement for the Middle East major is done through the Dornsife College Advising Office.

### Minor in Middle East Studies

Drawing on courses from nine different departments, this interdisciplinary minor offers students interested in exploring the richness and complexity of the Middle East, broadly defined as extending from Morocco through Iran, a framework for developing a basic but solid understanding of the region. Students may select courses that provide a broad introduction across disciplines, or they may choose courses that address a particular historical period or theme.

Twenty units (five courses) are required. All students must take HIST 180. To complete the minor a student must also take four upper division courses from the list below from at least three departments. Students who are also studying Arabic may substitute MDES 252 Arabic IV for one of the four upper division courses. However there is no language requirement for the minor.

REQUIRED COURSES	UNITS				
HIST 180	The Middle East	4	HIST 324	Islam in Russia and the Soviet Union	4
			HIST 382	The Middle East, 500-1500	4
	Four of the following courses:		HIST 384	Popular Culture in the Middle East	4
ANTH 327	Anthropology of the Middle East and Islam	4	HIST 480	Seminar in Middle East History	4, max 8
ANTH 335	Comparative Muslim Societies	4	IR 362	The International Relations of the Contemporary Middle East	4
CLAS 360	Classical Arabic Literature in Translation	4	IR 363	Middle East Political Economy	4
ECON 322	Economic History and Modernization of the Middle East	4	JS 361	Scripture and Polemic in Judaism, Christianity and Islam	4
ECON 342	Economic Development of the Middle East	4	JS 465	Medieval Jewish Philosophy	4
HEBR 315	Biblical Hebrew Literature (Hebrew IV)	4			
			MDES 252	Arabic IV	4
			POSC 351	Middle East Politics	4
			REL 315	Thought and Life of Islam	4
			REL 317	Ancient Near Eastern Myth and Literature	4
			REL 394	Archaeology of Egypt and the Near East	4
			REL 494	Advanced Near Eastern and Mediterranean Archaeology	4

Unlike the other minors offered through the School of International Relations, advisement for the Middle East minor is done through the Dornsife College Advising Office.

## Courses of Instruction

### MIDDLE EAST STUDIES (MDES)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**MDES 120 Persian I (4)** Introduction to contemporary Persian (Farsi). Oral practice, listening and reading comprehension, grammar and vocabulary necessary for simple spoken and written expression.

**MDES 122 Arabic I (4, FaSp)** Introduction to modern standard Arabic: Development of speaking, listening, reading, and writing skills in contemporary cultural contexts.

**MDES 150 Persian II (4)** Continuation of Persian I. *Prerequisite:* MDES 120.

**MDES 152 Arabic II (4, FaSp)** Continuation of Arabic I. *Prerequisite:* MDES 122.

**MDES 220 Persian III (4)** Intermediate Persian (Farsi). Building conversational skills, listening and reading comprehension, grammar and vocabulary necessary for intermediate level spoken and written expression. *Prerequisite:* MDES 150.

**MDES 222 Arabic III (4, FaSp)** Intermediate modern standard Arabic. Continued development of speaking, listening, reading, and writing skills. *Prerequisite:* MDES 152.

**MDES 250 Persian IV (4)** Continuing Intermediate Persian (Farsi). Building conversational skills, listening and reading comprehension, grammar and vocabulary necessary for intermediate level spoken and written expression. *Prerequisite:* MDES 220.

**MDES 252 Arabic IV (4, FaSp)** Continuation of Arabic III. *Prerequisite:* MDES 222.

**MDES 280 The Modern Middle East (4, Sp)** (Enroll in HIST 280)

**MDES 320 Advanced Persian I (4, FaSp)** Advanced verbal and written expression in Persian, including deeper understanding of Persian culture. *Prerequisite:* MDES 250.

**MDES 322 Advanced Arabic I (4, FaSp)** Advanced expression in written and spoken Arabic, including reading of original texts, understanding different registers, and exposure to modern Arabic cultures. *Prerequisite:* MDES 252.

**MDES 333 Colloquial Arabic: Regional Dialects (4, max 16, FaSp)** Introduction to a regional Arabic dialect, focusing primarily on verbal skills. *Prerequisite:* MDES 152; *recommended preparation:* MDES 222 and/or MDES 252.

**MDES 334 Media Arabic (4, FaSp)** Introduction and development of language skills encountered in print and broadcast media Arabic. *Prerequisite:* MDES 222.

**MDES 349 Ancient Empires (4, FaSpSm)** (Enroll in CLAS 349g)

**MDES 350 Advanced Persian II (4, FaSp)** Continuation of Advanced Persian I. *Prerequisite:* MDES 320.

**MDES 352 Advanced Arabic II (4, FaSp)** Continuation of Advanced Arabic I. *Prerequisite:* MDES 322.

**MDES 362 The International Relations of the Contemporary Middle East (4, Fa)** (Enroll in IR 362)

**MDES 363 Middle East Political Economy (4, Sp)** (Enroll in IR 363)

**MDES 382 The Middle East, 500-1500 (4)** (Enroll in HIST 382)

**MDES 384 Popular Culture in the Middle East (4, FaSpSm)** (Enroll in HIST 384)

**MDES 394 Archaeology of Egypt and the Near East (4)** (Enroll in REL 394)

**MDES 448m Islam in France (4, FaSp)** (Enroll in FREN 448m)

**MDES 454 Classical Arabic (4, max 20, FaSp)** Introduction to reading and interpretation of pre-modern, classical Arabic, including literature from the 6th to 19th centuries. *Prerequisite:* MDES 252.

**MDES 461 Topics in Ancient Iranian Languages and Cultures (4, max 20)** Studies and readings in one or more pre-modern Iranian languages and their cultural and historical contexts. Specific topics vary; may be repeated for credit.

**MDES 463 Islam and Arab Nationalism (4)** (Enroll in IR 463)

**MDES 464 U.S. Policy Towards the Middle East: 1950 to the Present (4)** (Enroll in IR 464)

**MDES 480 Seminar in Middle East History (4, max 8)** (Enroll in HIST 480)

**MDES 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not for graduate credit.

**MDES 499 Special Topics (2-4, max 8, FaSpSm)** Selected topics in Middle East studies.

## Multidisciplinary Activities

Richard Fliegel, Ph.D., *Associate Dean, Undergraduate Programs, USC Dornsife College*  
(213) 740-2961  
Email: fliegel@dornsife.usc.edu

Multidisciplinary Activities (MDA) courses are developed and taught by faculty from more than one program, department and/or

school. These courses exist because of the college's interest in supporting interdisciplinary teaching and research. A student's transcript indicates enrollment in a multidisciplinary activities course.

Students who enroll in MDA courses share a common interest in the subject matter, but are not necessarily majors in those disciplines.

These courses can be used as electives for certain degree requirements and, when indicated by the "g" suffix, for general education credit.

### Collaborative Learning Projects (CLP) and Individual Programs of Study (IPOS)

See Learner Centered Curricula, page 392.

## Courses of Instruction

### MULTIDISCIPLINARY ACTIVITIES (MDA)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**MDA 100abcd Introduction to the Health Professions (1-1-1-1, FaSp)** An introduction to the health professions, through lectures, discussions, clinical experiences, and visits to health care delivery sites; relationships with other clinicians and the community. Departmental approval required. Graded CR/NC.

**MDA 101x Health Professions: Prospects and Preparation (1, Sp)** Presentations by health professionals, introduced by faculty members from relevant academic units and followed by discussion with the speakers. Not available for degree credit. Graded CR/NC. *Recommended preparation:* BISC 120L or BISC 220L; CHEM 150aL.

**MDA 105g Cultural Forms and Values I (4, FaSp)** Norms and patterns of civilizations associated with the Greco-Roman and European traditions and the legacy of those traditions in North America.

**MDA 110 Contemporary Issues and Cases in Health Care (2, FaSp)** An introduction to the major areas of health care; the provider's relationship to choices in professional practice; ethics and historical context. (Duplicates credit in MDA 100abcd.) Graded CR/NC.

**MDA 125Lg Scientific Principles (4, FaSp)** Fundamental principles underlying a body of scientific knowledge and their evolution; the nature of scientific inquiry; how scientific knowledge is obtained and evaluated. A field experience or practical component required.

**MDA 140 Practicum in Multimedia Authorship (2, FaSp)** Introduction to the expressive potential of multimedia as a critical and creative tool, supplementing traditional forms of academic work. Graded CR/NC.

**MDA 155g Cultural Forms and Values II (4, FaSp)** Cultural norms and patterns of civilizations associated with Africa, Asia, Latin America, the Middle East, Native America, and elsewhere, alternative to those of the Greco-Roman and European traditions.

**MDA 165g Social Inquiry (4, FaSp)** Analyses of compelling local, national, and/or international issues; analytical tools examined systematically in a broad range of social phenomena. *Concurrent enrollment:* WRIT 140.

**MDA 167g Marginal Groups in America (4, Fa)** Sociological and historical analysis of marginal populations in American society, including racial and ethnic minorities, teenage mothers, drug abusers, criminals, and the mentally ill. *Concurrent enrollment:* WRIT 140.

**MDA 170g La Frontera: The U.S.-Mexico Borderlands (4)** Provides student with a multidisciplinary understanding of the U.S./Mexico border region. Topics to be covered include: space and place, internationalization, physical environment, gender relations and culture. *Concurrent enrollment:* WRIT 140.

**MDA 175Lg Science and Technology (4, FaSp)** The nature of science and technology, based on a focused study of a single area of research; scientific principles, their technological applications, and social significance.

**MDA 200Lg The Cutting Edge: From Basic Science to the Marketplace (4, Sp)** An introduction to the basic sciences of physics, chemistry, biology, and geology, examining the fundamental concepts, experimental approaches, and technological applications. Course will show the interrelationships among the fields and societal ramifications of these cutting edge technologies. (Duplicates credit in MDA 125.)

**MDA 205g Cities and Civilization (4, FaSp)** Origins of cities, patterns of migration and resettlement, civic identities and the invention of public culture, from ancient Rome to contemporary Los Angeles.

**MDA 250 Internship for Liberal Arts: Work and Career – Theory and Practice (1-2, max 4, FaSpSm)** Students explore different understandings of work and career in American society while testing theories in an actual work setting.

**MDA 310 Introduction to Peace and Conflict Studies (4, Sp)** (Enroll in IR 310)

**MDA 325 Case Studies in Modern Leadership (4, FaSp)** Study of a single leader or small set of leaders, including the strengths and weaknesses that distinguish them and the cultural forces that nurture them.

**MDA 330 The Armenian Heritage: History, Arts, and Culture (4, FaSp)** A multidisciplinary exploration of the Armenian cultural heritage through the ages – folklore, traditions, religious practices, literature, architecture, painting, sculpture, music, theatre, film and dance.

**MDA 333 Colloquium in Armenian Studies: Social and Cultural Issues (2, max 4, FaSpSm)** Analysis of political, social, and cultural issues by the instructor and visiting lecturers with expertise in specific areas of the Armenian Republic and Diaspora community.

**MDA 365 The Art and Adventure of Leadership (4, Sp)** Areas of knowledge and kinds of competencies that are fundamental to the study and practice of leadership in a variety of settings.

**MDA 399ab Team Research Communities (4-4, FaSp)** Cross-disciplinary inquiry in the liberal arts. *a:* Research methodologies. *b:* Individual student and group projects contributing to the team's collaborative report.

**MDA 450 Individual Program of Study (4-18, max 18, FaSpSm)** An individual educational project approved by a faculty committee, combining directed research with internships, service learning, artistic or literary production, and/or other relevant educational activities. Open only to students with sophomore, junior or senior standing.

**MDA 460 Collaborative Learning Project (4-8, max 8, FaSpSm)** A project approved by a faculty committee, requiring students to collaborate on research or an original work in the literary, plastic, or performing arts. Open only to students with sophomore, junior or senior standing. Graded CR/NC.

**MDA 475 The Future of California (4, FaSp)** Challenges facing California; options for governmental and constitutional reform; opportunities for economic growth; demographic and cultural changes; education, environment, and other policy issues. *Recommended preparation:* junior or senior standing.

**MDA 476 Policy Research on California (4, Sp)** Research and proposed solutions concerning problems, policies, structural and constitutional challenges facing California. Open only to upper division and master's students. *Prerequisite:* MDA 475.

**MDA 490 Directed Research (2-8, max 8, FaSpSm)** Individual research, reading, writing and project development.

**MDA 494 Directed Creative Project (2-4, max 4, FaSpSm)** Individual research, reading, writing and project development, guided by a faculty member with expertise in the area, who may be tenure-track or non-tenure-track. Open only to juniors and seniors.

**MDA 495 Interdisciplinary Honors Seminar (2-4, max 4, Fa)** The first part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Open only to juniors and seniors.

**MDA 496 Interdisciplinary Honors Thesis (4, Sp)** The second part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Open only to juniors and seniors. *Prerequisite:* MDA 495.

**MDA 501 Introduction to Visual Studies: Methods and Debates (4)** A critical introduction to the field of visual studies focusing on interdisciplinary approaches to images, objects, and visual technologies as well as key texts and interpretive debates. Students must be enrolled in a Ph.D. program at USC.

**MDA 593 Practicum in Teaching the Liberal Arts (2, FaSp)** Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Graded CR/NC.

**MDA 599 Special Topics (2-4, max 8, Fa)** The multidisciplinary, team-taught seminar addresses issues at the intersection of literary, visual, and material culture. The faculty team and specific topics studied will change each time the course is offered.

## Multimedia Scholarship

### Honors in Multimedia Scholarship

This program offers qualified undergraduate students an opportunity to approach their discipline(s) of study through the critical application of multimedia expression and scholarship. The student experience will be characterized by smaller classes taught by

leading faculty members and enriched by a program of lecture series, visiting scholars, symposia and conferences. For complete program requirements, see the School of Cinematic Arts section, page 224.

## Neuroscience

Hedco Neurosciences Building 120

Director: Pat Levitt, Ph.D.

Participating Faculty: See Biological Sciences, Computer Science, Biomedical Engineering, Philosophy, Psychology, Engineering, Gerontology, Medicine and Pharmacy in this catalogue.

### Bachelor of Arts in Neuroscience

Co-directors: Sarah Bottjer, Ph.D., and Irving Biederman, Ph.D.

Undergraduate Advisers: Lauren Evashenk, [evashenk@dornsife.usc.edu](mailto:evashenk@dornsife.usc.edu), and Jessika Hulewsky, [jbonds@dornsife.usc.edu](mailto:jbonds@dornsife.usc.edu)

#### Grade Requirements

A grade of C- or higher is required to count toward major requirements.

CORE REQUIREMENTS (32 UNITS)		UNITS
BISC 220L	General Biology: Cell Biology and Physiology	4
BISC 421	Neurobiology	4
CHEM 103Lx	General Chemistry for the Environment and Life, or	
CHEM 105aL	General Chemistry	4
MATH 125	Calculus I	4
NEUR 408	Systems Neuroscience: From Synapses to Perception	4
PSYC 100	Introduction to Psychology	4
PSYC 274L*	Statistics	4
PSYC 440	Introduction to Cognitive Neuroscience	4

\*An equivalent course may be substituted with permission.

(8 core + 4\* or 5\* elective: 48 units)

Four or five upper-division elective courses (minimum 16 units) from the following list are required. At least one course in the upper-division electives must carry a lab ("L") designation or be NEUR 490.

ELECTIVES (16 UNITS)		UNITS
ANTH 306	Primate Social Behavior	4
BISC 307L	General Physiology	4
BISC 313	Evolution and Population Genetics	4

BISC 320L	Molecular Biology	4
BISC 325	Genetics	4
BISC 330L	Biochemistry	4
BISC 403	Advanced Molecular Biology	4
BISC 406L	Biotechnology	4
BISC 410	Applications of Molecular Biology to Medicine	4
BISC 411	Cell Biology	4
BISC 422L	Neurobiology Laboratory	4
BISC 423	Epilepsy to Ecstasy: Biological Basis of Neurological Disorders	4
BISC 424	Brain Architecture	4
BISC 426	Principles of Neural Development	4
BISC 462	Seminar in Neurobiology	2, max 4
BISC 480	Developmental Biology	4
BISC 490x	Direct Research	4
BME 402	Control and Communication in the Nervous System	3
CSCI 460	Introduction to Artificial Intelligence	3
GERO 414	Neurobiology of Aging	4
GERO 415	Neuroaffective Disorders of Aging	4
MATH 265	Mathematical and Computational Methods for Neuroscience	4
PSYC 301L	Cognitive Processes	4
PSYC 304L	Sensation and Perception	4
PSYC 305	Learning and Memory	4
PSYC 320	Principles of Psychobiology	4
PSYC 326	Behavioral Neuroscience	4
PSYC 339L	Origins of the Mind	4
PSYC 404L	Psychophysiology of Emotion	4
PSYC 420	Animal Behavior	4
PSYC 425	Functional Imaging of the Human Brain	4
PSYC 426	Motivated Behavior	4
PSYC 438	Behavioral Genetics	4
PSYC 450L	Neural Network Models of Social and Cognitive Processes	4

A graduate class from the following list can be substituted for an upper division elective with permission.

BME 575L	Computational Neuroengineering	3
CSCI 564	Brain Theory and Artificial Intelligence	3
NEUR 524*	Advanced Overview of Neuroscience	4

NEUR 531*	Molecular and Cellular Neurobiology	4
NEUR 532*	Systems and Behavioral Neurobiology	3
PSYC 506*	Learning and Cognition	4
PSYC 510*	Visual Cognition	4
PSYC 540*	Cognitive Neuroscience	4
PSYC 544*	Psychophysiology	4
PSYC 545*	Neuropsychology	4
PSYC 547*	Functional Neuroanatomy	4
PSYC 551*	Decision Neuroscience	4

\*With minimum GPA of 3.3 and permission of co-directors and instructor

### Bachelor of Science in Neuroscience

Co-directors: Sarah Bottjer, Ph.D., and Irving Biederman, Ph.D.

Undergraduate Advisers: Lauren Evashenk, [evashenk@dornsife.usc.edu](mailto:evashenk@dornsife.usc.edu) and Jessika Hulewsky, [jbonds@dornsife.usc.edu](mailto:jbonds@dornsife.usc.edu)

#### Grade Requirements

A grade of C- or higher is required to count toward major requirements.

CORE REQUIREMENTS (56 UNITS)		UNITS
BISC 220L	General Biology: Cell Biology and Physiology	4
BISC 421	Neurobiology	4
CHEM 105abL	General Chemistry	4-4
CHEM 322abL	Organic Chemistry	4-4
MATH 125	Calculus I	4
MATH 265	Mathematical and Computational Methods for Neuroscience	4
NEUR 408	Systems Neuroscience: From Synapses to Perception	4
PHYS 135abL	Physics for the Life Sciences	4-4
PSYC 100	Introduction to Psychology	4
PSYC 274*	Statistics I	4
PSYC 440	Introduction to Cognitive Neuroscience	4

\*An equivalent course may be substituted with permission.

(14 core + 5\* or 6\* elective: 76 units)

Five or six upper-division elective courses (minimum 20 units) from the following list are required. At least one course in the upper-division electives must carry a lab ("L") designation or be 490.

ELECTIVES (20 UNITS)		UNITS			
ANTH 306	Primate Social Behavior	4	PSYC 540*	Cognitive Neuroscience	4
BISC 307L	General Physiology	4	PSYC 544*	Psychophysiology	4
BISC 313	Evolution and Population Genetics	4	PSYC 545*	Neuropsychology	4
BISC 320L	Molecular Biology	4	PSYC 547*	Functional Neuroanatomy	4
BISC 325	Genetics	4	PSYC 551*	Decision Neuroscience	4
BISC 330L	Biochemistry	4			
BISC 403	Advanced Molecular Biology	4	*With minimum GPA of 3.3 and permission of co-directors and instructor		
BISC 406L	Biotechnology	4	<b>Honors Program in Neuroscience</b>		
BISC 410	Applications of Molecular Biology to Medicine	4	An honors program is available to outstanding students already pursuing a B.A. degree in Neuroscience. This program offers students an opportunity to participate in undergraduate research, experience in writing an honors thesis summarizing the completed research and experience in an honors seminar. Honors students must register for NEUR 490x Directed Research, or an equivalent course in another department. NEUR 490x can replace one of the courses from either of the two lists above. Honors students are also required to take one semester of NEUR 494x or an equivalent course in addition to fulfilling all the requirements for the B.A. degree. Approval from the program in neuroscience is required before credit will be given for either of these two research-related courses in another department. The student earning honors in neuroscience must have a minimum overall GPA of 3.5 at graduation. This program leads to the designation on the transcript of Bachelor of Arts in Neuroscience with Honors.		
BISC 411	Cell Biology	4	<b>Minor in Neuroscience</b>		
BISC 422L	Neurobiology Laboratory	4	<i>Co-coordinators:</i> Sarah Bottjer, Ph.D., and Irving Biederman, Ph.D.		
BISC 423	Epilepsy to Ecstasy: Biological Basis of Neurological Disorders	4	<i>Undergraduate Advisers:</i> Lauren Evashenk, evashenk@dornsife.usc.edu, and Jessika Hulewsky, jbond@s@dornsife.usc.edu		
BISC 424	Brain Architecture	4	<b>Grade Requirements</b>		
BISC 426	Principles of Neural Development	4	A grade of C- or higher is required to count toward minor requirements.

PSYC 490x	Directed Research	4			

A graduate class from the following list can be substituted for an upper-division elective with permission.

BME 575L*	Computational Neuroengineering	3
CSCI 564*	Brain Theory and Artificial Intelligence	3
NEUR 524*	Advanced Overview of Neuroscience	4
NEUR 531*	Molecular and Cellular Neurobiology	4
NEUR 532*	Systems and Behavioral Neurobiology	3
PSYC 506*	Learning and Cognition	4
PSYC 510*	Visual Cognition	4

Students who have not already taken the prerequisites will need to take a total of 28 units to satisfy the requirements of a minor in neuroscience. The range of units will vary from 20 to 28 depending on a student's background.

#### Master of Science in Neuroscience

*Coordinator:* Norberto Grzywacz, Ph.D.

Enrollment of graduate students as master's degree candidates is not encouraged and is reserved for special, terminal circumstances. To satisfy the requirements for the M.S. degree the student must take all the course work required of Ph.D. students for a minimum of 24 units. Completion of the degree requires the submission of a short, formal paper of original research that is approved by three members of the neuroscience graduate program faculty. Students must also satisfy residency and other requirements of the Graduate School.

#### Doctor of Philosophy in Neuroscience

*Coordinator:* Norberto Grzywacz, Ph.D.

Application deadline: December 15

Breadth of interests and training are major features of the graduate program in neuroscience. Wide and varied skills in many research areas characterize the faculty of the program. Close contact between faculty and students is considered of major importance in this highly interdisciplinary field.

Training is given in several areas of specialization: behavioral and systems neuroscience, cellular and molecular neurobiology, cognitive neuroscience, computational neuroscience, neuroengineering and neuroscience of aging and development.

Applicants should normally have defined an interest in one or two specializations. A final choice of the specialization will be made during the first year.

#### Admission Requirements

A baccalaureate degree in a field relevant to the student's graduate goals is required.

Appropriate fields would include neuroscience, biology, chemistry, computer science, linguistics, psychology and many areas of engineering. Undergraduate study should provide evidence of proficiency in mathematics, including statistics. Students planning to enter the specialization in computational and mathematical neuroscience should have taken course work in calculus and, where possible, linear algebra and computer programming. Applicants who are accepted with minor deficiencies are expected to correct these during the first year.

Applications require forms from both the university and the program. These may be obtained from: Coordinator, Graduate Program in Neuroscience, University of Southern California, Los Angeles, CA 90089-2520.

#### Degree Requirements

These degrees are awarded under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

#### Advisory Committee

The student will be advised during the first year by the Graduate Affairs Committee. As soon as the student has selected a specialization, an Advisory Committee of appropriate faculty will be appointed. This committee will be chaired by the thesis adviser, when chosen. The purpose of the Advisory Committee is to help the student in the selection of courses and research; to monitor the student's progress; to insure preparation for the qualifying examination; and to administer that examination.

#### Course Requirements

A minimum of 60 units is required, consisting of formal courses, seminars and research credits. At least 24 of the 60 units are to be formal graduate course work (lecture or seminar courses). During the first year the student is expected to complete the core courses in neuroscience (NEUR 524), one key course, NEUR 538 Neuroscience Ethics

and Professionalization, and two semesters of NEUR 539. Other courses in the area of specialization may also be taken in the first year and will be taken in subsequent years.

**Core Course:** NEUR 524 Advanced Overview of Neuroscience (4 units), will be taken by all students in the fall of their first year to provide an integrated multilevel view of neuroscience. To take the core course, students should have mastered the material currently taught in BISC 421. (Students will be expected to review a detailed syllabus and reading list for BISC 421 to identify their level of knowledge prior to their arrival at USC and will receive advice at Orientation on whether to take BISC 421 or read recommended material to remedy their deficiencies.)

**Key Courses:** All students will be required to complement their thesis-directed studies with a "breadth with depth" requirement by taking three key courses, one each from three of the four tracks listed below. Each key course will be for 3 or 4 units. (At least one of these courses will serve to advance thesis-related study as well.)

CELLULAR, MOLECULAR AND DEVELOPMENTAL NEUROSCIENCE TRACK		UNITS
NEUR 531	Molecular and Cellular Neurobiology	4
BISC 426	Principles of Neural Development	4
COGNITIVE NEUROSCIENCE TRACK		UNITS
PSYC 540	Cognitive Neuroscience	4

COMPUTATIONAL NEUROSCIENCE AND NEUROENGINEERING TRACK		UNITS
BME 575L	Computational Neuroengineering	3
NEUR 535	Brain Theory and Artificial Intelligence	3

SYSTEMS AND BEHAVIORAL NEUROSCIENCE TRACK		UNITS
NEUR 532	Systems and Behavioral Neurobiology	3

All students are required to take NEUR 538 Neuroscience Ethics and Professionalization (1 unit).

It is required that all neuroscience Ph.D. students demonstrate competence in statistics in fulfillment of their Ph.D. requirements.

#### Qualifying Examination

The qualifying examination concentrates on the student's ability to demonstrate a grasp of the major area of interest chosen and its relation to other areas of training offered in the program. The examination is partly written and partly oral and is designed to test the student's ability to meet the demands of the profession.

#### Dissertation

An acceptable dissertation based on completion of an original investigation is required. The candidate must defend an approved draft of the dissertation in an oral examination.

## Courses of Instruction

### NEUROSCIENCE (NEUR)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**NEUR 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**NEUR 408 Systems Neuroscience: From Synapses to Perception (4, Sp)** Sensory systems to illustrate basic concepts regarding the functional organization of the brain, from the microscopic arrangement of neural circuits to global processes such as perception. *Prerequisite:* BISC 220 or BISC 221.

**NEUR 426 Principles of Neural Development (4, Sp)** (Enroll in BISC 426)

**NEUR 490x Directed Research (2-4, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**NEUR 494x Honors Thesis (2, FaSp)** Not available for graduate credit. Programmatic approval.

**NEUR 524 Advanced Overview of Neuroscience (4, Fa)** Study of the nervous system at multiple levels through the analysis of four themes: motor control; emotion, motivation, and decision-making; memory and learning; and vision. Open only to graduate students. *Prerequisite:* BISC 421.

**NEUR 531 Molecular and Cellular Neurobiology (4, Fa)** Introduces fundamental principles of advanced molecular and cellular neurobiology including proteins and nucleic acids, cell biology of neurons and glia, synaptic transmission and neuronal signaling. Open only to graduate students.

**NEUR 532 Systems and Behavioral Neurobiology (3, Fa)** Systems and behavioral neurobiology: hierarchical mechanisms controlling behavior, experimental techniques; perceptual (visual, auditory, somatosensory) systems; sensorimotor systems; motivated behavior; learning, memory and adaptation. Open only to graduate students. *Prerequisite:* NEUR 524.

**NEUR 533 Cognitive Neuroscience (4, Sp)** (Enroll in PSYC 540)

**NEUR 534L Computational Neuroengineering (3)** (Enroll in BME 575L)

**NEUR 535 Brain Theory and Artificial Intelligence (3)** (Enroll in CSCI 564)

**NEUR 538 Neuroscience Ethics and Professionalization (1, Fa)** Exposes students to ethical issues in scientific research, especially for neuroscience; scientific integrity and professional roles for the academician and neuroscientist. Open only to graduate students.

**NEUR 539 Seminar in Neurobiology (1, max 4, FaSp)** (Duplicates credit in former BISC 539.)

**NEUR 541 Neurobiology of Disease (3, Sp)** Introduction to the fundamental aspects of common diseases affecting the brain including clinical features, animal models, genetics, neuropathology, synaptic function, and therapeutic targets. *Prerequisite:* NEUR 524.

**NEUR 542 Hearing and Communication Neuroscience (4, Sp)** (Enroll in BISC 521)

**NEUR 599 Special Topics (2-4, max 8)** Special topics providing background for instruction and research in neuroscience through lectures, discussions, assigned readings, and student presentations.

**NEUR 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC. Open only to neuroscience graduate students.

**NEUR 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC. Open only to neuroscience graduate students.

## Ocean Sciences

Zumberge Hall of Science 117  
(213) 740-6106  
FAX: (213) 740-8801  
Email: [waite@usc.edu](mailto:waite@usc.edu)  
[oceansciences.usc.edu](http://oceansciences.usc.edu)

*Director:* Douglas E. Hammond, Ph.D.

*Participating Faculty:* See Biological Sciences, Earth Sciences and Engineering in this catalogue.

Applications for the Ocean Sciences program should be routed through the affiliated departments and a separate letter sent to the Ocean Sciences Director, Douglas E. Hammond, USC Earth Sciences, Los Angeles, CA 90089-0740.

### Degree Programs

The Graduate Program in Ocean Sciences (GPOS) provides interdisciplinary education and training to prepare professional ocean scientists for careers in academia, industry, and state and federal government.

Students develop the ability to identify and solve significant problems in ocean sciences by using their training in several disciplines. They develop the ability to formulate and test hypotheses and integrate information and concepts about how the earth-ocean system is structured and how it functions. Training also is provided to develop skills in oral and written communication of technical and scientific information. Both M.S. and Ph.D. degree programs are offered; both require preparation of a thesis (M.S.) or dissertation (Ph.D.).

### Admission Requirements

All rules and regulations described in the Graduate School section (page 97) of this catalogue and Graduate Admission (page 80) apply to students in the GPOS.

Official acceptance by the GPOS Admissions Committee is based on the recommendation of faculty from an affiliated department. Acceptance depends upon the applicant's letters of recommendation, research experience, intended area of research, personal interview (whenever possible), and the availability of a faculty member willing to advise and sponsor the applicant.

A B.S. or B.A. degree in an appropriate field of natural science, engineering or mathematics is required for admission.

It is expected that applicants to the GPOS will have attained a scholarship average of at least "B" (3.0 GPA on a 4.0 scale) preferably in the natural sciences or mathematics. Applicants must have taken the GRE aptitude test (verbal and quantitative). Successful applicants typically score in excess of 600 on both verbal and quantitative parts of the exam.

Applicants should contact the GPOS office by email or phone for an admission package. The GPOS admits students for both the fall and spring semesters; however, applicants for assistantships are encouraged to apply for the fall semester.

## Graduate Degrees

### Degree Requirements

Advanced degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section (page 97) of this catalogue for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Science in Ocean Sciences

The program does not accept applicants for a Master of Science degree in ocean sciences. The M.S. degree is intended only as a transitional degree in the process of completing requirements for the Ph.D. in ocean sciences.

#### *Research Tool Requirements*

None required.

#### *Course Requirements*

The M.S. degree in Ocean Sciences requires at least 24 units of course work, including two core courses (OS 512 and 582). Four thesis units (OS 594) are also required. At least 16 units of course work must be at the 500-level or higher; no more than six units can be directed research (OS 590); a maximum of four units with superior grades in approved course work may be transferred from an accredited graduate school. Students are required to maintain an overall GPA of 3.0 in all graduate work.

#### *Thesis*

Students should arrange for the appointment of a thesis adviser and committee after the first semester, or at the latest, after the first year of graduate work. The thesis committee should consist of the adviser plus two other faculty members, all of whom are generally selected from GPOS faculty. Once the committee is arranged, the student may make formal application to the Graduate School for the M.S. degree.

### Doctor of Philosophy in Ocean Sciences

#### *Research Tool Requirements*

To be determined by guidance committee.

#### *Course Requirements*

The Ph.D. degree in Ocean Sciences requires at least 27 units of formal course work (including seminars) of the 60 total units needed. Two core courses are required (OS 512, OS 582). No more than 15 units of 400-level course work may be applied. A maximum of 30 units may be transferred from an accredited graduate school.

Students are required to maintain an overall GPA of 3.0 in all graduate work.

Students may request permission to take the Ph.D. qualifying examination on completion of 24 units of course work, including two core courses in Ocean Sciences.

#### *Screening Procedure*

Students in the Ph.D. program must pass the screening procedure before their 25th unit of graduate credit. Screening consists of a review of the student's progress and is usually done by the GPOS Review Committee following a written recommendation by the student's adviser(s). Screening occurs at the end of each semester.

#### *Guidance Committee*

The doctoral guidance committee is formed after the student has passed the screening procedure. The committee is appointed by the department with the advice of the student's research adviser. The five-member committee consists of the adviser, a minimum of three other members from the GPOS faculty, and one additional tenure-track faculty member. The committee must include faculty members from more than one academic department. A tenure-track faculty member must serve as research adviser or co-adviser. The committee consults with the student, recommends an appropriate program of study and administers written and oral qualifying examinations.

#### *Qualifying Examination*

The student may request permission to take the Ph.D. qualifying examination upon completion of 24 units of course work, including two core courses in ocean sciences. The qualifying examination consists of a written and an oral part, both parts prepared, conducted and evaluated by the student's examination committee. The written examination will consist of a number of questions given on two consecutive days. Questions will be comprehensive in scope with respect to the student's chosen area of specialization and will be designed to test the student's conceptual, analytical and integrative ability and preparation.

The written part of the qualifying examination must be taken before the oral examination. The oral examination will be in the area of the student's intended research and will be based on a research project selected and developed by the student into a written proposition. The oral examination will be conducted and evaluated by the student's examination committee. The oral examination must be taken within one month of the written examination.

#### *Defense of the Dissertation*

After the student has passed the qualifying examination, the guidance committee recommends to the Graduate School that the student be admitted to candidacy for the Ph.D. degree. Following admission to candidacy the student must register for OS 794 Dissertation every semester, except summers, until the degree is awarded.

Once the qualifying examination is passed, the student is required, as soon as possible, to appoint a dissertation committee, using an appointment of committee form which can be found on the Graduate School Website ([www.usc.edu/schools/GraduateSchool/](http://www.usc.edu/schools/GraduateSchool/)). All or some of the guidance committee may be nominated. Until a dissertation committee is appointed, the guidance committee will have responsibility for the student's program of study. The student must undertake an original investigation of a problem in ocean sciences. The topic must be approved by the student's dissertation committee and will usually be based on the written proposition presented in the qualifying examination.

A dissertation based on the student's research must be approved by the student's dissertation committee. The student must then defend the dissertation. The process for submission of the dissertation to the Graduate School can be found on the Graduate School Website under "Current Students – Thesis and Dissertations." This process should be started approximately one month before the defense, and the student must allow adequate time after the defense for final copy preparation.

The dissertation must conform to the general regulations described in *Regulations for Format and Presentation of Theses and Dissertations*, also available from the Graduate School Website. Additional regulations and information on the organization and preparation of the dissertation are provided in *Directions for Preparation of Dissertations and Research Reports as Required by the Graduate Program in Ocean Sciences* [University of Southern California, available in the GPOS office.

### Interdisciplinary Programs

The Graduate Program in Ocean Sciences is designed to be interdisciplinary, reflecting the nature of the field that combines principles of physical, chemical, geological and biological oceanography to solve relevant problems in the ocean environment.

## Courses of Instruction

### OCEAN SCIENCES (OS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**OS 512 Introduction to Chemical and Physical Oceanography (3, 2 years, Fa)** Principles of physical, chemical, and geological oceanography including discussions of air-sea interaction, biogeochemical cycling and the role of the ocean in modulating climate and atmospheric composition; discussion section will cover formulation of basic calculations that illustrate these principles. *Prerequisite:* CHEM 105*bL*, MATH 126.

**OS 582 Advanced Biological Oceanography (4, Fa)** (Enroll in BISC 582)

**OS 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**OS 594abz Master's Thesis (2-2-0, FaSpSm)** Credit on acceptance of thesis. Graded IP/CR/NC.

**OS 599 Special Topics (2-4, max 8, Irregular)** Course contents each semester will be selected to reflect current trends and new developments in the field of Ocean Sciences.

**OS 790 Research (1-12, FaSpSm)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**OS 794abcdz Doctoral Dissertation (2-2-2-2-0, FaSpSm)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Philosophy

Mudd Hall of Philosophy

FAX: (213) 740-5174  
Email: [philos@dornsife.usc.edu](mailto:philos@dornsife.usc.edu)  
[dornsife.usc.edu/phil](http://dornsife.usc.edu/phil)

*Director:* Scott Soames, Ph.D.\*

### Faculty

*Distinguished Professor and Linda MacDonald Hilf Chair in Philosophy:* James Higginbotham, Ph.D.\*

*Distinguished Professor:* Scott Soames, Ph.D.\*

*Provost Professor of Philosophy and Law:* Gary Watson, Ph.D.

*Professor of Philosophy and Maurice Jones, Jr. - Class of 1925 Professor of Law:* Andrei Marmor, LL.B., Ph.D.

*Professors:* Robin Jeshion, Ph.D.; Gregory Keating, Ph.D. (*Law*); Frank Lewis, Ph.D.\*; Sharon Lloyd, Ph.D.\*; Edwin McCann, Ph.D.\*; Kevin W. Robb, Ph.D.\*; Mark Schroeder, Ph.D.\*; Gabriel Uzquiano Cruz, Ph.D.; James Van Cleve, Ph.D.; Ralph Wedgewood, Ph.D.; Dallas Willard, Ph.D.\*; George Wilson, Ph.D.; Gideon Yaffe, Ph.D.

*Associate Professors:* Zlatan Damjanovic, Ph.D.; John H. Dreher, Ph.D.; Stephen Finlay, Ph.D.; Janet Levin, Ph.D.; Kadri Vihvelin, Ph.D., LL.B.

*Assistant Professors:* Andrew Bacon, Ph.D.; Kenneth Easwaran, Ph.D.; Shieva Kleinschmidt, Ph.D.; Karen Lewis, Ph.D.; Jacob Ross, Ph.D.

*Emeritus University Professor and Emeritus Dean of the USC Dornsife College of Letters, Arts and Sciences:* S. Marshall Cohen, M.A.\*

\*Recipient of university-wide or college teaching award.

### Undergraduate Programs

The School of Philosophy offers courses in most areas of philosophy, including philosophy of mind, philosophy of language, epistemology, metaphysics, logic, philosophy of science, political philosophy, ethics, aesthetics, the history of philosophy, phenomenology and existentialism. The major in philosophy is designed to acquaint students with the fundamental problems of Western thought and introduce them to the concepts and

techniques necessary for independent philosophical thinking; it is equally intended to provide a broadening perspective for the various areas of specialization in the natural and social sciences and in literature and the arts. The school also offers minors in: ethics and moral philosophy; philosophy; philosophy for business, law, and the professions; and theories of art.

### Graduate Programs

The School of Philosophy offers a Master of Arts in Philosophy, a Master of Arts in Philosophy and Law, a joint degree with the USC Gould School of Law and a Doctor of Philosophy in Philosophy.

## Undergraduate Degrees

### Major Requirements for the Bachelor of Arts in Philosophy

The School of Philosophy offers three major options: the major in philosophy, the major in philosophy with honors, and the major in philosophy, politics and law.

The major in philosophy requires eight courses in philosophy; six of these must be at the upper-division level. One of the eight courses must be a gateway course – PHIL 300, PHIL 315, PHIL 320, PHIL 340, or PHIL 360 – which must be taken before taking any 400-level courses. Students are strongly encouraged to take a course in logic: PHIL 250ab, PHIL 350, PHIL 351 or PHIL 352.

Distribution requirement: Students must take at least one course from each of the three categories listed below.

History of Philosophy: PHIL 315, PHIL 320, PHIL 345, PHIL 410, PHIL 411, PHIL 415, PHIL 421, PHIL 422, PHIL 423, PHIL 424, PHIL 427, PHIL 434.

Ethics, Law and Value Theory: PHIL 330, PHIL 335, PHIL 337, PHIL 340, PHIL 345, PHIL 430, PHIL 437, PHIL 440, PHIL 442.

Systematic Philosophy: PHIL 350, PHIL 351, PHIL 352, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 463, PHIL 465, PHIL 470, PHIL 480, PHIL 485, PHIL 486.

During the senior year, students enrolled in one of the three majors' programs in philosophy can take a capstone seminar. Students who are enrolled in one of the minors in philosophy may enroll in a capstone seminar only with the permission of the instructor. Enrollment in these seminars will not exceed 15 students. Students may enroll in a capstone seminar only if they have satisfied the following requirements: taken a course in logic (PHIL 250ab, PHIL 350, PHIL 351, or PHIL 352), taken at least one 400-level course in philosophy and have a GPA in philosophy of 3.0 or above.

### Double Major

Double majors are encouraged but a student must work in close consultation with the undergraduate adviser.

### Bachelor of Arts with a Combined Major in Linguistics and Philosophy

See Linguistics, page 395.

### Bachelor of Arts in Philosophy, Politics and Law

This interdisciplinary major combines, in a systematic and structured way, basic education in philosophy, political theory and elements of law. An interdisciplinary approach to the combination of these three disciplines may be of particular interest to students contemplating post-graduate work in law; those interested in a career in public service or politics; and those attracted by the rigor of philosophy and its attention to foundational issues, who are also interested in politics and law.

Students are exposed to a wider range of conceptual and methodological approaches than they would in any single discipline, while learning enough philosophy and political science to leave a choice of options for graduate schools. The major requires nine classes, one of which must be a gateway course – PHIL 300, PHIL 315, PHIL 320, PHIL 340 or PHIL 360 – distributed as follows.

REQUIREMENTS	UNITS
One lower-division class from the following:	
PHIL 135 Legal Controversies and Ethical Principles	4
PHIL 140 Contemporary Moral and Social Issues	4
PHIL 141 The Professions and the Public Interest in American Life	4
PHIL 262 Mind and Self: Modern Conceptions	4
POSC 130 Law, Politics and Public Policy	4

Students who satisfy one of their general education requirements by taking a core, thematic options course of comparable scope and content, can, at the discretion of the director of the School of Philosophy and the philosophy undergraduate adviser for this major, substitute that course for one of the above.

One course in logic:	
PHIL 350 Symbolic Logic	4
PHIL 351 Reasoning and Logic	4
PHIL 352 Logic and Language	4

One course in philosophy of law:	
PHIL 430 Philosophy of Law	4
PHIL 431 Law, Society, and Politics	4

Two courses from Categories A, B and C below. The two courses must belong to different categories, and one of these courses must be a gateway course: PHIL 300, PHIL 315, PHIL 320, PHIL 340 or PHIL 360. *Students are required to take a gateway course before enrolling in any 400-level course in philosophy.*

A. Moral and political philosophy	
PHIL 335 Theoretical Models of Leadership	4
PHIL 337 History of Modern Political Philosophy	4
PHIL 340 Ethics	4
PHIL 437 Social and Political Philosophy	4
PHIL 440 Contemporary Ethical Theory	4
PHIL 442 History of Ethics to 1900	4
PHIL 443 Value Theory	4
B. History of philosophy:	
PHIL 300 Introduction to the Philosophical Classics	4
PHIL 315 History of Western Philosophy: Ancient Period	4
PHIL 317 History of Western Philosophy: Medieval Period	4
PHIL 320 History of Western Philosophy: Modern Period	4
PHIL 423 The Critical Philosophy of Kant	4
PHIL 426 20th Century European Philosophy	4
PHIL 427 20th Century Anglo-American Philosophy	4
PHIL 428 Anglo-American Philosophy since 1950	4
C. Systematic areas of philosophy:	
PHIL 360 Epistemology and Metaphysics	4
PHIL 462 Philosophy of Mind	4
PHIL 463 Theories of Action	4
PHIL 465 Philosophy of Language	4
PHIL 470 Theory of Knowledge	4
One course in constitutional politics:	
POSC 335 Political Parties, Campaigns, and Elections	4
POSC 340 Constitutional Law	4
POSC 426 The United States Supreme Court	4
POSC 444 Civil and Political Rights and Liberties	4
One course in comparative or international politics and law:	
ANTH 345 Politics, Social, Organization and Law	4
POSC 345 International Law	4
POSC 440 Comparative Law and the Judicial Process	4
POSC 448a The Politics of Peace: Human Rights	4
One course in politics, law, and public policy:	
POSC 347 Environmental Law	4
POSC 395 Directed Governmental and Political Leadership Internship	4
POSC 443 Law in Film	4

POSC 452	Critical Issues in Law and Public Policy	4
SWMS 349	Women and the Law	4

One course in law:

LAW 300	Concepts in American Law	4
---------	--------------------------	---

Note: Students in the major may enroll in a capstone seminar in philosophy if they have satisfied the general requirements: a GPA of 3.0 in major course work; a course in logic, and at least one 400-level course in philosophy, taken prior to the capstone seminar.

### Philosophy Honors Program

Students who are considering the possibility of continuing their education at a graduate level in philosophy or similar disciplines, or students who wish to undertake a more intensive course of studies in philosophy, which includes original independent research, are strongly encouraged to take the major with honors.

The major with honors requires completion of the requirements for the Bachelor of Arts, with the following additional requirements:

(a) Students must take a capstone seminar, having completed the prerequisites for taking it.

(b) In addition to the required courses for the major, students must take PHIL 494 Senior Thesis during the fall term of their senior year. The senior thesis will be graded by the student's adviser and another member of the School of Philosophy, following an oral defense. The senior thesis must be completed with a grade of B or higher.

(c) Students must have a GPA of 3.5 or higher in their philosophy courses.

Students who intend to complete the major with honors are encouraged to enroll in the program during their sophomore year (but no later than the end of the first term of their junior year), and should consult about their studies with the faculty adviser for the honors program on a continuous basis.

### Minor in Ethics and Moral Philosophy

The aim of the minor is to provide students headed for medicine, biology, psychology and other health care professions with a broad humanistic perspective not found in professional education and the critical tools to deal with the ethical issues that may arise in their professional lives.

Students are required to take five courses in philosophy, at least four of which must be upper-division. Students must take at least one lower-division or 300-level course before taking any 400-level courses.

Students must take at least two courses from category one below, and at least one course from category two:

1. Ethics, History of Ethics and Value Theory: PHIL 140, PHIL 141, PHIL 340, PHIL 361, PHIL 430, PHIL 431, PHIL 440, PHIL 442

2. Systematic Philosophy: PHIL 262, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 465, PHIL 470

### Minor in Philosophy

The minor in philosophy requires the completion of five philosophy courses, at least four of which are upper-division courses. All minors must take a gateway course — PHIL 315, PHIL 320, PHIL 340, or PHIL 360 — before enrolling in any 400-level course.

Distribution requirement: Students must take at least one course from each of the three categories listed below:

History of Philosophy: PHIL 315, PHIL 320, PHIL 345, PHIL 410, PHIL 411, PHIL 415, PHIL 421, PHIL 422, PHIL 423, PHIL 424, PHIL 427.

Ethics, Law and Value Theory: PHIL 330, PHIL 335, PHIL 337, PHIL 340, PHIL 345, PHIL 430, PHIL 437, PHIL 440, PHIL 442.

Systematic Topics: PHIL 350, PHIL 351, PHIL 352, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 463, PHIL 465, PHIL 470, PHIL 480, PHIL 485, PHIL 486.

### Minor in Theories of Art

Theorizing about the arts takes place in the discipline of philosophy (aesthetics) as well as in all the individual disciplines concerned with the individual arts. Some of the issues involved (is perspective a matter of convention?; how does acting differ in cinema and in theatre?) are specific to a particular discipline or disciplines, but their discussion typically involves very general issues (in the cases mentioned, issues about the nature of convention or of artistic media) and many of the issues manifest themselves in all these disciplines (the relation of intention to interpretation; the epistemological and moral status of the arts; the nature of evaluative judgments). The understanding of these issues can be greatly enhanced by studying them as they arise in different arts and in different theoretical traditions. The minor should be of interest to students with an interest in philosophy, or students in any of the arts who are interested in their theoretical dimensions.

There are no entrance requirements for the minor, which requires six courses (23 or 24 units, depending on course selection).

All students must take PHIL 242 Theories of Art (4 units) and select five courses from the following:

AHIS 250	Modernity and Difference: Critical Approaches to Modern Art	4
ARCH 314	Theory and Criticism: Recent Trends and Developments	3
COLT 391	Literary Criticism from Plato to Postmodernism	4
COLT 454	Aesthetic Philosophy and Theory	4
ENGL 479	History of Literary Criticism	4
ENGL 480	Modern Literary Criticism: Theory and Practice	4
PHIL 445	Philosophy of the Arts	4
PHIL 446	Aesthetics and the Film	4
THTR 404	Acting Theory	4

### Minor in Critical Approaches to Leadership

See Interdisciplinary Studies, page 375.

### Minor in Philosophy for Business, Law, and the Professions

The aim of the minor is to provide students headed for business, law or the professions a strong set of critical, analytic and expository skills, while providing them with a broad humanistic perspective not found in professional education.

Students are required to take five courses, at least four of which must be upper division. They must take one course from each of the following categories (1-4), and one additional course from either category 2 or 3. Students must take at least one lower-division or 300-level course before taking any 400-level courses.

1. Logic: PHIL 350, PHIL 351, PHIL 352

2. Law, Leadership, and the Professions: PHIL 141, PHIL 330, PHIL 335, PHIL 430, PHIL 431

3. Ethics, History of Ethics, and Value: PHIL 140, PHIL 340, PHIL 345, PHIL 361, PHIL 440, PHIL 442

4. Systematic Philosophy: PHIL 262, PHIL 360, PHIL 385, PHIL 427, PHIL 428, PHIL 460, PHIL 462, PHIL 465, PHIL 470

## Graduate Degrees

The objective of the graduate program in philosophy is to equip suitably prepared and talented students to function effectively as teachers, thinkers and writers on philosophical topics in the Western tradition. The program provides for a wide range of studies within philosophy, but emphasizes the history of philosophy, both classical and modern, along with the traditional core disciplines: ethics, epistemology, metaphysics and logic.

Because philosophy is as much a special manner of intellectual activity as it is a special subject matter, the graduate student is expected not only to master major works in the historical and contemporary literature of philosophical thought, but also to develop the ability to engage in the ongoing process of philosophical research and dialogue.

### Admission Requirements

An applicant for admission normally has an undergraduate major in philosophy, but programs may be arranged for promising students who do not. At least three letters of recommendation from the student's undergraduate teachers should be sent to the chair of graduate admissions of the School of Philosophy. All applicants are required to take the verbal and quantitative General Tests of the Graduate Record Examinations.

### Degree Requirements

These degrees are awarded under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in Philosophy

The department does not accept applicants for a Master of Arts degree in philosophy. The M.A. degree is intended only as a transitional degree in the process of completing requirements for the Ph.D. in philosophy.

A student may obtain an M.A. in philosophy by fulfilling the following requirements: a minimum of 36 units in the USC philosophy school, at least 24 of which must be at the 500 level. Requirements include: PHIL 500, PHIL 503 and a 500-level course in each of the following three areas: metaphysics and epistemology, ethics and other value theory, and history of philosophy. Of the remaining four required (4-unit) courses, only four units of PHIL 590 are applicable to the degree. A publishable research paper is also required.

### Progressive Degree Program in Philosophy and Law

The progressive degree program permits exceptional undergraduate students with a major or minor in philosophy to receive both an undergraduate degree and the Master of Arts in Philosophy and Law within five years. A minimum GPA of 3.5, two letters of recommendation and outstanding performance in philosophy courses are required for admission to this program. For other requirements of the progressive degree program, see page 87.

### Master of Arts in Philosophy and Law

A total of 36 units are required for the degree, including at least 24 units in philosophy. Twelve of these must come from completing the specialization and breadth requirements. The former requires students to take a 4-unit, 500-level course in philosophy on a topic spanning philosophy and law. The latter requires students to take PHIL 500 or PHIL 503, plus another 4-unit, 500-level course in philosophy on a topic that does not span philosophy and law, including but not limited to topics in metaphysics, epistemology, philosophy of language, philosophy of science, ethics, aesthetics and history of philosophy. Students must also demonstrate a basic proficiency in symbolic logic, typically by passing, at a sufficiently high level, one of a specified range of 4-unit courses in logic offered by the School of Philosophy. The law requirement for this degree consists of two courses in the Gould School of Law. The first must be either LAW 503 Contracts or LAW 509 Torts I. The second must be either LAW 504 Criminal Law or LAW 508 Constitutional Law. Students who elect to take LAW 504 would normally also take 1 unit of PHIL 590 as an accompaniment. Degree candidates must also write a master's thesis on some subject in legal philosophy. At least one of the thesis advisers must have an appointment in the School of Philosophy.

### Juris Doctor/Master of Arts, Philosophy

Students must complete 24 units in the USC School of Philosophy and 69 units in the USC Gould School of Law.

*First Year:* Required law school curriculum.

*Second and Third Years:* The School of Philosophy prefers that students take at least one philosophy course each semester. During the four semesters, students must take at least 16 units at the 500-level, including PHIL 450 Intermediate Symbolic Logic or PHIL 510 Philosophical Logic and PHIL 500, and PHIL 503, one 400- or 500-level course in ethics or social/political philosophy or aesthetics or philosophy of law; one 400- or 500-level

course in metaphysics or epistemology or philosophy of language or philosophy of science or philosophy of mind; one 400- or 500-level course in the history of ancient or early modern philosophy; passage of the second year review that shall include a research paper based on a completed seminar paper and completion of a publishable research paper. Students must also complete 36 additional law units.

### Doctor of Philosophy in Philosophy

Application deadline: January 1

#### Course Requirements

The minimum number of course credits required for the Ph.D. is 60 units. No more than 8 of these units may be from 590 courses and no more than 8 of these units may be from 400-level courses in the School of Philosophy. PHIL 450 does not count toward this maximum of 8 units of 400-level courses in the School of Philosophy. No more than eight of these units may be earned in 794 Doctoral Dissertation. Each student must pass PHIL 450 or PHIL 510 with a grade of B or better and must pass both PHIL 500 and PHIL 503 with a grade of B+ or better. PHIL 450 or PHIL 510 and both PHIL 500 and PHIL 503 must be satisfactorily completed by the end of the second year.

The student may take up to two courses in a field of study related to philosophy. The Ph.D. dissertation may be written in any area of philosophy for which adequate supervision is available from within the university. Ph.D. students are also required to show evidence of practical or editorial training, or their equivalent.

#### Foreign Language/Research Tool Requirement

A foreign language examination, specified by the school, in French, German, Latin or classical Greek is required. The faculty may approve a replacement of the language requirement by a research tool requirement, consisting of an approved course or examination in a subject essential to the student's research program. The course or examination must be passed before the qualifying examination is attempted.

There are three levels of evaluation in the Ph.D. program prior to the dissertation:

#### Distribution Requirement

There is a distribution requirement of six courses at the 500 level in the School of Philosophy, one each from the following six areas: (1) epistemology (broadly construed, including philosophy of science), (2) metaphysics (broadly construed, including philosophy of mind and language), (3) ethics, (4) other value theory, (5) history of ancient

philosophy, and (6) history of modern philosophy. PHIL 500, PHIL 503 and PHIL 590 courses cannot count toward this requirement. The courses in the systematic area will be taught in the tradition of Anglo-American analytic philosophy. For courses straddling two areas (for example, history of ancient philosophy and metaphysics; history of modern philosophy and ethics), instructors will indicate on the syllabus which requirement the course will satisfy. Courses dealing with subject matter within more than one of the six areas listed may be used to satisfy any of the areas encompassed by the course although no single course may be used to satisfy two requirements at once. All distribution requirements must be completed by the end of the fifth semester.

#### *Screening Procedure*

Students in the Ph.D. program must pass a screening procedure before undertaking their 25th unit (seventh course) of graduate credit. This will be based on a review of the student's work to date, and will take into account not only information acquired but also those intellectual qualities and capacities that are essential for good work in philosophy: the capacity to think and write on philosophical issues with clarity, consistency and thoroughness; the ability to understand in detail what is involved in the meaning and justification of philosophical claims or positions; the ability to recognize and to draw out fine conceptual distinctions and to perceive their logical relationships; and strong intellectual curiosity and independence of thought.

#### *Student Reviews*

Graduate student progress is reviewed on a regular basis each term. In addition, apart from the screening procedure, there are more formal reviews conducted at the end of the 4th and 6th semesters of study, as described below.

In the fourth semester of study, normally the spring of the second year, each student shall submit two papers, approximately 8,000 words each, in different fields of philosophy (ordinarily two substantially revised papers previously submitted in seminars).

The choice of papers should be made in consultation with the Graduate Adviser. The second year evaluation will be made on the basis of faculty review of the submitted papers and consideration of the student's total record.

For the review following the sixth semester of study, students are to select one from a list of pre-designated areas in philosophy and master the material on a pre-assigned reading list of important works in that area. At the beginning of the sixth semester, each student will take a written examination, designed by the faculty of the School of Philosophy, on the materials covered in the relevant reading list followed by an oral examination exploring their knowledge of the field. This examination must be passed by the end of the sixth semester. The examining committee for each student will consist of faculty conversant with the field and appointed by the school.

#### *Qualifying Examination*

This examination consists of a written prospectus of the proposed dissertation and an in-depth oral examination on the form and subject matter of the proposed dissertation. All faculty members may inspect the prospectus and be present at the oral, but evaluation of the qualifying examination is the responsibility of the student's guidance committee. The examination is not passed if two or more members of the guidance committee find it unsatisfactory.

The qualifying examination is not offered in the summer. Those who intend to take this examination must meet all the conditions specified in the section on general requirements for the Ph.D. Students are expected to pass the qualifying exam by the end of the seventh semester. Students who have not passed the qualifying exam by the end of the seventh semester will be subject to faculty review, and may not be allowed to continue in the program.

#### *Doctoral Dissertation*

When the student passes the qualifying examination, a dissertation committee (see Graduate Advisement), replacing the guidance committee, is appointed by the director of the school in consultation with the student and

the philosophy faculty. Normally, the guidance committee simply becomes the dissertation committee. This committee and the candidate will then agree upon how the dissertation is to be developed and written. The dissertation must be an original contribution to some well-defined area in philosophy, and must give evidence of the student's ability to do respectable, large-scale research, thinking, and writing in the field. The school requires the defense oral when the research and writing of the dissertation is substantially complete. Attendance at this oral examination is open to all members of the university faculty, but the examination is conducted and evaluated by the candidate's dissertation committee. The faculty normally works with the dissertations only in the fall and spring semesters, and the student should plan accordingly.

#### **Graduate Advisement**

In addition to the departmental graduate adviser, who has the formal role in graduate advising, each student will be matched with a personal adviser, who will share responsibility with the graduate adviser for monitoring a student's progress semester by semester. The graduate adviser is available to counsel any graduate student on all aspects of the graduate program. A student's personal adviser will consult informally with the student semester by semester on how to interpret his or her grades and especially the written reports provided by the instructor for each course in which the student is enrolled, discuss informally the student's selection of courses each semester, and generally keep track of the student's progress in the program. At the appropriate time, the student will consult his or her adviser concerning the appointment of a faculty committee for guidance and supervision. An official guidance committee will be appointed at the time the student passes the screening examination; for the rules governing its establishment and makeup, see General Requirements for the Doctor of Philosophy degree in the Graduate School section. The guidance committee will meet with the student soon after its appointment, and at least once each academic year thereafter.

## Courses of Instruction

### **PHILOSOPHY (PHIL)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**PHIL 101g Philosophical Foundations of Modern Western Culture (4)** The influence on modern Western culture of philosophical thought about reality, knowledge and morality as developed by such philosophers as Descartes, Leibniz and Kant.

**PHIL 115g Ancient Greek Culture and Society (4)** Focus on the literary achievement from the beginning of Greek literature to the fourth century with a special emphasis on the philosophers.

**PHIL 135g Legal Controversies and Ethical Principles (4)** Philosophical theories of law and applications to controversies of importance to society and our legal system, such as free speech, civil disobedience, and self-defense. *Concurrent enrollment:* WRIT 140.

**PHIL 137gm Social Ethics for Earthlings and Others (4, FaSp)** A systematic study of contemporary issues in social and political philosophy engaging multimedia works of science fiction to illuminate classic Western moral and political theories.

**PHIL 140g Contemporary Moral and Social Issues (4, FaSpSm)** Critical study of controversial social issues such as abortion, euthanasia, the death penalty, war and terrorism, pornography, and economic justice. *Concurrent enrollment:* WRIT 140.

**PHIL 141g The Professions and the Public Interest in American Life (4)** The study of the nature and role of professionals in life and society, forces that shape and direct them, foundations and applications of professional ethics. *Concurrent enrollment:* WRIT 140.

**PHIL 155g Modern Philosophy and the Meaning of Life (4)** Modern philosophical treatments of the problem of the meaning or purpose of human life; special attention to Existentialism.

**PHIL 220g Science, Religion and the Making of the Modern Mind (4)** Philosophical and religious implications of the scientific revolution of the 17th century and the Darwinian revolution in the 19th century.

**PHIL 225g Love and its Representations in Western Literature, Philosophy, and Film (4, FaSp)** Key works that have shaped the European and American cultural inheritance, with a special focus on the nature of love (and marriage or domesticity). *Concurrent enrollment:* MDA 140.

**PHIL 242 Theories of Art (4)** An introduction to general theories of art and to issues concerning particular arts such as literature and drama, photography and film, painting, architecture and music.

**PHIL 250ab Elementary Formal Logic (2-2, FaSp)** Critical reasoning skills and their many everyday applications; theory of logically correct reasoning and its associated formal techniques.

**PHIL 262g Mind and Self: Modern Conceptions (4)** Philosophical problems about the nature of mind associated with the rise of modern science; topics include the mind/body relation, personal identity, rationality and freedom.

**PHIL 285Lg Knowledge, Explanation, and the Cosmos (4, FaSpSm)** The nature and limits of knowledge and explanation, and challenges in understanding the origin of the universe and the place of intelligent life within it.

**PHIL 286Lg Issues in Space and Time (4)** Examining the nature of space and time, how they relate, and how material objects relate to them. Some included topics: substantivalism, temporal directionality, persistence, hyperspace.

**PHIL 300 Introduction to the Philosophical Classics (4)** An examination of philosophical works which have had a profound impact on the nature of Western thought.

**PHIL 315 History of Western Philosophy: Ancient Period (4)** Major figures in the history of Western philosophical thought from the pre-Socratics to the Hellenistic period; emphasis on Plato and Aristotle.

**PHIL 317 History of Western Philosophy: Medieval Period (4)** Central themes in Jewish, Christian and Islamic philosophy from late antiquity through the scholastic period.

**PHIL 320 History of Western Philosophy: Modern Period (4)** The development of philosophy from the 16th to the 19th centuries; emphasis on Continental Rationalism, British Empiricism, and the philosophy of Kant.

**PHIL 330 Theories of Law (4)** Examination of some of the major classical and contemporary theories of the nature and functions of law and of its relation to morality.

**PHIL 335 Theoretical Models of Leadership (4, FaSp)** Political philosophers and social theorists on leadership: political obligation; the art of government; leadership in civil society and counter-cultural dissent; models of cosmopolitan leadership.

**PHIL 337 History of Modern Political Philosophy (4)** Analysis of some of the main political philosophies of the modern era; emphasis on the ethical and metaphysical foundations of political philosophy.

**PHIL 338 Political Economy and Social Issues (4, Sp)** (Enroll in ECON 338)

**PHIL 340 Ethics (4, FaSpSm)** Study of major philosophical theories of moral right and wrong, such as utilitarianism, Kantianism, egoism, virtue ethics, and theological ethics.

**PHIL 345 Greek Ethics (4)** Examination of the progress of the ethical thought and legal and political institutions of ancient Greece with an emphasis on the Nichomachean Ethics of Aristotle.

**PHIL 347 Philosophy in Literature (4)** Philosophical content in representative European and American literature; philosophical problems about literature such as the nature of truth and meaning in fiction.

**PHIL 350 Symbolic Logic (4)** Introduction to basic techniques of propositional and quantificational logic, and elements of probability. Especially useful to philosophy, mathematics, science, and engineering majors.

**PHIL 351 Reasoning and Logic (4)** Study of reasoning as a strategy for arriving at knowledge in dependence upon logical theory. Logical theories are developed alongside historically influential strategies of reasoning. Not open to freshmen.

**PHIL 352 Logic and Language (4)** Introduction to modern symbolic logic, with applications to the philosophy of language, plus meta-logical and philosophical results about its scope and limits.

**PHIL 355 Existentialism (4)** A critical survey of major 19th and 20th century existentialist writers, including Kierkegaard, Dostoevsky, Tolstoy, Kafka, Nietzsche, Camus, and Sartre.

**PHIL 360 Epistemology and Metaphysics (4)** Examination of problems in metaphysics and/or epistemology. Conducted at the intermediate level.

**PHIL 361 Philosophy of Religion (4)** The existence of God; mysticism, miracles and the possibility of disembodied existence; the problem of evil; religion and morality; the meaning of religious language.

**PHIL 363 Philosophy of Perception (4)** Philosophical investigation of sense perception as it relates to issues in epistemology, metaphysics, the philosophy of mind, and the philosophy of science.

**PHIL 385 Science and Rationality (4)** Examination of the rationality of the scientific enterprise, and of the relation between science and human values.

**PHIL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PHIL 410 Early Greek Thought (4)** A study of the Greek thinkers from Homer to the age of Socrates; emphasis on the pre-Socratic philosophers.

**PHIL 411 Plato (4)** Detailed study of the evolution of Plato's thought as revealed in selected dialogues.

**PHIL 415 Aristotle (4)** Intensive study of selected topics taken from Aristotle's writings in natural philosophy, in metaphysics, and in other areas of philosophy.

**PHIL 421 Continental Rationalism (4)** Development of philosophy on the continent from the 17th to the 19th centuries; emphasis on the philosophical works of Descartes, Leibniz, and Spinoza.

**PHIL 422 British Empiricism (4)** Development of philosophy in Great Britain from the 17th to the 19th centuries; emphasis on Locke, Berkeley, and Hume.

**PHIL 423 The Critical Philosophy of Kant (4)** Intensive study of the philosophical works of Kant.

**PHIL 424 19th Century Philosophy (4)** Leading figures and movements in 19th century philosophy; works of such philosophers as Hegel, Schopenhauer, Mill, Nietzsche, and Bradley.

**PHIL 425 American Philosophy (4)** Leading figures and movements in American philosophy; works of such philosophers as Jonathan Edwards, Charles Peirce, William James, John Dewey, and C.I. Lewis.

**PHIL 426 20th Century European Philosophy (4)** Main philosophers and movements from 1900, including the major developments within phenomenology and existentialism, the emergence of structuralism and hermeneutics.

**PHIL 427 20th Century Anglo-American Philosophy (4)** The nature and function of analysis as a philosophical method; the development of major metaphysical, epistemological, and ethical views; Russell, Wittgenstein, Carnap, Quine and others.

**PHIL 428 Anglo-American Philosophy Since 1950 (4)** The maturing of the analytic tradition from the later Wittgenstein through Ryle, Strawson, Hare, Austin, Grice, Quine, Davidson, Kripke, and beyond.

**PHIL 430 Philosophy of Law (4)** Philosophical theories about the nature of law, relations between law and morality, and analysis of normative concepts central to law, such as responsibility, punishment, negligence.

**PHIL 431 Law, Society, and Politics (4, Fa)** A systematic presentation of the main philosophical perspectives on the interactions between law and the social-political aspects of our lives.

**PHIL 437 Social and Political Philosophy (4)** The nature of man and society, the nature and justification of state and government, political rights and political obligation, justice and equality.

**PHIL 440 Contemporary Ethical Theory (4)** Ethical theories in the 20th century; contemporary theories of value and obligation; meta-ethical theories; intuitionism, naturalism, and non-cognitivism; concepts of justice, human rights, and freedom.

**PHIL 442 History of Ethics to 1900 (4)** An historical and critical study of the great moral philosophers, including Plato, Aristotle, Aquinas, Kant, and the British moralists.

**PHIL 443 Value Theory (4)** The evaluation of individual and social ends; consideration of such topics as values and rational choice, the good of a person, hedonism, welfare, ideals, and utopias.

**PHIL 445 Philosophy of the Arts (4)** Principal theories of the nature of, and response to, art; examination of form and content in various arts; consideration of the role of criticism.

**PHIL 446 Aesthetics and the Film (4)** Problems in the philosophy of art raised by film, such as the notion of "cinematic"; the nature of interpretation of films; criteria for evaluating films.

**PHIL 450 Intermediate Symbolic Logic (4)** Systematic study of the metatheory of quantificational logic, with applications to questions of decidability and completeness of formal systems including Gödel's Incompleteness Theorems.

**PHIL 455 Phenomenology and Existentialism (4, Irregular)** Close study of major writings of Husserl, Heidegger, and Sartre.

**PHIL 460 Metaphysics (4)** Systematic introduction to basic concepts, including identity, difference, existence, individuals, substance, quality, and relation; emphasis on idealism, materialism, and the ontology of intentionality.

**PHIL 462 Philosophy of Mind (4)** Examination of contemporary theories of mind and its place in the natural world.

**PHIL 463 Theories of Action (4)** Systematic investigation of action, the mental states involved in action, the reasoning processes that lead to action, and related concepts including intentionality and free will.

**PHIL 465 Philosophy of Language (4)** The nature of communication, meaning, reference, truth, necessity, speech acts, convention, and language.

**PHIL 470 Theory of Knowledge (4)** Examination of contemporary accounts of the nature, scope, sources — and value — of human knowledge and justified belief.

**PHIL 471 Metaphysics and Epistemology (4)** Classic issues in epistemology and the philosophy of language, leading up to the application of context-sensitivity in language to the problem of skepticism. Open only to philosophy majors. *Prerequisite:* PHIL 250b or PHIL 350 or PHIL 351 or PHIL 352; *recommended preparation:* at least one 400-level PHIL course.

**PHIL 472 Moral Philosophy (4)** In-depth study of some important work from the last few decades concerning the nature and status of moral reasons, moral obligations, and moral discourse. Open only to philosophy majors. *Prerequisite:* PHIL 250b or PHIL 350 or PHIL 351 or PHIL 352; *recommended preparation:* at least one 400-level PHIL class.

**PHIL 473 Wittgenstein (4)** A detailed study of the philosophical works of Ludwig Wittgenstein.

**PHIL 480 Philosophy of Mathematics (4)** The nature of mathematical truth and the nature of mathematical entities.

**PHIL 485 Development of Physical Science (4)** Concepts central in the advance of physical science such as the concepts of space, time, mass, force; philosophical problems concerning quantum mechanics.

**PHIL 486 Methodologies of the Sciences (4)** Comparison of the methodologies of the natural, social, and/or behavioral sciences; consideration of such topics as the concept of scientific law, prediction, explanation, confirmation.

**PHIL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**PHIL 494 Senior Thesis (4)** Independent studies for philosophy majors, and guidance in the preparation of the senior thesis for students who wish to graduate with honors in philosophy. Not open to graduate students.

**PHIL 499 Special Topics (2-4, max 8)** Selected topics in various specialty areas within philosophy.

**PHIL 500 Introduction to Contemporary Philosophical Literature (4, Fa)** Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized.

**PHIL 501 Seminar in Recent Philosophy (4, max 16, Sp)** Contemporary philosophical issues and literature.

**PHIL 503 Introduction to Contemporary Philosophical Literature on Value (4, Sp)** Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized.

**PHIL 505 Pro-Seminar in Central Topics in Contemporary Philosophy (4, Irregular)** Key developments in central areas of philosophy are used to provide training in philosophical analysis, criticism, and the writing of precise philosophical prose.

**PHIL 510 Philosophical Logic (4, Sp)** Applications of logical theory to contemporary philosophical research. Elements of model theory, recursion theory; Goedel's Incompleteness results; modal logic and its interpretations. *Recommended preparation:* PHIL 350.

**PHIL 515 Studies in Ancient and Medieval Philosophy (4, max 16)** Problems in research in selected portions of ancient and medieval philosophy.

**PHIL 520 Studies in Modern Philosophy (4, max 16)** Problems in research in selected portions of modern philosophy.

**PHIL 525 Seminar in Phenomenology (4)** The origin, principles, and development of the phenomenological movement from Brentano to Merleau-Ponty.

**PHIL 530 Seminar in Philosophy of Law (4)** Theories of the nature of law; emphasis on recent writing; legal concepts such as rights, powers, liability, legal responsibility, law, and morality.

**PHIL 537 Seminar in Social and Political Philosophy (4, max 16)** Advanced literature on selected topics in social and political philosophy, including the nature of law, man, and society; ideals such as justice and freedom.

**PHIL 540 Seminar in Ethics (4, max 16)** Advanced topics and literature in ethical theory.

**PHIL 545 Seminar in Aesthetics (4)** Advanced topics in the philosophy of the arts. Contemporary views on such problems as the nature of art and the role of criticism.

**PHIL 550 Advanced Topics in Formal Logic (4)** Consistency and completeness of the predicate calculus; truth and validity; rudiments of model logic. *Prerequisite:* PHIL 450.

**PHIL 551 Seminar in the Philosophy of Logic (4)** Advanced topics in logic and/or philosophy of logic.

**PHIL 560 Seminar in Metaphysics (4, max 16, Fa)** Advanced topics in metaphysics.

**PHIL 565 Philosophy of Language (4, max 12, FaSp)** Philosophical issues in the empirical study of language concerning the relationship between linguistic meaning and the use of sentences to assert and convey information.

**PHIL 570 Seminar in Epistemology (4, max 16)** Advanced topics in epistemology.

**PHIL 585 Seminar in Philosophy of Science (4, max 16)** Advanced topics in the philosophy of science.

**PHIL 589 Writing for Publication in Philosophy (4, max 8, Sp)** Intensive writing seminar in which students read cutting-edge philosophy and take supervised steps towards crafting critical essays for publication. *Prerequisite:* PHIL 500, PHIL 505.

**PHIL 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHIL 593x Teaching Philosophy (2, Fa)** Basic principles of philosophical pedagogy, with emphasis on practical applications and the importance of career-long skill development. Required for first-semester teaching assistants in philosophy. Not available for major credit. Open only to philosophy doctoral students. Graded CR/NC.

**PHIL 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**PHIL 599 Special Topics (2-4, max 8)** Major trends of current thought; specific topics to be announced.

**PHIL 636 Seminar in Semantics (3, max 12)** (Enroll in LING 636)

**PHIL 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHIL 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Physical Education

Physical Education Building 108  
(213) 740-2488  
Fax: (213) 821-1058  
Email: [phed@dornsife.usc.edu](mailto:phed@dornsife.usc.edu)  
[dornsife.usc.edu/pbed](http://dornsife.usc.edu/pbed)

*Director:* Steve VanKanegan, M.S.

*Administrative Coordinator:* Amber Harris, M.P.W.

### Faculty

*Master Lecturer:* Steve VanKanegan, M.S.

*Senior Lecturers:* Timothy L. Burton, M.Ed.; Danielle Roman, M.S.

*Lecturers:* Steve Hsu, M.S.; John Jessee, M.S.; Jennifer Rooney, M.S.

The physical education program provides a variety of offerings in fitness and activities

classes designed to promote health and general fitness based upon individual goals and needs. Fitness classes focus primarily on development of muscle strength, muscle endurance, cardiorespiratory endurance, flexibility, general wellness principles and nutritional guidelines. Activities classes stress fundamental techniques, tactics, rules, etiquette and the importance of leisure time activities to physical, mental and social well-being.

**General Requirements**

No more than four units of physical education activity courses may be applied to a student's overall unit requirement, toward his or her USC degree.

Registration in courses PHED 102ab-160 is contingent upon assessment of students' knowledge and competence in performance

**Courses of Instruction****PHYSICAL EDUCATION (PHED)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**PHED 102ab Weight Training (1-1, FaSp)**

*a:* Improvement of body shape, muscle endurance, and muscle strength; understanding of weight training and nutrition principles that can be utilized for future weight training development. *b:* Training techniques and application of advanced weight training principles through weekly workouts; personal trainer certification exam preparation.

**PHED 104ab Self-Defense (1-1, FaSp)**

*a:* Basic instruction of self-defense for beginners; strategies for standing and ground fighting situations with and without weapons. *b:* Intermediate instruction involving more advanced fighting strategies and techniques.

**PHED 106ab Physical Conditioning (1-1, FaSp)**

*a:* Improvement in cardiorespiratory endurance, body composition, muscle endurance and flexibility; running, circuit training, resistance exercises; fitness principles and nutrition to develop individualized program. *b:* Advanced training methods focusing on continuing gains in fitness level.

**PHED 108 High Stress Physical Conditioning (1)**

Rigorous physical conditioning with emphasis on distance running and development of cardiovascular and upper body strength. A challenging regimen to enhance stamina and endurance. *Prerequisite:* PHED 106*b* or permission of instructor.

**PHED 110ab Swimming (1-1, FaSp)**

*a:* Instruction and practice in basic strokes for beginners and intermediate swimmers; elementary springboard diving; water safety techniques; endurance training as a fitness program. *b:* Advanced instruction and practice of strokes; advanced endurance training.

during the first two class meetings. Students who wear glasses while participating in vigorous activities must secure departmental approval of provisions made for eye protection in courses PHED 140. Course PHED 165 is reserved for students who are reporting for regular freshman or varsity athletic squads.

**PHED 114 Lifesaving (1)** American Red Cross Senior Lifesaving. *Prerequisite:* PHED 110*ab* or ability to pass Skills Test II.

**PHED 115 Surfing (1, FaSp)** Fundamental instruction of surfing skills; water safety and etiquette; wave recognition and forecast interpretation; surf culture; board selection; surf related strengthening and stretching.

**PHED 120ab Yoga (1-1, FaSp)** *a:* Introduction to meditation, breathing techniques and postures as a means towards relaxation; increase muscle flexibility; understanding of basic anatomy and nutritional guidelines. (Duplicates credit in former PHED 120.) *b:* A continuing study of intermediate and advanced yoga postures, breathing techniques and meditation as a means toward relaxation and stress-reduction.

**PHED 124 Walking for Fitness (1, FaSp)**

Develop a strong fitness foundation through walking; fitness assessment and individualized programs; gait biomechanics and power walking; injury prevention; strategies for special populations.

**PHED 129ab Aerobics (1-1, FaSp)** *a:* Aerobic exercise focusing on cardiorespiratory endurance encompassing a variety of training methods such as high/low impact aerobics, body sculpting, circuit training and nutritional guidelines. *b:* Group exercise teaching techniques and application of fitness principles through weekly workouts; group fitness certification exam preparation.

**PHED 131 Step Aerobics (1, FaSp)** Development of physical fitness components through step aerobics; total body workout utilizing step movements and body sculpting exercises.

**PHED 133 Rock Climbing (1, FaSp)** Acquisition of basic rock climbing skills, muscle strength, endurance and balance, climbing safety, ethics and environmental considerations; understanding equipment, problem solving.

To obtain a prerequisite waiver to take a *b* class before having taken the *a* section, the instructor's approval and signature are needed. Students should be aware that in the future they cannot take the prerequisite course in the activity for credit after having it waived.

**PHED 139ab Volleyball (1-1, FaSp)** *a:* Introduction to beginning and intermediate volleyball skills, rules, game tactics, and strategies. Emphasis on the development of: passing, setting, hitting, serving, blocking, and digging. *b:* Advanced techniques; focus on offenses and defenses used in game situations.

**PHED 140abc Tennis (1-1-1, FaSp)** *a:* Fundamental instruction of basic strokes for beginners and intermediate players; rules, scoring, court etiquette, strategies; singles and doubles; practice and match play. *b:* Reinforcement of basic strokes and instruction of advanced strokes; advanced strategies; singles and doubles; practice and match play. *c:* Development of strokes and strategies for advanced tournament players; drills and matches.

**PHED 143ab Racquetball (1-1, FaSp)**

*a:* Instruction of basic stroke technique for beginners and intermediate players; rules, scoring, game tactics; practice of strokes and competition. *b:* Development of advanced skills and strategies; singles and doubles practice and competition.

**PHED 150 Table Tennis (1, FaSp)** Fundamental instruction of basic strokes for beginning and intermediate players; rules, scoring strategies; singles and doubles; practices and match play.

**PHED 154ab Soccer (1-1, FaSp)** *a:* Development of basic skills for beginners, intermediate and advanced players; rules, positioning elements of play, small group and team tactics; full field scrimmages. *b:* Advanced development of skills, positioning, tactics and conditioning.

**PHED 155 Golf (1, FaSp)** Basic skills development and knowledge in stance, grip and swing mechanics; course strategy; use of woods, irons and putting; history rules and etiquette.

**PHED 156ab Basketball (1-1, FaSp)** *a*: Basic skill development in dribbling, passing, shooting, rebounding and defense; rules, history, and etiquette; drills and full court games. *b*: Development of advanced skills; team strategy; offenses and zone defenses; drills and full court games.

**PHED 160 Stress Management for Healthy Living (2, FaSp)** Instruction on the effects of stress as it relates to work, sport and academics; coping strategies are discussed and applied through physical conditioning interventions.

**PHED 165 Varsity Athletics (1, max 4)** Participation in the university's inter-collegiate programs as sanctioned and governed by the PAC-10 Conference and/or the NCAA. Graded CR/NC.

**PHED 161 First Aid (1)** First Aid safety education and infant, child, and adult CPR; demonstrated proficiency and successful completion of exam prepares students for Red Cross certification. (Duplicates credit in former PHED 171.)

### Faculty

*University Professor and Professor of Physics and Education*: Lloyd Armstrong, Jr.

*Presidential Professor of Physics and Medicine*:  
Murray Gell-Mann, Ph.D.

*Professors*: Itzhak Bars, Ph.D.; Gerd Bergmann, Ph.D.; N. Eugene Bickers, Ph.D.\*; Hans M. Bozler, Ph.D.; P. Daniel Dapkus, Ph.D. (*Electrical Engineering*); Werner Däppen, Ph.D.\*; Jack Feinberg, Ph.D.\*; Murray Gell-Mann, Ph.D.; Christopher M. Gould, Ph.D.\*; Martin A. Gundersen, Ph.D. (*Electrical Engineering*); Stephan Haas, Ph.D.\*; Robert W. Hellwarth, Ph.D. (*Electrical Engineering*); Clifford Johnson, Ph.D.\*; Darrell L. Judge, Ph.D.; Rajiv Kalia, Ph.D.; Vitaly Kresin, Ph.D.; Joseph Kunc, Ph.D. (*Aerospace*

*Engineering*); Anthony J. Levi, Ph.D. (*Electrical Engineering*); Daniel Lidar, Ph.D. (*Chemical Engineering*); Anupam Madhukar, Ph.D. (*Materials Science*); Aiichiro Nakano, Ph.D. (*Computer Science*); Dennis Nemeschansky, Ph.D.; Elena Pierpaoli, Ph.D.; Krzysztof Pilch, Ph.D.; Edward J. Rhodes, Jr., Ph.D.\*; Hubert Saleur, Ph.D.; Robin Shakeshaft, Ph.D.; Armand Tanguay, Ph.D. (*Electrical Engineering*); Priya Vashishta, Ph.D. (*Materials Science*); Andrey Vilesov, Ph.D. (*Chemistry*); William G. Wagner, Ph.D.; Nicholas P. Warner, Ph.D.\*; Paolo Zanardi, Ph.D.

*Associate Professors*: Todd A. Brun, Ph.D. (*Electrical Engineering*); Jia Grace Lu, Ph.D.; Richard S. Thompson, Ph.D.

*Assistant Professors*: Mohamed El-Naggar, Ph.D.; Christoph A. Haselwandter, Ph.D.; Michelle Povinelli, Ph.D. (*Electrical Engineering*); Susumu Takahashi, Ph.D. (*Chemistry*)

*Professors (Research)*: Leonid Didkovsky, Ph.D.; Geraldine J. Peters, Ph.D.; Chung-Yung (Robert) Wu, Ph.D.

*Assistant Professors (Research)*: Lorenzo Campos Venuti, Ph.D.; Loris Colombo, Ph.D.; Siyuan Lu, Ph.D.; Ken-ichi Nomura, Ph.D.

*Emeritus Professors*: Robert K. Cole, Ph.D.; Melvin A. Daybell, Ph.D.; Harriet H. Forster, Ph.D.

\*Recipient of university-wide or college teaching award.

### Degree Programs

The Department of Physics and Astronomy offers the Bachelor of Science in Physics, Bachelor of Science in Astronomy, Bachelor of Science in Physics/Computer Science, Bachelor of Arts in Physics, Bachelor of Arts in Astronomy, Bachelor of Science in Biophysics, Bachelor of Science in Physical Sciences, a minor in physics or astronomy, Master of Science in Physics, Master of Science in Physics for Business Applications, Master of Arts in Physics and Doctor of Philosophy in Physics.

## Undergraduate Degrees

### Bachelor of Science in Physics

This program is intended primarily for students who are interested in a career in physics.

REQUIRED LOWER DIVISION COURSES	UNITS
CHEM 115aLbL** Advanced General Chemistry	4-4
MATH 125 Calculus I	4
MATH 126 Calculus II	4

MATH 226 Calculus III	4
MATH 245 Mathematics of Physics and Engineering I	4
PHYS 161L* Advanced Principles of Physics I	4
PHYS 162L* Advanced Principles of Physics II	4
PHYS 163L* Advanced Principles of Physics III	4
PHYS 190 Freshman Colloquium	

REQUIRED UPPER DIVISION COURSES	UNITS
MATH 445 Mathematics of Physics and Engineering II	4
PHYS 304 Mechanics	4
PHYS 316 Introduction to Thermodynamics and Statistical Physics	4
PHYS 408ab Electricity and Magnetism	4-4

PHYS 438ab	Introduction to Quantum Mechanics and its Applications	4-4
PHYS 440	Introduction to Condensed Matter Physics	4
PHYS 492L	Senior Laboratory	4
PHYS 493L	Advanced Experimental Techniques	4
Total units		77

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

\*\*CHEM 105aLbL may be substituted for the sequence CHEM 115aLbL.

### Bachelor of Science in Astronomy

This program is intended primarily for students who are interested in a career in astronomy.

REQUIRED LOWER DIVISION COURSES		UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L*	Advanced Principles of Physics I	4
PHYS 162L*	Advanced Principles of Physics II	4
PHYS 163L*	Advanced Principles of Physics III	4

REQUIRED UPPER DIVISION COURSES		UNITS
ASTR 400	The Solar System	4
ASTR 410	Stellar Astronomy	4
ASTR 420	Galaxies and Cosmology	4
ASTR 440	Astrophysics	4
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4
PHYS 438ab	Introduction to Quantum Mechanics and its Applications	4-4
PHYS 493L	Advanced Experimental Techniques	4
Total units		72

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

### Bachelor of Science in Physics/Computer Science

This program is intended for students with dual interests in physics and computer science who wish to complete the essential courses for both majors within their normal four-year career.

REQUIRED LOWER DIVISION COURSES		UNITS
CSCI 101L	Fundamentals of Computer Programming	3
CSCI 102L	Data Structures	3
CSCI 200L	Object-Oriented Programming	3
CSCI 201L	Principles of Software Development	3
CSCI 271	Discrete Methods in Computer Science	3
EE 101	Introduction to Digital Logic	3
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 225	Linear Algebra and Linear Differential Equations	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4

REQUIRED UPPER DIVISION COURSES		UNITS
CSCI 303	Design and Analysis of Algorithms	3
CSCI 402x	Operating Systems	3
EE 357	Basic Organization of Computer Systems	3
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 408ab	Electricity and Magnetism	4-4
PHYS 438ab	Introduction to Quantum Mechanics and its Applications	4-4
PHYS 495	Senior Project	2
Total units		81

### Bachelor of Arts in Physics

This program is intended for students with an interest in physics who may not intend to pursue a career in physics.

REQUIRED LOWER DIVISION COURSES		UNITS
CHEM 105aLbL**	General Chemistry	4-4
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4

MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L*	Advanced Principles of Physics I	4
PHYS 162L*	Advanced Principles of Physics II	4
PHYS 163L*	Advanced Principles of Physics III	4
PHYS 190	Freshman Colloquium	1

REQUIRED UPPER DIVISION COURSES		UNITS
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4
PHYS 438a	Introduction to Quantum Mechanics and its Applications	4
PHYS 492L	Senior Laboratory	4
Choose one:		4
PHYS 408b	Electricity and Magnetism	
PHYS 438b	Introduction to Quantum Mechanics and its Applications	
PHYS 440	Introduction to Condensed Matter Physics	
PHYS 493L	Advanced Experimental Techniques	
Total units		65

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

\*\*CHEM 115aLbL may be substituted for the sequence CHEM 105aLbL.

### Bachelor of Arts in Astronomy

This program is intended for students with an interest in astronomy who may not intend to pursue a career in the field.

REQUIRED LOWER DIVISION COURSES		UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L*	Advanced Principles of Physics I	4
PHYS 162L*	Advanced Principles of Physics II	4
PHYS 163L*	Advanced Principles of Physics III	4

REQUIRED UPPER DIVISION COURSES		UNITS
ASTR 400	The Solar System	4
ASTR 410	Stellar Astronomy	4
ASTR 420	Galaxies and Cosmology	4
ASTR 440	Astrophysics	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 493L	Advanced Experimental Techniques	4
Total units		56

\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

### Bachelor of Science in Biophysics

This program is intended for students with an interest in the interdisciplinary field of biophysics. The degree program provides the physics and biology background necessary for the field while simultaneously fulfilling medical school entrance requirements.

REQUIRED LOWER DIVISION COURSES		UNITS
BISC 120L	General Biology: Organismal Biology and Evolution	4
BISC 220L	General Biology: Cell Biology and Physiology	4
CHEM 115aLbL*	Advanced General Chemistry	4-4
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 161L**	Advanced Principles of Physics I	4
PHYS 162L**	Advanced Principles of Physics II	4
PHYS 163L**	Advanced Principles of Physics III	4

REQUIRED UPPER DIVISION COURSES		UNITS
BISC 320L	Molecular Biology	4
BISC 330L	Biochemistry	4
BISC 421	Neurobiology	4
CHEM 322abL	Organic Chemistry	4-4
MATH 445	Mathematics of Physics and Engineering II	4
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4

PHYS 438a	Introduction to Quantum Mechanics and its Applications	4
Total units		84

\*CHEM 105aLbL may be substituted for the sequence CHEM 115aLbL.

\*\*PHYS 151L, PHYS 152L and PHYS 153L may be substituted for the sequence PHYS 161L, PHYS 162L and PHYS 163L.

### Bachelor of Science in Physical Sciences

This program is intended for students with an interest in the physical sciences. The program is designed to allow students interested in teaching at the secondary level to enroll in courses required for the California Single Subject Teaching credential offered through the School of Education.

REQUIRED LOWER DIVISION COURSES		UNITS
CHEM 115aLbL**	Advanced General Chemistry	4-4
GEOL 105L	Planet Earth	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

REQUIRED UPPER DIVISION COURSES		UNITS
Astronomy elective*		4
Chemistry elective*		4
Earth Science elective*		4
Physics elective*		4
Three additional electives from these fields*		12

\*Upper division courses must be applicable to majors in their respective departments.

\*\*CHEM 105aLbL may be substituted for the sequence CHEM 115aLbL.

OTHER COURSES		UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
Total units		64

### Department Requirements for a Minor in Physics

The physics minor is open to all students. Engineering students must take a minimum of three upper division courses unique to the minor.

REQUIRED COURSES		28 UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
MATH 245	Mathematics of Physics and Engineering I	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

ELECTIVES — CHOOSE 3		12 UNITS
PHYS 304	Mechanics	4
PHYS 316	Introduction to Thermodynamics and Statistical Physics	4
PHYS 408a	Electricity and Magnetism	4
PHYS 438a	Introduction to Quantum Mechanics and its Applications	4
Total units		40

### Department Requirements for a Minor in Astronomy

The astronomy minor is open to all students. A minimum of three courses taken toward the minor must be unique to the minor.

REQUIRED COURSES		24 UNITS
MATH 125	Calculus I	4
MATH 126	Calculus II	4
MATH 226	Calculus III	4
PHYS 151L	Fundamentals of Physics I: Mechanics and Thermodynamics	4
PHYS 152L	Fundamentals of Physics II: Electricity and Magnetism	4
PHYS 153L	Fundamentals of Physics III: Optics and Modern Physics	4

ELECTIVES — CHOOSE 3		12 UNITS
ASTR 400	The Solar System	4
ASTR 410	Stellar Astronomy	4
ASTR 420	Galaxies and Cosmology	4
ASTR 440	Astrophysics	4
Total units		36

### Grade Point Average in Major Subject

A GPA of C (2.0) or higher is required in all upper division courses taken in the department for all of the above major degree programs. A grade of C (2.0) or higher is required in all courses in the department specifically listed as subject requirements.

**Advisement**

Advisement is required for all B.S. and B.A. degree candidates in the department. Students should meet with their departmental academic adviser at least once a semester to review the direction of their academic programs. Students who have not met with an adviser should contact the director of undergraduate affairs. Students are also encouraged to seek the advisement of faculty members

## Graduate Degrees

The Department of Physics and Astronomy offers graduate study at the master's and doctoral degree levels. The graduate program prepares students for professional careers in research, teaching and developmental applications of physics.

Entering students spend time in intensive course work providing a broad background in advanced physics regardless of degree objective. Subsequent study involves a mix of course work, practical training and independent research (depending on degree objective). The doctoral program affords exceptionally close collaboration between students and faculty.

**Research Areas: Experimental, Theoretical and Computational**

Opportunities for research are offered in atomic, molecular and optical/laser physics, astrophysics, elementary particle theory, string theory, quantum field theory, earthquake physics, helioseismology, condensed matter physics, quantum electronics/nonlinear optics, space physics and ultralow temperature physics.

**Degree Requirements**

Graduate degrees in the Department of Physics and Astronomy are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

Graduate study in physics is divided into three degree objectives:

**Master of Science and Master of Arts in Physics***Admission Requirements*

The prerequisite for admission for a master's degree in the Department of Physics and Astronomy is a bachelor's degree in physics or a related field. All applicants for admission must take the Graduate Record Examinations, including the Physics Subject Test. Transcripts of undergraduate records as well as transcripts of any graduate-level courses are required.

whose specializations are appropriate to their intended field of graduate study.

**Undergraduate Research Opportunities**

Students are encouraged to become familiar with the research programs of the faculty in the department. Students who intend to pursue a Ph.D. and a career in research in physics or astronomy following graduation are strongly

encouraged to become involved directly in one of the research programs, whether as summer research assistants or as part-time laboratory assistants during the academic year. Specific research opportunities will depend upon individual faculty research programs.

The TOEFL is required of international students applying for a teaching assistantship and is strongly advised for those applying for admission only. Applicants may be admitted as a degree candidate at the beginning of fall or spring semester.

*Residence*

All M.S. and M.A. degree students normally take at least three courses for each of two semesters. A total of 24 units of credit is required for graduation. Admitted students may transfer a maximum of 4 units of credit to apply toward the degree requirements.

*Foreign Language Requirement*

There is no foreign language requirement for the M.S. or M.A.

*Course Requirements*

*Option A* M.S. in Physics: The M.S. degree requires satisfactory completion of seven courses (exclusive of PHYS 500 and PHYS 594), of which no more than one course may be PHYS 590 Directed Research. In addition, satisfactory completion of a thesis (and 4 units of PHYS 594) is required.

*Option B* M.A. in Physics: The M.A. degree requires satisfactory completion of eight courses (exclusive of PHYS 500 and PHYS 590) plus a high level of performance on the comprehensive examination.

The required courses for either option are PHYS 504, PHYS 508a and PHYS 558a. For either option at least five courses must be at the 500 level or higher and remaining courses at the 400 level or higher; at least five courses must be in physics. All required physics courses must be passed with a grade of B- or better. No upper division courses required for the B.A. in physics at USC may be counted for credit toward the M.A. or M.S. degree.

*Comprehensive Examination*

All master's degree candidates are required to take the departmental screening examination not later than during their second semester (excluding summer). This examination serves as the required comprehensive examination

for the M.A. degree. A high level of performance is required for the M.A. degree, and a superior level is required for admission to (or continuation in) the Ph.D. program.

**Master of Science in Physics for Business Applications***Admission Requirements*

The prerequisite for admission to the Master of Science in Physics for Business Applications is a bachelor's degree in physics, chemistry, mathematics, engineering or related field. Applicants should have previous upper division course work in electricity and magnetism and quantum mechanics/modern physics. All applicants for admission must take the Graduate Record Examinations general test and are encouraged to take the Physics Subject Test. Transcripts of undergraduate records as well as transcripts of any graduate-level courses are required. The TOEFL is required of international students applying for a teaching assistantship and is strongly advised for those applying for admission only. Applicants may be admitted to the program at the beginning of fall or spring semester.

*Residence*

All full-time M.S. degree students are expected to take three courses toward the degree for each of the first three semesters. Part-time students are expected to complete at least three courses per calendar year. A total of 36 units of credit is required for graduation. Admitted students may transfer a maximum of 8 units of credit to apply toward degree requirements.

*Foreign Language Requirement*

There is no foreign language requirement for the M.S. degree.

*Computer Language Requirement*

By the end of the first semester in residence, students are required to demonstrate a skill level in programming in C or C++. This skill may be demonstrated by a practical exam or by passing a relevant computer language course.

*Course Requirements*

The M.S. in Physics for Business Applications degree requires completion of 36 units of course work plus satisfactory submission of a final technical report. The physics requirement is 17 units of courses, including PHYS 516, PHYS 518, PHYS 520, PHYS 558a, PHYS 650 and PHYS 692. The business requirement is 12 units of courses. Business courses may be selected from one of three tracks: Corporate Finance (GSBA 510, GSBA 548 and one of GSBA 518 or GSBA 543 are required with electives chosen from FBE 529, FBE 531, FBE 532 and FBE 562); Information Systems (GSBA 518 or GSBA 543 required with electives chosen from IOM 533, IOM 535, and IOM 540); or Operations Management (GSBA 518 or GSBA 543 required with electives chosen from IOM 525, IOM 537, IOM 581, IOM 582 and IOM 583). Alternative business tracks can be taken with departmental approval. An additional 6 units of technical electives are required, to be chosen from PHYS 408b, PHYS 440, PHYS 504, PHYS 510, PHYS 558b, MATH 407, MATH 408 or CSCI 480. Alternative technical electives can be taken with departmental approval. All required courses must be passed with a grade of B- or better.

*Final Technical Report*

All students in physics are required to submit a final technical report within one semester of completion of the internship PHYS 692. This report will be reviewed by the department to establish both its technical merit and the quality of written communication skills of the master's student. A grade will be registered for PHYS 692 upon satisfactory review of the final report.

**Doctor of Philosophy in Physics***Admission Requirements*

The prerequisite for admission to the doctoral program in the Department of Physics and Astronomy is a bachelor's (or master's) degree in physics or related field. All applicants for admission must take the Graduate Record Examinations, including the Physics Subject Test. Transcripts of undergraduate records as well as transcripts of any graduate-level courses are required. The TOEFL is required of international students applying for a teaching assistantship and is strongly advised for those applying for admission only. Applicants may be admitted to the program at the beginning of the fall or spring semester.

Application deadline: January 1

*Residence*

Ph.D. students in physics normally enroll in three courses for each of the first four semesters in graduate school. A total of 60 units of credit is required for graduation. Students admitted to the Ph.D. program may transfer a maximum of 30 units of credit to apply toward degree requirements. For students admitted with Advanced Standing (entry with an appropriate completed graduate degree from an accredited institution), a minimum of 36 units of course work beyond that graduate degree, exclusive of PHYS 794, will be required.

*Foreign Language Requirement*

There is no foreign language requirement for the Ph.D.

*Course Requirements*

The student is expected to have prepared for understanding all branches of physics. A minimum of 11 graduate courses in physics, excluding graduate colloquium, dissertation and directed research courses, taken at this university and elsewhere, is required. The required courses for the Ph.D. are PHYS 504, 508ab, PHYS 510, PHYS 518 and PHYS 558ab plus four elective graduate courses in physics. In addition, four units of PHYS 500 and PHYS 794 are required. All required physics courses (except 500 and 794) must be passed with a grade of B- or better. After passing the qualifying examination the student must register for PHYS 794 Doctoral Dissertation each fall and spring semester.

*Screening Procedure*

Any student proceeding toward the Ph.D. in physics must pass the departmental screening examination at a superior level. The exam must be taken not later than during the second semester (excluding summers, but including time in the M.A./M.S. program) in the department. New advanced students who have passed an equivalent comprehensive examination at a well-recognized research university with superior grades may apply to the departmental examination committee for an oral interview in order to be exempted from the written screening examination. A faculty member who supervises the research of such a student in the department must support this application.

*Guidance Committee*

The graduate adviser serves as adviser to incoming students and assists in the appointment of the guidance committee, which is formed after the screening examination has been passed. After the student passes the qualifying examination and a dissertation topic is approved, the five-member guidance committee becomes known as the dissertation committee and is responsible for monitoring the candidate's progress and for approving the final content and form of the dissertation.

*Qualifying Examination*

The qualifying examination must be attempted not later than during the fifth semester (or in the case of advanced students, the third semester) in the department (excluding summer). The Ph.D. qualifying examination contains a written part and an oral part. The written part consists of a critical review by the student of a published work selected by the guidance committee and of a research proposal prepared by the student on the area in which the student intends to do a doctoral dissertation. The oral part expands on the written part.

*Dissertation*

A doctoral dissertation in physics is expected to be an extensive description of original research carried out by the student. A complete discussion of reported research in relation to previous work by others is essential.

*Defense of the Dissertation*

The dissertation must be defended in a final oral examination. The candidate must be prepared to answer general questions in the field as well as specific questions regarding the dissertation.

## Courses of Instruction

### ASTRONOMY (ASTR)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### ASTR 100Lxg The Universe (4, FaSp)

Survey of the universe: planets, satellites, comets, stars, nebulae, galaxies. Practical component includes planetary observations and dark-sky field trip. Not available for major credit.

#### ASTR 104L Special Laboratory (1, FaSp)

Laboratory component for ASTR 100Lxg for transfer students with equivalent lecture credit from another institution. For transfer students only. Graded CR/NC.

#### ASTR 200Lxg Earth and Space (4)

Study of earth as a physical object and an object in space. Topics include seismic events, earth interior, other planets, formation of the sun and earth. Not available for major credit.

**ASTR 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

#### ASTR 400 The Solar System (4, 2 years, Fa)

Earth's motions; planets and their satellites; comets; meteorites; interplanetary matter; elementary celestial mechanics. *Prerequisite:* MATH 226.

#### ASTR 410 Stellar Astronomy (4, 2 years, Sp)

The nature and dynamics of the sun, stars, star clusters, interstellar medium, and the structure of our galaxy. *Prerequisite:* MATH 126.

#### ASTR 420 Galaxies and Cosmology (4, 2 years, Fa)

Galaxies and clusters of galaxies: their content, structure, dynamics, distribution, and motions; observational cosmology. *Prerequisite:* PHYS 153L or PHYS 163L.

#### ASTR 440 Astrophysics (4, 2 years, Sp)

Introduction to the theory of stellar structure, stellar atmospheres, the evolution of the sun and stars. *Prerequisite:* PHYS 153L or PHYS 163L.

#### ASTR 490x Directed Research (2-8, max 8)

Individual research and readings. Not available for graduate credit. *Prerequisite:* one upper division course in astronomy and departmental approval.

### PHYSICS (PHYS)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### PHYS 051x Problem Solving in Mechanics and Thermodynamics (1)

Intensive practice in solving elementary problems within a student-centered learning environment. Not available for degree credit. Graded CR/NC. *Concurrent enrollment:* PHYS 151L.

#### PHYS 100Lxg The Physical World (4, FaSp)

The fundamentals of physics presented with emphasis on the structure and beauty of physical laws. Practical component will relate these laws to commonly encountered events. Not available for major credit.

#### PHYS 125Lg Physics for Architects (4, Sp)

Fundamental laws and principles of physics with emphasis on the application of physical principles to the problems of architecture. Lecture, 4 hours; laboratory, 3 hours. (Duplicates credit in PHYS 135abL.) *Prerequisite:* MATH 108.

#### PHYS 135abL Physics for the Life Sciences (4-4, FaSpSm)

Fundamental laws and principles of physics emphasizing areas related to life sciences; prerequisite for biological sciences, medicine, dentistry, and pharmacy. Lecture, 4 hours; laboratory, 3 hours. (Duplicates credit in PHYS 125L.) *Prerequisite:* Passing of Math Placement Exam or MATH 108 or MATH 125 or MATH 126 or MATH 226.

#### PHYS 151Lg Fundamentals of Physics I: Mechanics and Thermodynamics (4, FaSpSm)

Gateway to the majors and minors in Physics and Astronomy. Statics and dynamics of particles and rigid bodies, conservation principles, gravitation, simple harmonic oscillators, thermodynamics, heat engines, entropy. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* MATH 125 or MATH 126 or MATH 226.

#### PHYS 152L Fundamentals of Physics II: Electricity and Magnetism (4, FaSpSm)

Electrostatics, magnetostatics, electrical circuits, wave motion, sound waves, electromagnetic waves. Lecture, 4 hours; laboratory, 3 hours. *Prerequisite:* PHYS 151L, MATH 126; *corequisite:* MATH 226.

#### PHYS 153L Fundamentals of Physics III: Optics and Modern Physics (4, FaSpSm)

Geometrical optics, interference, diffraction, special relativity, quantum mechanics, atomic physics, solid state physics. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* PHYS 152L.

#### PHYS 161L Advanced Principles of Physics I (4, Sp)

Gateway to the majors and minors in Physics and Astronomy. Introductory treatment intended for well-qualified students. Dynamics of particles and rigid bodies, conservation laws, wave motion, thermodynamics, heat engines, entropy. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* MATH 125; *corequisite:* MATH 126.

#### PHYS 162L Advanced Principles of Physics II (4, Fa)

Electrostatics, magnetostatics, electrical circuits, electrical and magnetic properties of matter, Maxwell's equations, electromagnetic waves, propagation of light. Lecture, 4 hours; laboratory, 3 hours. *Corequisite:* MATH 226; *recommended preparation:* PHYS 161L.

#### PHYS 163L Advanced Principles of Physics III (4, Sp)

Interference and diffraction of waves, special relativity, quantum mechanics, atomic physics, nuclear physics, condensed matter physics, elementary particles. Lecture, 3 hours; laboratory, 3 hours. *Prerequisite:* PHYS 162L.

#### PHYS 190 Freshman Colloquium (1, Fa)

Introduction to current research activities of the faculty of the Department, and topics of current and popular interest among the wider community of physicists. Graded CR/NC.

#### PHYS 200Lxg The Physics and Technology of Energy: Keeping the Motor Running (4, FaSp)

Investigation of energy technologies, including development and implementation issues. Topics include the industrial revolution, electromagnetic induction, power transmission, combustion engines, fission and fusion. Not available for major credit.

#### PHYS 304 Mechanics (4, Fa)

Dynamics of particles, kinematics of rotations, rigid body motion, Lagrangian and Hamiltonian formalism, theory of small vibrations. *Prerequisite:* PHYS 151L or PHYS 161L, MATH 245.

#### PHYS 316 Introduction to Thermodynamics and Statistical Physics (4, 2 years, Sp)

First, second, and third thermodynamic laws; thermodynamic potentials, applications; distribution laws, kinetic theory, transport phenomena, specific heats. *Prerequisite:* PHYS 152L or PHYS 161L, MATH 226.

#### PHYS 390 Special Problems (1-4)

Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PHYS 408ab Electricity and Magnetism**

**(a: 4, Fa; b: 4, Sp)** *a*: Electrostatics; thermal, chemical, magnetic effects of steady currents; DC circuits. *b*: Electromagnetic induction; AC circuits; Maxwell's equations. *Prerequisite*: PHYS 152L or PHYS 162L; *corequisite*: MATH 245 (for PHYS 408a), MATH 445 (for PHYS 408b).

**PHYS 438ab Introduction to Quantum Mechanics and its Applications (a: 4, Sp; b: 4, Fa)**

*a*: Concepts and techniques of quantum mechanics; free and bound states, the hydrogen atom. *b*: Relativity, atomic spectra, quantum statistics, nuclear models, nuclear reactions, elementary particles. *Prerequisite*: PHYS 304; *corequisite*: MATH 445.

**PHYS 440 Introduction to Condensed Matter Physics (4, Irregular, Sp)**

Crystal structures, x-ray diffraction, thermal properties of solids, diamagnetism and paramagnetism, free-electron model of metals, semiconductors, ferromagnetism, superconductivity, imperfections in crystals. *Corequisite*: PHYS 438a.

**PHYS 472 Introduction to Lasers and Laser Systems (3, Fa)**

(Enroll in EE 472)

**PHYS 473L Lasers and Optics Laboratory (3, Sp)**

(Enroll in EE 473L)

**PHYS 490x Directed Research (2-8, max 8)**

Individual research and readings. Not available for graduate credit.

**PHYS 492L Senior Lab (4, Fa)** Projects will include experiments in mechanics, thermodynamics, electricity and magnetism. Emphasis on laboratory work with discussion of theoretical background. Lecture, 2 hours; laboratory, 6 hours. *Prerequisite*: PHYS 152L.

**PHYS 493L Advanced Experimental Techniques (4, Sp)** Development of modern experimental techniques, including computer interface with data acquisition hardware and data analysis by software, applied specifically to experiments in modern physics. Emphasis on laboratory work with discussion of theoretical background. Lecture, 2 hours; laboratory, 6 hours. *Prerequisite*: PHYS 152L.

**PHYS 495 Senior Project (2)** An original project will be constructed applying computer technology (in either hardware or software) to produce a result useful in the physics classroom or laboratory.

**PHYS 499 Special Topics (2-4, max 4)**

Lectures and discussions on specialized topics in physics.

**PHYS 500 Graduate Colloquium (1, Max 4, FaSp)**

Topics of current research interest in physics and astronomy. Lectures directed to physics graduate students by faculty of the department and by outside speakers. Graded CR/NC.

**PHYS 502 Advanced Optics (3, Irregular)**

Interaction of light and matter; laser oscillation condition; optical resonators; spectroscopy; pumping mechanisms; characteristics of dielectric, semiconductor, gas, and liquid lasers; topics in nonlinear optics.

**PHYS 504 Advanced Mechanics (3, Fa)**

Newtonian formulation of dynamics; Hamilton's principle; Lagrangian formulation; rigid body motion; Hamiltonian formulation; Hamilton-Jacobi theory; vibrations.

**PHYS 508ab Advanced Electricity and Magnetism (a: 3, Sp; b: 3, Fa)**

*a*: Electrostatics, boundary value problems, multipole expansions, microscopic models of matter, magnetostatics. *b*: Maxwell's equations, potentials and gauge transformations; electromagnetic waves; wave guides; electromagnetic radiation; special relativity.

**PHYS 510 Methods of Theoretical Physics (3, Fa)**

Vector analysis; infinite, asymptotic Fourier series; complete sets; Dirac delta function; Fourier, Laplace transforms; Legendre functions; spherical harmonics; Sturm-Liouville theory; orthogonal polynomials; gamma-factorial function; complex variables.

**PHYS 514 Methods of Experimental Physics (3, Irregular)**

Techniques of general utility in contemporary physics research, with emphasis on the use of commercially available instrumentation.

**PHYS 516 Methods of Computational Physics (3, Sp)**

Introduction to algorithm development. Integration of ordinary differential equations; chaotic systems; molecular dynamics; Monte Carlo integration and simulations; cellular automata and other complex systems. *Recommended preparation*: ability to program in C or C++.

**PHYS 518 Thermodynamics and Statistical Mechanics (3, Fa)**

Principles of, and relations between, thermodynamics and statistical mechanics; ensembles, partition function formalism; quantum statistics of non-interacting particles; fluctuations.

**PHYS 520 Methods for Complex Systems (3, Fa)**

Probabilities, random walks, generalized central limit theorems, probabilities in thermodynamics, critical phenomena, self organized criticality, phenomenology of catastrophes, dynamical systems and examples from outside physics.

**PHYS 530 Relativity (3, Irregular)**

Fundamentals of the special theory and applications to classical and quantum physics; the principle of equivalence; tensor analysis and Einstein's theory of gravitation; relativistic cosmology. *Recommended preparation*: PHYS 504a, PHYS 508a.

**PHYS 540 Solid State Physics (3, Fa)**

Fundamental concepts and techniques in solid state physics; electron gas at metallic densities; semiclassical transport; crystallography; band structure; phonons; screening; superconductivity; magnetic ordering. *Recommended preparation*: PHYS 518a, PHYS 558a.

**PHYS 558ab Quantum Mechanics (a: 3, Sp; b: 3, Fa)**

*a*: General formulation of quantum mechanics with applications; theory of measurement; exactly solvable problems; angular momentum formalism. *b*: Approximation schemes and applications to atomic and molecular physics and scattering theory; identical particles; electromagnetic properties of atoms.

**PHYS 566 Neural Network Self-Organization (3, Sp)**

(Enroll in CSCI 566)

**PHYS 590 Directed Research (1-12)**

Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHYS 593 Practicum in Teaching the Liberal Arts (2, FaSp)**

(Enroll in MDA 593)

**PHYS 594abz Master's Thesis (2-2-0)**

Credit on acceptance of thesis. Graded IP/CR/NC.

**PHYS 640 Advanced Condensed Matter Physics (3, Sp)**

Magnetism, magnons; superconductivity; transport phenomena; many-body effects; interacting electron gas; Hartree-Fock theory; neutron and X-ray scattering; and other selected topics. *Recommended preparation*: PHYS 540, PHYS 558b.

**PHYS 650 Topics in Current Research (2, Fa)**

Course content will vary each year. It will include topics of current interest in research conducted in academia and industry.

**PHYS 668 Advanced Quantum Mechanics (3, Sp)**

Relativistic wave equations; second quantization of Klein-Gordon, Dirac and Maxwell fields; applications in quantum electrodynamics and condensed matter physics. *Recommended preparation*: PHYS 558b.

**PHYS 669ab Group Theory and Symmetries in Physics (3-3, Irregular)** *a:* Abstract group theory; representation theory; point groups; selection rules; crystal tensors; molecular vibrations; rotation group; SU(2); Wigner-Eckart theorem; crystal-field splitting; time-reversal symmetry; gauge invariance; SU(3) and quarks. *b:* Application of group theory in field theory and particle physics: Lie groups and representations, Young tableaux, Dynkin diagrams, Poincare group, classical groups and supergroups, gauge theories. *Recommended preparation:* PHYS 558b.

**PHYS 670 High Energy Physics (3, Irregular)** Elementary particles and the fundamental forces acting on them. Quarks, leptons, symmetries, gauge invariance, spontaneously broken symmetry, electroweak theory, quantum chromodynamics grand unified theory, strings. *Recommended preparation:* PHYS 668.

**PHYS 678 Relativistic Quantum Field Theory (3, Irregular)** Computational methods in relativistic quantum field theory: Feynman path integral, covariant perturbation theory, regularization, renormalization group, and non-perturbative techniques. *Recommended preparation:* PHYS 668.

**PHYS 680 Advanced Quantum Field Theory (3, Irregular)** Renormalization, quantization of gauge theories, non-Abelian gauge theories, quantum chromodynamics, spontaneous symmetry breaking, the standard model, anomalies. *Recommended preparation:* PHYS 678.

**PHYS 692 Internship (3 or 6, max 6, FaSpSm)** Field application of physics in a business or industry setting; part-time employment. Project to be jointly defined by student, employer and professor. Open to M.S. Physics for Business Applications degree candidates only.

**PHYS 710 Selected Topics in Experimental Physics (3, max 6)** Course content will vary yearly with current interest. Topics covered may include superconducting quantum interference devices, scanning tunneling microscopy, and laser cooling and trapping of single atoms.

**PHYS 720 Selected Topics in Theoretical Physics (3, max 6)** Course content will vary yearly with current interest. Topics covered may include field theory, many body theory, Green's functions, dispersion theory, and group theory.

**PHYS 730 Selected Topics in Particle Physics (3, max 6)** Various advanced phases of particle physics. Content will vary yearly; emphasis on superstring theories, advanced topics in quantum gravity, and field theory. *Recommended preparation:* PHYS 678.

**PHYS 740 Selected Topics in Condensed Matter Physics (3, max 6)** Course content will vary yearly with current interest. Topics covered may include theory of superconductivity, high temperature superconductivity, Green's functions in condensed matter physics, magnetism and transport in disordered metals.

**PHYS 750o Off Campus Studies (3, max 9)** Course work taken on campus at Caltech as part of the Caltech-USC cross-registration program. Graded CR/NC.

**PHYS 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PHYS 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Political Science

*Interim Chair:* Dennis Chong, Ph.D.

### Faculty

*Rader Family Trustee Chair in Law and Provost Professor of Law and Political Science:* Lee Epstein, Ph.D.

*Provost Professor of Business, Law, and Political Economy:* Mathew D. McCubbins, Ph.D. (*Public Policy*)

*Professors:* Dennis Chong, Ph.D.; Terry Cooper, Ph.D. (*Public Policy*); Ann Crigler, Ph.D.\*; Richard H. Dekmejian, Ph.D.; Mary Dudziak, Ph.D. (*Law*); Susan Estrich, J.D. (*Law*); Philip Ethington, Ph.D. (*History*); James Ferris, Ph.D. (*Public Policy*); Elizabeth Garrett, J.D. (*Law*); Howard Gillman, Ph.D.; Elizabeth Graddy, Ph.D. (*Public Policy*); Thomas Hollihan, Ph.D. (*Communication*);

Jane Junn, Ph.D.; Sharon Lloyd, Ph.D. (*Philosophy*); Nancy Lutkehaus, Ph.D. (*Anthropology*); John Matsusaka, Ph.D. (*Finance and Business Economics*); Dan Mazmanian, Ph.D. (*Public Policy*); Edward McCaffery, J.D. (*Law*); Glenn Melnick, Ph.D. (*Public Policy*); Michael B. Preston, Ph.D.\*; Robert Rasmussen, J.D. (*Law*); Alison D. Renteln, Ph.D.\*; Stanley Rosen, Ph.D.\*; Eliz Sanasarian, Ph.D.\*; Edwin Smith, J.D. (*Law*); Shui Yan Tang, Ph.D. (*Public Policy*); Ernest J. Wilson III, Ph.D. (*Communication*); Priscilla Wohlstetter, Ph.D. (*Education*)

*Associate Professors:* John E. Barnes, Ph.D.\*; Ange-Marie Hancock, Ph.D.; Juliet Musso, Ph.D. (*Public Policy*); Leland Saito, Ph.D. (*Sociology*); Jefferey M. Sellers, Ph.D.; Janelle Wong, Ph.D.

*Assistant Professors:* Christian Grose, Ph.D.; Diane O'Brien, Ph.D.; Nicholas Weller, Ph.D.

*Professors of the Practice:* Mark Bernstein, Ph.D.; Bill Lockyer, J.D.

*Assistant Professors (Teaching):* Arthur Auerbach, Ph.D.; Anthony Kammass, Ph.D.; Andrew Manning, Ph.D.

*Assistant Professor of the Practice:* Daniel Schnur, B.A.

*Adjunct Assistant Professors:* William Fahey, J.D.; Keran Maddox, M.P.A.; George Newhouse Jr., J.D.; Olu K. Orange, J.D.; William Simon Jr., J.D.; Darryl Sragow, J.D.

*Emeritus Professors:* Carl Q. Christol, Ph.D., LL.B., LL.D. (Hon.)\*; John R. Schmidhauser, Ph.D.

*Emeritus Associate Professor:* Joseph L. Nyomarkay, Ph.D.\*

\*Recipient of university-wide or college teaching award.

The Department of Political Science divides political science into four broad fields: American politics, political thought, comparative politics, and law and public policy. The department offers regional specialization in six areas: Latin America, East Asia, Western Europe, Russia and Eastern Europe, the Middle East, and Africa. The Jesse M. Unruh Institute of Politics provides local internships

for students as part of their course work or as independent study (see page 447).

#### Degree Programs

The Department of Political Science offers: the B.A.; minors in political science; law and society; race, ethnicity and politics; human rights; and political organizing in the digital

age. The department also offers M.A. and Ph.D. degrees under the jurisdiction of the Graduate School, as well as a dual Ph.D. in Political Science and International Relations/Juris Doctor with the USC Gould School of Law.

## Undergraduate Degrees

### Advisement

The department has faculty and staff advisers who provide academic advisement, career counseling and advisement to pre-law students and those wishing to go on to graduate studies. All majors are encouraged to see their adviser.

### Major Requirements for the Bachelor of Arts in Political Science

Department majors are required to take nine courses (36 units) in political science. At least two of the nine courses must be selected from the four 100-level core courses: POSC 100 Theory and Practice of American Democracy, POSC 110 Ideology and Political Conflict, POSC 120 Comparative Politics, POSC 130 Law, Politics and Public Policy.

In addition, at least six of the nine courses must be at the 300-level or above, including at least one course in each of the following four fields: American politics, political thought, comparative politics, and law and public policy. No more than one course (or four units) of POSC 395 or POSC 490x may be counted toward the 36 unit departmental requirements.

Students who have a double major in political science and in another department in the social sciences, may, with prior permission of the department undergraduate adviser, substitute one upper division course from the second major for one upper division political science course. In the development of an undergraduate program, students should consult periodically with the political science undergraduate adviser and/or with departmental faculty.

### Area Specialization

While majoring in political science and fulfilling the department requirements, a student may elect to emphasize a particular regional area in the fields of comparative government, diplomacy and international politics. Regional specializations are offered in six areas: East Asia, Western Europe, Latin America, Middle East, Africa, Russia and Eastern Europe. With the approval of the faculty, a student may

organize an academic program in such a way as to fulfill the general education language requirements with the language or languages of the regional area specialization. In addition, it is assumed the student will fulfill other social sciences and humanities requirements and electives with courses focusing on the history and culture of the particular area of specialization. Such a pattern of courses at the undergraduate level will strengthen a student's qualifications for graduate-level area programs, as well as for various forms of foreign service.

### Bachelor of Arts, Philosophy, Politics and Law

This interdisciplinary program consists of nine courses chosen from PHIL, POSC, LAW and ANTH. See Philosophy, page 422.

### Political Science Minor

Students who minor in political science must take five courses, 20 units, in political science. Students can either pursue course work in a traditional subfield (American politics, comparative politics, law and public policy, or political theory) or in a specific issue area of concentration (civil liberties and human rights, race, ethnicity, and gender, urban political problems, Asian politics, etc.).

Those who focus their studies on a traditional subfield must take the lower-level introductory course in that subfield: POSC 100 Theory and Practice of American Democracy (American politics); POSC 110 Ideology and Political Conflict (political theory); POSC 120 Comparative Politics (comparative politics) or POSC 130 Law, Politics and Public Policy (law and public policy).

Students pursuing the minor must also take four upper-division courses, three of which must be in the chosen subfield. Students choose from a predetermined list of courses divided by subfield in consultation with and approval of the department's undergraduate student adviser.

Those who pursue a specific issue area of concentration are required to take the department's designated gateway course, POSC 120 Comparative Politics, and at least three upper-division courses in the issue area of concentration. A fourth upper division course must be taken in the issue area of concentration or a complementary area. The upper division courses are chosen in consultation with and approval of the department's undergraduate student adviser.

### Human Rights Minor

The protection of human rights has become a matter of international concern. Despite widespread media coverage of violations, flagrant abuses occur daily throughout the world. The human rights minor provides students with in-depth knowledge about various human rights issues.

Drawing together classes from a range of departments in and outside the USC Dornsife College of Letters, Arts and Sciences, this interdisciplinary minor will cover the theoretical foundations of human rights, historical and current developments, case studies and policies. Students will be required to take their learning outside the classroom through an internship or by teaching human rights in the community and will be encouraged to join relevant student organizations.

Total unit requirements for the minor are 18\*. Students take one core course in human rights, POSC 448a The Politics of Peace. In addition, the minor requires two courses dealing with international human rights, one domestic human rights related course and a community involvement experience through the Department of Political Science.

#### Required Courses (16 units)

POSC 448a

Two international human rights courses selected from:  
ANTH 330, HIST 456, HIST 365, IR 310, IR 315, IR 316, IR 318, IR 325, POSC 366, POSC 440, POSC 456, PPD 382, REL 335

One domestic human rights course selected from:

AMST 348, COMM 412, FREN 370, GERO 435, JOUR 466, POSC 333, POSC 380, POSC 441, POSC 444, PPD 342, PPD 439, SOCI 356, SOCI 360

#### *Community Involvement (2 units)*

Students are required to take their learning outside the classroom through an internship with a focus in human rights, teaching human rights in the community or an independent project. Students who choose the internship must enroll in POSC 395 and those who choose do an independent project must enroll in POSC 490x. Approval is needed to enroll in POSC 395 and POSC 490x.

\*POSC majors must take four courses (16 units) outside of the Political Science Department for a total of 22 units.

#### **Law and Society Minor**

This interdisciplinary program focuses on the effect of law on society as well as the ways in which social forces influence the legal system. The idea is that students will understand the law if they look beyond "law on the books" to "law in action." Thus, it is important to study key legal institutions such as the legal profession, the judiciary, juries, the police, legislatures, and administrative agencies. In addition, the minor introduces students to legal policies like plea bargaining and the death penalty, and the constitutional principles that underlie political debates about them, e.g., equal protection, due process and privacy.

The requirements for the minor include seven courses (28 units). All students are required to take POSC 130 Law, Politics, and Public Policy. Three component political science upper division courses are required, one from each category:

1. Core – POSC 130
2. Constitutional Law – POSC 340, POSC 426 or POSC 444
3. International Law – POSC 345 or POSC 448a
4. Policy Analysis – POSC 333, POSC 347, POSC 395, POSC 432, POSC 435, POSC 436, POSC 440, POSC 441, POSC 442, POSC 443, POSC 448b or POSC 452
5. Humanistic/Historical – PHIL 340, PHIL 430
6. Sociology – SOCI 351 or SOCI 353
7. Other – ANTH 345, COMM 421, ECON 434, LAW 200x or PSYC 355

At least four classes must be unique to the minor. Political science majors must take upper-division courses only from categories 5, 6 and 7. Non-political science majors must take at least one upper-division course from 5, 6 or 7.

#### **Race, Ethnicity and Politics Minor**

The interdisciplinary minor in race, ethnicity and politics helps students analyze and critically evaluate contemporary race relations and how race matters in politics today.

#### *Requirements: Five courses (20 units)\**

All students are required to take POSC 421 Ethnic Politics. In addition, students must also take one course from each category: Race and Gender in a Global Context, Comparative Racial Politics, Social/Historical (Racial Perspective) and Racial Formation. The following is a list of courses that fulfill each category.

CORE REQUIREMENT		UNITS
POSC 421	Ethnic Politics	4

POLITICAL SCIENCE UPPER DIVISION COURSES		UNITS
Choose one course from each of the groups below:		

Choose one course from each of the groups below:

#### *Race and Gender in a Global Context*

POSC 350	Politics of Latin America	4
POSC 351	Middle East Politics	4
POSC 352	Politics of Southeast Asia	4
POSC 354	Japanese Politics	4
POSC 356	Politics in the People's Republic of China	4
POSC 358	Politics of Sub-Sahara Africa	4
POSC 430	Political Economy of Mexico	4
POSC 431	Political Economy of Central America	4
POSC 452	Critical Issues in Law and Public Policy	4
POSC 456	Women in International Development	4
POSC 464	Politics of Russia and Eastern Europe	4

#### *Comparative Racial Politics*

POSC 320	Urban Politics	4
POSC 328	Asian American Politics	4
POSC 424	Political Participation and American Diversity	4
POSC 427	Black Politics in the American Political System	4
POSC 428	Latino Politics	4
POSC 441	Cultural Diversity and the Law	4
POSC 442	The Politics of Human Differences: Diversity and Discrimination	4
POSC 444	Civil and Political Rights and Liberties	4

ELECTIVES	UNITS	
Choose one course from each of the groups below:		
<i>Social/Historical</i>		
HIST 265	Understanding Race and Sex Historically	4
HIST 318	Early American Indian History	4
HIST 341	American Social History	4
HIST 347	Urbanization in the American Experience	4
HIST 357	The New South	4
SOCI 142	Diversity and Racial Conflict	4
SOCI 155	Immigrant America	4
SOCI 342	Race Relations	4
SOCI 432	Racial and Ethnic Relations in a Global Society	4
<i>Racial Formation</i>		
AMST 301	America, the Frontier, and the New West	4
AMST 320	Social Construction of Race and Citizenship	4
AMST 365	Leadership in the Community – Internship	4
AMST 385	African American Culture and Society	4

Choose one course from each of the groups below:

#### *Social/Historical*

HIST 265	Understanding Race and Sex Historically	4
HIST 318	Early American Indian History	4
HIST 341	American Social History	4
HIST 347	Urbanization in the American Experience	4
HIST 357	The New South	4
SOCI 142	Diversity and Racial Conflict	4
SOCI 155	Immigrant America	4
SOCI 342	Race Relations	4
SOCI 432	Racial and Ethnic Relations in a Global Society	4

#### *Racial Formation*

AMST 301	America, the Frontier, and the New West	4
AMST 320	Social Construction of Race and Citizenship	4
AMST 365	Leadership in the Community – Internship	4
AMST 385	African American Culture and Society	4

\*Political science majors are required to take seven courses (28 units).

Political science majors must take four courses (at least three must be upper division) from the Social/Historical and the Racial Formation categories. At least four classes must be unique to the minor and not taken for additional major, minor or general education credit.

#### **Political Organizing in the Digital Age Minor**

The digital environment is changing the face of political organization, both in domestic American electoral politics and in the methods used by transnational social movements to call attention to problems around the globe. Howard Dean's use of the Internet to fund his 2004 presidential campaign has made other candidates aware of the political power of the Web in fundraising and grass-roots orchestration of local (and "global") events.

This minor should be of interest to students majoring in international relations, political science or other programs who plan to use technology to affect contemporary national and international affairs. As with all minors, students must choose four courses dedicated exclusively to this minor and four courses outside their major departments. These may, but need not be, the same four courses.

This minor is intended to help students engage in domestic and international political organizing by creating Websites, podcasting and using other new technologies. It should help students secure internships and jobs with political and international organizations, and generally improve their abilities to change the world.

**COURSE REQUIREMENTS** **UNITS**

Choose one class from each of the following five lists:

*I. Domestic Political Organizing*

POSC 315	Regulation of Elections and Political Finance	4
POSC 335	Political Parties, Campaigns, and Elections	4
POSC 422	Political Attitudes and Behavior	4
POSC 424	Political Participation and American Diversity	4
POSC 437	Mass Media and Politics	4

*II. Transnational Social Movements*

IR 305	Managing New Global Challenges	4
IR 306	International Organizations	4
IR 324	Multinational Enterprises and World Politics	4
IR 371	Global Civil Society: Non-State Actors in World Politics	4

*III. New Technologies in Organizing*

ITP 304	Technologies for Building Online Political Campaigns	4
---------	--	---

*IV. The Context of Political Organizing*

COMM 321	Communication in the Virtual Group	4
COMM 489	Campaign Communication	4
IR 308	Globalization: Issues and Controversies	4
IR 325	Rich and Poor States in the World Political Economy	4
IR 330	Politics of the World Economy	4
IR 444	Issues and Theories in Global Society	4

POSC 300	Principles, Institutions, and Great Issues of American Democracy	4
POSC 345	International Law	4
POSC 371	The Non-profit Sector and the Public Interest	4
POSC 427	Black Politics in the American Political System	4
POSC 428	Latino Politics	4
POSC 451	Politics of Resources and Development	4
POSC 456	Women in International Development	4
PPD 372	Public Service in an Urban Setting	4

*V. Capstone Class*

The capstone class allows students to engage more deeply in one of the contributing areas of study.

COMM 487	Communication and Global Organizations	4
IR 327	International Negotiation	4
ITP 413x	Interactive Web Development	4
POSC 395	Directed Governmental and Political Leadership Internship	4

Total: Five courses, 20 units

**Interdisciplinary Russian Area Studies Minor**

See Department of Slavic Languages and Literatures, page 466.

**Critical Approaches to Leadership Minor**

See the Department of Interdisciplinary Studies, page 375.

**Political Science Honors Program**

The department offers an honors program for outstanding undergraduate students in the junior and senior years. The two semester program emphasizes a specialized topic (a different area each year) in political science. The organization of the course during the first semester follows the seminar model, emphasizing independent research, discussion, and oral and written reports. In the second semester, the student is required to write a thesis under the direction of a faculty member.

Students are admitted to the program after careful screening on the basis of their academic record and a personal interview. Classes are limited to about 10 students.

The department also offers an honors sequence for freshmen and sophomores, POSC 190ab. The first semester is a small seminar of about 10 students. The second semester is a continuation with a major research paper due as the final.

**Political Science Honor Societies**

There are two honor societies of special interest to political science majors. Pi Sigma Alpha stimulates scholarship and interest in the subject of government by providing tangible recognition to students who have excelled in the field. Political science majors are eligible to join after successful completion of at least three upper division courses in political science. An overall grade point average of 3.5 or higher is required, with a minimum of 3.5 in all political science classes.

The second honor society is Blackstonians. This is a pre-law honor society for undergraduate students designed to recognize academic excellence, assist the student in his or her preparation for law school, and expand the knowledge of the legal profession. Membership is restricted to students who have completed at least 32 units (16 of which must be from USC), but not more than 118 units, and have maintained at least a 3.5 grade point average.

**Mock Trial Team**

The department hosts the USC Mock Trial Team. This trial advocacy training program is designed to develop students' knowledge of substantive areas of civil law, criminal law and evidence. Additionally, public speaking skills are honed and societal mores are explored. Legal concepts, sociocultural theory and presentational skills are then applied through participation in courtroom advocacy competitions nationwide and local public interest advocacy assignments. Academic credit is earned through POSC 398. Membership on the team is required to enroll.

## Graduate Degrees

**Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

All graduate students are required to maintain regular contact with the graduate coordinator to assure compliance with departmental regulations.

**Master of Arts in Political Science and International Relations**

Only students who have a degree objective of obtaining the Ph.D. will be admitted into the Political Science and International Relations

program. However, interested students can obtain a M.A. degree while pursuing the Ph.D. The degree is awarded upon successful completion of (a) 28 units, including three of the five courses in the program's core theory and methodology sequence, a master's thesis and registration in POSC 594ab or IR 594ab; and (b) the approval of the master's thesis by the thesis committee.

### Juris Doctor/Doctor of Philosophy in Political Science and International Relations

Application deadline (for Ph.D.): December 1

The Political Science and International Relations program and the USC Gould School of Law jointly offer a dual degree program leading to the J.D./Ph.D. degree. Applicants must apply to the Political Science and International Relations program and the law school and meet the requirements for admission to both. In addition to the LSAT, students interested in this program are required to take the Graduate Record Examinations (GRE).

In the first year students take their course work in the law school exclusively. To earn the J.D., all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year.

The associate dean may make exceptions to this rule for students enrolled in law honors programs. The second and third years include a total of 40 units of courses in political science and international relations and 40 units of law. Students must complete a five-course core theory and methodology sequence. They must include a classics-oriented, two-semester political, social, comparative and international theory sequence (currently POSC 530 and IR 500), a multivariate statistics course (such as IR 514 or POSC 600) and a philosophies/methodologies in social inquiry course (IR 513 or POSC 500). Finally in their second, third or fourth year, they must take an approved advanced research methods course.

To obtain a Ph.D. in Political Science and International Relations, students must pass the screening process. After the completion of required field course work with a grade of B or better, a substantive paper or USC M.A. thesis relevant to the program, students must take a Ph.D. qualifying examination in two of their three fields of concentration. The third field will be completed by taking at least three courses and passing each with a grade of B or better. The final requirement, following successful completion of the qualifying examination, is a doctoral dissertation.

## Courses of Instruction

### POLITICAL SCIENCE (POSC)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**POSC 100 Theory and Practice of American Democracy (4)** Theoretical, institutional, and functional aspects of American national, state, and local government and politics; contemporary issues. Recommended for freshmen and sophomores.

**POSC 110 Ideology and Political Conflict (4)** Modern political ideologies; their assumptions, perceptions, and prescriptions regarding political stability and social injustice: anarchism, communism, socialism, liberalism, conservatism, and fascism.

**POSC 120 Comparative Politics (4)** Gateway to the major in political science. Comparative analysis of political institutions and processes in selected industrial, developing and socialist countries, in terms of contrasting ideologies, parties, elites, and economies.

**POSC 130g Law, Politics and Public Policy (4)** Interaction between law and politics; overview of the American legal system; value conflicts and public policy questions which arise within it. *Concurrent enrollment*: WRIT 140.

**POSC 165g Modern Times (4)** Explores the current major social and political issues that confront scholars, leaders, and citizens in today's modern world. *Concurrent enrollment*: WRIT 140.

**POSC 190ab Politics and Society (4-4)**  
*a*: Honors seminar for freshmen and sophomores. *b*: Continuation of work begun in first semester. Open only to freshman and sophomore Political Science majors only.

**POSC 201x Law and Politics: Electing a President (4)** (Enroll in LAW 201x)

**POSC 210gm Social Issues in Gender (4)** (Enroll in SWMS 210gm)

**POSC 220g Critical Issues in American Politics (4)** Examination of enduring political issues, as well as the political processes and institutions. *Concurrent enrollment*: WRIT 140.

**POSC 248g International Human Rights (4, FaSpSm)** Overview of human rights controversies across the globe. Introduction to techniques of analysis for social issues, interdisciplinary research methods, and interpretation of complex political problems.

**POSC 250 Critical Issues in Comparative Politics (4)** Critical analysis of major issues in comparative politics such as dependency, crises in political legitimacy, political violence and terrorism, political corruption, genocide, and comparative revolutions.

**POSC 255g Cultures, Civilizations and Ethnicities in World Politics (4)** Theories and case studies of conflict and coexistence between cultures, civilizations and ethnic groups in the context of the countervailing force of Western socio-economic globalization.

**POSC 260 Global Ethnic Politics (4)** A comparative analysis of multi-ethnic societies through case studies of inter-ethnic conflict and coexistence, conflict resolution, prevention of genocide and defense of human rights.

**POSC 265g Environmental Challenges (4, Fa)** Examination of the challenges of environmental problem-solving at the personal, local, national and global scales, focused on the issue of climate change.

**POSC 270 Introduction to Environmental Law and Politics (4, Sp)** Overview of environmental policy, law and politics at the international, domestic and local levels. Social science gateway to the environmental studies major. (Duplicates credit in POSC 347.) *Prerequisite*: ENST 100.

**POSC 300 Principles, Institutions, and Great Issues of American Democracy (4)** Underlying principles of American democracy; major issues of contemporary public policy in national and state institutions.

**POSC 311 Political Analysis (4)** Methodological and theoretical problems of micro-analytic studies in political science. Techniques of data collection and assimilation.

**POSC 315 Regulation of Elections and Political Finance (4)** The role money plays in elections and public decisions: disclosure requirements, limits on campaign contributions and expenditures, regulation of radio/television time, tax incentives, public funding.

**POSC 320 Urban Politics (4)** Evolution of contemporary institutions; differing views of community power; major policies; state and federal relations to local governments; metropolitan community problems.

**POSC 321 Urban Political Problems (4)** Social problems and governmental policy in the urban environment, emphasizing such problem areas as education, environment, race, police and the system of criminal justice, and poverty.

**POSC 322 Social Construction of Race and Citizenship (4, FaSp)** (Enroll in AMST 320)

**POSC 323 Applied Politics: Civic Engagement and Leadership (4, Sp)** Provides students with the knowledge and skills necessary to become active in politics based on understanding the history, theory, and practices of public participation.

**POSC 325 State Politics (4)** American state politics from a comparative perspective. Examines political processes, differing policy outcomes and the impact of social change on system performance.

**POSC 328 Asian American Politics (4, FaSp)** Examines political attitudes, behavior and participation of Asian Americans in diverse U.S. society.

**POSC 333 Stigma and Society: Physical Disability in America (4)** Political activity involving disabled persons; development of public policy regarding disabled citizens. (Duplicates credit in former POSC 233.)

**POSC 334 Interest Groups and Elite Behavior (4)** Introduction to interest group and elite views of the American system, including recent interest group theory and findings and the general critiques of power distribution in American society.

**POSC 335 Political Parties, Campaigns, and Elections (4)** Organization and function of political parties, nominations and elections, strategy and tactics of campaigning, professional candidate management finance, political machines, voting behavior.

**POSC 340 Constitutional Law (4)** Development of constitutional law by the courts; leading cases bearing on major constitutional issues; the federal system; powers of government; civil liberties.

**POSC 345 International Law (4)** Nature, origin, and development of international law; basic principles analyzed and illustrated with cases.

**POSC 347 Environmental Law (4)** Introduces students to central concepts and theories in environmental law and regulation; analyzes present environmental laws and regulations.

**POSC 349 Women and the Law (4, Fa)** (Enroll in SWMS 349)

**POSC 350 Politics of Latin America (4)** Theories of development and nation-building; revolutionary and evolutionary modernization; role of history, culture, socioeconomic conditions in affecting political structures and functions.

**POSC 351 Middle East Politics (4)** Political development in the Middle East, emphasizing historical, cultural, and socioeconomic conditions affecting political structures and functions; modernization and countervailing social, economic, and religious forces.

**POSC 352 Politics of Southeast Asia (4)** Theories of development and nation-building; revolutionary and evolutionary modernization; role of history, culture, socioeconomic conditions in affecting political structures and functions.

**POSC 354 Japanese Politics (4)** Contemporary Japanese politics, political economy, and political processes. How political systems are organized; roles of bureaucrats, politicians, interest groups, and social activists in policy-making. *Recommended preparation:* POSC 120.

**POSC 355 Politics of East Asia (4)** Institutions and processes of advanced societies; political culture, interest articulation and aggregation, the governmental process.

**POSC 356 Politics in the People's Republic of China (4)** The Chinese revolution; social, political, and economic developments in post-1949 China; China after Mao Zedong (Mao Tse-tung).

**POSC 358 Politics of Sub-Saharan Africa (4)** Theories of development and nation-building; revolutionary and evolutionary modernization; role of history, culture, socioeconomic conditions in affecting political structures and functions.

**POSC 360 Politics of Anglo-American Political Systems (4)** Institutions and processes of advanced societies; political culture, interest articulation and aggregation, the governmental process.

**POSC 363 Cities and Regions in World Politics (4)** Cities and the rise of states; globalization and localization; federalism and decentralization; comparative politics of urban regions in developed and developing countries. *Recommended preparation:* comparative or urban politics.

**POSC 365 World Political Leadership (4)** Comparative analysis of theories of power and leadership; application to leaders from western democracies, Third World, and socialist countries. Societal consequences of their policies.

**POSC 366 Terrorism and Genocide (4)** Comparative analysis of the determinants of political violence, terrorism, and genocide and their social and moral consequences; application of theories to contemporary case studies.

**POSC 370 European Political Thought I (4)** Basic concepts of Western political thought from Plato through the contract theorists.

**POSC 371 European Political Thought II (4)** Western political thought since the French Revolution. Rise of Marxist socialism, communism, anarchism, fascism, National Socialism, other doctrines; the democratic tradition; new theories of the state.

**POSC 374 The American Founders: Visions, Values and Legacy (4)** Analysis of the political thought of the American Founders; consideration of alternative visions of patriarchalism, republicanism, and liberal democracy; exploration of Founders' core values and their impact on issues of race, class, and gender.

**POSC 375 American Political Thought (4)** Historical and topical review of American political philosophy from the Puritans to the present. Special emphasis on such recurrent themes as equality, democracy, and racism.

**POSC 377 Asian Political Thought (4)** Major systems of political thought in Chinese, Japanese, and other Asian cultural traditions. Confucianism, Buddhism, Islam, and other classical systems and their present-day adaptations under the impact of communism and democracy.

**POSC 380 Political Theories and Social Reform (2 or 4)** Political theories and philosophies in modern times and their relation to public policy and social reform.

**POSC 381 Sex, Power, and Politics (4)** An evaluation of the ways in which different ideologies, institutions, and policies contribute to differences in political power between men and women.

**POSC 385 Population, Society, and Aging (4)** (Enroll in SOCI 385)

**POSC 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**POSC 391 Honors I: Undergraduate Seminar (4, Fa)** Selected topics in designated area of political science. Discussion of readings and presentation of papers.

**POSC 392 Honors II: Undergraduate Thesis (4, Sp)** Thesis written under supervision, based on research begun in Honors I.

**POSC 395 Directed Governmental and Political Leadership Internship (2-8, max 8)** Intensive experience in governmental and political offices. Minimum time requirement; evaluation by office and intern report required. Permission of the Director of the Institute of Politics and Government required.

**POSC 398L Trial Advocacy: Theory and Practice (1, 2, 4, max 8, FaSp)** Course covering substantive law, evidence, public speaking and use of societal mores in courtroom advocacy. Open only to Mock Trial team members.

**POSC 420 Practicum in the American Political Process (4)** Fieldwork in governmental institutions and processes.

**POSC 421 Ethnic Politics (4)** Analysis of the political behavior and roles of ethnic and racial groups in the American political system; public policy issues and patterns of political action are examined.

**POSC 422 Political Attitudes and Behavior (4)** The citizen's political world; political socialization, opinion formation and dissemination; development of political cultures and subcultures; political mobilization; personality and politics.

**POSC 423 Presidents and the Presidency (4)** Presidential coalition; sources of presidential power; recent leadership styles; decision-making within the presidency.

**POSC 424m Political Participation and American Diversity (4, Fa)** Examines how diverse groups in the U.S. interact with the American political system.

**POSC 425 Legislative Process (4)** Individual behavior and decision-making within legislatures; changing executive-legislative functions; legislative functions; relationships to political systems in comparative perspective.

**POSC 426 The United States Supreme Court (4)** Role of the court in American politics; overview of major decisions; the politics of appointment; the process of decision-making; impact of judicial decisions. *Recommended preparation:* POSC 130.

**POSC 427 Black Politics in the American Political System (4)** The effects of the organization of the American political system and its operations on blacks and other minorities.

**POSC 428 Latino Politics (4, Fa)** Analysis of the historic and contemporary roles of Latinos in the American political system; patterns of political participation and representation are examined.

**POSC 430 Political Economy of Mexico (4)** Examination of contemporary Mexico: the role of the state in the Mexican economy; development of the government party and opposition groups.

**POSC 431 Political Economy of Central America (4)** Focus on economic, social, and political structures and processes in the region and in specific countries, especially Guatemala, El Salvador, and Nicaragua.

**POSC 432 The Politics of Local Criminal Justice (4)** Roles and behavior of major legal and political participants in the criminal justice system including the police, the legal profession, judges, and the public.

**POSC 435 Politics and the Economy (4)** Major techniques, politics, and values involved in the allocation of social and economic resources. Includes such topics as determination of priorities in budgetary processes, economic regulation, control of environmental change, and policies for science.

**POSC 436 Environmental Politics (4)** The political realities of selected environmental issues; resolving and implementing social priorities; interests, attitudes, strategies, and tactics of pressure groups; institutional biases and opportunities.

**POSC 437 Mass Media and Politics (4)** Analysis of political content of mass media. Audience response to alternative sources of political information. Consideration of the institutional and economic as well as political aspects of the mass media.

**POSC 439 Critical Issues in American Politics (4)** Intensive examination of critical issues of particular interest in the field of American politics.

**POSC 440 Comparative Law and the Judicial Process (4)** Analysis of courts in comparative perspective; judicial decision-making and development of public policy through the judicial process; theories of law and jurisprudence. *Recommended preparation:* POSC 340.

**POSC 441m Cultural Diversity and the Law (4)** Jurisprudential approach to the study of cultural differences. Consideration of circumstances under which law should accommodate cultural diversity in the United States and abroad.

**POSC 442m The Politics of Human Differences: Diversity and Discrimination (4)** A comparative perspective on social and cultural forces that affect American laws and policies concerning discrimination on the basis of race or ethnicity, gender, sexual orientation, age, and disability.

**POSC 443 Law in Film (4)** Analysis of the depiction of law in film; use of film to explore topics in jurisprudence and the politics of law and courts. *Recommended preparation:* POSC 130.

**POSC 444 Civil and Political Rights and Liberties (4)** An examination of debates and controversies surrounding the nature and scope of civil rights and civil liberties. *Recommended preparation:* POSC 340 or POSC 440.

**POSC 448ab The Politics of Peace (4-4)** Issues of social justice, large-scale social change, high technology, impacts on human survival, and uses of national and international institutions. *a:* Human rights. *b:* Arms limitation, control, and disarmament.

**POSC 449 Political Psychology (4)** Psychological forces shaping politics and persons, processes and interactions; emphasis on political socialization and cognitive and affective orientations to politics.

**POSC 450 Political Development (4)** Choice of models in nation-building; party and other means of mass mobilization; elite recruitment and differentiation; peculiarities of cultures and subcultures; integration of ethnic and other minorities; political socialization and secularization; legitimization.

**POSC 451 Politics of Resources and Development (4)** Comparison of relationships between rich and poor countries involving political and economic resources and prospects for development; impact on industrialized states; interdependence; new international economic order.

**POSC 452 Critical Issues in Law and Public Policy (4)** Intensive examination of special topics in the field of law and public policy.

**POSC 453 Political Change in Asia (4)**

Modernization and political development in China and Japan; Asia's economic "miracles" (Taiwan, Japan, Korea, etc.); nationalism and communist movements in East and South-east Asia.

**POSC 456 Women in International Development (4)** How various developmental theories analyze the role of women as producers and how Third World women are increasing their role in development.

**POSC 463 European Politics (4)** Institutions, cultures and politics of western Europe, eastern Europe and Russia; internationalization; historical and contemporary political, economic, and social change.

**POSC 464 Politics of Russia and Eastern Europe (4)** Culture, society, and politics in Russia and in Eastern Europe. Contemporary political institutions and processes.

**POSC 469 Critical Issues in Comparative Politics (4)** Intensive examination of critical issues of particular interest in the field of comparative politics.

**POSC 476 Contemporary Political Thought (4)** 20th century political philosophy dealing with major movements in psychological, existential, socialist, and nationalist thought as they bear upon the crisis of political authority in our time.

**POSC 479 Critical Issues in Political Thought (4)** Intensive examination of critical issues of particular interest in the field of political thought.

**POSC 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**POSC 499 Special Topics (2-4, max 8)**

**POSC 500 Methods of Political Science (4)** Empirical political research: social science logic; theory construction; measurement; research design; sampling; data generation; secondary analysis; report and proposal writing; research ethics.

**POSC 510 American Politics and Policy Processes (4)** Survey of literature; examination of approaches, concepts, and issues in the field of American politics and policy processes.

**POSC 512 Linkage Politics (4)** Empirical and theoretical investigations of the points at which subnational, national, and international politics converge, overlap, or are otherwise interdependent.

**POSC 519 Field Research Methods in Comparative Politics and International Studies (4)** (Enroll in IR 519)

**POSC 520 Comparative Politics (4)** Survey of literature; examination of approaches, concepts, and issues in the field of comparative politics.

**POSC 525 Cities, Regions and Global Society (4)** Comparative and historical examination of cities and regions as political settings, as elements of states and international relations, and as sites of transnational economic and social change.

**POSC 530 Political Theory (4)** Survey of literature; examination of approaches, concepts, and issues in the field of political theory.

**POSC 535 Seminar in North African and Middle Eastern Politics (4)** Comparative and area study approaches, nation-building; political cultures; mobilization of human and natural resources; political recruitment, integration, socialization, and conflict.

**POSC 539 Political Economy and Public Policy (4)** (Enroll in PEPP 539)

**POSC 540 Law and Public Policy (4)** National and comparative approaches to law and politics in organized societies; law as a policy science; administration of justice; political forces influencing legal change.

**POSC 545 Critical Issues in Politics and Policy (4, Fa)** Selected topics in politics and policy; focus on current issues shaping the U.S. and the world.

**POSC 546 Seminar in Environmental Policy (4)** Issues and theories involved in the formulation, implementation, and effectiveness of different environmental policies.

**POSC 554 Women in Global Perspective (4)** (Enroll in SWMS 554)

**POSC 556 Seminar in Disability and Rehabilitation Policy (4)** Examination of physical disability as a policy issue from a cross-national and multidisciplinary perspective; attitudes toward disability; income maintenance, health care, and related programs.

**POSC 560 Feminist Theory (4)** (Enroll in SWMS 560)

**POSC 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**POSC 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**POSC 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**POSC 599 Special Topics (2, 4, 8, max 8, FaSpSm)** Subjects in one or more fields in Political Science.

**POSC 600 Seminar in Advanced Research Methods (4)** Multivariate analysis of data, computer applications, and research report preparation; multiple regression; analysis of variance; factor analysis and related techniques; time series analysis. *Prerequisite:* POSC 500.

**POSC 610 Seminar in Political Parties (4)** Parties and the political system; formal and informal organization and roles; comparative party systems.

**POSC 611 Seminar in the Executive and Legislative Processes (4)** Selected research topics; comparative analyses.

**POSC 612 Seminar in Urban Politics (4)** Problems of government and politics in urban, county, and metropolitan areas. Comparative community politics.

**POSC 618 Seminar in Problems of American Politics (4)** Theoretical and methodological problems in American politics with emphasis on emerging research paradigms.

**POSC 619 Seminar in Supreme Court Politics (4)** Role of the Supreme Court in the American political system. Influences on judicial decision making; appointment and decision making processes; scope of judicial power. *Recommended preparation:* POSC 540.

**POSC 621 Seminar in Public Law (4)** Problems and research in American constitutional and administrative law and in modern jurisprudence.

**POSC 622 Seminar in Political Attitudes and Behavior (4)** Determinants, nature, and consequences of political attitudes and behavior exploring psychological-sociological models, political socialization and learning, and factors affecting trends in attitudes and behavior.

**POSC 623 Seminar in American Constitutional Development (4)** Evolution of American constitutional law; the influence of social, economic, and political changes on constitutional interpretation. *Prerequisite:* POSC 510 or POSC 540.

**POSC 624 Seminar in American Constitutional Law and Theory (4)** Contemporary debates and research on the nature of constitutional interpretation, separation of powers, federalism, civil and political rights and liberties.

**POSC 630 Seminar in European Politics (4)** Selected research topics in comparative European politics; political culture, socialization, parties, legislative and executive processes.

**POSC 632 Seminar in Latin-American Politics (4)** Comparative analysis of the political structure and institutions of Latin America; participation and alienation; democracies and dictatorships; political forces.

**POSC 633 Seminar in East Asian Politics (4)** Comparative analysis of revolutionary and evolutionary modernization; the roots of political thought and behavior; peripheral area relationships; present-day political processes.

**POSC 634 Seminar in Southeast Asian Politics (4)** Comparative analysis of political forces, ideologies, processes, and institutions.

**POSC 636 Seminar in African Politics (4)** Comparative analysis of political forces, ideologies, and institutions in African nations south of the Sahara.

**POSC 637 Seminar in Chinese Politics (4)** Guided research and discussion on the governmental process in the People's Republic of China including leadership, ideology, and popular participation.

**POSC 640 Seminar in Problems of Comparative Politics (4)** Theoretical and methodological problems in comparative politics; approaches to comparative analysis; problems and trends.

**POSC 641 Seminar in Comparative Judicial Policies, Processes, and Behavior (4)** Cross-national and intranational comparative analysis of judicial policies and processes; legal and judicial elites.

**POSC 648 International Human Rights Law and Policy (4)** Historical and contemporary consideration of human rights issues in world politics. Examination of the philosophical foundations of human rights and the institutions that enforce international standards.

**POSC 650 Seminar in Western Political Philosophy (4)** Research and special problems.

**POSC 651 Seminar in Non-Western Political Philosophy (4)** Research and special problems.

**POSC 652 Seminar in American Political Philosophy (4)** Research and special problems.

**POSC 660 Seminar in Problems of Contemporary Political Thought (4)** Research and special problems.

**POSC 670 Seminar in International Law (4)** Topics and cases illustrating general principles and problems. Special research.

**POSC 695 Social Science Theory (4)** Philosophic foundations of social science, empirical theories current in social science; the relationship between empirical theory and social research.

**POSC 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**POSC 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

## Political Science and International Relations

Von KleinSmid Center 309  
(213) 740-6998  
FAX: (213) 740-8542  
Email: [skatada@usc.edu](mailto:skatada@usc.edu)  
[usc.edu/poir/program](http://usc.edu/poir/program)

*Director:* Saori Katada, Ph.D.

### Doctor of Philosophy in Political Science and International Relations

#### *Graduate School Requirements*

The Ph.D. degree is awarded to students who have demonstrated in-depth knowledge of the disciplines of political science and international relations and the ability to make an original research contribution. The degree requirements are fulfilled by successfully completing a minimum of 60 units beyond the B.A., the Ph.D. screening process, three fields of concentration, a substantive paper, a foreign language requirement (if applicable), qualifying examinations, a dissertation proposal, and a written dissertation and its oral defense.

#### *Admissions*

The faculty of the Department of Political Science and the School of International Relations welcome talented candidates from a variety of backgrounds. Although a prior degree in political science or international relations is not necessary, it is strongly recommended that applicants have completed at least some course work in related fields, including political theory, statistics and social science research methods.

Admission decisions are based on consideration of applicants' prior academic performance, as reflected in course grades, the results of the Graduate Record Examination, letters of recommendation, and a statement of intent that demonstrates a seriousness of purpose, a high level of motivation and a desire to benefit from our faculty's areas of expertise or interest. Applicants also are required to submit a sample of their written work in English, preferably a research-oriented paper. Business, government and other practical experiences may also be taken into account.

Applicants whose native language is not English must take the TOEFL examination.

#### *Screening Process*

Before completion of 24 units, students will be reviewed by a screening committee made up of the program director, one teacher of one of the core courses and one professor nominated by the student. This committee will review the student's progress, including grades and written faculty evaluations of course work.

The committee will be responsible for deciding, at an early stage in the student's career, if the student is likely to finish the Ph.D. program. After reviewing the student's record, the committee may decide to (1) continue the student, (2) not continue the student and admit the student into a terminal M.A. degree program, or (3) fail the student's performance in the screening process, i.e., not continue the student in either the M.A. or Ph.D. programs.

*Course Requirements*

All doctoral candidates must complete an approved sequence of four courses in core theory and methodology, including a classics-oriented course in political theory, a multivariate statistics course, a philosophies/methodologies of social inquiry course, and a course in advanced research methods.

The selection of additional courses should be guided by the distribution requirements of the Ph.D. program. The student will choose three fields of concentration. Each field of concentration requires completion of at least three graduate level courses, including the core course in standard fields, with an average grade consistent with university and program requirements. Additional courses necessary to complete the 60 units required by the Graduate School should be taken in consultation with faculty advisers and the *Guidelines for Graduate Study in Political Science and International Relations*.

*Fields of Concentration*

The standing fields of concentration include: American politics; comparative politics; international political economy; and international security and foreign policy. The candidate must satisfy two of these four standing fields by passing a written field qualifying examination. The student may satisfy the third field by completing three courses in one of these four, or may propose another customized field of study to be approved by relevant faculty and the Ph.D. program director and steering committee. For example, students can design a third field that cuts across disciplinary boundaries or focuses on specific areas of political science and international relations beyond the standing fields. The guidelines and program director can provide illustrations of this type of third field.

*Foreign Language*

The student is required to demonstrate intermediate proficiency in a language other than English if the student's primary field requires it. Students should consult the guidelines and the program director.

*Substantive Paper*

To show evidence of the capacity to conduct original research and before taking the qualifying exam, each student will submit a substantive paper. The student, in consultation with the chair of his or her guidance committee, will distribute the substantive paper to all members of the guidance committee at least 14 days prior to the oral defense of the qualifying examinations. The substantive paper should be presented and defended in the oral component of the qualifying examination as a viable journal submission to a peer-reviewed professional journal. It is strongly encouraged that the paper should be submitted to a professional journal approved by the student's adviser within one year of the defense.

*Qualifying Examinations*

Ordinarily, students will take the qualifying exams no later than the fifth semester in the Ph.D. program. Students will be examined in two of their three fields of concentration. The third field will be completed by taking at least three courses and passing them with an average grade consistent with university and program requirements. The guidance committee will evaluate the quality of these two written exams as evidence of the capacity to define and complete a Ph.D. dissertation.

The written examinations are closed book and will be administered over two days at least once per academic year. Examination questions will be written by a committee of the tenure track faculty in each field. The director of POIR graduate studies (program director), in consultation with the chair of the Department of Political Science and the director of the School of International Relations, will appoint one faculty member from each field to coordinate the writing of the relevant field exam. The field exam coordinators will then seek assistance from other faculty in their field, including those with whom the student has studied, to compose the written examination questions.

The oral portion of the student's qualifying examination will be administered by his or her guidance committee. The oral examination will be based on the student's two written field exams and the substantive paper.

The guidance committee will be made up of five members. Two members, one from each standing field, will be designated by the director of the Ph.D. program in consultation with the student's principal adviser. In consultation with his or her principal adviser, the student will select the other two field examiners and the outside member of the guidance committee. Final approval of the guidance committee requires the signature of the program director.

Students will pass the qualifying examinations if no more than one member of the committee dissents after reviewing the student's record at USC and performance on the written and oral parts of the qualifying exams. At the discretion of the examination committee, students who do not pass the exams may be allowed to retake the qualifying exams the next time they are offered. Students are admitted to candidacy for the Ph.D. when they have completed the university residency requirement and passed the written and oral portions of the Ph.D. qualifying examinations.

*Dissertation*

Upon completion of the qualifying examinations, the student, in consultation with the principal adviser, selects a dissertation committee in accordance with university rules. Within six months of completing the qualifying examinations, students should have a formal defense of the dissertation proposal before their dissertation committee. The Ph.D. is earned upon the submission of the written dissertation and its successful defense before the dissertation committee.

Consult the Requirements for Graduation section (page 86) and the Graduate School section (page 97) of this catalogue regarding time limitations for completion of the degree and other Graduate School requirements.

All graduate students considering an academic career should generally have research, teaching and advisement experiences as part of their program of study.

## Courses of Instruction

### **POLITICAL SCIENCE AND INTERNATIONAL RELATIONS (POIR)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**POIR 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

*Director:* Dan Schnur, B.A.

*Deputy Director:* Kerstyn Olson, M.A.

The Jesse M. Unruh Institute of Politics sponsors events designed to introduce students to the world of practical politics. Each semester, the institute facilitates internships with government, political and advocacy offices in the Los Angeles metropolitan area and beyond. The institute also sponsors a lecture series that brings prominent political and governmental leaders to USC to speak to small groups of students in an informal setting. In the spring, the institute organizes a seminar in Sacramento at which USC students meet with legislators, lobbyists and members of the media to discuss important issues in state politics.

### Political Student Assembly

The Unruh Institute of Politics works closely with the Political Student Assembly (PSA). PSA was formed in January 2006 as a division of the Student Affairs Program Board and seeks to actively involve students in campus, state and national political issues.

### Directed Government and Political Leadership Internship

Students volunteer to work in one of over 500 political and governmental offices throughout the Los Angeles area, in Sacramento and in Washington, D.C., enabling them to gain firsthand political experience. As interns, students acquire basic political understanding and skills in government, campaign, media or advocacy organizations. Through their assignments, students have the opportunity to develop an understanding of the many ways in which people are important to politics and politics to people.

By gaining hands-on experience in government and politics, student interns develop real-world political and job skills to assist them in their future careers. Many talented interns are fortunate enough to secure full-time employment based upon their internship experience.

Students enroll in POSC 395 Directed Governmental and Political Leadership Internship, for two to eight units. Students can enroll in POSC 395 during the fall, spring or summer. In the summer, students can apply for institute-sponsored fellowships to help defray tuition and living expenses.

### Unruh Undergraduate Scholars

Each semester, the institute accepts a select number of undergraduates to work closely with a faculty member in the Political Science Department on a research project. These students, known as Unruh Undergraduate Scholars, must be nominated by a faculty member to participate in this program. The program provides students with knowledge and research skills that will assist them in future careers in politics and government. At the end of the semester, fellows present their research at a special seminar.

Students enroll in POSC 490x Directed Research for four units.

*Director:* Brighde Mullins, MFA

*Lecturers:* Nancy Cohen, M.A.; Prince Gomolvilas, MFA; Danay Goodyear, M.G. Lord; Dinah Lenney, MFA; Gina B. Nahai, MPW

The Master of Professional Writing Program develops students' mastery of craft across multiple genres and prepares students for writing careers. It is designed for students who want to explore a range of writerly possibilities, and aims to develop writing and writers across genre, including fiction, nonfiction, poetry, new media, and writing for stage and screen. Program faculty are working writers who bring their expertise to seminars, lectures and workshops.

The academic curriculum includes a range of courses that focus on all aspects of the writing life, as well as one-on-one tutorials geared to the completion of a professional quality final project. Although students will ultimately focus in one genre, the degree is specifically intended for writers interested in exploring the connections to be found in literature, entertainment and art. Program graduates include television writers, screenwriters, writers and teachers of literary fiction and poetry, Web content providers and designers, editors, publishers, and technical writers.

*Admission Requirements*

Admission to the program is competitive and is based on the following: possession of a baccalaureate degree from an accredited college or university with a minimum 3.0 GPA; respectable scores on the General Test of the Graduate Record Examinations; three letters of recommendation; a writing sample including at least 20 original pages. Applicants focusing in poetry or writing for stage and screen must also submit a short prose sample of at least five original pages; this may be a college paper, essay or excerpt of short fiction. Campus visits during regularly scheduled open-houses are encouraged, but not required.

*Degree Requirements*

Thirty units of work are required to earn the MPW degree. MPW 500 Survey of Professional Writing (3 units) is required and should be taken in the first semester. Fifteen additional units must be earned in the student's major genre (fiction, nonfiction, poetry, or writing for stage and screen), including MPW 592abz Professional Writing Project or MPW 594abz Master's Thesis. While taking Professional Writing Project or Master's Thesis, with advisement from their faculty mentors, students will generate their master's professional projects in their respective

genres. These projects may be a full length novel, a collection of short stories, a nonfiction manuscript, a collection of essays, a collection of poems, or a full length screenplay or stage-play. The remaining 12 units consist of electives from the MPW curriculum, and students are encouraged to choose widely.

**Progressive Degree Program in Master of Professional Writing**

The progressive degree program permits exceptional undergraduate students to receive both a Bachelor of Arts and a Master of Professional Writing within five years. It is intended for students with extraordinary MPW preparation and performance who demonstrate a superior level of overall scholarship.

*Admission*

Applicants may apply after the completion of 64 units of course work applicable to their undergraduate degree since graduating from high school. (AP units, IB units and course work taken prior to high school graduation are excluded). Applicants must submit their applications before completing 96 units of course work. Normally, the application is submitted in the fall semester of the third year of enrollment at USC. The application

for admission to a progressive degree program must be accompanied by a departmentally approved course plan proposal and two letters of recommendation from USC faculty members in the Master of Professional Writing program.

*Awarding of Degrees*

Progressive degree program students must fulfill all of the requirements for both the bachelor's degree and the master's degree, including a professional writing project or a master's thesis. The unit requirement for the master's degree can be reduced by as much as one-third. The degrees may be awarded separately, but the master's degree will not be awarded before the undergraduate degree.

*Time Limits*

The time limit for completing a progressive degree program is 12 semesters.

Further details about progressive degrees can be found on page 87.

## Courses of Instruction

**PROFESSIONAL WRITING PROGRAM (MPW)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**MPW 500 Survey of Professional Writing**

**(3)** Analysis of genres, characteristics of narration, stylistic editing, and the role of the writer in contemporary society. Required of all MPW majors. (Duplicates credit in former MPW 900.)

**MPW 510 Writers and their Influences (3)**

Exploration of the notion of influence and its effect on generating new writing.

**MPW 511 Oral History: Witness and Writing (1, max 3)**

Transforming oral history into works of fiction and nonfiction, with emphasis on honoring the source material in the construction of an original narrative.

**MPW 512 Writer's Marketplace (3)** A cross-genre investigation of publishing and the marketplace, with the goal of familiarizing students with the practical aspects of writing and selling creative work. (Duplicates credit in former MPW 910.)

**MPW 515 Functional Writing for the Marketplace (3)** Practical writing and editing skills, language mechanics, and document development techniques that can be applied to reports, grants/proposals, brochures, resumes, and other workplace materials. (Duplicates credit in former MPW 950.)

**MPW 520 Writing Humor: Literary and Dramatic (3)**

Analysis of the specifics of humor — wit, irony, satire, parody and farce — through examples taken from various genres; discussion/workshop on incorporating humor in students' work. (Duplicates credit in former MPW 915.)

**MPW 525 Nonfiction Strategies in Poetry and Prose (3)**

A workshop devoted to shared concerns and possibilities in poems and essays, and to the development of skills as enhanced by nonfiction techniques.

**MPW 526 Writing the Review (1, max 3)**

An investigation of the evolving role of the critic, focused on reviews as essays, and criticism as essential to a rich popular culture and conversation.

**MPW 527 Mash-Ups: New Ways to Tell Stories (1, max 3)**

An examination of innovative storytelling, in which old and new media in tandem can extend our narrative capabilities, and connect us across the world.

**MPW 530 Techniques of Fiction Writing (3)**

A nuts and bolts approach to craft, aiming to identify the requisite tools, and to develop skills necessary for writing vivid and convincing fiction.

**MPW 535 Literature and Approaches to Writing the Novel (3)**

Discussion and analysis of literary classics and their influences as applicable to the writing of today's novel; development of book-length fiction. (Duplicates credit in former MPW 940.)

**MPW 537 Fiction Writing Workshop (3, max 9)** Development and analysis of book-length fiction; concentration on narration, characterization, point of view, and clarity of style. (Duplicates credit in former MPW 960.)

**MPW 538 Approaches to Writing the Novel (1, max 3)** A survey of literary classics, focusing on recurring techniques, with the goal of identifying strategies to inform the student's approach to narrative and craft.

**MPW 540 Nonfiction Writing (3, max 6)** The investigation of various forms in the genre, with attention to the literary value of thinking and making connections on the page.

**MPW 541 The Nonfiction Experience (3, max 6)** Introduction to nonfiction from reviewing to reporting to the personal essay, with a view towards creating the community essential in the solitary writer's life.

**MPW 542 Writing About Place (3, max 6)** An exploration of environment as it informs literature, fiction and nonfiction, with the understanding that a vivid evocation of place will enrich prose across genres.

**MPW 543 Writing Science (3, max 6)** Introduction to science writing with a view towards broadening approaches to storytelling in all genres.

**MPW 544 New Media: Writing Online (3, max 6)** An examination of literary forms online. Students will emulate great print stylists, shaping narrative and cultivating voice with the possibilities of new media in mind.

**MPW 545 Memoir Writing (3, max 6)** A workshop designed to hone voice, and determine the best way to approach personal narrative in cultural and historical contexts.

**MPW 546 The Personal Essay (3, max 6)** A look at first-person narrative, from memoir to criticism, with a view towards cultivating favorite writerly strategies, and then trying less comfortable forms.

**MPW 547 Selling the Nonfiction Book (3, max 6)** From the proposal to the outline, a comprehensive look at selling a book-length work of nonfiction, including the completion of a first chapter and promotional précis.

**MPW 552 Principles of Poetic Techniques (3, max 6)** Beginning analysis and practice of poetic technique, including language and imagery; forms, devices, and conventions; developing voice; use of both traditional and open forms. (Duplicates credit in former MPW 970.)

**MPW 554 Poetry Hybrids (3, max 6)** Writing and reading poetry in combination with other genres. Forms may include prose poem, verse drama, verse novel, and epic.

**MPW 557 Advanced Poetry Writing (3, max 6)** Advanced topics in poetry, including wide reading in contemporary poets. Emphasis on the development of the individual voice and subject matter. (Duplicates credit in former MPW 980.)

**MPW 560 Principles of Dramatic Structure (3, max 6)** Analysis of techniques in preparing scripts for various media; practice in adapting materials from non-dramatic forms. (Duplicates credit in former MPW 920.)

**MPW 561 Writing for Stage and Screen (3, max 6)** A workshop that examines the art and craft of writing for stage and screen.

**MPW 562 Story Conference (3, max 6)** Writing the play, teleplay or screenplay, focusing on character development and scene structure, in collaboration with the workshop. (Duplicates credit in former MPW 930.)

**MPW 567 Screenplay Workshop (3, max 6)** Reading and viewing films with an eye toward the development and completion of the first 45–60 pages of an original screenplay.

**MPW 568 Screenwriting across Genres (3, max 6)** An investigation of varieties of storytelling through creative responses to both screenplay and non-screenplay forms.

**MPW 575 In the Room: The Craft of Television Writing (1, 3, max 6)** Introduction to television writing, from pitching to polishing, with all the responsibilities of a staff writer.

**MPW 585 Seminar in Professional Writing (1 or 3, max 6)** Seminar and workshop with adjustable focus on aspects of professional and creative writing in relation to the literary marketplace.

**MPW 589 Internship: Writers in the Field (1-3, max 3)** Practical experience in the writing world. Enables students to acquire skills and knowledge that cannot be gained in the classroom. Graded CR/NC.

**MPW 590 Directed Research (1-3, max 9)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the program director. Graded CR/NC.

**MPW 592abz Professional Writing Project (3-3-0)** Supervised preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Credit upon completion of project. Graded IP/CR/NC.

**MPW 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded CR/NC.

**MPW 599 Special Topics (2-4, max 8)** Studies in specific genres, techniques or aspects of the writing craft.

Chair: Margaret Gatz, Ph.D.\*

### Faculty

University Professor and Dana Dornsife Chair in the Dornsife College of Letters, Arts and Sciences: Hanna Damasio, M.D.

University Professor and David Dornsife Chair in the Dornsife College of Letters, Arts and Sciences: Antonio Damasio, M.D., Ph.D.

Harold Dornsife Chair in Neurosciences: Irving Biederman, Ph.D.

Provost Professor of Psychology and Business: Wendy Wood, Ph.D.

Provost Professor of Social Work, Preventive Medicine, Psychiatry, Family Medicine and Gerontology: William Vega, Ph.D.

Mendel B. Silberberg Professor of Social Psychology: Norman Miller, Ph.D.

*Professors:* Michael A. Arbib, Ph.D. (*Computer Science and Biological Sciences*); Laura A. Baker, Ph.D.; Antoine Bechara, Ph.D.; Irving Biederman, Ph.D.; Sarah W. Bottjer, Ph.D. (*Biological Sciences*); Peter Carnevale, Ph.D. (*Business*); Kathleen C. Chambers, Ph.D.; Gerald C. Davison, Ph.D.\*; Michael E. Dawson, Ph.D.; JoAnn M. Farver, Ph.D.; Caleb E. Finch, Ph.D. (*Gerontology and Biological Sciences*); Margaret Gatz, Ph.D.\*; Ernest Greene, Ph.D.; Andrea Hollingshead, Ph.D. (*Communication*); Bob G. Knight, Ph.D. (*Gerontology*); David G. Lavond, Ph.D.; Steven Lopez, Ph.D.; Thomas D. Lyon, J.D., Ph.D. (*Law*); Franklin R. Manis, Ph.D.\*; Gayla Margolin, Ph.D.; John J. McArdle, Ph.D.; Beth E. Meyerowitz, Ph.D.\*; Lynn Miller, Ph.D. (*Communication*); Shrikanth Narayanan, Ph.D. (*Engineering*); Carol A. Prescott, Ph.D.; Stephen J. Read, Ph.D.; Robert Rueda, Ph.D. (*Education*); Elyn R. Saks, J.D. (*Law*); Dan Simon, S.J.D. (*Law*); Steven Yale Sussman, Ph.D. (*Institute for Prevention Research, Medicine*); Larry Swanson, Ph.D. (*Biological Sciences*); Penelope K. Trickett (*Social Work*); William Vega, Ph.D. (*Social Work*); Suzanne Wenzel (*Social Work*); Rand Wilcox, Ph.D.; Elizabeth Zelinski, Ph.D. (*Gerontology*)

*Associate Professors:* Stanley J. Huey, Jr., Ph.D.; Laurent Itti, Ph.D. (*Computer Science*); Richard S. John, Ph.D.; Stephen A. Madigan, Ph.D.; Mara Mather, Ph.D. (*Gerontology*); Bartlett Mel, Ph.D. (*Biomedical Engineering*); Toben Mintz, Ph.D.; John Monterosso, Ph.D.\*; Joseph Priester, Ph.D. (*Business*); David Schwartz, Ph.D.; Bosco S. Tjan, Ph.D.; David A. Walsh, Ph.D.

*Assistant Professors:* Cleopatra Abdou, Ph.D. (*Gerontology*); Giorgio Coricelli (*Economics*); Jesse Graham, Ph.D.; Tara Gruenewald, Ph.D.; Mary Helen Immordino-Yang, Ph.D. (*Education*); Adam Leventhal, Ph.D. (*Institute for Prevention Research, Medicine*); Henrike Moll, Ph.D.; Justin Wood, Ph.D.

*Clinical Professors:* A. Steven Frankel, Ph.D.; Ernest R. Katz, Ph.D.; Jonathan S. Kellerman, Ph.D.; Richard Woodcock, Ph.D.

*Clinical Assistant Professor:* Marian Williams, Ph.D.

*Adjunct Professors:* Lynne Bernstein, Ph.D.; Elizabeth Susman, Ph.D.

*Adjunct Associate Professor:* Joanne Steuer, Ph.D.

*Adjunct Assistant Professor:* Jasmine Tehrani, Ph.D.

*Associate Professor (Research):* Susan Luczak, Ph.D.

*Assistant Professors (Research):* Karen M. Hennigan, Ph.D.; Jonas Kaplan, Ph.D.; Gui Xue, Ph.D.

*Assistant Professor (Teaching):* Ann Renken, Ph.D.

*Assistant Professors of the Practice:* Shannon Couture, Ph.D.; Danielle Kennan-Miller, Ph.D.

*Adjunct Professor (Research):* Nancy Pederson, Ph.D.

*Adjunct Assistant Professor (Research):* Monique Fleming, Ph.D.

*Lecturers:* C. Miranda Barone, Ph.D.; William Breland, Ph.D.; Viviane Seyranian, Ph.D.

*University Professor Emeritus and William M. Keck Chair Emeritus in Psychology and Biological Sciences:* Richard F. Thompson, Ph.D.

*Emeritus Professors:* Norman Cliff, Ph.D.; William W. Grings, Ph.D.; Albert R. Marston, Ph.D.; Sarnoff A. Mednick, Ph.D.

*Emeritus Associate Professor:* Milton Wolpin, Ph.D.

#### **Academic Program Staff**

*Clinical Associates:* Caroline Bailey, Ph.D.; Brian Baucom, Ph.D.; Barbara Cadow, Ph.D.; Kenneth Cole, Ph.D.; Vivian Fernandez-Credidio, Ph.D.; Beth Leedham, Ph.D.; Michael Maloney, Ph.D.; Karen Meiselman, Ph.D.; Pamella Oliver, Ph.D.; Berta Ortiz, Ph.D.; Cynthia G. Pearson, Ph.D.; Joanne Steuer, Ph.D.; Charles Weinstein, Ph.D.

\*Recipient of university-wide or college teaching award.

The Department of Psychology offers five topical areas: (1) Cognitive, which analyzes the biological and social bases of phenomena and abilities such as appetitive behavior learning, memory, perception, decision making, social understanding, emotion, intelligence, behavior disorders, language development and language comprehension — among humans and related higher animals; (2) Developmental, which studies changes in behavior — cognitive, linguistic, social and emotional — from childhood through adolescence and adulthood into old age; (3) Clinical, which focuses on the ways people cope, or have difficulty coping, with problems in behavior, emotions, social interaction, aging, health-related behavior, and substance use and abuse; (4) Biological, which examines the biological bases of behavior, including behavioral genetics, behavioral endocrinology, and cognitive neuroscience; and (5) Social, which examines normal human nature and conduct, develops and tests theories concerning the consequences of our social condition and its potential improvement.

In addition, the department offers a joint major in linguistics/psychology and participates in the Dornsife College's interdisciplinary program in neuroscience.

Research is integral to psychology; it enables the faculty to make contributions in the field and to be more effective teachers. Undergraduate students are encouraged to work with members of the faculty on research projects. The most direct way for students to participate in research is to enroll in a directed research course, but it is also possible to take part in ongoing research in less formal ways. Further options for research training include the honors program for psychology majors and the progressive degree program that permits students to complete all requirements for both the B.A. and the M.A. degrees in psychological science in five years.

## Undergraduate Degrees

### Major Requirements for the Bachelor of Arts in Psychology

#### Grade Requirement

A grade of C- or higher is required to count a class toward major requirements.

REQUIRED COURSES, LOWER DIVISION		UNITS
MATH 116*	Mathematics for the Social Sciences	4
PSYC 100	Introduction to Psychology	4
PSYC 274**	Statistics I	4

\*At least one math course of 2.67 units or more is required. MATH 116 or a course of a comparable or higher level is required. Students with a strong math background may profit from a more advanced class.

Thirty-two upper division psychology units are required, including:

REQUIRED COURSES, UPPER DIVISION		UNITS
PSYC 314L**	Research Methods	4
PSYC 316L	Non-Experimental Research Methods	4

\*\*It is recommended that no more than two upper division psychology courses be taken prior to the completion of PSYC 274 and PSYC 314.

One course from each of four of the following five lists is also required:

COGNITIVE		UNITS
PSYC 301L	Cognitive Processes	4
PSYC 304L	Sensation and Perception	4
PSYC 305	Learning and Memory	4
PSYC 440	Introduction to Cognitive Neuroscience	4

DEVELOPMENTAL		UNITS
PSYC 336L	Developmental Psychology	4
PSYC 337L	Adult Development and Aging	4
PSYC 339L	Origins of the Mind	4

CLINICAL		UNITS
PSYC 360	Abnormal Psychology	4
PSYC 361	Introduction to Clinical Psychology	4

BIOLOGICAL		UNITS
PSYC 320	Principles of Psychobiology	4
PSYC 326	Behavioral Neuroscience	4
PSYC 404L	Psychophysiology of Emotion	4
PSYC 420	Animal Behavior	4
PSYC 426	Motivated Behaviors	4

SOCIAL		UNITS
PSYC 355	Social Psychology	4
PSYC 359	Interpersonal Relations	4

Two 400-level psychology courses other than 490x totaling eight units are also required. PSYC 404L, PSYC 420 and PSYC 426 may not count toward this requirement if used to satisfy the biological category above.

An additional psychology course, either upper or lower division of at least 2.67 units is required.

### Bachelor of Arts, Social Sciences, with an Emphasis in Psychology Requirements

The required courses are: PSYC 100, one math class of 2.67 units or more (MATH 116 is recommended; students with a strong math background may profit from a more advanced course); PSYC 274; and eight upper division courses in departments in the social sciences, including five in the Department of Psychology and three outside the department but within the division. These may be any 300- or 400-numbered courses.

### Requirements for the Bachelor of Arts with a Combined Major in Linguistics and Psychology

For the lower division: LING 210, PSYC 100 and PSYC 274 are required. For the upper division the following courses are required: LING 301 and LING 302; PSYC 314L; two courses selected from LING 380, LING 401, LING 402, LING 403, LING 405, LING 406, LING 407, LING 410, LING 415, LING 466 and LING 485; three additional courses selected from LING 406, PSYC 301L, PSYC 326, PSYC 336L, PSYC 337L, PSYC 424 and PSYC 433. See Department of Linguistics, page 395.

### Bachelor of Arts in Cognitive Science

*Director:* Toben Mintz, Ph.D.

Total required units for major: 43-48 units

Consisting of 16 core units, 18-20 flexible core units and 9-12 elective units.

Cognitive science is an interdisciplinary major that focuses on the mind and cognition from a variety of perspectives and approaches. The core and electives sample from courses from anthropology, computer science, linguistics, mathematics, philosophy and psychology.

The major consists of four fixed core courses, plus two tiers of flexible core courses. The first tier generally consists of more introductory courses and the second tier of more advanced courses, although there are exceptions, and some courses satisfy either tier. Students must take two courses from the first tier and three courses from the second. The purpose of the flexible tiers is to structurally implement interdisciplinary breadth with some degree of flexibility. The flexible core is a subset of the electives, from which students can choose in order to complete the required number of units.

Students may elect to focus their curriculum from one of three tracks, which are suggested courses of study for focusing on a particular theme in cognitive science. This may be accomplished through individual advisement: language, reasoning and decision-making, and the computational mind.

CORE REQUIREMENTS		UNITS
PSYC 100	Introduction to Psychology	4
PSYC 274	Statistics I	4
PSYC 301L	Cognitive Processes	4
PSYC 339L	Origins of the Mind	4
		16

FLEXIBLE CORE REQUIREMENTS (5 COURSES)		UNITS
Two courses from:		
CSCI 455*	Introduction to Programming Systems Design	4
LING 210	Introduction to Linguistics	4
LING 301*	Introduction to Phonetics and Phonology	4
LING 302*	Introduction to Syntax and Semantics	4
PHIL 250ab	Elementary Formal Logic	2-2
PHIL 262	Mind and Self: Modern Conceptions	4
PSYC 304L	Sensation and Perception	4
PSYC 336L	Developmental Psychology	4

Three courses from:

ANTH 306	Primate Social Behavior	4
ANTH 308	Origins and Evolution of Human Behavior	4
CSCI 460*	Introduction to Artificial Intelligence	3
LING 405	Child Language Acquisition	4
LING 406	Psycholinguistics	4
LING 407	Atypical Language	4
PHIL 350	Symbolic Logic	4
PHIL 422	British Empiricism	4
PHIL 462	Philosophy of Mind	4
PHIL 465	Philosophy of Language	4
PSYC 304L	Sensation and Perception	4

PSYC 336L	Developmental Psychology	4	PSYC 424	Neuropsychology	4
PSYC 401	Evolutionary Psychology	4	PSYC 425	Functional Imaging of the Human Brain	4
PSYC 420	Animal Behavior	4	PSYC 433*	Children's Learning and Cognitive Development	4
PSYC 422*	Human Judgment and Decision Making	4	PSYC 440	Introduction to Cognitive Neuroscience	4
PSYC 433*	Children's Learning and Cognitive Development	4	PSYC 450L	Neural Network Models of Social and Cognitive Processes	4
PSYC 450L	Neural Network Models of Social and Cognitive Processes	4	PSYC 454	Social Cognition	4
PSYC 454	Social Cognition	4			9-12
		18-20	*Prerequisite required		
<b>ELECTIVES (3 COURSES)</b>		<b>UNITS</b>			
ANTH 200L	The Origins of Humanity	4			
ANTH 306	Primate Social Behavior	4			
ANTH 308	Origins and Evolution of Human Behavior	4			
ANTH 406	Theory and Method in Biological Anthropology	4			
CSCI 101L	Fundamentals of Computer Programming	3			
CSCI 102L*	Data Structures	3			
CSCI 200L*	Object-Oriented Programming	3			
CSCI 271*	Discrete Methods in Computer Science	3			
CSCI 455x	Introduction to Programming Systems Design	3			
CSCI 460*	Introduction to Artificial Intelligence	3			
LING 210	Introduction to Linguistics	4			
LING 301*	Introduction to Phonetics and Phonology	4			
LING 302*	Introduction to Syntax and Semantics	4			
LING 405	Child Language Acquisition	4			
LING 406	Psycholinguistics	4			
LING 407	Atypical Language	4			
MATH 116	Mathematics for the Social Sciences	4			
PHIL 250ab	Elementary Formal Logic	2-2			
PHIL 262	Mind and Self: Modern Conceptions	4			
PHIL 350	Symbolic Logic	4			
PHIL 422	British Empiricism	4			
PHIL 423	The Critical Philosophy of Kant	4			
PHIL 462	Philosophy of Mind	4			
PHIL 463	Theories of Action	4			
PHIL 465	Philosophy of Language	4			
PHIL 486	Methodologies of the Sciences	4			
PSYC 304L	Sensation and Perception	4			
PSYC 336L	Developmental Psychology	4			
PSYC 401	Evolutionary Psychology	4			
PSYC 420	Animal Behavior	4			
PSYC 422*	Human Judgment and Decision Making	4			

Total units: 43-48

Note: A course that is listed in both flexible core categories can be taken in either one. Students must choose a minimum of 16 upper division units from the flexible core and electives lists.

#### Minor in Psychology

The minor requires six courses: PSYC 100 and five additional courses:

One course is required in each of three of the five topic areas listed under Major Requirements. PSYC 314L may be used to fulfill one of these topic areas.

Two elective PSYC courses. One must be upper division, 300-level or higher.

#### Limitations:

1. Students must complete at least 16 upper division PSYC units.
2. No more than four units of PSYC 490x is applicable to the minor.
3. Each of the six courses must be at least 2.67 units.

#### Minor in Psychology and Law

This interdisciplinary minor brings together courses in psychology that focus on the social, clinical, cognitive and societal aspects of psychology and how it relates to law. This knowledge is augmented with courses from the Gould School of Law that identify the relationship between mental health, social psychology and law.

Twenty-four units are required for the minor. A minimum of four courses (16 units) must be unique to the minor. Psychology majors and students majoring in social sciences with an emphasis in psychology may "double count" up to two courses toward the major and minor; however, they must take a minimum of four courses that do not apply to the major.

#### Required Courses

PSYC 100 or LAW 200 (PSYC 100 is a pre-requisite to upper division PSYC classes). Psychology majors must take both courses.

#### Elective Requirements

At least two upper division courses in Psychology taken from the following list: PSYC 301, PSYC 304, PSYC 355, PSYC 360, PSYC 454, PSYC 463, PSYC 465.

At least two upper division Law classes from the following list: LAW 402, LAW 403, LAW 404.

No more than one course from the following list may be used to complete the four unique courses requirement: ANTH 355, ANTH 371, SOCI 350, SOCI 351, SOCI 353.

#### Minor in Consumer Behavior

This interdisciplinary minor explores consumer thinking from the perspective of psychology, marketing, economics, anthropology, sociology and other departments interested in popular culture. Why do people form the attitudes and impressions they do? How do individual factors, culture, mass media, economics and social trends influence people's decisions? See Marshall School of Business, page 149.

#### Minor in Critical Approaches to Leadership

See the Department of Interdisciplinary Studies, page 375.

#### Honors Program

The department offers an honors program for outstanding students in the B.A., Psychology major who desire advanced research training in preparation for graduate work in the social sciences or in professional schools. The primary focus of the honors program is the completion of a research study under the guidance of a faculty adviser. Students are admitted to the program in the fall semester of their junior year. To be eligible for admission, a student must have an overall GPA of at least 3.5 at the time of application to the program. This program is not available to students majoring in Social Sciences with an emphasis in Psychology. Students in the honors program complete all major requirements, including PSYC 380 Junior Honors Seminar during the spring semester of their junior year and PSYC 480 Senior Honors Seminar during the spring semester of their senior year. Students complete an honors thesis proposal as part of the Junior Honors Seminar and must submit a completed senior honors thesis by April 1 of the senior year. Students are also expected to have an overall GPA of at least 3.5 at the time of graduation. For further information, contact the undergraduate adviser.

### Progressive Degree Program in Psychology

This progressive degree program permits superior students to complete all requirements for both the B.A. and the M.A. degrees in psychological science in five years. Students may apply on completion of 64 units of course work applicable to their undergraduate degrees since graduating from high school (AP units, IB units and course work taken prior to high school graduation are excluded), but not later than the end of their junior year (or the completion of 96 units). To be eligible for admission, students must have at least a 3.5 overall

GPA and must have completed PSYC 274 Statistics and PSYC 314 Research Methods with at least a B+ in each. The application for admission to a progressive degree program must be accompanied by an approved course plan proposal and letters of recommendation from two USC faculty members (at least one in the Department of Psychology who agrees to mentor the student). The requirements for both the B.A. and M.A. degrees must be satisfied. Further details about progressive degrees can be found on page 87.

### Psi Chi

Psi Chi is the national honor society in psychology. Membership is open to graduate and undergraduate men and women who meet the minimum qualifications. Psi Chi is a member of the Association of the College Honor Societies and is an affiliate of the American Psychological Association and the American Psychological Society.

## Graduate Degrees

The Department of Psychology offers an M.A. in Psychological Science and an M.S. in Human Behavior as well as a variety of programs leading to the Ph.D. degree. They fall within five major groupings: (1) clinical science, including specializations in adult clinical, clinical-aging and child and family; (2) developmental psychology, including child and adolescent development and adult development and aging; (3) brain and cognitive science, including cognitive neuroscience, behavioral neuroscience, clinical neuroscience and behavioral genetics; (4) quantitative methods; and (5) social psychology.

All of the specialty areas provide training for careers in research, teaching and applied work.

### Admission Requirements

Psychology courses required for admission are an introductory course, a course in statistics, a course in research methods or experimental psychology and at least one of the following: comparative psychology, physiological psychology, sensation and perception, learning and memory, motivation, and emotion; and at least one course from each of the following lists: (1) one or more of comparative psychology, physiological psychology, sensation and perception, learning and memory, motivation, and emotion; and (2) one or more of developmental psychology, social psychology, abnormal psychology, personality, and history of psychology. Additional courses are desirable, as is work in the biological, physical and social sciences, in mathematics and in philosophy. Students with less background in psychology but outstanding undergraduate records in related fields are also encouraged to apply.

Students are selected on the basis of undergraduate records, scores on the Graduate Record Examinations General Test, course background, letters of evaluation, personal statement of interests and goals and evidence of research skills or interests (e.g., publications or participation in research projects).

The faculty of each specialty area select the students to be admitted in that area. Because of this procedure, applicants should designate the specialty area to which they seek admission.

Application for admission in psychology requires submission of two sets of material: special departmental forms and university application forms. Students are admitted only for study beginning in the fall semester; both sets of completed application forms must be submitted by December 1 for admission the following fall.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Master of Arts in Psychological Science

The M.A. in Psychological Science is designed for superior students who wish to further their research training and to acquire the methodological background and hands-on research experience to define their scholarly interests and to pursue graduate education, professional degrees or careers requiring advanced skills in research and writing. This is a terminal degree. Students who wish to pursue their doctorate at USC should apply directly to the Ph.D. program initially.

### Admission Requirements

A minimum 3.5 cumulative GPA in the bachelor's degree and grades of at least B+ in an undergraduate statistics and an undergraduate methods course are required for admission. Students must also submit a statement from a proposed faculty adviser committing to mentor the student's research for the thesis requirement.

### Course Requirements

This program requires a minimum of 24 units at the graduate level. The student must complete one course in each of the following three areas and a fourth course in any one of the three areas.

#### Category A. *Statistics and Research Design:*

PSYC 500L (4), PSYC 501L (4), PSYC 502L (4), PSYC 503 (4), PSYC 504 (4), PSYC 520 (4), PSYC 524 (4), PSYC 575L (4), PSYC 577 (4), PSYC 578 (4), PSYC 616 (4), PSYC 621 (4), PSYC 622 (4)

#### Category B. *Biological Bases of Behavior* (physiological psychology, comparative psychology, neuropsychology, sensation and perception, psycho-pharmacology, behavior genetics) and *Cognitive-Affective Bases of Behavior* (learning, thinking, motivation, problem-solving):

LING 676 (3), PSYC 506 (4), PSYC 510 (4), PSYC 540 (4), PSYC 544 (4), PSYC 545 (4), PSYC 546 (4), PSYC 547 (4), PSYC 551 (4), PSYC 555 (4), PSYC 576 (3), PSYC 586 (3), PSYC 606 (4), PSYC 607 (4)

#### Category C. *Social Bases of Behavior* (social psychology, group processes, organizational and systems theory) and *Individual Differences* (personality theory, human development, abnormal psychology):

PSYC 512 (4), PSYC 514 (4), PSYC 533 (4), PSYC 534 (4), PSYC 612 (4), PSYC 660 (4), PSYC 680 (4)

The student must take 2 units of PSYC 590 Directed Research each semester under the supervision of a faculty member who has agreed to serve as the student's faculty mentor. An additional unit of PSYC 590 is required for each 3-unit course taken under Category B; alternatively, a fifth course may be taken by a student who takes one or more 3-unit courses under Category B.

*Thesis Requirement*

The student will enroll in PSYC 594a during fall semester and PSYC 594b during spring semester and will complete a final paper (either an empirical paper or an extensive review paper) that is written in publication format. The student will submit the thesis to the faculty mentor and two other psychology faculty members by March 1 and will schedule a one-hour committee meeting to defend the master's thesis prior to graduation.

**Master of Arts in Psychology**

The department does not admit students whose objective is this master's degree. However, if a student accepted in the doctoral program does not have a master's degree, the department strongly recommends completion of the requirements for the M.A. in Psychology in the course of work toward the Ph.D. degree. This involves 24 units of course work and a thesis.

**Master of Science in Human Behavior**

Seeley G. Mudd, Room 501

(213) 740-2222

Fax: (213) 746-9082

Email: [mhb@dornsife.usc.edu](mailto:mhb@dornsife.usc.edu)

[dornsife.usc.edu/mhb](http://dornsife.usc.edu/mhb)

*Program Director:* Ernest Greene (Professor, Department of Psychology)

The Master of Science in Human Behavior program (MHB) is designed for individuals who wish to pursue or advance a career in a non-academic field where knowledge of human behavior is essential to effective job performance. The program stresses practical applications of psychological principles, including attitude formation, persuasion, negotiation and job satisfaction.

The program is especially appropriate for those who have majored in a behavioral science field, e.g., psychology, sociology, political science or anthropology. These applicants must have received their baccalaureate degree by the semester in which they begin the program.

Applicants must apply for admission to the Graduate School, and satisfy all requirements for admission. Details on the method for applying, admission criteria and deadlines can be found at [dornsife.usc.edu/MHB](http://dornsife.usc.edu/MHB).

Thirty-four units of course credit is required for the MHB degree. These units are taken from an inventory of courses that are specified for the MHB program. The following courses are acceptable: PSYC 415L, PSYC 421L, PSYC 422, PSYC 451, PSYC 453, PSYC 454, PSYC 504, PSYC 505, PSYC 513,

PSYC 517, PSYC 550ab, PSYC 552, PSYC 554, PSYC 556, PSYC 590, PSYC 591, PSYC 592, PSYC 616, PSYC 622. No more than two 400-level courses can be applied toward the degree.

PSYC 592 is required of all students. PSYC 550ab and PSYC 591 will normally be required for students having less than two years of full-time work experience in a program-related field. The normal requirement for these students will be an aggregate of 8 units of internship upon completion of the program. However, the specific number of units taken in a given semester will depend in part on what options are available from internship sponsors. Based on the student's academic background, work experience and career goals, a contractual plan of study will be developed that details what other courses are required and/or available as electives.

The program for a given cohort of students begins in the fall semester. The normal expectation is that full-time students will take 12 units as a full-time course load in the fall, 12-16 units in the spring, and 4-8 units of internship together with PSYC 592 MHB Treatise (2 units) the following summer to complete requirements for the MHB degree. Part-time students will generally take one or two courses per semester, and must complete the program within five years.

**Doctor of Philosophy in Psychology***Residency Requirement*

A minimum of 24 graduate units at USC is required for the doctoral degree.

*Course Requirements*

Each student must take at least 36 substantive units in psychology at USC during the first three years. Students must complete one statistics and/or research methods course as well as a set of core courses that cover topics in brain and cognitive sciences and clinical, developmental and social areas, the specifics of which are provided in the department's handbook for graduate students. Additional course requirements vary according to specialty area.

*Research Requirement*

During the first and second year, students work on either a master's thesis or a research report of comparable scope and quality. A research project done at USC is required of all students (by the conclusion of the summer following the student's second year), regardless of prior graduate work.

*Screening Procedure*

The student's ability to master graduate-level course material is first evaluated after completion of no more than 24 units, and not later than the third semester of graduate work

at USC. The final screening procedure is the successful completion of a second-year project requirement. This evaluation is based on the student's performance in courses taken and on an evaluation of the student's research competence as reflected in the second year research project. The project is evaluated by a committee of three faculty, including the student's primary adviser.

Additionally, students are evaluated each year based on adviser input, course work and research progress.

*Guidance Committee*

In preparation for the qualifying examination, each student assembles a five-person guidance committee to direct the student's program of studies and evaluate research competence. The committee continues to serve until after the qualifying examination has been passed, the dissertation topic approved, and the student admitted to candidacy for the Ph.D. At that time the student assembles a dissertation committee of four or more members (usually consisting of members of the guidance committee, one of whom must be a faculty member from outside the department), who advise on and evaluate the dissertation.

*Qualifying Examination*

The qualifying examination evaluates the student's ability to conduct independent scholarship and research. The student is evaluated based on oral and written presentation of two elements: a written review paper or written exam and the dissertation proposal. The qualifying examination is planned, administered and evaluated by the student's guidance committee. It should be taken no later than during the fifth semester.

*Doctoral Dissertation*

A student is expected to engage in research activity throughout his or her graduate career, leading up to and culminating in the Ph.D. dissertation. The dissertation is based on an original investigation, usually involving empirical data.

*Defense of the Dissertation*

The student's doctoral dissertation is defended at either a defense oral, based on an approved preliminary copy of the dissertation, or a final oral, based on the final version of the dissertation.

*Advisement*

Each student has a major adviser who is usually in the specialty area. The guidance committee should be formed at least one semester before the student takes the qualifying examination. Advisement concerning graduate school requirements may also be sought from the staff graduate adviser and

the faculty member serving as director of graduate studies.

#### *Internship Requirement*

Students in the clinical science Ph.D. program need a minimum of three full-time in-residence academic years of graduate study plus one full year of internship at a facility approved by the clinical faculty.

#### **Doctor of Philosophy in Psychology (Clinical) and Master of Public Health (Health Promotion)**

Application deadline (for Ph.D.): December 1

The Ph.D./MPH dual degree combines knowledge of clinical psychology research and practice with an understanding of health

from a population perspective. The student enrolls primarily in the clinical science doctoral program, while taking additional course work for the MPH. During the second and subsequent years, course work is taken in both programs. The dissertation is undertaken through the Department of Psychology.

## Courses of Instruction

### **PSYCHOLOGY (PSYC)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**PSYC 100 Introduction to Psychology (4, FaSpSm)** Factors that influence human behavior, including learning, thinking, perception, motivation, and emotion; analysis of determinants of development, adjustment, and maladjustment.

**PSYC 165Lg Drugs, Behavior and Society (4, Irregular)** An integrative systems perspective of drugs; including their historical, economic, and cultural importance, psychopharmacology, addiction, relationship to crime, and therapeutic use in treating psychological disorders.

**PSYC 201Lg The Science of Happiness (4)** Evaluates scientific research on human happiness. Integrates research from psychology, economics, and neuroscience in the evaluation of personal and public policy choices.

**PSYC 210gm Social Issues in Gender (4)** (Enroll in SWMS 210gm)

**PSYC 248 Historical Foundations and Contemporary Trends in Psychology (2)** Career planning for psychology majors. Historical developments of the discipline, careers, and skills necessary for careers and graduate school. Graded CR/NC. *Prerequisite:* PSYC 100.

**PSYC 274 Statistics I (4, FaSpSm)** Introduction to the use of statistics in psychology: basic ideas in measurement; frequency distributions; descriptive statistics; concepts and procedures in statistical inference. *Recommended preparation:* PSYC 100, MATH 116

**PSYC 275Lg Language and Mind (4, FaSp)** (Enroll in LING 275Lg)

**PSYC 301L Cognitive Processes (4, Irregular)** Experimental and theoretical aspects of human memory, perception, thinking, and language. Lectures, demonstrations, and individual experiments. *Prerequisite:* PSYC 100.

**PSYC 304L Sensation and Perception (4, Irregular)** Receptor processes and stimulus organization; traditional topics in the perception of objects, space, time. Laboratory demonstrations and exercises. *Prerequisite:* PSYC 100.

**PSYC 305 Learning and Memory (4, Irregular)** Principles involved in classical and operant conditioning. Concentration on basic causes of behavior; consideration of the relevance of simple behavioral laws to complicated human behavior. *Prerequisite:* PSYC 100.

**PSYC 314L Research Methods (4, FaSpSm)** Experimental research methods in psychology; nature and concepts of scientific method. Lab exercises, data analysis and preparation of APA style empirical report. *Prerequisite:* PSYC 100 and PSYC 274.

**PSYC 316L Non-Experimental Research Methods (4, FaSpSm)** Non-experimental research methods in psychology. Observational, survey and data analysis exercises. *Prerequisite:* PSYC 100 and PSYC 314.

**PSYC 320 Principles of Psychobiology (4, Irregular)** The integrative study of bio-behavioral systems. Evolutionary, developmental, ecological, social, ethological, and physiological factors mediating representative behavioral and psychological phenomenon are examined in detail. *Prerequisite:* PSYC 100.

**PSYC 326 Behavioral Neuroscience (4, FaSp)** Neural bases of behavior. Concentration on sensory and motor processes and the interaction of neural, chemical, and hormonal systems. *Prerequisite:* PSYC 100.

**PSYC 336L Developmental Psychology (4, FaSp)** Child and adolescent behavior and associated theories; exploration of the continuity between child and adult behavior. Laboratory projects. *Prerequisite:* PSYC 100.

**PSYC 337L Adult Development and Aging (4, FaSp)** Genetic, physical, and social influences during adult years on perception, learning and memory, intelligence, personality, social roles, and normal and deviant behavioral patterns. Laboratory demonstrations and exercises. *Prerequisite:* PSYC 100.

**PSYC 339Lg Origins of the Mind (4, Sp)** Exploration of ancient philosophical questions concerning the origins of human knowledge through empirical studies of infants, animals, and adults from diverse cultures.

**PSYC 355 Social Psychology (4, FaSp)** Theoretical and experimental analysis of human behavior. Social processes involved in attitudes, conformity, compliance, interpersonal perception, liking, affiliation, aggression, altruism, and group dynamics. *Prerequisite:* PSYC 100.

**PSYC 359 Interpersonal Relations (4, FaSp)** Theories and research on person perception, attribution processes, interpersonal attraction and romantic love, freedom and causality, social comparison phenomena. *Prerequisite:* PSYC 100.

**PSYC 360 Abnormal Psychology (4, FaSp)** The commonly diagnosed behavior pathologies; biological, social, cultural, and developmental antecedents of abnormal behavior; principles of learning, perception, and motivation, as they relate to psychopathology. *Prerequisite:* PSYC 100.

**PSYC 361 Introduction to Clinical Psychology (4, Irregular)** Introduction to the scientist-practitioner model of clinical psychology, including research methods, psychological assessment and diagnosis, psychotherapeutic interventions, and treatment of special populations. *Prerequisite:* PSYC 100.

**PSYC 372 Human Sexuality (4, Sp)** Psychological and physiological base of sexuality; gender identity, childbearing, birth control, venereal diseases; dysfunctions and treatments.

**PSYC 380 Junior Honors Seminar (2-4, max 8, FaSp)** Advanced study of scientific inquiry in psychology with in-depth analysis of current research by faculty in the Psychology Department. Preparation for senior honors thesis research. *Corequisite:* PSYC 314L.

**PSYC 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PSYC 391 Directed Field Experience in Psychology (1-4, max 4, FaSpSm)** Individual field experience and independent study supervised by an on-site professional and USC faculty sponsor. Open only to psychology majors and minors. *Prerequisite:* PSYC 100; *recommended preparation:* minimum of three courses completed in psychology.

**PSYC 401 Evolutionary Psychology (4)** Evolutionary and genetic basis of human behavior, including intelligence, sexual behavior, criminal behavior, and violence. Etiology of human diversity, including sex, race, and individual differences. *Prerequisite:* PSYC 100; *recommended preparation:* PSYC 274.

**PSYC 404L Psychophysiology of Emotion (4, Irregular)** Introduction to the scientific study of emotional behavior. Emphasizes research into relations between physiological and psychological variables underlying emotional experience. Demonstrations and laboratory. *Prerequisite:* PSYC 100, PSYC 274, and PSYC 314.

**PSYC 405 Child Language Acquisition (4)** (Enroll in LING 405)

**PSYC 406 Psycholinguistics (4)** (Enroll in LING 406)

**PSYC 407 Atypical Language (4)** (Enroll in LING 407)

**PSYC 415L Psychological Measurement (4, Fa)** Classical and modern approaches to psychological measurement; scaling; test construction; true score reliability model; generalizability theory; validity; decision theoretic selection; item analysis; item response theory. *Prerequisite:* PSYC 314L.

**PSYC 420 Animal Behavior (4)** Exploration of human nature through studies of non-human animals, including topics of navigation, culture, object representation, social cognition, music, and morality. *Prerequisite:* PSYC 100.

**PSYC 421L Data Analysis for Psychological Research (4, max 8, FaSpSm)** Multivariate analysis emphasizing model estimation and testing; topics vary, e.g., multiple regression, logistic regression, factor analysis, multilevel linear modeling, structural equation modeling, multiway frequency analysis. *Prerequisite:* PSYC 314L.

**PSYC 422 Human Judgment and Decision Making (4, Sp)** Descriptive and normative models of decision making; topics include probability judgments, inference, correlation, emotion, mental accounting, decision analysis, lens model, equity, social dilemmas, time, risk. *Prerequisite:* PSYC 314L.

**PSYC 424 Neuropsychology (4, Irregular)** Effects of brain damage on human behavior and abilities, particularly language, memory, and emotion. Open only to junior standing or higher. *Prerequisite:* PSYC 100.

**PSYC 425 Functional Imaging of the Human Brain (4, Sp)** Introduction to the physical and physiological bases of Magnetic Resonance Imaging (MRI), and principles of functional MRI, safety, design and analysis of experiments, and operation. *Prerequisite:* PSYC 100, PSYC 274.

**PSYC 426 Motivated Behaviors (4, Irregular)** Social, environmental, and physiological influences on behaviors associated with aggression, eating, reproduction, and sleep. Will focus on behavioral disorders such as violence, anorexia/bulimia, sexual abuse, and insomnia. *Prerequisite:* PSYC 100.

**PSYC 430 Social Development of Infants, Children and Adolescents (4)** An analysis of selected topics and issues in child social development. *Prerequisite:* PSYC 100; *recommended preparation:* PSYC 274, PSYC 314L, PSYC 336L.

**PSYC 433 Children's Learning and Cognitive Development (4, Irregular)** Examination of contemporary psychological theory and research on the development of cognitive skills, including language, memory, reading, and mathematics. *Prerequisite:* PSYC 336L.

**PSYC 434 Intelligence, Problem Solving and Creativity (4)** Psychometric and experimental approaches to the study of intelligence, problem solving, reasoning and creativity, including analysis of mental test construction and validity. *Prerequisite:* PSYC 100 and PSYC 274.

**PSYC 437 Adolescent Development (4, FaSp)** The adolescent years from both an applied and a research-oriented perspective. Topics include physical, cognitive, and moral development; socialization; and sexual and sex-role development. *Prerequisite:* PSYC 100.

**PSYC 438 Behavioral Genetics (4, Irregular)** Inheritance and evolution of behavioral characteristics in man and other species. *Prerequisite:* PSYC 274.

**PSYC 440 Introduction to Cognitive Neuroscience (4, Sp)** Introduction to the major components of cognition (perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas. *Prerequisite:* PSYC 100.

**PSYC 450L Neural Network Models of Social and Cognitive Processes (4)** Introduction to using neural network or connectionist models to simulate cognitive, social, emotional and motivational processes. Introduction of basic concepts and tools in computational neuroscience. *Prerequisite:* PSYC 100; *recommended preparation:* basic knowledge of programming is helpful, but not required.

**PSYC 451 Formation and Change of Attitudes (4, Irregular)** Effects of socialization, personal influence, propaganda and social structure on private attitudes and public opinion. *Prerequisite:* PSYC 100 and PSYC 355.

**PSYC 453 Intergroup Relations (4)** Examination of the nature of relations between human groups and the psychological mechanisms relating to intergroup conflict, war, genocide, stereotyping, prejudice, and discrimination. *Prerequisite:* PSYC 355.

**PSYC 454 Social Cognition (4, Irregular)** Theory and research on cognitive processes in social behavior, to include social inference, cognition and emotion, the Self, social categorization, person memory, and attribution processes. *Prerequisite:* PSYC 100; PSYC 355 recommended.

**PSYC 456 Conservation Psychology (4, Fa)** Examination of theories, research, interventions regarding psychology of environmental sustainability including cognition, emotion, behavior, attitudes, persuasion, values, social identity, consumerism, and science of happiness. *Prerequisite:* PSYC 100.

**PSYC 462m Culture and Mental Health (4, Irregular)** The influence of culture, ethnicity, race and gender on human behavior. Mental health issues relevant to ethnic minorities in the U.S. *Recommended preparation:* sophomore standing or higher; PSYC 100.

**PSYC 463 Criminal Behavior (4, Irregular)** Genetic, biological, psychological, and sociological characteristics of those who evidence criminal behavior; theoretical formulations to be reviewed and appraised. *Prerequisite:* PSYC 100.

**PSYC 464 Psychology of Marriage and the Family (4)** Theories and research on family relationships across the life span, including research methods, cultural and developmental perspectives, communication, conflict, attachment, individual psychopathology and family violence. *Prerequisite:* PSYC 100.

**PSYC 465 Introduction to Forensic Psychology (4)** Survey of current topics, technologies and techniques. Students acquire a basic understanding of how forensic psychologists contribute their unique expertise to the American legal system. *Prerequisite:* PSYC 100.

**PSYC 469 Schizophrenia Research (4, Irregular)** Current research on possible causes of schizophrenia. Topics: history, diagnosis, genetics, neural development, obstetrics, psychosocial factors, brain imaging, psychopharmacology, premorbid signs and aging. *Prerequisite:* PSYC 100; *recommended preparation:* read current professional journals related to schizophrenia.

**PSYC 480x Senior Honors Seminar (2-4, max 8, FaSp)** Advanced study of empirical approaches in psychology. Progress presentations and evaluations of Senior Honors Thesis research. In-depth exploration of issues in science. Not available for graduate credit. *Prerequisite:* senior standing in Psychology Undergraduates Honors Program.

**PSYC 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**PSYC 499 Special Topics (2-4, max 8, FaSp)** Selected topics in the various specialty areas within psychology. Topic will vary from semester to semester. *Prerequisite:* PSYC 100.

**PSYC 500L An Overview of Quantitative Methods in Psychology (4)** Team taught introduction to analysis of variance, regression analysis, multivariate measurement, and significance testing. Computer laboratory linked to class material using SAS, SPSS, and R. Open only to psychology majors.

**PSYC 501L Statistics in Psychological Research (4, Fa)** Basic statistical principles and techniques as well as modern improvements on classic inferential methods.

**PSYC 502L Analysis of Variance and Experimental Design (4, Sp)** ANOVA, including three-way and within groups designs, multiple comparisons, ANCOVA, plus related methods based on robust smoothers and multivariate techniques. *Prerequisite:* PSYC 501L.

**PSYC 503L Regression and the General Linear Model (4, Fa)** Multiple regression as a tool in experimental and non-experimental data; analysis of variance and covariance as regression on coded variables. Computer applications Laboratory exercises. *Prerequisite:* PSYC 501.

**PSYC 504 Research Design (4, Sp)** Intensive review of research methods in the behavioral sciences. Problem analysis, formulation of research propositions, and procedures for research inference.

**PSYC 505 Research Methods in Applied Social Psychology (4, FaSpSm)** Various research techniques that are useful in a variety of different real world settings, such as business, governmental agencies and charities. Open only to Master of Human Behavior students.

**PSYC 506 Learning and Cognition (4, Irregular)** Survey of learning theory and research, including conditioning and information-processing approaches with human and animal subjects.

**PSYC 508 Historical Foundations of Psychology (4, Irregular)** History of psychology: clinical, cognitive, developmental, experimental, quantitative, and social; epistemology and philosophy of science as applied to psychology.

**PSYC 510 Visual Cognition (4, Irregular)** The behavioral, neural, and computational aspects of real-time shape recognition will be examined, along with implications for imagery, reading, concepts, and attention.

**PSYC 512 Seminar in Social Psychology (4, max 8, Fa)** Problems and theories of the person in the social context. Person perception, interpersonal relations, attitude dynamics, social systems.

**PSYC 513 Attitudes and Social Influence (4, FaSpSm)** Current theories of attitudes and behavior, measurement, attitudes as predictors of behaviors, effects on changing attitudes and behavior. Open only to Master of Human Behavior students.

**PSYC 514 Psychopathology (4, Fa)** Study of psychopathology: in-depth survey of theory and research concerning psychological disorders; introduction of diagnosis. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.)

**PSYC 515 Clinical Assessment (4, Fa)** Study of clinical assessment: test construction, measurement and prediction of behavior, major cognitive and personality assessment instruments. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.)

**PSYC 517 Group Dynamics and Leadership (4, FaSpSm)** Theory and research on effective teams and characteristics of strong leaders. Negotiation, morale-building, managing expectancies, utilization of cultural diversity as a strength. Open only to Master of Human Behavior students.

**PSYC 520 Fundamentals of Psychological Measurement (4)** Factor analysis; latent variable; scaling; test construction; classical true score reliability model; generalizability theory; validity; decision theoretic approaches to selection; item analysis; item response theory.

**PSYC 524 Research Design in Developmental Psychology (4, Irregular)** Review and practice in the analysis and design of experimental and quasiexperimental paradigms for research on ontogenetic age changes and generational differences in behavior.

**PSYC 533 Cognitive Development in Children (4, Sp)** Review of theories of cognitive development. Analysis of research on brain functioning, perception, memory, language, reasoning and academic skills from birth to adolescence. Open to graduate students in psychology.

**PSYC 534 Social and Emotional Development in Children (4, Fa)** Theories of social and emotional development, including socio-cultural perspectives. Analysis of research on temperament, social relationships, individuation and moral development from birth to adolescence. Open to graduate students in psychology.

**PSYC 538 Origins of Human Nature (4)** Exploration of the evolutionary and developmental origins of human nature. Topics include navigation, object and number cognition, culture, sexual behavior, cooperation, language, and morality.

**PSYC 540 Cognitive Neuroscience (4, Sp)** An examination of the major components of cognition (e.g., perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas.

**PSYC 544 Psychophysiology (4, max 8, Irregular)** Recent research on relations between basic psychological states (e.g., cognition, learning, emotion) and physiological response processes (e.g., autonomic responses, covert muscle activity).

**PSYC 545 Neuropsychology (4, Irregular)** Brain mechanisms underlying perceptual and cognitive functioning: brain damage, loss of function, and clinical assessment.

**PSYC 546 Current Topics in Cognitive Neuroscience (4, max 8)** Analysis of selected, recent advances of perception, memory, attention, and conceptualization, as revealed by neuroimaging; behavioral, drug, primate single-unit studies; cognitive deficits and evolutionary perspectives. *Recommended preparation:* some background in behavior science, neuroscience, or computational science.

**PSYC 547 Functional Neuroanatomy (4, Irregular)** Regional organization and systems of the mammalian nervous system and their functions.

**PSYC 550ab Proseminar in Human Behavior (a: 4, Fa, b: 4, Sp)** The nature of the human mind, social interactions, conflicts, cooperative behavior, mutual influence and effectiveness. Application of psychological principles to the dynamics of commercial entities. Open only to MHB students.

**PSYC 551 Decision Neuroscience (4)** Neuroscientific studies attempting to understand the neural basis of judgment and decision-making, social behavior, and market economics. *Recommended preparation:* PSYC 547.

**PSYC 552 Principles of Consumer Psychology (4)** Examination of the attitudes and decisions of consumers, and how to effectively reach consumers by using persuasion and proper positioning in the marketplace. Open only to M.H.B. students.

**PSYC 554 Application of Psychological Influence (4)** Examination of the psychological factors that make messages effective, which include preconceptions and biases of individuals and groups, universal and idiosyncratic motivations, hopes, and fears. Open only to M.H.B. students.

**PSYC 555 Introduction to Functional Magnetic Resonance Imaging (4, FaSp)** The physical and physiological bases of MRI and fMRI. Design and analysis of fMRI experiments. Operation of a magnetic resonance imaging system.

**PSYC 556 Psychology of Interactive Media (4)** Examination of the diverse methods of communicating with a target audience with a special emphasis on the newest computer-based tools for providing information and influence. Open only to M.A., Communication; M.C.M.; and M.H.B. students.

**PSYC 574 Topics in Engineering Approaches to Music Cognition (3, max 6)** (Enroll in ISE 575)

**PSYC 575L Multivariate Analysis of Behavioral Data (4, Irregular)** Multivariate statistical models and contemporary computer methods in multiple regression, multivariate analysis of variance, factor analysis, canonical correlation, repeated measures analysis, and structural equation modeling. *Prerequisite:* PSYC 500L.

**PSYC 576 Psycholinguistics (3, Fa)** (Enroll in LING 576)

**PSYC 577 Analysis of Covariance Structures (4, Irregular)** Multivariate analysis of non-experimental data, including structural equation modeling, path analysis, and confirmatory factor analysis. Computer applications using variety of optimization routines and purpose-written software. *Prerequisite:* PSYC 503.

**PSYC 578 Workshop in Quantitative Methods (4, max 8)** Practical, hands-on experience in the application of selected quantitative methods to empirical data. Includes training in use of relevant computer software. *Prerequisite:* PSYC 501 and either PSYC 502 or PSYC 503.

**PSYC 586 Advanced Psycholinguistics (3, max 9)** (Enroll in LING 586)

**PSYC 590 Directed Research (1-12, FaSp)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PSYC 591 MHB Internship (2, 4, 6, 8, max 8)** Internship in a non-university setting, such as business, governmental agency, or NGO. Graded CR/NC. Open only to MHB students.

**PSYC 592 MHB Treatise (2)** Requires a research paper of substantial length and high quality that integrates the Internship experience with concepts and principles of human behavior. Graded CR/NC. Open only to MHB students.

**PSYC 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**PSYC 594abz Master's Thesis (2-2-0, FaSp)** Credit on acceptance of thesis. Graded IP/CR/NC.

**PSYC 595 Practicum in Clinical Psychology (1-4, max 12, FaSp)** Supervised experience in interviewing skills and assessment, including psychological test administration and the preparation of reports. Graded CR/NC.

**PSYC 599 Special Topics (2-4, max 8)** Selected topics in the various speciality areas within psychology at the graduate level. Topic will vary from semester to semester.

**PSYC 606 Seminar in Learning and Memory (4, max 8, Irregular)** Basic problems and experimental data related to understanding the nature of learning processes.

**PSYC 607 Seminar in Behavioral Neuroscience (4, max 8, Irregular)** Selected topics considered in the contexts of recent experimental developments and current theoretical trends.

**PSYC 610 Seminar in Information Processing in the Nervous System (4, max 8, Irregular)** Current issues in research on short term retention, recognition, and recall; sensory filtering and attention; information processes in human skill; limits of capacity.

**PSYC 612 Seminar in Advanced Social Psychology (4, max 16, Irregular)** An intensive consideration of selected concepts, theories, and research problems in social psychology. *Prerequisite:* PSYC 512.

**PSYC 616 Research Techniques for Non-Experimental Social Science (4, Irregular)** Quasi-experimental designs; causal inference from correlational research, techniques for evaluating measures of attitude, personality, and social motives; observational methods; content analysis; sampling and survey techniques.

**PSYC 619 Psychological Intervention (4, Sp)** Study of clinical psychological treatment: research and theory about major psychological approaches to intervention. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.)

**PSYC 621 Seminar in Quantitative Psychology (4, max 12, Irregular)** Selected topics in mathematical psychology.

**PSYC 622 Decision Analysis and Behavioral Decision Theory (4, Irregular)** Normative and descriptive theories and research on human decision-making, with special emphasis on applications to real social decision problems.

**PSYC 660 Seminar in Clinical Psychology (4, max 8, Irregular)** Selected topics in clinical psychology.

**PSYC 663 Computational and Cognitive Neuroscience (4)** (Enroll in CSCI 663)

**PSYC 676 Seminar in Psycholinguistics (3, max 12)** (Enroll in LING 676)

**PSYC 680 Seminar in Psychopathology (4, max 8, Irregular)** Selected topics in psychopathology.

**PSYC 691ab Internship in Clinical Psychology (0-0, FaSp)** Supervised clinical work in an approved mental health setting. Graded CR/NC. *Prerequisite:* good standing in clinical program and departmental approval.

**PSYC 695 Advanced Practicum in Clinical Psychology (1-4, max 12, FaSp)** Didactic practicum combining theory and research on psychological intervention with clinical practice in assessment and treatment, focused on particular client groups or disorders. Graded CR/NC.

**PSYC 790 Research (1-12, FaSp)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**PSYC 794abcdz Doctoral Dissertation (2-2-2-0, FaSp5m)** Credit on acceptance of dissertation. Graded IP/CR/NC.

Director: Duncan Williams, Ph.D.

### Faculty

*Myron and Marian Casden Directorship of the Casden Institute for the Study of the Jewish Role in American Life and Professor of Religion:* Bruce Zuckerman, Ph.D.\*

*King Faisal Chair in Islamic Thought and Culture and Professor of Religion and American Studies and Ethnicity:* Sherman Jackson, Ph.D.

*Knight Chair in Media and Religion:* Diane Winston, Ph.D. (*Communication and Religion*)

*John R. Tansey Chair in Christian Ethics and Professor of Religion:* Rev. Cecil (Chip) Murray, Rel.D.

*Alton M. Brooks Professor of Religion:* James Heft, Ph.D.

*Leonard K. Firestone Professor of Religion:* Donald Miller, Ph.D.

*Professors:* Lisa Marie Bitel, Ph.D. (*History*); Ronald R. Garet, Ph.D., J.D. (*Law*); Paul Lichterman, Ph.D. (*Sociology*)

*Associate Professors:* Sheila Briggs, M.A.; Lori Rachele Meeks, Ph.D. (*East Asian Languages and Cultures*); Duncan Williams, Ph.D.

*Assistant Professors:* David Albertson, Ph.D.\*; James McHugh, Ph.D.; Megan Reid, Ph.D.

*Lecturer:* Lynn Swartz Dodd, Ph.D.

*Adjunct Professors:* James Heft, Ph.D.; Katharine Harrington, Ph.D.; Cecil Murray, Ph.D.; Stephen Smith, Ph.D.

*Emeritus Professors:* Robert Ellwood, Ph.D.; Gerald A. Larue, Th.D.; John B. Orr, Ph.D.; J. Wesley Robb, Ph.D., LHD\*

*Emeritus Associate Professors:* John P. Crossley, Jr., Th.D.\*; William W. May, Ph.D.; Alvin S. Rudisill, Ph.D.

\*Recipient of university-wide or college teaching award.

The School of Religion offers undergraduate courses in biblical studies; ancient near eastern religion, east and south Asian religions, including Hinduism, Buddhism and Taoism;

religions in Latin America; contemporary North American religions; the histories of Judaism, Christianity and Islam; the sociology of religion; religion and gender; and topics in religious ethics. Courses are designed to facilitate a critical and comparative understanding of religious traditions in the light of the most current scholarship.

Students also have the opportunity to receive regular USC course credit for courses taken at Hebrew Union College. Students have the option to take occasional courses at Hebrew Union College or to declare an emphasis in Judaic Studies (see the requirements indicated below for more information).

### Degree Programs

The School of Religion offers the Bachelor of Arts in Religion, the Bachelor of Arts in Interdisciplinary Archaeology, a B.A. with an emphasis in Judaic Studies, a minor in religion, an M.A. and Ph.D. in Religion and Social Ethics, a joint Ph.D. with Hebrew Union College, and a dual degree with the USC Gould School of Law.

## Undergraduate Degrees

### Major Requirements for the Bachelor of Arts in Religion

The department major requires REL 301 Introduction to the Study of Religion (preferably taken at the beginning of the student's major courses) and REL 401 Seminar in Religious Studies. Further, students will select one or two lower-division courses and four or five additional upper-division courses from the lists below. The total unit

requirement for the major is 32 units (at least 24 to 28 units must be upper-division).

#### Lower-division Options:

REL 111, REL 112, REL 121, REL 125, REL 131, REL 132, REL 133, REL 134, REL 135x, REL 136x, REL 137, REL 140, REL 145, REL 150

#### Upper-division Options:

CLAS 323, COMM 425, COMM 426, EALC 431, HIST 482, JS 321, JS 361, JS 382, JS 467, REL 311, REL 312, REL 315, REL 316, REL 317, REL 319, REL 325, REL 329, REL 330, REL 331, REL 332, REL 333, REL 334, REL 335, REL 336, REL 339, REL 341, REL 360, REL 364, REL 366, REL 375, REL 394, REL 414, REL 415, REL 417, REL 433, REL 435, REL 440, REL 442, REL 455, REL 460, REL 461,

REL 462, REL 468, REL 469, REL 471, REL 473, REL 474, REL 479, REL 481, REL 483, REL 493, REL 494, REL 495, REL 499

Students who intend to do graduate work in some area of religious studies are encouraged to concentrate their course selections in the area of their preference and to begin learning the languages that are essential for study in that area. This includes modern languages such as French, German, Chinese or Japanese, and perhaps an ancient language.

#### Religion Major with Honors

Majors who wish to graduate from the university with honors in religion must achieve a minimum 3.5 grade point average in the major at the time of graduation. In addition to completing the required 32 units listed above, candidates for honors must register for REL 491x Undergraduate Honors Research, in which they must complete an acceptable senior honors project in religion. The total unit requirement to graduate with honors is 36 upper division units.

#### Honor Society

Theta Alpha Kappa is a national honor society for those involved in the study of religion at the undergraduate and graduate level. It is open to declared majors who have completed at least three semesters of college and at least 12 units of religion courses. Students must have a GPA of at least 3.5 in major courses and an overall GPA of at least 3.0.

#### Judaic Studies Emphasis Major

A Bachelor of Arts in Religion with an emphasis in Judaic Studies is offered cooperatively with the School of Religion and Hebrew Union College-Jewish Institute of Religion. Students will complete all requirements for the bachelor of arts in religion. In fulfilling these requirements, students who choose the Judaic Studies emphasis will select any three of the following courses: REL 312; JS 321, JS 361, JS 382, JS 467.

As a prerequisite for participation in the Judaic Studies emphasis, students must enroll in either JS 100 Jewish History or JS 180 Introduction to Judaism. In addition, students who elect the Judaic Studies emphasis must complete HEBR 120, HEBR 150, and HEBR 220, which may be used to fulfill the college's language requirement.

The total number of units to graduate with the Judaic Studies emphasis major is 36 units. This does not include the Hebrew language requirement.

#### Bachelor of Arts in Interdisciplinary Archaeology

*Director:* Lynn Swartz Dodd, Ph.D.

Students are given broad-based exposure to a range of methods by which archaeological data are retrieved and analyzed and theoretical paradigms and intellectual foci by and from which archaeologists interpret the past's material culture.

In addition to the general education requirements, the following courses are required:

REQUIRED COURSES, LOWER DIVISION		UNITS
ANTH 202	Introduction to Archaeology, or	
CLAS 212L	Archaeology: Interpreting the Past	4
AHIS 201	Digging into the Past: Material Culture and the Civilization of the Ancient Mediterranean, or	
LING 295	The Ancient Near East: Culture, Archaeology, Texts	4
Total lower division units		8

REQUIRED COURSES, UPPER DIVISION		UNITS
<i>Theory and Methods</i>		
(any two of the following three courses)		
AHIS 425	Interdisciplinary Studies in Classical Art and Archaeology: Research and Methodology	8

REL 494 Advanced Near Eastern and Mediterranean Archaeology  
REL 495 Field Methods in Archaeology

#### Interdisciplinary Perspectives

AHIS 321	Greek Art and Archaeology, or	
AHIS 322	Roman Art and Archaeology, or	
AHIS 384	Early Chinese Art, or	
AHIS 420	Studies in Ancient Art	4
ANTH 310	Archaeology of the Americas, or	
ANTH 311	Old World Archaeology	4
CLAS 323	Aegean Archaeology	4
REL 394	Archaeology of Egypt and the Near East, or	
REL 493	Art and Archaeology of Religion	4
Elective	Any 300 or 400 level course offered by the Anthropology, Art History, Classics, Linguistics or Religion departments	4

#### Capstone course

CLAS 465 Archaeology and Society 4

Total upper division units 32

#### Religion Minor

Students taking the religion minor must enroll in REL 301 Introduction to the Study of Religion. In addition, they must complete one lower-division course and three upper-division courses selected from those listed in the religion major requirements. The total unit requirement for the minor is 20 units; 16 of those units must be upper division.

Students who wish to focus their minor in Jewish studies must minor in Judaic Studies.

#### Judaic Studies Minor

See Judaic Studies, page 386, for a full description of the minor.

#### Critical Approaches to Leadership Minor

See the Department of Interdisciplinary Studies, page 375 for a full description of the minor.

## Graduate Degrees

The School of Religion offers graduate study at the master's and doctoral degree levels in the field of religion and social ethics.

Graduate work in religion and social ethics is designed to develop critical reflection upon problems of norms, values, social institutions and specific social issues within the framework of theological, philosophical and social scientific disciplines.

Graduate study in religion and social ethics is divided among three areas of concentration:

*Area I. Religious and Philosophical Approaches to Social Ethics* Studies the formation and historical development of social ethical traditions as they grow out of religious and philosophical commitments. Attends especially to such

issues as the relationship of religious faith to the moral life, the relationship between religious and philosophical ethics, foundational and non-foundational perspectives on social ethics, ethical absolutism and ethical relativism, and religious and philosophical visions of a just society.

*Area II. Religion and Culture* Focuses on the social and cultural contexts, both ancient and modern, within which religious faith and moral character develop and religious and moral decisions are made. Concerns itself with such issues as the role of institutions in mediating religion, community, human services, and perceptions of the good life and good society; how the religious and moral character of individuals and groups is formed in particular social and cultural contexts; and how and why norms and values change. Makes use of field studies and other empirical research methods.

*Area III. Ethical Analysis and Policy Formation* Develops the capability to make sound judgments about ethical issues and to relate these judgments to policy formation. Relates theological, philosophical, legal and social scientific theories and methods to the analysis of questions of justice and rights in society. Special emphasis is given to ethical issues in medicine, business and the impact of technology on society and culture. Utilizes the case study method along with more traditional models of decision-making, goal-setting and the devising of strategies for positive social change.

#### **Degree Requirements**

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School. Decisions regarding the number of transfer credits to be awarded will be made on a case-by-case basis by the faculty of the School of Religion.

#### **Core Course Requirement**

##### *General Requirements*

Doctoral students are expected to take three core courses, one in each of the three areas of concentration: Area I, 507 Social Ethics; Area II, REL 531 Sociology of Religion; Area III, REL 560 Normative Analysis of Issues. Master's students are expected to take two of the core courses offered during their year of residency. At least one core course is offered each semester. Students are expected to take one core course each semester until the core requirement is met.

##### *Normal Load*

A normal, full-time load is two or three courses (eight or 12 units) each semester.

#### **Master of Arts in Religion and Social Ethics**

The M.A. degree program consists of 24 units of graduate-level course work and either a comprehensive examination or a thesis. A maximum of one third of the 24 units may be taken at the 400 level. No foreign language is required for the master's degree.

Master's degree students are expected to take two of the core courses offered during their year of residency and four additional elective courses for a total of six courses. The comprehensive examination consists of two half-day, four hour examinations, primarily in the areas of two of the core courses offered in the year of a student's residency, but with some attention to the third area. The master's degree with comprehensive examination option may be completed in two semesters of full-time work (12 units each semester). The thesis option requires research on a specific topic and requires registration in REL 594ab Master's Thesis in addition to the 24 units of required course work.

#### **Doctor of Philosophy in Religion and Social Ethics**

##### *Course Requirements*

Sixty units of course work are required for the Ph.D. degree, including units of previous graduate work for which credit is allowed. Since students normally complete between 16 and 20 units a year, three years are required to complete the course work for students who have done no previous graduate study. Time of residency is contingent upon the background and preparation of the student.

In addition to the 12-unit core requirement, each student is required to take four elective units in each area of concentration. Students are also expected to take courses in areas which will support their dissertation work. Such courses may be offered in related departments in the university as well as in the School of Religion and should be selected in consultation with an adviser.

A maximum of eight units of 794 Doctoral Dissertation may be applied toward the 60 unit total requirement. A 3.0 GPA must be maintained in course work. Students are screened by a faculty committee after completion of 20 units (16 units for transfer students), and advised as to whether they should continue with the Ph.D. program.

Students with deficient backgrounds in the history of ethics are urged, after consultation with their advisers, to take one of the following three courses: PHIL 442 History of Ethics to 1900, REL 500 History of Theological Ethics or REL 504 Ethics in the History of Western Religious Thought.

##### *Foreign Language Requirement*

The School of Religion requires a reading knowledge of one modern foreign language. The student should pass the language examination by the end of the first full year of residency. The language requirement must be met before a student will be permitted to take the qualifying examination.

##### *Qualifying Examination*

A student is admitted to candidacy for the Ph.D. degree when the qualifying examination is successfully completed. The qualifying examination consists of five separate examinations: (a) three, three-four hour examinations in each of the three areas of concentration based on a combination of core bibliographies available for each area and student bibliographies. The Area III examination is a case study that deals directly with an issue that requires discussion of rights and justice, utilizes decision-making models and results in policy formation; (b) a three-four hour examination in the area of the student's special interests and/or dissertation area; (c) a two-hour oral examination in which the student is questioned about the written examinations.

Students whose preparation for the dissertation could be facilitated by a case study more extensive than is feasible for a three-four-hour in-house examination may avail themselves of the following option: Instead of taking the Area III examination (case study) and the special interest area examination as two separate examinations, students may collapse the two into a 72-hour, take-home case study in the dissertation area.

Upon successful conclusion of the qualifying examination, the student immediately forms a dissertation committee, and submits to the dissertation committee within one month a 10-12 page dissertation proposal. The dissertation committee discusses the proposal with the student, suggests necessary alterations and additions, and bibliography, and requires the student to submit a final proposal for approval within one month.

##### *Dissertation*

The final stage of the program is the submission of an acceptable dissertation based on original investigation. The dissertation must show technical mastery of a special field, evidence of independent research, and the analytical and interpretive ability expected of a scholar.

### **Joint Doctor of Philosophy Program in Religion and Social Ethics with Hebrew Union College-Jewish Institute of Religion**

In conjunction with Hebrew Union College-Jewish Institute of Religion, the Ph.D. Program in Religion and Social Ethics may be taken with a concentration in Judaic Studies. Applicants should apply to USC; applications will be considered jointly with Hebrew Union College. Individual programs may be developed within the parameters for religion and social ethics set forth above.

### **Dual Degree Program in Law and Religion and Social Ethics**

The School of Religion, in conjunction with the USC Gould School of Law, offers a dual degree in law and religion and social ethics. The goal of this program is to provide the highest level of education and academic preparation to students committed to both disciplines. Students completing this program will be fully prepared to function as practicing lawyers, as well as to teach. Requirements for this dual degree are listed in the law school, page 741. To earn the J.D.,

all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year. The associate dean may make exceptions to this rule for students enrolled in law school honors programs.

### **Professional Ethics**

Students interested in bioethics, business ethics or professional ethics may develop an area of concentration in one of these fields. These fall under Area III.

## Courses of Instruction

### **RELIGION (REL)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**REL 111g The World of the Hebrew Bible (4)** The Hebrew Bible in the cultural setting of the Ancient Near East; the formation of theological and ethical concepts which have shaped Western culture.

**REL 112g Religions of Egypt and the Ancient Near East (4)** Religions, cultures, and values of ancient Egypt and Near East (Iran, Iraq, Israel, Syria, Lebanon, Arabia, Turkey) and their legacies in contemporary society.

**REL 121g The World of the New Testament (4)** Historical investigation of New Testament characters, events, ethics and theology in relation to its social, intellectual, and religious contexts in the Jewish and Greco-Roman world.

**REL 125g Introduction to Christianity (4)** Survey of the changing beliefs and practices of the Christian religion from obscure origins to globalized present, with special attention to the varieties of Christian literature.

**REL 131g Religions of Asia (4)** Traces the development of religious thought in India, China and Japan, from earliest times to the present, paying attention to certain recurrent themes or motifs.

**REL 132g Religions of the West (4)** Examination of Judaism, Christianity, and Islam in their origins and their development in relation to Western civilization.

**REL 133g Religions of Latin America (4)** Examines the diverse and complex religious traditions of Latin America.

**REL 134gx Introduction to Buddhist Literature (4)** Focus primarily on works of Buddhist literature written in a variety of genres. Introduction of basic teachings that link Buddhist traditions across time and space.

**REL 135gx Religions of China (4)** Historical and thematic survey of Chinese religious history from earliest times to the present.

**REL 136xg Sense and Sensuality in Indian Religious Literature (4)** Exploration of the senses and the technologies of pleasure in India, relating this material to some fascinating examples of Hindu, Jain, and Buddhist literature. Not for major credit for Religion or Religion (Judaic Studies) majors.

**REL 137g Introduction to Islam (4)** Introduction to Islam, emphasizing its historical and cultural development since the seventh century C.E., and the basic teachings of Islam.

**REL 140g Religion and Ethical Issues (4)** How major Western religious orientations affect deliberation concerning issues such as reproductive technologies and abortion, physician-assisted death, civil disobedience, homosexuality, economic justice, and just war. *Concurrent enrollment:* WRIT 140.

**REL 145m Religion in Los Angeles (4)** Examines the variety of different religious groups and movements in Los Angeles, one of the world's finest laboratories for studying religious innovation, diversity, and pluralism.

**REL 150g Religion and Immigration (4)** Study of social and cultural consequences of immigration through the lens of religion. *Concurrent enrollment:* WRIT 140.

**REL 301 Introduction to the Study of Religion (4, Fa)** Analysis of alternative paths to spirituality, survey of major critics and interpreters of religious commitment. Majors should take at beginning of major course work.

**REL 302 Religions of Ancient Egypt and the Near East (4)** Religious experience and values of ancient Egypt and Near East through material culture, literature, art, and cultic practices; and their legacies in contemporary society.

**REL 311 The Bible in Western Literature (4)** Comparative analysis of biblical works and how they were employed by various writers in major works of Western literature.

**REL 312 Biblical Wisdom Literature (4)** Survey of and inquiry into the biblical wisdom literature; emphasis on the Book of Job.

**REL 315 Thought and Life of Islam (4)** History, thought, institutions, and religious practices of Islam.

**REL 316 Women and the Islamic Tradition (4, Fa)** Overview of social and legal status of women in Islamic society, past and present. Examination of social roles established both for and by Muslim women.

**REL 317 Ancient Near Eastern Myth and Literature (4)** A close consideration of ancient Near Eastern myths — especially those from Mesopotamia and Canaan — with special attention to their influence on the Bible.

**REL 319 Religious and Ethical Issues in Death and Dying (4)** Analysis of religious and ethical approaches to death and dying, including refusal of treatment for competent and incompetent patients, voluntary and involuntary euthanasia, and resuscitation.

**REL 323 Aegean Archaeology (4)** (Enroll in CLAS 323)

**REL 325 Religious Experience in the Greco-Roman World (4)** Varieties of religious experience as reflected in the literature, art, and cultic practices of the Hellenistic world.

**REL 328 Archaeology of Religion in the Greco-Roman World (4)** (Enroll in CLAS 328)

**REL 329 Themes in the Religions of China (4)** A study of selected themes in the history of Chinese religions and culture. Compares cases and materials from several historical periods and religious traditions.

**REL 330 Introduction to the Religions of India (4, FaSpSm)** History, teaching, and practice of Hinduism, Buddhism, and other religious traditions of India.

**REL 331 Religions of East Asia (4)** History, teaching, and practice of the religions of China, Tibet, and Japan.

**REL 332 Religions of Japan (4)** The development of religious thought and practice in the Japanese islands, with Buddhism and Shinto being the most prominent.

**REL 333 Religion in the Borderlands (4)** Survey of religious history of U.S./Mexico borderlands. Emphasis is given to definitions of place and transformations in culture and forms of belief.

**REL 334 Religion and Colonial Encounter (4)** Survey of religious responses to colonial encounter in the Americas. Emphasis given to study of religious innovations of Amerindians, Africans, and Europeans.

**REL 335 Gender, Religion, and Sexuality (4)** The construction of gender and sexuality in Western religious traditions; its continued impact on contemporary intellectual, cultural, and social life.

**REL 336m Re-viewing Religion in Asian America (4)** Interdisciplinary analysis of the religions traditions, institutions, and experiences of Asians and Pacific Islanders in the U.S.

**REL 338 Mysticism and Religious Desire (4)** How human appetites for sex, food, community or immortality are articulated as mystical desires in different religions, either within institutional structures or working against them.

**REL 339 Studies in the History of Christianity (4)** In-depth exploration of one of the pivotal moments in the history of Christianity and Western society.

**REL 341 Technology, Culture, and Ethics (4)** Examination of value questions arising from the impact of technology on individuals, social institutions, and culture.

**REL 360 Ethical Issues in the New Medical Revolution (4)** Multimedia-oriented analysis of issues; definition of life and death; research on human subjects, health care delivery, euthanasia, abortion, genetic counseling, behavior control.

**REL 364 Religion and Ethics (4)** Traces the development of how religious ideas have informed ethics, or accounts of the good life, including notions of justice, righteousness, virtue, duty, charity and happiness.

**REL 366 Religion and Social Change (4)** Empirical and theoretical analysis of social change and its effect on religious institutions as well as the impact of religious movements on society.

**REL 370 Religion and Visuality (4)** Examination of the deep connections between visuality and religions, including visions, controversies over religious images, and other connections between religion and visual art.

**REL 375 Conflict and Change and the Ethics of Business (4)** Impact of recent events and developments on the ethics of business, such as civil rights, affirmative action, professionalism, consumerism, ecology, changing life styles, and government regulation.

**REL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**REL 394 Archaeology of Egypt and the Near East (4)** Study of archaeology and excavated artifacts from Egypt and the Near East.

**REL 401 Seminar in Religious Studies (4, Sp)** Survey of methods and selected issues in the field of religious studies; required of all majors during their junior or senior year. (Duplicates credit in former REL 399.) *Recommended preparation:* REL 301.

**REL 414 History of Islamic Law (4, Sp)** Examines legal methods and religious sources used in Islamic law. Emphasis is placed on the way cultural developments affect legal thought and the administration of justice.

**REL 415 Seminar in Buddhism (4)** Seminar on selected aspects of the Buddhist tradition.

**REL 417 Seminar in South Asian Religions (4)** Exploration of particular themes and/or traditions in South Asian religions.

**REL 425 Communicating Religion (4)** (Enroll in COMM 425)

**REL 426 Religion, Media and Hollywood: Faith in TV (4)** (Enroll in COMM 426)

**REL 431 The Taoist Tradition (4)** (Enroll in EALC 431)

**REL 435 Religious Thought After the Enlightenment (4)** Changes in religious thought between the late 18th and early 20th centuries in the wake of the emergence of modernity in the West.

**REL 440 Christian Thought in the 20th Century (4)** Examination of dynamic new directions taken by Christian understandings of self, God, and salvation in response to the novel conditions of modern culture, politics and philosophy.

**REL 441 Origins of Modern Theology (4)** 19th century liberal, rationalist, and historical theology.

**REL 442 Religion and Science (4)** Explores whether religion and science offer competing or complementary models for understanding the world and the human place within it.

**REL 448m Islam in France (4, FaSp)** (Enroll in FREN 448m)

**REL 455 Philosophy of Religion: Bases of Belief and Disbelief (4)** Rational and empirical foundations for religious faith and for skepticism.

**REL 460 Senior Seminar: Medical Ethics (4)** Analysis of ethical problems related to new developments in medical science. Graded CR/NC.

**REL 461 Business and Society (4)** Theories of corporate social responsibility from contrasting points of view and the relation of social responsibility to theories of management ethics, utilizing case studies.

**REL 462 Religion and Violence (4)** Religious and moral perspectives on war, pacifism, violent and non-violent protest, and religion-based terrorism and militia.

**REL 468 Sociology of Religion (4)** The role of religion in modern society from the standpoint of sociological theory and research.

**REL 469 Black Religion in America (4)** Historical, sociological, and theological analysis of the nature and role of black religion in the American setting.

**REL 471 Jesus (4)** A study of major interpretations of the figure of Jesus, with focus on the interaction between religious traditions and culture.

**REL 473 Advanced Hebrew Bible Studies (4)** Consideration of specific topics in Old Testament studies; particular topics determined each semester.

**REL 474 Advanced New Testament Studies (4)** Consideration of specific topics in New Testament studies. Particular topics determined each semester.

**REL 479 Seminar in Christian Thought (4)** Studies a theme, period, or problem from the history of Christian thought within its intellectual and social context.

**REL 481 History of Religion in America (4)** Intellectual, institutional, and social history of religion in America from colonial times to the present.

**REL 482 Jesus in American History and Culture (4)** (Enroll in HIST 482)

**REL 483 Religion and Popular Culture in the United States (4, Sp)** Critical analysis of the relationship between religion, mass media, and popular cultural forms in the U.S. *Recommended preparation:* REL 301.

**REL 484 American Religion, Foreign Policy and the News Media (4, Sp)** (Enroll in JOUR 484)

**REL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**REL 491x Undergraduate Honors Research (4)** Individual research for honors in the major leading to a substantial project. Open only to religion majors at the junior or senior level.

**REL 493 Art and Archaeology of Religion (4, FaSp)** The history of religion through its material expression: art, architecture and artifact. Exploration of different themes and time periods.

**REL 494 Lab Methods and Theories in Archaeology (4)** Archaeological research design, data recovery, artifact analysis, interpretation and analogy, publication and ethics.

**REL 495 Field Methods in Archaeology (2-6)** Archaeological field study emphasizing current paradigms of data collection and evaluation; social scientific study of material culture and its relationship to religious expression.

**REL 499 Special Topics in Religion (2-4, max 8)** Selected topics in religious studies.

**REL 500 History of Theological Ethics (4)** The ethical thought of major theological thinkers in the patristic, medieval, Reformation, and modern periods.

**REL 501 Theories and Methods in Religious Ethics (4)** Classical and contemporary writers on the interpretation of religious ethics. Perspectives from the history, phenomenology and the social scientific study of religious ethics.

**REL 503 Theories of Rights and Justice (4)** Naturalist, utilitarian, contractarian, and Marxian conceptions of rights and distributive justice; their history and contribution to contemporary social ethics.

**REL 504 Ethics in the History of Western Religious Thought (4)** Ethics in the thought of key religious thinkers in Judaism, Christianity, and Islam from the first to the 19th centuries.

**REL 505 Contemporary Theological Ethics (4)** The current state of Reformation and Catholic ethics in comparison with current theological ethics influenced by the Enlightenment.

**REL 506 Tradition and Community in Western Religious Thought (4)** Analysis of how religious identity has been formed in Western history through the definition of tradition and community.

**REL 507 Social Ethics (4)** Major traditions of religious social ethics in the U.S. in their development from European antecedents to their current states. *Prerequisite:* graduate standing.

**REL 508 Ethics of Liberation Theology (4)** Analysis of a major movement in contemporary theological ethics in its societal context and relationship to the institutional church and traditional Christian ethics.

**REL 509 Early and Medieval Religious Thought in the West (4)** Religious thought in the West from pre-Augustine to post-Thomas Aquinas. Emphasis on primary texts: Augustine, Boethius, Anselm, Averroes, Maimonides, and Thomas.

**REL 510 Biblical Ethics — Old Testament (4)** Old Testament ethics, with emphasis on the historical, institutional, and literary context.

**REL 512 Biblical Ethics — New Testament (4)** New Testament ethics, with emphasis on the historical, institutional, and literary context.

**REL 515 Comparative Religious Ethics (4)** A comparative study of ethical thought and practice in cultures and of persons shaped by the major world religions.

**REL 516 Modern Continental Religious Thought (4)** The effects of the Enlightenment on Jewish, Catholic, and Reformation thought of the 19th century, and of the latter on 20th century religious thought.

**REL 520 The Christian Pragmatism of Reinhold Niebuhr (4)** Examination of Niebuhr's life and writings, critical analysis of significance regarding social gospel, Neo-orthodoxy, Marxism, New Deal, World War II, and the Cold War.

**REL 530 Social Theory in Religious Social Ethics (4)** Relationship of sociological theory and methodology to the normative analysis of social institutions, social policy, and cultural values.

**REL 531 Sociology of Religion (4)** Examination of major classical and contemporary theorists, the impact of social change on religious institutions, and the social role and function of religion.

**REL 532 Moral Issues in Urban Religion (4)** The history, theologies, and practices of urban religious institutions: an examination of moral issues in the changing interaction between religion and urban culture.

**REL 543 Radicalism and Reform in Religious Social Ethics (4)** Critical and historical analysis of radical and reformist themes in 20th century religious social criticism, particularly in the American situation.

**REL 544 Law, Politics, and the Religious Conscience (4)** 19th century backgrounds. Church-state issues; religious communities as political agents; religious rhetoric and public political rhetoric.

**REL 560 Normative Analysis of Issues (4)** Methods of case study analysis which identify and draw upon ethical theory and result in public policy recommendation.

**REL 565 Seminar in Bioethics (4)** Ethical issues in death and dying, human experimentation, genetic engineering, behavior modification, health care delivery, abortion, and others.

**REL 567 Seminar in Business Ethics (4)** Critical evaluation of ethical issues in the relation between business and society; focus on value conflicts in resolution of issues.

**REL 568 The Rights of Groups (4)** Legal and moral rights of religious, racial, ethnic, and communal groups; sources and criticisms of group claims in sociology, ethics, and jurisprudence.

**REL 570 Ethical Assessment of Technology (4)** Analysis of psychological, social, and cultural impact of technology; formulation of normative social policy regarding military, computer, communications, energy, pollution, and behavior control technologies.

**REL 572 Freedom, Justice and Order in Social Policy (4)** Significance of, and conflicts between central social values; their applications to specific contemporary social policy questions.

**REL 575 The Ethics of Women's Liberation (4)** The methodologies of feminist ethics, their emergence out of the academic disciplines and women's movement, and their applications to social policy issues.

**REL 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**REL 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**REL 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**REL 599 Special Topics (2-4, max 8)**

**REL 600 Advanced Seminar in Religious and Philosophical Approaches to Social Ethics (4, max 8)** Ontological and positivistic bases of social ethics.

**REL 602 The Evolution of Roman Catholic Thought (4)** The modern Roman Catholic description of the development of doctrine in the light of its ancient, medieval and modern sources.

**REL 626 Seminar in Jewish Ethics (4)** (Enroll in Judaic Studies 626)

**REL 630 Advanced Seminar in Religion and Culture (4, max 8)** Moral expression as critical of and shaped by institutions and cultures.

**REL 660 Advanced Seminar in Ethical Analysis and Policy Formation (4, max 8)** Ethical reflection on the making of private and public policies from a moral perspective.

**REL 790 Directed Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**REL 794abcdz Doctoral Dissertation (2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

*Assistant Professors (Teaching) of German:* John W. Arensmeyer Jr., Ph.D.; Eve Lee, Ph.D.

*Lecturer:* John Adam Peters III

*Emeritus Professor:* Anthony M. Mlikotin, Ph.D.

\*Recipient of university-wide or college teaching award.

### Undergraduate Programs

The Department of Slavic Languages and Literatures offers a major in Russian at the undergraduate level and minors in Russian and Russian Area Studies. The major combines thorough preparation in the Russian language with the study of Russian literature, art and culture. Particular emphasis is placed on developments in contemporary Russia.

Students are required to study four semesters of Russian language as a prerequisite to the major. The major itself requires an additional three semesters of language study, three semesters of an advanced seminar on Russian culture (with varying content), and two elective courses, either in Russian literature and culture (in translation or Russian, depending on course scheduling) or in Russian area studies.

### Graduate Programs

The Department of Linguistics offers, under the jurisdiction of the Graduate School, the Doctor of Philosophy in Linguistics (Specialization in Slavic Linguistics).

The Department of Comparative Studies in Literature and Culture offers, under the jurisdiction of the Graduate School, the Master of Arts and the Doctor of Philosophy in Comparative Studies in Literature and Culture (Slavic Languages and Literatures).

## Undergraduate Degrees

### Department Major Requirements for the Bachelor of Arts in Russian

REQUIRED COURSES, LOWER DIVISION		UNITS
SLL 120	Beginning Russian I	4
SLL 150	Beginning Russian II	4
SLL 220	Intermediate Russian I	4
SLL 250	Intermediate Russian II, or	
SLL 255	Business Russian	4
REQUIRED COURSES, UPPER DIVISION		UNITS
SLL 310	Advanced Russian in Popular Culture	4
SLL 321	Russian Culture, or	
SLL 330	Russian Thought and Civilization	4
SLL 340	Intercultural Communication in Russian	4
SLL 465	Seminar in Russian Studies (taken three times, with varying content)	4, max 12

And two elective courses approved by the undergraduate adviser.

### Minor in Russian

Lower division requirements for the major plus three upper division elective courses chosen from the following (at least two of the areas must be represented): Russian language (SLL 310, SLL 340, SLL 420); Russian literature and culture taught in Russian (SLL 321, SLL 465); Russian literature, art and culture taught in translation (SLL 330, SLL 344, SLL 345, SLL 348, SLL 378).

### Minor in Russian Area Studies

#### Lower Division Requirements

Four semesters of Russian language (SLL 120, SLL 150, SLL 220 and either SLL 250 or SLL 255), or its equivalent.

#### Upper Division Requirements

The core course, SLL 330 Russian Thought and Civilization; one course outside the Slavic department, from among the following: HIST 324, HIST 328, HIST 415, HIST 416, HIST 417, HIST 424; IR 345, IR 346, IR 439, IR 483; POSC 464; and one elective, to be chosen from among: any upper division SLL course in Russian literature, art or culture; HIST 320, HIST 324, HIST 415, HIST 416, HIST 417, HIST 424; IR 345, IR 346, IR 439, IR 483; POSC 464.

Note: the course taken to fulfill the requirement outside the Slavic department cannot also count as an elective.

## Graduate Degrees

### Master of Arts in Comparative Studies in Literature and Culture (Slavic Languages and Literatures)

See Comparative Studies in Literature and Culture (page 309) in this catalogue.

### Doctor of Philosophy in Comparative Studies in Literature and Culture (Slavic Languages and Literatures)

See Comparative Studies in Literature and Culture (page 310) in this catalogue.

### Doctor of Philosophy in Linguistics (Specialization in Slavic Linguistics)

Application deadline: January 1

See Linguistics (page 398) in this catalogue.

### Certificate in Foreign Language Teaching

The Certificate in Foreign Language Teaching provides certification in the theory and practice of second or foreign language teaching for student language teachers concurrently enrolled in graduate degree programs in foreign languages or related graduate programs

at USC; for graduates of such programs who are teaching languages; for external candidates concurrently enrolled in similar programs at accredited colleges or universities; or for graduates of such programs who are teaching languages. The certificate is meant to supplement graduate study in the literature or linguistics of foreign languages. It is also meant to supplement classroom teaching. Refer to the Department of Spanish and Portuguese (page 479) for course work requirements.

## Courses of Instruction

### SLAVIC LANGUAGES AND LITERATURES (SLL)

For the courses offered during any given term, consult the *Schedule of Classes*.

**SLL 020 Course in Reading Russian (2)** For graduate students wishing to use Russian as a scholarly tool. Emphasis on basic grammar and reading skills. Graded CR/NC.

**SLL 025 Course in Reading Russian (2)** Continuation of SLL 020. Reading of authentic materials from Russian press and students' areas of interest. For graduate students only. Graded CR/NC. *Prerequisite:* SLL 020.

**SLL 120 Beginning Russian I (4)** Introduction to the Russian language with emphasis on basic conversational skills, major points of grammar, and reading.

**SLL 122 Elementary Polish I (4)** Structure of the language, pronunciation, basic communication, and reading in modern Polish.

**SLL 130ab Elementary Czech (4-4) a:** Structure of the language, basic grammar, pronunciation, and oral communication. Readings in Czech; discussion of Czech history and culture. *b:* Continuation of SLL 130a. *Prerequisite:* SLL 130a.

**SLL 150 Beginning Russian II (4)** Continuation of SLL 120. *Prerequisite:* SLL 120.

**SLL 152 Elementary Polish II (4)** Continuation of SLL 122. *Prerequisite:* SLL 122.

**SLL 199 Chess and Critical Thinking (2)** Analysis of significant chess games, reflecting societal attitudes toward science, competition, art, gender, psychology, politics, and technology. Graded CR/NC.

**SLL 200 Russian Moral Dilemmas in the 20th Century (4)** Examines the primary moral experiences of Russian society in its transition from tsarism through communism and beyond.

**SLL 201 Contemporary Russian Culture and Society (4)** (SS only) Introduction to the culture, politics, and economics of contemporary Russia. Offered only as part of the International Summer Session in Russia. *Prerequisite:* SLL 120.

**SLL 210 Masterpieces of the Russian Short Story (4)** Critical reading of selected masterpieces of the Russian short story; works by Gogol, Turgenyev, Dostoevsky, Tolstoy, Babel, Pasternak, Solzhenitsyn, and others. In English.

**SLL 220 Intermediate Russian I (4)** Development of thematic conversational skills with emphasis on extended dialogue. Review of basic morphology with special attention to verbs of motion. Reading of authentic material is emphasized. *Prerequisite:* SLL 120, SLL 150.

**SLL 222 Readings in Polish Literature I (4)** Continuation of elementary Polish and introduction to outstanding works in Polish literature. *Prerequisite:* SLL 122 and SLL 152.

**SLL 250 Intermediate Russian II (4)** Continuation of SLL 220. Development of proficiency in conversation skills, reading, and writing. *Prerequisite:* SLL 220.

**SLL 252 Readings in Polish Literature II (4)** Continuation of SLL 222. *Prerequisite:* SLL 222.

**SLL 255 Business Russian (4)** Language and culture course for intermediate Russian level students interested in business. Prepares students to communicate in Russian-speaking business settings in a linguistically sensitive manner. *Prerequisite:* SLL 220.

**SLL 270ab Russian for Native Speakers (4-4)**  
*a:* For native Russian speakers who cannot read or write Russian. Emphasis on essentials of grammar, vocabulary, and orthography, and the reading and writing of simple texts in Russian. *b:* Continuation of SLL 270*a*.

**SLL 299 Chess – Advanced Thinking Techniques (2)** Development of advanced understanding of the game of chess. Critical analysis of games and of the problem-solving techniques applicable in various game situations. Graded CR/NC. *Prerequisite:* SLL 199.

**SLL 300 The Russian Novel (4)** The rise of the novel as the dominant form in Russian literature of the 19th century. Major works by Gogol, Turgenyev, Dostoevsky, Tolstoy, and others. In English.

**SLL 301 Russian Literary Avant-Garde (4)** Russian modernism and the avant-garde: development of modern sensibility in literature and the arts from 1880 to 1930. Readings in Chekhov, Sologub, Bely, Mayakovsky, and others. Conducted in English.

**SLL 302 Modern Russian Literature (4)** Survey of the major developments in Russian literature during the 20th century, from modernism to the post-Soviet era. Readings in English.

**SLL 303 Contemporary Russian Literature (4)** Developments in Russian Literature from the 1960s to the present. Literature of moral resistance directed against official cultural models. In English.

**SLL 310 Advanced Russian in Popular Culture (4)** Advanced conversation topics, readings and analysis of Russian press, films and other popular materials. Advanced grammar. Conducted in Russian. *Prerequisite:* SLL 250; *recommended preparation:* SLL 120, SLL 150, SLL 220.

**SLL 321 Russian Culture (4)** Survey of Russian civilization from the beginnings to the Soviet period focusing on major cultural and artistic trends. Lectures and readings in Russian. *Prerequisite:* four semesters of Russian.

**SLL 330g Russian Thought and Civilization (4)** Russian cultural identity from its beginnings until today. The Eastern Orthodox tradition, its traumatic confrontation with Western culture, and their continuous interaction. *Concurrent enrollment:* MDA 140.

**SLL 340 Intercultural Communication in Russian (4)** Advanced language training focusing on specific issues of communication with Russians. Analysis and translation of literary texts. Advanced syntax. Conducted in Russian. *Prerequisite:* SLL 250; *recommended preparation:* SLL 120, SLL 150, SLL 220.

**SLL 344 Tolstoy: Writer and Moralist (4)** Tolstoy's major works in the context of his ethical views. Readings and lectures in English.

**SLL 345 Literature and Philosophy: Dostoevsky (4)** Dostoevsky's novels as psychological and philosophical analyses of modern alienated man. Readings in Dostoevsky and selections from Gide, Kafka, Camus, and Sartre. Conducted in English.

**SLL 346 Russian Drama and the Western Tradition (4)** Representative plays from the 18th century to the present. Development of the Russian theater in the European context. Conducted in English.

**SLL 348 Nabokov's Novels: Art and Exile (4)** Survey of Vladimir Nabokov's novels written in Europe and America from the 1920s-1960s. Primary focus on the structure of the novels and their themes of art and emigration. Readings in English.

**SLL 370 Advanced Russian for Native Speakers (4)** For students with basic oral proficiency in Russian who need to develop native fluency in an array of genres and situations. Emphasis on advanced grammar, reading (literary and scholarly texts), written expression (scholarly, administrative, and business genres), spelling, and punctuation.

**SLL 378 Modern Russian Art (4)** Changing concepts of aesthetic value as expressed in the development of 19th and 20th century Russian art (painting and architecture).

**SLL 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SLL 420 Seminar in the Russian Language (4)** Survey and detailed analysis of selected topics in the Russian language. *Prerequisite:* SLL 310 or SLL 340.

**SLL 465 Seminar in Russian Studies (4, max 12)** Readings and discussion in Russian of current topics in Russian culture, politics and society. Content varies each time offered. *Prerequisite:* SLL 250.

**SLL 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**SLL 499 Special Topics (2-4, max 8)**

**SLL 500 Topics in Advanced Russian (2, max 8)** Study of Russian required for graduate work and professional activities. *Prerequisite:* four years of college Russian.

**SLL 501 Proseminar in Russian Literature (3)** Introduction to graduate study of Russian literature: research methods, bibliography, transliteration, development of critical writing skills.

**SLL 510 Old Church Slavonic (3)** Study of the earliest recorded Slavic language; linguistic interpretation of original texts; knowledge of a Slavic language or general linguistics will be helpful.

**SLL 512 History of the Russian Language (3)**

Phonetic, morphological, syntactical changes from common Slavic to the present. Russian literary language; influence of 19th century Russian authors and old church Slavic on contemporary Russian.

**SLL 514 Structure of Modern Russian: Phonology (3)**

Articulatory phonetics, phonemics, morphophonemics, and intonational patterns of modern Russia. *Prerequisite:* three years of college Russian.

**SLL 516 Structure of Modern Russian:**

**Morphology (3)** Essential issues in current linguistic description of the syntax and morphology of modern Russian. Considers word order, negation, verbal aspect.

**SLL 530 Early Russian Literature and Culture (11th-17th Centuries) (3)**

Major monuments of medieval Russian literature examined in their cultural, literary, and theological context, with special emphasis on issues of genre. Focus on problems of Russian cultural identity and Russia's complex relationship to Byzantine and Western traditions. *Prerequisite:* SLL 510 and SLL 514.

**SLL 532 18th Century Russian Literature (3)**

Major works and genres of the 18th century. The development of a "modern" literary tradition, focusing on problems of Russia's indigenization of Western literary movements (classicism and sentimentalism).

**SLL 542 Symbolism (3)**

Russian symbolist literature; cultural and philosophical background of this late 19th and early 20th century movement. *Prerequisite:* three years of college Russian.

**SLL 544 Russian Short Story (3)**

Pushkin, Gogol, Dostoevsky, Turgenyev, Tolstoy, Chekhov. *Prerequisite:* three years of college Russian.

**SLL 545 19th Century Russian Poetry (3)**

Analysis of major works of 19th century Russian poetry in the context of developing aesthetic principles and cultural history. *Prerequisite:* SLL 501.

**SLL 546 The Russian Novel (3)** Genre of the novel as exemplified in the works of one or more Russian authors. Readings from Gogol, Turgenyev, Tolstoy, Dostoevsky, and others.

*Prerequisite:* three years of college Russian.

**SLL 548 History of Russian Literary Criticism (3)**

History and principles of literary criticism in Russia with attention to major periods and movements from the early 19th century through the Formalists.

**SLL 555 Soviet Literature I (1917-1953) (3)**

The course surveys the major writers and literary schools of Soviet literature in the crucial period from the Revolution to the death of Stalin.

**SLL 557 Soviet Literature II (1953-present) (3)**

De-Stalinization of Soviet culture, the reappropriation of Russia's literary past, and new directions in contemporary literature.

**SLL 575 Socialist Realism (3)** The course examines the origins, doctrine, and ideology of socialist realism, the predominant, and officially prescribed, aesthetic of Soviet literature.

**SLL 584 Russian Fiction and the West (3)**

A survey of major Russian fiction in the context of Western European literary movements from the late 18th through late 19th centuries. The course presumes the students' basic acquaintance with the major monuments.

**SLL 585 20th Century Russian Literary Criticism (3)**

Relationship between practical and theoretical literary criticism: Formalism and Structuralism, Sociological school, and Bakhtin; theoretical approaches applied to specific literary texts.

**SLL 590 Directed Research (1-12)**

Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SLL 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)**SLL 599 Special Topics (2-4, max 8)****SLL 650 Seminar in Russian Literature (3, max 9)**

Detailed study of single literary period, movement or genre; two or more selected authors; specific school of literary criticism. May be repeated, with departmental permission, if content of the seminar is different. *Prerequisite:* three years of college Russian; *recommended preparation:* one year of graduate study.

**SLL 660 Seminar on a Single Author or Work (3, max 9)**

Theme varies from year to year. An author or major work will be selected for intensive study; research paper required. May be repeated, with departmental permission, if content of the seminar is different. *Prerequisite:* three years of college Russian; *recommended preparation:* one year of graduate study.

**SLL 665 Seminar in Russian Culture and the Arts (3, max 9)**

Subject varies from year to year. A trend or major figure will be studied in its cultural and artistic contexts. May be repeated, with departmental permission, if content of the seminar is different. *Prerequisite:* three years of college Russian; *recommended preparation:* one year of graduate study.

**SLL 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SLL 794abcdz Doctoral Dissertation (2-2-2-2-0)**

Credit on acceptance of dissertation. Graded IP/CR/NC.

### Degree Programs

The Department of Sociology offers a departmental major and minor. The Department of Sociology also offers the Doctor of Philosophy in Sociology. Additional minors are also offered.

## Undergraduate Degrees

Students of sociology examine the patterns of social life, focusing on the relationship of individuals to society and the interaction of culture, economy and politics in shaping social life. The greater Los Angeles area provides a natural laboratory for students to explore such sociological themes as race relations, work and workplace, immigration, the family in a changing society, population trends, globalization, religion, and the criminal justice system.

Matching the special strengths of our faculty and cutting edge research in the discipline, USC's sociology program offers two central areas of concentration — social inequality, and social change and public policy. Many of our undergraduate courses include opportunities to engage actively with the community and to pursue multi-faceted independent research projects.

### Honors Program

Seniors with 3.5 GPAs in the major and 3.25 overall are encouraged to participate in the sociology honors program consisting of two intensive senior honors seminars (SOC 494 and SOC 495). Under faculty guidance, honors students design and complete a significant piece of original sociological research.

Juniors and seniors who have made substantial progress toward completion of the program and have achieved a 3.3 GPA in sociology and a 3.0 GPA overall are eligible for the Alpha Kappa Delta International Sociology Honors Society.

### Major Requirements for the Bachelor of Arts in Sociology

Nine courses (36 units) are required to complete the major.

All sociology majors must complete the four core courses of sociology:

CORE COURSES		UNITS
SOCI 200	Introduction to Sociology	4
SOCI 313	Sociological Research Methods	4
SOCI 314	Analyzing Social Statistics	4
SOCI 370	Sociological Theory	4

Five additional courses are required for the major. These are to be chosen from the elective upper division sociology courses grouped into two theme areas:

Theme Area I: Social Inequality

Theme Area II: Social Change and Public Policy

All students are required to take at least one course from each of the two theme areas.

All students must achieve an overall average of C (2.0) or better in the nine courses required for completion of the major.

### Theme Areas and Theme Area Specialization

Students who complete four upper division courses in a single theme area will receive departmental recognition and documentation of their "expertise" in their chosen area of specialization — social inequality, or social change and public policy.

*Social Inequality* — courses address the character, causes and consequences of social inequality, paying particular attention to immigration, race, ethnicity, gender, sexualities and/or class. These courses include:

SOCIAL INEQUALITY COURSES		UNITS
AMST 357	Latino Social Movements	4
SOCI 305	Sociology of Childhood	4
SOCI 342	Race Relations	4
SOCI 350	Social Exclusion, Social Power, and Deviance	4
SOCI 355	Immigrants in the United States	4
SOCI 356	Mexican Immigrants in Sociological Perspective	4
SOCI 360	Social Inequality: Class, Status, and Power	4
SOCI 366	Chicana and Latina Experiences	4

SOCI 375	Asian Americans: Ethnic Identity	4
SOCI 376	Contemporary Issues in Asian American Communities	4
SOCI 430	Work and the Workplace	4
SOCI 432	Racial and Ethnic Relations in a Global Society	4
SOCI 435	Women in Society	4
SOCI 437	Sexuality and Society	4
SOCI 460	Key Issues in Contemporary International Migration	4
SOCI 470	Development and Social Change in the Third World	4
SWMS 385	Men and Masculinity	4

Note: Honors students may substitute SOCI 494 Honors Seminar I for one social inequality course.

*Social Change and Public Policy* — courses address the character, causes and consequences of social change, paying particular attention to the role of human agency, grassroots organizing and/or political action, as well as the implications for public policy. These courses include:

SOCIAL CHANGE AND PUBLIC POLICY COURSES	UNITS	
JS 382	Judaism as an American Religion	4
SOCI 320	Social Psychology	4
SOCI 331	Cities	4
SOCI 335	Society and Population	4
SOCI 340	Organizations: Bureaucracy and Alternatives to Bureaucracy	4
SOCI 351	Public Policy and Juvenile Justice	4
SOCI 353	Public Policy and Criminal Justice	4
SOCI 365	Visual Sociology of the Urban City and Its Residents	4
SOCI 369	The Family in a Changing Society	4
SOCI 385	Population, Society, and Aging	4
SOCI 408	Volunteers, Non-Governmental Organizations, and Everyday Politics	4
SOCI 420	Sociology of Violence	4
SOCI 425	Crowds, Publics, and Social Movements	4
SOCI 475	Medical Sociology	4

Note: Honors students may substitute SOCI 495 Honors Seminar II for one social change and public policy course.

### Sociology Minor Requirements

Five courses (20 units) are required to complete the minor in sociology.

All minors are required to take at least two of the core courses in sociology:

CORE COURSES	UNITS	
SOCI 200	Introduction to Sociology	4
SOCI 313	Sociological Research Methods	4
SOCI 314	Analyzing Social Statistics	4
SOCI 370	Sociological Theory	4

The remaining three courses may be chosen from among the upper-division courses in the two theme areas — social inequality, and social change and public policy (see sociology theme areas listed above).

### Minor in Forensics and Criminality

The interdisciplinary minor in forensics and criminality was designed for students interested in the study of law, deviant behavior or careers in the criminal justice system. In this program, students study psychological and/or ethical issues related to criminal behavior, consider criminality in the context of social class analysis, and learn about the American system of criminal justice. Twenty units are required, 4 at the lower division and 16 at the upper division level. Contact Dornsife College Advising for further details.

Students should choose a curriculum for their minor based on their academic interests. Those students interested in white collar crime, for example, might choose POSC 130 Law, Politics, and Public Policy at the lower division level, REL 375 Conflict and Change and the Ethics of Business, SOCI 350 Social Exclusion, Social Power, and Deviance, PHIL 340 Philosophy of Law and PPD 342 Crime and Public Policy.

Those who are interested in the criminal justice system might choose LAW 200x Law and Society, REL 341 Ethics in a Technological Society, SOCI 351 Public Policy and Juvenile Justice, POSC 340 Constitutional Law and POSC 432 The Politics of Local Criminal Justice.

Those interested in individual and social determinants of deviancy might take PSYC 100 Introduction to Psychology, PSYC 360 Abnormal Psychology, or PSYC 463 Criminal Behavior, or PSYC 465 Introduction to Forensic Psychology; SOCI 360 Social Inequality: Class, Status, and Power, LAW 402 Psychology and Law and SOCI 353 Public Policy and Criminal Justice.

### LOWER DIVISION REQUIREMENT (4 UNITS) UNITS

Choose one course from:

AMST 101	Race and Class in Los Angeles	4
LAW 200x	Law and Society	4
PHIL 140	Contemporary Moral and Social Issues	4
POSC 130	Law, Politics, and Public Policy	4
PSYC 100	Introduction to Psychology	4
PSYC 155	Psychological Perspectives on Social Issues	4
PSYC 165L	Drugs, Behavior, and Society	4
SOCI 142	Diversity and Racial Conflict	4
SOCI 150	Social Problems	4
SOCI 200	Introduction to Sociology	4

### UPPER DIVISION REQUIREMENTS (16 UNITS) UNITS

Choose one course from each group below:

#### *The Individual in Society*

PSYC 355*	Social Psychology, or	
SOCI 320	Social Psychology	4
PSYC 360*	Abnormal Psychology	4
PSYC 463*	Criminal Behavior	4
PSYC 465*	Introduction to Forensic Psychology	4
REL 341	Ethics in an Technological Society	4
REL 375	Conflict and Change and the Ethics of Business	4

\*Prerequisite: PSYC 100

#### *Social Class and Criminality*

SOCI 350	Social Exclusion, Social Power, and Deviance	4
SOCI 351	Public Policy and Juvenile Justice	4
SOCI 360	Social Inequality: Class, Status, and Power	4

#### *The System of Criminal Justice*

LAW 402	Psychology and Law	4
LAW 403	Mental Health Law	4
PHIL 430	Philosophy of Law	4
PHIL 437	Social and Political Philosophy	4
POSC 340	Constitutional Law	4
POSC 426	The United States Supreme Court	4
POSC 444	Civil and Political Rights and Liberties	4
PPD 340	The American System of Justice	4

#### *Crime and Punishment*

POSC 432	The Politics of Local Criminal Justice	4
PPD 342	Crime and Public Policy	4
SOCI 353	Public Policy and Criminal Justice	4

Total requirements: five courses (20 units)

**Minor in Managing Human Relations**  
College Academic Services Building  
(213) 740-2534

This interdisciplinary minor is intended for students in all schools with an interest in human relations as a subject of study or professional goal. In addition to course work in organizational behavior, social psychology and management, this minor includes attention to questions of ethics and leadership.

As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (not used for credit toward a major, another minor or general education requirements). Finally, students must select four courses outside their major department. Students seeking the Bachelor of Arts in Sociology must choose four courses outside of sociology; those seeking the Bachelor of Science in Business Administration must choose four courses outside the Marshall School.

**REQUIREMENTS** **UNITS**

Choose one course from the following (4 units):

BUAD 304	Organizational Behavior	4
PSYC 355*	Social Psychology	4
SOCI 320	Social Psychology	4

Choose one course from the following (4 units):

MOR 431*	Interpersonal Competence and Development	4
PSYC 457*	Applied Social Psychology	4
SOCI 340	Organizations: Bureaucracy and Alternatives to Bureaucracy	4
SOCI 342	Race Relations	4
SOCI 345	Social Institutions	4

Choose one course from the following list of classes on leadership (4 units):

CLAS 370	Leaders and Communities: Classical Models	4
IR 303	Leadership and Diplomacy	4
MOR 470*	Global Leadership	4
MDA 325	Case Studies in Modern Leadership	4
MDA 365	The Art and Adventure of Leadership	4
PHIL 335	Theoretical Models of Leadership	4

Choose one course from the following list of classes on ethics (4 units):

BUCO 425*	Public Communication in Ethics and Research	4
MOR 421*	Social and Ethical Issues in Business	4
PHIL 340	Ethics	4
REL 341	Ethics in a Technological Society	4
REL 375	Conflict and Change and the Ethics of Business	4

Choose one of the following three capstone classes (4 units):

ECON 332*	Contracts, Organizations, and Institutions	4
ECON 471*	Economics of Labor Markets and Human Capital	4
MOR 471	Managing and Developing People	4
SOCI 340	Work and the Workplace	4

\*Course has prerequisite or corequisite

Total requirements: five courses 20 units

**Minor in Photography and Social Change**

This minor explores the potential of photography as an instrument of social change that allows individuals to document their circumstances, share their stories and change their lives. Students have the opportunity to examine the impact of images and the power of storytelling both in the classroom and in the field and study the issues raised by this kind of social exploration and commentary.

Students learn techniques of digital photography and theories of culture to help them understand diverse cultural phenomena and navigate their own cultural biases. In the field, students apply these techniques and theories by developing their own body of work. In addition, students can mentor individuals in the community to use photography and digital media to share their personal narratives, thus empowering community members to reflect critically upon their circumstances and to participate in their visual representation.

This interdisciplinary minor brings together students from schools and majors across the USC campus, allowing them to interact with one another and with scholars, artists and professionals associated with key organizations such as the Institute for Photographic Empowerment and Venice Arts.

**LOWER DIVISION REQUIREMENT** **UNITS**

Select one course, based on prior preparation (4 units)

AHIS 255	Culture Wars: Art and Social Conflict in the USA, 1900-Present	4
ANTH 240	Collective Identity and Political Violence: Representing 9/11	4
FAIN 210	Introduction to Digital Photography	4
SOCI 250	Grassroots Participation in Global Perspective	4

**UPPER DIVISION REQUIREMENTS** **UNITS**

Select two courses in each category below, from different departments (16 units)

*Understanding Culture and Change*

(8 units, in 2 courses – each from a different department)

AMST 348	Race and Environmentalism	4
AMST 357	Latino Social Movements	4
COLT 303	Globalization: Culture, Change, Resistance	4
IR 371	Global Civil Society: Non-Governmental Organization in World Politics	4
JS 330	Jewish Power, Powerlessness, and Politics in the Modern Era	4
POSC 323	Applied Politics: Civic Engagement and Leadership	4
POSC 441	Cultural Diversity and the Law	4
REL 336	Re-viewing Religion in Asian America	4
REL 366	Religion and Social Change	4
SOCI 360	Social Inequality: Class, Status, and Power	4
SOCI 470	Development and Social Change in the Third World	4

*Media and Message*

(8 units, in 2 courses – each from a different department)

AHIS 373	History of Photography	4
AHIS 469	Critical Approaches to Photography	4
ANTH 472	Visual Techniques in Anthropology: Stills	4
COLT 487	Critical Image	4
COMM 366	Designing Media and Communication Projects for Social Change	4
COMM 451	Visual Communication and Social Change	4
FAIN 310	Digital Photo Studio	4
JOUR 422	Visual Journalism	4

Students in this program will also have opportunities for special access to USC Annenberg's Public Diplomacy classes.

Total requirements: 20 units

*University Requirements for All Minors*

To satisfy the university's minor requirements, students must choose at least four courses (16 units) outside their major department and at least four courses (16 units) of upper-division course work. In addition, at least four courses (16 units) must be dedicated to the minor (not counting for credit toward a major, another minor or USC core requirements).

**Minor in Managing Human Relations**  
College Academic Services Building  
(213) 740-2534

This interdisciplinary minor is intended for students in all schools with an interest in human relations as a subject of study or professional goal. In addition to course work in organizational behavior, social psychology and management, this minor includes attention to questions of ethics and leadership.

As with all minors, students must include at least four upper-division courses and four courses dedicated exclusively to this minor (not used for credit toward a major, another minor or general education requirements). Finally, students must select four courses outside their major department. Students seeking the Bachelor of Arts in Sociology must choose four courses outside of sociology; those seeking the Bachelor of Science in Business Administration must choose four courses outside the Marshall School.

REQUIREMENTS	UNITS
Choose one course from the following (4 units):	
BUAD 304 Organizational Behavior	4
PSYC 355* Social Psychology	4
SOCI 320 Social Psychology	4
Choose one course from the following (4 units):	
MOR 431* Interpersonal Competence and Development	4
PSYC 457* Applied Social Psychology	4
SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy	4
SOCI 342 Race Relations	4
SOCI 345 Social Institutions	4
Choose one course from the following list of classes on leadership (4 units):	
CLAS 370 Leaders and Communities: Classical Models	4
IR 303 Leadership and Diplomacy	4
MOR 470* Global Leadership	4
MDA 325 Case Studies in Modern Leadership	4
MDA 365 The Art and Adventure of Leadership	4
PHIL 335 Theoretical Models of Leadership	4
Choose one course from the following list of classes on ethics (4 units):	
BUCO 425* Public Communication in Ethics and Research	4
MOR 421* Social and Ethical Issues in Business	4
PHIL 340 Ethics	4

REL 341 Ethics in a Technological Society	4
REL 375 Conflict and Change and the Ethics of Business	4
Choose one of the following three capstone classes (4 units):	
ECON 332* Contracts, Organizations, and Institutions	4
ECON 471* Economics of Labor Markets and Human Capital	4
MOR 471 Managing and Developing People	4
SOCI 340 Work and the Workplace	4

\*Course has prerequisite or corequisite

Total requirements: five courses 20 units

**Minor in Science, Technology, and Society**

The beginning of the 21st century has witnessed a number of public controversies at the intersection of science, technology and society. Such discussions are characterized by divergent views on the role of science and technology in contemporary life. Over the next decades many of the most crucial challenges we face will require the integration of societal values with scientific and technological developments – whether in managing end-of-life care, preserving the environment, or continuing to nurture scientific innovation. This minor introduces students to a number of approaches to these questions, taking advantage of the diverse offerings in this area at USC.

*Lower Division Requirement (4 units)*

SOCI 210 Science, Technology and Social Conflict (4)

*Upper Division Requirement (minimum 16 units)*

Four or five\* classes, selected from at least two of the three categories:

SCIENCE AS A SOCIAL INSTITUTION	UNITS
AHIS 429 Studies in Art, Science and Technology	4
ANTH 373 Magic, Witchcraft, and Healing	4
CLAS 339 Ancient Science	4
HIST 329 Madness and Society in the Modern Age	4
HIST 330 Drugs, Disease and Medicine in History	4
PHIL 385 Science and Rationality	4
PHIL 486 Methodologies of the Sciences	4
REL 442 Religion and Science	4
SOCI 475 Medical Sociology	4

TECHNOLOGY AND MODERN LIFE	UNITS
COLT 474 Desire, Literature, Technology	4
COMM 306 The Communication Revolution, Entertainment and the Arts	4
COMM 340 The Cultures of New Media	4
COMM 345 Social and Economic Implications of Communication Technologies	4
CTCS 478 Culture, Technology and Communications	4
ENGL 375 Science Fiction	4
REL 319 Religious and Ethical Issues in Death and Dying	4
REL 341 Technology, Culture and Ethics	4
REL 360 Ethical Issues in the New Medical Revolution	4

**HEALTH, ENVIRONMENT AND SCIENCE POLICY UNITS**

CE 469* Sustainable Design and Construction	3
CE 473* Engineering Law, Finance and Ethics	3
HP 412 Health Promotion and Prevention Policy	4
LAW 403 Mental Health Law	4
POSC 436 Environmental Politics	4
PPD 330 Introduction to Health Care Systems	4
PPD 360 Urban Transportation Planning and Policy	4
PPD 413 Administration of Health Care Organizations	4
REL 460 Senior Seminar: Medical Ethics	4

Total requirements: five or six courses (minimum 20 units)

\*CE 469 and CE 473 are 3-unit courses; choosing one of these courses requires students to take six total courses for the minor.

**Interdisciplinary Minors**

American Studies and Ethnicity (see American Studies and Ethnicity, page 259).  
Children and Families in Urban America (see Social Work, page 929).  
Law and Society (see Political Science, page 439).  
Race, Ethnicity and Politics (see Political Science, page 439).

## Graduate Degrees

The Department of Sociology offers programs of study leading to the Doctor of Philosophy degree. The Ph.D. is directed toward the training of theoretically and methodologically sophisticated sociologists who have an enduring commitment to the practice and teaching of sociology.

### Deadline

Applicants must complete their applications by December 1. Consideration for university fellowships is possible as early as November for students whose applications are complete.

### Prerequisites

All applicants must have a bachelor's degree, a GPA of at least 3.0, and one or more courses in either undergraduate statistics or college algebra.

### Criteria

Admission to regular graduate status ordinarily requires possession of a bachelor's degree, a GPA of at least 3.0, one or more courses in undergraduate statistics and/or college algebra, and three letters of recommendation. The GRE is also required; scores of 550 or better on each of the verbal, quantitative and analytic portions of the GRE are preferred. International applicants must also submit their score on the Test of English as a Foreign Language (TOEFL). Approximately 6-8 students enroll each year from the available pool of applicants. Each application receives careful attention and is judged in terms of the full set of criteria.

A limited number of graduate course units taken elsewhere may be considered for transfer into the graduate program. These units are transferred in on a course-by-course basis.

### Application Procedures

The following materials should be submitted to apply for graduate study:

1. an online USC application form (available at [www.usc.edu/admission/graduate/admission](http://www.usc.edu/admission/graduate/admission)) plus a check for the admission fee;
2. official transcripts of all undergraduate and graduate work;
3. the official results of the general aptitude scores of the Graduate Record Examinations (verbal, quantitative, and analytical);
4. for international students, a TOEFL score;
5. a completed Sociology Department Graduate Application form (please save and upload);
6. one example of written work (normally a paper written for a course) of no more than 20 pages;
7. three letters of recommendation from persons who can write about your academic performance and your potential as a social scientist;
8. a personal statement describing (1) your present sociological interest, (2) the instructors, books, and/or journals that have had the greatest influence on your interests in sociology, and (3) what you hope to be doing in the field of sociology 10 years after you receive your degree. Please include any other aspect of your experience that you want to include.

### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 84) and the Graduate School section of this catalogue (page 95) for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

### Residence

All graduate students must be in residence and must take at least eight units of graduate work each semester (except during Advanced and Qualifying Examinations), prior to work on the dissertation.

### Master of Arts in Sociology

The department does not admit students whose objective is a master's degree. However, if a student accepted in the program does not have a master's degree, the department strongly recommends completion of the requirements for the M.A. in the course of work toward the Ph.D. degree.

### Doctor of Philosophy in Sociology

#### Course Requirements

A minimum of 60 graduate units is necessary for the Ph.D., among which are the following required courses: SOCI 510, SOCI 520, SOCI 521, SOCI 523 or SOCI 524, SOCI 610, and SOCI 621. In addition, each student must specialize in two subareas of sociology and must take at least 8 units in each area such as: urban sociology, complex organizations, stratification, ethnic relations, sociology

of aging, medical sociology, communication and culture, deviance, sociology of gender, demography, and so on.

#### Screening Procedure

Normally, students must complete the screening procedure during the third semester of enrollment. Students will have completed two full semesters of work by this point and, hence, will have taken no fewer than 16 and no more than 24 units, including at least three of the following: SOCI 510, SOCI 521, SOCI 523 or SOCI 524, SOCI 610, and SOCI 621. Students are evaluated on subject matter competence and satisfactory progress. When the screening procedure is successfully completed, the student has one semester in which to form a guidance committee.

#### Empirical Paper

Each student is required to complete an independent empirical research project which is approved by two members of his or her guidance committee. In some instances, this requirement may be met by acceptance of a satisfactory master's thesis from some other university.

#### Foreign Language Requirement

The department does not generally require proficiency in a foreign language; however, as with other courses outside the department, a student's guidance committee may in some cases require proficiency in a foreign language.

#### Qualifying Examinations

Following the completion of their empirical papers and most of their course work, students are required to take a written and oral examination in their two specialty areas. If the written examination is passed, the oral part of the examination can be devoted to a preliminary discussion of dissertation plans. When these are completed successfully, the student is advanced to Ph.D. candidacy.

#### Dissertation

After the dissertation is completed, the student and the dissertation committee, in conjunction with the department chair, may elect either a defense oral or a final oral examination in defense of the dissertation. The defense oral is normally chosen in sociology.

## Courses of Instruction

### **SOCIOLOGY (SOCI)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**SOCI 142gm Diversity and Racial Conflict (4, FaSp)** Introduction to the causes and effects of contemporary race relations in a diverse U.S. society. Exploration of racial conflict at the personal and institutional levels. *Concurrent enrollment:* WRIT 140.

**SOCI 150gm Social Problems (4, Fa)** Analysis of factors in current American social problems: crime, delinquency, prostitution, family disorganization, race relations, mental illness. *Concurrent enrollment:* WRIT 140.

**SOCI 155gm Immigrant America (4, FaSp)** Examination of the immigrant experience in the United States. Comparative analysis of social context of migration, formation of immigrant communities, and social integration of immigrants. *Concurrent enrollment:* WRIT 140.

**SOCI 169gm Changing Family Forms (4, FaSp)** The peculiarity of the “modern” Western family system in historical and cross cultural perspective; focus on the “postmodern” family crisis in the United States. *Concurrent enrollment:* WRIT 140.

**SOCI 200m Introduction to Sociology (4)** Basic concepts of sociology with special reference to group life, social institutions, and social processes.

**SOCI 210g Science, Technology, and Social Conflict (4)** Science and technology change society and how we understand ourselves. In turn, social struggles influence science. We will explore the interplay between these forces. *Concurrent enrollment:* WRIT 140.

**SOCI 220gm Questions of Intimacy (4, FaSp)** Analysis of conditions of intimacy and intimate personal relationships as lenses for understanding social inequalities of race, social class, gender, sexuality, and nation. *Concurrent enrollment:* WRIT 140.

**SOCI 250gm Grassroots Participation in Global Perspective (4)** Theory and history behind the ideal of “the local, grassroots volunteer”: a direct link between theory and research using Los Angeles as a case study.

**SOCI 275 Sociology of Everyday Life (4)** The social philosophy of understanding everyday life; describing and analyzing forms of interaction, emotions, knowledge, and the social self.

**SOCI 305m Sociology of Childhood (4)** Social construction of childhoods; children’s social relations and cultures; issues of child-care, poverty, violence, and children’s rights; effects of children on adults.

**SOCI 313 Sociological Research Methods (4, FaSp)** Logic of theory construction, research design, elementary data collection and analysis. Lecture and laboratory.

**SOCI 314 Analyzing Social Statistics (4, FaSp)** Sociological measurement, univariate description, elementary correlation, introduction to statistical inference.

**SOCI 315 Sociology of Sport (4)** Relationship between sport and politics, racism, and sexism; player and fan violence; sports for children; sport in the educational setting; drug abuse among athletes.

**SOCI 320 Social Psychology (4)** Process of interaction and communication by which persons influence and are influenced by others; development of self, role behavior, attitudes and values, social norms, cultural conditioning.

**SOCI 331 Cities (4)** Organization of urban society, including such topics as segregation, urban decay, local politics, residential change, and community conflict.

**SOCI 335 Society and Population (4)** World population trends and their consequences: determinants of fertility, mortality, and migration; development of elementary models of population change.

**SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy (4)** Importance of organizations in social life; techniques for using and changing organizations; examination of strategies for building and sustaining nonbureaucratic organizations.

**SOCI 342m Race Relations (4, FaSp)** Past and present relations between the White majority and the “conquered minorities” (Blacks, Chicanos, American Indians), as well as Asian immigrants; conflict vs. assimilation perspectives.

**SOCI 345 Social Institutions (4)** Cultural and interactional aspects of social institutions as complex social systems; religious, political, industrial, and familial institutions.

**SOCI 350 Social Exclusion, Social Power, and Deviance (4, Fa)** Current theories of origin, distribution, and control of deviant behavior; examination of processes involved in the career deviance of drug addicts, alcoholics, sexual deviants, gamblers, and mentally disordered.

**SOCI 351 Public Policy and Juvenile Justice (4)** Past and current theories of youth crime; gangs and other forms of youth deviance; the changing response of the police, courts, and public to these behaviors.

**SOCI 353 Public Policy and Criminal Justice (4)** Nature and trends in crime, policing, courts, and correctional agencies in relation to past, current, and prospective changes in society.

**SOCI 355m Immigrants in the United States (4)** Social construction of historical and contemporary immigration to the United States, including causes of migration, immigration policies, and the socioeconomic integration of immigrants.

**SOCI 356m Mexican Immigrants in Sociological Perspective (4)** Effects of class, global inequality, legal status, gender, racial/ethnic, and language differences in distinguishing Mexican immigrant populations from the U.S.-born population; differentiation among Mexican immigrants.

**SOCI 357m Latino Politics (4)** (Enroll in AMST 357m)

**SOCI 360m Social Inequality: Class, Status, and Power (4, FaSp)** Inequalities in wealth, prestige, and power in the United States; the American class structure and the extent of upward mobility in that structure.

**SOCI 364m Racial and Ethnic Women in America (4, FaSp)** (Enroll in SWMS 364m)

**SOCI 365 Visual Sociology of the Urban City and Its Residents (4, FaSp)** Integration of the production of visual representation into the disciplined study of social relations by using the camera as data gathering technology.

**SOCI 366m Chicana and Latina Sociology (4)** Sociological examination of Chicana and Latina experiences in the western region of the United States; issues of family, work, media, education and sexuality.

**SOCI 369 The Family in a Changing Society (4, Fa)** Changing family patterns; personality development; family unity, predicting success in marriage; the family in transition; crises such as economic changes, death, divorce; family reorganization.

**SOCI 370 Sociological Theory (4, FaSp)** Historical and contemporary approaches to sociological theory; analysis of conceptual frameworks applied to the study of society and social interaction.

**SOCI 375m Asian Americans: Ethnic Identity (4)** Cultural images and stereotypes, gender, immigration history, social class, politics, and social problems in Asian American communities.

**SOCI 376m Contemporary Issues in Asian American Communities (4)** Survey of current social and political issues facing Asian American communities with emphasis on Los Angeles region; design and implementation of community-based research projects.

**SOCI 379m Mixed Matches: Intermarriage and American Society in the 21st Century (4, Sp)** (Enroll in JS 379m)

**SOCI 382 Judaism as an American Religion (4)** (Enroll in JS 382)

**SOCI 385 Population, Society, and Aging (4, Fa)** Study of population characteristics related to the problems and processes of aging.

**SOCI 386m Men and Masculinity (4)** (Enroll in SWMS 385m)

**SOCI 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SOCI 402 Human Trafficking (4, FaSp)** Interrogates the social construction of the legal category "human trafficking," examining the ideological foundations, the social contentions, and political issues surrounding the issue.

**SOCI 408 Volunteers, Non-Governmental Organizations, and Everyday Politics (4, FaSpSm)** Theory, practice, and history of civic life. Examines communication, personal obligation, collective imagination, and political representation, in grassroots, state-sponsored, and non-governmental organization-sponsored civic associations around the world. *Prerequisite:* SOCI 370.

**SOCI 410 The Sociology of Popular Culture (4)** From the entertainment capital of the world, course surveys sociological research on artistic producers and critical theories of the connections between popular culture and society.

**SOCI 420 Sociology of Violence (4, FaSp)** Theoretical, conceptual and analytical skills in the study of collective violence, its legacies, and how society deals with it.

**SOCI 425 Crowds, Publics, and Social Movements (4, FaSp)** Spontaneous, expressive and creative forms that support or revolutionize society, including topics such as audiences, student unrest, tax revolts, patriotism, uprisings, and women's movements.

**SOCI 430m Work and the Workplace (4)** Contrasting views of work in contemporary societies; technological change in the workplace; opportunity, inequality, conflict, and alienation in different occupations.

**SOCI 432m Racial and Ethnic Relations in a Global Society (4, FaSp)** Examination of race/ethnic relations with U.S. and selected countries from a global perspective, causes and social effects of globalization on people's lives and on U.S. attitudes and political policies.

**SOCI 435m Women in Society (4)** Women today in the labor force, in politics, and in the family. Past and contemporary attempts to expand the position of women in society.

**SOCI 437 Sexuality and Society (4)** Historical and contemporary sexual issues (pornography, prostitution, rape) examined in light of Victorianism, Freudianism, Marxism, scientific sexology, feminism, gay liberationism, and sexual conservatism.

**SOCI 445 Political Sociology (4, Irregular)** Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economics in comparative and historical perspective. *Prerequisite:* SOCI 370.

**SOCI 455m Gender and Sport (4)** (Enroll in SWMS 455m)

**SOCI 460 Key Issues in Contemporary International Migration (4, Irregular)** Overview of contemporary patterns of international migration and its implications for receiving and sending countries, with a special emphasis on immigration to the United States.

**SOCI 468 Sociology of Religion (4)** (Enroll in REL 468)

**SOCI 470 Development and Social Change in the Third World (4)** Theories and case studies on social, economic, political, and cultural development and change in the Third World: Latin America, Asia, or Africa.

**SOCI 475 Medical Sociology (4)** Social and cultural factors in causation of disease, health care utilization and health care delivery.

**SOCI 480 The Sociology of Risk and Disaster (4, FaSp)** Is there such a thing as a "natural" disaster? Examination of both natural and technological disasters, and exploration of the centrality of risk in industrialized societies.

**SOCI 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**SOCI 494 Sociology Honors Seminar I (4, Fa)** Advanced seminar involving extensive reading, research and discussions. Selected subjects; offered in fall only and restricted to honors students. Acceptance into the Honors Program.

**SOCI 495 Sociology Honors Seminar II (4, Sp)** Seminar in workshop form to accompany completion of Senior Honors Thesis under faculty guidance. Acceptance into Honors Program. *Prerequisite:* SOCI 313, SOCI 494.

**SOCI 499 Special Topics (2-4, max 8)** An interdisciplinary examination of selected emerging issues.

**SOCI 510 Sociological Theory I (4, Fa)** Developments in sociological theory from the discipline's 19th century origins to World War II.

**SOCI 520 Qualitative Research Methods (4, Fa)** Seminar in epistemologies, ethics, and techniques of qualitative research. Critical reading and practice in social observation, interviewing, fieldwork, and research design. Preparation of IRB proposal.

**SOCI 521 Quantitative Methods and Statistics (4, Fa)** Introduction to the logic and methods of quantitative analysis in sociology; covers the basic elements of designing and research, summarizing and exploring patterns in data, and making generalizations about populations based on characteristics of samples.

**SOCI 523 Advanced Methods — Quantitative Research (4, Sp)** Advanced research methodology in survey technique, evaluation research, instrument construction, and demographic analysis.

**SOCI 524 Advanced Methods — Qualitative Research (4, Sp)** Seminar and practicum in conducting and interpreting original qualitative research. *Prerequisite:* SOCI 520.

**SOCI 525 Sociology Proseminar: Approaches to Sociological Research (4, FaSp)** Graduate students begin their customized literature reviews and develop a paper that will frame the research they pursue in the empirical paper requirement. Open only to Sociology doctoral students.

**SOCI 532 Seminar in Science and Technology Studies (4, max 8, FaSp)** Introduction to key concepts and theories in the interdisciplinary field of science and technology studies.

**SOCI 535 Sociology of Culture (4, FaSp)**

Cultural theories and forms of cultural analysis appropriate for sociological research; critical examination of theory and research on how culture relates to social structure, social inequality, politics, institutions, and everyday interaction. *Recommended preparation:* SOCI 510 or prior undergraduate or graduate course work in social science or communication studies.

**SOCI 537 Political Sociology: Politics, Symbols and Everyday Life (4, FaSp)**

Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economics in comparative and historical perspective.

**SOCI 540 Methods of Population and Ecological Analysis (2-4, Sm)**

Measures of population; ecological structure and change; life table methods; population estimates, projections, forecasts; distributional analysis and evaluation of demographic and ecological data. *Prerequisite:* SOCI 521.

**SOCI 544 Population Trends: Public and Private Policies (4, Sm)**

World and national population trends; causes and implications for economic, health, and social policies.

**SOCI 545 Seminar in World Population Problems (4)**

Demographic characteristics of the major regions of the world; social, economic, and political implications of population trends and methods of demographic analysis. *Prerequisite:* SOCI 335.

**SOCI 548 Fertility Control Policies (4, Sm)**

Fertility control policies, and their consequences, including family planning and other pronatalist and antinatalist programs.

**SOCI 549 Migration Policies (4)**

Analysis of migration and population redistribution; policies affecting such migration and redistribution.

**SOCI 550 Seminar in Organizational Analysis (4)**

Literature evaluation, theory building, and research in the area of large-scale organizations and other types of institutionalized groups. *Prerequisite:* graduate standing.

**SOCI 551 Seminar in Social Stratification (4)**

Critique of research literature and research methods in the area of social class and social stratification; major theories and theoretical implications of current research.

**SOCI 552 Sex and Gender in Society (4, Fa)**

The social organization of gender in the contexts of work, families, intimacy, sexuality, reproduction, violence. Variations by race, ethnicity, social class. Processes of social change.

**SOCI 554 Women in Global Perspective (4)**  
(Enroll in SWMS 554)**SOCI 555 Seminar in Race Relations (4, Sp)**

Current racial problems in the United States and other countries; critiques of race relations literature.

**SOCI 560 Feminist Theory (4)** (Enroll in SWMS 560)**SOCI 566 Seminar in Social Deviance (4)**

Deviance and social rules in groups and communities; contemporary social policies involving ethnic, cultural, and social factors.

**SOCI 571 Urban Sociology (4, FaSp)**

Examination of theories and research on cities in the United States, examining issues such as politics, race, development, and inequality. Open only to master's, professional, or doctoral students.

**SOCI 575 Seminar in Immigration (4, FaSm)**

Survey of key theoretical approaches and relevant issues in immigration studies. Themes include: transnationalism, globalization, gendered migration, segmented assimilation, immigrant labor markets, social incorporation and citizenship. Open to Ph.D. in Sociology students only.

**SOCI 580 Seminar in Aging (4)**

Research seminar to review identification of problems, issues of theory, and methodology and implications for research designs.

**SOCI 590 Directed Research (1-12, FaSpSm)**

Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SOCI 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)**SOCI 594abz Master's Thesis (2-2-0, FaSpSm)**

Credit on acceptance of thesis. Graded IP/CR/NC.

**SOCI 599 Special Topics (2-4, max 8, FaSp)**

Seminar in selected topics in sociology.

**SOCI 610 Sociological Theory II (4, Sp)**

Developments in sociological theory from World War II to the present.

**SOCI 621 Quantitative Methods and Statistics II (4, Sp)** Casual modeling and the inter-relationships among social phenomena: covers the basic elements of casual inference and generalizability, linear regressions analysis, and categorical data analysis. *Prerequisite:* SOCI 521.

**SOCI 628 Theories of Aging (4)** (Enroll in GERO 628)**SOCI 635 Seminar in Social Structure (4)**

Research and theory development on the interrelations among the various structures that comprise social systems. An examination of large societal units. *Prerequisite:* advanced graduate standing.

**SOCI 650 Topical Issues in Crime and Delinquency (2-4)**

Seminar in selected topics in criminology.

**SOCI 664 Seminar in Advanced Methodology (4, max 8)** Issues and problems in advanced research design and data analysis.

**SOCI 790 Research (1-12, FaSp)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SOCI 794abcdz Doctoral Dissertation (2-2-2-0, FaSpSm)**

Credit on acceptance of dissertation. Graded IP/CR/NC.

## Sophomore Seminars

Sophomore Seminars focus on topics of current interest in research and scholarship. They are small classes that encourage close interaction between faculty and students.

During the fall and spring semesters, sophomores earn 2 units of credit through participation in these weekly seminars. During intensive special sessions, sophomores earn 1 unit

of credit. These courses emphasize active exploration of the life of the mind through a variety of classroom activities and assignments.

To encourage a relaxed interchange of information and ideas, each seminar is graded credit/no credit and limited in enrollment to 18 students.

Sophomore Seminars will be offered for the fall and spring semesters in a variety of subjects. They will also be offered during intensive special sessions. Individual topics will be indicated in the *Schedule of Classes* under the SSEM designation.

## Courses of Instruction

### SOPHOMORE SEMINARS (SSEM)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**SSEM 200 Sophomore Seminar (1-2, max 2, FaSp and Special Sessions)** Special seminar courses for sophomores; limited to 18 students; topics will vary; graded CR/NC. Open to sophomores only.

*Interim Chair:* Sherry Velasco, Ph.D.

### Faculty

*Professors:* Marsha Kinder, Ph.D. (*Cinematic Arts*); Alexander Moore, Ph.D. (*Anthropology*); Mario Saltarelli, Ph.D.; Carmen Silva-Corvalán, Ph.D.\*; Sherry Marie Velasco, Ph.D.\*

*Associate Professors:* Roberto Ignacio Díaz, Ph.D.\*; Erin Graff Zivin, Ph.D.; Teresa McKenna, Ph.D. (*English*)

*Assistant Professors:* Julián Daniel Gutiérrez-Albilla, Ph.D.; Samuel Steinberg, Ph.D.

*Assistant Professors (Teaching):* Marianna Chodorowska-Pilch, Ph.D.; Anahit Hakoupian, Ph.D.; Ana Teresa Martinez-Sequeira, Ph.D.; Andrea Parra, Ph.D.; Charles Paus, Ph.D.; David Zarazúa, Ph.D.

*Lecturers:* Vianey Cano Brito, Ph.D.; Carolina Castillo Larrea, M.A.; Marie Enright, Ph.D.; Maura Crowley, Ph.D.; Lorena Gallego, M.A.; Ivette M. Gómez, Ph.D.; Leah Kemp, Ph.D.; Veronica Medda, Ph.D.; Ellen Oliveira, Ph.D.; Sarah Portnoy, Ph.D.; Liana Stepanyan, Ph.D.

*Emeritus Professor:* Paul Ilie, Ph.D.

*Emeritus Associate Professor:* J. Ramón Araluce, Ph.D.

### Academic Program Staff

*Director of Spanish Language Program:* Gayle Fiedler Vierma, Ph.D.

\*Recipient of university-wide or college teaching award.

### Undergraduate Programs

The Department of Spanish and Portuguese offers both a major and a minor in Spanish, emphasizing the language, linguistics and culture of Spain and Latin America.

With an intellectual commitment to multiculturalism and interdisciplinarity, the undergraduate program actively explores the transnational intersection of various aspects of Spanish and Latin American culture, including literature, folklore, cinema, art, music and architecture. While living and studying in 21st century Los Angeles — the ideal site for thinking about the planet's increasingly trans-cultural condition — students are challenged to consider and reconsider a number of important issues: the growing importance of popular culture in Iberia, Latin America and Latino USA; the role of race, class and gender within Spanish and Latin American society; the crucial impact of diasporas and migrations on our contemporary cultural landscape; among many others.

The department encourages students to combine a Spanish major with a double major or minor in another discipline either within the USC Dornsife College of Letters, Arts and Sciences or other schools at USC. Faculty undergraduate advisers are available to help provide information and assistance to students wishing to explore these various options.

The department also offers basic language instruction in both Spanish and Portuguese through which students can satisfy their foreign language requirement.

## Undergraduate Degrees

### General Information

#### *Spanish Language Proficiency Examination*

Students with previous exposure to Spanish are required to take a placement test, administered by the Center for Testing and Assessment. Students with no record of previous exposure to Spanish are not required to take the placement examination and should contact the department for assistance.

#### *Courses in Spanish*

All courses at the 200, 300 and 400 levels are conducted in Spanish unless otherwise noted in the course descriptions that follow. Courses are kept small to allow for maximum interaction between students and professors.

#### *Advisement*

A college undergraduate adviser is assigned to provide academic advisement prior to registration and throughout the academic year.

### Major Requirements for the Bachelor of Arts in Spanish

REQUIRED COURSES – LOWER DIVISION (8 UNITS)*		UNITS
SPAN 260**	Advanced Spanish: Arts and Sciences	4
SPAN 261**	Advanced Spanish: Society and the Media	4
REQUIRED COURSES – UPPER DIVISION (16 UNITS)		UNITS
Four of the following courses:		
SPAN 301	Introduction to Hispanic Literature and Film	4
SPAN 310	Structure of Spanish	4
One other SPAN literature, culture, film course		4
One 400-level SPAN course		4

### Graduate Programs

The Ph.D. in Linguistics (Hispanic Linguistics) is offered through the Linguistics Department. See page 397 for degree requirements. The M.A. and Ph.D., Comparative Studies in Literature and Culture (Spanish and Latin American Studies) are offered through the Comparative Studies in Literature and Culture program. See page 307 for degree requirements.

Electives (16 units):

Four other upper division SPAN courses.

Only one section of SPAN 316x may be taken for major or minor credit.

### Honors Program

The B.A. in Spanish with Honors is available to students who have a GPA of at least 3.5 in courses counted for major credit and an overall GPA of 3.0 (by the time of graduation). Desire to complete the major with honors typically should be approved by a department faculty member no later than the second semester of the junior year. To complete the honors program the student must write an honors thesis in Spanish in conjunction with a 400-level course. The thesis, in the range of 25-30 pages (6,250-7,500 words), must be endorsed by a departmental honors committee by April 1 of the senior year.

\*Majors and minors may request a waiver of one or both courses (SPAN 260 and/or SPAN 261) if they meet one or more of the following prerequisites: a) a score of 5 on the Spanish language or literature advanced placement (AP) exam; b) a score of 6 or 7 on the Spanish International Baccalaureate Higher-Level exam (IBHL); c) a score of 800 in the Spanish SAT subject exam; or d) demonstrate advanced proficiency in spoken and written Spanish. Departmental approval is required in every case.

\*\*SPAN 260 and SPAN 261 may be taken concurrently. The second of these courses may be taken concurrently with a 300-level course.

### Spanish Undergraduate Students Association (SUSA)

Students majoring or minoring in Spanish are eligible to join SUSA, the Spanish Undergraduate Students Association. Each year SUSA sponsors a variety of activities which enrich the cultural, intellectual and academic experience of the undergraduate student.

### Minor in Spanish

REQUIRED COURSES – LOWER DIVISION (8 UNITS)		UNITS
SPAN 265	Spanish for Communication: Society and the Media	4
SPAN 266*	Spanish for Communication: Arts and Sciences	4
UPPER DIVISION (16 UNITS)		UNITS
Any four courses at the 300- or 400-level		
BASIC LANGUAGE **		UNITS
SPAN 120	Spanish I	4
SPAN 150	Spanish II	4
SPAN 220	Spanish III	4

\*The second 260-type course may be taken concurrently with upper division courses.

Majors and minors may request a waiver of one or both courses (SPAN 265 and/or SPAN 266) if they meet one or more of the following prerequisites: a) a score of 5 on the Spanish language or literature advanced placement (AP) exam, b) a score of 6 or 7 on the Spanish International Baccalaureate Higher-Level exam (IBHL), c) a score of 800 in the Spanish SAT subject exam or d) demonstration of advanced proficiency in spoken and written Spanish. Departmental approval is required in every case.

SPAN 265 and SPAN 266 may be taken concurrently. The second of these courses may be taken concurrently with a 300-level course.

**Minor in Latin American Studies**

The Latin American Studies minor recognizes the lasting importance of U.S.-Latin American relations. The overriding goal is to encourage students to learn more about Latin America by combining conceptual, area and language studies during their time at USC. The purpose of this 20-unit minor is to deepen students' knowledge of Latin America by offering courses from multiple disciplines within a context of close faculty guidance. The gateway requirement of one 4-unit course provides the student with options in both humanities and the social sciences, and the designated electives are similarly meant to allow students to blend these specialties.

For fulfillment of the requirements for the minor a student must choose four classes outside of his or her major department dedicated exclusively to the minor (which may be the same four classes). After the gateway course, these elective courses must be spread across at least two disciplines and/or departments.

*Required Courses*

One of the following 4-unit gateway introductory courses: REL 133, COLT 250, HIST 273, HIST 372, IR 364, IR 365, POSC 350.

If the student has chosen a lower-division (100- or 200-level) course among the introductory choices, all area electives must be at the upper-division (300- or 400-) level.

*Elective Requirements*

Four courses (16 units) from the following list: AHIS 127, AHIS 128, AHIS 318, AHIS 319, AHIS 411, AMST 448, ANTH 425, COLT 250, ECON 340, GEOG 335, HIST 272, HIST 370, HIST 371, HIST 372, HIST 374, HIST 451, HIST 456, HIST 470, HIST 473, HIST 474, IR 364, IR 365, IR 408, IR 426, IR 454, IR 465, IR 466, PORT 250, POSC 350, POSC 430, POSC 431, SOCI 366, SOCI 420, SPAN 320, SPAN 321, SPAN 372, SPAN 462, SPAN 495.

## Graduate Degrees

The Ph.D. in Linguistics (Hispanic Linguistics) is offered through the Linguistics Department. See page 397 for degree requirements. The M.A. and Ph.D., Comparative Studies in Literature and Culture (Spanish and Latin American Studies) are offered through the Comparative Studies in Literature and Culture program. See page 307 for degree requirements.

**Certificate in Foreign Language Teaching**

The Certificate in Foreign Language Teaching provides certification in the theory and practice of second or foreign language teaching for student language teachers concurrently enrolled in graduate degree programs in foreign languages or related graduate programs at USC; for graduates of such programs who are teaching languages; for external candidates concurrently enrolled in similar programs in accredited colleges or universities; or for graduates of such programs who are teaching languages. The certificate is meant to supplement graduate study in the literature or linguistics of foreign languages. It is also meant to supplement classroom teaching.

Therefore all candidates for this certificate are required to have taught a second or foreign language for at least one academic year at USC or elsewhere. At USC, this requirement and the course work requirements can be fulfilled concurrently, but external candidates are required to show proof of such teaching experience as a condition of admission.

In addition to teaching, certificate candidates must complete a minimum of four courses (minimum of 12 units) in four areas of study — linguistics, language acquisition, language teaching methodology, and the teaching of literacy or the literature or culture of a second or foreign language.

*Requirements for Completion*

The program consists of a practicum and a minimum of four courses: one each in linguistics, language acquisition, language teaching methods, and the teaching of literacy, literature or culture.

*Linguistics:* (minimum of 3 units) LING 411x Linguistics and Education or, with permission of instructor, an appropriate course in the linguistics of a particular language.

*Language Acquisition:* (minimum of 3 units) LING 527 Second Language Acquisition or an appropriate alternative course.

*Language Teaching Methods:* (minimum of 3 units) MDA 593 Practicum in Teaching the Liberal Arts or EALC 562 Teaching of the East Asian Languages or SPAN 511 Techniques and Procedures of Teaching Spanish as a Second Language or an appropriate alternative course.

*Literacy/Literature/Culture:* (minimum of 3 units) An appropriate course in teaching of the literature or culture of a particular language.

## Courses of Instruction

**SPANISH AND PORTUGUESE****SPANISH (SPAN)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**SPAN 020x Spanish for Reading Knowledge**

**(0)** Preparation for the ETS standardized examination, with readings related to the student's major area. Offered upon sufficient demand. Not available for degree credit. Graded CR/NC.

**SPAN 120 Spanish I (4)** For students with limited proficiency in Spanish. Practice in listening comprehension, oral communication, elementary reading and writing. *Prerequisite:* Spanish placement exam.

**SPAN 150 Spanish II (4)** Continuation of SPAN 120; increased emphasis on listening comprehension, oral communication, reading, and writing. *Prerequisite:* SPAN 120.

**SPAN 220 Spanish III (4)** Continuation of SPAN 150; intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Hispanic culture and civilization. *Prerequisite:* SPAN 150.

**SPAN 231x Spanish for Business Communication: The Job Search (2)** Four-skills language and culture course. Culminating tasks executed in Spanish; professional dossier, simulated job search, formal face-to-face job interview, and telephone job interview. Not open to Spanish majors. Not available for major credit to Spanish majors. (Duplicates credit in SPAN 250.) *Prerequisite:* SPAN 220.

**SPAN 232x Spanish for Business Communication: The Business (2)** Four-skills language and culture course. Culminating tasks executed in Spanish; written company profiles and a critical analysis of an NGO presented orally to the class. Not open to Spanish majors. Not available for major credit to Spanish majors. (Duplicates credit in SPAN 250.) *Prerequisite:* SPAN 220.

**SPAN 233x Spanish for Business Communication: The Case Study (2)** Four-skills language and culture course. Culminating tasks executed in Spanish; case studies analyzed and presented in writing and orally. Not open to Spanish majors. Not available for major credit to Spanish majors. (Duplicates credit in SPAN 250.) *Prerequisite:* SPAN 220.

**SPAN 240 Spanish IV (4, FaSp)** Intensive review of Spanish grammar with emphasis on four skills. Audiovisual materials and readings related to Hispanic culture and civilization. *Prerequisite:* SPAN 220.

**SPAN 245 Spanish Through Social Issues in Costa Rica (4, Sm)** (Costa Rica Summer Program only). Intensive review of Spanish grammar with emphasis on four skills. Audiovisual materials, guest speakers, and readings related to the history and culture of Costa Rica. *Concurrent enrollment:* SPAN 220.

**SPAN 250x Spanish for Business Communication (4)** Four-skills language and culture course for intermediate-high Spanish students interested in Business/Communications. Prepares students to communicate in the Spanish-speaking commercial market in a linguistically sensitive manner. Not available for credit to Spanish majors and minors. *Prerequisite:* SPAN 240.

**SPAN 260 Advanced Spanish: Arts and Sciences (4, FaSpSm)** Development of students' oral and writing skills using literary and scientific materials; grammar review. (Duplicates credit in the former SPAN 266.) *Prerequisite:* SPAN 220.

**SPAN 261 Advanced Spanish: Society and the Media (4, FaSpSm)** Analysis of cultural issues in the Spanish-speaking world. Discussions, presentations, writing assignments, and grammar instruction designed to improve students' proficiency in Spanish. (Duplicates credit in the former SPAN 265.) *Prerequisite:* SPAN 220.

**SPAN 280x Conversational Spanish (2, FaSp)** Discussions of short films, cultural and literary texts and other activities designed to improve conversational skills. Not for credit for Spanish majors. *Recommended preparation:* SPAN 220.

**SPAN 301 Introduction to Hispanic Literature and Film (4, FaSpSm)** Introduction to critical reading and interpretation of poetry, narrative fiction, drama, and film from Spain and Latin America. *Prerequisite:* SPAN 260, SPAN 261.

**SPAN 302 Survey of Film (4, FaSpSm)** A survey of Spanish and Latin American cinema from the silent film era to the present, acquainting students with various critical and theoretical approaches to cinema studies. *Prerequisite:* SPAN 260, SPAN 261; *recommended preparation:* SPAN 301.

**SPAN 304 Survey of Fiction (4, FaSp)** A survey of Spanish and Latin American fiction from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to narrative. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 306 Survey of Drama (4, FaSp)** A survey of Spanish and Latin American plays from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to drama. (Duplicates credit in former SPAN 305.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 308 Survey of Poetry (4, FaSp)** A survey of Spanish and Latin American poetry from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to verse. (Duplicates credit in former SPAN 305.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 310 Structure of Spanish (4, FaSp)** A systematic study of the structure of Spanish. Topics include fundamental aspects of the sound system; word classes; sentences and their meaning; linguistic change and variation; standard and colloquial usage. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 311 Advanced Spanish Through Contemporary Issues: Oral Emphasis (4, Sm)** (Summer sessions abroad) Advanced Spanish with emphasis on grammar and oral communication. *Recommended preparation:* SPAN 260 or SPAN 261.

**SPAN 315 Advanced Grammar and Translation (4, FaSp)** Contrastive study of Spanish and English structures designed to explore the similarities and differences between the two languages and to familiarize students with translation techniques. Emphasis on a variety of text types with the aim of increasing linguistic and cultural appreciation of the Spanish language. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 316x Spanish for the Professions (4, max 8, FaSp)** The language and culture of a particular area of study or profession, such as medicine and healthcare, political and social sciences, business and the law. Limited to 4 units for major or minor credit. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 320 Iberian and Latin American Cultures: Readings on Society (4, FaSp)** Introduction to the study of Iberian and Latin American cultural patterns through readings on such topics as history, gender, ethnicity, and politics. (Duplicates credit in former SPAN 360 and former SPAN 370.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 321 Iberian and Latin American Cultures: Readings on the Arts (4, FaSp)** Introduction to the study of Iberian and Latin American cultural forms through readings on the visual arts, cinema, architecture and music. (Duplicates credit in former SPAN 360 and former SPAN 370.) *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 341 Advanced Conversation and Culture (4)** (Madrid Summer Program) Conversation based on study of Spanish art and architecture. Field trips.

**SPAN 350 Cultural Cross-Currents of the Iberian Middle Ages (4, FaSp)** Selected readings from 1040 to 1499 examining the rich cultural diversity of the Iberian Middle Ages in the symbiosis of Christian, Moslem and Jewish traditions. (Duplicates credit in former SPAN 377 and former SPAN 450.) *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 352 The Transatlantic Golden Age: New Worlds Real and Imagined (4, FaSp)** Selected readings from 1500 to 1700 exploring Renaissance and baroque visions of the classical and new worlds. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 372 Modern and Contemporary Latin American Fiction (4, FaSp)** Study of major trends in Latin American fiction from the 1930s to the present with a focus on narrative experimentation. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 373 Modern and Postmodern Spanish Fiction (4, FaSp)** An exploration of the literary and filmic narratives of contemporary Spain focusing on the major historical and cultural movements of the 20th century. (Duplicates credit in former SPAN 378.) *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 375 Latin American Cultural and Literary Theory (4)** (Enroll in COLT 375)

**SPAN 380 Literature of Mexico (4)** Principal writers and their works from Colonial times to the present. Non-majors may write assignments in English. *Recommended preparation:* advanced comprehension of oral and written Spanish.

**SPAN 385 The Culture of Food in Hispanic Los Angeles (4, FaSp)** Experiential learning and project-based course designed to familiarize students with the food culture of Hispanic Los Angeles. Students create Spanish language blogs about their experiences. *Prerequisite:* SPAN 260 and SPAN 261.

**SPAN 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**SPAN 391 Introduction to Contemporary Spanish Literature (USC Madrid Center) (4)** Readings in contemporary Spanish literature. Includes lectures by recognized Spanish writers and scholars.

**SPAN 405 History of the Spanish and Portuguese Languages (4)** Development of sounds, forms, words, meanings and structures from their origins to modern Spanish and Portuguese. *Prerequisite:* SPAN 310 or SPAN 315.

**SPAN 412 Spanish Rhetoric and Style (4, FaSp)** Close grammatical and rhetorical analysis of a variety of text types (general, literary, technical, journalistic) as the basis for practice in advanced written and oral expression as well as translation. *Prerequisite:* SPAN 310 or SPAN 315.

**SPAN 413m Social and Geographic Varieties of Spanish (4, Fa)** Historical, social, and cultural elements represented in the dialectal diversity of the Spanish language; fieldwork in bilingual communities in the United States. Majors prepare assignments in Spanish, non-majors in English. Conducted in Spanish and English. *Prerequisite:* reading knowledge of Spanish.

**SPAN 420 Spanish Language Acquisition (4, FaSp)** A study of the bilingual acquisition of Spanish and English by children, and of Spanish as a second language by adults; focus on linguistic, psychological and social factors. *Prerequisite:* SPAN 310 or SPAN 315.

**SPAN 442 Advanced Reporting in Spanish (4)** (Enroll in JOUR 442)

**SPAN 455 Picaresque Itineraries: Empire and Its Discontents (4, FaSp)** A study of the rise of the picaresque novel in Spain and Latin America as a medium for social, political, and cultural criticism. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 460 Don Quijote: Text and Film (4, FaSpSm)** A close reading of Cervantes' masterpiece and analysis of film adaptations of the novel. *Prerequisite:* SPAN 301.

**SPAN 462 Literary Cartographies of Latin America and Spain, 1810-1898 (4, FaSp)** Comparative analysis of Spanish and Latin American literatures with a focus on trans-Atlantic relations and the rise of such movements as romanticism, realism, and modernismo. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 464 Introduction to Contemporary Spanish Theatre (4)** (Madrid Center only) Historical evolution of the contemporary Spanish theatre; readings of dramatic texts supported by attendance at live stage performances. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 465 Cultural Perspectives of the Iberian Peninsula (4, Sm)** (Madrid Summer Program) Study of cultural plurality in the Iberian Peninsula. *Recommended preparation:* SPAN 260 or SPAN 261.

**SPAN 466 Argentina, Society and the Arts (4, Sm)** Study of the arts in the cultural landscape of Argentina and in the context of developments in Europe, Latin America and the United States. *Recommended preparation:* SPAN 260 or SPAN 261.

**SPAN 470 Literature and Media in Latin America (4)** (Enroll in COLT 470)

**SPAN 481 Literature and Popular Culture (4, FaSp)** An examination of popular culture and literary genres with an emphasis on the evolving canons and identities of Latin America and Spain. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 482 Literature and the City (4, FaSp)** An examination of the literary representations of urban spaces and cultures within the context of Iberian, Latin American, and U.S. Latino societies. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 483 Literature and Gender (4, FaSp)** An examination of gender, sexuality, and power in Iberian and Latin American literatures and cultures. *Recommended preparation:* SPAN 304 or SPAN 306 or SPAN 308.

**SPAN 484 Studies in Visual and Material Culture (4, FaSp)** An examination of the role of visual and material culture in cultural and social context in the Hispanic world, focusing on a selected time period and geographical region. *Recommended preparation:* SPAN 260 and SPAN 261 if taken for Spanish major credit.

**SPAN 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**SPAN 495 Seminar for Majors and Minors (4)** Two options: (1) Study of a major work or writer, a principal literary theme or movement; or (2) a selected topic in Spanish language and linguistics. *Recommended preparation:* two courses in the upper division in the same area as the seminar topic (e.g., language or literature).

**SPAN 499 Special Topics (2-4, max 8)**

**SPAN 501 Cultural Narratives of Spain and Latin America (4)** Theoretical and methodological approaches to cultural narratives in Spanish and Latin American literary and cultural studies.

**SPAN 511 Techniques and Procedures of Teaching Spanish as a Second Language (3)** Practical classroom application of language teaching methods; evaluation of available textbooks; critique of master classes.

**SPAN 513 Spanish Morphology and Phonology (3, FaSp)** A survey of research on the interaction between Spanish morphology and phonology in light of critical readings and discussion of selected studies as contributions to the general theory of grammar. (Duplicates credit in former SPAN 512.)

**SPAN 514 Spanish Syntax (3, FaSp)** A survey of Spanish syntax in the light of critical readings and discussion of selected studies and their comparative contribution to grammatical theory.

**SPAN 515 Spanish Grammar in Discourse (3, FaSp)** Semantic and pragmatic approaches to the analysis of the structure of Spanish sentences and discourse.

**SPAN 516 Historical Aspects of Spanish and Portuguese (3, FaSp)** Processes of language change in the development of the Spanish and Portuguese languages from their origin in spoken Latin to their modern stage.

**SPAN 517 Spanish Applied Linguistics (3, FaSp)** Modern theories of first and second language acquisition and their application to Spanish.

**SPAN 518 Spanish Sociolinguistics (3, FaSp)** Principles of sociolinguistics and dialectology: sociolinguistic patterns in the Hispanic languages.

**SPAN 525 Medieval and Early Modern Spanish World (4, max 8)** Study of literature and other cultural artifacts pertaining to the Middle Ages in Spain and the early modern world in both Spain and the Americas.

**SPAN 529 The Transatlantic 19th Century (4, max 8)** Study of authors, texts and literary and cultural currents in Spain and Latin America in the 19th century.

**SPAN 539 20th and 21st Century Spanish Literature and Culture (4, max 8)** Study of cultural currents, authors, literary texts, films and other media in Spain in the 20th and 21st centuries.

**SPAN 545 20th and 21st Century Latin American Literature and Culture (4, max 8)** Study of cultural currents, authors, literary texts, films and other media in Latin America in the 20th and 21st centuries.

**SPAN 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SPAN 593 Practicum in Teaching the Liberal Arts (2, FaSp)** (Enroll in MDA 593)

**SPAN 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**SPAN 596 Research Methods in Spanish Linguistics (3)** Examination of various research methods as applied to the study of the Spanish language; mechanics of organizing, conducting and presenting research in Spanish linguistics.

**SPAN 602 Seminar in Spanish and Latin American Critical Theory (4, max 8)** Major developments in literary criticism in Spain and Latin America from the early modern period to the present.

**SPAN 603 Seminar in the Cultural History of Spain and Latin America (4, max 8)** Literary and cultural currents in Spain and Latin America, with varying focus on genres, periods, movements and problems.

**SPAN 604 Seminar in Gender and Sexuality in Spain and Latin America (4, max 8)** Construction and representation of gender and sexuality in Spanish and Latin American literature and culture.

**SPAN 606 Seminar in Visual Culture in Spain and Latin America (4, max 8)** Major currents in film and other media in Spain and Latin America.

**SPAN 650 Topics in Spanish and Latin American Literature and Culture (4, max 8)** Study of topics in Spanish and Latin American literature and culture across periods, genres and nations.

**SPAN 652 Seminar on a Major Topic in Hispanic Linguistics (3, max 9, FaSp)** Analysis of selected topics of current interest as reflected primarily in the most recent literature.

**SPAN 672 Seminar in Spanish Morphophonology (3, max 9, FaSp)** Selected topics in Spanish morphology and phonology.

**SPAN 674 Seminar on Spanish Syntax and Semantics (3, max 9, FaSp)** Detailed analysis of topics in modern Spanish syntax and semantics.

**SPAN 676 Seminar in Diachronic Aspects of the Hispanic Languages (3, max 9, FaSp)** In-depth analysis of a particular topic in the historical development of the Hispanic languages.

**SPAN 677 Seminar in Spanish Applied Linguistics (3, FaSp)** Critical study and analysis of major issues related to the teaching and learning of Spanish as a first or a second language.

**SPAN 678 Seminar in Hispanic Sociolinguistics (3, max 9, FaSp)** Selected topics in Hispanic sociolinguistics: social and geographic language varieties, language contact, discourse analysis, synchronic variation and processes of change in Spanish.

**SPAN 700 Colloquium in Hispanic Literature and Linguistics (1, max 3)** Discussion and presentation of papers on a variety of topics in the areas of Hispanic language and literature. Graded CR/NC. *Prerequisite:* any 600 level Spanish seminar.

**SPAN 790 Directed Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**SPAN 794abcdz Doctoral Dissertation (2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

#### PORTUGUESE (PORT)

**PORT 120 Portuguese I (4, FaSp)** For students with no proficiency in Portuguese. Practice in listening comprehension, oral communication, elementary reading and writing.

**PORT 150 Portuguese II (4, FaSp)** For students with some language proficiency in Portuguese; increased emphasis on listening, comprehension, oral communication, reading, and writing. Students will be required to take a Portuguese placement exam in the Spanish and Portuguese Department.

**PORT 220 Portuguese III (4, FaSp)** Intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Portuguese culture and civilization. *Prerequisite:* PORT 150.

**PORT 240 Portuguese IV (4)** Four-skills course with review of grammar. Writing and reading intensive. Authentic materials related to Lusobrazilian culture and civilization. *Prerequisite:* PORT 220.

**PORT 250g Cultures of Brazil and Lusophone Africa (4, FaSp)** Comparative study of Brazil in the context of the Lusophone (Portuguese-speaking) world, especially Portugal's former colonies in Africa. Materials drawn from literature, visual culture, music and cultural theory.

**PORT 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**PORT 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

## Spatial Sciences Institute

Allen Hancock Foundation Building B55  
(213) 740-5910  
FAX: (213) 740-9687  
Email: [spatialsciences@dornsife.usc.edu](mailto:spatialsciences@dornsife.usc.edu)

Director: John P. Wilson, Ph.D.\*

### Faculty

Professor: John P. Wilson, Ph.D.\*

Professor of the Practice of Spatial Science: Karen K. Kemp, Ph.D.

Associate Professor (Research): Travis R. Longcore, Ph.D.

Assistant Professor (Research): Daniel W. Goldberg, Ph.D.

Assistant Professor (Teaching): Jennifer N. Swift, Ph.D.

Lecturers: Yao-Yi Chiang, Ph.D.; Jordan T. Hastings, Ph.D.; Katsuhiko Oda, Ph.D.; Flora Paganelli, Ph.D.; Tarek Rashed, Ph.D.; Darren M. Ruddell, Ph.D.; Robert O. Vos, Ph.D.; Daniel N. Warshawsky, Ph.D.

\*Recipient of university-wide or college teaching award.

The programs and courses affiliated with the Spatial Sciences Institute explore the various ways in which space is used to acquire, represent, organize, analyze, model and visualize information. They seek to engage students enrolled in a range of academic programs in the natural and social sciences, the humanities and the professional schools.

The undergraduate minor in spatial studies explores how maps and related geospatial techniques may be used to describe, explore and interpret specific places and the natural and human processes.

The M.S. in Geographic Information Science and Technology provides state-of-the-art training in the core geographic information technologies (GIS, GPS and remote sensing, among others) and the underlying scientific principles and concepts that guide their design and use. This is an online program and may be taken by undergraduate students majoring in other disciplines as a progressive master's degree.

The Graduate Certificate in Geographic Information Science and Technology incorporates the same online core courses and electives as the master's degree and may be taken by master's and doctoral students majoring in other disciplines.

## Graduate Degrees

**Master of Science in Geographic Information Science and Technology**  
AHF B55B  
(213) 740-8298  
Email: [kkelsey@usc.edu](mailto:kkelsey@usc.edu)

Director: John P. Wilson, Ph.D.

The online M.S. in Geographic Information Science and Technology requires 28 units of graduate work and provides state-of-the-art training in the core geographic information technologies (geographic information systems, global positioning systems and remote sensing, among others) and the underlying scientific principles and concepts that guide their design and use. The individual courses incorporate multiple curricular pathways tailored to the increasingly diverse backgrounds, occupations and applications that rely on geospatial data, analysis and visualization.

### Course Requirements

Twenty-eight units of graduate work are required.

CORE COURSES (16 UNITS)		UNITS
SSCI 581	Concepts for Spatial Thinking	4
SSCI 582	Spatial Databases	4
SSCI 587	GPS/GIS Field Techniques	4
SSCI 594ab	Master's Thesis	2-2
ELECTIVES (12 UNITS)		UNITS
SSCI 583	Spatial Analysis and Modeling	4
SSCI 585	Geospatial Technology Project Management	4
SSCI 586	GIS Programming and Customization	4
SSCI 588	Remote Sensing for GIS	4
SSCI 589	Cartography and Visualization	4
SSCI 591	Web GIS	4

All electives are chosen in direct consultation with the student's academic adviser based on background, academic interests, etc.

The courses in this program are open to students living and/or working anywhere, including students at USC's Los Angeles, Orange County, Sacramento and Washington, D.C. centers. The master's program can be completed in two to three years as long as students take one or two courses in each of the fall, spring and summer semesters.

### Admission Requirements

Four groups of students are served by this program:

1. New students who wish to apply directly to the geographic information science and technology master's program.
2. Students currently enrolled in the geographic information science and technology graduate certificate program since this certificate program may serve as a possible "stepping stone" toward the master's program.
3. Students currently matriculated in a USC master's or doctoral degree program.

4. USC undergraduate students who want to stay for a fifth year and earn both bachelor's and master's degrees.

Candidates for admission among the first two groups of students must have: (1) a B.A. or B.S. degree or its international equivalent; (2) a minimum 3.0 GPA (A = 4.0). All course work taken at the undergraduate level is used to calculate the GPA. Exceptions will be made in cases of very high GRE scores or some other compelling evidence of potential to excel in graduate studies (e.g., outstanding letters of recommendation). Preference will be given to candidates with significant professional experience working with geographic information systems and related geospatial technologies.

#### *Application Procedures*

Applicants are required to submit the following documents: (1) completed application for admission, which can be found online at [www.usc.edu/admission/graduate](http://www.usc.edu/admission/graduate); (2) statement of purpose; (3) official transcripts from all schools previously attended; (4) two letters of recommendation; and (5) results of the GRE General Test. International students must submit TOEFL scores and are expected to achieve a minimum score of 100 on the Internet-based examination.

The statement of purpose should be uploaded into the online application. This statement should: (1) describe the student's motivation, field of interest and career goals; and (2) identify potential projects that the student might pursue for the master's thesis project.

The master's program utilizes rolling admissions and enrollment based on the standard academic calendar. This means that students may start the program in either the fall, spring or summer semesters.

Those interested in learning more about this program should contact Kate Kelsey, University of Southern California, 3616 Trousdale Parkway, AHF B55B, Los Angeles, CA 90089-0374.

### **Graduate Certificate in Geographic Information Science and Technology** AHF B55B (213) 740-8298

Email: [kkelsey@usc.edu](mailto:kkelsey@usc.edu)

*Director:* John P. Wilson, Ph.D.

The online Graduate Certificate in Geographic Information Science and Technology requires 16 units of graduate work and provides state-of-the-art training in some of the core geographic information science technologies and the underlying scientific principles and concepts that guide their design and use.

#### *Course Requirements*

Sixteen units of graduate work are required.

CORE COURSES (12 UNITS)		UNITS
SSCI 581	Concepts for Spatial Thinking	4
SSCI 582	Spatial Databases	4
SSCI 587	GPS/GIS Field Techniques	4
ELECTIVES (4 UNITS)		UNITS
SSCI 583	Spatial Analysis and Modeling	4
SSCI 585	Geospatial Technology Project Management	4
SSCI 586	GIS Programming and Customization	4
SSCI 588	Remote Sensing for GIS	4
SSCI 589	Cartography and Visualization	4
SSCI 591	Web GIS	4

The courses in this program are open to students living and/or working anywhere, including students at USC's Los Angeles, Orange County, Sacramento and Washington, D.C. centers. The certificate program can be completed in one to two years as long as students take one or two courses in each of the fall, spring and summer semesters. The graduate certificate program can serve as a possible "stepping stone" toward the geographic information science and technology master's degree program.

#### *Admission Requirements*

Two groups of students are served by this program:

1. New students who wish to apply directly to the geographic information science and technology graduate certificate program.
2. Students currently matriculated in a USC master's or doctoral degree program (other than the M.S. in geographic information science and technology).

Candidates for admission among the first group of students must have: (1) a B.A. or B.S. degree or its international equivalent; (2) a minimum 3.0 GPA (A = 4.0) undergraduate GPA. All course work taken at the undergraduate level is used to calculate the GPA. Exceptions will be made in cases of very high GRE scores or some other compelling evidence of potential to excel in graduate studies (e.g., outstanding letters of recommendation). Preference will be given to candidates with significant professional experience working with geographic information systems and related geospatial technologies.

#### *Application Procedures*

Applicants are required to submit the following documents: (1) completed application for admission, which can be found online at [www.usc.edu/admission/graduate](http://www.usc.edu/admission/graduate); (2) statement of purpose; (3) official transcripts from all schools previously attended. International students must submit TOEFL scores and are expected to achieve a minimum score of 100 on the Internet-based examination.

The graduate certificate program utilizes rolling admissions and enrollment based on the standard academic calendar. This means that students may start the program in either the fall, spring or summer semesters.

Those interested in learning more about this program should contact Kate Kelsey, University of Southern California, 3616 Trousdale Parkway, AHF B55B, Los Angeles, CA 90089-0374.

### **Sustainable Cities Graduate Certificate**

This multidisciplinary certificate program provides USC master's and doctoral students with a specialization in urban sustainability problems resulting from the growth of cities caused by natural population increase and massive rural-to-urban population flows. See the USC Price School of Public Policy, page 893.

## Courses of Instruction

### SPATIAL SCIENCES INSTITUTE (SSCI)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### SSCI 265Lg The Water Planet (4, Sp)

An exploration of earth's water, ranging from water properties, chemistry, and pollution, to groundwater dynamics, watershed processes, and oceanic-atmospheric circulation. Implications for past and future societies. Lecture and laboratory. (Duplicates credit in the former GEOG 265L.)

#### SSCI 490x Directed Research (2-8, FaSpSm)

Individual research and readings. Not available for graduate credit. Open only to juniors and seniors.

#### SSCI 499 Special Topics (2-4, max 8)

Intensive study of selected topics or regions.

#### SSCI 581 Concepts for Spatial Thinking

(4, FaSpSm) The unique characteristics and importance of spatial information as they relate to the evolving science, technology, and applications of Geographic Information Systems. (Duplicates credit in the former GEOG 581.)

#### SSCI 582 Spatial Databases (4, FaSpSm)

Design, implementation, and interrogation of relational, object-oriented and other types of geospatial databases. (Duplicates credit in the former GEOG 582.) *Recommended preparation:* SSCI 581.

#### SSCI 583 Spatial Analysis and Modeling

(4, Fa) Examination of the process of geographic abstraction and modeling in relation to the different data models and spatial analysis operations available in current GIS. (Duplicates credit in the former GEOG 583.) *Recommended preparation:* SSCI 581.

#### SSCI 585 Geospatial Technology Project

Management (4, FaSpSm) Concepts, principles, and use of project management tools and the people issues encountered running GIS projects. (Duplicates credit in the former GEOG 585.) *Recommended preparation:* SSCI 581.

#### SSCI 586 GIS Programming and Customization

(4, FaSpSm) Design, coding, and implementation of GIS-based software and models with Java and Visual Basic.NET programming languages. (Duplicates credit in the former GEOG 586.) *Recommended preparation:* SSCI 581.

#### SSCI 587 GPS/GIS Field Techniques (4,

FaSpSm) Field exploration of methods and problems of data acquisition and integration using GPS/GIS data collection systems at Wrigley Marine Science Center on Santa Catalina Island. (Duplicates credit in the former GEOG 587.)

#### SSCI 588 Remote Sensing for GIS (4,

FaSpSm) Principles of remote sensing, satellite systems, and role of remote sensing data in GIS applications. (Duplicates credit in the former GEOG 588.) *Recommended preparation:* SSCI 581.

#### SSCI 589 Cartography and Visualization

(4, FaSpSm) Principles of visual perception, spatial cognition and cartographic design and their contributions to the maps, animations, virtual reality and multimedia displays produced with modern GIS. (Duplicates credit in the former GEOG 589.) *Recommended preparation:* SSCI 581.

#### SSCI 590 Directed Research (1-12, FaSpSm)

Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

#### SSCI 591 Web GIS (4, FaSpSm)

Design, implementation, and technological building blocks (including GML) for distributed web-based services. (Duplicates credit in the former GEOG 591.) *Recommended preparation:* SSCI 581.

#### SSCI 594abz Master's Thesis (2-2-0, FaSpSm)

Credit on acceptance of thesis. Graded CR/NC.

#### SSCI 599 Special Topics (2-4, max 8)

Seminar in selected topics in the spatial sciences.

## Thematic Option

College Academic Services Building 200  
(213) 740-2961  
(800) 872-2961

Email: [thematicoption@dornsife.usc.edu](mailto:thematicoption@dornsife.usc.edu)  
[dornsife.usc.edu/tbematic-option](http://dornsife.usc.edu/tbematic-option)

*Director:* Penelope Von Helmolt, Ph.D.

Thematic Option, the university's general education core honors program, is an alternative to regular core general education requirements. The program is interdisciplinary and provides a strong intellectual community.

The program teaches students to formulate ethical questions, to analyze and understand the reasoning behind views that differ from their own, to recognize the roles that historical, political and social forces play in matters of personal choice, and to express their views coherently in writing. Thematic Option can be arranged to fit any major.

To maintain small classes and allow for extensive discussion, Thematic Option is limited to 200 students each year. Students must be highly motivated, with a record of academic achievement. The average Thematic Option student has cumulative SAT scores

above 2200 and an "A" high school GPA. The program is rigorous and requires extensive reading and writing.

### Program Requirements

The Thematic Option honors curriculum consists of four interdisciplinary core classes taught around distinct themes: CORE 101 Symbols and Conceptual Systems; CORE 102 Culture and Values; CORE 103 The Process of Change in Science; and CORE 104 Change and the Future.

CORE 111 Writing Seminar I and CORE 112 Writing Seminar II make up the eight units of writing to meet the university requirement. The classes are accompanied by individual, bi-weekly tutorials. CORE 111, which requires concurrent enrollment with an affiliated CORE 102, focuses on critical thinking and analysis, focusing on academic argument and reasoning through close reading of primary texts. CORE 112 teaches students to convey complex ideas and to advance sophistication of essay structure, grounded argument, and to identify and address specific audiences persuasively in academic discourse.

The core curriculum is supplemented by two theme courses — one in the natural sciences and the other in either the humanities or the social sciences — chosen in consultation with a Thematic Option adviser.

#### Liberal Arts Modules

Liberal Arts Modules are a college-wide honors opportunity that bring together students with substantial training in their respective disciplines to study a common subject area using multiple approaches while participating in a cross-disciplinary dialogue.

Liberal Arts Modules provide a unique opportunity for interdisciplinary study with peers and faculty from different disciplines. The themes and topics change each semester depending on faculty participation. Students are exposed to different approaches to societal issues, gain experience working collaboratively with peers from other academic areas, apply their knowledge to new subject areas and focus sustained critical attention on disciplinary methods of inquiry.

A typical module includes four classes: three small seminars and one CORE 498 course. The program requires simultaneous enrollment in one of the three seminars and in CORE 498, for a total of 8 units.

Students with at least junior standing and a major/minor GPA of at least 3.0 are eligible to apply. Preference is given to students pursuing double majors or other major/minor combinations in the liberal arts. Students graduating with a B.A. or USC Dornsife College of Letters, Arts and Sciences B.S. degree who complete a module and maintain a cumulative GPA of 3.5 will have “Distinction in Liberal Arts” listed on their USC Transcript.

#### REQUIREMENTS (8 UNITS)

Simultaneous registration in CORE 498 and a Special Topics 499 class that is part of the Liberal Arts Module.

#### Thematic Approaches to Humanities and Society Minor

The interdisciplinary minor in Thematic Approaches to Humanities and Society allows students to examine a range of thematic and theoretical approaches to understanding culture and society from multiple standpoints in the humanities. The minor is rich in course and schedule options, enabling students with an interest in the humanities to continue their studies. It also includes co-curricular events and advisement from Thematic Option staff. Thematic approaches to humanities and society builds on the intellectual community developed in the Thematic Option honors program and is open to all interested students.

The minor focuses on themes such as interdisciplinary perspectives and modes of inquiry; approaches to criticism and history; reification, ideology, contextualization; and knowledge, human diversity and social relations. Students choose six 4-unit classes, including one lower division elective, one upper division Thematic Option class (CORE 301 Modes of Inquiry), and four upper division electives. Students also complete a 2-unit reading salon (CORE 200 Liberal Arts Reading Salon).

#### REQUIREMENTS, LOWER DIVISION (CHOOSE ONE, 4 UNITS)

CLAS 150, CLAS 151, CORE 102, HIST 101, HIST 102, PHIL 115, REL 132

#### COURSE REQUIREMENTS (6 UNITS)

COURSE	REQUIREMENTS	UNITS
CORE 200	Liberal Arts Reading Salon	2
CORE 301	Modes of Inquiry	4

#### REQUIREMENTS, UPPER DIVISION (16 UNITS)

Enroll in four of the following, at least one from List A, one from List B and not more than one from List C. Not more than two may come from any one department. Courses must be chosen in consultation with a Thematic Option adviser.

#### LIST A

*Early:* CLAS 310, CLAS 320, CLAS 333, CLAS 470, EALC 340, EALC 345, EALC 350, EALC 355, EALC 365, PHIL 345, REL 311, REL 315, REL 317

*Modern:* COLT 426, COLT 445, EALC 332, EALC 335, EALC 342, EALC 352, EALC 354, FREN 446, GERM 370, GERM 372, PHIL 337, PHIL 355, PHIL 437, REL 340, SLL 330, SLL 344

#### LIST B

*Humanities and Society:* COLT 448, COLT 475, ENGL 473, ENGL 474, FREN 370, ITAL 340, REL 366, REL 462, SLL 345, SLL 348

*Critical Approaches:* CLAS 380, COLT 391, COLT 401, COLT 454, ENGL 472, ENGL 479, ENGL 480, LING 466, PHIL 361, PHIL 445

#### LIST C

*Social Science Approaches:* ANTH 372, HIST 300, HIST 329, IR 325, POSC 381, POSC 476, SOCI 350, SOCI 360

## Courses of Instruction

### THEMATIC OPTION (CORE)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

#### CORE 101 Symbols and Conceptual Systems: Thematic Option Honors Program (4, FaSp)

Study of the structures through which we shape our experience in religion, philosophy, literature, music, and the visual arts, and of competing theories of interpretation. Students may not take this course on a P/NP basis.

#### CORE 102 Culture and Values: Thematic Option Honors Program (4, Fa)

Systematic reasoning about values and ways of living; close reading of major texts within the Western tradition; Biblical and classical through contemporary sources. Students may not take this course on a P/NP basis.

#### CORE 103 The Process of Change in Science: Thematic Option Honors Program (4, FaSp)

Critical problems in the development of scientific thought, studied as vehicles for understanding the content and structure of the sciences. Specific subject matter in selected scientific disciplines will be presented. Students may not take this course on a P/NP basis.

**CORE 104 Change and the Future: Thematic Option Honors Program (4, FaSp)** Analysis of historical change; social and political theory and revolutionary thought; introduction to competing images of future states of affairs; the continuing process of change. Students may not take this course on a P/NP basis.

**CORE 111 Writing Seminar I: Thematic Option Honors Program (4, Fa)** Students may not take this course on a P/NP basis.

**CORE 112 Writing Seminar II: Thematic Option Honors Program (4, Sp)** Students may not take this course on a P/NP basis.

**CORE 195 Summer Seminar (3, Sm)** An honors course for high school students in summer; each section focuses on a topic in the arts or humanities, social or natural sciences.

**CORE 200 Liberal Arts Reading Salon (2, FaSp)** Critical readings of a series of texts in the liberal arts designed to promote discussion of important themes, theoretical approaches, research directions, and interdisciplinary connections. Graded CR/NC.

**CORE 301 Modes of Inquiry (4, FaSp)** Modern tools of cultural and discursive analysis which seek to demystify “the natural,” as it appears in the formation of cultures, their institutions, and individuals.

**CORE 498 Honors in Liberal Arts (4, FaSp)** Advanced interdisciplinary course on the development of a general theme or topic. Critical analysis of the relation between modes of inquiry and objects of study. Students must be simultaneously enrolled in a selected special topics 499 course that has been approved as part of the College’s Liberal Arts Modules project.

**CORE 499 Special Topics (2-4, max 12)** Intensive interdisciplinary exploration of a selected theme, problem process, or period.

**CORE 601 Teaching Analytical Writing Through Readings in the Humanities (1, max 4, Fa)** Theories and practices in the university-level teaching of close-reading and analytical writing, using texts central to Western tradition. Graduate student professionalism through topical workshops and discussions. Open to assistant lecturers and teaching assistants only. Graded CR/NC.

## The Writing Program

(213) 740-1980  
Email: [writprog@dornsife.usc.edu](mailto:writprog@dornsife.usc.edu)  
[dornsife.usc.edu/writing-program](http://dornsife.usc.edu/writing-program)

*Director:* John Holland

*Associate Professors (Teaching):* Norah E. Ashe, Ph.D.; Diana Y. Blaine, Ph.D.; Stephanie L. Bower, Ph.D.; James O. Brecher, Ph.D.; Jerome J. Edwards, MPW; Kevin Egan, Ph.D.; Caley O’Dwyer Feagin, M.F.A.; William S. Feuer, Ph.D.; Phyllis J. Franzek, Ph.D.; Nathalie Joseph, Ph.D.; Stephen John Mack, Ph.D.; Matthew J. Manson, Ph.D.; Mark Christopher Marino, Ph.D.; Geoffrey Cole Middlebrook, Ph.D.; John R. Murray, Ed.D.; Erika Rachel Nanes, Ph.D.; Sandra Marie Ross, M.A.; Ronald D. Scheer, Ph.D.; Scott A. Smith, Ph.D.; Robert Rex Waller Jr., MPW

*Assistant Professors (Teaching):* LauraAnne Adler, Ph.D.; Lacey A. Donohue, Ph.D.; Jay T. Fisher, MPW; William Y. Wyatt, MPW

*Lecturers:* Michael T. Bunn, Ph.D.; Jeffrey A. Chisum, Ph.D.; James J. Condon VII, Ph.D.; Andrew M. De Silva, MPW; William T. Gorski, Ph.D.; Indra Narayan Mukhopadhyay, Ph.D.; Steve Gary Posner, MPW; Shefali Rajamannar, Ph.D.; Eric Rawson, Ph.D.; Shilarna Stokes; David Tomkins, Ph.D.; Ellen Wayland-Smith, Ph.D.

The goal of Writing Program courses is to develop the critical thinking, reading and writing skills that are necessary for success in all college work. Small classes and tutorials in the Writing Center enable students to receive frequent responses to their writing and highly individualized composition instruction. Students must complete WRIT 140 (or its equivalent) and an advanced writing course, WRIT 340, to meet the university’s writing requirement. In all of its courses, the Writing Program employs a rhetorically based process approach to writing instruction.

### Lower Division Requirement

WRIT 140 Writing and Critical Reasoning is offered in affiliation with courses from the “Social Issues” category of the General Education program. WRIT 140 focuses on the rhetorical principles and techniques necessary for successful college-level writing. Special attention is paid to critical thinking and reading, sentence-level fluency, research techniques, and the elements of academic argument and reasoning. In lieu of WRIT 140, certain students from the Schools of Architecture, engineering and music majors are permitted to take WRIT 130 Analytical Writing, a non-affiliated course with similar curricular objectives. Neither WRIT 130 nor WRIT 140 will satisfy this requirement if taken on a Pass/No Pass basis.

### Advanced Writing Requirement

All students at USC, except those who satisfy their general education requirements through the Thematic Option Program, must complete WRIT 340 Advanced Writing, an upper division course designed to help students write on topics related to their disciplinary or professional interests. Students usually enroll in WRIT 340 in the junior year, and may not take the course earlier than their sophomore year. Different schools within the university offer sections of this course. Students should consult their major departments to determine which version of WRIT 340 best complements their program of study. WRIT 340 will not satisfy the university’s writing requirement if taken on a Pass/No Pass basis.

All classes that meet the university’s advanced writing requirement teach students to write clear, grammatical, well-structured prose; to discover and convey complex ideas critically; and to appreciate the nuances of effective argumentation. The principal aim of the requirement is to develop a student’s capacity to formulate thoughtful and compelling writing for specific academic, professional and public audiences.

**Preparatory Course Work**

Some students are better served by taking a preparatory course before they enroll in WRIT 140. Entering freshmen who score below a specified level on the verbal portion of the SAT take the University Writing Examination. Based on the results of this examination, certain students enroll in WRIT 120 Introduction to College Writing or WRIT 121 Introduction to College Writing in a Second Language during their first semester at USC.

International students take the University Writing Examination after having completed any course work required by the American Language Institute.

**Transfer Credit**

Students may complete the lower division requirement by completing an equivalent second-semester composition course that is taken for a letter grade option (not Pass/No Pass) at another institution prior to enrolling at USC or after high school graduation. Equivalent transfer credit is determined by the university's articulation officer. The advanced writing requirement must be completed at USC.

**Time Limits**

Students should complete the lower division writing course requirement by the end of their first year at USC and must complete it before they enroll in their sixty-fifth unit. Transfer students who have not completed the lower division requirement prior to entering USC should enroll in WRIT 140 during their first semester at USC, and must enroll in WRIT 140 no later than their nineteenth unit (second semester) at USC.

## Courses of Instruction

**WRITING (WRIT)**

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**WRIT 095x Writing Tutorial (1, FaSpSm)**

Individualized instruction in writing to support instruction in WRIT 130 or WRIT 140. Graded CR/NC. Not available for degree credit. *Concurrent enrollment*: WRIT 130 or WRIT 140.

**WRIT 120 Introduction to College Writing (4, FaSpSm)**

Intensive instruction and practice in the writing process. Focuses upon the formal conventions and conceptual expectations of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Graded CR/NC. Limited to and required of students who score below specified level on the USC Writing Examination.

**WRIT 121 Introduction to College Writing in a Second Language (4, FaSp)**

Intensive instruction and practice in the writing process for non-native speakers of English. Focuses on the formal and conceptual conventions of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Graded CR/NC. Limited to and required of students who score below specified level on the USC Writing Examination.

**WRIT 130 Analytical Writing (4, Sp)** Focuses on analytical and argumentative writing skills requisite to academic and professional writing. Emphasizes logical analysis of texts and other data, effective use of evidence, ethical argumentation, and stylistic and grammatical fluency. Enrollment limited to specified groups of students. Students must achieve a satisfactory score on the verbal portion of the SAT, the USC Writing Examination, or credit for WRIT 120 or WRIT 121 before enrolling in WRIT 130.

**WRIT 140 Writing and Critical Reasoning (4, FaSpSm)** Focuses on analytical and argumentative writing skills requisite to academic and professional writing. Emphasizes logical analysis of texts and other data, effective use of evidence, ethical argumentation, and stylistic and grammatical fluency. Requires concurrent enrollment with an affiliated general education course in the social issues category. Students must achieve a satisfactory score on the verbal portion of the SAT, the USC Writing Examination, or credit in WRIT 120 or WRIT 121 before enrolling in WRIT 140.

**WRIT 340 Advanced Writing (3-4, FaSpSm)**

Instruction in writing for various audiences on topics related to a student's professional or disciplinary interests, with some emphasis on issues of broad public concern. *Prerequisite*: WRIT 130 or WRIT 140.

**WRIT 440 Writing in Practical Contexts (4, FaSpSm)**

Advanced training in analytical and argumentative writing for particular purposes, in professional and practical contexts. *Prerequisite*: CORE 112 or WRIT 340.

**WRIT 501ab Theory and Practice in Teaching Expository Writing (1-1, Fa)**

Pedagogical application of rhetorical and linguistic theory to teaching university-level expository writing. Accompanies supervised teaching. Limited to assistant lecturers and teaching assistants. Graded CR/NC.

---

# USC Annenberg School for Communication and Journalism

*USC Annenberg — ranked fifth among journalism graduate schools by NewsPro magazine — demonstrated its commitment to multidisciplinary projects with practical applications for society by debuting the USC Annenberg Innovation Lab. At the open house, graduate student Lauren Fenton, left, explains an Interactive GeoSurface Map, a land-use storytelling tool that uses geographic data of oil-drilling locations in the Los Angeles area.*

**T**he USC Annenberg School for Communication and Journalism is a national leader in education and scholarship in the fields of communication, journalism, public diplomacy and public relations. Established in 1971 through the generosity of Ambassador Walter H. Annenberg, the school offers a comprehensive curriculum emphasizing the core skills of leadership, innovation, service and entrepreneurship and drawing upon the resources of a networked university located in the media capital of the world.

USC Annenberg's commitment to the converged practice of communication and journalism, interdisciplinary studies, and collaboration makes it unique among peer institutions. Students learn from both theory and practice, and the school's programs put it at the crossroads of media, entertainment technology and globalization — an intersection with an unlimited number of possible paths.

The school's nationally accredited journalism program provides experience for students in all media platforms, with a digital newsroom, state-of-the-art editing equipment for radio and television news production and the opportunity to work at on-campus media outlets, including Annenberg TV News, Annenberg Radio News and Neon Tommy, USC Annenberg's digital news site. The school's public relations program prepares students to thrive in the information age, learning to write and communicate targeted messages across multiple platforms. The School of Communication's multidisciplinary curriculum requires students to examine the processes and effects of discourse occurring in cross-cultural, public, international, organizational and mass media contexts. USC Annenberg's active internship program and study abroad opportunities give students the broad, global perspective required to be successful professionals.

USC Annenberg alumni fill top posts throughout the communication and media industries — including film, television, radio, newspapers, telecommunication, multimedia, advertising, public relations and publishing — as well as in government, education and nonprofit agencies around the world. These actively involved alumni remain an invaluable resource to students and faculty.

USC Annenberg's 108 faculty members have been widely recognized in diverse fields, earning Pulitzer Prizes, Emmys, duPont-Columbia Silver Batons, Guggenheim Fellowships and MacArthur grants, among others. As recognized leaders with global scholarly impact, they have produced groundbreaking research on networked societies, digital literacy, community information systems and new economic models for journalism. Their expertise challenges and inspires USC Annenberg students and prepares them to become communication leaders of tomorrow.

*Emeritus Professor:* Walter R. Fisher, Ph.D.

\*Recipient of university-wide or school teaching award.

**Degree Programs**

The School of Communication offers programs of study leading to a B.A. in Communication; minors in Sports Media Studies, Communication and the Entertainment Industry, Interactive Media and the Culture of New Technologies, Global Communication, Health Communication, Professional and Managerial Communication, Communication Law and Media Policy, Cultural Studies and Interdisciplinary Law and Society; a progressive degree in Master of Communication Management; an M.A. and Ph.D. in Communication; an M.A. in Global Communication (in conjunction with the London School of Economics); a Master of Communication Management and a Master of Public Diplomacy. The Master of Public Diplomacy combines the resources of the Annenberg School for Communication and Journalism and the USC Dornsife College of Letters, Arts and Sciences' School of International Relations. The Communication Management Program has established dual degree programs with the USC Gould School of Law and Hebrew Union College.

## Undergraduate Degrees

The School of Communication offers programs of study leading to a B.A. degree and minors in Communication and the Entertainment Industry, Interactive Media and the Culture of New Technologies, Global Communication, Health Communication, Professional and Managerial Communication, Sports Media Studies, and Communication Law and Media Policy. Many communication majors pursue, with the school's encouragement, a double major with another discipline or a minor to complement the major. Through careful planning, students can complete these options within four years.

Students must consult with an undergraduate academic adviser at least once each semester to explore course selections within the major, the minor, general education offerings and electives.

### Admission

Admission is competitive. Fall 2011 incoming freshmen had an average GPA of 3.70 with an SAT score of 1945-2180 (middle 50%). Transfer students had an average college GPA of 3.67. For admission information and deadlines, refer to the USC Admission Website. All transfer applicants must review the transfer admission application guidelines on the Annenberg Website. Contact the Annenberg Admissions Office for more information. USC exclusively uses the Common Application for freshman and transfer admission. Applicants must submit the Common Application and USC Supplement, both of which can be accessed at [www.commonapp.org](http://www.commonapp.org).

Students currently enrolled at USC who wish to change their major to communication must file a formal application with all supporting documents through the Annenberg Student Services Office. Students who entered USC as freshmen must have 32 units completed with a minimum GPA of 3.0. Students who entered USC as transfers must have 16 units completed at USC with a minimum GPA of 3.0. The 3.0 GPA is a minimum standard and does not guarantee admission.

Upon admission to the School of Journalism, students will lose transfer credits earned in journalism and public relations course work completed at another college or university.

For current USC students, the application period is the first week of classes each fall and spring semester. No applications will be accepted after the first week of classes.

Students who have not been admitted to the communication major or one of the minors may complete a maximum of 20 communication (COMM) units at USC. No further communication course work may be taken until the student is admitted. Students who complete the maximum number of units without gaining admission to the school will be advised to select another major. Students are encouraged to contact the Annenberg Student Services Office, ASC 140, (213) 740-0900, for advisement on change of major criteria and major requirements. In certain cases, students may be referred to Dornsife College Advising, CAS 120, (213) 740-2534, to consult with an adviser to select another major.

### Bachelor of Arts in Communication

#### General Education Requirements

The university's general education program provides a coherent, integrated introduction to the breadth of knowledge you will need to consider yourself (and to be considered by other people) a generally well-educated person. This program requires six courses in different categories, plus writing, foreign language and diversity requirements, which together comprise the USC Core. See pages 63 and 250 for more information.

#### Course Requirements

REQUIRED COURSES	UNITS
Select 16 units from the following list:	
COMM 200 Communication and Social Science	4
COMM 201 Rhetoric and the Public Sphere	4
COMM 202 Communication and Technology	4
COMM 203 Communication and Mass Media	4
COMM 206 Communication and Culture	4
COMM 207 Economic Thinking for Communication and Journalism, and	2
COMM 208 Media Economics: Perspectives on Communication Industries	2
and two of the following three:	
COMM 204 Public Speaking	4
COMM 301L Empirical Research in Communication	4
COMM 322 Argumentation and Advocacy	4
ELECTIVES	UNITS
Five 300-400 level COMM courses	20
One 400-level non-cross-listed COMM course (excluding COMM 443, COMM 490, COMM 494, COMM 499)	4

Students must maintain a minimum 2.0 overall GPA in upper division course work applied toward the major. Further, no more than 16 upper division elective units may be taken prior to completion of the entire core. No more than 4 units of COMM 380 may be counted toward the department major. The School of Communication is committed to ensuring that all declared communication majors follow the necessary requirements. Mandatory advisement is required of all communication majors each semester prior to registration. All students taking communication classes are held to the highest academic integrity standards and may be denied admission or have admission revoked as a result of conduct violations.

Qualified non-majors (generally, students with junior/senior status, a minimum 3.0 GPA and a declared major elsewhere at the university) with appropriate academic preparation may be permitted to enroll in communication electives without fulfilling prerequisite requirements. Application for a waiver should be made to an undergraduate adviser.

#### Academic Integrity Policy

The School of Communication maintains a commitment to the highest standards of ethical conduct and academic excellence. Any student found responsible for plagiarism, fabrication, cheating on examinations, or purchasing papers or other assignments will be reported to the Office of Student Judicial Affairs and Community Standards and may be dismissed from the School of Communication. There are no exceptions to the school's policy.

#### Curriculum Areas of Study

By design, the courses in the curriculum tend to cluster into different areas of study. These areas represent important foci in the communication discipline and are areas in which the school's faculty possess special expertise. Four such areas of study are described below. They are not mutually exclusive, nor do they exhaust the curriculum; rather, they represent partially overlapping areas of unusual depth. Students may specialize in one of these areas or may design individual programs of study by choosing other combinations of electives that best meet their needs and career objectives. Relevant courses for the clusters are posted on the Annenberg School for Communication and Journalism Website ([ascweb.usc.edu](http://ascweb.usc.edu)).

*Media, Law and Politics Option:* This option is designed for students who are interested in careers in government and public service, the law, and political and legal consulting, as well as advanced graduate study. Students examine communication processes in the public sphere and learn how to participate competently in these practices. Courses emphasize: the role of persuasion in the political and legal processes; the techniques used by individuals, institutions and social movements to influence public affairs; the history, design, implementation and evaluation of political campaigns; the role of public opinion; ethical issues in public communication, including the influence of media in the political and justice systems, the role of the First Amendment and the changing nature of freedom of expression in a mass-mediated environment, and problems of public participation.

*Organizational and Interpersonal Communication Option:* This option is most relevant to students interested in careers in business, management, human resources and development, corporate communication, and consulting, as well as advanced graduate study. Courses emphasize: interpersonal communication processes that affect and reflect personality, motives, beliefs, attitudes and values; communication's role in the development, maintenance and disintegration of social, family and intimate relationships; managing interpersonal conflict; communication between superiors and subordinates and in teams; communication's role in determining organizational culture; managing information in organizations; and the role of information technology in processes of globalization.

*Communication and Culture Option:* This option will be attractive to a broad range of students whose careers have an international or multicultural dimension, from those interested in foreign service, travel and consulting to those seeking careers in the arts. In addition, students taking this option will be well prepared for advanced graduate study. Courses emphasize: communication as an essential component of culture and cultural production; cultural forces that shape communication practices; cultural barriers to communication; gender and diversity issues in human and mass communication and cultural production; media representations of race, ethnicity and gender; the production of meaning in diverse modes such as art, religion, popular culture and technology; and cultural criticism.

*Entertainment, Communication and Society Option:* This option is for students who wish to pursue careers in the entertainment industry, as well as students interested in the relationship of communication and entertainment to popular culture, globalization, cultural studies, marketing, advertising and ethics. Students taking this option will be well prepared for graduate study; they will also be able to enter the entertainment industry with a grounding in the theory, roles, issues and effects of entertainment. Courses emphasize: the theoretical underpinnings of entertainment studies; the historical context of entertainment; the roles and effects of entertainment concepts in "high art" and popular culture; the impact of entertainment on politics; advertising in an entertainment society; the blurring of marketing and entertainment and the effects of this on culture; the effects of entertainment in general and specifically on constructions of race and childhood; issues in the blurring of fact and fiction; ethical dilemmas; and the globalization of entertainment industries.

#### Progressive Degree Program

This progressive degree program allows USC students to complete a bachelor's degree and a Master of Communication Management in as little as five years. Students with a 3.0 overall GPA or higher in all classes taken at the university level are eligible to apply for admission to the degree program during their junior year, however a 3.0 GPA does not guarantee acceptance.

Current students must attend a mandatory information session conducted by Annenberg Admissions before initiating the application process. Students admitted into the progressive degree program begin taking master's level courses in their senior year and may complete the master's degree in year five. For information on the application process, refer to the Annenberg Website, [annenberg.usc.edu/currentstudents](http://annenberg.usc.edu/currentstudents). Click on progressive degree. For further details on progressive degree programs, see page 86.

#### Minor in Sports Media Studies

In a university with a unique historical relationship to sports and sports media, this 24-unit minor examines the role of sports and sports media in culture, how the presentation of sports in media has evolved, has been shaped by cultural issues and, itself, impacted culture. The minor in sports media studies serves student interest in understanding sports media, how it functions, how to interact effectively with it, and how it has been and may be used for social change. Requirements for admission are a minimum 3.0 GPA and completion of a minimum of 32 units (sophomore standing).

REQUIRED CORE COMMUNICATION COURSE		UNITS
COMM 383	Sports, Communication and Culture	4
ELECTIVES		UNITS
Choose five classes from the following:		
COMM 300	Foundations for the Study of Entertainment, Communication and Society	4
COMM 310	Media and Society	4
COMM 387	Sports and Social Change	4
COMM 363	Media Consumption	4
JOUR 380	Sports, Business and Media in Today's Society	4
JOUR 432	Sports Commentary	4
MOR 479	The Business of Sports	4
OT 333	Sports Ethics	4

#### Minor in Communication and the Entertainment Industry

This minor offers courses that examine the theory, social impact and economics of the music, film and television industries. Students will learn strategies for analyzing popular culture texts; management and public relations in the entertainment field; and social, cultural and political issues related to entertainment. USC provides a broad array of courses that equip students with tools to evaluate the marketing of entertainment and the cultural products of the film, television, theatre and music industries. This minor is intended to encourage students in a variety of majors to draw upon these properties in preparation for different careers in the entertainment industry.

Admission requirements are a minimum 3.0 grade point average and completion of 32 units (sophomore standing). The 3.0 GPA is a minimum standard and does not guarantee admission.

REQUIRED CORE COMMUNICATION COURSES (CHOOSE THREE OF FOUR)		UNITS
COMM 300	Foundations for the Study of Entertainment, Communication and Society	4
COMM 310	Media and Society	4
COMM 384	Interpreting Popular Culture	4
COMM 395	Gender, Media and Communication	4
ELECTIVES		UNITS
Choose 3-4 courses (12 units). One (4 unit) course must be in COMM; 8 units must be in an outside area.		
COMM 306	The Communication Revolution, Entertainment and the Arts	4
COMM 339	Communication Technology and Culture	4

		<b>REQUIRED CORE COMMUNICATION COURSES</b>		<b>UNITS</b>
COMM 340	The Cultures of New Media	4

Total units: 24				

**Minor in Interactive Media and the Culture of New Technologies**

The World Wide Web, electronic mail and many other interactive technologies are changing the way we learn, the way we work and the way we gather and exchange information in all areas of our lives. The 24-unit minor in interactive media and the culture of new technologies focuses on the wide-ranging social, cultural and economic ramifications of these new technologies and equips students with the basic technical skills necessary to excel in this age of the communication revolution.

**Minor in Professional and Managerial Communication**

The ability to succeed in today's workplace necessitates a growing number of communication skills. As today's increasingly global and highly competitive marketplace grows in complexity, the need to understand intercultural differences, the power of structure in the workplace and other issues such as dealing with interpersonal conflicts continues to increase. This 24-unit minor will provide students interested in the management of people, resources or products with these necessary tools. Requirements for admission are a minimum 3.0 GPA and completion of a minimum of 32 units (sophomore standing).

**Minor in Communication Law and Media Policy**

The rapid advance in information and communication technologies raises serious questions about the limits of free speech, censorship, and the impact of present and emerging communication policies on domestic and international industries. To address these developments, this 24-unit cross-departmental minor combines courses from communication, law, economics, political science and journalism. This minor not only enables students to understand what is occurring in the communication revolution, it also prepares them to participate in the movement as critics and advocates. Requirements for admission are a minimum 3.0 GPA and completion of a minimum of 32 units (sophomore standing).

REQUIRED CORE COMMUNICATION COURSES		UNITS
COMM 371	Censorship and the Law: From the Press to Cyberspace	4
COMM 322	Argumentation and Advocacy	4
COMM 421	Legal Communication	4
ELECTIVE COURSES		UNITS
Choose three from the following. One must be in COMM; two must be in an outside area.		
COMM 324	Intercultural Communication	4
COMM 345	Social and Economic Implications of Communication Technologies	4
COMM 370	The Rhetoric of Ideas: Ideology and Propaganda	4
COMM 388	Ethics in Human Communication	4
COMM 402	Public Communication Campaigns	4
COMM 412	Communication and Social Movements	4
COMM 422	Legal Issues and New Media	4
COMM 489	Campaign Communication	4
ECON 330	The Political Economy of Institutions	4
ECON 434	Economic Analysis of Law	4
JOUR 373	The Ethics of Television Journalism	4
JOUR 460	Social Responsibility of the News Media	4
LAW 200x	Law and Society	4
LAW 201x	Law and Politics: Electing a President	4
POSC 441	Cultural Diversity and the Law	4
POSC 442	The Politics of Human Differences: Diversity and Discrimination	4

Total units: 24

### Minor in Global Communication

The rise of global firms and international changes that followed the end of the cold war raise new opportunities and challenges. This minor provides students from fields such as business, journalism, engineering and political science an understanding of the dynamic nature of global relations, communications and technology. The global communication minor consists of six 4-unit courses, three from international relations and three from communication. Students are required to complete IR 305 Managing New Global Challenges; two additional IR upper division courses, at least one of which must be a course which focuses on a specific region; COMM 487 Communication and Global Organizations; and two elective courses relevant to global communication. See the School of International Relations, page 378, for complete course requirements.

### Minor in Health Communication

This minor is designed to appeal to students with a wide range of interests, including those with a general interest in promoting healthy lifestyle practices through communication. These students will be prepared to seek future job opportunities from various areas including the managed care industry, hospitals, wellness programs, broadcast and cable companies, private and governmental agencies as well as other organizations looking for experts with demonstrated knowledge in health-related fields.

For degree requirements or to apply to this minor, contact the Department of Preventive Medicine, Keck School of Medicine, page 794.

### Minor in Cultural Studies

See the Department of English, page 340.

### Minor in Law and Society

See the Department of Political Science, page 439.

### Minor in Photography and Social Change

See the Department of Sociology, page 471.

### Debate Squad

The Trojan Debate Squad provides an opportunity for outstanding students (3.0 GPA or better), both communication majors and non-majors, to compete in an intensive intercollegiate laboratory setting. Whatever the student's intended career, the skills he or she develops in research, critical thinking and oral advocacy will be invaluable. The team has an excellent record in both team policy debate and individual speaking events and has traveled widely both nationally and abroad.

### Honors Program

The School of Communication offers an 8-unit honors program for exceptional students. To qualify, students must have a 3.5 GPA both overall and in the COMM major after completing the core courses (16 units from COMM 200, COMM 201, COMM 202, COMM 203, COMM 206, COMM 207 and COMM 208 and two of COMM 204, COMM 301L and COMM 322). To graduate with School of Communication honors, a student must maintain a 3.5 overall and COMM major GPA and receive at least a B+ or higher in the two honors courses. Students either take COMM 495 Honors Seminar or work with a professor to customize a 400-level COMM course for honors status (4 units). All honor students complete COMM 497x Honors Thesis (4 units). Contact an undergraduate adviser for further information and application forms.

### Honor Society

Lambda Pi Eta is a national communication/journalism honor society that is open to declared communication, journalism and public relations majors who have completed (or are currently registered for) at least 60 units, at least 12 of which are in the major. To be eligible, students must have a USC GPA and a major GPA of 3.5 or higher.

### Honors in Multimedia Scholarship

This program offers qualified undergraduate students an opportunity to approach their discipline(s) of study through the critical application of multimedia expression and scholarship. The student experience will be characterized by smaller classes taught by leading faculty members and enriched by a program of lecture series, visiting scholars, symposia and conferences. For complete program requirements, see the School of Cinematic Arts, page 224.

### Annenberg International Programs

#### *Semester or Year in Amsterdam*

Through the Council on International Education Exchange, students study at the University of Amsterdam. The first week students spend in orientation sessions which include an overview of the academic program, an introduction to Amsterdam and to Dutch society and culture, as well as excursions in and around the city. Students enroll in the offerings taught in English at the University of Amsterdam. Such courses include communication, art, history, economics, environmental sciences, computer science, history, philosophy, literature, social science and theology.

#### *Semester in Australia*

This spring semester program offers students the chance to study at one of Australia's premier universities, in one of the country's most exciting cities. Students take communication courses that count for major credit at USC at the University of New South Wales (UNSW) and can choose from a wide variety of elective courses. UNSW is located in Kensington, just south of the center of Sydney and its commercial hub. The program gives students the chance to explore mass media and communication in a challenging environment with a distinct world view, very different from that of the United States.

#### *Semester in Buenos Aires*

This fall semester program offers students the opportunity to study Latin American culture and study at the Universidad de San Andres, a small liberal arts college in the suburbs of Buenos Aires. Students will live and learn in this vibrant metropolis while taking communication courses that count toward major credit at USC. Buenos Aires is one of

the largest cities in Latin America and will give students the chance to explore the world view of Latin America and how it relates to communication, mass media and the world at large. The program will immerse students in South American culture. With classes being taught exclusively in Spanish, this program requires a high degree of proficiency in Spanish, both written and oral (2.5 years of college-level Spanish or the equivalent required). No special arrangements will be made for students who cannot meet language requirements.

#### *Semester in Hong Kong*

The semester program offers students the opportunity to learn about Chinese culture at the Chinese University in Hong Kong, a bilingual institution. The program also gives students the experience of living in Hong Kong where they can witness the “one country, two systems” experiment. Courses in English are offered in fine arts, literature, history, Japanese studies, intercultural studies, music, philosophy, computer science, anthropology, economics, international relations, as well as journalism and communication. For students interested in Chinese language, courses are offered in Putonghua (Mandarin) or Cantonese. Extracurricular activities include the opportunity to teach English in rural China, monthly dinner talks with Asian studies specialists and excursions to local areas of interest.

#### *Summer in Ireland*

This summer program offers Annenberg undergraduate students the chance to participate in a formal international internship program in Dublin for two months each summer. The aim of the program is to provide students with theoretical as well as practical experiences working, living and navigating within the international global communications environment. The program is designed around a summer-long online Annenberg course and an eight-week full-time unpaid internship in Dublin.

#### *Semester in London*

The semester program offers students the opportunity to study communication in London, the most important center of media in Europe. Many of the communication courses offered include British media guest lecturers and site visits. The program includes one-day visits to such places as Stonehenge, Stratford, Oxford, Cambridge and Windsor. Planned activities within London include theatre and museum visits and a reception with USC alumni residing in the London area.

#### *Semester in New Zealand*

Annenberg's New Zealand program offers students the opportunity to travel into the Southern Hemisphere. Each spring, students can study at the Auckland University of Technology (AUT), a world-class institution which offers students the chance to take communication courses that count toward

major credit at USC, all the while exploring the beautiful city of Auckland and the surrounding countryside. The AUT program offers communication students an exciting way to broaden their understanding of media and mass communication in a challenging environment with an outlook distinctly different from that of the United States and Southern California.

#### *Semester in Singapore*

The program offers students the opportunity to study at Nanyang Technological University in Singapore. The Republic of Singapore is a modern city-state boasting the world's busiest ports. Singapore has emerged as an important regional center for trade, communications, tourism, and banking. Despite rapid growth and soaring skyscrapers, Singapore remains one of the cleanest, greenest and safest cities in the world, blending Western-style development with Eastern-style culture. A wide array of communication and journalism courses are offered.

For more information, contact Annenberg International Programs at (213) 821-2180 or [ascintl@usc.edu](mailto:ascintl@usc.edu).

## Graduate Degrees

### **Degree Programs**

The School of Communication offers programs of study leading to a professional Master of Communication Management, a M.A./M.Sc. in Global Communication in collaboration with the London School of Economics, a Master of Public Diplomacy and research-oriented Master of Arts and Doctor of Philosophy degrees in Communication. The Master of Public Diplomacy combines the resources of the Annenberg School for Communication and Journalism and the USC Dornsife College of Letters, Arts and Sciences' School of International Relations. In addition, special programs enable students to earn dual degrees in communication management and law (USC Gould School of Law) and in communication management and Jewish nonprofit management (Hebrew Union College).

The degree programs are designed to ensure that students are educated in substantive studies that constitute the discipline of communication and provide a basis for competing effectively in the job market.

All students seeking the degrees in communication management and global communication will take a range of courses that prepare them for successful professional management careers in communication-related businesses, organizations and fields.

All students pursuing the research-oriented degrees (M.A. and Ph.D. in Communication) are required to take two theory courses that introduce them to inquiry in human communication and two research methods courses that acquaint them with the historical/critical and social scientific techniques available to conduct scholarly research. These requirements strengthen the student's appreciation of the intellectual bases of human communication study and further the concept of a community of scholars and practitioners in

the profession. Students specialize in one of five available tracks: rhetoric and political communication; media, culture and community; interpersonal and health communication; organizational communication; or information and society. In addition, students are encouraged to sample courses in the remaining tracks, thus obtaining an education of unparalleled breadth and depth.

### **Admission Requirements**

*Master of Communication Management, Master of Arts in Global Communication, Master of Public Diplomacy and Master of Public Diplomacy (Practitioner and Mid-Career Professional)*

The school accepts students from a broad range of academic backgrounds in social sciences, humanities, physical sciences or professional schools. Some are employed or have work experience in communication-related fields. Others apply immediately after completing baccalaureate degrees.

**Criteria:** The faculty admission committees consider many criteria in the admission selection process: not only the academic record, but professional and work-related accomplishments are taken into account. The minimum criteria are the equivalent of a U.S. bachelor's degree and a 3.0 GPA for all undergraduate and graduate work completed. For admission to communication management and public diplomacy, scores on the General Test of the Graduate Record Examinations are required. (Applicants to the communication management degree program may submit Graduate Management Admissions Test scores in lieu of the GRE.) Scores on the Test of English as a Foreign Language (TOEFL) are required for applicants whose native language is not English. Letters of recommendations from those persons familiar with the applicant's work – preferably academically – are required also. In addition, applicants must submit a statement of purpose, transcripts of all previous college and university work attempted, resume and writing samples.

Applicants to the global communication degree program must apply to USC and the London School of Economics. Participation in this degree program requires that students simultaneously gain admission to LSE and USC. GRE or GMAT scores are not required for admission. All students will begin their studies in London at the LSE.

**Procedure:** Admission is granted for fall for all graduate degree programs. In addition, communication management also offers admission for spring. Refer to the Annenberg Website for application guidelines, deadlines and filing periods.

#### *Master of Arts and Doctor of Philosophy*

Students may enter from a variety of academic fields and majors. Applicants whose undergraduate work was in fields other than communication may be admitted on the condition that adequate preparation in directly relevant areas is evident. Completion of a master's degree in communication is not required for admission to the Doctor of Philosophy.

**Criteria:** All applicants must submit the online USC Graduate Admission Application and Annenberg Supplemental Form with three letters of recommendation from faculty qualified to comment on their capacities for a rigorous program of study. Completion of a basic descriptive statistics course is recommended. In addition, a personal statement, transcripts from all colleges/universities attended, resume, and sample of scholarly writing are required. The M.A. in Communication is earned as part of the Ph.D. program.

**Procedure:** Admission is granted for the fall semester only; the application deadline is December 1. Applicants are strongly encouraged to take the Graduate Record Examinations prior to November 1. Refer to the Annenberg Website for application guidelines.

#### **Degree Requirements**

The Global Communication, Master of Arts in Communication and Doctor of Philosophy in Communication are awarded under the jurisdiction of the Graduate School. Refer to the Graduate School section of this catalogue, page 97, and the Requirements for Graduation section, page 86, for general regulations. All courses applied toward the degrees must be courses accepted by the Graduate School.

#### **Master of Communication Management**

Each student chooses a track and follows the course of study for that track. A faculty academic adviser assists the student to build on earlier academic and work experience in order to achieve desired professional goals.

#### *Residence*

Students may pursue the Master of Communication Management on either a full- or part-time basis. Full time, the degree can be finished in one calendar year; part time, all degree work can be finished in one-and-a-half to two-and-a-half years. With permission from a School of Communication committee, a maximum of 4 graduate units may be transferred from another accredited institution.

#### *Foreign Language Requirement*

There are no foreign language requirements for this degree.

#### *Research Tool Requirement*

Students take one 4-unit research course as a prerequisite for CMGT 597 Communication Research Practicum. The list of approved research methods courses is available from the faculty adviser and graduate studies director.

#### *Course Requirements*

Thirty-two units (usually eight courses) in approved graduate-level course work are required. Students will take 4 units of a track core course. They will take 12 units from an elective list for their chosen track. They will take the research tool prior to the capstone Communication Research Practicum (CMGT 597). Of the remaining elective units, up to 8 may be taken at USC outside the School of Communication; these courses must be approved by the director of the Master of Communication Management program and may be selected from a variety of disciplines, depending upon student needs and career

interests. All remaining course work must be chosen from Annenberg School offerings, either from the CMGT course list or from approved electives.

#### **Graduate Certificate in Entertainment Communication Management**

This certificate program is for students who have already earned master's degrees and who wish to pursue or expand careers in the entertainment industry. Students will study the latest areas of entertainment-related research, theory and application. They will have a strong grounding in the theory, roles, issues and effects of entertainment as well as the impact of entertainment and new entertainment technologies on society, behavior and the entertainment industry.

Students take 16 units of graduate course work that may not be used or have been used for any other degree or certificate program, of which 4 units may be cognate courses.

A partial list of courses includes:

COMM 575	Advocacy and Social Change in Entertainment and the Media	4
CMGT 542	Business Strategies of Communication and Entertainment Firms	4
CMGT 543	Managing Communication in the Entertainment Industry	4
CMGT 547	Distribution of Recordings: Media, Retail and Online Channels	4
CMGT 548	Issues in Children's Media	4
CMGT 558	The International Entertainment Marketplace	4
CMGT 581	Media in Social Services: Design and Evaluation of Campaigns	4
CMGT 583	Social Marketing and Entertainment Education	4
CMGT 586	Entertainment Media: Content, Theory and Industry Practices	4

#### **Graduate Certificate in Health Communication Management**

This certificate program is for students holding master's degrees who wish to pursue or expand careers in health communication. Students will study the most recent theoretical and practical developments in the area of health communication and how this information can be used to improve public health as well as individual behavior.

Students take 16 units of graduate course work beyond the master's degree, of which 4 units may be cognate courses. One course must be from preventive medicine, public

health, pharmacology or other health science program which focuses on “what is communicated” in health communication. A partial list of courses includes:

COMM 575	Advocacy and Social Change in Entertainment and the Media	4
CMGT 510	Communication, Values, Attitudes, and Behavior	4
CMGT 520	Social Roles of Communication Media	4
CMGT 541	Integrated Communication Strategies	4
CMGT 548	Issues in Children’s Media	4
CMGT 581	Media in Social Services: Design and Evaluation of Campaigns	4
CMGT 583	Social Marketing and Entertainment Education	4
CMGT 599	Special Topics	2-4, max 8

#### Graduate Certificate in International and Global Communication Management

This certificate program is for students holding master’s degrees who wish to pursue or expand careers in international and global communication management. Students will study the latest developments in information and communication technologies, regulations and policies, and industry practices within a global context.

Students take 16 units of graduate course work beyond the master’s degree, of which 4 units may be cognate courses. A partial list of courses includes:

COMM 553	Political Economy of Global Telecommunications and Information	4
COMM 559	Globalization, Communication and Society	4
CMGT 531	Communication and the International Economy	4
CMGT 557	Communication Policy in the Global Marketplace	4
CMGT 545	Communication and Global Competition	4
CMGT 558	The International Entertainment Marketplace	4
CMGT 582	Communication for International Development	4
CMGT 583	Social Marketing and Entertainment Education	4

#### Graduate Certificate in Marketing Communication Management

This certificate program is for students holding master’s degrees who wish to pursue or expand careers in marketing communication. Students will study the latest developments in marketing communication research and theory and the application to marketing communication issues.

Students take 16 units of graduate course work beyond the master’s degree, of which 4 units may be cognate courses. A partial list of courses includes:

CMGT 502	Strategic Corporate Communication	4
CMGT 510	Communication, Values, Attitudes, and Behaviors	4
CMGT 541	Integrated Communication Strategies	4
CMGT 548	Issues in Children’s Media	4
CMGT 581	Media in Social Service: Design and Evaluation of Campaigns	4
CMGT 584	Communication and the Multicultural Marketplace	4
CMGT 587	Audience Analysis	4
CMGT 599	Special Topics	2-4, max 8

#### Graduate Certificate in New Communication Technologies

This certificate program is for students holding master’s degrees who wish to pursue or expand careers in communication technologies. Students will study the latest developments in new communication and media technologies and their application in a variety of organizational and social contexts.

Students take 16 units of graduate course work beyond the master’s degree, of which 4 units may be cognate courses. A partial list of courses includes:

COMM 534	The Culture of New Technologies	4
COMM 544	The Arts and New Media	4
CMGT 528	Web Design for Organizations	4
CMGT 530	Social Dynamics of Communication Technologies	4
CMGT 533	Emerging Communication Technologies	4
CMGT 535	Online Communities for Organizations	4
CMGT 547	Distribution of Recordings: Media, Retail and Online Channels	4
CMGT 566	Communication Law and New Technologies	4
CMGT 571	Communications Technologies	4
CMGT 574	Tele-Media: A Strategic and Critical Analysis	4
CMGT 599	Special Topics	2-4, max 8

#### Graduate Certificate in Strategic Corporate and Organizational Communication Management

This certificate program is for students holding master’s degrees who wish to pursue or expand careers in corporate communication and communication consulting. Students will study the latest developments in

organizational communication research and theory and the application to business communication issues.

Students take 16 units of graduate course work beyond the master’s degree, of which 4 units may be cognate courses. A partial list of courses includes:

CMGT 500	Managing Communication	4
CMGT 502	Strategic Corporate Communication	4
CMGT 505	Communication in Work Settings	4
CMGT 510	Communication, Values, Attitudes, and Behavior	4
CMGT 535	Online Communities for Organizations	4
CMGT 573	Evaluating Communication Needs	4
CMGT 576	Communication Strategies for Conflict Management	4
CMGT 599	Special Topics	2-4, max 8

#### Master of Arts in Global Communication

The Annenberg School for Communication and Journalism collaborates with the London School of Economics and Political Science (LSE) to provide the course work necessary for students to become fully engaged with the phenomenon of global communication through this dual master’s degree program. Upon satisfaction of all program requirements, students will be awarded a Master of Arts (M.A.) in Global Communication by USC as well as a Master of Science (M.Sc.) in Global Media and Communications, by the LSE.

#### Residence

This is a two-year program during which students spend their first year at the LSE and their second year at USC.

#### Foreign Language/Research Tool Requirements

There are no foreign language requirements. Students take a one-term research methods course as part of their course work at the LSE.

#### Course Requirements

The Master of Arts in Global Communication requires 42 units; the equivalent of 18 units earned at LSE and 24 units earned at USC.

*Year at LSE:* The LSE academic year has three terms. Students will complete classes approved by faculty at the LSE. Students must earn at least 3 units at LSE, which articulates as 18 units at USC.

*Year at USC:* Students must complete COMM 598 as well as 20 elective units (5 courses) from the School of Communication graduate curriculum, excluding COMM 525, COMM 526, COMM 550 and COMM 552.

Students may choose one of their elective courses from a department outside Annenberg with the approval of their advisers.

Students will produce a final research project on global communication that will be the product of work done both at the LSE and Annenberg. Students complete a research project during the summer after their year at the LSE for which grades are awarded by LSE faculty. A passing grade is required. They will continue to develop this project during the year at Annenberg in COMM 598 and must earn a grade of B minus or higher.

### Master of Arts in Communication

Individuals seeking the Master of Arts in Communication are expected to acquire and demonstrate a general knowledge of human communication, including humanistic and social scientific approaches.

The program, arranged in consultation with the school's coordinator of doctoral studies, provides two options: degree with comprehensive examination requires a total of 32 units (normally eight courses), including core courses COMM 525, COMM 526, COMM 550 and COMM 552 and four electives; or degree with thesis requires successful completion of core courses, three electives and 4 units of COMM 594ab Master's Thesis.

Not more than two approved 400-level courses may be applied to a student's program and a maximum of 4 semester units with grades of B or better may be accepted by transfer from another institution of higher learning. The minimum acceptable GPA for successful completion of this program is 3.0.

The majority of students choose the comprehensive examination option. The examination consists of six hours of writing, taken on two different days. Permission to take an M.A. degree with thesis can be obtained only by application to the school screening committee.

### Master of Public Diplomacy

The Master of Public Diplomacy combines the resources of the Annenberg School for Communication and Journalism and the USC Dornsife College of Letters, Arts and Sciences' School of International Relations. This program is designed for students who already have a substantial undergraduate background in social sciences or relevant professional experience in subjects such as communications, film and media studies, journalism, political science, public relations and international relations. Students in the program may decide to emphasize public diplomacy training most appropriate for a career in public service, the corporate world or in a nongovernmental organization (NGO) working in the ever-expanding global civil society.

Requirements for the completion of this degree program are 49 units, including the required substantive paper or alternative project. The course requirements are as follows:

PUBLIC DIPLOMACY REQUIREMENTS (12 UNITS)		UNITS
PUBD 502	Historical and Comparative Approaches to Public Diplomacy	4
PUBD 504	Global Issues and Public Diplomacy	4
PUBD 596	Practicum in Public Diplomacy Research	4

### PUBLIC DIPLOMACY TOOLBOX COURSES (12 UNITS)

Any three approved PUBD courses

INTERNSHIP (1 UNIT)		UNITS
IR 591	Field Study	1

### COMMUNICATION AND INTERNATIONAL RELATIONS ELECTIVES (16 UNITS)

Any two approved IR courses 8  
Any two approved COMM or CMGT courses 8

### OTHER ELECTIVES (COGNATE, COMM, CMGT, IR) (8 UNITS)

These units may be taken from the School of Communication, School of International Relations or any graduate program at USC. Courses must be approved by the Public Diplomacy program director.

### Master of Public Diplomacy (Practitioner and Mid-Career Professional)

This program is designed for students who already have at least five years experience working in public diplomacy (engaged in international advocacy, international publicity/public relations, international broadcasting, cultural and/or exchange work or other work which the admissions committee deems to fall within their definition of public diplomacy). The program is taught over a single calendar year beginning with a summer course introducing the advanced study of public diplomacy and ending with the submission of a piece of research work in the middle of the following summer. Students interested in this program are required to take the Graduate Record Examinations (GRE).

Requirements for the completion of this degree program are 32 units including a substantive paper or alternative project. Core courses are taught in the School of Communication and the School of International Relations, USC Dornsife College of Letters, Arts and Sciences. With approval of the program director, students may select electives from the entire USC graduate curriculum.

### PUBLIC DIPLOMACY CORE REQUIREMENTS (8 UNITS)

PUBLIC DIPLOMACY CORE REQUIREMENTS (8 UNITS)		UNITS
PUBD 500	Introduction to the Advanced Study of Public Diplomacy	4
PUBD 596	Practicum in Public Diplomacy Research	4

### PUBLIC DIPLOMACY TOOLBOX COURSES (8 UNITS)

Select two approved PUBD courses

### ELECTIVES (8 UNITS FROM COMMUNICATION OR INTERNATIONAL RELATIONS)

Approved IR courses  
Approved COMM or CMGT courses

### OTHER ELECTIVES (COGNATE, COMM, CMGT, IR) (8 UNITS)

These units may be taken from the School of Communication, School of International Relations or any graduate program at USC.

### Doctor of Philosophy in Communication

Students in the doctoral program learn theories that guide research into communication processes and effects and into institutions and technologies that lend pattern to communication. Applicants for the Ph.D. are expected to acquire and demonstrate humanistic and behavioral knowledge of communication while acquiring skills requisite to scholarly research in the discipline.

#### Screening Procedures

Student progress is carefully monitored by the School of Communication faculty. Students are normally screened at the end of their first year of graduate study. At that time they must have completed no fewer than 16 and no more than 24 units, including COMM 525, COMM 526, COMM 550 and COMM 552. Students are evaluated on subject matter competence, teaching potential and their ability to conduct independent research. Upon successful passage of the screening procedure, the student has 30 days in which to form a guidance committee.

#### Course Requirements

The student is required to take a minimum of 76 units and write an approved dissertation. Four core courses — COMM 525, COMM 526, COMM 550 and COMM 552 — and COMM 794ab Doctoral Dissertation are required for all students.

Students specialize in one of five tracks by completing a minimum of three courses (12 units) in one of the following:

(1) Rhetoric and Political Communication: COMM 509, COMM 511, COMM 512, COMM 513, COMM 514, COMM 515, COMM 517, COMM 518, COMM 521, COMM 522, COMM 580, COMM 599, COMM 610;

## (2) Media, Culture and Community:

CMGT 587, COMM 516, COMM 519, COMM 534, COMM 544, COMM 575, COMM 580, COMM 584, COMM 599, COMM 605, COMM 618, COMM 620, COMM 629, COMM 653, COMM 654, COMM 660, COMM 662;

## (3) Interpersonal and Health Communication:

CMGT 587, COMM 504, COMM 524, COMM 562, COMM 599, COMM 602, COMM 615, COMM 620, COMM 625, COMM 650;

## (4) Organizational Communication:

COMM 508, COMM 524, COMM 585, COMM 599, COMM 620, COMM 635, COMM 636, COMM 637, COMM 638, COMM 640, COMM 641, COMM 645, COMM 648, COMM 652;

## (5) Information and Society:

COMM 546, COMM 553, COMM 570, COMM 582, COMM 599, COMM 605, COMM 620, COMM 630, COMM 631, COMM 635, COMM 645, COMM 647, COMM 660, COMM 662.

In addition, students must take at least two courses in one other track outside their specialization (8 units total). Students also pursue an approved cognate elective program of study in which at least two courses (normally 8 units) are taken in a related field outside the Annenberg School. Students entering the School of Communication with a master's degree may, with permission, apply part of their previous graduate course work to the cognate requirement. Students in the organizational communication track are required to take at least two methods classes in addition to the core courses, COMM 550 and COMM 552. If taken in a department or unit other than the School of Communication, these courses cannot also be counted toward the student's cognate requirement.

*Research Tool Requirement*

Doctoral students are expected to demonstrate methodological competence in an area of specialization prior to taking the qualifying examination. Such competence is usually demonstrated through course work (the successful completion, with grade B or better, of selected course work in addition to their content courses that is approved by the Ph.D. guidance committee taken in the school and/or related departments), and by completion of a preliminary research project. Under special circumstances, students with an exceptional prior background in research methods may demonstrate their competence by successfully passing a research tool examination designed and administered by the Ph.D. guidance committee.

*Guidance Committee*

This committee is composed of five USC faculty members, at least three of whom are from the School of Communication. Students are expected to work closely with the members of their guidance committee, especially their committee chair, in selecting advanced course work and shaping areas of interest and research. In addition to helping the student plan a program, the committee administers the oral portion of the qualifying examination and approves the dissertation committee.

*Qualifying Examination*

Qualifying examinations for the Ph.D. usually are taken in the third year of study following completion of all required courses and a preliminary research paper. The examination includes both written and oral portions. The written portion is composed by committees of faculty in the relevant areas of study; the oral portion is administered by the student's guidance committee. Students must pass both portions to be advanced to candidacy. Students must confer with their guidance committee chair, not later than the second week of the semester during which the examinations are to be taken, regarding distribution of written examination hours among subject matter areas.

*Doctoral Dissertation*

The dissertation is an original research project contributing to knowledge about human communication and should demonstrate a high level of competence in methodologies of scholarly inquiry.

*Defense of Dissertation*

Dissertations are defended in a formal meeting with the three-member dissertation committee. The school prefers that the defense oral be taken prior to final typing so that recommended changes can be made in the final manuscript.

**Dual Degree in Law (J.D.) and Master of Communication Management**

Academic training in law and in communication management provides a powerful background for careers in business, entertainment or government life. The USC Gould School of Law and the School of Communication collaborate in a program that enables these educational opportunities. Students complete both the J.D. and the Master of Communication Management in three years, the time normally required for the law degree alone.

Students must complete 20 units (five courses) of communication courses at the School of Communication: one core class from the student's preferred track; one method course; CMGT 597; and the remaining two courses may be from either core or elective offerings.

To earn the J.D., all students (including dual degree students) must complete 35 numerically graded law units at USC after the first year. The associate dean of the USC Gould School of Law may make exceptions to this rule for students enrolled in law school honors programs.

*First Year:* Required law school courses.

*Second and Third Years:* 20 units of communication courses; 38 units of law courses, of which 8 units must be approved as appropriate for acceptance by the School of Communication toward its degree.

All students take CMGT 597 in the third year.

Application to pursue the dual degree should be made before completion of 15 units of work in law or 8 units toward the Master of Communication Management degree. Admission by the law school to its J.D. degree will be evaluated as a substitute for GRE scores.

**Dual Degree in Master of Communication Management/Jewish Nonprofit Management**

The dual degree program, Communication Management/Jewish Nonprofit Management, offers students the opportunity for advanced study of sophisticated communication processes and technologies in the context of the nonprofit arena. The program has been developed by the Annenberg School for Communication and Journalism and Hebrew Union College-Jewish Institute of Religion's School of Jewish Nonprofit Management (formerly the HUC-JIR School of Jewish Communal Service) to combine the study of communication theory, processes and technologies with postgraduate education in Jewish nonprofit management and leadership. The goal of this program is for graduates to perform more effectively in the nonprofit sector, having received specific training in areas such as organizational communication, media impacts and policy.

Students of this program are admitted separately to each school. Four of the 52 required credits of graduate course work at Hebrew Union College are used to fulfill the School of Communication's cognate option. In addition, the student will complete 24 credits of the school's course work including CMGT 597, as well as the School of Jewish Nonprofit Management's thesis requirements.

Those interested in this program should contact the Office of Admissions, Hebrew Union College-Jewish Institute of Religion, 3077 University Avenue, Los Angeles, CA 90007-3796 for comprehensive information about the application process.

## Courses of Instruction

### COMMUNICATION (COMM)

The terms indicated are *expected* but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**COMM 140x Nature and Impact of Communications (4)** Nature of communications and their impact upon people; examination of empirical evidence showing impact of media and the organization of media institutions. Not available for major credit.

**COMM 141 Applied Debate (4)** Fundamentals of debate and critical thinking; participate in classroom and public on-campus audience debates; engage in experiential learning in community settings.

**COMM 200 Communication and Social Science (4, FaSp)** Social scientific inquiry into human communication; core theories of message production and reception in interpersonal, group and organizational contexts.

**COMM 201 Rhetoric and the Public Sphere (4)** Humanistic approaches to inquiry in communication; qualitative research techniques; core theories of message production and reception in social, political, cultural and mediated contexts.

**COMM 202 Communication and Technology (4)** Survey of cultural, social, political, and economic impacts of new communication technologies, including written language, the printing press, the telephone, television, and cyberspace.

**COMM 203 Communication and Mass Media (4)** Survey of mass communication research; history, content, effects, theories and policy implications of various media.

**COMM 204 Public Speaking (4)** Principles and practices of effective oral communication; analysis of the speaking-listening process; selection and organization of speech materials; use of new presentation technologies.

**COMM 205 Communication Practicum (2, max 4)** Students address communication issues in a field setting. They will evaluate communication practices using interview methodology. Projects are jointly evaluated by internship supervisor and professor. Open to communication majors only. Graded CR/NR. *Prerequisite:* COMM 200; *recommended preparation:* sophomore standing.

**COMM 206 Communication and Culture (4)** Examines cultural institutions, ideologies, artifacts, and productions; role of culture in everyday life; cultural studies as methodology; culture and power.

**COMM 207 Economic Thinking for Communication and Journalism (2)** Introduction to microeconomic and macroeconomic principles; analysis of contemporary issues in media, communication and journalism industries from an economic perspective.

**COMM 208 Media Economics: Perspectives on Communication Industries (2)** Application of economic principles in the areas of media ownership, market structure, industry regulations, media convergence, and entrepreneurship in new media. *Prerequisite:* COMM 207.

**COMM 300 Foundations for the Study of Entertainment, Communication and Society (4)** Theoretical foundation for understanding the construction, consumption, and consequences of entertainment from classical to contemporary times; situates entertainment within the ecology of information and communication. *Recommended preparation:* COMM 200, COMM 201.

**COMM 301L Empirical Research in Communication (4)** Experimental and survey methods for communication study; basic statistical concepts, procedures, and tests. *Prerequisite:* COMM 200.

**COMM 302 Persuasion (4)** Theories and research in social influence; strategies and tactics of persuasive communications in such settings as politics, public relations, advertising, business.

**COMM 303 Learning from Case Studies in Communication (4)** Case study approaches to communication research; reliability, validity, generalizability, and ethics in qualitative social research; cases in communication policy and practices.

**COMM 304 Interpersonal Communication (4)** Analysis of face-to-face interaction; role of communication in the development, maintenance and destruction of relationships; communication processes in managing interpersonal conflict.

**COMM 306 The Communication Revolution, Entertainment and the Arts (4)** Explorations of the effect of digital technology on the entertainment business. Relationships among technology, economy, popular culture, entertainment and art.

**COMM 307 Sound Clash: Popular Music and American Culture (4)** Music as inter-cultural communication and method for exploring race and ethnicity in the constitution of American culture and American self; role of music industry.

**COMM 308 Communication and Conflict (4)** Nature and functions of communication in human conflict; development of communication skills for managing conflict productively in interpersonal, organizational and intercultural contexts.

**COMM 310 Media and Society (4)** Interplay between media and society, including family and children's socialization, inter-group relations and community, pornography and violence, gender and race, media ethics, conduct of politics.

**COMM 315 Health Communication (4)** Behavioral approaches to health communication; communication competencies in health care settings, theories of risky behaviors, and behavioral change programs; special emphasis on AIDS-related issues. *Recommended preparation:* COMM 301L.

**COMM 320 Small Group and Team Communication (4)** Group process theories relevant to communicative behavior in small group/team settings, including information exchange, decision making, leadership, and meetings; student team projects testing theoretic propositions.

**COMM 321 Communication in the Virtual Group (4)** Communication processes in global computer networks; formation, maintenance, and decline of virtual groups; privacy and access; introduction to computer networks for communication students and researchers.

**COMM 322 Argumentation and Advocacy (4)** Basic argumentation theory including analysis, research and evidence, case construction, refutation; discursive and visual argument; diverse fields of advocacy including law, politics, organizations, interpersonal relations.

**COMM 323 Public Deliberation (4)** Introduction to deliberative democracy in culture and governance; examines historical and contemporary institutions of democratic discourse and emerging communication norms.

**COMM 324m Intercultural Communication (4)** Cultural variables and social psychological processes that influence intercultural interaction; relationship between communication and culture in diverse settings including business, medicine, and education.

**COMM 325 Intercultural Britain: Media, History and Identity (4)** Examines urgent social and political issues as they are shaped, represented and expressed by the institutions of media, culture and communication within the United Kingdom.

**COMM 330 Rhetoric in Classical Culture (4)** Theories of communication and persuasion in ancient Greece and Rome; cultural and social contexts of classical rhetorical theory; major historical figures and concepts. *Recommended preparation:* COMM 201.

**COMM 335 Rhetoric in Contemporary Culture (4)** Theories of communication and persuasion in contemporary society; cultural and social contexts of contemporary rhetorical theory; major theorists, concepts and controversies. *Recommended preparation:* COMM 201.

**COMM 339 Communication Technology and Culture (4)** Examination of philosophies and popular representations of technology from the origins of western culture to the present and identifies the complex attitudes toward technology.

**COMM 340 The Cultures of New Media (4)** Cultural implications of computer-mediated communication and related media. Ideological responses to media innovation; debates over artificial intelligence, virtual communities, and virtual reality. *Recommended preparation:* COMM 339.

**COMM 345 Social and Economic Implications of Communication Technologies (4)** Social and economic impacts of information and communication technologies; social factors that shape technological change; issues include access, privacy, freedom of expression, productivity, democratic control.

**COMM 350 Video Games: Content, Industry, and Policy (4)** Introduction to the medium; history of video games; video games as aesthetic products, cultural products, economic outputs; policy issues, effects, and sites of community.

**COMM 355 Advertising and Communication (4)** Advertising as a mode of communication; U.S. advertising history and institutions; economic and policy contexts (domestic and global); critical analysis of advertising texts.

**COMM 360 The Rhetoric of Los Angeles (4)** Representations of Los Angeles communicated in diverse media; the city as a rhetorical text; analysis of cultural identities, art, architecture, and representations in popular culture.

**COMM 363 Media Consumption (4)** Theoretical approaches to the study of media consumption and audiences; examines international media and consumption practices; explores new media's impact on consumption.

**COMM 364 Comparative Media: United States and the United Kingdom (4)** Cross-national approaches to the study of U.S. and U.K. media; focuses on news and entertainment media products; examines content, industries, technologies and audiences.

**COMM 365 The Rhetoric of London (4, FaSpSm)** Examination of the modern city as a communicative text with London as the case study.

**COMM 366 Designing Media and Communication Projects for Social Change (4)** Students explore the theoretical and practical issues involved in designing effective media and communication projects for social change in international contexts.

**COMM 370 The Rhetoric of Ideas: Ideology and Propaganda (4)** Techniques of propaganda in public discourse; communication strategies through which ideas become ideologies; case studies in wartime and corporate propaganda, imperialism, and cultural colonialism.

**COMM 371 Censorship and the Law: From the Press to Cyberspace (4)** The study of current and historical battles over the limits of free expression from press and public parks to television, movies, music and cyberspace. (Duplicates credit in former JOUR 371.)

**COMM 372 The Image of the Journalist in Popular Culture (4)** (Enroll in JOUR 375)

**COMM 375 Business and Professional Communication (4)** Oral and written communication skills demanded in the workplace including informative and persuasive speeches; interviewing; team communication; and training material preparation. *Recommended preparation:* COMM 204.

**COMM 380 Forensics Laboratory (1-4, max 8)** Directed individual research studies of contemporary problems. Supervised laboratory experience. Open only to members of the University debate squad.

**COMM 382 Sports, Business and Media in Today's Society (4)** (Enroll in JOUR 380)

**COMM 383m Sports, Communication and Culture (4)** Rhetorical and critical approaches to sports and public discourse; application to sports organizations, the news and popular media; representations of gender and race in sports.

**COMM 384 Interpreting Popular Culture (4)** Popular culture as an indicator of cultural values, a producer and reflection of cultural meaning, and a means of communication; theory and case studies.

**COMM 385 Survey of Organizational Communication (4)** The role of information, persuasion, and meanings in organizations. Topics include organizational culture, leadership, decision-making, networks, power, diversity and the global workplace.

**COMM 387 Sports and Social Change (4)** Application of critical, sociological and rhetorical theories to sports events and sport media; examination of the role of sports in enacting social change.

**COMM 388 Ethics in Human Communication (4)** Value perspectives on communication in varied settings: interpersonal, organizational, and public. Issues of truth and responsibility in family and social interactions, advertising, and governmental communication.

**COMM 390 Special Problems (1-4)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**COMM 395m Gender, Media and Communication (4)** Issues of gender in communication, including: media representations of femininity and masculinity; and gender's role in communication at the interpersonal, public, and cultural levels.

**COMM 396 Fashion, Media and Culture (4)** Fashion as a form of communication and culture; fashion's role in identity, body politics, art, nationhood, celebrity and Hollywood culture, youth cultures and subversive practices.

**COMM 400 Seminar in Communication (4, max 12)** Advanced readings in communication theory and research (broadly defined); specialized interest areas of individual faculty on the frontiers of knowledge; seminar topics change each semester.

**COMM 401 Audience Analysis (4)** Examines audience analysis methodologies including focus groups, shadow juries, surveys, test marketing and content analysis; application of statistical sampling procedures, data analysis, interpretation and presentation. *Prerequisite:* COMM 301L.

**COMM 402 Public Communication Campaigns (4)** Theory and research in public health communication campaigns; design, implementation, and evaluation; extensive discussion of historical case studies and reasons for success or failure.

**COMM 411 Communication Criticism (4)** Methods and functions of criticism in forms of public communication; historical-contextual, textual, and interpretive procedures; diverse theoretical approaches including formalism, dramatism, genre, and ideology. *Prerequisite:* COMM 201.

**COMM 412 Communication and Social Movements (4)** Social and political movements as rhetorical phenomena; ideology, organization, and influence of such movements as civil rights, “New Left,” feminism, “New Right,” environmentalism.

**COMM 413 Propaganda, Ideology and Public Controversy (4)** Seminar examining the relationship between propaganda, ideology, critical thinking and rhetoric; application to contemporary controversies, both domestic and global; role of public argument. (Duplicates credit in COMM 370.)

**COMM 421 Legal Communication (4)** Analytical and communicative aspects of judicial argument; philosophy and techniques of jury trials, cross examination, and appellate advocacy; research, preparation, and presentation of case briefs. *Prerequisite:* COMM 322.

**COMM 422 Legal Issues and New Media (4)** Examines laws and regulatory policies shaping new media, especially the Internet; impact of regulation on development and use of communication technology.

**COMM 424 Millennium in the Media (4)** The new millennium in history, religion and mass media. Utopian and apocalyptic conceptions of the future from oral culture to printing, film, broadcasting, and Internet. *Recommended preparation:* COMM 200, COMM 201.

**COMM 425 Communicating Religion (4)** Genres of religious communication, including sermon, prayer, ritual, polemic, and revival. Impact of technological and cultural change on religious advocacy, beliefs, and practices.

**COMM 426 Religion, Media and Hollywood: Faith in TV (4)** How religion, ethics and spirituality are embedded, embodied and emplotted in television drama; how secular texts represent “lived religion” to increasingly diverse audiences.

**COMM 430 Global Entertainment (4)** Survey of economic, political, and cultural dimensions of the global entertainment marketplace; focuses on the international production and distribution of media products and services. *Prerequisite:* COMM 300.

**COMM 431 Global Strategy for the Communications Industry (4)** Addresses the practical and theoretical aspects of the international economy that are most relevant to management strategy in the communications industry.

**COMM 432 American Media and Entertainment Industries (4)** Examines the history, technology, regulations and business practices of American broadcast and entertainment industries.

**COMM 440 Music as Communication (4)** Examines music’s unique characteristics as a communicative form and the cultural, economic, political and social influences in music interpretation and production.

**COMM 443 Communicating Health Messages and Medical Issues (4)** How communication — interpersonal, mass media, and information technologies — shapes health behavior. Topics: doctor-patient consults; public campaigns; health issues in entertainment, news, and on the Internet.

**COMM 450 Visual Culture and Communication (4)** Examines issues of visual images in communication related to history, modernity, cityscapes, news media, advertising, evidence, science, digital technology, and globalization. *Recommended preparation:* AHIS 100, COMM 201, FA 150.

**COMM 451 Visual Communication and Social Change (4)** Analysis of photography’s evolution; new strategies for the photographic image, photo documentary work and global social issues; analysis of images on blogs and Websites.

**COMM 454 Media, Money, and Society (4)** Money as communication; social scientific analysis of money and financial markets; money and popular culture; the business press; representations of Wall Street in Hollywood cinema.

**COMM 455 Advertising and Society (4)** Examination of the role of advertising in contemporary society as an economic force and a cultural form of representation. *Recommended preparation:* COMM 200, COMM 201.

**COMM 456 Entertainment, Marketing and Culture (4)** Explores blurring of entertainment, marketing and culture in advanced information economies; intersections of culture and media and their social ramifications. *Prerequisite:* COMM 300; *recommended preparation:* COMM 200, COMM 201.

**COMM 457 Children and Media (4)** Explores construction of “childhood” in media and popular culture, including television, movies, video games, toys, magazines, and music. Examines children as a unique audience. *Prerequisite:* COMM 300; *recommended preparation:* COMM 200, COMM 201.

**COMM 458m Race and Ethnicity in Entertainment and the Arts (4)** Examines how race and ethnicity as social categories are shaped by communication media; focuses on how race and ethnicity sustain entertainment and media industries. *Prerequisite:* COMM 300; *recommended preparation:* COMM 200, COMM 201.

**COMM 459 Fact and Fiction: From Journalism to the Docudrama (4)** (Enroll in JOUR 459)

**COMM 460 Collaboration and Group Decision Making (4)** Advanced seminar examining the theoretical, empirical and practical aspects of human and technological communication in group processes; experiential and/or field experiences in group observation.

**COMM 465m Gender in Media Industries and Products (4)** Examination of the effect of gender stratification in media industries upon the cultural products they create, especially gender and gender/race role portrayals.

**COMM 466m People of Color and the News Media (4)** (Enroll in JOUR 466m)

**COMM 467 Gender and the News Media (4)** (Enroll in JOUR 467)

**COMM 468 Cross-Cultural Negotiations: Communication and Strategy (4)** Application of intercultural communication theories and negotiation theories in the preparation and execution of global negotiations; strategies for creating mutual gains and sustained partnerships.

**COMM 470 Information and Communication Technologies Strategic Analysis (4)** Frameworks for strategically analyzing information and communication technologies; issues of regulation, control and social impacts of evolving ICTs; original research project of ICT strategy. (Duplicates credit in COMM 345.)

**COMM 473 Advanced Issues in Communication and Technology (4)** Advanced level readings into human-computer interfaces; social interaction with artifacts; concept of presence, and emerging social and psychological issues of new communication and computer technologies. *Prerequisite:* 301L.

**COMM 475 Environmental Communication (4)** Communication about environmental controversies in the public sphere: history of environmentalism; forms of citizen participation; media coverage; advocacy campaigns and movements; scientific and industrial discourses.

**COMM 480 Nonverbal Communication (4)** Theory and research; examination of the influence of environmental factors, physical behavior, and vocal cues on human communication.

**COMM 482 Comparative Media in Europe (4)** (Enroll in JOUR 482)

**COMM 486 Human and Technological Systems in Organizations (4)** How communication and information technologies are linked to organizational control, design, cultures; technology and competitive advantage; ethics and policy issues; technology-mediated work. *Recommended preparation:* COMM 385.

**COMM 487 Communication and Global Organizations (4)** The role of communication in global organizations; information, networks, and communication technologies for global organizing; computer-based collaborative work and virtual organizations. *Recommended preparation:* COMM 385.

**COMM 488 Communication Research in Organizations (4)** Seminar in application of communication research tools; diagnosis and analysis of communication problems; current topics in organizational communication scholarship; students complete original research projects. *Recommended preparation:* COMM 385.

**COMM 489 Campaign Communication (4)** Problems in political communication: creating an informed electorate, use of mass media, factors in voter persuasion. Guest experts in political analysis, opinion polling, communication evaluation.

**COMM 490x Directed Research (2-8, max 8)** Individual research and readings. Not available for graduate credit.

**COMM 494x Research Practicum (2-4, max 4)** Students gain research experience in the design, implementation, analysis, and reporting of communication research. Students serve as research assistants to faculty members. Not available for graduate credit.

**COMM 495 Honors Seminar (4, max 8)** Advanced study of issues in communication; recent developments in communication and rhetorical theories. Open only to students in COMM Honors Program. Recommended for seniors. *Recommended preparation:* COMM 301L.

**COMM 496x Honors Internship (2-4, max 4)** Field experience in applying communication principles to settings in organizations, campaigns, law, or other contexts; analysis and assessment of issues and problems experienced. Not available for graduate credit. Open only to COMM honors students or COMM seniors with 3.0 GPA overall. *Corequisite:* COMM 301L.

**COMM 497x Honors Thesis (4, FaSp)** Writing of the honors thesis. Not available for graduate credit. Open only to COMM honors students; seniors only.

**COMM 498 Ethical Issues in Entertainment and Communication (4)** Examines social and political controversies over conflicting ethical standards for communication in a variety of media: mass-media, communication technology, and entertainment. *Prerequisite:* COMM 300; *recommended preparation:* COMM 200, COMM 201.

**COMM 499 Special Topics (2-4, max 8)** Selected topics in communication.

**COMM 504x Interpersonal Communication (4)** Theories of communication behavior in relatively unstructured, face-to-face situations; examination of decoder-encoder, message, channel, and situational variables. Not available for Master of Communication Management students.

**COMM 508x Power, Politics and Conflict in Communication (4)** Human communicative behavior involving the creation and resolution of conflict in interpersonal, small group, and formal organizational settings. Not available for Master of Communication Management students.

**COMM 509x Classical Rhetorical Theory (4)** Theories of rhetoric from the fifth century B.C. through the fifth century A.D.; emphasis on the Sophists, Plato, Aristotle, Cicero, Quintilian, and St. Augustine. Not available for Master of Communication Management students.

**COMM 511x Contemporary Rhetorical Theory (4)** Theories of rhetoric from the 18th century to the present; emphasis on Perelman, Burke, Habermas, Grassi, and Booth. Not available for Master of Communication Management students.

**COMM 512x Rhetorical Criticism (4)** Theories and methods of assessing popular persuasive art forms such as contemporary drama, music, poetry, and journalism as well as traditional forms of public address. Not available for Master of Communication Management students.

**COMM 513x Neoclassical Rhetorical Theory (4)** Theories of rhetoric from the fifth century A.D. through the 18th century; emphasis on dictamin, praedicandi, poetriae, Alquin, Ramus, Port-Royalists, Bacon, Campbell, Blair, and Whately. Not available for Master of Communication Management students.

**COMM 514x Social Movements as Rhetorical Form (4)** Study of the rhetoric of social change; methodologies for analysis and appraisal; investigation of specific collective protest and reform movements. Not available for Master of Communication Management students.

**COMM 515x Postmodern Rhetorical Theory (4)** Implications of postmodernity for rhetorical theory and criticism; issues of textuality, agency, and subjectivity in communication; study of selected postmodern figures. Not available for Master of Communication Management students.

**COMM 516x Feminist Theory and Communication (4)** Implications of feminist theory for communication; topics include epistemology, critique of science/technology, women and language, feminist approaches to media and film, women and the workplace. Not available for Master of Communication Management students.

**COMM 517x Rhetorical Theory and Culture (4)** Issues of culture in recent rhetorical theory; in-depth examination of representative idealist, pragmatist, structuralist, critical, and postmodern accounts of the symbolic construction of cultural forms. Not available for Master of Communication Management students.

**COMM 518x American Public Address (4)** History and criticism of major American speakers and speeches with reference to the social, political, and intellectual background of their times. Not available for Master of Communication Management students.

**COMM 519x Cultural Studies in Communication (4)** Theoretical foundations, history, and development of cultural studies in communication; implications of issues of nationalism, colonialism, technologies, popular culture, and politics of bodies for communication. Not available for Master of Communication Management students.

**COMM 521x Argumentation (4)** Foundation of critical deliberation; the nature of informal reasoning; logical and ethical problems; analysis and appraisal of naturalistic argument. Not available for Master of Communication Management students.

**COMM 522x Kenneth Burke's Dramatistic Theory (4)** Studies the contributions of Kenneth Burke, among the most significant figures in the development of contemporary rhetorical theory and criticism. Not available for Master of Communication Management students.

**COMM 524x Small Group Process (4)** Contemporary theoretical models; problems in determination and measurement of variables in small group communication environments; assessment of recent research. Not available for Master of Communication Management students.

**COMM 525x Humanistic and Social Scientific Approaches to Human Communication I (4)** Overview of the humanistic and social scientific approaches to the study of communication; emphasis on rhetorical/critical and macro social scientific perspectives. Not available for Master of Communication Management students.

**COMM 526x Humanistic and Social Scientific Approaches to Human Communication II (4)** Overview of the humanistic and social scientific approaches to the study of communication; emphasis on macro and micro social scientific, symbolic and structural perspectives. Not available for Master of Communication Management students.

**COMM 534 The Culture of New Technologies (4)** In-depth approach to cultural impact of the Internet, multimedia, digital imaging, CD-ROM and virtual reality in context with photographic realism, artificial intelligence and virtual communities.

**COMM 544 The Arts and New Media (4)** Organization, economics, and policy of arts as affected by new technologies. Architecture, design, advertising, and fashion as context. Implications for arts promotion, management, and funding.

**COMM 546 Diffusion Theory and Research (4)** Diffusion of new ideas over time among the members of a system. Emphasis upon the spread and adoption of new communication technologies.

**COMM 550 Quantitative Research Methods in Communication (4)** Epistemological assumptions, design, and beginning methods of quantitative analysis in communication research. Not open to Master of Communication Management students.

**COMM 552 Qualitative Research Methods in Communication (4)** Developing expertise in qualitative methods, including participant-observation, ethnography, discourse analysis and historiography in communication research. Not open to Master of Communication Management students.

**COMM 553 Political Economy of Global Telecommunications and Information (4)** The political, economic, regulatory, and technological changes that are together creating a new world information economy. The politics of international telecommunications is emphasized.

**COMM 554 Regression and Multivariate Communication Research (4)** Advanced analysis of variance, regression models, path analysis, MANOVA, and discriminant analysis. Not open to Master of Communication Management students.

**COMM 556 Advanced Methods in Communication Research (4)** Structural Equation Modeling, LISREL, log linear and other advanced statistical methods used in contemporary communication research. Not open to Master of Communication Management students.

**COMM 559 Globalization, Communication and Society (4)** Comparative analysis of social, cultural and political impacts of communication technology and media; emphasis given to communication's influence in the social dimensions of globalization. (Duplicates credit in former CMGT 559.)

**COMM 561 Leading and Communicating Change in Global Organizations (4)** Communication perspectives on the process and outcomes of globalization; role of large media organizations in the global flow of information; and leadership and multiculturalism.

**COMM 562x Cognitive Approaches to Communication (4)** Cognitive theory and research and its application to communication phenomena and processes. Not available for Master of Communication Management students.

**COMM 570 Economics of the Communication Industries (4)** The economic forces that determine the structure and outputs of communication and media industries, including newspapers, broadcasting, cable, and telecommunications.

**COMM 575 Advocacy and Social Change in Entertainment and the Media (4)** Examines how diverse groups (i.e., governmental agencies, advertisers, health organizations, advocacy groups, actors, social scientists) attempt to influence audiences through entertainment and traditional media channels.

**COMM 578 New Media Literacies (4)** Examines intersection of education and participatory culture, literacy and media change, the participation gap, informal learning and knowledge communities, emerging social skills and cultural competencies.

**COMM 579 Entrepreneurship in the New Media (4)** Examination of how the digital revolution is creating news media entrepreneurs, and changing the way news is disseminated by journalists and heard by consumers.

**COMM 580 Media and Politics (4)** Mass media in American political life, including political reporting, election campaigns, non-electoral politics, and the media as a political issue.

**COMM 582 International Communication: National Development (4)** Roles of media institutions and communications behavior in national development, including political, economic, and social spheres; Western and non-Western conceptions of development processes.

**COMM 584 Interpreting Popular Culture (4)** The use of semiotic, literary, psychoanalytic, and other approaches for describing and interpreting popular cultural phenomena, including television, advertising, film, music, and fashion.

**COMM 585x Organizational Communication (4)** Theory and research; field experience in analyzing and solving communication problems in organizations. Not available for Master of Communication Management students.

**COMM 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the school. Graded CR/NC. (Duplicates credit in former COMM 590.)

**COMM 594abz Master's Thesis (2-2-0)** Credit on acceptance of thesis. Graded IP/CR/NC.

**COMM 598 Practicum in Global Communication Research (4)** Development and assessment of research into global communication; selection of appropriate research methodologies; and production of scholarly research. Open to M.A. in Global Communication students only.

**COMM 599 Special Topics (2-4, max 8)****COMM 602 Seminar in Persuasion (4)**

Classical and contemporary theories of persuasion, attitude formation and change; impact of cognition, affect and emotions; cultural and group influences; message strategies and framing. Not open to Master of Communication Management students.

**COMM 605 Advanced Macro Theories of Communication I (4)** Advanced macro theories of communication and culture creation/change; emphasis on structural-functionalism, neo-Marxism, critical theory, symbolic interactionism, phenomenology, post-structuralism, deconstruction.

**COMM 610 Studies in Rhetorical Theory (4, max 12)** Problems in rhetorical theory and criticism; advanced, specialized interest areas of individual faculty on the frontiers of knowledge.

**COMM 615 Health Communication (4)**

Evaluation of research about communication in patient care, health campaigns for diverse publics, tools for disease management, and outreach to producers in mass media.

**COMM 616 Health Communication for Prevention (4)** Examination of health communication efforts for the prevention of diseases or other adverse physical or mental health outcomes by the promotion of behavior change.

**COMM 618 Mass Media Effects (4)** Theoretical and research questions about mass communication effects; criticism and interpretation of current research and theory, and formulation of new theory.

**COMM 620 Studies in Communication Theory (4, max 12)** Current problems in communication theory and research; advanced, specialized interest areas of individual faculty on the frontiers of knowledge.

**COMM 625 Theory Construction in Communication (4)** The nature of theories; conceptual and methodological problems in theory construction; application to contemporary issues in communication research.

**COMM 629 Global Culture (4)** Examines the relationship of culture to globalization, ranging from nationalism and colonialism to global cultural products, multinational cultural production, diasporic cultures, global media, and cosmopolitanism.

**COMM 630 Communication Technology and Social Change (4)** Impact of technological advances on human communication practices and theories; trends, forecasts, implications.

**COMM 631x Minds and Media (4)**

Sociopsychological consequences of human interaction with media and computers; evolution of minds; effects of media forms and contents on cognition and affection; concept of presence. Not available for Master of Communication Management students.

**COMM 635 Economics of Information (4)**

Applications of macro and microeconomic principles: economic role of the information sector; production, distribution, and pricing of information products; information in the functioning of markets.

**COMM 636 Interpretive and Cultural Approaches in Organizational Communication (4)**

Interpretive, critical and cultural research in organizational communication; emphasis on narrative approaches to ethnographic studies, critical essays, and quantitative intercultural research in organizational communication.

**COMM 637 Current Readings in Organizational Communication (4)**

Recent developments in organizational communication theory and research; emerging issues and methodologies; future directions.

**COMM 638 Global, International and Intercultural Communication in Organizations (4)**

Communication processes in global organizational transformation; influences of information technology, intercultural variables, and globalization on decision-making, operations and practices of international and transnational organizations.

**COMM 640 Communication and Organizational Change (4)**

Analysis of communication and information networks in organizations and their relationships with communication technologies, organizational behavior, and management.

**COMM 641 Organizations and Communication Technologies (4)**

Communication technology impacts on organizations; organizational influence on technology development and deployment; methods for organizational communication technology studies; critiques and implications for theory and research.

**COMM 645 Communication Networks (4)**

Conceptual and analytic issues in network perspectives; emphasis on communication patterns, processes, content, influences and impacts.

**COMM 646 Negotiating Boundaries in Environmental Research (2)** Examines how environmental disciplines are discursively constructed; explores problems of utilizing scientific/technical results in policy-making arenas; and introduces strategic communication skills.

**COMM 647x Network Society (4)** Advanced research seminar examining the interaction between communication technology, society, economy, politics and culture from interdisciplinary and cross-cultural perspectives. Not available for Master of Communication Management students.

**COMM 648 Online Communities and Networks (4)**

Examination of academic research on the social, cultural, political, and economic effects of online communities; policy implications of this research; mobile technology's role in community building. Not open to Master of Communication Management students.

**COMM 650 Survey Construction and Validation (4)**

Principles of survey construction and validation; format selection, sampling, question wording, adaptation for international audiences, response option formats, order, and avoiding acquiescence bias and breakoffs.

**COMM 652 Field Research in Communication (4)**

Examines quantitative and qualitative field methods in communication research; survey development and scaling, content analysis, ethnographic study; quasi-experimental design; time series analysis.

**COMM 653 Research, Practice and Social Change (4)**

Examination of theoretical models and best practices of academic research and advocacy relationships; students conduct a community-based research project using a model of community-based participatory research.

**COMM 654 Art, Artists and Society (4)**

Cultural and temporal differences in defining arts, artists and audiences; transmitting cultural beliefs through art; understanding aesthetic responses; experiences of alienation and incomprehension with art.

**COMM 660 Entertainment and Games (4)**

Contemporary meaning of "entertainment," historical and cultural developments of entertainment; entertainment as psychological process of responding to/interacting with various media. Not open to Master of Communication Management students.

**COMM 662 Video Games Research (4)**

History and content, motivation and selection, reception and reaction processes, and effects of video games; students conduct original research into video game usage and effects. Not open to Master of Communication Management students.

**COMM 675 Independent Study (1-4)**

A supervised course tailored to specific student interests. The professor and student develop a syllabus that permits exploration of advanced or specialized topics. Graded CR/NC.

**COMM 694 Preliminary Research Paper (2)**

Independent research designed to demonstrate the student's ability to conceptualize, conduct, and present scholarly research. Parallel to COMM 794. Graded CR/NC.

**COMM 790 Research (1-12)** Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the school. Graded CR/NC.

**COMM 794abcdz Doctoral Dissertation (2-2-2-2-0)** Credit on acceptance of dissertation. Graded IP/CR/NC.

**COMMUNICATION MANAGEMENT (CMGT)****CMGT 500 Managing Communication (4)**

Production and distribution of information within large organizations; information networks, organization structure, control and decision-making functions. Resources necessary for effective organizational communication systems.

**CMGT 501 Communication Management Pro-Seminar (4)** Central issues of theory and practice in the management of communication; broad introduction to all areas of the program. Open to Master of Communication Management students only.

**CMGT 502 Strategic Corporate Communication (4)** Roles, responsibilities and requirements of communication functions within corporations; design and implementation of communication plans; strategic message production for internal and external audiences.

**CMGT 503 Strategic Communication Consulting (4)** Communication consulting skills including facilitation, training, presentation coaching, benefits writing, speech writing, and communicating organizational change; consulting basics, proposals, cost estimating, and final reports.

**CMGT 504 Writing for Strategic Communication (4)** Writing skills necessary for an organizational communicator; review of strategic writing fundamentals; development of portfolio of diverse media applications based on strategic corporate communication requirements.

**CMGT 505 Communication in Work Settings (4)** How work settings determine communication: basic structures of communication, influence of technology, social contexts, and physical space. Applications to management.

**CMGT 506 Images and Image Management (4)** Examines images and image manipulation in communication, management and social control. Synthesizes work ranging from cognition and interpersonal behavior to mass media and popular culture.

**CMGT 507 Information Management (4)** Develops conceptual frameworks for understanding information, uncertainty, ambiguity, and knowledge. Principles for decision-making, awareness of biases, mathematics of risk-taking, and practices for sense-making. (Duplicates credit in former COMM 507.)

**CMGT 508 Communicating Strategy and Change (4)** Examination of role of communication in developing and implementing business strategy; critical assessment and practice with models, tools, and techniques for communicating change.

**CMGT 509 Influential Communication in the Marketplace (4)** Promotional messages as both creative expressions and agents for behavioral change; application of social science theories of persuasion and compliance in interpersonal and mass-media venues.

**CMGT 510 Communication, Values, Attitudes and Behavior (4)** Theory and research on value and attitude formation and change; consequences for communication and behavior.

**CMGT 511 Health Communication (4)** Connections between health providers' communication and patients' well-being; consultation language, nonverbal behavior, physical settings, design of media messages, information technologies in patient education and care.

**CMGT 515 Innovation and the Information Economy (4)** Analysis of the innovation dynamics fueled by the information and communication technology revolution; economic, technological, institutional and personal underpinnings of innovation and entrepreneurship.

**CMGT 520 Social Roles of Communication Media (4)** How mass media shape public images of groups, channel political power, promote consumption of goods. Social and political theories as tools in evaluating media impact.

**CMGT 528 Web Designs for Organizations (4)** Students learn to assess organizations' online needs, to examine the use of the Internet in terms of electronic commerce and global pressures, and design Web page strategies.

**CMGT 530 Social Dynamics of Communication Technologies (4)** Impact of television, satellites, computers, and other new technologies; competing theories about the role of technology in society; historical effects of introducing new technologies.

**CMGT 531 Communication and the International Economy (4)** Examines the impact of global economic changes on communications industries, the political and economic forces shaping these industries and the roles of its managers.

**CMGT 532 Development of American Electronic Media Industry (4)** Origins of American radio and television broadcasting industry and analysis of its development into the contemporary media industry; covers history, technology, regulation, and business practices.

**CMGT 533 Emerging Communication Technologies (4)** Basics of multimedia; new forms of audio and video interactive technologies; computer communication networks; social, political, cultural, interpersonal, organizational issues related to emerging communication technologies. (Duplicates credit in former COMM 533.)

**CMGT 534 Introduction to Online Communities (4)** History, technologies and theories of online communities; their uses for organizations; social networking; identity and privacy; participation; collaboration; advocacy and collective action: games and entertainment.

**CMGT 535 Online Communities for Organizations (4)** How Web-based technologies affect organizational communication, including issues related to collaboration, innovation and knowledge management, forecasting, and networking. (Duplicates credit in former COMM 535.)

**CMGT 536 Team Communication and Leadership (4)** Theories of effective team communication and leadership; case studies of effective and ineffective teams and leaders; teamwork and communication development; and distributed work teams.

**CMGT 537 The Industry, Science and Culture of Video Games (4)** History, social dynamics, and cultural impact of video games; developments in technology and design; issues confronting the video game industry and organizations.

**CMGT 538 Technologies for Online Communities (4)** Survey of contemporary technologies, platforms, languages, collaborative methodologies, and how they are used in combination to produce “social networking” Websites and other related media.

**CMGT 540 Uses of Communication Research (4)** Applications of both data and interpretation in communications management. Topics include: audience ratings, surveys, experimental tests of programs and campaigns, formative evaluation, secondary data sources.

**CMGT 541 Integrated Communication Strategies (4)** Communication strategies for product marketing and advertising; communication’s role in developing domestic and international marketplaces; practical applications of persuasion theory.

**CMGT 542 Business Strategies of Communication and Entertainment Firms (4)** An overview of business strategies in media industries. Emphasis on Internet and changing business models. Case studies. Students prepare business plans for digital start-ups.

**CMGT 543 Managing Communication in the Entertainment Industry (4)** Examination, application and critique of traditional and contemporary organizational communication theory as it applies to the entertainment industry’s unique internal and external environments.

**CMGT 544 Creating Organizational Identity: Meaning Through Messages (4)** Use of rhetorical theories and communication models to create organizational identification with internal and external audiences; the role of values and ethics in creating identities.

**CMGT 545 Communication and Global Competition (4)** How communication technologies are used to secure competitive advantage; how firms use communication systems to sustain effective positioning in an industry; convergence of communication industries.

**CMGT 546 Sports Media and Society (4)** History and evolution of sports media industry; traditional, new and alternative sports media; globalization of sports; sports promotions and personalities.

**CMGT 547 Distribution of Recordings: Media, Retail and Online Channels (4)** Cultural and critical analyses of radio and recording industry development and business strategy; influence of legal and regulatory institutions, impact of new forms of distribution.

**CMGT 548 Issues in Children’s Media (4)** Historical review of children’s programming; programming genres; ethical and business issues of marketing to children; children’s uses of various media.

**CMGT 549 Case Studies in Digital Entertainment (4)** Explores foundation of U.S. media policy in the digital age; students prepare White Papers on an urgent issue of contemporary digital media and entertainment policy.

**CMGT 550 Hollywood 3.0—Entertainment Industry in the Convergence Age (4)** In-depth analysis of the challenges confronting the entertainment industry in the wake of media convergence including a survey of media convergence history and theories.

**CMGT 551 Communicating Entertainment Media Identities (4)** Understanding dynamics in entertainment markets enabled by emerging digital technologies; broad and niche strategies to target appropriate audiences, building audience engagement with entertainment content identities.

**CMGT 555 Online Marketing Communication Development and Analysis (4)** Analysis and development of online communication and marketing campaigns; exploration of current Internet best practices in social media, SEM, privacy, location-based marketing, and online measurement.

**CMGT 556 Global Marketing Communication (4)** Communication strategies in a global marketing environment; analysis of global-local challenges and opportunities; effective global integrated communication to create and sustain competitive advantage.

**CMGT 557 Communication Policy in the Global Marketplace (4)** Comparative analysis of various countries’ communication and information technology policies; examines developments in telecommunications, broadcasting, and entertainment industries and policy questions for global media marketplace.

**CMGT 558 The International Entertainment Marketplace (4)** Global influences on entertainment industries (broadcasting, film, telecommunications, Internet, video games, and music); case analyses of specific organizations and geographic regions; impact on local cultures.

**CMGT 559 Global Hollywood (4)** Examines the influence of the transglobal flow of media between the U.S. entertainment industries and other national media industries.

**CMGT 560 Communications Policy (4)** Evolving regulation of telephone, radio, television, cable, print, and other media. Major policy-makers and decision points in policy-making at local, state, national, and international levels.

**CMGT 565 Communication Law and Broadcasting (4)** History and present status of broadcast regulations; emphases on First Amendment, character of regulatory agencies, impact of court decisions, influence of technological advances.

**CMGT 566 Communication Law and New Technologies (4)** Development of law in newer technologies. Cases include cable television, low power television, direct broadcast satellites, teletext, video cassettes, telephone, data networks, computer regulation.

**CMGT 567 Internet Policy, Practice and Regulation (4)** Examines how legal decisions impact commercial and personal uses of the Internet; regulatory responses to court decisions.

**CMGT 571 Communications Technologies (4)** Basic technological concepts necessary to understand the workings of modern communications products and services, to include frequency, bandwidth, electricity, modulation, and digital conversion.

**CMGT 572 Telephone, Data, and Video Telecommunication Systems (4)** Technological principles and workings of telephone, data, and video telecommunication systems. Issues for management and policy from a technological perspective. *Prerequisite:* CMGT 571.

**CMGT 573 Evaluating Communication Needs (4)** Participation as consultants in field projects. Use of organizational, interpretive, and statistical methods to design organizational communication systems is emphasized.

**CMGT 574 Tele-Media: Strategic and Critical Analysis (4)** Strategic and critical analyses of emerging and new communication technologies from historical, business, financial, consumer, and policy perspectives.

**CMGT 576 Communication Strategies for Conflict Management (4)** Communication strategies for effective negotiation, mediation and facilitation of disputes; structures for public interventions; emergence of online dispute resolution systems.

**CMGT 577 Communicating Corporate Social Responsibility (4)** Evolution, models, metrics and stakeholders. Key communication issues in designing and implementing initiatives, CSR reporting, strategic partnerships and online communities. Analysis of communication paradoxes.

**CMGT 580 Chinese Media and Society (4)** The political economy of communications and information in China's broader process of development and reentry into global capitalism; particular media and communication conditions and policies.

**CMGT 581 Media in Social Services: Design and Evaluation of Campaigns (4)** Theory and research issues in the use of media for changing behavior in health, public safety, welfare, and other areas of social services. (Duplicates credit in former COMM 581.)

**CMGT 582 Communication for International Development (4)** Comparison of traditional communication programs and newer information and communication technologies for analyzing needs of international communities; design, implementation, monitoring, and evaluation of development-related projects.

**CMGT 583 Social Marketing and Entertainment Education (4)** Theoretical foundations of social marketing and entertainment education; uses of dramatic serials, telenovelas and animation to promote human rights; program design, evaluation.

**CMGT 584 Communication and the Multi-cultural Marketplace (4)** Popular culture and marketing communication; race, gender, sexual orientation and consumer culture; consumption patterns and identity, loyalty and self-actualization; cultural marketing campaigns and sociopolitical conflict.

**CMGT 585 Communication Leadership in the Entertainment Industry (4)** Examination of the communicative elements of leadership in entertainment products and processes; the role of communication experts in supporting, coaching and facilitating entertainment leadership.

**CMGT 586 Entertainment Media: Content, Theory, and Industry Practices (4)** Examination of social scientific theory and research on patterns of media content; effects of mass media exposure on individuals and society; and industry practices.

**CMGT 587 Audience Analysis (4)** Fundamental principles of audience research; critique of existing methodologies; implications for global audiences and mass media markets.

**CMGT 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the school. Graded CR/NC. (Duplicates credit in former COMM 590.)

**CMGT 591 Communication Internship (1-2, max 2)** Field experience in applying communication principles to settings in organizations, campaigns, or other contexts; analysis and assessment of issues and problems. Open to Communication Management and M.A., Global Communication students only.

**CMGT 592 Theory and Practice of Professional Presentations (2)** Application of communication and persuasion theories in the creation of oral presentations; critical assessment of the role of new technologies for professional presentations. Not available for students in the M.A. and Ph.D. programs in communication. Graded CR/NC.

**CMGT 597 Communication Research Practicum (2, 4, max 4)** Students design and produce an original project appropriate for their emphasis area within the Master of Communication degree; oral defense of project. Open to Master of Communication Management students only. (Duplicates credit in former COMM 597.) *Prerequisite:* CMGT 540.

**CMGT 599 Special Topics (2-4, max 8)**

#### **PUBLIC DIPLOMACY (PUBD)**

**PUBD 500 Introduction to the Advanced Study of Public Diplomacy (4)** Introduction to the advanced academic study of public diplomacy from multidisciplinary perspectives: including media and communication, international relations and history.

**PUBD 502 Historical and Comparative Approaches to Public Diplomacy (4)** Examines historical and comparative approaches to public diplomacy. Explores public diplomacy operations in public and private settings, by individuals and institutions. Reviews traditional, critical, war, and peace perspectives.

**PUBD 504 Global Issues and Public Diplomacy (4)** Focuses on critical global issues/challenges that require some form of intervention from the international community. Taught with active learning strategies: case studies and "problem-based learning."

**PUBD 508 The Rhetoric of War and Peace (4)** Special exercise in "Think Tank" procedure that explores rhetorics of war and peace from a 21st century perspective.

**PUBD 509 Advocacy in Public Diplomacy: Argumentation and Debate (4)** Skills and theory based approach to the criticism and development of public diplomacy campaigns. Emphasizes the instruction of advocacy skills to assess the utility of specific campaigns.

**PUBD 510 Technologies and Public Diplomacy (4)** Explores relationship between diplomacy and technological change. Emphasis on question of how new media may force us to rethink traditional frameworks of public diplomacy.

**PUBD 512 Cultural Diplomacy (4)** Provides overview of formal cultural diplomacy and concentrates on ways in which non-governmental entities communicate across international boundaries and the effects of those interchanges.

**PUBD 514 Corporate Diplomacy (4)** Provides basic public diplomacy and public relations tools for global organizations and their foreign publics.

**PUBD 515 Transnational Diplomacy and Global Security (4)** Examination of the historical and theoretical basis of diplomatic relationships between states, international organizations, and transnational non-state actors in developing global peace and security policies.

**PUBD 516 International Broadcasting (4)** History, context and practice of global international broadcasting strategies; technological and financial parameters that shape future international broadcasting strategies; use of radio, television, and Internet.

**PUBD 518 International Exchanges and Public Diplomacy (4)** Examination of educational and cultural exchanges; variety and experience of participants, flagship exchange programs, economic and social implications of the programs, and measurement of outcomes.

**PUBD 519 News Media and the Foreign Policy Process (4)** Analysis of news media's role in contemporary diplomacy; historical context; consideration of the professional practices of journalists and those who devise and implement foreign policy.

**PUBD 520 Regional Studies in Public Diplomacy (4, max 16)** In-depth examination of historical, political, economic, cultural factors that influence public diplomacy efforts within specific geographic regions.

**PUBD 522 Hard Power, Soft Power and Smart Power (4)** Institutional and cultural perspectives on instruments of state power: military, intelligence, trade, and traditional diplomacy; strategic analyses for determining proper use; desirability of combining resources.

**PUBD 524 The Public Diplomacy of Trade (4)** Public diplomacy's role in shaping ideas about trade and development and in creating trade agreements, and the use of trade agreements as public diplomacy.

**PUBD 526 Public Diplomacy Evaluation (4)** Critical examination of challenges and benefits of measuring public diplomacy's impact; terminology and mechanics of evaluation, the measurement community, and varying approaches for evaluation.

**PUBD 590 Directed Research (1-12)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the school. Graded CR/NC.

**PUBD 596 Practicum in Public Diplomacy Research (4)** Development and production of original research-based project in the area of public diplomacy. Graded CR/NC.

**PUBD 599 Special Topics (2-4, max 8)** Special topics in the area of public diplomacy.

*Associate Director:* Laura Castañeda, Ed.D.

*Associate Director:* William Celis, M.S.

### Faculty

*Walter H. Annenberg Chair in Communication:*  
Ernest J. Wilson III, Ph.D.

*University Professor and Annenberg Family Chair in Communication Leadership:* Geoffrey Cowan, LL.B.

*Wallis Annenberg Chair in Journalism and Democracy:* Jay T. Harris, B.A.

*Knight Chair in Media and Religion:* Diane Winston, Ph.D.

*Provost Professor of Communication, Journalism and Cinematic Arts:* Henry Jenkins, Ph.D.

*Professors:* K.C. Cole, B.A.; Geoffrey Cowan, LL.B.\*; Ed Cray, B.A.; Félix Gutiérrez, Ph.D.; Jay T. Harris, B.A.; Henry Jenkins, Ph.D.; Judy Muller, B.A.; Bryce Nelson, M.Phil.\*; Geneva Overholser, M.A.; Tim Page, B.A.; Michael Parks, B.A.; Joe Saltzman, M.S.\*; Philip Seib, J.D.; Roberto Suro, M.S.

*Associate Professors:* William Celis, M.S.; Jonathan Kotler, J.D.\*; Joshua Kun, Ph.D.; Andrew Lih, M.S.; Larry Pryor, M.S.; Sandy Tolan, BFA; Jian Wang, Ph.D.; Diane Winston, Ph.D.

*Assistant Professors:* Mike Ananny, Ph.D.; Kjerstin Thorson, Ph.D.

*Professors of Professional Practice:* Daniel Birman, M.A.; Laura Castañeda, Ed.D.; Serena Cha, M.S.; Jennifer Floto, M.A.\*; Gabriel Kahn, B.A.; Willa Seidenberg, B.A.; Erna Smith, B.J.; Gerald Swerling, M.S.

*Associate Professors of Professional Practice:* Sasha Anawalt, B.A.; Marc Cooper; Matthew LeVeque, B.A.; Stacy Scholder, B.A.; Burghardt Tenderich, Ph.D.

*Assistant Professor of Professional Practice:* Robert Hernandez, B.A.

*Senior Lecturers:* Mary Murphy, B.A.; Richard Reeves, M.E.

*Lecturers:* Alan Abrahamson, J.D.; Dana Chinn, MBA; Alan Mittelstaedt, B.A.

*Emeritus Professors:* Murray Fromson; A.J. Langguth, B.A.; Clancy Sigal, B.A.

*Emeritus Associate Professor:* William Robert Faith, Ph.D.

\*Recipient of university-wide or college teaching award.

### Degree Programs

The School of Journalism offers Bachelor of Arts degrees in Print and Digital Journalism, Broadcast and Digital Journalism and Public Relations. It also offers minors in News Media and Society and in Advertising.

At the graduate level, Master of Arts degrees are awarded in Journalism, Specialized Journalism and Strategic Public Relations. Students completing the M.A. in Journalism must select one of the five tracks: Long-Form Video, News Video, Audio, Text or Digital. Journalism students learn the techniques of writing, reporting and production for long-form video, news video, audio, text and digital media. They also learn about the role of a free press in a democracy and the historical, legal and ethical aspects of journalism, past, present and future. The *Long-Form Video* track enables students to produce video documentaries for any medium including television and digital media. The *News Video* track enables students to work in any video news environment including television and digital media. The *Audio* track enables students to do news or long-form journalism in any audio environment including radio and digital media. The *Text* track enables students to do news or long-form journalism in any text environment including newspapers, magazines, other print publications and digital media. The *Digital* track provides a thorough grounding in Website production combining traditional journalism with the ability to think flexibly and in an interactive technology environment. The *Specialized Journalism* degree is designed for experienced professionals and recent journalism graduates interested in developing specialized reporting expertise. The *Strategic Public Relations* degree emphasizes the requisite skills of that discipline, with an emphasis on strategic problem solving, public relations theory and techniques, writing, research-based planning and analysis, case studies, and the application of the discipline to specific industry categories.

The school stresses a broad-based liberal arts education to enhance writing and reporting, and encourages undergraduate students to pursue double majors or minors in disciplines outside the school. In addition to offering international study programs, the school also provides specialized reporting classes in government and public affairs, international affairs, science, religion, education, urban ecology, demography, sports, entertainment, the environment, and the arts.

## Undergraduate Degrees

The School of Journalism offers Bachelor of Arts degrees in Print and Digital Journalism, Broadcast and Digital Journalism and Public Relations. The school also offers minors in Advertising and News Media and Society. Journalism students are encouraged to pursue double majors or minors in other areas of study. They must consult with an undergraduate journalism adviser at least once each semester to receive academic advisement covering major course selection and university degree requirements.

To meet accrediting guidelines, a minimum of 80 units must be completed outside the major area of journalism, with no fewer than 65 units completed in liberal arts and sciences course work. A maximum of 16 units of course work taken prior to high school graduation and a combined 32 units of AP, IB and pre-high school graduation course work will count toward this requirement. Journalism and public relations majors can take up to a maximum of 48 journalism units; however, the major unit total (44 units) cannot be exceeded, unless the student has fulfilled the liberal arts and sciences requirement (65 units).

A grade point average of at least C (2.0) on all baccalaureate units attempted at USC, as well as on the combined USC-transfer GPA, is required for undergraduate degrees. A minimum cumulative grade point average of 2.0 in all upper division courses applied toward the major is also required. Students must complete each journalism class with at least a grade of C- in order to count the course toward a major requirement. Journalism courses with a grade of D+ or below must be repeated; courses may only be retaken once.

Students seeking to learn journalism principles and improve their multimedia skills should write and report for *neontommy.com* (Annenberg Digital News), *atcn.org* (Annenberg TV News), *annenbergradio.org* (Annenberg Radio News), *intersectionssouthla.org* (Intersections South LA) and *impact.uscannenberg.org* (Impact newsmagazine program). Journalism majors are also encouraged to write and report for the

independent student newspaper, the *Daily Trojan*, at *dailytrojan.com*.

The school also advises its students to participate in at least two internships before graduation. The Annenberg Career Development Office has listings for paid and unpaid internships from around the country.

### Admission Requirements

Admission is competitive. Fall 2011 incoming freshmen had an average GPA of 3.70 with an SAT score of 1945-2180 (middle 50%). Transfer students had an average college GPA of 3.67. For admission information and deadlines, refer to the USC Admission Website. All transfer applicants must review the transfer admission application guidelines on the Annenberg Website; contact the Annenberg Admissions Office for more information. Upon admission to the School of Journalism, students will lose transfer credits earned in journalism and public relations course work completed at another college or university. USC exclusively uses the Common Application for freshman and transfer admission. Applicants must submit the Common Application and the USC Supplement, both of which can be accessed at *www.commonapp.org*. In addition to the university writing samples, a one-page statement of intent is required; instructions are included with the USC Supplement.

Students currently enrolled at USC who wish to change their major to journalism must file a formal application with all supporting documents through the Annenberg Student Services Office. Students who entered USC as freshmen must have 32 units completed with a minimum GPA of 3.0. Students who entered USC as transfers must have 16 units completed at USC with a minimum GPA of 3.0. The 3.0 GPA is a minimum standard and does not guarantee admission.

### General Education Requirements

The university's general education program provides coherent, integrated introduction to the breadth of knowledge you will need to consider yourself (and to be considered by other people) a generally well-educated person. This program requires six courses in different categories, plus writing, foreign language and diversity requirements, which together comprise the USC Core. See pages 63 and 250 for more information.

### Core Curriculum

The School of Journalism's core curriculum prepares students to write and report for print, broadcast and online media. Print and digital journalism, and broadcast and digital journalism students are required to complete both print and broadcast newswriting and print and broadcast reporting classes. Print and digital journalism majors must complete a newspaper editing and design class; broadcast and digital journalism majors must complete a broadcast production class. In addition to the online media elements integrated into the newswriting and reporting classes, print and digital journalism and broadcast and digital journalism majors must complete an introduction to online media course.

### *Grammar, Spelling and Punctuation (GSP) Requirement*

Journalism majors enrolling in JOUR 202 and public relations majors enrolling in JOUR 209 will take a diagnostic exam at the beginning of the semester to prepare for the Grammar, Spelling and Punctuation exam (GSP). The instructors will administer the GSP exam on the last day of class.

Students who do not pass the GSP exam may re-take it in the semester immediately following their enrollment in JOUR 202 or JOUR 209. Students will be notified of the exam dates at the start of the semester.

Students must pass the GSP exam by the completion of that following semester or they will not be allowed to progress in the School of Journalism and will be dismissed from the major.

Note: Students with disabilities may register with the Disabilities Services and Programs office (DSP) so the DSP staff can assess the nature of the students' disabilities and recommend the appropriate accommodations to be provided for each student.

### Broadcast and Digital Journalism Requirements for the Bachelor of Arts

#### REQUIRED COURSES, LOWER DIVISION UNITS

JOUR 201	History of News in Modern America	4
JOUR 202	Newswriting: Print	3
JOUR 203	Newswriting: Broadcast	3

#### REQUIRED COURSES, UPPER DIVISION UNITS

JOUR 302	Reporting: Print	3
JOUR 303	Reporting: Broadcast	3
JOUR 306	Production: Broadcast	3
JOUR 309	Introduction to Online Media	3
JOUR 310	Investigative Reporting	4
JOUR 462	Law of Mass Communication	4

Two courses from:

JOUR 402	Advanced Television Reporting	4
JOUR 403	Television News Production	4
JOUR 405	Non-Fiction Television	4
JOUR 409	Radio News Production	4

Plus 6 upper division journalism elective units chosen in consultation with an adviser

6

### Print and Digital Journalism Requirements for the Bachelor of Arts

#### REQUIRED COURSES, LOWER DIVISION UNITS

JOUR 201	History of News in Modern America	4
JOUR 202	Newswriting: Print	3
JOUR 203	Newswriting: Broadcast	3

#### REQUIRED COURSES, UPPER DIVISION UNITS

JOUR 302	Reporting: Print	3
JOUR 303	Reporting: Broadcast	3
JOUR 308	Newspaper Editing and Design	3
JOUR 309	Introduction to Online Media	3
JOUR 310	Investigative Reporting	4
JOUR 462	Law of Mass Communication	4

Two courses from:

#### REQUIRED COURSE, LOWER DIVISION UNITS

JOUR 209	Effective Writing for Strategic Public Relations	4
----------	--	---

#### REQUIRED COURSES, UPPER DIVISION UNITS

JOUR 350	Strategic Public Relations: An Introduction	4
JOUR 351ab	Strategic Public Relations Media and Content	4-4
JOUR 353	Theoretical Foundations of Strategic Public Relations	4
JOUR 428	Social, Legal and Ethical Foundations of Public Relations	4
JOUR 429	Business and Economic Foundations of Public Relations	4
JOUR 450	Advanced Strategic Public Relations	4
JOUR 463	Strategic Public Relations Research, Analysis and Insights	4

Plus 8 upper division journalism elective units chosen in consultation with an adviser

8

### Advertising Minor

The advertising minor is designed for students interested in building a career in, or developing a better understanding of, the field of advertising. It explores the key role played by advertising in today's global economy. At no time has advertising been more successful or more controversial than it is today, and this program will explore both the positives and the negatives. Emphasis is placed throughout the program on both the practical skills required to meet the demands of the marketplace and the theoretical underpinnings of those practices. Program content includes: the history of advertising; creation of written and visual advertising elements; the measurement, selection and analysis of media; the concept of "branding;" the role of advertising in creating and maintaining successful brands; the analysis of advertising campaign case studies; and the creation of integrated marketing communications campaigns.

#### REQUIRED COURSES UNITS

JOUR 340	Introduction to Advertising	4
JOUR 341	Advertising Copywriting	4
JOUR 342	Advertising Media and Analysis	4
JOUR 343	Advertising Design and Production	4
MKT 406	Practicum in Advertising and Promotion Design	4

Select one additional course from the following:

MKT 405	Advertising and Promotion Management	4
MKT 425	Direct Response and Internet Marketing	4
MKT 470	Marketing Research	4
Total units		24

### News Media and Society Minor

News media and society is a journalism minor that explores the responsibilities, the influence, the ethics and the diversity of the news media. It explores the myths about news media in the United States and explains what the news media are, how they work, what they do wrong and what they do right, and why they are important to a society whose citizens depend on the free and unfettered flow of information. This minor will help all students in all majors to understand one of the most important and misunderstood forces in American society: the news media.

News media and society benefits every student at the university because it gives students a new appreciation and understanding of the news media that so much influence their lives on a daily basis.

#### REQUIRED COURSE, LOWER DIVISION UNITS

JOUR 201	History of News in Modern America	4
----------	-----------------------------------	---

#### REQUIRED COURSES, UPPER DIVISION UNITS

COMM 371	Censorship and the Law: From the Press to Cyberspace	4
16 upper division journalism units		16
Total units		24

Students are urged to choose their 16 upper division units from these classes:

JOUR 373	The Ethics of Television Journalism	4
JOUR 375	The Image of the Journalist in Popular Culture	4
JOUR 460	Social Responsibility of the News Media	4
JOUR 466	People of Color and the News Media	4
JOUR 467	Gender and the News Media	4

### Minor in Nonprofits, Philanthropy and Volunteerism

This four course minor enables students to learn about the nonprofit sector – its organizations, philanthropy and voluntary action. See complete description in the USC Price School of Public Policy section on page 875.

### Annenberg International Programs

#### *Spring Semester in London (Journalism)*

The semester program offers students the opportunity to study at City University in London. Participants will be close observers of the British media and will have an opportunity for personal and direct comparison between the more structured and governmentally controlled media system of the United Kingdom and the *laissez faire* approach to media regulation in the United States. Students earn 8 USC journalism elective units and 8 social sciences units.

#### *Spring Semester in London (Public Relations)*

In the spring of their junior year, USC Annenberg public relations students spend a spring semester at the University of Westminster in London, one of the leading British institutions for the academic and professional study of public relations and media, culture and society. Students will be integrated into the University of Westminster, and will take courses across the four Westminster campus locations around central London. Students will live in the central London district of Bloomsbury, and will be immersed into the public relations and media hub that is London.

Students earn a total of 16 units at Westminster; up to 8 USC upper division journalism elective units toward their public relations major and 8 general electives units.

#### *Spring Semester in New Zealand (Journalism and Public Relations)*

The semester program offers students the opportunity to study at the Auckland University of Technology in New Zealand, a leading southern hemisphere school of journalism and media studies. Fully integrated into the university and its vibrant urban surroundings with strong connections to the nation's indigenous heritage, the program allows students to earn 8 units that fulfill journalism electives and 8 units of general electives.

#### *International Communication Studies — London, Paris, Prague and Rome*

The International Communication Studies program (ICS) allows undergraduate students to study a range of approaches to public communication media across Europe.

Students divide the five-week course into stays in Los Angeles, London, Paris, Prague and Rome. In addition to regular class meetings, students discuss the interplay of current world issues and international media practices with communication practitioners from international news and public relations media, government institutions, private industry and global organizations.

Students enroll in JOUR 482 Comparative Media in Europe (4 units).

For further information, contact Annenberg International Programs at (213) 821-2180, email [ascintl@usc.edu](mailto:ascintl@usc.edu), or visit [annenberg.usc.edu/international](http://annenberg.usc.edu/international).

### Honor Society

Lambda Pi Eta is a national communication/journalism honor society that is open to declared communication, journalism and public relations majors who have completed (or are currently registered for) at least 60 units, at least 12 of which are in the major. To be eligible, students must have a USC GPA and a major GPA of 3.5 or higher.

### Academic Integrity Policy

Since its founding, the USC School of Journalism has maintained a commitment to the highest standards of ethical conduct and academic excellence. Any student found plagiarizing, fabricating, cheating on examinations, and/or purchasing papers or other assignments faces sanctions ranging from an "F" on the assignment to dismissal from the School of Journalism.

## Graduate Degrees

The School of Journalism offers three Master of Arts degree programs: Journalism, Specialized Journalism and Strategic Public Relations. Students completing the M.A. in Journalism will choose one of five tracks: Long-Form Video, News Video, Audio, Text or Digital. The *Long-Form Video* track is for students interested in video documentary production. The *News Video* track is for students interested in television news and other video news environments including the Web. The *Audio* track is for students interested in radio production, both news and long-form, or any other audio news environments. The *Text* track is for students interested in any form of print or electronic publication including newspapers and magazines, or any other text news environment. The *Digital* track is for students interested in exploring Website production and other interactive technology environments. The Specialized Journalism degree is designed for experienced professionals and recent journalism graduates interested in developing specialized reporting expertise. The Strategic Public Relations degree is designed to train students for management-level public relations and

communication positions in all types of public and private sector organizations.

### Admission Requirements

#### *Prerequisites*

An applicant must have the equivalent of a four-year bachelor's degree from an accredited college or university.

#### *Criteria*

Minimum recommended criteria are a 3.0 GPA for undergraduate work and all graduate work, and valid Graduate Record Examinations (GRE) General Test scores; the GMAT is not accepted in lieu of the GRE. International applicants are required to take the Test of English as a Foreign Language (TOEFL) and should receive a score of at least 114-115 on the Internet-based exam. All completed applications are reviewed by the faculty admission committee even if the applicant's academic quality is below the minimum recommendations. Applicants are strongly encouraged to take the Graduate Record Examinations one month prior to the application deadline. GRE scores are valid for five years and TOEFL is valid for two years.

In addition, applicants are judged on a statement of purpose, résumé, writing sample and three letters of recommendation submitted on their behalf. Professional journalism or public relations experience is not required for the two-year degree program but will be considered. Professional work experience is required for the nine-month degree programs in Specialized Journalism. A professional work bibliography and samples must be uploaded to the online application.

#### *Procedure*

Applicants must complete and submit the online USC Graduate Admission Application. Please refer to the Annenberg graduate application guidelines on the Annenberg Website for details before initiating your application. In addition, international students must submit official TOEFL scores for admission consideration and, after submitting the online graduate admission application, a Confidential Statement for Financing Studies at USC.

Applicants must upload the following materials to the online USC Graduate Admission Application: statement of purpose, writing sample and résumé. Letters of recommendation may be submitted online or mailed to the Annenberg Admissions Office by the applicant's recommenders. GRE and TOEFL scores must be reported electronically from the Educational Testing Service (ETS). The USC institution code is 4852. Unofficial transcripts may be uploaded to the online application; official copies must be mailed to USC Graduate Admission.

The Annenberg School admits new students to the M.A. in Journalism and the M.A. in Strategic Public Relations degree programs for the fall semester only. The online application deadline for admission and departmental scholarship award consideration is January 2. Students usually receive admission notifications by March 31.

New students are admitted to the M.A. in Specialized Journalism and the M.A. in Specialized Journalism (The Arts) for the summer session only. Refer to the graduate application guidelines on the Annenberg Website for application filing dates.

#### Degree Requirements

These degrees are under the jurisdiction of the Graduate School. Refer to the Requirements for Graduation section (page 86) and the Graduate School section of this catalogue (page 97) for general regulations. All course work applied toward a degree must be approved by the School of Journalism and the Graduate School.

#### Master of Arts

Studies toward the Master of Arts in Journalism and the Master of Arts in Strategic Public Relations require 40 units of prescribed courses and approved electives in the student's field of study. Students may take, with prior approval, two of their electives outside the school. No more than 12 units of 400-level course work may be applied toward the Master of Arts in Journalism and the Master of Arts in Strategic Public Relations. Studies toward the Master of Arts in Specialized Journalism require 34 units of prescribed courses and approved electives. No more than 10 units of 400-level course work may be applied toward the Master of Arts in Specialized Journalism. A GPA of 3.0 must be maintained for all work. Students whose grade point averages fall below 3.0 will be placed on academic probation and must improve according to established terms if they are to remain in the school. In the case of courses offered on Credit/No Credit (CR/NC) basis, faculty review of competence will be substituted for grades.

#### Residence

The School of Journalism will accept only 4 units of approved transferred graduate credit. Normally, full-time students in the Master of Arts in Journalism and the Master of Arts in Strategic Public Relations can complete the program in four semesters. The Master of Arts in Specialized Journalism can be completed in a nine-month enrollment cycle that includes the two-week summer session, plus the fall and spring semesters. These programs may be attended on a part-time basis.

#### Foreign Language/Research Tool Requirements

There is no foreign language or research tool requirement for the master's degree.

#### Course Requirements

A master's degree in journalism requires 40 units and a master's degree in strategic public relations requires 40 units. To graduate, students may elect the thesis or comprehensive examination option. Students electing the thesis option are required to enroll in JOUR 594ab (2-2 units). A master's degree in specialized journalism requires 34 units. Specialized journalism students must complete the professional project thesis option and enroll in JOUR 594ab (2-2 units).

#### Grammar, Spelling and Punctuation (GSP)

Journalism and strategic public relations graduate students are required to complete an online tutorial about Grammar, Spelling and Punctuation (GSP). Specialized journalism graduate students are not required to take this online tutorial. Students are strongly advised to complete the tutorial over the summer prior to beginning classes. They are required to complete the tutorial before the end of the fall semester of their first year. Students who fail to complete the GSP tutorial within the stated time frame will not be allowed to progress in the program and will be dismissed from the School of Journalism.

Note: Students with disabilities may register with the Disabilities Services and Programs office (DSP) so the DSP staff can assess the nature of the students' disabilities and recommend the appropriate accommodations to be provided for each student.

#### Thesis/Comprehensive Examination

The thesis option will take one of two forms: (1) a professional project presenting the results of an extensive print, broadcast, public relations or new media project completed by the student; or (2) a research thesis presenting the results of primary research undertaken by the student. In either case, students must establish a guidance committee of three faculty members. The committee must be chaired by a faculty member from the School of Journalism and must include

one full-time USC faculty member from outside the School of Journalism, either from the School of Communication or another unit on the USC campus. Students must secure approval of the professional project or thesis prior to enrollment in JOUR 594a. Students who elect the thesis option are required to enroll in JOUR 594ab (2-2 units), normally during their second year of study. The 4 units will count toward the approved elective units. Specialized journalism students normally enroll in JOUR 594ab (2-2 units) in their single year of study.

The comprehensive examination option allows students to complete the degree by passing a comprehensive examination in their last semester of course work. The comprehensive examination option is not available to students in the specialized journalism degree program.

#### Multimedia Journalism Curriculum

Students enrolled in the Master of Arts in Journalism are required to take 12 units of multimedia journalism courses (JOUR 506, JOUR 507, JOUR 509, JOUR 514, JOUR 516 and JOUR 518) in their first year. These courses provide intensive preparation considered necessary for graduate studies in journalism at USC.

In the 21st century, it is imperative that all journalists understand the basic techniques of writing, reporting and production for text, video, audio and digital media. Upon graduation, students will be routinely expected to function in all news media whether it be in traditional media such as television, radio, newspapers and magazines, or whether it be in new media such as electronic publications, Websites and new video and audio environments. The 12-unit multimedia journalism curriculum ensures that every student has a background in all media before completing the more advanced courses in the 40-unit Master of Arts in Journalism. The six multimedia journalism courses are:

*JOUR 506 Multimedia Journalism I: Text* enables students to learn the basics of news-writing and news judgment for text including newspapers, magazines and other publications as well as electronic and new media environments. Students also learn the fundamentals of journalism ethics, how to cover a diverse society, how to pitch stories and how to blog as well as Web aggregation and search optimization skills.

*JOUR 507 Multimedia Journalism I: Video and Audio* enables students to learn the basics of video journalism for broadcast and the Web. Students learn how to write for the ear and the eye. They learn the techniques of news-writing; shooting and incorporating video with audio into television and Web news reports; and the basics of videography and video editing.

*JOUR 509 Multimedia Journalism I: Digital* enables students to learn the basics of multimedia literacy including still photography, video and audio. Students learn contemporary digital storytelling as well as the legal, ethical and business implications of digital media and journalism.

*JOUR 514 Multimedia Journalism II: Text* enables students to refine the skills they learned in JOUR 506, reporting and writing daily news and feature stories on deadline for text. They learn beat reporting and interview skills, sourcing, research, fact checking and Web aggregation as well as developing more news blogging and search optimization skills.

*JOUR 516 Multimedia Journalism II: Video and Audio* enables students to refine the skills they learned in JOUR 507, reporting and writing for television, radio and the Internet. They learn how to pitch stories, how to shoot, write and produce video and audio news packages; and how to incorporate standups and creative visual storytelling techniques.

*JOUR 518 Multimedia Journalism II: Digital* enables students to create online story packages with multiple elements including text, visuals, audio, interactivity and navigation. They also learn online ethics and basics of copyright law, design, typography, color and photo usage.

### Master of Arts in Journalism

COURSE REQUIREMENTS (40 UNITS)		UNITS
JOUR 505	Journalism: Past, Present and Future	3
JOUR 506	Multimedia Journalism I: Text	2
JOUR 507	Multimedia Journalism I: Video and Audio	2
JOUR 509	Multimedia Journalism I: Digital	2
JOUR 514	Multimedia Journalism II: Text	2
JOUR 516	Multimedia Journalism II: Video and Audio	2
JOUR 518	Multimedia Journalism II: Digital	2
JOUR 560	Seminar in Mass Communication Law	3

In addition, students must select one of the following tracks and complete the requirements for that track:

#### Long-Form Video:

JOUR 521	Documentary Pre-Production	3
JOUR 522	Video Documentary Production	3
Plus 16 approved elective units.*		

#### News Video:

JOUR 524	Advanced Broadcast Reporting	3
Plus 19 approved elective units.*		

#### Audio:

JOUR 523	Public Radio Reporting	3
Plus 19 approved elective units.*		

#### Text:

One course from:

JOUR 512	Advanced Interpretive Writing	3
JOUR 517	Advanced Investigative Reporting	3
JOUR 519	Advanced Magazine Writing	3
JOUR 584	Specialized Reporting: Education, Youth and Learning	3
JOUR 585	Specialized Reporting: Religion	3
JOUR 586	Specialized Reporting: Science	3
JOUR 588	Specialized Reporting: Urban Ecology	3
JOUR 589	Specialized Reporting: The Changing U.S. Population	3
Plus 19 approved elective units.*		

#### Digital:

JOUR 551	Intermediate Online Publishing	3
JOUR 555	Multimedia and Graphics in Online Publishing	3
Plus 16 approved elective units.*		

\*Students electing the thesis option are required to enroll in JOUR 594ab (2-2 units), which count toward elective units.

### Master of Arts in Strategic Public Relations

COURSE REQUIREMENTS (40 UNITS)		UNITS
JOUR 504	Public Relations Research and Evaluation	3
JOUR 508	Introduction to Strategic Public Relations	3
JOUR 510	Legal, Ethical and Social Foundations of Public Relations	3
JOUR 535	Specialized Writing for Public Relations	3

JOUR 568	Critical Thinking and Crisis Management	3
GSBA 520	Business Fundamentals for Non-Business Professionals	3
Plus 22 units of approved elective courses*		

\*Students electing the thesis option are required to enroll in JOUR 594ab (2-2 units) and must complete 18 units of approved elective courses. Students electing the comprehensive examination option must complete 22 units of approved elective courses.

### Master of Arts in Specialized Journalism

COURSE REQUIREMENTS (34 UNITS)		UNITS
JOUR 580	Introduction to Specialized Journalism	2
JOUR 581	Specialized Journalism: Research Methods	3
JOUR 582	Specialized Journalism: Reporting Decisions	3
JOUR 594ab	Master's Thesis	2-2
One course from:		
JOUR 584	Specialized Reporting: Education, Youth and Learning	3
JOUR 585	Specialized Reporting: Religion	3
JOUR 586	Specialized Reporting: Science	3
JOUR 588	Specialized Reporting: Urban Ecology	3
JOUR 589	Specialized Reporting: The Changing U.S. Population	3
Plus 19 units of approved elective courses 19*		

\*One elective course must be taken from an Annenberg School program in JOUR, COMM, CMGT or PUBD.

The Master of Arts in Specialized Journalism is a program focusing on experienced professionals who are choosing to specialize in a field of journalism that requires advanced reporting skills and subject matter expertise. The program is also open to recent journalism school graduates with records of excellence in their university classes and internships and to other outstanding applicants with demonstrated aptitude and expertise in journalism.

Students must begin the program in early August, enrolling in a required 2-unit, intensive summer session course focused on journalism and society and on new media. In addition to the formal classes, the course includes multimedia skills workshops as integral parts. This gateway course provides the master's students with a working knowledge of the specialized journalism background and the multimedia storytelling skills necessary

for study in the program. It sets the stage for two semesters of access to courses as substantively broad as a major research university such as USC makes available and for advanced courses in the School of Journalism's graduate program.

In the fall semester, students will enroll in two courses in the School of Journalism, including a research methods course for journalists and typically a specialized reporting course. With the advice of their faculty mentors, students will select elective course work totaling 8 units appropriate to their fields of specialization. These courses will be drawn from regular graduate and 400 level courses taught across the university and will require approval of the faculty mentor in the School of Journalism. Students also will begin research for their master's professional project. These projects will be extended works of journalism, such as a full-length magazine article, similar radio, television or multimedia treatments or the equivalent in their professional field.

In the spring semester, students will enroll in a journalism seminar focused on the reporting and analysis of decision making and typically an approved elective in the Annenberg School. Students will also enroll in elective course work totaling 8 units, chosen again from offerings across the university and in consultation with their faculty mentors. Finally, students will complete their master's professional project.

The nine-month program has been designed for a summer session, fall and spring semester enrollment cycle; however, students may also elect to complete the program on a part-time basis.

### Master of Arts in Specialized Journalism (The Arts)

COURSE REQUIREMENTS (34 UNITS)		UNITS
JOUR 580	Introduction to Specialized Journalism	2
JOUR 582	Specialized Journalism: Reporting Decisions	3
JOUR 591	Arts Writing Practicum	3
JOUR 592	Specialized Journalism: Reporting the Arts	3
JOUR 593	Arts Criticism and Commentary	3
JOUR 594ab	Master's Thesis	2-2
	Approved elective courses*	16

\* The elective course work must be taken from faculty-recommended lists in at least two arts schools, with at least 8 units from one school. The arts schools are Architecture, Cinematic Arts, Fine Arts, Music and Theatre.

The Master of Arts in Specialized Journalism (The Arts) is a program for journalists as well as recent graduates holding bachelor's degrees in journalism or one of the arts or experienced practitioners with a background in the arts who seek to specialize in coverage of the arts and culture. Students will complete 18 units of specialized journalism course work, including a master's professional project, taken within USC Annenberg's School of Journalism and 16 units of approved elective course work from faculty-recommended lists in at least two arts schools with at least 8 units from one school. The arts schools are Architecture, Cinematic Arts, Fine Arts, Music and Theatre.

Students must begin the program in early August, enrolling in a required 2-unit intensive two-week summer session course focused on journalism and society and on new media. In addition to the formal classes, the course includes discussions and workshops as integral parts. This gateway course provides master's students with a working knowledge of the specialized journalism background and the multimedia storytelling skills necessary for study in the program. It sets the stage for two semesters of access to courses as substantively broad as a major research university such as USC makes available.

In the fall semester, students will enroll in an arts writing practicum and an arts reporting seminar. With the advice of their faculty mentors, students will select elective course work totaling 8 units appropriate to their fields of specialization. These courses will be drawn from regular graduate and 400-level courses taught across the arts schools and will require approval of a three-member committee composed of the faculty mentor in the School of Journalism, another member of the journalism faculty and a faculty member from the relevant discipline. Students also will begin research for their master's professional project. These projects may be full-length magazine (print or broadcast) treatments of issues in their field or similar professional work.

In the spring semester, students will enroll in a journalism course focused on the reporting and analysis of decision-making and an arts criticism and commentary course. Students will enroll in elective course work totaling 8 units, chosen again from offerings across the arts schools and in consultation with the mentors and approved by a three-member committee. Finally, students will complete their master's professional project.

The nine-month program has been designed for a summer session, fall and spring semester enrollment cycle; however, students also may elect to complete the program on a part-time basis with the approval of the director of the School of Journalism.

### Annenberg International Programs *Graduate Journalism Internships — China (Hong Kong or Shanghai), South Africa or United Kingdom*

Journalism master's degree students may spend eight weeks at internships in Cape Town, Hong Kong, London or Shanghai during the summer after their first year of graduate study at USC. Students apply to Annenberg International Programs in the fall semester of their first year. From mid-May to mid-July, they then enroll in JOUR 540 International Journalism Seminar I and JOUR 545 International Internships in the Media while working full-time at internships with prominent media organizations.

For more information, contact Annenberg International Programs at (213) 821-2180 or [ascintl@usc.edu](mailto:ascintl@usc.edu).

### *Graduate Strategic Public Relations Internships — China (Hong Kong or Shanghai), South Africa or United Kingdom*

Strategic Public Relations master's degree students may spend eight weeks at internships in Cape Town, Hong Kong, London or Shanghai during the summer after their first year of graduate study at USC. Students apply in the fall semester of their first year. From mid-May to mid-July, they then enroll in JOUR 540 International Journalism Seminar I and JOUR 545 International Internships in the Media while working full-time at internships with prominent public relations organizations.

For more information, contact Annenberg International Programs at (213) 821-2180, go to [annenberg.usc.edu/international](http://annenberg.usc.edu/international), or email [ascintl@usc.edu](mailto:ascintl@usc.edu).

### Academic Integrity Policy

Since its founding, the USC School of Journalism has maintained a commitment to the highest standards of ethical conduct and academic excellence. Any student found plagiarizing, fabricating, cheating on examinations and/or purchasing papers or other assignments faces sanctions ranging from an "F" on the assignment to dismissal from the School of Journalism.

## Courses of Instruction

### JOURNALISM (JOUR)

The terms indicated are expected but are not *guaranteed*. For the courses offered during any given term, consult the *Schedule of Classes*.

**JOUR 090x Internships in the Media (1, max 8, FaSpSm)** Intensive experience in the news and other media. Minimum time requirement; enables students to acquire skills and knowledge that cannot be gained in the classroom. Graded CR/NC. Open to journalism majors only. Not available for degree credit.

**JOUR 190 Introduction to Journalism (2, Fa)** Survey of all media and outlets including print, broadcasting, public relations and online journalism, plus analysis of what it means to be a professional journalist.

**JOUR 201 History of News in Modern America (4, FaSp)** Understanding news today. A survey of how news is gathered, weighed, and disseminated and how historical events have shaped news in the 20th century.

**JOUR 202 Newswriting: Print (3, Fa)** Introduction to basic skills of print newswriting, news judgment, construction of print news stories. Social responsibility and ethical framework for print journalists. Typing ability required. *Concurrent enrollment:* JOUR 203.

**JOUR 203 Newswriting: Broadcast (3, Fa)** Introduction to broadcast newswriting with emphasis on the ear and eye. News judgment. Social responsibility and ethical framework for broadcast journalists. Typing ability required. *Concurrent enrollment:* JOUR 202.

**JOUR 204 Newswriting: Online (2)** Introduction to online newswriting with emphasis on context and relationship of topics to the story. Social responsibility and ethical framework for online journalists. Typing ability required.

**JOUR 209 Effective Writing for Strategic Public Relations (4, FaSp)** Focus on the unique writing requirements of social, online, broadcast, print and other media in public relations/strategic communication; emphasis on judgment, context and audience understanding.

**JOUR 210x Basics of Broadcast Newsroom Production for Non-Majors Only (2, FaSp)** Introduction to broadcast newsroom production; preparation and treatment of form and content; procedures, problems, ethics, and practice in planning and producing a nightly newscast. Open to non-journalism majors only. Not available for degree credit to journalism majors. Graded CR/NC.

**JOUR 302 Reporting: Print (3, Sp)** Introduction to basic reporting techniques, public records reporting and beginning investigative journalism. Social responsibility and ethical framework for print journalists. *Prerequisite:* JOUR 202, JOUR 203; *concurrent enrollment:* JOUR 303.

**JOUR 303 Reporting: Broadcast (3, Sp)** Introduction to field reporting, audio and visual media. Social responsibility and ethical framework for broadcast journalists. *Prerequisite:* JOUR 202, JOUR 203; *concurrent enrollment:* JOUR 302.

**JOUR 304 Reporting: Online (2)** Introduction to computer assisted reporting, precision reporting including statistics. Social responsibility and ethical framework for online journalists. *Prerequisite:* JOUR 202, JOUR 203, JOUR 204.

**JOUR 306 Production: Broadcast (3, Fa)** Studio and field production for audio and visual media. Social responsibility and ethical framework involving broadcast non-fiction production. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 308 Newspaper Editing and Design (3, Fa)** Copyediting and newspaper production layout. Headline and caption writing. Design. Social responsibility and ethical framework involving print production. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 309 Introduction to Online Media (3, FaSp)** Convergence journalism and online skill sets. Blogs and Web content production. Social responsibility and ethical framework in digital information technology. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 310 Investigative Reporting (4, FaSp)** Reportorial and analytical skills and techniques required for portraying and evaluating contemporary newsworthy events; lectures, discussions. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 330 Photojournalism (4, FaSp)** Emphasis on fundamental skills necessary for photojournalism including camera techniques, story ideas and digital darkroom.

**JOUR 340 Introduction to Advertising (4, FaSp)** History and development of advertising; basic advertising campaigns showing relationships of marketing, creative, print and electronic media.

**JOUR 341 Advertising Copywriting (4, Fa)** Writing and editing for advertising and commercial copy for all media. *Prerequisite:* JOUR 340.

**JOUR 342 Advertising Media and Analysis (4, Fa)** Selling, planning, buying for the media; advertising's relationship to society and business; media choice. *Prerequisite:* JOUR 340.

**JOUR 343 Advertising Design and Production (4, Sp)** Production of advertising materials; emphasis on the creation and design of advertising elements. *Prerequisite:* JOUR 340.

**JOUR 350 Strategic Public Relations: An Introduction (4, FaSp)** Strategies and practices in the growing field of public relations/strategic communication, including landmark cases; special emphasis on historical roots, evolution, current and future practice.

**JOUR 351ab Strategic Public Relations Media and Content (4-4, FaSp)** *a:* Introduction to media relations, social media and influencer engagement; intensive writing and creating multimedia content for traditional, emerging and social media. *Prerequisite:* JOUR 350. *b:* Advanced course in writing, digital content and multimedia creation; production of communications collateral for social and owned media channels targeting an array of audiences.

**JOUR 353 Theoretical Foundations of Strategic Public Relations (4, Sp)** Emphasis on conceptual, intellectual and analytical skills; knowledge of applied theory for the changing field of public relations/strategic communication. *Prerequisite:* JOUR 350.

**JOUR 371 Censorship and the Law: From the Press to Cyberspace (4)** (Enroll in COMM 371)

**JOUR 373 The Ethics of Television Journalism (4, Sp)** Ethical questions in television journalism; the application of these moral dilemmas to prepare students for dealing with similar issues in their lives.

**JOUR 375 The Image of the Journalist in Popular Culture (4)** The impact of conflicting images of reporters in movies and television on the American public's perception of news-gatherers in the 20th century. A decade-by-decade evaluation.

**JOUR 380 Sports, Business and Media in Today's Society (4, FaSp)** An inside look at the symbiotic relationship of sports and the media — from the interdependence of sports and media, to the coverage of sports in newspapers, magazines, radio and television. The economic and ethical issues involved, the conflicts of interest, the history and current status of sports coverage in American media today.

**JOUR 381 Entertainment, Business and Media in Today's Society (4, FaSp)** An examination of the symbiotic relationship of the entertainment business and the media; press coverage of the entertainment industry; Hollywood's relationship with news media.

**JOUR 390 Special Problems (1-4, Irregular)** Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.

**JOUR 400 Interpretive Writing (4)** Weekly assignments in the shorter forms of newspaper and magazine writing: essays, reviews, editorials, opinion-page articles, profiles; analyses of major 20th century journalists. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 402 Advanced Television Reporting (4, FaSp)** Role of the broadcast journalism reporter; similarities and differences between print and electronic media; application of audio-video equipment; analysis and practical experience. *Prerequisite:* JOUR 306.

**JOUR 403 Television News Production (4, FaSp)** Production of television news programs; preparation and treatment of form and content; procedures, problems, and practice in planning and producing broadcast news materials. *Prerequisite:* JOUR 306.

**JOUR 405 Non-Fiction Television (4, FaSp)** Presentation and selection in non-fiction television programs including documentaries, electronic magazines and news series; ethical problems, field research, reporting, interviewing, pre-production. *Prerequisite:* JOUR 306.

**JOUR 406 Advanced Broadcasting Production (2)** Advanced analysis, methods, and techniques of radio and television production; preparation and treatment of complex form and content; procedures, problem-solving, and practice. *Prerequisite:* JOUR 402.

**JOUR 407 Newsradio (4)** Production of radio news: research, reporting, writing, preparation and treatment of form and content: procedures, problems and practice in producing radio news programs.

**JOUR 409 Radio News Production (4, Sp)** Reporting for public radio news: writing newsgathering, editing, vocal delivery. Study of standards, content and ethics. *Prerequisite:* JOUR 202, JOUR 203.

**JOUR 410 Radio Documentary (4)** In-depth reporting for public radio news: writing, editing, advanced vocal delivery. Production of long-form radio features and short documentaries. *Prerequisite:* JOUR 409.

**JOUR 412 Introduction to Online Publishing (4)** Introduction to the methods, theory and production of news publishing on the World Wide Web including basic HTML, graphics production and news design.

**JOUR 413 Introduction to Online Journalism (4)** An introduction to the methods and theory of news publishing on the World Wide Web, with an emphasis on journalism skills and techniques. (Duplicates credit in JOUR 412.) *Prerequisite:* ITP 101x or ITP 105x.

**JOUR 420 Advanced Photojournalism (4)** Emphasis on advanced photojournalism techniques for complex photo storytelling; focus on style, content, design, expression and ethics. *Prerequisite:* JOUR 330.

**JOUR 421 Photo Editing for News Media (4)** Emphasis on understanding, selection and power of photographs; how they work in concert with words and graphics to inform the public.

**JOUR 422 Visual Journalism (4)** Emphasis on photographic storytelling in print, video and Web-based media; understanding of visual thinking and imagery techniques.

**JOUR 425 Advanced Radio News Production (4)** Production of public radio news: producing real-time newscasts for Annenberg Radio News. Newsgathering, assigning stories, anchoring, interviewing, working with reporters, editing and producing live programming. *Prerequisite:* JOUR 409.

**JOUR 428 Social, Legal and Ethical Foundations of Public Relations (4, FaSp)** Covers the complex intersection of legal standards and regulations, ethical practices and decision making, and social responsibilities for public relations/strategic communication practitioners. *Prerequisite:* JOUR 350.

**JOUR 429 Business and Economic Foundations of Public Relations (4, FaSp)** Relationship between public relations/strategic communication and other organizational disciplines; understanding business goals and objectives; economic literacy; financial/investor relations; how PR/communication agencies are built and managed. *Prerequisite:* JOUR 350.

**JOUR 430 Writing the Film Review (4, Sp)** Techniques of writing the film review; preparation and treatment of form and content; problems, responsibilities and ethics of film reviewing. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 431 Feature Writing (4, FaSp)** Techniques of writing newspaper feature stories, including the profile, the light feature, the news feature, the in-depth story; the art of narrative writing. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 432 Sports Commentary (4, Fa)** Techniques of reporting and writing sports columns and commentary for print, video, radio and Web-based media.

**JOUR 433 Writing About Science (4, Sp)** Techniques of writing about science, including news, profiles, features and commentary.

**JOUR 435 Writing Magazine Non-Fiction (4, FaSp)** A seminar in "how to" interview, research, write – and place – professional quality articles for a full range of magazines/newspapers including women's, sports, ethnic, local and national. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 436 Magazine Production (4)** Publishing and production technologies; economics of magazine publishing including cost analysis, marketing, advertising, and circulation. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 438 Editing Magazine Non-Fiction (4)** Editing magazine non-fiction; defining audiences; editorial functions from assigning stories to creating page layouts. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 440 Environmental Journalism (4, Sp)** Techniques of reporting and writing about the environment. Includes both theory and practice needed for reporters specializing in this area of journalism. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 441 Sports Reporting (2, Sp)** News and feature coverage of sporting events, including social and economic factors influencing sports in America. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 442 Advanced Reporting in Spanish (4)** Coverage of news trends and events in Spanish, including spot news, profiles, features, essays, backgrounders, and analysis of media. Conducted in Spanish. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 443 Business Reporting (2)** Techniques of reporting and writing about business, economics and finance. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 444 Reporting on Religion (4)**

Provides print, online and broadcast journalists with basic tools for reporting on the religion angle of news stories. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 446 Entertainment Reporting (2, Sp)**

Techniques of reporting and writing about the entertainment business, economics and finances. Analysis of the skills and background needed for reporters specializing in this area of the news. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 447 Arts Reporting (2, Sp)** Techniques of reporting and writing about the arts, including television, film, theatre, music, graphic arts, architecture and design. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 448 Government and Public Affairs Reporting (4, Fa)**

Techniques for covering beats that are the foundation of daily newspaper reporting, including crime, education, immigration and local government. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 449 Reporting Los Angeles (2)**

Specialized reporting class focused on Los Angeles that requires intensive fieldwork in the neighborhoods, ethnic communities and among local institutions such as City Council, hospitals, police departments, social work agencies, etc. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 450 Advanced Strategic Public Relations (4, FaSp)**

In-depth study of methods for planning, managing and evaluating strategic communication campaigns; critical analysis of contemporary cases; development of campaigns for real world clients. *Prerequisite:* JOUR 351b, JOUR 353, JOUR 463.

**JOUR 451 Promotional Public Relations (4, Sp)**

Principles and practices of public relations as a basic component in the promotion and marketing of goods and services; regulatory considerations; consumerism. *Prerequisite:* JOUR 350.

**JOUR 452 Public Relations in Entertainment (4, Sp)**

Public relations in the design, promotion, and presentation of popular entertainment, including films, broadcasting, music, expositions, amusement parks, resorts and arenas.

**JOUR 454 Sports Public Relations (2, FaSp)**

Introduction to the field of sports information and promotion, including lectures, media assignments, role-playing, and presentations by sports professionals. Junior standing.

**JOUR 455 Public Relations for Non-Profit Organizations (4, Sp)**

Introduction to the specialized field of public relations for non-profit and non-governmental organizations; emphasis on case studies, strategic and critical thinking, and campaign development. *Prerequisite:* JOUR 350.

**JOUR 456 Public Relations for Diverse Audiences (4)**

Researching, planning, executing and evaluating communications campaigns aimed at audiences segmented by culture, lifestyle and other factors. *Prerequisite:* JOUR 350.

**JOUR 457 The Role of Celebrity in Public Relations (4)**

Understanding of the history and application of celebrity in public relations, focusing on the entertainment industry and the notoriety attached to politics and the media.

**JOUR 458 Public Relations in Politics and Political Campaigns (4, Fa)**

Application of public relations principles to the context of political campaigns; emphasis on message development and delivery; relationship between candidate, news media, and electorate.

**JOUR 459 Fact and Fiction: From Journalism to the Docudrama (4)**

Historical, legal and ethical limitations to the misrepresentation of fact. Includes print and broadcast journalism, books, theatre, cinema and new technology.

**JOUR 460 Social Responsibility of the News Media (4, Sp)**

News media as instruments of constructive social change; standards of ethics and aesthetics; interactions between news media and cultural settings; social responsibility of news media personnel.

**JOUR 461 Literature of Journalism (4)**

Survey of journalistic careers and times; the influence of editing and reporting on such American writers as Whitman, Twain, Cather, Crane, Runyon, Lardner, and Hemingway.

**JOUR 462 Law of Mass Communication (4, FaSp)**

Press law; government controls on the news media; legal responsibilities of the journalist.

**JOUR 463 Strategic Public Relations Research, Analysis and Insights (4, FaSp)**

Identification of key strategic insights that drive successful communication campaigns, based on research techniques including surveys, content evaluation and social media monitoring.

**JOUR 465m Latino News Media in the United States (4, Fa)**

History and growing importance of Latino print and broadcast news media in covering immigration, discrimination, culture, social differences and other aspects of U.S. Latino life.

**JOUR 466m People of Color and the News Media (4, Sp)**

Reporting and portrayal of people of color in the United States; impact of racial diversity on media, employment and access, and development of media for individuals and communities of color. Open to non-majors.

**JOUR 467 Gender and the News Media (4)**

Gender and news media evolving images of women and men in print and electronic media. Impact of gender in content and style of news, television and cinema. Open to non-majors.

**JOUR 468m The American Press and Issues of Sexual Diversity (4, Fa)**

Examines how news media reflect and affect perception of gay/lesbian issues; provides historical-contemporary context; arms students to bypass rhetoric and knowledgeably evaluate facts.

**JOUR 469 Money, Markets and Media (4, Sp)**

Practical approach to understanding and writing about economic concepts through current events, case studies and historical examples.

**JOUR 470 Community Journalism (2, FaSp)**

Analyses of ethnic and community issues in community journalism. Students work with local youth to write, edit and design school newspapers and other media. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 474 Interviewing and Profile Writing (2, Sp)**

Techniques of, and intensive application in researching and writing interviews and profiles for newspapers and magazines. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 475 Publications Design and Technology (4, FaSp)**

Art, typography, and other graphic elements in publication design; traditional, contemporary, and advanced production methods, processes, and equipment; representative examples; practice in design.

**JOUR 476 Reporting Urban Affairs (4, Sp)**

Examination of U.S. urban issues with an eye toward history for context; study of emerging 21st century solutions for urban communities. *Prerequisite:* JOUR 302, JOUR 303.

**JOUR 477 Web Analytics for News and Nonprofit Organizations (2, FaSp)** Introduction to using Web traffic and other audience behavior data to manage Websites and social media for news and nonprofit organizations.

**JOUR 482 Comparative Media in Europe (4, 5m)** Examines print, broadcast and public relations media and their interactive roles in multi-national and supra-national settings at sites in both Western and Eastern Europe.  
*Recommended preparation:* JOUR 350.

**JOUR 483 Negotiating and Reporting Global Change (4)** Examines 12 recent history-shaping decisions, negotiations and outcomes; considers how these decisions were reached, reported, positioned publicly and interpreted in retrospect.

**JOUR 484 American Religion, Foreign Policy and the News Media (4, Sp)** Exploration of the influence of American religion on foreign policy from Colonial Era to present; how the news media, reporting on international stories, shapes public opinion.

**JOUR 485 Multimedia PR Content: Digital/Social Media Lab (2, Fa)** Hands-on lab; Web and new social distribution platforms; development and management of online content and personal brands; social media trends and applications.

**JOUR 486 Multimedia PR Content: Introduction to Digital Design Tools (2, Sp)** Hands-on lab; producing multimedia content; basic principles of design; tools and techniques to create digital images and layouts.

**JOUR 487 Multimedia PR Content: Introduction to Audio/Video Tools (2, Fa)** Hands-on lab; audio/video tools for conceiving, shooting, editing, delivering and archiving compelling stories for online audiences; personal brand building; digital storytelling trends and applications.

**JOUR 490x Directed Research (2-8, max 8, FaSpSm)** Individual research and readings. Not available for graduate credit.

**JOUR 498 Honors Seminar (2, Sp)** Intensive study of a subject of contemporary relevance or of professional importance to journalists.  
*Prerequisite:* admission to Honors Program.

**JOUR 499 Special Topics (2-4, max 8, FaSpSm)** Selected topics in journalism.

**JOUR 500 Media and Society (3, Fa)** Analysis of major theories on the role of communication media and society with special emphasis on the role and responsibility of the news media.

**JOUR 504 Public Relations Research and Evaluation (3, Fa)** Covers the use of primary psychographic and demographic research, pre- and post-campaign testing, and other highly quantifiable research techniques in program development and evaluation.

**JOUR 505 Journalism: Past, Present and Future (3, Fa)** Analyzes history of journalism as the key to understanding its future. Examines critical and ethical questions of who makes news, who covers it and why.

**JOUR 506 Multimedia Journalism I: Text (2, Fa)** Basics of newswriting and news judgment for text. Fundamentals of journalism ethics, covering a diverse society, pitching stories, blogging and Web aggregation.  
*Concurrent enrollment:* JOUR 507, JOUR 509.

**JOUR 507 Multimedia Journalism I: Video and Audio (2, Fa)** Basics of video journalism for broadcast and the Web. Newswriting, shooting and editing images and audio into television and Web news reports. Videography and editing.  
*Concurrent enrollment:* JOUR 506, JOUR 509.

**JOUR 508 Introduction to Strategic Public Relations (3, Fa)** A survey of the profession, focusing on the key role of strategic public relations in today's information-based society; provides a social, economic and political context for the program.

**JOUR 509 Multimedia Journalism I: Digital (2, Fa)** Basics of multimedia literacy including still photography, video and audio. Contemporary digital storytelling. Legal, ethical and business implications of digital media and journalism.  
*Concurrent enrollment:* JOUR 506, JOUR 507.

**JOUR 510 Legal, Ethical and Social Foundations of Public Relations (3, Sp)** Explores the origins, effects of, and processes for adhering to the complex network of legal, ethical and social responsibilities of the contemporary PR practitioner.

**JOUR 512 Advanced Interpretive Writing (3, Sp)** Analysis and writing of editorials, essays, Op-Ed page articles, profiles, and other shorter forms of journalism, combined with study of historic practitioners of those forms.

**JOUR 513 Advanced Newswriting and Reporting (3)** Reportorial and analytical skills and techniques required in searching out and evaluating newsworthy events. Research and publication of stories.

**JOUR 514 Multimedia Journalism II: Text (2, Sp)** Reporting and writing daily news and feature stories on deadline for text. Beat reporting, interviewing, sourcing, research, fact checking, Web aggregation, blogging, search optimization skills.  
*Prerequisite:* JOUR 506; *concurrent enrollment:* JOUR 516, JOUR 518.

**JOUR 516 Multimedia Journalism II: Video and Audio (2, Sp)** Reporting and writing for television, radio and Internet. Pitch, shoot, write, and produce video and audio news packages, incorporating standups and creative visual storytelling techniques.  
*Prerequisite:* JOUR 507; *concurrent enrollment:* JOUR 514, JOUR 518.

**JOUR 517 Advanced Investigative Reporting (3, Fa)** Advanced reportorial and analytical skills and techniques required for evaluating newsworthy events. Group research and publication of stories on important current topics.

**JOUR 518 Multimedia Journalism II: Digital (2, Sp)** Online story packages with multiple elements including text, visuals, audio, interactivity and navigation. Online ethics and basics of copyright law, design, typography, color, photo usage.  
*Prerequisite:* JOUR 509; *concurrent enrollment:* JOUR 514, JOUR 516.

**JOUR 519 Advanced Magazine Writing (3, Fa)** Reporting and preparation of articles for publication; analysis of magazine non-fiction markets; research and writing, techniques, and analysis of magazine markets.

**JOUR 520 Advanced Broadcast Newswriting (3)** Writing for broadcast, preparation and presentation. Responsibility and ethics of broadcast newswriting. Form and content of broadcast news presentation. Similarities and differences between media.

**JOUR 521 Documentary Pre-Production (3, Sp)** Pre-production of video documentary including selection of topic, diversity, ethical and legal problems, research and reporting techniques, interviewing, writing, balanced presentation, visual and audio literacy.

**JOUR 522 Video Documentary Production (3, Fa)** Production of video documentary including research and reporting techniques, writing, interviewing, fieldwork, editing, legal issues, economics, aesthetics, balanced presentation, ethics, diversity and production problems.

**JOUR 523 Public Radio Reporting (3, Fa)** Reporting for public radio-style news: writing, newsgathering, editing, vocal delivery. Techniques applicable for broadcast or Web audio stories.

**JOUR 524 Advanced Broadcast Reporting (3, Fa)** Reporting and writing broadcast news; analysis and practical experience; role of the broadcast journalism reporter; similarities and differences between media; application of audio-visual equipment.

**JOUR 525 Public Radio Documentary (3, Sp)** Advanced production techniques for public radio-style reports: writing, sound, editing, narrative voice. Techniques applicable for broadcast features or Web audio documentaries. *Prerequisite:* JOUR 523.

**JOUR 526 Advanced Broadcast News Production (3)** Production of television news programs; preparation and treatment of form and content; procedures, problems and practice in planning and producing broadcast news materials.

**JOUR 529 International Journalism and Public Relations Seminar (2)** Preparatory course for Annenberg's summer international internships programs. Introduction to the history, politics, culture and media landscape of the internship country.

**JOUR 530 Strategic Public Relations Management (3, Sp)** An analytical, case study-based approach to strategic campaign planning, management and execution, with heavy emphasis on problem solving and the role of research.

**JOUR 532 International Public Relations (3)** Public information policies and practices of national and supranational government units and national and multinational corporations involved in international relations.

**JOUR 534 Case Studies in Public Relations (3, Sp)** Analysis of landmark and contemporary public relations cases; evaluation of current literature, programs, and professional personnel; identification of emerging issues.

**JOUR 535 Specialized Writing for Public Relations (3, Fa)** Intensive focus on the specialized writing requirements of online, broadcast, print and other public relations media; includes content analysis of strategic public relations materials.

**JOUR 536 Digital, Social and Mass Media Public Relations Strategies (3, FaSp)** Analysis of shifting media environment; development and execution of multi-platform campaigns based on organizational goals and audience characteristics.

**JOUR 538 Advanced Entertainment Public Relations (3, Sp)** In-depth study of the creation and protection of reputations for entertainment properties of all types and the characteristics that distinguish it from other disciplines.

**JOUR 540 International Journalism Seminar I (3)** Historical perspective of foreign correspondence; examination of the working conditions, problems and consequences of reporting from abroad.

**JOUR 542 Foreign Reporting (3)** News stories analyzed, researched, and critiqued for validity and background; projects to include editorials, news stories, magazine articles or broadcast reports.

**JOUR 543 Field Study (3)** Study of contemporary institutions in selected regions of the world. Graded CR/NC.

**JOUR 545 International Internships in the Media (1, Sm)** Intensive field experience at international news media and public relations organizations. Graded CR/NC.

**JOUR 550 Introduction to Online Publishing (3)** Methods, theory and publishing of online news; HTML skills, graphics production and design theory.

**JOUR 551 Intermediate Online Publishing (3, Fa)** Advanced concepts in online publishing; focus on databases, editing, scripting and authoring applications for news Websites.

**JOUR 555 Multimedia and Graphics in Online Publishing (3, Sp)** Focuses on the process of creating multimedia, images and graphics for news storytelling on the Web; integration of interactive content, animation and video. *Prerequisite:* JOUR 551.

**JOUR 556 Online Journalism Seminar (3, Sp)** Writing and reporting for the Internet and other technology platforms; computer-assisted reporting; multimedia storytelling. *Prerequisite:* JOUR 551.

**JOUR 560 Seminar in Mass Communication Law (3, FaSpSm)** Analysis of major elements of mass communication law, legal issues in contemporary mass communication, and the impact of legal trends on professional journalists.

**JOUR 563 Promotional and Product Public Relations (3, Sp)** Planning, managing and evaluating integrated communications campaigns utilizing public relations strategies in concert with advertising and other marketing disciplines; emphasis on research, case studies and campaign development.

**JOUR 565 Corporate Public Relations and Reputation (3, Fa)** Planning, managing and evaluating strategic public relations campaigns that achieve corporate business goals by effectively communicating with key constituencies and managing organizational reputation.

**JOUR 566 Public Relations for Multicultural and Niche Audiences (2)** Developing, managing and evaluating campaigns designed to reach audiences segmented by culture, lifestyle and other factors.

**JOUR 568 Critical Thinking and Crisis Management (3, Sp)** Introduction to the concept of critical thinking and its practical application to a variety of public relations challenges and opportunities; emphasis on formulating and evaluating problems from multiple perspectives.

**JOUR 569 Ethics in Public Relations (3)** Application of public relations principles to ethical conduct in a business, government agency, non-profit organization or consulting entity; emphasis on applicable cases and dialogue.

**JOUR 571 Advanced Sports Reporting (3, Fa)** Seminar in how to report and write sports: news, previews, profiles, features, columns.

**JOUR 572 Reporting on Entertainment and Popular Culture (3, Fa)** Reporting about entertainment, popular culture and their impact on American society; survey of past media coverage and current practices.

**JOUR 575 Advocacy and Social Change in Entertainment and the Media (4, Fa)** (Enroll in COMM 575)

**JOUR 576 The Image of the Journalist in Popular Culture Seminar (3, Sp)** Study and analysis of the conflicting images of the journalist in popular culture and its impact on the public's perception of the media and newsgatherers.

**JOUR 580 Introduction to Specialized Journalism (2, Sm)** Understanding the role of specialized journalism and its changing role in U.S. news media; audience interest in areas of specialized coverage.

**JOUR 581 Specialized Journalism: Research Methods (3, Fa)** Advanced skills in the use of expert sources, scholarly resources, computer-assisted and investigative reporting in specialized journalism; social and ethical issues in specialized reporting.

**JOUR 582 Specialized Journalism: Reporting Decisions (3, Sp)** Reporting and analysis of decision making; case studies and analytical tools in dissecting decisions for readers, listeners and viewers.

**JOUR 583 Managing Communication in the Entertainment Industry (4, Fa)** (Enroll in CMGT 543)

**JOUR 584 Specialized Reporting: Education, Youth and Learning (3, Fa)** Reporting and writing on education; survey of historical and contemporary issues affecting children, families and public education.

**JOUR 585 Specialized Reporting: Religion (3, Sp)** Reporting and writing on religion; survey of world religion, religion and public life – including politics, gender and science.

**JOUR 586 Specialized Reporting: Science (3, Fa)** Reporting and writing on science; survey of scientific research fields and evaluation of evidence and claims.

**JOUR 587 Audience Analysis (4, Fa)** (Enroll in CMGT 587)

**JOUR 588 Specialized Reporting: Urban Ecology (3, Fa)** Reporting and writing on urban ecology; survey of the urban landscape as an environment and human impact on these communities.

**JOUR 589 Specialized Reporting: The Changing U.S. Population (3, Fa)** Reporting and writing on immigration and other forms of demographic change; survey of immigration, the journalism it has generated and the impact of coverage.

**JOUR 590 Directed Research (1-12, FaSpSm)** Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC.

**JOUR 591 Arts Writing Practicum (3, Fa)** Intensive writing workshop on the craft of arts criticism and persuasive writing of different arts genres.

**JOUR 592 Specialized Journalism: Reporting the Arts (3, Fa)** Reporting and writing on the arts; strategies for arts journalism in the digital era; survey of essays and reviews by great critics.

**JOUR 593 Arts Criticism and Commentary (3, Sp)** Writing workshops and independent fieldwork; development of critical skills to write socially valuable criticism and commentary about art, entertainment and culture.  
*Prerequisite:* JOUR 591.

**JOUR 594abz Master's Thesis (2-2-0, FaSpSm)** Credit on acceptance of thesis. Graded IP/CR/NC.

**JOUR 599 Special Topics (2-4, max 8, FaSpSm)** Seminar in selected topics in journalism.

---

# Ostrow School of Dentistry of USC

*The Ostrow School of Dentistry of USC dedicates itself to community outreach through programs such as Dental Explorers, a two-week immersion experience that welcomes more than 40 high school, college and postbaccalaureate students to campus each summer. The participants do everything from attending lectures to shadowing USC dental students to constructing artificial teeth. "The atmosphere is so welcoming here," said Andrea Ustarez, a California State University, Los Angeles, graduate who participated in the program. "You hear about the Trojan Family, but now I've gotten to witness it."*

**F**ounded in 1897, the Ostrow School of Dentistry of USC continues a longstanding tradition as one of the nation's top dental schools. The Ostrow School of Dentistry maintains a global reputation for excellence in clinical education by providing students with unique, intensive clinical experiences using the most advanced techniques and technologies in the field. Graduates form a tightly knit community of proud alumni, provide top-notch patient care, conduct world-class research and lead the oral health field.

The core of the Ostrow School of Dentistry's strength rests primarily with its expert educators. Their world-renowned expertise, combined with the school's innovative learner-centered curricula, provides students with the strong clinical education they need in order to become the next generation of great oral health professionals. The school's curricula include the Doctor of Dental Surgery program, the baccalaureate in dental hygiene program and several postdoctoral specialty programs: endodontics, general practice residency, operative dentistry, oral and maxillofacial surgery, orofacial pain and oral medicine, orthodontics, pediatric dentistry, periodontology and prosthodontics. Other available degrees include combined DDS/MBA and DDS/M.S. programs, gerontology programs, a distance learning master of science program in orofacial pain and oral medicine, master's and Ph.D. opportunities in the craniofacial biology program, and an advanced standing program for international dentists.

The Ostrow School of Dentistry is a valuable facet of one of the country's leading private, research-intensive universities. Consistently at the top of the list for research funding among all dental schools, the school's celebrated status as a dental and craniofacial research powerhouse offers students many opportunities. Students enrich their education through activities in the laboratory and bolster their clinical talents with strong scientific foundations.

The Ostrow School of Dentistry and its students also benefit from its location within the city of Los Angeles. With one of the richest traditions of community service of any dental school, the school creates and maintains partnerships that not only provide valuable clinical experiences to the students but also help the most vulnerable members of society improve their oral health. Serving the surrounding community, whether in the school's dental clinics or at community outreach sites throughout Los Angeles and Southern California, helps students develop not only their clinical proficiency but also their skills in treating all members of an incredibly diverse community with care and compassion.

Kim, DDS; Thomas Allen Levy, M.S., DDS; Niel Nathason, MPH, M.A.; Randy Phillips, DDS; Jose Polido, DDS; Sandra K. Rich, MPH, Ph.D.; Ramon Roges, DDS; Eddie Sheh, DDS\*; Donna Smith, RDH, M.S.Ed.; Richard Udin, DDS; Stephen Yen, DMD, Ph.D.

*Assistant Professors of Clinical Dentistry:* Tae Ahn, DDS\*; Lupe Arevalo, RDH\*; Kim Austin, DDS; Jessica De Bord, MSD, DDS; Laura Elizondo, DDS; Reyes Enciso, Ph.D.; Sharon Faust, DDS; Richard Green, M.S.Ed., DDS; Veronica Greene, MPH, DDS; Helia Hooshangi, DDS; Julie Jenks, M.S., MPH, DDS; Boris Keselbrener, DDS; Tae Kim, DDS; Satish K.S. Kumar, MDS; Janet Lent, DDS; Richard S. Lin, DDS; W. Michael Madden, DDS; Ali Ostadali Makhmalbaf, DDS; Karen Matsumura-Lem, RDH, DDS; John Morzov, DDS; Eleanor Nielsen, BSDH; Andrea C. Pinnick, DDS; Saravanan Ram, MDS; Piedad Suarez, DDS; Santosh Sundaresan, DDS; Thomas Tanbonliong, Jr., DDS; Antonia Teruel, DDS, Ph.D.; Chieng Christian Tu, RDH\*; Dinh L. Vo, DDS; Christina Wong, DDS

*Research Professor:* Margarita Zeichner-David, Ph.D.

*Research Assistant Professors:* Matthew K. Lee, M.D.; Yan Zhou, Ph.D.

*Clinical Professors:* Ralph B. Allman, M.S., DDS; Calvin Lau, DDS, MBA

*Clinical Associate Professors:* Barbara D. Edwards, RDH; John Kishibay, DMD, Ph.D.; Bach Le, DDS, M.D.; Anthony Park, DDS; Paul Parminter, DDS; Hovhanness Shnorhokian, DMD, Ph.D.; Arman Torbati, DDS

*Clinical Assistant Professors:* Mainul Ahsan, Ph.D.; Vartuhi Avanesian, DDS; Nasrin Bahari Chopiuk, Ph.D.; Yaara Berdan, DDS; Theodore Burnett, DDS; Juan Camerena, DDS; Sibel Dincer, DDS, M.S.; Brent Fung, DDS; Alon Frydman, DDS; Ellen M. Grady, B.A.; Stan Hanes, DDS; David Kang, DDS; Clara Kim, DMD; Daniel Kolzet, DMD; Jennifer I-Chen Lo, DDS; Joel McPherson, DDS; Lisa Oshiro, RDH; Maria Paranhos, DDS, Ph.D.; Narendranath Ravindranath, Ph.D.; Lucille Rotstein, B.Ch.D.; Daniel Schecter, DDS; Liane K. Sakai, DDS; Tota Shimizu, M.S.Ed., DDS; Marlene Talley, DDS; Jettie Uyanne, DDS; Fabiana Varjao, Ph.D.; Suzanne Wenzlaff, DDS; Kiyomi Yamazaki, DDS, Ph.D.; Zaw Win Tun, BDS, M.Sc.

*Clinical Instructors:* Linda Brookman, RDH; Alfred Friedman, DDS; Shahrok Jedian, DDS; Senovita Lopez, RDH; Stacy Love, DDS; Gerald McClellan, DDS; Michael Rabinovici, DDS; Carlos Sanchez, RDH; Gail Stewart, M.A.; Arthur Womack, DDS; Eugene Zakaryan, DDS

\*Recipient of university-wide or school teaching award.

### Degrees Offered

The Ostrow School of Dentistry awards the following degrees: the Bachelor of Science in Dental Hygiene; the Master of Science, Orofacial Pain and Oral Medicine; the Doctor of Dental Surgery; the Doctor of Dental Surgery/Master of Business Administration; the Doctor of Dental Surgery/Master of Science in Gerontology; the Advanced Operative Dentistry Certificate/M.S.,

Craniofacial Biology; the Advanced Orthodontics Certificate/M.S., Craniofacial Biology; the Advanced Pediatric Dentistry Certificate/M.S., Craniofacial Biology; the Advanced Pediatric Dentistry Certificate/Ph.D., Craniofacial Biology; the Advanced Periodontology Certificate/M.S., Craniofacial Biology; Advanced Dental Education Certificate programs in Endodontics,

Operative Dentistry, Oral and Maxillofacial Surgery, Oral Facial Pain and Oral Medicine, Pediatric Dentistry, Periodontology, and Prosthodontics; Master of Science in Craniofacial Biology; Doctor of Philosophy in Craniofacial Biology. The school also offers a minor in craniofacial and dental technology.

## General Information

### The Grading System

Grades are issued by members of the faculty to indicate to students their level of achievement and to provide information to committees given the responsibility of reviewing a student's total academic record and assigning honor or deficient status.

Newly admitted students to the Doctor of Dental Surgery (DDS) program, the Advanced Standing Program for International Dentists and Bachelor of Science in Dental Hygiene (B.S.) students are bound by the university grading system (excluding plus/minus grades), which is detailed in the Academic Standards section of this catalogue (page 37).

Grades used by course directors of required advanced specialty classes are: "Cr" – credit, "CrH" – credit with honors and "Ncr" – no credit. Other notations appearing on the transcript are: "IP" – indicates that the grade in a course is not issued until a subsequent trimester; "IN" – incomplete work; "ICW" – incomplete clinical work; "MG" – missing grade; "W" – withdraw. Students pursuing a Master of Science or Doctor of Philosophy in Craniofacial Biology and students in dental hygiene, doctoral and international classes should refer to the Academic Standards section of this catalogue, page 37.

### Probation and Disqualification

A student evaluation policy has been developed that outlines methods by which the faculty can recognize outstanding achievements by students and identify those who have difficulty meeting the school's academic standards.

In this policy, the procedures dealing with the assignment and consequences of academic status, including academic probation and disqualification, are outlined in detail. It is hoped that the development of specific guidelines will eliminate confusion and minimize the amount of time spent in determining the student's status, thus allowing faculty and students to concentrate on their primary responsibility – the training of dental health professionals. Copies of student evaluation

guidelines are available in the office of Academic Affairs, DEN 218.

### *DDS (includes Advanced Standing Program for International Dentists)*

A student will be placed on academic probation if a "D" or "F" final grade is received; if the student fails the National Board Part I; if the student fails to take the National Board Part I during the timeframe designated by the curriculum committee; if in the judgment of the Student Professional Performance Evaluation Committee, probation is warranted by other academic factors; if recommended by the group practice director, due to quality and/or quantity of clinical work.

A student will be placed on clinical probation upon recommendation of the group practice director if a grade of "F" is received in any of the graded categories of group practice performance, or, in the judgment of the group practice director, probation is warranted by other factors related to the delivery of health care or clinical accomplishment.

A student will be considered for disqualification if (1) a second academic probation is warranted; (2) a failing grade is not reconciled; (3) at the end of the academic year the grade point average for the preceding year is below 2.0; (4) academic probation is warranted while repeating a trimester on probation; (5) a deficiency in any area is determined by the Student Professional Performance Evaluation Committee to be insurmountable; (6) at the end of the second trimester of the Advanced Standing Program for International Dentists (ASPID), the cumulative average is less than 2.0; and (7) at the recommendation of the group practice director, based on severe and irreconcilable deficiencies relating to the quality and/or quantity of patient treatment.

### *B.S., Dental Hygiene Students*

A student will be placed on academic warning if (1) the GPA for any given Academic Time Unit (ATU) is less than 2.0; (2) a failing grade is received in a 1-unit (or less) course; (3) a grade of "D" is received in a 3-, 4- or 5-unit course. A student will be placed on

academic probation if 2 units or more of failure are recorded at the end of any trimester; if a second consecutive academic warning is warranted; or if, in the judgment of the Student Professional Performance Evaluation Committee, probation is warranted.

A student will be placed on clinical probation if a grade of "F" is received in any of the graded categories of group practice performance, or, in the judgment of the group practice director, probation is warranted by other factors related to the delivery of health care or clinical accomplishment.

A student will be considered for disqualification if (1) a third probation is warranted at the end of any trimester; (2) a failing grade is not reconciled; (3) at the end of the academic year the grade point average for the preceding year is below 2.0; (4) academic probation is warranted while repeating a trimester on probation; and (5) a deficiency in any area is determined by the Student Professional Performance Evaluation Committee to be insurmountable. In addition to the Dental School evaluation policy (which evaluates courses taken in the Dental School), students in the Dental Hygiene Program are also bound by the university's academic status requirements.

### *Advanced Specialty Students*

A student will be placed on academic probation if a failing grade is received in any course or if, in the judgment of the program director, a student's performance warrants such status due to academic or other factors. A student may be disqualified if the stipulations of a probationary period are not met by the required deadline, a failing grade is not reconciled in the period specified by the course director, or if a deficiency in any area is acquired which is determined by the program director to be insurmountable. A student who is placed on academic probation a second time can continue in the program only with the approval of the program director and the Advanced Student Professional Performance Evaluation Subcommittee.

### Honor Status

The Ostrow School of Dentistry recognizes excellence in achievement by assigning special honor status during the course of study and by presentation of awards upon graduation.

#### Dean's List

Students who complete all course work by a prescribed deadline and earn a grade point average of 3.5 or above for a trimester are placed on the Dean's List. Students shall not be placed on the Dean's list if they are on deficient academic status during that trimester (i.e., academic probation and continued academic probation).

#### Omicron Kappa Upsilon Honor List

The local chapter of Omicron Kappa Upsilon (OKU), a national dental honor fraternity recognizes the top 10 percent of each doctoral dental class at the end of each academic year (August) by including these students on the OKU Honor List. The determination of the top 10 percent is based on a yearly GPA. It should be noted that placement on the OKU Honor List has no relationship to membership in OKU, which is based on overall academic achievement and professional development.

#### Graduation Awards

There are numerous awards made each year at graduation to recognize excellence in members of the graduating doctoral, dental hygiene and ASPID classes. A complete listing is available at the Ostrow School of Dentistry.

### Voluntary Withdrawal/Leave of Absence

The Ostrow School of Dentistry recognizes that in some special instances it may be necessary or beneficial for a student to interrupt or discontinue dental education. A student wishing to withdraw from school or request a leave of absence must contact the Office of Academic Affairs for procedures to be followed. An approved leave of absence will not be granted for more than one year.

Students at the School of Dentistry who have not been formally dropped by the school, are considered enrolled each term unless they have submitted a letter of intent to withdraw. A student's verbal indication that he or she intends to withdraw or failure to settle a fee bill are not sufficient to eliminate the student from class rosters. Final course grades will be collected for students who do not have a letter of intent to withdraw on file with the Office of Academic Affairs.

A student who withdraws at any time during the first three weeks of a trimester will receive no grades for enrolled courses. A student who withdraws after three full weeks of an Academic Time Unit (ATU) will receive a mark of "W" for all enrolled courses not

completed. Withdrawal is not permitted after the 12th week of a trimester.

### Family Educational Rights and Privacy Act

The University of Southern California recognizes and acts in full compliance with regulations set in accordance with the Family Educational Rights and Privacy Act of 1974 (The Buckley Amendment). A student may have access to all records about him or her maintained by the university except those considered confidential under the act. Students of the School of Dentistry wishing to review records or to appeal for a change in those records should contact the Ostrow School of Dentistry of USC Registrar. A small charge may be made to cover the time and costs of duplication of the record.

### Tuition and Fees (Estimated)

Tuition at the Ostrow School of Dentistry is charged on a flat fee basis for enrollment in the regular degree and advanced certificate programs of the school. Exceptions do not apply to students who have courses waived based on their prior education. In such cases, students are charged the standard flat fee for the program in which they are enrolled.

Auditors pay the regular tuition rate. Auditors are not required to participate in class exercises (discussions and examinations); they receive no grades or credit.

The information outlined here is for Ostrow School of Dentistry fees and tuition deposits only. For information about Ostrow School of Dentistry tuition and university fees, refer to the Tuition and Fees section of this catalogue, page 42. The university reserves the right to assess new fees or charges as it may determine.

#### Processing Fee (not refundable):

Domestic applicants.....	\$85.00
Graduates of foreign dental schools or students requiring a student visa ....	145.00

**Financial Aid**

Detailed information concerning financial aid programs available to dental students can be obtained by contacting the Ostrow School of Dentistry of USC Office of Financial Aid at (213) 740-2841 or uscsdfa@usc.edu.

## Undergraduate Degree

### Bachelor of Science in Dental Hygiene

The mission of the USC Department of Dental Hygiene is to educate and prepare dental hygiene leaders for careers in a diverse and changing health care environment. Implicit in this is a desire to provide a liberal education as well as outstanding clinical experiences. The baccalaureate dental hygiene program is a combination of dental and dental hygiene sciences, supporting sciences and general education.

The curriculum reflects the core values of the profession in private and public health settings. The program is committed to creating a humanistic, educational environment that will facilitate the development of responsible, ethical, oral health professionals who are sensitive to the patient needs and competent in the dental hygiene process of care.

Educational and clinical services provided by dental hygiene students include dental health education, patient assessment, disease prevention and non-surgical periodontal therapy for a diverse population of patients. The program strives to produce graduates who will advance the profession of dental hygiene and improve dental health care through evidence-based research and scholarly activities. Finally, graduates are competent in self-assessment and scientific methodology in preparation for lifelong learning.

The Bachelor of Science degree in Dental Hygiene requires two academic years of pre-dental hygiene courses followed by two additional years of enrollment in the dental hygiene program.

**Admission**

Admission to the school is granted through the Office of Dental Admissions and Student Affairs that receives and processes all applications, evaluates credentials and mails letters of acceptance to applicants who qualify for entrance. Because of the university's selective admissions policy and limited enrollment, only those applicants are accepted who present evidence of intellectual promise and strong personal qualifications, including good moral character and sound health. Prior to enrollment, accepted students must provide evidence of sound health and meet the school's health requirements. (Before registration, the Student Health Service form, signed by the applicant's attending physician, must be filed with the Student Health Center.) Admission to the university in all cases is determined by the Office of Dental Admissions and Student Affairs and appropriate selection committees.

Application forms may be obtained by mail, online or in person from the Office of Dental Admissions and Student Affairs. A nonrefundable \$25 fee must be sent with the completed dental hygiene application. An additional application fee must be submitted to the USC Undergraduate Admission Office.

Credentials for admission must include complete records of all previous college or university work. The student must request the registrar of each school attended to forward one official transcript of record directly to the Office of Dental Admissions and Student Affairs. These should include the program of studies in which the applicant is currently registered. The university does not initiate requests for these credentials.

Applications for the Bachelor of Science in Dental Hygiene should be filed well in advance of February 1 of the year in which the student wishes to be admitted. The program begins in the fall. Applicants for admission are requested to file their applications before they have completed one full year of college pre-dental work or pre-hygiene class.

Although students may transfer to USC at any time and begin prerequisite course work, the dental hygiene curriculum begins in the junior year. Admission to the university does not guarantee admission to the dental hygiene program.

Two applications are required, one for the USC Undergraduate Admission Office and one for the School of Dentistry. See the Undergraduate Education Admission section of this catalogue.

**Admission Requirements**

Between 30 and 40 students are admitted each year for the curriculum that leads to the Bachelor of Science in Dental Hygiene.

The Committee on Admissions examines credentials and bases its decision on the objective evaluation of these factors: pre-professional training, evidence of scholarship and personal evaluation of the student.

Minimum entrance requirements include: graduation from an accredited secondary school and completion of the following courses which may be transferred in from another college or university or taken at USC prior to bring admitted to the dental hygiene program.

*General Biology*

One semester with lab is required.

*Anatomy*

One semester with lab is required.

*General Chemistry with Lab*

One year is required.

*English Composition*

One year is required. Must include course work equivalent to WRIT 140 and one semester of any transferable English course.

*General Physiology Lab*

One semester is required.

*General Microbiology*

One semester is required.

*Nutrition*

One semester is required.

*Introduction to Sociology*

One semester is required.

*General Psychology*

One semester is required.

*Public Speaking*

One semester is required.

*General Education Requirements*

The university's general education program provides a coherent, integrated introduction to the breadth of knowledge you will need to consider yourself (and to be considered by other people) a generally well-educated person. This program requires six courses in different categories, plus writing and diversity requirements, which together comprise the USC Core. See pages 63 and 250 for more information.

All dental hygiene students have to follow the university's general education requirements.

There is no minimum number of transfer units you must complete before applying to admissions. No foreign course work will be accepted. Dental hygiene prerequisites and lower division general education categories must be completed or in progress by the time of application to the dental hygiene program. All prerequisite course work including required general education course work must be completed with a grade of "C" or better.

The following courses are not transferable: dental assisting, dental technology, secretarial science (typing, shorthand, etc.), or other technically or vocationally related courses.

All entrance requirements must be completed by June 15 preceding the September of admission, and complete final credentials must be on file in the Ostrow School of Dentistry of USC Office of Admission and Student Affairs by July 15 preceding enrollment. Notification of acceptance will be sent by the Office of Admission and Student Affairs after May 1.

**Orientation**

Students who have been accepted into the program and who have reserved their place in the class by paying the appropriate tuition deposit will be forwarded orientation materials by July 15.

Orientation is traditionally scheduled during the week before the first week of classes. The purpose of the program is to acquaint incoming students with the School of Dentistry, its policies, programs, faculty and facilities. Incoming students receive financial counseling and purchase their initial equipment issue as part of orientation activities.

**Graduation Requirements**

A student is eligible for the Bachelor of Science in Dental Hygiene after attaining the qualitative and quantitative level expected in the dental hygiene curriculum. This specifically includes: no marks of "F," "IN," "ICW," "IP" or "MG"; no conditions existing at the termination of the final trimester that would result in academic probation, clinical probation or academic disqualification. In addition, each student must have demonstrated the characteristics expected of a health professional and have fulfilled the financial and other obligations required for graduation.

In addition to meeting the academic requirements indicated above, students must have a completed administrative clearance form on file in the Office of Academic Affairs before a degree can be conferred. This administrative clearance indicates that the student has met financial and other obligations to the university and to the student's patients.

**Curriculum**

Courses listed are required for completion of the degree. Course listings are current as of 2012-2013 and are subject to change without notice by action of the Ostrow School of Dentistry and the university.

### Minor in Craniofacial and Dental Technology

The Ostrow School of Dentistry, the Viterbi School of Engineering Department of Biomedical Engineering and the Dornsife College of Letters, Arts and Sciences Department of Biological Sciences jointly offer the minor in craniofacial and dental technology. This minor is designed to prepare engineering, pre-dental, pre-medical and biological sciences undergraduates to enter the dental biotechnology industry as well as to introduce them to recent innovations in craniofacial sciences and therapeutics. The course work introduces students to concepts in craniofacial histology and embryology, head-and-neck anatomy, genetics, biochemistry and biotechnology as well as applications to dental diagnostics, imaging and dental therapies (dental implants, restorative dentistry, craniofacial genetics).

This minor requires 16 core units and a minimum of 4 units of electives. Students who have not fulfilled prerequisite requirements for core or elective courses will have to take additional units, depending on their major. In addition, students must take at least 16 units not used for their major or offered by their major department.

Please see a biomedical engineering, biological sciences or Ostrow School of Dentistry adviser for specific program requirements.

CORE REQUIRED COURSES, UPPER DIVISION		UNITS
DENT 412	Fundamentals of Craniofacial and Dental Technology	3
DHIS 310	Basic Tissues and Histology and Embryology	2
BISC 320L	Molecular Biology	4
BISC 325*	Genetics	4
BME 410*	Introduction to Biomaterials and Tissue Engineering	3
Total core units:		16

ELECTIVES		UNITS
Enroll in at least two courses from the following:		
BISC 330L*	Biochemistry	4
BISC 403*	Advanced Molecular Biology	4
BISC 406L*	Biotechnology	4
BISC 410*	Applications of Molecular Biology to Medicine	4
BISC 435*	Advanced Biochemistry	4
BME 404*	Biomechanics	3
BME 416	Development and Regulation of Medical Products	3
BME 451*	Fundamentals of Biomedical Microdevices	3
DENT 221	Introduction to Dentistry	1

ENGR 305	Engineering Biology Matters	3
HP 340L	Health Behavior Statistical Methods	4
HP 350L	Health Behavior Research Methods	4
MASC 310	Materials Behavior and Processing	3
Total elective units:		4-8

\*Prerequisite required

### Progressive Degree Program in Public Health

The public health program admits a limited number of USC undergraduate students to pursue the MPH degree while completing a bachelor's degree. Applicants to the program must have completed 64 units of course work and must submit their applications prior to completion of 96 units of course work. Applicants do not have to submit GRE scores, but are expected to have a minimum GPA of 3.5 at the time of application. The application for admission to a progressive degree program must be accompanied by an approved course plan proposal and letters of recommendation from two USC faculty members. The requirements for both the bachelor's degree and the MPH degrees must be satisfied. For further details on progressive degree programs, see page 86.

## Professional Degrees

### Doctor of Dental Surgery

The Doctor of Dental Surgery (DDS) program covers 11 consecutive 14-week trimesters. The course of study maximizes the interrelationship of all basic sciences and clinical detail sciences required by the Commission on Dental Accreditation of the American Dental Association.

USC's reputation for excellent preparation of its graduates for private practice has been enhanced by curriculum changes that permit students to begin clinical experience in their first year. At the same time, opportunity and encouragement are given to those who might elect to pursue careers in teaching and research.

#### Admission

The Ostrow School of Dentistry admits 144 students each year for the curriculum leading to the Doctor of Dental Surgery. Admission to the school is granted through the Office of Admission and Student Affairs which receives and processes all applications, evaluates credentials and notifies applicants who qualify for entrance by forwarding letters of acceptance. Students are selected by the Admissions Committee, which bases its decision on consideration of an applicant's personal qualities, aptitude and superior scholarship necessary for the successful study and practice of dentistry. Candidates who have received or will receive a baccalaureate or higher degree will be considered more favorably than applicants who have

fulfilled only minimum requirements. As a precondition of enrollment, accepted students must undergo a background screening and provide evidence of sound health and meet the school's health requirements.

Admission information may be obtained by mail, online or in person. Address inquiries to: Ostrow School of Dentistry of USC, Office of Admission and Student Affairs, 925 W. 34th Street, Room 201, Los Angeles, CA 90089-0641, (213) 740-2841, email: uscsdadm@usc.edu or access the school's Website at [dentistry.usc.edu](http://dentistry.usc.edu).

### Admission Requirements

Minimum entrance requirements include: (1) graduation from an accredited secondary school, with credit for at least 12 academic units, including three in English, three in one laboratory science course, two in one foreign language and two in college preparatory mathematics; (2) a minimum of 60 semester units, or the equivalent completed or in progress, at the time of application, in an accredited college or university in the United States or Canada. A baccalaureate or higher degree is preferred. No more than 60 semester hours earned at a community college will be accepted and preference is given to candidates who complete the science prerequisites at a four year institution; (3) required courses, semester hours with laboratory required: 8 units each – one year's completed course – of general biology (zoology), inorganic chemistry, organic chemistry, physics; other courses: English composition (8 units or one year), philosophy, history or fine arts (8 units or one year). All prerequisite course work must be completed with a grade of "C" or better; (4) it is strongly suggested that students take additional upper division courses. Biochemistry, human or comparative anatomy, embryology, histology, genetics, physiology, psychology, sociology and economics are examples of recommended courses; (5) all students who apply for admission to the School of Dentistry are required to take the Dental Admission Test (DAT), given under the auspices of the Council on Dental Education of the American Dental Association. The Dental Admission Test must be taken no later than February 1 of the year for which formal application is made.

To expedite the admissions process, it is recommended that the DAT be taken during a testing period before filing formal application through the Associated American Dental Schools Application Service (AADSAS). Test scores more than two years old will not be accepted. Applicants should check with the Dental Admissions Office. Full information about the test is sent to all applicants upon request, or can be obtained from the Division of Educational Measurements, Council on Dental Education, American Dental Association, 211 East Chicago Avenue, Chicago, IL 60611. No action can be taken on the application until DAT scores have been received.

(6) An interview at the School of Dentistry may be required of all applicants who appear qualified for consideration as determined by the Office of Admission and Student Affairs, although this interview may be waived for exceptionally qualified candidates as determined by the Dental Admissions Committee;

a manual dexterity test may be required as part of an interview process; (7) complete transcripts of undergraduate and graduate work, including degree notations, must be on file in the Office of Admission and Student Affairs by July 15 prior to enrolling; (8) residency requirements: as a private institution, USC seeks a culturally and geographically diverse population. Therefore, out-of-state applicants are evaluated and selected based on the same criteria as California residents.

No applicant will be denied admission on the basis of race, religion, creed or disability. All admitted students must provide evidence that functional health is sufficient to meet professional demands, both in the student role and as an entry-level practitioner.

### Application Procedure

(1) An application form should be obtained from the Associated American Dental Schools Application Service (AADSAS) by writing: AADSAS, 1625 Massachusetts Avenue, N.W., Suite 600, Washington, D.C. 20036-2212 or access the online version at [www.adea.org](http://www.adea.org) or email: [csraadsas@adea.org](mailto:csraadsas@adea.org). (2) The AADSAS application form should be filled out and returned to AADSAS. USC requires that the application be received by AADSAS no later than February 1 of the year in which enrollment is anticipated. Early application and file completion is recommended for applicants desiring an off-site interview. Do not send the application form to USC directly. (3) Applicants are required to pay a nonrefundable \$85 processing fee, which should be forwarded directly to admissions (international students requiring a student visa must submit a \$145 processing fee). (4) Notification from the Office of Admissions and Student Affairs will be sent, indicating that the application has been received from AADSAS. (5) Candidates who are being seriously considered for acceptance will be sent an invitation for an interview and will be required to submit additional information. No interview can be granted unless the file is complete, including DAT scores. The interview may be waived for exceptional candidates as determined by the admissions committee. (6) Notification of acceptance will be sent by the Office of Admissions and Student Affairs sometime after December 1. (7) A non-refundable commitment fee of \$1,500 is required from students by the deadline indicated in their acceptance letter to hold a place in the entering class. A second commitment fee of \$1,500 is required by May 1. Applicants accepted after May 15 are required to pay a flat fee of \$3,000 within 15 days from the date of their acceptance letter to hold a place in the entering class; applicants accepted after July 1 are required to pay a \$3,000 commitment fee within two days. These non-refundable fees will

be applied toward tuition upon enrollment. (8) Preregistration for the first year dental class is held before orientation. (9) All entering students are required to prepay \$3,000 toward the initial tuition by July 1. (10) As a precondition of enrollment, accepted students undergo a background screening and provide evidence of sound health and meet the school's health requirements.

### Orientation

Students who have been accepted into the predoctoral dental program and who have reserved their place in the class will receive information on orientation during the first two weeks in July.

Orientation takes place prior to the first week of classes. The purpose of the orientation program is to acquaint incoming students with the school, its policies, programs, faculty and facilities. Incoming students receive financial counseling and receive their initial equipment issue during this orientation period.

### Graduation Requirements

A student is eligible for the Doctor of Dental Surgery after successfully attaining the qualitative and quantitative level expected in the doctoral curriculum, specifically: has met the 2.0 GPA requirement for graduation; has no conditions existing at the termination of the final academic time unit that would qualify him or her for academic probation, clinical probation or academic disqualification; has no marks of "F," "IN" or "MG"; has passed Part I and Part II of the National Dental Board Examinations; has demonstrated the personal characteristics expected of a professional; has fulfilled his or her financial obligations as well as all other obligations and requirements for graduation.

In addition to meeting the academic requirements indicated above, students must have a completed administrative clearance form on file in the Office of Academic Affairs before a degree can be conferred. This administrative clearance indicates that the student has met financial and other obligations to the university and to the student's patients.

### Curriculum

The curriculum leading to the Doctor of Dental Surgery degree undergoes constant change to meet the challenges of modern dental practice. Course listings are current as of 2012-2013 and are subject to change without notice by action of the Ostrow School of Dentistry and the university.

Five units of selective courses are required in addition to the above.

### Advanced Placement Doctoral Dental Degree

The Advanced Placement DDS program allows the outstanding student who has completed a Bachelor of Science in Dental Hygiene to waive several courses in order to complete the doctoral dental degree in 151 units rather than the 185 units for the regular program.

#### Admission Requirements

In addition to the entrance requirements to the Ostrow School of Dentistry, the following additional requirements must be met: (1) bachelor's degree from the USC dental hygiene program completed within five years of the projected date of entry into the doctoral dental program; (2) a minimum grade point average of 3.0 (A = 4.0) in the dental hygiene program and a minimum "C" grade in each of the courses waived; (3) two letters of recommendation from faculty in the dental hygiene program.

#### Degree Requirements

The student in the Advanced Placement DDS program must complete all the DDS required courses except for the following: DPBL 501ab, DPBL 502ab, DPBL 503ab and DPBL 504ab.

### Six-Year Program

The School of Dentistry offers a six-year predoctoral/dental program.

The main purposes of the Accelerated Dental Acceptance Program Track (ADAPT) are (1) to continue to attract high quality applicants to the Ostrow School of Dentistry of USC, (2) to encourage students interested in dentistry to take their predoctoral education at USC, and (3) to offer an opportunity for quality students to complete their education at an outstanding private university. Only students who are completing their senior year in high school are eligible to apply.

#### Application Procedures

(1) Complete and submit the USC undergraduate admissions application by the priority deadline of December 15. (2) Complete and submit the ADAPT application and essay to the Ostrow School of Dentistry of USC by February 1. (3) In addition, forward the following items directly to the School of Dentistry: (a) \$85 application fee, (b) 2" x 2" passport-style photograph, (c) two letters of recommendation from high school science teachers, (d) copies of SAT scores and high school transcripts, and copy of acceptance letter from USC.

For additional information and an application, contact: Ostrow School of Dentistry of USC, Office of Admission and Student Affairs, 925 W. 34th Street, Room 201, Los Angeles, CA 90089-0641, (213) 740-2841, email: uscsdadm@usc.edu or access the school's Website at [dentistry.usc.edu](http://dentistry.usc.edu).

### DDS/MBA

In response to changes in dental care delivery systems and to the increasing complexity of dental care financing, the Ostrow School of Dentistry offers an innovative program for individuals desiring knowledge in both dental science and business administration.

The DDS/MBA dual degree program is a five-year program offered cooperatively by the Ostrow School of Dentistry and the Marshall School of Business. Students must complete all requirements established by both schools for their respective degrees.

The program involves completion of the first year in the Ostrow School of Dentistry, the second in the Marshall School of Business, and then completion of the balance of the slightly modified dentistry program. A total of 48 units must be completed in the Marshall School of Business.

*First Year:* required dentistry courses

*Second Year:* required MBA courses and graduate business electives

*Third to Fifth Year:* Completion of the remainder of required dentistry courses and graduate business elective courses sufficient to bring the total units completed in the Marshall School to at least 48. Dual degree students may not count courses taken outside the Marshall School of Business toward the 48 units. The dentistry requirement of four units of selective courses will be met by Marshall School courses.

The program may be completed in five calendar years.

#### Admission Requirements

Students who have successfully completed one year in the School of Dentistry will be considered for admission to the Marshall School of Business. All requirements for admission to the regular MBA program (grade point average, GMAT score, etc.) must be fulfilled by the dental student for admission to the Marshall School of Business.

The DDS and the MBA degrees are awarded simultaneously upon completion of their requirements by the Ostrow School of Dentistry and the Marshall School of Business.

### DDS/M.S. in Gerontology

The DDS/M.S. dual degree program extends over five years and is offered cooperatively by the Ostrow School of Dentistry and the Davis School of Gerontology. The program addresses the challenges facing oral health care providers as the number of older persons needing dental care increases. With the evolution of care toward patients who live longer lives, graduating dentists will be better prepared to provide service to the aging population in community settings and health care facilities.

The student spends the first year taking required DDS courses in the Dental School. Gerontology course work will be introduced in the second year and continue through the fifth year.

#### Gerontology Requirements

The Master of Science in Gerontology requires 38 units of course and fieldwork which includes the core content of the M.S. in Gerontology program.

REQUIRED COURSES		UNITS
GERO 475	Ethical Issues in Geriatric Health Care	4
GERO 508	The Mind and Body Connection through the Lifespan	4
GERO 520	Life Span Developmental Psychology	4
GERO 530	Life Span Developmental Sociology	4
GERO 540	Social Policy and Aging	4
GERO 555	Integrating Gerontology: A Multidisciplinary Approach	4
GERO 591	Field Practicum	6
GERO 593	Research Methods	4

ELECTIVE COURSES		UNITS
Four units to be selected from the following list in consultation with the adviser:		
GERO 522	Counseling Older Adults and Their Families	4
GERO 550	Administration and System Management in Programs for Older Adults	4
GERO 554	Evaluation: Incorporating Evidence-Based Practices	4

**Dentistry Requirements**

The DDS requires 185 units of credit.

The Ostrow School of Dentistry will waive CMDT 501, CMDT 507abc, GSPD 562abc, HBHV 501, HBHV 504, INTP 503ab and electives totaling 10 units from the required curriculum. In its place, students are required to take INTP 651 Experience in Dental Teaching (4), INTP 502ab Human Relations in Dental Practice (2-2), GSPD 610 Clinical Gerontology (1), GSPD 612 Special Patient Care Clinic (1).

**Program Adaptation**

The Davis School of Gerontology will waive 14 units of credit: GERO 510 Physiology of Development and Aging (4); GERO 589 Case Studies in Leadership and Change Management (4); GERO 591 Field Practicum

(2) and GERO electives (4). These requirements will be replaced by INTP 651 (4), INTP 502ab (2-2), GSPD 610 (1), GSPD 612 (1) and INTX 502e (1).

**Admission Requirements**

In addition to the entrance requirements to the Ostrow School of Dentistry (listed on page 529), the following additional requirements must be met:

(1) Applicants must meet the admission requirements of both the Graduate School and the Dental School.

(2) Applicants must hold a bachelor's degree in any academic field.

(3) Applicants must have a 3.0 cumulative GPA in the last two years of undergraduate school and be competitive with the incoming class.

(4) Performance on the Graduate Record Examinations to the satisfaction of the School of Gerontology and competitive with the incoming class.

(5) Evidence of leadership and motivation.

(6) Completion of the M.S. in Gerontology application including a written statement regarding commitment to the field of geriatric dentistry, letters of reference, etc.

## Doctor of Dental Surgery – Problem Based Learning Program

The Problem Based Learning Program has been designed to address the recommendations developed by the National Academy of Sciences Institute of Medicine in their report, "Dental Education at the Crossroads – Challenges and Change." This program will present the identical set of curricular learning outcomes that were approved by the American Dental Association Council on Dental Accreditation. The Dental Problem Based Learning Program represents an alternative approach to the Ostrow School of Dentistry curriculum rather than a new curriculum.

The objective of the Problem Based Learning Program is to educate a student who will be committed to lifelong, self-motivated learning, skilled in the techniques of problem solving in a clinical setting, well-prepared to deal with the future advances in dental therapy and dental care delivery, able to deal with the medical presentations of dental patients, effective in group learning/accomplishment environments and highly skilled in the delivery of dental health care of outstanding quality.

**Admission Requirements**

Minimum admission requirements are identical to those for the Doctor of Dental Surgery; refer to the Admission Requirements section under the Doctor of Dental Surgery.

**Curriculum**

The problem based learning curriculum achieves the identical set of curricular learning outcomes found in the Ostrow School of Dentistry curriculum. However, the methodology and course structure differ. For instance, greater emphasis is placed on clinical observation and the small group learning experience.

Periodic individual meetings held each trimester by PBL faculty members help to communicate each student's progress. Peer feedback may also play an integral role in the PBL curriculum.

**Graduation Requirements**

Graduation requirements are identical to those for the Doctor of Dental Surgery; refer to the Graduation Requirements section under the Doctor of Dental Surgery traditional program.

**Problem Based Learning Curriculum**

REQUIRED COURSES		UNITS
DPBL 501abc	Dental Problem Based Learning – Human Structure I	3-3-3

DPBL 534ab	Dental Problem Based Learning – Human Clinical Dentistry IV	13-13

## Advanced Standing Program for International Dentists

This program is designed to teach qualified dentists from other countries the knowledge and skills available in the United States. Time necessary to complete the program depends upon the doctor's ability; a minimum of two years is usually required. About eight months will be devoted to fundamental, technical and academic procedures. The remaining time is devoted to clinical training as necessary to achieve graduation qualifications. Graduation from the Advanced Standing Program for International Dentists leads to a DDS degree but does not give automatic licensure to practice dentistry. However, graduates are eligible to take the State Board Dental Examinations in most of the United States. (A few states still require U.S. citizenship.)

Additional information may be requested from the Ostrow School of Dentistry of USC, Office of Admissions and Student Affairs, 925 W. 34th Street, Room 201, Los Angeles, CA 90089-0641, (213) 740-2841, email: [uscscdadm@usc.edu](mailto:uscscdadm@usc.edu) or access the school's Website at [dentistry.usc.edu](http://dentistry.usc.edu).

### Admission

Prospective students must apply to the Advanced Standing Program for International Dentists. Selected applicants will be tested in October and accepted based on the following requirements: (1) completion of the formal application (before September 15 for admission to the program in April). A \$145 processing fee must accompany the application. (2) Successful completion of the National Boards Part I examination of the American Dental Association (ADA). A score of 75 percent must be attained in each category. Higher scores are advantageous in evaluation of the candidate's academic level. (3) Proficiency in English is an important key to success in the program. To demonstrate competence in English, applicants must score 250 (computer-based), 600 (paper-based) or 100 (Internet-based) on the Test of English as a Foreign Language (TOEFL). Information on the TOEFL can be obtained from the Educational Testing Service at [www.ets.org](http://www.ets.org). (4) A small group problem-based interview evaluation session with members of the School of Dentistry. (5) Two letters of recommendation from dental school faculty. (6) A brief but accurate account of clinical experience. (7) Personal statement. (8) Documentary proof of license to practice from a Ministry of Health or proper governing body. (9) Satisfactory completion of and competence in the following academic and artistic entrance examinations to be given to invited applicants in October: (a) fixed prosthodontics (practical); (b) operative dentistry (practical). In addition, a separate written

examination may be administered. (10) Complete official documents (transcripts) of all college and university course work, including dental education in the original language accompanied by certified English translation when necessary. (11) Certification of dental degree. Candidates chosen will be those who demonstrate the best qualifications in all academic and practical skills. (12) As a pre-condition of enrollment, accepted students must provide evidence of sound health and meet the school's health requirements.

### Student Visas

The I-20 Student Visa is issued to the applicant only after complete admission and acceptance has been granted. Before the papers can be processed, the applicant must present a copy of the I-94 form (white sheet in the passport) and a notarized statement of financial support for tuition and expenses for one year (\$120,000) to the Advanced Standing Program for International Dentists. These materials must be submitted at the time of application. The International Admission Office will issue the I-20 visa upon receipt and approval of these documents.

### Financial Assistance

The United States government requires all international applicants to provide proof of ability to pay tuition and living expenses before a formal letter of admission or the forms needed to obtain a visa will be issued.

International students are not eligible to participate in U.S. federal financial aid programs. Please contact the Ostrow School of Dentistry of USC Office of Financial Aid to discuss other financing options at (213) 740-2841 or [uscscdfa@usc.edu](mailto:uscscdfa@usc.edu).

### Curriculum

Each candidate for the DDS degree should complete the course of instruction in two years, however, some individuals may need more time. The first four to eight months will be spent in preclinical exercises to acquaint the student with the fundamental technical procedures used at USC. The balance will be used for clinical procedures related to diagnosis and treatment of patients.

### Grade Point Average Standards

Since this is a short program and highly concentrated, a GPA of 2.0 (A = 4.0) must be maintained each trimester. Therefore, each applicant will be provisionally accepted. If a doctor is unable to maintain an average GPA of 2.0, he or she will be asked to resign.

Periodic meetings each trimester by the entire Advanced Standing for International Dentists faculty to evaluate each student's progress are used to help counsel the students more effectively in their course work. From these meetings, recommendations are made regarding advancement, special programs and disqualification.

### Graduation Requirements

In order to receive the Doctor of Dental Surgery (DDS) degree, students in the Advanced Standing Program for International Dentists must: (1) successfully complete all the required courses and clinical patient care assigned in trimesters VI, VII, VIII, IX, X and XI of the Problem Based Learning DDS curriculum; (2) pass Part I and Part II of the National Dental Board Examinations; and (3) achieve all of the competencies defined for the DDS curriculum and complete all required clinical performance evaluations. All assessments of progress to degree completion will be equivalent for all students seeking the DDS degree.

In addition to meeting the academic requirements indicated above, students must have a completed administrative clearance form on file in the Office of Academic Affairs before a degree can be conferred. This administrative clearance indicates that the student has met financial and other obligations to the university and to the student's patients.

## Advanced Programs in Dental Education

The Ostrow School of Dentistry offers advanced dental education programs in general dentistry, endodontics, general practice residency, operative dentistry, orofacial pain and oral medicine, oral and maxillofacial surgery, pediatric dentistry, periodontology and prosthodontics, all leading to a certificate. The Ostrow School of Dentistry in conjunction with the Graduate School also offers combined programs in operative dentistry and craniofacial biology, in orthodontics and craniofacial biology, in pediatric dentistry and craniofacial biology, and in periodontology and craniofacial biology leading to a Master of Science degree and a certificate. In conjunction with the Keck School of Medicine, the Ostrow School of Dentistry offers a combined program leading to an M.D. degree and a certificate in oral and maxillofacial surgery. The Ostrow School of Dentistry also offers an online master's degree in orofacial pain and oral medicine. In addition to clinical seminars and clinical experience, students take basic science courses with advanced students from other departments.

The certificate curriculum consists of a core of basic science subjects plus clinical seminars and clinical experience. Elective subjects may also be selected by the student with the approval of the program director.

The estimated lengths of programs are as follows:

Endodontics, 24 months  
 General Dentistry, 12 months  
 General Practice Residency, 12 months  
 Operative Dentistry, 24 or 36 months  
 Oral and Maxillofacial Surgery, 48 months  
 Oral and Maxillofacial Surgery/M.D., 72 months  
 Orofacial Pain and Oral Medicine, 24 months  
 Orofacial Pain and Oral Medicine (online), 36 months  
 Orthodontics, 36 months

Pediatric Dentistry, 24 or 36 months  
 Periodontology, 36 months  
 Prosthodontics, 36 months

All programs will begin on July 1.

### Admission Requirements

Applicants must hold the Doctor of Dental Surgery or Doctor of Medical Dentistry degree and must present the appropriate degrees, approved transcripts and affidavits as prescribed by the Office of Dental Admissions and Student Affairs.

### Admission Procedures

Prospective students should apply through the Postdoctoral Application Support Service (PASS) at [www.adea.org/pass](http://www.adea.org/pass). Prospective students to the integrated M.D. degree/oral and maxillofacial surgery certificate program should apply through the American Medical College Application Service (AMCAS). For selection and admission to the periodontics/CBY, orthodontics/CBY, and pediatrics/CBY dentistry programs, applicants are required to take the Aptitude Section of the Graduate Record Examinations; a score of 1000 or above is desired for pediatric dentistry. For selection and admission for orthodontics and periodontics/CBY, a combined score (verbal and quantitative) of 1100 or better is required. The last acceptable test is in September of the year preceding desired admission. For further information regarding the GRE, applicants may contact a university in their area or write to: USC Center for Testing and Assessment, University Park, Los Angeles, CA 90089-0052, or visit the GRE Website at [www.gre.org](http://www.gre.org).

The following material is also required to complete the application: (1) a PASS application and a \$85 processing fee (graduates of foreign dental schools or students requiring a visa must submit a \$145 processing fee). Applications and information for the PASS application are available at PASS, Suite

600, 1625 Massachusetts Avenue N.W., Washington, D.C. 20036-2212, or online at [www.adea.org/pass](http://www.adea.org/pass); (2) applicants for General Dentistry, General Practice Residency, Orthodontic, Pediatric Dentistry and Oral Surgery programs must submit applicant agreement forms to the Postdoctoral Dental Matching Program. Information and forms can be obtained online at [www.natmatch.com/dentres](http://www.natmatch.com/dentres); (3) a 2" x 2" passport style photograph of the applicant; (4) one official copy of the applicant's dental school transcript with degree notation. Foreign transcripts and degree notations must be submitted with a certified English translation; (5) three letters of recommendation: (a) one from the program director or chairman of the specific graduate department applied to, or someone who is currently a pedodontist, orthodontist, etc.; (b) one from a full-time faculty member in the basic sciences; (c) a general character reference from applicant's superior in service, or an individual by whom he or she was employed; (6) board scores Part I and Part II for all programs with the exception of the operative dentistry certificate and operative dentistry/CBY programs; MCATs are required for the Integrated M.D. degree/oral maxillofacial surgery certificate program. GRE scores are required for operative dentistry/CBY, orthodontics, periodontics/CBY and pediatric/CBY programs. International students are required to take GREs for the two-year certificate program. These requirements may be waived at the discretion of the program director; (7) a biographical statement; (8) applicants may be asked to be available for an interview. If one is necessary, applicants will be contacted by the director of the individual advanced program; (9) applicants will be required to pay a non-refundable \$1,500 tuition deposit upon notification of acceptance. (10) As a precondition to enrollment, accepted students must provide evidence of sound health and meet the school's health requirements.

**Timetable for Applications**

Applications for admission to advanced programs must be received as follows:

Endodontics, Sept. 1  
 Periodontology, Sept. 1  
 Oral and Maxillofacial Surgery, Oct. 1  
 Orofacial Pain and Oral Medicine, Oct. 1  
 Orofacial Pain and Oral Medicine (online), Oct. 1  
 Orthodontics, Oct. 1  
 General Dentistry, Oct. 15  
 General Practice Residency, Oct. 15  
 Operative Dentistry, Nov. 1  
 Pediatric Dentistry, Nov. 1  
 Prosthodontics, Nov. 1

Completed applications and related information are reviewed first by the faculty of the department of interest. In selecting applicants for admission the faculty considers academic records and personal qualifications. Final approval for admission rests with the advanced education coordinating committee. Responsibility for advising the student after admission rests with the department chair.

**Orientation**

A departmental orientation session is usually held the first week of classes, beginning in late June. Incoming students are acquainted with the Ostrow School of Dentistry, its policies, procedures, faculty and facilities.

**Student Issue – Advanced Programs**

Dental units in the school's clinics are equipped with Midwest Company type tubing and couplers for low and high speed air hand pieces. Advanced students must provide their own adapters to fit the school's couplers unless the students' present hand pieces are already so modified. The Dental Bookstore will assist in such conversions, if necessary. The bookstore has some low speed air hand pieces available for purchase.

Students accepted into an advanced program should consult their program directors about needed equipment.

## Advanced Endodontics

The advanced endodontics certificate program is a 24-month course of study. This program provides students with the background information and clinical experience necessary for a specialist in the practice of endodontics, and also offers activities in research and teacher-training for students interested in academic endodontics.

Students are prepared for certification examination by the American Board of Endodontists.

Emphasis is placed on the interaction of this specialty with other specialties and with general dentistry.

The program in endodontics is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education.

**Advanced Endodontics Curriculum**

REQUIRED COURSES		UNITS
ADNT 701	Research Methodologies in Dentistry	2
ADNT 702	Physical Diagnosis	2
ADNT 704ab	Oral Biology	1-13 each
ADNT 710	Internship: Dental Education	1-5
AMED 750abc	Physical Evaluation and Anesthesia	2-2-1
ANAT 701	Advanced Head and Neck Anatomy	1
DHIS 701	Advanced Oral Histology	2
DMAT 701	Advanced Biomaterials	2
DPHR 701	Advanced Pharmacology	1
ENDO 521	Preclinical Endodontics	3
ENDO 701abcd	Seminar: Biological Basis of Endodontic Therapy	1-1-1-1

ENDO 702	Seminar: Advanced Clinical Endodontics	2
ENDO 703abcd	Seminar: Review of Endodontic Literature	1-1-1-1
ENDO 704ab	Seminar: Surgical Endodontics	2-2
ENDO 705ab	Seminar: Endodontic Case Presentation	4-4
ENDO 710	Seminar: Endodontic Practice Management	2
ENDO 711	Alternatives in Endodontics	4
ENDO 761abcdef	Clinic: Advanced Endodontics	1-9 each
ENDO 790	Directed Research: Endodontics	1-12
PTHL 601	Advanced Oral Pathology Seminar	2

## Advanced Operative Dentistry

The advanced program in operative dentistry offers a 24-month, 143-unit course culminating in a Certificate in Operative Dentistry or a combined 36-month, 162-unit program leading to a Certificate in Operative Dentistry and Master of Science in Craniofacial Biology.

The objective of the program is to produce skilled dental professionals with in-depth knowledge, technical and scientific background to become cutting-edge clinicians, professors and researchers. The program is structured to provide proficiency in scientific methodology and clinical expertise in mastering the most advanced techniques in preventive, operative, digital (CAD/CAM), esthetic, and adhesive dentistry.

The curriculum provides a solid foundation and proficiency in diagnosis, prognosis, prevention, treatment, restoration, management of developmental defects and discoloration, and rehabilitation of severely damaged dentition using a myriad of restorative techniques customized for the patient needs. Strong emphasis will be placed on meeting the patient's biological, functional and esthetic wishes.

Research is an integral part of the program. A strong, clinically relevant and fundamental research component is provided for long-term evaluation of restorative techniques and materials. Residents must perform and complete original research projects. The program

encourages the residents to present their research in renowned scientific meetings and to submit for publication. The residents of the combined operative dentistry certificate/Master of Science in craniofacial biology are required to defend a master's thesis to fulfill the thesis requirements.

Additionally residents will gain teaching experience through assisting in the DDS teaching program. The experience gained in clinical dentistry, research and teaching will provide graduates the skills and the background needed to pursue academic careers.

**Advanced Operative Dentistry Certificate (143 units)**

REQUIRED COURSES		UNITS
ADNT 702	Physical Diagnosis	2
ADNT 704ab	Oral Biology	1-13 each
ADNT 710	Internship: Dental Education	1-5

**Advanced Oral and Maxillofacial Surgery**

The advanced education program in oral and maxillofacial surgery is a continuous 48-month course of study that prepares the graduate for the practice of oral and maxillofacial surgery. The program in oral surgery is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education. The program also meets the requirements of the American Association of Oral and Maxillofacial Surgeons.

The program is conducted at the Ostrow School of Dentistry and at the LAC+USC

Medical Center. The course provides graduates with the necessary background for certification by the American Board of Oral and Maxillofacial Surgery. Certificates are awarded upon successful completion of the 48-month course.

**Advanced Oral and Maxillofacial Surgery Curriculum**

## Integrated M.D. Degree/Oral and Maxillofacial Surgery Certificate Program

The Ostrow School of Dentistry of USC and the Keck School of Medicine of USC offer a continuous 72-month integrated course of study leading to a medical degree in addition to a certificate in oral and maxillofacial surgery that prepares the graduate for the practice of oral and maxillofacial surgery. The program is fully integrated and will include advanced placement into the established medical school curriculum.

During the first three years, the student will function in the capacity of a medical student as well as a resident in the oral and

maxillofacial surgery program. After the completion of the medical school curriculum, the M.D. degree will be awarded. This is required before the student can continue in the specially designed surgical internship portion of the program. At the completion of the surgical internship, the student is qualified for medical licensure. During the fourth through sixth year, all required rotations and surgical training will be completed to fulfill the educational requirements of the Commission of Dental Accreditation of the American Dental Association and

the American Association of Oral and Maxillofacial Surgeons.

The program is conducted at the Schools of Dentistry and Medicine and at the LAC+USC Medical Center. The course of study provides the graduates with the necessary background for certification by the American Board of Oral and Maxillofacial Surgery. The oral and maxillofacial surgery certificates are awarded upon successful completion of the entire 72-month course.

## Advanced Orofacial Pain and Oral Medicine

The advanced orofacial pain and oral medicine program consists of a 24-month program leading to a certificate. This program can be combined with a Master of Science or a Ph.D. degree for the interested student but separate applications to these programs are required. The certificate curriculum is designed with a series of didactic courses where the students will gain knowledge about the diagnosis, pathobiology and treatment of different oral and maxillofacial diseases and disorders. In addition to these courses, the student will gain clinical experience diagnosing and treating patients with the following diseases: temporomandibular disorders; infectious, dysplastic, neoplastic proliferative, erosive and ulcerative oral and pharyngeal mucosal diseases as well as the common perioral-facial cutaneous diseases. The student will also learn about and work with patients who have various salivary, neurogenic, osseous, and odontogenic infections, tumors and diseases including oral neuropathic pain, oral spasticity, migraine, tension type and chronic daily headache disorders. This program has been accredited by the Commission on Dental Accreditation of the American Dental Association.

### Advanced Orofacial Pain and Oral Medicine Certificate

REQUIRED COURSES	UNITS
ADNT 701 Research Methodologies in Dentistry	2
CBY 579L Craniofacial Molecular Genetics	4
OFPM 701 CPR, Blood and Airborne Infections and Common Emergencies for Dental Residents	1
OFPM 702ab Soft Tissue Disease for Dental Residents	1-2

OFPM 703 Local Anesthesia, Minor Surgery and Biopsy Procedures for Dental Residents	1
OFPM 704 Bony Pathology, Radiology and Advanced Imaging for Dental Residents	1
OFPM 705 Neurogenic Based Oral and Facial Pains for Dental Residents	2
OFPM 706 TMD, Orthopedics, Rheumatology and Physical Therapy for Dental Residents	2
OFPM 707 Pharmacology Series for Dental Residents	2
OFPM 708 Physical Evaluation and Laboratory Diagnostics for Dental Residents	2
OFPM 709 Headaches for Dental Residents	2
OFPM 721 Neurosciences for Dental Residents	2
OFPM 722 Internal Medicine and Systemic Disease for Dental Residents	2
OFPM 723 Systems Physiology, Motor Disorders and Sleep Apnea for Dental Residents	2
OFPM 724 Psychological and Psychometric Assessment for Dental Residents	2
OFPM 725 Epidemiology, Nutrition and Aging for Dental Residents	2
OFPM 726 Immunology and Immunosuppression for Dental Residents	2
OFPM 727 Infectious Disease, Oral Microbiology and Virology for Dental Residents	2
OFPM 728 Case Presentations by OFP-OM Residents	2

### Master of Science, Advanced Orofacial Pain and Oral Medicine

The Master of Science degree in orofacial pain and oral medicine program consists of a 36-month hybrid program (online and face-to-face) leading to a master's degree in orofacial pain and oral medicine (OFPM). The curriculum is designed to provide practicing dentists with advanced knowledge and training in the areas of orofacial pain and oral medicine including sleep medicine. The program consists of a series of 14 online didactic courses where the students will gain knowledge about the underlying science as well as the diagnosis, pathobiology and treatment of different oral and maxillofacial diseases and disorders. In addition to these courses, the student will attend USC for two weeks each summer during the three-year period for an additional three face-to-face assessment courses where they will be tested for knowledge acquisition using a set of objective standardized clinical examinations, oral interviews and written examinations. They will also be required to prepare a final portfolio of cases and conduct and present a research project report. During their visits to USC, the residents will gain experience diagnosing and treating patients in the USC OFOPM center. During the year, the residents will attend weekly video conferences where online students are required to analyze, diagnose and prepare treatment plan cases that are posted for analysis. These cases will cover the following diseases: temporomandibular disorders; infectious, dysplastic, neoplastic proliferative, erosive and ulcerative oral and pharyngeal mucosal diseases. Students will also learn about and work with patients who have various salivary, neurogenic, osseous, and odontogenic infections, tumors and diseases including oral neuropathic pain, oral spasticity, migraine, tension type and chronic daily headache and sleep apnea disorders.

**M.S., Advanced Orofacial Pain and Oral Medicine**

**Advanced Orthodontics**

The advanced orthodontics certificate program is a 34-month course of study leading to a certificate in orthodontics and a Master of Science degree in craniofacial biology. The program in orthodontics is accredited by the Commission on Dental Accreditation of the American Dental Association, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education. Upon completion of all requirements, the graduate is eligible for examination and certification by the American Board of Orthodontics.

The program has as its primary mission the preparation and training of residents for clinical practice in the specialty of orthodontics. This is achieved through a broad, in-depth curriculum designed to develop proficiency in clinical orthodontics with a solid foundation in fundamental and advanced biological and mechanical principles. Graduate-level courses in the basic sciences are the core didactic component of the program. Research is also an integral part of the program, and each resident must complete an original research project to fulfill a thesis requirement.

**Advanced Orthodontics/Craniofacial Biology Curriculum**

REQUIRED COURSES		UNITS
ADNT 710	Internship: Dental Education	1-5
CBY 574	Statistical Methods in Bioexperimentation	3
CBY 578	Pathological Conditions of the Craniofacial Complex	3
CBY 579L	Craniofacial Molecular Genetics	4
CBY 585	Systematic Research Writing	3
CBY 590	Directed Research	3
CBY 594abz*	Master's Thesis	2-2-0
CBY 671	Epistemology and Ethos of Bioscience	2
ORTH 701ab	Cephalometrics: Growth and Development	2-4 each
ORTH 702	Seminar: Review of Orthodontic Literature	5
ORTH 703abcdehfi	Seminar: Advanced Orthodontics	2-8 each
ORTH 704abc**	Seminar: Orthodontics in Theory and Practice	2-2-2
ORTH 705abc	Orthodontic Practice Management	2-2-2
ORTH 706	Surgical Orthodontics	2
ORTH 707	Interdisciplinary Aesthetic Treatment	2
ORTH 708	Information Technology in Orthodontic Practice	2
ORTH 709	Advanced Information Technology in Orthodontic Practice	2
ORTH 721	Biomechanics and Orthodontic Technic	8
ORTH 751abcdehfi	Clinic: Advanced Orthodontics	1-10 each
PERI 752	Interdisciplinary Treatment: An Orthodontic Perspective	2

\*Students will be re-enrolled in CBY 594z until completion of the thesis. Tuition will be charged in each trimester of enrollment beyond Summer Session II.

\*\*Elective course

**Advanced Pediatric Dentistry**

The advanced pediatric dentistry certificate program is a 24-month course of study designed to provide students with the background information and clinical experience necessary for the practice of pediatric dentistry. The program in pediatric dentistry is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council on Postsecondary

Accreditation and the United States Department of Education. The program also meets the educational requirements of the American Board of Pediatric Dentistry.

First year studies emphasize advanced pediatric dentistry theory and clinical treatment of the "healthy" child. Students develop a

sound basis in genetics, growth and development, nonpharmacologic and pharmacologic behavior management, physical evaluation, research methodology, statistics, interceptive orthodontics, prevention and a review of pediatric dental literature. Second year studies concentrate on dental care of children

with physical, medical, mental and emotional disabilities. The second year student serves as a hospital-based resident at Childrens Hospital Los Angeles, Long Beach Memorial Medical Center or Children's Hospital of Orange County. Residents also rotate to Rancho Los Amigos National Rehabilitation Center. Students gain experience in performing operating room procedures, oral conscious sedation, participating on interdisciplinary teams, providing emergency treatment and treating children with medical disabilities and pathologies in the hospital environment.

In addition to the two-year program, opportunities are available to combine the basic certificate program with a master's or doctoral degree in Craniofacial Biology (CBY).

The purpose of the combined pediatric dentistry/craniofacial biology program is to prepare highly qualified specialists in pediatric dentistry who can assume leadership positions in dental education, service to the community, dental research and dental care of children with developmental disabilities and medically compromising conditions. The structured curriculum of this three-year program offers a strong didactic component in basic biological science and in clinical sciences as well as intensive clinical pediatric dentistry training.

An individual who elects to apply to the combined program in craniofacial biology and advanced pediatric dentistry would submit a simultaneous application to the Ostrow School of Dentistry and the Graduate School. See the Craniofacial Biology section

of this catalogue for further information. The first year of the program would be spent in craniofacial biology and the second and third years spent in the pediatric dentistry program. After successful completion of the craniofacial biology program the student would be reviewed by the Pediatric Dentistry Admissions Committee and admitted into the certificate program. The student must satisfactorily complete the Master of Science program to be eligible for the Pediatric Dentistry Certificate.

#### Advanced Pediatric Dentistry Certificate

REQUIRED COURSES		UNITS
ADNT 701	Research Methodologies in Dentistry	2
ADNT 706	Seminar: Diseases of Childhood	2
ADNT 707	Behavior of the Child Patient	2
ADNT 710	Internship: Dental Education	1-5

PEDO 773	Hospital Pediatric Clinics	2-4
PEDO 774	Clinical Genetics in Pediatric Dentistry	9
PEDO 790ab	Directed Research: Pediatric Dentistry	1-6 each

\*In addition to the required courses, a combined minimum of 36 units of PEDO 761 and PEDO 771 must be satisfactorily completed, as directed by the program director.

## Advanced Periodontology

The advanced periodontology program offers two options: (1) a 36-month, 183-unit course of study leading to a certificate in periodontology, or (2) a dual 36-month, 183-unit program leading to both a certificate and a Master of Science in Craniofacial Biology. The program in periodontology is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council on Postsecondary Accreditation, and the United States Department of Education. The program also meets the educational requirements of the American Board of Periodontology. Preparation for the certification process is an integral part of the curriculum, and all graduates are expected to become diplomates.

The curriculum provides a sound foundation in those basic sciences and medical subjects which apply directly to clinical periodontics. Emphasis is placed on the interaction of periodontics with other specialties and general dentistry. The central theme of the curriculum is that periodontology is the scientific basis to all of clinical dentistry.

The program is structured to produce skilled periodontists with the technical and scientific abilities to provide periodontal services to the community and to prepare students for teaching careers. This program also provides a portion of the requirements necessary for an advanced degree in a basic science.

A core oral biology curriculum combined with fundamentals of physical diagnosis, anatomy, pathology, microbiology, research interpretation and design, and pharmacology constitute the biological foundation upon which the advanced postdoctoral student builds his or her skills. The program provides knowledge and clinical expertise in all types of periodontal treatment required for the practice of oral health care including the placement and care of dental implants. Clinical experience in pharmacosedation and treatment of special care patients is available for those who are interested in these fields.

The program faculty believe that graduates should be dedicated to the concept of being a continuous student and should contribute to periodontics and to dentistry by practice, education, publication and/or research.

## Advanced Prosthodontics

The program in advanced prosthodontics is a 36-month course of study designed to teach didactic and clinical skills leading to competency in the specialized practice of prosthodontics. The program provides a basic science foundation, incorporating studies in physical diagnosis, anatomy, oral pathology, pharmacology and oral biology. Proficiency in fixed, removable and implant prosthodontics will be developed during the course of study from a practical and didactic aspect. There is a strong emphasis on applying principles of esthetics toward oral reconstructions and

implant prosthodontics. Periodontally compromised patients are frequently encountered, so the program is closely allied with the advanced program in periodontology. Treatment planning and integrated care with allied specialties is a strength of the program.

In addition to developing clinical skills, the program requires a research methodology course and a research project.

Clinical experience in implant placement and didactic study in maxillofacial prosthetics are offered: students who want more experience in clinical care may devote more time to treating these patients. The program in advanced prosthodontics is accredited by the Commission on Dental Accreditation, a special accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education. The program also meets the requirements of the American Board of Prosthodontics. A certificate is awarded upon successful completion of the program.

## General Practice Residency

The general practice residency program is a 12-month, full-time residency program designed in conformance with the guidelines of the Council on Dental Education and the Commission on Dental Accreditation of the American Dental Association. The program is structured to increase diagnostic acumen, general knowledge and clinical ability in dentistry.

The program is conducted primarily at the Los Angeles County+USC Medical Center, one of the nation's largest teaching hospitals, and at the Veterans Administration Los Angeles Ambulatory Care facility in downtown Los Angeles. Some of the training is also conducted at Rancho Los Amigos Medical Center, West L.A. Veterans Administration Hospital, the Ostrow School of Dentistry of USC and other community facilities.

Under supervision of the faculties of the Ostrow School of Dentistry of USC, the Greater Los Angeles V.A. and the Keck School of Medicine of USC, the residents rotate through oral surgery, emergency medicine, anesthesia, operating room dentistry, care for the handicapped and other disciplines. Approximately 80 percent of the resident's time is devoted to delivery of oral health care and its management to the medically compromised patient.

The program emphasizes the treatment of a wide range of oral health disorders, medical considerations related to dental care, the ability to treat medically compromised and handicapped patients and teaches how to provide dental care in a hospital environment interacting with health care providers of various disciplines. Inherent in the year of training, a philosophy of practice addresses the medical psychosocial and oral health care needs of the patient.

Along with patient treatment, the residents are required to take courses in physical evaluation and anesthesia, endodontics, periodontics, dental implants, dental technology, maxillofacial prosthodontics, oral pathology and practice management. The residents are also required to present patient cases to the faculty.

Residents receive a monthly stipend during their training program and are granted a certificate upon satisfactory completion of the program.

The program in general practice is accredited by the Commission on Dental Accreditation, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and the United States Department of Education.

## Advanced Education in General Dentistry Residency

The advanced education in general dentistry program is a 12-month, full-time residency program designed in accordance with the guidelines of the Council on Dental Education and the Commission on Dental Accreditation of the American Dental Association. A certificate is awarded upon satisfactory completion of the program.

The program is conducted primarily at the Ostrow School of Dentistry of USC, along

with the Los Angeles County+USC Medical Center, one of the nation's largest teaching hospitals. Some of the training is also conducted at the USC Dental Clinic at the Union Rescue Mission and Ostrow School of Dentistry of USC Mobile Clinic.

The program is designed for the person who is planning a career in general dentistry in private practice, community health care environments, dental education, and/or an advanced specialty. Residents receive

a monthly stipend during their training program.

An optional second year is available to individuals who have completed the first year of the program.

All clinical experiences are supervised by the faculty of the Ostrow School of Dentistry of USC and the Keck School of Medicine of USC. The program provides experience to

residents in the delivery of comprehensive, multidisciplinary oral health care to healthy and medically compromised patients, including pediatric, adult and geriatric patients in private practice, hospital and community care settings.

The AEGD program is accredited by the ADA Commission on Dental Accreditation.

### Advanced Education in General Dentistry Certificate

YEAR ONE REQUIRED COURSES (24 UNITS)		UNITS
ADNT 702	Physical Diagnosis	2
AEGD 701abc	Advanced Comprehensive Oral Health Care	2-3-3
AEGD 761abc	Advanced Comprehensive Oral Health Care Delivery I	1-1-2
AEGD 762ab	Hospital Oral Surgery and Anesthesia	1-1
AMED 750abc	Physical Evaluation and Anesthesia	2-2-1
DPHR 701	Advanced Pharmacology	1
REST 710ab	Implant Dentistry	1-1

YEAR TWO REQUIRED COURSES (12 UNITS)		UNITS
ADNT 710	Internship: Dental Education	3
AEGD 702abc	Review of Dental Literature	1-1-1
AEGD 764abc	Advanced Comprehensive Oral Health Care Delivery II	2-2-2

## Graduate Degrees

### Craniofacial Biology

*Director:* Michael L. Paine, BDS, Ph.D.

#### Faculty

*Professors:* Yang Chai, DDS, Ph.D.; Winston Chee, DDS; Casey Chen, DDS, Ph.D.; George Cho, DDS; Cheng-Ming Chuong, M.D., Ph.D. (*Medicine*); Glenn Clark, DDS, Ph.D.; Paul Denny, Ph.D.; Tina Jaskoll, Ph.D.; Michael Melnick, DDS, Ph.D.; Cedric Minkin, Ph.D.; Mahvash Navazesh, DMD; Hessam Nowzari, DDS, Ph.D.; Janet Moradian-Oldak, Ph.D.; Michael Paine, BDS, Ph.D.; Pragna Patel, Ph.D.; Michael Schneir, Ph.D.; Harold C. Slavkin, DDS; Jorgen Slots, DDS, Ph.D.; Malcolm Snead, DDS, Ph.D.; David Warburton, M.D. (*Medicine*); Margarita Zeichner-David, Ph.D.

*Associate Professors:* Steven Goodman, Ph.D.; Robert Keim, DDS, Ph.D.; Anh Le, DDS, Ph.D.; Sandra Rich, RDH, Ph.D.; Glenn Sameshima, DDS, Ph.D.; Songtao Shi, DDS, Ph.D.; Arnold Tiber, DDS, Ph.D.; Stephen Yen, DMD, Ph.D.; Homayoun Zadeh, DDS, Ph.D.

*Assistant Professors:* Ruchi Bajpai, M.S., Ph.D.; Roger De Filippo, M.D. (*Medicine*); Reyes Enciso, Ph.D.; Matt Lee, M.D.; Ching-Ling Lien, Ph.D.; Amy Merrill-Brugger, Ph.D.; Laura Perin, Ph.D.; Saravanan Ram, DDS; Parish P. Sedghizadeh, M.S., DDS; Wei Shi, M.D., Ph.D. (*Medicine*); Mark Urata, M.D., DDS; Yan Zhou, Ph.D.

Craniofacial biology is concerned with the evolution, growth, structure and function of oral tissues and the oral region; and with the etiology and pathogenesis of numerous diseases and malformations. These involve studies at various levels of biological organization, from the molecular and subcellular to the organismic. Craniofacial biology comprises a large, rapidly increasing body of knowledge that has both clinical and academic importance.

The objective of the program is primarily, but not exclusively, to prepare health science graduates for entry into careers in academic environments as clinical scholars or as members of multidisciplinary teams of health professionals in academic centers of clinical and basic health science research.

#### Admission Requirements

The graduate program in craniofacial biology offers academic graduate training to individuals with a Doctor of Dental Surgery, Medical Doctor or equivalent degree. Applicants with Bachelor of Science degrees in areas such as biology and chemistry are also encouraged to apply.

#### Applications

Formal application to the USC Office of Graduate Admission and the graduate program in craniofacial biology is required for Master of Science and Doctor of Philosophy objectives.

All postsecondary transcripts are required and must be forwarded to the Office of Graduate Admission for application to either Master of Science or Doctor of Philosophy objectives. An undergraduate grade point average (GPA) of 3.0 or better, and a combined verbal and quantitative score of 1100 or better on the Graduate Record Examinations general test are required.

Three letters of recommendation describing academic abilities and personal attributes must be submitted on behalf of the applicant. Personal interviews may be required.

## Master of Science

This degree is under the jurisdiction of the Graduate School. Students should also refer to the Requirements for Graduation section, page 86, and the Graduate School section of this catalogue for general regulations, page 97. All courses applied toward the degree must be courses accepted by the Graduate School.

The Master of Science degree in craniofacial biology offers the clinician (DDS, M.D. or equivalent) the opportunity to obtain clinical research knowledge and skills in the area of craniofacial biology. Such training will include research into the causes of craniofacial diseases and anomalies, as well as normal development and function. The course of study is particularly directed toward those clinicians committed to pursuing a career in research and teaching.

### Degree Requirements

A total of 32 units is required that includes eight courses in craniofacial biology, four units of 594ab Thesis and necessary units of 590 Thesis Research. All students must achieve a 3.0 grade point average in the craniofacial biology courses. Four core courses in craniofacial biology are required for all students: CBY 574, CBY 579L, CBY 585 and CBY 671.

The four remaining courses required may be selected from any offered by the craniofacial biology program or other graduate programs and selected by the students and their mentors to best support their research interests. All students are required to complete a thesis based on the student's research following a thesis protocol approved by a committee of craniofacial biology faculty. An advisory committee, comprising the research adviser and two additional faculty members, will establish thesis requirements to be completed by the student.

### Graduate Certificate in Craniofacial Biology

The Certificate in Craniofacial Biology is intended to provide dentists in post-graduate dental education with experience in graduate education and insight into the requirements to complete a graduate degree. This will provide the students with additional information relative to selecting academic careers. All certificate students must have a dental degree and have been admitted to a post-graduate dental education program sponsored by the Ostrow School of Dentistry of USC.

### Degree Requirements

A total of six CBY courses and 18 units of course work is required for the certificate. The six courses may be selected from the following list: CBY 573, CBY 574, CBY 575, CBY 576, CBY 577L, CBY 579L, CBY 583, CBY 585, CBY 587, CBY 672, CBY 673, CBY 674. The credit received for these classes may be applied toward either the M.S. or Ph.D. in Craniofacial Biology should the student decide later to pursue an advanced degree.

### Admissions Criteria

Only residents enrolled in advanced dental education and specialty programs will be eligible for the completion of the Certificate in Craniofacial Biology. Residents accepted into the following programs will be eligible: Advanced Education in General Dentistry, General Practice Residency, Endodontics, Orofacial Pain/Oral Medicine, Oral and Maxillofacial Surgery, Orthodontics, Pediatric Dentistry, Periodontology, Prosthodontics. These residents must complete all the requirements for admission to the dental advanced education programs and have been accepted to these programs by the criteria established by the advanced dental education program faculty.

## Doctor of Philosophy

The Doctor of Philosophy degree in craniofacial biology is awarded under the jurisdiction of the Graduate School. Students should also refer to the Requirements for Graduation section, page 86, and the Graduate School section of this catalogue for general regulations, page 97. All courses applied toward the degree must be courses accepted by the Graduate School.

This program is designed to provide health science-oriented training for the professional with interests in academic, as well as clinical, aspects of craniofacial biology.

### New Student Orientation Committee

All new students seeking Master of Science and/or Doctor of Philosophy degree objectives will be assigned to an orientation committee. This committee will function to advise and guide new students through their first semester. Thereafter, each student will identify a mentor and assemble a guidance committee.

### Guidance Committee

During the second semester of study each graduate student should select a guidance committee. The guidance committee must include five faculty members who will be of assistance in the student's education. The student's mentor will serve as chair of the guidance committee. One committee member must be a USC faculty member from outside the program. The graduate program director will be *ex officio* a member of all guidance committees.

The guidance committee will monitor the student's progress, recommend readings or additional training, and determine when the student is ready for the qualifying examination. It is the student's responsibility to meet with the guidance committee at least once during every semester of each academic year. The results of these formal meetings should be summarized by the student in a written statement and submitted to the program director each semester.

### Screening Procedure

As soon as the student has satisfactorily completed the core courses and selected the committee, a screening meeting with the guidance committee should be called. The screening procedure may consist of an oral examination; the student will outline his research progress and be examined on academic development. The committee may recommend that the student take specific additional course work and that readings in certain areas be initiated to remedy deficiencies. A brief report will be given to the student and included in his or her file. The student will meet with the committee each semester; they shall agree when the student is prepared to take the qualifying examination in the next semester or if the student should resign or be dropped from the program.

### Course Requirements

A total of 60 units is required for the Ph.D. Eight didactic courses at the graduate level are required. The core required CBY courses are CBY 574, CBY 579L, CBY 585 and CBY 587.

The remaining graduate-level courses may be selected from courses offered by any department, following consultation with the graduate mentor and graduate program director. It is highly recommended that Ph.D. students take the PIBBS core curriculum on the Health Sciences Campus. Students must achieve a 3.0 GPA or better in their course work. Students with a Doctor of Dental Surgery or other professional degree may be granted waivers for having completed equivalent course work.

It is the student's responsibility to obtain from the Graduate School the Request for Permission to Take the Ph.D. Qualifying Examination form which must be signed by all committee members. This form must be completed 60 days before the qualifying examination.

## Continuing Education

The Office of Continuing Education provides education courses, participation programs and national and international symposia in many areas of the dental profession. These educational activities are designed to offer updated and innovative concepts to dentists, dental hygienists, dental technicians and auxiliary personnel, and to provide the dental community with the opportunity for lifelong learning from outstanding scholars. In addition, the courses fulfill continuing education requirements of the California Board of Dental Examiners for relicensure of

### Qualifying Examination

The Ph.D. qualifying examination is offered during the fall or spring semesters. A written examination will cover specific subject areas of the core curriculum, as well as topics selected by the guidance committee. After successfully completing all parts of the written examination, the student will prepare and submit an original research proposal to the guidance committee which presents, in National Institutes of Health (NIH) format, the student's proposed dissertation research. If the submitted proposal is acceptable, an oral examination will be conducted. This examination will include a defense of the proposal and could also include material from the written examination and related topics. A student failing any part of the examination may be allowed one additional opportunity to pass that portion, at the

discretion of the guidance committee, within the regulations of the Graduate School governing the repetition of qualifying examinations.

### Dissertation

The doctoral dissertation is to focus upon an original research problem which reflects the creative scholarly abilities of the candidate and contributes to the general advancement of biological understanding, as well as to an understanding of the theoretical basis of disease and its treatment.

### Defense of the Dissertation

An oral examination on a rough or final copy of the dissertation is conducted within one month following submission of the manuscript to the committee.

dentists and auxiliaries. The Ostrow School of Dentistry of USC is a recognized American Dental Association (ADA) and a Continuing Education Recognition Program (CERP) provider.

Courses are given at regular intervals in the various subjects of dentistry: oral health, dental esthetics, oral medicine, physical diagnosis, dental materials, dental laboratory techniques, dental management, endodontics, periodontics, implants, oral surgery, restorative dentistry, fixed and removable prosthodontics, instrumentation, occlusion, oral pathology,

dental hygiene, dental auxiliary education, patient education, pharmacology, principles of dental practice, radiology, sedation and emergencies.
