Units: 2 Provide students with the opportunity to gain a greater in-depth understanding of the key issues and legal questions that arise in international business dispute resolution. Prerequisite: LAW 817 Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 627 Business Planning
Units: 3, 4 Covers each phase of the structuring, formation, financing and operation of a new media enterprise. Instruction Mode: Lecture Grading Option: Numeric

LAW 628 Real Estate Finance Problems
Units: 1 Terms Offered: Sp Selected problems to supplement LAW 629. Corequisite: LAW 629. Instruction Mode: Lecture Grading Option: Numeric

LAW 606 Money in Politics
LAW 629 Real Estate Law and Business II (Finance and Development)  
Units: 2, 3, 4  
Terms Offered: FaSp  
A survey of the major types of financing used for real estate and the basic techniques used to make real estate investment and financing decisions. Recommended Preparation: LAW 605  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 630 Mediation Clinic I  
Units: 2, 3, 4  
Terms Offered: FaSpSm  
Students receive the training required to become professional mediators for civil cases in the L.A. County Superior Court, and mediate these cases.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 631 Mediation Clinic II  
Units: 2, 3, 4  
Continuation of LAW 630. Prerequisite: LAW 630.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 632 Business for Lawyers  
Units: 2, 3, 4  
This course introduces law students to the tools, concept, and language of business. It is premised on the belief that to excel as a business lawyer, one must understand the business world from the perspective of the clients one counsels and assists. The course will cover, in compressed form, the basic subjects from the MBA program which are most useful to lawyers.  
Registration Restriction: Open only to Law students  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 634 Legal Analysis of Evidence  
Units: 2, 3, 4  
Instruction Mode: Lecture  
Grading Option: Credit/No Credit

LAW 635 Employment Discrimination Law  
Units: 2, 3, 4  
Examines the regulation of employment discrimination under federal law. Pays primary attention to issues of race, sex, age and disability discrimination.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 636 Labor Law  
Units: 3 or 4  
The interrelation of labor, business, and government in collective bargaining, federal regulation of union and management practices and pressures, especially through the Taft-Hartley Act.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 637 International Trade Policy  
Units: 1, 2, 3, 4  
Examination of the institutions and laws that regulate international economic relations. Students will be introduced to the major international agreements and national laws that regulate international trade goods, services and capital.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 638 Topics in Alternative Dispute Resolution  
Units: 2, 3, 4  
Max Units: 6.0  
Terms Offered: Sp  
Examines selected topics in negotiation, mediation, or alternative dispute resolution. May be repeated with permission of the instructor as topics vary.  
Instruction Mode: Lecture  
Grading Option: Credit/No Credit

LAW 639 Law and Literature  
Units: 1, 2, 3, 4  
Max Units: 8.0  
Selected topics in law and literature.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 641 Commercial Law  
Units: 2 or 4  
Commercial transactions involving secured financing (other than land). Government regulation of such sales and borrowing through Article 9 of the Uniform Consumer Credit Code and other recent legislation.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 642 Secured Transactions  
Units: 2, 3, 4  
This is a course on Chattel paper and secured transactions involving personal property under Article 9 of the Uniform Commercial Code and some related bodies of law.  
Instruction Mode: Lecture  
Grading Option: Numeric

LAW 643 Securities Fraud Litigation

LAW 661 National Security Law
Units: 2, 3, 4 Examination of the nature of United States’ national security law, focusing on how it is created, violated and enforced. Instruction Mode: Lecture Grading Option: Numeric

LAW 662 Public International Law
Units: 3, 4 Principles of international law involving relations among governments. The function of international tribunals and organizations. Instruction Mode: Lecture Grading Option: Numeric

LAW 663 Jessup Moot Court Briefs
Units: 1, 2, 3 Max Units: 6.0 Terms Offered: FaSp Preparation of briefs in approved moot court competitions, such as national and state prize rounds (other than Hale Moot Court Program). Registration Restriction: Open only to law students. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 664 Art Law
Units: 2 or 3 Provides an overview, often from a litigation perspective, of legal issues affecting artworks and cultural property. Instruction Mode: Lecture Grading Option: Numeric

LAW 665 Art Law
Units: 2 or 3 Provides an overview, often from a litigation perspective, of legal issues affecting artworks and cultural property. Instruction Mode: Lecture Grading Option: Numeric

LAW 666 Hale Moot Court Brief
Units: 2 Invitation-only course offered to second-year students as part of the Hale Moot Court Honors Program. Students write an appellate brief. Open only to students in JD program (including dual degrees). Instruction Mode: Lecture Grading Option: Numeric

LAW 667 Hale Moot Court Brief
Units: 2 Invitation-only course offered to second-year students as part of the Hale Moot Court Honors Program. Students present an oral argument and judge first-year student rounds. Prerequisite: LAW 667. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 668 Hale Moot Court Oral Advocacy
Units: 1 Terms Offered: Sp Invitation-only course for students in the Hale Moot Court Honors Program. Students present an oral argument and judge first-year student rounds. Prerequisite: LAW 667. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 669 Moot Court Supervision
Units: 1 Invitation only course offered to second-year students as part of the Hale Moot Court Honors Program. Students write an appellate brief. Open only to students in JD program (including dual degrees). Instruction Mode: Lecture Grading Option: Numeric

LAW 670 Advanced Moot Court Oral Arguments
Units: 1, 2, 3 Max Units: 3.0 Terms Offered: Sp. Preparation of oral arguments in approved moot court competitions, such as national and state prize rounds (other than Hale Moot Court Program). Registration Restriction: Open only to law students. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 671 Advanced Moot Court Briefs
Units: 1, 2, 3 Terms Offered: Sp Preparation of briefs in approved moot court competitions, such as national and state prize rounds (other than Hale Moot Court Program). Instruction Mode: Lecture Grading Option: Numeric

LAW 672 Jessup Moot Court Briefs
Units: 1, 2, 3 Terms Offered: Fa Students prepare for competition by writing a brief on the issues in a problem that is the basis for the Jessup International Moot Court Competition. Participation is by faculty selection only. Instruction Mode: Lecture Grading Option: Numeric

LAW 673 Deal Strategy, Structure and Negotiation
Units: 4 Examines the legal and business skills, concepts and practices, involved in structuring, drafting and negotiating financing, production and distribution deals in the entertainment industry. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 674 Advanced Secured Transactions Workshop
Uns: 1 Provides hands-on experience in the various tasks typically required in structuring, documenting and closing a personal property secured transaction. Corequisite: LAW 642. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 675 Mental Health Law**
Units: 2, 3, 4 Studies the important issues at the intersection of law and psychology/psychiatry, both civil and criminal. Instruction Mode: Lecture Grading Option: Numeric

**LAW 678a Review of Law and Social Justice Staff**
Units: 1, 2, 3, 4 Writing, source-checking, and preliminary editing of articles and comments for publication in the Review of Law and Social Justice. For second-year students serving as staff members on the Review. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**LAW 678b Review of Law and Social Justice Staff**
Units: 1, 2, 3, 4 Writing, source-checking, and preliminary editing of articles and comments for publication in the Review of Law and Social Justice. For second-year students serving as staff members on the Review. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 679 Review of Law and Social Justice Writing**
Units: 1, 2, 3, 4 Max Units: 4.0 Writing, source-checking, and preliminary editing of articles and comments for publication in the Review of Law and Social Justice. Instruction Mode: Lecture Grading Option: Numeric

**LAW 680a Review of Law and Social Justice Editing**
Units: 1, 2, 3 Supervision of research and writing, and final editing of articles and comments for publication in the Review of Law and Social Justice. For officers of the Review. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**LAW 680b Review of Law and Social Justice Editing**
Units: 1, 2, 3, 4 Supervision of research and writing, and final editing of articles and comments for publication in the Review of Law and Social Justice. For officers of the Review. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 681 Analytical Methods for Lawyers**
Units: 2, 3, 4 Teaches important business and economic concepts that will assist with problems lawyers in every practice area routinely encounter. Instruction Mode: Lecture Grading Option: Numeric

**LAW 682 Jessup Moot Court Oral Arguments**
Units: 1 Terms Offered: Sp Students prepare oral arguments on the issues in a problem that is the basis for the Jessup International Moot Court competition. Participation is by faculty selection only Prerequisite: LAW 672. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 683 Client Interviewing and Counseling**
Units: 2, 3 Terms Offered: FaSp Introduction to a practice-oriented approach to interviewing and counseling clients. Enables students to develop a useful framework for effectively interviewing and representing clients. Instruction Mode: Lecture Grading Option: Numeric

**LAW 684 Suing the Government**
Units: 2, 3, 4 Terms Offered: FaSp Deals with suits against federal and state governments. Intended for aspiring government workers or representatives of plaintiffs who sue a government official or entity. Instruction Mode: Lecture Grading Option: Numeric

**LAW 685 Civil Discovery**
Units: 2, 3, 4 Focuses on the discovery phase of pre-trial litigation and many of the skills new lawyers are called upon to use right out of law school. Instruction Mode: Lecture Grading Option: Numeric

**LAW 686 Civil Rights: The Enforcement of the Constitution**
Units: 3 Gives students operational significance to the abstractions presented in the Constitutional Law courses by investigating civil rights litigation. Instruction Mode: Lecture Grading Option: Numeric

**LAW 690 Entertainment Law in Practice**
Units: 2 Develops legal, analytical, and client management skills required to represent entertainment industry clients in all areas of the entertainment industry. Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

**LAW 697 Foreign Relations and National Security Law**
Units: 2, 3, 4 Terms Offered: FaSp This course will examine the statutory, constitutional, and international legal structures that form the base of American diplomacy. Instruction Mode: Lecture Grading Option: Numeric

Units: 1, 2, 3, 4 Terms Offered: FaSp Explores law’s response to questions of sex discrimination and gender identity and expression, with emphasis upon legal issues facing transgender and intersex persons. Instruction Mode: Lecture Grading Option: Numeric

LAW 758 Identity Categories  
Units: 2, 3, 4 Terms Offered: FaSp Drawing on feminist legal theory, critical race theory, and lesbian/gay/bisexual and queer theory, this seminar will explore the treatment of identity categories in United States law. Instruction Mode: Lecture Grading Option: Numeric

LAW 760a Interdisciplinary Law Journal Staff
INTERDISCIPLINARY LAW JOURNAL STAFF
Units: 1 or 2 Terms Offered: FaSp Source-checking and preliminary editing of articles and comments for publication in the Interdisciplinary Law Journal. For third-year students serving as staff members on the Journal. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LAW 760b Interdisciplinary Law Journal Staff
Units: 1 or 2 Terms Offered: FaSp Source-checking and preliminary editing of articles and comments for publication in the Interdisciplinary Law Journal. For third-year students serving as staff members on the Journal. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 761 Interdisciplinary Law Journal Writing
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSp Students will write journal notes as members of the Interdisciplinary Law Journal. Instruction Mode: Lecture Grading Option: Numeric

LAW 762a Interdisciplinary Law Journal Editing
Units: 1, 2, 3 Terms Offered: FaSp Supervision and final editing of articles and comments for publication in the Interdisciplinary Law Journal. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LAW 762b Interdisciplinary Law Journal Editing
Units: 1, 2, 3 Terms Offered: FaSp Supervision and final editing of articles and comments for publication in the Interdisciplinary Law Journal. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 763 Federal Courts: The Federal System II
Units: 3, 4, 5 Terms Offered: FaSpSm Problems of adjudication in a federal system. Allocation of authority between federal and state courts and among Congress, the Executive and the Courts; choice of federal and state law; jurisdiction of federal courts and significant rules of practice. Instruction Mode: Lecture Grading Option: Numeric

LAW 764 International Business Transactions
Units: 3 or 4 Survey of legal aspects of international trade and investment transactions, including tax considerations. Instruction Mode: Lecture Grading Option: Numeric

LAW 765 Topics in Intellectual Property Law
Units: 1, 2, 3, 4 Analyzes selected contributions to intellectual property scholarship and explores some challenging problems in contemporary intellectual property law. Instruction Mode: Lecture Grading Option: Numeric

LAW 766 Writing for Publication Seminar
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Special seminars to provide a forum for students who wish to produce a paper for academic publication to receive guidance and feedback. Instruction Mode: Lecture Grading Option: Numeric

LAW 767a Law Review Staff I
Units: 1 or 2 Writing, source-checking, and preliminary editing of articles and comments for publication in the Southern California Law Review. For second-year students serving as staff members on the Review. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LAW 767b Law Review Staff I
Units: 1 or 2 Writing, source-checking, and preliminary editing of articles and comments for publication in the Southern California Law Review. For second-year students serving as staff members on the Review. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 768 Law Review Writing
Units: 1, 2, 3, 4 Max Units: 4.0 Writing, source-checking and preliminary editing of articles and comments for publication in the Southern California Law Review. Instruction Mode: Lecture Grading Option: Numeric

LAW 769a Law Review Editing
Units: 1, 2, 3 Terms Offered: FaSp Supervision of research and writing, and final editing of articles and comments for publication in the Southern California Law Review. For officers of the Review. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LAW 769b Law Review Editing
Units: 1, 2, 3 Terms Offered: FaSp Supervision of research and writing, and final editing of articles and comments for publication in the Southern California Law Review. For officers of the Review. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 770 Technology Transactions
Units: 2 Provides students with the foundation for advising clients on transactions involving patents, trade secrets and other technology-related rights. Instruction Mode: Lecture Grading Option: Numeric

LAW 771 Intellectual Property and Technology Law Clinic I
Units: 2, 3, 4, 5 Terms Offered: Fa Provides law students with the ability to represent clients (under the supervision of the professor) in cutting-edge issues of intellectual property and technology law. Co-requisite: LAW 772 or LAW 841. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 772 Intellectual Property
Units: 2 or 3 The protection of intellectual property and encouragement of creativity. Explores copyright, trademarks, patents, and selected state law theories. Instruction Mode: Lecture Grading Option: Numeric

LAW 773 Internet Law
Units: 2, 3, 4 Terms Offered: Fa Integration of cyberspace and the Internet into existing legal structures. Topics include: First Amendment issues; intellectual property, privacy and child protection; criminal activity and governance and jurisdictional activities. Instruction Mode: Lecture Grading Option: Numeric

LAW 775 Immigration Law
Units: 2, 3, 4, 5 The development of immigration law to its present state. Instruction Mode: Lecture Grading Option: Numeric

LAW 776 Immigration Clinic I
Units: 2, 3, 4, 5 Terms Offered: FaSpSm Students represent clients before Immigration and Customs Enforcement, the Immigration Court, and certain law enforcement agencies in cases including applications for relief under the Violence Against Women Act, for asylum, and for relief against deportation. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 777 Administrative Law and Regulatory Policy
Units: 1, 2, 3 Legal principles subject to judicial control and the alternative ways in which agencies can be organized
to serve their purposes. Instruction Mode: Lecture Grading Option: Numeric

**LAW 778 Sales**
Units: 2, 3, 4 Terms Offered: FaSp Analysis of the buying and selling of goods both in domestic and international transactions with a heavy focus on Article 2 of the Uniform Commercial Code. Instruction Mode: Lecture Grading Option: Numeric

**LAW 779 Regulated Industries**
Units: 2, 3, 4 Provides students with an understanding and an appreciation of regulated industries. Instruction Mode: Lecture Grading Option: Numeric

**LAW 780 Intellectual Property and Technology Law Clinic II**
Units: 2, 3, 4, 5 Terms Offered: FaSpSm Continuation of LAW 771. Instruction Mode: Lecture Grading Option: Numeric

**LAW 781 Clinical Internship/Externship I**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 Terms Offered: FaSpSm A clinical internship or judicial externship allows a student to gain hands-on legal experience in legal settings. Students will be assigned to a legal services program, government agency, or state or federal judge under faculty supervision. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 782 Clinical Internship/Externship II**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 Terms Offered: FaSp Advanced clinical training/externship. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 783 General Counsel Practicum**
Units: 1, 2 Max Units: 8.0 Students will work under the direction of an experienced attorney in a general counsel's office. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 784 Theories of International Law**
Units: 2, 3, 4 Explores theories of international law, examining classical and modern ideas of international legal obligations. Students develop their own intellectual structures for explaining international norms. Instruction Mode: Lecture Grading Option: Numeric

**LAW 786 Core Competencies for Litigators**
Units: 3 An introduction to the various approaches and techniques litigators use when interviewing, counseling, negotiating, and analyzing facts. Instruction Mode: Lecture Grading Option: Numeric

**LAW 787 International Sales of Goods**
Units: 2, 3, 4 Instruction Mode: Lecture Grading Option: Numeric

**LAW 791 Law and Society**
Units: 2, 3, 4 Examines where the law comes from, how it operates in society, and how it shapes and is shaped by competing social, economic, and political institutions. Instruction Mode: Lecture Grading Option: Numeric

**LAW 792 Law and Philosophy**
Units: 2, 3, 4 Max Units: 8.0 Examination of the best scholarly work currently done by legal, moral and political philosophers. Open only to law students. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

**LAW 793 Law and Economics Seminar**
Units: 1, 2, 3, 4 Max Units: 8.0 Key concepts and cutting-edge research in law and economics. Workshops with leading scholars from around the country. Instruction Mode: Lecture Grading Option: Numeric

**LAW 795 Law of the Political Process**
Units: 2, 3, 4 Examines the state and federal laws regulating the political process and related Constitutional issues. Instruction Mode: Lecture Grading Option: Numeric Crosslisted as PPD-795

**LAW 796 Immigration Clinic II**
Units: 2, 3, 4, 5 Terms Offered: Sp Continuation of LAW 776. Enrollment restricted to law students. Prerequisite: LAW 776. Instruction Mode: Lecture Grading Option: Numeric

**LAW 797 Public Policy in Law: Analysis and Advocacy**
Units: 1, 2, 3, 4 Focuses on contemporary policy problems, identifies relevant legal issues and utilizes multidisciplinary techniques found in law, political science, economics and history to formulate positions. Instruction Mode: Lecture Grading Option: Numeric Crosslisted as PPD-797

**LAW 798 Law, Mental Health and Ethics**
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Focuses on one or two topics per year at the intersection of law, mental health and ethics and explores them from an interdisciplinary perspective. Instruction Mode: Lecture Grading Option: Numeric

**LAW 801 Venture Capital Law and Finance**
Units: 2, 3 Introduces students to the unique legal and financial aspects of the venture capital industry and the skills needed to represent entrepreneurs and venture capital investors. Prerequisite: LAW 603. Corequisite: LAW 681 or LAW 719. Registration Restriction: Open only to Law majors Instruction Mode: Lecture Grading Option: Numeric

**LAW 802 Psychology for Lawyers**
Units: 2, 3 Explores students to the psychological research on cognitive errors and biases that threaten to compromise a lawyer's performance. Also examines ethical issues and professional happiness. Instruction Mode: Lecture Grading Option: Numeric

**LAW 808 Medical-Legal Community Partnership Seminar and Practicum**
Units: 1, 2, 3, 4 Medical and law students, in conjunction with public policy advocates, work together to identify and improve health outcomes for vulnerable populations. Instruction Mode: Lecture Grading Option: Numeric

**LAW 809 Deposition Strategies and Techniques**
Units: 2, 3 Emphasizes strategies and tactics in asking and objected to questions at a deposition in a civil case. Students will conduct mock depositions. Instruction Mode: Lecture Grading Option: Numeric

**LAW 810 Patent Law**
Units: 3, 4 Terms Offered: Sp Patent laws, litigation, and the process of prosecuting the patent application. The concept of invention and ownership of rights under patents. Instruction Mode: Lecture Grading Option: Numeric
LAW 811 Health Law and Policy
Units: 2, 3, 4 Explores the statutes and regulations that govern the health care system and the policies that shape its development. Instruction Mode: Lecture Grading Option: Numeric

LAW 812 Patent Litigation
Units: 3 Terms Offered: Fa Provides students with a deep immersion into federal court litigation, with a focus on effective oral and written advocacy in the context of patent litigation. Instruction Mode: Lecture Grading Option: Numeric

LAW 813 Arbitration in the United States
Units: 3 Introduces students to the range of issues addressed by the Federal Arbitration Act and state arbitration laws. Instruction Mode: Lecture Grading Option: Numeric

LAW 814 Current Issues in Alternative Dispute Resolution
Units: 1 Examines the current issues and topics that practitioners face when seeking to resolve conflicts with the help of ADR. Instruction Mode: Lecture Grading Option: Numeric

LAW 815 Deals
Units: 3, 4 Examines the collaboration between business people aiming to accomplish a goal and lawyers translating their business objectives into contract language to achieve the goal. Instruction Mode: Lecture Grading Option: Numeric Crosslisted as FBE-515

LAW 816 Dealmaking in the Entertainment Industry
Units: 1, 2 Examines the major components of deals in the entertainment industry, and provides students the opportunity to learn real-world negotiating skills in the process. Instruction Mode: Lecture Grading Option: Numeric

LAW 817 International Arbitration
Units: 3 Examines methods of dispute resolution used in other countries and compares them to those employed in the United States. Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 819 ADR Ethics
Units: 1, 2 Provides law students, lawyers and professional neutrals with an in-depth examination of the rules guiding our behavior in various dispute resolution processes. Registration Restriction: Open only to law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 820 Pretrial Advocacy
Units: 3 or 4 Examines conceptual and practical aspects of interviewing, counseling, negotiation, settlement, drafting, and formal advocacy in the handling of legal cases. Instruction Mode: Lecture Grading Option: Numeric

LAW 821 Trial Advocacy
Units: 3 or 4 Terms Offered: FaSp Examines decision-making by counsel in the litigation of cases. Emphasis is given to decisions involving tactics and strategies and their implications for the functioning of legal institutions and substantive doctrine. Extensive use of simulated trial practice exercises. Instruction Mode: Lecture Grading Option: Numeric

LAW 822 Alternative Dispute Resolution Clause Drafting
Units: 1 Explores a variety of contract provisions, and teaches students the important drafting skills necessary to achieve a client's goal. Instruction Mode: Lecture Grading Option: Numeric

LAW 823 Statutory Interpretation
Units: 2 or 3 Examines the change and evolution of law to discover its political roots and the ways policy making branches work to make and implement law. Instruction Mode: Lecture Grading Option: Numeric

LAW 824 Arbitration Advocacy
Units: 1, 2 Helps students understand the basic approaches to preparing and presenting cases in the arbitration context. Registration Restriction: Open only to Law School students. Instruction Mode: Lecture Grading Option: Numeric

LAW 825 International Arbitration Competition
Units: 1, 2, 3 Max Units: 6 Covers basic aspects of international commercial arbitration and prepares a USC Law School team for participation in the Willem C. Vis International Commercial Arbitration Moot. Instruction Mode: Lecture Grading Option: Numeric

LAW 826 Employment Dispute Mediation
Units: 1 Provides hands-on experience in mediation of the complex issues of disability, wage and hour, sex and sex harassment, age, race, religion, and national origin. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 827 Counseling the Startup Company
Units: 2, 3, 4 Terms Offered: Sp Role of the attorney in startup firms: business plan, employment agreements, lease, stock option plan, financing documents and distribution and strategic partnership arrangements. Instruction Mode: Lecture Grading Option: Numeric

LAW 828 Mediation Advocacy
Units: 3 Introduces students to the process of mediation, explores the philosophical approaches to mediation and different styles of mediating, develops a working knowledge of the stages of mediation, and cultivates students' skills to become effective advocates throughout each stage of the process. Instruction Mode: Lecture Grading Option: Numeric

LAW 829 Cross-Cultural Dispute Resolution
Units: 2 Brings an international perspective to understanding the impact of culture in the most commonly used international and domestic dispute resolution practices (negotiation, mediation, and arbitration). Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 833 Labor Arbitration
Units: 2 Introduces students to the National Labor Relations Act, collective bargaining and the labor arbitration process. Students also prepare labor arbitration briefs. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 835 Transactional Due Diligence
Units: 1 Prepares students to handle due diligence projects at the level of a first-year or second-year transactional associate through hands-on, practical training. Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 837 Diversity: Legal and Social Perspectives
Units: 2, 3 Examine legal and social perspectives on the concept of diversity. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 838 Patent Drafting and Prosecution
Units: 3 Students learn how to prepare and prosecute U.S. patent applications, as well as an overview of design and foreign patent prosecution. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 839 Advanced Copyright Law
Units: 2, 3, 4 Study of federal copyright law, analysis of property rights and interests created thereunder. Manner in which these rights can be exploited in the various entertainment media. Prerequisite: LAW 772 or LAW 841. Instruction Mode: Lecture Grading Option: Numeric

LAW 840 Copyright and Fictional Characters
Units: 2, 3, 4 Involves the treatment of fictional characters by the courts and in new media and the fundamental copyright concepts that have shaped that treatment. Instruction Mode: Lecture Grading Option: Numeric

LAW 841 Copyright, Trademark and Related Rights
Units: 3 An introductory survey of statutory and case law, and underlying policy issues, concerning copyright, trademark and certain related legal rights. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 842 Partnership Taxation
Units: 2, 3, 4 Instruction Mode: Lecture Grading Option: Numeric

LAW 843 Tax Policy Seminar
Units: 2, 3, 4 Students will write and present papers discussing topics in tax policy. Instruction Mode: Lecture Grading Option: Numeric

LAW 846 Mathematical Modeling of Law and Society
Units: 2, 3, 4 Explores the use of mathematical modeling as a way of describing the dynamic relationships between legal regulation and the social behavior that law regulates. Instruction Mode: Lecture Grading Option: Numeric

LAW 847 Refugee and Forced Migration Law
Units: 2, 3, 4 Examines refugee law and forced migration, including the causes and consequences of forced migration and the responses to forced migration. Instruction Mode: Lecture Grading Option: Number

LAW 849 International Human Rights Clinic I
Units: 4, 5 Students work under close faculty supervision on cases and projects that involve the application of international law to address human rights violations. Instruction Mode: Lecture Grading Option: Numeric

LAW 850 International Human Rights Clinic II
Units: 4 or 5 Continuation of the International Human Rights Clinic. Prerequisite: LAW 849. Instruction Mode: Lecture Grading Option: Numeric

LAW 851 Topics in Criminal Law and Criminology
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Selected topics in criminal law or criminology. May be repeated with permission of the instructor as topics vary. Instruction Mode: Lecture Grading Option: Numeric

LAW 854 Legal Design Lab
Units: 3 Students work in teams to develop innovative ways of addressing shortcomings in our legal systems to improve access, quality, efficiency and global integration and prosperity. Instruction Mode: Lecture Grading Option: Numeric

LAW 855 Topics in Maritime and Admiralty Law
Units: 2, 3, 4 Max Units: 6.0 Terms Offered: FaSp Taught in honor of James Ackerman, USC Law graduate of 1948, this class examines selected topics in maritime and admiralty law. May be repeated with permission of the instructor as topics vary. Instruction Mode: Lecture Grading Option: Numeric

LAW 856 Transnational Human Rights Litigation
Units: 1, 2, 3, 4 Terms Offered: Fa Provides an introduction to the legal and political issues raised by cases involving international human right violations. Instruction Mode: Lecture Grading Option: Numeric

LAW 857 Legal Design Challenge
Units: 2 Students develop a proposal in response to the call for solutions to global supply chains problems from the Hague Institute for the Internationalisation of Law. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 859 Communications Law: Internet, Television and Other Media
Units: 2, 3, 4 Terms Offered: FaSpSm Concentrates on the regulation of broadcast television, cable television, telephone, and spectrum management. Instruction Mode: Lecture Grading Option: Numeric

LAW 860 International Criminal Law
Units: 4 Covers the prosecution, trial and punishment of individuals suspected of crimes considered among the most serious violations of international humanitarian and human rights law. Instruction Mode: Lecture Grading Option: Numeric

LAW 861 International Law Seminar
Units: 2, 3 Max Units: 6.0 Terms Offered: Sp Investigation of selected problems of international law. May be repeated with permission of the instructor as topics vary. Instruction Mode: Lecture Grading Option: Numeric

LAW 862 Iraqi Refugee Assistance Project Seminar
Units: 1, 2, 3, 4 Max Units: 8.0 Formally instructs students on U.S. and international refugee law and policy regarding the Iraqi refugee humanitarian crisis. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 863 International Negotiations and Mediation
Units: 2, 3, 4 Introduction to negotiation and mediation from an international perspective. Development of essential skills for effective client representation in negotiation and mediation. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 864 International Insolvency
Units: 1, 2, 3, 4 Deals with multi-jurisdictional insolvency. Examines the insolvency laws of several different countries as well as Chapter 15 of the U.S. Bankruptcy Code and other issues. Instruction Mode: Lecture Grading Option: Numeric

LAW 865 Legislative Policy Practicum
Units: 3 Provides students with an opportunity to participate in realworld advocacy on juvenile justice issues. Instruction Mode: Lecture Grading Option: Numeric

**LAW 866 Counterterrorism, Privacy and Civil Liberties**
Units: 2, 3, 4 Terms Offered: FaSpSm Explores the spectrum of interrelated legal and policy issues known as "homeland security" since the events of September 11, 2001. Instruction Mode: Lecture Grading Option: Numeric

**LAW 867 Corporate Fraud**
Units: 2, 3, 4 Terms Offered: FaSpSm Introduces law students to the real world issues of major civil and criminal corporate fraud. Instruction Mode: Lecture Grading Option: Numeric

**LAW 868 Business Enterprise Taxation**
Units: 2, 3, 4 Terms Offered: Examinations of the taxation of corporations, partnerships, and limited liability companies. Instruction Mode: Lecture Grading Option: Numeric

**LAW 869 Family Law Mediation Clinic**
Units: 4 Teaches the skills and substantive area of the law necessary to successfully mediate cases in the Edelman Children's courthouse in Monterey Park. Prerequisite: LAW 630. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

**LAW 870 Legal Writing Fellows**
Units: 1, 2, 3, 4 Max Units: 7.0 Terms Offered: FaSpSm Assist in teaching writing and advocacy. Responsibilities include helping prepare lesson plans and drafting writing assignments and sample answers; leading class exercises; and judging first-year moot court practice rounds. Instruction Mode: Lecture Grading Option: Credit/No Credit

**LAW 871 First Amendment**
Units: 2, 3, 4 Terms Offered: FaSp Freedom of expression (political speech, symbolic expression, obscenity, commercial speech, defamation), rights of access to the media, religious protection and prohibition of establishment of religion. Instruction Mode: Lecture Grading Option: Numeric

**LAW 872 Advanced Legal Writing and Advocacy: Appellate Advocacy**
Units: 1, 2, 3, 4 Terms Offered: FaSp Students will research, write, and rewrite an appellate brief and may work on motions and oral advocacy as well. Instruction Mode: Lecture Grading Option: Numeric

**LAW 873 Judicial Opinion Writing**
Units: 2, 3, 4 Students write a majority opinion and a dissenting opinion based on cases pending before the U.S. Supreme Court. This is a writing-intensive course. Instruction Mode: Lecture Grading Option: Numeric

Units: 3 Analysis of plant and animal distribution in urban landscapes. Exploration of major threats to urban biodiversity and nature conservation controversies and successes. Instruction Mode: Lecture Grading Option: Letter

**LBST 520 Tradition and the Modern World**
Units: 3 Studies the continuing interplays between tradition and novelty; between locale and globalization; and between heritage and post-modernity with a focus on a specific locale. Instruction Mode: Lecture Grading Option: Letter

**LBST 525 The Revolution That Made America**
Units: 3 Ideas and politics of the world's first modern revolution, which transformed 13 colonies into a nation. Instruction Mode: Lecture Grading Option: Letter

**LBST 527 Information Systems From Libraries to the Internet**
Units: 3 History and sociology of information systems. Philosophical and literary implications of writing, archives, libraries, printing, and publishing from the ancient world to the Internet age. Instruction Mode: Lecture Grading Option: Letter

**LBST 530 Portraits of Leadership**
Units: 3 Analysis of different forms of cultural leadership in their historical, literary, and philosophical context. Instruction Mode: Lecture Grading Option: Letter

**LBST 531 The Hero/Heroine in History**
Units: 3 Analysis of major agency in history and whether individual men and women are capable of altering the course of history by their actions. Instruction Mode: Lecture Grading Option: Letter

**LBST 532 Ideas on Trial**
Units: 3 Examination of great trials in history as indicators of changing social and cultural attitudes. Instruction Mode: Lecture Grading Option: Letter

**LBST 535 Great Works, Great Challenges**
Units: 3 Analysis of works of literature, drama, and poetry and their relationship to their historical contexts. Instruction Mode: Lecture Grading Option: Letter

**LBST 537 Empire and Social Reform in America 1890–1917**
Units: 3 Analysis through literary and historical texts of American public life, culture, and social justice during the era of U.S. ascendency as a world power. Instruction Mode: Lecture Grading Option: Letter

**LBST 540 Hell, Purgatory, and Paradise: Dante's Divine Comedy**
Units: 3 In-depth reading and analysis of Divine Comedy, in order to develop appreciation for changing values from medieval to Renaissance and contemporary culture. Instruction Mode: Lecture Grading Option: Letter

**LBST 541 Opera, Culture, History, and Thought**
Units: 3 Analysis of cultural, historic, philosophical, political, and literary movements and themes through the medium of opera. Instruction Mode: Lecture Grading Option: Letter

**LBST 542 The Culture of Comedy**
Units: 3 Historical and synchronic ideas of comedy. Ways in which philosophers, artists, and everyday individuals adapt in our ever-changing world. Instruction Mode: Lecture Grading Option: Letter

**LBST 544 Representations of Los Angeles**
Units: 3 Study of literary, artistic and/or dramatic expressions of Los Angeles and its inhabitants in modern and historical literature, art, photography, film, television, and architecture. Instruction Mode: Lecture Grading Option: Letter

**LBST 545 Imagining the American West**
Units: 3 Explores Western myths and realities through literature, history, film, and painting. Examines why American culture places questions about national pasts and futures in the West. Instruction Mode: Lecture Grading Option: Letter

**LBST 547 Acts of Interpretation: Literature, Film, and Methodology**
Units: 3 Analysis of literature, film, and methodologies for approaching issues of interpretation, readership, and spectatorship. Examination of how interpretation varies across gender, race, class, and sexuality. Instruction Mode: Lecture Grading Option: Letter

**LBST 548 Contemporary Fiction in Social Context**
Units: 3 Terms Offered: FaSpSmn Study of novels and short stories to examine how societal pressures and cultural identity constrain individual actions, with attention to family, gender, class, ethnicity, others. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

**LBST 550 Theories and Methods of Analysis in Cultural Studies**
Units: 3 Development of cultural studies as a fast-growing area of intellectual inquiry. Case study analysis of race/ethnicity, history and memory, space, postmodernism, globalization, censorship, and originality. Instruction Mode: Lecture Grading Option: Letter

**LBST 551 Narrative Forms**
Units: 3 Max Units: 6.0 Study of narrative in literature, film, sociology, psychology and history; how narrative conventions shape humans' experience and understanding of society, past and present. Instruction Mode: Lecture Grading Option: Letter

**LBST 554 Century City: 100 Years of LA Literature and Culture**
Units: 3 Terms Offered: Fa The history of Los Angeles since 1910, using literary, historical, autobiographical, and cinematic texts to consider issues of geography, economics, race, class, gender, and sexuality. Instruction Mode: Lecture Grading Option: Letter

**LBST 555 Constructions of Childhood**
Units: 3 Analysis of the concept of childhood from its 18th-century origins. Applications of age studies, language, and cultural construction through fiction, history, film, and other media. Instruction Mode: Lecture Grading Option: Letter

**LBST 560 Effects of Traumatic Life Experiences**
Units: 3 Examination of the psychological and emotional effects of extreme trauma and survivor consequences. Instruction Mode: Lecture Grading Option: Letter

**LBST 570 Ecology of Night**
Units: 3 Explore the world of night. Human perception of the stars and the role of night in history. Impact of artificial lighting on non-human species and habitat. Instruction Mode: Lecture Grading Option: Letter

**LBST 571 Food, Fashion and Furniture: Commodities in the Global Economy**
Units: 3 Analysis of commodities from origin to consumption illustrates the global impact of everyday choices. Instruction Mode: Lecture Grading Option: Letter

**LBST 572 Controversies in Science, Medicine and Ethics**
Units: 3 Focus on how scientific developments drive ethical issues in medicine. Exploration of ethical dimensions of issues such as stem cells, genetic engineering and reproductive technology. Instruction Mode: Lecture Grading Option: Letter

**LBST 574 Advances in Genetics and Evolutionary Biology**
Units: 3 How DNA directs an organism's development and how our DNA can be "read" to understand human diversity, diseases, defects, and evolution. Instruction Mode: Lecture Grading Option: Letter

**LBST 585a Master's Project**
Units: 3 Terms Offered: FaSp A summative research project completed in consultation with the student's committee. Departmental approval. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

**LBST 585b Master's Project**
Units: 3 Terms Offered: FaSp A summative research project completed in consultation with the student's committee. Departmental approval. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

**LBST 585e Master's Project**
Library and Information Management

LIM 500 Fundamentals of Library and Information Science
Units: 3 Terms Offered: FaSpSm An overview of the history of recorded knowledge from ancient times to the digital age informed by the cultural implications of those eras. Open only to MMLIS students. Registration Restriction: Open only to Library and Information Science majors. Instruction Mode: Lecture Grading Option: Letter

LIM 501 Fundamentals of Library Leadership and Management
Units: 3 Terms Offered: FaSpSm Fundamentals of library leadership and management from past, present and future perspectives, including selected case studies. Registration Restriction: Open only to Library and Information Science majors. Instruction Mode: Lecture Grading Option: Letter

LIM 502 Collection Development and Management
Units: 3 Terms Offered: FaSpSm The development of library collections in all formats emphasizing clientele interest, usage patterns, bibliographical and Website sources. Open only to MMLIS students. Instruction Mode: Lecture Grading Option: Letter

LIM 503 Organization, Access and Retrieval of Information
Units: 3 Terms Offered: FaSpSm An overview and critical analysis of current practices of information organization, cataloguing, access and reference services, including a conceptual understanding of these skills. Open only to MMLIS students. Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 504 Research Methods in Library and Information Management
Units: 3 An overview of research methods in information management including the conceptualization of research problems, literature reviews, research design, sampling, measurement, data collection and data analysis. Open only to MMLIS students. Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 510 Academic Librarianship
Units: 3 An examination of current research and future trends in academic librarianship, emphasizing the necessary partnership among information culture and technology, academic research and instruction. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504.

Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 511 Instructional Strategies for Information Professionals
Units: 3 An overview of research in learning emphasizing the role of academic librarians as instructors and facilitators of information navigation. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 512 Instructional Technologies for Educators
Units: 3 An overview and critical analysis of past and current instructional technologies used primarily in academic libraries. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 513 Multicultural Information Perspectives
Units: 3 An examination of critical issues, theories and research in educating and serving diverse populations with an emphasis on social, cultural and linguistic imperatives. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 520 Library Information Systems Analysis and Design
Units: 3 The analysis and design of information systems from the perspectives of information theory, technology, retrievability, storage and shelf life, copyright, privacy and related issues. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 521 Database Management Systems for Information Professionals
Units: 3 An overview of and instruction in the skills required to build library and archival relational databases including data integrity, security, maintenance and extraction. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 522 Metadata and Taxonomies
Units: 3 An overview of developing and assessing metadata for digital resources including the different types of metadata schema, data dictionaries, taxonomies and emerging metadata standards. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 523 Information Delivery in the Digital Environment
Units: 3 An inventory and description of digital competencies, assessments and techniques followed by instruction, practice and testing of these competencies in simulated situations. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 530 Library Resource Management
Units: 3 An overview and assessment of planning, design, allocation and implementation of library finance and resource distribution in a variety of settings. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter
LIM 531 Global Perspectives in Librarianship
Units: 3 An investigation of the theory and practice of librarianship in the context of international approaches to knowledge creation, research, learning, information discovery and presentation. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 532 The Social Context of Information
Units: 3 An examination of information in the context of social networks, media, and other cultural structures that inform teaching, learning and research. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 533 Operations Research in Libraries
Units: 3 Overview of theory and best practices in operations research and how it can be applied in a broad range of library and other information-focused settings. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 534 Library Fundraising and Development
Units: 3 An overview of fundraising and development including the internal organization of the fundraising and development enterprise, the cultivation of donors and related issues. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 535 Information Behaviors, Ethics and Policy
Units: 3 A study of information behaviors, policies and ethics including social networks, the interactive effects of information on users, users on information. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 536 Advanced Research Methods in Library and Information Management
Units: 3 Building on LIM 504, this course provides advanced research methods and analytical techniques and the application of these skills to complex library issues. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 537 Strategic Information and Competitive Analysis
Units: 3 Terms Offered: FaSpSm Searching sophisticated for-fee and free sources of information unique to particular industry client groups, synthesizing and translating information ethically to critical intelligence. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Open only to MMLIS students. Registration Restriction: Open only to MMLIS students. Instruction Mode: Lecture Grading Option: Letter

LIM 538 Corporate and Business Librarianship
Units: 3 An examination and critical analysis of research, research and literature in corporate librarianship, including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 539 Science Librarianship
Units: 3 An examination and critical analysis of research, research and literature in science librarianship, including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 550 Social Science Librarianship
Units: 3 An examination and critical analysis of research, research and literature in social science librarianship, including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 551 Global Perspectives in Librarianship
Units: 3 An investigation of the theory and practice of librarianship in the context of international approaches to knowledge creation, research, learning, information discovery and presentation. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 552 Health Sciences Librarianship
Units: 3 An examination and critical analysis of research, research and literature in health sciences librarianship, including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 553 Cinematic Arts Librarianship
Units: 3 An examination and critical analysis of research, research and literature in cinematic arts librarianship, including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 554 Art and Museum Librarianship
Units: 3 An examination and critical analysis of resources, research and literature in art and museum librarianship including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 555 Rare Books and Manuscript
Units: 3 An examination and critical analysis of resources, research and literature in rare and special collections. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 556 Library Program Development and Evaluation
Units: 3 An overview of library program development and evaluation with an emphasis upon linking student learning outcomes to library programs. Qualitative and quantitative methods are covered. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 557 Library and Information Technologies
Units: 3 An overview of information technologies, information design and architecture (IA), information retrieval and electronic resources, computer networks, cloud technologies, data storage, web design. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 558 Research and Professional Applications
Units: 3 An overview of research and professional applications
Readings and periodicals related to Hindi communication, reading and writing short essays; intensive work in listening comprehension, oral practice, reading and writing short essays; introduction of readings and periodicals related to Hindi

**LING 210g Introduction to Linguistics**
Units: 4 Terms Offered: FaSp Words as a gateway to the human mind. How words are stored, comprehended and retrieved. How words are constructed. Words and concepts. Words and social constructs. The processing and the acquisition of words in normal and atypical children and adults. Instruction Mode: Lecture, Lab Grading Option: Letter

**LING 115w Language and Society**
Units: 4 Terms Offered: FaSp Discourse patterns among diverse social groups in institutional and interpersonal settings; interrelationships among language practices and gender, socioeconomic status, ethnicity; social structures and cultural values as reflected in language policies and practices. Instruction Mode: Lecture, Discussion Grading Option: Letter

**LING 155 Hindi II**
Units: 4 Terms Offered: Sp Continuation of LING 125. Reading of simple Hindi prose, practice in pronunciation, the grammar essential for reading comprehension and writing. Prerequisite: LING 125. Instruction Mode: Lecture Grading Option: Letter

**LING 201g Introduction to Linguistics**
Units: 4 Empirical study of the sounds and structures of human language; syntax and semantics; language change; linguistic universals. Instruction Mode: Lecture, Discussion Grading Option: Letter

**LING 255 Hindi III**
Units: 4 Terms Offered: Fa Continuation of LING 155; intensive work in listening comprehension, oral communication, reading and writing short essays; introduction of readings and periodicals related to Hindi

**LING 265s Hindi IV**
Units: 4 Terms Offered: Sp Reading of modern Hindi authors, review of grammar, composition, oral conversation, and collateral reading. Prerequisite: LING 255. Instruction Mode: Lecture Grading Option: Letter

**LING 275Lg Language and Mind**
Units: 4 Terms Offered: FaSp Language within cognitive science: speech physiology and acoustics, language acquisition, reading, language disorders, perception and mental representation of words, linguistic diversity and computer analysis of speech. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PSYC-275

**LING 285Lg Human Language and Technology**
Units: 4 Study of human linguistic competence and technologies that simulate it. Grammar, parsing, text generation; semantics, pragmatics, sense disambiguation; phonetics, speech synthesis, speech recognition. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**LING 295g The Ancient Near East: Culture, Archaeology, Texts**
Units: 4 An investigation of the peoples of the ancient Near East, focusing upon the writings which they produced, their languages and scripts, and their archaeological remains. Concurrent Enrollment: Concurrent enrollment: MDA 140. Instruction Mode: Lecture Grading Option: Letter

**LING 382 Introduction to Syntax and Semantics**
Units: 4 Terms Offered: Fa A survey of topics in syntax and semantics. Prerequisite: LING 210. Duplicates Credit in former LING 401a. Instruction Mode: Lecture Grading Option: Letter

**LING 303 Logic and Meaning in Natural Language**
Units: 4 Terms Offered: FaSp Introduction to meaning in natural language and the methods from logic applied to its study. Prerequisite: LING 210. Instruction Mode: Lecture Grading Option: Letter

**LING 307 Introduction to Speech-Language Pathology**
Units: 4 Terms Offered: FaSp Introduces the breadth of possible communication disorders with a particular focus on the duties of the professionals who assist people with these disorders. Explores both the diagnostic criteria and common interventions for disorders such as Language Impairment, stuttering, swallowing, and dementia. Recommended Preparation: LING 210 Instruction Mode: Lecture Grading Option: Letter

**LING 322g Language Contact and Language Acquisition**
Units: 4 Terms Offered: Sp The emergence of new languages, spoken and signed, in socio-historical situations, where linguistic input is degraded and insufficient to support the ordinary language acquisition process. Instruction Mode: Lecture Grading Option: Letter

**LING 325g Language and Number**
Units: 4 Terms Offered: FaSp. Analysis of the formal properties of linguistic expressions of number with the goal of understanding the structures that underlie language and numerical reasoning. Instruction Mode: Lecture, Discussion Grading Option: Letter

LING 374 Language and Society in East Asia
Units: 4 (Enroll in EALC 374)

LING 375 Sociolinguistics
Units: 4. Linguistic and cultural pluralism in the U.S.; distributional and structural characteristics of selected urban and minority dialects; the relationship between dialects and "media standard." Prerequisite: LING 210. Instruction Mode: Lecture Grading Option: Letter

LING 380 Languages of the World
Units: 4. Introduction to the world's linguistic diversity; number of languages spoken and where; grammatical structure and social function of selected languages. Instruction Mode: Lecture Grading Option: Letter

LING 385LH Human Language as Computation
Units: 4 Terms Offered: Fa. Study of language as a complex natural system that requires elaborate mental computation. Instruction Mode: Lecture, Lab Required Grading Option: Letter

LING 390 Special Problems
Units: 1, 2, 3, 4. Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

LING 401 Advanced Phonology
Units: 4. Advanced study of topics in phonology. Prerequisite: LING 301. Duplicates Credit in former LING 401b. Instruction Mode: Lecture Grading Option: Letter

LING 402 Advanced Syntax

LING 403 Advanced Semantics
Units: 4. Topics in the theory of meaning in natural language. Prerequisite: LING 302. Duplicates Credit in former LING 201. Instruction Mode: Lecture Grading Option: Letter

LING 405 Child Language Acquisition
Units: 4. Universal characteristics of child language; stages of acquisition of phonology, syntax, semantics; processes and dimensions of development; psychological mechanisms; communicative styles. Duplicates Credit in former LING 395. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC-405

LING 406 Psycholinguistics
Units: 4. Experimental and theoretical aspects of how spoken and written language is produced and understood, learned during childhood, and affected by brain damage. Prerequisite: LING 210 or PSYC 100. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC-406

LING 407 Atypical Language
Units: 4. Analysis of atypical language and language pathologies throughout the lifespan and their relevance to current linguistic and cognitive science theory. Prerequisite:
LING 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

LING 497 Honors Thesis
Units: 4 Terms Offered: FaSp Writing of the honors thesis. Registration is restricted to honors students. Instruction Mode: Lecture Grading Option: Letter

LING 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Investigation of selected topics in linguistics. Instruction Mode: Lecture Grading Option: Letter

LING 501a Experimental Methods in Linguistics
Units: 3 Univariate and bivariate statistical methods with applications to linguistic research; introduction to statistical computer packages. Prerequisite: LING 501a. Duplicates Credit in former LING 601. Instruction Mode: Lecture Grading Option: Letter

LING 501b Experimental Methods in Linguistics
Units: 3 The application of advanced multivariate statistical methods to linguistic research. Prerequisite: LING 501a. Duplicates Credit in former LING 601. Instruction Mode: Lecture Grading Option: Letter

LING 505a Seminar in Linguistics
Units: 1 Exploration of the professional world of linguistics for first semester graduate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 505b Seminar in Linguistics
Units: 1 Preparation and presentation of M.A./Ph.D. screening papers; discussion of student research. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 505c Seminar in Linguistics
Units: 1 Colloquium for presentation and discussion of student research paper. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 512 Linguistic Variation and Language Changes
Units: 3 Terms Offered: Fa Linguistic relationships among various correlates of variation: social, psychological, and chronological. Focus on dialectical, registral, and historical variation; the constraints of production and perception in different modes and situations. Instruction Mode: Lecture Grading Option: Letter

LING 513 Spanish Morphology and Phonology
Units: 3 Terms Offered: FaSp (Enroll in SPAN 513)

LING 514 Spanish Syntax
Units: 3 Terms Offered: FaSp (Enroll in SPAN 514)

LING 515 Spanish Grammar in Discourse
Units: 3 Terms Offered: FaSp (Enroll in SPAN 515)

LING 527 Second Language Acquisition
Units: 3 Terms Offered: Sp Concepts and issues in theoretical approaches to the study of non-primary language acquisition; linguistic and processing universals, language transfer, language learnability, fossilization. Instruction Mode: Lecture Grading Option: Letter

LING 530 Generative Syntax
Units: 3 Introduction to syntax; transformational-generative syntax. Instruction Mode: Lecture Grading Option: Letter

LING 531a Phonology
Units: 3 Terms Offered: Fa Traditional views of phonology; generative phonology; current developments in phonological research and theory. Instruction Mode: Lecture Grading Option: Letter

LING 531b Phonology
Units: 3 Terms Offered: Sp Traditional views of phonology; generative phonology; current developments in phonological research and theory. Instruction Mode: Lecture Grading Option: Letter

LING 532 Current Issues in Syntactic Theory
Units: 3 Original literature, focusing whenever possible on issues in comparative syntax and their implications for universal grammar. Course complements LING 530. Instruction Mode: Lecture Grading Option: Letter

LING 533 Language Universals and Typology
Units: 3 Introduction to language universals and typology. Instruction Mode: Lecture Grading Option: Letter

LING 534 Logic and the Theory of Meaning
Units: 3 An introduction to logic in preparation for advanced work in semantics and linguistic theory. Instruction Mode: Lecture Grading Option: Letter

LING 535 Syntax and Grammatical Theory
Units: 3 Terms Offered: Sp Principles and comparison of modern theories of grammar with special reference to syntax. Instruction Mode: Lecture Grading Option: Letter

LING 536 Semantics
Units: 3 Terms Offered: Sp Current linguistic approaches to the semantics of natural language; analysis of concepts of meaning and reference. Instruction Mode: Lecture Grading Option: Letter

LING 537 Advanced Syntax
Units: 3 Max Units: 9.0 Topics in advanced formal syntax; current literature leading to open questions in research; survey of important and controversial issues of current theoretical relevance. Instruction Mode: Lecture Grading Option: Letter

LING 538 Selected Topics in Romance Syntax
Units: 3 Max Units: 9.0 Terms Offered: Sp Overview of selected topics in Romance Syntax within a comparative perspective and their contribution towards the understanding of a general theory of grammar. Instruction Mode: Lecture Grading Option: Letter

LING 539 Japanese/Korean Syntax and Theoretical Implications
Units: 3 Max Units: 9.0 Critical discussion of selected papers and dissertations on Japanese/Korean syntax and consideration of their theoretical implications. Instruction Mode: Lecture Grading Option: Letter

LING 540 Field Methods in Linguistics
Units: 3 Max Units: 6.0 Terms Offered: Sp Recording and analysis of a living language as employed by a native speaker of that language. Instruction Mode: Lecture Grading Option: Letter

LING 541 Field Methods in Second Language Acquisition
LING 542 Historical Linguistics
Units: 3 Research design and methodology; data collection, coding, and analysis; ethical considerations. Instruction Mode: Lecture Grading Option: Letter

LING 546 Comparative Indo-European Linguistics
Units: 3 Analysis of the phonological, morphological, and syntactic structures of Proto-Indo-European, and its development in the various branches of Indo-European. Instruction Mode: Lecture Grading Option: Letter

LING 547 Morphology
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Introduction to morphology: words versus sentences, the grammar of words, the various notions of "lexicon," the architecture of the phonological component. This course is in preparation for advanced work in linguistic theory. Instruction Mode: Lecture Grading Option: Letter

LING 548 Lexical Semantics
Units: 3 Terms Offered: Sp Languages group meaning elements together in different ways to form words. Consideration of how to identify these elements and how speakers map them into lexico-syntactic units. Instruction Mode: Lecture Grading Option: Letter

LING 550 Advanced English Linguistics
Units: 3 The analysis of problems in the grammatical description and history of English. Instruction Mode: Lecture Grading Option: Letter

LING 555 Comparative Germanic Linguistics
Units: 3 Nature and relationship of changes that led to the differentiation of the individual Germanic languages. Instruction Mode: Lecture Grading Option: Letter

LING 557 Structure of the Chinese Language
Units: 4 (Enroll in EALC 557)

LING 561 Topics and Issues in East Asian Linguistics
Units: 4 Max Units: max 12 (Enroll in EALC 561)

LING 573 Sociolinguistics
Units: 3 Theoretical approaches to language in social context; discourse analysis, ethnography of communication, variation theory. Instruction Mode: Lecture Grading Option: Letter

LING 574 Advanced Sociolinguistics
Units: 3 Max Units: 9.0 Current issues in sociolinguistic theory. Instruction Mode: Lecture Grading Option: Letter

LING 576 Psycholinguistics
Units: 3 Theories of acquisition; sentence and discourse processing; language and thought. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC-576

LING 579 Child Language Development
Units: 3 Terms Offered: Sp Acquisition of grammatical, discourse, and conversational competence; strategies and structures. Instruction Mode: Lecture Grading Option: Letter

LING 580 General Phonetics
Units: 3 Terms Offered: Sp Familiarization with articulation, transcription, production, and acoustic analysis of the speech sounds found in the world's languages. Also speech technology, perception, and disorders. Includes laboratory exercises. Instruction Mode: Lecture Grading Option: Letter

LING 581 Topics in Advanced Phonology
Units: 3 Max Units: 9.0 Topics in advanced formal phonology; theoretical issues in the interface of phonology with other areas of linguistics; literature study on themes of current theoretical relevance. Recommended Preparation: LING 531a, LING 531b. Instruction Mode: Lecture Grading Option: Letter

LING 582 Experimental Phonetics
Units: 3 Terms Offered: FaSp Source-filter theory, acoustic correlates of speech sounds, vocal tract and auditory physiology, coarticulation and motor coordination, speech technology including synthesis and recognition, experimental design and statistics, and speech perception. Prerequisite: LING 580. Instruction Mode: Lecture Grading Option: Letter

LING 584 Comparative Indo-European Linguistics
Units: 3 Analysis of the phonological, morphological, and syntactic structures of Proto-Indo-European, and its development in the various branches of Indo-European. Instruction Mode: Lecture Grading Option: Letter

LING 585 Computational Linguistics
Units: 3 Using hands-on and research techniques, study of the role of linguistic knowledge and the procedures that implement it in computational systems that process natural language. Instruction Mode: Lecture Grading Option: Letter

LING 586 Advanced Psycholinguistics
Units: 3 Max Units: 9.0 Current issues in psycholinguistic theory. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC-586

LING 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 593x Practicum in Teaching the Liberal Arts: Linguistics
Units: 2 Terms Offered: FaSp Practical principles for the long-term development of effective teaching within college disciplines. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 595 Directed Readings
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Research trends as reflected primarily in the current periodical literature. Instruction Mode: Lecture Grading Option: Letter

LING 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Research trends as reflected primarily in the current periodical literature. Instruction Mode: Lecture Grading Option: Letter

LING 602 Seminar in Experimental Methods in Linguistics
Units: 3 Topics in quantitative methods in linguistics research, e.g., covariance structure analysis, multi-dimensional scaling, log linear model, metaanalysis. Instruction Mode: Lecture Grading Option: Letter

LING 610 Seminar in Linguistic Theory
Units: 3 Max Units: 12.0 Terms Offered: Sp Instruction Mode: Lecture Grading Option: Letter
LING 615 Seminar in Linguistics Structures
Units: 3 Max Units: 12.0 Terms Offered: Fa Analysis of the synchronic or diachronic phonology, morphology, and syntax of individual languages. Instruction Mode: Lecture Grading Option: Letter

LING 627 Seminar in Second Language Acquisition
Units: 3 Max Units: 12.0 Terms Offered: FaSp Readings in second language acquisition as the framework for a discussion and research-oriented seminar. Instruction Mode: Lecture Grading Option: Letter

LING 631 Seminar in Phonological Theory
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 632 Seminar in Phonetics
Units: 3 Max Units: 12.0 Terms Offered: FaSp Readings in phonetic theory and current research as the framework for a discussion-oriented class. Prerequisite: LING 580. Instruction Mode: Lecture Grading Option: Letter

LING 635 Seminar in Syntax
Units: 3 Max Units: 12.0 Terms Offered: FaSp Instruction Mode: Lecture Grading Option: Letter

LING 636 Seminar in Semantics
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter Crosslisted as PHIL-636

LING 645 Seminar in Language Change
Units: 3 Max Units: 12.0 Terms Offered: Sp Instruction Mode: Lecture Grading Option: Letter

LING 675 Seminar in Sociolinguistics
Units: 3 Max Units: 12.0 Terms Offered: Sp Instruction Mode: Lecture Grading Option: Letter

LING 676 Seminar in Psycholinguistics
Units: 3 Max Units: 12.0 Terms Offered: Sp Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC-676

LING 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794z Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Materials Science

MASC 110L Materials Science
Units: 4 Terms Offered: FaSp Chemical bonding and structure in crystalline, amorphous, and molecular solids; tendency and mechanisms for chemical change; homogeneous and heterogeneous equilibria. Prerequisite: high school chemistry. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MASC 310 Materials Behavior and Processing
Units: 3 Terms Offered: Fa Principles of mechanical behavior and processing of materials. Relationships between mechanical properties, microstructure, and processing methods. Composites and nonmetallics included. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 312

MASC 334L Mechanical Behavior of Materials
Units: 3 (Enroll in CE 334)

MASC 350L Nanostructured Materials: Design, Synthesis, and Processing
Units: 3 Terms Offered: Sp Structure, properties, synthesis, processing and design of metallic, ceramic, polymeric, electronic, photonic, composite, nanophase and biomaterials; nanostructures, microfabrication and smart materials. Prerequisite: CHEM 105a or CHEM 115a or MASC 110, PHYS 152. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MASC 438L Processing for Microelectronics
Units: 3 (Enroll in EE 438)

MASC 439 Principles of Semiconductor Processing
Units: 3 Principles relevant to semiconductor processing are covered. Topics include bulk and epitaxial crystal growth, photolithography, evaporation, sputtering, etching, oxidation, alloying, and ion implantation. Prerequisite: MASC 110, EE 338. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EE-439

MASC 440 Materials and the Environment
Units: 3 Terms Offered: Sp Interactions of metals, alloys and composite materials with liquid and gaseous corrosive environments; corrosion protection by alloying and application of inhibitors and metallic or organic coatings. Instruction Mode: Lecture Grading Option: Letter

MASC 471 Applied Quantum Mechanics for Engineers
Units: 3 (Enroll in EE 471)

MASC 472 Polymer Science and Engineering
Units: 3 (Enroll in CHE 472)

MASC 475 Physical Properties of Polymers
Units: 3 (Enroll in CHE 475)

MASC 476 Chemical Engineering Materials
Units: 3 (Enroll in CHE 476)
MASC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Course content will be selected each semester to reflect current trends and developments in the field of materials science. Instruction Mode: Lecture Grading Option: Letter

MASC 501 Solid State
Units: 3 Atomic structure, bonding in covalent, ionic and Van der Waals crystals, Brillouin zones, lattices, diffraction, electronic states, lattice vibrations, specific heat, electrical conductivity, and magnetism. Prerequisite: EE 471 or EE 539. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EE-501

MASC 502 Advanced Solid State
Units: 3 Terms Offered: Fa Semiconductors, dielectrics and metals, thermoelectric effects, magnetism, magnetic resonance and superconductivity. Prerequisite: MASC 501. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EE-502

MASC 503 Thermodynamics of Materials
Units: 3 Terms Offered: Fa Classical thermodynamics, chemical potential, pure phases and mixtures; interphase relationships; binary and ternary solutions; free energy and activity; galvanic cell, electrochemical potential and Pourbaix diagram. Instruction Mode: Lecture Grading Option: Letter

MASC 504 Diffusion and Phase Equilibria
Units: 3 Terms Offered: Sp Phase equilibria; phase diagrams; diffusion; planar defects; nucleation and growth; spinodal decomposition; phase transformation. Prerequisite: MASC 503. Instruction Mode: Lecture Grading Option: Letter

MASC 505 Crystals and Anisotropy
Units: 3 Terms Offered: Fa Stereographic projection; Laue back reflection method; crystal orientation; line and planar crystalline defects; tensors; susceptibility; permeability and permittivity; stress and strain; piezoelectricity; elasticity. Instruction Mode: Lecture Grading Option: Letter

MASC 506 Semiconductor Physics
Units: 3 Terms Offered: FaSp (Enroll in EE 506)

MASC 511 Materials Preparation
Units: 3 Principles and techniques of materials preparation; purification, crystal growth from liquid and vapor phases, sintering. Prerequisite: MASC 504. Instruction Mode: Lecture Grading Option: Letter

MASC 514L Processing of Advanced Semiconductor Devices
Units: 3 Terms Offered: Fa Statistical design of experiments, vapor deposition of thin film dielectrics, plasma etching, advanced lithography, in-situ sensors, process monitoring, quality control, assurance/reliability. Prerequisite: EE 504. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MASC 523 Principles of Electrochemical Engineering
Units: 3 Electrochemical techniques; mass, charge, and heat transfer; electrochemical thermodynamics and electrode kinetics; electrochemical reactors; optimization; materials and corrosion; experimental modeling of industrial processes. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CHE-523

MASC 524 Techniques and Mechanisms in Electrochemistry
Units: 3 Modern electrochemistry; in-situ techniques; in-situ probes of the near-electrode region; ex-situ emersion techniques; cyclic voltammetry, electroxidation, electrochemical reduction, reactive film formation, enzyme electrochemistry. Instruction Mode: Lecture Grading Option: Letter

MASC 534 Materials Characterization
Units: 3 Terms Offered: Fa Characterization of solids by optical microscopy, electron microscopy, (TEM, SEM) and elemental and structural analysis (EPMA, ESCA, AES, SIMS, HEED, LEED, SED). Instruction Mode: Lecture Grading Option: Letter Crosslisted as EE-534

MASC 535L Transmission Electron Microscopy
Units: 4 Transmission electron microscopy and techniques. Specimen-electron beam interaction, electron diffraction and image formation. X-ray microanalysis. Laboratory involves hands-on training on the transmission electron microscope. Recommended Preparation: MASC 505. Duplicates Credit in former MASC 536L. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MASC 539 Engineering Quantum Mechanics
Units: 3 (Enroll in EE 539)

MASC 548 Rheology of Liquids and Solids
Units: 3 (Enroll in CHE 548)

MASC 551 Mechanical Behavior of Engineering Materials
Units: 3 Terms Offered: Sp Mechanical properties of materials; macroscopic mechanical behavior related to structure and microstructure of the material; elementary dislocation theory related to basic strengthening mechanisms; fatigue and fracture; nanomaterials. Recommended Preparation: MASC 310. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AME-551

MASC 559 Creep
Units: 3 (Enroll in AME 559)

MASC 560 Fatigue and Fracture
Units: 3 (Enroll in AME 560)

MASC 561 Dislocation Theory and Applications
Units: 3 Terms Offered: Sp Elasticity theory; types, sources, motion, interaction of dislocations; stress fields and strain energies; partial dislocations and stacking faults; principles of work-hardening. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AME-561

MASC 570 Introduction to Photovoltaic Solar Energy Conversion
Units: 3 Introduction to the physical principles, implementation materials, devices, and manufacturing costs of solar cells and panels for photovoltaic conversion of solar radiation to electricity. Instruction Mode: Lecture Grading Option: Letter

MASC 575 Basics of Atomistic Simulation of Materials
Units: 3 Terms Offered: Fa Building a parallel computer from components; molecular dynamics method; computation of structural, thermodynamics and transport properties; simulation projects. Prerequisite: Undergraduate course in thermodynamics or statistical physics; Recommended
MASC 576 Molecular Dynamics Simulations of Materials and Processes
Units: 3 Terms Offered: Sp Molecular dynamics method for atomistic simulations of materials and processes, simulations using parallel computing, correlation functions for structural and dynamical properties plus simulation project. 
Prerequisite: MASC 575. Instruction Mode: Lecture Grading Option: Letter

MASC 583 Materials Selection
Units: 3 (Enroll in AME 588)

MASC 584 Fracture Mechanics and Mechanisms
Units: 3 (Enroll in AME 584)

MASC 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MASC 594a Master's Thesis
Units: 2 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 594b Master's Thesis
Units: 2 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 594c Master's Thesis
Units: 0 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 598 Materials Science Seminar
Units: 1 Seminar in Materials Science research. To be taken only once for graduate credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

MASC 599 Special Topics
Units: 2, 3, 4 Max Units: 9.0 Instruction Mode: Lecture Grading Option: Letter

MASC 601 Advanced Semiconductor Device Physics
Units: 3 (Enroll in EE 601)

MASC 606 Nonequilibrium Processes in Semiconductors
Units: 3 Terms Offered: Sp (Enroll in EE 606)

MASC 610 Molecular Beam Epitaxy
Units: 3 Basic principles, ultra high vacuum, machine considerations, source purity and calibrations temperature measurements, surface morphology and chemistry, growth procedures, III-V, II-VI and silicon MBE. Prerequisite: MASC 501, MASC 503. Instruction Mode: Lecture Grading Option: Letter

MASC 690 Directed Research
Units: 1, 2, 3, 4 Max Units: 8.0 Laboratory study of specific problems by candidates for the degree Engineer in Materials Science. Instruction Mode: Lecture Grading Option: Credit/No Credit

MASC 790 Research
040 or math placement exam. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 118gx Fundamental Principles of Calculus
Units: 4 Terms Offered: FaSp Derivatives; extrema. Definite integral; fundamental theorem of calculus. Extrema and definite integrals for functions of several variables. Prerequisite: MATH 108 or MATH 117 or placement exam in MATH. Not available for credit toward a degree in mathematics. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 125g Calculus I
Units: 4 Terms Offered: FaSpSm Limits; continuity, derivatives and applications; antiderivatives; the fundamental theorem of calculus; exponential and logarithmic functions. Prerequisite: MATH 108 or math placement exam. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 126 Calculus II
Units: 4 Terms Offered: FaSpSm A continuation of MATH 125: trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series, Taylor series, polar coordinates. Prerequisite: MATH 125. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 127 Enhanced Calculus II
Units: 4 Terms Offered: FaSp Applications of integration, review of techniques of integration, infinite sequences and series, some beginning linear algebra, ordinary differential equations. Designed for students who earn a score of 4 or 5 on the Advanced Placement Calculus AB Examination, or a score of 3 or 4 on the BC Examination. Admission to course by departmental approval. Duplicates Credit in MATH 126. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 129 Calculus II for Engineers and Scientists
Units: 4 Terms Offered: FaSpSm Trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series, Taylor series, polar coordinates. Engineering and physics applications. Prerequisite: MATH 125 Duplicates Credit in MATH 126 and MATH 127 Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 200 Elementary Mathematics from an Advanced Standpoint
Units: 4 Terms Offered: FaSp An explication of arithmetic and geometry, including the algebraic operations, number bases, plane and solid figures; and coordinate geometry. Prerequisite: MATH 040 or math placement exam. Instruction Mode: Lecture Grading Option: Letter

MATH 208s Elementary Probability and Statistics
Units: 4 Terms Offered: FaSp Descriptive statistics, probability, discrete and continuous random variables, expectation and variance, sampling, Central Limit Theorem, estimation, hypothesis testing, correlation and regression. Emphasis on health science. Prerequisite: MATH 118 or MATH 125. Instruction Mode: Lecture Grading Option: Letter

MATH 218 Probability for Business
Units: 4 Terms Offered: FaSpSm Basic probability, discrete and continuous distributions, expectation and variance, independence. Sampling, estimation, confidence intervals, hypothesis testing. Prerequisite: MATH 118 or MATH 125. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 225 Linear Algebra and Linear Differential Equations
Units: 4 Terms Offered: FaSp Matrices, systems of linear equations, vector spaces, linear transformations, eigenvalues, systems of linear differential equations. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 226 Calculus III
Units: 4 Terms Offered: FaSp A continuation of MATH 126; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 227 Enhanced Calculus III
Units: 4 Terms Offered: FaSp A continuation of MATH 127; vectors and vector spaces functions of several variables, partial differential equations, optimization theory, multiple integration; Green's Stokes', divergence theorems. Prerequisite: MATH 127 or MATH 225. Duplicates Credit in MATH 226. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 229 Calculus III for Engineers and Scientists
Units: 4 Terms Offered: FaSpSm A continuation of MATH 129; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. Engineering and physics applications. Prerequisite: MATH 226 or MATH 127, or MATH 129. Duplicates Credit in MATH 226 and MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 245 Mathematics of Physics and Engineering I
Units: 4 Terms Offered: FaSp First-order differential equations; second-order linear differential equations; determinants and matrices; systems of linear differential equations; Laplace transforms. Prerequisite: MATH 225, or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 265 Mathematical and Computational Methods for Neuroscience
Units: 4 Terms Offered: FaSp Differential calculus of multivariable functions, optimization, elementary linear algebra and matrix theory, principal component analysis, elementary differential equations, systems, qualitative theory, numerical methods, scientific computation. Prerequisite: MATH 125; Recommended Preparation: MATH 126 or MATH 127 or equivalent or AP credit for Calculus BC. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 307 Statistical Inference and Data Analysis I
Units: 4 Terms Offered: Fa Probability, counting, independence, distributions, random variables, simulation, expectation, variance, covariance, transformations, law of large numbers, Central limit theorem, estimation, efficiency, maximum likelihood, Cramer-Rao bound, bootstrap. Prerequisite: MATH 118 or MATH 125 or MATH 126. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 308 Statistical Inference and Data Analysis II
Units: 4 Terms Offered: Sp Confidence intervals, hypothesis testing, p-values, likelihood ratio, nonparametrics, descriptive statistics, regression, multiple linear regression, experimental design, analysis of variance, categorical data, chi-squared tests, Bayesian statistics. Prerequisite: MATH 307. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 370 Applied Algebra
Units: 4 Terms Offered: Sp Induction, Euclidean algorithm, factorization, congruence classes, Rings, RSA algorithm, Chinese remainder theorem, codes, polynomials, fundamental theorem of algebra, polynomial multiplication, Fourier transform, and other topics. Prerequisite: MATH 226 or MATH 227, and MATH 225 or MATH 245. Instruction Mode: Lecture Grading Option: Letter

MATH 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MATH 395 Seminar in Problem Solving
Units: 2 Max Units: 8.0 Terms Offered: FaSp Systematic approach to solving non-standard and competition level math problems on inequalities, infinite sums and products, combinatorics, number theory, and games. Recommended Preparation: MATH 126 or MATH 127. Instruction Mode: Lecture Grading Option: Letter

MATH 400 Foundations of Discrete Mathematics
Units: 4 Terms Offered: Fa Methods of proof, predicate calculus, set theory, order and equivalence relations, partitions, lattices, functions, cardinality, elementary number theory and combinatorics. Prerequisite: MATH 225 or MATH 226 or MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 407 Probability Theory
Units: 4 Terms Offered: FaSp Probability spaces, discrete and continuous distributions, moments, characteristic functions, sequences of random variables, laws of large numbers, central limit theorem, special probability laws. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 408 Mathematical Statistics
Units: 4 Terms Offered: Sp Principles for testing hypotheses and estimation, small sample distributions, correlation and regression, nonparametric methods, elements of statistical decision theory. Prerequisite: MATH 407. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 410 Fundamental Concepts of Modern Algebra
Units: 4 Terms Offered: FaSp Sets; relations; groups; homomorphisms; symmetric groups; Abelian groups; Sylow's theorems; introduction to rings and fields. Prerequisite: MATH 225; Recommended Preparation: One 400-level Mathematics course, excluding MATH 450. Not open to students with credit in MATH 470. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 425a Fundamental Concepts of Analysis
Units: 4 Terms Offered: FaSp The real number system, metric spaces, limits, continuity, derivatives and integrals, infinite series. Prerequisite: MATH 226 or MATH 227; Recommended Preparation: one 400-level Mathematics course, excluding MATH 450. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 425b Fundamental Concepts of Analysis
Units: 4 Terms Offered: Sp Implicit function theorems, Jacobians, transformations, multiple integrals, line integrals. Prerequisite: MATH 226 or MATH 227; Recommended Preparation: one 400-level Mathematics course, excluding MATH 450. Instruction Mode: Lecture Grading Option: Letter

MATH 430 Theory of Numbers
Units: 4 Terms Offered: Fa Introduction to the theory of numbers, including prime factorization, congruences, primitive roots, N-th power residues, number theoretic functions, and certain diophantine equations. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture Grading Option: Letter

MATH 432 Applied Combinatorics
Units: 4 Terms Offered: Sp Mathematical induction, counting principles, arrangements, selections, binomial coefficients, generating functions, recurrence relations, inclusion-exclusion, symmetric groups, graphs, Euler and Hamiltonian circuits, trees, graph algorithms; applications. Prerequisite: MATH 225 or MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 434 Geometry and Transformations
Units: 4 Terms Offered: Fa The Euclidean plane and its isometries. Models for the hyperbolic metric, isometries, linear fractional maps, geodesics. Gluing constructions. Knot theory and invariants. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 435 Vector Analysis and Introduction to Differential Geometry
Units: 4 Terms Offered: Sp Vectors, elements of vector analysis, applications to curves and surfaces, standard material of differential geometry. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 440 Topology
Units: 4 Terms Offered: Fa Cardinals, topologies, separation axioms. Compactness, metrizability, function spaces; completeness; Jordan curve theorem. Recommended Preparation: upper-division MATH course. Instruction Mode: Lecture Grading Option: Letter

MATH 445 Mathematics of Physics and Engineering II
Units: 4 Terms Offered: FaSp Vector field theory; theorems of Gauss, Green, and Stokes; Fourier series and integrals; complex variables; linear partial differential equations; series solutions of ordinary differential equations. Prerequisite: MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 450 History of Mathematics
Units: 4 Terms Offered: Sp Evolution of mathematical ideas and techniques as seen through a study of the contributions of eminent mathematicians to the formulation and solution of celebrated problems. Prerequisite: MATH 225 or MATH 245; Recommended Preparation: upper-division MATH course. Instruction Mode: Lecture Grading Option: Letter

MATH 458 Numerical Methods
Units: 4 Terms Offered: Fa Rounding errors in digital computation; solution of linear algebraic systems; Newton's method for nonlinear systems; matrix eigenvalues; polynomial approximation; numerical integration; numerical solution of ordinary differential equations. Prerequisite:
MATH 225 or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as CSCI-458

MATH 465 Nonlinear Dynamics in Science and Engineering
Units: 4 Terms Offered: Sp Nonlinear models, bifurcations, discrete and continuous dynamics, stability, dissipative and reversible systems, Poincare maps, Lyapunov exponents, fractal dimension. Applications stressed: Economics, Engineering, Biology, Physics. Prerequisite: MATH 225 or MATH 245. Instruction Mode: Lecture Grading Option: Letter

MATH 466 Dynamic Modeling
Units: 4 Terms Offered: Fa Formulation and study of models arising in population dynamics, growth of plankton, pollution in rivers, highway traffic, morphogenesis and tidal dynamics: stability, oscillations, bifurcations, chaos. The lab will consist of computer simulation of models using commercially available software. Prerequisite: MATH 225 or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 467 Theory and Computational Methods for Optimization
Units: 4 Terms Offered: Fa Methods for static, dynamic, unconstrained, constrained optimization. Gradient, conjugate gradient, penalty methods. Lagrange multipliers, least squares, linear, nonlinear dynamic programming. Application to control and estimation. Prerequisite: MATH 226 or MATH 227; MATH 225 or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 471 Topics in Linear Algebra
Units: 4 Terms Offered: Sp Polynomial rings, vector spaces, linear transformations, canonical forms, inner product spaces. Prerequisite: MATH 225; Recommended Preparation: MATH 410. Instruction Mode: Lecture Grading Option: Letter

MATH 475 Introduction to Theory of Complex Variables
Units: 4 Terms Offered: Sp Limits and infinite series, line integrals; conformal mapping; single-valued functions of a complex variable; applications. Primarily for advanced students in engineering. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MATH 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Lectures on advanced material not covered in regularly scheduled courses. No more than two registrations allowed. Instruction Mode: Lecture Grading Option: Letter

MATH 500 Graduate Colloquium
Units: 2 Lectures directed to mathematics graduate students by faculty of the department and by outside speakers. Problem solving workshops. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 501 Numerical Analysis and Computation
Units: 3 Terms Offered: Sp Linear equations and matrices, Gauss elimination, error estimates, iteration techniques; contractive mappings, Newton's method; matrix eigenvalue problems; least-squares approximation, Newton-Cotes and Gaussian quadratures; finite difference methods. Prerequisite: linear algebra and calculus. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-501

MATH 502a Numerical Analysis
Units: 3 Terms Offered: Fa Computational linear algebra; solution of general nonlinear systems of equations; approximation theory using functional analysis; numerical solution of ordinary and partial differential equations. Prerequisite: MATH 425a and MATH 471. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-502A

MATH 502b Numerical Analysis
Units: 3 Terms Offered: Sp Computational linear algebra; solution of general nonlinear systems of equations; approximation theory using functional analysis; numerical solution of ordinary and partial differential equations. Prerequisite: MATH 425a and MATH 471. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-502B

MATH 504a Numerical Solution of Ordinary and Partial Differential Equations
Units: 3 Terms Offered: Sp Initial value problems; multistep methods, stability, convergence and error estimation, automatic stepsize control, higher order methods, systems of equations, stiff problems; boundary value problems; eigenproblems. Prerequisite: MATH 501 or MATH 502a. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-504A

MATH 504b Numerical Solution of Ordinary and Partial Differential Equations
Units: 3 Terms Offered: Fa Computationally efficient schemes for solving PDE numerically; stability and convergence of difference schemes, method of lines; fast direct and iterative methods for elliptic equations. Prerequisite: MATH 501 or MATH 502a. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-504B

MATH 505a Applied Probability
Units: 3 Terms Offered: Fa Populations, permutations, combinations, random variables, distribution and density functions conditional probability and expectation, binomial, Poisson, and normal distributions; laws of large numbers, central limit theorem. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-505A

MATH 505b Applied Probability
Units: 3 Terms Offered: Sp Markov processes in discrete or continuous time; renewal processes; martingales; Brownian motion and diffusion theory; random walks, inventory models, population growth, queuing models, shot noise. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-505B

MATH 507a Theory of Probability
Units: 3 Terms Offered: Fa Probability spaces; distributions and characteristic functions; laws of large numbers, central limit problems; stable and infinitely divisible laws; conditional distributions. Prerequisite: MATH 525a or MATH 570. Instruction Mode: Lecture Grading Option: Letter

MATH 507b Theory of Probability
Units: 3 Terms Offered: Sp Dependence, martingales, ergodic theorems, second-order random functions, harmonic
MATH 508 Filtering Theory
Units: 3 Theory of random differential equations and stochastic stability; optimum linear and nonlinear filtering, with discussion of asymptotic behavior of filter. Prerequisite: MATH 507a. Instruction Mode: Lecture Grading Option: Letter

MATH 509 Stochastic Differential Equations
Units: 3 Brownian motion, stochastic integrals, the Ito formula, stochastic differential equations, analysis of diffusion processes, Girsanov transformation, Feynmann-Kac formula, applications. Prerequisite: MATH 505a, MATH 505b or MATH 507a, MATH 507b. Instruction Mode: Lecture Grading Option: Letter

MATH 510a Algebra
Units: 3 Terms Offered: Fa Group Theory: Isomorphism theorems, group actions, Sylow's theorems, simple and solvable groups; Field Theory: Galois correspondence, radical extensions, algebraic and transcendental extensions, finite fields. Prerequisite: MATH 410, MATH 471. Instruction Mode: Lecture Grading Option: Letter

MATH 510b Algebra
Units: 3 Terms Offered: Sp Commutative Algebra: Integrality, Hilbert Basis theorem, Hilbert Nullstellensatz; Modules: modules over PIDs, chain conditions, tensor products; Noncommutative Rings: Jacobson radical, Artin-Wedderburn theorem, Maschke's theorem. Prerequisite: MATH 410, MATH 471. Instruction Mode: Lecture Grading Option: Letter

MATH 511aL Data Analysis
Units: 4 (Enroll in PM 511a, PM 511b) Instruction Mode: Lecture, 3 hours; laboratory, 1 hour.

MATH 511bL Data Analysis
Units: 4 (Enroll in PM 511a, PM 511b)

MATH 512 Financial Informatics and Simulation (Computer Labs and Practitioner Seminar)
Units: 3 Terms Offered: FaSp Experimental laboratory trading for financial markets using double auctions: handling statistical packages for data analysis. Practical training in virtual market environments, using financial trading system software. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 520 Complex Analysis
Units: 3 Terms Offered: Sp Theory of analytic functions — power series and integral representations, calculus of residues, harmonic functions, normal families, approximation theorems, conformal mapping, analytical continuation. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter

MATH 525a Real Analysis
Units: 3 Terms Offered: Fa Measure and integration over abstract measure spaces, Radon-Nikodym theorem, Fubini's theorem, convergence theorems, differentiation. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter

MATH 525b Real Analysis
Units: 3 Terms Offered: Sp Metric spaces, contraction principle, category, Banach spaces, Riesz representation theorem, properties of Lp Hilbert spaces, orthogonal expansions, Fourier series and transforms, convolutions. Prerequisite: MATH 525a. Instruction Mode: Lecture Grading Option: Letter

MATH 530a Stochastic Calculus and Mathematical Finance
Units: 3 Stochastic processes revisited, Brownian motion, Martingale theory, stochastic differential equations, Feynman-Kac formula, binomial models, basic concepts in arbitrage pricing theory, equivalent Martingale measure. Recommended Preparation: MATH 225, MATH 407. Duplicates Credit in the former MATH 503. Instruction Mode: Lecture Grading Option: Letter

MATH 530b Stochastic Calculus and Mathematical Finance
Units: 3 Terms Offered: Sp Advanced topics in stochastic analysis, asset pricing in continuous time, stochastic control, Hamilton-Jacobi-Bellman equations, incomplete markets, American options, exotic options, term structure of interest rates. Duplicates Credit in the former MATH 506. Instruction Mode: Lecture Grading Option: Letter

MATH 532 Combinatorial Analysis
Units: 3 Terms Offered: Fa Inversion formulas, generating functions and recursions, partitions, Stirling numbers, distinct representatives, Ramsey's theorem, graph theory, block designs, difference sets, finite geometries, Latin squares, Hadamard matrices. Instruction Mode: Lecture Grading Option: Letter

MATH 533 Combinatorial Analysis and Algebra
Units: 3 Terms Offered: Sp Advanced group theory; algebraic automata theory; graph theory; topics in combinatorial analysis. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-533

MATH 535a Differential Geometry
Units: 3 Terms Offered: Fa Elementary theory of manifolds, Lie groups, homogeneous spaces, fiber bundles and connections, Riemannian manifolds, curvature and conjugate points, second fundamental form, other topics. Prerequisite: MATH 440. Instruction Mode: Lecture Grading Option: Letter

MATH 535b Differential Geometry
Units: 3 Terms Offered: Sp Elementary theory of manifolds, Lie groups, homogeneous spaces, fiber bundles and connections, Riemannian manifolds, curvature and conjugate points, second fundamental form, other topics. Prerequisite: MATH 440. Instruction Mode: Lecture Grading Option: Letter

MATH 540 Topology
Units: 3 Terms Offered: Sp Initial and final topologies, function spaces, algebras in C(Y), homotopy, fundamental group, fiber spaces and bundles, smashes, loop spaces, groups of homotopy classes, cw-complexes. Prerequisite: MATH 440. Instruction Mode: Lecture Grading Option: Letter

MATH 541a Introduction to Mathematical Statistics
MATH 541b Introduction to Mathematical Statistics
Units: 3 Terms Offered: Fa Hypothesis testing, Neyman-Pearson lemma, generalized likelihood ratio procedures, confidence intervals, consistency, power, jackknife and bootstrap. Monte Carlo Markov chain methods, hidden Markov models. Prerequisite: MATH 541a. Instruction Mode: Lecture Grading Option: Letter

MATH 542L Analysis of Variance and Design
Units: 3 Terms Offered: Sp Least squares estimation in the linear model, analysis of variance and covariance, F-test, multiple comparisons, multiple regression, selection of variables; introduction to experimental design. Includes laboratory. Prerequisite: MATH 225, MATH 226, and MATH 208. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PM 542L

MATH 543. Nonparametric Statistics
Units: 3 Distribution-free methods for comparisons of two or more samples, tests of randomness, independence, goodness of fit; classification, regression. Comparison with parametric techniques. Prerequisite: MATH 226, MATH 208. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PM 543

MATH 544L Multivariate Analysis
Units: 3 (Enroll in PM 544)

MATH 545L Introduction to Time Series
Units: 3 Terms Offered: Fa Transfer function models; stationary, nonstationary processes; moving average, autoregressive models; spectral analysis; estimation of mean, autocorrelation, spectrum; seasonal time series. Prerequisite: MATH 225, MATH 226, and MATH 208. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PM 545

MATH 547 Methods of Statistical Inference
Units: 3 Terms Offered: Fa Statistical decision theory: game theory, loss and risk functions; Bayes, minimax, admissible rules; sufficiency, invariance, tests of hypotheses, optimality properties. Inference for stochastic processes. Prerequisite: MATH 407 or MATH 408. Instruction Mode: Lecture Grading Option: Letter

MATH 548 Sequential Analysis
Units: 3 Sequential decision procedures: sequential probability-ratio tests, operating characteristic, expected sample size, two-stage procedures, optimal stopping, martingales, Markov processes; applications to gambling, industrial inspection. Prerequisite: MATH 407 or MATH 408. Instruction Mode: Lecture Grading Option: Letter

MATH 550 Sample Surveys
Units: 3 Terms Offered: Sp Theory of sampling and design of sample surveys; bias and precision; finite populations; stratification; cluster sampling; multistage, systematic sampling; non-sampling errors. Prerequisite: MATH 208. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PM 550

MATH 555a Partial Differential Equations
Units: 3 Terms Offered: Fa Second-order partial differential equations of elliptic, parabolic, and hyperbolic type; in particular, potential and wave equations. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter

MATH 555b Partial Differential Equations
Units: 3 Terms Offered: Sp Second-order partial differential equations of elliptic, parabolic, and hyperbolic type; in particular, potential and wave equations. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter

MATH 556a Ordinary Differential Equations
Units: 3 Terms Offered: Fa Existence, uniqueness and continuation of solutions, differential inequalities, linear systems, Sturm-Liouville theory, boundary value problems, Poincare-Bendixson theory, periodic solutions, perturbations, stability, fixed point techniques. Prerequisite: MATH 425ab. Instruction Mode: Lecture Grading Option: Letter

MATH 556b Ordinary Differential Equations
Units: 3 Terms Offered: Sp Existence, uniqueness and continuation of solutions, differential inequalities, linear systems, Sturm-Liouville theory, boundary value problems, Poincare-Bendixson theory, periodic solutions, perturbations, stability, fixed point techniques. Prerequisite: MATH 425ab. Instruction Mode: Lecture Grading Option: Letter

MATH 570a Methods of Applied Mathematics
Units: 3 Terms Offered: Fa Metric spaces, compactness, completion, fixed-point theorems, abstract spaces, linear operators, functionals, duality, conjugates, Lp spaces, Fourier transform. Applications from Engineering, Natural and Social sciences. Recommended Preparation: Linear Algebra and Calculus. Instruction Mode: Lecture Grading Option: Letter

MATH 570b Methods of Applied Mathematics
Units: 3 Terms Offered: Sp Measure theory, convergence, Lebesgue spaces, Riesz's theorem, Integration theorems, compact and self-adjoint operators, spectral theory, resolution of the identity, differential operators, quantum mechanics. Instruction Mode: Lecture Grading Option: Letter

MATH 572 Applied Algebraic Structures
Units: 3 Terms Offered: Fa Elementary predicate logic, model theory, axiomatic set theory; relations, functions, equivalences; algebraic and relational structures; graph theory; applications of lattices, Boolean algebras, groups, rings, field. Instruction Mode: Lecture Grading Option: Letter

MATH 574 Applied Matrix Analysis
Units: 3 Terms Offered: Fa Equivalence of matrices; Jordon canonical form; functions of matrices; diagonalization; singular value decomposition; applications to linear differential equations, stability theory, and Markov processes. Instruction Mode: Lecture Grading Option: Letter

MATH 576 Applied Complex Analysis and Integral Transforms
Units: 3 Terms Offered: Fa Review of basic complex analysis; integral transforms of Laplace, Fourier, Mellin, and Hankel; applications to solutions of ordinary and partial differential equations; Wiener-Hopf technique. Prerequisite: MATH 475 or MATH 520. Instruction Mode: Lecture Grading Option: Letter

MATH 577a Computational Molecular Biology Laboratory
MATH 577b Computational Molecular Biology Laboratory
Units: 2 Terms Offered: Fa (Enroll in BISC 577a, BISC 577b)

MATH 578a Computational Molecular Biology
Units: 3 Terms Offered: FaSp Sm Applications of the mathematical, statistical and computational sciences to data from molecular biology. Algorithms for genomic sequence data: sequence and map assembly and alignment, RNA secondary structure, protein structure, gene-finding, and tree construction. Prerequisite: CSCI 570. Recommended Preparation: familiarity with the concepts of basic molecular biology as covered in BISC 320. Instruction Mode: Lecture Grading Option: Letter

MATH 578b Computational Molecular Biology
Units: 3 Terms Offered: FaSp Sm Applications of the mathematical, statistical and computational sciences to data from molecular biology. Statistics for genomic sequence data: DNA sequence assembly, significance of alignment scores, hidden Markov models, genetic mapping, models of sequence evolution, and microarray analysis. Prerequisite: MATH 505a, MATH 541a. Recommended Preparation: familiarity with the concepts of basic molecular biology as covered in BISC 320. Instruction Mode: Lecture Grading Option: Letter

MATH 580 Introduction to Functional Analysis
Units: 3 Basic functional analysis in Banach and Hilbert spaces. Weak topologies, linear operators, spectral theory, calculus of vector-valued functions. Banach algebras. Prerequisite: MATH 525a, MATH 525b. Instruction Mode: Lecture Grading Option: Letter

MATH 585 Mathematical Theory of Optimal Control
Units: 3 Terms Offered: Fa Deterministic control: calculus of variations; optimal control; Pontryagin principle; multiplier rules and abstract nonlinear programming; existence and continuity of controls; problem of Mayer; dynamic programming. Prerequisite: MATH 570 and MATH 525a. Instruction Mode: Lecture Grading Option: Letter

MATH 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 592 Computational Molecular Biology Internship
Units: 3 Industrial or genome-centered internship for students in the Computational Molecular Biology master's program. Real-world experience in applications. Instruction Mode: Lecture Grading Option: Letter

MATH 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593)

MATH 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Research leading to the master's degree. Instruction Mode: Lecture Grading Option: Credit on acceptance of thesis

MATH 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 595 Practicum in Teaching the Liberal Arts: Mathematics
Units: 2 Terms Offered: FaSp Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content will be selected each semester to reflect current trends and developments in the field of mathematics. Instruction Mode: Lecture Grading Option: Letter

MATH 600 Topics in Numerical Analysis
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 601 Optimization Theory and Techniques
Units: 3 Terms Offered: SpSm Necessary and sufficient conditions for existence of extrema with equality constraints; gradient methods; Ritz methods; eigenvalue problems; optimum control problems; inequality constraints; mathematical programming. Prerequisite: MATH 502a, MATH 502b. Instruction Mode: Lecture Grading Option: Letter

MATH 602 Galerkin Approximation Methods in Partial Differential Equations
Units: 3 Galerkin methods of approximating solutions of elliptic boundary value problems in one and several dimensions; includes the use of spline functions and triangulations. Instruction Mode: Lecture Grading Option: Letter

MATH 605 Topics in Probability
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 606 Topics in Stochastic Processes
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Theoretical and applied topics of current interest in discrete and continuous time stochastic processes and in stochastic differential equations. Recommended Preparation: graduate level course in probability theory or stochastic processes. Instruction Mode: Lecture Grading Option: Letter

MATH 610 Topics in Algebra
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 612 Topics in Commutative Ring Theory
Units: 3 Max Units: 12.0 Localization, structure of Noetherian rings, integral extensions, valuation theory, graded rings, characteristic functions, local algebra, dimension theory. Prerequisite: MATH 510a, MATH 510b. Instruction Mode: Lecture Grading Option: Letter

MATH 613 Topics in Noncommutative Ring Theory
Units: 3 Max Units: 12.0 Jacobson radical, nil radical, nil rings and nil-potence, chain conditions, polynomial identity and group rings. Goldie theorems, current research.

Prerequisite: MATH 510a, MATH 510b. Instruction Mode: Lecture Grading Option: Letter

MATH 620 Topics in Complex Analysis
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 625 Topics in Real Analysis
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 630 Topics in Number Theory
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 635 Topics in Differential Geometry
Units: 3 Max Units: 12.0 Topics to be chosen from the following: geometry of complex manifolds, relations between topology and curvature, homogeneous spaces, symmetric spaces, geometry of submanifolds. Prerequisite: MATH 535a, MATH 535b. Instruction Mode: Lecture Grading Option: Letter

MATH 640 Topics in Topology
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 650 Seminar in Statistical Consulting
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 655 Topics in Partial Differential Equations
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. Prerequisite: MATH 525a; Recommended Preparation: MATH 555a. Instruction Mode: Lecture Grading Option: Letter

MATH 660 Nonlinear Functional Analysis
Units: 3 Calculus in Banach spaces, degree theory, fixed point theorems. Study of compact, monotone, accretive and nonexpansive operators. Prerequisite: MATH 580. Instruction Mode: Lecture Grading Option: Letter

MATH 665 Topics in Ordinary Differential Equations
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 680 Seminar in Programming and Computability
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 685 Seminar in Mathematical Control Theory
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 689 Topics in Mathematical Physics
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 700 Seminar in Numerical Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 705 Seminar in Probability
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 710 Seminar in Algebra
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 725 Seminar in Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 730 Seminar in Number Theory
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 735 Seminar in Differential Geometry
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 740 Seminar in Topology
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 745 Seminar in Functional Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 746 Seminar in Partial Differential Equations
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. Prerequisite: MATH 525a; Recommended Preparation: MATH 555a. Instruction Mode: Lecture Grading Option: Letter

MATH 750 Seminar in Ordinary Differential Equations
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 755 Seminar in Number Theory
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 760 Seminar in Mathematical Control Theory
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 765 Seminar in Ordinary Differential Equations
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 770 Seminar in Probability
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 775 Seminar in Algebra
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 780 Seminar in Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 805 Seminar in Probability
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 900 Seminar in Algebra
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 920 Seminar in Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 930 Seminar in Number Theory
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 940 Seminar in Differential Geometry
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 950 Seminar in Topology
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 960 Seminar in Functional Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 970 Seminar in Partial Differential Equations
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. Prerequisite: MATH 525a; Recommended Preparation: MATH 555a. Instruction Mode: Lecture Grading Option: Letter

MATH 980 Seminar in Mathematical Control Theory
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 990 Seminar in Ordinary Differential Equations
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 995 Seminar in Number Theory
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 996 Seminar in Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 997 Seminar in Topology
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 998 Seminar in Functional Analysis
Units: 3 Instruction Mode: Lecture Grading Option: Letter

MATH 999 Seminar in Partial Differential Equations
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. Prerequisite: MATH 525a; Recommended Preparation: MATH 555a. Instruction Mode: Lecture Grading Option: Letter

MATH 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 794e Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Microbiology and Immunology

MBIO 310 Principles of Microbiology and Immunology
Units: 2 Fundamental concepts of microbiology and immunology. Bacterial, viral and fungal diseases are correlated with host responses; oral manifestations of infectious disease. Emphasis on sanitation and sterilization. Instruction Mode: Lecture Grading Option: Letter
MBIO 501 Immunology
Units: 2 Fundamentals of immunology; basic immunopathology, especially concerning the oral cavity, including immunogenetics; hypersensitivities and inflammation; auto-immune diseases. Instruction Mode: Lecture Grading Option: Letter

Multidisciplinary Activities

MDA 020 American Popular Culture
Units: 0 Terms Offered: Sm Introduction to the popular culture of the United States, including basic history, geography, literature and the arts, as understood by generally well-educated young Americans. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 100a Introduction to the Health Professions
Units: 1 Terms Offered: FaSp An introduction to the health professions, through lectures, discussions, clinical experiences, and visits to health care delivery sites; relationships with other clinicians and the community. Departmental approval required. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 100b Introduction to the Health Professions
Units: 1 Terms Offered: FaSp An introduction to the health professions, through lectures, discussions, clinical experiences, and visits to health care delivery sites; relationships with other clinicians and the community. Departmental approval required. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 100c Introduction to the Health Professions
Units: 1 Terms Offered: FaSp An introduction to the health professions, through lectures, discussions, clinical experiences, and visits to health care delivery sites; relationships with other clinicians and the community. Departmental approval required. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 100d Introduction to the Health Professions
Units: 1 Terms Offered: FaSp An introduction to the health professions, through lectures, discussions, clinical experiences, and visits to health care delivery sites; relationships with other clinicians and the community. Departmental approval required. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 101x Health Professions: Prospects and Preparation
Units: 1 Terms Offered: Sp Presentations by health professionals, introduced by faculty members from relevant academic units and followed by discussion with the speakers. Recommended Preparation: BISC 120 or BISC 220; CHEM 150Al. Not available for degree credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 105g Cultural Forms and Values I
Units: 4 Terms Offered: FaSp Norms and patterns of civilizations associated with the Greco-Roman and European traditions and the legacy of those traditions in North America. Instruction Mode: Lecture Grading Option: Letter

MDA 110 Contemporary Issues and Cases in Health Care
Units: 2 Terms Offered: FaSp An introduction to the major areas of health care; the provider's relationship to choices in professional practice; ethics and historical context. Duplicates Credit in MDA 100a, MDA 100b, MDA 100c, MDA 100d. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 120 American Popular Culture
Units: 3 Terms Offered: Sm Introduction to the popular culture of the United States, including basic history, geography, literature and the arts, as understood by generally well-educated young Americans. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 125Lg Scientific Principles
Units: 4 Terms Offered: FaSp Fundamental principles underlying a body of scientific knowledge and their evolution; the nature of scientific inquiry; how scientific knowledge is obtained and evaluated. A field experience or practical component required. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MDA 140 Practicum in Multimedia Authorship
Units: 2 Terms Offered: FaSp Introduction to the expressive potential of multimedia as a critical and creative tool, supplementing traditional forms of academic work. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 155g Cultural Forms and Values II
Units: 4 Terms Offered: FaSp Cultural norms and patterns of civilizations associated with Africa, Asia, Latin America, the Middle East, Native America, and elsewhere, alternative to those of the Greco-Roman and European traditions. Instruction Mode: Lecture Grading Option: Letter

MDA 165g Social Inquiry
Units: 4 Terms Offered: FaSp Analyses of compelling local, national, and/or international issues; analytical tools examined systematically in a broad range of social phenomena. Instruction Mode: Lecture, Discussion, Lab Grading Option: Letter

MDA 167g Marginal Groups in America
Units: 4 Terms Offered: Fa Sociological and historical analysis of marginal populations in American society, including racial and ethnic minorities, teenage mothers, drug abusers, criminals, and the mentally ill. Instruction Mode: Lecture, Discussion Grading Option: Letter

MDA 170g La Frontera: The U.S.-Mexico Borderlands
Units: 4 Provides student with a multidisciplinary understanding of the U.S.-Mexico border region. Topics to be covered include: space and place, internationalization, physical environment, gender relations and culture. Instruction Mode: Lecture, Discussion Grading Option: Letter

MDA 175Lg Science and Technology
Units: 4 Terms Offered: FaSp The nature of science and technology, based on a focused study of a single area of research; scientific principles, their technological applications, and social significance. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MDA 200Lg The Cutting Edge: From Basic Science to the Marketplace
Units: 4 Terms Offered: Sp An introduction to the basic sciences of physics, chemistry, biology, and geology, examining the fundamental concepts, experimental approaches, and technological applications. Course will show the interrelationships among the fields and societal ramifications of these cutting edge technologies. Duplicates
MDA 205g Cities and Civilization
Units: 4 Terms Offered: FaSp Origins of cities, patterns of migration and resettlement, civic identities and the invention of public culture, from ancient Rome to contemporary Los Angeles. Instruction Mode: Lecture Grading Option: Letter

MDA 250 Internship for Liberal Arts: Work and Career — Theory and Practice
Units: 1, 2 Max Units: 4.0 Terms Offered: FaSpSm Students explore different understandings of work and career in American society while testing theories in an actual work setting. Instruction Mode: Lecture Grading Option: Letter

MDA 260 Opportunities in the Global Marketplace
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: FaSp Professional opportunities in a changing global system, preparing the successor generation for participation in the public, private, and citizen sectors of our global society. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 301 Peace and Conflict Studies
Units: 4 Terms Offered: Sp (Enroll in IR 310)

MDA 320 Global Ethics: Poverty, Health and the Human Condition
Units: 4 Terms Offered: FaSp Ethical challenges and moral obligations of the public and private sectors in global development, access to healthcare, and promotion of civil, political, and economic rights. Instruction Mode: Lecture, Discussion Grading Option: Letter

MDA 325 Case Studies in Modern Leadership
Units: 2 or 4 Max Units: 6.0 Terms Offered: FaSp Study of a single leader or small set of leaders, including the strengths and weaknesses that distinguish them and the cultural forces that nurture them. Instruction Mode: Lecture Grading Option: Letter Crosslisted as POSC-326

MDA 330 The Armenian Heritage: History, Arts, and Culture
Units: 4 Terms Offered: FaSp A multidisciplinary exploration of the Armenian cultural heritage through the ages — folklore, traditions, religious practices, literature, architecture, painting, sculpture, music, theatre, film and dance. Instruction Mode: Lecture Grading Option: Letter

MDA 333 Colloquium in Armenian Studies: Social and Cultural Issues
Units: 2 Max Units: 4.0 Terms Offered: FaSpSm Analysis of political, social, and cultural issues by the instructor and visiting lecturers with expertise in specific areas of the Armenian Republic and Diaspora community. Instruction Mode: Lecture Grading Option: Letter

MDA 350 Community Health Scan
Units: 4 Terms Offered: FaSpSm The social context of health and its determinants; the uses of data analysis; community capacity building, and the impact of policy on community health improvement. Instruction Mode: Lecture Grading Option: Letter

MDA 365 The Art and Adventure of Leadership
Units: 4 Terms Offered: Sp Areas of knowledge and kinds of competencies that are fundamental to the study and practice of leadership in a variety of settings. Instruction Mode: Lecture Grading Option: Letter

MDA 399a Team Research Communities
Units: 4 Terms Offered: FaSp Cross-disciplinary inquiry in the liberal arts. Research methodologies. Instruction Mode: Lecture Grading Option: Letter

MDA 399b Team Research Communities
Units: 4 Terms Offered: FaSp Cross-disciplinary inquiry in the liberal arts. Individual student and group projects contributing to the team's collaborative report. Instruction Mode: Lecture Grading Option: Letter

MDA 450 Individual Program of Study
Units: 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm An individual educational project approved by a faculty committee, combining directed research with internships, service learning, artistic or literary production, and/or other relevant educational activities. Registration Restriction: Open only to sophomore, junior or senior standing. Instruction Mode: Lecture Grading Option: Letter

MDA 460 Collaborative Learning Project
Units: 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm A project approved by a faculty committee, requiring students to collaborate on research or an original work in the literary, plastic, or performing arts. Registration Restriction: Open only to sophomore, junior or senior standing. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 475 The Future of California
Units: 4 Challenges facing California; options for governmental and constitutional reform; opportunities for economic growth; demographic and cultural changes; governmental and constitutional reform; opportunities for educational project

MDA 476 Policy Research on California
Units: 4 Terms Offered: Sp Research and proposed solutions concerning problems, policies, structural and constitutional challenges facing California. Open only to upper-division and master's students. Recommended Preparation: junior or senior standing. Instruction Mode: Lecture Grading Option: Letter Crosslisted as POSC-475, PPD-475

MDA 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Individual research, reading, writing and project development. Instruction Mode: Lecture Grading Option: Letter

MDA 494 Directed Creative Project
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Individual research, reading, writing and project development, guided by a faculty member with expertise in the area, who may be tenure-track or nontenure-track. Instruction Mode: Lecture Grading Option: Letter

MDA 495 Interdisciplinary Honors Seminar
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: Fa The first part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Instruction Mode: Lecture Grading Option: Letter

MDA 496 Interdisciplinary Honors Thesis
empires, their intellectual trends, and cultural dynamism.

Units: 4 Terms Offered: Sp The second part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Prerequisite: MDA 495. Instruction Mode: Lecture Grading Option: Letter

MDA 499 Special Topics
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Selected topics in Multidisciplinary Activities. Instruction Mode: Lecture Grading Option: Letter

MDA 501 Introduction to Visual Studies: Methods and Debates
Units: 4 A critical introduction to the field of visual studies focusing on interdisciplinary approaches to images, objects, and visual technologies as well as key texts and interpretive debates. Students must be enrolled in a PhD program at USC. Instruction Mode: Lecture Grading Option: Letter

MDA 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit Crosslisted as ANTH-593, COLT-593, EALC-593, ENGL-593, ENST-593, EXSC-593, GEOG-593, GER-593, IR-593, POSC-593, SLL-593

MDA 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Fa The multidisciplinary, team-taught seminar addresses issues at the intersection of literary, visual, and material culture. The faculty team and specific topics studied will change each time the course is offered. Instruction Mode: Lecture Grading Option: Letter

Middle East Studies

MDES 180g The Middle East
Units: 4 Terms Offered: FaSpSm (Enroll in HIST 180)

MDES 312 Shadow of God on Earth: Religion/Politics in Medieval Persia
Units: 4 Terms Offered: FaSp Political and dynastic history of Iran from the Arab conquest in the 7th to the 18th century. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-310

MDES 313 Modern Iran: Fall of Monarchies and Rise of Islamic Republic
Units: 4 Terms Offered: FaSpSm History and culture of modern Iran from the nineteenth century to present through historical and ethnographic approaches to Iran today, richly contextualizing events and people. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-389

MDES 314 Political Thought in the Middle East
Units: 4 Terms Offered: FaSp Major strands of Islamic political thought from early Islam through the classical Islamic period to contemporary developments and transformations. Instruction Mode: Lecture Grading Option: Letter

MDES 316p The Great Muslim Empires of the Near East and India
Units: 4 Explores the social, political, and religious forces that helped shape the Ottoman, Safavid, and the Mughal empires, their intellectual trends, and cultural dynamism.

MDA 324 Classical Persian Literature in Translation
Units: 4 Terms Offered: FaSp Introduction to literary culture of premodern Persia, from about 800–1800 AD. Emphasis on poetry, the most extensive, prestigious, and influential medium of Persian literature. Instruction Mode: Lecture Grading Option: Letter

MDA 325 Modern Persian Literature in Translation
Units: 4 Terms Offered: FaSp Modern Persian literature, covering the 19th, 20th, and 21st centuries, including the rise of disaporic literature in Persian. Includes poetry, but focused primarily on prose. Instruction Mode: Lecture Grading Option: Letter

MDA 340 Perspectives on US Foreign Policy in the Middle East
Units: 4 Presents critical perspectives to analyze U.S. foreign policy in the Middle East, including the discourses surrounding energy security, military interventionism, globalization, democracy promotion, and terrorism. Instruction Mode: Lecture Grading Option: Letter Crosslisted as IR 340.

MDA 342g Modern Arab State and Society I: Media and Intellectual Works
Units: 4 Surveys prominent debates in the Arab world, examining how media and intellectual production reflect, shape, and/or contest prevailing ideas and practices in the public sphere. Instruction Mode: Lecture Grading Option: Letter

MDA 343g Modern Arab State and Society II: Culture and Literature
Units: 4 Examines contemporary Arab state-society relations using literature to illustrate how people construct meanings and portray issues of national, social, and cultural significance. Crosslisted as COLT 347.

MDA 345p Sovereignty in the Middle East
Units: 4 The evolution of the concept and practice of sovereignty in the Middle East, pre-modern to the present, focusing on reciprocal nature of power and authority. Instruction Mode: Lecture Grading Option: Letter Crosslisted as IR 350

MDA 349g Ancient Empires
Units: 4 Terms Offered: FaSpSm (Enroll in CLAS 349)

MDA 362 The International Relations of the Contemporary Middle East
Units: 4 Terms Offered: Fa (Enroll in IR 362)

MDA 363 Middle East Political Economy
Units: 4 Terms Offered: Sp (Enroll in IR 363)

MDA 378 Ptolemaic Egypt
Units: 4 (Enroll in CLAS 378)

MDA 382 The Middle East, 500–1500
Units: 4 (Enroll in HIST 382)

MDA 383 The Modern Middle East
Units: 4 Terms Offered: Sp (Enroll in HIST 383)

MDA 384 Popular Culture in the Middle East
Units: 4 Terms Offered: FaSpSm (Enroll in HIST 384)
MDES 394 Archaeology of Egypt and the Near East
Units: 4 (Enroll in REL 394)

MDES 402 Cultural Heritage, Religion, and Politics in the Middle East
Units: 4 Terms Offered: Fa (Enroll in REL 402)

MDES 448m Islam in France
Units: 4 Terms Offered: FaSp (Enroll in FREN 448)

MDES 449 Multilingual Encounters
Units: 4 (Enroll in COLT 448)

MDES 461 Topics in Ancient Iranian Languages and Cultures
Units: 4 Max Units: 20.0 Studies and readings in one or more pre-modern Iranian languages and their cultural and historical contexts. Specific topics vary; may be repeated for credit. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CLAS-461

MDES 463 Islam and Arab Nationalism
Units: 4 (Enroll in IR 463)

MDES 480 Seminar in Middle East History
Units: 4 Max Units: max 8 (Enroll in HIST 480)

MDES 490 Direct Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MDES 492 Honors Thesis
Units: 4 Writing of the honors thesis; for students in the Middle East Studies Honors Program. Instruction Mode: Lecture Grading Option: Letter

MDES 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics in Middle East studies. Instruction Mode: Lecture Grading Option: Letter

Medical Biology

MDEB 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDEB 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MDEB 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MDEB 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MEDB 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MEDB 794z Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Medical Sciences (200–400)

MEDS 220 Preparation for the Clinical Experience
Units: 2 Terms Offered: FaSpSm Discussion and exercises in clinically relevant topics (professional behavior, patient privacy, medical ethics, cultural competency, teamwork, etc.) in preparation for experience in the clinical setting. Instruction Mode: Lecture Grading Option: Letter

MEDS 260 Challenges in the Forefront of Biomedical Ethics
Units: 2 Terms Offered: Sp Examination of fundamental ethical concepts and principles in clinical health care and biomedical research. Use of film, case studies and discussion. Recommended Preparation: MDA 110 or MEDS 220. Instruction Mode: Lecture Grading Option: Letter

MEDS 280 The History of Medicine: a Doctor’s Perspective
Units: 2 Terms Offered: Fa Explores the role of medicine/surgery in society, whose ideas about health and disease have undergone enormous changes from antiquity to the present day. Instruction Mode: Lecture Grading Option: Letter

MEDS 300g Statistical Methods for Biomedical Research
Units: 4 Terms Offered: Fa Fundamental basis for various statistical tests, underlying assumptions, and statistical analyses used in biomedical and clinical research. Instruction Mode: Lecture Grading Option: Letter

MEDS 320 Human Cadaveric Anatomy
Units: 4 Terms Offered: FaSp Anatomical structure and function of the major regions of the human body as related to health and disease, using clinical cases, lectures and cadaveric demonstrations. Prerequisite: BISC 220 or BISC 221. Instruction Mode: Lecture Grading Option: Letter

MEDS 330 Biometrics: Solutions to Enable the Disabled
Units: 2 Terms Offered: FaSp Focused examination of medical bionics with emphasis on solutions that enable the disabled and detailed discussions and evaluations of the social and technological aspects of bionic medical devices. Prerequisite: MEDS 220 Instruction Mode: Lecture Grading Option: Letter

MEDS 335 Human Development: From Stem to Sternum
Units: 2 Terms Offered: Fa An introduction to transformation of a single cell into a mature organism. Prerequisite: BISC 220 or BISC 221. Recommended Preparation: BISC 320. Instruction Mode: Lecture Grading Option: Letter

MEDS 340 The Brain in Health and Disease
Units: 4 Terms Offered: Fa Study of the human brain with emphasis on structure-functional relationships, illustrative case studies, current imaging techniques, with illustrative laboratory exercises using specimens and slides. 

Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: MEDS 310. Instruction Mode: Lecture Grading Option: Letter

MEDS 350 Drugs and the Brain
Units: 2 Terms Offered: Sp Effects of legal and illegal drugs on human brain function. Introduction to common prescribed drugs, pharmacokinetics, pharmacodynamics, and brain pathways utilized by common drug classes. Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: BISC 320 or BISC 330. Instruction Mode: Lecture Grading Option: Letter

MEDS 360 From Bench to Bedside: New Frontiers in Biomedical Research
Units: 2 Terms Offered: Fa A theoretical basis of laboratory approaches that help the biomedical or physician scientist in understanding the etiology of disease and targeting disease processes. Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: BISC 320 or BISC 330. Instruction Mode: Lecture Grading Option: Letter

MEDS 370 Organ Failure: Non-Communicable Chronic Disease
Units: 2 Terms Offered: Sp An examination of frequently treated diseases with the greatest impact on society. Involvement of medical specialists and actual patients as guests. Prerequisite: MEDS 220 and BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: MEDS 320 or EXSC 301L. Instruction Mode: Lecture Grading Option: Letter

MEDS 380 Stem Cells: Fact and Fiction
Units: 2 Terms Offered: Sp Exploring how stem cells and regenerative medicine are portrayed in culture, the scientific underpinnings of what is currently possible, and visions into the future. Prerequisite: BISC 220 or BISC 221. Instruction Mode: Lecture Grading Option: Letter

MEDS 390 Special Problems
Units: 1, 1.5, 2.5, 3, 3.5, 4 Max Units: 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MEDS 400 Introduction to Surgical Principles
Units: 2 Terms Offered: Sp Introduction to the spectrum of surgical care, taught by surgeons, with the goal of developing an appreciation of the role that surgery plays in society. Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; and MEDS 220. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

MEDS 445 Cancer: Introduction to Oncology in the Modern Era
Units: 2 Terms Offered: Fa Introduction to the spectrum of clinical and scientific issues surrounding contemporary cancer care – molecular diagnostics, genomic medicine, modern therapeutics, and community/patient engagement. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

MEDS 450 OB/GYN: The Medicine and Surgery of Reproduction
Units: 2 Terms Offered: Fa An introduction to the practical realities of modern obstetric and gynecology practice from the point of view of practicing surgeon scientists at USC. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Instruction Mode: Lecture Grading Option: Letter

MEDS 460 Emergency Health Care
Units: 2 Terms Offered: FaSp Principles of emergency medical services, ranging from prehospital care and advanced life-saving, to minor injuries and illnesses. Interactive experience with ER physicians/emergency health care providers. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Recommended Preparation: MEDS 260. Instruction Mode: Lecture Grading Option: Letter

MEDS 465 Wilderness and Survival Medicine
Units: 4 Terms Offered: Sp Medical physiology principles of people under "extreme" wilderness conditions, factors affecting remote medical care, and basic survival strategies, led by Emergency Medicine physicians. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Instruction Mode: Lecture Grading Option: Letter

MEDS 490x Directed Research in Biomedical Science
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 12.6 Terms Offered: FaSpSm Individual research and readings. Prerequisite: BISC 220 or BISC 221 and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: MEDS 300, MEDS 360. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

Medical Sciences (500)

MEDS 500 Basic Concepts in Global Health
Units: 4 Terms Offered: FaSpSm Exploration of global health issues facing resource-poor societies; emphasizes contributing factors including behavioral and physiological bases, economic, social, and political context. Instruction Mode: Lecture Grading Option: Letter

MEDS 501 Critical Issues in Global Health
Units: 4 Terms Offered: FaSpSm Evaluation of government and non-government organizations' new global health responses, and critical issues affecting global health including: environment, workforce conditions, obesity, nutrition, drugs, poverty. Instruction Mode: Lecture Grading Option: Letter
MEDS 502 Global Epidemiology of Diseases and Risk Factors  
Units: 4 Terms Offered: FaSpSm  Survey of major populations' crises and risk factors accounting for global health challenges. Evaluation of case studies of global health interventions and effective methodologies. Instruction Mode: Lecture Grading Option: Letter

MEDS 503L Core Principles System I  
Units: 4 Terms Offered: FaSpSm  Introduction to basic medical concepts and biological system functions; examination of core principles of science and medical treatment. Instruction Mode: Lecture Lab Required Grading Option: Letter

MEDS 504L Core Principles System II  
Units: 4 Terms Offered: Fa  Continuation of concepts from MEDS 503. Basic medical concepts and biological system functions; examination of core principles of science and medical treatment. Prerequisite: MEDS 503. Instruction Mode: Lecture Lab Required Grading Option: Letter

MEDS 510 Global Health Modules, Malaria  
Units: 2 Terms Offered: FaSpSm  Critical issues in international control and treatment of malaria. Exploration of biological and epidemiological fundamentals of human-parasite interaction, including dynamics of transmission among populations. Instruction Mode: Lecture Grading Option: Letter

MEDS 511 Global Health Modules, Tuberculosis  
Units: 2 Terms Offered: FaSpSm  Exploration of biological and epidemiological fundamentals of tuberculosis including dynamics of transmission among populations. Overview of clinical manifestations, diagnosis, and treatment of infections. Instruction Mode: Lecture Grading Option: Letter

MEDS 512 Global Health Modules, Maternal and Child Health I  
Units: 2 Terms Offered: FaSpSm  Biopsychosocial, cultural and economic aspects of women's health: pregnancy, childbirth, marriage. Examination of health promotion and policy efforts to improve women's health globally. Instruction Mode: Lecture Grading Option: Letter

MEDS 513 Global Health Modules, Maternal and Child Health II  
Units: 2 Terms Offered: FaSpSm  In-depth examination of women's health issues; health promotion and policy efforts to improve women's health globally. Instruction Mode: Lecture Grading Option: Letter

MEDS 514 Global Health Modules, Tropical Disease  
Units: 2 Terms Offered: FaSpSm  Examination of prevalent tropical diseases: epidemiology, clinical manifestations, treatment, impact on economies of tropical countries. Key issues related to these diseases; World Health Organization responses. Instruction Mode: Lecture Grading Option: Letter

MEDS 515 Global Health Modules, HIV/AIDS  
Units: 2 Terms Offered: FaSpSm  HIV epidemiology, basic biology of transmission and pathophysiology, associated opportunistic infections, and challenges to providing care in the developing world, including government responses. Instruction Mode: Lecture Grading Option: Letter

MEDS 516 Cultural Competence in Health and Medicine  
Units: 2 Terms Offered: FaSpSm  Practical approach to the development of professional skills for providing culturally sensitive clinical health services to ethnically and linguistically diverse patients. Instruction Mode: Lecture Grading Option: Letter

MEDS 517 Health and Human Rights  
Units: 2 Terms Offered: FaSpSm  The relationship between health and human rights, and the study of human rights issues relevant to health care professionals. Instruction Mode: Lecture Grading Option: Letter

MEDS 518 Children in Emergency Situations: Global Policies and Programs  
Units: 2 Terms Offered: Sp  Focuses on children in emergency situations, including natural and man-made disasters, such as floods, earthquakes, conflicts, or war, with an emphasis on the poorest and most vulnerable children. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 519 Global Oral Health  
Units: 2 Terms Offered: FaSpSm  Better understand the key issues impacting global oral health, how better care can help reduce the disease prevalence, and ways to prepare the next generation of global health leaders to address the key issues. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 520 Medical Spanish for the Health Professions  
Units: 2 Terms Offered: FaSpSm  Spanish language course for students planning to enter the health professions. Registration Restriction: Open only to digital social media majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 521 Emerging and Re-emerging Infectious Diseases  
Units: 2 Terms Offered: FaSpSm  Exploration of the threat of major worldwide epidemics and diseases with a focus on the recent emergence of new plagues. Instruction Mode: Lecture Grading Option: Letter

MEDS 522 Human Hepatitis Viruses  
Units: 2 Terms Offered: FaSpSm  Human hepatitis and the viruses that cause them, how they are spread, symptoms, treatment, and prevention. Instruction Mode: Lecture Grading Option: Letter

MEDS 523 Global Toxicity and Carcinogenesis  
Units: 2 Terms Offered: FaSpSm  Covers the occurrences of toxic substances and the toxicity/diseases they cause, and chemical carcinogens and the types of cancer they cause worldwide. Instruction Mode: Lecture Grading Option: Letter

MEDS 524 Grantwriting for Non-Government Organizations  
Units: 2 Terms Offered: FaSpSm  Instruction on the process and methods of writing effective grants from identifying appropriate funders to implementing project upon receipt of funding award. Instruction Mode: Lecture Grading Option: Letter

MEDS 525 Global Mental Health  
Units: 2 Terms Offered: FaSpSm  Examines the major mental health diagnoses from clinically relevant perspectives and their prevalence in specific geographical regions around the world. Instruction Mode: Lecture Grading Option: Letter

MEDS 526 Alternative and Eastern Medicine: A Biomedical Approach
Units: 2 Terms Offered: FaSpSm Exploration of issues of complementary and alternative medicine (CAM) and traditional Eastern medical views of health and illness from a Western biomedical perspective. Instruction Mode: Lecture Grading Option: Letter

MEDS 527 Zoonotic Infectious Diseases
Units: 2 Terms Offered: SpSm Background information on a group of infections that are transmitted via animal contact. Understanding of the epidemiology, clinical manifestations, treatment, and impact of the diseases on the economies of the countries in which they are found. Recommended Preparation: MEDS 500. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

MEDS 528 Global Health Modules, Sexually Transmitted Infections
Units: 2 Terms Offered: SpSm Examines clinically relevant perspectives from distinguished international authors on STI issues and the devastating effect on particular geographical regions around the world. Instruction Mode: Lecture Grading Option: Letter

MEDS 529 Refugee Health Care
Units: 2 Terms Offered: SpSm Introduction to refugee health care and life events which impact health. Discuss medical needs of long-term displaced populations with specific case studies. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

MEDS 530a Foundation of Medicine: Anatomy, Physiology, and Pathology
Units: 4 Terms Offered: FaSpSm Fundamentals of physiology, chemistry, anatomy, biochemistry and microbiology, as well as pharmacological issues, mathematical basis of lab instruments or techniques, and computational modeling. Instruction Mode: Lecture Grading Option: Letter

MEDS 530b Foundation of Medicine: Anatomy, Physiology, and Pathology
Units: 4 Terms Offered: FaSpSm The basics of human anatomy (gross anatomy, histology, radiographic anatomy), physiology (cellular physiology, organ system areas) and pathology (general, systemic, cellular pathology). Instruction Mode: Lecture Grading Option: Letter

MEDS 530c Foundation of Medicine: Anatomy, Physiology, and Pathology
Units: 4 Terms Offered: FaSpSm Continues material from MEDS 530a and MEDS 530b, covering human anatomy (gross anatomy, histology, radiographic anatomy), physiology (cellular physiology, organ systems) and pathology (general, systemic, cellular pathology). Instruction Mode: Lecture Grading Option: Letter

MEDS 531 The Politics of Global Health
Units: 2 Terms Offered: FaSpSm Examines the impact of politics on global health progress and declines. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 532 Non-communicable Diseases
Units: 2 Terms Offered: FaSpSm A conceptual framework for understanding global challenges faced in the management of non-communicable diseases, including heart disease, diabetes, chronic lung disease, and cancer. Instruction Mode: Lecture Grading Option: Letter

MEDS 533 Emerging Cell-based Therapeutics
Units: 2 Examination of microbial and human cells as versatile therapeutic engines, including their novel applications: autologous and allogenic immunotherapies, stem cell technologies, and human microbiome transplantations. Recommended Preparation: Two semesters of Introductory Biology, Cell Biology, and Genetics Instruction Mode: Lecture Grading Option: Letter

MEDS 534 Global Biotechnology Entrepreneurship
Units: 2 Examination of the entrepreneurial process in biotechnology, including: industry overview, idea generation, business plan formulation, intellectual property protection, funding, personnel management, and regulatory body interaction. Instruction Mode: Lecture Grading Option: Letter

MEDS 535 Culture, Lifestyle, and Health
Units: 2 Terms Offered: FaSpSm Overview of national and international variations in health status indicators in regard to cultural and lifestyle differences. Instruction Mode: Lecture Grading Option: Letter

MEDS 536 Biotechnology for Global Impact
Units: 4 Examination of classical and novel techniques used to explore and manipulate gene function and implications for the use of biotechnology in areas of global need. Recommended preparation: two semesters of introductory biology; two semesters of molecular biology and genetics. Recommended Preparation: Two semesters of introductory biology; two semesters of molecular biology and genetics Instruction Mode: Lecture Grading Option: Letter

MEDS 537 Pathway and Target Discovery
Units: 4 Terms Offered: Sp Exploration of the process of discovering and developing novel therapeutic treatments. Recommended Preparation: Two semesters of Introductory Biology plus two semesters of Molecular Biology, Genetics, or Cell Biology Instruction Mode: Lecture Grading Option: Letter

MEDS 538 Seminar in Global Biotechnology
Units: 2 Terms Offered: Sp Series of seminars that provide updated views on various sub-specialties in biotechnology. Prerequisite: MEDS 536a or MEDS 536b Recommended Preparation: Two semesters of Introductory Biology plus two semesters of Molecular Biology, Genetics, or Cell Biology Instruction Mode: Lecture Grading Option: Letter

MEDS 539 Global Biotechnology Practicum
Units: 2, 3, 4 Max Units: 4 Experiential training based on a project in a biomedical, biotechnology or pharmaceutical setting. Recommended Preparation: Students must have completed one core and one elective course of the program prior to enrollment Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 540 Global Biotechnology Capstone Preparation
Units: 1 Terms Offered: Sp Preparation for capstone defense course. Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 541 Global Biotechnology Capstone Defense
Units: 2 Finalization and defense of capstone project. Prerequisite: MEDS 539 and MEDS 540 Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 542 Biotechnology-based Therapeutics
Units: 2 Covers advanced biotechnology principles and applications. Instruction Mode: Lecture Grading Option: Letter

MEDS 550 Clinical Medicine and Health Care Reform in Taiwan
Units: 2 Terms Offered: Sm Two-week in-depth study abroad in Taipei, Taiwan, focused on understanding Taiwan's health care system, health priorities, and needs. Instruction Mode: Lecture Grading Option: Letter

MEDS 551 Clinical Medicine and Socioeconomic Factors in Uganda
Units: 2 Terms Offered: Sm Two-week course that provides students with hands-on experience in clinical medicine/public health and exposure to the various socioeconomic factors impacting health in the developing world. Instruction Mode: Lecture Grading Option: Letter

MEDS 552 Clinical Medicine and Health Care Reform in Jordan
Units: 2 Terms Offered: Sm A two-week, in-depth study abroad course that explores the economic, social, political, and health issues in the Middle East region and specifically Jordan. Instruction Mode: Lecture Grading Option: Letter

MEDS 553 Clinical Medicine and Health Care Challenges in India
Units: 2 Terms Offered: Sm Two-week study abroad course that explores the health dynamics and health care settings of India. Instruction Mode: Lecture Grading Option: Letter

MEDS 554 Clinical Medicine and Healthcare Delivery in Panama
Units: 2 Terms Offered: SpSm A two-week course providing students with hands-on experience in the practice of rural medicine as they gain exposure to the various socioeconomic factors present in Bocas del Toro, Panama. Recommended Preparation: MEDS 500, MEDS 501, MEDS 510, MEDS 511, MEDS 514, MEDS 515. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 555 Clinical Medicine and Healthcare Access in Honduras
Units: 2 Terms Offered: Sm A three-week hybrid course providing students with hands-on experience in clinical medicine/public health and exposure to the various socioeconomic factors impacting healthcare delivery in the developing world, specifically in Honduras. Recommended Preparation: MEDS 500, MEDS 501, MEDS 513, MEDS 514, MEDS 515. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 556 Global Health Field Study, New York
Units: 2 Terms Offered: Sp Two-week course providing students with a solid understanding of the United Nations' major agencies influential in global health, their mandate, their strengths and challenges. Includes field visit to selected UN organizations all located in NYC. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 557 Clinical Medicine and Healthcare Dynamics in Denmark
Units: 2 Terms Offered: SpSm Two-week course that provides a venue for careful examination and assessment of the economic, social, political, and specific health issues currently faced by countries in the European Region. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 558 Clinical Medicine and Translational Research in Argentina
Units: 2 Terms Offered: SpSm Two-week in-depth course examining and assessing the economic, social, political and unique health issues faced by the Latin American Region especially Argentina. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 559 Clinical Medicine and Healthcare Determinants in China
Units: 2 Terms Offered: SpSm A two-week intensive course abroad in Shanghai, China, focused on understanding critical health realities of Chinese medicine, health determinants and healthcare delivery. Recommended Preparation: MEDS 500, MEDS 501, MEDS 515, MEDS 535. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 560 Innovating in Healthcare in Malaysia
Units: 2 Terms Offered: Sm Two-week study abroad course in Malaysia that examines the capacity of local communities to address health needs and to address health priorities with innovation. Instruction Mode: Lecture Grading Option: Letter

MEDS 561 Global Healthcare Development and Practices in Nepal
Units: 2 Terms Offered: Sm Two-week course providing a multi-faceted understanding of the delivery of essential services to underserved populations, particularly women and children, in the challenging Nepalese healthcare landscape. Recommended Preparation: MEDS 500, MEDS 501, MEDS 513, MEDS 518. Registration Restrictions: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 562 Healthcare in Thailand
Units: 2 Terms Offered: Sm Two-week course that provides students opportunities to analyze and gain exposure to public health and health systems infrastructure in Thailand. Recommended Preparation: MEDS 500, MEDS 501, MEDS 515, MEDS 535. Instruction Mode: Lecture Grading Option: Letter

MEDS 563 Global Healthcare Development and Social Justice in Italy
Units: 2 Terms Offered: Sm A two-week course analyzing global healthcare access and delivery through the lens of development economics, social justice, health advocacy, and Italian medical history and research. Instruction Mode: Lecture Grading Option: Letter

MEDS 564 Health Behavior and Healthcare in Germany
Units: 2 Terms Offered: Sm Two-week course that exposes students to public health and health systems infrastructure in Germany and Switzerland, including analysis of health behaviors. Recommended Preparation: MEDS 500, MEDS 501, MEDS 515, MEDS 535. Instruction Mode: Lecture Grading Option: Letter

MEDS 566 Healthcare in Fiji
Units: 2 Two-week study abroad course in Fiji that examines the public health and healthcare systems of Fiji and its neighbors. Recommended Preparation: MEDS
MEDS 501 Health and Medical Microbiology
Units: 4 Terms Offered: Irregular A survey of microorganisms which cause human infectious diseases including mechanisms of pathogenesis, principles of antibiotic usage, pertinent microbial genetics; lectures, laboratories and demonstrations. Prerequisite: one year general biology, one semester biochemistry. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MEDS 502 Molecular and Cellular Immunology
Units: 2 Max Units: 8.0 Terms Offered: Fa Specific topics to be scheduled on a yearly and rotating basis. Prerequisite: MICB 501. Instruction Mode: Lecture Grading Option: Letter

MEDS 503 Current Topics in Immunology
Units: 1 Max Units: 8.0 Terms Offered: Irregular Discussion forum on the diverse areas of research which constitute modern immunology. Prerequisite: MICB 501. Instruction Mode: Lecture Grading Option: Letter

MEDS 504 Molecular Biology of Cancer
Units: 4 Terms Offered: Sp (Enroll in INTD 504)

MEDS 522 Infection and Host Responses
Units: 4 Terms Offered: Sp (Enroll in INTD 522)

MEDS 531 Cell Biology
Units: 4 (Enroll in INTD 531)

MEDS 542 Animal Virology
Units: 2 Max Units: 6.0 Terms Offered: Irregular Virus structure and chemistry; virus-cell interactions; aspects of virus genetics; molecular biology; pathogenesis, immunology, and evolution of viral infections. Instruction Mode: Lecture Grading Option: Letter

MEDS 549 Student Seminar Series
Units: 1 Max Units: 8.0 Terms Offered: FaSp Microbiology students will present research seminars describing their thesis progress. Instruction Mode: Lecture Grading Option: Letter

MEDS 550 Microbial Pathogenesis
Units: 2 Terms Offered: Irregular Critical discussion of recent developments in pathogenesis of select microbial, viral and parasitic agents with particular emphasis on molecular factors and their synergistic (antagonistic) actions. Instruction Mode: Lecture Grading Option: Letter

MEDS 551 Procaryotic Molecular Genetics
Units: 4 Terms Offered: Sp Macromolecular processes and their regulation in procaryotes; DNA replication, transcription, and post-transcriptional events in general and as related to operons, phage biology, and eucaryotic organelles. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC 551

MEDS 560 Recent Advances in Microbiology
Units: 1 Max Units: 6.0 Terms Offered: Irregular Intensive examination of selected topics in microbiology. Student presentations and critiques. Required for all graduate students. Instruction Mode: Lecture Grading Option: Letter

MEDS 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

MEDS 570 Microbiology Research Seminar
Units: 1 Max Units: 10.0 Terms Offered: FaSpSm Critical discussion of current research topics. Students present published and unpublished research results for discussion and critique. Prerequisite: current enrollment in Microbiology PhD program. Instruction Mode: Lecture Grading Option: Letter

MEDS 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

MEDS 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

MEDS 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

MEDS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: Irregular Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by
Creating and interpreting qualitative and quantitative research to gain insight into marketplace challenges, such as testing advertising, identifying new product opportunities, and understanding customer decisions. Prerequisite: BUAD 307 or MKT 385

MKT 405 Advertising and Promotion Management
Units: 4 Terms Offered: FaSp Role of advertising in the marketing mix: determining objectives, strategies, and plans from situation analysis through research and creative processes, media selection, and sales promotion. Prerequisite: BUAD 307 or COMM 302 or MKT 385

Units: 4 Terms Offered: Fa  Understand the nature, causes,
and consequences of deviations from rational choice.
Develop frameworks for controlling biases, improving your
decision-making, and influencing other people's decisions.
Instruction Mode: Lecture Grading Option: Letter
MOR 461 Design of Effective Organizations
Units: 4 Terms Offered: Fa  Designing management systems
and practices that lead to organizational excellence;
techniques for organizational change. Instruction Mode:
Lecture Grading Option: Letter
MOR 462 Management Consulting
Units: 4 Terms Offered: FaSp Role of professional
consultants; data gathering methods; consulting approaches
from strategy, finance, operations, information systems,
marketing, and human resources; action planning; ethical and
career issues. Recommended Preparation: BUAD 304.
Instruction Mode: Lecture Grading Option: Letter
MOR 463 Organization Change and Development
Units: 4 Terms Offered: Sp  Theories and methods of
introducing change in organizations. Techniques for
analyzing organizations, developing change programs, and
implementing changes. Ethical and career issues of change
management. Recommended Preparation: BUAD 304.
Instruction Mode: Lecture Grading Option: Letter
MOR 465 Advanced Methods in Strategy Analysis
Units: 4 Terms Offered: Sp  Theories and methods for
analyzing and developing strategy. Fundamental tools for
strategic planning. Advanced methods for analyzing
industries and competitors, and determining the scope of the
firm. Recommended Preparation: BUAD 497. Instruction
Mode: Lecture Grading Option: Letter
MOR 466 Business and Environmental Sustainability
Units: 4 Terms Offered: Sp  Focuses on how businesses both
contribute to and can help address environmental
sustainability challenges and the role of the broader political-
economy in shaping that interaction. Recommended
Preparation: university-level course in economics.
Duplicates Credit in former ENST 450. Instruction Mode:
Lecture Grading Option: Letter  Crosslisted as ENST-466
MOR 467 Strategic Management of Innovation
Units: 4 Terms Offered: Sp  How firms in different industries
manage strategic innovation for competitive advantage.
Analysis of industry dynamics. Crafting and implementing
innovation strategy. Registration Restriction: Open only
to sophomores, juniors and seniors Instruction Mode: Lecture
Grading Option: Letter  Crosslisted as ACAD 467

MOR 451 Mastering Decision Making
Units: 4 Terms Offered: FaSp  Theories and methods of
introducing change in organizations. Techniques for
analyzing and developing change programs, and
implementing changes. Ethical and career issues of change
management. Recommended Preparation: BUAD 304.

Units: 4 Analyzes the rhetoric of classic investment texts and news on investing/financial markets; investigates how rhetorical arguments shape and influence the valuation and investing process. Instruction Mode: Lecture Grading Option: Letter

MOR 481 Global Strategy
Units: 4 Terms Offered: FaSp Examination of corporate strategy practices in an international context. Effects of cultures, political systems, markets, and economic systems on developing effective global strategies. Instruction Mode: Lecture Grading Option: Letter

MOR 482 International Management and Internship
Units: 2, 3, 4 International internship. Develop general/cross-cultural knowledge and management skills, gain an understanding of cross-cultural issues, and develop insights working in international businesses. Recommended Preparation: BUAD 304. Instruction Mode: Lecture Grading Option: Letter

MOR 489 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics reflecting current trends and recent developments in organizational behavior, business strategy and organizational theory. Instruction Mode: Lecture Grading Option: Letter

MOR 542 Strategic Issues for Global Business
Units: 3 Terms Offered: Fa Globalization strategies from entry to maturity; alternative approaches from going alone to alliances; strategy implementation issues in different cultures and political systems. Cases, videos and speakers. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

MOR 545 Corporate Governance and Board Leadership
Units: 1.5, 3 Terms Offered: Fa Corporate Governance is the system by which corporations are directed and controlled. Includes rights and responsibilities of stakeholders; rules and procedures for decision-making. Registration Restriction:
Online registration open to only graduate accounting and business students Instruction Mode: Lecture Grading Option: Letter

**MOR 548 Competitive Advantage Through People**
Units: 3 Terms Offered: Sp How firms develop employee talent as a source of competitive advantage. Strategic implications of contemporary practices in recruitment, work systems, training, compensation, and employee relations. Speakers and cases. Instruction Mode: Lecture Grading Option: Letter

**MOR 551 Human Capital Performance and Motivation**
Units: 3 Terms Offered: Sp Frameworks for enhancing human capital performance motivation at work, including pay/incentive systems, job design, employee involvement, leadership behavior and self-managed teams. Cases, project and speakers. Instruction Mode: Lecture Grading Option: Letter

**MOR 554 Leading Innovation and Change**
Units: 3 Terms Offered: SpSm Practical knowledge on helping organizations develop innovations and lead change to leverage them. Exploration of innovation and change in different organizations and competitive environments. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 555 Designing High Performance Organizations**
Units: 3 Terms Offered: Sp Theory and practice of organization design. How to maximize organization performance by aligning structure, rewards, staffing, processes, and culture with strategy and environment. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 556 Leading Professional Service Firms**
Units: 3 Teaches students with interest in consulting, investment banking, and companies in high-velocity environments how to manage careers, design, lead, and market adaptable and innovative organizations. Registration Restriction: Open only to Graduate Business and Accounting majors. Instruction Mode: Lecture Grading Option: Letter

**MOR 557 Strategy and Organization Consulting**
Units: 3 Terms Offered: FaSp How consultants assist clients to formulate strategic plans and realign organizations; approaches used by major consulting firms; information about consulting industry, fee-setting and proposals. Consultant speakers and project. Instruction Mode: Lecture Grading Option: Letter

**MOR 559 Strategic Renewal and Transformation**
Units: 3 Terms Offered: Fa Dynamic strategic planning; how businesses re-invent themselves; why change is difficult; politics of change process; leadership steps for implementing successful strategic changes. Cases and readings. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 560 Managerial Judgment and Decision-Making**
Units: 3 Terms Offered: Sm Development of skills and insight into making effective strategic, financial, and management decisions including awareness of hazards of decisions, issues of rationality, and risk taking. Registration Restriction: Online registration open to only graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

**MOR 561 Strategies in High-Tech Businesses**
Units: 3 Terms Offered: Fa How high-tech companies achieve competitive advantage through leveraging technical, management and financial resources. Technology trends and industry evolution. Focus on electronics and bio-technology. Cases and speakers. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 562 Strategic Choice and Valuation Analysis**
Units: 3 Terms Offered: Fa Advanced strategic planning using tools of scenario development and activity valuation for assessing market entry, expansion and business portfolio configuration. Exercises, cases and project. Instruction Mode: Lecture Grading Option: Letter

**MOR 564 Competitive Advantage**
Units: 1.5, 3 Terms Offered: Sp How business is changing in order to respond to environmental sustainability challenges — adapting strategy, product design, operations, marketing, and accounting. Cases and speakers. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 565 Alliances and Cooperative Strategy**
Units: 3 Terms Offered: Sp Essential issues and problems of cooperative strategy. Recognize and evaluate collaborative opportunities to develop and assess an overall cooperative strategy. Readings, cases and group project. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 566 Environmental Sustainability and Competitive Advantage**
Units: 3 Terms Offered: Sp How business is changing in order to respond to environmental sustainability challenges — adapting strategy, product design, operations, marketing, and accounting. Cases and speakers. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 567 Interpersonal Influence and Power**
Units: 3 Terms Offered: Fa Legitimate and effective use of power to resolve conflicts and mobilize action through understanding the talent and self-interest of people involved in decision-making. Readings, cases. Registration Restriction: Open only to graduate business majors. Instruction Mode: Lecture Grading Option: Letter

**MOR 568 Power and Politics in Organizations**
Units: 3 Explodes current theories of power, politics and leadership within the organizational dynamic. Individual bases of power will be related to assessments of motives and skills. Recommended Preparation: GSBA 522a, GSBA 522b or GSBA 532 or GSBA 533 or GSBA 543. Instruction Mode: Lecture Grading Option: Letter

**MOR 569 Negotiation and Deal-Making**
Units: 3 Terms Offered: FaSpSm Strategies and dynamics of deal-making; practical skills necessary to win in range of business transactions conducted in domestic and international settings. Cases, role-playing, films and simulations. Registration Restriction: Open only to graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

**MOR 570 Leading Effective Teams**
Units: 3 Terms Offered: Sm Analytical and behavioral tools that will enable students to effectively diagnose complex work group dynamics and take action to improve group performance. Open only to Accounting and Business graduate students, including dual degrees. Registration
MOR 571 Leadership and Executive Development  
Units: 3 Terms Offered: FaSp  
Contemporary approaches to leadership, including corporate practices to develop leaders; examples of successful and derailed executives. Students self-assess personal leadership and draft development plans. Readings, speakers, cases. Instruction Mode: Lecture  
Grading Option: Letter

MOR 572 Leadership and Self-Management  
Units: 3 Terms Offered: Fa  
Successful leaders are effective at self-managing their thoughts, emotions and actions. Course provides concepts and methods for developing essential self-management skills. Registration Restriction: Open only to graduate business majors. Instruction Mode: Lecture  
Grading Option: Letter

MOR 573 Corporate Environmental and Social Issues  
Units: 3 Terms Offered: FaSp  
Exploring of competing perspectives on business's role vis-a-vis investors, government, environment, customers, suppliers, employees, unions, NGOs, etc. Registration Restriction: Open only to Master and Doctoral students in Accounting and Business, including dual degrees. Instruction Mode: Lecture  
Grading Option: Letter

MOR 579 The Business of Sports Entertainment  
Units: 3 Terms Offered: FaSp  
Business practices and issues in different sports markets; including growth opportunities; and innovative marketing strategies for attracting and retaining fans and corporate sponsors. Industry speakers. Instruction Mode: Lecture  
Grading Option: Letter

MOR 588 Corporate Strategy and Competitive Dynamics  
Units: 1.5, 3 Terms Offered: Sp  
Central challenges facing executives in multi-business firms; toolkit for analyzing and executing strategic and operational aspects of corporate advantage, M&As and competitive dynamics. Registration Restriction: Online registration open to only graduate accounting and business students. Instruction Mode: Lecture  
Grading Option: Letter

MOR 590 Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm  
Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 592 Field Research in Management and Organization  
Units: 0.5, 1, 1.5, 2, 2.5, 3.0, 3.5, 4 Max Units: 12.0 Terms Offered: FaSpSm  
Individual or team projects studying the management practices of an industry, company, government agency, country, geographic region, etc. Proposal, data collection, analyses, and written report. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 593 Independent Research in Management and Organization  
Units: 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4 Max Units: 12.0 Terms Offered: FaSpSm  
Independent research beyond normal course offerings. Proposal, research and written report/paper required. Registration Restriction: Open only to master students. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 595 Internship in Management and Organization  
Units: 0.5, 1, 1.5, 2 Max Units: 9.0 Terms Offered: FaSpSm  
Supervised on-the-job business experience in the student's area of interest. (Curricular Practical Training.)  
Recommended Preparation: completion of required MBA, MAcc, or MBT course work. Registration Restriction: Open only to master students in Accounting and Business majors. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 596 Research Practicum in Management and Organization  
Units: 0.5, 1, 1.5, 2 Max Units: 8.0 Terms Offered: FaSpSm  
Hands-on practical experience working with a Marshall faculty member in the Management and Organization Department on an ongoing research project. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 597 Consulting Project in Management and Organization  
Units: 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5 Max Units: 12.0 Terms Offered: FaSpSm  
Individual or team project solving real business problems for an existing business entity, domestic and/or international. Proposal, field research, analyses and oral and written presentations. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 599 Special Topics  
Units: 1, 1.5, 2 or 3 Max Units: 9.0 Terms Offered: FaSpSm  
Selected topics reflecting current trends and recent developments in management and policy sciences. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

MOR 601 Seminar in Organizational Behavior  
Units: 3 Terms Offered: Fa  
In-depth review of the theories and empirical research in the discipline of organizational behavior. Topics include: personality, motivation, job design, leadership, and others. Instruction Mode: Lecture  
Grading Option: Letter

MOR 602 Seminar in Organization Theory  
Units: 3 Terms Offered: Fa  
Survey of organization theory with focus on the history and development of research on organizations. Registration Restriction: Open only to Business Administration and Public Policy and Management doctoral students. Instruction Mode: Lecture  
Grading Option: Letter

MOR 603 Seminar in Strategic Management  
Units: 3 Terms Offered: Sp  
Survey of strategic management. Topics include historical overview of strategic management, research methods used, current theory, and empirical research on the developing of paradigms. Registration Restriction: Open only to Business Administration doctoral students. Instruction Mode: Lecture  
Grading Option: Letter

MOR 604 Research Methods in Strategy and Organization
Units: 3 Terms Offered: Irregular Survey of research methods with focus on designing and implementing empirical research projects and critical issues faced by researchers. Instruction Mode: Lecture Grading Option: Letter

MOR 605 Research Methods in Organizational Behavior
Units: 3 Terms Offered: Irregular Design and analysis of behavioral research; methods may include experiments, survey research, qualitative research, statistical analysis, special topics. Emphasis on rigor, validity and statistical power. Instruction Mode: Lecture Grading Option: Letter

MOR 621 Research Forum
Units: 1 Max Units: 4.0 Terms Offered: FaSp Seminar. Review and discuss current research in Organizational Theory, Organizational Behavior and Strategy. Presentations by faculty, visiting researchers, and advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Registration Restriction: Open only to Marshall Ph.D. students specializing in Management and Organization. Instruction Mode: Lecture Grading Option: Credit/No Credit

Performance (Early Music)
MPEM 201 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instrument for lower division students. Instruction Mode: Lecture Grading Option: Letter

MPEM 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPEM 450 Collegium Workshop
Units: 1 Max Units: 8.0 Terms Offered: FaSp Study and rehearsal of music of the Middle Ages, Renaissance, and Baroque; technique, interpretation, improvisation, and ornamentation. Instruction Mode: Lecture Grading Option: Letter

MPEM 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MPEM 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPEM 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPEM 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPEM 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MPEM 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPEM 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPEM 650 Collegium Directing
Units: 2 Max Units: 4.0 Practical training in the direction of a Collegium Musicum or other early music ensemble; program planning, repertory search and preparation, historical instrumentation and arranging, rehearsal procedure, improvisational techniques, and maintenance of instruments. Instruction Mode: Lecture Grading Option: Letter

MPEM 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MPEM 754 Artist Diploma Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

Performance (Guitar)
MPGU 101x Non-Major Beginning Individual Instruction
Units: 1, 2 Max Units: 2.0 Terms Offered: FaSpSm Individual instruction at the beginning level designed for non-music majors with no previous experience. Not available for credit to music majors. Instruction Mode: Lecture Grading Option: Letter

MPGU 120a Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSm Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture Grading Option: Letter

MPGU 120b Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSm Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture Grading Option: Letter

MPGU 120c Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSm Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture Grading Option: Letter

MPGU 120d Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSm Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture Grading Option: Letter

MPGU 121 Intensive Beginning Pop/Rock Guitar
Units: 4 Terms Offered: FaSp Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture Grading Option: Letter

MPGU 125 Beginning Fingerstyle/Chord Guitar
Units: 2 Terms Offered: FaSp Basic fingerstyle guitar, learned through the study of such pieces as "Greensleeves," "Malaguena," and "Minuet" (Bach); song accompaniment patterns and music notation for the beginner. Instruction Mode: Lecture Grading Option: Letter

MPGU 126 Easy Fingerstyle Beatles
Units: 2 Terms Offered: FaSp Techniques of classical guitar applied to the study of five to eight Beatles songs, from "Hey Jude" to "Blackbird." No guitar or music background required. Instruction Mode: Lecture Grading Option: Letter

MPGU 153 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPGU 155 Guitarists in the U.S.
Units: 2 Study of the lives and music of influential guitarists; analysis of musical and technical details. Instruction Mode: Lecture Grading Option: Letter

MPGU 159 Functional Skills for Studio Guitarists I
Units: 2 Study of technique, theory and aural skills as applied to guitar; fingerboard organization of melodic and chordal topics; sight reading. Instruction Mode: Lecture Grading Option: Letter

MPGU 157 Classical Guitar Performance Class
Units: 2 Max Units: 8.0 Terms Offered: FaSp Technical problems; solo and ensemble literature; interpretation; professional preparation. Required of first and second year Classical Guitar majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MPGU 258 Functional Skills for Studio Guitarists I
Units: 2 Max Units: 4.0 Terms Offered: FaSp Melodic and chordal topics applied to the total fingerboard; successful completion required for junior standing. Prerequisite: MPGU 159. Instruction Mode: Lecture Grading Option: Letter

MPGU 259 Functional Skills for Classical Guitarists I
Units: 2 Terms Offered: Fa Fundamentals of music theory experienced through the medium of the classical guitar. Topics include analysis of important guitar works, basso continuo realization, arranging, and improvisation. Recommended Preparation: MUCCO 232a. Instruction Mode: Lecture Grading Option: Letter

MPGU 300 Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Not available for credit to music majors. Recommended Preparation: MPGU 101. Duplicates Credit in former MPGU 201 and MPGU 401. Instruction Mode: Lecture Grading Option: Letter

MPGU 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Duplicates Credit in former MPGU 201 and MPGU 401. Registration Restriction: Open only to music majors and minors. Instruction Mode: Lecture Grading Option: Letter

MPGU 335 Jazz Guitar Master Class
Units: 1 Terms Offered: FaSp Explore the music of Joe Diorio, Wes Montgomery and John Coltrane in a master class setting. Instruction Mode: Lecture Grading Option: Letter

MPGU 358 Performance Practices for Studio Guitarists
Units: 2 Max Units: 4.0 Rehearsal procedures; stage deportment; interpretation of solo and ensemble literature; preparation for recitals and professional performance. Prerequisite: MPGU 258. Instruction Mode: Lecture Grading Option: Letter

MPGU 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPGU 415 Studio Guitar Pedagogy
Units: 2 Teaching techniques and literature; function of the hands; acoustical properties of instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 416 Evolution of the Guitar in the United States
Units: 3 Historical survey of styles, literature and performance practice; emphasis on playing technique and interpretation. A time-line study relating guitar to popular music and historical events. Duplicates Credit in former MUHL 416. Instruction Mode: Lecture Grading Option: Letter

MPGU 417 Classical Guitar Pedagogy
Units: 2 Teaching techniques and literature; function of the hands; acoustical properties of instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 426 Classical Guitar History and Literature
Units: 3 Terms Offered: Fa A survey of music for the guitar, lute and vihuela from 1500 to the present. Recommended Preparation: MUHL 332. Duplicates Credit in former MPGU 426a and former MUHL 426a. Instruction Mode: Lecture Grading Option: Letter

MPGU 427 Advanced Topics in Classical Guitar History and Literature
MPGU 426. Duplicates Credit in former MPGU 426b and former MUHL 426b. Instruction Mode: Lecture Grading Option: Letter

MPGU 428a Improvisation and Arranging for Guitarists
Units: 3 Principles of improvisation and impromptu arranging; comparison and application of techniques and musical styles of the various kinds of guitars and related fretted instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 428b Improvisation and Arranging for Guitarists
Units: 3 Principles of improvisation and impromptu arranging; comparison and application of techniques and musical styles of the various kinds of guitars and related fretted instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 452 Individual Instruction
Units: 1 or 2 Max: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPGU 457 Classical Guitar Performance Class
Units: 2 Max Units: 8.0 Terms Offered: FaSp Technical problems; solo and ensemble literature. Required of all third and fourth year classical guitar majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MPGU 458 Current Electric Guitar Styles
Units: 2 Analysis and performance of music and techniques currently in use in the recording, TV and motion picture studios; includes study of recordings, videos and guitar equipment. Instruction Mode: Lecture Grading Option: Letter

MPGU 459 Functional Skills for Classical Guitarists II
Units: 2 Terms Offered: Sp Advanced theory and composition on the guitar. Weekly analysis exercises, arranging projects and studies in improvisation and ornamentation are directed toward creating an original solo or chamber work for guitar. Recommended Preparation: MUCO 232b, MUCO 233b. Instruction Mode: Lecture Grading Option: Letter

MPGU 490x Directed Research
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPGU 557 Advanced Classical Guitar Performance Class
Units: 1 Max Units: 4.0 Study of advanced classical guitar solo and ensemble literature; interpretation; professional preparation and other topics appropriate for group study. Prerequisite: bachelor's degree with music major; principal instrument, classical guitar. Instruction Mode: Lecture Grading Option: Letter

MPGU 558 Advanced Studio Guitar Performance Class
Units: 1 Max Units: 4.0 Study of advanced studio guitar and ensemble literature; interpretation; professional preparation and other topics appropriate for group study. Prerequisite: bachelor's degree with music major; principal instrument, studio guitar. Instruction Mode: Lecture Grading Option: Letter

MPGU 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPGU 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPHU 754 Artist Diploma Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

MPGU 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Medical Physiology

MPHY 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

MPHY 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

MPHY 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former PHBI 590. Registration Restriction: Open only to master students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPHY 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Duplicates Credit in former PHBI 594a. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
MPHY 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Duplicates Credit in former PHBI 594a. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPHY 594c Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Duplicates Credit in former PHBI 594a. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Performance (Keyboard Studies)

MPKS 150a Beginning Piano
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicianship. Instruction Mode: Lecture Grading Option: Letter

MPKS 150b Beginning Piano
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicianship. Instruction Mode: Lecture Grading Option: Letter

MPKS 150c Beginning Piano
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicianship. Instruction Mode: Lecture Grading Option: Letter

MPKS 150d Beginning Piano
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicianship. Instruction Mode: Lecture Grading Option: Letter

MPKS 153 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPKS 160a Functional Skills for Keyboard Majors I
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to intermediate literature; c-clef and open score reading; improvisation and functional harmony. Introduction to standard reference works, periodicals. Required of all keyboard majors. Instruction Mode: Lecture Grading Option: Letter

MPKS 160b Functional Skills for Keyboard Majors I
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to intermediate literature; c-clef and open score reading; improvisation and functional harmony. Introduction to standard reference works, periodicals. Required of all keyboard majors. Instruction Mode: Lecture Grading Option: Letter

MPKS 170a Introduction to Piano Repertoire and Performance
Units: 1 Terms Offered: FaSp Survey of basic piano repertoire and styles through lecture, discussion, and performance. a: Late Baroque through Beethoven; b: Schubert to the present. Prerequisite: piano performance major status. Instruction Mode: Lecture Grading Option: Letter

MPKS 170b Introduction to Piano Repertoire and Performance
Units: 1 Terms Offered: FaSp Survey of basic piano repertoire and styles through lecture, discussion, and performance. a: Late Baroque through Beethoven; b: Schubert to the present. Prerequisite: piano performance major status. Instruction Mode: Lecture Grading Option: Letter

MPKS 228 Four-Hand Keyboard Repertoire
Units: 1 Max Units: 4.0 Terms Offered: FaSp Preparation and performance of literature for piano duets and duo-piano. Duplicates Credit in former MUEN 228. Instruction Mode: Lecture Grading Option: Letter

MPKS 250a Keyboard Instruction I
Units: 2 Terms Offered: FaSp Beginning and elementary instruction; emphasis on reading skills, harmonization, transposition, score reading, improvisation; group instruction in a keyboard laboratory facility. Instruction Mode: Lecture Grading Option: Letter

MPKS 250b Keyboard Instruction I
Units: 2 Terms Offered: FaSp Beginning and elementary instruction; emphasis on reading skills, harmonization, transposition, score reading, improvisation; group instruction in a keyboard laboratory facility. Instruction Mode: Lecture Grading Option: Letter

MPKS 253 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPKS 260a Functional Skills for Keyboard Majors II
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to lower advanced literature; extended score reading; improvisation and functional harmony. Mini survey; basic keyboard literature. Prerequisite: MPKS 160b. Instruction Mode: Lecture Grading Option: Letter

MPKS 260b Functional Skills for Keyboard Majors II
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to lower advanced literature; extended score reading; improvisation and functional harmony. Mini survey; basic keyboard literature. Prerequisite: MPKS 160b. Instruction Mode: Lecture Grading Option: Letter

MPKS 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Not available for credit to music majors. Duplicates Credit in former MPKS 201 and MPKS 401. Instruction Mode: Lecture Grading Option: Letter

MPKS 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Duplicates Credit in former MPKS 201 and MPKS 401. Registration Restriction: Open only to music majors and minors. Instruction Mode: Lecture Grading Option: Letter

MPKS 350a Keyboard Instruction II
Units: 2 Terms Offered: FaSp Intermediate and advanced instruction; development of reading, performance and improvisation skills necessary for proficiency examinations. Group and individualized instruction in a keyboard laboratory facility. Prerequisite: MPKS 250b. Instruction Mode: Lecture Grading Option: Letter

MPKS 350b Keyboard Instruction II
Units: 2 Terms Offered: FaSp Intermediate and advanced instruction; development of reading, performance and improvisation skills necessary for proficiency examinations.
Group and individualized instruction in a keyboard laboratory facility. Prerequisite: MPKS 250b. Instruction Mode: Lecture Grading Option: Letter

MPKS 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPKS 360a Accompanying
Units: 2 Terms Offered: FaSp Techniques of vocal and instrumental accompanying. Instruction Mode: Lecture Grading Option: Letter

MPKS 360b Accompanying
Units: 2 Terms Offered: FaSp Techniques of vocal and instrumental accompanying. Instruction Mode: Lecture Grading Option: Letter

MPKS 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPKS 431a Piano Pedagogy: Introduction and Practicum
Units: 2 Terms Offered: FaSp The learning process at the keyboard; pedagogy and methodology of beginning methods. Studio/group instruction: children/adults. Survey and observation. Prerequisite: MPKS 253, MPKS 260b. Instruction Mode: Lecture Grading Option: Letter

MPKS 431b Piano Pedagogy: Introduction and Practicum

MPKS 435 Technology of the Pianoforte and Harpsichord
Units: 2 Terms Offered: Irregular Analysis of technical innovations and maintenance of the pianoforte and harpsichord as related to musical performance. Instruction Mode: Lecture Grading Option: Letter

MPKS 450a Piano Pedagogy: Intermediate Literature and Functional Skills
Units: 2 Terms Offered: FaSp Methods, study of college curriculum keyboard classes. Studio/group instruction. Business practices; audition, interview techniques. Survey and observation. Instruction Mode: Lecture Grading Option: Letter

MPKS 450b Piano Pedagogy: Intermediate Literature and Functional Skills
Units: 2 Terms Offered: FaSp Methods, study of college curriculum keyboard classes. Studio/group instruction. Business practices; audition, interview techniques. Practice teaching; secondary piano classes. Instruction Mode: Lecture Grading Option: Letter

MPKS 453 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPKS 472a Piano History and Literature
Units: 2 Terms Offered: FaSp Solo piano literature; emphasis on composers' influences, performance practices and the development of the pianoforte. Late Baroque through Beethoven. Prerequisite: MUHL 331 and MUHL 332. Instruction Mode: Lecture Grading Option: Letter

MPKS 472b Piano History and Literature
Units: 2 Terms Offered: FaSp Solo piano literature; emphasis on composers' influences, performance practices and the development of the pianoforte. Schubert to the present. Prerequisite: MPKS 472a. Instruction Mode: Lecture Grading Option: Letter

MPKS 481 Interpretation of Baroque Music
Units: 2 Max Units: 6.0 Terms Offered: FaSp Repertoire and performance practice in music of the period: style, phrasing, embellishments, dynamics, improvisation, tempi. Performance in class of solo and ensemble works, instrumental and vocal. Instruction Mode: Lecture Grading Option: Letter

MPKS 490x Directed Research
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSp Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MPKS 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPKS 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPKS 520 Special Studies in Solo Repertoire for Piano
Units: 2 Max Units: 12.0 Terms Offered: FaSp Historical, stylistic and pedagogical aspects of solo repertoire. Special emphasis to be determined by the department. Instruction Mode: Lecture Grading Option: Letter

MPKS 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPKS 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MPKS 560 Song Interpretation Master Class
Units: 2 Max Units: 12.0 Terms Offered: FaSp For advanced singers and pianists. Instruction Mode: Lecture Grading Option: Letter

MPKS 561 Chamber Music Interpretation Master Class
Units: 2 Max Units: 12.0 Terms Offered: FaSp For advanced pianists and instrumentalists. Instruction Mode: Lecture Grading Option: Letter

MPKS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
**MPKS 599 Special Topics**  
Units: 2, 3, 4 Max Units: 8.0  
Selected topics of current interest. Instruction Mode: Lecture  
Grading Option: Letter

**MPKS 653 Performance**  
Units: 1 or 2 Max Units: 12.0  
Terms Offered: FaSpSm  
Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture  
Grading Option: Letter

**MPKS 754 Artist Diploma Performance**  
Units: 4 Max Units: 16.0  
Terms Offered: FaSpSm  
Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture  
Grading Option: Letter

**MPKS 790 Research**  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  
Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

**Performance (Popular Music)**

**MPPM 100 Popular Music Forum**  
Units: 1 Max Units: 4.0  
Terms Offered: FaSp  
A weekly lecture series addressing a wide range of special topics and issues confronting the popular musician. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

**MPPM 120 Popular Music Performance I**  
Units: 2 Max Units: 8.0  
Terms Offered: FaSp  
Study of musical elements appropriate to the performance of popular music in a collaborative, interactive environment. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 153 Individual Instruction**  
Units: 1, 2 Max Units: 8.0  
Terms Offered: FaSp  
Weekly individual instruction. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 240 Drumming Proficiency for the Popular Musician**  
Units: 2  
Terms Offered: FaSp  
Beginning and elementary instruction in drum set techniques. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 250 Keyboard Proficiency for the Popular Musician**  
Units: 2  
Terms Offered: FaSp  
Development of practical keyboard skills, including reading and realizing chord symbols, basics of voice leading, study of various harmonic and rhythmic styles. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 253 Individual Instruction**  
Units: 1, 2 Max Units: 8.0  
Terms Offered: FaSp  
Weekly individual instruction. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 301 Individual Instruction**  
Units: 1, 2 Max Units: 16.0  
Terms Offered: FaSpSm  
Intermediate and advanced instruction on secondary instrument for all majors and minors except MPPM. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 320 Popular Music Performance II**  
Units: 2 Max Units: 8.0  
Terms Offered: FaSp  
Development of ensemble and communication skills through the performance and interpretation of American popular music in concert and studio settings. Development of original compositions. Prerequisite: MPPM 120. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 325a Arranging in Popular Music**  
Units: 2  
Terms Offered: FaSp  
Principles and techniques of arranging for voice and rhythm section in the popular music idiom. Prerequisite: MTEC 310, MTEC 311 and MTEC 446b. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 325b Arranging in Popular Music**  
Units: 2  
Terms Offered: FaSp  
Writing and arranging for small groups of brass, wind, and/or string instruments with rhythm section in the popular music idiom. Prerequisite: MTEC 310, MTEC 311 and MTEC 446b. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 340 Intermediate Drum Set Proficiency**  
Units: 2  
Terms Offered: FaSp  
Intermediate level instruction in drum set performance including accompaniment techniques, fills, beat and brush patterns in jazz, Afro-Caribbean and Brazilian styles, interpreting drum charts. Recommended Preparation: MUHL 250g. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 350g A History of Popular Music**  
Units: 4  
The history of popular music particularly as developed in America in the 20th and early 21st centuries. Recommended Preparation: MPPM 240. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 420 Popular Music Performance Styles and Genres**  
Units: 2 Max Units: 8.0  
Terms Offered: FaSp  
The detailed exploration of a specific style or genre in Popular Music through study of repertoire, history and practice with particular emphasis on performance. Recommended Preparation: MPPM 120 and MPPM 320. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 450a Final Project**  
Units: 1  
Terms Offered: FaSp  
Major collaborative performance project in popular music. Instruction Mode: Lecture  
Grading Option: In-progress to Credit/No Credit

**MPPM 450b Final Project**  
Units: 1  
Terms Offered: FaSp  
Major collaborative performance project in popular music. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

**MPPM 490x Directed Research**  
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0  
Individual research and readings. Not available for graduate credit. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 499 Special Topics**  
Units: 2, 3, 4 Max Units: 8.0  
Selected topics of current interest. Instruction Mode: Lecture  
Grading Option: Letter

**MPPM 590 Directed Research**  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  
Research leading to the Master's Degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture  
Grading Option: Credit/No Credit

**MPPM 599 Special Topics**  
Units: 2, 3, 4 Max Units: 8.0  
Selected topics of current interest. Instruction Mode: Lecture  
Grading Option: Letter
MPPM 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Performance (Strings)

MPST 101x Non-Major Beginning Individual Instruction
Units: 1, 2 Max Units: 2.0 Terms Offered: FaSpSm
Individual instruction at the beginning level designed for non-music majors with no previous experience. Not available for credit to music majors. Instruction Mode: Lecture Grading Option: Letter

MPST 153 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm
Instruction Mode: Lecture Grading Option: Letter

MPST 163 Beginning Harp
Units: 2 Max Units: 8.0 Terms Offered: FaSp Basic instruction in the fundamentals of solo harp playing, note reading, and basic musicianship. Instruction Mode: Lecture Grading Option: Letter

MPST 253 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm
Instruction Mode: Lecture Grading Option: Letter

MPST 262 Double Bass Performance Class
Units: 1 Max Units: 4.0 Terms Offered: FaSp Study of solo and orchestra repertoire, professional preparation, and teaching techniques. Required of all first and second year double bass majors each semester in residence. Prerequisite: music major. Instruction Mode: Lecture Grading Option: Letter

MPST 263 Harp Performance Class
Units: 1 Max Units: 4.0 Terms Offered: FaSp Study of solo and orchestra repertoire, professional preparation, and teaching technique. Required of all first and second year harp majors each semester in residence. Prerequisite: music major. Instruction Mode: Lecture Grading Option: Letter

MPST 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Recommended Preparation: MPST 101. Not available for credit to music majors. Duplicates Credit in former MPST 201 and MPST 401. Instruction Mode: Lecture Grading Option: Letter

MPST 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Duplicates Credit in former MPST 201 and MPST 401. Registration Restriction: Open only to music majors and minors. Instruction Mode: Lecture Grading Option: Letter

MPST 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm
Instruction Mode: Lecture Grading Option: Letter

MPST 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted.

Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPST 453 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm
Instruction Mode: Lecture Grading Option: Letter

MPST 462 Double Bass Performance Class
Units: 1 Max Units: 8.0 Terms Offered: FaSp Continuation of MPST 262. Required of all third and fourth year double bass majors each semester in residence. Prerequisite: music major. Instruction Mode: Lecture Grading Option: Letter

MPST 463 Harp Performance Class
Units: 1 Max Units: 8.0 Terms Offered: FaSp Continuation of MPST 263. Required of all third and fourth year harp majors each semester in residence. Prerequisite: music major. Instruction Mode: Lecture Grading Option: Letter

MPST 471a String Pedagogy
Units: 2 Terms Offered: FaSp Survey of teaching literature; techniques of teaching beginning, intermediate, and advanced students. Instruction Mode: Lecture Grading Option: Letter

MPST 471b String Pedagogy
Units: 2 Terms Offered: FaSp Survey of teaching literature; techniques of teaching beginning, intermediate, and advanced students. Instruction Mode: Lecture Grading Option: Letter

MPST 472 Orchestral Repertoire – Strings
Units: 2 Max Units: 8.0 Terms Offered: FaSp Orchestral literature for string players, covering a broad spectrum of the repertoire; emphasis on preparation for auditions. Instruction Mode: Lecture Grading Option: Letter

MPST 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MPST 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPST 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPST 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm
Instruction Mode: Lecture Grading Option: Letter

MPST 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MPST 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPST 599 Special Topics
Units: 2, 3, 4  Max Units: 8.0  Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPST 653 Performance
Units: 1 or 2  Max Units: 12.0  Terms Offered: FaSpSm  Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MPST 754 Artist Diploma Performance
Units: 4  Max Units: 16.0  Terms Offered: FaSpSm  Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

MPST 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Molecular Pharmacology and Toxicology

MPTX 500 Molecular Pharmacology and Toxicology I
Units: 4  Terms Offered: Fa  This is the first part of a two-semester introductory and survey course for the molecular pharmacology and toxicology degree program. Prerequisite: knowledge of biochemistry. Instruction Mode: Lecture Grading Option: Letter

MPTX 501 Molecular Pharmacology and Toxicology II
Units: 4  Terms Offered: Sp  The second part of the two-semester course covers the general aspects of molecular pharmacology and toxicology on the basis of biochemical, molecular, biological and environmental approaches. Prerequisite: MPTX 500. Instruction Mode: Lecture Grading Option: Letter

MPTX 502 Pharmacology
Units: 4  Terms Offered: Fa  Fundamentals of pharmacology in the context of the rapidly developing knowledge of related disciplines. Instruction Mode: Lecture Grading Option: Letter

MPTX 511 Introduction to Medical Product Regulation
Units: 3  Terms Offered: Sm  Introduction to regulatory environments surrounding medical product development, manufacturing and marketing; operation of federal, state and international regulatory bodies. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 512 Regulation of Pharmaceutical and Biological Products
Units: 3  Terms Offered: Sm  Ensuring safety and effectiveness of new drugs and biologics; marketing and monitoring approved pharmaceutical/biological products; management of genetically engineered products. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 513 Regulation of Medical Devices and Diagnostics
Units: 3  Terms Offered: Sm  Development and testing of new medical products according to U.S. and international regulatory requirements. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 514 Regulation of Food and Dietary Supplements
Units: 3  Terms Offered: Sm  Regulation and testing of foods, food additives and dietary supplements in the U.S. and abroad. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 515 Quality Systems and Standards
Units: 3  Terms Offered: Sm  Principles of quality assurance and quality control for medical-product development and manufacture. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 516 Medical Products and the Law
Units: 3  Terms Offered: Fa  Legal issues affecting intellectual property, medical product development, marketing and safety, taught through case studies and lectures. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 517 Structure and Management of Clinical Trials
Units: 4  Terms Offered: FaSpSm  Development and execution of clinical trials: bioethical principles, good clinical practices, project management and documentation. Instruction Mode: Lecture Grading Option: Letter

MPTX 518 Writing Regulatory Drug Submissions
Units: 3  Terms Offered: Sp  Developing form and content for investigational drug applications, new drug applications, biologic licensing applications to FDA; common technical documents; considerations of writing style. Instruction Mode: Lecture Grading Option: Letter

MPTX 519 Global Regulation of Medical Products
Units: 3  Terms Offered: Fa  Regulatory requirements governing medical products in European Union, Asia and other global markets. Instruction Mode: Lecture Grading Option: Letter

MPTX 522 Introduction to Clinical Trial Design and Statistics
Units: 3  Clinical designs and statistics commonly used to test medical products in general populations and special patient groups. Instruction Mode: Lecture Grading Option: Letter

MPTX 524 Introduction to Food Science and Technology
Units: 3  Terms Offered: Sm  Discusses the basic and applied concepts of food science and food safety, and demonstrates the principles of food chemistry, sensory evaluation, and product development. Recommended Preparation: undergraduate degree in biological sciences or related disciplines. Instruction Mode: Lecture Grading Option: Letter

MPTX 526 Chemistry Manufacturing and Controls
Units: 3  Terms Offered: Fa  Provides a firm foundation in the domestic and international CMC process, from concept to commercialization of new active pharmaceutical ingredients
and products. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health science, engineering or equivalent. Instruction Mode: Lecture Grading Option: Letter

**MPTX 531 Cell Biology**
Units: 4 (Enroll in INTD 531)

**MPTX 561 Molecular Biology**
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

**MPTX 571 Biochemistry**
Units: 4 Terms Offered: Sp (Enroll in INTD 571)

**MPTX 572 Systems Physiology and Disease I**
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

**MPTX 573 Systems Physiology and Disease II**
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

**MPTX 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MPTX 594a Master's Thesis**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPTX 594b Master's Thesis**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPTX 594c Master's Thesis**
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPTX 599 Special Topics**
Units: 2, 3, 4, 5 Max Units: 8.0 Special topics in Molecular Pharmacology and Toxicology. Instruction Mode: Lecture Grading Option: Letter

**MPTX 602 Science, Research and Ethics**
Units: 2 Terms Offered: Fa A discussion of the unique technological and philosophical issues that challenge modern scientists and a discernment of ethical responses to those challenges. Instruction Mode: Lecture Grading Option: Letter

**MPTX 603 Molecular Mechanisms for Biological Signals**
Units: 4 Terms Offered: Fa Biological mechanisms of hormone, neuro-transmitter, growth factor and xenobiotic actions from ligand-receptor interactions, signal transductions, modification processes to regulation of gene expression and cellular growth. Prerequisite: knowledge of physiology and biochemistry. Instruction Mode: Lecture Grading Option: Letter

**MPTX 630 Directed Field-Research Project**
Units: 6 Terms Offered: FaSpSm Research/policy analysis conducted under preceptor supervision in an industrial or governmental setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MPTX 700 Seminar in Molecular Pharmacology and Toxicology**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Contemporary advances in molecular pharmacology and toxicology research. Registration required during each year of residency. Instruction Mode: Lecture Grading Option: Letter

**MPTX 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MPTX 794a Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPTX 794b Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPTX 794c Doctoral Dissertation**
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Performance (Vocal Arts)**

**MPVA 101x Non-Major Beginning Individual Instruction**
Units: 1, 2 Max Units: 2.0 Terms Offered: FaSp Individual instruction at the beginning level designed for non-music majors with no previous experience. Not available for credit to music majors. Instruction Mode: Lecture Grading Option: Letter

**MPVA 141 Class Voice**
Units: 2 Max Units: 4.0 Terms Offered: FaSp Introduction to the fundamental principles of singing: breath control, tone production, diction, and the use of appropriate song material. Instruction Mode: Lecture Grading Option: Letter

**MPVA 153 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

**MPVA 203a Acting for Singers I**
Units: 2 Terms Offered: FaSp Use of dramatic techniques in the interpretation and performance of music; basic acting techniques for the operatic and recital stages; sensory exercises, movement, improvisation, relaxation and make-up. Recommended Preparation: MPVA 153. Duplicates Credit in former MPVA 303. Instruction Mode: Lecture Grading Option: Letter

**MPVA 203b Acting for Singers I**
Units: 2 Terms Offered: FaSp Use of dramatic techniques in the interpretation and performance of music; basic acting techniques for the operatic and recital stages; sensory exercises, movement, improvisation, relaxation and make-up. *Recommended Preparation:* MPVA 153. Duplicates Credit in former MPVA 303. Instruction Mode: Lecture Grading Option: Letter

**MPVA 241 Intermediate Class Voice**
Units: 2 Max Units: 4.0 Terms Offered: FaSp Continued development of the fundamentals of singing, diction, and repertoire building. *Prerequisite:* MPVA 141. Instruction Mode: Lecture Grading Option: Letter

**MPVA 253 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

**MPVA 300 Non-Major Individual Instruction**
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. *Recommended Preparation:* MPVA 101. Not available for credit to music majors. Duplicates Credit in former MPVA 201 and MPVA 401. Instruction Mode: Lecture Grading Option: Letter

**MPVA 301 Individual Instruction**
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction: secondary emphasis for music majors, principal emphasis for music minors and all BA music majors. Duplicates Credit in former MPVA 201 and MPVA 401. Instruction Mode: Lecture Grading Option: Letter

**MPVA 353 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

**MPVA 390 Special Problems**
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

**MPVA 402 Musical Theatre Workshop**
Units: 2 Max Units: 8.0 Terms Offered: Irregular Stylistic and technical features of dramatic and musical elements involved in performance of American musical and standard operetta repertory; staging of scenes. Instruction Mode: Lecture Grading Option: Letter

**MPVA 403 Acting for Singers II**
Units: 2 Max Units: 8.0 Terms Offered: FaSp Continuation of MPVA 203a, MPVA 203b. Acting of operatic roles in different periods and styles; specific recital and audition techniques. *Recommended Preparation:* MPVA 203a, MPVA 203b. Instruction Mode: Lecture Grading Option: Letter

**MPVA 404 Word and Music in Opera**
Units: 2 Max Units: 8.0 Terms Offered: Irregular Performance class for singers and pianists; analysis of recitatives, arias, and ensembles of various operatic styles; study of the technique of effective musical delivery. By audition only. *Recommended Preparation:* MPVA 203a, MPVA 203b. Instruction Mode: Lecture Grading Option: Letter

**MPVA 405 USC Opera**
Units: 2 Max Units: 12.0 Terms Offered: FaSp Preparation, rehearsal, and performance of operatic works and excerpts; study of different operatic styles; public appearances. By audition only. Instruction Mode: Lecture Grading Option: Letter

**MPVA 406 Opera Coaching Techniques**
Units: 2 Max Units: 8.0 Terms Offered: Irregular Score study for pianists, coaches, and conductors; role analysis; transcription techniques for one or two pianos of an orchestral score. Instruction Mode: Lecture Grading Option: Letter

**MPVA 407 Directing for the Operatic Stage**
Units: 2 Max Units: 8.0 Terms Offered: FaSp Various approaches to operatic style; basic blocking; stage management. Student direction of scenes produced in USC Opera. Instruction Mode: Lecture Grading Option: Letter

**MPVA 438 Foundations of Vocology**
Units: 2 Voice physiology, voice hygiene, voice acoustics, and the cognitive substrates of Motor Learning. Instruction Mode: Lecture Grading Option: Letter

**MPVA 439 Vocal Pedagogy Practicum**
Units: 2 Terms Offered: Sp Pedagogical approaches and methodology; practice teaching. *Prerequisite:* MPVA 438. Instruction Mode: Lecture Grading Option: Letter

**MPVA 440 Italian and French Diction**
Units: 2 Principles of pronunciation and enunciation; use of international phonetic alphabet. Instruction Mode: Lecture Grading Option: Letter

**MPVA 441 English and German Diction**
Units: 2 Principles of pronunciation and enunciation; use of international phonetic alphabet. Instruction Mode: Lecture Grading Option: Letter

**MPVA 442 Introduction to the International Phonetic Alphabet**
Units: 2 Terms Offered: Fa Principles of pronunciation and enunciation; basic application of the International Phonetic Alphabet symbols and sounds to English, German, Italian, French and Latin. Instruction Mode: Lecture Grading Option: Letter

**MPVA 443 Cantata and Oratorio**
Units: 2, 2 Terms Offered: Fa Historical survey of literature, style and performance practice; emphasis on performing solo and small ensemble sections of larger works. Instruction Mode: Lecture Grading Option: Letter

**MPVA 453 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

**MPVA 479 Song Literature**
Units: 2 Max Units: 4.0 Terms Offered: FaSp Song literature of Italy, France, Germany, Russia, Norway, Sweden, England, America; comparative analysis of various composers and their influence on song literature. *Recommended Preparation:* for music majors, MUHL 331; for non music majors, MUHL 315. Duplicates Credit in former MUHL 479. Instruction Mode: Lecture Grading Option: Letter
MPVA 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MPVA 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPVA 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPVA 540 Special Studies in Vocal Literature
Units: 2 Max Units: 6.0 Terms Offered: Sp Art song, concert and operatic repertoire. Emphasis to be determined by the department. Instruction Mode: Lecture Grading Option: Letter

MPVA 541 Advanced Vocology
Units: 2 Voice physiology, both classical and non-classical vocal techniques, voice hygiene, advanced voice acoustics, survey of literature from expertise studies, and the cognitive substrates of motor learning. Instruction Mode: Lecture Grading Option: Letter

MPVA 542 Vocal Pedagogy Teaching Practicum
Units: 2 Applying principles learned in vocology and/or pedagogy through practice voice teaching in both classical and non-classical singing styles. Prerequisite: MPVA 438 or MPVA 54. Instruction Mode: Lecture Grading Option: Letter

MPVA 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

MPVA 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MPVA 560 Graduate Italian Diction
Units: 2 A review of the rules of pronunciation, International Phonetic Alphabet (IPA) and grammatical structure of the Italian language through the texts of select repertoire in both Italian song and operatic arias. Instruction Mode: Lecture Grading Option: Letter

MPVA 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPVA 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPVA 653 Individual Instruction
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

MPVA 754 Artist Diploma Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

MPVA 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Professional Writing Program

MPW 500 Survey of Professional Writing
Units: 3 Analysis of genres, characteristics of narration, stylistic editing, and the role of the writer in contemporary society. Required of all MPW majors. Duplicates Credit in former MPW 900. Instruction Mode: Lecture Grading Option: Letter

MPW 510 Writers and their Influences
Units: 3 Exploration of the notion of influence and its effect on generating new writing. Instruction Mode: Lecture Grading Option: Letter

MPW 511 Oral History: Witness and Writing
Units: 1 Max Units: 3.0 Transforming oral history into works of fiction and nonfiction, with emphasis on honoring the source material in the construction of an original narrative. Instruction Mode: Lecture Grading Option: Letter

MPW 512 Writer's Marketplace
Units: 3 A cross-genre investigation of publishing and the marketplace, with the goal of familiarizing students with the practical aspects of writing and selling creative work. Duplicates Credit in former MPW 910. Instruction Mode: Lecture Grading Option: Letter

MPW 515 Functional Writing for the Marketplace
Units: 3 Practical writing and editing skills, language mechanics, and document development techniques that can be applied to reports, grants/proposals, brochures, résumés, and other workplace materials. Duplicates Credit in former MPW 950. Instruction Mode: Lecture Grading Option: Letter

MPW 520 Writing Humor: Literary and Dramatic
Units: 3 Analysis of the specifics of humor — wit, irony, satire, parody and farce — through examples taken from various genres; discussion/workshop on incorporating humor in students' work. Duplicates Credit in former MPW 915. Instruction Mode: Lecture Grading Option: Letter

MPW 525 Nonfiction Strategies in Poetry and Prose
Units: 3 A workshop devoted to shared concerns and possibilities in poems and essays, and to the development of skills as enhanced by nonfiction techniques. Instruction Mode: Lecture Grading Option: Letter

MPW 526 Writing the Review
Units: 1 Max Units: 3.0 An investigation of the evolving role of the critic, focused on reviews as essays, and criticism as essential to a rich popular culture and conversation. Instruction Mode: Lecture Grading Option: Letter

MPW 527 Mash-Ups: New Ways to Tell Stories
Units: 1 Max Units: 3.0 An examination of innovative storytelling, in which old and new media in tandem can extend our narrative capabilities, and connect us across the world. Instruction Mode: Lecture Grading Option: Letter
MPW 530 Techniques of Fiction Writing  
Units: 3 A nuts and bolts approach to craft, aiming to identify the requisite tools, and to develop skills necessary for writing vivid and convincing fiction. Instruction Mode: Lecture  
Grading Option: Letter

MPW 535 Literature and Approaches to Writing the Novel  
Units: 3 Discussion and analysis of literary classics and their influences as applicable to the writing of today's novel; development of book-length fiction. Duplicates Credit in former MPW 940. Instruction Mode: Lecture  
Grading Option: Letter

MPW 537 Fiction Writing Workshop  
Units: 3 Max Units: 9.0 Development and analysis of book-length fiction; concentration on narration, characterization, point of view, and clarity of style. Duplicates Credit in former MPW 960. Instruction Mode: Lecture  
Grading Option: Letter

MPW 538 Approaches to Writing the Novel  
Units: 1 Max Units: 3.0 A survey of literary classics, focusing on recurring techniques, with the goal of identifying strategies to inform the student's approach to narrative and craft. Instruction Mode: Lecture  
Grading Option: Letter

MPW 540 Nonfiction Writing  
Units: 3 Max Units: 6.0 The investigation of various forms in the genre, with attention to the literary value of thinking and making connections on the page. Instruction Mode: Lecture  
Grading Option: Letter

MPW 541 The Nonfiction Experience  
Units: 3 Max Units: 6.0 Introduction to nonfiction from reviewing to reporting to the personal essay, with a view towards creating the community essential in the solitary writer's life. Instruction Mode: Lecture  
Grading Option: Letter

MPW 542 Writing About Place  
Units: 3 Max Units: 6.0 An exploration of environment as it informs literature, fiction and nonfiction, with the understanding that a vivid evocation of place will enrich prose across genres. Instruction Mode: Lecture  
Grading Option: Letter

MPW 543 Writing Science  
Units: 3 Max Units: 6.0 Introduction to science writing with a view towards broadening approaches to story-telling in all genres. Instruction Mode: Lecture  
Grading Option: Letter

MPW 544 New Media: Writing Online  
Units: 3 Max Units: 6.0 An examination of literary forms online. Students will emulate great print stylists, shaping narrative and cultivating voice with the possibilities of new media in mind. Instruction Mode: Lecture  
Grading Option: Letter

MPW 545 Memoir Writing  
Units: 3 Max Units: 6.0 A workshop designed to hone voice, and determine the best way to approach personal narrative in cultural and historical contexts. Instruction Mode: Lecture  
Grading Option: Letter

MPW 546 The Personal Essay  
Units: 3 Max Units: 6.0 A look at first-person narrative, from memoir to criticism, with a view towards cultivating favorite writerly strategies, and then trying less comfortable forms. Instruction Mode: Lecture  
Grading Option: Letter

MPW 547 Selling the Nonfiction Book  
Units: 3 Max Units: 6.0 From the proposal to the outline, a comprehensive look at selling a book-length work of nonfiction, including the completion of a first chapter and promotional précis. Instruction Mode: Lecture  
Grading Option: Letter

MPW 552 Principles of Poetic Techniques  
Units: 3 Max Units: 6.0 Beginning analysis and practice of poetic technique, including language and imagery; forms, devices, and conventions; developing voice; use of both traditional and open forms. Duplicates Credit in former MPW 970. Instruction Mode: Lecture  
Grading Option: Letter

MPW 554 Poetry Hybrids  
Units: 3 Max Units: 6.0 Writing and reading poetry in combination with other genres. Forms may include prose poem, verse drama, verse novel, and epic. Instruction Mode: Lecture  
Grading Option: Letter

MPW 555 Advanced Poetry Writing  
Units: 3 Max Units: 6.0 Advanced topics in poetry, including wide reading in contemporary poets. Emphasis on the development of the individual voice and subject matter. Duplicates Credit in former MPW 980. Instruction Mode: Lecture  
Grading Option: Letter

MPW 556 Principles of Dramatic Structure  
Units: 3 Max Units: 6.0 Analysis of techniques in preparing scripts for various media; practice in adapting materials from non-dramatic forms. Duplicates Credit in former MPW 920. Instruction Mode: Lecture  
Grading Option: Letter

MPW 561 Writing for Stage and Screen  
Units: 3 Max Units: 6.0 A workshop that examines the art and craft of writing for stage and screen. Instruction Mode: Lecture  
Grading Option: Letter

MPW 562 Story Conference  
Units: 3 Max Units: 6.0 Writing the play, teleplay or screenplay, focusing on character development and scene structure, in collaboration with the workshop. Duplicates Credit in former MPW 930. Instruction Mode: Lecture  
Grading Option: Letter

MPW 567 Screenplay Workshop  
Units: 3 Max Units: 6.0 Reading and viewing films with an eye toward the development and completion of the first 45–60 pages of an original screenplay. Instruction Mode: Lecture  
Grading Option: Letter

MPW 568 Screenwriting across Genres  
Units: 3 Max Units: 6.0 An investigation of varieties of storytelling through creative responses to both screenplay and non-screenplay forms. Instruction Mode: Lecture  
Grading Option: Letter

MPW 575 In the Room: The Craft of Television Writing  
Units: 1, 3 Max Units: 6.0 Introduction to television writing, from pitching to polishing, with all the responsibilities of a staff writer. Instruction Mode: Lecture  
Grading Option: Letter

MPW 585 Seminar in Professional Writing  
Units: 1 or 3 Max Units: 6.0 Seminar and workshop with adjustable focus on aspects of professional and creative
writing in relation to the literary marketplace. Instruction Mode: Lecture Grading Option: Letter

**MPWP 580 Internship: Writers in the Field**  
Units: 1, 2, 3  
Max Units: 3.0  
Practical experience in the writing world. Enables students to acquire skills and knowledge that cannot be gained in the classroom.  
Instruction Mode: Lecture Grading Option: Credit/No Credit

**MPWP 590 Directed Research**  
Units: 1, 2, 3  
Max Units: 9.0  
Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the program director. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPWP 592a Professional Writing Project**  
Units: 3  
Preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Credit upon completion of project. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPWP 592b Professional Writing Project**  
Units: 3  
Preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Credit upon completion of project. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPWP 594a Master's Thesis**  
Units: 2  
Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPWP 594b Master's Thesis**  
Units: 2  
Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPWP 594z Master's Thesis**  
Units: 2  
Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MPWP 599 Special Topics**  
Units: 2, 3, 4  
Max Units: 8.0  
Studies in specific genres, techniques or aspects of the writing craft. Instruction Mode: Lecture Grading Option: Letter

**Performance (Wind and Percussion)**

**MPWP 101x Non-Major Beginning Individual Instruction**  
Units: 1, 2  
Max Units: 2.0  
Terms Offered: FaSpSm  
Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

**MPWP 153 Individual Instruction**  
Units: 1 or 2  
Max Units: 8.0  
Terms Offered: FaSpSm  
Instruction Mode: Lecture Grading Option: Letter

**MPWP 252 Individual Instrument Performance Class I**  
Units: 1 Max Units: 4.0  
Terms Offered: FaSpSm  
Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all first and second year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

**MPWP 253 Individual Instruction**  
Units: 1 or 2  
Max Units: 8.0  
Terms Offered: FaSpSm  
Instruction Mode: Lecture Grading Option: Letter

**MPWP 300x Non-Major Individual Instruction**  
Units: 1, 2  
Max Units: 16.0  
Terms Offered: FaSpSm  
Intermediate and advanced instruction designed for non-music majors. Recommended Preparation: MPWP 101. Not available for credit to music majors. Duplicates Credit in former MPWP 201 and MPWP 401. Instruction Mode: Lecture Grading Option: Letter

**MPWP 301 Individual Instruction**  
Units: 1, 2  
Max Units: 16.0  
Terms Offered: FaSpSm  
Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Duplicates Credit in former MPWP 201 and MPWP 401. Registration Restriction: Open only to music majors and minors. Instruction Mode: Lecture Grading Option: Letter

**MPWP 353 Individual Instruction**  
Units: 1 or 2  
Max Units: 8.0  
Terms Offered: FaSpSm  
Instruction Mode: Lecture Grading Option: Letter

**MPWP 390 Special Problems**  
Units: 1, 2, 3, 4  
Max Units: 4.0  
Terms Offered: Irregular  
Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

**MPWP 440 Drum Set for Classical Percussionists**  
Units: 1 Max Units: 2.0  
Terms Offered: Fa  
A progressive course for Classical Percussion majors as it pertains to drum set in the symphony orchestra and other classical settings. Registration Restriction: Open only to percussion, and performance (wind instrument or percussion). Instruction Mode: Lecture Grading Option: Letter

**MPWP 452 Individual Instrument Performance Class II**  
Units: 1 Max Units: 4.0  
Terms Offered: FaSp  
Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all third and fourth year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

**MPWP 453 Individual Instruction**  
Units: 1 or 2  
Max Units: 8.0  
Terms Offered: FaSpSm  
Instruction Mode: Lecture Grading Option: Letter

**MPWP 481 Interpretation of Baroque Music**  
Units: 2 Max Units: 6.0  
Terms Offered: FaSp  
Repertoire and performance practice in music of the period: style, phrasing, embellishments, dynamics, tempi. Performance in class of solo and ensemble works, instrumental and vocal. Instruction Mode: Lecture Grading Option: Letter

**MPWP 482 Interpretation of Classic, Romantic, and 20th Century Wind and Percussion Music**  
Units: 2  
Analysis and performance of 18th, 19th, and 20th century ensemble music, octet through symphonic band;
historical perspectives of instruments including technical developments. Instruction Mode: Lecture Grading Option: Letter

**MPWP 490x Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

**MPWP 499 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**MPWP 501 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

**MPWP 551 Individual Instrument Performance Class III**
Units: 1 Max Units: 2.0 Terms Offered: FaSp Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Intended for MM wind and percussion majors. Instruction Mode: Lecture Grading Option: Letter

**MPWP 553 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

**MPWP 554 Graduate Certificate Performance**
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

**MPWP 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MPWP 599 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**MPWP 653 Performance**
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

**MPWP 754 Artist Diploma Performance**
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

**MPWP 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**Military Science**

**MS 101 Foundations of Officership**
Units: 1 Terms Offered: Fa Introduces students to issues and competencies that are central to a commissioned officer's responsibilities. Establish framework for understanding officership, leadership, and Army values followed and "life skills" such as physical fitness and time management. Duplicates Credit in former MS 100. Instruction Mode: Lecture Grading Option: Letter

**MS 102 Basic Leadership**
Units: 1 Terms Offered: Sp Establishes foundation of basic leadership fundamentals such as problem solving, communications, briefings and effective writing, goal setting, techniques for improving listening and speaking skills and an introduction to counseling. Duplicates Credit in former MS 110. Instruction Mode: Lecture, Lab Grading Option: Letter

**MS 201 Individual Leadership Studies**
Units: 2 Terms Offered: Sp Students identify successful leadership characteristics through observation of others and self through experimental learning exercises. Students record observed traits (good and bad) in a dimensional leadership journal and discuss observations in small group settings. Duplicates Credit in former MS 200. Instruction Mode: Lecture Grading Option: Letter

**MS 202 Leadership and Teamwork**
Units: 2 Terms Offered: Sp Study examines how to build successful teams, various methods for influencing action, effective communication in setting and achieving goals, the importance of timing the decision, creativity in the problem solving process, and obtaining team buy-in through immediate feedback. Duplicates Credit in former MS 210. Instruction Mode: Lecture Grading Option: Letter

**MS 301 Leadership and Problem Solving**
Units: 3 Terms Offered: Fa Students conduct self-assessment of leadership style, develop personal fitness regimen, and learn to plan and conduct individual/small unit tactical training while testing reasoning and problem-solving techniques. Students receive direct feedback on leadership abilities. Duplicates Credit in former MS 300. Instruction Mode: Lecture, Lab Grading Option: Letter

**MS 302 Leadership and Ethics**
Units: 3 Terms Offered: Sp Examines the role communications, values, and ethics play in effective leadership. Topics include ethical decision-making, consideration of others, spirituality in the military, and survey Army leadership doctrine. Emphasis on improving oral and written communication abilities. Duplicates Credit in former MS 310. Instruction Mode: Lecture Grading Option: Letter

**MS 401 Leadership and Management I**
Units: 3 Terms Offered: Fa Develops student proficiency in planning and executing complex operations, functioning as a member of a staff, and mentoring subordinates. Students explore training management, methods of effective staff collaboration, and developmental counseling techniques. Duplicates Credit in former MS 400. Instruction Mode: Lecture Grading Option: Letter

**MS 402 Leadership and Management II**
Units: 3 Terms Offered: Sp Study includes case study analysis of military law and practical exercises on establishing an ethical command climate. Students must complete a semester long Senior Leadership Project that requires them to plan, organize, collaborate, analyze, and demonstrate their leadership skills. Duplicates Credit in former MS 410. Instruction Mode: Lecture, Lab Grading Option: Letter
MSCR 590 Directed Research
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm
Selected topics in military science. Instruction Mode: Lecture
Grading Option: Letter

Sacred Music

MSCR 390 Special Problems
Units: 4 Supervised, individual studies. No more than one
registration permitted. Enrollment by petition only.
Duplicates Credit in former MUCH 390. Instruction Mode:
Lecture Grading Option: Letter

MSCR 473 Hymnology
Units: 2 Study of hymns and hymn tunes, and their functions,
from the formation of the Christian Church to the present;
historical survey of the literature. Duplicates Credit in former
MUCH 473. Instruction Mode: Lecture Grading Option: Letter

MSCR 474 The Organ in Worship and Congregational
Life
Units: 2 Accompanying: hymn playing, transposition,
improvisation, vocal score reading; conducting from the
console; service repertoire. Basic knowledge of the organ as
an instrument and planning for and purchase of an organ.
Duplicates Credit in former MUCH 474. Instruction Mode:
Lecture Grading Option: Letter

MSCR 475 Introduction to Jewish Music
Units: 2 Development of Jewish music from biblical times to
the present, with emphasis on liturgical practices, traditions
of itinerant musicians and the adaptability of community
song. Instruction Mode: Lecture Grading Option: Letter

MSCR 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual
research and readings. Not available for graduate credit.
Duplicates Credit in former MUCH 490. Registration
Restriction: Open only to juniors and seniors. Instruction
Mode: Lecture Grading Option: Letter

MSCR 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current
interest. Instruction Mode: Lecture Grading Option: Letter

MSCR 570 Foundations of Sacred Music
Units: 2 An introduction to the history of sacred music,
liturgical practices and worship traditions from antiquity to
present day. Duplicates Credit in former MUCH 570.
Instruction Mode: Lecture Grading Option: Letter

MSCR 571 Music of the Great Liturgies
Units: 2 Comparison of the Jewish, Eastern Orthodox,
Roman Catholic, Lutheran, and Anglican liturgies and their
music; relation to music in the nonliturgical service; the
church year. Duplicates Credit in former MUCH 571.
Instruction Mode: Lecture Grading Option: Letter

MSCR 572 Sacred Music Administration
Units: 2 Terms Offered: FaSpSm Developing, maintaining
and administering the music program of the church or other
religious institutions. Programming, staffing, developing
budgets, techniques and repertoire for the graded choir
program, handbell choir and other ensembles. Duplicates
Credit in former MUCH 572. Instruction Mode: Lecture
Grading Option: Letter

MSCR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to
the master's degree. Maximum units which may be applied to
the degree to be determined by the department. Duplicates
Credit in former MUCH 590. Instruction Mode: Lecture
Grading Option: Credit/No Credit

MSCR 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current
interest. Instruction Mode: Lecture Grading Option: Letter

MSCR 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to
the doctorate. Maximum units which may be applied to the
degree to be determined by the department. Duplicates
Credit in former MUCH 790. Instruction Mode: Lecture Grading
Option: Credit/No Credit

MSCR 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates
Credit in former MUCH 794abcdz. Registration Restriction:
Open only to doctoral students. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit

MSCR 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates
Credit in former MUCH 794abcdz. Instruction Mode:
Lecture Grading Option: In-progress to Credit/No Credit

MSCR 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates
Credit in former MUCH 794abcdz. Instruction Mode:
Lecture Grading Option: In-progress to Credit/No Credit

MSCR 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates
Credit in former MUCH 794abcdz. Instruction Mode:
Lecture Grading Option: In-progress to Credit/No Credit

MSCR 794z Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Duplicates
Credit in former MUCH 794abcdz. Instruction Mode:
Lecture Grading Option: In-progress to Credit/No Credit

Molecular Structure and Signaling

MSS 574 Molecular Structure and Signaling Seminar
Series
Units: 1 Max Units: 12.0 Terms Offered: FaSp Selected
topics in Molecular Structure and Signaling. Registration
Restriction: Open only to doctoral students. Instruction
Mode: Lecture Grading Option: Letter

MSS 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered:
FaSpSm Research leading to the doctorate. Maximum units
which may be applied to the degree to be determined by the
department. Registration Restriction: Open only to doctoral
students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MSS 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of
dissertation. Registration Restriction: Open only to doctoral
students. Instruction Mode: Lecture Grading Option: In-
progress to Credit/No Credit

MSS 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of
dissertation. Registration Restriction: Open only to doctoral
students. Instruction Mode: Lecture Grading Option: Credit/No Credit
students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSS 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSS 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSS 794e Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Music Technology

MTEC 105 Electronic Studio Techniques

MTEC 174 Fundamentals of Music Technology
Units: 2 Introductory microphone technique, signal processing, and computer literacy for musical performers. Duplicates Credit in former MUEA 174. Instruction Mode: Lecture Grading Option: Letter

MTEC 175 Fundamentals of Audio Recording
Units: 2 Introduction to the principles and techniques of audio recording. Students will gain a basic understanding of signal flow, gain structure, microphones, monitoring systems, signal processing, mixing. Duplicates Credit in former MTEC 275a. Instruction Mode: Lecture Grading Option: Letter

MTEC 176 Critical Listening
Units: 2 Introductory course where students will develop an understanding of audio quality, the musical aspects of audio production and the vocabulary necessary to offer audio critique. Recommended Preparation: MTEC 175. Duplicates Credit in former MTEC 275a. Instruction Mode: Lecture Grading Option: Letter

MTEC 205a Music with Computers
Units: 4 Computers in music composition, realization and performance. Representative hardware, software and languages. Recommended Preparation: MTEC 105. Duplicates Credit in former MUEA 205ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 205b Music with Computers
Units: 4 Computers in music composition, realization and performance. Representative hardware, software and languages. Recommended Preparation: MTEC 105. Duplicates Credit in former MUEA 205ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 237a Music Production I
Units: 2 Study of small ensemble (rhythm section, vocal, background vocals) music production in a variety of popular music styles. Instruction Mode: Lecture Grading Option: Letter

MTEC 237b Music Production I
Units: 2 Study of large ensemble (rhythm section, vocal, background vocal with horn section and or strings) music production in a variety of popular music styles. Instruction Mode: Lecture Grading Option: Letter

MTEC 245 Introduction to MIDI Sequencing
Units: 1 Terms Offered: FaSp Introductory course where students will learn to use professional MIDI sequencing software to sequence, edit, and realize music compositions. Instruction Mode: Lecture Grading Option: Letter

MTEC 246 Introduction to Audio Recording and Editing
Units: 1 Terms Offered: FaSp Introduction to the techniques and applications of recording, editing and mixing sound on personal computers. Instruction Mode: Lecture Grading Option: Letter

MTEC 248 Introduction to Music Notation
Units: 1 Terms Offered: FaSp Introduction to the skills and techniques required to prepare musical scores and parts using industry standard music notation software. Instruction Mode: Lecture Grading Option: Letter

MTEC 249 Introduction to Web Design for Musicians
Units: 1 Terms Offered: FaSp Introductory course where students will learn to use professional web languages, tools, and techniques to create musical artist and band websites. Instruction Mode: Lecture Grading Option: Letter

MTEC 275 Fundamentals of Audio Engineering
Units: 4 Fundamentals of Audio Engineering is an intermediate course in the principles and techniques of professional audio production as related to music. Recommended Preparation: MTEC 175 and MTEC 176. Duplicates Credit in former MTEC 275b. Instruction Mode: Lecture, Lab Grading Option: Letter

MTEC 277x Introduction to Music Technology
Units: 4 Terms Offered: FaSpSm A survey of the technology used to create, prepare, perform, and distribute music, with an emphasis on recording, MIDI, music production, mastering and Internet technologies. Not available for major credit to BM and BS, Music Industry majors. Duplicates Credit in former MUIN 277. Instruction Mode: Lecture Grading Option: Letter

MTEC 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSp Intermediate and advanced instruction in the applications of technology to the creation and performance of music. Recommended Preparation: experience with audio recording and synthesizers. Instruction Mode: Lecture Grading Option: Letter

MTEC 305a Electroacoustic Media I
Units: 4 Composition, arranging, performance and/or fixed medium realization of electroacoustic music. Critical/analytic listening. History of the medium. Prerequisite: MTEC 205b. Duplicates Credit in former MUEA 305ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 305b Electroacoustic Media I
Units: 4 Composition, arranging, performance and/or fixed medium realization of electroacoustic music. Critical/analytic listening. History of the medium. Prerequisite: MTEC 205b. Duplicates Credit in former MUEA 305ab. Instruction Mode: Lecture Grading Option: Letter

1304
MTEC 310 Computer Recording for the Performing Musician
Units: 2 Terms Offered: FaSpSm Fundamentals of computer music production for music students. Recording and editing multitrack digital audio using computer software. Duplicates Credit in former MUSC 310. Instruction Mode: Lecture Grading Option: Letter

MTEC 311 MIDI Music Production for the Performing Musician
Units: 2 Terms Offered: FaSpSm Techniques of sequencing and recording musical compositions via MIDI on personal computers. Includes study of hardware, software, processes, functions, editing and orchestration techniques. Duplicates Credit in former MUSC 311. Instruction Mode: Lecture Grading Option: Letter

MTEC 337a Music Production II
Units: 2 Small group instruction to develop the student's arranging, production and project management skills as related to small budget music and multimedia projects. Prerequisite: MTEC 237b. Instruction Mode: Lecture Grading Option: Letter

MTEC 337b Music Production II
Units: 2 Small group instruction to develop the student's arranging, production and project management skills as related to medium budget music and multimedia projects. Instruction Mode: Lecture Grading Option: Letter

MTEC 379a Recording Studio Theory
Units: 2 Basic electronic concepts needed to understand operational parameters of a state-of-the-art recording studio; schematics, interface, capacitance, resistance and problem solving. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 379ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 379b Recording Studio Theory
Units: 2 Basic electronic concepts needed to understand operational parameters of a state-of-the-art recording studio; schematics, interface, capacitance, resistance and problem solving. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 379ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 389 Digital Equipment and Recording
Units: 2 Digital equipment including computers, sequencers, digital signal synthesis, MIDI, and rotary and stationary digital recording. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 389. Instruction Mode: Lecture Grading Option: Letter

MTEC 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: FaSpSm Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Duplicates Credit in former MUEA 390. Instruction Mode: Lecture Grading Option: Letter

MTEC 392a Acoustics and Speaker Design
Units: 2 Principles of acoustics relating to studio construction, wall treatment, and furnishings; natural reverberation, speaker materials, passive and active crossovers and time alignment. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 392ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 392b Acoustics and Speaker Design
Units: 2 Principles of acoustics relating to studio construction, wall treatment, and furnishings; natural reverberation, speaker materials, passive and active crossovers and time alignment. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 392ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 405a Electroacoustic Media II
Units: 4 Continuation of MTEC 305a, MTEC 305b. Prerequisite: MTEC 305b. Duplicates Credit in former MUEA 405ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 405b Electroacoustic Media II
Units: 4 Continuation of MTEC 305a, MTEC 305b. Prerequisite: MTEC 305b. Duplicates Credit in former MUEA 405ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 437 Advanced Music Production for Non-Majors
Units: 2 Max Units: 4 The study of small music production in a variety of popular music styles with the goal of developing the students' arranging, production and project management skills. Recommended Preparation: MTEC 275, MTEC 443 or MTEC 444, MTEC 446ab, MUSC 255, MUSC 355 Instruction Mode: Lecture Grading Option: Letter

MTEC 442 Operation of the Radio Studio
Units: 2 Terms Offered: FaSpSm An in-depth study of radio studio technical operations. Topics include consoles, microphones, transmission considerations, networks, satellites, and digital and analog production situations. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 442. Instruction Mode: Lecture Grading Option: Letter

MTEC 443 Desktop Music Production
Units: 2 Intermediate course where students will learn to use professional MIDI sequencing and digital audio software to compose, edit, and mix songs and other music compositions. Recommended Preparation: MTEC 245. Duplicates Credit in former MUIN 305. Instruction Mode: Lecture Grading Option: Letter

MTEC 444 Non-Linear MIDI Sequencing
Units: 2 Terms Offered: FaSp An in-depth course focusing on the principles and techniques of sequencing and performing musical compositions using a non-linear sequencer. Recommended Preparation: MTEC 245. Instruction Mode: Lecture Grading Option: Letter

MTEC 445 Advanced Desktop Music Production
Units: 2 Students will learn to apply their musical and technical skills to create professional quality computer-based arrangements in a variety of musical styles. Recommended Preparation: MTEC 443 or MTEC 444 and MTEC 474a. Instruction Mode: Lecture Grading Option: Letter

MTEC 446a Computer Assisted Recording and Editing
Units: 2 Terms Offered: FaSpSm Techniques and applications of recording and editing sound on personal computers. Hardware, software, editing for song, sound effects and dialog for film. Duplicates Credit in former MUIN 446ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 446b Computer Assisted Recording and Editing
Units: 2 Terms Offered: FaSpSm Techniques and applications of recording and editing sound on personal computers. Hardware, software, editing for song, sound
MTEC 448 Computer Music Notation and Preparation
Units: 2 Techniques and principles of computer music notation including conventions of music notation, idiomatic practices, preparation of significant score types, and MIDI basics. Duplicates Credit in former MUIN 448. Instruction Mode: Lecture Grading Option: Letter

MTEC 474a Electronic Synthesizer Techniques
Units: 2, 3, 4 Terms Offered: FaSpSm Electronic music procedures in a multi-track studio. Duplicates Credit in former MUEA 474abx. Instruction Mode: Lecture Grading Option: Letter

MTEC 474b Electronic Synthesizer Techniques
Units: 2, 3, 4 Terms Offered: FaSpSm Electronic music procedures in a multi-track studio. Computer applications. Duplicates Credit in former MUEA 474abx. Instruction Mode: Lecture Grading Option: Letter

MTEC 476a Advanced Electronic Studio Techniques
Units: 2, 3, 4 Digital devices and specialized audio processing modules applied to electronic music. Prerequisite: MTEC 474b. Duplicates Credit in former MUEA 476a. former MUEA 476b. Instruction Mode: Lecture Grading Option: Letter

MTEC 476b Advanced Electronic Studio Techniques
Units: 2, 3, 4 Continuation of MTEC 476a. Emphasis on individual projects. Prerequisite: MTEC 474b. Duplicates Credit in former MUEA 476a. former MUEA 476b. Instruction Mode: Lecture Grading Option: Letter

MTEC 477 Remote Recording Techniques
Units: 2 Special problems of location recording; specialized equipment; microphone design and operation. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 477. Instruction Mode: Lecture Grading Option: Letter

MTEC 478 Advanced Multichannel Remix
Units: 2 Special problems of multi-channel re-mixing with simultaneous audio re-processing. Album, film, television and multimedia formats will be covered. Prerequisite: MTEC 446a. Duplicates Credit in former MUIN 478. Instruction Mode: Lecture Grading Option: Letter

MTEC 479 Audio Mastering
Units: 2 A survey of the final creative steps of an audio CD. Concepts of acoustics, mastering suite design, critical listening, frequency, dynamics and sequencing. Prerequisite: MTEC 275; Recommended Preparation: MTEC 446a. Duplicates Credit in former MUIN 479. Instruction Mode: Lecture Grading Option: Letter

MTEC 481 Programming the MIDI Interface
Units: 2 Terms Offered: FaSpSm Programming MIDI Interface Software using the C Programming Language. Developing original applications software for sequencing and real-time event processing. Recommended Preparation: prior experience in electronic music or computers. Duplicates Credit in former MUEA 481. Instruction Mode: Lecture Grading Option: Letter

MTEC 486 Computer-Assisted Music Editing for Picture
Units: 2 Terms Offered: FaSpSm Techniques and applications of recording, editing and synchronizing music and sounds to film, video or games, using time code and personal computers. Prerequisite: MTEC 446b. Duplicates Credit in former MUIN 486. Instruction Mode: Lecture Grading Option: Letter

MTEC 488a Recording Studio Maintenance
Units: 2 Fundamentals needed to perform maintenance on professional audio equipment including trouble-shooting, interface, and alignment procedures. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 488ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 488b Recording Studio Maintenance
Units: 2 Fundamentals needed to perform maintenance on professional audio equipment including trouble-shooting, interface, and alignment procedures. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 488ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Duplicates Credit in former MUEA 490x. Instruction Mode: Lecture Grading Option: Letter

MTEC 491 The Recording Console
Units: 4 Introduction to professional analog audio consoles and their use in recording and mixing music for records, video and film. Prerequisite: MTEC 275 and MTEC 446a. Duplicates Credit in former MTEC 291. Instruction Mode: Lecture Grading Option: Letter

MTEC 493 Audio Signal Processing Equipment
Units: 2 Principles and design characteristics of digital and analog signal processing equipment including plate reverb, digital reverbs, synchronizers, digital editing systems and mastering systems. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 493. Instruction Mode: Lecture Grading Option: Letter

MTEC 494 Classical Music Recording
Units: 4 Principles of classical music recording with emphasis on history, equipment, techniques, and locations. Differences in orchestral, choral, opera, and small ensemble recording. Duplicates Credit in former MUIN 494. Instruction Mode: Lecture Grading Option: Letter

MTEC 498a Senior Project
Units: 1 Culmination of the four-year course of study intended to afford students the opportunity to pursue a mentored project to advance their future careers. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MTEC 498b Senior Project
Units: 1 Culmination of the four-year course of study intended to afford students the opportunity to pursue a mentored project to advance their future careers. Instruction Mode: Lecture Grading Option: Credit/No Credit

MTEC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics of current interest. Duplicates Credit in former MUIN 499. Instruction Mode: Lecture Grading Option: Letter

MTEC 501 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSp Intermediate and advanced instruction in the applications of
technology to the creation and performance of music. Recommended Preparation: experience with audio recording and synthesizers. Instruction Mode: Lecture Grading Option: Letter

MTEC 550 Technology and the Collegiate Music Curriculum
Units: 2 Prepares the college-level music instructor for assuming a technological leadership role within a music department. Examines traditional, experimental, and pedagogical aspects of technology. Recommended Preparation: computer, Internet, and basic music software literacy. Instruction Mode: Lecture Grading Option: Letter

MTEC 575 Music Technology and Production
Units: 4 Terms Offered: FaSpSm Fundamentals of audio recording. Focuses on the principles and applications of sound and hearing, recording systems and their components, and production techniques. Duplicates Credit in former MUCD 575. Instruction Mode: Lecture Grading Option: Letter

MTEC 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former MUEA 590. Instruction Mode: Lecture Grading Option: Credit/No Credit

MTEC 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Credit/No Credit

Conducting

MUCD 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction secondary emphasis for music majors and minors. Duplicates Credit in former MUCD 401. Registration Restriction: Open only to music majors and minors. Instruction Mode: Lecture Grading Option: Letter

MUCD 340 Choral Conducting I
Units: 2 Terms Offered: FaSpSm Basic conducting techniques; score analysis; conducting patterns; problems of tempo, dynamics, articulation and text. Instruction Mode: Lecture Grading Option: Letter

MUCD 343 Instrumental Conducting I
Units: 2 Terms Offered: FaSp Communicating musical ideas to instrumental ensembles; reading and conducting from full score of orchestral compositions. Prerequisite: ability to read a music score. Instruction Mode: Lecture Grading Option: Letter

MUCD 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUCD 441 Choral Conducting II
Units: 2 Refinement of techniques developed in MUCD 340; study of styles and interpretations of choral music from the Renaissance to the present. Prerequisite: MUCD 340, MUCD 343. Instruction Mode: Lecture Grading Option: Letter

MUCD 443 Instrumental Conducting II
Units: 2 Terms Offered: FaSpSm Principal composers and representative instrumental works since the 18th century; studies of styles and interpretations based on scores and the performance of works in class. Instruction Mode: Lecture Grading Option: Letter

MUCD 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MUCD 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCD 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MUCD 541 Choral Conducting III
Units: 2 Max Units: 6.0 Problems of preparing and conducting contemporary choral music and major choral-orchestral works from full score; special projects according to student's development and interests. Prerequisite: MUCD 441. Instruction Mode: Lecture Grading Option: Letter

MUCD 543 Instrumental Conducting III
Units: 2 Max Units: 4.0 Terms Offered: FaSp Problems in advanced conducting. Prerequisite: MUCD 443. Instruction Mode: Lecture Grading Option: Letter

MUCD 550 Orchestral Conducting Seminar
Units: 2 Max Units: 8.0 Terms Offered: FaSp Advanced instrumental conducting techniques. Literature drawn from music of all periods. Prerequisite: MUCD 441, MUCD 443, and admission as candidate for MM degree in conducting. Instruction Mode: Lecture Grading Option: Letter

MUCD 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MUCD 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCD 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCD 641 Choral Conducting IV
Units: 2 Max Units: 8.0 Continuation of MUCD 541, including choral conducting pedagogy. Prerequisite: MUCD 541. Instruction Mode: Lecture Grading Option: Letter

MUCD 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm
Individual or master class instruction for DMA Performance majors. Duplicates Credit in former MUPF 653. Instruction Mode: Lecture Grading Option: Letter

MUCD 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Choral Music

MUCM 320 Introduction to Choral Music
Units: 2 An introduction to the many facets of choral music. Grounding in the intellectual and practical issues of choirs, singing, and choral literature. Recommended Preparation: ability to read music. Instruction Mode: Lecture Grading Option: Letter

MUCM 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration is permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUCM 440 Choral Development
Units: 2 Problems of achieving proper balance, blend, intonation, diction, precision, etc., in choral groups; criteria for selection of repertoire for particular groups. Instruction Mode: Lecture Grading Option: Letter

MUCM 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MUCM 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCM 541 Choral Literature I
Units: 2 Choral composition from c. 1500 to 1800. Performance and analysis of representative works. Instruction Mode: Lecture Grading Option: Letter

MUCM 542 Choral Literature II
Units: 2 19th and 20th century choral works; criteria for program building. Instruction Mode: Lecture Grading Option: Letter

MUCM 543 Seminar in Choral Music
Units: 2 Max Units: 4.0 Advanced choral techniques; historical, analytical and performance problems. Recommended Preparation: MUCM 641. Instruction Mode: Lecture Grading Option: Letter

MUCM 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Supervised research in preparation for the Master's recital. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCM 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCM 641 Choral Literature III
Units: 2 Detailed study of selected major choral works; historical context, score analysis, performance practices. Recommended Preparation: MUCM 541, MUCM 542. Instruction Mode: Lecture Grading Option: Letter

MUCM 643 Seminar in Choral Music II
Units: 2 Max Units: 4.0 Terms Offered: Sp Continuation of MUCM 543, with concentration on the conducting problems in major choral-orchestral works. Instruction Mode: Lecture Grading Option: Letter

MUCM 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCM 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUCM 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUCM 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

MUCM 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

Composition

MUCO 101x Fundamentals of Music Theory
Units: 2 Terms Offered: FaSp An introductory course in music theory required for those majors in need of remedial training, and available to the general student who wishes to develop music writing skills. Recommended Preparation: ability to read music. Not available for credit to BM and BA music majors. Instruction Mode: Lecture Grading Option: Letter

MUCO 130 Basics of Music Theory
Units: 3 Terms Offered: FaSp Introduction to music theory; scales, intervals, principles of common practice and popular music harmony; melodic, harmonic, and structural analysis; 20th century developments. Not available for credit to BM majors. Instruction Mode: Lecture Grading Option: Letter

MUCO 130x Basics of Music Theory
Units: 3 Terms Offered: FaSp Introduction to music theory; scales, intervals, principles of common practice and popular music harmony; melodic, harmonic, and structural analysis; 20th century developments. Not available for credit to BM majors. Instruction Mode: Lecture Grading Option: Letter

MUCO 131a Harmony in Popular Music
Units: 2 Terms Offered: FaSpSm Study of harmony used in the popular music idiom, as well as diminished chord patterns, modulation techniques, basic modal theory, and
principles of melodic construction. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MU CO 131b Harmony in Popular Music
Units: 2 Terms Offered: FaSpSm Study of harmony used in the popular music idiom, as well as diminished chord patterns, modulation techniques, basic modal theory, and principles of melodic construction. Prerequisite: MUCO 131a. Instruction Mode: Lecture Grading Option: Letter

MU CO 132a Aural Skills I
Units: 2 Terms Offered: FaSp Sight-singing, dictation, related keyboard application. Instruction Mode: Lecture, Lab Grading Option: Letter

MU CO 132b Aural Skills II
Units: 2 Terms Offered: Continuation of MUCO 132a, MUCO 132b. Instruction Mode: Lecture, Lab Grading Option: Letter

MU CO 133a Theory I
Units: 3 Terms Offered: FaSp Notation, scales, intervals; introduction to counterpoint; harmonic principles of the common practice period; analysis, written work. Concurrent Enrollment: Concurrent registration in Aural Skills required. Instruction Mode: Lecture Grading Option: Letter

MU CO 133b Theory II
Units: 3 Terms Offered: Fa Analysis of representative pieces from the classic and romantic periods; exercises in composition. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MU CO 235 Counterpoint II
Units: 2 Terms Offered: Sp Studies in tonal counterpoint; two-, three- and four-part counterpoint in 18th century style; polyphonic variations; inventions. Prerequisite: MUCO 137b. Instruction Mode: Lecture Grading Option: Letter

MU CO 236 Orchestration I
Units: 2 Terms Offered: Fa Introduction to the principles of instrumentation; ranges techniques, timbres; transpositions of orchestral instruments; beginning exercises in orchestration. Prerequisite: MUCO 137b. Instruction Mode: Lecture Grading Option: Letter

MU CO 237a Composition II
Units: 4 Composition in shorter forms, continuation of score analysis and listening assignments. Prerequisite: MUCO 137b Instruction Mode: Lecture, Lab Grading Option: Letter

MU CO 237b Composition II
Units: 4 Composition in shorter forms, continuation of score analysis and listening assignments. Prerequisite: MUCO 237a Instruction Mode: Lecture, Lab Grading Option: Letter

MU CO 238 Theory Review
Units: 1 Terms Offered: FaSpSm Review of materials covered in Theory I and II. For students whose entrance examination in music theory indicates the need for further study. Instruction Mode: Lecture Grading Option: Letter

MU CO 309 Theory Review
Units: 1 Terms Offered: FaSpSm Review of materials covered in Theory I and II. For students whose entrance examination in music theory indicates the need for further study. Instruction Mode: Lecture Grading Option: Letter

MU CO 321x Composition for Non-Majors II
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Individual instruction in composition for non-composition majors. Continuation of MUCO 221a, MUCO 221b. Prerequisite: MUCO 221b. Instruction Mode: Lecture Grading Option: Letter

MU CO 333 Aural Skills Review
Units: 1 Terms Offered: FaSp Review of the materials covered in Aural Skills I, II, and III. For students whose entrance examination in aural skills indicates the need for further study. Instruction Mode: Lecture Grading Option: Letter

MUCO 336a Orchestration II Units: 2 Terms Offered: FaSp Intermediate exercises in orchestration, including scoring for chamber ensembles and orchestra; study of the history of orchestration. Prerequisite: MUCO 236. Instruction Mode: Lecture Grading Option: Letter

MUCO 336b Orchestration II Units: 2 Terms Offered: FaSp Intermediate exercises in orchestration, including scoring for chamber ensembles and orchestra; study of the history of orchestration. Prerequisite: MUCO 236. Instruction Mode: Lecture Grading Option: Letter

MUCO 337a Composition III Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 237b Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 337b Composition III Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 337a Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 338a Elementary Orchestration Units: 2 Terms Offered: Fa Range, techniques, timbre, transposition of orchestral instruments; exercises in orchestration. Recommended Preparation: MUCO 233b. Not available for credit to Composition majors. Instruction Mode: Lecture Grading Option: Letter

MUCO 339 Orchestration Review Units: 1 Terms Offered: FaSm Review of materials covered in elementary orchestration; for students whose entrance examination in orchestration indicates the need for further study. Instruction Mode: Lecture Grading Option: Letter

MUCO 341 Counterpoint Review Units: 1 Terms Offered: SpSm Review of materials covered in tonal counterpoint. For students whose entrance examination in counterpoint indicates the need for further study. For graduate students only. Instruction Mode: Lecture Grading Option: Letter

MUCO 360 Music Notation and Copying Units: 1 Development of skills in music calligraphy. Instruction Mode: Lecture Grading Option: Letter

MUCO 370a Arranging for the Recording Media Units: 2 Arranging and composing for studio recording ensembles. Instruction Mode: Lecture Grading Option: Letter

MUCO 370b Arranging for the Recording Media Units: 2 Arranging and composing for studio recording ensembles. Instruction Mode: Lecture Grading Option: Letter

MUCO 390 Special Problems Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUCO 406a Contemporary Notation Units: 2 Notating new music; study and comparison of representative scores. Instruction Mode: Lecture Grading Option: Letter

MUCO 406b Contemporary Notation Units: 2 Notating new music; study and comparison of representative scores. Instruction Mode: Lecture Grading Option: Letter

MUCO 422 Composers and Interdisciplinary Art Studies Units: 2 Max Units: 6.0 A structured collaboration between composers and artists outside of music to explore an interdisciplinary area in an environment of practical collaborative creation. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUCO 425 Instrumental Music of Debussy and Ravel Units: 2 Critical examination of the piano, chamber, and orchestral scores; comparison of styles, techniques and aesthetics of these "Impressionist" composers. Prerequisite: MUCO 336a or MUCO 338; MUHL 331; MUHL 332. Instruction Mode: Lecture Grading Option: Letter

MUCO 432a Advanced Theory Units: 1 or 2 Special problems in music theory. Instruction Mode: Lecture Grading Option: Letter

MUCO 432b Advanced Theory Units: 1 or 2 Special problems in music theory. Instruction Mode: Lecture Grading Option: Letter

MUCO 434 Analytical Techniques Units: 2 Selected analytical topics. Prerequisite: MUCO 232b, MUCO 233b. Instruction Mode: Lecture Grading Option: Letter

MUCO 435 Counterpoint III Units: 2 Terms Offered: Fa Canon and fugue; 19th and 20th century developments. Prerequisite: MUCO 235. Instruction Mode: Lecture Grading Option: Letter

MUCO 436 Orchestration III Units: 2 Terms Offered: Sp Continuation of Orchestration II. Prerequisite: MUCO 336a, MUCO 336b. Instruction Mode: Lecture Grading Option: Letter

MUCO 437a Composition IV Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 337b Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 437b Composition IV Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 437a Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 438 Arranging for Marching Band Units: 2 Fundamental concepts; instrumental capabilities; notation; color and scoring; modulation; percussion writing. Prerequisite: MUCO 336b or MUCO 338. Instruction Mode: Lecture Grading Option: Letter

MUCO 439 Band Arranging Units: 2 Max Units: 4.0 Characteristics and use of individual instruments; writing for separate choirs; chamber and solo writing; scoring piano, organ, and orchestral music for band. Prerequisite: MUCO 237b, MUCO 336b or MUCO 338. Instruction Mode: Lecture Grading Option: Letter
MU CO 441 Choral Arranging  
Units: 1, 2 Max Units: 4.0 Terms Offered: FaSpSm  
Arranging and composing for chorus. Prerequisite: MU CO 233b. Instruction Mode: Lecture Grading Option: Letter

MU CO 470 Electroacoustic Composition  
Units: 2 Electronic music for the composer: history of means and styles, aesthetic issues and practical problems, computer usages, bibliography and repertoire. Recommended Preparation: MTEC 474a. Instruction Mode: Lecture Grading Option: Letter

MU CO 490x Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MU CO 499 Special Topics  
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MU CO 501 Introduction to the Analysis of Tonal Music  
Units: 2 Terms Offered: FaSp Survey of common practice period (1650–1900) approaches to phrase design, tonal organization and type-forms (binary, ternary, rondo, sonata). Instruction Mode: Lecture Grading Option: Letter

MU CO 502 Introduction to the Analysis of Post-Tonal Music  
Units: 2 Terms Offered: FaSp Introductory survey of 20th/21st century approaches to the organization of pitch (serial, modal, extended tonal, etc.), rhythm, texture and form. Instruction Mode: Lecture Grading Option: Letter

MU CO 521x Composition for Non-Majors III  
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Individual instruction in composition. Prerequisite: submission of portfolio of musical compositions. Instruction Mode: Lecture Grading Option: Letter

MU CO 533a Analytical Approaches to Tonal Music  
Units: 2 Terms Offered: FaSp Introducing to essential structural and prolongational aspects of Schenkerian theory. Prerequisite: MU CO 501. Instruction Mode: Lecture Grading Option: Letter

MU CO 533b Analytical Approaches to Tonal Music  
Units: 2 Terms Offered: FaSp Application of the Schenkerian methods to individual movements and short pieces. Prerequisite: MU CO 501. Instruction Mode: Lecture Grading Option: Letter

MU CO 536 Advanced Orchestration I  
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSp Continuation of Orchestration III with emphasis on contemporary techniques. Instruction Mode: Lecture Grading Option: Letter

MU CO 537 Advanced Composition I  
Units: 1 or 2 Max Units: 8.0 For graduates with evidence of preparation for advanced work. Instruction Mode: Lecture Grading Option: Letter

MU CO 538a Analytical Approaches to Post-Tonal Music from 1908–1950  
Units: 2 Terms Offered: FaSp The breakdown of tonality, rise of atonal/pantonal pitch organization, new and extended approaches to tonality, modality. Prerequisite: MU CO 502. Instruction Mode: Lecture Grading Option: Letter

MU CO 538b Analytical Approaches to Post-Tonal Music from 1908–1950  
Units: 2 Terms Offered: FaSp Continuation of MU CO 538a; twelve-tone methods, just tuning systems, new approaches to rhythm, texture, timbre. Prerequisite: MU CO 502. Instruction Mode: Lecture Grading Option: Letter

MU CO 539a Theoretical and Aesthetic Issues in Music from 1950 to the Present  
Units: 2 Terms Offered: FaSp Anti-rationality and indeterminacy, ultra-rationality and integral serialism, new performance procedures, electronic music and new technologies, minimalism. Prerequisite: MU CO 502. Instruction Mode: Lecture Grading Option: Letter

MU CO 539b Theoretical and Aesthetic Issues in Music from 1950 to the Present  
Units: 2 Terms Offered: FaSp Post-modernism of reaction, post-modernism of resistance, mannerist minimalism, antimodernism. Prerequisite: MU CO 502. Instruction Mode: Lecture Grading Option: Letter

MU CO 548 Writer and Composer  
Units: 3 Terms Offered: Sp Structured collaboration among composers and poets. Activities include fundamentals of poetry, comparative analysis, creative projects. Instruction Mode: Lecture Grading Option: Letter

MU CO 550 Teaching Music Theory  
Units: 2 Comparative study of curricula, text materials, and teaching strategies in music theory. Instruction Mode: Lecture Grading Option: Letter

MU CO 551 Comparative Analytical Studies: Traditional Forms  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Analytical survey of the development of a specific form or genre. Specific emphasis to be determined by the department. Recommended Preparation: MU CO 501. Instruction Mode: Lecture Grading Option: Letter

MU CO 552 Comparative Analytical Studies: 20th/21st Century and Non-Traditional Forms  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm In-depth analysis of characteristic forms and genres of 20th century music or of other forms and genres that do not figure largely in the "common practice" tradition. Specific emphasis to be determined by the department. Recommended Preparation: MU CO 501. Instruction Mode: Lecture Grading Option: Letter

MU CO 553 Special Studies in Contrapuntal Music  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm In-depth analytical and historical study of contrapuntal techniques and styles. Emphasis to be determined by the department. Recommended Preparation: MU CO 501. Instruction Mode: Lecture Grading Option: Letter

MU CO 554 Special Studies in Tonal Analysis  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Analytical study of major composers and/or problems in tonal music. Emphasis to be determined by the department. Recommended Preparation: MU CO 501. Instruction Mode: Lecture Grading Option: Letter

MU CO 555 Special Studies in Post-Tonal Analysis  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Analytical study of major composers and/or problems in post-tonal music. Emphasis to be determined by the department.
Recommended Preparation: MU CO 502. Instruction Mode: Lecture Grading Option: Letter

MU CO 576 Special Studies in Musical Aesthetics
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm An investigation of aesthetics in general and the application of aesthetic theories to music; readings will be selected from pre-modern, modern, and post-modern texts. Recommended Preparation: MU CO 501 and MU CO 502. Instruction Mode: Lecture Grading Option: Letter

MU CO 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MU CO 592 Selected Topics in Graduate Composition
Units: 2 Max Units: 4.0 Terms Offered: FaSp An introduction to composition for graduate students in composition that addresses aesthetic, technical and analytical issues from a composer's perspective. Registration Restriction: Open only to theory and composition majors. Instruction Mode: Lecture Grading Option: Letter

MU CO 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MU CO 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MU CO 594c Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MU CO 599 Special Topics
Units: 2 Max Units: 8.0 Seminars in selected areas of study. Instruction Mode: Lecture Grading Option: Letter

MU CO 633a Advanced Analysis of Tonal Music
Units: 2 Application of Schenkerian techniques to large works. Prerequisite: MU CO 533b. Instruction Mode: Lecture Grading Option: Letter

MU CO 633b Advanced Analysis of Tonal Music
Units: 2 Criticisms and extensions of Schenker, semiotic approaches, theories of rhythmic structure. Prerequisite: MU CO 533b. Instruction Mode: Lecture Grading Option: Letter

MU CO 636 Advanced Orchestration II
Units: 1 or 2 Max Units: 4.0 Terms Offered: FaSp Continuation of Advanced Orchestration I with emphasis on historical survey of orchestral compositions and advanced orchestration projects. Prerequisite: MU CO 536. Instruction Mode: Lecture Grading Option: Letter

MU CO 637 Advanced Composition II
Units: 1, 2 Max Units: 4.0 Continuation of MU CO 537. For students holding the MM degree in composition. Prerequisite: MU CO 536, MU CO 637. Instruction Mode: Lecture Grading Option: Letter

MU CO 737 Advanced Composition III
Units: 1 or 2 Max Units: 8.0 Continuation of MU CO 637. Prerequisite: MU CO 536, MU CO 637. Instruction Mode: Lecture Grading Option: Letter

MU CO 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MU CO 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MU CO 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MU CO 794c Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MU CO 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Music Teaching and Learning

MTAL 330 Fundamentals of Music
Units: 4 Introduction to the content of music through an investigation of its melodic, rhythmic, and harmonic structure. Duplicates Credit in former MU ED 330x Instruction Mode: Lecture Grading Option: Letter

MTAL 440a Music and Movement: The Orff Approach
Units: 2 Orff Schulwerk techniques in rhythmic and melodic training through speech, singing, body percussion, playing Orff instruments, improvisation, and elemental movement. Certification available. Duplicates Credit in former MU ED 440a Instruction Mode: Lecture Grading Option: Letter

MTAL 440b Music and Movement: The Orff Approach
Units: 2 Orff Schulwerk techniques in rhythmic and melodic training through speech, singing, body percussion, playing Orff instruments, improvisation, and elemental movement. Certification available. Prerequisite: MTAL 440a Duplicates Credit in former MU ED 440b Instruction Mode: Lecture Grading Option: Letter

MTAL 443 Teaching Vocal Jazz
Units: 2 Strategies for teaching the principles of vocal jazz; historical perspective, repertoire, recordings, improvisation, scat, accompaniment, amplification, rehearsing, teaching sequences. No prior jazz experience necessary. Duplicates Credit in former MU ED 443 Instruction Mode: Lecture Grading Option: Letter

MTAL 449 Teaching Marching Band
Units: 2 Modern school marching band techniques; precision drill; administration; rehearsal techniques. Duplicates Credit in former MU ED 449 Instruction Mode: Lecture Grading Option: Letter

MTAL 490x Directed Research
MTAL 499 Special Topics
Units: 2, 3, 4 Max Units: 8 Selected topics of current interest reflective of changing trends in music education. Duplicates Credit in former MUED 499 Instruction Mode: Lecture Grading Option: Letter

MTAL 500 Research Foundations in Music Teaching and Learning
Units: 3 Introductory exploration of types of research linked to research literature in music teaching and learning; interpreting research reports; organizing and writing research proposals and reports. Duplicates Credit in former MUED 500 Instruction Mode: Lecture Grading Option: Letter

MTAL 501 Historical Foundations of Music Education
Units: 3 A contextual exploration of the historical development of American music education. Duplicates Credit in former MUED 501 Instruction Mode: Lecture Grading Option: Letter

MTAL 502 Sociological Foundations of Music Teaching and Learning
Units: 3 Study of interdependent relationship between society, music and music education. Duplicates Credit in former MUED 502 Instruction Mode: Lecture Grading Option: Letter

MTAL 503 Philosophical and Advocacy Issues in Music Teaching and Learning
Units: 3 Exploration of philosophical thinking in the field of music with emphasis on philosophical foundations for teaching and learning. Duplicates Credit in former MUED 503 Instruction Mode: Lecture Grading Option: Letter

MTAL 504 Psychological Foundations of Music Education
Units: 3 Exploration of theories, research and practice in psychological foundations of music teaching and learning. Duplicates Credit in former MUED 504 Instruction Mode: Lecture Grading Option: Letter

MTAL 505 Teaching and Learning Music
Units: 2 Studies of the latest resources concerning the teaching and learning of music so that musicians can function more effectively as both teachers and performers. Duplicates Credit in former MUED 505 Instruction Mode: Lecture Grading Option: Letter

MTAL 510 Leading a Music Program in a Public School Setting
Units: 2 The philosophy and purposes of music programs combined with early field experiences, varied teaching strategies, and music learning assessment. Duplicates Credit in former MUED 510 Instruction Mode: Lecture Grading Option: Letter

MTAL 549a Directed Teaching: Public School Music
Units: 2 Observation and teaching under the guidance of a university supervisor and a directing teacher. Duplicates Credit in former MUED 549a Instruction Mode: Lecture Grading Option: Letter

MTAL 549b Directed Teaching: Public School Music
Units: 2 Observation and teaching under the guidance of a university supervisor and a directing teacher. Prerequisite: MTAL 549a Duplicates Credit in former MUED 549b Instruction Mode: Lecture Grading Option: Letter

MTAL 550 Teaching Music Fundamentals and Appreciation Courses
Units: 2 Purpose and objectives of music in general education. Survey of current approaches and materials. Duplicates Credit in former MUED 550 Instruction Mode: Lecture Grading Option: Letter

MTAL 552 Music Education Courseware Development
Units: 2 Development of music education courseware using current technology. Two lecture hours per week. Duplicates Credit in former MUED 552 Instruction Mode: Lecture Grading Option: Letter

MTAL 557 Using Technology in the Classroom
Units: 2 Study of the tools and knowledge necessary to the music educator to facilitate the application of computers and electronic music in music education. Duplicates Credit in former MUED 557 Instruction Mode: Lecture Grading Option: Letter

MTAL 584 Early Childhood Music
Units: 2 An overview of significant developmental issues, current research, and appropriate practices for children from birth to age eight. Professor-guided practicum teaching. Duplicates Credit in former MUED 584 Instruction Mode: Lecture Grading Option: Letter

MTAL 585 Research and Practice in Orff Schulwerk
Units: 2 Exploring research on the philosophical and historical bases of the Orff Schulwerk approach and acquiring skills in pedagogical applications in early childhood through collegiate settings. Duplicates Credit in former MUED 585 Instruction Mode: Lecture Grading Option: Letter

MTAL 589 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former MUED 586 Instruction Mode: Lecture Grading Option: Credit/No Credit

MTAL 589 Final Project
Units: 2 Required for the Master of Music, Teaching and Learning degree. Credit upon acceptance. Prerequisite: MTAL 500 Duplicates Credit in former MUED 589 Instruction Mode: Lecture Grading Option: Credit/No Credit

MTAL 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Duplicates Credit in former MUED 594a Registration Restriction: Open only to master students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

MTAL 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Prerequisite: MTAL 594a Duplicates Credit in former MUED 594b Registration Restriction: Open only to master students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

MTAL 594z Master's Thesis
Units: 0 Credit on acceptance of thesis. Prerequisite: MTAL 594z Duplicates Credit in former MUED 594z Registration Restriction: Open only to master students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
**MTAL 599 Special Topics**
Units: 2, 3, 4 Max Units: 8 Selected topics of current interest reflective of changing trends in music education. Duplicates Credit in former MUED 599 Instruction Mode: Lecture Grading Option: Letter

**MTAL 605 College Teaching in Music Education**
Units: 2 Exploration of music education faculty duties at the collegiate level, such as teaching general/secondary methods, working with student teachers, leading professional organizations, and conducting research. Duplicates Credit in former MUED 605 Instruction Mode: Lecture Grading Option: Letter

**MTAL 606 Internship in Collegiate Music Education**
Units: 3 Students intern with USC professors in training music teachers in traditional and alternative music education practices. Duplicates Credit in former MUED 606 Instruction Mode: Lecture Grading Option: Letter

**MTAL 607 Alternative Models in Music Teaching and Learning**
Units: 2 Exploration of community music programs in the U.S. and beyond with emphasis on philosophical, sociological, structural and cultural bases for the diverse programs. Duplicates Credit in former MUED 607 Instruction Mode: Lecture Grading Option: Letter

**MTAL 608 Creative Thinking in Music**
Units: 3 Review of important developments in research and practice for the encouragement of creative thinking in music for music teaching and learning. Instruction Mode: Lecture Grading Option: Letter

**MTAL 615 Assessment and Reflective Practice**
Units: 2 Examination of major aspects of measurement and evaluation that comprise the art of assessment of music teaching and learning. Recommended Preparation: MTAL 500 Instruction Mode: Lecture Grading Option: Letter

**MTAL 650 Pedagogy for Collegiate Music Appreciation and Fundamentals**
Units: 2 Design and teaching strategies for collegiate music appreciation and fundamentals classes developed for the adult, non music major student. Duplicates Credit in former MUED 650 Instruction Mode: Lecture Grading Option: Letter

**MTAL 652 Pedagogy for Collegiate Teaching**
Units: 2 A preparation for teaching in the modern university environment, examining the role of the professor, and focusing on the development of innovative collegiate teaching skills. Duplicates Credit in former MUED 610 Instruction Mode: Lecture Grading Option: Letter

**MTAL 720 Quantitative Research in Music Teaching and Learning**
Units: 3 Survey of theories, concepts and procedures for designing, conducting and evaluating quantitative research studies in music teaching and learning. Prerequisite: MTAL 500 Duplicates Credit in former MUED 792 Instruction Mode: Lecture Grading Option: Letter

**MTAL 721 Qualitative Research in Music Teaching and Learning**
Units: 3 Survey of theories, concepts and tools for designing, conducting and evaluating qualitative studies in music teaching and learning. Prerequisite: MTAL 500 Duplicates Credit in former MUED 793 Instruction Mode: Lecture Grading Option: Letter

**MTAL 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former MUED 790 Instruction Mode: Lecture Grading Option: Credit/No Credit

**MTAL 791 Pedagogical Writing and Media in Music Education**
Units: 3 Development of skills in pedagogical writing for professional journals, text books, and multimedia publications, and knowledge of publishing procedures for compositions and arrangements. Duplicates Credit in former MUED 791 Instruction Mode: Lecture Grading Option: Letter

**MTAL 794a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Duplicates Credit in former MUED 794a Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794b Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Prerequisite: MTAL 794a Duplicates Credit in former MUED 794b Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Prerequisite: MTAL 794b Duplicates Credit in former MUED 794c Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Prerequisite: MTAL 794c Duplicates Credit in former MUED 794d Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794z Doctoral Dissertation**
Units: 0 Credit on acceptance of dissertation. Prerequisite: MTAL 794d Duplicates Credit in former MUED 794z Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**Music Ensemble**
Large ensemble requirements in undergraduate curricula must be fulfilled by the following ensembles: University Chorus (MUEN 307); Men's Chorus (MUEN 308); Oriana Choir (MUEN 311); University Concert Choir (MUEN 310); Chamber Choir (MUEN 312); USC Symphony (MUEN 320); USC Concert Orchestra (MUEN 321); University Wind Ensemble (MUEN 323); or University Band (MUEN 324). Exceptions to the above policies include: Contemporary Music Ensemble and Early Music Ensemble may fulfill the large ensemble requirement for instrumental majors, with the approval of the conductor of University Symphony or Wind Ensemble and the chair of the student's major department.
Music Education majors with an instrumental emphasis must take one semester of a choral ensemble. Composition majors must register for at least 2 units in a choral ensemble. Students majoring in Strings, Vocal Arts, or Wind and Percussion may not count USC Concert Orchestra toward their large ensemble requirement. Vocal Arts majors must register for University Concert Choir, USC Chamber Choir, or USC Oriana Choir to fulfill their large ensemble requirement. Further exceptions may be made subject to departmental approval and approval of the conductor of the appropriate large ensemble.

MUEN 222 Trojan Marching Band
Units: 1 Rehearsal and participation in performances for athletic and other university functions. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 305 Vocal Jazz Ensemble
Units: 1 Terms Offered: FaSp Study and performance of vocal ensemble literature from the Jazz idiom, with emphasis on improvisational techniques. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 307 University Chorus
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of choral literature from all periods of music history. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 308 USC Men's Chorus
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of choral repertoire for all periods written for male voices. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 310 University Concert Choir
Units: 1 Max Units: 8.0 Terms Offered: FaSp Performance of choral works of all styles and periods. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 311 USC Oriana Choir
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of advanced chamber music written for women's voices. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 312 USC Chamber Choir
Units: 1 Max Units: 8.0 Terms Offered: FaSp Performance of vocal chamber music and choral masterworks from the 16th century to the present. Duplicates Credit in former MUEN 212 and MUEN 412. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 314 Opera Chorus
Units: 1 Max Units: 8.0 Terms Offered: FaSp Study and performance of operatic choruses and extended ensembles of all styles and periods. Duplicates Credit in former MUEN 214 and MUEN 414. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 320 USC Symphony
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of orchestra repertoire. Duplicates Credit in former MUEN 220 and MUEN 420. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 321 USC Concert Orchestra
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of orchestra repertoire. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 322 Trojan Marching Band
Units: 1 Max Units: 4.0 Continuation of MUEN 222. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 323 University Wind Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and participation in concert programs. Duplicates Credit in former MUEN 223 and MUEN 423. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 324 University Band
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of standard repertoire. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 325 Wind and Percussion Chamber Music
Units: 1 Max Units: 8.0 Terms Offered: FaSp Performance of chamber music for wind and percussion instruments. Duplicates Credit in former MUEN 225 and MUEN 425. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 326 Guitar Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of literature composed, transcribed and arranged for small ensembles, including literature for small ensembles of guitar and other instruments, as well as voice. Duplicates Credit in former MUEN 226 and MUEN 426. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 327 String Chamber Music
Units: 1 Max Units: 8.0 Terms Offered: FaSp Preparation and performance of small ensemble literature for strings. Duplicates Credit in former MUEN 227 and MUEN 427. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 328 Keyboard Collaboration
Units: 1 Max Units: 4.0 Terms Offered: FaSp Preparation and performance of literature for piano with voice and string, woodwind, brass and percussion instruments. Duplicates Credit in former MUEN 428. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 329 Jazz Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of literature written for large jazz ensemble. Duplicates Credit in former MUEN 229 and MUEN 429. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 330 Contemporary Music Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp Performance of 20th-century music; readings of student and faculty compositions; experimental music; guest conductors, composers, performers; annual concert series. Duplicates Credit in former MUEN 230 and MUEN 430. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 331 Guitar Big Band
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and preparation of big band literature adapted for large guitar ensemble. Guitarists perform in place of the traditional trumpet, trombone and sax sections. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 332 Jazz Chamber Music
MUEN 335 University Brass Band
Units: 1 Max Units: 8.0 Terms Offered: FaSp The study, rehearsal and performance of standard brass and brass band literature. Duplicates Credit in former MUEN 232 and MUEN 435. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 344 Vocal Chamber Music
Units: 1 Max Units: 8.0 Terms Offered: Fa Study of solo ensemble vocal literature such as duets, trios, quartets, madrigals, etc. Duplicates Credit in former MUEN 244 and MUEN 444. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 350 Early Music Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of vocal and instrumental ensemble music of the Renaissance and Baroque, with emphasis on chamber music for solo voices and bowed and plucked strings. Instrumentalists are required to perform on either their own or the school's historical instruments. Duplicates Credit in former MUEN 250 and MUEN 450. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 505 Vocal Jazz Ensemble
Units: 1 Terms Offered: FaSp Study and performance of vocal ensemble literature from the Jazz idiom, with emphasis on improvisational techniques. Instruction Mode: Lecture Grading Option: Letter

MUEN 507 University Chorus
Units: 1 Terms Offered: FaSp Rehearsal and performance of choral literature from all periods of music history. Instruction Mode: Lecture Grading Option: Letter

MUEN 508 USC Men's Chorus
Units: 1 Terms Offered: FaSp Rehearsal and performance of choral repertoire from all periods written for male voices. Instruction Mode: Lecture Grading Option: Letter

MUEN 510 University Concert Choir
Units: 1 Max Units: 4.0 Terms Offered: FaSp Performance of choral works of all styles and periods. Instruction Mode: Lecture Grading Option: Letter

MUEN 511 USC Oriana Choir
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and performance of advanced chamber music written for women's voices. Instruction Mode: Lecture Grading Option: Letter

MUEN 512 USC Chamber Choir
Units: 1 Max Units: 4.0 Terms Offered: FaSp Performance of vocal chamber music and choral masterworks from the 16th century to the present. Duplicates Credit in former MUEN 412. Instruction Mode: Lecture Grading Option: Letter

MUEN 514 Opera Chorus
Units: 1 Max Units: 4.0 Terms Offered: FaSp Study and performance of operatic choruses and extended ensembles of all styles and periods. Duplicates Credit in former MUEN 414. Instruction Mode: Lecture Grading Option: Letter

MUEN 520 USC Symphony
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and performance of orchestra repertoire. Duplicates Credit in former MUEN 420. Instruction Mode: Lecture Grading Option: Letter

MUEN 521 USC Concert Orchestra
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and performance of orchestra repertoire. Instruction Mode: Lecture Grading Option: Letter

MUEN 523 University Wind Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and participation in concert programs. Duplicates Credit in former MUEN 423. Instruction Mode: Lecture Grading Option: Letter

MUEN 525 Wind and Percussion Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp Performance of chamber music for wind and percussion instruments. Duplicates Credit in former MUEN 425. Instruction Mode: Lecture Grading Option: Letter

MUEN 526 Guitar Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and performance of literature composed, transcribed and arranged for small ensembles, including literature for small ensembles of guitar and other instruments, as well as voice. Duplicates Credit in former MUEN 426. Instruction Mode: Lecture Grading Option: Letter

MUEN 527 String Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp Preparation and performance of small ensemble literature for strings. Instruction Mode: Lecture Grading Option: Letter

MUEN 528 Keyboard Collaboration
Units: 1 Max Units: 4.0 Terms Offered: FaSp Continuation of MUEN 328. Instruction Mode: Lecture Grading Option: Letter

MUEN 529 Jazz Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and performance of literature written for large jazz ensemble. Duplicates Credit in former MUEN 429. Instruction Mode: Lecture Grading Option: Letter

MUEN 530 Contemporary Music Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp Performance of 20th-century music; readings of student and faculty compositions; experimental music; guest conductors, composers, performers; annual concert series. Duplicates Credit in former MUEN 430. Instruction Mode: Lecture Grading Option: Letter

MUEN 531 Guitar Big Band
Units: 1 Max Units: 4.0 Terms Offered: FaSp Rehearsal and preparation of big band literature adapted for large guitar ensemble. Guitarists perform in place of the traditional trumpet, trombone and sax sections. Instruction Mode: Lecture Grading Option: Letter

MUEN 532 Jazz Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp Preparation and performance of advanced literature for jazz chamber groups. Instruction Mode: Lecture Grading Option: Letter

MUEN 535 University Brass Band
Units: 1 Max Units: 4.0 The study, rehearsal and performance of standard brass choir and brass band literature. Duplicates Credit in former MUEN 435. Instruction Mode: Lecture Grading Option: Letter

MUHL 331 Music History III
Units: 3 A study of the musical styles and genres from c. 1850 to the present within their historical context. Detailed analysis of selected works. Prerequisite: MUCO 132b, MUCO 133b; Recommended Preparation: MUCO 232b, MUCO 233b. Duplicates Credit in former MUHL 280a. Instruction Mode: Lecture Grading Option: Letter

MUHL 332 Studies in Musical Culture
Units: 3 Special musical repertoires, issues, and critical problems; emphasis determined by the department. Recommended Preparation: MUHL 231, MUHL 232, MUEN 331, MUCO 232b, MUCO 233b. Duplicates Credit in former MUHL 280b. Instruction Mode: Lecture Grading Option: Letter

MUHL 333 Music History Review
Units: 1, 2 Terms Offered: FaSpSm Supervised review of the materials covered in undergraduate music history courses for students whose music history examinations indicate the need for further study. Instruction Mode: Lecture Grading Option: Letter

MUHL 350g Western Art Music History I
Units: 4 A study of the musical styles and genres from antiquity through early modern periods within their historical context. Detailed analysis of selected works. Recommended Preparation: MUHL 250g. Instruction Mode: Lecture Grading Option: Letter

MUHL 351 Western Art Music History II
Units: 4 A study of the musical styles and genres in the late modern and contemporary eras within their historical context. Detailed analysis of selected works. Recommended Preparation: MUHL 250g and MUHL 350. Instruction Mode: Lecture Grading Option: Letter

MUHL 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUHL 403 Armenian Musical Culture
Units: 2 Study of the four branches of Armenian music within the context of past and present Armenian culture. Instruction Mode: Lecture Grading Option: Letter

MUHL 476 Music Criticism
Units: 2 Procedure and practice in forming critical judgments of music and in writing music criticism; professional journalism; professional and community ethics. Prerequisite: for music majors, MUHL 331, MUHL 332; for nonmusic majors, MUHL 315. Instruction Mode: Lecture Grading Option: Letter

MUHL 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MUHL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter
MUHL 560 Studies in World Music I  
Units: 2  Terms Offered: Fa  The indigenous and syncretic musics of Africa, India, Indonesia, and the Balkan countries.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 561 Studies in World Music II  
Units: 2  Terms Offered: Sp  The indigenous and syncretic musics of the post-Soviet political landscape, the Far East, the Middle East, and Latin America.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 570 Research Materials and Techniques  
Units: 2  Terms Offered: FaSpSm  Introduction to music research, information science and technical writing. Required of all graduate students majoring in music. Instruction Mode: Lecture Grading Option: Letter

MUHL 572 Seminar in Historical Musical Notation  
Units: 2  Terms Offered: Fa  Performing, reading, and editing historical notation from original sources.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 573 Music of the Middle Ages  
Units: 2, 2 years  Terms Offered: SpSm  Chief musical developments in Western Europe from the beginning of the Christian era to the middle of the 14th century.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 574 Music of the Renaissance  
Units: 2, 2 years  Terms Offered: FaSm  Styles, forms, composers, and compositions of the Baroque era.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 575 Music of the Baroque Era  
Units: 2, 2 years  Terms Offered: FaSm  Development of classical style in symphonic music, opera, and chamber music.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 576 Music of the Classical Period  
Units: 2, 2 years  Terms Offered: FaSm  Vocal and instrumental music of the Romantic era from late Beethoven through Brahms.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 577 Music of the 19th Century  
Units: 2, 2 years  Terms Offered: FaSm  Intensive study of major problems, issues, and interpretations in the history of music.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 578 Historical Perspectives in Jazz  
Units: 2  Chief musical developments in the principal styles of Jazz from their inception to the present.  
Prerequisite: graduate standing or departmental approval. Instruction Mode: Lecture Grading Option: Letter

MUHL 583 Special Studies in Medieval Music  
Units: 2 Max Units: 4.0  Terms Offered: Irregular  Music problems and composers of the period. Specific emphasis to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 584 Special Studies in Renaissance Music  
Units: 2 Max Units: 4.0  Terms Offered: Irregular  Music problems and composers of the period. Specific emphasis to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 585 Special Studies in Baroque Music  
Units: 2 Max Units: 6.0  Terms Offered: Irregular  Music problems and composers of the period. Specific emphasis to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 586 Special Studies in the Music of the Classical Period, 1730–1800  
Units: 2 Max Units: 6.0  Terms Offered: Irregular  Music problems and composers of the period. Specific emphasis to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 587 Special Studies in the Music of the 19th Century  
Units: 2 Max Units: 6.0  Terms Offered: Irregular  Music problems and composers of the period. Specific emphasis to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 588 Special Studies in Music since 1900  
Units: 2 Max Units: 6.0  Terms Offered: Irregular  Music problems and composers of the period. Specific emphasis to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 589 Seminar in Renaissance Repertories and Performance Practice  
Units: 2  Terms Offered: Sp  Study and discussion of Renaissance music sources and performance practice treatises.  
Corequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 590 Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  Terms Offered: FaSpSm  Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department.  
Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUHL 591 Seminar in Baroque Repertories and Performance Practice  
Units: 2  Study and discussion of Baroque music sources and performance practice treatises.  
Corequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 594a Master's Thesis  
Units: 2  Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 594b Master's Thesis
MUHL 594c Master's Thesis
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 595 Seminar in Performance Practices
Units: 2 Max Units: 4.0 Scholarly preparation and authentic performance of music written before c. 1770. Ornamentation and improvisation, tunings and temperaments, early language pronunciation, historical instruments, etc. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular
Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUHL 681 Studies in Musicology
Units: 4 Max Units: 16.0 Terms Offered: FaSp Close study of musical repertories and issues (particularly ones transcending period divisions), with emphasis on recent scholarship and methodologies. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 683 Seminar in Medieval Music
Units: 2, 3 Max Units: 6.0 Terms Offered: Irregular
Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 684 Seminar in Renaissance Music
Units: 2, 3 Max Units: 6.0 Terms Offered: Irregular
Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 685 Seminar in Baroque Music
Units: 2, 3 Max Units: 6.0 Terms Offered: Irregular
Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 686 Seminar in Classical Music
Units: 2, 3 Max Units: 6.0 Terms Offered: Irregular
Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 687 Seminar in Romantic Music
Units: 2, 3 Max Units: 6.0 Terms Offered: Irregular
Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 688 Seminar in Music since 1900
Units: 2, 3 Max Units: 6.0 Terms Offered: Irregular
Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUHL 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Music Industry

MUIN 270 Introduction to the Music Industry
Units: 4 Terms Offered: FaSp A survey of the music business with emphasis on distribution of recorded music, music publishing, performance rights societies, record companies, agents, personal managers and contracts. Instruction Mode: Lecture Grading Option: Letter

MUIN 272x Basics of the Music Industry
Units: 4 Terms Offered: FaSp Introductory survey of the music business. Topics include: copyright, record companies, contracts, music publishing, performance rights societies, managers, agents, and other artist team/income considerations. Not available for major credit for music industry majors. Duplicates Credit in former MUIN 372ax. Instruction Mode: Lecture Grading Option: Letter

MUIN 280 Communications in the Music Industry
Units: 4 A survey of the music industry communications including radio, television, film, satellite communications, records, compact disc, cassette, cable and any future forms of transmission and delivery systems. Instruction Mode: Lecture Grading Option: Letter

MUIN 286 Record Production Management
Units: 2 Terms Offered: FaSp Function of the record producer, studio procedures, music business law, union relations, artist management, copyright and publishing agreements, record company structure. Instruction Mode: Lecture Grading Option: Letter

MUIN 287 The Business and Economics of the Recording Industry
Units: 2 Terms Offered: Fa Economic considerations of home, studio and location recording. Equipment, labor, facilities, media, legal and tax considerations will be explored. Instruction Mode: Lecture Grading Option: Letter

MUIN 320 Critical Listening, Acoustics and Audio Perception
Units: 4 Development of perceptual skills for detailed analysis and awareness of the timbral, dynamic, temporal and
MUIN 340 Introduction to Sound Reinforcement
Units: 4 Terms Offered: FaSpSm An introduction to the practical application of large scale sound reinforcement for concerts, sporting events, church services and convention situations. Instruction Mode: Lecture Grading Option: Letter

MUIN 360 Introduction to Music Law
Units: 4 Terms Offered: FaSp A study of entertainment law with a focus on the music industry. Areas of study include contracts, domestic practices, international practices, copyright protection, trademarks. Prerequisite: MUIN 270. Instruction Mode: Lecture Grading Option: Letter

MUIN 370 Music Publishing and Licensing
Units: 2 Terms Offered: Sp A contemporary survey of the methods used to monetize music through licensing/media placement, covering music publishing, songwriter agreements, performance rights and licenses for traditional/new media. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter

MUIN 372x Business and Legal Aspects of the Music Industry
Units: 4 Terms Offered: FaSp An intermediate-level survey of music law, artist contract analysis, case studies, modern/emerging business models and the business of music licensing. Prerequisite: MUIN 272. Not available for major credit for music industry majors. Duplicates Credit in former MUIN 372bx. Instruction Mode: Lecture Grading Option: Letter

MUIN 385 Radio in the Music Industry
Units: 4 Terms Offered: Fa A survey of radio; its operation and effect on the music industry. Topics include advertising, playlists, program direction, FCC, networks, news, promotion, payola and format development. Instruction Mode: Lecture, Discussion Grading Option: Letter

MUIN 410 Marketing, Branding and Strategic Alliances in Music
Units: 2 Terms Offered: FaSp An in-depth study of music marketing, non-traditional revenue streams for artists, musicians, and labels including artist endorsements, artist tour sponsorships, digital music programs, music licensing, merchandise, and a primary focus on brand partnership deals in the music space. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter

MUIN 420 DIY Music Marketing
Units: 2 Terms Offered: FaSp An exploration of the most current and effective marketing strategies and online branding tools for promoting, monetizing, and sustaining the career of the independent creative artist. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter

MUIN 425 Live Music Production and Promotion
Units: 4 A survey of the presentation of the live musical experience. Both classical and popular concert presentation will be examined including venue selection, promotion and security. Instruction Mode: Lecture Grading Option: Letter

MUIN 430 Artist Management and Development
Units: 4 A study of issues relating to the personal management of music artists including negotiating contracts, image, career development, agents, touring, merchandising, fees and duties. Instruction Mode: Lecture, Discussion Grading Option: Letter

MUIN 435 Manufacture and Distribution of Musical Products
Units: 4 Terms Offered: Sp An in-depth study of musical instrument manufacture and distribution in the United States. Topics covered include sheet music, instrument rentals, lessons and band operations. Instruction Mode: Lecture Grading Option: Letter

MUIN 440 Arts Management
Units: 4 Terms Offered: Fa A survey of the management of non-profit and for-profit arts organizations with emphasis on funding, donor development tax status and promotion. Instruction Mode: Lecture Grading Option: Letter

MUIN 443 The Business of Music for Visual Media
Units: 4 Terms Offered: FaSpSm Introduction to music designed for synchronization to picture including history of music in cinema, music editing, supervision, performance rights licensing, production, and music scoring procedures. Prerequisite: MUIN 360 or MUIN 372. Instruction Mode: Lecture Grading Option: Letter

MUIN 445 International Music Industry
Units: 4 Terms Offered: Sp A survey of international operations of music distribution, publishing, touring, law, promotion, customs and practices. Prerequisite: MUIN 360. Instruction Mode: Lecture Grading Option: Letter

MUIN 450 Practicum in Music Industry Issues (Internship)
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Field application of music industry theories and practices; part-time employment. Project jointly defined by student, employer and professor. Prerequisite: MUIN 360 or MUIN 372. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUIN 475 Advanced Concert Management
Units: 4 Terms Offered: Sp Application of theories, technologies, and practices of the live music industry. Focus on the business, management, marketing, promotion, and production of professional concert events. Prerequisite: MUIN 425. Instruction Mode: Lecture Grading Option: Letter

MUIN 476a Advanced Sound Reinforcement
Units: 2 Terms Offered: FaSp Special problems of multimedia mixing with simultaneous audio re-processing for live performance situations including rigging, house mix, monitor mix, venues and power distribution. Instruction Mode: Lecture Grading Option: Letter

MUIN 476b Advanced Sound Reinforcement
Units: 2 Terms Offered: FaSp Special problems of multimedia mixing with simultaneous audio re-processing for live performance situations including rigging, house mix, monitor mix, venues and power distribution. Instruction Mode: Lecture Grading Option: Letter

MUIN 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

MUIN 495 Web Design for the Music Industry
MUJZ 100x Jazz: America's Music
Units: 4 Terms Offered: FaSp
A hands-on experience in which students work in teams to create web sites specifically designed to promote, market, and sell musical artists' products online. Instruction Mode: Lecture Grading Option: Letter

MUJZ 153 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm
Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 101x Non-Major Beginning Individual Instruction
Units: 1, 2 Max Units: 2.0 Terms Offered: FaSpSm
Individual instruction at the beginning level designed for non-music majors with no previous experience. Not available for credit to music majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 150 Beginning Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: FaSp
Development of beginning improvisational skills including underlying principles of theory, harmony, jazz ear training, and jazz style. Instruction Mode: Lecture Grading Option: Letter

MUJZ 105a Jazz Theory
Units: 2 Terms Offered: FaSp
Study of basic and advanced concepts of jazz melody, harmony and form. Includes functional chord idioms and relationships, compositional and improvisational devices, and song forms. Instruction Mode: Lecture Grading Option: Letter

MUJZ 105b Jazz Theory
Units: 2 Terms Offered: FaSp
Study of basic and advanced concepts of jazz melody, harmony and form. Includes functional chord idioms and relationships, compositional and improvisational devices, and song forms. Instruction Mode: Lecture Grading Option: Letter

MUJZ 150 Techniques of Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: FaSp
Development of improvisational skills through instrumental performance. Instruction Mode: Lecture Grading Option: Letter

MUJZ 195l Jazz Elements I
Units: 4 Terms Offered: FaSpSm
A course of study. Affords students the opportunity to experience guided work to meet the professional demands of the industry. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter

MUJZ 105b Jazz Theory
Units: 2 Terms Offered: FaSp
Study of basic and advanced concepts of jazz melody, harmony and form. Includes functional chord idioms and relationships, compositional and improvisational devices, and song forms. Instruction Mode: Lecture Grading Option: Letter

MUJZ 141a Basic Keyboard Skills for the Improviser
Units: 2 Terms Offered: FaSp
Reading skills related to jazz accompanying, including the ability to identify and play chords on the piano utilizing different voicings. Instruction Mode: Lecture Grading Option: Letter

MUJZ 141b Basic Keyboard Skills for the Improviser
Units: 2 Terms Offered: FaSp
Reading skills related to jazz accompanying, including the ability to identify and play chords on the piano utilizing different voicings. Instruction Mode: Lecture Grading Option: Letter

MUJZ 142a Jazz Ear Training
Units: 2 Terms Offered: FaSp
Sight-singing and melodic/rhythmic reading and dictation applied to jazz repertoire. Includes vocalization of scales and chord patterns and study of rhythmic reading and jazz articulation. Instruction Mode: Lecture Grading Option: Letter

MUJZ 142b Jazz Ear Training
Units: 2 Terms Offered: FaSp
Sight-singing and melodic/rhythmic reading and dictation applied to jazz repertoire. Includes vocalization of scales and chord patterns and study of rhythmic reading and jazz articulation. Instruction Mode: Lecture Grading Option: Letter

MUJZ 105a Jazz Theory
Units: 2 Terms Offered: FaSp
Study of basic and advanced concepts of jazz melody, harmony and form. Includes functional chord idioms and relationships, compositional and improvisational devices, and song forms. Instruction Mode: Lecture Grading Option: Letter

MUJZ 105b Jazz Theory
Units: 2 Terms Offered: FaSp
Study of basic and advanced concepts of jazz melody, harmony and form. Includes functional chord idioms and relationships, compositional and improvisational devices, and song forms. Instruction Mode: Lecture Grading Option: Letter

MUJZ 150 Beginning Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: FaSp
Development of beginning improvisational skills including underlying principles of theory, harmony, jazz ear training, and jazz style. Instruction Mode: Lecture Grading Option: Letter

MUJZ 150 Techniques of Jazz Improvisation
Units: 2 Max Units: 4.0 Development of improvisational skills through instrumental performance. Instruction Mode: Lecture Grading Option: Letter

MUJZ 195l Jazz Elements I
Units: 4 Terms Offered: FaSpSm
Study of compositional, improvisational, performance, and arranging elements found in jazz. Students will model influential
groups and jazz artists. Instruction Mode: Lecture, Lab
Grading Option: Letter

MUJZ 196 Jazz Combo I
Units: 2 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of literature for jazz chamber groups. Duplicates Credit in MUEN 332. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUJZ 200a Jazz Styles Analysis
Units: 2 Theoretical skills and analytical techniques related to jazz styles from Dixieland to the present. Styles through Progressive Swing. Duplicates Credit in former MUCO 200ab. Instruction Mode: Lecture Grading Option: Letter

MUJZ 200b Jazz Styles Analysis
Units: 2 Theoretical skills and analytical techniques related to jazz styles from Dixieland to the present. Bebop to the present. Duplicates Credit in former MUJZ 200ab. Instruction Mode: Lecture Grading Option: Letter

MUJZ 218a Afro-Latin Percussion Instruments
Units: 2 Instruction in the performance of percussion instruments associated with African, South American, and Caribbean music traditions, with special emphasis on adaptation to jazz music. Instruction Mode: Lecture Grading Option: Letter

MUJZ 218b Afro-Latin Percussion Instruments
Units: 2 Instruction in the performance of percussion instruments associated with African, South American, and Caribbean music traditions, with special emphasis on adaptation to jazz music. Instruction Mode: Lecture Grading Option: Letter

MUJZ 252 Individual Instrument Performance Class I
Units: 1 Max Units: 4.0 Terms Offered: FaSp Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all first and second year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MUJZ 253 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 286a The History of Jazz
Units: 3 Terms Offered: FaSpSm A study of the evolution of American jazz music from its roots in Africa to the present day. Includes an introduction to world music elements. Prerequisite: MUCO 132b and MUJZ 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 286b The History of Jazz
Units: 3 Terms Offered: FaSpSm A study of the evolution of American jazz music from its roots in Africa to the present day. Includes an introduction to world music elements. Prerequisite: MUCO 132b and MUJZ 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Not available for credit to music majors. Duplicates Credit in former MUJZ 201 and MUJZ 401. Instruction Mode: Lecture Grading Option: Letter

MUJZ 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction: secondary emphasis for music majors, principal emphasis for music minors and BA music majors. Duplicates Credit in former MUJZ 201 and MUJZ 401. Registration Restriction: Open only to music majors and minors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 305a Advanced Jazz Theory
Units: 2 Terms Offered: FaSpSm Analysis and transcription of jazz performances and scores, encompassing questions of style, form, harmonic and melodic language, and considerations of rhythm. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 305b Advanced Jazz Theory
Units: 2 Terms Offered: FaSpSm Analysis and transcription of jazz performances and scores, encompassing questions of style, form, harmonic and melodic language, and considerations of rhythm. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 311 Vocal Jazz Techniques
Units: 2 Max Units: 4.0 Development of skills needed for the professional vocal jazz musician. Study of the standard jazz repertoire, vocal improvisation, lead sheet writing, and working with rhythm sections. Prerequisite: MUJZ 180. Instruction Mode: Lecture Grading Option: Letter

MUJZ 341 Keyboard Skills for Improvisers
Units: 2 Reading skills related to jazz accompanying; "fake" books, chord progressions commonly used in jazz. Prerequisite: MPKS 250a, MPKS 250b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 342a Aural Skills for Improvisers
Units: 1 Terms Offered: FaSp Sight-singing and dictation applied to jazz repertoire. Vocalization of modal and synthetic jazz scales and chordal qualities. Prerequisite: MUCO 132b. Duplicates Credit in former MUCO 342ab. Instruction Mode: Lecture Grading Option: Letter

MUJZ 342b Aural Skills for Improvisers
Units: 1 Terms Offered: FaSp Sight-singing and dictation applied to jazz repertoire. Vocalization of modal and synthetic jazz scales and chordal qualities. Prerequisite: MUCO 132b. Duplicates Credit in former MUCO 342ab. Instruction Mode: Lecture Grading Option: Letter

MUJZ 347 Jazz Composition
Units: 2 Max Units: 4.0 Composing in the jazz medium. Duplicates Credit in former MUCO 347. Instruction Mode: Lecture Grading Option: Letter

MUJZ 350g A History of Jazz Music
Units: 4 A history of jazz music and the styles of music considered antecedents to jazz. Recommended Preparation: MUHL 250 Instruction Mode: Lecture Grading Option: Letter

MUJZ 353 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Duplicates Credit in former PLDV 410. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 390 Special Problems
MUJZ 395 Jazz Elements II
Units: 2 Max Units: 8.0 Terms Offered: FaSp Advanced study of compositional, improvisational, performance, conducting, and arranging elements found in the jazz repertory. Students will be encouraged to forge individual musical expressions. Instruction Mode: Lecture, Lab Grading Option: Letter

MUJZ 396 Jazz Combo II
Units: 2 Max Units: 8.0 Terms Offered: FaSp Preparation and performance of literature for jazz combos. Prerequisite: MUJZ 195. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUJZ 400 Arranging for Jazz Ensemble
Units: 2 Scoring for jazz ensemble with emphasis on writing for sections of like and mixed instruments as well as full ensemble. Duplicates Credit in former MUCO 400. Instruction Mode: Lecture Grading Option: Letter

MUJZ 403 Studio Singing Techniques
Units: 2 Terms Offered: FaSp Study of technique, theory and aural skills as applied to studio singing; critical listening; study of various styles; ear training and sight singing as these apply to working in a studio. Recommended Preparation: jazz background; can read music and sing well. Instruction Mode: Lecture Grading Option: Letter

MUJZ 419m The Jazz Experience: Myths and Culture
Units: 4 Terms Offered: FaSp An examination of the music, culture, and mythology of jazz revealed through the study of jazz fiction, film, poetry, and recorded examples. Instruction Mode: Lecture Grading Option: Letter

MUJZ 443 Jazz Pedagogy
Units: 2 Terms Offered: Sp Concepts, methods, and resources; examination and comparison of textbooks, recordings, tapes, and materials related to the study and teaching of jazz. Duplicates Credit in former MUCO 443. Instruction Mode: Lecture Grading Option: Letter

MUJZ 450 Intermediate Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: FaSp Development of intermediate improvisational skills including underlying principles of theory, harmony, jazz ear training, and jazz style. Recommended Preparation: MUJZ 150. Instruction Mode: Lecture Grading Option: Letter

MUJZ 451 Advanced Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: Sp Development of advanced improvisational skills, including Lydian-chromatic and bi-modal techniques, through instrumental performance. Instruction Mode: Lecture Grading Option: Letter

MUJZ 452 Individual Instrument Performance Class II
Units: 1 Max Units: 4.0 Terms Offered: FaSp Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all third and fourth year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MUJZ 453 Individual Instruction

MUJZ 454 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUJZ 499 Special Topics
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 545 Jazz Ensemble Development
Units: 2, 2 years Terms Offered: Sp Techniques, approaches, teaching materials, and music useful in developing jazz ensembles in educational settings, from junior high school through college. Duplicates Credit in former MUED 547. Instruction Mode: Lecture Grading Option: Letter

MUJZ 547 Jazz Composition
Units: 2 Max Units: 4.0 Terms Offered: Fa Application of theoretical and compositional techniques used in jazz to written music. Analysis and performance of historical and contemporary examples will be included. Duplicates Credit in former MUCO 547. Instruction Mode: Lecture Grading Option: Letter

MUJZ 551 Graduate Jazz Improvisation
Units: 2 Terms Offered: Sp Development of proficiency in improvising to advanced jazz concepts, including transposition, substitute harmony, superimposed harmony, atypical harmonic schemes and contemporary chord and scale types. Prerequisite: MUJZ 451. Instruction Mode: Lecture Grading Option: Letter

MUJZ 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MUJZ 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MUJZ 588 Special Studies in Jazz Performance
Units: 2 Max Units: 6.0 Performance problems, composers and/or stylistic analysis of music from the jazz idiom. Specific emphasis to be determined by the Jazz Studies department. Instruction Mode: Lecture Grading Option: Letter
MUJZ 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUJZ 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUJZ 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 688 Special Topics in Jazz Performance
Units: 2 Max Units: 4.0 Terms Offered: Fa Examination and analysis of solo and compositional repertory of the jazz idiom through transcription and comparative research. Specific emphasis to be determined by the Jazz Studies department. Instruction Mode: Lecture Grading Option: Letter

MUJZ 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

School of Music

MUSC 110 Freshman Forum
Units: 1 Terms Offered: FaSp Introduction to issues and skills relevant to the professional musical world of today. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 255 Songwriting I
Units: 2 Terms Offered: FaSp Development of musical and lyrical skills, composing, listening, analysis, and critiques of popular original music. Instruction Mode: Lecture Grading Option: Letter

MUSC 355 Songwriting II
Units: 2 Terms Offered: FaSp Continuation of Songwriting I; particular emphasis on the analysis of the techniques of important popular songwriters and the application of these techniques to original songs. Prerequisite: MUSC 255. Duplicates Credit in former MUCO 252. Instruction Mode: Lecture Grading Option: Letter

MUSC 371g Musical Genre Bending
Units: 4 The aesthetic and ethical issues of genre-bending music in 20th and 21st century rock, classical, jazz, and folk music. Instruction Mode: Lecture Grading Option: Letter

MUSC 372g Music, Turmoil and Nationalism
Units: 4 An exploration of musical practices and styles which reflect and shape national identities and which focus on those created in response to political turmoil in many forms. Instruction Mode: Lecture Grading Option: Letter

MUSC 400m The Broadway Musical: Reflection of American Diversity, Issues, and Experiences
Units: 4 Terms Offered: FaSpSm Selected Broadway musicals serve as a catalyst for inquiry into human diversity, cross-culturalism, and significant social and political issues. Instruction Mode: Lecture Grading Option: Letter

MUSC 410 Electronic Dance Music
exploited by American television from the 1950s through today. Instruction Mode: Lecture Grading Option: Letter

MUSC 470 Contemporary Popular Music: A Global Perspective
Units: 2 Terms Offered: Sm Contemporary popular music in global culture; includes performance and collaboration opportunities with local musicians. Instruction Mode: Lecture Grading Option: Letter

MUSC 496 Careers in Music
Units: 2 Terms Offered: Sp A study of the practical aspects of the music business, including the history, procedures, standard practices, economics and technologies employed by the music industry. Instruction Mode: Lecture Grading Option: Letter

MUSC 498s Internship in Music
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Practical work experience in the student's field of study, at an off-campus location. Students are individually supervised by faculty. Not available for graduate credit. Registration Restriction: Open only to Bachelor of Music and Bachelor of Arts, Music majors only. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUSC 598 Internship in Music
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Practical work experience in the student's field of study, at an off-campus location. Students are individually supervised by faculty. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUSC 798 Internship in Music
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Practical work experience in the student's field of study, at an off-campus location. Students are individually supervised by faculty. Registration Restriction: Open only to doctoral students in music. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 800 Studies for the Qualifying Examination in Music
Units: 0 Terms Offered: FaSpSm Studies for the qualifying examination. Duplicates Credit in GRSC 800 Instruction Mode: Lecture Grading Option: Credit/No Credit

Nautical Science

NAUT 001a Deepwater Cruising
Units: 2 Terms Offered: FaSp An experiential approach to the sailing ship and seafaring, introducing offshore sailing theory and techniques, navigation, and basic oceanography relevant to seamanship. Not available for degree credit. Crew level. Instruction Mode: Lecture Grading Option: Letter

NAUT 001bx Deepwater Cruising
Units: 2 Terms Offered: FaSp An experiential approach to the sailing ship and seafaring, introducing offshore sailing theory and techniques, navigation, and basic oceanography as

NAUT 002ax Advanced Deepwater Cruising
Units: 2 Responsibilities and operations commanding an offshore sailing vessel including sailing theory and advanced techniques, advanced navigation, ships engineering, and oceanography relevant to seamanship. Prerequisite: NAUT 001a. Not available for degree credit. Senior skipper. Duplicates Credit in former NAUT 302ab. Instruction Mode: Lecture Grading Option: Letter

NAUT 002bx Advanced Deepwater Cruising
Units: 2 Responsibilities and operations commanding an offshore sailing vessel including sailing theory and advanced techniques, advanced navigation, ships engineering, and oceanography relevant to seamanship. Prerequisite: NAUT 001b. Not available for degree credit. Advanced senior skipper. Duplicates Credit in former NAUT 302ab. Instruction Mode: Lecture Grading Option: Letter

Neuroscience (Undergraduate)

NEUR 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

NEUR 408 Systems Neuroscience: From Synapses to Perception
Units: 4 Terms Offered: Sp (Enroll in BISC 408)

NEUR 426 Principles of Neural Development
Units: 4 Terms Offered: Sp (Enroll in BISC 426)

NEUR 440 Introduction to Cognitive Neuroscience
Units: 4 (Enroll in PSYC 440)

NEUR 490x Directed Research
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

NEUR 493x Neuroscience Honors Seminar
Units: 1 Max Units: 4.0 Terms Offered: FaSp Students attend lectures of distinguished neuroscientists visiting USC and give short, chalk-talk presentations summarizing the lecture. The presentations are critiqued by the students. Prerequisite: BISC 220 or BISC 221; Recommended Preparation: BISC 421. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

NEUR 494x Honors Thesis
Units: 2 Terms Offered: FaSp Not available for graduate credit. Programmatic approval. Instruction Mode: Lecture Grading Option: Letter

NEUR 533 Cognitive Neuroscience
Units: 4 Terms Offered: Sp (Enroll in PSYC 540)

NEUR 534L Computational Neuroengineering
Units: 3 (Enroll in BME 575)

NEUR 535 Brain Theory and Artificial Intelligence
Units: 3 (Enroll in CSCI 564)
NEUR 542 Hearing and Communication Neuroscience  
Units: 4 Terms Offered: Sp (Enroll in BISC 521)

Neuroimaging and Informatics

NIIN 500 Neuroimaging and Systems Neuroscience  
Units: 3 Terms Offered: Fa  Overview of elemental neuroanatomy and brain systems with an emphasis on a neuroimaging perspective in the human and mouse. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 510 Fundamentals of Human Neuroimaging  
Units: 3 Terms Offered: Fa  Survey of anatomical and functional neuroimaging approaches and their use to explore the healthy as well as diseased human brain. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 520 Experimental Design for Neuroimaging  
Units: 3 Terms Offered: Fa  Examine experimental design approaches for experimental and clinical neuroimaging investigation. Topics on how to develop rigorous experiments to test theories of cognitive and clinical neuroscience. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 530 Neuroimaging Data Acquisition w/ Magnetic Resonance Imaging  
Units: 3 Terms Offered: Fa  Introduces the various approaches used to image the living brain using MR-based techniques. Covers neuroimaging scanning technologies, pulse sequence design, and sources of image artifact. Recommended Preparation: familiarity with Matlab. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 540 Neuroimaging Data Processing Methods  
Units: 3 Terms Offered: Sp  Comprehensive investigation of data processing methods, software strategies, and workflow design and execution methodologies. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 550 Computational Modeling in Neuroimaging  
Units: 3 Terms Offered: Sp  Addresses the current neuroinformatics approaches to large-scale data representations, mining, and visualization in brain imaging. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 560 Microscopy Techniques and Neuroinformatics in Animal Models  
Units: 3 Terms Offered: Sp  Introduction to methodological approaches to neuroscience: identification of neurochemicals and genetic content in discrete anatomical locations using immunohistochemistry, in situ hybridization, and polymerase chain reaction. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture, Lab Grading Option: Letter

NIIN 570 Neuroimaging Genetics and Phenomics  
Units: 3 Terms Offered: Sp  Lectures on the linkage of genomic methods for identifying genes and their allelic variants in the context of demographic, neuropsychological, and clinical variables. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 597 Current Topics in Neuroinformatics  
Units: 1 Terms Offered: Fa  Student-led presentations with faculty-guided discussion of recent literature in the subject of neuroimaging and neuroinformatics. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 598 Neuroimaging and Informatics External Speaker Seminar Series  
Units: 1 Terms Offered: Sp  Reading and discussion of recent papers by the INI speaker of the week and attendance at the speaker's seminar. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

Naval Science

NSC 135 Introduction to Naval Science  
Units: 2 Terms Offered: Fa  Introduction to the structure, principles, and practices, lines of command and control, and functions of the various components of the naval service. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 137 Seapower and Maritime Affairs  
Units: 4 Terms Offered: Sp  Analysis of U.S. Navy development and campaigns; evolution of strategic, tactical, and maritime doctrines; interaction of naval affairs with national security and domestic policies. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 251 Seamanship and Ship Operations  
Units: 3 Terms Offered: Fa  Vector solutions of relative motion, tactical problems; tactical communications, instructions; fleet communications, organizations; rules of the Nautical Road; aviation and maritime meteorology; operation plans and orders. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 283 Naval Ships Systems I (Engineering)  
Units: 3 Terms Offered: Sp  Types, structure, and purpose of Naval ships, compartmentation, propulsion systems, auxiliary power systems, interior communications, ship control; ship design and stability. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 335 Navigation  
Units: 3 Terms Offered: Fa  Purposes, methods, and instruments of navigation; terrestrial and celestial navigation and nautical astronomy; time diagrams; lines of position by observation of celestial bodies. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 337 Naval Ships Systems II (Weapons)  
Units: 3 Terms Offered: Sp  Systems approach to naval weapons; linear analysis of ballistics; weapons control systems configurations and dynamics. Field trips. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 343 Evolution of Warfare  
Units: 3 Terms Offered: Fa  Causes and practice of warfare from ancient times; impact of changes in strategy, tactics, and technology; modern revolutionary warfare, global conflict, and politico-military relationships. Instruction Mode: Lecture, Lab Grading Option: Letter
NSC 392 Amphibious Warfare
Units: 3 Terms Offered: Fa Concepts of seaborne military operations; relationship of factors involved; characteristic operations of World War II; amphibious operation planning. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 453 Leadership and Management I
Units: 2 Terms Offered: Fa Principles of human relationships; principles of decisionmaking and management at the junior officer level; theory and techniques of leadership. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 454 Leadership and Management II
Units: 2 Terms Offered: Sp Introduction to primary duties of junior naval officers; counseling and interviewing techniques; review of basic administrative responsibilities at the division officer level. Instruction Mode: Lecture, Lab Grading Option: Letter

Neuroscience (Graduate)

NSCI 521 Hearing and Communication Neuroscience
Units: 4 Terms Offered: Sp (Enroll in BISC 521)

NSCI 524 Advanced Overview of Neurosciences
Units: 4 Terms Offered: Fa Study of the nervous system at multiple levels through the analysis of four themes: motor control; emotion, motivation, and decision-making; memory and learning; and vision. Prerequisite: BISC 421. Duplicates Credit in former NEUR 524. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PHBI 524

NSCI 525 Advanced Overview of Neurosciences II
Units: 4 Terms Offered: Sp Sensory and motor systems, cognitive neuroscience, behavioral systems, computational neuroscience. Prerequisite: BISC 421. Duplicates Credit in former NEUR 525. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

NSCI 531 Molecular and Cellular Neurobiology
Units: 4 Terms Offered: FaSpSm Introduces fundamental principles of advanced molecular and cellular neurobiology including proteins and nucleic acids, cell biology of neurons and glia, synaptic transmission and neuronal signaling. Duplicates Credit in former NEUR 531. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as INTD-567

NSCI 532 Systems and Behavioral Neurobiology
Units: 3 Terms Offered: Fa Systems and behavioral neurobiology: hierarchical mechanisms controlling behavior, experimental techniques; perceptual (visual, auditory, somatosensory) systems; sensorimotor systems; motivated behavior; learning, memory and adaptation. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

NSCI 533 Cognitive Neuroscience
Units: 4 Terms Offered: Sp (Enroll in PSYC 540)

NSCI 538 Neuroscience Ethics and Professionalization
Units: 1 Terms Offered: FaSpSm Exposes students to ethical issues in scientific research, especially for neuroscience; scientific integrity and professional roles for the academian and neuroscientist. Duplicates Credit in former NEUR 538.

Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

NSCI 539 Seminar in Neurobiology
Units: 1 Max Units: 4 Terms Offered: FaSp Seminar in Neurobiology. Duplicates Credit in former NEUR 539. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

NSCI 540 Advanced Seminars in Neuroscience
Units: 1 Max Units: 8.0 Terms Offered: FaSpSm Advanced topic-based seminar-style courses in the diverse areas of Neuroscience. Prerequisite: NSCI 524. Duplicates Credit in former NEUR 540. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

NSCI 541 Advanced Seminars in Neuroscience
Units: 2 Max Units: 12 Terms Offered: FaSpSm Advanced topic-based, seminar-style courses in the diverse areas of Neuroscience. Prerequisite: NSCI 524. Duplicates Credit in former NEUR 541. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

NSCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Special topics providing background for instruction and research in neuroscience through lectures, discussions, assigned readings and student presentations. Instruction Mode: Lecture Grading Option: Letter

NSCI 790 Research
Units: 1, 2, 3, 4, 5, 6 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former NEUR 790. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

NSCI 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates Credit in former NEUR 794abcdz. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates Credit in former NEUR 794abcdz. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates Credit in former NEUR 794abcdz. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Duplicates Credit in former NEUR 794abcdz. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794z Doctoral Dissertation
Oclusion

OCCL 310 Fundamentals of Dental Morphology
Units: 1 Fundamentals of tooth form; carving of the permanent teeth. Instruction Mode: Lecture Grading Option: Letter

OCCL 502 Oclusion
Units: 1 Principles of occlusion as related to clinical application of techniques and procedures to diagnose and treatment plan malfunctions of the stomatognathic system. Instruction Mode: Lecture Grading Option: Letter

OCCL 521a Dental Morphology and Function
Units: 3 Fundamentals of tooth form; principles of occlusion. Instruction Mode: Lecture Grading Option: Letter

OCCL 521b Dental Morphology and Function
Units: 2 Fundamentals of tooth form; principles of occlusion. Instruction Mode: Lecture Grading Option: Letter

OCCL 522 Oclusion Laboratory
Units: 1 Laboratory experience in functional analysis and correction of occlusal disharmonies. Instruction Mode: Lecture Grading Option: Letter

OCCL 601 Advanced Concepts of Occlusion
Units: 1 Historical perspective of occlusion; occlusal equilibration, effect of occlusal adjustment, instrumentation useful in occlusal therapy. Includes clinic and laboratory experience. Instruction Mode: Lecture Grading Option: Letter

Orofacial Pain Oral Medicine

OFPM 701 CPR, Blood and Airborne Infections and Common Emergencies for Dental Residents
Units: 1 Terms Offered: Sm CPR training, review of common dental emergencies, and blood and airborne pathogens in dental patients. Instruction Mode: Lecture Grading Option: Letter

OFPM 702a Soft Tissue Disease for Dental Residents
Units: 1 Terms Offered: Sm Seminars on the various mucosal, cutaneous, gingival and salivary diseases and lesions in the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 702b Soft Tissue Disease for Dental Residents
Units: 2 Terms Offered: Fa Seminars on the various mucosal, cutaneous, gingival and salivary diseases and lesions in the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 703 Local Anesthesia, Minor Surgery and Biopsy Procedures for Dental Residents
Units: 1 Terms Offered: Sm Seminars on local anesthesia methods and minor surgical procedures appropriate for the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 704 Bony Pathology, Radiology and Advanced Imaging for Dental Residents
Units: 1 Terms Offered: Sm Review of the oral and maxillofacial region osseous and odontogenic pathologies and the various imaging methods used to examine this anatomic region. Instruction Mode: Lecture Grading Option: Letter

OFPM 705 Neurogenic Based Oral and Facial Pains for Dental Residents
Units: 2 Terms Offered: Sp Seminars on the diagnostic and therapeutic procedures appropriate for chronic neurogenic based pain disorders that occur in the orofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 706 TMD, Orthopedics, Rheumatology and Physical Therapy for Dental Residents
Units: 2 Terms Offered: Fa Seminars on various topics relating to the diagnosis and management of Temporomandibular disorders. Instruction Mode: Lecture Grading Option: Letter

OFPM 707 Pharmacology Series for Dental Residents
Units: 2 Terms Offered: Fa Seminars on common medications used in the practice of oral medicine and chronic orofacial pain. Instruction Mode: Lecture Grading Option: Letter

OFPM 709 Heads for Dental Residents
Units: 1 Terms Offered: Sp Seminars on the diagnosis, prevention and management (including pathophysiologic mechanisms) of episodic and chronic headache disorders. Instruction Mode: Lecture Grading Option: Credit/No Credit

OFPM 710a Knowledge Assessment for OFPOM Residents
Units: 1 Terms Offered: Sm Assessment and feedback summarizing knowledge base acquired in online courses. Open only to master's students. Recommended Preparation: OFPM 702b, OFPM 703, OFPM 704, OFPM 705, OFPM 706, OFPM 707, and OFPM 721. Instruction Mode: Lecture Grading Option: Credit/No Credit

OFPM 710b Knowledge Assessment for OFPOM Residents
Units: 1 Terms Offered: Sm Assessment and feedback summarizing knowledge base acquired in online courses. Open only to master's students. Recommended Preparation: OFPM 702b, OFPM 703, OFPM 704, OFPM 705, OFPM 706, OFPM 707, and OFPM 721. Instruction Mode: Lecture Grading Option: Credit/No Credit

OFPM 721 Neurosciences for Dental Residents
Units: 2 Terms Offered: Fa Seminars on the neurophysiologic and neuroanatomic bases of chronic orofacial pain disorders. Instruction Mode: Lecture Grading Option: Letter

OFPM 722 Internal Medicine and Systemic Disease for Dental Residents
Units: 2 Terms Offered: Sp Seminars on common systemic diseases and the potential interactions with oral disease and treatment. Instruction Mode: Lecture Grading Option: Letter Crosslisted as GDEN-722

OFPM 723 Systems Physiology, Motor Disorders and Sleep Apnea for Dental Residents
Units: 2 Terms Offered: Fa Seminars on various topics relating to oral motor disorders and sleep disordered
breathing (as it relates to the mandible and tongue.)
Instruction Mode: Lecture Grading Option: Letter

**OFPM 724 Psychological and Psychometric Assessment for Dental Residents**
Units: 2 Terms Offered: Sm Seminars on various topics relating to biobehavioral diagnosis and, where appropriate, psychological management of patients with chronic illness in the orofacial region. Instruction Mode: Lecture Grading Option: Letter

**OFPM 725 Epidemiology, Nutrition and Aging for Dental Residents**
Units: 2 Terms Offered: Sm Seminar on the epidemiology of oral disease and nutritional topics as related to the aging patient. Instruction Mode: Lecture Grading Option: Letter
Crosslisted as GDEN-725

**OFPM 726 Immunology and Immunosuppression for Dental Residents**
Units: 2 Terms Offered: Fa Seminar course on immunology and immunosuppression as it relates to diseases in the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

**OFPM 727 Infectious Disease, Oral Microbiology and Virology for Dental Residents**
Units: 2 Terms Offered: Sm Seminar organized around infectious diseases in the oral, pharyngeal and nasal region. Instruction Mode: Lecture Grading Option: Letter

**OFPM 728 Case Presentations by OFP-OM Residents**
Units: 2 Terms Offered: Sp Case presentations by Orofacial Pain/Oral Medicine residents in which each resident presents and defends the diagnostic and treatment methods selected for a particular case. Instruction Mode: Lecture Grading Option: Letter

**OFPM 729a Capstone Project for OFPOM Residents**
Units: .5, Terms Offered: Fa In the first three trimesters (OFPM 729a, OFPM 729b, OFPM 729c) students will present their progress towards the final trimester (OFPM 729d) goal of defending their capstone research reports. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 729b Capstone Project for OFPOM Residents**
Units: .5, Terms Offered: Fa In the first three trimesters (OFPM 729a, OFPM 729b, OFPM 729c) students will present their progress towards the final trimester (OFPM 729d) goal of defending their capstone research reports. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 729c Capstone Project for OFPOM Residents**
Units: .5, Terms Offered: Fa In the first three trimesters (OFPM 729a, OFPM 729b, OFPM 729c) students will present their progress towards the final trimester (OFPM 729d) goal of defending their capstone research reports. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 729d Capstone Project for OFPOM Residents**
Units: .5, Terms Offered: Fa In the first three trimesters (OFPM 729a, OFPM 729b, OFPM 729c) students will present their progress towards the final trimester (OFPM 729d) goal of defending their capstone research reports. Open only to master's students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**OFPM 730a Case Portfolio Preparation by OFPOM Residents**
Units: 5, Terms Offered: Sm In the first four trimesters (OFPM 730a, OFPM 730b, OFPM 730c, OFPM 730d) students will present their progress towards the final trimester (OFPM 730e) goal of defending a portfolio of 18 clinical cases. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 730b Case Portfolio Preparation by OFPOM Residents**
Units: 5, Terms Offered: Sm In the first four trimesters (OFPM 730a, OFPM 730b, OFPM 730c, OFPM 730d) students will present their progress towards the final trimester (OFPM 730e) goal of defending a portfolio of 18 clinical cases. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 730c Case Portfolio Preparation by OFPOM Residents**
Units: 5, Terms Offered: Sm In the first four trimesters (OFPM 730a, OFPM 730b, OFPM 730c, OFPM 730d) students will present their progress towards the final trimester (OFPM 730e) goal of defending a portfolio of 18 clinical cases. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 730d Case Portfolio Preparation by OFPOM Residents**
Units: 5, Terms Offered: Sm In the first four trimesters (OFPM 730a, OFPM 730b, OFPM 730c, OFPM 730d) students will present their progress towards the final trimester (OFPM 730e) goal of defending a portfolio of 18 clinical cases. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**OFPM 730e Case Portfolio Preparation by OFPOM Residents**
Units: 5, Terms Offered: Sm In the first four trimesters (OFPM 730a, OFPM 730b, OFPM 730c, OFPM 730d) students will present their progress towards the final trimester (OFPM 730e) goal of defending a portfolio of 18 clinical cases. Open only to master's students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Oral Medicine Oral Diagnosis**

**OMOD 501 Emergency Dental Treatment**
Units: 1 Dental emergencies in a general dental practice: emphasis on diagnosis of pain, trauma, infections, abscesses, myofacial problems, pulpal considerations, restorative goals; interrelationship of these areas. Instruction Mode: Lecture Grading Option: Letter

**OMOD 502 Chronic Orofacial Pain**
Units: 2 Current concepts of pain mechanisms; application to differential diagnosis, treatment, and management of chronic head, neck, and dental pain. Instruction Mode: Lecture Grading Option: Letter

**OMOD 505 Oral Medicine**
Units: 2 Detection, recognition, assessment, management and treatment modification of medical conditions presented by dental patients. Instruction Mode: Lecture Grading Option: Letter

**OMOD 506 Infection Control**
Units: 1 Infection control and clinical asepsis in the dental office; ethical and legal aspects; specific agents of disease;
epidemiology. Instruction Mode: Lecture Grading Option: Letter

OMOD 551a Clinic: Physical Evaluation
Units: 0 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 551b Clinic: Physical Evaluation
Units: 0 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 551c Clinic: Physical Evaluation
Units: 0 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: Letter

OMOD 551d Clinic: Physical Evaluation
Units: 1 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 552a Clinic: Hospital Dentistry
Units: 0 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 552b Clinic: Hospital Dentistry
Units: 0 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 552c Clinic: Hospital Dentistry
Units: 1 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: Letter

OMOD 553a Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 553b Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 553c Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 553d Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 553e Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 553f Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 520 Preclinical Operative Dentistry (ISP)
Units: 3 Preparation for clinical work through study of fundamentals of cavity design and restoration of cavity preparations on extracted teeth mounted in a manikin. Instruction Mode: Lecture Grading Option: Letter

OPER 521a Preclinical Operative Dentistry I
Units: 1, 2, 3 Introduction to terminology, materials, and instruments used in operative dentistry; fundamentals of amalgam restoration; principles of cavity preparation; amalgam manipulation, condensation, and carving using extracted teeth. Instruction Mode: Lecture Grading Option: Letter

OPER 521b Preclinical Operative Dentistry I
Units: 1, 2, 3 Introduction to terminology, materials, and instruments used in operative dentistry; fundamentals of amalgam restoration; principles of cavity preparation; amalgam manipulation, condensation, and carving using extracted teeth. Instruction Mode: Lecture Grading Option: Letter

OPER 522 Preclinical Operative Dentistry II
Units: 3 Fundamentals of cavity design; restoration of cavity preparations on extracted teeth mounted in the manikin. Instruction Mode: Lecture Grading Option: Letter

OPER 561a Clinic: Operative Dentistry I
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 561b Clinic: Operative Dentistry I
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 561c Clinic: Operative Dentistry I
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Letter
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 561d Clinic: Operative Dentistry I
Units: 6 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: Letter

OPER 562a Clinic: Operative Dentistry II
Units: 0, 1, 2, 3, 4, 5, 6 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 620 Conservative Cast Gold Restorations
Units: 2 Principles of cavity preparation, fabrication technique and finishing for conservative cast gold restorations; includes lab and clinic. Instruction Mode: Lecture Grading Option: Letter

OPER 701a Seminar: Advanced Operative Dentistry I
Units: 2 Terms Offered: Fa In-depth study of the biomechanics applied to cavity preparation according to material selection, bonding procedures, and protection of the pulp dentin. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: In-progress to Credit/No Credit

OPER 701b Seminar: Advanced Operative Dentistry I
Units: 2 Terms Offered: Fa In-depth study of the biomechanics applied to cavity preparation according to material selection, bonding procedures, and protection of the pulp dentin. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 702aL Advanced Dental Morphology for Esthetic Restorations
Units: 3 Terms Offered: Sm In-depth study of the dental morphology, dental optical properties, and laboratorial procedures for restorative replication of esthetic and morphological aspects found in the natural tooth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

OPER 702bL Advanced Dental Morphology for Esthetic Restorations
Units: 3 Terms Offered: Fa In-depth study of the dental morphology, dental optical properties, and laboratorial procedures for restorative replication of esthetic and morphological aspects found in the natural tooth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

OPER 704a Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. Prerequisite: OPER 704a Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 704b Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. Prerequisite: OPER 704b Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 704c Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. Prerequisite: OPER 704c Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 704d Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. Prerequisite: OPER 704d Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 704e Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. Prerequisite: OPER 704e Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 705L Dental Photography
Units: 1 Terms Offered: Fa Basic principles of dental photography and its use in clinical dentistry for shade selection, replication of dental esthetic components, and clinical case documentation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

OPER 706 Operative Implant Dentistry
Units: 1 Terms Offered: Sp Basic principles of implants applied to operative and adhesive dentistry. Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 710a Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 710b Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students.
OPER 710e Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative and Adhesive Dentistry majors. Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 710f Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative and Adhesive Dentistry majors. Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 710g Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative and Adhesive Dentistry majors. Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 715aL Applied Adhesion Sciences
Units: 2 Terms Offered: FaSpSm Advanced adhesive procedures for esthetic dental rehabilitation. Prerequisite: OPER 715a. Registration Restriction: Open only to Advanced and Adhesive Dentistry majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 715bL Applied Adhesion Sciences
Units: 2 Terms Offered: FaSpSm Advanced adhesive procedures for aesthetic dental rehabilitation. Prerequisite: OPER 715b. Registration Restriction: Open only to Advanced and Adhesive Dentistry majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 720a Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 720b Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 720c Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 720d Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 720e Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 720f Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 725a Cariology
Units: 1 Terms Offered: FaSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Registration Restriction: Open only to Advanced Operative and Adhesive dentistry.
Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 725b Cariology
Units: 1 Terms Offered: FaSpm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. **Prerequisite:** OPER 725a Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 730a Seminar: Advanced Operative Dentistry IV
Units: 1 Terms Offered: FaSpSm In-depth study, analysis, and treatment involved in the management of discolored and developmental defects of the teeth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 730b Seminar: Advanced Operative Dentistry IV
Units: 1 Terms Offered: FaSpSm In-depth study, analysis, and treatment involved in the management of discolored and developmental defects of the teeth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 730c Seminar: Advanced Operative Dentistry IV
Units: 1 Terms Offered: FaSpSm In-depth study, analysis, and treatment involved in the management of discolored and developmental defects of the teeth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 730d Seminar: Advanced Operative Dentistry IV
Units: 1 Terms Offered: FaSpSm In-depth study, analysis, and treatment involved in the management of discolored and developmental defects of the teeth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 735aL Research Methodology
Units: 2 Terms Offered: FaSp Study of research methodologies for scientific investigation on dental biomaterials. **Prerequisite:** OPER 735a Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 735bL Research Methodology
Units: 2 Terms Offered: FaSp Study of research methodologies for scientific investigation on dental biomaterials. Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 740a Seminar: Advanced Operative Dentistry V
Units: 2 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 740b Seminar: Advanced Operative Dentistry V
Units: 2 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 740c Seminar: Advanced Operative Dentistry V
Units: 2 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 750a Seminar: Advanced Operative Dentistry VI
Units: 2 Terms Offered: FaSpSm Advanced studies of restorative techniques of severely damaged teeth, selection and use of different post systems, core build-up, and bonding to the root canal. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 750b Seminar: Advanced Operative Dentistry VI
Units: 2 Terms Offered: FaSpSm Advanced studies of restorative techniques of severely damaged teeth, selection and use of different post systems, core build-up, and bonding to the root canal. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 750c Seminar: Advanced Operative Dentistry VI
Units: 2 Terms Offered: FaSpSm Advanced studies of restorative techniques of severely damaged teeth, selection and use of different post systems, core build-up, and bonding to the root canal. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 760a Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 760b Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 760c Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 760d Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 760e Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
operative dentistry, journal article writing and submission for experimentation of different scientific methodologies in enhancement of critical research thinking by development of different scientific methodologies in operative dentistry, journal article writing and submission for publication. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

OPER 770cl Scientific Investigation in Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Enhancement of critical research thinking by development and experimentation of different scientific methodologies in operative dentistry, journal article writing and submission for publication. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

OPER 770dl Scientific Investigation in Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Enhancement of critical research thinking by development and experimentation of different scientific methodologies in operative dentistry, journal article writing and submission for publication. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

OPER 780a Treatment Planning in Operative Dentistry
Units: 2 Terms: Offered: FaSpSm Seminars led by students and invited guests to discuss, analyze and propose a treatment sequence for esthetic challenge clinical cases involving complex multidisciplinary treatment. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: In-progress to Credit/No Credit

OPER 780b Treatment Planning in Operative Dentistry
Units: 2 Terms: Offered: FaSpSm Seminars led by students and invited guests to discuss, analyze and propose a treatment sequence for esthetic challenge clinical cases involving complex multidisciplinary treatment. Open only to Advanced Operative Dentistry Certificate students.
Advanced Operative Dentistry Certificate students. Emphasis on esthetic and bonded restorations. Open only to need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students.

**OPER 780d Clinic: Advanced Operative Dentistry**
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment. Open only to Advanced Operative Dentistry Certificate students.

**OPER 780e Treatment Planning in Operative Dentistry**
Units: 2 Terms Offered: FaSpSm Seminars led by students and invited guests to discuss, analyze and propose a treatment sequence for esthetic challenge clinical cases involving complex multidisciplinary treatment. Open only to Advanced Operative Dentistry Certificate students.

**OPER 795a Clinic: Advanced Operative Dentistry**
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students.

**ORTH 501a Seminar: Orthodontics**
Units: 0, 1 Clinical use of cephalometrics and orthodontic prediction; removable orthodontic appliances and their design; case analysis; mixed dentition cases; adult tooth positioning; orthodontic banding; molar uprighting. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**ORTH 501b Seminar: Orthodontics**
Units: 0, 1 Clinical use of cephalometrics and orthodontic prediction; removable orthodontic appliances and their design; case analysis; mixed dentition cases; adult tooth
ORTH 521 Preclinical Orthodontics
Units: 2 Evaluation, prevention, and treatment of dento-facial malformations. Construction of basic appliances to treat orthodontic problems encountered by the general practitioner. Instruction Mode: Lecture Grading Option: Letter

ORTH 561a Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 521. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561b Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561a. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561c Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561b. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561d Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561c. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561e Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561d. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561f Clinic: Orthodontic Therapy
Units: 2 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561e. Instruction Mode: Lecture Grading Option: Letter

ORTH 674 Clinical and Molecular Bone Biology
Units: 2 Terms Offered: Sp Explore the impact of the application of new molecular techniques to bone biology research on our understanding of osteoporosis, osteosarcoma, hypercalcemia, etc. Open to advanced program students in dentistry only. Instruction Mode: Lecture Grading Option: Letter

ORTH 701a Cephalometrics: Growth and Development
Units: 2, 3, 4 Principles and mechanics; measurement techniques; developmental morphology; analysis and diagnosis; treatment rationales; gross radiological anatomy and osteology; facial growth. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 701b Cephalometrics: Growth and Development
Units: 2, 3, 4 Principles and mechanics; measurement techniques; developmental morphology; analysis and diagnosis; treatment rationales; gross radiological anatomy and osteology; facial growth. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 702 Seminar: Review of the Orthodontic Literature
Units: 5 Two trimester Course Review of current orthodontic literature. Instruction Mode: Lecture Grading Option: Letter

ORTH 703a Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703b Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703c Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703d Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703e Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703f Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703h Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 703i Seminar: Advanced Orthodontics
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. Instruction Mode: Lecture Grading Option: Letter

ORTH 704a Seminar: Orthodontics in Theory and Practice
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. Instruction Mode: Lecture Grading Option: Credit/No Credit

ORTH 704b Seminar: Orthodontics in Theory and Practice
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. Instruction Mode: Lecture Grading Option: Credit/No Credit
ORTH 704c Seminar: Orthodontics in Theory and Practice
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. Instruction Mode: Lecture Grading Option: Credit/No Credit

ORTH 705a Orthodontic Practice Management
Units: 2 Terms Offered: FaSpSm Office management and patient relations in orthodontic practice. Instruction Mode: Lecture Grading Option: Letter

ORTH 705b Orthodontic Practice Management
Units: 2 Terms Offered: FaSpSm Office management and patient relations in orthodontic practice. Instruction Mode: Lecture Grading Option: Letter

ORTH 705c Orthodontic Practice Management
Units: 2 Terms Offered: FaSpSm Office management and patient relations in orthodontic practice. Instruction Mode: Lecture Grading Option: Letter

ORTH 706 Surgical Orthodontics
Units: 2 Diagnosis, treatment, prognosis, and management of orthognathic problems. Instruction Mode: Lecture Grading Option: Letter

ORTH 707 Interdisciplinary Aesthetic Treatment
Units: 2 Terms Offered: Sp Commonly encountered interdisciplinary aesthetic problems. Communication and teamwork between orthodontists and general dentists, as well as other specialists will be emphasized. Instruction Mode: Lecture Grading Option: Letter

ORTH 708 Information Technology in Orthodontic Practice
Units: 2 Terms Offered: Fa Practical applications of information technology in contemporary orthodontics. Topics include office management systems, videoccephalometrics, and video imaging in orthodontic practice. Instruction Mode: Lecture Grading Option: Letter

ORTH 709 Advanced Information Technology in Orthodontic Practice
Units: 2 Terms Offered: Sm Follows ORTH 708 and is designed to provide background and up-to-date information on advanced technologies in orthodontic practice. Instruction Mode: Lecture Grading Option: Letter

ORTH 721 Biomechanics and Orthodontic Technic
Units: 8 Primary orthodontic techniques and basic diagnostic procedures. Typodont treatment of malocclusion, record taking, retention appliances, and beginning biomechanics. Instruction Mode: Lecture Grading Option: Letter

ORTH 751a Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751b Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751c Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751d Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751e Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751f Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751g Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751h Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751i Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 791 Library Research
Units: 1, 2, 3, 4, 5 Organized literature searching and compiling of published data for purposes of developing writing and investigative skills. Instruction Mode: Lecture Grading Option: Letter

Ocean Sciences

OS 512 Introduction to Chemical and Physical Oceanography
Units: 3, 2 years Terms Offered: Fa Principles of physical, chemical, and geological oceanography including discussions of air-sea interaction, biogeochemical cycling and the role of the ocean in modulating climate and atmospheric composition; discussion section will cover formulation of basic calculations that illustrate these principles. Prerequisite: CHEM 105b, MATH 126. Instruction Mode: Lecture Grading Option: Letter Crosslisted as GEOL–512

OS 545 Modeling and Numerical Techniques for Marine Scientists
OT 105g Culture, Medicine and Politics

OS 582 Advanced Biological Oceanography
Units: 4 Terms Offered: Fa (Enroll in BISC 582)

OS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OS 594a Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 594b Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 594c Master’s Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 594d Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular Course contents each semester will be selected to reflect current trends and new developments in the field of Ocean Sciences. Instruction Mode: Lecture Grading Option: Letter

OS 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OS 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794e Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Occupational Science and Occupational Therapy

OT 200 Medical Terminology for Health Professions
Units: 1 Foundation of medical terminology and hospital abbreviations useful for practice in health care. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 220 Lifestyle Design: Introduction to Occupational Therapy
Units: 2 Terms Offered: FaSp Introduction to theoretical concepts concerning the relationship of engagement in activities (occupations) to health and well being. Application of these perspectives to students' own lives. Instruction Mode: Lecture Grading Option: Letter

OT 250 Introduction to Occupational Science and Occupational Therapy
Units: 4 Introduction to concept of occupation and overview of human drive for meaningful activity; impact of occupations on health and wellbeing; analysis of personal occupational patterns; selected therapeutic applications. Instruction Mode: Lecture Grading Option: Letter

OT 251x Across the Lifespan: Occupations, Health and Disability
Units: 4 Terms Offered: FaSp Exploration of the transformative power of occupation throughout the lifespan for all individuals. Instruction Mode: Lecture Grading Option: Letter

OT 260 Human Functional Anatomy for the Occupational Therapist
Units: 3 Terms Offered: Sm An anatomical survey of the human musculoskeletal, nervous, cardiovascular, respiratory, digestive and urinary system. Recommended Preparation: introductory undergraduate course in biology. Instruction Mode: Lecture Grading Option: Letter

OT 261 Human Physiology for Occupational Therapists
Units: 3 Terms Offered: FaSp Provides a general overview of human physiology with special emphasis on physiologic systems supporting internal homeostatic mechanisms and human motion applicable for occupational therapists. Recommended Preparation: undergraduate biology course. Instruction Mode: Lecture Grading Option: Letter

OT 300 Occupational Expressions of Diverse Identities and Lifestyles
Units: 4 Exploration of the diverse ways occupational practices become central to identity, reify standard social ideologies, and are manipulated to redress conventional standards. Instruction Mode: Lecture Grading Option: Letter

OT 310 Creativity Workshop
Units: 2 Terms Offered: FaSpSm Theories and practice of the creative process in varied media, genres and occupations. Explores creativity in the arts, sciences, professions, evolution, daily life, and culture. Instruction Mode: Lecture Grading Option: Letter

OT 312 Creating a Sustainable Lifestyle
Units: 2 Scientists and policymakers advocate lifestyle changes as crucial to solving the environmental crisis. Investigation into the development of habits that promote environmental sustainability and personal wellbeing. Instruction Mode: Lecture Grading Option: Letter

OT 320 The Nature of Human Occupation: Form, Function, and Meaning
Units: 4 The complex nature of human occupation is covered from an interdisciplinary perspective. Emphasis is on how occupation contributes to human experience in a lived world. Instruction Mode: Lecture Grading Option: Letter

**OT 325 The Brain: Mind, Body, and Self**
Units: 4 Terms Offered: FaSpSm Exploration of neuroscience as it impacts everyday living, from the fundamentals of neurons and synapses, to the neural basis of language, empathy, and social interaction. Instruction Mode: Lecture Grading Option: Letter

**OT 330 Perspectives on the Daily Life of Families**
Units: 4 Examines family structures and processes, the occupational dimensions of families, and the meanings embedded in the acts of daily life of contemporary families. Instruction Mode: Lecture Grading Option: Letter

**OT 333 Sports Ethics**
Units: 4 Terms Offered: FaSp Critically examines ethical issues central to the world of sports that range from matters of fair play and cheating to performance-enhancing drugs and gene-doping. Instruction Mode: Lecture Grading Option: Letter

**OT 340 Occupational Foundations of Human-Animal Interaction**
Units: 4 Terms Offered: Sp Explores how interactions with companion animals expand human capacity for action and contribute to human health, well-being and participation in different cultural contexts, across the life-span. Instruction Mode: Lecture Grading Option: Letter

**OT 350 Disability, Occupations, and the Health Care System**
Units: 4 Exploration of the ways in which ablebodism, sexism, racism, classism and homophobia contribute to occupational opportunities or barriers and weave their way into health care. Instruction Mode: Lecture Grading Option: Letter

**OT 355x Occupational Reconstructions and Social Transformations**
Units: 2 Terms Offered: FaSp The use of occupations — meaningful, purposeful activities — to restore identity, agency, health, well-being, skills, and political power to populations in problematic situations, such as wars and natural disasters. Instruction Mode: Lecture Grading Option: Letter

**OT 360 Creating the Self through Narrative: Acts of Life Story Production**
Units: 4 Analysis of life stories, life histories, and testimonies in social interactions, texts, and films. Life stories are an occupation to re-create the "Self" in response to conflict and change. Instruction Mode: Lecture Grading Option: Letter

**OT 375 The Narrative Structure of Social Action: Narrative, Healing and Occupation**
Units: 4 Narrative as guide and structure of practical action. Special emphasis on chronic illness and disability and narrative structure of clinical interactions. Instruction Mode: Lecture Grading Option: Letter

**OT 390 Special Problems**
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

**OT 395 Clinical Problems in Occupational Therapy**
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

**OT 405 Foundations: Occupation**
Units: 2 Terms Offered: FaSm Introduction to basic tenets of occupational therapy history and practice, the profession's language, and foundations of occupational science; incorporates experience and self-analysis of occupation. Registration Restriction: Open only to upper division and Masters level Occupational Therapy majors. Instruction Mode: Lecture, Discussion Grading Option: Letter

**OT 406L Foundations: Creativity, Craft and Activity Analysis**
Units: 2 Terms Offered: FaSpSm Exploration of craftsmanship in both historical and contemporary contexts; engagement in the craft experience to encourage creativity and to develop proficiency in analysis of performance. Registration Restriction: Open only to upper division, Master and Professional OT majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**OT 440L Foundations: Kinesiology**
Units: 2 Terms Offered: FaSpSm Review of joint and muscle structure and function; application of basic biomechanical, neuromuscular and musculoskeletal principles to the analysis of everyday activities and therapeutic interventions. Registration Restriction: Open only to upper division and Master's Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**OT 441L Foundations: Neuroscience**
Units: 2 Terms Offered: FaSpSm Application of basic neural function to the analysis of daily living tasks and activities; review of pathological conditions that interfere with performance in occupation. Registration Restriction: Open only to upper division and Master's Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**OT 490x Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSp Sm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

**OT 499 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content to be selected in occupational therapy and occupational science. Instruction Mode: Lecture Grading Option: Letter

**OT 500a Clinical Problems in Occupational Therapy**
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

**OT 500b Clinical Problems in Occupational Therapy**
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

**OT 500c Clinical Problems in Occupational Therapy**
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of
intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 501L. Practice Immersion: Adult Physical Rehabilitation
Units: 8 Terms Offered: FaSp Scientific and theoretical underpinnings and knowledge and skills necessary for occupational therapy evaluation and intervention in adult rehabilitation and geriatrics; incorporates related Level I Fieldwork. Duplicates Credit in former OT 401. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 502L. Practice Immersion: Mental Health
Units: 8 Terms Offered: FaSp Scientific and theoretical underpinnings and knowledge and skills necessary for occupational therapy evaluation and intervention in mental health practice; incorporates related Level I Fieldwork. Duplicates Credit in former OT 402. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 503L. Practice Immersion: Pediatrics
Units: 8 Terms Offered: FaSp Scientific and theoretical underpinnings and knowledge and skills necessary for occupational therapy evaluation and intervention in pediatrics; incorporates related Level I Fieldwork. Duplicates Credit in former OT 403. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 511 Therapeutic Use of Self
Units: 2 Terms Offered: Fa Exploration of efficacy, therapeutic use of self, empathy and mindfulness; development of self-awareness to support the art, craft and skill of effective therapeutic relationships. Duplicates Credit in former OT 410. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 515 Neuroscience of Behavior
Units: 4 Terms Offered: Fa Foundation for understanding neural functions involved in typical/atypical behaviors; review of neural circuitry, experimental methods, basic behavioral systems, higher order cognitive functions and associated disorders. Duplicates Credit in former OT 451. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 518 Quantitative Research for Evidence-Based Practice
Units: 4 Terms Offered: Fa Traditions and methods of quantitative research; emphasis on formulation of clear clinical questions; finding, evaluating, and applying evidence to a clinical problem; includes journal club. Duplicates Credit in former OT 480. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 521 Clinical Reasoning
Units: 3 Terms Offered: Sp Dynamic look at creation and application of professional knowledge and expertise; examines interrelationship between theory and practice; incorporates narrative and illness experiences in clinical reasoning. Duplicates Credit in former OT 411. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 523 Communication Skills for Effective Practice
Units: 3 Terms Offered: Fa Principles of written, verbal and non-verbal communication with professionals, clients and families, from a personal and professional perspective; group interventions; interview skills; advocacy as communication. Duplicates Credit in former OT 430. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 525 Qualitative Research for Evidence-Based Practice
Units: 4 Terms Offered: Sp Traditions and methods of qualitative research; development of skills for research design, implementation and dissemination; critique of qualitative research for evidence-based practice and occupational science. Duplicates Credit in former OT 470. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 534 Health Promotion and Wellness
Units: 2 Terms Offered: Fa Examination of relationship of occupation to health, wellbeing, participation; critical thinking about lifestyle factors influencing occupational engagement; occupational science and wellness in occupational therapy practice. Duplicates Credit in former OT 504. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 537 Occupation-Centered Programs for the Community
Units: 4 Terms Offered: Fa Development of a proposal for new or extended services; includes trends analysis, needs assessment, literature review, marketing plan, mock funding request, program evaluation and presentation. Duplicates Credit in former OT 570. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 538 Current Issues in Practice: Adulthood and Aging
Units: 2 Terms Offered: Fa Exploration of adulthood, aging and occupation; current topics related to aging population and occupational therapy to promote health and participation throughout the lifespan. Duplicates Credit in former OT 508. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 540 Leadership Capstone
Units: 2 Terms Offered: Sp Professional capstone in leadership, advocacy, ethical reasoning, professional behavior, and public policy as it impacts the practice of occupational therapy; independent professional externship. Duplicates Credit in former OT 580. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 545 Advanced Seminar in Occupational Science
Units: 2 Terms Offered: FaSp Advanced analysis of occupational science concepts including dimensions of occupation and the impact of occupation on health and wellbeing; factors associated with participation in occupation at the individual, community and global levels. Duplicates Credit in former OT 585. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 560 Contemporary Issues in School-Based Practice
Units: 4 Terms Offered: FaSp Current issues in school-based occupational therapy evaluation, ongoing assessment and intervention. Topics include successful collaboration in
inclusive classrooms and on IFSP and IEP teams. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 561 Occupational Therapy in Acute Care
Units: 4 Terms Offered: Sp Knowledge and skills for occupational therapy practice in acute care settings using a systems-based approach; includes an experiential learning component at Keck Hospital of USC. Registration Restriction: Open only to Occupational Science and Occupational Therapy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 562 Advanced Hand Rehabilitation and Certification (PAMs)
Units: 4 Terms Offered: Sp Evidence-based and occupation-based practice for hand and upper extremity conditions; application of PAMs as preparatory for occupation. Applicable toward California educational requirements for advanced practice. Corequisite: OT 573. Registration Restriction: Open only to Occupational Science and Occupational Therapy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 563 Occupational Therapy in Primary Health Care Environments
Units: 2 Terms Offered: FaSp Examines the emerging role of occupational therapy in primary care, including the need occupational therapy can address in primary care. Registration Restriction: Open only to Occupational Science and Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 564 Sensory Integration
Units: 4 Terms Offered: Sp Comprehensive overview of sensory integration theory and basic intervention principles. A case-based approach will facilitate the integration of sensory integration, evidence based practice and occupational science. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 565 Sensory Integration Interventions
Units: 4 Terms Offered: Sp Foundations and application of sensory integration principles in clinical practice, schools and community. Includes critique and integration of evidence, effective communication with parents, and documentation. Corequisite: OT 564 Registration Restriction: Open only to Occupational Science and Occupational Therapy students Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 566 Healthcare Communication with Spanish-Speaking Clients
Units: 2 Terms Offered: Sp Development of communicative proficiency and accuracy in Spanish within a therapeutic context. Introduction to Spanish language, adaptive communication strategies, and ethics in language-discordant communication. Registration Restriction: Open only to Occupational Science and Occupational Therapy students Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 567 Contemporary Issues: Occupational Therapy in Early Intervention
Units: 4 Terms Offered: Sp Exploration of occupational therapy in early intervention settings including: relevant legislation, family-centered care, cultural context, documentation, ethics, and neuroscientific foundations of infant mental health. Registration Restriction: Open only to Occupational Science and Occupational Therapy students Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 568 Knowledge and skills for occupational therapy practice in acute care settings using a systems-based approach; includes an experiential learning component at Keck Hospital of USC. Registration Restriction: Open only to Occupational Science and Occupational Therapy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 569 Occupational Therapy in Adult-Neurorehabilitation
Units: 4 Terms Offered: Sp

OT 570 Assistive Technology
Units: 4 Terms Offered: Sp Principles of assessment, selection, training, and follow-up with clients in the use of assistive technologies to enable and enhance participation in a meaningful occupation. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 571 Ergonomics
Units: 4 Terms Offered: Sp Focus on the effects of physical design in the workplace on users’ injury rate, behavior, performance and stress levels. Intervention for repetitive motion included. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 572 Hand Rehabilitation
Units: 4 Terms Offered: FaOccupation-based evaluation and intervention for individuals with acute and chronic hand disorders. Topics include scar management, splinting, peripheral nerve injury, wound healing and physical agent modalities. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 573 Occupational Therapy in Adult-Neurorehabilitation
Units: 4 Terms Offered: SpOccupation-based evaluation and intervention for individuals with acute and chronic hand disorders. Topics include scar management, splinting, peripheral nerve injury, wound healing and physical agent modalities. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 574 Enhancing Motor Control for Occupation
Units: 4 Terms Offered: Fa Laboratory examining approaches to assessment and remediation of motor control following upper motor neuron lesions. An occupation-based approach to Neurodevelopmental Treatment (NDT) will be emphasized. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 575 Dysphagia Across the Lifespan: Pediatrics through Geriatrics
Units: 2 Terms Offered: Sp A comprehensive investigation of the anatomy and physiology of normal and abnormal swallowing. Didactic and hands-on study of assessment and treatment interventions will be addressed. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 576 Universal Design
Units: 4 Terms Offered: Fa Examination of the concepts and principles of universal design and the benefits of the approach for people with disabilities and for all individuals. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 577 Seminar in Occupational Therapy
Units: 2 Terms Offered: SpOccupational therapy and the health care system. Duplicates Credit in former OT 505. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 578 Therapeutic Communication: Facilitating Change in Clients
Units: 4 Terms Offered: FaSpSm Exploration of selected therapeutic communication styles intended to facilitate change including motivational interviewing, mindfulness practices, and cognitive approaches to therapeutic intervention. Registration Restriction: Open only to graduate students in Occupational Science and Occupational Therapy. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OT 579 Occupational Therapy in Adult-Neurorehabilitation
Units: 4 Terms Offered: Sp
Comprehensive overview of occupational therapy evaluation and intervention in adult neurorehabilitation addressing motor, visual, cognitive, emotion, and language systems. Emphasizes evidence-based interventions with hands-on application.

Registration Restriction: Open only to graduate and professional students in Occupational Therapy. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

OT 581 Quantitative Research for the Practicing Clinician
Units: 4 Terms Offered: FaSp Traditions and methods of quantitative research for practicing clinicians; emphasis on formulation of clear clinical questions; finding, evaluating, and applying evidence to a clinical problem. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 582 Occupational Science Foundations of Lifestyle Redesign
Units: 4 Terms Offered: FaSpSm Overview of the foundations and philosophy of Lifestyle Redesign®. Includes theoretical underpinnings, therapeutic methods, and examination of how occupational science informs Lifestyle Redesign® interventions. Registration Restriction: Open only to graduate students in Occupational Science and Occupational Therapy. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OT 583 Current Applications of Lifestyle Redesign
Units: 4 Terms Offered: FaSpSm Interactive practicum exploring the Lifestyle Redesign® approach to preventing and managing chronic health conditions. Topics include therapeutic process, lifestyle module design and service delivery models. Registration Restriction: Open only to graduate students in Occupational Science and Occupational Therapy. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OT 584 Clinical Applications of Telehealth Technologies in OT
Units: 2 Terms Offered: Sp Interactive course exploring the history of telehealth technologies; includes definitions, care models, remote services, applications, activity monitoring devices, technology enabled therapy, legislation, reimbursement. Registration Restriction: Open only to Occupational Science and Occupational Therapy graduate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 585 Advanced Seminar in Occupational Science
Units: 2 Terms Offered: FaSp Advanced analysis of occupational science concepts including dimensions of occupation and the impact of occupation on health and wellbeing; factors associated with participation in occupation at the individual, community and global levels.

OT 586 Clinical Internship with Seminar
Units: 1, 2 Max Units: 6.0 Terms Offered: FaSpSm Clinical internship to qualify for professional certification. Seminar to integrate theory with application of treatment principles for various populations. Duplicates Credit in former OT 486. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 594a Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 594b Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 594c Master's Thesis
Units: 0 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 594d Master's Thesis
Units: 0 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Recent developments in occupational therapy and occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 610 Sensory Integrative Dysfunction
Units: 4 Terms Offered: FaSpSm Differential evaluation of sensory integrative dysfunction; theory and procedure for enhancing the processing of sensory data by children with learning and behavior disorders. Prerequisite: admission by advance application and instructor's approval only; must be certified as an occupational or physical therapist. Instruction Mode: Lecture Grading Option: Letter

OT 612 Information Processing and Occupation
Units: 4 Phylogenesis and ontogenesis of human information processing capacity enabling engagement in occupation; components and contributions to adaptation and coping. Instruction Mode: Lecture Grading Option: Letter

OT 620 Current Issues in Occupational Science and Occupational Therapy
Units: 4 Terms Offered: Fa Review of current occupational science research as it is applied to practice; examination of leadership opportunities; development of proposal focusing on chosen area of study. Registration Restriction: Open only to Occupational Therapy doctoral students. Instruction Mode: Lecture Grading Option: Letter

OT 621 Occupational Therapy Leadership: Contemporary Issues
Units: 4 Examination of themes in occupational therapy related to power, confidence, and identity; development of leadership skills; analysis of the impact of policy and advocacy on occupational therapy. Instruction Mode: Lecture Grading Option: Letter

OT 640 Conceptual Foundations of Occupational Science
Units: 4 Terms Offered: FaSp Analysis of the conceptual foundations and methodological orientations for occupational science, understandings of disciplinary perspectives, formulation of theoretical arguments, and the interpretation of research data. Instruction Mode: Lecture Grading Option: Letter

OT 641 The Nature of Occupation
Units: 4 Terms Offered: FaSp Theoretical and historical foundations for the study of occupation, engagement in living
OT 640 Intersections of Occupational Science and Human Development
Units: 4 Terms Offered: FaSp Analysis of occupational science perspectives related to human development and participation in sociocultural practices and examination of developmental theories and their relationship to occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 641 Narrative, Healing and the Culture of Biomedicine
Units: 4 Terms Offered: FaSp Introduction to narrative as an analytic framework for considering chronic illness, disability, occupation, and the moral and cultural influences on the clinical reasoning of health professionals. Instruction Mode: Lecture Grading Option: Letter

OT 642 Therapeutic Uses of Self: Psychodynamic Perspectives
Units: 4 Terms Offered: FaSp Survey of the diversity of analytic conceptions of subjectivity and intersubjectivity. Emphasis on the way these ideas influence the notion of therapeutic efficacy within Occupational Science. Instruction Mode: Lecture Grading Option: Letter

OT 643 Meaningful Engagement in Everyday Life
Units: 4 Exploration of the subjective experience of meaningful engagement in work, play, and the occupational pursuits of everyday life, drawing on contributions from the social sciences. Instruction Mode: Lecture Grading Option: Letter

OT 644 Foundations of Research on Activity and Health
Units: 4 Terms Offered: FaSp Examination of effectiveness and efficacy research, study design and methodology, dimensions of adaptation and research methods through the lens of two division-based research programs. Instruction Mode: Lecture Grading Option: Letter

OT 645 Narrative, Healing and the Culture of Biomedicine
Units: 4 Terms Offered: FaSp Introduction to narrative as an analytic framework for considering chronic illness, disability, occupation, and the moral and cultural influences on the clinical reasoning of health professionals. Instruction Mode: Lecture Grading Option: Letter

OT 646 Intersections of Occupational Science and Human Development
Units: 4 Terms Offered: FaSp Analysis of occupational science perspectives related to human development and participation in sociocultural practices and examination of developmental theories and their relationship to occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 647 Producing New Knowledge in Occupational Science
Units: 4 Terms Offered: Sp Problems, theory, methods and contexts of research in occupational science, as a discipline that seeks to understand, explain, and promote human flourishing. Prerequisite: OT 640; Recommended Preparation: at least one advanced course in qualitative, quantitative, or mixed methods research. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

OT 648 Researching Occupation: Engagement, Meaning, and Society
Units: 4 Terms Offered: FaSp Recommended Preparation: OT 640 and OT 660 Instruction Mode: Lecture Grading Option: Letter

OT 649 Researching Occupation: Function, Participation, and Health
Units: 4 Terms Offered: FaSp Approaches to studying health and wellbeing in everyday living from biological to population levels, including prevention, wellness, chronic illness, disability, and rehabilitation, emphasizing quantitative methods. Recommended Preparation: OT 641 and OT 660 Instruction Mode: Lecture Grading Option: Letter

OT 650 Development of Adaptive Skills

OT 655 Work and Leisure
Units: 4 Terms Offered: Sp Ontogenesis and phylogenesis of work and leisure. Systems view of person/environmental interactions affecting competence and satisfaction with activity. Occupation and the need for mastery. Instruction Mode: Lecture Grading Option: Letter

OT 660 Research Practicum
Units: 2 Experiential learning through immersion in one or more externally funded research groups in the Division, enabling intense participation in multi-skilled research groups. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 661 Grant Writing for Occupational Science
Units: 2 Terms Offered: SpSm Integration of theory, research design, and methods to develop competitive grant applications for the study of occupation, with a focus on federal granting agencies. Prerequisite: OT 640 and OT 641 and OT 648 and OT 649 and OT 660 Recommended Preparation: At least one advanced course in qualitative, quantitative, or mixed-methods research design or statistical analysis is strongly recommended. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 663 Narrative, Healing and the Culture of Biomedicine
Units: 4 Terms Offered: FaSp Introduction to narrative as an analytic framework for considering chronic illness, disability, occupation, and the moral and cultural influences on the clinical reasoning of health professionals. Instruction Mode: Lecture Grading Option: Letter

OT 664 Intersections of Occupational Science and Human Development
Units: 4 Terms Offered: FaSp Analysis of occupational science perspectives related to human development and participation in sociocultural practices and examination of developmental theories and their relationship to occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 665 Work and Leisure
Units: 4 Terms Offered: Sp Ontogenesis and phylogenesis of work and leisure. Systems view of person/environmental interactions affecting competence and satisfaction with activity. Occupation and the need for mastery. Instruction Mode: Lecture Grading Option: Letter

OT 666 Research Practicum
Units: 2 Experiential learning through immersion in one or more externally funded research groups in the Division, enabling intense participation in multi-skilled research groups. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 667 Narrative, Healing and the Culture of Biomedicine
Units: 4 Terms Offered: FaSp Introduction to narrative as an analytic framework for considering chronic illness, disability, occupation, and the moral and cultural influences on the clinical reasoning of health professionals. Instruction Mode: Lecture Grading Option: Letter

OT 668 Research Practicum
Units: 2 Experiential learning through immersion in one or more externally funded research groups in the Division, enabling intense participation in multi-skilled research groups. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 669 Research Practicum
Units: 2 Experiential learning through immersion in one or more externally funded research groups in the Division, enabling intense participation in multi-skilled research groups. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 670 Research Practicum
Units: 2 Experiential learning through immersion in one or more externally funded research groups in the Division, enabling intense participation in multi-skilled research groups. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794z Doctoral Dissertation
Units: 2 Terms Offered: Fa Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794z Doctoral Dissertation
Units: 2 Terms Offered: Fa Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: Credit/No Credit
Pathology (Herman Ostrow School of Dentistry)

PTHL 312a Medicine and Pathology
Units: 1 Terms Offered: FaSpSm An integrated approach to clinical, gross and microscopic study of basic disease processes, systemic pathology, oral pathology, internal medicine, pathophysiology, physical evaluation and emergency medicine for significant organ systems. Clinical-pathologic correlation stressed. Evaluation, classification, and differential diagnosis of oral lesions; disease recognition and dental treatment modification. Instruction Mode: Lecture Grading Option: Letter

PTHL 312b Medicine and Pathology
Units: 3 Terms Offered: FaSpSm An integrated approach to clinical, gross and microscopic study of basic disease processes, systemic pathology, oral pathology, internal medicine, pathophysiology, physical evaluation and emergency medicine for significant organ systems. Clinical-pathologic correlation stressed. Evaluation, classification, and differential diagnosis of oral lesions; disease recognition and dental treatment modification. Instruction Mode: Lecture Grading Option: Letter

PTHL 312c Medicine and Pathology
Units: 2 Terms Offered: FaSpSm An integrated approach to clinical, gross and microscopic study of basic disease processes, systemic pathology, oral pathology, internal medicine, pathophysiology, physical evaluation and emergency medicine for significant organ systems. Clinical-pathologic correlation stressed. Evaluation, classification, and differential diagnosis of oral lesions; disease recognition and dental treatment modification. Instruction Mode: Lecture Grading Option: Letter

PTHL 501 Oral Pathology
Units: 4 Terms Offered: Sm Clinical radiographic, gross and microscopic characteristics of mucosal, skin, fibrous and salivary gland diseases; odontogenic tumors and cysts; benign and malignant neoplasms and iatrogenic conditions. Instruction Mode: Lecture Grading Option: Letter

PTHL 504a Seminar: Oral Pathology
Units: 0 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Pathology (Keck School of Medicine)

PATH 500a Basic and Applied Systemic Pathology
Units: 3 Terms Offered: Irregular Clinical, gross, and microscopic study of basic disease processes. Pathophysiology of major organ systems; etiology, pathogenesis and histopathology of important diseases; oral manifestations, clinical recognition.

PATH 500b Basic and Applied Systemic Pathology
Units: 2 Terms Offered: Irregular Clinical, gross, and microscopic study of basic disease processes. Pathophysiology of major organ systems; etiology, pathogenesis and histopathology of important diseases; oral manifestations, clinical recognition.

PATH 531 Cell Biology
Units: 4 (Enroll in INTD 531)

PATH 550 Introduction to Pathology
Units: 4 Terms Offered: Fa (Enroll in INTD 550)

PATH 551 Pathobiology of Disease
Units: 4 (Enroll in INTD 551)

PATH 553 Methods in Cellular and Clinical Pathology
Units: 3 Terms Offered: Fa Includes advanced techniques in cell biology, protein and immunochemistry. A practical approach to acquaint new graduate students with current methodologies and applications used in biomedical research. Duplicates Credit in former PATH 552a. Instruction Mode: Lecture Grading Option: Letter

PATH 554 Methods in Molecular Pathology
Units: 2 Terms Offered: Sp Theory and practice methods useful in experimental pathology; experimental design; statistical analysis; literature analysis; laboratory and radiation safety. Duplicates Credit in former PATH 552b. Instruction Mode: Lecture Grading Option: Letter

PATH 555 Biochemical and Molecular Bases of Disease
Units: 4 Terms Offered: Sp (Enroll in INTD 555)

PATH 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

PATH 570a Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 570b Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 570c Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter
PATH 570d Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

PATH 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

PATH 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

PATH 575 Frontiers of Pathology
Units: 2 Max Units: 8.0 Terms Offered: Sp Weekly research lectures by leading investigators in the field of homeostatic response to injury such as cell death, inflammation, fibrosis and regeneration. Instruction Mode: Lecture Grading Option: Letter

PATH 581 Essentials of Animal Experimentation
Units: 1 Terms Offered: Fa A course providing basic information on the issues and responsibilities of investigators using animals in biomedical research. Recommended Preparation: graduate standing.

PATH 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PATH 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 594c Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 594d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 594z Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794d Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794z Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Primary Care Physician Assistant

PCPA 503 Behavioral Sciences I
Units: 4 Terms Offered: Fa First of three-semester sequence in current topics in behavioral medicine, psychological and cultural factors in health and illness, interpersonal and sociological aspects of patient care, and competencies for PA practice. Instruction Mode: Lecture Grading Option: Letter

PCPA 506 Behavioral Sciences II
Units: 4 Terms Offered: Sp Second of three-semester sequence in current topics in behavioral medicine, psychological and cultural factors in health and illness, interpersonal and sociological aspects of patient care, and competencies for PA practice. Prerequisite: PCPA 503. Instruction Mode: Lecture Grading Option: Letter

PCPA 509 Behavioral Sciences III
Units: 4 Terms Offered: Fa Last of three-semester sequence in current topics in behavioral medicine, psychological and cultural factors in health and illness, interpersonal and sociological aspects of patient care, and competencies for PA practice. Prerequisite: PCPA 506. Instruction Mode: Lecture Grading Option: Letter

PCPA 523 Clinical Skills I
Units: 4 Terms Offered: Fa Laboratory experiences with basic clinical skills essential to medical practice. First of four courses. Instruction Mode: Lecture Grading Option: Letter

PCPA 526 Clinical Skills II
Units: 6 Terms Offered: Sp Laboratory experiences with basic clinical skills essential to medical practice. Second of four courses. Prerequisite: PCPA 523. Instruction Mode: Lecture Grading Option: Letter

PCPA 529 Clinical Skills III
Units: 6 Terms Offered: Fa Laboratory experiences with basic clinical skills essential to medical practice. Third of four courses. Prerequisite: PCPA 526. Instruction Mode: Lecture Grading Option: Letter

PCPA 530 Basic Medical Sciences
Units: 6 Terms Offered: Fa A one-semester overview of clinical anatomy, physiology, pathophysiology, and
pathology essential to understanding disease mechanisms commonly encountered in primary care and specialty practices of medicine. Instruction Mode: Lecture Grading Option: Letter

PCPA 532 Clinical Skills IV
Units: 3 Terms Offered: Sp Laboratory experiences with basic clinical skills essential to medical practice. Last of four courses. **Prerequisite:** PCPA 529. Instruction Mode: Lecture Grading Option: Letter

PCPA 543 Topics in Medicine I
Units: 4 Terms Offered: Fa Basic instruction in normal/abnormal states of organ systems in the study of human disease. The first of three courses that includes instruction in pathophysiology, pharmacology, diagnostic studies, and medicine. Instruction Mode: Lecture Grading Option: Letter

PCPA 546 Topics in Medicine II
Units: 6 Terms Offered: Sp Basic instruction in normal/abnormal states of organ systems in the study of human disease. The second of three courses that includes instruction in pathophysiology, pharmacology, diagnostic studies, and medicine. **Prerequisite:** PCPA 543. Instruction Mode: Lecture Grading Option: Letter

PCPA 549 Topics in Medicine III
Units: 6 Terms Offered: Fa Basic instruction in normal/abnormal states of organ systems in the study of human disease. The third of three courses that includes instruction in pathophysiology, pharmacology, diagnostic studies, and medicine. **Prerequisite:** PCPA 546. Instruction Mode: Lecture Grading Option: Letter

PCPA 561 Clinical Assignment I
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 562 Clinical Assignment II
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 563 Clinical Assignment III
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 564a Clinical Assignment IV
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 564b Clinical Assignment IV
Units: 0 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 565a Clinical Assignment V
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 565b Clinical Assignment V
Units: 0 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 566 Clinical Assignment VI
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 567 Clinical Assignment VII
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 568 Clinical Assignment VIII
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 583 Advanced Topics in PA Studies: Education
Units: 4 Terms Offered: Sp Seminar format: students explore educational theories and methods used by PAs in a variety of settings, including clinical practice, classroom and community. Instruction Mode: Lecture Grading Option: Letter

PCPA 586 Advanced Topics in PA Studies: Research
Units: 4 Terms Offered: Sp Seminar format: students receive an integrated experience in research methods including methodology, data collection, analysis and evaluation. Instruction Mode: Lecture Grading Option: Letter

PCPA 589 Advanced Topics in PA Studies: Medical Care Organization
Units: 4 Terms Offered: Sp Seminar format: students will explore current topics in medical care organization and physician assistant practice including administration, financing, changing organizational settings, and workforce issues. Instruction Mode: Lecture Grading Option: Letter

Pediatric Dentistry

PEDO 310 Principles of Dentistry for Children
Units: 1 Role of the dental hygienist in dental care for the child patient. Principles of pediatric dentistry as related to education of the child patient and the parent. Instruction Mode: Lecture Grading Option: Letter

PEDO 501 Clinical Pediatric Dentistry
Units: 1 Scientific principles underlying contemporary pediatric dentistry, including prevention of disease; dental anomalies; habits and other problems in occlusal
development; behavior management; child abuse. Instruction Mode: Lecture Grading Option: Letter

PEDO 521 Preclinical Pediatric Dentistry
Units: 2 Principles and techniques of cavity preparations in primary teeth; pulpal therapy; stainless steel crowns; space maintenance; diagnosis, treatment planning. Instruction Mode: Lecture Grading Option: Letter

PEDO 551a Clinic: Dentistry for Children I
Units: 0 Structured clinical experience in caring for the dental needs of the child patient. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 551b Clinic: Dentistry for Children I
Units: 0 Structured clinical experience in caring for the dental needs of the child patient. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 551c Clinic: Dentistry for Children I
Units: 2 Structured clinical experience in caring for the dental needs of the child patient. Includes special case seminars. Instruction Mode: Lecture Grading Option: Letter

PEDO 556a Clinic: Dentistry for Children II
Units: 0 Dental treatment of the child patient; preventive and restorative dentistry; space maintenance and interceptive orthodontic procedures. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 556b Clinic: Dentistry for Children II
Units: 0 Dental treatment of the child patient; preventive and restorative dentistry; space maintenance and interceptive orthodontic procedures. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 556c Clinic: Dentistry for Children II
Units: 1 Dental treatment of the child patient; preventive and restorative dentistry; space maintenance and interceptive orthodontic procedures. Instruction Mode: Lecture Grading Option: Letter

PEDO 701a Seminar: Advanced Pediatric Dentistry
Units: 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Discussions of literature related to pediatric dentistry. Biologic considerations in operative dentistry, odontogenesis, dental trauma, physiology of occlusion, pulpal biology. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 701b Seminar: Advanced Pediatric Dentistry
Units: 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Discussions of literature related to pediatric dentistry. Biologic considerations in operative dentistry, odontogenesis, dental trauma, physiology of occlusion, pulpal biology. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 702a Comprehensive Review of Pediatric Dentistry
Units: 5, 6, 7 each Terms Offered: FaSpSm Critical analysis of current pediatric dentistry literature and case conferences related to the application of contemporary issues in dentistry for the complex child patient. Instruction Mode: Lecture Grading Option: Letter

PEDO 702b Comprehensive Review of Pediatric Dentistry
Units: 5, 6, 7 each Terms Offered: FaSpSm Critical analysis of current pediatric dentistry literature and case conferences related to the application of contemporary issues in dentistry for the complex child patient. Instruction Mode: Lecture Grading Option: Letter

PEDO 703a Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 703b Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 703c Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 703d Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 704a Prevention in Pediatric Dentistry
Units: 2 Discussions and readings pertaining to the analysis and incorporation of the many components of prevention into the contemporary pediatric dentistry practice. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 704b Prevention in Pediatric Dentistry
Units: 2 Discussions and readings pertaining to the analysis and incorporation of the many components of prevention into the contemporary pediatric dentistry practice. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 705 Pediatric Diseases
Units: 2 Discussion of medical conditions seen by the pediatric dentist in the hospital environment. Conditions include childhood cancer, HIV, heart disease, diabetes mellitus and blood dyscrasias. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 706 Dental Care for Pediatric Patients with Disabilities
Units: 2 Medical, dental, psychological, and social problems of children with developmental disabilities; effect of problems on delivery of pediatric dentistry. Instruction Mode: Lecture Grading Option: Credit/No Credit
PEDO 707 Seminar: Cleft Palate Rehabilitation
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9 Three trimester course discussions and case conferences related to treatment of patients with oral and facial anomalies: includes interceptive and corrective orthodontics, preventive and restorative treatment, and selected oral surgery-prosthetic rehabilitative procedures. Instruction Mode: Lecture Grading Option: Letter

PEDO 708 Practice Management
Units: 1 Terms Offered: FaSpSm Discussion of issues related to the contemporary practice of pediatric dentistry (seminars and office visitations). Topics include: purchasing a practice, associations, hospital affiliations, practice administration and marketing, computers, jurisprudence and auxiliary utilization. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 709 Conscious Sedation in Pediatric Dentistry
Units: 1 Terms Offered: Sm Seminar topics include: review of pharmacology and effectiveness of commonly used oral agents, methods of administration, regulatory guidelines, patient monitoring, management of sedation related emergencies. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 721 Pediatric Physical Evaluation
Units: 2 Assessment of patient health status; evaluation and management of acute and chronic disease states which may be observed in the pediatric dental practice. Instruction Mode: Lecture Grading Option: Letter

PEDO 76a Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 76b Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 76c Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 76d Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 76e Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 771a Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771b Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771c Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771d Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771e Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771f Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 772 Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772a Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772b Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772c Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772d Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772e Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter
orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 773 Hospital Pediatric Clinics
Units: 2, 3, 4 Observation and participation in affiliated hospital clinics: anesthesiology, hematology, and genetic clinics; grand pediatric rounds and other conferences. Instruction Mode: Lecture Grading Option: Letter

PEDO 774 Clinical Genetics in Pediatric Dentistry
Units: 9 Genetic principles of oral, facial and cranial malformations; technique and theory of clinical genetics, differential diagnosis and treatment of disorders of the craniofacial complex. Instruction Mode: Lecture, Discussion, Lab Grading Option: Letter

PEDO 790a Directed Research: Pediatric Dentistry
Units: 1, 2, 3, 4, 5, 6 each An examination and analysis of clinical and laboratory problems in dentistry for children leading to completion of an original research project. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 790b Directed Research: Pediatric Dentistry
Units: 1, 2, 3, 4, 5, 6 each An examination and analysis of clinical and laboratory problems in dentistry for children leading to completion of an original research project. Instruction Mode: Lecture Grading Option: Credit/No Credit

Periodontics

PERI 310a Introduction to Periodontal Diseases
Units: 1 Terms Offered: FaSp Introduction to periodontal disease; emphasis on identification of normal periodontium, distinguishing of gingival and periodontal diseases; includes data collection and classification of gingival and periodontal diseases. Instruction Mode: Lecture Grading Option: Letter

PERI 310b Introduction to Periodontal Diseases
Units: 1 Terms Offered: FaSp Introduction to periodontal disease; emphasis on identification of normal periodontium, distinguishing of gingival and periodontal diseases; includes data collection and classification of gingival and periodontal diseases. Instruction Mode: Lecture Grading Option: Letter

PERI 415 Basic Periodontal Therapy
Units: 1 Basic therapeutic modalities of periodontal treatment; general principles and methods of surgical periodontal treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 502 Periodontal Diseases and Elements of Therapeutic Judgment
Units: 2 Periodontal pathologic processes; pathogenesis, classification and clinical features of gingivitis; periodontitis; other related diseases of periodontium including diagnosis and initial phases of treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 504 Advanced Periodontics
Units: 1 Periodontics as related to endodontics, orthodontics, and restorative dentistry; bone induction, osseous grafting, splinting, management of furcation lesions; maintenance, recall, and referral. Instruction Mode: Lecture Grading Option: Letter

PERI 521 Periodontal Surgery
Units: 2 General principles and methods of surgical periodontal treatment; includes laboratory exercises. Instruction Mode: Lecture Grading Option: Letter

PERI 550a Clinic: Introductory Periodontal Therapy
Units: 1 Laboratory and clinical development of periodontal therapy procedures; basic instrumentation principles. Instruction Mode: Lecture Grading Option: Letter

PERI 550b Clinic: Introductory Periodontal Therapy
Units: 1 Laboratory and clinical development of periodontal therapy procedures; basic instrumentation principles. Instruction Mode: Lecture Grading Option: Letter

PERI 561a Clinic: Periodontal Therapy I
Units: 0 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 561b Clinic: Periodontal Therapy I
Units: 0 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 561c Clinic: Periodontal Therapy I
Units: 0 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 561d Clinic: Periodontal Therapy I
Units: 1 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: Letter

PERI 562a Clinic: Periodontal Therapy II
Units: 0, 1, 2 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 562b Clinic: Periodontal Therapy II
Units: 0, 1, 2 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: Letter

PERI 602 Current Controversies in Periodontology
Units: 2 Examination of the major controversies in the field of periodontology, emphasis on the efficacy of current treatment modalities and future trends. Instruction Mode: Lecture Grading Option: Letter

PERI 701a Seminar: Review of Current Periodontal Literature
Units: 2, 3 Review and critical evaluation of the current periodontal literature. Instruction Mode: Lecture Grading Option: Letter

PERI 701b Seminar: Review of Current Periodontal Literature
Units: 2, 3 Review and critical evaluation of the current periodontal literature. Instruction Mode: Lecture Grading Option: Letter

PERI 702a Seminar: Periodontal Treatment Procedures
Units: 2 Presentation of various techniques in current periodontal treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 702b Seminar: Periodontal Treatment Procedures
Units: 2 Presentation of various techniques in current periodontal treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 703a Seminar: Periodontal Case Presentation
Units: 1, 2 Formalized presentation and discussion of clinical cases treated by advanced students. Instruction Mode: Lecture Grading Option: Letter

PERI 703b Seminar: Periodontal Case Presentation
Units: 1, 2 Formalized presentation and discussion of clinical cases treated by advanced students. Instruction Mode: Lecture Grading Option: Letter

PERI 704a Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704b Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704c Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704d Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704e Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704f Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704g Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704h Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704i Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704j Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 708 Seminar: Clinical Basis of Periodontics
Units: 4 Evaluation of the literature dealing with various types of therapy including the objectives of treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 710 Clinical Periodontal Photography
Units: 1 Demonstration of techniques used in intraoral photography for periodontal purposes, emphasis on proper clinical case documentation in seminar presentation and Specialty Board Certification. Instruction Mode: Lecture Grading Option: Letter

PERI 711 Occlusal Therapy in Periodontics
Units: 2 Anatomy of the TMJ mandibular movements; occlusal anatomy and their interrelationships; methods of occlusal correction using anatomy and mandibular movements as a guide. Instruction Mode: Lecture Grading Option: Letter

PERI 713a Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713b Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713c Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713d Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713e Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713f Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713g Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713h Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713i Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 713j Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 715 Treatment of Special Care Patients
Units: 3 Periodontal care and treatment of older population groups, handicapped patients, and other types of special patients, settings, and situations. Instruction Mode: Lecture Grading Option: Letter

**PERI 716a Seminar: Special Topics in Periodontal Disease**
Units: 3 Discussion of topics of immediate importance and controversy. Experts in the field are invited to participate as guest speakers. Instruction Mode: Lecture Grading Option: Letter

**PERI 716b Seminar: Special Topics in Periodontal Disease**
Units: 3 Discussion of topics of immediate importance and controversy. Experts in the field are invited to participate as guest speakers. Instruction Mode: Lecture Grading Option: Letter

**PERI 750 Advanced Periodontal Instrumentation**
Units: 3 Advanced root preparation techniques including design and manufacturing characteristics of various instruments, sharpening techniques, and root morphology as it relates to advanced instrumentation principles. Instruction Mode: Lecture Grading Option: Letter

**PERI 752 Interdisciplinary Treatment: An Orthodontic Perspective**
Units: 2 Effective recognition, evaluation and understanding of the orthodontic treatment phase required in interdisciplinary treatment plans; includes laboratory and clinical experience; applicable to orthodontics, periodontology, prosthodontics. Instruction Mode: Lecture Grading Option: Letter

**PERI 761a Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761b Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761c Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761d Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761e Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761f Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761h Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761i Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761j Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 771a Periodontal Therapy in the Hospital**
Units: 1 Role of the periodontist in hospital therapy. Treatment of complex cases in the hospital environment. Instruction Mode: Lecture Grading Option: Letter

**PERI 771b Periodontal Therapy in the Hospital**
Units: 1 Role of the periodontist in hospital therapy. Treatment of complex cases in the hospital environment. Instruction Mode: Lecture Grading Option: Letter

**PERI 790a Directed Research: Periodontics**
Units: 1, 2, 3, 4, 5, 6 each Research in clinical and experimental periodontology. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 790b Directed Research: Periodontics**
Units: 1, 2, 3, 4, 5, 6 each Research in clinical and experimental periodontology. Instruction Mode: Lecture Grading Option: Credit/No Credit

**Physiology and Biophysics**

**PHBI 524 Advanced Overview of Neurosciences**
Units: 4 Terms Offered: Fa (Enroll in NSCI 524)

**PHBI 531 Cell Biology**
Units: 4 (Enroll in INTD 531)

**PHBI 550 Seminar in Advanced Cellular, Molecular and Systemic Physiology**
Units: 1 Max Units: 12.0 Terms Offered: FaSp. Lectures and student presentations on advanced topics in molecular, cellular and systemic physiology. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHBI 561 Molecular Biology**
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

**PHBI 571 Biochemistry**
Units: 4 Terms Offered: Fa (Enroll in INTD 571)
PHED 104b Self-Fighting Defense for Beginners; Strategies for Standing and Ground Fighting Situations With and Without Weapons. Units: 1 Terms Offered: FaSp

PHED 104a Letter Preparation. Units: 1 Terms Offered: FaSp

PHED 102b Weight Training in Membrane Transport Units: 2 Terms Offered: Sp Biophysical Examination of the Mechanisms of Ion and Solute Transport Across Cell Membranes; Emphasis on the Structures of Transport Proteins and Kinetic Models of Transport. Recommended Preparation: Graduate Level Course in Biochemistry, Physical Biochemistry, or Cell Biology. Instruction Mode: Lecture Grading Option: Letter

PHED 102a Weight Training Improvement of Body Shape, Muscle Endurance, and Muscle Strength; Understanding of Weight Training and Nutrition Principles That Can Be Utilized for Future Weight Training Development. Units: 1 Terms Offered: FaSp

PHED 100a, PHED 100b Credit in PHED 100a Involving More Advanced Fighting Strategies and Techniques. Instruction Mode: Lecture Grading Option: Letter

PHED 100b Physical Conditioning Advanced Training Methods Focusing on Continuing Gains in Fitness Level. Units: 1 Terms Offered: FaSp

PHED 110a Swimming Instruction and Practice in Basic Strokes for Beginners and Intermediate Swimmers; Elementary Springboard Diving; Water Safety Techniques; Endurance Training as a Fitness Program. Units: 1 Terms Offered: FaSp

PHED 110b Swimming Advanced Instruction and Practice of Strokes; Advanced Endurance Training. Units: 1 Terms Offered: FaSp

PHED 114 Lifesaving Skills Test II. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHED 115 Surfing Fundamental Instruction of Surfing Skills; Water Safety and Wave Etiquette; Wave Recognition and Forecast Interpretation; Surf Culture; Board Selection; Surf Related Strengthening and Conditioning. Recommended Preparation: Students Will Need to Pass a Swim Test Before Being Allowed to Participate in the Course. Swim Test Includes the Following: Continuous 150 Yard Swim in Under 3 Minutes; Treading Water for 10 Minutes; Surface Dive With Brick Retrieval; and a 25 Yard Underwater Swim. Instruction Mode: Lecture Grading Option: Letter

PHED 120a Yoga Introduction to Meditation, Breathing Techniques and Postures as a Means Towards Relaxation; Increase Muscle Flexibility; Understanding of Basic Anatomy and Nutritional Guidelines. Duplicates Credit in Former PHED 120. Instruction Mode: Lecture Grading Option: Letter

PHED 120b Yoga A Continuing Study of Intermediate and Advanced Yoga Postures, Breathing Techniques and Meditation as a Means Towards Relaxation and Stress-Reduction. Instruction Mode: Lecture Grading Option: Letter

PHBI 572 Systems Physiology and Disease I Units: 4 (Enroll in INTD 572)

PHBI 573 Systems Physiology and Disease II Units: 4 (Enroll in INTD 573)

PHBI 594a Master's Thesis Credit Upon Acceptance of Thesis. Grading Option: Graded IP/CR/NC.

PHBI 594b Master's Thesis Credit Upon Acceptance of Thesis. Grading Option: Graded IP/CR/NC.

PHBI 651 Molecular Modeling and Kinetic Simulations in Membrane Transport Units: 2 Terms Offered: Sp Introduction to the Principles of Mathematical Modelling of Biological Systems and Molecular Dynamics Simulations, with Emphasis on Membrane Transport. Recommended Preparation: Graduate Level Courses in Biochemistry or Physical Biochemistry, and Cell Biology. Instruction Mode: Lecture Grading Option: Letter

PHBI 660 Understanding Diseases of Ion Transport Units: 2 Terms Offered: Fa Examination of the Genetics, Biochemical Mechanisms, and Physiological Characteristics of Diseases Caused by Inherited Mutations in Ion Channels and Ion Transport Proteins. Instruction Mode: Lecture Grading Option: Letter

PHED 108 High Stress Physical Conditioning Rigorous Physical Conditioning with Emphasis on Distance Running and Development of Cardiovascular and Upper Body Strength. A Challenging Regimen to Enhance Stamina and Endurance. Prerequisite: PHED 106b or Permission of Instructor. Instruction Mode: Lecture Grading Option: Letter

PHED 106a Physical Conditioning Improvement in Cardiorespiratory Endurance, Body Composition, Muscle Endurance and Flexibility; Running, Circuit Training, Resistance Exercises; Fitness Principles and Nutrition to Develop Individualized Program. Instruction Mode: Lecture Grading Option: Letter

PHED 106b Physical Conditioning Advanced Training Methods Focusing on Continuing Gains in Fitness Level. Units: 1 Terms Offered: FaSp

PHED 104b Self-Defense Units: 1 Terms Offered: FaSp

PHED 104a Self-Defense Units: 1 Terms Offered: FaSp
PHED 121 Yoga for Athletic Performance
Units: 1 Terms Offered: FaSpSm Skills and strategies for injury prevention and recovery from athletic training; application of yoga principles to improve posture, strength, flexibility, core stability and concentration. Prerequisite: PHED 120a. Instruction Mode: Lecture Grading Option: Letter

PHED 122 Kundalini Yoga and Meditation
Units: 1 Terms Offered: FaSp Ancient yoga practice combining postures, meditation, breathing, mantras and focus techniques; designed to improve mind body awareness, balance, strength, flexibility, techniques and nervous system function. Instruction Mode: Lecture Grading Option: Letter

PHED 124 Walking for Fitness
Units: 1 Terms Offered: FaSp Develop a strong fitness foundation through walking; fitness assessment and individualized programs; gait biomechanics and power walking; injury prevention; strategies for special populations. Instruction Mode: Lecture Grading Option: Letter

PHED 129a Cardio Group Fitness
Units: 1 Terms Offered: FaSpSm Group fitness instruction incorporating a variety of training methods such as cycling, HITT (high intensity interval training), step, circuits; nutritional guidelines. Instruction Mode: Lecture Grading Option: Letter

PHED 129b Cardio Group Fitness
Units: 1 Terms Offered: FaSpSm Group exercise teaching techniques and application of fitness principles through weekly workouts; group fitness certification exam preparation. Prerequisite: PHED 129a Instruction Mode: Lecture Grading Option: Letter

PHED 131 Step Aerobics
Units: 1 Terms Offered: FaSp Development of physical fitness components through step aerobics; total body workout utilizing step movements and body sculpting exercises. Instruction Mode: Lecture Grading Option: Letter

PHED 133 Rock Climbing
Units: 1 Terms Offered: FaSp Acquisition of basic rock climbing skills, muscle strength, endurance and balance, climbing safety, ethics and environmental considerations; understanding equipment, problem solving. Instruction Mode: Lecture Grading Option: Letter

PHED 138 Beach Volleyball
Units: 1 Terms Offered: FaSpSm Fundamental instruction of skills and tactics specific to sand volleyball and related physical conditioning; rules and strategies; history and culture. Instruction Mode: Lecture Grading Option: Letter

PHED 139a Volleyball
Units: 1 Terms Offered: FaSp Introduction to beginning and intermediate volleyball skills, rules, game tactics, and strategies. Emphasis on the development of: passing, setting, hitting, serving, blocking, and digging. Instruction Mode: Lecture Grading Option: Letter

PHED 139b Volleyball
Units: 1 Terms Offered: FaSp Advanced techniques; focus on offenses and defenses used in game situations. Instruction Mode: Lecture Grading Option: Letter

PHED 140a Tennis
Units: 1 Terms Offered: FaSp Reinforcement of basic strokes for beginners and intermediate players; rules, scoring, court etiquette, strategies; singles and doubles; practice and match play. Instruction Mode: Lecture Grading Option: Letter

PHED 140b Tennis
Units: 1 Terms Offered: FaSp Development of strokes and instruction of advanced strokes; advanced strategies; singles and doubles; practice and match play. Instruction Mode: Lecture Grading Option: Letter

PHED 143a Racquetball
Units: 1 Terms Offered: FaSp Fundamental instruction of basic strokes for beginners and intermediate players; rules, scoring, game tactics; practice of strokes and competition. Instruction Mode: Lecture Grading Option: Letter

PHED 143b Racquetball
Units: 1 Terms Offered: FaSp Development of advanced skills and strategies; singles and doubles practice and competition. Instruction Mode: Lecture Grading Option: Letter

PHED 150 Table Tennis
Units: 1 Terms Offered: FaSp Fundamental instruction of basic strokes for beginning and intermediate players; rules, scoring strategies; singles and doubles; techniques and match play. Instruction Mode: Lecture Grading Option: Letter

PHED 153 Futsal
Units: 1 Terms Offered: FaSpSm Fundamental instruction of skills and tactics specific to Futsal; rules; strategies; elements of play that differ from soccer; conditioning, drills, and games. Instruction Mode: Lecture Grading Option: Letter

PHED 154a Soccer
Units: 1 Terms Offered: FaSp Development of basic skills for beginners, intermediate and advanced players; rules, positioning elements of play, small group and team tactics; full field scrimmages. Instruction Mode: Lecture Grading Option: Letter

PHED 154b Soccer
Units: 1 Terms Offered: FaSp Advanced development of skills, positioning, tactics and conditioning. Instruction Mode: Lecture Grading Option: Letter

PHED 155 Golf
Units: 1 Terms Offered: FaSp Basic skills development and knowledge in stance, grip and swing mechanics; course strategy; use of woods, irons and putting; history rules and etiquette. Instruction Mode: Lecture Grading Option: Letter

PHED 156a Basketball
Units: 1 Terms Offered: FaSp Basic skill development in dribbling, passing, shooting, rebounding and defense; rules, history, and etiquette; drills and full court games. Instruction Mode: Lecture Grading Option: Letter

PHED 156b Basketball
Units: 1 Terms Offered: FaSp Development of advanced skills; team strategy; offenses and zone defenses; drills and
full court games. Instruction Mode: Lecture Grading Option: Letter

PHED 160 Stress Management for Healthy Living
Units: 2 Terms Offered: FaSp Instruction on the effects of stress as it relates to work, sport and academics; coping strategies are discussed and applied through physical conditioning interventions. Instruction Mode: Lecture Grading Option: Letter

PHED 161 First Aid
Units: 1 First Aid safety education and infant, child, and adult CPR; demonstrated proficiency and successful completion of exam prepares students for Red Cross certification. Duplicates Credit in former PHED 171. Instruction Mode: Lecture Grading Option: Letter

PHED 162 Principles of Athletic Coaching
Units: 2 Terms Offered: FaSpSm Introduction to coaching strategies; team management; philosophy; ethics; leadership. Methodologies in sport specific training; skill progression; conditioning; athlete motivation; budgeting; fundraising. Instruction Mode: Lecture Grading Option: Letter

PHED 163 Health Coaching
Units: 2 Terms Offered: FaSpSm Skills and strategies of coaching principles promoting healthy lifestyle change. Motivational communication techniques; goal setting; designing safe, effective exercise program; health coach certification exam preparation. Instruction Mode: Lecture Grading Option: Letter

PHED 165 Varsity Athletics
Units: 1 Max Units: 4.0 Participation in the university's inter-collegiate programs as sanctioned and governed by the PAC-10 Conference and/or the NCAA. Instruction Mode: Lecture Grading Option: Credit/No Credit

Philosophy

PHIL 100g Central Problems of Philosophy
Units: 4 Explores questions about human beings and their place in nature, including questions about knowledge, mind and body, freedom and determinism, and the existence of God. Instruction Mode: Lecture, discussion Grading Option: Letter

PHIL 101g Philosophical Foundations of Modern Western Culture
Units: 4 The influence on modern Western culture of philosophical thought about reality, knowledge and morality as developed by such philosophers as Descartes, Leibniz and Kant. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 102 Historical Introduction to Philosophy
Units: 4 Introduction to the central philosophical works that have shaped western thought. Includes ancient, early modern and contemporary writings. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 104g Ancient Foundations of Western Thought
Units: 4 Explores writings of ancient philosophers who first raised, and continue to influence our thinking about, fundamental questions concerning nature, knowledge, justice, happiness, and death. Duplicates Credit in PHIL 115. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 110 Modern Foundations of Western Thought
Units: 4 Max Units: max 4 Explores the writings of philosophers, from Descartes to Kant, who responded to, and helped to shape, the scientific and political upheavals of the modern period. Duplicates Credit in PHIL 101g Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 115g Ancient Greek Culture and Society
Units: 4 Focus on the literary achievement from the beginning of Greek literature to the fourth century with a special emphasis on the philosophers. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 120g Introduction to Formal Logic
Units: 4 Introduces formal tools for distinguishing between good and bad arguments or inferences. Covers both propositional logic and predicate logic. Duplicates Credit in PHIL 250a and PHIL 250b. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 122ag Reasoning and Argument
Units: 2 Terms Offered: FaSp Techniques for constructing good arguments and for assessing and criticizing the arguments of others. Duplicates Credit in former PHIL 250ab. Instruction Mode: Lecture Grading Option: Letter

PHIL 122bg Reasoning and Argument
Units: 2 Terms Offered: FaSp Techniques for constructing good arguments and for assessing and criticizing the arguments of others. Duplicates Credit in former PHIL 250ab. Instruction Mode: Lecture Grading Option: Letter

PHIL 130g The Physical World and Our Place In It
Units: 4 Exploration of basic questions about the nature of reality. Topics may include personal identity, freedom and determinism, causation and laws of nature. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 138 Introduction to the Philosophy of Religion
Units: 4 Explores arguments for and against the existence of God, as well as questions about the nature and rationality of faith. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 141gp The Professions and the Public Interest in American Life
Units: 4 The study of the nature and role of professionals in life and society, forces that shape and direct them, foundations and applications of professional ethics. Instruction Mode: Lecture Grading Option: Letter

PHIL 166gw Current Moral and Social Issues
Units: 4 Terms Offered: FaSp Critical study of controversial social issues such as abortion, euthanasia, the death penalty, war and terrorism, sexual morality, affirmative action, and economic justice. Duplicates Credit in former PHIL 140g. Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as SWMS 140

PHIL 168g The Meaning of Life
Units: 4 Explores philosophical treatments of the problem of the meaning or purpose of human life. Duplicates Credit in PHIL 155. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 172gm Social Ethics for Earthlings and Others
Units: 4 Terms Offered: FaSp A systematic study of contemporary issues in social and political philosophy engaging multimedia works of science fiction to illuminate
classic Western moral and political theories. Duplicates Credit in former PHIL 137g. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 174gw Freedom, Equality, and Social Justice
Units: 4 Terms Offered: FaSps Explores the nature of justice, and how apparently conflicting ideals, such as freedom and equality, are to be balanced within a just society. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 178gw Moral Dilemmas in the Legal Domain
Units: 4 Philosophical theories of law and applications to controversies of importance to society and our legal system, such as free speech, civil disobedience, and self-defense. Duplicates Credit in former PHIL 135g. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 222 Logic and Language
Units: 4 Introduces symbolic logic and explores its application to the philosophy of language, plus meta-logical and philosophical results about its scope and limits. Duplicates Credit in PHIL 350 Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 236 Time and Time-Travel
Units: 4 Max Units: max 4 What is time? What is the difference between past, present and future? Is time-travel possible? And what paradoxes might it give rise to? Duplicates Credit in PHIL 286Lg Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 240 Mind, Self, and Consciousness
Units: 4 Explores philosophical questions about the human mind and consciousness, and how they relate to the brain and to the physical world more generally. Duplicates Credit in PHIL 262g Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 242 Theories of Art
Units: 4 An introduction to general theories of art and to issues concerning particular arts such as literature and drama, photography and film, painting, architecture and music. Instruction Mode: Lecture Grading Option: Letter

PHIL 254 Science, Knowledge and Objectivity
Units: 4 Max Units: max 4 How does science differ from pseudo-science? When is it rational to accept a scientific theory? And do such theories provide genuine knowledge of reality? Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 256g Science, Religion, and the Making of the Modern Mind
Units: 4 Terms Offered: FaSp Exploration of the philosophical and religious implications of major scientific revolutions, such as those of Copernicus, Galileo, and Darwin. Duplicates Credit in former PHIL 220g Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 258g Probability and Rational Choice
Units: 4 Explores formal tools for thinking about uncertainty. In an uncertain world, how is it rational to form our beliefs, make decisions, and interact with others? Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 260gw Ethical Theory and Practice
Units: 4 Terms Offered: FaSp Explores various conceptions of morality and what makes actions right or wrong, together with the implications of these views for concrete ethical issues. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 262g Mind and Self: Modern Conceptions
Units: 4 Philosophical problems about the nature of mind associated with the rise of modern science; topics include the mind/body relation, personal identity, rationality and freedom. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 284 Ideas on Trial
Units: 4 Historically significant trials, from the trial of Socrates to the present day, understood as vehicles for the expression of deep social and cultural attitudes. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 285Lg Knowledge, Explanation, and the Cosmos
Units: 4 Terms Offered: FaSpSm The nature and limits of knowledge and explanation, and challenges in understanding the origin of the universe and the place of intelligent life within it. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHIL 286Lg Issues in Space and Time
Units: 4 Examining the nature of space and time, how they relate, and how material objects relate to them. Some included topics: substantivalism, temporal directionality, persistence, hyperspace. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHIL 288gp Love and its Representation in Western Literature, Film, and Philosophy
Units: 4 Key works that have shaped the European and American cultural inheritance, with a special focus on the nature of love. Duplicates Credit in the former PHIL 225 Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 300 Introduction to the Philosophical Classics
Units: 4 An examination of philosophical works which have had a profound impact on the nature of Western thought. Instruction Mode: Lecture Grading Option: Letter

PHIL 315 History of Western Philosophy: Ancient Period
Units: 4 Major figures in the history of Western philosophical thought from the pre-Socratics to the Hellenistic period; emphasis on Plato and Aristotle. Instruction Mode: Lecture Grading Option: Letter

PHIL 317 History of Western Philosophy: Medieval Period
Units: 4 Central themes in Jewish, Christian and Islamic philosophy from late antiquity through the scholastic period. Instruction Mode: Lecture Grading Option: Letter

PHIL 320 History of Western Philosophy: Modern Period
Units: 4 The development of philosophy from the 16th to the 19th centuries; emphasis on Continental Rationalism, British Empiricism, and the philosophy of Kant. Instruction Mode: Lecture Grading Option: Letter

PHIL 330 Theories of Law
Units: 4 Examination of some of the major classical and contemporary theories of the nature and functions of law and of its relation to morality. Instruction Mode: Lecture Grading Option: Letter

PHIL 335 Theoretical Models of Leadership
PHIL 337 History of Modern Political Philosophy  
Units: 4  Analysis of some of the main political philosophies of the modern era; emphasis on the ethical and metaphysical foundations of political philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 338 Political Economy and Social Issues  
Units: 4  Terms Offered: Sp (Enroll in ECON 338)

PHIL 340 Ethics  
Units: 4  Terms Offered: FaSpSm  Study of major philosophical theories of moral right and wrong, such as utilitarianism, Kantianism, egoism, virtue ethics, and theological ethics. Instruction Mode: Lecture Grading Option: Letter

PHIL 345 Greek Ethics  
Units: 4  Examination of the progress of the ethical thought and legal and political institutions of ancient Greece with an emphasis on the Nichomachean Ethics of Aristotle. Instruction Mode: Lecture Grading Option: Letter

PHIL 347 Philosophy in Literature  
Units: 4  Philosophical content in representative European and American literature; philosophical problems about literature such as the nature of truth and meaning in fiction. Instruction Mode: Lecture Grading Option: Letter

PHIL 350 Symbolic Logic  
Units: 4  Introduction to basic techniques of propositional and quantificational logic, and elements of probability. Especially useful to philosophy, mathematics, science, and engineering majors. Instruction Mode: Lecture Grading Option: Letter

PHIL 351 Reasoning and Logic  
Units: 4  Study of reasoning as a strategy for arriving at knowledge in dependence upon logical theory. Logical theories are developed alongside historically influential strategies of reasoning. Not open to freshmen. Instruction Mode: Lecture Grading Option: Letter

PHIL 352 Logic and Language  
Units: 4  Introduction to modern symbolic logic, with applications to the philosophy of language, plus meta-logical and philosophical results about its scope and limits. Instruction Mode: Lecture Grading Option: Letter

PHIL 355 Existentialism  
Units: 4  A critical survey of major 19th and 20th century existentialist writers, including Kierkegaard, Dostoevsky, Tolstoy, Kafka, Nietzsche, Camus, and Sartre. Instruction Mode: Lecture Grading Option: Letter

PHIL 360 Epistemology and Metaphysics  
Units: 4  Examination of problems in metaphysics and/or epistemology. Conducted at the intermediate level. Instruction Mode: Lecture Grading Option: Letter

PHIL 361 Philosophy of Religion  
Units: 4  The existence of God; mysticism, miracles and the possibility of disembodied existence; the problem of evil; religion and morality; the meaning of religious language. Instruction Mode: Lecture Grading Option: Letter

PHIL 362 Possible Worlds  
Units: 4  Introduction to possible worlds as a tool for asking and answering questions about what might be, what must be, and what can never be. Instruction Mode: Lecture Grading Option: Letter

PHIL 363 Philosophy of Perception  
Units: 4  Philosophical investigation of sense perception as it relates to issues in epistemology, metaphysics, the philosophy of mind, and the philosophy of science. Instruction Mode: Lecture Grading Option: Letter

PHIL 385 Science and Rationality  
Units: 4  Examination of the rationality of the scientific enterprise, and of the relation between science and human values. Instruction Mode: Lecture Grading Option: Letter

PHIL 390 Special Problems  
Units: 1, 2, 3, 4  Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PHIL 410 Early Greek Thought  
Units: 4  A study of the Greek thinkers from Homer to the age of Socrates; emphasis on the pre-Socratic philosophers. Instruction Mode: Lecture Grading Option: Letter

PHIL 411 Plato  
Units: 4  Detailed study of the evolution of Plato's thought as revealed in selected dialogues. Instruction Mode: Lecture Grading Option: Letter

PHIL 415 Aristotle  
Units: 4  Intensive study of selected topics taken from Aristotle's writings in natural philosophy, in metaphysics, and in other areas of philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 421 Continental Rationalism  
Units: 4  Development of philosophy on the continent from the 17th to the 19th centuries; emphasis on the philosophical works of Descartes, Leibniz, and Spinoza. Instruction Mode: Lecture Grading Option: Letter

PHIL 422 British Empiricism  
Units: 4  Development of philosophy in Great Britain from the 17th to the 19th centuries; emphasis on Locke, Berkeley, and Hume. Instruction Mode: Lecture Grading Option: Letter

PHIL 423 The Critical Philosophy of Kant  
Units: 4  Intensive study of the philosophical works of Kant. Instruction Mode: Lecture Grading Option: Letter

PHIL 424 19th Century Philosophy  
Units: 4  Leading figures and movements in 19th century philosophy; works of such philosophers as Hegel, Schopenhauer, Mill, Nietzsche, and Bradley. Instruction Mode: Lecture Grading Option: Letter

PHIL 425 American Philosophy  
Units: 4  Leading figures and movements in American philosophy; works of such philosophers as Jonathan Edwards, Charles Peirce, William James, John Dewey, and C.I. Lewis.

PHIL 426 20th Century European Philosophy  
Units: 4  Main philosophers and movements from 1900, including the major developments within phenomenology and existentialism, the emergence of structuralism and
PHIL 427 20th Century Anglo-American Philosophy
Units: 4 The nature and function of analysis as a philosophical method; the development of major metaphysical, epistemological, and ethical views; Russell, Wittgenstein, Carnap, Quine and others. Instruction Mode: Lecture Grading Option: Letter

PHIL 428 Anglo-American Philosophy Since 1950
Units: 4 The maturing of the analytic tradition from the later Wittgenstein through Ryle, Strawson, Hare, Austin, Grice, Quine, Davidson, Kripke, and beyond. Instruction Mode: Lecture Grading Option: Letter

PHIL 430 Philosophy of Law
Units: 4 Philosophical theories about the nature of law, relations between law and morality, and analysis of normative concepts central to law, such as responsibility, punishment, negligence. Instruction Mode: Lecture Grading Option: Letter

PHIL 431 Law, Society, and Politics
Units: 4 Terms Offered: Fa A systematic presentation of the main philosophical perspectives on the interactions between law and the social-political aspects of our lives. Instruction Mode: Lecture Grading Option: Letter

PHIL 437 Social and Political Philosophy
Units: 4 The nature of man and society, the nature and justification of state and government, political rights and political obligation, justice and equality. Instruction Mode: Lecture Grading Option: Letter

PHIL 440 Contemporary Ethical Theory
Units: 4 Ethical theories in the 20th century; contemporary theories of value and obligation; metaethical theories; intuitionism, naturalism, and non-cognitivism; concepts of justice, human rights, and freedom. Instruction Mode: Lecture Grading Option: Letter

PHIL 442 History of Ethics to 1900
Units: 4 An historical and critical study of the great moral philosophers, including Plato, Aristotle, Aquinas, Kant, and the British moralists. Instruction Mode: Lecture Grading Option: Letter

PHIL 443 Value Theory
Units: 4 The evaluation of individual and social ends; consideration of such topics as values and rational choice, the good of a person, hedonism, welfare, ideals, and utopias.

PHIL 445 Philosophy of the Arts
Units: 4 Principal theories of the nature of, and response to, art; examination of form and content in various arts; consideration of the role of criticism. Instruction Mode: Lecture Grading Option: Letter

PHIL 446 Aesthetics and the Film
Units: 4 Problems in the philosophy of art raised by film, such as the notion of "cinematic"; the nature of interpretation of films; criteria for evaluating films. Instruction Mode: Lecture Grading Option: Letter

PHIL 450 Intermediate Symbolic Logic
Units: 4 Systematic study of the metatheory of quantificational logic, with applications to questions of decidability and completeness of formal systems including Godel's Incompleteness Theorems. Instruction Mode: Lecture Grading Option: Letter

PHIL 452 Modal Logic
Units: 4 Elements of propositional and quantified modal logic and the logic of counterfactual conditionals with an eye to some of their applications in contemporary philosophy. Prerequisite: PHIL 350, or PHIL 351, or PHIL 352.
Instruction Mode: Lecture Grading Option: Letter

PHIL 455 Phenomenology and Existentialism
Units: 4 Terms Offered: Irregular Close study of major writings of Husserl, Heidegger, and Sartre. Instruction Mode: Lecture Grading Option: Letter

PHIL 460 Metaphysics
Units: 4 Systematic introduction to basic concepts, including identity, difference, existence, individuals, substance, quality, and relation; emphasis on idealism, materialism, and the ontology of intentionality. Instruction Mode: Lecture Grading Option: Letter

PHIL 462 Philosophy of Mind
Units: 4 Examination of contemporary theories of mind and its place in the natural world. Instruction Mode: Lecture Grading Option: Letter

PHIL 463 Theories of Action
Units: 4 Systematic investigation of action, the mental states involved in action, the reasoning processes that lead to action, and related concepts including intentionality and free will. Instruction Mode: Lecture Grading Option: Letter

PHIL 465 Philosophy of Language
Units: 4 The nature of communication, meaning, reference, truth, necessity, speech acts, convention, and language. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-465

PHIL 470 Theory of Knowledge
Units: 4 Examination of contemporary accounts of the nature, scope, sources — and value — of human knowledge and justified belief. Instruction Mode: Lecture Grading Option: Letter

PHIL 471 Metaphysics and Epistemology
Units: 4 Classic issues in epistemology and the philosophy of language, leading up to the application of context-sensitivity in language to the problem of skepticism. Prerequisite: PHIL 250b or PHIL 350 or PHIL 351 or PHIL 352; Recommended Preparation: at least one 400-level PHIL course. Registration Restriction: Open to Philosophy majors. Instruction Mode: Lecture Grading Option: Letter

PHIL 472 Moral Philosophy
Units: 4 In-depth study of some important work from the last few decades concerning the nature and status of moral reasons, moral obligations, and moral discourse. Prerequisite: PHIL 250b or PHIL 350 or PHIL 351 or PHIL 352; Recommended Preparation: at least one 400-level PHIL class. Registration Restriction: Open to Philosophy majors. Instruction Mode: Lecture Grading Option: Letter

PHIL 473 Wittgenstein
Units: 4 A detailed study of the philosophical works of Ludwig Wittgenstein. Instruction Mode: Lecture Grading Option: Letter

PHIL 480 Philosophy of Mathematics
PHIL 485 Development of Physical Science
Units: 4 Concepts central in the advance of physical science such as the concepts of space, time, mass, force; philosophical problems concerning quantum mechanics.
Instruction Mode: Lecture Grading Option: Letter

PHIL 486 Methodologies of the Sciences
Units: 4 Comparison of the methodologies of the natural, social, and/or behavioral sciences; consideration of such topics as the concept of scientific law, prediction, explanation, confirmation. Instruction Mode: Lecture Grading Option: Letter

PHIL 490s Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit.
Instruction Mode: Lecture Grading Option: Letter

PHIL 494 Senior Thesis
Units: 4 Independent studies for philosophy majors, and guidance in the preparation of the senior thesis for students who wish to graduate with honors in philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics in various specialty areas within philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 500 Introduction to Contemporary Philosophical Literature
Units: 4 Terms Offered: Fa Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized. Instruction Mode: Lecture Grading Option: Letter

PHIL 501 Seminar in Recent Philosophy
Units: 4 Max Units: 16.0 Terms Offered: Sp Contemporary philosophical issues and literature. Instruction Mode: Lecture Grading Option: Letter

PHIL 503 Introduction to Contemporary Philosophical Literature on Value
Units: 4 Terms Offered: Sp Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized. Instruction Mode: Lecture Grading Option: Letter

PHIL 505 Pro-Seminar in Central Topics in Contemporary Philosophy
Units: 4 Terms Offered: Irregular Key developments in central areas of philosophy are used to provide training in philosophical analysis, criticism, and the writing of precise philosophical prose. Instruction Mode: Lecture Grading Option: Letter

PHIL 510 Philosophical Logic
Units: 4 Terms Offered: Sp Applications of logical theory to contemporary philosophical research. Elements of model theory, recursion theory; Gödel's Incompleteness results; modal logic and its interpretations. Recommended Preparation: PHIL 350. Instruction Mode: Lecture Grading Option: Letter

PHIL 515 Studies in Ancient and Medieval Philosophy
Units: 4 Max Units: 16.0 Problems in research in selected portions of ancient and medieval philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 520 Studies in Modern Philosophy
Units: 4 Max Units: 16.0 Problems in research in selected portions of modern philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 525 Seminar in Phenomenology
Units: 4 The origin, principles, and development of the phenomenological movement from Brentano to Merleau-Ponty. Instruction Mode: Lecture Grading Option: Letter

PHIL 530 Seminar in Philosophy of Law
Units: 4 Max Units: 12.0 Theories of the nature of law; emphasis on recent writing; legal concepts such as rights, powers, liability, legal responsibility, law, and morality. Instruction Mode: Lecture Grading Option: Letter

PHIL 537 Seminar in Social and Political Philosophy
Units: 4 Max Units: 16.0 Advanced literature on selected topics in social and political philosophy, including the nature of law, man, and society; ideals such as justice and freedom. Instruction Mode: Lecture Grading Option: Letter

PHIL 540 Seminar in Ethics
Units: 4 Max Units: 16.0 Advanced topics in ethical theory. Instruction Mode: Lecture Grading Option: Letter

PHIL 545 Seminar in Aesthetics
Units: 4 Advanced topics in the philosophy of the arts. Contemporary views on such problems as the nature of art and the role of criticism. Instruction Mode: Lecture Grading Option: Letter

PHIL 550 Advanced Topics in Formal Logic
Units: 4 Consistency and completeness of the predicate calculus; truth and validity; rudiments of model logic. Prerequisite: PHIL 450. Instruction Mode: Lecture Grading Option: Letter

PHIL 555 Seminar in the Philosophy of Logic
Units: 4 Advanced topics in logic and/or philosophy of logic. Instruction Mode: Lecture Grading Option: Letter

PHIL 560 Seminar in Metaphysics
Units: 4 Max Units: 16.0 Terms Offered: Fa Advanced topics in metaphysics. Instruction Mode: Lecture Grading Option: Letter

PHIL 562 Philosophy of Mind
Units: 4 Max Units: 12.0 Contemporary approaches to a variety of questions about the nature of mental states and our knowledge of them. Instruction Mode: Lecture Grading Option: Letter

PHIL 565 Philosophy of Language
Units: 4 Max Units: 12.0 Terms Offered: FaSp Philosophical issues in the empirical study of language concerning the relationship between linguistic meaning and the use of sentences to assert and convey information. Instruction Mode: Lecture Grading Option: Letter

PHIL 570 Seminar in Epistemology
Units: 4 Max Units: 16.0 Advanced topics in epistemology. Instruction Mode: Lecture Grading Option: Letter
PHIL 585 Seminar in Philosophy of Science
Units: 4 Max Units: 16.0 Advanced topics in the philosophy of science. Instruction Mode: Lecture Grading Option: Letter

PHIL 589 Writing for Publication in Philosophy
Units: 4 Max Units: 8.0 Terms Offered: Sp Intensive writing seminar in which students read cutting-edge philosophy and take supervised steps towards crafting critical essays for publication. Prerequisite: PHIL 500, PHIL 505. Instruction Mode: Lecture Grading Option: Letter

PHIL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHIL 593s Teaching Philosophy
Units: 2 Terms Offered: Fa Basic principles of philosophical pedagogy, with emphasis on practical applications and the importance of career-long skill development. Required for first-semester teaching assistants in philosophy. Not available for major credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHIL 594a Master’s Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 594b Master’s Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 594c Master’s Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Major trends of current thought; specific topics to be announced. Instruction Mode: Lecture Grading Option: Letter

PHIL 636 Seminar in Semantics
Units: 3 Max Units: max 12 (Enroll in LING 636)

PHIL 700x Dissertation Seminar
Units: 2 Max Units: 12.0 A focused environment in which to present and evaluate dissertation work-in-progress. Focus on peer and faculty feedback, developing professional presentation skills, improving critical communication skills. Registration Restriction: Open only to Philosophy doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHIL 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHIL 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 794e Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHIL 794f Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Oral Communication Skills for Informed Professional Practice
Units: 1-3, 4 Max Units: 9.0 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Instruction Mode: Lecture Grading Option: Credit/No Credit

Oral Communication Skills for Informed Professional Practice 2
Units: 1-3, 4 Max Units: 9.0 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Instruction Mode: Lecture Grading Option: Credit/No Credit

Pharmacy

PHRD 501 Pharmaceutics I
Units: 4 Terms Offered: Fa Introduction to physiochemical principles of dosage forms; properties of molecules in dosage forms, stability of pharmaceuticals and their interactions in body tissue, including computational approaches. Instruction Mode: Lecture Grading Option: Letter

PHRD 502 Pharmaceutics II
Units: 2 Principles involved in molecules movement across biological barriers. Properties, characteristics, application of homogeneous and heterogeneous dosage forms, liquid, semi-solid and solid. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 503 Biological Systems I
Units: 5 Integration and application to pharmacy of anatomy, histology, physiology and pathophysiology using an organ-based approach. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 504 Biological Systems II
Units: 5 Integration and application to pharmacy of anatomy, histology, physiology and pathophysiology using an organ-based approach. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 507 Health Care Delivery Systems
Units: 2 Terms Offered: Fa Introduction to understanding the structure of the health care system. Includes health care financing and the role of pharmacy and the pharmacist in health systems. Instruction Mode: Lecture Grading Option: Letter

PHRD 508 Pharmacy Literature Analysis and Drug Information
Units: 3 Terms Offered: FaSp Literature evaluation and biostatistics of clinical and health services research, and drug information services. Emphasis on drug therapy, patient outcomes, and formulary development. Instruction Mode: Lecture Grading Option: Letter

PHRD 511 Pharmacy Practice and Professionalism 1
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 512 Pharmacy Practice and Professionalism 2
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 514 Case Conference 1
Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 515 Biochemistry for Pharmacy Practice
Units: 2 Basic principles of drug action and receptor actions. Includes their application to the understanding and treatment of disease. Provides the scientific basis of pharmaceutical action. Duplicates Credit in former PHRD 555. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 516 Non-Prescription Therapies
Units: 3 Introduction to self-care health. Includes OTC products, dosages, pharmacology, efficacy, cost, side effects, adverse reactions, contraindications, and drug interactions. Duplicates Credit in PHRD 506. Instruction Mode: Lecture Grading Option: Letter

PHRD 517 Pharmacogenetics
Units: 2 Principles of gene expression and the influence of genetics on the effectiveness of drug therapy. Duplicates Credit in PHRD 505. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 519 Introduction to Pharmacy Practice
Units: 2 Introduction of principles of pharmaceutical care in community or hospital pharmacy setting. Includes basic practice skills. Duplicates Credit in PHRD 509. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 551 Immunology
Units: 3 Terms Offered: Fa. Basic principles of immunology and their application to the understanding and treatment of immunologically-mediated diseases. Provides the scientific basis of immunotherapy and immunodiagnosis. Instruction Mode: Lecture Grading Option: Letter

PHRD 552 Pharmaceutics III
Units: 3 Terms Offered: Sp. Principles and applications of controlled, targeted, and self-regulating drug delivery. Methods to deliver therapeutic peptides, proteins and genetic materials. Instruction Mode: Lecture Grading Option: Letter

PHRD 553 Management within Health Care Organizations
Units: 2 Terms Offered: Fa. Management of the professional practice of pharmacy in organized health care systems. Introduction to formulary development and outcome analysis. Instruction Mode: Lecture Grading Option: Letter

PHRD 554 Public Health and Epidemiology
Units: 2 Terms Offered: Sp. Introduction to epidemiology, environmental health, health education, health care organizations and financing. Orientation to social and governmental controls on the health care system. Instruction Mode: Lecture Grading Option: Letter

PHRD 555 Introduction to Therapeutics
Units: 4 Integrated teaching of the principles of pharmacology, biomedicinal chemistry, pharmacogenomics and clinical therapeutics. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 559 Therapeutics: Pharmacokinetics
Units: 3 Integrated teaching of basic and clinical pharmacokinetic/pharmacodynamic concepts. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 560 Therapeutics III
Units: 6 Terms Offered: Sp. Integrated teaching of biomedicinal chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs, with emphasis on pharmaceutics treating diseases associated with the central nervous system. Instruction Mode: Lecture Grading Option: Letter

PHRD 561 Pharmacy Practice and Experience III
Units: 3 Terms Offered: FaSp. Introductory Pharmacy Practice Experiences (IPPEs) in hospital and community settings. Includes; didactic instruction, laboratory practicums, IV training and practical experience hours. Registration Restriction: Open only to Pharmacy majors. Instruction Mode: Lecture, Lab Grading Option: Letter

PHRD 562 Therapeutics IV
Units: 4 Terms Offered: Sp. Integrated teaching of biomedicinal chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs with an emphasis on treating diseases of the renal, GI and pulmonary systems. Instruction Mode: Lecture Grading Option: Letter

PHRD 563 Case Conference 2
Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 564 Case Conference 3
Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 565 Pharmacy Practice and Professionalism 3
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 566 Pharmacy Practice and Professionalism 4
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 567 Pharmacy Law
Units: 2 Provide an introduction to the legal and ethical issues in pharmacy practice. Includes state and federal statutes, regulations, and pharmacy-related cases. Duplicates Credit in PHRD 616. Registration Restriction: Open only to
Doctor of Pharmacy students. Instruction Mode: Lecture
Grading Option: Letter

PHRD 570 Therapeutics: Central Nervous System
Units: 5 Integration of biomedicinal chemistry, pharmacology, pharmacokinetics, and therapeutics with emphasis on the central nervous system. Duplicates Credit in PHRD 560. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 572 Therapeutics: General Medicine and Inflammatory Disorders
Units: 5 Integrated approach to the management of common renal, liver, pulmonary, gastrointestinal, joint and integumental related disorders, as well as inflammatory disorders. Duplicates Credit in PHRD 562. Registration Restriction: Open only to graduate students in the School of Pharmacy Instruction Mode: Lecture Grading Option: Letter

PHRD 599 Special Topics
Units: 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5, 5.5, 6, 6.5, 7, 7.5, 8 Max Units: 8 Terms Offered: FaSp Comprehensive exploration of special and emerging topics in the practice of pharmacy. Registration Restriction: Open only to graduate students in the School of Pharmacy Instruction Mode: Lecture Grading Option: Letter

PHRD 601 Therapeutics V
Units: 6 Terms Offered: Fa Integrated teaching of biomedicinal chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs, with emphasis on pharmaceuticals affecting cardiovascular and circulatory diseases. CPR certification. Instruction Mode: Lecture Grading Option: Letter

PHRD 603 Therapeutics: Endocrine System
Units: 3 Integration of biomedicinal chemistry, pharmacology, pharmacokinetics, and therapeutics with emphasis on the endocrine and reproductive system. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 605 Therapeutics VII
Units: 4 Terms Offered: Fa Integrated teaching of the biomedicinal chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs; with emphasis on chemotherapy of infectious disease: bacterial, microbial, viral, parasitic, and fungal. Instruction Mode: Lecture Grading Option: Letter

PHRD 606 Therapeutics VIII
Units: 2 Terms Offered: Sp Advanced topics and clinical therapeutics of drugs; with emphasis on the treatment of infectious disease: bacterial, microbial, viral, parasitic and fungal. Instruction Mode: Lecture Grading Option: Letter

PHRD 607 Nutrition
Units: 2 Terms Offered: Fa Biomedical knowledge is correlated with assessments of clinical case management problems to understand the interrelationship between nutrition and health in both hospitalized and healthy patients. Instruction Mode: Lecture Grading Option: Letter

PHRD 608 Therapeutics IX
Units: 2 Terms Offered: Sp Integrated teaching of biomedicinal chemistry, pharmacology, clinical pharmacokinetics and therapeutics of drugs, with emphasis on pharmaceuticals for managing oncological diseases. Instruction Mode: Lecture Grading Option: Letter

PHRD 610 Therapeutics X
Units: 3 Terms Offered: Sp Focuses on the pharmacology, pharmacokinetics, medicinal chemistry and clinical therapeutics that apply to pharmaceutical care of pediatric, geriatric and chronic pain patients. Instruction Mode: Lecture Grading Option: Letter

PHRD 611 Therapeutics: Infectious Diseases
Units: 5 Integration of biomedicinal chemistry, pharmacology, pharmacokinetics, and therapeutics, with emphasis on the therapy of infectious diseases caused by bacterial, viral, parasitic, and fungal organisms. Duplicates Credit in PHRD 605 and PHRD 606. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 612 Therapeutics XI
Units: 2 Terms Offered: Sp Updates students on recent advances in clinical areas, prepares students for advanced practice experiences and assessment of clinical readiness via a final examination. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 614 Pharmaceutical Economics and Outcome Studies
Units: 3 Terms Offered: Sp Economic analysis of the U.S. health care system, the pharmaceutical industry, and the profession; economic assessment of drug therapy costs and health care outcomes applying pharmaco-economic research methodologies. Instruction Mode: Lecture Grading Option: Letter

PHRD 616 Pharmacy, Law and Ethics

PHRD 619 Therapeutics: Cardiovascular System
Units: 3 Terms Offered: Sp Focuses on the pharmacology, pharmacokinetics, medicinal chemistry and clinical therapeutics that apply to pharmaceutical care of cardiovascular diseases. Duplicates Credit in PHRD 601.

PHRD 620 Pharmacy Practice and Professionalism 5
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 621 Pharmacy Practice and Professionalism 6
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 622 Case Conference 4
Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction:
PHRD 623 Case Conference 5
Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 630 Therapeutics: Special Populations and Specialty Practice
Units: 6 Focuses on the pharmacology, pharmacokinetics, medicinal chemistry and clinical therapeutics that apply to pharmaceutical care of special patient populations and specialty practice. Duplicates Credit in PHRD 606 and PHRD 610 and PHRD 612. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 633 Management, Health Care Systems and Pharmacoeconomics
Units: 2 Management principles for pharmacy practice, understanding of health care systems and pharmacoeconomics. Introduction to formulary management and outcome analysis. Duplicates Credit in PHRD 553 and PHRD 614. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 651 Community Pharmacy I
Units: 3 Terms Offered: Fa Development of specialized knowledge and skills in community pharmacy practice involving location analysis, pharmacy management principles, and introduction to business law concepts. Instruction Mode: Lecture Grading Option: Letter

PHRD 652 Community Pharmacy II
Units: 3 Terms Offered: Sp A continuation of pharmacy business law concepts encompassing contract principles and forms of ownership, including a review of pharmacy laws, compounding principles, and OTC agents. Prerequisite: PHRD 651. Instruction Mode: Lecture Grading Option: Letter

PHRD 653 Health Systems Pharmacy I
Units: 3 Terms Offered: Fa Understanding formal and informal organizations in institutions, managed care, disease management, health care policy and financing, patients' chart organization, and clinical monitoring parameters. Instruction Mode: Lecture Grading Option: Letter

PHRD 654 Health Systems Pharmacy II
Units: 3 Terms Offered: Sp Recognizing resources available for drug information, familiarity with institutional formularies, medication counseling, writing chart notes, and clinical activities at an off-campus health care institution. Prerequisite: PHRD 557. Instruction Mode: Lecture Grading Option: Letter

PHRD 655 Geriatric Pharmacy I
Units: 3 Terms Offered: Fa Specialized knowledge and skills in geriatric pharmacy, pharmacology of aging, and unique functions of health care team providing care to the elderly patient. Instruction Mode: Lecture Grading Option: Letter

PHRD 656 Geriatric Pharmacy II
Units: 3 Terms Offered: Sp Specialized knowledge and skills in gerontology and geriatric pharmacy including the pathophysiology of selected cardiovascular, endocrine, genitourinary gastrointestinal disorders, osteoarthritis, and osteoporosis. Prerequisite: PHRD 559. Instruction Mode: Lecture Grading Option: Letter

PHRD 657L Basic Research Design
Units: 3 Max Units: 6.0 Terms Offered: FaSp Research experience to integrate research into Doctor of Pharmacy program. Research focuses on industrial, academic, or governmental issues. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHRD 658 Sleep and the Pharmacologic Management of Its Disorders
Units: 3 Terms Offered: FaSp Overview of normal sleep manifestations, and treatment of common sleep disorders, and the pharmacist's role in assessment, treatment, and referral. Instruction Mode: Lecture Grading Option: Letter

PHRD 659 Molecular Therapeutics: Signal Transduction
Units: 3 Terms Offered: FaSp Principles of molecular therapeutics against signaling pathways; emphasis on biological mechanisms underlying hormone, growth factor, and neurotransmitter-mediated gene regulation, proliferation, and cell death. Instruction Mode: Lecture Grading Option: Letter

PHRD 660 Disease State Management I
Units: 3 Terms Offered: FaSp The processes required to develop disease state management protocols based on data drawn from the medical research literature. Instruction Mode: Lecture Grading Option: Letter

PHRD 661 Pharmacy Practice in Women's Health
Units: 3 Terms Offered: FaSp The pharmaceutical care of women patients is emphasized. Therapeutic, psychosocial factors and current research in women's health. Instruction Mode: Lecture Grading Option: Letter

PHRD 662 Psychiatric Pharmacy Practice
Units: 3 Terms Offered: Sp Specialized knowledge and skills in psychiatric pharmacy practice including child, adult, and geriatric psychopharmacology applied to inpatient and outpatient treatment. Instruction Mode: Lecture Grading Option: Letter

PHRD 663 Pharmaceutical Development
Units: 3 Terms Offered: FaSp Examination of pharmaceutical product development process including discovery, preclinical клинические studies, regulatory-legal issues, and marketing. Instruction Mode: Lecture Grading Option: Letter

PHRD 664 Clinical Problem Solving
Units: 3 Terms Offered: Sp Integration of physical assessment, laboratory tests, history taking, and diagnosis to formulate decisions for optimal treatment plans in specific disease states. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CXPT-664

PHRD 665 Complementary/Alternative Therapeutics
Units: 3 Terms Offered: FaSp Examines the therapeutic use of complementary/alternative medicines, such as herbal medicines, homeopathic drugs, vitamins and other nutritional supplements. Instruction Mode: Lecture Grading Option: Letter

PHRD 666 Therapeutic Drug Monitoring
Units: 3 Terms Offered: FaSp Application of pharmacokinetic and pharmacodynamic principles to
individualize patient drug regimens. Instruction Mode: Lecture Grading Option: Letter

**PHRD 667 Drugs of Abuse**
Units: 3 Terms Offered: FaSp Specialized knowledge and skills in specific substance abuse-related areas. Each area will include addiction, wellness, and prevention components. Instruction Mode: Lecture Grading Option: Letter

**PHRD 668 Computing Application**
Units: 3 Terms Offered: FaSp Specialized knowledge and skills using computers in professional practice: telecommunication protocols, typical patient databases in hospital and community pharmacies, drug interactions, insurance billing, inventory control. Instruction Mode: Lecture Grading Option: Letter

**PHRD 669 Health Care Needs of Special Populations**
Units: 3 Terms Offered: FaSp Health care needs of the poor will be examined through participation in a multidisciplinary community clinic setting focusing on medication counseling and compliance. Instruction Mode: Lecture Grading Option: Letter

**PHRD 670 Marketing and Development in the Pharmaceutical Industry**
Units: 3 Terms Offered: FaSp Basic and advanced strategies for marketing and development of new compounds or indication in the pharmaceutical industry. Recommended Preparation: PHRD 663. Instruction Mode: Lecture Grading Option: Letter

**PHRD 671 Pharmacy Education Seminar**
Units: 3 Terms Offered: FaSp A seminar course with a focus on educational methods and teaching skills providing career development for students interested in academia. Instruction Mode: Lecture Grading Option: Letter

**PHRD 675 Travel Medicine**
Units: 3 Terms Offered: FaSp An elective course for emphasizing the role of the pharmacist in preventing and treating travel related medical conditions. Instruction Mode: Lecture Grading Option: Letter

**PHRD 677 Risk Assessment and Management in Pharmacy Practice**
Units: 3 Terms Offered: FaSp Specific risk management issues, legal and professional expectations of pharmacists, and assessing and avoiding risk. Instruction Mode: Lecture Grading Option: Letter

**PHRD 701 Acute Care Clinical APPE**
Units: 6 Terms Offered: FaSpSm Application of pharmaceutical care principles to the adult patient population in an acute care environment. Pharmacology, pharmacokinetics, and disease state management will be emphasized. Registration Restriction: Open to Doctor of Pharmacy students only. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 703 Long Term Care Clerkship**
Units: 6 Terms Offered: FaSpSm Application of pharmaceutical care to patients in long term care environments. Understanding of the therapeutic, legal and special needs of this patient population.

**PHRD 704 Primary Care APPE**
Units: 6 Disease state management and a primary care setting. Modification and design of drug therapy regimens and primary patient care using a team based approach. Registration Restriction: Open to Doctor of Pharmacy students only. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 705 Community Pharmacy APPE**
Units: 6 Terms Offered: FaSpSm Pharmaceutical care principles applied to the community pharmacy environment. Participating in the development, implementation and outcome evaluation of patient care services in the community. Registration Restriction: Open to Doctor of Pharmacy students only. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 706 Geriatrics Clerkship**
Units: 6 Terms Offered: FaSpSm Drug therapy and management of geriatric patients with a focus on unique medical, economic, and psycho-social problems of this population.

**PHRD 714 Nuclear Pharmacy APPE**
Units: 6 Terms Offered: FaSpSm Provides practical and theoretical aspects of radiopharmacy services delivery. Instruction Mode: Lecture Grading Option: Letter

**PHRD 718 Hospital Pharmacy Practice APPE**
Units: 6 Terms Offered: FaSpSm Practical experience in the practice of hospital pharmacy. Administrative, practice-based and therapeutic competencies emphasized. Instruction Mode: Lecture Grading Option: Letter

**PHRD 725 International Pharmacy Practice Experience**
Units: 3, 6 Terms Offered: FaSpSm Practical experience in the practice of pharmacy in the international setting. Students will visit an international pharmacy practice setting and complete a project. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

**PHRD 726 Directed Clinical Project I APPE**
Units: 6 Max Units: 12.0 Terms Offered: FaSpSm Directed educational opportunities not presently offered as electives, e.g., research project or new and evolving practice models. Instruction Mode: Lecture Grading Option: Letter

**PHRD 727 Directed Clinical Clerkship Project II**
Units: 6 Terms Offered: FaSpSm Directed educational opportunities not presently offered as electives, e.g., research projects or new and evolving clerkships. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

**PHRD 730 Acute Care Geriatrics Clerkship**
Units: 6 Terms Offered: FaSpSm Pharmaceutical care principles applied to the acutely ill geriatric patient population. Emphasis on drug therapy problem solving, physiology, pharmacokinetics and compliance problems.

**PHRD 731 Advanced Geriatrics APPE**
Units: 6 Terms Offered: FaSpSm Directed projects/practical experience in geriatric drug therapy. Instruction Mode: Lecture Grading Option: Letter

**PHRD 735 Clinical Pharmacy Research APPE**
Units: 6 Terms Offered: FaSpSm Drug research administration: research design; ethics; record-keeping; and institutional review. Practical experience emphasized. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter
PHRD 738 Pharmaceutical Industry APPE  
Units: 6  Terms Offered: FaSpSm  Practical experience within a pharmaceutical company may include: clinical affairs, drug development, research, and/or marketing process.  
Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 750 Advanced Pharmacy Practice Elective (APPE)  
Units: 6 Max Units: 18.0  Terms Offered: FaSpSm  Pharmacy practice experience (internship) course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 751 Non-traditional Advanced Pharmacy Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Pharmacy practice experience (internship) course in a non-traditional or emerging setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 790 Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  Max Units: 12.0  Terms Offered: FaSpSm  Research leading to doctorate in Clinical and Experimental Therapeutics. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 794a Doctoral Dissertation  
Units: 2  Terms Offered: FaSpSm  Dissertation research required for completion of Doctor of Philosophy in Clinical and Experimental Therapeutics. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHRD 794b Doctoral Dissertation  
Units: 2  Terms Offered: FaSpSm  Dissertation research required for completion of Doctor of Philosophy in Clinical and Experimental Therapeutics. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHRD 794c Doctoral Dissertation  
Units: 2  Terms Offered: FaSpSm  Dissertation research required for completion of Doctor of Philosophy in Clinical and Experimental Therapeutics. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHRD 794d Doctoral Dissertation  
Units: 2  Terms Offered: FaSpSm  Dissertation research required for completion of Doctor of Philosophy in Clinical and Experimental Therapeutics. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHRD 794e Doctoral Dissertation  
Units: 0  Terms Offered: FaSpSm  Capstone course required for completion of Doctor of Pharmacy degree. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PHRD 796a Doctor of Pharmacy Capstone  
Units: 0  Terms Offered: FaSpSm  Capstone course required for completion of Doctor of Pharmacy degree. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 796b Doctor of Pharmacy Capstone  
Units: 0, 3  Terms Offered: FaSpSm  Capstone course required for completion of Doctor of Pharmacy degree. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 135a Physics for the Life Sciences  
Units: 4  Terms Offered: FaSpSm  Fundamental laws and principles to the problems of architecture. Not available for degree credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 226 Problem Solving in Mechanics and Thermodynamics  
Units: 1  Terms Offered: FaSpSm  Problem solving in mechanics and thermodynamics. Not available for degree credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 151 Non-traditional Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a non-traditional or emerging setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 152 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 153 Non-traditional Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a non-traditional or emerging setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 154 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 155 Non-traditional Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a non-traditional or emerging setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 156 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 157 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 158 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 159 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 160 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 161 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 162 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 163 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 164 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 165 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 166 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 167 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 168 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 169 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 170 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 171 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 172 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 173 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 174 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 175 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 176 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 177 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 178 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 179 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 180 Advanced Physics Elective (APPE)  
Units: 6  Terms Offered: FaSpSm  Advanced physics course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter
PHYS 151Lg Fundamentals of Physics I: Mechanics and Thermodynamics
Units: 4 Terms Offered: FaSpSm Gateway to the majors and minors in Physics and Astronomy. Statics and dynamics of particles and rigid bodies, conservation principles, gravitation, simple harmonic oscillators, thermodynamics, heat engines, entropy. Prerequisite: PHYS 151Lg, MATH 126 Corequisite: MATH 226. Instruction Mode: Lecture, Lab Required, Quiz Grading Option: Letter

PHYS 152L Fundamentals of Physics II: Electricity and Magnetism
Units: 4 Terms Offered: FaSpSm Electrostatics, magnetostatics, electrical circuits, wave motion, sound waves, electromagnetic waves. Prerequisite: PHYS 151Lg, MATH 126 Corequisite: MATH 226. Instruction Mode: Lecture, Lab Required, Quiz Grading Option: Letter

PHYS 153L Fundamentals of Physics III: Optics and Modern Physics
Units: 4 Terms Offered: FaSpSm Geometrical optics, interference, diffraction, special relativity, quantum mechanics, atomic physics, solid state physics. Prerequisite: PHYS 152. Instruction Mode: Lecture, Lab Required, Quiz Grading Option: Letter

PHYS 161Lg Advanced Principles of Physics I
Units: 4 Terms Offered: Sp Gateway to the majors and minors in Physics and Astronomy. Introductory treatment intended for well-qualified students. Dynamics of particles and rigid bodies, conservation laws, wave motion, thermodynamics, heat engines, entropy. Prerequisite: MATH 126 Corequisite: MATH 226 Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 162L Advanced Principles of Physics II
Units: 4 Terms Offered: Fa Electrostatics, magnetostatics, electrical circuits, electric and magnetic properties of matter, Maxwell's equations, electromagnetic waves, propagation of light. Prerequisite: MATH 226 Recommended Preparation: PHYS 161 Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 163L Advanced Principles of Physics III
Units: 4 Terms Offered: Sp Interference and diffraction of waves, special relativity, quantum mechanics, atomic physics, nuclear physics, condensed matter physics, elementary particles. Prerequisite: PHYS 162 Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 190 Physics Discovery Series
Units: 1 Terms Offered: Fa Introduction to current research activities of the faculty of the department; topics of current and popular interest among the wider community of physicists. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 200Lg The Physics and Technology of Energy
Units: 4 Terms Offered: FaSp Investigation of energy technologies, including development and implementation issues. Topics include the industrial revolution, electromagnetic induction, power transmission, combustion engines, fission and fusion. Not available for major credit. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 304 Mechanics
Units: 4 Terms Offered: Fa Dynamics of particles, kinematics of rotations, rigid body motion, Lagrangian and Hamiltonian formalism, theory of small vibrations. Prerequisite: PHYS 151 or PHYS 161, MATH 245. Instruction Mode: Lecture Grading Option: Letter

PHYS 316 Thermodynamics and Statistical Mechanics
Units: 4, 2 years Terms Offered: Sp First, second, and third thermodynamic laws; thermodynamic potentials, applications; distribution laws, kinetic theory, transport phenomena, specific heats. Prerequisite: PHYS 152 or PHYS 161, MATH 226. Instruction Mode: Lecture Grading Option: Letter

PHYS 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PHYS 408a Electricity and Magnetism
Units: 4 Terms Offered: Sp Electromagnetic induction; AC circuits, Maxwell's equations. Prerequisite: PHYS 152 or PHYS 162, Corequisite: MATH 245. Instruction Mode: Lecture Grading Option: Letter

PHYS 408b Electricity and Magnetism
Units: 4 Terms Offered: Fa Electrodynamics; thermal, chemical, magnetic effects of steady currents; DC circuits. Prerequisite: PHYS 152 or PHYS 162; Corequisite: MATH 245. Instruction Mode: Lecture Grading Option: Letter

PHYS 430 General Relativity and Gravitation
Units: 4 Terms Offered: Sp Geometry of the Universe, special relativity, curved metrics, black holes, equivalence principle, cosmology, Friedman-Robertson-Walker geometry, Einstein's equations. Prerequisite: PHYS 304; Instruction Mode: Lecture Grading Option: Letter

PHYS 438a Introduction to Quantum Mechanics and its Applications
Units: 4 Terms Offered: Sp Concepts and techniques of quantum mechanics; free and bound states, the hydrogen atom. Prerequisite: PHYS 304; Corequisite: MATH 445. Instruction Mode: Lecture Grading Option: Letter

PHYS 438b Introduction to Quantum Mechanics and its Applications
Units: 4 Terms Offered: Fa Relativity, atomic spectra, quantum statistics, nuclear models, nuclear reactions, elementary particles. Prerequisite: PHYS 304; Corequisite: MATH 445. Instruction Mode: Lecture Grading Option: Letter

PHYS 440 Introduction to Condensed Matter Physics
Units: 4 Terms Offered: Irregular, Sp Crystal structures, x-ray diffraction, thermal properties of solids, diamagnetism and paramagnetism, free-electron model of metals, semiconductors, ferromagnetism, super-conductivity, imperfections in crystals. Corequisite: PHYS 438a. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EE-436

PHYS 444 Physical Biology: From Molecules to Cells
Units: 4 Terms Offered: Fa Length, time, and energy scales of life; statistical mechanics of biomolecules and cellular processes; physics of cell shape; biological fluid dynamics; electron transfer and metabolism. Prerequisite: PHYS 152 or PHYS 162; Recommended Preparation: BISC 220. Instruction Mode: Lecture Grading Option: Letter

PHYS 472 Introduction to Lasers and Laser Systems
theory; identical particles; electromagnetic properties of atoms. Instruction Mode: Lecture Grading Option: Letter

PHYS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

PHYS 593 Practicum in Teaching Physics and Astronomy
Units: 2 Terms Offered: Fa Practical principles for the long-term development of effective teaching within the physical sciences. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 594z Master's Thesis
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In

PHYS 630 Science of Nanoscale Materials
Units: 3 Terms Offered: Fa Fundamental physics of low dimensional systems, with an emphasis on nanoscale materials (e.g. nanotot, nanowire, graphene) and state-of-the-art research topics, including characterization of nanostructure materials, and device concepts that take the advantage of low dimensionality. Prerequisite: PHYS 440; Recommended Preparation: knowledge of basic quantum mechanics. Instruction Mode: Lecture Grading Option: Letter

PHYS 640 Advanced Condensed Matter Physics
Units: 3 Terms Offered: Sp Magnetism, magnons; superconductivity; transport phenomena; many-body effects; interacting electron gas; Hartree-Fock theory; neutron and X-ray scattering; and other selected topics. Recommended Preparation: PHYS 540, PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 650 Topics in Current Research
Units: 2 Terms Offered: Fa Course content will vary each year. It will include topics of current interest in research conducted in academia and industry. Instruction Mode: Lecture Grading Option: Letter

PHYS 660 Quantum Information Science and Many-Body Physics
Units: 3 Terms Offered: Sp Introduction to advanced techniques in theoretical many-body physics based on quantum information theory. Prerequisite: PHYS 438a, PHYS 438b; Recommended Preparation: Introduction to quantum information and computation, mathematical methods for theoretical physics. Instruction Mode: Lecture Grading Option: Letter

PHYS 668 Advanced Quantum Mechanics
Units: 3 Terms Offered: Sp Relativistic wave equations; second quantization of Klein-Gordon, Dirac and Maxwell fields; applications in quantum electrodynamics and condensed matter physics. Recommended Preparation: PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 669a Group Theory and Symmetries in Physics
Units: 3 Terms Offered: Irregular Abstract group theory; representation theory; point groups; selection rules; crystal tensors; molecular vibrations; rotation group; SU(2); Wigner-Eckart theorem; crystal-field splitting; time-reversal symmetry; gauge invariance; SU(3) and quarks. Recommended Preparation: PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 669b Group Theory and Symmetries in Physics
Units: 3 Terms Offered: Irregular Application of group theory in field theory and particle physics: Lie groups and representations, Young tableaux, Dynkin diagrams, Poincare group, classical groups and supergroups, gauge theories. Recommended Preparation: PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 670 High Energy Physics
Units: 3 Terms Offered: Irregular Elementary particles and the fundamental forces acting on them. Quarks, leptons, symmetries, gauge invariance, spontaneously broken symmetry, electroweak theory, quantum chromodynamics grand unified theory, strings. Recommended Preparation: PHYS 668. Instruction Mode: Lecture Grading Option: Letter

PHYS 678 Relativistic Quantum Field Theory
Units: 3 Terms Offered: Irregular Computational methods in relativistic quantum field theory: Feynman path integral, covariant perturbation theory, regularization, renormalization group, and non-perturbative techniques. Recommended Preparation: PHYS 668. Instruction Mode: Lecture Grading Option: Letter

PHYS 680 Advanced Quantum Field Theory
Units: 3 Terms Offered: Irregular Renormalization, quantization of gauge theories, non-Abelian gauge theories, quantum chromodynamics, spontaneous symmetry breaking, the standard model, anomalies. Recommended Preparation: PHYS 678. Instruction Mode: Lecture Grading Option: Letter

PHYS 682 Supersymmetric Field Theory
Units: 3 Terms Offered: Fa Supersymmetry algebra, Coleman-Mandula theorem, N=1 and N=2 Yang-Mills theory, Seiberg duality, holomorphy, introduction to Seiberg-Witten theory, electromagnetic duality, BPS states. Recommended Preparation: PHYS 678, PHYS 680. Instruction Mode: Lecture Grading Option: Letter

PHYS 684 Advanced String Theory
Units: 3 Terms Offered: Sp Advanced string theory. Strong coupling and nonperturbative techniques. D-branes, black holes, duality, AdS/CFT. Applications in particle, nuclear and condensed matter physics, and quantum gravity. Recommended Preparation: PHYS 530, PHYS 678, PHYS 680. Instruction Mode: Lecture Grading Option: Letter

PHYS 690 Introduction to Physical Biology
Units: 3 Terms Offered: Sp Introduces students to the role of physics in biology. Considers both experimental and more fundamental points of view. Explores a few current research directions. Recommended Preparation: good knowledge of basic statistical mechanics and thermodynamics. Instruction Mode: Lecture Grading Option: Letter
PHYS 692 Internship  
Units: 3 or 6  Max Units: 6.0  Terms Offered: FaSpSm  Field application of physics in a business or industry setting; part-time employment. Project to be jointly defined by student, employer and professor. Instruction Mode: Lecture Grading Option: Letter

PHYS 710 Selected Topics in Experimental Physics  
Units: 3  Max Units: 6.0  Course content will vary yearly with current interest. Topics covered may include superconducting quantum interference devices, scanning tunneling microscopy, and laser cooling and trapping of single atoms. Instruction Mode: Lecture Grading Option: Letter

PHYS 720 Selected Topics in Theoretical Physics  
Units: 3  Max Units: 6.0  Course content will vary yearly with current interest. Topics covered may include field theory, many body theory, Green's functions, dispersion theory, and group theory. Instruction Mode: Lecture Grading Option: Letter

PHYS 730 Selected Topics in Particle Physics  
Units: 3  Max Units: 6.0  Various advanced phases of particle physics. Content will vary yearly; emphasis on superstring theories, advanced topics in quantum gravity, and field theory. Recommended Preparation: PHYS 678. Instruction Mode: Lecture Grading Option: Letter

PHYS 740 Selected Topics in Condensed Matter Physics  
Units: 3  Max Units: 6.0  Course content will vary yearly with current interest. Topics covered may include theory of superconductivity, high temperature superconductivity, Green's functions in condensed matter physics, magnetism and transport in disordered metals. Instruction Mode: Lecture Grading Option: Letter

PHYS 750a Off Campus Studies  
Units: 3  Max Units: 9.0  Course work taken on campus at Caltech as part of the Caltech-USC cross-registration program. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 790 Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

PHYS 794a Doctoral Dissertation  
Units: 2  Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794b Doctoral Dissertation  
Units: 2  Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794c Doctoral Dissertation  
Units: 2  Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794d Doctoral Dissertation  
Units: 2  Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794z Doctoral Dissertation  
Units: 0  Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Urban and Regional Planning

PLUS 600 Environmental Goods in Planning and Development  
Units: 4  Terms Offered: Irregular  Production, distribution, and valuation of environmental goods with attention to amenity concepts, externalities, public goods, consumer behavior; as characterized in economics, political science, sociology, psychology. Instruction Mode: Lecture Grading Option: Letter

PLUS 601 Advanced Planning Theory I  
Units: 4  Terms Offered: Fa  Value hierarchies, means-ends continuums, and the nature of social action; problems of prediction and choice under conditions of uncertainty; alternative planning strategies. Instruction Mode: Lecture Grading Option: Letter

PLUS 603 Planning and Development Paradigms  
Units: 4  Terms Offered: Sp  Introduction to historic, prevalent, and alternative paradigms of professional planning and development practice; seminar format and case studies. Instruction Mode: Lecture Grading Option: Letter

PLUS 612 Analysis of Quantitative Data for Planning and Development  
Units: 4  Terms Offered: Fa  Planning and development case study approach to identifying data needs, acquisition, evaluation, manipulation, analysis, and multimedia presentation. Prerequisite: PPD 525. Instruction Mode: Lecture Grading Option: Letter

PLUS 615 Behavioral Issues in Environmental Design  
Units: 4  Terms Offered: Irregular  Planning and design of the physical environment for human activities, e.g., user preferences, privacy, territoriality, stress and adaptation, cognitive mapping, lifestyles. Instruction Mode: Lecture Grading Option: Letter

PLUS 623 Politics of Planning and the Urban Environment  
Units: 4  Terms Offered: Sp  Historic roots of property rights and obligations related to public policy, focus on current issues and discourse. Instruction Mode: Lecture Grading Option: Letter

PLUS 626 Information Systems for Planning and Development  
Units: 4, 2 years  Terms Offered: Sp  Structure, content, and applications of formal information systems in planning and policy making emphasizing social accounts and indicators, censuses, social reporting, and "futures" research. Instruction Mode: Lecture Grading Option: Letter

PLUS 631 Seminar in Physical Planning and Design in Developing Countries  
Units: 4  Terms Offered: Irregular  Issues in comparative urbanism; planning and design in developing countries: slums and squatters, housing and infrastructure, new towns, land policy, conservation and redevelopment, city design. Instruction Mode: Lecture Grading Option: Letter

PLUS 632 National Urban Policy in Developing Countries  
Units: 4  Terms Offered: Irregular  The problems of the primate city, the role of intermediate cities, and the implicit
Preventive Medicine

PM 500 Foundations of Health Behavior
Units: 4 Terms Offered: Fa Overview of behavioral theory and research in disease prevention and health promotion and in adaptation of chronic disease, including an introduction to measures of outcomes. Prerequisite: admission to PhD in Preventive Medicine. Instruction Mode: Lecture Grading Option: Letter

PM 501 Foundations in Health Education and Promotion
Units: 4 Terms Offered: FaSpSm Overview and application of behavioral theories to the field of health education and promotion. Examines the determinants of health behavior and strategies for change at the individual, group and community level. Instruction Mode: Lecture Grading Option: Letter

PM 504 Quality in Health Care
Units: 4 Terms Offered: FaSpSm Examines quality assessment at different levels of the health care system including health plans, physicians, hospital and integrated system performance. Prerequisite: PM 508 Instruction Mode: Lecture Grading Option: Letter

PM 505 Training and Curriculum Design in Public Health
Units: 4 Terms Offered: Sm Curriculum writing and training skills applied to public health needs and settings. Covers adult learning theories, assessment of learning needs, curriculum design, training design, conduct and evaluation. Recommended Preparation: PM 500. Instruction Mode: Lecture Grading Option: Letter

PM 508 Health Service Delivery in the U.S.
Units: 4 Terms Offered: FaSpSm Historical development of the American health care system; determinants of health care utilization; role of health care providers; health policy; public health services; and health care finance. Instruction Mode: Lecture Grading Option: Letter

PM 509 Comparative Health Care Systems
Units: 4 Terms Offered: Sp Macro-level analysis of the structure and delivery of health care services around the world, including an examination and comparison of health system performance. Instruction Mode: Lecture Grading Option: Letter

PM 510L Principles of Biostatistics
Units: 4 Terms Offered: FaSp Concepts of biostatistics; appropriate uses and common misuses of health statistics; practice in the application of statistical procedures; introduction to statistical software including EXCEL, SPSS, nQuery. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PM 511aL Data Analysis
Units: 4 Terms Offered: FaSp Major parametric and nonparametric statistical tools used in biomedical research, computer packages including SAS. Includes laboratory. Prerequisite: PM 510. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as MATH-511A

PM 511bL Data Analysis
Units: 4 Terms Offered: Sp Exploratory data analysis, detection of outliers, robust methods, fitting data with linear and nonlinear regression models, computer packages including BMDP. Includes laboratory. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as MATH-511B
PM 511cL Data Analysis
Units: 4 Terms Offered: FaSpSm. Methods and applications for modeling longitudinal, time-to-event and multi-level data. Includes laboratory using R package. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PM 512 Principles of Epidemiology
Units: 4 Terms Offered: FaSp. Terminology/uses of epidemiology and demography; sources/uses of population data; types of epidemiologic studies; risk assessment; common sources of bias in population studies; principles of screening. Recommended Preparation: algebra. Instruction Mode: Lecture Grading Option: Letter

PM 513 Experimental Designs
Units: 3 Terms Offered: Sp. Statistical methods for analysis of various experimental designs. Parametric analysis of variance (ANOVA), repeated measures methods, crossover designs, non-parametric ANOVA. Recommended Preparation: PM 510L. Instruction Mode: Lecture Grading Option: Letter

PM 514 Sexually Transmitted Infections: a Systems Approach
Units: 4 Terms Offered: Sm. Exploration of the interplay between systems, policy, advocacy, programs, and research with sexually transmitted infections. Issues such as health literacy, access to care, and evidence-based interventions designed to avert disparities in health, especially sexual health, will be evaluated. Recommended Preparation: PM 501 and PM 512 Instruction Mode: Lecture Grading Option: Letter

PM 515 Multivariate Statistics in Health Behavior Research
Units: 4 Terms Offered: Sp. Advanced training in multivariate statistical techniques involving general linear modeling, mixed modeling and basic latent variables analysis in health behavior research. Prerequisite: PM 511aL and PM 511bL. Instruction Mode: Lecture Grading Option: Letter

PM 516a Statistical Problem Solving
Units: 1 Terms Offered: FaSpSm. An overview of the tools used by statisticians for solving statistical problems. Prerequisite: PM 510L. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

PM 516b Statistical Problem Solving
Units: 1 Terms Offered: FaSpSm. An overview of the tools used by statisticians for solving statistical problems. Prerequisite: PM 510L. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

PM 517a Research Methods in Epidemiology
Units: 3 Terms Offered: FaSp. Study design, ascertainment of study objects, questionnaire development, various methodological issues in data analysis and interpretation including bias, measurement error, confounding and effect modification. Prerequisite: PM 511aL, PM 518a. Instruction Mode: Lecture Grading Option: Letter

PM 517b Research Methods in Epidemiology
Units: 3 Terms Offered: FaSp. Overview of epidemiologic research in cancer. Selected cancer sites will be covered to highlight study design and conduct, exposure assessment, data analysis and interpretation. Prerequisite: PM 517a. Instruction Mode: Lecture Grading Option: Letter

PM 518a Statistical Methods for Epidemiological Studies I, II
Units: 3 Terms Offered: Sp. Principles and methods used in epidemiology for comparing disease frequencies between groups. Restricted to the analysis of binary outcome variables. Prerequisite: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 518b Statistical Methods for Epidemiological Studies I, II
Units: 3 Terms Offered: Sp. Statistical methods for binary outcomes by introducing techniques for cross classified risks and rates and regression models for individual data. Prerequisite: PM 518a. Instruction Mode: Lecture, Discussion Grading Option: Letter

PM 519 Introduction to Human Nutrition

PM 520L Advanced Statistical Computing
Units: 3 Terms Offered: SpSm. Techniques for the solution of statistical problems through intensive computing; iterative techniques, randomization tests, the bootstrap, Monte Carlo methods. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PM 521a Seminar in Nutrition
Units: 2 Terms Offered: FaSp. Duplicates Credit in former PHNU 520ab. Instruction Mode: Lecture Grading Option: Letter

PM 521b Seminar in Nutrition
Units: 2 Terms Offered: FaSp. Duplicates Credit in former PHNU 520ab. Instruction Mode: Lecture Grading Option: Letter

PM 522a Introduction to the Theory of Statistics
Units: 3 Terms Offered: FaSp. Density distribution and hazard functions; normal, chi-square, student's t and F distributions; and sampling procedures for single factor and multiple factor designs, distributions. Recommended Preparation: working knowledge of multivariable calculus and familiarity with linear algebra. Instruction Mode: Lecture Grading Option: Letter

PM 522b Introduction to the Theory of Statistics

PM 523 Design of Clinical Studies
Units: 3 Terms Offered: Sp. Design, conduct, and interpretation of results of clinical trials; emphasis on principles affecting structure, size, duration of a trial, and the impact of ethical and practical considerations. Prerequisite: PM 511a, PM 511b, PM 513. Instruction Mode: Lecture Grading Option: Letter

PM 524a Practicum in Health Behavior
Units: 2 Terms Offered: FaSpSm. Practical experience in a variety of field settings to gain a certain type of skill such as curriculum development, media production, and patient education. Practicum in prevention. Recommended
PM 524b Practicum in Health Behavior
Units: 2 Terms Offered: FaSpSm Practical experience in a variety of field settings to gain a certain type of skill such as curriculum development, media production, and patient education. Practicum in compliance. Recommended Preparation: PM 500. Instruction Mode: Lecture Grading Option: Letter

PM 525 Culture and Health: Global Perspectives
Units: 4 Terms Offered: FaSpSm International variations in health status with a focus on the impact of socioeconomic status, politics, environment, education and gender in etiology of illness, access to health care, progression of disease, and recovery. Instruction Mode: Lecture Grading Option: Letter

PM 526 Communications in Public Health
Units: 4 Terms Offered: Sp Application of communication theories and methods to community health problems. Includes background assessment, program design, evaluation, social marketing, media advocacy, review of major health campaigns. Recommended Preparation: PM 500. Instruction Mode: Lecture Grading Option: Letter

PM 527 Epidemiology of Infectious Disease
Units: 4 Terms Offered: FaSpSm Survey of natural history of infectious disease, methods of disease control and outbreak investigation, and an overview of the epidemiology of injury. Prerequisite: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 528 Program Design and Evaluation
Units: 4 Terms Offered: Sp Core concepts, methods and values of public health program planning and evaluation, including community needs assessment, writing objectives, designing health promotion programs, process and outcome evaluation. Recommended Preparation: PM 500. Instruction Mode: Lecture Grading Option: Letter

PM 529 Environmental Health: An Epidemiological Approach
Units: 4 Terms Offered: FaSpSm An overview of environmental health, identifying issues in assessing effects of exposure on health and potential interventions for reducing adverse health risks. Prerequisite: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 530 Biological Basis of Disease
Units: 4, 2 years Terms Offered: Sp With a physiological overview, differentiates genetic and environmental disease; emphasis on the relationships between lifestyle, behavior, and health. Prerequisite: admission to PhD in Preventive Medicine, Health Behavior Research or basic biology. Instruction Mode: Lecture Grading Option: Letter

PM 531 Research Methods in Nutrition
Units: 4 Terms Offered: Fa In-depth discussion of nutrition research including nutrition assessment, measurement of dietary intake, study design, statistical issues, critical appraisal, and translation into practice. Prerequisite: PM 510, PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 532 Genetics in Public Health and Preventive Medicine
Units: 4 Terms Offered: Sm History and philosophy of public health genetics and mechanisms of genetic diseases. Epidemiologic methods used to identify genetic diseases in individuals, families, and populations. Emphasis on prevention and relevant ethical issues. Recommended Preparation: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 533 Genetic and Molecular Epidemiology
Units: 3, 2 years Terms Offered: Fa Genetic principles; design and analysis of family studies; introduction to likelihood estimation; segregation and linkage analysis; laboratory methods; susceptibility genes; association and linkage disequilibrium. Prerequisite: PM 510, PM 511a, PM 512, PM 518a. Instruction Mode: Lecture Grading Option: Letter

PM 534 Statistical Genetics
Units: 4 Terms Offered: Sp Familial aggregation, segregation analysis, linkage analysis, association, regressive models, gene-environment interactions, genetic heterogeneity and linkage disequilibrium. Prerequisite: PM 518a, PM 522a. Instruction Mode: Lecture Grading Option: Letter

PM 535 Nutrition in Public Health
Units: 4 Terms Offered: Fa Principles related to developing effective programs and services to improve the health and nutrition within a community. Attaining and maintaining nutritional health related to biology, lifestyle choices, environments, and health care delivery systems. Recommended Preparation: PM 530. Duplicates Credit in former PHNU 523. Instruction Mode: Lecture Grading Option: Letter

PM 536 Program Evaluation and Research
Units: 4 Terms Offered: Fa Overview of concepts, tools, data collection, analysis methods and designs used to evaluate health promotion programs. Examples from substance abuse prevention, family planning and reproductive health programs. Instruction Mode: Lecture Grading Option: Letter

PM 537 Chronic Disease Epidemiology
Units: 4 Terms Offered: FaSpSm Overview of causative factors and demographic distribution of major chronic diseases in the western world. Epidemiologic concepts, methods and research design as applied to chronic disease prevention will be emphasized. Prerequisite: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 538 Introduction to Biomedical Informatics
Units: 3 Terms Offered: Sm Overview of current topics, enabling technologies, research initiatives, and practical considerations in biomedical informatics. Instruction Mode: Lecture Grading Option: Letter

PM 539 Nutrient-Drug Interactions
Units: 2 Terms Offered: Sm Examines the various ways foods, and the nutrients contained in them, interact with medications used to treat chronic health conditions. Instruction Mode: Lecture Grading Option: Letter
PM 540 Maternal and Child Nutrition: Practice and Policy
Units: 4 Physiological basis for good nutrition during pregnancy and childhood through adolescence. Design, implementation and evaluation of public health nutrition programs and policies serving women and children. Recommended Preparation: PM 530. Instruction Mode: Lecture Grading Option: Letter

PM 541 Obesity, Metabolism and Health
Units: 4 Terms Offered: Fa Overview of the epidemiology of obesity, related health conditions and mechanisms related to energy balance, food intake and genetics. Discussion of prevention and treatment strategies. Recommended Preparation: PM 530. Instruction Mode: Lecture Grading Option: Letter

PM 542 Social Network Analysis
Units: 4 Terms Offered: Sp Theory, methods and procedures of network analysis with emphasis on applications to public health programs. Instruction Mode: Lecture Grading Option: Letter

PM 543L Nonparametric Statistics
Units: 3 (Enroll in MATH 543) Instruction Mode: Includes laboratory.

PM 544L Multivariate Analysis
Units: 3, 2 years Terms Offered: SpSm Exploratory and inferential techniques for multivariate data, Hotelling's T2, multivariate analysis of variance, classification analysis, principle components, cluster analysis, factor analysis. Involves computer use. Prerequisite: PM 510, PM 522a. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as MATH-544

PM 545L Introduction to Time Series
Units: 3 (Enroll in MATH 545) Instruction Mode: Includes laboratory.

PM 546 Biological Threats and Terrorism
Units: 4 Terms Offered: Fa History of biowarfare and bioterrorism; proper surveillance techniques, capacity building for public health and medical communities, and the importance of effective communications. Methods of preparedness, prevention and response are examined. Recommended Preparation: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 547 Public Health Policy and Politics
Units: 4 Terms Offered: FaSp Examining of major policy issues in the U.S. health care delivery system to understand policy options in reforming health care and reducing health care disparities. Prerequisite: PM 509 . Instruction Mode: Lecture, Discussion Grading Option: Letter

PM 548 Prevention and Public Policy
Units: 2 Terms Offered: FaSp Introduction to prevention policy framework; examination of how the application of epidemiology and behavioral aspects of diseases shapes the development of public health policy. Prerequisite: PM 508 , PM 512. Instruction Mode: Lecture, Discussion Grading Option: Letter

PM 549 Human Molecular Genetics
Units: 4 Terms Offered: FaSpSm (Enroll in BIOC 543)

PM 550 Sample Surveys
Units: 3 (Enroll in MATH 550)

PM 551 Statistical Methods in Genome-Wide Association Studies
Units: 3 Terms Offered: FaSpSm Provides epidemiologists with an overview of current statistical problems and approaches in the design and analysis of genome-wide association studies. Prerequisite: PM 511a, PM 512; Corequisite: PM 522a. Instruction Mode: Lecture Grading Option: Letter

PM 552 Statistical Methods in Clinical Trials
Units: 3, 2 years Terms Offered: Sp Stochastic failure process; parametric models for survival data; sample size estimation procedures for clinical trials; multivariate regression models for binary outcome and censored survival data; computer programs; multiple failure modes and competing risks. Prerequisite: PM 518a, MATH-408. Instruction Mode: Lecture Grading Option: Letter

PM 553 Human Exposure Assessment for Public Health
Units: 4 Terms Offered: FaSp Examining of important routes of exposure to toxic materials; how to measure exposure; strengths and weaknesses of different measurement techniques; design of exposure assessment studies. Recommended Preparation: PM 510 or one semester of statistics and background in science or engineering for graduate students not in MPH. Instruction Mode: Lecture Grading Option: Letter

PM 554 Biological Effects of Environmental Toxins
Units: 4 Terms Offered: FaSp Overview of how environmental exposures affect various biological systems and lead to observed health outcomes in populations. Recommended Preparation: PM 529. Instruction Mode: Lecture Grading Option: Letter

PM 555 Environmental Health, Policy and Practice
Units: 4 Terms Offered: FaSp Examining of environmental public health policies/regulations, the role of science in assessment and policy initiatives, barriers to change, and competing interests that influence policy adoption. Recommended Preparation: PM 529. Instruction Mode: Lecture Grading Option: Letter

PM 556 Environment and the Brain
Units: 4 Terms Offered: FaSpSm An examination of the effects of environmental exposures on the brain, addressing both human health and neurobiologic correlates throughout the lifespan. Instruction Mode: Lecture Grading Option: Letter

PM 557 Global Environmental Health
Units: 4 Terms Offered: Sp Examining of the health effects of global environmental changes, including climate change, globalization, food safety, air pollution, water pollution, and radiation. Instruction Mode: Lecture Grading Option: Letter

PM 558 Environmental Epidemiology: Concepts, Methods, and Practice
Units: 4 Terms Offered: FaSp Examine epidemiologic methods, concepts, and statistical approaches; case-study seminars with structured critiques of current literature on human-environment interactions affecting public health. Recommended Preparation: PM 510 and PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 560 Statistical Programming With R
Units: 2 Terms Offered: Sm The contents include: R objects, control structure, data input and output, subsetting objects, data manipulation and aggregations, character manipulation,
PM 561 Promoting Dietary Change  
Units: 3 Terms Offered: Sp  Development, implementation, and evaluation of dietary interventions at community and individual levels. Discussion of lifespan, culture, socioeconomic, and environmental factors. Prerequisite: PM 501. Instruction Mode: Lecture Grading Option: Letter

PM 562 Intervention Approaches for Health Promotion and Disease Prevention  
Units: 4 Terms Offered: Sp  Approaches for modifying health behavior in various settings and within diverse populations. Emphasis on practical considerations necessary to design and implement interventions with demonstrated effectiveness. Instruction Mode: Lecture Grading Option: Letter

PM 563 Organizing and Mobilizing Communities for Public Health  
Units: 4 Terms Offered: Fa  Survey of effective community organizing and mobilization efforts in the U.S. and abroad, using participatory, organizational, community empowerment and public-private partnership models. Instruction Mode: Lecture Grading Option: Letter

PM 564 Public Health Leadership and Management  
Units: 3 Terms Offered: FaSpSm  Introduction to business and management concepts, tools, and practices in the context of domestic and global healthcare delivery, public health, and allied health industries. Instruction Mode: Lecture Grading Option: Letter

PM 565 Introduction to Global Health  
Units: 4 Terms Offered: Sp  Current public health issues and research topics relating to 21st century challenges and threats. Lessons learned and best practices to strengthen public health systems and enhance public health readiness and preparedness. Instruction Mode: Lecture Grading Option: Letter

PM 566 Public Health in China: A System and Country in Transition  
Units: 4 Terms Offered: Fa  Scientific, political, economic, social, and historical influences affecting Chinese public health policy and practice. Prerequisite: PM 501, PM 510; Recommended Preparation: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 567 Disasters, Conflict and Global Health  
Units: 4 Terms Offered: FaSpSm  Definition and chronology of natural and man-made disasters and their effects on the global community. Structure and organization of disaster management systems and the role of humanitarian organizations. Recommended Preparation: PM 501, PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 568 Ethical Issues in Global Health  
Units: 4 Terms Offered: Fa  Ethical principles in the distribution of health resources, conduct of public health research, and implementation of public health initiatives across different nations, cultures, religions. Recommended Preparation: PM 501. Instruction Mode: Lecture Grading Option: Letter

PM 569 Spatial Statistics  
Units: 3 Terms Offered: FaSpSm  An introduction to statistical methods for analyzing and interpreting spatially referenced data topics include: geostatistics, areal data, point pattern data and visualization. Prerequisite: PM 511a; Recommended Preparation: familiarity with R. Instruction Mode: Lecture Grading Option: Letter

PM 570 Statistical Methods in Human Genetics  
Units: 4 Terms Offered: Sp  An introductory course in the statistical methods used in the analysis of human genetic data. Prerequisite: PM 533. Instruction Mode: Lecture Grading Option: Letter

PM 571 Applied Logistic Regression  
Units: 3 Terms Offered: Sm  An introduction to the logistic regression model, emphasizing practical data analysis techniques. Prerequisite: PM 510; PM 512; and PM 511a or PM 518a. Instruction Mode: Lecture Grading Option: Letter

PM 572 Systems Physiology and Disease I  
Units: 4 Terms Offered: Fa  (Enroll in INTD 572)

PM 573 Systems Physiology and Disease II  
Units: 4 Terms Offered: Sp  (Enroll in INTD 573)

PM 574 Programming In Modern Statistical Software  
Units: 2 Terms Offered: FaSpSm  Programming using SAS Software, including branching, sub-setting, PDV, looping, by-group processing, array, combining data functions, ODS, and macros. Instruction Mode: Lecture Grading Option: Letter

PM 575 Statistical Methods in Environmental Epidemiology  
Units: 4 Terms Offered: FaSpSm  Study designs, exposure time response, longitudinal, spatial, ecologic correlation and mechanistic models, measurement error interactions, measurement error, public policy implications. Prerequisite: PM 511b and PM 518a. Instruction Mode: Lecture Grading Option: Letter

PM 576 Global Health Research and Programs  
Units: 4 Terms Offered: FaSpSm  Introduction to the core concepts and methods of planning and implementing health-related programs and research in resource-constrained settings. Instruction Mode: Lecture Grading Option: Letter

PM 577 Global Health, Law and Human Rights  
Units: 1, 2, 3, 4 Terms Offered: FaSpSm  Highlights the complex interactions between global health, law and human rights, emphasizing the use of human rights in public health thinking and practice. Recommended Preparation: MPH core course work. Duplicates Credit in LAW 707. Instruction Mode: Lecture Grading Option: Letter

PM 578 Global Health Governance and Diplomacy  
Units: 4 Terms Offered: FaSpSm  Investigates the way health is organized and administered at the global level, emphasizing the role of international diplomacy and law in governing health. Instruction Mode: Lecture Grading Option: Letter

PM 579 Statistical Analysis of High-Dimensional Data  
Units: 4 Terms Offered: FaSpSm  Overview of statistical issues and solutions to high dimensional data analysis. Use of Bioconductor and R, with applications in molecular biology. Recommended Preparation: PM 511a. Instruction Mode: Lecture Grading Option: Letter

PM 580 Foundations of Child Health
PM 581 Quality and Inequality in Health Care: Examination of Health Services
Units: 4 Terms Offered: Fa Social inequalities, including racial/ethnic disparities and income related inequalities are examined in the context of access and delivery of health care in the U.S. Instruction Mode: Lecture Grading Option: Letter

PM 582 Epidemiology and Prevention of Pediatric Injuries
Units: 4 Terms Offered: Fa Examines the incidence and causes of injuries to children from birth to adolescence, risk factor distributions and approaches to prevention. Instruction Mode: Lecture Grading Option: Letter

PM 583 Foundations of Early Childhood Mental Health
Units: 4 Terms Offered: Fa Overview of major infant and early childhood mental health issues, relating to the status of child mental health and the importance of comprehensive systems of care for children that support resilience and respond to biological and psychosocial mental health risks. Instruction Mode: Lecture Grading Option: Letter

PM 584 Systems of Care for Children with Special Needs
Units: 4 Terms Offered: Sm Examines and evaluates principles, policies, programs and practices (systems) that have evolved to identify, assess and meet the special needs of children and families. Includes both historical and current perspectives. Instruction Mode: Lecture Grading Option: Letter

PM 585 Child Health Policy
Units: 4 Terms Offered: Sp History of child health and social welfare programs during the past century. Issues examining health status and health service delivery, the role of health care financing and health policy. Instruction Mode: Lecture Grading Option: Letter

PM 586 Reproductive and Perinatal Epidemiology
Units: 4 Terms Offered: FaSpSm Introduction to reproductive health, from preconception to the neonatal and early period of human development. Heavy emphasis on the methods and public health implications. Prerequisite: PM 510L and PM 512 Instruction Mode: Lecture Grading Option: Letter

PM 587 Qualitative Research Methods in Public Health
Units: 4 Introduction to common uses of qualitative research methods in public health research and application. Methods include ethnography, participant observation, open-ended interviewing, and focus groups. Instruction Mode: Lecture Grading Option: Letter

PM 588 The Practice of Epidemiology
Units: 4 Terms Offered: FaSpSm Provides students with hands on experience of the common methods used in conducting epidemiological studies, and designing and obtaining funding for research projects. Prerequisite: PM 512. Recommended Preparation: PM 527. Instruction Mode: Lecture, Lab Grading Option: Letter

PM 589 Global Health Governance and Diplomacy in Practice in Geneva (World Health Assembly)
Units: 4 Terms Offered: Sp Overview of issues related to infant, child and adolescent health, including special health considerations at different points in the developmental cycle, health care systems and policies and health disparities. Instruction Mode: Lecture Grading Option: Letter

PM 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 591 Public Health Practicum
Units: 2 Terms Offered: FaSpSm Field placement in a community agency, such as a county health department or community-based organization. Recommended Preparation: completion of all course work. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 592 Practicum in Public Health
Units: 2 Terms Offered: FaSpSm Field placement in a public health agency, such as a county hospital department or community-based organization. Recommended Preparation: completion of all MPH course work. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 593 Public Health Practicum
Units: 2 Terms Offered: FaSpSm Field placement in a public health agency, such as a county hospital department or community-based organization. Recommended Preparation: completion of all MPH course work. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progression to Credit/No Credit

PM 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progression to Credit/No Credit

PM 594c Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progression to Credit/No Credit

PM 596 Practicum in Public Health
Units: 2 Terms Offered: FaSpSm Field placement in a public health agency, such as a county hospital department or community-based organization. Recommended Preparation: completion of all MPH course work. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 597 Capstone in Public Health
Units: 2 Terms Offered: FaSpSm Provides the culminating, integrative curricular experience for students enrolled in the Master of Public Health program. Recommended Preparation: completion of all MPH course work. Instruction Mode: Lecture Grading Option: Letter

PM 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular Special topics relevant to the study of selected issues and areas of health behavior research or other aspects of preventive medicine. Instruction Mode: Lecture Grading Option: Letter

PM 601 Basic Theory and Strategies in Prevention
Units: 4, 2 Terms Offered: Fa Psychosocial basis of health-hazardous lifestyle behaviors and preventive strategies. Recommended Preparation: PM 500, PM 515. Instruction Mode: Lecture Grading Option: Letter

PM 602 Basic Theory and Strategies for Compliance/Adaptation
Units: 4, 2 Terms Offered: Fa Behavioral and psychosocial demands of acute and chronic diseases. Comparison of theoretical models of compliance and
adaptation with intervention methods to improve compliance and adaptation. **Recommended Preparation:** PM 500, PM 515. Instruction Mode: Lecture Grading Option: Letter

**PM 603 Structural Equation Modeling**
Units: 4, 2 years Terms Offered: Fa, Sp. Factor analytic and structural equation modeling approaches to health behavior research — conceptual, practical and mathematical. **Prerequisite:** PM 511b. Instruction Mode: Lecture Grading Option: Letter

**PM 604 Health Behavior Research Methods**
Units: 4 Terms Offered: Sp. Health research/evaluation philosophies, approaches, and development of skills for development and critique of health behavior research projects/studies. **Recommended Preparation:** PM 511a, PM 511b, PM 511c. Instruction Mode: Lecture Grading Option: Letter

**PM 604 Seminar in Biostatistics and Epidemiology**
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm. Special topics of current interest to provide background for research in biostatistics and epidemiology. Based largely on student dissertation research. **Prerequisite:** PhD level. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 610 Advanced Topics in Epidemiology**
Units: 3 Terms Offered: Irregular. Review of current epidemiologic research contained in recent medical literature; emphasis on critique of studies and interpretation of findings. Instruction Mode: Discussion Grading Option: Letter

**PM 610 Clinical Translational Research (CTR)**
Units: 4 Terms Offered: FaSpSm. First of three courses in CTR, a discipline that fosters multidirectional integration of basic, patient-oriented and population-based research with the long-term goal of improving public health. **Recommended Preparation:** PM 510. Instruction Mode: Lecture Grading Option: Letter

**PM 610 Seminar in Biostatistics and Epidemiology**
Units: 4 Terms Offered: FaSpSm. Analysis and interpretation of data to test clinical translational hypotheses. **Recommended Preparation:** PM 510. Instruction Mode: Lecture Grading Option: Letter

**PM 612 Clinical Translational Research (CTR)**
Units: 4 Terms Offered: FaSpSm. Multidisciplinary approach to clinical and translational research. **Recommended Preparation:** PM 510. Instruction Mode: Lecture Grading Option: Letter

**PM 612 Intervention Research Grant Proposal Development**
Units: 4 Terms Offered: FaSp. Process of applying for research grants in health behavior research, including dissertation grants. Covers the structure of NIH and other granting agencies, the grant review process, tailoring ideas to the grantmaker's priorities, research design, development of training and mentoring plans, and budgeting. **Prerequisite:** PM 500. Instruction Mode: Lecture Grading Option: Letter

**PM 690 Directed Research in Health Behavior**
Units: 2 Terms Offered: FaSpSm. Independent research at an advanced level on a problem in the field of Health Behavior. **Recommended Preparation:** PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 690 Directed Research in Health Behavior**
Units: 2 Terms Offered: FaSpSm. Independent research at an advanced level on a problem in the field of Health Behavior. **Recommended Preparation:** PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 690 Directed Research in Health Behavior**
Units: 2 Terms Offered: FaSpSm. Independent research at an advanced level on a problem in the field of Health Behavior. **Recommended Preparation:** PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 690z Directed Research in Health Behavior**
Units: 0 Terms Offered: FaSpSm. Independent research at an advanced level on a problem in the field of Health Behavior. **Recommended Preparation:** PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 756 Research Seminar in Health Behavior**
Units: 1 Max Units: 6.0 Terms Offered: FaSp. Short seminar presentations and discussions on issues accompanying the development of the field of health behavior and implementation of research in this field. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm. Research applicable to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PM 794a Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm. Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PM 794b Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm. Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PM 794c Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm. Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PM 794d Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm. Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PM 794z Doctoral Dissertation**
Units: 0 Terms Offered: FaSpSm. Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Pharmaceutical Economics and Policy**
PMEP 509 Research Design
Units: 4 Terms Offered: Fa. Introduction to the concept of research design and examples of the variant research methods utilized in the field. Both the conceptual and practical issues
of research including development of the research question, selection of appropriate methods, data sources and analytic approaches to address the research question will be addressed. Instruction Mode: Lecture Grading Option: Letter

**PMEP 519 Survey Research and Quality of Life Assessment**
Units: 4 Terms Offered: Sp Skills to develop and assess surveys which are integral in Pharmaceutical Economics and Policy research. **Prerequisite:** PMEP 509; **Recommended Preparation:** biostatistics, econometrics. Instruction Mode: Lecture Grading Option: Letter

**PMEP 529 Risk, Probabilities and Preferences**
Units: 4 Terms Offered: Sp Analysis of economic and psychological constructs of risks, probabilities, and health related preferences and utilities. Instruction Mode: Lecture Grading Option: Letter

**PMEP 538 Pharmaceutical Economics**
Units: 4 Terms Offered: Sm Introduction to pharmacoconomics with special emphasis on the role of pharmaceuticals and the pharmaceutical industry, insurance, managed care, regulation and pricing. **Prerequisite:** ECON 500. Instruction Mode: Lecture Grading Option: Letter

**PMEP 539 Economic Assessment of Medical Care**
Units: 4 Terms Offered: Fa Principles of cost-benefit analysis and medical cost-effectiveness analysis with applications in medical care and the pharmaceutical field. **Prerequisite:** ECON 500 and ECON 581. Instruction Mode: Lecture Grading Option: Letter

**PMEP 544 Health Economics II**
Units: 4 Terms Offered: Sp Second of part series in techniques of microeconometric analysis to inform health policy. Topics include: patents and innovation, pharmaceutical regulation, hospital competition, physician practice. **Recommended Preparation:** ECON 601, ECON 611 and ECON 636. Instruction Mode: Lecture Grading Option: Letter

**PMEP 547 Programming Methods for Empirical Analysis of Health Data**
Units: 4 Terms Offered: Fa Introduction to methods for analysis of large health data sets, including data selection, SAS/Stata programming under Linux, and review of claims and survey data. Instruction Mode: Lecture Grading Option: Letter

**PMEP 548 Applied Pharmacoeconomic Methods I**
Units: 4 Terms Offered: Fa Covers a variety of applied econometric techniques, including linear panel models, regression discontinuity design, sample selection models, count models, survival analysis, and simulation. **Prerequisite:** ECON 513. Duplicates Credit in ECON 615. Instruction Mode: Lecture Grading Option: Letter

**PMEP 549 Applied Pharmacoecometrics II**
Units: 4 Terms Offered: FaSpSm Use of quantitative models to describe and analyze pharmaceutical and health care markets; experimental design/power calculations; survival models; multiple indicator models; qualitative and limited dependent variables models; estimation and application of such models to selected problems. **Prerequisite:** ECON 615 or PMEP 548. Instruction Mode: Lecture Grading Option: Letter

**PMEP 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PMEP 698 Seminar in Pharmaceutical Economics and Policy**
Units: 1 Max Units: 4.0 Terms Offered: FaSp Current research in pharmaceutical economics and policy presented by outside scholars, faculty and students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PMEP 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PMEP 794a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PMEP 794b Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PMEP 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PMEP 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PMEP 794e Doctoral Dissertation**
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Political Science and International Relations**

**POIR 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Grading Option: Graded CR/NC.

**POIR 593 Practicum in Teaching*Politics and International Relations**
Units: 2 Terms Offered: Fa Practical principles for the long-term development of effective teaching within political science and international relations disciplines. Intended for teaching assistants in Dornsife College. Registration Restriction: Open only to doctoral students. Grading Option: Graded CR/NC.

**POIR 599 Special Topics**
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: max 8 Subjects in one or more fields in political science.

**POIR 600 Political Theory**
Units: 4 Survey of literature; examination of approaches, concepts, and issues in the field of political theory.
POIR 610 Research Design  
Units: 4 The course will cover the design of experimental and observational research. We will examine both quantitative and qualitative approaches to social science research. Registration Restriction: Open only to doctoral students.

POIR 611 Introduction to Regression Analysis  
Units: 4 The course will introduce students to regression analysis and its application to social science research. Registration Restriction: Open only to doctoral students.

POIR 612 Qualitative Research Design  
Units: 4 Terms Offered: Fa, Sp  
Design multiple research approaches using qualitative evidence to evaluate the observable implications of theory. Learn deductive, construct, internal, external, and conclusion validity.  
Recommended Preparation: POIR 610 and POIR 611  
Registration Restriction: Open only to doctoral students.  
Instruction Mode: Lecture Grading Option: Letter

POIR 613 Topics in Quantitative Analysis  
Units: 4 Introduces statistical models beyond the standard linear regression model. Topics include maximum likelihood estimation, generalized linear models, and advanced methods. Registration Restriction: Open only to doctoral students.

POIR 614 Experimental Political Science  
Units: 4 Terms Offered: FaSpSm  
Introduction to experimental techniques and applications of experiments in political science. Addresses both the advantages and disadvantages of experiments in political science research. Registration Restriction: Open only to doctoral students.

POIR 620 American Politics and Policy Processes  
Units: 4 Survey of literature; examination of approaches, concepts, and issues in the field of American politics and policy processes. Duplicates Credit in former POSC 510. Registration Restriction: Open only to doctoral students.

POIR 621 American Politics Field Seminar Part II  
Units: 4 Terms Offered: FaSp  
A theoretical and empirical overview of the American politics field. Theoretical topics include behavioralism, rational choice, political psychology; empirical topics include causality. Registration Restriction: Open only to doctoral students.

POIR 640 Comparative Politics  
Units: 4 Survey of literature; examination of approaches, concepts, and issues in the field of comparative politics. Duplicates Credit in former POSC 520. Registration Restriction: Open only to doctoral students.

POIR 642 Institutions in Comparative and International Politics  
Units: 4 Terms Offered: Fa  
Explores major strands of institutional theory and assesses scholars' views on design of institutions, institutional change, and effects of institutions on behavior and outcomes. Registration Restriction: Open only to doctoral students in POIR.

POIR 650 Comparative Politics of East and Southeast Asia  
Units: 4 Terms Offered: FaSp  
Comparison of significant political phenomena between the countries in the East and Southeast Asia region and the long-term consequences of such comparisons. Registration Restriction: Open only to doctoral students.

POIR 660 Introduction to International Relations Theory  
Units: 4 The primary objective of this course is to introduce PhD students to theoretical and empirical issues related to the study of international relations. Registration Restriction: Open only to doctoral students.

POIR 661 International Relations Theory: Advanced  
Units: 4 Examines the specialized nomenclature of international relations and the varied interpretations of basic concepts of international theory; conceptual analysis and criticism. Duplicates Credit in former IR 501. Registration Restriction: Open only to doctoral students.

POIR 662 Governance in International Relations  
Units: 4  
Roles and rule structures in international relations; major theoretical perspectives and empirical research.  
Registration Restriction: Open only to doctoral students.

POIR 670 International Political Economy  
Units: 4 Survey of approaches to international political economy. Intellectual roots; the management of collective goods; North-South relations examined. Registration Restriction: Open only to doctoral students.

POIR 680 International Security and Foreign Policy  
Units: 4 Examination of the interconnected fields of international security and foreign policy, including decision making and patterns of interaction regarding international conflict. Registration Restriction: Open only to doctoral students.

POIR 790 Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  
Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Grading Option: Graded CR/NC.

POIR 794a Doctoral Dissertation  
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794b Doctoral Dissertation  
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794c Doctoral Dissertation  
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794d Doctoral Dissertation  
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794z Doctoral Dissertation  
Units: 0 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

PORT 120 Portuguese I  
Units: 4 Terms Offered: FaSp  
For students with no proficiency in Portuguese. Practice in listening comprehension, oral communication, elementary reading and writing. Instruction Mode: Lecture Grading Option: Letter
PORT 150 Portuguese II
Units: 4 Terms Offered: FaSp For students with some language proficiency in Portuguese; increased emphasis on listening, comprehension, oral communication, reading, and writing. Students will be required to take a Portuguese placement exam in the Spanish and Portuguese Department. Prerequisite: PORT 120. Instruction Mode: Lecture Grading Option: Letter

PORT 175 Accelerated Portuguese I
Units: 4 Terms Offered: FaSp Encourages rapid acquisition through intensive exposure to Portuguese while following a proficiency-oriented approach. Recommended for students with a background in Spanish or another Romance language. Recommended Preparation: at least two years or equivalent of formal study of either Spanish or another Romance language, and/or fluent or native speakers of Spanish or a Romance language, including heritage speakers of Portuguese Instruction Mode: Lecture Grading Option: Letter

PORT 220 Portuguese III
Units: 4 Terms Offered: FaSp Intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Portuguese culture and civilization. Prerequisite: PORT 150. Instruction Mode: Lecture Grading Option: Letter

PORT 225 Accelerated Portuguese II
Units: 4 Terms Offered: FaSp Continuation of rapid acquisition of Portuguese language. Course follows a proficiency-oriented approach. Recommended for students with a background in Spanish or another Romance language. Recommended Preparation: PORT 175 or equivalent. Recommended for students with at least two years or equivalent of formal study of either Spanish or another Romance language. Recommended for fluent or native speakers of Spanish or a Romance language, including heritage speakers of Portuguese. Instruction Mode: Lecture Grading Option: Letter

PORT 240 Portuguese IV
Units: 4 Four-skills course with review of grammar. Writing and reading intensive. Authentic materials related to Lusobrazilian culture and civilization. Prerequisite: PORT 220. Instruction Mode: Lecture Grading Option: Letter

PORT 250g Cultures of Brazil and Lusophone Africa
Units: 4 Terms Offered: FaSp Comparative study of Brazil in the context of the Lusophone (Portuguese-speaking) world, especially Portugal's former colonies in Africa. Materials drawn from literature, visual culture, music and cultural theory. Instruction Mode: Lecture Grading Option: Letter

PORT 300 Introduction to Social and Literary Studies
Units: 4 Terms Offered: FaSp A third year Portuguese course aimed at advanced-level students in Portuguese. Examines and reviews the more complex Portuguese grammatical points, usage, and provide the students further opportunity to perfect their reading, writing and speaking abilities. Prerequisite: PORT 120 and PORT 150 and PORT 220 and PORT 240 Instruction Mode: Lecture Grading Option: Letter

PORT 302 Introduction to Brazilian Literature
Units: 4 Terms Offered: FaSp An introduction to Brazilian literature and culture exploring how Brazil has been understood and represented through spatial categories that have become, as it were, “common places” in Brazilian literary studies: the rural Brazil of the backlands, the tropical Brazil of the Amazon, the urban and cosmopolitan Brazil of the large cities, and how they relate to questions of identity and difference in the context of Brazilian society. Prerequisite: PORT 120 and PORT 150 and PORT 220 and PORT 240 Recommended Preparation: PORT 300 Instruction Mode: Lecture Grading Option: Letter

PORT 316 Portuguese for Business and the Professions
Units: 4 Terms Offered: FaSp Aimed at advanced-level students in Portuguese who wish to develop a working knowledge of Portuguese for business and/or for the professions. Prerequisite: PORT 240 Recommended Preparation: PORT 300 Instruction Mode: Lecture Grading Option: Letter

PORT 324 Brazilian Cinema
Units: 4 Terms Offered: FaSp Survey of Brazilian cinema, designed to introduce students to major themes and issues within Brazilian studies through the examination of important Brazilian films within their historical, social and political contexts. Prerequisite: PORT 120 and PORT 150 and PORT 220 and PORT 240 Recommended Preparation: PORT 300 Instruction Mode: Lecture Grading Option: Letter

PORT 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PORT 590 Directed Research
Units: 1, 2, 3, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Political Science

POSC 100 Theory and Practice of American Democracy
Units: 4 Theoretical, institutional, and functional aspects of American national, state, and local government and politics; contemporary issues. Recommended for freshmen and sophomores. Instruction Mode: Lecture, Discussion Grading Option: Letter

Units: 4 Issues and theories involved in the formulation, implementation, and effectiveness of different environmental policies. Instruction Mode: Lecture Grading Option: Letter

POSC 554 Women in Global Perspective
Units: 4 (Enroll in SWMS 554) Instruction Mode: Lecture Grading Option: Letter

POSC 556 Seminar in Disability and Rehabilitation Policy
Units: 4 Examination of physical disability as a policy issue from a cross-national and multidisciplinary perspective; attitudes toward disability; income maintenance, health care, and related programs.

POSC 560 Feminist Theory
Units: 4 (Enroll in SWMS 560)

POSC 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

POSC 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSpSm

POSC 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 594z Master's Thesis
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 599 Special Topics
Units: 2, 4, 8 Max Units: 8.0 Terms Offered: FaSpSm Subjects in one or more fields in Political Science. Instruction Mode: Lecture Grading Option: Letter

POSC 600 Seminar in Advanced Research Methods
Units: 4 Multivariate analysis of data, computer applications, and research report preparation; multiple regression; analysis of variance; factor analysis and related techniques; time series analysis. Prerequisite: POSC 500. Instruction Mode: Lecture Grading Option: Letter

POSC 610 Seminar in Political Parties
Units: 4 Parties and the political system; formal and informal organization and roles; comparative party systems. Instruction Mode: Lecture Grading Option: Letter

POSC 611 Seminar in the Executive and Legislative Processes
Units: 4 Selected research topics; comparative analyses. Instruction Mode: Lecture Grading Option: Letter

POSC 612 Seminar in Urban Politics
Units: 4 Problems of government and politics in urban, county, and metropolitan areas. Comparative community politics. Instruction Mode: Lecture Grading Option: Letter

POSC 618 Seminar in Problems of American Politics
Units: 4 Theoretical and methodological problems in American politics with emphasis on emerging research paradigms. Instruction Mode: Lecture Grading Option: Letter

POSC 619 Seminar in Supreme Court Politics
Units: 4 Role of the Supreme Court in the American political system. Influences on judicial decision making; appointment and decision making processes; scope of judicial power. Recommended Preparation: POSC 540. Instruction Mode: Lecture Grading Option: Letter
POSC 621 Seminar in Public Law
Units: 4 Problems and research in American constitutional and administrative law and in modern jurisprudence. Instruction Mode: Lecture Grading Option: Letter

POSC 622 Seminar in Political Attitudes and Behavior
Units: 4 Determinants, nature, and consequences of political attitudes and behavior exploring psychological-sociological models, political socialization and learning, and factors affecting trends in attitudes and behavior. Instruction Mode: Lecture Grading Option: Letter

POSC 623 Seminar in American Constitutional Development
Units: 4 Evolution of American constitutional law; the influence of social, economic, and political changes on constitutional interpretation. Prerequisite: POSC 510 or POSC 540. Instruction Mode: Lecture Grading Option: Letter

POSC 624 Seminar in American Constitutional Law and Theory
Units: 4 Contemporary debates and research on the nature of constitutional interpretation, separation of powers, federalism, civil and political rights and liberties. Instruction Mode: Lecture Grading Option: Letter

POSC 630 Seminar in European Politics
Units: 4 Selected research topics in comparative European politics; political culture, socialization, parties, legislative and executive processes. Instruction Mode: Lecture Grading Option: Letter

POSC 631 Seminar in East Asian Politics
Units: 4 Comparative analysis of revolutionary and evolutionary modernization; the roots of political thought and behavior; peripheral area relationships; present-day political processes. Instruction Mode: Lecture Grading Option: Letter

POSC 632 Seminar in Latin-American Politics
Units: 4 Comparative analysis of the political structure and institutions of Latin America; participation and alienation; democracies and dictatorships; political forces. Instruction Mode: Lecture Grading Option: Letter

POSC 633 Seminar in Southeast Asian Politics

Units: 4 Comparative analysis of political forces, ideologies, and institutions in African nations south of the Sahara. Instruction Mode: Lecture Grading Option: Letter

POSC 635 Seminar in Chinese Politics
Units: 4 Guided research and discussion on the governmental process in the People's Republic of China including leadership, ideology, and popular participation. Instruction Mode: Lecture Grading Option: Letter

POSC 640 Seminar in Problems of Comparative Politics
Units: 4 Theoretical and methodological problems in comparative politics; approaches to comparative analysis; problems and trends. Instruction Mode: Lecture Grading Option: Letter

POSC 641 Seminar in Comparative Judicial Policies, Processes, and Behavior
Units: 4 Cross-national and intranational comparative analysis of judicial policies and processes; legal and judicial elites. Instruction Mode: Lecture Grading Option: Letter

POSC 648 International Human Rights Law and Policy
Units: 4 Historical and contemporary consideration of human rights issues in world politics. Examination of the philosophical foundations of human rights and the institutions that enforce international standards. Instruction Mode: Lecture Grading Option: Letter

POSC 650 Seminar in Western Political Philosophy
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 651 Seminar in Non-Western Political Philosophy
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 652 Seminar in American Political Philosophy
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 654 Seminar in Problems of Contemporary Political Thought
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 670 Seminar in International Law
Units: 4 Topics and cases illustrating general principles and problems. Special research. Instruction Mode: Lecture Grading Option: Letter

POSC 695 Social Science Theory
Units: 4 Philosophic foundations of social science, empirical theories current in social science; the relationship between empirical theory and social research. Instruction Mode: Lecture Grading Option: Letter

POSC 700 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

POSC 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 794z Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
Policy, Planning, and Development

PPD 100m Los Angeles, The Enduring Pueblo
Units: 4 Terms Offered: FaSp Gateway to the minor in Planning and Development. Ethnic history of Los Angeles, emphasis placed on architecture, planning, and development. Multiplicity of cross-connections shaped by race, ethnicity, religion, gender, and sexual orientation. Duplicates Credit in former PLDV 100. Instruction Mode: Lecture Grading Option: Letter

PPD 225 Public Policy and Management

PPD 227 Urban Planning and Development
Units: 4 Terms Offered: FaSp Gateway to BS, Public Policy, Management and Planning and minor in Planning and Development. City building and development process; who plans, politics of planning and development; major topics include land use, fiscal policy, transportation, sustainability, and economic development. Instruction Mode: Lecture Grading Option: Letter

PPD 240g Citizenship and Public Ethics
Units: 4 Terms Offered: Fa, Sp Review of legal and ethical traditions of citizenship with emphasis on the latter; consideration of implications for current practice of public policy-making and management. Duplicates Credit in former PPMT 240. Instruction Mode: Lecture Grading Option: Letter

PPD 245g The Urban Context for Policy and Planning
Units: 4 Terms Offered: Fa The urban context for planning and policy decisions. Socioeconomic, physical, and spatial structure of cities; and the underlying demographic, economic, and social processes that drive their ongoing transformation. Instruction Mode: Lecture Grading Option: Letter

PPD 250m Third World Cities
Units: 4 Terms Offered: FaSp Gateway to the BS, Planning and Development. The transition from traditional to modern cities in the developing world. Primacy and dualism; comparative urbanism as an expression of cultural variation; contrast in Western cities. Duplicates Credit in former PLDV 250. Instruction Mode: Lecture Grading Option: Letter

PPD 300 Social Justice Issues in Public Policy and Urban Planning
Units: 4 Terms Offered: FaSp Social justice issues through the lens of public policy and urban planning with main focus on Los Angeles; critical thinking skills about the fields and their relevance to social justice Registration Restriction: Open only to BS, Public Policy and BS, Urban Studies and Planning students Instruction Mode: Lecture Grading Option: Letter

PPD 301 PPD Practices: Internship Seminar
Units: 2 Terms Offered: FaSpSm Policy, planning, and development skills for practice; internship seminar; leadership, group dynamics and presentation skills; application of management; organizational diversity; reflection on experiences. Duplicates Credit in the former PPD 401. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 303 Statistics for Policy, Planning, and Development
Units: 4 Terms Offered: FaSpSm Statistical applications applied to the real world; techniques including probability, sampling; hypothesis formation and testing; correlation, and linear regression. Prerequisite: MATH 117g Duplicates Credit in PPD 404 Instruction Mode: Lecture Grading Option: Letter

PPD 306 Visual Methods in Policy, Management, Planning and Development
Units: 4 Terms Offered: FaSp Introduction to graphic design, photodocumentation, and geographic information systems as employed in planning, policy, and development. Visual explanations. Computer and by-hand applications. Duplicates Credit in former PLDV 410. Instruction Mode: Lecture Grading Option: Letter

PPD 313 Finance of the Public Sector
Units: 4 Terms Offered: FaSp Justifications for and effects of government policies; tax and spending sides of government budgets; public goods; externalities; social insurance; redistribution and welfare; tax policy. Prerequisite: ECON 203. Duplicates Credit in former PPMT 313. Instruction Mode: Lecture Grading Option: Letter

PPD 314 Public Policy and Law
Units: 4 Terms Offered: Fa Institutional foundations and analysis of public policy issues; policy formulation and implementation; application of theories; case analyses. Instruction Mode: Lecture Grading Option: Letter

PPD 315 Analytic Foundations for Public Policy
Units: 4 Terms Offered: Sp Qualitative methods of analysis; ethical and political implications of policy choices; issue diagnosis and policy design skills; critical reasoning and ethics; policy leadership. Instruction Mode: Lecture Grading Option: Letter

PPD 316 Human Resource Management for Public Organizations
Units: 4 Terms Offered: FaSp Human resource development and management; values and processes in civil service career systems; training practices; human relations in supervision; personnel theory. Duplicates Credit in former PPMT 316. Instruction Mode: Lecture Grading Option: Letter

PPD 318 Financial Accounting in Public and Nonprofit Organizations
Units: 4 Terms Offered: FaSp Basic accounting principles and concepts necessary for the preparation and understanding of financial statements; accounting for service organizations in the public/nonprofit sector; fund accounting. Duplicates Credit in former PPMT 351. Instruction Mode: Lecture Grading Option: Letter

PPD 320 Organizational Behavior in Public Administration
Units: 4 Terms Offered: FaSp Understanding human behavior in public organization: motivation, roles, communication; group behavior and decision-making in public context; managing conflict; leadership and change in public complex organizational systems. Duplicates Credit in former PPMT 485. Instruction Mode: Lecture Grading Option: Letter

PPD 325 Fundamentals of Health Policy and Management
Units: 4 Terms Offered: FaSp Institutions, policies, and processes affecting health care policy and management;
historical and philosophical roots; management of health care delivery; access and quality issues; responsiveness to public needs. Duplicates Credit in the former PPD 230. Instruction Mode: Lecture Grading Option: Letter

PPD 330 Introduction to Health Care Systems
Units: 4 Terms Offered: Sp Concepts and determinants of health and illness; health care delivery organizations and programs; the role of the administrator; issues in health care financing and access; quality evaluation; future trends. Duplicates Credit in former PPMT 330. Instruction Mode: Lecture Grading Option: Letter

PPD 340 The American System of Justice
Units: 4 Terms Offered: Irregular Introduction to the system of justice administration: components — police services, judiciary, corrections; interrelationships and issues; management strategies for change. Duplicates Credit in former PPMT 340. Instruction Mode: Lecture Grading Option: Letter

PPD 342 Crime and Public Policy
Units: 4 Terms Offered: Fa Public policy agenda-setting, alternatives formulation, and implementation for crime and criminal justice; analysis of specific issues including crime control, death penalty and gun control. Duplicates Credit in former PPMT 342. Instruction Mode: Lecture Grading Option: Letter

PPD 343 Terrorism, Homeland Security, and Public Policy
Units: 4 Terms Offered: Fa Overview of terrorism, government policies and practices, issues of civil liberties, challenges to public sector management. Instruction Mode: Lecture Grading Option: Letter

PPD 344 Environmental Policy and Sustainable Development
Units: 4 Introduction to critical issues of environmental policy in looking toward a more sustainable future; the science and policy of climate change; equity and justice; the greening of industry, governing for sustainable development; policy tools in addressing issues of environmental protection and sustainability. Instruction Mode: Lecture Grading Option: Letter

PPD 353 Philanthropy and Social Change
Units: 4 Terms Offered: Fa History, theories, philosophies, and practices of philanthropy; relationship between philanthropy and nonprofit world; grant-making procedures and relation to social innovation. Instruction Mode: Lecture Grading Option: Letter

PPD 357 Government and Business
Units: 4 Terms Offered: FaSp Interrelated roles of business and public institutions; effects of public policies and laws on business sector; incorporates public and business perspectives. Prerequisite: ECON 203. Duplicates Credit in former PPMT 357. Instruction Mode: Lecture Grading Option: Letter

PPD 358 Urban and Regional Economics
Units: 4 Terms Offered: Fa Basic concepts of urban and regional economies; how planners intervene in the urban market; housing, transportation, public goods; land use politics; fiscal issues; cost-benefit analysis. Duplicates Credit in former PLDV 402. Instruction Mode: Lecture Grading Option: Letter

PPD 360 Urban Transportation Planning and Policy
Units: 4 Terms Offered: Sp Current transportation planning and policy critiques. Transportation planning; the relationship to urban structure; conventional and para-transit modes; analysis of local plans. Duplicates Credit in former PLDV 480. Instruction Mode: Lecture Grading Option: Letter

PPD 361 Sustainable Communities, Policy and Planning
Units: 4 Terms Offered: FaSp Policy and planning as shaped by sustainability theories; sustainability indicators; topics include water resources, air quality, land use regulations, environmental design, carrying capacity, ecological footprint analysis. Duplicates Credit in former PPD 461 Instruction Mode: Lecture Grading Option: Letter

PPD 371 The Nonprofit Sector and the Public Interest
Units: 4 Terms Offered: Fa Theories of the voluntary nonprofit sector in society and its relationship to government and business; public policies toward the sector. Duplicates Credit in former PPMT 371. Instruction Mode: Lecture Grading Option: Letter

PPD 372m Public Service in an Urban Setting
Units: 4 Terms Offered: Sp Voluntary service in an urban, multicultural context: diverse meanings and practices, history, motivations, relationship to charity and change, dilemmas, public policies; service learning project required. Duplicates Credit in former PPMT 372. Instruction Mode: Lecture Grading Option: Letter

PPD 373 Public Policy and Planning Analysis
Units: 4 Terms Offered: FaSp Applied analytic modeling and data manipulation; visual presentation; interpretation of data; needs assessment and market failure analysis; indexing; extrapolation and simple forecasting; simple risk analysis; benefit-cost analysis. Prerequisite: ECON 203, PPD 225, PPD 303. Duplicates Credit in the former PPD 473. Instruction Mode: Lecture Grading Option: Letter

PPD 380a International Perspectives on Urban Problem Solving
Units: 4 Terms Offered: Irregular Research on comparative urban public policy and administration utilizing case study approach; field research includes study in various foreign cities. Duplicates Credit in former PPMT 412ab. Instruction Mode: Lecture Grading Option: Letter

PPD 380b International Perspectives on Urban Problem Solving
Units: 4 Terms Offered: Irregular Research on comparative urban public policy and administration utilizing case study approach; field research includes study in various foreign cities. Duplicates Credit in former PPMT 412ab. Instruction Mode: Lecture Grading Option: Letter

PPD 382 International Development
Units: 4 Terms Offered: FaSp Definitions and measurements of development; impact of globalization; concept and practice of international and development administration and planning at local, national, and global governance levels. Duplicates Credit in former PLDV 405. Instruction Mode: Lecture Grading Option: Letter

PPD 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Duplicates Credit in former PLDV 390 and PPMT 390. Instruction Mode: Lecture Grading Option: Letter
PPD 400 Topics in Public Policy and Urban Studies
Units: 4 Terms Offered: FaSp Seminar in cross cutting topics in public policy and urban studies that engages students with faculty and scholars in interdisciplinary research and analysis of key problems and issues in the fields Registration Restriction: Open only to BS, Public Policy and BS, Urban Studies and Planning majors Instruction Mode: Lecture Grading Option: Letter

PPD 402 Management of Public and Nonprofit Organizations
Units: 4 Terms Offered: Fa Contemporary management theory; the nature of complex organizations; organizational and intergovernmental arrangements; roles and responsibilities of managers; managerial and organizational effectiveness; organizational structure and dynamics. Instruction Mode: Lecture Grading Option: Letter

PPD 403 Management Analysis I
Units: 4 Terms Offered: Sp Introduction to organizational and systems analysis; historical perspective; systems theory; information systems, procedure analysis; management planning; introduction to models. Duplicates Credit in former PPMT 403. Instruction Mode: Lecture Grading Option: Letter

PPD 404 Empirical Methods for Public Policy
Units: 4 Terms Offered: FaSp Introduction to multivariate regression analysis for policy analysis; course begins with Ordinary Least Squares (OLS) estimation and covers some advanced topics such as panel data and experimental methods; application of these tools in a variety of policy contexts such as education, labor, and health. Prerequisite: PPD 303 Instruction Mode: Lecture Grading Option: Letter

PPD 405 Fundraising for Policy and Planning
Units: 2 Terms Offered: Sp Fundraising in the nonprofit sector; role and structure of philanthropy; strategic issues in the solicitation of private funds for the public good; effect of fundraising on behavior of institutions. Instruction Mode: Lecture Grading Option: Letter

PPD 407 Financial Management of Public and Nonprofit Organizations
Units: 4 Terms Offered: Sp Time value of money, risk, government bonds and tax-exempt financing, cost of capital, budgeting, financial statement analysis, and working capital management. Instruction Mode: Lecture Grading Option: Letter

PPD 410 Comparative Urban Development
Units: 4 Terms Offered: Sp Urbanization and urban development and growth through an international scope; globalizing cities. Instruction Mode: Lecture Grading Option: Letter

PPD 411a Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visitations, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 411b Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visitations, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 411c Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visitations, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 411d Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visitations, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 412L GeoDesign Practicum
Units: 4 Terms Offered: FaSp (Enroll in SSCI 412)

PPD 413 Administration of Health Care Organizations
Units: 4 Terms Offered: Sp Theory and practice; role of governing bodies, medical staffs and quality review committees; current trends; community responsibility; regulatory and oversight agencies. Duplicates Credit in former PPMT 439. Instruction Mode: Lecture Grading Option: Letter

PPD 414 Community Health Policy and Planning
Units: 4 Terms Offered: Sp Historical perspectives on and the contemporary practice of community health planning; impact of culture, socioeconomics, and environment; policy dimensions; urban planning's role in enhancing and sustaining health. Instruction Mode: Lecture Grading Option: Letter

PPD 415 Health Policy
Units: 4 Terms Offered: Sp Health policy analysis and challenges; price of health; structure of major sectors in health care; role of insurance in policy debates; trade-offs with policy decisions. Prerequisite: PPD 325. Instruction Mode: Lecture Grading Option: Letter

PPD 416 Food Policy and Planning
Units: 2 Terms Offered: Sp Key issues related to the practice of food system planning; practice of creating and implementing food policies; understanding of food systems; issues around community food governance. Instruction Mode: Lecture Grading Option: Letter

PPD 420 Environmental Impact Assessment
Units: 4 Terms Offered: Sp Exploration of the role of the National Environmental Policy Act and the California Environmental Policy Act; study of environmental impact assessments including the regulatory aspects, stakeholder and participatory processes, and legal framework. Instruction Mode: Lecture Grading Option: Letter

PPD 421 Land Use, Environment, and Housing in Developing Countries
Units: 4 Comparative analysis of issues in the built environment in the US and abroad; development, land use,
and the supply of housing; housing affordability; land tenure. Instruction Mode: Lecture Grading Option: Letter

PPD 422 Transportation and Technology and the Future of Mobility
Units: 4 Introduction of the role that technology will play in facilitating shared mobility, disrupting transportation markets, and reshaping multi-modal urban transportation systems; analyses of governance issues; the interaction between private markets and regulators; changes in the nature of infrastructure and urban planning that will be required to accommodate the wired future of transportation. Instruction Mode: Lecture Grading Option: Letter

PPD 424 Art and the City
Units: 4 Role of art in modern society with a particular emphasis on the urban context including public spaces, the process of gentrification, and redevelopment; theoretical and research approaches. Instruction Mode: Lecture Grading Option: Letter

PPD 427L Geographic Information Systems and Planning Applications
Units: 4 Terms Offered: Fa Basic GIS concepts, ArcView and other GIS software, planning applications and databases, basic cartography; students select, research and prepare a planning GIS analysis project. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PPD 429 Urban Design Practicum
Units: 4 Terms Offered: Irregular Application of design concepts and graphic skills to a local design problem sponsored by a local public or private client in a studio setting; site visits, community contact, presentations. Prerequisite: PPD 306, PPD 425 . Duplicates Credit in former PLDV 414. Instruction Mode: Lecture Grading Option: Letter

PPD 431 Undergraduate Policy, Planning, and Development Studio
Units: 4 Terms Offered: FaSp Application of methods in the exploration of a specific project, policy, or organization from the multiple perspectives of the five tracks in the undergraduate program. Registration Restriction: Open only to seniors. Instruction Mode: Lecture Grading Option: Letter

PPD 438 Local Economic Development
Units: 4 Terms Offered: Fa Economic development in a capitalist system, historic review, sectoral review, funding, strategizing, partnerships, evaluation; class project. Duplicates Credit in former PLDV 447. Instruction Mode: Lecture Grading Option: Letter

PPD 439 Housing and Community Development
Units: 4 Terms Offered: Fa Evolution of government housing and community development programs; present practices, e.g., housing elements, economic development, neighborhood rehabilitation; housing needs and market analysis; housing and health. Duplicates Credit in former PLDV 440. Instruction Mode: Lecture Grading Option: Letter

PPD 440 Management of Justice Systems
Units: 4 Terms Offered: Irregular Social controls and delivery of justice administration services; comparative systems; organization theory and justice administration; system adaptation and change; system performance measurement: economy, efficiency, effectiveness. Duplicates Credit in former PPMT 440. Instruction Mode: Lecture Grading Option: Letter

PPD 441 Judicial Administration
Units: 4 Terms Offered: Irregular Local, state, federal judicial systems; constitutional, legislative, judicial influences on administrative action. Administrative problems associated with judicial functions including district attorney, public defender, the courts. Duplicates Credit in former PPMT 441. Instruction Mode: Lecture Grading Option: Letter

PPD 442 Administration of Police Services
Units: 4 Terms Offered: Irregular Police and society; the structure and organization of American policing, current managerial problems; police research and development; future planning; administration of police juvenile programs. Duplicates Credit in former PPMT 442. Instruction Mode: Lecture Grading Option: Letter

PPD 452 Organization and Interface of Juvenile Justice Subsystems
Units: 2 Terms Offered: FaSp Effective interface among juvenile justice subsystems (police and social service agencies, schools, courts); legal/jurisdictional parameters, resource constraints; strategies for joint intervention and problem resolution. Duplicates Credit in former PPMT 452. Instruction Mode: Lecture Grading Option: Letter

PPD 453 Program, Policy, and Legislative Trends in Juvenile Justice
Units: 2 Terms Offered: Irregular Examination of current research findings and legislation in juvenile justice; relations of new information to operating assumptions of agencies; impacts, trends; implications for management practice. Duplicates Credit in former PPMT 453. Instruction Mode: Lecture Grading Option: Letter

PPD 454 Problems and Issues in the Delivery of Youth Services
Units: 2 Terms Offered: Irregular Strategies for coordinated mobilization of diverse juvenile justice agencies; resolution of conflicting agency objectives (e.g., enforcement vs. rehabilitation). Information and resource needs; organizational skills, techniques. Duplicates Credit in former PPMT 454. Instruction Mode: Lecture Grading Option: Letter

PPD 466 Urban Government and Management
Units: 4 Terms Offered: Irregular Preparation and discussion of cases dealing with selected policy areas including transportation, housing, poverty, and environmental quality. Duplicates Credit in former PPMT 427. Instruction Mode: Lecture Grading Option: Letter

PPD 468 Cross-Cultural Negotiations: Communication and Strategy
Units: 4 (Enroll in COMM 468)

PPD 475 The Future of California
Units: 4 (Enroll in MDA 475)

PPD 476 Politics and Administration
Units: 4 Terms Offered: Sp Administrative relationships to the policy processes; influence of political and economic pressures on administrative policy determination; political behavior by administrators; case analysis. Duplicates Credit in former PPMT 486. Instruction Mode: Lecture Grading Option: Letter
PPD 478 Social Innovation  
Units: 4  
Terms Offered: Fa  
Strategies and processes of social innovation and change; examination of social change in the market, government, and within the nonprofit sector; dynamics; civic action and activism. Instruction Mode: Lecture Grading  
Option: Letter

PPD 482 Comparative Public Administration  
Units: 4  
Terms Offered: Sp  
Methodology, theories, and models of comparison; functional processes of administration in developing and developed nations compared; role of bureaucracy in development and nation-building; ecology of administration. Duplicates Credit in former PPMT 482. Instruction Mode: Lecture Grading  
Option: Letter

PPD 485m U.S. Immigration Policy  
Units: 4  
Terms Offered: Fa  
Examination of the historical and contemporary components of U.S. immigration policy with emphasis on policies addressing legal permanent immigrants, refugees, asylees, the undocumented. Instruction Mode: Lecture Grading  
Option: Letter

PPD 490x Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8  
Max Units: 12.0  
Terms Offered: FaSpSm  
Individual research and readings. Not available for graduate credit. Duplicates Credit in former PLDV 490x and PPMT 490x. Instruction Mode: Lecture Grading  
Option: Letter

PPD 497a Senior Thesis  
Units: 2  
Terms Offered: FaSpSm  
Writing of the honors capstone project in an area of interest related to the track of study; research and writing skills. Instruction Mode: Lecture Grading  
Option: Letter

PPD 497b Senior Thesis  
Units: 2  
Terms Offered: FaSpSm  
Writing of the honors capstone project in an area of interest related to the track of study; research and writing skills. Instruction Mode: Lecture Grading  
Option: Letter

PPD 498 Senior Honors Seminar  
Units: 4  
Terms Offered: FaSpSm  
Concepts, theories, and methods of analysis of a selected topic within the fields of public policy, management and planning. Students must have a 3.5 GPA in PPD courses; 3.0 GPA overall. Instruction Mode: Lecture Grading  
Option: Letter

PPD 499 Special Topics  
Units: 2, 3, 4  
Max Units: 8.0  
Terms Offered: FaSpSm  
Selected topics in Policy, Management and Planning. Duplicates Credit in former PLDV 499 and PPMT 499. Instruction Mode: Lecture Grading  
Option: Letter

PPD 500 Intersectoral Leadership  
Units: 2  
Terms Offered: FaSpSm  
Roles of public, private, nonprofit, and civil society sectors in policy, planning, and development. Leadership skills in negotiation, conflict resolution, institutional design, problem solving. Instruction Mode: Lecture Grading  
Option: Letter

PPD 501a Economics for Policy, Planning and Development  
Units: 2  
Terms Offered: FaSpSm  
Microeconomic theory as applied to policy, planning, and development; concepts of efficiency; macroeconomic issues. Instruction Mode: Lecture Grading  
Option: Letter

PPD 501b Economics for Policy, Planning and Development  
Units: 2  
Terms Offered: FaSpSm  
Microeconomic analysis and modeling to incorporate Market failure and issues of uncertainty and information failure; organization models; policy instruments; policy and planning applications. Instruction Mode: Lecture Grading  
Option: Letter

PPD 502x Statistical Foundations for Public Management and Policy  
Units: 2  
Terms Offered: FaSpSm  
Statistical analysis concepts and reasoning; sampling and data sources; focus on basic statistical applications in public management and policy analysis. Not for graduate credit for MHA, MPA, MPP and affiliated degrees. Instruction Mode: Lecture Grading  
Option: Letter

PPD 507 Six-Sigma Methods and Applications  
Units: 3  
Terms Offered: FaSpSm  
(Enroll in ISE 507)

PPD 508 Health Care Operations Improvement  
Units: 3  
Terms Offered: Sp  
(Enroll in ISE 508)

PPD 509 Problems and Issues in the Health Field  
Units: 4  
Terms Offered: FaSpSm  
Principles of epidemiology; disease trends, treatment efficacy, influences on utilization; health promotion, disease prevention and health protection; intergovernmental relationships; management of public health programs. Duplicates Credit in former PUAD 530. Instruction Mode: Lecture Grading  
Option: Letter

PPD 510a Financial Management of Health Services  
Units: 4  
Terms Offered: FaSpSm  
Accounting principles, financial reports, managerial finance, financial planning, capital investments, working capital analysis; elements of budgeting and reimbursement; performance standards; reporting; developing a management system. Prerequisite: PPD 516; Recommended Preparation: PPD 502 or competence in statistics. Instruction Mode: Lecture Grading  
Option: Letter

PPD 510b Financial Management of Health Services  
Units: 4  
Terms Offered: FaSpSm  
Changing practices, emerging issues, strategies and innovations in financial planning, management, and regulation; federal and state policies and requirements. Prerequisite: PPD 516; Recommended Preparation: PPD 502 or competence in statistics. Instruction Mode: Lecture Grading  
Option: Letter

PPD 511 Health Information Systems  
Units: 2  
Terms Offered: FaSpSm  
Conceptual framework for data base development; relational data management; use of health statistics; health indicators; confidentiality, security, privacy. Recommended Preparation: PPD 502 or competence in statistics and PPD 516 or competence in accounting. Instruction Mode: Lecture Grading  
Option: Letter

PPD 512 Health Administration Residency Seminar  
Units: 2  
Terms Offered: FaSpSm  
Supervised study; research and writing skills. Instruction Mode: Lecture Grading  
Option: Letter

PPD 513 Legal Issues in Health Care Delivery  
Units: 2  
Terms Offered: FaSpSm  
Rights of consumers; health-related powers of governments; rights and responsibilities of
health care providers; interrelationships of rights, powers, and responsibilities. Recommended Preparation: PPD 509 or substantial prior work experience in health care organizations. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PPD 514 Economic Concepts Applied to Health
Units: 4 Terms Offered: FaSpSm Relationships between economic characteristics and health status; impact of economy on health services industry; demand and resources for health services; utilization, prices, costs, health insurance. Prerequisite: PPD 501a. Duplicates Credit in former PUAD 537. Instruction Mode: Lecture Grading Option: Letter

PPD 515 Strategic Management of Health Organizations
Units: 4 Terms Offered: FaSpSm Application of principles of health administration in several practice settings. Decision-making; strategic management; organizational performance; communication; provider comparisons. Prerequisite: PPD 501a or HMGT 565, PPD 545 or HMGT 520; Recommended Preparation: PPD 509, PPD 511, PPD 513, PPD 514, PPD 557. Instruction Mode: Lecture Grading Option: Letter

PPD 516 Financial Accounting for Health Care Organizations
Units: 4 Accounting as a management tool; accounting systems; basic accounting concepts and procedures; budgets; financial statements. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PPD 517 Concepts and Practices in Managing Health Care Organizations
Units: 2 Terms Offered: FaSp Application of principles of health administration. Role of managers; managing people and programs; human resource management concepts and applications; working with professionals; governance; public relations. Instruction Mode: Lecture Grading Option: Letter

PPD 518 Quality of Care Concepts
Units: 2 Terms Offered: Sp Quality issues and complexities affecting health care; fundamentals of quality improvement programs; examination of quality issues and improvement programs in various health care venues; strategies. Instruction Mode: Lecture Grading Option: Letter

PPD 519 Methods and Applications of Health Services Research
Units: 2 Terms Offered: Fa Examination of policy and management issues for empirical research; indicators and measurement of outcomes; impact on policy and management decisions; methodology; analysis of quantitative and qualitative data. Prerequisite: PPD 514. Instruction Mode: Lecture Grading Option: Letter

PPD 520 Economic Approaches to Health Policy Analysis
Units: 2 Terms Offered: Sp Evaluation of current major health policy challenges and issues; economic analysis of behavioral responses to change in health care policy; new legislation; policy trade-offs. Prerequisite: PPD 514. Instruction Mode: Lecture Grading Option: Letter

PPD 521a Information Technology Management Systems in Health Care
Units: 2 Terms Offered: Sm Principles and methods of systems analysis; assessment; strategic planning, design consideration; e-health and e-commerce system trends; health care information systems application areas; regulatory requirements. Prerequisite: PPD 511. Instruction Mode: Lecture Grading Option: Letter

PPD 521b Information Technology Management Systems in Health Care
Units: 2 Terms Offered: Sm Principles and methods of systems analysis; assessment; strategic planning, design consideration; e-health and e-commerce system trends; health care information systems application areas; regulatory requirements. Analytic methods used to develop data-driven solutions; specific problems in health care organizations; integrating data; communicating data; interpretation; exploration of new approaches for improvement. Prerequisite: PPD 511. Instruction Mode: Lecture Grading Option: Letter

PPD 524 Planning Theory
Units: 2 Terms Offered: Fa Development of a critical perspective by becoming more aware of the intellectual roots of the planning profession, with a focus on practical outcomes of actions. Duplicates Credit in former PLUS 501. Instruction Mode: Lecture Grading Option: Letter

PPD 525 Statistics and Arguing from Data
Units: 2 Terms Offered: FaSp Fundamentals of probability and statistics, planning analysis techniques, computing standards, and understanding of the rhetoric related to statistical analysis. Duplicates Credit in former PLUS 502. Instruction Mode: Lecture Grading Option: Letter

PPD 526 Comparative International Development
Units: 2 Terms Offered: Fa Introduction to comparative international development with a focus on regional growth and urban development. Duplicates Credit in former PLUS 505. Instruction Mode: Lecture Grading Option: Letter

PPD 527 The Social Context of Planning
Units: 2 Terms Offered: Sp Examination of the formation of the modern urban environment with its consumer culture, social classes, and racial and ethnic diversity. Duplicates Credit in former PLUS 506. Instruction Mode: Lecture Grading Option: Letter

PPD 529 Legal Environment of Planning
Units: 2 Terms Offered: Sp Understanding of the legal system and its processes and laws applicable to land use and development and the legal nature of powers of public and private entities. Duplicates Credit in former PLUS 509. Instruction Mode: Lecture Grading Option: Letter

PPD 530 Historical Analysis of Urban Form and Planning Practice
Units: 2 Terms Offered: Sp Awareness, analysis, understanding, and influencing the city building process locally and regionally; isolate and exercise tools and methods of visual literacy. Duplicates Credit in former PLUS 510. Instruction Mode: Lecture Grading Option: Letter

PPD 531L Planning Studio
Units: 4, 8, 12 Max Units: 12.0 Terms Offered: FaSp Application of methods in planning, programming, research, and evaluation in a professional context; data collection and analysis; case studies; practical applications. Duplicates Credit in former PLUS 576L and PLUS 676L. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PPD 532L International Planning and Development Laboratory Workshop
Units: 4, 5, 6, 7, 8 Terms Offered: Sm Application of planning principles and methods to specific urban planning problems abroad; involves preparation in the spring semester and an overseas field visit and a collaborative practicum. Duplicates Credit in former PLUS 575L. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PPD 533 Planning History and Urban Form
Units: 2 History of urban planning with an emphasis on the evolution of how planning shaped the physical environment in response to political, economic, and social issues. Instruction Mode: Lecture Grading Option: Letter

PPD 540 Public Administration and Society
Units: 4 Terms Offered: FaSpSm Administrative concepts, institutions, legal systems, and practices; values; facilitation of responsibilities and rights; professional applications for personal, private sector, and public achievement. Duplicates Credit in former PUAD 500. Instruction Mode: Lecture Grading Option: Letter

PPD 541 Public Financial Management and Budgeting
Units: 4 Terms Offered: Fa Financial management applied to public and nonprofit organizations; financial valuation, financial markets, budgeting, tax administration, debt financing, cost-benefit analysis and financial analysis. Duplicates Credit in PPDE 645. Instruction Mode: Lecture Grading Option: Letter

PPD 542 Policy and Program Evaluation
Units: 4 Terms Offered: Sp Methods and models for policy and program evaluation; methods of collecting and analyzing evaluation data; processes for linking evaluation to policy formulation and program management. Prerequisite: PPD 502. Duplicates Credit in former PUAD 525 and former PUAD 529. Instruction Mode: Lecture Grading Option: Letter

PPD 543 Internship Seminar
Units: 1 Terms Offered: FaSp Supervised study of management, analytical, or other professional activities in government; integration of theory, practice and relevant literature. Duplicates Credit in former PUAD 544. Instruction Mode: Lecture Grading Option: Letter

PPD 545 Human Behavior in Public Organizations
Units: 4 Terms Offered: FaSpSm Behavior in organizations; focus on personal, interpersonal, and group level factors that influence such behavior. Duplicates Credit in former PUAD 585. Instruction Mode: Lecture Grading Option: Letter

PPD 546 Capstone in Public Administration
Units: 4 Constitutionally accountable and ethical practice, individually and organizationally; applications of core competencies; practical inquiry, analysis, systems; comparative frameworks; citizenship and public service. Prerequisite: PPD 540 and PPD 545 and PPD 542 or PPD 557. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

PPD 552 Managing and Financing Public Engineering Works
Units: 3 Terms Offered: FaSpSm (Enroll in CE 552)

PPD 554 Foundations of Public Policy Analysis
Units: 2 Terms Offered: Fa Introduction to public policy analysis; issue diagnosis and policy design; analytic reasoning and argumentation; the role of the public policy professional; ethical issues in policy analysis. Registration Restriction: Open only to M.P.P. and Certificate in Public Policy students. Instruction Mode: Lecture Grading Option: Letter

PPD 555 Public Policy Formulation and Implementation
Units: 4 Terms Offered: FaSpSm Political and organizational perspectives on policy making process; agenda setting, policy design, adoption, implementation, evaluation, modification or termination. Policy leadership skills: negotiation and strategic mapping. Instruction Mode: Lecture Grading Option: Letter

PPD 556 Methods for Policy Analysis
Units: 1, 3 Terms Offered: Fa application and integration of the knowledge and techniques of analytic, quantitative, managerial, political and ethical analyses to specific public policy problems. Duplicates Credit in former PUAD 589. Instruction Mode: Lecture Grading Option: Letter

PPD 557 Modeling and Operations Research
Units: 4 Terms Offered: FaSpSm Management science methods that support decision making in policy, management, and planning settings. Includes linear programming, queuing theory, decision analysis, and forecasting. Prerequisite: PPD 502 or PPD 525. Instruction Mode: Lecture Grading Option: Letter

PPD 560 Multivariate Statistical Analysis
Units: 4 Terms Offered: FaSp Applied multivariate statistics in support of policy, management, and planning problem solving. Includes regression analysis, logit models, and an introduction to time-series models and multi-equation estimation. Prerequisite: PPD 502 or PPD 525. Instruction Mode: Lecture Grading Option: Letter

PPD 561a Policy Analysis Practicum
Units: 1, 3 Terms Offered: FaSp Application and integration of the knowledge and techniques of analytic, quantitative, managerial, political and ethical analyses to specific public policy problems. Duplicates Credit in former PUAD 589. Instruction Mode: Lecture Grading Option: Letter

PPD 561b Policy Analysis Practicum
Units: 1, 3 Terms Offered: FaSp Application and integration of the knowledge and techniques of analytic, quantitative, managerial, political and ethical analyses to specific public policy problems. Duplicates Credit in former PUAD 589. Instruction Mode: Lecture Grading Option: Letter

PPD 568 Environmental Governance and Sustainability
Units: 2 Terms Offered: Fa Introduction to leading issues of environmental governance and policy in looking toward a more sustainable future; normatively important concerns and the social, cultural, and political dimensions; thematic look from values to action. Instruction Mode: Lecture Grading Option: Letter

PPD 569 Applied International Policy Analysis and Management Project
PPD 570 Applied Statistics for Planning, Policy and Management
Units: 4 Terms Offered: Sm Use of statistical reasoning to answer questions related to public policy and management. Students will review and understand selected statistical techniques for analyzing data and for addressing public policy and management questions of interest using applied data analysis. Duplicates Credit in former PUAD 523. Instruction Mode: Lecture Grading Option: Letter

PPD 571 International Public Policy and Management Seminar
Units: 4 Terms Offered: Fa An introduction to the concepts and methods of public policy analysis and management. Highlights some of the constraints of the policy process. Includes examples from the United States but also presents comparative views of the contours of public policy in both developed and developing nations. The course applies public policy and management frameworks to selected areas of social policy. Duplicates Credit in former PUAD 524. Instruction Mode: Lecture Grading Option: Letter

PPD 572 Special Issues in International Public Policy
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm Current international public policy on issues such as governmental reform, regulation, social welfare, poverty alleviation and international aid. Policy framework and in-depth analysis of specific topics of relevance to governmental agencies and international organizations. Instruction Mode: Lecture Grading Option: Letter

PPD 587 Risk Analysis
Units: 4 Concepts of risk analysis, risk in engineered systems, environmental risk, security risks; fault trees, event trees, risk simulations; risks and decision-making. Recommended Preparation: MATH 108 or MATH 116. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ISE-587

PPD 588 Introduction to Transportation Planning Law
Units: 3 (Enroll in CE 579)

PPD 589 Port Engineering: Planning and Operations
Units: 3 (Enroll in CE 589)

PPD 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 594 Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 595 Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 596 Urban Health Policy
Units: 4 Terms Offered: Fa Addresses current U.S. health policy issues and the critical processes that shape them, with an emphasis on urban populations; institutional, economic, social, ethical, and political factors. Instruction Mode: Lecture Grading Option: Letter

PPD 597 Urban Health Policy
Units: 4 Terms Offered: Fa The role of public policy in shaping and influencing health and health care systems; current debates about the role of government in health care. Instruction Mode: Lecture Grading Option: Letter

PPD 598 Urban Health Policy
Units: 4 Terms Offered: FaSpSm An introduction to the concepts and methods of public policy analysis and management. Highlights some of the constraints of the policy process. Includes examples from the United States but also presents comparative views of the contours of public policy in both developed and developing nations. The course applies public policy and management frameworks to selected areas of social policy. Duplicates Credit in former PUAD 524. Instruction Mode: Lecture Grading Option: Letter

PPD 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics in public policy, management and planning. Instruction Mode: Lecture Grading Option: Letter

PPD 600 Management of Managed Care Organizations
Units: 2 Terms Offered: FaSpSm Managed care arrangements, interorganizational relations, management practices and controls, medical staff relations, strategic planning, marketing, utilization review, quality assurance, outcomes measures. Prerequisite: PPD 545 or HMGT 520; Recommended Preparation: PPD 516, PPD 510a or HMGT 565. Instruction Mode: Lecture Grading Option: Letter

PPD 601 Management of Long-Term Care Organizations
Units: 4 Terms Offered: Fa History, development, trends; major policy issues; organization of systems; principles and techniques of administration; management of institutional and community based programs. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PPD 602 Strategic and Operational Planning for Health Services
Units: 4, 2 years Terms Offered: Fa Strategic, institutional, and program planning theory and methods; governmental and legal requirements, certificate of need processes, reimbursement controls; financing and marketing considerations, practices, and methods. Duplicates Credit in former PUAD 535. Instruction Mode: Lecture Grading Option: Letter

PPD 603 Marketing of Health Services
Units: 4 Terms Offered: Sm Assessing community needs and organizational service capabilities; evaluating competition; qualitative and quantitative market research methods; market communications and advertising; developing marketing plans. Recommended Preparation: PPD 502 or competence in statistics. Instruction Mode: Lecture Grading Option: Letter

PPD 604 Seminar in Hospital Administration
Units: 4 Terms Offered: Sm Hospital systems and functions; managerial processes, theory, and practice; governance structures; legal, regulatory, administrative, and professional requirements; medical and professional staff; multi-institutional arrangements; controls. Prerequisite: PPD 545 or HMGT 520; Recommended Preparation: PPD 516. Instruction Mode: Lecture Grading Option: Letter

PPD 605 Frontline Issues in Health Services Administration and Policy
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Emphasis on current or emergent issues in the health care industry. Focus on impact of recent health legislation and/or health care system responsiveness. Instruction Mode: Lecture Grading Option: Letter

PPD 606 Urban Health Policy
Units: 4 Terms Offered: Fa Addresses current U.S. health policy issues and the critical processes that shape them, with an emphasis on urban populations; institutional, economic, social, ethical, and political factors. Instruction Mode: Lecture Grading Option: Letter

PPD 625 Planning and Economic Development Finance
Units: 4 Terms Offered: Fa Funds for economic development professionals and policy makers including feasibility analysis and the financing of facilities, social services, and community-based enterprises. Duplicates Credit in former PLUS 546. Instruction Mode: Lecture Grading Option: Letter

PPD 626 Public/Private and Mixed Enterprises Planning
Units: 2, 4 Terms Offered: SpFa Case studies of planning and public/private and mixed enterprises; public production of private goods; privatization of public services; public/private partnerships; mixed enterprises. Instruction Mode: Lecture Grading Option: Letter

PPD 627 Design Skills for Urban Planners
Units: 4 Terms Offered: Fa Develop observation, description, analysis, and conceptualization skills related to urban spatial conditions; advance professional communication proficiencies. Duplicates Credit in former PLUS 573. Instruction Mode: Lecture Grading Option: Letter

PPD 628 Urban Planning and Social Policy
Units: 4 Terms Offered: Irregular Urban planning and social work: theory, values, techniques of inquiry, and problem-solving methods appropriate to urban planning and social work. Duplicates Credit in former PLUS 552. Instruction Mode: Lecture Grading Option: Letter

PPD 630 Urban Economic Analysis
Units: 4 Terms Offered: Sp Economic models of cities and city development and structure; housing and land markets; transportation systems; problems of congestion and pollution; evaluation of urban policies. Duplicates Credit in former PLUS 566. Instruction Mode: Lecture Grading Option: Letter

PPD 631 Geographic Information Systems for Policy, Planning, and Development
Units: 2 Terms Offered: Survey of infrastructure issues and urban spatial conditions; advance professional communication proficiencies. Duplicates Credit in former PLUS 574. Instruction Mode: Lecture Grading Option: Letter

PPD 632 Planning Analysis and Evaluation
Units: 4 Terms Offered: Sp Methods of policy, program, and plan evaluation: economic principles and theoretical concepts introduced, followed by case studies. Duplicates Credit in former PLUS 574. Instruction Mode: Lecture Grading Option: Letter

PPD 633 Urban Transportation Planning and Management
Units: 4, 2 years Terms Offered: Fa Background applications of established urban travel forecasting procedures; land use; trip-generation, trip-distribution, modal-choice, trip-assignment; evaluation; criticisms. Duplicates Credit in former PLUS 580. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-633

PPD 634 Institutional and Policy Issues in Transportation
Units: 4 Terms Offered: Sp Analysis of policies relating to transportation alternatives; institutional environment and background; federal, state, regional, and local agency responsibilities and interactions. Duplicates Credit in former PLUS 581. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-634

PPD 635 Principles of Transportation Systems Analysis
Units: 4 Terms Offered: Fa Planning, design, modeling, and operation of inter- and intra-urban transportation networks. Analysis of contemporary engineering-economic issues relevant to transport, especially questions pertaining to infrastructure. Duplicates Credit in former PLUS 582. Instruction Mode: Lecture Grading Option: Letter

PPD 636 Infrastructure and Modern Society
Units: 2 Terms Offered: Sp Survey of infrastructure issues that relates principles from multiple disciplines to the provision of vital services and encourages critical thinking within a systems context. Instruction Mode: Lecture Grading Option: Letter

PPD 637 Forecasting and Urban Planning: A Survey of Theory and Methods
Units: 4 Terms Offered: Sp Overview of forecasting methods and applications in urban planning processes used to determine urban futures; includes theoretical and institutional issues as well as quantitative methods. Instruction Mode: Lecture Grading Option: Letter

PPD 638 Integrative Seminar
Units: 4 Terms Offered: FaSpSm Individual research and preparation of an integrated comprehensive study coordinated with a sponsor such as a government agency or development firm. Prerequisite: PPD 611, PPD 612. Duplicates Credit in former PLUS 591. Instruction Mode: Lecture Grading Option: Letter

PPD 639 Introduction to Community and Economic Development
Units: 4 Terms Offered: FaSp Theories of community and economic development and a contextual understanding of the forces that change the development and community life of urban areas. Instruction Mode: Lecture Grading Option: Letter

PPD 640 Leadership Foundations: Competencies and Core Values
Units: 4 Terms Offered: Sm An intensive introduction to leading through core values. Focuses on developing leadership skills at the personal level to build a foundation for leadership at all levels. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 641 Leading Individuals, Groups and Teams
Units: 4 Terms Offered: Fa Leadership styles in various settings; team demographics, and dynamics; problem-solving; decision-making; diversity and critical thinking skills; effect of culture on small group communication; managing conflict. Prerequisite: PPD 640. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 642 Strategic Leadership of Organizations
Units: 4 Terms Offered: Sp Strategic analysis; strategic planning; leadership; performance measurement and management; control systems; organizational structure and networks; organizational culture; organizational learning and change. Prerequisite: PPD 641. Registration Restriction:
PPD 642. Registration Restrictions: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 643 Leading Transformations Across Sectors: Integrative Seminar
Units: 4 Terms Offered: Sm Application and practice of leadership skills working across the public, private and nonprofit sectors. Skills include negotiation, collaboration, communication, political management and ethical responsibilities. Prerequisite: PPD 642. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 644 Shaping the Built Environment
Units: 4 Introduction to the theories and concepts and good city form. Explores the options for designing more livable and sustainable urban communities. Instruction Mode: Lecture Grading Option: Letter

PPD 645 Professional Development
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular Selected topics in the practical application of administrative concepts. Duplicates Credit in former PUAD 502. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 646 Fieldwork
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Supervised study of management activities in governmental agencies. Duplicates Credit in former PUAD 503. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 647 Finance of the Public Sector
Units: 4 Terms Offered: Sp Sources of government revenue, intergovernmental financial relations, budgeting, public goods theory. Theoretical and applied skills in analysis of equity and efficiency issues. Prerequisite: PPD 501b. Duplicates Credit in former PUAD 513. Instruction Mode: Lecture Grading Option: Letter

PPD 648 Concepts and Practices of Public Budgeting
Units: 4 Terms Offered: Irregular Budget planning, budget formulation, tools for budget analysis and budget implementation. Duplicates Credit in former PUAD 515. Instruction Mode: Lecture Grading Option: Letter

PPD 649 Concepts and Practices in Public Personnel Administration
Units: 4 Terms Offered: FaSm Concepts of man and of work; workforce; government personnel systems, including merit concepts, classification, and compensation; collective bargaining; organizational justice; training and development. Duplicates Credit in former PUAD 516. Instruction Mode: Lecture Grading Option: Letter

PPD 650 Organization Development in Public Administration
Units: 4 Terms Offered: FaSp Overview of concepts and methodologies of organization development; diagnosing organizational needs; developing change strategies; selecting appropriate interventions. Duplicates Credit in former PUAD 517. Instruction Mode: Lecture Grading Option: Letter

PPD 651 Seminar in the Administration of Local Government
Units: 4 Terms Offered: Irregular Intensive consideration of the functions of the municipal executive and his environment. Research preparation and discussion of cases. Duplicates Credit in former PUAD 520. Instruction Mode: Lecture Grading Option: Letter

PPD 652 Financial Administration in Local Government
Units: 4 Terms Offered: Irregular Revenue sources, fees and charges, benefit assessments; financing economic development and redevelopment, issuing and managing debt, current asset management, and state-local relations. Duplicates Credit in former PUAD 521. Instruction Mode: Lecture Grading Option: Letter

PPD 653 Training in the Public Sector
Units: 4 Terms Offered: Fa Emergence of public service training; learning theories; program development process — assessing needs, design, delivery, and evaluation; role of media; individual, group, organization development; managing training. Duplicates Credit in former PUAD 522. Instruction Mode: Lecture Grading Option: Letter

PPD 654 Information Technology Management in the Public Sector
Units: 4 Terms Offered: FaSpSm Application of computer and information technology in government; e-government; information technology architecture; systems project management. Duplicates Credit in former PPD 518. Instruction Mode: Lecture Grading Option: Letter

PPD 655 Administrative Law and Public Management
Units: 4 Terms Offered: FaSpSm Administrative perspectives on legal principles of agency rule-making and adjudication; distinctions between the two; informal administrative actions; decision-making; judicial review; public control of administrative decisions. Instruction Mode: Lecture Grading Option: Letter

PPD 656 Political Management: Theory and Applied Techniques
Units: 4 Terms Offered: Sm Political management theories; strategy formation; research and data collection approaches; computer applications; electronic databases; issue management; problem-solving techniques; ethical considerations. Duplicates Credit in former PUAD 545. Instruction Mode: Lecture Grading Option: Letter

PPD 657 Political Leadership in Public Organizations
Units: 4 Terms Offered: Sp Concepts and skills for public executives and senior managers; understanding the dynamics of governmental institutions and policy processes; organizational and personal assessment skills. Duplicates Credit in former PUAD 546. Instruction Mode: Lecture Grading Option: Letter

PPD 658 Advocacy in Public Administration
Units: 4 Terms Offered: Fa Perspectives on advocacy in the policy process; practice of advocacy; accessing the policy process; simulation of the advocacy process; ethical considerations. Duplicates Credit in former PUAD 547. Instruction Mode: Lecture Grading Option: Letter

PPD 659 National Security Administration and the Domestic and International Environment
Units: 4 Terms Offered: Irregular Interplay of domestic and international environments; resultant constraints upon national security program administration; administrative and organizational implications for future scenarios. Duplicates Credit in former PUAD 549. Instruction Mode: Lecture Grading Option: Letter

PPD 660 Local Agency Debt and Cash Administration
Units: 4 Terms Offered: Irregular Overview of methods of debt and cash administration including official statement analysis; mechanics of different types of issues; and cash
management principles. Duplicates Credit in former PUAD 550. Instruction Mode: Lecture Grading Option: Letter

PPD 661 Intergovernmental Management: Local Perspective
Units: 4 Terms Offered: Fa Role of city, special district, and metropolitan governments in intergovernmental relations; intergovernmental impacts on local policy process and service delivery; management problems and alternatives. Duplicates Credit in former PUAD 552. Instruction Mode: Lecture Grading Option: Letter

PPD 662 Intergovernmental Management: State Perspective
Units: 4 Terms Offered: FaSp Role of state government in intergovernmental relations, emphasis on California experience; financial aspects of intergovernmental system. Duplicates Credit in former PUAD 553. Instruction Mode: Lecture Grading Option: Letter

PPD 663 Intergovernmental Management: Federal Perspective
Units: 4 Terms Offered: Irregular Role of national government in intergovernmental process; impact of federal legislative, executive, and judicial actions on state and local government; intergovernmental policy-making process. Duplicates Credit in former PUAD 554. Instruction Mode: Lecture Grading Option: Letter

PPD 664 Contract Management
Units: 2 Terms Offered: Sp Contract management techniques in the public and private sectors; micro and macro management; compliance and negotiation; conflicts of interest and ethical issues. Instruction Mode: Lecture Grading Option: Letter

PPD 665 Contemporary Issues in Philanthropy
Units: 4 Motivations and strategies of philanthropists; philanthropic foundations and emerging institutions for philanthropy; issues of philanthropic stewardship, public policy and public accountability. Instruction Mode: Lecture Grading Option: Letter

PPD 666 Administrative Research and Analysis
Units: 4 Terms Offered: Irregular Theory and methods for study of administrative effectiveness: problem solving, performance measurement, administrative and organizational research, quality improvement, and change implementation. Prerequisite: PPD 502. Duplicates Credit in former PUAD 506. Instruction Mode: Lecture Grading Option: Letter

PPD 667 Public Ethics
Units: 4 Terms Offered: Sp Following an introduction to the study of ethics, relationships among administrative, political and policy ethics are examined, emphasizing the ethics of the administrative role. Duplicates Credit in former PUAD 560. Instruction Mode: Lecture Grading Option: Letter

PPD 668 Entrepreneurship in the Public Sector
Units: 4 Terms Offered: Irregular Providing public services through the private and nonprofit sectors; public-private partnerships; political and organizational skills required for public entrepreneurship. Duplicates Credit in former PUAD 561. Instruction Mode: Lecture Grading Option: Letter

PPD 669 Federal Management Systems
Units: 4 Terms Offered: FaSp Principal institutions and processes in federal government for overhead leadership and control; examines Office of Management and Budget, Office of Personnel Management, Merit Systems Protection Board, General Services Administration, and General Accounting Office. Duplicates Credit in former PUAD 564. Instruction Mode: Lecture Grading Option: Letter

PPD 670 Management of Intergovernmental Programs
Units: 4 Terms Offered: Sp Analysis of relationships among governmental units in delivery of governmental programs; historical development of intergovernmental relations; present status and future implications. Duplicates Credit in former PUAD 566. Instruction Mode: Lecture Grading Option: Letter

PPD 671 Decision-Making in Regulatory Agencies
Units: 4 Terms Offered: Irregular Risk assessment, management, and communication concepts and practices; comparisons of regulatory decision making in regulatory agencies; emerging benefit assessment, cost-effectiveness, and communication issues. Duplicates Credit in former PUAD 567. Instruction Mode: Lecture Grading Option: Letter

PPD 672 Presidency, Congress, and the Bureaucracy
Units: 4 Terms Offered: SpSm Relationships in national government among political executive, legislative, and administrative units; reviews institutions, formal processes, and political dynamics. Duplicates Credit in former PUAD 568. Instruction Mode: Lecture Grading Option: Letter

PPD 673 Strategic Planning in the Public Sector
Units: 4 Terms Offered: Sp Analysis/field application of action research models for strategic planning in public agencies; design of effective public systems; citizens/administrators' roles in strategic decision-making. Duplicates Credit in former PUAD 574. Instruction Mode: Lecture Grading Option: Letter

PPD 674 Science, Technology, and Government
Units: 4 Terms Offered: Irregular Impact of science/technology on governmental policy, processes, institutions; critical policy areas in science/technology; machinery for formulating science policy; governmental impact on science/technology. Duplicates Credit in former PUAD 575. Instruction Mode: Lecture Grading Option: Letter

PPD 675 Nonprofit Management and Leadership
Units: 4 Terms Offered: FaSpSm Issues in nonprofit management and leadership including: the role of boards; strategic planning; marketing and fund-raising; financial management; and volunteer and human resource management. Recommended Preparation: PPD 689. Instruction Mode: Lecture Grading Option: Letter

PPD 676 Comparative Public Administration
Units: 4 Terms Offered: Irregular Methodologies, theories and models of comparison; administrative systems; role and functions of the public sector; administrative cultures. Duplicates Credit in former PUAD 579. Instruction Mode: Lecture Grading Option: Letter

PPD 677 International Development Administration
Units: 4 Terms Offered: Sp Development of theories; role of international institutions in resource exchanges; foreign investment and trade policies; national planning and allocation systems; development and modernization strategies and implementation. Duplicates Credit in former PUAD 581. Instruction Mode: Lecture Grading Option: Letter
PPD 678 Processes of Change in Developing Societies  
Units: 4 Terms Offered: Irregular Nature of traditional and transitional societies; theories and practice of developmental change; role of bureaucracy in development; institution building; public enterprise; technology assessment and transfer. Duplicates Credit in former PUAD 582. Instruction Mode: Lecture Grading Option: Letter

PPD 679 Financial Administration in Developing Countries  
Units: 4 Terms Offered: Sm Public sector finance; tax policy and administration; budgeting and auditing; debt management; public enterprise and development banks; planning; techniques; project assessment. Duplicates Credit in former PUAD 583. Instruction Mode: Lecture Grading Option: Letter

PPD 680 Development of Effective Groups and Organizations  
Units: 4 Terms Offered: Fa Theories and techniques of assessing and improving interpersonal relationships and group dynamics in an organizational context; action research-based approaches to implementing organizational change. Duplicates Credit in former PUAD 586. Instruction Mode: Lecture Grading Option: Letter

PPD 681 Public Organization and Management Theory  
Units: 4 Terms Offered: FaSp Nature and management of public organizations; examination of organizational characteristics, forms, and processes, including the relationship with the broader environment. Duplicates Credit in former PUAD 595. Instruction Mode: Lecture Grading Option: Letter

PPD 682 Justice Administration: A Management Perspective  
Units: 4, 2 years Terms Offered: Fa Justice administration as an interactive system: law, etiology of crime, police, the judiciary and corrections. Interface of offenders with community and political force fields. Duplicates Credit in former PUAD 540. Instruction Mode: Lecture Grading Option: Letter

PPD 683 Homeland Security and Public Policy  
Units: 4 Terms Offered: FaSp Definition and history of terrorism, counterterrorism, domestic policy and public sector management; intelligence/information sharing and analysis; emergency preparedness planning, response and recovery. Instruction Mode: Lecture Grading Option: Letter

PPD 684 Leadership Development in the Public and Nonprofit Sectors  
Units: 2 Terms Offered: Fa An overview of leadership concepts, frameworks and skills; application of leadership in complex or inter-sectoral settings. Instruction Mode: Lecture Grading Option: Letter

PPD 685 Human Resources Management in Public and Non-Profit Sectors  
Units: 2 Terms Offered: Fa Merit principles, position classification, recruitment and selection, compensation, organizational development, labor relations; challenges and strategies for managing a diverse workforce. Instruction Mode: Lecture Grading Option: Letter

PPD 686 U.S. Immigration Policy  
Units: 4 Terms Offered: Sp Overall understanding of contemporary U.S. immigration policy. Instruction Mode: Lecture Grading Option: Letter

PPD 687 Strategic Management in the Nonprofit Sector  
Units: 4 Terms Offered: Sp Strategic management of nonprofit organizations, social entrepreneurship, and management practice. Prerequisite: PPD 675 and PPD 689. Instruction Mode: Lecture Grading Option: Letter

PPD 688 Business and Public Policy  
Units: 4 Terms Offered: Irregular The business-government relationship; effects of selected public policies (antitrust, economic, and social regulation, industrial policies, legal policy) on firm and industry behavior. Prerequisite: PPD 501b. Duplicates Credit in former PUAD 557. Instruction Mode: Lecture Grading Option: Letter

PPD 689 The Nonprofit Sector and Philanthropy  
Units: 4 Terms Offered: FaSp Nonprofit organizations and their relation to government and business; the role of philanthropy, social enterprise and public support; and implications for policy, strategy and management. Instruction Mode: Lecture Grading Option: Letter

PPD 690 Alternative Dispute Resolution  
Units: 4 Terms Offered: Fa Theory and methods of conflict analysis, negotiation, facilitation and mediation in the public sector. Duplicates Credit in former PUAD 519. Instruction Mode: Lecture Grading Option: Letter

PPD 691 Transportation and the Environment  
Units: 4 Terms Offered: Sp Analysis of the benefits and costs of urban transportation; concepts of social costs; benefits and externalities; environmental costs; social justice issues; policy and planning alternatives for sustainable transportation. Prerequisite: PPD 501a. Duplicates Credit in former PPD 584. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-692

PPD 692 Communicating Public Policy  
Units: 4 Exploring the complex relationships that exist among policies, policymakers, and the media; analyzing the role of journalists and policy analysts in the public policy process. Instruction Mode: Lecture Grading Option: Letter

PPD 694 Coastal Policy and Planning  
Units: 4 Terms Offered: Sp Coastal management issues in the context of public and private users competing for land resources, the costs and benefits of seaports, compare coastal development models. Instruction Mode: Lecture Grading Option: Letter

PPD 695 Clinical Issues for Managers  
Units: 1 Terms Offered: Fa Introduces key information and concepts for managers of clinical services. Examines problems and issues facing health care managers and clinician relations. Instruction Mode: Lecture Grading Option: Letter

PPD 696 Health Care Venture Development  
Units: 2 Terms Offered: SpSm Focuses on developing the resourcefulness, know-how and decision support skills needed to identify, assess and develop new health ventures. Includes business planning, financing, strategy, entrepreneurship. Recommended Preparation: PPD 510a or HMGT 565. Instruction Mode: Lecture Grading Option: Letter

PPD 697 Cultural Proficiency in Health Management and Policy  
Units: 2 Terms Offered: Sp Provides an understanding of what social factors contribute to racial/ethnic,
socioeconomic, and gender disparities in health and the culturally proficient provision of health care. Instruction Mode: Lecture Grading Option: Letter

PPD 698 Strategic Management and Change
Units: 4 Theory and applied skills in management of social sector organizations with applications in international settings. Strategic management and planning; communication strategies, marketing and promotion; leadership skills; organizational development and change. Instruction Mode: Lecture Grading Option: Letter

PPD 700 Teaching Seminar
Units: 2 Pedagogy: learning objectives, curriculum design, teaching methods, evaluation. Duplicates Credit in former PPD 700ab. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 706 Paradigms of Research and the Design of Inquiry
Units: 4 Terms Offered: FaSp Philosophy of social science; applied social research; research design; sampling and validity; overview of qualitative and quantitative methods. Instruction Mode: Lecture Grading Option: Letter

PPD 707 Survey Research Methods
Units: 4 Terms Offered: Sp Collection and use of survey data: basic orientation, mechanics of using SAS, and interpretation of survey tabulations. Prerequisite: PPD 525. Duplicates Credit in former PLUS 608. Instruction Mode: Lecture Grading Option: Letter

PPD 708 Qualitative Methods
Units: 4 Terms Offered: Sp Reflective and critical approach that questions data collection techniques, positions relative to those being studied, and explanatory methods. Recommended Preparation: PPD 525 or PPD 612. Duplicates Credit in former PLUS 609. Instruction Mode: Lecture Grading Option: Letter

PPD 709 Applications in the Advanced Quantitative Methods
Units: 4 Terms Offered: Sp Statistical and econometric modeling in real estate finance, urban economics, public policy, and planning research. Building, estimating and adjusting models for real-world. Prerequisite: PPD 525. Instruction Mode: Lecture Grading Option: Letter

PPD 710a Research Seminar
Units: 2 Terms Offered: FaSp Research fields and design; literature reviews; critical reading and critiquing; project development. Prerequisite: PPD 706. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 710b Research Seminar
Units: 2 Terms Offered: FaSp Research fields and design; literature reviews; critical reading and critiquing; project development. Prerequisite: PPD 706. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 711 Theoretical Foundation of Public Management
Units: 4 Terms Offered: Fa Theories of the role, structure, and growth of the public sector; political economy of public bureaucracies; the voluntary nonprofit sector. Prerequisite: PPD 501b. Instruction Mode: Lecture Grading Option: Letter

PPD 712 Seminar in Public Policy
Units: 4 Terms Offered: Fa Critical analysis of the policy field; theoretical foundations; integration of quantitative, organizational, and political considerations; policy research. Prerequisite: PPD 501b, PPD 554. Duplicates Credit in former PUAD 626. Instruction Mode: Lecture Grading Option: Letter

PPD 713 Advanced Planning Theory
Units: 4 Terms Offered: Fa Positive and normative attitudes of public plans, policies, programs, organizational and institutional settings; policy analysis; modeling of social choices; evaluation; applied welfare analysis; performance assessment. Duplicates Credit in former PLUS 605. Instruction Mode: Lecture Grading Option: Letter

PPD 714 Advanced Urban Development
Units: 4 Terms Offered: Fa Urbanization, urban economics, land use, the politics of growth, governance, regulation, and the state, immigration, and place promotion. Instruction Mode: Lecture Grading Option: Letter

PPD 715 Political Economy and Institutional Analysis
Units: 4 Institutional dimension of political economy; analytic approaches in institutional analysis and their relevance for understanding the interactions between political and economic factors in public-sector issues. Prerequisite: PPD 501a. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 719e Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 719f Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 719g Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 719h Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 719i Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 719j Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 759 Law of the Political Process
Units: 2, 3, 4 Max Units: max 8 (Enroll in LAW 795)

PPD 797 Public Policy in Law: Analysis and Advocacy
Units: 1, 2, 3, 4 (Enroll in LAW 797)
Policy, Planning, and Development — Expanded

PPDE 628 Introduction to Lean Health Care
Units: 2 Performance improvement methods and principles in health care; how Lean, Six-Sigma, and Human Centered Design (HCD) methodologies are applied to health care organizations to improve quality and efficiency. Instruction Mode: Lecture Grading Option: Letter

PPDE 629 Transitional Care and Hospital Readmission Prevention
Units: 2 Alternatives within the healthcare delivery system beyond the acute hospital; how social, medical and financial determinants provide alternatives to acute care and impact a patient's disposition; Hospital Readmission Penalty Program; effect of the Affordable Care Act of 2010 on patient care. Instruction Mode: Lecture Grading Option: Letter

PPDE 630 Community Health Planning
Units: 4 Terms Offered: Fa Performance improvement methods and principles in sustaining community health; examines relationship between health and environment; historical development, conceptualization and practice of community health planning. Instruction Mode: Lecture Grading Option: Letter

PPDE 631 Public Space: Theory, Policy, and Design
Units: 4 Examination of contemporary issues and practices in the design, production, and uses of public space in a comparative perspective; implications for future design and public policy. Instruction Mode: Lecture Grading Option: Letter

PPDE 632 Sustainable Cities
Units: 4 Terms Offered: Fa Exploration of environmental problems linked to urbanization, drawing on historical analysis, social theory, scientific research, and city planning/design practice. Alternative policy options for urban sustainability. Duplicates Credit in the former GEOG 601. Instruction Mode: Lecture Grading Option: Letter

PPDE 633 Communicating City Design: Positions and Representations
Units: 2 Communicating the processes, products, and concepts of city design; merging theoretical and skill-based exercises for effective communication; verbal and graphic communication; physical components of urban landscape and dimensional attributes. Instruction Mode: Lecture Grading Option: Letter

PPDE 634 Methodology, Methods and Tools for Urban Sustainability
Units: 2, 3, 4 Terms Offered: Fa Methodology assessment and planning methods for urban sustainability and land use planning; how the choice and use of theory and methods impact the planning process; systems and spatial analysis. Instruction Mode: Lecture Grading Option: Letter

PPDE 635 Housing and Land Use in Rapidly Urbanizing Regions
Units: 4 Terms Offered: Fa Interdisciplinary approach to conceptualize urban land and property rights; property rights strategies; design and policy interventions; the struggle for rights to space in the city. Instruction Mode: Lecture Grading Option: Letter

PPDE 636 Urban Spatial Ethnography and Critical Cartography
Units: 4 Theories and methods of how to develop original data about, analyze, and produce visualizations of urban space; conventional conceptualization and representations of cities and urban spatial data. Recommended Preparation: PPD 631 or other GIS course work Instruction Mode: Lecture Grading Option: Letter

PPDE 644 Land Use and Transportation Planning
Units: 4 Key theories of land use — transportation interactions; understanding of land markets and derived-demand approach; use of evidence for information; travel data collection methods; application of land use. Instruction Mode: Lecture Grading Option: Letter

PPDE 645 Financial Management of Nonprofit Organizations
Units: 4 Accounting and financial management principles and practices in nonprofit organizations: budgeting financial analysis, internal controls, financial policies, grant making and financial reporting. Duplicates Credit in PPD 541. Instruction Mode: Lecture Grading Option: Letter

PPDE 646 Grant Writing Practicum
Units: 2 Grant making process and proposal development; philanthropic foundations; strategies for funding; budgeting, logic models, and evaluation; peer review. Instruction Mode: Lecture Grading Option: Letter

PPDE 647 Civic Engagement in Governance
Units: 4 Terms Offered: Sp Roles of citizens, civic associations, nonprofit organizations, government and business in democratic governance; civil society as the interface among these entities; techniques, purposes and contexts of civic engagement. Instruction Mode: Lecture Grading Option: Letter

PPDE 648 Performance Management
Units: 2 Concept and practice of performance management; examination of performance measurement; analysis and reporting practices for organizational accountability and improvements; performance design, indicators, utilization of information. Instruction Mode: Lecture Grading Option: Letter

PPDE 649 International Development NGOs: Theory, Policy and Management Issues
Units: 4 Critical issues involved in International Development NGO management; theoretical work and analytical framework to understand organizational features; NGO management, issues and challenges. Instruction Mode: Lecture Grading Option: Letter

PPDE 660 Environmental Policy Design and Analysis
Units: 2 Terms Offered: Sp Analytical foundation for design of institutions and policies; environmental policy; welfare economics and market failure; policy evaluation; economic policy instruments; climate change policy issues; other policy issues. Prerequisite: PPD 501a; Recommended Preparation: PPD 501b. Instruction Mode: Lecture Grading Option: Letter

PPDE 661 Methods for Equity Analysis
Units: 4 Techniques to measure inequality and segregation. Policy evaluation using techniques for casual inference. Prerequisite: PPD 558. Instruction Mode: Lecture Grading Option: Letter

PPDE 662 China from a US Policy Perspective
Units: 4 Examination of China through the lens of the US federal government; trade issues; economic coordination and stability; environment and sustainability; defense and
security; human development. Instruction Mode: Lecture Grading Option: Letter

PPDE 663 Media for Policy Change
Units: 4 Terms Offered: Sp The use of media as an implement of social policy and change at the state and federal level; analysis of social problems and the effect policy practitioners influence on change. Instruction Mode: Lecture Grading Option: Letter

PPDE 664 Seminar in Social Justice and Public Policy
Units: 4 Major theories of social justice in the US and globally; how theories of social justice influence policy, urban planning, and public administration; how to bridge theories about justice for professional practice. Instruction Mode: Lecture Grading Option: Letter

PPDE 680 Board Governance and Leadership
Units: 2 Governance of nonprofit organizations; responsibilities and expectations of boards; board effectiveness; and changes in governance as a result of recent federal and state legislation. Instruction Mode: Lecture Grading Option: Letter

PPDE 681 Fund Development for Nonprofit Organizations
Units: 4 Key aspects of the fundraising process for nonprofit organizations; theoretical foundations and general fundraising principles; techniques sources of donations; key aspects of managing the process. Instruction Mode: Lecture Grading Option: Letter

PPDE 682 Strategic Management and Leadership in Nonprofit Organizations
Units: 4 Mission-mandated accountable and ethical practice, individually and organizationally; applications of core competencies; practical inquiry, analysis, systems; comparative frameworks; strategic leadership and management of public value production. Prerequisite: PPD 500 and PPD 675 and PPD 689. Registration Restriction: Open only to Master of Nonprofit Leadership and Management students. Instruction Mode: Lecture Grading Option: Letter

Pharmaceutical Sciences

PSCI 531 Cell Biology
Units: 4 (Enroll in INTD 531)

PSCI 556 Principal Research Approaches and Scientific Writing
Units: 4 Terms Offered: Fa Familiarizes new graduate students with basic approaches used in biomedical research, with a focus on approaches in pharmaceutical, pharmacological and translational sciences. Provides an understanding of what to expect in the coming years as a graduate student doing biomedical research and in scientific writing. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

PSCI 557 Introduction to Tools and Techniques for Chemical Biology
Units: 2 Terms Offered: Sp Multidisciplinary science where the knowledge of chemistry is utilized to solve problems in biology, and biological systems are evolved to gain new functions. This course aims to establish a great opportunity for graduate students at the interface of biology and chemistry. Recommended Preparation: formal course work in chemistry and biochemistry. Instruction Mode: Lecture, Discussion Grading Option: Letter

PSCI 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

PSCI 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

PSCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSCI 594a Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Prerequisite: completion of all required course work for the MS degree. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 594b Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Prerequisite: completion of all required course work for the MS degree. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 594z Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Prerequisite: completion of all required course work for the MS degree. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Topics in advanced pharmaceutical sciences. Instruction Mode: Lecture Grading Option: Letter

PSCI 601 Molecular Biology of Gene Regulation
Units: 2 Max Units: max 8 (Enroll in BIOC 601)

PSCI 633 Free Radical Chemistry, Biology, and Medicine
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

PSCI 655 Immunopharmacapeutics
Units: 2, 2 years Terms Offered: Fa Lectures and discussion sessions on pharmacuticsrelated immunology, including drugs affecting the immune system, antibodies and cytokines as drugs, and new developments in immunobiotechnology. Instruction Mode: Lecture Grading Option: Letter

PSCI 661 Advanced Pharmaceutical Analysis
Units: 4, 2 years Terms Offered: Fa Theory and application of quantitative instrumental techniques to the pharmaceutical sciences. Includes principles of chromatography, spectrophotometry, fluorescence, mass spectrometry and immunologic assays. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSCI 662 Advanced Pharmacokinetics/Pharmacodynamics
PSCI 663 Advanced Drug Delivery Systems  
Units: 2 Terms Offered: Fa  Design and applications of polymers, liposomes, micro/nanoparticles, prodrugs, and macromolecules for parenteral, oral, transdermal, respiratory and CNS drug delivery. **Prerequisite:** PSCI 665; **Recommended Preparation:** college level chemistry and biology. Instruction Mode: Lecture Grading Option: Letter

PSCI 664 Drug Discovery and Design  
Units: 4 Terms Offered: FaSpSm Principles of drug discovery, design and characterization. Mechanisms of action of major classes of drugs. **Recommended Preparation:** college level chemistry and biology. Instruction Mode: Lecture Grading Option: Letter

PSCI 665 Drug Transport and Delivery  
Units: 4 Terms Offered: Fa Principles of cellular drug transport, in vivo drug transport, and modern drug delivery, including drug targeting. **Recommended Preparation:** college level chemistry and biology. Instruction Mode: Lecture Grading Option: Letter

PSCI 667 Intracellular Drug Delivery and Targeting  
Units: 2, 2 years Terms Offered: Sp Mechanisms of membrane trafficking and intracellular transport and the utilization of these mechanisms in drug delivery and targeting. **Recommended Preparation:** college level chemistry and biology. INTD 531. Instruction Mode: Lecture Grading Option: Letter

PSCI 756a Seminar in Pharmaceutical Sciences  
Units: 1 Terms Offered: FaSpSm Review of current pharmaceutical and related research topics. Instruction Mode: Lecture Grading Option: Letter

PSCI 756b Seminar in Pharmaceutical Sciences  
Units: 1 Terms Offered: FaSpSm Review of current pharmaceutical and related research topics. Instruction Mode: Lecture Grading Option: Letter

PSCI 799 Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSCI 791L Research  
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: no max Directed research for the MS thesis or PhD dissertation.

PSCI 794a Doctoral Dissertation  
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794b Doctoral Dissertation  
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794c Doctoral Dissertation  
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794d Doctoral Dissertation  
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794z Doctoral Dissertation  
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSYC 100Lg Introduction to Psychology  
Units: 4 Terms Offered: Irregular An integrative systems perspective of drugs; including their historical, economic, and cultural importance, psychopharmacology, addiction, relationship to crime, and therapeutic use in treating psychological disorders. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 165Lg Drugs, Behavior and Society  
Units: 4 Terms Offered: Irregular An integrative systems perspective of drugs; including their historical, economic, and cultural importance, psychopharmacology, addiction, relationship to crime, and therapeutic use in treating psychological disorders. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 210Lg Social Analysis of Gender  
Units: 4 Terms Offered: FaSpSm (Enroll in SWMS 210)

PSYC 210gmw Social Analysis of Gender  
Units: 4 Terms Offered: FaSpSm (Enroll in SWMS 210)

PSYC 240gx Scientific Inquiry and Reasoning in Health Care  
Units: 4 Critical analysis and reasoning skills required to solve scientific problems in human behavior, including presentation of data, logic of research design, statistics, and research ethics. Instruction Mode: Lecture Grading Option: Letter

PSYC 274Lg Statistics  
Units: 4 Terms Offered: FaSpSm Introduction to the use of statistics in psychology: basic ideas in measurement; frequency distributions; descriptive statistics; concepts and procedures in statistical inference. **Recommended Preparation:** PSYC 100. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 275Lg Language and Mind  
Units: 4 Terms Offered: FaSpEnroll in LING 275

PSYC 290x Supervised Research in Psychology  
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Supervised Research with department faculty. **Prerequisite:** PSYC 100. Not for major or minor credit. Instruction Mode: Lecture Grading Option: Letter

PSYC 301L Cognitive Processes  
Units: 4 Terms Offered: Irregular Experimental and theoretical aspects of human memory, perception, thinking, and language. **Prerequisite:** PSYC 100. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 304L Sensation and Perception
Units: 4 Terms Offered: Irregular Receptor processes and stimulus organization; traditional topics in the perception of objects, space, time. Prerequisite: PSYC 100. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 305 Learning and Memory
Units: 4 Terms Offered: Irregular Principles involved in classical and operant conditioning. Concentration on basic causes of behavior; consideration of the relevance of simple behavioral laws to complicated human behavior. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 314L Research Methods
Units: 4 Terms Offered: FaSpSm Experimental research methods in psychology; nature and concepts of scientific method. Prerequisite: PSYC 100 and PSYC 274. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 316L Non-Experimental Research Methods
Units: 4 Terms Offered: FaSpSm Non-experimental research methods in psychology. Observational, survey and data analysis exercises. Prerequisite: PSYC 100 and PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 320 Principles of Psychobiology
Units: 4 Terms Offered: Irregular The integrative study of bio-behavioral systems. Evolutionary, developmental, ecological, social, ethological, and physiological factors mediating representative behavioral and psychological phenomenon are examined in detail. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 326 Behavioral Neuroscience
Units: 4 Terms Offered: FaSp Neural bases of behavior. Concentration on sensory and motor processes and the interaction of neural, chemical, and hormonal systems. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 330 Principles of Psychobiology
Units: 4 Terms Offered: Irregular The integrative study of bio-behavioral systems. Evolutionary, developmental, ecological, social, ethological, and physiological factors mediating representative behavioral and psychological phenomenon are examined in detail. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 330L Adult Development and Aging
Units: 4 Genetic, biological, psychological, and sociological characteristics of those who evidence criminal behavior; theoretical formulations to be reviewed and appraised. Prerequisite: PSYC 100. Duplicates Credit in the former PSYC 463. Instruction Mode: Lecture Grading Option: Letter

PSYC 337 Behavioral Neuroscience
Units: 4 Terms Offered: FaSp Neural bases of behavior. Concentration on sensory and motor processes and the interaction of neural, chemical, and hormonal systems. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 337L Adult Development and Aging
Units: 4 Genetic, physical, and social influences during adult years on perception, learning and memory, intelligence, personality, social roles, and normal and deviant behavioral patterns. Prerequisite: PSYC 100. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 338Lg Origins of the Mind
Units: 4 Terms Offered: Sp Exploration of ancient philosophical questions concerning the origins of human knowledge through empirical studies of infants, animals, and adults from diverse cultures. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 353g Close Relationships
Units: 4 Terms Offered: FaSp Scientific perspective of close relationships: intimate relationships, friendships and others, evolutionary and biological bases of attraction and love, historical, social, cultural influences. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 355 Social Psychology
Units: 4 Terms Offered: FaSp Theoretical and experimental analysis of human behavior. Social processes involved in attitudes, conformity, compliance, interpersonal perception, liking, affiliation, aggression, altruism, and group dynamics. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 360 Abnormal Psychology
Units: 4 Terms Offered: FaSp The commonly diagnosed behavior pathologies; biological, social, cultural, and developmental antecedents of abnormal behavior; principles of learning, perception, and motivation, as they relate to psychopathology. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 361 Introduction to Clinical Psychology
Units: 4 Terms Offered: Irregular Introduction to the scientist-practitioner model of clinical psychology, including research methods, psychological assessment and diagnosis, psychotherapeutic interventions, and treatment of special populations. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 363 Criminal Behavior
Units: 4 Genetic, biological, psychological, and sociological characteristics of those who evidence criminal behavior; theoretical formulations to be reviewed and appraised. Prerequisite: PSYC 100. Duplicates Credit in the former PSYC 463. Instruction Mode: Lecture Grading Option: Letter

PSYC 365 Introduction to Forensic Psychology
Units: 4 Terms Offered: FaSpSm Survey of current topics, technologies and techniques. Students acquire a basic understanding of how forensic psychologists contribute their unique expertise to the American legal system. Prerequisite: PSYC 100. Duplicates Credit in the former PSYC 465. Instruction Mode: Lecture Grading Option: Letter

PSYC 367g Stress, Health, and the Mind-Body Connection
Units: 4 Terms Offered: Fa Introduction to psychological, biological, and behavioral processes affecting physical health, including stress, coping with disease, health behaviors, and socioeconomic and cultural influences on health. Prerequisite: PSYC 100 Instruction Mode: Lecture Grading Option: Letter

PSYC 372 Human Sexuality
Units: 4 Psychological and physiological base of sexuality; gender identity, childbirth, birth control, venereal diseases; dysfunctions and treatments. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-372

PSYC 380 Junior Honors Seminar
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Advanced study of scientific inquiry in psychology with in-depth analysis of current research by faculty in the Psychology Department. Preparation for senior honors thesis research. Corequisite: PSYC 314. Instruction Mode: Lecture Grading Option: Letter

PSYC 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PSYC 391 Directed Field Experience in Psychology
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm
Individual field experience and independent study supervised by an on-site professional and USC faculty sponsor.
Prerequisite: PSYC 100; Recommended Preparation: minimum of three courses completed in psychology.
Instruction Mode: Lecture Grading Option: Letter

PSYC 404L Psychophysiology of Emotion
Units: 4 Terms Offered: Irregular Introduction to the scientific study of emotional behavior. Emphasizes research into relations between physiological and psychological variables underlying emotional experience. Prerequisite: PSYC 100, PSYC 274, and PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 405 Child Language Acquisition
Units: 4 (Enroll in LING 405)

PSYC 406 Psycholinguistics
Units: 4 (Enroll in LING 406)

PSYC 407 Atypical Language
Units: 4 (Enroll in LING 407)

PSYC 412 Current Topics In Social Psychology
Units: 4 Terms Offered: Sp Extensive examination of select current research in social psychology, based on original research papers. Specific topics change by semester. Prerequisite: PSYC 274Lg and PSYC 314L Instruction Mode: Lecture Grading Option: Letter

PSYC 415L Psychological Measurement
Units: 4 Classical and modern approaches to psychological measurement; scaling; test construction; true score reliability model; generalizability theory; validity; decision theoretic selection; item analysis; item response theory. Prerequisite: PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 418 Experimental Exploration into the Origins of Cognition
Units: 4 Exploration of the origins of cognition via the basics of experimental design, 3D computer modeling, data analysis, and scientific presentation. Recommended Preparation: PSYC 314 or background in experimental research. Instruction Mode: Lecture Grading Option: Letter

PSYC 420 Animal Behavior
Units: 4 Exploration of human nature through studies of nonhuman animals, including topics of navigation, culture, object representation, social cognition, music, and morality. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 421L Data Analysis for Psychological Research
Units: 4 Multivariate analysis emphasizing model estimation and testing; topics vary, e.g., multiple regression, logistic regression, factor analysis, multilevel linear modeling, structural equation modeling, multiway frequency analysis. Prerequisite: PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 422 Human Judgment and Decision Making
Units: 4 Descriptive and normative models of decision making; topics include probability judgments, inference, correlation, emotion, mental accounting, decision analysis, lens model, equity, social dilemmas, time, risk. Prerequisite: PSYC 314. Instruction Mode: Lecture Grading Option: Letter

PSYC 424 Neuropsychology
Units: 4 Terms Offered: Irregular Effects of brain damage on human behavior and abilities, particularly language, memory, and emotion. Prerequisite: PSYC 100. Registration Restriction: Open only to Junior standing or higher. Instruction Mode: Lecture Grading Option: Letter

PSYC 425 Functional Imaging of the Human Brain
Units: 4 Introduction to the physical and physiological bases of Magnetic Resonance Imaging (MRI), and principles of functional MRI, safety, design and analysis of experiments, and operation. Prerequisite: PSYC 100, PSYC 274. Instruction Mode: Lecture Grading Option: Letter

PSYC 426 Motivated Behaviors and Addiction
Units: 4 Terms Offered: Other Social, environmental, and physiological influences on behaviors associated with aggression, eating, reproduction, and sleep. Will focus on behavioral disorders such as addiction. Prerequisite: PSYC 100 Recommended Preparation: Junior or Senior Standing. Instruction Mode: Lecture Grading Option: Letter

PSYC 430 Social Development of Infants, Children and Adolescents
Units: 4 An analysis of selected topics and issues in child social development. Prerequisite: PSYC 100; Recommended Preparation: PSYC 274, PSYC 314, PSYC 336. Instruction Mode: Lecture Grading Option: Letter

PSYC 433 Children's Learning and Cognitive Development
Units: 4 Principles of cognitive development, learning, and motivation applied to the development of literacy; includes tutoring a child two hours per week. Prerequisite: PSYC 336. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-433

PSYC 434 Intelligence, Problem Solving and Creativity
Units: 4 Psychometric and experimental approaches to the study of intelligence, problem solving, reasoning and creativity, including analysis of mental test construction and validity. Prerequisite: PSYC 100 and PSYC 274. Instruction Mode: Lecture Grading Option: Letter

PSYC 437 Adolescent Development
Units: 4 Terms Offered: FaSp The adolescent years from both an applied and a research-oriented perspective. Topics include physical, cognitive, and moral development; socialization; and sexual and sex-role development. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 438 Behavioral Genetics
Units: 4 Terms Offered: Irregular Inheritance and evolution of behavioral characteristics in man and other species. Prerequisite: PSYC 274. Instruction Mode: Lecture Grading Option: Letter

PSYC 440 Introduction to Cognitive Neuroscience
Units: 4 Terms Offered: Sp Introduction to the major components of cognition (perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter Crosslisted as NEUR-440

PSYC 450L Neural Network Models of Social and Cognitive Processes
Units: 4 Introduction to using neural network or connectionist models to simulate cognitive, social, emotional
and motivational processes. Introduction of basic concepts and tools in computational neuroscience. Prerequisite: PSYC 100; Recommended Preparation: basic knowledge of programming is helpful, but not required. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 451 Formation and Change of Attitudes
Units: 4 Terms Offered: Irregular Effects of socialization, personal influence, propaganda and social structure on private attitudes and public opinion. Prerequisite: PSYC 100 and PSYC 355 or PSYC 359. Instruction Mode: Lecture Grading Option: Letter

PSYC 453 Intergroup Relations
Units: 4 Examination of the nature of relations between human groups and the psychological mechanisms relating to intergroup conflict, war, genocide, stereotyping, prejudice, and discrimination. Prerequisite: PSYC 355. Instruction Mode: Lecture Grading Option: Letter

PSYC 454 Social Cognition
Units: 4 Terms Offered: Irregular Theory and research on cognitive processes in social behavior, to include social inference, cognition and emotion, the Self, social categorization, person memory, and attribution processes. Prerequisite: PSYC 100; PSYC 355 recommended. Instruction Mode: Lecture Grading Option: Letter

PSYC 456 Conservation Psychology
Units: 4 Terms Offered: Fa Examination of theories, research, interventions regarding psychology of environmental sustainability including cognition, emotion, behavior, attitudes, persuasion, values, social identity, consumerism, and science of happiness. Recommended Preparation: PSYC 100Lg Instruction Mode: Lecture Grading Option: Letter

PSYC 459 Industrial/Organizational Psychology
Units: 4 I/O Psychologists develop and apply scientifically supported solutions to the workplace. "Industrial" deals with human resource functions, and "Organizational" with psychological aspects of the organization. Prerequisite: PSYC 100 Recommended Preparation: PSYC 316 Instruction Mode: Lecture Grading Option: Letter

PSYC 462m Culture and Mental Health
Units: 4 Terms Offered: Irregular The influence of culture, ethnicity, race and gender on human behavior. Mental health issues relevant to ethnic minorities in the U.S. Recommended Preparation: sophomore standing or higher; PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 464 Psychology of Marriage and the Family
Units: 4 Theories and research on family relationships across the life span, including research methods, cultural and developmental perspectives, communication, conflict, attachment, individual psychopathology and family violence. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 469 Schizophrenia Research
Units: 4 Terms Offered: Irregular Current research on possible causes of schizophrenia. Topics: history, diagnosis, genetics, neural development, obstetrics, psychosocial factors, brain imaging, psychopharmacology, premorbid signs and aging. Prerequisite: PSYC 100; Recommended Preparation: read current professional journals related to schizophrenia. Instruction Mode: Lecture Grading Option: Letter

PSYC 480x Senior Honors Seminar
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Advanced study of empirical approaches in psychology. Progress presentations and evaluations of Senior Honors Thesis research. In-depth exploration of issues in science. Prerequisite: senior standing in Psychology Undergraduates Honors Program. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

PSYC 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

PSYC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Selected topics in the various specialty areas within psychology. Topic will vary from semester to semester. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 500L An Overview of Quantitative Methods in Psychology
Units: 4 Team taught introduction to analysis of variance, regression analysis, multivariate measurement, and significance testing. Computer laboratory linked to class material using SAS, SPSS, and R. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 501L Statistics in Psychological Research
Units: 4 Terms Offered: Fa Basic statistical principles and techniques as well as modern improvements on classic inferential methods. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 502L Analysis of Variance and Experimental Design
Units: 4 Terms Offered: Sp ANOVA, including three-way and within groups designs, multiple comparisons, ANCOVA, plus related methods based on robust smoothers and multivariate techniques. Prerequisite: PSYC 501. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 503L Regression and the General Linear Model
Units: 4 Terms Offered: Fa Multiple regression as a tool in experimental and non-experimental data; analysis of variance and covariance as regression on coded variables. Computer applications Laboratory exercises. Prerequisite: PSYC 501. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 504 Research Design
Units: 4 Terms Offered: Sp Intensive review of research methods in the behavioral sciences. Problem analysis, formulation of research propositions, and procedures for research inference. Instruction Mode: Lecture Grading Option: Letter

PSYC 505 Research Methods in Applied Social Psychology
Units: 4 Terms Offered: FaSpSm Various research techniques that are useful in a variety of different real world settings, such as business, governmental agencies and charities. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 506 Learning and Cognition

1404
PSYC 508 Historical Foundations of Psychology
Units: 4 Terms Offered: Irregular History of psychology: clinical, cognitive, developmental, experimental, quantitative, and social; epistemology and philosophy of science as applied to psychology. Instruction Mode: Lecture Grading Option: Letter

PSYC 510 Visual Cognition
Units: 4 Terms Offered: Irregular The behavioral, neural, and computational aspects of real-time shape recognition will be examined, along with implications for imagery, reading, concepts, and attention. Instruction Mode: Lecture Grading Option: Letter

PSYC 512 Seminar in Social Psychology
Units: 4 Terms Offered: Fa Problems and theories of the person in the social context. Person perception, interpersonal relations, attitude dynamics, social systems. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EDUC-601

PSYC 513 Attitudes and Social Influence
Units: 4 Terms Offered: Fa,Sp,Sm Current theories of attitudes and behavior, measurement, attitudes as predictors of behaviors, effects on changing attitudes and behavior. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 514 Psychopathology
Units: 4 Terms Offered: Fa Study of psychopathology: in-depth survey of theory and research concerning psychological disorders; introduction of diagnosis. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.) Instruction Mode: Lecture Grading Option: Letter

PSYC 515 Clinical Assessment
Units: 4 Terms Offered: Fa Study of clinical assessment: test construction, measurement and prediction of behavior, major cognitive and personality assessment instruments. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.) Instruction Mode: Lecture Grading Option: Letter

PSYC 517 Group Dynamics and Leadership
Units: 4 Terms Offered: Fa,Sp,Sm Theory and research on effective teams and characteristics of strong leaders. Negotiation, morale-building, managing expectancies, utilization of cultural diversity as a strength. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 520 Fundamentals of Psychological Measurement
Units: 4 Factor analysis; latent variable; scaling; test construction; classical true score reliability model; generalizability theory; validity; decision theoretic approaches to selection; item analysis; item response theory. Instruction Mode: Lecture Grading Option: Letter

PSYC 521 Cross Cultural Psychology in Applied Settings
Units: 4 Terms Offered: Fa,Sp,Sm Examination of major theoretical frameworks mapping worldwide cultures and values with a focus on applying that knowledge in organizations. Registration Restriction: Open only to students in Applied Psychology. Instruction Mode: Lecture Grading Option: Letter

PSYC 524 Research Design in Developmental Psychology
Units: 4 Terms Offered: Irregular Review and practice in the analysis and design of experimental and quasi-experimental paradigms for research on ontogenetic age changes and generational differences in behavior. Instruction Mode: Lecture Grading Option: Letter

PSYC 530 Concepts and Principles of Behavior Analysis
Units: 3 Terms Offered: Fa Provides intensive training in behavioral principles and laws of learning and motivation. Focuses on broad application of principles, from basic research with nonhumans, to application across human clinical populations. Instruction Mode: Lecture Grading Option: Letter

PSYC 531 Behavioral Assessment

PSYC 532 Ethics for Behavior Analysts
Units: 3 Terms Offered: Fa Provides training in legal and ethical issues as they pertain to the professional practice of behavior analysis. Reviews the Guidelines for Responsible Conduct for Behavior Analysts, as well as the American Psychological Association's Ethical Principles of Psychologists and Code of Conduct. Instruction Mode: Lecture Grading Option: Letter

PSYC 533 Cognitive Development in Children
Units: 4 Terms Offered: Sp Review of theories of cognitive development. Analysis of research on brain functioning, perception, memory, language, reasoning and academic skills from birth to adolescence. Instruction Mode: Lecture Grading Option: Letter

PSYC 534 Social and Emotional Development in Children
Units: 4 Terms Offered: Fa Theories of social and emotional development, including sociocultural perspectives. Analysis of research on temperament, social relationships, individuation and moral development from birth to adolescence. Instruction Mode: Lecture Grading Option: Letter

PSYC 535 Research Methods in Behavior Analysis
Units: 3 Terms Offered: Sp Survey of methods for measuring behavior. Examines theoretical background for single subject research methods, practical application of research methods to treatment evaluation, and analyzes strengths and limitations of single subject research methods. Instruction Mode: Lecture Grading Option: Letter

PSYC 536 Behavioral Interventions
Units: 3 Terms Offered: Sp Examines empirically supported behavioral interventions across a range of socially relevant behavioral excesses, skill deficits, disorders, and age ranges. Focuses on least-intrusive, person-centered approaches. Instruction Mode: Lecture Grading Option: Letter

PSYC 537 Development and Supervision of Intervention Systems
Units: 2 Terms Offered: Fa  Analyzes evidence-based approaches to designing behavior change systems at the individual, family, group, and organizational levels. Examines family and systems variables that affect the likelihood of initial and continued success of interventions.  
**Prerequisite:** PSYC 530 and PSYC 536 Instruction Mode: Lecture Grading Option: Letter

**PSYC 538 Origins of Human Nature**  
Units: 4 Exploration of the evolutionary and developmental origins of human nature. Topics include navigation, object and number cognition, culture, sexual behavior, cooperation, language, and morality. Instruction Mode: Lecture Grading Option: Letter

**PSYC 539 Behavioral Approaches to Skill Acquisition**  
Units: 2 Terms Offered: Fa  Examines contemporary research on behavioral procedures for teaching complex skills to individuals of a variety ages and populations, including language, social, cognitive, vocational, and independent living skills. Instruction Mode: Lecture Grading Option: Letter

**PSYC 540 Cognitive Neuroscience**  
Units: 4 Terms Offered: Sp  An examination of the major components of cognition (e.g., perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas. Instruction Mode: Lecture Grading Option: Letter  
Crosslisted as NSCI 533

**PSYC 544 Psychophysiology**  
Units: 4 Max Units: 8.0 Terms Offered: Irregular  Recent research on relations between basic physiological states (e.g., cognition, learning, emotion) and physiological response processes (e.g., autonomic responses, covert muscle activity). Instruction Mode: Lecture Grading Option: Letter

**PSYC 545 Neuropsychology**  
Units: 4 Terms Offered: Irregular  Brain mechanisms underlying perceptual and cognitive functioning; brain damage, loss of function, and clinical assessment. Instruction Mode: Lecture Grading Option: Letter

**PSYC 547 Functional Neuroanatomy**  
Units: 4 Terms Offered: Irregular  Regional organization and systems of the mammalian nervous system and their functions. Instruction Mode: Lecture Grading Option: Letter

**PSYC 550a Proseminar in Human Behavior**  
Units: 4 Terms Offered: FaSpSm  The nature of the human mind, social interactions, conflicts, cooperative behavior, mutual influence and effectiveness. Application of psychological principles to the dynamics of commercial entities. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

**PSYC 550b Proseminar in Human Behavior**  
Units: 4 Terms Offered: FaSpSm  The nature of the human mind, social interactions, conflicts, cooperative behavior, mutual influence and effectiveness. Application of psychological principles to the dynamics of commercial entities. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

**PSYC 551 Decision Neuroscience**  
Units: 4 Neuroscientific studies attempting to understand the neural basis of judgment and decision-making, social behavior, and market economies.  
**Recommended Preparation:** PSYC 547. Instruction Mode: Lecture Grading Option: Letter

**PSYC 552 Principles of Consumer Psychology**  
Units: 4 Examination of the attitudes and decisions of consumers, and how to effectively reach consumers by using persuasion and proper positioning in the marketplace. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

**PSYC 555 Introduction to Functional Magnetic Resonance Imaging**  
Units: 4 Terms Offered: FaSp  The physical and physiological bases of MRI and fMRI. Design and analysis of fMRI experiments. Operation of a magnetic resonance imaging system. Instruction Mode: Lecture Grading Option: Letter

**PSYC 556 Psychology of Interactive Media**  
Units: 4 Examination of the diverse methods of communicating with a target audience with a special emphasis on the newest computer-based tools for providing information and influence. Registration Restriction: Open only to M.A., Communication; M.C.C.; and M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

**PSYC 565x Organizational Psychology**  
Units: 4 Terms Offered: FaSpSm  Examination of the psychological factors that impact employee motivation, job satisfaction, teamwork, leadership, and organizational development. Not available for major credit for GSBA majors. Registration Restriction: Open only to Master of Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

**PSYC 575L Multivariate Analysis of Behavioral Data**  
Units: 4 Terms Offered: Irregular  Multivariate statistical models and contemporary computer methods in multiple regression, multivariate analysis of variance, factor analysis, canonical correlation, repeated measures analysis, and structural equation modeling.  
**Prerequisite:** PSYC 500. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PSYC 576 Psycholinguistics**  
Units: 3 Terms Offered: Fa  (Enroll in LING 576)

**PSYC 577 Analysis of Covariance Structures**  
Units: 4 Terms Offered: Irregular  Multivariate analysis of non-experimental data, including structural equation modeling, path analysis, and confirmatory factor analysis. Computer applications using variety of optimization routines and purpose-written software.  
**Prerequisite:** PSYC 503. Instruction Mode: Lecture Grading Option: Letter

**PSYC 578 Workshop in Quantitative Methods**  
Units: 4 Max Units: 8.0 Practical, hands-on experience in the application of selected quantitative methods to empirical data. Includes training in use of relevant computer software.  
**Prerequisite:** PSYC 501 and either PSYC 502 or PSYC 503. Instruction Mode: Lecture Grading Option: Letter

**PSYC 586 Advanced Psycholinguistics**  
Units: 3 Max Units: max 9 (Enroll in LING 586)

**PSYC 587 Practicum in Applied Behavior Analysis**
Units: 2 Max Units: 10 Terms Offered: FaSpSm Provides supervised practical experience in implementing behavior analytic assessment and treatment services. Meets supervision requirements for the Board Certified Behavior Analyst exam. Students meet with course instructor to present and discuss cases for two hours per week every semester, including one summer session. Practicum hours in the field vary from 18-20 hours per week during the academic year to 30 hours per week during the summer. Instruction Mode: Lecture Grading Option: Letter

**PSYC 590 Directed Research**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSp Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PSYC 591 Applied Psychology Internship**

Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Internship in a non-university setting, such as business, governmental agency, or NGO. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PSYC 592 Applied Psychology Treatise**

Units: 2 Terms Offered: FaSpSm Requires a research paper of substantial length and high quality that integrates the Internship experience with concepts and principles of human behavior. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PSYC 593 Practicum in Teaching the Liberal Arts**

Units: 2 Terms Offered: FaSp (Enroll in MDA 593) Instruction Mode: Lecture Grading Option: Credit/No Credit

**PSYC 594a Master’s Thesis**

Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PSYC 594b Master’s Thesis**

Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PSYC 594z Master’s Thesis**

Units: 0 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**PSYC 595 Practicum in Clinical Psychology**

Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSp Supervised experience in interviewing skills and assessment, including psychological test administration and the preparation of reports. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PSYC 596 Advanced Behavioral Theory**

Units: 2 Terms Offered: Sp Examines advanced topics in behavioral theory and philosophy, including a comprehensive behavioral approach to language and cognition. Discusses the nature of productive relations between behavior analysis and other psychological theories. Prerequisite: PSYC 530 Instruction Mode: Lecture Grading Option: Letter

**PSYC 597a Capstone Project in Behavior Analysis**

Units: 2 Terms Offered: FaSp Supervision for completing independent project, consisting of practical treatment evaluation, program development, or literature review. Instruction Mode: Lecture Grading Option: Letter

**PSYC 597b Capstone Project in Behavior Analysis**

Units: 2 Terms Offered: FaSp Supervision for completing independent project, consisting of practical treatment evaluation, program development, or literature review. Instruction Mode: Lecture Grading Option: Letter

**PSYC 599 Special Topics**

Units: 2, 3, 4 Max Units: 8.0 Selected topics in the various speciality areas within psychology at the graduate level. Topic will vary from semester to semester. Instruction Mode: Lecture Grading Option: Letter

**PSYC 602 Self-concept and Motivation**

Units: 4 Graduate-level depth-and-breadth course using a social psychological perspective on self-concept. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EDUC-602

**PSYC 612 Seminar in Advanced Social Psychology**

Units: 4 Max Units: 16.0 Terms Offered: Irregular An intensive consideration of selected concepts, theories, and research problems in social psychology. Prerequisite: PSYC 512. Instruction Mode: Lecture Grading Option: Letter

**PSYC 616 Research Techniques for Non-Experimental Social Science**

Units: 4 Terms Offered: Irregular Quasi-experimental designs; causal inference from correlational research, techniques for evaluating measures of attitude, personality, and social motives: observational methods; content analysis; sampling and survey techniques. Instruction Mode: Lecture Grading Option: Letter

**PSYC 619 Psychological Intervention**

Units: 4 Terms Offered: Sp Study of clinical psychological treatment: research and theory about major psychological approaches to intervention. (One of three clinical psychology core courses: PSYC 514, PSYC 515, PSYC 619.) Instruction Mode: Lecture Grading Option: Letter

**PSYC 621 Seminar in Quantitative Psychology**

Units: 4 Max Units: 12.0 Terms Offered: Irregular Selected topics in mathematical psychology. Instruction Mode: Lecture Grading Option: Letter

**PSYC 622 Decision Analysis and Behavioral Decision Theory**

Units: 4 Terms Offered: Irregular Normative and descriptive theories and research on human decision-making, with special emphasis on applications to real social decision problems. Instruction Mode: Lecture Grading Option: Letter

**PSYC 625 Advanced Big Data Methods**

Units: 4 Machine learning techniques, including Bayesian and Neural Networks, for analyzing different types of human-generated data. Recommended Preparation: PSYC 501. Instruction Mode: Lecture Grading Option: Letter

**PSYC 626 Computational Social Sciences**

Units: 4 Discussion of advances in computational social sciences, including automated text and network analysis. Recommended Preparation: PSYC 625. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-626
PSYC 660 Seminar in Clinical Psychology  Units: 4 Max Units: 8.0 Terms Offered: Irregular Selected topics in clinical psychology. Instruction Mode: Lecture Grading Option: Letter

PSYC 663 Computational and Cognitive Neuroscience  Units: 4 (Enroll in CSCI 663)

PSYC 676 Seminar in Psycholinguistics  Units: 3 Max Units: max 12 (Enroll in LING 676)

PSYC 691a Internship in Clinical Psychology  Units: 0 Terms Offered: FaSp Supervised clinical work in an approved mental health setting. Prerequisite: good standing in clinical program and departmental approval. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 691b Internship in Clinical Psychology  Units: 0 Terms Offered: FaSp Supervised clinical work in an approved mental health setting. Prerequisite: good standing in clinical program and departmental approval. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 695 Advanced Practicum in Clinical Psychology  Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSp Didactic practicum combining theory and research on psychological intervention with clinical practice in assessment and treatment, focused on particular client groups or disorders. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 790 Research  Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSp Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 794a Doctoral Dissertation  Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSYC 794b Doctoral Dissertation  Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSYC 794c Doctoral Dissertation  Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSYC 794d Doctoral Dissertation  Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSYC 794e Doctoral Dissertation  Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Physical Therapy

PT 507 Professional Practice: Therapist Perspective  Units: 2 Terms Offered: Fa Identification of personal values, attitudes and beliefs and their relationship to personal development into a health care provider. Emphasis on communication skills, ethics, and professional guidelines, laws and regulations. Instruction Mode: Lecture Grading Option: Letter

PT 509 Cellular and Systems Physiology  Units: 3 Terms Offered: Fa Selected subjects in cellular and systems physiology. Emphasis on molecular and cellular aspects of neuromuscular function; also renal and endocrine physiology. Instruction Mode: Lecture Grading Option: Letter

PT 514L Musculoskeletal Anatomy  Units: 4 Terms Offered: Fa Musculoskeletal anatomy, innervation, blood supply, and function: intensive study of the head, neck, trunk, and limbs. Lecture, dissection laboratory. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 516 Principles of Disease  Units: 2 Terms Offered: Sm Principles and mechanisms of genetics, immunology, infection, wound healing, and oncology. Instruction Mode: Lecture Grading Option: Letter

PT 521L Basics of Patient Management  Units: 4 Terms Offered: Fa Development of basic decision-making skills, professional behaviors and impairment assessment in patients with musculoskeletal neurologic and/or cardiopulmonary dysfunction. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 529 Life Span Motor Control  Units: 3 Terms Offered: Sm Introduction to sensorimotor systems, overview of current perspectives in motor control from fetus through late adulthood, and clinical tests of motor proficiency. Instruction Mode: Lecture Grading Option: Letter

PT 530a Therapeutic Exercise  Units: 2 Terms Offered: Sp Theoretical and practical principles for evaluation of exercise need and prescription of exercise programs. Emphasis on approaches for patients with musculoskeletal deficits. Duplicates Credit in former PT 530. Instruction Mode: Lecture Grading Option: Letter

PT 530b Therapeutic Exercise  Units: 2 Terms Offered: Sm Examination of needs analysis and prescription of exercise programs for special patient populations and assessment of current community trends in exercise and wellness. Duplicates Credit in former PT 530. Instruction Mode: Lecture Grading Option: Letter

PT 534L Neuroanatomy  Units: 3 Terms Offered: Fa Organized approach to structures in the brain, spinal cord and peripheral nervous systems that subserve motor, sensory, and integrative functions, memory, cognitive and special senses. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 536 Pathology of Cardiopulmonary Disease and General Medical Conditions  Units: 3 Terms Offered: Fa Pathology and pathophysiological mechanisms in disease of the cardiac, pulmonary and circulatory systems; examination of diabetes, burns, and other disabling medical disorders. Prerequisite: PT 509, PT 514, PT 516, PT 621, PT 529. Instruction Mode: Lecture Grading Option: Letter

PT 539 Clinical Pharmacology
Units: 1 Terms Offered: Fa Effects of commonly used drugs in patients with physical disability; side effects that alter physical performance or responses to exercise. Instruction Mode: Lecture Grading Option: Letter

**PT 546 Neuropathology**
Units: 3 Terms Offered: Sp Pathology in the central and peripheral nervous systems that alter motor and sensory performance. Emphasis on loss of motion, excessive and involuntary movement disorders. Prerequisite: PT 516, PT 534. Instruction Mode: Lecture Grading Option: Letter

**PT 547 Professional Practice: System Perspective**
Units: 2 Terms Offered: Sm Analysis of the integration of physical therapy practice into the national health care system; administration, budgeting and reimbursement for physical therapy services. Instruction Mode: Lecture Grading Option: Letter

**PT 549L Clinical Exercise Physiology**
Units: 4 Terms Offered: Fa Adaptation of the human body to exercise and the use of exercise to modify human function. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 551L Therapeutic Application of Physical Agents**
Units: 2 Terms Offered: Sm Physiologic responses to the application of thermal, mechanical, electromagnetic and hydrodynamic therapeutic procedures. Evaluation procedures and intervention planning. Prerequisite: PT 521. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 554L Analytical Anatomy**
Units: 3 Terms Offered: Sp Detailed kinesiologic analysis of axial, spine, head, neck, face and bulbar muscles. Prerequisite: PT 514. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 557 Professional Practice: Patient Perspective**
Units: 2 Terms Offered: Sp Examination of issues related to professionalpatient relationships, culture, lifestyles, ethnicity, gender and age. Emphasis on communication within a patient care model. Instruction Mode: Lecture Grading Option: Letter

**PT 561a Evidence for Physical Therapist Practice**
Units: 2 Introduction to a patient-centered Evidence Based Practice model with emphasis on professional communication skills, ethics, professional guidelines, laws and regulations. Instruction Mode: Lecture Grading Option: Letter

**PT 561b Evidence for Physical Therapist Practice**
Units: 2 Introduction to acquiring, appraising and integrating research evidence. Instruction Mode: Lecture Grading Option: Letter

**PT 561c Evidence for Physical Therapist Practice**
Units: 2 Advanced critical analysis and application of research of evidence. Instruction Mode: Lecture Grading Option: Letter

**PT 561d Evidence for Physical Therapist Practice**
Units: 2 Advanced integration of patient values as influenced by culture, ethnicity, lifestyles, gender, and age into patient-centered clinical decision making. Instruction Mode: Lecture Grading Option: Letter

**PT 561e Evidence for Physical Therapist Practice**
Units: 2 Analysis of the integration of physical therapist practice into the national health care system; administration, budgeting and reimbursement for physical therapist services. Instruction Mode: Lecture Grading Option: Letter

**PT 566 Disorders of the Musculoskeletal System**
Units: 3 Terms Offered: Sp Regional description of pathology and pathophysiological mechanisms of disorders of bone, connective tissue, and joints. Lecture, demonstration. Instruction Mode: Lecture Grading Option: Letter

**PT 569 Fundamentals of Neuroscience**
Units: 4 Terms Offered: Sp Detailed analysis of neurophysiologic mechanisms underlying normal and abnormal motor and sensory function. Prerequisite: PT 509, PT 516, PT 529, PT 534. Instruction Mode: Lecture Grading Option: Letter

**PT 571L Clinical Management of Cardiopulmonary Dysfunction**
Units: 4 Terms Offered: Fa Physical therapy evaluation and intervention in the care of patients with circulatory, cardiac, or pulmonary dysfunction. Lecture, case presentations, laboratory. Prerequisite: PT 521. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 573 Physical Examination and Differential Diagnosis in Patients with Medical Disorders**
Units: 2 Terms Offered: Fa Physical assessment and differential diagnosis in common medical conditions. Emphasis on factors that influence physical therapy or require referral back to the physician. Instruction Mode: Lecture Grading Option: Letter

**PT 574 Clinical Biomechanics**
Units: 3 Terms Offered: Sp Introduction to the principles of biomechanics (statics, dynamics) as they apply to physical therapy practice. Emphasis on tissue mechanics, joint function and gait. Prerequisite: PT 554. Instruction Mode: Lecture Grading Option: Letter

**PT 581L Clinical Management of the Patient with Neurological Dysfunction**
Units: 5 Terms Offered: Sp Physical therapy theory and methods for intervention in neurological dysfunction. Prerequisite: PT 509, PT 516, PT 521, PT 529, PT 534. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 582 Mechanics of Human Gait**
Units: 2 Terms Offered: Fa Introduction to both normal and pathological gait. Emphasis on the basic components of abnormal ambulation including temporal-spatial factors, joint motion, kinetics, kinematics, and muscle activity. Instruction Mode: Lecture Grading Option: Letter

**PT 583L Clinical Electrophysiology**
Units: 3 Terms Offered: Sp Use of electrical currents to evaluate and treat musculoskeletal, neurological and wound disorders. Theory and practice. Prerequisite: PT 514, PT 554. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 585 Physical Examination and Differential Diagnosis in Patients with Neurological Disorders**
Units: 2 Terms Offered: Fa Physical examination and differential diagnosis in neurologic disorders. Emphasis on
PT 591 Physical Examination and Differential Diagnosis in Patients with Orthopedic Disorders
Units: 2 Terms Offered: Sp. Physical examination and differential diagnosis in orthopedic disorders. Emphasis on factors that influence physical therapy or require referral back to the physician. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 592 Capstone Project
Units: 1, 2, 3, 4, 5, 6 Max Units: 6.0 Terms Offered: FaSpSm. Synthesis of knowledge gained in the pursuit of DPT degree through a case study, a learning module for students or patients, a business plan for a unique form of health care delivery, or some other innovative concept. The primary faculty adviser will determine the unit value of the project. Instruction Mode: Lecture Grading Option: Letter

PT 595a Residency in Advanced Clinical Physical Therapy
Units: 1, 2, 3, 4 each Terms Offered: FaSpSm. Residency open to students pursuing a Graduate Certificate in Orthopedic Physical Therapy or Neurologic Physical Therapy or the post-professional DPT program. Licensure required. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 595b Residency in Advanced Clinical Physical Therapy
Units: 1, 2, 3, 4 each Terms Offered: FaSpSm. Residency open to students pursuing a Graduate Certificate in Orthopedic Physical Therapy or Neurologic Physical Therapy or the post-professional DPT program. Licensure required. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 595c Residency in Advanced Clinical Physical Therapy
Units: 1, 2, 3, 4 each Terms Offered: FaSpSm. Residency open to students pursuing a Graduate Certificate in Orthopedic Physical Therapy or Neurologic Physical Therapy or the post-professional DPT program. Licensure required. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 595d Residency in Advanced Clinical Physical Therapy
Units: 1, 2, 3, 4 each Terms Offered: FaSpSm. Residency open to students pursuing a Graduate Certificate in Orthopedic Physical Therapy or Neurologic Physical Therapy or the post-professional DPT program. Licensure required. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600a Clinical Clerkship
Units: 1 Terms Offered: FaSpSm. Practical experience in two- or six-week physical therapy manual skills, decision making and professional behaviors. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600b Clinical Clerkship
Units: 3 Terms Offered: FaSpSm. Practical experience in six-week physical therapy manual skills, decision making, and professional behaviors. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600c Clinical Clerkship
Units: 1 Terms Offered: FaSpSm. Practical experience in two-week physical therapy psychomotor skills, decision making and professional behaviors. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600d Clinical Clerkship
Units: 1 Terms Offered: FaSpSm. Practical experience in two-week physical therapy psychomotor skills, decision making and professional behaviors. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600e Clinical Clerkship
Units: 0 Terms Offered: FaSpSm. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 605 Orthopedic Radiology
Units: 2 Terms Offered: Fa. Study of normal and pathologic skeletal radiographic examinations. Instruction Mode: Lecture Grading Option: Letter

PT 606 Clinical Imaging
Units: 2 Terms Offered: Sp. Elements of reading roentgenographs, CAT and MRI scans for the physical therapist. Lecture, demonstration, practical experience. Instruction Mode: Lecture Grading Option: Letter

PT 607 Clinical Scanning
Units: 2 Terms Offered: Sp. Survey of diagnostic imaging for orthopedic and neurologic disorders seen in physical therapy practice. Instruction Mode: Lecture Grading Option: Letter

PT 608 Pharmacotherapeutics
Units: 2 Terms Offered: Fa. Indications, contraindications, physiologic mechanisms, and side effects of pharmacologic agents. Analysis of interactions between drugs and physical therapy interventions. Instruction Mode: Lecture Grading Option: Letter

PT 612L Physical Therapy Management of Spinal Disorders
Units: 2 Terms Offered: FaSpSm. Advanced evaluation and treatment skills for the management of individuals with spinal disorders. Prerequisite: PT 600d. Instruction Mode: Lecture, laboratory.

PT 613L Physical Therapy Management of the Foot and Lower Quarter
Units: 2 Terms Offered: Fa. Advanced evaluation and treatment skills for management of individuals with lower extremity disorders. Prerequisite: PT 600d. Instruction Mode: Lecture, laboratory.

PT 614L Evaluation and Management of Hand Dysfunction
Units: 2 Terms Offered: Sp. Pathology, evaluation, differential diagnosis and treatment of hand and wrist dysfunction. Prerequisite: PT 600d. Instruction Mode: Lecture, laboratory.

PT 618L Seminar in Advanced Neurological Rehabilitation
Units: 2 Terms Offered: Sp Advanced evaluation treatment, and problem solving skills for the individual with neurological dysfunction. **Prerequisite:** PT 600d. Instruction Mode: Lecture, laboratory.

**PT 619L Clinical Electrophysiology**
Units: 2 Terms Offered: Fa Advanced evaluation and treatment of individuals with peripheral nerve disorders using electrotherapy. **Prerequisite:** PT 600d. Instruction Mode: Lecture, laboratory.

**PT 621L Clinical Management of the Patient with Musculoskeletal Dysfunction**
Units: 5 Terms Offered: Sp Physical therapy theory and methods of evaluation and treatment of orthopedic dysfunction. **Prerequisite:** PT 514, PT 521. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 624aL Neurological Differential Diagnosis and Therapeutic Interventions**
Units: 3 Terms Offered: FaSp Theoretical and practical foundations of clinical practice for specialization in neurologic physical therapy. Principles of neurologic differential diagnosis, mechanisms of neurorecovery and rehabilitation of focal neurologic disorders covered. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**PT 624bL Neurological Differential Diagnosis and Therapeutic Interventions**
Units: 3 Terms Offered: FaSp Theoretical and practical foundations of clinical practice for specialization in neurologic physical therapy. Emphasis on advanced skills in neurologic differential diagnosis and rehabilitation for complex neurologic disorders. Instruction Mode: Lecture Grading Option: Letter

**PT 630 Integrated Management of the Upper and Lower Extremities**
Units: 3 Terms Offered: FaSp Advanced evaluation and management of upper and lower extremity disorders and related movement dysfunction. **Prerequisite:** PT 600e. Instruction Mode: Lecture Grading Option: Letter

**PT 631 Integrated Patient Management of the Axial Skeletal System and Related Movement Disorders**
Units: 3 Terms Offered: FaSp Advanced assessment and management of axial skeletal dysfunctions and related movement disorders. **Prerequisite:** PT 600e. Instruction Mode: Lecture Grading Option: Letter

**PT 632 Integrated Patient Management Seminar**
Units: 5 Terms Offered: FaSp Integration of physical therapy management of complicated patients with concurrent musculoskeletal, cardiopulmonary and/or neurologic disorders. **Prerequisite:** PT 571, PT 581, PT 621. Instruction Mode: Lecture Grading Option: Letter

**PT 642a Evidence Based Practice**
Units: 2 Terms Offered: Sm Practical considerations of evidence based practice including patient interviews and search methods. Instruction Mode: Lecture Grading Option: Letter

**PT 642b Evidence Based Practice**
Units: 2 Terms Offered: Fa Development of critical analysis skills of evidence to enhance critical thinking. Instruction Mode: Lecture Grading Option: Letter

**PT 642c Evidence Based Practice**
Units: 2 Terms Offered: Sp Focus on evidence-based decision making using patient perspectives to effect optimal function outcomes. Instruction Mode: Lecture Grading Option: Letter

**PT 650 Differential Diagnosis in Physical Therapy**
Units: 2 Terms Offered: Sm Consideration of principle of differential diagnosis with emphasis on mastering this skill. **Recommended Preparation:** completion of years 1 and 2. Instruction Mode: Lecture Grading Option: Letter

**PT 654 Physical Therapy Intervention in Pediatrics**
Units: 2 Terms Offered: Sm Physical therapy management of commonly encountered pediatric diagnoses. Seminar, clinical laboratory. Instruction Mode: Lecture Grading Option: Letter

**PT 660 Advanced Clerkship with Academic Integration**
Units: 5 Terms Offered: FaSp A 16-week clerkship consisting of a minimum of 24 hours per week in a part-time setting. Emphasis on the care of orthopedic, neurologic, pediatric or complicated medical conditions. **Prerequisite:** PT 600e. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PT 665 Advanced Clinical Clerkship**
Units: 8 Terms Offered: FaSp A 16-week clerkship consisting of a minimum of 36 hours per week in a full-time setting. Emphasis on care of orthopedic, neurologic, pediatric or complicated medical conditions. **Prerequisite:** PT 600e. Instruction Mode: Lecture Grading Option: Credit/No Credit

**Petroleum Engineering**

**PTE 202x Energy and Society**
Units: 4 Terms Offered: Irregular Study of the impact of the development, production, and global distribution of energy on societal, political, and economic behavior. Not available for major credit to engineering majors. **Prerequisite:** pass Math Skill Level. Instruction Mode: Lecture Grading Option: Letter

**PTE 390 Special Problems**
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

**PTE 411 Introduction to Transport Processes in Porous Media**
Units: 3 Terms Offered: Fa Properties of porous rocks; capillarity effect, single-phase and multiphase fluid flow through porous media; diffusion and dispersion, miscible displacement heat transfer. Lecture, 3 hours. Not available for credit to Petroleum Engineering majors. **Prerequisite:** (CHEM 105aLg or CHEM 115aLg) and (CE 309 and MATH 245 and PHYS 151Lg) Not for Major Credit. Instruction Mode: Lecture Grading Option: Letter

**PTE 412x Petroleum Reservoir Engineering**
Units: 3 Terms Offered: Fa Properties of reservoir fluids, volumetric and material balances for gas and oil reservoirs; reservoir modeling concepts. Not available for credit to Petroleum Engineering majors. Instruction Mode: Lecture Grading Option: Letter

**PTE 461 Formation Evaluation**
Units: 3 Terms Offered: Fa Concepts of petroleum geology, interpretation of downhole surveys and measurements
including well logs, MWD, mad logs and samples. Corequisite: PTE 463. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CHE-461, AME-461

PTE 462 Economic, Risk and Formation Productivity Analysis
Units: 4 Terms Offered: Sp Principle of economic evaluation, risk analysis, reserves estimation, decline curves, energy prices, and well transients for flow prediction. Prerequisite: PTE 461. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CHE-462, ME-462, AME-462

PTE 463L Introduction to Transport Processes in Porous Media
Units: 3 Terms Offered: Fa Properties of porous rocks; capillarity effect, single-phase and multiphase flow through porous media; diffusion and dispersion, miscible displacement, heat transfer. Prerequisite: MATH 245, CHEM 105a or CHEM 115a, PHYS 151. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as CHE-463, ME-463, AME-463

PTE 464L Petroleum Reservoir Engineering
Units: 3 Terms Offered: Sp Properties of reservoir fluids, volumetric and material balances for gas and oil reservoirs; reservoir modeling concepts. Prerequisite: PTE 463. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as CHE-464, AME-464

PTE 465L Drilling Technology and Subsurface Methods
Units: 3 Terms Offered: Fa Theory and practice in drilling technology; mechanical properties of reservoir rocks; well completion; acidizing and fracturing, oil production technology. Prerequisite: PTE 464. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as AME-465, CHE-465

PTE 466 Petroleum Geology
Units: 3 Terms Offered: Sm Introductory topics of physical and historical geology will be focused on the components that relate to the formation of oil and gas accumulations. Instruction Mode: Lecture Grading Option: Letter

PTE 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

PTE 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Course content to be selected each semester from recent developments in petroleum engineering and related fields. Instruction Mode: Lecture Grading Option: Letter

PTE 500 Computational Reservoir Modeling
Units: 3 Terms Offered: Fa Introduction to mathematical and computational methods in characterizing, modeling, and describing the subsurface flow and transport phenomena. Recommended Preparation: Familiarity with basic calculus, differential equation, and MATLAB programming. Registration Restriction: Open only to Engineering students. Instruction Mode: Lecture Grading Option: Letter

PTE 502 Advanced Reservoir Characterization
Units: 3 Terms Offered: Irregular Sources of data for reservoir characterization; cross-disciplinary integration; geologic models; sequence stratigraphic, lithologic, well test and geophysical models; 4-D seismic; compartmentalized and fractured reservoirs; error and risk analysis. Prerequisite: PTE 411, PTE 461. Instruction Mode: Lecture Grading Option: Letter

PTE 503 Technology of Unconventional Oil and Gas Resources Development
Units: 3 Terms Offered: Fa Geology of unconventional resources, exploration, development, laboratory testing, drilling, formation evaluation, design and monitoring of hydraulic fracturing, forecasting, technology of oil sand and environmental issues. Recommended Preparation: PTE 507, graduate standing in petroleum engineering. Instruction Mode: Lecture Grading Option: Letter

PTE 504 Geophysics for Petroleum Engineers
Units: 3 Terms Offered: Sm Geosciences concepts and technologies with applications in petroleum engineering: 2D-3D-4D seismic, borehole geophysics, passive seismic, controlled source electromagnetics, geophysical and geological modeling and inversion. Recommended Preparation: familiarity with Matlab. Instruction Mode: Lecture Grading Option: Letter

PTE 505 Inverse Modeling for Dynamic Data Integration
Units: 3 Terms Offered: Sp Introduction to fundamentals of deterministic and stochastic inverse modeling, integration of dynamic data into predictive reservoir models, reservoir parameterization, derivation of adjoint models. Recommended Preparation: PTE 508, basic knowledge of calculus, linear algebra and probability/statistics. Instruction Mode: Lecture Grading Option: Letter

PTE 506 Geothermal Reservoirs
Units: 3 Terms Offered: Fa Geothermal reservoirs, heat and mass flow in fracture network, enhanced geothermal systems (EGS), exploration methods, exploitation of hydrothermal and EGS fields, stimulation, forecasting, power generation. Recommended Preparation: familiarity with Matlab. Registration Restriction: Open only to Engineering and Geological Sciences students. Instruction Mode: Lecture Grading Option: Letter

PTE 507 Engineering and Economic Evaluation of Subsurface Reservoirs
Units: 3 Terms Offered: Fa Studies, data and methods for estimating size of underground fluid deposits for predicting physical and economic behavior of designed flow schemes, and for quantifying uncertainty. Prerequisite: PTE 464. Instruction Mode: Lecture Grading Option: Letter

PTE 508 Numerical Simulation of Subsurface Flow and Transport Processes
Units: 3 Terms Offered: Sp Formulation and solution of the equations describing the underground flow of fluids through porous media. Includes mass (contaminant) transport in single and multiphase flow. Recommended Preparation: PTE 507. Instruction Mode: Lecture Grading Option: Letter

PTE 511 Advanced Phase Behavior of Petroleum Reservoir Fluids
Units: 3 Terms Offered: Irregular From classical thermodynamics to engineering application; equations of state based calculations; PVT experiments; reservoir fluid characterization; PT-flash calculations and stability analysis; compositional grading; transport properties. Recommended Preparation: CHE 330, MATH 226. Instruction Mode: Lecture Grading Option: Letter

PTE 512 Gas Injection Processes — Analytical Solutions and Analysis
Units: 3 Terms Offered: Fa  Gas injection and enhanced oil/gas recovery; conservation equations; flow and phase behavior; displacement efficiency; dispersion; method of characteristics; development of multicontact miscibility in multicomponent systems. Recommended Preparation: CHE 330, MATH 226 and MATH 245 (or similar). Instruction Mode: Lecture Grading Option: Letter

PTE 514 Drilling Engineering
Units: 3 Terms Offered: Sp Graduate level course on drilling engineering with an emphasis on field design and applications. Topics covered include well planning; rock mechanics; rotary drilling processes; drilling rig components; drill string and bottom hole assemblies; well hydraulics and drilling muds; casing design and cementing; directional drilling; offshore drilling and drilling economics. Registration Restriction: Open only to Engineering graduate students Instruction Mode: Lecture Grading Option: Letter

PTE 515 Natural Gas Engineering
Units: 3 Terms Offered: Sp Characterization, development and prediction of natural gas reservoirs, including natural gas surface production equipment and systems, forecasting natural gas well and reservoir performance and current LNG developments Prerequisite: PTE 411 and PTE 412x Recommended Preparation: Good handle of Excel, running VBA apps, programming macros and Matlab programming; concurrent enrollment in a computer programming class would be helpful Registration Restriction: Open only to graduate students Instruction Mode: Lecture Grading Option: Letter

PTE 517 Testing of Wells and Aquifers
Units: 3 Terms Offered: Sp Principles of well testing; down hole device; Aquifer tests; slug tests; DST; pressure transient modeling in homogeneous and heterogeneous systems; parameter estimation; computer aided techniques. Prerequisite: PTE 464. Instruction Mode: Lecture Grading Option: Letter

PTE 519 Integrated Physical and Cyber Security for Oil and Gas Operations
Units: 3 Terms Offered: Fa Infrastructure Security, Resilience and Management of Digital Oil Fields, Process Control Networks in exploration and production, refining and chemical plants, Asset Integrity principles, case histories. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PTE 531 Enhanced Oil Recovery
Units: 3, 2 years Terms Offered: Sm Survey of current enhanced oil recovery processes, including water-flooding, miscible displacement, and thermal oil recovery. Prerequisite: PTE 464; Recommended Preparation: PTE 507. Instruction Mode: Lecture Grading Option: Letter

PTE 542 Carbonate Rocks
Units: 3 Terms Offered: Fa Classification; porosity development; source rocks; wettability; capillary pressure curves; compressibility; surface areas; relative permeabilities; various petrophysical properties; formation evaluation; overpressures; thin section analysis. Recommended Preparation: Basic familiarity with linear algebra and general reservoir engineering Registration Restriction: Open only to graduate Engineering students Instruction Mode: Lecture Grading Option: Letter

PTE 545 Corrosion Control in Petroleum Production
Units: 2 Terms Offered: Irregular Types of corrosion encountered in petroleum production; methods for practical control including use of inhibitors, coatings, and cathodic protection. Prerequisite: CHEM 430a. Instruction Mode: Lecture Grading Option: Letter

PTE 555 Well Completion, Stimulation, and Damage Control
Units: 3 Terms Offered: Sm This course reviews current practices related to well completion methods, wellbore stimulation, and damage control. Formation damage prevention and stimulation methods are emphasized. Prerequisite: graduate standing. Instruction Mode: Lecture Grading Option: Letter

PTE 572 Geostatistics
Units: 3 Terms Offered: Irregular Use of geostatistical methods for exploration and development of mineral and petroleum resources, application of semivariogram, kriging, cokriging, nonlinear and parametric estimation and conditional stimulation. Graduate standing. Recommended Preparation: knowledge of statistics. Instruction Mode: Lecture Grading Option: Letter

PTE 574 Optimization Methods for Subsurface Energy Resources Development
Units: 3 Terms Offered: Sp Optimization algorithms for oilfield development, including well control optimization, well placement, open-loop and closed-loop model predictive control, and robust optimization. Prerequisite: PTE 500; Recommended Preparation: Familiarity with linear algebra, vector calculus, general reservoir engineering and MATLAB programming language. Registration Restriction: Open only to Engineering graduate students. Instruction Mode: Lecture Grading Option: Letter

PTE 578 Advanced Production Engineering
Units: 3 Terms Offered: Sp Principles of onshore and offshore oil well & gas well production; design of artificial lift systems and surface operations; field problems of enhanced oil recovery operations. Registration Restriction: Open only to graduate students in the School of Engineering. Instruction Mode: Lecture Grading Option: Letter

PTE 581 Environmental Technology in the Petroleum Industry
Units: 3 Terms Offered: Irregular This course examines engineering and scientific principles necessary for understanding, assessing, and remediating environmental problems in the petroleum industry including drilling, production, transportation and refining operations. Graduate standing. Instruction Mode: Lecture Grading Option: Letter

PTE 582 Fluid Flow and Transport Processes in Porous Media
Units: 3, 2 years Terms Offered: Fa Principles of single and multiphase flow through porous media: mechanisms of immiscible and miscible displacement; momentum, heat and mass transport in porous media. Instruction Mode: Lecture Grading Option: Letter

PTE 586 Intelligent and Collaborative Oilfield Systems Characterization and Management
Units: 3 Terms Offered: Fa Review of soft computing methods such as neural networks, fuzzy logic, problematic reasoning in reservoir characterization, dynamic reservoir modeling, oilfield data integration and analysis of uncertainty in prediction. Limited to students with graduate standing.
Recommended Preparation: prerequisites for non-majors. Instruction Mode: Lecture Grading Option: Letter

PTE 587 Smart Completions, Oilfield Sensors and Sensor Technology
Units: 3 Terms Offered: Sp Intelligent Wellbore completion, technology of subsurface and surface sensors, deployment and data acquisition, telemonitoring and feedback, reliability of sensors, data transmission, systems networks. Recommended Preparation: prerequisites for non-majors. Instruction Mode: Lecture Grading Option: Letter

PTE 588 Smart Oilfield Data Mining
Units: 3 Terms Offered: Fa Methods for oilfield data mining, data preparation mining images, prediction and knowledge discovery, subset selection, pattern recognition. Limited to students with graduate standing. Recommended Preparation: prerequisites for non-majors. Instruction Mode: Lecture Grading Option: Letter

PTE 589 Advanced Oilfield Operations with Remote Immersive Visualization and Control
Units: 3 Terms Offered: Sp Immersive subsurface and surface environments, web based monitoring and feedback, visualizing risk, unattended operation. Limited to students with graduate standing. Recommended Preparation: prerequisites for non-majors. Instruction Mode: Lecture Grading Option: Letter

PTE 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Letter

PTE 594a Master's Thesis
Units: 2 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 594b Master's Thesis
Units: 2 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 594z Master's Thesis
Units: 2 For the master's degree. Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 599 Special Topics
Units: 2, 3, 4 Max Units: 9.0 Course content will be selected each semester to reflect current trends and developments in the field of petroleum engineering. Instruction Mode: Lecture Grading Option: Letter

PTE 611 Stochastic Modeling and Simulation
Units: 3 (Enroll in CE 611)

PTE 690 Directed Research
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Laboratory study of specific problems for candidates for the degree engineer in petroleum engineering. Instruction Mode: Lecture Grading Option: Credit/No Credit

PTE 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the

PTE 790 Directed Research
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PTE 794z Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Public Administration

PUAD 613 Seminar in Financial Policy
Units: 4 Terms Offered: Irregular Historical development and trends in public revenues and expenditures. Political, economic, and administrative significance of decisions in the field of financial management. Prerequisite: PPD 647. Instruction Mode: Lecture Grading Option: Letter

PUAD 617 Seminar on Behavioral Aspects of Training and Development
Units: 4 Terms Offered: Irregular Theoretical concepts governing the administration of socio-technical systems, organization development, action training and research, and other development and change processes utilized in public service. Instruction Mode: Lecture Grading Option: Letter

PUAD 675 Institutional Context of the Public Sector
Units: 4 Terms Offered: Sp Theories of the role, structure and growth of the public sector; public choice processes; political economy of public bureaucracies; the voluntary nonprofit sector. Prerequisite: PPD 501b. Instruction Mode: Lecture Grading Option: Letter

PUAD 685 Seminar on Organizational Behavior in Public Systems
Units: 4 Terms Offered: FaSp Organizing processes; decision-making; communication; leadership; behavioral models; political and social behavior in organizations. Prerequisite: PPD 545. Instruction Mode: Lecture Grading Option: Letter

PUAD 692 Multivariate Statistical Analysis
Units: 4 Terms Offered: Fa Multivariate analysis of qualitative and quantitative variables including multiple linear regression, multiple contingency table analysis, log-linear and logit models, and path analysis. Prerequisite: PPD 502. Instruction Mode: Lecture Grading Option: Letter

PUAD 695 Seminar in Administrative Theory
Units: 4 Terms Offered: FaSp Assessment of current normative and descriptive theories of public administration; variety of conceptual systems; operationalism; levels of organizational analysis. Prerequisite: PPD 540. Instruction Mode: Lecture Grading Option: Letter

PUAD 697 Seminar in Public Management
Units: 4 Terms Offered: Irregular Public management research and theory; differences between private and public organizations: contextual influences on public management; contemporary empirical studies; bibliographic research. Prerequisite: admission to the DPA program. Instruction Mode: Lecture Grading Option: Letter

PUAD 791a Public Administration Research Seminar
Units: 1 Terms Offered: FaSp Presentation and discussion of research histories and current research projects of members of the faculty and distinguished guest scholars. Registration Restriction: Open only to Ph.D. and D.P.A. students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PUAD 791b Public Administration Research Seminar
Units: 1 Terms Offered: FaSp Presentation and discussion of research histories and current research projects of members of the faculty and distinguished guest scholars. Registration Restriction: Open only to Ph.D. and D.P.A. students. Instruction Mode: Lecture Grading Option: Credit/No Credit

Public Diplomacy

PUBD 500 Introduction to the Advanced Study of Public Diplomacy
Units: 4 Introduction to the advanced academic study of public diplomacy from multidisciplinary perspectives: including media and communication, international relations and history. Instruction Mode: Lecture Grading Option: Letter

PUBD 502 Historical and Comparative Approaches to Public Diplomacy
Units: 4 Examines historical and comparative approaches to public diplomacy. Explores public diplomacy operations in public and private settings, by individuals and institutions. Reviews traditional, critical, war, and peace perspectives. Instruction Mode: Lecture Grading Option: Letter

PUBD 504 Global Issues and Public Diplomacy
Units: 4 Focuses on critical global issues/challenges that require some form of intervention from the international community. Taught with active leading strategies: case studies and "problem-based learning." Instruction Mode: Lecture Grading Option: Letter

PUBD 508 The Rhetoric of War and Peace
Units: 4 Special exercise in "Think Tank" procedure that explores rhetorics of war and peace from a 21st century perspective. Instruction Mode: Lecture Grading Option: Letter

PUBD 509 Advocacy in Public Diplomacy: Argumentation and Debate
Units: 4 Skills and theory based approach to the criticism and development of public diplomacy campaigns. Emphasizes the instruction of advocacy skills to assess the utility of specific campaigns. Instruction Mode: Lecture Grading Option: Letter

PUBD 510 Technologies and Public Diplomacy
Units: 4 Explores relationship between diplomacy and technological change. Emphasis on question of how new media may force us to rethink traditional frameworks of public diplomacy. Instruction Mode: Lecture Grading Option: Letter

PUBD 512 Cultural Diplomacy
Units: 4 Provides overview of formal cultural diplomacy and concentrates on ways in which non-governmental entities communicate across international boundaries and the effects of those interchanges. Instruction Mode: Lecture Grading Option: Letter

PUBD 514 Corporate Diplomacy
Units: 4 Provides basic public diplomacy and public relations tools for global organizations and their foreign publics. Instruction Mode: Lecture Grading Option: Letter

PUBD 515 Transnational Diplomacy and Global Security
Units: 4 Examination of the historical and theoretical basis of diplomatic relationships between states, international organizations, and transnational nonstate actors in developing global peace and security policies. Instruction Mode: Lecture Grading Option: Letter

PUBD 516 International Broadcasting
Units: 4 History, context and practice of global international broadcasting strategies; technological and financial parameters that shape future international broadcasting strategies; use of radio, television, and Internet. Instruction Mode: Lecture Grading Option: Letter

PUBD 518 International Exchanges and Public Diplomacy
Units: 4 Examination of educational and cultural exchanges; variety and experience of participants, flagship exchange programs, economic and social implications of the programs, and measurement of outcomes. Instruction Mode: Lecture Grading Option: Letter

PUBD 519 News Media and the Foreign Policy Process
Units: 4 Analysis of news media's role in contemporary diplomacy; historical context; consideration of the professional practices of journalists and those who devise and implement foreign policy. Instruction Mode: Lecture Grading Option: Letter

PUBD 520 Regional Studies in Public Diplomacy
Units: 4 Max Units: 16.0 In-depth examination of historical, political, economic, cultural factors that influence public diplomacy efforts within specific geographic regions. Instruction Mode: Lecture Grading Option: Letter

PUBD 522 Hard Power, Soft Power and Smart Power
Units: 4 Institutional and cultural perspectives on instruments of state power: military, intelligence, trade, and traditional diplomacy; strategic analyses for determining proper use; desirability of combining resources. Instruction Mode: Lecture Grading Option: Letter

PUBD 524 The Public Diplomacy of Trade
Units: 4 Public diplomacy's role in shaping ideas about trade and development and in creating trade agreements, and the use of trade agreements as public diplomacy. Instruction Mode: Lecture Grading Option: Letter

PUBD 526 Public Diplomacy Evaluation
Units: 4 Critical examination of challenges and benefits of measuring public diplomacy's impact; terminology and mechanics of evaluation, the measurement community, and
varying approaches for evaluation. Instruction Mode: Lecture Grading Option: Letter

**RED 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the school. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PPD 596 Practicum in Public Diplomacy Research**
Units: 4 Development and production of original research-based project in the area of public diplomacy. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PPD 599 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Special topics in the area of public diplomacy. Instruction Mode: Lecture Grading Option: Letter

**Real Estate Development**

**RED 362 Real Estate Development Fundamentals**
Units: 4 Terms Offered: FaSp Real estate overview; evolution of cities and neighborhoods; product types; introduction to valuation. Prerequisite: (PPD 227 or PPD 245g) and (MATH 108g or MATH 116 or MATH 117g or MATH 118gs or MATH 125g) Duplicates Credit in PPD 362 Instruction Mode: Lecture Grading Option: Letter

**RED 375 Real Estate Development Analysis**
Units: 4 Terms Offered: FaSp Real estate development feasibility and analysis; underwriting local fundamentals including neighborhood and city change, real estate capital flows Prerequisite: BUAD 215x and ECON 203g and RED 362 Duplicates Credit in the former PPD 375 Instruction Mode: Lecture Grading Option: Letter

**RED 417 History of Planning and Development**
Units: 4 Terms Offered: FaSp Historical evolution of planning and development. How changing modes of planning and development have shaped the built landscape throughout the century. Prerequisite: PPD 227 or PPD 245g Duplicates Credit in PPD 417 Instruction Mode: Lecture Grading Option: Letter

**RED 425 Designing Livable Communities**
Units: 4 Terms Offered: FaSp Theories and concepts of livable communities and good city form; case studies of historical and current best practices; field visits; collaborative design project. Prerequisite: PPD 227 or PPD 245g Duplicates Credit in PPD 425 Instruction Mode: Lecture Grading Option: Letter

**RED 435 Analyzing Real Estate Markets**
Units: 4 Terms Offered: FaSp Macro and micro-analysis of urban property markets; demographics; location choice; regulation Prerequisite: PPD 303 and RED 375 Duplicates Credit in PPD 435 Instruction Mode: Lecture Grading Option: Letter

**RED 437 Advanced Finance and Investment for Real Estate Development**
Units: 4 Terms Offered: FaSpSm Advanced real estate principles. Underwriting property valuation and deal structure including risk and return. Debt and equity markets; difference between development and existing assets. Prerequisite: RED 435 Duplicates Credit in PPD 437 Instruction Mode: Lecture Grading Option: Letter

**RED 490x Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

**RED 499 Special Topics**
Units: 2, 3, 4 Max Units: 8 Terms Offered: FaSpSm Selected topics in real estate development. Instruction Mode: Lecture Grading Option: Letter

**RED 500 Real Estate Development and the Economy**
Units: 2 Terms Offered: Sm Linkages between national and regional economies and the performance of the real estate sector. Anticipating development trends. Public policy applications. Instruction Mode: Lecture Grading Option: Letter

**RED 509 Market Analysis for Real Estate**
Units: 4 Terms Offered: Fa Explores macro and micro aspects of residential, retail, office, and industrial markets and examines methodologies for analyzing such markets for real estate development/investment purposes. Prerequisite: RED 542. Instruction Mode: Lecture Grading Option: Letter

**RED 510 Real Estate Practice and Principles**
Units: 4 Terms Offered: FaSp Fundamental principles of real estate analysis; economics; capital markets; development decision-making; relationships between real estate markets and federal, state and local government policies; property value. Instruction Mode: Lecture Grading Option: Letter

**RED 511 Foundations of Real Estate Analysis**
Units: 4 Terms Offered: FaSp Principles of real estate analysis; capital markets; importance of uncertainty and metrics of risk; investments; valuation techniques; use of debt and equity, leases, taxes. Prerequisite: RED 510. Instruction Mode: Lecture Grading Option: Letter

**RED 512 Real Estate Project Analysis**
Units: 4 Terms Offered: FaSp Fundamental economic theories; analytical techniques; practical applications for market analysis of various forms of real estate. Prerequisite: RED 511. Instruction Mode: Lecture Grading Option: Letter

**RED 541 Finance Fundamentals for Real Estate Development**
Units: 2 Terms Offered: Sm Introduction to the general principles of finance with application to real estate development, including capital markets, financial institutions, valuation and risk management. Instruction Mode: Lecture Grading Option: Letter

**RED 542 Finance of Real Estate Development**
Units: 3 Terms Offered: FaSm Theory and methods of real estate finance and investment. Real estate investment analysis, real estate entities, taxation; introduction to securitization of real estate equities, debt. Prerequisite: RED 541. Instruction Mode: Lecture Grading Option: Letter

**RED 544 Real Estate Capital Markets**
Units: 2 Terms Offered: Fa Explore structure, instruments and institutions of real estate capital markets. Consider linkages between real estate and capital markets. Assess role of Real Estate Investment Trusts. Prerequisite: RED 542 Instruction Mode: Lecture Grading Option: Letter

**RED 545 Advanced Real Estate and Financial Modeling**
Units: 2 Terms Offered: Sp Quantitative problem solving using computerized modeling. Complex debt financing,
including lender participation, subordination, joint venture structuring, systematic treatment of real estate portfolios. 

**Prerequisite:** RED 542. Instruction Mode: Lecture Grading Option: Letter

**RED 546 Applications of Real Estate Finance to Problems of Development**

Units: 3 Terms Offered: Sp  Advanced topics in finance applied to cases and problems of real estate development; emphasis on structuring, finance and evaluation of various types of development projects. **Prerequisite:** RED 542. Instruction Mode: Lecture Grading Option: Letter

**RED 547 Project Management and Construction**

Units: 2 Terms Offered: Sm  Managing the building phase of development. Architectural and engineering aspects of construction management for the real estate developer. Instruction Mode: Lecture Grading Option: Letter

**RED 551 The Approval Process**

Units: 4 Terms Offered: FaSpSm  Approval process for real estate development including land use entitlement, site selection, zoning, environmental review, community and government relations, infrastructure financing, ethical issues, negotiation skills. Instruction Mode: Lecture Grading Option: Letter

**RED 562 Legal Issues in Real Estate Development**

Units: 4 Terms Offered: FaSp Owner transfer of real estate; formation and enforcement of contracts; business associations; environmental regulation; taxation of property transfers; acquiring, financing, leasing of commercial property. Duplicates Credit in former RED 662. Instruction Mode: Lecture Grading Option: Letter

**RED 563 Introduction to the Asset Management of Real Estate**

Units: 2 Terms Offered: Fa  Overview of institutional asset management: creating and implementing investment and portfolio strategies through the development, acquisition, underwriting, and operational stages of the investment, asset disposition. Instruction Mode: Lecture Grading Option: Letter

**RED 564 Issues in Asset Management of Real Estate**

Units: 2 Terms Offered: Sp  Advanced issues in institutional asset management. How value is created during investment process with focus on tactical, operational, and strategic goals of asset and owner. **Prerequisite:** RED 563. Instruction Mode: Lecture Grading Option: Letter

**RED 571 Introduction to Appraisal Principles, Procedures, and Standards**

**RED 572 Advanced Appraisal Approaches and Applications**

Units: 2 Terms Offered: Sp  Highest and best use. Advanced income capitalization. Advanced cost and sales comparison approaches. Advanced applications. **Recommended Preparation:** RED 571. Instruction Mode: Lecture Grading Option: Letter

**RED 573 Design History and Criticism**

Units: 2 Terms Offered: Sm  The concepts, language and metaphors of design-related disciplines are examined in relation to design and construction values and choices in real estate development. Duplicates Credit in former RED 673. Instruction Mode: Lecture Grading Option: Letter

**RED 574 Building Typologies**

Units: 2 Terms Offered: Fa  The exploration of categories of building types, including retail, industrial, residential, office and institutional, using key examples or case studies from each. Duplicates Credit in former RED 674. Instruction Mode: Lecture Grading Option: Letter

**RED 575L Community Design and Site Planning**

Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Sp  Physical implementation of development projects. Students will develop concept plan, preliminary design and marketing plan for selected domestic and/or international development sites. Duplicates Credit in former RED 675L. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**RED 583 International Development Opportunities**

Units: 2 Terms Offered: Sp  A survey of various markets prominent in the global real estate community. Protocols for analyzing international development opportunities and cultural, political, and socio-economic considerations. Instruction Mode: Lecture Grading Option: Letter

**RED 585 Comparative International Development Workshop**

Units: 2, 3, 4 Terms Offered: Sm  Comparative study tour focused on understanding international real estate development practices and markets, site visits and meeting with principals. Instruction Mode: Lecture Grading Option: Letter

**RED 590 Directed Research**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm  Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**RED 598 Real Estate Product Development**

Units: 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm  An evaluation of various real estate development types. Case studies and site visits. Instruction Mode: Lecture Grading Option: Letter

**RED 599 Special Topics**

Units: 2, 3, 4 Max Units: 8.0 Current issues, trends, and developments in real estate development. Instruction Mode: Lecture Grading Option: Letter

**Religion**

**REL 111g The World of the Hebrew Bible**

Units: 4 The Hebrew Bible in the cultural setting of the Ancient Near East; the formation of theological and ethical concepts which have shaped Western culture. Instruction Mode: Lecture, Discussion Grading Option: Letter

**REL 112g Religions of Ancient Egypt and the Near East**

Units: 4 Religions, cultures, and values of ancient Egypt and Near East (Iran, Iraq, Israel, Syria, Lebanon, Arabia, Turkey) and their legacies in contemporary society. Instruction Mode: Lecture, Discussion Grading Option: Letter

**REL 114g The Mediterranean: A Religious History**

Units: 4 Explores multiple religious traditions of the Mediterranean as networks that emerge within and among the
landscapes, cultures, and politics of this highly interconnected geographic space. Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 115g Jerusalem, City of Three Faiths
Units: 4 History of Jerusalem as a window onto the nature of the three Abrahamic faiths. Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 121g The World of the New Testament
Units: 4 Historical investigation of New Testament characters, events, ethics and theology in relation to its social, intellectual, and religious contexts in the Jewish and Greco-Roman world. Instruction Mode: Lecture, Discussion Grading Option: Letter

Units: 4 Introduction to Islam, emphasizing its historical and cultural development since the seventh century C.E., and the basic teachings of Islam. Instruction Mode: Lecture Grading Option: Letter

REL 138g Japanese Religions and Culture
Units: 4 Major religious traditions of Japan (such as Buddhism, Shinto, Christianity, Confucianism) and their broader social and cultural contexts. Instruction Mode: Lecture Grading Option: Letter

REL 141g Global Religions in Los Angeles
Units: 4 Congregational and individual expressions of religion in Los Angeles. Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 147g Religion, Media and Popular Culture
Units: 4 Exploration of the manner in which the media frame discussions and understandings of ethical issues, moral dilemmas, spirituality and religious imagination. Instruction Mode: Lecture Grading Option: Letter

REL 301 Introduction to the Study of Religion
Units: 4 Terms Offered: Fa Survey of academic approaches to the study of religion. When possible this course will be taken during the first year of the major or minor. Instruction Mode: Lecture Grading Option: Letter

REL 302 Religions of Ancient Egypt and the Near East
Units: 4 Religious experience and values of ancient Egypt and Near East through material culture, literature, art, and cultic practices; and their legacies in contemporary society. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-301

REL 303g Exploring Ancient Ways of Living: Experimental Archaeology
Units: 4 Active learning course enables students to acquire and experience survival skills devised in pre-modern times and to apply this knowledge in an experimental context. Instruction Mode: Lecture Grading Option: Letter

REL 310 Anti-Semitism, Racism and Other Hatreds
Units: 4 Terms Offered: FaSp (Enroll in JS 315g )

REL 311g The Bible in Western Literature
Units: 4 Comparative analysis of biblical works and how they were employed by various writers in major works of Western literature. Instruction Mode: Lecture Grading Option: Letter

REL 312 Biblical Wisdom Literature
Units: 4 Survey of and inquiry into the biblical wisdom literature; emphasis on the Book of Job. Instruction Mode: Lecture Grading Option: Letter

REL 314 Introduction to Shiism
Units: 4 Examination of the major branches of Shiism, the second largest artifactual formation in Iran, and its link to contemporary society. Instruction Mode: Lecture Grading Option: Letter

REL 315 Thought and Life of Islam
Units: 4 History, thought, institutions, and religious practices of Islam. Instruction Mode: Lecture Grading Option: Letter

REL 316 Women and the Islamic Tradition
Units: 4 Terms Offered: Fa Overview of social and legal status of women in Islamic society, past and present. Examination of social roles established both for and by Muslim women. Instruction Mode: Lecture Grading Option: Letter

REL 317g The Bible in Its Ancient Context
Units: 4 A close consideration of ancient Near Eastern myths — especially those from Mesopotamia and Canaan — with special attention to their influence on the Bible. Instruction Mode: Lecture Grading Option: Letter

REL 319 Religious and Ethical Issues in Death and Dying
Units: 4 Analysis of religious and ethical approaches to death and dying, including refusal of treatment for competent and incompetent patients, voluntary and involuntary euthanasia, and resuscitation. Instruction Mode: Lecture Grading Option: Letter

REL 323 Aegean Archaeology
Units: 4 (Enroll in CLAS 323) Instruction Mode: Lecture Grading Option: Letter
REL 324g Sex and the Bible: Gender, Sexuality, and Scripture
Units: 4 Role the Bible has played in debates about sex, gender, and sexuality in Western history. Instruction Mode: Lecture Grading Option: Letter

REL 325 Religious Experience in the Greco-Roman World
Units: 4 Varieties of religious experience as reflected in the literature, art, and cultic practices of the Hellenistic world. Instruction Mode: Lecture Grading Option: Letter

REL 326p Historical Jesus
Units: 4 Examination of the question of how ancient and modern Christians and scholars have reconstructed the life of Jesus of Nazareth, founding figure of Christianity. Instruction Mode: Lecture Grading Option: Letter

REL 328 Archaeology of Religion in the Greco-Roman World
Units: 4 (Enroll in CLAS 328)

REL 329 Themes in the Religions of China
Units: 4 A study of selected themes in the history of Chinese religions and culture. Compares cases and materials from several historical periods and religious traditions. Instruction Mode: Lecture Grading Option: Letter

REL 330 Introduction to the Religions of India
Units: 4 Terms Offered: FaSpSm History, teaching, and practice of Hinduism, Buddhism, and other religious traditions of India. Instruction Mode: Lecture Grading Option: Letter

REL 331 Religions of East Asia
Units: 4 History, teaching, and practice of the religions of China, Tibet, and Japan. Instruction Mode: Lecture Grading Option: Letter

REL 332 Religions of Japan
Units: 4 The development of religious thought and practice in the Japanese islands, with Buddhism and Shinto being the most prominent. Instruction Mode: Lecture Grading Option: Letter

REL 333 Religion in the Borderlands
Units: 4 Survey of religious history of U.S./Mexico borderlands. Emphasis is given to definitions of place and transformations in culture and forms of belief. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-333

REL 334 Religion and Colonial Encounter
Units: 4 Survey of religious responses to colonial encounter in the Americas. Emphasis given to study of religious innovations of Amerindians, Africans, and Europeans. Instruction Mode: Lecture Grading Option: Letter

REL 335 Gender, Religion, and Sexuality
Units: 4 The construction of gender and sexuality in Western religious traditions; its continued impact on contemporary intellectual, cultural, and social life. Instruction Mode: Lecture Grading Option: Letter

REL 336 Re-viewing Religion in Asian America
Units: 4 Interdisciplinary analysis of the religions traditions, institutions, and experiences of Asians and Pacific Islanders in the U.S. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-336

REL 337 Islam in Black America: From Slavery to Hip Hop
Units: 4 (Enroll in AMST 337)

REL 338 Mysticism and Religious Desire
Units: 4 How human appetites for sex, food, community or immortality are articulated as mystical desires in different religions, either within institutional structures or working against them. Instruction Mode: Lecture Grading Option: Letter

REL 339 Studies in the History of Christianity
Units: 4 In-depth exploration of one of the pivotal moments in the history of Christianity and Western society. Instruction Mode: Lecture Grading Option: Letter

REL 340 Introduction to Indian Philosophy
Units: 4 An introduction to Indian philosophy, including major schools of thought in Hindu, Buddhist, and Jain philosophies. No previous knowledge of Indian religions or philosophy required. Instruction Mode: Lecture Grading Option: Letter

REL 341 Technology, Culture, and Ethics
Units: 4 Examination of value questions arising from the impact of technology on individuals, social institutions, and culture. Instruction Mode: Lecture Grading Option: Letter

REL 342g Buddhist Modernism
Units: 4 Examines various topics in the process of rapid modernization and globalization in Buddhism including environmentalism, gender, nationalism, social activism, and war and peace. Instruction Mode: Lecture Grading Option: Letter

REL 343 Islamic Law and American Society
Units: 4 (Enroll in AMST 343)

REL 344 Culture in Diaspora: The Jews of Spain
Units: 4 Course traces the Jewish diaspora from Spain and Portugal with particular attention to how Sephardic Jews maintained ties of culture, commerce, language, and identity. Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as HIST-371

REL 350 Ethical Issues in the New Medical Revolution
Units: 4 Multimedia-oriented analysis of issues; definition of life and death; research on human subjects, health care delivery, euthanasia, abortion, genetic counseling, behavior control. Instruction Mode: Lecture Grading Option: Letter

REL 356 Religion and Ethics
Units: 4 Traces the development of how religious ideas have informed ethics, or accounts of the good life, including notions of justice, righteousness, virtue, duty, charity and happiness. Instruction Mode: Lecture Grading Option: Letter

REL 366 Religion and Social Change
Units: 4 Empirical and theoretical analysis of social change and its effect on religious institutions as well as the impact of religious movements on society. Instruction Mode: Lecture Grading Option: Letter

REL 370 Religion and Visuality
Units: 4 Examination of the deep connections between visuality and religions, including visions, controversies over religious images, and other connections between religion and visual art. Instruction Mode: Lecture Grading Option: Letter
REL 376g Religion and Human Rights
Units: 4 Close examination and discussion of a variety of religious views regarding human rights. Forges useful frameworks for interpreting the complexity of competing ideas. Instruction Mode: Lecture Grading Option: Letter

REL 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

REL 394 Archaeology of Egypt and the Near East
Units: 4 Study of archaeology and excavated artifacts from Egypt and the Near East. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-304, MDES-394

REL 401 Seminar in Religious Studies
Units: 4 Terms Offered: Sp Survey of methods and selected issues in the field of religious studies; required of all majors during their junior or senior year. Recommended Preparation: REL 301. Duplicates Credit in former REL 399. Instruction Mode: Lecture Grading Option: Letter

REL 402 Cultural Heritage, Religion, and Politics in the Middle East
Units: 4 Terms Offered: Fa In-depth exploration of archaeology and heritage issues in the Middle East and their implications for politics and practice in modern Islam, Judaism and Christianity. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-402, IR-405, MDES-402

REL 414 History of Islamic Law
Units: 4 Terms Offered: Sp Examines legal methods and religious sources used in Islamic law. Emphasis is placed on the way cultural developments affect legal thought and the administration of justice. Instruction Mode: Lecture Grading Option: Letter

REL 415 Seminar in Buddhism
Units: 4 Seminar on selected aspects of the Buddhist tradition. Instruction Mode: Lecture Grading Option: Letter

REL 417 Seminar in South Asian Religions
Units: 4 Exploration of particular themes and/or traditions in South Asian religions. Instruction Mode: Lecture Grading Option: Letter

REL 425 Communicating Religion
Units: 4 (Enroll in COMM 425)

REL 426 Religion, Media and Hollywood: Faith in TV
Units: 4 (Enroll in COMM 426)

REL 431 The Taoist Tradition
Units: 4 (Enroll in EALC 431)

REL 435 Religious Thought After the Enlightenment
Units: 4 Changes in religious thought between the late 18th and early 20th centuries in the wake of the emergence of modernity in the West. Instruction Mode: Lecture Grading Option: Letter

REL 440 Christian Thought in the 20th Century
Units: 4 Examination of dynamic new directions taken by Christian understandings of self, God, and salvation in response to the novel conditions of modern culture, politics and philosophy. Instruction Mode: Lecture Grading Option: Letter

REL 441 Origins of Modern Theology
Units: 4 19th century liberal, rationalist, and historical theology. Instruction Mode: Lecture Grading Option: Letter

REL 442 Religion and Science
Units: 4 Explores whether religion and science offer competing or complementary models for understanding the world and the human place within it. Instruction Mode: Lecture Grading Option: Letter

REL 448m Islam in France
Units: 4 Terms Offered: FaSp (Enroll in FREN 448)

REL 455 Philosophy of Religion: Bases of Belief and Disbelief
Units: 4 Rational and empirical foundations for religious faith and for skepticism. Instruction Mode: Lecture Grading Option: Letter

REL 460 Senior Seminar: Medical Ethics
Units: 4 Analysis of ethical problems related to new developments in medical science. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 462 Religion and Violence
Units: 4 Religious and moral perspectives on war, pacifism, violent and nonviolent protest, and religion-based terrorism and militia. Instruction Mode: Lecture Grading Option: Letter

REL 465 Archaeology and Society
Units: 4 The role of religion in modern society from the standpoint of sociological theory and research. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SOCI-468

REL 468 Sociology of Religion
Units: 4 Historical, sociological, and theological analysis of the nature and role of black religion in the American setting. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ETST-469

REL 471 Jesus
Units: 4 A study of major interpretations of the figure of Jesus, with focus on the interaction between religious traditions and culture. Instruction Mode: Lecture Grading Option: Letter

REL 473 Advanced Hebrew Bible Studies
Units: 4 Consideration of specific topics in Old Testament studies; particular topics determined each semester. Instruction Mode: Lecture Grading Option: Letter

REL 474 Advanced New Testament Studies
Units: 4 Consideration of specific topics in New Testament studies. Particular topics determined each semester. Instruction Mode: Lecture Grading Option: Letter

REL 475 Religion, Material Culture and the Senses
Units: 4 A comparative study of the role of material culture and the senses in religions based on a number of case studies and problem sets. Instruction Mode: Lecture Grading Option: Letter

REL 479 Seminar in Christian Thought
REL 481 History of Religion in America
Units: 4 Intellectual, institutional, and social history of religion in America from colonial times to the present. Instruction Mode: Lecture Grading Option: Letter

REL 482 Jesus in American History and Culture
Units: 4 (Enroll in HIST 482)

REL 483 Religion and Popular Culture in the United States
Units: 4 Terms Offered: Sp Critical analysis of the relationship between religion, mass media, and popular cultural forms in the U.S. Recommended Preparation: REL 301. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST 483

REL 484 American Religion, Foreign Policy and the News Media
Units: 4 Terms Offered: Sp (Enroll in JOUR 484)

REL 485 Transnational Religion
Units: 4 Explores the role of transnational religion in relation to both the formation of new diasporic communities and problems of conflict and peace building. Instruction Mode: Lecture Grading Option: Letter

REL 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

REL 491x Undergraduate Honors Research
Units: 4 Individual research for honors in the major leading to a substantial project. Instruction Mode: Lecture Grading Option: Letter

REL 493 Art and Archaeology of Religion
Units: 4 Terms Offered: FaSp The history of religion through its material expression: art, architecture and artifact. Exploration of different themes and time periods. Instruction Mode: Lecture Grading Option: Letter

REL 494 Lab Methods and Theories in Archaeology
Units: 4 Archaeological research design, data recovery, artifact analysis, interpretation and analogy, publication and ethics. Instruction Mode: Lecture Grading Option: Letter

REL 495 Field Methods and Theories in Archaeology
Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Archaeological field study emphasizing current paradigms of data collection and evaluation; social scientific study of material culture and its relationship to religious expression. Instruction Mode: Lecture Grading Option: Letter

REL 499 Special Topics in Religion
Units: 2, 3, 4 Max Units: 8.0 Selected topics in religious studies. Instruction Mode: Lecture Grading Option: Letter

REL 500 Methods and Theories in the Study of Religion
Units: 4 Introduction to the major topics, trends, and theoretical approaches in the study of religion. Instruction Mode: Lecture Grading Option: Letter

REL 502 Themes in the Study of Religion
Units: 4 Max Units: 8.0 Thematic approaches to the study of religion and religions transcending particular traditions, time periods and geographic regions. Course topic varies by semester according to faculty. Instruction Mode: Lecture Grading Option: Letter

REL 525 Colloquium in Global Islam
Units: 4 Introduces major issues that have defined Islamic Studies in premodern and modern periods. Generally taken in the first year. Instruction Mode: Lecture Grading Option: Letter

REL 535 Colloquium in Comparative Christianities
Units: 4 Research methods in the comparative study of Christian religions; recent scholarship in Christian studies. Instruction Mode: Lecture Grading Option: Letter

REL 545 Colloquium in Asia Pacific Religions
Units: 4 Research methods, tools and current scholarship in the study of Asian Pacific Religions. Instruction Mode: Lecture Grading Option: Letter

REL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 592 Professionalization Proseminar in Religious Studies
Units: 2 Offers students a structured environment in which to consider issues in professional development and to discuss their dissertation proposals. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 593 Practicum in Teaching the Liberal Arts
Units: 2 Practical principles for the long-term development of effective teaching within liberal arts disciplines. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Instruction Mode: Lecture Grading Option: Letter

REL 625 Advanced Graduate Seminar in Global Islam
Units: 4 Exploration of themes and traditions of Islam as they appear globally in a variety of specific country contexts. Instruction Mode: Lecture Grading Option: Letter

REL 626 Seminar in Jewish Ethics
Units: 4 (Enroll in JS 626)

REL 635 Advanced Graduate Seminar in Comparative Christianities
Units: 4 Comparative and transhistorical methods for understanding the most prominent developments in premodern or modern globalized Christianity. Instruction Mode: Lecture Grading Option: Letter

REL 645 Advanced Graduate Seminar in Asia Pacific Religions
Units: 4 Application of comparative and transhistorical methods for understanding the most prominent themes in Asian Pacific Religions. Instruction Mode: Lecture Grading Option: Letter

REL 650 Readings in Islamic Texts
Units: 4 Max Units: 12 Study of Islamic religious texts in multiple genres, primarily in Arabic, though other languages
may be offered. Recommended Preparation: Advanced Arabic language ability. Instruction Mode: Lecture Grading Option: Letter

REL 651 Readings in Christian Texts
Units: 4 Max Units: 12 Survey of the different genres of texts in the history of Christian spirituality from ancient Christianity to the present. Instruction Mode: Lecture Grading Option: Letter

REL 652 Readings in Buddhist Texts
Units: 4 Max Units: 12 Study of varied Asian Buddhist texts in translation and in original languages. Exploration of the major secondary literature on Buddhist texts. Instruction Mode: Lecture Grading Option: Letter

REL 653 Readings in Indic Religious Texts
Units: 4 Max Units: 12 Study of varied Hindu, Buddhist, and Jain texts, primarily in Sanskrit. The class covers multiple genres from Puranas to Tantra. Recommended Preparation: Two years of previous study of Sanskrit. Instruction Mode: Lecture Grading Option: Letter

REL 654 Readings Chinese Religious Texts
Units: 4 Max Units: 12 Study of Chinese religious texts primarily in literary Chinese. The class covers multiple genres of texts from Buddhist sutras to Daoist texts. Recommended Preparation: Advanced Chinese language ability is recommended. Students are expected to have at least one year of training in classical Chinese. Instruction Mode: Lecture Grading Option: Letter

REL 655 Readings in Japanese Religious Texts
Units: 4 Max Units: 12 Study of Japanese Buddhist texts in classical or modern Japanese and/or kambun. The class covers multiple genres from sutras to vernacular text. Recommended Preparation: Advanced Japanese language ability; REL 652. Instruction Mode: Lecture Grading Option: Letter

REL 659 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794z Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Restorative Dentistry

REST 314 Physiology of Occlusion for Hygienists
Units: 1 Biology and function of the gnathostomatic system. Role of the hygienist in diagnosis and treatment of occlusal dysfunctions. Instruction Mode: Lecture Grading Option: Letter

REST 501 Preclinical Operative and Fixed Prosthodontics (Conjoint)
Units: 2 Fundamental concepts of restoring an individual tooth with a cast restoration; principles of cavity preparation; casting fabrication and cementation. Instruction Mode: Lecture Grading Option: Letter

REST 503a Clinical Restorative Dentistry
Units: 1 Application of pre-clinical procedures in operative dentistry, fixed prosthodontics, removable prosthodontics, and dental materials. Instruction Mode: Lecture Grading Option: Letter

REST 503b Clinical Restorative Dentistry
Units: 1 Application of pre-clinical procedures in operative dentistry, fixed prosthodontics, removable prosthodontics, and dental materials. Instruction Mode: Lecture Grading Option: Letter

REST 504 Diagnosis and Treatment Planning
Units: 1 Utilizing a restorative approach, enhance students' knowledge and ability to choose treatment best suited for existing dental conditions, patients' requests and their financial ability. Instruction Mode: Lecture Grading Option: Letter

REST 521 Preclinical Operative/Fixed Prosthodontics Laboratory
Units: 3 Experience in cavity preparation; casting fabrication and cementation on extracted teeth and plastic dentiforms. Instruction Mode: Lecture Grading Option: Letter

REST 522 Aesthetics in Dentistry
Units: 1 Definition and relationship of elements of aesthetics; application in patient motivation and care. Instruction Mode: Lecture Grading Option: Letter

REST 602a Participation in Advanced Dental Care
Units: 0, 1, 2, 3 Participation in advanced dental treatment in Faculty Private Practice Clinic, techniques of difficult case presentation and efficiency in practice. Clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

REST 602b Participation in Advanced Dental Care
Units: 0, 1, 2, 3 Participation in advanced dental treatment in Faculty Private Practice Clinic, techniques of difficult case presentation and efficiency in practice. Clinic and seminar. Instruction Mode: Lecture Grading Option: Letter

REST 701 Orientation to Advanced Prosthodontics
Units: 5 Preclinical overview of materials, techniques, instrumentation, and treatment procedures necessary for providing advanced prosthodontic care in the clinical environment. Instruction Mode: Lecture Grading Option: Letter
REST 702a Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702b Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702c Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702d Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702e Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702f Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702g Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 703a Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703b Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703c Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703d Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703e Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703f Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704a Seminar: Review of the Prosthodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704b Seminar: Review of the Prosthodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704c Seminar: Review of the Prosthodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704d Seminar: Review of the Prosthodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704e Seminar: Review of the Prosthodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704f Seminar: Review of the Prosthodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter
REST 704h Seminar: Review of the Prostodontic Literature — Removable
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 705 Advanced Fixed Prosthodontics Techniques
Units: 1 Tooth preparation and advanced laboratory techniques necessary to implement full mouth rehabilitation. Instruction Mode: Lecture Grading Option: Letter

REST 706 Advanced Complete Denture Techniques
Units: 1 Advanced laboratory and clinical skills for a specialty prosthodontic practice. Instruction Mode: Lecture Grading Option: Letter

REST 708a Dental Ceramics, Color, and Aesthetics
Units: 2 Theory of color and dental aesthetics; history and development of ceramic composites. Techniques in fabrication of ceramic-metal restorations. Instruction Mode: Lecture Grading Option: Letter

REST 708b Dental Ceramics, Color, and Aesthetics
Units: 2 Theory of color and dental aesthetics; history and development of ceramic composites. Techniques in fabrication of ceramic-metal restorations. Instruction Mode: Lecture Grading Option: Letter

REST 709a Seminar: Removable Partial Dentures
Units: 1, 2 Diagnosis, treatment planning, and design of removable partial dentures using extracoronal and intracoronal retainers. Instruction Mode: Lecture Grading Option: Letter

REST 709b Seminar: Removable Partial Dentures
Units: 1, 2 Diagnosis, treatment planning, and design of removable partial dentures using extracoronal and intracoronal retainers. Instruction Mode: Lecture Grading Option: Letter

REST 710a Implant Dentistry
Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 710b Implant Dentistry
Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 710c Implant Dentistry
Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 710d Implant Dentistry
Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 712 Maxillofacial Prosthodontics
Units: 2 Theory and techniques for fabrication of prostheses to correct maxillofacial deformities including cleft palate. Instruction Mode: Lecture Grading Option: Letter

REST 721a Principles of Occlusion
Units: 2 Application of current occlusal concepts in removable prosthodontics. Techniques of occlusal adjustment and additive waxing for development of occlusal morphology. Instruction Mode: Lecture Grading Option: Letter

REST 721b Principles of Occlusion
Units: 2 Application of current occlusal concepts in removable prosthodontics. Techniques of occlusal adjustment and additive waxing for development of occlusal morphology. Instruction Mode: Lecture Grading Option: Letter

REST 761a Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 761b Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 761c Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 761d Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 761e Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 761f Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 761g Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 76lj Clinic: Advanced Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

REST 781 Clinic: Maxillofacial Prosthetics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 Clinical experience in fabrication of prosthesis to correct maxillofacial deformities. Instruction Mode: Lecture Grading Option: Letter

REST 782a Clinic: Implant Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical procedures in implants for prosthetic rehabilitation. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 782b Clinic: Implant Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical procedures in implants for prosthetic rehabilitation. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 782c Clinic: Implant Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical procedures in implants for prosthetic rehabilitation. Instruction Mode: Lecture Grading Option: Credit/No Credit

REST 782d Clinic: Implant Prosthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical procedures in implants for prosthetic rehabilitation. Instruction Mode: Lecture Grading Option: Credit/No Credit

REMovable Prosthetics

RPRO 501 Preclinical Removable Complete Prosthodontics
Units: 1 Fundamental theory for the fabrication of removable complete dentures. Instruction Mode: Lecture Grading Option: Letter

RPRO 502 Removable Complete Prosthodontics
Units: 1 Complete denture treatment: phases, clinical procedures, philosophy, concept, rationale, and need. Instruction Mode: Lecture Grading Option: Letter

RPRO 503a Preclinical Removable Prosthodontics and Implants
Units: 2 Introduction to disciplines of removable complete and partial dentures and implants, including classification and progress of edentulism, support sources and principles, design, fabrication and evaluation. Instruction Mode: Lecture Grading Option: Letter

RPRO 503b Preclinical Removable Prosthodontics and Implants
Units: 1 Introduction to disciplines of removable complete and partial dentures and implants, including classification and progress of edentulism, support sources and principles, design, fabrication and evaluation. Instruction Mode: Lecture Grading Option: Letter

RPRO 510 Implant Dentistry
Units: 1 Principles and use of implants in dentistry: includes history, biological basis, types, diagnosis and treatment planning, surgical and restorative procedures, and limitations. Instruction Mode: Lecture Grading Option: Letter

RPRO 511 Preclinical Removable Partial Prosthodontics I
Units: 1 Partial denture diagnosis and treatment planning; basic principles of partial denture design, fabrication, and function. Instruction Mode: Lecture Grading Option: Letter

RPRO 512 Preclinical Removable Partial Prosthodontics II
Units: 1 Partial denture design, fabrication, and function; repair; patient education. Instruction Mode: Lecture Grading Option: Letter

RPRO 513 Removable Partial Prosthodontics
Units: 1 Clinical removable partial prosthodontic treatment including diagnosis, treatment planning and clinical techniques. Instruction Mode: Lecture Grading Option: Letter

RPRO 521 Preclinical Removable Complete Prosthodontics Laboratory
Units: 1 Fundamental theory for the fabrication of removable complete dentures. Instruction Mode: Lecture Grading Option: Letter

RPRO 523a Preclinical Removable Prosthodontics and Implants Laboratory
Units: 1 Laboratory experience in the fabrication of removable complete and partial dentures and implants. Instruction Mode: Lecture Grading Option: Letter

RPRO 523b Preclinical Removable Prosthodontics and Implants Laboratory
Units: 1 Laboratory experience in the fabrication of removable complete and partial dentures and implants. Instruction Mode: Lecture Grading Option: Letter

RPRO 532 Preclinical Removable Partial Prosthodontics Laboratory II
Units: 1 Laboratory experience in fabrication of removable partial dentures. Instruction Mode: Lecture Grading Option: Letter

RPRO 550 Removable Complete Prosthodontics Clinic I
Units: 1 Clinical demonstration with supervised clinic experience in construction, repair, and evaluation of the removable complete denture. Instruction Mode: Lecture Grading Option: Letter

RPRO 561a Clinic: Removable Complete Prosthodontics I
Units: 0 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporo-mandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade
RPRO 571e Clinic: Removable Partial Prosthodontics

Units: 0 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 571f Clinic: Removable Partial Prosthodontics

Units: 2 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: Letter

RPRO 571g The Edentulous Patient — Conventional or Implant Prosthesis

Units: 1 Effective management of the edentulous patient who is unable to adapt to a prosthesis; includes a review of implant dentistry with a hands-on session. Instruction Mode: Lecture Grading Option: Letter

RSCI 504 Good Laboratory Practices (GLP)

Units: 2 Introduction to Good Laboratory Practices (GLP), including the design, implementation and monitoring of non-clinical GLP studies, and GLP studies in an academic environment. Instruction Mode: Lecture Grading Option: Letter

RSCI 506 Auditing Principles

Units: 3 Audit requirements mandated by the FDA and other international regulatory agencies including internal, external, regulatory agency, third party, GMP, GLP, ISO 13485/QSR
enrollment in MS, Regulatory Science, Certificate in Preclinical Drug Development. Instruction Mode: Lecture Grading Option: Letter

RSCI 531 Industrial Approaches to Drug Discovery
Units: 4 Terms Offered: FaSpSm Examines the process of drug discovery from selection of disease and therapeutic target to characterization and validation of lead drug candidates. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS, Regulatory Science, Certificate in Preclinical Drug Development and MS, Management of Drug Development. Instruction Mode: Lecture Grading Option: Letter

RSCI 532 Early Stage Drug Development
Units: 3 Terms Offered: FaSpSm Explores the activities involved in transforming an early drug or biological candidate to a drug approved for marketing by regulatory authorities. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS, Regulatory Science, Certificate in Preclinical Drug Development and MS, Management of Drug Development. Instruction Mode: Lecture Grading Option: Letter

RSCI 533 Safety Evaluation during Drug Development
Units: 3 Safety pharmacology/toxicology requirements mandated by FDA and other regulatory agencies to move a new chemical entity from discovery stage to market approval. Instruction Mode: Lecture Grading Option: Letter

RSCI 534 Drug Development in CNS Disorders
Units: 4 Successes and challenges related to central nervous system therapeutics. Major brain disorders, current and future therapeutic targets and clinical trial designs. Instruction Mode: Lecture Grading Option: Letter

RSCI 535 Methods Development and Validation
Units: 3 Foundation in the process of developing and validating analytical methodology for purposes of pharmaceutical, biological and medical device development. Instruction Mode: Lecture Grading Option: Letter

RSCI 540 Analysis of Food and Dietary Supplement Regulations
Units: 3 Changes and interpretation of regulations affecting food supply and dietary supplements impacting global markets. Product development, health-claim positioning, advertising, media messaging, consumer choices, personal health outcomes. Instruction Mode: Lecture Grading Option: Letter

RSCI 541 Drug Development, Reimbursement, and Marketing
Units: 3 Survey of drug development strategies; health economics and outcomes researches and reimbursements; emphasis on coverage determination process and FDA and CMS parallel review process. Instruction Mode: Lecture Grading Option: Letter

RSCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 12.0 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
RSCI 596 Internship for Curricular Practical Training in Regulatory Science
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Part-time or full-time practical work experience in Regulatory Science. The internship must be located at an off-campus facility. Students are individually supervised by faculty. Recommended Preparation: undergraduate or professional degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS (Regulatory Science). Instruction Mode: Lecture Grading Option: Credit/No Credit

RSCI 601 Biomedical Commerce
Units: 4 Introduction to business principles appropriate to medical products, including: supply and demand, product entry-exit strategies, financing, reimbursement, marketing and pricing in global marketplace. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS, Regulatory Science. Instruction Mode: Lecture Grading Option: Letter

RSCI 603 Managing Complex Projects
Units: 3 Theory and methods to manage complex projects in medical products sectors; timelines, intellectual property, security, contracts, budgets, review activities, reports, electronic tools, cross-cultural communication. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 604 Regulatory Strategy in Asia
Units: 4 Terms Offered: FaSpSm Regulatory policy, standards and practices in different Asian markets: product licensing, import/export management, materials sourcing, quality systems compliance, reimbursement, prescribing practices. Travel may be required. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of postsecondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 605 Managing Organizations and Human Resources
Units: 3 Theory and practice of personnel management, organizational structure and industrial relations in small, growing enterprises and large global companies typical of pharmaceutical and medical device sectors. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of postsecondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 606 Regulation of Emerging Technologies and Biological Products
Units: 3 Policies, testing and regulatory requirements affecting commercialization of biologics and novel medical technologies. Focus on biologics, blood and tissue products, radiopharmaceuticals and nanotechnology. Instruction Mode: Lecture Grading Option: Letter

RSCI 607 Theory, Methods and Practice of Medical Products Research
Units: 4 Terms Offered: FaSpSm Statistical and research design methods, data analysis, survey and interview techniques laying the foundation for the dissertation. Instruction Mode: Lecture Grading Option: Letter

RSCI 608 Regulatory Strategy in Europe and the Americas
Units: 4 Regulatory strategy in EU, Canada, Mexico and South America; culture, health-care practices, reimbursement, product registration, quality systems, trade restrictions, import/export requirements. Travel may be required. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of postsecondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 790 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 12.0 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied towards the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

RSCI 794a Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794b Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794c Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794d Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794z Doctoral Dissertation
Units: 0 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

RSCI 800 Studies for the Qualifying Exam
Units: 0 Terms Offered: FaSpSm Preparation for the qualifying exam. Instruction Mode: Lecture Grading Option: Credit/No Credit

Systems Architecting and Engineering

SAE 496 Systems Engineering Through Motorsports
Units: 3 Terms Offered: Irregular Applied systems architecting, engineering and management to motorsports from design to validation and verification; venues include drag racing, grand prix Formula SAE racing, DARPA Challenges. Instruction Mode: Lecture Grading Option: Letter

SAE 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content to be selected each semester from recent developments in Systems Architecting and Engineering and
related fields. Instruction Mode: Lecture Grading Option: Letter

SAE 515 Sustainable Infrastructure Systems
Units: 3 Terms Offered: Fa Explores broad issues and mitigation measures involved in the analysis and design of complex, uncertain, interacting infrastructure systems needing to be resilient and sustainable. Instruction Mode: Lecture Grading Option: Letter

SAE 541 Systems Engineering Theory and Practice
Units: 3 Terms Offered: FaSpsm Integration of engineering problem solving methodologies based on systems concepts. Application to complex, large scale technical systems and problems faced by engineering managers. Case studies. Duplicates Credit in former ISE 541. Instruction Mode: Lecture Grading Option: Letter

SAE 542 Advanced Topics in Systems Engineering
Units: 3 Terms Offered: FaSpSm Advanced topics in integration software management and systems engineering, probabilistic foundations of decision-based theory, quantitative risk management, decision-based design, and safety aspects of systems engineering. Duplicates Credit in former ISE 542. Instruction Mode: Lecture Grading Option: Letter

SAE 543 Case Studies in Systems Engineering and Management
Units: 3 Terms Offered: FaSp Real-world case studies in DoD, NASA, and commercial arenas, employing new methodologies to cover the fundamental positive and negative development learning principles of systems engineering. Instruction Mode: Lecture Grading Option: Letter

SAE 546 Engineered Resilient Systems and System-of-Systems
Units: 3 Terms Offered: Sp Formal methods for the design and analysis of resilient systems and system-of-systems (SoS). Disruption risks as a function of system scale and complexity, management, and architectures. Recommended Preparation: SAE 549 Instruction Mode: Lecture Grading Option: Letter

SAE 547 Model-Based Systems Architecting and Engineering
Units: 3 Terms Offered: Ba Approaches for modeling systems using software such as SySML: modeling system requirements, structure, behavior, and parametrics; mapping to hardware description language and behavioral code generation. Recommended Preparation: Modeling and simulation courses. Instruction Mode: Lecture Grading Option: Letter

SAE 548 Systems/System-of-Systems Integration and Communication

SAE 549 Systems Architecting
Units: 3 Terms Offered: FaSp Introduction to systems architecture in aerospace, electrical, computer, and manufacturing systems emphasizing the conceptual and acceptance phases and using heuristics. Prerequisite: BS degree in a related field of engineering. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AME-549

SAE 550 Systems Architecting and the Political Process
Units: 3 Analysis of risks inherent in managing high-tech/high-cost government-funded engineering programs; tools and techniques for coping with the impacts of politically-driven budgets on the engineering design process. Recommended Preparation: two years of work experience. Duplicates Credit in former ISE 550. Instruction Mode: Lecture Grading Option: Letter

SAE 560 Economic Considerations for Systems Engineering
Units: 3 Terms Offered: Sp Impact of economic factors for systems architects and engineers, tools for understanding these factors, fundamental quantitative analysis of cash flow, life-cost estimating for systems and software engineering. Instruction Mode: Lecture Grading Option: Letter

SAE 574 Net-Centric Systems Architecting and Engineering
Units: 3 Terms Offered: FaSp In-depth examination of the technical design approaches, tools, and processes to enable the benefits of net-centric operations in a networked systems-of-systems. Instruction Mode: Lecture Grading Option: Letter

SAE 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SAE 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

SAE 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

SAE 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

SAE 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content will be selected each semester to reflect current trends and developments in the field of systems architecting and engineering. Instruction Mode: Lecture Grading Option: Letter

Stem Cell Biology and Regenerative Medicine

SCRM 511 Developmental Biology and Human Embryology
Units: 4 Terms Offered: Fa Survey of anatomical, cellular and molecular processes that underlie human development and congenital malformations, with discussion of other species for comparison. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 513 Stem Cells and Regenerative Medicine
Units: 4 Terms Offered: Fa A comprehensive investigation of embryonic, fetal and adult stem cells and the application of stem cell biology to treat disease. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 515 Bringing Stem Cells to the Clinic
Units: 4 Terms Offered: Sp Lectures addressing the business, legal, ethical, manufacturing, and regulatory aspects involved in moving stem cells or related product into clinical practice. Prerequisite: SCRM 513. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 522L Biological Imaging in Stem Cell Research
Units: 2 Terms Offered: Sp Theory and practice of using microscopy and flow cytometry in stem cell biology, including sample preparation, digital processing, and data analysis. Concurrent Enrollment: Concurrent enrollment: SCRM 524. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SCRM 524L. Culture and Differentiation of Human Pluripotent Stem Cells
Units: 2 Terms Offered: Sp Classroom and laboratory experience in the techniques for deriving, culturing, and differentiating human pluripotent stem cells (hPSCs) and related cell types. Concurrent Enrollment: Concurrent enrollment: SCRM 522. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SCRM 555 Writing About Stem Cell Biology and Regenerative Medicine
Units: 1 Terms Offered: Sp Instruction in writing for various audiences on topics related to stem cell biology and regenerative medicine. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 580 SCRM External Speaker Seminar Series
Units: 2 Max Units: 8.0 Terms Offered: FaSp Reading and discussion of recent papers by the SCRM speaker of the week, and attendance at the speaker's seminar. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Discussion Grading Option: Letter

SCRM 590 Independent Research
Units: 1, 2, 3, 4 Max Units: 16.0 Independent research conducted under the guidance of faculty in the Department of Stem Cell Biology and Regenerative Medicine. Prerequisite: SCRM 511, SCRM 513, SCRM 515, SCRM 522, SCRM 524, SCRM 555, SCRM 580. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

Slavic Languages and Literatures

SLL 020 Course in Reading Russian
Units: 2 For graduate students wishing to use Russian as a scholarly tool. Emphasis on basic grammar and reading skills. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 025 Course in Reading Russian
Units: 2 Continuation of SLL 020. Reading of authentic materials from Russian press and students' areas of interest. Prerequisite: SLL 020. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 120 Beginning Russian I
Units: 4 Introduction to the Russian language with emphasis on basic conversational skills, major points of grammar, and reading. Instruction Mode: Lecture Grading Option: Letter

SLL 122 Elementary Polish I
Units: 4 Structure of the language, pronunciation, basic communication, and reading in modern Polish. Instruction Mode: Lecture Grading Option: Letter

SLL 130a Elementary Czech
Units: 4 Structure of the language, basic grammar, pronunciation, and oral communication. Readings in Czech; discussion of Czech history and culture. Instruction Mode: Lecture Grading Option: Letter

SLL 130b Elementary Czech
Units: 4 Continuation of SLL 130a. Prerequisite: SLL 130a. Instruction Mode: Lecture Grading Option: Letter

SLL 150 Beginning Russian II
Units: 4 Continuation of SLL 120. Prerequisite: SLL 120. Instruction Mode: Lecture Grading Option: Letter

SLL 152 Elementary Polish II
Units: 4 Continuation of SLL 122. Prerequisite: SLL 122. Instruction Mode: Lecture Grading Option: Letter

SLL 199 Chess and Critical Thinking
Units: 2 Analysis of significant chess games, reflecting societal attitudes toward science, competition, art, gender, psychology, politics, and technology. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 200 Russian Moral Dilemmas in the 20th Century
Units: 4 Examines the primary moral experiences of Russian society in its transition from tsarism through communism and beyond. Instruction Mode: Lecture Grading Option: Letter

SLL 201 Contemporary Russian Culture and Society
Units: 4 (SS only) Introduction to the culture, politics, and economics of contemporary Russia. Offered only as part of the International Summer Session in Russia. Prerequisite: SLL 120. Instruction Mode: Lecture Grading Option: Letter

SLL 210 Masterpieces of the Russian Short Story
Units: 4 Critical reading of selected masterpieces of the Russian short story; works by Gogol, Turgenev, Dostoevsky, Tolstoy, Babel, Pasternak, Solzhenitsyn, and others. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 220 Intermediate Russian I
Units: 4 Development of thematic conversational skills with emphasis on extended dialogue. Review of basic morphology with special attention to verbs of motion. Reading of authentic material is emphasized. Prerequisite: SLL 120, SLL 150. Instruction Mode: Lecture Grading Option: Letter

SLL 222 Readings in Polish Literature I
Units: 4 Continuation of elementary Polish and introduction to outstanding works in Polish literature. Prerequisite: SLL 122 and SLL 152. Instruction Mode: Lecture Grading Option: Letter
SLL 250 Intermediate Russian II
Units: 4 Continuation of SLL 220. Development of proficiency in conversation skills, reading, and writing. 
Prerequisite: SLL 220. Instruction Mode: Lecture Grading Option: Letter

SLL 252 Readings in Polish Literature II
Units: 4 Continuation of SLL 222. Prerequisite: SLL 222. Instruction Mode: Lecture Grading Option: Letter

SLL 255 Business Russian
Units: 4 Language and culture course for intermediate Russian level students interested in business. Prepares students to communicate in Russian-speaking business settings in a linguistically sensitive manner. Prerequisite: SLL 220. Instruction Mode: Lecture Grading Option: Letter

SLL 260x The Trans-Siberian Experience
Units: 2 Terms Offered: Sp. Introduction to Russian language and culture by means of a study-tour on the Trans-Siberian Railway. Instruction Mode: Lecture Grading Option: Letter

SLL 270a Russian for Native Speakers
Units: 4 For native Russian speakers who cannot read or write Russian. Emphasis on essentials of grammar, vocabulary, and orthography, and the reading and writing of simple texts in Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 270b Russian for Native Speakers
Units: 4 Continuation of SLL 270a. Instruction Mode: Lecture Grading Option: Letter

SLL 299 Chess — Advanced Thinking Techniques
Units: 2 Development of advanced understanding of the game of chess. Critical analysis of games and of the problem-solving techniques applicable in various game situations. Prerequisite: SLL 199. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 300 The Russian Novel
Units: 4 The rise of the novel as the dominant form in Russian literature of the 19th century. Major works by Gogol, Turgenev, Dostoevsky, Tolsto, and others. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 301 Russian Literary Avant-Garde
Units: 4 Russian modernism and the avant-garde: development of modern sensibility in literature and the arts from 1880 to 1930. Readings in Chekhov, Sologub, Bely, Mayakovskiy, and others. Conducted in English. Instruction Mode: Lecture Grading Option: Letter

SLL 302g Modern Russian Literature
Units: 4 Survey of the major developments in Russian literature during the 20th century, from modernism to the post-Soviet era. Readings in English. Instruction Mode: Lecture Grading Option: Letter

SLL 303 Contemporary Russian Literature
Units: 4 Developments in Russian Literature from the 1960s to the present. Literature of moral resistance directed against official cultural models. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 310 Advanced Russian in Popular Culture
Units: 4 Advanced conversation topics, readings and analysis of Russian press, films and other popular materials. Advanced grammar. Conducted in Russian. Prerequisite:
SLL 397 Literature and Film in Eastern European Historical Experience
Units: 4 Exploration of key moments in the recent historical experience of Eastern Europe through close readings of literature and film. Taught in English. Instruction Mode: Lecture Grading Option: Letter

SLL 420 Seminar in the Russian Language
Units: 4 Survey and detailed analysis of selected topics in the Russian language. Prerequisite: SLL 310 or SLL 340. Instruction Mode: Lecture Grading Option: Letter

SLL 465 Seminar in Russian Studies
Units: 4 Max Units: 12.0 Readings and discussion in Russian of current topics in Russian culture, politics and society. Content varies each time offered. Prerequisite: SLL 250. Instruction Mode: Lecture Grading Option: Letter

SLL 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

SLL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Instruction Mode: Lecture Grading Option: Letter

SLL 500 Topics in Advanced Russian
Units: 2 Max Units: 8.0 Study of Russian required for graduate work and professional activities. Prerequisite: four years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 501 Proseminar in Russian Literature
Units: 3 Introduction to graduate study of Russian literature: research methods, bibliography, transliteration, development of critical writing skills. Instruction Mode: Lecture Grading Option: Letter

SLL 510 Old Church Slavonic
Units: 3 Study of the earliest recorded Slavic language; linguistic interpretation of original texts; knowledge of a Slavic language or general linguistics will be helpful. Instruction Mode: Lecture Grading Option: Letter

SLL 512 History of the Russian Language
Units: 3 Phonetic, morphological, syntactical changes from common Slavic to the present. Russian literary language; influence of 19th century Russian authors and old church Slavic on contemporary Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 514 Structure of Modern Russian: Phonology
Units: 3 Articulatory phonetics, phonemics, morphophonemics, and intonational patterns of modern Russian. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 516 Structure of Modern Russian: Morphology
Units: 3 Essential issues in current linguistic description of the syntax and morphology of modern Russian. Considers word order, negation, verbal aspect. Instruction Mode: Lecture Grading Option: Letter

SLL 520 Early Russian Literature and Culture (11th–17th Centuries)
Units: 3 Major monuments of medieval Russian literature examined in their cultural, literary, and theological context, with special emphasis on issues of genre. Focus on problems of Russian cultural identity and Russia's complex relationship to Byzantine and Western traditions. Prerequisite: SLL 510 and SLL 514. Instruction Mode: Lecture Grading Option: Letter

SLL 532 18th Century Russian Literature
Units: 3 Major works and genres of the 18th century. The development of a "modern" literary tradition, focusing on problems of Russia's indigenization of Western literary movements (classicism and sentimentalism). Instruction Mode: Lecture Grading Option: Letter

SLL 542 Symbolism
Units: 3 Russian symbolist literature; cultural and philosophical background of this late 19th and early 20th century movement. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 544 Russian Short Story
Units: 3 Pushkin, Gogol, Dostoevsky, Tolstoy, Chekhov. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 545 19th Century Russian Poetry
Units: 3 Analysis of major works of 19th century Russian poetry in the context of developing aesthetic principles and cultural history. Prerequisite: SLL 501. Instruction Mode: Lecture Grading Option: Letter

SLL 546 The Russian Novel
Units: 3 Genre of the novel as exemplified in the works of one or more Russian authors. Readings from Gogol, Turgenev, Tolstoy, Dostoevsky, and others. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 548 History of Russian Literary Criticism
Units: 3 History and principles of literary criticism in Russia with attention to major periods and movements from the early 19th century through the Formalists. Instruction Mode: Lecture Grading Option: Letter

SLL 550 Russian Modernism
Units: 3 "Russian Modernism" subsumes theoretical ideas, practical achievements, and stylistic movements which contributed to Russia's cultural renaissance between ca. 1890 and ca. 1925. Prerequisite: SLL 340. Instruction Mode: Lecture Grading Option: Letter

SLL 555 Soviet Literature I (1917–1953)
Units: 3 The course surveys the major writers and literary schools of Soviet literature in the crucial period from the Revolution to the death of Stalin. Instruction Mode: Lecture Grading Option: Letter

SLL 557 Soviet Literature II (1953–present)
Units: 3 De-Stalinization of Soviet culture, the reappropriation of Russia's literary past, and new directions in contemporary literature. Instruction Mode: Lecture Grading Option: Letter

SLL 575 Socialist Realism
Units: 3 The course examines the origins, doctrine, and ideology of socialist realism, the predominant, and officially
prescribed, aesthetic of Soviet literature. Instruction Mode: Lecture Grading Option: Letter

SLL 584 Russian Fiction and the West
Units: 3 A survey of major Russian fiction in the context of Western European literary movements from the late 18th through late 19th centuries. The course presumes the students' basic acquaintance with the major monuments. Instruction Mode: Lecture Grading Option: Letter

SLL 585 20th Century Russian Literary Criticism
Units: 3 Relationship between practical and theoretical literary criticism: Formalism and Structuralism, Sociological school, and Bakhtin; theoretical approaches applied to specific literary texts. Instruction Mode: Lecture Grading Option: Letter

SLL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593)

SLL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Instruction Mode: Lecture Grading Option: Letter

SLL 650 Seminar in Russian Literature
Units: 3 Max Units: 9.0 Detailed study of single literary period, movement or genre; two or more selected authors; specific school of literary criticism. May be repeated, with departmental permission, if content of the seminar is different. Prerequisite: three years of college Russian; Recommended Preparation: one year of graduate study. Instruction Mode: Lecture Grading Option: Letter

SLL 660 Seminar on a Single Author or Work
Units: 3 Max Units: 9.0 Theme varies from year to year. An author or major work will be selected for intensive study; research paper required. May be repeated, with departmental permission, if content of the seminar is different. Prerequisite: three years of college Russian; Recommended Preparation: one year of graduate study. Instruction Mode: Lecture Grading Option: Letter

SLL 665 Seminar in Russian Culture and the Arts
Units: 3 Max Units: 9.0 Subject varies from year to year. A trend or major figure will be studied in its cultural and artistic contexts. May be repeated, with departmental permission, if content of the seminar is different. Prerequisite: three years of college Russian; Recommended Preparation: one year of graduate study. Instruction Mode: Lecture Grading Option: Letter

SLL 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SLL 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SLL 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SLL 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SLL 794z Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Sociology

SOCI 100gm Los Angeles and the American Dream
Units: 4 Los Angeles as a metaphor for the American Dream, exploring the city's history and potential futures, including economic opportunity, social justice, spatial organization, and environmental sustainability. Duplicates Credit in the former AMST 100gm and GEOG 100gm. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 142gm Diversity and Racial Conflict
Units: 4 Terms Offered: FaSp Introduction to the causes and effects of contemporary race relations in a diverse U.S. society. Exploration of racial conflict at the personal and institutional levels. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 150gm Social Problems
Units: 4 Terms Offered: Fa Analysis of factors in current American social problems: crime, delinquency, prostitution, family disorganization, race relations, mental illness. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 155gm Immigrant America
Units: 4 Terms Offered: FaSp Examination of the immigrant experience in the United States. Comparative analysis of social context of migration, formation of immigrant communities, and social integration of immigrants. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 169gm Changing Family Forms
Units: 4 Terms Offered: FaSp The peculiarity of the "modern" Western family system in historical and cross cultural perspective; focus on the "postmodern" family crisis in the United States. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 200gm Introduction to Sociology
Units: 4 Basic concepts of sociology with special reference to group life, social institutions, and social processes. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 210g Science, Technology, and Social Conflict
Units: 4 Science and technology change society and how we understand ourselves. In turn, social struggles influence science. We will explore the interplay between these forces.
SOCI 220gm Questions of Intimacy
Units: 4 Terms Offered: FaSp Analysis of conditions of intimacy and intimate personal relationships as lenses for understanding social inequalities of race, social class, gender, sexuality, and nation. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 225gw Sociology of Health and the Body
Units: 4 Terms Offered: FaSp Investigation of health as a social category and the varied ways that social and cultural factors shape bodies and health. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 242g Sociology, Demography, and Health
Units: 4 Terms Offered: FaSpSm Sociological and demographic concepts focusing on the causes of disease, health and wellness. Empirical analysis of population composition and its connection to health. Recommended Preparation: Prepares pre-health students for sociology portion of the MCAT. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 250gmvw Grassroots Participation in Global Perspective
Units: 4 Theory and history behind the ideal of "the local, grassroots volunteer": a direct link between theory and research using Los Angeles as a case study. Instruction Mode: Lecture Grading Option: Letter

SOCI 255g Sociology of Globalization
Units: 4 Terms Offered: FaSp This course examines globalization through social and economic processes and its consequences for social conflict, economic development, human rights, social movements, and national identity. Instruction Mode: Lecture, Discussion Grading Option: Letter

SOCI 275 Sociology of Everyday Life
Units: 4 The social philosophy of understanding everyday life; describing and analyzing forms of interaction, emotions, knowledge, and the social self.

SOCI 305m Sociology of Childhood
Units: 4 Terms Offered: FaSp Social construction of childhoods; children's social relations and cultures; issues of childcare, poverty, violence, and children's rights; effects of children on adults. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 313 Sociological Research Methods
Units: 4 Terms Offered: FaSp Logic of theory construction, research design, elementary data collection and analysis. Instruction Mode: Lecture, Lab Grading Option: Letter

SOCI 314 Analyzing Social Statistics
Units: 4 Terms Offered: FaSp Sociological measurement, univariate description, elementary correlation, introduction to statistical inference. Instruction Mode: Lecture Grading Option: Letter

SOCI 315 Sociology of Sport
Units: 4 Relationship between sport and politics, racism, and sexism; player and fan violence; sports for children; sport in the educational setting; drug abuse among athletes.

SOCI 320 Social Psychology
Units: 4 Process of interaction and communication by which persons influence and are influenced by others; development of self, role behavior, attitudes and values, social norms, cultural conditioning. Instruction Mode: Lecture Grading Option: Letter

SOCI 325 Applied Social Research Methods
Units: 4 Terms Offered: FaSp Use quantitative analysis skills to study major social issues using large existing survey data sets. Become conversant in describing data to a variety of audiences. Prerequisite: SOCI 200gm and SOCI 270 and SOCI 313 and SOCI 314 Instruction Mode: Lecture Grading Option: Letter

SOCI 331 Cities
Units: 4 Organization of urban society, including such topics as segregation, urban decay, local politics, residential change, and community conflict. Instruction Mode: Lecture Grading Option: Letter

SOCI 335 Sociology and Population
Units: 4 World population trends and their consequences: determinants of fertility, mortality, and migration; development of elementary models of population change. Instruction Mode: Lecture Grading Option: Letter

SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy
Units: 4 Importance of organizations in social life; techniques for using and changing organizations; examination of strategies for building and sustaining nonbureaucratic organizations. Instruction Mode: Lecture Grading Option: Letter

SOCI 342m Race Relations
Units: 4 Terms Offered: FaSp Past and present relations between the White majority and the "conquered minorities" (Blacks, Chicanos, American Indians), as well as Asian immigrants; conflict vs. assimilation perspectives. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 345 Social Institutions
Units: 4 Cultural and interactional aspects of social institutions as complex social systems; religious, political, industrial, and familial institutions.

SOCI 350 Social Exclusion, Social Power, and Deviance
Units: 4 Terms Offered: FaSp Current theories of origin, distribution, and control of deviant behavior; examination of processes involved in the career deviance of drug addicts, alcoholics, sexual deviants, gamblers, and mentally disordered. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 351 Public Policy and Juvenile Justice
Units: 4 Past and current theories of youth crime; gangs and other forms of youth deviancy; the changing response of the police, courts, and public to these behaviors. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 353 Public Policy and Criminal Justice
Units: 4 Nature and trends in crime, policing, courts, and correctional agencies in relation to past, current, and prospective changes in society. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 355m Immigrants in the United States
SO 200m Sociology of the Family
Instruction Mode: Lecture Grading Option: Letter
Prerequisite: SOCI 200gm
Units: 4 (Enroll in SWMS 364m)

SO 200gm Instruction Mode: Lecture Grading Option: Letter
Crosslisted as SWMS 200gm

SO 213 Sociology of the Media
Instruction Mode: Lecture Grading Option: Letter
Crosslisted as AMST 213

SO 229 Sociology of Contemporary China
Instruction Mode: Lecture Grading Option: Letter
Crosslisted as ASIA 229

SO 376m Contemporary Issues in Asian American Communities
Units: 4 Survey of current social and political issues facing Asian American communities with emphasis on Los Angeles region; design and implementation of community-based research projects. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-376

SO 379gm Mixing and Matching: Intermarriage in 21st Century
Units: 4 Terms Offered: Sp (Enroll in JS 379)

SO 382 Judaism as an American Religion
Units: 4 (Enroll in JS 382)

SO 385 Population, Society, and Aging
Instruction Mode: Lecture Grading Option: Letter
SOCI 385

SO 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

SO 402 Human Trafficking
Units: 4 Terms Offered: FaSp Interrogates the social construction of the legal category "human trafficking," examining the ideological foundations, the social contestations, and political issues surrounding the issue. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-402

SO 408 Volunteers, Non-Governmental Organizations, and Everyday Politics
Units: 4 Terms Offered: FaSpSm Theory, practice, and history of civic life. Examines communication, personal obligation, collective imagination, and political representation, in grassroots, state-sponsored, and non-governmental organization-sponsored civic associations around the world. Prerequisite: SOCI 370. Instruction Mode: Lecture Grading Option: Letter

SO 410 The Sociology of Popular Culture
Units: 4 From the entertainment capital of the world, course surveys sociological research on artistic producers and critical theories of the connections between popular culture and society. Instruction Mode: Lecture Grading Option: Letter

SO 412 Sociology of Violence
Units: 4 Terms Offered: FaSp Theoretical, conceptual and analytical skills in the study of collective violence, its legacies, and how society deals with it. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-420

SO 425 Crowds, Publics, and Social Movements
Units: 4 Terms Offered: FaSp Spontaneous, expressive and creative forms that support or revolutionize society, including topics such as audiences, student unrest, tax revolts, patriotism, uprisings, and women's movements. Instruction Mode: Lecture Grading Option: Letter

SO 429 Immigration, Work and Labor
Units: 4 Terms Offered: FaSp Examination of the experiences of racial minorities in the labor market, niche concentration, the effects of globalization on labor migration, entrepreneurship, discrimination, and minorities in white-collar occupations. Instruction Mode: Lecture Grading Option: Letter

SOCI 430m Work and the Workplace
Units: 4 Comparing views of work in contemporary societies; technological change in the workplace; opportunity, inequality, conflict, and alienation in different occupations. Instruction Mode: Lecture Grading Option: Letter

SOCI 432m Racial and Ethnic Relations in a Global Society
Units: 4 Terms Offered: FaSp Examination of race/ethnic relations with U.S. and selected countries from a global perspective, causes and social effects of globalization on people's lives and on U.S. attitudes and political policies. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-432

SOCI 435m Women in Society
Units: 4 Women today in the labor force, in politics, and in the family. Past and contemporary attempts to expand the position of women in society. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-435

SOCI 437 Sexuality and Society
Units: 4 Historical and contemporary sexual issues (pornography, prostitution, rape) examined in light of Victorianism, Freudianism, Marxism, scientific sexology, feminism, gay liberationism, and sexual conservatism. Instruction Mode: Lecture Grading Option: Letter

SOCI 438 Political Sociology
Units: 4 Terms Offered: Irregular Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economies in comparative and historical perspective. Prerequisite: SOCI 370

SOCI 450 Non-Governmental Organizations/Non-profits Field Practicum
Units: 4 Terms Offered: FaSp Internship in a Non-Governmental Organization (NGO). Students will conduct sociological research on issues surrounding NGOs and the work they do. Prerequisite: SOCI 313 and SOCI 314. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

SOCI 455m Gender and Sport
Units: 4 (Enroll in SWMS 455)

SOCI 460 Key Issues in Contemporary International Migration
Units: 4 Terms Offered: Irregular Overview of contemporary patterns of international migration and its implications for receiving and sending countries, with a special emphasis on immigration to the United States. Instruction Mode: Lecture Grading Option: Letter

SOCI 464 Sociology of Gender and Work
Units: 4 Terms Offered: FaSp Examination of gender inequality in the U.S. labor market; work-family conflict; employer remedies; comparative social policy. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS 464

SOCI 468 Sociology of Religion
Units: 4 (Enroll in REL 468)

SOCI 470 Development and Social Change in the Third World
Units: 4 Theories and case studies on social, economic, political, and cultural developments and change in the Third World: Latin America, Asia, or Africa. Instruction Mode: Lecture Grading Option: Letter

SOCI 475 Medical Sociology
Units: 4 Social and cultural factors in causation of disease, health care utilization and health care delivery. Instruction Mode: Lecture Grading Option: Letter

SOCI 480 The Sociology of Risk and Disaster
Units: 4 Terms Offered: FaSp Is there such a thing as a "natural" disaster? Examination of both natural and technological disasters, and exploration of the centrality of risk in industrialized societies. Instruction Mode: Lecture Grading Option: Letter

SOCI 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

SOCI 494 Sociology Honors Seminar I
Units: 4 Terms Offered: Fa Advanced seminar involving extensive reading, research and discussions. Selected subjects; offered in fall only and restricted to honors students. Acceptance into the Honors Program. Prerequisite: SOCI 200gm and (SOCI 270 or SOCI 370) and SOCI 313 and SOCI 314 and SOCI 325 Corequisite: SOCI 325 Instruction Mode: Lecture Grading Option: Letter

SOCI 495 Sociology Honors Seminar II
Units: 4 Terms Offered: Sp Seminar in workshop form to accompany completion of Senior Honors Thesis under faculty guidance. Acceptance into Honors Program. Prerequisite: SOCI 313, SOCI 494. Instruction Mode: Lecture Grading Option: Letter

SOCI 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 An interdisciplinary examination of selected emerging issues. Instruction Mode: Lecture Grading Option: Letter

SOCI 510 Sociological Theory I
Units: 4 Terms Offered: Fa Developments in sociological theory from the discipline's 19th century origins to World War II. Instruction Mode: Lecture Grading Option: Letter

SOCI 511 Sociological Theory II
Units: 4 Developments in sociological theory from World War II to the present. Duplicates credit in former SOCI 610. Instruction Mode: Lecture Grading Option: Letter

SOCI 520 Qualitative Research Methods
Units: 4 Terms Offered: Fa Seminar in epistemologies, ethics, and techniques of qualitative research. Critical reading and practice in social observation, interviewing, fieldwork, and research design. Preparation of IRB proposal. Instruction Mode: Lecture Grading Option: Letter

SOCI 521 Quantitative Methods and Statistics
Units: 4 Terms Offered: Fa Introduction to the logic and methods of quantitative analysis in sociology; covers the
basic elements of designing and research, summarizing and exploring patterns in data, and making generalizations about populations based on characteristics of samples. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SOCI 525 Sociology Proseminar: Approaches to Sociological Research
Units: 4 Terms Offered: FaSp Graduate students begin their customized literature reviews and develop a paper that will frame the research they pursue in the empirical paper requirement. Instruction Mode: Lecture Grading Option: Letter

SOCI 554 Women in Global Perspective
Units: 4 (Enroll in SWMS 554)

SOCI 560 Feminist Theory
Units: 4 (Enroll in SWMS 560)

SOCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOCI 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: Fa Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOCI 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOCI 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOCI 594c Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Seminar in selected topics in sociology. Instruction Mode: Lecture Grading Option: Letter

SOCI 620 Advanced Methods – Qualitative Research
Units: 4 Terms Offered: FaSp Seminar and practicum in conducting and interpreting original qualitative research. Prerequisite: SOCI 520. Duplicates Credit in former SOCI 524. Instruction Mode: Lecture Grading Option: Letter

SOCI 621 Quantitative Methods and Statistics II
Units: 4 Terms Offered: Sp Casual modeling and the interrelationships among social phenomena: covers the basic elements of casual inference and generalizability, linear regressions analysis, and categorical data analysis. Prerequisite: SOCI 521. Instruction Mode: Lecture, Lab Grading Option: Letter

SOCI 622 Advanced Methods – Qualitative Research
Units: 4 Terms Offered: FaSp Advanced research methodology in survey technique, evaluation research, instrument construction, and demographic analysis. Duplicates Credit in former SOCI 523. Instruction Mode: Lecture Grading Option: Letter

SOCI 625 Demographic Methods
Units: 4 Terms Offered: FaSp Procedures and techniques for the collection, evaluation, and analysis of demographic data; census and vital registration systems; basic measures of demographic components, and the construction of life tables and population projections. Prerequisite: SOCI 521. Duplicates Credit in former SOCI 540. Instruction Mode: Lecture Grading Option: Letter

SOCI 628 Theories of Aging
Units: 4 (Enroll in GER 628)

SOCI 635 Seminar in Social Structure
Units: 4 Research and theory development on the interrelations among the various structures that comprise social systems. An examination of large societal units. Prerequisite: advanced graduate standing. Instruction Mode: Lecture Grading Option: Letter

SOCI 640 Sociology of Gender and Sexuality
Units: 4 Terms Offered: FaSp Approaches to gender and sexuality within sociology and social theory, highlighting contemporary empirical research on sexualities. Duplicates Credit in former SOCI 530. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-640

SOCI 642 Sex and Gender in Society
Units: 4 Terms Offered: FaSpSm The social organization of gender in the contexts of work, families, intimacy, sexuality, reproduction, violence. Variations by race, ethnicity, social class. Processes of social change. Duplicates Credit in former SOCI 552. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-642

SOCI 643 Sociology of Labor
Units: 4 Terms Offered: FaSp Viewing labor and labor movements from a macro/meso/micro perspective. Examination in the formation of labor markets, global economy, organization of work, conditions of work, movements. Instruction Mode: Lecture Grading Option: Letter

SOCI 644 Population Trends: Public and Private Policies
Units: 4 Terms Offered: FaSp World and national population trends; causes and implications for economic, health, and social policies. Duplicates Credit in former SOCI 544. Instruction Mode: Lecture Grading Option: Letter

SOCI 645 Seminar in World Population Problems
Units: 4 Terms Offered: FaSp Demographic characteristics of the major regions of the world; social, economic, and political implications of population trends and methods of demographic analysis. Prerequisite: 335g. Duplicates Credit in former SOCI 545. Instruction Mode: Lecture Grading Option: Letter

SOCI 647 Political Sociology: Politics, Symbols and Everyday Life
Units: 4 Terms Offered: FaSp Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economics in comparative and historical perspective.
SOCI 648 Fertility Control Policies
Units: 4 Terms Offered: FaSp Fertility control policies, and their consequences, including family planning and other pronatalist and antinatalist programs. Duplicates Credit in former SOCI 548. Instruction Mode: Lecture Grading Option: Letter

SOCI 649 Migration Policies
Units: 4 Terms Offered: FaSp Analysis of migration and population redistribution; policies affecting such migration and redistribution. Duplicates Credit in former SOCI 549. Instruction Mode: Lecture Grading Option: Letter

SOCI 650 Topical Issues in Crime and Delinquency
Units: 2, 3, 4 Seminar in selected topics in criminology. Instruction Mode: Lecture Grading Option: Letter

SOCI 651 Seminar in Social Stratification
Units: 4 Terms Offered: FaSp Critique of research literature and research methods in the area of social class and social stratification; major theories and theoretical implications of current research. Duplicates Credit in former SOCI 551. Instruction Mode: Lecture Grading Option: Letter

SOCI 653 Seminar in Science and Technology Studies
Units: 4 Max Units: 8.0 Terms Offered: FaSp Introduction to key concepts and theories in the interdisciplinary field of Science and Technology Studies. Duplicates Credit in former SOCI 532. Instruction Mode: Lecture Grading Option: Letter

SOCI 655 Seminar in Race Relations
Units: 4 Terms Offered: FaSp Current racial problems in the United States and other countries; critiques of literature on race relations. Duplicates Credit in former SOCI 555. Instruction Mode: Lecture Grading Option: Letter

SOCI 656 Social Demography
Units: 4 Terms Offered: FaSp Theoretical perspectives of population, historical and contemporary accounts of population trends and statistics, and the latest research on the causes and consequences of demographic processes. Recommended Preparation: enrollment in a PhD program. Instruction Mode: Lecture Grading Option: Letter

SOCI 657 Sociology of Culture
Units: 4 Terms Offered: FaSpSm Cultural theories and forms of cultural analysis appropriate for sociological research; critical examination of theory and research on how culture relates to social structure, social inequality, politics, institutions, and everyday interaction. Recommended Preparation: SOCI 510 or prior undergraduate or graduate coursework in social science or communication studies. Duplicates Credit in former SOCI 535. Instruction Mode: Lecture Grading Option: Letter

SOCI 667 Seminar in Social Deviance
Units: 4 Terms Offered: FaSp Deviance and social rules in groups and communities; contemporary social policies involving ethnic, cultural, and social factors. Duplicates Credit in former SOCI 566. Instruction Mode: Lecture Grading Option: Letter

SOCI 670 Seminar in Organizational Analysis
Units: 4 Terms Offered: FaSp Literature evaluation, theory building, and research in the area of large-scale organizations and other types of institutionalized groups. Duplicates Credit in former SOCI 550. Instruction Mode: Lecture Grading Option: Letter

SOCI 671 Urban Sociology
Units: 4 Terms Offered: FaSp Examination of theories and research on cities in the United States, examining issues such as politics, race, development, and inequality. Duplicates Credit in former SOCI 571. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

SOCI 675 Seminar in Immigration
Units: 4 Terms Offered: FaSpSm Survey of key theoretical approaches and relevant issues in immigration studies. Themes include: transnationalism, globalization, gendered migration, segmented assimilation, immigrant labor markets, social incorporation and citizenship. Duplicates Credit in former SOCI 575. Instruction Mode: Lecture Grading Option: Letter

SOCI 680 Writing for Publication in Sociology
Units: 4 Terms Offered: Sp Prepares graduate students to publish in peer reviewed journals. Prerequisite: SOWK 620 or SOWK 622. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOCI 685 Seminar in Aging
Units: 4 Terms Offered: FaSp Examination of theories and implications of research on aging. Recommended Preparation: SOCI 510 or SOWK 622. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOCI 694 Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOCI 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSp Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 200x Institutional Inequality in American Political and Social Policy

SOWK 200xm Institutional Inequality in American Political and Social Policy
SOWK 304 Children and Families in Urban America
Units: 4 Gateway to the minor in Children and Families in Urban America. Provides foundation for principles on the conditions of children, families and communities, partnerships between families and human service professionals, and interprofessional practice in urban American communities. Instruction Mode: Lecture Grading Option: Letter

SOWK 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

SOWK 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics in various specialty areas within social work. Instruction Mode: Lecture Grading Option: Letter

SOWK 506 Human Behavior and the Social Environment
Units: 3 The person-in-environment, bio-pyscho-social perspective is the lens through which theories of personality, family, group, organization, community, culture and their interactions are explored. Duplicates Credit in the former SOWK 503 and SOWK 505. Instruction Mode: Lecture Grading Option: Letter

SOWK 522 Global Violence Against Women
Units: 3 This course provides a broad understanding of violence against women within a global context. Instruction Mode: Lecture Grading Option: Letter

SOWK 535 Social Welfare
Units: 3 Structure and operation of current American social welfare programs (social policy analysis). Prerequisite: the former SOWK 534. Instruction Mode: Lecture Grading Option: Letter

SOWK 536 Policy and Advocacy in Professional Social Work
Units: 3 A study of the complex and interconnecting systems of policy, programs and communities that directly and indirectly impact Social Workers' clients' lives. Duplicates Credit in the former SOWK 534. Instruction Mode: Lecture Grading Option: Letter

SOWK 543 Social Work Practice with Individuals
Units: 3 Theory and principles underlying generic social work practice with primary emphasis on working with individuals.

SOWK 544 Social Work Practice with Individuals, Families, and Groups
Units: 3 Principles underlying generic social work practice with emphasis on working with individuals, families, and groups. Duplicates Credit in SOWK 543 and SOWK 545. Instruction Mode: Lecture Grading Option: Letter

SOWK 545 Social Work Practice with Families, Groups and Complex Cases
Units: 3 Theories and principles with primary emphasis on families and groups with application to problems requiring multi-level interventions. Prerequisite: the former SOWK 503 and SOWK 534, SOWK 543.

SOWK 546 Science of Social Work
Units: 3 Introduction to the role of scientific inquiry in advancing social work goals. Inspires students to include science in their social work identity and professional decision-making. Duplicates Credit in SOWK 562. Instruction Mode: Lecture Grading Option: Letter

SOWK 554 Social Work Practice with Older Adults
Units: 3 Introduction to the role of scientific inquiry in advancing social work goals. Inspires students to include science in their social work identity and professional decision-making. Duplicates Credit in SOWK 562. Instruction Mode: Lecture Grading Option: Letter

SOWK 555 Social Work Practice with Older Adults
Units: 3 Theories and principles with primary emphasis on families in the United States and implications for public policy. Not available for major credit. Instruction Mode: Lecture Grading Option: Letter

SOWK 556 Social Work Practice with Older Adults
Units: 3 Principles underlying generic social work practice with emphasis on working with individuals, families, and groups. Duplicates Credit in SOWK 543 and SOWK 545. Instruction Mode: Lecture Grading Option: Letter

SOWK 562 Social Work Research
Units: 3 Introduction to research methods, including conceptualization of research problems, literature review, research design, sampling, measurement, data collection and data analysis.

SOWK 586a Field Practicum
Units: 3 Terms Offered: FaSpSm Supervised field placement to develop generalist practice skills in working with individuals, families, groups, communities and organizations. Prerequisite: SOWK 611. Grading Option: Graded IP/CR/NC.

SOWK 586b Field Practicum
Units: 3 Terms Offered: FaSpSm Supervised field placement to develop generalist practice skills in working with individuals, families, groups, communities and organizations. Prerequisite: SOWK 611. Grading Option: Graded IP/CR/NC.

SOWK 587a Integrative Learning for Social Work Practice
Units: 2 Integrative content from Policy, Research, Human Behavior, Social Work Practice and Field Practicum. Concurrent Enrollment: Concurrent enrollment: SOWK 586a, SOWK 543. Grading Option: Graded CR/NC.

SOWK 587b Integrative Learning for Social Work Practice

SOWK 588 Integrative Learning for Social Work Practice
Units: 2 Integrative learning organized as a small group educational environment that incorporates field experiences, case vignettes, and dialogical inquiry through a Problem Based Learning framework. Duplicates Credit in former SOWK-587a and SOWK-587b. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 589a Applied Learning in Field Education
Units: 3 Supervised field education where students learn and apply evidence-based interventions and clinical skills in practice labs and social work settings. Concurrent Enrollment: SOWK 544. Duplicates Credit in SOWK 586a.
SOWK 589b Applied Learning in Field Education  
Units: 3 Supervised field education where students learn to apply coursework concepts while practicing in a field setting that aligns with students' academic department. Prerequisite: SOWK 589a. Concurrent Enrollment: SOWK 588. Duplicates Credit in SOWK 586b. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 590 Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 599 Special Topics  
Units: 1, 2, 3, 4 Max Units: 13.0 Instruction Mode: Lecture Grading Option: Letter

SOWK 600 Assessment in Social Work Practice  
Units: 2 Terms Offered: Sm Theory and principles underlying generic social work practice with primary emphasis on psychosocial assessment. Instruction Mode: Lecture Grading Option: Letter

SOWK 601 Advanced Theories and Interventions with Children and Adolescents  
Units: 3 Advances students' knowledge and clinical skills working with children and adolescents. Emphasis on problems affecting children, including developmental derailments and disruptions. Prerequisite: SOWK 505, SOWK 545; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 602 Advanced Theories and Clinical Interventions with Families  
Units: 3 Advances students' knowledge and clinical skills working with diverse urban families experiencing various stressors. Exploration and application of a range of family therapy models. Prerequisite: SOWK 505, SOWK 545; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 603 Merging Policy, Planning and Research for Change in Families and Children's Settings  
Units: 3 Development and evaluation of service programs for children and families incorporating social welfare policy, macro practice and research skills. Prerequisite: the former SOWK 534; SOWK 535, SOWK 562; or SOWK 600, SOWK 604, and SOWK 606.

SOWK 604 The Role of Evidence-Based Practice in Social Work  
Units: 2 Terms Offered: Sm Study of the important role research plays in the development of evidence-based practice methods. Open only to doctoral and master's students in the School of Social Work. Instruction Mode: Lecture Grading Option: Letter

SOWK 605 Human Development and Mental Health  
Units: 3 Understanding problem-producing behaviors and their ramifications on individuals, families, and groups that comprise the clientele in mental health settings. Required for students in Mental Health concentration. Prerequisite: the former SOWK 503 and SOWK 505; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 606 Neuropsychological Development  
Units: 2 Terms Offered: Sm Study of human neuropsychological development within the context of social work. Open only to doctoral and master's students in the School of Social Work. Instruction Mode: Lecture Grading Option: Letter

SOWK 607 Feminist Theory, Social Action, and Social Work: Philippines  
Units: 4 Terms Offered: Understanding and awareness of the political, economic, social, and cultural contexts through a feminist perspective, using the Philippines as a case study. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 608 Research and Critical Analysis for Social Work with Children and Families  
Units: 3 Critical analysis and application of various data, information, and evidence to understand client problems and service needs, identify appropriate interventions, and evaluate practice decisions. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 603. Instruction Mode: Lecture Grading Option: Letter

SOWK 609 Introduction to Social Work Practice with Children, Youth and Families  
Units: 3 Understanding development of children and families from birth to adolescence and the developmental difficulties from an ecological perspective. Assessment/engagement of families and Interventions are introduced. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 610 Social Work Practice with Children and Families Across Settings  
Units: 3 Terms Offered: Other Theory and principles underlying social work in host settings and non-specialty sector settings with a primary emphasis on working with Children, Youth, and Families. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 611 Leadership and Management in Social Work  
Units: 3 Methods and principles of leadership and management applied to social work practice, understood as policy, management and clinical practice in the non-profit sector, health and human service organizations, and non-traditional social work settings. Registration Restriction: Open only to master students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 612 Assessment and Diagnosis of Mental Disorder  
Units: 3 Assessment of mental disorders, and the rationale and organization of the system for diagnosis. Emphasis is on developing differential diagnostic skills. Instruction Mode: Lecture Grading Option: Letter

SOWK 613 Social Work Practice with Children and Families in Early and Middle Childhood  
Units: 3 Provides understanding of the development of problems in early childhood, and skills for engagement, assessment, intervention, and evaluation of effectiveness for treatment of these problems. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 614 Social Work Practice in School Settings
Units: 3 Based on ecosystems perspectives, this course examines policies, theories and principles of social work practice in school settings. Instruction Mode: Lecture Grading Option: Letter

SOWK 615 Brief Therapy and Crisis Intervention
Units: 3 Theory and multimodal approaches for brief therapy and crisis intervention with diverse clientele in a range of mental health and health settings. Instruction Mode: Lecture Grading Option: Letter

SOWK 616 Clinical Practice with Older Adults
Units: 3 Developmental tasks of adulthood and later life, as well as assessment and intervention for problems and disorders associated with aging. Instruction Mode: Lecture Grading Option: Letter

SOWK 617 Substance Related and Behavioral Addictive Disorders and Recovery
Units: 3 Causal exploration of substance related and behavioral addictive disorders. Evidence-based and practice informed treatment models for vulnerable individuals, groups and families. Instruction Mode: Lecture Grading Option: Letter

SOWK 618 Systems of Recovery from Mental Illness in Adults
Units: 3 Terms Offered: FaSpSm Focus on the multi-level impact of mental illness on adults and families. Evidence-based interventions promoting increased quality of life and stability are emphasized. Instruction Mode: Lecture Grading Option: Letter

SOWK 619 Social Work in Public Child Welfare Settings
Units: 3 This advanced seminar will provide tools to enhance the practitioner's response to the special challenges (substance abuse, HIV/AIDS, domestic violence) in public child welfare. Instruction Mode: Lecture Grading Option: Letter

SOWK 620 Social Work Practice With Transitional Youth
Units: 3 Terms Offered: FaSpSm Students will be introduced to policies affecting transitional youth and use a biopsychosocial perspective to work with them on macro, meso, and micro levels. Duplicates Credit in former SOWK 525. Instruction Mode: Lecture Grading Option: Letter

SOWK 621 Social Work Practice with Adolescents, Young Adults and their Families
Units: 3 Intervention with adolescents, young adults and addressing their developmental problems, challenges and solutions. Engagement and evidence based intervention in working with youth will be covered. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 622 Social Work Practice with African American Families
Units: 3 Terms Offered: FaSpSm Presents various theories for understanding African American families and addresses an Africentric framework for clinical practice and intervention with individuals and families. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 623 Social Work in Early Care and Education Settings
Units: 3 Provides tools to enhance social work practice skills supporting young children and their families, and preparation for leadership in early care and education settings. Instruction Mode: Lecture Grading Option: Letter

SOWK 624 Social Work in Juvenile Justice Settings
Units: 3 Provides orientation to the context and operations of juvenile justice systems, and advanced skills for social work practitioners working with youth, families and communities. Instruction Mode: Lecture Grading Option: Letter

SOWK 625 Evaluation of Research: Mental Health
Units: 3 Range of research conducted in mental health; evaluation of selected research reports and their application to social work practice. Required for students in Mental Health concentration. Prerequisite: SOWK 562; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 626 Social Conflict, Empowerment and Creative Practice in Israel
Units: 4 Terms Offered: Sm The summer global immersion program in Israel focuses on understanding social problems and alleviating them through empowerment approaches and the utilization of expressive practices. Instruction Mode: Lecture Grading Option: Letter

SOWK 627 Policy and Macro Practice in Child, Youth and Family Services
Units: 3 Provides context and preparation for social work practitioners holding policy, management and macro practice roles in communities and organizations serving children, youth and families. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 628 Social Work with Latino Populations
Units: 3 Terms Offered: Fa The summer global immersion program in Israel focuses on understanding social problems and alleviating them through empowerment approaches and the utilization of expressive practices. Instruction Mode: Lecture Grading Option: Letter

SOWK 629 Research and Evaluation for Community, Organization and Business Environments
Units: 3 Research/evaluation skills and critical analysis of data information systems to inform decision making to improve effectiveness of social work practice in community, organizations and business. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 630 Advanced Theories and Clinical Interventions in Health Care
Units: 3 Evaluation of theory, best practices, emerging issues, and skill development in health settings; interaction among cultural, socioeconomic, and organizational factors. Prerequisite: SOWK 505, SOWK 545; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 631 Program Planning and Evaluation in Health Care
Units: 3 Program and intervention development and evaluation research in health settings. Issues and skill development in program design and methods for evaluation. Prerequisite: SOWK 562; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter
SOWK 635 Research and Evaluation for Social Work with Adults and Older Adults  
Units: 3 Critical analysis and application of health and mental health research evidence to inform, enhance and strengthen social work practice with adults and aging populations with a focus on evaluating published research, identifying and interpreting available sources of data, appraising practical measures/assessments and selecting appropriate evidence-based interventions.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546
Registration Restriction: Open only to masters students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 636 Policy in the Health Care Sector  
Units: 3 Analysis of behavioral, practice and research considerations in addressing a range of health problems and the policy-making process. Required for students in Mental Health in Health Settings concentration.  
Prerequisite: SOWK 535; or SOWK 600, SOWK 604, and SOWK 606.  
Instruction Mode: Lecture Grading Option: Letter

SOWK 637 Wellness, Recovery and Integrated Care  
Units: 3 Study of Wellness and recovery as well as evidence-based integrated care interventions in a new era of health care reform.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 638 Policy in Integrated Care  
Units: 3 Analysis of policies and health care delivery with focus on implications for social workers and their clients in settings with adults, families, and older adults.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 636.  
Instruction Mode: Lecture Grading Option: Letter

SOWK 639 Policy Advocacy and Social Change  
Units: 3 Analysis of efforts to improve local human services organizations and agencies with consideration of political, social, demographic and organization contexts.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 640 Clinical Practice with the Military Family  
Units: 3 Theoretical and practical approaches to clinical practice with military families. Overview of common social issues in the military system and demands on the family dynamics.  
Prerequisite: SOWK 505 and SOWK 535 Instruction Mode: Lecture Grading Option: Letter

SOWK 641 Clinical Practice with Service Members and Veterans  
Units: 3 Theoretical and practical approaches to trauma for use in treatment of PTSD. Advances students' knowledge of best practices and current evidence-based models on PTSD.  
Prerequisite: SOWK 505 and SOWK 535 Instruction Mode: Lecture Grading Option: Letter

SOWK 643 Social Work Practice in Integrated Care Settings  
Units: 3 Social work processes and skills required for the implementation of short-term interventions in medical, behavioral health and integrated care settings with individuals, families and groups.  
Registration Restriction: Open only to master students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 644 Explanatory Theories of Health and Mental Health  
Units: 3 Behavioral health theory course that integrates theories of health and mental health and builds on the content from the Human Behavior and Social Environment course.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 645 Clinical Interventions: Evidence Based Practice in Health and Mental Health Settings  
Units: 3 Social work processes from intake to termination; emphasis on clinical skills required for social work practice in a broad spectrum of health and mental health settings.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 646 Clinical Supervision and Consultation in Social Service Organizations Serving Adults  
Units: 3 Terms Offered: Sm Skills to prepare social workers to provide administrative, programmatic and clinical supervision and consultation in social/human service organizations serving adults.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 647 Advanced Practice with Complex Social Work Cases  
Units: 3 Introduction to advanced practice concepts essential to understanding engagement, assessment and diagnosis with complex social work cases from a meta-framework perspective.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 648 Management and Organizational Development for Social Workers  
Units: 3 Methods and principles of management focusing on health and human service organizations, including strategic management, financial analysis, and innovative project development in social work.  
Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 650 Military and Veteran Policy and Program Management  
Units: 3 Understanding the development and implementation of military and veteran policy and programs including family advocacy, prevention of sexual assault, suicide, alcohol/substance use and homelessness.  
Prerequisite: the former SOWK 534 Instruction Mode: Lecture Grading Option: Letter

SOWK 651 Clinical Psychopharmacology for Social Workers  
Units: 3 Understanding major psychoactive drugs used in treatment of psychological and behavioral disorders in behavioral and primary care medical settings. Theoretical/practical approaches to treatment are examined.  
Prerequisite: SOWK 546 or SOWK 562 Instruction Mode: Lecture Grading Option: Letter

SOWK 652 Social Work Practice in Workplace Settings  
Units: 3 Social Work services designed to improve and/or maintain the productivity and healthy functioning of
individuals in the workplace. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 671. Registration Restriction: Open only to Masters Students in Social Work.

Instruction Mode: Lecture Grading Option: Letter

SOWK 653 Social Work with Older Adults
Units: 3 Terms Offered: FaSpSm. Integrates foundation and advanced knowledge and skill for practice with and in behalf of older adults. Instruction Mode: Lecture Grading Option: Letter

SOWK 654 National Immersion in Washington, DC: Child Development and Social Policy
Units: 3 Terms Offered: Sp. A short study in Los Angeles and Washington, DC, addressing the development and change of Federal social policy concerning child development, especially as it pertains to local programs and services for children and their families. Priority enrollment given to currently enrolled MSW students. Instruction Mode: Lecture Grading Option: Letter

SOWK 655 Global Immersion in Military Culture: U.S. Forces Abroad
Units: 4 Terms Offered: Sm. This course will enhance students’ understanding of the delivery of human services on overseas military installations. Instruction Mode: Lecture Grading Option: Letter

SOWK 656 National Military Immersion in Washington, DC: Military and Veterans Policy and Practice
Units: 3 Terms Offered: Sp. A short study at the campus, online, and in Washington, DC addressing policies and programs for military members, veterans, and their families. Priority enrollment given to currently enrolled MSW students. Prerequisite: SOWK 536 and SOWK 544. Instruction Mode: Lecture Grading Option: Letter

SOWK 658 Organizational Practice and Development in Business Environments
Units: 3. Prepares students for organizational practice and program development in business environments, emphasizing organizational change initiatives, employee program development and corporate social responsibility initiatives. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 673. Instruction Mode: Lecture Grading Option: Letter

SOWK 660 Health Care Delivery Systems: Planning for Health and Social Services
Units: 3. Evaluating health care delivery systems in the U.S. and internationally including community social capital, health disparities, access to care, and policy implications for diverse populations. Instruction Mode: Lecture Grading Option: Letter

SOWK 663 Clinical Practice with Couples
Units: 3. Examination of major models and diverse intervention strategies to ameliorate common presenting problems of couples. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 664 Consultation, Coaching and Social Entrepreneurship
Units: 3. Expanding roles that social workers play within both non-profit and for profit corporations. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 665 Grant Writing and Program Development for Social Workers
Units: 3 Grant writing and program development that are generalized to any settings and relevant to direct and macro social work practice expertise. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 and SOWK 629 and SOWK 648. Registration Restriction: Open only to master students in Social Work. Instruction Mode: Lecture Grading Option: Letter

SOWK 666 Domestic Violence
Units: 3 Recognition of domestic violence and examination of effective intervention measures and preventive methods. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 668 Social Work and Law
Units: 3 Examination of roles, opportunities, and concerns for the practice of social work in the structures and procedures of the law. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 669 Managing Change and Organization Development
Units: 3 Conceptual framework and practical skills needed to design, implement and evaluate effective change and organization development programs. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 670 Global Dimensions in Social Policy and Social Work Practice
Units: 3 Exploration and critique of how political, economic, cultural, religious and environmental factors impact social welfare policies, social work practice, and social development globally. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 671 Micro Practice and Evaluation in Work-Related Environments
Units: 3 Terms Offered: FaSpSm. Drawing upon clinical evidence-based models, this course prepares students for micro level practice and evaluation to improve individual/family well-being within diverse work-related practice environments. Prerequisite: SOWK 505, SOWK 545 or SOWK 660, SOWK 604 and SOWK 666.

SOWK 672 Social Work and Business Settings
Units: 3 Terms Offered: FaSpSm. Examining the roles social workers play in business, how their skills integrate and support business practice, and how the profession can impact internal/external business environments. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 673 Macro Practice and Evaluation in Work-Related Environments
Units: 3 Terms Offered: FaSpSm. Prepares students for macro level practice and evaluation in work-related environments to improve individual, family, organizational and community well-being. Prerequisite: SOWK 600 and SOWK 604 and SOWK 660 or SOWK 562.

SOWK 674 Human Sexuality in Clinical Social Work Practice
Units: 3. Explores physiological, psychological, and sociocultural variables associated with sexual identity, sexual
orientation, and sexual behavior to increase student understanding and appreciation for human sexual behavior.

Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 675 Play Therapy in Social Work with Children and Adolescents
Units: 3 Advances student theoretical knowledge and clinical practice skills in working with children, adolescents, and their families and explores the process of child psychotherapy. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 676 Psychopharmacology for Therapists and Counselors
Units: 1 Terms Offered: FaSpSm Overview of various classes of basic psychotherapeutic medications. Useful to social workers, counselors, therapists, and other individuals who counsel and treat mentally ill patients. Instruction Mode: Lecture Grading Option: Letter

SOWK 677 Mental Health Practice with Children and Adolescents
Units: 3 The assessment and treatment of children with serious emotional disturbance, including the service delivery models and policies that influence service delivery. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 678 Child Abuse and Neglect: Intervention and Treatment
Units: 3 Advanced practice course focusing on interventions with and treatment of complex family systems where the effects of child maltreatment are the presenting problems. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 679 Organizational Group Behaviors and Interventions
Units: 3 Emphasizing group and organizational dynamics, this course provides an understanding of human behavior in work-related environments, and prepares students for mezzo practice in these settings. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 680 Social Work Spanish for Culturally Competent Services
Units: 3 Integration of cross-cultural practice skills with Spanish language development through the class instruction and practice development. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 681 Managing Diversity in a Global Context
Units: 3 Interdisciplinary approach to innovative practices that make the workplace more inclusive and productive. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 682 Spirituality, Religion, and Faith in Clinical Practice
Units: 3 Examination of diverse spiritual and religious traditions. Spiritually-sensitive treatment approaches applied to psychological and spiritual clinical problems of individuals, couples, and families. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 683 Hypnosis Social Work Practice
Units: 3 Examination of major theoretical and practice applications of hypnosis in social work practice and development of a beginning level of competency. Prerequisite: the former SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 684 Community Practice for Social Innovation
Units: 3 Working effectively within marginalized, underserved populations and diverse community settings on their wicked, consistent, and complex issues by providing innovative and sustainable solutions. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Registration Restriction: Open only to master students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 685 Working with Adolescents: Practice, Systems and Advocacy
Units: 3 Enhance knowledge and skill in working with adolescents involved in the child welfare, juvenile justice and other systems. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 686a Field Practicum II
Units: 4 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Grading Option: Graded CR/NC/IP.

SOWK 686b Field Practicum II
Units: 4 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Grading Option: In-progress & Credit/No Credit

SOWK 686c Field Practicum II
Units: 4 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOWK 686d Field Practicum II
Units: 0 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOWK 687 Media in Social Work
Units: 3 Creation of short documentaries for social change. Techniques in media production, strategies for media outreach, and development of media literacy skills to deconstruct media messages. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 688 School Violence
Units: 3 Examines theoretical, empirical and practice-based literature on school violence including how students' physical well-being, academic functioning, social relations, and emotional and cognitive development are affected. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 689 Models of Family Therapy: Theory and Practice
Units: 3 Expand students' theoretical and practical competence in systemic and narrative family therapy models for work with 21st century families. Prerequisite: SOWK
SOWK 690a Research
Units: 1, 2, 3, 4
Intensive individual study of specific problems. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 690b Research
Units: 1, 2, 3, 4
Intensive individual study of specific problems. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 692 Loss, Grief and Bereavement
Units: 3
Focus on the experiences of loss, death and bereavement as it is viewed by individuals, families and loved ones. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 693 Diagnosing Psychopathology: Introduction to DSM IV-TR
Units: 1
Advanced exposure to several issues in the area of adult psychopathology and diagnostics through didactic and experiential modalities. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 694 Group Psychotherapy in Mental Health Settings
Units: 3
Focus on group therapy for clinical social workers as practiced in various mental health settings. The entire process of group development is examined. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 695 Research Project I
Units: 2
Credit on acceptance of professional research project proposal. Prerequisite: SOWK 562. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 696 LGBT Psycho/Social/Political Issues
Units: 3
Overview of clinical, social and political issues with which social workers should be familiar when working with lesbian, gay, bisexual and transgender clients. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 697 Research Project II
Units: 1
Credit on acceptance of professional research project. Prerequisite: SOWK 695. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 698a Integrative Learning for Advanced Social Work Practice
Units: 1
Advanced integrative learning that incorporates field experiences, evidenced-based interventions, case vignettes and dialogical inquiry through a Problem Based Learning framework. Prerequisite: SOWK 586a and SOWK 586b and SOWK 588 Concurrent Enrollment. SOWK 699a Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 698b Integrative Learning for Advanced Social Work Practice
Units: 1
Advanced integrative learning builds on 698a by incorporating field experiences, case/best practices, consultations, and dialogical inquiry on micro, mezzo, and macro practice levels. Concurrent Enrollment: SOWK 699b Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 699a Advanced Applied Learning in Field Education
Units: 4
Advanced supervised field education where students practice social work skills and apply evidence-based interventions, including some that are specific to their academic department. Prerequisite: SOWK 588 and SOWK 589a and SOWK 589b. Concurrent Enrollment: SOWK-698a. Duplicates Credit in SOWK 686a. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 699b Advanced Applied Learning in Field Education
Units: 4
Advanced supervised field education where students practice social work skills and apply evidence-based interventions, including some that are specific to their academic department. Prerequisite: SOWK 699a. Concurrent Enrollment: SOWK 698b. Duplicates Credit in SOWK 686b. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 702 Theories of Human Behavior in the Contexts of Social Environments
Units: 3
A focus on human behavior in interaction with the social environment; major paradigms including general systems theory, ego psychology, and role theories are examined. Instruction Mode: Lecture Grading Option: Letter

SOWK 703 Exploratory Theories for Larger Social Systems
Units: 3
Theories of organizational and community behavior are examined in relation to their influence on the development of social services. Instruction Mode: Lecture Grading Option: Letter

SOWK 704 Managing Innovation and Change
Units: 3
Introduction to discipline specific and interdisciplinary ideas and approaches for innovation and change as they address the Grand Challenges for social work. Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 705 Leading Public Discourse
Units: 3
Leading public discourse for the purposes of increasing civic engagement and public participation, building broad based public support and enabling competencies. Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 706 Leading and Managing Large Complex Systems
Units: 3
Examining large scale national, state and local social intervention programs as well as implications for fiscal and outcome accountability. Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 707 Financial Management for Social Change
Units: 3
Effectively managing financial health in human service organizations and designing fiscal approaches that maximize sources of governmental and non-governmental revenue and improve fiscal decision making. Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 710 Preparatory Scholarship for Capstone
Units: 3
How to effectively pursue funding sources via grant proposals and oral presentations to support Grand Challenges
SOWK 711 Innovation Laboratory I
Units: 3 Testing theoretical frameworks and models by simulating a series of real business/organizational scenarios. Prerequisite: SOWK 704 and SOWK 705 and SOWK 706 and SOWK 707 Corequisite: SOWK 710 and SOWK 712 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 720 Informatics and Social Innovation and Influence
Units: 3 Explores how information technology, such as mobile apps, social media, data analytics and big data, is used to promote social good. Prerequisite: SOWK 704 and SOWK 705 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 721 Data Driven Decision Making
Units: 3 Practical introduction to using quantitative administrative data to identify trends, track performance, evaluate programs, and drive decision making. Prerequisite: SOWK 710 and SOWK 714 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 722 Grand Challenges Capstone
Units: 3 Culminates in the completion of a fundable grant proposal toward the full development of students' Grand Challenges Project. Prerequisite: SOWK 720 and SOWK 724 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 723 Innovation Laboratory II
Units: 3 The Innovation Laboratory provides a space for DSW students to test theoretical frameworks and models introduced in previous courses by simulating a series of real business/organizational scenarios. Prerequisite: SOWK 704, SOWK 705, SOWK 706, SOWK 707, SOWK 710, SOWK 711, SOWK 712, SOWK 713, SOWK 714, SOWK 720, SOWK 721 Corequisite: SOWK 722 and SOWK 724 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 724 Residency II
Units: 3 Terms Offered: Sm Five-day campus-based residency that will be offered in a pro seminar format. DSW students will present their Grand Challenge for Change proposal. Prerequisite: SOWK 704, SOWK 705, SOWK 706, SOWK 707, SOWK 710, SOWK 711, SOWK 712, SOWK 713, SOWK 714, SOWK 720, SOWK 721 Corequisite: SOWK 722 and SOWK 723 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 733 Policy Analysis and Advocacy in a Comparative Social Policy Context
Units: 3 Examination of the evolution of American and other welfare states in selected nations. Analysis of global welfare institutions. Engaging in policy analysis in a comparative context. Instruction Mode: Lecture Grading Option: Letter

SOWK 743 Theories for Practice with Small Systems
Units: 3 Early practice theories and their historical roots are examined. Implications for evolving current practice theories with individuals, families, and groups are discussed. Instruction Mode: Lecture Grading Option: Letter

SOWK 744 Theories for Practice with Large Systems
Units: 3 Examination of the development and utility of theories, models and approaches to social work community and administrative practice. Instruction Mode: Lecture Grading Option: Letter

SOWK 760 Introduction to Social Work Statistics
Units: 3 Foundation course covering univariate and bivariate descriptive and inferential statistics. Required lab covering basic computer skills and utilization of statistical software. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SOWK 761 Multiple Regression for Social Work Research
Units: 3 Multivariate statistical methods including descriptive and inferential statistics, parametric and non-parametric tests of hypotheses; correlation, analysis of variance, multiple regression, and factor analysis; utilization of computer programs for statistical analysis. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SOWK 762 Social Work Research Methods I
Units: 3 Models of research, the nature of inquiry, and the research process including problem formulation, measurement, designs, sampling and data sources. Prerequisite: doctoral standing. Instruction Mode: Lecture Grading Option: Letter

SOWK 763 Social Work Research Methods II: Issues in Research for Social Work Practice
Units: 3 Research methods to provide students with advanced methodological knowledge in two areas related to social work practice: psychotherapy outcome research and program
research. **Prerequisite:** SOWK 762. Instruction Mode: Lecture Grading Option: Letter

**SOWK 764 Advanced Multivariate Statistics**
Units: 3 Introduction to single equation statistical modeling using limited dependent variables (categorical and ordered categorical). Methods are drawn from statistics and econometrics. Instruction Mode: Lecture Grading Option: Letter

**SOWK 765 Writing Successful Dissertation Research Grants**
Units: 3 Terms Offered: FaSp Prepares doctoral students to write and submit applications to obtain extramural funding to support their dissertation research. Students will learn about opportunities and eligibility requirements for federal and foundation supported dissertation research grants, how grants are reviewed and scored once submitted, and how to write successful proposals. **Recommended Preparation:** Completion of a qualitative or mixed methods course is preferred. **Prerequisite:** SOWK 702 and SOWK 703 and SOWK 761 and SOWK 762 and SOWK 763 and SOWK 764. **Recommended Preparation:** Completion of a qualitative or mixed methods course is preferred Instruction Mode: Lecture Grading Option: Letter

**SOWK 770 Introduction to Qualitative and Mixed Research Methods**
Units: 3 Overview of the use of qualitative and mixed methods in social, clinical and health services research. Instruction Mode: Lecture Grading Option: Letter

**SOWK 781 Guided Teaching Experience**
Units: 2 Mentorship with a member of the teaching faculty; discussions of curriculum design; observation; preparation and delivery of selected course sessions. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SOWK 785 Guided Research Internship**
Units: 2 Research practicum designed to provide students with hands-on practical experience with an ongoing faculty research project. **Prerequisite:** SOWK 763. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SOWK 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SOWK 794a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794b Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794z Doctoral Dissertation**
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Spanish**

**SPAN 020x Spanish for Reading Knowledge**
Units: 0 Preparation for the ETS standardized examination, with readings related to the student's major area. Offered upon sufficient demand. Not available for degree credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SPAN 120 Spanish I**
Units: 4 For students with limited proficiency in Spanish. Practice in listening comprehension, oral communication, elementary reading and writing. **Prerequisite:** Spanish placement exam. Instruction Mode: Lecture Grading Option: Letter

**SPAN 150 Spanish II**
Units: 4 Continuation of SPAN 120; increased emphasis on listening comprehension, oral communication, reading, and writing. **Prerequisite:** SPAN 120. Instruction Mode: Lecture Grading Option: Letter

**SPAN 220 Spanish III**
Units: 4 Continuation of SPAN 150; intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Hispanic culture and civilization. **Prerequisite:** SPAN 150. Instruction Mode: Lecture Grading Option: Letter

**SPAN 231x Business Spanish: Job Search**
Units: 2 Terms Offered: FaSp Four-skills language and culture course. Students create culturally appropriate professional dossiers, execute job searches in Spain/Latin America; engage in face-to-face and phone interviews in Spanish. **Prerequisite:** SPAN 220 Not for Major Credit Duplicates Credit in SPAN 250x Registration Restriction: Not open to Spanish majors Instruction Mode: Lecture Grading Option: Letter

**SPAN 232x Business Spanish: Business Culture**
Units: 2 Terms Offered: FaSp Four-skills language and culture course. Students engage in research about the culture of business practices in Spain/Latin America; write/present company profiles, including NGOs, in Spanish. **Prerequisite:** SPAN 220 Not for Major Credit Duplicates Credit in SPAN 250x Registration Restriction: Not open to Spanish majors Instruction Mode: Lecture Grading Option: Letter

**SPAN 233x Business Spanish: Case Studies**
Units: 2 Terms Offered: FaSp Four-skills language and culture course. Students read/analyze Spanish-language case studies and present their own case studies orally and in writing in Spanish. **Prerequisite:** SPAN 220 Not for Major Credit Duplicates Credit in SPAN 250x Registration Restriction: Not open to Spanish majors Instruction Mode: Lecture Grading Option: Letter

**SPAN 240 Spanish IV**
Units: 4 FaSp **Prerequisite:** SPAN 220. Instruction Mode: Lecture Grading Option: Letter

**SPAN 245 Spanish Through Social Issues in Costa Rica**
Units: 4 **Sm Concurrent Enrollment:** Concurrent enrollment: SPAN 220. Instruction Mode: Lecture Grading Option: Letter

1447
SPAN 250x Spanish for Business Communication
Units: 4 Prerequisite: SPAN 240. Not available for credit to Spanish majors and minors. Instruction Mode: Lecture Grading Option: Letter

SPAN 260 Advanced Spanish: Arts and Sciences
Units: 4 FaSpPrerequisite: SPAN 220. Duplicates Credit in the former SPAN 266. Instruction Mode: Lecture Grading Option: Letter

SPAN 261 Advanced Spanish: Society and the Media
Units: 4 FaSpPrerequisite: SPAN 220. Duplicates Credit in the former SPAN 265. Instruction Mode: Lecture Grading Option: Letter

SPAN 270 Spanish for Native Speakers
Units: 4 FaSp Instruction Mode: Lecture Grading Option: Letter

SPAN 280x Conversational Spanish
Units: 2 Max Units: 4.0 FaSpPrerequisite: SPAN 220. Not for credit for Spanish majors. Instruction Mode: Lecture Grading Option: Letter

SPAN 301 Introduction to Hispanic Literature and Film
Units: 4 FaSpPrerequisite: SPAN 260, SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 302 Survey of Film
Units: 4 FaSpPrerequisite: SPAN 260, SPAN 261; Recommended Preparation: SPAN 301. Instruction Mode: Lecture Grading Option: Letter

SPAN 304 Survey of Fiction
Units: 4 FaSp Prerequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 306 Survey of Drama
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Duplicates Credit in former SPAN 305. Instruction Mode: Lecture Grading Option: Letter

SPAN 308 Survey of Poetry
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Duplicates Credit in former SPAN 305 Instruction Mode: Lecture Grading Option: Letter

SPAN 310 Structure of Spanish
Units: 4 FaSp Prerequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 311 Advanced Spanish Through Contemporary Issues: Oral Emphasis
Units: 4 Sm Recommended Preparation: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 315 Advanced Grammar and Translation
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 316x Spanish for the Professions
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Limited to 4 units for major or minor credit. Instruction Mode: Lecture Grading Option: Letter

SPAN 318x Creative Writing in Spanish
Units: 4 Terms Offered: FaSp An introduction to the art and craft of creative writing in Spanish with a focus on narrative fiction; writing workshop, literary readings. Prerequisite: SPAN 260 or SPAN 261 Instruction Mode: Lecture Grading Option: Letter

SPAN 320 Iberian and Latin American Cultures: Readings on Society
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Duplicates Credit in former SPAN 360 and former SPAN 370. Instruction Mode: Lecture Grading Option: Letter

SPAN 321 Iberian and Latin American Cultures: Readings on the Arts
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Duplicates Credit in former SPAN 360 and former SPAN 370 Instruction Mode: Lecture Grading Option: Letter

SPAN 341 Advanced Conversation and Culture
Units: 4 Instruction Mode: Lecture Grading Option: Letter

SPAN 350 Cultural Cross-Currents of the Iberian Middle Ages
Units: 4 FaSp Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Duplicates Credit in former SPAN 377 and former SPAN 450. Instruction Mode: Lecture Grading Option: Letter

SPAN 352 The Transatlantic Golden Age: New Worlds Real and Imagined
Units: 4 FaSp Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 372 Modern and Contemporary Latin American Fiction
Units: 4 FaSp Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 373 Modern and Postmodern Spanish Fiction
Units: 4 FaSp Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Duplicates Credit in former SPAN 378. Instruction Mode: Lecture Grading Option: Letter

SPAN 375 Latin American Cultural and Literary Theory
Units: 4 Instruction Mode: Lecture Grading Option: Letter

SPAN 380g Literature of Mexico
Units: 4 Recommended Preparation: advanced comprehension of oral and written Spanish. Instruction Mode: Lecture Grading Option: Letter

SPAN 381 Narco-World
Units: 4 SpPrerequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 382 The Aesthetics of Violence in Latin America
Units: 4 Terms Offered: Fa An exploration of representations of violence and violent representations in Latin American narrative, poetry, music, and film. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 385 The Culture of Food in Hispanic Los Angeles
Units: 4 FaSpPrerequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Max Units: 8.0 Study of topics in Spanish and Latin American literature and culture across periods, genres and nations. Instruction Mode: Lecture Grading Option: Letter

SPAN 652 Seminar on a Major Topic in Hispanic Linguistics
Units: 3 Max Units: 9.0 Terms Offered: FaSp Analysis of selected topics of current interest as reflected primarily in the most recent literature. Instruction Mode: Lecture Grading Option: Letter

SPAN 654 Seminar on a Major Topic in Hispanic Linguistics
Units: 3 Max Units: 9.0 Terms Offered: FaSp Critical study and analysis of a particular topic in the historical development of the Hispanic languages. Instruction Mode: Lecture Grading Option: Letter

SPAN 656 Seminar in Diachronic Aspects of the Hispanic Languages
Units: 3 Max Units: 9.0 Terms Offered: FaSp In-depth analysis of a particular topic in the historical development of the Hispanic languages. Instruction Mode: Lecture Grading Option: Letter

SPAN 657 Seminar in Spanish Applied Linguistics
Units: 3 Terms Offered: FaSp Critical study and analysis of major issues related to the teaching and learning of Spanish as a first or a second language. Instruction Mode: Lecture Grading Option: Letter

SPAN 658 Seminar in Hispanic Sociolinguistics
Units: 3 Max Units: 9.0 Terms Offered: FaSp Selected topics in Hispanic sociolinguistics: social and geographic language varieties, language contact, discourse analysis, synchronic variation and processes of change in Spanish. Instruction Mode: Lecture Grading Option: Letter

SPAN 700 Colloquium in Hispanic Literature and Linguistics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
Spatial Sciences Institute

SSCI 101 Workshop in Spatial Analysis
Units: 2 Terms Offered: FaSp Introduction to geospatial technologies and data as creative tools for supplementing traditional forms of academic work across the sciences, social sciences, and the humanities. Instruction Mode: Lecture Grading Option: Letter

SSCI 135Lg Maps in the Digital World
Units: 4 Terms Offered: FaSpSm The role of formal reasoning, abstract representation and empirical analysis in building maps for sharing knowledge across the physical, life and social sciences and humanities. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 165Lgw Sustainability Science in the City
Units: 4 Terms Offered: FaSp The influence of sustainability science on public policy and vice versa in the context of social/ethical theories, analytical methods and solutions. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 214 Human Populations and Natural Hazards
Units: 4 Terms Offered: FaSp Introduction to the complex relationship between human development and natural hazards, which are increasingly causing damage and displacement to human populations throughout the world. Instruction Mode: Lecture, Discussion Grading Option: Letter

SSCI 265Lg The Water Planet
Units: 4 Terms Offered: FaSpSm An exploration of Earth’s water, ranging from water properties, chemistry, and pollution, to groundwater dynamics, watershed processes, and oceanic-atmospheric circulation. Implications for past and future societies. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 301L Maps and Spatial Reasoning
Units: 4 Terms Offered: Fa Role of maps and spatial reasoning in the production and use of geographic information for representing and analyzing human and environmental activities and events. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 350 International GeoDesign
Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Intensive living-learning research and field experience in Los Angeles and abroad; application of GeoDesign strategies to local societal challenges. Instruction Mode: Lecture Grading Option: Letter

SSCI 382L Principles of Geographic Information Science
Units: 4 Terms Offered: Sp The various ways in which geography can be used to acquire, represent, organize, analyze, model and visualize information. Laboratories are organized around ArcGIS software suite. Prerequisite: SSCI 301L Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 397 Spatial Sciences Internship
Units: 2, 3, 4 Terms Offered: FaSpSm Intensive experience in local public agency, private firm, or nonprofit agency engaged in applied geospatial analysis, modeling and mapping work. Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 401L Geospatial Intelligence
Units: 4 Terms Offered: Fa Introduction to basic geospatial intelligence knowledge and related practical applications that assist in informing decision-making in a variety of human security settings. Recommended Preparation: IR 381 and SSCI 301L Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 412L GeoDesign Practicum
Units: 4 Terms Offered: FaSp Application of design concepts, planning protocols and spatial analysis skills to a complex planning or design problem sponsored by a local public, private or nonprofit client in a studio setting. Prerequisite: ARCH 403, PPD 425, SOCI 314, SSCI 483. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as ARCH-412, PPD-412

SSCI 483L Spatial Science Practicum
Units: 4 Terms Offered: Sp Application of GIS concepts and skills to a local opportunity or problem in a studio setting. May involve site visits, community contact, and presentations. Prerequisite: SSCI 382. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

SSCI 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Intensive study of selected topics or regions. Instruction Mode: Lecture Grading Option: Letter

SSCI 578 The Practice of Geospatial Leadership
Units: 4 Terms Offered: Sm The geospatial value proposition and the qualities and skills leaders will need to help their geospatial information management groups and organizations achieve success. Recommended Preparation: SSCI 581. Instruction Mode: Lecture Grading Option: Letter

SSCI 579 Geospatial Intelligence Tradecraft
Units: 4 Terms Offered: FaSpSm Typical geospatial intelligence tasks and their use in military operations, national and homeland security, international relief work and disaster management. Recommended Preparation: SSCI 581. Instruction Mode: Lecture Grading Option: Letter

**SSCI 580 Spatial Computing**
Units: 4 Terms Offered: FaSp Theoretical foundations, methods, techniques, and software systems for spatial computing, including geospatial semantic web and linked data, spatial data mining, geocoding, and document linking. Recommended Preparation: SSCI 581 or INF 510. Instruction Mode: Lecture Grading Option: Letter

**SSCI 581 Concepts for Spatial Thinking**
Units: 4 Terms Offered: FaSp Sm The unique characteristics and importance of spatial information as they relate to the evolving science, technology, and applications of Geographic Information Systems. Duplicates Credit in the former GEOG 581. Instruction Mode: Lecture Grading Option: Letter

**SSCI 582 Spatial Databases**
Units: 4 Terms Offered: FaSpSm Design, implementation, and interrogation of relational, object-oriented and other types of geospatial databases. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 582. Instruction Mode: Lecture Grading Option: Letter

**SSCI 583 Spatial Analysis**
Units: 4 Terms Offered: FaSp Provides the knowledge and skills necessary to investigate the spatial patterns which result from social and physical processes operating at or near the Earth's surface. Recommended Preparation: SSCI 581. Duplicates Credit in former GEOG 583. Instruction Mode: Lecture Grading Option: Letter

**SSCI 584 Spatial Modeling**
Units: 4 Terms Offered: SpSm The use of spatial models to describe social and environmental processes, patterns and systems at multiple spatial and temporal scales. Recommended Preparation: SSCI 583. Instruction Mode: Lecture Grading Option: Letter

**SSCI 585 Geospatial Technology Project Management**

**SSCI 586 GIS Programming and Customization**
Units: 4 Terms Offered: FaSp Design, coding, and implementation of GIS-based software and models using the Python programming language. Recommended Preparation: SSCI 582. Duplicates Credit in former GEOG 586. Instruction Mode: Lecture Grading Option: Letter

**SSCI 587 Spatial Data Acquisition**
Units: 4 Terms Offered: FaSpSm Role of global positioning systems, maps, geocoding, and other kinds of sensors as geospatial data sources. Includes field data acquisition excursion on Catalina Island. Recommended Preparation: SSCI 581. Duplicates Credit in former GEOG 587. Instruction Mode: Lecture Grading Option: Letter

**SSCI 588 Remote Sensing for GIS**
Units: 4 Terms Offered: FaSp Principles of remote sensing, satellite systems, and role of remote sensing data in GIS applications. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 588. Instruction Mode: Lecture Grading Option: Letter

**SSCI 589 Cartography and Visualization**
Units: 4 Terms Offered: FaSm Principles of visual perception, spatial cognition and cartographic design and their contributions to the maps, animations, virtual reality and multimedia displays produced with modern GIS. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 589. Instruction Mode: Lecture Grading Option: Letter

**SSCI 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SSCI 591 Web GIS**
Units: 4 Terms Offered: FaSm Design and implementation of locally served and cloud-based geospatial web applications. Construction of web maps, mashups, and Volunteered Geographic Information interfaces. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 591. Instruction Mode: Lecture Grading Option: Letter

**SSCI 592 Mobile GIS**
Units: 4 Terms Offered: SpSm Design, coding, and implementation of mobile GIS applications using the Java and Javascript object-oriented programming languages. Recommended Preparation: SSCI 591. Instruction Mode: Lecture Grading Option: Letter

**SSCI 593 Geospatial Data Integration**
Units: 4 Terms Offered: SpSm Role of crowdsourcing, volunteered geographic information, spatial data infrastructures, and web portals in helping with the collection, storage, curation, and distribution of geospatial data assets. Recommended Preparation: SSCI 581. Instruction Mode: Lecture Grading Option: Letter

**SSCI 594a Master's Thesis**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SSCI 594b Master's Thesis**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SSCI 594z Master's Thesis**
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

**SSCI 596 Internship in Spatial Sciences**
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Part-time or full-time practical work experience in the student's field of study at an off-campus facility under faculty direction. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SSCI 599 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Seminar in selected topics in the spatial sciences. Instruction Mode: Lecture Grading Option: Letter
SSCI 600 The Geography of Life and Death
Units: 4 Terms Offered: Fa Meaning and significance of place and role of social, natural, and built environments in disease occurrence in different places and populations. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

SSCI 601a Population, Health and Place Research Practicum
Units: 2 Max Units: 4 Terms Offered: Sm The use of population science, public health, and spatial science theory and practice to advance our understanding of one or more aspects of human well-being. Prerequisite: SSCI 600 Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

SSCI 601b Population, Health and Place Research Practicum
Units: 2 Max Units: 4 Terms Offered: Sm The use of population science, public health, and spatial science theory and practice to advance our understanding of one or more aspects of human well-being. Prerequisite: SSCI 601a Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

SSCI 680 Advanced Spatial Computing
Units: 4 Terms Offered: FaSpSm The role of spatial computing in understanding the world, in knowing and communicating our relationships to specific places, and for navigating through those places. Instruction Mode: Lecture Grading Option: Letter

SSCI 683 Principles of Spatial Data Analysis
Units: 4 Terms Offered: Sp The theoretical foundations and techniques of spatial analysis and the ways in which they have been used to identify spatial processes and patterns. Recommended Preparation: Enrollment in a USC PhD Program. Instruction Mode: Lecture Grading Option: Letter

SSCI 684 Spatial Modeling with GIS
Units: 4 Terms Offered: Sp An introduction to spatial models identifying the key issues influencing the success of these models in simulating key social and environmental processes and health exposures. Instruction Mode: Lecture Grading Option: Letter

SSCI 790 Research
Units: 1 Max Units: 12 Terms Offered: FaSpSm Research leading to the doctorate. Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794z Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

Sophomore Seminars

SSEM 200 Sophomore Seminar
Units: 1, 2 Terms Offered: FaSp and Special Sessions Special seminar courses for sophomores; limited to 18 students; topics will vary; Instruction Mode: Lecture Grading Option: Credit/No Credit

Oral Surgery

SURG 501 Oral Surgery
Units: 2 Introduction to surgical dentistry, armamentarium and procedures; exodontics; infection; post operative care; repair of bone and soft tissue; acute injury; cysts, sinuses, nerve injury, biopsy. Instruction Mode: Lecture Grading Option: Letter

SURG 562a Clinic: Oral Surgery I
Units: 2 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 562b Clinic: Oral Surgery I
Units: 2 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 562c Clinic: Oral Surgery II
Units: 1 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: Letter

SURG 563a Clinic: Oral Surgery II
Units: 0 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 563b Clinic: Oral Surgery II
Units: 0 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 563c Clinic: Oral Surgery II
Units: 1 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: Letter
SURG 564a Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564b Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery, participation in clinic care of patients with dento-alveolar pathology, introduction to management of medically compromised patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564c Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery, participation in clinic care of patients with dento-alveolar pathology, introduction to management of medically compromised patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564d Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 611a Oral and Maxillofacial Surgery
Units: 0 More advanced instruction in oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 611b Oral and Maxillofacial Surgery
Units: 0 More advanced instruction in oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 611c Oral and Maxillofacial Surgery
Units: 0 More advanced instruction in oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: Letter

SURG 701a Seminar: Advanced Oral Surgery
Units: 2 Problems in advanced oral surgery and hospital oral surgery including student presentations and critique of clinical cases. Instruction Mode: Lecture Grading Option: Letter

SURG 701b Seminar: Advanced Oral Surgery
Units: 2 Problems in advanced oral surgery and hospital oral surgery including student presentations and critique of clinical cases. Instruction Mode: Lecture Grading Option: Letter

SURG 702a Seminar: Review of the Oral Surgery Literature
Units: 2 Critical analysis of recent oral surgery and other related literature. Instruction Mode: Lecture Grading Option: Letter

SURG 702b Seminar: Review of the Oral Surgery Literature
Units: 2 Critical analysis of recent oral surgery and other related literature. Instruction Mode: Lecture Grading Option: Letter

SURG 708a Orthognathic Surgery
Units: 2 Terms Offered: Fa Surgical planning and treatment of patients with skeletal deformities. Instruction Mode: Lecture Grading Option: Letter

SURG 708b Orthognathic Surgery
Units: 2 Terms Offered: Sp Surgical planning and treatment of patients with skeletal deformities. Instruction Mode: Lecture Grading Option: Letter

SURG 721 Surgical Anatomy
Units: 2 Intensive review of anatomy relevant to the practice of oral surgery. Includes dissections and animal surgery. Instruction Mode: Lecture Grading Option: Letter

SURG 761a Clinic: Advanced Oral Surgery
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical evaluation and surgical treatment of dento-alveolar disease in out-patient clinic. Instruction Mode: Lecture Grading Option: Letter

SURG 761b Clinic: Advanced Oral Surgery
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical evaluation and surgical treatment of dento-alveolar disease in out-patient clinic. Instruction Mode: Lecture Grading Option: Letter

SURG 761c Clinic: Advanced Oral Surgery
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical evaluation and surgical treatment of dento-alveolar disease in out-patient clinic. Instruction Mode: Lecture Grading Option: Letter

SURG 761d Clinic: Advanced Oral Surgery
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical evaluation and surgical treatment of dento-alveolar disease in out-patient clinic. Instruction Mode: Lecture Grading Option: Letter

SURG 763a Clinic: Advanced Hospital Oral Surgery and Anesthesia
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Surgical treatment of patients and service in medical anesthesia at the LAC+USC Medical Center. Instruction Mode: Lecture Grading Option: Letter

SURG 763b Clinic: Advanced Hospital Oral Surgery and Anesthesia
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Surgical treatment of patients and service in medical anesthesia at the LAC+USC Medical Center. Instruction Mode: Lecture Grading Option: Letter

SURG 763c Clinic: Advanced Hospital Oral Surgery and Anesthesia
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Surgical treatment of patients and service in medical anesthesia at the LAC+USC Medical Center. Instruction Mode: Lecture Grading Option: Letter

SURG 763d Clinic: Advanced Hospital Oral Surgery and Anesthesia
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Surgical treatment of patients and service in medical anesthesia at the LAC+USC Medical Center. Instruction Mode: Lecture Grading Option: Letter

Gender Studies

SWMS 140g Current Moral and Social Issues
Units: 4 (Enroll in PHIL 145.)

SWMS 210gmw Social Analysis of Gender
Units: 4 Terms Offered: FaSp Multidisciplinary survey of
gender assumptions in relation to sexuality, mental health,
social and political relations, and artistic expression.
Instruction Mode: Lecture, Discussion Grading Option:
Letter Crosslisted as POSC 210, PSYC 210

SWMS 212g Studies in Gender and Sexuality: An
Introduction
Units: 4 Terms Offered: Sp Examination of how gender and
sexuality have been constructed, experienced, and legislated.
Instruction Mode: Lecture, Discussion Grading Option:
Letter

SWMS 215gp Gender Conflict across Cultural Contexts
Units: 4 Terms Offered: Fa Identification and examination of
social and cultural conflicts through the lens of gender, and
comparison of such conflicts across cultures, regions, and
historical periods. Instruction Mode: Lecture, Discussion
Grading Option: Letter

SWMS 225 Gender, Sex, and Science: A Gender Studies
Approach
Units: 4 Terms Offered: FaSp Study of sex, gender in
relation to science and social sciences; survey of scientific
methods, approaches, current research; investigation of
gender influences on scientific research. Instruction Mode: Lecture
Grading Option: Letter Crosslisted as ANTH-225

SWMS 245gm Gender and Sexualities in American
History
Units: 4 (Enroll in HIST 245)

SWMS 265g Racism, Sexism, and the Law
Units: 4 (Enroll in HIST 265)

SWMS 300 Women in Antiquity
Units: 4 (Enroll in CLAS 300) Instruction Mode: Lecture,
Discussion Grading Option: Letter

SWMS 301gm Feminist Theory: An Introduction
Units: 4 Terms Offered: FaSpSm Theories of feminism;
historical, social and cultural perspectives of the women's
movement in America, Europe, and in developing countries;
men's roles in the feminist movement.

SWMS 302 From Sappho to Stonewall: Lesbians in
History
Units: 4 Terms Offered: Other (Enroll in HIST 302)

SWMS 303 From Goddesses to Witches: Women in
Premodern Europe
Units: 4 (Enroll in HIST 305)

SWMS 304xm Italian Renaissance Art: Old Masters and
Old Mistresses
Units: 4 (Enroll in AHIS 304)

SWMS 305 Childhood, Birth and Reproduction
Units: 4 (Enroll in ANTH 305)

SWMS 306 Introduction to LGBTQ Studies
Units: 4 Terms Offered: FaSp Interdisciplinary analysis of
LGBTQ issues; examination of the intersections of gender
and sexuality with social class, race, religion, and nationality.
Instruction Mode: Lecture Grading Option: Letter

SWMS 307 Women in Medieval Europe, c. 1000–1500
Units: 4 Terms Offered: Other (Enroll in HIST 307)

SWMS 310 Gender and Social Justice
Units: 4 Terms Offered: FaSp Exploration of the ways in
which developments and policies, including neoliberalism,
the carceral state, and economic precarity, are connected
and gendered. Instruction Mode: Lecture Grading Option: Letter

SWMS 311 Gender Studies and the Community:
Internship
Units: 4 Terms Offered: FaSpSm A combination of
internships in the community and an intensive seminar on the
relationship of the students in the academic community with
the larger urban community of which it is a part. Instruction
Mode: Lecture Grading Option: Letter

SWMS 316 Gender and Global Issues
Units: 4 (Enroll in IR 316)

SWMS 320 Male and Female in Pacific Society
Units: 4 (Enroll in ANTH 320)

SWMS 321 Gender and Judaism
Units: 4 (Enroll in JS 321)

SWMS 324 Women in Medieval and Renaissance Europe
Units: 4 (Enroll in COLT 324)

SWMS 330m Culture, Gender and Politics in South Asia
Units: 4 (Enroll in ANTH 330)

SWMS 335 Gender, Religion, and Sexuality
Units: 4 (Enroll in REL 335)

SWMS 336 Health, Gender and Ethnicity
Units: 4 Terms Offered: Sp Cross-cultural notions of the
body, health, and healing; historic and cultural variability of
ideas of reproduction, birth, sexuality, mental illness, and
disability. Instruction Mode: Lecture Grading Option: Letter
Crosslisted as ANTH-336

SWMS 345 Men and Women in United States History
from the 1920s to the Present
Units: 4 Terms Offered: Other (Enroll in HIST 345)

SWMS 347 Race, Gender and Power in Francophone
Literature
Units: 4 (Enroll in FREN 347)

SWMS 349 Women and the Law
Units: 4 Terms Offered: Fa Discussion of the relationship
between women and the law in light of feminist jurisprudence, U.S. Supreme Court decisions, and cross-
cultural perspectives. Instruction Mode: Lecture Grading
Option: Letter Crosslisted as POSC-349

SWMS 355 Transgender Studies
Units: 4 Terms Offered: Sp Analysis of transgender
behaviors, from androgyny and transvestism to transexuality.
Discussion of changing laws, representations, medical
standards, and social attitudes towards transgender and
intersex people. Instruction Mode: Lecture Grading Option:
Letter

SWMS 358 U.S. Gay and Lesbian History
Units: 4 Terms Offered: Sp Exploration of shifting social
organization and cultural meanings of same-sex desire and
cross-gender behaviors in the U.S., primarily during the 20th
century. Instruction Mode: Lecture Grading Option: Letter
Crosslisted as HIST-358

1455

SWMS 455m Gender and Sport  
Units: 4 Sport as an institutional locus for construction of gender relations; lives of female and male athletes; issues of sexuality, violence, racism, spectatorship, and media.  
Instruction Mode: Lecture Grading Option: Letter  
Crosslisted as SOCI-455

SWMS 456 Women in International Development  
Units: 4 (Enroll in POSC 456)

SWMS 457 Gender in Media Industries and Products  
Units: 4 (Enroll in COMM 465)

SWMS 465 Gender and the News Media  
Units: 4 (Enroll in JOUR 465)

SWMS 467 Women in English Literature before 1800  
Units: 4 (Enroll in ENGL 469)

SWMS 468 Women in English and American Literature after 1800  
Units: 4 (Enroll in ENGL 470)

SWMS 476m Images of Women in Contemporary Culture  
Units: 4 (Enroll in ENGL 478)

SWMS 478m Sexual/Textual Diversity  
Units: 4 (Enroll in ENGL 478)

SWMS 490 Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm  
Independent research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

SWMS 492 Honors Thesis  
Units: 4 Terms Offered: Sp  
Writing of the honors thesis; for students in the Gender Studies Honors Program. Recommended Preparation: SWMS 410. Instruction Mode: Lecture Grading Option: Letter

SWMS 499 Special Topics  
Units: 2, 3, 4 Max Units: 8.0 Study of a selected problem, period, or theme through interdisciplinary approaches. Instruction Mode: Lecture Grading Option: Letter

SWMS 504 Theories of Race, Class, and Gender  
Units: 4 (Enroll in ENGL 504)

SWMS 505 Seminar in Feminist Theory and Art History  
Units: 4 Max Units: max 8 (Enroll in AHIS 505)

SWMS 507 Gender and International Relations  
Units: 4 Terms Offered: Irregular (Enroll in IR 507)

SWMS 508 Ethics of Liberation Theology  
Units: 4 (Enroll in REL 508)

SWMS 509 Culture, Gender, and Global Society  
Units: 4 (Enroll in IR 509)

SWMS 516 Seminar: Feminist Theory and Communication  
Units: 4, 2 years Terms Offered: Sp (Enroll in COMM 516)

SWMS 544 Feminist Theory for Historians  
Units: 4 Terms Offered: Fa (Enroll in HIST 544)

SWMS 546 Comparative History of Women and Gender in the West to 1800  
Units: 4 Terms Offered: Fa (Enroll in HIST 546)

SWMS 550 Gender and Education in the Third World  
Units: 3 (Enroll in EDPA 550)

SWMS 551 Studies in the History of Women, Gender and Sexuality  
Units: 4 Max Units: max 8 (Enroll in HIST 550)

SWMS 553 Race, Gender and Sexuality  
Units: 4 (Enroll in AMST 553)

SWMS 554 Women in Global Perspective  
Units: 4 Women and immigration, employment, and household and family relations in the context of the global economy; women's social and political movements in diverse cultural contexts. Instruction Mode: Lecture Grading Option: Letter  
Crosslisted as ANTH-554, POSC-554, SOCI-554

SWMS 556 Seminar on Women and the Family in China  
Units: 4 (Enroll in EALC 556)

SWMS 560 Feminist Theory  
Units: 4 Terms Offered: FaSpSm  
History of feminist theory and major perspectives of current feminist theory: liberal feminism, socialist/Marxist feminism, radical feminism, psychological feminism, spiritual feminism, and ecological feminism. Instruction Mode: Lecture Grading Option: Letter  
Crosslisted as EDHP-560, POSC-560, SOCI-560

SWMS 577 Therapy, Gender, and Ethnicity  
Units: 3 (Enroll in SOCI 577)

SWMS 588 Seminar in Gay, Lesbian, Bisexual and Transgender Studies  
Units: 4 Interdisciplinary crosscultural, historical, psychological, sociological, and contemporary political perspectives on female and male homosexual eroticism, and the emergence of gay, lesbian, bisexual, and transgender identities. Instruction Mode: Lecture Grading Option: Letter

SWMS 590 Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm  
Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SWMS 593 Practicum in Teaching Gender Studies  
Units: 2 Terms Offered: Fa  
Basic principles of gender studies pedagogy, emphasizing practical applications and the importance of career-long skill development. Required for first-semester teaching assistants in gender studies. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

SWMS 599 Special Topics  
Units: 2, 3, 4 Max Units: 8.0 Seminar in selected topics relating to gender and feminism. Instruction Mode: Lecture Grading Option: Letter

SWMS 621 Gender Discrimination  
Units: 1, 2, 3, 4 Terms Offered: FaSp (Enroll in LAW 621)

</table>
THTR 196g Shakespeare on Film
Units: 4 Introduction to the formalized plays of William Shakespeare as texts for performance through reading, viewing and analysis of selected plays in textual and film versions. Instruction Mode: Lecture Grading Option: Letter

THTR 197g Comedy and Performance
Units: 4 Comedy and Performance traces the history of comedy in performance from its earliest incarnations to the present day. Instruction Mode: Lecture Grading Option: Letter

THTR 201 Introduction to the Theatre
Units: 4 Terms Offered: Sp Gateway to the majors and minors in theatre. Introduction to and exploration of the creative elements of theatre art: playwriting, acting, directing, and design of scenery, lighting, and costume. Research on a selected area. Duplicates Credit in former THTR 100. Instruction Mode: Lecture Grading Option: Letter

THTR 210 Theory and Practice of World Theatre I
Units: 4 Terms Offered: Fa A multicultural and transnational examination of the history, theory and practice of theatre from its origins to the age of Shakespeare and Zeami. Recommended Preparation: THTR 125. Instruction Mode: Lecture, Discussion Grading Option: Letter

THTR 211g Theory and Practice of World Theatre II
Units: 4 Terms Offered: Sp A multicultural and transnational examination of the history, theory and practice of theatre from the Renaissance to the 19th Century. Recommended Preparation: THTR 125. Duplicates Credit in former THTR 311. Instruction Mode: Lecture, Discussion Grading Option: Letter

THTR 212 Theory and Practice of World Theatre III
Units: 4 Terms Offered: Sp A multicultural and transnational examination of the history, theory and practice of theatre from the late 19th century to the present date. Recommended Preparation: THTR 125. Instruction Mode: Lecture, Discussion Grading Option: Letter

THTR 215a Movement II
Units: 2 Terms Offered: Fa Training of the actor's body with focus on development of precision and strength. Prerequisite: THTR 115; Corequisite: THTR 220a, THTR 240a. Instruction Mode: Lecture Grading Option: Letter

THTR 215b Movement II
Units: 2 Terms Offered: Sp Training of the actor's body with focus on mask work for the development of precision, strength and expressiveness. Prerequisite: THTR 215a; Corequisite: THTR 220b, THTR 240b. Instruction Mode: Lecture Grading Option: Letter

THTR 216 Movement for Actors
Units: 2 Terms Offered: Fa/Sp Training and practice in the coordination of the physical apparatus of the actor utilizing various movement techniques through improvisation. Instruction Mode: Lecture Grading Option: Letter

THTR 220a Intermediate Acting I
Units: 2 Terms Offered: Fa/Sp Continuing development of imagination leading to an increased range of dramatic expression through the formalized text of William Shakespeare. Prerequisite: THTR 120b. Instruction Mode: Lecture Grading Option: Letter

THTR 220b Intermediate Acting I
Units: 2 Terms Offered: Fa/Sp Continuing development of imagination leading to an increased range of dramatic expression through the formalized text of William Shakespeare. Prerequisite: THTR 120b. Instruction Mode: Lecture Grading Option: Letter

THTR 222 Stage Make-up
Units: 2 Terms Offered: Fa/Sp Principles of stage make-up materials and skills allowing the actors to enhance their features and techniques for moderate and extreme aging, injuries, and character roles. Instruction Mode: Lecture Grading Option: Letter

THTR 230 Communicating Theatrical Design Concepts
Units: 3 Terms Offered: Fa/Sp The visualization and communication of design ideas through free-hand and mechanical drawing, including orthographics, isometrics, perspective, shades and shadows, plans, sections and elevations. Instruction Mode: Lecture Grading Option: Letter

THTR 231a Costume Construction
Units: 3 Terms Offered: Fa/Sp Historical survey, theory and practice in construction of costume, emphasis on period and style. Recommended Preparation: THTR 125, THTR 201. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 231b Costume Construction
Units: 3 Terms Offered: Fa/Sp Historical survey, theory and practice in construction of costume, emphasis on period and style. Recommended Preparation: THTR 125, THTR 201. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 232 Stage Lighting
Units: 3 Terms Offered: Fa/Sp Theory and practice of theatrical lighting design including electricity, radiant energy, refraction, reflection, absorption, chromatic variation, and electronic controls. Prerequisite: THTR 131. Instruction Mode: Lecture Grading Option: Letter

THTR 236 Stage Sound
Units: 2 Terms Offered: Fa/Sp Basic audio engineering science, how sound is measured, basic transducers and signal flow. Operation of recording and playback equipment used in theatrical sound design/mixing. Instruction Mode: Lecture Grading Option: Letter

THTR 240a Voice II
Units: 2 Terms Offered: Fa/Sp Development of the voice using material which explores the techniques of Shakespeare and his contemporaries. Prerequisite: THTR 140b; Corequisite: THTR 215a, THTR 220a. Instruction Mode: Lecture Grading Option: Letter

THTR 240b Voice II
Units: 2 Terms Offered: Fa/Sp Development of the voice using material which explores the techniques of Shakespeare and his contemporaries. Prerequisite: THTR 140b; Corequisite: THTR 215b, THTR 220b. Instruction Mode: Lecture Grading Option: Letter

THTR 241 Methods and Materials
Units: 2 Terms Offered: Fa/Sp Cutting-edge and traditional methods and materials that enhance both the planning stages and realization of the theatrical design. Instruction Mode: Lecture Grading Option: Letter

THTR 252a Intermediate Acting I
Units: 2 Terms Offered: FaSp Polishing the actor's skills through analysis and class performance of scenes from plays. Instruction Mode: Lecture Grading Option: Letter

**THTR 252b Intermediate Acting I**
Units: 2 Terms Offered: FaSp Continuation of THTR 252a. Instruction Mode: Lecture Grading Option: Letter

**THTR 295 Theatre in America**
Units: 2 Terms Offered: FaSp Current state of American theatre, through a study of acting, playwriting, criticism, stage design, lighting, and dramatic styles. Instruction Mode: Lecture Grading Option: Letter

**THTR 300 Introduction to Modern Drama**
Units: 4 Terms Offered: Fa An investigation of the ideas, forms, genres, and thematic concerns of modern drama. Equal emphasis is placed on the plays and their historical contexts. Duplicates Credit in former THTR 200. Instruction Mode: Lecture Grading Option: Letter

**THTR 301 Greek and Roman Theatre**
Units: 4 Terms Offered: Fa Examines the function of theatre, production and acting conventions, and the drama of classical Greece and Rome. Recommended Preparation: THTR 125, THTR 201. Duplicates Credit in former THTR 213. Instruction Mode: Lecture Grading Option: Letter

**THTR 302 Shakespeare in His World**
Units: 4 Terms Offered: Sp The plays and theatre of Shakespeare, the influences on his work and his contemporary world. Recommended Preparation: THTR 201, THTR 210, THTR 211. Duplicates Credit in former THTR 214. Instruction Mode: Lecture Grading Option: Letter

**THTR 305a Directing**
Units: 4 Terms Offered: FaSp Examination of basic directorial principles. Pre-production analysis and rehearsal procedures; relationship of the director to actor; integration of technical aspects of production. Instruction Mode: Lecture Grading Option: Letter

**THTR 305b Directing**
Units: 4 Terms Offered: FaSp Examination of basic directorial principles. Pre-production analysis and rehearsal procedures; relationship of the director to actor; integration of technical aspects of production. Prerequisite: THTR 305a before b. Instruction Mode: Lecture Grading Option: Letter

**THTR 313 Comedy of Manners**
Units: 4 Terms Offered: Fa Study of the development of Comedy of Manners, with primary focus on Restoration Comedy of Manners. Recommended Preparation: THTR 201, THTR 210, THTR 211. Instruction Mode: Lecture Grading Option: Letter

**THTR 314 Advanced Topics in Modern Drama**
Units: 4 Terms Offered: Sp 20th century realism and the avant-garde. Recommended Preparation: THTR 201, THTR 210, THTR 211. Instruction Mode: Lecture Grading Option: Letter

**THTR 315a Physical Theatre I**
Units: 2 Terms Offered: FaSp Actor training anchored by rigorous physical movements. Activities include comedy, clowning, juggling, and mask work. Instruction Mode: Lecture Grading Option: Letter

**THTR 315b Physical Theatre I**
Units: 2 Terms Offered: FaSp Actor training anchored by rigorous physical movements. Activities include comedy, clowning, juggling, and mask work. Instruction Mode: Lecture Grading Option: Letter

**THTR 316 Advanced Movement for Actors**
Units: 2 Terms Offered: FaSp Advanced physical training for the B.A. actor utilizing various movement techniques through improvisation. Prerequisite: THTR 216. Instruction Mode: Lecture Grading Option: Letter

**THTR 320a Intermediate Acting II**
Units: 2 Terms Offered: FaSp Further development of range and breadth of performance skills with emphasis on texts of heightened language and style. Corequisite: THTR 315a, THTR 340a. Instruction Mode: Lecture Grading Option: Letter

**THTR 320b Intermediate Acting II**
Units: 2 Terms Offered: FaSp Further development of range and breadth of performance skills with emphasis on texts of heightened language and style. Corequisite: THTR 315b, THTR 340b. Instruction Mode: Lecture Grading Option: Letter

**THTR 322 Improv 2: Unscripted Scene Study**
Units: 2 Terms Offered: FaSp An in depth study of improvised scene work. An exploration of the primary tools and structure for creating improvised scenes for stage and screen. Prerequisite: THTR 101 or THTR 122 Registration Restriction: NA Instruction Mode: Lecture Grading Option: Letter

**THTR 330 Scene Design I**
Units: 4 Terms Offered: Fa Historical styles, methods, and dramatic analysis for scene design as applied in contemporary practice. Recommended Preparation: THTR 130. Instruction Mode: Lecture Grading Option: Letter

**THTR 331 Costume Design I**
Units: 4 Terms Offered: Sp Historical styles, methods, and dramatic analysis in costume design as applied in contemporary practice. Execution of costume designs for assigned works. Recommended Preparation: THTR 231a, THTR 231b. Instruction Mode: Lecture, Lab Grading Option: Letter

**THTR 332 Lighting Design I**
Units: 4 Terms Offered: FaSp Historical styles, methods, and dramatic analysis in lighting design as applied in contemporary practice. Instruction Mode: Lecture Grading Option: Letter

**THTR 333 Stage Management I**
Units: 3 Terms Offered: Fa Basic skills, including assembly of prompt book, blocking notation, and organizational and communication procedures applied in theatre production. Instruction Mode: Lecture Grading Option: Letter

**THTR 335 Scenic Construction**
Units: 3 Terms Offered: FaSp Technology, organization, and operation of the theatrical scene shop centered around the proper and safe use of tools, the choosing of materials, and methods of construction. Duplicates Credit in former THTR 131. Instruction Mode: Lecture, Lab Grading Option: Letter

**THTR 336 Introduction to Sound Design**

Units: 3 Terms Offered: FaSp The art and techniques of theatrical sound design. The use of music and ambient sound in theatrical presentations. Design elements as metaphor. Instruction Mode: Lecture Grading Option: Letter

THTR 340a Intermediate Voice
Units: 2 Terms Offered: FaSp Extended development of vocal freedom and range, acquisition of articulate speech. Enhancement of vocal power and resonance, techniques for performing with a dialect. Concurrent Enrollment: Concurrent enrollment: THTR 315a, THTR 315b, THTR 320a, THTR 320b. Instruction Mode: Lecture Grading Option: Letter

THTR 340b Intermediate Voice
Units: 2 Terms Offered: FaSp Extended development of vocal freedom and range, acquisition of articulate speech. Enhancement of vocal power and resonance, techniques for performing with a dialect. Concurrent Enrollment: THTR 315a, THTR 315b, THTR 320a, THTR 320b. Instruction Mode: Lecture Grading Option: Letter

THTR 341x Voice for the Non-Theatre Major
Units: 2 Terms Offered: Fa Designed for the non-theatre major focusing on the range, color, texture, and projection of the human voice in a variety of situations. Not available for credit to theatre majors. Instruction Mode: Lecture Grading Option: Letter

THTR 342a Basic Voice
Units: 2 Terms Offered: FaSp Examination of the individual voice centering on resonance, tone, flexibility, and support through dramatic selections for transmitting meaning and emotion of character. Instruction Mode: Lecture Grading Option: Letter

THTR 342b Basic Voice
Units: 2 Terms Offered: FaSp Continuation of THTR 342a. Instruction Mode: Lecture Grading Option: Letter

THTR 343 Musical Theatre Audition
Units: 3 Terms Offered: FaSp Sm Designed to give students confidence and integrity for auditions in musical theatre. Choosing appropriate material and preparation for the audition and performance. Audition required. Instruction Mode: Lecture Grading Option: Letter

THTR 352a Intermediate Acting II
Units: 2 Terms Offered: FaSp Building and sustaining character in drama. Prerequisite: THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 352b Intermediate Acting II
Units: 2 Terms Offered: FaSp Continuation of world drama. Class performance and critique. Prerequisite: THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 354 Acting Shakespeare
Units: 2 Terms Offered: FaSp Basic approach to the acting and analysis of the highly formalized texts of William Shakespeare. Prerequisite: THTR 101; Recommended Preparation: THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 365 Playwriting I
Units: 4 Terms Offered: FaSp Essential elements of playwriting through weekly assignments, students' initiative, occasional productions of scenes, and extensive classroom analysis. Instruction Mode: Lecture Grading Option: Letter

THTR 366 Playwriting II
Units: 4 Terms Offered: FaSp Continuation of the work begun in THTR 365. Prerequisite: THTR 365. Instruction Mode: Lecture Grading Option: Letter

THTR 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: FaSp Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

THTR 395m Drama as Human Relations
Units: 4 A focus on American ethnic and multicultural diversity from the perspectives of gender, race, and myth as revealed in plays, film, and other performance media. Instruction Mode: Lecture Grading Option: Letter

THTR 396 God, Drama and Entertainment
Units: 4 Terms Offered: FaSp An exploration of money, power, sex and love in relation to secular and spiritual values represented by contemporary theatre media. Instruction Mode: Lecture Grading Option: Letter

THTR 397 Theatre Practicum
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSp Sm Substantive participation in productions sponsored by the school and supervised by the faculty. Instruction Mode: Lecture Grading Option: Letter

THTR 403 The Performing Arts
Units: 4 Terms Offered: FaSp An interdisciplinary inquiry into the aesthetics of the performing arts. Examines a dramatic classic and its adaptation into musical theatre, opera, ballet, and film. Duplicates Credit in the former THTR 303. Instruction Mode: Lecture Grading Option: Letter

THTR 404 Acting Theory
Units: 4 Terms Offered: FaSp Examination of the theoretical foundations of acting as an art form through the reading of primary historical texts. Instruction Mode: Lecture Grading Option: Letter

THTR 405m Performing Identities
Units: 4 Terms Offered: FaSp This course explores the live performance medium as a creative means of social redress and personal expression. Duplicates Credit in the former THTR 393m. Instruction Mode: Lecture Grading Option: Letter

THTR 406 Theatre on the Edge
Units: 4 Terms Offered: FaSp An exploration of the art of theatre at the edge of possibilities. Instruction Mode: Lecture Grading Option: Letter

THTR 407a Drawing and Rendering for the Theatre
Units: 2 Terms Offered: FaSp Drawing and rendering techniques appropriate for theatre designers. Drawing and drawing theory. Duplicates Credit in former FA 407ab. Instruction Mode: Lecture Grading Option: Letter

THTR 407b Drawing and Rendering for the Theatre
Units: 2 Terms Offered: FaSp Drawing and rendering techniques appropriate for theatre designers. Drawing and rendering. Duplicates Credit in former FA 407ab. Instruction Mode: Lecture Grading Option: Letter
THTR 408a Dialects
Units: 2 Terms Offered: FaSpSm  The study of standard American stage dialect using the international phonetic alphabet. Instruction Mode: Lecture Grading Option: Letter

THTR 408b Dialects
Units: 2 Terms Offered: FaSpSm  The study of accents and regional dialects. Prerequisite: THTR 408a. Instruction Mode: Lecture Grading Option: Letter

THTR 415a Physical Theatre II
Units: 2 Terms Offered: FaSp  Advanced Physical Acting focusing on principles of verbal/non-verbal improvisation and communication. Elements of textual analysis, including development of character mask and of the ensemble. Prerequisite: THTR 315b. Instruction Mode: Lecture Grading Option: Letter

THTR 415b Physical Theatre II
Units: 2 Terms Offered: FaSp  Advanced Physical Acting focusing on principles of verbal/non-verbal improvisation and communication. Elements of textual analysis, including development of character mask and of the ensemble. Prerequisite: THTR 315b. Instruction Mode: Lecture Grading Option: Letter

THTR 417 Stage Combat
Units: 2 Terms Offered: FaSp  Introduction to safe and effective portrayals of violence for the stage. Training and practice of unarmed stage combat skills. Recommended Preparation: THTR 216. Instruction Mode: Lecture Grading Option: Letter

THTR 419 Alexander Technique for Performers
Units: 2 Terms Offered: FaSp  Training and practice in the work of F.M. Alexander. A clear and systematic look into the underlying principles that govern human movement. Instruction Mode: Lecture Grading Option: Letter

THTR 420a Advanced Acting
Units: 2 Terms Offered: FaSp  Contemporary material from plays and screenplays with an emphasis on individual challenges and problems. Prerequisite: THTR 320b; Corequisite: THTR 415a, THTR 440a. Instruction Mode: Lecture Grading Option: Letter

THTR 420b Advanced Acting
Units: 2 Terms Offered: FaSp  Contemporary material from plays and screenplays with an emphasis on individual challenges and problems. Prerequisite: THTR 320b; Corequisite: THTR 415b, THTR 440b. Instruction Mode: Lecture Grading Option: Letter

THTR 421 Public Speaking as Performance: A Course for Non-Actors
Units: 2 Terms Offered: FaSpSm  Public speaking approached as performance, using acting techniques to communicate with confidence, clarity and charisma. Instruction Mode: Lecture Grading Option: Letter

THTR 422 Improv 3: Long Form Improvisation
Units: 2 Terms Offered: FaSp  Emphasis on Full Length Improvised Performances including the styles of various playwrights, genres of films, "the Harold," improvised plays and musicals. Building on the groundwork of THTR 122 Improvisation and Theatre Games and THTR 322 Improv 2, students apply the techniques to long form unscripted performances. Prerequisite: THTR 122 and THTR 322  Recommended Preparation: THTR 101 and THTR 483 and THTR 470  Not for Major Credit Not for Degree Credit Instruction Mode: Lecture Grading Option: Letter

THTR 423 Magic
Units: 2 Terms Offered: FaSp  The dramatic art of making an audience believe something is impossible. The history and performance of magic including illusion, mentalism, vanishing, coin and card tricks. Instruction Mode: Lecture Grading Option: Letter

THTR 430 Stage Management II
Units: 3 Terms Offered:  Sp  Application of stage management procedures required in the professional theatre. Prerequisite: THTR 333. Instruction Mode: Lecture Grading Option: Letter

THTR 431 Seminar in Theatre Design
Units: 2 Terms Offered: FaSp  Research into the application of contemporary topics relevant to theatrical design within the diverse cultural environment of the greater Los Angeles area. Instruction Mode: Lecture Grading Option: Letter

THTR 432a Scene Design II
Units: 3 Terms Offered: FaSp  Continuation of THTR 330. Evolution of scene design through analysis of script, environmental factors, and styles. Prerequisite: THTR 330. Instruction Mode: Lecture Grading Option: Letter

THTR 432b Scene Design II
Units: 3 Terms Offered: FaSp  Continuation of THTR 330. Evolution of scene design through analysis of script, environmental factors, and styles. Prerequisite: THTR 330. Instruction Mode: Lecture Grading Option: Letter

THTR 433a Costume Design II
Units: 3 Terms Offered: FaSp  Evolution of costume design through analysis of script, environmental factors, and styles. Prerequisite: THTR 331. Instruction Mode: Lecture Grading Option: Letter

THTR 433b Costume Design II
Units: 3 Terms Offered: FaSp  Evolution of costume design through analysis of script, environmental factors, and styles. Prerequisite: THTR 331. Instruction Mode: Lecture Grading Option: Letter

THTR 434a Lighting Design II
Units: 3 Terms Offered: FaSp  Continuation of THTR 332. Evolution of lighting design through analysis of script, environmental factors, and styles. Prerequisite: THTR 332. Instruction Mode: Lecture Grading Option: Letter

THTR 434b Lighting Design II
Units: 3 Terms Offered: FaSp  Continuation of THTR 332. Evolution of lighting design through analysis of script, environmental factors, and styles. Prerequisite: THTR 332. Instruction Mode: Lecture Grading Option: Letter

THTR 435 Advanced Theatrical Drafting
Units: 3 Drafting style and complex graphic communication. Emphasis on creating professional plates, developing an individual style and graphic problem solving. Instruction Mode: Lecture Grading Option: Letter

THTR 436 Sound for Theatre
Units: 3 Terms Offered: Fa  Introduction to electronic sound and sound reinforcement, including basic equipment, recording, editing, and show operation Prerequisite: THTR
THTR 437 Scene Painting
Units: 3 Terms Offered: Sp Techniques, materials, and equipment of the scenic artist, including both historic and modern methods. Recommended Preparation: paint and drawing experience. Instruction Mode: Lecture Grading Option: Letter

THTR 438 Technical Theatre
Units: 3 Terms Offered: Sp Theory and practice of technical theatre. Emphasis is on technical problem solving and graphic solutions to technical theatre. Prerequisite: THTR 230. Instruction Mode: Lecture Grading Option: Letter

THTR 439 Stage Properties
Units: 3 Terms Offered: Sp Organization, management, and construction of properties for the theatre. Instruction Mode: Lecture Grading Option: Letter

THTR 440a Advanced Voice
Units: 2 Terms Offered: FaSp Continuation of exercises related to the individual student for the stage. Prerequisite: THTR 340a, THTR 340b. Instruction Mode: Lecture Grading Option: Letter

THTR 440b Advanced Voice
Units: 2 Terms Offered: FaSp Continuation of exercises related to the individual student for the stage. Prerequisite: THTR 340a, THTR 340b. Instruction Mode: Lecture Grading Option: Letter

THTR 441 Advanced Sound Design
Units: 3 Terms Offered: Sp Advanced exploration of theatrical sound design theory and related technology; creative uses of music, sound effects, and audio equipment in modern theatres. Prerequisite: THTR 436. Instruction Mode: Lecture Grading Option: Letter

THTR 442 Voice-over Acting
Units: 2 Terms Offered: FaSp Acting techniques, recording studio technology and editing for the field of voice acting and voice-overs. Prerequisite: THTR 342b or THTR 408a. Instruction Mode: Lecture Grading Option: Letter

THTR 443 Production Management
Units: 4 The context and scope of work done by a Theatrical Production Manager. Students will learn about different types of theatrical organizations and how they are structured. Prerequisite: THTR 333; Recommended Preparation: two units of THTR 397. Instruction Mode: Lecture Grading Option: Letter

THTR 444 Applied Voice: Speech and Text
Units: 3 Terms Offered: Fa Intensive study of speech and voice regarding text, context, environment, dynamics, range, and accent. Recommended Preparation: THTR 342a, THTR 342b. Instruction Mode: Lecture Grading Option: Letter

THTR 445 Developing Your Speaking Voice
Units: 2 Terms Offered: FaSpSm Designed to expand the uniqueness of one's own voice in the areas of pitch, power, clarity, and warmth. Instruction Mode: Lecture Grading Option: Letter

THTR 450 Acting on Camera for Network and Cable TV
Units: 4 Terms Offered: Sp Practical application of acting before a camera working on television scenes, both network and cable, directed by School of Cinematic Arts BFA student directors, supervised by both Cinematic Arts and Dramatic Arts Faculty. Prerequisite: THTR 320b or THTR 352a Registration Restriction: Open only to seniors Instruction Mode: Lecture Grading Option: Letter

THTR 452a Advanced Acting
Units: 4 Terms Offered: FaSp Intensive investigation and performance of audition techniques. Scene study skills developed, including cold readings, first readings, rehearsal procedure, performance process, camera/taping. Prerequisite: THTR 352b. Instruction Mode: Lecture Grading Option: Letter

THTR 452b Advanced Acting
Units: 4 Terms Offered: FaSp Intensive investigation and performance of audition techniques. Scene study skills developed, including cold readings, first readings, rehearsal procedure, performance process, camera/taping. Prerequisite: THTR 352b. Instruction Mode: Lecture Grading Option: Letter

THTR 453 Taking it on the Road and Beyond
Units: 4 Terms Offered: Sp Specific instruction to prepare Stage Managers for the rigors and processes of Touring and Opera productions as well as other non-theatrical team-based collaborations in entertainment. Prerequisite: THTR 333 and THTR 430; Recommended Preparation: 2 units of THTR 397. Instruction Mode: Lecture Grading Option: Letter

THTR 454 Acting Shakespeare II
Units: 2 Terms Offered: FaSp A continuation and deeper investigation of the analysis and performance of the highly formalized texts of William Shakespeare. Prerequisite: THTR 354. Instruction Mode: Lecture Grading Option: Letter

THTR 458 Visiting Artist Workshop
Units: 2 Max Units: 4.0 Terms Offered: FaSp A workshop course taught by the visiting artist holding the George Burns chair. Course topics will be determined by the instructor. Instruction Mode: Lecture Grading Option: Letter

THTR 459 Songwriting for the Musical Theatre
Units: 2 Terms Offered: FaSp Structure, character and intention in songwriting for the musical theatre. Writing for the voice and examination of how form follows content. Portfolio submission required. Instruction Mode: Lecture Grading Option: Letter

THTR 465 Playwriting III
Units: 4 Analysis of a full-length play or its equivalent with continued production opportunity. Prerequisite: THTR 366. Instruction Mode: Lecture Grading Option: Letter

THTR 466 Playwriting IV
Units: 4 Continuation of the work begun in THTR 465. Prerequisite: THTR 465. Instruction Mode: Lecture Grading Option: Letter

THTR 467 Going Viral: Performance for New Media
Units: 3 Terms Offered: FaSp A writing and performance course (partially online) for new media. Students will learn to create original short form and web series content for new media including YouTube, Funny or Die, Vine, Periscope and other Internet platforms. Instruction Mode: Lecture Grading Option: Letter

THTR 468 Theatre in Education
Units: 4 Terms Offered: Sp  Exploration of the theory and practice of theatre arts in the learning environment. Design and implement projects to support elementary and secondary education. Recommended Preparation: THTR 201, EDUC 200. Instruction Mode: Lecture Grading Option: Letter

THTR 469 Satire and Parody in Performance
Units: 2 Terms Offered: FaSp  A survey of the history and implementation of American satire and parody in performance from Mark Twain to Jon Stewart and beyond. Building on the past, students will learn the structures and techniques for parodying and satirizing the contemporary world through writing and performance. Instruction Mode: Lecture Grading Option: Letter

THTR 470 Sketch Comedy for Theatre
Units: 2  A writing-performance workshop in which the students create, rehearse, and perform original sketch comedy material. Instruction Mode: Lecture Grading Option: Letter

THTR 471 Senior Showcase
Units: 2  Designed to provide the graduating students with an opportunity to select, prepare and perform for agents, directors and producers in film, television and theatre. Audition required. Instruction Mode: Lecture Grading Option: Letter

THTR 472 Professional Preparation for Actors
Units: 2 Terms Offered: FaSp  Introduction to the skills, knowledge, and promotional materials that will enable the student to manage an independent career in the performing arts. Recommended Preparation: THTR 101, THTR 252a, THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 473 Sketch Comedy in Performance
Units: 2 Terms Offered: Sp  A workshop in the techniques of performing humorous sketches, in collaboration with writers, directors, and technicians in the production of a live sketch comedy show. Recommended Preparation: THTR 101, THTR 122, THTR 470. Instruction Mode: Lecture Grading Option: Letter

THTR 474 Introduction to Stand Up Comedy
Units: 2  An introduction to the discipline of conceiving, writing, and creating original Stand Up Comedy routines. Instruction Mode: Lecture Grading Option: Letter

THTR 475 Acting on Camera: The Collaborative Process
Units: 4 Max Units: 8.0  Acting students will learn to develop on-camera acting skills and to collaborate with student directors and cinematographers from the School of Cinematic Arts. Recommended Preparation: 300-level acting course. Instruction Mode: Lecture Grading Option: Letter

THTR 476m mw African American Theatre, Dance, and Performance
Units: 4  A survey of African American theatre and cultural performance traditions as a reflection of both African American culture and American history. Instruction Mode: Lecture Grading Option: Letter

THTR 477 Theatre and Therapy
Units: 4 Terms Offered: Fa  Explores theatre as a healing art form. Techniques include games, improv, playback theatre, Boal's and Moreno's drama therapy, and Jungian dream theatre to name a few. Work with incarcerated youth, gay/lesbian/bi teens, elderly, disabled and other populations. Instruction Mode: Lecture Grading Option: Letter

THTR 478a Theatre for Youth
Units: 2  Theory and practice of youth theatre, including development and rehearsal of mainstage productions. Emphasis on multicultural and bilingual pieces. Enroll by audition or interview only. Instruction Mode: Lecture Grading Option: Letter

THTR 478b Theatre for Youth
Units: 2  Continuation of a, bringing developed pieces into production for regional K−12. Instruction Mode: Lecture Grading Option: Letter

THTR 479 Solo Performance
Units: 4 Terms Offered: Fa  A writing-performance workshop in which students write, develop, and rehearse original, autobiographical and character monologues and perform them at the end of the semester. Instruction Mode: Lecture Grading Option: Letter

THTR 480a Performance for Camera
Units: 2 Terms Offered: FaSpSm  Structured to address the dynamics of acting in relation to film/television. Refining the students' understanding of the similarities/differences between acting on stage/film. Duplicates Credit in former THTR 480. Instruction Mode: Lecture Grading Option: Letter

THTR 480b Performance for Camera
Units: 2 Terms Offered: FaSpSm  Continued exploration of acting for film/television. Furthering the student's understanding of the similarities/differences between acting on stage/film. Instruction Mode: Lecture Grading Option: Letter

THTR 481 From The Border to Broadway
Units: 4 Terms Offered: Fa  An investigation of the role that Latina/o plays and performances have played in creating and documenting a contemporary American experience of the theatre. Instruction Mode: Lecture Grading Option: Letter

THTR 482 Stand Up 2: Honing Your Act
Units: 2 Terms Offered: FaSpSm  Enhancement and extension of the student's comedic set using new forms and structures to develop the student's comedic sensibility and content culminating with 15 minutes of original stand up comedy content. Prerequisite: THTR 474  Instruction Mode: Lecture Grading Option: Letter

THTR 483 Characters of Comedy
Units: 2 Terms Offered: FaSpSm  An in depth study of the performance of archetypal characters of comedy focused on the lineage from commedia to sit-com. Students will create original characters from archetypal forms and explore their relationships in classic and contemporary comedic performance. Instruction Mode: Lecture Grading Option: Letter

THTR 484 Acting in Television Commercials
Units: 2 Terms Offered: FaSm  An on-camera, workshop-style introduction to techniques, perspectives and theories unique to performing in television commercials. Recommended Preparation: a 300-level acting or voice class. Instruction Mode: Lecture Grading Option: Letter

THTR 485 Advanced Solo Performance
Units: 4 Terms Offered: Sp  An advanced writing and performance workshop. Students will write and rehearse an extended personal monologue to be presented at the end of
the semester. **Prerequisite:** THTR 479. Instruction Mode: Lecture Grading Option: Letter

**THTR 486 Creating Characters**
Units: 4 A writing workshop devoted to the creation of living, breathing characters, exploring a range of techniques designed to develop authenticity. Instruction Mode: Lecture Grading Option: Letter

**THTR 487 Promotion for the Performing Arts**
Units: 4 Terms Offered: Fa Introduction and overview of all aspects of marketing the arts including both non-profit and commercial organizations. Instruction Mode: Lecture Grading Option: Letter

**THTR 488 mw Theatre in the Community**
Units: 4 Terms Offered: Fa Research and actively develop the theory of theatre as a moving political, social, economic and spiritual force of change within the local community. Instruction Mode: Lecture Grading Option: Letter

**THTR 489 Theatre Internship**
Units: 2, 3, 4, 5, 6 Terms Offered: FaSpSm Practical experience in the entertainment industry. Instruction Mode: Lecture Grading Option: Letter

**THTR 490x Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

**THTR 491 Theatre Organization and Administration**
Units: 4 Terms Offered: Fa Badges, contracts, box-office procedures, public relations; personnel and executive policies of the school, community, and professional theatre. Instruction Mode: Lecture Grading Option: Letter

**THTR 492 Producing Theatre**
Units: 4 Terms Offered: Sp Analysis of all procedures involved in producing theatre (commercial or non-profit) including legal and business guidelines and contracts. **Prerequisite:** THTR 491. Instruction Mode: Lecture Grading Option: Letter

**THTR 493a Periods and Styles**
Units: 2 Terms Offered: FaSp A survey of the influence of historical and cultural events on the evaluation of theatrical styles. Classical to Jacobean. Instruction Mode: Lecture Grading Option: Letter

**THTR 493b Periods and Styles**
Units: 2 Terms Offered: FaSp A survey of the influence of historical and cultural events on the evaluation of theatrical styles. Restoration to 20th century. Instruction Mode: Lecture Grading Option: Letter

**THTR 494 Raising Money for the Arts**
Units: 4 Terms Offered: Sp Overview of fundraising techniques for non-profit theatre including grantsmanship, board development, direct mail soliciting, and money raising activities and events. Instruction Mode: Lecture Grading Option: Letter

**THTR 495 Experimental Theatre Workshop I**
Units: 4 Max Units: 8.0 Terms Offered: FaSp Guidance and direction in the production of new and experimental plays for a public audience. Instruction Mode: Lecture Grading Option: Letter

**THTR 496 Experimental Theatre Workshop II**
Units: 4 Max Units: 8.0 Terms Offered: FaSp Continuation of THTR 495. Enrollment by audition only. Instruction Mode: Lab Grading Option: Letter

**THTR 497 Advanced Theatre Practicum**
Units: 2 Max Units: 4.0 Terms Offered: FaSp Intensive participation in a production sponsored by the school and supervised by the faculty, to increase and develop artistic growth. **Prerequisite:** THTR 397. Instruction Mode: Lecture Grading Option: Letter

**THTR 498 Production Analysis and Performance**
Units: 4 Investigation and analysis of the work of a major dramatist and his milieu; production of one of his plays. Instruction Mode: Lecture Grading Option: Letter

**THTR 499 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Studies in selected areas of theatre art. Intensive practice in role and script interpretation and its psychological relationship to the audience. Instruction Mode: Lecture Grading Option: Letter

**THTR 500 Dramaturgical Perspectives and Approaches**
Units: 2 Max Units: 10.0 Investigates art and craft of dramatic writing initiated/completed in other MFA in Dramatic Writing courses or that was submitted as a sample for program entry. Instruction Mode: Lecture Grading Option: Letter

**THTR 501 Poetry and Prose into Drama**
Units: 4 Terms Offered: Sp Plays for the stage shall be written using public-domain poetry and prose as inspiration and source material, complemented with exploring poetry, prose, and varied dramas as context for the student writer. Students should be well-versed in literature, and have written in one or more genres. **Recommended Preparation:** reading poetry and novels. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENGL-563

**THTR 504 The Art of Collaboration and Ensemble**
Units: 2 Terms Offered: FaSp An investigation of the role that collaboration plays in making ensemble work. MFA Actors will collaborate with MFA Dramatic Writers in creating an ensemble company. Instruction Mode: Lecture Grading Option: Letter

**THTR 505 Staging Community-based Theatre**
Units: 3 Terms Offered: Sp Explores the theory and practice of staging community-based popular theatre, including Theatre of the Oppressed, street theatre, witness theatre, agit-prop and festival theatre events. Instruction Mode: Lecture Grading Option: Letter

**THTR 506 Advanced Creating Characters**
Units: 2 An advanced writing workshop that focuses on continuing development of the crafting of character, centering on depth, breadth, dimensionality, and authenticity. Instruction Mode: Lecture Grading Option: Letter

**THTR 510 Writing the Short Drama**
Units: 2 Terms Offered: FaSp The art and craft of dramatic writing. In particular exploring its dimensions with regard to character and story development in the ten minute play. Instruction Mode: Lecture Grading Option: Letter

**THTR 512 Studies in Dramatic Analysis**
Units: 2 Terms Offered: FaSp A skill-based workshop that uses a historical survey of theatre texts to develop critical
reading skills along two different tracks: Acting and
Dramatic Writing. Instruction Mode: Lecture Grading Option: Letter

THTR 513 Seminar in History of the Theatre
Units: 4 Bibliography, historical evolution, patterns, and
techniques of the theatre from primitive to modern times.
Instruction Mode: Lecture Grading Option: Letter

THTR 515a Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in
movement for the use of the body in relation to the stage.
Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 515b Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in
movement for the use of the body in relation to the stage.
Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 515c Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in
movement for the use of the body in relation to the stage.
Corequisite: THTR 500, THTR 540b, THTR 570, THTR 571.
Instruction Mode: Lecture Grading Option: Letter

THTR 515d Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in
movement for the use of the body in relation to the stage.
Corequisite: THTR 480, THTR 540c, THTR 555, THTR 575.
Instruction Mode: Lecture Grading Option: Letter

THTR 515e Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in
movement for the use of the body in relation to the stage.
Corequisite: THTR 520e, THTR 540f, THTR 597.
Instruction Mode: Lecture Grading Option: Letter

THTR 515f Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in
movement for the use of the body in relation to the stage.
Corequisite: THTR 520e, THTR 540f, THTR 597.
Instruction Mode: Lecture Grading Option: Letter

THTR 520a Advanced Acting
Units: 4 Terms Offered: FaSp Advanced training in acting
skills; emphasis upon individual needs. Instruction Mode:
Lecture Grading Option: Letter

THTR 520b Advanced Acting
Units: 4 Terms Offered: FaSp Advanced training in acting
skills; emphasis upon individual needs. Instruction Mode:
Lecture, Lab Grading Option: Letter

THTR 520c Advanced Acting
Units: 2 Terms Offered: FaSp Advanced training in acting
skills; emphasis upon individual needs. Instruction Mode:
Lecture Grading Option: Letter

THTR 520d Advanced Acting
Units: 4 Terms Offered: FaSp Advanced training in acting
skills; emphasis upon individual needs. Instruction Mode:
Lecture, Lab Grading Option: Letter

THTR 520e Advanced Acting
Units: 2 Terms Offered: FaSp Advanced training in acting
skills; emphasis upon individual needs. Corequisite: THTR 515f, THTR 540f, THTR 571.
Instruction Mode: Lecture Grading Option: Letter

THTR 521 Engaging Community Narratives
Units: 3 Terms Offered: Fa Provides training for actor/artists
who partner with non-actors in community-based theatre
projects. Instruction Mode: Lecture Grading Option: Letter

THTR 525 Seminar in Contemporary Theatre
Units: 4 Terms Offered: SpSm Analysis of trends, problems,
and the work of major figures in the contemporary theatre.
Instruction Mode: Lecture Grading Option: Letter

THTR 526 Seminar in Dramatic Literature
Units: 4 Study and analysis of world drama best representing
changes in philosophies, aesthetics, and tastes of audiences.
Instruction Mode: Lecture Grading Option: Letter

THTR 527 Writing the Pacific Rim: Global and Western
Dramatic Writing
Units: 4 Writing dramatically, utilizing the Pacific Rim and
the Western United States as cultural sites of knowledge and
as inspirations. Instruction Mode: Lecture Grading Option:
Letter

THTR 528 Seminar in Dramatic Analysis
Units: 4 Terms Offered: Fa Drama as a living art; reading,
analysis, and discussion of plays which best illustrate
principles of effective playwriting. Instruction Mode: Lecture
Grading Option: Letter

THTR 529a Textual Studies for Performance
Units: 4 Terms Offered: Fa Close textual reading of dramatic
texts as a fundamental tool for rehearsal and performance.
Instruction Mode: Lecture Grading Option: Letter

THTR 529b Textual Studies for Performance
Units: 4 Terms Offered: Sp Close textual reading of dramatic
texts as a fundamental tool for rehearsal and performance.
Instruction Mode: Lecture Grading Option: Letter

THTR 530 Seminar in Dramatic Criticism
Units: 4 Dramatic criticism from the classical Greek period to
the modern. Instruction Mode: Lecture Grading Option:
Letter

THTR 533 Seminar in the American Theatre
Units: 4, 2 years Terms Offered: SpSm History and literature
of the American theatre from its beginning to the present day.
Instruction Mode: Lecture Grading Option: Letter

THTR 535 Seminar in Aesthetics of the Theatre
Units: 4 Aesthetic theories which apply to the art of the
theatre; emphasis upon acting and play direction. Instruction
Mode: Lecture Grading Option: Letter

THTR 540a Advanced Voice Diction
Units: 2 Terms Offered: FaSp Advanced individual vocal
development and application to a variety of professional and
performance circumstances. Instruction Mode: Lecture
Grading Option: Letter

THTR 540b Advanced Voice Diction
Units: 2 Terms Offered: FaSp Advanced individual vocal
development and application to a variety of professional and
performance circumstances. Instruction Mode: Lecture
Grading Option: Letter

THTR 540c Advanced Voice Diction
Units: 2 Terms Offered: FaSp Advanced individual vocal
development and application to a variety of professional and
THTR 540d Advanced Voice Diction
Units: 2 Terms Offered: FaSp  Advanced individual vocal development and application to a variety of professional and performance circumstances. Instruction Mode: Lecture Grading Option: Letter

THTR 540e Advanced Voice Diction
Units: 2 Terms Offered: FaSp  Advanced individual vocal development and application to a variety of professional and performance circumstances. Corequisite: THTR 515f, THTR 575, THTR 480, THTR 555. Instruction Mode: Lecture Grading Option: Letter

THTR 540f Advanced Voice Diction
Units: 2 Terms Offered: FaSp  Advanced individual vocal development and application to a variety of professional and performance circumstances. Corequisite: THTR 515f, THTR 520e, THTR 571, THTR 597. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 541 Diction and Dialects
Units: 2 Terms Offered: Fa  Fundamentals of speech, diction, dialects and accents, including work in the International Phonetic Alphabet. Instruction Mode: Lecture Grading Option: Letter

THTR 542 Singing for Actors
Units: 2 An introduction to the various facets of singing in theatrical performance. Instruction Mode: Lecture Grading Option: Letter

THTR 544 Embodied Poetics
Units: 2 Terms Offered: Fa  Explores the relationship between vocal and physical expression and the spontaneity of human impulse within the community-based context. Instruction Mode: Lecture Grading Option: Letter

THTR 545 Visiting Artists Master Seminar
Units: 4 Terms Offered: Sp  A workshop taught by a master visiting artist, concentrating on his/her specific expertise in relation to dramatic writing. Course topics determined by the instructor. Recommended Preparation: reading or viewing the work of the visiting master artist. Instruction Mode: Lecture Grading Option: Letter

THTR 550a Seminar in Scene Design
Units: 3 Terms Offered: FaSp  Theory and practice of scene design; an intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

THTR 550b Seminar in Scene Design
Units: 3 Terms Offered: FaSp  Theory and practice of scene design; an intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

THTR 552a Seminar in Costume Design
Units: 3 Terms Offered: FaSp  Theory and practice of costume design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

THTR 552b Seminar in Costume Design
Units: 3 Terms Offered: FaSp  Theory and practice of costume design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

THTR 553a Seminar in Lighting Design
Units: 3 Terms Offered: FaSp  Theory and practice of lighting design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

THTR 553b Seminar in Lighting Design
Units: 3 Terms Offered: FaSp  Theory and practice of lighting design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

THTR 554 Visual and Spatial Relationship
Units: 2 Terms Offered: FaSp  The illustration and understanding of how space can be used to add emotional undertone, contextual information and strong staging ideas to a production. Instruction Mode: Lecture Grading Option: Letter

THTR 555 Directing Fundamentals
Units: 2 To provide the basic foundations for the conceptualization and execution of works for the stage. Instruction Mode: Lecture Grading Option: Letter

THTR 556a Directing
Units: 2 A seminar/workshop in developing and testing directorial skills: text, design, acting, producing, and communication with an audience. Prerequisite: THTR 555. Instruction Mode: Lecture Grading Option: Letter

THTR 556b Directing
Units: 2 A seminar/workshop in developing and testing directorial skills: text, design, acting, producing, and communication with an audience. Prerequisite: THTR 556a. Instruction Mode: Lecture Grading Option: Letter

THTR 558a Design for Directors
Units: 2 Basic elements of scenic, costume, props, lighting, sound, and make-up design, as they apply to the art of directing. Prerequisite: THTR 555.

THTR 558b Design for Directors
Units: 2 Basic elements of scenic, costume, props, lighting, sound, and make-up design, as they apply to the art of directing. Prerequisite: THTR 558a.

THTR 566 Dramatic Writing Studio
Units: 4 Max Units: 20.0 Investigates gestalt of the student dramatic writer's professional development from the empty page and writing fundamentals to the first-draft script, business affairs, and dramaturgical advancement. Instruction Mode: Lecture Grading Option: Letter

THTR 567a Studies in Playwriting
Units: 4 Extensive examination of playwriting, dramaturgical development process, and readings of work toward the completion of professionally promising plays. Instruction Mode: Lecture Grading Option: Letter

THTR 567b Studies in Playwriting
Units: 4 Continued extensive examination of playwriting, dramaturgy, development, and readings of work toward the completion of professionally promising plays. Instruction Mode: Lecture Grading Option: Letter
THTR 568 Popular Theatre for Education and Development
Units: 3 Terms Offered: Sp  Theory and practice of Theatre in Education and Theatre for Development as resources for conscientization and liberation of communities at the margins of power. Instruction Mode: Lecture Grading Option: Letter

THTR 570 Acting on Camera: The Collaborative Process
Units: 2 Study of acting methods and techniques for the camera, focusing on collaboration with directors in the realization of screenplays. Instruction Mode: Lecture Grading Option: Letter

THTR 571 Professional Seminar
Units: 2 Terms Offered: Sp  Introduction to the world of the professional actor. Instruction Mode: Lecture Grading Option: Letter

THTR 572 Global Dramatic Writing
Units: 4 Terms Offered: FaSp "Tour" of non-European and non-European American cultures with regard to their dramatic subject matter and traditions. Instruction Mode: Lecture Grading Option: Letter

THTR 574 Dramatic Writing Across Media for the Playwright
Units: 4 Terms Offered: FaSp  Intensive overview of career paths for playwrights in a wide array of media as they exist now, and as new opportunities arise. Instruction Mode: Lecture Grading Option: Letter

THTR 575 Creative Production Projects
Units: 6 Advanced creative projects for production with emphasis on theatre as a synthesis of the performing arts. Instruction Mode: Lecture Grading Option: Letter

THTR 576 Creative Process for Dramatic Writers
Units: 4 Terms Offered: Sp  An advanced writing workshop that focuses on critical and deep development of plays that are the centerpieces of student's thesis portfolios. Instruction Mode: Lecture Grading Option: Letter

THTR 577 Theatre and Therapy for Cultural Fieldwork
Units: 3 Terms Offered: Sp  Explores the theory and practice of theatre and therapy in the cultural fieldwork and community development settings. Recommended Preparation: THTR 587. Instruction Mode: Lecture Grading Option: Letter

THTR 578 Theatre of the Oppressed: Theory, Games, and Techniques
Units: 4 Terms Offered: FaSpSm  Basic theoretical foundations of game playing for populations at the margins of power. Recommended Preparation: THTR 521, THTR 544. Instruction Mode: Lecture Grading Option: Letter

THTR 579 Writing Culture
Units: 3 Terms Offered: FaSpSm  Borrows from anthropology, popular/community-based theatre, cultural studies, and literature to provide an array of methodologies and approaches to artistic collaboration across cultures and difference. Instruction Mode: Lecture Grading Option: Letter

THTR 586a Applied Theatre Arts: Los Angeles Residency
Units: 2 Terms Offered: FaSp  Academic and group process context for students' work in their chosen local internships to help students engage with communities as cultural fieldworkers. Instruction Mode: Lecture Grading Option: Letter

THTR 586b Applied Theatre Arts: Los Angeles Residency
Units: 2 Terms Offered: FaSp  Supervisory, logistical, and theoretical container for THTR 586a. Engages students in their curricular experiences in the cultural field in partnership with their community-based organizations. Instruction Mode: Lecture Grading Option: Letter

THTR 587 Liberation Arts and Community Engagement — Theory
Units: 4 Terms Offered: Fa  Historical foundations of liberatory movements using expressive arts towards community-based goals of reciprocal and collaborative empowerment, civil rights, psychological or political freedom and justice. Instruction Mode: Lecture Grading Option: Letter

THTR 588 Liberation Arts and Community Engagement — Praxis
Units: 3 Terms Offered: Sp  Theory and practice of developing liberatory and Theatre of the Oppressed events, from first community contact to staged public event. Prerequisite: THTR 587. Instruction Mode: Lecture Grading Option: Letter

THTR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm  Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

THTR 591 Seminar in Producing Theatre
Units: 4 A seminar in the theories and processes of producing theatre (commercial and non-profit).

THTR 592a Participatory Action Research for Community-based Theatre
Units: 2 Terms Offered: FaSp  Examination of theories and practices of Participatory Action Research (PAR) to better understand its various forms in community-based contexts using theatre as the research mode. Instruction Mode: Lecture Grading Option: Letter

THTR 592b Participatory Action Research for Community-based Theatre
Units: 2 Terms Offered: Sm  Implements the theories and practices of THTR 592a towards the creation of a summative research paper on the local and international applied theatre arts experience. Instruction Mode: Lecture Grading Option: Letter

THTR 593 MFA Project
Units: 2 Max Units: 4.0 Terms Offered: FaSpSm  Credit awarded upon completion of project. Instruction Mode: Lecture Grading Option: Credit/No Credit

THTR 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm  Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

THTR 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm  Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
THTR 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

THTR 595a Graduate Playwrights' Workshop
Units: 4 Development of thesis plays utilizing faculty dramaturgical support and involvement of student actors/directors. Includes readings with/without audiences. Simulates professional development process Instruction Mode: Lecture Grading Option: Letter

THTR 595b Graduate Playwrights' Workshop
Units: 4 Continued development of thesis plays in a simulated professional development workshop process utilizing dramaturgy and involvement of student actors/directors. Culminates in staged readings. Instruction Mode: Lecture Grading Option: Letter

THTR 596 Thesis Development and Attainment
Units: 2 Max Units: 10.0 Designed to guide the MFADW student toward refinement of thesis including vision, development, and execution. Instruction Mode: Lecture Grading Option: Letter

THTR 597 Theatre Practicum
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm Preparation, rehearsal, and performance of dramatic works in main stage repertory. Instruction Mode: Lecture Grading Option: Letter

THTR 598 Applied Theatre Arts: International Externship
Units: 2 Supervisory, logistical and theoretical container for students exploring cultural fieldwork in international settings. Prerequisite: THTR 588. Instruction Mode: Lecture Grading Option: Letter

THTR 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Studies in selected areas of theatre art. Instruction Mode: Lecture Grading Option: Letter

University of Southern California

USC 101 Honors Research Apprenticeship
Units: 1 Max Units: 2.0 Students work directly with faculty on faculty research projects, gain experience in the process of research and thereby contribute to new scholarship. Instruction Mode: Lecture Grading Option: Credit/No Credit

USC 250 The Academic Culture
Units: 2 Terms Offered: FaSp Study the meaning of culture in society, experience the culture of learning on campus, and examine the relationship between the two. Topics will vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

Writing Program

WRIT 095x Writing Tutorial
Units: 1 Terms Offered: FaSpSm Individualized instruction in writing to support instruction in WRIT 130 or WRIT 150. Concurrent Enrollment: Concurrent enrollment: WRIT 130 or WRIT 150. Not available for degree credit. Instruction Mode: Lecture Grading Option: Credit/No Credit

WRIT 120 Introduction to College Writing
Units: 4 Terms Offered: FaSpSm Intensive instruction and practice in the writing process. Focuses upon the formal conventions and conceptual expectations of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Limited to and required of students who score below specified level on the USC Writing Examination. Instruction Mode: Lecture Grading Option: Credit/No Credit

WRIT 121 Introduction to College Writing in a Second Language
Units: 4 Terms Offered: FaSp Intensive instruction and practice in the writing process for non-native speakers of English. Focuses on the formal and conceptual conventions of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Limited to and required of students who score below specified level on the USC Writing Examination. Instruction Mode: Lecture Grading Option: Credit/No Credit

Units: 4 Terms Offered: Sp Focuses on analytical and argumentative writing skills requisite to academic and professional writing. Emphasizes logical analysis of texts and other data, effective use of evidence, ethical argumentation, and stylistic and grammatical fluency. Enrollment limited to specified groups of students. Students must achieve a satisfactory score on the verbal portion of the SAT, the USC Writing Examination, or credit for WRIT 120 or WRIT 121 before enrolling in WRIT 130. Instruction Mode: Lecture Grading Option: Letter

WRIT 133 College Writing for International Students
Units: 4 College writing for International Students, emphasizing the expectations of academic discourse in U.S. higher education while drawing upon a context informed by cross-cultural perspectives. Recommended Preparation: International Academy course work. Instruction Mode: Lecture Grading Option: Letter

WRIT 150 Writing and Critical Reasoning—Thematic Approaches
Units: 4 Terms Offered: FaSpSm Academic writing, emphasizing analysis and argumentation, rhetorical judgment, critical reasoning, creative insight, the careful use of evidence, ethical perspectives, logical organization, stylistic and grammatical fluency. Duplicates Credit in WRIT 130 and former WRIT 140. Instruction Mode: Lecture Grading Option: Letter

WRIT 340 Advanced Writing
Units: 3, 4 Terms Offered: FaSpSm Instruction in writing for various audiences on topics related to a student's professional or disciplinary interests, with some emphasis on issues of broad public concern. Prerequisite: WRIT 130 or WRIT 150. Instruction Mode: Lecture Grading Option: Letter

WRIT 440 Writing in Practical Contexts
Units: 4 Terms Offered: FaSpSm Advanced training in analytical and argumentative writing for particular purposes, in professional and practical contexts. Prerequisite: CORE 112 or WRIT 340. Instruction Mode: Lecture Grading Option: Letter

WRIT 501a Theory and Practice in Teaching Expository Writing
Units: 1 Terms Offered: Fa Pedagogical application of rhetorical and linguistic theory to teaching university-level expository writing. Accompanies supervised teaching. Limited to assistant lecturers and teaching assistants. Instruction Mode: Lecture Grading Option: Credit/No Credit
WRIT 501b Theory and Practice in Teaching Expository Writing
Units: 1 Terms Offered: Fa Pedagogical application of rhetorical and linguistic theory to teaching university-level expository writing. Accompanies supervised teaching. Limited to assistant lecturers and teaching assistants. Instruction Mode: Lecture Grading Option: Credit/No Credit

Cell and Neurobiology

CNB 501a Human Gross Anatomy
Units: 3, 4 Terms Offered: FaSpSm A complete dissection of the adult human body. Supplementary lectures and demonstrations. Emphasis on correlating development, structure and function. a. focuses on the following anatomical regions: Abdomen, Pelvis, and Head and Neck. b. focuses on the following anatomical regions: Axial Skeleton, Upper and Lower Limbs, and Thoracic Cavity. Prerequisite: CNB 501a Instruction Mode: Lecture, Lab Required Grading Option: Letter

CNB 501b Human Gross Anatomy
Units: 4 Terms Offered: SpSm
A complete dissection of the adult human body. Supplementary lectures and demonstrations. Emphasis on correlating development, structure and function. a. focuses on the following anatomical regions: Abdomen, Pelvis, and Head and Neck. b. focuses on the following anatomical regions: Axial Skeleton, Upper and Lower Limbs, and Thoracic Cavity. Prerequisite: CNB 501a Instruction Mode: Lecture, Lab Required Grading Option: Letter

CNB 502L Advanced Regional Anatomy I
Units: 3 Terms Offered: Fa In-depth dissection of one or more regions of the human body, supplemented with literature research, and teaching practicum. May also enable the student to pursue a minor research investigation in some anatomical region of choice. Focuses on the following anatomical regions: Axial Skeleton, Upper and Lower Limbs, and Thoracic Cavity. Prerequisite: CNB 501b Recommended Preparation: Courses in general biology, organismal biology, and/or human anatomy Registration Restriction: Open only to senior (fifth year), graduate and professional students Instruction Mode: Lecture, Lab Required Grading Option: Letter

CNB 503L Advanced Regional Anatomy II
Units: 3 Terms Offered: Sp In-depth dissection of one or more regions of the human body, supplemented with literature research, and teaching practicum. May also enable the student to pursue a minor research investigation in some anatomical field of choice. Focuses on the following anatomical regions: Abdomen, Pelvis, and Head and Neck. Prerequisite: CNB 501b Recommended Preparation: Courses in general biology, organismal biology, and/or human anatomy Registration Restriction: Open only to senior (fifth year), graduate and professional students Instruction Mode: Lecture, Lab Required Grading Option: Letter

CNB 504L Human Skeletal Anatomy
Units: 3 Terms Offered: FaSp An intensive introduction to the human skeleton and the fundamentals of bone and dental biology. Covers a variety of topics including: skeletal development; functional interpretation of bone and bony processes; osteological and dental pathology; human anatomical variation; laboratory analyses and imaging techniques; methods for estimating age, sex, and stature; and comparative osteology. Prerequisite: CNB 501a and CNB 501b Recommended Preparation: Equivalent dissection-based human anatomy course. Courses in general biology, organismal biology, and/or biological anthropology. Registration Restriction: Open only to freshmen and sophomores Instruction Mode: Lecture, Lab Required Grading Option: Letter

CNB 511aL Microscopic Anatomy
Units: 3 Terms Offered: FaSp Lectures and laboratory in microscopic anatomy emphasizing embryonic origin of the basic body plan, cells, tissues, and organs; ultrastructural and functional correlations.

CNB 511bL Microscopic Anatomy
Units: 3 Terms Offered: FaSp Lectures and laboratory in microscopic anatomy emphasizing embryonic origin of the basic body plan, cells, tissues, and organs; ultrastructural and functional correlations.

CNB 512L Pharmacology I
Units: 5 Terms Offered: Fa Actions, chemical properties, bodily distribution, and toxicology of drugs. Duplicates Credit in former PHNU 510L. Instruction Mode: Laboratory.

CNB 513 Pharmacology II
Units: 3 Terms Offered: Sp Continuation of 512L. Prerequisite: CNB 512L. Duplicates Credit in former PHNU 511.

CNB 521 Neuroanatomy
Units: 3 Terms Offered: Sp Structure and function of the human nervous system with emphasis on central conduction pathways, especially those of clinical significance.

CNB 525 Neural Development
Units: 3 Terms Offered: Fa Cellular, molecular, and physiological features of development and plasticity in the nervous system. Lecture and student presentations and discussion of classic and current research literature. Prerequisite: BISC 524; Recommended Preparation: background in neurosciences.

CNB 530 Anatomy for the Artist
Units: 1, 2 Terms Offered: Irregular This course includes lectures and demonstrations of human anatomy specifically for the artist, and art instruction on drawing the human figure.

CNB 531 Cell Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 531)

CNB 534 Molecular Aspects of Neuropharmacology
Units: 2 Terms Offered: FaSp Current advances in selected areas of molecular neuropharmacology, e.g., mechanisms by which drugs affect neurotransmitter systems, neural plasticity, treatment of neurological and psychiatric diseases.

CNB 550 Cell and Neurobiology Seminar
Units: 1 Max Units: max 6 Terms Offered: FaSp Reports and discussion on recent advances in anatomy. Duplicates Credit in former ANCB 550. Grading Option: Graded CR/NC.

CNB 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

CNB 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

CNB 572 Systems Physiology and Disease I
CNB 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

CNB 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Grading Option: Graded CR/NC.

CNB 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Grading Option: Graded IP/CR/NC.

CNB 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Grading Option: Graded IP/CR/NC.

CNB 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Grading Option: Graded IP/CR/NC.

CNB 598 Introductory Laboratory Rotations
Units: 1, 2, 3 Terms Offered: FaSp Introductory laboratory rotations wherein students are directed in individualized research, reading and discussion to provide perspective and supplemental background in areas of faculty research interests.

CNB 599 Special Topics
Units: 2, 3, 4 Max Units: max 8 Terms Offered: FaSp Special topics provides background for instruction and research in the Department of Cell and Neurobiology through lectures, discussions, assigned readings, and student presentations. Duplicates Credit in former ANCB 599 and PHNU 599.

CNB 600 Literature Tutorial
Units: 1 Max Units: max 3 Terms Offered: FaSp Individualized readings and discussions culminating in a literature-review paper; to promote the acquisition of critical thinking skills in the evaluation of scientific problems. Recommended Preparation: background in biological sciences.

CNB 603 Current Topics in Vision Research
Units: 2 Terms Offered: Sp Basic science (e.g., anatomy, cell biology, electrophysiology) and clinical aspects of the eye: cornea, lens, retina, and optic nerve. USC faculty and authorities from other institutions will lecture.

CNB 604 Current Topics in Animal Development
Units: 2, 2 years Terms Offered: Sp Current research in selected aspects of mammalian and nonmammalian developmental biology, including the molecular genetics and molecular biology of organogenesis, morphogenesis, lineage specification, and differentiation. Prerequisite: INTD 561 and CNB 542.

CNB 631 Morphogenesis and Regeneration
Units: 2, 2 years Terms Offered: Sp Analysis of developing and regenerating systems: historical and recent interpretations of morphogenetic movements, tissue interactions, fields, gradients, differentiation, and determination.

CNB 641 Brain-Endocrine Interactions in Reproduction
Units: 2 Terms Offered: Fa Past and current experimental approaches to morphology and endocrinology at hypothalamic, pituitary, and gonadal levels in both males and females. Prerequisite: CNB 511aL, CNB 511bL, or a general endocrinology course.

Public Relations

PR 209 Effective Writing for Strategic Public Relations
Units: 4 Terms Offered: FaSp Focus on the unique writing requirements of social, online, broadcast, print and other media in public relations/strategic communication; emphasis on judgment, context and audience understanding. Duplicates Credit in former JOUR 209 Instruction Mode: Lecture Grading Option: Letter

PR 250 Strategic Public Relations: An Introduction
Units: 4 Terms Offered: FaSp Strategies and practices in the growing field of public relations/strategic communication, including landmark cases; special emphasis on historical roots, evolution, current and future practice. Duplicates Credit in former JOUR 250 and former JOUR 350 Instruction Mode: Lecture Grading Option: Letter

PR 253 Theoretical Foundations of Strategic Public Relations
Units: 4 Terms Offered: FaSp Emphasis on conceptual, intellectual and analytical skills; knowledge of applied theory for the changing field of public relations/strategic communication. Prerequisite: PR 250 Duplicates Credit in former JOUR 253 and former JOUR 353 Instruction Mode: Lecture Grading Option: Letter

PR 340 Introduction to Advertising
Units: 4 Terms Offered: FaSp History and development of advertising; basic advertising campaigns showing relationships of marketing, creative, print and electronic media. Duplicates Credit in former JOUR 340 Instruction Mode: Lecture Grading Option: Letter

PR 341 Advertising Copywriting
Units: 4 Terms Offered: Fa Writing and editing for advertising and commercial copy for all media. Prerequisite: PR 340 or JOUR 340 Duplicates Credit in former JOUR 341 Instruction Mode: Lecture Grading Option: Letter

PR 342 Advertising Media and Analysis
Units: 4 Terms Offered: Fa Selling, planning, buying for the media; advertising's relationship to society and business; media choice. Prerequisite: PR 340 or JOUR 340 [Inactive] Duplicates Credit in former JOUR 342 Instruction Mode: Lecture Grading Option: Letter

PR 343 Advertising Design and Production
Units: 4 Terms Offered: Sp Production of advertising materials; emphasis on the creation and design of advertising elements. Prerequisite: PR 340 or former JOUR 340 [Inactive] Duplicates Credit in former JOUR 343 Instruction Mode: Lecture Grading Option: Letter

PR 351a Strategic Public Relations Media and Content
Units: 4 Terms Offered: FaSp Introduction to media relations, social media and influencer engagement; intensive writing and creating multimedia content for traditional, emerging and social media. Prerequisite: (PR 209 or JOUR 209) and (PR 250 or JOUR 250) Duplicates Credit in former JOUR 351a Instruction Mode: Lecture Grading Option: Letter
PR 351b Strategic Public Relations Media and Content
Units: 4 Terms Offered: FaSp Advanced course in writing, digital content and multimedia creation; production of communications collateral for social and owned media channels targeting an array of audiences. Prerequisite: PR 351a or JOUR 351a Duplicates Credit in former JOUR 351b Instruction Mode: Lecture Grading Option: Letter

PR 352 Public Relations Media and Content for Non-Majors
Units: 4 Learn advanced public relations writing and editing, basic design skills and sophisticated video planning, shooting, editing and production skills. Open only to declared Public Relations minors. Prerequisite: PR 209 and PR 250 Instruction Mode: Lecture Grading Option: Letter

PR 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Duplicates Credit in former JOUR 390 Instruction Mode: Lecture Grading Option: Letter

PR 391 Made in Italy-The Marketing of an Ideal
Units: 4 Terms Offered: FaSp (Enroll in COMM 391)

PR 428 Social, Legal and Ethical Foundations of Public Relations
Units: 4 Terms Offered: FaSp Covers the complex intersection of legal standards and regulations, ethical practices and decision making, and social responsibilities for public relations/strategic communication practitioners. Prerequisite: PR 250 or JOUR 250 [Inactive] Duplicates Credit in former JOUR 428 Instruction Mode: Lecture Grading Option: Letter

PR 429 Business and Economic Foundations of Public Relations
Units: 4 Terms Offered: FaSp Relationship between public relations/strategic communication and other organizational disciplines; understanding business goals and objectives; economic literacy; financial/investor relations; how PR/communication agencies are built and managed. Prerequisite: PR 351a or JOUR 351a Duplicates Credit in former JOUR 429 Instruction Mode: Lecture Grading Option: Letter

PR 450 Advanced Strategic Public Relations
Units: 4 Terms Offered: FaSp In-depth study of methods for planning, managing and evaluating strategic communication campaigns; critical analysis of contemporary cases; development of campaigns for real world clients. Prerequisite: (PR 351b or JOUR 351b) and (PR 463 or JOUR 463) Duplicates Credit in former JOUR 450 Instruction Mode: Lecture Grading Option: Letter

PR 451 Promotional Public Relations
Units: 4 Principles and practices of public relations as a basic component in the promotion and marketing of goods and services; regulatory considerations; consumerism. Prerequisite: PR 250 or JOUR 250 [Inactive] Duplicates Credit in former JOUR 451 Instruction Mode: Lecture Grading Option: Letter

PR 452 Public Relations in Entertainment
Units: 4 Terms Offered: Sp Public relations in the design, promotion, and presentation of popular entertainment, including films, broadcasting, music, exhibitions, amusement parks, resorts and arenas. Duplicates Credit in former JOUR 452 Instruction Mode: Lecture Grading Option: Letter

PR 454 Sports Public Relations
Units: 2 Terms Offered: FaSpSm Introduction to the field of sports information and promotion, including lectures, media assignments, role-playing, and presentations by sports professionals. Duplicates Credit in former JOUR 454 Instruction Mode: Lecture Grading Option: Letter

PR 455 Public Relations for Non-Profit Organizations
Units: 4 Terms Offered: FaSpSm Introduction to the specialized field of public relations for non-profit and non-governmental organizations; emphasis on case studies, strategic and critical thinking, and campaign development. Duplicates Credit in former JOUR 455 Instruction Mode: Lecture Grading Option: Letter

PR 456 Public Relations for Diverse Audiences
Units: 4 Terms Offered: FaSpSm Researching, planning, executing and evaluating communications campaigns aimed at audiences segmented by culture, lifestyle and other factors. Prerequisite: PR 250 or JOUR 250 [Inactive] Duplicates Credit in former JOUR 456 Instruction Mode: Lecture Grading Option: Letter

PR 457 The Role of Celebrity in Public Relations
Units: 4 Understanding of the history and application of celebrity in public relations, focusing on the entertainment industry and the notoriety attached to politics and the media. Duplicates Credit in former JOUR 457 Instruction Mode: Lecture Grading Option: Letter

PR 458 Public Relations in Politics and Political Campaigns
Units: 4 Terms Offered: Fa Application of public relations principles to the context of political campaigns; emphasis on message development and delivery; relationship between candidate, news media, and electorate. Duplicates Credit in former JOUR 458 Instruction Mode: Lecture Grading Option: Letter

PR 463 Strategic Public Relations Research, Analysis and Insights
Units: 4 Terms Offered: FaSp Identification of key strategic insights that drive successful communication campaigns, based on research techniques including surveys, content evaluation and social media monitoring. Prerequisite: PR 351a or JOUR 351a [Inactive] Duplicates Credit in former JOUR 463 Instruction Mode: Lecture Grading Option: Letter

PR 473 Emerging Media Strategies for Communication and Public Relations
Units: 4 Terms Offered: Sp In-depth, hands-on study of emerging tradigital, social and owned media channels; Emphasis on the evaluation of such media as effective tools for audience engagement. Open only to juniors and seniors in the School for Communication and Journalism. Duplicates Credit in former JOUR 473 Registration Restriction: Open only to juniors and seniors in the School for Communication and Journalism. Instruction Mode: Lecture Grading Option: Letter

PR 478 Social Media Analytics: Data and Content Creation for Real-time Public Relations
Units: 4 Application of monitoring tools to become social media analysts and real-time content creators; interpretation of large data sets drawn from the social web; understanding of how to present data visually for optimal impact. Duplicates Credit in former JOUR 478 Instruction Mode: Lecture Grading Option: Letter
PR 481 Careers and Strategies in Health Communication
Units: 4 Understanding of the dynamic, changing world of U.S. healthcare; knowledge of healthcare audiences and how to reach them; creating effective strategic communications initiatives. Duplicates Credit in former JOUR 481 Instruction Mode: Lecture Grading Option: Letter

PR 482 Comparative Media in Europe
Units: 4 Terms Offered: Sm (Enroll in JOUR 482)

PR 485 Multimedia PR Content: Digital/Social Media Lab
Units: 2 Terms Offered: Fa Hands-on lab; Web and new social distribution platforms; development and management of online content and personal brands; social media trends and applications. Duplicates Credit in former JOUR 485 Instruction Mode: Lecture Grading Option: Letter

PR 486 Multimedia PR Content: Introduction to Digital Design Tools
Units: 2 Terms Offered: Sp Hands-on lab; producing multimedia content; basic principles of design; tools and techniques to create digital images and layouts. Duplicates Credit in former JOUR 486 Instruction Mode: Lecture Grading Option: Letter

PR 487 Multimedia PR Content: Introduction to Audio/Video Tools
Units: 2 Terms Offered: Fa Hands-on lab; audio/video tools for conceiving, shooting, editing, delivering and archiving compelling stories for online audiences; personal brand building; digital storytelling trends and applications. Duplicates Credit in former JOUR 487 Instruction Mode: Lecture Grading Option: Letter

PR 488 Multimedia PR Content: Visual Communication of Information
Units: 2 Overview of tools and techniques available to convey messages and experiences; exploration into graphic design, visual branding, design methods and processes. Duplicates Credit in former JOUR 488 Instruction Mode: Lecture Grading Option: Letter

PR 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Terms Offered: FaSpSm Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

PR 491 Transmedia, New Media and Strategic PR/Communication
Units: 4 Terms Offered: Sp Study of the new rules of message development and dissemination in strategic communication and marketing: Participatory Culture, Transmedia Branding, Spreadable Media, and Crowdsourcing. Open only to seniors and master students in public relations and strategic public relations. Duplicates Credit in former JOUR 491 Registration Restriction: Open only to seniors and master students in Public Relations and Strategic Public Relations. Instruction Mode: Lecture Grading Option: Letter

PR 492 Personal Branding
Units: 4 Terms Offered: Fa Learn to build, promote and manage a personal brand through critical analysis, case study, interactive interpretation and creative problem solving. Duplicates Credit in former JOUR 492 Instruction Mode: Lecture Grading Option: Letter

PR 494 Transmedia, New Media and Strategic Communication
Units: 4 Examines nature of consumption and storytelling within a networked culture and how participatory culture, transmedia branding, and spreadable media are changing strategic communication practice. Duplicates Credit in former JOUR 494 Instruction Mode: Lecture Grading Option: Letter

PR 498 Honors Seminar
Units: 2 Terms Offered: Sp (Enroll in JOUR 498)

PR 499 Special Topics
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: max 8 Terms Offered: FaSpSm Selected topics in public relations. Instruction Mode: Lecture Grading Option: Letter

PR 501 Advocacy Communications
Units: 4 Study and evaluation of communications campaigns by civil society actors to influence public policy with a focus on messaging and efforts to shape news coverage. Duplicates Credit in former JOUR 501 Instruction Mode: Lecture Grading Option: Letter

PR 504 Strategic Public Relations Research, Evaluation and Insights
Units: 3 Covers use of primary and secondary research methods, analysis, web monitoring and analytics, pre- and post-campaign testing, and other techniques in program planning and evaluation. Prerequisite: PR 508 or JOUR 508 Duplicates Credit in former JOUR 504 Instruction Mode: Lecture Grading Option: Letter

PR 508 Introduction to Strategic Public Relations
Units: 3 Terms Offered: Fa A survey of the profession, focusing on the key role of strategic public relations in today's information-based society; provides a social, economic and political context for the program. Duplicates Credit in former JOUR 508 Instruction Mode: Lecture Grading Option: Letter

PR 510 Legal, Ethical and Social Foundations of Strategic Public Relations
Units: 3 Terms Offered: FaSp Explores the origins, effects of, and processes for adhering to the complex network of legal, ethical and social responsibilities of the contemporary PR practitioner. Duplicates Credit in former JOUR 510 Instruction Mode: Lecture Grading Option: Letter

PR 527 Multimedia Content Creation for Strategic Public Relations
Units: 3 Terms Offered: FaSpSm Covers the conceptualization and creation of strategy-based, engaging, primarily web-based multimedia content for use by organizations of all types. Prerequisite: (PR 508 or JOUR 508) and (PR 535 or JOUR 535) Duplicates Credit in former JOUR 527 Instruction Mode: Lecture Grading Option: Letter

PR 530 Strategic Public Relations Management
Units: 3 Terms Offered: Sp An analytical, case study-based approach to strategic campaign planning, management and execution, with heavy emphasis on problem solving and the role of research. Duplicates Credit in former JOUR 530 Instruction Mode: Lecture Grading Option: Letter

PR 532 International Public Relations
Units: 3 Public information policies and practices of national and supranational government units and national and multinational corporations involved in international relations.
PR 534 Case Studies in Public Relations
Units: 3 Terms Offered: Sp Analysis of landmark and contemporary public relations cases; evaluation of current literature, programs, and professional personnel; identification of emerging issues. Duplicates Credit in former JOUR 534 Instruction Mode: Lecture Grading Option: Letter

PR 535 Writing for Strategic Public Relations
Units: 3 Terms Offered: FaSpSm Intensive focus on the specialized writing requirements of online, broadcast, print and other public relations media; includes content analysis of strategic public relations materials. Duplicates Credit in former JOUR 535 Instruction Mode: Lecture Grading Option: Letter

PR 536 Digital, Social and Mass Media Public Relations Strategies
Units: 3 Terms Offered: FaSp Analysis of shifting media environment; development and execution of multi-platform campaigns based on organizational goals and audience characteristics. Duplicates Credit in former JOUR 536 Instruction Mode: Lecture Grading Option: Letter

PR 537 Public Relations and Branding
Units: 3 Terms Offered: Fa Concept of branding, including brand definition, brand engagement, brand management and the role of public relations in creating brand value. Duplicates Credit in former JOUR 537 Instruction Mode: Lecture Grading Option: Letter

PR 538 Image Management in Entertainment
Units: 3 Terms Offered: FaSpSm In-depth study of the creation and protection of reputations for entertainment properties of all types and the characteristics that distinguish it from other disciplines. Duplicates Credit in former JOUR 538 Instruction Mode: Lecture Grading Option: Letter

PR 540 International Journalism Seminar I
Units: 3 (Enroll in JOUR 540)

PR 561 Principles of Public Relations
Units: 4 Terms Offered: Other Practical and theoretical survey of the public relations profession as it is currently practiced, providing a social/contextual backdrop for further study of the field. Duplicates Credit in former JOUR 561 Instruction Mode: Lecture Grading Option: Letter Crosslisted as CMGT 561

PR 562 Foundations of Effective PR Writing
Units: 4 Terms Offered: Other Specialized writing for persuasive and strategic communication contexts. Intensive focus on public relations writing for print, online, broadcast, and social media. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CMGT 562

PR 563 Promotional and Product Public Relations
Units: 3 Terms Offered: Sp Planning, managing and evaluating integrated communications campaigns utilizing public relations strategies in concert with advertising and other marketing disciplines; emphasis on research, case studies and campaign development. Duplicates Credit in former JOUR 563 Instruction Mode: Lecture Grading Option: Letter

PR 565 Corporate Public Relations and Reputation
Units: 3 Learn all aspects of corporate communications and reputation management through real-time news analysis, cases and senior guest speakers from the world's largest, most admired companies. Duplicates Credit in former JOUR 565 Instruction Mode: Lecture Grading Option: Letter

PR 566 Public Relations for Multicultural and Niche Audiences
Units: 2 Developing, managing and evaluating campaigns designed to reach audiences segmented by culture, lifestyle and other factors. Duplicates Credit in former JOUR 566 Instruction Mode: Lecture Grading Option: Letter

PR 568 Crisis Management in Strategic Public Relations
Units: 3 Terms Offered: FaSpSm Focuses on theories, concepts and practices in risk assessment, issues monitoring, and crisis anticipation/management in a wide variety of organizational contexts, and from multiple perspectives. Duplicates Credit in former JOUR 568 Instruction Mode: Lecture Grading Option: Letter

PR 569 Ethics in Public Relations
Units: 3 Application of public relations principles to ethical conduct in a business, government agency, non-profit organization or consulting entity; emphasis on applicable cases and dialogue. Duplicates Credit in former JOUR 569 Instruction Mode: Lecture Grading Option: Letter

PR 583 Managing Communication in the Entertainment Industry
Units: 4 (Enroll in CMGT 543)

PR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PR 594 Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

PR 595 Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

PR 597 Financial and Investor Communications
Units: 3 Terms Offered: Fa Provides a practical, working understanding of financial communications, concerned primarily with articulating a company's value. This applies to matters of corporate image and financial/investment environment. Open only to public relations and strategic public relations majors. Prerequisite: PR 508 or JOUR 508 [Inactive] Duplicates Credit in former JOUR 597 Registration Restriction: Open only to Public Relations and Strategic Public Relations majors. Instruction Mode: Lecture Grading Option: Letter

PR 599 Special Topics
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: max 8 Terms Offered: 
FaSpSm Seminar in selected topics in journalism. Instruction Mode: Lecture Grading Option: Letter

Nursing

NURS 500 Bridge Course
Units: 2 Key concepts from chemistry, biochemistry, genetics, cell biology, metabolism, microbiology, and immunology in an 8-week format. Successful completion of this unique preparatory course is expected to position students for success in the graduate level pathophysiology and pharmacology courses. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Credit/No Credit

NURS 501 Pathophysiology for Advanced Nursing Practice
Units: 4 Advanced physiology/pathophysiology including general principles that apply across the lifespan. Recommended Preparation: Recent (within five years), satisfactory completion of undergraduate courses that include Organic Chemistry, Nutrition, Anatomy and Physiology. It is expected that enrolled students have reviewed their undergraduate course work in human anatomy and physiology, and possess a working knowledge of cell biology, biochemistry, nutrition, and human genetics at the undergraduate level. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 502 Advanced Health Assessment Across the Life Span
Units: 3 Development of advanced critical thinking and clinical judgment skills through comprehensive health assessment. Health promotion and health maintenance content is utilized to assess health status and evaluate health risk among individuals and groups. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 503 Theory: Clinical Management of Adult Patients
Units: 3 The scope of practice and responsibilities of the family nurse practitioner in the diagnosis and management of patients with acute, complex and chronic illnesses are explored. Prerequisite: NURS 503 and NURS 507 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 600 Theory: Clinical Management of Adult Patients with Chronic Medical Issues
Units: 3 The scope of practice and responsibilities of the family nurse practitioner in the diagnosis and management of patients with acute, complex and chronic illnesses are explored. Prerequisite: NURS 503 and NURS 507 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 601 Clinical Practicum: Management of the Childbearing/Childrearing Family
Units: 3 Clinical practicum is intended to prepare FNP students to provide primary health care to childbearing/childrearing families from preconception through adolescent phase of the life cycle. Prerequisite: NURS 600 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 602 Research/Analytical Methods
Units: 3 Understanding and applying commonly used research methodologies and data analysis techniques in healthcare research. Recommended Preparation: statistics Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 603 Transforming Research Evidence into Practice
Units: 3 Preparing the advanced practice nursing student to critically evaluate knowledge, research and evidence for implementation of best practices in healthcare in order to deliver safe, ethical, culturally sensitive evidence based care for patients in diverse settings. Prerequisite: NURS 602 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 604 Clinical Practicum: Management of Adult Patients with Complex Medical Issues
Units: 3 Application of theoretical concepts studied in NURS 600. Comprehensive assessments, formulation of differential diagnoses, and the development of plans of care to manage acute and chronic complex in a variety of practice settings. Prerequisite: NURS 600 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 605 Professional Issues in Advanced Practice Nursing
Units: 2 The professional role and legal responsibilities of the nurse practitioner at entry to clinical practice and throughout a career are explored. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 606 Health Policy Principles in Changing Health Care Contexts
Units: 2 Foundation for leadership in interprofessional collaborative endeavors to address health policy that prepares learners to analyze and influence health policy and explores the role of nurse practitioners in the creation and modification of health policy. Registration Restriction: Open
only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 607 Theory: Family Primary Care
Units: 2 Capstone course draws on material and concepts learning throughout the FNP program and explores additional complex issues including management of pain, caregiver burden, palliative care, and end of life. Prerequisite: NURS 503 and NURS 507 and NURS 600 and NURS 602 and NURS 603
Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 608 Clinical Practicum: Family Primary Care
Units: 3 Prepares the family nurse practitioner student for entry into practice in the diagnosis and management of patients with acute, complex, and chronic illnesses in the primary care setting. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

Pharmaceutical and Regulatory Science

RXRS 209 Mysterious Deaths: Poisons in Literature and History
Units: 2 Poisons as described in classical literature that shaped, modified or changed the course of history presented in the context of pharmacological/toxicological principles of drug action. Instruction Mode: Lecture Grading Option: Letter

RXRS 402 Human Pharmacology: Challenge of Therapeutics in Society
Units: 4 Principles of human pharmacology/toxicology related to prescription, over the counter medications; nutraceuticals; drug-drug interactions; polypharmacy; hot topics related to recently approved drugs. Recommended Preparation: Students should have at completed at least one year of undergraduate biology and/or chemistry Instruction Mode: Lecture Grading Option: Letter

RXRS 403 Neuropsychopharmacology in Health and Disease
Units: 4 Neuropsychopharmacological treatments of brain disorders including neurodegenerative disorders, injury, and disease; influence of environment and experiences on neuroplasticity and brain development; drug discovery. Prerequisite: BISC 220Lg Instruction Mode: Lecture Grading Option: Letter

RXRS 404 Neuroimmunity in Health and Disease
Units: 2 Social, psychological, economical, biological reasons associated with drug use/abuse; prevention strategies; Pharmacology and Phamacotheraphy successes/ challenges; current trends; case studies; roles of health care professionals. Recommended Preparation: background in or completion of a year of biological science course work Instruction Mode: Lecture Grading Option: Letter

RXRS 405 Pharmacology and Sociology of Drug Abuse
Units: 4 Social, psychological, economical, biological reasons associated with drug use/abuse; prevention strategies; pharmacology and pharmacotheraphy successes/ challenges; current trends; case studies; roles of health care professionals. Instruction Mode: Lecture Grading Option: Letter

RXRS 407 The Discovery, Development and Marketing of Medicines
Units: 4 Principles, concepts, challenges and short comings of modern day drug discovery and development of medicines. Inter-relationships with regulatory, ethical and societal sectors presented. Instruction Mode: Lecture Grading Option: Letter

RXRS 411 Innovations in Medical Product Development
Units: 4 Developing new medical technologies; political, regulatory, financing and reimbursement issues that may be associated; case studies looking at the newest medical technologies. Instruction Mode: Lecture Grading Option: Letter

RXRS 413 Globalization of the Biomedical Industry
Units: 4 Globalization; pharmaceuticals, biologics, medical devices, and combination products in advanced, emerging, and developing markets; regional and national regulations, global and regional harmonization efforts, ethical considerations. Instruction Mode: Lecture Grading Option: Letter

RXRS 416 Medical Products: From Idea to Market
Units: 4 Progress of medical product development through intellectual property, animal and clinical trials and commercialization. Emphasis on safety, quality systems and efficacy. Instruction Mode: Lecture Grading Option: Letter

RXRS 417 Food Safety: The Good, The Bad and The Deadly
Units: 4 Critical thinking, science translation, effective communications, personal health, and public policy development are at the interface of food safety, nutrition intervention and health controversies. Instruction Mode: Lecture Grading Option: Letter

RXRS 490x Directed Research
Units: 1, 2, 3, 4 Max Units: 8 Terms Offered: Sp Focuses on a comparative investigation of ways in which people in the past used images to make history by recording current events and subsequently use them to create narratives about the past. Instruction Mode: Lecture Grading Option: Letter

Visual Studies

VISS 501 Introduction to Visual Studies: Methods and Debates
Units: 4 Terms Offered: Fa A critical introduction to the field of visual studies focusing on interdisciplinary approaches to images, objects, and visual technologies as well as key texts and interpretive debates. Duplicates Credit in MDA 501 Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

VISS 599 Special Topics
Units: 2, 3, 4 Max Units: 8 Terms Offered: Sp Focuses on a comparative investigation of ways in which people in the past used images to make history by recording current events and subsequently use them to create narratives about the past. Instruction Mode: Lecture Grading Option: Letter

Screen Scoring

SCOR 405 Introduction to Scoring Video Games
Units: 2 Practical composition course covering the unique art, craft, and technology involved in composing and integrating video-game music. Prerequisite: MUCO 133b Recommended Preparation: Composition background, MTEC 443 or MTEC 445 Duplicates Credit in former MUCO 445 Instruction Mode: Lecture Grading Option: Letter

SCOR 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: max 12 Individual research and readings. Not available for graduate credit. Not
for Degree Credit Registration Restriction: Open only to juniors and seniors Instruction Mode: Lecture Grading Option: Letter

**SCOR 499 Special Topics**
Units: 2, 3, 4 Max Units: 8 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**SCOR 502 Individual Instruction in Advanced Screen Scoring**
Units: 1, 2 Max Units: 4 Individual instruction and review of students' work. Selected composers, orchestrators, filmmakers, and other important industry collaborators offer their insights on scoring and career building. Duplicates Credit in former MUCO 520 and MUCO 545 Instruction Mode: Lecture, Lab Grading Option: Letter

**SCOR 503a Advanced Scoring for Motion Pictures and Television**
Units: 2 Scoring principles involved in designing, timing, and composing scores for video projects, including documentaries, animated, and live-action projects. Will also include composing for live recording sessions. Duplicates Credit in former MUCO 440a Instruction Mode: Lecture Grading Option: Letter

**SCOR 503b Advanced Scoring for Motion Pictures and Television**
Units: 2 Scoring principles involved in designing, timing, and composing scores for video projects, including documentaries, animated, and live-action projects. Will also include composing for live recording sessions. Duplicates Credit in former MUCO 440b Instruction Mode: Lecture Grading Option: Letter

**SCOR 504a Orchestral Scoring**
Units: 2 Explores the sounds of and notations for the major orchestral instruments; provides instruction on implementation of those instruments in scoring and orchestrating for the screen. Duplicates Credit in former MUCO 443a Instruction Mode: Lecture Grading Option: Letter

**SCOR 504b Orchestral Scoring**
Units: 2 Explores the sounds of and notations for the major orchestral instruments; provides instruction on implementation of those instruments in scoring and orchestrating for the screen. Duplicates Credit in former MUCO 443b Instruction Mode: Lecture Grading Option: Letter

**SCOR 505a Advanced Game Scoring and Integration**
Units: 2 Explores more sophisticated principles and techniques involved in the unique aspects of composing and integrating music for video games. Duplicates Credit in former MUCO 540a Instruction Mode: Lecture Grading Option: Letter

**SCOR 505b Advanced Game Scoring and Integration**
Units: 2 Explores more sophisticated principles and techniques involved in the unique aspects of composing and integrating music for video games. Duplicates Credit in former MUCO 540b Instruction Mode: Lecture Grading Option: Letter

**SCOR 506 Applied Techniques in Contemporary Scoring**
Units: 2 Explores the most recent artistic and technological innovations in film/television scoring, and includes creating cues from adapted themes. Duplicates Credit in former

---

**SCOR 511a History of Film Scoring**
Units: 2 Examines the evolution of movie music from 1920s to present. Includes recorded interviews with the most significant film composers and film clips of their work. Duplicates Credit in former MUCO 442a Instruction Mode: Lecture Grading Option: Letter

**SCOR 511b History of Film Scoring**
Units: 2 Examines the evolution of movie music from 1920s to present. Includes recorded interviews with the most significant film composers and film clips of their work. Prerequisite: SCOR 511a Duplicates Credit in former MUCO 442b Instruction Mode: Lecture Grading Option: Letter

**SCOR 512 Entrepreneurialism for the Screen Composer**
Units: 2 Addresses challenges facing emerging screen composers, including negotiating deals; establishing a studio, production budgets, and a publishing business; tracking royalties; licensing music; and engaging representation. Instruction Mode: Lecture Grading Option: Letter

**SCOR 521a Recording, Mixing and Editing for the Screen Composer**
Units: 2 Addresses the need for modern-day screen composers to produce and digitally record, sweeten, mix, and edit much of their own music. Duplicates Credit in former MUCO 560a Instruction Mode: Lecture Grading Option: Letter

**SCOR 521b Recording, Mixing and Editing for the Screen Composer**
Units: 2 Addresses the need for modern-day screen composers to produce and digitally record, sweeten, mix, and edit much of their own music. Prerequisite: SCOR 521a Duplicates Credit in former MUCO 560b Instruction Mode: Lecture Grading Option: Letter

**SCOR 523a Advanced Screen Scoring Technology**
Units: 2 Explores sophisticated principles and applications of technologies for screen scoring, including the use of synthesizers, samplers, and sequencers. Duplicates Credit in former MUCO 523a Instruction Mode: Lecture Grading Option: Letter

**SCOR 523b Advanced Screen Scoring Technology**
Units: 2 Explores sophisticated principles and applications of technologies for screen scoring, including the use of synthesizers, samplers, and sequencers. Prerequisite: SCOR 523a Duplicates Credit in former MUCO 523b Instruction Mode: Lecture Grading Option: Letter

**SCOR 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the Master's Degree. Maximum units which may be applied to the degree to be determined by the department. Graded CR/NC. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SCOR 599 Special Topics**
Units: 2, 3, 4 Max Units: max 8 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**SCOR 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Pharmaceutical and Translational Sciences

About the Catalogue

About the Catalogue
The USC Catalogue is the document of authority for all students. The program requirements listed in the USC Catalogue supersede any information that may be contained in any bulletin of any school or department. The university reserves the right to change its policies, rules, regulations, requirements for graduation, course offerings and any other contents of this catalogue at any time.

University Park Campus
Los Angeles, California 90089

Contact Us

The USC Catalogue is published online annually in June. There is no longer a print version though a print-friendly capability is offered. Once the Catalogue is published, changes can only be made to correct inaccuracies. From October to May, the Catalogue Office is in production on the next year's Catalogue, known as the "Preview" Catalogue. For read-only access to the Preview Catalogue, contact the Catalogue Office at regpub@usc.edu. The Catalogue Office works in conjunction with the Curriculum Coordination Office to update curricular information in the upcoming Catalogue on during the production months.

Credits

The USC Catalogue is published by the Office of the Registrar, Catalogue Office, (213) 740-1207. The catalogue is published online in June 2016 as the document of authority for the following academic year.
