Units: 4 Terms Offered: Sp History of film form and its institutions. Students will produce an original written or multimedia research project. Instruction Mode: Lecture Grading Option: Letter

HIST 482 Jesus in American History and Culture
Units: 4 Terms Offered: Sp The place of Jesus Christ in diverse American cultures from colonial times to the present: Jesus as cultural icon, secular inspiration, Christian Son of God. Instruction Mode: Lecture Grading Option: Letter Crosslisted as REL-482

HIST 484 The United States, 1919–1939
Units: 4 Terms Offered: Irregular Postwar reaction and the Twenties; the Great Depression and the New Deal; diplomacy between the wars. Instruction Mode: Lecture Grading Option: Letter

HIST 487 The United States since 1939
Units: 4 Terms Offered: Irregular A survey of the accelerating changes that transformed the nation's domestic life and revolutionized America's role in world affairs. Instruction Mode: Lecture Grading Option: Letter

HIST 488 Teaching History in the Secondary Schools
Units: 4 Terms Offered: Fa Seminar in research methods, textbook and online research and teaching materials, and instructional project. Instructor for teaching history in secondary schools. Instruction Mode: Lecture Grading Option: Letter

HIST 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSp Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

HIST 492 Honors Thesis
Units: 4 Terms Offered: Sp Writing of the honors thesis; for students in the History Honors Program. Instruction Mode: Lecture Grading Option: Letter

HIST 494 Seminar in New Historical Writing
Units: 4, 2 years Terms Offered: Fa Historical writing experiments combining historical specificity with more fluid approaches to time, characterization and objectivity associated with 20th century artists. Instruction Mode: Lecture Grading Option: Letter

HIST 495 American Lives: Biography and Autobiography in the United States Past
Units: 4 The history of the United States seen through the lives of individuals, including Thomas Jefferson, Jane Addams, Malcolm X, and Marilyn Monroe. Instruction Mode: Lecture Grading Option: Letter

HIST 496 Internship in Public History
Units: 4 Max Units: 8 Terms Offered: Sp The ideas and practices of public history explored through a seminar and an internship at a museum, historical society, or archive. Registration Restriction: Not open to Freshman students Instruction Mode: Lecture Grading Option: Letter

HIST 497 Senior Seminar in Early Modern Studies
Units: 4 Terms Offered: Sp (Enroll in ENGL 497)

HIST 498 Seminar on Selected Historical Topics
Units: 4 Max Units: 8.0 Terms Offered: FaSp Advanced study in historical analysis and writing on selected topics and themes. Seminar enrollment limited to 15 students. Recommended Preparation: HIST 201. Instruction Mode: Lecture Grading Option: Letter

HIST 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular Instruction Mode: Lecture Grading Option: Letter

HIST 500 Introduction to Graduate Historical Studies
Units: 4 Terms Offered: Fa Techniques, theories, and sub-disciplines of history. Instruction Mode: Lecture Grading Option: Letter

HIST 501 Studies in Early Medieval History
Units: 4 Terms Offered: Irregular Intensive study of subjects selected from the early Middle Ages, emphasizing source material, bibliography, and historiographic problems. Instruction Mode: Lecture Grading Option: Letter

HIST 502 Studies in Later Medieval History
Units: 4 Terms Offered: Irregular Intensive study of subjects selected from the later Middle Ages, emphasizing source material, bibliography, and historiographic problems. Instruction Mode: Lecture Grading Option: Letter

HIST 508 Studies in the Renaissance
Units: 4 Europe in the Renaissance: sources;
secondary bibliography; and historiography. Instruction Mode: Lecture Grading Option: Letter

HIST 509 Studies in the Reformation
Units: 4 Readings, reports, and discussions of major problems, issues, and interpretations of the Reformation. Instruction Mode: Lecture Grading Option: Letter

HIST 510 Studies in Early Modern European History
Units: 4 Terms Offered: Irregular Readings of major interpretive and historiographical studies on 16th and 17th century British history. Instruction Mode: Lecture Grading Option: Letter

HIST 511 Studies in Early Modern British History
Units: 4 Readings of major interpretive and historiographical studies on 16th and 17th century British history. Instruction Mode: Lecture Grading Option: Letter

HIST 514 Studies in Modern European History, 1789–1914
Units: 4 Terms Offered: Fa Readings and current bibliography in the history of Europe from the French Revolution to the outbreak of World War I; emphasis on cultural history approaches. Instruction Mode: Lecture Grading Option: Letter

HIST 515 Studies in Modern European History: Europe’s 20th Century
Units: 4 Terms Offered: Fa Readings in the history and historiography of Europe in the 20th century. Instruction Mode: Lecture Grading Option: Letter

HIST 517 Studies in Russian History
Units: 4 Terms Offered: Irregular Readings, discussions, and student papers in modern Russian history. Instruction Mode: Lecture Grading Option: Letter

HIST 520 Modernity and Its Visual Cultures
Units: 4 Terms Offered: Sp Western visual culture 1850–1930: historical background of changes in high and popular culture, technological reproducibility, display and spectacularization; recent literature and theoretical approaches. Instruction Mode: Lecture Grading Option: Letter

HIST 525 Studies in British History
Units: 4 Terms Offered: Irregular Selected topics in English and British Empire history with emphasis on the 19th and 20th centuries. Instruction Mode: Lecture Grading Option: Letter

HIST 534 Studies in Modern Japanese History
Units: 4 Selected topics and historiography of modern Japan. Open only to doctoral students. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EALC-534

HIST 535 Studies in Japanese History
Units: 4 Max Units: 8.0 Selected topics in historical problems dealing with Japan. Instruction Mode: Lecture Grading Option: Letter

HIST 536 Studies in Chinese History
Units: 2 or 4 Terms Offered: Irregular Selected topics in historical problems dealing with China. Prerequisite: HIST 340. Instruction Mode: Lecture Grading Option: Letter

HIST 540 Studies in Modern East Asian History
Units: 4 Max Units: 8.0 Terms Offered: Irregular Readings and analysis of a particular theme in modern Asian history, focusing on broad comparative issues like cultural identity, colonialism, nationalism, revolution, or interstate relations. Instruction Mode: Lecture Grading Option: Letter

HIST 544 Feminist Theory for Historians
Units: 4 Terms Offered: Fa Readings in contemporary feminist theory, focused especially on theories that address the construction, writing, and general practice of history. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-544

HIST 546 Comparative History of Women and Gender in the West to 1800
Units: 4 Terms Offered: Fa Topically-focused readings in the comparative history of women and gender in Europe and the Americas before 1800. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-546

HIST 550 Studies in the History of Women, Gender and Sexuality
Units: 4 Max Units: 8.0 Terms Offered: Irregular Readings and current bibliography in the history of women, gender and sexuality. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-551

HIST 554 Readings in Chicano/Latino History
Units: 4 Terms Offered: FaSp (Enroll in AMST 554)

HIST 555 Studies in the American West
Units: 4 Zones of contact — physical, economic, political, ecological, symbolic, cultural, metaphorical — between peoples "west" of the Eurasian land mass since the rise of capitalist global expansion. Instruction Mode: Lecture Grading Option: Letter

HIST 560 Transpacific History
Units: 4 Exploration of the connections and divergences in the Paciﬁc region, 19th century to present. Topics include transnationalism, war, political economy, international relations, immigration, environmentalism, and race. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-522

HIST 561 Historiography of Colonial Mexico
Units: 4 Terms Offered: Fa Introduction to the historiography of Colonial Mexico from 1500 to 1821. Instruction Mode: Lecture Grading Option: Letter

HIST 565 Studies in American International History
Units: 4 Terms Offered: FaSm Readings and analyses of American policies, roles and principles in their interaction with peoples and nations of the world. Instruction Mode: Lecture Grading Option: Letter

HIST 566 Historical Scholarship on North America to 1800
Units: 4 Terms Offered: Fa Introduction to research in the fields of American Indian, colonial America, Atlantic world, and the early United States. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

HIST 567 Historical Scholarship on 19th Century America
Units: 4 Terms Offered: Sp Introduction to historiography and research in the political, economic, social, cultural, and intellectual history of the 19th century United States. Instruction Mode: Lecture Grading Option: Letter

HIST 568 Historical Scholarship on 20th and 21st Century America
Units: 4 Terms Offered: Sp Introduction to historiography and research in the political, economic, social, cultural, and intellectual history of the 20th and 21st century United States. Instruction Mode: Lecture Grading Option: Letter

HIST 575 Studies in 19th Century United States History
Units: 4 Max Units: 8.0 Terms Offered: Fa Intensive readings and bibliography in the Early National, Jacksonian, Civil War, and Post-Civil War periods. Instruction Mode: Lecture Grading Option: Letter

HIST 583 Studies in Urban History
Units: 4 Readings and analyses in the rise of the city and the impact of urbanization from the colonial era to the present. Instruction Mode: Lecture Grading Option: Letter

HIST 584 Seminar in American Social History
Units: 4 Terms Offered: Irregular Creation of communities and societies; industrialization, urbanization, working class life; families, women, ethnicity; immigration; racism, mobility; reform and radicalism, leisure. Instruction Mode: Lecture Grading Option: Letter

HIST 585 Studies in 20th Century American History
Units: 4 Readings and analyses in social and political problems, movements, and issues. Instruction Mode: Lecture Grading Option: Letter

HIST 587 Studies in the Politics of American Popular Culture
Units: 4 Selected themes, theories, and key works in the politics of American popular culture. Instruction Mode: Lecture Grading Option: Letter

HIST 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

HIST 591 Quantitative Historical Research
Units: 4 Terms Offered: Irregular Teaches
statistical concepts, methods, and tools for researching and interpreting the past. Instruction Mode: Lecture Grading Option: Letter

**HIST 592 Historiography**
Units: 4 Terms Offered: Sm Historical criticism; form and mechanics of presenting research; writers of history, their works and philosophies; theories of historical development. Instruction Mode: Lecture Grading Option: Letter

**HIST 593 The Art of Historical Writing**
Units: 4 Terms Offered: Sp An analysis of conventional forms of historical representation and the artistic and scientific challenges to them. Laboratory training in innovative forms of historical writing will be stressed. Instruction Mode: Lecture Grading Option: Letter

**HIST 594a Master's Thesis**
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**HIST 594b Master's Thesis**
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**HIST 594z Master's Thesis**
Units: 0 Terms Offered: FaSp Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**HIST 595x Practicum in Teaching the Liberal Arts**
Units: 2 Terms Offered: Fa Basic principles of history pedagogy, with emphasis on practical applications and the importance of career-long skill development. Required for first semester teaching assistants in history. Instruction Mode: Lecture Grading Option: Credit/No Credit

**HIST 602 Seminar in Ancient History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems. Instruction Mode: Lecture Grading Option: Letter

**HIST 603 Seminar in Medieval European History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems. Instruction Mode: Lecture Grading Option: Letter

**HIST 606 Seminar on Premodern Europe**
Units: 4 Max Units: 8.0 Directed research on topics from late antiquity to the 18th century. Students will work with both their faculty advisers and the course instructor. Instruction Mode: Lecture Grading Option: Letter

**HIST 610 Seminar in Early Modern European History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems concerning the 17th and 18th centuries. Instruction Mode: Lecture Grading Option: Letter

**HIST 615 Seminar in Modern European History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems dealing with Europe since 1789. Instruction Mode: Lecture Grading Option: Letter

**HIST 617 Seminar in Russian History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems. Instruction Mode: Lecture Grading Option: Letter

**HIST 620 Research Seminar on Modern Visual Culture**
Units: 4 Terms Offered: Fa A research seminar focusing on Western visual culture since the mid-18th century. Recommended Preparation: HIST 520. Instruction Mode: Lecture Grading Option: Letter

**HIST 630 Seminar in Japanese History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems. Instruction Mode: Lecture Grading Option: Letter

**HIST 635 Seminar in Chinese History**
Units: 2 or 4 Max Units: 8.0 Terms Offered: Irregular Directed research in historical problems. Prerequisite: HIST 340. Instruction Mode: Lecture Grading Option: Letter

**HIST 650 Seminar on Women's and Family History**
Units: 4 Max Units: 8.0 Terms Offered: Sp Readings, discussions, and directed research on women's and family histories. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-650

**HIST 655 Seminar in Western American History**
Units: 2 or 4 Max Units: 8.0 Selected topics in the history of the American frontier and the West. Instruction Mode: Lecture Grading Option: Letter

**HIST 660 Research Seminar on Transpacific Studies**
Units: 4 Terms Offered: FaSp Enroll in AMST 622

**HIST 670 Illness and Healing in the Modern World**
Units: 4 Terms Offered: Sp Illness and healing in Europe and the Americas since 1492, especially the changing clinical and cultural definitions and responses to disease and ailments. Instruction Mode: Lecture Grading Option: Letter

**HIST 673 Seminar in Early North American History**
Units: 4 Max Units: 8.0 Primary research on issues related to the history of the colonial and early national periods with an emphasis on areas that became the United States. Instruction Mode: Lecture Grading Option: Letter

**HIST 675 Seminar in 19th Century United States History**
Units: 4 Max Units: 8.0 Terms Offered: Sp Research in historical problems of the Antebellum, Civil War, and Post-Civil War periods. Instruction Mode: Lecture Grading Option: Letter

**HIST 680 Seminar in 20th Century United States History**
Units: 4 Max Units: 8.0 Terms Offered: Fa Directed research in historical problems of the Reform, World War I, interwar, World War II, and Post-War periods. Instruction Mode: Lecture Grading Option: Letter

**HIST 700 Historical Explanation and Research Design**
Units: 4 Designed for all doctoral candidates in their last year of course work, this practicum helps students define a dissertation topic and produce a prospectus. Instruction Mode: Lecture Grading Option: Credit/No Credit

**HIST 794a Doctoral Dissertation**
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**HIST 794b Doctoral Dissertation**
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**HIST 794c Doctoral Dissertation**
Units: 2 Terms Offered: FaSp Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Health Care Management**
HMGT 510 The Dynamics of Health Care Leadership
Units: 4 A five-day residential provides an intensive, multi-faceted learning experience in leadership, communication, managed care, systems thinking, and the health care environment. Instruction Mode: Lecture Grading Option: Letter

**HMGT 512 Information Technology and Patient Engagement**
Units: 2 Terms Offered: FaSpSm Strategic management and utilization of healthcare information technology in the delivery of healthcare; patient engagement and the use of technology to facilitate participation in their own care. Registration Restriction: Open only to Executive Master of Health Administration students. Instruction Mode: Lecture Grading Option: Letter

**HMGT 520 Leading People and Health Care Organizations**
Units: 4 Terms Offered: Fa An exploration of contemporary work force issues and skills development in organizational design, performance measurement, teamwork,
and evolving federal and state statutory
collection and analysis of health care issues and provides students with an opportunity to apply economic methods to a number of actual health care problems. Instruction Mode: Lecture Grading Option: Letter

HMGT 540 Health Economics, Financing and Reimbursement
Units: 2 Terms Offered: Fa Provides a framework for the economic analysis of health care settings; legal, financial and reimbursement models in clinical and medical settings. Instruction Mode: Lecture Grading Option: Letter

HMGT 545 Systems Thinking and the Analysis of Data
Units: 4 Quality improvement and statistical tools for health managers. Covers analyzing processes; collecting and analyzing operational data; drawing valid conclusions from data. Instruction Mode: Lecture Grading Option: Letter

HMGT 550 Law, Regulation, and Ethics
Units: 4 An intensive introduction to business and health care law, ethics and regulation; gives executives practical knowledge regarding legal consideration in business transactions. Instruction Mode: Lecture Grading Option: Letter

HMGT 560 Customer-Focused Health Care Organization
Units: 2 Strategies for gaining and using customer-derived data in planning, marketing and managing health care organizations. Instruction Mode: Lecture Grading Option: Letter

HMGT 565 Managing the Organization's Financial Health
Units: 4 Terms Offered: Fa Executives confront and solve problems requiring use of accounting, finance, and management control principles; provides core financial skills for non-finance professionals. Instruction Mode: Lecture Grading Option: Letter

HMGT 570 Strategic Management
Units: 4 Terms Offered: Sm Provides skill development and application in the integrative discipline of strategic management including assessment, strategy formulation, implementation and control. Instruction Mode: Lecture Grading Option: Letter

HMGT 575 Managing and Improving Health
Units: 4 Terms Offered: Sp Methods for monitoring and improving the health of populations. Topics include outcomes management, risk-adjustment, development and implementation of practice guidelines. Instruction Mode: Lecture Grading Option: Letter

HMGT 600 Managing Risk
Units: 2 Terms Offered: FaSp Overview of reimbursement models in clinical and institutional settings; legal, financial and clinical assumption of risk pursuant to new and evolving federal and state statutory and regulatory provisions. Registration Restriction: Open only to EMHA students. Instruction Mode: Lecture Grading Option: Letter

HMGT 601 Operations Management for Accountability
Units: 4 Terms Offered: FaSp Hospital operations in the inpatient/outpatient setting; special emphasis on the growing requirement to more effectively manage across the continuum of care while assuming greater accountability in the delivery of care. Registration Restriction: Open only to EMHA students. Instruction Mode: Lecture Grading Option: Letter

HMGT 602 Operational Efficiency Processes in Health Care Organizations
Units: 2 Terms Offered: FaSp Improving productivity and efficiency of health care organizations combining the application of key operational analysis principles to improve quality, speed and productivity in the delivery of health care. Registration Restriction: Open only to EMHA students. Instruction Mode: Lecture Grading Option: Letter

HMGT 603 Developing and Monitoring of Quality and Patient Safety Outcomes
Units: 2 Terms Offered: Sm Overview of contemporary methods used to develop and monitor patient quality and safety outcomes; develop skill in data collection and analysis of clinical care outcomes; focus on operationalizing outcomes that matter to payers, organizations, and clinicians. Registration Restriction: Open only to EMHA students. Instruction Mode: Lecture Grading Option: Letter

Health Promotion and Disease Prevention Studies
HP 101 Current Issues in Medical Education and Healthcare
Units: 2 Terms Offered: Sp Current critical issues in healthcare delivery; strategies to succeed in medical school and as physicians. Instruction Mode: Lecture Grading Option: Letter

HP 200 Introduction to Health Promotion and Disease Prevention
Units: 4 Terms Offered: Fa Introduction to strategies for promoting health and wellness. Includes self monitoring of health risk behavior, goal setting, and behavior changes. Instruction Mode: Lecture Grading Option: Letter

HP 230 Nutrition and Health
Units: 4 Terms Offered: FaSp Nutrition as it relates to health promotion across the lifespan and disease prevention. Discussion of nutrients, factors affecting food choices, food safety and global nutrition issues. Instruction Mode: Lecture Grading Option: Letter

HP 270 Introduction to Global Health
Units: 4 Terms Offered: Fa Introduction to concepts of global health and disease control. Issues of globalization, global governance, emerging diseases, infectious disease treatment, and outbreak challenges. Instruction Mode: Lecture Grading Option: Letter

HP 290 Introduction to Research Apprenticeship
Units: 2 Max Units: 8.0 Terms Offered: FaSp Individual research apprenticeship in health related fields under supervision of a departmental faculty member. Instruction Mode: Lecture Grading Option: Credit/No Credit

HP 300 Theoretical Principles of Health Behavior
Units: 4 Terms Offered: FaSp Overview and analysis of predictors and consequences of health-related behavior; theoretical viewpoints and strategies for behavior change. Prerequisite: PSYC 100. Recommended Preparation: HP 200; Instruction Mode: Lecture Grading Option: Letter

HP 320 Biological and Behavioral Basis of Disease
Units: 4 Terms Offered: FaSp Examination of the major systems of the human body, disease processes and behavioral risk factors. Prerequisite: BISC 220 or BISC 221. Instruction Mode: Lecture Grading Option: Letter

HP 340L Health Behavior Statistical Methods
Units: 4 Terms Offered: FaSpSm Study of major chronic illnesses and their risk factors as a foundation for discussions about the portrayal of health and illness in entertainment media. Duplicates Credit in the former CNTV 345. Instruction Mode: Lecture Grading Option: Letter

HP 345 Health Issues in Entertainment Media
Units: 4 Terms Offered: FaSpSm Study of major chronic illnesses and their risk factors as a foundation for discussions about the portrayal of health and illness in entertainment media. Duplicates Credit in the former CNTV 345. Instruction Mode: Lecture Grading Option: Letter

HP 350L Health Behavior Research Methods
Units: 4 Terms Offered: FaSpSm Study of major chronic illnesses and their risk factors as a foundation for discussions about the portrayal of health and illness in entertainment media. Duplicates Credit in the former CNTV 345. Instruction Mode: Lecture Grading Option: Letter

HP 365gwp Culture, Lifestyle, and Health
Units: 4 Terms Offered: FaSp Comparison of national and international differences in health status as influenced by cultural practices and lifestyles within geographic, economic, and political environments. Satisfies New General Education in Category C: Social Analysis. Satisfies Global Perspective in Category G: Citizenship in a Diverse World Duplicates Credit in HP 400m Instruction Mode: Lecture Grading Option: Letter

HP 370gwp Introduction to Epidemiology: Methods and Applications
Units: 4 Examines the primary goals and methods of epidemiology, the study of factors that influence health and disease
in individuals and populations. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture Grading Option: Letter

HP 401 Cultural Competence in Medicine
Units: 4 Terms Offered: Fa Systematic development of specific professional skills for providing effective, culturally sensitive health services to diverse populations. Recommended Preparation: ANTH 101. Instruction Mode: Lecture Grading Option: Letter

HP 402 Maternal and Child Health
Units: 4 Terms Offered: Sp Health issues of women of childbearing age from pre-pregnancy through the postpartum period, and of children from their development in utero through early adolescence. Recommended Preparation: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

HP 403 Behavioral Medicine
Units: 4 Terms Offered: Sp Examines behavioral risk factors for illness, health-enhancing and health-compromising behaviors, stress/coping in promoting health and preventing illness, and behavioral management of chronic illness. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

HP 404 Religion and Health
Units: 4 Terms Offered: Fa Differential relationships of religiosity and spirituality with health and risk behaviors, physical and mental health outcomes, coping skills and well-being across cultures and religions. Instruction Mode: Lecture Grading Option: Letter

HP 405 Sexually Transmitted Diseases: A Global Public Health Priority
Units: 4 An overview of the magnitude and impact of STDs including prevention, diagnosis, and treatment of common STDs, STD/HIV interrelationship, global burden, trends, public health challenges, and STD/ HIV prevention and control strategies and programs worldwide. Instruction Mode: Lecture Grading Option: Letter

HP 408 Environmental Health in the Community
Units: 4 Survey of occupational and environmental health. Introduction to epidemiology, exposure assessment, toxicology, policy development, risk assessment, and effects of urban development on health. Instruction Mode: Lecture Grading Option: Letter

HP 409 Environmental Impacts on the Brain
Units: 4 An examination of the physical and chemical factors in the environment that contribute to neurodevelopmental disorders, cognitive function and neurodegeneration. Instruction Mode: Lecture Grading Option: Letter

HP 410 Issues in Prevention and Cessation of Drug Abuse
Units: 4 Terms Offered: Sp Examination of factors related to drug abuse behaviors; overview and assessment of drug abuse prevention and cessation programs; relapse prevention programs. Recommended Preparation: HP 300. Instruction Mode: Lecture Grading Option: Letter

HP 411 Drug Intervention Program Design and Evaluation
Units: 4 Terms Offered: Sp Strategies for drug abuse prevention and intervention; introduction to techniques and research methods used in designing, conducting, and evaluating drug abuse prevention programs. Recommended Preparation: HP 410. Instruction Mode: Lecture Grading Option: Letter

HP 412 Health Promotion and Prevention Policy
Units: 4 Terms Offered: Sp Overview of health promotion and drug prevention policy at local, state, and federal levels; methods for evaluating policy effectiveness and cost effectiveness. Instruction Mode: Lecture Grading Option: Letter

HP 420m Gender and Minority Health Issues
Units: 4 Terms Offered: Fa Examines the nature and roots of health disparities among women, men, and different ethnic and age groups; methods for reducing such disparities; strategies for prevention services. Instruction Mode: Lecture Grading Option: Letter

HP 421 Violence as a Public Health Issue
Units: 4 Terms Offered: Fa Patterns and prevalence of violence; psychosocial, environmental, and biological influences on violent behavior; youth gangs; drugs and violence; family violence; and prevention and intervention strategies. Instruction Mode: Lecture Grading Option: Letter

HP 422 AIDS in Society
Units: 4 Terms Offered: Sp Provides a broad examination of issues in HIV/AIDS, including behavioral, social, biological, clinical and ethical dimensions of the pandemic in the U.S. and elsewhere. Instruction Mode: Lecture Grading Option: Letter

HP 430 Obesity and Health
Units: 4 Terms Offered: Fa Examination of causes and consequences of obesity, with emphasis on health risks of type II diabetes and cardiovascular disease. Recommended Preparation: HP 230. Instruction Mode: Lecture Grading Option: Letter

HP 431 Behavior and Education Strategies for Nutrition and Fitness
Units: 4 Terms Offered: Sp Examination of dietary intake and exercise behaviors as they relate to health and illness; methods for measuring diet and exercise. Recommended Preparation: HP 430. Instruction Mode: Lecture Grading Option: Letter

HP 432 Clinical Nutrition
Units: 4 Terms Offered: Irregular Metabolism of carbohydrates, fats and protein; introduction to vitamins, minerals and dietary modifications in various pathological conditions. Prerequisite: CHEM 105a; Recommended Preparation: HP 230. Instruction Mode: Lecture Grading Option: Letter

HP 433 Advanced Topics in Nutrition
Units: 4 Terms Offered: Sp In-depth discussion of vitamins and minerals and their role in human nutrition; introduction to the role of vitamins and minerals in selected pathological conditions. Prerequisite: HP 432. Instruction Mode: Lecture Grading Option: Letter

HP 434 Physical Activity and Health
Units: 4 Terms Offered: FaSpSm Examination of the health impacts of physical inactivity; participation rates across subgroups; physical activity determinants; and interventions, programs, and policies to promote physical activity. Recommended Preparation: HP 200. Instruction Mode: Lecture Grading Option: Letter

HP 440 Happiness, Well-Being, and Health
Units: 4 Terms Offered: Sp Examines human strengths that promote happiness/well-being and whether they influence physical health; body-mind relationships; and strategies for promoting hope, resilience, and quality of life. Recommended Preparation: HP 200, PSYC 100. Instruction Mode: Lecture Grading Option: Letter

HP 441 Health Promotion in the Workplace
Units: 4 Terms Offered: Fa Covers phases of workplace health promotion; research, design, implementation and evaluation; concerns regarding escalating medical costs and the role of health promotion in offering solutions. Instruction Mode: Lecture Grading Option: Letter

HP 442 Chronic Disease Epidemiology
Units: 4 Terms Offered: Sp Overview of causative factors and demographic distributions of the major chronic diseases in the western world; epidemiologic concepts and research designs. Recommended Preparation: HP 320. Instruction Mode: Lecture Grading Option: Letter

HP 443 Communicating Health Messages and Medical Issues
Units: 4 (Enroll in COMM 443)

HP 446 Poisons, People, and Politics
Units: 4 Terms Offered: Fa Case studies of toxic exposures and investigation of the role of government, scientists, labor and industry in protecting against health threats caused by toxic exposures. Instruction Mode: Lecture Grading Option: Letter

HP 448 Global Environmental Changes and Health
Units: 4 Terms Offered: FaSpSm Discussion of global environmental changes, including climate change, air pollution, water pollution, radiation, and their impacts on human health. Instruction Mode: Lecture Grading Option: Letter

HP 450 Traditional Eastern Medicine and Modern Health
Units: 4 Terms Offered: Fa Overview of traditional Eastern approaches toward health and disease; relevance to modern health issues, emphasizing a comparison between traditional Chinese and modern Western medicine. Recommended Preparation: fundamentals of medicine. Instruction Mode: Lecture Grading Option: Letter

HP 460 Adolescent Health
Units: 4 Terms Offered: Fa Survey of the development of healthy and the prevention of health-risk behaviors during adolescence. Prevention and promotion techniques will be explored emphasizing cultural differences. Instruction Mode: Lecture Grading Option: Letter

HP 465 Health Status of Indigenous Peoples of America
Units: 4 Terms Offered: FaSpSm Survey of indigenous people's health, including health conditions, special cultural and ethical considerations, the Indian health system, and the politics of indigenous health. Instruction Mode: Lecture Grading Option: Letter

HP 470 Case Studies in Global Health
Units: 4 Terms Offered: Sp Case study examination of programs and organizational structure underlying current international efforts addressing problems related to infectious disease, chronic disease, global environmental change, emergencies and emerging disease epidemics. Prerequisite: HP 270. Instruction Mode: Lecture Grading Option: Letter

HP 480 Internship in Health Promotion and Disease Prevention
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Field placement in a community agency such as a county health services agency, a not for profit voluntary agency or a health care setting. Prerequisite: completion or concurrent registration in required core courses. Instruction Mode: Lecture Grading Option: Credit/No Credit

HP 483 Global Health and Aging
Units: 4 Terms Offered: Fa (Enroll in GERO 483)

HP 485 Global Health: Obesity and Nutrition
Units: 4 Terms Offered: FaSpSm Overview of the epidemiology of obesity and related diseases and the etiology of obesity, including genetic, biological, behavioral, environmental and sociocultural correlations. Instruction Mode: Lecture Grading Option: Letter

HP 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Recommended Preparation: HP 350. Corequisite: HP 340; Instruction Mode: Lecture Grading Option: Letter

HP 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Lecture and discussion focused on specific topics within health promotion and disease prevention. Course topic will vary from semester to semester. Instruction Mode: Lecture Grading Option: Letter

Human Resource Management

HRM 500 Human Resource Strategy
Units: 2 Terms Offered: FaSpSm Explores the strategic role that human resources management plays in providing organizations with sustained competitive advantages by unlocking the productive potential of employees’ human and social capital. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 505 Organizational Culture and Employee Outcomes
Units: 2 Terms Offered: FaSpSm Prepares students to create, foster, and manage organizations in which people thrive and perform at their best in order to retain talent and reduce costs in a sustainable way. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 510 Leadership in Human Resources
Units: 2 Terms Offered: FaSpSm Focuses on developing the critical social intelligence skills needed to lead people and change through increased self-awareness, understanding of interpersonal differences, and greater influence. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 515 Organization Design
Units: 2 Terms Offered: FaSpSm Students with a deeper understanding of how to design and develop organizations to increase performance and effectiveness and includes sections on strategy, work, and management processes. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 520 Talent Management
Units: 2 Terms Offered: FaSpSm Examines talent management processes that impact employee experience and engagement and explores ways to improve data driven decision making processes including workforce and succession planning. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 525 Total Rewards
Units: 2 Terms Offered: FaSpSm Provides a comprehensive look at the employee rewards strategies that human resource practitioners promote and manage including compensation, performance management, benefits, and non-monetary rewards. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 530 Learning and Development
Units: 2 Terms Offered: FaSpSm Prepares students to identify, design, and implement effective learning and development interventions and strategies that drive results and enhance organizational competitiveness. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 535 Employee Relations
Units: 2 Terms Offered: FaSpSm Applies practical approaches to building positive employee and labor relations and solving related problems through increased employee motivation, effectiveness, and retention. Registration Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 540 Human Resources Analytics
Units: 2 Terms Offered: FaSpSm Examines and emphasizes strategies and techniques to enable improved organizational and human capital decisions by directing the organizational analytics for more actionable insights. Registration Restriction: Only open to USC Bovard College Students Credit Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 545 Management of Diverse and Global Human Resources
Units: 2 Terms Offered: FaSpSm Analyzes global diversity in today's environment, fostering a broad understanding of diversity and inclusion and the impact of diversity, inclusion, and inclusive behaviors on organizations. Registration Restriction: Only open to USC Bovard College Students Instruction Mode: Lecture Grading Option: Letter

HRM 550 Change Management and Organization Development
Units: 2 Terms Offered: FaSpSm Identifies the common challenges in organizational change management and explores the limitations and opportunities of different models of organizational change. Prerequisite: HRM 515 Registration Restriction: Only open to USC Bovard College Students Credit Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

HRM 555 Anticipating the Future of Human Resources
Units: 2 Terms Offered: FaSpSm Explores the forces and emerging trends that are reshaping work, the workforce and workplace – and how to address these transformational changes and be effective as a Human Resources leader. Registration Restriction: Only open to USC Bovard College students Credit Restriction: Only open to USC Bovard College students Instruction Mode: Lecture Grading Option: Letter

Integrated Design, Business and Technology

IDSN 505 Intensive
Units: 0.5, 1, 1.5, 2 Max Units: 6 Optional short-term, primarily residential, learning experience paired with an event/activity. Intensive experience aligns with and extends the cross-disciplinary nature of the program. Recommended Preparation: IDSN 510 and IDSN 540 Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 510 Integrative Practices Residential
Units: 2 Terms Offered: FaSpSm One-week campus residential. Introduction to program themes, content, concepts, theories, and processes. Opportunity to build skills and meet cohort, with an emphasis on team building. Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Credit/No Credit

IDSN 515 Professional Practices Residential
Units: 2 Terms Offered: Sm One-week off-campus residential. Visit WIRED headquarters, cultural venues, and businesses. Applied, intensive workshop format focused on solutions for real-world problems with input from industry experts. Recommended Preparation: IMSN 510, IMSN 520, IMSN 525, IMSN 540, IMSN 540 Registration Restriction: Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 520 Design Essentials
Units: 3 Overview of design language, process and product. Build fluency in applying core visual principles and design-based problem-solving techniques. Explore historical and contemporary design issues. Recommended Preparation: IMSN 510 Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 525 Business Essentials
Units: 3 Overview of general business and management concepts and techniques that builds theoretical and analytical fluency and identifies and examines leadership and managerial challenges. Recommended Preparation: IMSN 510 Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 530 Technology Essentials
Units: 3 Overview of core information technology concepts, methods, and frameworks. Develop aptitude in using tools, applications and systems; learn basic programming languages and methodologies. Recommended Preparation: IMSN 510 Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 540 Processes and Perspectives
Units: 4 Terms Offered: FaSpSm Discipline-specific, cross-disciplinary, and shared approaches to exploring visual, written, and spoken storytelling using digital modalities. Topics include communication theory, narrative structures and content creation. Recommended Preparation: IMSN 510 and IMSN 540 Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 540 Decision and Solutions
Units: 4 Terms Offered: FaSpSm Generate portfolio of solutions for a given "problem." Explore solutions and decisions, mechanisms for reducing uncertainty and risk. Includes quantitative and qualitative techniques. Recommended Preparation: IMSN 510 and IMSN 540 Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

IDSN 585 Capstone
Units: 3 Faculty mentored, applied project with individual and team components. Implement a prototype solution to a problem. Deploy relevant tools, methods, and processes learned throughout the program. Recommended Preparation: All prior required courses (excluding concurrent courses) Registration Restriction: Open only to Integrated Design, Business and Technology majors Instruction Mode: Lecture Grading Option: Letter

Media Arts and Practice
Note: Instructor availability for a particular course or section cannot be guaranteed.

IML 104 Introduction to Digital Studies
Units: 2 Terms Offered: FaSpSm An introduction to the expressive range of screen languages in their cultural, historical, and technological contexts. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 140 Workshop in Multimedia Authoring
Units: 2 Terms Offered: FaSpSm Introduction to the expressive potential of multimedia as a critical and creative tool, supplementing traditional forms of academic work. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 201 The Languages of Digital Media
Units: 4 Terms Offered: FaSpSm An in-depth investigation of the close interrelationships among technology, culture and communication to form a solid foundation for digital authoring. Duplicates Credit in former IML 101. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 202 Media Arts and Practice Studio 1
Units: 2 Terms Offered: Fa Intermediate laboratory exploring the foundations of visual culture through a series of critical design prompts. Emphasis on the creative process, project documentation and the development of a personal design methodology. Prerequisite: IML 201 Registration Restriction: Open only to Media Arts and Practice students. Duplicates Credit in the former IML 102 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 203 Media Arts and Practice Studio II
Units: 2 Terms Offered: Sp Intermediate laboratory exploring computational systems through a series of critical design prompts. Emphasis on digital representation, time-based processes, abstract data and the relationship between humans and computers. Prerequisite: IML 202 Registration Restriction: Open only to Media Arts and Practice students. Duplicates Credit in the former IML 103 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 230 Fundamentals of Media Design
Units: 2 Terms Offered: FaSpSm Introduction to the methods of visual design with respect to digital media authorship. Exploring the creative process through various conceptual workflows and hands-on techniques. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 288 Critical Thinking and Procedural Media
Units: 2 Terms Offered: FaSpSm Investigation of the potentials of computational media to define new aesthetics, modes of representation and structures of communication. Duplicates Credit in IML 388 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 2951.m Race, Class and Gender in Digital Culture
Units: 4 Terms Offered: FaSpSm Critical analysis of the categories of race, class and gender within the diverse digital spaces of contemporary culture, from video games to the digital divide. Instruction Mode: Lecture, Lab Required Grading Option: Letter

IML 300 Reading and Writing the Web
Units: 2 Terms Offered: FaSpSm An introduction to a broad range of technical and theoretical issues surrounding the production of web-based content. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 309 Integrative Design for Mobile Devices
Units: 4 Terms Offered: FaSpSm Hands-on investigation of opportunities and challenges offered by mobile interaction within both cultural and ideological contexts. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 310 Professionalism for Media Arts
Units: 2 Terms Offered: FaSpSm Development of documentation and archival strategies, with an emphasis on techniques of personal and professional representation. Prerequisite: IML 300 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 320 Designing and Writing for Transmedia Narratives
Units: 4 Terms Offered: FaSpSm
a story that uses three or more digital platforms (video, social media, games, comics, et cetera) with strategies drawn from entertainment, art and activism. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 328 Sonic Media Art
Units: 2 Terms Offered: FaSp Survey of audio culture and sound technologies, focusing on developing sonic literacy and creating artwork using sound as a primary modality. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 335 Digital Narrative Design I
Units: 2 Terms Offered: FaSp An introduction to audio and video techniques for digital storytelling across various platforms. Students will create multiple short-form projects using contemporary tools and technologies. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 340 Remixing the Archive
Units: 4 Max Units: 8 Terms Offered: FaSp An intermediate level course which approaches digital archival material from multiple perspectives, in order to develop new avenues of expression, education, and research. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 346 Methods in Digital Research
Units: 2 Terms Offered: FaSpSm Emphasizing rigorous multimedia research and authorship strategies, this course prepares students to undertake large-scale digital projects. Prerequisite: IML 104 or IML 201 Registration Restriction: Open only to juniors and seniors Instruction Mode: Lecture, Lab Grading Option: Letter

IML 354 Introduction to 3-D Modeling
Units: 2 Terms Offered: FaSpAn introduction to the history, theory and critical context of 3-D spatial representation, as well as foundational authoring skills in modeling interactive 3-D spaces. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 365 Future Cinema
Units: 4 Terms Offered: FaSp Examination of the history of cinematic experimentation to provide a framework for understanding contemporary virtual reality, augmented reality, interactive installations and large-scale urban screens. Instruction Mode: Lecture Grading Option: Letter

IML 385 Design Fiction and Speculative Futures
Units: 4 Terms Offered: FaSp The history, theory and methods of design fiction, focusing on design videos and physical prototypes as tools for exploring contemporary social, political and ethical life. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 400 Creative Coding for the Web
Units: 4 Terms Offered: FaSp Analysis and development of scholarly media projects using diverse web authoring strategies, technologies and documentation. Prerequisite: IML 300. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 404 Tactical Media
Units: 4 Terms Offered: FaSp Examination of existing and emergent media technologies, focusing on creative and critical tactics for empowering users to explore the full potentials of software and hardware. Prerequisite: IML 288 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 420m New Media for Social Change
Units: 4 Max Units: 8 Terms Offered: FaSp Creating real social change through multimedia, working in collaboration with a local nonprofit organization. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 422 Information Visualization
Units: 4 Terms Offered: FaSp Visualizing information through diverse media platforms, with a focus on critical analysis and hands-on visualization. Duplicates Credit in the former IML 222 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 428 Exploring and Creating Sonic Environments
Units: 4 Terms Offered: FaSp Exploration of spatial sound practices, focusing on sound installation art, sonic visualization and audio storytelling techniques. Prerequisite: IML 328 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 435 Digital Narrative Design II
Units: 4 Terms Offered: FaSp Exploration of advanced techniques in digital audio and video storytelling. Emphasis on nonlinearity, computer graphics, sound design and networked media. Prerequisite: IML 335 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 436 Hypercinemas Studio
Units: 4 Terms Offered: FaSpA hands-on exploration of emerging cinematic technologies, situated within a historical context through both theoretical and practical analysis. Prerequisite: IML 335 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 440 Interdisciplinary Thesis
Units: 4 Terms Offered: FaSp Production of an interdisciplinary digital thesis project. Open to students in the Honors in Multimedia Scholarship Program only. Prerequisite: IML 346 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 441 Thesis Project I
Units: 2 Terms Offered: Fa The exploration of theoretical and practical concerns of advanced digital media authorship. Prerequisite: IML 346. Registration Restriction: Open only to Media Arts and Practice majors. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 444 Thesis Project II
Units: 2 Terms Offered: Sp Production of a digital thesis project. Prerequisite: IML 441. Registration Restriction: Open only to Media Arts and Practice majors. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 450 Critical Play and Documentary Games
Units: 4 Terms Offered: FaSp Investigation of the history and theory of games designed to prompt social change, with a hands-on component in the creation of documentary game projects. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 454 Advanced Techniques of Spatial Representation
Units: 4 Terms Offered: FaSpStudio class exploring spatial perception and advanced techniques of 3-D representation, stereoscopy, panorama, projection mapping, modeling for real-time environments, parametric modeling, and 3-D fabrication. Prerequisite: IML 354 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 456 Nature, Design and Media
Units: 2 Terms Offered: FaSp Investigation of the impact of natural patterns on digital media design. Explores the relationships among chaos, harmony, beauty, proportion, spirituality, holistic systems and shaped experience. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 458 The Embedded Story: Designing Digital Landscapes and Languages
Units: 2 Terms Offered: FaSp Exploration of the imagined territories where language and landscape originate, converge and are transformed. Students will collaborate to create media in cross-platform environments. Prerequisite: CTPR 457 or IML 456 Instruction Mode: Lecture, Lab Grading Option: Letter

IML 466 Digital Studies Symposium
Units: 2 Terms Offered: FaSp Lectures, presentations, and readings introducing cutting-edge digital media innovations and applications. Analysis of the critical and creative challenges of contemporary digital media practices. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 475 Media Arts Research Lab
Units: 2, 3, 4 Max Units: 8 Terms Offered: FaSpSm A hands-on mentored research lab experience within the context of media art and in association with a real-world project. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 477 Embodied Storytelling and Immersive Docu-Narratives
Units: 4 Terms Offered: FaSp Examination of art, media, and theatre, to create an immersive, installation-based intervention utilizing the embodied 360-degree documentary form. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12 Terms Offered: FaSpSm Individual research and readings. Prerequisite: IML 104 or IML 201 Instruction Mode: Lecture Grading Option: Letter

IML 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics in multimedia literacy. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 500 Digital Media Tools and Tactics
Units: 2 Max Units: 4.0 Terms Offered: FaSpSm Introduction to digital scholarship at the graduate level, with a focus on media research ecologies, online portfolios and distributed scholarly presence. Open only to graduate students. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 501L Seminar in Contemporary
Digital Media
Units: 4 Terms Offered: FaSpSm An in-depth examination of the development of digital technologies in their cultural and historic contexts, with equal emphasis on digital analysis and production. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture, Lab Required Grading Option: Letter

IML 502 Techniques of Information Visualization
Units: 4 Terms Offered: FaSpSm Critical and practical analysis of scholarly data visualization using diverse platforms. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 520 Non-Fiction Cinematic Practice I
Units: 2 Terms Offered: Fa: An introduction to video in academic scholarship. Acquisition and editing of images and sound through a series of short, non-fiction media projects. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 521 Non-Fiction Cinematic Practice II
Units: 2 Terms Offered: Sp: Deepening skills in audio/video storytelling methods through a semester-long, non-fiction media project. Prerequisite: IML 520. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 535 Tangible Computing in the Humanities and Sciences
Units: 4 Terms Offered: Fa: Study and creation of scholarly multimedia projects integrating hardware, software and interactivity to consider new forms for scholarly expression within the realm of pervasive computing. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 543 Transdisciplinary Media Design Practicum
Units: 4 Max Units: 8 Terms Offered: FaSpSm Collaboration of artists and designers with non-art professionals to develop cross-disciplinary, media-based creative interventions. Recommended Preparation: CTIN 503 and CTIN 541. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 555 Digital Pedagogies
Units: 4 Terms Offered: FaSpSm An exploration of varied pedagogical approaches and strategies informed by critical engagement with digital media and networked technologies. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 575 Graduate Media Arts Research Lab
Units: 2, 3, 4 Max Units: 8 Terms Offered: FaSpSm A hands-on mentored graduate research lab experience within the context of media art and in association with a real-world project. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 585 Creative Critical Writing Workshop
Units: 2 Max Units: 4 Terms Offered: FaSpSm A writing workshop to explore innovative forms for critical writing, media-rich writing and video that borrow from creative nonfiction, the lyric essay, poetic/vernacular criticism. Instruction Mode: Lecture Grading Option: Letter

IML 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 599 Special Topics
Units: 2, 3, 4 Max Units: 8 Terms Offered: FaSpSm Detailed investigation of new or emergent practices in digital media; special subjects offered by visiting faculty; experimental subjects. Instruction Mode: Lecture Grading Option: Letter

IML 600 Historical Approaches to Media Arts and Culture
Units: 4 Terms Offered: FaSpSm Introduction to the historical specificities of "old" media (painting, print, photography, film, video, television) and to consequences of the convergences produced by "new" media forms. Duplicates Credit in former CNTV 600. Instruction Mode: Lecture Grading Option: Letter

IML 601 Seminar in Media and Design Studies
Units: 4 Terms Offered: FaSpSm Creation of a work of digital culture, informed by cultural theory, and planned using current design methods and practices. Duplicates Credit in former CNTV 601. Instruction Mode: Lecture Grading Option: Letter

IML 602 Practice of Media Arts
Units: 4 Max Units: 8 Terms Offered: FaSpSm Orientation to the profession, opportunities, presentation and analysis of recent developments and applications in Media Arts and Practice. Duplicates Credit in former CNTV 602. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 603 Media Arts and Practice Colloquium/Professional Seminar
Units: 1 Max Units: 2 Terms Offered: FaSpSm Orientation to the profession, opportunities, presentation and analysis of recent developments and applications in Media Arts and Practice. Duplicates Credit in former CNTV 603. Instruction Mode: Lecture Grading Option: Credit/No Credit

IML 604 Theories of Media Arts and Practice
Units: 4 Terms Offered: FaSpSm Develops an anti-essentialist theory of technology adequate to the digital age that serves as a conceptual and critical framework for developing a contemporary technological imagination. Duplicates Credit in former CNTV 604. Instruction Mode: Lecture Grading Option: Letter

IML 605 Cinema to Post-Cinema and Beyond: History, Theory, Practice
Units: 4 Terms Offered: FaSpSm Introduction to contemporary media theory, with attention to posthumanism, networks, and the post-cinematic, and a demonstration of these concepts in media art. Instruction Mode: Lecture, Lab Grading Option: Letter

IML 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in CNTV 794a. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

IML 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in CNTV 794b. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

IML 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in CNTV 794c. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

IML 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in CNTV 794d. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Interdisciplinary — Developmental Dentistry

INDD 501 Applied Growth and Development
Units: 1 Clinical relevance of chronological and biological assessment of maturation related primarily to diagnosis and prognosis. Instruction Mode: Lecture Grading Option: Letter

INDD 650a Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter

INDD 650b Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter

INDD 650c Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter

INDD 650d Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter
INDS 650e Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each Assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter

INDS 650f Directed Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each Assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter

INDS 650g Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INF 510 Principles of Programming for Informatics

INF 519 Foundations and Policy for Information Security
Units: 4 Threats to information systems; technical and procedural approaches to threat mitigation; policy specification and foundations of policy for secure systems; mechanisms for building secure security services; risk management. Recommended Preparation: Background in computer security preferred. Recommended previous
courses of study include computer science, electrical engineering, computer engineering, management information systems, and/or mathematics. Instruction Mode: Lecture Grading Option: Letter

INF 520 Foundations of Information Security
Units: 3 Threats to information systems; technical and procedural approaches to threat mitigation; secure system design and development; mechanisms for building secure security services; risk management. Recommended Preparation: Background in computer security preferred. Recommended previous courses of study include computer science, electrical engineering, computer engineering, management information systems, and/or mathematics. Instruction Mode: Lecture Grading Option: Letter

INF 521 Application of Cryptography to Information Security Problems
Units: 3 Application of cryptography and cryptanalysis for information assurance in secure information systems. Classical and modern cryptography. Developing management solutions. Recommended Preparation: Previous degree in computer science, mathematics, computer engineering, or informatics; understanding of number theory and programming background are helpful. Instruction Mode: Lecture Grading Option: Letter

INF 522 Policy: The Foundation for Successful Information Assurance
Units: 3 Policy as the basis for all successful information system protection measures. Historical foundations of policy and transition to the digital age. Detecting policy errors, omissions and flaws. Recommended Preparation: Background in computer security, or a strong willingness to learn. Recommended previous courses of study include degrees in computer science, electrical engineering, computer engineering, management information systems, and/or mathematics. Instruction Mode: Lecture Grading Option: Letter

INF 523 Computer Systems Assurance
Units: 4 Assurance that an information system will behave as expected; assurance approaches for fielding secure information systems; case studies. Recommended Preparation: INF 519. Recommended Preparation: Prior degree in computer science, electrical engineering, computer engineering, management information systems, and/or mathematics. Some background in computer security preferred. Instruction Mode: Lecture, Discussion Grading Option: Letter

INF 524 Distributed Systems and Network Security
Units: 3 Fundamentals of information security in the context of distributed systems and networks. Threat examination and application of security measures, including firewalls and intrusion detection systems. Prerequisite: INF 521; Recommended Preparation: Prior degree in computer science, mathematics, computer engineering, or informatics. It is recommended that students have a working understanding of communication networks and computer architecture, and some programming facility. Instruction Mode: Lecture Grading Option: Letter

INF 525 Trusted System Design, Analysis and Development
Units: 4 Analysis of computer security and why systems are not secure. Concepts and techniques applicable to the design of hardware and software for Trusted Systems. Prerequisite: INF 519 Instruction Mode: Lecture Grading Option: Letter

INF 526 Secure Systems Administration
Units: 4 The administrator's role in information system testing, certification, accreditation, operation and defense from cyber attacks. Security assessment. Examination of system vulnerabilities. Policy development. Prerequisite: CSCI 530 Recommended Preparation: Previous degree in computer science, mathematics, computer engineering, informatics, and/or information security undergraduate program. Also, it is highly recommended that students have successfully completed course work involving policy and network security. Instruction Mode: Lecture, Lab Grading Option: Letter

INF 527 Secure Systems Engineering
Units: 3 The process of designing, developing and fielding secure information systems. Developing assurance evidence. Completion of a penetration analysis. Detecting architectural weaknesses. Case studies. Prerequisite: INF 525; Recommended Preparation: Previous degree in computer science, mathematics, computer engineering, or informatics; moderate to intermediate understanding of the fundamentals of information assurance, and distributed systems and network security. Knowledge and skill in programming. Instruction Mode: Lecture Grading Option: Letter

INF 528 Computer Forensics
Units: 4 Presentation of identification, extraction and documentation of computer evidence stored on a computer. Data recovery; File System Analysis; Investigative Techniques and Methodologies; Forensic Reports and Presentations. Instruction Mode: Lecture, Lab Grading Option: Letter

INF 529 Security and Privacy in Informatics
Units: 4 Covers societal implications of information privacy and how to design systems to best preserve privacy. Recommended Preparation: General familiarity with the use of common Internet and mobile applications. Instruction Mode: Lecture Grading Option: Letter

INF 529 Introduction to Computational Thinking and Data Science
Units: 4 Introduction to data analysis techniques and associated computing concepts for non-programmers. Topics include foundations for data analysis, visualization, parallel processing, metadata, provenance, and data stewardship. Recommended Preparation: Mathematics and logic undergraduate courses Instruction Mode: Lecture Grading Option: Letter

INF 530 Overview of Data Informatics in Large Data Environments
Units: 4 Fundamentals of big data informatics techniques. Data lifecycle; the data scientist; machine learning; data mining; NoSQL databases; tools for storage/processing/analytics of large data set on clusters; in-data techniques. Recommended Preparation: A basic understanding of engineering principles and programming language is desirable. Instruction Mode: Lecture Grading Option: Letter

INF 531 Foundations of Data Management
Units: 4 Terms Offered: FaSp Function and design of modern storage systems, including cloud; data management techniques; data modeling; network attached storage, clusters and data centers; relational databases; the map-reduce paradigm. Recommended Preparation: Understanding of networks and databases; experience with probability, statistics, and programming Duplicates Credit in INF 559 Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI 537

INF 532 Machine Learning for Data Informatics
Units: 4 Terms Offered: FaSp Practical applications of machine learning techniques to real-world problems. Uses in data mining and recommendation systems and for building adaptive user interfaces. Instruction Mode: Lecture Grading Option: Letter

INF 533 Foundations and Applications of Data Mining
Units: 4 Data mining and machine learning algorithms for analyzing very large data sets. Emphasis on Map Reduce. Case studies. Recommended Preparation: INF 551 and INF 552. Probability, linear algebra, basic programming, and machine learning Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI 541

INF 535 Information Visualization
Units: 4 Crosslisted as CSCI 541. Graphical depictions of data for communication, analysis, and decision support. Cognitive processing and perception of visual data and visualizations. Designing effective visualizations. Implementing interactive visualizations. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI 560

INF 536 User Interface Design, Implementation, and Testing
Units: 4 Terms Offered: FaSp Understand and apply user interface theory and techniques to design, build and test responsive applications that run on mobile devices and/or desktops. Recommended Preparation: Knowledge of data management, machine learning, data mining, and data visualization. Instruction Mode: Lecture Grading Option: Letter

INF 555 User Experience Design and Strategy
Units: 4 Terms Offered: FaSp The practice of User Experience Design and Strategy principles for the creation of unique and compelling digital products and services. Recommended Preparation: Basic familiarity with web development and/or graphic design using a digital layout tool Instruction Mode:
INF 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Terms Offered: FaSpSm Research leading to the master’s degree; maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
INF 599 Special Topics
Units: 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5, 5.5, 6, 6.5, 7, 7.5, 8 Max Units: 8 Course content to be selected each semester from recent developments in informatics. Instruction Mode: Lecture Grading Option: Letter

Interdisciplinary — Basic Science
INTB 504 Human Craniofacial Development and Genetics
Units: 3 Principles of human embryology and genetics; craniofacial developmental biology; molecular genetics, cytogenetics, clinical orofacial genetics, genetic counseling; bioethics. Instruction Mode: Lecture Grading Option: Letter

INTB 521 Basic and Medical Microbiology
Units: 2 Fundamentals of microbial structure, growth and physiology; major bacterial, viral and fungal diseases, symptoms, course, control and treatment; emphasis on diseases related to dental management. Instruction Mode: Lecture Grading Option: Letter

INTB 601 Advances in Oral Biology
Units: 2 Review of basics of scientific methodology; comparison between and indications for scientific studies and case reports; critical review of current dental literature. Instruction Mode: Lecture Grading Option: Letter

INTB 603 Systematic Approach to Scientific Writing
Units: 2 Study of dental research publication and review of writing principles; focus on logical arrangement of information, avoidance of common writing flaws, attainment of syntactical fluency. Instruction Mode: Lecture Grading Option: Letter

INTB 604 Clinics in Craniofacial Malformation
Units: 2 Diagnosis, treatment, and rehabilitation of craniofacial malformations; principles of health care of craniofacial malformation patients. Includes hospital clinical observation. Instruction Mode: Lecture Grading Option: Letter

INTB 650a Directed Dental Research Participation
Units: 1, 2, 3, 4, 5, 6 each Assist in research in basic science, biomedical, or clinical dental areas. Experience in research strategy, design and methods using practical scientific problem solving. Instruction Mode: Lecture Grading Option: Letter

INTB 650b Dental Research Participation
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty supervision; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTB 660a Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty supervision; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTB 660b Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty supervision; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
Course Offering: Credit/No Credit

**INTB 690c Directed Dental Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTB 690d Directed Dental Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTB 690e Directed Dental Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTB 690f Directed Dental Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

**Interdepartmental Medicine**

**INTD 500 Ethics and Accountability in Biomedical Research**
Units: 1
Terms Offered: Sm
The purpose of this course is to engage current (and potential) research trainees in discussions about the responsible conduct of science. The course is designed as an option for meeting current federal regulations which require that all predoctoral and postdoctoral fellows paid from federal contracts and grants have a component of ethical training. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 501 Recent Advances in Vision Science**
Units: 1
Max Units: 4
Terms Offered: FaSp
Recent advances in the understanding of the ocular surface are reported and discussed; students will learn how to read papers critically, develop speaking skills to explain a research paper and attend a three-day workshop on NIH proposal development and scientific manuscript preparation. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 504 Molecular Biology of Cancer**
Units: 4, 2 years
Terms Offered: Sp
Epidemiology, pathobiology, carcinogenesis, tumor biology and heterogeneity; retroviruses, oncogenes, cell cycle control, genetics of cancer, tumor immunology; treatment strategies. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC 504, CBG 504, MICB 504

**INTD 522 Infection and Host Responses**
Units: 4
Terms Offered: Sp
Overview of microbes, their life cycles and the host response they elicit, evade or exploit, including the manipulation and the malfunction of the immune system. Instruction Mode: Lecture Grading Option: Letter Crosslisted as MICB-522

**INTD 531 Cell Biology**
Units: 4
Terms Offered: FaSp
Current perspectives on major research areas in cell biology. Emphasis will be on in-depth examination of cellular structures, regulatory processes, intra-cellular routing and targeting, and cell/environmental interactions. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC-531, CNB-531, MICB-531, MPTX-531, PATH-531, PHBI-531, PSCI-531

**INTD 535 Continuing Introduction to Clinical Medicine for MD/PhD Students**
Units: 1
Terms Offered: FaSp
Course for MD/PhD students in PhD years designed to allow maintenance and improvement of clinical skills prior to re-entry in clinical rotations in the Year III medical curriculum. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 537 The Structure of Scientific Revolutions in Molecular Biology**
Units: 1
Terms Offered: FaSp
Irregular A course in how scientists make breakthrough discoveries and whether there are predictable ingredients for significant changes in perception of the living system. Recommended Preparation: one year in cell and molecular biology. Registration Restriction: Open only to graduate-level students in any of the biological sciences. Instruction Mode: Lecture Grading Option: Letter

**INTD 549 Protein Chemistry — Structure and Function**
Units: 4
Terms Offered: Sp
Chemistry of peptides and proteins; protein structure and folding; molecular basis of protein action. Recommended Preparation: general biochemistry. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC-549

**INTD 550 Introduction to Pathology**
Units: 4
Terms Offered: FaSp
Normal histology and introduction to basic pathological concepts. Provides a solid and basic understanding of normal structures and how they relate to function. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PATH-550

**INTD 551 Pathobiology of Disease**
Units: 4
Terms Offered: Sp
Relationship between histopathological and clinical manifestations of disease and their underlying molecular mechanisms. Topics include inflammatory, developmental, environmental, degenerative, and neoplastic disease processes. Recommended Preparation: INTD 550. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PATH-551

**INTD 555 Biochemical and Molecular Bases of Disease**
Units: 4
Biochemical and molecular abnormalities in disease states. Required Preparation: general biochemistry. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC-555, PATH-555

**INTD 561 Molecular Biology**
Units: 4
Terms Offered: FaSp
Molecular biology of replication, transcription, RNA processing, translation, and regulation of gene expression with emphasis on multicellular eukaryotic organisms and comparisons to prokaryotes. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC-561, CBY-561, CNB-561, MICB-561, MPTX-561, PATH-561, PHBI-561, PSCI-561

**INTD 567 Molecular and Cellular Neurobiology**
Units: 4
Terms Offered: FaSp
Students must attain a comprehensive understanding of the general mechanisms of nervous system function, with an emphasis on the functional and molecular properties of neurons and neural networks. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 571 Biochemistry**
Units: 4
Terms Offered: Sp
Physical-chemical basis of life processes: protein structure and enzyme function; synthesis and metabolism of carbohydrates, lipids, amino acids, and nucleotides. Recommended Preparation: students in any of the biological sciences. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 572 Systems Physiology and Disease I**
Units: 4
Terms Offered: FaSp
Broad Topics on Biomedical Research, human diseases and career development. Recommended Preparation: students in any of the biological sciences. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 573 Systems Physiology and Disease II**
Units: 4
Terms Offered: FaSp
Pathophysiology of selected diseases. Topics include cardiovascular, pulmonary, renal systems, and gastrointestinal disease. Instruction Mode: Lecture Grading Option: Credit/No Credit

**INTD 575 Interdisciplinary Research Presentations**
Units: 1
Max Units: 16
Terms Offered: FaSp
Topics include basic and clinical sciences. Open to graduate students in biomedical science only. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTD 577 Writing in the Biomedical and Biological Sciences
Units: 1 Terms Offered: Sp Writing instruction for graduate students focusing on grant proposals and scientific papers. Includes both writing and providing critiques of classmates’ work. Lectures and discussion. Open only to doctoral students in the school of Medicine. Registration Restriction: Open only to doctoral students in the school of Medicine. Instruction Mode: Lecture Grading Option: Letter

INTD 600 Student Research Presentation
Units: 1 Max Units: 12.0 Terms Offered: FaSp Students prepare and present their own research to an audience of faculty and peers. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTD 620 Medical Students Elective Program
Units: 0 Opportunities for medical students as preceptors in research laboratories or in field medical service under guidance of sponsors approved by faculty committees. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTD 621a Introduction to Clinical Medicine (ICM) for THE
Units: 3 Terms Offered: FaSp A strongly patient centered course in which both PhD engineering and MD students experience how doctors handle communications, basic diagnostic thinking and engineering perspectives. Open only to Health, Technology and Engineering students. Registration Restriction: Open only to Health, Technology and Engineering students. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTD 621b Introduction to Clinical Medicine (ICM) for THE
Units: 3 Terms Offered: FaSp A strongly patient centered course in which both PhD engineering and MD students experience how doctors handle communications, basic diagnostic thinking and engineering perspectives. Open only to Health, Technology and Engineering students. Registration Restriction: Open only to Health, Technology and Engineering students. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTD 621c Pre-clinical System Block for Health, Technology and Engineering
Units: 3, 4, 5, 6, 7, 8, 9 Terms Offered: FaSp A three to nine week block of lectures and laboratories focused on particular body system (e.g., cardiovascular, renal, etc.). Open only to Health, Technology and Engineering students. Registration Restriction: Open only to Health, Technology and Engineering students. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTD 630 Viral Oncology
Units: 2 Terms Offered: Fa Broad aspects of RNA and DNA viral oncology from epidemiology to molecular genetics. Duplicates Credit in former PATH 630. Instruction Mode: Lecture Grading Option: Letter

INTD 650 Stem Cell Biology and Medicine
Units: 4 Terms Offered: FaSpSm Basic principles, available embryonic and adult stem cells, principles of organogenesis and regeneration, animal models, delivery of engineered tissues to patients, promise and limitations of stem cells. Open to master's and PhD students on the Health Sciences Campus and to medical and post-doctoral fellow trainees only. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PATH-631

INTD 685 Bioinformatics in Genome Analysis
Units: 4 Terms Offered: Sm Basic programming concepts for computational genomic analysis. Instruction Mode: Lecture Grading Option: Letter

INTD 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the dissertation. Maximum units which may be applied to the degree to be determined by the department. Open only to doctoral students. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

Interdisciplinary — Practice Dynamics

INTP 501 Behavioral Strategies in Dentistry
Units: 2 Improvement of time and stress management and effectiveness in working with others; establishment of goals in dentistry, effective presentation of ideas. For Advanced Standing Program for International Dentists. Instruction Mode: Lecture Grading Option: Letter

INTP 502a Human Relations in Dental Practice
Units: 2 Introduction to behavioral concepts related to pain, fear, sedation; interviewing, treatment planning; care of geriatric and handicapped patients; patient education; includes principles of clinical application. Instruction Mode: Lecture Grading Option: Letter

INTP 502b Human Relations in Dental Practice
Units: 2 Introduction to behavioral concepts related to pain, fear, sedation; interviewing, treatment planning; care of geriatric and handicapped patients; patient education; includes principles of clinical application. Instruction Mode: Lecture Grading Option: Letter

INTP 503 Preclinical Diagnosis and Treatment Planning
Units: 2 Interdisciplinary course focusing on diagnosis and treatment planning through didactic course work and workshops which will include data collection/assessment, diagnosis and treatment planning methodologies, and specialty considerations. Instruction Mode: Lecture Grading Option: Letter

INTP 524a Clinical Practice
Units: 0 Terms Offered: FaSpSm The clinical component of existing didactic courses in Practice Management and Human Behavior. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTP 524b Clinical Practice
Units: 0 Terms Offered: FaSpSm The clinical component of existing didactic courses in Practice Management and Human Behavior. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTP 524c Clinical Practice
Units: 0 Terms Offered: FaSpSm The clinical component of existing didactic courses in Practice Management and Human Behavior. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTP 524d Clinical Practice
Units: 0 Terms Offered: FaSpSm The clinical component of existing didactic courses in Practice Management and Human Behavior. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTP 524e Clinical Practice
Units: 0 Terms Offered: FaSpSm The clinical
component of existing didactic courses in Practice Management and Human Behavior. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 524f Clinical Practice
Units: 3 Terms Offered: FaSpSm The clinical component of existing didactic courses in Practice Management and Human Behavior. Instruction Mode: Lecture Grading Option: Letter

INTR 550a Introduction to Clinical Dentistry
Units: 0, 1 Clinical operatory preparation; asepsis and sterilization; preventive dentistry; introduction to physical evaluation, extra- and intra-oral examinations, treatment sequencing, dental specialty areas; includes clinical assisting. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 550b Introduction to Clinical Dentistry
Units: 0, 1 Clinical operatory preparation; asepsis and sterilization; preventive dentistry; introduction to physical evaluation, extra- and intra-oral examinations, treatment sequencing, dental specialty areas; includes clinical assisting. Instruction Mode: Lecture Grading Option: Letter

INTR 551a Clinical Diagnosis and Treatment Planning
Units: 0 Large and small group seminars focusing on diagnosis and treatment planning involving multiple specialty case presentations; integrated therapy, contingency plans and case presentations will be included. Instruction Mode: Lecture Grading Option: Letter

INTR 551b Clinical Diagnosis and Treatment Planning
Units: 0 Large and small group seminars focusing on diagnosis and treatment planning involving multiple specialty case presentations; integrated therapy, contingency plans and case presentations will be included. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 551c Clinical Diagnosis and Treatment Planning
Units: 0 Large and small group seminars focusing on diagnosis and treatment planning involving multiple specialty case presentations; integrated therapy, contingency plans and case presentations will be included. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 551d Clinical Diagnosis and Treatment Planning
Units: 0 Large and small group seminars focusing on diagnosis and treatment planning involving multiple specialty case presentations; integrated therapy, contingency plans and case presentations will be included. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 551e Clinical Diagnosis and Treatment Planning
Units: 0 Large and small group seminars focusing on diagnosis and treatment planning involving multiple specialty case presentations; integrated therapy, contingency plans and case presentations will be included. Instruction Mode: Lecture Grading Option: Letter

INTR 553a Clinic: Diagnosis and Treatment Planning
Units: 0 Clinical experience in diagnostic procedures and treatment planning in care of dental patients. Includes student preparation of documentation of patient care and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 553b Clinic: Diagnosis and Treatment Planning
Units: 0 Clinical experience in diagnostic procedures and treatment planning in care of dental patients. Includes student preparation of documentation of patient care and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 553c Clinic: Diagnosis and Treatment Planning
Units: 0 Clinical experience in diagnostic procedures and treatment planning in care of dental patients. Includes student preparation of documentation of patient care and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 553d Clinic: Diagnosis and Treatment Planning
Units: 0 Clinical experience in diagnostic procedures and treatment planning in care of dental patients. Includes student preparation of documentation of patient care and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 553e Clinic: Diagnosis and Treatment Planning
Units: 0 Clinical experience in diagnostic procedures and treatment planning in care of dental patients. Includes student preparation of documentation of patient care and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

INTR 553f Clinic: Diagnosis and Treatment Planning
Units: 2 Clinical experience in diagnostic procedures and treatment planning in care of dental patients. Includes student preparation of documentation of patient care and seminar. Instruction Mode: Lecture Grading Option: Letter

INTR 652 Externship
Units: 1, 2, 3, 4, 5, 6 Dental experience at an off-site location — not limited to clinical experience. Student participation must be approved by Associate Dean for Student and Academic Life. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTR 690a Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTR 690b Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTR 690c Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTR 690d Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTR 690e Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTR 690f Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

Interdisciplinary — Surgical Sciences

INTS 651a Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651b Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651c Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651d Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651e Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651f Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651d Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651c Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651b Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651a Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651f Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651e Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651d Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651c Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651b Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651a Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651d Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651c Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651b Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTS 651a Experience in Dental Teaching
Units: 1, 2, 3 Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter
INTS 690a Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTS 690b Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTS 690c Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTS 690d Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

Interdisciplinary — Diagnostic Sciences
INTX 501a Integrated Basic and Applied Science I
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter
INTX 501b Integrated Basic and Applied Science I
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter

INTX 501f Integrated Basic and Applied Science I
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter
INTX 501e Integrated Basic and Applied Science I
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter
INTX 501d Integrated Basic and Applied Science I
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter

INTX 501c Integrated Basic and Applied Science I
Units: 2 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter
INTX 501b Integrated Basic and Applied Science I
Units: 2 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter
INTX 501a Integrated Basic and Applied Science I
Units: 2 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on cell and connective tissue biology, neuromuscular, blood, endocrine and cardiovascular systems. Instruction Mode: Lecture Grading Option: Letter

INTX 502a Integrated Basic and Applied Science II
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on respiratory, genito-urinary, gastrointestinal, hepato-biliary systems, oral biology, nutrition and hospital dentistry. Instruction Mode: Lecture Grading Option: Letter
INTX 502b Integrated Basic and Applied Science II
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on respiratory, genito-urinary, gastrointestinal, hepato-biliary systems, oral biology, nutrition and hospital dentistry. Instruction Mode: Lecture Grading Option: Letter
INTX 502c Integrated Basic and Applied Science II
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on respiratory, genito-urinary, gastrointestinal, hepato-biliary systems, oral biology, nutrition and hospital dentistry. Instruction Mode: Lecture Grading Option: Letter
INTX 502d Integrated Basic and Applied Science II
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on respiratory, genito-urinary, gastrointestinal, hepato-biliary systems, oral biology, nutrition and hospital dentistry. Instruction Mode: Lecture Grading Option: Letter
INTX 502e Integrated Basic and Applied Science II
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on respiratory, genito-urinary, gastrointestinal, hepato-biliary systems, oral biology, nutrition and hospital dentistry. Instruction Mode: Lecture Grading Option: Letter
INTX 502f Integrated Basic and Applied Science II
Units: 1 Principles of anatomy, histology, physiology, pathology applied to patient evaluation and management. Focuses on respiratory, genito-urinary, gastrointestinal, hepato-biliary systems, oral biology, nutrition and hospital dentistry. Instruction Mode: Lecture Grading Option: Letter

INTX 651a Experience in Dental Teaching
Units: 1, 2, 3, 4, 5, 6 each Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter
INTX 651b Experience in Dental Teaching
Units: 1, 2, 3, 4, 5, 6 each Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter
INTX 651c Experience in Dental Teaching
Units: 1, 2, 3, 4, 5, 6 each Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter
INTX 651d Experience in Dental Teaching
Units: 1, 2, 3, 4, 5, 6 each Max Units: 6.0 Practical teaching experience in dental laboratory and clinic settings under faculty supervision. Includes instruction in effective methods. Instruction Mode: Lecture Grading Option: Letter

INTX 690c Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690b Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690a Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690e Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690d Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTX 690b Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690a Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690e Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690d Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690c Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690b Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
INTX 690a Directed Dental Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit
under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTX 690d Directed Dental Research Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTX 690e Directed Dental Research Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

INTX 690f Directed Dental Research Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 each Dental clinical and/or basic science research under faculty guidance; proposal developed, research conducted, conclusion drawn, paper written. Units determined by extent of research. Instruction Mode: Lecture Grading Option: Credit/No Credit

International Relations

IR 100gx The United States and World Affairs Units: 4 The changing character of contemporary international political issues from the Cold War to the future and U.S. foreign policy options for the future; exploration of competing perspectives. Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture Grading Option: Letter

IR 101gwx International Relations Units: 4 Basic concepts of world affairs for non-majors. Development of competency to understand and critically evaluate global relations and international events, stressing empirical approaches. Satisfies New General Education in Category C: Social Analysis Satisfies Global Perspective in Category G: Citizenship in a Diverse World Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

IR 210gws International Relations: Introductory Analysis Units: 4 Terms Offered: FaSp Comprehensive introduction to contending theoretical and analytical approaches; development of critical, evaluative, cognitive, and analytical competencies regarding historical and contemporary issues. Satisfies Global Perspective in Category G: Citizenship in a Diverse World Instruction Mode: Lecture, Discussion Grading Option: Letter

IR 211g International Relations: Approaches to Research Units: 4 Terms Offered: FaSpSm Introductions to theoretically oriented research approaches and designs; emphasis on the logic of argumentation. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

IR 212 Historical Approaches to International Relations Units: 4 Terms Offered: FaSp Introduction to historical research methods, with an emphasis on historical texts and modes of discourse. Instruction Mode: Lecture, Discussion Grading Option: Letter

IR 213 The Global Economy Units: 4 Terms Offered: FaSp Economic and political concepts necessary to the understanding of the modern global economy. Topics include international trade, foreign investment and migration. Instruction Mode: Lecture, Discussion Grading Option: Letter

IR 302 International Relations of the Great Powers in the Late 19th and 20th Centuries Units: 4 Introductory analysis of the interactions of the great powers during the period; initial focus on Europe, with expansion to include global relations. Instruction Mode: Lecture Grading Option: Letter

IR 303 Leadership and Diplomacy Units: 4 The role of leaders, diplomatic leadership and creativity in statecraft, providing a deep understanding of the theoretical and practical dimensions of diplomacy. Instruction Mode: Lecture Grading Option: Letter

IR 304 Espionage and Intelligence Units: 4 The role and evolution of espionage and intelligence as tools of statecraft are examined. Open, covert, clandestine, counterintelligence programs and oversight processes are considered. Instruction Mode: Lecture Grading Option: Letter

Satisfies Global Perspective in Category G: Citizenship in a Diverse World Instruction Mode: Lecture Grading Option: Letter

IR 306 International Organizations Units: 4 The emergence of international organizations as a permanent feature in world politics; role of the United Nations organization as well as regional international organizations. Instruction Mode: Lecture Grading Option: Letter

IR 307 Contemporary International Politics Units: 4 Max Units: 8.0 Analysis of recent events, forces, and conditions in the international political system. Instruction Mode: Lecture Grading Option: Letter

IR 308w Economic Globalization Units: 4 Globalization makes national borders and regulations increasingly obsolete. Analyzes the economic foundation of globalization, its consequences and efforts to manage it. Satisfies Global Perspective in Category G: Citizenship in a Diverse World Instruction Mode: Lecture Grading Option: Letter

IR 309 Global Governance Units: 4 Introduction to global governance structure and institutions. Exploration of the appropriate role for states, international organizations, civil society and individuals within the global governance structure. Instruction Mode: Lecture Grading Option: Letter

IR 310 Peace and Conflict Studies Units: 4 Interdisciplinary study of the pursuit of peace, including causes of wars, arms races, conflict resolution, peace movements, nonviolent resistance, and peace with justice. Instruction Mode: Lecture Grading Option: Letter

IR 311 Research Design and Methods Units: 4 Exploration of critical scholarship on research design, including case selection, hypothesis testing, and field research techniques. Instruction Mode: Lecture Grading Option: Letter

IR 312 Introduction to Data Analysis Units: 4 Introduction to statistical analysis with R, with applications to the study of International Relations: data manipulation, hypothesis testing, regression, causality, text analysis, visualization, and network analysis. Recommended Preparation: IR 211g and IR 212 plus a course in research design such as IR 311 Instruction Mode: Lecture Grading Option: Letter

IR 313 Religions and Political Violence Units: 4 An introduction to debates about the intersection of religion and conflict in politics and international affairs; theoretical, classical, and contemporary issues. Instruction Mode: Lecture Grading Option: Letter

IR 315 Ethnicity and Nationalism in World Politics Units: 4 Ethnic identity and nation formation in the global society of states; nation-states; conflict or political accommodation within multinational states; impact of dispersed nations on interstate relations. Instruction Mode: Lecture Grading Option: Letter

IR 316 Gender and Global Issues Units: 4 An examination of the role women have played in world politics focusing on issues of war and peace, the environment and the global economy. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-316

IR 317 The Political Economy of Africa Units: 4 Africa remains the world's poorest region. Why? Since when? Will it remain so? This course discusses tentative answers drawn from a number of disciplines. Instruction Mode: Lecture Grading Option: Letter

IR 318 Violent Conflict Units: 4 Origins and evolution of violent conflict among humans; modern efforts to end conflict; recent research in archaeology,
anthropology, biology, economics, political science and psychology. Instruction Mode: Lecture Grading Option: Letter

IR 319 Human Security and Humanitarian Intervention
Units: 4 Explore causes of human security threats, challenges to state sovereignty, and actions to address failed states, conflicts and protect people through humanitarian intervention. Instruction Mode: Lecture Grading Option: Letter

IR 322 Politics of Global Environment
Units: 4 Examines the politics of managing the global environment. The nature of economic, common problems, population and resource utilization problems along with biodiversity and global governance are emphasized. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENST-323

IR 324 Multinational Enterprises and World Politics
Units: 4 Political implications of interactions between different types of multinational enterprises and all levels of U.S. government, other industrial nations, and less-developed countries. Instruction Mode: Lecture Grading Option: Letter

IR 325 North-South Relations in the Global Economy
Units: 4 Analysis of inequality in relations between developed and developing states; contending views on the causes and legacies of imperialism; development strategies and aid. Instruction Mode: Lecture Grading Option: Letter

IR 326 U.S. Foreign Economic Policy
Units: 4 The U.S. economy and political-economic institutions in comparative perspective; economic diplomacy and policy; role of trade barriers, exchange rates, foreign aid, energy, foreign investment. Instruction Mode: Lecture Grading Option: Letter

IR 327 International Negotiation
Units: 4 Practicum in negotiation skills. Diagnosis of situations and identification of strategies through case studies and personal exercises. Instruction Mode: Lecture Grading Option: Letter

IR 328 The Evolving Global Economic Architecture-Capital Mobility
Units: 4 Exploration of the evolving global economic architecture of the past seventy years; overview of the possible future contours of economic and political globalization. Recommended preparation: Macro- and Micro-economics. Instruction Mode: Lecture Grading Option: Letter

IR 329 The Global Finance and Monetary Regime
Units: 4 The international financial and monetary regime, its evolution and the problems facing it today. Instruction Mode: Lecture Grading Option: Letter

IR 330 Politics of the World Economy
Units: 4 Exploration of questions and concepts in international economics and politics, especially as they relate to flows of trade, capital, people, and problems across borders. Instruction Mode: Lecture Grading Option: Letter

IR 331 The Global Economy 2030
Units: 4 Terms Offered: Fa Examination of key ideas from economics, demography and technology. Guest lecturers illuminate possible conditions of the global economy in 2030. Instruction Mode: Lecture Grading Option: Letter

IR 333 China in International Affairs
Units: 4 Economic reform, the open door, and China's changing role in the international system. Relations with the United States, Japan, and other key powers in Asia. Tensions between the interests of American business and the human rights community over China policy. Instruction Mode: Lecture Grading Option: Letter

IR 337 The Impact of Remittances on Development in Mexico
Units: 4 Examines the nature of remittances and their effects. Can remittances promote development? Explores policy making focused on improving the quality of remittance expenditures in Mexico. Recommended Preparation: working ability with Spanish. Instruction Mode: Lecture Grading Option: Letter

IR 339 Public Health and International Relations
Units: 4 Examination of threats to global security, state sovereignty and population health posed by infectious diseases, natural disasters, war and civil conflict. Instruction Mode: Lecture Grading Option: Letter

IR 340 The Political Economy of China
Units: 4 Sources, consequences, challenges to China's economic growth, including rural and urban economies, entrepreneurship, central and local governments, inequality, trade, investment, finance, demographics, and the environment. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Survey of approaches to international political economy. Intellectual roots; the management of collective goods; North-South relations are examined. Instruction Mode: Lecture Grading Option: Letter

IR 542 Foreign Economic Policies of Industrial Capitalist States
Units: 4 Seminar comparing policies of Britain, France, Germany, Japan, and the United States; evaluation of alternative research methods and theories; design and execution of an original project. Instruction Mode: Lecture Grading Option: Letter

IR 543 Politics of International Monetary and Trade Relations
Units: 4 Political analysis of international monetary and trade relations; emphasis on interactions among industrialized nations. Instruction Mode: Lecture Grading Option: Letter

IR 545 The International Political Economy of Development
Units: 4 The political aspects of economic growth, efficiency and distribution are explored for underdeveloped nations in an international relations context. Instruction Mode: Lecture Grading Option: Letter

IR 547 Political Economy of Global Space and Environment
Units: 4 Regimes in an anarchic world will be examined to assess ways oceans, atmosphere, outerspace, and other unowned spaces or resources are and can be used. Instruction Mode: Lecture Grading Option: Letter

IR 550 Economic Bargaining Theory and Practice
Units: 4 Development of analytical skills and strategies for negotiating over economic and political problems, through study of recent cases and participation in bilateral and multilateral exercises. Instruction Mode: Lecture Grading Option: Letter

IR 551 International Political Economy of the Pacific Rim
Units: 4 Introduces issues related to political economy of the Pacific Rim; trade, investment and development strategies of these countries. The role of Japan's increasing economic power and that of the changing U.S.-Japan relations and their implications to the rest of the Pacific Rim region. Instruction Mode: Lecture Grading Option: Letter

IR 553 Political Economy of Global Telecommunication and Information
Units: 4 (Enroll in COMM 553) Seminar generates and tests theories of democratization. Readings will focus on Europe, Latin America, Soviet Eurasia emphasizing core theoretical and methodological aspects. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

IR 555 Democracy and Democratization in Comparative Perspective
Units: 4 Seminar generates and tests theories of democratization. Readings will focus on Europe, Latin America, Soviet Eurasia emphasizing core theoretical and methodological aspects. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

IR 556 Latin America and U.S. Foreign Policy
Units: 4 Latin American challenges to U.S. policymakers; U.S. success in achieving its goals; alternative explanations of U.S. behavior. Instruction Mode: Lecture Grading Option: Letter

IR 557 Africa and U.S. Foreign Policy
Units: 4 Research problems on international issues arising from the emergence of Africa. Instruction Mode: Lecture Grading Option: Letter

IR 561 Japanese Foreign Policy and International Relations of East and Southeast Asia
Units: 4 Research problems in political, economic, and security issues in East and Southeast Asia, with special emphasis on the role of Japan. Instruction Mode: Lecture Grading Option: Letter

IR 563 Chinese Foreign Policy
Units: 4 Research problems in political, economic, military, and ideological issues. Instruction Mode: Lecture Grading Option: Letter

IR 581 International Relations of the Middle East
Units: 4 Salient issues in regional politics such as colonialism, nationalism, identity, religion, development, and war are examined. Instruction Mode: Lecture Grading Option: Letter

IR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

IR 591 Field Study
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Study of contemporary institutions in selected regions of the world. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Letter

IR 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593)

IR 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

IR 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

IR 595 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Subjects specifically relevant to an international relations field, sometimes conducted as intensive short-courses. Instruction Mode: Lecture Grading Option: Letter

IR 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Grading Option: Graded CR/NC.

IR 791 Advanced Studies
Units: 2, 3, 4 Max Units: 12.0 Subjects specifically relevant to an international relations field; conducted for PhD students, sometimes conducted as intensive short-courses. Instruction Mode: Lecture Grading Option: Letter

IR 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded IP/CR/NC.

IR 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded IP/CR/NC.

IR 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded IP/CR/NC.

IR 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded IP/CR/NC.

IR 794e Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded IP/CR/NC.

IRAN 120 Persian I
Units: 4 Introduction to contemporary Persian (Farsi). Oral practice, listening and reading comprehension, grammar and vocabulary necessary for simple spoken and written expression. Duplicates Credit in former MDES 120. Instruction Mode: Lecture Grading Option: Letter

IRAN 150 Persian II
Units: 4 Continuation of Persian I.
Prerequisite: IRAN 120. Instruction Mode: Lecture Grading Option: Letter

IRAN 220 Persian III
Units: 4 Intermediate Persian (Farsi). Building conversational skills, listening and reading comprehension, grammar and vocabulary necessary for intermediate level spoken and written expression. Prerequisite: IRAN 150. Duplicates Credit in former MDES 220. Instruction Mode: Lecture Grading Option: Letter

IRAN 250 Persian IV
Units: 4 Continuing Intermediate Persian (Farsi). Building conversational skills, listening and reading comprehension, grammar and vocabulary necessary for intermediate level spoken and written expression. Prerequisite: IRAN 220. Duplicates Credit in former MDES 250. Instruction Mode: Lecture Grading Option: Letter

Industrial and Systems Engineering

ISE 105 Introduction to Industrial and Systems Engineering
Units: 2 Terms Offered: FaSp A combination of plant tours, laboratory experiences, and lecture are used to introduce the philosophy, subject matter, aims, goals, and techniques of industrial and systems engineering. Instruction Mode: Lecture Grading Option: Letter

ISE 220 Probability Concepts in Engineering
Units: 3 Terms Offered: FaSp Techniques for handling uncertainties in engineering design: discrete and continuous random variables; expectations, probability distributions and transformations of random variables; limit theorems; approximations and applications. Prerequisite: MATH 126. Instruction Mode: Lecture Grading Option: Letter

ISE 225 Engineering Statistics I
Units: 3 Terms Offered: Sp Sampling distributions; parameter estimation, hypothesis testing; analysis of variance; regression; nonparametric statistics. Prerequisite: ISE 220. Instruction Mode: Lecture Grading Option: Letter

ISE 232L Manufacturing Processes
Units: 3 Terms Offered: Fa Basic manufacturing processes including casting, machining, forming and welding; current trends in manufacturing processes including polymer, ceramic and composite material processing, and electronic device fabrication; introduction to numerical control and computer integrated manufacturing. Recommended Preparation: MASC 110 or CHEM 105a or CHEM 115a. Instruction Mode: Lecture, Lab Required Grading Option: Letter

ISE 310L Facilities and Logistics
Units: 4 Terms Offered: FaSp Facilities layout and design: material handling and transportation; site selection and sourcing; supply chain management. Prerequisite: ISE 330 and ISE 460. Instruction Mode: Lecture, Lab Required Grading Option: Letter

ISE 315L Engineering Project Management
Units: 3 Terms Offered: FaSp Techniques for planning, budgeting, scheduling, obtaining resources, monitoring and control of projects in a corporate environment. Use of software to evaluate performance and assess risks. Prerequisite: ISE 225 and ISE 330. Instruction Mode: Lecture, Lab Required Grading Option: Letter

ISE 327 Six Sigma and Lean Operations
Units: 3 Standardized methodology for problem solving, basic and advanced statistical tools for root cause identification and solution confirmation, key principles for quality management and organizational excellence. Prerequisite: ISE 225. Instruction Mode: Lecture Grading Option: Letter

ISE 330 Introduction to Operations Research: Deterministic Models
Units: 3 Terms Offered: Fa Introduction to linear programming; transportation and assignment problems; dynamic programming; integer programming; nonlinear programming. Prerequisite: MATH 225. Instruction Mode: Lecture Grading Option: Letter

ISE 331 Introduction to Operations Research: Stochastic Models
Units: 3 Terms Offered: FaSp Stochastic processes; Markov chains; queuing theory and queueing decision models; probabilistic inventory models. Prerequisite: ISE 220; Recommended Preparation: ISE 330. Instruction Mode: Lecture Grading Option: Letter

ISE 335L Supply Chain Design

ISE 344 Engineering Team Management
Units: 3 Examine team formation and team dynamics including organizational behavior, group dynamics, psychology, and business management, all in the context of engineering development; decision-making and negotiation. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

ISE 350 Principles of Systems Engineering
Units: 3 Terms Offered: FaSp Systems as complex collaborative ensembles of interconnected components. Theory and practice of requirements, design, implementation, testing, deployment, operation, and disposal. Case studies from real projects. Prerequisite: ISE 225. Instruction Mode: Lecture, Lab Grading Option: Letter

ISE 370L Human Factors in Work Design
Units: 4 Terms Offered: Fa Physiological systems and psychological characteristics; ergonomics, anthropometry; effects of the physical environment on humans; occupational safety and health; work methods. Instruction Mode: Lecture, Lab Required Grading Option: Letter

ISE 375L Facilities Design
Units: 3 Terms Offered: FaSp Design of facilities for operations and distribution. Product, process flow, material handling, and facility location techniques that lead to making good decisions for facilities layouts. Prerequisite: ISE 331 and ISE 460. Instruction Mode: Lecture, Lab Required Grading Option: Letter

ISE 382 Database Systems: Concepts, Design and Implementation
Units: 4 Terms Offered: FaSp Data models for industry applications. Modeling and designing robust databases. Implementing and querying databases with SQL. Innovations in database applications. Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as ITP-383

ISE 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

ISE 404 Business and Intellectual Property Law for Engineers
Units: 3 (Enroll in CE 404)

ISE 410 Planning and Scheduling
Units: 3 Terms Offered: FaSp Production planning, forecasting, scheduling, and inventory; computer integrated decision systems in analysis and control of production systems. Prerequisite: ISE 330. Instruction Mode: Lecture Grading Option: Letter

ISE 422L Configuring Enterprise Resource Planning Systems
Units: 3 Terms Offered: FaSp (Enroll in ITP 422)

ISE 426 Statistical Quality Control
Units: 3 Terms Offered: Fa Quantitative aspects of statistical quality control (process control, acceptance sampling by attribute and by variable, rectifying inspection), quality assurance and the management of QC/QA functions. Prerequisite: ISE 225. Instruction Mode: Lecture Grading Option: Letter

ISE 435 Discrete Systems Simulation
Units: 3 Terms Offered: FaSp Model design to simulate discrete event systems with basic input/output analysis using high order languages, applied to industrial systems analysis and design problems. Prerequisite: CSCE 101 and ISE 225. Instruction Mode: Lecture, Lab Grading Option: Letter

ISE 440 Work, Technology, and Organization
Units: 3 Terms Offered: Sp Impact of technology on work and organizational...
ISE 502 Construction Accounting and Finance  
Units: 3 (Enroll in CE 502)

ISE 506 Lean Operations  
Units: 3 Terms Offered: FaSp Study of lean principles and practices as applied to various industries. Duplicates Credit in the former SAE 551 Instruction Mode: Lecture Grading Option: Letter Crosslisted as SAE 551

ISE 507 Six-Sigma Methods and Applications  
Units: 3 Terms Offered: FaSpSm Comprehensive study of Six Sigma and Lean metrics, methods, and systems with their applications to manufacturing, services, quality improvement and management. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PPD-507

ISE 508 Health Care Operations Improvement  
Units: 3 Terms Offered: Sp Improving operations, patient flow, quality and processes. Students will become familiar with methods for implementing change in health care settings such as hospitals or clinics. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PPD-508

ISE 509 Practicum in Health Care Systems  
Units: 2 Terms Offered: Fa Performance improvement projects within hospitals are undertaken by small teams collaborating with hospital staff. Study of tools to improve and optimize operations. Prerequisite: ISE 225 Recommended Preparation: Spreadsheet use and general familiarity with the healthcare industry Instruction Mode: Lecture Grading Option: Letter

ISE 510 Advanced Computational Design and Manufacturing  
Units: 3 Study advanced concepts behind computational representations, algorithms, and mathematical foundations, and their applications in computer aided design and manufacturing. Develop hands-on computational skills in team projects. Recommended Preparation: bachelor's degree in industrial engineering, computer programming experience, C++ preferred. Instruction Mode: Lecture Grading Option: Letter

ISE 511L Mechatronic Systems Engineering  
Units: 3 Terms Offered: Sp Use of mechanical, electrical, and computer engineering, math, and computer science to design of high performance and sophisticated products and processes and systems involving mechatronic. Recommended Preparation: bachelor's degree in engineering or physical sciences, and preliminary knowledge of programming in C. Instruction Mode: Lecture, Lab Required Grading Option: Letter

ISE 512 Software Management and Economics  
Units: 3 Terms Offered: Fa (Enroll in CSCI 510)

ISE 513 Inventory Systems  
Units: 3 Terms Offered: Sp Deterministic and stochastic demand systems with static/dynamic models. Practice in inventory management, computerized procedures, materials requirements planning, just-intime production, Kanban systems. Instruction Mode: Lecture Grading Option: Letter

ISE 514 Advanced Production Planning and Scheduling  
Units: 3 Terms Offered: FaSpSm Advanced concepts in production planning and scheduling including resource allocation, lot sizing, flow shop and job shop scheduling, workforce scheduling and assembly line balancing. Recommended Preparation: prior knowledge of operations research and probability theory. Instruction Mode: Lecture Grading Option: Letter

ISE 515 Engineering Project Management  
Units: 3 Terms Offered: FaSpSm Applying industrial and systems engineering skills to problems drawn from industry, while working in teams of 3–4 students. Teach project management skills and provide direct experience in managing and executing a group project. Instruction Mode: Lecture Grading Option: Letter

ISE 517 Modern Enterprise Systems  
Units: 3 Terms Offered: FaSpSm Managing the process design, interfaces and resources of service and manufacturing systems, based on the state of their processes. Instruction Mode: Lecture Grading Option: Letter

ISE 520 Optimization: Theory and Algorithms  
Units: 3 Terms Offered: Fa Conditions for optimality. Nonlinear programming algorithms for constrained and unconstrained problems. Special problems such as quadratic, separable, fractional, geometric programming. Prerequisite: MATH 225 or EE 441. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-521

ISE 525 Design of Experiments  
Units: 3 Terms Offered: FaSpSm data collection to investigate relationships between product/process design choices (materials, temperatures, etc.) and performance, empirical modeling to predict performance, identification of the best design choices. Recommended Preparation: ISE 225. Instruction Mode: Lecture Grading Option: Letter

ISE 527 Quality Management for Engineers  
Units: 3 Terms Offered: FaSpSm Principles of quality management, quality philosophies and frameworks, quality leadership and strategic planning, process management, and performance measurements. Instruction Mode: Lecture Grading Option: Letter

ISE 528 Advanced Statistical Aspects of Engineering Reliability  
Units: 3 Advanced statistical methods applied to reliability engineering. Experimental design analysis and interpretation of multifactor reliability problems. Instruction Mode: Lecture Grading Option: Letter

ISE 529 Engineering Data Analytics  
Units: 3 Terms Offered: FaSpSm Theory and methods of data analytics emphasizing engineering applications: multivariate statistics, supervised learning, classification,
smoothing and kernel methods, support vector machines, discrimination analysis, unsupervised learning. Instruction Mode: Lecture Grading Option: Letter Crosslisted as INF 561

ISE 530 Optimization Methods for Analytics
Units: 3 Terms Offered: FaSp Linear Programming, Integer Programming, quadratic and nonlinear programming. Recommended Preparation: Calculus III, Linear Algebra and Computer Programming Instruction Mode: Lecture Grading Option: Letter

ISE 532 Network Flows
Units: 3 Terms Offered: Sp Tree, path, flow problems, formulation and solution techniques. Methods for minimal cost flows. Applications. Prerequisite: ISE 330 or ISE 556. Instruction Mode: Lecture Grading Option: Letter

ISE 533 Integrative Analytics
Units: 3 Terms Offered: Sp The three pillars of analytics (predictive, prescriptive, and validation) together under one framework. Use of statistics, learning enabled optimization. Based on publicly available data sets. Prerequisite: ISE 529 and ISE 530 Registration Restriction: Open only to graduate students Instruction Mode: Lecture Grading Option: Letter

ISE 536 Linear Programming and Extensions
Units: 3 Terms Offered: Fa Linear programming models for resource allocation; simplex and revised simplex methods; duality; sensitivity; transportation problems; selected extensions to large scale, multiobjective, and special structured models. Prerequisite: MATH 225 or EE 441. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-536

ISE 538 Markov Models for Performance Analysis
Units: 3 Terms Offered: Sp Random variables, stochastic processes, birth and death processes, continuous- and discrete-time Markov chains with finite and infinite number of states, renewal phenomena, and queuing systems. Instruction Mode: Lecture Grading Option: Letter

ISE 539 Stochastic Elements of Simulation
Units: 3 Terms Offered: Sp Simulation techniques combined with probabilistic analysis for solving problems in inventory theory, queueing theory, financial engineering, decision analysis, and other fields having a stochastic element. Corequisite: ISE 538. Instruction Mode: Lecture Grading Option: Letter

ISE 543 Case Studies in Systems Engineering
Units: 3 Terms Offered: FaSp (Enroll in SAE 543)

ISE 544 Management of Engineering Teams
Units: 3 Terms Offered: FaSp Design and management of engineering teams. Group decision-making, motivation, leadership, infrastructural requirements, performance measurement, team diversity, conflict, and integration. Instruction Mode: Lecture Grading Option: Letter

ISE 545 Technology Development and Implementation
Units: 3 Terms Offered: Fa Principles and practices of technology development and implementation, with application to products and systems in manufacturing and services. Instruction Mode: Lecture Grading Option: Letter

ISE 549 Systems Architecture
Units: 3 Terms Offered: FaSp (Enroll in SAE 549)

ISE 551 Foundations of Data Management
Units: 3 Terms Offered: FaSp (Enroll in INF 551)

ISE 554 Innovation and the Engineering Enterprise
Units: 3 Examination of innovation in engineering enterprises including human behavior and human resources, organizational development, engineering management, business structures, financing the enterprise and intellectual property. Instruction Mode: Lecture Grading Option: Letter

ISE 555 Invention and Technology Development
Units: 3 This project-oriented course elaborates on the process of engaging creative thought, tools and techniques for invention, and issues involved in bringing inventions to the production phase. Instruction Mode: Lecture Grading Option: Credit/No Credit Crosslisted as ENGR-555

ISE 556 Stochastic Systems
Units: 3 Terms Offered: Sp (Enroll in EE 556)

ISE 560 Analysis of Algorithms
Units: 3 Terms Offered: FaSp (Enroll in CSCI 570)

ISE 560 Analysis of Algorithms
Units: 4 (Enroll in CSCI 570)

ISE 561 Economic Analysis of Engineering Projects
Units: 3 Terms Offered: FaSpSm Economic evaluations of engineering systems for both government and private industry; quantitative techniques for evaluating non-monetary consequences; formal treatment of risk and uncertainty. Prerequisite: ISE 500; Recommended Preparation: an undergraduate course in engineering economy. Instruction Mode: Lecture Grading Option: Letter

ISE 562 Value and Decision Theory
Units: 3 Terms Offered: Fa Decision making under risk conditions; utility theory; sufficient statistics; conjugate prior distributions; terminal and pre-posterior analysis; Bayesian statistics versus classical statistics. Instruction Mode: Lecture Grading Option: Letter

ISE 563 Financial Engineering
Units: 3 Terms Offered: Sp Concepts underlying the economic analysis of engineering projects, applications to call and put options; utility theory and mathematical optimizations models; and simulation. Recommended Preparation: ISE 220 or an equivalent course in probability. Instruction Mode: Lecture Grading Option: Letter

ISE 564 Performance Analysis
Units: 3 Measurement systems for performance analysis. Determination of performance metrics, analytical models, case studies. Cross-industry comparisons, measures for manufacturing and service systems, information and knowledge workers. Instruction Mode: Lecture Grading Option: Letter

ISE 565 Law and Finance for Engineering Innovation
Units: 3 Students will identify, formulate and resolve legal, financial and ethical issues affecting innovation in engineering organizations including legal structures, financing and intellectual property rights. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-580

ISE 566 Financial Accounting Analysis for Engineering
Units: 3 Terms Offered: Sp Scientific principles and industrial practices defining how a team of stakeholders should collaboratively work together to reach agreement on complex engineering tasks. Open only to graduate students in engineering. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

ISE 567 Collaborative Engineering Principles and Practice
Units: 3 Terms Offered: Sp Identification, formulation, and solution of financial accounting problems in engineering enterprises. Legal context of financial decisions, process cost determination and allocation, financial reports, and reporting systems. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

ISE 568 Machine Learning
Units: 3 Terms Offered: Fa (Enroll in CSCI 567)

ISE 570 Human Factors in Engineering
Units: 3 Terms Offered: Fa Psychological and physiological characteristics of humans; how they limit engineering design of machines and human-machine systems. Instruction Mode: Lecture Grading Option: Letter

ISE 573 Work Physiology
Units: 3 Survey of metabolic processes in the performance of physical work, study of individual and environmental factors affecting these processes.

ISE 574 Probabilistic Reasoning
Units: 3 Terms Offered: Fa (Enroll in CSCI 573)

ISE 576 Industrial Ecology: Technology-Environment Interaction
Units: 3 Concepts and methods to analyze the environmental impacts of industrial systems, including lifecycle assessment, material flow analysis, design for environment and sustainable consumption. Instruction Mode:
Lecture Grading Option: Letter

**ISE 580 Performance Modeling with Simulation**

Units: 3 Terms Offered: FaSp Introduction to modeling and analysis of stochastic systems, with an emphasis on discrete-event simulation of non-Markovian systems. 

**Recommended Preparation:** Probability and statistics, including hypothesis testing, and introductory computer programming

Instruction Mode: Lecture Grading Option: Letter

**ISE 581 Negotiation For Engineering Management**

Units: 3 Terms Offered: Sp Decision making techniques for the engineering manager including negotiation principles, contract negotiation, dispute resolution, auctions, bidding, voting and coalition formation.

Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-581

**ISE 582 Web Technology for Industrial Engineering**

Units: 3 Terms Offered: Fa A fast-paced, project-based introduction to designing and implementing interactive Web applications. Emphasizes skills for building engineering and market research applications requiring information gathering, analysis, representation. 

**Prerequisite:** ISE 382

Instruction Mode: Lecture Grading Option: Letter

**ISE 583 Enterprise Wide Information Systems**

Units: 3 Terms Offered: FaSp The role of enterprise resource planning systems (ERPs) in an organization and the task of implementing and managing the IS function.

Instruction Mode: Lecture Grading Option: Letter

**ISE 585 Strategic Management of Technology**

Units: 3 Terms Offered: FaSp Management skills and tools for technology intensive enterprises. Life cycle analysis of technology from planning through exploitation, obsolescence and renewal.

Instruction Mode: Lecture Grading Option: Letter

**ISE 587 Risk Analysis**

Units: 4 (Enroll in PPD 587)

**ISE 589 Port Engineering: Planning and Operations**

Units: 3 Terms Offered: Fa (Enroll in CE 589)

**ISE 590 Directed Research**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree; maximum units which may be applied to the degree to be determined by the department.

Instruction Mode: Lecture Grading Option: Credit/No Credit

**ISE 594a Master's Thesis**

Units: 2 Credit on acceptance of thesis.

Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**ISE 594b Master’s Thesis**

Units: 2 Credit on acceptance of thesis.

Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**ISE 594c Master’s Thesis**

Units: 0 Credit on acceptance of thesis.

Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**ISE 599 Special Topics**

Units: 2, 3, 4 Max Units: 9.0 Terms Offered: Fa Course content will be selected each semester to reflect current trends and developments in the field of industrial and systems engineering.

Instruction Mode: Lecture Grading Option: Letter

**ISE 610 Advance Design of Experiments and Quality Engineering**

Units: 3 Terms Offered: Fa Advanced planning for data collection in order to investigate relationships between product/process design choices and performance; empirical modeling to predict performance; identification of the best design. 

**Recommended Preparation:** Undergraduate course in Engineering Statistical, including distributions, confidence intervals, ANOVA and Regression.

Instruction Mode: Lecture Grading Option: Letter

**ISE 620 Foundations of Stochastic Processes**

Units: 3 Terms Offered: Sp An introductory PhD course on stochastic processes, covering such topics as conditional expectation, renewal processes, and discrete and continuous time Markov chains.

**Recommended Preparation:** A course in probability. Some knowledge of real analysis. Registration Restriction: Open only to doctoral students

Instruction Mode: Lecture Grading Option: Letter

**ISE 630 Foundations of Optimization**

Units: 3 Terms Offered: Sp Convex sets, convex functions, structures of optimization problems, Lagrangian and conjugate duality. First and second order optimality conditions; applications in engineering and management.

**Recommended Preparation:** Calculus III and Linear Algebra.

Instruction Mode: Lecture Grading Option: Letter

**ISE 631 Linear Programming**

Units: 3 Terms Offered: Fa Doctoral course in optimization, the foundation for subsequent courses in mathematical programming. For first-year Ph.D. students and M.S. students who intend to pursue a Ph.D. 

**Recommended Preparation:** One year of calculus and one semester of linear and matrix algebra.

Instruction Mode: Lecture Grading Option: Letter

**ISE 632 Network Flows and Combinatorial Optimization**

Units: 3 Terms Offered: Sp Combinatorial optimization, particularly graph problems. Shortest paths, max flow, minimum cost flows, spanning trees, matroids, submodular functions. Bipartite and general matchings, polyhedral combinatorics, total unimodularity. 

**Prerequisite:** ISE 536; 

**Recommended Preparation:** familiarity with the theory of linear programming and with mathematical proofs; knowledge of linear algebra. Duplicates Credit in ISE 532.

Instruction Mode: Lecture Grading Option: Letter

**ISE 633 Large Scale Optimization and Machine Learning**

Units: 3 Terms Offered: Fa Large scale optimization algorithms that arise in modern data science and machine learning applications. 

**Stochastic Optimization, Accelerated Methods, Parallelization, Online Optimization, Randomized Linear Algebra**

**Recommended Preparation:** Linear Algebra and Probability

Instruction Mode: Lecture Grading Option: Letter

**ISE 637 Equilibrium Programming**

Units: 3 Terms Offered: FaSp Built on the methodology of constrained optimization, a graduate level course on equilibrium programming cast in the framework of finite-dimensional variational inequality and complementarity problems. 

**Prerequisite:** ISE 520 and ISE 536.

Instruction Mode: Lecture Grading Option: Letter

**ISE 638 Stochastic Optimization**

Units: 3 Terms Offered: FaSp Stochastic linear and integer programming, multi-stage stochastic programming, application, models and algorithms. 

**Recommended Preparation:** A graduate course on optimization and the ability to program in a high level language are essential.

Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-638

**ISE 645 Uncertainty Modeling and Stochastic Optimization**

Units: 3 Terms Offered: Sp Open only to doctoral students.

Instruction Mode: Lecture Grading Option: Credit/No Credit

**ISE 650 Advanced Analysis of Algorithms**

Units: 3 Terms Offered: FaSp

**Enroll in CSCI 670**

**ISE 671 Randomized Algorithms**

Units: 3 Terms Offered: Sp

**Enroll in CSCI 671**

**ISE 690 Directed Research**

Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Laboratory study of specific problems by candidates for the degree Engineer in Industrial and Systems Engineering.

Instruction Mode: Lecture Grading Option: Credit/No Credit

**ISE 790 Research**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12

Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department.

Instruction Mode: Lecture Grading Option: Credit/No Credit

**ISE 794a Doctoral Dissertation**

Units: 2 Credit on acceptance of dissertation.

Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**ISE 794b Doctoral Dissertation**
### Italian

#### ITAL 012x General ITAL 120 Tutorial
- Units: 1
- Terms Offered: FaSp
- Weekly tutorial for students registered in ITAL 120.
- Differentiated multi-sensory instructional approach with explicit phonetic and grammatical explanations in English.
- Concurrent Enrollment: ITAL 120
- Instruction Mode: Lecture
- Grading Option: Credit/No Credit

#### ITAL 220 Italian I
- Units: 4
- Terms Offered: FaSpSm
- Introduction to current Italian. Oral practice, hearing and reading comprehension; grammar necessary for simple spoken and written expression.
- Prerequisite: ITAL 120 or Italian placement exam.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 224 Italian Composition and Conversation
- Units: 4
- Terms Offered: FaSpSm
- Practice in composition and conversation; organized around a set of themes; develops close-reading techniques and discursive skills, reviews Italian grammar.
- Prerequisite: ITAL 220 or Italian placement exam.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 235x Intermediate Conversational Italian
- Units: 2
- Terms Offered: FaSp
- Designed for students interested in maintaining and developing Italian language competency. Builds and reinforces vocabulary, idioms, communication skills and knowledge of Italian cultural aspects through discussion.
- Prerequisite: ITAL 220

#### ITAL 300 Italian and French Cinema and Society
- Units: 4
- Terms Offered: FaSp
- Fa Analysis of the global impact of cinema from the silent era to the 1990s; tracing the development of French and Italian cinematography and their effect on different cultures and periods; trends and genres such as commedia all’italiana, horror, spaghetti western, feminism and postcolonialism. Satisfies New General Education in Category A: The Arts.
- Instruction Mode: Lecture, Discussion
- Grading Option: Letter Crosslisted as FREN 340

#### ITAL 345 Contemporary Italy
- Units: 4
- Italian literature and arts in Italy following World War II. Conducted in English.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 350g Italian Renaissance Literature in Translation
- Units: 4
- Readings of major texts of Italian literature of the 15th and 16th centuries, including works by Petrarca, the Humanists, Lorenzo de Medici, Ariosto, Machiavelli, Castiglione, and Tasso. Satisfies New General Education in Category B: Humanistic Inquiry.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 352 The Holocaust in Italian Fiction and Film
- Units: 4
- Terms Offered: FaSp
- The transformation of the Italian Jewish community before, during and after World War II, through an examination of modern novels, essays and films. Taught in English.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 360 Italian Cinema
- Units: 4
- Terms Offered: FaSp
- Survey of Italian cinema in its relation to social transformation, from the silent era to the present. Weekly screenings, lectures, and discussions. Conducted in English.
- Prerequisite: ITAL 446
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 380 Italian Women Writers
- Units: 4
- Selected poetry, prose, and drama by outstanding Italian women authors and their role in Italian society from the Middle Ages to 20th century. Taught in Italian.
- Instruction Mode: Lecture
- Recommended Preparation: ITAL 320

#### ITAL 381 Storytelling in the Italian Tradition
- Units: 4
- Terms Offered: FaSp
- Reading and close textual scrutiny of major short stories from Boccaccio’s Decameron to the present.
- Instruction Mode: Lecture
- Prerequisite: ITAL 461
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 382g Dante
- Units: 4
- Terms Offered: FaSp
- Analysis of the Divine Commedia and other works. Taught in English.
- Prerequisite: ITAL 450
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 390 Special Problems
- Units: 1, 2, 3, 4
- Supervised, individual studies. No more than one registration permitted.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 392 Seminar in Literary and Cultural Studies
- Units: 4
- Terms Offered: FaSp
- Selected topics in Italian literature and culture. Conducted in English.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 401 Studies in Early Modernity
- Units: 4
- Max Units: 8
- Terms Offered: FaSp
- Study and analysis of representative works and major intellectual, cultural, and artistic trends from the early modern period (post-1800).
- Prerequisite: ITAL 402
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 402 Studies in Modernity
- Units: 4
- Max Units: 8
- Terms Offered: FaSp
- Study and analysis of representative works and major intellectual, cultural, and artistic trends from the modern period (post-1900).
- Prerequisite: ITAL 401
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 403 Studies in Colonialism and Postcolonialism
- Units: 4
- Max Units: 8
- Terms Offered: FaSp
- Study and analysis of colonialism and postcolonialism in Italian contexts.
- Prerequisite: ITAL 320
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 440 Futurism and Fascism in Italy
- Units: 4
- Literature, theatre, visual arts, and politics, from the Futurist Avant-Garde through the reign of Mussolini.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 441 Italian Theatre
- Units: 4
- Terms Offered: FaSp
- Dramatic literature from the earliest written documents to the present. Reading and close textual scrutiny of plays by major dramatists from the Renaissance to the present. Taught in Italian.
- Instruction Mode: Lecture
- Grading Option: Letter

#### ITAL 490x Directed Research
- Units: 1, 2, 3, 4, 5, 6, 7, 8
- Max Units: 12.0
- Instruction Mode: Lecture
- Grading Option: Letter
ITAL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Special topics in Italian literature, culture, and society. Conducted in Italian. Prerequisite: ITAL 224. Instruction Mode: Lecture Grading Option: Letter

ITAL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

ITAL 592 Practicum in Teaching Italian
Units: 2 Terms Offered: FaSp Instruction to the approaches and methods of teaching Italian as a second language. Instruction Mode: Lecture Grading Option: Letter

Information Technology Program
All ITP courses are open to non-engineering majors. The "x" designation indicates that engineering students require prior departmental approval to count 100-level and above ITP courses for major credit.

ITP 101 Introduction to Business Information Technologies

ITP 102 Introduction to Creative Information Technologies

ITP 104L Web Publishing

ITP 109 Introduction to Java Programming
Units: 2 Terms Offered: FaSp Introduction to object-oriented software design for business problems. Creation of console applications, windowed applications, and interactive Web applets. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 115 Programming in Python
Units: 2 Terms Offered: FaSp Python's high level data structures and clear syntax make it an ideal first language with powerful applications to science, business, finance, math, and the web. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 125L From Hackers to CEOs: Introduction to Information Security

ITP 140 Mobile Application Technologies
Units: 2 Terms Offered: FaSp Technologies, devices, operating systems, and tools of mobile applications, as well as the mobile industry. Students will use tools to create apps for different mobile devices. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 148 Introduction to Physical Computing
Units: 4 Design electronic devices that interact with the physical world by building circuits and developing software algorithms that run on a microcontroller. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 165 Introduction to C++ Programming
Units: 2 Terms Offered: FaSp Fundamentals of C++ syntax and semantics, including function prototypes, overloading, memory management, abstract data types, object creation, pointers to class members, and I/O streams. Prerequisite: any high-level programming language. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 168 Introduction to MATLAB
Units: 2 Terms Offered: FaSp Fundamentals of MATLAB: a high-performance numeric computation and visualization environment. Overview of linear algebra and matrix manipulation; using 2-D and 3-D plotting routines; programming in MATLAB; basic numerical analysis. Recommended Preparation: MATH 118 or MATH 125 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 190 Tools for Digital Graphics
Units: 2 Digital tools for image creation, editing, composition, layout, web page development, professional page layout, and printing with color accuracy. Duplicates Credit in former ITP 090 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 211 Power-Tools for Visual Communication
Units: 2 Fundamentals of visual communication; storyboarding, still and moving image creation and modification; special effects; use of standard software tools for effective visual communication. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 215L 3-D Modeling, Animation, and Special Effects
Units: 2 Terms Offered: FaSp Developing a 3-D animation from modeling to rendering: Basics of surfacing, lighting, animation and modeling techniques. Advanced topics: compositing, particle systems, and character animation. Recommended Preparation: knowledge of any 2D paint, drawing or CAD program Instruction Mode: Lecture, Lab Required Grading Option: Letter

ITP 230x Video Game Quality Assurance
Units: 4 Terms Offered: FaSp Survey game software development through quality assurance and in-depth analysis of the development cycle with a focus on bug testing systems and methodologies. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 250x Database Systems for Analytics
Units: 2 Concepts in modeling data for analytic applications. Designing and implementing robust databases. Querying databases to extract business intelligence. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 251 Applied Statistics for Analytics
Units: 2 Core statistical methodologies that are critical for quantitative reasoning. Focus on concepts through practical applications and analyses of real data. Duplicates Credit in BUAD 310g. Instruction Mode: Lecture Grading Option: Letter

ITP 280 Video Game Production
Units: 4 Terms Offered: FaSp History of video games; overview of game genres; phases of video game development (concept, preproduction, production, post-production); roles of artists, programmers, designers, and producers. Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as CSCI-280

ITP 300 Database Web Development
Units: 3 Terms Offered: FaSp Fundamental theory and technologies for creating dynamic, database-driven Websites: Structured Query Language. Prerequisite: ITP 301L Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 300x

ITP 301L Interactive Web Development
Units: 4 Terms Offered: Sp Design, programming techniques for creating interactive, dynamic Web pages. Web development technologies and techniques include scripting fundamentals, Javascript, dynamic HTML, Actionscript, and Flash. Prerequisite: ITP 104 Instruction Mode: Lecture, Lab Required Grading Option: Letter

ITP 302 Advanced Web Publishing
Units: 4 Advanced topics in Web Publishing including HTML5, CSS3, and jQuery. Concept and theory of responsive design. Miscellaneous Webmaster topics including analytics, podcasting and search engine optimization. Prerequisite: ITP 104 Instruction Mode: Lecture Grading Option: Letter

ITP 303 Full-Stack Web Development
Units: 4 Modern web development techniques and technologies used to create web applications from ground up. Topics include front-end, back-end, and web servers. Prerequisite: ITP 365 or CSCI 104L Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 305 Advanced 3D Modeling, Animation, and Special Effects
Units: 3 Terms Offered: Sp Advanced modeling, surfacing, and animation techniques as well as dynamics, scripting, and other advanced 3D animation procedures. Prerequisite: ARCH 207 or ITP 215 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 308 Computer-Aided Design for Bio-Mechanical Systems
Units: 3 Concepts of computer-aided design in 2-dimensions and 3-dimensions. Creating advanced parts using extrusions, surfaces, and equation driven sketches. Forming
ITP 345 Advanced App Development for Phones and Tablets
Units: 4
Develop sophisticated phone and tablet applications for Android-based hardware platforms using advanced functionality including background threading, broadcast receivers, sensors, and low-level interaction events. Prerequisite: ITP 341 Instruction Mode: Lecture Grading Option: Letter

ITP 346 Managing Data in C++
Units: 3
Overview of basic data structures and algorithms including linked lists, stacks, queues, binary trees, and hash tables. Prerequisites: ITP 109 or ITP 115 or ITP 165 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 347x Advanced Coding
Units: 4
Accelerated introduction to the C++ programming language. Advanced programming concepts including memory allocation, data structures, and the Standard Template Library. Prerequisite: ITP 214. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 367

ITP 348 Programming Graphical User Interfaces
Units: 3
Programming applications with dynamic graphical user interfaces. Topics include events, controls, resources, data bindings, styles, and user experience. Prerequisite: CSCI 104 or ITP 365 Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI 368

ITP 370 Information Security Management
Units: 3

ITP 375 Digital Forensics
Units: 3
Forensic science techniques. Digital evidence preservation and presentation. Processes and methodologies for digital analysis. Prerequisite: ITP 125 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 380 Video Game Programming
Units: 4
Terms Offered: FaSp Underlying concepts and principles required for programming video games (topics include vectors, transformations, 3-D math, geometric primitives, matrices). Prerequisite: CSCI 104 or ITP 365. Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as CSCI-380

ITP 382 Mobile Game Programming
Units: 3
Concepts and techniques required to develop games for smartphones and tablets. Topics include sprites, collision detection, mobile input, artificial intelligence, and augmented reality games. Prerequisite: CSCI 104 or ITP 365 Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as ACAD 382

ITP 383 Database Systems: Concepts, Design and Implementation
Units: 3
Terms Offered: Sp Enroll in ISE 382) Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD-387

ITP 387 Cloud Architecture and Applications
Units: 4
Survey of "Infrastructure as a Service" and online application development. Concepts include online storage, computation, virtualization, messaging, and monetization. Prerequisite: CSCI 104 or ITP 365 Instruction Mode: Lecture Grading Option: Letter

ITP 391a Video Game Project Management
Units: 4
Project management basics for the video game industry, focusing on external development. Examine the role of the producer, managing development and coordinating with various stakeholders. Prerequisite: ITP 230x or ITP 280 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 391b Video Game Project Management
Units: 2
Project management for the video game industry, focusing on internal development. Creating ROIs, P&Ls, managing internal creative personnel, and coordinating with internal and external stakeholders. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 393 Video Game Design Documents
Units: 2
Creation of design documents, from treatment to Game Design Document (GDD). Structuring documents for ease of use by team members who will create the
game. Prerequisite: ITP 230x or ITP 280

ITP 404 Modern Technologies of Web Development
Units: 3 Terms Offered: Fa Provide students with the necessary skills to build web applications using modern techniques, frameworks, libraries, and tools that are used among developers within the industry. Prerequisite: ITP 301L or ACAD 275 Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 404

ITP 405 Professional Applications and Frameworks in Web Development
Units: 3 Provide students with the necessary skills to build structured, maintainable, scalable, and testable web applications using frameworks, tools, and techniques common in the industry. Prerequisite: ITP 300 Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as ACAD 405

ITP 411 Multimedia and Video Production
Units: 3 Terms Offered: FaSp Provide students with the necessary skills to develop multimedia and video production tools and techniques in the digital age. Prerequisite: ITP 215L Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as ACAD 411

ITP 421x Advanced Programming for Enterprise Information Systems
Units: 3 Object Oriented Programming for Enterprise information systems. Working with classes, objects, database tables, SQL. Designing reports and Graphical user interfaces. Leveraging service oriented architecture. Prerequisite: ITP 320; Recommended Preparation: object oriented programming. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 422x Configuring Enterprise Resource Planning Systems
Units: 3 Business process integration is the core advantage of using ERP systems. Analyze, configure, and test business processes for a company from the ground up. Prerequisite: ITP 320 or ISE 583. Duplicates Credit in former ITP 322. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as ISE-422

ITP 425 Web Application Security
Units: 4 Web application security techniques. eCommerce vulnerabilities. Online fraud. Solutions to spam and identity theft. Prerequisite: ITP 301 or ITP 325 or ACAD 275 Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 425

ITP 435 Professional C++
Units: 3 Terms Offered: Sp Applications of advanced concepts in C++ including lambda expressions, template metaprogramming, secure coding, parallel programming techniques, and the boost library. Prerequisite: CSCI 104 or ITP 365 Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as CSCI 435

ITP 439 Compiler Development
Units: 3 Practical applications of techniques used to develop a programming language compiler. Prerequisite: ITP 435 Instruction Mode: Lecture, Lab Grading Option: Letter Crosslisted as CSCI 439

ITP 442 Mobile App Project
Units: 4 Capstone course for Mobile App Development minor. Work in project teams to develop new mobile app from start to finish. Meet with client, create app design, develop, test, and demonstrate app to client. Prerequisite: ITP 140 Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 442

ITP 445 Macintosh, OSX, and iOS Forensics

ITP 446 Cyber Breach Investigations

ITP 447 Mobile Device Security and Forensics

ITP 448 Cyber Litigation Support
Units: 3 Terms Offered: Sp Civil Litigation. Digital and Electronic Evidence. Electronic Discovery. eDiscovery. Electronically Stored Information. Prerequisite: ITP 375. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 449x Data Mining: Descriptive and Predictive
Units: 4 Examine and compare practical methods in data mining - data preparation, classification, clustering. Knowledge discovery process is to find patterns and regularities from large datasets. Prerequisite: ITP 350x. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 450 Advanced 3D Texturing, Compositing, and Image Processing
Units: 3 Modern digital compositing, texturing, and image making techniques as they have evolved from legacy and analog media into state of the art digital formats. Prerequisite: ITP 360 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 457 Network Security
Units: 4 Network policy and mechanism, firewalls, malicious code; intrusion detection, prevention, response; cryptographic protocols for privacy; risks of misuse, cost of prevention, and societal issues. Prerequisite: ITP 357. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 460 Web Application Project
Units: 4 Terms Offered: SpSkills to plan, analyze, build, and launch professional Web sites with actual clients. Includes project management, documentation, technology assessment, security, UI, QA, and various methodologies. Recommended Preparation: one 300-level Web minor course Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 460

ITP 466 Building the High Tech Startup
Units: 4 Teach students the basic technologies and processes involved in building web and mobile startups. Students will be introduced to the different aspects of building a web startup including online business models, Product management, Agile development processes, technology platforms and operations, customer development and online marketing. Instruction Mode: Lecture Grading Option: Letter

ITP 470 Information Technology Practicum
Units: 1, 2, 3, 4 Terms Offered: FaSpSm Independent technology project related to specific topics under the direction of a faculty member. Recommended Preparation: appropriate 300-level course work to topic of study Registration Restriction: Not open to graduate students. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 475 Advanced Digital Forensics
Units: 4 Terms Offered: Sp Advanced forensic techniques. Live image analysis. Network level forensic investigation. Server forensic techniques. Deposition and trial. Prerequisite: ITP 375 Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 476 Technologies for Interactive Marketing
Units: 4 Designed to introduce students to technologies, concepts and strategies in the emerging online advertising ecosystem. Through lectures, discussions, and projects, students learn strategies and tactics to drive traffic to a website. They learn how to analyze and measure the efficacy of their plans. Lastly, they will work with a real client and with a real budget to craft and execute an online marketing plan. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 477 Software Based Engineering Design of Roadways
Units: 3 Orient students to the InRoads software and familiarize them with its capabilities to support engineering design of roadways. Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 479 Cyber Law and Privacy
Units: 3 Cyber legal issues, search and seizure, 4th amendment and digital evidence, private searches, case law relating to search and seizure. Instruction Mode: Lecture, Lab
ITP 489 In-Memory Database Systems for Real Time Analytics
Units: 3
Prerequisite: ITP 250 or ITP 320
Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 491 Level Design and Development for Video Games
Units: 4
Prerequisite: ITP 230 or ITP 280
Instruction Mode: Lecture, Lab Grading Option: Letter

ITP 496 The Startup Launchpad Lab
Units: 2
Prerequisite: BAEP 452 and ITP 466 and ITP 476 Corequisite: BAEP 496
Instruction Mode: Lecture, Lab Grade Option: Letter

ITP 499 Special Topics
Units: 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5, 5.5, 6, 6.5, 7, 7.5, 8
Prerequisite: ITP 250 or ITP 320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 201 Culture of Journalism: Past, Present and Future
Units: 4
Prerequisite: ITP 250 or ITP 320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 202 Newswriting: Print
Units: 3
Prerequisite: ITP 320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 203 Newswriting: Broadcast
Units: 3
Prerequisite: ITP 320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 205 Journalism Practicum
Units: 1, 2
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 207 Reporting and Writing I
Units: 4
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 210 Basics of News Production for Non-Majors
Units: 2
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 213 Introduction to Broadcast, Digital, and Print Journalism
Units: 3
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 216 Media Law and Ethics
Units: 3
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 302 Reporting: Print
Units: 3
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 303 Reporting: Broadcast
Units: 3
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 304 Production: Broadcast
Units: 3
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 305 Reporting and Writing II
Units: 4
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 306 Production: Broadcast
Units: 3
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 307 Reporting and Writing II
Units: 4
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 308 Reporting and Writing II
Units: 4
Prerequisite: ITP 250/320
Instruction Mode: Lecture, Lab Grading Option: Letter
emerging digital tools. Prerequisite: JOUR 207 and JOUR 321 Concurrent Enrollment: JOUR 320 Registration Restriction: Open only to Broadcast and Digital Journalism, Journalism, and Print and Digital Journalism majors Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 308 Newspaper Editing and Design Units: 3 Copyediting and newspaper production layout. Headline and caption writing. Design. Social responsibility and ethical framework involving print production. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307 Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 309 Introduction to Online Media Units: 3 Convergence journalism and online skill sets. Blogs and Web content production. Social responsibility and ethical framework in digital information technology. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307 Instruction Mode: Lecture Grading Option: Letter

JOUR 310 Investigative Reporting Units: 4 Reportorial and analytical skills and techniques required for portraying and evaluating contemporary newsworthy events; lectures, discussions. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307 Instruction Mode: Lecture Grading Option: Letter

JOUR 311 Multi-Platform Editing Units: 4 Copyediting, headline writing, Search Engine Optimization and other production skills for preparation of content across platforms. Social responsibility and ethical framework also components of this course. Prerequisite: JOUR 302 and JOUR 303 or JOUR 307 Instruction Mode: Lecture Grading Option: Letter

JOUR 320 Introduction to Coding for Storytelling Units: 2 Introduction to basic web technologies; conceive, design, code and produce an advanced multimedia story package. Prerequisite: JOUR 207 and JOUR 321 Concurrent Enrollment: JOUR 307 Registration Restriction: Open only to Broadcast and Digital Journalism, Journalism, and Print and Digital Journalism majors Instruction Mode: Lecture Grading Option: Letter

JOUR 321 Visual Journalism Units: 2 Video for digital platforms, principles of photography, design for web and mobile platforms. Introduction to principles of digital news design, interactivity and presentation in interactive storytelling. Concurrent Enrollment: JOUR 207 Registration Restriction: Only open to Broadcast and Digital Journalism, Journalism, and Print and Digital Journalism majors. Instruction Mode: Lecture Grading Option: Letter

JOUR 322 Data Journalism Units: 2 Overview of the basic data journalism techniques and tools for statistical analysis; understanding of numbers and basic statistics as they relate to journalism. Proficiency with gathering, analyzing and visualizing data. Prerequisite: JOUR 307 and JOUR 320 Instruction Mode: Lecture, Lab Grading Option: Letter

JOUR 323 Creating your Digital Footprint and Brand Units: 2 Build a personal website that features a culmination of your previous undergraduate journalism work; craft a professional digital profile using various social media platforms; understand the economics of the news business; prepare to enter the industry. Prerequisite: JOUR 307 and JOUR 320 and JOUR 322 Instruction Mode: Lecture Grading Option: Letter

JOUR 330 Photjournalism Units: 4 Terms Offered: FaSp Emphasis on fundamental skills necessary for photojournalism including camera techniques, story ideas and digital darkroom. Instruction Mode: Lecture Grading Option: Letter

JOUR 350 Introduction to Sports Media Units: 4 Highlight norms, routines of content, including print, broadcast, video. Focus on opportunities, constraints posed by roles of reporters, fans, players, publicists, agents, leagues, teams. Instruction Mode: Lecture Grading Option: Letter

JOUR 371 Censorship and the Law: From the Press to Cyberspace Units: 4 (Enroll in COMM 371) Instruction Mode: Lecture Grading Option: Letter

JOUR 405 Non-Fiction Television Units: 4 Role of the broadcast journalism reporter; similarities and differences between print and electronic media; application of audio-video equipment; analysis and practical experience. Prerequisite: JOUR 306 or (JOUR 307 and JOUR 321) Instruction Mode: Lecture Grading Option: Letter

JOUR 407 Newsradio Units: 4 Production of radio news programs; preparation and treatment of form and content; procedures, problems, and practice in planning and producing broadcast news materials. Prerequisite: JOUR 306 or (JOUR 307 and JOUR 321) Instruction Mode: Lecture Grading Option: Letter

JOUR 408 Advanced Media Law in the Digital Age Units: 2 Advanced examination of the rights of sports, while recognizing the role the media plays in providing daily coverage across multiple platforms. Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM 382

JOUR 381 Entertainment, Business and Media in Today's Society Units: 4 Terms Offered: FaSp An examination of the symbiotic relationship of the entertainment business and the media; press coverage of the entertainment industry; Hollywood's relationship with news media. Instruction Mode: Lecture Grading Option: Letter

JOUR 390 Special Problems Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

JOUR 400 Interpretive Writing Units: 4 Weekly assignments in the shorter forms of newspaper and magazine writing: essays, reviews, editorials, opinion-page articles, profiles, analyses of major 20th century journalists. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307 Instruction Mode: Lecture Grading Option: Letter

JOUR 401 Online Site Management and Production for Journalists Units: 4 Hands-on experience in a digital newsroom environment; planning, editing, writing, reporting and aggregating stories for audiences across platforms. Instruction Mode: Lecture Grading Option: Letter

JOUR 402 Advanced Television Reporting Units: 4 Role of the broadcast journalism reporter; similarities and differences between print and electronic media; application of audio-video equipment; analysis and practical experience. Prerequisite: JOUR 306 or (JOUR 307 and JOUR 321) Instruction Mode: Lecture Grading Option: Letter

JOUR 403 Television News Production Units: 4 Production of television news programs; preparation and treatment of form and content; procedures, problems, and practice in planning and producing broadcast news materials. Prerequisite: JOUR 306 or (JOUR 307 and JOUR 321) Instruction Mode: Lecture Grading Option: Letter

JOUR 404 Non-Fiction Television Units: 4 Presentation and selection in non-fiction television programs including documentaries, electronic magazines and news series; ethical problems, field research, reporting, interviewing, pre-production. Prerequisite: JOUR 306 or JOUR 307 Instruction Mode: Lecture Grading Option: Letter

JOUR 380 Sports, Business and Media in Today's Society Units: 4 An inside look at the important stories, topical issues, trends and historical developments related to the growing influence of business and media on college and professional sports; identifying the key components and meeting the influencers in class that help shape the business side
of journalists in the American legal system; understanding the First Amendment and seminal case law to provide a framework for the practice of journalism; recognizing ethical dilemmas confronting members of the media. Prerequisite: JOUR 208 and JOUR 307 and JOUR 320. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 409 Radio Storytelling and Podcasts
Units: 4. Techniques for audio journalism, including effective use of sound, art of the interview, writing for the ear and the craft of stories to engage listeners. Prerequisite: (JOUR 202 and JOUR 203) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 410 Radio Documentary

JOUR 411 Broadcast Reporting and Newswriting for Non-Majors
Units: 2. Develop a broad-based knowledge of broadcast news writing and reporting; recognize, research and develop stories; write and format broadcast stories in all forms and learn to produce finished news packages. Registration Restriction: Not open to Journalism, Broadcast and Digital Journalism, and Print and Digital Journalism majors. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 412 Introduction to Online Publishing

JOUR 414 Advanced Digital Media Storytelling
Units: 2. Production of a well-reported advanced multimedia package, with a blend of text, audio, video, photos, navigation and interactivity; final projects will be published by the Annenberg Media Center. Prerequisite: JOUR 307 and JOUR 320 and JOUR 322. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 420 Advanced Photjournalism
Units: 4. Emphasis on advanced photojournalism techniques for complex photo storytelling; focus on style, content, design, expression and ethics. Prerequisite: JOUR 330. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 421 Photo Editing for News Media
Units: 4. Emphasis on understanding, selection and power of photographs; how they work in concert with words and graphics to inform the public. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 422 Advanced Visual Journalism

JOUR 425 Advanced Radio News Production

JOUR 430 Writing the Film Review

JOUR 431 Feature Writing
Units: 4. Techniques of writing newspaper feature stories, including the profile, the light feature, the news feature, the in-depth story; the art of narrative writing. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 432 Sports Commentary

JOUR 433 Writing About Science

JOUR 435 Writing Magazine Non-Fiction
Units: 4. A seminar in "how to" interview, research, write — and place — professional quality articles for a full range of magazines/newspapers including women's, sports, ethnic, local and national. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 436 Magazine Production
Units: 4. Publishing and production technologies; economics of magazine publishing including cost analysis, marketing, advertising, and circulation. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 440 Environmental Journalism
Units: 4. Techniques of reporting and writing about the environment. Includes both theory and practice needed for reporters specializing in this area of the news. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 441 Sports Reporting
Units: 2. JOUR 302 News and feature coverage of sporting events, including social and economic factors influencing sports in America. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 442 Advanced Radio News

JOUR 444 Reporting on Religion
Units: 4. Provides print, online and broadcast journalists with basic tools for reporting on the religion angle of news stories. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 446 Entertainment Reporting
Units: 2. Techniques of reporting and writing about the entertainment business, economics and finances. Analysis of the skills and background needed for reporters specializing in this area of the news. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 447 Arts Reporting
Units: 2. Techniques of reporting and writing about the arts, including television, film, theatre, music, graphic arts, architecture and design. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 448 Government and Public Affairs Reporting
Units: 4. Techniques for covering beats that are the foundation of daily newspaper reporting, including crime, education, immigration and local government. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 449 Reporting Los Angeles
Units: 2. Specialized reporting class focused on Los Angeles that requires intensive fieldwork in the neighborhoods, ethnic communities, and/or among local institutions. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307. Instruction Mode: Lecture. Grading Option: Letter.

JOUR 450 Fact and Fiction: From Journalism to the Docudrama

JOUR 460 Social Responsibility of the News Media
Units: 4. Terms Offered: Sp News media as instruments of constructive social change; standards of ethics and aesthetics; interactions between news media and cultural settings; social responsibility of news media personnel. Instruction Mode: Lecture. Lab Grading Option: Letter. Crosslisted as COMM 464.

JOUR 462 Law of Mass Communication

JOUR 465m Latino News Media in the United States
JOUR 466m People of Color and the News Media
Units: 4
Terms Offered: Sp
Description: The role and representation of people of color in the United States; impact of racial diversity on media, employment and access; and development of media for individuals and communities of color. Open to non-majors. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-464

JOUR 467 Gender and the News Media
Units: 4
Terms Offered: Sp
Description: The role and representation of gender in news media and magazines. Not available for graduate students. Open to non-majors. Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM-466, SWMS-467

JOUR 468m The American Press and Issues of Sexual Diversity
Units: 4
Terms Offered: Fa
Description: An examination of how news media reflect and affect perception of gay/lesbian issues; provides historical and contemporary context; arms students to bypass rhetoric and knowledgeably evaluate facts. Instruction Mode: Lecture Grading Option: Letter

JOUR 469 Money, Markets and Media
Units: 4
Terms Offered: Sp
Description: The practical approach to understanding and writing about economic concepts through current events, case studies and historical examples. Instruction Mode: Lecture Grading Option: Letter

JOUR 470 Community Journalism
Units: 2
Terms Offered: Sp
Description: A survey of how local journalism functions in a community. Students work as editors/mentors to high school students, writing for school newspaper and other media. Instruction Mode: Lecture Grading Option: Letter

JOUR 471 Advanced Multimedia Storytelling
Units: 2
Terms Offered: Sp
Description: Students create and manage advanced online story packages with multiple digital elements including text, visuals (videos, photos, graphics, etc.), audio, interactivity and navigation. Recommended Preparation: JOUR 309. Instruction Mode: Lecture Grading Option: Letter

JOUR 472 Strategies for Monetizing New Media
Units: 4
Terms Offered: Fa
Description: Learning strategies for how content creates value in a shifting media landscape. Work with a real client to create a sustainable media business model. Instruction Mode: Lecture Grading Option: Letter

JOUR 473 Publications Design and Technology
Units: 4
Terms Offered: Fa, Sp
Description: The history, ethics and role and responsibility of the news media. Instruction Mode: Lecture Grading Option: Letter

JOUR 474 Reporting Urban Affairs
Units: 4
Terms Offered: Jour 302 and JOUR 303 Instruction Mode: Lecture Grading Option: Letter

JOUR 475 Web Analytics for News and Nonprofit Organizations
Units: 2
Terms Offered: Fa
Description: Web traffic and audience behavior data to manage Websites and social media for news and nonprofit organizations. Instruction Mode: Lecture Grading Option: Letter

JOUR 476 Sports and Media Technology
Units: 4
Terms Offered: Fa
Description: The study of emerging 21st century solutions for urban communities. Prerequisite: (JOUR 302 and JOUR 303) or JOUR 307 Instruction Mode: Lecture Grading Option: Letter

JOUR 477 Calculations and Design
Units: 4
Terms Offered: Jour 302 and JOUR 303 Instruction Mode: Lecture Grading Option: Letter

JOUR 478 Comparative Media in Europe
Units: 4
Terms Offered: Sp
Description: Comparative media in Europe. Instruction Mode: Lecture Grading Option: Letter

JOUR 479 Negotiating and Reporting Global Change
Units: 4
Terms Offered: In-depth multimedia reporting on social, economic and political processes of global impact; combining intense fieldwork and specialized background knowledge. Instruction Mode: Lecture Grading Option: Letter

Terms Offered: Fa
Description: Examine and analyze the ever-changing technology sector of the sports business and sports media world. Identify emerging technologies being developed in the sports industry and how they are being utilized to enhance the fan experience. Instruction Mode: Lecture Grading Option: Letter

JOUR 487 Emerging Platforms
Units: 4
Terms Offered: Sp
Description: Emerging platforms. Instruction Mode: Lecture Grading Option: Letter

JOUR 488 Journalism for Mobile and Emerging Platforms
Units: 4
Terms Offered: Sp
Description: Engage in hands-on prototyping and advanced production methods, processes, and equipment; representative examples; practice in design. Instruction Mode: Lecture Grading Option: Letter

JOUR 489 Hands-on Disruption: Experimenting with Emerging Technology
Units: 2
Description: Exploration and experimentation of emerging technologies through the lens of journalism and hands-on prototyping. Instruction Mode: Lecture Grading Option: Letter

JOUR 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8
Terms Offered: Fa
Description: Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

JOUR 491 Special Topics
Units: 2
Terms Offered: Fa
Description: Special topics in journalism. Instruction Mode: Lecture Grading Option: Letter

JOUR 492 Comparative Media in Europe
Units: 4
Terms Offered: Sp
Description: Comparative media in Europe. Instruction Mode: Lecture Grading Option: Letter

JOUR 493 Comics and Graphic Storytelling
Units: 4
Terms Offered: Fa
Description: Comics and graphic storytelling. Instruction Mode: Lecture Grading Option: Letter

JOUR 494 Python Coding for Data Journalism
Units: 2
Terms Offered: Sp
Description: Python coding language to gather, parse and analyze data for investigative news reporting. Instruction Mode: Lecture Grading Option: Letter

JOUR 495 Journalism for Mobile and Emerging Platforms
Units: 4
Terms Offered: Sp
Description: Engage in hands-on prototyping and advanced production methods, processes, and equipment; representative examples; practice in design. Instruction Mode: Lecture Grading Option: Letter

JOUR 496 Interactive Media Design for Publishing
Units: 4
Terms Offered: Fa
Description: Interactive media design for publishing. Instruction Mode: Lecture Grading Option: Letter

JOUR 497 Data Visualization and Interactive Tools
Units: 2
Terms Offered: Fa
Description: Present your data in tables, charts, graphs, maps, and complex multimedia pieces using readily available interactive tools. Instruction Mode: Lecture Grading Option: Letter

JOUR 498 Honors Seminar
Units: 2
Terms Offered: Sp
Description: Intensive study of a subject of contemporary relevance or of professional importance to journalists and public relations practitioners. Registration Restriction: Admission to Honors Program. Instruction Mode: Lecture Grading Option: Letter

JOUR 499 Special Topics
Units: 2
Terms Offered: Fa
Description: Special topics in journalism. Instruction Mode: Lecture Grading Option: Letter

JOUR 500 Media and Society
Units: 3
Terms Offered: Sp
Description: Analysis of major theories on the role of communication media and society with special emphasis on the role and responsibility of the news media. Instruction Mode: Lecture Grading Option: Letter

JOUR 505 The Practice: Journalism's Evolution as a Profession
Units: 1
Terms Offered: Fa
Description: The history, ethics and evolution of journalism; Students will be introduced to key innovations and innovators in journalism history as well as multimedia platforms. Open only to journalism majors. Instruction Mode: Lecture Grading Option: Letter

JOUR 506 Multimedia Journalism I: Text
COURSES OF INSTRUCTION

JOUR 507 Multimedia Journalism I: Video and Audio
Units: 2 Terms Offered: Fa Basics of video journalism for broadcast and the Web. Newswriting, shooting and editing images and audio into television and Web news reports. Videography and editing. Concurrent Enrollment: Concurrent enrollment: JOUR 506, JOUR 509. Instruction Mode: Lecture Grading Option: Letter

JOUR 509 Multimedia Journalism I: Digital

JOUR 510 Special Assignment Reporting
Units: 2 Beat reporting with a deep dive into research, source development, and writing/reporting skills. Focus on current trends, history, major actors and key issues. Instruction Mode: Lecture Grading Option: Letter

JOUR 512 Advanced Interpretive Writing
Units: 3 Terms Offered: Sp Analysis and writing of editorials, essays, Op-Ed page articles, profiles, and other shorter forms of journalism, combined with study of historic practitioners of those forms. Instruction Mode: Lecture Grading Option: Letter

JOUR 513 Advanced Newswriting and Reporting
Units: 3 Reportorial and analytical skills and techniques required in searching out and evaluating newsworthy events. Research and publication of stories. Instruction Mode: Lecture Grading Option: Letter

JOUR 514 Multimedia Journalism II: Text
Units: 2 Terms Offered: Sp Reporting and writing daily news and feature stories on deadline for text. Beat reporting, interviewing, sourcing, research, fact checking, Web aggregation, blogging, search optimization skills. Prerequisite: JOUR 506; Concurrent Enrollment: concurrent enrollment: JOUR 516, JOUR 518. Instruction Mode: Lecture Grading Option: Letter

JOUR 516 Multimedia Journalism II: Video and Audio
Units: 2 Terms Offered: Sp Reporting and writing for television, radio and Internet. Pitch, shoot, write, and produce video and audio news packages, incorporating standups and creative visual storytelling techniques. Prerequisite: JOUR 507, Concurrent Enrollment: concurrent enrollment: JOUR 514, JOUR 518. Instruction Mode: Lecture Grading Option: Letter

JOUR 517 Advanced Investigative Reporting
Units: 3 Terms Offered: Fa Advanced repororial and analytical skills and techniques required for evaluating newsworthy events. Group research and publication of stories on important current topics. Instruction Mode: Lecture Grading Option: Letter

JOUR 518 Multimedia Journalism II: Digital
Units: 2 Terms Offered: Sp Online story packages with multiple elements including text, visuals, audio, interactivity and navigation. Online ethics and basics of copyright law, design, typography, color, photo usage. Prerequisite: JOUR 509; Concurrent Enrollment: concurrent enrollment: JOUR 514, JOUR 516. Instruction Mode: Lecture Grading Option: Letter

JOUR 519 Advanced Writing and Reporting for Magazine and the Web
Units: 4 Focus on reporting and writing for magazine and the web, learning fundamental production skills, and pitching stories in the freelance market Instruction Mode: Lecture Grading Option: Letter

JOUR 520 Advanced Broadcast Newswriting
Units: 3 Writing for broadcast, preparation and presentation. Responsibility and ethics of broadcast newswriting. Form and content of broadcast news presentation. Similarities and differences between media. Instruction Mode: Lecture Grading Option: Letter

JOUR 521 Documentary Pre-Production

Instruction Mode: Lecture Grading Option: Numeric

LAW 829 Cross-Cultural Dispute Resolution
Units: 2 Brings an international perspective to understanding the impact of culture in the most commonly used international and domestic dispute resolution practices (negotiation, mediation, and arbitration). Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 830 Law Firm Economics and the Public Interest
Units: 1 Introduces students to the tools needed to work in a large law firm pro bono practice. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 833 Labor Arbitration
Units: 2 Introduces students to the National Labor Relations Act, collective bargaining and the labor arbitration process. Students also prepare labor arbitration briefs. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 834 Veterans Legal Practicum
Units: 3 Allows students to hone their legal skills while representing veterans of the United States Armed Forces in administrative proceedings. Registration Restriction: Open only to Law students Instruction Mode: Lecture, Lab Grading Option: Numeric

LAW 835 Transactional Due Diligence
Units: 1 Prepares students to handle due diligence projects at the level of a first-year or second-year transactional associate through hands-on, practical training. Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 837 Diversity: Legal and Social Perspectives
Units: 2, 3 Examine legal and social perspectives on the concept of diversity. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 839 Copyright Law in Practice
Units: 2, 3, 4 Study of federal copyright law, analysis of property rights and interests created thereunder. Manner in which these rights can be exploited in the various entertainment media. Prerequisite: LAW 772 or LAW 841 Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 840 Copyright and Fictional Characters
Units: 2, 3, 4 Involves the treatment of fictional characters by the courts and in new media and the fundamental copyright concepts that have shaped that treatment. Instruction Mode: Lecture Grading Option: Numeric

LAW 841 Copyright, Trademark and Related Rights
Units: 3 An introductory survey of statutory and case law, and underlying policy issues, concerning copyright, trademark and certain related legal rights. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 842 Partnership Taxation
Units: 2, 3, 4 Instruction Mode: Lecture Grading Option: Numeric

LAW 843 Tax Policy Seminar
Units: 2, 3, 4 Students will write and present papers discussing topics in tax policy. Instruction Mode: Lecture Grading Option: Numeric

LAW 844 Prepare for Trial Like a Master
Units: 1 Allows students to practice trial techniques and covers cutting-edge techniques in trial preparation. Registration Restriction: Open only to USC Gould School of Law students Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 845 Negotiation Skills
Units: 2 Develops students' negotiating skills through role plays, reflection and instructor feedback. Registration Restriction: Open only to law students Instruction Mode: Lecture Grading Option: Numeric

LAW 846 Mathematical Modeling of Law and Society
Units: 2, 3, 4 Explores the use of mathematical modeling as a way of describing the dynamic relationships between legal regulation and the social behavior that law regulates. Instruction Mode: Lecture Grading Option: Numeric

LAW 847 Refugee and Forced Migration Law
Units: 2, 3, 4 Examines refugee law and forced migration, including the causes and consequences of forced migration and the responses to forced migration. Instruction Mode: Lecture Grading Option: Number

LAW 849 International Human Rights Clinic I
Units: 4, 5 Students work under close faculty supervision on cases and projects that involve the application of international law to address human rights violations. Instruction Mode: Lecture Grading Option: Numeric

LAW 850 International Human Rights Clinic II
Units: 4, 5, 6 Terms Offered: FaSp Selected topics in criminal law or criminology. May be repeated with permission of the instructor as topics vary. Instruction Mode: Lecture Grading Option: Numeric

LAW 851 Topics in Criminal Law and Criminology
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Taught in honor of James Ackerman, USC Law graduate of 1948, this class examines selected topics in maritime law, analysis of property rights and interests created thereunder. Manner in which these rights can be exploited in the various entertainment media. Prerequisite: LAW 772 or LAW 841 Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 852 Partnership Taxation
Units: 2, 3, 4 Instruction Mode: Lecture Grading Option: Numeric

LAW 854 Legal Design Lab
Units: 3 Students work in teams to develop innovative ways of addressing shortcomings in our legal systems to improve access, quality, efficiency and global integration and prosperity. Instruction Mode: Lecture Grading Option: Numeric

LAW 855 Topics in Maritime and Admiralty Law
Units: 2, 3, 4 Max Units: 6.0 Terms Offered: FaSp Taught in honor of James Ackerman, USC Law graduate of 1948, this class examines selected topics in maritime and admiralty law. May be repeated with permission of the instructor as topics vary. Instruction Mode: Lecture Grading Option: Numeric

LAW 856 Transnational Human Rights Litigation
Units: 1, 2, 3, 4 Terms Offered: Fa Provides an introduction to the legal and political issues raised by cases involving international human rights violations. Instruction Mode: Lecture Grading Option: Numeric

LAW 857 Legal Design Challenge
Units: 2 Students develop a proposal in response to the call for solutions to global supply chains problems from the Hague Institute for the Internationalisation of Law.
COURSES OF INSTRUCTION

Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 858 Law and Psychology
Units: 2, 3, 4 Examines the psychological factors that hinder the making of accurate factual findings. Registration Restriction: Open only to law students Instruction Mode: Lecture Grading Option: Numeric

LAW 859 Communications Law: Internet, Television and Other Media
Units: 2, 3, 4 Terms Offered: FaSpSm Concentrates on the regulation of broadcast television, cable television, telephone, and spectrum management. Instruction Mode: Lecture Grading Option: Numeric

LAW 860 International Criminal Law
Units: 4 Covers the prosecution, trial and punishment of individuals suspected of crimes considered among the most serious violations of international humanitarian and human rights law. Instruction Mode: Lecture Grading Option: Numeric

LAW 861 International Law Seminar
Units: 2, 3 Max Units: 6.0 Terms Offered: Sp Investigation of selected problems of international law. May be repeated with permission of the instructor as topics vary. Instruction Mode: Lecture Grading Option: Numeric

LAW 862 Iraqi Refugee Assistance Project Seminar
Units: 1, 2, 3, 4 Max Units: 8.0 Formally instructs students on U.S. and international refugee law and policy regarding the Iraqi refugee humanitarian crisis. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 863 International Negotiations and Mediation
Units: 2, 3, 4 Introduction to negotiation and mediation from an international perspective. Development of essential skills for effective client representation in negotiation and mediation. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 864 Sovereign Debt
Units: 1, 2, 3, 4 Examines the legal regimes that exist to address the problems that arise when a sovereign cannot pay back what it owes. Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 865 Legislative Policy Practicum
Units: 3 Provides students with an opportunity to participate in real-world advocacy on juvenile justice issues. Instruction Mode: Lecture Grading Option: Numeric

LAW 866 Counterterrorism, Privacy and Civil Liberties
Units: 2, 3, 4 Terms Offered: FaSpSm Explores the spectrum of interrelated legal and policy issues known as "homeland security" since the events of September 11, 2001. Instruction Mode: Lecture Grading Option: Numeric

LAW 867 Corporate Fraud
Units: 2, 3, 4 Terms Offered: FaSpSm Introduces law students to the real world issues of major civil and criminal corporate fraud. Instruction Mode: Lecture Grading Option: Numeric

LAW 868 Business Enterprise Taxation
Units: 2, 3, 4 Terms Offered: FaSp Examination of the taxation of corporations, partnerships, and limited liability companies. Instruction Mode: Lecture Grading Option: Numeric

LAW 869 Family Law Mediation Clinic
Units: 4 Teaches the skills and substantive area of the law necessary to successfully mediate cases in the Edelman Children's courthouse in Monterey Park. Prerequisite: LAW 630. Registration Restriction: Open only to law students Instruction Mode: Lecture Grading Option: Numeric

LAW 870 Legal Writing Fellows
Units: 1, 2, 3, 4 Max Units: 7.0 Terms Offered: FaSpSm Assist in teaching writing and advocacy. Responsibilities include helping prepare lesson plans and drafting writing assignments and sample answers; leading class exercises; and judging first-year moot court practice rounds. Instruction Mode: Lecture Grading Option: Credit/No Credit

LAW 871 First Amendment
Units: 2, 3, 4 Terms Offered: FaSp Freedom of expression (political speech, symbolic expression, obscenity, commercial speech, defamation), rights of access to the media, religious protection and prohibition of establishment of religion. Instruction Mode: Lecture Grading Option: Numeric

LAW 872 Advanced Legal Writing and Advocacy: Appellate Advocacy
Units: 1, 2, 3, 4 Terms Offered: FaSp Students will research, write, and rewrite an appellate brief and may work on motions and oral advocacy as well. Instruction Mode: Lecture Grading Option: Numeric

LAW 873 Judicial Opinion Writing
Units: 2, 3, 4 Students write a majority opinion and a dissenting opinion based on cases pending before the U.S. Supreme Court. This is a writing-intensive course. Instruction Mode: Lecture Grading Option: Numeric

LAW 874 Media Law in the Digital Age
Units: 2, 3, 4 Explores the interplay between the law, politics, and media, particularly mass media, in the digital age. Instruction Mode: Lecture Grading Option: Numeric

LAW 875 Constitutional Theory Seminar
Units: 1, 2, 3, 4 Seminar course devoted to different methods of reading the Constitution. Instruction Mode: Lecture Grading Option: Numeric

LAW 877 Major Trends in American Legal Thought
Units: 1, 2, 3 Survey of major trends in American legal thought. Instruction Mode: Lecture Grading Option: Numeric

LAW 878 Evolutionary Game Theory and the Law
Units: 1, 2, 3 Uses the Evolutionary Game Theory methodology to explore the dynamics of cooperative interaction among people, and the role that legal punishment plays. Instruction Mode: Lecture Grading Option: Numeric

LAW 879 Future Property Interests
Units: 3 Combines state and national statutory and common laws relating to present and future property interests important to the preparation of gifts, trusts, wills and deeds. Registration Restriction: Open only to Law students Instruction Mode: Lecture Grading Option: Numeric

LAW 880 Treating Difference Equally
Units: 2, 3, 4 Comparative look at the legal treatment of religious, cultural, gender and sexual differences and differences in physical and mental ability. Instruction Mode: Lecture Grading Option: Numeric

LAW 881 Constitutional Innovation
Units: 2, 3, 4 Examines the U.S. Constitution in transnational perspective. The focus is democracy; slavery, emancipation, and freedom; empire; and governmental structures. Instruction Mode: Lecture Grading Option: Numeric

LAW 882 Advanced Legal Writing for Pretrial Practice
Units: 2, 3 Home written advocacy skills for pretrial litigation practice. Draft motions, letters, and other communications to court, opposing counsel, and client. Practice oral communication through exercises. Registration Restriction: Op Instruction Mode: Lecture Grading Option: Numeric

LAW 883 Advanced Legal Writing for International Business Lawyers
Units: 2 Develop communication skills for international transactional practice. Practice drafting memoranda, letters, and other communications to partners, clients, and other attorneys. Practice negotiation in intercultural setting. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 884 Constitutional Law: Equality and Liberty
Units: 3, 4 Focuses on individual rights and liberties, with special attention paid to equal protection and substantive due process. Instruction Mode: Lecture Grading Option: Numeric

LAW 885 Advanced Legal Writing: A Partnership with Public Counsel
Units: 2 Write office memoranda and sample pleadings modeled after real legal issues faced by attorneys at Public Counsel. Registration Restriction: Open only to Law students. Instruction Mode: Lecture Grading Option: Numeric

LAW 886 Justice and the Foundations of Liberalism
Units: 1, 2, 3 Discusses John Rawls' A Theory of Justice (1971), critical reactions to it and some possible extensions of Rawls' theory of justice. Instruction Mode: Lecture Grading Option: Numeric

LAW 887 Religious Freedom and its Limits
Units: 2, 3 Surveys constitutional doctrines pertaining to the Free Exercise and Establishment Clauses of the First Amendment and the emergent doctrine
regarding the application of the federal Religious Freedom Restoration Act and its state offspring. Instruction Mode: Lecture Grading Option: Numeric

**LAW 888 First Amendment: Law and Religion**
Units: 1, 2, 3 Exploring the laws that govern and affect religious groups and religious belief-systems and religious experience in the United States. Instruction Mode: Lecture Grading Option: Numeric

**LAW 889 Law Informed by Faith**
Units: 2, 3, 4 Considers the role of faith in a lawyer's life and work. Discusses issues in constitutional law, tort law, criminal law, professional responsibility and more. Prerequisite: LAW 748 Duplicates Credit in LAW 748. Instruction Mode: Lecture Grading Option: Numeric

**LAW 890 Directed Research**
Units: 1, 2, 3, 4 Directed Research may be taken only with the approval of the Administrative Board. This course is intended for substantial independent research and study that does not result in a paper of publishable quality. It includes, but is not limited to, preparation of research memoranda for faculty research projects, empirical research for such projects, and supervised independent study. Directed research is to be supervised by a regular, full-time faculty member (including full-time visiting faculty). Students may take a maximum of 4 units of Directed Research during their educational experience at the law school. Instruction Mode: Lecture Grading Option: Numeric

**LAW 891 Post-Conviction Justice Seminar I**
Units: 1, 2, 3, 4, 5 Terms Offered: FaSpSm Examines the substantive rights of federal prisoners with respect to parole, sentencing, validity of conviction and conditions of confinement and the procedural mechanisms by which to enforce those rights. Under faculty supervision, students provide legal assistance to federal inmates in administrative and judicial proceedings. Registration Restriction: Open only to Law majors Instruction Mode: Lecture Grading Option: Numeric

**LAW 892 Post-Conviction Justice Seminar II**
Units: 1, 2, 3, 4, 5 Max Units: 5.0 Terms Offered: Sp Continuation of LAW 891. Prerequisite: LAW 891. Instruction Mode: Lecture Grading Option: Numeric

**LAW 893 Advanced Clinical Training**
Units: 1, 2, 3, 4, 5 Max Units: 10.0 Terms Offered: FaSp For third-year students who wish to continue their clinical training. Instruction Mode: Lecture Grading Option: Numeric

**LAW 894 Advanced Mediation Clinic**
Units: 1, 2, 3, 4 Max Units: 10 Students learn mediation skills, conduct live mediations and help to run the regular Mediation Clinic. Registration Restriction: Open only to USC Gould School of Law students Instruction Mode: Lecture Grading Option: Numeric

**LAW 500 Introduction to Liberal Studies: Methods of Knowing**
Units: 3 Terms Offered: Sp Introduction to research methods in the social sciences, humanities, and natural sciences; then methods for applied interdisciplinary research. Instruction Mode: Lecture Grading Option: Letter

**LAW 502 The Anthropology of Popular Culture**
Units: 4 Terms Offered: FaSpSm (Enroll in ANTH 602)

**LAW 503 Self-Justifying Fictions**
Units: 3 Theoretical approaches to the study of literature, including formal and cultural analysis and the ethics and social impact of the humanities. Instruction Mode: Lecture Grading Option: Letter

**LAW 505 East Asian Humanities: Classics of China, Korea, and Japan**
Units: 3 Examination of major themes in East Asian culture through primary texts in translation. Instruction Mode: Lecture Grading Option: Letter

**LAW 507 Great Western Cities**
Units: 3 Examination of Western civilization in the urban context, focusing on several great cities in their "golden age" of creativity, accomplishment, and influence. Instruction Mode: Lecture Grading Option: Letter

**LAW 510 Cities and Globalization**
Units: 3 Contemporary urban theory and comparative urban analysis. Emphasis on the role of globalization in shaping urban form and problems. Instruction Mode: Lecture Grading Option: Letter

**LAW 512 Language in a Globalizing World**
Units: 3 Examination of the relationship between language and geopolitical change, endangered and minority languages, and the public policy implications of multilingualism and multiculturalism. Instruction Mode: Lecture Grading Option: Letter

**LAW 514 Ideas of Nature in American Culture**
Units: 3 Examination of how Americans have used nature to think about themselves, environmentalism, American identity, gender/class relations, the American West, and the mythology of Los Angeles. Instruction Mode: Lecture Grading Option: Letter

**LAW 516 Urban Conservation Biology**
Units: 3 Analysis of plant and animal distribution in urban landscapes. Exploration of major threats to urban biodiversity and nature conservation controversies and successes. Instruction Mode: Lecture Grading Option: Letter

**LAW 520 Tradition and the Modern World**
Units: 3 Studies the continuing interplays between tradition and novelty; between locale and globalization; and between heritage and post-modernity with a focus on a specific locale. Instruction Mode: Lecture Grading Option: Letter

**LAW 525 The Revolution That Made America**
Units: 3 Ideas and politics of the world's first modern revolution, which transformed 13 colonies into a nation. Instruction Mode: Lecture Grading Option: Letter

**LAW 527 Information Systems From Libraries to the Internet**
Units: 3 History and sociology of information systems. Philosophical and literary implications of writing, archives, libraries, printing, and publishing from the ancient world to the Internet age. Instruction Mode: Lecture Grading Option: Letter

**LAW 530 Portraits of Leadership**
Units: 3 Analysis of different forms of cultural leadership in their historical, literary, and philosophical context. Instruction Mode: Lecture Grading Option: Letter

**LAW 531 The Hero/Heroine in History**
Units: 3 Analysis of human agency in history and whether individual men and women are capable of altering the course of history by their actions. Instruction Mode: Lecture Grading Option: Letter

**LAW 532 Ideas on Trial**
Units: 3 Examination of great trials in history as indicators of changing social and cultural attitudes. Instruction Mode: Lecture Grading Option: Letter

**LAW 535 Great Works, Great Challenges**
Units: 3 Analysis of works of literature, drama, and poetry and their relationship to their historical contexts. Instruction Mode: Lecture Grading Option: Letter

**LAW 537 Empire and Social Reform in America 1890–1917**
Units: 3 Analysis through literary and historical texts of American public life, culture, and social justice during the era of U.S. ascendancy as a world power. Instruction Mode: Lecture Grading Option: Letter

**LAW 540 Hell, Purgatory, and Paradise: Dante's Divine Comedy**
Units: 3 In-depth reading and analysis of Divine Comedy, in order to develop appreciation for changing values from medieval, to Renaissance and contemporary culture. Instruction Mode: Lecture Grading Option: Letter

**LAW 541 Opera, Culture, History, and Thought**
Units: 3 Analysis of cultural, historic, philosophical, political, and literary movements and themes through the medium of opera. Instruction Mode: Lecture Grading Option: Letter

**LAW 542 The Culture of Comedy**
Units: 3 Historical and synchronic ideas of comedy. Ways in which philosophers, artists, and everyday individuals adapt in our ever-changing world. Instruction Mode: Lecture Grading Option: Letter

**LAW 544 Representations of Los Angeles**
Units: 3 Study of literary, artistic and/or dramatic expressions of Los Angeles and its inhabitants in modern and historical literature, art, photography, film, television, and architecture. Instruction Mode: Lecture Grading Option: Letter
LBST 545 Imagining the American West
Units: 3 Explores Western myths and realities through literature, history, film, and painting. Examines why American culture places questions about national pasts and futures in the West. Instruction Mode: Lecture Grading Option: Letter

LBST 547 Acts of Interpretation: Literature, Film, and Methodology
Units: 3 Analysis of literature, film, and methodologies for approaching issues of interpretation, readership, and spectatorship. Examination of how interpretation varies across gender, race, class, and sexuality. Instruction Mode: Lecture Grading Option: Letter

LBST 548 Contemporary Fiction in Social Context
Units: 3 Terms Offered: FaSpSm Study of novels and short stories to examine how societal pressures and cultural identity constrain individual actions, with attention to family, gender, class, ethnicity, others. Open only to graduate students. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

LBST 550 Theories and Methods of Analysis in Cultural Studies
Units: 3 Development of cultural studies as a fast-growing area of intellectual inquiry. Case study analysis of race/ethnicity, history and memory, space, postmodernism, globalization, censorship, and originality. Instruction Mode: Lecture Grading Option: Letter

LBST 551 Narrative Forms
Units: 3 Max Units: 6.0 Study of narrative in literature, film, sociology, psychology and history; how narrative conventions shape humans’ experience and understanding of society, past and present. Instruction Mode: Lecture Grading Option: Letter

LBST 554 Century City: 100 Years of LA Literature and Culture
Units: 3 Terms Offered: Fa The history of Los Angeles since 1910, using literary, historical, autobiographical, and cinematic texts to consider issues of geography, economics, race, class, gender, and sexuality. Instruction Mode: Lecture Grading Option: Letter

LBST 555 Constructions of Childhood
Units: 3 Analysis of the concept of childhood from its 18th-century origins. Applications of age studies, language, and cultural construction through fiction, history, film, and other media. Instruction Mode: Lecture Grading Option: Letter

LBST 560 Effects of Traumatic Life Experiences
Units: 3 Examination of the psychological and emotional effects of extreme trauma and survivor consequences. Instruction Mode: Lecture Grading Option: Letter

LBST 570 Ecology of Night
Units: 3 Explore the world of night. Human perception of the stars and the role of night in history. Impact of artificial lighting on non-human species and habitat. Instruction Mode: Lecture Grading Option: Letter

LBST 571 Food, Fashion and Furniture: Commodities in the Global Economy
Units: 3 Analysis of commodities from origin to consumption illustrates the global impact of everyday choices. Instruction Mode: Lecture Grading Option: Letter

LBST 572 Controversies in Science, Medicine and Ethics
Units: 3 Focus on how scientific developments drive ethical issues in medicine. Exploration of ethical dimensions of issues such as stem cells, genetic engineering and reproductive technology. Instruction Mode: Lecture Grading Option: Letter

LBST 574 Advances in Genetics and Evolutionary Biology
Units: 3 How DNA directs an organism's development and how our DNA can be "read" to understand human diversity, diseases, defects, and evolution. Instruction Mode: Lecture Grading Option: Letter

LBST 578a Master's Project
Units: 3 Terms Offered: FaSpSm A summative research project completed in consultation with the student's committee. Departmental approval. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

LBST 585t Master's Project
Units: 0 Terms Offered: FaSpSm A summative research project completed in consultation with the student's committee. Departmental approval. Instruction Mode: Lecture Grading Option: Credit/No Credit

LBST 590 Directed Research
Units: 0 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

LBST 599 Special Topics
Units: 2, 3, 4 Current issues, trends, and developments in liberal studies. Instruction Mode: Lecture Grading Option: Letter

Library and Information Management

LIM 500 Fundamentals of Library and Information Science
Units: 3 Terms Offered: FaSpSm An overview of the history of recorded knowledge from ancient times to the digital age informed by the cultural implications of those eras. Open only to MMLIS students. Registration Restriction: Open only to Library and Information Science majors. Instruction Mode: Lecture Grading Option: Letter

LIM 501 Fundamentals of Library Leadership and Management
Units: 3 Terms Offered: FaSpSm Fundamentals of library leadership and management from past, present and future perspectives, including selected case studies. Registration Restriction: Open only to Library and Information Science majors. Instruction Mode: Lecture Grading Option: Letter

LIM 502 Collection Development and Management
Units: 3 Terms Offered: FaSpSm The development of library collections in all formats emphasizing clientele interest, usage patterns, bibliographical and Website sources. Open only to MMLIS students. Instruction Mode: Lecture Grading Option: Letter

LIM 503 Information Description, Organization, and Retrieval
Units: 3 Terms Offered: FaSpSm An overview and critical analysis of current practices of information organization, cataloguing, access and reference services, including a conceptual understanding of these skills. Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 504 Research Methods in Library and Information Management
Units: 3 An overview of research methods in information management including the conceptualization of research problems, literature reviews, research design, sampling, measurement, data collection and data analysis. Open only to MMLIS students. Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 510 Academic Librarianship
Units: 3 An examination of current research and future trends in academic librarianship, emphasizing the necessary partnership among information culture and technology, academic research and instruction. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 511 Instructional Strategies for Information Professionals
Units: 3 An overview of research in learning emphasizing the role of academic librarians as instructors and facilitators of information navigation. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Registration Restriction: Open only to Library and Information Science students. Instruction Mode: Lecture Grading Option: Letter

LIM 512 Instructional Technologies for Educators
Units: 3 An overview and critical analysis of past and current instructional technologies used primarily in academic libraries. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LIM 513 Multicultural Information Perspectives
Units: 3 An examination of critical issues, theories and research in educating and serving diverse populations with an emphasis on social, cultural and linguistic imperatives. Prerequisite: GSBA 502, LIM 500, LIM 501,
LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 520 Library Information Systems Analysis and Design**
Units: 3 The analysis and design of information systems from the perspectives of information theory, technology, retrievability, storage and shelf life, copyright, privacy and related issues. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 521 Database Management Systems for Information Professionals**
Units: 3 An overview of and instruction in the skills required to build library and archival relational databases including data integrity, security, maintenance and extraction. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 522 Metadata and Taxonomies**
Units: 3 An overview of developing and assessing metadata for digital resources including the different types of metadata schema, data dictionaries, taxonomies and emerging metadata standards. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 523 Information Delivery in the Digital Environment**
Units: 3 An inventory and description of digital competencies, assessments and techniques followed by instruction, practice and testing of these competencies in simulated situations. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 530 Library Resource Management**
Units: 3 An overview and assessment of planning, design, allocation and implementation of library finance and resource distribution in a variety of settings. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 531 Global Perspectives in Librarianship**
Units: 3 An investigation of the theory and practice of librarianship in the context of international approaches to knowledge creation, research, learning, information discovery and presentation. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 532 The Social Context of Information**
Units: 3 An examination of information in the context of social networks, media, and other cultural structures that inform teaching, learning and research. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 533 Operations Research in Libraries**
Units: 3 Overview of theory and best practices in operations research and how it can be applied in a broad range of library and other information-focused settings. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 534 Library Fundraising and Development**
Units: 3 An overview of fundraising and development including the internal organization of the fundraising and development enterprise, the cultivation of donors and related issues. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 550 Information Behaviors, Ethics and Policy**
Units: 3 A study of information behaviors, policies and ethics including social networks, the interactive effects of information on users, users on information. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 551 Advanced Research Methods in Library and Information Management**
Units: 3 Building on LIM 504, this course provides advanced research methods and analytical techniques and the application of these skills to complex library issues. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 552 Strategic Information and Competitive Analysis**
Units: 3 Terms Offered: Fall, Spring Searching sophisticated for-fee and free sources of information unique to particular industry client groups, synthesizing and translating information ethically to critical intelligence. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Open only to MMLIS students. Registration Restriction: Open only to MMLIS students. Instruction Mode: Lecture Grading Option: Letter

**LIM 588 Art and Museum Librarianship**
Units: 3 An examination and critical analysis of resources, research and literature in art and museum librarianship including collection development and management, access, reference and service patterns. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 595 Marketing and Communications Strategies for Libraries**
Units: 3 An introduction to essential marketing concepts such as brand platform, value proposition and message development and their application in a library environment. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 560 Rare Books and Manuscripts**
Units: 3 An overview of the organization, management, public and technical service operations and outreach involved in the development and operation of rare and special collections. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 561 Library Program Development and Evaluation**
Units: 3 An overview of library program development and evaluation with an emphasis upon linking student learning outcomes to library programs. Qualitative and quantitative methods are covered. **Prerequisite:** GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

**LIM 591 Research and Professional Applications**
Units: 2 Max Units: 10.0 Terms Offered: Spring, Autumn
FaSp5m Apply concepts learned during the MMLIS program and investigate research questions and professional problems of concern to employers, their institutions and the profession at large. Open only to Library and Information Science majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 598 Capstone in Library and Information Management
Units: 3 Student-driven research or project-based experience that integrates the knowledge from course work and applies it to current issues in the field. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 599 Special Topics in Library and Information Management
Units: 3 Selected topics reflecting current trends and recent developments in library and information management. Prerequisite: GSBA 502, LIM 500, LIM 501, LIM 502, LIM 503, LIM 504. Instruction Mode: Lecture Grading Option: Letter

LINGuistics

LING 110Lg In a Word
Units: 4 Terms Offered: FaSp Words as a gateway to the human mind. How words are stored, comprehended and retrieved. How words are constructed. Words and concepts. Words and social constructs. The processing and the acquisition of words in normal and atypical children and adults. Satisfies New General Education in Category D: Life Sciences Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Grading Option: Letter

LING 115g Language and Society
Units: 4 Terms Offered: FaSp Discourse patterns among diverse social groups in institutional and interpersonal settings; interrelationships among language practices and gender, socioeconomic status, ethnicity; social structures and cultural values as reflected in language policies and practices. Satisfies New General Education in Category C: Social Analysis Satisfies Global Perspective in Category G: Citizenship in a Diverse World Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

LING 125 Hindi I
Units: 4 Terms Offered: Fa Introduction to current Hindi. Oral practice, listening and reading comprehension; grammar necessary for simple spoken and written expression. Instruction Mode: Lecture Grading Option: Letter

LING 155 Hindi II
Units: 4 Terms Offered: Sp Continuation of LING 125. Reading of simple Hindi prose, practice in pronunciation, the grammar essential for reading comprehension and writing. Prerequisite: LING 125. Instruction Mode: Lecture Grading Option: Letter

LING 210g Introduction to Linguistics
Units: 4 Empirical study of the sounds and structures of human language; syntax and semantics; language change; linguistic universals. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

LING 255 Hindi III
Units: 4 Terms Offered: Fa Continuation of LING 155; intensive work in listening comprehension, oral communication, reading and writing short essays; introduction of readings and periodicals related to Hindi culture and civilization. Prerequisite: LING 155. Instruction Mode: Lecture Grading Option: Letter

LING 265x Hindi IV
Units: 4 Terms Offered: Sp Reading of modern Hindi authors, review of grammar, composition, oral conversation, and collaborative reading. Prerequisite: LING 255. Instruction Mode: Lecture Grading Option: Letter

LING 275Lg Language and Mind
Units: 4 Terms Offered: FaSp Language within cognitive science: speech physiology and acoustics, language acquisition, reading, language disorders, perception and mental representation of words, linguistic diversity and computer analysis of speech. Satisfies New General Education in Category D: Life Sciences Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PSYC-275

LING 285Lg Human Language and Technology
Units: 4 Study of human linguistic competence and technologies that simulate it. Grammar, parsing, text generation; semantics, pragmatics, sense disambiguation; phonetics, speech synthesis, speech recognition. Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter

LING 295g The Ancient Near East: Culture, Archaeology, Texts
Units: 4 An investigation of the peoples of the ancient Near East, focusing upon the writings which they produced, their languages and scripts, and their archaeological remains. Concurrent Enrollment: Concurrent enrollment: MDA 140. Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

LING 301 Introduction to Phonetics and Phonology
Units: 4 Terms Offered: Fa A survey of topics in phonetics and phonology. Prerequisite: LING 210. Duplicates Credit in former LING 401a. Instruction Mode: Lecture Grading Option: Letter

LING 302 Introduction to Syntax and Semantics
Units: 4 Terms Offered: Fa A survey of topics in syntax and semantics. Prerequisite: LING 210. Duplicates Credit in former LING 402a. Instruction Mode: Lecture Grading Option: Letter

LING 303 Logic and Meaning in Natural Language
Units: 4 Terms Offered: FaSp Introduction to meaning in natural language and the methods from logic applied to its study. Prerequisite: LING 210. Instruction Mode: Lecture Grading Option: Letter

LING 307 Introduction to Speech-Language Pathology
Units: 4 Terms Offered: FaSp Introduces the breadth of possible communication disorders with a particular focus on the duties of the professionals who assist people with these disorders. Explores both the diagnostic criteria and common interventions for disorders such as Language Impairment, stuttering, swallowing, and dementia. Recommended Preparation: LING 210 Instruction Mode: Lecture Grading Option: Letter

LING 322 Language Contact and Language Acquisition
Units: 4 Terms Offered: FaSp Analysis of the formal properties of linguistic expressions of number with the goal of understanding the structures that underlie language and numerical reasoning. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

LING 325 Language and Number
Units: 4 Terms Offered: FaSp Analysis of the formal properties of linguistic expressions of number with the goal of understanding the structures that underlie language and numerical reasoning. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

LING 334 Language and Society in East Asia
Units: 4 (Enroll in EALC 374)

LING 375 Sociolinguistics
Units: 4 Linguistic and cultural pluralism in the U.S.; distributional and structural characteristics of selected urban and minority dialects; the relationship between dialects and "media standard." Prerequisite: LING 210. Instruction Mode: Lecture Grading Option: Letter

LING 380 Languages of the World
Units: 4 Introduction to the world's linguistic diversity; number of languages spoken and where; grammatical structure and social function of selected languages. Instruction Mode: Lecture Grading Option: Letter

LING 385Lg Human Language as Computation
Units: 4 Terms Offered: Fa Study of language as a complex natural system that requires elaborate mental computation. Satisfies New General Education in Category F: Quantitative Reasoning Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter

LING 390 Special Problems
LING 401 Advanced Phonology
Units: 4 Advanced study of topics in phonology. Prerequisite: LING 301. Duplicates Credit in former LING 401b. Instruction Mode: Lecture Grading Option: Letter

LING 402 Advanced Syntax
Units: 4 Terms Offered: Sp Advanced study of topics in syntax. Prerequisite: LING 210, LING 302. Duplicates Credit in former LING 402b. Instruction Mode: Lecture Grading Option: Letter

LING 403 Advanced Semantics
Units: 4 Topics in the theory of meaning in natural language Prerequisite: LING 302. Duplicates Credit in former LING 201. Instruction Mode: Lecture Grading Option: Letter

LING 404 Child Language Acquisition
Units: 4 Universal characteristics of child language; stages of acquisition of phonology, syntax, semantics; processes and dimensions of development; psychological mechanisms; communicative styles. Duplicates Credit in former LING 395. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC–405

LING 405 Psycholinguistics
Units: 4 Experimental and theoretical aspects of how spoken and written language is produced and understood, learned during childhood, and affected by brain damage. Prerequisite: LING 210 or PSYC 100. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC–406

LING 406 Atypical Language
Units: 4 Analysis of atypical language and language pathologies throughout the lifespan and their relevance to current linguistic and cognitive science theory. Prerequisite: LING 210 or PSYC 100. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PSYC–407

LING 409 Linguistic Structure of English Units: 3 An overview of the syntactic, semantic, pragmatic structures of English as they relate to the theoretical literature on language acquisition. Instruction Mode: Lecture Grading Option: Letter

LING 410 Second Language Acquisition
Units: 4 Theories of second language acquisition in children and adults; comparison of first and second language acquisition including psychological, social, and individual factors. Prerequisite: LING 210. Duplicates Credit in former LING 396. Instruction Mode: Lecture Grading Option: Letter

LING 411x Linguistics and Education
Units: 4 Practical classroom approaches to children's language; relationships between writing, reading, and speaking; social and regional dialects; traditional, structural, and generative-transformational grammars. Instruction Mode: Lecture Grading Option: Letter

LING 412 Language and Law
Units: 4 Principles of semantics; analysis of speech acts including informing, promising, threatening, warning; linguistic analysis of consumer contracts and advertisements; readability studies. Instruction Mode: Lecture Grading Option: Letter

LING 415 Phonetics
Units: 4 Familiarization with the articulation and transcription of speech sounds. Also vocal tract anatomy, acoustics, speech technology, non-English sounds, perception. Includes laboratory exercises. Instruction Mode: Lecture Grading Option: Letter

LING 433 Children's Learning and Cognitive Development
Units: 4 (Enroll in PSYC 433)

LING 450 New Horizons in Forensic Speaker Identification
Units: 4 Overview of methods used to identify voices on the basis of their characteristic speech patterns. Instruction Mode: Lecture Grading Option: Letter

LING 465 Philosophy of Language
Units: 4 (Enroll in PHIL 465)

LING 466 Word and Phrase Origins
Units: 4 Introduction to historical-comparative word study; history of ideas concerning language relationships; types of semantic change; hidden metaphors in English word-stock. Instruction Mode: Lecture Grading Option: Letter

LING 480 Linguistic Structures
Units: 4 Analysis of grammatical structures of an individual language. Instruction Mode: Lecture, Discussion Grading Option: Letter

LING 485 Field Methodology
Units: 4 Elicitation techniques and methodological principles; recording and analysis of phonological, syntactic, and semantic structures; practical approaches to procedures used in urban, rural, and "primitive" settings. Instruction Mode: Lecture Grading Option: Letter

LING 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpM Individually arranged research and readings. Instruction Mode: Lecture Grading Option: Letter

LING 497 Honors Thesis
Units: 4 Terms Offered: FaSp Writing of the honors thesis. Registration is restricted to honors students. Instruction Mode: Lecture Grading Option: Letter

LING 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Investigation of selected topics in linguistics. Instruction Mode: Lecture Grading Option: Letter

LING 501a Experimental Methods in Linguistics
Units: 3 Univariate and bivariate statistical methods with applications to linguistic research; introduction to statistical computer packages. Prerequisite: LING 501a. Duplicates Credit in former LING 601. Instruction Mode: Lecture Grading Option: Letter

LING 501b Experimental Methods in Linguistics
Units: 3 The application of advanced multivariate statistical methods to linguistic research. Prerequisite: LING 501a. Duplicates Credit in former LING 601. Instruction Mode: Lecture Grading Option: Letter

LING 505a Seminar in Linguistics
Units: 1 Exploration of the professional world of linguistics for first semester graduate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 505b Seminar in Linguistics
Units: 1 Preparation and presentation of M.A./Ph.D. screening papers; discussion of student research. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 505c Seminar in Linguistics
Units: 1 Colloquium for presentation and discussion of student research paper. Instruction Mode: Lecture Grading Option: Credit/No Credit

LING 512 Linguistic Variation and Language Changes
Units: 3 Terms Offered: Fa Linguistic relationships among various correlates of variation: social, psychological, and chronological. Focus on dialectical, registral, and historical variation; the constraints of production and perception in different modes and situations. Instruction Mode: Lecture Grading Option: Letter

LING 513 Spanish Morphology and Phonology
Units: 3 Terms Offered: FaSp (Enroll in SPAN 513)

LING 514 Spanish Syntax
Units: 3 Terms Offered: FaSp (Enroll in SPAN 514)

LING 515 Spanish Grammar in Discourse
Units: 3 Terms Offered: FaSp (Enroll in SPAN 515)

LING 527 Second Language Acquisition
Units: 3 Terms Offered: Sp Concepts and issues in theoretical approaches to the study of non-primary language acquisition; e.g., linguistic and processing universals, language transfer, language learnability, fossilization. Instruction Mode: Lecture Grading Option: Letter

LING 530 Generative Syntax
Units: 3 Introduction to syntax; transformational-generative syntax. Instruction Mode: Lecture Grading Option: Letter

LING 531a Phonology
Units: 3 Terms Offered: Fa Traditional views of phonology; generative phonology; current developments in phonological research and theory. Instruction Mode: Lecture Grading Option: Letter

LING 531b Phonology
Units: 3 Terms Offered: Sp Traditional views of phonology; generative phonology; current developments in phonological research and theory. Instruction Mode: Lecture Grading Option: Letter

LING 532 Current Issues in Syntactic Theory
Units: 3 Original literature, focusing
LING 615 Seminar in Linguistics Structures
Units: 3 Max Units: 12.0 Terms Offered: Fa Analysis of the synchronic or diachronic phonology, morphology, and syntax of individual languages. Instruction Mode: Lecture Grading Option: Letter

LING 627 Seminar in Second Language Acquisition
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

LING 631 Seminar in Phonological Theory
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 632 Seminar in Phonetics
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

LING 634 Seminar in Semantics
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

LING 635 Seminar in Syntax
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

LING 636 Seminar in Semantics
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 645 Seminar in Language Change
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 651 Seminar in Sociolinguistics
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 652 Seminar in Psycholinguistics
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 653 Seminar in Psycholinguistics
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 654 Seminar in Language Change
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 655 Seminar in Language Change
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 656 Seminar in Language Change
Units: 3 Max Units: 12.0 Terms Offered: Fa Instruction Mode: Lecture Grading Option: Letter

LING 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794e Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794f Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794g Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794h Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794i Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794j Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794k Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794l Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794m Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794n Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794o Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794p Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794q Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794r Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794s Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794t Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794u Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794v Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794w Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794x Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794y Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

LING 794z Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Lecture Grading Option: Letter Crosslisted as PSYC-676

MASC 439 Principles of Semiconductor Processing
Units: 3 (Enroll in EE 438) Instruction Mode: Lecture Grading Option: Letter

MASC 440 Materials and the Environment
Units: 3 (Enroll in CE 334) Instruction Mode: Lecture Grading Option: Letter

MASC 475 Physical Properties of Polymers
Units: 3 Terms Offered: Fa (Enroll in CHE 475) Instruction Mode: Lecture Grading Option: Letter

MASC 476 Chemical Engineering Materials
Units: 3 (Enroll in CHE 476) Instruction Mode: Lecture Grading Option: Letter

MASC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Course content will be selected each semester to reflect current trends and developments in the field of materials science. Instruction Mode: Lecture Grading Option: Letter

MASC 501 Solid State
Units: 3 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MASC 502 Advanced Solid State
Units: 3 Terms Offered: Fa Semiconductor, dielectrics and metals, thermoelectric effects, magnetism, magnetic resonance and superconductivity. Prerequisite: MASC 501 Instruction Mode: Lecture Grading Option: Letter

MASC 503 Thermodynamics of Materials
Units: 3 Terms Offered: Fa Classical thermodynamics, chemical potential, pure phases and mixtures; interphase relationships; binary and ternary solutions; free energy and activity; galvanic cell, electrochemical potential and Pourbaix diagram. Instruction Mode: Lecture Grading Option: Letter

MASC 504 Diffusion and Phase Equilibria
Units: 3 Terms Offered: Sp Phase equilibria; phase diagrams; diffusion; planar defects; nucleation and growth; spinodal decomposition; phase transformation. Prerequisite: MASC 503 Instruction Mode: Lecture Grading Option: Letter

MASC 505 Crystals and Anisotropy
Units: 3 Terms Offered: Fa Stereographic projection; Laue back reflection method; crystal orientation; line and planar crystalline defects; sensors; susceptibility; permeability and permittivity; stress and strain; piezoelectricity; elasticity. Instruction Mode: Lecture Grading Option: Letter

MASC 506 Micro- and Nano-Fabrication Technology
Units: 3 (Enroll in EE 506) Instruction Mode: Lecture Grading Option: Letter

MASC 507 Thermodynamics of Materials
Units: 3 Terms Offered: Fa Classical thermodynamics, chemical potential, pure phases and mixtures; interphase relationships; binary and ternary solutions; free energy and activity; galvanic cell, electrochemical potential and Pourbaix diagram. Instruction Mode: Lecture Grading Option: Letter

MASC 508 Nano-Fabrication Lithography
Units: 3 (Enroll in EE 508) Instruction Mode: Lecture Grading Option: Letter
MASC 512 Thin Film Science and Technology
Units: 3 Terms Offered: Fa Science and technology of thin films; historical developments and motivation to achieve thin films, synthesis techniques, materials characterization, physical properties, and applications of thin films. Recommended Preparation: Upper Division/Graduate-level preparation in thermodynamics/quantum mechanics/solid state physics. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture. Grading Option: Letter.

MASC 514L Processing of Advanced Semiconductor Devices
Units: 3 Terms Offered: Fa Statistical design of experiments, vapor deposition of thin film dielectrics, plasma etching, advanced lithography, in-situ sensors, process monitoring, quality control, assurance/reliability. Prerequisite: EE 504. Instruction Mode: Lecture. Lab. Required. Grading Option: Letter.

MASC 523 Principles of Electrochemical Engineering
Units: 3 Electrochemical techniques; mass, charge, and heat transfer, electrochemical thermodynamics and electrode kinetics; electrochemical reactors; optimization; materials and corrosion; experimental modeling of industrial processes. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as CHE-523.

MASC 524 Techniques and Mechanisms in Electrochemistry
Units: 3 Modern electrochemistry; in-situ techniques; in-situ probes of the near-electrode region; ex-situ emission techniques; cyclic voltammetry, electrooxidation, electrochemical reduction, reactive film formation, enzyme electrochemistry. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as CHE-524.

MASC 534 Materials Characterization
Units: 3 Terms Offered: Fa Characterization of solids by optical microscopy, electron microscopy, (TEM, SEM) and elemental and structural analysis (EPMA, ESCA, AES, SIMS, HEED, LEED, SED). Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as EE-534.

MASC 535L Transmission Electron Microscopy

MASC 539 Engineering Quantum Mechanics
Units: 3 (Enroll in EE 539)

MASC 548 Rheology of Liquids and Solids
Units: 3 (Enroll in CHE 548)

MASC 551 Mechanical Behavior of Engineering Materials
Units: 3 Terms Offered: Sp Mechanical properties of materials; macroscopic mechanical behavior related to structure and microstructure of the material; elementary dislocation theory related to basic strengthening mechanisms; fatigue and fracture; nanomaterials. Recommended Preparation: MASC 310. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as AME-551.

MASC 559 Creep
Units: 3 Terms Offered: Sp Behavior of engineering materials at elevated temperatures; thermal stresses; creep mechanisms; interpretation of creep data; methods of predicting long-term strains. Duplicates Credit in former AME 559. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as AME-559.

MASC 560 Fatigue and Fracture
Units: 3 Terms Offered: Sp Behavior of materials under cyclic and static fatigue; plastic instability; life-time predictions; brittle and ductile fracture; crack propagation and plastic blunting. Duplicates Credit in former AME 560. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as AME-560.

MASC 561 Dislocation Theory and Applications
Units: 3 Terms Offered: Sp Elasticity theory; types, sources, motion, interaction of dislocations; stress fields and strain energies; partial dislocations and stacking faults; principles of work-hardening. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as AME-561.

MASC 562 Failure Analysis

MASC 570 Introduction to Photovoltaic Solar Energy Conversion
Units: 3 Introduction to the physical principles, implementation materials, devices, and manufacturing costs of solar cells and panels for photovoltaic conversion of solar radiation to electricity. Instruction Mode: Lecture. Grading Option: Letter.

MASC 575 Basics of Atomistic Simulation of Materials
Units: 3 Terms Offered: Fa Building a parallel computer from components; molecular dynamics method, computation of structural, thermodynamics and transport properties, simulation projects. Prerequisite: Undergraduate course in thermodynamics or statistical physics. Recommended Preparation: Fortran, Unix/Linux. Instruction Mode: Lecture. Grading Option: Letter.

MASC 576 Molecular Dynamics Simulations of Materials and Processes
Units: 3 Terms Offered: Sp Molecular dynamics method for atomistic simulations of materials and processes, simulations using parallel computing, correlation functions for structural and dynamical properties plus simulation project. Prerequisite: MASC 575. Instruction Mode: Lecture. Grading Option: Letter.

MASC 583 Materials Selection

MASC 584 Fracture Mechanics and Mechanisms
Units: 3 Terms Offered: Fa Failure modes, stress concentrations, complex stress analysis, linear elastic fracture mechanics, yielding fracture mechanics, experimental methods, environmental assisted fracture and fatigue. Prerequisite: AME 403. Duplicates Credit in former AME 584. Instruction Mode: Lecture. Grading Option: Letter. Crosslisted as AME 584.

MASC 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture. Grading Option: Credit/No Credit.

MASC 594a Master's Thesis
Units: 2 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture. Grading Option: In-progress to Credit/No Credit.

MASC 594b Master's Thesis
Units: 0 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture. Grading Option: In-progress to Credit/No Credit.

MASC 594z Master's Thesis
Units: 0 For the master's degree. Credit on acceptance of thesis. Instruction Mode: Lecture. Grading Option: In-progress to Credit/No Credit.

MASC 598 Materials Science Seminar
Units: 1 Seminar in Materials Science research. To be taken only once for graduate credit. Instruction Mode: Lecture. Grading Option: Credit/No Credit.

MASC 599 Special Topics
Units: 2, 3, 4 Max Units: 9.0 Instruction Mode: Lecture. Grading Option: Letter.

MASC 601 Advanced Semiconductor Device Physics
Units: 4 Terms Offered: Sp (Enroll in EE 601)

MASC 606 Nonequilibrium Processes in Semiconductors
Units: 3 Terms Offered: Sp (Enroll in EE 606)

MASC 610 Molecular Beam Epitaxy
Units: 3 Basic principles, ultra high vacuum, machine considerations, source purifications, calibrations temperature measurements, surface morphology and chemistry, growth
procedures, III-V, II-VI and silicon MBE. 
Prerequisite: MASC 501, MASC 503. 
Instruction Mode: Lecture Grading Option: Letter

MASC 690 Directed Research
Units: 1, 2, 3, 4, 5 Max Units: 8.0 Laboratory study of specific problems by candidates for the degree Engineer in Materials Science. Instruction Mode: Lecture Grading Option: Credit/No Credit

MASC 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 
Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MASC 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MASC 794z Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Mathematics

MATH 040x Basic Mathematical Skills
Units: 4 Terms Offered: FaSp Review of Algebra. Real numbers, linear equations and inequalities, functions, graphs, systems of equations, exponents, polynomials, factoring, rational expressions, radicals, quadratic equations and solutions. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 108g Contemporary Precalculus
Units: 4 Terms Offered: FaSp Functions of several variables, partial differential equations, optimization theory, multiple integration; Green's Stokes', divergence theorems. Prerequisite: MATH 127 or MATH 225. Duplicates Credit in MATH 226. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 117g Introduction to Mathematics for Business and Economics
Units: 4 Terms Offered: FaSp Functions, graphs, polynomial and rational functions, exponential and logarithmic functions, matrices, systems of linear equations. Prerequisite: MATH 040 or math placement exam. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 118g Fundamental Principles of Calculus
Units: 4 Terms Offered: FaSp Derivatives; extrema. Definite integral; fundamental theorem of calculus. Extrema and definite integrals for functions of several variables. Prerequisite: MATH 108 or MATH 117 or placement exam in MATH. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 126 Calculus II
Units: 4 Terms Offered: FaSp Continuity, derivatives and applications; antiderivatives; the fundamental theorem of calculus; exponential and logarithmic functions. Prerequisite: MATH 108 or math placement exam. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 127 Enhanced Calculus II
Units: 4 Terms Offered: FaSp Applications of integration, review of techniques of integration, infinite sequences and series, some beginning linear algebra, ordinary differential equations. Designed for students who earn a score of 4 or 5 on the Advanced Placement Calculus AB Examination, or a score of 3 or 4 on the BC Examination. Admission to course by departmental approval. Duplicates Credit in MATH 126. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 129 Calculus II for Engineers and Scientists
Units: 4 Terms Offered: FaSpSm Trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series; Taylor series; polar coordinates. Engineering and physics applications. Prerequisite: MATH 125 Duplicates Credit in MATH 126 and MATH 127 Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 200 Elementary Mathematics from an Advanced Standpoint
Units: 4 Terms Offered: FaSp An explication of arithmetic and geometry, including the algebraic operations, number bases, plane and solid figures; and coordinate geometry. Prerequisite: MATH 040 or math placement exam. Instruction Mode: Lecture Grading Option: Letter

MATH 208k Probability and Statistics
Units: 4 Terms Offered: FaSp Descriptive statistics, probability, discrete and continuous random variables, expectation and variance, sampling, Central Limit Theorem, estimation, hypothesis testing, correlation and regression. Emphasis on health science. Prerequisite: MATH 118 or MATH 125. Instruction Mode: Lecture Grading Option: Letter

MATH 225 Linear Algebra and Linear Differential Equations
Units: 4 Terms Offered: FaSp Matrices, systems of linear equations, vector spaces, linear transformations, eigenvalues, systems of linear differential equations. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 226 Calculus III
Units: 4 Terms Offered: FaSpA continuation of MATH 126; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 227 Enhanced Calculus III
Units: 4 Terms Offered: FaSpA continuation of MATH 127; vectors and vector spaces functions of several variables, partial differential equations, optimization theory, multiple integration; Green's Stokes', divergence theorems. Prerequisite: MATH 127 or MATH 225. Duplicates Credit in MATH 226. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 299 Calculus III for Engineers and Scientists
Units: 4 Terms Offered: FaSpA continuation of MATH 129; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. Engineering and physics applications. Prerequisite: MATH 126 or MATH 127. Duplicates Credit in MATH 226 and MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 245 Mathematics of Physics and Scientists
Units: 4 Terms Offered: FaSp An introduction to the basic tools of statistics. Descriptive statistics; probability; expected value; normal approximation sampling; chance models; tests of significance. Recommended Preparation: MATH 040 or math placement exam. Satisfies New General Education in F Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 116 Mathematics for the Social Sciences
Units: 4 Terms Offered: FaSp Finite mathematics with application to the social sciences; elementary set theory and logic; counting techniques; probability; statistics; matrices and systems of linear equations. Selected topics. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 117 Introduction to Mathematics
Units: 4 Terms Offered: FaSp Functions, graphs, polynomial and rational functions, exponential and logarithmic functions, matrices, systems of linear equations. Prerequisite: MATH 040 or math placement exam. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 118 Fundamental Principles of Calculus
Units: 4 Terms Offered: FaSp Derivatives; extrema. Definite integral; fundamental theorem of calculus. Extrema and definite integrals for functions of several variables. Prerequisite: MATH 108 or MATH 117 or placement exam in MATH. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 126 Calculus II
Units: 4 Terms Offered: FaSpA continuation of MATH 125: trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series; Taylor series; polar coordinates. Prerequisite: MATH 125. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 127 Enhanced Calculus II
Units: 4 Terms Offered: FaSp Applications of integration, review of techniques of integration, infinite sequences and series, some beginning linear algebra, ordinary differential equations. Designed for students who earn a score of 4 or 5 on the Advanced Placement Calculus AB Examination, or a score of 3 or 4 on the BC Examination. Admission to course by departmental approval. Duplicates Credit in MATH 126. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 129 Calculus II for Engineers and Scientists
Units: 4 Terms Offered: FaSpSm Trigonometric functions; applications of integration; techniques of integration; indeterminate forms; infinite series; Taylor series; polar coordinates. Engineering and physics applications. Prerequisite: MATH 125 Duplicates Credit in MATH 126 and MATH 127 Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 200 Elementary Mathematics from an Advanced Standpoint
Units: 4 Terms Offered: FaSp An explication of arithmetic and geometry, including the algebraic operations, number bases, plane and solid figures; and coordinate geometry. Prerequisite: MATH 040 or math placement exam. Instruction Mode: Lecture Grading Option: Letter

MATH 208k Probability and Statistics
Units: 4 Terms Offered: FaSp Descriptive statistics, probability, discrete and continuous random variables, expectation and variance, sampling, Central Limit Theorem, estimation, hypothesis testing, correlation and regression. Emphasis on health science. Prerequisite: MATH 118 or MATH 125. Instruction Mode: Lecture Grading Option: Letter

MATH 225 Linear Algebra and Linear Differential Equations
Units: 4 Terms Offered: FaSp Matrices, systems of linear equations, vector spaces, linear transformations, eigenvalues, systems of linear differential equations. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 226 Calculus III
Units: 4 Terms Offered: FaSpA continuation of MATH 126; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 227 Enhanced Calculus III
Units: 4 Terms Offered: FaSpA continuation of MATH 127; vectors and vector spaces functions of several variables, partial differential equations, optimization theory, multiple integration; Green's Stokes', divergence theorems. Prerequisite: MATH 127 or MATH 225. Duplicates Credit in MATH 226. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 299 Calculus III for Engineers and Scientists
Units: 4 Terms Offered: FaSpA continuation of MATH 129; vectors, vector valued functions; differential and integral calculus of functions of several variables; Green's theorem. Engineering and physics applications. Prerequisite: MATH 126, or MATH 127, or MATH 129 . Duplicates Credit in MATH 226 and MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 245 Mathematics of Physics and Engineers
Units: 4 Terms Offered: FaSp First-order differential equations; second-order linear differential equations; determinants and matrices; systems of linear differential equations; Laplace transforms. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 265 Mathematical and Computational Methods for Neuroscience
Units: 4 Terms Offered: FaSp Differential calculus of multivariable functions,
optimization, elementary linear algebra and matrix theory, principal component analysis, elementary differential equations, systems, qualitative theory, numerical methods, scientific computation. Prerequisite: MATH 125; Recommended Preparation: MATH 126 or MATH 127 or equivalent or AP credit for Calculus BC. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 307 Statistical Inference and Data Analysis I
Units: 4 Terms Offered: Fa Probability, counting, independence, distributions, random variables, simulation, expectation, variance, covariance, transformations, law of large numbers, Central limit theorem, estimation, efficiency, maximum likelihood, Cramer-Rao bound, bootstrap. Prerequisite: MATH 118 or MATH 125 or MATH 126. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 308 Statistical Inference and Data Analysis II
Units: 4 Terms Offered: Sp Confidence intervals, hypothesis testing, p-values, likelihood ratio, nonparametrics, descriptive statistics, regression, multiple linear regression, experimental design, analysis of variance, categorical data, chi-squared tests, Bayesian statistics. Prerequisite: MATH 307. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 370 Applied Algebra
Units: 4 Terms Offered: Sp Induction, Euclidean algorithm, factorization, congruence classes, Rings, RSA algorithm, Chinese remainder theorem, codes, polynomials, fundamental theorem of algebra, polynomial multiplication, Fourier transform, and other topics. Prerequisite: MATH 226 or MATH 227, and MATH 225 or MATH 245. Instruction Mode: Lecture Grading Option: Letter

MATH 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MATH 395 Seminar in Problem Solving
Units: 2 Max Units: 8.0 Terms Offered: FaSp Systematic approach to solving non-standard and competition level math problems on inequalities, infinite sums and products, combinatorics, number theory, and games. Recommended Preparation: MATH 126 or MATH 127. Instruction Mode: Lecture Grading Option: Letter

MATH 400 Foundations of Discrete Mathematics
Units: 4 Terms Offered: Fa Methods of proof, predicate calculus, set theory, order and equivalence relations, partitions, lattices, functions, cardinality, elementary number theory and combinatorics. Prerequisite: MATH 225 or MATH 226 or MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 407 Probability Theory
Units: 4 Terms Offered: FaSp Probability spaces, discrete and continuous distributions, moments, characteristic functions, sequences of random variables, laws of large numbers, central limit theorem, special probability laws. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 408 Mathematical Statistics
Units: 4 Terms Offered: Sp Principles for testing hypotheses and estimation, confidence intervals, methods of moments, maximum likelihood, information inequality, likelihood ratio tests, goodness of fit and nonparametric methods. Prerequisite: MATH 407 Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 410 Fundamental Concepts of Modern Algebra
Units: 4 Terms Offered: FaSp Sets; relations; groups; homomorphisms; symmetric groups; Abelian groups; Sylow's theorems; introduction to rings and fields. Prerequisite: MATH 225; Recommended Preparation: One 400-level Mathematics course, excluding MATH 450. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 425a Fundamental Concepts of Analysis
Units: 4 Terms Offered: FaSp The real number system, metric spaces, limits, continuity, derivatives and integrals, infinite series. Prerequisite: MATH 226 or MATH 227; Recommended Preparation: one 400-level Mathematics course, excluding MATH 450. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 425b Fundamental Concepts of Analysis
Units: 4 Terms Offered: Sp Implicit function theorems, Jacobians, transformations, multiple integrals, line integrals. Prerequisite: MATH 226 or MATH 227; Recommended Preparation: one 400-level Mathematics course, excluding MATH 450. Instruction Mode: Lecture Grading Option: Letter

MATH 430 Theory of Numbers
Units: 4 Terms Offered: Fa Theory of numbers, including prime factorization, congruences, primitive roots, N-th power residues, number theoretic functions, and certain diophantine equations. Prerequisite: MATH 126 or MATH 127. Instruction Mode: Lecture Grading Option: Letter

MATH 432 Applied Combinatorics
Units: 4 Terms Offered: Sp Mathematical induction, counting principles, arrangements, selections, binomial coefficients, generating functions, recurrence relations, inclusion-exclusion, symmetric groups, graphs, Euler and Hamiltonian circuits, trees, graph algorithms; applications. Prerequisite: MATH 225 or MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 434 Geometry and Transformations
Units: 4 Terms Offered: Fa The Euclidean plane and its isometries. Models for the hyperbolic metric, isometries, linear fractional maps, geodesics. Gluing constructions. Knot theory and invariants. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 435 Vector Analysis and Introduction to Differential Geometry
Units: 4 Terms Offered: Sp Vectors, elements of vector analysis, applications to curves and surfaces, standard material of differential geometry. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 440 Topology
Units: 4 Terms Offered: Fa Cardinals, topologies, separation axioms. Compactness, metrizability, function spaces; completeness; Jordan curve theorem. Recommended Preparation: upper-division MATH course. Instruction Mode: Lecture Grading Option: Letter

MATH 445 Mathematics of Physics and Engineering II
Units: 4 Terms Offered: FaSp Vector field theory; theorems of Gauss, Green, and Stokes; Fourier series and integrals; complex variables; linear partial differential equations; series solutions of ordinary differential equations. Prerequisite: (MATH 225 and MATH 226 or MATH 227) or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 447 Mathematics of Machine Learning
Units: 4 Terms Offered: SpSm Mathematical aspects of Machine Learning. PAC Learning, VC-dimension and complexity. Linear predictors (regression, perceptron, SVM). Convex learning and gradient descent. Neural networks and backpropagation. Prerequisite: (MATH 226 or MATH 229) and (MATH 208 or MATH 407) and MATH 225 Instruction Mode: Lecture Grading Option: Letter

MATH 450 History of Mathematics
Units: 4 Terms Offered: Sp Evolution of mathematical ideas and techniques as seen through a study of the contributions of eminent mathematicians to the formulation and solution of celebrated problems. Prerequisite: MATH 225 or MATH 245; Recommended Preparation: upper-division MATH course. Instruction Mode: Lecture Grading Option: Letter

MATH 458 Numerical Methods
Units: 4 Terms Offered: Fa Rounding errors in digital computation; solution of linear algebraic systems; Newton's method for nonlinear systems; matrix eigenvalues; polynomial approximation; numerical integration; numerical solution of ordinary differential equations. Prerequisite: MATH 225 or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as CSCI-458

MATH 465 Nonlinear Dynamics in Science and Engineering
Units: 4 Terms Offered: Sp Nonlinear models, bifurcations, discrete and continuous dynamics, stability, dissipative and reversible systems, Poincare maps, Lyapunov exponents, fractal dimension. Applications
MATH 466 Dynamic Modeling
Units: 4 Terms Offered: Fa Formulation and study of models arising in population dynamics, growth of plankton, pollution in rivers, highway traffic, morphogenesis and tidal dynamics; stability, oscillations, bifurcations, chaos. The lab will consist of computer simulation of models using commercially available software. Prerequisite: MATH 225 or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 477 Theory and Computational Methods for Optimization
Units: 4 Terms Offered: Fa Methods for static, dynamic, unconstrained, constrained optimization. Gradient, conjugate gradient, penalty methods. Lagrange multipliers, least squares, linear, nonlinear dynamic programming. Application to control and estimation. Prerequisite: MATH 226 or MATH 227; MATH 225 or MATH 245. Instruction Mode: Lecture, Discussion Grading Option: Letter

MATH 471 Topics in Linear Algebra
Units: 4 Terms Offered: Sp Polynomial rings, vector spaces, linear transformations, canonical forms, inner product spaces. Prerequisite: MATH 225; Recommended Preparation: MATH 410. Instruction Mode: Lecture Grading Option: Letter

MATH 475 Introduction to Theory of Complex Variables
Units: 4 Terms Offered: Sp Limits and infinite series; line integrals; conformal mapping; single-valued functions of a complex variable; applications. Primarily for advanced students in engineering. Prerequisite: MATH 226 or MATH 227. Instruction Mode: Lecture Grading Option: Letter

MATH 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Term Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MATH 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Lectures on advanced material not covered in regularly scheduled courses. No more than two registrations allowed. Instruction Mode: Lecture Grading Option: Letter

MATH 500 Graduate Colloquium
Units: 2 Lectures directed to mathematics graduate students by faculty of the department and by outside speakers. Problem solving workshops. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 501 Numerical Analysis and Computation
Units: 3 Terms Offered: Sp Linear equations and matrices, Gauss elimination, error estimates, iteration techniques; contractive mappings, Newton's method; matrix eigenvalue problems; least-squares approximation, Newton-Cotes and Gaussian quadratures; finite difference methods. Prerequisite: linear algebra and calculus. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSE-501

MATH 502a Numerical Analysis
Units: 3 Terms Offered: Fa Computational linear algebra; solution of general nonlinear systems of equations; approximation theory using functional analysis; numerical solution of ordinary and partial differential equations. Prerequisite: MATH 425a and MATH 471. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-502A

MATH 502b Numerical Analysis
Units: 3 Terms Offered: Sp Computational linear algebra; solution of general nonlinear systems of equations; approximation theory using functional analysis; numerical solution of ordinary and partial differential equations. Prerequisite: MATH 425a and MATH 471. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-502B

MATH 504a Numerical Solution of Ordinary and Partial Differential Equations
Units: 3 Terms Offered: Sp Initial value problems; multistep methods, stability, convergence and error estimation, automatic stepping control, higher order methods, systems of equations, stiff problems; boundary value problems; eigen-problems. Prerequisite: MATH 501 or MATH 502a. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-504A

MATH 504b Numerical Solution of Ordinary and Partial Differential Equations
Units: 3 Terms Offered: Fa Computationally efficient schemes for solving PDE numerically; stability and convergence of difference schemes, method of lines; fast direct and iterative methods for elliptic equations. Prerequisite: MATH 501 or MATH 502a. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-504B

MATH 505a Applied Probability
Units: 3 Terms Offered: Fa Populations, permutations, combinations, random variables, distribution and density functions conditional probability and expectation, binomial, Poisson, and normal distributions; laws of large numbers, central limit theorem. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-505A

MATH 505b Applied Probability
Units: 3 Terms Offered: Sp Markov processes in discrete or continuous time; renewal processes; martingales; Brownian motion and diffusion theory; random walks, inventory models, population growth, queueing models, shot noise. Instruction Mode: Lecture Grading Option: Letter Crosslisted as FSCS-505B

MATH 507a Theory of Probability
Units: 3 Terms Offered: Fa Probability spaces; distributions and characteristic functions; laws of large numbers, central limit problems; stable and infinitely divisible laws; conditional distributions. Prerequisite: MATH 525a or MATH 570. Instruction Mode: Lecture Grading Option: Letter

MATH 507b Theory of Probability
Units: 3 Terms Offered: Sp Dependence, martingales, ergodic theorems, second-order random functions, harmonic analysis, Markov processes. Instruction Mode: Lecture Grading Option: Letter

MATH 508 Filtering Theory
Units: 3 Theory of random differential equations and stochastic stability; optimum linear and nonlinear filtering, with discussion of asymptotic behavior of filter. Prerequisite: MATH 507a. Instruction Mode: Lecture Grading Option: Letter

MATH 509 Stochastic Differential Equations
Units: 3 Brownian motion, stochastic integrals, the Ito formula, stochastic differential equations, analysis of diffusion processes, Girsanov transformation, Feynmann-Kac formula, applications. Prerequisite: MATH 505a, MATH 505b or MATH 507a, MATH 507b. Instruction Mode: Lecture Grading Option: Letter

MATH 510a Algebra
Units: 3 Terms Offered: Fa Group Theory: Isomorphism theorems, group actions, Sylow's theorems, simple and solvable groups; Field Theory: Galois correspondence, radical extensions, algebraic and transcendental extensions, finite fields. Prerequisite: MATH 410, MATH 471. Instruction Mode: Lecture Grading Option: Letter

MATH 510b Algebra
Units: 3 Terms Offered: Sp Commutative Algebra: Integrity, Hilbert Basis theorem, Hilbert Nullstellensatz; Modules: modules over PIDs, chain conditions, tensor products; Noncommutative Rings; Jacobson radical, Artin-Wedderburn theorem, Maschke's theorem. Prerequisite: MATH 410, MATH 471. Instruction Mode: Lecture Grading Option: Letter

MATH 511aL Data Analysis
Units: 4 (Enroll in PM 511a, PM 511b) Instruction Mode: Lecture, 3 hours; laboratory, 1 hour.

MATH 511bL Data Analysis
Units: 4 (Enroll in PM 511a, PM 511b)

MATH 512 Financial Informatics and Simulation (Computer Labs and Practitioner Seminar)
Units: 3 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MATH 520 Complex Analysis
Units: 3 Terms Offered: Fa Sp: Complex variable; applications. Primarily for advanced students in engineering. Prerequisite: MATH 425a, MATH 425b.
Grading Option: Letter
MATH 540 Topology
Units: 3 Terms Offered: Sp Initial and final topologies, function spaces, algebras in (Y), homotopy, fundamental group, fiber spaces and bundles, smash, loop spaces, groups of homotopy classes, cw-complexes. Prerequisite: MATH 440. Instruction Mode: Lecture Grading Option: Letter
MATH 541a Introduction to Mathematical Statistics
Units: 3 Terms Offered: Sp Parametric families of distributions, sufficiency. Estimation: methods of moments, maximum likelihood, unbiased estimation. Comparison of estimators, optimality, information inequality, asymptotic efficiency. EM algorithm, jackknife and bootstrap. Prerequisite: MATH 505a or MATH 407 or MATH 408. Instruction Mode: Lecture Grading Option: Letter
MATH 541b Introduction to Mathematical Statistics
Units: 3 Terms Offered: Fa Hypothesis testing, Neyman-Pearson lemma, generalized likelihood ratio procedures, confidence intervals, consistency, power, jackknife and bootstrap. Monte Carlo Markov chain methods, hidden Markov models. Prerequisite: MATH 541a. Instruction Mode: Lecture Grading Option: Letter
MATH 542L Analysis of Variance and Design
Units: 3 Terms Offered: Sp Least squares estimation in the linear model, analysis of variance and covariance, F-test, multiple comparisons, multiple regression, selection of variables; introduction to experimental design. Includes laboratory. Prerequisite: MATH 225, MATH 226, and MATH 208. Instruction Mode: Lecture, Lab Required Grading Option: Letter
MATH 543L Nonparametric Statistics
Units: 3 Distribution-free methods for comparisons of two or more samples, tests of randomness, independence, goodness of fit; classification, regression. Comparison with parametric techniques. Prerequisite: MATH 226, MATH 208. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PM-543
MATH 544L Multivariate Analysis
Units: 3 (Enroll in PM 544)
MATH 545L Introduction to Time Series
Units: 3 Terms Offered: Fa Transfer function models; stationary, nonstationary processes; moving average, autoregressive models; spectral analysis; estimation of mean, autocorrelation, spectrum; seasonal time series. Prerequisite: MATH 225, MATH 226, and MATH 208. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as PM-545
MATH 547 Mathematical Foundations of Statistical Learning Theory
Units: 3 Terms Offered: Fa Binary classification, empirical risk minimization, support vector machines, voting algorithms and AdaBoost, Vapnik-Chervonenkis combinatorics, concentration-of-measure inequalities, sparse recovery problems, high-dimensional convex geometry. Prerequisite: MATH 407 or MATH 408 Instruction Mode: Lecture Grading Option: Letter
MATH 548 Sequential Analysis
Units: 3 Sequential decision procedures: sequential probability-ratio tests, operating characteristic, expected sample size, two-stage procedures, optimal stopping, martingales, Markov processes; applications to gambling, industrial inspection. Prerequisite: MATH 407 or MATH 408. Instruction Mode: Lecture Grading Option: Letter
MATH 550 Sample Surveys
Units: 3 Terms Offered: Sp Theory of sampling and design of sample surveys; bias and precision; finite populations; stratification; cluster sampling; multistage, systematic sampling; non-sampling errors. Prerequisite: MATH 208. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PM-550
MATH 555a Partial Differential Equations
Units: 3 Terms Offered: Fa Second-order partial differential equations of elliptic, parabolic, and hyperbolic type; in particular, potential and wave equations. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter
MATH 555b Partial Differential Equations
Units: 3 Terms Offered: Sp Second-order partial differential equations of elliptic, parabolic, and hyperbolic type; in particular, potential and wave equations. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter
MATH 565a Ordinary Differential Equations
Units: 3 Terms Offered: Fa Existence, uniqueness and continuation of solutions, differential inequalities, linear systems, Sturm-Liouville theory, boundary value problems, Poincare-Bendixson theory, periodic solutions, perturbations, stability, fixed point techniques. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter
MATH 565b Ordinary Differential Equations
Units: 3 Terms Offered: Sp Existence, uniqueness and continuation of solutions, differential inequalities, linear systems, Sturm-Liouville theory, boundary value problems, Poincare-Bendixson theory, periodic solutions, perturbations, stability, fixed point techniques. Prerequisite: MATH 425a, MATH 425b. Instruction Mode: Lecture Grading Option: Letter
MATH 570a Methods of Applied Mathematics
Units: 3 Terms Offered: Fa Metric spaces, compactness, completion, fixed-point theorems, abstract spaces, linear operators, functionals, duality, conjugates, Lp spaces, Fourier transform. Applications from Engineering, Natural and Social sciences. Recommended Preparation: Linear Algebra and Calculus. Instruction Mode: Lecture Grading Option: Letter
MATH 570b Methods of Applied Mathematics...
Units: 3 Terms Offered: Sp Measure theory, convergence, Lebesgue spaces, Riesz’s theorem, Integration theorems, compact and self-adjoint operators, spectral theory, resolution of the identity, differential operators, quantum mechanics. Instruction Mode: Lecture Grading Option: Letter

MATH 572 Applied Algebraic Structures
Units: 3 Terms Offered: Fa Elementary predicate logic, model theory, axiomatic set theory; relations, functions, equivalences; algebraic and relational structures; graph theory; applications of lattices, Boolean algebras; groups, rings, field. Instruction Mode: Lecture Grading Option: Letter

MATH 574 Applied Matrix Analysis
Units: 3 Terms Offered: Fa Equivalence of matrices; Jordan canonical form; functions of matrices; diagonalization; singular value decomposition; applications to linear differential equations, stability theory, and Markov processes. Instruction Mode: Lecture Grading Option: Letter

MATH 576 Applied Complex Analysis and Integral Transforms
Units: 3 Terms Offered: Fa Review of basic complex analysis; integral transforms of Laplace, Fourier, Mellin, and Hankel; applications to solutions of ordinary and partial differential equations; Wiener-Hopf technique. Prerequisite: MATH 475 or MATH 520. Instruction Mode: Lecture Grading Option: Letter

MATH 577a Computational Molecular Biology Laboratory
Units: 2 Terms Offered: Sp (Enroll in BISC 577a, BISC 577b)

MATH 577b Computational Molecular Biology Laboratory
Units: 2 Terms Offered: Fa (Enroll in BISC 577a, BISC 577b)

MATH 578a Computational Molecular Biology
Units: 3 Terms Offered: FaSp Applications of the mathematical, statistical and computational sciences to data from molecular biology. Algorithms for genomic sequence data: sequence and map assembly and alignment, RNA secondary structure, protein structure, gene-finding, and tree construction. Prerequisite: CSCI 570. Recommended Preparation: familiarity with the concepts of basic molecular biology as covered in BISC 320. Instruction Mode: Lecture Grading Option: Letter

MATH 578b Computational Molecular Biology
Units: 3 Terms Offered: FaSp Applications of the mathematical, statistical and computational sciences to data from molecular biology. Statistics for genomic sequence data: DNA sequence assembly, significance of alignment scores, hidden Markov models, genetic mapping, models of sequence evolution, and microarray analysis. Prerequisite: MATH 505a, MATH 541a. Recommended Preparation: familiarity with the concepts of basic molecular biology as covered in BISC 320. Instruction Mode: Lecture Grading Option: Letter

MATH 580 Introduction to Functional Analysis
Units: 3 Basic functional analysis in Banach and Hilbert spaces. Weak topologies, linear operators, spectral theory, calculus of vector-valued functions. Banach algebras. Prerequisite: MATH 525a, MATH 525b. Instruction Mode: Lecture Grading Option: Letter

MATH 585 Mathematical Theory of Optimal Control
Units: 3 Terms Offered: Fa Deterministic control: calculus of variations; optimal control; Pontryagin principle; multiplier rules and abstract nonlinear programming; existence and continuity of controls; problem of Mayer; dynamic programming. Prerequisite: MATH 570 and MATH 525a. Instruction Mode: Lecture Grading Option: Letter

MATH 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master’s degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 592 Computational Molecular Biology Internship
Units: 3 Industrial or genome-centered internship for students in the Computational Molecular Biology master's program. Real-world experience in applications. Instruction Mode: Lecture Grading Option: Letter

MATH 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593)

MATH 594a Master’s Thesis
Units: 2 Terms Offered: FaSpSm Research credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 594b Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MATH 595 Practicum in Teaching the Liberal Arts: Mathematics
Units: 2 Terms Offered: FaSp Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit

MATH 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content will be selected each semester to reflect current trends and developments in the field of mathematics. Instruction Mode: Lecture Grading Option: Letter

MATH 600 Topics in Numerical Analysis
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 601 Optimization Theory and Techniques
Units: 3 Terms Offered: SpSm Necessary and sufficient conditions for existence of extrema with equality constraints; gradient methods; Ritz methods; eigenvalue problems; optimum control problems; inequality constraints; mathematical programming. Prerequisite: MATH 502a, MATH 502b. Instruction Mode: Lecture Grading Option: Letter

MATH 602 Galerkin Approximation Methods in Partial Differential Equations
Units: 3 Galerkin methods of approximating solutions of elliptic boundary value problems in one and several dimensions; includes the use of spline functions and triangulations. Instruction Mode: Lecture Grading Option: Letter

MATH 605 Topics in Probability
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 606 Topics in Stochastic Processes
Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Theoretic and applied topics of current interest in discrete and continuous time stochastic processes and in stochastic differential equations. Recommended Preparation: graduate level course in probability theory or stochastic processes. Instruction Mode: Lecture Grading Option: Letter

MATH 610 Topics in Algebra
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 612 Topics in Commutative Ring Theory
Units: 3 Max Units: 12.0 Localization, structure of Noetherian rings, integral extensions, valuation theory, graded rings, characteristic functions, local algebra, dimension theory. Prerequisite: MATH 510a, MATH 510b. Instruction Mode: Lecture Grading Option: Letter

MATH 613 Topics in Representation Theory
Units: 3 Max Units: 12.0 Terms Offered: Irregular Structure and representation theory of various algebraic structures, such as groups, Lie algebras, Hopf algebras, algebraic groups, or group schemes. Prerequisite: MATH 510a and MATH 510b. Instruction Mode: Lecture Grading Option: Letter

MATH 620 Topics in Complex Analysis
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 625 Topics in Real Analysis
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 630 Topics in Number Theory
Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter

MATH 635 Topics in Differential Geometry
Units: 3 Max Units: 12.0 Terms Offered: geometry of complex manifolds, relations between topology and curvature, homogeneous spaces, symmetric spaces, geometry of submanifolds.

| **MATH 647 Topics in Statistics** Units: 3 Max Units: 12 Terms Offered: Irregular Current methods, techniques, and results in statistics, data science and machine learning. Instruction Mode: Lecture Grading Option: Letter
| **MATH 650 Seminar in Statistical Consulting** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 655 Topics in Partial Differential Equations** Units: 3 Max Units: 12.0 Terms Offered: FaSpSm Topics to be chosen from the following: Elliptic, Parabolic, Hyperbolic, and Dispersive PDEs, Conservation Laws, Mathematical Fluid Dynamics and Variational Methods. **Prerequisite:** MATH 525a; **Recommended Preparation:** MATH 555a. Instruction Mode: Lecture Grading Option: Letter
| **MATH 665 Topics in Ordinary Differential Equations** Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter
| **MATH 680 Nonlinear Functional Analysis** Units: 3 Calculus in Banach spaces, degree theory, fixed point theorems. Study of compact, monotone, accretive and nonexpansive operators. **Prerequisite:** MATH 580. Instruction Mode: Lecture Grading Option: Letter
| **MATH 681 Selected Topics in Functional Analysis** Units: 3 Max Units: 12.0 Course content will vary with professor and academic year offered. It will include topics of current interest in both linear and nonlinear functional analysis and their applications. Instruction Mode: Lecture Grading Option: Letter
| **MATH 685 Topics in Mathematical Control Theory** Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter
| **MATH 689 Topics in Mathematical Physics** Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter
| **MATH 700 Seminar in Numerical Analysis** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 705 Seminar in Probability** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 710 Seminar in Algebra** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 725 Seminar in Analysis** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 730 Seminar in Number Theory** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 735 Seminar in Differential Geometry** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 740 Seminar in Topology** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 761 Seminar in Programming and Computability** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 765 Seminar in Ordinary Differential Equations** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 780 Seminar in Functional Analysis** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 790 Research** Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
| **MATH 794a Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MATH 794b Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MATH 794c Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MATH 794d Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MATH 794e Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MATH 795 Seminar in Mathematical Physics** Units: 3 Max Units: 12.0 Instruction Mode: Lecture Grading Option: Letter
| **MATH 796 Seminar in Topology** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 798 Seminar in Algebra** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 799 Seminar in Analysis** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MATH 800 Seminar in Number Theory** Units: 3 Instruction Mode: Lecture Grading Option: Letter
| **MBIO 310 Principles of Microbiology and Immunology** Units: 2 Fundamental concepts of microbiology and immunology. Bacterial, viral and fungal diseases are correlated with host responses; oral manifestations of infectious disease. Emphasis on sanitation and sterilization. Instruction Mode: Lecture Grading Option: Letter
| **MBIO 501 Immunology** Units: 2 Fundamentals of immunology; basic immunopathology, especially concerning the oral cavity, including immunogenetics; hypersensitivities and inflammation; auto-immune diseases. Instruction Mode: Lecture Grading Option: Letter
| **Medical Biophysics** **MBPH 550 Seminar in Medical Biophysics** Units: 1 Max Units: 4 Terms Offered: FaSp Seminar course in which students make oral and written presentations based on original research, published journal articles, or research proposals. Instruction Mode: Lecture Grading Option: Letter
| **MBPH 590 Directed Research** Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
| **MBPH 594a Master's Thesis** Units: 2 Terms Offered: FaSpSm Credit on acceptance of Thesis. Graded IP/CR/NC. Registration Restriction: Open only to Master Students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 594b Master's Thesis** Units: 2 Terms Offered: FaSpSm Credit on acceptance of Thesis. Graded IP/CR/NC. **Prerequisite:** MBPH 594a Registration Restriction: Open only to Master Students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 594c Master's Thesis** Units: 2 Terms Offered: FaSpSm Credit on acceptance of Thesis. Graded IP/CR/NC. **Prerequisite:** MBPH 594b Registration Restriction: Open only to Master Students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 594d Master's Thesis** Units: 2 Terms Offered: FaSpSm Credit on acceptance of Thesis. Graded IP/CR/NC. **Prerequisite:** MBPH 594c Registration Restriction: Open only to Master Students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 794a Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MBPH 794b Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MBPH 794c Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MBPH 794d Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
| **MBPH 794e Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 794f Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. **Prerequisite:** MBPH 794a Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 794g Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. **Prerequisite:** MBPH 794b Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 794h Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. **Prerequisite:** MBPH 794c Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 794i Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. **Prerequisite:** MBPH 794d Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
| **MBPH 794j Doctoral Dissertation** Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. **Prerequisite:** MBPH 794e Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
MDA 105g Cultural Forms and Values I
Units: 4 Terms Offered: FaSp Norms and patterns of civilizations associated with the Greco-Roman and European traditions and the legacy of those traditions in North America. Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

MDA 110 Contemporary Issues and Cases in Health Care
Units: 2 Terms Offered: FaSp An introduction to the major areas of health care; the provider's relationship to choices in professional practice; ethics and historical context. Duplicates Credit in MDA 100a, MDA 100b, MDA 100c, MDA 100d. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 120 American Popular Culture
Units: 3 Terms Offered: Sm Introduction to the popular culture of the United States, including basic history, geography, literature and the arts, as understood by generally well-educated young Americans. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 125Lg Scientific Principles
Units: 4 Terms Offered: FaSp Fundamental principles underlying a body of scientific knowledge and their evolution; the nature of scientific inquiry; how scientific knowledge is obtained and evaluated. A field experience or practical component required. Satisfies Old General Education in Category III: Scientific Inquiry Instruction Mode: Lecture, Lab Required Grading Option: Letter

MDA 140 Practicum in Multimedia Authorship
Units: 2 Terms Offered: FaSp Introduction to the expressive potential of multimedia as a critical and creative tool, supplementing traditional forms of academic work. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 155g Cultural Forms and Values II
Units: 4 Terms Offered: FaSp Cultural norms and patterns of civilizations associated with Africa, Asia, Latin America, the Middle East, Native America, and elsewhere, alternative to those of the Greco-Roman and European traditions. Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

MDA 165g Social Inquiry
Units: 4 Terms Offered: FaSp Analyses of compelling local, national, and/ or international issues; analytical tools examined systematically in a broad range of social phenomena. Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion, Lab Grading Option: Letter

MDA 167g Marginal Groups in America
Units: 4 Terms Offered: FaS Professional opportunities in a changing global system, preparing the successor generation for participation in the public, private, and citizen sectors of our global society. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 170g La Frontera: The U.S.-Mexico Borderlands
Units: 4 Provides student with a multidisciplinary understanding of the U.S./Mexico border region. Topics to be covered include: space and place, internationalization, physical environment, gender relations and culture. Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

MDA 175Lg Science and Technology
Units: 4 Terms Offered: FaSp The nature of science and technology, based on a focused study of a single area of research; scientific principles, their technological applications, and social significance. Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter

MDA 200Lg The Cutting Edge: From Basic Science to the Marketplace
Units: 4 Terms Offered: Sp An introduction to the basic sciences of physics, chemistry, biology, and geology, examining the fundamental concepts, experimental approaches, and technological applications. Course will show the interrelationships among the fields and societal ramifications of these cutting edge technologies. Satisfies Old General Education in Category IV: Science and Its Significance Duplicates Credit in MDA 125. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MDA 205g Cities and Civilization
Units: 4 Terms Offered: FaSp Origins of cities, patterns of migration and resettlement, civic identities and the invention of public culture, from ancient Rome to contemporary Los Angeles. Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

MDA 250 Internship for Liberal Arts: Work and Career — Theory and Practice
Units: 1, 2 Max Units: 4.0 Terms Offered: FaSp Students explore different understandings of work and career in American society while testing theories in an actual work setting. Instruction Mode: Lecture Grading Option: Letter

MDA 260 Opportunities in the Global Marketplace
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: FaSp Professional opportunities in a changing global system, preparing the successor generation for participation in the public, private, and citizen sectors of our global society. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 300 The Dornsife Toolkit
Units: 2 Max Units: 08 Terms Offered: FaSpSm Students explore different understandings of work and career in American society while testing theories in an actual work setting. Instruction Mode: Lecture Grading Option: Letter

MDA 310 Peace and Conflict Studies
Units: 4 Terms Offered: Sp (Enroll in IR 310)

MDA 320 Global Ethics: Poverty, Health and the Human Condition
Units: 4 Terms Offered: FaSp Ethical challenges and moral obligations of the public and private sectors in global development, access to healthcare, and promotion of civil, political, and economic rights. Instruction Mode: Lecture, Discussion Grading Option: Letter

MDA 325 Case Studies in Modern Leadership
Units: 2 or 4 Max Units: 6.0 Terms Offered: FaSp Study of a single leader or small set of leaders, including the strengths and weaknesses that distinguish him and the cultural forces that nurture them. Instruction Mode: Lecture Grading Option: Letter Crosslisted as POSC-326

MDA 330 The Armenian Heritage: History, Arts, and Culture
Units: 4 Terms Offered: FaSp A multidisciplinary exploration of the Armenian cultural heritage through the ages — folklore, traditions, religious practices, literature, architecture, painting, sculpture, music, theatre, film and dance. Instruction Mode: Lecture Grading Option: Letter

MDA 333 Colloquium in Armenian Studies: Social and Cultural Issues
Units: 2 Max Units: 4.0 Terms Offered: FaSpSm Analysis of political, social, and cultural issues by the instructor and visiting lecturers with expertise in specific areas of the Armenian Republic and Diaspora community. Instruction Mode: Lecture Grading Option: Letter

MDA 365 The Art and Adventure of Leadership
Units: 4 Terms Offered: Sp Areas of knowledge and kinds of competencies that are fundamental to the study and practice of leadership in a variety of settings. Instruction Mode: Lecture Grading Option: Letter

MDA 399a Team Research Communities
Units: 4 Terms Offered: FaSp Cross-disciplinary inquiry in the liberal arts. Research methodologies. Instruction Mode: Lecture Grading Option: Letter

MDA 399b Team Research Communities
Units: 4 Terms Offered: FaSp Cross-disciplinary inquiry in the liberal arts. Individual student and group projects contributing to the team's collaborative report. Instruction Mode: Lecture Grading Option: Letter

MDA 423 User Experience
Units: 4 Terms Offered: FaSp Introduction to the field of user experience (UX), with a specific focus on theoretical foundations, research methodology and principles of design. Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as PSYC 423

MDA 450 Individual Program of Study
Units: 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 Max Units: 18.0 Terms Offered: FaSpSm An individual educational project approved by a faculty committee, combining directed research with internships, service learning, artistic or literary production, and/or other relevant educational activities. Registration Restriction: Open only to sophomore, junior or senior standing. Instruction Mode: Lecture Grading Option: Letter

MDA 460 Collaborative Learning Project
Units: 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm A project approved by a faculty committee, requiring students to collaborate on research or an original work in the literary, plastic, or performing arts. Registration Restriction: Open only to sophomore, junior or senior standing. Instruction Mode: Lecture Grading Option: Credit/No Credit

MDA 475 The Future of California
Units: 4 Challenges facing California; options for governmental and constitutional reform; opportunities for economic growth; demographic and cultural changes; education, environment, and other policy issues. Recommended Preparation: junior or senior standing. Instruction Mode: Lecture Grading Option: Letter Crosslisted as POSC-475, PPD-475

MDA 476 Policy Research on California
Units: 4 Terms Offered: Sp Research and proposed solutions concerning problems, policies, structural and constitutional challenges facing California. Open only to upper-division and master's students. Prerequisite: MDA 475. Registration Restriction: Open only to upper division and masters students. Instruction Mode: Lecture, Discussion Grading Option: Letter

MDA 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Individual research, reading, writing and project development. Instruction Mode: Lecture Grading Option: Letter

MDA 494 Directed Creative Project
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Individual research, reading, writing and project development, guided by a faculty member with expertise in the area, who may be tenure-track or non-tenure-track. Instruction Mode: Lecture Grading Option: Letter

MDA 495 Interdisciplinary Honors Seminar
Units: 2, 3, 4 Max Units: 4.0 Terms Offered: Fa The first part of an eight-unit sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Instruction Mode: Lecture Grading Option: Letter

MDA 496 Interdisciplinary Honors Thesis
Units: 4 Terms Offered: Sp The second part of an eight-unite sequence intended to award academic honors in a thematic area comparable to departmental honors in a single discipline. Prerequisite: MDA 495. Instruction Mode: Lecture Grading Option: Letter

MDA 499 Special Topics
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Selected topics in Multidisciplinary Activities. Instruction Mode: Lecture Grading Option: Letter

MDA 501 Introduction to Visual Studies:

Methods and Debates
Units: 4 A critical introduction to the field of visual studies focusing on interdisciplinary approaches to images, objects, and visual technologies as well as key texts and interpretive debates. Students must be enrolled in a PhD program at USC. Instruction Mode: Lecture Grading Option: Letter

MDA 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit Crosslisted as ANTH-593, COLT-593, EALC-593, ENGL-593, ENST-593, EXSC-593, GEOG-593, GERM-593, IR-593, POSC-593, SSL-593

MDA 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Fa The multidisciplinary, team-taught seminar addresses issues at the intersection of literary, visual, and material culture. The faculty team and specific topics studied will change each time the course is offered. Instruction Mode: Lecture Grading Option: Letter

Middle East Studies

MDES 180g The Middle East
Units: 4 Terms Offered: FaSpSm (Enroll in HIST 180)

MDES 301g The Global Middle East
Units: 4 Terms Offered: FaSp Explores the modern Middle East by focusing on the process of globalization. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture Grading Option: Letter

MDES 312 Shadow of God on Earth: Religion/Politics in Medieval Persia
Units: 4 Terms Offered: FaSp Political and dynastic history of Iran from the Arab conquest in the 7th to the 18th century. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-310

MDES 313 Modern Iran: Fall of Monarchies and Rise of Islamic Republic
Units: 4 Terms Offered: FaSpSm History and culture of modern Iran from the nineteenth century to present through historical and ethno-historical approaches to Iran today, richly contextualizing events and people. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-389

MDES 314p Political Thought in the Middle East
Units: 4 Terms Offered: FaSp Major strands of Islamic political thought from early Islam through the classical Islamic period to contemporary developments and transformations. Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture Grading Option: Letter

MDES 316p The Great Muslim Empires of the Near East and India
Units: 4 Explores the social, political, and religious forces that helped shape the
Ottoman, Safavid, and the Mughal empires, their intellectual trends, and cultural dynamism. Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST 394.

MDES 324 Classical Persian Literature in Translation
Units: 4 Terms Offered: FaSp Introduction to literary culture of premodern Persia, from about 800–1800 AD. Emphasis on poetry, the most extensive, prestigious, and influential medium of Persian literature. Instruction Mode: Lecture Grading Option: Letter

MDES 325g Politics of Film and Literature in Modern Iran
Units: 4 Terms Offered: FaSp Introduction to contemporary Iranian society through the study of social tensions created by poverty-wealth, tradition-modernity, masculinity-femininity, and notions of religio-political authority as reflected in the literature and films of the country. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter

MDES 340 Perspectives on US Foreign Policy in the Middle East
Units: 4 Presents critical perspectives to analyze U.S. foreign policy in the Middle East, including the discourses surrounding energy security, military interventionism, globalization, democracy promotion, and terrorism. Instruction Mode: Lecture Grading Option: Letter

MDES 342g Modern Arab State and Society I: Media and Intellectual Works
Units: 4 Surveys prominent debates in the Arab world, examining how media and intellectual production reflect, shape, and/or contest prevailing ideas and practices in the public sphere. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture Grading Option: Letter

MDES 343g Modern Arab State and Society II: Culture and Literature
Units: 4 Examines contemporary Arab state-society relations using literature to illustrate how people construct meanings and portray issues of national, social, and cultural significance. Satisfies New General Education in Category B: Humanistic Inquiry Crosslisted as COLT 347.

MDES 345p Sovereignty in the Middle East
Units: 4 The evolution of the concept and practice of sovereignty in the Middle East, pre-modern to the present, focusing on reciprocal nature of power and authority. Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture Grading Option: Letter Crosslisted as IR 359

MDES 349g Ancient Empires
Units: 4 Terms Offered: FaSpSm (Enroll in CLAS 349)

MDES 362 The International Relations of the Contemporary Middle East
Units: 4 Terms Offered: Fa (Enroll in IR 362)

MDES 363 Middle East Political Economy
Units: 4 Terms Offered: Sp (Enroll in IR 363)

MDES 378 Ptolemaic Egypt
Units: 4 Terms Offered: FaSp (Enroll in CLAS 378)

MDES 382 The Middle East, 500–1500
Units: 4 (Enroll in HIST 382)

MDES 383 The Modern Middle East
Units: 4 Terms Offered: Sp (Enroll in HIST 383)

MDES 384 Popular Culture in the Middle East
Units: 4 Terms Offered: FaSpSm (Enroll in HIST 384)

MDES 394 Archaeology of Egypt and the Near East
Units: 4 (Enroll in REL 394)

MDES 402 Cultural Heritage, Religion, and Politics in the Middle East
Units: 4 Terms Offered: Fa (Enroll in REL 402)

MDES 437 Arabic Autobiography: Writing and Interpreting the Self
Units: 4 Terms Offered: FaSpSm (Enroll in COLT 437)

MDES 447 Traveling Genres: Politics/Poetics of Modern Arabic Prose
Units: 4 Terms Offered: FaSpSm (Enroll in COLT 447)

MDES 488m Islam in France
Units: 4 Terms Offered: FaSpSm (Enroll in FREN 488)

MDES 454 Classical Arabic
Units: 4 Max Units: 20 Terms Offered: FaSp Introduction to reading and interpretation of pre-modern, classical Arabic, including literature from the 6th to 19th centuries. Prerequisite: ARAB 252 or MDES 252 Instruction Mode: Lecture Grading Option: Letter

MDES 461 Topics in Ancient Iranian Languages and Cultures
Units: 4 Max Units: 20 Studies and readings in one or more pre-modern Iranian languages and their cultural and historical contexts. Specific topics vary; may be repeated for credit. Instruction Mode: Lecture Grading Option: Letter

MDES 463 Islam and Arab Nationalism
Units: 4 (Enroll in IR 463)

MDES 480 Seminar in Middle East History
Units: 4 Max Units: max 8 (Enroll in HIST 480)

MDES 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MDES 490 Honors Thesis
Units: 4 Writing of the honors thesis; for students in the Middle East Studies Honors Program. Instruction Mode: Lecture Grading Option: Letter

MDES 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics in Middle East studies. Instruction Mode: Lecture Grading Option: Letter

Medical Biology
MEDB 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDB 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MEDB 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MEDB 794d Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Medical Sciences
MEDS 220 Preparation for the Clinical Experience
Units: 2 Terms Offered: FaSpSm Discussion and exercises in clinically relevant topics (professional behavior, patient privacy, medical ethics, cultural competency, teamwork, etc.) in preparation for experience in the clinical setting. Instruction Mode: Lecture Grading Option: Letter

MEDS 260 Challenges in the Forefront of Biomedical Ethics
Units: 2 Terms Offered: Sp Examination of fundamental ethical concepts and principles in clinical health care and biomedical research. Use of film, case studies and discussion. Recommended Preparation: MDA 110 or MEDS 220. Instruction Mode: Lecture Grading Option: Letter
Units: 4 Terms Offered: Fa Fundamental basis for various statistical tests, underlying assumptions, and statistical analyses used in biomedical and clinical research. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture Grading Option: Letter

MEDS 315 Human Anatomy, Physiology, and the Technology of Medicine
Units: 2 Introduction to human anatomy and physiology in relation to common disease processes, and an examination of how technology has transformed western medicine throughout history. Prerequisite: BISC 220Lg or BISC 221Lg Instruction Mode: Lecture Grading Option: Letter

MEDS 320 Human Cadaveric Anatomy
Units: 4 Terms Offered: FaSp Anatomical structure and function of the major regions of the human body as related to health and disease, using clinical cases, lectures and cadaveric demonstrations. Prerequisite: BISC 220 or BISC 221. Instruction Mode: Lecture Grading Option: Letter

MEDS 330 Bionics: Solutions to Enable the Disabled
Units: 2 Terms Offered: FaSp Focused examination of medical bionics with emphasis on solutions that enable the disabled and detailed discussions and evaluations of the social and technological aspects of bionic medical devices. Instruction Mode: Lecture Grading Option: Letter

MEDS 335 Human Development: From Stem to Sternum
Units: 2 Terms Offered: Fa An introduction to transformation of a single cell into a mature organism. Prerequisite: BISC 220 or BISC 221. Recommended Preparation: BISC 320. Instruction Mode: Lecture Grading Option: Letter

MEDS 340 The Brain in Health and Disease
Units: 4 Terms Offered: Fa Study of the human brain with emphasis on structure-functional relationships, illustrative case studies, current imaging techniques, with illustrative laboratory exercises using specimens and slides. Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: MEDS 310. Instruction Mode: Lecture Grading Option: Letter

MEDS 350 Neurochemistry of Addiction: Drugs, Brain, and Behavior
Units: 2 Terms Offered: FaSp The neurochemistry of psychiatric illness and addiction, introduction to brain and nervous system biochemistry, anatomy and disease states. Covers prescribed medications and drugs of abuse. Prerequisite: (BISC 220Lg or BISC 221Lg) and (CHEM 103Lg or CHEM 105Lg or CHEM 115aLg) Recommended Preparation: BISC 320L or BISC 330L and MEDS 330 Instruction Mode: Lecture Grading Option: Letter

MEDS 355 Skeletal Biology and Pathology: No Bones About It
Units: 2 Terms Offered: FaSp Overview of the cellular make-up of the human skeleton, the functions of bones, clinical application of this knowledge towards bone-related diseases, and introduction to technological advances in orthopedic surgery. Prerequisite: BISC 220Lg or BISC 221Lg Instruction Mode: Lecture Grading Option: Letter

MEDS 360 From Bench to Bedside: New Frontiers in Biomedical Research
Units: 2 Terms Offered: Fa A theoretical basis of laboratory approaches that help the biomedical or physician scientist in understanding the etiology of disease and targeting disease processes. Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: BISC 320 or BISC 330. Instruction Mode: Lecture Grading Option: Letter

MEDS 370 Organ Failure: Non-Communicable Chronic Disease
Units: 2 Terms Offered: Sp An examination of frequently treated diseases with the greatest impact on society. Involvement of medical specialists and actual patients as guests. Prerequisite: MEDS 220 and BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: MEDS 320 or EXSC 301L. Instruction Mode: Lecture Grading Option: Letter

MEDS 380 Stem Cells: Fact and Fiction
Units: 2 Terms Offered: Sp Exploring how stem cells and regenerative medicine are portrayed in culture, the scientific underpinnings of what is currently possible, and visions into the future. Prerequisite: BISC 220 or BISC 221. Instruction Mode: Lecture Grading Option: Letter

MEDS 390 Special Problems
Units: 1, 1.5, 2, 2.5, 3, 3.5, 4 Max Units: 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MEDS 420 Clinical Pediatrics
Units: 2 Terms Offered: Sp Explores enduring and fascinating topics in Pediatrics through a modern lens, incorporating first hand patient-care experiences in clinics and hospitals, and didactic case-based discussions. Prerequisite: BISC 220Lg or BISC 221Lg and MEDS 220Lg Instruction Mode: Lecture Grading Option: Letter

MEDS 425 Medical Examiner-Coronor: Investigating Death
Units: 2 Terms Offered: Fa Emphasizes the team-based approach used by forensic scientists, medical examiners and coroners to investigate the circumstances and determine the cause/manner of death. Prerequisite: BISC 220 or BISC 221; and MEDS 220 Registration Restriction: Open only to sophomores, juniors, and seniors Instruction Mode: Lecture Grading Option: Letter

MEDS 440 Introduction to Surgical Principles
Units: 2 Terms Offered: Sp Introduction to the spectrum of surgical care, taught by surgeons, with the goal of developing an appreciation of the role that surgery plays in society. Prerequisite: BISC 220 or BISC 221; and CHEM 103 or CHEM 105a or CHEM 115a; and MEDS 220. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

MEDS 445 Cancer: Introduction to Oncology in the Modern Era
Units: 2 Terms Offered: Fa An introduction to the practical realities of modern obstetric and gynecology practice from the point of view of practicing surgeon scientists at USC. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Instruction Mode: Lecture Grading Option: Letter

MEDS 450 OB/GYN: The Medicine and Surgery of Reproduction
Units: 2 Terms Offered: Fa Sp to the practical realities of modern obstetric and gynecology practice from the point of view of practicing surgeon scientists at USC. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Recommended Preparation: MEDS 260. Instruction Mode: Lecture Grading Option: Letter

MEDS 465 Wilderness and Survival Medicine
Units: 4 Terms Offered: Sp Medical physiology principles of people under "extreme" wilderness conditions, factors affecting remote medical care, and basic survival strategies, led by Emergency Medicine physicians. Prerequisite: BISC 220 or BISC 221; and MEDS 220. Instruction Mode: Lecture Grading Option: Letter

MEDS 490X Directed Research in Biomedical Science
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Prerequisite: BISC 220 or BISC 221 and CHEM 103 or CHEM 105a or CHEM 115a; Recommended Preparation: MEDS 300, MEDS 360. Instruction Mode: Lecture Grading Option: Letter

Medical Sciences (500)

MEDS 500 Basic Concepts in Global Health
Units: 4 Terms Offered: FaSpSm Exploration of global health issues facing resource-poor societies; emphasizes contributing factors including behavioral and physiological bases, economic, social, and political context. Instruction Mode: Lecture Grading Option: Letter

MEDS 501 Critical Issues in Global Health
Units: 4 Terms Offered: FaSpSm Evaluation of government and non-government
organizations' new global health responses, and critical issues affecting global health including: environment, workforce conditions, obesity, nutrition, drugs, poverty. Instruction Mode: Lecture Grading Option: Letter

MEDS 502 Global Epidemiology of Diseases and Risk Factors
Units: 4 Terms Offered: FaSpSm Survey of major populations' crises and risk factors accounting for global health challenges. Evaluation of case studies of global health interventions and effective methodologies. Instruction Mode: Lecture Grading Option: Letter

MEDS 503L Core Principles System I
Units: 4 Terms Offered: FaSpSm Introduction to basic medical concepts and biological system functions; examination of core principles of science and medical treatment. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MEDS 504L Core Principles System II
Units: 4 Terms Offered: Fa Continuation of concepts from MEDS 503. Basic medical concepts and biological system functions; examination of core principles of science and medical treatment. Prerequisite: MEDS 503. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MEDS 510 Global Health Modules, Malaria
Units: 2 Terms Offered: FaSpSm Critical issues in international control and treatment of malaria. Exploration of biological and epidemiological fundamentals of human-parasite interaction, including dynamics of transmission among populations. Instruction Mode: Lecture Grading Option: Letter

MEDS 511 Global Health Modules, Tuberculosis
Units: 2 Terms Offered: FaSpSm Exploration of biological and epidemiological fundamentals of tuberculosis including dynamics of transmission among populations. Overview of clinical manifestations, diagnosis, and treatment of infections. Instruction Mode: Lecture Grading Option: Letter

MEDS 512 Global Health Modules, Maternal and Child Health I
Units: 2 Terms Offered: FaSpSm Biopsychosocial, cultural and economic aspects of women's health: pregnancy, childbirth, marriage. Examination of health promotion and policy efforts to improve women's health globally. Instruction Mode: Lecture Grading Option: Letter

MEDS 513 Global Health Modules, Maternal and Child Health II
Units: 2 Terms Offered: FaSpSm In-depth examination of women's health issues; health promotion and policy efforts to improve women's health globally. Instruction Mode: Lecture Grading Option: Letter

MEDS 514 Global Health Modules, Tropical Disease
Units: 2 Terms Offered: FaSpSm Examination of prevalent tropical diseases: epidemiology, clinical manifestations, treatment, impact on economies of tropical countries. Key issues related to these diseases; World Health Organization responses. Instruction Mode: Lecture Grading Option: Letter

MEDS 515 Global Health Modules, HIV/AIDS
Units: 2 Terms Offered: FaSpSm HIV epidemiology, basic biology of transmission and pathophysiology, associated opportunistic infections, and challenges to providing care in the developing world, including government responses. Instruction Mode: Lecture Grading Option: Letter

MEDS 516 Cultural Competence in Health and Medicine
Units: 2 Terms Offered: FaSpSm Practical approach to the development of professional skills for providing culturally sensitive clinical health services to ethnically and linguistically diverse patients. Instruction Mode: Lecture Grading Option: Letter

MEDS 517 Health and Human Rights
Units: 2 Terms Offered: FaSpSm The relationship between health and human rights, and the study of human rights issues relevant to health care professionals. Instruction Mode: Lecture Grading Option: Letter

MEDS 518 Children in Emergency Situations: Global Policies and Programs
Units: 2 Terms Offered: Sp Focuses on children in emergency situations, including natural and man-made disasters, such as floods, earthquakes, conflicts, or war, with an emphasis on the poorest and most vulnerable children. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 519 Global Oral Health
Units: 2 Terms Offered: FaSpSm Better understand the key issues impacting global oral health, how better care can help reduce the disease prevalence, and ways to prepare the next generation of global health leaders to address the key issues. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 520 Medical Spanish for the Health Professions
Units: 2 Terms Offered: FaSpSm Spanish language course for students planning to enter the health professions. Registration Restriction: Open only to digital social media majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 521 Emerging and Re-emerging Infectious Diseases
Units: 2 Terms Offered: FaSpSm Exploration of the threat of major worldwide epidemics and diseases with a focus on the recent emergence of new plagues. Instruction Mode: Lecture Grading Option: Letter

MEDS 522 Human Hepatitis Viruses
Units: 2 Terms Offered: FaSpSm Human hepatitis and the viruses that cause them, how they are spread, symptoms, treatment, and prevention. Instruction Mode: Lecture Grading Option: Letter

MEDS 523 Global Toxicity and Carcinogenesis
Units: 2 Terms Offered: FaSpSm Covers the occurrences of toxic substances and the toxicity/diseases they cause, and chemical carcinogens and the types of cancer they cause worldwide. Instruction Mode: Lecture Grading Option: Letter

MEDS 524 Grantwriting for Non-Government Organizations
Units: 2 Terms Offered: FaSpSm Instruction on the process and methods of writing effective grants from identifying appropriate funders to implementing project upon receipt of funding award. Instruction Mode: Lecture Grading Option: Letter

MEDS 525 Global Mental Health
Units: 2 Terms Offered: FaSpSm Examines the major mental health diagnoses from clinically relevant perspectives and their prevalence in specific geographical regions around the world. Instruction Mode: Lecture Grading Option: Letter

MEDS 526 Alternative and Eastern Medicine: A Biomedical Approach
Units: 2 Terms Offered: FaSpSm Exploration of issues of complementary and alternative medicine (CAM) and traditional Eastern medical views of health and illness from a Western biomedical perspective. Instruction Mode: Lecture Grading Option: Letter

MEDS 527 Zoonotic Infectious Diseases
Units: 2 Terms Offered: SpSm Background information on a group of infections that are transmitted via animal contact. Understanding of the epidemiology, clinical manifestations, treatment, and impact of the diseases on the economies of the countries in which they are found. Recommended Preparation: MEDS 500. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

MEDS 528 Global Health Modules, Sexually Transmitted Infections
Units: 2 Terms Offered: SpSm Examines clinically relevant perspectives from distinguished international authors on STI issues and the devastating effect on particular geographical regions around the world. Instruction Mode: Lecture Grading Option: Letter

MEDS 529 Refugee Health Care
Units: 2 Introduction to refugee health care and life events which impact health. Discuss medical needs of long-term displaced populations with specific case studies. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

MEDS 530a Foundation of Medicine: Anatomy, Physiology, and Pathology
Units: 4 Terms Offered: FaSpSm Fundamentals of physiology, chemistry, anatomy, biochemistry and microbiology, as well as pharmacological issues, mathematical basis of lab instruments or techniques, and computational modeling. Instruction Mode: Lecture Grading Option: Letter

MEDS 530b Foundation of Medicine: Anatomy, Physiology, and Pathology
Units: 4 Terms Offered: FaSpSm The basics of human anatomy (gross anatomy,
and exposure to the various socioeconomic experience in clinical medicine/public health course that provides students with hands-on Units: 2 Terms Offered: Sm Two-week MEDS 551 Clinical Medicine and Care Reform in Taiwan

MEDS 552 Clinical Medicine and Health Care Challenges in India
Units: 2 Terms Offered: Sm Two-week study abroad course that explores the health dynamics and health care settings of India. Instruction Mode: Lecture Grading Option: Letter

MEDS 553 Clinical Medicine and Healthcare Delivery in India
Units: 2 Terms Offered: Sm Two-week study abroad course that explores the health dynamics and health care settings of India. Instruction Mode: Lecture Grading Option: Letter

MEDS 554 Clinical Medicine and Healthcare Delivery in Panama
Units: 2 Terms Offered: SpSm A two-week intensive course abroad in Shanghai, China, focused on understanding clinical realities of Chinese medicine, health determinants and healthcare delivery. Recommended Preparation: MEDS 500, MEDS 501, MEDS 515, MEDS 535. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 555 Clinical Medicine and Healthcare Access in Honduras
Units: 2 Terms Offered: SpSm A two-week intensive course abroad in Honduras that examines the capacity of local communities to address health needs and to address health priorities with innovation. Instruction Mode: Lecture Grading Option: Letter

MEDS 556 Innovating in Healthcare in Malaysia
Units: 2 Terms Offered: Sm Two-week study abroad course in Malaysia that examines the capacity of local communities to address health needs and to address health priorities with innovation. Instruction Mode: Lecture Grading Option: Letter

MEDS 557 Clinical Medicine and Healthcare Determinants in China
Units: 2 Terms Offered: SpSm A two-week intensive course abroad in Beijing, China, focused on understanding clinical realities of Chinese medicine, health determinants and healthcare delivery. Recommended Preparation: MEDS 500, MEDS 501, MEDS 515, MEDS 535. Registration Restriction: Open only to Global Medicine majors. Instruction Mode: Lecture Grading Option: Letter

MEDS 558 Clinical Medicine and Translational Research in Argentina
Units: 2 Terms Offered: SpSm A two-week intensive course abroad in Argentina that examines the public health and healthcare systems of Argentina and its neighbors. Recommended Preparation: MEDS 500

COURSES OF INSTRUCTION

995
and MEDS 501 and MEDS 515 and MEDS 553 Instruction Mode: Lecture Grading Option: Letter

MEDS 567 Global Nutrition
Units: 2 A systematic survey of basic and clinical nutrition that provides an overview of critical public health-nutrition issues in both the developing world and industrial society. **Recommended Preparation:** general chemistry, biological chemistry, and/or physiology Instruction Mode: Lecture Grading Option: Letter

MEDS 568 Global Issues: Aging
Units: 2 Terms Offered: FaSpSm Examination of medical issues in aging through a nation-specific survey of how various countries treat the elderly in health policy and healthcare. Instruction Mode: Lecture Grading Option: Letter

MEDS 569 Interdisciplinary Medical Literature Evaluation
Units: 2 Terms Offered: FaSpSm Focus on the importance of evidence-based practice in healthcare. Development of critical thinking and analysis of scientific literature to enable the identification and appropriate implementation of medical, cultural, and ethical interventions in healthcare, particularly through interdisciplinary collaboration. Instruction Mode: Lecture Grading Option: Letter

MEDS 570 Introduction to Narrative Medicine
Units: 2 Terms Offered: FaSpSm Introduction to the field of narrative medicine. Examination of theoretical and literary texts and the practice of narrative and reflective writing to enhance narrative competency and gain an understanding of the role of narrative in people's experiences with illness. Instruction Mode: Lecture Grading Option: Letter

MEDS 571 Primary, Emergency, and Cancer Care in Urban Tanzania
Units: 2 Terms Offered: FaSpSm Two-week study abroad course investigating the spectrum of healthcare, from basic primary care, through acute care, to specialty services, in urban Tanzania. Instruction Mode: Lecture Grading Option: Letter

MEDS 572 Medicine in Film, Television, and the Media
Units: 2 Terms Offered: Sm Introduction to the role that film, television, and the media play in shaping public perceptions of health, including strategies to reach populations with medical insight in non-traditional ways. Instruction Mode: Lecture Grading Option: Letter

MEDS 573 Global Health Entrepreneurship - Ideas into Innovations
Units: 2 Terms Offered: Sm Fundamentals of entrepreneurship applied to global health issues and programming including: idea conception, marketing, global health ethics, and other components related to business start-ups. Instruction Mode: Lecture Grading Option: Letter

MEDS 574 Rural Health in South Africa
Units: 2 Terms Offered: FaSpSm Two-week study abroad course exploring the complexities of the delivery of health care in rural South Africa. Instruction Mode: Lecture Grading Option: Letter

MEDS 580 Interprofessional Team Dynamics in Healthcare
Units: 4 Terms Offered: FaSpSm Examination of the composition and function of interprofessional healthcare teams. Exploration of roles of team members and group behaviors and common challenges, including medication management, inpatient/outpatient decision making, and care plan implementation. Instruction Mode: Lecture Grading Option: Letter

MEDS 581 Case Studies in Interprofessional Healthcare
Units: 4 Terms Offered: FaSpSm Survey of the specific roles each member of an interprofessional health team plays in the provision of care, based on their professional training. Application of diverse health professional expertise to case studies in healthcare. Instruction Mode: Lecture Grading Option: Letter

MEDS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 12.0 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 597a Health Technology Internship
Units: 1 Terms Offered: FaSpSm Internship course on the use of new technology based on sensors and wireless communications to the healthcare industry. Registration Restriction: Only open to M.S., Electrical Engineering (Wireless Health Technology) students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MEDS 597b Health Technology Internship
Units: 1 Terms Offered: FaSpSm Internship course on the use of new technology based on sensors and wireless communications to the healthcare industry. Continues material from GM 597a. Registration Restriction: Only open to M.S., Electrical Engineering (Wireless Health Technology) students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MEDS 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Lecture and discussion focused on specific topics within global medicine. Course topic will vary from semester to semester. Instruction Mode: Lecture Grading Option: Letter

**MICB 501 Introduction to Immunology**
Units: 1 Terms Offered: Irregular Basic introduction into molecular, cellular, and clinical immunology for second-year medical students and graduate students in Microbiology. Duplicates Credit in BISC 450. Instruction Mode: Lecture Grading Option: Letter

**MICB 502 Molecular and Cellular Immunology**
Units: 2 Max Units: 8.0 Terms Offered: Fa Specific topics to be scheduled on a yearly and rotating basis. **Prerequisite:** MICB 501. Instruction Mode: Lecture Grading Option: Letter

**MICB 503 Current Topics in Immunology**
Units: 1 Max Units: 8.0 Terms Offered: Irregular Discussion forum on the diverse areas of research which constitute modern immunology. **Prerequisite:** MICB 501. Instruction Mode: Lecture Grading Option: Letter

**MICB 504 Molecular Biology of Cancer**
Units: 4 Terms Offered: Sp (Enroll in INTD 504)

**MICB 522 Infection and Host Responses**
Units: 4 Terms Offered: Sp (Enroll in INTD 522)

**MICB 531 Cell Biology**
Units: 4 (Enroll in INTD 531)

**MICB 542 Animal Virology**
Units: 2 Max Units: 6.0 Terms Offered: Irregular Virus structure and chemistry; virus-cell interactions; aspects of virus genetics; molecular biology; pathogenesis, immunology, and evolution of viral infections. Instruction Mode: Lecture Grading Option: Letter

**MICB 549 Student Seminar Series**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Sm Molecular Biology students will present research seminars describing their thesis progress. Instruction Mode: Lecture Grading Option: Letter

**MICB 550 Microbial Pathogenesis**
Units: 2 Terms Offered: Irregular Critical discussion of recent developments in pathogenesis of select microbial, viral and parasitic agents with particular emphasis on molecular factors and their synergistic (antagonistic) actions. Instruction Mode: Lecture Grading Option: Letter

**MICB 551 Procaryotic Molecular Genetics**
Units: 4 Terms Offered: Sp Macromolecular processes and their regulation in procaryotes; DNA replication, transcription, and post-transcriptional events in general and as related to operons, phage biology, and eucaryotic organelles. Instruction Mode: Lecture Grading Option: Letter Crosslisted as BIOC-551

**MICB 560 Recent Advances in Microbiology**
Units: 1 Max Units: 6.0 Terms Offered: Irregular Intensive examination of selected topics in microbiology. Student presentations and critiques. Required for all graduate students. Instruction Mode: Lecture Grading
COURSES OF INSTRUCTION

MICB 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

MICB 570 Microbiology Research Seminar
Units: 1 Max Units: 10.0 Terms Offered: FaSpSm Critical discussion of current research topics. Students present published and unpublished research results for discussion and critique. Prerequisite: current enrollment in Microbiology PhD program. Instruction Mode: Lecture Grading Option: Letter

MICB 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

MICB 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

MICB 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

MICB 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MICB 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 594x Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MICB 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MICB 794z Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Marketing

MKT 385x Marketing of Creative Disruption and Innovation
Units: 4 Terms Offered: FaSpSm Learn to use fundamental principles of marketing, branding, and consumer behavior to successfully market disruptively innovative products including goods, services, and ideas. Duplicates Credit in BUAD 307. Prerequisite: BUAD 307 or MKT 385. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD-385

MKT 402 Research Skills for Marketing Insights
Units: 4 Terms Offered: FaSpSm Creating and interpreting qualitative and quantitative research to gain insight into marketplace challenges, such as testing advertising, identifying new product opportunities, and understanding customer decisions. Prerequisite: BUAD 307 or MKT 385. Recommended Preparation: BUAD 310 or COMM 301 or PSYC 274 or MATH 116. Duplicates Credit in the former MKT 470. Instruction Mode: Lecture Grading Option: Letter

MKT 405 Advertising and Promotion Management
Units: 4 Terms Offered: FaSpSm Credit on advertising in the marketing mix: determining objectives, strategies, and plans from situation analysis through research and creative processes, media selection, and sales promotion. Prerequisite: BUAD 307 or COMM 200 or COMM 302 or MKT 385x or PR 340. Instruction Mode: Lecture Grading Option: Letter

MKT 406 Practicum in Advertising and Promotion Design
Units: 4.0 Terms Offered: Sp Provides real-life marketing experience as a member of a student managed marketing/advertising/promotions agency. Work with a client organization on the design of an advertising/promotions campaign. Requires market research, creative design, implementation planning, and client presentation. Prerequisite: MKT 405. Instruction Mode: Lecture Grading Option: Letter

MKT 440 Marketing Analysis and Strategy
Units: 4 Terms Offered: FaSpSm Credit on synthesis of concepts and applications relating to the analysis of market opportunities and the development of product, promotion, distribution, pricing strategies. Recommended during student's final semesters. Prerequisite: BUAD 307 or MKT 385. Instruction Mode: Lecture Grading Option: Letter

MKT 445 New Product Development and Branding
Units: 4 Terms Offered: FaSpSm This class examines how new product ideas are developed, tested, marketed, and, ultimately, brought to the marketplace. Issues about why new products fail and how brands are managed in the marketplace are discussed. Legal aspects of brand management such as trademark protection and infringement are also addressed. Prerequisite: BUAD 307 or MKT 385. Instruction Mode: Lecture Grading Option: Letter

MKT 446L Practicum in New Product Development
Units: 4 Terms Offered: Sp Provides experience in a student managed product team. Work with R&D organization to design a new product or technology. Involves market research and implementation planning. Prerequisite: MKT 445. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

MKT 450 Consumer Behavior and Marketing
Units: 4 Terms Offered: FaSpSm Examines the relationship of consumer behavior to acquisition, usage, and disposition of products and the psychological, social and cultural influences that affect these decisions. Instruction Mode: Lecture Grading Option: Letter

MKT 450x Marketing in a Digital World
Units: 4 Terms Offered: FaSpSm An introduction to the changing world of a connected consumer. Understanding consumer online, social media and mobile behavior using marketing analytics and strategic tools. Prerequisite: BUAD 307 or MKT 385. Registration Restriction: Open only to sophomore, junior and senior students. Instruction Mode: Lecture Grading Option: Letter

MKT 450 Retail Management
Units: 4 Terms Offered: FaSpSm Open only to sophomore, junior and senior students. Instruction Mode: Lecture Grading Option: Letter

MKT 454 Retail Management
Units: 4 Terms Offered: FaSpSm Credit on the functions of retail management including location, buying, merchandise management, layout, pricing, and promotion; application of concepts to various retail institutions. Instruction Mode: Lecture Grading Option: Letter
MKT 463 Pricing Strategies
Units: 4 Examination of role of pricing decisions; innovative pricing theories; Internet and technology impact on pricing, price negotiations, customized pricing, price image and reference prices. Prerequisite: BUAD 307 or MKT 385. Instruction Mode: Lecture Grading Option: Letter

MKT 465 Global Marketing Management
Units: 4 Terms Offered: FaSp Product and service mix in multinational business; promotional alternatives; channel of distribution systems; pricing policies and legal barriers; multinational marketing opportunities; problems and information sources. Instruction Mode: Lecture Grading Option: Letter

MKT 499 Special Topics
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Current developments in the field of Marketing; topics to be selected each semester. Prerequisite: BUAD 307 or MKT 385. Instruction Mode: Lecture Grading Option: Letter

MKT 512 Customer Insights and Analysis
Units: 3 Terms Offered: FaSp Use of marketing research techniques and technologies such as databases and statistical tools to collect, analyze and act upon customer information. Prerequisite: GSBA 509 or the former GSBA 509a or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 525 Consumer Behavior
Units: 3 Terms Offered: FaSpSm Theories and applications of consumer behavior in marketing; psychological, social, cultural and ethnic factors influencing consumer behavior. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 526 Advertising and Social Media Strategy
Units: 3 Terms Offered: FaSp Help students understand advertising and social media; critique, develop, and test creative ads; place ads in media; and design, budget, and evaluate profitability of strategies. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 528 Sales Management: The Art and Science of Sales
Units: 3 Terms Offered: FaSp Emphasis on creating a sales strategy, planning and delivery of sales presentations, and techniques to persuade people to change their opinions in face-to-face meetings. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 530 New Product Development
Units: 3 Terms Offered: FaSpSm Systematic approach to product development and management; processes, techniques, and concepts firms use to develop, test, and introduce products and to manage products over their lifecycle. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 531 Services Marketing Strategy
Units: 3 Analysis and development of sound marketing strategies and an integrated service management plan for service organizations. Examination of best practices among leading service providers. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 533 Branding Strategy
Units: 1.5, 3 Terms Offered: FaSpSm Comprehensive treatment of the behavioral foundations of brands and brand development. Exploration of alternative branding strategies and marketing tools for brand development. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 534 Retail Strategy
Units: 3 Terms Offered: FaSp Frameworks for analysis of retail strategy and functions of a retail firm, including buying, merchandise management, pricing, promotion, and visual merchandising; application of concepts through case studies and student projects. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 535 Business-to-Business Marketing Management
Units: 1.5, 3 Terms Offered: FaSp Business-to-business marketing strategies (as opposed to consumer targeted marketing) including product management, pricing, market sizing, and other issues of importance for professional marketers. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 536 Pricing Strategies
Units: 3 Terms Offered: FaSp The complexity of pricing is increasing due to globalization and the Internet. This course will develop a framework for developing strategic pricing decisions. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 543 Market Demand and Sales Forecasting
Units: 3 Terms Offered: FaSp New product concept testing and life cycle forecasting, pricing and advertising response forecasting, consumer purchase intentions, judgmental marketing decision models, time series and regression analysis, computer methods. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 555 Marketing Channels
Units: 1.5, 3 Terms Offered: Sp Examination of strategic decision making in marketing channels. Intensity of distribution, vertical integration, how roles are formulated, types of intermediaries, and multiple channels of distribution. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 556 Internet Marketing
Units: 3 Terms Offered: FaSp All aspects of Internet marketing. Internet as a tool for marketing communication, sales and distribution, customer management. Role of paid advertising, search engines, Website design. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 560 Marketing Strategy
Units: 3 Terms Offered: FaSpSm Design and implementation of marketing strategies applied to domestic and global business challenges that span multiple industries complimented by a consumer packaged goods marketing strategic plan project. Prerequisite: GSBA 509 or GSBA 528 and the former GSBA 509a Instruction Mode: Lecture Grading Option: Letter

MKT 565 Global Marketing
Units: 3 Terms Offered: FaSp Variations in markets and trade patterns around the globe; product development and adaptation, pricing, promotion, and distribution issues across national cultures and international markets. Prerequisite: GSBA 509 or GSBA 529 Instruction Mode: Lecture Grading Option: Letter

MKT 566 Marketing Analytics
Units: 3 Terms Offered: FaSp Applications and models of marketing-related data analyses to the development of data-driven marketing strategies and making data-driven marketing decisions. Registration Restriction: Online registration open only to graduate accounting and business students. Duplicates Credit in former DSO 566 Instruction Mode: Lecture Grading Option: Letter Crosslisted as DSO 566

MKT 580 Fostering Creativity
Units: 1.5, 3 Terms Offered: Sp An exploration of skills and practices (e.g., getting out of one's comfort zone, discovering one's inner-critic) necessary to develop and cultivate one's personal creativity. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MKT 585 Marketing Radical Innovation
Units: 3 Terms Offered: FaSp Study and application of new technology to create new business models, products, and services in world economies. Group projects focused on practical applications of concepts. Prerequisite: GSBA 509 or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 586 Fashion, Luxury and Lifestyle Marketing
Units: 3.0 Terms Offered: FaSp Examination of marketing issues and challenges within a variety of business settings in the fashion, luxury goods and lifestyle sectors in the global marketplace. Prerequisite: GSBA 509 or GSBA 528 or the former GSBA 509a Registration Restriction: Open only to graduate students Instruction Mode: Lecture Grading Option: Letter

MKT 589 CMO on Shareholder Value
Units: 1.5 Terms Offered: FaSp Provide an understanding of the role of the Chief Marketing Officer (CMO) in a variety of industries and how he or she influences shareholder value. Prerequisite: GSBA 509 or GSBA 509a or GSBA 528 Instruction Mode: Lecture Grading Option: Letter

MKT 590 Directed Research
MKT 592 Field Research in Marketing
Units: 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4
Max Units: 12
Terms Offered: FaSpSm
Prerequisite: former GSBA 509a or GSBA 520 or GSBA 598 Special Topics
Instructor: Duplicates Credit in former GSBA 509 or former GSBA 513.
Instructor: Lecture
Mode: Lecture
Grading Option: Credit/No Credit

MKT 599 Special Topics
Units: 1, 1.5, 2, 3
Max Units: 9
Terms Offered: FaSpSm
Examination of current literature and emerging and timely topics in marketing, social marketing, consumerism, macro-marketing, marketing of individuals, organizations, and ideas. Prerequisite: GSBA 509 or GSBA 528
Instructor: Lecture
Grading Option: Letter

MKT 613 Marketing Models in Consumer and Business-to-Business Markets
Units: 3
Terms Offered: Fa
Modeling research on marketing with a focus on channel structure, franchising and sales force compensation, innovation and diffusion, inter-store composition, sales promotions, and market segmentation. Duplicates Credit in former MKT 605 and former MKT 615.
Instructor: Lecture
Grading Option: Letter

MKT 614 Advanced Research Methods in Marketing
Units: 3
Terms Offered: Sp
Applications of advanced research techniques and designs to marketing problems; review and critique of current literature; development and defense of student's own research proposal. Duplicates Credit in former MKT 661.
Instructor: Lecture
Grading Option: Letter

MKT 615 Strategic and Marketing Mix Models
Units: 3
Terms Offered: Fa
Modeling research on marketing with a focus on discrete choice models, consideration set models, purchase timing models, accounting for consumer heterogeneity, Bayesian models, dynamic models of consumer choice, market entry effects, product quality, advertising and carry over effects, price, and promotion. Duplicates Credit in former MKT 605 and former MKT 613b.
Instructor: Lecture
Grading Option: Letter

MKT 616 Consumer Behavior Theory and Research
Units: 3
Terms Offered: Fa
Behavioral research and theory on consumer behavior with a focus on emotions, categorization, knowledge, influences, attitudes, social influences and environmental influences on buying and consumption. Duplicates Credit in former MKT 602 and former MKT 612a.
Instructor: Lecture
Grading Option: Letter

MKT 618 Consumer Behavior and Decision Making
Units: 3
A foundation in judgment, decision-making, and choice aspects of consumer behavior and business. Topics include heuristics and biases, information acquisition, time perception, and inter-temporal choice.
Instructor: Lecture
Grading Option: Letter

MKT 620 Advanced Quantitative Models in Marketing
Units: 3
Terms Offered: Fa
Techniques for building and analyzing advanced quantitative analytical models. Develop and estimate various state-of-the-art models of consumer choice and firm decisions. Registration Restriction: Open only to Doctoral students.
Instructor: Lecture
Grading Option: Letter

MKT 621 Research Forum
Units: 1
Terms Offered: FaSpSm
Review and discuss current research in Marketing. Presentations by faculty, visiting researchers, and advanced students.
Instructor: Lecture
Grading Option: Letter

Management and Organization
MOR 252 The Art of Case Analysis and Presentation
Units: 2
Terms Offered: FaSpSm
Examination of current literature and emerging and timely topics, literature and research techniques in contemporary marketing. Registration Restriction: Open only to doctoral students.
Instructor: Lecture
Grading Option: Letter

MOR 331 Business Influence and Collaboration
Units: 2
Terms Offered: FaSpSm
Issues involved in establishing working relationships, directing the work of others, delegating, enrolling others in one's vision and direction. Collaborative and team behavior. Conflict management. Duplicates Credit in MOR 431.
Instructor: Letter
Crosslisted as ACAD-331

MOR 385gm Business, Government and Society
Units: 4
Terms Offered: FaSpSm
The free-enterprise system examined from the perspective of modern corporations and their critics; business ethics in relation to personal/external values. Prerequisite: BUAD 304.
Instructor: Lecture
Grading Option: Letter

MOR 421 Social and Ethical Issues in Business
Units: 4
Terms Offered: Sp
The free-enterprise system examined from the perspective of modern corporations and their critics; business ethics in relation to personal/external values. Prerequisite: BUAD 304.
Instructor: Lecture
Grading Option: Letter

MOR 431 Interpersonal Competence and Development
Units: 4
Terms Offered: FaSpSm
An exploration of the nature of relationships at work; focus on analytical skills and self-assertion necessary to have effective, rewarding relationships. Duplicates Credit in MOR 331.
Instructor: Lecture
Grading Option: Letter

MOR 451 Mastering Decision Making
Units: 4
Terms Offered: FaSpSm
Understand the nature, causes, and consequences of deviations from rational choice. Develop frameworks for controlling biases, improving your decision-making, and influencing other people's decisions. Instructor: Lecture
Grading Option: Letter
MOR 461 Design of Effective Organizations
Units: 4 Terms Offered: Fa Designing management systems and practices that lead to organizational excellence; techniques for organizational change. Instruction Mode: Lecture Grading Option: Letter

MOR 462 Management Consulting
Units: 4 Terms Offered: FaSp Role of professional consultants; data gathering methods; consulting approaches from strategy, finance, operations, information systems, marketing, and human resources; action planning; ethical and career issues. Recommended Preparation: BUAD 304. Instruction Mode: Lecture Grading Option: Letter

MOR 463 Organization Change and Development
Units: 4 Terms Offered: Sp Focuses on how businesses both contribute to and can help address environmental sustainability challenges and the role of the broader political-economic in shaping that interaction. Recommended Preparation: University-level course in economics. Duplicates Credit in former ENST 450. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENST-466

MOR 465 Dynamic Strategies for the Business Lifecycle
Units: 4 Terms Offered: Sp Theories and methods for analyzing and developing strategy. Fundamental tools for strategic planning. Advanced methods for analyzing industries and competitors, and determining the scope of the firm. Instruction Mode: Lecture Grading Option: Letter

MOR 466 Business and Environmental Sustainability
Units: 4 Terms Offered: Sp Focuses on how businesses both contribute to and can help address environmental sustainability challenges and the role of the broader political-economic in shaping that interaction. Recommended Preparation: University-level course in economics. Duplicates Credit in former ENST 450. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENST-466

MOR 467 Strategic Management of Innovation
Units: 4 Terms Offered: Sp How firms in different industries manage strategic innovation for competitive advantage: Analysis of industry dynamics. Crafting and implementing innovation strategy. Registration Restriction: Open only sophomores, juniors and seniors. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ACAD 467

MOR 468 Cross-Cultural Negotiations: Communication and Strategy
Units: 4 (Enroll in COMM 468)

MOR 469 Negotiation and Persuasion
Units: 4 Terms Offered: FaSp Theories, strategies, and ethics underlying negotiation and persuasion in contemporary organizations and societies. Emphasizes the knowledge and skills needed for effective negotiation and persuasion. Instruction Mode: Lecture Grading Option: Letter

MOR 470 Global Leadership
Units: 4 Terms Offered: Fa Major theories and practices of leading people in multinational firms. Skills for facilitating cooperation, communication, and motivation among people from different cultures. Recommended Preparation: BUAD 304. Instruction Mode: Lecture Grading Option: Letter

MOR 471 Managing and Developing People

MOR 472 Power, Politics and Influence
Units: 4 Terms Offered: FaSp Theories and practices about how power, politics and influence affect organizational life. Knowledge and skills for diagnosing and managing these features of an organization. Instruction Mode: Lecture Grading Option: Letter

MOR 473 Designing and Leading Teams
Units: 4 Terms Offered: Sp Theories and practices for developing and leading teams. Skills for creating team structures and facilitating team processes. Knowledge for diagnosing team problems and devising solutions. Recommended Preparation: BUAD 304. Instruction Mode: Lecture Grading Option: Letter

MOR 476a The Art of Ethical Leadership
Units: 1 Terms Offered: Fa Development of leadership and ethical reasoning skills critical to addressing pressing global challenges. a: Introduction to Leadership; b: Leadership in the Social Sector; c: Leadership in Politics and Public Service; d: Leadership of Organizations. Registration Restriction: Open only to students in the USC Warren Bennis Scholars Program Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 476b The Art of Ethical Leadership
Units: 1 Terms Offered: Fa Development of leadership and ethical reasoning skills critical to addressing pressing global challenges. a: Introduction to Leadership; b: Leadership in the Social Sector; c: Leadership in Politics and Public Service; d: Leadership of Organizations. Prerequisite: MOR 476a Registration Restriction: Open only to students in the USC Warren Bennis Scholars Program Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 476c The Art of Ethical Leadership
Units: 1 Terms Offered: Fa Development of leadership and ethical reasoning skills critical to addressing pressing global challenges. a: Introduction to Leadership; b: Leadership in the Social Sector; c: Leadership in Politics and Public Service; d: Leadership of Organizations. Prerequisite: MOR 476b Registration Restriction: Open only to students in the USC Warren Bennis Scholars Program Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 477 The Business of Sports
Units: 4 Terms Offered: Sp Addresses the business side of the sports industry; examines professional sports franchises, amateur athletics, and collegiate sports and how they relate to corporate America, the media, and the public sector. Recommended Preparation: BUAD 304. Instruction Mode: Lecture Grading Option: Letter

MOR 492 Global Strategy
Units: 4 Terms Offered: FaSp Examination of corporate strategy practices in an international context. Effects of cultures, political systems, markets, and economic systems on developing effective global strategies. Instruction Mode: Lecture Grading Option: Letter

MOR 495 International Management and Internship
Units: 2, 3, 4 International internship. Develop general/cross-cultural knowledge and management skills, gain an understanding of cross-cultural issues, and develop insights working in international businesses. Recommended Preparation: BUAD 304. Instruction Mode: Lecture Grading Option: Letter

MOR 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics reflecting current trends and recent developments in organizational behavior, business strategy and organizational theory. Instruction Mode: Lecture Grading Option: Letter

MOR 542 Strategic Issues for Global Business
Units: 3 Terms Offered: Fa Globalization strategies from entry to maturity; alternative approaches from going alone to alliances; strategy implementation issues in different cultures and political systems. Cases, videos and speakers. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

MOR 543 Leading with Mindfulness and Compassion
Units: 1.5 Terms Offered: Fa Explores mindfulness (non-judgmental awareness), compassion and their relationship to leadership. Focus is on clarity in productivity using evidence-based cases and direct practice. Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 545 Corporate Governance and Board Leadership
Units: 1.5, 3 Terms Offered: Fa Corporate Governance is the system by which corporations are directed and controlled. Includes rights and responsibilities of stakeholders; rules and procedures for decision-making. Registration Restriction:
Online registration open to only graduate accounting and business students. Instruction Mode: Lecture Grading Option: Letter

MOR 548 Competitive Advantage Through People
Units: 3 Terms Offered: Sp How firms develop employee talent as a source of competitive advantage. Strategic implications of contemporary practices in recruitment, work systems, training, compensation, and employee relations. Speakers and cases. Registration Restriction: Online registration open to only graduate business and accounting students. Instruction Mode: Lecture Grading Option: Letter

MOR 551 Human Capital Performance and Motivation
Units: 3 Terms Offered: Sp Frameworks for enhancing human capital performance motivation at work, including pay/incentive systems, job design, employee involvement, leadership behavior and self-managed teams. Cases, project and speakers. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 554 Leading Innovation and Change
Units: 3 Terms Offered: FaSmn Practical knowledge on helping organizations develop innovations and lead change to leverage them. Exploration of innovation and change in different organizations and competitive environments. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 555 Designing High Performance Organizations
Units: 3 Terms Offered: Sp Theory and practice of organization design. How to maximize organization performance by aligning structure, rewards, staffing, processes, and culture with strategy and environment. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 557 Strategy and Organization Consulting
Units: 3 Terms Offered: FaSp How consultants assist clients to formulate strategic plans and realign organizations; approaches used by major consulting firms; information about consulting industry, fee-setting and proposals. Consultant speakers and project. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 559 Strategic Renewal and Transformation
Units: 3 Terms Offered: Fa Dynamic strategic planning; how businesses re-invent themselves; why change is difficult; politics of change process; leadership steps for implementing successful strategic changes. Cases and readings. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 560 Managerial Judgment and Decision-Making
Units: 3 Terms Offered: Sm Development of skills and insight into making effective strategic, financial, and management decisions including awareness of hazards of decisions, issues of rationality, and risk taking. Registration Restriction: Online registration open to only graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 561 Strategies in High-Tech Businesses
Units: 3 Terms Offered: Fa How high-tech companies achieve competitive advantage through leveraging technical, management and financial resources. Technology trends and industry evolution. Focus on electronics and bio-technology. Cases and speakers. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 562 Strategic Choice and Valuation Analysis
Units: 3 Terms Offered: Fa Advanced strategic planning using tools of scenario development and input valuation for assessing market entry, expansion and business portfolio configuration. Exercises, cases and project. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 564 Strategic Innovation: Creating New Markets
Units: 3 Terms Offered: Sp How firms in rapidly changing global environments innovate to develop new markets, products and services, delivery systems and organizational processes and competencies. Registration Restriction: Online registration open only to specified Marshall graduate majors Instruction Mode: Lecture Grading Option: Letter

MOR 565 Alliances and Cooperative Strategy
Units: 3 Terms Offered: Fa Essential issues and problems of cooperative strategy. Recognize and evaluate collaborative opportunities to develop and assess an overall cooperative strategy. Readings, cases and group project. Registration Restriction: Online registration open only to graduate business and accounting students Instruction Mode: Lecture Grading Option: Letter

MOR 566 Environmental Sustainability and Competitive Advantage
Units: 1.5, 3 Terms Offered: Sp How business is changing in order to respond to environmental sustainability challenges — adapting strategy, product design, operations, marketing, and accounting. Cases and speakers. Registration Restriction: Online registration open to only graduate accounting and business students. Instruction Mode: Lecture Grading Option: Letter

MOR 567 Interpersonal Influence and Power
Units: 3 Terms Offered: Fa Legitimate and effective use of power to resolve conflicts and mobilize action through understanding
MOR 579 The Business of Sports Entertainment
Units: 3 Terms Offered: FaSp Business practices and issues in different sports markets including growth opportunities and innovative marketing strategies for attracting and retaining fans and corporate sponsors. Industry speakers. Registration Restriction: Online registration open only to graduate accounting and business students Instruction Mode: Lecture Grading Option: Letter

MOR 588 Corporate Strategy and Competitive Dynamics
Units: 1.5, 3 Terms Offered: Sp Central challenges facing executives in multi-business firms; toolkit for analyzing and executing strategic and operational aspects of corporate advantage, M&As and competitive dynamics. Registration Restriction: Online registration open only to graduate accounting and business students Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSp Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 592 Field Research in Management and Organization
Units: 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4, 5 Max Units: 12.0 Terms Offered: FaSpSm Research leading beyond normal course offerings. Proposal, data collection, analyses, and written report. Recommended Preparation: completion of required MBA, MAcc, or MBT course work. Registration Restriction: Open only to master and doctoral students Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 593 Independent Research in Management and Organization
Units: 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4 Max Units: 12.0 Terms Offered: FaSpSm Independent research beyond normal course offerings. Proposal, research and written report/paper required. Registration Restriction: Open only to master students Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 595 Internship in Management and Organization
Units: 0.5, 1, 1.5, 2 Max Units: 09 Terms Offered: FaSpSm Supervised on-the-job business experience in the student's area of interest. (Curricular Practical Training.) Recommended Preparation: completion of required MBA, MAcc, or MBT course work Registration Restriction: Open only to master students in Accounting and Business Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 596 Research Practicum in Management and Organization
Units: 0.5, 1, 1.5, 2 Max Units: 8.0 Terms Offered: FaSpSm Hands-on practical experience working with a Marshall faculty member in the Management and Organization Department on an ongoing research project. Registration Restriction: Open only to master and doctoral students Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 597 Consulting Project in Management and Organization
Units: 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5 Max Units: 12.0 Terms Offered: FaSpSm Individual or team project solving real business problems for an existing business entity, domestic and/or international. Proposal, field research, analyses and oral and written presentations. Registration Restriction: Open only to master and doctoral students Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 598 Special Topics
Units: 1, 1.5, 2, 3 Max Units: 09 Terms Offered: FaSpSm Selected topics reflecting current trends and recent developments in management and policy sciences. Registration Restriction: Online registration open only to graduate accounting and business students Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 599 Special Topics
Units: 1, 1.5, 2, 3 Max Units: 09 Terms Offered: FaSpSm Selected topics reflecting current trends and recent developments in management and policy sciences. Registration Restriction: Online registration open only to graduate accounting and business students Instruction Mode: Lecture Grading Option: Letter

MOR 601 Seminar in Organizational Behavior
Units: 3 Terms Offered: Fa In-depth review of the theories and empirical research in the discipline of organizational behavior. Topics include: personality, motivation, job design, leadership, and others. Instruction Mode: Lecture Grading Option: Letter

MOR 602 Seminar in Organization Theory
Units: 3 Terms Offered: Fa Survey of organization theory with focus on the history and development of research on organizations. Registration Restriction: Open only to Business Administration and Public Policy and Management doctoral students. Instruction Mode: Lecture Grading Option: Letter

MOR 603 Seminar in Strategic Management
Units: 3 Terms Offered: Sp Survey of strategic management. Topics include historical overview of strategic management, research methods used, current theory, and empirical research on the developing of paradigms. Registration Restriction: Open only to Business Administration doctoral students. Instruction Mode: Lecture Grading Option: Letter

MOR 604 Research Methods in Strategy and Organization
Units: 3 Terms Offered: Irregular Survey of research methods with focus on designing and implementing empirical research projects and critical issues faced by researchers. Instruction Mode: Lecture Grading Option: Letter

MOR 605 Research Methods in Organizational Behavior
Units: 3 Terms Offered: Irregular Design and analysis of behavioral research; methods may include experiments, survey research, qualitative research, statistical analysis, special topics. Emphasis on rigor, validity and statistical power. Instruction Mode: Lecture Grading Option: Letter

MOR 621 Research Forum
Units: 1 Max Units: 4.0 Terms Offered: FaSp Seminar. Review and discuss current research in Organizational Theory, Organizational Behavior and Strategy. Presentations by faculty, visiting researchers, and advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

MOR 699 Special Topics
Units: 1.0, 1.5, 2.0, 3.0 Max Units: 08 Terms Offered: FaSpSm Exploration of emerging topics, literature and research techniques in contemporary management, strategy, organizational behavior, organization design, and leadership. Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

MOR 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Registration Restriction: Open only to Marshall Ph.D. students specializing in Management and Organization. Instruction Mode: Lecture Grading Option: Credit/No Credit

Performance (Early Music)

MPEM 201 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instrument for lower division students. Instruction Mode: Lecture Grading Option: Letter

MPEM 390 Special Problems
Units: 1, 2, 3 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPEM 450 Collegium Workshop
Units: 1 Max Units: 8.0 Terms Offered: FaSp Study and rehearsal of music of the Middle Ages, Renaissance, and Baroque; technique, interpretation, improvisation, and ornamentation. Instruction Mode: Lecture Grading Option: Letter

MPEM 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MPEM 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPEM 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPEM 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered:
Introduction to the performance technique

MPGU 120b Beginning Pop/Rock Guitar
Instruction Mode: Lecture
Grading Option: Letter
Units: 2 Max Units: 4.0 Terms Offered: FaSp Melodic and chordal topics applied to the total fingerboard; successful completion required for junior standing. Prerequisite: MPGU 159. Instruction Mode: Lecture
Grading Option: Letter

MPGU 259 Functional Skills for Classical Guitarists I
Units: 2 Terms Offered: FaSp Fundamentals of music theory experienced through the medium of the classical guitar. Topics include analysis of important guitar works, basso continuo realization, arranging, and improvisation. Recommended Preparation: MU CO 252a. Instruction Mode: Lecture
Grading Option: Letter

MPGU 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpIntermediate and advanced instruction designed for non-music majors. Not available for credit to music majors. Recommended Preparation: MPGU 101. Duplicates Credit in former MPGU 201 and MPGU 401. Instruction Mode: Lecture
Grading Option: Letter

MPGU 335 Jazz Guitar Master Class
Units: 1 Terms Offered: FaSpExplore the music of Joe Diorio, Wes Montgomery, and John Coltrane in a master class setting. Instruction Mode: Lecture
Grading Option: Letter

MPGU 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpDesign instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Registration Restriction: Open only to music majors and minors. Duplicates Credit in former MPGU 201 and MPGU 401. Instruction Mode: Lecture
Grading Option: Letter

MPGU 357 Advanced Classical Guitar Techniques
Units: 2 Terms Offered: Sp An in-depth exploration of the most advanced facets of classical guitar technique. Recommended Preparation: MPGU 257. Instruction Mode: Lecture
Grading Option: Letter

MPGU 358 Performance Practices for Studio Guitarists
Units: 2 Max Units: 4.0 Rehearsal procedures; stage deportment; interpretation of solo and ensemble literature; preparation for recitals and professional performance. Prerequisite: MPGU 258. Instruction Mode: Lecture
Grading Option: Letter

MPGU 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more preparation. Required of first and second year Classical Guitar majors each semester in residence. Instruction Mode: Lecture
Grading Option: Letter

MPGU 258 Functional Skills for Studio Guitarists I
Units: 2 Max Units: 4.0 Terms Offered: FaSp Fundamentals of music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 120c Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSn Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 120d Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSn Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 121 Intensive Beginning Pop/Rock Guitar
Units: 4 Terms Offered: FaSp Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 122 Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSn Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 125 Beginning Fingerstyle/Chord Guitar
Units: 2 Terms Offered: FaSp Basic fingerstyle guitar, learned through the study of such pieces as "Greensleeves," "Malaguena," and "Minuet" (Bach); song accompaniment patterns and music notation for the beginner. Instruction Mode: Lecture
Grading Option: Letter

MPGU 126 Easy Fingerstyle Beatles
Units: 2 Terms Offered: FaSp Techniques of classical guitar applied to the study of five to eight Beatles songs, from "Hey Jude" to "Blackbird." No guitar or music background required. Instruction Mode: Lecture
Grading Option: Letter

MPGU 153 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSn Instruction Mode: Lecture
Grading Option: Letter

MPGU 158 Guitarists in the U.S.
Units: 2 Study of the lives and music of influential guitarists; analysis of musical and technical details. Instruction Mode: Lecture
Grading Option: Letter

MPGU 162 Jazz Guitar Master Class
Units: 1 Terms Offered: FaSpExplore the music of Joe Diorio, Wes Montgomery, and John Coltrane in a master class setting. Instruction Mode: Lecture
Grading Option: Letter

MPGU 254 Beginning Pop/Rock Guitar
Units: 2 Terms Offered: FaSpSn Introduction to the performance technique of pop/rock guitar as well as music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 255 Classical Guitar Performance Class
Units: 2 Max Units: 8.0 Terms Offered: FaSp Technical problems; solo and ensemble literature; interpretation; professional

MPGU 259 Functional Skills for Classical Guitarists I
Units: 2 Terms Offered: FaSp Fundamentals of music theory fundamentals, exploring repertoire by artists such as The Beatles and Dave Matthews. Instruction Mode: Lecture
Grading Option: Letter

MPGU 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSn Intermediate and advanced instruction designed for non-music majors. Not available for credit to music majors. Recommended Preparation: MPGU 101. Duplicates Credit in former MPGU 201 and MPGU 401. Instruction Mode: Lecture
Grading Option: Letter

MPGU 335 Jazz Guitar Master Class
Units: 1 Terms Offered: FaSpExplore the music of Joe Diorio, Wes Montgomery, and John Coltrane in a master class setting. Instruction Mode: Lecture
Grading Option: Letter

MPGU 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSn Instruction Mode: Lecture
Grading Option: Letter

MPGU 357 Advanced Classical Guitar Techniques
Units: 2 Terms Offered: Sp An in-depth exploration of the most advanced facets of classical guitar technique. Recommended Preparation: MPGU 257. Instruction Mode: Lecture
Grading Option: Letter

MPGU 358 Performance Practices for Studio Guitarists
Units: 2 Max Units: 4.0 Rehearsal procedures; stage deportment; interpretation of solo and ensemble literature; preparation for recitals and professional performance. Prerequisite: MPGU 258. Instruction Mode: Lecture
Grading Option: Letter

MPGU 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more
than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture
Grading Option: Letter

MPGU 415 Studio Guitar Pedagogy
Units: 2 Teaching techniques and literature; function of the hands; acoustical properties of instruments. Instruction Mode: Lecture
Grading Option: Letter

MPGU 416 Evolution of the Guitar in the United States
Units: 3 Historical survey of styles, literature and performance practice; emphasis on playing technique and interpretation. A timeline study relating to popular music and historical events. Duplicates Credit in former MUHL 416. Instruction Mode: Lecture Grading Option: Letter

MPGU 417 Classical Guitar Pedagogy
Units: 2 Teaching techniques and literature; function of the hands; acoustical properties of instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 426 Classical Guitar History and Literature
Units: 3 Terms Offered: Fa A survey of music for the guitar, lute and vihuela from 1500 to the present. Recommended Preparation: MUHL 332. Duplicates Credit in former MPGU 426a and former MUHL 426a. Instruction Mode: Lecture Grading Option: Letter

MPGU 427 Advanced Topics in Classical Guitar History and Literature
Units: 3 Terms Offered: Sp An in-depth study of major works for lute, vihuela and classical guitar, with emphasis on early music and the music of the 20th century. Recommended Preparation: MPGU 426. Duplicates Credit in former MPGU 426b and former MUHL 426b. Instruction Mode: Lecture Grading Option: Letter

MPGU 428a Improvisation and Arranging for Guitarists
Units: 3 Principles of improvisation and impromptu arranging; comparison and application of techniques and musical styles of the various kinds of guitars and related fretted instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 428b Improvisation and Arranging for Guitarists
Units: 3 Principles of improvisation and impromptu arranging; comparison and application of techniques and musical styles of the various kinds of guitars and related fretted instruments. Instruction Mode: Lecture Grading Option: Letter

MPGU 453 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPGU 457 Classical Guitar Performance Class
Units: 2 Max Units: 8.0 Terms Offered: FaSp Technical problems; solo and ensemble literature. Required of all third and fourth year classical guitar majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MPGU 458 Current Electric Guitar Styles
Units: 2 Analysis and performance of music and techniques currently in use in the recording, TV and motion picture studios; includes study of recordings, videos and guitar equipment. Instruction Mode: Lecture Grading Option: Letter

MPGU 459 Functional Skills for Classical Guitarists II
Units: 2 Terms Offered: Sp Advanced theory and composition on the guitar. Weekly analysis exercises, arranging projects and studies in improvisation and ornamentation are directed toward creating an original solo or chamber work for guitar. Recommended Preparation: MUCO 232b, MUCO 233b. Instruction Mode: Lecture Grading Option: Letter

MPGU 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MPGU 499 Special Topics
Units: 2, 3, 4 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPGU 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPGU 553 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: Individual instruction and related lab participation for graduate students. Instruction Mode: Lecture Grading Option: Letter

MPGU 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MPGU 555 Advanced Classical Guitar Performance Class
Units: 2 Max Units: 8.0 Study of advanced classical guitar solo and ensemble literature; interpretation; professional preparation and other topics appropriate for group study. Prerequisite: bachelor's degree with music major; principal instrument, classical guitar. Instruction Mode: Lecture Grading Option: Letter

MPGU 556 Advanced Studio Guitar Performance Class
Units: 2 Max Units: 8.0 Study of advanced studio guitar and ensemble literature; interpretation; professional preparation and other topics appropriate for group study. Prerequisite: bachelor's degree with music major; principal instrument, studio guitar. Instruction Mode: Lecture Grading Option: Letter

MPGU 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Medical Physiology

MPHY 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

MPHY 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

MPHY 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Registration Restriction: Open only to master students. Duplicates Credit in former PHBI 590. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPHY 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Duplicates Credit in former PHBI 594a. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPHY 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Duplicates Credit in former PHBI 594a. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Performance (Keyboard Studies)

MPKS 150a Beginning Piano
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicianship. Instruction Mode: Lecture Grading Option: Letter

MPKS 150b Beginning Piano
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic
musicanship. Instruction Mode: Lecture Grading Option: Letter

**MPKS 150c Beginning Piano**
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicanship. Instruction Mode: Lecture Grading Option: Letter

**MPKS 150d Beginning Piano**
Units: 2 Terms Offered: FaSp Techniques of performance, note reading, and basic musicanship. Instruction Mode: Lecture Grading Option: Letter

**MPKS 153 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

**MPKS 160a Functional Skills for Keyboard Majors I**
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to intermediate literature; c-elef and open score reading; improvisation and functional harmony. Introduction to standard reference works, periodicals. Required of all keyboard majors. Instruction Mode: Lecture Grading Option: Letter

**MPKS 160b Functional Skills for Keyboard Majors I**
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to intermediate literature; c-elef and open score reading; improvisation and functional harmony. Introduction to standard reference works, periodicals. Required of all keyboard majors. Instruction Mode: Lecture Grading Option: Letter

**MPKS 170a Introduction to Piano Repertoire and Performance**
Units: 1 Terms Offered: FaSp Survey of basic piano repertoire and styles through lecture, discussion, and performance. a: Late Baroque through Beethoven; b: Schubert to the present. Prerequisite: piano performance major status. Instruction Mode: Lecture Grading Option: Letter

**MPKS 170b Introduction to Piano Repertoire and Performance**
Units: 1 Terms Offered: FaSp Survey of basic piano repertoire and styles through lecture, discussion, and performance. a: Late Baroque through Beethoven; b: Schubert to the present. Prerequisite: piano performance major status. Instruction Mode: Lecture Grading Option: Letter

**MPKS 228 Four-Hand Keyboard Repertoire**
Units: 1 Max Units: 4.0 Terms Offered: FaSp Preparation and performance of literature for piano duets and duo-piano. Duplicates Credit in former MGEN 228. Instruction Mode: Lecture Grading Option: Letter

**MPKS 250a Keyboard Instruction I**
Units: 2 Terms Offered: FaSp Beginning and elementary instruction; emphasis on reading skills, harmonization, transposition, score reading, improvisation; group instruction in a keyboard laboratory facility. Instruction Mode: Lecture Grading Option: Letter

**MPKS 250b Keyboard Instruction I**
Units: 2 Terms Offered: FaSp Beginning and elementary instruction; emphasis on reading skills, harmonization, transposition, score reading, improvisation; group instruction in a keyboard laboratory facility. Instruction Mode: Lecture Grading Option: Letter

**MPKS 253 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

**MPKS 260a Functional Skills for Keyboard Majors II**
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to lower advanced literature; extended score reading; improvisation and functional harmony. Mini survey; basic keyboard literature. Prerequisite: MPKS 160b. Instruction Mode: Lecture Grading Option: Letter

**MPKS 260b Functional Skills for Keyboard Majors II**
Units: 2 Terms Offered: FaSp Sight-reading and principles of style as related to lower advanced literature; extended score reading; improvisation and functional harmony. Mini survey; basic keyboard literature. Prerequisite: MPKS 160b. Instruction Mode: Lecture Grading Option: Letter

**MPKS 300x Non-Major Individual Instruction**
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Duplicates Credit in former MPKS 201 and MPKS 401. Instruction Mode: Lecture Grading Option: Letter

**MPKS 301 Individual Instruction**
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Registration Restriction: Open only to music majors and minors. Duplicates Credit in former MPKS 201 and MPKS 401. Instruction Mode: Lecture Grading Option: Letter

**MPKS 350a Keyboard Instruction II**
Units: 2 Terms Offered: FaSp Intermediate and advanced instruction; development of reading, performance and improvisation skills necessary for proficiency examinations. Group and individualized instruction in a keyboard laboratory facility. Prerequisite: MPKS 250b. Instruction Mode: Lecture Grading Option: Letter

**MPKS 350b Keyboard Instruction II**
Units: 2 Terms Offered: FaSp Intermediate and advanced instruction; development of reading, performance and improvisation skills necessary for proficiency examinations. Group and individualized instruction in a keyboard laboratory facility. Prerequisite: MPKS 250b. Instruction Mode: Lecture Grading Option: Letter

**MPKS 353 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

**MPKS 360a Accompanying**
Units: 2 Terms Offered: FaSp Techniques of vocal and instrumental accompanying. Instruction Mode: Lecture Grading Option: Letter

**MPKS 360b Accompanying**
Units: 2 Terms Offered: FaSp Techniques of vocal and instrumental accompanying. Instruction Mode: Lecture Grading Option: Letter

**MPKS 390 Special Problems**
Units: 1, 2, 3, 4 Terms Offered: Irregular. Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

**MPKS 431a Piano Pedagogy: Introduction and Practicum**
Units: 2 Terms Offered: FaSp The learning process at the keyboard; pedagogy and methodology of beginning methods. Studio/group instruction: children/adults. Survey and observation. Prerequisite: MPKS 253, MPKS 260b. Instruction Mode: Lecture Grading Option: Letter

**MPKS 431b Piano Pedagogy: Introduction and Practicum**

**MPKS 435 Technology of the Pianoforte and Harpsichord**
Units: 2 Terms Offered: Irregular. Analysis of technical innovations and maintenance of the pianoforte and harpsichord as related to musical performance. Instruction Mode: Lecture Grading Option: Letter

**MPKS 450a Piano Pedagogy: Intermediate Literature and Functional Skills**
Units: 2 Terms Offered: FaSp Methods, study of college curriculum keyboard classes. Studio/group instruction. Business practices; audition, interview techniques. Survey and observation. Instruction Mode: Lecture Grading Option: Letter

**MPKS 450b Piano Pedagogy: Intermediate Literature and Functional Skills**
Units: 2 Terms Offered: FaSp Methods, study of college curriculum keyboard classes. Studio/group instruction. Business practices; audition, interview techniques. Practice teaching; secondary piano classes. Instruction Mode: Lecture Grading Option: Letter

**MPKS 453 Individual Instruction**
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

**MPKS 472a Piano History and Literature**
Units: 2 Terms Offered: FaSp Solo piano literature; emphasis on composers' influences, performance practices and the development of the pianoforte. Late Baroque through Beethoven. Prerequisite: MUHL 331 and MUHL 332. Instruction Mode: Lecture Grading Option: Letter

**MPKS 472b Piano History and Literature**
Units: 2 Terms Offered: FaSp Solo piano literature; emphasis on composers’ influences, performance practices and the development of the pianoforte. Schubert to the present. Prerequisite: MPKS 472a. Instruction Mode: Lecture Grading Option: Letter

MPKS 481 Interpretation of Baroque Music
Units: 2 Max Units: 6.0 Terms Offered: FaSp Repertoire and performance practice in music of the period: style, phrasing, embellishments, dynamics, improvisation, tempo. Performance in class of solo and ensemble works, instrumental and vocal. Instruction Mode: Lecture Grading Option: Letter

MPKS 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MPKS 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPKS 501 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

MPKS 520 Special Studies in Solo Repertoire for Piano
Units: 2 Max Units: 12.0 Terms Offered: FaSp Historical, stylistic and pedagogical aspects of solo repertoire. Special emphasis to be determined by the department. Instruction Mode: Lecture Grading Option: Letter

MPKS 533 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPKS 544 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MPKS 560 Song Interpretation Master Class
Units: 2 Max Units: 12.0 Terms Offered: FaSp For advanced singers and pianists. Instruction Mode: Lecture Grading Option: Letter

MPKS 561 Chamber Music Interpretation Master Class
Units: 2 Max Units: 12.0 Terms Offered: FaSp For advanced pianists and instrumentalists. Instruction Mode: Lecture Grading Option: Letter

MPKS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPKS 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPKS 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MPKS 754 Artist Diploma Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

MPKS 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Performance (Popular Music)
MPPM 100 Popular Music Forum
Units: 1 Max Units: 4.0 Terms Offered: FaSp A weekly lecture series addressing a wide range of special topics and issues confronting the popular musician. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPPM 120 Popular Music Performance I
Units: 2 Max Units: 8.0 Terms Offered: FaSp Study of musical elements appropriate to the performance of popular music in a collaborative, interactive environment. Instruction Mode: Lecture Grading Option: Letter

MPPM 153 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSp Weekly individual instruction. Instruction Mode: Lecture Grading Option: Letter

MPPM 240 Drumming Proficiency for the Popular Musician
Units: 2 Terms Offered: FaSp Beginning and elementary instruction in drum set techniques. Instruction Mode: Lecture Grading Option: Letter

MPPM 250 Keyboard Proficiency for the Popular Musician
Units: 2 Terms Offered: FaSp Development of practical keyboard skills, including reading and realizing chord symbols, basics of voice leading, study of various harmonic and rhythmic styles. Instruction Mode: Lecture Grading Option: Letter

MPPM 253 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSp Weekly individual instruction. Instruction Mode: Lecture Grading Option: Letter

MPPM 325a Arranging in Popular Music
Units: 2 Writing and arranging for small groups of brass, wind, and/or string instruments with rhythm section in the popular music idiom. Prerequisite: MPPM 325a Instruction Mode: Lecture Grading Option: Letter

MPPM 340 Intermediate Drum Set Proficiency
Units: 2 Terms Offered: FaSp Intermediate level instruction in drum set performance including accompaniment techniques, fills, beat and brush patterns in jazz, Afro-Caribbean and Brazilian styles, interpreting drum charts. Recommended Preparation: MPPM 240. Instruction Mode: Lecture Grading Option: Letter

MPPM 350g A History of Popular Music
Units: 4 The history of popular music particularly as developed in America in the 20th and early 21st centuries. Recommended Preparation: MUHL 250g Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

MPPM 370 The Vocal Edge: Contemporary Vocal Performance Techniques
Units: 2 Max Units: 4 A study of the practical aspects of vocal performance and skills necessary to increase one’s opportunities within the music industry. Instruction Mode: Lecture Grading Option: Letter

MPPM 420 Popular Music Performance Styles and Genres
Units: 2 Max Units: 8.0 Terms Offered: FaSp The detailed exploration of a specific style or genre in Popular Music through study of repertoire, history and practice with particular emphasis on performance. Recommended Preparation: MPPM 120 and MPPM 320. Instruction Mode: Lecture Grading Option: Letter

MPPM 450a Final Project
Units: 1 Terms Offered: FaSp Major collaborative performance project in popular music. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPPM 450b Final Project
Units: 1 Terms Offered: FaSp Major collaborative performance project in popular music. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPPM 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Registration Restriction: Open only to juniors and seniors. Instruction Mode:
Lecture Grading Option: Letter

MPST 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPST 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Research leading to the Master's Degree.
Maximum units which may be applied to the degree to be determined by the department.
Instruction Mode: Lecture Grading Option: Credit/No Credit

MPST 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest Instruction Mode: Lecture Grading Option: Letter

MPST 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Research leading to the doctorate.
Maximum units which may be applied to the degree to be determined by the department.
Instruction Mode: Lecture Grading Option: Credit/No Credit

Performance (Strings)

MPST 101x Non-Major Beginning Individual Instruction
Units: 1, 2 Max Units: 2.0 Terms Offered:
FaSpSm Individual instruction at the beginning level designed for non-music majors with no previous experience.
Instruction Mode: Lecture Grading Option: Letter

MPST 153 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered:
FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPST 163 Class Harp
Units: 2 Max Units: 04 Basic instruction in the fundamentals of solo harp playing, note reading, and basic musicianship.
Instruction Mode: Lecture, Lab Grading Option: Letter

MPST 253 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered:
FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPST 262 Double Bass Performance Class
Units: 1 Max Units: 4.0 Terms Offered:
FaSp Study of solo and orchestra repertoire, professional preparation, and teaching techniques. Required of all first and second year double bass majors each semester in residence. Prerequisite: music major.
Instruction Mode: Lecture Grading Option: Letter

MPST 263 Harp Performance Class
Units: 1 Max Units: 4.0 Terms Offered:
FaSp Study of solo and orchestra repertoire, professional preparation, and teaching technique. Required of all first and second year harp majors each semester in residence.
Prerequisite: music major.
Instruction Mode: Lecture Grading Option: Letter

MPST 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered:
FaSpSm Intermediate and advanced instruction designed for non-music majors.
Recommended Preparation: MPST 101.

Duplicates Credit in former MPST 201 and MPST 401.
Instruction Mode: Lecture Grading Option: Letter

MPST 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered:
FaSpSm Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors.
Registration Restriction: Open only to music majors and minors. Duplicates Credit in former MPST 201 and MPST 401.
Instruction Mode: Lecture Grading Option: Letter

MPST 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered:
FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPST 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only.
Instruction Mode: Lecture Grading Option: Letter

MPST 453 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered:
FaSpSm Instruction Mode: Lecture Grading Option: Letter

MPST 462 Double Bass Performance Class
Units: 1 Max Units: 8.0 Terms Offered:
FaSp Continuation of MPST 262. Required of all third and fourth year double bass majors each semester in residence. Prerequisite: music major.
Instruction Mode: Lecture Grading Option: Letter

MPST 463 Harp Performance Class
Units: 1 Max Units: 8.0 Terms Offered:
FaSp Continuation of MPST 263. Required of all third and fourth year harp majors each semester in residence. Prerequisite: music major.
Instruction Mode: Lecture Grading Option: Letter

MPST 471a String Pedagogy
Units: 2 Terms Offered:
FaSp Survey of teaching literature; techniques of teaching beginning, intermediate, and advanced students.
Instruction Mode: Lecture Grading Option: Letter

MPST 471b String Pedagogy
Units: 2 Terms Offered:
FaSp Survey of teaching literature; techniques of teaching beginning, intermediate, and advanced students.
Instruction Mode: Lecture Grading Option: Letter

MPST 472 Orchestra Repertoire – Strings
Units: 2 Max Units: 8.0 Terms Offered:
FaSpOrchestral literature for string players, covering a broad spectrum of the repertoire; emphasis on preparation for auditions.
Instruction Mode: Lecture Grading Option: Letter

MPST 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered:
FaSpSm Individual research and readings.
Instruction Mode: Lecture Grading Option: Letter

MPST 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest.
Instruction Mode: Lecture Grading Option: Letter

COURSES OF INSTRUCTION
MPTX 502 Pharmacology
Units: 4 Terms Offered: Fa Fundamentals of pharmacology in the context of the rapidly developing knowledge of related disciplines. Instruction Mode: Lecture Grading Option: Letter

MPTX 510 Topics in Pharmacology: the Other Side of Drugs
Units: 2, 3 Terms Offered: Fa Nexus of pharmacology and toxicology; therapeutic use and toxicology of common drugs; and prescribing these drugs in clinical practice. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PHRD 678

MPTX 511 Introduction to Medical Product Regulation
Units: 3 Terms Offered: Sm Introduction to regulatory environments surrounding medical product development, manufacturing and marketing; operation of federal, state and international regulatory bodies. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 512 Regulation of Pharmaceutical and Biological Products
Units: 3 Terms Offered: Sm Ensuring safety and effectiveness of new drugs and biologics; marketing and monitoring approved pharmaceutical/biological products; management of genetically engineered products. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 513 Regulation of Medical Devices and Diagnostics
Units: 3 Terms Offered: Sm Development and testing of new medical products according to U.S. and international regulatory requirements. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 514 Regulation of Food and Dietary Supplements
Units: 3 Terms Offered: Sm Regulation and testing of foods, food additives and dietary supplements in the U.S. and abroad. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 515 Quality Systems and Standards
Units: 3 Terms Offered: Sm Principles of quality assurance and quality control for medical-product development and manufacture. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 516 Medical Products and the Law
Units: 3 Terms Offered: Fa Legal issues affecting intellectual property, medical product development, marketing and safety, taught through case studies and lectures. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

MPTX 517 Structure and Management of Clinical Trials
Units: 4 Terms Offered: FaSpSm Development and execution of clinical trials: bioethical principles, good clinical practices, project management and documentation. Instruction Mode: Lecture Grading Option: Letter

MPTX 518 Writing Regulatory Drug Submissions
Units: 3 Terms Offered: Sp Developing form and content for investigational drug applications, new drug applications, biologic licensing applications to FDA; common technical documents; considerations of writing style. Instruction Mode: Lecture Grading Option: Letter

MPTX 519 Global Regulation of Medical Products
Units: 3 Terms Offered: Fa Regulatory requirements governing medical products in European Union, Asia and other global markets. Instruction Mode: Lecture Grading Option: Letter

MPTX 520 Toxicology and the Media
Units: 3 Terms Offered: Sp Increase knowledge of toxicology relevance in everyday life through the reading, critical analysis and discussion of articles about current toxicological issues in the media. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PHRD 679

MPTX 522 Introduction to Clinical Trial Design and Statistics
Units: 3 Clinical designs and statistics commonly used to test medical products in general populations and special patient groups. Instruction Mode: Lecture Grading Option: Letter

MPTX 524 Introduction to Food Science and Technology
Units: 3 Terms Offered: Sm Discusses the basic and applied concepts of food science and food safety, and demonstrates the principles of food chemistry, sensory evaluation, and product development. Recommended Preparation: undergraduate degree in biological sciences or related disciplines. Instruction Mode: Lecture Grading Option: Letter

MPTX 526 Chemistry Manufacturing and Controls
Units: 3 Terms Offered: Fa Provides a firm foundation in the domestic and international CMC process, from concept to commercialization of new active pharmaceutical ingredients and products. Recommended Preparation: undergraduate degree in pharmacy, medicine or independent health science, engineering or equivalent. Instruction Mode: Lecture Grading Option: Letter

MPTX 531 Cell Biology
Units: 4 (Enroll in INTD 531)

MPTX 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

MPTX 570 Biochemistry
Units: 4 Terms Offered: Sp (Enroll in INTD 571)

MPTX 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

MPTX 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

MPTX 594a Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPTX 594b Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPTX 594z Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPTX 599 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPTX 602 Science, Research and Ethics
Units: 2 Terms Offered: Fa A discussion of the unique technological and philosophical issues that challenge modern scientists and a discernment of ethical responses to those challenges. Instruction Mode: Lecture Grading Option: Letter

MPTX 630 Directed Field-Research Project
Units: 6 Terms Offered: FaSpSm Research/ policy analysis conducted under preceptor supervision in an industrial or governmental setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPTX 700 Seminar in Molecular Pharmacology and Toxicology
Units: 1 Max Units: 8 Terms Offered: FaSpSm Contemporary advances in molecular pharmacology and toxicology research.
Registration required during each year of residency. Instruction Mode: Lecture Grading Option: Letter

MPVX 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MPVX 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPVX 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPVX 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MPVX 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Performance (Vocal Arts)

MPVX 101x Non-Major Beginning Individual Instruction
Units: 1, 2 Max Units: 2.0 Terms Offered: FaSpSm Individual instruction at the beginning level designed for non-music majors with no previous experience. Instruction Mode: Lecture Grading Option: Letter

MPVX 141 Class Voice
Units: 2 Max Units: 4.0 Terms Offered: FaSp Introduction to the fundamental principles of singing: breath control, tone production, diction, and the use of appropriate song material. Instruction Mode: Lecture Grading Option: Letter

MPVX 153 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

MPVX 203a Acting for Singers I
Units: 2 Terms Offered: FaSp Use of dramatic techniques in the interpretation and performance of music; basic acting techniques for the operatic and recital stages; sensory exercises, movement, improvisation, relaxation and make-up. Recommended Preparation: MPVX 153. Duplicates Credit in former MPVX 303. Instruction Mode: Lecture Grading Option: Letter

MPVX 203b Acting for Singers I
Units: 2 Terms Offered: FaSp Use of dramatic techniques in the interpretation and performance of music; basic acting techniques for the operatic and recital stages; sensory exercises, movement, improvisation, relaxation and make-up. Recommended Preparation: MPVX 153. Duplicates Credit in former MPVX 303. Instruction Mode: Lecture Grading Option: Letter

MPVX 241 Intermediate Class Voice
Units: 2 Max Units: 4.0 Terms Offered: FaSp Continued development of the fundamentals of singing, diction, and repertoire building. Prerequisite: MPVX 141. Instruction Mode: Lecture Grading Option: Letter

MPVX 253 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

MPVX 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Recommended Preparation: MPVX 101. Duplicates Credit in former MPVX 201 and MPVX 401. Instruction Mode: Lecture Grading Option: Letter

MPVX 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction: secondary emphasis for music majors, principal emphasis for music minors and all BA music majors. Duplicates Credit in former MPVX 201 and MPVX 401. Instruction Mode: Lecture Grading Option: Letter

MPVX 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

MPVX 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPVX 402 Musical Theatre Workshop I
Units: 3 Study of the acting, musical and movement elements involved in the performance of the Broadway musical repertoire. Instruction Mode: Lecture Grading Option: Letter

MPVX 403 Acting for Singers II
Units: 2 Max Units: 8.0 Terms Offered: FaSp Continuation of MPVX 203a, MPVX 203b. Acting of operatic roles in different periods and styles; specific recital and audition techniques. Recommended Preparation: MPVX 203a, MPVX 203b. Instruction Mode: Lecture Grading Option: Letter

MPVX 404 Word and Music in Opera
Units: 2 Max Units: 8.0 Terms Offered: Irregular Performance class for singers and pianists; analysis of recitatives, arias, and ensembles of various operatic styles; study of the technique of effective musical delivery. By audition only. Recommended Preparation: MPVX 203a, MPVX 203b. Instruction Mode: Lecture Grading Option: Letter

MPVX 405 USC Opera
Units: 2 Max Units: 12.0 Terms Offered: FaSp Preparation, rehearsal, and performance of operatic works and excerpts; study of different operatic styles; public appearances. By audition only. Instruction Mode: Lecture Grading Option: Letter

MPVX 406 Opera Coaching Techniques
Units: 2 Max Units: 8.0 Terms Offered: Irregular Score study for pianists, coaches, and conductors; role analysis; transcription techniques for one or two pianos of an orchestral score. Instruction Mode: Lecture Grading Option: Letter

MPVX 407 Directing for the Operatic Stage
Units: 2 Max Units: 8.0 Terms Offered: FaSp Various approaches to operatic style; basic blocking; stage management. Student direction of scenes produced in USC Opera. Instruction Mode: Lecture Grading Option: Letter

MPVX 412 Musical Theatre Workshop II
Units: 3 Max Units: 06 Stylistic and technical features of dramatic and musical elements involved in performance of the Broadway musical and standard operetta repertory; staging of scenes. Prerequisite: MPVX 402 Instruction Mode: Lecture Grading Option: Letter

MPVX 438 Foundations of Vocology
Units: 2 Voice physiology, voice hygiene, voice acoustics, and the cognitive substrates of Motor Learning. Instruction Mode: Lecture Grading Option: Letter

MPVX 440 Italian and French Diction
Units: 2 Principles of pronunciation and enunciation; use of international phonetic alphabet. Duplicates Credit in former MPVX 442a. Instruction Mode: Lecture Grading Option: Letter

MPVX 441 English and German Diction
Units: 2 Principles of pronunciation and enunciation; use of international phonetic alphabet. Instruction Mode: Lecture Grading Option: Letter

MPVX 442 Introduction to the International Phonetic Alphabet
Units: 2 Terms Offered: Fa Principles of pronunciation and enunciation; basic application of the International Phonetic Alphabet symbols and sounds to English, German, Italian, French and Latin. Instruction Mode: Lecture Grading Option: Letter

MPVX 443 Cantata and Oratorio
Units: 2, 2 years Terms Offered: Fa Historical survey of literature, style and performance practice; emphasis on performing solo and small ensemble sections of larger works. Instruction Mode: Lecture Grading Option: Letter

MPVX 479 Song Literature
Units: 2 Max Units: 04 Song literature of Italy, France, Germany, Russia, Norway,
Sweden, England, America; comparative analysis of various composers and their influence on song literature. Duplicates Credit in former MUH 479. Instruction Mode: Lecture Grading Option: Letter

**MPVA 490x Directed Research**
- Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0
- Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

**MPVA 499 Special Topics**
- Units: 2, 3, 4 Max Units: 8.0
- Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**MPVA 501 Individual Instruction**
- Units: 1 or 2 Max Units: 8.0
- Terms Offered: FaSpSm Secondary instruction for graduate music majors or instruction for graduate non-music majors. Instruction Mode: Lecture Grading Option: Letter

**MPVA 540 Special Studies in Vocal Literature**
- Units: 2 Max Units: 6.0
- Terms Offered: Sp Art song, concert and operatic repertoire. Emphasis to be determined by the department. Instruction Mode: Lecture Grading Option: Letter

**MPVA 541 Advanced Vocology**
- Units: 2
- Voice physiology, both classical and non-classical vocal techniques, voice hygiene, advanced voice acoustics, survey of literature from expertise studies, and the cognitive substrates of motor learning. Instruction Mode: Lecture Grading Option: Letter

**MPVA 542 Vocal Pedagogy Teaching Practicum**
- Units: 2
- Applying principles learned in vocology and/or pedagogy through practice voice teaching in both classical and non-classical singing styles. Prerequisite: MPVA 438 or MPVA 541. Instruction Mode: Lecture Grading Option: Letter

**MPVA 553 Individual Instruction**
- Units: 1 or 2 Max Units: 8.0
- Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

**MPVA 554 Graduate Certificate Performance**
- Units: 4 Max Units: 16.0
- Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

**MPVA 560 Graduate Italian Diction**
- Units: 2
- A review of the rules of pronunciation, International Phonetic Alphabet (IPA) and grammatical structure of the Italian language through the texts of select repertoire in both Italian song and operatic arias. Instruction Mode: Lecture Grading Option: Letter

**MPVA 590 Directed Research**
- Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
- Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MPVA 599 Special Topics**
- Units: 2, 3, 4 Max Units: 8.0
- Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**MPVA 653 Individual Instruction**
- Units: 1 or 2 Max Units: 12.0
- Terms Offered: FaSpSm Weekly individual instruction and vocal performance forum. Instruction Mode: Lecture Grading Option: Letter

**MPVA 754 Artist Diploma Performance**
- Units: 4 Max Units: 16.0
- Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

**MPVA 790 Research**
- Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
- Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**Professional Writing Program**

**MPW 500 Survey of Professional Writing**
- Units: 3
- Analysis of genres, characteristics of narration, stylistic editing, and the role of the writer in contemporary society. Required of all MPW majors. Duplicates Credit in former MPW 900. Instruction Mode: Lecture Grading Option: Letter

**MPW 510 Writers and their Influences**
- Units: 3
- Exploration of the notion of influence and its effect on generating new writing. Instruction Mode: Lecture Grading Option: Letter

**MPW 511 Oral History: Witness and Writing**
- Units: 1
- Max Units: 3.0
- Transforming oral history into works of fiction and nonfiction, with emphasis on honoring the source material in the construction of an original narrative. Instruction Mode: Lecture Grading Option: Letter

**MPW 512 Writer's Marketplace**
- Units: 3
- Cross-genre investigation of publishing and the marketplace, with the goal of familiarizing students with the practical aspects of writing and selling creative work. Duplicates Credit in former MPW 910. Instruction Mode: Lecture Grading Option: Letter

**MPW 515 Functional Writing for the Marketplace**
- Units: 3
- Practical writing and editing skills, language mechanics, and document development techniques that can be applied to reports, grants/proposals, brochures, résumés, and other workplace materials. Duplicates Credit in former MPW 950. Instruction Mode: Lecture Grading Option: Letter

**MPW 520 Writing Humor: Literary and Dramatic**
- Units: 3
- Analysis of the specifics of humor — wit, irony, satire, parody and farce — through examples taken from various genres; discussion/workshop on incorporating humor in students' work. Duplicates Credit in former MPW 915. Instruction Mode: Lecture Grading Option: Letter

**MPW 525 Nonfiction Strategies in Poetry and Prose**
- Units: 3
- A workshop devoted to shared concerns and possibilities in poems and essays, and to the development of skills as enhanced by nonfiction techniques. Instruction Mode: Lecture Grading Option: Letter

**MPW 526 Writing the Review**
- Units: 1 Max Units: 3.0
- An investigation of the evolving role of the critic, focused on reviews as essays, and criticism as essential to a rich popular culture and conversation. Instruction Mode: Lecture Grading Option: Letter

**MPW 527 Mash-Ups: New Ways to Tell Stories**
- Units: 1 Max Units: 3.0
- An examination of innovative storytelling, in which old and new media can extend our narrative capabilities, and connect us across the world. Instruction Mode: Lecture Grading Option: Letter

**MPW 530 Techniques of Fiction Writing**
- Units: 3
- A nuts and bolts approach to craft, aiming to identify the requisite tools, and to develop skills necessary for writing vivid and convincing fiction. Instruction Mode: Lecture Grading Option: Letter

**MPW 535 Literature and Approaches to Writing the Novel**
- Units: 3
- Discussion and analysis of literary classics and their influences as applicable to the writing of today's novel; development of book-length fiction. Duplicates Credit in former MPW 940. Instruction Mode: Lecture Grading Option: Letter

**MPW 537 Fiction Writing Workshop**
- Units: 3
- Max Units: 9.0
- Development and analysis of book-length fiction; concentration on narration, characterization, point of view, and clarity of style. Duplicates Credit in former MPW 960. Instruction Mode: Lecture Grading Option: Letter

**MPW 538 Approaches to Writing the Novel**
- Units: 1 Max Units: 3.0
- A survey of literary classics, focusing on recurring techniques, with the goal of identifying strategies to inform the student's approach to narrative and craft. Instruction Mode: Lecture Grading Option: Letter

**MPW 540 Nonfiction Writing**
- Units: 3
- Max Units: 6.0
- The investigation of various forms in the genre, with attention to the literary value of thinking and making connections on the page. Instruction Mode: Lecture Grading Option: Letter

**MPW 541 The Nonfiction Experience**
- Units: 3
- Max Units: 6.0
- Introduction to nonfiction from reviewing to reporting to the personal essay, with a view towards creating the community essential in the solitary writer's life. Instruction Mode: Lecture Grading Option: Letter

**MPW 542 Writing About Place**
- Units: 3
- Max Units: 6.0
- An exploration of environment as it informs literature, fiction and nonfiction, with the understanding that
a vivid evocation of place will enrich prose across genres. Instruction Mode: Lecture

Grading Option: Letter

MPW 543 Writing Science
Units: 3 Max Units: 6.0 Introduction to science writing with a view towards broadening approaches to story-telling in all genres. Instruction Mode: Lecture

Grading Option: Letter

MPW 544 New Media: Writing Online
Units: 3 Max Units: 6.0 An examination of literary forms online. Students will emulate great print stylists, shaping narrative and cultivating voice with the possibilities of new media in mind. Instruction Mode: Lecture

Grading Option: Letter

MPW 545 Memoir Writing
Units: 3 Max Units: 6.0 A workshop designed to hone voice, and determine the best way to approach personal narrative in cultural and historical contexts. Instruction Mode: Lecture

Grading Option: Letter

MPW 546 The Personal Essay
Units: 3 Max Units: 6.0 A look at first-person narrative, from memoir to criticism, with a view towards cultivating favorite writerly strategies, and then trying less comfortable forms. Instruction Mode: Lecture

Grading Option: Letter

MPW 547 Selling the Nonfiction Book
Units: 3 Max Units: 6.0 From the proposal to the outline, a comprehensive look at selling a book-length work of nonfiction, including the completion of a first chapter and proposal précis. Instruction Mode: Lecture

Grading Option: Letter

MPW 552 Principles of Poetic Techniques
Units: 3 Max Units: 6.0 Beginning analysis and practice of poetic technique, including language and imagery; forms, devices, and conventions; developing voice; use of both traditional and open forms. Duplicates Credit in former MPW 970. Instruction Mode: Lecture

Grading Option: Letter

MPW 554 Poetry Hybrids
Units: 3 Max Units: 6.0 Writing and reading poetry in combination with other genres. Forms may include prose poem, verse drama, verse novel, and epic. Instruction Mode: Lecture

Grading Option: Letter

MPW 557 Advanced Poetry Writing
Units: 3 Max Units: 6.0 Advanced topics in poetry, including wide reading in contemporary poets. Emphasis on the development of the individual voice and subject matter. Duplicates Credit in former MPW 970. Instruction Mode: Lecture

Grading Option: Letter

MPW 560 Principles of Dramatic Structure
Units: 3 Max Units: 6.0 Analysis of techniques in preparing scripts for various media and practice in adapting materials from non-dramatic forms. Duplicates Credit in former MPW 920. Instruction Mode: Lecture

Grading Option: Letter

MPW 561 Writing for Stage and Screen
Units: 3 Max Units: 6.0 A workshop that examines the art and craft of writing for stage and screen. Instruction Mode: Lecture

Grading Option: Letter

MPW 562 Story Conference
Units: 3 Max Units: 6.0 Writing the play, teleplay or screenplay, focusing on character development and scene structure, in collaboration with the workshop. Duplicates Credit in former MPW 920. Instruction Mode: Lecture

Grading Option: Letter

MPW 567 Screenplay Workshop
Units: 3 Max Units: 6.0 Reading and viewing films with an eye toward the development and completion of the first 45–60 pages of an original screenplay. Instruction Mode: Lecture

Grading Option: Letter

MPW 568 Screenwriting across Genres
Units: 3 Max Units: 6.0 An investigation of varieties of storytelling through creative responses to both screenplay and non-screenplay forms. Instruction Mode: Lecture

Grading Option: Letter

MPW 575 In the Room: The Craft of Television Writing
Units: 1, 3 Max Units: 6.0 Introduction to television writing, from pitching to polishing, with all the responsibilities of a staff writer. Instruction Mode: Lecture

Grading Option: Letter

MPW 585 Seminar in Professional Writing
Units: 1 or 3 Max Units: 6.0 Seminar and workshop with adjustable focus on aspects of professional and creative writing in relation to the literary marketplace. Instruction Mode: Lecture

Grading Option: Credit/No Credit

MPW 589 Directed Research
Units: 1, 2, 3 Max Units: 9.0 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the program director. Instruction Mode: Lecture

Grading Option: Credit/No Credit

MPW 592a Professional Writing Project
Units: 3 Supervised preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Instruction Mode: Lecture

Grading Option: In-progress to Credit/No Credit

MPW 592b Professional Writing Project
Units: 3 Supervised preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Instruction Mode: Lecture

Grading Option: In-progress to Credit/No Credit

MPW 592z Professional Writing Project
Units: 0 Supervised preparation of a full-length manuscript in student's major concentration: fiction, nonfiction, poetry, or writing for stage and screen. Instruction Mode: Lecture

Grading Option: In-progress to Credit/No Credit

MPW 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture

Grading Option: In-progress to Credit/No Credit

MPW 594b Master's Thesis
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture

Grading Option: In-progress to Credit/No Credit

MPW 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Studies in specific genres, techniques or aspects of the writing craft. Instruction Mode: Lecture

Grading Option: Letter

Performance (Wind and Percussion)

MPWP 101x Non-Major Beginning Individual Instruction
Units: 1, 2 Max Units: 2.0 Terms Offered: FaSpSm Individual instruction at the beginning level designed for non-music majors with no previous experience. Instruction Mode: Lecture

Grading Option: Letter

MPWP 252 Individual Instrument Performance Class I
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture

Grading Option: Letter

MPWP 253 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture

Grading Option: Letter

MPWP 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Recommended Preparation: MPWP 101. Duplicates Credit in former MPWP 201 and MPWP 401. Instruction Mode: Lecture

Grading Option: Letter

MPWP 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction on secondary instrument for music majors, on principal instrument for music minors and BA music majors. Registration Restriction: Open only to music majors and minors. Duplicates Credit in former MPWP 201 and MPWP 401. Instruction Mode: Lecture

Grading Option: Letter

MPWP 353 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture

Grading Option: Letter

MPWP 390 Special Problems
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: Irregular Supervised, individual
studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MPWP 440 Drum Set for Classical Percussionists
Units: 3 Max Units: 2.0 Terms Offered: Fa A progressive course for Classical Percussion majors as it pertains to drum set in the symphony orchestra and other classical settings. Registration Restriction: Open only to percussion, and performance (wind instrument or percussion). Instruction Mode: Lecture Grading Option: Letter

MPWP 452 Individual Instrument Performance Class II
Units: 1 Max Units: 4.0 Terms Offered: FaSp Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Intended for MM and percussion majors. Instruction Mode: Lecture Grading Option: Letter

MPWP 453 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSolo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all third and fourth year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MPWP 481 Interpretation of Baroque Music
Units: 2 Max Units: 6.0 Terms Offered: FaSp Repertoire and performance practice in music of the period: style, phrasing, embellishments, dynamics, tempi. Performance in class of solo and ensemble works, instrumental and vocal. Instruction Mode: Lecture Grading Option: Letter

MPWP 482 Interpretation of Classic, Romantic, and 20th Century Wind and Percussion Music
Units: 2 Analysis and performance of 18th, 19th, and 20th century ensemble music, octet through symphonic band; historical perspectives of instruments including technical developments. Instruction Mode: Lecture Grading Option: Letter

MPWP 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction and related lab participation for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MPWP 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MPWP 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MPWP 754 Artist Diploma Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Artist Diploma students. Instruction Mode: Lecture Grading Option: Letter

MPWP 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Military Science
MS 101 Foundations of Officership
Units: 1 Terms Offered: Fa Introduces students to issues and competencies that are central to a commissioned officer's responsibilities. Establish framework for understanding officership, leadership, and Army values followed and "life skills" such as physical fitness and time management. Duplicates Credit in former MS 100. Instruction Mode: Lecture Grading Option: Letter

MS 102 Basic Leadership
Units: 1 Terms Offered: Sp Establishes foundation of basic leadership fundamentals such as problem solving, communications, briefings and effective writing, goal setting, techniques for improving listening and speaking skills and an introduction to counseling. Duplicates Credit in former MS 110. Instruction Mode: Lecture, Lab Grading Option: Letter

MS 201 Individual Leadership Studies
Units: 2 Terms Offered: Sp Students identify successful leadership characteristics through observation of others and self through experimental learning exercises. Students record observed traits (good and bad) in a dimensional leadership journal and discuss observations in small group settings. Duplicates Credit in former MS 200. Instruction Mode: Lecture Grading Option: Letter

MS 202 Leadership and Teamwork
Units: 2 Terms Offered: Sp Study examines how to build successful teams, various methods for influencing action, effective communication in setting and achieving goals, the importance of timing the decision, creativity in the problem solving process, and obtaining team buy-in through immediate feedback. Duplicates Credit in former MS 210. Instruction Mode: Lecture Grading Option: Letter

MS 301 Leadership and Problem Solving
Units: 3 Terms Offered: Fa Students conduct self-assessment of leadership style, develop personal fitness regimen, and learn to plan and conduct individual/small unit tactical training while testing reasoning and problem-solving techniques. Students receive direct feedback on leadership abilities. Duplicates Credit in former MS 300. Instruction Mode: Lecture, Lab Grading Option: Letter

MS 302 Leadership and Ethics
Units: 3 Terms Offered: Sp Examines the role communications, values, and ethics play in effective leadership. Topics include ethical decision-making, consideration of others, spirituality in the military, and survey Army leadership doctrine. Emphasis on improving oral and written communication abilities. Duplicates Credit in former MS 310. Instruction Mode: Lecture Grading Option: Letter

MS 401 Leadership and Management I
Units: 1 Terms Offered: Fa Develops student proficiency in planning and executing complex operations, functioning as a member of a staff, and mentoring subordinates. Students explore training management, methods of effective staff collaboration, and developmental counseling techniques. Duplicates Credit in former MS 400. Instruction Mode: Lecture Grading Option: Letter

MS 402 Leadership and Management II
Units: 3 Terms Offered: Sp Study includes case study analysis of military law and practical exercises on establishing an ethical command climate. Students must complete a semester long Senior Leadership Project that requires them to plan, organize, collaborate, analyze, and demonstrate their leadership skills. Duplicates Credit in former MS 410. Instruction Mode: Lecture, Lab Grading Option: Letter

MS 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics in military science. Instruction Mode: Lecture Grading Option: Letter

Sacred Music
MSCR 390 Special Problems
Units: 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Duplicates Credit in former MUCH 390. Instruction Mode: Lecture Grading Option: Letter
MSCR 473: **Hymnology**
Units: 2 Study of hymns and hymn tunes, and their functions, from the formation of the Christian Church to the present. Historical survey of the literature. Duplicates Credit in former MUCH 473. Instruction Mode: Lecture Grading Option: Letter

MSCR 474: **The Organ in Worship and Congregational Life**
Units: 2 Accompanying: hymn playing, transposition, improvisation, vocal score reading; conducting from the console; service repertoire. Basic knowledge of the organ as an instrument and planning for and purchase of an organ. Duplicates Credit in former MUCH 474. Instruction Mode: Lecture Grading Option: Letter

MSCR 475: **Introduction to Jewish Music**
Units: 2 Development of Jewish music from biblical times to the present, with emphasis on liturgical practices, traditions of itinerant musicians and the adaptability of community song. Instruction Mode: Lecture Grading Option: Letter

MSCR 490x: **Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Registration Restriction: Open only to juniors and seniors. Duplicates Credit in former MUCH 490. Instruction Mode: Lecture Grading Option: Letter

MSCR 499: **Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MSCR 500: **Foundations of Sacred Music**
Units: 2 An introduction to the history of sacred music, liturgical practices and worship traditions from antiquity to present day. Duplicates Credit in former MUCH 500. Instruction Mode: Lecture Grading Option: Letter

MSCR 571: **Music of the Great Liturgies**
Units: 2 Comparison of the Jewish, Eastern Orthodox, Roman Catholic, Lutheran, and Anglican liturgies and their music; relation to music in the nonliturgical service; the church year. Duplicates Credit in former MUCH 571. Instruction Mode: Lecture Grading Option: Letter

MSCR 572: **Sacred Music Administration**
Units: 2 Terms Offered: FaSpSm Developing, maintaining and administering the music program of the church or other religious institutions. Programming, staffing, developing budgets, techniques and repertoire for the graded choir program, handbell choir and other ensembles. Duplicates Credit in former MUCH 572. Instruction Mode: Lecture Grading Option: Letter

MSCR 590: **Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former MUCH 590. Instruction Mode: Lecture Grading Option: Credit/No Credit

MSCR 599: **Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MSCR 794c: **Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSCR 794d: **Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSCR 794z: **Doctoral Dissertation**
Units: 0 Terms Offered: Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

MSS 175: **Fundamentals of Audio Recording**
Units: 2 Introduction to the principles and techniques of audio recording. Students will gain a basic understanding of signal flow, gain structure, microphones, monitoring systems, signal processing, mixing. Duplicates Credit in former MTEC 275a. Instruction Mode: Lecture Grading Option: Letter

MSS 237a: **Music Production I**
Units: 2 Study of small ensemble (rhythm section, vocal, background vocals) music production in a variety of popular music styles. Instruction Mode: Lecture Grading Option: Letter

MSS 245: **Introduction to MIDI Sequencing**
Units: 1 Terms Offered: FaSp Introductory course where students will learn to use professional MIDI sequencing software to sequence, edit, and realize music compositions. Instruction Mode: Lecture Grading Option: Letter

MSCR 479c: **Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSCR 479d: **Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MSCR 479z: **Doctoral Dissertation**
Units: 0 Terms Offered: Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

MSS 237b: **Music Production I**
Units: 2 Study of large ensemble (rhythm section, vocal, background vocals with horn section and or strings) music production in a variety of popular music styles. Instruction Mode: Lecture Grading Option: Letter

MSS 244: **Digital Audio Recording and Editing**
Units: 1 Terms Offered: FaSp Introduction to the techniques and applications of recording, editing and mixing sound on personal computers. Instruction Mode: Lecture Grading Option: Letter

MSS 248: **Introduction to Music Notation**
Units: 1 Terms Offered: FaSp Introduction to the skills and techniques required to prepare musical scores and parts using industry
standard music notation software. Instruction Mode: Lecture Grading Option: Letter

MTEC 249 Introduction to Web Design for Musicians
Units: 1 Terms Offered: FaSp Introductory course where students will learn to use professional web languages, tools, and techniques to create musical artist and band websites. Instruction Mode: Lecture Grading Option: Letter

MTEC 275 Fundamentals of Audio Engineering
Units: 4 Fundamentals of Audio Engineering is an intermediate course in the principles and techniques of professional audio production as related to music. Recommended Preparation: MTEC 175 and MTEC 176. Duplicates Credit in former MTEC 275b. Instruction Mode: Lecture, Lab Grading Option: Letter

MTEC 277x Introduction to Music Technology
Units: 4 Terms Offered: FaSp A survey of the technology used to create, prepare, perform, and distribute music, with an emphasis on recording, MIDI, music production, mastering and Internet technologies. Duplicates Credit in former MUIN 277. Instruction Mode: Lecture Grading Option: Letter

MTEC 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSp Intermediate and advanced instruction in the applications of technology to the creation and performance of music. Recommended Preparation: experience with audio recording and synthesizers. Instruction Mode: Lecture Grading Option: Letter

MTEC 337a Music Production II
Units: 2 Small group instruction to develop the student's arranging, production and project management skills as related to small budget music and multimedia projects. Prerequisite: MTEC 237b. Instruction Mode: Lecture Grading Option: Letter

MTEC 337b Music Production II
Units: 2 Small group instruction to develop the student's arranging, production and project management skills as related to medium budget music and multimedia projects. Instruction Mode: Lecture Grading Option: Letter

MTEC 378 Introduction to Mixing and Mastering
Units: 2 Fundamental principles and techniques used to fuse multiple audio elements into clear, comprehensive final products. Prerequisite: MTEC 446a. Instruction Mode: Lecture Grading Option: Letter

MTEC 379a Recording Studio Theory
Units: 2 Basic electronic concepts needed to understand operational parameters of a state-of-the-art recording studio; schematics, interface, capacitance, resistance and problem solving. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 379ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 379b Recording Studio Theory
Units: 2 Basic electronic concepts needed to understand operational parameters of a state-of-the-art recording studio; schematics, interface, capacitance, resistance and problem solving. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 379. Instruction Mode: Lecture Grading Option: Letter

MTEC 389 Digital Equipment and Recording
Units: 2 Digital equipment including computers, sequencers, digital signal synthesis, MIDI, and rotary and stationary digital recording. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 389. Instruction Mode: Lecture Grading Option: Letter

MTEC 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: FaSpSm Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Duplicates Credit in former MUIN 390. Instruction Mode: Lecture Grading Option: Letter

MTEC 392a Acoustics and Speaker Design
Units: 2 Principles of acoustics relating to studio construction, wall treatment, and furnishings; natural reverberation, speaker materials, passive and active crossovers and time alignment. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 392a. Instruction Mode: Lecture Grading Option: Letter

MTEC 392b Acoustics and Speaker Design
Units: 2 Principles of acoustics relating to studio construction, wall treatment, and furnishings; natural reverberation, speaker materials, passive and active crossovers and time alignment. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 392b. Instruction Mode: Lecture Grading Option: Letter

MTEC 430 Advanced Instrumental Recording
Units: 2 An in-depth study of the standard practices and techniques used in contemporary multi-track recording. Prerequisite: (MTEC 175 and MTEC 176) or MTEC 277 or MTEC 575 Instruction Mode: Lecture Grading Option: Letter

MTEC 437 Advanced Music Production for Non-Majors
Units: 2 Max Units: 4 The study of small music production in a variety of popular music styles with the goal of developing the students' arranging, production and project management skills. Recommended Preparation: MTEC 275, MTEC 443 or MTEC 444, MTEC 446ab, MUSC 255, MUSC 355 Instruction Mode: Lecture Grading Option: Letter

MTEC 442 Operation of the Radio Studio
Units: 2 Terms Offered: FaSpSm An in-depth study of radio studio technical operations. Topics include consoles, microphones, transmission considerations, networks, satellites, and digital and analog production situations. Prerequisite: MTEC 275. Duplicates Credit in former MUIN 442. Instruction Mode: Lecture Grading Option: Letter

MTEC 443 Desktop Music Production
Units: 2 Intermediate course where students will learn to use professional MIDI sequencing and digital audio software to compose, edit, and mix songs and other music compositions. Recommended Preparation: MTEC 245. Duplicates Credit in former MUIN 305. Instruction Mode: Lecture Grading Option: Letter

MTEC 444 Non-Linear MIDI Sequencing
Units: 2 Terms Offered: FaSp An in-depth course focusing on the principles and techniques of sequencing and performing musical compositions using a non-linear sequencer. Recommended Preparation: MTEC 245. Instruction Mode: Lecture Grading Option: Letter

MTEC 445 Advanced Desktop Music Production
Units: 2 Students will learn to apply their musical and technical skills to create professional quality computer-based arrangements in a variety of musical styles. Recommended Preparation: MTEC 443 or MTEC 444 and MTEC 474a. Instruction Mode: Lecture Grading Option: Letter

MTEC 446a Computer Assisted Recording and Editing
Units: 2 Terms Offered: FaSpSm Techniques and applications of recording and editing sound on personal computers. Hardware, software, editing for song, sound effects and dialog for film. Duplicates Credit in former MUIN 446ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 446b Computer Assisted Recording and Editing
Units: 2 Terms Offered: FaSpSm Techniques and applications of recording and editing sound on personal computers. Hardware, software, editing for song, sound effects and dialog for film. Duplicates Credit in former MUIN 446ab. Instruction Mode: Lecture Grading Option: Letter

MTEC 448 Computer Music Notation and Preparation
Units: 2 Techniques and principles of computer music notation including conventions of music notation, idiomatic practices, preparation of significant score types, and MIDI basics. Duplicates Credit in former MUIN 448. Instruction Mode: Lecture Grading Option: Letter

MTEC 474a Electronic Synthesizer Techniques
Units: 2, 3, 4 Terms Offered: FaSpSm Electronic music procedures in a multi-track studio. Duplicates Credit in former MUEA 474abx. Instruction Mode: Lecture Grading Option: Letter

MTEC 474b Electronic Synthesizer Techniques
Units: 2, 3, 4 Terms Offered: FaSpSm Electronic music procedures in a multi-track studio. Computer applications. Duplicates Credit in former MUEA 474abx. Instruction Mode: Lecture Grading Option: Letter

MTEC 477 Remote Recording Techniques
Units: 2 Special problems of location recording; specialized equipment; microphone design and operation.

### Prerequisites:
- MTEC 275
- MTEC 446a
- MTEC 475
choral music and major choral-orchestral works from full score; special projects according to student's development and interests. Prerequisite: MUCD 441. Instruction Mode: Lecture Grading Option: Letter

MUCD 543 Instrumental Conducting III
Units: 2 Max Units: 4.0 Terms Offered: FaSp Problems in advanced conducting. Prerequisite: MUCD 443. Instruction Mode: Lecture Grading Option: Letter

MUCD 550 Orchestral Conducting Seminar
Units: 2 Max Units: 8.0 Terms Offered: FaSp Advanced instrumental conducting techniques. Literature drawn from music of all periods. Prerequisite: MUCD 441, MUCD 443, and admission as candidate for MM degree in conducting. Instruction Mode: Lecture Grading Option: Letter

MUCD 555 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Individual instruction in conducting. Prerequisite: MUCD 441. Instruction Mode: Lecture Grading Option: Letter

MUCD 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCD 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCD 641 Choral Conducting IV
Units: 2 Max Units: 8.0 Continuation of MUCD 541, including choral conducting pedagogy. Prerequisite: MUCD 541. Instruction Mode: Lecture Grading Option: Letter

MUCD 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Prerequisite: MUCD 441. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCD 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

Choral Music

MUCM 320 Introduction to Choral Music
Units: 2 An introduction to the many facets of choral music. Founding in the intellectual and practical issues of choirs, singing, and choral literature. Recommended Preparation: ability to read music. Instruction Mode: Lecture Grading Option: Letter

MUCM 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration is permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUCM 440 Choral Development
Units: 2 Problems of achieving proper balance, blend, intonation, diction, precision, etc., in choral groups; criteria for selection of repertoire for particular groups. Instruction Mode: Lecture Grading Option: Letter

MUCM 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MUCM 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCM 541 Choral Literature I
Units: 2 Choral composition from c. 1500 to 1800. Performance and analysis of representative works. Instruction Mode: Lecture Grading Option: Letter

MUCM 542 Choral Literature II
Units: 2 19th and 20th century choral works; criteria for program building. Instruction Mode: Lecture Grading Option: Letter

MUCM 543 Seminar in Choral Music
Units: 2 Max Units: 4.0 Advanced choral techniques; historical, analytical and performance problems. Prerequisite: MUCM 641. Instruction Mode: Lecture Grading Option: Letter

MUCM 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Supervised research in preparation for the Master's recital. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCM 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCM 641 Choral Literature III
Units: 2 Detailed study of selected major choral works; historical context, score analysis, performance practices. Prerequisite: MUCM 541, MUCM 542. Instruction Mode: Lecture Grading Option: Letter

MUCM 643 Seminar in Choral Music II
Units: 2 Max Units: 4.0 Terms Offered: Sp Continuation of MUCM 543, with concentration on the conducting problems in major choral-orchestral works. Instruction Mode: Lecture Grading Option: Letter

MUCM 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUCM 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

MUCM 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

MUCM 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

MUCM 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

Composition

MUCO 101x Fundamentals of Music Theory
Units: 3 Terms Offered: FaSp An introductory course in music theory required for those majors in need of remedial training, and available to the general student who wishes to develop music writing skills. Recommended Preparation: ability to read music. Instruction Mode: Lecture Grading Option: Letter

MUCO 130ax Basics of Music Theory
Units: 3 Terms Offered: FaSpSm Study of music theory; scales, intervals, principles of common practice and popular music harmony; melodic, harmonic, and structural analysis; 20th century developments. Instruction Mode: Lecture Grading Option: Letter

MUCO 130bx Basics of Music Theory
Units: 3 Terms Offered: FaSpSm Study of music theory; scales, intervals, principles of common practice and popular music harmony; melodic, harmonic, and structural analysis; 20th century developments. Instruction Mode: Lecture Grading Option: Letter

MUCO 131a Harmony in Popular Music
Units: 2 Terms Offered: FaSpSm Study of harmony used in the popular music idiom, as well as diminished chord patterns, modulation techniques, basic modal theory, and principles of melodic construction. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUCO 131b Harmony in Popular Music
Units: 2 Terms Offered: FaSpSm Study of harmony used in the popular music idiom, as well as diminished chord patterns, modulation techniques, basic modal theory, and principles of melodic construction. Prerequisite: MUCO 131a. Instruction Mode: Lecture Grading Option: Letter

MUCO 132a Aural Skills I
Units: 2 Terms Offered: FaSpSm Sight-singing, dictation, related keyboard application. Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 132b Aural Skills I
Units: 2 Terms Offered: FaSp Sm Study of sight-singing, dictation, related keyboard application. Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 133a Theory I
Units: 3 Terms Offered: FaSp Notation, scales, intervals; introduction to counterpoint; harmonic principles of the common practice period; analysis, written work. Concurrent Enrollment: Concurrent registration in Aural Skills required. Instruction Mode: Lecture Grading Option: Letter
MUCO 133b Theory I
Units: 3 Terms Offered: FaSp Continuation of MUCO 133a; elements of form; application of analysis to performance. Concurrent Enrollment: Concurrent registration in Aural Skills required. Instruction Mode: Lecture Grading Option: Letter

MUCO 135 Counterpoint I
Units: 2 Terms Offered: FaSpSrSM The study of the techniques of modal counterpoint; exercises in two-, three- and four-part writing in 16th century style. Corequisite: MUCO 137a. Instruction Mode: Lecture Grading Option: Letter

MUCO 137a Composition I
Units: 4 Beginning exercises in composing, initial composition projects, study, lectures and class discussions of selected compositions from the repertory. Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 137b Composition I
Units: 4 Beginning exercises in composing, initial composition projects, study, lectures and class discussions of selected compositions from the repertory. Prerequisite: MUCO 137a Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 140 Music for Dancers
Units: 2 Practical understanding and perception of music coupled with the ability to follow a score and understand the work in relation to dance. Instruction Mode: Lecture Grading Option: Letter

MUCO 221ax Composition for Non-Majors
Units: 2 Terms Offered: FaSp Introduction to the composition of concert music. Includes set exercises, free composition, study of selected compositions. Intended for interested, qualified students not majoring in composition. Prerequisite: MUCO 221a; Recommended Preparation: MUCO 130b, MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUCO 221bx Composition for Non-Majors
Units: 2 Terms Offered: FaSp Introduction to the composition of concert music. Includes set exercises, free composition, study of selected compositions. Intended for interested, qualified students not majoring in composition. Prerequisite: MUCO 221a; Recommended Preparation: MUCO 130b, MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUCO 232a Aural Skills II
Units: 2 Terms Offered: FaSp Continuation of MUCO 132a, MUCO 132b. Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 232b Aural Skills II
Units: 2 Terms Offered: FaSp Continuation of MUCO 132a, MUCO 132b. Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 233a Theory II
Units: 3 Terms Offered: Fa Analysis of representative pieces from the classic and romantic periods; exercises in composition. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUCO 233b Theory II
Units: 3 Terms Offered: Sp Survey of 20th century developments; composition utilizing 20th century techniques. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter

MUCO 235 Counterpoint II
Units: 2 Terms Offered: Sp Studies in tonal counterpoint; two- and four-part counterpoint in 18th century style; polyphonic variations; inventions. Prerequisite: MUCO 137b. Instruction Mode: Lecture Grading Option: Letter

MUCO 236 Orchestration I
Units: 2 Terms Offered: Fa Introduction to the principles of instrumentation; ranges techniques, timbres; transpositions of orchestral instruments; beginning exercises in orchestration. Prerequisite: MUCO 137b. Instruction Mode: Lecture Grading Option: Letter

MUCO 237a Composition II
Units: 4 Composition in shorter forms, continuation of score analysis and listening assignments. Prerequisite: MUCO 137b Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 237b Composition II
Units: 4 Composition in shorter forms, continuation of score analysis and listening assignments. Prerequisite: MUCO 237a Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 300 Theory Review
Units: 1 Terms Offered: FaSpSrSM Review of materials covered in Theory I and II. For students whose entrance examination in music theory indicates the need for further study. Instruction Mode: Lecture Grading Option: Letter

MUCO 321x Composition for Non-Majors II
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSrSM Individual instruction in composition for non-composition majors. Continuation of MUCO 221a, MUCO 221b. Prerequisite: MUCO 221b. Instruction Mode: Lecture Grading Option: Letter

MUCO 333 Aural Skills Review
Units: 1 Terms Offered: FaSpReview of the materials covered in Aural Skills I, II, and III. For students whose entrance examination in aural skills indicates the need for further study. Instruction Mode: Lecture Grading Option: Letter

MUCO 336a Orchestration II
Units: 2 Terms Offered: FaSp Intermediate exercises in orchestration, including scoring for chamber ensembles and orchestra; study of the history of orchestration. Prerequisite: MUCO 236. Instruction Mode: Lecture Grading Option: Letter

MUCO 336b Orchestration II
Units: 2 Terms Offered: FaSp Intermediate exercises in orchestration, including scoring for chamber ensembles and orchestra; study of the history of orchestration. Prerequisite: MUCO 236. Instruction Mode: Lecture Grading Option: Letter

MUCO 337a Composition III
Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 237b Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 337b Composition III
Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 337a Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 338x Elementary Orchestration
Units: 2 Terms Offered: Fa Range, techniques, timbres, transposition of orchestral instruments; exercises in orchestration. Recommended Preparation: MUCO 233b. Instruction Mode: Lecture Grading Option: Letter

MUCO 339 Orchestration Review
Units: 1 Terms Offered: FaSpSrSM Review of materials covered in elementary orchestration; for students whose entrance examination in orchestration indicates a need for further study. Instruction Mode: Lecture Grading Option: Letter

MUCO 341 Counterpoint Review
Units: 1 Terms Offered: SpSm Review of materials covered in tonal counterpoint. For students whose entrance examination in counterpoint indicates the need for further study. For graduate students only. Instruction Mode: Lecture Grading Option: Letter

MUCO 360 Music Notation and Copying
Units: 1 Development of skills in music calligraphy. Instruction Mode: Lecture Grading Option: Letter

MUCO 370a Arranging for the Recording Media
Units: 2 Arranging and composing for studio recording ensembles. Instruction Mode: Lecture Grading Option: Letter

MUCO 370b Arranging for the Recording Media
Units: 2 Arranging and composing for studio recording ensembles. Instruction Mode: Lecture Grading Option: Letter

MUCO 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUCO 406a Contemporary Notation
Units: 2 Notating new music; study and comparison of representative scores. Instruction Mode: Lecture Grading Option: Letter

MUCO 406b Contemporary Notation
Units: 2 Notating new music; study and comparison of representative scores. Instruction Mode: Lecture Grading Option: Letter

MUCO 422 Composers and Interdisciplinary Art Studies
Units: 2 Max Units: 6.0 A structured collaboration between composers and artists outside of music to explore an interdisciplinary area in an environment of practical collaborative creation. Prerequisite: MUCO 133b. Instruction Mode: Lecture Grading Option: Letter
MUCO 425 Instrumental Music of Debussy and Ravel  
Units: 2 Critical examination of the piano, chamber, and orchestral scores; comparison of styles, techniques and aesthetics of these "Impressionist" composers. Prerequisite: MUCO 336a or MUCO 338; MUHL 331; MUHL 332. Instruction Mode: Lecture Grading Option: Letter

MUCO 432a Advanced Theory  
Units: 1 or 2 Special problems in music theory. Instruction Mode: Lecture Grading Option: Letter

MUCO 432b Advanced Theory  
Units: 1 or 2 Special problems in music theory. Instruction Mode: Lecture Grading Option: Letter

MUCO 434 Analytical Techniques  
Units: 2 Selected analytical topics. Prerequisite: MUCO 232b, MUCO 233b. Instruction Mode: Lecture Grading Option: Letter

MUCO 435 Counterpoint III  
Units: 2 Terms Offered: Fa Canon and fugue; 19th and 20th century developments. Prerequisite: MUCO 235. Instruction Mode: Lecture Grading Option: Letter

MUCO 436 Orchestration III  
Units: 2 Terms Offered: Sp Continuation of Orchestration II. Prerequisite: MUCO 336a, MUCO 336b. Instruction Mode: Lecture Grading Option: Letter

MUCO 437a Composition IV  
Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 437b Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 437b Composition IV  
Units: 2 Individual instruction in composition; preparation for the senior recital. Prerequisite: MUCO 437a Instruction Mode: Lecture, Lab Grading Option: Letter

MUCO 438 Arranging for Marching Band  
Units: 2 Fundamental concepts; instrumental capabilities; notation; color and scoring; modulation; percussion writing. Prerequisite: MUCO 336b or MUCO 338. Instruction Mode: Lecture Grading Option: Letter

MUCO 439 Band Arranging  
Units: 2 Max Units: 4.0 Characteristics and use of individual instruments; writing for separate choirs; chamber and solo writing; scoring piano, organ, and orchestral music for band. Prerequisite: MUCO 237b, MUCO 336b or MUCO 338. Instruction Mode: Lecture Grading Option: Letter

MUCO 441 Choral Arranging  
Units: 1, 2 Max Units: 4.0 Terms Offered: FaSpSm Arranging and composing for chorus. Prerequisite: MUCO 233b. Instruction Mode: Lecture Grading Option: Letter

MUCO 470 Electroacoustic Composition  
Units: 2 Electronic music for the composer: history of means and styles, aesthetic issues and practical problems, computer usages, bibliography and repertoire. Recommended Preparation: MTEC 474a. Instruction Mode: Lecture Grading Option: Letter

MUCO 490x Directed Research  
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MUCO 499 Special Topics  
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUCO 501 Introduction to the Analysis of Tonal Music  
Units: 2 Terms Offered: FaSp Survey of common practice period (1650–1900) approaches to phrase design, tonal organization and type-forms (binary, ternary, rondo, sonata). Instruction Mode: Lecture Grading Option: Letter

MUCO 502 Introduction to the Analysis of Post-Tonal Music  
Units: 2 Terms Offered: FaSpIntroductory survey of 20th/21st century approaches to the organization of pitch (serial, modal, extended tonal, etc.), rhythm, texture and form. Instruction Mode: Lecture Grading Option: Letter

MUCO 521x Composition for Non-Majors III  
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Individual instruction in composition. Prerequisite: submission of portfolio of musical compositions. Instruction Mode: Lecture Grading Option: Letter

MUCO 533a Analytical Approaches to Tonal Music  
Units: 2 Terms Offered: FaSp Introductory survey of essential structural and prolongational aspects of Schenkerian theory. Prerequisite: MUCO 501. Instruction Mode: Lecture Grading Option: Letter

MUCO 533b Analytical Approaches to Tonal Music  
Units: 2 Terms Offered: FaSp Application of the Schenkerian methods to individual movements and short pieces. Prerequisite: MUCO 501. Instruction Mode: Lecture Grading Option: Letter

MUCO 536 Advanced Orchestration I  
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Continuation of Orchestration III with emphasis on contemporary techniques. Instruction Mode: Lecture Grading Option: Letter

MUCO 537 Advanced Composition I  
Units: 1 or 2 Max Units: 8.0 For graduates with evidence of preparation for advanced work. Instruction Mode: Lecture Grading Option: Letter

MUCO 538a Analytical Approaches to Post-Tonal Music from 1908–1950  
Units: 2 Terms Offered: FaSp The breakdown of tonality, rise of atonal/pantonal pitch organization, new and extended approaches to tonality, modality. Prerequisite: MUCO 502. Instruction Mode: Lecture Grading Option: Letter

MUCO 538b Analytical Approaches to Post-Tonal Music from 1908–1950  
Units: 2 Terms Offered: FaSpContinuation of MUCO 538a; twelve-tone methods, just tuning systems, new approaches to rhythm, texture, timbre. Prerequisite: MUCO 502. Instruction Mode: Lecture Grading Option: Letter

MUCO 539a Theoretical and Aesthetic Issues in Music from 1950 to the Present  
Units: 2 Terms Offered: FaSp Anti-rationality and indeterminacy, ultra-rationality, and integral serialism, new performance procedures, electronic music and new technologies, minimalism. Prerequisite: MUCO 502. Instruction Mode: Lecture Grading Option: Letter

MUCO 539b Theoretical and Aesthetic Issues in Music from 1950 to the Present  
Units: 2 Terms Offered: FaSp Post-modernism of reaction, post-modernism of resistance, mannerist minimalism, anti-modernism. Prerequisite: MUCO 502. Instruction Mode: Lecture Grading Option: Letter

MUCO 548 Writer and Composer  
Units: 3 Terms Offered: Sp Structured collaboration among composers and poets. Activities include fundamentals of poetry, comparative analysis, creative projects. Instruction Mode: Lecture Grading Option: Letter

MUCO 550 Teaching Music Theory  
Units: 2 Comparative study of curricula, text materials, and teaching strategies in music theory. Instruction Mode: Lecture Grading Option: Letter

MUCO 571 Comparative Analytical Studies: Traditional Forms  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Analytical survey of the development of a specific form or genre. Specific emphasis to be determined by the department. Recommended Preparation: MUCO 501. Instruction Mode: Lecture Grading Option: Letter

MUCO 572 Comparative Analytical Studies: 20th/21st Century and Non-Traditional Forms  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm In-depth analysis of characteristic forms and genres of 20th century music or of other forms and genres that do not figure largely in the "common practice" tradition. Specific emphasis to be determined by the department. Recommended Preparation: MUCO 501. Instruction Mode: Lecture Grading Option: Letter

MUCO 573 Special Studies in Contrapuntal Music  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm In-depth analytical and historical study of contrapuntal techniques and styles. Emphasis to be determined by the department. Recommended Preparation: MUCO 501. Instruction Mode: Lecture Grading Option: Letter

MUCO 574 Special Studies in Tonal Analysis  
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Analytical study of major composers and/or problems in tonal music. Emphasis to be determined by the department. Recommended Preparation: MUCO 501. Instruction Mode: Lecture Grading Option: Letter

**MUCO 575 Special Studies in Post-Tonal Analysis**
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Analytical study of major composers and/or problems in post-tonal music. Emphasis to be determined by the department. Recommended Preparation: MUCO 502. Instruction Mode: Lecture Grading Option: Letter

**MUCO 576 Special Studies in Musical Aesthetics**
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm An investigation of aesthetics in general and the application of aesthetic theories to music; readings will be selected from pre-modern, modern, and post-modern texts. Recommended Preparation: MUCO 501 and MUCO 502. Instruction Mode: Lecture Grading Option: Letter

**MUCO 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUCO 592 Selected Topics in Graduate Composition**
Units: 2 Max Units: 8.0 Terms Offered: Irregular Seminar for graduate students in composition that addresses aesthetic, technical and analytical issues from a composer's perspective. Registration Restriction: Open only to theory and composition majors. Instruction Mode: Lecture Grading Option: Letter

**MUCO 594a Master's Thesis**
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 594b Master's Thesis**
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 594c Master's Thesis**
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 599 Special Topics**
Units: 2, 3, 4 Max Units: 8.0 Seminars in selected areas of study. Instruction Mode: Lecture Grading Option: Letter

**MUCO 633a Advanced Analysis of Tonal Music**
Units: 2 Application of Schenkerian techniques to large works. Prerequisite: MUCO 533b. Instruction Mode: Lecture Grading Option: Letter

**MUCO 633b Advanced Analysis of Tonal Music**
Units: 2 Criticisms and extensions of Schenker, semiotic approaches, theories of rhythmic structure. Prerequisite: MUCO 533b. Instruction Mode: Lecture Grading Option: Letter

**MUCO 636 Advanced Orchestration II**
Units: 1 or 2 Max Units: 4.0 Terms Offered: FaSp Continuation of Advanced Orchestration I with emphasis on historical survey of orchestral compositions and advanced orchestration projects. Prerequisite: MUCO 536. Instruction Mode: Lecture Grading Option: Letter

**MUCO 637 Advanced Composition II**
Units: 1, 2 Max Units: 4.0 Continuation of MUCO 537. For students holding the MM degree in composition. Prerequisite: MUCO 536, MUCO 637. Instruction Mode: Lecture Grading Option: Letter

**MUCO 737 Advanced Composition III**
Units: 1 or 2 Max Units: 8.0 Continuation of MUCO 637. Prerequisite: MUCO 536, MUCO 637. Instruction Mode: Lecture Grading Option: Letter

**MUCO 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUCO 794a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 794b Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**MUCO 794e Doctoral Dissertation**
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Music Teaching and Learning**

**MTAL 330 Fundamentals of Music**
Units: 4 Introduction to the content of music through an investigation of its melodic, rhythmic, and harmonic structure. Duplicates Credit in former MTAL 330x Instruction Mode: Lecture Grading Option: Letter

**MTAL 440a Music and Movement: The Orff Approach**
Units: 2 Orff Schulwerk techniques in rhythmic and melodic training through speech, singing, body percussion, playing Orff instruments, improvisation, and elemental movement. Certification available. Duplicates Credit in former MUED 440a Instruction Mode: Lecture Grading Option: Letter

**MTAL 440b Music and Movement: The Orff Approach**
Units: 2 Orff Schulwerk techniques in rhythmic and melodic training through speech, singing, body percussion, playing Orff instruments, improvisation, and elemental movement. Certification available. Prerequisite: MTAL 440a Duplicates Credit in former MUED 440b Instruction Mode: Lecture Grading Option: Letter

**MTAL 443 Teaching Vocal Jazz**
Units: 2 Strategies for teaching the principles of vocal jazz; historical perspective, repertoire, recordings, improvisation, scat, accompaniment, amplification, rehearsing, teaching sequences. No prior jazz experience necessary. Duplicates Credit in former MUED 443 Instruction Mode: Lecture Grading Option: Letter

**MTAL 449 Teaching Marching Band**
Units: 2 Modern school marching band techniques; precision drill; administration; rehearsal techniques. Duplicates Credit in former MUED 449 Instruction Mode: Lecture Grading Option: Letter

**MTAL 470 Improvisation and Composition for Teaching and Learning**
Units: 2 An introduction to the craft of musical improvisation and composition, developing personal and idiomatic vocabulary in a variety of traditional and contemporary musical styles. Instruction Mode: Lecture Grading Option: Letter

**MTAL 475 Teaching and Learning: Children**
Units: 2 Applied study of developmental, contextual, pedagogical and philosophical issues that underlie children's music learning experiences. Instruction Mode: Lecture Grading Option: Letter

**MTAL 476 Teaching and Learning: Youth**
Units: 2 Applied study of developmental, contextual, pedagogical and philosophical issues that underlie musical experiences of adolescents and young adults. Instruction Mode: Lecture Grading Option: Letter

**MTAL 477 Cultural Diversity in Music Teaching and Learning**
Units: 1 Study of cultural issues in music teaching and learning. Instruction Mode: Lecture Grading Option: Letter

**MTAL 480 Contemporary Pedagogy, Small Instrumental Ensembles**
Units: 3 Designed to cover traditional approaches to small group teaching in schools with contemporary techniques. Percussion, guitar, keyboard, informal instruments are featured. Also features a fieldwork component. Instruction Mode: Lecture, Lab Grading Option: Letter

**MTAL 481 Contemporary Pedagogy, Larger Instrumental Ensembles**
Units: 3 Traditional approaches to large group teaching in schools with contemporary techniques. Brass, woodwind and string instruments are featured. Features a fieldwork component. Instruction Mode: Lecture, Lab Grading Option: Letter

**MTAL 482 Contemporary Pedagogy, Vocal and General Music**
Units: 2 Designed to cover traditional approaches to vocal/general music group teaching in schools with contemporary techniques. Vocal and general music techniques are featured. Also features a fieldwork component. Instruction Mode: Lecture, Lab Grading Option: Letter

**MTAL 490x Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12 Individual research and readings. Registration Restriction: Open only to juniors and seniors Duplicates Credit in

### MTAL 490x Instruction Mode: Lecture Grading Option: Letter

#### MTAL 490x Special Topics

- **Units:** 2, 3, 4  
- **Max Units:** 8  
- **Selected topics of current interest reflective of changing trends in music education. Duplicates Credit in former MUED 499 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 500 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 500 Research Foundations in Music Teaching and Learning

- **Units:** 3  
- **Introductory exploration of types of research linked to research literature in music teaching and learning; interpreting research reports; organizing and writing research proposals and reports. Duplicates Credit in former MUED 500 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 501 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 501 Historical Foundations of Music Education

- **Units:** 3  
- **A contextual exploration of the historical development of American music education. Duplicates Credit in former MUED 501 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 502 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 502 Sociological Foundations of Music Teaching and Learning

- **Units:** 3  
- **Study of interdependent relationship between society, music and music education. Duplicates Credit in former MUED 502 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 503 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 503 Philosophical and Advocacy Issues in Music Teaching and Learning

- **Units:** 3  
- **Exploration of philosophical thinking in the field of music with emphasis on philosophical foundations for teaching and learning. Duplicates Credit in former MUED 503 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 504 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 504 Psychological Foundations of Music

- **Units:** 3  
- **Exploration of theories, research and practice in psychological foundations of music teaching and learning. Duplicates Credit in former MUED 504 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 505 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 505 Teaching and Learning Music

- **Units:** 2  
- **Studies of the latest resources concerning the teaching and learning of music so that musicians can function more effectively as both teachers and performers. Duplicates Credit in former MUED 505 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 510 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 510 Leading a Music Program in a Public School Setting

- **Units:** 2  
- **The philosophy and purposes of music programs combined with early field experiences, varied teaching strategies, and music learning assessment. Duplicates Credit in former MUED 510 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 535 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 535 Community Engagement Through Music

- **Units:** 2  
- **Explores the essential role of community and arts partnerships in music education with implications for the expanding entrepreneurial role of musicians/educators. Instruction Mode:** Lecture Grading Option: Letter

### MTAL 537 Community Engagement Models and Frameworks in Music

- **Units:** 3  
- **Explores frameworks of partnerships and community organizations to inform innovative design, negotiate complexity and problem-solve in community music organizations. Instruction Mode:** Lecture Grading Option: Letter

### MTAL 538 Music in the Community, Program Development and Evaluation

- **Units:** 2  
- **Explores the design and development of community music programs, including community needs assessment, program delivery and strategies and applications for program evaluation. Instruction Mode:** Lecture Grading Option: Letter

### MTAL 550 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 550 Teaching Music Fundamentals and Appreciation Courses

- **Units:** 2  
- **Purpose and objectives of music in general education. Survey of current approaches and materials. Duplicates Credit in former MUED 550 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 552 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 552 Music Education Courseware Development

- **Units:** 2  
- **Development of music education courseware using current technology. Two lecture hours per week. Duplicates Credit in former MUED 552 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 576 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 576 Using Technology in the Classroom

- **Units:** 2  
- **Study of the tools and knowledge necessary to the music educator to facilitate the application of computers and electronic music in music education. Duplicates Credit in former MUED 576 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 584 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 584 Early Childhood Music

- **Units:** 2  
- **An overview of significant developmental issues, current research, and appropriate practices for children from birth to age eight. Professor-guided practicum teaching. Duplicates Credit in former MUED 584 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 585 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 585 Research and Practice in Orff Schulwerk

- **Units:** 2  
- **Exploring research on the philosophical and historical bases of the Orff Schulwerk approach and acquiring skills in pedagogical applications in early childhood through collegiate settings. Duplicates Credit in former MUED 585 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 588 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 588 Guided Practice

- **Units:** 3  
- **Student teachers observe and teach under the guidance of a university supervisor (USC professor) and a master teacher. Instruction Mode:** Lecture, Lab Grading Option: Letter

### MTAL 589 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 589 Community Music Practicum

- **Units:** 2  
- **Max Units:** 4  
- **Provides structure and support as students design, develop and execute a community music project as part of an existing organization or a new endeavor. Instruction Mode:** Lecture Grading Option: Letter

### MTAL 590 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 590 Directed Research

- **Units:** 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  
- **Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former MUED 590 Instruction Mode:** Lecture Grading Option: Credit/No Credit

### MTAL 592 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 592 Final Project

- **Units:** 2  
- **Required for the Master of Music, Teaching and Learning degree. Credit upon acceptance. Prerequisite:** MTAL 500 Instruction Mode: Lecture Grading Option: Credit/No Credit

### MTAL 594a Instruction Mode: Lecture Grading Option: Letter

#### MTAL 594a Master's Thesis

- **Units:** 2  
- **Credit on acceptance of thesis. Registration Restriction:** Open only to master students Duplicates Credit in former MUED 594a Instruction Mode:** Lecture Grading Option: In Progress/Credit/No Credit

### MTAL 594b Instruction Mode: Lecture Grading Option: Letter

#### MTAL 594b Master's Thesis

- **Units:** 0  
- **Credit on acceptance of thesis. Prerequisite:** MTAL 594b Registration Restriction: Open only to master students Duplicates Credit in former MUED 594b Instruction Mode:** Lecture Grading Option: In Progress/Credit/No Credit

### MTAL 599 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 599 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 599 Special Topics

- **Units:** 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12  
- **Selected topics of current interest reflective of changing trends in music education. Duplicates Credit in former MUED 599 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 605 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 605 College Teaching in Music Education

- **Units:** 2  
- **Exploration of music education faculty duties at the collegiate level, such as teaching general/secondary methods, working with student teachers, leading professional organizations, and conducting research. Duplicates Credit in former MUED 605 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 606 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 606 Internship in Collegiate Music Education

- **Units:** 3  
- **Students intern with USC professors in training music teachers in traditional and alternative music education practices. Duplicates Credit in former MUED 606 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 607 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 607 Alternative Models in Music Teaching and Learning

- **Units:** 2  
- **Exploration of community music programs in the U.S. and beyond with emphasis on philosophical, sociological, structural and cultural bases for the diverse programs. Duplicates Credit in former MUED 607 Instruction Mode:** Lecture Grading Option: Letter

### MTAL 608 Instruction Mode: Lecture Grading Option: Letter

#### MTAL 608 Creative Thinking in Music

- **Units:** 3  
- **Review of important developments in research and practice for the encouragement of creative thinking in music for music teaching and learning. Instruction Mode:** Lecture Grading Option: Letter
**COURSES OF INSTRUCTION**

**MTAL 615 Assessment and Reflective Practice**
Units: 2 Examination of major aspects of measurement and evaluation that comprise the art of assessment of music teaching and learning. **Recommended Preparation:** MTAL 500
Instruction Mode: Lecture Grading Option: Letter

**MTAL 650 Pedagogy for Collegiate Music Appreciation and Fundamentals**
Units: 2 Design and teaching strategies for collegiate music appreciation and fundamentals classes developed for the adult, non music major student. Duplicates Credit in former MUED 650
Instruction Mode: Lecture Grading Option: Letter

**MTAL 652 Pedagogy for Collegiate Teaching**
Units: 2 A preparation for teaching in the modern university environment, examining the role of the professor, and focusing on the development of innovative collegiate teaching skills. Duplicates Credit in former MUED 794
Instruction Mode: Lecture Grading Option: Letter

**MTAL 720 Quantitative Research in Music Teaching and Learning**
Units: 3 Survey of theories, concepts and procedures for designing, conducting and evaluating quantitative research studies in music teaching and learning. **Prerequisite:** Duplicates Credit in former MUED 792
Instruction Mode: Lecture Grading Option: Letter

**MTAL 721 Qualitative Research in Music Teaching and Learning**
Units: 3 Survey of theories, concepts and tools for designing, conducting and evaluating qualitative studies in music teaching and learning. **Prerequisite:** Duplicates Credit in former MUED 793
Instruction Mode: Lecture Grading Option: Letter

**MTAL 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former MUED 790
Instruction Mode: Lecture Grading Option: Credit/No Credit

**MTAL 791 Pedagogical Writing and Media in Music Education**
Units: 3 Development of skills in pedagogical writing for professional journals, text books, and multimedia publications, and knowledge of publishing procedures for compositions and arrangements. Duplicates Credit in former MUED 791
Instruction Mode: Lecture Grading Option: Credit/No Credit

**MTAL 794a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Duplicates Credit in former MUED 794a
Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. **Prerequisite:** MTAL 794b Registration
Restriction: Open only to doctoral students Duplicates Credit in former MUED 794c
Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. **Prerequisite:** MTAL 794c Registration
Restriction: Open only to doctoral students Duplicates Credit in former MUED 794d
Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**MTAL 794z Doctoral Dissertation**
Units: 0 Credit on acceptance of dissertation. **Prerequisite:** MTAL 794d Registration
Restriction: Open only to doctoral students Duplicates Credit in former MUED 794z
Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

**Music Ensemble**
Large ensemble requirements in undergraduate curricula must be fulfilled by the following ensembles: University Chorus (MUEN 307); Men's Chorus (MUEN 308); Oriana Choir (MUEN 311); University Concert Choir (MUEN 310); Chamber Choir (MUEN 312); USC Symphony (MUEN 320); USC Concert Orchestra (MUEN 321); University Wind Ensemble (MUEN 323); or University Band (MUEN 324).
Exceptions to the above policies include: Contemporary Music Ensemble and Early Music Ensemble may fulfill the large ensemble requirement for instrumental majors, with the approval of the conductor of University Symphony or Wind Ensemble and the chair of the student's major department. Music Education majors with an instrumental emphasis must take one semester of a choral ensemble.
Composition majors must register for at least 2 units in a choral ensemble. Students majoring in Strings, Vocal Arts, or Wind and Percussion may not count USC Concert Orchestra toward their large ensemble requirement. Vocal Arts majors must register for University Concert Choir, USC Chamber Choir, or USC Oriana Choir to fulfill their large ensemble requirement. Further exceptions may be made subject to departmental approval and approval of the conductor of the appropriate large ensemble.

**MUEN 202 Trojan Marching Band**
Units: 1 Rehearsal and participation in performances for athletic and other university functions. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 305 Vocal Jazz Ensemble**
Units: 1 Terms Offered: FaSp Study and performance of vocal ensemble literature from the Jazz idiom, with emphasis on improvisational techniques. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 307 University Chorus**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of choral literature from all periods of music history. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 308 USC Men's Chorus**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of choral repertoire from all periods written for male voices. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 310 University Concert Choir**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Performance of choral works of all styles and periods. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 311 USC Oriana Choir**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Study and performance of operatic choruses and extended ensembles of all styles and periods. Duplicates Credit in former MUEN 214 and MUEN 414. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 320 USC Symphony**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of orchestra repertoire. Duplicates Credit in former MUEN 220 and MUEN 420. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 321 USC Concert Orchestra**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of orchestra repertoire. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 322 Trojan Marching Band**
Units: 1 Max Units: 4.0 Continuation of MUEN 222. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 323 University Wind Ensemble**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and participation in concert programs. Duplicates Credit in former MUEN 223 and MUEN 423. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 324 University Band**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of standard repertoire. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUEN 325 Wind and Percussion Chamber Music**
Units: 1 Max Units: 8.0 Terms Offered: FaSp Performance of chamber music for wind and percussion instruments. Duplicates Credit in former MUEN 225 and MUEN 425. Instruction Mode: Lecture Grading Option: Credit/No Credit
MUEN 326 Guitar Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Rehearsal and performance of literature composed, transcribed and arranged for small ensembles, including literature for small ensembles of guitar and other instruments, as well as voice. Duplicates Credit in former MUEN 226 and MUEN 426. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 327 String Chamber Music
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Study of solo ensemble vocal literature such as duets, trios, quartets, madrigals, etc. as well as voice. Duplicates Credit in former MUEN 227 and MUEN 427. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 328 Keyboard Collaboration
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Preparation and performance of literature for piano with voice and string, woodwind, brass and percussion instruments. Duplicates Credit in former MUEN 428. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 329 Jazz Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Rehearsal and performance of literature written for large jazz ensemble. Duplicates Credit in former MUEN 229 and MUEN 429. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 330 Contemporary Music Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Performance of 20th-century music; readings of student and faculty compositions; experimental music; guest conductors, composers, performers; annual concert series. Duplicates Credit in former MUEN 230 and MUEN 430. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 331 Guitar Big Band
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Rehearsal and preparation of big band literature adapted for large guitar ensemble. Guitarists perform in place of the traditional trumpet, trombone and sax sections. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 332 Jazz Chamber Music
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Preparation and performance of literature for jazz chamber groups. Duplicates Credit in former MUEN 232 and MUEN 432. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 335 University Brass Band
Units: 1 Max Units: 8.0 Terms Offered: FaSp
The study, rehearsal and performance of standard brass choir and brass band literature. Duplicates Credit in former MUEN 235 and MUEN 435. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 344 Vocal Chamber Music
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Study of solo ensemble vocal literature such as duets, trios, quartets, madrigals, etc. Duplicates Credit in former MUEN 244 and MUEN 444. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 350 Early Music Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp
Rehearsal and performance of vocal and instrumental ensemble music of the Renaissance and Baroque, with emphasis on chamber music for solo voices and bowed and plucked strings. Instrumentalists are required to perform on either their own or the school's historical instruments. Duplicates Credit in former MUEN 250 and MUEN 450. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUEN 505 Vocal Jazz Ensemble
Units: 1 Terms Offered: FaSp
Study and performance of vocal ensemble literature from the Jazz idiom, with emphasis on improvisational techniques. Instruction Mode: Lecture Grading Option: Letter

MUEN 507 University Chorus
Units: 1 Terms Offered: FaSp
Rehearsal and performance of choral literature from all periods of music history. Instruction Mode: Lecture Grading Option: Letter

MUEN 508 USC Men's Chorus
Units: 1 Terms Offered: FaSp
Rehearsal and performance of choral repertoire from all periods written for male voices. Instruction Mode: Lecture Grading Option: Letter

MUEN 510 University Concert Choir
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Performance of choral works of all styles and periods. Instruction Mode: Lecture Grading Option: Letter

MUEN 511 USC Oriana Choir
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and performance of advanced chamber music written for women's voices. Instruction Mode: Lecture Grading Option: Letter

MUEN 512 Chamber Singers
Units: 1 Max Units: 4.0 Performance of Choral Music and choral masterworks from the 16th century to the present. Instruction Mode: Lecture Grading Option: Letter

MUEN 514 Opera Chorus
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Study and performance of operatic chorasues and extended ensembles of all styles and periods. Duplicates Credit in former MUEN 414. Instruction Mode: Lecture Grading Option: Letter

MUEN 520 USC Symphony
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and performance of orchestra repertoire. Duplicates Credit in former MUEN 420. Instruction Mode: Lecture Grading Option: Letter

MUEN 521 USC Concert Orchestra
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and performance of orchestra repertoire. Instruction Mode: Lecture Grading Option: Letter

MUEN 523 University Wind Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and participation in concert programs. Duplicates Credit in former MUEN 423. Instruction Mode: Lecture Grading Option: Letter

MUEN 525 Wind and Percussion Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Performance of chamber music for wind and percussion instruments. Duplicates Credit in former MUEN 425. Instruction Mode: Lecture Grading Option: Letter

MUEN 526 Guitar Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and performance of literature composed, transcribed and arranged for small ensembles, including literature for small ensembles of guitar and other instruments, as well as voice. Duplicates Credit in former MUEN 426. Instruction Mode: Lecture Grading Option: Letter

MUEN 527 String Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Preparation and performance of small ensemble literature for strings. Duplicates Credit in former MUEN 427. Instruction Mode: Lecture Grading Option: Letter

MUEN 528 Keyboard Collaboration
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Continuation of MUEN 528. Instruction Mode: Lecture Grading Option: Letter

MUEN 529 Jazz Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and performance of literature written for large jazz ensemble. Duplicates Credit in former MUEN 429. Instruction Mode: Lecture Grading Option: Letter

MUEN 530 Contemporary Music Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Performance of 20th-century music; readings of student and faculty compositions; experimental music; guest conductors, composers, performers; annual concert series. Duplicates Credit in former MUEN 430. Instruction Mode: Lecture Grading Option: Letter

MUEN 531 Guitar Big Band
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and preparation of big band literature adapted for large guitar ensemble. Guitarists perform in place of the traditional trumpet, trombone and sax sections. Instruction Mode: Lecture Grading Option: Letter

MUEN 532 Jazz Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Preparation and performance of advanced literature for jazz chamber groups. Instruction Mode: Lecture Grading Option: Letter

MUEN 535 University Brass Band
Units: 1 Max Units: 4.0 The study, rehearsal and performance of standard brass choir and brass band literature. Duplicates Credit in former MUEN 435. Instruction Mode: Lecture Grading Option: Letter

MUEN 544 Vocal Chamber Music
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Study of solo ensemble vocal literature such as duets, trios, quartets, madrigals, etc. Duplicates Credit in former MUEN 444. Instruction Mode: Lecture Grading Option: Letter

MUEN 550 Early Music Ensemble
Units: 1 Max Units: 4.0 Terms Offered: FaSp
Rehearsal and performance of vocal
and instrumental ensemble music of the Renaissance and Baroque, with emphasis on chamber music for solo voices and bowed or plucked strings. Instrumentalists are required to perform on either their own or the school’s historical instruments. Duplicates Credit in former MUEN 450. Instruction Mode: Lecture Grading Option: Letter

MUEN 628 Keyboard Collaboration
Units: 1 Max Units: 4.0 Terms Offered: FaSp Continuation of MUEN 328. Instruction Mode: Lecture Grading Option: Letter

MUEN 650 Early Music Ensemble
Units: 1 Max Units: 8.0 Terms Offered: FaSp Rehearsal and performance of vocal and instrumental music of the Renaissance and Baroque era; emphasis is on large- and small-scale chamber works. Instrumentalists are required to perform on historical instruments. Instruction Mode: Lecture Grading Option: Letter

Music History and Literature

MUHL 231 Music History
Units: 3 Terms Offered: Fa A study of the musical styles and genres from antiquity to c. 1680 within their historical context. Detailed analysis of selected works. Prerequisite: MUCO 132b, MUCO 133b. Duplicates Credit in MUHL 385a. Instruction Mode: Lecture Grading Option: Letter

MUHL 232 Music History II
Units: 3 Terms Offered: Sp A study of the musical styles and genres from c. 1680 to c. 1850 within their historical context. Detailed analysis of selected works. Prerequisite: MUCO 132b, MUCO 133b. Duplicates Credit in MUHL 385b. Instruction Mode: Lecture Grading Option: Letter

MUHL 250g Music and Ideas
Units: 4 A topical study of critical issues and cultural relationships found in music from antiquity to the present and across musical genres and styles. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture, Discussion Grading Option: Letter

MUHL 331 Music History III
Units: 3 A study of the musical styles and genres from c. 1850 to the present within their historical context. Detailed analysis of selected works. Prerequisite: MUCO 132b, MUCO 133b, Recommended Preparation: MUCO 232b, MUCO 233b. Duplicates Credit in former MUHL 280a. Instruction Mode: Lecture Grading Option: Letter

MUHL 332 Studies in Musical Culture
Units: 3 Special musical repertoires, issues, and critical problems; emphasis determined by the department. Recommended Preparation: MUHL 231, MUHL 232, MUEN 331, MUCL 232b, MUCO 233b. Duplicates Credit in former MUHL 280b. Instruction Mode: Lecture Grading Option: Letter

MUHL 333 Music History Review
Units: 1, 2 Terms Offered: FaSp Sm Supervised review of the materials covered in undergraduate music history courses for students whose music history examinations indicate the need for further study.

MUHL 350g Western Art Music History I
Units: 4 A study of the musical styles and genres from antiquity through early modern periods within their historical context. Detailed analysis of selected works. Recommended Preparation: MUHL 250g Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

MUHL 351 Western Art Music History II
Units: 4 A study of the musical styles and genres in the late modern and contemporary eras within their historical context. Detailed analysis of selected works. Recommended Preparation: MUHL 250g and MUHL 350 Instruction Mode: Lecture Grading Option: Letter

MUHL 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUHL 403 Armenian Musical Culture
Units: 2 Study of the four branches of Armenian music within the context of past and present Armenian culture. Instruction Mode: Lecture Grading Option: Letter

MUHL 476 Music Criticism
Units: 2 Procedure and practice in forming critical judgments of music and in writing music criticism; practical journalism; professional and community ethics. Instruction Mode: Lecture Grading Option: Letter

MUHL 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MUHL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUHL 550 Music and the Holocaust
Units: 2 Study of the creation and performance of Holocaust-related music from 1933 to the present, including interaction with other arts. Prerequisite: MUHL 570 Instruction Mode: Lecture Grading Option: Letter

MUHL 560 Studies in World Music I
Units: 2 Terms Offered: Fa The indigenous and syncretic musics of Africa, India, Indonesia, and the Balkan countries. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 561 Studies in World Music II
Units: 2 Terms Offered: Sp The indigenous and syncretic musics of the post-Soviet political landscape, the Far East, the Middle East, and Latin America. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 570 Research Materials and Techniques
Units: 2 Terms Offered: FaSpSm Introduction to music research, information science and technical writing. Required of all graduate students majoring in music. Instruction Mode: Lecture Grading Option: Letter

MUHL 572 Seminar in Historical Musical Notation
Units: 2 Terms Offered: Fa Performing, reading, and editing historical notation from original sources. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 573 Music of the Middle Ages
Units: 2, 2 years Terms Offered: SpSm Chief musical developments in Western Europe from the beginning of the Christian era to the middle of the 14th century. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 574 Music of the Renaissance
Units: 2, 2 years Terms Offered: SpSm Chief musical developments in Western Europe from the middle of the 14th century to the end of the 16th. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 575 Music of the Baroque Era
Units: 2, 2 years Terms Offered: FaSm Styles, forms, composers, and compositions of the Baroque era. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 576 Music of the Classical Period
Units: 2, 2 years Terms Offered: SpSm Development of classical music, including symphonic music, opera, and chamber music. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 577 Music of the 19th Century
Units: 2, 2 years Terms Offered: FaSm Vocal and instrumental music of the Romantic era from late Beethoven through Brahms. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 578 Music since 1900
Units: 2 Terms Offered: FaSpSm Musical developments in Europe and the Americas from 1900 to the present. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 579 Studies in Music History
Units: 4 Max Units: 16.0 Terms Offered: FaSp Intensive study of major problems, issues, and interpretations in the history of music. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 580 Historical Perspectives in Jazz
Units: 2 Chief musical developments in the principal styles of Jazz from their inception to the present. Prerequisite: graduate standing or departmental approval. Instruction Mode: Lecture Grading Option: Letter

MUHL 583 Special Studies in Medieval Music
Units: 2 Max Units: 4.0 Terms Offered: Irregular Music problems and composers of the period. Specific emphasis to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture
MUHL 584 Special Studies in Renaissance Music
Units: 2 Max Units: 4.0 Terms Offered: Irregular Music problems and composers of the period. Specific emphasis to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 585 Special Studies in Baroque Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Music problems and composers of the period. Specific emphasis to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 586 Special Studies in the Music of the Classical Period, 1730–1800
Units: 2 Max Units: 6.0 Terms Offered: Irregular Music problems and composers of the period. Specific emphasis to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 587 Special Studies in the Music of the 19th Century
Units: 2 Max Units: 6.0 Terms Offered: Irregular Music problems and composers of the period. Specific emphasis to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 588 Special Studies in Music since 1900
Units: 2 Max Units: 6.0 Music problems and composers of the period. Specific emphasis to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 589 Seminar in Renaissance Repertories and Performance Practice
Units: 2 Terms Offered: Sp Study and discussion of Renaissance music sources and performance practice treatises. Corequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUHL 591 Seminar in Baroque Repertories and Performance Practice
Units: 2 Study and discussion of Baroque music sources and performance practice treatises. Corequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUHL 592 Seminar in Classical Repertories and Performance Practice
Units: 2 Study and discussion of Classical music sources and performance practice treatises. Corequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUHL 593 Seminar in Medieval Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 594 Seminar in Baroque Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 595 Seminar in Renaissance Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 596 Seminar in Classical Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 597 Seminar in Romantic Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 598 Seminar in Renaissance
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 599 Seminar in Medieval Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 681 Studies in Musicology
Units: 4 Max Units: 16.0 Terms Offered: FaSp Close study of musical repertories and issues (particularly ones transcending period divisions), with emphasis on recent scholarship and methodologies. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 682 Seminar in Medieval Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 683 Seminar in Renaissance Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 684 Seminar in Renaissance
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 685 Seminar in Baroque Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 686 Seminar in Classical Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 687 Seminar in Romantic Music
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 688 Seminar in Music since 1900
Units: 2 Max Units: 6.0 Terms Offered: Irregular Problems and composers of the period; specific emphasis determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Letter

MUHL 690 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Prerequisite: MUHL 570. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUHL 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

MUHL 794c Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Music Industry
MUIN 270 Introduction to the Music Industry
Units: 4 Terms Offered: FaSp A survey of the music business with emphasis on distribution of recorded music, music publishing, performance rights societies, record companies, agents, personal managers and contracts. Instruction Mode: Lecture Grading Option: Letter

MUIN 272x Basics of the Music Industry
Units: 4 Terms Offered: FaSp Introductory survey of the music business. Topics include: copyright, record companies, contracts, music publishing, performance rights societies, managers, agents, and other artist team/income considerations. Duplicates Credit in former MUIN 372ax. Instruction Mode: Lecture Grading Option: Letter

MUIN 280 Communications in the Music Industry
Units: 4 A survey of the music industry communications including radio, television, film, satellite communications, records, compact disc, cassette, cable and any future forms of transmission and delivery systems. Instruction Mode: Lecture Grading Option: Letter

MUIN 286 Record Production Management
Units: 2 Terms Offered: FaSp Function of the record producer, studio procedures, music business law, union relations, artist management, copyright and publishing agreements, record company structure. Instruction Mode: Lecture Grading Option: Letter

MUIN 287 The Business and Economics of
the Recording Industry
Units: 2 Terms Offered: Fa Economic considerations of home, studio and location recording. Equipment, labor, facilities, media, legal and tax considerations will be explored. Instruction Mode: Lecture Grading Option: Letter
MUIN 320 Critical Listening, Acoustics and Audio Perception
Units: 4 Development of perceptual skills for detailed analysis and awareness of the timbral, dynamic, temporal and spatial attributes of sound as they relate to audio production. Instruction Mode: Lecture, Lab Grading Option: Letter
MUIN 340 Introduction to Sound Reinforcement
Units: 4 Terms Offered: FaSpSm An introduction to the practical application of large scale sound reinforcement for concerts, sporting events, church services and convention situations. Instruction Mode: Lecture Grading Option: Letter
MUIN 360 Introduction to Music Law
Units: 4 Terms Offered: FaSp A study of entertainment law with a focus on the music industry. Areas of study include contracts, domestic practices, international practices, copyright protection, trademarks. Prerequisite: MUIN 270. Instruction Mode: Lecture Grading Option: Letter
MUIN 370 Music Publishing and Licensing
Units: 2 Terms Offered: Sp A contemporary survey of the methods used to monetize music through licensing/media placement, covering music publishing, songwriter agreements, performance rights and licenses for traditional/new media. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter
MUIN 372 Business and Legal Aspects of the Music Industry
Units: 4 An intermediate/advanced-level survey of music copyright law, artist contract analysis, infringement case studies as they affect modern/emerging business models and global music licensing. Prerequisite: MUIN 270 or MUIN 272x Duplicates Credit in former MUIN 372b Instruction Mode: Lecture Grading Option: Letter
MUIN 385 Radio in the Music Industry
Units: 4 Terms Offered: Fa A survey of radio; its operation and effect on the music industry. Topics include advertising, playlists, program direction, FCC, networks, news, promotion, payola and format development. Instruction Mode: Lecture, Discussion Grading Option: Letter
MUIN 410 Marketing, Branding and Strategic Alliances in Music
Units: 2 Terms Offered: FaSp An in-depth study of music marketing, non-traditional revenue streams for artists, musicians, and labels including artist endorsements, artist tour sponsorships, digital music programs, music licensing, merchandise, and a primary focus on brand partnership deals in the music space. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter
MUIN 420 DIY Music Marketing
Units: 2 Terms Offered: FaSp An exploration of the most current and effective marketing strategies and online branding tools for promoting, monetizing, and sustaining the career of the independent creative artist. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter
MUIN 425 Live Music Production and Promotion
Units: 4 A survey of the presentation of the live musical experience. Both classical and popular concert presentation will be examined including venue selection, promotion and security. Instruction Mode: Lecture Grading Option: Letter
MUIN 430 Artist Management and Development
Units: 4 A study of issues relating to the personal management of music artists including negotiating contracts, image, career development, agents, touring, merchandising, fees and duties. Instruction Mode: Lecture, Discussion Grading Option: Letter
MUIN 435 Manufacture and Distribution of Musical Products
Units: 4 Terms Offered: Sp An in-depth study of musical instrument manufacture and distribution in the United States. Topics covered include sheet music, instrument rentals, lessons and band operations. Instruction Mode: Lecture Grading Option: Letter
MUIN 440 Arts Management
Units: 4 Terms Offered: FaSp A survey of the management of non-profit and for-profit arts organizations with emphasis on funding, donor development tax status and promotion. Instruction Mode: Lecture Grading Option: Letter
MUIN 443 The Business of Music for Visual Media
Units: 4 Terms Offered: FaSpSm Introduction to music designed for synchronization to picture including history of music in cinema, music editing, supervision, music rights licensing, production, and music scoring procedures. Prerequisite: MUIN 360 or MUIN 372. Instruction Mode: Lecture Grading Option: Letter
MUIN 444 Music Supervision
Units: 4 An advanced focus on the music supervisor's role, working with directors, producers, licensing representatives and executives to select, budget and clear songs for broadcast/new media. Prerequisite: MUIN 360 or MUIN 372 Instruction Mode: Lecture Grading Option: Letter
MUIN 445 International Music Industry
Units: 4 Terms Offered: Sp A survey of international operations of music distribution, publishing, touring, law, promotion, customs and practices. Prerequisite: MUIN 360. Instruction Mode: Lecture Grading Option: Letter
MUIN 450 Practicum in Music Industry Issues (Internship)
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Field application of music industry theories and practices; part-time employment. Project jointly defined by student, employer and professor. Prerequisite: MUIN 360 or MUIN 372. Instruction Mode: Lecture Grading Option: Credit/No Credit
MUIN 475 Advanced Concert Management
Units: 4 Terms Offered: Sp Application of theories, technologies, and practices of the live music industry. Focus on the business, management, marketing, promotion, and production of professional concert events. Prerequisite: MUIN 425. Instruction Mode: Lecture Grading Option: Letter
MUIN 476a Advanced Sound Reinforcement
Units: 2 Terms Offered: FaSp Special problems of multimedia mixing with simultaneous audio re-processing for live performance situations including rigging, house mix, monitor mix, venues and power distribution. Instruction Mode: Lecture, Grading Option: Letter
MUIN 476b Advanced Sound Reinforcement
Units: 2 Terms Offered: FaSp Special problems of multimedia mixing with simultaneous audio re-processing for live performance situations including rigging, house mix, monitor mix, venues and power distribution. Instruction Mode: Lecture Grading Option: Letter
MUIN 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter
MUIN 495 Web Design for the Music Industry
Units: 4 Terms Offered: FaSpA hands-on experience in which students work in teams to create web sites specifically designed to promote, market, and sell musical artists' products online. Instruction Mode: Lecture Grading Option: Letter
MUIN 496 Music Media Solutions
Units: 4 Terms Offered: FaSp Group study of one current music media issue, focusing on possible solutions with practical applications. Stress on leadership, critical thinking, and professional practices. Instruction Mode: Lecture Grading Option: Letter
MUIN 497 Current Topics, Case Studies, and Analysis
Units: 2 Max Units: 6.0 Terms Offered: FaSp Exploration of emerging topics and trends in business and technology in the music and entertainment industries. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Letter
MUIN 498a Final Capstone Project
Units: 1 Terms Offered: FaSp Culmination of the four-year course of study. Affords students the opportunity to experience guided work to meet the professional demands of the industry. Prerequisite: MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
MUIN 498b Final Capstone Project
Units: 1 Terms Offered: FaSp Culmination of the four-year course of study. Affords
students the opportunity to experience guided work to meet the professional demands of the industry. **Prerequisite:** MUIN 270 or MUIN 272. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUIN 499 Special Topics**  
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture  
Grading Option: Letter

**MUIN 510 The Music Industry: Careers, Rights and Income Streams**  
Units: 4 History, procedures, economics and evolving technologies involved with artists, songwriters, publishers, labels, music publishing, performance rights and visual media. Instruction Mode: Lecture Grading Option: Letter

**MUIN 511 Music Industry History: Entrepreneurs, Moguls and Catalogs**  
Units: 2 Focus on recorded music’s sounds and innovators. Includes in-depth research, discussion, presentations and memorization for greater cultural context. Instruction Mode: Lecture Grading Option: Letter

**MUIN 512 The Management of Live Performances**  
Units: 2 Focus on the Artist, Promoter and Venue, and the roles they play in the Live Performance space, applying theory, technology, and practice. Instruction Mode: Lecture Grading Option: Letter

**MUIN 515 Live Touring Strategy**  
Units: 2 Part of an emphasis track that focuses on advanced live touring strategies, methods and practices. Projects will apply theory and practice in a directed team oriented approach. Instruction Mode: Lecture Grading Option: Letter

**MUIN 520 Artist Management: Campaign Planning, Pitching, Partnerships**  
Units: 2 Lecture and experiential learning focused on the role of an artist's personal manager including developing their story, assets and strategy for various product release campaigns. **Prerequisite:** MUIN 510  
Instruction Mode: Lecture Grading Option: Letter

**MUIN 521 Music Industry/Producers Forum**  
Units: 1 Student-driven discussion, networking and Q&A with guest industry leaders and role models, including producers, artists, music supervisors, concert promoters, agents, label executives, managers and attorneys. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUIN 522 Music Marketing, Branding and Campaigns**  
Units: 3 An overview of music specific concepts and opportunities spanning various roles, tools, forms of music consumption, and campaign stages as it pertains to music marketing. Instruction Mode: Lecture Grading Option: Letter

**MUIN 523 Survey/Analysis of Music Agreements**  
Units: 4 Focus on demystifying “legalese” and music industry standards by assessing actual contract examples for context, including recording, songwriter, producer, media licensing, sponsorship and band partnerships. **Prerequisite:** MUIN 510  
Instruction Mode: Lecture Grading Option: Letter

**MUIN 525 Concert Promotion, Venue Management and Event Planning**  
Units: 3 Overview of the three areas that comprise most of the live performance spaces, and focuses on the artist, promoter and venue ("Circle of Live") and the roles they play in the performance. Instruction Mode: Lecture Grading Option: Letter

**MUIN 526 Music Supervision, Production and Creative Licensing**  
Units: 3 A comprehensive look at contemporary music supervision for all visual media. Students will creatively apply guided lessons using real world example cases and projects. **Prerequisite:** MUIN 510 and MUIN 511  
Instruction Mode: Lecture Grading Option: Letter

**MUIN 530 Mentorship**  
Units: 1 A semester bridge for students working on job preparation, career skills, and continued efforts before launching their final campaign projects and graduation portfolio. **Prerequisite:** MUIN 520  
Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUIN 540 Artist Management: Campaign Execution and Hindsight Analysis**  
Units: 2 Lecture and experiential learning focused on the role of an artist's personal manager including executing various release campaigns and hindsight assessment to inform future endeavors. **Prerequisite:** MUIN 520  
Instruction Mode: Lecture Grading Option: Letter

**MUIN 541 Data Analytics: Music Marketing Decisions and Presentations**  
Units: 2 The when, why and how data analysis tools are used to assist music professionals and better support marketing decisions, beyond the realm of intuition and aesthetic appeal. **Prerequisite:** MUIN 522  
Instruction Mode: Lecture Grading Option: Letter

**MUIN 542 Developing Copyright Laws and Business Models**  
Units: 3 Study of advanced copyright law, conflicts and entrepreneurial opportunities to gain insight into what is evolving for the globalized digital music industry. **Prerequisite:** MUIN 510  
Instruction Mode: Lecture Grading Option: Letter

**MUIN 570 The Music Industry**  
Units: 4 Terms Offered: FaSpSm A graduate level survey of the music business with emphasis on distribution of recorded music, music publishing, performance rights societies, musical products and live music. Instruction Mode: Lecture Grading Option: Letter

**MUIN 590 Directed Research**  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUIN 598 Internship**  
Units: 1 Max Units: 04 Students gain insight, experience and networking opportunities within the industry areas they wish to consider as a career. **Prerequisite:** MUIN 510  
Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUIN 599 Special Topics**  
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

**MUIN 790 Research**  
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**MUJZ 101a Jazz Theory**  
Units: 2 Terms Offered: FaSp Sm Individual instruction at the beginning level designed for non-music majors with no previous experience. Instruction Mode: Lecture Grading Option: Letter

**MUJZ 105a Jazz Theory**  
Units: 2 Terms Offered: FaSp Study of basic and advanced concepts of jazz melody, harmony and form. Includes functional chord idioms and relationships, compositional and improvisational devices, and song forms. Instruction Mode: Lecture Grading Option: Letter

**MUJZ 141a Basic Keyboard Skills for the Improviser**  
Units: 2 Terms Offered: FaSp Reading skills related to jazz accompanying, including the ability to identify and play chords on the piano utilizing different voicings. Instruction Mode: Lecture Grading Option: Letter

**MUJZ 141b Basic Keyboard Skills for the Improviser**  
Units: 2 Terms Offered: FaSp Reading skills related to jazz accompanying, including the ability to identify and play chords on the piano utilizing different voicings. Instruction Mode: Lecture Grading Option: Letter

**MUJZ 142a Jazz Ear Training**  
Units: 2 Terms Offered: FaSp Sight-singing and melodic/rhythmic reading and dictation applied to jazz repertoire. Includes vocalization of scales and chord patterns and study of rhythmic reading and jazz articulation. Instruction Mode: Lecture Grading Option: Letter

**MUJZ 142b Jazz Ear Training**
MUJZ 150 Beginning Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: FaSp Development of beginning improvisational skills including underlying principles of theory, harmony, jazz ear training, and jazz style. Instruction Mode: Lecture Grading Option: Letter

MUJZ 153 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 180 Techniques of Jazz Improvisation
Units: 2 Max Units: 4.0 Development of improvisational skills through instrumental performance. Instruction Mode: Lecture Grading Option: Letter

MUJZ 195L Jazz Elements I
Units: 2 Max Units: 8.0 Terms Offered: FaSp Study of compositional, improvisational, performance, and arranging elements found in jazz. Students will model influential groups and jazz artists. Instruction Mode: Lecture, Lab Grading Option: Letter

MUJZ 196 Jazz Combo I
Units: 2 Max Units: 8.0 Terms Offered: FaSpRehearsal and performance of literature for jazz chamber groups. Duplicates Credit in MUCN 332. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUJZ 200a Jazz Styles Analysis
Units: 2 Theoretical skills and analytical techniques related to jazz styles from Dixieland to the present. Styles through Progressive Swing. Duplicates Credit in former MUJO 200b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 200b Jazz Styles Analysis
Units: 2 Theoretical skills and analytical techniques related to jazz styles from Dixieland to the present. Duplicates Credit in former MUJO 200b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 218a Afro-Latin Percussion Instruments
Units: 2 Instruction in the performance of percussion instruments associated with African, South American, and Caribbean music traditions, with special emphasis on adaptation to jazz music. Instruction Mode: Lecture Grading Option: Letter

MUJZ 218b Afro-Latin Percussion Instruments
Units: 2 Instruction in the performance of percussion instruments associated with African, South American, and Caribbean music traditions, with special emphasis on adaptation to jazz music. Instruction Mode: Lecture Grading Option: Letter

MUJZ 252 Individual Instruction

Performance Class I
Units: 1 Max Units: 4.0 Terms Offered: FaSp Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all first and second year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MUJZ 253 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 286a The History of Jazz
Units: 3 Terms Offered: FaSpSm A study of the evolution of American jazz music from its roots in Africa to the present day. Includes an introduction to world music elements. Prerequisite: MUJO 132b and MUJO 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 286b The History of Jazz
Units: 3 Terms Offered: FaSpSm A study of the evolution of American jazz music from its roots in Africa to the present day. Includes an introduction to world music elements. Prerequisite: MUJO 132b and MUJO 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 300x Non-Major Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction designed for non-music majors. Duplicates Credit in former MUJO 201 and MUJO 401. Registration Mode: Lecture Grading Option: Letter

MUJZ 301 Individual Instruction
Units: 1, 2 Max Units: 16.0 Terms Offered: FaSpSm Intermediate and advanced instruction: secondary emphasis for music majors, principal emphasis for music minors and BA music majors. Registration Restriction: Open only to music majors and minors. Duplicates Credit in former MUJO 201 and MUJO 401. Registration Mode: Lecture Grading Option: Letter

MUJZ 305a Advanced Jazz Theory
Units: 2 Terms Offered: FaSpSm Analysis and transcription of jazz performances and scores, encompassing questions of style, form, harmonic and melodic language, and considerations of rhythm. Prerequisite: MUJO 333b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 305b Advanced Jazz Theory
Units: 2 Terms Offered: FaSpSm Analysis and transcription of jazz performances and scores, encompassing questions of style, form, harmonic and melodic language, and considerations of rhythm. Prerequisite: MUJO 133b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 311 Vocal Jazz Techniques
Units: 2 Max Units: 4.0 Development of skills needed for the professional vocal jazz musician. Study of the standard jazz repertoire, vocal improvisation, lead sheet writing, and working with rhythm sections. Prerequisite: MUJO 180. Instruction Mode: Lecture Grading Option: Letter

MUJZ 341 Keyboard Skills for Improvisers
Units: 2 Reading skills related to jazz accompanying; "fake" books, chord progressions commonly used in jazz. Prerequisite: MPK 250a, MPK 250b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 342a Aural Skills for Improvisers
Units: 1 Terms Offered: FaSp Sight-singing and dictation applied to jazz repertoire. Vocalization of modal and synthetic jazz scales and chordal qualities. Prerequisite: MUJO 132b. Duplicates Credit in former MUJO 342b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 342b Aural Skills for Improvisers
Units: 1 Terms Offered: FaSp Sight-singing and dictation applied to jazz repertoire. Vocalization of modal and synthetic jazz scales and chordal qualities. Prerequisite: MUJO 132b. Duplicates Credit in former MUJO 342b. Instruction Mode: Lecture Grading Option: Letter

MUJZ 347 Jazz Composition
Units: 2 Max Units: 4.0 Composing in the jazz medium. Duplicates Credit in former MUJO 347. Instruction Mode: Lecture Grading Option: Letter

MUJZ 350g A History of Jazz Music
Units: 4 A history of jazz music and the styles of music considered antecedents to jazz. Recommended Preparation: MUJZ 101. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

MUJZ 353 Individual Instruction
Units: 1, 2 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Duplicates Credit in former PLDV 410. Instruction Mode: Lecture Grading Option: Letter

MUJZ 390 Special Problems
Units: 1, 2, 3, 4 Terms Offered: Irregular Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

MUJZ 395 Jazz Elements II
Units: 2 Max Units: 8.0 Terms Offered: FaSp Advanced study of compositional, improvisational, performance, conducting, and arranging elements found in the jazz repertory. Students will be encouraged to forge individual musical expressions. Instruction Mode: Lecture, Lab Grading Option: Letter

MUJZ 396 Jazz Combo II
Units: 2 Max Units: 8.0 Terms Offered: FaSp Preparation and performance of literature for jazz combos. Prerequisite: MUJO 195. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUJZ 400 Arranging for Jazz Ensemble
Units: 2 Scoring for jazz ensemble with emphasis on writing for sections of like and mixed instruments as well as full ensemble.
MUJZ 403 Studio Singing Techniques
Units: 2 Terms Offered: FaSp Study of technique, theory and aural skills as applied to studio singing; critical listening; study of various styles; ear training and sight singing as these apply to working in a studio. Recommended Preparation: jazz background; can read music and sing well. Instruction Mode: Lecture Grading Option: Letter

MUJZ 419m The Jazz Experience: Myths and Culture
Units: 4 Terms Offered: FaSp An examination of the music, culture, and mythology of jazz revealed through the study of jazz fiction, film, poetry, and recorded examples. Instruction Mode: Lecture Grading Option: Letter

MUJZ 443 Jazz Pedagogy
Units: 2 Terms Offered: Sp Concepts, methods, and resources; examination and comparison of textbooks, recordings, tapes, and materials related to the study and teaching of jazz. Duplicates Credit in former MUED 443. Instruction Mode: Lecture Grading Option: Letter

MUJZ 450 Intermediate Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: FaSp Development of intermediate improvisational skills including underlying principles of theory, harmony, jazz ear training, and jazz style. Recommended Preparation: MUJZ 150. Instruction Mode: Lecture Grading Option: Letter

MUJZ 451 Advanced Jazz Improvisation
Units: 2 Max Units: 4.0 Terms Offered: Sp Development of advanced improvisational skills, including Lydian-chromatic and bi-modal techniques, through instrumental performance. Instruction Mode: Lecture Grading Option: Letter

MUJZ 452 Individual Instrument Performance Class II
Units: 1 Max Units: 4.0 Terms Offered: FaSp Solo and orchestra repertoire, professional preparation, reed making, and other matters appropriate to group study. Required of all third and fourth year wind and percussion majors each semester in residence. Instruction Mode: Lecture Grading Option: Letter

MUJZ 453 Individual Instruction
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Weekly individual instruction and performance forum. Registration Restriction: Open only to jazz studies majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 486 Jazz Masters from World War II to the Present
Units: 2 Examination of major jazz artists from World War II to the present with emphasis on the innovators of each period. Detailed analysis of selected repertoire. Recommended Preparation: MUJZ 419. Duplicates Credit in former MUHL 486. Instruction Mode: Lecture Grading Option: Letter

MUJZ 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

MUJZ 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUJZ 545 Jazz Ensemble Development
Units: 2, 2 years Terms Offered: Sp Techniques, approaches, teaching materials, and music useful in developing jazz ensembles in educational settings, from junior high school through college. Duplicates Credit in former MUED 547. Instruction Mode: Lecture Grading Option: Letter

MUJZ 547 Jazz Composition
Units: 2 Max Units: 4.0 Terms Offered: Fa Application of theoretical and compositional techniques used in jazz to written music. Analysis and performance of historical and contemporary examples will be included. Duplicates Credit in former MUCO 547. Instruction Mode: Lecture Grading Option: Letter

MUJZ 551 Graduate Jazz Improvisation
Units: 2 Terms Offered: Sp Development of proficiency in improvising to advanced jazz concepts, including transposition, substitute harmony, superimposed harmony, atypical harmonic schemes and contemporary chord and scale types. Prerequisite: MUJZ 451. Instruction Mode: Lecture Grading Option: Letter

MUJZ 553 Individual Instruction
Units: 1 or 2 Max Units: 8.0 Terms Offered: FaSpSm Instruction Mode: Lecture Grading Option: Letter

MUJZ 554 Graduate Certificate Performance
Units: 4 Max Units: 16.0 Terms Offered: FaSpSm Individual instruction and related lab participation for Graduate Certificate students. Instruction Mode: Lecture Grading Option: Letter

MUJZ 588 Special Studies in Jazz Performance
Units: 2 Max Units: 6.0 Performance problems, composers and/or stylistic analysis of music from the jazz idiom. Specific emphasis to be determined by the Jazz Studies department. Instruction Mode: Lecture Grading Option: Letter

MUJZ 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUJZ 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUJZ 653 Performance
Units: 1 or 2 Max Units: 12.0 Terms Offered: FaSpSm Individual or master class instruction for DMA Performance majors. Instruction Mode: Lecture Grading Option: Letter

MUJZ 688 Special Topics in Jazz Performance
Units: 2 Max Units: 4.0 Terms Offered: Fa Examination and analysis of solo and compositional repertory of the jazz idiom through transcriptions and comparative research. Specific emphasis to be determined by the Jazz Studies department. Instruction Mode: Lecture Grading Option: Letter

MUJZ 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

School of Music
MUSC 102w World Music
Units: 4 Exploration of music and cultures of the world. Engagement with international musicians, global issues, field work and musical diasporas in Los Angeles. Satisfies New General Education in Category A: The Arts Satisfies Global Perspective in Category G: Citizenship in a Diverse World Duplicates Credit in former MUHL 302 Instruction Mode: Lecture Grading Option: Letter

MUSC 110 Freshman Forum
Units: 1 Terms Offered: FaSpSm Introduction to issues and skills relevant to the professional musical world of today. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 115p Western Music as Sounding History
Units: 4 An introduction to Western art music and culture from the Medieval, Renaissance, Baroque, Classical, Romantic and Modern eras through reading, listening, analyzing and writing about music. Satisfies New General Education in Category A: The Arts Satisfies Global Perspective in Category G: Citizenship in a Diverse World Duplicates Credit in former MUHL 315 Instruction Mode: Lecture Grading Option: Letter

MUSC 200gw The Broadway Musical: Reflections of American Diversity
Units: 4 A uniquely American genre, the Broadway musical serves as a catalyst for inquiry into human diversity, cross-culturalism, and significant social and political issues. Satisfies New General Education in Category A: The Arts Satisfies Global Perspective in Category G: Citizenship in a Diverse World Duplicates Credit in former MUSC 400 Instruction Mode: Lecture Grading Option: Letter

MUSC 210g Electronic Music and Dance Culture
Units: 4 The origins and development of EDM and its relatives such as disco, house, techno, rave and electronica, focusing...
on cultural and technological influences. Satisfies New General Education in Category A: The Arts Duplicates Credit in former MUSC 410 Instruction Mode: Lecture Grading Option: Letter

MUSC 250g The Music of Black Americans
Units: 4 A chronicle of the musical contribution of Africans and African Americans to American society and to the foundations of musical genres and styles throughout the world. Satisfies New General Education in Category A: The Arts Satisfies Global Perspective in Category G: Citizenship in a Diverse World Duplicates Credit in former MUSC 450 Instruction Mode: Lecture Grading Option: Letter

MUSC 255 Songwriting I
Units: 2 Terms Offered: FaSp Development of musical and lyrical skills, composing, listening, analysis, and critiques of popular original music. Instruction Mode: Lecture Grading Option: Letter

MUSC 320gm Hip-hop Music and Culture
Units: 4 A history of hip-hop music from its inception to the present: its musical processes and styles, as well as attendant social, political and cultural issues. Satisfies New General Education in Category A: The Arts Satisfies Global Perspective in Category G: Citizenship in a Diverse World Duplicates Credit in former MUSC 420 Instruction Mode: Lecture Grading Option: Letter

MUSC 355 Songwriting II
Units: 2 Terms Offered: FaSp Continuation of Songwriting I; particular emphasis on the analysis of the techniques of important popular songwriters and the application of these techniques to original songs. Prerequisite: MUSC 255. Duplicates Credit in former MUCO 252. Instruction Mode: Lecture Grading Option: Letter

MUSC 371g Musical Genre Bending
Units: 4 The aesthetic and ethical issues of genre-bending music in 20th and 21st century rock, classical, jazz, and folk music. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

MUSC 372g Music, Turmoil and Nationalism
Units: 4 An exploration of musical practices and styles which reflect and shape national identities and which focus on those created in response to political turmoil in many forms. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

MUSC 373g Writing About Popular Music
Units: 4 Immerses students in criticism, scholarship, and creative writing dealing with popular music. Students participate in that discourse through developing their own authorial voices. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

MUSC 422 The Beatles: Their Music and Their Times
Units: 4 Music, lyrics, recordings, production techniques, career strategy, social ramifications, and especially the technological impact of the musical group known as The Beatles. Instruction Mode: Lecture Grading Option: Letter

MUSC 423 Classic Rock: Popular Music of the Sixties and Seventies
Units: 2 Critical examination of the lyrics, structure, associated mythology, technology, and evolving styles of popular music reflecting the turbulent societal changes during the Sixties and Seventies. Instruction Mode: Lecture Grading Option: Letter

MUSC 424 Iconic Figures of Popular Music
Units: 2 Max Units: 8.0 Terms Offered: FaSp Music, life, recordings, and attendant musical, cultural and political influences of a seminal musician or group in 20th or 21st century popular music. Instruction Mode: Lecture Grading Option: Letter

MUSC 430m Music and the Holocaust
Units: 4 Terms Offered: FaSp Study of the creation and performance of Holocaust-related music from 1933 to the present, including interaction with other arts. Instruction Mode: Lecture Grading Option: Letter

MUSC 444 American Roots Music: History and Culture
Units: 4 Terms Offered: Irregular The history, genre, styles, songs, lyrics, and influences of American vernacular music in the 20th century, including the background that spawned these musical genres. Instruction Mode: Lecture Grading Option: Letter

MUSC 455 Songwriting III: The Performing Songwriter
Units: 2 Continuation of Songwriting I and II with emphasis on the development of performance skills of original popular music in preparation for songwriting showcases. Prerequisite: MUSC 355. Duplicates Credit in former MUCO 254. Instruction Mode: Lecture Grading Option: Letter

MUSC 460 Film Music: History and Function from 1930 to the Present
Units: 4 Terms Offered: FaA survey of the art and craft of film music as practiced by outstanding composers in motion pictures. Instruction Mode: Lecture Grading Option: Letter

MUSC 465 Music, Television and American Culture
Units: 4 Terms Offered: Sp An exploration of the social and cultural impact of music written for, popularized by, or exploited by American television from the 1950s through today. Instruction Mode: Lecture Grading Option: Letter

MUSC 470 Contemporary Popular Music: A Global Perspective
Units: 2 Terms Offered: Sm Contemporary popular music in global culture; includes performance and collaboration opportunities with local musicians. Instruction Mode: Lecture Grading Option: Letter

MUSC 496 Careers in Music
Units: 2 Terms Offered: Sp A study of the practical aspects of the music business, including the history, procedures, standard practices, economics and technologies employed by the music industry. Instruction Mode: Lecture Grading Option: Letter

MUSC 498x Internship in Music
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Practical work experience in the student's field of study, at an off-campus location. Students are individually supervised by faculty. Registration Restriction: Open only to Bachelor of Music and Bachelor of Arts, Music majors only. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUSC 598 Internship in Music
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: FaSpSm Practical work experience in the student's field of study, at an off-campus location. Students are individually supervised by faculty. Registration Restriction: Open only to doctoral students in music. Instruction Mode: Lecture Grading Option: Credit/No Credit

MUSC 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

MUSC 600 Studies for the Qualifying Examination in Music
Units: 0 Terms Offered: FaSpSm Studies for the qualifying examination. Duplicates Credit in GRSC 800 Instruction Mode: Lecture Grading Option: Credit/No Credit

Nautical Science
NAUT 001x Deepwater Cruising
Units: 2 Terms Offered: FaSp An experiential approach to the sailing ship and seafaring, introducing offshore sailing theory and techniques, navigation, and basic oceanography as relevant to seamanship. Instruction Mode: Lecture Grading Option: Letter

NAUT 001bx Deepwater Cruising
Units: 2 Terms Offered: FaSp An experiential approach to the sailing ship and seafaring, introducing offshore sailing theory and techniques, navigation, and basic oceanography as relevant to seamanship. Instruction Mode: Lecture Grading Option: Letter

NAUT 002x Advanced Deepwater Cruising
Units: 2 Responsibilities and operations commanding an offshore sailing vessel including sailing theory and advanced techniques, advanced navigation, ships engineering, and oceanography relevant to seamanship. Prerequisite: NAUT 001a. Duplicates Credit in former NAUT 302a.
NEUR 533 Cognitive Neuroscience
Units: 4 Terms Offered: Sp (Enroll in PSYC 540)

NEUR 534L Computational Neuroengineering
Units: 3 (Enroll in BME 575)

NEUR 535 Brain Theory and Artificial Intelligence
Units: 3 (Enroll in CSCI 564)

NEUR 542 Hearing and Communication Neuroscience
Units: 4 Terms Offered: Sp (Enroll in BISC 521)

Neuroimaging and Informatics

NIIN 500 Neuroimaging and Systems Neuroscience
Units: 3 Terms Offered: Fa Overview of elemental neuroanatomy and brain systems with an emphasis on a neuroimaging perspective in the human and mouse. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 510 Fundamentals of Human Neuroimaging
Units: 3 Terms Offered: Fa Survey of anatomical and functional neuroimaging approaches and their use to explore the healthy as well as diseased human brain. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 520 Experimental Design for Neuroimaging
Units: 3 Terms Offered: Fa Examine experimental design approaches for experimental and clinical neuroimaging investigation. Topics on how to develop rigorous experiments to test theories of cognitive and clinical neuroscience. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 530 Neuroimaging Data Acquisition w/Magnetic Resonance Imaging
Units: 3 Terms Offered: Fa Introduces the various approaches used to image the living brain using MR-based techniques. Covers neuroimaging scanning technologies, pulse sequence design, and sources of image artifact. Recommended Preparation: familiarity with Matlab. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 540 Neuroimaging Data Processing Methods
Units: 3 Terms Offered: Sp Comprehensive investigation of data processing methods, software strategies, and workflow design and execution methodologies. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 550 Computational Modeling in Neuroimaging
Units: 3 Terms Offered: Sp Addresses the current neuroinformatics approaches to large-scale data representations, mining, and visualization in brain imaging. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 560 Brain Architecture and Neuroanatomic Exploratory Techniques
Units: 3 Terms Offered: Sp Introduction to basic theories and methodological approaches to neuroanatomy in animal models including histology, microscopy, behavioral investigations, and neuroinformatics. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture, Lab Grading Option: Letter

NIIN 570 Neuroimaging Genomics
Units: 3 Terms Offered: Sp Lectures on human genetics and epigenetics. Discuss how applying these concepts to brain imaging advances our understanding of healthy development and neurological disease. Emphasis on critical thinking applied both to designing neuroimaging genetics studies and to constructively assessing peer work and existing neuroimaging genetics literature. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 597 Current Topics in Neuroimaging Informatics
Units: 1 Terms Offered: Fa Leading researchers in the areas of basic and clinical brain imaging, computational methods, and informatics formally discuss their work for which students provide written critical review and comment. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

NIIN 598 Neuroimaging and Informatics External Speaker Seminar Series
Units: 1 Terms Offered: Sp Reading and discussion of recent papers by the INI speaker of the week and attendance at the speaker's seminar. Registration Restriction: Open only to Neuroimaging and Informatics majors. Instruction Mode: Lecture Grading Option: Letter

Naval Science

NSC 135 Introduction to Naval Science
Units: 2 Terms Offered: Fa Introduction to the structure, principles, and practices, lines of command and control, and functions of the various components of the naval service. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 137 Seapower and Maritime Affairs
Units: 4 Terms Offered: Sp Analysis of U.S. Navy development and campaigns; evolution of strategic, tactical, and maritime doctrines; interaction of naval affairs with national security and domestic policies. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 251 Seamanship and Ship Operations
Units: 3 Terms Offered: Fa Vector solutions
NSC 283 Naval Ships Systems I (Engineering)
Units: 3 Terms Offered: Sp Semester structure, and purpose of Naval ships, compartmentation, propulsion systems, auxiliary power systems, interior communications, ship control; ship design and stability. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 335 Navigation
Units: 3 Terms Offered: Fa Semester; approach to naval weapons; linear analysis of ballistics; weapons control systems configurations and dynamics. Field trips. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 343 Evolution of Warfare
Units: 3 Terms Offered: Fa Causing and practice of warfare from ancient times; impact of changes in strategy, tactics, and technology; modern revolutionary warfare, global conflict, and political-military relationships. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 392 Amphibious Warfare
Units: 3 Terms Offered: Fa Concepts of seaborne military operations; relationship of factors involved; characteristic operations of World War II; amphibious operation planning. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 453 Leadership and Management I
Units: 2 Terms Offered: Fa Principles of human relationships; principles of decisionmaking and management at the junior officer level; theory and techniques of leadership. Instruction Mode: Lecture, Lab Grading Option: Letter

NSC 454 Leadership and Management II
Units: 2 Terms Offered: Sp Introduction to primary duties of junior naval officers; counseling and interviewing techniques; review of administrative responsibilities at the division officer level. Instruction Mode: Lecture, Lab Grading Option: Letter

Neuroscience (Graduate)

NSCI 521 Hearing and Communication Neuroscience
Units: 4 Terms Offered: Sp (Enroll in BISC 521)

NSCI 524 Advanced Overview of Neurosciences
Units: 4 Terms Offered: Fa Study of the nervous system at multiple levels through the analysis of four themes: motor control; emotion, motivation, and decision-making; memory and learning; and vision. Prerequisite: BISC 421. Registration Restriction: Open only to master and doctoral students. Duplicates Credit in former NEUR 524. Instruction Mode: Lecture Grading Option: Letter Crosslisted as PHBI 524

NSCI 525 Advanced Overview of Neurosciences I
Units: 4 Terms Offered: Fa Sensory and motor systems, cognitive neuroscience, behavioral systems, computational neuroscience. Prerequisite: BISC 421. Registration Restriction: Open only to master and doctoral students. Duplicates Credit in former NEUR 525. Instruction Mode: Lecture Grading Option: Letter

NSCI 531 Molecular and Cellular Neurobiology
Units: 4 Terms Offered: Fa Systems and behavior; molecular and cellular neurobiology including proteins and nucleic acids, cell biology of neurons and glia, synaptic transmission and neuronal signaling. Registration Restriction: Open only to master and doctoral students. Duplicates Credit in former NEUR 531. Instruction Mode: Lecture Grading Option: Letter Crosslisted as INTD-567

NSCI 532 Systems and Behavioral Neurobiology
Units: 3 Terms Offered: Fa Systems and behavioral neurobiology; hierarchical mechanisms controlling behavior, experimental techniques; perceptual (visual, auditory, somatosensory) systems; sensorimotor systems; motivated behavior; learning, memory and adaptation. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

NSCI 533 Cognitive Neuroscience
Units: 4 Terms Offered: Sp (Enroll in PSYC 540)

NSCI 539 Seminar in Neurobiology
Units: 1 Max Units: 4 Terms Offered: Fa Seminar in Neurobiology. Registration Restriction: Open only to master and doctoral students. Duplicates Credit in former NEUR 539. Instruction Mode: Lecture Grading Option: Letter

NSCI 540 Advanced Seminars in Neuroscience
Units: 1 Max Units: 8.0 Terms Offered: FaSpSem Advanced topic based seminar-style courses in the diverse areas of Neuroscience. Recommended Preparation: NSCI 524. Registration Restriction: Open only graduate students. Instruction Mode: Lecture Grading Option: Letter

NSCI 541 Advanced Seminars in Neuroscience
Units: 2 Max Units: 12 Terms Offered: FaSpSm Advanced topic-based, seminar-style courses in the diverse areas of Neuroscience. Prerequisite: NSCI 524. Registration Restriction: Open only to master and doctoral students. Duplicates Credit in former NEUR 541. Instruction Mode: Lecture Grading Option: Letter

NSCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Special topics providing background for instruction and research in neuroscience through lectures, discussions, assigned readings and student presentations. Instruction Mode: Lecture Grading Option: Letter

NSCI 790 Research
Units: 1, 2, 3, 4, 5, 6 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Duplicates Credit in former NEUR 790. Instruction Mode: Lecture Grading Option: Credit/No Credit

NSCI 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Duplicates Credit in former NEUR 794ab. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Duplicates Credit in former NEUR 794ab. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Duplicates Credit in former NEUR 794ab. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

NSCI 794d Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Registration Restriction: Open only to doctoral students in Neuroscience Graduate and Neuroscience majors. Duplicates Credit in former NEUR 794ab. Instruction Mode: Lecture Grading Option: Credit/No Credit

Nursing

NURS 500 Bridge Course
Units: 2 Key concepts from chemistry, biochemistry, genetics, cell biology, metabolism, microbiology, and immunology in an 8-week format. Successful completion of this unique preparatory course is expected to position students for success in the graduate level pathophysiology and pharmacology courses. Registration Restriction: Open only to master students in
Nursing Instruction Mode: Lecture Grading
Option: Credit/No Credit

NURS 501 Pathophysiology for Advanced Nursing Practice
Units: 4 Advanced physiology/pathophysiology including general principles that apply across the lifespan. Recommended Preparation: Recent (within five years), satisfactory completion of undergraduate courses that include Organic Chemistry, Nutrition, Anatomy and Physiology. It is expected that enrolled students have reviewed their undergraduate coursework in human anatomy and physiology, and possess a working knowledge of cell biology, biochemistry, nutrition, and human genetics at the undergraduate level. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 502 Advanced Health Assessment Across the Life Span
Units: 3 Development of advanced critical thinking and clinical judgment skills through comprehensive health assessment. Health promotion and health maintenance content is utilized to assess health status and evaluate health risk among individuals and groups. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 503 Theory: Clinical Management of Adult Patients
Units: 3 The scope of practice and responsibilities of the family nurse practitioner in prevention of disease, health maintenance, and the diagnosis and management of patients with common illnesses are explored. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 504 Pharmacology for Advanced Practice Nursing
Units: 3 Advanced pharmacology including pharmacodynamics, pharmacokinetics, and pharmacotherapeutics of all broad categories of agents. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 505 Clinical Practicum: Management of Adult Patients
Units: 3 Primary health care to patients throughout the life cycle with a focus on the prevention of disease, health maintenance, and the diagnosis and management of patients with common illnesses. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 507 Theory: Clinical Management of the Childbearing/Childrearing Family
Units: 3 Diagnosing and managing childbearing women from preconception through uncomplicated pregnancy and postpartum periods and providing primary care to children and their families from newborn through adolescence periods. Prerequisite: NURS 503 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 600 Theory: Clinical Management of Adult Patients with Complex Medical Issues
Units: 3 The scope of practice and responsibilities of the family nurse practitioner in the diagnosis and management of patients with acute, complex and chronic illnesses are explored. Prerequisite: NURS 503 and NURS 507 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 601 Clinical Practicum: Management of the Childbearing/Childrearing Family
Units: 3 Clinical practicum is intended to prepare FNP students to provide primary health care to childbearing/childrearing families from preconception through adolescence phase of the life cycle. Prerequisite: NURS 600 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 602 Research/Analytical Methods
Units: 3 Understanding and applying commonly used research methodologies and data analysis techniques in healthcare research. Recommended Preparation: statistics Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 603 Transforming Research Evidence into Practice
Units: 3 Preparing the advanced practice nursing student to critically evaluate knowledge, research and evidence for implementation of best practices in healthcare in order to deliver safe, ethical, culturally sensitive evidence based care for patients in diverse settings. Prerequisite: NURS 602 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 604 Clinical Practicum: Management of Adult Patients with Complex Medical Issues
Units: 3 Application of theoretical concepts studied in NURS 600. Comprehensives assessments, formulation of differential diagnoses, and the development of plans of care to manage acute and chronic complex in a variety of practice settings. Prerequisite: NURS 600 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 605 Professional Issues in Advanced Practice Nursing
Units: 2 The professional role and legal responsibilities of the nurse practitioner at entry to clinical practice and throughout a career are explored. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 606 Health Policy Principles in Changing Health Care Contexts
Units: 2 Foundation for leadership in interprofessional collaborative endeavors to address health policy that prepares learners to analyze and influence health policy and explores the role of nurse practitioners in the creation and modification of health policy. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 607 Theory: Family Primary Care
Units: 2 Capstone course draws on material and concepts learning throughout the FNP program and explores additional complex issues including management of pain, caregiver burden, palliative care, and end of life. Prerequisite: NURS 503 and NURS 507 and NURS 600 and NURS 602 and NURS 603 Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

NURS 608 Clinical Practicum: Family Primary Care
Units: 3 Prepares the family nurse practitioner student for entry into practice in the diagnosis and management of patients with acute, complex, and chronic illnesses in the primary care setting. Registration Restriction: Open only to master students in Nursing Instruction Mode: Lecture Grading Option: Letter

Oclusion
OCCL 310 Fundamentals of Dental Morphology
Units: 1 Fundamentals of tooth form; carving of the permanent teeth. Instruction Mode: Lecture Grading Option: Letter

OCCL 502 Occlusion
Units: 1 Principles of occlusion as related to clinical application of techniques and procedures to diagnose and treatment plan malfunctions of the stomatognathic system. Instruction Mode: Lecture Grading Option: Letter

OCCL 521a Dental Morphology and Function
Units: 3 Fundamentals of tooth form; principles of occlusion. Instruction Mode: Lecture Grading Option: Letter

OCCL 521b Dental Morphology and Function
Units: 2 Fundamentals of tooth form; principles of occlusion. Instruction Mode: Lecture Grading Option: Letter

OCCL 522 Occlusion Laboratory
Units: 1 Laboratory experience in functional analysis and correction of occlusal disharmonies. Instruction Mode: Lecture Grading Option: Letter

OCCL 601 Advanced Concepts of Oclusion
Units: 1 Historical perspective of occlusion; occlusal equilibration, effect of occlusal adjustment, instrumentation useful in occlusal therapy. Includes clinic and laboratory experience. Instruction Mode: Lecture Grading Option: Letter

Orofacial Pain Oral Medicine
OFPM 701 CPR, Blood and Airborne
Infections and Common Emergencies for Dental Residents
Units: 1 Terms Offered: Sm CPR training, review of common dental emergencies, and blood and airborne pathogens in dental patients. Instruction Mode: Lecture Grading Option: Letter

OFPM 702a Soft Tissue Disease for Dental Residents
Units: 1 Terms Offered: Sm Seminars on the various mucosal, cutaneous, gingival and salivary diseases and lesions in the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 702b Soft Tissue Disease for Dental Residents
Units: 2 Terms Offered: Fa Seminars on the various mucosal, cutaneous, gingival and salivary diseases and lesions in the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 703 Local Anesthesia, Minor Surgery and Biopsy Procedures for Dental Residents
Units: 1 Terms Offered: Sm Seminars on local anesthesia methods and minor surgical procedures appropriate for the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 704 Bony Pathology, Radiology and Advanced Imaging for Dental Residents
Units: 1 Terms Offered: Sm Review of the oral and maxillofacial region osseous and odontogenic pathologies and the various imaging methods used to examine this anatomic region. Instruction Mode: Lecture Grading Option: Letter

OFPM 705 Neurogenic Based Oral and Facial Pains for Dental Residents
Units: 2 Terms Offered: Fa Seminars on the diagnostic and therapeutic procedures appropriate for chronic neurogenic based pain disorders that occur in the orofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 706 TMD, Orthopedics, Rheumatology and Physical Therapy for Dental Residents
Units: 2 Terms Offered: Fa Seminars on various topics relating to the diagnosis and management of Temporomandibular disorders. Instruction Mode: Lecture Grading Option: Letter

OFPM 707 Pharmacology Series for Dental Residents
Units: 2 Terms Offered: Fa Seminars on common medications used in the practice of oral medicine and chronic orofacial pain. Instruction Mode: Lecture Grading Option: Letter

OFPM 709 Headaches for Dental Residents
Units: 1 Terms Offered: Sp Seminars on the diagnosis, prevention and management (including pathophysiologic mechanisms) of episodic and chronic headache disorders. Instruction Mode: Lecture Grading Option: Credit/No Credit

OFPM 710a Knowledge Assessment for OFPOM Residents
Units: 1 Terms Offered: Sm Includes several intensive calibration/training sessions, with multiple practical demonstrations of methods and techniques. Skill development includes TM joint injection, myofascial palpation, oral cancer screening, biopsy, trigger-point injections and salivary gland cannulation, with mock and virtual patients. Registration Restriction: Open only to Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 710b Knowledge Assessment for OFPOM Residents
Units: 1 Terms Offered: Sm Several intensive calibration/training/ sessions based on content that the resident is expected to have mastered by the end of the program, specifically in the field of Oral Medicine. Prerequisite: OFPM 710a Registration Restriction: Open only to Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 721 Neurosciences for Dental Residents
Units: 2 Terms Offered: Fa Seminars on the neurophysiologic and neuroanatomic bases of chronic orofacial pain disorders. Instruction Mode: Lecture Grading Option: Letter

OFPM 722 Internal Medicine and Systemic Disease for Dental Residents
Units: 2 Terms Offered: Sp Seminars on common systemic diseases and the potential interactions with oral disease and treatment. Instruction Mode: Lecture Grading Option: Letter Crosslisted as GDEN-722

OFPM 723 Systems Physiology, Motor Disorders and Sleep Apnea for Dental Residents
Units: 2 Terms Offered: Fa Seminars on various topics relating to oral motor disorders and sleep disordered breathing (as it relates to the mandible and tongue.) Instruction Mode: Lecture Grading Option: Letter

OFPM 724 Psychological and Psychometric Assessment for Dental Residents
Units: 2 Terms Offered: Sm Seminars on various topics relating to biobehavioral diagnosis and, where appropriate, psychological management of patients with chronic illness in the orofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 725 Epidemiology, Nutrition and Aging for Dental Residents
Units: 2 Terms Offered: Sm Seminar on the epidemiology of oral disease and nutritional topics as related to the aging patient. Instruction Mode: Lecture Grading Option: Letter Crosslisted as GDEN-725

OFPM 726 Immunology and Immunosuppression for Dental Residents
Units: 2 Terms Offered: Fa Seminar course on immunology and immunosuppression as it relates to diseases in the oral and maxillofacial region. Instruction Mode: Lecture Grading Option: Letter

OFPM 727 Infectious Disease, Oral Microbiology and Virology for Dental Residents
Units: 2 Terms Offered: Sm Seminar organized around infectious diseases in the oral, pharyngeal and nasal region. Instruction Mode: Lecture Grading Option: Letter

OFPM 728 Case Presentations by OFPOM Residents
Units: 2 Terms Offered: Sp Case presentations by Orofacial Pain/Oral Medicine residents in which each resident presents and defends the diagnostic and treatment methods selected for a particular case. Instruction Mode: Lecture Grading Option: Letter

OFPM 729a Capstone Project for OFPOM Residents
Units: 0.5 Terms Offered: Fa Residents complete their capstone research project in a topic in the area of their chosen focus/specialization. Registration Restriction: Open only to Herman Ostrow School of Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 729b Capstone Project for OFPOM Residents
Units: 0.5 Terms Offered: Fa Residents complete their capstone research project in a topic in the area of their chosen focus/specialization. Prerequisite: OFPM 729a Registration Restriction: Open only to Herman Ostrow School of Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 729c Capstone Project for OFPOM Residents
Units: 0.5 Terms Offered: Sp Residents complete their capstone research project in a topic in the area of their chosen focus/specialization. Prerequisite: OFPM 729b Registration Restriction: Open only to Herman Ostrow School of Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 729d Capstone Project for OFPOM Residents
Units: 0.5 Terms Offered: Fa Residents complete their capstone research project in a topic in the area of their chosen focus/specialization. Registration Restriction: Open only to Herman Ostrow School of Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 730a Case Portfolio Preparation by Online OFPOM Residents
Units: 0.5 Terms Offered: Fa Multiple elements including weekly online conferences, presentations and discussions of de-identified patient cases; learning need assignments; preparation and defense of case-based e-Portfolio. Registration Restriction: Open only to Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

OFPM 730b Case Portfolio Preparation by Online OFPOM Residents
Units: 0.5 Terms Offered: Sp Multiple elements including weekly online conferences, presentations and discussions of de-identified patient cases; learning need assignments; preparation and defense of case-based e-Portfolio. Prerequisite: OFPM
730a Registration Restriction: Open only to Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

**OFPM 730c Case Portfolio Preparation by Online OFPOM Residents**
Units: 0.5 Terms Offered: Fa Multiple elements including weekly online conferences, presentations and discussions of de-identified patient cases; learning need assignments; preparation and defense of case-based e-Portfolio. Prerequisite: OFPM 730b Registration Restriction: Open only to Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

**OFPM 730d Case Portfolio Preparation by Online OFPOM Residents**
Units: 0.5 Terms Offered: Sp Multiple elements including weekly online conferences, presentations and discussions of de-identified patient cases; learning need assignments; preparation and defense of case-based e-Portfolio. Prerequisite: OFPM 730d Registration Restriction: Open only to Dentistry students Instruction Mode: Lecture, Discussion Grading Option: Letter

**Orofacial Pain**

**OFM 705 Neurogenic Based Oral and Facial Pains**
Units: 2 Terms Offered: Sp Covers the prevalence, diagnosis, prevention and management for various neurogenic orofacial pain and headache disorders occurring in the oral, maxillofacial and neck regions. Registration Restriction: Open only to dental residents Instruction Mode: Lecture Grading Option: Letter

**OMD 506 Infection Control**
Units: 1 Infection control and clinical asepsis in the dental office; ethical and legal aspects; specific agents of disease; epidemiology. Instruction Mode: Lecture Grading Option: Letter

**OMD 551a Clinic: Physical Evaluation**
Units: 0 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

**OMD 551b Clinic: Physical Evaluation**
Units: 0 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

**OMD 551c Clinic: Physical Evaluation**
Units: 0 Obtaining medical history, performing modified physical exams and clinical laboratory tests, establishing physical status. Understanding rationale and indications for modifying dental therapy; clinic and seminar. Instruction Mode: Lecture Grading Option: Letter

**OMD 562a Clinic: Hospital Dentistry**
Units: 0 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

**OMD 562b Clinic: Hospital Dentistry**
Units: 0 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: Letter

**OMD 562c Clinic: Hospital Dentistry**
Units: 0 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

**OMD 562d Clinic: Hospital Dentistry**
Units: 1 Clinical experience in dentistry for the medically compromised and physically handicapped patient in a hospital environment. Instruction Mode: Lecture Grading Option: Letter

**OMD 563a Clinic: Emergency Dental Treatment**
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause,
COURSES OF INSTRUCTION

provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 563b Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 563c Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 563d Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OMOD 563e Clinic: Emergency Dental Treatment
Units: 0 Experience in management and treatment of emergency dental problems, including diagnosis of the pain cause, provision of appropriate therapy, and post operative instructions to the patient. Instruction Mode: Lecture Grading Option: Letter

Operative Dentistry

OPER 520 Preclinical Operative Dentistry (ISP)
Units: 3 Preparation for clinical work through study of fundamentals of cavity design and restoration of cavity preparations on extracted teeth mounted in a manikin. Instruction Mode: Lecture Grading Option: Letter

OPER 521a Preclinical Operative Dentistry I
Units: 1, 2, 3 Introduction to terminology, materials, and instruments used in operative dentistry; fundamentals of amalgam restoration; principles of cavity preparation; amalgam manipulation, condensation, and carving using extracted teeth. Instruction Mode: Lecture Grading Option: Letter

OPER 521b Preclinical Operative Dentistry I
Units: 1, 2, 3 Introduction to terminology, materials, and instruments used in operative dentistry; fundamentals of amalgam restoration; principles of cavity preparation; amalgam manipulation, condensation, and carving using extracted teeth. Instruction Mode: Lecture Grading Option: Letter

OPER 522 Preclinical Operative Dentistry II
Units: 3 Fundamentals of cavity design; restoration of cavity preparations on extracted teeth mounted in the manikin. Instruction Mode: Lecture Grading Option: Letter

OPER 561a Clinic: Operative Dentistry I
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 561b Clinic: Operative Dentistry I
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 561c Clinic: Operative Dentistry I
Units: 0 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: Letter

OPER 562a Clinic: Operative Dentistry II
Units: 0, 1, 2, 3, 4, 5, 6 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

OPER 562b Clinic: Operative Dentistry II
Units: 0, 1, 2, 3, 4, 5, 6 Clinical experience treating patients using all modalities of operative dentistry. Instruction Mode: Lecture Grading Option: Letter

OPER 620 Conservative Cast Gold Restorations
Units: 2 Principles of cavity preparation, fabrication technique and finishing for conservative cast gold restorations; includes lab and clinic. Instruction Mode: Lecture Grading Option: Letter

OPER 701a Seminar: Advanced Operative Dentistry I
Units: 2 Terms Offered: Fa In-depth study of the biomechanics applied to cavity preparation according to material selection, bonding procedures, and protection of the pulpdentin. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: In-progress to Credit/No Credit

OPER 701b Seminar: Advanced Operative Dentistry I
Units: 2 Terms Offered: Fa In-depth study of the biomechanics applied to cavity preparation according to material selection, bonding procedures, and protection of the pulpdentin. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: In-progress to Credit/No Credit

OPER 704a Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. "Prequisite: OPER 704a Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Graded CR/NC. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 704b Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. "Prequisite: OPER 704b Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 704c Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm Weekly one hour seminars devoted to review of the historic, classic, and current literature in advanced operative dentistry. "Prequisite: OPER 704c Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture Grading Option: Credit/No Credit
only to Advanced and Adhesive Dentistry majors. Instruction Mode: Lecture. Grading Option: Credit/No Credit.

OPER 704f Operative Dentistry Literature Review
Units: 1 Terms Offered: FaSpSm. Weekly one hour seminar devoted to review of the historic, classic, and current literature in advanced operative dentistry. Prerequisite: OPER 704e Instruction Mode: Lecture. Grading Option: Credit/No Credit.

OPER 705L Dental Photography
Units: 1 Terms Offered: FaSpSm. Basic principles of dental photography and its use in clinical dentistry for shade selection, replication of dental esthetic components, and clinical case documentation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Lab Required. Grading Option: Credit/No Credit.

OPER 706 Operative Implant Dentistry
Units: 1 Terms Offered: FaSpSm. Basic principles of implants applied to operative and adhesive dentistry. Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture. Grading Option: Credit/No Credit.

OPER 710a Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm. Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 710b Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm. Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 710c Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm. Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 710d Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm. Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 710e Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm. Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 710f Seminar: Advanced Operative Dentistry II
Units: 1 Terms Offered: FaSpSm. Advanced knowledge and scientific background of the principles of adhesion to dental structures and analysis of bonding effectiveness of different adhesive methods and bonding degradation. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 715aL Applied Adhesion Sciences
Units: 2 Terms Offered: FaSpSm. Advanced adhesive procedures for esthetic dental rehabilitation. Registration Restriction: Open only to Advanced and Adhesive Dentistry majors. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 715bL Applied Adhesion Sciences
Units: 2 Terms Offered: FaSpSm. Advanced adhesive procedures for esthetic dental rehabilitation. Prerequisite: OPER 715a Registration Restriction: Open only to Advanced and Adhesive Dentistry majors. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 715cL Applied Adhesion Sciences
Units: 2 Terms Offered: FaSpSm. Advanced adhesive procedures for esthetic dental rehabilitation. Prerequisite: OPER 715b Registration Restriction: Open only to Advanced and Adhesive Dentistry majors. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720a Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720b Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720c Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720d Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720e Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720f Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 720g Seminar: Advanced Operative Dentistry III
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 725a Cariology
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.

OPER 725b Cariology
Units: 1 Terms Offered: FaSpSm. Advanced studies, technical, and scientific background of esthetic bonded direct restorations with in-depth analysis of mechanical, physical, and optical properties of resin composite restorations. Open only to Advanced Operative and Adhesive Dentistry majors. Instruction Mode: Lecture. Discussion. Grading Option: Credit/No Credit.
OPER 725b Cariology
Units: 1 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Prerequisite: OPER 725a Registration Restriction: Open only to Advanced Operative and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit
OPER 730a Seminar: Advanced Operative Dentistry IV
Units: 1 Terms Offered: FaSpSm In-depth study, analysis, and treatment involved in the management of discolored and developmental defects of the teeth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 730b Seminar: Advanced Operative Dentistry IV
Units: 1 Terms Offered: FaSpSm In-depth study, analysis, and treatment involved in the management of discolored and developmental defects of the teeth. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 735aL Research Methodology
Units: 2 Terms Offered: FaSp Study of research methodologies for scientific investigation on dental biomaterials. Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit
OPER 735bL Research Methodology
Units: 2 Terms Offered: FaSp Study of research methodologies for scientific investigation on dental biomaterials. Prerequisite: OPER 735a Registration Restriction: Open only to Advanced and Adhesive Dentistry majors Instruction Mode: Lecture Grading Option: Credit/No Credit
OPER 740a Seminar: Advanced Operative Dentistry V
Units: 2 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 740b Seminar: Advanced Operative Dentistry V
Units: 2 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 740c Seminar: Advanced Operative Dentistry V
Units: 2 Terms Offered: FaSpSm Cariology and proficiency of dental caries management using preventive methods and minimally invasive restorative techniques. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 750a Seminar: Advanced Operative Dentistry VI
Units: 2 Terms Offered: FaSpSm Advanced studies of restorative techniques of severely damaged teeth, selection and use of different post systems, core build-up, and bonding to the root canal. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 750b Seminar: Advanced Operative Dentistry VI
Units: 2 Terms Offered: FaSpSm Advanced studies of restorative techniques of severely damaged teeth, selection and use of different post systems, core build-up, and bonding to the root canal. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760a Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760b Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760c Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760d Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760e Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760f Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 760g Seminar: Advanced Operative Dentistry VII
Units: 1 Terms Offered: FaSpSm Proficiency in advanced esthetic indirect restorations for anterior and posterior teeth, including preparation designs, material selection, cementation and bonding procedures, and alternative resin-bonded fixed-partial dentures. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 765a Seminar: Advanced Operative Dentistry VIII
Units: 1 Terms Offered: FaSpSm Advanced studies of computer-generated restorations (CAD/CAM) and digital imaging in dentistry for anterior and posterior teeth. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit
OPER 765b Seminar: Advanced Operative Dentistry VIII
Units: 1 Terms Offered: FaSpSm Advanced studies of computer-generated restorations...
Operative Dentistry Certificate students.

Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 750c Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OPER 795c Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with...
special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 795d Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 795e Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 10.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 795f Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 795g Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 795i Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Instruction Mode: Lecture Grading Option: Credit/No Credit

OPER 795j Clinic: Advanced Operative Dentistry
Units: 1, 2, 3 Max Units: 14.0 Terms Offered: FaSpSm Advanced clinical and laboratorial treatment of patients in need of complex multidisciplinary treatment, with special emphasis on esthetic and bonded restorations. Open only to Advanced Operative Dentistry Certificate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

Oral Pathology and Radiology

OPR 701 Bone Pathology and Oral and Maxillofacial Radiology
Units: 1 Terms Offered: Sm Focus on the interpretation of hard tissue imaging studies, including conventional dental imaging in the diagnosis along with the basics of medical radiographic modalities. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 702 Principles and Practice of Oral Medicine
Units: 1 Terms Offered: Sm An overview of patients with primary oral conditions and oral diseases related to systemic pathology. Practice management issues discussed. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 703 General and Systemic Human Pathology
Units: 1 Terms Offered: Sm Disease mechanisms and principles of the pathological entities associated with each organ system. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 704 Oral Pathology and Maxillofacial Medicine
Units: 3 Terms Offered: Fa Review of oral diseases affecting the oral cavity which includes developmental conditions, pigmented lesions, Immune-Mediated and Allergic Conditions, mucosal and connective tissue abnormalities. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 705 Oral Histopathology and Surgical Pathology
Units: 2 Terms Offered: Sp Various diagnostic modalities, interventional diagnostic procedures, and the description of microscopic features of oral developmental, reactive, and neoplastic conditions relevant to surgical pathology. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 706 Evidence-Based Practice and Literature Review
Units: 1 Terms Offered: Sp Focus on discussion of patient-centered approaches to clinical treatment and decision-making. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 730a Case Portfolio Preparation
Units: 0.5 Terms Offered: Fa Weekly online conferences and discussions, and the documentation of six cases or scenarios, to demonstrate understanding of the knowledge and application to real situations. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

OPR 730b Case Portfolio Preparation
Units: 0.5 Terms Offered: Sm Weekly online conferences and discussions, and the documentation of six cases or scenarios, to demonstrate understanding of the knowledge and application to real situations. Prerequisite: OPR 730a

OPR 732 Knowledge Assessment
Units: 1 Terms Offered: Sm Residents attend the USC campus, with several intensive calibration/training/seminar sessions provided by faculty. Registration Restriction: Open only to dentistry students Instruction Mode: Lecture Grading Option: Letter

Orthodontics

ORTH 501a Seminar: Orthodontics
Units: 0, 1 Clinical use of cephalometrics and orthodontic prediction; removable orthodontic appliances and their design; case analysis; mixed dentition cases; adult tooth positioning; orthodontic banding; molar uprighting. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 501b Seminar: Orthodontics
Units: 0, 1 Clinical use of cephalometrics and orthodontic prediction; removable orthodontic appliances and their design; case analysis; mixed dentition cases; adult tooth positioning; orthodontic banding; molar uprighting. Instruction Mode: Lecture Grading Option: Letter

ORTH 521 Preclinical Orthodontics
Units: 2 Evaluation, prevention, and treatment of dento-facial malformations. Construction of basic appliances to treat orthodontic problems encountered by the general practitioner. Instruction Mode: Lecture Grading Option: Letter

ORTH 561a Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 521. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561b Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561a. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561c Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561b. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561d Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561c. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

ORTH 561e Clinic: Orthodontic Therapy
Units: 0 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. Prerequisite: ORTH 561d. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade
problems requiring treatment by a specialist. 
*Prerequisite: ORTH 561d. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

**ORTH 561f Clinic: Orthodontic Therapy**
Units: 2 Diagnosis and limited treatment of orthodontic problems encountered in general practice. Diagnosis of complex orthodontic problems requiring treatment by a specialist. 
*Prerequisite: ORTH 561e. Instruction Mode: Lecture Grading Option: Letter

**ORTH 674 Clinical and Molecular Bone Biology**
Units: 2 Terms Offered: Sp Explore the impact of the application of new molecular techniques to bone biology research on our understanding of osteoporosis, osteosarcoma, hypercalcemia, etc. Open to advanced program students in dentistry only. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 701a Cephalometrics: Growth and Development**
Units: 2, 3, 4 Principles and mechanics; measurement techniques; developmental morphology; analysis and diagnosis; treatment rationales; gross radiological anatomy and osteology; facial growth. Hours vary. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 701b Cephalometrics: Growth and Development**
Units: 2, 3, 4 Principles and mechanics; measurement techniques; developmental morphology; analysis and diagnosis; treatment rationales; gross radiological anatomy and osteology; facial growth. Hours vary. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 702 Seminar: Review of the Orthodontic Literature**
Units: 5 Two trimester Course Review of current orthodontic literature. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 703a Seminar: Advanced Orthodontics**
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 703b Seminar: Advanced Orthodontics**
Units: 2, 3, 4, 5, 6, 7, 8 each Terms Offered: FaSpSm Advanced diagnosis and treatment of complex orthodontic cases. Asymmetrical treatment. Hours vary. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 704a Seminar: Orthodontics in Theory and Practice**
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. 
Instruction Mode: Lecture Grading Option: Credit/No Credit

**ORTH 704b Seminar: Orthodontics in Theory and Practice**
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. 
Instruction Mode: Lecture Grading Option: Credit/No Credit

**ORTH 704c Seminar: Orthodontics in Theory and Practice**
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. 
Instruction Mode: Lecture Grading Option: Credit/No Credit

**ORTH 704d Seminar: Orthodontics in Theory and Practice**
Units: 2 Review of various approaches to orthodontic treatment; includes presentation of cases. 
Instruction Mode: Lecture Grading Option: Credit/No Credit

**ORTH 707 Interdisciplinary Aesthetic Treatment**
Units: 2 Terms Offered: Sp Commonly encountered interdisciplinary aesthetic problems. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 708 Information Technology in Orthodontic Practice**
Units: 2 Terms Offered: Fa Practical applications of information technology in contemporary orthodontics. Topics include office management systems, videocaphalometrics, and video imaging in orthodontic practice. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 721 Biomechanics and Orthodontic Technic**
Units: 8 Primary orthodontic techniques and basic diagnostic procedures. Typodont treatment of malocclusion, record taking, retention appliances, and beginning biomechanics. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 751a Clinic: Advanced Orthodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 751b Clinic: Advanced Orthodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 751c Clinic: Advanced Orthodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 751d Clinic: Advanced Orthodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. 
Instruction Mode: Lecture Grading Option: Letter

**ORTH 751e Clinic: Advanced Orthodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. 
Instruction Mode: Lecture Grading Option: Letter
Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751f Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 751h Clinic: Advanced Orthodontics
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical orthodontics; clinical techniques, diagnostic procedures, and applied clinical therapy to selected cases of malocclusion with emphasis on therapy and supervised treatment. Instruction Mode: Lecture Grading Option: Letter

ORTH 791 Library Research
Units: 1, 2, 3, 4, 5, 6 Organized literature searching and compiling of published data for purposes of developing writing and investigative skills. Instruction Mode: Lecture Grading Option: Letter

Ocean Sciences

OS 512 Introduction to Chemical and Physical Oceanography
Units: 4 Terms Offered: Fa Principles of physical, chemical, and geological oceanography including discussions of air-sea interaction, biogeochemical cycling and the role of the ocean in modulating climate and atmospheric composition; discussion section will cover formulation of basic calculations that illustrate these principles. Prequisite: CHEM 105b and MATH 126 Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as GEOL 512

OS 545 Modeling and Numerical Techniques for Marine Scientists
Units: 4 Terms Offered: Sp (Enroll in BISC 545)

OS 582 Advanced Biological Oceanography
Units: 4 Terms Offered: Fa (Enroll in BISC 582)

OS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OS 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 594c Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 594d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OS 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794e Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OS 794f Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Occupational Science and Occupational Therapy

OT 101 Caring For Your Self: Engaging in Healthy Habits and Routine
Units: 1 Terms Offered: FaSpSm Application of occupational science evidence and occupational therapy principles of lifestyle and self-care behavior change to support self-analysis and integration of healthy habits and routines. Instruction Mode: Lecture, Discussion Grading Option: Letter

OT 105 Culture, Medicine and Politics
Units: 4 Terms Offered: Fa (Enroll in ANTH 105)
and practice of the creative process in varied media, genres and occupations. Explores creativity in the arts, sciences, professions, evolution, daily life, and culture. Instruction Mode: Lecture Grading Option: Letter

OT 312 Creating a Sustainable Lifestyle
Units: 2 Scientists and policymakers advocate lifestyle changes as crucial to solving the environmental crisis. Investigation into the development of habits that promote environmental sustainability and personal wellbeing. Instruction Mode: Lecture Grading Option: Letter

OT 320 The Nature of Human Occupation: Form, Function, and Meaning
Units: 4 The complex nature of human occupation is covered from an interdisciplinary perspective. Emphasis is on how occupation contributes to human experience in a lived world. Instruction Mode: Lecture Grading Option: Letter

OT 325 The Brain: Mind, Body, and Self
Units: 4 Terms Offered: FaSpSm Exploration of neuroscience as it impacts everyday living, from the fundamentals of neurons and synapses, to the neural basis of language, empathy, and social interaction. Instruction Mode: Lecture Grading Option: Letter

OT 330 Perspectives on the Daily Life of Families
Units: 4 Examines family structures and processes, the occupational dimensions of families, and the meanings embedded in the acts of daily life of contemporary families. Instruction Mode: Lecture Grading Option: Letter

OT 333 Sports Ethics
Units: 4 Terms Offered: FaSp Critically examines ethical issues central to the world of sports that range from matters of fair play and cheating to performance-enhancing drugs and gene-doping. Instruction Mode: Lecture Grading Option: Letter

OT 340 Occupational Foundations of Human-Animal Interaction
Units: 4 Terms Offered: Sp Explores how interactions with companion animals expand human capacity for action and contribute to human health, well-being and participation in different cultural contexts, across the lifespan. Instruction Mode: Lecture Grading Option: Letter

OT 350 Disability, Occupations, and the Health Care System
Units: 4 Exploration of the ways in which ablebodiyism, sexism, racism, classism and homophobia contribute to occupational opportunities or barriers and weave their way into health care. Instruction Mode: Lecture Grading Option: Letter

OT 355x Occupational Reconstructions and Social Transformations
Units: 2 Terms Offered: FaSp The use of occupations — meaningful, purposeful activities — to restore identity, agency, health, well-being, skills, and political power to populations in problematic situations, such as wars and natural disasters. Instruction Mode: Lecture Grading Option: Letter

OT 360 Creating the Self through Narrative: Acts of Life Story Production
Units: 4 Analysis of life stories, life histories, and testimonies in social interactions, texts, and films. Life stories are an occupation to re-create the "Self" in response to conflict and change. Instruction Mode: Lecture Grading Option: Letter

OT 370 Understanding Autism: Participation Across the Lifespan
Units: 4 Terms Offered: FaSp Introduction to Autism Spectrum Disorder (ASD) from a neurodevelopmental perspective, with a focus on the daily living experience and occupational participation for individuals with ASD. Instruction Mode: Lecture Grading Option: Letter

OT 375 The Narrative Structure of Social Action: Narrative, Healing and Occupation
Units: 4 Narrative as guide and structure of practical action. Special emphasis on chronic illness and disability and narrative structure of clinical interactions. Instruction Mode: Lecture Grading Option: Letter

OT 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

OT 405 Foundations: Occupation
Units: 2 Terms Offered: FaSm Introduction to basic tenets of occupational therapy history and practice, the profession's language, and foundations of occupational science; incorporates experience and self-analysis of occupation. Registration Restriction: Open only to upper division and Masters level Occupational Therapy majors. Instruction Mode: Lecture, Discussion Grading Option: Letter

OT 406L Foundations: Creativity, Craft and Activity Analysis
Units: 2 Terms Offered: FaSm Exploration of craftsmanship in both historical and contemporary contexts; engagement in the craft experience to encourage creativity and to develop proficiency in analysis of performance. Registration Restriction: Open only to upper division, Master and Professional OT majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 440L Foundations: Kinesiology
Units: 2 Terms Offered: FaSpSm Review of biomechanical, neuromuscular and musculoskeletal principles to the analysis of everyday activities and therapeutic interventions. Registration Restriction: Open only to upper division and master's Occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 441L Foundations: Neuroscience
Units: 2 Terms Offered: FaSpSm Application of basic neural function to the analysis of daily living tasks and activities; review of pathological conditions that interfere with performance in occupation. Registration Restriction: Open only to upper division and Master's occupational Therapy majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSp Sm Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

OT 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content to be selected in occupational therapy and occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 500a Clinical Problems in Occupational Therapy
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 500b Clinical Problems in Occupational Therapy
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 500c Clinical Problems in Occupational Therapy
Units: 2, 3, 4 Terms Offered: FaSpSm Specific applications of occupational therapy practice in varied clinical/health settings. Seminar to integrate theory with application of intervention principles for various populations. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 501L Practice Immersion: Adult Physical Rehabilitation
Units: 8 Terms Offered: FaSp Scientific and theoretical underpinnings and knowledge and skills necessary for occupational therapy evaluation and intervention in adult rehabilitation and geriatrics; incorporates related Level I Fieldwork. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 401. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 502L Practice Immersion: Mental Health
Units: 8 Terms Offered: FaSp Scientific and theoretical underpinnings and knowledge and skills necessary for occupational therapy evaluation and intervention in mental health practice; incorporates related Level I Fieldwork. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 402. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 503L Practice Immersion: Pediatrics
Units: 8 Terms Offered: FaSp Scientific and theoretical underpinnings and knowledge and skills necessary for occupational therapy evaluation and intervention in pediatrics; incorporates related Level I Fieldwork.
COURSES OF INSTRUCTION

Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 403. Instruction Mode: Lecture, Lab Required Grading Option: Letter

OT 511 Therapeutic Use of Self
Units: 2 Terms Offered: Fa Exploration of efficacy, therapeutic use of self, empathy and mindfulness; development of self-awareness to support the art, craft and skill of effective therapeutic relationships. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 410. Instruction Mode: Lecture Grading Option: Letter

OT 515 Neuroscience of Behavior
Units: 4 Terms Offered: Fa Foundation for understanding neural functions involved in typical/atypical behaviors; review of neural circuitry, experimental methods, basic behavioral systems, higher order cognitive functions and associated disorders. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 451. Instruction Mode: Lecture Grading Option: Letter

OT 518 Quantitative Research for Evidence-Based Practice
Units: 4 Terms Offered: Fa Traditions and methods of quantitative research; emphasis on formulation of clear clinical questions; finding, evaluating, and applying evidence to a clinical problem; includes journal club. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 480. Instruction Mode: Lecture Grading Option: Letter

OT 521 Clinical Reasoning
Units: 3 Terms Offered: Sp Dynamic look at creation and application of professional knowledge and expertise; examines interrelationship between theory and practice; incorporates narrative and illness experiences in clinical reasoning. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 411. Instruction Mode: Lecture Grading Option: Letter

OT 523 Communication Skills for Effective Practice
Units: 3 Terms Offered: Fa Principles of written, verbal and non-verbal communication with professionals, clients and families, from a personal and professional perspective; group interventions; interview skills; advocacy as communication. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 430. Instruction Mode: Lecture Grading Option: Letter

OT 525 Qualitative Research for Evidence-Based Practice
Units: 4 Terms Offered: Sp Traditions and methods of qualitative research; development of skills for research design, implementation and dissemination; critique of qualitative research for evidence-based practice and occupational science. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 470. Instruction Mode: Lecture Grading Option: Letter

OT 534 Health Promotion and Wellness
Units: 2 Terms Offered: Fa Examination of relationship of occupation to health, wellbeing, participation; critical thinking about lifestyle factors influencing occupational engagement; occupational science and wellness in occupational therapy practice. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 504. Instruction Mode: Lecture Grading Option: Letter

OT 537 Occupation-Centered Programs for the Community
Units: 4 Terms Offered: Fa Development of a proposal for new or extended services; includes trends analysis, needs assessment, literature review, marketing plan, mock funding request, program evaluation and presentation. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 570. Instruction Mode: Lecture Grading Option: Letter

OT 538 Current Issues in Practice: Adulthood and Aging
Units: 2 Terms Offered: Fa Exploration of adulthood, aging and occupation; current topics related to aging population and occupational therapy to promote health and participation throughout the lifespan. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 508. Instruction Mode: Lecture Grading Option: Letter

OT 540 Leadership Capstone
Units: 2 Terms Offered: Sp Professional capstone in leadership, advocacy, ethical reasoning, professional behavior, and public policy as it impacts the practice of occupational therapy; independent professional externship. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 580. Instruction Mode: Lecture Grading Option: Letter

OT 545 Advanced Seminar in Occupational Science
Units: 2 Terms Offered: FaSp Advanced analysis of occupational science concepts including dimensions of occupation and the impact of occupation on health and wellbeing; factors associated with participation in occupation at the individual, community and global levels. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 585. Instruction Mode: Lecture Grading Option: Letter

OT 560 Contemporary Issues in School-Based Practice
Units: 4 Terms Offered: FaSp Current issues in school-based occupational therapy evaluation, ongoing assessment and intervention. Topics include successful collaboration in inclusive classrooms and on IFSP and IEP teams. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 561 Occupational Therapy in Acute Care
Units: 4 Terms Offered: Sp Knowledge and skills for occupational therapy practice in acute care settings using a systems-based approach; includes an experiential learning component at Keck Hospital of USC. Registration Restriction: Open only to Occupational Science and Occupational Therapy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 562 Advanced Hand Rehabilitation and Certification (PAMs)
Units: 4 Terms Offered: Sp Evidence-based and occupation-based practice for hand and upper extremity conditions; application of PAMs as preparatory for occupation. Applicable toward California educational requirements for advanced practice. Corequisite: OT 573. Registration Restriction: Open only to Occupational Science and Occupational Therapy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 563 Occupational Therapy in Primary Health Care Environments
Units: 2 Terms Offered: FaSp Examines the emerging role of occupational therapy in primary care, including the need occupational therapy can address in primary care. Registration Restriction: Open only to Occupational Science and Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 564 Sensory Integration
Units: 4 Terms Offered: Sp Comprehensive overview of sensory integration theory and basic intervention principles. A case-based approach will facilitate the integration of sensory integration, evidence based practice and occupational science. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 565 Sensory Integration Interventions
Units: 4 Terms Offered: Sp Foundations and application of sensory integration principles in clinical practice, schools and community. Includes critique and integration of evidence, effective communication with parents, and documentation. Corequisite: OT 564 Registration Restriction: Open only to Occupational Science and Occupational Therapy students Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 566 Healthcare Communication with Spanish-Speaking Clients
Units: 2 Terms Offered: Fa Development of communicative proficiency and accuracy in Spanish within a therapeutic context. Introduction to Spanish language, adaptive communication strategies, and ethics in language-discordant communication. Registration Restriction: Open only to Occupational Science and Occupational Therapy students Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 567 Contemporary Issues: Occupational Therapy in Early Intervention
Units: 4 Terms Offered: Sp Exploration of occupational therapy in early intervention settings including: relevant legislation, family-centered care, cultural context, documentation, ethics, and neuroscientific foundations of infant mental health.
Registration Restriction: Open only to Occupational Science and Occupational Therapy students Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 571 Assistive Technology
Units: 4 Terms Offered: Sp Principles of assessment, selection, training, and follow-up with clients in the use of assistive technologies to enable and enhance participation in a meaningful occupation. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 572 Ergonomics
Units: 4 Terms Offered: Sp Focus on the effects of physical design in the workplace on users' injury rate, behavior, performance and stress levels. Intervention for repetitive motion included. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 573 Hand Rehabilitation
Units: 4 Terms Offered: Fa Occupation-based evaluation and intervention for individuals with acute and chronic hand disorders. Topics include scar management, splinting, peripheral nerve injury, wound healing and physical agent modalities. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 574 Enhancing Motor Control for Occupation
Units: 4 Terms Offered: FaSp Laboratory examining approaches to assessment and remediation of motor control following upper motor neuron lesions. An occupation-based approach to Neurodevelopmental Treatment (NDT) will be emphasized. Registration Restriction: Open only to OT majors. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 575 Dysphagia Across the Lifespan: Pediatrics through Geriatrics
Units: 2 Terms Offered: Sp A comprehensive investigation of the anatomy and physiology of normal and abnormal swallowing. Didactic and hands-on study of assessment and treatment interventions will be addressed. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 576 Universal Design
Units: 4 Terms Offered: Fa Examination of the concepts and principles of universal design and the benefits of the approach for people with disabilities and for all individuals. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 577 Seminar in Occupational Therapy
Units: 2 Terms Offered: Sp Occupational therapy and the health care system. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 505. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 578 Therapeutic Communication: Facilitating Change in Clients
Units: 4 Terms Offered: FaSpSm Exploration of selected therapeutic communication styles intended to facilitate change including motivational interviewing, mindfulness practices, and cognitive approaches to therapeutic intervention. Registration Restriction: Open only to graduate students in Occupational Science and Occupational Therapy Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OT 579 Occupational Therapy in Adult-Neurorehabilitation
Units: 4 Terms Offered: Sp Comprehensive overview of occupational therapy evaluation and intervention in adult neurorehabilitation addressing motor, visual, cognitive, emotion, and language systems. Emphasizes evidence-based interventions with hands-on application. Registration Restriction: Open only to graduate and professional students in Occupational Therapy Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

OT 580 Quantitative Research for the Practicing Clinician
Units: 4 Terms Offered: FaSpPrSp Traditions and methods of quantitative research for practicing clinicians; emphasis on formulation of clear clinical questions; finding, evaluating, and applying evidence to a clinical problem. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 581 Quantitative Research for the Practicing Clinician
Units: 4 Terms Offered: FaSpPrSp Traditions and methods of quantitative research for practicing clinicians; emphasis on formulation of clear clinical questions; finding, evaluating, and applying evidence to a clinical problem. Registration Restriction: Open only to Occupational Therapy majors. Instruction Mode: Lecture Grading Option: Letter

OT 582 Occupational Science Foundations of Lifestyle Redesign
Units: 4 Terms Offered: FaSpSm Overview of the foundations and philosophy of Lifestyle Redesign®. Includes theoretical underpinnings, therapeutic methods, and examination of how occupational science informs Lifestyle Redesign® interventions. Registration Restriction: Open only to graduate students in Occupational Science and Occupational Therapy Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OT 583 Current Applications of Lifestyle Redesign
Units: 4 Terms Offered: FaSpSm Interactive practicum exploring the Lifestyle Redesign® approach to preventing and managing chronic health conditions. Topics include therapeutic process, lifestyle module design and service delivery models. Registration Restriction: Open only to graduate students in Occupational Science and Occupational Therapy Instruction Mode: Lecture, Discussion Grading Option: Credit/No Credit

OT 584 Clinical Applications of Telehealth Technologies in OT
Units: 2 Terms Offered: Sp Interactive course exploring the history of telehealth technologies; includes definitions, care models, remote services, applications, activity monitoring devices, technology enabled therapy, legislation, reimbursement. Registration Restriction: Open only to Occupational Science and Occupational Therapy graduate students. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 585 Advanced Seminar in Occupational Science
Units: 2 Terms Offered: FaSpSm Advanced analysis of occupational science concepts including dimensions of occupation and the impact of occupation on health and wellbeing; factors associated with participation in occupation at the individual, community and global levels.

OT 586 Clinical Internship with Seminar
Units: 1, 2 Max Units: 6.0 Terms Offered: FaSpSm Clinical internship to qualify for professional certification. Seminar to integrate theory with application of treatment principles for various populations. Registration Restriction: Open only to Occupational Therapy majors. Duplicates Credit in former OT 486. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Recent developments in occupational therapy and occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 610 Sensory Integrative Dysfunction
Units: 4 Terms Offered: FaSpSm Differential evaluation of sensory integrative dysfunction; theory and procedure for enhancing the processing of sensory data by children with learning and behavior disorders. Prerequisite: admission by advance application and instructor's approval only; must be certified as an occupational or physical therapist. Instruction Mode: Lecture Grading Option: Letter

OT 612 Information Processing and Occupation
Units: 4 Terms Offered: FaSpSm on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 620 Current Issues in Occupational Science and Occupational Therapy
Units: 4 Terms Offered: Fa Review of current occupational science research as it is applied to practice; examination of leadership opportunities; development of proposal focusing on chosen area of study. Registration Restriction: Open only to Occupational Therapy doctoral students.
Instruction Mode: Lecture Grading Option: Letter

OT 621 Occupational Therapy Leadership: Contemporary Issues
Units: 4
Examination of themes in occupational therapy related to roles, contexts, and history. Development of leadership skills; analysis of the impact of policy and advocacy on occupational therapy. Instruction Mode: Lecture Grading Option: Letter

OT 640 Conceptual Foundations of Occupational Science
Units: 4
Analysis of the conceptual foundations and methodological orientations for occupational science, including the development of disciplinary perspectives, formulation of theoretical arguments, and the interpretation of research data. Instruction Mode: Lecture Grading Option: Letter

OT 641 The Nature of Occupation
Units: 4
Theoretical and historical foundations for the study of occupation, engagement in living and learning in everyday life. Instruction Mode: Lecture Grading Option: Letter

OT 642 Therapeutic Uses of Self: Psychodynamic Perspectives
Units: 4
Survey of the diversity of analytic conceptions of subjectivity and intersubjectivity. Emphasis on the ways these ideas influence the notion of therapeutic efficacy. Instruction Mode: Lecture Grading Option: Letter

OT 643 Meaningful Engagement in Everyday Life
Units: 4
Exploration of the subjective experience of meaningful engagement in work, play, and the occupational pursuits of everyday life, drawing on contributions from the social sciences. Instruction Mode: Lecture Grading Option: Letter

OT 644 Foundations of Research on Activity and Health
Units: 4
Examination of effectiveness and efficacy research, study design and methodology, dimensions of adaptation and research methods through the lens of two division-based research programs. Instruction Mode: Lecture Grading Option: Letter

OT 645 Narrative, Healing and the Culture of Biomedicine
Units: 4
Introduction to narrative as analytic framework for considering chronic illness, disability, occupation, and the moral and cultural influences on the clinical reasoning of health professionals. Instruction Mode: Lecture Grading Option: Letter

OT 646 Intersections of Occupational Science and Human Development
Units: 4
Analysis of occupational science perspectives related to human development and participation in sociocultural practices and examination of developmental theories and their relationship to occupational science. Instruction Mode: Lecture Grading Option: Letter

OT 647 Producing New Knowledge in Occupational Science
Units: 4
Theory, methods and contexts of research in occupational science as a discipline that seeks to understand, explain, and promote human flourishing. Prerequisite: OT 640; Recommended Preparation: at least one advanced course in qualitative, quantitative, or mixed methods for research. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

OT 648 Researching Occupation: Engagement, Meaning, and Society
Units: 4
Approaches to studying health and wellbeing in everyday living from biological to population levels, including prevention, wellness, chronic illness, disability, and rehabilitation, emphasizing quantitative methods. Recommended Preparation: OT 641 and OT 660. Instruction Mode: Lecture Grading Option: Letter

OT 649 Researching Occupation: Function, Participation, and Health
Units: 4

OT 650 Development of Adaptive Skills
Units: 4
Ontogenesis and phylogenesis of work and leisure. Systems view of person/environmental interactions affecting competence and satisfaction with activity. Occupation and the need for mastery. Instruction Mode: Lecture Grading Option: Letter

OT 655 Work and Leisure
Units: 4
Introduction to painful conditions. Instruction Mode: Lecture Grading Option: Letter

OT 660 Research Practicum
Units: 2
Experiential learning through immersion in one or more externally funded research groups in the Division, enabling intense participation in multi-skilled research groups. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 661 Grant Writing for Occupational Science
Units: 2
Integration of theory, research design, and methods to develop competitive grant applications for the study of occupation, with a focus on federal granting agencies. Prerequisite: OT 640 and OT 641. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 662 Residency
Units: 6 or 12 Max Units: 24
Residency involving development, administration, evaluation, or policy formulation for occupation-centered programs in clinical or community settings. Instruction Mode: Lecture Grading Option: Letter

OT 670 Researching Occupation: Collaboration and Community Engagement
Units: 4
Credit/No Credit

OT 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Research leading to the dissertation. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

OT 794a Doctoral Dissertation
Units: 2
Acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794b Doctoral Dissertation
Units: 2
Acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

OT 794c Doctoral Dissertation
Units: 2
Acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Pain Medicine

PAIN 701 Pharmacotherapeutics for Pain
Units: 2
Introduction into the complex area of treatment with opioids and other pharmacological options. Instruction Mode: Lecture Grading Option: Letter

PAIN 702 Pain Classification and Diagnosis - Part 1
Units: 2
Introduction of pain classification and diagnosis to familiarize the student with a standardized approach to painful conditions. Instruction Mode: Lecture Grading Option: Letter

PAIN 703 Psychological Aspects of the Pain Experience: Individual and Cultural Issues
Units: 2
Explores the psychological and social perspectives that influence chronic pain, reinforcing the need to look beyond the initial physical diagnosis. Instruction Mode: Lecture Grading Option: Letter

PAIN 704 Pain and Society: Epidemiology and Cultural Issues
Units: 1
Explores the societal issues related to pain, including the role of culture, ethnicity, caregiving, social and psychological factors related to pain and pain management. Instruction Mode: Lecture Grading Option: Letter

PAIN 705 Pain Assessment: History and Physical Examination
Units: 2 Terms Offered: Sp Evaluation of patients suffering from pain, distinguishing between types of pain that may be acute or chronic. Instruction Mode: Lecture Grading Option: Letter

PAIN 706 Musculoskeletal Anatomy and Pathology
Units: 2 Terms Offered: Sp Anatomical survey of the human musculoskeletal system, focused on common pathologies that generate pain. Instruction Mode: Lecture Grading Option: Letter

PAIN 707 Pain Neuroscience
Units: 2 Terms Offered: Sp Anatomy of peripheral and central nociceptors, molecular mechanisms that underlie primary responses, neural networks, and neural mechanisms involved in hyperalgesia and allodynia. Instruction Mode: Lecture Grading Option: Letter

PAIN 708 Opioids
Units: 1 Terms Offered: Fa Explores opioid therapeutics including proper use, dosing, side effects and its management, use in special populations, and legal/ethical considerations for prescribers and dispensers. Instruction Mode: Lecture Grading Option: Letter

PAIN 709 Pain Classification and Diagnosis - Part 2
Units: 2 Terms Offered: Fa Knowledge and ability to recognize fine differences in various common pain conditions. Instruction Mode: Lecture Grading Option: Letter

PAIN 710 Advanced Pain Physiology and Neuroscience
Units: 1 Terms Offered: Fa Advanced neurophysiology of pain including immunology and epigenetics, neuropathic pain, inflammation, with a series of lectures and sessions to analyze clinical cases. Instruction Mode: Lecture Grading Option: Letter

PAIN 711 Research Methodology
Units: 2 Terms Offered: Fa Conduct a systematic review, research question, searching the literature, summarizing the evidence and interpreting the findings. Instruction Mode: Lecture Grading Option: Letter

PAIN 712a Pain Medicine Capstone
Units: 0.5 Terms Offered: Fa Collaborative research project or supervised internship (practicum) incorporating a service learning approach. Instruction Mode: Lecture Grading Option: Letter

PAIN 712b Pain Medicine Capstone
Units: 0.5 Terms Offered: Sp Collaborative research project or supervised internship (practicum) incorporating a service learning approach. Instruction Mode: Lecture Grading Option: Letter

PAIN 712c Pain Medicine Capstone
Units: 0.5 Terms Offered: Sp Collaborative research project or supervised internship (practicum) incorporating a service learning approach. Instruction Mode: Lecture Grading Option: Letter

PAIN 713a Case Studies
Units: 0.5 Terms Offered: Fa Multiple elements including weekly online discussions of cases; learning need assignments; defense of an 18 cases or scenarios e-Portfolio. Prerequisite: PAIN 713a Instruction Mode: Lecture Grading Option: Letter

PAIN 713b Case Studies
Units: 0.5 Terms Offered: Sp Multiple elements including weekly online discussions of cases; learning need assignments; defense of an 18 cases or scenarios e-Portfolio. Prerequisite: PAIN 713a Instruction Mode: Lecture Grading Option: Letter

PAIN 713c Case Studies
Units: 0.5 Terms Offered: Fa Multiple elements including weekly online discussions of cases; learning need assignments; defense of an 18 cases or scenarios e-Portfolio. Prerequisite: PAIN 713c Instruction Mode: Lecture Grading Option: Letter

PAIN 714 Public Policy and Legal Issues
Units: 1 Terms Offered: Sp Public Policy and Legal Issues in Pain Medicine including the California Medical Board Guidelines for Pain Medication, CURES, and legislation related with the discipline. Instruction Mode: Lecture Grading Option: Letter

PAIN 715 History of Pain: Theory and Treatment
Units: 1 Terms Offered: Fa Trace through history our collective understanding of pain by examining the people, theories, and technologies which have brought us to our modern understanding. Instruction Mode: Lecture Grading Option: Letter

PAIN 716 Neuropathic Pain
Units: 1 Terms Offered: Sp Focus on pain caused by nervous system dysfunction; assessment, physiology, diagnoses and treatment. Instruction Mode: Lecture Grading Option: Letter

PAIN 717 Psychological Aspects of Chronic Pain
Units: 2 Terms Offered: Sp Information and demonstration on specific psychological treatments to decrease pain levels and manage pain flares. Instruction Mode: Lecture Grading Option: Letter

PAIN 718 Complementary Approaches
Units: 2 Terms Offered: Fa Treatment options in pain management; framework for integrative models of care. Instruction Mode: Lecture Grading Option: Letter

PAIN 719 Building a Practice: Institutional or Private
Units: 1 Building and managing a Pain Practice. Topics include the scope of practice, stratification of care, and marketing. Instruction Mode: Lecture Grading Option: Letter

PAIN 720 Physical and Occupational Therapies
Units: 1 Terms Offered: Sp Physical and Occupational Therapy techniques to assess and treat chronic pain. Instruction Mode: Lecture Grading Option: Letter

PAIN 721 Advanced Therapeutics
Units: 2 Terms Offered: Sp Patients who suffer from chronic pain often fail to respond to basic treatments. Therefore it is crucial for clinicians to be familiar with different treatment options. Instruction Mode: Lecture Grading Option: Letter

PAIN 722 Palliative Care in End of Life
Units: 1 Terms Offered: Fa Key concepts in palliative medicine and hospice care, ranging from management of common symptoms, to best practices in communication with patients and their families. Instruction Mode: Lecture Grading Option: Letter

PAIN 723 Orofacial Pain and Headache
Units: 2 Terms Offered: Sp Foundational knowledge of orofacial neurogenic pain and headache disorders; prevalence, differential diagnosis, prevention and management. Instruction Mode: Lecture Grading Option: Letter

Pathology (Herman Ostrow School of Dentistry)

PTHL 312a Medicine and Pathology
Units: 1 Terms Offered: FaSpSm An integrated approach to clinical, gross and microscopic study of basic disease processes, systemic pathology, oral pathology, internal medicine, pathophysiology, physical evaluation and emergency medicine for significant organ systems. Clinical-pathologic correlation stressed. Evaluation, classification, and differential diagnosis of oral lesions; disease recognition and dental treatment modification. Instruction Mode: Lecture Grading Option: Letter

PTHL 312b Medicine and Pathology
Units: 3 Terms Offered: FaSpSm An integrated approach to clinical, gross and microscopic study of basic disease processes, systemic pathology, oral pathology, internal medicine, pathophysiology, physical evaluation and emergency medicine for significant organ systems. Clinical-pathologic correlation stressed. Evaluation, classification, and differential diagnosis of oral lesions; disease recognition and dental treatment modification. Instruction Mode: Lecture Grading Option: Letter

PTHL 312c Medicine and Pathology
Units: 2 Terms Offered: FaSpSm An integrated approach to clinical, gross and microscopic study of basic disease processes, systemic pathology, oral pathology, internal medicine, pathophysiology, physical evaluation and emergency medicine for significant organ systems. Clinical-pathologic correlation stressed. Evaluation, classification, and differential diagnosis of oral lesions; disease recognition and dental treatment modification. Instruction Mode: Lecture Grading Option: Letter
COURSES OF INSTRUCTION

PATHL 501 Oral Pathology
Units: 4 Terms Offered: Sm Clinical radiographic, gross and microscopic characteristics of mucosal, skin, fibrous and salivary gland diseases; odontogenic tumors and cysts; benign and malignant neoplasms and iatrogenic conditions. Instruction Mode: Lecture Grading Option: Letter

PATHL 504a Seminar: Oral Pathology
Units: 0 Clinico-pathologic discussion of oral pathosis cases. A variety of "unknown" cases representing diagnostic problems are analyzed. Etiology, pathogenesis, clinical/ radiographic features, therapy and prognosis are stressed. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PATHL 504b Seminar: Oral Pathology
Units: 0 Clinico-pathologic discussion of oral pathosis cases. A variety of "unknown" cases representing diagnostic problems are analyzed. Etiology, pathogenesis, clinical/ radiographic features, therapy and prognosis are stressed. Instruction Mode: Lecture Grading Option: Letter

PATHL 601 Advanced Oral Pathology Seminar
Units: 2 Detailed discussion and analysis of many cases representing a wide variety of oral pathologic conditions stressing differential diagnosis and clinical-pathologic correlations. Instruction Mode: Lecture Grading Option: Letter

PATHL 701 Clinopathologic Conference
Units: 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 Clinopathologic correlation of diseases of the head and neck. Presented at LAC+USC Medical Center. Instruction Mode: Lecture Grading Option: Letter

Pathology (Keck School of Medicine)

PATH 500a Basic and Applied Systemic Pathology
Units: 3 Terms Offered: Irregular Clinical, gross, and microscopic study of basic disease processes. Pathophysiology of major organ systems; etiology, pathogenesis and histopathology of important diseases; oral manifestations, clinical recognition.

PATH 500b Basic and Applied Systemic Pathology
Units: 2 Terms Offered: Irregular Clinical, gross, and microscopic study of basic disease processes. Pathophysiology of major organ systems; etiology, pathogenesis and histopathology of important diseases; oral manifestations, clinical recognition.

PATH 531 Cell Biology
Units: 4 (Enroll in INTD 531)

PATH 550 Introduction to Pathology
Units: 4 Terms Offered: Fa (Enroll in INTD 550)

PATH 551 Pathobiology of Disease
Units: 4 (Enroll in INTD 551)

PATH 553 Methods in Cellular and Clinical Pathology
Units: 3 Terms Offered: Fa Includes advanced techniques in cell biology, protein and immunohemistry. A practical approach to acquaint new graduate students with current methodologies and applications used in biomedical research. Duplicates Credit in former PATH 552a. Instruction Mode: Lecture Grading Option: Letter

PATH 554 Methods in Molecular Pathology
Units: 2 Terms Offered: Sp Theory and practice methods useful in experimental pathology; experimental design; statistical analysis; literature analysis; laboratory and radiation safety. Duplicates Credit in former PATH 552b. Instruction Mode: Lecture Grading Option: Letter

PATH 555 Biochemical and Molecular Bases of Disease
Units: 4 Terms Offered: Sp (Enroll in INTD 555)

PATH 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

PATH 570a Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 570b Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 570c Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 570d Seminar in Pathology
Units: 1 Terms Offered: FaSp Recent advances in the understanding of diseased cells and tissues are reported and discussed using standard seminars, as well as autopsy organ reviews. Instruction Mode: Lecture Grading Option: Letter

PATH 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

PATH 572 Systems Physiology and Disease I
Units: 4 Terms Offered: Fa (Enroll in INTD 572)

PATH 573 Systems Physiology and Disease II
Units: 4 Terms Offered: Sp (Enroll in INTD 573)

PATH 575 Frontiers of Pathology
Units: 2 Max Units: 8.0 Terms Offered: Sp Weekly research lectures by leading investigators in the field of homeostatic response to injury such as cell death, inflammation, fibrosis and regeneration. Instruction Mode: Lecture Grading Option: Letter

PATH 581 Essentials of Animal Experimentation
Units: 1 Terms Offered: Fa A course providing basic information on the issues and responsibilities of investigators using animals in biomedical research. Recommended Preparation: graduate standing.

PATH 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PATH 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 594b Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpInstruction Mode: Lecture Grading Option: Letter

PATH 631 Viral Oncology
Units: 2 Terms Offered: Fa (Enroll in INTD 630)

PATH 650 Stem Cell Biology and Medicine
Units: 4 Terms Offered: Sp (Enroll in INTD 650)

PATH 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PATH 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PATH 794e Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PCPA 503 Behavioral Sciences I
Units: 4 Terms Offered: Fa First of three-semester sequence in current topics in behavioral medicine, psychological and cultural factors in health and illness, interpersonal and sociological aspects of patient care, and competencies for PA practice. Prerequisite: PCPA 502. Instruction Mode: Lecture Grading Option: Letter

PCPA 506 Behavioral Sciences II
Units: 4 Terms Offered: Sp Second of three-semester sequence in current topics in behavioral medicine, psychological and cultural factors in health and illness, interpersonal and sociological aspects of patient care, and competencies for PA practice. Prerequisite: PCPA 503. Instruction Mode: Lecture Grading Option: Letter

PCPA 509 Behavioral Sciences III
Units: 4 Terms Offered: FaLast of three-semester sequence in current topics in behavioral medicine, psychological and cultural factors in health and illness, interpersonal and sociological aspects of patient care, and competencies for PA practice. Prerequisite: PCPA 506. Instruction Mode: Lecture Grading Option: Letter

PCPA 523 Clinical Skills I
Units: 4 Terms Offered: Fa Laboratory experiences with basic clinical skills essential to medical practice. First of four courses. Instruction Mode: Lecture Grading Option: Letter

PCPA 526 Clinical Skills II
Units: 6 Terms Offered: Sp Laboratory experiences with basic clinical skills essential to medical practice. Second of four courses. Prerequisite: PCPA 523. Instruction Mode: Lecture Grading Option: Letter

PCPA 529 Clinical Skills III
Units: 6 Terms Offered: Fa Laboratory experiences with basic clinical skills essential to medical practice. Third of four courses. Prerequisite: PCPA 526. Instruction Mode: Lecture Grading Option: Letter

PCPA 530 Basic Medical Sciences
Units: 6 Terms Offered: Fa A one-semester overview of clinical anatomy, physiology, pathophysiology, and pathology essential to understanding disease mechanisms commonly encountered in primary care and specialty practices of medicine. Instruction Mode: Lecture Grading Option: Letter

PCPA 532 Clinical Skills IV
Units: 3 Terms Offered: Sp Laboratory experiences with basic clinical skills essential to medical practice. Last of four courses. Prerequisite: PCPA 529. Instruction Mode: Lecture Grading Option: Letter

PCPA 543 Topics in Medicine I
Units: 4 Terms Offered: Fa Basic instruction in normal/abnormal states of organ systems in the study of human disease. The first of three courses that includes instruction in pathophysiology, pharmacology, diagnostic studies, and medicine. Instruction Mode: Lecture Grading Option: Letter

PCPA 546 Topics in Medicine II
Units: 6 Terms Offered: Sp Basic instruction in normal/abnormal states of organ systems in the study of human disease. The second of three courses that includes instruction in pathophysiology, pharmacology, diagnostic studies, and medicine. Prerequisite: PCPA 543. Instruction Mode: Lecture Grading Option: Letter

PCPA 549 Topics in Medicine III
Units: 6 Terms Offered: Fa Basic instruction in normal/abnormal states of organ systems in the study of human disease. The third of three courses that includes instruction in pathophysiology, pharmacology, diagnostic studies, and medicine. Prerequisite: PCPA 546. Instruction Mode: Lecture Grading Option: Letter

PCPA 561 Clinical Assignment I
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 562 Clinical Assignment II
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 563 Clinical Assignment III
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 564a Clinical Assignment IV
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 564b Clinical Assignment IV
Units: 0 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 565a Clinical Assignment V
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 565b Clinical Assignment V
Units: 0 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 566 Clinical Assignment VI
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 567 Clinical Assignment VII
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 568 Clinical Assignment VIII
Units: 3.5 Terms Offered: FaSpSm One discrete consecutive five-day-a-week intensive field placement under a program-approved supervising preceptor in a program-approved clinical setting. Instruction Mode: Lecture Grading Option: Credit/No Credit

PCPA 583 Advanced Topics in PA Studies: Education
Units: 4 Terms Offered: Sp Seminar format: students explore educational theories and methods used by PAs in a variety of settings, including clinical practice, classroom and community. Instruction Mode: Lecture Grading Option: Letter

PCPA 586 Advanced Topics in PA Studies: Research
Units: 4 Terms Offered: Sp Seminar format: students receive an integrated experience in research methods including methodology, data collection, analysis and evaluation. Instruction Mode: Lecture Grading Option: Letter

PCPA 589 Advanced Topics in PA Studies: Medical Care Organization
Units: 4 Terms Offered: Sp Seminar format: students will explore current topics in medical care organization and physician assistant practice including administration, financing, changing organizational settings, and workforce issues. Instruction Mode: Lecture Grading Option: Letter

Pediatric Dentistry
PEDO 310 Principles of Dentistry for Children
Units: 1 Role of the dental hygienist in dental care for the child patient. Principles of pediatric dentistry as related to education of the child patient and the parent. Instruction Mode: Lecture Grading Option: Letter

PEDO 501 Clinical Pediatric Dentistry
Units: 1 Scientific principles underlying contemporary pediatric dentistry, including prevention of disease; dental anomalies; habits and other problems in occlusal development; behavior management; child abuse. Instruction Mode: Lecture Grading Option: Letter

PEDO 521 Preclinical Pediatric Dentistry
Units: 2 Principles and techniques of cavity preparations in primary teeth; pulpal therapy; stainless steel crowns; space maintenance; diagnosis, treatment planning. Instruction Mode: Lecture Grading Option: Letter

PEDO 551a Clinic: Dentistry for Children
Units: 0 Structured clinical experience in caring for the dental needs of the child patient. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade
PEDO 551b Clinic: Dentistry for Children I
Units: 0 Structured clinical experience in caring for the dental needs of the child patient. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 551c Clinic: Dentistry for Children I
Units: 2 Structured clinical experience in caring for the dental needs of the child patient. Includes special case seminars. Instruction Mode: Lecture Grading Option: Letter

PEDO 561a Clinic: Dentistry for Children II
Units: 0 Dental treatment of the child patient; preventive and restorative dentistry; space maintenance and interceptive orthodontic procedures. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 561b Clinic: Dentistry for Children II
Units: 0 Dental treatment of the child patient; preventive and restorative dentistry; space maintenance and interceptive orthodontic procedures. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PEDO 61a Seminar: Advanced Pediatric Dentistry
Units: 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Discussions of literature related to pediatric dentistry. Biologic considerations in operative dentistry, odontogenesis, dental trauma, physiology of occlusion, pulpal biology. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 701a Seminar: Advanced Pediatric Dentistry
Units: 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Discussions of literature related to pediatric dentistry. Biologic considerations in operative dentistry, odontogenesis, dental trauma, physiology of occlusion, pulpal biology. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 701b Seminar: Advanced Pediatric Dentistry
Units: 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Discussions of literature related to pediatric dentistry. Biologic considerations in operative dentistry, odontogenesis, dental trauma, physiology of occlusion, pulpal biology. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 702a Comprehensive Review of Pediatric Dentistry
Units: 5, 6, 7 each Terms Offered: FaSpSm Critical analysis of current pediatric dentistry literature and case conferences related to the application of contemporary issues in dentistry for the complex child patient. Instruction Mode: Lecture Grading Option: Letter

PEDO 702b Comprehensive Review of Pediatric Dentistry
Units: 5, 6, 7 each Terms Offered: FaSpSm Critical analysis of current pediatric dentistry literature and case conferences related to the application of contemporary issues in dentistry for the complex child patient. Instruction Mode: Lecture Grading Option: Letter

PEDO 703a Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 703b Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 703c Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 703d Interceptive Orthodontics
Units: 2, 3, 4, 5 each Recognition, evaluation, and treatment of developing orthodontic problems appropriate to the pediatric dentist; emphasis on diagnosis; laboratory experience included. Instruction Mode: Lecture, Lab Grading Option: Letter

PEDO 704a Prevention in Pediatric Dentistry
Units: 2 Discussions and readings pertaining to the analysis and incorporation of the many components of prevention into the contemporary pediatric dentistry practice. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 704b Prevention in Pediatric Dentistry
Units: 2 Discussions and readings pertaining to the analysis and incorporation of the many components of prevention into the contemporary pediatric dentistry practice. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 705 Pediatric Diseases
Units: 2 Discussion of medical conditions seen by the pediatric dentist in the hospital environment. Conditions include childhood cancer, HIV, heart disease, diabetes mellitus and blood dyscrasias. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 706 Dental Care for Pediatric Patients with Disabilities
Units: 2 Medical, dental, psychological, and social problems of children with developmental disabilities; effect of problems on delivery of pediatric dentistry. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 707 Seminar: Cleft Palate Rehabilitation
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9 Three trimester course discussions and case conferences related to treatment of patients with oral and facial anomalies: includes interceptive and corrective orthodontics, preventive and restorative treatment, and selected oral surgery-prosthetic rehabilitative procedures. Instruction Mode: Lecture Grading Option: Letter

PEDO 708 Practice Management
Units: 1 Terms Offered: FaSpSm Discussion of issues related to the contemporary practice of pediatric dentistry (seminars and office visitations). Topics include: purchasing a practice, associations, hospital affiliations, practice administration and marketing, computers, jurisprudence and auxiliary utilization. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 709 Conscious Sedation in Pediatric Dentistry
Units: 1 Terms Offered: Sm Seminar topics include: review of pharmacology and effectiveness of commonly used oral agents, methods of administration, regulatory guidelines, patient monitoring, management of sedation related emergencies. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 71 Pediatric Physical Evaluation
Units: 2 Assessment of patient health status; evaluation and management of acute and chronic disease states which may be observed in the pediatric dental practice. Instruction Mode: Lecture Grading Option: Letter

PEDO 761a Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761b Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761c Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761d Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761e Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761f Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761g Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761h Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761i Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 761j Clinic: Advanced Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application of advanced pediatric dentistry techniques in routine and special problem cases in the outpatient environment. Hours vary. Instruction Mode: Lecture Grading Option: Credit/No Credit
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10 each Terms Offered: FaSpSm Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 771a Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771b Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771c Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771d Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771e Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 771f Clinic: Hospital Pediatric Dentistry
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 each Terms Offered: FaSpSm Treatment of the child patient in the hospital environment. Emphasis placed on treatment and management with physical, mental, or emotional disabilities. Instruction Mode: Lecture Grading Option: Letter

PEDO 772a Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772b Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 772c Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 772d Clinic: Interceptive Orthodontics
Units: 1, 2, 3 each Clinical application and treatment procedures for tooth guidance, preventative and interceptive orthodontics. Instruction Mode: Lecture Grading Option: Letter

PEDO 774 Clinical Genetics in Pediatric Dentistry
Units: 9 Genetic principles of oral, facial and cranial malformations; technique and theory of clinical genetics, differential diagnosis and treatment of disorders of the craniofacial complex. Instruction Mode: Lecture, Discussion, Lab Grading Option: Letter

PEDO 790a Directed Research: Pediatric Dentistry
Units: 1, 2, 3, 4, 5, 6 each An examination and analysis of clinical and laboratory problems in dentistry for children leading to completion of an original research project. Instruction Mode: Lecture Grading Option: Credit/No Credit

PEDO 790b Directed Research: Pediatric Dentistry
Units: 1, 2, 3, 4, 5, 6 each An examination and analysis of clinical and laboratory problems in dentistry for children leading to completion of an original research project. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 310a Introduction to Periodontal Diseases
Units: 1 Terms Offered: FaSpSIntroductory periodontal disease; emphasis on identification of normal periodontium, distinguishing of gingival and periodontal diseases; includes data collection and classification of gingival and periodontal diseases. Instruction Mode: Lecture Grading Option: Letter

PERI 310b Introduction to Periodontal Diseases
Units: 1 Terms Offered: FaSpSIntroduction to periodontal disease; emphasis on identification of normal periodontium, distinguishing of gingival and periodontal diseases; includes data collection and classification of gingival and periodontal diseases. Instruction Mode: Lecture Grading Option: Letter

PERI 415 Basic Periodontal Therapy
Units: 1 Basic therapeutic modalities of periodontal treatment; general principles and methods of surgical periodontal treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 502 Periodontal Diseases and Elements of Therapeutic Judgment
Units: 2 Periodontal pathologic processes; pathogenesis, classification and clinical features of gingivitis; periodontitis; other related diseases of periodontium including diagnosis and initial phases of treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 504 Advanced Periodontics
Units: 1 Periodontics as related to endodontics, orthodontics, and restorative dentistry; bone induction, osseous grafting, splitting, management of furcation lesions; maintenance, recall, and referral. Instruction Mode: Lecture Grading Option: Letter

PERI 521 Periodontal Surgery
Units: 2 General principles and methods of surgical periodontal treatment; includes laboratory exercises. Instruction Mode: Lecture Grading Option: Letter

PERI 550a Clinic: Introductory Periodontal Therapy
Units: 1 Laboratory and clinical development of periodontal therapy procedures; basic instrumentation principles. Instruction Mode: Lecture Grading Option: Letter

PERI 550b Clinic: Introductory Periodontal Therapy
Units: 1 Laboratory and clinical development of periodontal therapy procedures; basic instrumentation principles. Instruction Mode: Lecture Grading Option: Letter

PERI 561a Clinic: Periodontal Therapy I
Units: 0 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 561b Clinic: Periodontal Therapy I
Units: 0 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 561c Clinic: Periodontal Therapy I
Units: 0 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

PERI 561d Clinic: Periodontal Therapy I
Units: 1 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: Letter

PERI 562a Clinic: Periodontal Therapy II
Units: 0, 1, 2 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade
PERI 562b Clinic: Periodontal Therapy II
Units: 0, 1, 2 Supervised treatment of periodontal disease at all levels of complexity. Instruction Mode: Lecture Grading Option: Letter

PERI 602 Current Controversies in Periodontology
Units: 2 Examination of the major controversies in the field of periodontology; emphasis on the efficacy of current treatment modalities and future trends. Instruction Mode: Lecture Grading Option: Letter

PERI 701a Seminar: Review of Current Periodontal Literature
Units: 2, 3 Review and critical evaluation of the current periodontal literature. Instruction Mode: Lecture Grading Option: Letter

PERI 701b Seminar: Review of Current Periodontal Literature
Units: 2, 3 Review and critical evaluation of the current periodontal literature. Instruction Mode: Lecture Grading Option: Letter

PERI 702a Seminar: Periodontal Treatment Procedures
Units: 2 Presentation of various techniques in current periodontal treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 702b Seminar: Periodontal Treatment Procedures
Units: 2 Presentation of various techniques in current periodontal treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 703a Seminar: Periodontal Case Presentation
Units: 1, 2 Formalized presentation and discussion of clinical cases treated by advanced students. Instruction Mode: Lecture Grading Option: Letter

PERI 703b Seminar: Periodontal Case Presentation
Units: 1, 2 Formalized presentation and discussion of clinical cases treated by advanced students. Instruction Mode: Lecture Grading Option: Letter

PERI 704a Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704b Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704c Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704d Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704e Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704f Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704g Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704h Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704i Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704j Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704k Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704l Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704m Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704n Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704o Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704p Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704q Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704r Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704s Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704t Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704u Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704v Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704w Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704x Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704y Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 704z Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 705 Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 706 Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 707 Seminar: Periodontal Therapy
Units: 2 each Presentation and discussion of treatment of clinical cases involving soft tissue and osseous management; rationale for the therapy; surgical wound healing; dental implant surgery. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 708 Seminar: Clinical Basis of Periodontics
Units: 4 Evaluation of the literature dealing with various types of therapy including the objectives of treatment. Instruction Mode: Lecture Grading Option: Letter

PERI 710 Clinical Periodontal Photography
Units: 1 Demonstration of techniques used in intraoral photography for periodontal purposes, emphasis on proper clinical case documentation in seminar presentation and Specialty Board Certification. Instruction Mode: Lecture Grading Option: Letter

PERI 711 Oclusal Therapy in Periodontics
Units: 2 Anatomy of the TMJ mandibular movements; occlusal anatomy and their interrelationships; methods of occlusal correction using anatomy and mandibular movements as a guide. Instruction Mode: Lecture Grading Option: Letter

PERI 713 Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 714 Treatment Planning in Periodontics
Units: 2 each Presentation of clinical findings, diagnoses, and plan of treatment of clinical cases by advanced students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 715 Treatment of Special Care Patients
Units: 3 Periodontal care and treatment of older population groups, handicapped patients, and other types of special patients, settings, and situations. Instruction Mode: Lecture Grading Option: Credit/No Credit

PERI 716 Seminar: Special Topics in Periodontal Disease
Units: 3 Discussion of topics of immediate importance and controversy. Experts in the field are invited to participate as guest speakers. Instruction Mode: Lecture Grading Option: Letter

PERI 716a Seminar: Special Topics in Periodontal Disease
Units: 3 Discussion of topics of immediate importance and controversy. Experts in the field are invited to participate as guest speakers. Instruction Mode: Lecture Grading Option: Letter

PERI 716b Seminar: Special Topics in Periodontal Disease
Units: 3 Discussion of topics of immediate importance and controversy. Experts in
the field are invited to participate as guest speakers. Instruction Mode: Lecture Grading Option: Letter

**PERI 750 Advanced Periodontal Instrumentation**
Units: 3 Advanced root preparation techniques including design and manufacturing characteristics of various instruments, sharpening techniques, and root morphology as it relates to advanced instrumentation principles. Instruction Mode: Lecture Grading Option: Letter

**PERI 752 Interdisciplinary Treatment: An Orthodontic Perspective**
Units: 2 Effective recognition, evaluation and understanding of the orthodontic treatment phase required in interdisciplinary treatment plans; includes laboratory and clinical experience; applicable to orthodontics, periodontology, prosthodontics. Instruction Mode: Lecture Grading Option: Letter

**PERI 761a Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761b Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761c Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761d Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761e Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761f Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 761i Clinic: Advanced Periodontics**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Clinical experience in the treatment of patients with all types and degrees of involvement of periodontal disease. Includes placement of dental implants. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PERI 771a Periodontal Therapy in the Hospital**
Units: 1 Role of the periodontist in hospital therapy. Treatment of complex cases in the hospital environment. Instruction Mode: Lecture Grading Option: Letter

**PERI 771b Periodontal Therapy in the Hospital**
Units: 1 Role of the periodontist in hospital therapy. Treatment of complex cases in the hospital environment. Instruction Mode: Lecture Grading Option: Letter

**PHBI 524 Advanced Overview of Neurosciences**
Units: 4 Terms Offered: Fa (Enroll in NSCI 524)

**PHBI 531 Cell Biology**
Units: 4 (Enroll in INTD 531)

**PHBI 550 Seminar in Advanced Cellular, Molecular and Systemic Physiology**
Units: 1 Max Units: 12.0 Terms Offered: FaSp Lectures and student presentations on advanced topics in molecular, cellular and systemic physiology. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHBI 561 Molecular Biology**
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

**PHBI 571 Biochemistry**
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

**PHBI 572 Systems Physiology and Disease I**
Units: 4 (Enroll in INTD 572)

**PHBI 573 Systems Physiology and Disease II**
Units: 4 (Enroll in INTD 573)

**PHBI 594a Master's Thesis**
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.

**PHBI 594b Master's Thesis**
Units: 2 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.

**PHBI 650 Mechanisms of Ion and Solute Transport Across Cell Membranes**
Units: 2 Terms Offered: Sp Biophysical examination of the mechanisms of ion and solute transport across cell membranes; emphasis on the structures of transport proteins and kinetic models of transport. Recommended Preparation: graduate level course in biochemistry, physical biochemistry, or cell biology Instruction Mode: Lecture Grading Option: Letter

**PHBI 651 Molecular Modeling and Kinetic Simulations in Membrane Transport**
Units: 2 Terms Offered: Sp Introduction to the principles of mathematical modeling of biological systems and molecular dynamics simulations, with emphasis on membrane transport. Recommended Preparation: graduate level courses in biochemistry or physical biochemistry, and cell biology Instruction Mode: Lecture Grading Option: Letter

**PHED 102a Weight Training**
Units: 1 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.

**PHED 102b Weight Training**
Units: 1 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.

**PHED 104a Self-Defense**
Units: 1 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.

**PHED 104b Self-Defense**
Units: 1 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.

**PHED 106a Physical Conditioning**
Units: 1 Terms Offered: FaSpSm Credit upon acceptance of thesis. Grading Option: Graded IP/CR/NC.
stress-reduction. Instruction Mode: Lecture

PHED 106b Physical Conditioning
Units: 1 Terms Offered: FaSp Advanced training methods focusing on continuing gains in fitness level. Instruction Mode: Lecture
Grading Option: Letter

PHED 108 High Stress Physical Conditioning
Units: 1 Rigorous physical conditioning with emphasis on distance running and development of cardiovascular and upper body strength. A challenging regimen to enhance stamina and endurance. Prerequisite: PHED 106b or permission of instructor. Instruction Mode: Lecture
Grading Option: Letter

PHED 110a Swimming
Units: 1 Terms Offered: FaSp Instruction and practice in basic strokes for beginners and intermediate swimmers; elementary springboard diving; water safety techniques; endurance training as a fitness program. Instruction Mode: Lecture
Grading Option: Letter

PHED 110b Swimming
Units: 1 Terms Offered: FaSp Advanced instruction and practice of strokes; advanced endurance training. Instruction Mode: Lecture
Grading Option: Letter

PHED 114 Lifesaving
Units: 1 American Red Cross Senior Lifesaving. Prerequisite: PHED 110a, PHED 110b or ability to pass Skills Test II. Instruction Mode: Lecture
Grading Option: Credit/No Credit

PHED 115 Surfing
Units: 1 Terms Offered: FaSpSm Fundamental instruction of surfing skills; water safety and wave etiquette; wave recognition and forecast interpretation; surf culture; board selection; surf related strengthening and conditioning. Recommended Preparation: Students will need to pass a swim test BEFORE being allowed to participate in the course. Swim test includes the following: continuous 150 yard swim in under 3 minutes; treading water for 10 minutes; surface dive with brick retrieval; and a 25 yard under water swim. Instruction Mode: Lecture
Grading Option: Letter

PHED 120a Yoga
Units: 1 Terms Offered: FaSp Introduction to meditation, breathing techniques and postures as a means towards relaxation; increase muscle flexibility; understanding of basic anatomy and nutritional guidelines. Duplicates Credit in former PHED 120. Instruction Mode: Lecture
Grading Option: Letter

PHED 120b Yoga
Units: 1 Terms Offered: FaSp A continuing study of intermediate and advanced yoga postures, breathing techniques and meditation as a means toward relaxation and stress-reduction. Instruction Mode: Lecture

PHED 120c Yoga
Units: 1 Terms Offered: FaSpSm In-depth study of hatha yoga and its history; includes advanced asanas and meditation as a means toward overall health and wellness. Prerequisite: PHED 120b Instruction Mode: Lecture
Grading Option: Letter

PHED 121 Yoga for Athletic Performance
Units: 1 Terms Offered: FaSpSm Skills and strategies for injury prevention and recovery from athletic training; application of yoga principles to improve posture, strength, flexibility, core stability and concentration. Prerequisite: PHED 120a. Instruction Mode: Lecture
Grading Option: Letter

PHED 122 Kundalini Yoga and Meditation
Units: 1 Terms Offered: FaSp Ancient yoga practice combining postures, meditation, breathing, mantras and focus techniques; designed to improve mind body awareness, balance, strength, flexibility, techniques and nervous system function. Instruction Mode: Lecture
Grading Option: Letter

PHED 124 Walking for Fitness
Units: 1 Terms Offered: FaSp Develop a strong fitness foundation through walking; fitness assessment and individualized programs; gait biomechanics and power walking; injury prevention; strategies for special populations. Instruction Mode: Lecture
Grading Option: Letter

PHED 129a Cardio Group Fitness
Units: 1 Terms Offered: FaSpSm Group fitness instruction incorporating a variety of training methods such as cycling, HITT (high intensity interval training), step, circuits; nutritional guidelines. Instruction Mode: Lecture
Grading Option: Letter

PHED 129b Cardio Group Fitness
Units: 1 Terms Offered: FaSpSm Group exercise teaching techniques and application of fitness principles through weekly workouts; group fitness certification exam preparation. Prerequisite: PHED 129a Instruction Mode: Lecture
Grading Option: Letter

PHED 131 Step Aerobics
Units: 1 Terms Offered: FaSp Development of physical fitness components through step aerobics; total body workout utilizing step movements and body sculpting exercises. Instruction Mode: Lecture
Grading Option: Letter

PHED 133 Rock Climbing
Units: 1 Terms Offered: FaSp Acquisition of basic rock climbing skills, muscle strength, endurance and balance, climbing safety, ethics and environmental considerations; understanding equipment, problem solving. Instruction Mode: Lecture
Grading Option: Letter

PHED 134 Hiking
Units: 1 Terms Offered: FaSpSm Introduction to hiking; specific conditioning to develop muscle strength and endurance; equipment; various terrain, weather conditions, safety; environmental impact and trail etiquette. Instruction Mode: Lecture
Grading Option: Letter

PHED 135 Backpacking
Units: 1 Terms Offered: FaSpSm Acquisition of backpacking knowledge and skills; conditioning plan; nutrition and equipment selection; ethics and environmental considerations; navigation, safety and wilderness first aid; trip planning. Prerequisite: PHED 134 Instruction Mode: Lecture
Grading Option: Letter

PHED 138 Beach Volleyball
Units: 1 Terms Offered: FaSpSm Fundamental instruction of skills and tactics specific to sand volleyball and related physical conditioning; rules and strategies; history and culture. Instruction Mode: Lecture
Grading Option: Letter

PHED 139a Volleyball
Units: 1 Terms Offered: FaSp Introduction to beginning and intermediate volleyball skills, rules, game tactics, and strategies. Emphasis on the development of: passing, setting, hitting, serving, blocking, and digging. Instruction Mode: Lecture
Grading Option: Letter

PHED 139b Volleyball
Units: 1 Terms Offered: FaSp Advanced techniques; focus on offenses and defenses used in game situations. Instruction Mode: Lecture
Grading Option: Letter

PHED 140a Tennis
Units: 1 Terms Offered: FaSp Fundamental instruction of basic strokes for beginners and intermediate players; rules, scoring, court etiquette, strategies; singles and doubles; practice and match play. Instruction Mode: Lecture
Grading Option: Letter

PHED 140b Tennis
Units: 1 Terms Offered: FaSp Reinforcement of basic strokes and instruction of advanced strokes; advanced strategies; singles and doubles; practice and match play. Instruction Mode: Lecture
Grading Option: Letter

PHED 140c Tennis
Units: 1 Terms Offered: FaSp Development of strokes and strategies for advanced tournament players; drills and matches. Instruction Mode: Lecture
Grading Option: Letter

PHED 143a Racquetball
Units: 1 Terms Offered: FaSp Instruction of basic stroke technique for beginners and intermediate players; rules, scoring, game tactics; practice of strokes and competition. Instruction Mode: Lecture
Grading Option: Letter

PHED 143b Racquetball
Units: 1 Terms Offered: FaSp Development of advanced skills and strategies; singles and doubles practice and competition. Instruction Mode: Lecture
Grading Option: Letter

PHED 150 Table Tennis
Units: 1 Terms Offered: FaSpSm Fundamental instruction of basic strokes for beginners and intermediate players; rules, scoring, game strategies; singles and doubles; practices and match play. Instruction Mode: Lecture
Grading Option: Letter

PHED 153 Futsal
Units: 1 Terms Offered: FaSpSm Fundamental instruction of skills and tactics
specific to Futsal; rules; strategies; elements of play that differ from soccer; conditioning, drills, and games. Instruction Mode: Lecture Grading Option: Letter

PHED 154a Soccer
Units: 1 Terms Offered: FaSp Development of basic skills for beginners, intermediate and advanced players; rules, positioning elements of play, small group and team tactics; full field scrimmages. Instruction Mode: Lecture Grading Option: Letter

PHED 154b Soccer
Units: 1 Terms Offered: FaSp Advanced development of skills, positioning, tactics and conditioning. Instruction Mode: Lecture Grading Option: Letter

PHED 155 Golf
Units: 1 Terms Offered: FaSp Basic skills development and knowledge in stance, grip and swing mechanics; course strategy; use of woods, iron and putting; history rules and etiquette. Instruction Mode: Lecture Grading Option: Letter

PHED 156a Basketball
Units: 1 Terms Offered: FaSp Basic skill development in dribbling, passing, shooting, rebounding and defense; rules, history, and etiquette; drills and full court games. Instruction Mode: Lecture Grading Option: Letter

PHED 156b Basketball
Units: 1 Terms Offered: FaSp Development of advanced skills; team strategy; offenses and zone defenses; drills and full court games. Instruction Mode: Lecture Grading Option: Letter

PHED 160 Stress Management for Healthy Living
Units: 2 Terms Offered: FaSp Instruction on the effects of stress as it relates to work, sport and academics; coping strategies are discussed and applied through physical conditioning interventions. Instruction Mode: Lecture Grading Option: Letter

PHED 161 First Aid
Units: 1 First Aid safety education and infant, child, and adult CPR; demonstrated proficiency and successful completion of exam prepares students for Red Cross certification. Duplicates Credit in former PHED 171. Instruction Mode: Lecture Grading Option: Letter

PHED 162 Principles of Athletic Coaching
Units: 2 Terms Offered: FaSp Skills and strategies of coaching principles promoting healthy lifestyle change: Motivational communication techniques; goal setting; designing safe, effective exercise program; health coach certification exam preparation. Instruction Mode: Lecture Grading Option: Letter

PHED 163 Health Coaching
Units: 2 Terms Offered: FaSp Skills and strategies of coaching principles promoting healthy lifestyle change. Motivational communication techniques; goal setting; designing safe, effective exercise program; health coach certification exam preparation. Instruction Mode: Lecture Grading Option: Letter

PHED 165 Varsity Athletics
Units: 1 Max Units: 4.0 Participation in the university's inter-collegiate programs as sanctioned and governed by the PAC-10 Conference and/or the NCAA. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHIL 100g Central Problems of Philosophy
Units: 4 Explores questions about human beings and their place in nature, including questions about knowledge, mind and body, freedom and determinism, and the existence of God. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture, discussion Grading Option: Letter

PHIL 102g Historical Introduction to Philosophy
Units: 4 Introduction to the central philosophical works that have shaped western thought. Includes ancient, early modern and contemporary writings. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 104g Ancient Foundations of Western Thought
Units: 4 Explores writings of ancient philosophers who first raised, and continue to influence our thinking about, fundamental questions concerning nature, knowledge, justice, happiness, and death. Satisfies New General Education in Category B: Humanistic Inquiry Duplicates Credit in PHIL 115. Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 110g Modern Foundations of Western Thought
Units: 4 Explores the writings of philosophers, from Descartes to Kant, who responded to, and helped to shape, the scientific and political upheavals of the modern period. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category I: Western Cultures and Traditions Duplicates Credit in former PHIL 101 Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 115g Ancient Greek Culture and Society
Units: 4 Focus on the literary achievement from the beginning of Greek literature to the fourth century with a special emphasis on the philosophers. Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 120g Introduction to Formal Logic
Units: 4 Introduces formal tools for distinguishing between good and bad arguments or inferences. Covers both propositional logic and predicate logic. Satisfies New General Education in F Quantitative Reasoning Duplicates Credit in and . Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 122ag Reasoning and Argument
Units: 2 Terms Offered: FaSp Techniques for constructing good arguments and for assessing and criticizing the arguments of others. Duplicates Credit in former PHIL 250ab. Instruction Mode: Lecture Grading Option: Letter

PHIL 122bg Reasoning and Argument
Units: 2 Terms Offered: FaSp Techniques for constructing good arguments and for assessing and criticizing the arguments of others. Duplicates Credit in former PHIL 250ab. Instruction Mode: Lecture Grading Option: Letter

PHIL 130g The Physical World and Our Place In It
Units: 4 Exploration of basic questions about the nature of reality. Topics may include personal identity, freedom and determinism, causation and laws of nature. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 138gp Introduction to the Philosophy of Religion
Units: 4 Explores arguments for and against the existence of God, as well as questions about the nature and rationality of faith. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 141gp The Professions and the Public Interest in American Life
Units: 4 The study of the nature and role of professionals in life and society, forces that shape and direct them, foundations and applications of professional ethics. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture Grading Option: Letter

PHIL 166gw Current Moral and Social Issues
Units: 4 Terms Offered: FaSp Study of controversial social issues such as abortion, euthanasia, the death penalty, war and terrorism, sexual morality, affirmative action, and economic justice. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category G: Citizenship in a Diverse World Satisfies Old General Education in Category V: Arts and Letters Satisfies Old General Education in Category I: Western Cultures and Traditions Duplicates Credit in former PHIL 140g Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as SWMS-140

PHIL 168g The Meaning of Life
Units: 4 Explores philosophical treatments of the problem of the meaning or purpose of human life. Satisfies New General Education in B Humanistic Inquiry Duplicates Credit in . Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 172gmw Social Ethics for Earthing and Others
Units: 4 Terms Offered: FaSp A systematic study of contemporary issues in social and
PHIL 242g Theories of Art
Units: 4 An introduction to general theories of art and to issues concerning particular arts such as literature and drama, photography and film, painting, architecture and music.
Instruction Mode: Lecture Grading Option: Letter

PHIL 254gp Science, Knowledge and Objectivity
Units: 4 Max Units: max 4 How does science differ from pseudo-science? When is it rational to accept a scientific theory? And do such theories provide genuine knowledge of reality? Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 256g Science, Religion, and the Making of the Modern Mind
Units: 4 Terms Offered: FaSp Exploration of the philosophical and religious implications of major scientific revolutions, such as those of Copernicus, Galileo, and Darwin. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category V: Arts and Letters Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 260gp Ethical Theory and Practice
Units: 4 Terms Offered: FaSp Various conceptions of morality and what makes actions right or wrong, together with the implications of these views for concrete ethical issues. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 262g Mind and Self: Modern Conceptions
Units: 4 Philosophical problems about the nature of mind associated with the rise of modern science; topics include the mind/body relation, personal identity, rationality and freedom. Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 264gp Ideas on Trial
Units: 4 Historically significant trials, from the trial of Socrates to the present day, understood as vehicles for the expression of deep social and cultural attitudes. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 285gL Knowledge, Explanation, and the Cosmos
Units: 4 Terms Offered: FaSp The nature and limits of knowledge and explanation, and challenges in understanding the origin of the universe and the place of intelligent life within it. Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHIL 286Lg Issues in Space and Time
Units: 4 Examining the nature of space and time, how they relate, and how material objects relate to them. Some included topics: substantivalism, temporal directionality, persistence, hyperspace. Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHIL 288gp Love and its Representation in Western Literature, Film, and Philosophy
Units: 4 Key works that have shaped the European and American cultural inheritance, with a special focus on the nature of love. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Satisfies Old General Education in Category I: Western Cultures and Traditions Duplicates Credit in the former PHIL 225 Instruction Mode: Lecture, Discussion Grading Option: Letter

PHIL 300: Introduction to the Philosophical Classics
Units: 4 An examination of philosophical works which have had a profound impact on the nature of Western thought. Instruction Mode: Lecture Grading Option: Letter

PHIL 315 History of Western Philosophy: Ancient Period
Units: 4 Major figures in the history of Western philosophical thought from the pre-Socratics to the Hellenistic period; emphasis on Plato and Aristotle. Instruction Mode: Lecture Grading Option: Letter

PHIL 317 History of Western Philosophy: Medieval Period
Units: 4 Central themes in Jewish, Christian and Islamic philosophy from late antiquity through the scholastic period. Instruction Mode: Lecture Grading Option: Letter

PHIL 320 History of Western Philosophy: Modern Period
Units: 4 The development of philosophy from the 16th to the 19th centuries; emphasis on Continental Rationalism, British Empiricism, and the philosophy of Kant. Instruction Mode: Lecture Grading Option: Letter

PHIL 330: Theories of Law
Units: 4 Examination of some of the major classical and contemporary theories of the nature and functions of law and of its relation to morality. Instruction Mode: Lecture Grading Option: Letter

PHIL 335: Theoretical Models of Leadership
Units: 4 Terms Offered: FaSp Political philosophers and social theorists on leadership: political obligation; the art of government; leadership in civil society and counter-cultural dissent; models of cosmopolitan leadership. Instruction Mode: Lecture Grading Option: Letter
PHIL 337 History of Modern Political Philosophy
Units: 4 Analysis of some of the main political philosophies of the modern era; emphasis on the ethical and metaphysical foundations of political philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 338 Political Economy and Social Issues
Units: 4 Terms Offered: Sp (Enroll in ECON 338)

PHIL 340 Ethics
Units: 4 Terms Offered: FaSpSm Study of major philosophical theories of moral right and wrong, such as utilitarianism, Kantianism, egoism, virtue ethics, and theological ethics. Instruction Mode: Lecture Grading Option: Letter

PHIL 345 Greek Ethics
Units: 4 Examination of the progress of the ethical thought and legal and political institutions of ancient Greece with an emphasis on the Nichomachean Ethics of Aristotle. Instruction Mode: Lecture Grading Option: Letter

PHIL 347 Philosophy in Literature
Units: 4 Philosophical content in representative European and American literature; philosophical problems about literature such as the nature of truth and meaning in fiction. Instruction Mode: Lecture Grading Option: Letter

PHIL 350 Symbolic Logic
Units: 4 Introduction to basic techniques of propositional and quantificational logic, and elements of probability. Especially useful to philosophy, mathematics, science, and engineering majors. Instruction Mode: Lecture Grading Option: Letter

PHIL 351 Reasoning and Logic
Units: 4 Study of reasoning as a strategy for arriving at knowledge in dependence upon logical theory. Logical theories are developed alongside historically influential strategies of reasoning. Not open to freshmen. Instruction Mode: Lecture Grading Option: Letter

PHIL 352 Logic and Language
Units: 4 Introduction to modern symbolic logic, with applications to the philosophy of language, plus meta-logical and philosophical results about its scope and limits. Instruction Mode: Lecture Grading Option: Letter

PHIL 355 Existentialism
Units: 4 A critical survey of major 19th and 20th century existentialist writers, including Kierkegaard, Dostoevsky, Tolstoy, Kafka, Nietzsche, Camus, and Sartre. Instruction Mode: Lecture Grading Option: Letter

PHIL 360 Epistemology and Metaphysics
Units: 4 Examination of problems in metaphysics and/or epistemology. Conducted at the intermediate level. Instruction Mode: Lecture Grading Option: Letter

PHIL 361 Philosophy of Religion
Units: 4 The existence of God; mysticism, miracles and the possibility of disembodied existence; the problem of evil; religion and morality; the meaning of religious language. Instruction Mode: Lecture Grading Option: Letter

PHIL 362 Possible Worlds
Units: 4 Introduction to possible worlds as a tool for asking and answering questions about what might be, what must be, and what can never be. Instruction Mode: Lecture Grading Option: Letter

PHIL 363 Philosophy of Perception
Units: 4 Philosophical investigation of sense perception as it relates to issues in epistemology, metaphysics, the philosophy of mind, and the philosophy of science. Instruction Mode: Lecture Grading Option: Letter

PHIL 365 Science and Rationality
Units: 4 Examination of the rationality of the scientific enterprise, and of the relation between science and human values. Instruction Mode: Lecture Grading Option: Letter

PHIL 369 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PHIL 400 Early Greek Thought
Units: 4 A study of the Greek thinkers from Homer to the age of Socrates; emphasis on the pre-Socratic philosophers. Instruction Mode: Lecture Grading Option: Letter

PHIL 410 Plato
Units: 4 Detailed study of the evolution of Plato's thought as revealed in selected dialogues. Instruction Mode: Lecture Grading Option: Letter

PHIL 415 Aristotle
Units: 4 Intensive study of selected topics taken from Aristotle's writings in natural philosophy, in metaphysics, and in other areas of philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 420 Continental Rationalism
Units: 4 Development of philosophy on the continent from the 17th to the 19th centuries; emphasis on the philosophical works of Descartes, Leibniz, and Spinoza. Instruction Mode: Lecture Grading Option: Letter

PHIL 422 British Empiricism
Units: 4 Development of philosophy in Great Britain from the 17th to the 19th centuries; emphasis on Locke, Berkeley, and Hume. Instruction Mode: Lecture Grading Option: Letter

PHIL 423 The Critical Philosophy of Kant
Units: 4 Intensive study of the philosophical works of Kant. Instruction Mode: Lecture Grading Option: Letter

PHIL 424 19th Century Philosophy
Units: 4 Leading figures and movements in 19th century philosophy; works of such philosophers as Hegel, Schopenhauer, Mill, Nietzsche, and Bradley. Instruction Mode: Lecture Grading Option: Letter

PHIL 425 American Philosophy
Units: 4 Leading figures and movements in American philosophy; works of such philosophers as Jonathan Edwards, Charles Peirce, William James, John Dewey, and C.I. Lewis.

PHIL 426 20th Century European Philosophy
Units: 4 Main philosophers and movements from 1900, including the major developments within phenomenology and existentialism, the emergence of structuralism and hermeneutics. Instruction Mode: Lecture Grading Option: Letter

PHIL 427 20th Century Anglo-American Philosophy
Units: 4 The nature and function of analysis as a philosophical method; the development of major metaphysical, epistemological, and ethical views; Russell, Wittgenstein, Carnap, Quine and others. Instruction Mode: Lecture Grading Option: Letter

PHIL 428 Anglo-American Philosophy Since 1950
Units: 4 The maturing of the analytic tradition from the later Wittgenstein through Ryle, Strawson, Hare, Austin, Grice, Quine, Davidson, Kripke, and beyond. Instruction Mode: Lecture Grading Option: Letter

PHIL 430 Philosophy of Law
Units: 4 Philosophical theories about the nature of law, relations between law and morality, and analysis of normative concepts central to law, such as responsibility, punishment, negligence. Instruction Mode: Lecture Grading Option: Letter

PHIL 431 Law, Society, and Politics
Units: 4 Terms Offered: Fa A systematic presentation of the main philosophical perspectives on the interactions between law and the social-political aspects of our lives. Instruction Mode: Lecture Grading Option: Letter

PHIL 432 Social and Political Philosophy
Units: 4 The nature of man and society, the nature and justification of state and government, political rights and political obligation, justice and equality. Instruction Mode: Lecture Grading Option: Letter

PHIL 433 20th Century Anglo-American Philosophy
Units: 4 Main philosophers and movements from 1900, including the major developments within phenomenology and existentialism, the emergence of structuralism and hermeneutics. Instruction Mode: Lecture Grading Option: Letter

PHIL 435 American Philosophy Since 1950
Units: 4 The maturing of the analytic tradition from the later Wittgenstein through Ryle, Strawson, Hare, Austin, Grice, Quine, Davidson, Kripke, and beyond. Instruction Mode: Lecture Grading Option: Letter

PHIL 436 Ethical Theory
Units: 4 The evaluation of individual and social ends; consideration of such topics as values and rational choice, the good of a person, hedonism, welfare, ideals, and utopias.

PHIL 437 Philosophy of the Arts
Units: 4 Principal theories of the nature of, and response to, art; examination of form and content in various arts; consideration of the role of criticism. Instruction Mode: Lecture
PHIL 446 Aesthetics and the Film
Units: 4 Problems in the philosophy of art raised by film, such as the notion of "cinematic"; the nature of interpretation of films; criteria for evaluating films. Instruction Mode: Lecture Grading Option: Letter

PHIL 450 Intermediate Symbolic Logic
Units: 4 Systematic study of the metatheory of quantificational logic, with applications to questions of decidability and completeness of formal systems including Gödel's Incompleteness Theorems. Instruction Mode: Lecture Grading Option: Letter

PHIL 452 Modal Logic
Units: 4 Elements of propositional and quantified modal logic and the logic of counterfactual conditionals with an eye to some of their applications in contemporary philosophy. Prerequisite: PHIL 350, or PHIL 351, or PHIL 352. Instruction Mode: Lecture Grading Option: Letter

PHIL 455 Phenomenology and Existentialism
Units: 4 Terms Offered: Irregular Close study of major writings of Husserl, Heidegger, and Sartre. Instruction Mode: Lecture Grading Option: Letter

PHIL 460 Metaphysics
Units: 4 Systematic introduction to basic concepts, including identity, difference, existence, individuals, substance, quality, and relation; emphasis on idealism, materialism, and the ontology of intentionality. Instruction Mode: Lecture Grading Option: Letter

PHIL 462 Philosophy of Mind
Units: 4 Examination of contemporary theories of mind and its place in the natural world. Instruction Mode: Lecture Grading Option: Letter

PHIL 463 Theories of Action
Units: 4 Systematic investigation of action, the mental states involved in action, the reasoning processes that lead to action, and related concepts including intentionality and free will. Instruction Mode: Lecture Grading Option: Letter

PHIL 465 Philosophy of Language
Units: 4 The nature of communication, meaning, reference, truth, necessity, speech acts, convention, and language. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-465

PHIL 470 Theory of Knowledge
Units: 4 Examination of contemporary accounts of the nature, scope, sources — and value — of human knowledge and justified belief. Instruction Mode: Lecture Grading Option: Letter

PHIL 471 Metaphysics and Epistemology
Units: 4 Classic issues in epistemology and the philosophy of language, leading up to the application of context-sensitivity in language to the problem of skepticism. Prerequisite: PHIL 350 or PHIL 351 or PHIL 352 Recommended Preparation: at least one 400-level PHIL course. Registration Restriction: Open to Philosophy majors. Instruction Mode: Lecture Grading Option: Letter

PHIL 472 Moral Philosophy
Units: 4 In-depth study of some important work from the last few decades concerning the nature and status of moral reasons, moral obligations, and moral discourse. Prerequisite: PHIL 350 or PHIL 351 or PHIL 352 Recommended Preparation: at least one 400-level PHIL class. Registration Restriction: Open to Philosophy majors. Instruction Mode: Lecture Grading Option: Letter

PHIL 473 Wittgenstein
Units: 4 A detailed study of the philosophical works of Ludwig Wittgenstein. Instruction Mode: Lecture Grading Option: Letter

PHIL 480 Philosophy of Mathematics
Units: 4 The nature of mathematical truth and the nature of mathematical entities. Instruction Mode: Lecture Grading Option: Letter

PHIL 482 Philosophy of Physics
Units: 4 Max Units: 12 A comprehensive introduction to two of the central areas of modern philosophy of physics: the philosophy of spacetime, and the philosophy of quantum mechanics. Recommended Preparation: PHYS 304, PHYS 408a, or PHYS 438a Instruction Mode: Lecture Grading Option: Letter

PHIL 483 Development of Physical Science
Units: 4 Concepts central in the advance of physical science such as the concepts of space, time, mass, force; philosophical problems concerning quantum mechanics. Instruction Mode: Lecture Grading Option: Letter

PHIL 485 Methodologies of the Sciences
Units: 4 Max Units: 12.0 Analysis of the methodologies of the natural, social, and/or behavioral sciences; consideration of such topics as the concept of scientific law, prediction, explanation, confirmation. Instruction Mode: Lecture Grading Option: Letter

PHIL 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

PHIL 494 Senior Thesis
Units: 4 Independent studies for philosophy majors, and guidance in the preparation of the senior thesis for students who wish to graduate with honors in philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Selected topics in various specialty areas within philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 500 Introduction to Contemporary Philosophical Literature
Units: 4 Terms Offered: Fa Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized. Instruction Mode: Lecture Grading Option: Letter

PHIL 501 Seminar in Recent Philosophy
Units: 4 Max Units: 16.0 Terms Offered: Sp Contemporary philosophical issues and literature. Instruction Mode: Lecture Grading Option: Letter

PHIL 503 Introduction to Contemporary Philosophical Literature on Value
Units: 4 Terms Offered: Sp Analysis of selected philosophical problems and theses of current interest; explication of major contemporary papers and/or books is emphasized. Instruction Mode: Lecture Grading Option: Letter

PHIL 505 Pro-Seminar in Central Topics in Contemporary Philosophy
Units: 4 Terms Offered: Irregular Key developments in central areas of philosophy are used to provide training in philosophical analysis, criticism, and the writing of precise philosophical prose. Instruction Mode: Lecture Grading Option: Letter

PHIL 510 Philosophical Logic
Units: 4 Terms Offered: Sp Applications of logical theory to contemporary philosophical research. Elements of model theory, recursion theory; Gödel's Incompleteness results; modal logic and its interpretations. Recommended Preparation: PHIL 350. Instruction Mode: Lecture Grading Option: Letter

PHIL 515 Studies in Ancient and Medieval Philosophy
Units: 4 Max Units: 16.0 Problems in research in selected portions of ancient and medieval philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 520 Studies in Modern Philosophy
Units: 4 Max Units: 16.0 Problems in research in selected portions of modern philosophy. Instruction Mode: Lecture Grading Option: Letter

PHIL 525 Seminar in Phenomenology
Units: 4 Terms Offered: Sp The origin, principles, and development of the phenomenological movement from Brentano to Merleau-Ponty. Instruction Mode: Lecture Grading Option: Letter

PHIL 530 Seminar in Philosophy of Law
Units: 4 Max Units: 12.0 Theories of the nature of law; emphasis on recent writing; legal concepts such as rights, powers, liability, legal responsibility, law, and morality. Instruction Mode: Lecture Grading Option: Letter

PHIL 537 Seminar in Social and Political Philosophy
Units: 4 Max Units: 16.0 Advanced literature on selected topics in social and political philosophy, including the nature of law, man, and society; ideals such as justice and freedom. Instruction Mode: Lecture Grading Option: Letter

PHIL 540 Seminar in Ethics
Units: 4 Max Units: 16.0 Advanced topics and literature in ethical theory. Instruction Mode: Lecture Grading Option: Letter

PHIL 545 Seminar in Aesthetics
Units: 4 Advanced topics in the philosophy of the arts. Contemporary views on such problems as the nature of art and the role of criticism. Instruction Mode: Lecture Grading Option: Letter
Option: Letter
PHIL 550 Advanced Topics in Formal Logic
Units: 4 Consistency and completeness of the predicate calculus; truth and validity; rudiments of model logic. Prerequisite: PHIL 450. Instruction Mode: Lecture Grading Option: Letter
PHIL 551 Seminar in the Philosophy of Logic
Units: 4 Advanced topics in logic and/or philosophy of logic. Instruction Mode: Lecture Grading Option: Letter
PHIL 560 Seminar in Metaphysics
Units: 4 Max Units: 16.0 Terms Offered: Fa Advanced topics in metaphysics. Instruction Mode: Lecture Grading Option: Letter
PHIL 562 Philosophy of Mind
Units: 4 Max Units: 12.0 Contemporary approaches to a variety of questions about the nature of mental states and our knowledge of them. Instruction Mode: Lecture Grading Option: Letter
PHIL 565 Philosophy of Language
Units: 4 Max Units: 12.0 Terms Offered: FaSp Philosophical issues in the empirical study of language concerning the relationship between linguistic meaning and the use of sentences to assert and convey information. Instruction Mode: Lecture Grading Option: Letter
PHIL 570 Seminar in Epistemology
Units: 4 Max Units: 16.0 Advanced topics in epistemology. Instruction Mode: Lecture Grading Option: Letter
PHIL 584 Seminar in the Philosophy of Physics
Units: 4 Max Units: 12 Selected topics in various specialty areas within the philosophy of physics. Recommended Preparation: PHYS 304, PHYS 408a, or PHYS 438a Instruction Mode: Lecture Grading Option: Letter
PHIL 585 Seminar in Philosophy of Science
Units: 4 Max Units: 16.0 Advanced topics in the philosophy of science. Instruction Mode: Lecture Grading Option: Letter
PHIL 589 Writing for Publication in Philosophy
Units: 4 Max Units: 8.0 Terms Offered: Sp Intensive writing seminar in which students read cutting-edge philosophy and take supervised steps towards crafting critical essays for publication. Prerequisite: PHIL 500, PHIL 505. Instruction Mode: Lecture Grading Option: Letter
PHIL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 593X Teaching Philosophy
Units: 2 Terms Offered: Fa Introduction to the basic principles of philosophical pedagogy, with emphasis on practical applications and the importance of career-long skill development. Required for first-semester teaching assistants in philosophy. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 594c Master's Thesis
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Major trends of current thought; specific topics to be announced. Instruction Mode: Lecture Grading Option: Letter
PHIL 636 Seminar in Semantics
Units: 3 Max Units: max 12 (Enroll in LING 636)
PHIL 700x Dissertation Seminar
Units: 2 Max Units: 12.0 A seminar series covering a variety of topics in the dissertation work-in-progress. Focus on peer and faculty feedback, developing professional presentation skills, improving critical communication skills. Registration Restriction: Open only to Philosophy doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 700 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 704a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 704b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 704c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 704d Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 794d Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 800x Directed Reading
Units: 2 Max Units: 12.0 Students research specific areas of philosophy not covered in current departmental offerings. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 804x Directed Research
Units: 2 Max Units: 12.0 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 808 Seminar in Semantics
Units: 3 Max Units: max 12 (Enroll in LING 636)
PHIL 824 Seminar in Metaphysics
Units: 4 Max Units: 16.0 Advanced topics in metaphysics. Instruction Mode: Lecture Grading Option: Letter
PHIL 850 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 854 Seminar in Philosophy of Science
Units: 4 Max Units: 16.0 Advanced topics in the philosophy of science. Instruction Mode: Lecture Grading Option: Letter
PHIL 864 Seminar in Semantics
Units: 4 Max Units: 12.0 Term Offered: FaA seminar series covering a variety of topics in the dissertation work-in-progress. Focus on peer and faculty feedback, developing professional presentation skills, improving critical communication skills. Registration Restriction: Open only to Philosophy doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit
PHIL 868 Seminar in Epistemology
Units: 4 Max Units: 16.0 Advanced topics in epistemology. Instruction Mode: Lecture Grading Option: Letter
PHIL 884 Seminar in Philosophy of Physics
Units: 4 Max Units: 12 Selected topics in various specialty areas within the philosophy of physics. Recommended Preparation: PHYS 304, PHYS 408a, or PHYS 438a Instruction Mode: Lecture Grading Option: Letter
PHIL 885 Seminar in Philosophy of Science
Units: 4 Max Units: 16.0 Advanced topics in the philosophy of science. Instruction Mode: Lecture Grading Option: Letter
PHIL 904a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 904b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 904c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 904d Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 994a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 994b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 994c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHIL 994d Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit
PHAR 501 Pharmacy Practice and Professionalism
Units: 4 A series of seminars covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Instruction Mode: Lecture Grading Option: Credit/No Credit
PHAR 502 Pharmacy Practice and Professionalism
Units: 4 A series of seminars covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Instruction Mode: Lecture Grading Option: Credit/No Credit
PHAR 504 Calculations and Compounding
Units: 2 Knowledge and experience in pharmacy calculations, compounding, and sterile IV compounding. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter
PHAR 515 Metabolism and Cell Biology
Units: 2 Basic principles of drug action and receptor actions. Includes their application to the understanding and treatment of disease. Provides the scientific basis of pharmaceutical action. Registration

<tr>
<th>COURSES OF INSTRUCTION</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>PHRD 516 Non-Prescription Therapies</strong></td>
</tr>
<tr>
<td>Units: 3 Introduction to self-care health. Includes OTC products, dosages, pharmacology, efficacy, cost, side effects, adverse reactions, contraindications, and drug interactions. Duplicates Credit in the former PHRD 506. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 517 Pharmacogenetics</strong></td>
</tr>
<tr>
<td>Units: 2 Principles of gene expression and the influence of genetics on the effectiveness of drug therapy. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in the former PHRD 505. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 519 Introduction to Pharmacy Practice</strong></td>
</tr>
<tr>
<td>Units: 2 Introduction of principles of pharmaceutical care in community or hospital pharmacy setting. Includes basic practice skills. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in the former PHRD 509. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 551 Immunology</strong></td>
</tr>
<tr>
<td>Units: 3 Terms Offered: Fa Basic principles of immunology and their application to the understanding and treatment of immunologically-mediated diseases. Provides the scientific basis of immunotherapy and immunodiagnosis. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 552 Pharmaceutics III</strong></td>
</tr>
<tr>
<td>Units: 3 Terms Offered: Sp Principles and applications of controlled, targeted, and self-regulating drug delivery. Methods to deliver therapeutic peptides, proteins and genetic materials. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 553 Management within Health Care Organizations</strong></td>
</tr>
<tr>
<td>Units: 2 Terms Offered: Fa Management of the professional practice of pharmacy in organized health care systems. Introduction to formulary development and outcome analysis. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 554 Public Health and Epidemiology</strong></td>
</tr>
<tr>
<td>Units: 2 Terms Offered: Sp Introduction to epidemiology, environmental health, health education, health care organizations and financing. Orientation to social and governmental controls on the health care system. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 555 Pharmacy Education I</strong></td>
</tr>
<tr>
<td>Units: 2 Terms Offered: Fa Understanding and application of learning theory and teaching methodology, small group teaching, active learning, student motivation, basic assessment methods, and general online teaching tools. Registration Restriction: Open only to Doctor of Pharmacy students</td>
</tr>
<tr>
<td><strong>PHRD 556 Pharmacy Education II</strong></td>
</tr>
<tr>
<td>Units: 1 Terms Offered: Sp Continuation of Pharmacy Education I. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 557 Introduction to Therapeutics</strong></td>
</tr>
<tr>
<td>Units: 4 Integrated teaching of the principles of pharmacology, biomedical chemistry, pharmacogenomics and clinical therapeutics. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 559 Therapeutics: Pharmacokinetics</strong></td>
</tr>
<tr>
<td>Units: 3 Integrated teaching of basic and clinical pharmacokinetic/pharmacodynamic concepts. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 560 Therapeutics III</strong></td>
</tr>
<tr>
<td>Units: 6 Terms Offered: Sp Integrated teaching of biomedical chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs, with emphasis on pharmaceutics treating diseases associated with the central nervous system. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 561 Pharmacy Practice and Experience III</strong></td>
</tr>
<tr>
<td>Units: 3 Terms Offered: FaSp Introductory Pharmacy Practice Experiences (IPPEs) in hospital and community settings. Includes didactic instruction, laboratory practicums, IV training and practical experience hours. Registration Restriction: Open only to Pharmacy majors. Instruction Mode: Lecture, Lab Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 562 Therapeutics IV</strong></td>
</tr>
<tr>
<td>Units: 4 Terms Offered: Sp Integrated teaching of biomedical chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs with an emphasis on treating diseases of the renal, GI and pulmonary systems. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 563 Case Conference 2</strong></td>
</tr>
<tr>
<td>Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit</td>
</tr>
<tr>
<td><strong>PHRD 564 Case Conference 3</strong></td>
</tr>
<tr>
<td>Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit</td>
</tr>
<tr>
<td><strong>PHRD 565 Pharmacy Practice and Professionalism 3</strong></td>
</tr>
<tr>
<td>Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit</td>
</tr>
<tr>
<td><strong>PHRD 566 Pharmacy Practice and Professionalism 4</strong></td>
</tr>
<tr>
<td>Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit</td>
</tr>
<tr>
<td><strong>PHRD 567 Pharmacy Law</strong></td>
</tr>
<tr>
<td>Units: 2 Provide an introduction to the legal and ethical issues in pharmacy practice. Includes state and federal statutes, regulations, and pharmacy-related cases. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in PHRD 616. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 568 Principles and Leadership in Community Health 1</strong></td>
</tr>
<tr>
<td>Units: 2 Terms Offered: Fa Introduction to public health and the development of community health programs. Topics include health education, health communication, and behavioral determinants of health and disease. Registration Restriction: Open only to Pharmacy majors. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 569 Principles and Leadership in Community Health 2</strong></td>
</tr>
<tr>
<td>Units: 1 Terms Offered: Sp Builds upon students' knowledge of the field of public health and community health programs to evaluate the efficacy of community-based interventions. Prerequisite: PHRD 568. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in PHRD 560. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 570 Therapeutics: Central Nervous System</strong></td>
</tr>
<tr>
<td>Units: 5 Integration of biomedical chemistry, pharmacology, pharmacokinetics, and therapeutics with emphasis on the central nervous system. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in PHRD 560. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 572 Therapeutics: General Medicine and Inflammatory Disorders</strong></td>
</tr>
<tr>
<td>Units: 5 Integrated approach to the management of common renal, liver, pulmonary, gastrointestinal, joint and integumental related disorders, as well as inflammatory disorders. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in PHRD 560. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 599 Special Topics</strong></td>
</tr>
<tr>
<td>Units: 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5, 5.5, 6, 6.5, 7, 7.5, 8 Max Units: 8 Terms Offered: FaSp Comprehensive exploration of special and emerging topics in the practice of pharmacy. Registration Restriction: Open only to graduate students in the School of Pharmacy. Instruction Mode: Lecture Grading Option: Letter</td>
</tr>
<tr>
<td><strong>PHRD 601 Therapeutics V</strong></td>
</tr>
</tbody>
</table>
| Units: 6 Terms Offered: Fa Integrated
teaching of biomedical chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs, with emphasis on pharmaceuticals affecting cardiovascular and circulatory diseases. CPR certification. Instruction Mode: Lecture Grading Option: Letter

**PHRD 603 Therapeutics: Endocrine System**
Units: 3 Integration of biomedical chemistry, pharmacology, pharmacokinetics, and therapeutics with emphasis on the endocrine and reproductive system. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

**PHRD 605 Therapeutics VII**
Units: 4 Terms Offered: Fa Integrated teaching of the biomedical chemistry, pharmacology, clinical pharmacokinetics, and therapeutics of drugs; with emphasis on chemotherapy of infectious disease: bacterial, microbial, viral, parasitic, and fungal. Instruction Mode: Lecture Grading Option: Letter

**PHRD 606 Therapeutics VIII**
Units: 2 Terms Offered: Sp Advanced topics and clinical therapeutics of drugs, with emphasis on the treatment of infectious disease: bacterial, microbial, viral, parasitic and fungal. Instruction Mode: Lecture Grading Option: Letter

**PHRD 607 Nutrition**
Units: 2 Terms Offered: Fa Biomedical knowledge is correlated with assessments of clinical case management problems to understand the interrelationship between nutrition and health in both hospitalized and healthy patients. Instruction Mode: Lecture Grading Option: Letter

**PHRD 608 Therapeutics: Oncology**
Units: 2 Terms Offered: Sp Integrated teaching of biomedical chemistry, pharmacology, clinical pharmacokinetics and therapeutics of drugs, with emphasis on pharmaceuticals for managing oncological diseases. Registration Restriction: Open only to Pharmacy students Instruction Mode: Lecture Grading Option: Letter

**PHRD 610 Therapeutics: Special Populations**
Units: 3 Terms Offered: Sp Focuses on the pharmacology, pharmacokinetics, medicinal chemistry and clinical therapeutics that apply to pharmaceutical care of pediatric, geriatric and chronic pain patients. Registration Restriction: Open only to Pharmacy students Instruction Mode: Lecture Grading Option: Letter

**PHRD 611 Therapeutics: Infectious Diseases**
Units: 5 Integration of biomedical chemistry, pharmacology, pharmacokinetics, and therapeutics, with emphasis on the therapy of infectious diseases caused by bacterial, viral, parasitic, and fungal organisms. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in PHRD 605 and PHRD 606. Instruction Mode: Lecture Grading Option: Letter

**PHRD 612 Therapeutics XI**
Units: 2 Terms Offered: Sp Updates students on recent advances in clinical areas, prepares students for advanced practice experiences and assessment of clinical readiness via a final examination. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 614 Pharmaceutical Economics and Outcome Studies**
Units: 3 Terms Offered: Sp Economic analysis of the U.S. health care system, the pharmaceutical industry, and the profession; economic assessment of drug therapy costs and health care outcomes applying pharmacoeconomic research methodologies. Instruction Mode: Lecture Grading Option: Letter

**PHRD 616 Pharmacy, Law and Ethics**
Units: 3 Terms Offered: Sp To provide students with an understanding of ethical issues that arise in pharmacy practice along with state and federal statutes, regulations, and pharmacy-related cases. Instruction Mode: Lecture Grading Option: Letter

**PHRD 619 Therapeutics: Cardiovascular System**
Units: 5 Integration of biomedical chemistry, pharmacology, pharmacokinetics, and therapeutics with emphasis on pharmaceuticals affecting cardiovascular and circulatory diseases. Registration Restriction: Open only to Doctor of Pharmacy students. Duplicates Credit in PHRD 610 . Instruction Mode: Lecture Grading Option: Letter

**PHRD 620 Pharmacy Practice and Professionalism 5**
Units: 2 A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 621 Pharmacy Practice and Professionalism 6**
Units: 1 Terms Offered: Sp A seminar series covering leadership, professionalism and professional development for pharmacy practice. Includes practical experience placements (IPPE). Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 622 Case Conference 4**
Units: 2 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 623 Case Conference 5**
Units: 1 Case conferences and seminars focusing on contemporary pharmacy practice. Registration Restriction: Open only to Doctor of Pharmacy students Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 633 Pharmacy Management and Economics**
Units: 2 Management principles for pharmacy practice, understanding of health care systems and pharmacoeconomics. Introduction to formulary management and outcome analysis. Registration Restriction: Open only to Doctor of Pharmacy students Instruction Mode: Lecture Grading Option: Letter

**PHRD 634 Scholarly Project 1**
Units: 1 Terms Offered: Fa Collection and analysis of results in the Pharm.D. Scholarly Project and oral presentation and discussion of these results. Registration Restriction: Open only to Pharmacy students Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 635 Scholarly Project 2**
Units: 1 Terms Offered: Sp Oral and poster presentation of the results of the Pharm.D. Scholarly Project. Registration Restriction: Open only to Pharmacy students Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 639 Pharmacy Review**
Units: 1,2,3 Max Units: 03 Terms Offered: Sm Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Registration Restriction: Open only to Pharmacy students Instruction Mode: Lecture Grading Option: Letter

**PHRD 650 APPE Gateway**
Units: 2 Terms Offered: Sp Competency-based course to prepare and assess students for readiness to enter Advanced Pharmacy Practice Experience (APPE). Registration Restriction: Open only to Pharmacy majors Instruction Mode: Lecture Grading Option: Credit/No Credit

**PHRD 651 Community Pharmacy I**
Units: 3 Terms Offered: Fa Development of specialized knowledge and skills in community pharmacy practice involving location analysis, pharmacy management principles, and introduction to business law concepts. Instruction Mode: Lecture Grading Option: Letter

**PHRD 652 Community Pharmacy II**
Units: 3 Terms Offered: Sp A continuation of pharmacy business law concepts encompassing contract principles and forms of ownership, including a review of pharmacy laws, compounding principles, and OTC agents. Prerequisite: PHRD 651. Instruction Mode: Lecture Grading Option: Letter

**PHRD 653 Health Systems Pharmacy I**
Units: 3 Terms Offered: Fa Understanding formal and informal organizations in institutions, managed care, disease management, health care policy and financing, patients' chart organization, and clinical monitoring parameters. Instruction Mode: Lecture Grading Option: Letter

**PHRD 654 Health Systems Pharmacy II**
Units: 3 Terms Offered: Sp Recognizing resources available for drug information, familiarity with institutional formularies, medication counseling, writing chart notes, and clinical activities at an off-campus health care institution. Prerequisite: PHRD 557. Instruction Mode: Lecture Grading Option: Letter
PHRD 655 Geriatric Pharmacy I
Units: 3 Terms Offered: Fa Specialized knowledge and skills in geriatric pharmacy, pharmacology of aging, and unique functions of health care team providing care to the elderly patient. Instruction Mode: Lecture Grading Option: Letter

PHRD 656 Geriatric Pharmacy II
Units: 3 Terms Offered: Sp Specialized knowledge and skills in gerontology and geriatric pharmacy including the pathophysiology of selected cardiovascular, endocrine, genitourinary gastrointestinal disorders, osteoarthritis, and osteoporosis. Prerequisite: PHRD 559. Instruction Mode: Lecture Grading Option: Letter

PHRD 657L Basic Research Design
Units: 3 Max Units: 6.0 Terms Offered: FaSp Research experience to integrate research into Doctor of Pharmacy program. Research focuses on industrial, academic, or governmental issues. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHRD 658 Sleep and the Pharmacologic Management of Its Disorders
Units: 3 Terms Offered: FaSp Overview of normal sleep manifestations, and treatment of common sleep disorders, and the pharmacist's role in assessment, treatment, and referral. Instruction Mode: Lecture Grading Option: Letter

PHRD 659 Molecular Therapeutics: Signal Transduction
Units: 3 Terms Offered: FaSp Principles of molecular therapeutics against signaling pathways; emphasis on biological mechanisms underlying hormone, growth factor, and neurotransmitter-mediated gene regulation, proliferation, and cell death. Instruction Mode: Lecture Grading Option: Letter

PHRD 660 Disease State Management I
Units: 3 Terms Offered: FaSp The processes required to develop disease state management protocols based on data drawn from the medical research literature. Instruction Mode: Lecture Grading Option: Letter

PHRD 661 Pharmacy Practice in Women's Health
Units: 3 Terms Offered: FaSp The pharmaceutical care of women patients is emphasized. Therapeutic, psychosocial factors and current research in women's health. Instruction Mode: Lecture Grading Option: Letter

PHRD 662 Psychiatric Pharmacy Practice
Units: 3 Terms Offered: Sp Specialized knowledge and skills in psychiatric pharmacy practice including child, adult, and geriatric psychopharmacology applied to inpatient and outpatient patient. Treatment. Instruction Mode: Lecture Grading Option: Letter

PHRD 663 Pharmaceutical Development
Units: 3 Terms Offered: FaSp Examination of fundamental product development process including discovery, preclinical/clinical studies, regulatory-legal issues, and marketing. Instruction Mode: Lecture Grading Option: Letter

PHRD 664 Clinical Problem Solving
Units: 3 Terms Offered: Sp Integration of physical assessment, laboratory tests, history taking, and diagnosis to formulate decisions for optimal treatment plans in specific disease states. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CXPT-664

PHRD 665 Complementary/Autoregulatory Therapeutics
Units: 3 Terms Offered: FaSp Examines the therapeutic use of complementary/alternative medicines, such as herbal medicines, homeopathic drugs, vitamins and other nutritional supplements. Instruction Mode: Lecture Grading Option: Letter

PHRD 666 Therapeutic Drug Monitoring
Units: 3 Terms Offered: FaSp Application of pharmacokinetic and pharmacodynamic principles to individualize patient drug regimens. Instruction Mode: Lecture Grading Option: Letter

PHRD 667 Drugs of Abuse
Units: 3 Terms Offered: FaSp Specialized knowledge and skills in specific substance abuse-related areas. Each area will include addiction, wellness, and prevention components. Instruction Mode: Lecture Grading Option: Letter

PHRD 668 Computing Application
Units: 3 Terms Offered: FaSp Specialized knowledge and skills using computers in professional practice: telecommunication protocols, typical patient databases in hospital and community pharmacies, drug interactions, insurance billing, inventory control. Instruction Mode: Lecture Grading Option: Letter

PHRD 669 Health Care Needs of Special Populations
Units: 3 Terms Offered: FaSp Health care needs of the poor will be examined through participation in a multidisciplinary community clinic setting focusing on medication counseling and compliance. Instruction Mode: Lecture Grading Option: Letter

PHRD 670 Marketing and Development in the Pharmaceutical Industry
Units: 3 Terms Offered: FaSp Basic and advanced strategies for marketing and development of new compounds or indication in the pharmaceutical industry. Recommended Preparation: PHRD 663. Instruction Mode: Lecture Grading Option: Letter

PHRD 671 Pharmacy Education Seminar
Units: 3 Terms Offered: FaSp A seminar course with a focus on educational methods and teaching skills providing career development for students interested in academia. Instruction Mode: Lecture Grading Option: Letter

PHRD 672 Introduction to Critical Care
Units: 3 Terms Offered: Sp Coupling evidence-based management with a case-based approach; reinforces the clinical thought processes to optimize pharmaceutical care in various critical care settings. Registration Restriction: Open only to Pharmacy majors Instruction Mode: Lecture Grading Option: Letter

PHRD 673 Travel Medicine
Units: 3 Terms Offered: FaSp An elective course for emphasizing the role of the pharmacist in preventing and treating travel related medical conditions. Instruction Mode: Lecture Grading Option: Letter

PHRD 674 Risk Assessment and Management in Pharmacy Practice
Units: 3 Terms Offered: FaSp Specific risk management issues, legal and professional expectations of pharmacists, and assessing and avoiding risk. Instruction Mode: Lecture Grading Option: Letter

PHRD 675 Topics in Pharmacology: the Other Side of Drugs
Units: 2, 3 Terms Offered: Fa (Enroll in MPTX 510)

PHRD 676 Toxicology and the Media
Units: 2, 3 Terms Offered: Sp (Enroll in MPTX 520)

PHRD 677 Global Pharmacy
Units: 3 Opportunity to work with pharmacists, student pharmacists, and other healthcare professionals to experience pharmacy education and practice outside of the United States. Registration Restriction: Open only to Pharmacy majors Instruction Mode: Lecture Grading Option: Letter

PHRD 701 Acute Care Clinical APPE
Units: 6 Terms Offered: FaSpSm Application of pharmaceutical care principles to the adult patient population in an acute care environment. Pharmacology, pharmacokinetics, and disease state management will be emphasized. Registration Restriction: Open to Doctor of Pharmacy students only. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 703 Long Term Care Clerkship
Units: 6 Terms Offered: FaSpSm Application of pharmaceutical care to patients in long term care environments. Understanding of the therapeutic, legal and special needs of this patient population.

PHRD 704 Primary Care APPE
Units: 6 Disease state management and a primary care setting. Modification and design of drug therapy regimens and primary patient care using a team based approach. Registration Restriction: Open to Doctor of Pharmacy students only. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 705 Community Pharmacy APPE
Units: 6 Terms Offered: FaSpSm Pharmaceutical care principles applied to the community pharmacy environment. Participating in the development, implementation and outcome evaluation of patient care services in the community. Registration Restriction: Open to Doctor of Pharmacy students only. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHRD 706 Geriatrics Clerkship
Units: 6 Terms Offered: FaSpSm Drug therapy and management of geriatric patients with a focus on unique medical, economic, and psycho-social problems of this population.

PHRD 714 Nuclear Pharmacy APPE
Elective (APPE)  
Units: 6 Max Units: 18.0  
Terms Offered: FaSpSm  
Pharmacy practice experience (internship) course in a health care setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 751 Non-traditional Advanced Pharmacy Elective (APPE)  
Units: 6  
Terms Offered: FaSpSm  
Pharmacy practice experience (internship) course in a non-traditional or emerging setting. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 750 Advanced Pharmacy Practice  
Units: 6  
Terms Offered: FaSpSm  
Practical experience in the practice of pharmacy in the international setting. Students will visit an international pharmacy practice setting and complete a project. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 726 Directed Clinical Project I APPE  
Units: 6 Max Units: 12.0  
Terms Offered: FaSpSm  
Directed educational opportunities not presently offered as electives, e.g., research project or new and evolving practice models. Instruction Mode: Lecture Grading Option: Letter

PHRD 727 Directed Clinical Clerkship Project II  
Units: 6  
Terms Offered: FaSpSm  
Directed educational opportunities not presently offered as electives, e.g., research projects or new and evolving clerkships. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 730 Acute Care Geriatrics Clerkship  
Units: 6  
Terms Offered: FaSpSm  
Pharmaceutical care principles applied to the acutely ill geriatric patient population. Emphasis on drug therapy problem solving, physiology, pharmacokinetics and compliance problems.

PHRD 731 Advanced Geriatrics APPE  
Units: 6  
Terms Offered: FaSpSm  
Directed projects/practical experience in geriatric drug therapy. Instruction Mode: Lecture Grading Option: Letter

PHRD 735 Clinical Pharmacy Research APPE  
Units: 6  
Terms Offered: FaSpSm  
Drug research administration: research design; ethics; record-keeping; and institutional review. Practical experience emphasized. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 738 Pharmaceutical Industry APPE  
Units: 6  
Terms Offered: FaSpSm  
Practical experience within a pharmaceutical company may include: clinical affairs, drug development, research, and/or marketing process. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHRD 718 Hospital Pharmacy Practice APPE  
Units: 6  
Terms Offered: FaSpSm  
Practical experience in the practice of hospital pharmacy. Administrative, practice-based and therapeutic competencies emphasized. Instruction Mode: Lecture Grading Option: Letter

PHRD 725 International Pharmacy Practice Experience  
Units: 3, 6  
Terms Offered: FaSpSm  
Practical experience in the practice of pharmacy in the international setting. Students will visit an international pharmacy practice setting and complete a project. Registration Restriction: Open only to Doctor of Pharmacy students. Instruction Mode: Lecture Grading Option: Letter

PHYS 051x Problem Solving in Mechanics and Thermodynamics  
Units: 4  
Terms Offered: FaSpSm  
Problem solving, elementary problems within a student-centered learning environment. Concurrent Enrollment: Concurrent enrollment: PHYS 151. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 100Lgx The Physical World  
Units: 4  
Terms Offered: FaSpSm  
The fundamentals of physics presented with emphasis on the structure and beauty of physical laws. Practical component will relate these laws to commonly encountered events. Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category III: Scientific Inquiry Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 125L Physics for Architects  
Units: 4  
Terms Offered: FaSpSm  
Fundamental laws and principles of physics with emphasis on the application of physical principles to the problems of architecture. Prerequisite: MATH 108. Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category III: Scientific Inquiry Duplication Credit in PHYS 135a, PHYS 135b. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 135ag Physics for the Life Sciences  
Units: 4  
Terms Offered: FaSpSm  
Fundamental laws and principles of physics emphasizing areas related to life sciences; prerequisite for biological sciences, medicine, dentistry, and pharmacy. Prerequisite: Passing of Math Placement Exam or MATH 108 or MATH 125 or MATH 126 or MATH 226. Satisfies New General Education in Category E: Physical Sciences Requirements in Category E: Physical Sciences Duplication Credit in PHYS 125. Instruction Mode: Lecture, Lab Required, Quiz Grading Option: Letter

PHYS 104 Physics for the Life Sciences  
Units: 4  
Terms Offered: FaSpSm  
Fundamental laws and principles of physics emphasizing areas related to life sciences; prerequisite for biological sciences, medicine, dentistry, and pharmacy. Prerequisite: Passing of Math Placement
PHYS 141L Special Laboratory I
Units: 1 Terms Offered: FaSpSm Laboratory component for PHYS 151 for transfer students with equivalent lecture credit from another institution. For transfer students immediately after matriculation. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

PHYS 142L Special Laboratory II
Units: 1 Terms Offered: FaSpSm Laboratory component for PHYS 152 for transfer students with equivalent lecture credit from another institution. For transfer students immediately after matriculation. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

PHYS 143L Special Laboratory III
Units: 1 Terms Offered: FaSpSm Laboratory component for PHYS 153 for transfer students with equivalent lecture credit from another institution. For transfer students immediately after matriculation. Instruction Mode: Lecture, Lab Required Grading Option: Credit/No Credit

PHYS 151Lg Fundamentals of Physics I: Mechanics and Thermodynamics
Units: 4 Terms Offered: FaSpSm Gateway to the majors and minors in Physics and Astronomy. Statics and dynamics of particles and rigid bodies, conservation principles, gravitation, simple harmonic oscillators, thermodynamics, heat engines, entropy. Prerequisite: MATH 125 or MATH 126 or MATH 226. Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category IV: Scientific Inquiry

PHYS 152L Fundamentals of Physics II: Electricity and Magnetism
Units: 4 Terms Offered: FaSpSm Electrostatics, magnetostatics, electrical circuits, wave motion, sound waves, electromagnetic waves. Prerequisite: PHYS 151Lg, MATH 126 Corequisite: MATH 226. Instruction Mode: Lecture, Lab Required, Quiz Grading Option: Letter

PHYS 153L Fundamentals of Physics III: Optics and Modern Physics
Units: 4 Terms Offered: FaSpSm Geometrical optics, interference, diffraction, special relativity, quantum mechanics, atomic physics, solid state physics. Prerequisite: PHYS 152. Instruction Mode: Lecture, Lab Required, Quiz Grading Option: Letter

PHYS 161Lg Advanced Principles of Physics I
Units: 4 Terms Offered: Sp Gateway to the majors and minors in Physics and Astronomy. Introductory treatment intended for well-qualified students. Dynamics of particles and rigid bodies, conservation laws, wave motion, thermodynamics, heat engines, entropy. Prerequisite: MATH 126 Corequisite: MATH 226 Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category III: Scientific Inquiry

PHYS 162L Advanced Principles of Physics II
Units: 4 Terms Offered: Fa Electrostatics, magnetostatics, electrical circuits, electric and magnetic properties of matter, Maxwell's equations, electromagnetic waves, propagation of light. Prerequisite: MATH 226 Recommended Preparation: PHYS 161 Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 163L Advanced Principles of Physics III
Units: 4 Terms Offered: Sp Interference and diffraction of waves, special relativity, quantum mechanics, atomic physics, nuclear physics, condensed matter physics, elementary particles. Prerequisite: PHYS 162 Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 171L Applied Physics I: Mechanics
Units: 4 Mechanics, mechanical vibrations and waves, special relativity. Emphasizes applications in the areas of applied physics and engineering. Prerequisite: MATH 129 Corequisite: MATH 229 Instruction Mode: Lecture, Discussion, Lab Required Grading Option: Letter

PHYS 172L Applied Physics II: Electricity, Magnetism and Optics
Units: 4 Electric and magnetic fields; electromagnetic waves; optics. Emphasizes applications in the areas of applied physics and engineering. Prerequisite: MATH 229 (PHYS 171L or PHYS 161Lg) Instruction Mode: Lecture, Discussion, Lab Required Grading Option: Letter

PHYS 173L Applied Physics III: Topics in Modern Physics
Units: 4 Quantum mechanics, statistical mechanics, solid-state physics. Emphasizes applications in the areas of applied physics and engineering. Prerequisite: PHYS 172L or PHYS 162L Instruction Mode: Lecture, Discussion, Lab Required Grading Option: Letter

PHYS 190 Physics Discovery Series
Units: 1 Terms Offered: Fa Introduction to current research activities of the faculty of the department; topics of current and popular interest among the wider community of physicists. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 200Lg The Physics and Technology of Energy
Units: 4 Terms Offered: FaSpSm Investigation of energy technologies, including development and implementation issues. Topics include the industrial revolution, electromagnetic induction, power transmission, combustion engines, fission and fusion. Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category IV: Science and Its Significance

PHYS 304 Mechanics
Units: 4 Terms Offered: Fa Dynamics of particles, kinematics of rotations, rigid body motion, Lagrangian and Hamiltonian formalism, theory of small vibrations. Prerequisite: PHYS 151 or PHYS 161, MATH 245. Instruction Mode: Lecture Grading Option: Letter

PHYS 316 Thermodynamics and Statistical Mechanics
Units: 4, 2 years Terms Offered: Sp First, second, and third thermodynamic laws; thermodynamic potentials, applications; distribution laws, kinetic theory, transport phenomena, specific heats. Prerequisite: PHYS 152 or PHYS 161, MATH 226. Instruction Mode: Lecture Grading Option: Letter

PHYS 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PHYS 408a Electricity and Magnetism
Units: 4 Terms Offered: Fa Electrostatics; thermal, chemical, magnetic effects of steady currents; DC circuits. Prerequisite: PHYS 152 or PHYS 162; Corequisite: MATH 245. Instruction Mode: Lecture Grading Option: Letter

PHYS 408b Electricity and Magnetism
Units: 4 Terms Offered: Sp Electromagnetic induction; AC circuits; Maxwell's equations. Prerequisite: PHYS 152 or PHYS 162; Corequisite: MATH 445. Instruction Mode: Lecture Grading Option: Letter

PHYS 430 General Relativity and Gravitation
Units: 4 Terms Offered: Sp Geometry of the Universe, special relativity, curved metrics, black holes, equivalence principle, cosmology, Friedman-Robertson-Walker geometry, Einstein's equations. Prerequisite: PHYS 304; Corequisite: MATH 445. Instruction Mode: Lecture Grading Option: Letter

PHYS 438a Introduction to Quantum Mechanics and its Applications
Units: 4 Terms Offered: Sp Concepts and techniques of quantum mechanics; free and bound states, the hydrogen atom. Prerequisite: PHYS 304; Corequisite: MATH 445. Instruction Mode: Lecture Grading Option: Letter

PHYS 438b Introduction to Quantum Mechanics and its Applications
Units: 4 Terms Offered: Fa Relativity, atomic spectra, quantum statistics, nuclear models, nuclear reactions, elementary particles. Prerequisite: PHYS 304; Corequisite: MATH 445. Instruction Mode: Lecture Grading Option: Letter

PHYS 440 Introduction to Condensed Matter Physics
Units: 4 Terms Offered: Irregular, Sp Crystal structures, x-ray diffraction, thermal properties of solids, diamagnetism and paramagnetism, free-electron model of metals, semiconductors, ferromagnetism, super-conductivity, imperfections in crystals. Corequisite: PHYS 438a. Instruction Mode: Lecture Grading Option: Letter Crosslisted
as EE-436

PHYS 444 Physical Biology: From Molecules to Cells
Units: 4 Terms Offered: Fa Length, time, and energy scales of life; statistical mechanics of biomolecules and cellular processes; physics of cell shape; biological fluid dynamics; electron transfer and metabolism. Prerequisite: PHYS 152 or PHYS 162; Recommended Preparation: BISC 220. Instruction Mode: Lecture Grading Option: Letter

PHYS 472 Introduction to Lasers and Laser Systems
Units: 3 Terms Offered: Fa (Enroll in EE 472)

PHYS 473L Lasers and Optics Laboratory
Units: 3 Terms Offered: Sp (Enroll in EE 473)

PHYS 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

PHYS 492L Senior Lab
Units: 4 Terms Offered: F Projects will include experiments in mechanics, thermodynamics, electricity and magnetism. Emphasis on laboratory work with discussion of theoretical background. Prerequisite: PHYS 152. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 493L Advanced Experimental Techniques
Units: 4 Terms Offered: Sp Development of modern experimental techniques, including computer interface with data acquisition hardware and data analysis by software, applied specifically to experiments in modern physics. Emphasis on laboratory work with discussion of theoretical background. Prerequisite: PHYS 152 or PHYS 153. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PHYS 495 Senior Project
Units: 2 An original project will be constructed applying computer technology (in either hardware or software) to produce a result useful in the physics classroom or laboratory. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CSCI-495

PHYS 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Lectures and discussions on specialized topics in physics. Instruction Mode: Lecture Grading Option: Letter

PHYS 500 Graduate Colloquium
Units: 1 Max Units: 4.0 Terms Offered: FaSp Topics of current research interest in physics and astronomy. Lectures directed to physics graduate students by faculty of the department and by outside speakers. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 502 Advanced Optics
Units: 3 Terms Offered: F Irregular interaction of light and matter; laser oscillation condition; optical resonators; spectroscopy; pumping mechanisms; characteristics of dielectric, semiconductor, gas, and liquid lasers; topics in nonlinear optics. Instruction Mode: Lecture Grading Option: Letter

PHYS 504 Advanced Mechanics
Units: 3 Terms Offered: F Newtonian formulation of dynamics; Hamilton's principle; Lagrangian formulation; rigid body motion; Hamiltonian formulation; Hamilton–Jacobi theory; vibrations. Instruction Mode: Lecture Grading Option: Letter

PHYS 508a Advanced Electricity and Magnetism
Units: 3 Terms Offered: Sp Electrostatics, boundary value problems, multipole expansions, microscopic models of matter, magnetostatics. Instruction Mode: Lecture Grading Option: Letter

PHYS 510 Methods of Theoretical Physics
Units: 3 Terms Offered: F General relativity; nonrelativistic quantum mechanics; quantum mechanics; group theory; orthogonal polynomials; gamma-factorial function; complex variables. Instruction Mode: Lecture, Lab Grading Option: Letter

PHYS 514 Methods of Experimental Physics
Units: 3 Terms Offered: Irregular Techniques of general utility in contemporary physics research, with emphasis on the use of commercially available instrumentation. Instruction Mode: Lecture Grading Option: Letter

PHYS 516 Methods of Computational Physics
Units: 3 Terms Offered: Sp Introduction to algorithm development. Integration of ordinary differential equations; chaotic systems; molecular dynamics; Monte Carlo integration and simulations; cellular automata and other complex systems. Recommended Preparation: ability to program in C or C++. Instruction Mode: Lecture Grading Option: Letter

PHYS 518 Thermodynamics and Statistical Mechanics
Units: 3 Terms Offered: Fa Principles of, and relations between, thermodynamics and statistical mechanics; ensembles, partition function formalism; quantum statistics of noninteracting particles; fluctuations. Instruction Mode: Lecture Grading Option: Letter

PHYS 520 Methods for Complex Systems
Units: 3 Terms Offered: F Probabilities, random walks, generalized central limit theorems, probabilities in thermodynamics, critical phenomena, self organized criticality, phenomenology of catastrophes, dynamical systems and examples from outside physics. Instruction Mode: Lecture Grading Option: Letter

PHYS 530 Relativity
Units: 3 Terms Offered: Irregular Fundamentals of the special theory and applications to classical and quantum physics; the principle of equivalence; tensor analysis and Einstein's theory of gravitation; relativistic cosmology. Recommended Preparation: PHYS 504, PHYS 508a. Instruction Mode: Lecture Grading Option: Letter

PHYS 540 Solid State Physics
Units: 3 Terms Offered: F Fundamental concepts and techniques in solid state physics; electron gas at metallic densities; semiclasical transport; crystallography; band structure; phonons; screening; superconductivity; magnetic ordering. Recommended Preparation: PHYS 518, PHYS 558a. Instruction Mode: Lecture Grading Option: Letter

PHYS 558a Quantum Mechanics
Units: 3 Terms Offered: Sp General formulation of quantum mechanics with applications; theory of measurement; exactly solvable problems; angular momentum formalism. Instruction Mode: Lecture Grading Option: Letter

PHYS 558b Quantum Mechanics
Units: 3 Terms Offered: F Approximation schemes and applications to atomic and molecular physics and scattering theory; identical particles; electromagnetic properties of atoms. Instruction Mode: Lecture Grading Option: Letter

PHYS 560 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

PHYS 593 Practicum in Teaching Physics and Astronomy
Units: 2 Terms Offered: F Practical principles for the long-term development of effective teaching within the physical sciences. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 594z Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 630 Science of Nanoscale Materials
Units: 3 Terms Offered: Fa Fundamental physics of low dimensional systems, with an emphasis on nanoscale materials (e.g. nanodot, nanowire, graphene) and state-of-the-art research topics, including characterization of nanostructure materials, and device concepts that take the advantage of low dimensionality. Prerequisite: PHYS 440; Recommended Preparation: knowledge of basic quantum mechanics. Instruction
PHYS 640 Advanced Condensed Matter Physics
Units: 3 Terms Offered: Sp Magnetism; magnons; superconductivity; transport phenomena; many-body effects; interacting electron gas; Hartree-Fock theory; neutron and X-ray scattering; and other selected topics. Recommended Preparation: PHYS 540, PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 650 Topics in Current Research
Units: 2 Terms Offered: Fa Course content will vary each year. It will include topics of current interest in research conducted in academia and industry. Instruction Mode: Lecture Grading Option: Letter

PHYS 660 Quantum Information Science and Many-Body Physics
Units: 3 Terms Offered: Sp Introduction to advanced techniques in theoretical many-body physics based on quantum information theory. Prerequisite: PHYS 438a, PHYS 438b; Recommended Preparation: Introduction to quantum information and computation, mathematical methods for theoretical physics. Instruction Mode: Lecture Grading Option: Letter

PHYS 668 Advanced Quantum Mechanics
Units: 3 Terms Offered: Sp Relativistic wave equations; second quantization of Klein-Gordon, Dirac and Maxwell fields; applications in quantum electrodynamics and condensed matter physics. Recommended Preparation: PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 669a Group Theory and Symmetries in Physics
Units: 3 Terms Offered: Irregular Abstract group theory; representation theory; point groups; selection rules; crystal tensors; molecular vibrations; rotation group; SU(2); Wigner-Eckart theorem; crystal-field splitting; time-reversal symmetry; gauge invariance; SU(3) and quarks. Recommended Preparation: PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 669b Group Theory and Symmetries in Physics
Units: 3 Terms Offered: Irregular Application of group theory in field theory and particle physics. Lie groups and representations, Young tableaux, Dynkin diagrams, Poincare group, classical groups and supergroups, gauge theories. Recommended Preparation: PHYS 558b. Instruction Mode: Lecture Grading Option: Letter

PHYS 670 High Energy Physics
Units: 3 Terms Offered: Irregular Elementary particles and the fundamental forces acting on them. Quarks, leptons, symmetries, gauge invariance, spontaneously broken symmetry, electroweak theory, quantum chromodynamics grand unified theory, strings. Recommended Preparation: PHYS 668. Instruction Mode: Lecture Grading Option: Letter

PHYS 678 Relativistic Quantum Field Theory
Units: 3 Terms Offered: Irregular Computational methods in relativistic quantum field theory: Feynman path integral, covariant perturbation theory, regularization, renormalization group, and non-perturbative techniques. Recommended Preparation: PHYS 668. Instruction Mode: Lecture Grading Option: Letter

PHYS 680 Advanced Quantum Field Theory
Units: 3 Terms Offered: Irregular Renormalization, quantization of gauge theories, non-Abelian gauge theories, quantum chromodynamics, spontaneous symmetry breaking, the standard model, anomalies. Recommended Preparation: PHYS 678. Instruction Mode: Lecture Grading Option: Letter

PHYS 682 Supersymmetric Field Theory
Units: 3 Terms Offered: Fa Supersymmetry algebra, Coleman-Mandula theorem, N=1 and N=2 Yang-Mills theory, Seiberg duality, holomorphy, introduction to Seiberg-Witten theory, electromagnetic duality, BPS states. Recommended Preparation: PHYS 678, PHYS 680. Instruction Mode: Lecture Grading Option: Letter

PHYS 684 Advanced String Theory
Units: 3 Terms Offered: Sp Advanced string theory. Strong coupling and nonperturbative techniques. D-branes, black holes, duality, AdS/CFT. Applications in particle, nuclear and condensed matter physics, and quantum gravity. Recommended Preparation: PHYS 530, PHYS 678, PHYS 680. Instruction Mode: Lecture Grading Option: Letter

PHYS 690 Introduction to Physical Biology
Units: 3 Terms Offered: Sp Introduces students to the role of physics in biology. Considers both experimental and more fundamental points of view. Explores a few current research directions. Recommended Preparation: good knowledge of basic statistical mechanics and thermodynamics. Instruction Mode: Lecture Grading Option: Letter

PHYS 692 Internship
Units: 3 or 6 Max Units: 6.0 Terms Offered: FaSpSummer Field application of physics in a business or industry setting: part-time employment. Project to be jointly defined by student, employer and professor. Instruction Mode: Lecture Grading Option: Letter

PHYS 710 Selected Topics in Experimental Physics
Units: 3 Max Units: 6.0 Course content will vary yearly with current interest. Topics covered may include superconducting quantum interference devices, scanning tunneling microscopy, and laser cooling and trapping of single atoms. Instruction Mode: Lecture Grading Option: Letter

PHYS 720 Selected Topics in Theoretical Physics
Units: 3 Max Units: 6.0 Course content will vary yearly with current interest. Topics covered may include field theory, many body theory, Green's functions, dispersion theory, and group theory. Instruction Mode: Lecture Grading Option: Letter

PHYS 730 Selected Topics in Particle Physics
Units: 3 Max Units: 6.0 Various advanced phases of particle physics. Content will vary yearly; emphasis on superstring theories, advanced topics in quantum gravity, and field theory. Recommended Preparation: PHYS 678. Instruction Mode: Lecture Grading Option: Letter

PHYS 740 Selected Topics in Condensed Matter Physics
Units: 3 Max Units: 6.0 Course content will vary yearly with current interest. Topics covered may include theory of superconductivity, high-temperature superconductivity, Green's functions in condensed matter physics, magnetism and transport in disordered metals. Instruction Mode: Lecture Grading Option: Letter

PHYS 750 Off Campus Studies
Units: 3 Max Units: 9.0 Course work taken on campus at Caltech as part of the Caltech-USC cross-registration program. Instruction Mode: Lecture Grading Option: Credit/No Credit

PHYS 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

PHYS 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture, Lab Grading Option: In-progress to Credit/No Credit

PHYS 794j Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Urban and Regional Planning
PLUS 600 Environmental Goods in Planning and Development
Units: 4 Terms Offered: Irregular Production, distribution, and valuation of environmental goods with attention to amenity concepts, externalities, public goods, consumer behavior; as characterized in economics, political science, sociology, psychology. Instruction Mode: Lecture Grading Option: Letter

PLUS 601 Advanced Planning Theory I
Units: 4 Terms Offered: Fa Value hierarchies, means-ends continuums, and the nature of social action; problems of prediction and choice under conditions of uncertainty; alternative planning strategies. Instruction Mode: Lecture Grading Option: Letter

PLUS 603 Planning and Development
Paradigms
Units: 4 Terms Offered: Sp Introduction to historic, prevalent, and alternative paradigms of professional planning and development practice; seminar format and case studies.
Instruction Mode: Lecture Grading Option: Letter
PLUS 612 Analysis of Quantitative Data for Planning and Development
Units: 4 Terms Offered: Fa Planning and development case study approach to identifying data needs, acquisition, evaluation, manipulation, analysis, and multimedia presentation. Prerequisite: PPD 525. Instruction Mode: Lecture Grading Option: Letter
PLUS 640 International Urban Development
Units: 4 Terms Offered: Irregular Study of urbanization in developing countries; special attention to urban growth, migration, city size, land use, and urban management. Comparative case studies. Instruction Mode: Lecture Grading Option: Letter
PLUS 650 Public Policy and Globalization
Units: 4 Terms Offered: Fa Challenges of public policymaking and administration; conceptual foundations of public policy as well as the practical and political constraints on government action; theories, models, and analytical frameworks both domestic and abroad.
PLUS 651 Applied Research Design and Inquiry
Units: 4 Provide foundation in applied research skills required for advanced practice in policy, management, planning and development; design and use of applied research; development of research designs; constraints on application of research; translation of findings. Prerequisite: PPD 502
PLUS 652 Place, Institutions, and Governance
Units: 4 Concept of place; investigation of the problems and issues confronting metropolitan communities; how the actions of public, private and nonprofit sectors can affect various areas including economies, health, civic life, and the environment; contemporary issues in policy, planning and development; theoretical frameworks for solutions.
PLUS 653 Seminar in Physical Planning and Design in Developing Countries
Units: 4 Terms Offered: Irregular Issues in comparative urbanism; planning and design in developing countries: slums and squatters, housing and infrastructure, new towns, land policy, conservation and redevelopment, city design. Instruction Mode: Lecture Grading Option: Letter
PLUS 654 National Urban Policy in Developing Countries
Units: 4 Terms Offered: Irregular The problems of the primate city, the role of intermediate cities, and the implicit spatial impacts of macro and sectoral policies.
Instruction Mode: Lecture Grading Option: Letter
PLUS 655 Seminar in Comparative Housing Policy and Urban Planning Programs
Units: 4 Terms Offered: Irregular Comparative examination of urbanization experience in selected areas and cities throughout the world; housing policies, urban planning approaches, financial, administrative, legal, and other techniques.
Instruction Mode: Lecture Grading Option: Letter
PLUS 656 Urban Finance
Units: 4 Terms Offered: Irregular The theory of fiscal federalism and municipal finance, with examples from the USA and other countries, public/private partnerships in urban development, and government decentralization. Instruction Mode: Lecture Grading Option: Letter
PLUS 660 Economics of a Productive Development - A Public/Private Perspective
Units: 3 Terms Offered: Fa Introduction to the economic and financial aspects of real estate development; tools and methods of financial analysis; public and private perspectives. Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 661 Politics and Process of Urban Development
Units: 2 Terms Offered: Fa Introduction of concepts of formal and informal political institutions with a focus on planning and urban issues at the local, state and national levels; theories and methods to understand contemporary planning conflicts. Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 662 Planning and Development Case Study
Units: 1 Terms Offered: Fa Case study project; students analyze a project and develop recommendations for financing and regulatory issues. Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 663 Designing Livable Environments I
Units: 1 Terms Offered: Fa Studio setting; students will go through a design charrette, site visit, and develop an understanding of design principles. Registration Restriction: Open only to online Master or urban planning (executive) degree students Instruction Mode: Lecture Grading Option: Letter
PLUS 664 Urban Political Economy and Urban Development
Units: 2 Planning and development within a complex political landscape; budgetary and fiscal politics, metropolitan fragmentation and sub urbanization, immigration, and race, gender, and ethnicity in urban politics; implications for planning and development. Prerequisite: PLUS 661 Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 665 Economics for a Productive City
Units: 3 Terms Offered: Sp Basic concepts of urban and land economics with an emphasis on how planning and development are shaped by the metropolitan economic context; how key theoretical elements inform planning and development questions. Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 666 Effective Engagement with Stakeholders
Units: 3 Approaches and challenges to community engagement; different conceptualizations of citizen; micro-scale forum and macro-scale methods; use of media for participation in communities. Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 667 Big Data for Planning and Development
Units: 2 Introduction to data and visualization trends in relation to urban planning and development; train leaders to manage teams and leverage data and information technology resources. Registration Restriction: Open only to online Master of Urban Planning (executive) students Instruction Mode: Lecture Grading Option: Letter
PLUS 668 Designing Livable Environments II
Units: 1 Studio setting; students will
go through a design charrette, site visit, and develop an understanding of design principles. Prerequisite: PLUS 663

Registration Restriction: Open only to online Master of Urban Planning (executive) students. Instruction Mode: Lecture Grading Option: Letter

PLUS 670 Communicating Data for Planning and Development
Units: 1 Methods and techniques for data visualization; application to planning and development contexts; critical assessment of data presentation approaches and methods. Registration Restriction: Open only to online Master of Urban Planning (executive) students. Instruction Mode: Lecture Grading Option: Letter

PLUS 671 Leading a Collaborative City
Units: 4 Leadership skills for planning and development; cross-sectoral collaboration, negotiation, and theories of organizational leadership; metrics for performance assessment, project management, and team building in organizations. Registration Restriction: Open only to online Master of Urban Planning (executive) students. Instruction Mode: Lecture Grading Option: Letter

PLUS 672 Integrating Concepts for Action
Units: 1 Research a planning and development topic; capstone project. Registration Restriction: Open only to online Master of Urban Planning (executive) students. Instruction Mode: Lecture Grading Option: Letter

PLUS 680 Advanced Urban and Regional Transportation Planning
Units: 4, 2 years Terms Offered: Fa Social and environmental impacts; incenitive structures; alternate travel; investment guidelines; technological change. Instruction Mode: Lecture Grading Option: Letter

PLUS 682 Conceptus Preparation
Units: 4 Terms Offered: FaSpSm Preparation of a case study of a specific planning and/or development project that defines the student's field of study. Instruction Mode: Lecture Grading Option: Letter

PLUS 694a Planning, Design and Development Professional Dissertation
Units: 2 Credit on acceptance of planning, design and development professional dissertation. Instruction Mode: Lecture Grading Option: In-progress and Credit/No Credit

PLUS 694b Planning, Design and Development Professional Dissertation
Units: 2 Credit on acceptance of planning, design and development professional dissertation. Instruction Mode: Lecture Grading Option: In-progress and Credit/No Credit

PLUS 694c Planning, Design and Development Professional Dissertation
Units: 2 Credit on acceptance of planning, design and development professional dissertation. Instruction Mode: Lecture Grading Option: In-progress and Credit/No Credit

PLUS 694z Planning, Design and Development Professional Dissertation
Units: 0 Credit on acceptance of planning, design and development professional dissertation. Instruction Mode: Lecture Grading Option: In-progress and Credit/No Credit

Preventive Medicine
PM 500 Foundations of Health Behavior
Units: 4 Terms Offered: Fa Overview of behavioral theory and research in disease prevention and health promotion and in adaptation of chronic disease, including an introduction to measures of outcomes. Prerequisite: admission to PhD in Preventive Medicine. Instruction Mode: Lecture Grading Option: Letter

PM 501 Foundations in Health Education and Promotion
Units: 4 Terms Offered: FaSpSm Overview and application of behavioral theories to the field of health education and promotion. Examines the determinants of health behavior and strategies for change at the individual, group and community level. Instruction Mode: Lecture Grading Option: Letter

PM 504 Quality in Health Care
Units: 4 Terms Offered: FaSpSm Examines quality assessment at different levels of the health care system including health plans, physicians, hospital and integrated system performance. Prerequisite: PM 508. Instruction Mode: Lecture Grading Option: Letter

PM 505 Training and Curriculum Design in Public Health
Units: 4 Terms Offered: Sm Curriculum writing and training skills applied to public health needs and settings. Covers adult learning theories, assessment of learning needs, curriculum design, training design, conduct and evaluation. Recommended Preparation: PM 500. Instruction Mode: Lecture Grading Option: Letter

PM 508 Health Service Delivery in the U.S.
Units: 4 Terms Offered: FaSpSm Historical development of the American health care system; determinants of health care utilization; role of health care providers; health policy; public health services; and health care finance. Instruction Mode: Lecture Grading Option: Letter

PM 509 Comparative Health Care Systems
Units: 4 Terms Offered: Sp Macro-level analysis of the structure and delivery of health care services around the world, including an examination and comparison of health system performance. Instruction Mode: Lecture Grading Option: Letter

PM 510L Principles of Biostatistics
Units: 4 Terms Offered: FaSp Concepts of biostatistics; appropriate uses and common misuses of health statistics; practice in the application of statistical procedures; introduction to statistical software including EXCEL, SPSS, nQuery. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PM 511a Data Analysis
Units: 4 Terms Offered: FaSpSm Major parametric and nonparametric statistical tools used in biomedical research, computer packages including SAS. Includes laboratory. Prerequisite: PM 510. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as MATH-511A

PM 511b Data Analysis
Units: 4 Terms Offered: Sp Exploratory data analysis, detection of outliers, robust methods, fitting data with linear and nonlinear regression models, computer packages including BMDP. Includes laboratory. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as MATH-511B

PM 511c Data Analysis
Units: 4 Terms Offered: FaSpSm Methods and applications for modeling longitudinal, time-to event and multi-level data. Includes laboratory using R package. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PM 512 Principles of Epidemiology
Units: 4 Terms Offered: FaSpSm Terminology/uses of epidemiology and demography; sources/uses of population data; types of epidemiologic studies; risk assessment; common sources of bias in population studies; principles of screening. Recommended Preparation: algebra. Instruction Mode: Lecture Grading Option: Letter

PM 513 Experimental Designs
Units: 3 Terms Offered: Sp Statistical methods for analysis of various experimental designs. Parametric analysis of variance (ANOVA), repeated measures methods, crossover designs, non-parametric ANOVA. Prerequisite: PM 510L. Instruction Mode: Lecture Grading Option: Letter

PM 514 Sexually Transmitted Infections: a Systems Approach
Units: 4 Terms Offered: Sm Exploration of the interplay between systems, policy, advocacy, programs, and research with sexually transmitted infections. Issues such as health literacy, access to care, and evidence-based interventions designed to avert disparities in health, especially sexual health, will be evaluated. Recommended Preparation: PM 501 and PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 515 Multivariate Statistics in Health Behavior Research
Units: 4 Terms Offered: Sp Advanced training in multivariate statistical techniques involving general linear modeling, mixed modeling and basic latent variables analysis in health behavior research. Prerequisite: PM 511aL and PM 511bL. Instruction Mode: Lecture Grading Option: Letter

PM 516a Statistical Problem Solving
PM 510L Advanced Statistical Computing
Units: 3 Terms Offered: FaSpSm An overview of the tools used by statisticians for solving statistical problems. Instructor: PM 510L. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit
PM 516b Statistical Problem Solving
Units: 1 Terms Offered: FaSpSm An overview of the tools used by statisticians for solving statistical problems. Instructor: PM 516b. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit
PM 517a Research Methods in Epidemiology
Units: 3 Terms Offered: FaSp Study design, ascertainment of study objects, questionnaire development, various methodological issues in data analysis and interpretation including bias, measurement error, confounding and effect modification. Instructor: PM 517a and PM 518a. Instruction Mode: Lecture, Lab Grading Option: Letter
PM 517b Research Methods in Epidemiology
Units: 3 Terms Offered: FaSp Overview of epidemiologic research in cancer. Selected cancer sites will be covered to highlight study design and conduct, exposure assessment, data analysis and interpretation. Instructor: PM 517b. Instruction Mode: Lecture Grading Option: Letter
PM 518a Statistical Methods for Epidemiological Studies I, II
Units: 3 Terms Offered: Sp Principles and methods used in epidemiology for comparing disease frequencies between groups. Restricted to the analysis of binary outcome variables. Instructor: PM 518a. Instruction Mode: Lecture, Discussion Grading Option: Letter
PM 519 Introduction to Human Nutrition
Units: 4 Terms Offered: Sp Dietary role of carbohydrates, proteins, lipids, vitamins, and minerals in metabolism; nutritional assessment; nutritional deficiencies. Focus on the role of nutrition in the prevention and treatment of chronic disease. Instructor: PM 519. Instruction Mode: Lecture, Discussion Grading Option: Letter
PM 520L Advanced Statistical Computing
Units: 3 Terms Offered: SpStat Techniques for the solution of statistical problems through intensive computing; iterative techniques, randomization tests, the bootstrap, Monte Carlo methods. Instructor: Lecture, Lab Required Grading Option: Letter
PM 521a Seminar in Nutrition
Units: 2 Terms Offered: FaSp Duplicates Credit in former PHNU 520ab. Instructor: Lecture Grading Option: Letter
PM 521b Seminar in Nutrition
Units: 2 Terms Offered: FaSp Duplicates Credit in former PHNU 520ab. Instructor: Lecture Grading Option: Letter
PM 522a Introduction to the Theory of Statistics
Units: 3 Terms Offered: FaSp Density distribution and hazard functions; normal, chi-square, student’s t and F distributions; and sampling procedures for single factor and multiple factor designs, distributions. Instructor: Lecture Grading Option: Letter
PM 522b Introduction to the Theory of Statistics
Units: 3 Terms Offered: FaSp Theory of estimation and testing, inference, analysis of variance, theory of regression. Instructor: Lecture Grading Option: Letter
PM 523 Design of Clinical Studies
Units: 3 Terms Offered: FaSp Techniques for designing clinical trials; emphasis on principles affecting structure, size, duration of a trial, and the impact of ethical and practical considerations. Instructor: PM 523. Instruction Mode: Lecture Grading Option: Letter
PM 524a Practicum in Health Behavior
Units: 2 Terms Offered: FaSpSm Practical experience in a variety of field settings to gain a certain type of skill such as curriculum development, media production, and patient education. Instructor: Lecture, Practicum Grading Option: Letter
PM 524b Practicum in Health Behavior
Units: 2 Terms Offered: FaSpSm Practical experience in a variety of field settings to gain a certain type of skill such as curriculum development, media production, and patient education. Instructor: Lecture, Practicum Grading Option: Letter
PM 525 Culture and Health: Global Perspectives
Units: 4 Terms Offered: FaSpSm International variations in health status with a focus on the impact of socioeconomic status, politics, environment, education and gender in etiology of illness, access to health care, progression of disease, and recovery. Instructor: Lecture, Practicum Grading Option: Letter
PM 526 Communications in Public Health
Units: 4 Terms Offered: Sp Application of communication theories and methods to community health problems. Includes background assessment, program design, evaluation, social marketing, media advocacy, review of major health campaigns. Instructor: PM 526. Instruction Mode: Lecture, Practicum Grading Option: Letter
PM 527 Epidemiology of Infectious Disease
Units: 4 Terms Offered: FaSpSm Survey of natural history of infectious disease, methods of disease control and outbreak investigation, and an overview of the epidemiology of injury. Instructor: PM 527. Instruction Mode: Lecture Grading Option: Letter
PM 528 Program Design and Evaluation
Units: 4 Terms Offered: Sp Core concepts, methods and values of public health program planning and evaluation, including community needs assessment, writing objectives, designing health promotion programs, process and outcome evaluation. Instructor: Lecture, Practicum Grading Option: Letter
PM 529 Environmental Health: An Epidemiological Approach
Units: 4 Terms Offered: FaSpSm An overview of environmental health, identifying issues in assessing effects of exposure on health and potential interventions for reducing adverse health risks. Instructor: PM 529. Instruction Mode: Lecture Grading Option: Letter
PM 530 Biological Basis of Disease
Units: 4, 2 years Terms Offered: Sp With a physiological overview, differentiates genetic and environmental disease; emphasis on the relationships between lifestyle, behavior, and health. Instructor: PM 530. Instruction Mode: Lecture, Practicum Grading Option: Letter
PM 531 Research Methods in Nutrition
Units: 4 Terms Offered: FaSpSm In-depth discussion of nutrition research including nutrition assessment, measurement of dietary intake, study design, statistical issues, critical appraisal, and translation into practice. Instructor: PM 531. Instruction Mode: Lecture Grading Option: Letter
PM 532 Genetics in Public Health and Preventive Medicine
Units: 4 Terms Offered: Sm History and philosophy of public health genetics and mechanisms of genetic diseases. Epidemiologic methods used to identify genetic diseases in individuals, families, and populations. Emphasis on prevention and relevant ethical issues. Instructor: PM 532. Instruction Mode: Lecture Grading Option: Letter
PM 533 Genetic and Molecular Epidemiology
Units: 3 Terms Offered: FaSpSm Genetic principles; design and analysis of family studies; introduction to likelihood estimation; segregation and linkage analysis; biomarkers of exposure, susceptibility, and disease; laboratory methods; susceptibility genes; association and linkage disequilibrium. Instructor: PM 533. Instruction Mode: Lecture, Practicum Grading Option: Letter
518a, PM 543 Instruction Mode: Lecture Grading Option: Letter
PM 534 Statistical Genetics
Units: 4 Terms Offered: Sp Familial aggregation, segregation analysis, linkage analysis, association, regressive models, gene-environment interactions, genetic heterogeneity and linkage disequilibrium. Prerequisite: PM 518a, PM 522a. Instruction Mode: Lecture Grading Option: Letter
PM 535 Nutrition in Public Health
Units: 4 Terms Offered: Fa Principles related to developing effective programs and services to improve the health and nutrition within a community. Attaining and maintaining nutritional health related to biology, lifestyle choices, environments, and health care delivery systems. Recommended Preparation: PM 530. Duplicates Credit in former PHNU 523. Instruction Mode: Lecture Grading Option: Letter
PM 536 Program Evaluation and Research
Units: 4 Terms Offered: Fa Overview of concepts, tools, data collection, analysis methods and designs used to evaluate health promotion programs. Examples from substance abuse prevention, family planning and reproductive health programs. Instruction Mode: Lecture Grading Option: Letter
PM 537 Chronic Disease Epidemiology
Units: 4 Terms Offered: FaSpSm Overview of causative factors and demographic distribution of major chronic diseases in the western world. Epidemiologic concepts, methods and research design as applied to chronic disease prevention will be emphasized. Prerequisite: PM 512. Instruction Mode: Lecture Grading Option: Letter
PM 538 Introduction to Biomedical Informatics
Units: 3 Terms Offered: Sm Overview of current topics, enabling technologies, research initiatives, and practical considerations in biomedical informatics. Instruction Mode: Lecture Grading Option: Letter
PM 539 Nutrient-Drug Interactions
Units: 2 Terms Offered: Sm Examines the various ways foods, and the nutrients contained in them, interact with medications used to treat chronic health conditions. Instruction Mode: Lecture Grading Option: Letter
Units: 4 Physical basis for good nutrition during pregnancy and childhood through adolescence. Design, implementation and evaluation of public health nutrition programs and policies serving women and children. Recommended Preparation: PM 530. Instruction Mode: Lecture Grading Option: Letter
PM 541 Obesity, Metabolism and Health
Units: 4 Terms Offered: Fa Overview of the epidemiology of obesity, related health conditions and mechanisms related to energy balance, food intake and genetics. Discussion of prevention and treatment strategies. Recommended Preparation: PM 530. Instruction Mode: Lecture Grading Option: Letter
PM 542 Social Network Analysis
Units: 4 Terms Offered: Sp Theory, methods and procedures of network analysis with emphasis on applications to public health programs. Instruction Mode: Lecture Grading Option: Letter
PM 543L Nonparametric Statistics
Units: 3 (Enroll in MATH 543) Includes laboratory.
PM 544L Multivariate Analysis
Units: 3, 2 years Terms Offered: SpSm Exploratory and inferential techniques for multivariate data, Hotelling's T2, multivariate analysis of variance, classification analysis, principle components, cluster analysis, factor analysis. Involves computer use. Prerequisite: PM 510, PM 522a. Instruction Mode: Lecture, Lab Required. Grading Option: Letter Crosslisted as MATH-544
PM 545L Introduction to Time Series
Units: 3 (Enroll in MATH 545) Includes laboratory.
PM 546 Biological Threats and Terrorism
Units: 4 Terms Offered: Fa History of biowarfare and bioterrorism; proper surveillance techniques, capacity building for public and medical communities, and the importance of effective communications. Methods of preparedness, prevention and response are examined. Recommended Preparation: PM 512. Instruction Mode: Lecture Grading Option: Letter
PM 547 Public Health Policy and Politics
Units: 4 Terms Offered: FaSpSm Examination of major policy issues in the U.S. health care delivery system to understand policy options in reforming health care and reducing health care disparities. Prerequisite: PM 509. Instruction Mode: Lecture, Discussion Grading Option: Letter
PM 548 Prevention and Public Policy
Units: 2 Terms Offered: FaSp Introduction to prevention policy framework; examination of how the application of epidemiology and behavioral aspects of diseases shapes the development of public health policy. Prerequisite: PM 508, PM 512. Instruction Mode: Lecture, Discussion Grading Option: Letter
PM 549 Human Molecular Genetics
Units: 4 Terms Offered: FaSpSm (Enroll in BIOC 543)
PM 550 Sample Surveys
Units: 3 (Enroll in MATH 550)
PM 551 Statistical Methods in Genome-Wide Association Studies
Units: 3 Terms Offered: FaSpSm Provides epidemiologists with an overview of current statistical problems and approaches in the design and analysis of genome-wide association studies. Prerequisite: PM 511a, PM 512. Corequisite: PM 522a. Instruction Mode: Lecture Grading Option: Letter
PM 552 Statistical Methods in Clinical Trials
Units: 3, 2 years Terms Offered: Sp Stochastic failure process; parametric models for survival data; sample size estimation procedures for clinical trials; multivariate regression models for binary outcome and censored survival data; computer programs; multiple failure modes and competing risks. Prerequisite: PM 518a, MATH 408. Instruction Mode: Lecture Grading Option: Letter
PM 553 Human Exposure Assessment for Public Health
Units: 4 Terms Offered: FaSpSm Examination of important routes of exposure to toxic materials; how to measure exposure; strengths and weaknesses of different measurement techniques; design of exposure assessment studies. Recommended Preparation: PM 510 or one semester of statistics and background in science or engineering for graduate students not in MPH. Instruction Mode: Lecture Grading Option: Letter
PM 554 Biological Effects of Environmental Toxins
Units: 4 Terms Offered: FaSp Examines the effects of environmental exposures affect various biological systems and lead to observed health outcomes in populations. Recommended Preparation: PM 529. Instruction Mode: Lecture Grading Option: Letter
PM 555 Environmental Health, Policy and Practice
Units: 4 Terms Offered: FaSp Examines environmental health policies/ regulations, the role of science in assessment and policy initiatives, barriers to change, and competing interests that influence policy adoption. Recommended Preparation: PM 529. Instruction Mode: Lecture Grading Option: Letter
PM 556 Environment and the Brain
Units: 4 Terms Offered: FaSp Examines the effects of environmental exposures on the brain, addressing both human health and neurobiologic correlates throughout the lifespan. Instruction Mode: Lecture Grading Option: Letter
PM 557 Global Environmental Health
Units: 4 Terms Offered: Sp Examines the health effects of global environmental changes, including climate change, globalization, food safety, air pollution, water pollution, and radiation. Instruction Mode: Lecture Grading Option: Letter
PM 558 Environmental Epidemiology: Concepts, Methods, and Practice
Units: 4 Terms Offered: FaSp Examines epidemiologic methods, concepts, and statistical approaches; case-study seminars with structured critiques of current literature on human-environment interactions affecting public health. Recommended Preparation: PM 510 and PM 512. Instruction Mode: Lecture Grading Option: Letter
PM 559 Cancer Epidemiology
Units: 4 Terms Offered: FaSp Spans the fundamental concepts of cancer epidemiology, including the molecular basis, descriptive epidemiology, and historical and groundbreaking studies that have impacted
the field. Recommended Preparation: PM 512 or equivalent Instruction Mode: Lecture, Discussion Grading Option: Letter

PM 560 Statistical Programming With R Units: 2 Terms Offered: Sm The contents include: R objects, control structure, data input and output, subsetting objects, data manipulation and aggregations, character manipulation, graphics, and writing user-defined functions. Recommended Preparation: Knowledge of one programming language other than R or a half-year experience programming in R. Instruction Mode: Lecture Grading Option: Letter

PM 561 Promoting Dietary Change Units: 3 Terms Offered: Sp Development, implementation, and evaluation of dietary interventions at community and individual levels. Discussion of lifespan, culture, socioeconomic, and environmental factors. Prerequisite: PM 501. Instruction Mode: Lecture Grading Option: Letter

PM 562 Intervention Approaches for Health Promotion and Disease Prevention Units: 4 Terms Offered: Sp Approaches for modifying health behavior in various settings and within diverse populations. Emphasis on practical considerations necessary to design and implement interventions with demonstrated effectiveness. Instruction Mode: Lecture Grading Option: Letter

PM 563 Organizing and Mobilizing Communities for Public Health Units: 4 Terms Offered: Fa Survey of effective community organizing and mobilization efforts in the U.S. and abroad, using participatory, organizational, community empowerment and public-private partnership models. Instruction Mode: Lecture Grading Option: Letter

PM 564 Public Health Leadership and Management Units: 3 Terms Offered: FaSpSm Introduction to business and management concepts, tools, and practices in the context of domestic and global healthcare delivery, public health, and allied health industries. Instruction Mode: Lecture Grading Option: Letter

PM 565 Introduction to Global Health Units: 4 Terms Offered: Sp Current public health issues and research topics relating to 21st century challenges and threats. Lessons learned and best practices to strengthen public health systems and enhance public health readiness and preparedness. Instruction Mode: Lecture Grading Option: Letter

PM 566 Public Health in China: A System and Country in Transition Units: 4 Terms Offered: FaScientific, political, economic, social, and historical influences affecting Chinese public health policy and practice. Prerequisite: PM 501, PM 510; Recommended Preparation: PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 567 Disasters, Conflict and Global Health Units: 4 Terms Offered: FaSpSm Definition and chronology of natural and man-made disasters and their effects on the global community. Structure and organization of disaster management systems and the role of humanitarian organizations. Recommended Preparation: PM 501, PM 512. Instruction Mode: Lecture Grading Option: Letter

PM 568 Ethical Issues in Global Health Units: 4 Terms Offered: Fa Ethical principles in the distribution of health resources, conduct of global public health research, and implementation of public health initiatives across different nations, cultures, religions. Recommended Preparation: PM 501. Instruction Mode: Lecture Grading Option: Letter

PM 569 Spatial Statistics Units: 3 Terms Offered: FaSpSmAn introduction to statistical methods for analyzing and interpreting spatially referenced data topics include: geostatistics, areal data, point pattern data and visualization. Prerequisite: PM 511a; Recommended Preparation: familiarity with R. Instruction Mode: Lecture Grading Option: Letter

PM 570 Statistical Methods in Human Genetics Units: 4 Terms Offered: Sp An introductory course in the statistical methods used in the analysis of human genetic data. Prerequisite: PM 533. Instruction Mode: Lecture Grading Option: Letter

PM 571 Applied Logistic Regression Units: 3 Terms Offered: Sm An introduction to the logistic regression model, emphasizing practical data analysis techniques. Prerequisite: PM 510; PM 512; and PM 511a or PM 518a. Instruction Mode: Lecture Grading Option: Letter

PM 572 Systems Physiology and Disease I Units: 4 Terms Offered: Fa (Enroll in INTD 572)

PM 573 Systems Physiology and Disease II Units: 4 Terms Offered: Sp (Enroll in INTD 573)

PM 574 Programming In Modern Statistical Software Units: 2 Terms Offered: FaSpSm Programming using SAS Software, including branching, sub-setting, PDV, looping, by-group processing, array, combining data functions, ODS, and macros. Instruction Mode: Lecture Grading Option: Letter

PM 575 Statistical Methods in Environmental Epidemiology Units: 3 Terms Offered: FaSpSm Study designs, exposure time response, longitudinal, spatial, ecologic correlation and mechanistic models, measurement error interactions, measurement error, public policy implications. Prerequisite: PM 511b and PM 518a. Instruction Mode: Lecture Grading Option: Letter

PM 576 Global Health Research and Programs Units: 4 Terms Offered: FaSpSm Introduction to the core concepts and methods of planning and implementing health-related programs and research in resource-constrained settings. Instruction Mode: Lecture Grading Option: Letter

PM 577 Global Health, Law and Human Rights Units: 1, 2, 3, 4 Terms Offered: FaSp Highlights the complex interactions between global health, law and human rights, emphasizing the use of human rights in public health thinking and practice. Recommended Preparation: MPH core course work. Duplicates Credit in LAW 707. Instruction Mode: Lecture Grading Option: Letter

PM 578 Global Health Governance and Diplomacy Units: 4 Terms Offered: FaSp Investigates the ways that health is organized and administered at the global level, emphasizing the role of international diplomacy and law in governing health. Instruction Mode: Lecture Grading Option: Letter

PM 579 Statistical Analysis of High-Dimensional Data Units: 4 Terms Offered: FaSpSm Overview of statistical issues and solutions to high dimensional data analysis. Use of Bioconductor and R, with applications in molecular biology. Recommended Preparation: PM 511a. Instruction Mode: Lecture Grading Option: Letter

PM 580 Foundations of Child Health Units: 4 Terms Offered: Sp Overview of issues related to infant, child and adolescent health, including special health considerations at different points in the developmental cycle, health care systems and policies and health disparities. Instruction Mode: Lecture Grading Option: Letter

PM 581 Quality and Inequality in Health Care: Examination of Health Services Units: 4 Terms Offered: Fa Social inequalities, including racial/ethnic disparities and income related inequalities are examined in the context of access and delivery of health care in the U.S. Instruction Mode: Lecture Grading Option: Letter

PM 582 Epidemiology and Prevention of Pediatric Injuries Units: 4 Terms Offered: Fa Examines the incidence and causes of injuries to children from birth to adolescence, risk factor distributions and approaches to prevention. Instruction Mode: Lecture Grading Option: Letter

PM 583 Foundations of Early Childhood Mental Health Units: 4 Terms Offered: Fa Overview of major infant and early childhood mental health issues, relating to the status of child mental health and the importance of comprehensive systems of care for children that support resilience and respond to biological and psychosocial mental health risks. Instruction Mode: Lecture Grading Option: Letter

PM 584 Systems of Care for Children with Special Needs Units: 4 Terms Offered: Sm Examines and evaluates principles, policies, programs and practices (systems) that have evolved to identify, assess and meet the special needs of children and families. Includes
both historical and current perspectives. Instruction Mode: Lecture Grading Option: Letter

PM 585 Child Health Policy
Units: 4 Terms Offered: Sp History of child health and social welfare programs during the past century. Issues examining health status and health service delivery, the role of health care financing and health policy. Instruction Mode: Lecture Grading Option: Letter

PM 586 Reproductive and Perinatal Epidemiology
Units: 4 Terms Offered: Fa SpSm Introduction to reproductive health, from preconception to the neonatal and early period of human development. Heavy emphasis on the methods and public health implications. Prerequisite: PM 510L and PM 512 Instruction Mode: Lecture Grading Option: Letter

PM 587 Qualitative Research Methods in Public Health
Units: 4 Introduction to common uses of qualitative research methods in public health research and application. Methods include ethnography, participant observation, open-ended interviewing, and focus groups. Instruction Mode: Lecture Grading Option: Letter

PM 588 The Practice of Epidemiology
Units: 4 Terms Offered: Fa SpSm Provides students with hands on experience of the common methods used in conducting epidemiological studies, and designing and obtaining funding for research projects. Prerequisite: PM 512; Recommended Preparation: PM 527. Instruction Mode: Lecture, Lab Grading Option: Letter

PM 589 Global Health Governance and Diplomacy in Practice in Geneva (World Health Assembly)
Units: 4 Terms Offered: Sm Investigates the way health is organized and administered at the global level by integrating students directly into the World Health Assembly (WHA), the decision-making body of the World Health Organization. Recommended Preparation: PM 578 Instruction Mode: Lecture Grading Option: Letter

PM 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: Fa SpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 591 Machine Learning for the Health Sciences
Units: 4 Terms Offered: FaSpSm Introduces Masters and Ph.D. students in the Health Sciences to Machine Learning methods and their Biomedical applications. Prerequisite: PM 511a Instruction Mode: Lecture, Lab Grading Option: Letter

PM 592 Public Health Practicum
Units: 4 or 8 Terms Offered: FaSpSm Field placement in a community agency, such as a county health department or community-based organization. Recommended Preparation: completion of all course work. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 594a Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PM 594b Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PM 596 Practicum in Public Health
Units: 2 Terms Offered: FaSpSm Field placement in a public health agency, such as a county hospital department or community-based organization. Recommended Preparation: completion of all MPH course work. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 597 Capstone in Public Health
Units: 2 Terms Offered: FaSpSm Provides the culminating, integrative curricular experience for students enrolled in the Master of Public Health program. Recommended Preparation: completion of all MPH course work. Instruction Mode: Lecture Grading Option: Letter

PM 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular Special topics relevant to the study of selected issues and areas of health behavior research or other aspects of preventive medicine. Instruction Mode: Lecture Grading Option: Letter

PM 601 Basic Theory and Strategies in Prevention
Units: 4, 2 years Terms Offered: Fa Psychosocial basis of healthhazardous lifestyle behaviors and preventive strategies. Recommended Preparation: PM 500, PM 515. Instruction Mode: Lecture Grading Option: Letter

PM 602 Basic Theory and Strategies for Compliance/Adaptation
Units: 4, 2 years Terms Offered: Fa Behavioral and psychosocial demands of acute and chronic diseases. Comparison of theoretical models of compliance and adaptation with intervention methods to improve compliance and adaptation. Recommended Preparation: PM 500, PM 515. Instruction Mode: Lecture Grading Option: Letter

PM 603 Structural Equation Modeling
Units: 4, 2 years Terms Offered: Fa Factor analytic and structural equation modeling approaches to health behavior research – conceptual, practical and mathematical. Prerequisite: PM 511b. Instruction Mode: Lecture Grading Option: Letter

PM 604 Health Behavior Research Methods
Units: 4 Terms Offered: Sp Health research/evaluation philosophies, approaches, and development of skills for development and critique of health behavior research projects/studies. Recommended Preparation: PM 511a, PM 511b, PM 511c. Instruction Mode: Lecture Grading Option: Letter

PM 605 Systematic Review and Meta-Analysis
Units: 4 Terms Offered: FaSpSm Theoretical basis and practical approaches for identifying, summarizing and interpreting current bodies of scholarly information addressing a defined research question. Prerequisite: PM 510 and PM 512 Instruction Mode: Lecture Grading Option: Letter

PM 610 Seminar in Biostatistics and Epidemiology
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Special topics of current interest to provide background for research in biostatistics and epidemiology. Based largely on student dissertation research. Prerequisite: PhD level. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 611 Advanced Topics in Epidemiology
Units: 3 Terms Offered: Irregular Review of current epidemiologic research contained in recent medical literature; emphasis on critique of studies and interpretation of findings. Instruction Mode: Discussion Grading Option: Letter

PM 612a Clinical Translational Research (CTR)
Units: 4 Terms Offered: FaSpSm First of three courses in CTR, a discipline that fosters multidirectional integration of basic, patient-oriented and population-based research with the long-term goal of improving public health. Recommended Preparation: PM 510. Instruction Mode: Lecture Grading Option: Letter

PM 612b Clinical Translational Research (CTR)
Units: 4 Terms Offered: FaSpSm Analysis and interpretation of data to test clinical translational hypotheses. Recommended Preparation: PM 510. Instruction Mode: Lecture Grading Option: Letter

PM 612c Clinical Translational Research (CTR)
Units: 4 Terms Offered: FaSpSm Multidisciplinary approach to clinical and translational research. Recommended Preparation: PM 510. Instruction Mode: Lecture Grading Option: Letter

PM 615 Intervention Research Grant Proposal Development
Units: 4 Terms Offered: FaSpSm Process of applying for research grants in health behavior research, including dissertation grants. Covers the structure of NIH and other grantmaking agencies, the grant review process, tailoring ideas to the grantmaker's priorities, research design, development of training and mentoring plans, and budgeting. Prerequisite: PM 500 Instruction Mode: Lecture Grading Option: Letter

PM 690a Directed Research in Health Behavior
Units: 2 Terms Offered: FaSpSm
Independent research at an advanced level on a problem in the field of Health Behavior. Recommended Preparation: PM 794. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 690 Directed Research in Health Behavior
Units: 2 Terms Offered: FaSpSm Independent research at an advanced level on a problem in the field of Health Behavior. Recommended Preparation: PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 690z Directed Research in Health Behavior
Units: 0 Terms Offered: FaSpSm Independent research at an advanced level on a problem in the field of Health Behavior. Recommended Preparation: PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 690y Directed Research in Health Behavior
Units: 0 Terms Offered: FaSpSm Independent research at an advanced level on a problem in the field of Health Behavior. Recommended Preparation: PM 604. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 756 Research Seminar in Health Behavior
Units: 1 Max Units: 6.0 Terms Offered: FaSpSm Short seminar presentations and discussions on issues accompanying the development of the field of health behavior and implementation of research in this field. Instruction Mode: Lecture Grading Option: Credit/No Credit

PM 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PM 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PM 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PM 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PM 794z Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Pharmaceutical Economics and Policy

PMEP 509 Research Design
Units: 4 Terms Offered: Fa Sp Sm Introduction to the concept of research design and examples of the variant research methods utilized in the field. Both the conceptual and practical issues of research including development of the research question, selection of appropriate methods, data sources and analytic approaches to address the research question will be addressed. Instruction Mode: Lecture Grading Option: Letter

PMEP 525 Pharmacoeconomics I
Units: 4 Terms Offered: Sp Introduction to pharmacoeconomics with special emphasis on the role of pharmaceuticals and the pharmaceutical industry, insurance, managed care, regulation and pricing. Recommended Preparation: Excel for Windows or Mac Registration Restriction: Except through discussion with the instructor Duplicates Credit in former PMEP 538 Instruction Mode: Lecture Grading Option: Letter

PMEP 526 Pharmacoeconomics II
Units: 2 Terms Offered: Sm Continued development of the use of the economic evaluation model, and application of the methods and techniques of economic assessment of pharmaceuticals and other medical technology. Prerequisite: PMEP 525 Registration Restriction: Open only to graduate students in PharmaceuticaI Economics and Policy Instruction Mode: Lecture Grading Option: Letter

PMEP 527 Pharmacoeconomics III
Units: 4 Terms Offered: Fa Advanced methods in economic health intervention assessment and pharmacoeconomics with special emphasis on microeconomic modeling and methods for assessing patient and health state preferences. Prerequisite: PMEP 525 and PMEP 526 Recommended Preparation: Excel for Windows Registration Restriction: Open only to graduate students in Pharmacy and Pharmaceutical Economics and Policy Instruction Mode: Lecture Grading Option: Letter

PMEP 535 Behavioral Science and Policy in Healthcare
Units: 4 Terms Offered: Sp Use of acquired skills to develop and assess use of behavioral science to affect health policy. Recommended Preparation: PMEP 509 Registration Restriction: Open only to graduate students Duplicates Credit in former PMEP 519 and PMEP 529 Instruction Mode: Lecture Grading Option: Letter

PMEP 539 Economic Assessment of Medical Care
Units: 4 Terms Offered: Fa Principles of cost-benefit analysis and medical cost-effectiveness analysis with applications in medical care and the pharmaceutical field. Prerequisite: ECON 500 and ECON 581. Instruction Mode: Lecture Grading Option: Letter

PMEP 544 Health Economics II
Units: 4 Terms Offered: Sp Second of part series in techniques of microeconometric analysis to inform health policy. Topics include: patents and innovation, pharmaceutical regulation, hospital competition, physician practice. Recommended Preparation: ECON 601, ECON 611 and ECON 636. Instruction Mode: Lecture Grading Option: Letter

PMEP 547 Programming Methods for Empirical Analysis of Health Data
Units: 4 Terms Offered: Fa Introduction to methods for analysis of large health data sets, including data selection, SAS/Stata programming under Linux, and review of claims and survey data. Instruction Mode: Lecture Grading Option: Letter

PMEP 551 Introduction to Health Econometrics
Units: 4 Terms Offered: Sp Introduction to statistical analysis and regression modeling for health economics and policy research. Topics include: statistical inference, principles of probability and statistics, regression models, and causal inference. Registration Restriction: Open only to PMEP students or instructor permission Instruction Mode: Lecture, Discussion Grading Option: Letter

PMEP 552 Advanced Health Econometrics I
Units: 4 Terms Offered: Fa The expansion of students' knowledge of econometric methods emphasizing, but not limited to, applications to health economics. Serves as a prelude to the advanced study of microeconomics. Prerequisite: PMEP 551 or PPD 558 Registration Restriction: Open only to graduate students in Pharmaceutical Economics and Policy. Economics Instruction Mode: Lecture Grading Option: Letter

PMEP 553 Advanced Health Econometrics II
Units: 4 Terms Offered: Sp Covers the transition to independent producers of high-quality empirical research on health and health care. Peer-reviewed research will serve as case studies for class discussion and may address empirical methods. Prerequisite: PMEP 552 Registration Restriction: Open only to graduate students in Pharmaceutical Economics and Policy. Economics Instruction Mode: Lecture Grading Option: Letter

PMEP 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research applicable to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

ECON 611 and ECON 636. Instruction Mode: Lecture Grading Option: Letter

PMEP 598 Seminar in Pharmaceutical Economics and Policy
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Empirical Analysis of Health Data
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Economic Assessment of Medical Care
Units: 4 Terms Offered: Fa Principles of cost-benefit analysis and medical cost-effectiveness analysis with applications in medical care and the pharmaceutical field. Prerequisite: ECON 500 and ECON 581. Instruction Mode: Lecture Grading Option: Letter

PMEP 544 Health Economics II
Units: 4 Terms Offered: Sp Second of part series in techniques of microeconometric analysis to inform health policy. Topics include: patents and innovation, pharmaceutical regulation, hospital competition, physician practice. Recommended Preparation: ECON 601, ECON 611 and ECON 636. Instruction Mode: Lecture Grading Option: Letter

PMEP 547 Programming Methods for Empirical Analysis of Health Data
Units: 4 Terms Offered: Fa Introduction to methods for analysis of large health data sets, including data selection, SAS/Stata programming under Linux, and review of claims and survey data. Instruction Mode: Lecture Grading Option: Letter

PMEP 551 Introduction to Health Econometrics
Units: 4 Terms Offered: Sp Introduction to statistical analysis and regression modeling for health economics and policy research. Topics include: statistical inference, principles of probability and statistics, regression models, and causal inference. Registration Restriction: Open only to PMEP students or instructor permission Instruction Mode: Lecture, Discussion Grading Option: Letter

PMEP 552 Advanced Health Econometrics I
Units: 4 Terms Offered: Fa The expansion of students' knowledge of econometric methods emphasizing, but not limited to, applications to health economics. Serves as a prelude to the advanced study of microeconomics. Prerequisite: PMEP 551 or PPD 558 Registration Restriction: Open only to graduate students in Pharmaceutical Economics and Policy. Economics Instruction Mode: Lecture Grading Option: Letter

PMEP 553 Advanced Health Econometrics II
Units: 4 Terms Offered: Sp Covers the transition to independent producers of high-quality empirical research on health and health care. Peer-reviewed research will serve as case studies for class discussion and may address empirical methods. Prerequisite: PMEP 552 Registration Restriction: Open only to graduate students in Pharmaceutical Economics and Policy. Economics Instruction Mode: Lecture Grading Option: Letter

PMEP 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research applicable to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

ECON 611 and ECON 636. Instruction Mode: Lecture Grading Option: Letter

PMEP 598 Seminar in Pharmaceutical Economics and Policy
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Economic Assessment of Medical Care
Units: 4 Terms Offered: Fa Principles of cost-benefit analysis and medical cost-effectiveness analysis with applications in medical care and the pharmaceutical field. Prerequisite: ECON 500 and ECON 581. Instruction Mode: Lecture Grading Option: Letter

PMEP 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research applicable to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PMEP 698 Seminar in Pharmaceutical Economics and Policy
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Economic Assessment of Medical Care
Units: 4 Terms Offered: Fa Principles of cost-benefit analysis and medical cost-effectiveness analysis with applications in medical care and the pharmaceutical field. Prerequisite: ECON 500 and ECON 581. Instruction Mode: Lecture Grading Option: Letter
FaSp Current research in pharmaceutical economics and policy presented by outside scholars, faculty and students. Instruction Mode: Lecture Grading Option: Credit/No Credit

POIR 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

POIR 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POIR 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POIR 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POIR 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POIR 794e Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Political Science and International Relations

POIR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Maximum units which may be applied to the degree to be determined by the department. Grading Option: Graded CR/NC.

POIR 593 Practicum in Teaching Politics and International Relations
Units: 2 Terms Offered: Fa Practical principles for the long-term development of effective teaching within political science and international relations disciplines. Intended for teaching assistants in Dornsife College. Registration Restriction: Open only to doctoral students. Grading Option: Graded CR/NC.

POIR 599 Special Topics
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: max 8 Subjects in one or more fields in political science.

POIR 600 Political Theory
Units: 4 Survey of literature; examination of approaches, concepts, and issues in the field of political theory. Registration Restriction: Open only to doctoral students. Duplicates Credit in former POSC 530.

POIR 610 Research Design
Units: 4 The course will cover the design of experimental and observational research. We will examine both quantitative and qualitative approaches to social science research. Registration Restriction: Open only to doctoral students.

POIR 611 Introduction to Regression Analysis
Units: 4 The course will introduce students to regression analysis and its application to social science research. Registration Restriction: Open only to doctoral students.

POIR 612 Qualitative Research Design
Units: 4 Terms Offered: Fa, Sp Design multiple research approaches using qualitative evidence to evaluate the observable implications of theory. Learn deductive, construct, internal, external, and conclusion validity. Recommended Preparation: POIR 610 and POIR 611 Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

POIR 613 Topics in Quantitative Analysis
Units: 4 Introduces statistical models beyond the standard linear regression model. Topics include maximum likelihood estimation, generalized linear models, and advanced methods. Registration Restriction: Open only to doctoral students.

POIR 614 Experimental Political Science
Units: 4 Terms Offered: FaSpSm Introduction to experimental techniques and applications of experiments in political science. Addresses both the advantages and disadvantages of experiments in political science research. Registration Restriction: Open only to doctoral students.

POIR 615 Formal Models of Politics
Units: 4 Terms Offered: FaSpIntroduces basics of game theory and surveys foundational models of American, comparative, and international politics. Recommended Preparation: POIR 610 and POIR 611 Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

POIR 620 American Politics and Policy Processes
Units: 4 Survey of literature; examination of approaches, concepts, and issues in the field of American politics and policy processes. Registration Restriction: Open only to doctoral students. Duplicates Credit in former POSC 510.

POIR 621 American Politics Field Seminar Part II
Units: 4 Terms Offered: FaSp A theoretical and empirical overview of the American politics field. Theoretical topics include behavioralism, rational choice, political psychology; empirical topics include causality. Registration Restriction: Open only to doctoral students.

POIR 640 Comparative Politics
Units: 4 Survey of literature; examination of approaches, concepts, and issues in the field of comparative politics. Registration Restriction: Open only to doctoral students. Duplicates Credit in former POSC 520.

POIR 642 Institutions in Comparative and International Politics
Units: 4 Terms Offered: Fa Explores major strands of institutional theory and assesses scholars' views on design of institutions, institutional change, and effects of institutions on behavior and outcomes. Registration Restriction: Open only to doctoral students in POIR.

POIR 650 Comparative Politics of East and Southeast Asia
Units: 4 Terms Offered: FaSp Comparison of significant political phenomena between the countries in the East and Southeast Asia region and the long-term consequences of such comparisons. Registration Restriction: Open only to doctoral students.

POIR 660 Introduction to International Relations Theory
Units: 4 The primary objective of this course is to introduce PhD students to theoretical and empirical issues related to the study of international relations. Registration Restriction: Open only to doctoral students.

POIR 661 International Relations Theory: Advanced
Units: 4 Examines the specialized nomenclature of international relations and the varied interpretations of basic concepts of international theory; conceptual analysis and criticism. Registration Restriction: Open only to doctoral students. Duplicates Credit in former IR 501.

POIR 662 Governance in International Relations
Units: 4 Rules and rule structures in international relations; major theoretical perspectives and empirical research. Registration Restriction: Open only to doctoral students.

POIR 670 International Political Economy
Units: 4 Survey of approaches to international political economy. Intellectual roots; the management of collective goods; North-South relations are examined. Registration Restriction: Open only to doctoral students.

POIR 680 International Security and Foreign Policy
Units: 4 Examination of the interconnected fields of international security and foreign policy, including decision making and patterns of interaction regarding international conflict. Registration Restriction: Open only to doctoral students.

POIR 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Grading Option: Graded CR/NC.

POIR 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

POIR 794e Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Grading Option: Graded CR/NC.

Portuguese
PORT 120 Portuguese I
PORT 300 Introduction to Social and Literary Studies
Units: 4 Terms Offered: FaSp A third year Portuguese course aimed at advanced-level students in Portuguese. Examines and reviews the more complex Portuguese grammatical points, usage, and provide the students further opportunity to perfect their reading, writing and speaking abilities. Prerequisite: PORT 120 and PORT 150 and PORT 220 and PORT 240 Instruction Mode: Lecture Grading Option: Letter

PORT 302 Introduction to Brazilian Literature
Units: 4 Terms Offered: FaSp An introduction to Brazilian literature and culture exploring how Brazil has been understood and represented through spatial categories that have become, as it were, "common places" in Brazilian literary studies: the rural Brazil of the backlands, the tropical Brazil of the Amazon, the urban and cosmopolitan Brazil of the large cities, and how they relate to questions of identity and difference in the context of Brazilian society. Prerequisite: PORT 120 and PORT 150 and PORT 220 and PORT 240 Recommended Preparation: PORT 300 Instruction Mode: Lecture Grading Option: Letter

PORT 316 Portuguese for Business and the Professions
Units: 4 Terms Offered: FaSp Aimed at advanced-level students in Portuguese who wish to develop a working knowledge of Portuguese for business and/or for the professions. Prerequisite: PORT 240 Recommended Preparation: PORT 300 Instruction Mode: Lecture Grading Option: Letter

PORT 342 Brazilian Cinema
Units: 4 Terms Offered: FaSp Survey of Brazilian cinema, designed to introduce students to major themes and issues within Brazilian studies through the examination of important Brazilian films within their historical, social and political contexts. Prerequisite: PORT 120 and PORT 150 and PORT 220 and PORT 240 Recommended Preparation: PORT 300 Instruction Mode: Lecture Grading Option: Letter

PORT 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PORT 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PORT 220 Portuguese III
Units: 4 Terms Offered: FaSp Intensive work in listening comprehension, oral communication, reading and writing, with emphasis on free expression; readings related to Portuguese culture and civilization. Prerequisite: PORT 150. Instruction Mode: Lecture Grading Option: Letter

PORT 225 Accelerated Portuguese II
Units: 4 Terms Offered: FaSp Continuation of rapid acquisition of Portuguese language. Course follows a proficiency-oriented approach. Recommended for students with a background in Spanish or another Romance language. Recommended Preparation: PORT 175 or equivalent. Recommended for students with at least two years or equivalent of formal study of either Spanish or another Romance language. Recommended for fluent or native speakers of Spanish or a Romance language, including heritage speakers of Portuguese. Instruction Mode: Lecture Grading Option: Letter

PORT 250c Cultures of Brazil and Lusophone Africa
Units: 4 Terms Offered: FaSp Comparative study of Brazil in the context of the Lusophone (Portuguese-speaking) world, especially Portugal's former colonies in Africa. Materials drawn from literature, visual culture, music and cultural theory. Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

PORT 301 Theory and Practice of American Democracy
Units: 4 Terms Offered: FaSpSm Theoretical, institutional, and functional aspects of American national, state, and local government and politics, contemporary issues. Recommended for freshmen and sophomores. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 110g Ideology and Political Conflict
Units: 4 Modern political ideologies; their assumptions, perceptions, and prescriptions regarding political stability and social injustice: anarchism, communism, socialism, liberalism, conservatism, and fascism. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 120 Comparative Politics
Units: 4 Gateway to the major in political science. Comparative analysis of political institutions and processes in selected industrial, developing and socialist countries, in terms of contrasting ideologies, parties, elites, and economies. Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 130g Law, Politics and Public Policy
Units: 4 Interaction between law and politics; overview of the American legal system; value conflicts and public policy questions which arise within it. Satisfies New General Education in Category C: Social Analysis Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 165g Modern Times
Units: 4 Explores the current major social and political issues that confront scholars, leaders, and citizens in today's modern world. Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 190a Politics and Society
Units: 4 Honors seminar for freshmen and sophomores. Instruction Mode: Lecture Grading Option: Letter

POSC 190b Politics and Society
Units: 4 Continuation of work begun in first semester. Instruction Mode: Lecture Grading Option: Letter

POSC 201x Law and Politics: Electing a President
Units: 4 (Enroll in LAW 201) Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 210gsmw Social Analysis of Gender
Units: 4 Terms Offered: FaSp (Enroll in SWMS 210) Satisfies New General Education in Category C: Social Analysis Satisfies Global Perspective in Category G: Citizenship in a Diverse World

POSC 220g Critical Issues in American Politics: Presidential Election in Real Time
Units: 4 Terms Offered: FaSp Sm Examination of enduring political issues, as well as the political processes and institutions. Satisfies New General Education in Category C: Social Analysis Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 248gw Human Rights
Units: 4 Terms Offered: FaSpSm Overview of human rights controversies across the globe. Introduction to techniques of analysis
COURSES OF INSTRUCTION 1075

for social issues, interdisciplinary research methods, and interpretation of complex political problems. Satisfies New General Education in Category C: Social Analysis Satisfies Global Perspective in Category G: Citizenship in a Diverse World Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 250 Critical Issues in Comparative Politics
Units: 4 Critical analysis of major issues in comparative politics such as dependency, crises in political legitimacy, political violence and terrorism, political corruption, genocide, and comparative revolutions. Instruction Mode: Lecture Grading Option: Letter

POSC 255g Cultures, Civilizations and Ethnicities in World Politics
Units: 4 Theories and case studies of conflict and coexistence between cultures, civilizations and ethnic groups in the context of the countervailing force of Western socio-economic globalization. Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

POSC 260 Global Ethnic Politics
Units: 4 A comparative analysis of multi-ethnic societies through case studies of inter-ethnic conflict and coexistence, conflict resolution, prevention of genocide and defense of human rights. Instruction Mode: Lecture Grading Option: Letter

POSC 265gw Environmental Challenges
Units: 4 Terms Offered: Fa Examination of the challenges of environmental problem-solving at the personal, local, national and global scales, focused on the issue of climate change. Satisfies New General Education in Category C: Social Analysis Satisfies Global Perspective in Category G: Citizenship in a Diverse World Satisfies Old General Education in Category VI: Social Issues Instruction Mode: Lecture, Discussion Grading Option: Letter

POSC 270 Introduction to Environmental Law and Politics
Units: 4 Terms Offered: Sp Overview of environmental policy, law and politics at the international, domestic and local levels. Social science gateway to the environmental studies major. Prerequisite: ENST 100. Duplicates Credit in POSC 347. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENST-270

POSC 300 Principles, Institutions, and Great Issues of American Democracy
Units: 4 Underlying principles of American democracy; major issues of contemporary public policy in national and state institutions. Instruction Mode: Lecture Grading Option: Letter

POSC 311 Political Analysis
Units: 4 Methodological and theoretical problems of micro-analytic studies in political science. Techniques of data collection and assimilation. Instruction Mode: Lecture Grading Option: Letter

POSC 315 Regulation of Elections and Political Finance
Units: 4 The role money plays in elections and public decisions: disclosure requirements, limits on campaign contributions and expenditures, regulation of radio/television time, tax incentives, public funding. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Analysis of the political thought of the American Founders; consideration of alternative visions of patriarchalism, republicanism, and liberal democracy; exploration of Founders’ core values and their impact on issues of race, class, and gender. Instruction Mode: Lecture Grading Option: Letter

POSC 375 American Political Thought
Units: 4 Historical and topical review of American political philosophy from the Puritans to the present. Special emphasis on such recurrent themes as equality, democracy, and racism. Instruction Mode: Lecture Grading Option: Letter

POSC 377 Asian Political Thought
Units: 4 Major systems of political thought in Chinese, Japanese, and other Asian cultural traditions. Confucianism, Buddhism, Islam, and other classical systems and their present-day adaptations under the impact of communism and democracy. Instruction Mode: Lecture Grading Option: Letter

POSC 380 Political Theories and Social Reform
Units: 2 or 4 Political theories and philosophies in modern times and their relation to public policy and social reform. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-382

POSC 381 Sex, Power, and Politics
Units: 4 An evaluation of the ways in which different ideologies, institutions, and policies contribute to differences in political power between men and women. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-381

POSC 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

POSC 391 Honors I: Undergraduate Seminar
Units: 4 Terms Offered: Fa Selected topics in designated area of political science. Discussion of readings and presentation of papers. Instruction Mode: Lecture Grading Option: Letter

POSC 392 Honors II: Undergraduate Thesis
Units: 4 Terms Offered: Sp Thesis written under supervision, based on research begun in Honors I. Instruction Mode: Lecture Grading Option: Letter

POSC 395 Directed Governmental and Political Leadership Internship
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 8 Intensive experience in governmental and political offices. Minimum time requirement; evaluation by office and intern report required. Permission of the Director of the Institute of Politics and Government required. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENST-396

POSC 398L Trial Advocacy: Theory and Practice
Units: 1, 2, 4 Max Units: 8.0 Terms Offered: FaSpSm Course covering substantive law, evidence, public speaking and use of societal mores in courtroom advocacy. Registration Restriction: Open only to Mock Trial team members. Instruction Mode: Lecture Grading Option: Letter

POSC 418 Environmental Sustainability and Public Participation
Units: 4 Examines civic participation in international, national, and local environmental politics and sustainability efforts. Instruction Mode: Lecture Grading Option: Letter

POSC 420 Practicum in the American Political Process
Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Fieldwork in governmental institutions and processes. Instruction Mode: Lecture Grading Option: Letter

POSC 421 Ethnic Politics
Units: 4 Analysis of the political behavior and roles of ethnic and racial groups in the American political system; public policy issues and patterns of political action are examined. Instruction Mode: Lecture Grading Option: Letter

POSC 422 Political Attitudes and Behavior
Units: 4 The citizen’s political world; political socialization, opinion formation and dissemination; development of political cultures and subcultures; political mobilization; personality and politics. Instruction Mode: Lecture Grading Option: Letter

POSC 423 Presidents and the Presidency
Units: 4 Presidential coalition; sources of presidential power; recent leadership styles; decision-making within the presidency. Instruction Mode: Lecture Grading Option: Letter

POSC 424M Political Participation and American Diversity
Units: 4 Terms Offered: Fa Examines how diverse groups in the U.S. interact with the American political system. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-424

POSC 425 Legislative Process
Units: 4 Individual behavior and decision-making within legislatures; changing executive-legislative functions; legislative functions; relationships to political systems in comparative perspective. Instruction Mode: Lecture Grading Option: Letter

POSC 426 The United States Supreme Court
Units: 4 Role of the court in American politics; overview of major decisions; the politics of appointment; the process of decision-making; impact of judicial decisions. Recommended Preparation: POSC 130. Instruction Mode: Lecture Grading Option: Letter

POSC 427 Black Politics in the American Political System
Units: 4 The effects of the organization of the American political system and its operations on blacks and other minorities. Instruction Mode: Lecture Grading Option: Letter

POSC 428 Latino Politics
Units: 4 Terms Offered: Fa Analysis of the historic and contemporary roles of Latinos in the American political system; patterns of political participation and representation are examined. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-428

POSC 430 Political Economy of Mexico
Units: 4 Examination of contemporary Mexico: the role of the state in the Mexican economy; development of the government party and opposition groups. Instruction Mode: Lecture Grading Option: Letter

POSC 431 Political Economy of Central America
Units: 4 Focus on economic, social, and political structures and processes in the
region and in specific countries, especially Guatemala, El Salvador, and Nicaragua. Instruction Mode: Lecture Grading Option: Letter

POSC 432 Polices of Local Criminal Justice
Units: 4 Roles and behavior of major legal and political participants in the criminal justice system including the police, the legal profession, judges, and the public. Instruction Mode: Lecture Grading Option: Letter

POSC 435 Politics and the Economy
Units: 4 Major techniques, politics, and values involved in the allocation of social and economic resources. Includes such topics as determination of priorities in budgetary processes, economic regulation, control of environmental change, and policies for science. Instruction Mode: Lecture Grading Option: Letter

POSC 436 Environmental Politics
Units: 4 The political realities of selected environmental issues; resolving and implementing social priorities; interests, attitudes, strategies, and tactics of pressure groups; institutional biases and opportunities. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENST-436

POSC 437 Mass Media and Politics
Units: 4 Analysis of political content of mass media. Audience response to alternative sources of political information. Consideration of the institutional and economic as well as political aspects of the mass media. Instruction Mode: Lecture Grading Option: Letter

POSC 439 Critical Issues in American Politics
Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Intensive examination of critical issues of particular interest in the field of American politics. Instruction Mode: Lecture Grading Option: Letter

POSC 440 Comparative Law and the Judicial Process
Units: 4 Analysis of courts in comparative perspective; judicial decision-making and development of public policy through the judicial process; theories of law and jurisprudence. Recommended Preparation: POSC 340. Instruction Mode: Lecture Grading Option: Letter

POSC 441m Cultural Diversity and the Law
Units: 4 Jurisprudential approach to the study of cultural differences. Consideration of circumstances under which law should accommodate cultural diversity in the United States and abroad. Instruction Mode: Lecture Grading Option: Letter

POSC 442m The Politics of Human Differences: Diversity and Discrimination
Units: 4 A comparative perspective on social and cultural forces that affect American laws and policies concerning discrimination on the basis of race or ethnicity, gender, sexual orientation, age, and disability. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Intensive examination of critical issues of particular interest in the field of political thought. Instruction Mode: Lecture Grading Option: Letter

POSC 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

POSC 499 Special Topics
Units: 2, 3, 4 Max Units: 0 Instruction Mode: Lecture Grading Option: Letter

POSC 500 Methods of Political Science
Units: 4 Empirical political research: social science logic; theory construction; measurement; research design; sampling; data generation; secondary analysis; report and proposal writing; research ethics. Instruction Mode: Lecture Grading Option: Letter

POSC 512 Linkage Politics
Units: 4 Empirical and theoretical investigations of the points at which subnational, national, and international politics converge, overlap, or are otherwise interdependent. Instruction Mode: Lecture Grading Option: Letter Crosslisted as IR-512

POSC 519 Field Research Methods in Comparative Politics and International Studies
Units: 4 (Enroll in IR 519)

POSC 525 Cities, Regions and Global...
Society
Units: 4 Comparative and historical examination of cities and regions as political settings, as elements of states and international relations, and as sites of transnational economic and social change. Instruction Mode: Lecture Grading Option: Letter

POSC 535 Seminar in North African and Middle Eastern Politics
Units: 4 Comparative and area study approaches, nation-building; political cultures; mobilization of human and natural resources; political recruitment, integration, socialization, and conflict. Instruction Mode: Lecture Grading Option: Letter

POSC 540 Law and Public Policy
Units: 4 National and comparative approaches to law and politics in organized societies; law as a policy science; administration of justice; political forces influencing legal change. Instruction Mode: Lecture Grading Option: Letter

POSC 545 Critical Issues in Politics and Policy
Units: 4 Terms Offered: Fa Selected topics in politics and policy; focus on current issues shaping the U.S. and the world. Instruction Mode: Lecture Grading Option: Letter

POSC 546 Seminar in Environmental Policy
Units: 4 Issues and theories involved in the formulation, implementation, and effectiveness of different environmental policies. Instruction Mode: Lecture Grading Option: Letter

POSC 554 Women in Global Perspective
Units: 4 Enroll in SWMS 554) Instruction Mode: Lecture Grading Option: Letter

POSC 556 Seminar in Disability and Rehabilitation Policy
Units: 4 Examination of physical disability as a policy issue from a cross-national and multidisciplinary perspective; attitudes toward disability; income maintenance, health care, and related programs.

POSC 560 Feminist Theory
Units: 4 (Enroll in SWMS 560) Instruction Mode: Lecture Grading Option: Letter

POSC 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

POSC 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593)

POSC 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 594z Master’s Thesis
Units: 0 Credit on acceptance of thesis.

Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

POSC 599 Special Topics
Units: 2, 4, 8 Max Units: 8.0 Terms Offered: FaSpSm Subjects in one or more fields in Political Science. Instruction Mode: Lecture Grading Option: Letter

POSC 600 Seminar in Advanced Research Methods
Units: 4 Multivariate analysis of data, computer applications, and research report preparation; multiple regression; analysis of variance; factor analysis and related techniques; time series analysis. Prerequisite: POSC 500. Instruction Mode: Lecture Grading Option: Letter

POSC 610 Seminar in Political Parties
Units: 4 Parties and the political system; formal and informal organization and roles; comparative party systems. Instruction Mode: Lecture Grading Option: Letter

POSC 611 Seminar in the Executive and Legislative Processes
Units: 4 Selected research topics; comparative analyses. Instruction Mode: Lecture Grading Option: Letter

POSC 612 Seminar in Urban Politics
Units: 4 Problems of government and politics in urban, county, and metropolitan areas. Comparative community politics. Instruction Mode: Lecture Grading Option: Letter

POSC 618 Seminar in Problems of American Politics
Units: 4 Theoretical and methodological problems in American politics with emphasis on emerging research paradigms. Instruction Mode: Lecture Grading Option: Letter

POSC 619 Seminar in Supreme Court Politics
Units: 4 Role of the Supreme Court in the American political system. Influences on judicial decision making; appointment and decision making processes; scope of judicial power. Recommended Preparation: POSC 540. Instruction Mode: Lecture Grading Option: Letter

POSC 621 Seminar in Public Law
Units: 4 Problems and research in American constitutional and administrative law and in modern jurisprudence. Instruction Mode: Lecture Grading Option: Letter

POSC 622 Seminar in Political Attitudes and Behavior
Units: 4 Determinants, nature, and consequences of political attitudes and behavior exploring psychological-sociological models, political socialization and learning, and factors affecting trends in attitudes and behavior. Instruction Mode: Lecture Grading Option: Letter

POSC 623 Seminar in American Constitutional Development
Units: 4 Evolution of American constitutional law; the influence of social, economic, and political changes on constitutional interpretation. Prerequisite: POSC 510 or POSC 540. Instruction Mode: Lecture Grading Option: Letter

POSC 624 Seminar in American Constitutional Law and Theory
Units: 4 Contemporary debates and research on the nature of constitutional interpretation, separation of powers, federalism, civil and political rights and liberties. Instruction Mode: Lecture Grading Option: Letter

POSC 630 Seminar in European Politics
Units: 4 Selected research topics in comparative European politics; political culture, socialization, parties, legislative and executive processes. Instruction Mode: Lecture Grading Option: Letter

POSC 632 Seminar in Latin-American Politics
Units: 4 Comparative analysis of the political structure and institutions of Latin America; participation and alienation; democracies and dictatorships; political forces. Instruction Mode: Lecture Grading Option: Letter

POSC 633 Seminar in East Asian Politics
Units: 4 Comparative analysis of revolutionary and evolutionary modernization; the roots of political thought and behavior; peripheral area relationships; present-day political processes. Instruction Mode: Lecture Grading Option: Letter

POSC 634 Seminar in Southeast Asian Politics
Units: 4 Comparative analysis of political forces, ideologies, processes, and institutions. Instruction Mode: Lecture Grading Option: Letter

POSC 636 Seminar in African Politics
Units: 4 Comparative analysis of political forces, ideologies, and institutions in African nations south of the Sahara. Instruction Mode: Lecture Grading Option: Letter

POSC 637 Seminar in Chinese Politics
Units: 4 Guided research and discussion on the governmental process in the People’s Republic of China including leadership, ideology, and popular participation. Instruction Mode: Lecture Grading Option: Letter

POSC 640 Seminar in Problems of Comparative Politics
Units: 4 Theoretical and methodological problems in comparative politics; approaches to comparative analysis; problems and trends. Instruction Mode: Lecture Grading Option: Letter

POSC 641 Seminar in Comparative Judicial Policies, Processes, and Behavior
Units: 4 Cross-national and intranational comparative analysis of judicial policies and processes; legal and judicial elites. Instruction Mode: Lecture Grading Option: Letter

POSC 648 International Human Rights Law and Policy
Units: 4 Historical and contemporary consideration of human rights issues in world politics. Examination of the philosophical foundations of human rights and the institutions that enforce international standards. Instruction Mode: Lecture Grading Option: Letter

POSC 650 Seminar in Western Political Philosophy
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option:
COURSES OF INSTRUCTION

Letter

POSC 651 Seminar in Non-Western Political Philosophy
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 652 Seminar in American Political Philosophy
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 660 Seminar in Problems of Contemporary Political Thought
Units: 4 Research and special problems. Instruction Mode: Lecture Grading Option: Letter

POSC 670 Seminar in International Law
Units: 4 Topics and cases illustrating general principles and problems. Special research. Instruction Mode: Lecture Grading Option: Letter

PPD 225 Public Policy and Management

PPD 227 Urban Planning and Development
Units: 4 Terms Offered: FaSp Gateway to BS, Public Policy, Management and Planning and minor in Planning and Development. City building and development process; who plans, policies of planning and development; major topics include land use, fiscal policy, transportation, sustainability, and economic development. Instruction Mode: Lecture Grading Option: Letter

PPD 240g Citizenship and Public Ethics
Units: 4 Terms Offered: Fa, Sp Review of legal and ethical traditions of citizenship with emphasis on the latter; consideration of implications for current practice of public policy-making and management. Satisfies New General Education in Category C: Social Analysis Duplicates Credit in former PPMT 240. Instruction Mode: Lecture Grading Option: Letter

PPD 245g The Urban Context for Policy and Planning
Units: 4 Terms Offered: Fa The urban context for planning and policy decisions. Socioeconomic, physical, and spatial structure of cities; and the underlying demographic, economic, and social processes that drive their ongoing transformation. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture Grading Option: Letter

PPD 250m Cities in the Developing World
Units: 4 Terms Offered: FaSp The transition from traditional to modern cities in the developing world. Pravity and dualism; comparative urbanism as an expression of cultural variation; contrast in Western cities. Instruction Mode: Lecture Grading Option: Letter

PPD 300 Social Justice Issues in Public Policy and Urban Planning
Units: 4 Terms Offered: FaSp Social justice issues through the lens of public policy and urban planning with main focus on Los Angeles; critical thinking skills about the fields and their relevance to social justice. Registration Restriction: Open only to BS, Public Policy and BS, Urban Studies and Planning students Instruction Mode: Lecture Grading Option: Letter

POSC 313 Finance of the Public Sector
Units: 4 Terms Offered: FaSp Justifications for and effects of government policies; tax and spending sides of government budgets; public goods; externalities; social insurance; redistribution and welfare; tax policy. Prerequisite: ECON 203. Duplicates Credit in former PPMT 240. Instruction Mode: Lecture Grading Option: Letter

POSC 314 Public Policy and Law
Units: 4 Terms Offered: Fa Institutional foundations and analysis of public policy issues; policy formulation and implementation; application of theories; case analyses. Instruction Mode: Lecture Grading Option: Letter

POSC 315 Analytic Foundations for Public Policy
Units: 4 Terms Offered: Sp Qualitative methods of analysis; ethical and political implications of policy choices; issue diagnosis and policy design skills; critical reasoning and ethics; policy leadership. Instruction Mode: Lecture Grading Option: Letter

POSC 316 Human Resource Management for Public Organizations
Units: 4 Terms Offered: FaSp Human resource development and management; values and processes in civil service career systems; training practices; human relations in supervision; personnel theory. Duplicates Credit in former PPMT 316. Instruction Mode: Lecture Grading Option: Letter

POSC 318 Financial Accounting in Public and Nonprofit Organizations
Units: 4 Terms Offered: FaSp Basic accounting principles and concepts necessary for the preparation and understanding of financial statements; accounting for service organizations in the public/nonprofit sector; fund accounting. Duplicates Credit in former PPMT 351. Instruction Mode: Lecture Grading Option: Letter

POSC 320 Organizational Behavior in Public Administration
Units: 4 Terms Offered: FaSp Understanding human behavior in public organizations; motivation, roles, communication; group behavior and decision-making in public context; managing conflict; leadership and change in public complex organizational systems. Duplicates Credit in former PPMT 485. Instruction Mode: Lecture Grading
PPD 325 Fundamentals of Health Policy and Management
Units: 4 Terms Offered: FaSp Institutions, policies, and processes affecting health care policy and management; historical and philosophical roots; management of health care delivery; access and quality issues; responsiveness to public needs. Duplicates Credit in the former PPD 330. Instruction Mode: Lecture Grading Option: Letter

PPD 330 Introduction to Health Care Systems
Units: 4 Terms Offered: Sp Concepts and determinants of health and illness; health care delivery organizations and programs; the role of the administrator; issues in health care financing and access; quality evaluation; future trends. Duplicates Credit in former PPMT 330. Instruction Mode: Lecture Grading Option: Letter

PPD 340 The American System of Justice
Units: 4 Terms Offered: Irregular Introduction to the system of justice administration: components — police services, judiciary, corrections; interrelationships and issues; management strategies for change. Duplicates Credit in former PPMT 340. Instruction Mode: Lecture Grading Option: Letter

PPD 342 Crime and Public Policy
Units: 4 Terms Offered: Fa Public policy agenda-setting, alternatives formulation, and implementation for crime and criminal justice; analysis of specific issues including crime control, death penalty and gun control. Duplicates Credit in former PPMT 342. Instruction Mode: Lecture Grading Option: Letter

PPD 343 Terrorism, Homeland Security, and Public Policy
Units: 4 Terms Offered: Fa Overview of terrorism, government policies and practices, issues of civil liberties, challenges to public sector management. Instruction Mode: Lecture Grading Option: Letter

PPD 344 Environmental Policy and Sustainable Development
Units: 4 Introduction to critical issues of environmental policy in looking toward a more sustainable future; the science and policy of climate change; equity and justice; the greening of industry, governing for sustainable development; policy tools in addressing issues of environmental protection and sustainability. Instruction Mode: Lecture Grading Option: Letter

PPD 353 Philanthropy and Social Change
Units: 4 Terms Offered: Fa History, theories, philosophies, and practices of philanthropy; relationship between philanthropy and nonprofit world; grant-making procedures and relation to social innovation. Instruction Mode: Lecture Grading Option: Letter

PPD 357 Government and Business
Units: 4 Terms Offered: FaSp Interrelated roles of business and public institutions; effects of public policies and laws on business sector; incorporates public and business perspectives. Prerequisite: ECON 203. Duplicates Credit in former PPMT 357.

PPD 358 Urban and Regional Economics
Units: 4 Terms Offered: Fa Basic concepts of urban and regional economics; how planners intervene in the urban market; housing, transportation, public goods; land use politics; fiscal issues; cost-benefit analysis. Duplicates Credit in former PLDV 402. Instruction Mode: Lecture Grading Option: Letter

PPD 360 Urban Transportation Planning and Policy
Units: 4 Terms Offered: Sp Current transportation planning and policy critiques. Transportation planning: the relationship to urban structure; conventional and para-transit modes; analysis of local plans. Duplicates Credit in former PPD 461. Instruction Mode: Lecture Grading Option: Letter

PPD 361 Sustainable Communities, Policy and Planning
Units: 4 Terms Offered: FaSp Policy and planning as shaped by sustainability theories; sustainability indicators; topics include water resources, air quality, land use regulations, environmental design, carrying capacity, ecological footprint analysis. Duplicates Credit in former PPD 461. Instruction Mode: Lecture Grading Option: Letter

PPD 371 The Nonprofit Sector and the Public Interest
Units: 4 Terms Offered: Fa Theories of the voluntary nonprofit sector in society and its relationship to government and business; public policies toward the sector. Duplicates Credit in former PPD 371. Instruction Mode: Lecture Grading Option: Letter

PPD 372m Public Service in an Urban Setting
Units: 4 Terms Offered: Sp Voluntary service in an urban, multicultural context: diverse meanings and practices, history, motivations, relationship to charity and change, dilemmas, public policies; service learning project required. Duplicates Credit in former PPMT 372. Instruction Mode: Lecture Grading Option: Letter

PPD 373 Public Policy and Planning Analysis
Units: 4 Terms Offered: FaSp Applied analytic modeling and data manipulation; visual presentation; interpretation of data; needs assessment and market failure analysis; indexing; extrapolation and simple forecasting; simple risk analysis; benefit-cost analysis. Prerequisite: ECON 203, PPD 225, PPD 303. Duplicates Credit in the former PPD 473. Instruction Mode: Lecture Grading Option: Letter

PPD 380a International Perspectives on Urban Problem Solving
Units: 4 Terms Offered: Irregular Research on comparative urban public policy and administration utilizing case study approach; field research includes study in various foreign cities. Duplicates Credit in former PPMT 412ab. Instruction Mode: Lecture Grading Option: Letter

PPD 380b International Perspectives on Urban Problem Solving
Units: 4 Terms Offered: Irregular Research on comparative urban public policy and administration utilizing case study approach; field research includes study in various foreign cities. Duplicates Credit in former PPMT 412ab. Instruction Mode: Lecture Grading Option: Letter

PPD 382 International Development
Units: 4 Terms Offered: FaSp Definitions and measurements of development; impact of globalization; concept and practice of international and development administration and planning at local, national, and global governance levels. Duplicates Credit in former PLDV 405. Instruction Mode: Lecture Grading Option: Letter

PPD 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Duplicates Credit in former PLDV 390 and PPMT 390. Instruction Mode: Lecture Grading Option: Letter

PPD 400 Topics in Public Policy and Urban Studies
Units: 4 Terms Offered: FaSp Seminar in cross cutting topics in public policy and urban studies that engages students with faculty and scholars in interdisciplinary research and analysis of key problems and issues in the fields Registration Restriction: Open only to BS, Public Policy and BS, Urban Studies and Planning majors Instruction Mode: Lecture Grading Option: Letter

PPD 402 Management of Public and Nonprofit Organizations
Units: 4 Terms Offered: Fa Contemporary management theory; the nature of complex organizations; organizational and intergovernmental arrangements; roles and responsibilities of managers; managerial and organizational effectiveness; organizational structure and dynamics. Instruction Mode: Lecture Grading Option: Letter

PPD 403 Management Analysis I
Units: 4 Terms Offered: Sp Introduction to organizational and systems analysis; historical perspective; systems theory; information systems, procedure analysis; management planning; introduction to models. Duplicates Credit in former PPMT 403. Instruction Mode: Lecture Grading Option: Letter

PPD 404 Empirical Methods for Public Policy
Units: 4 Terms Offered: FaSp Introduction to multivariate regression analysis for policy analysis; course begins with Ordinary Least Squares (OLS) estimation and covers some advanced topics such as panel data and experimental methods; application of these tools in a variety of policy contexts such as education, labor, and health. Prerequisite: PPD 303 Instruction Mode: Lecture Grading Option: Letter

PPD 405 Fundraising for Policy and Planning
Units: 2 Terms Offered: Sp Fundraising in the nonprofit sector; role and structure of philanthropy; strategic issues in the
solicitation of private funds for the public good; effect of fundraising on behavior of institutions. Instruction Mode: Lecture Grading Option: Letter

PPD 407 Financial Management of Public and Nonprofit Organizations
Units: 4 Terms Offered: Sp Time value of money, risk, government bonds and tax-exempt financing, cost of capital, budgeting, financial statement analysis, and working capital management. Instruction Mode: Lecture Grading Option: Letter

PPD 410 Comparative Urban Development
Units: 4 Terms Offered: Sp Urbanization and urban development and growth through an international scope; globalization cities. Instruction Mode: Lecture Grading Option: Letter

PPD 411a Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visits, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 411b Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visits, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 411c Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visits, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 411d Sacramento Semester
Units: 4 Terms Offered: Irregular Exploration of political, economic, and administrative climate of the state government; basic processes and functions considered through seminars, research projects, visits, group discussions, and internships. Duplicates Credit in former PPMT 411abcd. Instruction Mode: Lecture Grading Option: Letter

PPD 412L GeoDesign Practicum
Units: 4 Terms Offered: FaSp (Enroll in SSCI 412)

PPD 413 Administration of Health Care Organizations
Units: 4 Terms Offered: Sp Theory and practice; role of governing bodies, medical staffs and quality review committees; current trends; community responsibility; regulatory and oversight agencies. Duplicates Credit in former PPMT 439. Instruction Mode: Lecture Grading Option: Letter

PPD 414 Community Health Policy and Planning
Units: 4 Terms Offered: Sp Historical perspectives on and the contemporary practice of community health planning; impact of culture, socioeconomics, and environment; policy dimensions; urban planning's role in enhancing and sustaining health. Instruction Mode: Lecture Grading Option: Letter

PPD 415 Health Policy
Units: 4 Terms Offered: Sp Health policy analysis and challenges; price of health; structure of major sectors in health care; role of insurance in policy debates; trade-offs with policy decisions. Prerequisite: PDP 325. Instruction Mode: Lecture Grading Option: Letter

PPD 416 Food Policy and Planning
Units: 2 Terms Offered: Sp Key issues related to the practice of food system planning; practice of creating and implementing food policies; understanding of food systems; issues around community food governance. Instruction Mode: Lecture Grading Option: Letter

PPD 420 Environmental Impact Assessment
Units: 4 Terms Offered: Sp Exploration of the role of the National Environmental Policy Act and the California Environmental Policy Act; study of environmental impact assessments including the regulatory aspects, stakeholder and participatory processes, and legal framework. Instruction Mode: Lecture Grading Option: Letter

PPD 421 Land Use, Environment, and Housing in Developing Countries
Units: 4 Comparative analysis of issues in the built environment in the US and abroad; development, land use, and the supply of housing; housing affordability; land tenure. Instruction Mode: Lecture Grading Option: Letter

PPD 422 Transportation and Technology and the Future of Mobility
Units: 4 Introduction of the role that technology will play in facilitating shared mobility, disrupting transportation markets, and reshaping multi-modal urban transportation systems; analyses of governance issues; the interaction between private markets and regulators; changes in the nature of infrastructure and urban planning that will be required to accommodate the wired future of transportation. Instruction Mode: Lecture Grading Option: Letter

PPD 424 Art and the City
Units: 4 Role of art in modern society with a particular emphasis on the urban context including public spaces, the process of gentrification, and redevelopment; theoretical and research approaches. Instruction Mode: Lecture Grading Option: Letter

PPD 427L Geographic Information Systems and Planning Applications
Units: 4 Terms Offered: Fa Basic GIS concepts, ArcView and other GIS software, planning applications and databases, basic cartography; students select, research and prepare a planning GIS analysis project. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PPD 429 Urban Design Practicum
Units: 4 Terms Offered: Irregular Application of design concepts and graphic skills to a local design problem sponsored by a local public or private client in a studio setting; site visits, community contact, presentations. Prerequisite: PDP 306, PDP 425. Duplicates Credit in former PLDV 414. Instruction Mode: Lecture Grading Option: Letter

PPD 431 Undergraduate Policy, Planning, and Development Studio
Units: 4 Terms Offered: FaSp Application of methods in the exploration of a specific project, policy, or organization from the multiple perspectives of the five tracks in the undergraduate program. Registration Restriction: Open only to seniors. Instruction Mode: Lecture Grading Option: Letter

PPD 438 Local Economic Development
Units: 4 Terms Offered: Fa Economic development in a capitalist system, historic review, sectoral review, funding, strategizing, partnerships, evaluation; class project. Duplicates Credit in former PLDV 447. Instruction Mode: Lecture Grading Option: Letter

PPD 439 Housing and Community Development
Units: 4 Terms Offered: Fa Evolution of government housing and community development programs; present practices, e.g., housing elements, economic development, neighborhood rehabilitation; housing needs and market analysis; housing and health. Duplicates Credit in former PLDV 440. Instruction Mode: Lecture Grading Option: Letter

PPD 446 Urban Government and Management
Units: 4 Terms Offered: Irregular Preparation and discussion of cases dealing with selected policy areas including transportation, housing, poverty, and environmental quality. Duplicates Credit in former PPMT 427. Instruction Mode: Lecture Grading Option: Letter

PPD 468 Cross-Cultural Negotiations: Communication and Strategy
Units: 4 (Enroll in COMM 468)

PPD 475 The Future of California
Units: 4 (Enroll in MDA 475)

PPD 476 Politics and Administration
Units: 4 Terms Offered: Sp Administrative relationships to the policy process; influence of political and economic pressures on administrative policy determination; political behavior by administrators; case analysis. Duplicates Credit in former PPMT 486. Instruction Mode: Lecture Grading Option: Letter

PPD 478 Social Innovation
Units: 4 Terms Offered: Fa Strategies and processes of social innovation and change; examination of social change in the market, government, and within the nonprofit sector; dynamics; civic action and activism. Instruction Mode: Lecture Grading Option: Letter

PPD 482 Comparative Public Administration
Units: 4 Terms Offered: Sp Methodology, theories, and models of comparison;
functional processes of administration in developing and developed nations compared; role of bureaucracy in development and nation-building; ecology of administration. Duplicates Credit in former PUAD 432.

Instruction Mode: Lecture Grading Option: Letter

PPD 485m U.S. Immigration Policy
Units: 4 Terms Offered: Fa Examination of the historical and contemporary components of U.S. immigration policy with emphasis on policies addressing legal permanent immigrants, refugees, asylum-seekers, the undocumented. Instruction Mode: Lecture Grading Option: Letter

PPD 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Duplicates Credit in former PLDV 490x and PPMT 490x.

Instruction Mode: Lecture Grading Option: Letter

PPD 497a Senior Thesis
Units: 2 Terms Offered: FaSpSm Writing of the honors capstone project in an area of interest related to the track of study; research and writing skills. Instruction Mode: Lecture Grading Option: Letter

PPD 497b Senior Thesis
Units: 2 Terms Offered: FaSpSm Writing of the honors capstone project in an area of interest related to the track of study; research and writing skills. Instruction Mode: Lecture Grading Option: Letter

PPD 498 Senior Honors Seminar
Units: 4 Terms Offered: FaSpSm Concepts, theories, and methods of analysis of a selected topic within the fields of public policy, management and planning. Students must have at least a 3.5 GPA in PPD courses; 3.0 GPA overall.

Instruction Mode: Lecture Grading Option: Letter

PPD 499 Special Topics
Units: 2, 3, 4 Max Units: 9.0 Terms Offered: FaSpSm Selected topics in Policy, Management and Planning. Duplicates Credit in former PLDV 499 and PPMT 499.

Instruction Mode: Lecture Grading Option: Letter

PPD 500 Intersectoral Leadership
Units: 2 Roles of public, private, nonprofit, and civil society sectors in policy, planning, and development. Leadership skills in negotiation, conflict resolution, institutional design, problem solving. Instruction Mode: Lecture Grading Option: Letter

PPD 500a Economics for Policy, Planning and Development
Units: 2 Microeconomic theory as applied to policy, planning, and development; concepts of efficiency; macroeconomic issues. Instruction Mode: Lecture Grading Option: Letter

PPD 500b Economics for Policy, Planning and Development
Units: 2 Microeconomic analysis and modeling to incorporate market failure and issues of uncertainty and information failure; organization models; policy instruments; policy and planning applications. Instruction Mode: Lecture Grading Option: Letter

PPD 502x Statistical Foundations for Public Management and Policy
Units: 2 Terms Offered: FaSpSm Statistical analysis concepts and reasoning; sampling and data sources; focus on basic statistical applications in public management and policy analysis. Instruction Mode: Lecture Grading Option: Letter

PPD 507 Six-Sigma Methods and Applications
Units: 3 Terms Offered: FaSpSm (Enroll in ISE 507)

PPD 508 Health Care Operations Improvement
Units: 3 Terms Offered: Sp (Enroll in ISE 508)

PPD 509 Problems and Issues in the Health Field
Units: 4 Terms Offered: FaSpSm Principles of epidemiology; disease trends, treatment efficacy, influences on utilization; health promotion, disease prevention and health protection; intergovernmental relationships; management of public health programs. Duplicates Credit in former PUAD 530.

Instruction Mode: Lecture Grading Option: Letter

PPD 510a Financial Management of Health Services
Units: 4 Terms Offered: FaSpSm Accounting principles, financial reports, managerial finance, financial planning, capital investments, working capital analysis; elements of budgeting and reimbursement; performance standards; reporting; developing a management system. Prerequisite: PPD 516; Recommended Preparation: PPD 502 or competence in statistics.

Instruction Mode: Lecture Grading Option: Letter

PPD 510b Financial Management of Health Services
Units: 2 Terms Offered: FaSpSm Changing practices, emerging issues, strategies and innovations in financial planning, management, and regulation; federal and state policies and requirements. Prerequisite: PPD 516; Recommended Preparation: PPD 502 or competence in statistics.

Instruction Mode: Lecture Grading Option: Letter

PPD 511 Health Information Systems
Units: 2 Terms Offered: FaSpSm Conceptual framework for data base development; relational data management; use of health statistics; health indicators; confidentiality, security, privacy. Recommended Preparation: PPD 502 or competence in statistics and PPD 516 or competence in accounting.

Instruction Mode: Lecture Grading Option: Letter

PPD 512 Health Administration Residency Seminar
Units: 2 Supervised study of health care administration, governance, professional staff relations, internal operations and controls, legal and regulatory requirements, management policy and strategy. Prerequisite: PPD 509 Instruction Mode: Lecture Grading Option: Letter

PPD 513 Legal Issues in Health Care Delivery
Units: 2 Terms Offered: FaSpSm Rights of consumers; health-related powers of governments; rights and responsibilities of health care providers; interrelationships of rights, powers, and responsibilities. Recommended Preparation: PPD 509 or substantial prior work experience in health care organizations. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PPD 514 Economic Concepts Applied to Health
Units: 4 Terms Offered: FaSpSm Relationships between economic characteristics and health status; impact of economy on health services industry; demand and resources for health services; utilization, prices, costs, health insurance. Prerequisite: PPD 501a. Duplicates Credit in former PUAD 537.

Instruction Mode: Lecture Grading Option: Letter

PPD 515 Strategic Management of Health Organizations
Units: 4 Terms Offered: FaSpSm Application of principles of health administration in several practice settings. Decision-making; strategic management; organizational performance; communication; provider comparisons. Prerequisite: PPD 501a or HMG 565, PPD 545 or HMG 520; Recommended Preparation: PPD 509, PPD 511, PPD 513, PPD 514, PPD 557.

Instruction Mode: Lecture Grading Option: Letter

PPD 516 Financial Accounting for Health Care Organizations
Units: 4 Accounting as a management tool; accounting systems; basic accounting concepts and procedures; budgets; financial statements. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PPD 517 Concepts and Practices in Managing Health Care Organizations
Units: 2 Terms Offered: FaSpSm Application of principles of health administration. Role of managers; managing people and programs; human resource management concepts and applications; working with professionals; governance; public relations. Instruction Mode: Lecture Grading Option: Letter

PPD 518 Quality of Care Concepts
Units: 2 Terms Offered: Sp Quality issues and complexities affecting health care; fundamentals of quality improvement programs; examination of quality issues and improvement programs in various health care venues; strategies. Instruction Mode: Lecture Grading Option: Letter

PPD 519 Methods and Applications of Health Services Research
Units: 2 Terms Offered: Fa Examination of policy and management issues for empirical research; indicators and measurement of outcomes; impact on policy and management decisions; methodology; analysis of quantitative and qualitative data. Prerequisite: PPD 514. Instruction Mode: Lecture Grading Option: Letter

PPD 520 Economic Approaches to Health Policy Analysis
Units: 2 Terms Offered: Sp Evaluation of current major health policy challenges and
issues; economic analysis of behavioral responses to change in health care policy; new legislation; policy trade-offs. 

Prerequisite: PPD 514. Instruction Mode: Lecture Grading Option: Letter

PPD 521a Information Technology Management Systems in Health Care Units: 2 Terms Offered: Sm Principles and methods of systems analysis; assessment; strategic planning, design consideration; e-health and e-commerce system trends; health care information systems application areas; regulatory requirements. Prerequisite: PPD 511. Instruction Mode: Lecture Grading Option: Letter

PPD 521b Information Technology Management Systems in Health Care Units: 2 Terms Offered: Sm Principles and methods of systems analysis; assessment; strategic planning, design consideration; e-health and e-commerce system trends; health care information systems application areas; regulatory requirements. Analytic methods used to develop data-driven solutions; specific problems in health care organizations; integrating data; communicating data; interpretation; exploration of new approaches for improvement. Prerequisite: PPD 511. Instruction Mode: Lecture Grading Option: Letter

PPD 524 Planning Theory Units: 2 Terms Offered: Fa Development of a critical perspective by becoming more aware of the intellectual roots of the planning profession, with a focus on practical outcomes of actions. Duplicates Credit in former PLUS 501. Instruction Mode: Lecture Grading Option: Letter

PPD 525 Statistics and Arguing from Data Units: 2 Terms Offered: FaSpSm Fundamentals of probability and statistics, planning analysis techniques, computing standards, and understanding of the rhetoric related to statistical analysis. Duplicates Credit in former PLUS 502. Instruction Mode: Lecture Grading Option: Letter

PPD 526 Comparative International Development Units: 2 Terms Offered: FaA Introduction to comparative international development with a focus on regional growth and urban development. Duplicates Credit in former PLUS 505. Instruction Mode: Lecture Grading Option: Letter

PPD 527 The Social Context of Planning Units: 2 Terms Offered: Sp Examination of the formation of the modern urban environment with its consumer culture, social classes, and racial and ethnic diversity. Duplicates Credit in former PLUS 506. Instruction Mode: Lecture Grading Option: Letter

PPD 529 Legal Environment of Planning Units: 2 Terms Offered: Sp Understanding of the legal system and its processes and laws applicable to land use and development and the legal nature of powers of public and private entities. Duplicates Credit in former PLUS 509. Instruction Mode: Lecture Grading Option: Letter

PPD 530 Historical Analysis of Urban Form and Planning Practice Units: 2 Terms Offered: Sp Awareness, analysis, understanding, and influencing the city building process locally and regionally; isolate and exercise tools and methods of visual literacy. Duplicates Credit in former PLUS 510. Instruction Mode: Lecture Grading Option: Letter

PPD 531L Planning Studio Units: 4, 8, 12 Max Units: 12.0 Terms Offered: FaSpSm Application of methods in planning, programming, research, and evaluation in a professional context; data collection and analysis; case studies; practical applications. Duplicates Credit in former PLUS 576L and PLUS 676L.. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PPD 532L International Planning and Development Laboratory Workshop Units: 4, 5, 6, 7, 8 Terms Offered: Sm Application of planning principles and methods to specific urban planning problems abroad; involves preparation in the spring semester and an overseas field visit and a collaborative practicum. Duplicates Credit in former PLUS 575L.. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PPD 533 Planning History and Urban Form Units: 2 History of urban planning with an emphasis on the evolution of how planning shaped the physical environment in response to political, economic, and social issues. Instruction Mode: Lecture Grading Option: Letter

PPD 540 Public Administration and Society Units: 4 Terms Offered: FaSpSm Administrative concepts, institutions, legal systems, and practices; values; facilitation of responsibilities and rights; professional applications for personal, private sector, and public achievement. Duplicates Credit in former PUAD 500. Instruction Mode: Lecture Grading Option: Letter

PPD 541 Public Financial Management and Budgeting Units: 4 Terms Offered: Fa Financial management applied to public and nonprofit organizations; financial valuation, financial markets, budgeting, tax administration, debt financing, cost-benefit analysis and financial analysis. Duplicates Credit in PPDE 645. Instruction Mode: Lecture Grading Option: Letter

PPD 542 Policy and Program Evaluation Units: 4 Terms Offered: Sp Methods and models for policy and program evaluation; methods of collecting and analyzing evaluation data; processes for linking evaluation to policy formulation and program management. Prerequisite: PPD 502. Duplicates Credit in former PUAD 525 and former PUAD 529. Instruction Mode: Lecture Grading Option: Letter

PPD 543 Internship Seminar Units: 1 Terms Offered: FaSpSm Supervised study of management, analytical, or other professional activities in government; integration of theory, practice and relevant literature. Duplicates Credit in former PUAD 544. Instruction Mode: Lecture Grading Option: Letter

PPD 545 Human Behavior in Public Organizations Units: 4 Terms Offered: FaSpSm Behavior in organizations; focus on personal, interpersonal, and group level factors that influence such behavior. Duplicates Credit in former PUAD 585. Instruction Mode: Lecture Grading Option: Letter

PPD 546 Capstone in Public Administration Units: 4 Constitutionally accountable and ethical practice, individually and organizationally; applications of core competencies; practical inquiry, analysis, systems; comparative frameworks; citizenship and public service. Prerequisite: PPD 540 and PPD 541 or PPD 542. Registration Restriction: Open only to master and doctoral students. Instruction Mode: Lecture Grading Option: Letter

PPD 552 Managing and Financing Public Engineering Works Units: 3 Terms Offered: FaSpSm (Enroll in CE 552)

PPD 554 Foundations of Policy Analysis Units: 4 Terms Offered: FaA Introduction to public policy analysis; issue diagnosis and policy design; analytic reasoning and argumentation; the role of the public policy professional; ethical issues in policy analysis. Registration Restriction: Open only to MPP and Public Policy Certificate students Instruction Mode: Lecture Grading Option: Letter

PPD 555 Public Policy Formulation and Implementation Units: 4 Terms Offered: FaSpSm Political and organizational perspectives on policy making process; agenda setting, policy design, adoption, implementation, evaluation, modification or termination. Policy leadership skills: negotiation and strategic mapping. Instruction Mode: Lecture Grading Option: Letter

PPD 557 Modeling and Operations Research Units: 4 Terms Offered: FaSpSm Management science methods that support decision making in policy, management, and planning settings. Includes linear programming, queuing theory, decision analysis, and forecasting. Prerequisite: PPD 502 or PPD 525. Instruction Mode: Lecture Grading Option: Letter

PPD 558 Multivariate Statistical Analysis Units: 4 Terms Offered: FaSpSm Applied multivariate statistics in support of policy, management, and planning problem solving. Includes regression analysis, logit models, and an introduction to time-series models and multi-equation estimation. Prerequisite: PPD 502 or PPD 525. Instruction Mode: Lecture Grading Option: Letter

PPD 559 Policy Implementation and Evaluation Units: 4 Terms Offered: FaSpSm Theoretical
approaches, critical issues, and research methods in public policy implementation. Field-based research project. Duplicates Credit in former PUAD 570. Instruction Mode: Lecture Grading Option: Letter

PPD 560 Methods for Policy Analysis
Units: 4 Terms Offered: Sp Examination of methods used in the analysis of policy methods, including cost benefit analysis, decision and risk analysis, and applied social science methods. Prerequisite: PPD 502 and PPD 554 and PPD 501b. Duplicates Credit in former PUAD 572. Instruction Mode: Lecture Grading Option: Letter

PPD 561a Policy Analysis Practicum
Units: 1, 3 Terms Offered: FaSp Application and integration of the knowledge and techniques of analytic, quantitative, managerial, political and ethical analyses to specific public policy problems. Duplicates Credit in former PUAD 589. Instruction Mode: Lecture Grading Option: Letter

PPD 561b Policy Analysis Practicum
Units: 1, 3 Terms Offered: FaSp Application and integration of the knowledge and techniques of analytic, quantitative, managerial, political and ethical analyses to specific public policy problems. Duplicates Credit in former PUAD 589. Instruction Mode: Lecture Grading Option: Letter

PPD 568 Environmental Governance and Sustainability
Units: 2 Terms Offered: Fa Introduction to leading issues of environmental governance and policy in looking toward a more sustainable future; normatively important concerns and the social, cultural, and political dimensions; thematic look from values to action. Instruction Mode: Lecture Grading Option: Letter

PPD 569 Applied International Policy Analysis and Management Project
Units: 4 Terms Offered: Sp Enables students to integrate theory, research and practice into an applied project of their own choosing. The output of this course is a professional report in a selected public policy or management area. Duplicates Credit in former PUAD 507. Instruction Mode: Lecture Grading Option: Letter

PPD 570 Applied Statistics for Planning, Policy and Management
Units: 4 Terms Offered: Sm Use of statistical reasoning to answer questions related to public policy and management. Students will review and understand selected statistical techniques for analyzing data and for addressing public policy and management questions of interest using applied data analysis. Duplicates Credit in former PUAD 523. Instruction Mode: Lecture Grading Option: Letter

PPD 571 International Public Policy and Management Seminar
Units: 4 Terms Offered: Fa An introduction to the concepts and methods of public policy analysis and management. Highlights some of the constraints of the policy process. Includes examples from the United States but also presents comparative views of the contours of public policy in both developed and developing nations. The course applies public policy and management frameworks to selected areas of social policy. Duplicates Credit in former PUAD 524. Instruction Mode: Lecture Grading Option: Letter

PPD 572 Special Issues in International Public Policy
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm Current international public policy on issues such as governmental reform, regulation, social welfare, poverty alleviation and international aid. Policy framework and in-depth analysis of specific topics of relevance to governmental agencies and international organizations. Instruction Mode: Lecture Grading Option: Letter

PPD 587 Risk Analysis
Units: 4 Concepts of risk analysis, risk in engineered systems, environmental risk, security risks; fault trees, event trees, risk simulations; risks and decision-making. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ISE 587

PPD 588 Introduction to Transportation Planning Law
Units: 3 (Enroll in CE 579)

PPD 589 Port Engineering: Planning and Operations
Units: 3 (Enroll in CE 589)

PPD 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PPD 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Selected topics in public policy, management and planning. Instruction Mode: Lecture Grading Option: Letter

PPD 600 Management of Managed Care Organizations
Units: 2 Terms Offered: FaSpSm Managed care arrangements, interorganizational relations, management practices and controls, medical staff relations, strategic planning, marketing, utilization review, quality assurance, outcomes measures. Prerequisite: PPD 545 or HMGT 520; Recommended Preparation: PPD 516. Instruction Mode: Lecture Grading Option: Letter

PPD 601 Management of Long-Term Care Organizations
Units: 4 Terms Offered: Fa History, development, trends; major policy issues; organization of systems; principles and techniques of administration; management of institutional and community based programs. Registration Restriction: Open only to graduate students. Instruction Mode: Lecture Grading Option: Letter

PPD 602 Strategic and Operational Planning for Health Services
Units: 4, 2 years Terms Offered: FaStrategic, institutional, and program planning theory and methods; governmental and legal requirements, certificate of need processes, reimbursement controls; financing and marketing considerations, practices, and methods. Duplicates Credit in former PUAD 535. Instruction Mode: Lecture Grading Option: Letter

PPD 603 Marketing of Health Services
Units: 4 Terms Offered: Sm Assessing community needs and organizational service capabilities; evaluating competition; qualitative and quantitative market research methods; market communications and advertising; developing marketing plans. Recommended Preparation: PPD 502 or competence in statistics. Instruction Mode: Lecture Grading Option: Letter

PPD 604 Seminar in Hospital Administration
Units: 4 Terms Offered: Sm Hospital systems and functions; managerial processes, theory, and practice; governance structures; legal, regulatory, administrative, and professional requirements; medical and professional staff; multi-institutional arrangements; controls. Prerequisite: PPD 545 or HMGT 520; Recommended Preparation: PPD 516. Instruction Mode: Lecture Grading Option: Letter

PPD 605 Frontline Issues in Health Services Administration and Policy
Units: 2 Max Units: 6.0 Terms Offered: FaSpSm Emphasis on current or emergent issues in the health care industry. Focus on impact of recent health legislation and/ or health care system responsiveness. Instruction Mode: Lecture Grading Option: Letter

PPD 606 Urban Health Policy
Units: 4 Terms Offered: Fa Addresses current U.S. health policy issues and the critical processes that shape them, with an emphasis on urban populations; institutional, economic, social, ethical, and political factors. Instruction Mode: Lecture Grading Option: Letter

PPD 607 Introduction to Public Health Policy
Units: 4 Terms Offered: Sp Public health policy and analysis methods; evaluation of the public health system and safety net programs. Instruction Mode: Lecture Grading Option: Letter

PPD 608 Leadership Symposium in Health Management and Policy
Units: 1 Max Units: 3.0 Terms Offered: FaSpSm A forum for leading executives and policymakers to address ways they or their
of inequality, dependency and dualism in relation to urbanization, growth, and poverty in developing countries; development and underdevelopment; core-periphery linkages. Duplicates Credit in former PLUS 534. Instruction Mode: Lecture Grading Option: Letter

PPD 616 Participatory Methods in Planning and Policy
Units: 4 Approaches to community participation, introducing students to the theories behind participatory methods as well as to the skills to implement them. Instruction Mode: Lecture Grading Option: Letter

PPD 617 Urban Demography and Growth
Units: 4 Terms Offered: Fa Theory and policy regarding population change in urban areas; housing; cohort analysis; immigration; ethnicity; employment; education. Methods of graphic representation; census data manipulation, interpretation, forecasting. Duplicates Credit in former PLUS 539. Instruction Mode: Lecture Grading Option: Letter

PPD 618 Housing Facilities and Community Development
Units: 4 Terms Offered: Irregular Structure of the building industry and technology. Housing markets and programs; environmental standards. Community development and redevelopment. Planning, program development, finance, and coordination of public facilities and services. Duplicates Credit in former PLUS 540. Instruction Mode: Lecture Grading Option: Letter

PPD 619 Smart Growth and Urban Sprawl: Policy Debates and Planning Solutions
Units: 4 Terms Offered: Irregular Determinants and analytical models of land use; interaction of land uses with environmental quality and natural resources, land use policy instruments; regulation, taxation, public services. Duplicates Credit in former PLUS 542. Instruction Mode: Lecture Grading Option: Letter

PPD 620 General Plans
Units: 4 Terms Offered: Fa Assessment of a recently adopted general plan, analysis of the general plan process, and detailed review of each major element and issue. Duplicates Credit in former PLUS 563. Instruction Mode: Lecture Grading Option: Letter

PPD 621 Environmental Impacts
Units: 4 Terms Offered: Sp Legal, political/institutional, and technical aspects of environmental impact reports for urban planning. Duplicates Credit in former PLUS 561. Instruction Mode: Lecture Grading Option: Letter

PPD 622 Seminar in Urban Development
Units: 4 Terms Offered: Irregular Central city housing and renewal problems and policies. Site selection, organization; land valuation, acquisition, disposition; relocation and management; reuse; site planning and development; politics; financing. Duplicates Credit in former PLUS 541. Instruction Mode: Lecture Grading Option: Letter

PPD 623 Community Development and Site Planning
Units: 4 Terms Offered: Sp Urban form and emerging community design practices; design project development; evaluation and assessment of site planning in cities and local communities. Instruction Mode: Lecture Grading Option: Letter

PPD 624 Local Economic Development: Theory and Finance
Units: 4 Terms Offered: Sp Socioeconomic change, economic development theory, assessment techniques, and economic indicators in the context of planning and development policies and programs. Duplicates Credit in former PLUS 547. Instruction Mode: Lecture Grading Option: Letter

PPD 625 Planning and Economic Development Finance
Units: 4 Terms Offered: Fa Fundamentals for economic development professionals and policy makers including feasibility analysis and the financing of facilities, social services, and community-based enterprises. Duplicates Credit in former PLUS 546. Instruction Mode: Lecture Grading Option: Letter

PPD 626 Public/Private and Mixed Enterprises Planning
Units: 2, 4 Terms Offered: SpA Case studies of planning and public/private and mixed enterprises; public production of private goods; privatization of public services; public/private partnerships; mixed enterprises. Instruction Mode: Lecture Grading Option: Letter

PPD 627 Design Skills for Urban Planners
Units: 4 Terms Offered: Fa Develop observation, description, analysis, and conceptualization skills related to urban spatial conditions; advance professional communication proficiencies. Duplicates Credit in former PLUS 573. Instruction Mode: Lecture Grading Option: Letter

PPD 628 Urban Planning and Social Policy
Units: 4 Terms Offered: Irregular Urban planning and social work: theory, values, techniques of inquiry, and problem-solving methods appropriate to urban planning and social work. Duplicates Credit in former PLUS 552. Instruction Mode: Lecture Grading Option: Letter

PPD 630 Urban Economic Analysis
Units: 4 Terms Offered: Sp Economic models of cities and city development and structure; housing and land markets; transportation systems; problems of congestion and pollution; evaluation of urban policies. Duplicates Credit in former PLUS 566. Instruction Mode: Lecture Grading Option: Letter

PPD 631 Geographic Information Systems for Policy, Planning, and Development
Units: 2 Introduction to GIS systems and usage in the public sector; spatial data; understanding software and the application of technology; analysis of data using GIS. Instruction Mode: Lecture Grading Option: Letter

PPD 632 Planning Analysis and
Evaluation
Units: 4 Terms Offered: Sp Methods of policy, program, and plan evaluation: economic principles and theoretical concepts introduced, followed by case studies. Duplicates Credit in former PLUS 574. Instruction Mode: Lecture Grading Option: Letter

PPD 633 Urban Transportation Planning and Management
Units: 4, 2 years Terms Offered: Fa Background applications of established urban travel forecasting procedures; land use; trip generation, trip-distribution, modal-choice, trip-assignment; evaluation; criticisms. Duplicates Credit in former PLUS 580. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-633

PPD 634 Institutional and Policy Issues in Transportation
Units: 4 Terms Offered: Sp Analysis of policies relating to transportation alternatives; institutional environment and background; federal, state, regional, and local agency responsibilities and interactions. Duplicates Credit in former PLUS 581. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CE-634

PPD 635 Principles of Transportation Systems Analysis
Units: 4 Terms Offered: Fa Planning, design, modeling, and operation of inter- and intra-urban transportation networks. Analysis of contemporary engineering-economic issues relevant to transport, especially questions pertaining to infrastructure. Duplicates Credit in former PLUS 582. Instruction Mode: Lecture Grading Option: Letter

PPD 636 Infrastructure and Modern Society
Units: 2 Terms Offered: Sp Survey of infrastructure issues that relates principles from multiple disciplines to the provision of vital services and encourages critical thinking within a systems context. Instruction Mode: Lecture Grading Option: Letter

PPD 637 Forecasting and Urban Planning: A Survey of Theory and Methods
Units: 4 Terms Offered: Sp Overview of forecasting methods and applications in urban planning processes used to determine urban futures; includes theoretical and institutional factors as well as quantitative methods. Instruction Mode: Lecture Grading Option: Letter

PPD 638 Integrative Seminar
Units: 4 Terms Offered: FaSpSm Individual research and preparation of an integrated comprehensive study coordinated with a sponsor such as a government agency or development firm. Prerequisite: PPD 611, PPD 612. Duplicates Credit in former PLUS 591. Instruction Mode: Lecture Grading Option: Letter

PPD 639 Introduction to Community and Economic Development
Units: 4 Terms Offered: FaSpSm Theories of community and economic development and a contextual understanding of the forces that change the development and community life of urban areas. Instruction Mode: Lecture

PPD 640 Leadership Foundations: Competencies and Core Values
Units: 4 Terms Offered: Sm An intensive introduction to leading through core values. Focuses on developing leadership skills at the personal level to build a foundation for leadership at all levels. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 641 Leading Individuals, Groups and Teams
Units: 4 Terms Offered: Fa Leadership styles in various settings; team demographics, and dynamics; problem-solving; decision-making; diversity and critical thinking skills; effect of culture on small group communication; managing conflict. Prerequisite: PPD 640. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 642 Strategic Leadership of Organizations
Units: 4 Terms Offered: Sp Strategic analysis; strategic planning; leadership; performance measurement and management; control systems; organizational structure and networks; organizational culture; organizational learning and change. Prerequisite: PPD 641. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 643 Leading Transformations Across Sectors: Integrative Seminar
Units: 4 Terms Offered: Sm Application and practice of leadership skills working across the public, private and nonprofit sectors. Skills include negotiation, collaboration, communication, political management and ethical responsibilities. Prerequisite: PPD 642. Registration Restriction: Open only to Executive Master in Leadership students. Instruction Mode: Lecture Grading Option: Letter

PPD 644 Shaping the Built Environment
Units: 4 Introduction to the theories and concepts and good city form. Explores the options for designing more livable and sustainable urban communities. Instruction Mode: Lecture Grading Option: Letter

PPD 645 Professional Development
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: Irregular Selected topics in the practical application of administrative concepts. Duplicates Credit in former PUAD 502. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 646 Fieldwork
Units: 1, 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Supervised study of management activities in governmental agencies. Duplicates Credit in former PUAD 503. Instruction Mode: Lecture Grading Option: Credit/No Credit

PPD 647 Finance of the Public Sector
Units: 4 Terms Offered: Sp Sources of government revenue, intergovernmental financial relations, budgeting, public goods theory. Theoretical and applied skills in analysis of equity and efficiency issues. Prerequisite: PPD 501b. Duplicates Credit in former PUAD 513. Instruction Mode: Lecture Grading Option: Letter

PPD 648 Concepts and Practices of Public Budgeting
Units: 4 Terms Offered: Irregular Budget planning, budget formulation, tools for budget analysis and budget implementation. Duplicates Credit in former PUAD 515. Instruction Mode: Lecture Grading Option: Letter

PPD 649 Concepts and Practices in Public Personnel Administration
Units: 4 Terms Offered: FaSm Concepts of man and of work; workforce; government personnel systems, including merit concepts, classification, and compensation; collective bargaining; organizational justice; training and development. Duplicates Credit in former PLUS 516. Instruction Mode: Lecture Grading Option: Letter

PPD 650 Organization Development in Public Administration
Units: 4 Terms Offered: FaSp Sm Overview of concepts and methodologies of organization development; diagnosing organizational needs; developing change strategies; selecting appropriate interventions. Duplicates Credit in former PUAD 517. Instruction Mode: Lecture Grading Option: Letter

PPD 651 Seminar in the Administration of Local Government
Units: 4 Terms Offered: Irregular Intensive consideration of the functions of the municipal executive and his environment. Research preparation and discussion of cases. Duplicates Credit in former PUAD 520. Instruction Mode: Lecture Grading Option: Letter

PPD 652 Financial Administration in Local Government
Units: 4 Terms Offered: Irregular Revenue sources, fees and charges, benefit assessments, financing economic development and redevelopment, issuing and managing debt, current asset management, and state-local relations. Duplicates Credit in former PUAD 521. Instruction Mode: Lecture Grading Option: Letter

PPD 653 Training in the Public Sector
Units: 4 Terms Offered: Fa Emergence of public service training; learning theories; program development process — assessing needs, design, delivery, and evaluation; role of media; individual, group, organization development; managing training. Duplicates Credit in former PUAD 522. Instruction Mode: Lecture Grading Option: Letter

PPD 654 Information Technology Management in the Public Sector
Units: 4 Terms Offered: FaSpSm Application of computer and information technology in government; e-government; information technology architecture; systems project management. Duplicates Credit in former PPD 518. Instruction Mode: Lecture Grading Option: Letter

PPD 655 Administrative Law and Public
Management
Units: 4 Terms Offered: FaSpSm
Administrative perspectives on legal principles of agency rule-making and adjudication; distinctions between the two; informal administrative actions; decision-making; judicial review; public control of administrative decisions. Instruction Mode: Lecture Grading Option: Letter
PPD 656 Political Management: Theory and Applied Techniques
Units: 4 Terms Offered: Sm Political management theories; strategy formation; research and data collection approaches; computer applications; electronic databases; issue management; problem-solving techniques; ethical considerations. Duplicates Credit in former PUAD 545. Instruction Mode: Lecture Grading Option: Letter
PPD 657 Political Leadership in Public Organizations
Units: 4 Terms Offered: Sp Concepts and skills for public executives and senior managers; understanding the dynamics of governmental institutions and policy processes; organizational and personal assessment skills. Duplicates Credit in former PUAD 546. Instruction Mode: Lecture Grading Option: Letter
PPD 658 Advocacy in Public Administration
 Units: 4 Terms Offered: Fa Perspectives on advocacy in the policy process; practice of advocacy; accessing the policy process; simulation of the advocacy process; ethical considerations. Duplicates Credit in former PUAD 547. Instruction Mode: Lecture Grading Option: Letter
PPD 659 National Security Administration and the Domestic and International Environment
Units: 4 Terms Offered: Irregular Interplay of domestic and international environments; resultant constraints upon national security program administration; administrative and organizational implications for future scenarios. Duplicates Credit in former PUAD 549. Instruction Mode: Lecture Grading Option: Letter
PPD 660 Local Agency Debt and Cash Administration
Units: 4 Terms Offered: Irregular Overview of methods of debt and cash administration including official statement analysis; mechanics of different types of issues; and cash management principles. Duplicates Credit in former PUAD 550. Instruction Mode: Lecture Grading Option: Letter
PPD 661 Intergovernmental Management: Local Perspective
Units: 4 Terms Offered: Fa Role of city, special district, and metropolitan governments in intergovernmental relations; intergovernmental impacts on local policy process and service delivery; management problems and alternatives. Duplicates Credit in former PUAD 552. Instruction Mode: Lecture Grading Option: Letter
PPD 662 Intergovernmental Management: State Perspective
Units: 4 Terms Offered: FaSp Role of state government in intergovernmental relations, emphasis on California experience; financial aspects of intergovernmental system. Duplicates Credit in former PUAD 553. Instruction Mode: Lecture Grading Option: Letter
PPD 663 Intergovernmental Management: Federal Perspective
Units: 4 Terms Offered: Irregular Role of national government in intergovernmental process; impact of federal legislative, executive, and judicial actions on state and local government; intergovernmental policy-making process. Duplicates Credit in former PUAD 554. Instruction Mode: Lecture Grading Option: Letter
PPD 664 Contract Management
Units: 2 Terms Offered: Irregular Contract management techniques in the public and private sectors; micro and macro management; compliance and negotiation; conflicts of interest and ethical issues. Instruction Mode: Lecture Grading Option: Letter
PPD 665 Contemporary Issues in Philanthropy
Units: 4 Motivations and strategies of philanthropists; philanthropic foundations and emerging institutions for philanthropy; issues of philanthropic stewardship, public policy and public accountability. Instruction Mode: Lecture Grading Option: Letter
PPD 666 Administrative Research and Analysis
Units: 4 Terms Offered: Irregular Theory and methods for study of administrative effectiveness: problem solving, performance measurement, administrative and organizational research, quality improvement, and change implementation. Prerequisite: PPD 502. Duplicates Credit in former PUAD 556. Instruction Mode: Lecture Grading Option: Letter
PPD 667 Public Ethics
Units: 4 Terms Offered: Irregular Following an introduction to the study of ethics, relationships among administrative, political and policy ethics are examined, emphasizing the ethics of the administrative role. Duplicates Credit in former PUAD 560. Instruction Mode: Lecture Grading Option: Letter
PPD 668 Entrepreneurship in the Public Sector
Units: 4 Terms Offered: Irregular Providing public services through the private and nonprofit sectors; public-private partnerships; political and organizational skills required for public entrepreneurship. Duplicates Credit in former PUAD 561. Instruction Mode: Lecture Grading Option: Letter
PPD 669 Federal Management Systems
Units: 4 Terms Offered: Irregular Providing principal institutions and processes in federal government for overhead leadership and control; examines Office of Management and Budget, Office of Personnel Management, Merit Systems Protection Board, General Services Administration, and General Accounting Office. Duplicates Credit in former PUAD 564. Instruction Mode: Lecture Grading Option: Letter
PPD 670 Management of Intergovernmental Programs
Units: 4 Terms Offered: Irregular Analysis of relationships among governmental units in delivery of governmental programs; historical development of intergovernmental relations; present status and future implications. Duplicates Credit in former PUAD 566. Instruction Mode: Lecture Grading Option: Letter
PPD 671 Decision-Making in Regulatory Agencies
Units: 4 Terms Offered: Irregular Risk assessment, management, and communication concepts and practices; comparisons of regulatory decision making in regulatory agencies; emerging benefit assessment, cost-effectiveness, and communication issues. Duplicates Credit in former PUAD 567. Instruction Mode: Lecture Grading Option: Letter
PPD 672 Presidency, Congress, and the Bureaucracy
Units: 4 Terms Offered: Irregular Relationships in national government among political executive, legislative, and administrative units; reviews institutions, formal processes, and political dynamics. Duplicates Credit in former PUAD 568. Instruction Mode: Lecture Grading Option: Letter
PPD 673 Strategic Planning in the Public Sector
Units: 4 Terms Offered: Irregular Field application of action research models for strategic planning in public agencies; design of effective public systems; citizens/administrators' roles in strategic decision-making. Duplicates Credit in former PUAD 574. Instruction Mode: Lecture Grading Option: Letter
PPD 674 Science, Technology, and Government
Units: 4 Terms Offered: Irregular Impact of science/technology on governmental policy, processes, institutions; critical policy areas in science/technology; machinery for formulating science policy; government impact on science/technology. Duplicates Credit in former PUAD 575. Instruction Mode: Lecture Grading Option: Letter
PPD 675 Nonprofit Management and Leadership
Units: 4 Terms Offered: Irregular Issues in nonprofit management and leadership including: the role of boards; strategic planning; marketing and fund-raising; financial management; and volunteer and human resource management. Recommended Preparation: PPD 689. Instruction Mode: Lecture Grading Option: Letter
PPD 676 Comparative Public Administration
Units: 4 Terms Offered: Irregular Methodologies, theories and models of comparison; administrative systems; role and functions of the public sector; administrative cultures. Duplicates Credit in former PUAD 579. Instruction Mode: Lecture Grading Option: Letter
PPD 677 International Development
Administration
Units: 4 Terms Offered: Sp Development of theories; role of international institutions in resource exchanges; foreign investment and trade policies; national planning and allocation systems; development and modernization strategies and implementation. Duplicates Credit in former PUAD 581. Instruction Mode: Lecture Grading Option: Letter

PPD 678 Processes of Change in Developing Societies
Units: 4 Terms Offered: Irregular Nature of traditional and transitional societies; theories and practice of developmental change; role of bureaucracy in development; institution building; public enterprise; technology assessment and transfer. Duplicates Credit in former PUAD 582. Instruction Mode: Lecture Grading Option: Letter

PPD 679 Financial Administration in Developing Countries
Units: 4 Terms Offered: Sm Public sector finance; tax policy and administration; budgeting and auditing; debt management; public enterprise and development banks; planning; techniques; project assessment. Duplicates Credit in former PUAD 583. Instruction Mode: Lecture Grading Option: Letter

PPD 680 Development of Effective Groups and Organizations
Units: 4 Terms Offered: Fa Theories and techniques of assessing and improving interpersonal relationships and group dynamics in an organizational context; action research-based approaches to implementing organizational change. Duplicates Credit in former PUAD 586. Instruction Mode: Lecture Grading Option: Letter

PPD 681 Public Organization and Management Theory
Units: 4 Terms Offered: FaSp Nature and management of public organizations; examination of organizational characteristics, forms, and processes, including the relationship with the broader environment. Duplicates Credit in former PUAD 595. Instruction Mode: Lecture Grading Option: Letter

PPD 682 Justice Administration: A Management Perspective
Units: 4, 2 years Terms Offered: Fa Justice administration as an interactive system: law, etiology of crime, police, the judiciary and corrections. Interface of offenders with community and political force fields. Duplicates Credit in former PUAD 540. Instruction Mode: Lecture Grading Option: Letter

PPD 683 Homeland Security and Public Policy
Units: 4 Terms Offered: FaSp Definition and history of terrorism, counterterrorism, domestic policy and public sector management; intelligence/information sharing and analysis; emergency preparedness planning, response and recovery. Instruction Mode: Lecture Grading Option: Letter

PPD 684 Leadership Development in the Public and Nonprofit Sectors
Units: 2 Terms Offered: Fa An overview of leadership concepts, frameworks and skills; application of leadership in complex or intersectoral settings. Instruction Mode: Lecture Grading Option: Letter

PPD 685 Human Resources Management in Public and Non-Profit Sectors
Units: 2 Terms Offered: Fa Merit principles, position classification, recruitment and selection, compensation, organizational development, labor relations; challenges and strategies for managing a diverse workforce. Instruction Mode: Lecture Grading Option: Letter

PPD 686 U.S. Immigration Policy
Units: 4 Terms Offered: Sp Overall understanding of contemporary U.S. immigration policy. Instruction Mode: Lecture Grading Option: Letter

PPD 687 Strategic Management in the Nonprofit Sector
Units: 4 Terms Offered: Sp Strategic management of nonprofit organizations, social entrepreneurship, and management practice. Prerequisite: PPD 675 and PPD 689. Instruction Mode: Lecture Grading Option: Letter

PPD 688 Business and Public Policy
Units: 4 Terms Offered: Irregular The business-government relationship; effects of selected public policies (antitrust, economic, and social regulation, industrial policies, legal policy) on firm and industry behavior. Prerequisite: PPD 501b. Duplicates Credit in former PUAD 557. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Terms Offered: FaUrbanization, urban economics, land use, the politics of growth, governance, regulation, and the state, immigration, and place promotion. Instruction Mode: Lecture
Grading Option: Letter

**PPD 715 Political Economy and Institutional Analysis**
Units: 4 Institutional dimension of political economy; analytic approaches in institutional analysis and their relevance for understanding the interactions between political and economic factors in public-sector issues. **Prerequisite:** PPD 501a. Instruction Mode: Lecture
Grading Option: Letter

**PPD 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 18.0 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Duplicates Credit in former PLUS 790 and PUAD 790. Instruction Mode: Lecture
Grading Option: Credit/No Credit

**PPD 794a Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit

**PPD 794b Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit

**PPD 794c Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit

**PPD 794d Doctoral Dissertation**
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Duplicates Credit in former PLUS 794abcdz and PUAD 794abcdz. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit

**PPD 797 Law of the Political Process**
Units: 2, 3, 4 Max Units: max 8 (Enroll in LAW 795) **Prerequisite:** PPD 501b, PPD 554. Duplicates Credit in former PLUS 605. Instruction Mode: Lecture
Grading Option: Letter

**PPDE 580 Social Innovation**
Units: 4 Strategies and processes of social innovation in the context of economics, institutional, and innovation theory. How social innovation materializes across all sectors, including the government, nonprofit, and for-profit spheres. Critical thinking and practical application development to solve social problems. Instruction Mode: Lecture
Grading Option: Letter

**PPDE 589 Public Policy and Administration in the European Union, Germany, and the United States**
Units: 6 Terms Offered: SmGovernance issues from a comparative perspective with a special focus on the US, Germany and the European Union. Instruction Mode: Lecture
Grading Option: Letter

Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: max 8 Terms Offered: FaSpSm Seminar in selected topics in journalism. Instruction Mode: Lecture Grading Option: Letter

Pharmaceutical Sciences

PSCI 501 Drugs: Principles of ADME and Bioavailability
Units: 4 Terms Offered: Fa Principles of drug formulation, delivery, metabolism and transport; influence of physicochemical properties, physiology, and pharmacogenetics on these properties; drug-drug interactions; and pharmacokinetics. Instruction Mode: Lecture Grading Option: Letter

PSCI 502 Principles of Therapeutic Mechanisms
Units: 4 Terms Offered: Fa Principles of mechanisms of actions of common drug classes, medicinal chemistry, pharmacology, drug interactions with protein targets, biologics, drug targeting and nanotechnology. Instruction Mode: Lecture Grading Option: Letter

PSCI 511 Drugs: Solubility, Dissolution and Absorption
Units: 2 Terms Offered: Fa Drug formulation based on physicochemical properties, ionization, solubility, rate of solution, partitioning; methods to improve these properties to enhance absorption. Instruction Mode: Lecture Grading Option: Letter

PSCI 512 Drugs: Metabolism and Transporters
Units: 2 Terms Offered: Sp Drug metabolism and transport, mechanism of CYP P450 enzymes, chemistry of metabolic pathways, prediction of metabolism, mechanism of drug uptake and efflux, drug-drug interactions. Instruction Mode: Lecture Grading Option: Letter

PSCI 513 Drugs: Biologies and Specialty Pharmaceuticals
Units: 2 Terms Offered: Sp Formulation and delivery of biologics, mechanism of action and use of biologics in major disease states, and value of specialty pharmaceuticals. Instruction Mode: Lecture Grading Option: Letter

PSCI 515 Drugs: Genetics and Pharmacogenetics
Units: 2 Terms Offered: Sp Drug-related genetics principles, pharmacogenetics influencing drug action, including individual responses to drugs based on SNPs; and genetic engineering and gene therapy. Instruction Mode: Lecture Grading Option: Letter

PSCI 531 Cell Biology
Units: 4 (Enroll in INTD 531)

PSCI 556 Principal Research Approaches and Scientific Writing
Units: 4 Terms Offered: Fa Familiarizes new graduate students with basic approaches used in biomedical research, with a focus on approaches in pharmaceutical, pharmacological and translational sciences. Provides an understanding of what to expect in the coming years as a graduate student doing biomedical research and in scientific writing. Instruction Mode: Lecture Grading Option: Letter

PSCI 557 Introduction to Tools and Techniques for Chemical Biology
Units: 4 Terms Offered: Fa Multidisciplinary science where the knowledge of chemistry is utilized to solve problems in biology, and biological systems are evolved to gain new functions. This course aims to establish a great opportunity for graduate students at the interface of biology and chemistry. Recommended Preparation: formal course work in chemistry and biochemistry. Instruction Mode: Lecture, Discussion Grading Option: Letter

PSCI 561 Molecular Biology
Units: 4 Terms Offered: Fa (Enroll in INTD 561)

PSCI 571 Biochemistry
Units: 4 Terms Offered: Fa (Enroll in INTD 571)

PSCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSCI 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Prerequisite: completion of all required course work for...
the MS degree. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 594b Master's Thesis
Units: 2 Terms Offered: FaSp Credit on acceptance of thesis. Prerequisite: completion of all required course work for the MS degree. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 594z Master's Thesis
Units: 0 Terms Offered: FaSp Credit on acceptance of thesis. Prerequisite: completion of all required course work for the MS degree. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Topics in advanced pharmaceutical sciences. Instruction Mode: Lecture Grading Option: Letter

PSCI 633 Free Radical Chemistry, Biology, and Medicine
Units: 4 Terms Offered: Fa (Enroll in GER 666)

PSCI 655 Immunopharmacapeutics
Units: 2, 2 years Terms Offered: Fa Lectures and discussion sessions on pharmacologically related immunology, including drugs affecting the immune system, antibodies and cytokines as drugs, and new developments in immunobiotechnology. Instruction Mode: Lecture Grading Option: Letter

PSCI 662 Advanced Pharmacokinetics/Pharmacodynamics

PSCI 664 Drug Discovery and Design

PSCI 665 Drug Transport and Delivery

PSCI 667 Intracellular Drug Delivery and Targeting
Units: 2, 2 years Terms Offered: Sp Mechanisms of membrane trafficking and intracellular transport and the utilization of these mechanisms in drug delivery and targeting. Recommended Preparation: college level chemistry and biology. INTD 531. Instruction Mode: Lecture Grading Option: Letter

PSCI 756a Seminar in Pharmaceutical Sciences
Units: 1 Terms Offered: FaSpSm Review of current pharmaceutical and related research topics. Instruction Mode: Lecture Grading Option: Letter

PSCI 756b Seminar in Pharmaceutical Sciences
Units: 1 Terms Offered: FaSpSm Review of current pharmaceutical and related research topics. Instruction Mode: Lecture Grading Option: Letter

PSCI 790 Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSCI 791l Research
Units: 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: no max Directed research for the MS thesis or PhD dissertation.

PSCI 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSCI 794e Doctoral Dissertation
Units: 0 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Psychology

PSYC 100l Introduction to Psychology
Units: 4 Terms Offered: FaSpSm Factors that influence human behavior, including learning, thinking, perception, motivation, and emotion; analysis of determinants of development, adjustment, and maladjustment. Satisfies New General Education in Category D: Life Sciences

Institution Mode: Lecture, Lab Required Grading Option: Letter

PSYC 101l The Science of Happiness
Units: 4 Evaluates scientific research on human happiness. Integrates research from psychology, economics, and neuroscience in the evaluation of personal and public policy choices. Satisfies Old General Education in Category IV: Science and Its Significance

Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 200l Analytical Thinking and Reasoning in Health Care
Units: 4 Critical analysis and reasoning skills required to solve scientific problems in human behavior, including presentation of data, logic of research design, statistics, and research ethics. Satisfies New General Education in Category F: Quantitative Reasoning

Instruction Mode: Lecture Grading Option: Letter

PSYC 274l Statistics
Units: 4 Terms Offered: FaSpSm Introduction to the use of statistics in psychology: basic ideas in measurement; frequency distributions; descriptive statistics; concepts and procedures in statistical inference. Recommended Preparation: PSYC 100. Satisfies New General Education in Category F: Quantitative Reasoning

Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 275l Language and Mind
Units: 4 Terms Offered: FaSp (Enroll in LING 275)

PSYC 290x Supervised Research in Psychology
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Supervised Research with department faculty. Prerequisite: PSYC 100.

Instruction Mode: Lecture Grading Option: Letter

PSYC 301l Cognitive Processes
Units: 4 Terms Offered: Irregular Experimental and theoretical aspects of human memory, perception, thinking, and language. Prerequisite: PSYC 100.

Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 304l Sensation and Perception
Units: 4 Terms Offered: Irregular Receptor processes and stimulus organization; traditional topics in the perception of objects, space, time. Prerequisite: PSYC 100.

Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 305 Learning and Memory
Units: 4 Terms Offered: Irregular Principles involved in classical and operant conditioning. Concentration on basic causes of behavior; consideration of the relevance of simple behavioral laws to complicated human behavior. Prerequisite: PSYC 100.

Instruction Mode: Lecture Grading Option: Letter
PSYC 314L Research Methods
Units: 4 Terms Offered: FaSpSm
Experimental research methods in psychology; nature and concepts of scientific method. Prerequisite: PSYC 100 and PSYC 274. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 316L Non-Experimental Research Methods
Units: 4 Terms Offered: FaSpSm Non-experimental research methods in psychology. Observational, survey and data analysis exercises. Prerequisite: PSYC 100 and PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 320 Principles of Psychobiology
Units: 4 Terms Offered: Irregular The integrative study of bio-behavioral systems. Evolutionary, developmental, ecological, social, ethological, and physiological factors mediating representative behavioral and psychological phenomena are examined in detail. Prerequisite: PSYC 100L. Instruction Mode: Lecture Grading Option: Letter

PSYC 326 Behavioral Neuroscience
Units: 4 Terms Offered: FaSp Neural bases of behavior. Concentration on sensory and motor processes and the interaction of neural, chemical, and hormonal systems. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 336L Developmental Psychology
Units: 4 Terms Offered: FaSp Child and adolescent behavior and associated theories; exploration of the continuity between child and adult behavior. Prerequisite: PSYC 100. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 337L Adult Development and Aging
Units: 4 Genetic, physical, and social influences during adult years on perception, learning and memory, intelligence, personality, social roles, and normal and deviant behavioral patterns. Prerequisite: PSYC 100. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 339L Origins of the Mind
Units: 4 Terms Offered: Sp Exploration of ancient philosophical questions concerning the origins of human knowledge through empirical studies of infants, animals, and adults from diverse cultures. Satisfies New General Education in Category D: Life Sciences Satisfies Old General Education in Category IV: Science and Its Significance. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 353g Close Relationships
Units: 4 Terms Offered: FaSp Scientific perspective of close relationships: intimate relationships, friendships and others, evolutionary and biological bases of attraction and love, historical, social, cultural influences. Prerequisite: PSYC 100. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture Grading Option: Letter

PSYC 355 Social Psychology
Units: 4 Terms Offered: FaSp Theoretical and experimental analysis of human behavior. Social processes involved in attitudes, conformity, compliance, interpersonal perception, liking, affiliation, aggression, altruism, and group dynamics. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 360 Abnormal Psychology
Units: 4 Terms Offered: FaSp The commonly diagnosed behavior pathologies; biological, social, cultural, and developmental antecedents of abnormal behavior; principles of learning, perception, and motivation, as they relate to psychopathology. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 361 Introduction to Clinical Psychology
Units: 4 Terms Offered: Irregular Introduction to the scientist-practitioner model of clinical psychology, including research methods, psychological assessment and diagnosis, psychotherapeutic interventions, and treatment of special populations. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 363 Criminal Behavior
Units: 4 Genetic, biological, psychological, and sociological characteristics of those who evidence criminal behavior; theoretical formulations to be reviewed and appraised. Prerequisite: PSYC 100. Duplicates Credit in the former PSYC 463. Instruction Mode: Lecture Grading Option: Letter

PSYC 365 Introduction to Forensic Psychology
Units: 4 Terms Offered: FaSpSm Survey of current topics, technologies and techniques. Students acquire a basic understanding of how forensic psychologists contribute their unique expertise to the American legal system. Prerequisite: PSYC 100. Duplicates Credit in the former PSYC 465. Instruction Mode: Lecture Grading Option: Letter

PSYC 367g Stress, Health, and the Mind-Body Connection
Units: 4 Terms Offered: Fa Introduction to psychological, biological, and behavioral processes affecting physical health, including stress, coping with disease, health behaviors, and socioeconomic and cultural influences on health. Prerequisite: PSYC 100 Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture Grading Option: Letter

PSYC 372 Human Sexuality
Units: 4 Psychological and physiological base of sexuality; gender identity, childbearing, birth control, venereal diseases; dysfunctions and treatments. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-372

PSYC 380 Junior Honors Seminar
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Advanced study of scientific inquiry in psychology with in-depth analysis of current research by faculty in the Psychology Department. Preparation for senior honors thesis research. Corequisite: PSYC 314. Instruction Mode: Lecture Grading Option: Letter

PSYC 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PSYC 391 Directed Field Experience in Psychology
Units: 1, 2, 3, 4 Max Units: 4.0 Terms Offered: SpSm Individual field experience and independent study supervised by an on-site professional and USC faculty sponsor. Prerequisite: PSYC 100; Recommended Preparation: minimum of three courses completed in psychology. Instruction Mode: Lecture Grading Option: Letter

PSYC 404L Psychophysiology of Emotion
Units: 4 Terms Offered: Irregular Introduction to the scientific study of emotional behavior. Emphasizes research into relations between physiological and psychological variables underlying emotional experience. Prerequisite: PSYC 100, PSYC 274, and PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 405 Child Language Acquisition
Units: 4 (Enroll in LING 405)

PSYC 406 Psycholinguistics
Units: 4 (Enroll in LING 406)

PSYC 407 Atypical Language
Units: 4 (Enroll in LING 407)

PSYC 412 Current Topics In Social Psychology
Units: 4 Terms Offered: Sp Extensive examination of select current research in social psychology, based on original research papers. Specific topics change by semester. Prerequisite: PSYC 274L and PSYC 314L

PSYC 415L Psychological Measurement
Units: 4 Classical and modern approaches to psychological measurement; scaling; test construction; true score reliability model; generalizability theory; validity; decision theoretic selection; item analysis; item response theory. Prerequisite: PSYC 314. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 418 Experimental Exploration into the Origins of Cognition
Units: 4 Exploration of the origins of cognition via the basics of experimental design, 3D computer modeling, data analysis, and scientific presentation. Recommended Preparation: PSYC 314 or background in experimental research. Instruction Mode: Lecture Grading Option: Letter

PSYC 420 Animal Behavior
Units: 4 Exploration of human nature through studies of nonhuman animals, including topics of navigation, culture, object representation, social cognition, music, and morality. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 421L Data Analysis for Psychological Research
Units: 4 Multivariate analysis emphasizing
model estimation and testing; topics vary, e.g., multiple regression, logistic regression, factor analysis, multilevel linear modeling, structural equation modeling, multivariate frequency analysis. Prerequisite: PSYC 314. Instruction Mode: Lecture, Lab Required

Grading Option: Letter

PSYC 422 Human Judgment and Decision Making
Units: 4 Descriptive and normative models of decision making; topics include probability judgments, inference, correlation, emotion, mental accounting, decision analysis, lens model, equity, social dilemmas, time, risk. Prerequisite: PSYC 314. Instruction Mode: Lecture Grading Option: Letter

PSYC 423 User Experience
Units: 4 Terms Offered: FaSp Enroll in MDA 423

PSYC 424 Neuropsychology
Units: 4 Terms Offered: Irregular Effects of brain damage on human behavior and abilities, particularly language, memory, and emotion. Instruction Mode: Lecture Grading Option: Letter Crosslisted as NEUR 424

PSYC 425 Functional Imaging of the Human Brain
Units: 4 Terms Offered: Irregular Introduction to the physical and physiological bases of Magnetic Resonance Imaging (MRI), and principles of functional MRI, safety, design and analysis of experiments, and operation. Prerequisite: PSYC 100Lg and PSYC 274Lg. Instruction Mode: Lecture Grading Option: Letter

PSYC 426 Motivated Behaviors and Addiction
Units: 4 Terms Offered: Other Social, environmental, and physiological influences on behaviors associated with aggression, eating, reproduction, and sleep. Will focus on behavioral disorders such as addiction. Prerequisite: PSYC 100 Recommended Preparation: Junior or Senior Standing Instruction Mode: Lecture Grading Option: Letter

PSYC 428 Advanced Psychobiology Seminar
Units: 4 Terms Offered: FaSp Topics in psychobiology, including brain mechanisms that provide for perception, motivation, and memory. Student led mini-lectures and discussion in seminar format. Prerequisite: PSYC 304L or PSYC 326 Instruction Mode: Lecture Grading Option: Letter

PSYC 430 Social Development of Infants, Children and Adolescents
Units: 4 An analysis of selected topics and issues in child social development. Prerequisite: PSYC 100. Recommended Preparation: PSYC 274, PSYC 314, PSYC 336. Instruction Mode: Lecture Grading Option: Letter

PSYC 433 Children's Learning and Cognitive Development
Units: 4 Principles of cognitive development, learning, and motivation applied to the development of literacy: includes tutoring a child two hours per week. Prerequisite: PSYC 336. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-

433

PSYC 434 Intelligence, Problem Solving and Creativity
Units: 4 Psychometric and experimental approaches to the study of intelligence, problem solving, reasoning and creativity, including analysis of mental test construction and validity. Prerequisite: PSYC 100 and PSYC 274. Instruction Mode: Lecture Grading Option: Letter

PSYC 437 Adolescent Development
Units: 4 Terms Offered: FaSp The adolescent years from both an applied and a research-oriented perspective. Topics include physical, cognitive, and moral development; socialization; and sexual and sex-role development. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 438 Behavioral Genetics
Units: 4 Terms Offered: Irregular Inheritance and evolution of behavioral characteristics in man and other species. Prerequisite: PSYC 274. Instruction Mode: Lecture Grading Option: Letter

PSYC 440 Introduction to Cognitive Neuroscience
Units: 4 Terms Offered: Sp Introduction to the major components of cognition (perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas. Prerequisite: PSYC 100, Instruction Mode: Lecture Grading Option: Letter Crosslisted as NEUR-440

PSYC 450 Neural Network Models of Social and Cognitive Processes
Units: 4 Terms Offered: Irregular Introduction to using neural network or connectionist models to simulate cognitive, social, emotional and motivational processes; basic concepts and tools in computational neuroscience. Prerequisite: PSYC 100Lg Recommended Preparation: Basic knowledge of programming is helpful, but not required Instruction Mode: Lecture Grading Option: Letter

PSYC 451 Formation and Change of Attitudes
Units: 4 Terms Offered: Irregular Effects of socialization, personal influence, propaganda and social structure on private attitudes and public opinion. Prerequisite: PSYC 100 and PSYC 355. Instruction Mode: Lecture Grading Option: Letter

PSYC 453 Intergroup Relations
Units: 4 Examination of the nature of relations between human groups and the psychological mechanisms relating to intergroup conflict, war, genocide, stereotyping, prejudice, and discrimination. Prerequisite: PSYC 355. Instruction Mode: Lecture Grading Option: Letter

PSYC 454 Social Cognition
Units: 4 Terms Offered: Irregular Theory and research on cognitive processes in social behavior, to include social inference, cognition and emotion, the Self, social categorization, person memory, and attribution processes. Prerequisite: PSYC 100; PSYC 355 recommended. Instruction Mode: Lecture Grading Option: Letter

PSYC 456 Conservation Psychology
Units: 4 Terms Offered: Fa Examination of theories, research, interventions regarding psychology of environmental sustainability including cognition, emotion, behavior, attitudes, persuasion, values, social identity, consumerism, and science of happiness. Recommended Preparation: PSYC 100Lg Instruction Mode: Lecture Grading Option: Letter

PSYC 459 Industrial/Organizational Psychology
Units: 4 I/O Psychologists develop and apply scientifically supported solutions to the workplace. "Industrial" deals with human resource functions, and "Organizational" with psychological aspects of the organization. Prerequisite: PSYC 100 Recommended Preparation: PSYC 316 Instruction Mode: Lecture Grading Option: Letter

PSYC 462m Culture and Mental Health
Units: 4 Terms Offered: Irregular The influence of culture, ethnicity, race and gender on human behavior. Mental health issues relevant to ethnic minorities in the U.S. Recommended Preparation: sophomore standing or higher; PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 464 Psychology of Marriage and the Family
Units: 4 Theories and research on family relationships across the life span, including research methods, cultural and developmental perspectives, communication, conflict, attachment, individual psychopathology and family violence. Prerequisite: PSYC 100. Instruction Mode: Lecture Grading Option: Letter

PSYC 469 Schizophrenia Research
Units: 4 Terms Offered: Irregular Current research on possible causes of schizophrenia. Topics: history, diagnosis, genetics, neural development, obstetrics, psychosocial factors, brain imaging, psychopharmacology, premorbid signs and aging. Prerequisite: PSYC 100; Recommended Preparation: read current professional journals related to schizophrenia. Instruction Mode: Lecture Grading Option: Letter

PSYC 480x Senior Honors Seminar
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Advanced study of empirical approaches in psychology. Progress presentations and evaluations of Senior Honors Thesis research. In-depth exploration of issues in science. Prerequisite: senior standing in Psychology Undergraduates Honors Program. Instruction Mode: Lecture Grading Option: Letter

PSYC 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSn Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

PSYC 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Selected topics in the various specialty areas within psychology. Topic will vary from semester to semester. Prerequisite: PSYC 100. Instruction Mode: Lecture
Grading Option: Letter

**PSYC 500L. An Overview of Quantitative Methods in Psychology**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
A team taught introduction to analysis of variance, regression analysis, multivariate measurement, and significance testing. Computer laboratory linked to class material using SAS, SPSS, and R.

**PSYC 512 Seminar in Social Psychology**
Units: 4
Terms Offered: Fa
Lecture, Lab Required: Grading Option: Letter

**PSYC 501L. Statistics in Psychological Research**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
A team taught introduction to basic statistical principles and techniques as well as modern improvements in classic inferential methods.

**PSYC 502L. Analysis of Variance and Experimental Design**
Units: 4
Terms Offered: Sp
Prerequisites: None
Course description:
A team taught introduction to three-way and within groups designs, multiple comparisons, ANCOVA, plus related methods based on robust smoothers and multivariate techniques.

**PSYC 503L. Regression and the General Linear Model**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
A team taught introduction to regression analysis as a tool in experimental and non-experimental data; analysis of variance and covariance as regression on coded variables.

**PSYC 504 Research Design**
Units: 4
Terms Offered: Sp
Prerequisites: None
Course description:
A team taught intensive review of research methods in the behavioral sciences. Problem analysis, formulation of research propositions, and procedures for research inference.

**PSYC 505 Research Methods in Applied Social Psychology**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
A team taught introduction to various research techniques that are useful in a variety of different real world settings, such as business, governmental agencies and charities.

**PSYC 506 Learning and Cognition**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
An irregular survey of learning theory and research, including conditioning and information-processing approaches with human and animal subjects.

**PSYC 508 Historical Foundations of Psychology**
Units: 4
Terms Offered: Irregular
Prerequisites: None
Course description:
An irregular history of psychology: clinical, cognitive, developmental, experimental, quantitative, and social; epistemology and philosophy of science as applied to psychology.

**PSYC 511 Seminar in Social Psychology**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
A seminar in social psychology focusing on theories of the person in the social context. Person perception, interpersonal relations, attitude dynamics, social systems.

**PSYC 512 Attitudes and Social Influence**
Units: 4
Terms Offered: FaSpSm
Prerequisites: None
Course description:
A team taught introduction to theories of attitudes and behavior, measurement, attitudes as predictors of behaviors, effects on changing attitudes and behavior. Registration Restriction: Open only to M.S., Applied Psychology students.

**PSYC 514 Psychopathology**
Units: 4
Terms Offered: Fa
Lecture, Lab Required: Grading Option: Letter

**PSYC 515 Clinical Assessment**
Units: 4
Terms Offered: Fa
Lecture, Lab Required: Grading Option: Letter

**PSYC 517 Group Dynamics and Leadership**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
A team taught introduction to test construction, measurement and prediction of behavior, major cognitive and personality assessment instruments.

**PSYC 520 Fundamentals of Psychological Measurement**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
An examination of factor analysis; latent variable; scaling; test construction; classical true score reliability model; generalizability theory; validity; decision theoretic approaches to selection; item analysis; item response theory.

**PSYC 521 Cross Cultural Psychology in Applied Settings**
Units: 4
Terms Offered: Fa
Prerequisites: None
Course description:
An examination of major theoretical frameworks mapping worldwide cultures and values with a focus on applying that knowledge in organizations.

**PSYC 524 Research Design in Developmental Psychology**
Units: 4
Terms Offered: Irregular
Prerequisites: None
Course description:
A team taught introduction to experimental and quasiexperimental paradigms for research on ontogenetic age changes and generational differences in behavior.

**PSYC 530 Concepts and Principles of Behavior Analysis**
Units: 3
Terms Offered: Fa
Prerequisites: None
Course description:
An introduction to the professional practice of behavior analysis. Reviews the Guidelines for Responsible Conduct for Behavior Analysts, as well as the American Psychological Association's Ethical Principles of Psychologists and Code of Conduct.

**PSYC 533 Cognitive Development in Children**
Units: 3
Terms Offered: Sp
Prerequisites: None
Course description:
An introduction to research on brain functioning, perception, memory, language, reasoning and academic skills from birth to adolescence.

**PSYC 535 Research Methods in Behavior Analysis**
Units: 3
Terms Offered: Fa
Prerequisites: None
Course description:
An examination of research methods for measuring behavior. Examines theoretical background for single subject research methods, practical application of research methods to treatment evaluation, and analyzes strengths and limitations of single subject research methods.

**PSYC 536 Behavioral Interventions**
Units: 3
Terms Offered: Sp
Prerequisites: None
Course description:
An examination of empirical supported behavioral interventions across a range of socially relevant behavioral excesses, skill deficits, disorders, and age ranges. Focuses on least-intrusive, person-centered approaches.

**PSYC 537 Development and Supervision of Intervention Systems**
Units: 2
Terms Offered: Fa
Prerequisites: None
Course description:
An introduction to evidence-based approaches to designing behavior change systems at the individual, family, group, and organizational levels.
Examines family and systems variables that affect the likelihood of initial and continued success of interventions. Prerequisite: PSYC 530 and PSYC 556 Instruction Mode: Lecture Grading Option: Letter

PSYC 538 Origins of Human Nature
Units: 4 Exploration of the evolutionary and developmental origins of human nature. Topics include navigation, object and number cognition, culture, sexual behavior, cooperation, language, and morality. Instruction Mode: Lecture Grading Option: Letter

PSYC 539 Behavioral Approaches to Skill Acquisition
Units: 2 Terms Offered: Fa Examines contemporary research on behavioral procedures for teaching complex skills to individuals of a variety ages and populations, including language, social, cognitive, vocational, and independent living skills. Instruction Mode: Lecture Grading Option: Letter

PSYC 540 Cognitive Neuroscience
Units: 4 Terms Offered: Sp An examination of the major components of cognition (e.g., perception, memory, intelligence) in terms of the neural coding characteristic of the relevant brain areas. Instruction Mode: Lecture Grading Option: Letter Crosslisted as NSCI 533

PSYC 544 Psychophysiology
Units: 4 Max Units: 8.0 Terms Offered: Irregular Recent research on relations between basic psychological states (e.g., cognition, learning, emotion) and physiological response processes (e.g., autonomic responses, covert muscle activity). Instruction Mode: Lecture Grading Option: Letter

PSYC 545 Neuropsychology
Units: 4 Terms Offered: Irregular Brain mechanisms underlying perceptual and cognitive functioning: brain damage, loss of function, and clinical assessment. Instruction Mode: Lecture Grading Option: Letter

PSYC 547 Functional Neuroanatomy
Units: 4 Terms Offered: Irregular Regional organization and systems of the mammalian nervous system and their functions. Instruction Mode: Lecture Grading Option: Letter

PSYC 550b Proseminar in Human Behavior
Units: 4 Terms Offered: FaSpSm The nature of the human mind, social interactions, conflicts, cooperative behavior, mutual influence and effectiveness. Application of psychological principles to the dynamics of commercial entities. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 551 Decision Neuroscience
Units: 4 Neuroscience studies attempting to understand the neural basis of judgment and decision-making, social behavior, and market economies. Recommended Preparation: PSYC 547. Instruction Mode: Lecture Grading Option: Letter

PSYC 552 Principles of Consumer Psychology
Units: 4 Examination of the attitudes and decisions of consumers, and how to effectively reach consumers by using persuasion and proper positioning in the marketplace. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 555 Introduction to Functional Magnetic Resonance Imaging
Units: 4 Terms Offered: FaSpSm The physical and physiological bases of MRI and fMRI. Design and analysis of fMRI experiments. Operation of a magnetic resonance imaging system. Instruction Mode: Lecture Grading Option: Letter

PSYC 556 Psychology of Interactive Media
Units: 4 Examination of the diverse methods of communicating with a target audience with a special emphasis on the newest computer-based tools for providing information and influence. Registration Restriction: Open only to Applied Psychology (MS) students Instruction Mode: Lecture Grading Option: Letter

PSYC 556x Organizational Psychology
Units: 4 Terms Offered: FaSpSmExamination of the psychological factors that impact employee motivation, job satisfaction, teamwork, leadership, and organizational development. Registration Restriction: Open only to Master of Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 556 The Psychology of Employee Selection and Assessment
Units: 1 Max Units: 04 Terms Offered: FaSpSm Develop an understanding of recruitment and selection practices, processes, and approaches into the strategic role that recruitment and selection plays in organizational success. Prerequisite: PSYC 56x Registration Restriction: Open only to graduate Applied Psychology students Instruction Mode: Lecture Grading Option: Letter

PSYC 557 Multivariate Analysis of Behavioral Data
Units: 4 Terms Offered: Irregular Multivariate statistical models and contemporary computer methods in multiple regression, multivariate analysis of variance, factor analysis, canonical correlation, repeated measures analysis, and structural equation modeling. Prerequisite: PSYC 500. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PSYC 557b Proseminar in Human Behavior
Units: 4 Terms Offered: FaSpSm The nature of the human mind, social interactions, conflicts, cooperative behavior, mutual influence and effectiveness. Application of psychological principles to the dynamics of commercial entities. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Letter

PSYC 577 Analysis of Covariance Structures
Units: 4 Terms Offered: Irregular Multivariate analysis of non-experimental data, including structural equation modeling, path analysis, and confirmatory factor analysis. Computer applications using variety of optimization routines and purpose-written software. Prerequisite: PSYC 503. Instruction Mode: Lecture Grading Option: Letter

PSYC 578 Workshop in Quantitative Methods
Units: 4 Max Units: 8.0 Practical, hands-on experience in the application of selected quantitative methods to empirical data. Includes training in use of relevant computer software. Prerequisite: PSYC 501 and either PSYC 502 or PSYC 503. Instruction Mode: Lecture Grading Option: Letter

PSYC 586 Advanced Psycholinguistics
Units: 3 Max Units: max 9 (Enroll in LING 586)

PSYC 587 Practicum in Applied Behavior Analysis
Units: 2 Max Units: 10 Terms Offered: FaSpSm Provides supervised practical experience in implementing behavior analytic assessment and treatment services. Meets supervision requirements for the Board Certified Behavior Analyst exam. Students meet with course instructor to present and discuss cases for two hours per week every semester, including one summer session. Practicum hours in the field vary from 18-20 hours per week during the academic year to 30 hours per week during the summer. Instruction Mode: Lecture Grading Option: Letter

PSYC 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 591 Applied Psychology Internship
Units: 2, 3, 4, 5, 6, 7, 8 Max Units: 8.0 Terms Offered: FaSpSm Internship in a non-university setting, such as business, governmental agency, or NGO. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 592 Applied Psychology Treatise
Units: 2 Terms Offered: FaSpSm Requires a research paper of substantial length and high quality that integrates the Internship experience with concepts and principles of human behavior. Registration Restriction: Open only to M.S., Applied Psychology students. Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 598 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593) Instruction Mode: Lecture Grading Option: Credit/No Credit

PSYC 594a Master's Thesis
Units: 3 Terms Offered: Fa (Enroll in LING 576)
PSYC 594a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

PSYC 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Physical Therapy
PT 509 Cellular and Systems Physiology
Units: 3 Terms Offered: Fa Selected subjects in cellular and systems physiology. Emphasis on molecular and cellular aspects of neuromuscular function; also renal and endocrine physiology. Instruction Mode: Lecture Grading Option: Letter

PT 514I. Musculoskeletal Anatomy
Units: 4 Terms Offered: Fa Musculoskeletal anatomy, innervation, blood supply, and function: intensive study of the head, neck, trunk, and limbs. Lecture, dissection laboratory. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 516 Principles of Disease
Units: 1 Terms Offered: Sm Principles and mechanisms of genetics, immunology, infection, wound healing, and oncology. Instruction Mode: Lecture Grading Option: Letter

PT 521I. Basics of Patient Management
Units: 4 Terms Offered: Fa Development of basic decision-making skills, professional behaviors and impairment assessment in patients with musculoskeletal neurologic and/or cardiopulmonary dysfunction. Instruction Mode: Lecture, Lab Required Grading Option: Letter
PT 529 Life Span Motor Control
Units: 2 Terms Offered: Sm Introduction to sensorimotor systems, overview of current perspectives in motor control from fetus through late adulthood, and clinical tests of motor proficiency. Instruction Mode: Lecture Grading Option: Letter

PT 530a Therapeutic Exercise
Units: 2 Terms Offered: Sp Theoretical and practical principles for evaluation of exercise need and prescription of exercise programs. Emphasis on approaches for patients with musculoskeletal deficits. Duplicates Credit in former PT 530. Instruction Mode: Lecture Grading Option: Letter

PT 530b Therapeutic Exercise
Units: 2 Terms Offered: Sm Examination of needs analysis and prescription of exercise programs for special patient populations and assessment of current community trends in exercise and wellness. Duplicates Credit in former PT 530. Instruction Mode: Lecture Grading Option: Letter

PT 534L Neuroanatomy
Units: 3 Terms Offered: Fa Organized approach to structures in the brain, spinal cord and peripheral nervous systems that subserves motor, sensory, and integrative functions, memory, cognitive and special senses. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 536 Pathology of Cardiopulmonary Disease and General Medical Conditions
Units: 3 Terms Offered: Fa Pathology and pathophysiological mechanisms in disease of the cardiac, pulmonary and circulatory systems; examination of diabetes, burns, and other disabling medical disorders. Prerequisite: PT 509, PT 514, PT 516, PT 621, PT 529. Instruction Mode: Lecture Grading Option: Letter

PT 539 Clinical Pharmacology
Units: 1 Terms Offered: Fa Effects of commonly used drugs in patients with physical disability; side effects that alter physical performance or responses to exercise. Instruction Mode: Lecture Grading Option: Letter

PT 546 Neuropathology
Units: 3 Terms Offered: Sp Pathology in the central and peripheral nervous systems that alter motor and sensory performance. Emphasis on loss of motion, excessive and involuntary movement disorders. Prerequisite: PT 516, PT 534. Instruction Mode: Lecture Grading Option: Letter

PT 549L Clinical Exercise Physiology
Units: 4 Terms Offered: Fa Adaptation of the human body to exercise and the use of exercise to modify human function. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 551L Therapeutic Application of Physical Agents
Units: 3 Terms Offered: Sm Physiologic responses to the application of thermal, mechanical, electrophysical, and hydrodynamic therapeutic procedures. Evaluation procedures and intervention planning. Prerequisite: PT 521. Instruction Mode: Lecture, Lab Grading Option: Letter

PT 554L Analytical Anatomy
Units: 3 Terms Offered: Sp Detailed kinesiologic analysis of axial, spine, head, neck, face and bulbar muscles. Prerequisite: PT 514. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 561a Evidence for Physical Therapist Practice
Units: 2 Introduction to a patient-centered Evidence Based Practice model with emphasis on professional communication skills, ethics, professional guidelines, laws and regulations. Instruction Mode: Lecture Grading Option: Letter

PT 561b Evidence for Physical Therapist Practice
Units: 2 Introduction to acquiring, appraising and integrating research evidence. Instruction Mode: Lecture Grading Option: Letter

PT 564 Evidence for Physical Therapist Practice
Units: 2 Advanced critical analysis and application of research evidence. Instruction Mode: Lecture Grading Option: Letter

PT 566 Disorders of the Musculoskeletal System
Units: 3 Terms Offered: Sp Regional description of pathology and pathophysiological mechanisms of disorders of bone, connective tissue, and joints. Lecture, demonstration. Instruction Mode: Lecture Grading Option: Letter

PT 569 Fundamentals of Neuroscience
Units: 4 Terms Offered: Sp Detailed analysis of neurophysiologic mechanisms underlying normal and abnormal motor and sensory function. Prerequisite: PT 509, PT 516, PT 529, PT 534. Instruction Mode: Lecture Grading Option: Letter

PT 571L Clinical Management of Cardiopulmonary Dysfunction
Units: 4 Terms Offered: Fa Physical therapy evaluation and intervention in the care of patients with circulatory, cardiac, or pulmonary dysfunction. Lecture, case presentations, laboratory. Prerequisite: PT 521. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 574 Clinical Biomechanics
Units: 3 Terms Offered: Sp Introduction to the principles of biomechanics (statics, dynamics) as they apply to physical therapy practice. Emphasis on tissue mechanics, joint function and gait. Prerequisite: PT 554. Instruction Mode: Lecture Grading Option: Letter

PT 581L Clinical Management of the Patient with Neurological Dysfunction
Units: 5 Terms Offered: Sp Physical therapy theory and methods for intervention in neurological dysfunction. Prerequisite: PT 509, PT 516, PT 521, PT 529, PT 534. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 582 Mechanics of Human Gait
Units: 2 Terms Offered: Fa An introduction to both normal and pathological gait. Emphasis on the basic components of abnormal ambulation including temporal-spatial factors, joint motion, kinetics, kinematics, and muscle activity. Instruction Mode: Lecture Grading Option: Letter

PT 583L Clinical Electrophysiology
Units: 1 Terms Offered: Sp Use of electrical currents to evaluate and treat musculoskeletal, neurological and wound disorders. Theory and practice. Prerequisite: PT 544L and PT 554L. Instruction Mode: Lecture, Lab Required Grading Option: Letter

PT 600a Clinical Experience
Units: 1 Terms Offered: FaSpSm Practical experience in two- or six-week physical therapy manual skills, decision making and professional behaviors. Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600b Clinical Experience
Units: 3 Terms Offered: FaSpSm Practical experience in six-week physical therapy manual skills, decision making and professional behaviors. Prerequisite: PT 600a Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600d Clinical Clerkship
Units: 3 Terms Offered: FaSpSm Practical experience in eight week physical therapy psychomotor skills, decision making and professional behaviors. Prerequisite: PT 600b Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600d Clinical Clerkship
Units: 4 Terms Offered: FaSpSm Practical experience in eight week physical therapy psychomotor skills, decision making and professional behaviors. Prerequisite: PT 600c Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 600c Clinical Clerkship
Units: 4 Terms Offered: FaSpSm Practical experience in two-week physical therapy psychomotor skills, decision making and professional behaviors. Prerequisite: PT 600d Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 606 Clinical Imaging
Units: 2 Terms Offered: Sp Elements of reading roentgenographs, CAT and MRI scans for the physical therapist. Lecture, demonstration, practical experience. Instruction Mode: Lecture Grading Option: Letter

PT 621L Clinical Management of the Patient with Musculoskeletal Dysfunction
Units: 5 Terms Offered: Sp Physical therapy theory and methods of evaluation and treatment of orthopedic dysfunction. Prerequisite: PT 514, PT 521. Instruction Mode: Lecture, Lab Required Grading
PT 630 Integrated Management of the Upper and Lower Extremities
Units: 3 Terms Offered: FaSp Advanced evaluation and management of upper and lower extremity disorders and related movement dysfunction. Prerequisite: PT 600e. Instruction Mode: Lecture Grading Option: Letter

PT 631 Integrated Patient Management of the Axial Skeletal System and Related Movement Disorders
Units: 3 Terms Offered: FaSp Advanced assessment and management of axial skeletal dysfunctions and related movement disorders. Prerequisite: PT 600e. Instruction Mode: Lecture Grading Option: Letter

PT 632 Integrated Patient Management Seminar
Units: 5 Terms Offered: FaSp Integration of physical therapy management of complicated patients with concurrent musculoskeletal, cardiopulmonary and/or neurologic disorders. Prerequisite: PT 571, PT 581, PT 621. Instruction Mode: Lecture Grading Option: Letter

PT 650 Differential Diagnosis in Physical Therapy
Units: 2 Terms Offered: Sm Consideration of principle of differential diagnosis with emphasis on mastering this skill. Recommended Preparation: completion of years 1 and 2. Instruction Mode: Lecture Grading Option: Letter

PT 660 Advanced Clinical Experience with Academnic Integration
Units: 5 Terms Offered: FaSp A 16-week clerkship consisting of a minimum of 24 hours per week in a part-time setting. Emphasis on the care of orthopedic, neurologic, pediatric or complicated medical conditions. Prerequisite: PT 600e Instruction Mode: Lecture Grading Option: Credit/No Credit

PT 665 Advanced Clinical Experience
Units: 8 Terms Offered: FaSp A 16-week clerkship consisting of a minimum of 36 hours per week in a full-time setting. Emphasis on care of orthopedic, neurologic, pediatric or complicated medical conditions. Prerequisite: PT 600e Instruction Mode: Lecture Grading Option: Credit/No Credit

Petroleum Engineering

PTE 20x Energy and Society
Units: 4 Terms Offered: Irregular Study of the impact of the development, production, and global distribution of energy on societal, political, and economic behavior. Not available for major credit to engineering majors. Prerequisite: pass Math Skill Level. Instruction Mode: Lecture Grading Option: Letter

PTE 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

PTE 411 Introduction to Transport Processes in Porous Media
Units: 3 Terms Offered: Fa Properties of porous rocks; capillarity effect, single-phase and multiphase fluid flow through porous media; diffusion and dispersion, miscible displacement heat transfer. Lecture, 3 hours. Not available for credit to Petroleum Engineering majors. Prerequisite: (CHEM 105aL or CHEM 115aL) and (CE 309 and MATH 245 and PHYS 151L) Instruction Mode: Lecture Grading Option: Letter

PTE 412x Petroleum Reservoir Engineering
Units: 3 Terms Offered: Fa Properties of reservoir fluids, volumetric and material balances for gas and oil reservoirs; reservoir modeling concepts. Instruction Mode: Lecture Grading Option: Letter

PTE 461 Formation Evaluation
Units: 3 Terms Offered: Fa Concepts of petroleum geology, interpretation of downhole surveys and measurements including well logs, MWD, mud logs and samples. Corequisite: PTE 463. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CHE-461, AME-461

PTE 462 Economic, Risk and Formation Productivity Analysis
Units: 4 Terms Offered: Sp Principle of economic evaluation, risk analysis, reserves estimation, decline curves, energy prices, and well transmissivities for flow prediction. Prerequisite: PTE 461. Instruction Mode: Lecture Grading Option: Letter Crosslisted as CHE-462, ME-462, AME-462

PTE 463L Introduction to Transport Processes in Porous Media
Units: 3 Terms Offered: Fa Properties of porous rocks; capillarity effect, single-phase and multiphase fluid flow through porous media; diffusion and dispersion, miscible displacement, heat transfer. Prerequisite: MATH 245, CHEM 105a or CHEM 115a, PHYS 151. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as CHE-463, ME-463, AME-463

PTE 464L Petroleum Reservoir Engineering
Units: 3 Terms Offered: Sp Properties of reservoir fluids, volumetric and material balances for gas and oil reservoirs; reservoir modeling concepts. Prerequisite: PTE 463. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as CHE-464, AME-464

PTE 465L Drilling Technology and Subsurface Methods
Units: 3 Terms Offered: Fa Theory and practice in drilling technology; mechanical properties of reservoir rocks; well completion; acidizing and fracturing, oil production technology. Prerequisite: PTE 464. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as AME-465, CHE-465

PTE 466 Petroleum Geology
Units: 3 Terms Offered: Sm Introductory topics of physical and historical geology will be focused on the components that relate to the formation of oil and gas accumulations. Instruction Mode: Lecture Grading Option: Letter

PTE 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

PTE 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Course content to be selected each semester from recent developments in petroleum engineering and related fields. Instruction Mode: Lecture Grading Option: Letter

PTE 500 Computational Reservoir Modeling
Units: 3 Terms Offered: Fa Introduction to mathematical and computational methods in characterizing, modeling, and describing the subsurface flow and transport phenomena. Recommended Preparation: Familiarity with basic calculus, differential equation, and MATLAB programming. Registration Restriction: Open only to Engineering students. Instruction Mode: Lecture Grading Option: Letter

PTE 502 Advanced Reservoir Characterization
Units: 3 Terms Offered: Irregular Sources of data for reservoir characterization; cross-disciplinary integration; geologic models; sequence stratigraphic, lithologic, well test and geophysical models; 4-D seismic; compartmentalized and fractured reservoirs; error and risk analysis. Prerequisite: PTE 411, PTE 461. Instruction Mode: Lecture Grading Option: Letter

PTE 503 Technology of Unconventional Oil and Gas Resources Development
Units: 3 Terms Offered: Fa Geology of unconventional resources, exploration, development, laboratory testing, drilling, formation evaluation, design and monitoring of hydraulic fracturing, forecasting, technology of oil sand and environmental issues. Recommended Preparation: PTE 507, graduate standing in petroleum engineering. Instruction Mode: Lecture Grading Option: Letter

PTE 504 Geophysics for Petroleum Engineers
Units: 3 Terms Offered: Sm Geosciences concepts and technologies with applications in petroleum engineering: 2D-3D-4D seismic, borehole geophysics, passive seismic, controlled source electromagnetics, geophysical and geological modeling and inversion. Recommended Preparation: familiarity with Matlab. Instruction Mode: Lecture Grading Option: Letter

PTE 505 Inverse Modeling for Dynamic Data Integration
Units: 3 Terms Offered: Sp Introduction to fundamentals of deterministic and stochastic inverse modeling; integration of dynamic data into predictive reservoir models; reservoir parameterization, derivation of adjoint models. Recommended Preparation: PTE 508, basic knowledge of calculus, linear algebra and probability/statistics. Instruction Mode: Lecture Grading Option: Letter

PTE 506 Geothermal Reservoirs
Units: 3 Terms Offered: Fa Geothermal reservoirs, heat and mass flow in fracture
network, enhanced geothermal systems (EGS), exploration methods, exploitation of hydrothermal and EGS fields, stimulation, forecasting, power generation. Recommended Preparation: familiarity with Matlab. Registration Restriction: Open only to Engineering and Geological Sciences students. Instruction Mode: Lecture Grading Option: Letter

PTE 507 Engineering and Economic Evaluation of Subsurface Reservoirs
Units: 3 Terms Offered: Fa Studies, data and methods for estimating size of underground fluid deposits for predicting physical and economic behavior of designed flow schemes, and for quantifying uncertainty. Prerequisite: PTE 464. Instruction Mode: Lecture Grading Option: Letter

PTE 508 Numerical Simulation of Subsurface Flow and Transport Processes
Units: 3 Terms Offered: Irregular From classical thermodynamics to engineering application; equations of state based calculations; PVT experiments; reservoir fluid characterization; PT-flash calculations and stability analysis; compositional grading; transport properties. Recommended Preparation: CHE 330, MATH 226. Instruction Mode: Lecture Grading Option: Letter

PTE 511 Advanced Phase Behavior of Petroleum Reservoir Fluids
Units: 3 Terms Offered: Irregular From classical thermodynamics to engineering application; equations of state based calculations; PVT experiments; reservoir fluid characterization; PT-flash calculations and stability analysis; compositional grading; transport properties. Recommended Preparation: CHE 330, MATH 226. Instruction Mode: Lecture Grading Option: Letter

PTE 512 Gas Injection Processes — Analytical Solutions and Analysis
Units: 3 Terms Offered: Fa Gas injection and enhanced oil/gas recovery; conservation equations; flow and phase behavior; displacement efficiency; dispersion; method of characteristics; development of multicontact miscibility in multicomponent systems. Recommended Preparation: CHE 330, MATH 226 and MATH 245 (or similar). Instruction Mode: Lecture Grading Option: Letter

PTE 514 Drilling Engineering
Units: 3 Terms Offered: Sp Graduate level course on drilling engineering with an emphasis on field design and applications. Topics covered include well planning; rock mechanics; rotary drilling processes; drilling rig components; drill string and bottom hole assemblies; well hydraulics and drilling muds; casing design and cementing; directional drilling; offshore drilling and drilling economics. Registration Restriction: Open only to Engineering graduate students Instruction Mode: Lecture Grading Option: Letter

PTE 515 Natural Gas Engineering
Units: 3 Terms Offered: Sp Characterization, development and prediction of natural gas reservoirs, including natural gas surface production equipment and systems, forecasting natural gas well and reservoir performance and current LNG developments

PTE 517 Testing of Wells and Aquifers
Units: 3 Terms Offered: Sp Principles of well testing; down hole device; Aquifer tests; slug tests; DST; pressure transient modeling in homogeneous and heterogeneous systems; parameter estimation; computer aided techniques. Prerequisite: PTE 464. Instruction Mode: Lecture Grading Option: Letter

PTE 519 Integrated Physical and Cyber Security for Oil and Gas Operations
Units: 3 Terms Offered: Fa Infrastructure Security, Resilience and Management of Digital Oil Fields, Process Control Networks in exploration and production, refining and chemical plants, Asset Integrity principles, case histories. Registration Restriction: Open only to graduates students. Instruction Mode: Lecture Grading Option: Letter

PTE 531 Enhanced Oil Recovery
Units: 3, 2 years Terms Offered: Sm Survey of current enhanced oil recovery processes, including water-flooding, miscible displacement, and thermal oil recovery. Prerequisite: PTE 464; Recommended Preparation: PTE 507. Instruction Mode: Lecture Grading Option: Letter

PTE 542 Carbonate Rocks
Units: 3 Terms Offered: Fa Classification; porosity development; source rocks; wettability; capillary pressure curves; compressibility; surface areas; relative permeabilities; various petrophysical properties; formation evaluation; overpressures; thin section analysis. Recommended Preparation: Basic familiarity with linear algebra and general reservoir engineering Registration Restriction: Open only to graduate Engineering students Instruction Mode: Lecture Grading Option: Letter

PTE 545 Corrosion Control in Petroleum Production
Units: 3 Terms Offered: Sp Types of corrosion encountered in petroleum production; methods for practical control including use of inhibitors, coatings, and cathodic protection. Prerequisite: CHEM 430 or CHEM 430a Registration Restriction: Open only to graduate students in Engineering Instruction Mode: Lecture Grading Option: Letter

PTE 555 Well Completion, Stimulation, and Damage Control
Units: 3 Terms Offered: Sm This course reviews current practices related to well completion methods, wellbore stimulation, and damage control. Formation damage prevention and stimulation methods are emphasized. Prerequisite: graduate standing. Instruction Mode: Lecture Grading Option: Letter

PTE 572 Geostatistics
Units: 3 Terms Offered: Irregular Use of geostatistical methods for exploration and development of mineral and petroleum resources, application of variogram, kriging, co-kriging, nonlinear and parametric estimation and conditional stimulation. Graduate standing. Recommended Preparation: knowledge of statistics. Instruction Mode: Lecture Grading Option: Letter

PTE 574 Optimization Methods for Subsurface Energy Resources Development
Units: 3 Terms Offered: Sp Optimization algorithms for oilfield development, including well control optimization, well placement, open-loop and closed-loop model predictive control, and robust optimization. Prerequisite: PTE 500; Recommended Preparation: Familiarity with linear algebra, vector calculus, general reservoir engineering and MATLAB programming language. Registration Restriction: Open only to Engineering graduate students. Instruction Mode: Lecture Grading Option: Letter

PTE 578 Advanced Production Engineering
Units: 3 Terms Offered: Sp Principles of onshore and offshore oil well & gas well production; design of artificial lift systems and surface operations; field problems of enhanced oil recovery operations. Registration Restriction: Open only to graduate students in the School of Engineering. Instruction Mode: Lecture Grading Option: Letter

PTE 584 Fluid Flow and Transport Processes in Porous Media
Units: 3, 2 years Terms Offered: Fa Principles of single and multiphase flow through porous media; mechanisms of immiscible and miscible displacement; momentum, heat and mass transport in porous media. Instruction Mode: Lecture Grading Option: Letter

PTE 586 Intelligent and Collaborative Oilfield Systems Characterization and Management
Units: 3 Terms Offered: Fa Review of soft computing methods such as neural networks, fuzzy logic, problematic reasoning in reservoir characterization, dynamic reservoir modeling, oilfield data integration and analysis of uncertainty in prediction. Limited to students with graduate standing. Recommended Preparation: prerequisites for non-majors. Instruction Mode: Lecture Grading Option: Letter

PTE 587 Smart Completions, Oilfield Sensors and Sensor Technology
Units: 3 Terms Offered: Sp Intelligent
Wellbore completion, technology of subsurface and surface sensors, deployment and data acquisition, telemotoring and feedback, reliability of sensors, data transmission, systems networks. **Recommended Preparation:** prerequisites for non-majors. **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 588 Smart Oilfield Data Mining**
Units: 3 **Terms Offered:** Fa Methods for oilfield data mining, data preparation mining images, prediction and knowledge discovery, subset selection, pattern recognition. Limited to students with graduate standing. **Recommended Preparation:** prerequisites for non-majors. **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 589 Advanced Oilfield Operations with Remote Immersive Visualization and Control**
Units: 3 **Terms Offered:** Sp Immersive subsurface and surface environments, web based monitoring and feedback, visualizing risk, unattended operation. Limited to students with graduate standing. **Recommended Preparation:** prerequisites for non-majors. **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 590 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**PTE 591 Petroleum Geochemistry**
Units: 3 **Terms Offered:** Fa Application of chemical principles to the study of the origin, migration, accumulation, and alteration of petroleum. Registration Restriction: Open only to graduate students **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 592 Computational Geomechanics**
Units: 3 **Terms Offered:** Sp Physical, mathematical and simulation aspects of coupled fluid flow and geomechanics in petroleum reservoirs. **Recommended Preparation:** PTE 500, PTE 508, ATE 535a, ATE 404, ATE 507, and CE 529a Registration Restriction: Open only to master's and doctoral students **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 594 Formation Damage in Petroleum Reservoirs**
Units: 2 **Terms Offered:** Fa Overview of background and techniques required for understanding, assessing, and mitigating formation damage in petroleum and subsurface reservoirs. **Recommended Preparation:** Reservoir engineering, thermodynamics, petroleum reservoir fluids, fluid mechanics, Excel worksheets **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 594a Master's Thesis**
Units: 2 For the master's degree. Credit on acceptance of thesis. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**PTE 594z Master's Thesis**
Units: 0 For the master's degree. Credit on acceptance of thesis. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**PTE 599 Special Topics**
Units: 2, 3, 4 Max Units: 9.0 Course content will be selected each semester to reflect current trends and developments in the field of petroleum engineering. **Instruction Mode:** Lecture **Grading Option:** Letter

**PTE 611 Stochastic Modeling and Simulation**
Units: 3 **Terms Offered:** Sp Involves CE 611 **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**PTE 660 Directed Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**PTE 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Registration Restriction: Open only to Ph.D. students **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**PTE 790a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**PTE 790b Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**PTE 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**PTE 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**PTE 794z Doctoral Dissertation**
Units: 0 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**Public Administration**
Frequency of course offerings varies from campus to campus. Check with individual campuses regarding availability.

**PUAD 613 Seminar in Financial Policy**
Units: 4 **Terms Offered:** Irregular **Prerequisite:** PPD 540 **Instruction Mode:** Lecture **Grading Option:** Letter

**PUAD 675 Institutional Context of the Public Sector**
Units: 4 **Terms Offered:** Sp Theories of the role, structure and growth of the public sector; public choice processes; political economy of public bureaucracies; the voluntary nonprofit sector. **Prerequisite:** PPD 501 **Instruction Mode:** Lecture **Grading Option:** Letter

**PUAD 685 Seminar on Organizational Behavior in Public Systems**
Units: 4 **Terms Offered:** Sp Organizing processes; decision-making; communication; leadership; behavioral models; political and social behavior in organizations. **Prerequisite:** PPD 545 **Instruction Mode:** Lecture **Grading Option:** Letter

**PUAD 692 Multivariate Statistical Analysis**
Units: 4 **Terms Offered:** Sp Multivariate analysis of qualitative and quantitative variables including multiple linear regression, multiple contingency table analysis, log-linear and logit models, and path analysis. **Prerequisite:** PPD 502 **Instruction Mode:** Lecture **Grading Option:** Letter

**PUAD 695 Seminar in Administrative Theory**
Units: 4 **Terms Offered:** Irregular **Prerequisite:** PPD 540 **Instruction Mode:** Lecture **Grading Option:** Letter

**PUAD 697 Seminar in Public Management**
Units: 4 **Terms Offered:** Irregular Public management research and theory; differences between private and public organizations: contextual influences on public management; contemporary empirical studies; bibliographic research. **Prerequisite:** admission to the DPA program. **Instruction Mode:** Lecture **Grading Option:** Letter

**PUAD 791a Public Administration Research Seminar**
Units: 1 **Terms Offered:** Irregular **Prerequisite:** PPD 540 **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**PUAD 791b Public Administration Research Seminar**
Units: 1 **Terms Offered:** Irregular **Prerequisite:** PPD 540 **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**Public Diplomacy**

**PUBD 369w Public Diplomacy and Global Citizenship**
Units: 4 Introduces public diplomacy as a central feature of contemporary international relations and challenges students to locate themselves as both its target and practitioners. Satisfies Global Perspective in Category G: Citizenship in a Diverse World Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM 369

PUBD 417 Global Engagement: Designing Public Diplomacy Strategies
Units: 4 Examines issues on the global political agenda and the tools and approaches that the Public Diplomacy practitioner might profitably employ to address them. Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM 417

PUBD 418 International Exchanges and Public Diplomacy
Units: 4 Examines international exchanges, their role in the foreign policy process, and their challenges in a world marked by rapid change and innovation in communication technologies. Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM 418

PUBD 419 Public Diplomacy in Los Angeles
Units: 4 Examines how the City of Los Angeles and other local actors use public diplomacy tools to strengthen ties between themselves and foreign audiences. Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM 420

PUBD 420 Regional Studies in Public Diplomacy
Units: 4 Max Units: 08 Analyzes the role and effectiveness of public diplomacy in different countries, examining a region's influence on global affairs and the development of diplomatic strategies. Instruction Mode: Lecture Grading Option: Letter Crosslisted as COMM 420

PUBD 500 Introduction to the Advanced Study of Public Diplomacy
Units: 4 Introduction to the advanced academic study of public diplomacy from multidisciplinary perspectives: including media and communication, international relations and history. Instruction Mode: Lecture Grading Option: Letter

PUBD 502 Historical and Comparative Approaches to Public Diplomacy
Units: 4 Examines historical and comparative approaches to public diplomacy. Explores public diplomacy operations in public and private settings, by individuals and institutions. Reviews traditional, critical, war, and peace perspectives. Instruction Mode: Lecture Grading Option: Letter

PUBD 504 Global Issues and Public Diplomacy
Units: 4 Focuses on critical global issues/challenges that require some form of intervention from the international community. Taught with active leading strategies: case studies and "problem-based learning." Instruction Mode: Lecture Grading Option: Letter

PUBD 508 The Rhetoric of War and Peace
Units: 4 Special exercise in "Think Tank" procedure that explores rhetorics of war and peace from a 21st century perspective. Instruction Mode: Lecture Grading Option: Letter

PUBD 509 Advocacy in Public Diplomacy: Argumentation and Debate
Units: 4 Skills and theory based approach to the criticism and development of public diplomacy campaigns. Emphasizes the instruction of advocacy skills to assess the utility of specific campaigns. Instruction Mode: Lecture Grading Option: Letter

PUBD 510 Technologies and Public Diplomacy
Units: 4 Explores relationship between diplomacy and technological change. Emphasis on question of how new media may force us to rethink traditional frameworks of public diplomacy. Instruction Mode: Lecture Grading Option: Letter

PUBD 512 Cultural Diplomacy
Units: 4 Provides overview of formal cultural diplomacy and concentrates on ways in which non-governmental entities communicate across international boundaries and the effects of those interchanges. Instruction Mode: Lecture Grading Option: Letter

PUBD 514 Corporate Diplomacy
Units: 4 Provides basic public diplomacy and public relations tools for global organizations and their foreign publics. Instruction Mode: Lecture Grading Option: Letter

PUBD 515 Transnational Diplomacy and Global Security
Units: 4 Examination of the historical and theoretical basis of diplomatic relationships between states, international organizations, and transnational nonstate actors in developing global peace and security policies. Instruction Mode: Lecture Grading Option: Letter

PUBD 516 International Broadcasting
Units: 4 History, context and practice of global international broadcasting strategies; technological and financial parameters that shape future international broadcasting strategies; use of radio, television, and Internet. Instruction Mode: Lecture Grading Option: Letter

PUBD 518 International Exchanges and Public Diplomacy
Units: 4 Examination of educational and cultural exchanges; variety and experience of participants, flagship exchange programs, economic and social implications of the programs, and measurement of outcomes. Instruction Mode: Lecture Grading Option: Letter

PUBD 519 News Media and the Foreign Policy Process
Units: 4 Analysis of news media's role in contemporary diplomacy; historical context; consideration of the professional practices of journalists and those who devise and implement foreign policy. Instruction Mode: Lecture Grading Option: Letter

PUBD 520 Regional Studies in Public Diplomacy
Units: 4 Max Units: 16.0 In-depth examination of historical, political, economic, cultural factors that influence public diplomacy efforts within specific geographic regions. Instruction Mode: Lecture Grading Option: Letter

PUBD 522 Hard Power, Soft Power and Smart Power
Units: 4 Institutional and cultural perspectives on instruments of state power: military, intelligence, trade, and traditional diplomacy; strategic analyses for determining proper use; desirability of combining resources. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Public diplomacy's role in shaping ideas about trade and development and in creating trade agreements, and the use of trade agreements as public diplomacy. Instruction Mode: Lecture Grading Option: Letter

PUBD 526 Public Diplomacy Evaluation
Units: 4 Critical examination of challenges and benefits of measuring public diplomacy's impact; terminology and mechanics of evaluation, the measurement community, and varying approaches for evaluation. Instruction Mode: Lecture Grading Option: Letter

PUBD 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the school. Instruction Mode: Lecture Grading Option: Credit/No Credit

PUBD 596 Practicum in Public Diplomacy Research
Units: 4 Development and production of original research-based project in the area of public diplomacy. Instruction Mode: Lecture Grading Option: Credit/No Credit

Qualitative Biology
QBIO 105 Introduction to Quantitative Biology Seminar
Units: 2 Terms Offered: FaSp Introduction to quantitative biology including a definition of its role within the Biological Sciences and relationship with Chemistry, Computer Science, Engineering, Mathematics, Medicine and Physics. Registration Restriction: Open to QBIO majors or by permission of the department Instruction Mode: Lecture Grading Option: Letter

Real Estate Development
RED 362 Real Estate Development Fundamentals
Units: 4 Real estate overview; evolution of cities and neighborhoods; product types; introduction to valuation. Prerequisite: (PPD 227 or PPD 245) and (MATH 108 or MATH 117 or MATH 118 or MATH 125) Instruction Mode: Lecture Grading Option: Letter

RED 375 Real Estate Development Analysis
Units: 4 Terms Offered: FaSp Real estate development feasibility and analysis;
underwriting local fundamentals including neighborhood and city change, real estate capital flows. Prerequisite: BUAD 215x and ECON 203g and RED 362. Duplicates Credit in the former PPD 375. Instruction Mode: Lecture Grading Option: Letter

RED 417 History of Planning and Development
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 417. Instruction Mode: Lecture Grading Option: Letter

RED 425 Designing Livable Communities
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 425. Instruction Mode: Lecture Grading Option: Letter

RED 435 Analyzing Real Estate Markets
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 435. Instruction Mode: Lecture Grading Option: Letter

RED 473 Advanced Finance and Investment for Real Estate Development
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 473. Instruction Mode: Lecture Grading Option: Letter

RED 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12 Terms Offered: FaSpSm Individual research and report. Instruction Mode: Lecture Grading Option: Letter

RED 499 Special Topics
Units: 2, 3, 4 Max Units: 8 Terms Offered: FaSpSm Selected topics in real estate development. Instruction Mode: Lecture Grading Option: Letter

RED 500 Real Estate Development and the Economy
Units: 2 Terms Offered: Sm Linkages between national and regional economies and the performance of the real estate sector. Anticipating development trends. Public policy applications. Instruction Mode: Lecture Grading Option: Letter

RED 509 Market Analysis for Real Estate
Units: 4 Terms Offered: Fa Explores macro and micro aspects of residential, retail, office, and industrial markets and examines methodologies for analyzing such markets for real estate development/investment purposes. Prerequisite: RED 542. Instruction Mode: Lecture Grading Option: Letter

Principles
Units: 4 Terms Offered: FaSpSm Fundamental principles of real estate analysis; economics; capital markets; development decision-making; relationships between real estate markets and federal, state and local government policies; property value. Instruction Mode: Lecture Grading Option: Letter

RED 511 Foundations of Real Estate Analysis
Units: 4 Terms Offered: FaSpSm Principles of real estate analysis; capital markets; importance of uncertainty and metrics of risk; investments; valuation techniques; use of debt and equity, leases, taxes. Prerequisite: RED 510. Instruction Mode: Lecture Grading Option: Letter

RED 512 Real Estate Project Analysis
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 512. Instruction Mode: Lecture Grading Option: Letter

RED 541 Finance Fundamentals for Real Estate Development
Units: 2 Terms Offered: Sm Introduction to the general principles of finance with application to real estate development, including capital markets, financial institutions, valuation and risk management. Instruction Mode: Lecture Grading Option: Letter

RED 542 Finance of Real Estate Development
Units: 3 Terms Offered: FaSpSm Duplicates Credit in the former PPD 542. Instruction Mode: Lecture Grading Option: Letter

RED 544 Real Estate Capital Markets
Units: 2 Terms Offered: FaSpSm Duplicates Credit in the former PPD 544. Instruction Mode: Lecture Grading Option: Letter

RED 545 Advanced Real Estate and Financial Modeling
Units: 2 Terms Offered: Sm Quantitative problem solving using computerized modeling. Complex debt financing, including lender participation, subordination, joint venture structuring, systematic treatment of real estate portfolios. Prerequisite: RED 542. Instruction Mode: Lecture Grading Option: Letter

RED 546 Applications of Real Estate Finance to Problems of Development
Units: 3 Terms Offered: Sm Advanced topics in finance applied to cases and problems of real estate development; emphasis on structuring, finance and evaluation of various types of development projects. Prerequisite: RED 542. Instruction Mode: Lecture Grading Option: Letter

RED 547 Project Management and Construction
Units: 2 Terms Offered: Sm Managing the building phase of development. Architectural and engineering aspects of construction management for the real estate developer. Instruction Mode: Lecture Grading Option: Letter

RED 551 The Approval Process
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 551. Instruction Mode: Lecture Grading Option: Letter

RED 561 Introduction to the Asset Management of Real Estate
Units: 2 Terms Offered: FaSpSm Duplicates Credit in the former PPD 561. Instruction Mode: Lecture Grading Option: Letter

RED 564 Issues in Asset Management of Real Estate
Units: 2 Terms Offered: FaSpSm Duplicates Credit in the former PPD 564. Instruction Mode: Lecture Grading Option: Letter

RED 571 Introduction to Appraisal Principles, Procedures, and Standards
Units: 4 Terms Offered: FaSpSm Duplicates Credit in the former PPD 571. Instruction Mode: Lecture Grading Option: Letter

RED 572 Advanced Appraisal Approaches and Applications
Units: 2 Terms Offered: Sm Highest and best use. Advanced income capitalization. Advanced cost and sales comparison approaches. Advanced applications. Recommended Preparation: RED 571. Instruction Mode: Lecture Grading Option: Letter

RED 573 Design History and Criticism
Units: 2 Terms Offered: Sm The concepts, language and metaphors of design-related disciplines are examined in relation to design and construction values and choices in real estate development. Duplicates Credit in the former RED 673. Instruction Mode: Lecture Grading Option: Letter

RED 574 Building Typologies
REL 575L Community Design and Site Planning
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: Sp Physical implementation of development projects. Students will develop concept plans, preliminary design and marketing plans for selected community and/or international development sites. Duplicates Credit in former RED 674. Instruction Mode: Lecture Grading Option: Letter

REL 583 International Development Opportunities
Units: 2 Terms Offered: Sp A survey of various markets prominent in the global real estate community. Protocols for analyzing international development opportunities and cultural, political, and socioeconomic considerations. Instruction Mode: Lecture Grading Option: Letter

REL 585 Comparative International Development Workshop
Units: 2, 3, 4 Terms Offered: Sm Comparative study tour focused on understanding international real estate development practices and markets, site visits and meeting with principals. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm An evaluation of various real estate development types. Case studies and site visits. Instruction Mode: Lecture Grading Option: Letter

REL 598 Real Estate Product Development
Units: 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm An evaluation of various real estate development types. Case studies and site visits. Instruction Mode: Lecture Grading Option: Letter

REL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Current issues, trends, and developments in real estate development. Instruction Mode: Lecture Grading Option: Letter

Religion

REL 111g The World of the Hebrew Bible
Units: 4 The Hebrew Bible in the cultural setting of the Ancient Near East; the formation of theological and ethical concepts which have shaped Western culture. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 112g Religions of Ancient Egypt and the Near East
Units: 4 Religious, cultures, and values of ancient Egypt and Near East (Iran, Iraq, Israel, Syria, Lebanon, Arabia, Turkey) and their legacies in contemporary society. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 114g The Mediterranean: A Religious History
Units: 4 Explores multiple religious traditions of the Mediterranean as networks that emerge within and among the landscapes, cultures, and politics of this highly interconnected geographic space. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category V: Arts and Letters Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 115g Jerusalem, City of Three Faiths
Units: 4 History of Jerusalem as a window onto the nature of the three Abrahamic faiths. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 121g The World of the New Testament
Units: 4 Historical investigation of New Testament characters, events, ethics and theology in relation to its social, intellectual, and religious contexts in the Jewish and GrecoRoman world. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 125g Introduction to Christianity
Units: 4 Survey of the changing beliefs and practices of the Christian religion from obscure origins to globalization present, with special attention to the varieties of Christian literature. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 132g Origins of Western Religions
Units: 4 Examination of Judaism, Christianity, and Islam in their origins and their development in relation to Western civilization. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category I: Western Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 134g Introduction to Buddhism
Units: 4 Focus primarily on works of Buddhist literature written in a variety of genres. Introduction of basic teachings that link Buddhist traditions across time and space. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 135g Chinese Religions and Culture
Units: 4 Historical and thematic survey of Chinese religious history from earliest times to the present. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 136g Sense and Sensuality in Indian Religions and Culture
Units: 4 Exploration of the senses and the technologies of pleasure in India, relating this material to some fascinating examples of Hindu, Jain, and Buddhist literature. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 137g Introduction to Islam
Units: 4 Introduction to Islam, emphasizing its historical and cultural development since the seventh century C.E., and the basic teachings of Islam. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category II: Global Cultures and Traditions Instruction Mode: Lecture Grading Option: Letter

REL 138g Japanese Religions and Culture
Units: 4 Major religious traditions of Japan (such as Buddhism, Shinto, Christianity, Confucianism) and their broader social and cultural contexts. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter

REL 141g Global Religions in Los Angeles
Units: 4 Congregational and individual expressions of religion in Los Angeles. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture, Discussion Grading Option: Letter

REL 147g Religion, Media and Popular Culture
Units: 4 Exploration of the manner in which the media frame discussions and understandings of ethical issues, personal dilemmas, spirituality and religious imagination. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter

REL 301 Introduction to the Study of Religion
Units: 4 Terms Offered: Fa Survey of academic approaches to the study of religion. When possible this course will be taken during the first year of the major or minor. Instruction Mode: Lecture Grading Option: Letter

REL 302 Religions of Ancient Egypt and the Near East
Units: 4 Religious experience and values of ancient Egypt and Near East through material culture, literature, art, and cultic practices; and their legacies in contemporary society. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-301

REL 303g Exploring Ancient Ways of Living: Experimental Archaeology
REL 304 Ethics and Global Heritage
Units: 4 Archaeology and global heritage debates, laws, ethical conundrums, and stakeholder perspectives reveal goals and guiding values of society's exploration of the past. Recommended Preparation: REL 301 or ANTH 202g Instruction Mode: Lecture, Discussion Grading Option: Letter Crosslisted as ARCG 304, ANTH 318

REL 305L Virtual and Digital Culture, Heritage and Archaeology
Units: 4 (Enroll in ARCG 305L) 

REL 310 Anti-Semitism, Racism and Other Hatreds
Units: 4 Terms Offered: FaSp (Enroll in JS 315g) 

REL 311G The Bible in Western Literature
Units: 4 Comparative analysis of biblical works and how they were employed by various writers in major works of Western literature. Instruction Mode: Lecture Grading Option: Letter 

REL 312 Biblical Wisdom Literature
Units: 4 Survey of and inquiry into the biblical wisdom literature; emphasis on the Book of Job. Satisfies New General Education in B Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter 

REL 314 Introduction to Shi'ism
Units: 4 Examination of the major branches of Shi'ism, the second largest articulation of Islam, both historically and in the world today. Instruction Mode: Lecture Grading Option: Letter 

REL 315 Thought and Life of Islam
Units: 4 History, thought, institutions, and religious practices of Islam. Instruction Mode: Lecture Grading Option: Letter 

REL 316 Women and the Islamic Tradition
Units: 4Terms Offered: FaOverview of social and legal status of women in Islamic society, past and present. Examination of social roles established both for and by Muslim women. Instruction Mode: Lecture Grading Option: Letter 

REL 317G The Bible in Its Ancient Context
Units: 4 A close consideration of ancient Near Eastern myths — especially those from Mesopotamia and Canaan — with special attention to their influence on the Bible. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter 

REL 319 Religious and Ethical Issues in Death and Dying
Units: 4 Analysis of religious and ethical approaches to death and dying, including refusal of treatment for competent and incompetent patients, voluntary and involuntary euthanasia, and resuscitation. Satisfies New General Education in B Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter 

REL 322 Aegean Archaeology
Units: 4 (Enroll in CLAS 323) Instruction Mode: Lecture Grading Option: Letter 

REL 324g Sex and the Bible: Gender, Sexuality, and Scripture
Units: 4 Role the Bible has played in debates about sex, gender, and sexuality in Western history. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category V: Arts and Letters Instruction Mode: Lecture Grading Option: Letter 

REL 325 Religious Experience in the Greco-Roman World
Units: 4 Varieties of religious experience as reflected in the literature, art, and cultic practices of the Hellenistic world. Instruction Mode: Lecture Grading Option: Letter

Units: 4 Provide an overview of debates concerning moral, cultural ethics in a globalizing world. Encourage critical reflection on global justice, ethical systems, role of religion. Instruction Mode: Lecture
Grading Option: Letter

REL 366 Religion and Social Change
Units: 4 Empirical and theoretical analysis of social change and its effect on religious institutions as well as the impact of religious movements on society. Instruction Mode: Lecture
Grading Option: Letter

REL 370 Religion and Visuality
Units: 4 Examination of the deep connections between visuality and religions, including visions, controversies over religious images, and other connections between religion and visual art. Instruction Mode: Lecture
Grading Option: Letter

REL 371 Religion and the Supernatural
Units: 4 Methods of religious studies, history, anthropology, and psychology used to analyze religious beliefs in and responses to the supernatural. Instruction Mode: Lecture
Grading Option: Letter

REL 376g Religion and Human Rights
Units: 4 Close examination and discussion of a variety of religious views regarding human rights. Forges useful frameworks for interpreting the complexity of competing ideas. Satisfies New General Education in Category C: Social Analysis
Instruction Mode: Lecture
Grading Option: Letter

REL 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture
Grading Option: Letter

REL 394 Archaeology of Egypt and the Near East
Units: 4 Study of archaeology and excavated artifacts from Egypt and the Near East. Instruction Mode: Lecture
Grading Option: Letter
Crosslisted as HIST-304, MDES-394

REL 401 Seminar in Religious Studies
Units: 4 Terms Offered: Sp Survey of methods and selected issues in the field of religious studies; required of all majors during their junior or senior year.

Recommended Preparation: REL 301. Duplicates Credit in former REL 399. Instruction Mode: Lecture
Grading Option: Letter

REL 402 Cultural Heritage, Religion, and Politics in the Middle East
Units: 4 Terms Offered: Fa In-depth exploration of archaeology and heritage issues in the Middle East and their implications for politics and practice in modern Islam, Judaism and Christianity. Instruction Mode: Lecture
Grading Option: Letter
Crosslisted as HIST-402, IR-405, MDES-402

REL 414 History of Islamic Law
Units: 4 Terms Offered: Sp Examinations legal methods and religious sources used in Islamic law. Emphasis is placed on the way cultural developments affect legal thought and the administration of justice. Instruction Mode: Lecture
Grading Option: Letter

REL 415 Seminar in Buddhism
Units: 4 Seminar on selected aspects of the Buddhist tradition. Instruction Mode: Lecture
Grading Option: Letter

REL 417 Seminar in South Asian Religions
Units: 4 Exploration of particular themes and/or traditions in South Asian religions. Instruction Mode: Lecture
Grading Option: Letter

REL 425 Communicating Religion
Units: 4 (Enroll in COMM 425)

REL 426 Religion, Media and Hollywood: Faith in TV
Units: 4 (Enroll in COMM 426)

REL 431 The Taoist Tradition
Units: 4 (Enroll in EALC 431)

REL 435 Religious Thought After the Enlightenment
Units: 4 Changes in religious thought between the late 18th and early 20th centuries in the wake of the emergence of modernity in the West. Instruction Mode: Lecture
Grading Option: Letter

Units: 4 Examination of dynamic new directions taken by Christian understandings of self, God, and salvation in response to the novel conditions of modern culture, politics and philosophy. Instruction Mode: Lecture
Grading Option: Letter

REL 445 Religion and Science
Units: 4 Explores whether religion and science offer competing or complementary models for understanding the world and the human place within it. Instruction Mode: Lecture
Grading Option: Letter

REL 448m Islam in France
Units: 4 Terms Offered: FaSp (Enroll in FREN 448)

REL 455 Philosophy of Religion: Bases of Belief and Disbelief
Units: 4 Rational and empirical foundations for religious faith and for skepticism.

REL 460 Senior Seminar: Medical Ethics
Units: 4 Analysis of ethical problems related to new developments in medical science. Instruction Mode: Lecture
Grading Option: Credit/No Credit

REL 462 Religion and Violence
Units: 4 Religious and moral perspectives on war, pacifism, violent and nonviolent protest, and religion-based terrorism and militia. Instruction Mode: Lecture
Grading Option: Letter

REL 465 Archaeology and Society
Units: 4 Terms Offered: FaSpSm (Enroll in CLAS 465)

REL 468 Sociology of Religion
Units: 4 The role of religion in modern society from the standpoint of sociological theory and research. Instruction Mode: Lecture
Grading Option: Letter
Crosslisted as SOCI-468

REL 469 Black Religion in America
Units: 4 Historical, sociological, and theological analysis of the nature and role of black religion in the American setting. Instruction Mode: Lecture
Grading Option: Letter
Crosslisted as ETST-469

REL 471 Jesus
Units: 4 A study of major interpretations of the figure of Jesus, with focus on the interaction between religious traditions and culture. Instruction Mode: Lecture
Grading Option: Letter

REL 473 Advanced Hebrew Bible Studies
Units: 4 Consideration of specific topics in Old Testament studies; particular topics determined each semester. Instruction Mode: Lecture
Grading Option: Letter

REL 474 Advanced New Testament Studies
Units: 4 Consideration of specific topics in New Testament studies. Particular topics determined each semester. Instruction Mode: Lecture
Grading Option: Letter

REL 475 Religion, Material Culture and the Senses
Units: 4 A comparative study of the role of material culture and the senses in religions based on a number of case studies and problem sets. Instruction Mode: Lecture
Grading Option: Letter

REL 479 Seminar in Christian Thought
Units: 4 Studies a theme, period, or problem from the history of Christian thought within its intellectual and social context. Instruction Mode: Lecture
Grading Option: Letter

REL 481 History of Religion in America
Units: 4 Intellectual, institutional, and social history of religion in America from colonial times to the present. Instruction Mode: Lecture
Grading Option: Letter

REL 482 Jesus in American History and Culture
Units: 4 (Enroll in HIST 482)

REL 483 Religion and Popular Culture in the United States
Units: 4 Terms Offered: Sp Critical analysis of the relationship between religion, mass
media, and popular cultural forms in the U.S. Recommended Preparation: REL 301. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST 483

REL 484 American Religion, Foreign Policy and the News Media Units: 4 Terms Offered: Sp (Enroll in JOUR 484)

REL 485 Transnational Religion Units: 4 Explores the role of transnational religion in relation to both the formation of new diasporic communities and problems of conflict and peace building. Instruction Mode: Lecture Grading Option: Letter

REL 490x Directed Research Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

REL 491x Undergraduate Honors Research Units: 4 Individual research for honors in the major leading to a substantial project. Instruction Mode: Lecture Grading Option: Letter

REL 493 Art and Archaeology of Religion Units: 4 Terms Offered: FaSpTa The history of religion through its material expression: art, architecture and artifact. Exploration of different themes and time periods. Instruction Mode: Lecture Grading Option: Letter

REL 494 Lab Methods and Theories in Archaeology Units: 4 A four-week laboratory introduction to methods and theories of archaeological research. Instruction Mode: Lecture Grading Option: Letter

REL 495 Field Methods and Theories in Archaeology Units: 4 Max Units: 12.0 Terms Offered: FaSpTa Archaeological field school emphasizing current paradigms of data recovery, artifact analysis, interpretation and analogy, publication and ethics. Recommended Preparation: ANTH 202g Instruction Mode: Lecture Grading Option: Letter Crosslisted as ARCG 494

REL 499 Special Topics in Religion Units: 2, 3, 4 Max Units: 8.0 Selected topics in religious studies. Instruction Mode: Lecture Grading Option: Letter

REL 500 Methods and Theories in the Study of Religion Units: 4 Introduction to the major topics, trends, and theoretical approaches in the study of religion. Instruction Mode: Lecture Grading Option: Letter

REL 502 Themes in the Study of Religion Units: 4 Max Units: 8.0 Thematic approaches to the study of religion and religions transcending particular traditions, time periods and geographic regions. Course topic varies by semester according to faculty. Instruction Mode: Lecture Grading Option: Letter

REL 525 Colloquium in Global Islam Units: 4 Introduces major issues that have defined Islamic Studies in premodern and modern periods. Generally taken in the first year. Instruction Mode: Lecture Grading Option: Letter

REL 535 Colloquium in Comparative Christianities Units: 4 Research methods in the comparative study of Christian religions; recent scholarship in Christian studies. Instruction Mode: Lecture Grading Option: Letter

REL 545 Colloquium in Asia Pacific Religions Units: 4 Research methods, tools and current scholarship in the study of Asian Pacific Religions. Instruction Mode: Lecture Grading Option: Letter

REL 550 Directed Research Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 592 Professionalization Proseminar in Religious Studies Units: 2 Offers students a structured environment in which to consider issues in professional development and to discuss their dissertation proposals. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 593 Practicum in Teaching the Liberal Arts Units: 2 Practical principles for the long-term development of effective teaching within liberal arts disciplines. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 625 Advanced Graduate Seminar in Global Islam Units: 4 Exploration of themes and traditions of Islam as they appear globally in a variety of specific country contexts Instruction Mode: Lecture Grading Option: Letter

REL 626 Seminar in Jewish Ethics Units: 4 (Enroll in JS 626) Instruction Mode: Lecture Grading Option: Letter

REL 635 Advanced Graduate Seminar in Comparative Christianities Units: 4 Comparative and transhistorical methods for understanding the most prominent developments in premodern or modern globalized Christianity. Instruction Mode: Lecture Grading Option: Letter

REL 645 Advanced Graduate Seminar in Asia Pacific Religions Units: 4 Application of comparative and transhistorical methods for understanding the most prominent themes in Asian Pacific Religions. Instruction Mode: Lecture Grading Option: Letter

REL 650 Readings in Islamic Texts Units: 4 Max Units: 12 Study of Islamic religious texts in multiple genres, primarily in Arabic, though other languages may be offered. Recommended Preparation: Advanced Arabic language ability. Instruction Mode: Lecture Grading Option: Letter

REL 651 Readings in Christian Texts Units: 4 Max Units: 12 Survey of the different genres of texts in the history of Christian spirituality from ancient Christianity to the present. Instruction Mode: Lecture Grading Option: Letter

REL 652 Readings in Buddhist Texts Units: 4 Max Units: 12 Study of varied Asian Buddhist texts in translation and in original languages. Exploration of the major secondary literature on Buddhist texts. Instruction Mode: Lecture Grading Option: Letter

REL 653 Readings in Indic Religious Texts Units: 4 Max Units: 12 Study of varied Hindu, Buddhist, and Jain texts, primarily in Sanskrit. The class covers multiple genres from Puranas to Tantra. Recommended Preparation: Two years of previous study of Sanskrit. Instruction Mode: Lecture Grading Option: Letter

REL 655 Readings in Japanese Religious Texts Units: 4 Max Units: 12 Study of Japanese Buddhist texts in classical or modern Japanese and/or kambuns. Covers multiple genres from sutras to vernacular text. Recommended Preparation: Advanced Japanese language ability; REL 652 Instruction Mode: Lecture Grading Option: Letter

REL 790 Directed Research Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

REL 794a Doctoral Dissertation Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794b Doctoral Dissertation Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794c Doctoral Dissertation Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794d Doctoral Dissertation Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

REL 794z Doctoral Dissertation Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Restorative Dentistry

REST 314 Physiology of Occlusion for Hygienists
Units: 1 Biology and function of the gnathostomatic system. Role of the hygienist in diagnosis and treatment of occlusal dysfunctions. Instruction Mode: Lecture Grading Option: Letter

REST 501 Preclinical Operative and Fixed Prosthodontics (Conjoint)
Units: 2 Fundamental concepts of restoring an individual tooth with a cast restoration; principles of cavity preparation; casting fabrication and cementation. Instruction Mode: Lecture Grading Option: Letter

REST 503a Clinical Restorative Dentistry
Units: 1 Application of pre-clinical procedures in operative dentistry, fixed prosthodontics, removable prosthodontics, and dental materials. Instruction Mode: Lecture Grading Option: Letter

REST 503b Clinical Restorative Dentistry
Units: 1 Application of pre-clinical procedures in operative dentistry, fixed prosthodontics, removable prosthodontics, and dental materials. Instruction Mode: Lecture Grading Option: Letter

REST 504 Diagnosis and Treatment Planning
Units: 1 Utilizing a restorative approach, enhance students' knowledge and ability to choose treatment best suited for existing dental conditions, patients' requests and their financial ability. Instruction Mode: Lecture Grading Option: Letter

REST 521 Preclinical Operative/Fixed Prosthodontics Laboratory
Units: 3 Experience in cavity preparation; casting fabrication and cementation on extracted teeth and plastic dentiforms. Instruction Mode: Lecture Grading Option: Letter

REST 522 Aesthetics in Dentistry
Units: 1 Definition and relationship of elements of aesthetics, application in patient motivation and care. Instruction Mode: Lecture Grading Option: Letter

REST 602a Participation in Advanced Dental Care
Units: 0, 1, 2, 3 Participation in advanced dental treatment in Faculty Private Practice Clinic, techniques of difficult case presentation and efficiency in practice. Clinic and seminar. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

REST 602b Participation in Advanced Dental Care
Units: 0, 1, 2, 3 Participation in advanced dental treatment in Faculty Private Practice Clinic, techniques of difficult case presentation and efficiency in practice. Clinic and seminar. Instruction Mode: Lecture Grading Option: Letter

REST 701 Orientation to Advanced Prosthodontics
Units: 5 Preclinical overview of materials, techniques, instrumentation, and treatment procedures necessary for providing advanced prosthodontic care in the clinical environment. Instruction Mode: Lecture Grading Option: Letter

REST 702a Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702b Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702c Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702d Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702e Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702f Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702g Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702h Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702i Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702j Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702k Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702l Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702m Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702n Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702o Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702p Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702q Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702r Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702s Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702t Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702u Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702v Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702w Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702x Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702y Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 702z Seminar: Treatment Planning
Units: 2 each Seminars led by students with case presentations of complex multidisciplinary treatment plans, completed therapy and staff conferences. Instruction Mode: Lecture Grading Option: Letter

REST 703a Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703b Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703c Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703d Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703e Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 703f Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in fixed prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704a Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704b Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704c Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704d Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704e Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704f Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

REST 704g Seminar: Review of the Prosthodontic Literature — Fixed
Units: 1 each Weekly two hour seminars devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter
devoted to review of the historic, classic, and current literature in removable prosthodontics. Instruction Mode: Lecture Grading Option: Letter

**REST 705 Advanced Fixed Prosthodontics Techniques**

Units: 1 Tooth preparation and advanced laboratory techniques necessary to implement full mouth rehabilitation. Instruction Mode: Lecture Grading Option: Letter

**REST 706 Advanced Complete Denture Techniques**

Units: 1 Advanced laboratory and clinical skills for a specialty prosthodontic practice. Instruction Mode: Lecture Grading Option: Letter

**REST 708a Dental Ceramics, Color, and Aesthetics**

Units: 2 Theory of color and dental aesthetics; history and development of dental ceramics; design and techniques in fabrication of ceramo-metal restorations. Instruction Mode: Lecture Grading Option: Letter

**REST 708b Dental Ceramics, Color, and Aesthetics**

Units: 2 Theory of color and dental aesthetics; history and development of dental ceramics; design and techniques in fabrication of ceramo-metal restorations. Instruction Mode: Lecture Grading Option: Letter

**REST 709a Seminar: Removable Partial Dentures**

Units: 1, 2 Diagnosis, treatment planning, and design of removable partial dentures using extracoronal and intracoronal retainers. Instruction Mode: Lecture Grading Option: Letter

**REST 709b Seminar: Removable Partial Dentures**

Units: 1, 2 Diagnosis, treatment planning, and design of removable partial dentures using extracoronal and intracoronal retainers. Instruction Mode: Lecture Grading Option: Letter

**REST 710a Implant Dentistry**

Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

**REST 710b Implant Dentistry**

Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

**REST 710c Implant Dentistry**

Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

**REST 710d Implant Dentistry**

Units: 1 Implant modalities and types; basis for selection; techniques of placement and of supervision of prosthodontic restoration. Includes a review of classic implant literature. Instruction Mode: Lecture Grading Option: Credit/No Credit

**Prosthodontics**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

**REST 761a Clinic: Advanced Prosthodontics**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

**REST 761b Principles of Occlusion**

Units: 2 Application of current occlusal concepts in removable prosthodontics. Techniques of occlusal adjustment and additive waxing for development of occlusal morphology. Instruction Mode: Lecture Grading Option: Letter

**REST 761c Clinic: Advanced Prosthodontics**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

**REST 761d Clinic: Advanced Prosthodontics**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

**REST 761e Clinic: Advanced Prosthodontics**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 each Students treat patients with complex interdisciplinary problems. A minimum of five full mouth reconstructions and 10 sets of complete dentures will be completed. Instruction Mode: Lecture Grading Option: Letter

**REST 761f Clinic: Advanced Prosthodontics**

Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Prosthodontics and Implants Laboratory

RPRO 501 Preclinical Removable Complete Prosthodontics
Units: 1 Fundamental theory for the fabrication of removable complete dentures. Instruction Mode: Lecture Grading Option: Letter

RPRO 502 Removable Complete Prosthodontics
Units: 1 Complete denture treatment: phases, clinical procedures, philosophy, concept, rationale, and need. Instruction Mode: Lecture Grading Option: Letter

RPRO 503a Preclinical Removable Prosthodontics and Implants
Units: 2 Introduction to disciplines of removable complete and partial dentures and implants, including classification and progress of edentulism, support sources and principles, design, fabrication and evaluation. Instruction Mode: Lecture Grading Option: Letter

RPRO 510 Implant Dentistry
Units: 1 Principles and use of implants in dentistry: includes history, biological basis, types, diagnosis and treatment planning, surgical and restorative procedures, and limitations. Instruction Mode: Lecture Grading Option: Letter

RPRO 511 Preclinical Removable Partial Prosthodontics I
Units: 1 Partial denture diagnosis and treatment planning: basic principles of partial denture design, fabrication, and function. Instruction Mode: Lecture Grading Option: Letter

RPRO 512 Preclinical Removable Partial Prosthodontics II
Units: 1 Partial denture design, fabrication, and function; repair; patient education. Instruction Mode: Lecture Grading Option: Letter

RPRO 513 Removable Partial Prosthodontics
Units: 1 Clinical removable partial prosthodontic treatment including diagnosis, treatment planning and clinical techniques. Instruction Mode: Lecture Grading Option: Letter

RPRO 521 Preclinical Removable Complete Prosthodontics Laboratory
Units: 1 Fundamental theory for the fabrication of removable complete dentures. Instruction Mode: Lecture Grading Option: Letter

RPRO 523a Preclinical Removable Prosthodontics and Implants Laboratory
Units: 1 Laboratory experience in the fabrication of removable complete and partial dentures and implants. Instruction Mode: Lecture Grading Option: Letter

RPRO 523b Preclinical Removable Prosthodontics and Implants Laboratory
Units: 1 Laboratory experience in the fabrication of removable complete and partial dentures and implants. Instruction Mode: Lecture Grading Option: Letter

RPRO 532 Preclinical Removable Partial Prosthodontics Laboratory II
Units: 1 Laboratory experience in fabrication of removable partial dentures. Instruction Mode: Lecture Grading Option: Letter

RPRO 550 Removable Complete Prosthodontics Clinic I
Units: 1 Clinical demonstration with supervised clinic experience in construction, repair, and evaluation of the removable complete denture. Instruction Mode: Lecture Grading Option: Letter

RPRO 561a Clinic: Removable Complete Prosthodontics I
Units: 0 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporomandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 561b Clinic: Removable Complete Prosthodontics I
Units: 0 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporomandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 561c Clinic: Removable Complete Prosthodontics I
Units: 0 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporomandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 561d Clinic: Removable Complete Prosthodontics I
Units: 2 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporomandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: Letter

RPRO 562a Clinic: Removable Complete Prosthodontics II
Units: 0, 1, 2, 3 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporomandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 562b Clinic: Removable Complete Prosthodontics II
Units: 0, 1, 2, 3 Diagnosis, treatment planning, and care of edentulous patients. Complex cases involving temporomandibular joint dysfunction, surgical and congenital defects; seminars on clinical treatment. Instruction Mode: Lecture Grading Option: Letter

RPRO 571a Clinic: Removable Partial Prosthodontics
Units: 0 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 571b Clinic: Removable Partial Prosthodontics
Units: 0 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 571c Clinic: Removable Partial Prosthodontics
Units: 0 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 571d Clinic: Removable Partial Prosthodontics
Units: 0 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 571e Clinic: Removable Partial Prosthodontics
Units: 0 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 571f Clinic: Removable Partial Prosthodontics
Units: 2 Clinical experience in diagnosis, treatment planning, and laboratory procedures necessary for the treatment of the partially edentulous patient. Includes seminars related to clinical treatment. Instruction Mode: Lecture Grading Option: Letter

RPRO 602 Advanced Removable Prosthodontics
Units: 4 Critical review and evaluation of the removable prosthodontic literature; guided experience in the laboratory and clinical phases of removable prosthodontic therapy. Duplicates Credit in RPRO 604a. RPRO 604b, RPRO 604c. Instruction Mode: Lecture Grading Option: Letter

RPRO 603 The Edentulous Patient — Conventional or Implant Prosthesis
Units: 1 Effective management of the edentulous patient who is unable to adapt to
COURSES OF INSTRUCTION

a prosthesis; includes a review of implant dentistry with a hands-on session. Instruction Mode: Lecture Grading Option: Letter

RPRO 604a Advanced Removable Prosthodontics
Units: 0 Critical review and evaluation of the removable prosthodontic literature; guided experience in the laboratory and clinical phases of removable prosthodontic therapy. Duplicates Credit in RPRO 602. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 604b Advanced Removable Prosthodontics
Units: 0 Critical review and evaluation of the removable prosthodontic literature; guided experience in the laboratory and clinical phases of removable prosthodontic therapy. Duplicates Credit in RPRO 602. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

RPRO 604c Advanced Removable Prosthodontics
Units: 4 Critical review and evaluation of the removable prosthodontic literature; guided experience in the laboratory and clinical phases of removable prosthodontic therapy. Duplicates Credit in RPRO 602. Instruction Mode: Lecture Grading Option: Letter

RPRO 605 Prosthetic Seminar: Removable Partial Prosthodontics
Units: 1 Provides fourth year dental students with an advanced didactic foundation for treating the partially edentulous patient with a removable partial. Instruction Mode: Lecture Grading Option: Letter

Regulatory Science

RSCI 504 Good Laboratory Practices (GLP)
Units: 2 Introduction to Good Laboratory Practices (GLP), including the design, implementation and monitoring of non-clinical GLP studies, and GLP studies in an academic environment. Instruction Mode: Lecture Grading Option: Letter

RSCI 506 Auditing Principles
Units: 3 Audit requirements mandated by the FDA and other international regulatory agencies including internal, external, regulatory agency, third party, GMP, GLP, ISO 13485/QSR and supplier audits. Instruction Mode: Lecture Grading Option: Letter

RSCI 507 Quality Systems and Statistical Process Control
Units: 2 Fundamentals and applications of Statistical Process Control (SPC) in development and monitoring of manufacturing processes; includes SPC in root cause analysis and CAPA. Instruction Mode: Lecture Grading Option: Letter

RSCI 508 Quality Assurance for Drugs and Biologics
Units: 3 Design and implementation of a quality system to assure quality and safety of pharmaceuticals and biologics, according to relevant FDA and international regulations and guidance documents. Instruction Mode: Lecture Grading Option: Letter

RSCI 509 Quality Assurance, Medical Devices and Combination Products
Units: 3 Design of systems according to FDA and international regulations and guidelines to ensure the quality and safety of medical devices and combination products. Instruction Mode: Lecture Grading Option: Letter

RSCI 520 Introduction to Risk Management for Health Care Products
Units: 2 Historical development, formal language and theoretical approaches to risk management in health care and medical product environments; policies, regulations, standards; liability prevention and loss control. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Duplicates Credit in former MPTX 520. Instruction Mode: Lecture Grading Option: Letter

RSCI 521 Seminars in Regulatory Science
Units: 1 Max Units: 6.0 Terms Offered: FaSpSm Current problems in regulatory affairs, legal management, preclinical and clinical testing, scientific evaluation and quality assurance. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post secondary training and industry experience; enrollment in MS, Regulatory Science program. Duplicates Credit in former MPTX 521. Instruction Mode: Lecture Grading Option: Credit/No Credit

RSCI 523 Advanced Concepts in Risk Management for Medical Products
Units: 3 Managing risk in demanding healthcare and medical-product situations: clinical trials, emerging technologies, counterfeit prevention, hard-to-reach populations. Recommended Preparation: undergraduate or professional degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in M.S. (Regulatory Science), Certificate in Patient and Product Safety, or permission of instructor. Instruction Mode: Lecture Grading Option: Letter

RSCI 525 Introduction to Drug and Food Toxicology
Units: 3 Factors affecting toxic responses to foods and drugs: dose-response relationships, absorption, distribution, biotransformation, elimination of toxicants; target organ toxicity, teratogenesis, mutagenesis, carcinogenesis, foodborne risks, medicine assessment. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 532 Early Stage Drug Development
Units: 3 Terms Offered: FaSpSm Explores the activities involved in transforming an early drug or biological candidate to a drug approved for marketing by regulatory authorities. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS, Regulatory Science, Certificate in Preclinical Drug Development and MS, Management of Drug Development. Instruction Mode: Lecture Grading Option: Letter

RSCI 533 Safety Evaluation during Drug Development
Units: 3 Safety pharmacology/toxicology requirements mandated by FDA and other regulatory agencies to move a new chemical entity from discovery stage to market approval. Instruction Mode: Lecture Grading Option: Letter

RSCI 534 Drug Development in CNS Disorders
Units: 4 Successes and challenges related
to central nervous system therapeutics. Major brain disorders, current and future therapeutic targets and clinical trial designs. Instruction Mode: Lecture Grading Option: Letter

RSCI 535 Methods Development and Validation
Units: 3 Foundation in the process of developing and validating analytical methodology for purposes of pharmaceutical, biological and medical device development. Instruction Mode: Lecture Grading: Option: Letter

RSCI 540 Analysis of Food and Dietary Supplement Regulations
Units: Changes and interpretation of regulations affecting food supply and dietary supplements impacting global markets. Product development, health-claim positioning, advertising, media messaging, consumer choices, personal health outcomes. Instruction Mode: Lecture Grading Option: Letter

RSCI 541 Drug Development, Reimbursement, and Marketing
Units: Survey of drug development strategies; health economics and outcomes researches and reimbursements; emphasis on coverage determination process and FDA and CMS parallel review process. Instruction Mode: Lecture Grading Option: Letter

RSCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 12.0 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

RSCI 596 Internship for Curricular Practical Training in Regulatory Science
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Part-time or full-time practical work experience in Regulatory Science. The internship must be located at an off-campus facility. Students are individually supervised by faculty. Recommended Preparation: undergraduate or professional degree in pharmacy, medicine or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS (Regulatory Science). Instruction Mode: Lecture Grading Option: Credit/No Credit

RSCI 601 Biomedical Commerce
Units: 4 Introduction to business principles appropriate to medical products, including: supply and demand, product entry-exit strategies, financing, reimbursement, marketing and pricing in global marketplace. Recommended Preparation: undergraduate degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience; enrollment in MS, Regulatory Science. Instruction Mode: Lecture Grading Option: Letter

RSCI 603 Managing Complex Projects
Units: 3 Theory and methods to manage complex projects in medical products sectors; timelines, intellectual property, security, contracts, budgets, review activities, reports, electronic tools, cross-cultural communication. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 604 Regulatory Strategy in Asia
Units: 4 Terms Offered: FaSpSm Regulatory policy, standards and practices in different Asian markets: product labeling, patenting, import/export management, materials sourcing, quality systems compliance, reimbursement, prescribing practices. Travel may be required. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 605 Managing Organizations and Human Resources
Units: 3 Theory and practice of personnel management, organizational structure and industrial relations in small, growing enterprises and large global companies typical of pharmaceutical and medical device sectors. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 606 Regulation of Emerging Technologies and Biological Products
Units: 3 Policies, testing and regulatory requirements affecting commercialization of biologics and novel medical technologies. Focus on biologics, blood and tissue products, radiopharmaceuticals and nanotechnology. Instruction Mode: Lecture Grading Option: Letter

RSCI 607 Theory, Methods and Practice of Medical Products Research
Units: 4 Terms Offered: FaSpSm Statistical and research design methods, data analysis, survey and interview techniques laying the foundation for the dissertation. Instruction Mode: Lecture Grading Option: Letter

RSCI 608 Regulatory Strategy in Europe and the Americas
Units: 4 Regulatory strategy in EU, Canada, Mexico and South America: culture, health-care practices, reimbursement, product registration, quality systems, trade restrictions, import/export requirements. Travel may be required. Recommended Preparation: undergraduate or professional degree in pharmacy, medical or independent health sciences, engineering or equivalent mix of post-secondary training and industry experience. Instruction Mode: Lecture Grading Option: Letter

RSCI 790 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 12.0 Terms Offered: FaSpSm Research leading to the doctorate. Maximum units which may be applied towards the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

RSCI 794a Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794b Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794d Doctoral Dissertation
Units: 2 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

RSCI 794e Doctoral Dissertation
Units: 0 Dissertation research required for completion of doctoral degree in regulatory science. Instruction Mode: Lecture Grading Option: In-progress & Credit/No Credit

RSCI 800 Studies for the Qualifying Exam
Units: 0 Terms Offered: FaSpSm Preparation for the qualifying exam. Instruction Mode: Lecture Grading Option: Credit/No Credit

Pharmaceutical and Regulatory Science

RXRS 201p The History and Geography of Drugs
Units: 4 Global perspectives; discovery and use of drugs (legal/illegal); poisons. How they helped shape, modify or change history as described in classical literature through present day. Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture Grading Option: Letter

RXRS 209 Mysterious Deaths: Poisons in Literature and History
Units: 2 Poisons as described in classical literature that shaped, modified or changed the course of history presented in the context of pharmacological/toxicological principles of drug action. Instruction Mode: Lecture Grading Option: Letter

RXRS 302 Pharmacology and Drug Development
Units: 4 Introduction to drug development. Drug/Receptor interactions, pharmacodynamics, pharmacokinetics, toxicology, therapeutic interventions, biotransformation, pharmacogenomics, FDA, regulatory requirements and challenges, intellectual property, global challenges of drug development. Instruction Mode: Lecture Grading Option: Letter

RXRS 304 Mysterious Deaths: Toxicology, Poisons, Literature, History
Units: 4 Poisons in classical literature helped shape, modify or change history. Presented in the context of pharmacological/toxicological principles of drug action. Instruction Mode:
Lecture Grading Option: Letter

**RXRS 402 Human Pharmacology: Challenge of Therapeutics in Society**

Units: 4 Principles of human pharmacology/toxicology related to prescription, over the counter medications; nutraceuticals; drug-drug interactions; polypharmacy; hot topics related to recently approved drugs. *Recommended Preparation:* Students should have completed at least one year of undergraduate biology and/or chemistry.

Instruction Mode: Lecture Grading Option: Letter

**RXRS 403 Neuropharmacology in Health and Disease**

Units: 4 Neuropharmacological treatments of brain disorders including neurodegenerative disorders, injury, and disease; influence of environment and experiences on neuroplasticity and brain development; drug discovery. *Prerequisite:* BISC 220Lg. Instruction Mode: Lecture Grading Option: Letter

**RXRS 404 Neuroimmunity in Health and Disease**

Units: 2 Social, psychological, economical, biological reasons associated with drug use/abuse; prevention strategies; Pharmacology and Pharmacotherapy successes/challenges; current trends; case studies; roles of health care professionals. *Recommended Preparation:* background in or completion of a year of biological science course work. Instruction Mode: Lecture Grading Option: Letter

**RXRS 405 Pharmacology and Sociology of Drug Abuse**

Units: 4 Social, psychological, economical, biological reasons associated with drug use/abuse; prevention strategies; pharmacology and pharmacotherapy successes/challenges; current trends; case studies; roles of health care professionals. Instruction Mode: Lecture Grading Option: Letter

**RXRS 406 Clinical Pharmacology and Medication Management**

Units: 4 Comprehensive Medication Management Applications in Pharmacotherapy; evidence-based, pharmacist driven medication selection; improved and/or optimized medication therapy; patient compliance; better and safer health outcomes. *Recommended Preparation:* clinical pharmacology course. Instruction Mode: Lecture Grading Option: Letter

**RXRS 407 The Discovery, Development and Marketing of Medicines**

Units: 4 Principles, concepts, challenges and short comings of modern day drug discovery and development of medicines. Inter-relationships with regulatory, ethical and societal sectors presented. Instruction Mode: Lecture Grading Option: Letter

**RXRS 408 Immunology and Immunotherapeutics**

Units: 4 Principles of human immunological responses to maintain wellness and perturbation in disease. Focus on discovery, development and use of pharmacological therapeutic strategies targeting immune mechanisms. *Prerequisite:* (BISC 120Lg and BISC 220Lg) or (CHEM 105aLg and CHEM 105bL) *Recommended Preparation:* Introductory Immunology Instruction Mode: Lecture Grading Option: Letter

**RXRS 409 Neuroimmunology: Focus on Disease and Therapy**

Units: 4 Newly evolving science focusing on the role of neuroimmune communication in the pathophysiology of the central nervous system (CNS) disorders. Neuroinflammation as a target for novel therapeutic approaches. *Prerequisite:* RXRS 408 or BISC 450L Instruction Mode: Lecture Grading Option: Letter

**RXRS 410 Cancer Biology and Pharmacotherapy**

Units: 4 Cancer and the complex molecular basis leading to tumor oncogenesis, invasion and metastasis; current therapeutic strategies and strategies on the horizon. *Prerequisite:* BISC 120Lg and BISC 220Lg) or (CHEM 105aLg and CHEM 105bL) Instruction Mode: Lecture Grading Option: Letter

**RXRS 411 Innovations in Medical Product Development**

Units: 4 Developing new medical technologies; political, regulatory, financing and reimbursement issues that may be associated; case studies looking at the newest medical technologies. Instruction Mode: Lecture Grading Option: Letter

**RXRS 412w Twenty-First Century Medical Issues and the Law**

Units: 4 Difficult issues in the law are examined regarding medical and healthcare controversies such as euthanasia, abortion, embryonic stem cells, human experimentation, and the death penalty. Satisfies Global Perspective in Category G: Citizenship in a Diverse World. Instruction Mode: Lecture Grading Option: Letter

**RXRS 413 Globalization of the Biomedical Industry**

Units: 4 Globalization; pharmaceuticals, biologics, medical devices, and combination products in advanced, emerging, and developing markets; regional and national regulations, global and regional harmonization efforts, ethical considerations. Instruction Mode: Lecture Grading Option: Letter

**RXRS 416 Medical Products: From Idea to Market**

Units: 4 Progress of medical product development through intellectual property, animal and clinical trials and commercialization. Emphasis on safety, quality systems and efficacy. Instruction Mode: Lecture Grading Option: Letter

**RXRS 417 Food Safety: The Good, The Bad and The Deadly**

Units: 4 Critical thinking, science translation, effective communications, personal health, and public policy development are at the interface of food safety, nutrition intervention and health controversies. Instruction Mode: Lecture Grading Option: Letter

**RXRS 418 Plant Medicines in Modern Medicine**

Units: 4 Plant medicines; how discovered; activity; pharmacology, toxicity and human benefit; emphasis on the US, Europe and China. Instruction Mode: Lecture Grading Option: Letter

**RXRS 420 Organ Physiology, Drug Delivery, and Drug Action**

Units: 4 Principles of cellular and organ physiology. Interplay between the physiology of these organ systems, drug delivery, and drug action. Instruction Mode: Lecture Grading Option: Letter

**RXRS 490x Directed Research**

Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12 Individual research, reading, writing and project development. Instruction Mode: Lecture Grading Option: Letter

**Systems Architecting and Engineering**

**SAE 496 Systems Engineering Through Motorsports**

Units: 3 Terms Offered: Irregular Applied systems architecting, engineering management to motorsports from design to validation and verification; venues include drag racing, grand prix Formula SAE racing, DARPA Challenges. Instruction Mode: Lecture Grading Option: Letter

**SAE 499 Special Topics**

Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSpSm Course content to be selected each semester from recent developments in Systems Architecting and Engineering and related fields. Instruction Mode: Lecture Grading Option: Letter

**SAE 515 Sustainable Infrastructure Systems**

Units: 3 Terms Offered: Fa Explores broad issues and mitigation measures involved in the analysis and design of complex, uncertain, interacting infrastructure systems needing to be resilient and sustainable. Instruction Mode: Lecture Grading Option: Letter

**SAE 541 Systems Engineering Theory and Practice**

Units: 3 Terms Offered: FaSpSm Integration of engineering problem solving methodologies based on systems concepts. Application to complex, large scale technical systems and problems faced by engineering managers. Case studies. Duplicates Credit in former ISE 541. Instruction Mode: Lecture Grading Option: Letter

**SAE 542 Advanced Topics in Systems Engineering**

Units: 3 Terms Offered: FaSpSm Advanced topics in integration software management and systems engineering, probabilistic foundations of decision-based theory, quantitative risk management, decision-based design, and safety aspects of systems engineering. Duplicates Credit in former ISE 542. Instruction Mode: Lecture Grading Option: Letter

**SAE 543 Case Studies in Systems Engineering and Management**

Units: 3 Terms Offered: FaSpSm Real-world case studies in DoD, NASA, and commercial arenas, employing new methodologies to cover the fundamental positive and negative development learning principles of systems
engineering. Instruction Mode: Lecture
Grading Option: Letter

SAE 546 Engineered Resilient Systems
and System-of-Systems
Units: 3 Terms Offered: Sp Formal methods
for the design and analysis of resilient
systems and system-of-systems (SoS);
Disruption risks as a function of system
scale and complexity, management, and
architectures. Recommended Preparation:
SAE 549 Instruction Mode: Lecture Grading
Option: Letter

SAE 547 Model-Based Systems
Architecting and Engineering
Units: 3 Approaches for modeling systems
using software such as SySML; modeling
system, requirements, structure, behavior,
and parameters; mapping to hardware
description language and behavioral code
generation. Recommended Preparation:
Modeling and simulation courses. Instruction
Mode: Lecture Grading Option: Letter

SAE 548 Systems/System-of-Systems
Integration and Communication
Units: 3 Terms Offered: FaSpSm Formal
essentials of systems and system-of-systems
integration from the perspectives of business,
programs, and technology. Process, legacy,
and systems-of-systems integration. Verification
and validation methods. Case studies.
Recommended Preparation: bachelor's
degree in engineering or physical sciences.
Instruction Mode: Lecture Grading Option:
Letter

SAE 549 Systems Architecting
Units: 3 Terms Offered: FaSp Introduction to
systems architecture in aerospace, electrical,
computer, and manufacturing systems
emphasizing the conceptual and acceptance
phases and using heuristics. Prerequisite:
BS degree in a related field of engineering.
Instruction Mode: Lecture Grading Option:
Letter Crosslisted as AME-549

SAE 550 Systems Architecting and
the Political Process
Units: 3 Analysis of risks inherent in
managing high-tech/ high-cost government-funded
engineering programs; tools and techniques
for coping with the impacts of politically-driven
budgets on the engineering design process.
Recommended Preparation: two years of work experience. Duplicates
Credit in former ISE 550. Instruction Mode:
Lecture Grading Option: Letter

SAE 551 Lean Operations
Units: 3 Terms Offered: FaSp Enroll in ISE
506)

SAE 560 Economic Considerations for
Systems Engineering
Units: 3 Terms Offered: Sp Impact of
economic factors for systems architects and
engineers, tools for understanding these
factors, fundamental quantitative analysis of
cash flow, life-cost estimating for systems
and software engineering. Instruction Mode:
Lecture Grading Option: Letter

SAE 574 Net-Centric Systems Architecting
and Engineering
Units: 3 Terms Offered: FaSp In-depth
examination of the technical design
approaches, tools, and processes to enable
the benefits of net-centric operations in a
networked systems-of-systems. Instruction
Mode: Lecture Grading Option: Letter

SAE 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
Terms Offered: FaSpSm Research leading
to the master's degree. Maximum units
which may be applied to the degree to be
determined by the department. Instruction
Mode: Lecture Grading Option: Credit/No
Credit

SAE 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit
on acceptance of thesis. Instruction Mode:
Lecture Grading Option: In-progress &
Credit/No Credit

SAE 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit
on acceptance of thesis. Instruction Mode:
Lecture Grading Option: In-progress &
Credit/No Credit

SAE 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit
on acceptance of thesis. Instruction Mode:
Lecture Grading Option: In-progress &
Credit/No Credit

SAE 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered:
FaSpSm Course content will be selected
each semester to reflect current trends
and developments in the field of systems
architecting and engineering. Instruction
Mode: Lecture Grading Option: Letter

Screen Scoring
SCOR 403 Introduction to Scoring Movies
and Television
Units: 2 Practical composition course
covering the unique art, craft, and technology
involved in writing and integrating music
for animated and live-action visual media.
Prerequisite: MUCO 133b Recommended
Preparation: Composition background,
MTEC 443 or MTEC 445 Instruction Mode:
Lecture Grading Option: Letter

SCOR 405 Introduction to Scoring Video
Games
Units: 2 Practical composition course
covering the unique art, craft, and technology
involved in composing and integrating video-
game music. Prerequisite: MUCO 133b
Recommended Preparation: Composition background,
MTEC 443 or MTEC 445 Duplicates Credit in former MUCO 445
Instruction Mode: Lecture Grading Option: Letter

SCOR 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: max
12 Individual research and readings. Not
available for graduate credit. Registration
Restriction: Open only to juniors and seniors
Instruction Mode: Lecture Grading Option:
Letter

SCOR 499 Special Topics
Units: 2, 3, 4 Max Units: 8 Selected topics of
current interest. Instruction Mode: Lecture
Grading Option: Letter

SCOR 502 Individual Instruction in
Advanced Screen Scoring
Units: 1, 2 Max Units: 4 Individual
instruction and review of students' work.

SCOR 503a Advanced Scoring for Motion
Pictures and Television
Units: 2 Scoring principles involved in
designing, timing, and composing scores
for video projects, including documentaries,
animated, and live-action projects. Will
also include composing for live recording
sessions. Duplicates Credit in former MUCO
440a Instruction Mode: Lecture Grading
Option: Letter

SCOR 503b Advanced Scoring for Motion
Pictures and Television
Units: 2 Scoring principles involved in
designing, timing, and composing scores
for video projects, including documentaries,
animated, and live-action projects. Will
also include composing for live recording
sessions. Prerequisite: SCOR 503a
Duplicates Credit in former MUCO 440b
Instruction Mode: Lecture Grading Option:
Letter

SCOR 504a Orchestral Scoring
Units: 2 Explores the sounds of and notations
for the major orchestral instruments; provides
instruction on implementation of those
instruments in scoring and orchestrating
for the screen. Duplicates Credit in former MUCO
443a Instruction Mode: Lecture
Grading Option: Letter

SCOR 504b Orchestral Scoring
Units: 2 Explores the sounds of and notations
for the major orchestral instruments; provides
instruction on implementation of those
instruments in scoring and orchestrating
for the screen. Prerequisite: SCOR 504a
Duplicates Credit in former MUCO 443b
Instruction Mode: Lecture
Grading Option: Letter

SCOR 505a Advanced Game Scoring and
Integration
Units: 2 Explores more sophisticated
principles and techniques involved in the
unique aspects of composing and integrating
music for video games. Duplicates Credit
in former MUCO 540a Instruction Mode:
Lecture Grading Option: Letter

SCOR 505b Advanced Game Scoring and
Integration
Units: 2 Explores more sophisticated
principles and techniques involved in the
unique aspects of composing and integrating
music for video games. Prerequisite: SCOR
505a Duplicates Credit in former MUCO
540b Instruction Mode: Lecture
Grading Option: Letter

SCOR 506 Applied Techniques in
Contemporary Scoring
Units: 2 Explores the most recent artistic and
technological innovations in film/television
scoring, and includes creating cues from
adapted themes. Duplicates Credit in former MUCO
522b Instruction Mode: Lecture
Grading Option: Letter

SCOR 511a History of Film Scoring
SCOR 511b History of Film Scoring
Units: 2 Examines the evolution of movie music from 1920s to present. Includes recorded interviews with the most significant film composers and film clips of their work. Prerequisite: SCOR 511a Duplicates Credit in former MUCO 442a Instruction Mode: Lecture Grading Option: Letter

SCOR 512 Entrepreneurialism for the Screen Composer
Units: 2 Addresses challenges facing emerging screen composers, including negotiating deals; establishing a studio, production budgets, and a publishing business; tracking royalties; licensing music; and engaging representation. Instruction Mode: Lecture Grading Option: Letter

SCOR 521a Recording, Mixing and Editing for the Screen Composer
Units: 2 Addresses the need for modern-day screen composers to produce and digitally record, sweeten, mix, and edit much of their own music. Duplicates Credit in former MUCO 560a Instruction Mode: Lecture Grading Option: Letter

SCOR 521b Recording, Mixing and Editing for the Screen Composer
Units: 2 Addresses the need for modern-day screen composers to produce and digitally record, sweeten, mix, and edit much of their own music. Prerequisite: SCOR 521a Duplicates Credit in former MUCO 560b Instruction Mode: Lecture Grading Option: Letter

SCOR 523a Advanced Screen Scoring Technology
Units: 2 Explores sophisticated principles and applications of technologies for screen scoring, including the use of synthesizers, samplers, and sequencers. Duplicates Credit in former MUCO 557a Instruction Mode: Lecture Grading Option: Letter

SCOR 523b Advanced Screen Scoring Technology
Units: 2 Explores sophisticated principles and applications of technologies for screen scoring, including the use of synthesizers, samplers, and sequencers. Prerequisite: SCOR 523a Duplicates Credit in former MUCO 557b Instruction Mode: Lecture Grading Option: Letter

SCOR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SCRM 511 Developmental Biology and Human Embryology
Units: 4 Terms Offered: Fa Survey of anatomical, cellular and molecular processes that underlie human development and congenital malformations, with discussion of other species for comparison. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 513 Stem Cells and Regenerative Medicine
Units: 4 Terms Offered: Fa A comprehensive investigation of embryonic, fetal and adult stem cells and the application of stem cell biology to treat disease. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 515 Bringing Stem Cells to the Clinic
Units: 4 Terms Offered: Sp Lectures addressing the business, legal, ethical, manufacturing and regulatory aspects involved in moving stem cells or related product into clinical practice. Recommended Preparation: SCRM 513 Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 517 Historical and Contemporary Stem Cell Research
Units: 2 Terms Offered: Sp Historical and contemporary stem cell research using hematopoietic stem cells as a model system. Prerequisite: SCRM 513 Registration Restriction: Open only to master students in Stem Cell Biology and Regenerative Medicine Instruction Mode: Lecture Grading Option: Letter

SCRM 521L Biological Imaging in Stem Cell Research
Units: 2 Terms Offered: Sp Theory and practice of using microscopy and flow cytometry in stem cell biology, including sample preparation, digital processing and data analysis. Concurrent Enrollment: SCRM 524L Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors Instruction Mode: Lecture, Lab Required Grading Option: Letter

SCRM 524L Culture and Differentiation of Human Pluripotent Stem Cells
Units: 2 Terms Offered: Sp Classroom and laboratory experience in the techniques for deriving, culturing and differentiating human pluripotent stem cells (hPSCs) and related cell types. Concurrent Enrollment: Concurrent enrollment: SCRM 522 Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SCRM 555 Writing About Stem Cell Biology and Regenerative Medicine
Units: 1 Terms Offered: Sp In writing for various audiences on topics related to stem cell biology and regenerative medicine. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture Grading Option: Letter

SCRM 574 Stem Cell and Developmental Biology Seminar Series
Units: 1 Terms Offered: FaSp (Enroll in DSR 574)

SCRM 580 SCRM External Speaker Seminar Series
Units: 2 Max Units: 8.0 Terms Offered: FaSp Reading and discussion of recent papers by the SCRM speaker of the week, and attendance at the speaker's seminar. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Discussion Grading Option: Letter

SCRM 590 Independent Research
Units: 1, 2, 3, 4 Max Units: 16.0 Independent research conducted under the guidance of faculty in the Department of Stem Cell Biology and Regenerative Medicine. Prerequisite: SCRM 511, SCRM 513, SCRM 515, SCRM 522, SCRM 524, SCRM 555, SCRM 580. Registration Restriction: Open only to Stem Cell Biology and Regenerative Medicine majors. Instruction Mode: Lecture, Lab Grading Option: Credit/No Credit

SCRM 610 Current Topics in Regenerative Medicine
Units: 1 Terms Offered: Sp (Enroll in DSR 610)

SCRM 620 Current Topics in Stem Cell Biology and Organogenesis
Units: 1 Terms Offered: Fa (Enroll in DSR 620)

Slavic Languages and Literatures

SLL 020 Course in Reading Russian
Units: 2 For graduate students wishing to use Russian as a scholarly tool. Emphasis on basic grammar and reading skills. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 025 Course in Reading Russian
Units: 2 Continuation of SLL 020. Reading of authentic materials from Russian press and students' areas of interest. Prerequisite: SLL 020 Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 120 Beginning Russian I
Units: 4 Introduction to the Russian language with emphasis on basic conversational skills, major points of grammar, and reading. Instruction Mode: Lecture Grading Option: Letter

SLL 122 Elementary Polish I
Units: 4 Structure of the language, pronunciation, basic communication, and reading in modern Polish. Instruction Mode: Lecture Grading Option: Letter
SLL 130a Elementary Czech
Units: 4 Structure of the language, basic grammar, pronunciation, and oral communication. Readings in Czech; discussion of Czech history and culture. Instruction Mode: Lecture Grading Option: Letter

SLL 130b Elementary Czech
Units: 4 Continuation of SLL 130a. Prerequisite: SLL 130a. Instruction Mode: Lecture Grading Option: Letter

SLL 150 Beginning Russian II
Units: 4 Continuation of SLL 120. Prerequisite: SLL 120. Instruction Mode: Lecture Grading Option: Letter

SLL 152 Elementary Polish II
Units: 4 Continuation of SLL 122. Prerequisite: SLL 122. Instruction Mode: Lecture Grading Option: Letter

SLL 199 Chess and Critical Thinking
Units: 2 Analysis of significant chess games, reflecting societal attitudes toward science, competition, art, gender, psychology, politics, and technology. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 210 Masterpieces of the Russian Short Story
Units: 4 Critical reading of selected masterpieces of the Russian short story; works by Gogol, Turgenev, Dostoevsky, Tolstoy, Babel, Pasternak, Solzhenitsyn, and others. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 220 Intermediate Russian I
Units: 4 Development of thematic conversational skills with emphasis on extended dialogue. Review of basic morphology with special attention to verbs of motion. Reading of authentic material is emphasized. Prerequisite: SLL 120, SLL 150. Instruction Mode: Lecture Grading Option: Letter

SLL 222 Readings in Polish Literature I
Units: 4 Continuation of elementary Polish and introduction to outstanding works in Polish literature. Prerequisite: SLL 122 and SLL 152. Instruction Mode: Lecture Grading Option: Letter

SLL 250 Intermediate Russian II
Units: 4 Continuation of SLL 220. Development of proficiency in conversation skills, reading, and writing. Prerequisite: SLL 220. Instruction Mode: Lecture Grading Option: Letter

SLL 252 Readings in Polish Literature II
Units: 4 Continuation of SLL 222. Prerequisite: SLL 222. Instruction Mode: Lecture Grading Option: Letter

SLL 255 Business Russian
Units: 4 Language and culture course for intermediate Russian level students interested in business. Prepares students to communicate in Russian-speaking business settings in a linguistically sensitive manner. Prerequisite: SLL 220. Instruction Mode: Lecture Grading Option: Letter

SLL 260x The Trans-Siberian Experience
Units: 2 Terms Offered: Sp Introduction to Russian language and culture by means of a study-tour on the Trans-Siberian Railway.

SLL 270a Russian for Native Speakers
Units: 4 For native Russian speakers who cannot read or write Russian. Emphasis on essentials of grammar, vocabulary, and orthography, and the reading and writing of simple texts in Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 270b Russian for Native Speakers
Units: 4 Continuation of SLL 270a. Instruction Mode: Lecture Grading Option: Letter

SLL 299 Chess — Advanced Thinking Techniques
Units: 2 Development of advanced understanding of the game of chess. Critical analysis of games and of the problem-solving techniques applicable in various game situations. Prerequisite: SLL 199. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 300 The Russian Novel
Units: 4 The rise of the novel as the dominant form in Russian literature of the 19th century. Major works by Gogol, Turgenev, Dostoevsky, Tolstoy, and others. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 301 Russian Literary Avant-Garde
Units: 4 Russian modernism and the avant-garde: development of modern sensibility in literature and the arts from 1880 to 1930. Readings in Chekhov, Sologub, Bely, Mayakovsky, and others. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 302g Modern Russian Literature
Units: 4 Survey of the major developments in Russian literature during the 20th century, from modernism to the post-Soviet era. Readings in English. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter

SLL 303 Contemporary Russian Literature
Units: 4 Developments in Russian literature from the 1960s to the present. Literature of moral resistance directed against official cultural models. In English. Instruction Mode: Lecture Grading Option: Letter

SLL 304g Tolstoy: Writer and Moralist
Units: 4 Tolstoy's major works in the context of his ethical views. Readings and lectures in English. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category V: Arts and Letters Instruction Mode: Lecture Grading Option: Letter

SLL 345g Literature and Philosophy: Dostoevsky
Units: 4 Dostoevsky's novels as psychological and philosophical analyses of modern alienated man. Readings in Dostoevsky and selections from Gide, Kafka, Camus, and Sartre. Conducted in English. Satisfies New General Education in Category B: Humanistic Inquiry Satisfies Old General Education in Category V: Arts and Letters Instruction Mode: Lecture Grading Option: Letter

SLL 346 Russian Drama and the Western Tradition
Units: 4 Representative plays from the 18th century to the present. Development of the Russian theater in the European context. Conducted in English. Instruction Mode: Lecture Grading Option: Letter

SLL 348g The Novels of Vladimir Nabokov
Units: 4 Survey of Vladimir Nabokov's novels written in Europe and America from the 1920s–1960s. Primary focus on the structure of the novels and their themes of art and emigration. Readings in English. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter

SLL 370 Advanced Russian for Native Speakers
Units: 4 For students with basic oral proficiency in Russian who need to develop native fluency in an array of genres and situations. Emphasis on advanced grammar, reading (literary and scholarly texts), written expression (scholarly, administrative, and business genres), spelling, and punctuation. Instruction Mode: Lecture Grading Option: Letter
SLL 378 Modern Russian Art
Units: 4 Changing concepts of aesthetic value as expressed in the development of 19th and 20th century Russian art (painting and architecture). Instruction Mode: Lecture Grading Option: Letter Crosslisted as AHIS-378

SLL 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

SLL 397 Literature and Film in Eastern European Historical Experience
Units: 4 Exploration of key moments in the recent historical experience of Eastern Europe through close readings of literature and film. Taught in English. Instruction Mode: Lecture Grading Option: Letter

SLL 465 Seminar in Russian Studies
Units: 4 Max Units: 12.0 Readings and discussion in Russian of current topics in Russian culture, politics and society. Content varies each time offered. Prerequisite: SLL 250. Instruction Mode: Lecture Grading Option: Letter

SLL 490s Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Individual research and readings. Instruction Mode: Lecture Grading Option: Letter

SLL 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Instruction Mode: Lecture Grading Option: Letter

SLL 500 Topics in Advanced Russian
Units: 2 Max Units: 8.0 Study of Russian required for graduate work and professional activities. Prerequisite: four years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 501 Proseminar in Russian Literature
Units: 3 Introduction to graduate study of Russian literature: research methods, bibliography, translation, development of critical writing skills. Instruction Mode: Lecture Grading Option: Letter

SLL 510 Old Church Slavonic
Units: 3 Study of the earliest recorded Slavic language: linguistic interpretation of original texts; knowledge of a Slavic language or general linguistics will be helpful. Instruction Mode: Lecture Grading Option: Letter

SLL 512 History of the Russian Language
Units: 3 Phonetic, morphological, syntactical changes from common Slavic to the present. Russian literary language; influence of 19th century Russian authors and old church Slavic on contemporary Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 514 Structure of Modern Russian: Phonology
Units: 3 Articulatory phonetics, phonemics, morphophonemics, and intonational patterns of modern Russian. Consider word order, negation, verbal aspect. Instruction Mode: Lecture Grading Option: Letter

SLL 530 Early Russian Literature and Culture (11th–17th Centuries)
Units: 3 Major monuments of medieval Russian literature examined in their cultural, literary, and theological context, with special emphasis on issues of genre. Focus on problems of Russian cultural identity and Russia’s complex relationship to Byzantine and Western traditions. Prerequisite: SLL 510 and SLL 514. Instruction Mode: Lecture Grading Option: Letter

SLL 532 18th Century Russian Literature
Units: 3 Major works and genres of the 18th century. The development of a "modern" literary tradition, focusing on problems of Russia's indigenization of Western literary movements (classicism and sentimentalism). Instruction Mode: Lecture Grading Option: Letter

SLL 542 Symbolism
Units: 3 Russian symbolist literature; cultural and philosophical background of this late 19th and early 20th century movement. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 544 Russian Short Story
Units: 3 Pushkin, Gogol, Dostoevsky, Tolstoy, Chekhov. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 546 The Russian Novel
Units: 3 Genre of the novel as exemplified in the works of one or more Russian authors. Readings from Gogol, Turgeniev, Tolstoy, Dostoevsky, and others. Prerequisite: three years of college Russian. Instruction Mode: Lecture Grading Option: Letter

SLL 548 History of Russian Literary Criticism
Units: 3 History and principles of literary criticism in Russia with attention to major periods and movements from the early 19th century through the Formalists. Instruction Mode: Lecture Grading Option: Letter

SLL 550 Russian Modernism
Units: 3 "Russian Modernism" subsumes theoretical ideas, practical achievements, and stylistic movements which contributed to Russia's cultural renaissance between ca. 1890 and ca. 1925. Prerequisite: SLL 340. Instruction Mode: Lecture Grading Option: Letter

Units: 3 A survey of major Russian fiction in the context of Western European literary movements from the late 18th through late 19th centuries. The course presumes the students' basic acquaintance with the major monuments. Instruction Mode: Lecture Grading Option: Letter

SLL 585 20th Century Russian Literary Criticism
Units: 3 Relationship between practical and theoretical literary criticism: Formalism and Structuralism, Sociological school, and Bakhtin; theoretical approaches applied to specific literary texts. Instruction Mode: Lecture Grading Option: Letter

SLL 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SLL 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: FaSp (Enroll in MDA 593)

SLL 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Instruction Mode: Lecture Grading Option: Letter

SLL 650 Seminar in Russian Literature
Units: 3 Max Units: 9.0 Detailed study of single literary period, movement or genre; two or more selected authors; specific school of literary criticism. May be repeated with departmental permission, if content of the seminar is different. Prerequisite: three years of college Russian; Recommended Preparation: one year of graduate study. Instruction Mode: Lecture Grading Option: Letter

SLL 660 Seminar on a Single Author or Work
Units: 3 Max Units: 9.0 Theme varies from year to year. An author or major work will be selected for intensive study; research paper required. May be repeated, with departmental permission, if content of the seminar is different. Prerequisite: three years of college Russian; Recommended Preparation: one year of graduate study. Instruction Mode: Lecture Grading Option: Letter

SLL 665 Seminar in Russian Culture and the Arts
Units: 3 Max Units: 9.0 Subject varies from year to year. A trend or major figure will be studied in its cultural and artistic contexts. May be repeated, with departmental permission, if content of the seminar is different. Prerequisite: three years of college Russian; Recommended Preparation: one year of graduate study. Instruction Mode: Lecture Grading Option: Letter

MDA 593) Units: 2 Terms Offered: FaSp (Enroll in MDA 593)
Russian; **Recommended Preparation:** one year of graduate study. **Instruction Mode:** Lecture **Grading Option:** Letter

**SLL 670 Seminar in Eastern European Cinema**

**Units:** 3 Max **Units Offered:** FaSp **Topics in Eastern European cinema selected for intensive study. May be repeated with varying content. Recommended Preparation:** two years of graduate study **Registration Restriction:** Open only to doctoral students **Instruction Mode:** Lecture **Grading Option:** Letter

**SLL 790 Research**

**Units:** 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 **Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department.** **Instruction Mode:** Lecture **Grading Option:** Credit/No Credit

**SLL 794a Doctoral Dissertation**

**Units:** 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**SLL 794b Doctoral Dissertation**

**Units:** 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**SLL 794c Doctoral Dissertation**

**Units:** 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**SLL 794d Doctoral Dissertation**

**Units:** 2 Credit on acceptance of dissertation. **Instruction Mode:** Lecture **Grading Option:** In-progress to Credit/No Credit

**SLL 200g Seminar in Russian Literature**

**Units:** 3 Max **Terms Offered:** FaSp **Recommended Preparation:** one year of Russian **Instruction Mode:** Lecture **Grading Option:** Letter

**SOCI 100gm Los Angeles and the American Dream**

**Units:** 4 **Los Angeles as a metaphor for the American Dream, exploring the city's history and potential futures, including economic opportunity, social justice, spatial organization, and environmental sustainability. Satisfies Old General Education in Category VI:** **Social Issues** **Satisfies Old General Education in Category VI:** **Social Issues** **Instruction Mode:** Lecture, Discussion **Grading Option:** Letter

**Sociology**

**SOCI 120gm Questions of Intimacy**

**Units:** 4 **Terms Offered:** FaSp **Analysis of conditions of intimacy and intimate personal relationships as lenses for understanding social inequalities of race, social class, gender, sexuality, and nation. Satisfies New General Education in Category C:** **Social Analysis** **Satisfies Old General Education in Category VI:** **Social Issues** **Instruction Mode:** Lecture, Discussion **Grading Option:** Letter

**SOCI 150gm Social Problems**

**Units:** 4 **Terms Offered:** FaSp **Analysis of factors in current American social problems: crime, delinquency, prostitution, family disorganization, race relations, mental illness. Satisfies New General Education in Category C:** **Social Analysis** **Satisfies Old General Education in Category VI:** **Social Issues** **Instruction Mode:** Lecture, Discussion **Grading Option:** Letter

**SOCI 215g Sociology of Wall Street**

**Units:** 4 **Terms Offered:** FaSp **Examines Wall Street as a market for allocating investment; arbiters of prices; place to work; and a powerful force directing the activities of corporations everywhere. Satisfies New General Education in Category C:** **Social Analysis** **Instruction Mode:** Lecture, Discussion **Grading Option:** Letter

**SOCI 215gw Sociology of Wall Street**

**Units:** 2 **Terms Offered:** FaSp **Sociology of Wall Street:** **Satisfies Old General Education in Category VI:** **Social Issues** **Instruction Mode:** Lecture, Discussion **Grading Option:** Letter

**SOCI 220gm Sociology of Childhood**

**Units:** 4 **Terms Offered:** FaSp **Logic of childhood constructions; children's social relations and cultures; issues of childcare, poverty, violence, and children's rights; effects of children on adults. Prerequisite:** **SOCI 200gm Recommended Preparation:** **SOCI 270 or SOCI 370 Instruction Mode:** Lecture, Discussion **Grading Option:** Letter

**SOCI 311L Analyzing Social Statistics**

**Units:** 4 **Terms Offered:** FaSp **Sociological measurement, univariate description, elementary correlation, introduction to statistical inference. Satisfies New General Education in Category F:** **Quantitative Reasoning Instruction Mode:** Lecture, Lab Required **Grading Option:** Letter

**SOCI 311Lg Analyzing Social Statistics**

**Units:** 4 **Terms Offered:** FaSp **Sociological measurement, univariate description, elementary correlation, introduction to statistical inference. Satisfies New General Education in Category F:** **Quantitative Reasoning Instruction Mode:** Lecture, Lab Required **Grading Option:** Letter
quantitative analysis skills to study major social issues using large existing survey data sets. Become conversant in describing data to a variety of audiences. Prerequisite: SOCI 200gm and SOCI 313 and SOCI 314 Instruction Mode: Lecture Grading Option: Letter

SOCI 331 Cities
Units: 4 Organization of urban society, including such topics as segregation, urban decay, local politics, residential change, and community conflict. Instruction Mode: Lecture Grading Option: Letter

SOCI 335 Society and Population
Units: 4 World population trends and their consequences: determinants of fertility, mortality, and migration; development of elementary models of population change. Instruction Mode: Lecture Grading Option: Letter

SOCI 340 Organizations: Bureaucracy and Alternatives to Bureaucracy
Units: 4 Importance of organizations in social life; techniques for using and changing organizations; examination of strategies for building and sustaining nonbureaucratic organizations. Instruction Mode: Lecture Grading Option: Letter

SOCI 342m Race Relations
Units: 4 Terms Offered: FaSp Past and present relations between the White majority and the "conquered minorities" (Blacks, Chicanos, American Indians), as well as Asian immigrants; conflict vs. assimilation perspectives. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 345 Social Institutions
Units: 4 Cultural and interactional aspects of social institutions as complex social systems; religious, political, industrial, and familial institutions.

SOCI 350 Social Exclusion, Social Power, and Deviance
Units: 4 Terms Offered: FaSp Current theories of origin, distribution, and control of deviant behavior; examination of processes involved in the career deviance of drug addicts, alcoholics, sexual deviants, gamblers, and mentally disordered. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 351 Public Policy and Juvenile Justice
Units: 4 Terms Offered: FaSp Past and current theories of youth crime; gangs and other forms of youth deviance; the changing response of the police, courts, and public to these behaviors. Prerequisite: SOCI 200gm Recommended Preparation: SOCI 314Lg Instruction Mode: Lecture Grading Option: Letter

SOCI 353 Public Policy and Criminal Justice
Units: 4 Terms Offered: FaSp Nature and trends in crime, policing, courts, and correctional agencies in relation to past, current, and prospective changes in society. Prerequisite: SOCI 200gm Recommended Preparation: SOCI 314Lg Instruction Mode: Lecture Grading Option: Letter

SOCI 355m Immigrants in the United States
Units: 4 Social construction of historical and contemporary immigration to the United States, including causes of migration, immigration policies, and the socioeconomic integration of immigrants. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter

SOCI 356m Mexican Immigrants in Sociological Perspective
Units: 4 Effects of class, global inequality, legal status, gender, racial/ethnic, and language differences in distinguishing Mexican immigrant populations from the U.S.-born population; differentiation among Mexican immigrants. Instruction Mode: Lecture Grading Option: Letter

SOCI 357m Latino Politics
Units: 4 (Enroll in AMST 357)

SOCI 360m Social Inequality: Class, Status, and Power
Units: 4 Terms Offered: FaSp Inequalities in wealth, prestige, and power in the United States; the American class structure and the extent of upward mobility in that structure. Prerequisite: SOCI 200gm Recommended Preparation: SOCI 314Lg Instruction Mode: Lecture Grading Option: Letter

SOCI 362 Global and Transnational Sociology
Units: 4 Terms Offered: FaSp Examines key issues in global and transnational sociology. Globalization is the empirical phenomenon where social, economic, and political interconnectedness across countries impacts the world. Instruction Mode: Lecture Grading Option: Letter

SOCI 364m Racial and Ethnic Women in America
Units: 4 Terms Offered: FaSp (Enroll in SWMS 364m)

SOCI 365 Visual Sociology of the City and Its Residents
Units: 4 Students examine images of urban America and use the camera to produce visual representation in their analysis of social relations. Instruction Mode: Lecture Grading Option: Letter

SOCI 369 The Family in a Changing Society
Units: 4 Changing family patterns; personality development; family unity, predicting success in marriage; the family in transition; crises such as economic changes, death, divorce; family reorganization. Prerequisite: SOCI 200gm Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS 369

SOCI 370 Sociological Theory
Units: 4 Terms Offered: FaSp Historical and contemporary approaches to sociological theory; analysis of conceptual frameworks applied to the study of society and social interaction. Instruction Mode: Lecture Grading Option: Letter

SOCI 376m Contemporary Issues in Asian American Communities
Units: 4 Survey of current social and political issues facing Asian American communities with emphasis on Los Angeles region; design and implementation of community-based research projects. Instruction Mode: Lecture Grading Option: Letter Crosslisted as AMST-376

SOCI 379m Mixing and Mating: Intermarriage in 21st Century
Units: 4 Terms Offered: Sp (Enroll in JS 379)

SOCI 382 Judaism as an American Religion
Units: 4 (Enroll in JS 382)

SOCI 386m Men and Masculinity
Units: 4 (Enroll in SWMS 385)

SOCI 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

SOCI 402 Human Trafficking
Units: 4 Terms Offered: FaSp Interrogates the social construction of the legal category "human trafficking," examining the ideological foundations, the social constructions, and political issues surrounding the issue. Prerequisite: SOCI 200gm and SOCI 370 and SOCI 313L and SOCI 314Lg and SOCI 325 Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS 402

SOCI 408 Volunteers, Non-Governmental Organizations, and Everyday Pol
Units: 4 Terms Offered: FaSpSm Theory, practice, and history of civic life. Examines communication, personal obligation, collective imagination, and political representation, in grassroots, state-sponsored, and non-governmental organization-sponsored civic associations around the world. Prerequisite: SOCI 200gm and (SOCI 270 or SOCI 370) and SOCI 313L and SOCI 314Lg and SOCI 325 Corequisite: SOCI 325 Instruction Mode: Lecture Grading Option: Letter

SOCI 410 The Sociology of Popular Culture
Units: 4 From the entertainment capital of the world, course surveys sociological research on artistic producers and critical theories of the connections between popular culture and society. Instruction Mode: Lecture Grading Option: Letter

SOCI 425 Crowds, Publics, and Social Movements
Units: 4 Terms Offered: FaSp Spontaneous, expressive and creative forms that support or revolutionize society, including topics such as students, student unrest, tax revolts, patriotism, uprisings, and women's movements. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture Grading Option: Letter

SOCI 429 Immigration, Work and Labor
Units: 4 Terms Offered: FaSp Examination of the experiences of racial minorities in the labor market; niche concentration, the effects of globalization on labor migration, entrepreneurship, discrimination, and minorities in white-collar occupations. Prerequisite: SOCI 200gm and SOCI 370 and SOCI 313L and SOCI 314Lg and
SOCI 325 Instruction Mode: Lecture
Grading Option: Letter

SOCI 430m Work and the Workplace
Units: 4 Contrasting views of work in contemporary societies; technological change in the workplace; opportunity, inequality, conflict, and alienation in different occupations. Instruction Mode: Lecture
Grading Option: Letter

SOCI 432m Racial and Ethnic Relations in a Global Society
Units: 4 Terms Offered: FaSp Examines race/ethnic relations with U.S. and selected countries from a global perspective, causes/social effects of globalization on people's lives, U.S. attitudes, and political policies. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter Crosslisted as AMST 432

SOCI 435m Women in Society
Units: 4 Terms Offered: FaSp Women today in the labor force, in politics, and in the family. Past and contemporary attempts to expand the position of women in society. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter Crosslisted as SWMS 435

SOCI 445 Political and Social Theory
Units: 4 Max Units: 08 Terms Offered: FaSp Classical and contemporary theories of power, inequality, sobility, symbols and language in market, state, political, and civic organizations. Prerequisite: SOCI 250gmw Instruction Mode: Lecture
Grading Option: Letter

SOCI 450 Non-Governmental Organizations/Non-profits Field Practicum
Units: 4 Terms Offered: FaSp Internship in a Non-Governmental Organization (NGO). Students will conduct sociological research on issues surrounding NGOs and the work they do. Prerequisite: SOCI 250gmw and (SOCI 313L or SOCI 314Lg) Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture
Grading Option: Letter

SOCI 460 Key Issues in Contemporary Migration
Units: 4 Terms Offered: FaSp Overview of contemporary patterns of international migration and its implications for receiving and sending countries, with a special emphasis on immigration to the United States. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter

SOCI 464 Sociology of Gender and Work
Units: 4 Terms Offered: FaSp Examination of gender inequality in the U.S. labor market; work-family conflict; employer remedies; comparative social policy. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter Crosslisted as SWMS 464

SOCI 468 Sociology of Religion
Units: 4 (Enroll in REL 468)

SOCI 470 Social Change in Low-Income Countries
Units: 4 Theories and case studies on social, economic, political, and cultural development and change in the Third World: Latin America, Asia, or Africa. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter

SOCI 472 Health, Disease, Language and Culture: Guatemala
Units: 3 Terms Offered: Students will conduct sociological research on issues surrounding NGOs and the work they do. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter

SOCI 475 Medical Sociology
Units: 4 Social and cultural factors in causation of disease, health care utilization and health care delivery. Instruction Mode: Lecture
Grading Option: Letter

SOCI 480 The Sociology of Risk and Disaster
Units: 4 Terms Offered: FaSp Is there such a thing as a "natural" disaster? Examination of both natural and technological disasters, and exploration of the centrality of risk in industrialized societies. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter

SOCI 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Instruction Mode: Lecture
Grading Option: Letter

SOCI 494 Sociology Honors Seminar I
Units: 4 Terms Offered: FaSp Seminar in interdisciplinary examination of selected emerging issues. Instruction Mode: Lecture
Grading Option: Letter

SOCI 495 Sociology Honors Seminar II
Units: 4 Terms Offered: Sp Seminar in workshop form to accompany completion of Senior Honors Thesis under faculty guidance. Acceptance into Honors Program. Prerequisite: SOCI 313, SOCI 494 Instruction Mode: Lecture
Grading Option: Letter

SOCI 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 An interdisciplinary examination of selected emerging issues. Instruction Mode: Lecture
Grading Option: Letter

SOCI 500 Sociology Professional Seminar
Units: 2 Terms Offered: FaSp Seminar in workshop form to accompany completion of Senior Honors Thesis under faculty guidance. Acceptance into Honors Program. Prerequisite: SOCI 313, SOCI 494 Instruction Mode: Lecture
Grading Option: Letter

SOCI 504 Sociology of Work
Units: 4 Terms Offered: FaSp Examines a range of topics in sociology of work, including job market, work/family conflict, workplace and unions, employer remedies, comparative social policy. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter Crosslisted as SWMS 504

SOCI 509 Sociology of Media
Units: 4 Terms Offered: FaSp Examines media in a global society. Prerequisite: SOCI 200gm and SOCI 313L and SOCI 314Lg and SOCI 325 and SOCI 370 Instruction Mode: Lecture
Grading Option: Letter Crosslisted as SWMS 509

SOCI 510 Sociological Theory I
Units: 4 Terms Offered: Fa Development in sociological theory from the discipline's 19th century origins to World War II. Instruction Mode: Lecture
Grading Option: Letter

SOCI 511 Sociological Theory II
Units: 4 Developments in sociological theory from World War II to the present. Duplicates credit in former SOCI 610. Instruction Mode: Lecture
Grading Option: Letter

SOCI 520 Quantitative Research Methods
Units: 4 Terms Offered: Fa Seminar in epistemologies, ethics, and techniques of qualitative research. Critical reading and practice in social observation, interviewing, fieldwork, and research design. Preparation of IRB proposal. Instruction Mode: Lecture
Grading Option: Letter

SOCI 521 Quantitative Methods and Statistics
Units: 4 Terms Offered: Fa Introduction to the logic and methods of quantitative analysis in sociology; covers the basic elements of designing and research, summarizing and exploring patterns in data, and making generalizations about populations based on characteristics of samples. Instruction Mode: Lecture, Lab
Grading Option: Credit/No Credit

SOCI 525 Sociology Proseminar: Approaches to Sociological Research
Units: 4 Terms Offered: FaSp Graduate students begin their customized literature reviews and develop a paper that will frame the research they pursue in the empirical paper requirement. Instruction Mode: Lecture
Grading Option: Letter

SOCI 554 Women in Global Perspective
Units: 4 (Enroll in SWMS 554)

SOCI 560 Feminist Theory
Units: 4 (Enroll in SWMS 560)

SOCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture
Grading Option: Credit/No Credit

SOCI 593 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: Fa Practical principles for the long-term development of effective teaching within college disciplines. Intended for teaching assistants in Dornsife College. Instruction Mode: Lecture
Grading Option: Credit/No Credit

SOCI 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit

SOCI 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture
Grading Option: In-progress to Credit/No Credit
SOCI 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SOCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Seminar in selected topics in sociology. Instruction Mode: Lecture Grading Option: Letter

SOCI 620 Advanced Methods – Qualitative Research
Units: 4 Terms Offered: FaSp Seminar and practicum in conducting and interpreting original qualitative research. Prerequisite: SOCI 520. Duplicates Credit in former SOCI 524. Instruction Mode: Lecture Grading Option: Letter

SOCI 621L Quantitative Methods and Statistics II
Units: 4 Terms Offered: Sp Casual modeling and the inter-relationships among social phenomena: covers the basic elements of casual inference and generalizability, linear regression analysis, and categorical data analysis. Prerequisite: SOCI 521 Instruction Mode: Lecture, Lab Required Grading Option: Letter

SOCI 622L Advanced Methods – Quantitative Research
Units: 4 Terms Offered: FaSp Advanced research methodology in survey technique, evaluation research, instrument construction, and demographic analysis. Duplicates Credit in former SOCI 521 Instruction Mode: Lecture, Lab Required Grading Option: Letter

SOCI 625 Demographic Methods
Units: 4 Terms Offered: FaSp Procedures and techniques for the collection, evaluation, and analysis of demographic data; census and vital registration systems; basic measures of demographic components, and the construction of life tables and population projections. Prerequisite: SOCI 521. Duplicates Credit in former SOCI 540. Instruction Mode: Lecture Grading Option: Letter

SOCI 628 Theories of Aging
Units: 4 (Enroll in GER0 628)

SOCI 640 Sociology of Gender and Sexuality
Units: 4 Terms Offered: FaSp Approaches to gender and sexuality within sociology and social theory, highlighting contemporary empirical research on sexualities. Registration Restriction: Open only to master and doctoral students. Duplicates Credit in former SOCI 530. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-640

SOCI 642 Sex and Gender in Society
Units: 4 Terms Offered: FaSpSm The social organization of gender in the contexts of work, families, intimacy, sexuality, reproduction, violence. Variations by race, ethnicity, social class. Processes of social change. Duplicates Credit in former SOCI 552. Instruction Mode: Lecture Grading Option: Letter Crosslisted as SWMS-642

SOCI 643 Sociology of Labor
Units: 4 Terms Offered: FaSp Viewing labor and labor movements from a macro/meso/micro perspective. Examination in the formation of labor markets, global economy, organization of work, conditions of work, movements. Instruction Mode: Lecture Grading Option: Letter

SOCI 644 Population Trends: Public and Private Policies
Units: 4 Terms Offered: FaSp World and national population trends; causes and implications for economic, health, and social policies. Duplicates Credit in former SOCI 544. Instruction Mode: Lecture Grading Option: Letter

SOCI 645 Seminar in World Population Problems
Units: 4 Terms Offered: FaSp Demographic characteristics of the major regions of the world; social, economic, and political implications of population trends and methods of demographic analysis. Prerequisite: 335g. Duplicates Credit in former SOCI 545. Instruction Mode: Lecture Grading Option: Letter

SOCI 646 Economic Sociology
Units: 4 Terms Offered: FaSp Classical/neoclassical economic models of human action, sociological alternatives, the history of the large corporation, sociological models of production/labor/financial markets... and the role of economic institutions in the larger society. Instruction Mode: Lecture Grading Option: Letter

SOCI 647 Political Sociology: Politics, Symbols and Everyday Life
Units: 4 Terms Offered: FaSp Political power, conflict and apathy; public symbols, debate and discourse; nationalism; relations between politics, provision of social services and economics in comparative and historical perspective. Duplicates Credit in former SOCI 537. Instruction Mode: Lecture Grading Option: Letter

SOCI 648 Fertility Control Policies
Units: 4 Terms Offered: FaSp Fertility control policies, and their consequences, including family planning and other pronatalist and antinatalist programs. Duplicates Credit in former SOCI 548. Instruction Mode: Lecture Grading Option: Letter

SOCI 650 Seminar in Social Stratification
Units: 4 Terms Offered: FaSp Seminar in social stratification, including current research, critical examination of theory and research on current racial and class relations. Permutations of the large corporation, sociological models of production/labor/financial markets... and the role of economic institutions in the larger society. Instruction Mode: Lecture Grading Option: Letter

SOCI 654 Sociology of Population Trends
Units: 4 Terms Offered: FaSp Understanding of contemporary social policies involving ethnic, cultural, and social factors. Duplicates Credit in former SOCI 550. Instruction Mode: Lecture Grading Option: Letter

SOCI 656 Social Demography
Units: 4 Terms Offered: FaSpSm Cultural theories and forms of cultural analysis appropriate for sociological research; critical examination of theory and research on how culture relates to social structure, social inequality, politics, institutions, and everyday interaction. Recommended Preparation: enrollment in a PhD program. Instruction Mode: Lecture Grading Option: Letter

SOCI 657 Sociology of Culture
Units: 4 Terms Offered: FaSpSm Cultural theories and forms of cultural analysis appropriate for sociological research; critical examination of theory and research on how culture relates to social structure, social inequality, politics, institutions, and everyday interaction. Recommended Preparation: enrollment in a PhD program. Instruction Mode: Lecture Grading Option: Letter

SOCI 660 Seminar in Social Deviance
Units: 4 Terms Offered: FaSp Sm Deviance and social rules in groups and communities; contemporary social policies involving ethnic, cultural, and social factors. Duplicates Credit in former SOCI 566. Instruction Mode: Lecture Grading Option: Letter

SOCI 662 Seminar in Family Sociology
Units: 4 Terms Offered: FaSp Origins and consequences of historical change and variation between groups in family structures and processes, relationships, well-being and connections with other social institutions. Instruction Mode: Lecture Grading Option: Letter

SOCI 664 Seminar in Organizational Analysis
Units: 4 Terms Offered: FaSp Literature evaluation, theory building, and research in the area of large-scale organizations and other types of institutionalized groups. Duplicates Credit in former SOCI 559. Instruction Mode: Lecture Grading Option: Letter

SOCI 665 Urban Sociology
Units: 4 Terms Offered: FaSp Examination of theories and research on cities in the United States, examining issues such as politics, race, development, and inequality. Registration Restriction: Open only to graduate students. Duplicates Credit in former SOCI 571. Instruction Mode: Lecture Grading Option: Letter

SOCI 667 Seminar in Immigration
Units: 4 Terms Offered: FaSpSm Survey of key theoretical approaches and relevant issues in immigration studies. Themes include: transnationalism, globalization,

**SOWK 200xm Institutional Inequality in American Political and Social Policy**

**SOWK 304 Children and Families in Urban America**

Units: 4 Gateway to the minor in Children and Families in Urban America. Provides foundation for principles on the conditions of children, families and communities, partnerships between families and human service professionals, and interpersonal practice in urban American communities. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 305L Children and Families in Urban America Integrative Seminar**

Units: 2 Introduction to human service professionals, agencies and institutions in the greater Los Angeles area which serve children and families who reside there. Instruction Mode: Lecture. Lab Required. Grading Option: Letter.

**SOWK 350 Adolescent Gang Intervention**

Units: 4 The incidence of gangs (particularly in the Los Angeles area), gang interventions, and policies developed to address the growing gang situation. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 390 Special Problems**

Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 499 Special Topics**

Units: 2, 3, 4 Max Units: 8.0 Selected topics in various specialty areas within social work. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 506 Human Behavior and the Social Environment**

Units: 3 The person-in-environment, biopsychosocial perspective is the lens through which theories of personality, family, group, organization, community, culture and their interactions are explored. Duplicates Credit in the former SOWK 503 and SOWK 505. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 522 Global Violence Against Women**

Units: 3 This course provides a broad understanding of violence against women within a global context. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 535 Social Welfare**

Units: 3 Structure and operation of current American social welfare programs (social policy analysis). Prerequisite: SOWK 534. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 536 Policy and Advocacy in Professional Social Work**

Units: 3 A study of the complex and interconnecting systems of policy, programs and communities that directly and indirectly impact Social Workers' clients' lives. Duplicates Credit in the former SOWK 534. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 543 Social Work Practice with Individuals**

Units: 3 Theory and principles underlying generic social work practice with primary emphasis on working with individuals. Grading Option: Letter.

**SOWK 544 Social Work Practice With Individuals, Families, and Groups**

Units: 3 Principles underlying generic social work practice with emphasis on working with individuals, families, and groups. Duplicates Credit in SOWK 543 and SOWK 545. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 545 Social Work Practice with Families, Groups and Complex Cases**

Units: 3 Theories and principles with primary emphasis on families and groups with application to problems requiring multi-level interventions. Prerequisite: SOWK 503 and SOWK 534.

**SOWK 546 Science of Social Work**

Units: 3 Introduction to the role of scientific inquiry in advancing social work goals. Inspires students to include science in their social work identity and professional decision-making. Duplicates Credit in SOWK 562. Instruction Mode: Lecture. Grading Option: Letter.

**SOWK 562 Social Work Research**

Units: 3 Introduction to research methods, including conceptualization of research problems, literature review, research design, sampling, measurement, data collection and data analysis.

**SOWK 586a Field Practicum**

Units: 3 Terms Offered: FaSpSm Supervised field placement to develop generalist practice skills in working with individuals, families, groups, communities and organizations. Prerequisite: SOWK 511. Grading Option: Graded IP/CR/NC.

**SOWK 586b Field Practicum**

Units: 3 Terms Offered: FaSpSm Supervised field placement to develop generalist practice skills in working with individuals, families, groups, communities and organizations. Prerequisite: SOWK 511. Grading Option: Graded IP/CR/NC.

**SOWK 587a Integrative Learning for Social Work Practice**

Units: 2 Integrative content from Policy, Research, Human Behavior, Social Work Practice and Field Practicum. Concurrent Enrollment: Concurrent enrollment: SOWK 586a, SOWK 543. Grading Option: Graded CR/NC.

**SOWK 587b Integrative Learning for Social Work Practice**

**SOWK 588 Integrative Learning for Social Work Practice**

Units: 2 Integrative learning organized as a small group educational environment that incorporates field experiences, case vignettes, and dialogical inquiry through a Problem Based Learning framework. Duplicates Credit in former SOWK-587a and SOWK-587b. Instruction Mode: Lecture. Grading Option: Credit/No Credit.

**SOWK 589a Applied Learning in Field Education**

**SOWK 589b Applied Learning in Field**
Education
Units: 3 Supervised field education where students learn to apply coursework concepts while practicing in a field setting that aligns with students' academic department.
Prerequisite: SOWK 589a . Concurrent Enrollment: SOWK 588. Duplicates Credit in SOWK 586b. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit
SOWK 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit
SOWK 599 Special Topics
Units: 1, 2, 3, 4 Max Units: 13.0 Instruction Mode: Lecture Grading Option: Letter
SOWK 600 Assessment in Social Work Practice
Units: 2 Terms Offered: Sm Theory and principles underlying generic social work practice with primary emphasis on psychosocial assessment. Instruction Mode: Lecture Grading Option: Letter
SOWK 601 Advanced Theories and Interventions with Children and Adolescents
Units: 3 Advances students' knowledge and clinical skills working with children and adolescents. Emphasis on problems affecting children, including developmental derailments and disruptions. Prerequisite: SOWK 505 , SOWK 545; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter
SOWK 602 Advanced Theories and Clinical Interventions with Families
Units: 3 Advances students' knowledge and clinical skills working with diverse urban families experiencing various stressors. Exploration and application of a range of family therapy models. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 544 or SOWK 545) Registration Restriction: Open only to master's Social Work students. Instruction Mode: Lecture Grading Option: Letter
SOWK 603 Merging Policy, Planning and Research for Change in Families and Children's Settings
Units: 3 Development and evaluation of service programs for children and families incorporating social welfare policy, macro practice and research skills. Prerequisite: the former SOWK 534 , SOWK 535, SOWK 562; or SOWK 600, SOWK 604, and SOWK 606.
SOWK 604 The Role of Evidence-Based Practice in Social Work
Units: 2 Terms Offered: Sm Study of the important role research plays in the development of evidence-based practice methods. Open only to doctoral and master's students in the School of Social Work. Instruction Mode: Lecture Grading Option: Letter
SOWK 605 Human Development and Mental Health
Units: 3 Understanding problem-producing behaviors and their ramifications on individuals, families, and groups that comprise the clientele in mental health settings. Required for students in Mental Health concentration. Prerequisite: the former SOWK 503, SOWK 505; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter
SOWK 606 Neuropsychological Development
Units: 2 Terms Offered: Sm Study of human neuropsychological development within the context of social work. Open only to doctoral and master's students in the School of Social Work. Instruction Mode: Lecture Grading Option: Letter
SOWK 607 Feminist Theory, Social Action, and Social Work: Philippines
Units: 4 Terms Offered: Sm Understanding and awareness of the political, economic, social, and cultural contexts through a feminist perspective, using the Philippines as a case study. Prerequisite: SOWK 505 , SOWK 535. Instruction Mode: Lecture Grading Option: Letter
SOWK 608 Research and Critical Analysis for Social Work with Children and Families
Units: 3 Critical analysis and application of various data, information, and evidence to understand client problems and service needs, identify appropriate interventions, and evaluate practice decisions. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 603 . Instruction Mode: Lecture Grading Option: Letter
SOWK 609 Introduction to Social Work Practice with Children, Youth and Families
Units: 3 Understanding development of children and families from birth to adolescence and the developmental difficulties from an ecological perspective. Assessment/engagement of families and Interventions are introduced. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter
SOWK 610 Social Work Practice with Children and Families Across Settings
Units: 3 Terms Offered: Other Theory and principles underlying social work in host settings and non-specialty sector settings with a primary emphasis on working with Children, Youth, and Families. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter
SOWK 611 Leadership and Management in Social Work
Units: 3 Methods and principles of leadership and management applied to social work practice, understood as policy, management and clinical practice in the non-profit sector, health and human service organizations, and non-traditional social work settings. Registration Restriction: Open only to master students in Social Work Instruction Mode: Lecture Grading Option: Letter
SOWK 612 Assessment and Diagnosis of Mental Disorder
Units: 3 Assessment of mental disorders, and the rationale and organization of the system for diagnosis. Emphasis is on developing differential diagnostic skills. Instruction Mode: Lecture Grading Option: Letter
SOWK 613 Social Work Practice with Children and Families in Early and Middle Childhood
Units: 3 Provides understanding of the development of problems in early childhood, and skills for engagement, assessment, intervention, and evaluation of effectiveness for treatment of these problems. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter
SOWK 614 Social Work Practice in School Settings
Units: 3 Based on ecosystems perspectives, this course examines policies, theories and principles of social work practice in school settings. Instruction Mode: Lecture Grading Option: Letter
SOWK 615 Brief Therapy and Crisis Intervention
Units: 3 Theory and multimodal approaches for brief therapy and crisis intervention with diverse clientele in a range of mental health and health settings. Instruction Mode: Lecture Grading Option: Letter
SOWK 616 Clinical Practice with Older Adults
Units: 3 Developmental tasks of adulthood and later life, as well as assessment and intervention for problems and disorders associated with aging. Instruction Mode: Lecture Grading Option: Letter
SOWK 617 Substance Related and Behavioral Addictive Disorders and Recovery
Units: 3 Causal exploration of substance related and behavioral addictive disorders. Evidence-based and practice informed treatment models for vulnerable individuals, groups and families. Instruction Mode: Lecture Grading Option: Letter
SOWK 618 Systems of Recovery from Mental Illness in Adults
Units: 3 Terms Offered: FasSpSm Focus on the multi-level impact of mental illness on adults and families. Evidence-based interventions promoting increased quality of life and stability are emphasized. Instruction Mode: Lecture Grading Option: Letter
SOWK 619 Social Work in Public Child Welfare Settings
Units: 3 This advanced seminar will provide tools to enhance the practitioner's response to the special challenges (substance abuse, HIV/ AIDS, domestic violence) in public child welfare. Instruction Mode: Lecture Grading Option: Letter
SOWK 620 Social Work Practice With Transitional Youth
Units: 3 Terms Offered: FasSpSm Students will be introduced to policies affecting transitional youth and use a biospheric perspective to work with them on macro, meso, and micro levels. Duplicates Credit
SOWK 621 Social Work Practice with Adolescents, Young Adults and their Families
Units: 3 Intervention with adolescents, young adults and addressing their developmental problems, challenges and solutions. Engagement and evidence based intervention in working with youth will be covered. Prerequisite: SOWK 506 and SOWK 544 and SOWK 608 and SOWK 609 and SOWK 610 Registration Restriction: Open only to Masters students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 622 Social Work Practice with African American Families
Units: 3 Terms Offered: FaSpSm Presents various theories for understanding African American families and addresses an Africentric framework for clinical practice and intervention with individuals and families. Prerequisite: the former SOWK 503 , SOWK 505 , SOWK 534 , SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 623 Social Work in Early Care and Education Settings
Units: 3 Provides tools to enhance social work practice skills supporting young children and their families, and preparation for leadership in early care and education settings. Instruction Mode: Lecture Grading Option: Letter

SOWK 624 Social Work in Juvenile Justice Settings
Units: 3 Provides orientation to the context and operations of juvenile justice systems, and advanced skills for social work practitioners working with youth, families and communities. Instruction Mode: Lecture Grading Option: Letter

SOWK 625 Evaluation of Research: Mental Health
Units: 3 Range of research conducted in mental health; evaluation of selected research reports and their application to social work practice. Required for students in Mental Health concentration. Prerequisite: SOWK 562; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 626 Social Conflict, Empowerment and Creative Practice in Israel
Units: 4 Terms Offered: Sm The summer global immersion program in Israel focuses on understanding social problems and alleviating them through empowerment approaches and the utilization of expressive practices. Instruction Mode: Lecture Grading Option: Letter

SOWK 627 Policy and Macro Practice in Child, Youth and Family Services
Units: 3 Provides context and preparation for social work practitioners holding policy, management and macro practice roles in communities and organizations serving children, youth and families. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 628 Social Work with Latino Populations
Units: 3 Terms Offered: Fa Current issues, trends and developments in social work practice with Latino populations. Instruction Mode: Lecture Grading Option: Letter

SOWK 629 Research and Evaluation for Community, Organization and Business Environments
Units: 3 Research/evaluation skills and critical analysis of data information systems to inform decision making to improve effectiveness of social work practice in community, organizations and business. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

SOWK 630 Advanced Theories and Clinical Interventions in Health Care
Units: 3 Evaluation of theory, best practices, emerging issues, and skill development in health settings; interaction among cultural, socioeconomic, and organizational factors. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 544 or SOWK 545) Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 631 Program Planning and Evaluation in Health Care
Units: 3 Program and intervention development and evaluation research in health settings. Issues and skill development in program design and methods for evaluation. Prerequisite: SOWK 562; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 632 Theories and Concepts of Military Social Work
Units: 3 Application of military theory within the framework of social work practice and policy. Normative behavior, trends, beliefs and culture individuals experience during military service. Prerequisite: SOWK 506 and SOWK 536 Registration Restriction: Open only to master students in the Suzanne Dwork-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 635 Research and Evaluation for Social Work with Adults and Older Adults
Units: 3 Critical analysis and application of health and mental health research evidence to inform, enhance and strengthen social work practice with adults and aging populations with a focus on evaluating published research, identifying and interpreting available sources of data, appraising practical measures/ assessments and selecting appropriate evidence-based interventions. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Registration Restriction: Open only to masters students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 636 Policy in the Health Care Sector
Units: 3 Analysis of behavioral, practice and research considerations in addressing a range of health problems and the policy-making process. Required for students in Mental Health in Health Settings concentration. Prerequisite: SOWK 535; or SOWK 600, SOWK 604, and SOWK 606. Instruction Mode: Lecture Grading Option: Letter

SOWK 637 Assessing Wellness to Improve Recovery in Integrated Care
Units: 3 Assessing and promoting wellness and recovery, interacting systems of mind, brain, and body. Evidence-based integrated care interventions in a new era of health care reform. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 638 Policy in Integrated Care
Units: 3 Analysis of policies and health care delivery with focus on implications for social workers and their clients in settings with adults, families, and older adults. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 636. Instruction Mode: Lecture Grading Option: Letter

SOWK 639 Policy Advocacy and Social Change
Units: 3 Analysis of efforts to improve local human services organizations and agencies with consideration of political, social, demographic and organization contexts. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 640 Clinical Practice with the Military Family
Units: 3 Theoretical and practical approaches to clinical practice with military families. Overview of common social issues in the military system and demands on the family dynamic. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) and SOWK 633 Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 641 Clinical Practice with Service Members and Veterans
Units: 3 Theoretical and practical approaches to trauma for use in treatment of PTSD. Advances students' knowledge of best practices and current evidence-based models on PTSD. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) and SOWK 633 Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 643 Social Work Practice in Intergrated Care Settings
Units: 3 Social work processes and skills required for the implementation of short-term interventions in medical, behavioral health and integrated care settings with individuals, families and groups. Prerequisite: SOWK...
544 and SOWK 637 Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 644 Explanatory Theories of Health and Mental Health Units: 3 Behavioral health theory course that integrates theories of health and mental health and builds on the content from the Human Behavior and Social Environment course. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 645 Clinical Interventions: Evidence Based Practice in Health and Mental Health Settings Units: 3 Social work processes from intake to termination; emphasis on clinical skills required for social work practice in a broad spectrum of health and mental health settings. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 646 Clinical Supervision and Consultation in Social Service Organizations Serving Adults Units: 3 Terms Offered: Sm Skills to prepare social workers to provide administrative, programmatic and clinical supervision and consultation in social/human service organizations serving adults. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 647 Advanced Practice with Complex Social Work Cases Units: 3 Introduction to advanced practice concepts essential to understanding engagement, assessment and diagnosis with complex social work cases from a meta-framework perspective. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 635 and SOWK 637 and SOWK 638 and SOWK 643 and SOWK 644 Registration Restriction: Open only to master students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 648 Management and Organizational Development for Social Workers Units: 3 Methods and principles of management focusing on health and human service organizations, including strategic management, financial analysis, and innovative project development in social work. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Instruction Mode: Lecture Grading Option: Letter

SOWK 650 Military and Veteran Policy and Program Management Units: 3 Understanding the development and implementation of military and veteran policy and programs including family advocacy, prevention of sexual assault, suicide, alcohol/substance use and homelessness. Prerequisite: (SOWK 534 or SOWK 536) and SOWK 633 Registration Restriction: Open only to Masters students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 651 Clinical Psychopharmacology for Social Workers Units: 3 Understanding major psychotropic drugs used in treatment of psychological and behavioral disorders in behavioral and primary care medical settings. Theoretical/practical approaches to treatment are examined. Prerequisite: SOWK 546 or SOWK 562 Instruction Mode: Lecture Grading Option: Letter

SOWK 652 Social Work Practice in Workplace Settings Units: 3 Social Work services designed to improve and/or maintain the productivity and healthy functioning of individuals in the workplace. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546 Registration Restriction: Open only to Masters Students in Social Work Duplicates Credit in SOWK 671 Instruction Mode: Lecture Grading Option: Letter

SOWK 653 Social Work with Older Adults Units: 3 Terms Offered: FaSpSm Integrates foundation and advanced knowledge and skill for practice with and in behalf of older adults. Instruction Mode: Lecture Grading Option: Letter

SOWK 654 National Immersion in Washington, DC: Child Development and Social Policy Units: 3 Terms Offered: Sp A short study in Los Angeles and Washington, DC, addressing the development and change of Federal social policy concerning child development, especially as it pertains to local programs and services for children and their families. Priority enrollment given to currently enrolled MSW students. Instruction Mode: Lecture Grading Option: Letter

SOWK 655 Global Immersion in Military Culture: U.S. Forces Abroad Units: 4 Terms Offered: Sm This course will enhance students' understanding of the delivery of human services on overseas military installations. Instruction Mode: Lecture Grading Option: Letter

SOWK 656 National Military Immersion in Washington, DC: Military and Veterans Policy and Practice Units: 3 Terms Offered: Sp A short study at the campus, online, and in Washington, DC addressing policies and programs for military members, veterans, and their families. Priority enrollment given to currently enrolled MSW students. Prerequisite: SOWK 536 and SOWK 544 Instruction Mode: Lecture Grading Option: Letter

SOWK 658 Organizational Practice and Development in Business Environments Units: 3 Prepares students for organizational practice and program development in business environments, emphasizing organizational change initiatives, employee program development and corporate social responsibility initiatives. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Duplicates Credit in SOWK 673. Instruction Mode: Lecture Grading Option: Letter

SOWK 660 Health Care Delivery Systems: Planning for Health and Social Services Units: 3 Evaluating health care delivery systems in the U.S. and internationally including community social capital, health disparities, access to care, and policy implications for diverse populations. Instruction Mode: Lecture Grading Option: Letter

SOWK 663 Clinical Practice with Couples Units: 3 Examination of major models and diverse intervention strategies to ameliorate common presenting problems of couples. Prerequisite: (SOWK 503 or SOWK 505) and (SOWK 506 or SOWK 505) and (SOWK 534 or SOWK 536) and (SOWK 535 and SOWK 536) Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 665 Grant Writing and Program Development for Social Workers Units: 3 Grant writing and program development that are generalized to any settings and relevant to direct and macro social work practice expertise. Prerequisite: (SOWK 503 or SOWK 506) and (SOWK 505 or SOWK 506) and (SOWK 534 or SOWK 536) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to master students in Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 666 Domestic Violence Units: 3 Recognition of domestic violence and examination of effective intervention measures and preventive methods. Prerequisite: (SOWK 503 or SOWK 506) and (SOWK 505 or SOWK 506) and (SOWK 534 or SOWK 536) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 668 Social Work and Law Units: 3 Examination of roles, opportunities, and concerns for the practice of social work in the structures and procedures of the law. Prerequisite: (SOWK 503 or SOWK 506) and (SOWK 505 or SOWK 506) and (SOWK 534 or SOWK 536) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 669 Managing Change and Organization Development Units: 3 Conceptual framework and practical skills needed to design, implement and evaluate effective change and organization
development programs. Prerequisite: SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

**SOWK 670 Global Dimensions in Social Policy and Social Work Practice**
Units: 3 Exploration and critique of how political, economic, cultural, religious and environmental factors impact social welfare policies, social work practice, and social development globally. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open to Masters Students in the Suzanne Dworak-Peck School of Social Work. Instruction Mode: Lecture Grading Option: Letter

**SOWK 671 Micro Practice and Evaluation in Work-Related Environments**
Units: 3 Terms Offered: FaSpSm Drawing upon clinical evidence-based models, this course prepares students for micro level practice and evaluation to improve individual/family well-being within diverse work-related practice environments. Prerequisite: SOWK 505, SOWK 545 or SOWK 600, SOWK 604 and SOWK 666.

**SOWK 672 Social Work and Business Settings**
Units: 3 Terms Offered: FaSpSm Examining the roles social workers play in business, how their skills integrate and support business practice, and how the profession can impact internal/external business environments. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

**SOWK 673 Macro Practice and Evaluation in Work-Related Environments**
Units: 3 Terms Offered: FaSpSm Prepares students for macro level practice and evaluation in work-related environments to improve individual, family, organizational and community well-being. Prerequisite: SOWK 600 and SOWK 604 and SOWK 666 or SOWK 562.

**SOWK 674 Human Sexuality in Clinical Social Work Practice**
Units: 3 Explores physiological, psychological, and sociocultural variables associated with sexual identity, sexual orientation, and sexual behavior to increase student understanding and appreciation for human sexual behavior. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

**SOWK 675 Play Therapy in Social Work with Children and Adolescents**
Units: 3 Advances student theoretical knowledge and clinical practice skills in working with children, adolescents, and their families and explores the process of child psychotherapy. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

**SOWK 676 Psychopharmacology for Therapists and Counselors**
Units: 1 Terms Offered: FaSpSm Overview of various classes of basic psychotherapeutic medications. Useful to social workers, counselors, therapists, and other individuals who counsel and treat mentally ill patients. Instruction Mode: Lecture Grading Option: Letter

**SOWK 677 Mental Health Practice with Children and Adolescents**
Units: 3 The assessment and treatment of children with serious emotional disturbance, including the service delivery models and policies that influence service delivery. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open to master's students in the Suzanne Dworak-Peck School of Social Work. Instruction Mode: Lecture Grading Option: Letter

**SOWK 678 Child Abuse and Neglect: Intervention and Treatment**
Units: 3 Advanced practice course focusing on interventions with and treatment of complex family systems where the effects of child maltreatment are the presenting problems. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

**SOWK 679 Organizational Group Behaviors and Interventions**
Units: 3 Emphasizing group and organizational dynamics, this course provides an understanding of human behavior in work-related environments, and prepares students for mezzo practice in these settings. Prerequisite: SOWK 506 and SOWK 536 and SOWK 544 and SOWK 546. Instruction Mode: Lecture Grading Option: Letter

**SOWK 680 Social Work Spanish for Culturally Competent Services**
Units: 3 Integration of cross-cultural practice skills with Spanish language development through the class instruction and practice development. Prerequisite: SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

**SOWK 681 Managing Diversity in a Global Context**
Units: 3 Interdisciplinary approach to innovative practices that make the workplace more inclusive and productive. Prerequisite: (SOWK 503 or SOWK 506) and (SOWK 505 or SOWK 506) and (SOWK 534 or SOWK 536) Registration Restriction: Open to master's students in the Suzanne Dworak-Peck School of Social Work. Instruction Mode: Lecture Grading Option: Letter

**SOWK 682 Spirituality, Religion, and Faith in Clinical Practice**
Units: 3 Examination of diverse spiritual and religious traditions. Spiritually-sensitive treatment approaches applied to psychological and spiritual clinical problems of individuals, couples, and families. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open to master's students in the Suzanne Dworak-Peck School of Social Work. Instruction Mode: Lecture Grading Option: Letter

**SOWK 683 Hypnosis Social Work Practice**
Units: 3 Examination of major theoretical and practice applications of hypnosis in social work practice and development of a beginning level of competency. Prerequisite: SOWK 503, SOWK 505, SOWK 534, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

**SOWK 684 Community Practice for Social Innovation**
Units: 3 Working effectively within marginalized, underserved populations and diverse community settings on their wicked, consistent, and complex issues by providing innovative and sustainable solutions. Prerequisite: (SOWK 503 or SOWK 506) and (SOWK 505 or SOWK 506) and (SOWK 534 or SOWK 536) and (SOWK 535 or SOWK 536) Registration Restriction: Open to master's students in the Suzanne Dworak-Peck School of Social Work. Instruction Mode: Lecture Grading Option: Letter

**SOWK 685 Working with Adolescents: Practice, Systems and Advocacy**
Units: 3 Enhance knowledge and skill in working with adolescents involved in the child welfare, juvenile justice and other systems. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open to Masters Students in the Suzanne Dworak-Peck School of Social Work. Instruction Mode: Lecture Grading Option: Letter

**SOWK 686a Field Practicum II**
Units: 4 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Grading Option: Graded CR/NC/IP.

**SOWK 686b Field Practicum II**
Units: 4 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Grading Option: Graded CR/NC/IP.

**SOWK 686c Field Practicum II**
Units: 4 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Grading Option: In-progress & Credit/No Credit

**SOWK 686d Field Practicum II**
Units: 0 Supervised field placement to develop depth of skill and practice in area of concentration. Prerequisite: SOWK 586a, SOWK 586b. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 687 Media in Social Work**
Units: 3 Creation of short documentaries for social change. Techniques in media production, strategies for media outreach, and development of media literacy skills to deconstruct media messages. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to MSW students. Instruction Mode: Lecture Grading Option: Letter

**SOWK 688 School Violence**
Units: 3 Examines theoretical, empirical and
practice-based literature on school violence including how students' physical well-being, academic functioning, social relations, and emotional and cognitive development are affected. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to Master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 690 Research
Units: 1, 2, 3, 4 Intensive individual study of specific problems. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 690b Research
Units: 1, 2, 3, 4 Intensive individual study of specific problems. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 692 Loss, Grief and Bereavement
Units: 3 Focus on the experiences of loss, death and bereavement as it is viewed by individuals, families and loved ones. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to Master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 693 Diagnosing Psychopathology: Introduction to DSM IV-TR
Units: 1 Advanced exposure to several issues in the area of adult psychopathology and diagnostics through didactic and experiential modalities. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 694 Group Psychotherapy in Mental Health Settings
Units: 3 Focus on group therapy for clinical social workers as practiced in various mental health settings. The entire process of group development is examined. Prerequisite: (SOWK 505 or SOWK 506) and (SOWK 535 or SOWK 536) Registration Restriction: Open only to Master students in the Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: Letter

SOWK 695 Research Project I
Units: 2 Credit on acceptance of professional research project proposal. Prerequisite: SOWK 562. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 696 LGBT Psycho/Social/Political Issues
Units: 3 Overview of clinical, social and political issues with which social workers should be familiar when working with lesbian, gay, bisexual and transgender clients. Prerequisite: SOWK 505, SOWK 535. Instruction Mode: Lecture Grading Option: Letter

SOWK 697 Research Project II
Units: 1 Credit on acceptance of professional research project. Prerequisite: SOWK 695. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 698a Integrative Learning for Advanced Social Work Practice
Units: 1 Advanced integrative learning that incorporates field experiences, evidenced-based interventions, case vignettes and dialogical inquiry through a Problem Based Learning framework. Prerequisite: SOWK 588 and SOWK 589b Concurrent Enrollment. SOWK 699a Registration Restriction: Open only to Master students in Suzanne Dworak-Peck School of Social Work Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 698b Integrative Learning for Advanced Social Work Practice
Units: 1 Advanced integrative learning builds on 698a by incorporating field experiences, case/best practices consultations, and dialogical inquiry on micro, mezzo, and macro practice levels. Concurrent Enrollment: SOWK 699b Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 699a Advanced Applied Learning in Field Education
Units: 4 Advanced supervised field education where students practice social work skills and apply evidence-based interventions, including some that are specific to their academic department. Prerequisite: SOWK 588 and SOWK 589a and SOWK 589b. Concurrent Enrollment: SOWK-698a. Duplicates Credit in SOWK 686a. Instruction Mode: Lecture Grading Option: Credit/No Credit

SOWK 699b Advanced Applied Learning in Field Education
Units: 4 Advanced supervised field education where students practice social work skills and apply evidence-based interventions, including some that are specific to their academic department. Prerequisite: SOWK 699a. Concurrent Enrollment: SOWK 698b. Duplicates Credit in SOWK 686b. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SOWK 702 Theories of Human Behavior in the Contexts of Social Environments
Units: 3 A focus on human behavior in interaction with the social environment; major paradigms including general systems theory, ego psychology, and role theories are examined. Instruction Mode: Lecture Grading Option: Letter

SOWK 703 Explanatory Theories for Larger Social Systems
Units: 3 Theories of organizational and community behavior are examined in relation to their influence on the development of social services. Instruction Mode: Lecture Grading Option: Letter

SOWK 704 Managing Innovation and Change
Units: 3 Introduction to discipline specific and interdisciplinary ideas and approaches for innovation and change as they address the Grand Challenges for social work.
Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 714 Evaluating Innovation and Change**
Units: 3 Content focuses on understanding and using mixed method research for evaluating programs and assessing the impact of rapid, innovative, and/or unexpected change. Prerequisite: SOWK 713 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 720 Informatics and Social Innovation and Influence**
Units: 3 Explores how information technology, such as mobile apps, social media, data analytics and big data, be used to promote social good. Prerequisite: SOWK 704 and SOWK 705 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 721 Data Driven Decision Making**
Units: 3 Practical introduction to using quantitative administrative data to identify trends, track performance, evaluate programs, and drive decision making. Prerequisite: SOWK 713 and SOWK 714 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 722 Grand Challenges Capstone**
Units: 3 Culminates in the completion of a fundable grant proposal toward the full development of students' Grand Challenges Project. Prerequisite: SOWK 710 Corequisite: SOWK 723 and SOWK 724 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 723 Innovation Laboratory II**
Units: 3 The Innovation Laboratory provides a space for DSW students to test theoretical frameworks and models introduced in previous courses by simulating a series of real business/organizational scenarios. Prerequisite: SOWK 704, SOWK 705, SOWK 706, SOWK 707, SOWK 710, SOWK 711, SOWK 712, SOWK 713, SOWK 714, SOWK 720, SOWK 721 Corequisite: SOWK 722 and SOWK 724 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 724 Residency II**
Units: 3 Terms Offered: Sm Five-day campus-based residency that will be offered in a pro seminar format. DSW students will present their Grand Challenge for Change proposal. Prerequisite: SOWK 704, SOWK 705, SOWK 706, SOWK 707, SOWK 710, SOWK 711, SOWK 712, SOWK 713, SOWK 714, SOWK 720, SOWK 721 Corequisite: SOWK 722 and SOWK 723 Registration Restriction: Open only to doctoral students in Social Work Instruction Mode: Lecture Grading Option: Letter

**SOWK 733 Policy Analysis and Advocacy in a Comparative Social Policy Context**
Units: 3 Examination of the evolution of American and other welfare states in selected nations. Analysis of global welfare institutions. Engaging in policy analysis in a comparative context. Instruction Mode: Lecture Grading Option: Letter

**SOWK 743 Theories for Practice with Small Systems**
Units: 3 Early practice theories and their historical roots are examined. Implications for evolving current practice theories with individuals, families, and groups are discussed. Instruction Mode: Lecture Grading Option: Letter

**SOWK 744 Theories for Practice with Large Systems**
Units: 3 Examination of the development and utility of theories, models and approaches to social work community and administrative practice. Instruction Mode: Lecture Grading Option: Letter

**SOWK 760L Introduction to Social Work Statistics**
Units: 3 Foundation course covering univariate and bivariate descriptive and inferential statistics. Required lab covering basic computer skills and utilization of statistical software. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**SOWK 761L Multiple Regression for Social Work Research**
Units: 3 Multivariate statistical methods including descriptive and inferential statistics, parametric and non-parametric tests of hypotheses; correlation, analysis of variance, multiple regression, and factor analysis; utilization of computer programs for statistical analysis. Instruction Mode: Lecture, Lab Required Grading Option: Letter

**SOWK 762 Social Work Research Methods I**
Units: 3 Models of research, the nature of inquiry, and the research process including problem formulation, measurement, designs, sampling and data sources. Prerequisite: doctoral standing. Instruction Mode: Lecture Grading Option: Letter

**SOWK 763 Social Work Research Methods II: Issues in Research for Social Work Practice**
Units: 3 Research methods to provide students with advanced methodological knowledge in two areas related to social work practice: psychotherapy outcome research and program research. Prerequisite: SOWK 762. Instruction Mode: Lecture Grading Option: Letter

**SOWK 764 Advanced Multivariate Statistics**
Units: 3 Introduction to single equation statistical modeling using limited dependent variables (categorical and ordered categorical). Methods are drawn from statistics and econometrics. Instruction Mode: Lecture Grading Option: Letter

**SOWK 765 Writing Successful Dissertation Research Grants**
Units: 3 Terms Offered: FaSp Prepares doctoral students to write and submit applications to obtain extramural funding to support their dissertation research. Students will learn about opportunities and eligibility requirements for federal and foundation supported dissertation research grants, how grants are reviewed and scored once submitted, and how to write successful proposals. Recommended preparation: Completion of a qualitative or mixed methods course is preferred. Prerequisite: SOWK 702 and SOWK 703 and SOWK 761 and SOWK 762 and SOWK 763 and SOWK 764 Recommended Preparation: Completion of a qualitative or mixed methods course is preferred Instruction Mode: Lecture Grading Option: Letter

**SOWK 770 Introduction to Qualitative and Mixed Research Methods**
Units: 3 Overview of the use of qualitative and mixed methods in social, clinical and health services research. Instruction Mode: Lecture Grading Option: Letter

**SOWK 781 Guided Teaching Experience**
Units: 2 Mentorship with a member of the teaching faculty; discussions of curriculum design; observation; preparation and delivery of selected course sessions. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SOWK 785 Guided Research Internship**
Units: 2 Research practicum designed to provide students with hands-on practical experience with an ongoing faculty research project. Prerequisite: SOWK 763. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SOWK 790 Research**
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

**SOWK 794a Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794b Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794c Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**SOWK 794d Doctoral Dissertation**
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

**Spanish**

**SPAN 020x Spanish for Reading Knowledge**
Units: 0 Preparation for the ETS standardized examination, with readings related to the student's major area. Offered upon sufficient demand. Instruction Mode: Lecture Grading
SPAN 120 Spanish I
Units: 4 For students with limited proficiency in Spanish. Practice in listening comprehension, oral communication, and written expressions. Preerequisite: SPAN 120. Instruction Mode: Lecture Grading Option: Letter

SPAN 150 Spanish II
Units: 4 Continuation of SPAN 120; increased emphasis on listening comprehension, oral communication, reading, and writing. Prequisite: SPAN 120. Instruction Mode: Lecture Grading Option: Letter

SPAN 220 Spanish III
Units: 4 Continuation of SPAN 150; intensive work in listening comprehension, oral communication, and written expressions. Prequisite: SPAN 150. Instruction Mode: Lecture Grading Option: Letter

SPAN 231x Business Spanish: Job Search
Units: 2 Terms Offered: FaSp Four-skills language and culture course. Students engage in research about the culture of business practice in Spain/Latin America; engage in face-to-face and phone interviews in Spanish. Prequisite: SPAN 220 Registration Restriction: Not open to Spanish majors. Duplicates Credit in SPAN 250x. Instruction Mode: Lecture Grading Option: Letter

SPAN 232x Business Spanish: Business Practices
Units: 2 Terms Offered: FaSp Four-skills language and culture course. Students create a culturally appropriate professional dossier, execute job searches in Spain/Latin America; write a company profile, including NGOs, in Spanish. Prequisite: SPAN 220 Registration Restriction: Not open to Spanish majors. Duplicates Credit in SPAN 250x. Instruction Mode: Lecture Grading Option: Letter

SPAN 240x Spanish IV
Units: 4 Terms Offered: FaSp. Intensive review of Spanish grammar with emphasis on four skills. Audiosvisual materials and readings related to Hispanic culture and civilization. Prequisite: SPAN 220. Instruction Mode: Lecture Grading Option: Letter

SPAN 245x Spanish Through Social Issues in Costa Rica
Units: 4 Terms Offered: Sm (Costa Rica Summer Program only). Intensive review of Spanish grammar with emphasis on four skills. Audiosvisual materials, guest speakers, and readings related to the history and culture of Costa Rica. Concurrent Enrollment: Concurrent enrollment: SPAN 220. Instruction Mode: Lecture Grading Option: Letter

SPAN 250x Spanish for Business Communication
Units: 4 Four-skills language and culture course for intermediate-high Spanish students interested in Business/Communications. Prepares students to communicate in the Spanish-speaking commercial market in a linguistically sensitive manner. Prequisite: SPAN 240. Instruction Mode: Lecture Grading Option: Letter

SPAN 260 Advanced Spanish: Arts and Sciences
Units: 4 Terms Offered: FaSpSm Development of students' oral and writing skills using literary and scientific materials; grammar review. Prequisite: SPAN 220. Duplicates Credit in the former SPAN 266. Instruction Mode: Lecture Grading Option: Letter

SPAN 261 Advanced Spanish: Society and the Media
Units: 4 Terms Offered: FaSpSm Analysis of cultural issues in the Spanish-speaking world. Discussions, presentations, writing assignments, and grammar instruction designed to improve students' proficiency in Spanish. Prequisite: SPAN 220. Duplicates Credit in the former SPAN 265. Instruction Mode: Lecture Grading Option: Letter

SPAN 270 Spanish for Native Speakers
Units: 4 Terms Offered: FaSp For speakers with an advanced level of oral proficiency, but no previous formal study of Spanish. Focus on grammar, spelling and punctuation, reading, and writing. Instruction Mode: Lecture Grading Option: Letter

SPAN 280x Conversational Spanish
Units: 2 Max Units: 4 Terms Offered: FaSp Discussions of short films, cultural and literary texts and other activities designed to improve conversational skills. Prequisite: SPAN 220. Instruction Mode: Lecture Grading Option: Letter

SPAN 290 Introduction to Latin American and Iberian Studies
Units: 4 Introduction to the cultural history of Spain, Portugal and Latin America with a focus on literature and visual works from the early-modern period to the twenty-first century. Satisfies General Education in Category B: Humanistic Inquiry Satisfies Global Perspective in Category H: Traditions and Historical Foundations Instruction Mode: Lecture, Discussion Grading Option: Letter

SPAN 301 Introduction to Literature and Film
Units: 4 Terms Offered: FaSpSm Introduction to critical reading and interpretation of poetry, narrative fiction, drama, and film from Spain and Latin America. Prequisite: SPAN 260 and SPAN 261 Instruction Mode: Lecture Grading Option: Letter

SPAN 302 Screen Cultures: From Film to the Internet
Units: 4 Terms Offered: FaSp Sm survey of Spanish and Latin American cinema from the silent film era to the present, acquainting students with various critical and theoretical approaches to cinema studies. Conducted in Spanish. Prequisite: SPAN 260 or SPAN 261. Recommended Preparation: SPAN 301 Instruction Mode: Lecture Grading Option: Letter

SPAN 304 The Art of Fiction
Units: 4 Terms Offered: FaSp A survey of Spanish and Latin American fiction from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to narrative. Conducted in Spanish. Prequisite: SPAN 260 or SPAN 261. Duplicates Credit in former SPAN 305. Instruction Mode: Lecture Grading Option: Letter

SPAN 306 Performance from Street to Stage
Units: 4 Terms Offered: FaSp A survey of Spanish and Latin American plays from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to drama. Conducted in Spanish. Prequisite: SPAN 260 or SPAN 261. Duplicates Credit in former SPAN 305. Instruction Mode: Lecture Grading Option: Letter

SPAN 308 The Art of Poetry
Units: 4 Terms Offered: FaSp A survey of Spanish and Latin American poetry from the Middle Ages to the present, acquainting students with various critical and theoretical approaches to verse. Conducted in Spanish. Prequisite: SPAN 260 or SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 311 Advanced Spanish through Contemporary Issues: Oral Emphasis
Units: 4 Terms Offered: Sm (Summer sessions abroad.) Advanced Spanish with emphasis on grammar and oral communication. Recommended Preparation: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 315 Advanced Grammar and Translation
Units: 4 Terms Offered: FaSp Contrastive study of Spanish and English structures designed to explore the similarities and differences between the two languages and to familiarize students with translation techniques. Emphasis on a variety of text types with the aim of increasing linguistic and cultural appreciation of the Spanish language. Prequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 316x Spanish for the Professions
SPAN 318x Creative Writing in Spanish
Units: 4 Terms Offered: FaSp An introduction to the art and craft of creative writing in Spanish with a focus on narrative fiction, writing workshop, literary readings. Prerequisite: SPAN 260 or SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 320 Politics, Thought, Society
Units: 4 Terms Offered: FaSp Preparation: Introduction to the study of Iberian and Latin American cultural patterns through readings on such topics as history, gender, ethnicity, and politics. Conducted in Spanish. Prerequisite: SPAN 260 or SPAN 261 Duplicates Credit in former SPAN 360 and former SPAN 370. Instruction Mode: Lecture Grading Option: Letter

SPAN 321 Sounds, Images, Objects
Units: 4 Terms Offered: FaSp Preparation: An introduction to the study of Iberian and Latin American cultural forms through readings on the visual arts, cinema, architecture, and music. Conducted in Spanish. Prerequisite: SPAN 260 or SPAN 261 Duplicates Credit in former SPAN 360 and former SPAN 370. Instruction Mode: Lecture Grading Option: Letter

SPAN 341 Advanced Conversation and Culture
Units: 4 Conversation based on study of Spanish art and architecture. Field trips. Instruction Mode: Lecture Grading Option: Letter

SPAN 350 Cultural Cross-Currents of the Iberian Middle Ages
Units: 4 Terms Offered: FaSp Preparation: Selected readings from 1040 to 1499 examining the rich cultural diversity of the Iberian Middle Ages in the symbiosis of Christian, Moslem and Jewish traditions. Recommended Preparation: SPAN 260 or SPAN 261 Duplicates Credit in former SPAN 260 and former SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 352 The Transatlantic Golden Age: New Worlds Real and Imagined
Units: 4 Terms Offered: FaSp Preparation: Selected readings from 1500 to 1700 exploring Renaissance and baroque visions of the classical and new worlds. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 372 Modern and Contemporary Latin American Fiction
Units: 4 Terms Offered: FaSp Preparation: Study of major trends in Latin American fiction from the 1930s to the present with a focus on narrative experimentation. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 373 Modern and Postmodern Spanish Fiction
Units: 4 Terms Offered: FaSp Preparation: An exploration of the literary and filmic narratives of contemporary Spain focusing on the major historical and cultural movements of the 20th century. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Duplicates Credit in former SPAN 378. Instruction Mode: Lecture Grading Option: Letter

SPAN 375 Latin American Cultural and Literary Theory
Units: 4 (Enroll in COLT 375) Preparation: New General Education in B Humanistic Inquiry. Instruction Mode: Lecture Grading Option: Letter

SPAN 380g Literature of Mexico
Units: 4 Principal writers and their works from Colonial times to the present. Non-majors may write assignments in English. Recommended Preparation: advanced comprehension of oral and written Spanish. Satisfies New General Education in Category B: Humanistic Inquiry Instruction Mode: Lecture Grading Option: Letter

SPAN 381 Narco-World
Units: 4 Sp Preparation: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 382 The Aesthetics of Violence in Latin America
Units: 4 Preparation: Fa An exploration of representations of violence and violent representations in Latin American narrative, poetry, music, and film. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 385 The Culture of Food in Hispanic Los Angeles
Units: 4 Preparation: FaSp Experiential learning and project-based course designed to familiarize students with the food culture of Hispanic Los Angeles. Students create Spanish language blogs about their experiences. Prerequisite: SPAN 260 and SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 390 Special Problems
Units: 4 Preparation: Enroll in COLT 375. Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

SPAN 391 Introduction to Contemporary Spanish Literature (USC Madrid Center)
Units: 4 Preparation: Readings in contemporary Spanish literature. Includes lectures by recognized Spanish writers and scholars. Instruction Mode: Lecture Grading Option: Letter

SPAN 405 History of the Spanish and Portuguese Languages
Units: 4 Preparation: Development of sounds, forms, words, meanings and structures from their origins to modern Spanish and Portuguese. Prerequisite: SPAN 310 or SPAN 315. Instruction Mode: Lecture Grading Option: Letter

SPAN 412 Spanish Rhetoric and Style
Units: 4 Preparation: FaSp Preparation: Close grammatical and rhetorical analysis of a variety of text types (general, literary, technical, journalistic) as the basis for practice in advanced written and oral expression as well as translation. Prerequisite: SPAN 310 or SPAN 315. Instruction Mode: Lecture Grading Option: Letter

SPAN 413m Social and Geographic Varieties of Spanish
Units: 4 Preparation: Fa Historical, social, and cultural elements represented in the dialectal diversity of the Spanish language; fieldwork in bilingual communities in the United States. Majors prepare assignments in Spanish, non-majors in English. Conducted in Spanish and English. Prerequisite: reading knowledge of Spanish. Instruction Mode: Lecture Grading Option: Letter

SPAN 420 Spanish Language Acquisition
Units: 4 Preparation: FaSp Preparation: A study of the bilingual acquisition of Spanish and English by children, and of Spanish as a second language by adults; focus on linguistic, psychological and social factors. Prerequisite: SPAN 310 or SPAN 315. Instruction Mode: Lecture Grading Option: Letter

SPAN 455 Picaros and Peasants: Empire and Its Discontents
Units: 4 Preparation: FaSp Preparation: A study of the rise of the picaros novel in Spain and Latin America as a medium for social, political, and cultural criticism. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 460 Don Quixote: Text and Film
Units: 4 Preparation: FaSpSm Preparation: A close reading of Cervantes' masterpiece and analysis of film adaptations of the novel. Prerequisite: SPAN 301. Instruction Mode: Lecture Grading Option: Letter

SPAN 462 Literary Cartographies of Latin America and Spain, 1810–1898
Units: 4 Preparation: FaSp Preparation: Comparative analysis of Spanish and Latin American literatures with a focus on trans-Atlantic relations and the rise of such movements as romanticism, realism, and modernismo. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 464 Introduction to Contemporary Spanish Theatre
Units: 4 Preparation: (Madrid Center only) Historical evolution of the contemporary Spanish theatre; readings of dramatic texts supported by attendance at live stage performances. Recommended Preparation: SPAN 304 or SPAN 306 or SPAN 308. Instruction Mode: Lecture Grading Option: Letter

SPAN 465 Cultural Perspectives of the Iberian Peninsula
Units: 4 Preparation: Sm Preparation: Study of cultural plurality in the Iberian Peninsula. Recommended Preparation: SPAN 260 or SPAN 261. Instruction Mode: Lecture Grading Option: Letter

SPAN 466 Argentina, Society and the Arts
Units: 4 Preparation: Sm Preparation: Study of the
SPAN 495 Seminar for Majors and Minors
Units: 4 Two options: (1) Study of a major work or writer, a principal literary theme or movement; or (2) a selected topic in Spanish language and linguistics. Recommended Preparation: two courses in the upper division in the same area as the seminar topic (i.e., language or literature). Instruction Mode: Lecture Grading Option: Letter

SPAN 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Instruction Mode: Lecture Grading Option: Letter

SPAN 501 Cultural Narratives of Spain and Latin America
Units: 4 Theoretical and methodological approaches to cultural narratives in Spanish and Latin American literary and cultural studies. Instruction Mode: Lecture Grading Option: Letter

SPAN 513 Spanish Morphology and Phonology
Units: 3 Terms Offered: Fa A survey of research on the interaction between Spanish morphology and phonology in light of critical readings and discussion of selected studies as contributions to the general theory of grammar. Duplicates Credit in former SPAN 512. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-513

SPAN 514 Spanish Syntax
Units: 3 Terms Offered: Fa A survey of Spanish syntax in the light of critical readings and discussion of selected studies and their comparative contribution to grammatical theory. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-514

SPAN 515 Spanish Grammar in Discourse
Units: 3 Terms Offered: Fa A semantic and pragmatic approach to the analysis of the structure of Spanish sentences and discourse. Instruction Mode: Lecture Grading Option: Letter Crosslisted as LING-515

SPAN 516 Historical Aspects of Spanish and Portuguese
Units: 3 Terms Offered: Fa Processes of language change in the development of the Spanish and Portuguese languages from their origin in spoken Latin to their modern stage. Instruction Mode: Lecture Grading Option: Letter

SPAN 517 Spanish Applied Linguistics
Units: 3 Terms Offered: Fa Modern theories of first and second language acquisition and their application to Spanish. Instruction Mode: Lecture Grading Option: Letter

SPAN 518 Spanish Sociolinguistics
Units: 3 Terms Offered: Fa Principles of sociolinguistics and dialectology: sociolinguistic patterns in the Hispanic languages. Instruction Mode: Lecture Grading Option: Letter

SPAN 525 Medieval and Early Modern Spanish World
Units: 4 Max Units: 8.0 Study of literature and other cultural artifacts pertaining to the Middle Ages in Spain and the early modern world in both Spain and the Americas. Instruction Mode: Lecture Grading Option: Letter

SPAN 529 The Transatlantic 19th Century
Units: 4 Max Units: 8.0 Study of authors, texts and literary and cultural currents in Spain and Latin America in the 19th century. Instruction Mode: Lecture Grading Option: Letter

SPAN 539 20th and 21st Century Spanish Literature and Culture
Units: 4 Max Units: 8.0 Study of cultural currents, authors, literary texts, films and other media in Spain in the 20th and 21st centuries. Instruction Mode: Lecture Grading Option: Letter

SPAN 545 20th and 21st Century Latin American Literature and Culture
Units: 4 Max Units: 8.0 Study of cultural currents, authors, literary texts, films and other media in Latin America in the 20th and 21st centuries. Instruction Mode: Lecture Grading Option: Letter

SPAN 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SPAN 592 Practicum in Teaching Spanish
Units: 2 Approaches and techniques in the teaching of Spanish and/or Portuguese as a second language. Registration Restriction: Open only to Master and Doctoral students in Comparative Literature, Comparative Culture in Literature and Studies (Spanish and Latin American Studies), Linguistics (Hispanic Linguistics) and Spanish. Instruction Mode: Lecture Grading Option: Credit/No Credit

SPAN 594a Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 594b Master's Thesis
Units: 2 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 594c Master's Thesis
Units: 0 Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 596 Research Methods in Spanish Linguistics
Units: 3 Examination of various research methods as applied to the study of the Spanish language; mechanics of organizing, conducting and presenting research in Spanish linguistics. Instruction Mode: Lecture Grading Option: Letter

SPAN 602 Seminar in Spanish and Latin American Cinema
Units: 3 Terms Offered: Fa A study of the historical, cultural and political context of post-dictatorship Spanish and Latin American cinema by focusing on debates on memory and trauma. Taught in Spanish. Recommended Preparation: SPAN 302. Instruction Mode: Lecture Grading Option: Letter
American Critical Theory
Units: 4 Max Units: 8.0 Major developments in literary criticism in Spain and Latin America from the early modern period to the present. Instruction Mode: Lecture Grading Option: Letter

SPAN 603 Seminar in the Cultural History of Spain and Latin America
Units: 4 Max Units: 8.0 Literary and cultural currents in Spain and Latin America, with varying focus on genres, periods, movements and problems. Instruction Mode: Lecture Grading Option: Letter

SPAN 604 Seminar in Gender and Sexuality in Spain and Latin America
Units: 4 Max Units: 8.0 Construction and representation of gender and sexuality in Spanish and Latin American literature and culture. Instruction Mode: Lecture Grading Option: Letter

SPAN 606 Seminar in Visual Culture in Spain and Latin America
Units: 4 Max Units: 8.0 Major currents in film and other media in Spain and Latin America. Instruction Mode: Lecture Grading Option: Letter

SPAN 650 Topics in Spanish and Latin American Literature and Culture
Units: 4 Max Units: 8.0 Study of topics in Spanish and Latin American literature and culture across periods, genres and nations. Instruction Mode: Lecture Grading Option: Letter

SPAN 652 Seminar on a Major Topic in Hispanic Linguistics
Units: 3 Max Units: 9.0 Terms Offered: FaSp Analysis of selected topics of current interest as reflected primarily in the most recent literature. Instruction Mode: Lecture Grading Option: Letter

SPAN 672 Seminar in Spanish Morphophonology
Units: 3 Max Units: 9.0 Terms Offered: FaSp Selected topics in Spanish morphology and phonology. Instruction Mode: Lecture Grading Option: Letter

SPAN 674 Seminar on Spanish Syntax and Semantics
Units: 3 Max Units: 9.0 Terms Offered: FaSp Detailed analysis of topics in modern Spanish syntax and semantics. Instruction Mode: Lecture Grading Option: Letter

SPAN 676 Seminar in Diachronic Aspects of the Hispanic Languages
Units: 3 Max Units: 9.0 Terms Offered: FaSp In-depth analysis of a particular topic in the historical development of the Hispanic languages. Instruction Mode: Lecture Grading Option: Letter

SPAN 677 Seminar in Spanish Applied Linguistics
Units: 3 Terms Offered: FaSp Critical study and analysis of major issues related to the teaching and learning of Spanish as a first or a second language. Instruction Mode: Lecture Grading Option: Letter

SPAN 678 Seminar in Hispanic Sociolinguistics
Units: 3 Max Units: 9.0 Terms Offered: FaSp Selected topics in Hispanic sociolinguistics: social and geographic language varieties, language contact, discourse analysis, synchronic variation and processes of change in Spanish. Instruction Mode: Lecture Grading Option: Letter

SPAN 700 Colloquium in Hispanic Literature and Linguistics
Units: 1 Max Units: 3.0 Discussion and presentation of papers on a variety of topics in the areas of Hispanic language and literature. Prerequisite: any 600 level Spanish seminar. Instruction Mode: Lecture Grading Option: Credit/No Credit

SPAN 790 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Research leading to the doctorate. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SPAN 794a Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 794b Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 794c Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 794d Doctoral Dissertation
Units: 2 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SPAN 794e Doctoral Dissertation
Units: 0 Credit on acceptance of dissertation. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

Spatial Sciences Institute

SSCI 101 Workshop in Spatial Analysis
Units: 2 Terms Offered: FaSp Introduction to geospatial technologies and data as creative tools for supplementing traditional forms of academic work across the sciences, social sciences, and the humanities. Instruction Mode: Lecture Grading Option: Letter

SSCI 135Lg Maps in the Digital World
Units: 4 Terms Offered: FaSpSm The role of formal reasoning, abstract representation and empirical analysis in building maps for sharing knowledge across the physical, life and social sciences and humanities. Satisfies New General Education in Category F: Quantitative Reasoning Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 201 Principles of GeoDesign
Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Intensive learning-research and field experience in Los Angeles and abroad; application of GeoDesign strategies to local societal challenges. Instruction Mode: Lecture Grading Option: Letter

SSCI 202L Principles of Geographic Information Science
Units: 4 Terms Offered: Sp The various ways in which geography can be used to acquire, represent, organize, analyze, model and visualize information. Laboratories are organized around ArcGIS software suite. Prerequisite: SSCI 301L Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 301 Principles of GeoDesign
Units: 4 Terms Offered: FaSp Foundations of geodesign combining place-making, design, collective action, and the science of location-based information to improve human interaction with the functioning of the Earth. Instruction Mode: Lecture Grading Option: Letter

SSCI 301s Principles of GeoDesign
Units: 4 Terms Offered: FaSp Introduction to the complex relationship between human development and natural hazards, which are increasingly causing damage and displacement to human populations throughout the world. Satisfies New General Education in Category C: Social Analysis Instruction Mode: Lecture, Discussion Grading Option: Letter

SSCI 265Lg The Water Planet
Units: 4 Terms Offered: FaSpSm An exploration of earth's water, ranging from water properties, chemistry, and pollution, to groundwater dynamics, watershed processes, and oceanic-atmospheric circulation. Implications for past and future societies. Satisfies New General Education in Category E: Physical Sciences Satisfies Old General Education in Category IV: Science and Its Significance Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 301L Maps and Spatial Reasoning
Units: 4 Terms Offered: Fa: Role of maps and spatial reasoning in the production and use of geographic information for representing and analyzing human and environmental activities and events. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 340 Community Health Scan
Units: 4 Terms Offered: FaSpSm The social context of health and its determinants; the uses of data analysis; community capacity building, and the impact of policy on community health improvement. Duplicates Credit in former MDA 350 Instruction Mode: Lecture Grading Option: Letter

SSCI 350 International GeoDesign
Units: 4 Max Units: 12.0 Terms Offered: FaSpSm Intensive learning-research and field experience in Los Angeles and abroad; application of GeoDesign strategies to local societal challenges. Instruction Mode: Lecture Grading Option: Letter
modeling workflows. Prerequisite: SSCI 301 and SSCI 382 Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 397 Spatial Sciences Internship
Units: 2, 3, 4 Terms Offered: FaSpSm Intensive experience in local public agency, private firm, or nonprofit agency engaged in applied geospatial analysis, modeling and mapping work. Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 401L Geospatial Intelligence
Units: 4 Terms Offered: FaA SpSm An introduction to basic geospatial intelligence knowledge and related practical applications that assist in informed decision-making in a variety of human security settings. Recommended Preparation: ARCH 403, PPD 425, SSCI 314, SSCI 483. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 412L GeoDesign Practicum
Units: 4 Terms Offered: FaSpSm Application of design concepts, planning protocols and spatial analysis skills to a complex planning or design problem sponsored by a local public, private or for-profit client in a studio setting. Prerequisite: ARCH 403, PPD 425, SSCI 314, SSCI 483. Instruction Mode: Lecture, Lab Required Grading Option: Letter Crosslisted as ARCH-412, PPD-412

SSCI 483L Spatial Science Practicum
Units: 4 Terms Offered: SpSm Application of GIS concepts and skills to a local opportunity or problem in a studio setting. May involve site visits, community contact, and presentations. Prerequisite: SSCI 382. Instruction Mode: Lecture, Lab Required Grading Option: Letter

SSCI 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Individual research and readings. Registration Restriction: Open only to juniors and seniors. Instruction Mode: Lecture Grading Option: Letter

SSCI 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Intensive study of selected topics or regions. Instruction Mode: Lecture Grading Option: Letter

SSCI 578 The Practice of Geospatial Leadership
Units: 4 Terms Offered: Sm The geospatial value proposition and the qualities and skills leaders will need to help their geospatial information management groups and organizations achieve success. Recommended Preparation: SSCI 581. Instruction Mode: Lecture Grading Option: Letter

SSCI 579 Geospatial Intelligence Tradecraft
Units: 4 Terms Offered: FaSpSm Typical geospatial intelligence tasks and their use in military operations, national and homeland security, international relief work and disaster management. Recommended Preparation: SSCI 581. Instruction Mode: Lecture Grading Option: Letter

SSCI 580 Spatial Computing
Units: 4 Terms Offered: FaSpSm Theoretical foundations, methods, techniques, and software systems for spatial computing, including geospatial semantic web and linked data, spatial data mining, geocoding, and document linking. Recommended Preparation: SSCI 581 or INF 510. Instruction Mode: Lecture Grading Option: Letter

SSCI 581 Concepts for Spatial Thinking
Units: 4 Terms Offered: FaSpSm The unique characteristics and importance of spatial information as they relate to the evolving science, technology, and applications of Geographic Information Systems. Duplicates Credit in the former GEOG 581. Instruction Mode: Lecture Grading Option: Letter

SSCI 582 Spatial Databases
Units: 4 Terms Offered: FaSpSm Design, implementation, and interrogation of relational, object-oriented and other types of geospatial databases. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 582. Instruction Mode: Lecture Grading Option: Letter

SSCI 583 Spatial Analysis
Units: 4 Terms Offered: FaSpSm Provides the knowledge and skills necessary to investigate the spatial patterns which result from social and physical processes operating at or near the Earth’s surface. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 583. Instruction Mode: Lecture Grading Option: Letter

SSCI 584 Spatial Modeling
Units: 4 Terms Offered: FaSpSm The use of spatial models to describe social and environmental processes, patterns and systems at multiple spatial and temporal scales. Recommended Preparation: SSCI 583. Instruction Mode: Lecture Grading Option: Letter

SSCI 585 Geospatial Technology Project Management
Units: 4 Terms Offered: FaSpSm Concepts, principles, and use of project management tools and the people issues encountered running GIS projects. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 585. Instruction Mode: Lecture Grading Option: Letter

SSCI 586 GIS Programming and Customization
Units: 4 Terms Offered: FaSpSm Design, coding, and implementation of GIS-based software and models using the Python programming language. Recommended Preparation: SSCI 582. Duplicates Credit in the former GEOG 586. Instruction Mode: Lecture Grading Option: Letter

SSCI 587 Spatial Data Acquisition
Units: 4 Terms Offered: FaSpSm Role of global positioning systems, maps, geocoding, and other kinds of sensors as geospatial data sources. Includes field data acquisition excursions on Catalina Island. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 587. Instruction Mode: Lecture Grading Option: Letter

SSCI 588 Remote Sensing for GIS
Units: 4 Terms Offered: SpSm Principles of remote sensing, satellite systems, and role of remote sensing data in GIS applications. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 588. Instruction Mode: Lecture Grading Option: Letter

SSCI 589 Cartography and Visualization
Units: 4 Terms Offered: SpSm Principles of visual perception, spatial cognition and cartographic design and their contributions to the maps, animations, virtual reality and multimedia displays produced with modern GIS. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 589. Instruction Mode: Lecture Grading Option: Letter

SSCI 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master’s degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 591 Web GIS
Units: 4 Terms Offered: FaSm Design and implementation of locally served and cloud-based geospatial web applications. Construction of web maps, mashups, and Volunteered Geographic Information interfaces. Recommended Preparation: SSCI 581. Duplicates Credit in the former GEOG 591. Instruction Mode: Lecture Grading Option: Letter

SSCI 592 Mobile GIS
Units: 4 Terms Offered: SpSm Design, coding, and implementation of mobile GIS applications using the Java and Javascript object-oriented programming languages. Recommended Preparation: SSCI 591. Instruction Mode: Lecture Grading Option: Letter

SSCI 593 Geospatial Data Integration
Units: 4 Terms Offered: FaSm Role of crowdsourcing, volunteered geographic information, spatial data infrastructures, and web portals in helping with the collection, storage, curation, and distribution of geospatial data assets. Recommended Preparation: SSCI 587. Instruction Mode: Lecture Grading Option: Letter

SSCI 594a Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SSCI 594b Master's Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SSCI 594z Master's Thesis
Units: 0 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

SSCI 596 Internship in Spatial Sciences
Units: 1 Max Units: 4.0 Terms Offered: FaSpSm Part-time or full-time practical work experience in the student's field of study at an off-campus facility under faculty direction. Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Seminar
in selected topics in the spatial sciences. Instruction Mode: Lecture Grading Option: Letter

SSCI 600 The Geography of Life and Death
Units: 4 Terms Offered: Fa Meaning and significance of place and role of social, natural, and built environments in disease occurrence in different places and populations. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Letter

SSCI 601a Population, Health and Place Research Practicum
Units: 2 Max Units: 4 Terms Offered: Sm The use of population science, public health, and spatial science theory and practice to advance our understanding of one or more aspects of human well-being. Prerequisite: SSCI 600 Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

SSCI 601b Population, Health and Place Research Practicum
Units: 2 Max Units: 4 Terms Offered: Sm The use of population science, public health, and spatial science theory and practice to advance our understanding of one or more aspects of human well-being. Prerequisite: SSCI 601a Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Letter

SSCI 680 Advanced Spatial Computing
Units: 4 Terms Offered: FaSpSm The role of spatial computing in understanding the world, in knowing and communicating our relationships to specific places, and for navigating through those places. Instruction Mode: Lecture Grading Option: Letter

SSCI 683 Principles of Spatial Data Analysis
Units: 4 Terms Offered: Sp The theoretical foundations and techniques of spatial analysis and the ways in which they have been used to identify spatial processes and patterns. Recommended Preparation: Enrollment in a USC PhD Program. Instruction Mode: Lecture Grading Option: Letter

SSCI 684 Spatial Modeling with GIS
Units: 4 Terms Offered: Sp An introduction to spatial modeling identifying the key issues influencing the success of these models in simulating key social and environmental processes and health exposures. Instruction Mode: Lecture Grading Option: Letter

SSCI 693 Practicum in Teaching the Liberal Arts
Units: 2 Terms Offered: Fa Principles of pedagogy for teaching the liberal arts, focusing on issues and technologies for spatial thinking. Required for first-semester teaching assistants in spatial sciences. Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 790 Research
Units: 1 Max Units: 12 Terms Offered: FaSpSm Research leading to the doctorate. Registration Restriction: Open only to doctoral students Instruction Mode: Lecture Grading Option: Credit/No Credit

SSCI 794a Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794b Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794c Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

SSCI 794d Doctoral Dissertation
Units: 2 Terms Offered: FaSpSm Credit on acceptance of Dissertation. Registration Restriction: Open only to doctoral students in Population, Health, and Place major. Instruction Mode: Lecture Grading Option: In Progress/Credit/No Credit

Sophomore Seminars

SSEM 200 Sophomore Seminar
Units: 1, 2 Terms Offered: FaSp Special Sessions Special seminar courses for sophomores; limited to 18 students; topics will vary; Instruction Mode: Lecture Grading Option: Credit/No Credit

Oral Surgery

SURG 501 Oral Surgery
Units: 2 Introduction to surgical dentistry, armamentarium and procedures; exodontics; infection; post operative care; repair of bone and soft tissue; acute injury; cysts, sinuses, nerve injury, biopsy. Instruction Mode: Lecture Grading Option: Letter

SURG 562a Clinic: Oral Surgery I
Units: 0 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 562b Clinic: Oral Surgery I
Units: 0 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 562c Clinic: Oral Surgery I
Units: 1 Supervised clinical experience in health history, surgical evaluation, extraction of teeth, and minor oral surgery procedures. Includes special case seminars. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564a Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery, participation in clinic care of patients with dento-alveolar pathology, introduction to management of medically compromised patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564b Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery, participation in clinic care of patients with dento-alveolar pathology, introduction to management of medically compromised patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564c Clinic: Hospital Oral Surgery
Units: 0 Observation of inpatient and outpatient oral and maxillofacial surgery, participation in clinic care of patients with dento-alveolar pathology, introduction to management of medically compromised patient. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 564d Clinic: Hospital Oral Surgery
Units: 1 Observation of inpatient and outpatient oral and maxillofacial surgery, participation in clinic care of patients with dento-alveolar pathology, introduction to management of medically compromised patient. Instruction Mode: Lecture Grading Option: Letter

SURG 611a Oral and Maxillofacial Surgery
Units: 0 More advanced instruction in oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade

SURG 611b Oral and Maxillofacial Surgery
Units: 0 More advanced instruction in oral and maxillofacial surgery and related diseases as appropriate to the practice of general dentistry; extensive clinical experience. Instruction Mode: Lecture Grading Option: In-progress to Letter Grade
with the larger urban community of which it is a part. Instruction Mode: Lecture Grading Option: Letter

SWMS 316 Gender and Global Issues
Units: 4 (Enroll in IR 316)

SWMS 320 Male and Female in Pacific Society
Units: 4 (Enroll in ANTH 320)

SWMS 321 Gender and Judaism
Units: 4 (Enroll in JS 321)

SWMS 324 Women in Medieval and Renaissance Europe
Units: 4 (Enroll in COLT 324)

SWMS 330m Culture, Gender and Politics in South Asia
Units: 4 (Enroll in ANTH 330)

SWMS 335 Gender, Religion, and Sexuality
Units: 4 (Enroll in REL 335)

SWMS 336 Health, Gender and Ethnicity
Units: 4 Terms Offered: Sp Cross-cultural notions of the body, health, and healing; historic and cultural variability of ideas of reproduction, birth, sexuality, mental illness, and disability. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ANTH-336

SWMS 341 Women in English Literature before 1800
Units: 4 (Enroll in ENGL 341)

SWMS 342g Women in English and American Literature after 1800
Units: 4 (Enroll in ENGL 342g)

SWMS 343m Images of Women in Contemporary Culture
Units: 4 Max Units: FaSp (Enroll in ENGL 343m)

SWMS 344m Sexual/Textual Diversity
Units: 4 Terms Offered: FaSp (Enroll in ENGL 344m)

SWMS 345 Men and Women in United States History from the 1920s to the Present
Units: 4 Terms Offered: Other (Enroll in HIST 345)

SWMS 347 Race, Gender and Power in Francophone Literature
Units: 4 (Enroll in FREN 347)

SWMS 349 Women and the Law
Units: 4 Terms Offered: Fa Discussion of the relationship between women and the law in light of feminist jurisprudence, U.S. Supreme Court decisions, and cross-cultural perspectives. Instruction Mode: Lecture Grading Option: Letter Crosslisted as POSC-349

SWMS 355 Transgender Studies
Units: 4 Terms Offered: Sp Analysis of transgender behaviors, from androgyne and transvestism to transsexuality. Discussion of changing laws, representations, medical standards, and social attitudes towards transgender and intersex people. Instruction Mode: Lecture Grading Option: Letter

SWMS 358 U.S. Gay and Lesbian History
Units: 4 Terms Offered: Sp Exploration of shifting social organization and cultural meanings of same-sex desire and cross-gender behaviors in the U.S., primarily during the 20th century. Instruction Mode: Lecture Grading Option: Letter Crosslisted as HIST-358

SWMS 363m Race, Gender and Sexuality in Contemporary Art
Units: 4 (Enroll in AHIS 363)

SWMS 367 Gender and Creative Labor
Units: 4 Terms Offered: Fa Exploration of contemporary labor issues from feminist and gender studies perspectives. Instruction Mode: Lecture Grading Option: Letter

SWMS 369 The Family in a Changing Society
Units: 4 (Enroll in SOC 369)

SWMS 370 Sex, Love, and Marriage: An Introduction to Kinship
Units: 4 Terms Offered: Sp (Enroll in ANTH 370)

SWMS 372 Human Sexuality
Units: 4 (Enroll in PSYC 372)

SWMS 374m Women Writers in Europe and America
Units: 4 (Enroll in COLT 374)

SWMS 375 Women and Gender in China: Past and Present
Units: 4 (Enroll in EALC 375)

SWMS 377 The Image of the Journalist in Popular Culture
Units: 4 (Enroll in JOUR 375)

SWMS 378 Literature, Theory, Gender
Units: 4 (Enroll in COLT 377)

SWMS 380 Sex and Gender in Anthropological Perspective
Units: 4 (Enroll in ANTH 380)

SWMS 381 Sex, Power, and Politics
Units: 4 (Enroll in POSC 381)

SWMS 382 Political Theories and Social Reform
Units: 2 or 4 (Enroll in POSC 380)

SWMS 383 French Women Writers
Units: 4 Terms Offered: FaSp (Enroll in FREN 383)

SWMS 385m Men and Masculinity
Units: 4 Interdisciplinary examination of social, personal meanings of masculinity; variety of male experience by social class, race, sexuality, and age; emerging masculinities of the future. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ANTH-385, SOC-386

SWMS 389 Gender, Sexuality and Food Cultures in the U.S.
Units: 4 Terms Offered: Sp Exploration of food, eating, production, sustainability, access, and culture from a multidisciplinary perspective. Instruction Mode: Lecture Grading Option: Letter

SWMS 390 Special Problems
Units: 1, 2, 3, 4 Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

SWMS 395m Gender, Media and Communication
Units: 4 (Enroll in COMM 395)

SWMS 402 Human Trafficking
Units: 4 Terms Offered: FaSp (Enroll in SOCI 402)

SWMS 410 Senior Seminar in Gender Studies
Units: 4 Terms Offered: Fa Study of a selected problem, period, or theme in the study of women and men in society by integrating perspectives from cross-cultural and interdisciplinary studies. Instruction Mode: Lecture Grading Option: Letter

SWMS 412 Gender, Sexuality and Media
Units: 4 Max Units: max 8 (Enroll in CTCS 412)

SWMS 425 Queer Los Angeles
Units: 4 Terms Offered: Sp Interdisciplinary study of queer Los Angeles through examination of histories, memoirs, essays, fiction, poetry, documentaries, narrative films, and local archives. Instruction Mode: Lecture Grading Option: Letter

SWMS 430 Gender and Sexuality in Korean Literature and Culture
Units: 4 (Enroll in EALC 430)

SWMS 434m Women and Aging: Psychological, Social and Political Implications
Units: 4 Terms Offered: FaSpSm (Enroll in GER 435)

SWMS 435m Women in Society
Units: 4 (Enroll in SOCI 435)

SWMS 440 Women's Literature in Germany I
Units: 4 (Enroll in GERM 440)

SWMS 442m Women's Spaces in History:
"Hussies," "Harems," and "Housewives"
Units: 4 (Enroll in ARCH 442)

SWMS 445 Studies in Gender and Feminism
Units: 4 (Enroll in FREN 445)

SWMS 456 Women in International Development
Units: 4 (Enroll in POSC 456)

SWMS 464 Sociology of Gender and Work
Units: 4 Terms Offered: FaSp (Enroll in SOCI 464)

SWMS 465 Gender in Media Industries and Products
Units: 4 (Enroll in COMM 465)

SWMS 467 Gender and the News Media
Units: 4 (Enroll in JOUR 467)

SWMS 490x Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpSm Independent research and readings. Instruction Mode: Lecture Grading Option: Letter

SWMS 492 Honors Thesis
Units: 4 Terms Offered: Sp Writing of the honors thesis; for students in the Gender Studies Honors Program. Recommended Preparation: SWMS 410. Instruction Mode:
SWMS 499 Special Topics
Units: 2, 3, 4 Max Units: 8. Study of a selected problem, period, or theme through interdisciplinary approaches. Instruction Mode: Lecture Grading Option: Letter

SWMS 504 Theories of Race, Class, and Gender
Units: 4 (Enroll in ENGL 504)

SWMS 505 Seminar in Feminist Theory and Art History
Units: 4 Max Units: max 8 (Enroll in AHIS 505)

SWMS 507 Gender and International Relations
Units: 4 Terms Offered: Irregular (Enroll in IR 507)

SWMS 508 Ethics of Liberation Theology
Units: 4 (Enroll in REL 508)

SWMS 509 Culture, Gender, and Global Society
Units: 4 (Enroll in IR 509)

SWMS 516 Seminar: Feminist Theory and Communication
Units: 4, 2 years Terms Offered: Sp (Enroll in COMM 516)

SWMS 544 Feminist Theory for Historians
Units: 4 Terms Offered: Fa (Enroll in HIST 544)

SWMS 546 Comparative History of Women and Gender in the West to 1800
Units: 4 Terms Offered: Fa (Enroll in HIST 546)

SWMS 550 Gender and Education in the Third World
Units: 3 (Enroll in EDPA 550)

SWMS 551 Studies in the History of Women, Gender and Sexuality
Units: 4 Max Units: max 8 (Enroll in HIST 550)

SWMS 553 Race, Gender and Sexuality
Units: 4 (Enroll in AMST 553)

SWMS 554 Women in Global Perspective
Units: 4 Women and immigration, employment, and household and family relations in the context of the global economy; women's social and political movements in diverse cultural contexts. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ANTH-554, POSC-554, SOCI-554

SWMS 556 Seminar on Women and the Family in China
Units: 4 (Enroll in EALC 556)

SWMS 560 Feminist Theory
Units: 4 Terms Offered: FaSpSm History of feminist theory and major perspectives of current feminist theory: liberal feminism, socialist/ Marxist feminism, radical feminism, psychological feminism, spiritual feminism, and ecological feminism. Instruction Mode: Lecture Grading Option: Letter Crosslisted as EDHP-560, POSC-560, SOCI-560

SWMS 577 Therapy, Gender, and Ethnicity
Units: 3 (Enroll in SOCI 577)

SWMS 588 Seminar in Gay, Lesbian, Bisexual and Transgender Studies
Units: 4 Interdisciplinary crosscultural, historical, psychological, sociological, and contemporary political perspectives on female and male homosexual eroticism, and the emergence of gay, lesbian, bisexual, and transgender identities. Instruction Mode: Lecture Grading Option: Letter

SWMS 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master's degree in cognate fields. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

SWMS 593 Practicum in Teaching Gender Studies
Units: 2 Terms Offered: Fa Basic principles of gender studies pedagogy, emphasizing practical applications and the importance of career-long skill development. Required for first-semester teaching assistants in gender studies. Registration Restriction: Open only to doctoral students. Instruction Mode: Lecture Grading Option: Credit/No Credit

SWMS 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Seminar in selected topics relating to gender and feminism. Instruction Mode: Lecture Grading Option: Letter

SWMS 621 Gender Discrimination
Units: 1, 2, 3, 4 Terms Offered: FaSp (Enroll in LAW 621)

SWMS 623 Family Law
Units: 3 or 4 (Enroll in LAW 623)

SWMS 630 Studies in Gender
Units: 4 Max Units: max 12 (Enroll in ENGL 630)

SWMS 640 Sociology of Gender and Sexuality
Units: 4 Terms Offered: FaSp (Enroll in SOCI 640)

SWMS 642 Sex and Gender in Society
Units: 4 (Enroll in SOCI 642)

SWMS 648 Fertility Control Policies
Units: 4 (Enroll in SOCI 648)

SWMS 650 Seminar on Women's and Family History
Units: 4 Max Units: max 8 Terms Offered: Sp (Enroll in HIST 650)

Dramatic Arts

THTR 101 Introduction to Acting
Units: 4 Terms Offered: FaSp Study of genres, terminology, and disciplines of acting: fundamental techniques necessary for performance; scene study from contemporary plays. Instruction Mode: Lecture Grading Option: Letter

THTR 105 Introduction to Screen Acting
Units: 2 Terms Offered: FaSp Introduction to the theoretical and foundational practices, techniques and strategies specific to screen acting in relation to the basic dynamics of acting for the stage. Prerequisite: THTR 101 and THTR 152 and THTR 252a Instruction Mode: Lecture Grading Option: Letter

THTR 110 Dramatic Analysis
Units: 2 Terms Offered: Fa Actors work on the text: analysis in rehearsal of scripts drawn from contemporary realism for dramatic characterization. Prerequisite: THTR 115

THTR 115a Movement I
Units: 2 Terms Offered: FaBasic training for the actor's body for expression and communication. Awareness and control through mind-body techniques. Prerequisite: THTR 120a and THTR 140a Registration Restriction: Open only to Theatre (Acting) majors Duplicates Credit in former THTR 115 Instruction Mode: Lecture Grading Option: Letter

THTR 115b Movement I
Units: 2 Terms Offered: Sp Basic training for the actor's body for expression and communication. Awareness and control through mind-body techniques. Prerequisite: THTR 115a Concurrent Enrollment: THTR 120b and THTR 140b Duplicates Credit in former THTR 115 Instruction Mode: Lecture Grading Option: Letter

THTR 120aL Acting I
Units: 2 Terms Offered: Sp Basic principles and techniques of acting through theatre games and improvisation. Introduction to contemporary texts, basic characterization and cold reading techniques. Prerequisite: THTR 115a and THTR 140a Registration Restriction: Open only to Theatre (Acting) majors Instruction Mode: Lecture Lab Required Grading Option: Letter

THTR 120b Acting I
Units: 2 Terms Offered: Sp Basic principles and techniques of acting through theatre games and improvisation. Introduction to contemporary texts, basic characterization and cold reading techniques. Prerequisite: THTR 140b Instruction Mode: Lecture Grading Option: Letter

THTR 121ax Fundamentals of Acting
Units: 2 Terms Offered: FaSp The elements of the actor's imaginative skills. Instruction Mode: Lecture Grading Option: Letter

THTR 121bx Fundamentals of Acting
Units: 2 Terms Offered: FaSp Continuation of THTR 121a. Instruction Mode: Lecture Grading Option: Letter

THTR 122 Improvisation and Theatre Games
Units: 2 Max Units: 4.0 Terms Offered: FaSp Individual and group exercise to free the actor physically and emotionally and to stimulate creativity, imagination, and self-expression. Instruction Mode: Lecture Grading Option: Letter

THTR 124ax Character Acting
Units: 2 Terms Offered: FaSp Concentration of imaginative processes which develop the individual characteristics of a dramatic role. Instruction Mode: Lecture Grading Option: Letter
THTR 125 Text Studies for Production
Units: 4 Terms Offered: Fa Focuses on the questions, artistic choices, methodologies, and approaches of an actor/director/designer in the preparation of a production score prior to rehearsal. Instruction Mode: Lecture Grading Option: Letter

THTR 130 Introduction to Theatrical Production
Units: 2 Terms Offered: FaSp Introduction to the nonperformance areas of theatrical production (administrative, design, and technical fields) through hands-on participation in USC productions. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 131a Advanced Theatrical Production
Units: 2 Terms Offered: FaSp Advanced understanding of non-performance areas of theatrical production (administrative, design, and technical fields) through hands-on participation in USC productions. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 131b Advanced Theatrical Production
Units: 2 Terms Offered: FaSp Advanced understanding of non-performance areas of theatrical production (administrative, design, and technical fields) through hands-on participation in USC productions. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 132a Art of Theatrical Design
Units: 2 Terms Offered: FaSp A guided student exploration of the fundamentals of applied design elements and their use as creative tools in the design process. Instruction Mode: Lecture Grading Option: Letter

THTR 132b Art of Theatrical Design
Units: 2 Terms Offered: FaSp Development of the artistic process and theatrical design vocabulary of the individual within the environment of collaborative storytelling. Instruction Mode: Lecture Grading Option: Letter

THTR 140a Voice I
Units: 2 Terms Offered: Fa Physiological mechanism of voice: breath control, phonation, resonance, articulation of language for the stage; expressive use of stress, intonation and rhythm. Corequisite: THTR 115a and THTR 120a Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 140b Voice I
Units: 2 Terms Offered: Fa Physiological mechanism of voice: breath control, phonation, resonance, articulation of language for the stage; expressive use of stress, intonation and rhythm. Corequisite: THTR 120b Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 152 Introduction to Scene Study
Units: 2 Terms Offered: FaSp Application and consolidation of the skills, knowledge and techniques acquired in the study of fundamentals of acting encountered in THTR 101. Prerequisite: THTR 101. Instruction Mode: Lecture Grading Option: Letter

THTR 195g Theatre on Film
Units: 4 Terms Offered: FaSp Introduction to the theatre and its relationship to society through major plays in film versions. Separate screenings to be arranged. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

THTR 196g Shakespeare on Film
Units: 4 Terms Offered: Introduction to the formalized plays of William Shakespeare as texts for performance through reading, viewing and analysis of selected plays in textual and film versions. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

THTR 197g Comedy and Performance
Units: 4 Comedy and Performance traces the history of comedy in performance from its earliest incarnations to the present day. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

THTR 201 Introduction to the Theatre
Units: 4 Terms Offered: Sp Gateway to the majors and minors in theatre. Introduction to and exploration of the creative elements of theatre art: playwriting, acting, directing, and design of scenery, lighting, and costume. Research on a selected area. Duplicates Credit in former THTR 100. Instruction Mode: Lecture Grading Option: Letter

THTR 210 Theory and Practice of World Theatre I
Units: 4 Terms Offered: Fa A multicultural and transnational examination of the history, theory and practice of theatre from its origins to the age of Shakespeare and Zeami. Recommended Preparation: THTR 125 Instruction Mode: Lecture, Discussion Grading Option: Letter

THTR 211g Theory and Practice of World Theatre II

THTR 212 Theory and Practice of World Theatre III
Units: 4 Terms Offered: Sp A multicultural and transnational examination of the history, theory and practice of theatre from the late 19th century to the present date. Recommended Preparation: THTR 125. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture, Discussion Grading Option: Letter

THTR 213 Corset Construction
Units: 3 Terms Offered: FaSp Design and construct period corsets, along with the materials and terminology needed to sew (machine and hand) corsets. Instruction Mode: Lecture Grading Option: Letter

THTR 215a Movement II
Units: 2 Terms Offered: Fa Training of the actor's body with focus on development of precision and strength. Corequisite: THTR 115; Corequisite: THTR 220a, THTR 240a.

THTR 215b Movement II
Units: 2 Terms Offered: Sp Training of the actor's body with focus on mask work for the development of precision, strength and expressiveness. Prerequisite: THTR 215a, Corequisite: THTR 220b, THTR 240b. Instruction Mode: Lecture Grading Option: Letter

THTR 216 Movement for Actors
Units: 2 Terms Offered: FaSp Training and practice in the coordination of the physical apparatus of the actor utilizing various movement techniques through improvisation. Instruction Mode: Lecture Grading Option: Letter

THTR 220a Intermediate Acting I
Units: 2 Terms Offered: FaSp Continuing development of imagination leading to an increased range of dramatic expression through the formalized text of William Shakespeare. Prerequisite: THTR 120b.

THTR 220b Intermediate Acting I
Units: 2 Terms Offered: FaSp Continuing development of imagination leading to an increased range of dramatic expression through the formalized text of William Shakespeare. Prerequisite: THTR 120b. Instruction Mode: Lecture Grading Option: Letter

THTR 222 Stage Make-up
Units: 2 Terms Offered: FaSp Principles of stage make-up materials and skills allowing the actors to enhance their features and techniques for moderate and extreme aging, injuries, and character roles. Instruction Mode: Lecture Grading Option: Letter

THTR 225g Theatre Across History and Cultures
Units: 4 Terms Offered: FaSp The analysis of a range of plays from different times and cultures with a consideration of the roles of actor, director, dramaturg and designer. Recommended Preparation: THTR 125. Satisfies New General Education in Category A: The Arts Instruction Mode: Lecture Grading Option: Letter

THTR 230 Communicating Theatrical Design Concepts
Units: 3 Terms Offered: FaSp The visualization and communication of design ideas through free-hand and mechanical drawing, including orthographies, isometrics, perspective, shades and shadows, plans, sections and elevations. Instruction Mode: Lecture Grading Option: Letter

THTR 231a Costume Construction
Units: 3 Terms Offered: FaSp Historical survey, theory and practice in construction of costume, emphasis on period and style. Recommended Preparation: THTR 125, THTR 201. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 231b Costume Construction
Units: 3 Terms Offered: FaSp Historical survey, theory and practice in construction of costume, emphasis on period and style. Recommended Preparation: THTR 125.
THTR 201. Instruction Mode: Lecture, Lab
Grading Option: Letter

THTR 232 Stage Lighting
Units: 3 Terms Offered: FaSp Theory and practice of theatrical lighting design including electricity, radiant energy, refraction, reflection, absorption, chromatic variation, and electronic controls. Prerequisite: THTR 131. Instruction Mode: Lecture Grading Option: Letter

THTR 236 Stage Sound
Units: 2 Terms Offered: FaSp Basic audio engineering science, how sound is measured, basic transducers and signal flow. Operation of recording and playback equipment used in theatrical sound design/mixing. Instruction Mode: Lecture Grading Option: Letter

THTR 240a Voice II
Units: 2 Terms Offered: FaSp Development of the voice using material which explores the techniques of Shakespeare and his contemporaries. Prerequisite: THTR 140b; Corequisite: THTR 215a, THTR 220a. Instruction Mode: Lecture Grading Option: Letter

THTR 240b Voice II
Units: 2 Terms Offered: FaSp Development of the voice using material which explores the techniques of Shakespeare and his contemporaries. Prerequisite: THTR 140b; Corequisite: THTR 215b, THTR 220b. Instruction Mode: Lecture Grading Option: Letter

THTR 241 Methods and Materials
Units: 2 Terms Offered: FaSp Cutting-edge and traditional methods and materials that enhance both the planning stages and realization of the theatrical design. Instruction Mode: Lecture Grading Option: Letter

THTR 250 Camera and Improvisation
Units: 2 Terms Offered: FaSp Understanding on-camera acting and improvisation by creating original material both in front and behind the camera. Prerequisite: THTR 220a or THTR 252a Instruction Mode: Lecture Grading Option: Letter

THTR 252a Intermediate Acting I
Units: 2 Terms Offered: FaSp Polishing the actor's skills through analysis and class performance of scenes from plays. Instruction Mode: Lecture Grading Option: Letter

THTR 252b Intermediate Acting I
Units: 2 Terms Offered: FaSp Continuation of THTR 252a. Instruction Mode: Lecture Grading Option: Letter

THTR 290 Introduction to Medical Clowning
Units: 2 Terms Offered: FaSp Exploring the art of clowning in hospitals for the purpose of improving the well-being of those in need. Instruction Mode: Lecture Grading Option: Letter

THTR 295 Theatre in Los Angeles
Units: 2 Terms Offered: FaSp Current state of American theatre, through a study of acting, playwriting, criticism, stage design, lighting, and dramatic styles. Instruction Mode: Lecture Grading Option: Letter

THTR 300 Introduction to Modern Drama
Units: 4 Terms Offered: FaAn investigation of the ideas, forms, genres, and thematic concerns of modern drama. Equal emphasis is placed on the plays and their historical contexts. Duplicates Credit in former THTR 200. Instruction Mode: Lecture Grading Option: Letter

THTR 301 Greek and Roman Theatre
Units: 4 Terms Offered: FaExamines the function of theatre, production and acting conventions, and the drama of classical Greece and Rome. Recommended Preparation: THTR 125, THTR 201. Duplicates Credit in former THTR 213. Instruction Mode: Lecture Grading Option: Letter

THTR 302 Shakespeare in His World
Units: 4 Terms Offered: SpThe plays and theatre of Shakespeare, the influences on his work and his contemporary world. Recommended Preparation: THTR 201, THTR 210, THTR 211. Duplicates Credit in former THTR 214. Instruction Mode: Lecture Grading Option: Letter

THTR 303 Projection Design I
Units: 3 Terms Offered: FaSp Investigation of the projection design process, equipment, multi-media, digital technology concepts, and related documentation. Prerequisite: THTR 131b and THTR 132a and THTR 132b Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 305a Directing
Units: 4 Terms Offered: FaSp Examination of basic directorial principles. Pre-production analysis and rehearsal procedures; relationship of the director to actor; integration of technical aspects of production. Instruction Mode: Lecture Grading Option: Letter

THTR 305b Directing
Units: 4 Terms Offered: FaSp Examination of basic directorial principles. Pre-production analysis and rehearsal procedures; relationship of the director to actor; integration of technical aspects of production. Prerequisite: THTR 305a before b. Instruction Mode: Lecture Grading Option: Letter

THTR 310 Comedy and Diversity
Units: 4 Terms Offered: FaSp Issues of diversity are central to the societal function of comedy. Students will explore the techniques, structures and performance of sitcoms, sketch comedy and stand-up. Recommended Preparation: THTR 125 and THTR 225 Instruction Mode: Lecture Grading Option: Letter

THTR 312 LGBTQ Theatre
Units: 4 Terms Offered: FaSp Explores the range and genealogy of LGBTQ theatre and performance across political, historical, and theatrical contexts. Prerequisite: THTR 225 Instruction Mode: Lecture Grading Option: Letter

THTR 313 Comedy of Manners
Units: 4 Terms Offered: FaSp Study of the development of Comedy of Manners, with primary focus on Restoration Comedy of Manners. Recommended Preparation: THTR 201, THTR 210, THTR 211. Instruction Mode: Lecture Grading Option: Letter

THTR 314 Advanced Topics in Modern Drama
Units: 4 Terms Offered: Sp20th century realism and the avant-garde. Recommended Preparation: THTR 201, THTR 210, THTR 211. Instruction Mode: Lecture Grading Option: Letter

THTR 315a Physical Theatre I
Units: 2 Terms Offered: FaSp Actor training anchored by rigorous physical movements. Activities include comedy, clowning, juggling, and mask work. Instruction Mode: Lecture Grading Option: Letter

THTR 315b Physical Theatre II
Units: 2 Terms Offered: FaSp Actor training anchored by rigorous physical movements. Activities include comedy, clowning, juggling, and mask work. Instruction Mode: Lecture Grading Option: Letter

THTR 316 Advanced Movement for Actors
Units: 2 Terms Offered: FaSp Advanced physical training for the B.A. actor utilizing various movement techniques through improvisation. Prerequisite: THTR 216. Instruction Mode: Lecture Grading Option: Letter

THTR 317 Theatre Clown
Units: 2 Terms Offered: FaSp Introduction to techniques of clown performance and key techniques including complicité, play, looks and drops. Prerequisite: THTR 216 Instruction Mode: Lecture Grading Option: Letter

THTR 320a Intermediate Acting II
Units: 2 Terms Offered: FaSp Further development of range and breadth of performance skills with emphasis on texts of heightened language and style. Corequisite: THTR 315a, THTR 340a. Instruction Mode: Lecture Grading Option: Letter

THTR 320b Intermediate Acting II
Units: 2 Terms Offered: FaSp Further development of range and breadth of performance skills with emphasis on texts of heightened language and style. Corequisite: THTR 315b, THTR 340b. Instruction Mode: Lecture Grading Option: Letter

THTR 322 Improv 2: Advanced Improv
Units: 2 Terms Offered: FaSp An in depth study of improvised comedy scene work. An exploration of the primary tools and structure for creating improvised scenes and developing characters for stage and screen. Prerequisite: THTR 101 or THTR 122. Instruction Mode: Lecture Grading Option: Letter

THTR 330 Scene Design I
Units: 4 Terms Offered: FaSp Historical styles, methods, and dramatic analysis for scene design as applied in contemporary practice. Recommended Preparation: THTR 130. Instruction Mode: Lecture Grading Option: Letter

THTR 331 Costume Design I
Units: 4 Terms Offered: Sp Historical styles, methods, and dramatic analysis in costume design as applied in contemporary practice.
Execution of costume designs for assigned works. Recommended Preparation: THTR 231a, THTR 231b. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 332 Lighting Design I Units: 4 Terms Offered: FaSp Historical styles, elements, and dramatic analysis in lighting design as applied in contemporary practice. Instruction Mode: Lecture Grading Option: Letter

THTR 333 Stage Management I Units: 3 Terms Offered: Fa Basic skills, including assembly of prompt book, blocking notation, and organizational and communication procedures applied in theatre production. Instruction Mode: Lecture Grading Option: Letter

THTR 335 Scenic Construction Units: 3 Terms Offered: FaSp Technology, organization, and operation of the theatrical scene shop centered around the proper and safe use of tools, the choosing of materials, and methods of construction. Duplicates Credit in former THTR 131. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 336 Introduction to Sound Design Units: 3 Terms Offered: FaSp The art and techniques of theatrical sound design. The use of music and ambient sound in theatrical presentations. Design elements as metaphor. Instruction Mode: Lecture Grading Option: Letter

THTR 340a Intermediate Voice Units: 2 Terms Offered: FaSp Extended development of vocal freedom and range, acquisition of articulate speech. Enhancement of vocal power and resonance, techniques for performing with a dialect. Concurrent Enrollment: Concurrent enrollment: THTR 315a, THTR 315b, THTR 320a, THTR 320b. Instruction Mode: Lecture Grading Option: Letter

THTR 340b Intermediate Voice Units: 2 Terms Offered: FaSp Extended development of vocal freedom and range, acquisition of articulate speech. Enhancement of vocal power and resonance, techniques for performing with a dialect. Concurrent Enrollment: Concurrent enrollment: THTR 315a, THTR 315b, THTR 320a, THTR 320b. Instruction Mode: Lecture Grading Option: Letter

THTR 341x Voice for the Non-Theatre Major Units: 2 Terms Offered: Fa Designed for the non-theatre major focusing on the range, color, texture, and projection of the human voice in a variety of situations. Instruction Mode: Lecture THTR 131. Grading Option: Letter

THTR 342a Basic Voice Units: 2 Terms Offered: FaSp Examination of the individual voice centering on resonance, tone, flexibility, and support through dramatic selections for conveying meaning and emotion of character. Instruction Mode: Lecture Grading Option: Letter

THTR 342b Basic Voice Units: 2 Terms Offered: FaSp Continuation of THTR 342a. Instruction Mode: Lecture Grading Option: Letter

THTR 343 Musical Theatre Audition Units: 3 Terms Offered: FaSp Design to give students confidence and integrity for auditions in musical theatre. Choosing appropriate material and preparation for the audition and performance. Audition required. Instruction Mode: Lecture Grading Option: Letter

THTR 352a Intermediate Acting II Units: 2 Terms Offered: FaSp Building and sustaining character in drama. Prerequisite: THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 352b Intermediate Acting II Units: 2 Terms Offered: FaSp Continuation of world drama. Class performance and critique. Prerequisite: THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 354 Acting Shakespeare Units: 2 Terms Offered: FaSp Basic approach to the acting and analysis of the highly formalized texts of William Shakespeare. Prerequisite: THTR 101; Recommended Preparation: THTR 252b. Instruction Mode: Lecture Grading Option: Letter

THTR 355 Acting for Sitcoms Units: 2 Terms Offered: FaSpSm Provide an understanding as to how to work in half-hour television and streaming media. Prerequisite: THTR 252b Instruction Mode: Lecture Grading Option: Letter

THTR 356 Playwriting I Units: 4 Terms Offered: FaSp Essential elements of playwriting through weekly assignments, students’ initiative, occasional productions of scenes, and extensive classroom analysis. Instruction Mode: Lecture Grading Option: Letter

THTR 361 Voice for the Actor Units: 2 Terms Offered: FaSp Examination of the performing voice. Includes character, speech, and improvisation. Instruction Mode: Lecture Grading Option: Letter

THTR 365 Playwriting I Units: 4 Terms Offered: FaSp Continuation of the work begun in THTR 361. Prerequisite: THTR 365. Instruction Mode: Lecture Grading Option: Letter

THTR 380 Immersive Theatre Units: 2 Terms Offered: FaSp History, principles and practice of Immersive Theatre, one of the most important contemporary movements in the field. Prerequisite: THTR 101 and THTR 125 and THTR 152 and THTR 225 and THTR 252 and THTR 452. Instruction Mode: Lecture Grading Option: Letter

THTR 390 Special Problems Units: 1, 2, 3, 4 Terms Offered: FaSp Supervised, individual studies. No more than one registration permitted. Enrollment by petition only. Instruction Mode: Lecture Grading Option: Letter

THTR 395m Drama as Human Relations Units: 4 A focus on American ethnic and multicultural diversity from the perspectives of gender, race, and myth as revealed in plays, film, and other performance media. Instruction Mode: Lecture Grading Option: Letter

THTR 396 God, Drama and Entertainment Units: 4 Terms Offered: FaSp An exploration of power, sex, and love in relation to secular and spiritual values represented by contemporary theatre media. Instruction Mode: Lecture Grading Option: Letter

THTR 397 Theatre Practicum Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm Substantive participation in productions sponsored by the school and supervised by the faculty. Instruction Mode: Lecture Grading Option: Letter

THTR 400 Eco-Theatre: Art and Science in Contemporary Plays Units: 4 Terms Offered: FaSp Explores theatre artists’ responses to the growing environmental crisis and provides a model for the intersection of theatre and other disciplines. Prerequisite: THTR 225. Instruction Mode: Lecture Grading Option: Letter

THTR 401 Contemporary Theatre in a Changing World Units: 4 Terms Offered: FaSp Explores the bold approaches that characterize the best of contemporary theatre, as well as the artists who are groundbreakers in a changing world. Instruction Mode: Lecture Grading Option: Letter

THTR 402 Projection Design II Units: 3 Terms Offered: FaSp Projection design process, software, equipment, multimedia and digital technology concepts, and related documentation. Prerequisite: THTR 131b and THTR 132a and THTR 132b Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 403 The Performing Arts Units: 4 Terms Offered: FaSp An interdisciplinary inquiry into the aesthetics of the performing arts. Examines a dramatic classic and its adaptation into musical theatre, opera, ballet, and film. Duplicates Credit in the former THTR 303. Instruction Mode: Lecture Grading Option: Letter

THTR 404 Acting Theory Units: 4 Terms Offered: FaSp Examination of the theoretical foundations of acting as an art form through the reading of primary historical texts. Instruction Mode: Lecture Grading Option: Letter

THTR 405m Performing Identities Units: 4 Terms Offered: FaSp This course explores the live performance medium as a creative means of social redress and personal expression. Duplicates Credit in the former THTR 393m. Instruction Mode: Lecture Grading Option: Letter

THTR 406 Theatre on the Edge Units: 4 Terms Offered: FaSp An exploration of the art of theatre at the edge of possibilities. Instruction Mode: Lecture Grading Option: Letter

THTR 407 Drawing and Rendering for the Theatre Units: 2 Terms Offered: FaSp Drawing and rendering techniques appropriate for theatre designers. Drawing and drawing theory. Duplicates Credit in former FA 407ab. Instruction Mode: Lecture Grading Option: Letter

THTR 407b Drawing and Rendering for the Theatre
Units: 2 Terms Offered: FaSp Drawing and rendering techniques appropriate for theatre designers. Drawing and rendering. Duplicates Credit in former FA 407ab. Instruction Mode: Lecture Grading Option: Letter

**THTR 408a Dialects**
Units: 2 Terms Offered: FaSpSm The study of standard American stage dialect using the international phonetic alphabet. Instruction Mode: Lecture Grading Option: Letter

**THTR 408b Dialects**
Units: 2 Terms Offered: FaSpSm The study of accents and regional dialects. Prerequisite: THTR 408a. Instruction Mode: Lecture Grading Option: Letter

**THTR 409 Advanced Drafting: Vectorworks**
Units: 3 Terms Offered: FaSp An exploration of computer aided drafting (CAD) software, including drafting standards as achieved with Vectorworks and related software. Prerequisite: THTR 130 and THTR 132a and THTR 132b Recommended Preparation: LRI Designs Vectorworks Tutorials Instruction Mode: Lecture, Lab Grading Option: Letter

**THTR 410 The Digital Actor**
Units: 2 Terms Offered: FaSp Empowers the student to forge a career in acting by managing and utilizing the many facets of social and digital media. Prerequisite: THTR 101 and THTR 152 and THTR 252a and THTR 252b Instruction Mode: Lecture, Lab Grading Option: Letter

**THTR 411 The Business of Acting**
Units: 2 Terms Offered: FaSp Develops the student's ability to connect and combine managerial, economic and business-related skills with the craft and career of acting. Prerequisite: THTR 101 and THTR 152 and THTR 252a and THTR 252b Instruction Mode: Lecture Grading Option: Letter

**THTR 415 Physical Theatre II**
Units: 2 Terms Offered: FaSp Advanced Physical Acting focusing on principles of verbal/non-verbal improvisation and communication. Elements of textual analysis, including development of character mask and of the ensemble. Prerequisite: THTR 315b Duplicates Credit in former THTR 415b Instruction Mode: Lecture Grading Option: Letter

**THTR 417 Stage Combat**
Units: 2 Terms Offered: FaSp Introduction to safe and effective portrayals of violence for the stage. Training and practice of unarmed stage combat skills. Recommended Preparation: THTR 216. Instruction Mode: Lecture Grading Option: Letter

**THTR 419 Alexander Technique for Performers**
Units: 2 Terms Offered: FaSp Training and practice in the work of F.M. Alexander. A clear and systematic look into the underlying principles that govern human movement. Instruction Mode: Lecture Grading Option: Letter

**THTR 420a Senior Project**
Units: 2 Terms Offered: FaSp Contemporary material from plays and screenplays with an emphasis on individual challenges and problems. Prerequisite: THTR 320b Registration Restriction: Open only to BFA acting majors Instruction Mode: Lecture Grading Option: Letter

**THTR 420b Senior Project**
Units: 2 Terms Offered: FaSp Contemporary material from plays and screenplays with an emphasis on individual challenges and problems. Prerequisite: THTR 320b Registration Restriction: Open only to BFA acting majors Instruction Mode: Lecture Grading Option: Letter

**THTR 421 Public Speaking as Performance: A Course for Non-Actors**
Units: 2 Terms Offered: FaSpSm Public speaking approached as performance, using acting techniques to communicate with confidence, clarity and charisma. Instruction Mode: Lecture Grading Option: Letter

**THTR 422 Improv 3: Long Form Improvisation**
Units: 2 Terms Offered: FaSp Emphasis on Full Length Improvised Performances including the styles of various playwrights, genres of films, "the Harold," improvised plays and musicals. Building on the groundwork of THTR 122 Improvisation and Theatre Games and THTR 322 Improv 2, students apply the techniques to long form unscripted performances. Prerequisite: THTR 122 and THTR 322 Recommended Preparation: THTR 101 and THTR 483 and THTR 470 Instruction Mode: Lecture Grading Option: Letter

**THTR 423 Magic**
Units: 2 Terms Offered: FaSp The dramatic art of making an audience believe something is impossible. The history and performance of magic including illusion, mentalism, vanishing, coin and card tricks. Instruction Mode: Lecture Grading Option: Letter

**THTR 424 The Stage Artist as Entrepreneur**
Units: 2 Terms Offered: FaSp Explores all the tools required to forge a career as a stage artist, with an emphasis on producing new work. Prerequisite: THTR 101 and THTR 130 and THTR 152 and THTR 305a Instruction Mode: Lecture Grading Option: Letter

**THTR 425 Dynamics of Technical Theatre**
Units: 3 Terms Offered: FaSp Advanced technical direction topics involving the technical analysis and design of moving scenery and theatrical systems. Recommended Preparation: THTR 438 Instruction Mode: Lecture Grading Option: Letter

**THTR 426 Being on Screen: A Class for Presenters, Hosts, and Others**
Units: 2 Terms Offered: FaSp Exploration of on-camera skills required for presenters, hosts, athletes, public speakers, and others whose careers will include on-screen appearances. Registration Restriction: Not open to Theatre majors Instruction Mode: Lecture Grading Option: Letter

**THTR 427 Audition Technique for Film, Television and New Media**
Units: 2 Terms Offered: FaSp Develop on-camera auditioning skills for actors at a professional level in a variety of film, television, and new media venues. Prerequisite: THTR 101 and THTR 252b Instruction Mode: Lecture Grading Option: Letter

**THTR 430 Stage Management II**
Units: 3 Terms Offered: Sp Application of stage management procedures required in the professional theatre. Prerequisite: THTR 333. Instruction Mode: Lecture Grading Option: Letter

**THTR 431 Seminar in Theatre Design**
Units: 2 Terms Offered: FaSp Research into the application of contemporary topics relevant to theatrical design within the diverse cultural environment of the greater Los Angeles area. Instruction Mode: Lecture Grading Option: Letter

**THTR 432a Scene Design II**
Units: 3 Terms Offered: FaSp Continuation of THTR 330. Evolution of scene design through analysis of script, environmental factors, and styles. Prerequisite: THTR 330. Instruction Mode: Lecture Grading Option: Letter

**THTR 432b Scene Design II**
Units: 3 Terms Offered: FaSp Continuation of THTR 330. Evolution of scene design through analysis of script, environmental factors, and styles. Prerequisite: THTR 330. Instruction Mode: Lecture Grading Option: Letter

**THTR 433a Costume Design II**
Units: 3 Terms Offered: FaSp Evolution of costume design through analysis of script, environmental factors, and styles. Prerequisite: THTR 331. Instruction Mode: Lecture Grading Option: Letter

**THTR 433b Costume Design II**
Units: 3 Terms Offered: FaSp Evolution of costume design through analysis of script, environmental factors, and styles. Prerequisite: THTR 331. Instruction Mode: Lecture Grading Option: Letter

**THTR 434a Lighting Design II**
Units: 3 Terms Offered: FaSp Continuation of THTR 332. Evolution of lighting design through analysis of script, environmental factors, and styles. Prerequisite: THTR 332. Instruction Mode: Lecture Grading Option: Letter

**THTR 434b Lighting Design II**
Units: 3 Terms Offered: FaSp Continuation of THTR 332. Evolution of lighting design through analysis of script, environmental factors, and styles. Prerequisite: THTR 332. Instruction Mode: Lecture Grading Option: Letter

**THTR 435 Advanced Theatrical Drafting**
Units: 3 Drafting style and complex graphic communication. Emphasis on creating professional plates, developing an individual style and graphic problem solving. Instruction Mode: Lecture Grading Option: Letter

**THTR 436 Sound for Theatre**
Units: 3 Terms Offered: FaSp An introduction to electronic sound and sound reinforcement, including basic equipment,
Units: 4 Terms Offered: Sp Practical application of acting before a camera working on television scenes, both network and cable, directed by School of Cinematic Arts BFA student directors, supervised by both Cinematic Arts and Dramatic Arts Faculty. Prerequisite: THTR 320b or THTR 352a Registration Restriction: Open only to seniors Instruction Mode: Lecture Grading Option: Letter

THTR 452a Advanced Acting
Units: 4 Terms Offered: FaSp Intensive investigation and performance of audition techniques. Scene study skills developed, including cold readings, first readings, rehearsal procedure, performance process, camera/taping. Prerequisite: THTR 352b. Instruction Mode: Lecture Grading Option: Letter

THTR 452b Advanced Acting
Units: 4 Terms Offered: FaSp Intensive investigation and performance of audition techniques. Scene study skills developed, including cold readings, first readings, rehearsal procedure, performance process, camera/taping. Prerequisite: THTR 352b. Instruction Mode: Lecture Grading Option: Letter

THTR 453 Taking it on the Road and Beyond
Units: 4 Terms Offered: Sp Specific instruction to prepare Stage Managers for the rigorous and processes of Touring and Opera productions as well as other non-theatrical team-based collaborations in entertainment. Prerequisite: THTR 333 and THTR 430; Recommended Preparation: 2 units of THTR 397. Instruction Mode: Lecture Grading Option: Letter

THTR 454 Acting Shakespeare II
Units: 2 Terms Offered: FaSp A continuation and deeper investigation of the analysis and performance of the highly formalized texts of William Shakespeare. Prerequisite: THTR 354. Instruction Mode: Lecture Grading Option: Letter

THTR 456 Latinx Theatre
Units: 4 Terms Offered: FaSp Explores the range and genealogy of Latinx theatre and performance from its origins in the last fifty years to the present. Prerequisite: THTR 225. Instruction Mode: Lecture Grading Option: Letter

THTR 458 Visiting Artist Workshop
Units: 2 Max Units: 4.0 Terms Offered: FaSp A workshop course taught by the visiting artist holding the George Burns chair. Course topics will be determined by the instructor. Instruction Mode: Lecture Grading Option: Letter

THTR 459 Songwriting for the Musical Theatre
Units: 2 Terms Offered: FaSp Structure, character and intention in songwriting for the musical theatre. Writing for the voice and examination of how form follows content. Portfolio submission required. Instruction Mode: Lecture Grading Option: Letter

THTR 460 Asian and Asian American Theatre: Identity and Aesthetics
Units: 4 Terms Offered: FaSp Explores Asian and Asian American theatre, from the historical to the contemporary, with an aim toward understanding issues of aesthetics, acculturation, and identity. Prerequisite: THTR 225. Instruction Mode: Lecture Grading Option: Letter

THTR 464 An Actor’s Reel
Units: 2 Terms Offered: FaSp Using original and existing scripted material for film, television and new media students will act, film and edit scenes to form a professional performance reel. Prerequisite: THTR 252a or THTR 320b. Instruction Mode: Lecture Grading Option: Letter

THTR 465 Playwriting III
Units: 4 Analysis of a full-length play or its equivalent with continued production opportunity. Prerequisite: THTR 366. Instruction Mode: Lecture Grading Option: Letter

THTR 466 Playwriting IV
Units: 4 Continuation of the work begun in THTR 465. Prerequisite: THTR 465. Instruction Mode: Lecture Grading Option: Letter

THTR 467 Going Viral: Performance for New Media
Units: 2 Terms Offered: FaSp A writing and performance course (partially online) for new media. Students will learn to create original short form and web series content for new media including YouTube, Funny or Die, Periscope and other Internet platforms. Instruction Mode: Lecture Grading Option: Letter

THTR 468 Theatre in Education
Units: 4 Terms Offered: Sp Exploration of the theory and practice of theatre arts in the learning environment. Design and implement projects to support elementary and secondary education. Recommended Preparation: THTR 201, EDUC 200. Instruction Mode: Lecture Grading Option: Letter

THTR 469 Satire and Parody in Performance
Units: 2 Terms Offered: FaSp A survey of the history and implementation of American satire and parody in performance from Mark Twain to Jon Stewart and beyond. Building on the past, students will learn the structures and techniques for parodying and satirizing the contemporary world through writing and performance. Instruction Mode: Lecture Grading Option: Letter

THTR 470 Sketch Comedy for Theatre
Units: 2 A writing-performance workshop in which the students create, rehearse, and perform original sketch comedy material. Instruction Mode: Lecture Grading Option: Letter

THTR 471 Senior Showcase
Units: 2 Designed to provide the graduating students with an opportunity to select, prepare and perform for agents, directors and producers in film, television and theatre. Audition required. Instruction Mode: Lecture Grading Option: Letter

THTR 472 Professional Preparation for Actors
Units: 2 Terms Offered: FaSp Introduction to the skills, knowledge, and promotional
THTR 480a Performance for Camera
Units: 2 Terms Offered: FaSpMs Structured to address the dynamics of acting in relation to film/television. Refining the students' understanding of the similarities/differences between acting on stage/film. Duplicates Credit in former THTR 480. Instruction Mode: Lecture Grading Option: Letter

THTR 480b Performance for Camera
Units: 2 Terms Offered: FaSpSm Continued exploration of acting for film/television. Furthering the student's understanding of the similarities/differences between acting on stage/film. Instruction Mode: Lecture Grading Option: Letter

THTR 481 From The Border to Broadway
Units: 4 Terms Offered: Fa An investigation of the role that Latin/o/a plays and performances have played in creating and documenting a contemporary American experience of the theatre. Instruction Mode: Lecture Grading Option: Letter

THTR 482 Stand Up 2: Honing Your Act
Units: 2 Terms Offered: FaSp An in depth study of the performance of archetypal characters of comedy focused on the lineage from commedia to sit-com. Students will create original characters from archetypal forms and explore their relationships in class and contemporary comedic performance. Instruction Mode: Lecture Grading Option: Letter

THTR 483 Characters of Comedy
Units: 2 Terms Offered: FaSp An in depth study of the performance of archetypal characters of comedy focused on the lineage from commedia to sit-com. Students will create original characters from archetypal forms and explore their relationships in class and contemporary comedic performance. Instruction Mode: Lecture Grading Option: Letter

THTR 484 Acting in Television Commercials
Units: 2 Terms Offered: FaSpM An on-camera, workshop-style introduction to techniques, perspectives and theories unique to performing in television commercials. Recommended Preparation: a 300-level acting course. Instruction Mode: Lecture Grading Option: Letter

THTR 485 Advanced Solo Performance
Units: 4 Terms Offered: Sp An advanced writing and performance workshop. Students will write and rehearse an extended personal monologue to be presented at the end of the semester. Prerequisite: THTR 479. Instruction Mode: Lecture Grading Option: Letter

THTR 486 Creating Characters
Units: 4 A writing workshop devoted to the creation of living, breathing characters, exploring a range of techniques designed to develop authenticity. Instruction Mode: Lecture Grading Option: Letter

THTR 487 Promotion for the Performing Arts
Units: 4 Terms Offered: Fa Introduction and overview of all aspects of marketing the arts, including both non-profit and commercial organizations. Instruction Mode: Lecture Grading Option: Letter

THTR 488m Theatre in the Community
Units: 2 Terms Offered: FaSp Structured to address the dynamics of acting in relation to film/television. Refining the students' understanding of the similarities/differences between acting on stage/film. Duplicates Credit in former THTR 480. Instruction Mode: Lecture Grading Option: Letter

THTR 490 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8 Max Units: 12.0 Terms Offered: FaSpM Individual research and readings. Not available for graduate credit. Instruction Mode: Lecture Grading Option: Letter

THTR 491 Theatre Organization and Administration
Units: 4 Terms Offered: Fa Budgets, contracts, box-office procedures, public relations; personnel and executive policies of the school, community, and professional theatre. Instruction Mode: Lecture Grading Option: Letter

THTR 492 Producing Theatre
Units: 4 Terms Offered: Sp Analysis of all procedures involved in producing theatre (commercial or non-profit) including legal and business guidelines and contracts. Prerequisite: THTR 491. Instruction Mode: Lecture Grading Option: Letter

THTR 493a Periods and Styles
Units: 2 Terms Offered: FaSp A survey of the influence of historical and cultural events on the evaluation of theatrical styles. Classical to Jacobean. Instruction Mode: Lecture Grading Option: Letter

THTR 493b Periods and Styles
Units: 2 Terms Offered: FaSpM A survey of the influence of historical and cultural events on the evaluation of theatrical styles. Restoration to 20th century. Instruction Mode: Lecture Grading Option: Letter

THTR 494 Raising Money for the Arts
Units: 4 Terms Offered: Sp Overview of fundraising techniques for non-profit theatre including grantsmanship, board development, direct mail soliciting, and money raising activities and events. Instruction Mode: Lecture Grading Option: Letter

THTR 495 Experimental Theatre Workshop I
Units: 4 Max Units: 8.0 Terms Offered: FaSpM Guidance and direction in the production of new and experimental plays for a public audience. Instruction Mode: Lab Grading Option: Letter

THTR 496 Experimental Theatre Workshop II
Units: 4 Max Units: 8.0 Terms Offered: FaSp Continuation of THTR 495. Enrollment by audition only. Instruction Mode: Lab Grading Option: Letter

THTR 497 Advanced Theatre Practicum
Units: 2 Max Units: 4.0 Terms Offered: FaSpM Intensive participation in a production sponsored by the school and supervised by
the faculty, to increase and develop artistic growth. Prerequisite: THTR 397. Instruction Mode: Lecture Grading Option: Letter

THTR 498 Production Analysis and Performance
Units: 4 Investigation and analysis of the work of a major dramatist and his milieu; production of one of his plays. Instruction Mode: Lecture Grading Option: Letter

THTR 499 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Terms Offered: FaSp Studies in selected areas of theatre art. Intensive practice in role and script interpretation and its psychological relationship to the audience. Instruction Mode: Lecture Grading Option: Letter

THTR 500 Dramaturgical Perspectives and Approaches
Units: 2 Max Units: 10.0 Investigates art and craft of dramatic writing initiated/completed in other MFA in Dramatic Writing courses or that was submitted as a sample for program entry. Instruction Mode: Lecture Grading Option: Letter

THTR 501 Poetry and Prose into Drama
Units: 4 Terms Offered: Sp Plays for the stage shall be written using public-domain poetry and prose as inspiration and source material, complemented with exploring poetry, prose, and varied dramas as context for the student writer. Students should be well-versed in literature, and have written in one or more genres. Recommended Preparation: reading poetry and novels. Instruction Mode: Lecture Grading Option: Letter Crosslisted as ENGL-563

THTR 504 The Art of Collaboration and Ensemble
Units: 2 Terms Offered: FaSp An investigation of the role that collaboration plays in making ensemble work. MFA Actors will collaborate with MFA Dramatic Writers in creating an ensemble company. Instruction Mode: Lecture Grading Option: Letter

THTR 505 Staging Community-based Theatre
Units: 3 Terms Offered: Sp Explores the theory and practice of staging community-based popular theatre, including Theatre of the Oppressed, street theatre, witness theatre, agit-prop and festival theatre events. Instruction Mode: Lecture Grading Option: Letter

THTR 506 Advanced Creating Characters
Units: 2 An advanced writing workshop that focuses on continuing development of the crafting of character, centering on depth, breadth, dimensionality, and authenticity. Instruction Mode: Lecture Grading Option: Letter

THTR 510 Writing the Short Drama
Units: 2 Terms Offered: FaSp The art and craft of dramatic writing. In particular exploring its dimensions with regard to character and story development in the ten minute play. Instruction Mode: Lecture Grading Option: Letter

THTR 512 Studies in Dramatic Analysis
Units: 2 Terms Offered: FaSp A skill-based workshop that uses a historical survey of theatre texts to develop critical reading skills along two different tracks: Acting and Dramatic Writing. Instruction Mode: Lecture Grading Option: Letter

THTR 513 Seminar in History of the Theatre
Units: 4 Bibliography, historical evolution, patterns, and techniques of the theatre from primitive to modern times. Instruction Mode: Lecture Grading Option: Letter

THTR 515a Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 515b Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 515c Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 515d Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 515e Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 480, THTR 540c, THTR 555, THTR 575. Instruction Mode: Lecture Grading Option: Letter

THTR 515f Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 500a, THTR 540e, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 515g Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 500a, THTR 540e, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 516 Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 500a, THTR 540e, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 517 Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 500a, THTR 540e, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 518 Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 500a, THTR 540e, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 519 Advanced Movement
Units: 2 Terms Offered: FaSp Advanced exercises in movement for the use of the body in relation to the stage. Corequisite: THTR 500a, THTR 540e, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 520a Advanced Acting
Units: 4 Terms Offered: FaSp Advanced training in acting skills; emphasis upon individual needs. Instruction Mode: Lecture Grading Option: Letter

THTR 520b Advanced Acting
Units: 4 Terms Offered: FaSp Advanced training in acting skills; emphasis upon individual needs. Instruction Mode: Lecture, Lab Grading Option: Letter

THTR 520c Advanced Acting
Units: 2 Terms Offered: FaSp Advanced training in acting skills; emphasis upon individual needs. Corequisite: THTR 515f, THTR 540f, THTR 571, THTR 597. Instruction Mode: Lecture Grading Option: Letter

THTR 521 Engaging Community Narratives
Units: 3 Terms Offered: Fa Provides training for actor/artist who partner with non-actors in community-based theatre projects. Instruction Mode: Lecture Grading Option: Letter

THTR 525 Seminar in Contemporary Theatre
Units: 4 Terms Offered: SpSm Analysis of trends, problems, and the work of major figures in the contemporary theatre. Instruction Mode: Lecture Grading Option: Letter

THTR 526 Seminar in Dramatic Literature
Units: 4 Study and analysis of world drama best representing changes in philosophies, aesthetics, and tastes of audiences. Instruction Mode: Lecture Grading Option: Letter

THTR 527 Writing the Pacific Rim: Global and Western Dramatic Writing
Units: 4 Writing dramatically, utilizing the Pacific Rim and the Western United States as cultural sites of knowledge and as inspirations. Instruction Mode: Lecture Grading Option: Letter

THTR 528 Seminar in Dramatic Analysis
Units: 4 Terms Offered: Fa Drama as a living art; reading, analysis, and discussion of plays which best illustrate principles of effective playwriting. Instruction Mode: Lecture Grading Option: Letter

THTR 529a Textual Studies for Performance
Units: 4 Terms Offered: Fa Close textual reading of dramatic texts as a fundamental tool for rehearsal and performance. Instruction Mode: Lecture Grading Option: Letter

THTR 529b Textual Studies for Performance
Units: 4 Terms Offered: Sp Close textual reading of dramatic texts as a fundamental tool for rehearsal and performance. Instruction Mode: Lecture Grading Option: Letter

THTR 530 Seminar in Dramatic Criticism
Units: 4 Dramatic criticism from the classical Greek period to the modern. Instruction Mode: Lecture Grading Option: Letter

THTR 533 Seminar in the American Theatre
Units: 4, 2 years Terms Offered: SpSm History and literature of the American theatre from its beginning to the present day. Instruction Mode: Lecture Grading Option: Letter

THTR 535 Seminar in Aesthetics of the Theatre
Units: 4 Aesthetic theories which apply to the art of the theatre; emphasis upon acting and play direction. Instruction Mode: Lecture Grading Option: Letter

THTR 540a Advanced Voice Diction
Units: 2 Terms Offered: FaSp Advanced individual vocal development and application to a variety of professional and performance...
circumstances. Instruction Mode: Lecture Grading Option: Letter

**THTR 540b Advanced Voice Diction**
Units: 2 Terms Offered: FaSp Advanced individual vocal development and application to a variety of professional and performance circumstances. Instruction Mode: Lecture Grading Option: Letter

**THTR 540c Advanced Voice Diction**
Units: 2 Terms Offered: FaSp Advanced individual vocal development and application to a variety of professional and performance circumstances. Instruction Mode: Lecture Grading Option: Letter

**THTR 540d Advanced Voice Diction**
Units: 2 Terms Offered: FaSp Advanced individual vocal development and application to a variety of professional and performance circumstances. Instruction Mode: Lecture Grading Option: Letter

**THTR 540e Advanced Voice Diction**
Units: 2 Terms Offered: FaSp Advanced individual vocal development and application to a variety of professional and performance circumstances. Corequisite: THTR 515c, THTR 577, THTR 480, THTR 555. Instruction Mode: Lecture Grading Option: Letter

**THTR 541 Diction and Dialects**
Units: 2 Terms Offered: Fa Fundamentals of speech, diction, dialects and accents, including work in the International Phonetic Alphabet. Instruction Mode: Lecture Grading Option: Letter

**THTR 542 Singing for Actors**
Units: 2 An introduction to the various facets of singing in theatrical performance. Instruction Mode: Lecture Grading Option: Letter

**THTR 543 Embodied Poetics**
Units: 2 Terms Offered: Fa Exploring the relationship between vocal and physical expression and the spontaneity of human impulse within the community-based context. Instruction Mode: Lecture Grading Option: Letter

**THTR 544 Visiting Artists Master Seminar**
Units: 4 Terms Offered: Sp A workshop taught by a master visiting artist, concentrating on his/her specific expertise in relation to dramatic writing. Course topics determined by the instructor. Recommended Preparation: reading or viewing the work of the visiting master artist. Instruction Mode: Lecture Grading Option: Letter

**THTR 550a Seminar in Scene Design**
Units: 3 Terms Offered: FaSp Theory and practice of scene design; an intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

**THTR 550b Seminar in Scene Design**
Units: 3 Terms Offered: FaSp Theory and practice of scene design; an intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

**THTR 552a Seminar in Costume Design**
Units: 3 Terms Offered: FaSp Theory and practice of costume design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

**THTR 552b Seminar in Costume Design**
Units: 3 Terms Offered: FaSp Theory and practice of costume design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

**THTR 553a Seminar in Lighting Design**
Units: 3 Terms Offered: FaSp Theory and practice of lighting design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

**THTR 553b Seminar in Lighting Design**
Units: 3 Terms Offered: FaSp Theory and practice of lighting design; intensive investigation into the relationship of a script to the visual statement. Instruction Mode: Lecture Grading Option: Letter

**THTR 554 Visual and Spatial Relationship**
Units: 2 Terms Offered: FaSp The illustration and understanding of how space can be used to add emotional undertone, contextual information and strong staging ideas to a production. Instruction Mode: Lecture Grading Option: Letter

**THTR 555 Directing Fundamentals**
Units: 2 To provide the basic foundations for the conceptualization and execution of works for the stage. Instruction Mode: Lecture Grading Option: Letter

**THTR 556 Directing**
Units: 2 A seminar/workshop in developing and testing directorial skills: text, design, acting, producing, and communication with an audience. Prerequisite: THTR 555. Instruction Mode: Lecture Grading Option: Letter

**THTR 557 Directing**
Units: 2 A seminar/workshop in developing and testing directorial skills: text, design, acting, producing, and communication with an audience. Prerequisite: THTR 556. Instruction Mode: Lecture Grading Option: Letter

**THTR 558 Design for Directors**
Units: 2 Basic elements of scenic, costume, props, lighting, sound, and make-up design, as they apply to the art of directing. Prerequisite: THTR 555.

**THTR 559 Design for Directors**
Units: 2 Basic elements of scenic, costume, props, lighting, sound, and make-up design, as they apply to the art of directing. Prerequisite: THTR 558a.

**THTR 560 Dramatic Writing Studio**
Units: 4 Max Units: 20.0 Investigates gestalt of the student dramatic writer's professional development from the empty page and writing fundamentals to the first-draft script, business affairs, and dramaturgical advancement. Instruction Mode: Lecture Grading Option: Letter

**THTR 567a Studies in Playwriting**
Units: 4 Extensive examination of playwriting, dramaturgy, development, and readings of work toward the completion of professionally promising plays. Instruction Mode: Lecture Grading Option: Letter

**THTR 567b Studies in Playwriting**
Units: 4 Continued extensive examination of playwriting, dramaturgy, development, and readings of work toward the completion of professionally promising plays. Instruction Mode: Lecture Grading Option: Letter

**THTR 568 Popular Theatre for Education and Development**
Units: 3 Terms Offered: Sp Theory and practice of Theatre in Education and Theatre for Development as resources for conscientization and liberation of communities at the margins of power. Instruction Mode: Lecture Grading Option: Letter

**THTR 570 Acting on Camera: The Collaborative Process**
Units: 2 Study of acting methods and techniques for the camera, focusing on collaboration with directors in the realization of screenplays. Instruction Mode: Lecture Grading Option: Letter

**THTR 571 Professional Seminar**
Units: 2 Terms Offered: Sp Understanding of the world of the professional actor. Instruction Mode: Lecture Grading Option: Letter

**THTR 572 Global Dramatic Writing**
Units: 4 Terms Offered: FaSp "Tour" of non-European and non-European American cultures with regard to their dramatic subject matter and traditions. Instruction Mode: Lecture Grading Option: Letter

**THTR 574 Dramatic Writing Across Media for the Playwright**
Units: 4 Terms Offered: FaSp Intensive overview of career paths for playwrights in a wide array of media as they exist now, and as new opportunities arise. Instruction Mode: Lecture Grading Option: Letter

**THTR 575 Creative Production Projects**
Units: 6 Advanced creative projects for production with emphasis on theatre as a synthesis of the performing arts. Instruction Mode: Lecture Grading Option: Letter

**THTR 576 Creative Process for Dramatic Writers**
Units: 4 Terms Offered: Sp An advanced writing workshop that focuses on critical and deep development of plays that are the centerpieces of student's thesis portfolios. Instruction Mode: Lecture Grading Option: Letter

**THTR 577 Theatre and Therapy for Cultural Fieldwork**
Units: 3 Terms Offered: Sp Explores the theory and practice of theatre and therapy in the cultural fieldwork and community development settings. Recommended
Preparation: THTR 587. Instruction Mode: Lecture Grading Option: Letter

THTR 578 Theatre of the Oppressed: Theory, Games, and Techniques
Units: 4 Terms Offered: FaSpSm Basic theoretical foundations of game playing for populations at the margins of power. Recommended Preparation: THTR 521, THTR 544. Instruction Mode: Lecture Grading Option: Letter

THTR 579 Writing Culture
Units: 3 Terms Offered: FaSpSm Borrowings from anthropology, popular/community-based theatre, cultural studies, and literature to provide an array of methodologies and approaches to artistic collaboration across cultures and difference. Instruction Mode: Lecture Grading Option: Letter

THTR 586a Applied Theatre Arts: Los Angeles Residency
Units: 2 Terms Offered: FaSp Academic and group process context for students’ work in their chosen local internships to help students engage with communities as cultural fieldworkers. Instruction Mode: Lecture Grading Option: Letter

THTR 586b Applied Theatre Arts: Los Angeles Residency
Units: 2 Terms Offered: FaSp Supervisory, logistical, and theoretical container for THTR 586a. Engages students in their curricular experiences in the cultural field in partnership with their community-based organizations. Instruction Mode: Lecture Grading Option: Letter

THTR 587 Liberation Arts and Community Engagement — Theory
Units: 4 Terms Offered: Fa Historical foundations of liberatory movements using expressive arts towards community-based goals of reciprocal and collaborative empowerment, civil rights, psychological or political freedom and justice. Instruction Mode: Lecture Grading Option: Letter

THTR 588 Liberation Arts and Community Engagement — Praxis
Units: 3 Terms Offered: Sp Theory and practice of developing liberatory and Theatre of the Oppressed events, from first community contact to staged public event. Prerequisite: THTR 587. Instruction Mode: Lecture Grading Option: Letter

THTR 590 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Terms Offered: FaSpSm Research leading to the master’s degree. Maximum units which may be applied to the degree to be determined by the department. Instruction Mode: Lecture Grading Option: Credit/No Credit

THTR 591 Seminar in Producing Theatre
Units: 4 A seminar in the theories and approaches to artistic collaboration across cultures and difference. Instruction Mode: Lecture Grading Option: Letter

THTR 592a Participatory Action Research for Community-based Theatre
Units: 2 Terms Offered: FaSp Examination of theories and practices of Participatory Action Research (PAR) to better understand its various forms in community-based contexts using theatre as the research mode.

THTR 592b Participatory Action Research for Community-based Theatre
Units: 2 Terms Offered: Sm Implements the theories and practices of THTR 592a towards the creation of a summative research paper on the local and international applied theatre arts experience. Instruction Mode: Lecture Grading Option: Letter

THTR 593 MFA Project
Units: 2 Max Units: 4.0 Terms Offered: FaSpSm Credit awarded upon completion of project. Instruction Mode: Lecture Grading Option: Credit/No Credit

THTR 594a Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

THTR 594b Master’s Thesis
Units: 2 Terms Offered: FaSpSm Credit on acceptance of thesis. Instruction Mode: Lecture Grading Option: In-progress to Credit/No Credit

THTR 595a Graduate Playwrights’ Workshop
Units: 4 Development of thesis plays utilizing faculty dramaturgical support and involvement of student actors/directors. Includes readings with/without audiences. Simulates professional development process. Instruction Mode: Lecture Grading Option: Letter

THTR 595b Graduate Playwrights’ Workshop
Units: 4 Continued development of thesis plays in a simulated professional development workshop process utilizing dramaturgy and involvement of student actors/directors. Culminates in staged readings. Instruction Mode: Lecture Grading Option: Letter

THTR 596 Thesis Development and Attainment
Units: 2 Max Units: 10.0 Designed to guide the MFADW student toward refinement of thesis including vision, development, and execution. Instruction Mode: Lecture Grading Option: Letter

THTR 597 Theatre Practicum
Units: 1, 2, 3, 4 Max Units: 12.0 Terms Offered: FaSpSm Preparation, rehearsal, and performance of dramatic works in main stage repertory. Instruction Mode: Lecture Grading Option: Letter

THTR 598 Applied Theatre Arts: International Externship
Units: 2 Supervisory, logistical and theoretical container for students exploring cultural fieldwork in international settings. Prerequisite: THTR 588. Instruction Mode: Lecture Grading Option: Letter

THTR 599 Special Topics
Units: 2, 3, 4 Max Units: 8.0 Studies in selected areas of theatre art. Instruction Mode: Lecture Grading Option: Letter

Translational Genomics

TRGN 510 Basic Foundations in Translational Biomedical Informatics
Units: 4 Terms Offered: FaSp Translational biomedical informatics analysis of next-generation sequencing genomic data, fundamentals, foundations, and concepts for applied analysis, human ontologies, application molecular tools, basic computing.

THTR 514 Introduction to Human Genomic Analysis Methods
Units: 4 Terms Offered: FaSp Translational next generation sequencing genomics microarrays, RNA-seq, exome sequencing, annotation, transcriptome, ontology, pipelines, variants, expression, methylation.

THTR 515 Advanced Human Genomic Analysis Methods
Units: 4 Terms Offered: FaSp Molecular biotechnology, genomics, next-generation sequencing, epigenomics, drug discovery, biomarkers, microrarrays, analytical validation, pipelines, molecular analysis. Prerequisite: TRGN 510 and TRGN 514

THTR 516 Translational Genomics, Applied Databases and Datastructures
Units: 4 Terms Offered: FaSp Genomics, bioinformatics resources, NCBI, portals, databases, datastructures, NoSQL, SQL, big data. Prerequisite: TRGN 510 and TRGN 514

TRGN 520 Translational Biomedical Informatics Capstone Portfolio
Units: 4 Terms Offered: FaSpSm Portfolio, translational biomedical informatics, bioinformatics, genomics, application development, web-based application. Registration Restriction: Open only to master students in Translational Biomedical Informatics Program Instruction Mode: Lecture Grading Option: Credit/No Credit

TRGN 524 Applications of Genomic Technology in Biomedical Research I
Units: 4 Terms Offered: FaSp Molecular biotechnology, genomics, next-generation sequencing, epigenomics, drug discovery, biomarkers, microrarrays, commercialization, microarray analysis, expression, proteomics.

THTR 525 Applications of Genomic Technology in Biomedical Research II
Units: 4 Terms Offered: FaSp Molecular biotechnology, genomics, next-generation sequencing, epigenomics, drug discovery, biomarkers, microrarrays, analytical validation, pipelines, molecular analysis, cloning, stem cells. Prerequisite: TRGN 524

TRGN 536 Biotechnology Primer
Units: 4 Terms Offered: FaSp Examination of classical and novel techniques used to explore and manipulate gene function and implications for the use of biotechnology in areas of global need. Recommended preparation: two semesters of introductory biology; two semesters of molecular biology and genetics. Recommended Preparation: Two semesters of introductory biology; two semesters of molecular biology and genetics. Duplicates Credit in former MDS 336 Instruction Mode: Lecture Grading Option: Letter

TRGN 537 Pathway and Target Discovery
Units: 4 Terms Offered: FaSp Exploration of the process of discovering and developing novel therapeutic treatments. Recommended Preparation: Two semesters of Introductory Biology plus two semesters of Molecular Biology, Genetics, or Cell Bio Duplicates Credit in former MDS 537 Instruction Mode: Lecture Grading Option: Letter

TRGN 538 Seminar in Translational Biotechnology
Units: 2 Terms Offered: FaSp Series of seminars that provide updated views on various sub-specialties in biotechnology. Recommended Preparation: Three semesters of Introductory Biology plus two semesters of Molecular Biology, Genetics, or Cell Bio Duplicates Credit in former MDS 538 Instruction Mode: Lecture Grading Option: Letter

TRGN 539 Translational Biotechnology Practicum
Units: 2, 3, 4 Max Units: 04 Terms Offered: FaSpSm Experimental training based on a project in a biomedical, biotechnology or pharmaceutical setting. Recommended Preparation: Students must have completed one core and one elective course of the program prior to enrollment Duplicates Credit in former MDS 539 Instruction Mode: Lecture Grading Option: Credit/No Credit

TRGN 540 Translational Biotechnology Capstone Preparation
Units: 1 Terms Offered: FaSpSm Preparation for capstone defense course. Duplicates Credit in former MDS 540 Instruction Mode: Lecture Grading Option: Credit/No Credit

TRGN 541 Translational Biotechnology Capstone Defense
Units: 2 Terms Offered: FaSpSm Finalization and defense of capstone project. Prerequisite: TRGN 539 and TRGN 540 Duplicates Credit in former MDS 541 Instruction Mode: Lecture Grading Option: Credit/No Credit

TRGN 542 Biotechnology-based Therapeutics
Units: 2 Terms Offered: FaSp Covers advanced biotechnology principles and applications. Duplicates Credit in former MDS 542 Instruction Mode: Lecture Grading Option: Letter

TRGN 543 Biotechnology Entrepreneurship and Commercialization I
Units: 2 Terms Offered: FaSp Global biotechnology industry, idea generation, business plan formulation, intellectual property protection, funding, personnel management including board composition, regulatory body interaction, company exit. Instruction Mode: Lecture Grading Option: Letter

TRGN 544 Biotechnology Entrepreneurship and Commercialization II
Units: 2 Terms Offered: FaSp Advanced discussion: global biotechnology industry, idea generation, business plan formulation, intellectual property protection, funding, personnel management including board composition, regulatory body interaction, company exit. Prerequisite: TRGN 543 Instruction Mode: Lecture Grading Option: Letter

TRGN 545 Exploring Chemical and Biological Therapeutic Modalities
Units: 2 Terms Offered: FaSp Sm Turning molecules into drugs and cells into therapeutics. Emphasizing selection, development, and optimization of appropriate modalities to target specific key defects in diseases. Prerequisite: TRGN 537 Instruction Mode: Lecture Grading Option: Letter

TRGN 550 Directed Research
Units: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12 Max Units: 12 Terms Offered: FaSpSm Research leading to the master's degree. Maximum units which may be applied to the degree to be determined by the department. Registration Restriction: Open only to students enrolled in MS, Translational Biotechnology Instruction Mode: Lecture Grading Option: Credit/No Credit

University of Southern California

USC 101 Honors Research Apprenticeship
Units: 1 Max Units: 2.0 Students work directly with faculty on research projects, gain experience in the process of research and thereby contribute to new scholarship. Instruction Mode: Lecture Grading Option: Credit/No Credit

USC 250 The Academic Culture
Units: 2 Terms Offered: FaSp Study the meaning of culture in society, experience the culture of learning on campus, and examine the relationship between the two. Topics will vary. Instruction Mode: Lecture Grading Option: Credit/No Credit

Visual Studies

VISS 501 Introduction to Visual Studies: Methods and Debates
Units: 4 Terms Offered: FaA critical introduction to the field of visual studies focusing on interdisciplinary approaches to images, objects, and visual technologies as well as key texts and interpretive debates. Registration Restriction: Open only to doctoral students Duplicates Credit in MDA 501 Instruction Mode: Lecture Grading Option: Letter

VISS 599 Special Topics
Units: 2, 3, 4 Max Units: 8 Terms Offered: Sp Focuses on a comparative investigation of ways in which people in the past used images to make history by recording current events and subsequently use them to create narratives about the past. Instruction Mode: Lecture Grading Option: Letter

WRIT 095x Writing Tutorial
Units: 1 Terms Offered: FaSpSm Individualized instruction in writing to support instruction in WRIT 130 or WRIT 150. Concurrent Enrollment: Concurrent enrollment: WRIT 130 or WRIT 150. Instruction Mode: Lecture Grading Option: Credit/No Credit

WRIT 120 Introduction to College Writing
Units: 4 Terms Offered: FaSpSm Intensive instruction and practice in the writing process. Focuses upon the formal conventions and conceptual expectations of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Limited to and required of students who score below specified level on the USC Writing Examination. Instruction Mode: Lecture Grading Option: Credit/No Credit

WRIT 121 Introduction to College Writing in a Second Language
Units: 4 Terms Offered: FaSp Intensive instruction and practice in the writing process for non-native speakers of English. Focuses on the formal and conceptual conventions of college writing, with emphasis upon the grammatical, stylistic, and rhetorical techniques required in successful writing. Limited to and required of students who score below specified level on the USC Writing Examination. Instruction Mode: Lecture Grading Option: Credit/No Credit

WRIT 130 Analytical Writing
Units: 4 Terms Offered: Sp Focuses on analytical and argumentative writing skills requisite to academic and professional writing. Emphasizes logical analysis of texts and other data, effective use of evidence, ethical argumentation, and stylistic and grammatical fluency. Enrollment limited to specified groups of students. Students must achieve a satisfactory score on the verbal portion of the SAT, the USC Writing Examination, or credit for WRIT 120 or WRIT 121 before enrolling in WRIT 130. Instruction Mode: Lecture Grading Option: Letter

WRIT 133 College Writing for International Students
Units: 4 College writing for International Students, emphasizing the expectations of academic discourse in US higher education while drawing upon a context informed by cross-cultural perspectives. Recommended Preparation: International Academy course work. Instruction Mode: Lecture Grading Option: Letter

WRIT 150 Writing and Critical Reasoning--Thematic Approaches
Units: 4 Terms Offered: FaSpSm Academic reasoning, emphasizing analysis and argumentation, rhetorical judgment, critical reasoning, creative insight, the careful use of evidence, ethical perspectives, logical organization, stylistic and grammatical fluency. Duplicates Credit in WRIT 130 and
WRIT 340 Advanced Writing
Units: 3, 4 Terms Offered: FaSpSm
Instruction in writing for various audiences on topics related to a student's professional or disciplinary interests, with some emphasis on issues of broad public concern. Prerequisite: WRIT 130 or WRIT 150. Instruction Mode: Lecture Grading Option: Letter

WRIT 440 Writing in Practical Contexts
Units: 4 Terms Offered: FaSpSm Advanced training in analytical and argumentative writing for particular purposes, in professional and practical contexts. Prerequisite: CORE 112 or WRIT 340. Instruction Mode: Lecture Grading Option: Letter

WRIT 499 Special Topics
Units: 1, 2, 4 Max Units: 08 Selected topics of current interest. Instruction Mode: Lecture Grading Option: Letter

WRIT 501a Theory and Practice in Teaching Expository Writing
Units: 1 Terms Offered: Fa Pedagogical application of rhetorical and linguistic theory to teaching university-level expository writing. Accompanies supervised teaching. Limited to assistant lecturers and teaching assistants. Instruction Mode: Lecture Grading Option: Credit/No Credit

WRIT 501b Theory and Practice in Teaching Expository Writing
Units: 1 Terms Offered: Fa Pedagogical application of rhetorical and linguistic theory to teaching university-level expository writing. Accompanies supervised teaching. Limited to assistant lecturers and teaching assistants. Instruction Mode: Lecture Grading Option: Credit/No Credit

About the Catalogue
The USC Catalogue is the document of authority for all students. The program requirements listed in the USC Catalogue supersede any information that may be contained in any bulletin of any school or department. The university reserves the right to change its policies, rules, regulations, requirements for graduation, course offerings and any other contents of this catalogue at any time.

University Park Campus
Los Angeles, California 90089
(213) 740-2311

Contact Us
The USC Catalogue is published online annually in June. There is no longer a print version though a print-friendly capability is offered. Once the Catalogue is published, changes can only be made to correct inaccuracies. From October to May, the Catalogue Office is in production on the next year's Catalogue, known as the "Preview" or "Production" Catalogue. The Catalogue Office works in conjunction with the Curriculum Coordination Office to update curricular information in the upcoming Catalogue during the production months. For information, contact the Catalogue Office at regpub@usc.edu.

Credits
The USC Catalogue is published by the Office of the Registrar, Catalogue Office, (213) 740-1207. The catalogue is published online in June 2017 as the document of authority for the following academic year.
